## Around Town

Quite a few people breathed a sigh of relief this week when they tore off the January pages from their calendars—and marked the annual March of Dimes "Over the top."

Four of Hereford's volunteer firemen were a little confused, however. When the fire whistle sounded Monday night at 7 o'clock, force of habit took control and the four volunteers stopped in mid-supper to rush madly for the fire station. Reporting for the call were Bill Bradley, Troys Riddle, Clarence Strange and Glenn Witherspoon.

Every business firm in Hereford should have a representative at the Merchant's Committee meeting in the hotel at 10 o'clock Friday morning, Urlin Stree chairman, said today. Top project will be selection of holidays to be observed by local firms during 1955. Coffee and doughnuts will be served at the meeting as usual, Stree said.

Mrs. Geo. Graham dug up a 1929 copy of The Brand which has a lot of Baptist musing over the value of their church. This particular issue cited the formal church opening on May 16, 1929—and listed the total cost of the structure at \$80,000, which was quite a figure in that day and time. It invariably leads them to wonder what replacement costs would be today.

The town basketball league features two games Friday night, Feb. 4, in the Junior High gym. Doc's dozen meets the City Dudes, and Summerfield meets Piggy Wiggy. In the first game Monday the City Dudes trounced Truly-Teague 47-38, and Piggy Wiggy (Continued on page 2)

### Bootleg Charges Draw \$100 Fine 10 Days In Jail

Leslie Williams, a service station employee, plead guilty in County Court here Monday to charges of "Possession and Sale" of intoxicating liquor. Two charges were filed in the case.

Williams drew a fine of \$100 and costs on one charge, and a 10 day jail sentence in the other.

Judge Homer Henslee also assessed fines to two other men on charges of passing worthless checks.

Louis McIntosh plead guilty to passing a worthless check at the Magnolia Service Station in the amount of \$5. He was fined \$1 and costs on his first offense.

Felipe G. Zapata also plead guilty to a check in the amount of \$7.16, passed at Rocky's Service Station in September, 1953. Charges were filed in March, 1954, and since the check was still unpaid, Judge Henslee fined Zapata \$25 and costs.

"INTERESTED, SINCERE AND UNDERSTANDING" was the way District Judge Harry Schultz and District Attorney Floyd Richards described Deaf Smith County's first women jurors, shown above. The quintet Tuesday completed a two-day session as members of the Grand Jury. They are: Mrs. Dick Barnard, left, and Mrs. Virgil Dodson on the front row; Mrs. Homer Brumley, Mrs. H. A. Close and Mrs. S. O. Wilson on the back row. The other three women on the January panel were dismissed due to improper spelling of their names. (Staff Photo)

## Grand Jury 'Whitewashes' Shortage In County Funds

Expressing praise for the recent county audit, the Grand Jury Tuesday asked for continued county audits, annually or at least every two years. The group also recognized shortages in county funds pointed out in the audit, but "whitewashed" the shortages as "occurring through honest mistakes" and declined to return indictments.

Six indictments The Grand Jury, including the first Deaf Smith County women to see jury service, also returned six indictments: four on charges of "Child desertion," and two on "Theft by Bailee."

Jimmie Merritt and J. D. Chambers were reported as already being held in County Jail on the Child Desertion charges. The other four names were withheld until suspects have been apprehended by the sheriff's department.

The complete report of the Grand Jury covering the Audit follows:

**Grand Jury Report**  
"We, the Grand Jury of Deaf Smith County, Texas, report to said court that we have carefully examined the audit made for this County during last year, and heard evidence thereon.

"It appears from such investigation that although the audit brought to light certain shortages

in accounts in the county, that the same appear to be caused through honest mistakes, and not with any criminal intent, and therefore there exist no cases arising therefrom that require indictments.

"The audit further revealed that proper bookkeeping systems had not been used and maintained in all departments and branches of the County, and that all records had not been kept and preserved as they should have been kept."

"The audit points out the value of having an audit made at definite, fixed periods by competent accountants, and it is suggested that the Commissioner's Court give consideration to having such an audit made each year or each two years. It further appears to be a repetition and unnecessary expense to have such audit cover the receipts of the tax collector's office, since this data can be obtained from the state auditors.

"The County Judge and Commissioners who authorized this present audit are to be commended."

**Appearing on the Grand Jury were:** Otis Hall, foreman; H.M. Harrison, Mrs. H. A. Close, A.T. Egan, Mrs. Richard Barnard, Mrs. V. E. Dodson, Mrs. Homer Brumley, G. H. Rogers, Mrs. S. O. Wilson, Ray Wilhelm, John

Jacobson Jr., and F. J. Osmichael.

### Poll Taxes Hit 1,874 This Year

Reporting a last-minute spurge of 596 poll taxes sold on Monday, Jan. 31, Lowell Sharp, sheriff, assessor-collector, today said that the county had 1,874 polls when the deadline closed this month.

The figure, though still sharply behind the 2,897 polls last year, and far behind the all-time 3,596 sold in 1933, was considered as being "average or better" for an off-election year in this county.

Sales were stimulated by special tables erected over town by Jaycees and general cooperation through the tax office this year.

### Cardinal Injured In Idaho Wreck

Lonnie Cardinal, son of Mrs. Pauline Cardinal, of Hereford was injured Saturday night in a car accident near Mountain Home, Idaho. Cardinal, who was riding in the back seat of the convertible, suffered a large gash on his head that required surgery to mend it. He underwent surgery Monday evening and was doing all right when Mrs. Cardinal talked with him Tuesday afternoon.

Another boy riding in the back seat of the car with Cardinal was killed in the accident, which occurred on icy mountain roads.

Cardinal, who is an A-3c, stationed at Mountain Home Air Force Base is due to be shipped overseas in March.

### Free Golf Class Is Announced For Boys And Girls

Free golf lessons for all boys and girls under 18 years of age were announced this week by Bud Posey, Hereford club pro. "The lessons will be given in groups starting Monday, Feb. 14, at 4:30 o'clock," Posey said. Girls classes will be held on Mondays and classes for boys are scheduled on Fridays of each week.

"If you are interested in taking advantage of these lessons, please call 1294, or come by the pro shop and sign up," Posey stated. "We have had several inquiries and feel that the free group lessons will be popular."

### School Needs Reviewed At C-C Breakfast

# Farmers Warned Of Milo Price Drop

Two basic questions were presented before approximately 65 persons Wednesday morning at the monthly C-C sponsored Community breakfast. The two questions concerned the drastic drop due in grain sorghum support prices for 1955, and the need for expanded school facilities in this community. Facts were presented concerning both topics, but no immediate solution was offered in either case.

The meeting was opened by Ralph Hastings, C-C president, who turned the grain sorghum discussion over to Bert Boomer. The school section was handled by Sidney Fuller, Citizen Committee president.

### Grain Sorghum Drops 50 Cents

Citing the fact that the drop in support prices to 70 percent of parity this year will mean a reduction of 50 cents per hundred on grain sorghum prices to producers in this community, Boomer stressed the necessity of taking action in every manner possible by all farmers, business men and other interested persons in this area.

"This makes a total drop of 67 cents per hundred in two years," he pointed out, "while we all know that production costs have not come down." An average price on grain sorghum at the elevator last year was \$2.07, depending upon the time element, whereas it will be \$1.37 this year, unless some changes can be effected.

Corn, on the other hand, he pointed to as being higher.

Taking the total acreage of 20 farmers, Boomer said that the average would be 5 percent in cotton and 25 percent in wheat, which he said leaves 70 percent of the remaining land in this area to be planted in grain sorghum, substitute crops or summer fallow.

To show the importance of grain sorghum to this area as a basic crop, Boomer said: "In 1954 we produced 117 million bushels of grain sorghum as compared with 31 million bushels of wheat."

Bill Lenderman, C-C manager, urged farmers and business men to write letters to their Congressman, Senator and other officials or friends in Washington.

### Taxes Cited As Being Unequal

The school situation was cited as being crowded for the 1955-56 terms by Fuller, who said "Next year we will have 38 rooms and will need 40."

He pointed to the present existence of heavy enrollment in each of the first four grades, and said more complete figures will be available when the current school census is completed. Fuller also reviewed the approach to Hereford's school problem by the committee with special groups investigating the type of building needed, how much it should cost, methods of financing and probable future needs.

**Enrollment Figures**

Wayne Lawrence reported the following enrollment figures: 253, first grade; 228, second; 179, third and 177, fourth. A correction in committee figures was also reported following the meeting. In typing the figures last week, the committee showed the seventh grade with 165 students and 15 sections, while the correct figure was five sections; the eighth grade showed 160 students in 16 sections, and this figure should have been six sections. The correct figures bring the average to 35 to 40 students in each section, which Miss Della Stagner said was misleading as previously shown.

Mrs. Deward Roberson represented the committee in touching on the tax situation, which she cited as being unequal for all citizens.

## Dimes March Tops Goal, \$5,853 Total

The March of Dimes surpassed even the fondest hopes of sponsors this year as incomplete totals Wednesday gave \$5,853.33 to date in Deaf Smith County. The amount, well beyond the tentative \$5,000 goal set by local leaders, continued to swell as donations trickled in through various divisions of the county-wide organization.

The Mother's March, always a top money-getter and highlight of the campaign, brought in a total of \$1,425.41—second only to the \$1,656.71 netted during the Lions Club telethon drive. Members of five child study clubs marched in the annual trek here last Monday to close the annual 1955 drive.

"Some homes were missed," said Mrs. J. C. Reese, chairman. "Anyone who was missed may mail their contribution direct to Mrs. Maurice Yarnhill, Box 489, Hereford, Tex."

Another highlight of the final week of the campaign was the annual Jaycee radio program Sunday afternoon, when \$639.70 was added to the county fund.

A Negro minstrel and pie supper Saturday night at the Westway community building raised another \$359 for the fund.

Local golfers turned out in force for a nine hole handicap golf match Sunday at the Hereford golf club. The tournament brought in \$95.

Hereford High School held a talent show and March of Dimes film Monday morning and raised \$171.51 in donations.

