

Damages Light In Auto Crash

An accident causing \$40 worth of damages occurred Monday afternoon on U. S. Highway 69. Involved in the accident were Wayne Neal Ponder, driver of a 1953 Studebaker, and Betty Wilson driving a 1955 Oldsmobile. The accident occurred when the Oldsmobile, turning left off the highway, was run into the left rear fender and bumper by the Studebaker.

ed with driving with no license and allowing too close.

Although the Indians used corn in most forms before the coming of the white men, they did not produce corn flakes, says the National Geographic Society.

The United States acquired the Louisiana Purchase in 1803 from France at a price estimated at four cents an acre including initial cash payment, payment of claims and interest.

Plans For Junior Softball League Made By Jaycees

Hereford Jaycees made plans for the Junior Softball League at their regular meeting Tuesday. In explaining the program, Jaycee President George Hale said it would be for boys between the ages of nine through 15 and is planned to take up where the present school physical education program stops when school is out. "It is our aim to have as many boys participate as are interested," Hale said, "and if necessary we will have more teams than the six now planned. We are asking that parents aid in getting as many boys to participate as possible. The only equipment they will need will be some kind of shoes, preferably tennis shoes and bare feet allowed, and gloves are strictly up to the boys and their parents. Jerseys, caps and all other equipment will be furnished to the boys who participate in the program." Hale explained that Hereford merchants in connection with the Deaf Smith County Chamber of Commerce and the Jaycees, will sponsor the League. He said parents of boys who will participate must fill in a permission form for their boys before May 20.

Auxiliaries Given Hobo Supper By Baptist W.M.U.

The W.M.U. of the Avenue Baptist Church gave the Girls' Auxiliaries a Progressive Supper, hobo style, Friday evening, May 13 to observe Girls' Auxiliary Focus Week. The appetizer was served at the home of Mrs. Joe Wall. They next went to the home of Mrs. R. G. Price where they were served the main course. Mrs. George Sumner served them their dessert.

The Junior Girls' Auxiliary counselor, Mrs. Joe Wall, her assistant, Miss Jean Thomas, and the Intermediate counselor, Mrs. Hubert Monroe, sponsored the program and Mrs. Bob Harris sponsored recreation. Members and their guests attending were: Eula Holmes, Leah Stocks, Anna Schroeder-May and Jo Ann Mayfield, Lois and Emma Gifford, LaJean Presley, Patsy Queen and Ross Lee Hutche.

Mothers attending the final program were: Mesdames D. R. Grimes, Carl Schroeder, Reginald Stocks, A. J. Self, George Sumner, R. G. Price, Joe Wall, Bob Harris and the counselors.

Eclipses of the sun are used by map makers to measure distances on the earth's surface with extreme accuracy says the National Geographic Society.

Wiener Roast Is Given For Cubs

A wiener roast was held Monday afternoon at the home of Mrs. Paul Hoff for the Cub Scouts of Den One and Five. Mrs. Carl Stapp one of the ten mothers assisted her.

The party took the place of their regular meeting when was their last before the summer vacation. Several of the mothers present were: Mrs. J. R. Baird, Mrs. F. H.

BETTY BUSE

RICHARD HAGAR

Russian.....

(Continued from Page 1) Formby also compared life in West Germany, where the people are comfortable and well-fed, according to European standards,

with those of East Germany, where they are ill-fed, have barely enough clothes and manage to exist. "You have only to visit these two zones, and you can observe the difference between Commun-

ism and Democracy," Formby declared. "The Germans are recovering fast. They are intelligent, thrifty and hard working people," he said. "They are rapidly rebuilding on a sound basis; they have nice shops—and you see those little German cars running around everywhere." Speaking generally, Formby said that American "Lend-Lease" is making friends for the United States; that English is rapidly becoming the "second language" in all European nations, and that living standards, although low in comparison with this country, are good when measured by European standards.

Paris, France, has 200 streets named for saints.

SAT., MAY 21, 9:00 P. M.

Graduation is in the spotlight this year. Hereford has 89 graduates this year—and this will probably be the last of our small classes. We have 112 Juniors, 137 Sophomores and 171 Freshmen, which means that future classes will probably top the 100 mark and in 1958 will be from 125 to 140. Projections indicate continued increases as the years pass.

Hereford has an outstanding graduating class this year. The boys and girls are exceptional. The bad side of the deal, however, lies in the fact that it will definitely cripple the 1955 football team. We are sure losing some good boys.

Marshall Formby made some talks here Monday, including one before the Rotary Club, in which he related some of his experiences abroad. Marshall placed a heavy emphasis on countries "behind the Iron Curtain." One thing the Communists have been unable to do is kill religion, according to Marshall. He told about attending a Baptist Church in Moscow, where he even spoke a few words. This church has a membership of 4,000, according to Marshall. He also said that the Methodists and Lutherans are scattered out behind the Iron Curtain in goodly numbers.

"Where they have a church and active membership, they seem to go right along without interference or trouble," Marshall said. He presumed that it was difficult to secure a building or to start a new church, however. He concluded that this was "the reason the churches did not spread and divide their congregations. He was also of the opinion that the Communists have just about given up their efforts to coerce religion; that they are not encouraging it but, at the same time, they are not combating its spread as they once did.

Marshall also said that the Russians in general are "pretty good people"; that they definitely want peace and that the cooperative farms are literally "going to pot." Whereas the people who live in the satellite countries are jittery, on edge and constantly under surveillance, he said the people of Russia are fairly content, apparently travel without being followed and seldom have their homes "wired," a custom which flourishes in the other Iron Curtain countries.

Marshall says the trip was a "killer." He added that he was afraid to rest for fear that he would miss something. The result was that he kept at a constant

trot all of the time and went to bed completely "bushed" every night.

Sure looks as if I drew a blank on these Davy Crockett songs. Only three more days to go—and we have eight entries, including three from Brand Office employees and families. Remember, the deadline is Saturday, May 21. The verse has to rhyme and sing to the tune of "Davy Crockett"—and it must concern Hereford or Dea Smith County, or both. I figured on 500 entries as a bare minimum. Looks as if the weather is the only thing I can consistently predict, and my wife still insists that my success along this line is pure, unadulterated luck.

Piano Students Recital Sunday

Mrs. Ella Coombes will present a group of piano students in a recital program in the education building of the First Baptist Church Sunday afternoon, May 22, at 3 o'clock.

A varied program will be presented including solos, duets, trios and two-piano numbers. The public is cordially invited to attend.

Dorothy Williams and Linda Stegman, who received superior plus ratings in National Federated Mu-

sic Festival in March, will be featured. Dorothy will play the Concerto in C Major with Phyllis Sumner at the second piano, and Linda will play a solo and also a part in a trio with Joyce Linderer and Billy Krumbeln.

Others who will play are Sandra Childers, Carlynn Williams, Joan Brown, Joyce Linderer, Lois Christman, Kay Shirley, Donna Rae Williams, Phyllis Sumner, Mary Culp, Betty Mae Scott, Jean Nichols, Kay Packard, Verita Sanders, Kaye Lynn Scott, Linda Russell, Billy Krumbeln, Dianna Robinson, Nina Mae Gratz, Betty Ha-

gar, Maribeth Gilliland, Zulema Moreno, Joanne Carlson and Sharon Scott.

