SURVEY SHOWS CONTINUED, STEADY GROWTH FOR AREA!

Predict Population 18,497 In 25 Years

What does the future hold for Hereford?

The answer to this and literally hundreds of other questions regarding this community are to be found in the scientific projections forecast in the Technical Survey concerning Hereford, Deaf Smith County and this general area.

Furthermore, the answers look good in all phases—a factor which Mr. Blanton told the group was most unusual.

"I have made many surveys, including those for some of the larger firms and cities," Mr. Blanton said. "This is the only one I recall where the area consistently show-

ed growth and abundance of all assets. Usually, a community is short on one or more phases but the Hereford territory seems constant in all needs."

The survey naturally covers many phases, including industry, agriculture, population, schools, wholesale and retail business, real estate, marriages and births.

The forecasts are based upon past records, general trends over the nation, and statistics as used by the government. They are inclined to be conservative, according to Mr. Blanton—and they are literally eye-openers for most people who reside in the community.

Big Population Jump Take population, for instance. Hereford has almost tripled since 1940—and is expected to be 18,497 in 1980, as indicated from the following survey tables:

Table with 2 columns: Year, Population. Rows: 1940 (4,700), 1950 (14,000), 1960 (16,105), 1970 (20,797), 1975 (23,158), 1980 (25,495).

Schools to Double Hand in hand with the population increase, the survey predicts growth in the area's school system. In 1940, the area showed 963 enrollment, which jumped to 1,212 by 1950.

What's more important, though, the entire territory around Hereford is destined to keep pace, according to the survey, which indicates parallel growth for Farmer, Castro, Deaf Smith and Oldham Counties, especially in the portions surrounding the immediate Hereford area.

Cite 21 Industries In Future Expansion The Technical Survey devoted a large portion of its space to future industry in the area listing 21 recommended industries for the community.

Pointing out that the community offers distinct advantages to certain industries, the survey endorsed and summarized the availability of power, fuels, water supply, transportation, labor, available sites, cost of buildings, raw materials, and markets.

AGRICULTURAL IMPLEMENT assembly plant. To assemble implements to serve farming interests throughout this region.

BEET SUGAR MILL. To utilize beets produced in the Hereford area in the manufacture of beet sugar.

CANNING PLANT. To utilize the vegetables grown throughout this region.

CELLOPHANE PACKAGING plant. To package vegetables for shipment into consumer areas.

CHEESE FACTORY. To utilize a portion of the large milk product-

How They Live How do these people live? What do they do?

The answer to these questions is comparatively simple. They do just about what they are doing now—only more of it. In addition, the survey shows a heavier emphasis on industry and manufacturing in a program which is destined to continue with solid growth until around 1960, then to increase sharply into 1980.

Occupation income figures in 1940 were placed at \$1 million; in 1950, they jumped to \$5,600,000 and in 1955 were set at \$11 million. The projection shows close to \$14 million in 1960, and \$17,300,000 in 1965. By 1980, the figure is set at just under \$30 million.

Agriculture Is Basic Agriculture will continue to provide the chief income, however, and in about the same ratio they appear today. The total of all the crops in 1940 was \$3,776,159, which by 1950 had almost tripled with a total of \$9,813,395 and in 1955 was estimated at \$11,747,653.

Reflects Boom Growth In 1940 total bank deposits were \$530,000. They had barely passed the \$1 mark in 1941 and by 1945 were over \$6 million.

Projected bank deposits follow: 1960, \$15,867,495; 1970, \$24,975,842; 1980, \$29,886,955 and in 1980 \$34,895,770.

Since it is impossible to cover in detail the various other phases in the huge survey the important remaining factor appears to be future (Continued on Page 2)

A HOLE IN ONE was shot by Earl Stagner at the Hereford Golf Course Sunday on hole number six. This entitled Earl to the \$31 from the "Hole in One" club which was started in 1954 by each member putting in \$1. J. M. Posey made the last hole in one on the same hole last July. (Staff Photo)

Interest Grows In Trustee Race

Four Announce In Local Race

Hereford's school trustee race, begging for candidates until Monday, changed so rapidly in a last-minute rush of filing that the deadline at 5 o'clock Tuesday found six names registered.

Two of the candidates, formally withdrew their names Wednesday morning, however, leaving four in the Hereford trustee race — with two to be elected. Candidates who will appear on the ballot April 2 are:

- W. P. Axe
W. L. Davis, Jr
Tom Robinson
Clinton Jackson
Marcus Latham and W.R. (Dub) Hair, both of whom filed on Tuesday, made withdrawals of the names Wednesday morning.

Two of the remaining candidates

will be selected on April 2 to replace Howard Gault and Lyle Woodford, retiring board members in the Hereford District. Carry-over members in the district will be: Don Zimmerman, Bob Waggoner, Ira Scott, H. H. Miller and Mrs. Earl Plank.

The Walcott district also had two candidates for the post created

with the retirement of Eldred Brown. Running for this post are Jack Weaver and Roy Pruitt; one to be elected.

In the County trustee race only three candidates had filed for the three vacancies, and all three were up for re-election and unopposed: N. R. Miller, precinct 1; Elmer Combs, precinct 2; M. W. Blankenship, precinct 4.

Thieves Take \$160 And Two Radios From Central School

Officers and school authorities were baffled over a Central School robbery which occurred the past week-end in which thieves netted approximately \$160 in cash, along with two portable radios. The robbery occurred some time between the closing of school Friday afternoon and the opening on Monday morning.

The "Neatest" Thieves "They were the neatest intruders anyone ever heard of," said D. C. Martin, principal, in reporting their theft to the sheriff's office. Investigation by officers revealed that no damage was incurred through entering the building. The thieves carefully took a key from the principal's desk and opened the file containing the money; this chore completed, they locked the file back and returned the key to its original place in the desk drawer. They did take time to confiscate a small radio in the principal's office, however.

The next stop was the ladies lounge, where a second radio was taken. The only other missing

item reported in the theft was a dilapidated alarm clock from the cafeteria rooms.

Money from Art Exhibit Despite the neatness, however, the robbery is creating headaches for school authorities in that \$110 of the cash represented proceeds from the recent art exhibit and was scheduled to be re-lent to the company, which displayed the pictures here last week. The remaining \$50 cash was from the school petty cash fund, used for the purchase of equipment and miscellaneous items in the course of operating the school.

Both of the radios held a sentimental attachment for students and teachers in that they were prizes won by Central School classes in the Quiltown contests sponsored in Amarillo.

Officers said that there was no indication of forced entry into the building; at least, not to the point where any apparent damage occurred to doors or windows, all of which appeared to be securely fastened Monday morning.

Hawaii Pastor To Conduct Services Here Next Sunday

Dr. H. B. Ramsour, Jr., pastor of the University Avenue Baptist Church of Honolulu, Hawaii, will preach at both the morning and evening worship services of the First Baptist Church, Sunday, Mar. 27, according to announcements this week.

Dr. and Mrs. Ramsour and family are to be in the States for a number of weeks during which time they will fill many engagements over the state they formerly served in South America under the Foreign Mission Board of the Southern Baptist Convention, and in like capacity in Japan. Dr. Ramsour is a graduate of Howard Payne College, where he was a member of the basketball team, and of Southwestern Baptist Theological Seminary.

The father of Dr. Ramsour is also a Baptist preacher, as is one brother, Lee, pastor of the First Baptist Church of Athens, Tex. An (Continued on Page 2)

Washington Reports Will Headline Re-Dated Farmer's Union Meeting

The Farmer's Union today re-scheduled its meeting on Washington Reports to Friday evening,

March 25, at 8 o'clock, according to Louis Woodford, secretary. The meeting will be held in the district courtroom here in Hereford.

This meeting will replace the one called some time back, and postponed due to illness of speakers," he said. "The meeting will cover first-hand reports from area members who made the recent bus trip to Washington, D. C., in an effort to secure increased supports on grain sorghums. We feel that it holds interest for every grain sorghum grower in the territory—and they are all invited to attend."

Scheduled to speak are Preach Edelman, Friona; Vernon Towary, Texline and Jay Boston, Hereford, and others.

"We will try to cover what we did in Washington, to review the prospect of getting anything done on grain sorghums—and will also present some reports on future farm programs now in the mill in Washington," said Mr. Boston.

Mrs. Jack Winget was called to Tulsa Tuesday morning, because of illness in her family.

The hour-long program will consist of light classical numbers, including some of the numbers to be presented by the group at contests later this year. These numbers will be mixed with well-known marches such as the "National Emblem."

Following the intermission, there will be popular and light tunes, according to Bill Miller, director.

Deep Test Produces Good Sands Below Red Beds

Discovery of a complete, new irrigation water table located below the "Red Beds," was announced here this week with completion of a 1,077-foot deep test well on the Phillip Miller place, 18 miles north and six miles west of Hereford.

The discovery not only created a new potential irrigation area of approximately 40 sections in the vicinity of the test but, at the same time, established a new irrigation table which definitely exists below the shallow-water table now being used in the territory surrounding Hereford.

Possibility of such a table has long been a point of controversy and was recently indicated in deep wells on the Walter Russell and Curtis Trawick places east of Hereford.

The current test was made outside of the irrigation belt, however, and findings showed every indication that irrigation will be practical in the new area. The deep test well was drilled by a group of 10 men, all owning land and interested in the possibilities of irrigation. The group con-

- 289-885 ... Clay (515 Casing Set)
305-888 ... Red Beds
389-885 ... Blue Gray Sand
985-877 ... Hard Rock and Blue Gray Sand
977-1,065 ... Blue Gray Sand, loose
1065-1977 ... Red Beds

The hole was drilled at six inches to 315 feet, and from that point was drilled at four inches

"We hit the windmill strata at 238 feet," said Mr. Miller, "and cased off at 315 feet to continue the test. The next strata was hit below the Red Beds at around 389 feet."

Sponsors of the deep test said that "good, fresh water rose to 315 feet in the well and showed little draw-down. General indications were that irrigation wells should be set at 400 feet for practical, long time use. Drilling time on the test well was approximately three days of actual operation.

The area included in the test has, heretofore, been regarded as strict-

ly dry-land farming country although good drinking water and windmill water has consistently been secured at around 238 feet. The group estimates that the test will indicate conditions for an area within a radius of four miles in all directions from the test—making irrigation available to approximately 40 sections of land on the results accumulated from the test

The Miller test-well was located in the northwest corner of the northwest quarter of Sec. 31, T-4, R-4, and is just inside the line included in the High Plains Water District boundaries.

"We secured a permit and met all regulations regarding drilling within the district," Miller said. "We selected the location with this in mind, because we felt that the test should conform with all district regulations."

With the apparent strong supply of water, Miller and other sponsors of the test calculate normal seepings of 400 feet in the area. They believe the water levels would function well at this mark, even in the face of heavy pumping.

Drilling log, records and a complete set of samples marked at footage taken have been placed on file by the Farm Bureau office by the group.

Having served its purpose, the test well is to be abandoned by the group, and casing is being pulled at the present time. Due to the uncertainty of grain

City limits expansion, more paving and the gas company franchise held the spotlight at the City Commission meeting here Monday night with no complete action on any of the three projects, although all apparently carried general approval.

Head Gas Franchise The first reading was held on the franchise proposed with Pioneer Natural Gas Company. Two more readings are required, however, before the franchise can be approved. The franchise covers a continuation of present policies and rates with Pioneer Gas Company, which has been operating for the past year without a franchise. The period covered in the proposed franchise is five years instead of 10 years as originally sought by the company in 1954. Controversy over the franchise centered around a reduction in rates sought by city officials, but denied by the gas company.

Favoring On Knight A petition from 11 residents also asked that the City participate in a paving program on Knight Street, north to Vogle Street in the northwest part of town. The petition sought 10 percent of the cost from the city to cover intersection engineering as allowed on other paving projects here in recent months. The also concerns (Continued on Page 2)

City Reviews Plat On Giant Size Addition

Around Town

Without debate or question, the coming school trustee election took the conversational spotlight this week. These appeared to be almost as many different theories on the subject as there are people—all of which indicates a heavy vote on Saturday, April 2.

Things were also humming in other directions. The crowd at Cooper's Market were busy preparing for the big gala opening and remodeling sale Thursday, Friday and Saturday. The event will inaugurate the new helplessly market installation and will feature more than 500 merchandise prizes to be distributed over the three-day period, including two barbecue sets, a ham and numerous other items.

The bus station has moved back into the Oberthier building, across east from the City Hall, also boasting a remodel and repaint job.

To those who keep asking what is going into the former food store building on Highway 60, temporarily occupied by the bus station, our grapevine has it that Dale Martin and Ralph Williams will open new furniture store. Pretty soon. Maybe the next week or so.

Clyde Trask is plenty hepped up over the new 1955 Chevrolet truck line, scheduled for showing Friday and Saturday at Truys-Teague. This opening features a "Judge for Yourself" contest through which around \$175 will be awarded in merchandise and service prizes by the local agency.

Another spruced up place is Carol Craig's Whiteface barber shop, complete with new mirrors and other gadgets.

George Thompson, gunshot victim, was reported as somewhat improved Wednesday, according to Dr. R. E. Mims. He said that Thompson's condition is still serious, however.

To Curtis Trawick: Sincere apologies and felicitations! Curtis spent hours and hours taking the B & PW Fashion Show pictures, made a set of wonderful prints—and what does the Brand do? Yes, sir. We accidentally left off the credit line on the bottom of the page. The most wonderful thing, though, was the fact that Curtis didn't even bawl us out. He hasn't said one word about the error. He is a man after our own heart.

Hugh Clearman announced a cattle feeder's demonstration at the Spur station on April 5; also a special agriculture demonstration at the Bushland station on March 28. He forgot to leave the material (Continued on Page 2)

New Irrigation Strata

Discovery of a complete, new irrigation water table located below the "Red Beds," was announced here this week with completion of a 1,077-foot deep test well on the Phillip Miller place, 18 miles north and six miles west of Hereford. The discovery not only created a new potential irrigation area of approximately 40 sections in the vicinity of the test but, at the same time, established a new irrigation table which definitely exists below the shallow-water table now being used in the territory surrounding Hereford. Possibility of such a table has long been a point of controversy and was recently indicated in deep wells on the Walter Russell and Curtis Trawick places east of Hereford. The current test was made outside of the irrigation belt, however, and findings showed every indication that irrigation will be practical in the new area. The deep test well was drilled by a group of 10 men, all owning land and interested in the possibilities of irrigation. The group contributed funds for the test at the rate of approximately 25 cents per acre and contracted with Reddell and Suggs for the drilling. Included in the group were Walter Nius, J. R. Russell, D. R. Holt, G. E. Tannahill, C. H. Hale, John Murrell, C. F. Burk, Maurice Tannahill, L. W. Farris and Phillip Miller. Table Show Findings Cost of the well was approximately \$1,025, which is covered in the funds contributed. In addition to the existence of the new water strata, the group also kept an accurate chart on findings at various depths. The chart reads as follows: Feet Depth ... Findings 6.3 ... Soil 2-27 ... Clay 27-34 ... Caliche Rock 34-38 ... Caliche 38-78 ... Loose Dry Sand 78-78 ... Clay 78-88 ... Sandy Clay 88-238 ... Light Sand and Clay 238-288 ... Loose Sand 288-288 ... Loose and Tight Sand

CELEBRATES BIRTHDAY -- The family group above helped make Mrs. Lee Kendall's 78th birthday a happy one. They are Henry Kendall, left and Joe Kendall, sons; Mrs. Kendall, and Mrs. Ky Lawrence, a daughter. (Travis Caraway Photo)

### Mrs. Lee Kendall Celebrates 78th Birthday At Dinner - Tea

Honoring Mrs. Lee Kendall on her 78th birthday, approximately sixty relatives attended a dinner at noon Sunday held in the Veteran's Memorial Park club house. Out of town guests included a niece, Mrs. Ruby Apostle of Wichita, Kans., a granddaughter, Mrs. Calvin O. Decker, and T-Sgt. Calvin O. Decker of Reese Air Force Base, Lubbock, M-Sgt. and Mrs. Kurrelmeyer, Reese Air Force Base, a son and his wife, Mr. and Mrs. Henry Kendall of Amarillo

ing angel food cakes for her friends. Her three children are, Joe Kendall, Henry Kendall of Amarillo, and Mrs. Ky Lawrence. She has seven grandchildren and 15 great grandchildren.

#### LOOK FOR CLARITY IN GLASSWARE

When buying glassware, keep in mind these shopping tips: Check the glasses for clarity and luster and make sure they are free from bubbles, distortions or a cloudy or bluish tinge. The edges should be smooth and regular. Good blown glass should have a clear, rich musical tone when you tap it with your fingernail.