**Funds Are Listed**  
Breakdown of all the money received in the month-long campaign is: schools, \$62.11; high school talent show, \$171.51; junior high school talent show, \$150.14; special gifts, \$445.08, incomplete; Mother's March, \$1,425.41; coin collectors, \$387; coin cards, \$180.82; golf

match, \$86; Westway, \$359; balloons and crutches, \$412.25; telethon, \$1,656.71; radio auction, \$639.70.

### Mrs. Opal Dixon Cited For Service

Mrs. Opal Dixon, formerly Miss Opal McMahon of Hereford, was honored in Lubbock recently by the Lubbock Ministerial Association at a banquet held in the First Baptist Church.

Mrs. Dixon, church editor of the Avalanche-Journal, was cited for distinguished contribution to religious news and was presented with a certificate of merit and gifts at the annual meeting of the Association.

Mrs. Dixon is a graduate of Hereford High School and is a sister of Mrs. O. L. Click.

### Loss Is \$1,000 In Nunley Farm Blaze

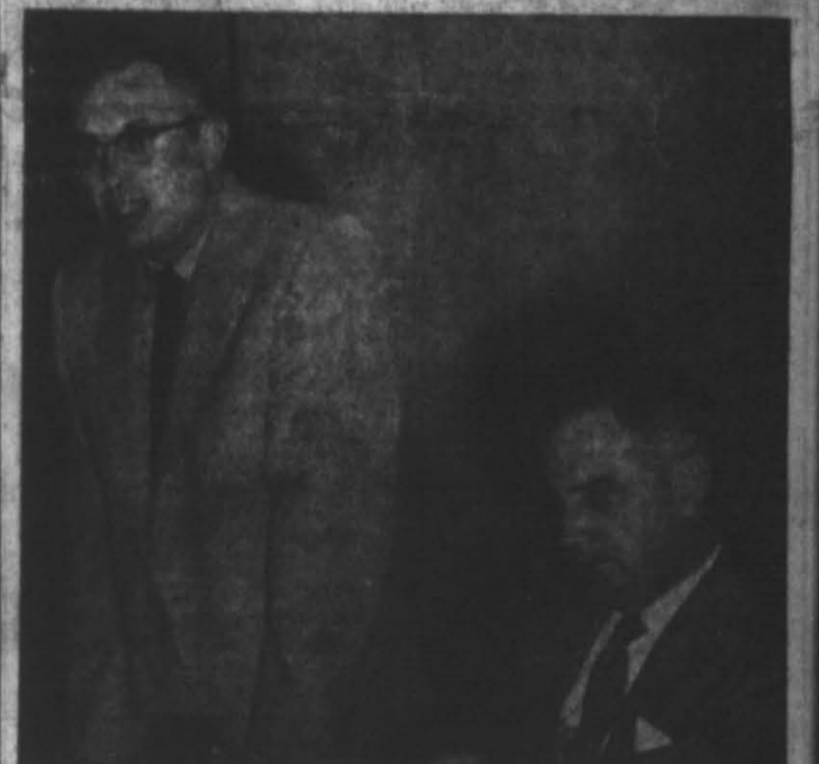

Loss was estimated in the neighborhood of \$1,000 Monday night when the well house at the W. B. Nunley residence, one mile north of Highway 66 on the Progressive Road, was demolished by fire of unknown origin.

An alarm summoned Clay Angelo and the Hereford pumper, when the Nunleys feared that a butane tank, 20 feet from the well house, and the residence, 30 feet away, were endangered by the flames. The fire remained under control, however.

In addition to the well house, the Nunleys lost hams, sides of bacon, a lawn mower, chicken brooder, alfalfa seed and other items stored in the shed. Insurance covered \$800 of the loss.

TAX INEQUALITIES were pointed out at the C-C Breakfast by Mrs. Deward Roberson, Citizen's Committee member. Mrs. Roberson cited lack of proper assessments as chief cause for existing conditions.

LESS MONEY to farmers was pointed out by Bert Boomer, who reviewed the new "70 percent parity" support program on grain sorghums. Boomer said local farmers will receive 50 cents per hundred less than last year, 65 cents per hundred less than 1953.

### DOGS BITE TWO CHILDREN

## Townwide 'Dog Clinic' Slated For Feb. 14-15

Following a report of three small children bitten by dogs in the past week, City officials set Feb. 14-15 as dates for a town-wide dog clinic in which arrangements will be made for vaccination of all dogs on those dates between the hours of 3 and 5 o'clock. Dog licenses are also available at the City Hall, but can be issued only with vaccination receipts.

"We want to give everyone a fair chance to vaccinate their dogs, and to get licenses," said city officials.

"We think the dog clinic will be an added convenience." They also announced that following the clinic a drive will be opened to pick up all stray dogs without licenses.

The dogs which bit the children are now under observation, according to Jack Gilliland, City Sanitarian.

A check in the City offices Wednesday revealed that 22 dog licenses have been issued this year as compared with a total of 324 in 1954.

## Wheeler Murder Trial Is Set For Feb. 23; Fourth Time On Docket

A heavy district court docket appeared probable this week as Judge Harry Schultz set preliminary dates, including the three-times-postponed trial of Melvin O. Wheeler, indicted Nov. 6, 1953, on charges of "Murder with Malice."

The Wheeler case is set for Monday, Feb. 23. Non-jury and pre-trial cases have been set for Feb. 9 and Feb. 24, and jury cases are scheduled for March 14. Judge Schultz said that seven potential

jury cases appear on the criminal docket at the present time.

**Murder Trial**  
The Melvin O. Wheeler case is set for the trial of the slaying of Miss Hickert on Oct. 1, 1953, and Wheeler was indicted by the Grand Jury on Nov. 6, 1953. The trial was postponed for Feb. 19, 1954, again on March 29, and on Nov. 8. Continuances were allowed on all three occasions.

FIRE FIGHTING went on a "Helpy-Selfy" basis here Monday when the Paul Bowser pickup caught fire shortly after noon. Instead of calling the department to come out, Bowser drove the pickup to the front of the fire station. A previous call had alerted firemen, who were waiting for the flaming vehicle

and made short work on the blaze. Clay Angelo and Willard Witherspoon are seen above as the chore was finished. The truck, in addition, created much comment as it drove down the street, blazing with flames from a load of corn chucks. (Staff Photo)

# Farm Women Get Tips On Fire Prevention

Checking a windmill tower to locate a fire ceased to be common practice when the grass, which furnished fuel for such flames, was plowed under but, according to fire chief East Phillips, the local firemen are sometimes required to resort to even less effective methods of locating fires. This is especially true, he said, when some woman yells into the receiver "My house is burning—" and hangs up without giving her name or address.

Mr. Phillips, assisted by Glen Witherspoon and Clay Angelo, outlined other problems which the Hereford Fire Department confronts, particularly in answering rural calls. The occasion was a program for Home Demonstration Club Women and their husbands at the City Hall on Monday, Jan. 31.

These country homes are now often equipped with as many or more appliances than urban residences. The hazards are often created by lack of adequate out-

lets and overloaded wiring. Several neighboring counties have met the potential danger to farm property by purchasing fire equipment which is manned and maintained by the city fire department but which is to be used for making rural calls. With an arrangement like this fire fighting equipment is available to the farmer even when circumstances in town will not permit the use of city-owned trucks.

Randall and Castro Counties are finding this set-up a real advantage to people living outside the city limits, since they are able to depend on service, even if a fire should break out in town or whether hazards should prohibit taking local equipment outside the city limits.

**Things To Do**  
Some of the things that a property owner can do to help prevent or control fires were pointed out by Glenn Witherspoon, who exhibited appliances and wiring found in use which could easily

be responsible for starting a fire. Most impressive of the things demonstrated was the rubber nozzle available at the hardware stores, which may be attached to any faucet quickly for use with an ordinary garden hose in case of fires. The women were also amazed at the speed with which Mr. Witherspoon was able to put out a fire in a skillet by simply affixing a cookie sheet over the top and turning it off the air.

"Three things are necessary for a fire," Mr. Witherspoon said. "It takes fuel, heat and oxygen to make a fire and if you can eliminate any one of these the fire is extinguished," he continued.

Clay Angelo explained the principle that makes the respirator, given to them by the Kiwanis Club, successful and told the group that in case of asphyxiation the Fire Department should be called without delay. Mr. Angelo discussed other items of standard equipment carried by the pick-up truck and also several things which had been made by the Fire boys at a real saving to the department.

One of the most interesting was a device built by the men to remove smoke from a building so they could work more effectively.

In answer to questions which followed the program Mr. Phillips advised inexperienced people attempting a rescue to enter a smoke filled building only if they could see the floor well enough to walk or crawl below the smoke level. Otherwise a rope should always be tied to the person attempting a rescue so he could be pulled out of the building in case he is overcome by smoke.

In summing up the ideas given, most pertinent probably were the statements that "most fires are either saved or lost in the first three to five minutes" and according to Mr. Phillips "the three main fire hazards are Men, Women and Children."

## Taxes.....

(continued from page 1)

**High Tax Inequality**  
"Many people escape paying personal taxes on cars, T.V. sets, watches and silverware," she pointed out. She also mentioned cattle which were pastured temporarily in this area, and said that when she lived in Amarillo such items were assessed at regular intervals. She attributed the situation to the fact that the county is not large enough to maintain separate assessor-collector offices.

**No Hotel Taxes**  
She also pointed to hotel Jim Hill as a source of inequality, and estimated that \$18,000 in school taxes should have been collected from the business on a uniform rendition basis, whereas no taxes were collected on the business prior to its sale last year.

Mrs. Roberson also suggested rendition of automobiles when license tags are secured as a possible means of getting such property on the tax rolls.

she burned seven years ago," Mrs. Roberson said. "It was still on the tax rolls last year, however."

**30 Percent Farmers**  
Virgil Dodson spoke next, pointing out that 30 percent of those present were farmers, and the farmers are definitely interested in both problems up for discussion at the breakfast. He stressed "Our Children as our Greatest Asset" and urged investment of school dollars where the community could get the most for its money.

An invitation was extended to all interested persons to attend the Citizens Committee meeting by Fuller, who said the group will meet each Friday afternoon at 2 o'clock in the hotel.

## Wheeler.....

(continued from page 1)

A special venire and three jury panels (170 men) were ordered for the trial last November, a procedure which will probably be followed again when the trial comes up this month.

