Around Town

The children around town get a big cheer for their acceptance of regulations regarding fireworks within city limits.

According to Ralph Smith, clerk, the second application for a local option has been picked up from office, but has not yet been re-petitioned.

Bill Knox, who left The Brand's staff last week to become sports editor at the Star.

An Old Fashioned Political Rally Scheduled Thurs.

An old fashioned political rally, complete with speakers, soapboxes, and boisterous shouting and yelling will be conducted in Hereford July 13 beginning at 8 p.m.

This is the biggest election year we've had in a long time," Hardwick pointed out.

Boy Scouts Leave for Canoe Trip in Minnesota

Five mighty excited Boy Scouts and one (probably apprehensive) leader left this week for a fabulous canoe trip through the Thousand Lakes country of Minnesota.

POTATO HARVEST COULD YIELD MULTI-MILLION

Sale of Pastries To Help Finance Little League Costs

How many layer cakes, cookies and cream-pies will have to be sold to raise \$1500 for the promotion of Little League baseball?

Cardinal and Yankee mothers will display their baked specialties at Piggly Wiggly.

Proceeds from the three bake sales will go into a fund to aid in the operation of Little League baseball.

It is estimated that \$1500 will be needed to keep Little League Baseball functioning smoothly.

According to Ray Cowser, president of the Little League, players sometimes break as many as four bats a night.

One source of income for the Little League is the profits from the concession stand at Little League park.

Mrs. Paul Hoff, president of the Little League Mothers' Association, said, "That part of the receipts from the bake sales will be used to purchase new Little League uniforms."

Mothers of both the minor and major leagues will participate in the bake sales.

The first county seat was Grenada, and was soon transferred to LaPlata, about 25 miles northwest of Hereford.

The office was kept in the first courthouse, which is the former St. Anthony's Catholic Church.

The first commissioner's court meeting was held Oct. 10, 1891, in Grenada.

Why I'd say the contents of this room could be valued at the very value of Deaf Smith County, which is \$15,000,000.

The largest number of books in the County Clerk's office are the deed records, which number 168.

The next largest number of binders are the deeds of trust with 75 volumes.

The 39 other different types of volumes range from Criminal Docket and Fee Books and Labor Liens to Index of Wills Filed for Safekeeping and Assumed Name Record Books.

Who uses the books the most? Probably the abstractors and attorneys, with credit bureaus running a close second place.

And what about the average man? How often is his name recorded in the County Clerk's office? He has his name recorded

PREMIUM CHECK—"I never saw potato prices like this before," said Elmer D. Cook, right, as he received a \$25 check from Bud Taylor, left, for the first sack processed through Associated Growers.

Prices Ranging Up To \$7.25 On First Loads

A potato crop bonanza! Good yields and the best price in the history of Hereford potato production had growers, who began digging the spuds on Monday and Tuesday.

Light showers that fell Monday evening delayed harvest in many fields and had growers' packers and brokers' blood pressure soaring.

Seven dollars per hundred and up for No. 1 potato is seen as "just too good a price to keep."

"It will be up to the growers to spread the period of high prices—to hold the market," one handler declared.

Early in the week, the recent meeting of brokers on price standards was apparently bearing good results.

John Paetzold at Associated Growers, one of the first sheds to start processing, said "Yields and quality are both above expectations."

Elmer D. Cook, who brought in the first loads at Associated, figured his yields at 158 sacks of number one Red Sports per acre.

Adding the yields of number two at only slightly lower prices than the top grade, early fields stand to gross over \$2000 per acre.

Many growers are expected to regain their losses of 1955—when the bottom dropped out of the market—and more. Much more in some cases.

Acreage devoted to potatoes in the immediate Hereford area has been estimated at 3500. This total is down 30 to 40 percent from last year's acreage.

The smaller acreage is reported to be well adjusted to current market needs.

Onion harvest is continuing. Tuesday's prices were ranging from \$3.50 to \$3.65 for 50 pound sacks of medium-size yellow onions in load lots.

Prices for yellow jumbos ranged upward to \$3.85.

A note of caution to potato growers was noted in the onion market developments.

Funeral services for Paul V. Kearns, 65, of Near Umlinger, were conducted Tuesday morning in the St. Anthony's Catholic Church.

Mr. Kearns was killed Sunday when the car he was driving left the road and overturned seven miles northeast of Hereford.

Investigating officers reported the automobile skidded about 90 feet, jumped a ditch and came to rest on the left side.

A passenger in the car, C. H. Dreyfus, of 121 Avenue B, escaped with cuts and bruises from the mishap. He was admitted to Deaf Smith Hospital.

New Home Office To Be Constructed By Credit Union

Bids will be let July 13 for construction of a new home office of the Hereford Texas Federal Credit Union.

The building is to be constructed at 314 Schley, on property formerly owned by Claude Higgins.

B. R. Cantrell of Pampa, architect for several Hereford schools, designed the 65 by 35 foot building which will be of brick construction.

New and modern in every respect, design for the building utilizes the open-planning system so popular in today's houses.

Handled through the Texas Welfare Department, the Social Security program for city employees will require payment of about \$3000 a year.

Phelps told his fellow Optimists he will become an eager and willing worker for club projects.

Raising funds to expand the recreation and education program for youngsters at the Labor Camp was cited as the "number one project" by Jones.

"It is not right," said Jones, "that these boys should come in from working in the fields and have nothing to look forward to but more work."

The work of organization "and getting the club working" accomplished during the past year by Phipps and Hereford's Optimists was commended by Al Kipp of Amarillo.

Kipp was accompanied to the meeting by nine other members of the Amarillo Optimist Club.

BELL TOLLS FOR BOYS—W. A. (Bill) Phipps gave one last toll to the Optimist Club bell as he turned over leadership of the group Tuesday to Lester E. Jones, as new president of the club.

SOCIAL SECURITY FOR CITY HELP

City employees soon will be included in the federal Social Security program for retirement, disability and survivors' benefits.

The City Commission on Monday night approved adoption of the plan at the earliest possible time.

The city's workers had not previously been offered any sort of retirement plan.

Special Attention Here: Due for special attention in the control work are spraying weeds and plant growth along Tierra Blanca, the sewage lagoons, and ditches in the city.

Bayne said that the City of Lubbock has achieved much better control of insects through dusting of breeding spots.

The commissioners tabled action on a proposed change of zone from D to E for a lot at Lee and 25 Mile Avenue.

Joint Meeting Planned: A joint public meeting of the city and zoning commissions may be required in the immediate future to air the need for revising ordinances.

Car Overturns: Investigating officers reported the automobile skidded about 90 feet, jumped a ditch and came to rest on the left side.

At Conditioning Approved: A proposal to run air conditioning ducts into the city engineer's office and the corporation court room, located upstairs at City Hall, was approved.

Lester Jones Is New Optimist Club President

Hereford's youngest civic group, the Optimist Club, celebrated its first birthday Tuesday.

Phelps told his fellow Optimists he will become an eager and willing worker for club projects.

Raising funds to expand the recreation and education program for youngsters at the Labor Camp was cited as the "number one project" by Jones.

"It is not right," said Jones, "that these boys should come in from working in the fields and have nothing to look forward to but more work."

"PATIENCE, DAUGHTER"—Joann Thomas, one of 43 Camp Fire Girls who left Hereford on Monday for a weeks stay at Flying B Ranch near Las Vegas, N. M., chatted with her father, Henry Thomas, who was on hand to help Joann and her friends load their clothing and equipment aboard a truck. The truck was late and the Camp Fire Girls "couldn't" sit still a minute.

## 4-H Bake Show Winner Named

Pat Dawson, 15-year-old daughter of Mr. and Mrs. J. M. Dawson of 201 Ross, reigned as champion baker at the Annual County 4-H Club Bake Show held in the Junior High School Cafeteria on Friday.

Forty-four 4-H Club girls, ranging in ages from nine to 15, displayed baked goods at the show. The participants were required to exhibit refrigerator cookies and muffins, with brownies as an optional entry.

Girls entering the baking contest were judged on their baked pastries and 4-H Club record books. Pat Dawson mounted a score of 95 out of a possible 100 in the keen competition to win the baking championship. She was awarded a set of cake pans.

**To District Contest**  
Miss Dawson will represent the county 4-H Club at the district baking contest to be held during the fall in Amarillo at the Tri-State Fair.

Judges of the baked products were Mrs. J. J. Durham, Mrs. Claude Francis, Mrs. Mary King, Mrs. George Heard, Mrs. George Turrentine and Miss Paula Beth Corbett.

Royce Lee Pruitt, daughter of Mr. and Mrs. Pruitt of Walcott community ran a close second to Miss Dawson.

### Bippus HD Club Studies Flowers

A program on flower gardening was presented June 27, for members of the Bippus Home Demonstration Club who met with Mrs. Elmo Hall.

Mrs. Argen Draper, CHDA, presented the program discussing how to plan your plantings so that there is always bloom in the garden. Mrs. Elmo Hall, landscape demonstrator, was program leader.

During the business session, presided over by Mrs. Jack Fortenberry, vice president, the group heard a council report given by Mrs. Hall, and voted on subjects for next year's yearbook.

Mrs. Jhnmie Perrin called the roll at which time members answered with their favorite annuals.

Mrs. Hall directed the recreation period. The meeting was adjourned and the club will not meet again until Sept. 12, when the hostess will be Mrs. J. G. Fortenberry.