Recently arrived from Stratford are Mr. and Mrs. Jim Wington. They are located at 110 Kibbe St.

### Hawaii.....

(Continued from Page 1) Other brother, Roy, is the business coordinator of the First Baptist Church of Lubbock. Mrs. Ramsour is the former Mable Howard of Gainesville, and is a sister of Bill Howard and Tom Howard of Hereford. "The people of the First Baptist Church cordially invite the folk of this area to hear Dr. Ramsour," said Rev. Howard Scott, pastor, who will be holding a revival meeting in Brownwood, March 27-April 3.

### Predict.....

(Continued from Page 1) ture development and expansion for which the survey will serve as a yardstick and guide. An aggregate potential of more than \$35 million is predicted in capital investments in Hereford during the next 25 years. This money will go into numerous items with around \$10 million in residences, apartments and living quarters. Around \$5 million is predicted in expansion of business houses. Other improvements include utilities expansions, industrial, amusements, and similar improvements. There is also plenty of work to be done, according to the survey which indicates, incidentally, higher taxes on all levels. Sponsors who made the survey possible include: Southwestern Public Service, Pioneer Gas Company, Deaf Smith County REA, City of Hereford, Deaf Smith County, First National Bank and Hereford State Bank.

### Cite.....

(Continued from Page 1) To quicken the fruits, be... estables and livestock products produced in many localities in this region for shipment to consuming... GRAIN SORGHUM... equiments in producing: starches for use in textiles, confections, explosives, ceramics, and many other industries; extrins for abrasives, core binders, ink, leather, linoleum, plastics, plywood, and other uses; acids for ammunition, paints and varnishes, soaps, and other purposes; alcohol for fuel, rubber, cleaners, paper manufacturing, antifreezes, and other uses; and, the almost inconceivable number of other useful products which can be produced using grain sorghums as raw material. Grain sorghums and corn are cousins, botanically and economically. Grain sorghums, due to their chemical composition afford a stupendous number of uses and by-products for household, commercial and industrial utilization. LIVESTOCK FEED plant. In the not too distant future, it is consistent to presume that one of the new industries which may be established in this area will constitute a plant to mass-produce algae for use as livestock feed, and at a later date to provide food products derived from processing algae. Such a development is probable within the oncoming decade. The dark-green substance, known as algae, has great potentialities, and it is edible containing protein, fat, starch, vitamins and every other food component needed to sustain life. Alga can be grown in whatever quantities required almost anywhere in the world—in artificial reservoirs, ponds, lakes, and even in barren deserts. Requisites for production are light, water and a few inexpensive chemicals.

MILK CANNING plant. An industry of this type could be established in or adjacent to the City of Hereford to can a portion of the large quantity of milk produced throughout this region. MILK PRODUCTS plant. To utilize the output of dairies in a number of localities throughout this region in the processing of dehydrated milk, milk powder and milk products. POTATO DEHYDRATING plant. To utilize potatoes grown throughout this region. POTATO STARCH factory. To utilize potatoes grown throughout this region in the manufacture of commercial starch. POULTRY PROCESSING plant. To utilize locally, in canning, freezing, or other processing methods, the large quantity of poultry raised in this region. TAPIOCA FOOD factory. To manufacture ordinary starch from grain sorghums to be used subsequently in the processing of a food product designated as tapioca. Summary is given. It is recommended that in planning for further development and expansion of industry in the City of Hereford and Deaf Smith county special effort be devoted to the establishment of agricultural extractive and chemurgic industries.

### Around.....

(Continued from page 1) like he promised, so if you are interested you'll have to look him up. ... him between now and April 28, we like to know how you did it—and to recommend you for a deputy's job in the sheriff's department. Bill Paetzold, member of the Road Knights, won first place, Sunday, in the custom car division of the annual Amarillo Autorama sponsored by the Amarillo Dragsters and Barons. The Hereford Riders Club Palmetto Polo team will travel to Abernathy Sunday afternoon for a match. Play should start around 2 o'clock. Marlene Gilliland and Robert Davis were given honorable mention as actors at the district play contest held Saturday in Canyon. The two were part of the cast of a one-act play, "No Greater Love" presented by the Hereford Speech classes. Evelyn Hacker, a piano student from Hereford, will be one of the Eastern New Mexico students to appear in a recital Thursday night at 8 o'clock in the Student Union Building ballroom. Mr. and Mrs. Louie Olson have just returned from a short trip to points in Arkansas. John Says: Take Command of a Flair Fashioned New 1955 Dodge today from Hale Motors.

to utilize the great resources available in Hereford's local trade area in Texas. The survey further concludes: "Such manufacturing and processing enterprises would be designed for actual production as small, unit-type plants where economically feasible, their expansion to be made as development of business and growth of consuming markets justifies. "Predicted on superficial studies and analyses, there is an opportunity for the establishment of a number of industries in and adjacent to the City of Hereford and within the confines of Deaf Smith County to manufacture or process products consumed in Texas and the Southwest States.

To Use Resources "The opinion is rendered that the future industrial development and expansion in or adjacent to the City of Hereford and within the confines of Deaf Smith County will be primarily in the field of industries utilizing products of the soil, livestock and livestock products. To a lesser degree, new industries which utilize other resources or semimanufactured products in direct manufacturing and processing or assembly may be established in the Hereford area because of the continued growth in population and consuming markets in Texas and adjacent southwest States. "The new or additional types of industries recommended in this section of the report could be profitably established in the community by financial interests, local business men, manufacturers, or others who are seeking a new field for investment and commerce. "A total of approximately 21 types of manufacturing and processing industries have been recommended in this section of the report for location in or adjacent to the City of Hereford and within the confines of Deaf Smith county. In relation to the number of new types of industries as cited, the opinion is rendered that all of those specifically enumerated could be profitably and economically operated to serve the stupendous consuming markets of Texas and the Southwest States. "The manufacturing facilities available to industry in the City of Hereford and within the confines of Deaf Smith County are comparable to those existing in most of the industrial centers in Texas and the Southwest States. "Long Range Forecast "In the long-range forecast for the area, 1955 to 1980, inclusive the growth in further development and expansion of industry in the City of Hereford and Deaf Smith County will be reflected in a major factor, namely: value added by manufacturing and processing, which obviously, is new wealth produced; together with two other important economic assets, namely: material increases in employment and payrolls. Industrial expansion in the region will become cumulative as a greater variety of commodities are manufactured and processed, and, consequently the growth of the area will be accelerated. Diversification of industry on a scale far greater than the existing structure in the City of Hereford and Deaf Smith County will prove an actuality before the advent of the year 1980. "In conclusion, it is recommended that the Deaf Smith County Chamber of Commerce, through the medium of its industrial committee, plan and inaugurate a long-range industrial development and expansion program extending over the period of the next decade in an effort to secure new industries for the City and environs.

### City.....

**Hole in One**  
Earl Stagner made his first "hole in one" Sunday, March 20, 1955 on No. 6 hole, 128 yards long, using a McGreggor Tourney No. 7 iron and an International Harvestor ball. Playing with Earl at the time of this unusual feat were Don Martin, Mutt Wheeler, T. J. Clay, Dale Tinnin, Lloyd Neill, and Dub Reeves. The "hole in one" helped Earl to shoot a fine 39 on the 9 holes he played. He also received \$31 in cash which was the sum in the "Hole in One" club which has been organized since February 1954. A new "Hole in One" club will be organized this week. Each golfer wanting to join the club puts in \$1 each; the first golfer to make a "hole in one" receives the total amount of cash accumulated in the club. Congratulations Earl! We hope you make another "hole in one" the next time you play.

**High School Match**  
A three way high school team match was scheduled to be played Tuesday, March 22, at the Hereford course between Hereford, Littlefield, and Canyon. The affair was a low team medal play match with Keith Hodges, Charles Seed, Jeff Minton, Dale Taylor, Jerry Malone, and Gary Southern, representing Hereford High School. Tee off time was to be at 2 o'clock in the afternoon.

**More Golfers Playing**  
Around 100 golfers played on Sunday March 20, in spite of a high wind that blew almost all day. The course is becoming more and more

agreeable. So get the clubs out of moth balls and start getting in some practice rounds. Many new faces are being seen around the club house and on the course to prove that golf is becoming more and more popular each year.

**Lubbock Pro-Am**  
Lloyd Neill, Dale Tinnin, and Bud Posey journeyed to Lubbock last Wednesday March 16, and participated in the first Pro-Am and Spring meeting of the West Texas Pro-Amateur Golf Association. Hereford Golf Club was awarded Thursday Sept. 15, as their annual Pro-Am date. The Hereford Golf Club's fourth annual Invitational Tournament will be held the following three days, Sept. 16, 17 and 18. The Pioneer Days Tournament will be held May 28 and 29 or May 29 and 30. The annual city tournament dates have not been set as yet.

Several members have not yet paid their six months green fees, which were due on Feb. 4, all of several members have not yet done so as soon as possible. A golf course cannot be run without financial funds and we need money for several improvements. Fees are: \$30 for six months, with one-half a share—\$35 for 6 months; non-shareholders—\$42.50 for 6 months. Locker fees are: Individual Lockers—\$7.50 per year (due on Feb. 4), Multiple Lockers (two or more persons) \$2.50 per year per person (due on Feb. 4).

## Extensive Plans Outlined Monday For Deaf Smith County Cancer Crusade

Plans for the 1955 Cancer Crusade which will be both educational and fund raising were outlined at a breakfast held Monday morning at Jim Hill Hotel.

The crusade will be held during the entire month of April, according to Wayne Thomas, who has been chosen county chairman.

Thomas pointed out that of the four out of every 12 who will suffer from cancer, one will die, one will get well and the other two are depending on the crusade and what is learned from research.

"The present program is only a stop-gap or delay until a cure can be found," Thomas said.

Plans which were outlined at the meeting included coffee, bazaars, games, tournaments, booths and a

neighbor to neighbor campaign. It was announced that the Jaycees would sponsor a telefund on KGNC-TV to benefit the crusade.

Committees which were named include:

A. T. Mims, medical director; Mrs. Troy Moore, advance gifts; Margaret Witherspoon, chairman, publicity and education and Melvin Young, and Chris Clark as members of her committee.

The committee for business and professional solicitations include: Dick Barnard, John Pool, Earnest Langley, Francis Hardwick, Kenneth Cowan, and Sid Fuller; special projects, Mrs. Ronald Babione, chairman, assisted by Dennis Lomas and Beta Sigma Phi.

Harry Taylor will be the county treasurer.

Argen Draper will be in charge of the Home Demonstration Clubs. The plans call for Dr. A. T. Mims to appear before the civic clubs for an educational program.

## Sandies Trounce Whiteface Baseball Team 27-0 In Game Tuesday Afternoon

By Billy Paul Knox

The Amarillo Sandies completely annihilated the Hereford Whitefaces 27-0 Tuesday afternoon in Amarillo. Don Beck and Buddy Whippo shut out the Whitefaces with only three hits, while the Sandies were having a field day creating a score-keeper's nightmare.

The game was never in question from the beginning to the end. After they took a one-run first inning lead, they continued to pour it on the helpless Whitefaces. In the six innings they batted they sent 68 men to the platter for an average of over 11 men per inning, banging out 12 hits. The Sandies hit output was comparatively small, but they drew 19 bases on balls, and the Whitefaces were guilty of committing 10 errors.

The pitching of starting and losing pitcher Francis Boyd never mystified the Sandies as they clouted him at will as they did G. C. Merritt and Homer Hershey, but in Hershey's one inning stint he only gave up one run and one hit, probably being the most successful of the three hurlers.

The herd never was able to solve the deliveries of Don Beck and Buddy Whippo. Richard Hagar got a single in the second and they weren't able to scratch again until the fifth when Taylor Sims banged one through the middle. The Whitefaces' other hit was a single in the sixth by Lynn Bybee.

Hereford pitchers' main difficulty was lack of control. Francis Boyd walked 16, Merritt gave up three, and Hershey failed to yield a walk, but the Sandies worked them for a walk when they needed it, while Amarillo pitchers were always able to pitch themselves out of a tough spot.

The game started out as if it would be closer than it turned out to be. The Whitefaces' went down in order, and the Sandies accounted for one run. Ruffin popped out to start the inning, but Burkett drove a double to centerfield. McClain walked, then sophomore Jimmy Weston drove a scorching single to left scoring Burkett to give them their run.

In the second inning the Sandies let loose with a barrage of runs which the Whitefaces were never able to recover from, yet it failed to be their best inning. Pitcher Don Beck initiated his perfect day at the plate with a triple. Ruffin walked, and when Burkett got in on Hagar's error, Beck raced in. Both scored on Gene McClain's double, and after Weston had reached first on Burkett's error, they scored when Walterscheid dropped Verplank's fly ball to center. Before the inning was completed, Boyd had walked four more, the Whitefaces had committed another error, and the Sandies had compiled a nine run inning to run the score to 10-0.

The Whitefaces still reeling from the Sandies' second inning, Amarillo tallied two more runs in the third. Boyd got the first two men out, but then issued four walks, and gave up a hit to Don Beck.

The fourth was the only inning the Sandies failed to score a run, but they made up for it in the

fifth. They sent 14 men scampering across the platter on only three hits, drawing eight walks, and the Whitefaces committing four errors. They added one more in the sixth to complete the final score.

### ATTEND DISTRICT GARDEN SESSION

Mrs. A. L. Manjoc, District 1 governor, will preside at the District 1 Spring session of the Texas Federation of Garden Clubs Inc., held in Borger Thursday and Friday. Other members of the Hereford Garden Club planning to attend are Mesdames Ralph McCullough, M. T. Rutter, president of the club, Harry Lomas, O. H. Herring, John Jacobsen Jr., O. G. Hill and C. D. Kelton.

Members of the Bud To Blossom planning to attend include Mesdames Preston Hagans, Sam Long, R. N. Yarbrough, Herbert Haseloff, R. C. Daniel Jr., Ray Howell, D. C. Martin, W. H. Patton, Pat Robinson, Lloyd Sharp, Jim Wood, and Ira Scott.

Mrs. Lou Perry spent Sunday in Dimmitt with relatives.

### When Baby Cries There's No Tears

By Dorothy V. Whipple, M.D.  
Newborn babies cry, but they do not cry tears. It is not until a baby is 2 or 3 months old that you see big drops welling up in his eyes and running down his cheeks when he is unhappy. It is then that you find puddles of tears in his ears.

Before you see tears, however, the eye is kept moist with a scanty flow of tears. Tears are formed in a special gland in the far corner of each eye. The clear fluid flows across the eye and is drained off through a duct at the corner of the eye, near the nose. This duct leads down the nose and then on through the bone to the inside of the nose.

Tears are formed in small amounts all the time. This is the way the eye is kept normally moist. After about 2 months of age the tear glands will work overtime when the baby is distressed and crying. It will produce more tears than can be drained off through the duct, so that tears overflow the eyes and roll down the cheeks.

Sometimes in young babies the tear gland will start making lots of tears before the duct is open wide enough to drain them off. If this happens you will notice that the baby's eyes water, and you find tears on his face even when he is not crying. More often than not, you will notice this in one eye and not the other. Usually, if you just leave it alone, the duct will open by itself after a few months.

A little gentle massage of the eye helps. Start at the far corner of the eye and rub your finger across the baby's eye just under the eyebrow. Do this several times a day. The massage helps to break up any little hardened secretion in the duct and makes it easier for tears to flow through.

If after some months the baby's eyes continue to water and tears flow down his face when he is not crying, it may be necessary to have the tear ducts probed. This is a highly skilled job and should only be done by an eye doctor. The baby has to be given a general anesthetic for this procedure.

After the first week of life any irritation of the eyes should be called to the doctor's attention. Pus in the eye means an infection and should be treated by the doctor.

Vall, Mrs. H. J. Nickerson, Mrs. D. W. Lucille Dieter, Mrs. Minnie L. Kelly, Mrs. Leonard Click, Mrs. Clark Andrews, Lewis Hagar, Mrs. Don Fudge, Madria Lucinda, Mrs. Lois Cole, B. E. Brumley, Lester Wagner, Mr. Bob Higgins, Mrs. A. H. Boatman.

**Patients Dismissed**  
Mrs. Louise Baily, 3-21; Frank Barber, 3-22; Jerry Don Whitaker, 3-20; Mrs. Ronald Crist, 3-20; Mrs. T. H. Teague, 3-19; Sandra Glenn, 3-19; Mrs. J. R. Smithson, 3-22; Billie Jean Rudd, 3-22; Mrs. V. O. Hennen, 3-21.

**Births**  
A daughter, Janet Sue, to Mr. and Mrs. J. R. Smithson, 3-19.  
A son, Ricky Don, to Mr. and Mrs. Don Fudge, 3-22.

