Mobile Postoffice To Make First Stop Here Saturday

The inaugural trip of the highway post office—first such service offered in the Panhandle area—is set for Saturday.

The post office on wheels is due to arrive in Hereford for a 30 minute stopover at 9:35 a.m. The bus will remain here until 10:05 when it will leave for Friona.

The Saturday trip will be a trial run, giving the public an opportunity to see the bus first hand. Beginning Sunday, however, Hereford will actually begin being served by both an east and west run of the mobile post office.

The Amarillo - Roswell run will give services to Amarillo, Canyon, Umbarger, Dawn, Hereford, Friona, Bovina, Farwell, Texico, Clovis, Portales, Elda, Kenna and Roswell. Runs will both be made

at night.

The bus will leave Amarillo at 7:30 a.m. and reach Roswell at 3 p.m. The bus will arrive in Canyon at 8:05 a.m., Umbarger at 8:45 Dawn at 9:05, Hereford at 9:35, Friona at 10:45, Bovina at 11:20, Farwell-Texico at 12 and Clovis at 12:50. After a stopover for lunch, the bus will continue on to Roswell.

Postal transportation clerks now working Santa Fe railway mail cars, which the bus is replacing, will work the mobile post office. Trains will continue to serve Hereford with daytime service.

Distinguished guests aboard the bus will include Dr. Beatrice Aitchison, director of transportation research, Washington; E. L. Williams, director of highway transportation, Washington; B. E. McCaskill, general superintendent of Postal Transportation Service, Ft. Worth; A. C. Hodges, assistant general superintendent, PTS, Ft. Worth; D. B. Horne, district superintendent, PTS, El Paso; E. C. Wilkes, regional postal operations manager, Dallas; R. H. Carraway, assistant to regional postal operations manager, Dallas; Don Brewer, regional postal operations manager, Denver, Colo.

W. D. Weathered, district postal operations manager, Amarillo; J. M. Benesch, assistant district postal operations manager, Amarillo; G. C. Armstrong, district postal operations manager, Albuquerque, N. M.; R. B. Dunbar, post office inspector in charge, Denver, Colo.; C. E. Ellis, post office inspector, Amarillo; A. W. Pfannmiller, post office inspector, Amarillo; K. S. Hamilton, post office inspector, Clovis, N.M.; A. P. Bryant, post office inspector, Roswell, N.M.; Ralph McHam, president of 11th Division NPTA, Denison; John F. Moyer, president of Amarillo postal transportation clerk.

The big blue and white bus will stop at the post office here so that anyone interested can look over the newest thing in postal service.

Around Town

Most discussed thing Around Town this week continued to be the Salk polio vaccine. Hereford first and second grade students will begin getting their shots today and the program is expected to continue through Friday. Shots will be given at the home economics room at the high school.

Mrs. Jewel Smith, county welfare worker, attended the district-wide welfare meeting Tuesday night at Boys' Ranch.

V.F.W. installation services will be held tonight at 8 p.m.

And Friday night Jaycees will install their new officers for the coming year. A banquet for Junior Chamber members and their wives is to be held at the Jaycee clubhouse.

Otis Cander, formerly of Tulsa, has announced plans to open a livestock auction sales ring on a half mile south and a mile east of main in the next 30 days.

The fire alarm heard Monday morning sent firemen to Darrel Harkins Supply on East Highway 40. An acetylene tank blew up and caught fire. Damages were little if any.

Tommy Crowe, formerly of Clovis, N. M., is new assistant manager of Furr Food Store in Hereford.

Tonight is the night for the benefit games at the Jim Hill Hotel. (Continued on Page 2)

DISTRICT CHAMPS -- Hereford High School's District 1-A golf champions are pictured at the Hereford Golf Club as they prepared to enter regional play. From left to right are Bud Posey, club pro, Keith Hodges, Dale Taylor, Charles Seed, Jeff Minton and Coach Don Martin. The foursome will participate in the Regional One Golf Tourney Friday and Saturday. (Staff Photo)

Hereford Students Literary Winners

The Interscholastic League Literary Events were held Saturday at Canyon.

In the number sense division, Jimmy Auten won first and Lynn Jones won third. James W. Garner is their coach.

Sue Kirby won second in typing. Clea Betzen received third in extemporaneous speaking and the debate team, Clarence Caywood and Donald Zimmerman, received third place.

Jimmy Auten and Sue Kirby will go to Lubbock Saturday to enter in the regional contest. Also going Saturday will be the journalism entries, Carolyn Inman and Norma Hamby, as journalism does not have a district meet.

Mrs. Elmer Patterson accompanied the group.

Sesame Meeting Set Friday Night

A talk by Robert L. Parker, manager of the Texas Sesame Seed Growers Association, and a 30-minute color movie, showing all phases of sesame production, will feature a meeting of farmers interested in sesame to be held in the county court room here Friday night beginning at 8 p.m.

Parker will discuss the possibilities of farmers growing sesame in this area.

He will also give a history of the crop, which, although new to this area, has a history dating back more than one thousand years before the birth of Christ.

County Agent Hugh Clearman arranged the meeting.

Hereford To Host 1956 District P-TA Conference

Hereford will host the 33rd annual conference of Eighth District Texas Congress of Parents and Teachers next year. The invitation to the District to meet here in 1956 was extended Tuesday by Cecil Massey and Kenneth Coker to delegates meeting at Borger.

Massey represented the city and the Chamber of Commerce and Coker the P-TA and school system.

Two Hereford women were active in the conference held in Borger. Mrs. George Graham presented a report of life membership for the year at noon luncheon and Mrs. Elmer Patterson, district publicity chairman, served as the chairman of the publicity workshop.

More than 400 delegates attended the Borger meeting. Principal speakers were Mrs. Crews Henry of Canyon, vice president of the Texas Congress of P-TA, and Dr. Cecil Yarbrough, superintendent of Snyder schools and state citizenship chairman.

Highlight of the day was the discussion by the panel on "mental health and what to look for." They were introduced by Mrs. Walter Casey of Borger. Mrs. Jayni Siligen served as moderator. Serving on the panel were Ray Rouse and Dr. Howard Reid, psychiatrists from Amarillo, and Rev. Walter E. Haskins, vicar of St. Peters Episcopal of Borger.

In the discussion parents were urged to cooperate with teachers in symptoms of mental illness as the teacher's diagnoses are usually correct. Also the question of nail biting was brought up, to which Dr. Reid's reply was "It is a symptom of personality ailment, also (Continued on Page 2)

1-A Golf Champs Go Into Regional Play

By BILL KNOX

After copping the District 1-A title, the Hereford Whiteface golf team will journey to Lubbock Friday to enter regional competition.

Teams representing eight schools from the High Plains will be present, and competition will be rough according to golf coach Don Martin.

The Whiteface team of Keith Hodges, Charles Seed, Dale Taylor and Jeff Minton won the district title very handsly last Friday and has been shooting well in workouts this week. The Herd had a score of 363 at the district contest which was well below average due to bad weather conditions. Phillips, the nearest contender, was well behind, trailing by 33 strokes.

"We have the best chance we have had in years," states Martin about Hereford's chances of winning Friday and Saturday. "We (Continued on Page 2)

Riders Club Wins Honors At Spur

Forty members of the Hereford Riders Club attended the annual Riders Club and Sheriff's Posse's Round-up at Spur held this past weekend.

There were 23 clubs represented with 553 people registered. Hereford won the second place trophy in the parade.

At the three races, polo race, hoop race, and saddle race, Hereford's team won third place ribbons in all of them. Those on the racing team were Harold Beau-champ, Floyd Walton, T. D. Devenport, Si Hensen, and T. W. Robertson.

Sunday afternoon a polo game was held behind the Fisher County Sheriff's Posse and the Hereford Riders Club. Hereford lost by six points. Captain of the team was F. E. Collier, other members were Harold Beauchamp, T. W. Robertson, Floyd Walton, Harold Easley, Sr. Henson, Bill Lockridge, Spicer Gripe, T. D. Devenport, Leo Forrest, Walter Johnson and Curt Barkley.

The polo team will be playing Dalhart here, this coming Sunday.

Coach Weaver Is Lions' Speaker

Dewitt Weaver, head coach at Texas Tech, gave Hereford Lions an optimistic report Wednesday on Tech's athletic program.

Weaver, who also showed Lions a film of the Tech-Hardin-Simmons grid game, said he believed that the Lubbock college will be ready to compete on even terms "when we do get in the Southwest Conference." Weaver said he didn't know any more about when Tech would be admitted to the conference "than you do."

Jim Wiman, program chairman, introduced Coach Weaver.

Telephone Coop Names Directors

Three new directors were elected Saturday at the annual meeting of the West Texas Rural Telephone Cooperative, Inc., which was held in Hereford.

New directors are H. M. Benson, Dawn; Charlie Burk, Tharp; and Robert Wilson, Westway.

An estimated 100 persons were present at the meeting. Coy Me (Continued on Page 2)

School Transfer Deadline June 1

Applications for transfer of students from one school district to another must be filed with the county superintendent before June 1, it was announced today.

The applications can be made out in the superintendent's office at the request of the parent. If the application is approved by the superintendent it is then either approved or cancelled by the County School Board. The Board considers protests, if any, of the school districts involved in such transfers.

Citizens Scarce At City Budget Hearing

Citizens were as scarce as the traditional hen's tooth Tuesday night when the annual city budget hearing was held at City Hall. Not a single person turned up to discuss the budget.

Commissioners, in other action, read and approved for the third and final time the new franchise with Pioneer Natural Gas Co., canvassed votes in the recent city election, studied an appeal from the Dear Smith County Hospital for an increase in monthly contributions, read three petitions asking that streets be paved, voted to close one street and agreed to study a request for more parking meters in the city.

Appeal Refused

The three-man group refused the hospital's request for upping the city's monthly donation from \$40 to \$50. All agreed they felt favorable about the hospital, but none was willing to increase the donation. Mayor Henry Sears summed it up by saying, "I think we are doing about all we can."

Petitions were received to pave Jackson Street, the 600 block of Bleivins Street and Avenue J. Commissioners studied the requests and decided to turn them over to the city surveyor for further study before making a decision.

Suspect Has Quick Answer

A Latin American, who is being held by county officers following his arrest Tuesday night in the Ralph Stacy home, 1st Lawton, had a quick answer when asked why he was in the Stacy home uninvited.

Mrs. Stacy said she woke up and heard someone in the room. She awoke her husband and when he turned on the lights he found the man standing in their bedroom. The suspect said he climbed through the window to get away from someone who had been chasing and shooting at him.

No charges had been filed Wednesday afternoon, but officers were still investigating.

Santa Fe Schedule Changes Go Into Effect Here Sunday

The Santa Fe Railway this week announced schedule changes on passenger trains serving Hereford. The changes will become effective Sunday.

Trains 3 and 4, which have been operating between Carlsbad, N.M., and Kansas City, will operate through to Los Angeles on an earlier schedule through this section of the country.

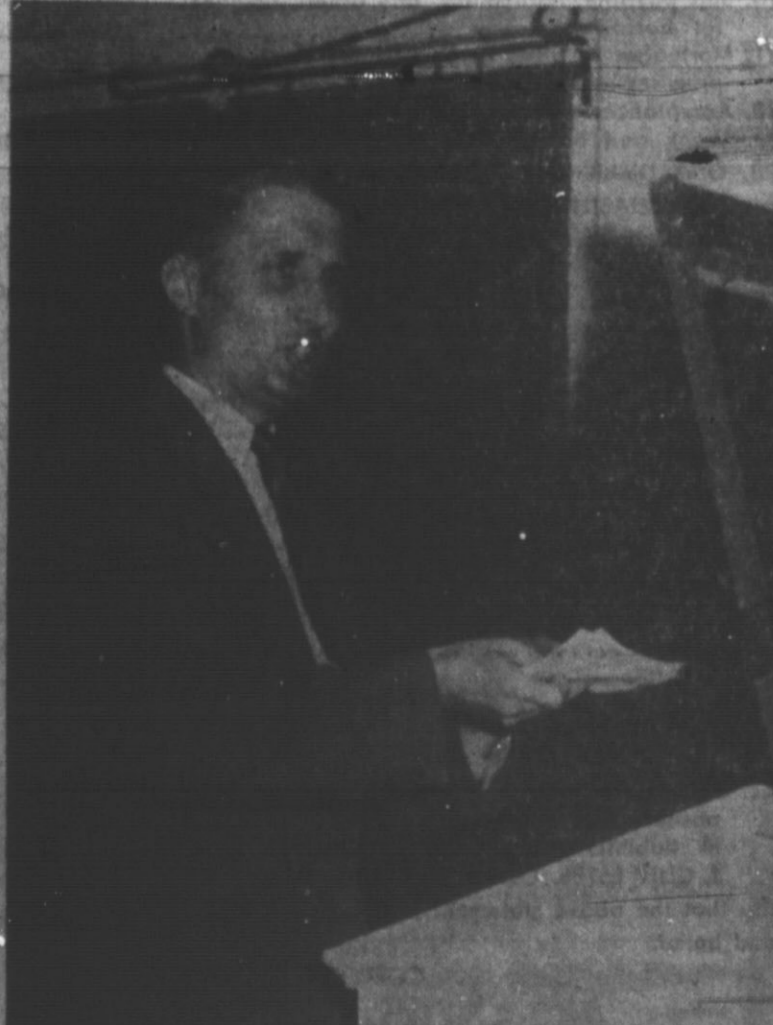

Train 3, which is west bound, has been reaching Hereford at 12:15, but beginning Sunday it will make its run through here at 10 p.m. East bound train 4, which has been arriving here at 5 a.m., will now reach Hereford at 1:49 a.m.

Two other east bound and west bound trains will continue to serve the city. East bound trains are train 2 at 4:54 p.m. and train 24 at 5:14 p.m. West bound trains are train 23 at 9:45 a.m. and train 1 at 10:27 a.m. Trains 23 and 24 will supply local passenger service. G. T. Slaughter, Hereford station master said, while the other trains can be flagged by passengers whose destination point is at least as far as Kansas City or Bakersfield, Calif.

A Santa Fe official said the restored trains 3 and 4 will function primarily as fast mail trains via the Southern District, and at the outset will carry chair cars and a snack car between Kansas City and Los Angeles and a chair car between Kansas City and Bakersfield, Calif., which will move on connecting trains north of Bartow, providing service to San Francisco, with a change at The Golden Gate streamliner at Bakersfield.