Members present were Mesdames Jimmy Perrin, Jackie Dowd, Elmo Hall, C. F. Homfeld, Jack Fortenberry and Christene Fortenberry. Visitors were Glenda Homfeld and Mrs. Draper.

a fireproof room with a half inch steel vault door. Because of the constant usage of the books, the clerks don't have any trouble with insect damage to the records.

**He Accompanies Books**  
But, the record books do get in bad condition, and have to be repaired and rebound. And the only way they can be taken out of the courthouse is for the County Clerk to go with them and be wherever they are 24 hours a day.

Private citizens refer to the records many times daily. Most users know what they need. There is seldom a records search that upsets routine at the office.  
Ralph Smith can always tell love too! The boy and girl who are planning to get married have to get their marriage license at the office. Most couples come in together. Only a few are hesitant about asking for the marriage license.

### Around.....

editor of the Eastland Telegram had a surprise when he arrived in that city on Sunday. He learned that he will, instead, be editor this summer of another newspaper, the Ranger Times. "You should have seen his face when he heard that bit of news," reported his father, Bill H. Knox, who drove the youngster to Eastland.

"It's not so," declares Mrs. John Paetzold of an account we printed regarding a grandchild falling into and being rescued from the Paetzold swimming pool. "All of our grandchildren take to the pool like waterdogs or else have been taught to stand well back from the edge," she said. The only child who had to be pulled out was a three-year-old that a visitor plunked down in too-deep water and it was he, not "juncles," that made the recovery as soon as he saw his mistake.

### Last Rites Held For Mr. Dishman

Funeral services were conducted Monday morning at the First Presbyterian Church for Paul Lake Dishman Sr., 67, who passed away Saturday morning in the Veteran's Hospital in Amarillo.  
Dr. William Everheart, pastor of the Westminster Presbyterian Church in Amarillo and a great-

nephew of Mr. Dishman's conducted the rites. He was assisted by the Rev. Howard Scott, pastor of the First Baptist Church. Interment was in West Park Cemetery under the direction of the Gilliland Funeral Home.  
Pall bearers were C. D. Hardesty, Albert Edwards, Lloyd Sharp, Calvin Edwards, all of Hereford, Hobart Moffitt and Alva Simmons, both of Hedley.  
Mr. Dishman was born June 3, 1889, in Whitesboro, Tex. During

World War I, he served in major battles, fighting in the Muese Argonne battle where he was wounded. He maintained his membership in the American Legion.  
A resident of Hereford since 1942 he was a member of the Presbyterian Church. He is survived by two children, Mrs. V. C. Hopson, Hereford, and Paul D. Dishman Jr., Amarillo, four grandchildren, two brothers, Bob, of Kansas City, and Gene, of Clarendon, and one sister, Mrs. Mary Reast, Silver Springs, Md.

# Everybody From College Graduates To Unskilled Labor Can Find Jobs

Although the rains delayed some hoeing practices on farms in the Deaf Smith County area, employment is holding up pretty well, according to J. R. Patterson of the Texas Employment Commission. Locally, his office reports that business is about normal with an average number of requests for workers and the men needed to supply the jobs.

**Trend is Statewide**  
This reflects a trend of the statewide level, there being jobs available throughout Texas, both for skilled and unskilled labor.

So far as this year's crop of college graduates are concerned, they need not take off their cap and gown and timidly pound the sidewalks while job hunting. There are plenty of jobs available.

But locally, most openings are for agriculture workers, of course and business has been pretty good during wheat harvest. However, harvest is about wound up, the last wheat bulletin being issued this week by the TEC.

"Demand changes from day to day, depending upon agriculture," said Mr. Patterson. "When the wheat is cut, we will need more town hands, and the rains have slowed down hoeing, however, business has been right at what we call normal for employment agencies."

**Business is 'Normal'**  
"We have sufficient hands to care for the demand, and don't have an oversupply of either jobs or labor here in Deaf Smith County," he pointed out.

Although Mr. Patterson said he had not yet received any statewide surveys, press reports from throughout Texas indicated there were plenty of jobs, and a variety of work available.

**College Graduates**  
So far as the Texas college graduate is concerned there are many job opportunities.

For every engineering graduate there are an estimated 12 to 15 openings available; for every would-be teacher, eight to 10 openings; for every business trainee, five to six openings; for every liberal-arts graduate, three or four offers.

Starting pay is up \$20 to \$25 a month over what it was last year, which was a record maker. Offers of \$500 a month and more are reported. Those are for men. Girls are lucky to get much over \$300 a month.

**Get Top Pay**  
Engineers hold the lead as far as pay is concerned. One big mid-western university reports that neophyte engineers are being offered \$347 to \$527 a month.

In the fields of business, sales and teaching, starting pay for business trainees is from \$325 to \$425 a month; teachers, \$285 to \$357 a month; government employes, \$306 to \$399 a month; accountants and salesmen, \$352.

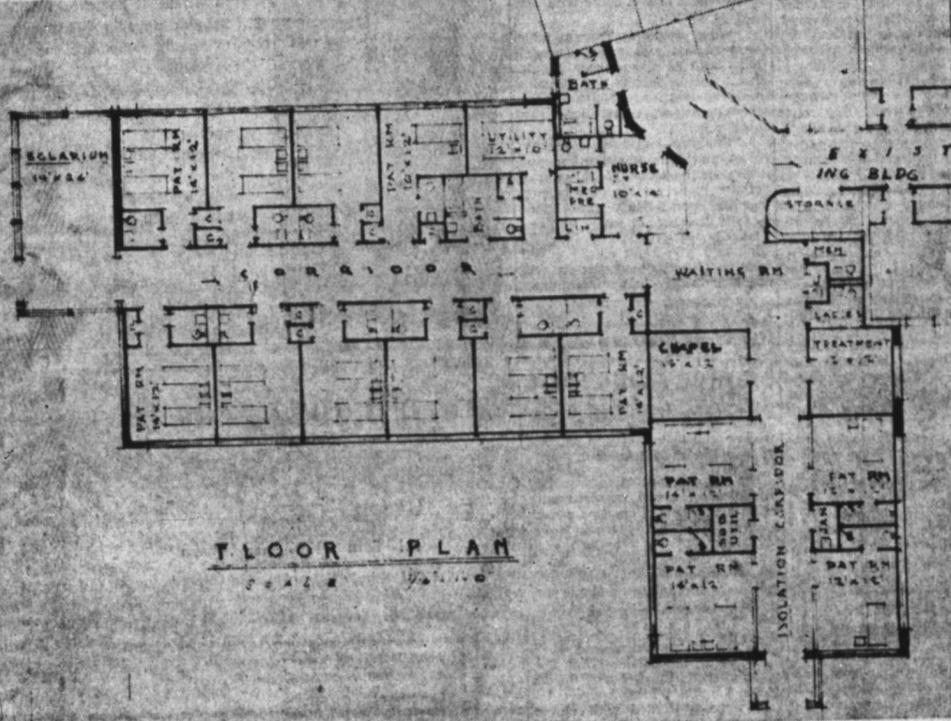

Girls graduates will find it tougher, although salaries beginning at over \$300 a month can be found in the sciences, statistics, libraries, and editorial work.

**Few in Business**  
Few college graduates will go into business for themselves right away. They will get practical training first. Most will find the risks, the required capital and the hard work not worth the gamble.

**CLUB BOYS AND BABY STEERS**—It's a long, long time before fat steer showtime, but area 4-H Club boys like 'brothers' Weldon, left, and Tommy Tatum of the Black community have had their feeding projects underway long enough to see the calves begin to bloom. The time they lead the calves into the show arena next January, their calves will have been on feed for 11 months. (Staff Photo)

## PROPOSED ADDITION TO DEAF SMITH COUNTY HOSPITAL

**NEW HOSPITAL WING**—Shown above are the architect's drawings and a blueprint outline of the proposed addition to Deaf Smith County Hospital. The new wing will be added on to the present building at a point about where the nurses station and picture window now are. In the blueprint drawing above, the opening between the waiting room corridor and the existing building will be where the picture window is at present. Thus the isolation ward will be on the south, with the door to that corridor opening onto a Third Street entrance. This is the door shown in drawing at the top. The solarium, therefore, will be on the west end of the building.

## Hepatitis, State Health Problem, Not Prevalent In Hereford

Only one or two cases of hepatitis have been reported in the Hereford area, according to County Health Officer R. R. Willis, although throughout the state, it has recently become a public health problem.

Hepatitis, an infectious disease that attacks the liver, is caused by a virus. The name means inflammation of the liver and the disease is usually spread by personal contact, Dr. Willis explained. Overeating, poor personal hygiene, contagion in milk, water and food may be contributing factors.

**Two Types of Hepatitis**  
There are two types of hepatitis. Infectious hepatitis first became a reportable disease in Texas in 1952. In 265 cases were reported. Since then, there has been a steady increasing number of cases. In 1953, 1216 were reported in the state, and in the first five months of this year, there were 629 reported, said the doctor.

In order to keep down the incidence locally, the best preventive measures seem to be personal hygiene and sanitary disposal of sewage which cannot be overemphasized as preventative measures. Milk and water should be obtained from sources that are known to be tested frequently and careful attention should be paid to storage of food," he explained.