## Letter To The Editor

Dear Editor:

Everyone has heard the talk or scuttlebutt concerning the widening of 25-Mile Avenue or Highway 51, through the city of Hereford. Folks seem to have the impression that the loss of 5 feet or 10 feet, depending on which ever side of the street we live on, will mean very little to the property owners. They drive down the street, looking at the line they suppose is the beginning of the property and mentally picture what the new property line is with the 5 feet and 10 feet removed. In every case, with the folks who have personally asked about it, we have learned that they think the property line begins in the street where the graded area ends. I wish to make this point clear: the property line begins at 15 inches back of my sidewalk, inside my yard, not out in the street! The 5 feet asked for is certainly taking a big cut out of my property and we are being asked to give it to the city. Those on the west side of the street are being asked to give 10 feet and that 10 feet is measured from 12 inches inside the sidewalk in their yards. We have been told conflicting stories by officials. One has told us that the street will be 61 feet from the back of the curb to the opposite back of curb. Others definitely stated that it would be 60 feet. According to the contract and deed we are asked to sign, the street will be 80 feet from the back of the curb to the back of the curb. The contract states: for the consideration of 5 feet across the front of my property, the city will, at their own expense, construct and build curb and gutter. This to be placed ON THE REMAINING PORTION of my property. The state owns, at the present time, 60 feet of right-of-way. They are asking 5 feet on the east side and 10 feet on the west side of the street. That makes a total of 75 feet. Standard curb and gutter is 30 inches wide. 30 inches of curb and gutter on both sides makes an additional 5 feet, making a total of 80 feet. That is the specification of the contract and deed presented to the property owners.

One official at the Commissioners meeting told us that there was a state law prohibiting the state from using all of its right-of-way in paving. I wrote a prominent attorney in a large city, of which he served as city attorney for 10 years, asking about this statement and he had never heard of such a law and asked me to have this official give me the volume, page number and Statute.

I asked the commission about the conflicting data of the contract and their statements concerning the width of the proposed street. One official was quick to admit he had made a mistake when he wrote the contracts and "he just didn't get said what he intended to say" and that he was sorry! If those contracts are incorrect, as the city claims, all of those contracts, including those already signed, should be re-written and correctly state exactly the intentions for the highway.

If the curb and gutter (and sidewalks on the west side) are placed to make a 60 feet wide street as the commission claims in their statements, the city will be liable and could be sued by every property owner along the street for the cost of the curb and gutter and sidewalks, since the contracts state "curb and gutter and sidewalks to be placed on remaining portion of property of the first party."

There seems to be doubt that the state will accept a contract for the highway through the city without a storm sewer, so I presume that if they don't know about the storm sewer they don't know about the width of the street. I have asked for conclusive proof and I think everyone will agree that **QUAL STATEMENTS ARE NOT PROOF!**

There may be folks who think I am being just plain contrary if refusing to sign a contract that will give some of my property to the city and the law states that the city, county or state can take property for road right-of-way, but that they must pay for that property or for the damage that they incur to the property owner. I am only standing on my constitutional rights in refusing to sign the contract as it is written. A 5 foot strip off my property doesn't sound very big, but considering the fact that the front side is more than twice the width of the back of the lot, the total square feet they are asking for represents about 10 percent of my lot and also places a fast traffic right up in my front door. I don't have a large lot and none to spare and I don't feel that I owe the city, county or state 10 percent of my property that will damage it to the extent that it would be almost impossible to sell it at any price. Henry A. Turner

## Easter Seals Aid Crippled Children

Deaf Smith County Crippled Children's Association officials opened their campaign by mailing over 3,000 Easter Seals. No goal was set for Deaf Smith County, but Chairman O. D. Lowry urges all residents to mail their contributions in as soon as possible. Deaf Smith County's drive will close Easter Sunday, April 13, Lowry said; however, contributions received after that date will be included in this year's campaign. During the past year, the contributions received made possible medical treatment for three children of Deaf Smith County, and the transportation for four trips to Dallas for medical attention. "The success of the drive will depend upon the willingness of our residents to mail in their contributions, 25 percent of contributions will be sent to the Texas Society with 75 percent remaining in our county to carry on this worthwhile cause," Mr. Lowry continued.

The Easter Seal mailing and other campaign preparations were carried out by the Hereford High School Tri-Hi-Y girls under the direction of Miss Sadye Rigler and Pat Sullivan.

## Notices Mailed To 120 Jurors On Murder Trial

Notices went out Tuesday to 120 prospective jurors to appear in the District Court here Monday, Mar. 28, at which time the Melvin O. Wheeler murder trial is scheduled for the fourth time. The list of prospective jurors is divided approximately half men and half women, according to Lucille Posey, district clerk.

Judge Harry Schultz was also scheduled to arrive in Hereford today to hear pre-trial cases postponed from February to March 24, due to illness of the judge. April 25 has been set for civil cases in district court, along with other cases which might appear.

## Slagle Home Is Lost In Monday Morning Blaze

A five room house 9 miles north west of Hereford was a total loss Monday morning when firemen arrived too late to save the blazing structure. The house, owned by R. Tilden Slagle, caught fire when the Slagles were trying to thaw frozen pipes Monday morning. The firemen were unable to save any furnishings from the house. The firemen were able to save a small implement shed near the house, which ignited from the other fire.

## Onion Acreage Is Sharply Higher In Hereford Area

A sizeable jump in onion acreage over the High Plains, especially in the Hereford area, is predicted this year by growers and shippers. Good yields and good prices in 1954 were the chief factors attributed to increasing interest in the crop. Approximately 1,800 acres of onions were forecast in this immediate vicinity, along with acreage in Floydada, Kress, Plainview, Muleshoe, Lubbock and other points which might jump the total to around 2,500 acres. Since the market plunges fairly well on the Hereford area, the increase had some growers slightly worried. South Texas was reported to have lost around half of its 1955 crop, however, and prices were around \$1.75 on yellow and \$5 on white onions. Last year the Hereford market ran from \$1.46 to \$2.25 on yellows and from \$1.50 to \$2.75 on whites. Plantings indicate approximately half-and-half on the acreage between yellow and white onions this year.

## Press Students To Area Meeting

Members of the high school Journalism Class are scheduled to attend the annual Panhandle Press Association meeting on Saturday at Canyon. Those to attend are: Carolyn Inman, Irene Galley, Kathrine McDonald, Christine Strain, Ronnie Malone, Joe Landers, Bill Knox, Jimmy Auten, Norma Hamby, and their sponsor, Bessie Patterson.

## Kits Feature Music, Recipes

CARLYN WILLIAMS and Martha Logan (top photo), members of the Happy Homes 4-H Club will give a cooking demonstration as a part of Cotton John's Farm and Home Show on KGNC-TV Saturday evening at 6:30. The girls have been learning to make bar cookies in club work recently.

ALSO APPEARING ON THE PROGRAM from the Happy Homes club will be a quartet composed of Jane Newsom, (left) Pat Dawson, Carlyn Williams and Martha Logan accompanied by Nelda Phifer at the piano. The group will sing several numbers. (Staff Photo)

## Happy Homes To Appear On T-V

Several members of the Happy Homes 4-H Club will present a 30-minute program on Cotton John's Farm and Home Show over KGNC-TV on Saturday evening at 6:30.

Musical numbers and a cooking demonstration will make up a part of the program and 4-H girls who placed among the top winners in the recent Junior Livestock and Poultry Show will also be recognized. These winners were Jane Heard, Sharon Beznar and Linda Cupell.

Carlyn Williams and Martha Logan will show how to make Brownies which have been most popular with the girls in their recent study of methods in making Bar Cookies.

A quartet composed of Jane Newsom, Pat Dawson, Carlyn Williams, and Martha Logan, accompanied by Nelda Phifer, will sing "The Bells of St. Mary's," "Make Yourself Comfortable," and other numbers if time permits.

Mrs. Ira Ott, leader for the group, and other club members who did not wish to participate on the program will accompany the girls to the studio.

Visitors making the trip with the club will include Mrs. Tom Draper, CHDA, Mrs. Pat Sullivan, assistant agent, and Parents who wish to attend.

This is a new experience for the girls as it is the first time one of their clubs has made a TV appearance.

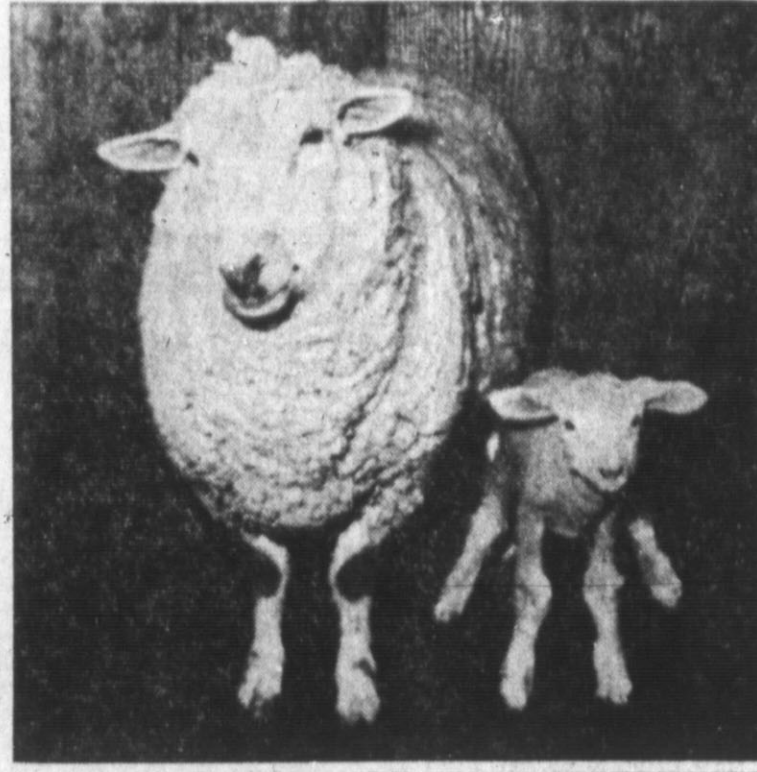

After the show the group will have dinner together before returning to Hereford.

Mr. and Mrs. Charles Hood spent the past week-end in Cloudcroft, N. M., with relatives.

Mrs. H. A. Close left Monday for Lubbock. She plans to return to Hereford Friday.

Mr. and Mrs. Louie Olson, accompanied by Cle and Inman Larsen left Sunday for Fort Smith, Ark., to attend a family get-together of Mr. Olson's and the Larsen brothers' family. They were met there by cousins, Mr. and Mrs. Fred Phipps who were visiting in the home of a son where the reunion was held.

## Signs Of Spring On The Farm

## HD Chatter

by Argen Draper

The light bulb sale that the 4-H girls are sponsoring to raise money for their summer activities is going fine. Leo Forrest was the first to buy a sack of bulbs. E. W. Solomon and Hugh Clearman bought some bulbs and Charlie Crowell has bought more than anyone. We insist that a salesman is the easiest person to sell to.

When North Hereford Home Demonstration Club met with Mrs. Otto Olson on Thursday the members were eager to help with the 4-Hers project. They think the bulbs are a bargain and then they like the premium bulb—that's the insect repellent yellow bulb. Foo, the booklet you get with a sack of bulbs is very valuable to you if you'll study it. It is titled "See Your Home in a New Light."

When we had the lighting demonstration two years ago each member got one of these booklets but the one with the sack of bulbs is revised. Mrs. E. E. Bishop assured me the lighting program was two years ago as the Ford Home Demonstration met with her, in June 1953 and the program was on lighting.

Thursday we were encouraged to see two boys—Berwyn Williams and Roy Pettijohn—eating lemons. We have always thought a good health rule is a lemon a day.

Mrs. L. J. Strafuss' Pecan Coffee Cake is out of this world. Mrs. Strafuss is a wonderful cook.

Some material has been received at the office in regard to the Sixth Annual Hobby Show to be held in Amarillo Sunday, April 17, in the YMCA, 816 Van Buren St.

Hobbies entered in the show may be collective and creative. Collective hobbies as: stamp collection, coin collection, salt and pepper collection. Creative collections as: oil painting, china painting, woodcraft, leathercraft, coppercraft, sewing, embroidery, crochet, knitting, etc. (Continued on Page 2)

## New Fabrics Studied By H-D Club Women

Home Demonstration Club women are finding in their study of "New Fabrics" that it is not easy to distinguish between synthetic fibers and the natural fibers which are used in materials today. For that reason they are urged to ask to see the fabric tags when buying materials so they will know how to take care of them and what they may expect in the way wear.

Clubs reporting recent meetings are:

### Ford Club

"Three rules to remember when stitching man-made fibers," Loyce A. Sullivan told members of the Ford H. D. Club meeting with Mrs. L. J. Strafuss on March 16. "are the length of the machine stitch, the tension adjustment and the pressure on the pressure foot of the machine."

Mrs. Sullivan also asked the women to distinguish between samples of materials made from synthetics and natural fibers.

Following the program plans were completed for the Community "42" party to be held at the Ford School on April 1, at 8 p.m.

Mrs. S. T. Blasengame was a guest.

Members attending were: Mesdames Elmer Ayres, W. A. Bunch, Hardy Benson, H. M. Harrison, J. E. Dyer, C. D. Corley, Bill Black, LeRoy Williamson, Willa Williamson, Dwaine Walker, Henry Brown, J. B. Hale and J. L. Flite.

### South Hereford

Mrs. Claude McGowan was hostess for the South Hereford H. D. Club on March 15.

Argen H. Draper, CHDA, gave a demonstration on "New Fabrics." In selecting coat material where warmth is the prime factor, she pointed out that the cloth should be light-weight but warm, easy to drape for fit, should not

wrinkle easily and should hold its shape and not wear threadbare quickly.

Mrs. Ed Dziuk was welcomed as a new member.

Others present were: Mesdames W. H. Goetsch, J. P. Slaton, Eldon Craig, John Draper, S. S. Williams, C. Woodson, Ronald Matthews, Adam Flowers, Pat Sullivan, Tom Draper, Miss Evelyn Bell and the hostess.

### West Hereford

Members of the West Hereford H. D. Club met with Mrs. Ida Mae Vaughn on March 10 for a program on "Home Improvement."

The program was given by Mrs. Roy Boyd and Mrs. Mable Vaughn. Members were lead into a round table discussion on landscaping.

Two new members were added to the club's roll. They were Mrs. John Jacobsen and Mrs. Carl Schroeder.

Refreshments were also served to: Mesdames Vern Witherspoon, P. H. Luck, Roy Boyd, M. C. King, E. M. Cox, Carlos Vaughn, W. A. Waters, H. D. Tarlton and the hostess.

The next meeting will be with Mrs. R. L. Calhoun on March 22.

### Progressive

The Progressive H. D. Club met in the home of Mrs. Floyd McGee on March 15.

The meeting was called to order by Mrs. C. C. Billingslea, president. Mrs. V. E. Dodson introduced Mrs. Cecil Boyer who gave the program on "Twelve Fool-proof Annuals." Mrs. Boyer gave the most satisfactory planting time for the area based upon the length of the germination period required by each.

Mrs. Leon Coffin read an article on "Insect Control."

Mrs. C. V. Burgess and Mrs. Horace Hershey directed a contest (Continued on Page 2)

When fishin' — you'll be wishin' for

# BUNNY BREAD

We made Bunny Bread good, you made it famous

**RE-ENACT SIGNING OF INDEPENDENCE** -- The re-enactment of the signing of the Texas Declaration of Independence was staged by the citizens of Brenham, Tex., and students from Sam Houston State Teachers College at Huntsville. The tableau was staged as part

of the observance of Texas Independence Day, March 2, at Old Washington-on-the-Brazos where the historic document was signed, starting the revolution against Mexico and the setting up of the Republic of Texas. [AP Wirephoto]

**MILITARY AVIATION'S 45th BIRTHDAY** -- While modern Air Force planes roared overhead in salute, a memorial to the first flight of an Army plane at Ft. Sam Houston 45 years ago was unveiled at the Army post. Right to left are: Maj. Gen. Benjamin K.

Faulstich, who piloted the plane; M. Sgt. Herbert Marcus and Col. Vernon L. Burge, who were in his enlisted detachment at that time, and Capt. Harold Roy, in the background is Tom Powell, San Antonio Chamber of Commerce. [AP Photo]

### H. D. Chatter.

(Continued from Page 1)

amics, jewelry, and sculpture. Live exhibits as birds and fish may be entered.

The Lobby Show is sponsored by the Epsilon Sigma Alpha. The proceeds will be used for aid to pre-school visually handicapped children in the area. The president of the Sorority writes that there are 7000 school blind children in America and the Panhandle. This is a worthy cause and will also give you an opportunity to let the public benefit from your talent in craft work.