Clarence Caywood To Be Presented In Voice Recital

Clarence Caywood, student of Miss Mattie Mae Swisher's studio of singing, will be presented in his senior recital Sunday afternoon at 3 o'clock in the First Baptist Church.

Caywood, tenor, is a member of the Hereford High School Choir, of the High School Boys' Quartet and is president of the Voco Club.

Mrs. Cliff Estes will serve as accompanist and assisting pianist will be Nancy Parsons, piano student of Mrs. Glenn Snyder.

The program will include a variety of selections from the oratorio, opera, art songs, ballads, spiritual and popular songs.

Georgia Lewis will be in charge of the registration and ushers will be Erlene Gandy, Beth Scott and Patricia Caywood. The public is invited to attend the program.

Adrian Seniors Given Breakfast

Adrian High School seniors were honored at a breakfast given last Thursday by the Adrian Methodist Women's Society of Christian service.

The decorations carried out the theme, "Roads of Life." Table decorations were maroon and white streamers in front of each plate, representing roads. At the end of each were placed various articles which symbolized a prophesy for each guest.

Mrs. J. R. Cullender composed a parody of the song, "Ballad of Davy Crockett" about the guests. Mrs. Lorin Creitz was Master of Ceremonies at the breakfast.

Guests were: Nell Peardis, Esther Banks, John Henry Gruhkey, Sheldon Proctor, Charles Jones, Mr. and Mrs. A. P. Jones, Mr. and Mrs. J. R. Cullender, Rev. and Mrs. Darrel Gaut, Rev. and Mrs. Ralph Odum, and Mr. and Mrs. Al Goodin.

CEMENT SHORTAGE!

Due to the Cement Shortage we may be out of cement at times during the coming months, but we hope to be able to take care of our many customers without too much delay.

It will be a great help to us, however, if you will let us know in advance on any construction that you are planning. If we can get our orders in early enough, we will be able to get commitments from the Cement Companies.

We will endeavor to take care of our customers to the best of our ability.

Thank you,

GRADUATION IS AN IMPORTANT STEP IN LIFE...

Several years ago this same thing happened to many of us

. and we take this opportunity to say "Congratulations" to each and every one of the 88 Seniors who will receive diplomas here Commencement Night. We are proud of your present achievement, and we are looking forward to even greater accomplishments from you in the years to come.

IN RECENT MONTHS WE ARE ALSO GLAD TO REPORT THAT MANY PEOPLE

GRADUATED TO THE NEW 1955 DODGE

. these folks were amazed at the even, sparkling flow of power, the luxury and comfort which combine to make the new Dodge the envy of the Hiways. They smile, too, when they learn of the low prices on these Luxurious New Dodges for 1955. Why not drop in let us give you a demonstration. You, too, will be glad you Graduated to Dodge.

it's Karo for me, the best-tasting waffle syrup of 'em all!

Yes, indeed...biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night...it tops anything!

Ask your grocer for Karo waffle syrup, in pints and quarts

GOOD LUCK and Best Wishes TO THE 1955 Graduates

H D Chatter

by Argen Draper

Mrs. Leroy Williamson called our attention to the Freezer note in the Electric Homemaker section of the Texas Co-Op Power. This is published by the Texas Electric Cooperative, Inc.

Quoting from the publication: One of the rural homemakers' best household friends is her freezer. If she uses it properly and to best advantage, it, for instance, you are baking bread for the freezer, bake at 400 degrees for 45-50 minutes instead of at 375 degrees for an hour. The resulting bread will be less crumbly and therefore more desirable for freezing.

When some of the local bread makers test this we'll let you know

what their opinions are of this suggestion. At some of the clubs this month we have had rolls that were completely baked and frozen thawed, wrapped in foil and baked in a hot oven for 10 minutes. Most everyone agreed that these were as good as freshly baked rolls.

Thanks to Mrs. J. E. Rouse and Mrs. Pat Sullivan for being responsible for the roll making demonstration at the Messenger Club so we could attend the meeting of the Hereford Garden Club. The President's annual report was given by Mrs. M. T. Hutter and a report of the State Garden Club meeting was given by Mrs. A. L. Manjeot, Mrs. Ralph McCullough, Mrs. J. H. Lomas and Mrs. O. H. Herring.

The ladies of the Emma Wheeler Hawkins Circle of the Methodist Church served the luncheon to the Garden Club. The chicken pie was so good and the pastry shells were perfect. Mrs. Tom Alderson made the pie and pastry both. She gets the top honors for chicken pie. We wonder if it's a secret recipe. It's good news that Mr. and Mrs. C. W. Parker are back. The H. D. Chorus started regular practice on Monday. The group has a new theme song; it is "Look for the Silver Lining" by Kern and arranged by Mrs. Parker.

4-H Girls Turn To Sewing As Summer Nears

With the approach of summer vacation which allows more time for 4-H projects the girls are starting their demonstrations on sewing. Programs for recent meetings have been on the laying, cutting and marking material which is a review of instruction already given by leaders and the H. D. agents.

Clubs sending in reports are: **Dam**

The Daniel 4-H Club met May 5 in the home of Suzie Higgins. The meeting was called to order by Marita Gill president. Audni Miller led the group in two songs. Roll was called by Virginia Higgins, secretary.

The demonstration was reviewing the laying, cutting and marking of material. It was given by Mrs. Jack Higgins, leader.

Refreshments were served to Marita Gill, Virginia Higgins, Audni Miller, Linda Tooley, Linda Higgins, Janet Higgins, Mrs. Miller, Mrs. Higgins and the hostess.

Merry Maidens
The Merry Maidens, 4-H Club met in the home of De Lourdes Buck May 13.

The meeting was called to order by Nancy Parsons, president. Business was discussed. The Bate Show will be held on May 27 and

(Continued on Page 2)

'Strengthening Family Ties' Is HD Clubs Topic

"Strengthening Family Ties" has been the program subject for the Home Demonstration Clubs meeting early in May. Each club made a choice from one of three suggestions in the year book which included Family Worship, Family Traditions and Celebrations or a guest speaker such as a local pastor.

Clubs reporting are:

Bippus
Mrs. J. G. Fortenberry was hostess for the Bippus H. D. Club May 11. She and Mrs. N. E. Tyler gave the program on "Strengthening Family Ties."

Mrs. Melvin Handerson was a visitor.

Members present were: Mrs. Elmo Hall, Mrs. G. V. Hall, Mrs.

SOME CHARACTERISTICS of a good rose bush which the women should be able to see before buying are pointed out by Howard Armstrong. The bush he is holding has been in the open all spring and will not be damaged by setting out in the open. The root system is well established and properly protected to insure growth. The canes have been cut back and first buds pinched off. Before setting the paper was cut away carefully so the plant could be placed undisturbed into the hole. Women listening to Mr. Armstrong are Mrs. Dennis Lomas in the foreground, Mrs. Parsons, Mrs. J. H. Lomas, Mrs. Floyd Brown, Mrs. McGee and Mrs. Jess Ketchum. (Staff Photo)

C. F. Homfeld, Mrs. N. E. Tyler, Christine Fortenberry and the hostess.

Ford
"Research on New Drugs" was the program given by Mrs. C. D. Corley, Mrs. Dwayne Walker and Mrs. W. A. Bunch when members of the Ford H. D. Club met with

Mrs. J. L. Fite May 4. Others attending were: Mrs. Elmer Ayres, Mrs. Hardy Benson, Mrs. H. M. Harrison, Mrs. Ben Kelly and the hostess. The next meeting will be in the home of Mrs. LeRoy Williamson May 18. The program will be on "Religion in the Home."