There are two types of hepatitis used by a virus and only man is susceptible. Formerly this disease was referred to as yellow jaundice or catarrhal jaundice. In the most common variety is called infectious hepatitis and the other is serum hepatitis.

**More Than Reported**  
Dr. Willis says that probably the actual occurrence of the disease is much greater than the number of cases reported because of the mild cases and the outstanding complaint, yellowing of the skin, is not always noted.

Infectious hepatitis has been known throughout the world for hundreds of years. Large numbers of troops in both world wars were affected. As a communicable disease among the general public, it was not until recently been considered a serious problem.

The number of deaths has been small, a small percentage of the reported cases. There have been 10 deaths reported from hepatitis in the past four years.

Children are most frequently attacked by this virus and usually

have mild attacks. However, the illness can be severe in older persons. Infectious hepatitis is seldom fatal, but when death does occur, it is usually in persons over 30 years of age.

## Summer Sun, Water Problems For Hair

By VIVIAN BROWN  
AP Newsfeatures Beauty Editor

Protect your hair from sun, surf and sand.

The girl with bleached, tinted or dyed hair has an even bigger problem to keep her hair from looking like straw in the summer.

"If your hair is tinted, be sure to wear a bathing cap when you go swimming," advises Miss Vern, a New York hair coloring expert. "Salt water bleaches and dries the hair and dunking in a chlorinated pool are no help either. Pool water combined with sunshine may drastically bleach or discolor your hair," she says.

Dry wet edges of your hair with a towel after taking off your bathing cap, she advises. Put on a big brimmed hat to reduce red or gold sunbleached hair streaks that might otherwise result from the exposure.

Hair lacquer is no substitute for a scarf if you ride in a convertible car, Miss Vern reminds us. Lacquer, she says, should be used sparingly at all seasons because it fades the hair, causing it to lose lustre. She suggests using a hair setting lotion that unearns the hair and contains a conditioner.

Every woman should have at least one mid-summer reconditioning hair treatment, she says, whether she tints or not. It will help keep the hair lustrous. "Many women think that the oils in pomade help condition hair. Actually, it only dries the hair. It should be used lightly because it might fade the hair as well as attract dust to it," says she.

Your hair treatment if done in a salon should take about 40 minutes with a heating cap and special oils that help remove foreign coatings such as soap scum, shampoo residue and pigment from rinses as it lubricates and conditions the hair. These oils usually do not leave a sticky hair film and may be removed with a single soaping.

"A natural blonde or a tinted blonde who goes without a bathing cap may be surprised to find her hair taking on a green cast from chlorinated water," says Miss Vern. "That condition and brittle hair, may be helped by using a hair coloring bath that is warmer than the original shade. After that application removes the greenish discoloration the original color may then be put on."

The brassy hair look, the result of too much sun bleaching, may be helped temporarily with a rinse of hair coloring in a live-looking gray. This rinse conditions the hair at the same time so that there is no need for a setting lotion.

Brunette hair is likely to suffer from too much sun also. Ends that become sun-streaked are likely to need reconditioning, says Miss Vern, of the Clairol Institute.

**PROTECT TINTED HAIR**—It is important to wear a bathing cap to prevent damage from sun, surf and sand.

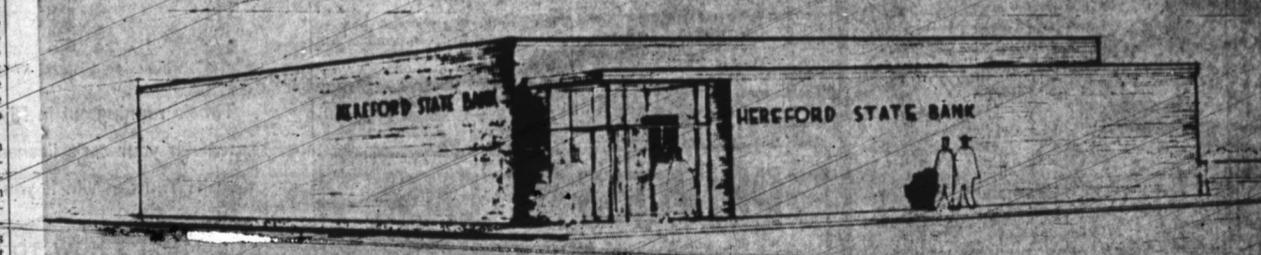

## GLASS PLANES EXPECTED

SAN DIEGO, Calif. — Plane designers are counting heavily on fibrous glass to enable planes to break through the heat barrier, the speed range in which plane surfaces are subject to temperatures exceeding 500 degrees, a glass company engineer says.

I. N. Smith, development engineer for a glass company, told a metals conference that the military is experimenting with a porous-skinned fibrous glass fighter plane as a means of air-cooling the skin of the plane at very high temperatures.

Already, he says, military planes are using glass for wing sections and tail pieces.

Oregon imposed the first tax on gasoline in 1919.

**PROPOSED BUILDING**—Plans for a new home at Sampson and Third Streets were revealed last week by officers of the Hereford State Bank. This architect's sketch shows how the building will look to a viewer from the Jim Hill Hotel when it is opened about Nov. 1. With 6,000 square feet of floor space, the bank will extend 100 feet down Sampson, 60 feet down Third Street.

## Texas Has Too Many Deer, But Panhandle People Don't Worry

Texas has more deer than it knows what to do with, according to the Texas Game and Fish Commission.

And according to local hunters who have had deer leases in Central Texas, people from the Panhandle probably won't do much to help eliminate the numbers.

**Not Bigger and Better**  
Because one thing that isn't bigger and better in Texas is the deer.

According to Doc Kirby, who last hunted in Central Texas about four or five years ago, Texas has the smallest deer in the United States, except for the dwarf numbers that abound in Central Florida.

Major reason for that situation is that according to Texas laws you can't shoot does. Most other states don't have such a stringent regulation.

But the combination of too many does, plus drought has resulted in smaller and smaller deer.

**Larger Up North**  
New Mexico and Colorado, which don't have the same problems, and consequently the same regulations which the Lone Star State has, are as close as Cen-Tex, and the hunting is much better. So Panhandle sportsmen do their shooting up north — instead of down south.

But the problem of Texas' deer population remains. The latest census data prepared by the state's wildlife biologist who counted the animals in the Edwards Plateau region estimates the total state deer population at just about half a million, mainly whitetails.

And the seven Hill Country counties, used for the herd counts, reflect a combined population of almost four hundred thousand before the last hunting season.

**Feed Cen-Tex Deer**  
A few people in this area own land in Central Texas which they lease to hunters during season, and they report that in order to assure themselves of an income from deer leases, they have resorted to feeding the animals on their property.

W. S. Jennings, assistant director of the wildlife restoration division of the commission, said that regardless of the final totals, "It is obvious that we are not harvesting as many deer as we should." He pointed out that extension of the experimental antlerless deer hunts is one sound management way the herds can be reduced to the carrying capacity of the land.

These investigations were centered in Kerr, Llano, Mason, Gillespie, Medina, Blanco and Sutton Counties where the Commission has regulatory responsibility to regulate harvest on the basis of existing current conditions. But the first four named counties have the concentrated studies since records from previous herd counts were available there.

Coffee, Picnics Honor Relatives Here from California, New Mexico

By MRS. T. B. THOMAS  
Two parties lately have feted visiting families. Mrs. Andrew Kershen and Kay were hostesses for a coffee on Monday morning for Mrs. Daniel Tur-

rentine who is here from California visiting the George Turrentines. Kay poured for the many guests enjoying the visiting. Those attending were Mesdames Harold Rudd, Kenneth Rudd, Merlin Kaul, Morris Easley, Joe Reinauer, Joe Paetzold, Ernest Flood, Bess Werner, R. L. Wilson, P. B. Sowell, Paul Rudd, Joe Landers, T. B. Thomas, George Turrentine, Dick Godwin, Floyd Walton Jr., Marlin Pierce, Herman Paetzold, the honoree and the hostess.

Mr. and Mrs. George Turrentine and girls were hosts for a picnic on Saturday night in honor of Mr. and Mrs. Daniel Turrentine and children of California and Mrs. Gene Roach and children of Tatum, N.M.

Supper was spread and all enjoyed the feast. Those attending were Mr. and Mrs. J. C. Morrison and Judith, Mr. and Mrs. Merlin Kaul, Mr. and Mrs. Harold Rudd and girls, Mr. and Mrs. Kenneth Rudd and children, Mr. and Mrs. Paul Rudd, Mr. and Mrs. Andrew Kershen and children, Mrs. Bess Werner, Ray Ridgeway. Diedra and Danny Thomas, children of Mr. and Mrs. T. B. Thomas, left Saturday night for a two week trip to Montana to visit an uncle, Ben L. Thomas, in Round-up. They accompanied Mr. and Mrs. Red Floyd and Mac Thomas and Billy Mac Shepherd all of Post.

Mr. and Mrs. J. C. Morrison and Judith were Sunday dinner guests of Mrs. J. E. Morrison and Marvin in Hereford. They visited with Mr. and Mrs. Fred Burns and children of Lakin, Kans., who are here for a few days visiting with relatives. Mr. and Mrs. T. B. Thomas and children were afternoon callers.

Mr. and Mrs. Jimmy Renfro of Fredrick, Okla., arrived Sunday for a few days' visit with their son and family Mr. and Mrs. Jack Renfro. Late Sunday evening visitors were Jack Colville and daughter of Altus, Okla.