The members of the Harvey Homes 4-H Club are having a lot of fun sponsoring some of their members on the "Farm and Home Show" KGNC-TV Saturday Night at 8:30 p.m. They'll be glad to have any of you who would like to go to the studio with them.

### New Fabrics..

(Continued from Page 1)

on Annuals.

Mrs. V. E. Dodson reported for the expansion - education committee by giving a talk on "Queen Mary" the ocean liner.

Those present were: Mesdames Boyer, C. C. Billingslea, Virgil Dodson, Stacy Scott, Ross Ranson, a visitor, Leon Coffin, Ira Rickerts, C. V. Burges, Hugh Clearman, Dwayne Walker, Fat Live say and the hostess.

#### Wyche Club

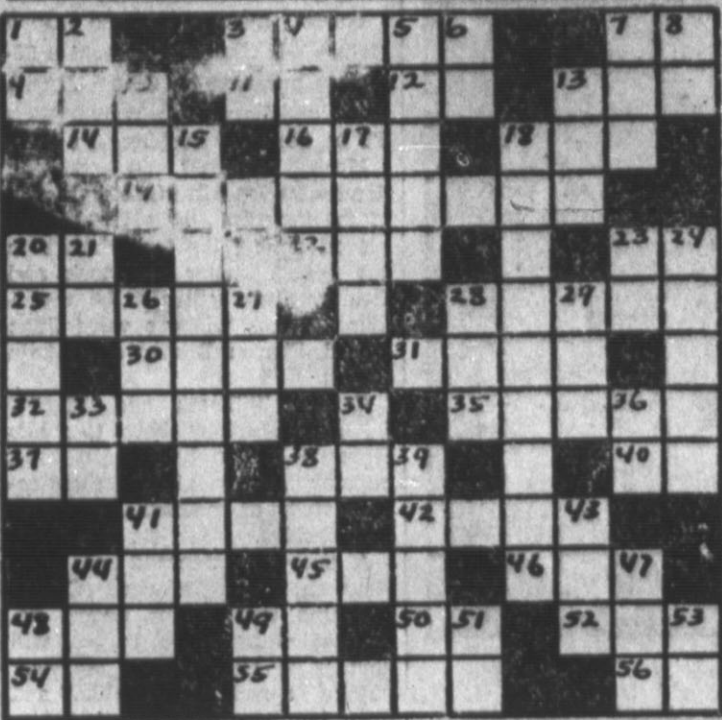

Mrs. W. H. Autry was hostess for the Wyche H. D. Club on March 17 for a program on "Twelve Fool-Proof Annuals" given by Mrs. C. C. Ellis and Mrs. Wilborn Axe.

Annuals are being studied as a part of the landscaping program that insure blossoms in the yard throughout the summer. Those best adapted to the region were listed.

Members present were: Mesdames Robert Baird, James H. Bell, Wilborn Axe, Carroll Newson, C. C. Ellis, Claude Damron, Raymond Elliston, J. H. Pickens, Ina Ott, E. C. Hewitt Jr., Walter Paetzold and the hostess.

Those attending an American Legion reception and dinner in Amarillo Saturday night honoring the 36th birthday of the American Legion and the visit of the State and National presidents were: Mr. and Mrs. Charlie Morris, Mr. and Mrs. G. H. Logan and Mr. and Mrs. Ira Ott.

### Garden Club Has Pruning Lesson

Mrs. W. J. Stanford and Mrs. E. W. Solomon were hostesses for the Garden Beautiful Club at a meeting held in the Stanford home Friday afternoon. Arrangement for the day was made by Mrs. Stanford who used California driftwood, white stock and geranium leaves with a tiny castle lighted from within.

During a short business session members voted an added contribution to the local Red Cross Drive. Miss Frances Turentine presented the program on "Pruning With a Purpose." "Know your plants before starting to prune so you will know how and when to prune them. Do not prune any plant in freezing weather," she said and further stated: "The purpose in pruning is to keep the plant's desired size, to keep it shapely and to insure luxuriant growth."

Members attending the meeting were Mesdames Howard Armstrong, Tom Carter, Ray Cowser, George Graham, E. W. Harrison,

E. W. Hobson, Frances Houston, D. C. Kinsey, Dick Miller, G. F. Owen, D. B. Roberson, Gerald Wilson, N. D. Bartlett Jr., Robert Veigel, Miss Frances Turentine and the hostesses.

### Former Resident Honored At Party

Mrs. J. B. Sowell Jr., of Mountain Home, Idaho, where her husband is stationed with the armed service, was honored at an informal gift party given in the home of Mrs. L. H. Lookingbill Jr., Friday afternoon. Hostesses were Mrs. Lookingbill, Mrs. Bill Craig and Mrs. Jasper Cockrell.

Those attending were Mesdames T. A. Paul, Chas Sowell, Jim Sowell, J. B. Sowell Sr., Trays Riddle, Doyle Turner, Ruby Virden, Calvin Goodin, E. W. Young, Eugene Sparks, Larry Paschel, Miss Margaret Sowell and the honoree.

Sending gifts were Mesdames George Bumpass, Emerson Roland Leo Forrest, V. C. Hopson, Troy Moore, Harold Meacham, John Turner, George Graham, Louie O' son, Merle Turner and Roy Kelly.

Mrs. J. B. Sowell Jr., left for her home in Mountain Home, Idaho, Sunday after a visit here with her husband's parents and other relatives. She also visited her parents, Mr. and Mrs. John Sexton, before returning to Mountain Home where Mr. Sowell is stationed with the armed service.

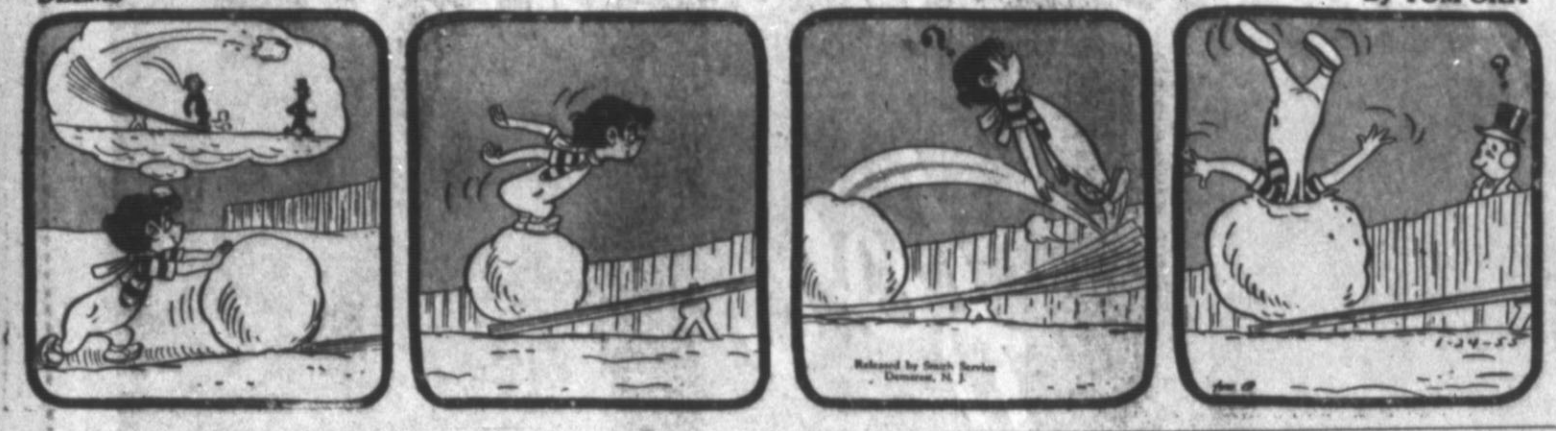

### Naomi Hare Is Guild Speaker

Miss Naomi Hare was one of the headline speakers at the meeting of the Wesleyan Guild Convention of the Northwest conference held last week-end in Vernor.

Miss Hare has just completed a five-year term of service as a missionary in a girls' school in Lima, Peru.

She is the daughter of Mr. and Mrs. A. A. Hare of Hereford. Miss Hare has a full month ahead of her with speaking engagements scheduled all over the country during the month of April. This summer she will be sent by the Northwest Texas Conference of WSCS to Mount Sequia in Arkansas.

# ADRIAN NEWS

By Annie Leslie

The Adrian P-TA met in the high school auditorium on March 14, for the election of new officers. Mrs. R. A. Grubkey was elected president; Mrs. Loren Creitz, vice-president; Mrs. E. H. Mosteller, secretary; Mrs. W. C. Leslie, treasurer.

The speech class directed by Mrs. Darrel Gaut entertained with a one-act play which was to be entered in the interscholastic meets. The play was entitled "They're None of Them Perfect."

that P-TA would purchase a slide projector to be used by all classes in the school.

A. P. Jones, superintendent gave a talk on "We the People Promote the General Welfare Through Facilities for Education."

Refreshments were served by Mesdames R. L. Pinnell, Dean Whaley, Winford Perry and E. B. Pounds.

The Adrian's Women's Society of Christian Service met last Tuesday for the election of officers.

Armenia Creitz was chosen president; Mrs. V. E. Lenake, vice-president; Mrs. D. W. Morgan, treasurer and Mrs. J. R. Cullen, secretary.

A motion was made that a baby sitter be hired to keep the nursery on WSCS meeting days.

Hostesses for the meeting were Mrs. Kathleen Jacobson and Mrs. Armenia Creitz.

Mr. and Mrs. R. V. White of Friona and Mr. and Mrs. L. C. Benthall of Brownfield and Mrs. J. E. Shikie of Lubbock visited last week in the home of their parents, Mr. and Mrs. J. D. Roberts.

The Adrian MYF were hosts at a wiener roast Friday night at the Jean Finley, Charles Jones, Judy Nell Tomlinson, Erna Lou Jordan, Rebba, Barbara and Wanda Pinnell, June and Peggy Leslie, Carol Heaton, Julian Coffee, Allen Ehresman, Sheldon Proctor, Dana Wagner, Donnie Morgan, Alma Mcateller, and Rev. Ralph Odum.

After the wiener roast the group enjoyed ping pong and table games in the fellowship hall.

Mrs. E. H. Mosteller and Jean shopped in Amarillo Saturday and also visited Mrs. Georgia Finley and Mrs. Guy Flint.

Mr. and Mrs. Leslie Coffee, Mr. and Mrs. Arthur Jewett and A. W. Jewett visited in Four-Way Sunday with Mr. and Mrs. Johnny Ferguson. Mrs. Ferguson will celebrate her birthday Saturday.

Mr. and Mrs. R. D. Sisk are the owners of a new 1955 red and white Mercury.

Mrs. A. H. Jordan took Mrs. Earl Croff to Amarillo Sunday to visit her husband who is in the Veterans' hospital there.

Judy Nell Tomlinson, Rebba Pinnell, Allen Ehresman, Donnie Morgan, Alma Mosteller, Twilla Story, Regina Edwards, Paula Creitz, Jean Finley, Rev. Ralph Odum and Mrs. E. H. Mosteller represented the Adrian Methodist Youth Sunday at the sub-district MYF meeting in Canyon.

Ernest Davis of Childress and Mrs. Ida Smith of Amarillo visited Sunday in the Bill Leslie home.

Mrs. R. D. Sisk and Suzette, Mrs. H. D. Tomlinson, Judy Nell and Billie Grubkey were shopping in Amarillo Saturday.

Carol Heaton visited Friday and Saturday with Peggy Leslie.

The annual athletic banquet will be given by the Adrian P-TA Friday, March 25 at 2 o'clock at Lomax's restaurant in honor of those athletes having participated in sports this year.

Most of the Adrian faculty attended the general section and sectional meeting of the District 9 Teachers meeting in Amarillo Friday, March 11.

The Adrian high school speech class under the direction of Mrs. Darrel Gaut entered a play in the interscholastic league contest last Tuesday at Friona. Members of the cast included Judy Nell Tomlinson, who was named to the all star cast; Erna Lou Jordan, Rebba Pinnell, Judy Pinnell; Billie Grubkey and Annie Leslie.

Stage managers were Allen Ehresman and Sheldon Proctor. The name of the play was "They're

None of Them Perfect." The play did not place first in the contest but received favorable comments from the audience.

## Honor Of Italy At Stake Here In Tag Matches

Couple of wrestlers of Italian extraction team up in a tag match Saturday night at the Hereford Bull Barn in an effort to prove their own, and Italy's, superiority over native born United States.

Veteran Tony Morelli, now of New York City, and younger Angelo Poffo, now of Chicago, move against a couple of U. S. natives, highly suspected of having Irish blood in their veins, named Bob Clay and Bob Cummings.

The two Bobs have been "feeling out" the potentiality of a Southwest States tag team championship. (The same feeling may go with the Italian-born athletes, who are working together for the first time.)

Bob Clay is an Oklahoman, from Muskogee, who was brought up in the school an amateur way and who has added a lot of knowledge to his earlier training, mainly under the direction of famous Leroy McGuirk. Before McGuirk lost his ability to see, result of an automobile disaster, he figured Clay as one of his most potent students. From keeping notes on the progress of the young Oklahoman, McGuirk has still been a "teacher" and Clay recognizes him as such.

To back up the main event and lay grounds for a forceful antagonism, Morelli is matched against Clay, and Poffo against Cummings in the two preliminary events.

Poffo, who has altered his style and appearance, meets Cummings in the opening event. Morelli and Clay clash in the second match.

And if that isn't enough to build up interest in the main event, no telling what might happen later.

## Garden Group Has Plant Exchange

Bud to Blossom Club met in the country home of Mrs. Ita Scott Friday afternoon. Mrs. Pat Robinson made the arrangement for the day using a spring motif.

A plant exchange was held with members drawing for plants brought to the meeting by members.

Mrs. R. A. Daniel Jr., gave the March Horticulture report telling what to do in the garden now and what to plant for early blooms.

During the business session announcement was made of the flower show clinic which will be held in the home of Mrs. Lloyd Sharp on April 1. Committees were announced for the Spring Flower Show scheduled for April 15 by the general chairman, Mrs. W. H. Patton.

Plans were made to attend the District Garden Clubs convention held Thursday and Friday in Borger.

Members attending were Mesdames R. A. Daniel Jr., Preston Hagans, H. A. Haseloff, C. R. Higgins, Ray Howell, Jack Johnson Sam Long, Don Martin, W. H. Patton, Pat Robinson, Lloyd Sharp, W. Glenn Williams, Jim Wood, R. N. Yarbro, Ray Godwin and the hostess.

Don Zimmerman and Dr. R. R. Wills returned Sunday night from a week-end fishing trip to Lake Whitney.

Mr. and Mrs. F. C. Crawford of Amarillo, former residents of Hereford visited Sunday in Hereford.

**Plenty Of Shirts And Skirts**

No girl ever had enough blouses. Whether she be high school, college or career girl, the more blouses and skirts she can collect, the happier she is. The versatility of these separates has made them a must in most young wardrobes—and women of all ages are discovering their usefulness. Thrifty young women have discovered that it's simple to make a whole wardrobe of separate blouses and skirts, adaptable to any occasion. For school or office, the tailored shirt and flannel skirt is always in good taste. For sports wear, the shirt may be in high colors

FOR SPORTS -- Deep vivid colors in a cotton broadcloth blouse with horseshoe pockets, bias-cut in the Italian manner.

FOD DATES -- Dress-up blouse with fagoted yoke.

or splashy patterns, the skirt may give way to Bermuda shorts, pedal pushers or slacks.

For date wear, a dressy blouse and a full skirt, worn with plenty of petticoats, make a festive and flattering outfit.

And even for formal dances, a girl can wear a low-cut or strapless top and a separate skirt, either

short or long, according to the degree of formality. By switching tops, she can make one evening skirt do the work of several dresses.

The nice thing about the blouse-and-skirt wardrobe is that an almost unlimited choice of styles and colors is available at budget prices.

The Dawn Home Demonstration Club will meet Friday afternoon with Mrs. Zed Stewart.

Mr. and Mrs. Marion Russell entertained with a 42-party Wednesday night. Those present were: Mr. and Mrs. Henry Spicer, Mr. and Mrs. Muri Little, Mr. and Mrs. Harvey Spicer, and Mr. and Mrs. Marion Russell.

Mr. and Mrs. Finis Wright were dinner guests Sunday in the home of their son and family, Mr. and Mrs. Bob Wright in Amarillo.

Mrs. Charles Corder is ill in a Clovis Hospital. Linda and Jerry Stewart spent Friday with their grandparents, Mr. and Mrs. W. J. Stewart, in Canyon.

Mrs. Ernest May was honored with a belated birthday celebration at the home of Mrs. Baker Womble on Saturday. Those present were: Mrs. Jim White of Canyon, Mrs. A. T. Frye, the honoree, and the hostess.