Demonstration Of Rose Planting Given Women

By ROBERTA CAMPBELL

Howard Armstrong, local nurseryman, gave a Rose Planting Demonstration at the home of Mrs. Taft McGee, 209 Ave. D May 12, for landscape demonstrators of the Home Demonstration Clubs and other women who were interested. Armstrong pointed out that the reason many people were disap-

pointed in roses which appeared to be good bushes when bought was that they had been taken inside a warm building and had started a top growth which could not withstand the shock of early outdoor planting later.

He suggested examination of the roses, and to look for the evidence of sprouting before buying as the

tender growth will freeze back and the bushes will often be lost.

A protected place on the east side of the house was selected for planting the roses and the space was well removed from trees and other shrubs that might interfere with the growth of the roses. The soil had been prepared previously and the soil was moist so only enough water to settle the dirt around the plant was necessary after setting.

Varieties were discussed and Armstrong emphasized the selection of roses adapted to this region as many kinds offered for sale are a disappointment to the person planning a rose garden.

He showed the women how to remove the tar paper covering and place the rose in the bed without disturbing the well established root system that is a characteristic of good rose bushes. When the bushes were in place he suggested that the first buds be pinched back to allow the plant to get a foothold before heavy blooming.

The women were also shown proper height for pruning each year to improve the appearance of the plant and to remove dead wood.

Those attending the demonstration were: Mesdames T. J. Parsons, Ira Ott, Willa Williamson, Dennis Lomas, Floyd and Elred Brown, J. H. Lomas, Jess Ketchum, Pat Sullivan, J. B. Cocanougher, E. E. Layman, Roberta Campbell and Mrs. McGee.

HOWARD ARMSTRONG, local nurseryman, who gave a rose planting demonstration for Home Demonstration Club women and others interested in growing roses, has marked the proper spacing for the bushes to be set at the home of Mrs. Taft McGee, where the demonstration was given. Also seen in the picture are Mrs. Ira Ott, Mrs. Pat Sullivan, Mrs. T. J. Parsons and Mrs. Willa Williamson, at the right. (Staff Photo)

Accident Causes Minor Damage

An accident causing minor damage occurred Sunday afternoon when two cars collided at the corner of Sixth and Main Street. The accident occurred when a 1950 Nash, driven by Lynda Lou Burkett, ran into the left back fender of a 1950 DeSoto driven by Troy Allen Rhodes, causing an estimated \$20 worth of damages. Lynda Lou Burkett was charged with failure to grant right-of-way.

At The Movies

"DRUM BEAT"

Alan Ladd stars in the action drama, "Drum Beat," in CinemaScope and Warner Color, which will be shown Friday and Saturday at the Star Theatre. Filmed by Jaguar Productions for Warner Brothers, "Drum Beat" is the adventure story of a young frontiersman, played by Ladd, who is com-

missioned to negotiate a peace with the Modoc Indians; but, led by their renegade chief, Captain Jack, the Indians begin a series of raids which threatens to engulf the entire Northwestern territory in battle. Lured into ambush by the Modoc chief, Ladd is almost killed but recovers in time to bring the Modoc badman to justice. Johnny MacKay, the character played by Ladd, has two loves, Toby, an Indian princess who risks her life to save his, played by Marisa Pavan; and Nancy, the girl from the East, whose family is killed by an Indian attack, played by Audrey Dalton.

"The Barefoot Contessa"

"The Barefoot Contessa," showing Sunday through Tuesday at the Star Theatre through United Artists release, is a picture that can only be enjoyed by adults, as children could not understand the depths of the story. Joseph L. Mankiewicz, winner of four Academy Awards, screen writer, producer and director of several intense, dramatic and adult films, has not only written a brilliant, tragic and sardonic story of a woman's love, but has rounded out the majestic script with the most impressive and talented cast of characters seen on

the screen this year. In the title role as an obscure dancer in a Madrid night club who becomes the world's number one glamor girl, is Ava Gardner. In "The Barefoot Contessa" she is a warm-blooded spirited woman whose search for real love is poignant and tragic. It is chiefly through a has-been film director played by Humphrey Bogart, and a fawning press agent, played by Edmond O'Brien, that Mankiewicz gives a cynical view of Hollywood and movie-making. Tower Drive-In Theatre Showing at the Drive-In, Thursday and Friday, 8:30-11:00 P.M. FOR

MURDER." "LAWLESS BREED" starring Rock Hudson and Julia Adams shows Saturday night.

Any saffron in the house? use it with chicken, veal, rice and fish.

About three out of every five Americans born in 1890 lived to celebrate their 65th anniversaries in 1955.

The annual death rate in the United States dropped from 17.2 per thousand persons in 1900 to 9.6 per thousand in 1950.

The principle of the abacus has been known for more than 2,000 years.

Club Members Fete Children At Picnic

The annual end-of-the-season picnic for children of members of La Madre Mia Study Club was held in Dameron Park Friday afternoon.

Mrs. Troys Riddle and Mrs. Bobby Owen were in charge of arrangements.

Children attending were Larry Lomas, Donald, Edana and Glenda Hopson, Gene and John Sparks, Greg and Cliff Herring, Lonnie and Stephen Hale, Janice Miller, Dana and Dean Riddle, Deborah, Johnny and Allen Wilson, Ronny Fudge.

Rodney and Mike Wilson, Kelly Brown and Toni and Terry Carter.

Members of the club include Mesdames John Hampton, Don Fudge, Calvin Goodin, Carroll Goss, Glenn Hopson, R. V. Hale, Dean Herring, Dennis Lomas, Hershel Miller, Bobby Owen, Stanley Phillip, Ogle Riddle, Troys Riddle, Eugene Sparks, Glen Wilson,

Vernon Wilson, Morris Easley and Raymond Brown.

Mashed potatoes or cooked egg noodles both make good accompaniments to Swiss Steak.

Add a bay leaf to tomato juice you are heating to use in an aspic. Gives interesting flavor!

Most Modern Trucks Your Money Can Buy!

Only new Chevrolet Task-Force trucks bring you all these truly modern features! If you don't get these up-to-the-minute advantages, you're getting an old-fashioned truck—and stand to take a licking at trade-in time!

Fresher air in all kinds of weather. New High-Level ventilation takes in air through louvers at cowl level.

New Overdrive. Optional at extra cost on 1/2-ton models; Hydramatic optional on 3/4-, 1-ton models.

New concealed safety step. A safety feature—steps stay clear of ice and mud. Out of sight with doors closed.

Tubeless tires standard on 1/2-ton models. Greater blowout protection—they deflate more slowly if punctured.

Power Brakes standard on 2-ton models. An extra-cost option on all others. Reduce driver effort; add to safety.

Power Steering. Driving's so much easier with turning effort reduced as much as 80%. Available as an extra-cost option.

Styling that works for you. In two design treatments—styling that catches the eye, calls attention to your business.