See Church Film  
Guests Sunday morning in church were Mrs. Rickman of Hannibal, Mo., mother of Lyle Rickman, Mrs. R. A. Batson and Douglas of Springfield, Mo., daughter of Rev. E. L. Naugle, and the granddaughters of Mr. and Mrs. Ralph Mitchell. Mr. and Mrs. Ralph Smith of Hereford brought a film for the Sunday night service. Everyone enjoyed it and appreciated the Smiths taking time to come out.

The sewing workshops for the 4-H Club were terminated Friday afternoon. Friday was an all day session; some of the girls finished their garments while others will have to finish theirs at home before the dress review. Girls that participated in the classes were Diedra Thomas, Mary Lynn Morrison, Nancy and Sandra Green, and Mrs. Merlin Kaul, leaders attending were Mrs. T. B. Thomas and Mrs. Dorothea Prowell. Sewing classes were held Monday at the community house Wednesday and Friday they were held in the J.C. Morrison home.

Visit in Plainview  
Mrs. Elmer Combs and Mrs. B. Nunley were visitors in Plainview Saturday. They visited with Mr. and Mrs. W. E. Combs.

Mr. and Mrs. Ralph Durstine of Friona were Sunday afternoon visitors in the Merlin Kaul home. R. M. Gunn of Hereford, took Mrs. William Rickman to Clovis to visit the Madole family.

Mr. and Mrs. Kenneth Rudd and children had as their guests Wednesday afternoon, Mr. and Mrs. C. W. Payne of Tacoma, Wash. Mr. Payne and Mr. Rudd were flying buddies during the war. The Paynes were en route home from the East Coast.

Mr. and Mrs. Harold Rudd and girls visited Sunday evening with Mr. and Mrs. R. A. Wells. Returns Home  
Larry Kaul returned home Friday from the Renfro ranch near Channing.

Ralph Morrison enlisted in the Air Force Monday along with David Heck of Hereford. They left Friday morning for Lackland field in San Antonio, for basic training.

Raymond Morrison, Jack Parker and Travis Castleberry were involved in a car accident Monday night near Lubbock. The car hit soft dirt, pulled the car into the muddy part of the bar ditch and overturned the car. Only Castleberry was hospitalized. Raymond was injured in the shoulder and a slashed wrist. Jack Parker was injured only slightly.

Salad Luncheon  
Mrs. Merlin Kaul was hostess on Thursday for a salad luncheon for the Westway H. D. Club. Thirteen members and 13 children enjoyed the day. After lunch the regular H. D. meeting was held.

Mary Lynn Morrison, Diedra Thomas, Nancy and Sandra Green participated in the County 4-H Bake Show Friday morning at the cafeteria at Stanton Junior High. The girls brought away some ribbons for the Sadie Lee Oliver 4-H Club of which the girls are members.

RING BEARER POPULAR DOWN THROUGH YEARS

A ring bearer is not an essential part of a wedding ceremony, but the custom has proved popular down through the years. In most cases the ring bearer is a little brother, cousin or nephew of the bride. He is dressed in white and carries the ring on a small white cushion. He precedes the bride down the aisle.

To prevent the ring from falling, it is sewed with a couple of strands of thread to the cushion or attached with a piece of tape. The best man should be informed how to lift the ring so the procedure will work according to plan.

The United States has about 6 percent of the world's labor force. Some British freight cars have 56 wheels and can carry 150 tons.

Cozy Home Also Needs Personality

By VIVIAN BROWN  
INTO your first home you should put the personalities of both your husband and yourself.

Avoid patterning it after a photograph or another home you've seen — or giving it the magazine-ad look, showroom - window look or best-friend look.

Plenty of decorating help is available at stores, in books, magazines and newspapers. Use it as a yardstick but not as a cut and dry pattern.

For one thing, it is immature to feel that you must have everything in your home before you invite friends and relatives. Buy what you like and what you can afford. Start with basic pieces and add to them as the idea grows on you. If your budget is small, don't go deeply in debt just because your best friend has a completely furnished home.

The category of first-things-first includes (1) bed, bureau and lamp in the bedroom (2) a sofa, one chair and lamp in the living room (3) a table and chairs in the dining room or kitchen (4) basic kitchen cooking equipment.

You can actually manage with those basic items. Add to them other things — window draperies, rugs, end tables, of course, if you can afford them right now. But it is fun to furnish as you go along.

Take your friends in on the little scheme. Instead of feeling embarrassed, invite them to make suggestions on color schemes and other furnishings.

Consider borrowing furniture in the meantime. . . a bridge table and chairs may serve as a dining table until you get something better. . . candles may be used instead of lamps, and prove enchanting in your honeymoon abode. . .

A good practical plan for furnishing a home would go like this: 1. You and your husband confer on your favorite color scheme, and agree on about three colors. Plan to use those three colors throughout the house, particularly if it is small. You'll find great leeway using the many shades of those colors also.

2. Choose a drapery fabric for future purchase unless you can afford it at once. Use the swatch to choose compatible pieces of upholstery and other furnishings as you go along.

3. Decide whether you like light or dark woods.

4. Choose essential pieces of furniture, purchasing what you can afford or other pieces after that.

5. If you can't afford main rugs or carpets, settle for area rugs in

the living room now, and plan to move them to dining or bedroom later, keeping color scheme and pattern in mind when purchasing them as dual - purpose items.

6. Choose muslin - covered sofa and easy chair, planning to cover them after your room is completed and when you feel surer of color scheme, fabrics and design. You may be able to find black muslin as well as white muslin covered chairs.

7. Incorporate some of your husband's favorite trophies into your room scheme but don't go overboard on this. A loving cup can make a pretty lamp, and don't underestimate the bird bath Aunt Minnie gave you for the same purpose. That's how a home with distinction grows.

8. When shopping keep in mind the practical and easy-to-care-for items such as plastic ware for kitchen, no-iron fabrics for curtains and draperies, easy-to-clean upholstery items, stain and burn-proof table tops.

9. Be sure you have adequate closet and bureau space for you and your husband. He'll want a definite place for his own belongings and don't infringe on his space by any means.

10. Choose gay colored blankets so that if you can't afford a bed cover at once, the bedroom will not look dreary in the meantime.

BIRD BANK  
SAN DIEGO, Calif. — The gizzard of a large South American rhea at the San Diego Zoo has yielded \$1.26. Barney Sheridan of the zoo research laboratory said the bird, which resembles an ostrich, died recently and was found to be a "walking bank." An autopsy brought the discovery of two

half dollars, one quarter and a penny. The coins had nothing to do with the bird's death, Sheridan said.

Miss Jesko Is Shower Honoree

Miss Pearl Jesko, bride-elect of James Acker, was feted at a shower courtesy given in St. Anthony's Parish Hall June 22.

The refreshment table was laid in white linen and centered with an arrangement of pansies accentuated by lighted tapers in varying shades of white and white to carry out the honoree's chosen colors. Other nuptial suggestions included a miniature altar surrounded by white and black roses.

The shower was introduced when the honoree, her mother, Mrs. Joe Jesko and the prospective bridegroom's mother, Mrs. Andrew Acker, were presented with clever corsages formed of small household gadgets.

Hostesses assisting with the hospitalities were Mesdames Mark Koehn, Joe Paetzold, Ed Jesko, J. B. Blankenship, John Warren, Ed Paetzold and Miss Billie Jean Jesko. A large crowd attended the gift party and many sent gifts who were unable to attend.

The wedding will take place on July 10, at 9:30 a.m. in St. Anthony's Catholic Church. A reception will be held from 5:30 to 8 p.m. in the Parish Hall. Friends of the couple and friends of their parents are invited to attend.

## Common Sense Governs Entertaining At Dinner

TODAY'S housewife lives in the wonderful era of casual elegance. She can entertain at dinner almost lavishly with inexpensive pottery of good design if she must and a casserole of jazzed-up lentil beans. It's the fixin's and the conversation that creates the atmosphere of charm for the visitors.

The new bride at first is very likely to emulate her family in old school entertaining — hours hovering over the kitchen stove preparing for "The Big Meal" while guests twiddle their thumbs until dinner is announced.

Eventually she will settle down to a common sense entertaining plan and fall into the pattern that is popular today. She will select recipes that may be prepared and cooked before the guests arrive or she will prepare everything in advance and a roast or casserole will cook while the guests are there.

Steak is a good cooking project for the man of the house, and the guests might do some kitchen kibitzing while it is broiling.

The point is that the host and hostess should enjoy the evening.

**Working It Out**  
How to go about it?

Well—what'll the first course be if she has one? Soup, maybe? If it is a homemade one it may even be made the day before and stashed away to be reheated. If it means combining two soups

such as Turtle Soup and Pea Soup for a delightful Bouillabaisse, mix it in advance and have it all set to add the dash of sherry, whipped cream and Parmesan cheese and pop under the broiler.

Are croutons required such as with a cream soup? If so, toast those in the morning, wrap them in wax paper and put them in the ice box. They should be heated up a moment before they are to be served.

If fruit salad, shrimp or another appetizer is to be served, prepare it and any sauce required for it in the morning.

Salad dressing should be concocted early in the morning or even the night before, not only as a time saver but because the herbs will blend and make the dressing smoother. The greens should be washed, pulled apart, rolled in a towel to dry and then rolled in another towel and put in the refrigerator to get crisp.