E. M. McDill visited friends at Wichita Falls over the week-end.

**Dawn News**

By Bertha Frye

The Dawn Study Club met Wednesday afternoon in the home of Mrs. Carl Wimberley.

Mr. and Mrs. R. B. Duncan of Fresno, Calif., spent several days last week in the home of Mr. and Mrs. Charles Corder.

Dr. and Mrs. G. L. Robinson of Happy were guests, Sunday in the Baker Womble home.

Mr. and Mrs. R. L. McAnally visited several days last week with her sister and family in Lubbock.

Mrs. R. E. Boss returned from a visit with relatives at Wheeling, W. Va.

Mr. and Mrs. Harvey Spicer

were called to Byers, Tex., Thursday, because of the illness of her mother.

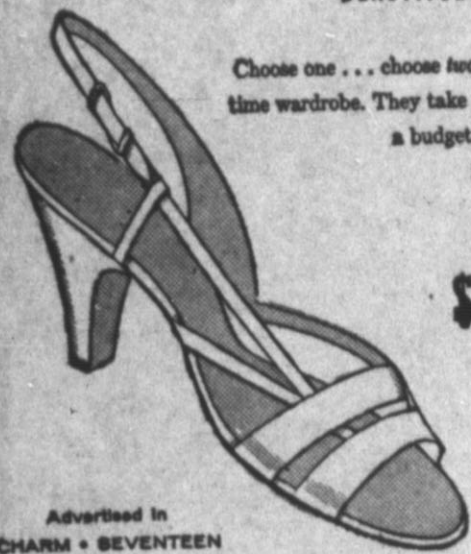

Members of the Dawn Music Club who drove to Happy, Friday, and participated in the musical and tea were: Mrs. Ray T. Stewart, Mrs. Carl Wimberley, Mrs. Paul McClung, Mrs. Reece Stewart, Mrs. Zed Stewart, Mrs. Norman Miller, Mrs. L. W. Tooley, Mrs. Bill Carthel, and Mrs. Orval Galley.

Linda Stewart celebrated her fifth birthday at her home on Wednesday afternoon. Helping her celebrate were her cousins, Rosemary Stewart, Alice Ann, Robert and William Dudley Caroway, Dortha and Buddy Stewart. Others attending the celebration were her grandmother, Mrs. W. J. Stewart of Canyon, Mrs. Marion Russell, Mrs. J. B. Caraway, Mrs. Reece Stewart, Mrs. Henry Miller, and Mrs. Roy T. Stewart and Jerry.

SHIVERS WITH DEMOCRATS ATTEND DINNER -- Gov. Allan Shivers, 2nd from left, talks with Democrats at the \$50-a-plate dinner in Dallas, Tex. The Governor was the principal speaker at the Independence Day dinner sponsored by the State Democratic Executive Committee and the Texas Foundation, organized by the conservative

Democrats to promote interest in government. Left to right are: Edward Drake, Dallas County Democrat Chairman; Gov. Shivers; George Sandlin of Austin, State Democratic Chairman; Hugh Prather, member of the Democratic Executive Committee of Dallas County. (AP Photo)

## Two Recipes Find Favor With Local 4-H Groups

There's a reason for everything. Directions for making Bar Cookies include, 4-H girls are finding out in the recipes they have been learning to use lately.

Two Brownie recipes are given which are being used by the girls clubs in their spring program on cooking.

### Brownies

- 1-3 cup butter or other shortening
  - 1 1/2 squares Unsweetened Chocolate
  - 2 eggs, well beaten
  - 1 cup sugar
  - 2-3 cup sifted all-purpose flour
  - 1/4 teaspoon baking powder
  - 1/4 teaspoon salt
  - 1/2 cup chopped nuts
  - 1 teaspoon vanilla
1. Set oven for moderate heat (350 degrees F.)
  2. Grease an 8x8x2-inch pan.
  3. Assemble ingredients and the utensils needed.
  4. Melt shortening and chocolate over hot water.
  5. Add sugar gradually to eggs, beating thoroughly.
  6. Add chocolate mixture and blend.
  7. Sift flour once, measure, add baking powder and salt, and sift again.
  8. Add flour and nuts and mix well; then mix in vanilla.
  9. Spread in greased pan. Bake in pre-heated oven 25 minutes, or until done.
  10. Lift in pan, then cut into squares or rectangles. Makes about 2 dozen brownies.

### There's a Reason

1. For the best baking success, set oven for the required heat first. Then you are sure your baking temperature has been reached by the time the brownies are mixed.

2. Measure your pan to make sure it's the correct size for the recipe. A large pan makes the brownies thin; a smaller pan makes the brownies fat. An 8x8x2-inch pan is just right for plain brownies made by this basic recipe.

3. Sift flour once before measuring. Flour packs down when it stands, so for accurate measure you must sift before measuring. Then pile lightly into measuring cup and level off by drawing the edge of a spatula or knife across the top if you are using a 1-3 cup measure. For a fraction-marked

cup measure, pile it up lightly to the 2-3 mark. (Do not press flour or shake it down in the cup.)

4. Melt shortening and chocolate in top of double boiler over boiling water. Chocolate contains fat and starch but little water and therefore scorching easily.

5. Beat eggs in medium sized mixing bowl. Sugar is added and then all other ingredients are mixed in this same bowl so there's less dishwashing.

6. Use a rubber scraper to remove all chocolate from the double-boiler. It scrapes out every drop.

7. Be careful not to overbake; then brownies will be moist. Overbaking dries them out. If your oven is accurate at 350 degrees F. 25 minutes is just right. Brownies will be slightly moist in the center when tested with a cake tester.

### Chocolate Chip Brownie

#### Brownies

- 1 cup sifted flour
  - 1/4 teaspoon baking powder
  - 1-8 teaspoon soda
  - 1/2 teaspoon salt
  - 1/2 cup chopped nut meats
  - 1-3 cup butter or shortening
  - 1 cup brown sugar, firmly packed
  - 1 egg, slightly beaten
  - 1 teaspoon vanilla
  - 1/2 package semi-sweet chocolate chips
- Sift flour, measure, add baking powder, soda, and salt; sift again. Add nuts and mix. Melt shortening in sauce pan; remove from heat. Mix in sugar. (Add 1 tablespoon hot water, if vegetable shortening is used.) Cool. Stir in egg and vanilla. Add flour mixture, a small amount at a time, mixing well. Spread in greased 9x9x2-inch pan. Sprinkle chocolate chips over the top. Bake in moderate oven (350 degrees F.) 20 to 25 minutes. Cool in pan. Cut into 24 bars.

### HANDY HUBBY

CARSON, Iowa (AP)—When Mrs. Larry Patrick received a new sewing machine as a gift from her husband, she planned to take sewing lessons so that she could make her own clothes.

She skipped the lessons, however, because her husband mastered the art of seamstressing in

## Area Women Brave Bad Weather For Craft Classes Here This Spring

Wind, nor snow nor bitter cold could stop the craft enthusiasts who gathered in the district court room for the second in a series of three craft schools being offered by Home Demonstration club women this spring.

Twenty or more women gathered during the day for a lesson in etching aluminum trays given by Mrs. Earl DeHart who had already instructed the group in copper tooling earlier this month.

Some of the women came through the stormy weather for a distance of more than 25 miles to learn this particular craft, and at the end of the day were able to realize some very satisfactory results.

Both round and oblong trays were being made from flat discs

or rectangles of mirrored aluminum, and designs included floral and geometric designs according to the preference of the women.

Mrs. V. E. Dodson assisted anyone wishing help in working out a satisfactory pattern for their tray.

Steps included in the instruction given by Mrs. DeHart were: preparation of the surface, applying the design, painting the design, shaping the tray, etching, cleaning, and polishing and applying a final finish to preserve the beauty and protect the surface against scratches and fingerprints.

Last of the craft classes will be leather tooling given by Roberta Campbell on April 4 in the district courtroom. This will also be an all day meeting.

### Sadie Lee Oliver

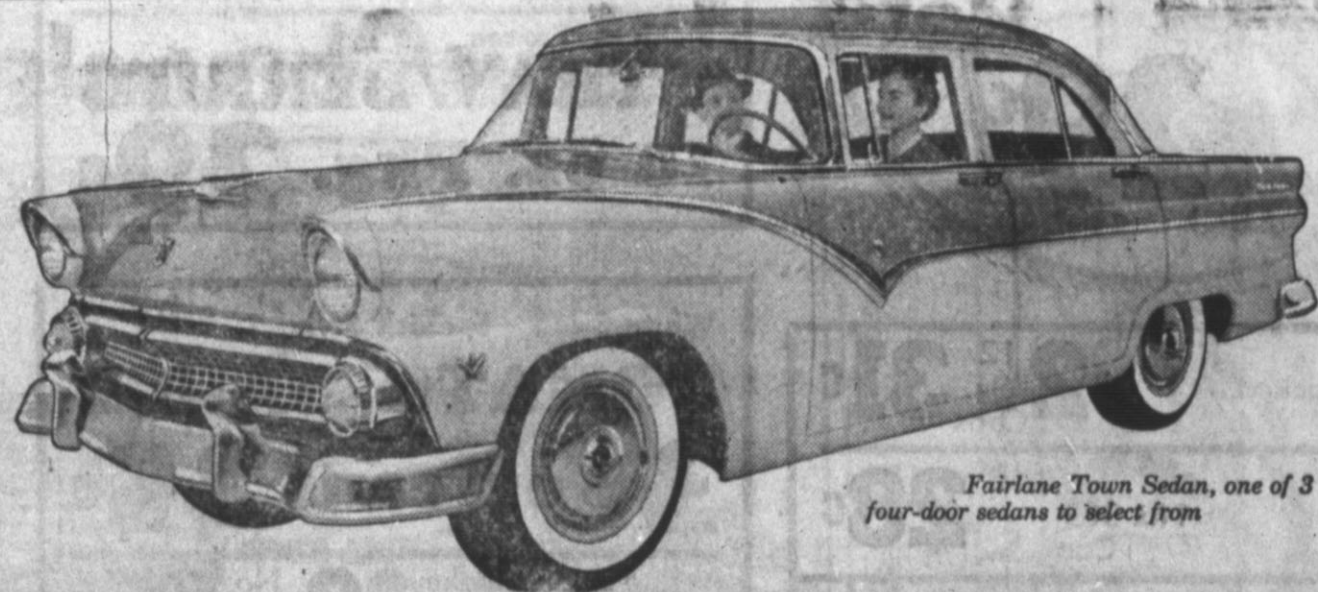

Janie Auten was hostess for the Sadie Lee Oliver 4-H Club on March 16.

Loyce Sullivan, assistant home demonstration agent, gave a demonstration on "Qualifications of a Good Record." It was also announced that the light bulb kits the girls are to sell as a money-making project are in the agent's office for distribution to the various clubs.

The following girls answered the roll call with a "Contest I Plan to Enter": Florene McIntosh, Nancy Green, Diedra Thomas, Mary and Janie Auten.

The next meeting will be with Florene McIntosh on April 6.

## Automatically your best buy!

Ford's five power assists combine to give you more added convenience and extra driving ease than you can get in any other car in Ford's field!

It's great fun to step into a Ford's rich, colorful Luxury Lounge interior . . . to touch the gas pedal and feel the might of Trigger-Torque power responding instantly to your every wish. It's fun, too, to bask in the admiration aroused by Ford's Thunderbird-inspired styling.

But, for the ultimate in driving fun and ease, try a Ford with Ford's optional power assists: new Speed-Trigger Fordomatic, power steering, brakes, windows and seat. Ford's power assists combine to do the most for you automatically . . . so you get the most out of driving!

### Automatic Driving at its Best

Speed-Trigger Fordomatic Drive has a new, automatic, low gear which lets you start in low, shift to intermediate and then into high—all automatically—all while the drive selector lever is in drive position. It's the only "automatic" in its field that combines the smoothness of a fluid torque converter with the versatility of three automatic forward gears.

### Power to Steer For You

Master-Guide Power Steering does up to 75% of the steering work for you on turns . . . yet you retain the actual feel of the wheel on straightaways. It's a great help when parking—makes all driving easier and more relaxing.

### Power to Apply Your Brakes

Swift Sure Power Brakes do up to one-third of the stopping work for you. And there's built-in safety. With power off, you stop your car as easily as though your Ford were equipped with the standard braking system.

### Power to Adjust Your Seat

Ford's 4-Way Power Seat is the only power seat in Ford's field that adjusts "up and down" as well as "forward and back" for most comfortable driving positions. A touch of the conveniently located single seat control does it!

### Power to Lift Your Windows

With Power-Lift Windows you don't need to step in order to open or close all side windows. Driver can operate all four windows from the master control. And each passenger has a separate control switch for his own window.

And there's Trigger-Torque power to give you more "Go"

## FAMILY LUNCH

This carrot slaw is a tasty partner for hamburgers.

Hamburgers on Toasted Rolls  
Lemon Carrot Slaw  
Cake Squares Beverage

## LEMON CARROT SLAW

Ingredients: 2 cups grated carrot (use medium grater and pack down firmly in cup when measuring), 5 tablespoons mayonnaise, 1 teaspoon grated lemon rind, 2 tablespoons lemon juice, 2 teaspoons light brown sugar, 1/2 teaspoon (casci) salt, and greens.  
Method: Mix grated carrot, mayonnaise, lemon rind, lemon juice, brown sugar and salt. Cover and chill for at least 1/2 hour before serving to blend flavors. Serve on salad greens, mounding slaw and topping with a garnish of green pepper strips, parsley sprigs or sliced green olives. Makes 3 to 4 servings.

NOTE: This slaw keeps well if it is refrigerated overnight.

## QUICK POTATO AND CLAM CHOWDER

Pilot Crackers  
Fish and Chips  
Salad Bowl Roll's  
Fruit Beverage

## QUICK POTATO AND CLAM CHOWDER

Ingredients: 1 can (10 1/2 ounces) frozen condensed cream of potato soup, milk, 1 can (7 ounces) minced clams, 1 teaspoon minced fresh or dried shredded green onion tops, 1 teaspoon minced fresh or dried shredded parsley.  
Method: Remove soup from can into saucepan. Using soup can as measure, add 1 can (1 1/2 cups) of milk. Heat slowly, stirring often until soup thickens; bring quickly to a boil, then turn heat low. (Don't worry if soup looks curdly while thickening; it will get smooth when it comes to a boil.) Add clams, including liquid in can, along with green onions and parsley. Reheat but do not boil or clams will be toughened. Serve at once. Makes 5 portions if soup is served in small bouillon cups.

Note: Minced chives may be substituted for the green onion tops.

## THE BRIDE COOKS SUPPER

Skillet-style Chicken Livers and Onions  
Squash Green Peas  
French Bread Mixed Green Salad  
Deep-dish Apple Pie with Cheese Beverage

## SKILLET-STYLE CHICKEN LIVERS AND ONIONS

Ingredients: 1/2 pound chicken livers, 4 tablespoons butter or margarine, 1/2 teaspoon soy sauce, 1/2 cup water, salt and pepper.  
Method: Peel onions, cut into quarters and slice into thin strips there should be 1/2 cups packed down. If frozen chicken livers are used, thaw ahead. Cut any yellow gall spots away from livers; wash and dry. Melt 2 tablespoons of the butter in 10-inch skillet; add liver and cook quickly turning, until still slightly pink inside. Test by cutting through a piece of liver. Remove liver from skillet; cut small livers in half, large livers in four pieces. Melt remaining 2

tablespoons butter in same skillet; add onions and stir over moderate heat for several minutes. Cover tightly and cook over very low heat until soft and a pale brown color—about 10 minutes. Remove cover. Add soy sauce and water and bring quickly to a boil, scraping up any browned particles in pan; allow to bubble for a minute or so to reduce liquid slightly. Stir in livers and reheat quickly adding salt and pepper to taste. Makes 2 servings.

## FRIDAY FARE

Here's a satisfying little lunch-dish.

Easy Baked Tuna and Macaroni  
Spring Salad Bowl  
Hot Biscuits

## EASY BAKED TUNA AND MACARONI

Ingredients: 1 can (15 1/2 ounces) creole style macaroni with mushrooms, 1 can (7 ounces) tuna, 1 tablespoon butter or margarine, 1/2 cup fine dry bread crumbs, 1/4 cup grated Parmesan cheese.  
Method: Empty macaroni into a mixing bowl. Drain oil from tuna; add tuna to macaroni; break up tuna but leave in fairly large pieces; mix lightly. Pile macaroni mixture into 4 individual shell-shaped baking dishes. Melt butter in small skillet; stir in crumbs; remove from heat and mix in cheese. Sprinkle crumb mixture over the macaroni. Place on cookie sheet and bake in hot (400) degrees oven until hot through and bubbly—for about 15 minutes. Shells may be put under broiler for a few seconds, if desired, to brown topping a bit more. Makes 4 servings.