The latest in cab comfort and safety. More durable construction; softer seat action; many new conveniences.

New panoramic windshield. For a broader, safer view of the road. And there's more glass area all around.

New suspension, front and rear. For a smoother ride. Frames are more durable with full parallel side members.

King-size 12-volt electrical system. Count on quicker starts even in cold weather, and still have a husky reserve of power.

Come in and see the most modern trucks for any job...

Hereford High School -- Occupied in 1955

Hereford has a School System of which we are all proud . . . and the ultimate goal of maintaining such a modern system is Graduation Day . . . the time when Boys and Girls like yourselves will march across the stage and receive their diplomas.

In addition, Graduation is a time for rejoicing. Not that we can throw away our books, forget about homework, and lead carefree lives

But . . . rejoicing that we have come to that point in life where we rightfully assume our responsibility in that state of existence called Humanity.

UNTIL . . . now, we have had our lives directed for us -- our time planned, our obligations assumed for us. Even our very thoughts have been supervised and directed.

MANY . . . of you will go to future learning, making your own decisions and later becoming the backbone of our community and our nation. We are confident that you will make this a better place in which to live. So, with that thought in mind, we want to congratulate the class of 1955 because we know that you are the calibre of person that does things well.

Best Wishes From Your
Hereford State Bank
 Member: Federal Reserve System Member: F.D.I.C.

New York, Ohio, Tennessee and Pennsylvania each have at least four places called Summit.

More than 755,000 oil burners were sold for heating in the United States in 1954.

Many people, especially those over 45 years old, have 20-20 vision but need glasses for close work.

The first known written reference to coal was made by a Chinese who died 2,100 years ago.

Although only 2 percent of U.S. farms were electrified in 1920, more than 90 percent have electricity today.

The U.S. total of land in farms available for crops has been about 12 million acres for the past 30 years.

It would take the work of a million men to repair the damage done in the United States by insects.

GRADUATES

PLEASE ACCEPT OUR BEST WISHES

It is a genuine pleasure to tell you that we are proud of your accomplishments . . . that we are expecting Big Things from you in the Future . . . and that you will always get a Square Deal from Sharp and Edwards . . . on everything from a "hot-rod" on up.

A Story Of **DREAMS Come True!!**

WE SAY

CONGRATULATIONS

To The Graduating Class of 1955

Graduation, which means Success and Achievement for the Graduate, also means the realization of life-long dreams for the parents.

Undoubtedly, your Daef Smith County Electric Cooperative, Inc., -- another "Dream Come True" -- has contributed much toward making your school years more successful . . . and your life more pleasant.

This was one of the chief aims which led your parents to create this giant service institution. They felt that their children were entitled to every possible advantage . . . and that living on the farm should offer parallel comforts with life in towns and cities.

Thus, this Rural Electrification project was born. Your fathers and forefathers dreamed a dream . . . which became a reality.

PROGRESS AND HAPPINESS

**ARE THE GOALS OF YOUR
RURAL ELECTRIC COOPERATIVE
RURAL ELECTRIC SERVICE MEANS**

- new farm commodities**
- improved farming methods**
- and higher yields**

**Better Living and a Longer Life Span
through added conveniences**

We Pledge a continuation of our efforts in striving toward these goals!

HOME IN JAIL

DENVER (AP)—A 60-year-old cabinetmaker, has been instrumental in establishing a branch of the city library in jail.

William M. Zenker has been in jail since Feb. 24, 1954, for contempt of court. He was sentenced to an indefinite term for refusing to divulge where he buried \$10,000 the court claims belongs to his ex-wife and which he says should go to a daughter he hasn't seen for years and can't locate.

When he went to jail, Zenker immediately devoted himself to taking care of the fewpaper-back books available. When his own

case was publicized, he managed to direct attention to the lack of reading material in the county institution.

With his urging, the county jail officially became a branch of the Denver Public Library. Warden Gordon Dolliver says the arrangement makes 500 books available to the inmates.

With the establishment of the library, Zenker—who can get out of jail any time he tells where the money is—has been named official librarian and Dolliver reports: "He's so pleased with his new assignment and responsibilities, I doubt now whether he will ever

tell where he buried the dough—he likes it here."

During the American Revolution muskets were so scarce that Benjamin Franklin advised the use of bows and arrows and New York militiamen were told to arm themselves with shovels, pickaxes and scythes.

The largest U.S. post office serves Manhattan and the Bronx, two of New York City's five boroughs, earns a tenth of U. S. postal revenue and dispatches an average of 17 million pieces of mail a day.

LEAVES FOR MISSOURI

Mrs. Maude Montfort left Wednesday for Missouri to visit with friends. She planned to stop by Dallas to visit her daughter, Mrs. Homer Brumley of Hereford, who recently underwent an operation there. Mrs. Montfort said Mrs. Brumley is doing fine, and that she had been dismissed from the hospital. Mr. Brumley returned from Dallas Saturday.

MEMORY HELP

Baccalaureate Service

Hereford Seniors Are Told To Put First Things First

"You are living in a wonderful time," graduating seniors of Hereford High School were told Sunday night by Bob Wear, minister of the Church of Christ at Baccalaureate services held in the high school auditorium.

Wear's subject was, "The Balance Wheel of Life." He told the 89 graduates that there are two concepts of life, and that they could make their lives fruitful if they would sit at the feet of Christ, learn what he taught and develop their lives around his teachings.

"You must learn to put first things first," the minister declared.

Wear told the seniors that, "You are graduating from one of the best school systems in the State of Texas." He said, "You are idealistic and making plans for the future. That is good." Then he said "... if you do not put first things first, your lives will be out of balance."

Mrs. J. C. McCracken played Processional and Recessional music, Pickens Moore, salutarian, led the invocation, the mixed choir, under the direction of Don Moore, sang two numbers and S. M. Dunnam led the benediction. The entire service lasted less than an hour.

SPEAKER at Baccalaureate service Sunday night was Bob Wear, minister of the Church of Christ. Wear told the graduates that they must learn to put first things first. He also told them they were graduating from one of the best school systems in the State of Texas. (Photo by Alex Thompson)

PROCESSIONAL -- With traditional music ringing in their ears, Hereford High School seniors of 1955 marched down the aisle Sunday night in the new High School auditorium to hear the Baccalaureate address by Bob Wear. The class

was the first to hold Baccalaureate services in the new school auditorium, and will become the first class to graduate from the new school Friday night. (Photo by Alex Thompson)

Your Congressman Reports

To the People of the 18th District: My good friend Tom Steed, who ably represents the 4th Congressional District in Oklahoma, is serving on the Public Works Committee and recently represented

this government and Congress in the opening of the Inter-American Highway between Nicaragua and Costa Rica. This was the first time that it has ever been possible to go from the Capital of Costa Rica

to the Capital of Nicaragua on an all-weather highway. It is one of the important links in the Inter-American Highway which we all hope will be completed in the not too distant future. Tom is a very loyal Oklahoman and never fails to heckle any of us Texans about everything from football to flapjacks if he thinks Oklahoma might be a little bit superior at that particular time. As soon as he returned from Central America and

the dedication ceremonies, he looked me up and said, "Rogers, I've got to tell you this story even though it might hurt my pride. He then proceeded to relate to me the fabulous ceremonies attending the cutting of the ribbon and the opening of this important gap in highway; about the gathering of the natives from both countries and the high officials of the governments. He said that immediately after the ceremonies had concluded and the highway had been officially opened, everyone was waiting to see the first car make use of the road. He said it was just a few minutes before a car drove into sight, and everyone was waiting to see where it was from. Tom's face then fell and he said, "I swore it couldn't happen, but it did. The license plate was TEXAS." He then laughed, because he is an excellent sport, and walked off mumbling to himself that no matter where you go, the first fellow you run into is a Texan even in the wilds of the Central American jungles.