## Former Resident Dies In Electra

Mr. and Mrs. Arthur Rogers have returned home after attending funeral services held on Jan. 22, in Electra for Mrs. Phillip Broadwell who died suddenly in Laredo following a cerebral hemorrhage. Mr. and Mrs. Broadwell had been on a trip to South Texas and were returning to their home in Electra when she was taken ill.

Born in Milton, Iowa in 1890, Charlotte Elizabeth Tatman came to Hereford with her parents, Mr. and Mrs. O. S. Tatman, in 1912. She was married to Phillip Broadwell in 1922 and the couple moved to Electra in 1923. He operated the Electra Steam Laundry there for years.

Mrs. Broadwell was a member of the Presbyterian Church and served as musician for years. She was also active in civic affairs of the community.

Funeral services were conducted in the James B. Tarlton Funeral Home with the pastor of the Presbyterian Church, Rev. Jesse Iwig, assisted by Rev. E. E. Coleman of Whitesboro, a former pastor, in charge of the service.

**HD Choral Club**  
The H. D. Choral Club reports three meetings were held at the home of Mrs. Cecil Parker in January and members voted to sing by invitation when agreeable.

They plan to sing at the District TDA meeting in April to be held in Spearman. The club accepted an invitation by Mr. and Mrs. Cord Hammock to sing at the Simms Community house. Those singing were: Mesdames R. L. Wilson, Roy Landers, R. C. Childers, N. D. Bartlett, Tom Draper, Paul Hoff, T. J. Parsons, John Draper and Miss Augustine Gregory.

June Marian Smith, who is attending West Texas State College, was home over the weekend with her parents, Mr. and Mrs. O. A. Smith.

WALTER ROGERS SAYS:

### Classifies Formosan Resolution As Honest Action In Behalf Of Country

**FORMOSAN RESOLUTION**  
The resolution passed by the House by a vote of 409 to 3 was nothing less than a request by the President for a vote of confidence—a request that the Congress would support the President in such action as he might take to preserve this union and protect our sovereignty should it be challenged or attacked in the Far Eastern theater. In other words, the administration actually said to Congress, "Anything might happen in the Far East. In the event United States forces have to use force and arms to preserve our sovereignty, and this action later turns sour or becomes unpopular, will you Members of Congress take part of the responsibility?" The President of these United States has always had the power and the right to act forthwith in the preservation of this country. Therefore, I did not hesitate to vote for the resolution and, in effect, say to the President: "We will certainly accept responsibility as public officials for honest action taken in defense of this country and what it stands for." Had the President acted without sending this resolution to Congress, I would have given him the same support.

During the debate on this resolution, I conceived the idea that it might be very interesting to watch the antics of the newspaper people covering communist publications. I spotted two of them in the Press Gallery—one woman and one man. I watched them at every opportunity as the debate progressed, and can assure you that they were very, very attentive. In fact, neither of them left the press gallery during the proceedings except for a momentary departure into the press room. Whether or not this trip was made for conveying information to their papers or for some other purpose, I do not know. All the time they were in the press gallery they feverishly wrote down every word that was said. As I watched them, I marveled at what a wonderfully strange place America is. Where, behind the Iron Curtain, could an American correspondent even be present at a government proceeding, much less be allowed to take notes? Even at a small government proceeding, to say nothing of a meeting of high government officials. If such a correspondent should take notes on such a proceeding, his chances of getting them out of the Iron Curtain Country would be about one out of 10 million. Frankly, I feel that reciprocity would be most appropriate in this sort of situation and that Russia or any other Iron Curtain country should be given only the same rights of news coverage in this country that we are allowed in those countries, and no more.

**COMMITTEE HOT POTATOES**  
In a previous newsletter, I reported that I had moved my office to the third floor of the New House Office Building and my number is now 1330. We have a much better view from this office because it is on the south side of the building and overlooks the Mall, the Washington Monument, and most of the government buildings, including the Department of Justice and the Department of Health, Education and Welfare. However, the view did not prompt the move, because there is no time to enjoy it. My prime reason for moving was the fact that both of the committees to which I am assigned are located on this floor, and this office is half-way between the committee rooms. It will be necessary for me to be very close to the committees during this session because there will be much controversial legislation in both. For example, one of the first bills before the Interior Committee is the Hawaiian-Alaskan statehood bill. You can expect this bill to be reported favorably and to provide statehood for both Alaska and Hawaii. I did not favor statehood for either or both last Congress, and I have not changed my position. I shall oppose these bills because I do not feel that the best interests of this country will be served at this time if we move into a new and uncharted political area. At the other end of the hall, in the Committee on Interstate and Foreign Commerce, we will be faced with the alleged health re-insurance bill, sponsored by the President and Mrs. Hobby, but dubbed

a "socialized medicine measure" by many leading doctors. These are two examples of what will be forthcoming in these committees. It is going to be a most interesting session, and I am looking forward to it with pleasure.

**Beer and Wine Advertising On Television and Radio**  
The television and radio people have compiled a report reflecting the number of hours used by beer and wine people in advertising their products on a total of 2,139 stations. Over a period of 12 months, this reflected that for a composite week there were 9,395 radio programs sponsored by beer and wine advertisers, consuming 4,386 hours. Spot announcements for a composite week amounted to 39,110. The beer and wine programs, and spot announcements amounted to 2,85 percent of all spot announcements. ## Walcott News

By Mrs. T. L. Collins  
The Walcott P-TA will meet next Friday night, Feb. 4, at 7:30. This is game night—so come to have some fun. Each family is asked to bring pop-corn balls. Walcott School faculty will be the hostesses for the evening.

Several new children have enrolled in school. Alberto Ramon in the first grade; Gary Rudd in the second and his brother, Mickey, in the sixth. We want them to feel welcome—so be friendly.

Mr. and Mrs. J. V. Perrin and sons entertained with a supper in their home on Tuesday. Guests were Mr. and Mrs. M. L. Preston and Mr. and Mrs. T. L. Collins and Bruce.

Mr. and Mrs. Clarence Hall and children have returned from a short visit with relatives in Arkansas.

Walcott School played the Frijona Junior high teams in both boys and girls basketball Friday afternoon. The games were played in Frijona. Both home teams won the games.

Mrs. Wallace Lumpkins and Linda, Mrs. Don Guseman, Mrs. Virgil Bomar, Mr. and Mrs. Cliff Johnson, Mr. and Mrs. Fred Northcutt and the teachers and custodians of the Walcott School attended the games in Frijona.

Mr. and Mrs. M. L. Preston visited relatives near Guymon, Okla., this weekend.

Mr. and Mrs. S. O. Perkins and Bob visited their son, Johnnie and family of Wildorado Sunday.

It has been school census time again. Mr. and Mrs. Caitins have

called on most of the families in this large district. There are several that will be ready to enter school this next fall.

## Five Accidents Run \$900 In Damages For Past Week

A total of \$900 in damages were recorded in accidents over the city this past week, according to the City police department.

**First On Thursday**  
First of the accidents occurred Thursday afternoon at the intersection of Highway 60 and Bennett Street, when Leon Wells driving a Ford collided with Gary Robert McQuigg driving a 1932 Chevrolet. Wells was traveling west on Highway 60 and was attempting to make a left hand turn when McQuigg started passing on the left side.

Damages to both vehicles were estimated at \$200 by investigating officers. Gary McQuigg was given a ticket for speeding and following too close and failure to grant the right-of-way.

**Saturday Crash**  
Damages were set at \$150 in an accident Saturday involving the cars of Glenn H. Williams and Garland Wayne Dailey.

Williams, driving a 1950 Ford pickup was going east on Park and Dailey in a 1948 Plymouth traveling south on Avenue H, when the two vehicles collided in the intersection.

Damage to the pickup was set at \$50 and to the car at \$100. Garland Wayne Dailey was given a ticket for failure to grant the right-of-way.

**Damages \$150**  
Another \$150 in damages were listed in an accident Saturday evening at the intersection of Highway 51 and Catalpa Street.

Cecil Ray Messer, driving a 1948 Studebaker, was traveling north on Highway 51 and Frances Rodriguez, driving a 1950 Chevrolet, was going east on Catalpa Street.

Damage to the Studebaker was estimated at \$50 and to the Chevrolet at \$100.

Frances Rodriguez was given a ticket for failure to grant the right-of-way and driving with no operator's license.

**At Highway Crossing**  
Damages were set at about \$165 in an accident Sunday at the intersection of Highway 60 and Highway 51.

Jackie Claud Blankenship, who was driving a 1946 Ford and Lonnie Ray Hopson, who was driving a 1947 Ford collided in the intersection of the two highways.

Blankenship was going east on Highway 60 and Hopson was traveling south on Highway 51.

# Wrestler 'Strip Tease' Leaves Fans Wide-Eyed

By Stanley Phillips  
Local wrestling fans of the Hereford area witnessed two rough and tough main events at the Bull Barn Saturday night. In the first main event Hereford's own Bob Cummings took on Angelo Poffo of Illinois and in the final bout Bob Clay of Tulsa, Okla., lost to rugged Boris Kameroff of Rostov, Russia. Poffo irritated the fans immed-

ately by taking so much time and making such a ritual out of putting his beautiful white jacket in a dust proof bag and giving it to Guy Lawrence, the local promoter for safe-keeping. He also had many of the fans wide-eyed when he started peeling off his white trunks but it turned out the white ones were for show and he wore black trunks beneath them to wrestle in.

## Midgets Set To Appear Saturday In Lion Matches

Best wrestling card of the new year is promised fans at the Hereford Bull Barn Saturday night with a "mix-up" of midgets and 200 pounders.

The midget wrestlers, two of the best, share main event honors with the junior heavyweights.

Little Beaver, a notable Indian wrestler from Canada, wrestles Irish Jackie, a stubborn little cuss from Ireland, in the special match, part of a double main event, going for two best falls of three or one hour.

The other section of the twin feature brings Dory Funk, six times Southwest States junior heavyweight champion, against Boris Kameroff of New Haven, Conn.

To start the card, Tony Ross, of Salem, Ore., meets Bob Cummings of Seaside, Ore., and Hereford, Tex. This is a one fall or 20-minute fracas, and it's due to be double tough.