## SATURDAY SUPPER

Here's a pantryshelf vegetable combination that is delicious. Keep it in mind for meals that have to be prepared in a hurry.

Broiled Ham Parsley Potatoes  
Quick Scalloped Tomatoes and Okra  
Green Salad Rolls  
Cookies Beverage

## QUICK SCALLOPED TOMATOES AND OKRA

Ingredients: 1 can (1 pound) of stewed tomatoes, 1 can (15 1/2 oz.) cut okra, 1 tablespoon butter or margarine.  
Method: Empty tomatoes (including liquid in can) into 1 1/2 or 2-quart saucepan. Drain okra and add. (Save okra liquid for other use if desired.) Heat to simmering; add butter and mix gently, so as not to break up tomatoes more than necessary. Serve in sauce dishes if desired. Makes 2 servings.

Note: The canned tomatoes called for in this recipe are those prepared with onion, green pepper and other seasonings. If desired the liquid from the okra may be added to the tomatoes. In this case heat vegetables to simmering. Mix 1/4 to 2 tablespoons cornstarch with 1/2 to 2 tablespoons cold water until smooth. Stir cornstarch paste into simmering vegetables; stir constantly until thickened and clear.

## EASTER DINNER

Serve a first course of raw vegetables with a tasty dip.  
Raw Vegetable Tray and Dip

Roast Lamb Mint Sauce  
Browned Potatoes Peas  
Salad Rolls  
Strawberries and Pineapple Beverage

## RAW VEGETABLE DIP

Ingredients: 1-3 cup mayonnaise, 1-3 cup tomato catchup, 2 teaspoons Worcestershire sauce, 2 teaspoons bottled horseradish, raw vegetables.

Method: Stir mayonnaise, catchup, Worcestershire sauce and the horseradish together vigorously until there are no blobs of white left. Turn into small bowl and surround with strips of raw carrot and celery, cauliflowerets, radishes, scallops and water cress.

A sea elephant, a kind of seal, may grow to be 20 feet long and weigh 3 tons.

## At The Movies

### "Rose Marie"

The week's big screen attraction at the Star Theatre is "Rose Marie," M-G-M's first Cinemascope musical, starring Ann Blyth, Howard Keel, Fernando Lamas, Bert Lahr and Marjorie Main.

Here is a picture which literally has EVERYTHING—color, action, romance, laughter, breathtaking settings filmed in the Canadian Rockies and in California's High Sierras, and the Rudolf Friml songs beloved throughout the entire world.

Its triangular romance of a

French-Canadian girl of the woods, a fur-trapper and a Canadian mountie lends itself brilliantly to the new Cinemascope medium. The picture will appear Friday and Saturday.

### "River of No Return"

Marilyn Monroe, the most publicized screen siren since the thirties, has her first chance for really passionate love scenes on celluloid in Twentieth Century-Fox's Cinemascope production, "River of No Return," which will open Sunday, Monday and Tuesday at the Star Theatre. Robert Mitchum, one of the most sought-after male stars in the film capital, shares these romantic moments with her in a rugged Technicolor outdoor drama set in the great northwest during the gold-rush days of 1875, with Rory Calhoun, the dark reminder of her rather tarnished past, featured.

Marilyn Monroe has met her match in Robert Mitchum and the whole outdoors vibrates with the moment of their meeting. Untamed, Marilyn is a honky-tonk songstress in a gold town of the great Northwest wilderness of 1875—and Mitchum is the man who doesn't hesitate to stake his claim for her.

Members of the Wesley Methodist Youth Fellowship who participated in a sub-district conference at Canyon Sunday afternoon were: Otis Vaught, Robert Davis, Louis Biggers, Wanda Riddle, Don Buttrill, Patsy Watts and E. L. Nangle, Mr. and Mrs. M. P. Vaught, Mrs. Buck Watts, and Mrs. M. D. Buttrill.

Miss Merle Elliston of Amarillo was here visiting relatives over the week-end.

Mr. and Mrs. H. E. Wright and children returned Friday night from a trip to Olney and Fort Worth where they visited with relatives. They visited with her mother, Mrs. Charlie Reed, a brother, Earl Reed and a sister, Mrs. R.V. Bowden and his brothers, O. F. Wright and C. E. Wright in Olney and with her sisters, Mrs. M. M.

Lauderdale and Mrs. Clyde Denney and her brothers, J. L. and Eldon Reed in Fort Worth.

Con Phifer, son of Mr. and Mrs. F. A. Phifer is scheduled to arrive in Hereford Saturday for a short leave from the Navy. He is stationed in San Diego.

# Highlights and Sidelight FROM 40th State CAPITOL

By VERN SANFORD  
Texas Press Association

AUSTIN, Tex. — Ex-Land Commissioner Bascom Giles continues to make headlines as investigation of the veterans' land program expands in an ever-widening circle.

Giles, former chairman of the Veterans Land Board, was indicted at San Antonio on a charge that he accepted a bribe of \$30,000 from real estate and cattleman C. D. Wynn and Arthur McKenzie. They too were indicted. Giles made bond of \$50,000; Wynn and Arthur McKenzie bonds were \$2,500 each.

Earlier, Giles and L. V. Ruffin and C. B. Sheffield were indicted by the Travis County grand jury on conspiracy to defraud the state of \$82,500. Giles made bond of \$60,000 in the Travis cases.

In San Antonio, Giles was reported as saying that when he comes to trial he will have plenty to say.

## 'DRAG' NO MORE

The REAL cause of that "dragged out" feeling, irritable nerves, sleeplessness, constipation and digestive disturbances may be due to iron-poor blood or a lack of nature's vital minerals and vitamins in your system. If so, feel STRONGER and YOUNGER fast. Get new iron-rich, vitamin-rich blood-building Drag-NOT Tablets.

**STOP SUFFERING**  
In a short time you will notice a wondrous change: lazy organs will go back to work and the black waste and impurities will begin to leave your system. You will enjoy new PEP and VITALITY, feel and LOOK younger. Get Drag-NOT Tablets today. See results in 7 days or your money back. Only \$1.98 for a month's supply.

**ROGER'S DRUG**  
241 Main

TEXANS ALL—Five students from Hollins College at Hollins College, Va., all of whom are from Texas, sailed from New York aboard liner Liberte. They will study at the Sorbonne in Paris and spend three months touring 12 western European countries. From left are: Marry L. Bradford, Tyler Cynthia Russ, San Antonio; Elizabeth Dowler, Dallas; V. Carol Cottingham, San Angelo; and Caroline Skipper of Longview. (AP Photo)

"I welcome an opportunity to stand trial on this case so that the full facts can be developed," Giles stated. "There's certainly another side to this whole story, and I'll tell it to the proper authorities at the proper time."

Governor Shivers has released a letter to investigators offering to testify publicly. He said, "The public is entitled to have the facts and to have them now—without a smokescreen of veiled threats, rumors and insinuations."

Attorney General John Ben Shepperd already has appeared before every grand jury investigating block land sales, and before both houses of the Legislature. He has stated publicly that he would testify at any time.

A full investigation of every

phase of land office operations since Giles took office as commissioner on Jan. 1, 1939 was called for by Rep. D. B. Harreman of Denison. He introduced a bill in the House appropriating \$500,000 for the special investigation.

Meanwhile Shepperd filed a civil suit for the state, against Giles, for recovery of \$171,428 assertedly paid out in two block land deals with Ruffin and Sheffield.

A special grand jury to continue land investigations was empaneled at Austin, on request of District Attorney Les Procter. The State has provided Procter legal aid.

State police arrested B. R. Sheffield of Brady, jointly indicted with Giles. Conspiracy to commit theft of \$83,500 in state money was the basis of the indictment. Sheffield

was released after posting \$110,800 in bonds.

Senator Gus Strauss of Hallettsville appeared voluntarily before the Senate investigating committee to testify that he had been employed as attorney in five veterans' land transactions and had received "normal" fees for his service.

Congressman John J. Bell of Cuero, who introduced the original Veterans' Land Bill while a member of the Texas Senate, stated that he had received legal fees in connection with land transactions. He volunteered to testify in De Witt County as well as before the investigating committees of the Texas Senate and House.

Co-Op Hassle  
Lt. Gov. Ben Ramsey and Atty.

Gen. John Ben Shepperd are on opposite sides of what promises to be a long and involved legal tussle over rural electrification.

Ramsey is attorney for the co-ops. Shepperd has filed a suit to determine the authority of an REA to serve residents of Gilmer, Tex.

## Tax Bills Pending

Deadline for introduction of new bill in the Legislature arrived at midnight Friday. It found a wide variety of "big" tax bills out of which the House may choose its selection of \$35 million in new money for general purposes—and a possible \$45 million for highways.

Administration - sponsored were the Murphy two-cent gasoline tax increase and the Kirklín one-cent cigarette tax increase. Neither has been set for committee hearing.

Hearings by committee and sent to sub-committee was Rep. Jerry Sadler's \$3.30 per barrel beer tax.

Other top tax bills included:

1. A bill by Rep. Curtis Ford to apply the chain store tax to filling stations.

2. Rep. Jerry Sadler's \$160 million-a-year one-cent processing tax on gasoline and condensates.

3. A constitutional amendment by Rep. Robert Patten, to raise a billion dollar permanent school fund surplus by added taxes, one-fourth to one-cent on gas one to five cents on oil, and increases on other natural resources.

4. A constitutional amendment by Rep. Jerry Sadler and Rep. M. O. Bell to require statewide voter approval of any new tax before it becomes effective.

5. Rep. C. D. Kirckham's proposal for a "road use" tax on trucks.

6. Revenue Chairman Stanton Stone's omnibus revision of the tax code, with the gasoline and cigarette increases included.

7. Rep. Robert Patten's "added value" bill on manufactured goods estimated to produce \$20 million a year.

8. Rep. Charles Sandeh's bill for a three-percent levy on radio and TV sets.

9. An indirect revenue - producer Rep. J. B. Walling's "anti-waste" minimum price bill for natural gas estimated to add \$20 million a year to income from the present tax.

SHORT SNORTS: Herbert C. Pe-

## Beauty At Home

By Lynn Carter

Q. How can I bring out my eyebrows, which are very sparse. Penciling is quite noticeable.

A. Eyebrow cream is very good. This can be drawn on sparingly with a tiny brush and it looks like the natural brow. You can buy it in a dark brown and because it is creamy, it doesn't leave a harsh line.

Q. What exercise will keep my abdominal muscles firm while I am on a reducing diet?

A. Lie on floor, knees bent half way and heels on floor. Bend elbows with head resting on hands. Pull your stomach in and press the small of your back to the floor as you push your hands with your head. Hold while you count to 10, relax, and then repeat.

Q. What is a good dry shampoo I can use on my hair?

A. Beat the whites of two eggs as stiff as possible, then take it a handful at a time, and rub it well into the scalp with a light circular movement. Dry the hair for 20 minutes, then brush.

Q. How can I minimize the appearance of my nose, which is entirely too wide?

A. You can give it an illusion of slenderness by blending some darker-than-skin-tone foundation along the sides of the nose, and a lighter shade down its center.

Q. Please suggest a good meth-

try Jr., of Camrizo Springs was appointed to the state highway commission, succeeding R. J. Potts of Harlingen. . . E. Harold Beck of Texarkana and J. M. Patterson Jr., of Austin were named members of the Board of Control. . . Latest pay-raise talk calls for a hike of 10 percent on the first \$3600 annual salary of all state employees; increasing the salaries of the three railroad commissioners from \$10,600 to \$20,000 a year; and increasing the minimum retirement benefits for teachers to \$100 monthly. . . Building of the Dallas-Houston, Dallas-San Antonio privately financed toll roads will not stop the highway commission's plans for developing free highways between the same terminals, says E. H. Thornton Jr., chairman of the highway commission. . . A bill to prohibit the sale of merchandise below cost was introduced by Rep. James E. Cox of Conroe.

Q. What can I do about a limp hat veil?  
A. You can cure it by putting it between two pieces of waxed paper and running a moderately warm iron over it. Or, dip it in beer, shake it vigorously, and lay it out on a towel to dry.  
Q. How can I mix myself a good mouth astringent?  
A. Mix the unsweetened juice of a lemon in 1/4-glass of water.  
Q. How should I rid myself of under-arm hair?  
A. With either a razor or depilatory every week, or as often as needed. So do this with a dry razor, but it is better to lather under the arms before shaving. Be sure, if you happen to cut the skin, to de-germ the area with antiseptic or mercuriochrome.  
Q. What is a good treatment for dry, redened hands?  
A. After first washing the hands in milk, melt a pan of pure lanolin in the oven and rub this over the hands and nails while it is warm. Don an old pair of cotton gloves. If you do not have lanolin, you can substitute warm olive oil or baby oil.  
Q. How can I minimize the appearance of my nose, which is entirely too wide?  
A. You can give it an illusion of slenderness by blending some darker-than-skin-tone foundation along the sides of the nose, and a lighter shade down its center.  
Q. Please suggest a good meth-

od for removing warts from my hands.  
A. Kerosene, lemon juice, or castor oil, applied two or three times daily over a period of six or seven days, should help.  
Q. How can I mix myself a good, cleansing facial mask?  
A. Mix a paste of raw oatmeal and milk.

## HOLDUP PROFIT

FARMINGDALE, N. Y. (AP) — Mrs. Louis Poline is a holdup victim who wins a man plunked a dollar on the counter of her general store and asked for cigarettes. As she turned to get them, the man pulled a revolver and announced a stickup. Mrs. Poline screamed. The man fled. He left his dollar on the counter.

## RHEUMATISM — ARTHRITIS SUFFERERS OFFERED AMAZING RELIEF

A truly remarkable new medical discovery now offers wonderfully fast relief from nagging, crippling agony of Arthritis, Rheumatism, Neuritis and Neuralgia. Sensational Ar-Pan-Ex tablets work through your blood stream to bring blessed relief from gnawing, stabbing pains in joints, muscles and nerves.

Why keep on suffering when wonderful Ar-Pan-Ex can make your life worth living again—bring back restful nights—active days. Most stubborn cases are helped by Ar-Pan-Ex.

"Thanks to G-E push-button control, son—  
Starting our pump is easier  
than turning on a faucet!"

"It sure is easy to start our pumps with General Electric controls. Just push a button and the pump starts—that's all there is to it with G-E magnetic starters!"

"And you can forget about this control once it's installed. That's because its all-weather case is so well protected from rust, rain, and all kinds of weather. Even the push buttons are weather-resistant!"

"Now take the overload relays that protect our motor from overheating. They're in a special ventilated compartment so that the heat from the sun will not cause them to prematurely shut off the motor. This compartment is also protected with a rust-proof screen to keep out insects."

"All-weather protection for the control means continued protection for the motor because the control guards our motor against damage from overloads and short circuits. And the motor itself is built to last a generation or more! Its controlled bearing lubrication and sturdy cast-iron housing keep it ready for service whenever we turn it on."

"Son, General Electric knows our irrigation pumping problems and has the right motor and control team to solve them completely!"

# Long Time Ago

45 Years Ago

In the presence of the 500 pupils of the Public School, the trustees, and a few friends, Judge L. Gough threw the first shovel of dirt, thus starting the work on the new \$25,000 High School building, Tuesday afternoon. Judge Gough made a short speech.

W. M. Rice, contractor, had a large force of men at work, some building a small work shop and tool room, others plowing and digging out the basement. Work will be pushed as rapidly as possible.

The building will be located on the center of the block, the old building being placed on one side, either by fortune or purpose. As it is the new building will not interfere with the school.