Federal Control of Gas
As I pointed out in several previous newsletters, we are engaged in a very serious and most difficult fight to prevent the Federal Government from regulating the production and gathering of gas and the price thereof at the wellhead. We had extended committee hearings concerning this matter and heard from witnesses from every conceivable source. The public hearings were then concluded and we began consideration of the proposed legislation (several bills) in executive session. This means that the discussions are in confidence and are not to be divulged except through the Chairman by proper agreement. Immediately after our first executive meeting on the gas bills, the newspapers came up with a story purporting to be authentic as to what the committee had done. It was partially true and partially untrue, but created sufficient confusion to require a correct statement to be made by the Chairman. No one knows where the leak was in the first place, but it was a good example of how people can get misled. A story in a Washington paper concerning the matter stated in the headlines that the committee had decided upon certain federal controls of gas at the wellhead. This was not true at all, but it would very easily serve to confuse the average reader. I would actually indicate to some readers that some of the wild misrepresentations that have been published about gas producers

were true and that federal control was necessary. This is a very dangerous practice. It is not fair to the reader, and it is not fair to the subject, and it is not fair to the publisher. The simple truth is that the committee has not reached any conclusions on any of the issues involved and probably won't for several days. Wouldn't it be nice if the people could have the truth, the whole truth, and nothing but the truth on all of the issues, domestic and international? It would no doubt be a short cut to peace. But I guess there will always be the confusion created by innuendo, insinuation and misunderstanding.

Congress
Congress adjourns in its closing process before the closing days. The committees are all hard at work trying to get the legislation in the House Calendar within the next two weeks, knowing that unless it is brought before the House before the 10th to the 15th of June, it will have no chance of passing both Houses this session. This means that efforts will be made by many groups to have legislation helpful to them passed upon as speedily as possible. This will require added vigilance upon the part of the Members of Congress because history has shown that sometimes questionable legislation slips through these busy hours. Each committee and subcommittee must carefully scrutinize the bills coming before it. We hope to adjourn by July 15th, but realize that it will probably be nearer to August 15th or September 1st. It does not presently appear that there will be anything to hold us past August 15th, so I am choosing that as the adjournment date.

Visitors:
Visitors in the office this past week included: Mrs. C. A. Tignor, of Pampa, who is here visiting her daughter and son-in-law, Lt. Colonel and Mrs. W. L. Carr; Mrs. and Mrs. Herbert M. Timmons, of Amarillo; Mr. and Mrs. Paul Carmichael, of Pampa; and Mrs. J. Bisett and son, Ed W. Bisett, also of Pampa.

Walter Rogers
Member of Congress
18th District of Texas.

WOMAN RUSTLER
GALVESTON, Tex. (AP)—For the first time anyone around here can remember, a woman in charge with cattle rustling. Gussie Culver drew a 5-year suspended sentence when convicted.

NO DISGUISES!

DETROIT (AP)—Anyone wearing dark glasses now is barred from entering Detroit City Council meetings. Councilman Eugene I. Van Antwerp got a ban adopted when he said spectators wearing "big, dark, Hollywood-type glasses made him uneasy."

"Suppose," Van Antwerp said, "one of them shot a councilman or some other citizen. How could he be identified?"

STORM PROFITS
ALBUQUERQUE—Dust storms in this area have been profitable for Ron George. While

scrapping the newly blown dust and sand off his yard last year, he found a five dollar bill. This year he found a ten dollar bill. Next year, he says, he hopes to find the lawn.

About 60 million Americans are under 20 years old.

SEARS GRAIN CO.

Hereford, England Is Rich In History And In Beauty

(Editor's Note: The following story on Hereford, England recently appeared in The Stars and Stripes, army newspaper. It was mailed to Mayor Henry Sears by Mrs. Treva N. Oyles, who teaches in the Augsburg school for U. S. Army dependents.)

A name synonymous with cider, hops and champion white faced cattle, the name of a city that has sprung from the stones of a Roman town, a city where an ancient cathedral has proudly stood for well over a thousand years, a city caressed by the beautiful River Wye—that is Hereford. Nowhere in Britain can beauty and history be found more intertwined.

Hereford grew literally from the Roman town of Kenechester which stood five miles to the west. The destruction of Roman power was followed by the invasions of Angles

and Saxons who drove the ancient Britons to the mountains of Wales. Some 300 years later the great Offa, King of Mercia, established the frontier only six miles from Hereford by constructing the famous dyke which bears his name. It is still to be seen.

The same Offa treacherously murdered Ethelbert, King of East Anglia, when he came seeking the hand of his daughter and in explanation generously endowed the cathedral, but the Welshmen came back time and again, and in 1055 their King Griffith burned and sacked the city, murdering the bishop and his cathedral clergy.

Retribution came swiftly at the hands of Harold Godwinson, who first made himself Earl of Hereford before becoming King of England and falling at Hastings in 1066. The new Earl of Hereford was William Fitz-Osbern, cousin of

PET PARADE -- Patsy Perry is the proud owner of her parakeet, Dickie, which can say a "few words". Patsy is the nine-year-old daughter of Mr. and Mrs. H. W. Perry of 411 East Second Street. (Staff Photo)

Name _____

Address _____

the Conqueror himself. He set up his castle at Hereford from which he subdued the Welsh of the border district. The valley of the River Wye is studded with the picturesque ruins of the magnificent castles built at this time—at Goodrich, Monmouth and Chepstow.

Hereford stood at the entrance to the mountains of Wales and peace never reigned long. King Stephen wrenched the castle from the adherents of his cousin Matilda (his chair still has its place in the cathedral); Simon de Montfort held the future King Edward I a prisoner there until he gave his guards the slip and escaped to crush Simon at Evesham; the Welsh hero, Owen Glyndwr, was halted in his career of plunder and savagery at the gates of the city; and a headman's axe severed from Owen Tudor the head which "was wont to lay on Queen Katherine's lap." He had married the widow of Henry V and his head was seized by a mad woman who combed its hair, washed its face and finally lit a hundred candles round the grizzly remains.

Charles I, who was to lose his own head, came to Hereford in search of a new army after he had lost the battle of Naseby. When the city was threatened by the marauding Scottish Covenanters, he came to its rescue. And there about the same time was

born Nell Gwynne, the orange-seller who was to capture the heart of Charles I. Her grandson came back to the city of her birth as bishop of its cathedral.

Hereford Cathedral, which now sits benignly above the gentry flowing waters of the Wye, has seen all these births and deaths, but itself lives on majestically. Its interior shows every period of English architecture—the massive Norman pillars of its nave, the early English Lady Chapel and Choir, a decorated north transept and Perpendicular in a window of the south transept and in Bishop Audley's chantry.