**Casseroles Are Easy**

If a casserole has been prepared early it may be popped in the oven just before the company is to arrive.

If the dinner is to be a roast or steak, the best bet is a baked potato or a sweet potato casserole. If frozen vegetables are on the menu these may be put on at the last moment, and in that case perhaps the casserole will be potato.

## CENTS AND NONSENSE

WHEELING, W. Va. — Herman Levite probably is in full agreement that a recommended educational training program for city police here should begin immediately.

Levite put a dime in a "nickles only" meter while parking his car, but realized his mistake immediately and left an explanatory note under his windshield.

When he returned, Levite found a familiar blue parking ticket beside his note. A policeman had written, "nickles only, sir."

### Long Time Ago

**45 Years Ago**  
The fame of the McDonald Irrigation Wells are attracting more wide spread attention every day of the world. Proof of the statement is found in the fact that within the past 10 days leading officials of two great railroad lines have looked over our unparalleled irrigation opportunities. They see, and go their way telling to others the story of the wonderful stream of water they have seen gushing out of the earth. Their hearers listen with astonishment and in the space of a short time the lure of the cool waters, clear as a crystal, in unbounded quantities is upon them and they too must see with their own eyes the marvel wells of the plains.

J. L. Johnson was busy Wednesday laying the foundation for the 40 horse power engine which will pull the big pump at the north well on the McDonald Irrigated farms. This well was at first a 500

to 600 gallon well. With the new and larger engine and other extensive improvements which Mr. McDonald has made upon it lately it takes its place in the 1200 to 1800 gallon per minute class.

The directors of the Commercial Club in a meeting the first of the week took steps toward seeing how large a gin would be needed to handle this year's cotton crop around Hereford.

**25 Years Ago**  
In spite of the recommendations made Wednesday of last week by an examiner to the Interstate commerce commission, giving an adverse turn to the T & P Northern's application to build a railroad from Big Spring through Hereford to Vega, the victory has been virtually won and there is a cinch for the entire road, according to Judge John P. Slaton, president of the Chamber of Commerce and chairman of the railroad committee.

Harvesting of wheat in the trade territory is at high tide this week with distressing prices prevailing. The price was only 30 cents a bushel Wednesday afternoon.

### Appliances Help Wife In Kitchen

LIFE is so simple with small and large electric appliances that it behooves every bride to have as many of them as she can afford in her new kitchen.

Let's see what's new with the gadgets:

**BLENDEERS.** These will chop, grind, blend or mix, are better for pureed vegetables, soups, hors d'oeuvre pastes and drinks than anything else. One now has an ice-crusher attachment. There is a range of colorful bases.

**TOASTER.** You must have one. New ones are now available in copper.

**COFFEE POT.** These are not absolutely necessary but are a wonderful convenience. They come in small sizes for two as well as larger sizes.

**MEAT GRINDER.** This wonderful gadget will help cut food costs. Buy your own chuck and grind it yourself. One new one is available with an ice crusher head that will give fine coarse ice.

**COFFEE GRINDER.** Another popular item, but not absolutely necessary.

**BROILER.** Wonderful, particularly for the working wife who specializes in jiffy cooking. Good too if you are planning to live in a kitchenless dwelling for a while or are married to a service man. Only worth it if you can afford it, however.

**DEEP FRYER.** Crisp fried delicacies are what you can expect from the fryers, but be sure your man likes fried food before you invest.

**EGG COOKER.** This will boil eggs the way he likes them—soft, medium, hard.

**FOOD MIXER.** Whip up anything from batter to dessert and don't forget the mashed potatoes. These will mix, blend, whip and cut in shortening. They'll chop too.

**CORN POPPER AND ICECREAM FREEZER** are real fun gadgets that will come in handy summer and winter.

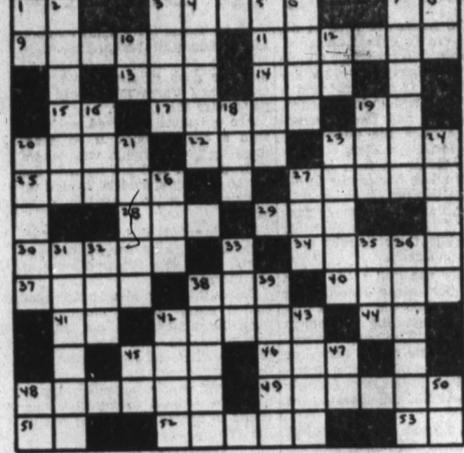

**WAFFLE IRON AND SANDWICH GRILL.** A man loves extra snacks and if you have interesting gadgets, he might even take a liking to cooking, himself.

**JUICE EXTRACTOR.** Make it in a jiffy with one of these ideal appliances.

**KNIFE SHARPENER.** One of those nice-to-have presents.

**PRESSURE COOKER.** An entire dinner may be cooked in it and served at the dining room table all in a couple of minutes. Has automatic air vent and pressure regulator.

### Men Require More Vitamin C Than Women, After 50

If you are a man over 50, chances are you need more foods rich in vitamin C than your wife.

Argen Draper, CHDA, points out that extension foods and nutrition specialists say probably both men and women need more protein and iron and less fat than most people get in their daily diet.

These are some of the conclusions indicated by a recent University of California study of nutrition.

Men in the study had less vitamin C in their blood than the women, even though they ate more heartily of foods generally and thus had a higher vitamin C intake. Lack of vitamin C in the diet often is the cause of tender, bleeding gums and subsequent loss of teeth. Such troubles were found among a number of the older people in this study whose blood tested lowest in vitamin C.

Values of cholesterol, the fatty chemical found in excess in the middle and inner layers of artery walls in persons afflicted with the artery disease, arterosclerosis, were low in men who were 20 percent or more overweight. They were high in those who were 20 percent or more overweight. There is no clear-cut relationship of this

kind for women. Apparently, women can endure more cholesterol in their blood without harm than men.

Findings in the study showed that the red color in the blood, or hemoglobin, varied directly with the amount of iron and protein food. The more you eat the more you have.

and wipe them with an oiled cloth. It will restore some of the oil that has dried out of the leather.

**Carrot Sandwiches**  
To make carrot sandwiches, soften a little butter and use just enough to bind the grated carrot, then season with salt, and spread between slices of bread.

**Fresh Ham**  
To test the freshness of a ham, run a clean knife into it, close to the center knuckle. The ham is good if the knife comes out sweet and odorless, and is not fit for use if the knife is smeary and has a strong odor.

**Croquettes**  
When a wire basket is used for frying croquettes dip the basket into the hot fat before placing in the croquettes. The croquettes will not stick to it when done and will be easy to remove.

**Rust on Steel**  
Rust can be removed from steel by rubbing with a piece of emery paper, and the rust will be entirely removed.

**Fresh Eggs**  
An old test to determine the freshness of eggs is to place them in a pan of water. If they are absolutely fresh, they will lie on their sides on the bottom of the pan. If they are rather stale, they will stand on end. If very stale, they will rise to the surface.

**Furniture Scratches**  
A scratch on walnut furniture can be removed successfully by cutting a walnut or a Brazil nut kernel in half and rubbing the scratch vigorously with the freshly cut nut. The oil from the kernel will refinish the wood.

**Flannels**  
The most sensitive skin will not be irritated by flannels if they are pressed with a slightly warm iron on the wrong side after they are thoroughly dry.

**Shoe Polish**  
To soften shoe polish that has become dry and hard in its container, try adding a few drops of turpentine to it.

**Marking Linen**  
When using indelible ink for marking linen, or clothing of any kind, stretch the material in embroidery hoops. The work will be done better as this gives a firm, smooth surface on which to work.

# Teamwork Leads To Marital Happiness

By Dr. ABRAHAM STONE

(Medical Director, Marriage Consultation Center at the Community Church, New York, and author of "A Marriage Manual")

WHAT is the basis for a good marriage? Young folks about to marry have asked me this question many, many times. And each time I try to offer suggestions which might help them achieve their goal.

Every marriage must have three basic essentials for lasting happiness: First, there must be real love and affection. Not just a temporary infatuation but a deep desire to meet the other's needs. Second, there must be a community of ideas—common beliefs, faiths and upbringing. Third, there must be emotional maturity. A realistic attitude toward life and its problems.

When I talk to young couples I always emphasize that love alone is not enough. There is always the possibility that the "love" we feel may be merely a romantic attachment. Romance is constantly fostered in the movies, TV, sentimental popular songs, in articles and books. But romantic love is not sufficient basis for a lasting union.

**Joy of Team Work**  
In addition to loving one another, the husband and wife should also love things in common. They should share many interests and experiences, many attitudes and values, ideas and ideals. They should respect each other's think-

ing and feeling and be compatible in their general ways of life. Here's what I tell them to consider individually:

**Know thyself.** Learn about the workings of the human body, human mind and human nature. The better you know yourself the better you will know your mate. Such knowledge leads to understanding and awareness, to tolerance and consideration, all of which are essential elements of a successful marriage.

**Cherish your mate.** Marriage is a declaration of inter-dependence. The joy of love is the bringing of happiness to the beloved.

**Unfetter Yourself**  
Make a unit of yourselves. Do not remain tied to your parents. Form a new bond with your mate. Make your own home and give your marriage a better chance for success.