The Hereford Lions Club provides the weekly Saturday night professional wrestling cards here; all receipts, above expenses, go to Lions Club ventures, charity and charitable institutions getting the best of revenue.

Fans who have not looked at the midget wrestlers have a lot of entertainment in store. The little men, of voting age and over, give out with a variety of professional wrestling holds and defenses. They lose no time, and a fan has to be on his toes to see everything that goes on. Little Beaver is considered one of the top hands of midget wrestling, and Irish Jackie is not far behind, if at all. Jackie has been known to upset Beaver, and that gives the little Indian an incentive. The midget wrestlers weigh about 89 pounds, stand about 42 inches high. But they have a lot of action, and they pour it forth in a wrestling match. They are fully grown men, so far as their physical limitations are concerned.

When the bell for the first fall rang Poffo started right out after Cummings, but Bob held his own until Angelo started using fists, hairpulling, choking, etc., and finally put an Italian neck breaker on Cummings to take the first fall in 14 minutes.

The second fall went very fast with both combatants using everything that was legal and quite a few illegal measures to overcome his opponent. The fans became quite incensed when Cummings, their favorite, was called down several times by the referee, Geo. Overhuls. After being worked over on the ropes Cummings came back and took the second fall with a knee action leg binder in five minutes.

Soon after the bell for the third and final fall, the match turned into a slug-fest. After a few stiff jabs to the jaw, Poffo deserted the ring to recuperate. Re-entering the ring Poffo proceeded to use the ropes to choke Cummings, and after failing to break the hold by the count of five, Cummings was awarded the fall and the match by a disqualification. To show the ref and the fans what he thought of the decision, Poffo slapped Overhuls and received a right cross in return, much to the enjoyment of the fans. That ended the first half of the double main event.

**Final Match**  
Last match of the evening pitted Bob Clay of Oklahoma against Bob Edwards of Texas. The match was a double tough affair, and it was a close one. Edwards was the victor in the first fall, but Clay won the second fall by a technical knockout in five minutes.

## Edwards Funeral Is Held Tuesday

Funeral services for Elmer E. Edwards, 78, were conducted at the Avenue Baptist Church Tuesday afternoon, Feb. 1 by Rev. G.A. LaGrone, pastor of the Seventh Day Adventist Church. Interment was in West Park cemetery under the direction of Gilliland Funeral Home.

Mr. Edwards died suddenly in his home on Sunday, Jan. 30. He was born on Sept. 7, 1876 in Iowa and came to Deaf Smith County in 1925.

Survivors include his wife; two daughters, Mrs. Maudie Linville, Kate Paddock of California; three sisters, Mrs. Rosa Wallace, Maryville, Mo.; Jocio McCoy, Tulsa and Mrs. Amanda Miller; four grandchildren and one great-grandchild; one stepson, George Linville, four step-daughters, Francis Schaefer, Lee Wilson, Mrs. Leo Watts, Mrs. Alvin Howard.

ris Kameroff of Russia. Kameroff, a very quick and nimble boy, like Poffo is a master at the art of hairpulling, trunk tugging and choking.

The first fall of the final event started with Clay using headlocks to a good advantage. Kameroff usually came out of them by punching Clay in the stomach which aroused the ire of the fans, especially when Boris was able to conceal them from the referee. After a series of choke holds and forearm smashes, by Kameroff, Clay slugged it out with Kameroff and ended up by taking the first fall in 20 minutes with a rolling cradle split.

Clay started the second fall with a series of headlocks that Kameroff kept forcing him to break by heading into the ropes. Kameroff softened Clay up with several forearm smashes across the back and took the second fall in six minutes with a hangman's hold.

The third and final fall of the main event also started with Clay still relying on headlocks and Kameroff heading for the ropes every time one was put on him. Clay then started coming off the ropes and body blocking Boris. After the second of these blocks, Kameroff caught Clay coming off the ropes and flipped him over his shoulder and before Clay could gain his feet, Kameroff started throwing knee drops into the small of his back. When Clay was weakened by the knee drops, Boris put a leg jackknife and Indian Bow on him to take the last fall in three minutes.

## Dr. Heard Guest At Natural Foods National Meeting

Dr. G. W. Heard will be in Longview today and tomorrow, where a meeting of the National Natural Food Association is being held. This is the first time a meeting has been held in Texas as most of the delegates come from California and the New England states. The two previous meets were held in California and Chicago.

Purpose of the two day session is to discuss methods for replenishing the soil. Agriculture scientists believe that the soil in given areas all over the nation is worn out and in some areas rebuilding processes are already being worked out.

Natural Food Associates is a new organization but results of its research findings have been felt in many of the states, according to Dr. Heard, who was asked to appear at the meeting because of his research in Deaf Smith County which caused Hereford to be publicized as "The Town Without a Toothache."

## McMillan Rites Said In Friona

Funeral services for J. D. McMillan of Farwell were held in Friona at the First Baptist Church on Wednesday, Feb. 2. Rev. M. C. Fields, pastor, and Rev. Vernon Willard, pastor of the Oklahoma Lane Methodist Church conducted the services.

Mr. McMillan died in the Parmer County Hospital Monday, Jan. 31, following a short illness.

Born on April 24, 1885 in Van Zandt County, Mr. McMillan was 69 years of age at the time of his death.

Married to Willie Terrell in 1910 in Vernon, he came to Parmer County in 1929 from Haskell County.

Survivors are: one son, H. T. Magness of Friona, two daughters, Mrs. Ralph Roden and Mrs. Gilbert Boatman of Friona and five grandchildren.

## Dale Barkley Is Aerograph Mate

Dale P. Barkley, son of Mr. and Mrs. Phil Barkley of 221 25 Mile Ave., Hereford, was advanced on Jan. 1, to aerographer's mate second class, USN, while serving aboard the amphibious force flagship USS Estes.

The Estes is flagship for the Amphibious Forces in the Western Pacific and was recently in command of the U.S. Navy's part in "Passage to Freedom," the evacuation of hundreds of thousands of refugees from Communist controlled Northern Indochina.

Miss Betty Cocanougher, dietitian at St. Anthony's Hospital in Amarillo, visited Saturday night with her mother, Mrs. Clyde Cocanougher.

Mrs. Paul Slemings returned to her home at Edgar after a visit here with her parents, Mr. and Mrs. W. H. Price and other relatives.

Filed in Warner Color and Cinemascope, "Hondo," also introduces to the screen a new personality, Geraldine Page, Broadway's latest gift to Hollywood.

"Hondo" is the story of a man who becomes involved in the affairs of a woman deserted in wild Apache territory by her renegade husband. Gunplay and rugged western action is promised for the fans who like their entertainment on the adventurous side, and with Geraldine Page in the role of the woman, Angie, romance will also play a part.

## At The Movies

"Suddenly" with Frank Sinatra in his first dramatic starring role following his sensational coup of an Academy Award for his performance in "From Here to Eternity," is the eagerly-awaited next attraction at the Star Theatre starting Friday and Saturday. Sterling Hayden co-stars with Sinatra in this Robert Bassler production for United Artists release which Lewis Allen directed.

A startling, shocking story, "Suddenly" tells of a half-crazed ex-GI who sets about coldly and cleverly to assassinate the President of the United States. The story created a storm of interest when it first appeared in a leading magazine under Richard Sale's byline. Sale himself adapted his own story to the screen. The large supporting cast is headed by Nancy Gates and James Gleason with Christopher Dark, Paul Frees and young Kim Charney in support.

"This Is Your Army" a documentary film in color, which took the United States Army over two years to film, will open at the Star Theatre on Friday and Saturday.

This feature length presentation which Fox Movietone News produced under the supervision of the United States Army Signal Corps, depicts the Army's most important activities and world-wide responsibilities. Seven cameramen circle the globe to dramatize the Army's job both here at home and in far-away places.

"Garden of Evil"

Twentieth Century-Fox, the film studio that has already turned its Cinemascope lens on much of the beauties that show the world a kind of Garden of Eden, has abruptly swung its camera to an equally spectacular stretch of the earth's surface, in Mexico, and called it "Garden of Evil." Here is the magnetic force, the power that leads three dynamic stars, Gary Cooper, Susan Hayward and Richard Widmark, into an uncommon adventure film, packed with counter plots of suspense. Sunday, Monday and Tuesday present the opening of this great movie.

The plot, simply defined, is based on Susan Hayward's proposal to this ill-assorted pack of strangers that she will pay much gold for their help in rescuing her husband, Hugh Marlowe, trapped by a cave-in in their gold mine hidden deep in the forbidden Indian territory.

"Hondo"

John Wayne's newest epic adventure-drama, "Hondo," opens on Sunday at the Texas Theatre.

The "March of Dimes" tournament held Sunday, Jan. 30, was a big success. The weather was very nice and a total of 81 golfers contributed \$86 to the "March of Dimes" fund.

The tournament, a nine hole handicap affair, was won by Mrs. Teresa Lamm, who had a gross score of 55 with a 29 handicap giving her a low net of 26. Close on her heels was Bruce Wooddell with a 39-12 for a net low of 27. Mrs. Lamm received three golf balls for her efforts on Wooddell, two ovals. Other low net winners were: Eudine Ross, 53-24-29; Kenneth Cowan, 27-7-30; Wendell Burdine, 39-9-30; Lloyd Neill, 38-8-30; Emmett Sherman, 39-9-30. Each of them won one ball.

The Hereford Golf Club and the March of Dimes committee wish to thank all the golfers who participated and contributed to the fund to help in the drive to fight polio.

**Green Fees Up**  
On Thursday, Jan. 28, a meeting of the Board of Directors of the Hereford Golf Club was held and it was decided to raise the six months green fees for members of the Hereford Golf Club. These fees will be due on Friday, Feb. 4, and again on Aug. 4 of each year. The new rate of green fees is as follows: members with full share of stock, \$36; members with 1/2 share of stock, \$35; non-shareholder members, \$42.50.

This is only a \$5 increase for each category of membership and will give the club more money per annum for improvements.

Locker fees in the locker room were also increased. New rates are: individual stalls, \$7.50 per

year per person; multiple stalls (two or more persons), \$2.50 per year per person.

These locker fees are also due on Feb. 4 of each year. Daily green fees will remain the same for non-members: 75 cents for nine holes or \$1 for all day on week days and \$1 for nine holes and \$2 for all days on Saturdays, Sundays and holidays.