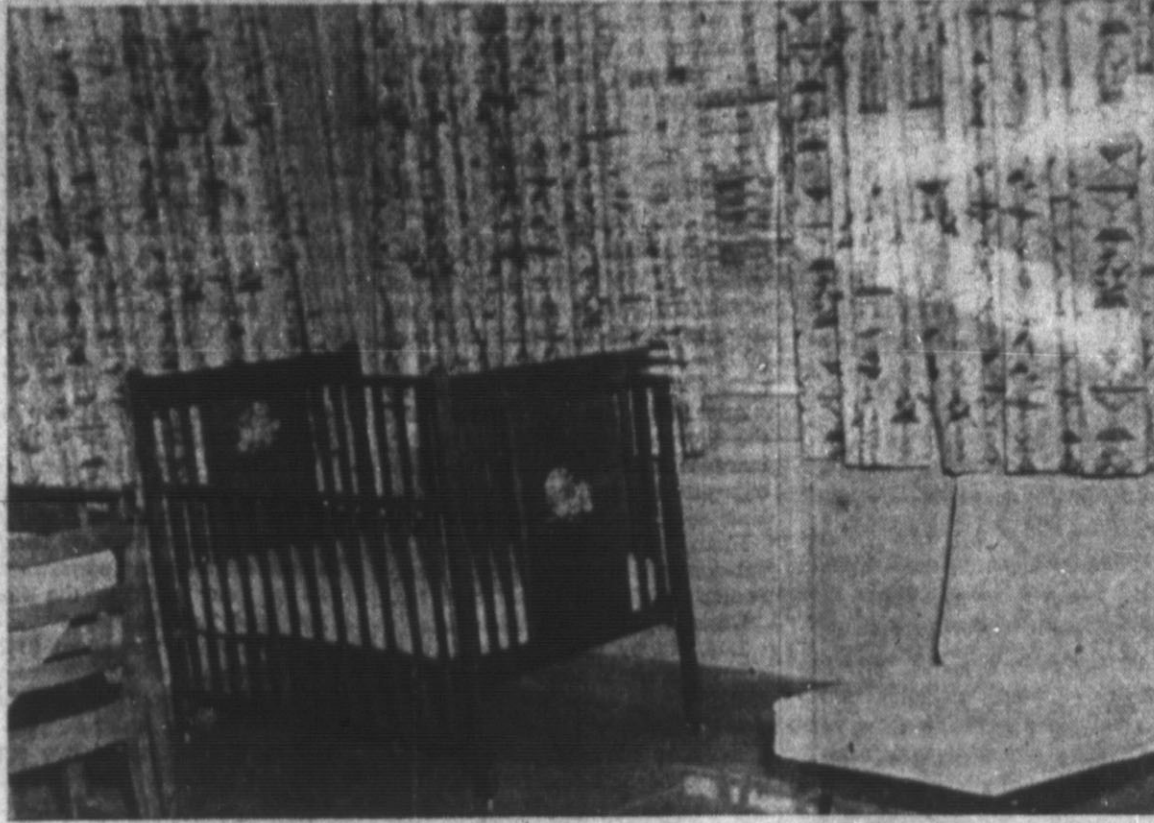

If you hear the chirping of the English Sparrow in your orchard, get your gun. They are eating the buds of the young fruit. J. A. Fox says that they cleaned one cherry tree in a few hours for him. Peaches and plums will all go the same way. "Don't kill the little birds" is all right for a first reader story but orchards and sparrows don't go together, if you want any fruit.

25 Years Ago

The village of Dawn will enjoy the luxury of electric lights, according to announcement made by the Texas Utilities Company here this week. Both elevators at Dawn will be equipped with electric power and lights, and the individual residences and business houses will have electric current available when they desire it. The installation equipment is arriving this week.

The Hereford Business Men's Association is operating now with 23 members, according to H. L. Gram, manager, who stated that the organization is making steady progress toward a substantial organization.

Miss Nell Hall, county health nurse, and C. W. Humble made calls at three rural schools the past few days, the first at Danie and the other two calls at Fairview and Dawn Tuesday of this week. The usual routine of examinations were made of the children and reports were made and filed at the office of the County Health Center.

A VIEW FROM THE door of the new pediatric ward at the hospital is shown above. The L'Allegre club has just completed furnishing the ward. Members made the drapes and bought chairs, lamps and other furnishings in the ward. (Staff Photo)

## Walcott News

By Mrs. T. L. Collins

The Walcott P-TA met Friday night. The program was just on by the school children.

A Tom Thumb wedding was held. Those in the cast included: Johnnie Campbell and Wayne McCullar, ushers; Dianne Jack and Keith Henderson, Mr. and Mrs. Allen O'Brien; Norman Cole, Uncle Ezra; Tommy Piedra, cousin Oliver; Beverly Hall and Gary Ridd, Mr. and Mrs. Samuel McGinnis; Carl Myers, Uncle Don Sutton; Marilyn Lumpkin and Delvin Wadlow, mother and father of the groom; Rose Nelms, mother of the bride; Kelly Williams, candle lighter; Nancy Tyler, singer; Jackson Ashburn, minister; Elizabeth Burrus, maid of honor; Jav. Burrus, best man; Gayle Hall and Linda Cole, flower girl; Larry Hall, Kathryn Burrus, brides maids; Steve Patton, father of the bride; ring bearer; Guy Wyly, bride; John Perrin, groom.

M. L. Preston was the pianist.

## Household Scrapbook

By Roberts Lee

Woodwork

The finish of woodwork should be selected with a view to the furniture, or furniture selected to harmonize with the woodwork. In a small room with mahogany furniture the woodwork should be white but mahogany woodwork with mahogany furniture if the room is large.

Flower Boxes  
Whitewash the inside of the window boxes before putting earth in them. This not only preserves the boxes but keeps away the insects.

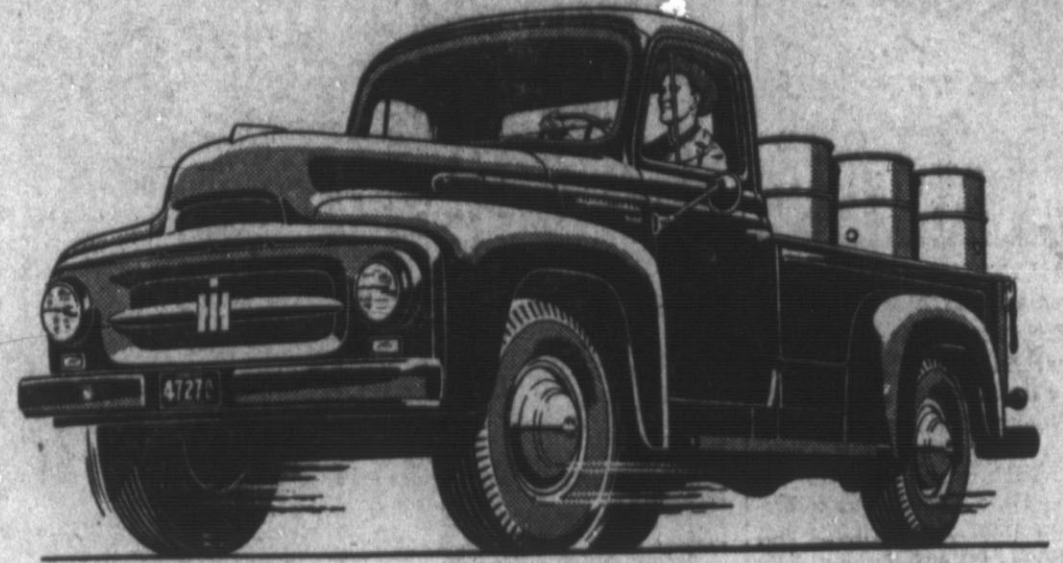

Sponges  
Sponges will be whitened and purified if soaked in milk and thoroughly rinsed in warm water with a little carbolic acid.

Apple Pie  
When peeling apples for pies or puddings, put the skins into a separate saucepan and cover with water. Add sugar and then boil slowly for an hour. It will make a delicious juice to add to the pies or puddings.

Care of the Hair  
Moistening the hair with water too frequently causes it to become harsh and dry, making it break easily.

When Scrubbing  
Fold two towels into small squares and stuff them into the knees of the stockings. There will be no sore knees by the time all the floors are scrubbed and cleaned.

Onions will keep for a longer time if they are dried thoroughly in the sun, then tied in bunches and suspended by strings from the attic ceiling.

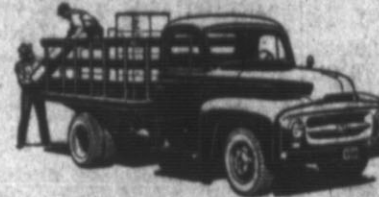

5 PICKUP Models. Popular New ONE HUNDRED with 6 1/2-ft. all-steel body or 8-110 Series. 6 1/2 or 8-foot bodies. Floor ribbed for increased rigidity. Tight-fastening tailgate.

## Top Light-Duty Buy FOR ROCK-BOTTOM COSTS!

PANELS. R-110 Series. 115-inch wheelbase. Loadspace dimensions: Length 90 inches, width 60 inches, height 54 inches. Rear doors open to 90 or 180 degree position.

STAKES. R-110 Series. Heavy 7/8-inch axel floor. Side and end racks 1/2-in. kiln-dried hardwood. Sturdy steel stakes easily removable for flat bed operation.

If your work calls for a 1/2-ton pickup, panel or stake truck, we've got the right truck to keep your costs way down.

From any angle, INTERNATIONAL is your best truck buy. The new economy Silver Diamond engine is built to keep operating and maintenance costs at a minimum.

Take Comfort. The Comfo-Vision cab has plenty of head, leg and shoulder room, cushioned comfort for the biggest drivers.

Take Performance. When you drive it you'll know what 1/2-ton truck performance should really be like! All models have tubeless tires standard, with power steering, automatic transmission, or overdrive at extra cost. Take an eye-opening drive, today!

Your trade-in may cover the down payment. Ask about our convenient terms.

# THIS IS ABOUT YOU AND YOUR TELEPHONE SERVICE

People talk more than ever over improved facilities... rural service improved

Last year, you talked more by telephone than ever before. You made an average of 25 million local calls and half a million long distance calls every day—about double the number of calls just ten years ago.

Just released, the telephone company's annual report for 1954 tells the story of 58,000 Southwestern Bell people working together as a team to bring you faster service, expanded service, courteous service. Here are some of the things they did to improve your telephone service.

**ON THE "GROWTH" FRONT**  
Millions of miles of wire were built into the system, most of it in the form of stormproof aerial or underground cable.

Telephones in 85 communities were changed to dial operation. More service, improved service was brought to rural areas.

At the year's end, 200,000 more telephones were in service than in 1953. More requests for private and two-party lines were filled than ever before.

**DOLLARS AT WORK**  
Growth like this costs money — \$173 1/2 million in 1954. Added to telephone payroll dollars spent locally and the taxes paid by the company, these "growth" dollars contributed much to the prosperity of each of the communities in Arkansas, Kansas, Missouri, Oklahoma and Texas served by Southwestern Bell.

**INVESTMENT, EXPENSES UP**  
The company took in more money — but paid out \$15 million more than in 1953 for the expenses of providing good service. This is to be expected. As more money is invested in new telephone facilities, the day-to-day costs of operating a larger system grow.

The balance of expenses against income is watched closely because only a financially sound telephone company can keep service growing to meet the needs of this and hundreds of other communities in the progressive Southwest.

**BRIGHT PROSPECTS FOR '55**  
This year promises to be another good year for telephone customers. Further improvements in your service are planned. Still more homes and businesses will be added to the growing circle within reach of your telephone... making your telephone even more valuable.

home of the president, Mrs. Kenneth Neill. Plans were made to serve lunch at the J. D. Greeson farm sale. Mrs. Ray Johnson reviewed Dr. Peal's book, "The Power of Positive Thinking."

Mrs. Acker of Nazareth visited with her daughter, Mrs. Henry Kuper Thursday morning.

Mrs. Henry Kuper and Mrs. L.J. Kuper went to Amarillo Thursday afternoon.

Recently Mrs. Ray Johnson received a case of artichokes from Virginia Nelson of Carmel, Cal. Mrs. Johnson received this gift each year from her sister and by putting them in the food freezer manages to have artichokes the year 'round.

Kenneth Swayze and two helpers are hauling the burnt bricks from the community house site to Amarillo.

The Carl Lees are the latest in the community to purchase a TV.

### Teen Talk

By VIVIAN BROWN

Do you resent being called a teen-ager? Some young people do. Others don't mind a smidgen.

If you could substitute a label of your own what would it be?

Many young people fret over the teen-age salutation because they believe it is unpopular. Others do not like some of the characters who are put in the "teen-age" category with them.

Take the opinion of one 17-year-old.

"The term teen-ager isn't really bad. It's just that every jerk below 20 is headlined as a teen-ager. These are the truants and trouble-makers and they make the rest of us suspects, too."

On the other hand one 17-year-old girl takes this stand:

"Why should I worry what people call me — especially a general classification. My own activities are above reproach. Adults don't isolate themselves from adulthood just because other adults do terrible things."

If one is celebrating a 13th birthday, obviously one is looking forward to life-to-be in the teen world. Before that she is in the "kid" category.

But at what age does one begin to quibble at the idea of the teen-age classification? And why?

Let's hear from all our readers on the subject. Perhaps you will be the one to suggest a new label for young moderns to take the place of the old "teen-ager." Maybe you'll come up with a new title for this column, too.

Those who dislike the term teen-ager might be consoled by recent statistics that the peak marrying age is 18. And whoever heard of young marrieds being described as teen-agers? Or pinning that label on Romeo and Juliet? It is a short-lived term for most, not nearly so long as middle age. (By the way did you ever see a headline that proclaimed that "Two middle-agers crashed into a telephone pole early last night.")

Are you the type who finds a lot of satisfaction in fashion-styled "especially for teen-agers"? Or do you prefer to shop in a department designed for Misses? Are you likely to avoid a hatrdo because it is "Worn by teen-agers"? Do you shun books and stories offering "advice to teen-agers?"

In other words are you appalled at the thought of being a so-called "teen-ager?" If so, let us in on it. Tell us your pet peeves in that respect. Perhaps you've been harboring the thought and haven't even told your best friend.

But now you're in on the secret: Lots of other young people feel the way you do. They don't like being regimented either.

(You may write Vivian Brown in care of this paper about your own ideas in connection with this column.)

F. L. ALEXANDER accepts a check for \$100 from Earl Phillips at the annual Camp Fire birthday party held Friday night at the Shirley school gym. Mr. Phillips presented the check in behalf of the Rotary club. (Staff Photo)

### Home Repair

By Andrew C. Lang

#### REPAIRING SCREENS

DO . . . repair very tiny breaks in the screening by spreading a waterproof cement over the opening—thus depositing a thin film which blocks the entrance of any insect.

DO . . . repair other small breaks with special metal patches which are hooked on over the openings.

DO . . . in painting screening, avoid clogging the mesh by using a screen applicator and being certain that the paint is thinned sufficiently.

DO . . . consider the use of staples rather than tacks or brads in attaching the new screening to a wooden frame.

DO . . . use good household scissors to cut new screening, as most types of material will quickly dull the blades.

DO . . . forget that many types of screening material are now available, among them galvanized iron, bronze, copper, aluminum, plastic and fiberglass.

DO . . . neglect the use of any home-made arrangement that will make the new screening fit tightly; if necessary, have someone hold the screening but while you attach it to the frame.

DO . . . fail to mark a number on the screen frame and the same number on the window it fits—or buy small numbered tacks made for that purpose.

### Summerfield News

By Ann Lookingbill

Clyde Evans and son left Tuesday with his brother and wife to attend the funeral of an uncle on Wednesday in Terrell.

Kenneth Christie, Reese Dawson and Reese Jr., were in Lubbock Tuesday afternoon to bring back a motor.

Mrs. Elma Hooks of Amarillo spent Thursday visiting in the

home of her brother and family, Mr. and Mrs. A. E. Barnett. Her two small grandsons who have been visiting the Barnetts since Sunday returned home with her.

Mrs. Don Larkin, Steve and Gary accompanied Mr. and Mrs. Ky Lawrence to Albuquerque Thursday morning. Mrs. Larkin plans to spend a few days with her twin sister, Mrs. Stevson Garrison, who has a new baby girl.

Mr. and Mrs. Pat Morse and family of Fort Worth arrived on Thursday night to spend the week end with relatives, the Lee Currys and Guy Walsers.

Cynthia and Bill McMinn have been visiting their grandmother, Mrs. J. B. McMinn in Hereford.

Mrs. Joe Story and Gary spent Thursday with her mother and aunt Mrs. J. A. Noland and Mrs. Mary Rowland.

Mrs. Carl Lee has been spending some time this week with her sister, Mrs. J. F. Cheatham in the Frio community. Mrs. Cheatham is ill.

Mrs. J. T. Winkle of Dimmitt is spending the week with her daughter and family, Mr. and Mrs. J. M. Wright.

The weather continues to be unfavorable for any kind of farm work. A good rain would certainly be appreciated by everyone.

The Summerfield Study Club met in called session Monday in the

To Better Banking

Presented by the Friendly FIRST NATIONAL BANK

#### HOW TO DRAW A CHECK . . .

Checks should be written clearly and completely and presented promptly. Never forget to fill out your checkbook stub before you write the check itself. There are five different items to be written in ink on the face of the check.

1. The Date . . . should be written first and it should be the date on which the check is drawn. If you must make out a check on a Sunday or holiday, date it the previous business day. Never write a future date.
2. The Payee's Name . . . should be written after the printed words, "Pay to the order of" — Spell the name correctly.
3. The Amount in words . . . should be started as far to the left as possible so that no one can insert a word before it and thereby raise the amount. Fill in the unused space with a line.
4. The Amount in Figures . . . should be written close to the \$ sign, and must agree in amount with the written words.
5. Your Signature . . . should resemble as closely as possible your signature on file with us and be written only after all of the other items have been carefully filled in.