**Prepare yourself for parenthood.** Acquire information about the basic facts of child bearing and child rearing. The physical and emotional well-being of children depends largely upon the care you provide for them during their early formative years. A happy home life is a good asset for any child.

**Have tolerance in your marriage.** It takes time for two people to adapt to each other's patterns of behavior and ways of living. Tolerance and patience add to your chances for a good marriage. Nurture your marriage. Like a plant a marriage has to be cared for and fostered, especially while it is still young. Strengthen its roots by mutual consideration, by daily attention and courtesies, by signs of affection and thoughtfulness. These are like the sun and the rain in making your marriage grow and flourish.

**Weed Your Garden**  
Occasional weeding is necessary too. Weed out your difficulties as they come up. Do not allow irritations to accumulate. Talk over your problems and resolve them as they arise.

**Follow the Golden Rule.** Do unto your mate as you would have your mate do unto you. Be aware of each other's feelings and be sensitive to each other's needs. Forgive as you would be forgiven. Avoid domination or condemnation, disrespect or disloyalty.

**Consult Your Doctor**  
These suggestions are essential elements of a successful marriage. Every couple also should have a consultation with the family doctor. The premarital consultation can be a valuable part of preparation for marriage. Such a discussion gives them needed information and helps them to understand better their roles and functions in conjugal life.

**LIBRARIES WITHOUT BOOKS**  
EAST LANSING, Mich. (AP)—Libraries without books are envisioned by an educator. He says books are being printed so fast these days they become out dated before libraries find room for them.

John S. Millis, president of Western Reserve University, Cleveland, says microfilm, microcards, magnetic tapes and similar devices may take the place of books.

# Beauty At Home

Q. What suggestions can you make regarding the pencilling of the eyebrows?

A. This can impart added beauty to your face only when used with skill and genuine discrimination. Always work with short, definite hair-strokes—never in one continuous hard line. It's a good idea to brace the ball of the hand on the cheek, since this gives you leverage and complete control of your fingers and the pencil.

Q. How can I remove perspiration stains from some of my washable garments?

A. By soaking in a solution of strong salt water before washing. Q. What is a good exercise to help firm a sagging bustline?

A. Sit on floor with back pressed firmly against a wall, legs outstretched on floor and some- what spread apart for support. Rest hands on knees. Fling each arm in turn upward until back of hand touches wall above head. Repeat for three or five minutes.

Q. How can I easily separate my eyelashes after applying mascara?

A. A man's pipe cleaner, twisted around into a loop, is very good for this. A pipe cleaner, twisted in this fashion, is also very fine to brush your lashes and eyebrows free of powder, as a finishing touch to your makeup.

Q. I use curlers and bobby pins on my hair, which is quite dry. The hair ends are splitting badly. What can I do?

A. You should, of course, look to your diet with stress on vitamins. Putting up the hair nightly isn't too good for dry hair, and I think a permanent would be easier on it. Otherwise, you should buy one of the special creams on the market for dry ends, and apply this before putting up the hair in curlers.

Q. What lotion will counteract perspiring feet?

A. Massage the feet with a mixture of three ounces alcohol, two drams tannic acid, two drams borax, two ounces good witch hazel, six ounces double-strength cologne or your favorite toilet water.

Q. What are some good astringents for a very oily type of skin?

A. Either alcohol or witch hazel is good for removing oily film. Wipe either of these over the oily surface frequently. These astringents contract the pore openings, as well as remove the oily film.

Q. What is a good treatment for the face that is infested with blackheads?

A. After the regular cleansing, apply the following: To a cup of hot water, add one heaping tablespoon of epsom salts. Dissolve thoroughly. Dip cotton squares in this solution, and pat over face. Repeat for 10 consecutive nights. The face should be sponged off with cold water after the epsom salt bath.

Q. How can I clean unwashable leather gloves?

A. Soak a flannel cloth in milk, rub on a cake of soap, then rub the gloves well.

Q. What is a flattering hairstyle for the woman with a protruding chin?

A. Design the hairstyle with a soft, full-bang effect. Graduate the hair-ends in an upward curve, so you won't be repeating the straight

## Tales of Revenge Highlight Cinema News, But Kettles Supply Laughs

**BACKLASH**  
Richard Widmark and Donna Reed star in "Backlash," showing Friday and Saturday at the Star Theatre. This is a Western with occasionally sparkling dialogues, the story is distinctly off the beaten path and has a climatic twist that is not only startling but heart-rending in its implications.

The tale starts with the determination of a youth to track down and square accounts with a man he believes responsible for the death of his father. Along his way, he encounters with a girl whose husband was presumably slain along with his father. What the youth and the girl find out surprises them both and leads to a climax of blazing guns.

**MA AND PA KETTLE**  
IN THE OZARKS  
The Kettles are back again, and this time they're in the Ozarks, and upsetting everything in their hilariously funny ways. Majorie Main is Ma, and Arthur Hume is Pa. "Ma and Pa Kettle in the Ozarks" will show Sunday, Monday, and Tuesday at the Star Theatre.

**SEVEN CITIES OF GOLD**  
Showing at the Tower Drive in Thursday and Friday is "Seven Cities of Gold," starring Richard Egan and Anthony Quinn. This is the story of a historic Spanish expedition that set out from Mexico City to claim California and its gold for the glory of Spain.

**THE MAN FROM LARAMIE**  
James Stewart stars in "The Man From Laramie" showing Saturday at the Tower Drive in. This story was published by the Saturday Evening Post as a scorching Western frontier story. Stewart portrays a man who came a thousand miles to find and kill someone he'd never seen, indomitable of will and deadly of purpose. Cathy O'Donnell plays the feminine lead in "The Man From Laramie." This film was made on location in the Pueblo Indian Country of New Mexico.

## X-Ray Units Spot Tuberculosis But Miss Two Killers

Those x-ray mobile units on the street corners do a good job of detecting suspected or active cases of pulmonary tuberculosis—but are neither efficient nor effective in detecting two other killers, lung cancer and heart disease.

This is the report from a group of distinguished physicians who specialize in medical x-ray, the Board of Chancellors of the American College of Radiology, Chicago. They point out in the first edition of their new quarterly magazine, "Your Radiologist," that the doctor who studies the small x-ray "minifilms" from mass screenings can occasionally pick out a lung cancer or diseased heart, but only when they are in advanced states.

**Miss Curable Cases**  
However, the article says, it's usually too late for a cure. The early, small and more readily curable cases can be overlooked on the small film, and missed—which is a worse tragedy.

The Board has studied the evidence on mass x-ray surveys and has indicated that the results in the detection of lung cancer and heart disease by minifilm x-ray methods have been "disappointing to date."

"In detecting communicable tuberculosis, the surveys have been in the public interest, and to be effective it is necessary that the new cases be given immediate treatment," the Board announced, pointing out that the best method of finding these conditions early is a regular check-up by a personal physician.

Included in the same periodical is a piece about the rigid hurdles the radiologist must overcome before he is certified a specialist. From the time he enters college it takes him 12 to 15 hard-studying, self-denying years to become one. And only after he has completed his last phase of training does the young physician become a candidate for examination by the American Board of Radiology.

line of the chin. Hair cut too short, or drawn tightly into a bun on the neck, will leave the chin point without a softening influence.

# Painted Furniture Is Back

PAINTED furniture is coming back—good news for the bride with a slim budget, if she is clever and enterprising.

A few years ago antique painted furniture was eagerly sought by young people because it was cheap and interesting. Now the prices are prohibitive when it can be found.

Much contemporary furniture employs the painted look with decorative effects. But this is usually in the costly bracket, too.

But a clever bride-to-be won't despair. She and her man may take old fashioned or unpainted furniture and do a lovely refinishing job, complete with charming old stencil effects if they have the patience. It may not look antique but it will be neat, charming 1956 American period.

**It's Smart to Save Money**  
Let us take, for example, the girl who is going to live in a three room apartment or small house. She has good taste. But she just can't afford expensive furniture.

Unpainted furniture is the solution. Her dining room or dinette is painted oyster-white or gray. Her table and chairs could be painted a vivid yellow, turquoise-blue or coral. She might prefer black or green.

Even if she never has tried to decorate anything before, she can achieve some very nice effects by "trimming the table with a gold stripe and stenciling a gold pattern on the backs of the chairs. Stencils are obtainable at paint stores and hobby stores, which also offer directions on priming unpainted furniture. A stripe is easy to form by using masking tape.

Old-fashioned furniture may be used for the same purpose. In that case a bride might paint the furniture the desired color and then antique it by rubbing in a gold effect or pickle it by painting it white and then rubbing the paint down with burlap.

How Ideas Work Out  
Some bureaus shown in contem-

porary lines are painted in light pastels—pink, blue, yellow with drawers and scroll work etched in gold. Chic drawer pulls may be obtained.

These home decorated pieces may be used in the living room too—book cases, coffee tables, end tables all lend charm when painted to suit individual taste.

One young couple chose a color scheme of turquoise, white and wood brown in their living room. The walls were painted turquoise, the rug was brown and four pieces—an old desk, coffee table, and two end tables were painted white. An outdoor scheme was carried out indoors by using white painted wrought iron and glass dining table with garden type chairs.

## Bridal Shower For Mrs. Kyle Speed

Mrs. Kyle Speed, the former Joan Southern, was honored with a miscellaneous shower-tee in the home of Mrs. Elmer Patterson, Saturday afternoon. Other hostesses were Mesdames Floyd West, Floyd Walton Sr., Cliff Potter, Edgar Telchik, Chester Wiggins, and Taft McGee.