**Four New Directors**  
Cards will be mailed out this week to all stockholders to select four new directors for the next two years. Nine names will be placed on a return post card and four will be elected. The nine names to be placed on the ballot are: H. N. Benson, Hereford; Joe Butler, Dimmitt; W. L. Edelman, Friona; Troy Moore, Hereford; Earl Springer, Hereford; Bill Davis Jr., Hereford; Tom Howard, Hereford; Dr. H. A. Cavness, Hereford; D. D. Robertson, Hereford.

Holdover directors are: Francis Hardwick, Wayne Phillips, Dr. J. H. Chanier, J. D. Pitman, and Harry McCauley.

**Wahanta Camp Fire**  
The Wahanta Camp Fire girls met Thursday afternoon to work on the belts they started earlier. There were four girls present to help them: Eugenia Alexander, Janie Bookout, Nona Marie Strange, and Dolly Jo Prowell.

The assistant leader, Mrs. Hank Williams, attended in place of the leader, Mrs. Louis Woodford.

Charlotte Williams was a guest. Members present were: Margaret Boomer, Judy Coffin, Bonnie Rae Craig, Jenny Lynn McCathern, Sheryl Patterson, Sandra Roberson, Kay Lynn Scott, Rosa Lee

AROUND \$400 DAMAGE was estimated Sunday night when the McIntosh home, 205 Avenue A, burst into flames from an unknown origin. The house contained stored furniture but no occupants. # Tips On Rose Culture Reviewed At Training Meeting For HD Leaders

"Rose growing is something you should do with a book in your hand," Argen H. Draper, home demonstration agent, told H. D.

Club women attending a training meeting on roses held at Central School on Jan. 29.

Roses require too much particular care for everybody to grow them successfully," Mrs. Draper continued. For those who wish to grow roses she recommended that

classification and rating be considered first and suggested catalogs as a good source of information. Local rose growers were also listed as a very good way of finding out about varieties and methods of planting which have proved successful for the area.

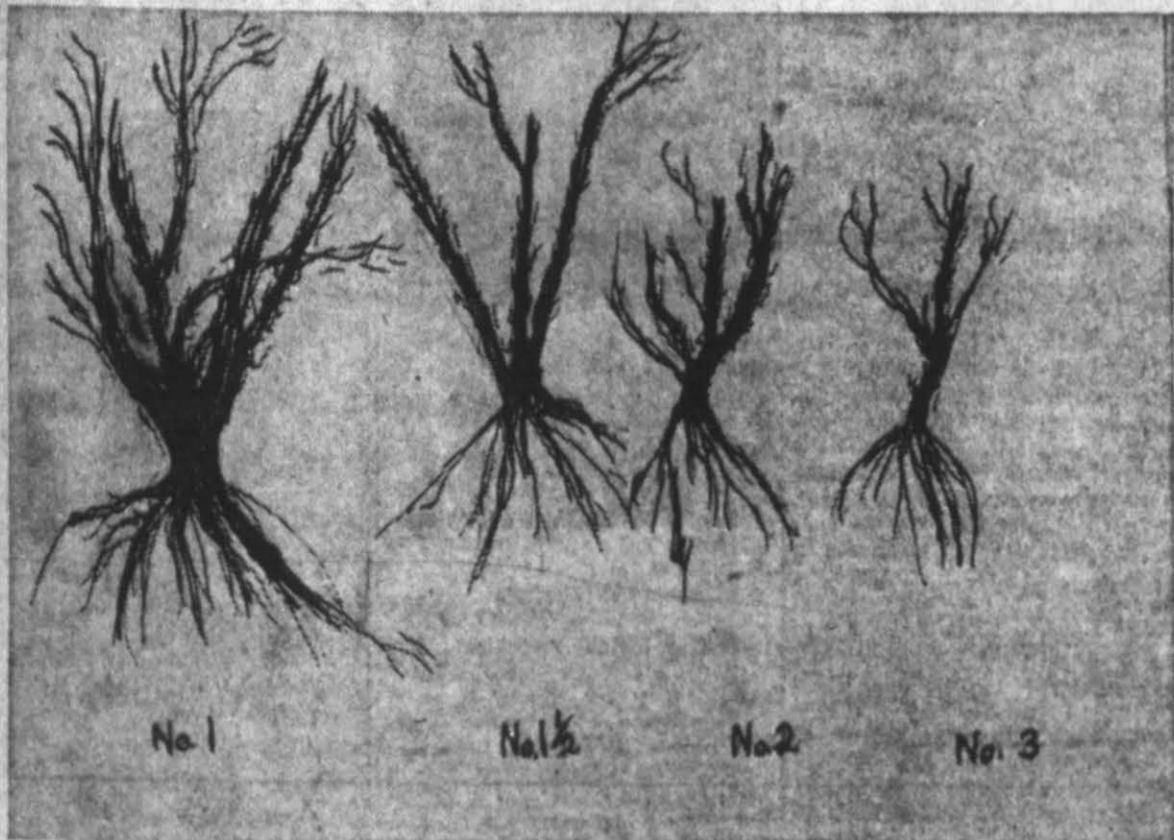

Although February is considered by some as the month to plant roses, a better practice for this locality seems to be to get ready to plant in February and set the bushes before Easter.

After the selection of plants other things to be observed if roses are to grow well is to prepare the soil as one would for a good garden. Mulch to be used after planting should be dry and course enough to prevent its being blown away by the wind and good drainage is another point to keep in mind. This is not altogether surface drainage but cache below the top soil in Deaf Smith County supplies a good drainage system in most yards.

Special emphasis was also put on the location of the rose garden in relation to other trees and shrubs in the landscape as roses cannot compete with a whole lot of other roots nearby.

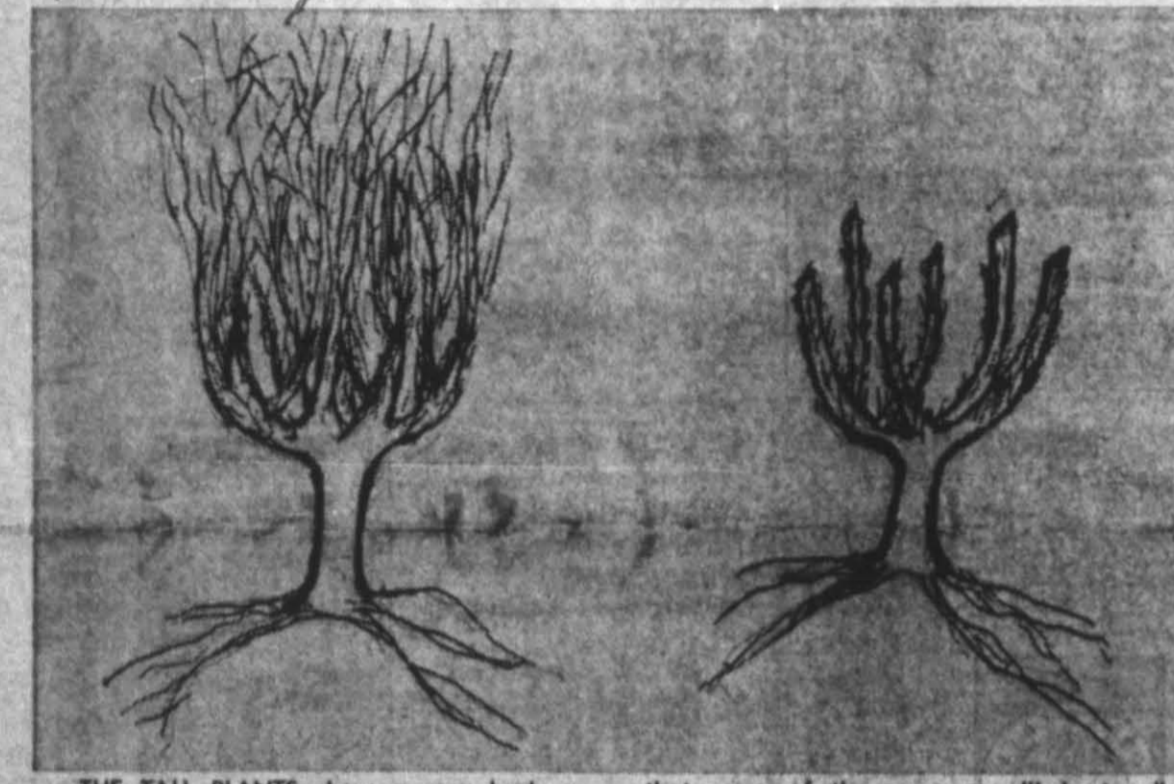

In selecting roses ratings by the American Rose Society were listed as most reliable and local dealers and others where free catalogs could be obtained were given the women attending the meeting.

Slides were shown the group and suggestions for presenting the program on roses to the clubs were made in a summary of the meeting.