West bound train 3 will leave Kansas City at 10 a.m., arrive at Amarillo at 8:55 p.m., leave Amarillo at 9:15 p.m., arrive at Clovis at 10:55 p.m. (CST). Departing Clovis at 10:05 p.m. (MST), the train reaches Los Angeles at 7:30 p.m. the second evening.

Going east, train 4 will leave Los Angeles at 11:30 p.m., into Belen at 7:30 p.m. and out at 7:40 p.m. the following evening, reaching Clovis at 11:45 p.m. (MST). Leaving Clovis at 12:55 a.m., train 4 will reach Amarillo at 2:45 a.m. and leave at 3 a.m., reaching Kansas City at 3 p.m. the same day. (Continued on Page 2)

HEINZ ULRICH, retail credit specialist from the University of Texas, is pictured addressing more than 60 Hereford credit employees during one of his lectures here sponsored by the Chamber of Commerce. Here he is explaining the small claims court. (Staff Photo)

THE ANNUAL FACULTY STEAK FRY was held Tuesday night in the Shirley school gym. The party was for the teachers and their husbands or wives or guests, at which 163 were present. New officers were elected and are, from left to right: L. C. Thomas, outgoing president; Bill Phillips, vice president, Mrs. H. V. Stanton, treasurer, and O. D. Lowry, president. Mrs. Elizabeth Bonasio, who was not present for the picture was elected secretary. (Staff Photo)

Washington Has Two Ardent Backers Of Big Bend Park

WASHINGTON—Big Bend National Park now has two ardent boosters in the official Washington lineup. And both of them can be counted upon to keep plugging for their positions here, for further development of the vast southwestern area.

One is Lemuel (Lon) A. Garrison, superintendent of Big Bend from 1952 until last January, now chief of the conservation and protection branch of the National Park Service.

The other is Rep. J. T. Rutherford of Odessa, whose district includes the 1,100 square mile park.

Both are dedicated to the cause of making Big Bend an international park. This proposal calls for Mexico to set aside approximately the same area of land, 700,000 acres, directly across the Rio Grande from Big Bend, for extending the park south of the border.

Garrison, 51, is an old time rancher, a 6-footer with an out-of-door look, who appears out of place seated at a big desk in the large Interior Department building, which is headquarters of the park service. Most of his 23 years in the service has been in the field, helping run such parks as Yosemite, Glacier and Grand Canyon.

his dream of a park; Frank Quinn, of the Texas State Park Board; Federal Judge Ewing Thompson, El Paso, and Amon G. Carter, publisher of the Fort Worth Star Telegram.

Garrison occasionally goes to the Capitol and calls on Rutherford. They always discuss Big Bend and their dreams for its future.

"I never overlook an opportunity to inform people here, including my own Texas colleagues, of the wonders of the Big Bend country," said Rutherford.

"I hope some day to get up a special trip of some kind to get a lot of these folks out there and see for themselves."

Rutherford and Garrison also promote the international park idea whenever they get a chance with Mexican diplomatic personnel here.

Garrison recently received three letters from Mexicans whom he had known well as Big Bend superintendent. They wrote primarily to congratulate him on his promotion to his new job here, but each mentioned the idea of an international park.

Roberto Riveroll, vice president of a large bank in Torreon, Coahuila, wrote:

"I know that in your new position you will continue to support the possibility of the project to create the international park between Mexico and the United States." Gustavo Ortiz Herman, executive director general of the Mexican tourist bureau, wrote:

"You have proved to be such a good friend of Mexico and your work for the creation of an international park between the United States and Mexico has been so enthusiastic, that we cannot help feeling that your departure creates some sort of a vacuum."

THAT SURE WAS GOOD FOOD at the Faculty Steak Fry held Tuesday night at the Shirley School gym. The above teachers are filling their trays and having a good time. (Staff Photo)

Telephone....

(Continued from Page 1) Douglald gave the financial report and A. O. Thomas, general manager of Southwestern Bell Telephone Co., gave the principal address of the day.

Coffee and doughnuts were served to everyone present. Door prizes went to Robert Wilson, W. H. Alderson, F. Y. Morman, Mrs. Ruby Nunn and J. D. Gilbert.

Santa Fe.....

(Continued from Page 1)

Reason for the change in time given by Santa Fe officials was this: "The night schedule was maintained for the convenient dispatch and receipt of the mails, and when the postal officials announced their intention of establishing highway postal service, it no longer became necessary to operate the train at night."

Railway officials said that trains 23 and 24 will operate on approximately their present schedule, but will be routed into and out of Albuquerque for consolidation there with the northern section of that train, between Albuquerque and Los Angeles.

"The Southern section through Amarillo will carry snar cars and mail east of Clovis," Santa Fe officials said. "At Clovis, consolidation with the South Texas service will add to it a Dallas-Los Angeles sleeper, and chair car and a lunch-counter diner for service between Clovis and Albuquerque."

Around....

(Continued from Page 1) ballroom, Bridge, canasta and forty-two will be played with all the money received to go to the Cancer Crusade fund. Beta Sigma Phi is sponsor of the event.

Bull Barn Features Title Bout

Two main events will feature the Bull Barn wrestling card this week.

In the first main event, George Lopez of Mexico will take on Jim Larock of New York in a two out of three falls, one hour time limit event.

The second main event will match Bob Geigel, southwestern states junior heavyweight champion, against challenger Chet Wallick in a title match. The bout will also be a two out of three falls event, but it will have a 90 minute time limit.

Wrestling begins at 8:30.

Hereford.....

(Continued from Page 1)

It is a form of suicide, a desire to eat oneself up." During the luncheon, Mrs. Geo. Graham announced 31 life memberships to be given. There were three in Hereford, Don T. Martin and D. C. Martin, principals, and Mrs. Homer Brumley, retiring president of local P-TA.

I-A Golf....

(Continued from Page 1)

definitely will not be favored, but we surely will give them a run for their money." Brownfield and Shamrock will be top-seeded to take the championship. Shamrock has taken the title for the last two years.

Hereford has played the Irishmen only once this year. They (Hereford) lost to the Irish by only six strokes, and Whiteface improvement may narrow or even overcome this small advantage.

The boys, along with instructor Don Martin, left this afternoon and will be rested and "raring to go" Friday. They will play 18 holes Friday and 18 more Saturday. If they are victorious, they will travel to Austin to enter the state meet May 6 and 7.

Hospital Notes

Patients in Hospital

F. W. Patton, Mrs. J. L. Park, Mrs. Carl D. White, George O. Thompson, Mrs. Ira Thomas, Mrs. Iretta Roach, Mrs. Lois Hurst, Jeanne Lea Owen, William Dameron, Sharon Hodges, Eva Lua Pena, Mrs. J. C. McCracken, Earl Cole, N. E. Milburn, Mrs. Doyle Turner, Janell Mary Chambers, Paulo Martinez, Mrs. G. A. F. Parker, Mrs. Don Hooper, Mrs. Claude Witherspoon, Jonathan Pittman, Mrs. D. W. Allmon.

Patients Dismissed

J. W. Capshaw, 4-19; H. M. Thomas, 4-19; Mrs. V. O. Hennen, 4-16; Mrs. W. H. Miller, 4-19; Mrs. Minnie Kelly, 4-18; Mrs. Mary Reinhart, 4-19; Mrs. Mabel Dones, 4-19; Anna Sue Taylor, 4-19; Margaret Garcia, 4-18; Mrs. Alyndra Saiceda, 4-18; Mrs. Catherine Cortez, 4-16; Judy Fay Ward, 4-16; Irene Costillo, 4-16; Mrs. Glynis Neal, 4-16; J. E. Stengel, 4-16; Ed Blakney, 4-16; D. R. Carmichael, 4-16; Mrs. Raymond Higginbotham, 4-17.

Births

A daughter to Mr. and Mrs. Don Hooper, April 16.
A son to Mr. and Mrs. Doyle Turner, April 17.

Legal Notice

NOTICE TO BIDDERS:

The Commissioners Court of Deaf Smith County has authorized me to advertise for bids to be opened on the 9th day of May, 1955 at 10:00 AM at their regular meeting on the following machinery:

Two Electric Road Sweeping Magnets, length to be six (6) feet each, to be equipped with 5 KW Motor Generator set and control panel, for operation of both magnets. This equipment to be for precinct One (1), Deaf Smith County, Texas.

Said bids to be received at the office of the County Judge and to be opened by the Commissioners at their regular meeting May 9th, 1955, at 10:00 o'clock AM. The Commissioners Court reserves the right to reject any and all bids.

H. E. Henslee, County Judge Deaf Smith County, Texas. T-15-2c.

A son to Mr. and Mrs. Alyndra Saiceda, April 18.

A daughter to Mr. and Mrs. Evan Lena Pena, April 19.
A daughter to Mr. and Mrs. Carl White, April 19.

Household Hints

Springtime dessert: place sliced sugared strawberries in the bottom of sherbert glasses; cover with tapioca cream and garnish with whole strawberries.

Here's a delicious sandwich spread: mix soft cheddar cheese with chopped walnuts or pecans and pimiento-stuffed olives. If you are serving these at a party, use the spread for rolled sandwiches and put a sprig of watercress in the end of each roll.

Ever try molasses malted milk? Just mix a tablespoon of molasses with three tablespoons of malted milk, then gradually beat in one cup milk until smooth.

Raw cauliflower tastes good in a salad when it is teamed with orange slices, green pepper strips and celery crescents. After washing the cauliflower in cold water and draining, separate it into small flowerets. Serve this salad with a tangy French dressing and lettuce or romaine.

If steam gets into semi-sweet chocolate when you are melting it, the chocolate may become lumpy. So when you melt this chocolate, do so in a double boiler over hot (not boiling) water and you will not have steam getting into the chocolate.

Fresh beef brisket may be served hot or cold. If it is to be offered cold, allow the meat to cool in the cooking broth, then chill.

If your pet bird has a sore eye, bathe it with a warm boric-acid solution.

ANNUAL MEETING OF THE AMARILLO DISTRICT DEOCESAN COUNCIL of Catholic Women was held Tuesday at the Hotel Jim Hill. In the afternoon, the election of officers was held for the coming year. Officers elected from left are Mrs. R. B. Brands, of Amarillo, elected historian, Mrs. Lawrence Jentzen of Vega, vice president, and Mrs. Ed Loerwald of Hereford, president. (Staff Photo)

Walcott News

By MRS. T. L. COLLINS
 Carl Myers, son of Mr. and Mrs. Al Myers, broke his right arm just above the wrist, at his home Saturday morning. Carl's arm was set at the Hereford hospital and is now doing fine.
 Mrs. A. W. Ward of Cordell, Okla., mother of Mrs. D. B. Roberson visited here last week. She was taken to Canyon on Thursday.
 Mr. and Mrs. Robert LaFever and his mother, of Sacramento, visited with Mr. and Mrs. Jack Weaver and family on Mr. and Mrs. Jimmy Stocks, on Friday and Saturday. Mr. LaFever is in the Air Force and is to be located in Ohio. Mrs. Weaver, Mrs. Stocks and Mrs. LaFever are sisters.
 Mrs. Roy Pruitt had a birthday on Thursday April 14. She and her family were honored with a Sunday dinner in the home of Mr. and Mrs. M. M. Bussell. Mr. and Mrs. Charlie Hoover and Charles were present for the occasion.
 Mr. and Mrs. J. V. Perrin and

boys are proudly driving a new Buick these days.

Mr. and Mrs. Herschel Burrus and family enjoyed an outing at Buffalo Lake Sunday afternoon.

Bruce Neil Collins had his 15th birthday Tuesday. Since the weather changed to very damp, windy and cold, chili and apple pie were served to his close neighbor, Bob Perkins, his parents, Mr. and Mrs. T. L. Collins and the Walcott school board members, Ellred Brown, J.V. Perrin, Herschel Burrus, and Jack Weaver. Bob and Bruce played games during the evening.

Mr. and Mrs. Walter Neinst and girls visited this weekend with the A. F. Neinst family in Andrews.

Mr. and Mrs. M. L. Preston spent the weekend in Meirose with old family friends Mr. and Mrs. George Downing.

Two families have just moved from this community. They are the A. J. Walker family who will live near Canyon, and the J. S. McCullar family who will live in Hereford. We regret the loss of each but wish them God's speed.

Mr. and Mrs. T. L. Collins, Raymond and Bruce, drove to Canyon Sunday morning, and attended the church services there. In the afternoon, their friends Mr. and Mrs. M. S. Downing, Shannon, Gerald and Stephen of Canyon accompanied them to Palo Duro Park. Here they were met by Mr. and Mrs. Reynold Sanders, Verita and Kit, of Hereford. Also with them was Wanda Kimbrough. This completed the planned group who together helped Raymond Collins celebrate his 19th birthday. After sight seeing, hiking, visiting etc., a picnic supper was enjoyed by all. The honoree was wished many more happy birthdays. Kit Sanders, Gerald Downing, and Raymond Collins are all students at West Texas State.

Walcott R-TA will meet this Friday night, April 22, at 8 o'clock. The Deaf Smith County Home Demonstration Chorus will be our guests. New P-TA officers are to be elected. Hostesses for the evening are: Mrs. S. D. Duffer, Mrs. Don Guseman, and Mrs. Clarence Hall. Each family is asked to bring a pie for refreshments.

SOME KITTEN

SACRAMENTO, Calif. — Ralph Snow's 9-year-old orange and yellow cat named Duke weighs 30 pounds.

CHINA DRAWS STUDENTS
 TOKYO — Red China says that nearly 1,000 students from 14 foreign countries are studying there. Most of them are from Russia and iron curtain countries. But Peiping says there also are students from Finland, India and Indonesia.

Cut raw carrots and celery in pieces about the same size; cook together in a small amount of boiling salted water just until tender. Drain and add to a well-seasoned cream sauce, turn into a casserole, top with buttered crumbs and brown in a hot oven or under the broiler. Delicious for a company meal featuring roast beef or lamb; good with chicken or duck, too.

Any cooked corn on the cob left over? Cut the kernels from the cobs with a sharp knife and heat with butter, salt, pepper and minced green pepper.

No sugar is necessary in cooking prunes because this dried fruit is naturally sweet.

SKINNY?