Guests were greeted by Mrs. Patterson, and in the receiving line were Mrs. Speed, Mrs. O. B. Southern, mother of the guest of honor, Mrs. K. M. Speed of Amarillo, mother of the bridegroom and Mrs. Merle Bevan of Tyrone, Okla. The bride's grandmother, Mrs. McGee presided at the bride's book.

The refreshment table was laid with a cut-work cloth in white over light blue and was centered with

a miniature bridal pair on a crystal accented with blue net and white flowers and flanked by white candles in silver holders. Presiding were Mesdames Walton, Potter, and West.

Those signing the guest register were: Mesdames Lucille Hopson, E. D. Hopson, C. P. Norton, Zed Stewart, Ralph Rule, H. F. Benson, Ed Dzuik Jr., D. C. Allmon, E. L. McGee, Joe Lyons, James E. Higgins, W. S. Fluit, J. C. Reese, Lawrence McGee, Jay Fortenberry, A. C. Hershey, Joe Pitts, E. Ramey, Guy Newsom, Virgil Bennett Jr., O. B. Southern, Misses Jan Susan Reese, Vinita Pitts, Wanda Pitts, Sheryl Patterson, Beth Gross, the hostesses; and Mrs. K. M. Speed, Mrs. Doris Wood, and Mrs. E. D. Runquist, all of Amarillo; and Mrs. Merle Bevan, grandmother of the bride, of Tyrone, Okla.

Since Jesus came to dwell with us, we know that God is acquainted without trials, and sympathizes with our trials. Every son and daughter of Adam may understand that our Creator is the friend of sinners. For in every doctrine of grace, every promise of joy, every word of love, every divine attraction presented in the Savior's life on earth, we see God with us. The Desire of Ages, page 24.

'I've Grown Up' Party Given For John Horton on Eighth Birthday

By JUDY GRETCHEN PINNELL  
At 12 noon Sunday, boys, dressed like the roving cowboys, and girls, dressed in long flowing dresses, hats, high heeled shoes and make-up walked into the John Horton home feeling that they were as old and wise as their mothers and daddys.

This was all for the celebration of the eighth birthday of Mike Horton. They were served sandwiches and all the trimmings for their dinner with the center of attraction being the birthday cake with "Happy Birthday, Cowboy" written on the top of it.

They entertained themselves by playing as though they were very grown-up. Those attending were Ricky Gruhkey, Rita Speed, Daletha Gruhkey, Sue Loveless, Dale Gruhkey, Linda Pinnell, Gail Gruhkey, Doris Horton, Royce Loveless, George Harwood, Buzz Loveless, Richard Harwood, Tommy Loveless, and Mike Horton.

Mr. and Mrs. Weidon Reno and Max visited in Adrian Sunday. They had dinner in the Loren Creitz home and supper in the John Skaggs home. They enjoyed visiting with all their friends.

Mrs. Jordan and Erma Lou surprised everyone when they returned home Friday. They have been in south Texas where Mrs. Jordan has been taking a course in nursing. They plan to spend the summer in Adrian. Welcome home.

Those visiting in the R. L. Pinnell home Sunday were John Henry Gruhkey, Ninnette Pounds, Linda Gruhkey, Carol Cullender, Kenneth Homfeld, Lloyd Homfeld, and Bobby Harris.

Saturday night the gathering place for all the young people was in the E. K. Pinnell home. Everyone enjoyed dancing and discussing just what had happened to them since school was out. Those attending were Allen Ehresman, John Henry Gruhkey, Gail Brown, Ninnette Pounds, Betty Johnson, Freddie Harris, Lloyd Homfeld, Kenneth Homfeld, Bubby Harris, Pee Wee Burks, Jerry Burks, Morgan Pounds, Judy Pinnell, Don Morgan, Gene Shelton, Pop Corn Pinnell, Edd Pinnell, and the hostesses, Wanda Pinnell, Rebha Pinnell and Barbara Pinnell.

Linda Gruhkey returned by train from a visit with relatives in northern California, Saturday.

Reunion in Wichita Falls  
Mrs. Horace Betts, Darla, Jo-lene, and Sammy left Saturday for a reunion with Mrs. Betts' family for several days, in Wichita Falls.

Mrs. Lou Galt has just moved to Adrian with her mother, Mrs. Jack Fincher, from Hereford, where she has been working at 20th Century. She is going to take over the management of Fay's Beauty Shop, until Mrs. Fay Cook returns.

Mr. and Mrs. Abe McCullar and family left this week for a visit with relatives of theirs in California. They will be in California for about a month.

Don Ham Preaches  
Filling the Church of Christ pulpit Sunday was Don Ham from West Texas State. He had dinner in the Oscar Bronniman home.

Visitors in the Jack Fincher home were Mr. and Mrs. Butch Lofton of Dalhart. Sunday they visited during the day and returned that night.

Those visiting in the R. D. Sisk home this week were the sister of Mrs. Sisk, Mr. and Mrs. Lee Thompson of Isabel, Kans., and Mr. Sisk's niece and family, Mr. and Mrs. Laverne Ford and children of Cullison, Kans. The parents of Mrs. Sisk, Mr. and Mrs. Bob Rentfro of Clayton, N.M., came down and spent the night and saw a doctor in Amarillo.

Visiting with Rev. and Mrs. Johnnie Williams Sunday were Mr. and Mrs. Homer Burks of Tulsa.

Researches Thesis  
Bert Speed visited with his parents Mr. and Mrs. Joe Speed, on his return trip from Las Vegas where he has been getting material on a thesis, work for his Masters Degree. He returned to Texas Tech Monday.

Mr. and Mrs. John Skaggs made a business trip to Panhandle, on Monday.

Going to Channing to a match roping Sunday as the ropers representing the Adrian Roping Club were Earl Brown, Edwin Banks, Pop Corn Pinnell, Raymond Shelton, and Ray Brown. Results they won.

Mr. and Mrs. Emory Burks, and family of Arlington, visited with Mrs. Burk's parents, Mr. and Mrs. Griggs, over the weekend.

BRAND BABIES—"Just wait until I get my space boots on and I'll be all set to go!" exclaims Andy Mays, two year old son of Mr. and Mrs. J. C. Mays. This brown-eyed, blonde haired lad likes to play with bugs and grasshoppers, and his pet parakeet, Speckles. Andy also likes to have a romping time every now and then with Smoky, his dog. # Entertain With A Tea Party

By VIVIAN BROWN

A TEA PARTY is an ideal way to get acquainted in a new neighborhood, particularly for the bride who is inexperienced at making new friends.

It is a nice, dignified way to entertain people you are meeting for the first time, and who can deny that pouring tea looks ladylike?

You can equip yourself with an inexpensive tea set from various stores that will be a complement to your home. Sparkling glass cups and saucers, cream pitcher, sugar bowl and small plates for petit fours, ice cream or tiny sandwiches can make a charming tea service. Designs of patterned glass available now are very much like sandwich and other types popular years ago.

**No Fortune Is Needed**

A complete tea service for 12 may be assembled for as little as \$10. It may consist of a dozen cups and saucers, sugar, creamer, lemon dish, teapot, 12 cake plates, a serving for cake or petit fours, a cracker serving dish and jelly dish.

Tea carts have become useful again in this TV era when so much snacking is done, and the buffet table is the order of the evening for entertaining. It is a lovely idea for carting things to and from the kitchen.

interested in you. It is up to you to find out what you have in common with them. If you run the gamut of conventional remarks, you will get a rise out of those interested in the subjects you broach, and be able to single out those who are fascinated with books, antiques, theatre, cooking, sewing or your own special hobbies.

## Household Tips

Dribble confectioners' sugar frosting over hot doughnuts for a pretty glaze. Make sure the doughnuts are hot!

Sliced pineapple may be dipped in a fritter batter and fried in deep fat. Serve sprinkled with confectioners' sugar for a luscious dessert.

Add an egg yolk and a little lemon juice to a cup of medium cream sauce for something good and rich to serve over vegetables. Slowly beat the hot cream sauce into the slightly beaten egg yolk, then stir in the lemon juice.

Brown bread crumbs (fresh or dry coarse) in butter and sprinkle over hot cooked drained asparagus stalks.

Old-fashioned test for deep-fat frying is still good if you haven't a thermometer. If a cube of bread turns golden-brown in one minute after it's dropped into the hot fat, you have the right temperature for frying raw foods.

Beat two cups of milk and a pint of soft chocolate ice cream together with a couple of tablespoons of instant coffee powder for a hot-weather treat. Serve in pretty glasses.

Making waffles? Sprinkle batter, after you've poured it onto the irons, with small pecan halves and bake as usual. Super with real maple syrup.

Heat frozen cream of potato soup with bits of leftover ham; cut the ham in even dice.

Season canned creamed corn with chili powder and serve with tamales and a green salad for a good supper main course.

Top carrot slaw with lots of minced green parsley or chives.

Add a dash of garlic powder, celery salt and nutmeg to the flour you use for coating chicken pieces. Fry the chicken by whichever method you prefer and serve with broiled pineapple slices.

Cook a package of frozen mixed vegetables and drain; mix with mayonnaise and lemon juice. Serve on salad greens as an accompaniment to cold meat.

