Around Town

Real spring weather was the call of the day Around Town this week, and farmers started their planting here.

The Veterans of Foreign Wars Auxiliary will hold a covered dish supper Wednesday at 7:30 and all women who are eligible (wives, mothers and sisters of Veterans of Foreign Wars) have been invited to attend.

Bids on the new shop building addition will be opened here Tuesday afternoon at a special meeting of the School Board.

County Commissioners will hold their regular meeting Monday at 9 a.m.

The Brand misquoted City Manager Cecil Massey Thursday, it seems. Massey was quoted as saying it would cost \$5291 per intersection to convert Main Street traffic signals from overhead to curb signal installations.

Monday is the day for the potato meeting to be held in the district courtroom. Jack Ganaway of the United States Department of Agriculture will discuss the proposed marketing agreement.

That fire alarm shortly after noon Friday took volunteers to 132 Texas Avenue. A skillet "on fire" caused smoke, but no damage.

Remember, only six more days remain to buy your tags for your vehicles.

Henry Hastings, Hereford Pioneer, Taken By Death

Henry Hastings, a pioneer resident of Deaf Smith County, died here Saturday morning after a lengthy illness.

Funeral services for Mr. Hastings were still pending late Saturday.

Mr. Hastings was born in Weatherford in 1877. He married the former Miss Ina Tomlinson in 1908 and moved to Hereford Feb. 20, 1917 from Tulla.

A retired stock farmer, Mr. Hastings is survived by his wife; three sisters, Mrs. J. T. Gilbreath Jr., and Mrs. Charlie Hill, both of Hereford, and Mrs. Wayne Hill of Petersburg; and one son, Ralph Hastings of Hereford.

Five Thousand Acres Due To Be Planted In Spuds

This year's potato crop in the Plains area will be some 3000 acres less than that of 1955, processors and shippers in the Hereford area predicted this week as

spud planting got underway. A sprinkling of workers were busy Saturday cutting seed potatoes for the 1956 crop as planting started, and the number is expected to soar to several hundred workers in the next two weeks, when most of the current crop will be planted.

Mack Noland started planting his potatoes Thursday, and was believed to be the first 1956 planter in this area. Planting is expected to become a full scale operation during the next week, and is expected to be almost complete during the first week of April.

Processors said that seed spuds are "very hard this year as compared to last year's prices." They also reported that potatoes were selling at a "high" rate also, giving growers hopes for good prices this year.

The drop in acreage was predicted following surveys made in the Plains area. Five thousand acres are expected to be planted, as compared to 8000 last year. The drop, of course, is blamed mainly on poor prices last season. One processor said it would probably greatly strengthen the market.

The Hereford deal will concentrate chiefly on red varieties, as in the past. Growers say the red spuds present a better market, excellent yields and a steady consumer demand.

It was pointed out that in 1954, when prices were excellent on local potatoes, approximately 4500 acres of irrigated farm land was devoted to potatoes.

School Board Candidates Scarce As Deadline Nears

It looked like a cut and dried deal here Saturday so far as election of school trustees in the county is concerned.

With just two more days remaining before the deadline for entering the race, only one candidate has filed for each of the five vacancies.

Two seats will be filled in the Hereford Rural High School District, and so far only two candidates have filed. They are Bert Boomer and Marcus Latham. H.H. Miller and Mrs. Earl Plank are the two trustees whose terms of office will expire.

Two seats will also be filled in the County School District. A delegation petition bearing five names has been filed to put the name of Leo Forrest on the ballot for re-election as trustee at large and another petition was filed this week putting the name of S. N. Thweatt on the ballot as candidate for Precinct 3 trustee. Both candidates still have to appear and comply with the state regulations before their names can be entered officially, however. Forrest will be seeking re-election and Thweatt will be a candidate for the post now held by Frank Ford.

A petition has also been filed for Glenn Burrus in the Walcott Common School District. He too must

comply with state regulations before his name can be placed on the ballot. He will be a candidate for the seat now held by Herschel Burrus.

Prospective candidates have until Tuesday at 5 o'clock to file. The deadline is set by State law, coming 10 days prior to the election scheduled for Saturday, April 7.

Hereford Man May Identify Knife Killer

The search for the killer of a 37-year-old Michigan man who was found stabbed to death near Canyon last week shifted to Hereford this week following a service station attendant's partial identification of the dead man as a customer at his station March 14.

Bernie Kearns, an employee of Rocky's Service Station on west Highway 60, told officers from Canyon and Hereford that a 1953 Dodge sedan fitting the description of the car Robert Boyd Chapman was driving the last (Continued on page 3)

City Dads Propose Five Members Governing Body

Corporation Court Judge Is Called For

Hereford City Commissioners announced this week that two amendments to the City Charter would be voted on this year. Commissioners started the legal ball rolling by passing a resolution of intention to submit charter amendments which would add two commissioners to the governing body of the City and set up a separate Corporation Court judge post.

The resolution calls for amending Sections one and two of Article IV of the charter, which now call for a mayor and two city commissioners.

The amendment states that the commissioners shall be designated by numbers, and voted on by all qualified voters. Two commissioners would be elected every year to serve two year terms, and the mayor would continue to be elected every two years.

Sept. 1 of this year would be the deadline for commissioners to call a special election to elect the two new commissioners. The present commissioner of Place 1 and Commissioner of Place 2, and the two new commissioners would fill place 3 and 4 vacancies. Commissioners 1 and 2 would be elected on odd years and Commissioners 3 and 4 on even years.

The second amendment to the charter would amend Section Eight of Article V which now states that the City Manager shall serve as Corporation Court Judge.

Under the amendment the Corporation Court Judge would be named by the City Commission.

He would have to be a qualified voter of the City, and would serve "at the pleasure of the City Commission." His salary would be fixed by the governing body.

The Court would continue to have the same jurisdiction that it now has. The city secretary or assistant city secretary is set forth as ex-officio clerk of the court.

The resolution stated, "That it is the intention of said City Commission to pass an ordinance on the sixteenth day of April, 1956, for the purpose of submitting the following amendments to the existing charter."

Vandals Blamed For Damage Here

City Police Saturday said they had three "good suspects" following a wave of vandalism in Hereford during the past week.

The latest wave of vandalism occurred Friday night when three new cars and one new pickup at Truly-Teague Chevrolet Co. were damaged. Police said someone apparently scratched them on the fenders.

Police Chief Leo Box identified the suspects as three teenage boys one 16, one 17 and one 18 years old. They are suspected of being involved in four separate incidents.

Vandals were blamed for breaking a six by 10 feet glass window out of the Snack Bar near Junior High School, causing damages totaling \$150. Also on the list of damaged property was the Glenn Weir Real Estate office, 109 North Main; Archie's Cafe, 110 West First; and the Triple E Cafe, 122 North Main. Back glasses were broken out of the real estate office and Archie's Cafe, and hot grease was poured over the back of the Triple E Cafe.

Total damages were listed at \$200.

M. T. Rutter Asks Re-Election As Commissioner

M. T. (Marion) Rutter this week authorized The Brand to announce that he would be a candidate for commissioner of Precinct 1, subject to action of the Democratic primary.

In announcing his candidacy, Rutter said, "I have enjoyed serving you as your county commissioner the past five years. If re-elected I will continue to serve you in the same efficient way."

"My interest has been in your personal problems, with the good of the county always in mind. I have performed my duty to the best of my ability. I will appreciate anything you see fit to do for me in the coming election."

West Texas State College Choir To Perform At Hereford High Thursday

West Texas State College's 50-voice A Cappella Choir will present a special program in Hereford on Thursday at 1:30 p.m. in the high school auditorium, ending a series of concerts in 11 Panhandle schools.

The programs are presented annually by the choir on its Spring concert tour. Another tour is made by the group before Christmas each year in other Panhandle and South Plains cities.

Directed by Dr. Houston Bright, associate professor of music, the choir also has appearances slated in Perryton and Canadian and Dumas on March 26; Pampa, Phillips, and Stinnett March 27; Amarillo High, Borger and Gruver on March 28; and Palo Duro High of Amarillo March 29. A special program, open to the public, will be (Continued on page 3)

Levi Young Crow Dies Here Friday; Services Sunday

Funeral services for Levi Young Crow, 81, will be held Sunday at 2 p.m. at the Marshall and Marshall Funeral Chapel in Hillsboro with the Rev. Willer of Whitney officiating.

Mr. Crow died suddenly at his home here Friday. He was born Feb. 10, 1875 in Hill County. He was married to the late Margie Lee Woodie. Mr. Crow came to Deaf Smith County in 1945 from Hill County. He was a member of the Presbyterian Church there.

He is survived by two sons, Eual Crow of Dumas, William G. Crow of Hereford; one daughter, Mrs. Lara Mae Deaton of Black; three brothers, Sam Crow of Rashon; Jim Crow of Whitney; George Crow of Blau; one sister, Mrs. Lizzie Allen of Hillsboro; and 10 grandchildren.

Gilliland Funeral Home is in charge of arrangements.

Insect Population Check Reveals Greenbugs Building Up In County

An insect population check completed this past week by Dr. Donald Ashdown, head of the Entomology Department at Texas Tech revealed greenbugs and brown wheat mites in every field checked, a report issued Saturday revealed.

Dr. Ashdown checked eight wheat fields and two alfalfa fields in the immediate Hereford area. One of the wheat fields was on dry land and the others in irrigated areas.

Dr. Ashdown checked eight alfalfa fields was heavily infested with black cowpea aphid, common pea aphid and yellow clover aphid.

"All these, including the greenbug and excepting the mite, are related to each other, similar in overall size and shape, but radically different in color," Dr. Ashdown said. "These insects have a decided preference for food. Greenbugs do not attack alfalfa, and the alfalfa aphid does not attack the wheat."

Dr. Ashdown said all species have two important characteristics in common. "All have the ability to multiply their numbers at a truly fantastic rate under certain conditions, principally related to weather; and each species inflicts plant damage in practically the same manner. Primary damage is done by feeding on the plant and secondary damage by depositing a clear, sticky substance on the leaf and stem surfaces, called honey dew."