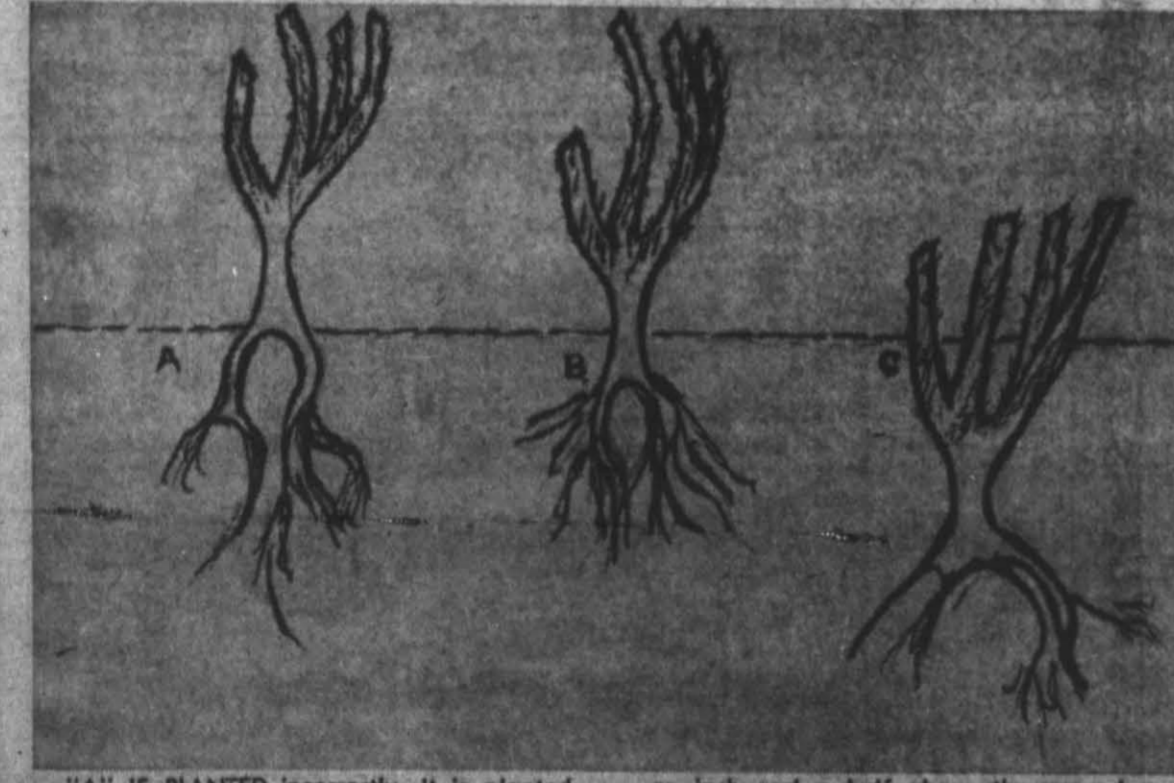

ROSES SHOULD BE ordered by grade and you should know the grades well enough to check plants at the nursery or to check the order when it arrives. The best grade is No. 1. Almost as good as No. 1 is No. 1 1/2. Roses are sold according to grade. No. 1 rose

has four or more large heavy canes with well developed roots. No. 1 1/2 must have three or more canes. It is better to plant No. 1 and No. 1 1/2. The No. 2 and No. 3's or cuttings should be avoided. Cuttings like runt animals will not grow out of handicaps.

THE TALL PLANTS show a rose bush as it comes from the nursery. Plant No. 2 shows the rose pruned within 10 inches of the ground. If stems are cut back to less than 10 inches flowering is delayed. Remember

that some of the roses are likely to die from transplanting if a great deal of top is left. The roots of the plant should be examined. All dead or injured growth should be cut off.

"A" IS PLANTED incorrectly. It is planted too high above the ground and the roots have not been spread. Plant B shows the correct depth. The bud union of branches are about

an inch and a half above the ground and the roots are well spread. View C the rose is planted too deeply. This may dwarf and/or kill the roses.

## Recipe Features Deluxe Gingerbread

A heritage from ancient days which has been classed in some cook book as one of "the glories of Greece and the grandeur of Rome," and still a first choice among American desserts, is Gingerbread.

Probably one reason the average homemaker doesn't get around to making it often is that dark molasses which are a must in the ingredients are no longer a part of the daily diet in most households. However, when mother does remember to pick up a small bottle of sorghum at the market there is nothing that is more temptingly delightful than the aroma of oven gingerbread fresh from the oven which may be served with stewed fruit, apple sauce, a dollop of whip cream, a scoop of ice cream, cho-

colate, cream cheese or lemon sauce, sliced fresh fruits or just plain with a glass of milk or a cup of coffee.

An old-time recipe that is rich and dark is given below.

**Deluxe Gingerbread**

1/2 cup shortening  
1/2 cup sugar  
1 egg  
3/4 cup molasses  
2 cups sifted all-purpose flour  
1 teaspoon soda  
1/2 teaspoon salt  
1 teaspoon ginger  
1 teaspoon cinnamon  
1 cup thick sour milk  
Cream shortening and sugar together and blend in eggs and molasses. Then stir in dry ingredients sifted together, alternately with the milk. Pour into greased and flour-

ed square pan about eight inches by 2 1/2 inches in depth and bake at 325 degrees for 45 minutes or until the cake will spring back when touched.

An electric mixer may be used if preferred. Cut in squares and serve warm.

Mr. and Mrs. Weldon Robinson, Billie Hunt, and Jo Strand, nurses at the Deaf Smith County Hospital went to Wellington Sunday to see Dr. and Mrs. Carter Holcomb and Steven Louis. Mrs. Robinson, Miss Hunt, and Miss Strand are former schoolmates of Mrs. Holcomb.

Mr. and Mrs. Donald Zimmerman and children were in Lubbock recently visiting with friends.

## HD Chatter

by Argen Draper

The Rose Culture meeting which was held on Saturday afternoon was well attended. The club women who attended were quite interested and planned some good things to give at the club programs. If you are interested in roses at all you should order the bulletin on Roses for the Home. The price is 15 cents and the bulletin is ordered from the Superintendent of Documents; U. S. Printing Office; Washington, 25, D. C. This gives a lot of the culture and care of roses. The insect control chapter should be of interest to all persons who have roses.

The leaders who came to the rose meeting are going to keep a record of all club members who have roses and during the next year there will be some special programs planned to help the rose gardener.

Mrs. W. A. Waters and Mrs. J. E. Dyer both told of Red Radiance Climbers which they have that bloom all summer. The Radiance's are very hardy roses. Mrs. Frank Brinkman has had a great deal of experience with roses and her garden will probably be one place we visit this summer. She has such pretty flowers of all kinds.

Saturday we had slides of the Bill Hromas rose garden which added much to the program and helped some of the leaders decide on the varieties they wanted in

their selections.

There is a list of rose varieties in the office which you may have if you like. It was compiled from information secured from local rose growers and should be very helpful. Mrs. Bill Hromas, Mrs. Ralph McCullough, Mrs. J. F. Ward, J. R. Daniel and Howard Armstrong have been very generous with their information about roses as well as other landscape programs which the club women have included in their study.

The first meeting of the series on Metal and Leather Craft will be held Feb. 7 at 2:30 o'clock in the Hotel Jim Hill Ballroom. This is a very important meeting and all club women who are interested should attend. If you are planning to take the craft course from Miss Roberta Campbell or Mrs. Earl DeHart or from a local club leader you should come to the meeting Monday. At this time the supplies and tools will be ordered, if you want your order to be pooled with the others. Make every effort to be present.

For the craft meeting Monday we need some of you to bring aluminum trays for exhibit. The Messenger Club as well as some of the other clubs have already made trays. We could use some copper pictures, too.

The 4-H Club leaders will have

# Bovina Noses Out Local Quintet By 77-74 Score

By BILLY PAUL KNOX

Francis Boyd scored 36 points as the Hereford Whitefaces put up a gallant fight, but finally fell 77-74 before the mighty Bovina Mustangs here Saturday night. Bovina lead at every stop, but the Whitefaces overtook them in the waning moments of the game and were unable to hold on to the lead which they had gained.

Paced by Darrell Read, who scored 37 points, the Mustangs jumped to an early lead, and they never gave it up until Hereford caught fire and overtook them with about two minutes remaining in the game.

Boyd and Read engaged in a personal scoring duel, scoring almost half of their teams' total points. Boyd carried the bulk of the Hereford load, making shani-

bles out of the Bovina defense, but the Herd was unable to stop the offensive machine of the Mustangs.

Hereford trailed to the entire first half, and frequently Bovina held a comfortable 10-point lead. Read paced the Mustangs with 19 points at halftime, as their usual spark-plug, Gordon Killough, was having an off night.

It continued much the same for the third period, but Hereford made a remarkable comeback in the fourth quarter. Francis Boyd hit with consistency as Hereford fought to get back in the game and finally overtook Bovina with about two minutes remaining; but Smith hit two layups for the Mustangs which meant curtains for Hereford.

Bovina got off to their usual fast start and took a quick lead.

The Mustangs were good for 20 points in the initial stanza, while holding Hereford to 18 points to gain an advantage of 20-18 at the end of the first quarter.

The Mustangs did not release the pressure in the second period; they even strengthened their four-point lead by two points to a six point margin. Bovina outscored Hereford 21-19 in the second period to make the score 41-35 in favor of Bovina at intermission.

Hereford began their fight to overcome the Mustangs in the third quarter, but the way was slow and tedious. However, the Whitefaces had whittled Bovina's six point halftime lead five points, and trailed only 61-60 at the end of the third period.

The thrilling fourth quarter kept the fans on the edge of the seats

all the time as the lead saw-sawed back and forth continually, and nobody ever held a comfortable or definite margin. The Mustangs did gain two points on Hereford, however, and wound up on the long end of a 77-74 count.

Francis Boyd paced Hereford with his remarkable total of 36 points, which runs his season total to 462 points, an average of 22 points per game. However, Bovina's Darrell Read was high point man for both teams with 37 points. Read couldn't miss as he ran up his magnificent total.

#### Bippus

Trees planted in the landscape are for beauty, comfort, protection and convenience" Argen H. Draper, CHDA, told members of the Bippus H. D. Club when they met with Mrs. N. E. Tyler on Jan. 26. "Evergreen trees give protection all year, however deciduous trees give much protection and are pretty most of the year," she also stated.

Members present for the program on landscaping were: Mrs. J. G. Fortenberry, Christine Fortenberry, Mrs. G. V. Hall and the hostess. Mrs. E. M. Hix of Wellington was a visitor.

#### Westway

The Westway H. D. Club met on Jan. 20, with Mrs. J. C. Morrison as hostess. The program was given by Emerson Roland, REA representative, on the new arm lift method of artificial respiration. Mr. Roland pointed out that time is an important element in the case of an accident. He told the women to diagnose the patient and decide immediately what to do. Each member practiced the new technique, learning how to apply pressure and develop rhythm.

Mrs. George Turentine conducted the short business meeting. Plans were made for club members to attend the Craft workshop in the ballroom of Hotel Jim Hill on Feb. 7 at 2:30 o'clock.

Refreshments were served to Mesdames Abraham Drager, P. B. Sowell, Floyd Walton, A. L. Wilson, J. H. Landers, B. B. Northcutt, George Turentine, G. C. Merritt, J. B. Thomas and the hostess.

The next meeting will be with Mrs. J. B. Thomas on Feb. 9. The program will be on Homestead Improvement.