Amazing New Discovery PUTS POUNDS, INCHES FIRM FLESH

On Thin Folks When Underweight is Caused by Poor Appetite or Poor Eating Habits

Men, women and children in normal health but thin, skinny, and underweight, who don't like overeating or cramming with fatty oils, sugary tonics or expensive vitamins should test wonderful new WATE-ON. It's the all-in-one, concentrated meal of weight building calories you've long heard was coming! What's more, it's easily digested, and instead of being wasted goes to put firm flesh on cheeks, necks, arms, legs, hips, legs, ankles... Yes, WATE-ON puts pounds and inches of firm solid flesh on all over the body. WATE-ON makes for better digestion of fats, fights fatigue, low resistance and poor endurance, gives quick energy, provides a rich source of bone-building Vitamin D and new red blood building Vitamin B-12, so successful in hospital tests building up children. Pleasant, fast, effective. WATE-ON is HOMOGENIZED! Folks report gains of 2, 4, 5 pounds... even 10, 15, 20 pounds in a short time. It's amazing!

TRY AMAZING NEW WATE-ON
 HOMOGENIZED LIQUID EMULSION
 (Also Concentrated Powder)

Fortify weight-maintaining meals as directed with WATE-ON, either LIQUID EMULSION or CONCENTRATED POWDER. Only \$3.00 for full 16 oz. or \$5.50 for 32 oz. Family Size. You must be satisfied with weight gain in first 10 days or return empty bottle for money back! Don't be skinny when WATE-ON starts putting on firm flesh fast!

When underweight is caused by disease take WATE-ON under direction of your doctor. Ask your druggist for genuine, original WATE-ON.

About the weather! I am getting worried. Honest. Along back some three weeks ago I came out with a prediction that we would have some nice moisture between April 15 and May 15. Maybe one gully-washer, along with several nice showers. Before I got through writing the column in came Jim Lipscomb with the same prediction. It looked like a cinch. Two old weather men in perfect accord. I even predicted a dust storm or two before the moisture really got rolling. Now what happens? The U.S. weather department came out this week with their 30-day forecast and

they made the same prediction to the letter. They predict a minimum of one and one-quarter inches between April 15 and May 15, and even went so far as to say that we may have some spotted gully-washers.

This has me worried. Those government forecasts are usually off the beam. In fact, that is my general method of predicting. I take their predictions and go just the opposite. Maybe they got hold of a Brand up in Washington and just copied down my forecast. Got on the band wagon, so to speak. If this is what happened, everything will be OK. However, if they made the forecast through regular government channels, I am worried. Maybe I am slipping. I hear rumors that Lipscomb makes his forecasts with the onion ring method. Jim, incidentally, says that we are beginning to go into a "wet cycle" which will last for 11 years.

Around 1950 is the year to really batten down the hatches.

Once upon a time you could go to the annual Press Meetings and forget your troubles for a couple of days. Like everything else, these meetings are changing, however. Last Friday they had the meeting in Amarillo and, among other things, the program included a panel of expert grippers. It was the object of these four people to tell what was wrong with the newspapers from four different angles. The mayor of Canadian criticised from the standpoint of a public official, the Southwestern Public Service manager from Canyon picked up from the standpoint of a business man; an Amarillo lawyer slugged away from the professional standpoint and a Wheeler housewife issued a tirade from the female angle.

I'll say one thing, such an atmosphere, sure makes a newspaper man feel at home. Furthermore, these four critics may have been technical experts, but we have a few amateurs right here in Hereford who can do just as good a job—without any preparation.

I'll have to admit that they were instructive, though. Especially the Wheeler housewife, Mrs. Gordon Stiles. She says the newspapers remind her of a woman who sits at home and orders her groceries over the telephone. She admits they usually have something to eat but pointed out how much more interesting would be the menu if the reporters "went to market" and actually saw what was offered. One of her most interesting comments was about advertising. Mrs. Stiles says that "advertising is news." Sometimes, the best and most important news in the paper. She pointed out the importance of food specials, but also said that announcements of "new merchandise" also hold a parallel spot in the heart of the average housewife.

"Advertising is the consumer's partner," she declared. We had heard this many times from newspaper men, but I believe it is the first time I have heard the statement from a Panhandle housewife.

"Sluggo" Ben Ezzell was possibly the most thoroughly kidded fellow at the convention. This was due to a recent attack upon him by an irate candidate, who failed to completely agree with Ben's editorial policy. For the benefit of his Hereford friends, we don't know any more about the deal than you know. Ben took a lot of kidding, and did a lot of grinning. Also saw Amos DeWolfe, another former Brand employee, Amos is now in Guyton, Okla., and is still the same old Amos.

We were mighty happy to win the first place award on special editions for 1954, of course. This award was made on our Pioneer Edition of last year—and it reflects a lot of credit upon the entire Brand staff. Any award, especially a special edition, is the result of team work, good equipment and the desire to do your job just a little bit better.

Another interesting note of the convention this year was the Saturday noon lunch, which was staged right in the big middle of the KGNC-TV broadcast room. A lot of people have all said they saw me in the broadcast. In fact, some say I was on the north side, some had me on the south side and a

THESE LUCKY GIRLS LEFT FOR THE Annual State Future Homemakers of America meeting at Galveston Wednesday morning. They will stay through Sunday. The girls went by a train from Amarillo carrying 110 girls, also going to the convention. The estimated attendance at the convention is 2500 girls, two from each chapter. Those attending from Hereford's two chapters are the above from the left: Dolores Loerwald, Sue Springer, Kay Barnard, and Dolly Paetzold. Mrs. J. J. Durham will accompany them. (Staff Photo)

few thought they saw me out in the middle. I think every time they saw a baldheaded man, they must have figured it was me. I really was on the north end, about eight feet from Bob Izzard while he was giving his newscast.

I was also thoroughly disillusioned. Bob looks like a 16-year-old high school senior in the flesh, whereas he appears to be around 30 on TV. Those buildings in the background of his newscast are also misleading. The photo is small. Very small. About four feet wide and two feet high. Those weather instruments are also very small. Not any larger around than a small size saucer—and the entire panel does not cover more than eight feet in width. Pappy Watson said that it is "a trick of the trade." Shelly Critser sat nearby and he said that the broadcast room alone included around \$300,000 in equipment.

Also interesting to note was the large number of yellow shirts and other yellow garments worn by the staff. Yellow, it seems, is the ideal color for TV. It does not reflect light as would white and it shows up white on the camera. Bob Izzard said he always wears yellow. Actually, you never know what is going on around the place. They push buttons and switch cameras so often that amateurs cannot begin to keep up with the events as they occur.

It also struck me as odd that all of the TV "front" staff were old radio men. KGNC imported some technicians and camera men but for the most part their general staff is composed of folks who have been known for years over the radio station. This was

Youth Injured In Scooter Accident

An accident occurred Tuesday when a 1954 motor scooter driven by Jimmy Bradley ran into the back of a 1954 Buick driven by Helen Kent. The accident happened as the two vehicles were going east down Park Avenue. When the Buick stopped, the motor scooter failed to stop in time. There were no damages, Jimmy Bradley slightly injured his hand.

for Gordon Suits, J. B. Lynn, Hank Brown and most of the others. I wonder if the same is true all over the country?

MEET THE TEACHER -- Mrs. Tommy Braddy, a teacher in the fifth grade has taught here for the past four years. She was born in Amarillo and attended college at WT. (Staff Photo)

Long Time Ago

Forty Years Ago
As a result of the visits of W. L. Rockwell of the irrigation bureau of the U. S. Department of Agriculture and of E. P. Fuller, independent expert from Portales, the irrigation projects now on foot were given a heavy impetus and put a whirl of talk in motion.

Messrs. Rockwell and Fuller examined carefully the McDonald well, two miles south of town, and both pronounced it a big success. The former test of 750 gallons with a temporary outfit was eclipsed by the new pump and gasoline motive power by a flow of 1060 gallons per minute without cessation for a period of 10 hours. The pump has continued at that rate every day this week and the water is being used to irrigate a field of oats.

Monday afternoon the city council with all members present and the new mayor, J. H. Head, presiding, attended to several things of importance. The first thing was to fix the water rate at \$1.50 per month. This is a flat rate.

C. L. Sullivan was appointed fire marshall and will have charge of the fire company and in case of fire will direct the work of handling the wagon and hose and a general oversight in fighting fire. This will reduce the fire insurance key rate. The council decided to advertise for bids from the banks to keep up the city funds.

Twenty Years Ago
The new Farmers Elevator and store house is now almost completed and will be opened for business the latter part of this week. The new plant has been equipped with the best elevator machinery that money can buy and the owners are here this week getting acquainted with their new surroundings. The new firm will also handle the celebrated Gold Medal commercial stock and poultry feeds.

The opening day of the new elevator has been announced in The

Brand this week as Saturday, May 3, when a number of prizes will be given to the ones who can guess nearest to the number of pounds of nails used in the construction of the elevator.

The city Western Union telegraph office has been installed and is now ready for service just as soon as an operator arrives. The new office will be located in the Kerby-Daughy building on West Third Street, and has been fully equipped with the necessary furniture and instruments to start business at an early date.

Field Day Set In Parmer County

Deaf Smith County farmers and their wives have been invited to attend a soil conservation field day April 26 at the Rene Sneed farm near Hub. The field day is sponsored by the Parmer County Soil Conservation District.

Talks by Jay Boston of Hereford, Dr. A. W. Young of Texas Tech and Gilbert Kaltwasser of Farwell are planned.

Miss Corinne Sunson, home demonstration agent, will lend a tour of women to the James D. Mabry farm where they will see a home-stead improvement demonstration. The field day tour will begin at 1:30 p.m.

SHOED INTO PRISON

NORFOLK, Va. (AP)—James Andrew Washington Evans, 35, a man who went burgling barefoot, told the judge he took up stealing when, try as he would, he couldn't earn enough money by working for it. Evans, a former \$5,800 a year estimator-planner at the Naval Air Station, was sentenced to 10 years in prison on his plea of guilty to 16 felony charges—14 burglaries, 2 attempts. He left his shoes behind on one job and that gave police their lead.

Tornado Fact Sheet Released

For a review, Civil Defense and Red Cross issued the following information compiled from bulletins received, on tornado information.

Where tornadoes can occur? Any place in the United States at any time of the year. They happen most frequently in the midwestern, southern and central states from March through September.

How often do they occur? The records show that the average number of days with tornadoes varies from 12 per year (Kansas) to one in 36 years (Nevada). The national average is 153 tornadoes a year.

How to recognize a tornado? Usually observed as a funnel-shaped cloud, spinning rapidly, and ex-

tending toward the earth from the base of a thundercloud. When close by, it sounds like the roar of hundreds of airplanes.

Tornado Weather: Hot, sticky southerly winds and a threatening, ominous sky. However, many such days occur without tornadoes.

Clouds: Familiar thunderstorm clouds are present. An hour or two before a tornado, topsy-turvy clouds appear sometimes bulging down instead of up. The clouds often have a greenish-black color.

Precipitation: Rain, frequently hail, preceding the tornado, with a heavy down pour after it has passed.

Time of Day: Mostly between 3 and 7 p.m., but they have been known to have occurred at all hours.

Direction of travel: In nearly all cases they move from southwest to northeast.

Length of path: Usually 10 to 40 miles, but they may move forward 300 miles.

Speed of travel: 25 to 40 miles per hour average, but they have varied from 5 to 139 miles per hour.

Wind Speed: Estimated as high as 500 miles per hour within the tornado.

Causes of destruction: (1) Violent winds which uproot trees, destroy buildings, and which creates a serious hazard from objects blown through the air. (2) Differences in air pressures which can lift automobiles and can cause buildings to collapse.

Deep-dish chicken pie gets new and interesting flavor if you add curry powder to the pastry topping. Use a quarter teaspoon of the curry to a single-crust pastry recipe.

Three Accidents Cause Damages Totalling \$264

Three accidents occurred Saturday causing an estimated \$264 worth of damages.

The first vehicle mishap occurred when a 1954 Ford, driven by Garland D. Adams, and a 1941 Chevrolet, operated by Bennie Merle Cox, collided while both cars were traveling east of Highway 60. As Adams was passing the Chevrolet, Cox attempted a left hand turn and his vehicle hit the Ford on the right front door. Adams was ticketed for improper passing and Cox for failure to give a hand signal.

The second accident took place

at the intersection of Second and Sampson Street. A 1955 Chevrolet, driven by Bobby Lee Fores, collided with a pickup driven by Herbert V. Crawford. Fores was attempting to make a left hand turn off of East Second on to Sampson when the wreck happened. Fores was charged with failure to grant the right-of-way.

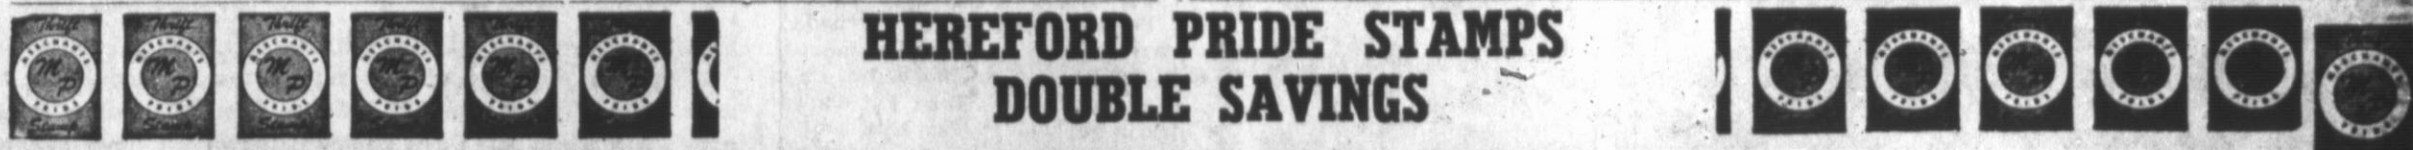

The third collision involved a 1950 Dodge, driven by Curtis B. Thomas, and a 1947 Plymouth, driven by Choice DuRoden. The two cars collided at the intersection of Park Avenue and Highway 60, when Thomas' car, going north across the highway onto Park Avenue, was hit by DuRoden's car, which was traveling down Highway 60. Both drivers were given tickets for failure to grant the right-of-way and collision by speeding.

MAMMOTH RUG
YOUNGSTOWN, Ohio (AP)—Max Guy Brown, a housewife from nearby New Springfield, says she used five miles of thread in making a hand-braided rug 31 by 41 feet.

The rug covers the living room of her ranch-type home.