He said methodical insect counts are necessary in order to judge the severity of any insect infestation.

"In our evaluation," he said, "the actual insect count taken in each field was compared with the critical count that is established and approved by the Agricultural Extension Service. This critical count is 50 greenbugs per linear foot of drill row. Insect counts in the fields we inspected varied from 20 to 250 greenbugs per drill foot."

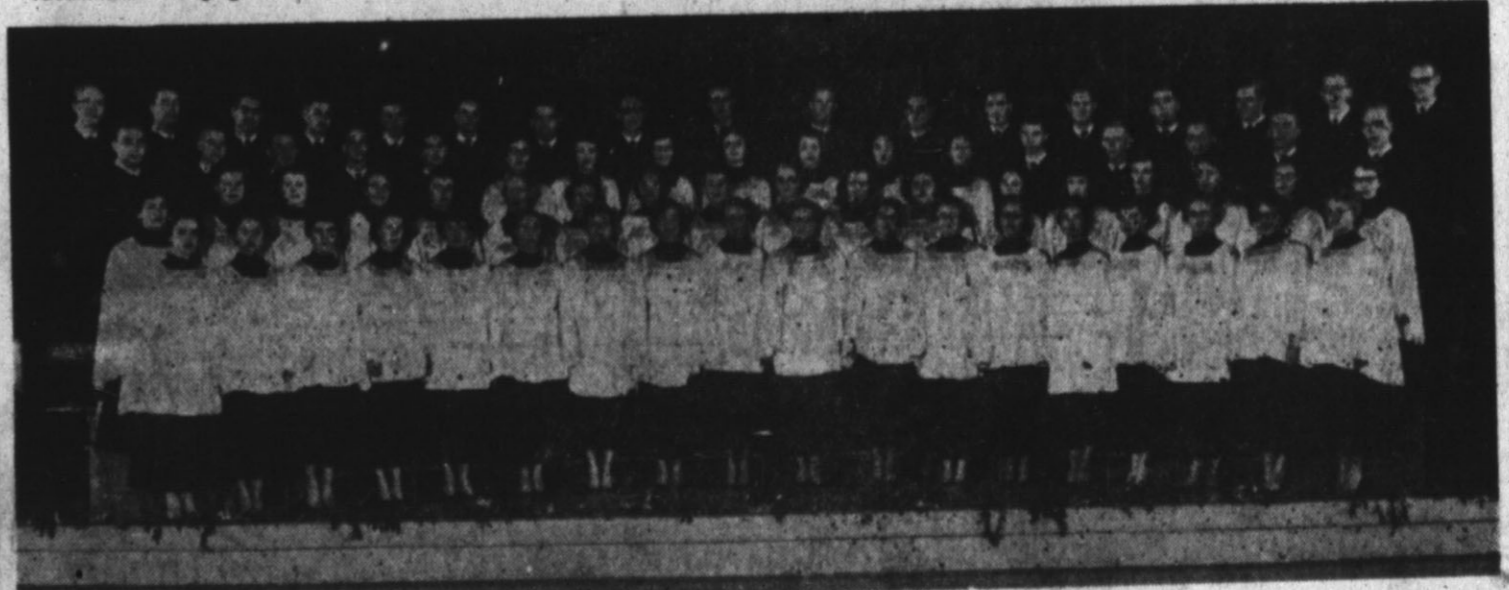

Dr. Ashdown said a lot of brown wheat mites were found in all the wheat examined. Aphids are doing severe damage to local areas near Hereford, he declared.

"A good offense is the best defense against greenbugs," Dr. Ashdown said. "Control them before they can do enough damage to hurt. Yellowing of blades usually means that greenbug damage is already there."

The employees of the J. C. Penney Co. were entertained with a steak dinner at the Jim Hill Hotel Thursday night.

## Joan Moore Is Complimented At Pre-nuptial Bridal Shower

One of the prettiest of the early spring parties was given in the home of Mrs. Jas. W. Witherspoon Saturday afternoon as a shower courtesy honoring Miss Joan Moore whose marriage to Mr. Bill Scott will take place Friday, March 30.

The bride-elect's chosen colors of yellow and white were used throughout the entertaining rooms including the play room where gifts were shown. The refreshment table was laid with a floor length organza cloth in white, with yellow satin underlay. Advent of spring and the approach of the Easter season were accented in floral decor and appointments. Lovely Marguerite daisies were arranged in a long, low mass in the center flanked by yellow tapers matching the bands of canary yellow satin ribbon garlanding the cloth at the table's edge. Tea dainties repeated the chosen colors.

In the receiving line were Mrs. Calton F. Moore, the bride-elect's mother, the honoree and her sister, Charlotte Moore, Sharon Moore, Miss Patsy Stafford of Hobbs, N. M. and Miss Norma Hurta of Jal, N. M., who will serve as attendants in the wedding. Their corsages were of white chrysanthemums tied with yellow satin ribbon.

Mrs. Witherspoon and her daughter, Irene, home from Hockaday Girls School in Dallas for the occasion, greeted the guests.

Hostesses making up the house party included Mesdames Witherspoon, Troy Moore, J. C. McCracken, Cecil Gunter, H. L. Benefield, Howard Gault, O. R. Sanders and Alton Fraser.

Approximately two hundred names were included on the guest list.

## Bundle Party, 3rd Rush Event Held By Beta Sigma Phi Group

Kappa Iota chapter, Beta Sigma Phi sorority held its third rush event of the Spring rush season, at the Jaycee Clubhouse Tuesday evening. Serving as hostesses were Harold Beauchamp, Neil Cooper and F. H. King.

Plans were made for the annual Preferential Tea to climax the rush season, to be held in the home of Mrs. Nell Cooper this afternoon.

Further plans were discussed for the Cancer Drive which will open here April 9. The date set for the Games Night was April 20 in the Jim Hill Hotel. Bridge, canasta and forty-two will be featured and tickets may be obtained from any Beta Sigma Phi member.

A report from the nominating committee named nominees for new officers who will be elected in April. Nominees are Mrs. Glen Nelson and Mrs. F. H. King, pre-

sident; Mrs. Virgil Moore and Mrs. Jim Calmes, vice president; Mrs. A. E. Hodges and Mrs. J. H. McDonald, recording secretary; Mrs. Clyde Russell and Mrs. H. A. Lamb, corresponding secretary; Mrs. M. G. Duvall and Mrs. Harold Beauchamp, treasurer and Mrs. Ed Line and Mrs. Ray Suit, extension officer.

Fantastic fashions were noted in the "Bundle Party" which provided the entertainment of the evening. Each person brought a bundle of clothing to the meeting and each member drew a number for her bundle. The fun came as the members modeled the clothes found in her particular bundle. Mrs. Francis Hill brought the prize winning bundle and Mrs. Glen Nelson was awarded the model's award.

Rushes attending were Mesdames D. R. Johnson, Charles Hill, Francis Hill, Buren Scott, Carl

Hollingsworth, A. L. Dean, Robert Brotherton, and T. M. Cox. Members present were Mesdames Harold Beauchamp, Leg Box, Jim Calmes, Neil Cooper, R. J. Cramer, M. G. Duvall, Fete Guinn, A. E. Hodges, F. H. King, Charles Laing, H. A. Lamm, Cecil Massey, Virgil Moore, Jess Robinson, Clyde Russell, Ray Suit, Glen Nelson, Ann Woodward, Bill Frizzell, and Sam Albright.

Scientists now believe the first man came to America from Siberia over 20,000 years ago.

## Cancer Drive Plans Outlined By Thomas

Plans for the annual cancer drive were announced Saturday by Wayne Thomas, drive chairman.

Thomas said the drive would begin with a kick-off coffee opening the neighbor to neighbor campaign April 9. The neighbor campaign will continue until April 14.

April 20 the annual games tournament will be held. Beta Sigma Phi members are now selling tickets. A coffee day will also be sponsored by Jaycees.

### Knife Killer..

(Continued from page 1)

Time he was seen before being found with fatal stab wounds all over his body, had been serviced at his station.

Kearns told officers the car pulled into the station at about 2 a.m. on March 14. He said that there was a man in the car with the driver who identified himself as a hitchhiker in a conversation with Kearns. Kearns said the hitchhiker was talking about how

lucky he was to get a ride "straight through." The service station attendant was shown pictures of the dead man, but could not make a definite identification. The pictures Kearns identified were taken after Chapman's death. Pictures of Chapman before he was killed are being rushed to Hereford.

Kearns was also able to give a good description of the hitchhiker.

Mr. and Mrs. H. A. Close of Lubbock spent the weekend here.

### Candidates...

WT's A Cappella Choir was organized 14 years ago by Dr. Bright, and has become one of the really brilliant concert organizations of this region. Each year it performs in 20 or 25 regional high schools. Extensive local concerts, television shows, performances with Amarillo Symphony, recording sessions and assistance with annual productions of the WT Opera Workshop and Oratorio Singers make the choir one of the busiest organizations on the campus.

Dr. Bright, director of choral organizations on the campus, received his Ph. D. in music at the University of Southern California. Many of his a cappella compositions and arrangements, which make the WT choir's repertoire fresh and unusual, are published by a number of national music publishing houses.

Feature of each program on the tour will be a newly organized men's quartet which has gained wide recognition through special appearances on radio and television and for meetings of regional organizations. The group is called the Hi-Fi quartet. Other soloists from the choral group will be featured.

### Minor Damages Result From Two Car Accident

Minor damages resulted in a two-car collision here Friday at 2:30 p.m. on the parking lot behind the High School.

A 1955 Cadillac, driven by Martin Reid Moore and a 1951 GMC pickup, driven by Donald John Sigle, collided, police said. Moore was going south on the east side of the rows of parked cars and Sigle was going east from the school building at the south end of the rows of parked cars. They didn't see each other and Sigle ran out in front of Moore's car at the south end of the parked cars. Moore applied his brakes and skidded into the left

## GRASS ROOTS

We know 'tis Springtime because the dust is blowing! One of the big questions to greet the younger generations will be "What in the world did the old man have in mind when he bought those fire chains?" Well it did snow one time.