**BEEF AND CELERY RING**  
Ingredients: 1 pound chuck beef (ground), 2 slices soft bread, 1/4 cup milk, 1/2 cup finely diced celery, 1 tablespoon finely grated onion (pulp and juice), 2 tablespoons catsup, 1 1/8 teaspoons salt, 1/4 teaspoon pepper.  
Method: Put beef in mixing bowl,

cut bread (including crusts) into fine crumbs with a sharp knife. Add to beef with milk, celery, onion, catsup, salt and pepper. Mix thoroughly with fingers. Rinse a small ring mold with cold water; pack meat mixture into it, piling evenly on top if mold is too small to hold it all. Turn out into a baking pan (8 by 8 by 2 inches). If you do not have a small ring mold shape meat into ring on pan so that it is about 8 inches in diameter and 2 inches high. Bake in moderate (350 degrees) oven 40 minutes. Cut into 8 wedges—2 for

**CREAMED SHRIMP WITH WATER CHESTNUTS AND GREEN PEAS**

Ingredients: One 10-ounce package frozen green peas, 1 pound medium - sized shrimp, 1 1/2 cups water, 1 teaspoon salt, 4 tablespoons butter or margarine, 4 tablespoons flour, 1 cup milk, 1 tablespoon lemon juice, 1 teaspoon American-type soy sauce, 1 clove garlic (crushed), one 6-ounce can water chestnuts (drained and sliced thin), extra salt.

Method: Cook peas according to package directions; drain cooking liquid into 1 cup measure. Put shrimp, water and 1 teaspoon salt in saucepan; bring rapidly almost to a boil; simmer about 3 minutes. Strain shrimp cooking liquid into green pea liquid to make 1 cup. Shell, devein and cut the shrimp in half lengthwise. Melt butter in a saucepan; stir in flour. Add 1 cup mixed green pea and shrimp liquid and milk; cook and stir constantly over moderately low heat until thickened and bubbly; cook a few minutes longer. Stir in lemon juice, soy sauce, garlic, water chestnuts, green peas and shrimp. Add salt to taste. Serve over steamed rice. Makes 4 servings.

**LEMON-ORANGE CARROTS**

Ingredients: 8 large carrots, 1/4 cup water, 1/2 teaspoon salt, 1 teaspoon lemon rind, 1 teaspoon of orange rind, 3 or 4 teaspoons lemon juice, 1/4 cup orange juice, 1 tablespoon sugar, 2 tablespoons butter or margarine (if desired).

Method: Peel carrots, cut off ends and slice on the diagonal into thin oval-shaped pieces; there should be about 4 cups. Put carrots in saucepan with water and salt; bring to a boil; cover and cook rapidly until just tender—about 7 to 10 minutes, depending on how thin carrots were cut. Then drain; save cooking liquid for use in soup or sauce. In a small pan put lemon and orange rind, lemon and orange juice, and sugar. Stir in butter if used. Pour over drained carrots; reheat if necessary.

Serve each portion of carrots with a few teaspoons of the sauce. Will make 6 servings.

Ingredients: 1/2 cup sifted flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/2 cup instant nonfat dry milk, 2 eggs, 1 cup firmly-packed brown sugar, 2 teaspoons vanilla, 1 cup coarsely chopped pecans, 1 cup shredded coconut (lightly packed and then chopped)

Method: Sift together the flour, baking powder, salt and dry milk; beat eggs until thick and lemon

colored; gradually beat in sugar, then vanilla. Stir in sifted dry ingredients just until combined. Fold in pecans and coconut. Turn into well-greased pan (8 by 8 by 2 inches). Bake in moderate (350 degrees) oven about 35 to 45 minutes or until center springs back when lightly touched with finger. Cool slightly. Cut into 2-inch squares in pan; remove with spatula. Serve warm.

## A Wheel Chair Churchman

**H**OW WONDERFUL, if there were no troubles or handicaps to worry or disturb us. Failing of our eyes, or the need for crutches, or the necessity for a wheel chair — these *could* make our lives richer and our faith stronger. By nature we are imperfect. When we go it alone, we are not capable of perfect decisions nor deeds. *There is one greater than we who stands ready, willing, and anxious to help us.*

To Him we must look for guidance; and we can best understand His will for us by attending His Church here on earth. Go to church this Sunday and every Sunday, *even if it must be in a wheel chair.* It takes our contributions, our prayers, our presence.

*Both our church and our faith grow when we are in the pew.*

**YOU IN THE CHURCH THE CHURCH IN YOU**

*Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a more religious character. The church is the mother of the moral and religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in their perilous times. Then, we on Sunday, "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.*

# Long Time Ago

45 Years Ago

The city water tower arrived this week and is being erected by the contractors, with G. E. Nash as foreman. The tower and tank when completed will stand 132 feet from the ground and will have a capacity of about 75,000 gallons. This height will give ample pressure for a splendid fire protection.

D. W. Dean of Oklahoma City was in Hereford this week and called upon the Commercial Club Secretary for information about the growth of this section. Mr. Dean represents the American Telephone and Telegraph Company of New York and he is gathering data to place before this company so that they can determine whether the Panhandle has sufficient business to justify long distance phones. A number of towns in Oklahoma can talk into New York and it is the intention of the company to bring the line over to Hereford and other towns.

Following the suggestion of H. G. Tucker, inventor of the Tucker Automatic Windmill, the Sulphur Park Farm is about to put in a small irrigation plant for demon-

stration purposes. The farm has a small tract of about 100 acres so situated that a small elevation is found to be located near the center of the tract, where an old ground tank was once built. This reservoir will be enlarged to hold a large supply of water.

The success of this wind power will be watched with considerable interest, as the yield of alfalfa can be doubled by the application of a small amount of water after each cutting. The Sulphur Park Farm owned by Messrs. Gough, Irwin and Collins is the first to try this method of irrigation where more than a garden spot was considered.

25 Years Ago

There is no doubt that the poisoned grain mixed and administered by J. M. Hill, assisted by County Agent Dunkle, will help to exterminate the jack rabbits. Saturday morning Messrs. Hill and Dunkle brought to town over 100 dead rabbits that had been poisoned the day before by this mixture.

They distributed only 50 pounds of the poisoned grain on a tract of 600 acres on the George Turrentine and Kelly Gray wheat fields west

of town, where the rabbits were picked up. The mixture was placed in small piles containing about a tablespoonful each at intervals of about 15 yards.

Like reports were reported in other communities where the poisoned grain was tried out.

Local People To Build Elevator at Dawn Switch—The Brand is reliably informed that Hereford citizens have made arrangements for a site and have let the contract with the Star Engineering Co., of Wichita, Kans., for a 35,000 bushel grain elevator at Dawn, 12 miles east of Hereford on the Santa Fe railroad.

## KPAN To Receive Baptist Award

"Baptist Hour Recognition Day" will be observed in churches of the Southern Baptist Convention across the nation this month to honor the more than 200 radio stations in 38 states and seven foreign territories that have broadcasted the "Baptist Hour" a year or more.

Radio station KPAN of Hereford has been broadcasting the "Baptist Hour" throughout this community continuously since June of 1951.

In recognition of this distinctive public service the Radio and Television Commission of the Southern Baptist Convention, producers of the "Baptist Hour," have issued an award from its headquarters in Atlanta, Ga., signed by Chairman Malcolm B. Knight and Director Paul M. Stevens.

The award is scheduled to be presented at the "Baptist Hour Recognition Day" services at First Baptist Church, Sunday, Feb. 6, by Howard Scott, pastor, representing the Radio and Television Commission.

Accepting the award on behalf of the staff and management of radio station KPAN will be Clint Formby, local manager.

Since its inception more than 13 years ago by the late Dr. Sam Lowe, the "Baptist Hour" has grown annually from a few thousand listeners on a dozen stations, numbered at more than six millions within the continental United States alone.

In Hawaii, Puerto Rico, Panama, Alaska, Cuba, Newfoundland, more hundreds of thousands hear the "Baptist Hour" each week. Through the facilities of the Far Eastern Broadcasting Companies seven wavelengths the program is carried to an additional audience of many millions in the Pacific and the Far East, from Manila in the Philippine Islands.

The worth of "Baptist Hour" programs can only be partially estimated from the many thou-

## Beauty At Home

By Lynn Carter

Q. What is a good treatment for a blackhead - infested skin?

A. You must cleanse the skin very thoroughly, and very often—at least three times weekly. Twice weekly, use a grainy cleanser to help dislodge those blackheads. And very important, include plenty of Vitamin-A foods in the diet, especially the green and yellow vegetables, and yellow fruits, such as apricots and peaches.

Q. How can I make a smoother job of applying my nail polish?

A. If you'll give the nails a good buffing before applying the polish, it will help. This also stimulates the nails and makes for more health and strength in them.

Q. How can I soften hair that is rather dry?

A. A half-cup of vinegar added to your final rinse, when shampooing, will not only soften the hair,

ands of letters received at the Radio Center in Atlanta.

The stories told by these unsolicited testimonies is an inspiration to the small staff of specialists that produce the "Baptist Hour." Requests for sermons, prayers and guidance reach a phenomenal but gratifying proportion each year.

A total of more than 375 stations now carry the program each week.

but will add a nice gloss to it.

Q. How can I make a chin strap to help reduce my double chin?

A. Tie firmly around your face and under the chin several thicknesses of gauze, soaked in chilled witch hazel.

Q. What can I do about brittle eyelashes?

A. Refrain from using lash coloring on them for awhile. Exercise them frequently by tugging gently at them, and massage them with some cream.

Q. How should the oval type of face be made up?

A. Rouge center of cheek, blending it up over cheekbones toward the temple in a tri-circular field. Carry rouge very lightly up under the eye, especially if you have dark circles. Keep eyebrows natural, starting them on a line directly above inside corner of eye. Make up the mouth full and follow its natural line.

Q. What are good skin bleaches I can use?

A. Buttermilk is very good. Wash face and neck with it at bedtime. The juice of a lemon in a cup of milk makes another good bleach. Peroxide of hydrogen also will whiten the skin. Dilute it and use it like a lotion, avoiding the eyebrows and eyelashes. If it smart, dilute it with rose water.