MEAL TIME FUN
Baby can have entertainment along with his meals, with a new "Somersaultin' Sam" plastic doll which can be set on the high-chair tray. The sanitary plastic doll, which always lands right side up, comes complete with a baby silver fork and spoon.

Pads used for applying floor wax should be washed each time they are used; if they are not washed they will become stiff and hard to work with.

New Officers Are Elected By Garden Beautiful Club

New officers were elected at the Garden Beautiful Club meeting held in the home of Mrs. E. W. Hobson Friday afternoon. Mrs. Helen Pipkin was cohostess. Mrs. Robert Veigel will head the group as president with other officers including Mrs. D. C. Kinsey, first vice-president; Mrs. N. D. Bartlett Jr., second vice-president; Mrs. P. P. Lyons, third vice-president and historian; Mrs. Douglas Townsend, recording secretary; Mrs. Chas. Hood, corresponding secretary; Mrs. Lisle Woodford, treasurer; Mrs. Frances Houston, parliamentarian; and Mrs. J. B. Barlin, reporter. Plans were made during the business session for the next meeting when members will each show a floral arrangement for judging. Arrangements for the day were made by the hostesses including jonquils, pussywillow, arab apple blossoms and a tiny arrangement

of pansies. The program was given by Miss Jean Chapman, English exchange student in Hereford High School, who told of gardening in England, explaining how so much moisture aids the growth of plants. She told of the differences in the school systems and gave her reasons for becoming an exchange student. She also told of a bus trip planned for exchange students in the U.S. before returning to their respective homes. Members present were Mesdames Howard Armstrong, George Graham, Chas. Hood, Frances Houston, D. C. Kinsey, F. P. Lyons, Dick Miller, Helen Pipkin, D. B. Roberson, Mary Seigler, E. W. Solomon, W. J. Stanford, Robert Veigel, Lisle Woodford, Townsend Douglas, N. D. Bartlett Jr., Ansel McDowell and the hostess.

ACCORDING TO PLAN STAMFORD, Conn. (AP) — Alan Diedrickson, 11, of Darien, was out for top honors in a "Weird Pet Contest" at a local theater, and he got them. Woodie, his deodorized skunk grabbed first prize of a \$25 savings bond. In the wings were Alan's reserves: two wife mice, a cat, four turtles, a snake, frog and a toad. Make sure an electric appliance is cool before you wrap its permanently attached cord around it.

Beauty Expert Gives Suggestions On How To Properly Use Hair Rinse

By VIVIAN BROWN
AP Newsfeatures Beauty Editor
Do you grope for a word to describe the color of your hair? Do you try to avoid using the term "mousy" or another that comes to your mind, in favor of a more euphonious one that you can't seem to find? If so, you're probably suffering from Drab-itis above the eyebrows. Many women who groom to the teeth and perfume to the season fall into this category. Their husbands will go for every other beauty whim perhaps, except hair dye.

A CLEAN HEAD -- Necessary to a good hair coloring effect.

"So you're getting gray? I like it that way." That's a typical husbandly comment. But most men are creatures of habit, and must be sold little by little. They were that way about chopping the hair off. Now some can't get it short enough. They screamed at short skirts. Now they shriek when hems go down a half-inch.

GONE, MOUSY HAIR -- New highlights are result of home color treatment.

One way to indoctrinate you man to a hair color change is with the color rinse. That way you may lighten your hair bit by bit and he may never notice. If he puts up a fuss—just rinse the color right out of your hair.

Choose a rinse close to your own shade, and work from there slowly. A gold shade makes a drab blonde look more blonde, a sun bronze shade gives the hair a red-gold cast and an amber brown may produce a brown-gold shade. Medium brown hair may be perked up with a red-gold sheen or a henna bronze or dark copper or gypsy brown shade.

You can't go wrong with a shade near the one you owned originally, as designed by Mother Nature who knows what's best. But don't try to go back to your baby hair. Your skin tone has changed since then. Choose a shade you liked after maturity.

A color rinse can perk up winter-drab hair looks discolored by permanent waves, and can conceal silver or white hairs that have

APPLYING COLOR -- The applicator helps give an even distribution.

suddenly appeared. There are 14 shades to choose from. A color applicator gives an easy distribution so that the rinse solution may saturate the hair close to the scalp. The remaining solution is diluted and poured through the ends to help achieve the desired natural looking shade.

AUTOMATIC FIRE ALARM NEW ULM, Minn. (AP) — A fire in Dr. F. H. Dubbe's office turned in its own alarm. It melted a soldered pipe joint in the closet where it started. The water dripped on the floor and soaked through the ceiling. Investigating the source of the leak, a policeman found the fire and doused it quickly.

A part of the herd of 200 buffalo that roams the Reynolds Land and Cattle Company's X ranch in Jeff Davis County is shown here. The herd is described as the largest in the state. Rep. Richard C. Slack of Pecos has introduced a "buffalo hunt" bill in the

legislature to allow the Reynolds family to realize some income from the animals they have nurtured for 40 years. State law now prohibits killing buffalo except bulls over 10 years old and stags. (AP Photo)

Problem Of Moving Buffalo To Big Bend Park Studied

KENT, Tex. —The talk in the Texas Legislature of allowing "buffalo hunt" isn't likely to result in any spectacle reminiscent of the Old West.

The biggest herd of buffalo in the state is 21 miles south of here, on the Reynolds Land and Cattle Company's X ranch in Jeff Davis County.

Those who have seen the Reynolds herd of 200 bison say it would just be a matter of walking up to them, choosing your beast, aiming and pulling the trigger.

They are just about as tame as the Herefords with which they graze.

A more interesting proposal, insofar as spectacles are concerned, is that several of the buffalo be taken to Big Bend National Park in Brewster County.

The Reynolds Family has agreed to give several buffalo to the park. But they haven't figured how to get them there.

Buffalo don't "drive" easily. And the usual fence isn't much of a barrier for them.

"They will just walk up to a net wire fence, put their head against it and start walking," explains W. D. (Will) Reynolds, president of the ranch. "They are hard to drive because they get panicky

and I doubt if there is a truck in the country that could haul them."

It's figured there would be few, if any, fences left between the ranch and the park if the animals were started on a drive. If they are hauled (if a sturdy enough truck is found) they may first have to be trussed up like a Thanksgiving turkey. That's an undertaking few here want to be in on. Rep. Richard C. (Dick) Slack of Pecos introduced the "buffalo hunt" bill after conferring with Reynolds. State law now prohibits killing buffalo except bulls over 10 years old and stags.

The lawmaker's proposal was that an owner could sell or kill younger animals with approval of the Game and Fish Commission. It would allow the Reynolds family to realize some income from the animals they have nurtured for 40 years.

"The animals are hard to handle and eat about as much or maybe more than a cow," says John Reynolds, manager of the ranch. "We feel that if there is to be a hunt or a killing we should get some of our money back."

Howard D. Dodgen, executive secretary of the Game and Fish Commission, estimates there are

about 500 buffalo in Texas, with several herds of 10 to 20 animals. The Reynolds herd provides a thrill for tourists on the scenic loop road between Kent and Fort Davis. The pasture in which they stay is immediately to the right of the highway.

Household Tips

There are three ways to make an old-fashioned sewing machine attractive. Make a ruffled skirt for it, dressing-table fashion, out of fabric that matches the draperies or upholstery in the room in which the machine is placed. Paint the wooden part of the machine in a striking color and give the metal legs and foot treadle a coat of black enamel. Or enamel the entire machine in a color that matches the walls of the room.

Freshen drop cookies by reheating them in a covered casserole in a slow oven for 8 to 10 minutes. Crips cookies may be freshened by putting them on an ungreased cookie sheet or in a shallow pan in a slow oven for 3 to 5 minutes.

When you are arranging a cold meat tray for a party, choose meats that are varied in flavor, texture, color and shape. They will

look most attractive if they are placed in an orderly design. If some of the meat slices are large, cut them in two. Place garnishes in the center, at the ends or the sides of the platter.

Shape smoked cheese into balls, then roll in chopped parsley or nuts, and add to a vegetable salad plate.

Toys made of celluloid are not desirable for toddlers because they have sharp edges when they are broken and, in addition, are highly flammable.

Choose the right pan when you cook candy. It should be large enough to let the candy boil freely without running over, heavy enough to eliminate burning, and have a tightly fitted cover to put on during the first few moments of cooking. The cover will help eliminate sugar crystals.

DISCUSSING DIVIDENDS -- Maurice Howell, general agent, explains the 50 percent dividend paid and currently expiring auto and truck policies by the Farm Bureau to Virgil Dodson, county Farm Bureau president, and George Heard, vice-president. (Staff Photo)

Forty Per Cent Dividend Made By Farm Bureau

Announcement of a 40 percent dividend by the Southern Farm Bureau Casualty Insurance Company means a savings of \$41,000.00 to farmers of Deaf Smith County, according to Virgil Dodson, president of the local Farm Bureau.

The farm leader said that about 400 Farm Bureau members in the county would receive dividend payments. The amount each receives will be half of the amount of the premiums paid during the one-year period ending March 31, 1955. Dividends will be paid semi-annually as policies come up for renewal.

This is the second year that Farm Bureau members in Texas have received 50 percent dividends on their auto insurance.

Maurice Howell, general agent and service officer for the County Farm Bureau, said that these dividends were made possible because farmers and ranchers have been found to be preferred risks.

Since the Southern Farm Bureau Casualty Company began pro-

viding low-cost insurance for farm, bureau members in Texas the premium rates for auto insurance for all farmers have decreased 20 percent, Howell said. He added that the company was able to declare a dividend of 50 percent again this year in spite of the fact that the premium rate to farmers living on the farm was lowered by 12 percent a year ago.

The 40 percent dividend totals \$1,000,000.00 for the entire state, some 51,000 members in Texas will reap this savings. The dividend became effective April 1, 1955.

Texas is one of six Southern States served by the Southern Farm Bureau Casualty Insurance Company. The others are Arkansas, Florida, Louisiana, Mississippi, and South Carolina. The Farm Bureau in these states own and control the company. Assets of the company at the end of 1954 amounted to \$12,128,401.54.

CHIP SHOTS

By Bud Posey
The Hereford High School golf team won first place in the District 1-A Golf Tournament held on Friday at the Amarillo Country Club. Phillips High School finished second, 22 strokes behind the Hereford team. Other teams entered were Canyon, Dumas and Perryton.
Keith Hodges, Charles Seed, Dale Taylor and Jeff Minton all received medals for winning first places. Hodges was medalist for the tournament and received a medal and certificate for this honor. Alternates for the local team were Donald Bridges and Gary Southern.
The win entitled Hereford High to represent District 1-A in the Regional Tournament to be held at Hillcrest Country Club in Lubbock Friday and Saturday, April 22-23. The winning four man team of the Regional Tournament and also the medalist will represent Region 1-A at the state meet in Austin the following weekend. Hereford High School has a very good chance of going to the state meet if the boys shoot good at Lubbock. Congratulations boys. I hope you go to state.
Thirty-three dollars was raised for the cancer fund in the Cancer Handicap Tournament held at the local club Sunday. High winds kept players away, however. Winner of the tournament was Fred Sims, who had a gross score of 49 with a handicap of 21 to give him a low net of 28 and two golf balls. Other winners were Dr. J. Barnett (48-18-30; Bob Lamm (47-16-31); Bert Shacleford (41-13-31); Juanita Sims (55-24-31); and Hootie Gilbreath (49-18-31). All received one ball as prizes.
Next Sunday, April 24, at 3 p.m., a mixed Scotch Foursome Tournament is planned for nine holes. One man and one woman will be paired together and will play one ball together alternating on shots. Entry fee will be 50 cents and deadline for entries will be 2:30 p.m. Golf ball prizes will be awarded winners of the event. Just call the Pro Shop and let us know if you want to play and we will sign you up for the mixed Scotch foursome matches.

Teen Talk

Mother means well. So does dear old dad. But oh boy, can they mess up things occasionally, making life miserable for poor young 'uns. So says Judy Lewis, sophisticated young modern of Pound Ridge, N. Y.
It's not that parents go out of their way to create confusion. It's just that most parents don't cope with certain situations the way we'd like. Other parents always seem to do the right thing and your own seem off the beam.
How can parents irritate youth? Here are 10 ways that most parents manage to, according to Judy:
1. If there is a special reason for being out late, why should parents object if you take advantage of it. Trouble is they give you extra time and then resent it if you are a few minutes over that allotment.
2. When friends come to the house why does Mom burge in with soft drinks? Don't parents realize we are capable of serving our friends if we want to?
3. They have a habit of dragging out old pictures, particularly baby pictures, and reciting your baby remarks to friends.
4. Once parents know where you are going and with whom, why do they make you account for every minute of your time when you are away. Why not be satisfied to know where you are?
5. If they say you can have a party, why don't they let it go at that, instead of checking up on your decorum every few minutes. Parents should make themselves scarce when their children are entertaining.
6. If a buffet meal is to be served, why don't parents put the food on the table and then disappear?
7. Why do parents worry about kids who've just gotten their automobile licenses? If they were bad drivers, they wouldn't have passed the test. Reckless drivers could be in the old or new license category.
8. Some parents dress their kids too young.
9. Why do parents ask "what does his father do" before deciding whether daughter can date the boy. Some fathers seem to judge the boys by their fathers.
10. Why do parents constantly ask "Did you smoke a cigarette?" They keep reminding you not to do so at every opportunity even though you never give it a thought.
A good scrubbing will remove most of the skin of new potatoes. After boiling the potatoes, the rest of the skin will come off easily.
for entries will be 2:30 p.m. Golf ball prizes will be awarded winners of the event. Just call the Pro Shop and let us know if you want to play and we will sign you up for the mixed Scotch foursome matches.

Whitefaces Come From Behind To Defeat Nazareth 9-8

By BILL KNOX

After trailing for most of the game, the Hereford Whitefaces rallied in the sixth inning to edge past a spirited Nazareth club 9-8 Monday afternoon at Veteran's Park. Nazareth took an early lead and scored consistently throughout the game, but lack of strength on the mound was their main difficulty. The Whitefaces connected for eight hits, including three doubles, but Nazareth also eluded eight hits including a four-base blast by Walter Acker.

Dennis Hoelting started for Nazareth. He had the Whitefaces fooled temporarily, but lost his stuff in the second when he was hit hard. In the four innings that he pitched he gave up five runs and three hits. His reliever, Freddy Ball, never did mystify Hereford. He was clouted from the moment he entered the box, giving up four runs and five hits.