Looks like the Agriculture Bill now being kicked around in Washington will be the number one political football for months to come. They will get something settled, never doubt that, but the time element is the thing. I suppose that we would dare an observation at this point—that observation being that there will be nothing done until it will be too late for our area this planting season.

Actually the above is a safe observation as we find the general conversation among farmers that we talk to tending toward a replacement crop for maize. As a result of this general feeling Barley has enjoyed a great popularity this Spring. So much popularity in fact that good BARLEY seed is found on the short list. We are confident that in the very near future good, clean Barley seed will be conspicuous by its absence.

To refresh some memories, Barley has a number of uses. The more important of these being erosion control, grain, grazing, hay, and green manure. Somewhere in here should be some cash value. Planting rates on Barley vary from 1 1/2 to 2 bushels per acre with the 2 bushel rate giving the best results. My BOOK (the source of my unlimited knowledge) says that drilling is preferable to broadcasting and that the seed should be covered 1-3 inches. If you have read this far you should be able to raise a terrific crop of Barley and your economic troubles will be over.

I will argue with no one concerning varieties, but we have found that most of our customers are in favor of Six Row Trebl.

Time is the essence of all things and going on, so our advice is to get at it if you want Barley this season. Where does one find the Six Row Trebl? We just happen to have a few sacks left and welcome your taking them off our hands.

# Whiteface Athletes Are Honored At First Annual Athletic Banquet

Members of all types of athletics of Hereford High School highlighted the 1955-56 season when they heard the Reverend Leon Hill of Amarillo tell them that "you can't beat the combination of Texans, Americans and Christians when one journeys forth to meet the world."

Each coach was presented with a gift. L. B. Russell, John Poindexter, Cubby Kitchens, A. J. Hudson, Ebert Ashby, and James Garner each gave a brief summary of the year's work in their type of athletic. Co-captain of the football team, Wayne Smith, was master

of ceremonies. The banquet was termed a "success" by athletic director L. B. Russell when he thanked those present for "being here tonight to help us honor these boys and make the banquet a success."

Cubby Kitchens, head basketball coach and freshman football team coach, congratulated his players for their play during the latter

part of the season, especially during the district tournament. "As everybody knows, we didn't start out too well. But as the season progressed we improved and I was certainly proud of the way the boys played basketball in the district tournament," he said. Two seniors were on the club. L. B. Russell also pointed out that the Hereford Whiteface grid

team would lose 10 or 11 boys also. "We're faced with that problem every year," he said. "While you (the parents) don't have to worry about losing them. You've got them all the time."

Leon Hill of Amarillo, the main speaker, emphasized the fact that "you have earned your stars out there on the football field, the basketball court, the tennis court, the track, and the golf course. Now you're going to go into the world and use them."

greatest profession on the face of this earth. These coaches and teachers here tonight feel it in them and all teachers do." In concluding Hill said, "You can't beat America; you can't beat Texas; you can't beat Hereford. I heard that a dentist starved to death here once." The coaches and captains each gave thanks to the mothers of the athletes who help to prepare the banquet. "We like it this way, and we want to keep having it this way. It's up to you whether or not we do," L. B. Russell told the audience. About 80 athletes from football, basketball, track, golf, and tennis other than the 350 people were present.

## Track Outlook Good For Herd

### Coach Says Field Events Are Weak

Paced by dashing Wayne Smith, the Hereford flash, Hereford's Whiteface thinclads continued workouts this week in preparation for the Panhandle Relays which will be held next Friday, March 30, at Panhandle.

The Herd was favored to win top honors when they entered a large meet at Friona Saturday afternoon. Teams participating were Hereford, Friona, Slinnett, Farwell, Vega, Canyon. Other teams were expected to be entered also.

The Herd's main weakness still looms in the field events. However, Coach John Poindexter has stressed these during workouts the past week and the Whitefaces are expected to be somewhat stronger in those events.

Wayne Smith continues to dazzle fans with his lightning speed in the 100 and 220-yard dashes. He has been clocked at 9.9 before in the 100 and 21.9 in the 220. He has been high point man in every meet Hereford has participated in this year. At Friona earlier, he won the 100, 220, discus, participated in the winning 440-yard relay team, and was second in the shot put. At Canyon he won the 100, 220, and the discus besides being the anchor man on the winning 440-yard relay team.

The mile relay team has been a pleasant surprise to Coach Poindexter, who expresses optimism over the relay team's chances at

district. The quartet clicked off a 3:48 mile at Clovis recently in running away from the Wildcats.

Another pleasant surprise has been Larry Rickman, a freshman distance runner. He was second only to one of New Mexico's top milers at Clovis and won the 440 and 880 in the junior division in good times at Canyon. He has been clocked close to four and one half minutes on the mile. Robert Kinsey also runs the 880-yard dash. He won the dash at Clovis with a time of 2:19.