One treasure the cathedral boasts is a large map of the world, drawn about the year 1305, showing Jerusalem as the center of the world and England on the outside edge. Christ presides over the Last Judgment and the Virgin Mary pleads for the souls of the righteous. Intermingled with the pictures are strange mythological animals and beasts. Older still are some of the illuminated manuscripts to be found in the Chained Library—the largest of its kind in the country, containing 2000 volumes and 220 parchment documents.

Hereford.....

(Continued from Page 3)
shire maps and documents is available in the city library and museum opposite the cathedral. Here also are pavements and other relics from Roman Conchester, obsolete farm implements and a comprehensive collection of the costumes of three centuries.
The very streets and stones of Hereford speak of history. The Booth Hall was a justice's court before 1400, a monastery of the Black Friars was founded in 1270 and its preaching cross still stands behind the Coningsby Hospital where service pensioners, still at times dressed in their bright scar-

let coats, breeches and gaiters of the year 1614, occupy the almshouses founded then. In the High stands a magnificent black and white timbered mansion, a survival of Jacobean Hereford now housing the furniture and household utensils of its day.

This ancient city of 25,000 people, however, does not live in the past. Its wide main street is thronged on the twice weekly market days when farmers of the county converge on it and thriving industrial concerns add to its wealth.

Above all there is the unspoiled beauty of the River Wye, haunt of fisherman and poet alike. Along its sylvan banks are dotted some of the most glorious and most historic sites that England has to

show — towns like Ross-on-Wye, Monmouth and Chepstow; architectural treasures like Tintern Abbey and viewpoints like Symonds Yat and the Wyndcliffe. President Woodrow Wilson once wrote that "I rode for nearly 20 miles beside the Wye and of all parts of England I have seen it has most won my heart."

A rattlesnake gets a new rattle on its tail every time it sheds its skin which may be several times a year, but the snakes often shake off some of the old rattles.

Elevators in Rockefeller Center, New York City, have carried more than a billion passengers since they were installed in 1932.

Midget Wrestlers To Meet In Main Event At Bull Barn

Midget wrestlers, two of the highest rated in the country, share main event time and honors on the Hereford mat card Saturday night. Texas-born Cowboy Bob Bradley, one of the best looking and strongest of midget grapplers, goes against British-born Major Tom Thumb, a swaggering, strutting, muscular little guy who likes to play rough, in one of the two main events.

Dory Funk, the merciless ranchman from Umberger, may be in for a lot of trouble in the other half of the twin feature when he meets strong Jim LaRock, former Olympic grappler and amateur champ, from Ithica, N. Y.

Funk's partner and pal, Cowboy Carlson of Okelaka, Mont., will attempt to ride herd on Jimmy Siks say, a competent grappler from Detroit, in the one fall or 20-minute opening event. Siks say is manager of Major Tom Thumb.

Midget wrestlers last appeared in the Hereford arena early last February when Chief Little Beaver and Irish Jackie punneled each other. Bradley, who was born and raised on his father's ranch near Amarillo, and Tom Thumb, born in London, raised there and in Canada, are rated at the top of the classification.

Each weighs in the neighborhood of 100 pounds, each stands nearly four feet tall, and both men are

hardy, self-taught followers of physical culture. They are extremely tough and powerful for their size and weight.

Each of the feature events is scheduled for one hour, unless two falls of three are won earlier.

LaRock, who led the junior heavyweight division of United States amateur wrestlers to the finals in the 1952 Olympics, continues to improve as a professional. His rolling step-over toe-hold is one of the pet holds of the New Yorker, and could offset Funk's dreaded spinning toe hold.

LAST DATELINE

BELLS CROSS ROADS, Va. (AP)—You won't be seeing this dateline again. The postoffice is closed, the sign, "Post Office, Bell's X Roads" removed.

The closing marked the end of 65 years service by "Uncle Johnny" and "Aunt Kate" Richardson. "Aunt Kate" retired in 1940 after 30 years service and her husband took over, but she remained as his assistant. The post office served 40 customers. Hereafter mail will go to Louisa.

Asphalt is an ancient Greek word meaning firm, stable or secure.

In 1953, Japan produced 262 full-length motion pictures, only 58 less than the United States.

PLEASE ACCEPT OUR BEST WISHES FOR CONTINUED SUCCESS, AND REMEMBER THAT YOU HAVE A STANDING INVITATION TO CALL UPON US WHEN WE CAN BE OF ASSISTANCE.

YOUR FRIENDS AT Hereford Laundry & DRY CLEANERS

BEST WISHES.. Graduates Of 1955

Many of you we know personally . . . and it is with genuine pleasure that we extend our congratulations. We know that you will always remember the night you walked across the platform to receive your diploma. Commencement will, for most of you, be just what the word implies. We are looking forward to knowing you better . . . and invite you to visit us at any time.

John McLean Insurance Agency

New Mercury Super-Torque V8 Engine 188-HP

MERCURY CONSISTENTLY LEADS ITS FIELD IN TOP TRADE-IN VALUE!
Look at the record before you buy

MERCURY

MERCURY COSTS LESS THAN YOU THINK. This big Mercury Custom 6-passenger Sedan, shown above, costs less than 13 models in the "low-price" field.

No other car offers you 3 bigger reasons for buying it

- 1. EXCLUSIVE STYLING SHARED BY NO OTHER CAR.** There's no mistaking a Mercury—it's distinctive from every angle. The unified bumper and grille assembly, the original use of color and chrome, the massive tail-lights . . . all say "Mercury!"
Mercury offers 11 models in 3 series. You'll find a Mercury that's just right for your needs. Regardless of the one you select, you get the distinctive styling that makes Mercury America's most advanced new car.
- 2. NEW SUPER-TORQUE V-8 POWER AT EVERY SPEED.** Mercury puts high horsepower to work in a new way—not just for high speeds but for everyday driving. You get far more pickup at every speed, from start to superhighway limits—reserve power for safer passing, hill climbing.
"High-price" car features in Mercury at no extra cost—4-barrel carburetor, high-compression anti-fouling spark plugs, ball-joint front wheel suspension, and dual exhausts on 8 of 11 models.
- 3. CONSISTENTLY HIGHEST TRADE-IN VALUE IN FIELD.** Mercury is champion of its class for resale value, according to independent market reports of used-car prices. Year after year, Mercury has consistently held that distinction because it's styled to be years ahead in beauty . . . powered to be years ahead in performance. You command a better trade-in price.
You're ahead when you drive a Mercury, too, because of Mercury's traditional low operating cost.

*Based on comparison of manufacturers' suggested list or factory-retail prices.

By VERN SANDORD
Texas Press Association
AUSTIN — This may be the final week of the 1955 Legislative session.

Gov. Allan Shivers' guess for final adjournment, made two weeks ago, was May 25. It appears now that the Legislature may beat that date by a few days.

Overshadowing everything the past several weeks has been the big tax bill. But it is reaching its final form. Only a long hassle in the House, over acceptance or rejection of Senate changes in the \$100,000,000 new-tax measure will cause further delay in adjournment.

Optimists thought final agreement might be reached by Friday on the tax bill. This would unblock the big billion and a half dollar, two-year appropriation bill on which conferees already have agreed. If and when that is done the Legislators will go home. They have been serving since May 10, without pay.