G. C. Merritt drew his first starting role of the year for the Whitefaces but failed to finish. He also tolled for four innings, surrendering seven runs and six base hits. Francis Boyd came on in the fifth and quickly extinguished the fire. In the three innings he pitched he was credited with one run and two hits. He fanned seven for an average of over two per inning and walked none. He is credited with the win, his fourth of the year. He has lost only once.

Hereford went without a run in the third and fourth, and Nazareth took full advantage of this, leading the lead with two runs in the fourth. Merritt got Schmucker on a grounder, but Jack Acker walked. Walter Acker then poled a home run over the left field fence accounting for the two runs.

Fighting back, the herd tied it in the fifth. Hagar walked and after stealing second, scored on Calloway's single. Albracht popped to shortstop, but Kenneth Walterscheid's single drove in Calloway with the tying score.

The sixth was all Hereford's. The two runs scored by the Herd in this inning probably put the game on ice as Francis Boyd relieved Nazareth with only one run in the seventh. The runs came about on a double by Bill Calloway and two singles by Taylor Sims and Danny Elliston. Nazareth's final run came on a base on balls and two singles.

STORK HELPERS

PITTSBURGH, Pa. — Ambulance drivers of the Pittsburgh Police Dept. often are nicknamed "stork assistants" by fellow officers. Now they will be entitled to the more formal title "obstetrical first aidmen." The title will be included in a certificate to be given to policemen completing a course taught by Dr. Clarence Ingram.

Fifty policemen—all ambulance drivers — enrolled for the first class.

Officer John Pektas, a member of the police force for 14 years, was the student picked as most likely to succeed. He has assisted at 44 deliveries and says: "Mothers and children all have done well."

LIGHT FINGERED
FREDERICKSBURG, Va. — Detective Hugh T. Rose spotted a janitor suspected of dipping into the petty cash box of an insurance firm after closing hours when he dusted the bills in the box with an invisible fluorescent chemical and took the serial number of the bills. When the next shortage was discovered the janitor was invited down to headquarters.

He held his hands under an ultraviolet light. And his guilt glowed. The clincher was a couple of marked bills found in his pocket.

There's Bumper Crop Of Summer Garden Fashions

By DOROTHY ROE

This is the time of year when all America moves outdoors — when the garden tools come out of the garage and the porch-furniture out of the basement.

It's also the time when Mr. and Mrs. America and all the little Americans go shopping for sturdy colorful clothes to suit this new casual way of life. The trend to country living has opened up a whole new category of leisure clothes for all ages. For this is the era when work-and-play clothes are more important than party fashions.

Alert designers have taken advantage of the trend, and have supplied shops throughout the country with the kind of comfortable, casual, colorful fashions that our door life demands.

When Mom does her gardening or lawn-mowing this summer she'll be dressed for the job, probably in well-fitting, washable Bermuda shorts and colorful shirt, with gay gloves planned for the purpose. Or she may choose a light-hearted sun outfit of brief shorts and halter top, to allow her to catch up on her suntan as she works.

Pop also has his own special do-it-yourself outfits. In sturdy denim

or cotton twill, with shirts to match, or Bermuda shorts with bright sports shirts.

The small fry demand their blue jeans, but they also blossom out in gay sun-and-play suits these days, as the family moves into the season of back-yard living.

How Can I?

By Anne Ashley

Q. How can I remove kalsomine?
A. Dampen the surface thoroughly with water, and then brush off the kalsomine with a stiff brush. If the water does not soften the kalsomine sufficiently add a very small amount of hydrochloric acid to it; but in that case, the wall must be washed afterwards with clear water to remove the acid.

Q. How can I prevent rust in the oven?
A. The oven door of the gas range should be left open after using. This will let out the warm air, and no moisture will collect to form rust.

Q. How can I remove starch from the iron?
A. If the iron has become coated with a film of starch, run it over a sheet of fine sandpaper and the iron will be perfectly smooth once again.

Q. How should chamois skin be washed?
A. A chamois cloth should be washed in soapy water, rinsed in

water of the same temperature and pressed carefully on a flat surface to dry after using. This will keep the skin soft and pliable.

Q. How can I make a good dressing for patent leather shoes?
A. A good dressing for patent or russet shoes is white Vaseline petroleum jelly rubbed thoroughly into the leather. Then polish with absorbent cotton or a soft cloth.

Q. How can I have smooth legs without shaving them?
A. If you insist upon removing the hair from the legs, instead of using a razor try using the finest grade of sandpaper.

Q. How can I make better lemon pie?
A. When cooking the filling for lemon pie, place the rind into the mixture for a few minutes, and then remove with a spoon. The flavor will be improved but it will not have that bitter taste that grated rind often produces.

Q. How can I fasten oilcloth to the wall?
A. When oilcloth is to be fastened to the wall above the kitchen sink, glue it to the wall. This is a much better and more permanent method than tacking it.

Q. How can I remove fruit stains from the fingers?
A. If the fingers are stained by fruit, try rubbing with a piece of nut lemon.

Q. How can I make a good soap solution for use when children blow soap bubbles?
A. Tough soap bubbles can be

Harmony In The Baggage Cars Helps Symphony On It's Tours

By W. G. ROGERS
Associated Press Arts Editor
NEW YORK (AP)—When the New York Philharmonic Symphony travels, it travels with piles and piles of odds and ends besides music and instruments.

In the nine-car train that sets out tomorrow night, right after the season's last regular concert here, to carry the orchestra on its first coast-to-coast tour in 34 years:

One man will take his bicycle so he can see the sights whenever the daylight stops are long enough. There'll be packs of playing cards and chess sets.

A lot of the orchestra players—and also conductor Dimitri Mitropoulos himself—take along their own coffee pots, and some carry thermos bottles.

Some of the fonder husbands and fathers fix up their roomettes with pin-up snapshots of wife and children.

Four enormous wardrobe trunks will hold the afternoon and evening dress of the 107 musicians. Management takes care of these "uniforms" but the men must look out for street clothes—and you can tell the Philharmonic special whizzing through the country or parked in the railroad yards by the nylon shirts hanging in the Pullman windows to dry, and dry again and again from here to Detroit, to Kansas City, to Albuquerque, to Los Angeles, to Portland, and so on to a total of 30 United States and Canadian cities.

"Any dogs, cats or parrots?"

"No!" is the emphatic reply in one voice of the two managers who are making the trip. Bruno Zirato and George E. Judd Jr.

Going along also will be the wives of two conductors, Guido Cantelli and Franco Aurini-Mitropoulos is a bachelor; two librarians; two stage hands, with four more to be hired at every stop; the orchestra personnel manager, a member of the press department, to be hired at every stop; the orchestra personnel manager, a member of the press department, and a souvenir-book man.

Six Pullmans will be home to these people from tomorrow through May 22. They'll have a coach for playroom, and a bag-

READY TO GO -- Baggage for the New York Symphony waiting for the trucks.

gale car for dress clothes, instruments, scores. The train crew has a car of its own, and a diner is added when the schedule requires it.

"All across the country," says Zirato, "Greek restaurants watch for Greek-born Mitropoulos and prepare their best dishes for him. The men themselves eat well. When we get to a city I'm sometimes tipped off to a good new restaurant, but when I reach it I find a dozen players already there ahead of me."

"Some of them save their money—they buy a loaf of bread and cheese, and prepare espresso coffee for breakfast or a light lunch."

"It's a distance of almost 10,000 miles," says Judd. "And it's a job. I began work on it more than a year ago. It's even a problem for Pullman—think of having more than 200 sheets a day, for instance. Then there's laundry, for which we arrange 12-hour service in hotels where possible."

This Philharmonic trip, which goes as far west as San Francisco, plus the orchestra's fall trip to Europe and as far east as Athens will carry the orchestra about half way around the world.

Do the men like it? "They love it," says Zirato. "It gives them more work, pep them up, they always play their best."

Dawn News

By BERTHA FRYE
The public is invited to attend the ceremonies to be held at the Dawn Post Office at 9:05 a.m. of April 25 for the pre-inaugural trip of the Amarillo-Roswell highway post office. At this time you are invited to go through the new highway post office bus. A special cachet and cancelling stamp will be provided to be applied to any philatelic mail received for dispatch to the IPO on its inaugural trip. Anyone desiring first-trip cancellations should properly prepare their covers ready for mailing with postage prepaid at the first class rate and send them to the postmaster.

R. A. Frye had a weaving entry in the sixth annual Hobby Show in Amarillo Sunday afternoon, and came away with a second award.

Mr. and Mrs. R. A. Frye and Miss Bertha Frye were Sunday dinner guests in the home of Mrs. Paul Frye and family in Amarillo. They later attended the hobby show.

Pupils of the Dawn school will present an operetta at the school auditorium Friday night, April 29. The program is sponsored by the Parent Council. Mrs. Jack Higgins is assisting with the costumes.

The Dawn Musettes met Tuesday in the home of Mrs. Carl Wimberley.

Mrs. Gayle Neal and new daughter Carrie Lee, returned home from the hospital Saturday. The baby's grandmother, Mrs. J. W. Murphy of Clarendon, is spending some time in the Neal home.

The Dawn Music Club met Tuesday in the home of Mrs. Bill Carthel in the Easter community, with 11 members present.

Mr. and Mrs. Lloyd Shulk of Frisco and Mr. and Mrs. H. V. McCabe were dinner guests Sunday in the home of Jim McCabe.

The Dawn Study Club met Wednesday afternoon with Mrs. R. L. McAnally.

Mrs. Marica Russell was hostess to the Dawn Home Demonstration Club Friday afternoon in the home of Mrs. Zed Stewart.

Mrs. Zed Stewart returned home Friday night from a weeks trip to Oklahoma.

George S. Parker spent last week in Denver where he visited with relatives.

Mr. and Mrs. J. R. Oglesby of Mobeetie visited over the weekend in the homes of their daughters, the Ray T. Stewarts, the Reece Stewarts, and the J. B. Curaways.

Mrs. Elsie Money and Mrs. Mayfield of Canyon, called at the R. A. Fryes and Miss Bertha Frye Thursday morning.

J. R. Oglesby Sr., of Westbrook is spending this week in the Ray T. Stewart home. He is the grandfather of Mrs. Stewart.

E. A. Oberst of Canyon spent several days last week in the home of his daughter and family, Mr. and Mrs. William Wimberley.

Billy Dean Payne celebrated his fifth birthday Thursday afternoon.

Wash fresh coffee, tea, cocoa or chocolate stains in soapy water; if the stain doesn't come out use a mild bleach. Naturally this treatment is only for removing these stains from washable fabrics.

Helping him celebrate were Juanita Loerwald, Dianne Akers, Helene Frances Loerwald, Karen White and his mother, Mrs. Cecil Payne. Mr. and Mrs. Johnny Haney and Jimmy were supper guests in the Payne home Thursday evening.

Dinner guests Friday night in the home of Mr. and Mrs. Bill Carthel of the Easter community were Mr. and Mrs. Jim McCabe, Mr. and Mrs. Ray T. Stewart, Mr. and Mrs. LeeRoy Johnson, Mr. and Mrs. Steve Bavousett of Frisco, Miss Billie Cluck of Dimmitt, and the hosts. Home movies furnished entertainment later in the evening.

Mrs. W. J. Stewart of Canyon was honored on her 70th birthday on Thursday. Present were her children and grandchildren, Mr. and Mrs. C. C. Stewart and children, Mr. and Mrs. Reece Stewart and children, Mr. and Mrs. Ray T. Stewart and children and Mr. and Mrs. W. J. Stewart. The group enjoyed a movie and later refreshments of cake and ice cream were served.

Alta Davis of Hereford visited Mrs. Anna Willier on Sunday afternoon.

Mr. and Mrs. H. F. Trimmer were Sunday dinner guests of Mr. and Mrs. Charlie Hood and attended the Wings Over Jordan Negro Choir at the High School Auditorium.

Sunshine Club Meeting Held

The Sunshine Club met in the home of Mrs. J. C. Mays for a pot luck dinner April 14. Until the meeting was called to order by the president, the ladies sewed.

Old and new business was discussed concerning the annual dinner held at the Batin House in Amarillo in May. Also a coffee is to be held next week with the president of the club, proceeds of which will go to the cancer fund. Pennyante was won by Mrs. Clois Kemp.

"We were all surprised and overjoyed to have two old members visit us at our dinner, Mrs. Elma Mathis from Corpus Christi, and Mrs. Minnie Vaughn of Dell City," a spokesman said.

Next meeting will be held with Mrs. Edith Shepard April 28.

Members present were Mesdames Florence Teague, Jeff Davis, Alton Kemp, Clois Kemp, Fred N. Higgins, Billy Wells, Nell Pittman, Clint Lundry, Edith Shepard and George Miner.

Also, some of the ladies met at Mrs. George Miner's on Friday afternoon to finish the club quilt.

You can keep a thick skin from forming on the top of cooked packaged puddings if you sprinkle a thin layer of sugar over the top while the pudding is still hot.

Finely shredded green cabbage is delicious added to chop suey or chow mein.

Take the Key and See...

the New PACKARD
with Torsion-Level Ride

Smooths the Road ...Levels the Load Automatically

Here's comfort you've dreamed of... and a ride to set you dreaming! It's the new Packard Torsion-Level Ride—a new system of suspension eliminating conventional coil and leaf springs to give you comfort unequalled by any car, on any road.

In other cars, twisting forces due to wheel shocks are transmitted to the frame. You submit to the resulting pitch and bounce... the car is subjected to wracking of frame and body. But with Packard Torsion-Level Suspension, these same twisting forces are transmitted along the new torsion bar system, and absorbed before they can reach either frame or passengers. And an ingenious power-controlled levelizer automatically compensates for changes in passenger and luggage load.

All this is yours plus the tremendous power of the new "free-breathing" V-8 engine developing 275 horsepower in the Caribbean and 260 in all other models. Plus, too, the smooth response of the new Packard Twin Ultramatic—actually two transmissions in one. All this in a setting of magnificent luxury and beauty. See and drive this one car in the fine car field. "Ask the Man Who Owns One."

★ Enjoy "TV READER'S DIGEST" — Mondays ★

Here's Before And After Story Of Easter Chicks

By ROBERTA CAMPBELL

This is not vanity—nor is it curiosity. It is the longing of one little Easter chicken for another of its kind.