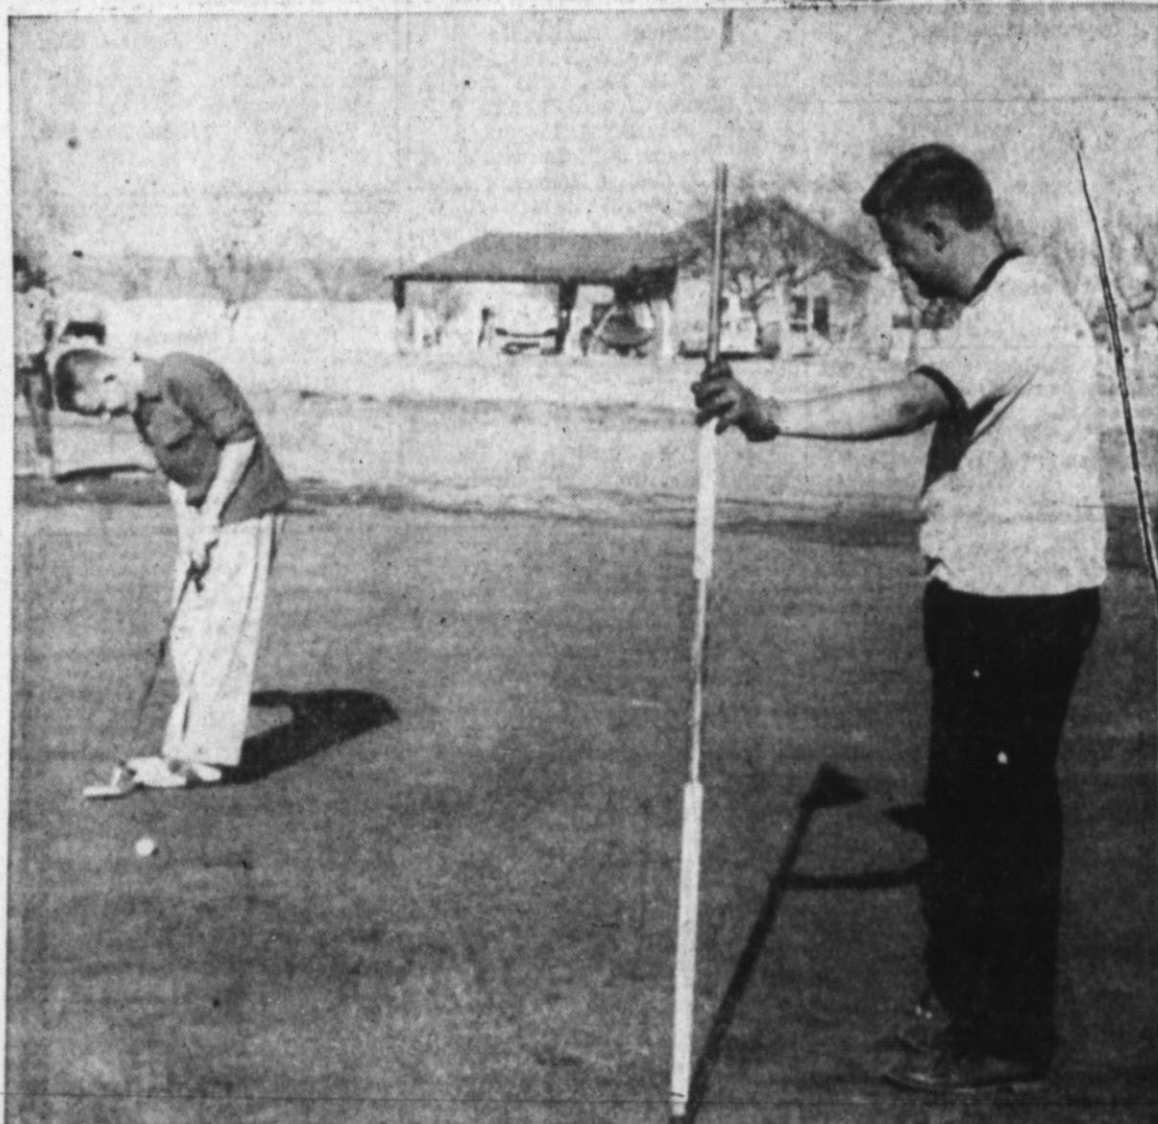

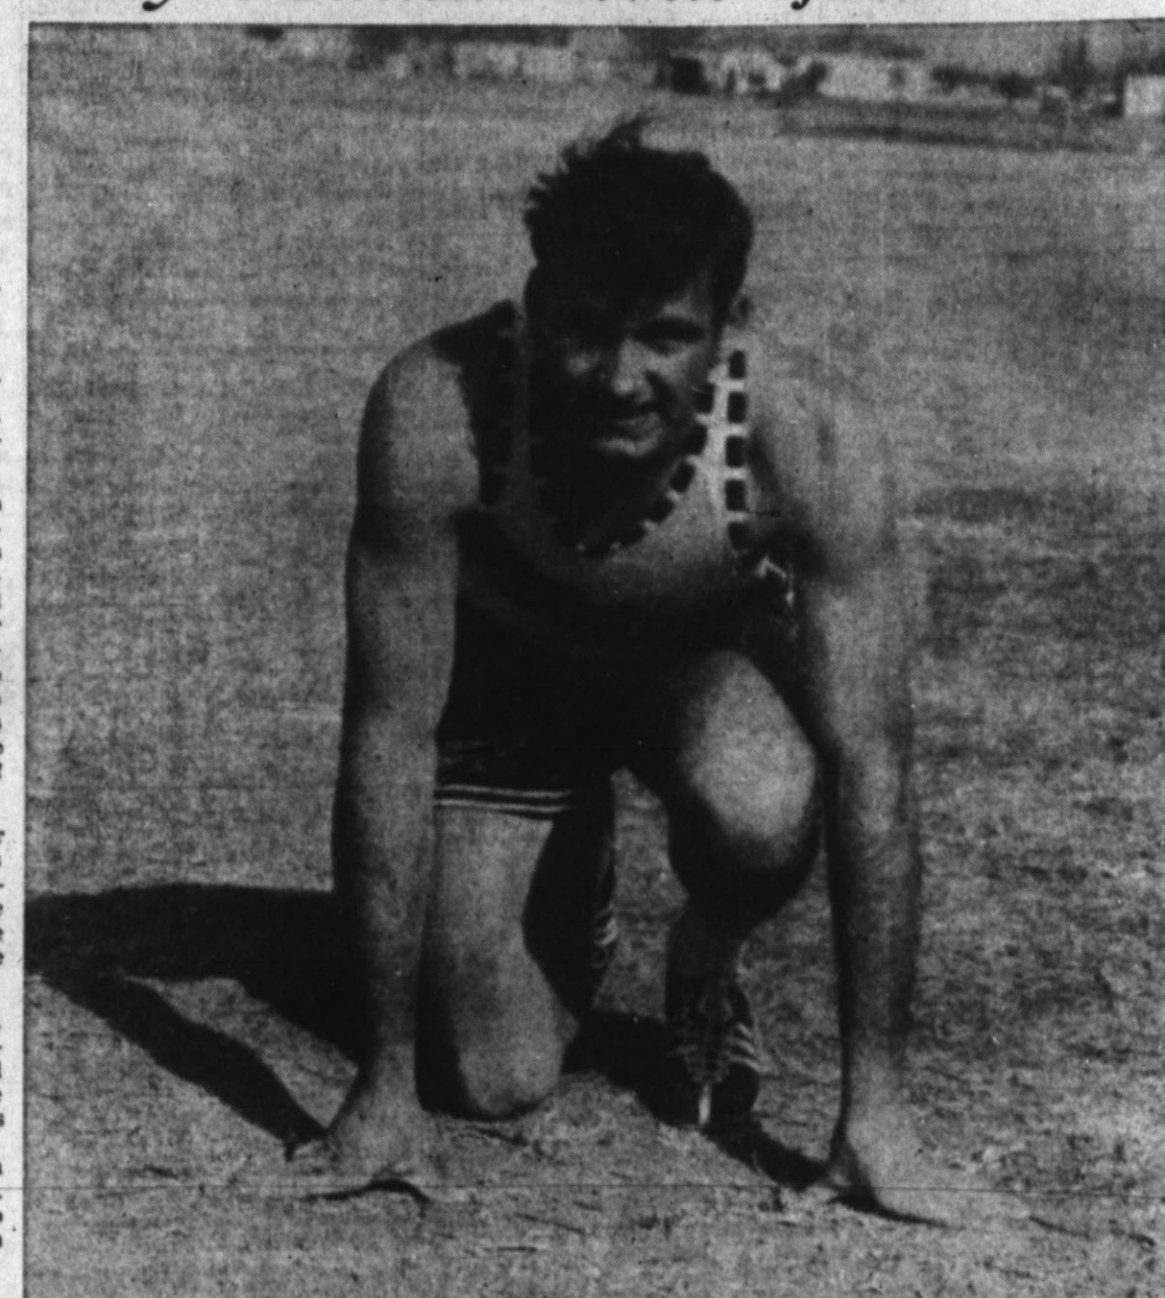

Bill Drake carries the load for the Herd in the 440 yard dash. His best time is 55.6. However, Poindexter has been seasoning Wayne Smith for this event, and the speedster may participate in the event later.

The 440-yard relay team of G.C. Merritt, Danny Elliston, Dick Larsen, and Wayne Smith has failed to lose a race this year but are still considerably under last year's time.

Hereford's main hope in the high and low hurdles rests with G. C. Merritt. Merritt was second to Charles Neblett of Canyon in both last year.

Of the 13 American League pitchers who worked in more than 200 innings last season, Willard Nixon of Boston and Frank Lary of Detroit allowed the least home runs. They each gave up 10.

### MEET IRISH FRIDAY

## Whitefaces Prep; Spank Palo Duro

The Hereford Whitefaces continued to prepare themselves for a coming golf match with powerful Shamrock by mauling the Palo Duro Dons on wind-blown Ross Rogers Course in Amarillo Thursday.

Henry Kennedy and Selwyn Jones finished one-two in the Michigan AAU cross-country championships in 1955. They are Michigan State's standouts.

Hazel Kirsch of El Paso, Tex., missed a perfect game when she went for her 12th consecutive strike. She got eight pins on the last ball for a 298 score. Atlantic City, N. J.

Best individual effort in Ivy League football was the game Reds Bagnell of Penn. played against Dartmouth in 1950. The halfback made 450 yards.

Outfielder Arnie Hallgren, who hit 348 for Boise in the Pioneer League, will get a chance with the Milwaukee Braves in spring training.

The linksters were hindered by blustery weather and the scores registered weren't peak performances. Only one man for Palo Duro had a score lower than 100.

Jeff Minton of Hereford walked away with medalist honors with an 82. Charley Seed had an 86, Danny Elliston a 94, and Donald Bridges racked up a 97. Buddy Davis had a 93 for the Dons.

The Whitefaces will enter a six-team tourney at Pampa next Friday, March 30. Teams other than Hereford participating will be Pampa, Shamrock, Amarillo "B" team and the Borger "B" team. Shamrock will be favored.

Workouts continue daily in preparation for the important match at Pampa, Garner reports. Hereford was originally favored to win the district championship, but since then the Shamrock Irishmen have been changed into the Herd's district and are now favored to cop the crown.

However, Hereford will be doped as a strong contender to stop the Irish. Shamrock was second at the regional tourney last year, while Hereford managed to take fifth.

**KNOX'S KNOTHINGS**  
By BILL KNOX

Hereford's Athletic Banquet was more successful than its beginning had it doped out to be.

We're certainly glad too. It surely wouldn't have been very good publicity for Hereford, which is finally making its name in sports.

Hereford's football team put in on the map in football this year. Hereford was already respected for its basketball teams (this year not included) after everybody got a look at the 1953-54 delegation mauled everybody in sight. Hereford's golf team is holding its own, and Wayne Smith has bolstered the Herd's track reputation.

Baseball looms as a sore spot.

The organization of a Little League has gone a long way toward solving the baseball problem. Plenty of enthusiasm has already been inserted into the young population of Hereford.

The other night when the film of the Little League World Series was shown all the boys wanted to know when the season would start. The quickest possible date was not soon enough for them. That's good. Very good.

Hereford's golf team is prepping for a coming tilt with Shamrock and a gunning for an upset this time. The Irish quite soundly trounced the Herd in the two teams' last outing but it may be a different story this time.

The Whitefaces can do it if the third and fourth men keep improving like they have been. James Garner seems very pleased at the way they are progressing and so are we.

We hope the "luck of the Irish" doesn't prevail when Hereford tangles with them again.

Tennis may also be coming out of a dark, deep hole it has been entrenched in for the past few years. Several boys have been working out regularly under the auspices of Ebert Ashby and a match may be scheduled in the near future.

### Dr. Wills' Mother Dies In Dallas

Funeral services were held Tuesday in Dallas for Mrs. Della Wills, wife of the late W. F. Wills and mother of Dr. R. R. Wills, who died in a Dallas hospital March 18. Burial was at Bruceville.

Mrs. Wills is survived by three sons, Dr. R. R. Wills of Hereford, Dr. Edwin Wills of Fort Worth, and Valliant Wills of Bruceville; one daughter, Mrs. Mary Cox of Dallas and five grandchildren.

Dr. and Mrs. Wills left Monday to attend the funeral.

Mr. and Mrs. Harry Bennett were visiting in Pampa Friday.

By Jimmie Gillentine

I see in this issue of The Brand where our city officials are calling an election for the purpose of deciding on two proposed changes in our city charter.

First on the agenda will be a proposal to change the number of city commissioners from two to four. A similar proposal (on a larger scale) created quite a ruckus in Amarillo a year or so ago; however, it was passed by a large majority. Our situation is far worse than that of Amarillo in that we now have only two commissioners and, since the mayor votes only in case of a tie, the decision is always made by the time a motion is made and seconded — because the two commissioners have already gone on record. Besides, the thinking of four people is naturally more general in scope and more representative of all the people than that of two.

In addition, the responsibility on the two commissioners and the mayor is tremendous as things now stand. Four commissioners and a mayor would relieve this situation some and, consequently, more people would be willing to run for the office. Under our present two-man commission, it is really a sacrifice to fill the office. According to the proposal, the terms would be staggered in such a manner that two carry-over commissioners would always be on the job; whereas, under the present plan, we have been inheriting a completely new, often inexperienced regime with each election.

The question of a Corporation Court judge will also be presented at the same election. This, too, appears to be a step forward. A few years back, the mayor acted as judge, but the job now falls to the City Manager. Since the City Manager also hires and supervises the police force, he is often faced with responsibility in two directions. Unquestionably, the judicial branch of the city should be separate and apart from the executive and law enforcement branches.

This is basic in our federal, state and county government—and it is almost a "must" for city government.

If you are interested in the full details of these two proposals, turn to page 5, section 2 of this issue and you will find the full text of the proposed changes in the charter.