Final agreement on the consti-

BRAND BABIES -- "And boy was he good looking," 3 1/2 month old M'Lynn Hopson, son of Mr. and Mrs. E. D. Hopson seems to be saying.

tutional amendment reviving the veterans land program—passed in different form by the two chambers—and on the \$100,000,000 bond issue to aid water districts—amended in the House to change the form of taxation—would round up major business.

Both branches virtually abandoned efforts to pass any more of the untouched calendar bills.

A final vote on Sen. George Parkhouse's "Port Arthur Strike Bill" in the House, early this week left it awaiting only Senate concurrence or conference action. The bill prohibits picketing to force an employer to recognize a union, or to force workers to join it, unless the union represents a majority of the employees. It authorizes a court to order an election to see if the union has the majority.

Already passed was Parkhouse's "Ford Motor Bill" to deny unemployment benefits to workers idled because of a strike of their union in some other plant of their employer.

Hanging fire in the House was the third of Parkhouse's labor bills, authorizing suits for injunctions and damages in picketing or strikes contravening the "Port Arthur Bill."

Insurance Kennedy

One of the major jobs that faced the legislature has been completed, says Lt. Gov. Ben Ramsey, by the passage of four insurance bills. This is what the measures do:

Plug up legal loopholes that permitted promoters in the last four years to sell \$100,000,000 in worth-

less insurance stocks.

Require fire and casualty insurance companies to have capital of at least \$150,000.

Require stock life companies to have \$100,000 capital and \$100,000 surplus and prohibit future organization of \$25,000 limited capital stock companies. Limit investment in home office buildings to one-third of a company's assets.

Define the authority of the State Insurance Commission to act as a board and authorize it to make stricter and more frequent examination of insurance companies. Provide for the commission to review the management operations and financial plans of proposed new companies.

Shivers, Shepperd Talk

Governor Shivers and Atty. Gen. John Ben Shepperd appeared before the House investigating committee to talk about the veterans land problem.

Shivers remarked that he had been criticized because, as a member of the Veterans Land Board, he had not discovered any of the irregularities.

"Regular checking by the state auditor failed to uncover any wrongdoing," Shivers said, "and it is well known that irregularities were discovered outside the land board's records."

Both Shepperd and Shivers assured the committee that no change has been made or ordered in the minutes of the Veterans Land Board.

Where errors occurred, it was pointed out, the original minutes

were rubber-stamped to show that corrections were made in the minutes of the April 27 meeting.

Land Bill Debated

On the Senate floor, there was debate on a bill which the House has passed and which is aimed at preventing future villany in the veterans land program.

Rep. Dolph Briscoe of Uvalde is author of the bill which would more strictly regulate land sales and introduce new safeguards in administration of the program.

Surprise Development

Biggest development was the surprise call by Justice of the Peace Travis Blakeslee of a court of inquiry, at the request of Attorney General Shepperd, to start a six-week check of the operation of the entire billion-dollar General Land Office under former Commissioner Bascom Giles.

This involves money of state land sales, the leasing and sales by the Board for School Land Leasing, the Board for Mineral Development of University lands, the tidelands leasing in the school program.

Shepperd said other VLB members, Gov. Shivers and new Land Commissioner J. Earl Rudder, joined him in requesting the court of inquiry.

Sen. Jimmy Phillips charged it was a publicity gimmick to head off a legislative investigation of the Land Office, proposed in pending House resolutions.

District Judge J. Harris Gardner rendered judgment in the first civil suit by the state to forfeit a block veterans land deal and recover the money. This verdict was against Sam R. Ward, involving a \$33,000 sale of Zavala County land to eight veterans.

Less Polio

Texas has far fewer cases of polio this year than last, according to State Health Department reports. Total for the year to date was 196, as compared with 293 at the same time in 1954. Dr. L. P. Walter, acting health officer, said that so far there was only one case of polio among the 479,000 children who got free Salk vaccine, and one case among those who received commercial vaccine.

READ THE CLASSIFIEDS

HORSE FINDS URANIUM

WALSENBURG, Colo. (AP) — Despite popular conceptions, uranium fortunes are not made overnight if at all. A lot of walking and digging and waiting is involved, along with a little luck—such as that of the owners of a palomino stallion.

A while back, O. L. Briscoe of Tucumcari, N. M., and Henry Walton of Clovis, N. M., took note of an Atomic Energy Commission aerial survey map of the Badito Cone area, 25 miles northwest of here.

The pair took two pack horses into the rough country for some prospecting. They climbed to within 300 feet of the top of rocky Badito Cone.

"We didn't realize the mountain was as rough as it was," Briscoe relates, "and we got lost."

"I was leading that old stud horse, loaded down with equipment, and Walton was walking behind."

"All at once the horse stumbled and fell. He was wriggling around like a snake on a hot rock."

"In his kicking, he knocked a bunch of snow and rocks loose and the scintillator in Walton's hand immediately showed a good reading."

"Right then and there we had located the Stumbling Stud Mine."

Official AEC assays of the ore run from .28 to .59 uranium, compared with AEC standards of .20 minimum for commercial ore in this area.

Wanna buy a horse?

Cook dry beans in the water in which you have soaked them. You save nutritive values this way!

Wondering how to give that economical cut of meat savory flavor? Here's a list of seasonings, all good with meat, to choose from: catchup, chili sauce, bay leaf, all spice berries, garlic, onion, paprika, soy sauce, Tabasco sauce, Worcestershire sauce, oregano and basil.

Grated cheddar cheese tastes delicious when it is added to corn sticks. Serve the corn sticks with a vegetable soup or a vegetable salad for lunch.

Sprinkle sliced fresh pears with lemon juice and arrange them with alternate layers of sliced oranges in a pretty glass bowl. Sprinkle each layer lightly with sugar. Top with moist shredded coconut. It's a delicious dessert patterned after the famous Southern concoction called Ambrosia.

Sunday School is at 9:45 o'clock
Bible study is held each Sunday evening at 7 o'clock and evening preaching service at 8 o'clock.
Wednesday night prayer meeting is held at 8 o'clock.
Friday night prayer service is at 8 o'clock.

**NEVER
alone...**

**GOD
is
THERE**

John, the last prophet of the Bible, dreamed of a place where there would be no night. There is such a place. We live in an X-ray world. While we may not be conscious of it, a light is forever falling upon us. God's light falls upon this man. *Brother, your could not make it alone! We must have Him.* How foolish of anyone to try to walk in darkness... to walk alone. Why, you can't do it. *Even the way to church is lighted with His presence when you head that way.* God watches over His children, and doesn't that make you glad? Look at the friendly, ever watchful eye of God pictured on our one dollar bill. He is watching over the destinies of our America. He will guide the steps of His children, if they allow Him... will you?

You In The Church... The Church In You
Form a combination for good. Every man, woman and child needs the influence of the church. Be a faithful worker. Attend every service.

AT THE CHURCHES

First Baptist

Fifth and Main
Rev. Howard Scott, Pastor
Sunday School is held at 9:45 o'clock and the morning worship services are held at 10:55 o'clock.

Want a fine trim for your one-crust pie? Cut the rolled out pastry one-half inch (at least) larger than the top edges of the pie pan. After fitting the pastry into the pan, turn the hanging edge under and flute the edge. To flute, put your little finger under the edge and press the pastry on each side of it with the thumb and forefinger of your other hand.