Q. How can I mix a good body deodorant at home?

A. Two and one-half ounces boracic acid, one-half ounce zinc oxide, and one-half ounce talc.

# How the 1955 Mercury makes sense out of high horsepower

NEW 1955 MERCURY PUTS HIGH HORSEPOWER TO WORK AT NORMAL DRIVING SPEEDS WITH NEW SUPER-TORQUE V-8 ENGINE, DUAL EXHAUST, 4-BARREL CARBURETOR

Mercury gives you high horsepower you can use in all performance ranges—**not just brag about.**

More important than high horsepower alone is pickup, passing, hill-climbing power—more power for your everyday driving.

Everything about Mercury's new and advanced SUPER-TORQUE V-8 engine is designed to give you more usable power with super pickup in every speed range.

It's a short-stroke, low-friction design, with high-turbulence combustion chambers, full-vacuum automatic spark control—all specially engineered to squeeze more power out of every drop of gas.

And there are Mercury exclusives like:

1. A 4-barrel vacuum-operated carburetor for instant response. Only Mercury in its field offers it as standard equipment on every model.
2. A dual-exhaust system on all Montclair and Monterey to cut power loss, and add

more efficiency and economy. Only Mercury in its price class has it as standard equipment.

3. High-compression spark plugs—a revolutionary new design—for peak performance at all speeds without overheating or fouling. Only Mercury has them in its field.

They all add up to a new kind of high-horsepower performance by Mercury—the car that's always used V-8 engines—built over 2,000,000 of them. We invite you to try the new 198-hp Montclair, the 188-hp Monterey and Customs. Just stop in at our showrooms.

# Your Income Tax

By FRANK O'BRIEN  
Whatever tax form you use, an early question to be answered, and one that can make a considerable difference in your tax bill, is whether you are filing a joint return, or filing separately.

If you are filing separately, you may be qualified to file as a "head of household."  
There is something new in joint return provisions this year for mar-

ny recent widows and widowers. The joint return, and the head of household return, are special tax law dispensations for married couples and for single persons who are supporting a household. If you qualify for one or the other, it will in nearly all cases be to your dollar and cents advantage to use the special tax status they provide.

The new tax law gave recent widows or widowers, who meet certain conditions, the privilege of figuring their tax as though they were filing a joint return.

Here are the joint return conditions, to be followed by a discussion of who qualifies as a head of a household, and what that means to you in terms of tax cutting:

The joint return—You may file a joint return using either form 1040A or form 1040, short or long.

The joint return is for married couples, and for widows or wid-

ers, whose spouse died during the last tax year (1954 in this case). Filing jointly allows you to add together the income of both husband and wife, and then after giving effect to deductions and exemptions, divide the balance equally

and find the tax on one half of the total. It is the possible shift to a lower tax rate which makes the difference—you do not pay tax on any less income.

Users of form 1040A do not add together the income of husband and wife. They put their incomes (if both had income) down separately. The district tax director does the income adding and splitting.

You may not file a joint return if:

1. Either the husband or wife was a non-resident alien at any time of the year.

2. When husband and wife have different tax years. One might pay taxes on the calendar year basis, while the other operated on a fiscal year, from March 1 to April

30 for instance. In that case, the couple must file separately.

3. If husband and wife became divorced or legally separated at any time in the year, up to and including Dec. 31.

If during 1954 you obtained a divorce decree in a state which issues a temporary, inter-locutory decree that does not become final for some time afterwards, and the decree is not final until sometime in 1955, you should seek expert advice based on your state laws.

If you marry at any time during the tax year, up to and including Dec. 31, you and your spouse may file jointly for the entire year.

Remember that both parties to a joint return must sign the return even though only one had income.

If husband itemizes his personal deductions on a joint return, the wife's personal expenses must also be itemized. If husband and wife wish to handle their deductions differently, they must file separately.

If a husband or wife dies during the tax year, the survivor can file a joint return for that entire year (even if the death of the other took place on the first day of the year). The survivor can claim a full \$500 exemption for the deceased, and take the deceased's deductions. The survivor, in other words, has full joint return privileges, for the year in which death occurred.

The new tax law stretches this provision, with some restrictions, for two years, in this way:

It allows a widow or widower to calculate his tax as though filing a joint return (all the privileges of a joint return, that is, except that no exemption is claimed for the deceased), for two years after the

tax year in which death occurred, under the following conditions:

The survivor must not have remarried.

The survivor must maintain a household in which he supports a son, daughter, stepson or stepdaughter who is an exemption for the taxpayer.

And the survivor must have been able to file a joint return with the deceased in the year of death. This means that:

A widow or widower whose spouse died in 1952 may, if he meets the restrictions of the new provision, calculate his 1954 tax as if it were a joint return. In the case of a death that broke up a marriage in 1953, the survivor who meets the restrictions may calculate his tax as if filing a joint return for both 1954 and 1955.

In case of death breaking up a marriage in 1954, the survivor may file an actual joint return for 1954, and for the years 1955 and 1956, if he meets the restrictions, may calculate his tax as though filing jointly.

After these years have run out, the widow and widower may join other single persons who qualify as a head of household. You are eligible as a head of household only if:

1. You are single (or legally separated) at the end of the tax year.

2. You have maintained a home, as your household, during the entire year (except for temporary absences, such as vacation trips), and this household must have been the principal home of:

3. Any related person for whom you could claim an exemption except in the case of a person being

supported by more than one taxpayer—which is to be discussed in the next article of this series) or

4. Your home was the principal home of your unmarried child, step child or grand child, even though not a dependent of yours.

5. You also qualify if you pay more than half the cost of maintaining a household (it need not be your home) as the home of your father or mother, and either qualifies as your dependent.

If you qualify as a head of household you will be directed, in line 6 of the tax computation box on page 3 of form 1040, to use tax rate schedule 2 (on page 14 of the instructions) in figuring your tax. You will see that the rates are lower than in tax rate schedule 1, on the same page.

Persons who wish to file as a surviving widow or widower (figuring their tax as though it were a joint return) and those wishing to file as a head of household may not use form 1040A.

**A NATURAL GAS PIPELINE WILL SAVE YOU 50% ON FUEL COSTS!**

...and Carlon Plastic Gas Pipe provides a better pipeline for less money.

SAVINGS ON FUEL COSTS by converting to natural gas are only the beginning. In Texas, over-all savings on an installation total a minimum of \$800.00 per mile. That's your savings over steel when Carlon plastic gas pipe is used.

When you convert to natural gas, or plan new wells, PLAN ON CARLON PLASTIC GAS PIPE. Carlon gives you extra savings... extra years of service... a better pipeline for less money.

Carlon costs less than steel... and can be installed for less. By using Carlon plastic pipe, you can save one-fourth the cost of a steel pipeline. Carlon "LF" is right for gas.

Carlon plastic pipe can't rust... so it can be buried and forgotten. Its performance is proved by hundreds of miles of trouble-free installations right here in the Texas High Plains area.

ALL INSTALLATIONS ARE MADE BY TOP-FLIGHT CARLON APPROVED CONTRACTORS AND SUPERVISED BY FACTORY TRAINED CARLON ENGINEERS.

**ONLY CARLON PLASTIC PIPE GIVES YOU ALL THESE ADVANTAGES**

**LONGER LIFE**—Anti-oxidant in Carlon resists aging. Makes Carlon last years longer than ordinary plastic pipe. Lasts longer than steel.

**STRONGER**—Carlon plastic pipe is 10% stronger. It has greater resistance to electrolytic corrosion. Carlon's base material is the toughest formula which can be successfully extruded.

**TOP PERFORMANCE**—Precision extrusion of Carlon provides smoother plastic walls which offer less friction and higher flows. It's like adding a reserve capacity to systems when Carlon is used.

**TOP QUALITY**—Because of Carlon's "know-how", engineering skill and ultra-modern facilities, Carlon plastic pipe is extruded without lubricants which contaminate ordinary plastic pipe.

**ABSOLUTE UNIFORMITY**—Precision controlled manufacturing processes guarantee accurate compounding and control of tolerances. Special Carlon processing eliminates flaws... makes Carlon the perfect plastic pipe.

**PROVED PERFORMANCE**—Almost 47,000 miles of Carlon plastic pipe are already in use.

**TROUBLE-FREE FITTINGS**—Carlon fittings are made especially for Carlon plastic pipe. With a Carlon installation, no trouble can be caused from purchasing pipe from one source and fittings from another. Carlon makes both... fittings and pipe become an integral unit.

**GUARANTEED**—Guaranteed forever against rot and rust. Completely resists corrosion caused by both acid and alkaline soils. This guarantee is backed by Carlon's reputation as the world's oldest and largest manufacturer of plastic pipe.

## Lt. Young Goes To Alaska Base

FORT CAMPBELL, Ky. (With the 503rd ARCT in Alaska). Lt. Francis V. Young, son of Mr. and Mrs. Leman Young of 1008 Grand Ave., Hereford, a paratrooper serving with "I" Company of the 503rd Airborne Regimental Combat Team, recently departed Fort Campbell with his unit for Alaska to participate in the major army maneuver, Exercise SNOWBIRD.

The maneuver will test the endurance of U. S. troops and weapons in Arctic areas. During the exercise the 503rd will participate in the largest mass parachute drop of men and material ever attempted in an Arctic region.

At the completion of the exercises, which will last approximately four weeks, the 503rd ARCT will return to Fort Campbell.

Lt. Young's unit, the "Rock" regiment of the 11th Airborne Division, is the same unit that dropped on Corregidor during World War II.

## Lotus Root In College Operas

CANYON, Feb. 1. (WTNS)—Miss Lotus Root of Hereford has been named in the east of one of West Texas State College's two one-act operas to be presented March 31 and April 1. They are "Sunday Excursion" and "Gianni Schicchi."

Miss Root, a freshman, is the daughter of Mr. and Mrs. Don Root, 511 N. Main, Hereford. She is a member of the WT Choir.

West Texas State's Opera Workshop is in its fourth year in producing operas. In 1952, the first production was Gilbert and Sullivan's "H.M.S. Pinafore." Mozart's Così fan Tutte was presented in 1953, and last spring a contemporary work, "Singin' Billy," was given.

R. M. Gunn visited Monday and Tuesday in Clovis with Mr. and Mrs. Jim Madole and other relatives and friends.