I understand that the Athletic Banquet tickets really moved out this week. The last report I heard was 370 tickets. This should justify making the banquet an annual affair. Sounds like a good deal. All of us owe Mrs. Luther Lesly a big hand for "laying the cards on the table." If it had not been for her interest and enthusiasms, I am sure that it would have died a faltering death. It came pretty close, at that. I understand they had sold only 12 tickets a week ago Friday.

Blue Turpin says that his wife, Betty, swears that I had him in mind when I was writing about those "golf, boat and camera" fiends. I really didn't, but I talked to Lyle and he says we will let Blue get one of those "flat-top" haircuts at the same time we get ours. Maybe this will get Betty in a better humor.

Even the pessimists agree that we still have excellent chances for a wheat crop this year—provided we get some moisture by April 15. If I hadn't retired from the weather predicting business, I could really make everyone pretty happy. But when I quit, I quit. Besides, life is so much more pleasant without predictions. It is like getting a refund on your income taxes—or getting 21 miles to a gallon of gasoline. I never, never intend to make weather predictions again!

If you doubt that Spring is here, then go into the post office and listen to the "cheeping" of the baby chicks. This is emphasized on Sunday afternoons when the rest of the building is ultra-quiet. It is always a sure sign of spring in any rural or semi-rural area in

the U.S.A.

Within another month or so, the flies will be swarming and everyone will be complaining about the heat. Incidentally, this will probably be a bad fly year. We seem to have developed a breed of flies that is completely immune to DDT. What we need now is some of that old-fashioned fly spray with the pyrethium base.

Another sign of Spring is the number of folks who are working in home gardens. Most everyone has already talked his wife into setting out the onion plants. Gardening is a nice hobby, although expensive. I tried it several years until Jack Wright slipped in some eggplant and kohlrabi seed—and I nearly went crazy waiting to find out what I had planted. My final conclusion was that the most difficult thing to raise in a garden is your aching back.

And speaking of aching backs, how about those old boys who left this weekend for a two-night stand with the Troop 52 Boy Scouts? My list shows 10 of them: Richard Winget, R. P. Conaway, D. C. McWhorter, Kenny Gearm, Roy Grubbs, John Kelly, Les Combs, Chuck Laing, Carl McCaslin and Wayne Edwards. I would sure like to have a tape recording when McWhorter, Edwards and McCaslin roll out of the sack Sunday morning. The other seven will probably make it OK, but I know three old boys who will spend several dollars on liniment during the coming week. Maybe Kelly, too. Last time he went out his head got blistered—and he moaned for a full week.

However, it can also happen at home. Leo Forrest, REA mogul, is limping around on a cast. He says a bull stepped on his foot.

About the recent interruption in light service, Cleo Meharg says it was due to "fried cat." There are a lot of birds roosting in the substation structure in Hereford—and frequently they attract stray cats which, in turn, "are" out the high voltage lines, resulting in temporary outages on service. However, Hereford now has a new, high-powered direct line from Plant "X," and is in the best service position in the country, according to Meharg.

LOGIC — AND OTHERWISE There's always room at the top. The crowds are at the bottom.

How much better this world would be if we would let opportunity do all the knocking.

A lot of trouble is caused by a

narrow mind and a wide mouth.

She had received a proposal of marriage, but she had cold feet. So she solved the problem by getting married.

A dark corner is the place where some people get bright ideas.

A single man runs around and gets into all kinds of trouble. A married man doesn't have to run around.

How about the two red corpuscles who lived in vein?

Do something every day to make other people happy, even if it is to let them alone.

will be successful is up to you, the people of the town. We feel very confident that it has already been a success." Cowser emphasized the record of the Little League all over the nation.

"If Little League falls here, it will be the very first time it has since it was organized," Bill Lenderman said. Lenderman has had previous experience in organizing Little League organizations.

Two managers, Ray Laeb and Don Morgan, were introduced. The other two, Joe Smith and Blue Turpin were unable to attend. Harry Cayler, league player's agent, was also introduced.

The film shown was of one game of the 1952 World Series pitting Connecticut and Pennsylvania. The film emphasized the sportsmanship angle of the game and its widespread participation.

### Kate Greenaway's Spring Charmers

She's a polished parader in glossy, non-creasing cotton or yummy blends of cotton and nylon. She's a pint-sized enchantress who pops up at parties wearing cloud-like sheers prettied with lace. She's quaint in pretend-pinafores, sweet in irresistible Easter Egg colors, a conversation stopper in the most whimsical prints of all! Plainly, she's just what spring is all about! Of course, whatever Kate Greenaway she wears is a whizz in the wash and so easy to iron.

# Women's Activities

Hereford, Texas, Sunday, March 25, 1956 Section Two

MRS. HERBERT HASELOFF thinks she must be a gypsy at heart, because collecting all sorts of jewelry and personal adornment, as well as beautiful dishes and antiques for her home has been a hobby for years. As a child she learned to love her mother's china more than anything else in the home, and because the family liked to travel, she began to haunt the shops wherever they would be for the unusual. By the time she was 16, she had a hope chest full of lovely things. When she married many of her wedding gifts included antique glassware and fine china from other countries. She has added to the collection year by year and is still enthusiastic about her "treasures," which in time, will be handed down to her children. In the picture Mrs. Haseloff is holding a blue Venetian glass vase well over a hundred years old. The stein set came from Germany as a wedding gift to her mother, and the china includes some rare old pieces from England.

JACKIE WRIGHT LISENBE—Hobbyists live in a land only they are fortunate enough to know about, and Jackie Lisenbe has pursued some form of hobby long enough to become an artist at the hobby game. She began horseback riding when a very little girl and horses are still one of her main interests. She began raising game chickens before she was old enough to go to school, and won blue ribbons and prizes everywhere. By the time she was ready for college she had earned enough money to finance her schooling. In high school she was an honor student and took active part in all school activities. She received her BBA degree in accounting at West Texas State College in 1950 with honors, and for the past six years has been employed by Jack Renfro. She belongs to the Hereford Riders Club and the Business and Professional Women's Club, and during her spare time she still continues several hobbies. Her latest interest is in copper work. She is shown in the picture at work on a picture of her favorite subject—the horse. She has also made several tiles of horses. Her interests are not confined to one hobby at a time, however, and she is presently studying china painting, ceramics and other metal work. She likes to work with her hands and she enjoys sewing and most every form of needlework which she learned as a little girl. Mrs. Lisenbe believes that enthusiasm for a hobby and the pleasure in its pursuance fills a need in everyday living that nothing else can do. "But the best thing about a hobbyist is that he makes his own dreams come true."

MRS. T. W. ROBERSON—Living with a hobby can become a delightful habit—but it is important not to let the hobby become the master, allowing the pursuer no time for anything else. Mrs. T. W. Roberson believes she knows where to draw the thin line that makes the difference. She was reared on a farm and began riding horses by the time she was four years old. She liked outdoor life and the wide open spaces and horseback riding soon became her main interest. Continuing this love for horses through the years, she and her husband were charter members of the Hereford Riders Club and both take active part in activities of the club. In the picture she is shown with her horse, Scooter, all dressed up and some place to go. Interest in people is another of Mrs. Roberson's hobbies. She likes to share joys and sorrows with her friends, and she likes club work and church work. She has been a member of the Music Study Club for the past 32 years and plays the piano, organ and guitar. She is a charter member of the L. A. E. Study Club and has worked in the primary department of the First Baptist Church for 21 years, and she has also been a member of the choir for years. She collects pitchers, miniature shoes, and pocket knives. Trying out new recipes and adding them to her files gives her a lot of pleasure. Though these hobbies are pursued with diligence, they all fade into the background when the five grandchildren are mentioned. Their interests have now become her main interest.

MRS. DEWARD ROBERSON—Gardening as a hobby frequently leads to the pleasant habit of wearing flowers, and perhaps the study of arranging them for wear. Out of a love for gardening, plus a friendly desire to do nice little things for other people, grew Mrs. Deward Roberson's hobby of making corsages. She not only makes the corsages but grows the flowers to make them. She says she will plant most anything she likes and everything grows including magnolia trees and hydrangeas in the open. In the fall she dries the blossoms and makes both corsages and arrangements for the home. Last fall she sprayed some chrysanthemums and magnolia leaves with copper spray for a winter bouquet, but her favorite flower for corsages is the gladiola because they can be used in so many ways. Another one of her hobbies is working with teen-agers. She has a teen-age daughter, serves as mother advisor for the Order of Rainbow for Girls, and teaches a class of teen-age girls in the First Baptist Church. She likes to make bracelet and hair corsages for teen-agers. When she doesn't have flowers, she uses dried materials or ribbon. In the picture, she is discussing the proper way to work up a corsage with gladioli. Other hobbies pursued by Mrs. Roberson are china painting, painting in oil, and sewing. (Staff Photos)

# What's This

—By Chris

And what's the greeting making the rounds this week? "How do you like the wind?" What else? If March comes in like a lion and goes out like a lamb, then something had better happen quick! Here it is almost April and we can still hear Mr. March's ferocious growl and feel his sharp teeth through our jackets. But then everyone likes to give his opinion at one time or another on that old conversational standby, the weather.

We hear Clubber had quite a shindig at his place after the senior play. Mrs. B. really cut a caper so I've been informed, and I'll bet it was a merry sight.

Glenn M. is the most to say the least isn't he?

Anybody care to discuss capital punishment? Just drop in English IV and get a load of some of Melton's morbid ideas. He thinks he might prefer the rope. Well, anyway he thinks it's cheaper.

I forgot to mention the four "anonymous" (naturally) girls who took a little dip in Buffalo the ninth of this one twelfth. Man, it's the craziest! And I have the info first hand that next time they will wait till summer. Squares!

You guys had better find out Bob's technique. Everybody but simply everybody has a "purple passion" on him. That manly character has to carry a bottle of smelling salts with him everywhere he goes.

Jackie C. did you ever figure it out? Well, it sounded good.