From Easter Sunday there had been two of these fluffy blue baby chicks and the days that followed passed pleasantly as they kicked the mash from the pan, sloppily quenched their thirst, or dozed under the electric light bulb in a pasteboard box in the little boy's room.

However, their very first trip outside had involved them with a pup and only one was returned to the cardboard castle.

Loneliness must have filled all four corners of the box because it wasn't long before a small blue object half covered with white Leghorn feathers swayed for a moment on the edge and then jumped to the floor and started wandering plaintively about the house.

Suddenly there was a happy note in the chirp and human eyes blurred as they watched the little fellow hurry over to a mirror on the bathroom door and begin to chee-chee happily to what he thought was his lost companion.

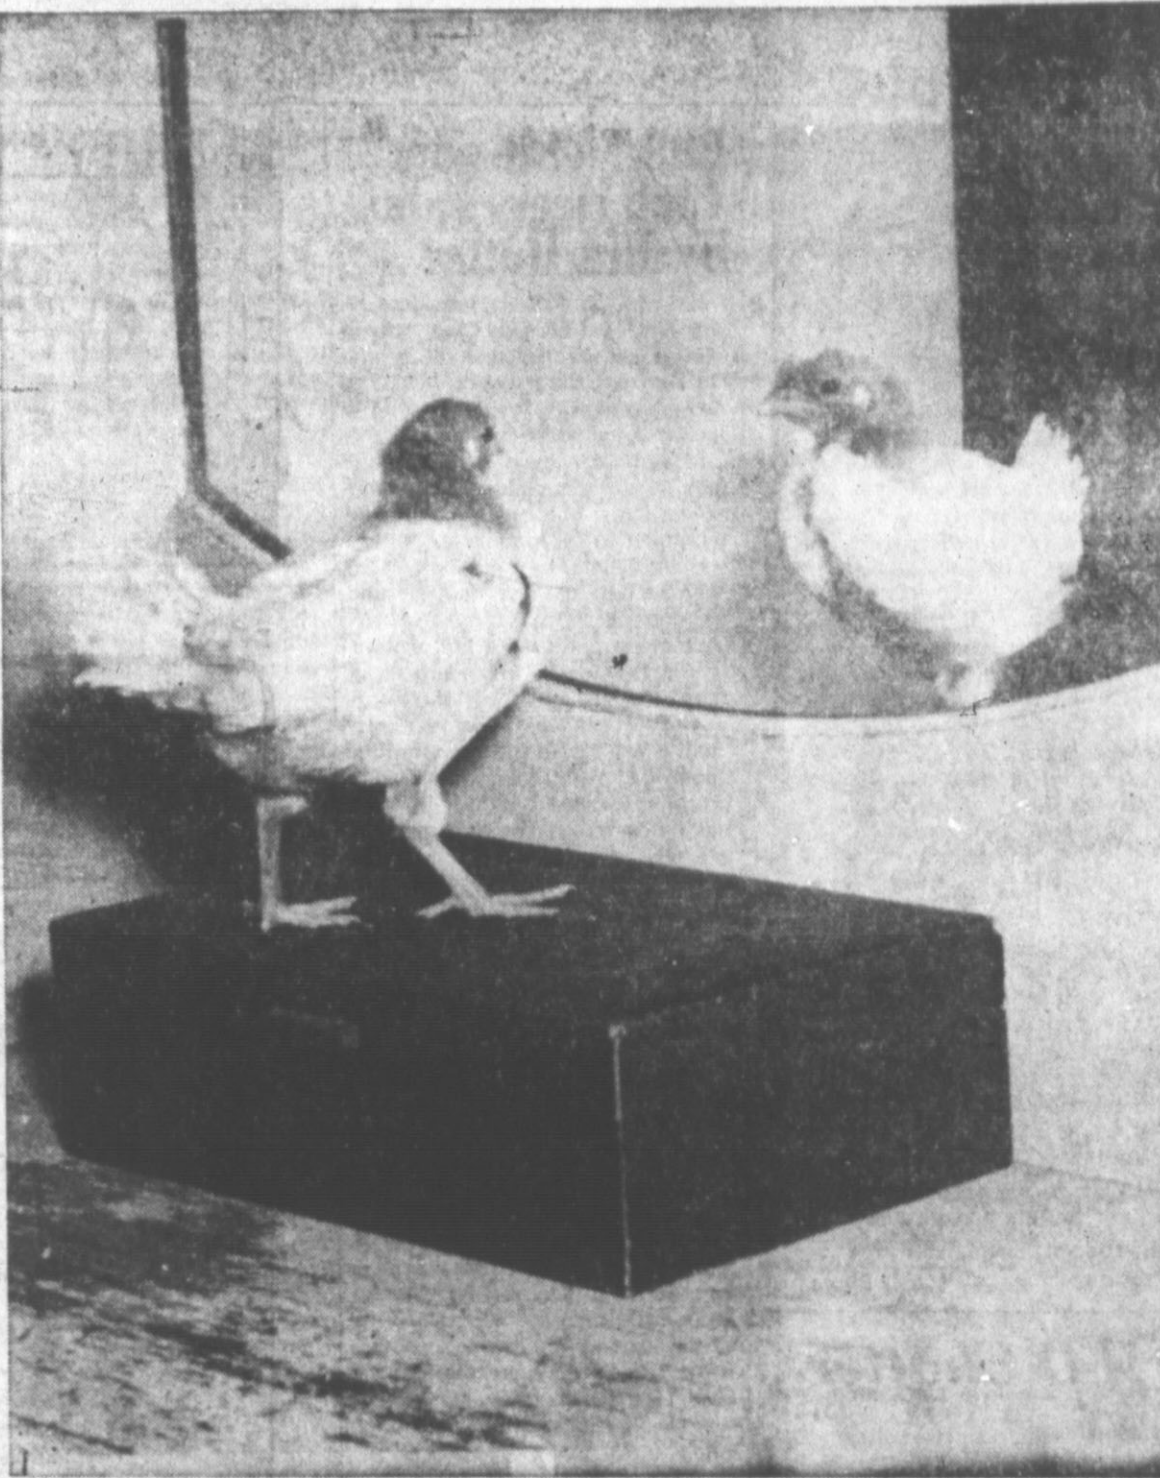

The corrugated enclosure still remained his dining room but day after day he opened his nine-feathers and chattered sweetly in full view of his reflected self while each night he jumped out of the box after supper to cuddle as close to his bed-fellow as the mirror would allow.

The little boy's mother had been deeply touched by this display of feathered affection and had resolved there must be another little

(Continued on Page 2)

WHAT HAPPENS TO COLORED EASTER CHICKENS. Organizations interested in the prevention of cruelty to animals frown on the idea of colored chicks and baby rabbits to be mauled by small children at Easter. However, if all were as well cared for and happy as the three which gave so much pleasure to three-year-old Jeff Massey, the Humane Society would have little to worry about. Jeff, who is the son of Mr. and Mrs. Billy Massey handles the little fellows very gently and they are as happy and well fed as other chickens raised in a brooder. (Staff Photo)

HERE'S WHAT HAPPENS when the Easter chick begins to grow up. Here the lonesome blue chick looks into the mirror, thinking he has found his "lost" companion. The chick is content with his new found friend for a while, but soon envy enters into the picture. (Staff Photo)

which seemed very clever names for three and five year-olds to think about.

Capitalizing on a commercial idea, Mrs. B. B. Northeut covet-

ed her wooden ironing board with heavy aluminum foil and got the same results as using a metal board. The idea is that the metal reflects the heat thus getting the

use of the heat twice. Mrs. Sylvester Loerwald reported finishing cottage curtains made of embossed cotton. These are (Continued on Page 2)

H. D. Chatter

The roll calls that were given at the Westway H.D. Club were so very good and reminds us how much clubwomen learn from each other. Some of the things given were: Tones of pink are popular in home decoration. The names given the pinks sound pretty, too. Watermelon and Frosty pink are two of these.

For personal strength and hints for living with others: Psalms 19:14; some of the characteristics of Mary the Mother of Jesus—showing her human qualities: considering the feelings of other people and to think cheerful and peaceful thoughts.

Mrs. Paul Rudd, Mrs. C. A. Saylor, and Mrs. P. L. Wilson seem to find very fitting things to answer the roll call. Mrs. B. C. Pitts is the newest member of the Westway Club.

Mrs. Thelma Thomas commented on the stuffed toy made from the brown egg. This is an inexpensive and cuddly toy. Santa Claus brought some little boys in our acquaintance some of these monkey toys: they had small bells on their wrists. These boys named the monkeys Jingles and Frosty.

SOME PEOPLE may feel that a dog and a woman's place is at home, but not Steven Hoffman, son of Mr. and Mrs. Tony Hoffman who live about six miles northwest of town. Steve likes to have his dog, Poochie, come along to town in the back of the pick-up and there is every indication that the dog enjoys it too. Complications are apt to arise for both next year when Steven will start to school but maybe small sister Mary Ann can act as a stand in by that time. (Staff Photo)

Meet Your Neighbors

Hereford, Texas, Thursday, April 21, 1955 Section Two

4-H Girls Hear Talks On Salads, Swedish Tea Rings

Feeds continue to spotlight the program of the 4-H Girls clubs in the county. Demonstrations on "Salads and Swedish Tea Rings" have been given by the leaders and by Loyce Sullivan, assistant agent, in meetings reported recently.

Clubs reporting are:

Daniel

The Daniel 4-H Club met at the home of Janet Higgins on April 7.

The meeting was called to order by Marita Gill, president. The club song "4-H Trail" was led by Audri Miller. The 4-H Club ritual was led by Linda Tooley. Roll was called by Virginia Higgins who also read the minutes. Unfinished business was discussed. For new business members discussed where they would like to go on an educational tour.

The demonstration on salads was given by Mrs. Jack Higgins, leader for the group.

Refreshments were served to Linda Tooley, Audri Miller, Glor-

ia Bell, Pat Bell, Marita Gill, Suzie Higgins, Virginia Higgins, Janet Higgins, Mrs. Jack Higgins, Mrs. Tooley, Mrs. Wayne Higgins, and Mrs. Bell.

The next meeting will be April 21 at the home of Audri Miller. Caprock

The meeting was called to order by Cynthia Kromer. Roll was called by Glenda Homfeld. The demonstration on "Swedish Tea Rings" was given by Loyce Sullivan, assistant agent.

Members present were: Glenda and Janie Taylor, Phillis and Ina Sue Peters, Melvin and Madeline Widner, Regina Edwards, Elita Ray Blalock, Jo Ann Hesselman, Carole Fortenberry, Glenda Fuhrman, Glenda Homfeld, Cynthia and Kathleen Kromer and Mrs. Sullivan and Mrs. Clint Homfeld, leaders.

The next meeting will be Apr. 20.

SOCIAL STUDY MEETING HELD

Mrs. Emil Dettman and Mrs. O. D. Lowry were in Canyon Saturday evening to attend a meeting of social study for teachers of the Panhandle held at W.T.S.C. Speaker for the program was Dr. Howard Cummings, head of the health and welfare department of WTSC.

THETA RHO GROUP

Nona Marie Strange, Sue Miner and Rosalie Strange attended a session of the Panhandle Youth Association held by Theta Rho and IOOF Orders in Amarillo Saturday. Nona Marie Strange was appointed chaplain on the Panhandle Team for the coming year. They were accompanied by their sponsor Mrs. Charlotte Calvert, and Mrs. Lee Renfro.