It's a good idea not to repeat two fruit flavors in a dinner menu. If you are serving fruit as a first course, or as an accompaniment to the main course, you'll find coffee — or chocolate — flavored desserts make a fine ending to the meal.

SCHOOL REPORT

ANN ARBOR, Mich. — Neal Gross, head of the Harvard School of Executive Studies, says an "ideal" school board member is a sort of King Solomon who does everything quickly and cheaply, even when he knows nothing about it.

Gross told a conference for school board members, school officials and laymen the ideal school board member should have:

1. A heart of gold, a mind of steel and a nervous system of elastic.
2. A built-in telephone holder on one shoulder and a tear absorber on the other.
3. The ability to make wise and penetrating decisions on subjects he doesn't know anything about.
4. The desire to be hooked by educational largon.
5. The ability to tell parents that a straight line for a school bus is not necessarily door to door.
6. The connections to buy aspirin at a 50 percent discount.
7. A notion of how to increase salaries, build new buildings and lower the tax rate—all at the same time.
8. The wisdom to steer a course between the horse and buggy and space ship schools of education, without splitting the personality of the child.

Cooking bacon for a crowd? Place strips of bacon on a rack in a shallow pan, making sure the fat edges of the bacon overlap the lean. Bake on the top shelf of a hot (400 degrees) oven for 12 to 15 minutes or until as crisp as you prefer.

Although the planet Pluto was not discovered until 1930, its position and orbit was predicted by astronomers in 1914.

About 95 percent of the world's supply of diamonds comes from Africa.

It will soon be time to make fresh fruit cobbblers. To obtain the best results, have your fruit mixture piping hot before adding the biscuit topping. For a shortcut, use ready-to-bake biscuits.

DAVEY GETS ATTENTION
 SAN ANTONIO, Tex. (AP)—Maybe it's television—or the song, but attendants at the lamo here are getting more children as visitors than ever before. "And they all want to know about Davey Crockett," says Mrs. R. G. Halter, of the Alamo staff.

Want a quick luncheon dish? Heat a prepared tomato sauce the kind that's good on spaghetti. Serve over hard-cooked or scrambled eggs.

LIFE! -- The crossed eyes are not necessary, but Debra Lurns, 5, shows her intense interest as she presses her nose against the glass to watch her pet tree frog.

Outdoors Can Be Fun During This Season

By DION HENDERSON

The outdoors can be fun, when nature holds up her textbook on life.

For in the spring, the visible cycle of basic life starts all over again and you'll find that the story of biology told by nature within a few feet of your front door can be vastly more gripping than the same stuff was in school.

The morning after you have heard the first frosts cranking, you may find in the roadside ditch or the park lagoon a little cloud of frog eggs.

A little later you can catch a tadpole in a milk bottle and give it to the children as a pet. The kids will watch it grow. They may miss a few chapters in the current cowboy saga on TV, but they'll watch it. The tadpole's evolutionary struggle to grow legs, to develop lungs and grow beyond the necessity of an aquatic environment is quite a gripping saga in itself. If you look at it that way,

And painlessly, even the very young have read a chapter of the history that made possible man's life upon the earth.

You are not limited to frogs, either. You can practically pick the age or era. In the spring, a bacterium whose ancestors came first upon the cooling planet and likely will stay last, bestirs himself again, to tear down another mountain or to make another rock into soil. This fellow is beyond your sight unless Junior can borrow a microscope from school.

But the life form that came next—the one that made the first step thus perhaps the greatest, step of all in evolution—is there for you to see, at least in the aggregate. The algae are everywhere, in the mosses on a tree or stone, everywhere you see the film of color gathering about you.

Most of those you see readily, like those making a scum on stagnant water, are the Blue Greens, unfriendly to us mammals and

causers of deplorable ailments in cows which drink unwisely from polluted puddles.

But you may find the next step algae too, the Greens which are rich with the undisputed green of chlorophyll which is not so different from your red blood as you might think. These are friendly fellows—we can begin to understand—sun lovers, evolutionary, geniuses which solved the problem of development stalled by divisive reproduction and learned the blend of sex.

These greens are what the aquatic biologists call the plankton, the small animate pasturage of the sea and the lakes, and the beginning of a food change without which there would be no fish.

At this point in the example, you have arrived at fish, and you're on your own. A man or a boy, or preferably both, can find a worm and a pole and continue the lesson at leisure.

Don't pack down nonfat dry milk powder when you are measuring it. Take up the amount wanted lightly and level it off, in spoon or cup, with a spatula or straight-edged knife.

SAFE SALESMEN
 RICHMOND, Va. —Here's a tale about the traveling salesman that you can believe.

State police say he is the safest driver on the highways. Not a single traffic fatality occurred in an accident involving a traveling salesman last year. Police say they are driving every day and stay alert to road hazards.

SHEPHERD TURNS COWBOY
 MOUNT CLEMENS, Mich. —The Rev. Theodore A. Tuenge, will serve as a shipboard cowboy for the Christian Rural Overseas Program of farm aid to Europe.

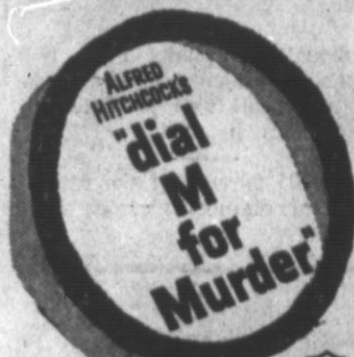

He will take a cargo of 70 heifers to Germany. Tuenge's congregation of 900 gave him a two-month leave for the trip, and his church joined in a statewide drive in support of the heifer project. The herd he cares for will be known as the "Wolverine Shipment."

Ever try adding a dash of thyme to a fish chowder?

Baking a two-layer cake? Set the oven rack in middle position and put the cake pans, without touching, across it diagonally.

"The world's most beautiful animal!"

ADULT in THEME
 "The Barefoot Contessa" is a motion picture of distinction, expressly designed for ADULT entertainment. The story's subtle nuances will be entirely beyond the comprehension of young minds and parents should be guided accordingly.
 The Management.

"Whatever it is -- you want it -- whether you're here with it, or catch it... Maria had it!"

"I was made in Hollywood, U.S.A. -- and I've travelled. I wanted what Maria had...but I couldn't even spell it!"

Here's why you should take the "100-Million-Dollar Ride..."

Immediately!

EVERY DAY YOU WAIT means you're missing that much more fun... for we assure you you've never known driving enjoyment as you can have it, right now, in a big and powerful new Chrysler. And, what's more, you can have it at a price that's far more reasonable than you might guess!

We know you'll be thrilled by the surging power and instantaneous response of Chrysler's matchless V-8 engines and fully-automatic PowerFlite Drive. And not till

you actually drive with Full-time Power Steering can you appreciate the full-time protection it gives you! There's lots more, too. Extra large and safe Power Brakes... double-strength Oriflow shock absorbers... anti-roll suspension... synchronized springs. Today, Chrysler's engineering reputation is at an ALL-TIME HIGH!

So come on in, we're ready with a big welcome. Or phone us and we'll bring a new Chrysler to your door!