Say there! Have you heard the tale of Louis Campbell alias Bridie Murphy alias... who knows? I mean to say that's a blood chilling line of thought for a cold, pitch black night when the wind is howling through the eaves like screaming banshees. It's real goose pimple bait, and that's not all. It could just about drive a person stark-ravingmad!

Taylor Simms thinks that maybe he has the reincarnated spirit

of Abraham Lincoln. Well, Taylor, you'd better keep it quiet, I know a lot of characters who act a lot like John Wilkes Booth.

Sammy Leslie, don't you know that place is restricted to men? Too bad Don didn't push you a little harder. Well, he tried.

Isn't it great that Bob was elected vice president of P.H.S.P.A. in Canyon Saturday? Everybody had a wonderful time all in all, even yours truly who finished writing Bob's campaign speech just as Carolyn was dashing for the stage to present it. Tommy handed us the job when we stepped in the door and we are all certainly glad he won. I'll bet that was the most unrehearsed speech Miss Editor ever gave. Right Carolyn?

Don't tell Mrs. Pat, but afterward the journalism students turned Amarillo upside down.

We all came back with a most prized souvenir; the business card of a man who thought we might be interested in buying a new mercury from him. And that isn't the half of it, but it will have to do for now. Because so speaking, I must depart, but look for me again next week right in the same place.

EDITORIAL COMMENTS

## Americans Substitute '40 Hour Week' For Drive To Accomplish Impossible

Gradually becoming lost in the American Way of life is a phrase which carried our country through 300 years of progress and set the nation upon an industrial pedestal. The phrase may have altered from time to time, but will be most vividly recalled by many in the following words, "Where there's a Will, there's a Way!"

This same driving thought transplanted persecuted Christians from Europe into the New World. It drove them to plant new crops, to build towns and cities; later still, it laid the foundation for assembly lines, mass production and world-wide supremacy in many fields. Because they heard the phrase often, and believed it sincerely, Americans justly known as a people who could accomplish the impossible. They were the people who found out that "it couldn't be done"—then did it!

More recent generations, however, appear prone to accept the impossible as the inevitable. If they have heard the phrase at all, many of them are inclined to accept it with a grain of salt, or to classify it in their minds as "just another old wives' tale." Instead of driving determination to accomplish the impossible, many of us today are more interested in a shorter work week, appreciation of good literature, music and art. In other words, the time has come when we apparently wish to reap the harvest of benefits, rather than to continue with a universal drive toward conquering new horizons.

Nor do we say that this is bad. Certainly, other nations of the world have often criticized Americans for their driving ambitions, their hard work and their failure to enjoy the pleasures of life. However, we do wonder just what such a lackadaisical attitude will ultimately do to the nation. Will we continue to expand and grow, or will we ultimately surrender our world supremacy to some other nation? It is also possible that a change in national thinking may occur within the coming generations, and we may again swing back to the old adage.

One thing is still true, for sure: America is still the land of opportunity! In our na-

tion, a man or woman can still "write his own ticket," depending upon inherent and environmental limitations. The person who wishes to go far can reach his goal; he is controlled chiefly by desire, ambition and perseverance. America is possibly the only nation which offers such a future to her citizens, be they native or adopted.

In America, a man can make his dreams a reality, be they riches, comfort and ease, friendship or political power. They are his for the taking.

The poor man in America is not he who is without a cent, but he who is without a dream.

## New Homes Better Tied In 'Red Tape'

A surprising occurrence to many business men is the fact that young people today often rush into extensive business deals without benefit of legal aid and guidance.

A young couple buying a home, for instance, is prone to find the house they want, then to make the purchase. Invariably, they run into complications in the form of back taxes, unpaid loans or paving liens. A qualified lawyer would spot these things immediately, thus saving the purchaser many times his fee.

Buying a home is one of the most important purchases any couple ever makes. Often it is also the largest single purchase which most couples will ever make. Payments on the average home generally extend over long periods, varying from 10 to 25 years. Loan companies require legal advice, of course, but too often the purchaser has become involved during the interim period between the purchase and approval of his loan. Too often, he also discovers that buying a house from an individual is far different from purchasing an automobile from a reliable dealer.

Most real estate men recommend legal advice to the purchaser, although they act only as agent, without full responsibility as to title, mortgages and liens. Riddance of these obstacles are the responsibility of the buyer—and he should definitely secure the services of a qualified lawyer before he signs the papers and closes the deal, which may well govern the next 25 years of his life and the life of his family.

Few people would tear into the intricate mechanism of a new automobile, yet they blindly step into complicated legal transactions which, in addition to being more expensive, can be more disastrous in final results.

## Dignity In Office

With all the investigations connected with persons who serve in political offices, it is a wonder that anyone should seek public office in these days and times.

Which makes it all the more to the credit of those citizens of San Marcos and Hays county who are seeking public office this year. Local self government, the kind that starts in the court house, the school district, and the city hall, is still very close to the people. It is this phase of government about which we should be most concerned, and it is at this level that we have the opportunity to carefully select our public officials on the basis of ability and integrity.

There is an element of sacrifice connected with public service. There is also an aura of dignity and honor. We, as Americans, should always bear in mind that public service is honorable.

The fact that so many have offered themselves for election to the City Council and to the School Board is a good omen. These people are agreeing to serve in important offices without pay. They should be especially honored, for theirs is truly a wholly sacrificial service.

The Record salutes all candidates for public office, and when the people have selected their representatives in office, this newspaper will support and uphold them so long as they diligently and honorably discharge the duties of the office to which they are elected.—San Marcos Record.

### QUESTION OF THE WEEK

## Readers Don't Agree On Question Of Integration

Like all school districts in the state, Hereford faces the problem of integration. Considering the fact that a new Negro school will have to be built if segregation in local schools is continued, would you favor integration here?

#### MRS. TOM BURDEN

No, I am against it. I just don't think it's right. I think the whites should be with the whites and the colored with the colored.

#### MRS. CLAYBORN E. CAGLE

I think the Negroes should be given a much better opportunity for education. They are capable of learning and would make better citizens.

#### MRS. WALTER EASTER

I sure don't favor the Negroes going to school with our children and I don't think they would be happy either. I had rather build another school. I just feel like they would be out of place with our children.

#### ZELPHIA LLOYD

No, I really don't. I just think that they should have a school of their own. I have just never thought it was the thing to mix the races.

#### MRS. KENNY GEARH

I think it's the only Christian thing. The Lord made no difference between races and I don't think that we should either.

#### MRS. JOHN HICKS

I don't think I would, of course we will have to face it sooner or later, but the reason I wouldn't favor it is because I guess a person has to get used to the idea first.

#### MRS. C. R. LADY

I think we are going to have to get into this thing gradually. We can't just jump into it all at once, because I feel like there are problems that will have to be ironed out for both sides to get along peaceably together.

#### MRS. J. F. MESSER

I don't see anything wrong with it. Since we work with them and they fight for us, I don't see any reason why they shouldn't attend our schools.

By ROBERTA CAMPBELL

Even if women should take over Forestry Service it is one job we will never volunteer for if it has anything to do with setting trees.

We have just finished planting a hundred little red cedar and a hundred ponderosa pine in a windbreak planting and we are not sure yet but what we will be permanently disabled.

Buster has taken over the yard cleaning this spring and makes it seem so much simpler with a blade on his tractor than going over it all with a rake. Course it wouldn't be such a job if our yard didn't cover all the unplowed ground from the public road on the west back to the field. When we first moved here weeds grew head high but the sheep see that they don't get much of a start any more.

The only real trouble we have with them is the goat-heads which must be buried ten feet deep and will sprout no matter how long they have been underground it seems. Most other seed would rot, but anytime you gouge down into the dirt around here you get one or more fingers stuck with goatheads.

Hope all you women will start saving your egg money to buy a ticket to the luncheon on April 5 when the THDA District Meeting will be held at the High School. Caterers from Fort Worth will serve the meal and it is worth the price you pay to watch them handle a crowd in such a short time. And too, the food is exceptional.

Every one who possibly can should take advantage of this chance to attend a district meeting.

## Community Builders

By JIMMIE LEE

Think of grain and you will eventually come up with the name of Bert Boomer, this week's Community Builder. His first job after his school and college years was with Barnett and Fields Grain Co. in Groom.

Bert was born Sept. 19, 1910 at Elk City, Okla. He attended school in Elk City until 1922, when he moved to Groom with his parents, where he finished high school in 1927.

After his school years, Bert entered West Texas State College, where he attended for one year. He then entered the University of Texas and attended this college for two years.

Bert then started to work with Barnett and Fields Grain Co., in Groom, where he worked for six years.

On Aug. 26, 1932, he married Athlyn Taylor at Clarendon. They have two children, Lynn and Margaret.

When he left Barnett and Fields Grain Co., Bert moved to Amarillo where he did government work, worked at Pantex Ordinance and then was a Public Accountant.

In the year of 1951, he moved to Hereford, where he was employed at Pitman Grain Co., and is still working there.

Bert is a member of the First Methodist Church. He taught a Sunday School class for one year and has been on the Board of Stewards for three years. He was also church superintendent for two years and was recently appointed as Associate District Lay-leader for the Amarillo District.

Bert is a member of the Lions Club and has also been active in the Boy Scouts. He was camping and activity chairman for the last three years and at present he is district chairman of the Boy Scouts.

When asked what he thought of Hereford, Boomer replied, "I just like it all. We have really enjoyed living here. I like the friendly people."

His reply to what Hereford needs is "One of the greatest needs is organized recreation for young people." He said, "The Little League Baseball is one important step in providing needed recreation."

So we come to the close of the story of this week's Community Builder, a man who has not lived in Hereford too long, but who has put his time in with helping with the Boy Scouts, the Lions Club, and last but not least, his church work.

### REPAIR FORMULA

HARTFORD, Conn. — Walter Grubemann, an industrial engineer, says he tried repeatedly to repair the heater in his automobile, but had no success until this happened:

While parked in a restricted area, he saw a policeman approaching. Assuming correctly that he wouldn't be bothered if he pretended to be making repairs, Grubemann lifted the hood of the car, loosened a screw and retightened it after the policeman had passed. The heater has been working fine ever since.