### Large Crowd Views Saturday Wrestlers

By Stanley Phillip  
Wrestling fans were out in force Saturday night when a crowd of more than 600 attended the matches at the Bull Barn. Big attraction of the evening was the bout between the lady wrestlers, Bonnie Watson and Olga Zepeda. Two other good matches featured Benny Trudell vs. Maurice LaChappel in the prelim and Tony Morelli vs. Bob Cummings in the main event. Third man in the ring was well-known Billy Weidner.

pel a very rough time of it, using all the illegal tactics possible. Both boys dished out and received a lot of punishment and when things started going against him, Trudell tried to leave the ring to recover, only to have LaChappel haul him back in over the top rope. After this happened a couple of times, Maurice lowered the boom on Bad Boy Benny with a few well-placed rights and some hard forearm smashes. As a result of this the dazed Trudell was unable to defend himself against LaChappel and was pinned with a reverse Jackknife in 16 minutes.

Hereford, Texas

**First Event**  
Getting the ball rolling with a one fall or 20 minute opener Benny Trudell took on Maurice LaChappel. Trudell, well-known though unpopular in this area, gave LaChappel a very rough time of it, using all the illegal tactics possible. Both boys dished out and received a lot of punishment and when things started going against him, Trudell tried to leave the ring to recover, only to have LaChappel haul him back in over the top rope. After this happened a couple of times, Maurice lowered the boom on Bad Boy Benny with a few well-placed rights and some hard forearm smashes. As a result of this the dazed Trudell was unable to defend himself against LaChappel and was pinned with a reverse Jackknife in 16 minutes.

**Second Event**  
The second event of the evening was the one the fans had been waiting to see. As a special event, it put two girl grapplers in the ring. Bonnie Watson of Florida against Olga Zepeda of Mexico. Dark-haired Zepeda had the fans sympathy and support as she received a very rough going over from her opponent. Being very adept at concealing the illegal holds from the ref, Watson seemed to have the fall 'in the bag' several times, but Zepeda managed to keep both shoulders off the mat, finally staging an offensive of her own. Dishing out the same type punishment she had been getting, Olga soon had the Blonde Bonnie in trouble. After being lounced off the ropes and body slammed a few times, Bonnie was pinned with a body press in 15 minutes and Zepeda took the first fall.

The second the bell rang, starting the second fall, Bonnie started right out after Zepeda, devoting most of her efforts on disabling Zepeda's left arm. Bonnie kept the ref counting most of the fall as she continued to use the illegal tactics and refused to break until nearly counted out. Growing tired of trying to break Zepeda's arm, Watson then removed a wrist support Olga was wearing and proceeded to work on her eyes with it. Referee Billy Weidner knew something was going on, but everytime he tried to catch Bonnie she would hide the bandage in her tights and wait 'til the ref turned his back then go to work on Olga's eyes again. Bonnie finally got over ambitious, and when Weidner tried to make her stop working on the eyes of Olga, she went to work on his eyes. This was too

Cummings of Hereford, battled it out. Fans saw plenty of rough wrestling in the first fall with both boys about even in the give and take department. It looked as if Cummings had Tony once with his leg binder hold, but Morelli was able to get a handful of hair and pull Bob off. Morelli soon began using his smother hold and after a few applications of this had Bob down for the count with a body press after 17 minutes.

JOHNNY PORTER, son of Mrs. Marguerite Porter, returned on Friday to Hereford following a tour of duty in Korea. Porter and his wife, the former Miss Eloise Cavanar of Hereford are making their home on Avenue C.

Morelli didn't want to stop for the rest period between falls thinking he could again pin Cummings while he was still dazed from the first go-around. The referee tried to force Tony to take the rest but after about two minutes, Morelli raced over to Bob's corner to try and work him over again. Bob wasn't caught unprepared however, and met Morelli's rush with a hard fist to the head. Before Morelli could recover from that, he was upended and Cummings started applying the knee action leg binder. This gave Bob the second fall in just 45 seconds.

Tony immediately started complaining to the ref that the fall was illegal since the full rest period wasn't used, but since it was Morelli's own fault Billy let it stand. When Morelli kept right on arguing with the ref about it, Weidner got a little peeved and immediately started the third fall

Morelli started to leave the ring, but Weidner discovered Tony had used the ropes and discounted the Falls.

When waxing and polishing the floors always be sure that the rubbing is done with the grain of the wood.

**Brooms and Mops.**  
Brooms and mops should always be hung from the wall. When left standing on the floor the bristles or fibers weaken and rot. Two empty spools fastened to the wall about two inches apart make an excellent hanger.

**Flavor for Dark Cake**  
Cream several tablespoons of peanut butter with the shortening to give a delicious flavor to cookies or dark cake.

The name "lens" for a magnifying glass originated from the Latin word for lentil because the shape of a lens is like that of early lenses.

During the antarctic winter, it gets so cold that a man can hear his breath freeze, says the National Geographic Society.

pin and forced Tony to re-enter the ring. Morelli hurriedly tried to pin Bob again, but Bob met his attack with a hard forearm smash and pinned Tony for the third fall with a body press after two minutes.

# SEE THEM FRIDAY! New Chevrolet Task-Force Trucks!

Work-styled for your job!

It's the largest and finest fleet of trucks ever built by the nation's No. 1 truck builder. Whatever your task or trade, there's a new Chevrolet truck to make or save you money on the job. Come and look 'em over!

Now Chevrolet introduces "Work-Styling"—an exclusive development in truck design. Plus new engines—new capacities—new Overdrive and Power Steering—new features and advantages throughout!

Here's what happens when America's leading truck builder pulls out all the stops! Here are trucks that are new from the drawing board out!

**New styling in trucks.** Great, functional styling that fits your job! For the first time in any truck line, two distinctly different styling treatments are offered—one in light- and medium-duty models, another in heavy-duty. Your handsome new Chevrolet truck will be an advertisement on-wheels for you and your business!

A new outlook for the driver! Truck driving was never like this! The new Flite-Ride cab is everything a driver could wish for, from its big Sweep-Sight windshield to its concealed Safety Step that keeps clear of mud or snow! The new instrument panel offers maximum convenience!

Six new "high-voltage" engines! With a new 12-volt electrical system for quicker, surer cold-weather starting and increased generator capacity! Plus more efficient cooling and lubrication systems, an improved fuel system, and completely redesigned engine mountings.

And much more that's new! Like the smoother, load-steady ride... new High-Level ventilation... tubeless tires, standard on 1/2-ton models... Power Brakes\* for all models, standard in 2-ton models... new 18,000 lb. max. G.V.W. in 2-ton models. And there's a new choice of transmissions, including new Overdrive\* and Hydra-Matic\*. New Power Steering\* for all models. Come in and see the newest things in trucks!

\*Optional at extra cost. Overdrive available on 1/2-ton models, Hydra-Matic on 1/2-, 3/4- and 1-1/4-ton models.

**New Cameo Carrier**  
Here's a truck like no other truck you've ever seen! It's the "flagship" of the handsome new Chevrolet truck fleet... the first truly beautiful truck ever built. Come in and let us tell you more about this dramatic departure in truck design!

 Wednesday night prayer meeting is at 7:30 o'clock.  
 Friday night prayer service is at 7:30 o'clock.

We are in peril... everyone of us, every business, home, church, nation—the whole world. But there is a Beacon Light to Guide us. How foolish if we batten down the hatches, close the doors, and speed-up the noisy music. We may shut out the sound of waves, sight of rocks, and the roar of storms, BUT WE CAN'T SHUT OUT GOD. He is the Light in every storm and will surely guide your ship when the seas are heavy. There will be light in darkness for those who look upward.  
 His church supplies hope for souls whose ambitions have been wrecked. There shall be "LIGHT IN THE DARK."

## AT THE CHURCHES

### First Methodist

Fifth and Main  
 Rev. S. M. Dunnam, Pastor  
 Church services are at 10:55 o'clock Sunday morning. The regular evening vespers will begin at 7:30 o'clock.

# How Can I?

By Anne Ashley

A. They can be removed very readily by rubbing well with the freshly cut portion of an onion and then placing in the sun.

Q. What would be a good surface to use when cleaning a chicken?

A. Try using the porcelain tray under the burners of the gas stove upon which to clean chicken. It will save cleaning up a large surface. This tray can also be used as a pie board when baking.

Q. How can I keep leftover starch?

A. If starch is left over, pour it into a glass jar and cover with a lid. Place the jar in the refrigerator and when ready to use dilute with boiling water.

Q. How long should tea be left in the water?

A. The strength of tea is not regulated by the time the water and leaves stand for strengthening, but by the amount of leaves used. The leaves will give up all flavor and caffeine in three minutes.

Q. How should baby's rubber toys be cleaned?

A. Wash them in a borax acid solution once a day. They are usually in his mouth, so keep the toys sanitary in order to keep the baby healthy.

Q. How can I remove a scratch from furniture?

A. Place a piece of wet blotting paper over the scratch and hold it in place by the pressure of a warm iron. Do not have the iron hot. The dented tissues of the wood.

Q. How can I keep food hot near is not too deep.

## Ethridge Heads Ham Radio Group For This Region

R. L. Ethridge, W5QOV, 307 So. 25-Mile Ave., Hereford, Tex., has been selected to set up an organization of local amateur radio operators prepared to furnish organized emergency communication in time of disaster, it was announced today by Communications Manager F. E. Handy of the American Radio Relay League, national association of radio amateurs.

Ethridge's assignment, which carries the title of Emergency Coordinator, is to band together members of the amateur radio service in his community to perfect arrangements for emergency radio communication by hams in the event of natural disasters or other emergencies. In addition to use of normal station equipment working from commercial power, amateur stations using self-powered radio transmitting and receiving equipment as needed. Mr. Ethridge, as ARRL Emergency Coordinator, will call local meetings of amateurs, establish common operating procedures, and arrange regular drill periods when the hams' personal stations may be mobilized under simulated emergency conditions. His duties also include liaison planning with the local chapter of the American Red Cross and other relief agencies, as suggested in the working understanding the ARRL Emergency Corps as with the national headquarters of the American Red Cross and other agencies. Liaison will be established also with local protective services, such as fire and police departments and civil defense communications will receive much attention.

In announcing the appointment, Handy pointed out that radio am-

## CHURCH

(Continued from Page 13)

### Church Of The Nazarene

Fourth and Jackson  
Rev. Orval W. Akers, Pastor  
Sunday School is held at 10 o'clock, worship services at 11 o'clock. Evening worship services are at 7:30 o'clock.

There will be a Cradle Roll Service during the closing exercises of the Sunday School this Sunday. Parents, brothers and sisters of the children are urged to attend as the children receive their certificates.

### First Presbyterian

616 Lee Street  
Rev. Russell Wiegert, pastor  
Sunday School is held each Sunday morning at 9:45 o'clock followed by morning worship at 11 o'clock.

Evening services will be held at 5 o'clock.

### First Christian

Sixth and Main  
Rev. Don Root, Pastor  
Sunday School is held each Sunday morning at 9:45 o'clock and 11 o'clock. Morning worship will begin at 10:50 o'clock.

ateurs have traditionally had the responsibility of being in constant readiness to offer assistance in time of need with ham-acquired skill, emergency-powered transmitters and a wealth of community spirit. "When sleet storms disrupt telephone and telegraph service, or floods isolate whole communities," the League's Communications Manager said, "it is amateur radio that comes to the rescue with operators and self-powered equipment, often as the sole agency able to transmit messages calling on the outside world for aid for the stricken community."

"To be prepared for this function requires not only a highly organized program of preparedness locally," Handy continued, "but hams outside the disaster area must be prepared to act as outlet and relay points for emergency traffic. Planning and organization are necessary in either eventuality and that is the job Mr. Ethridge is doing for this area."

Chi-Rho and CYF meets at 6 o'clock Sunday evening and evening vesper services are at 5 o'clock.

Choir rehearsal will be held on Wednesday night at 8 o'clock.

The Vacation Church School at Pleasant Valley Church Institute in Amarillo begins at 9:30 o'clock, Thursday morning.

The Webelos Den of Pack 52 will meet Friday evening at 5 o'clock. Friday will conclude the Leadership Training School at the First Methodist Church.

### Wesley Methodist

416 Irving  
Rev. E. L. Naugle, pastor  
The morning preaching service at the Wesley Methodist Church is at 11 o'clock with Sunday School at 9:45 and the MYF at 6:30.

The mid-week service will be at 7:30 o'clock Wednesday. The choir will meet at 7:30 o'clock on Thursday.

### Temple Baptist Church

Corbett St. and Ave. K.  
Rev. Russell Pogue, pastor  
Sunday school will be in the morning at 9:45 o'clock and Training Union is in the evening at 6:45 o'clock. Morning worship services are at 10:50 o'clock and the evening service at 7:45 o'clock.

Wednesday prayer service will be held at 8:30 o'clock.

The teachers and officers meeting will begin at 8 o'clock Wednesday evening.

Sunbeams, R. A., G. A., and YWA's will meet at 3:45 o'clock each Wednesday afternoon.

Choir practice will be Wednesday evening at 8:30.

### Seventh Day Adventist

J. L. Jespersen, Pastor  
Third and Lawton

Sabbath School, 9:45 o'clock; Worship Service 11:00 o'clock.

"The Greatest Miracle of All," will be the title of the lesson study for Sabbath March 26.

Memory verse: John 14:19; Study help: "Desire of Ages," pages 779-787; Basic Text: John 11:25.

### Assembly of God

Union & Ave. G.

Rev. R. B. DeLancey, pastor  
Each Sunday morning Sunday School is held at 9:45 o'clock. The morning service is at 11 o'clock. The regular evangelistic services will be held at 7:30 o'clock.

Junior C.A.'s meet each Sunday night at 6:30 o'clock.

Prayer meeting and Bible Study will be held each Wednesday evening at 7:30 o'clock.

Young people meet Sunday night at 6:30 o'clock, with the evening worship services at 7:30 o'clock.

Each Sunday afternoon from 1:45 o'clock until 2:15 o'clock the Hereford church will sponsor the National Assembly of God Radio program "Revivaltime" over Radio Station KPAN.

W.M.C.'s will meet in the church at 2:30 o'clock on Thursday afternoon.

# PLYMOUTH WINS

FOR 1955 STYLING  
OVER "OTHER 2" LOW-PRICE CARS  
BY VOTE OF ALMOST 4 TO 1

THOUSANDS PREFER PLYMOUTH'S STYLING IN NATION-WIDE SURVEY!

A well-known independent research organization asked thousands of people—in New York, Chicago, Detroit, Atlanta, Dallas, Los Angeles—to compare the appearance of '55 models of the three low-price cars. Opinions were received from men and women—from people of all ages—from owners of all the different makes of cars. The results are below.

Best buy now; better trade-in, too!

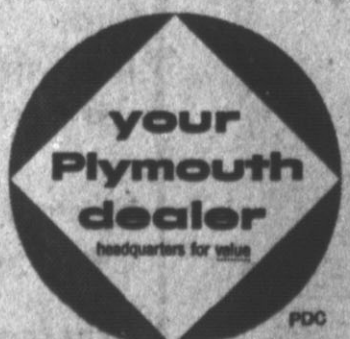

#### HERE'S WHAT OTHERS THOUGHT OF PLYMOUTH!

Compared with low-price car "A"	Compared with low-price car "B"
Plymouth is better looking 62%	Plymouth is better looking 66%
Car "A" is better looking 16%	Car "B" is better looking 17%
Almost 4 to 1 in Plymouth's favor!	Again, almost 4 to 1 for Plymouth!
(22% liked "both about the same")	(17% liked "both about the same")

#### HERE'S WHY YOU'LL PREFER PLYMOUTH, TOO!

Plymouth '55—with THE FORWARD LOOK—is the only low-price car to offer you honestly new styling, instead of a mere face-lifting. It's bigger than the "other 2" cars (longer than car "A" by 8.4 inches!). It's lower and sleeker, with a host of styling advances that wins the most applause in the lowest-price field. See everything Plymouth has to offer today!

Yes, the big swing is to Plymouth—See it today—drive it away!

### USH REVIEWS THE COMING ATTRACTIONS

#### "ROSE MARIE"

Showing Friday and Saturday, March 25 & 26.

A Movie filmed in the Canadian Wilds in CinemaScope. You'll thrill to the breathtaking beauty of the North! You'll be delighted by the familiar songs of this enchanting musical. For color, action and music don't miss "Rose Marie." A family picture.

Also cartoon "YOU WERE NEVER DUCKIER" and latest Paramount News.

#### "BIG CAT"