Fill muffin-pan wells one-third full of cornmeal muffin batter; drop a blob of deviled ham in each well—add enough batter so wells will be two-thirds full. Bake and serve hot with butter. Good with fried chicken!

Stir finely chopped toasted coconut into softened vanilla ice cream then store in freezing compartment of refrigerator. Serve with chocolate sauce.

Stir grated cucumber (seeds removed before grating) into a diet dressing and serve over sliced tomatoes to the weight-watcher in your family.

Cook a package of frozen mixed French dressing to which a little curry powder has been added. Let marinate in the refrigerator. Now serve with cold meat.

Cut the top from a green pepper and remove seeds and white membranes. Score hamburger patties before broiling. When meat is browned and cooked fill scoring lines with chili sauce. Looks pretty!

## Cooking Is Fun

**FAMILY LUNCH**  
Tomato and Egg Salad  
Buttered Toast  
Gingerbread with Stewed Rhubarb Beverage

**TOMATO AND EGG SALAD**  
Ingredients: 4 medium-sized tomatoes, salt, pepper, 4 hardcooked eggs, 1/2 cup mayonnaise-type salad dressing, minced chives or fresh dill, salad greens, paprika.  
Method: Cover tomatoes with boiling water to loosen skin. Or rinse each tomato with water and swirl wet tomato over a gas flame until skin begins to char or burst. Remove skin and cut a thin slice from each end of tomato; remove stem end if necessary. Cut tomatoes in half; sprinkle with salt and pepper. Mash hard-cooked eggs with salad dressing; add salt and pepper to taste. Mix in a generous amount of chives or dill. Mound filling on tomato halves; arrange on salad greens; sprinkle with paprika. Makes 4 servings.

**PORCH SUPPER**  
Broiled Ham Steak  
Green Cabbage with Tomato Sauce  
Potatoes  
Bread Tray  
Marinated Cucumbers  
Martha's Molasses Cookies  
Beverage

**MARTHA'S MOLASSES COOKIES**  
Ingredients: 2 1/2 cups sifted flour, 1 teaspoon baking powder, 1 teaspoon baking soda, 1/2 teaspoon salt, 1/2 teaspoon cinnamon, 1/2 teaspoon nutmeg, 1/2 teaspoon allspice, 1/2 teaspoon cloves, 1/2 cup butter or margarine, 1/2 cup sugar, 1/2 cup of dark molasses, 1 egg, 1 cup of seedless raisins (rinsed in hot water and drained), 1 cup coarsely chopped walnut meats, 1/2 cup milk.  
Method: Sift together the flour, baking powder, baking soda, salt, cinnamon, nutmeg, allspice and cloves. Cream butter and sugar; beat in molasses. Beat in egg thoroughly. Stir in raisins and walnuts. Stir in sifted dry ingredients alternately with milk, in about 4 additions. Drop by heaping teaspoons on buttered baking sheet about 1 1/2 inches apart. Bake in hot (400 degrees) oven about 10 minutes. Remove with spatula to cooling rack. Store in tightly covered container. Makes about 4 dozen cookies.

**RANGETOP SUPPER**  
Minnie's Black Beans and Rice  
Mixed Salad  
French Bread  
Melon  
Beverage  
MINNIE'S BLACK BEANS AND RICE

Ingredients: 1 package (12 ounces) quick-cooking black beans; 2 quarts warm water, 1 cup (4 small) chopped onion, 2/3 cup (1 medium - sized) chopped green pepper, 3 large or 6 small garlic cloves (minced), 1/4 cup olive oil, 1 teaspoon dried crushed oregano, 1 large bay leaf, 2 tablespoons cider vinegar, 1 teaspoon salt, 1/4 teaspoon pepper, 1 cup rice, finely diced Spanish onion.  
Method: Pick over beans; rinse with warm tap water and drain. Put beans and 2 quarts warm water in a kettle (3 quarts is a good size) and soak overnight. Next morning do not drain off soaking water; add onion, green pepper, minced garlic, olive oil, oregano, bay leaf, vinegar, salt and pepper. Bring to a boil; simmer, covered, until tender—about 3 hours; most of liquid will evaporate. Stir occasionally, especially toward the end of cooking period. Add more salt if needed. Boil rice according to package directions. To serve, drain, slice and serve with egg salad.

## How Can I?

Q. How can I strengthen new glassware?  
A. Try putting the new glassware into a pan of cold water and heating slowly until the water has reached the boiling point. Then remove from the fire and let stand until the water has cooled before removing the glass.

Q. How can I soften a toothbrush that is too hard for the gums?  
A. Soak the toothbrush in hot vinegar for a half-hour. Then wash in clear, cold water and you will find a great deal of the stiffness has been eliminated.

Q. How can I keep scratches from being noticeable on patent leather shoes?  
A. Paint the shoes with a mixture of olive oil and jet black ink, applied with a very fine brush.

Q. How can I relieve an irritating cough?  
A. A mixture of the juice of two lemons, one tablespoon of granulated sugar, and one teaspoon of water will often relieve an irritating cough. Take one teaspoonful every half-hour.

Q. What can I do if the leaves of the rubber plant have turned yellow?  
A. Loosen the dirt around the edge of the pot and remove the plant to a different pot. The root may be pot-bound, or the soil may be wormy, but in either case it

is wise to repot the plant.  
Q. How can I clean the oil mop?  
A. When water and soap have failed to clean the oil mop satisfactorily use hot water, ammonia, and a little washing powder.  
Q. How can I keep the plants in a hanging basket watered without danger of dripping?  
A. Put the porous cup from a discarded wet-battery cell in the center of the hanging basket, fill it with water, and it will seep through, supplying the necessary moisture without danger of dripping water.  
Q. How can I remove creases from velvet?  
A. The most effective way is for one person to hold the velvet tightly while another passes a warm flatiron over the wrong side. Then brush the nap, and the velvet will look like new.  
Q. How can I sweeten a sour stomach and treat indigestion?  
A. Place a half-teaspoonful of baking soda on the tongue; then wash down with a drink of cold water.  
Q. How can I remove stains from a mattress?  
A. Place the stained mattress in the sun, and cover the spots with a thick paste made of starch and cold water. Allow this mixture to remain an hour or so; then scrape off and repeat the process if necessary. This treatment will prove more effective if done while the stain is fresh.  
Some seedsmen coat small seeds with clay to aid in proper planting.  
The two varieties of peacock come from India and Ceylon and from Malaya.

## RUGS HAVE GONE GAY

WHAT'S UNDER FOOT in the new home?  
Just about everything—wool, rayon, nylon, cotton, wood, vinyl, asbestos, rubber, clay tile. Sometimes it is in layers, the hard surface beneath and the soft surface above.  
Carpets and rugs have gone gay this year, bowing to the homemaker's yen for more warmth in her home. Brown seems to be tops with champagne beige to cinnamon and rich sable to beige, new

popular colors. New greens have a hint of blue, popular in many shades, particularly aqua.  
Tweedy mixtures abound in all color combinations. Simple and effective geometrics, polka dots and stripes lead the field.  
The area rug is an effective new decorating idea accenting certain parts of the room or as a room divider in living rooms with dining areas. It may be used over plain carpeting in conversation area or in hallways where there is a lot of traffic but shows to great advantage too with polished wood or tile floors.  
Smooth surface floors have taken on a new look. Traditional inlaid linoleum has taken on a party hue dress in gay colors and designs that resemble marble, terrazzo, wood.  
Floor Tiles Are Popular.  
Composition tiles are popular and invite the do-it-yourself urge, bringing down costs at the same time. Vinyl does not need frequent polishing.

**New Switchboard Addition**  
A crew of installers from the Western Electric Company moved into Hereford last week. They are here to enlarge and rearrange our switchboard. They tell me the installation will be complete by the last of July.  
This will increase our capacity to handle local calls by about 15 per cent. It should allow us to take care of the business we are expecting from the crop harvest this summer without impairing the local service.  
Incidentally, from August to November long distance usage in Hereford increases about 50 percent each year. With crops looking good now, and our population on the increase we are planning on a mighty busy summer.

**Vacation Tip**  
I guess everybody looks forward to that once-a-year vacation and probably wishes it came round more often. And since this is the start of the vacation season, it's a good time to remind you how your telephone can help you have a better vacation.  
After you have the fishing gear and everyone's bathing suit packed away in the car ready for an early morning start, why not call ahead long distance?  
It's the courteous thing to do if you're visiting relatives or friends. That way, they'll know about when to expect you.  
It's the smart thing to do if you're stopping at a motel or hotel on the way. With reservations, you can drive a couple of more hours and put more miles behind you. No need to stop early to get accommodations.  
More and more, nowadays, people count on long distance to help them enjoy their vacation more.  
Remember: Your calls go through twice as fast when you call by number. And rates are lowest on station-to-station calls every night and Sundays.  
**A Family Friend**  
You know, the telephone has always seemed to me to be a real "friend of the family."  
Mother uses it to do a lot of her shopping, and to "visit" with friends round town.  
For Dad, it's a big help in carrying on his business, and keeping in touch with what's happening in community affairs.  
And for the growing children at your house, it's probably a "must" for asking their friends over to visit, or asking them where's the best place to meet for the weekly walk to the movies.  
These are probably just a few of the ways in which the telephone proves itself as a family friend—always ready to help you and your family keep in touch.  
Call by number. It's twice as fast.