### DOWNTOWN FISHING

SAN ANTONIO, Tex. — Detective Joe Garcia caught an 8 pound redfish in downtown San Antonio. Suspicious about the conduct of a man who hurried into a cafe with the fish under his arm, Garcia checked with a nearby fish and poultry market. Sure enough, they were short a fish, and Garcia got his man — and fish.

### CANADIAN TO GET COMMUNITY TELEVISION TOWER

Plans for building a 300-foot community television tower at the south edge of town were announced this week as the City Commission Tuesday granted a franchise to TV Cable Service, a newly organized local firm. J. B. Reid Jr. and William J. Jackson, organizers of the new company, said Wednesday that they hope to be ready for initial testing of the antenna in about six weeks.—THE CANADIAN RECORD.

### FLOYD COUNTY TRIES TO SALVAGE HIGHWAY FUNDS

Possibility that a petition for a third road bond election will be presented to the Floyd County Commissioners Court this spring is being studied in Floydada and Lockney this week. Belief that the \$540,000 allotment of the State Highway Commission for improving the cardinal highways can yet be salvaged is indicated in some quarters. Standing in the way of the improvement program is the need for right-of-way, which the county is not in position to furnish unless a bond issue is floated. In two previous efforts—one in November of 1954 and one in March of 1955—the bond issue was favored by substantial majorities but not by two-thirds majority.—THE FLOYD COUNTY HESPERIAN.

### LOCKNEY TO GET SEWER IMPROVEMENTS

The contract to lay some five blocks of main sewer line, feeder lines, and install a sewer lift in west Lockney was let Monday afternoon to Foran Construction Company of Amarillo by the Lockney City Council. Contract price is \$17,997.40, which is approximately \$2000 less than engineer's estimates on the job. Mayor J. E. Cox said that Foran's bid was around \$1800 less than the next bid. Two other firms bid on the job, another Amarillo and one from Lubbock.—THE LOCKNEY BEACON.

### DIMMITT PARK PLANS PROGRESS

Hatfield Engineering Company of Amarillo, city engineers, have been surveying lots where the old grade school once stood for a new city park. City voters approved a \$15,000 bond election last summer for the park and several weeks ago the School Board approved a request by the City for the lots as a park site. Plans for the park are expected to be completed early next week by an Amarillo park architect. Since the park board has not definitely set the needs of the new park, the architect will meet Thursday to work out details with the board.—THE CASTRO COUNTY NEWS.

## The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his Johnson grass farm is confusing the surplus problem, his letter this week reveals.

Dear editor:

I hate to say this, but I have come to the conclusion that a majority of the people in the United States are surplus. I came to this conclusion while reading an article in a newspaper which I found near my neighbor's mail box, if it fell out, I didn't see it, and a man can see enough without drawing on his imagination in this life.

According to this article, an economist, in reviewing the farming situation, said that 40 percent of the farmers are producing 90 percent of the agricultural products of this country, consequently all the worrying over the little farmer, the family-size farmer, is unnecessary, they could all disappear and the country could still have more than enough to eat and wear from the big farmers who are producing 90 percent already, which is about 10 percent too much anyway.

Well, he may be right, and I got to thinking, I don't have the figures, but I imagine 10 percent of the car manufacturers are producing 90 percent of the cars, and could do better, consequently a majority of the car factories really are surplus.

I don't know how many filling stations there are in this country, but I have an idea about half as many could fill up all the cars satisfactorily, and if you want to get down to it, judging by the number of empty seats there are every Sunday, there may even be more churches than the people are using. Also, I've never seen a shoe store that didn't have more shoes than it could sell, and I doubt if half the bicycle manufacturers are really essential.

You could apply this all down the line, and come up with the discovery that about half the people are doing things which may not be essential to life in this country, and there may not be any essential need for not only family-size farms but family-size grocery stores, family-size drug stores, family-size banks, small-size counties, medium-size states, and two-thirds of the nations on earth.

In fact, 90 percent of the work of Congress may be done by about 40 percent of the Congressmen, and come to think of it, you and I may not be exactly essential to the future of the country either.

There may be more surplus people and enterprises than we ever realized, but I for one ain't willing to call the whole thing off. I may not be essential to the country, but I feel pretty essential to myself.

Yours faithfully,

J. A.

**"NOTICE OF INTENTION TO SUBMIT CHARTER AMENDMENTS"**

A RESOLUTION PROVIDING THAT NOTICE BE GIVEN OF THE INTENTION OF THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS, TO SUBMIT TO THE QUALIFIED VOTERS OF THE CITY, FOR APPROVAL OR REJECTION, AMENDMENTS TO THE EXISTING CHARTER OF THE CITY OF HEREFORD.

WHEREAS, the City Commission of the City of Hereford, Texas, deems it advisable at this time to submit to the qualified voters of the City of Hereford amendments to the existing charter;

WHEREAS, the City Charter of said City has not been altered or amended within two years next preceding this date;

THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF HEREFORD,

**TEXAS:**

**SECTION ONE:** That it is the intention of said City Commission to pass an ordinance on the 16th day of April, 1956, for the purpose of submitting to the qualified voters of said City, at an election to be held for that purpose, the following amendments to the existing charter:

**AMENDMENT NO. 1**

To amend Sections One and Two of Article IV of the City Charter of the City of Hereford so as to hereafter read as follows:

"Section 1. Governing Body: The Governing and law-making body of the City of Hereford shall consist of four members and a mayor and said body shall be known as the City Commission of the City of Hereford, Texas."

"Section 2. Elective Officers: The members of the City Commission of the City of Hereford shall include four commissioners and a mayor, all of whom shall be elected from the City at large, and shall be the only elected officers of the city."

"Section 3. Commissioners: The members of the City Commission shall be elected to a term of two years at an election to be held on the first Tuesday in April of each odd numbered year; and Commissioners, Place No. Three, and Commissioner, Place No. Four, respectively, and they shall hold office until they are replaced by their qualified successors to be elected in 1958."

(a) The mayor shall be elected and hold office for a term of two years at an election to be held on the first Tuesday in April in each odd numbered year, and the present mayor shall continue in office until he is replaced by his qualified successor to be elected in 1957.

(b) The commissioners shall be designated, respectively, Commissioner, Place No. One; Commissioner, Place No. Two; Commissioner, Place No. Three; and Commissioner, Place No. Four. The two present commissioners are hereby designated as Commissioner, Place No. 1 and Commissioner, Place No. 2, respectively, and the said present commissioners shall continue in office until they are replaced by their qualified successors to be elected in 1957. Two additional commissioners shall be elected at a special election held for that purpose at such time as shall be selected by the present City Commission, but not later than the 1st day of September, 1956. Such additional commissioners shall be designated Commissioner, Place No. Three, and Commissioner, Place No. Four, respectively, and they shall hold office until they are replaced by their qualified successors to be elected in 1958.

(c) Hereafter, Commissioner, Place No. One, and Commissioner, Place No. Two, shall be elected and hold office for a term of two years at an election to be held on the first Tuesday in April of each odd numbered year; and Commissioner, Place No. Three and Commissioner, Place No. Four, shall be elected and hold office for a term of two years at an election to be held on the first Tuesday of

be held on the first Tuesday of April in each even numbered year.

**AMENDMENT NO. 2**

To amend Section Eight of Article V of the City Charter of the City of Hereford so as to hereafter read as follows:

"Section 8. Corporation Court: (a) There shall be established and maintained a court designated as a 'Corporation Court' for the trial of misdemeanor offenses, with all such powers and duties as are now or hereafter may be prescribed by the laws of the State of Texas relative to Corporation or Recorder's Courts.

(b) Said Court shall have jurisdiction within the territorial limits of said city of all criminal cases arising under the ordinances of such city, and shall have concurrent jurisdiction with the Justice of the Peace of the Precinct, or Precincts, in which the City is or may be situated of all criminal cases arising under the criminal laws of the State, where the offense is committed within the territorial limits of said city and the punishment is by fine only and the maximum of said fine, under the laws of this state, may not exceed two hundred dollars (\$200.00). Said court shall have no civil jurisdiction, except for the forfeiture and collection of bonds given in proceedings herein. It shall also have jurisdiction of violations of ordinances of the city enacted for the preservation of its water system, watersheds of the city's water supply, and the purity of the water supply, its sewer disposal plant and its garbage dumping grounds, whether such offenses are committed inside or outside of the corporate limits of the City of Hereford, and the violations of any ordinance within five thousand feet of the Corporate limits of the City, outside of the city limits.

(c) The Judge of said Court shall be a qualified voter of the City of Hereford, shall be appointed by the City Commission, shall hold his office at the pleasure of the City Commission, and shall receive such salary as may be fixed by the City Commission.

(d) The Judge of said Corporation Court shall have power to punish for contempt to the same extent and under the same circumstances as the Justice of the Peace may punish for contempt in all criminal cases.

(e) All complaints, prosecution,

the service of process, commitment of those convicted of offenses, the collection and payment of fines, the attendance and service of witnesses and juries, punishment for contempt, bail and the taking of bonds shall be governed by the provisions of Title 2 of the Code of Criminal Procedure of the State of Texas applicable to Corporation Courts.

(f) The City Secretary or an assistant City Secretary shall be ex-officio clerk of said court.

(g) The Clerk of said Court and his deputies shall have the power to administer oaths and affidavits, make certificates, affix the seal of said Court thereto, and generally do and perform any and all acts usual and necessary by the clerk of courts in issuing process of said courts and conducting the business thereof.

(h) In case of the disability or absence of the Judge of the Corporation Court, the City Manager, or in the absence or disability of the City Manager, the Mayor, shall act as judge of said Court.