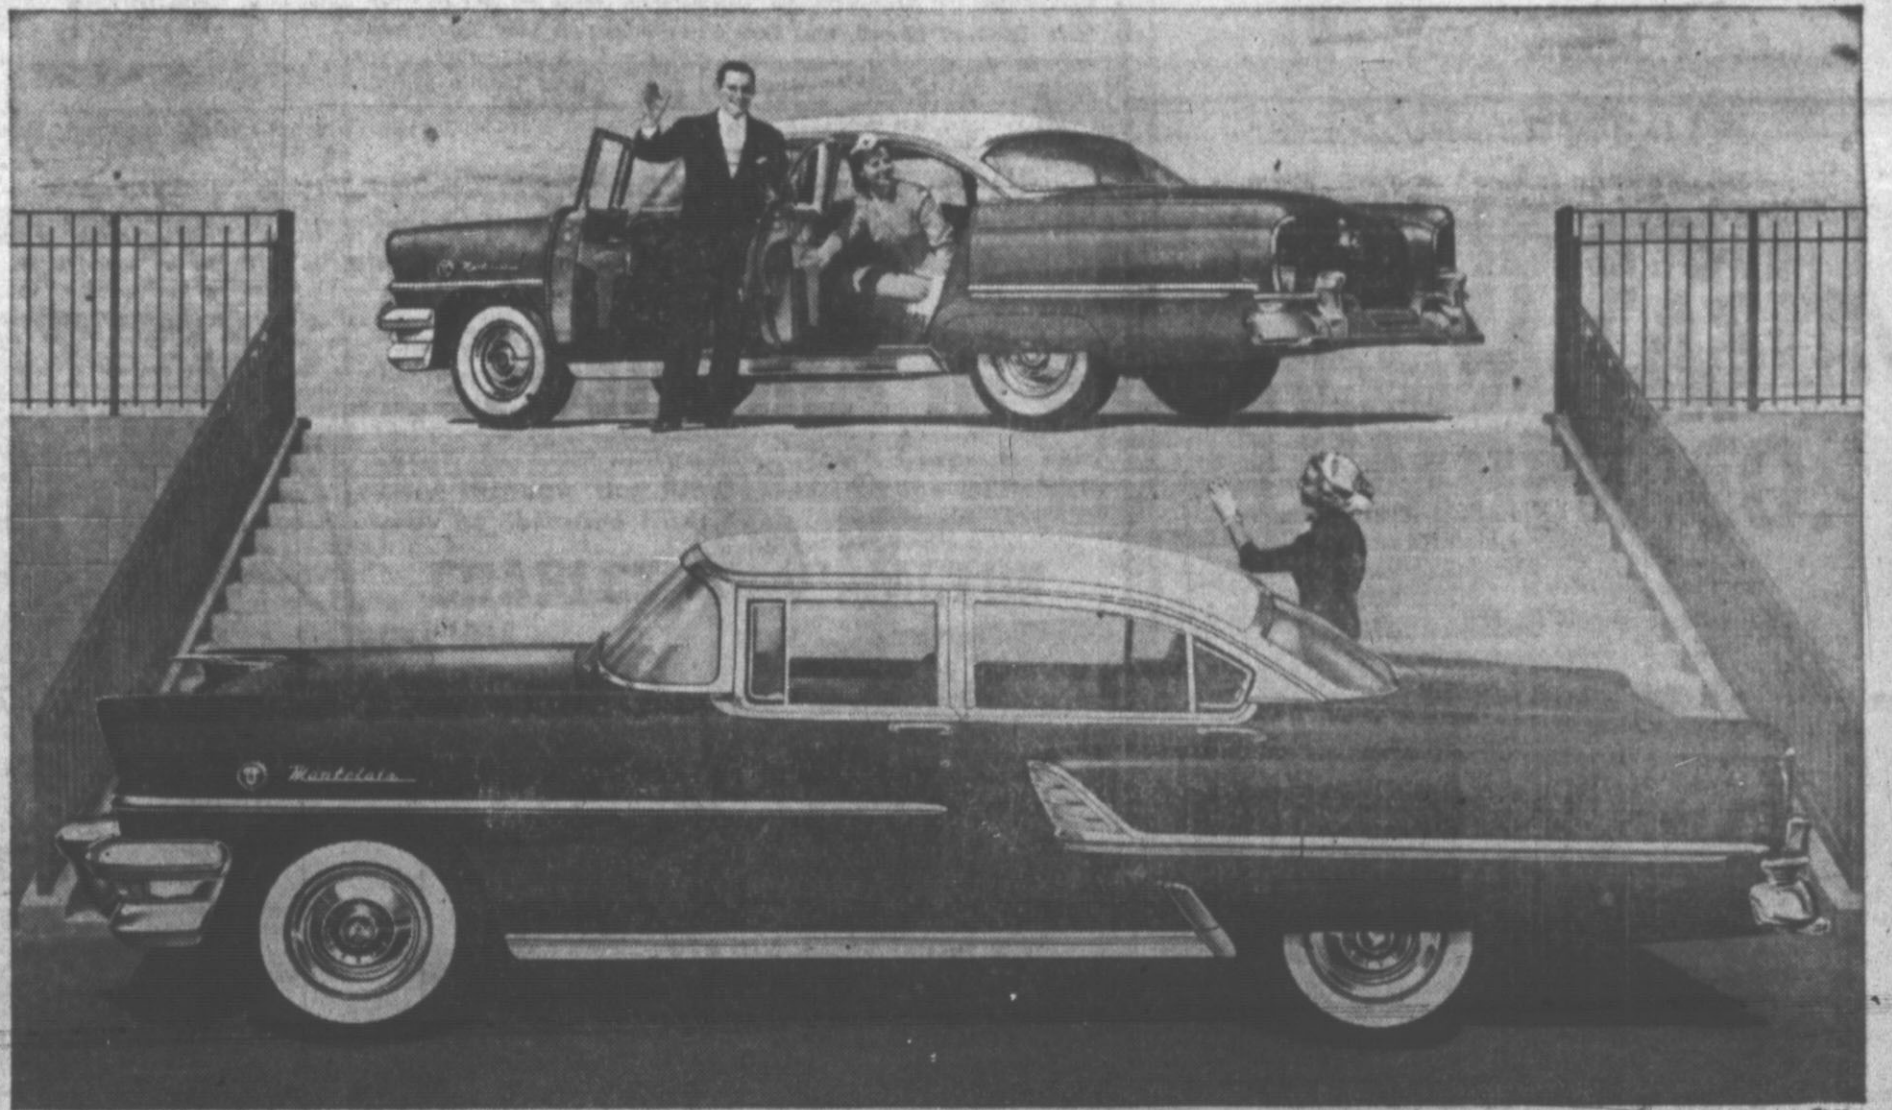

Mrs. Henderson Is Hostess For Bippus HD Club

Mrs. Melvin Henderson was the hostess for the Bippus Home Demonstration Club on April 13 when Mrs. N. E. Tyler and Christine Fortenberry gave the program on "Good Grooming."

Mrs. Charles Higgins was a visitor.

Members present were: Mesdames Elmo Hall, C. F. Homfeld, N. E. Tyler and Christine Fortenberry.

The meeting place was changed because of the illness of Mr. Fortenberry.

Announcing — America's newest, lowest, smartest 4-door Sedan

Newest model in Mercury's Montclair Series lets you enjoy "hardtop" beauty with 4-door convenience

It's the newest Mercury of them all—the Montclair 4-door Sedan, and the photograph shows you that not one bit of the original Montclair hardtop beauty has been lost. It has the same dramatic lowness—only 58 1/4 inches from road to roof.

And see how convenient it is to get in and out. Everyone who admires hardtop styling, but wants the roominess and convenience of a 4-door model, can now eat his cake, and have it too!

198-hp Super-Torque V-8 with dual exhausts

Seldom has an engine caused as much enthusiastic comment from auto editors. And once you drive a Montclair, you'll see why. It gives you instant, on-the-spot pickup at every speed—

from zero to super-highway limits. A four-barrel carburetor, unique new high-compression spark plugs, and dual exhausts are yours at no extra cost. Features like these are usually extra on medium-priced cars.

Exclusive new power lubrication gives Mercury widest choice of power features

The Mercury Montclair offers a new optional power feature—power lubrication. And it's exclusive with

Mercury in the medium-price field. You push a button on the dashboard and vital parts of your car are automatically lubricated. You can also choose optional power steering, power windows, power brakes, 4-way power seat and Merc-O-Matic Drive.

Why not come in and see this newest Mercury? It costs a lot less than you think. And right now your present car is worth a lot more than you might think on a trade-in at your Mercury dealer's.

Bud-To-Blossom Club Hears Talk By Mrs. Rutter

Mrs. M. T. Rutter, president of the Hereford Garden Club, was in charge of the program at a Bud To Blossom Club session held Friday afternoon in the home of Mrs. Irving Alexander.

Mrs. Rutter gave a demonstration lecture on making flower arrangements. She used jonquils and forsythia in a low bowl, foliage and snow balls in a one-flower Japanese design, Iris leaves and snap dragons in a Japanese arrangement and used a tall container for the fourth arrangement of snap dragons and forsythia.

A short business session was held when the project committee announced that the Camo Fire group sponsored by the club, will plant flowers on the Negro school grounds on Friday of this week.

Attending the meeting were Mes James R. A. Daniel Jr., Preston Hagens, Herbert Haseloff, C. R. Higgins, Jack Johnson, Don Martin, W. H. Patton, Lloyd Sharr Delmo Williams, Jim Wood, R. N. Yarbro, Ray Godwin and the hostess.

Here's Before

(Continued from Page 1) blue chick, but before she had been able to locate one she was dumbfounded one afternoon to see their innocent little pet, still in blue cap and white knee britches, stroll up to the mirror, put his head down, ruffle up his feathers and try his best to spur the daylight out of the young cockrel on the other side.

We had refreshments that were good and certainly little trouble—except to Clarence.

When Loyce Sullivan met the Cultural Club on Thursday she and Mrs. Ira Scott discussed the amount of orange juice it takes to furnish the daily requirement of Vitamin C. These amounts furnish the Vitamin C you need in a day: 5-8 cup orange juice—that's fresh juice; same amount of fresh lemon juice; ¼ cup frozen strawberries and 7-8 cup canned grapefruit juice; 2 cups tomato juice.

H D Chatter...

(Continued from Page 1) white with aqua border. They sound very pretty and springlike.

It seems that Clarence Saucy took things in his own hands last Wednesday when Bessie was trying to get ready for club. You see Bessie went to Spearman to the District meeting on Tuesday and was to have club the next day. Clarence volunteered to fix the refreshments if Bessie wouldn't worry and serve what he fixed. He made the coffee, cooled the bottled drinks and went to the store for cookies. Roberta Combs and Lola Landers helped too. Bessie says Clarence came home with a toe sack full of cookies. Anyway,

Here are the Three Greatest New-Car Values in America!

THE FABULOUS STAR CHIEF—It's luxury-sized. The roomy body is mounted on a 124" wheelbase. It's luxury-powered. The Strato-Streak V-8 puts 200 horsepower up front. It's luxury-styled. Fabrics and interior appointments match those of the highest-priced cars. It's beautifully distinctive—way out front for future-fashioned smartness. And it's a Pontiac—which means topmost reliability, thrift and resale value.

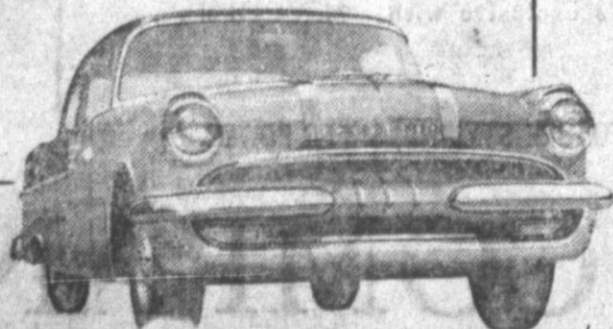

THE FUTURE-FASHIONED 870—Here's a car outstanding in every way. Outstanding in performance with exclusive Strato-Streak power. Outstanding riding ease with a long wheelbase unmatched at the price. Especially outstanding in the wonderful way it handles and responds with passing power. For luxurious driving at modest cost you simply can't do better.

THE SPECTACULAR 860
Here's a king-sized car with a 122" wheelbase, and 200 horsepower, for less than many models of the lowest-priced lines and much less than stripped economy models of higher-priced makes. Beauty? Just look! And remember—you can choose from 4 luxurious interiors and some 36 modern color combinations.

All with the history-making 200-H.P. Strato-Streak V-8 Engine!

Every Pontiac has the Strato-Streak V-8, one of the most efficient power plants ever developed. Here's more take-off punch, more passing drive and more years of smooth performance than you have ever enjoyed in any car within hundreds of dollars of Pontiac's low price range. And that applies whether you decide on 180 horsepower or specify the optional power-package for 200 horsepower. Either way you get topmost power per dollar.

MAGGIE MCKENZIE, popular radio star of KGNC says, "Every woman knows light Karo is best for cooking... and on the table..."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed... biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night... it tops anything!

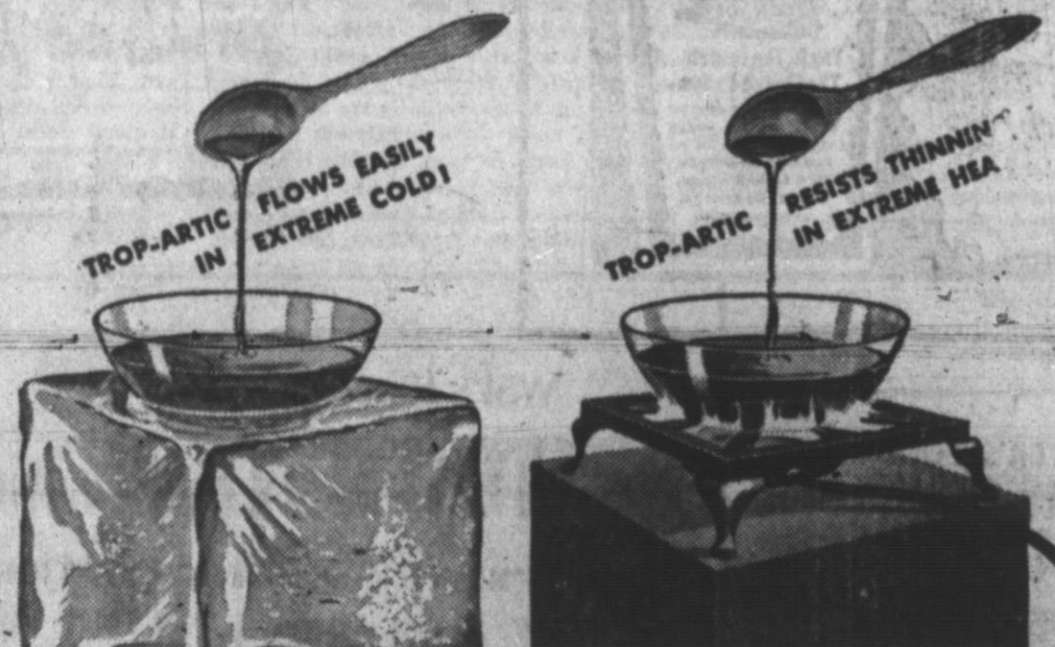

Ask your grocer for Karo waffle syrup, in pints and quarts

Why Trop-Artic Oil Can Double Engine Life

IT'S PERFORMANCE THAT COUNTS!

Some motor oils give good protection at low temperatures. Other oils are effective at high temperatures. But new TROP-ARTIC All-Weather motor oil gives protection at all temperatures, from below zero to extremely high heat.

So it's easy to see why TROP-ARTIC is so much better than ordinary motor oils at preventing engine wear... so much better that it can even double engine life. TROP-ARTIC lets you start easier... saves you gasoline... and can save 15% to 45% on oil consumption.

Phillips 66 TROP-ARTIC is the first all-weather oil to meet the highest standard ever established for automobile motor oils... the Mil-O-2104 Supplement 1 Test.

Get new TROP-ARTIC Motor Oil from your Phillips 66 Dealer. Remember, it's performance that counts!

In Service Stations, too IT'S PERFORMANCE THAT COUNTS! SEE YOUR PHILLIPS 66 DEALER!

Highlights and Sidelights FROM THE State CAPITOL

By VERN SANFORD Texas Press Association

AUSTIN -- Tax plans tanglepinned in the House before adjournment last weekend.

A tight-running team carried the Stanton Stone "leas to uranium" omnibus tax compromise. But they threw the ball over the head of the receiver. Net result: The House refused to pass the bill at second reading. It had to be revived for further action.

Some members rebelled because they weren't in on the play.

New compromises, with more players and a less taut rein, however, promised an ultimate tax bill. Members have been talking about "\$100 million new taxes," and that was just about what the new compromise plan embraced. It would involve face saving all around.

The four-point plan included:

Acceptance of the Stone cut of the gasoline tax to one cent, from two, as originally asked by Governor Allan Shivers. At the same time, one-fourth of its revenue—eight million a year—would be given to cities and counties to buy rights-of-way.

One-cent increase on cigarette tax was kept.

Cut-down levies on beer dealers' licenses voted by the House was accepted, but, in deference to strong group demands \$1 a barrel tax on beer was added.