**SECTION TWO:** That the Mayor is authorized and instructed to publish a copy of this resolution in The Sunday Brand, the official newspaper of the City of Hereford, as notice of the intention of the City Commission to submit said amendments, and the same when marked "Notice of Intention to Submit Charter Amendments," signed by the Mayor and attested by the City Secretary, and published as aforesaid, shall be due notice thereof.

**SECTION THREE:** That said notice shall be published in The Sunday Brand, the official newspaper as aforesaid, for not less than twenty days prior to the date on which the proposed ordinance is to be passed.

**PASSED AND APPROVED, THIS THE 19th DAY OF March, 1956.**

**"You can eliminate ironing with an ELECTRIC Clothes Dryer!"**

says MRS. L. D. DENNY  
Guymon, Oklahoma

IT'S MAGIC - NO TRICK ELECTRIC DRYING'S SLICK!

SEE YOUR REDDY KILOWATT APPLIANCE DEALER

"My big interest in owning a clothes dryer is the time that I can save. I make all the pies for our cafe, and spend several hours a day there, and I have four children, and must wash every day. Now that I have my dryer it takes fewer clothes for my children, and less time to launder them."

"I choose many of the materials that need no ironing for our clothes, especially the dresses for my little girl. I haven't time to iron the many ruffled dresses she wears every week. With the no-iron materials, her dresses are ready to wear when

they come out of the clothes dryer. MY YOUNGEST SON WILL SOON BE TWO, AND I HAVE NEVER HAD TO IRON ANY OF HIS CLOTHES."

"Sandy says our towels are as soft as her kitten. And she is so right, because my towels are so fluffy, soft and clean smelling after being dried in my electric clothes dryer."

See your Reddy Kilowatt Appliance Dealer, and see for yourself that you, too, can enjoy all the advantages of modern clothes drying. Of course, it's electric.

**At The Movies**

**Love is a Many-Splendored Thing**

"Love is a Many-Splendored Thing," the movie that won the Academy awards, for the best musical score, best song and best costume design, will show Sunday, Monday and Tuesday at the Star with William Holden and Jennifer Jones in the star roles. This poignant and tender love story, based on Han Suyin's best-selling autobiographical novel, "A Many-Splendored Thing," was filmed in its indigenous background of Hong Kong with the forbidding and forbidden mountains of Red China in the distance.

The story is a personal one of a beautiful Eurasian woman doctor, half-English and half-Chinese, whose love for an already married but estranged American war correspondent defied racial and national boundaries. The picture is such a delicately told love story and a social document, giving audiences a close look at the turbulence of human emotions in the British Crown Colony where the East and the West meet and mix with more suspicion than understanding.

**One Desire**

The co-star teaming of Anne Baxter, Rock Hudson and Julie Adams in a rugged story of oil-slick Oklahoma in the early 1900's provides a strong combination for entertaining screenfare in Universal-International's Technicolor picture "One Desire," which will be shown Wednesday and Thursday.

**Gun That Won The West**

One of the most amazing chapters in all frontier history—the role played by the revolutionary new Springfield rifle in the last great Indian battle of the West—is told in Columbia Pictures' "The Gun That Won The West," which will show Wednesday and Thursday at the Tower Drive-In Theatre. The cast, headed by Dennis Morgan, also includes Paula Raymond and Richard Widmark.

In "The Gun That Won The West"

Morgan and Denning are seen as former U. S. cavalry scouts who accompany their old outfit into the blood-bathed territory of the Sioux, seeking a treaty to permit a railroad to be built on Sioux land. Knowing the Army has perfected a rifle, the Springfield, which will revolutionize warfare, Morgan earnestly seeks peace with the Indians; Denning believes the only way to win the West is by threatening the Indians with mass destruction through the use of the new gun.

**Legal Notice**

THE STATE OF TEXAS  
To: B. R. STEDDUM, Defendant, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition on or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 7th day of May, A. D. 1956, at or before ten o'clock A. M. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said court, on the 22nd day of March, A. D. 1956, in this cause, numbered 3863 on the docket of said court, and styled, VIVIAN J. STEDDUM, Plaintiff, vs. B. R. STEDDUM, Defendant.

The names of the parties to the cause are as follows:  
VIVIAN J. STEDDUM is Plaintiff and B. R. STEDDUM is Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff sues for divorce on grounds that Defendant is guilty of excesses and cruel treatment and alleges that no children were born to Plaintiff and Defendant, no property accumulated during their marriage, and seeks restoration of her former name, Vivian J. Vernon, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 22nd day of March, A. D. 1956.

Attest:  
s/ Lucille Posey, Clerk,  
District Court, Deaf Smith County, Texas.

**YOU'LL GET A REAL BOOT OUT OF THIS BEAUTY**

(Just switch the pitch and see)

WE'll grant that you'll get a kick from just looking at a new Buick—it's that kind of automobile.

But you'll have to take the wheel, turn the key and press that pedal before you get any idea what this sizzler on wheels can do to your spirits and well-being.

It will take you only a handful of happy minutes to get the idea.

Just nudge the pedal—no more than a gas-saving inch—and you'll feel the instant new getaway that's yours with the new Variable Pitch Dynaflo\* even before you switch the pitch.

Just find a spot where you can safely and legally call out the reserves—then floor the pedal. That switches the pitch instantly—and in the same split-second you're at full-power acceleration and sweeping ahead like you never did before in any other earth-bound vehicle.

And all the while, just lend an attentive ear to the whispered might of that big 322-cubic-inch V8 that powers this spectacular performance. For that's the smoothest, the quietest and the highest-powered engine, Series for Series, in all Buick history.

There's more, of course, to make the thrills come thick and fast when you're bossing the best Buick yet.

There's the deep, soft comfort of big interiors—and the sweet and solid steadiness of that great Buick ride.

There's the grace of line you can see stretching before you—and the sure and nimble way this beauty handles and corners and tracks and targets to the road.

So come be our guest at the wheel of a spanking-new Buick—just for fun and kicks and a new excitement. And if you feel this is the car for you, we'll show you prices and a deal that say it's yours for sure. Drop in today or tomorrow, won't you?

## Is It Safe To Leave Children? Topic For Les Meres Study Club

"When is it Safe to Leave Children Alone?" was the program theme for the Les Meres Study Club Tuesday evening at a meeting held in the home of Mrs. Larry Summers. Mrs. Glenn Watts was cohostess. Something of interest concerning the cities of the nation was cited in answer to roll call.  
Mrs. Leo Hoffman discussed the lesson topic giving four good rules to follow when leaving children

alone. She named: 1. Feel sure the youngster has the ability to cope with unexpected situations. 2. He should be able to read well and enjoy reading. 3. He should be able to use the phone intelligently. 4. He should be able to open a can and fix a meal if necessary. She quoted authorities who believe 12 years a good age to begin leaving children alone.

Mrs. Joe Deavenport reviewed "How Safe is Your Youngster?" by J. Edgar Hoover, quoting "As a nation we take almost no steps to cure the sick minds of those who prey upon innocent children. Our children will never be safe until we as individuals, do our part to stamp out the sexual mania that destroys our youth."

In summing up, Mrs. Deavenport says that people who have failed the situation are convinced that punishment for these offenses is far too mild to cope with the problem.  
Members present were Mesdames T. J. Braxton, Joe Deavenport, Leo Hoffman, J. E. McCathern, George L. Olson, Kenneth Rudolph, Glenn Watts, Delmo Williams, L. B. Boyer, Ervin Robinson Jr., Alvin Smith and the hostesses.

### CARD OF THANKS

I want to thank everyone for being so very nice to me while I was in the hospital. For all the nice cards and flowers and all who visited me. It made my stay in the hospital easier.  
To all the hospital staff for your kindness. May the Lord bless each and everyone of you in my prayer.  
Mrs. W. A. Campbell

### ONE TIME, ONLY

BALTIMORE — A girl in the sixth grade brought this note from her mother to the teacher:  
"Please excuse M. for being absent as I was married yesterday and she wanted to come to the wedding. It will not happen again."

It's **Springtime** ... on the farm

And Time to Start Thinking About

# BASEBALL and IRRIGATION!

Thinking about baseball just comes naturally with the Spring weather, but sometimes we have to jolt ourselves a little to think about our crops ... and of course ... irrigation.

IRRIGATION may mean the difference between a bumper crop, or a total failure, so don't put it off any longer ... come see us about ...

## POMONA PUMPS FOR YOUR IRRIGATION WELLS!

LET'S TALK irrigation ... with FAIRBANKS-MORSE DEEP WELL TURBINE PUMPS THE POMONA LINE

Yes, and these Fairbanks-Morse Turbine Pumps talk it at its most economical and efficient level. You see, Fairbanks-Morse Turbine Pumps ... the Pomona line ... have many advantages ... whether you need oil or water-lubricated pumps. You can readily adjust capacities on these pumps by merely turning a nut in the top of the motor head — this means savings for you through no wasteful throttling!

And remember that all steel parts subject to corrosion in Fairbanks-Morse Pumps are protected by "Fairmortecting," a rust-repellent process that means longer life and better service from your pumps. Drop in and let's talk soon.

### Two Will Present Dawn Recital Today

Irene Galley and Phyllis Ann Wimberley will be presented in a piano recital by their teacher, Mrs. Ples Harper of Canyon, in the home of Mr. and Mrs. Carl Wimberley of Dawn at 3 o'clock this afternoon. Both girls have done advance work with Mrs. Harper and have been active in the Dawn Musettes.  
Miss Galley, a Hereford High School senior, rated excellent in the National Piano Guild auditions in 1955 and she rated excellent in sight reading and concert playing in the recent piano festival held at West Texas State College. Her selections for the program will include those from Heller, Kimes, Eckstein, Knowlton, Schubert, Chopin and Bach. She is the daughter of Mr. and Mrs. Walter Galley.  
Miss Wimberley is a sophomore in Hereford High School and has received high ratings for several years in both the piano festival at West Texas College and in the National Piano Guild auditions. Her selections will be from Bach, Stanford King, Beethoven, Schubert, and the Concerto in C Major by Williams.  
All interested persons are invited to attend the recital program.