Natural gas production tax would be frozen at its present 9-cent level. By present law, it would drop to 8 cents in September and 7 cents after Sept. 1, 1958.

As the bill stood when the House refused passage, it would raise forty and one-half million dollars a year. Various changes proposed in the second compromise would push it up to \$50 million a year, thus reaching the "\$100 million" about which members talked.

There still is talk of a special session, should the regular session not be able to iron out differences on where and how to raise the needed revenue.

Other Bills Pass

While the House walked around the tax issue, a number of non-controversial bills were passed.

Voted by the House was concurrence in Senate amendments to a bill banning "lewd and depraved" comic books.

Also voted was a Senate amendment shortening the "cooling off" period in divorce cases. The House has passed a bill setting the time at 90 days. The Senate made it 30.

Two Senate bills calling for mandatory jail sentences in sex offense convictions involving children were approved by the House. Final passage was given a bill increasing the length limit of trucks from 45 to 50 feet.

In the Senate, 43 local and uncontested bills were passed.

Probe To Continue

Veterans land investigations will proceed in the Senate, despite bitter objection of some members. Senator Jimmy Phillips said it would be wrong to stop it because "all parties responsible for the gigantic fraud have not been exposed and named."

Senators Dorsey B. Hardeman and Rudolph A. Weisert contended that the probe has established the pattern of fraud and the time has come for trial of persons indicted. Voting was 19 to 12 to carry the inquiry through May 10.

Last week was the first in a long time when no new criminal charges or indictments or civil forfeiture suits were filed, involving veterans land.

Submission of additional land bonds has been voted by the Veterans Land Board two-to-one with Attorney General John Ben Shepperd voting no. Hearing has been postponed in the Senate on Sen. George Moffett's \$100 million bond plan. A \$200 million resolution was waiting in the House.

Water Bill Passes

Finally passed by the House was a measure creating the Trinity River Authority.

Water conservation, flood control and irrigation projects are authorized by the bill which specifically forbids construction of a barge canal between the Gulf of Mexico and the Fort-Worth-Dallas area.

Failure was the destiny in the House of a proposed constitutional amendment to finance dams and other water projects.

Voting favored the resolution 78 to 61, but 100 votes are required to submit a constitutional amendment.

Under the defeated proposal, a State Water Commission, with increased authority, would supplant the State Board of Water Engineers.

Tidelands Agave

More trouble looms between the federal government and Texas over the tidelands.

Attorney General Shepperd said he had discovered that the U. S. Interior Department and the Department of Justice will oppose Texas' sale of tidelands oil and gas leases May 3.

Congress restored ownership of the tidelands, out to the 10% mile limit, after the submerged areas had been claimed by the federal government.

Only three miles of the offshore lands were returned to other states.

Now it appears the federal government wants to hold Texas rights

to three miles. Money from sale of the leases goes into the Texas permanent school fund.

House Invites Salik

Commending Dr. Jonas E. Salik highly on his development of the polio vaccine, the House has invited the Michigan doctor to address the Texas Legislature.

At The Movies

"THE ADVENTURES OF HAJJI BABA"

In "The Adventures of Hajji Baba," showing Friday and Saturday at the Star Theatre, the magic eye of the Cinemascope camera at ancient Persia has come up with an exciting and colorful spectacle of adventure, intrigue and romance.

A highlight of the film shows audiences the fierceness of rarely shown wild warrior women as they encounter tumultuous battles with the soldiery of the Caliph. Beautiful and picturesque, in this vast spectacle, are the scenes of ancient Persian caravans crossing the desert and lavish interiors of the palace and forbidden harems, all in color by DeLuxe.

In the title role of a resourceful rascal of a rogue, John Derek falls in love with the beautiful Princess Pawzia, enacted by Elaine Stewart. Her heart, however, is with a rival prince who, unbeknownst to her is trying to rule all of Persia by marrying her. In his efforts to convince her of his scheme, Derek finds himself involved in countless adventures. To accomplish his mission, Derek enlists the aid of Osman Aga, a caravan owner, played by Thomas Gomez.

"ON THE WATERFRONT"

"On the Waterfront," the winner of eight Academy Awards including the Best Motion Picture of the year is showing Sunday, Monday

and Tuesday at the Star Theatre. Starring in the movie are Marlon Brando, winner of the academy award for best actor, and Eva Marie Saint, winner of best supporting role. Along with these two are Karl Malden and Lee J. Cobb which go to make up an all star performance.

In "On the Waterfront," Brando plays a young ex-pugilist who has become a minor hoodlum in the cold-blooded killer mob headed by Cobb. The decoy who unwittingly lures a longshoreman to his death when he attempts to expose the gang's operation to the Crime Commission, Brando befriends the murdered man's sister, played by Eva Marie Saint, but their later love affair is marred by his continued allegiance to the mob.

Beset by the fiery exhortations of Malden, as a fighting waterfront priest, and by the entreaties of the girl, Brando's wavering loyalty to Cobb is sustained by the fact that his own brother is Cobb's chief aide.

Showing at the Tower Drive-In Saturday is "Dawn at Secorro" starring Rory Calhoun and Piper Laurie, Sunday and Monday is "Th Stage" with Dean Martin and Jerry Lewis.

BINGO OR BANG TAILS?

LANSING, Mich. (AP)—A Michigan legislator, taking note that an attempt to legalize bingo and lotteries was beaten down by voters, says he will ask fellow lawmakers to also outlaw betting on horse races in 1955.

Rep. Edward A. Bowerman, a Lansing lawyer, said he would offer a bill to prohibit horse race betting, adding: "I have long been disturbed about the apparent paradox existing where gambling on horses has approval, but where drawing for a door prize at a church fair has been held to be gambling and criminal."

LITTLE RED RIDING HOOD, as portrayed by Mrs. W. W. Buck, seems just a little doubtful of the intentions of the wolf (Blue Turpin) in this picture from the Mother Goose show to be presented April 26. The show features home talent (about 50 are in the cast) composed of businessmen, teachers and students. Doris Landers Hess of Amarillo will direct the play. Proceeds from the show will go to the Cancer Crusade. [Travis Caraway Photo]

CHURCH

(Continued from Page 4)

St. Thomas Episcopal

Sunday School is held each Sunday morning at 9:45 o'clock, and church at 11 o'clock.

Funk and Shire went to work on each other. Only a few minutes passed before both wrestlers were using fists, hair pulling, etc., to gain an advantage. After being worked over in the ropes Funk came back with some hard forearm smashes and vicious knee lifts, and before Shire could gain his feet, Funk was applying his famous spinning toe hold. This submission hold forced Shire to concede the fall after 7 minutes. Wallace then entered the ring to help his fallen wrestler and Funk chased him out again which pleased the fans no little.

The second fall was very fast with Funk trying to get hold of Shire's leg again and Shire trying to work Funk over in the ropes. Shire was finally able to slam Funk into a corner where the turnbuckle caught him in the small of the back and after two of these smashes, Funk had lost interest in the second fall. Shire took it with a body press in nine minutes.

Shire started out working on Funk's back again in the third fall and dealt out a lot of punishment. After being slammed into the turnbuckles again and nearly being pinned, Funk was able to get Shire in a spinning toe hold and just about the time Shire would have given up, Wallace entered the ring and lowered the boom on Funk. Weidner then disqualified Shire and gave the match to Funk. Not being satisfied with this, Wallace and Shire took turns holding the helpless Funk while the other slugged him. They then casually left the ring while the beaten Funk received sympathy from his fans.

SHOES WAY TO SHOOL
Ellensburg, Was., (P)—Bill Gallacher, 22, who is shoeing a family to boot, is shoeing his way through college. He loads his new and other equipment in the back of the car and cruises the country roads in quest of business.

"There aren't many horse-shoers in the business today," he observes. "It's really an art."

Funk Takes Beating But Wins Bull Barn Main Event

By STANLEY PHILLIP

A capacity crowd saw three good matches at the Bull Barn Saturday night in which the scientific grapplers were hard put to hold their own with the rough and tough wrestlers. In the curtain raiser of the evening, Bobby Wallace took on Karl Gray. Semi-final saw Tony Ross tangle with Luis Martinez and in the main event Dory Funk continued his feud with Roy Shire. Third man in the ring for all three bouts was Billy Weidner.

First Event
In the first event of the evening, Karl Gray of Phoenix, Ariz., went against long-haired Bobby Wallace of Illinois, who was substituting for Chet Wallick. Wallace, manager of professor Roy Shire, went right to work, using plenty of the illegal stuff on Gray to keep him off balance. Just about the time Gray staged a comeback and began getting rough himself Wallace

caught him in a corner and began slamming his head into the turnbuckle. Refusing to break the hold and let Gray recover, Wallace was disqualified after 11 minutes and the match went to Gray. As soon as he was able Gray grabbed Wallace before he could leave the ring and started slamming him into the turnbuckle—much to the delight of the fans.

Second Event
Semi-final event of the night saw tough Tony Ross tangle with a newcomer to this area, Luis Martinez. Martinez, a very able and scientific wrestler, took a lot of punishment in the first fall before he was able to start his own offensive. Ross, a well-known but unpopular wrestler, used all the holds he knew, except the legal ones, to wear Martinez down. Both wrestlers began using plenty of punches to the midsection and head and finally both switched to judo chops across the throat. Martinez came out ahead in the exchange of judo cuts, and was able to daze Ross enough to pin him with a body press after 11 minutes.

The second fall saw Martinez in trouble most of the way with Ross applying a neck-breaker all the time. The few times Martinez was able to break the hold, Ross could always find an illegal means of getting him back into it. Ross then discarded the neck breaker and began coming off the ropes body blocking Martinez. The third attempt of this maneuver backfired on Ross when Martinez caught him with a drop kick just as he came off the ropes and that was the second fall when Ross was pinned in 15 minutes with a body press.

Main Event
The match the fans had been waiting for was the main event of the evening when the long-standing feud between Dory Funk and Prof. Roy Shire was renewed. Every time these two men meet, which is quite often, it usually ends in a bloody brawl. While there was no blood in this bout it was enough of a brawl to satisfy everyone. The short-tempered Funk became irritated immediately when the manager of Shire, Bobby Wallace entered the ring during instructions and began complaining about everything. Wallace finally took up to daze Ross enough to pin him with a body press after 11 minutes.

Your Congressman Reports

By WALTER ROGERS

In a newsletter sometime ago I pointed out in some detail the reasons why a democratic government did not just happen, but was the result of long and tireless effort and planning in the establishment of basic principles, the violation of which could destroy the very thing sought to be attained. One of the basic principles upon which a democratic government must rest is the separation of powers between the three branches of government, to wit, the legislative, the executive and the judicial. These three branches form the tripod upon which a government by the people must depend in its original formation and in its continued existence. If at any time the people permit two of these legs of the tripod to become joined together, the balance provided by the tripod is lost. Once that balance is lost, the democratic form of government has fallen. This can happen without violence and without the people even realizing the transition that takes place until there has been a complete change. The awakening is then very sad, because it comes in the form of a realization by the people that their voice in governmental affairs, if heard, is not heeded. I call this to your attention because of the alarm with which I view the legal gymnastics of the Supreme Court in the segregation cases now being considered. You will recall that the Supreme Court formerly held that laws providing for separate educational facilities for Negroes and whites were unconstitutional, but withheld any formal declaration in the form of a judgment until arguments could be heard on behalf of a plan of integration to be announced by the Supreme Court. The procedure that has been followed by the Supreme Court in this instance is a classic example of the fusing of two legs of the government tripod and the probability of fusing these two with the third. This would mean that the separation of powers and the independence of the three branches of government became a myth and the Supreme Court stepped in as an all-powerful tribunal. Whether you believe in segregation or integration is not the question. The question is democratic government. If the laws under consideration by the Supreme

Court were unconstitutional when written, they were unconstitutional when the Supreme Court so declared them, and are for all purposes null and void. I disagree with the Supreme Court as to the constitutionality of these laws, but I do not have the same power of enforcement of any opinion as does the Supreme Court. When the Supreme Court stated in effect that these unconstitutional laws will be held in abeyance until a social program could be worked out for integration, in my opinion they committed an act as unconstitutional as they declared the segregation law to be. They invaded the legislative branch of the government, and if they continue to follow this procedure, must of necessity violate the powers of the executive branch. They also invaded the rights of the states in the same manner. As one southern senator so ably put it, "they discarded their judicial robes and donned the robes of social engineers." This generation will have the choice of whether or not we re-establish a democratic form of government and rededicate ourselves to the basic principles upon which it stands, or capitulate to the demands of those who want something for nothing and who are willing to base their arguments on

appeals to the emotions rather than to common sense.

The gas hearings continue, and I continue to be more amazed each day at the testimony of groups who have screamed "free enterprise" from the housetops and condemned federal controls and branded everyone a socialist who didn't agree with them. Many of these groups are testifying that gas should be put under federal control, that solemn contract obligations should be wiped out and the price at which gas is sold should be fixed by the Federal Power Commission. This is advocating centralized government in the worst degree and if such a philosophy was followed, it would be the beginning of the end of states' rights and a new era of centralized federal control of the lives of every individual in this country. In my opinion it is another attempt to take a natural resource away from the Southwest without paying a fair price therefor. As an example, the testimony shows that gas purchased for seven cents per MCF in Texas is being sold today in New York for \$2.89 per MCF—over 40 times the price of the gas at the wellhead. Yet the consumers in the metropolitan areas are being told that gas producers in Texas are robbing them. What do you think?

Sells more...because it's worth more!

Ford's worth more when you buy it . . . and it's easy to see why! Only Ford brings you the long, low look of the Thunderbird and its "car-of-tomorrow" lines. Only Ford gives you the instant-and-reassuring-response of Trigger-Torque power . . . power that whisks you up hills or around traffic . . . gives you "Go" when you need it for safety's sake! And Ford alone in its field gives you the solid comfort and handling ease of a new and smoother Angle-Poised Ride.

There are countless other worth-more features, from the smoothness and long life of Ford's deep-block engines to the colorfully fresh new beauty of Ford's Luxury Lounge interiors. A Test Drive will show you how many there are.

Ford's worth more when you sell it . . . and used car prices prove it! For years, Ford cars have returned a higher proportion of their original cost at resale than any other low-priced car. And that's further proof that Ford's first in all-round, long-lasting value.

Before you buy any new car be sure you see and drive the worth more car...the '55 Ford
