AUDITOR'S REPORT REVEALS

Net Revenue For Hospital \$25,558

Deaf Smith County Hospital had a net revenue of \$25,558.88 in the year ending Dec. 31, 1954, the audit report of Pector and Co., which was completed last week, reveals. H. C. Pector Jr., certified public accountant with the Amarillo firm, reported that the hospital's total revenue for the year was \$177,588.27. Expenses and deductions were listed at \$161,630.66, giving a net operating revenue of \$15,957.61 for the year, and tax collections and donations totaled \$9,601.27.

Pector reported that "accounts receivable in the amount of \$29,245.74 was arrived at by the following process. An inventory of all accounts receivable was made by the management as of July 31, 1955, which totaled in excess of \$116,000. Accounts classified as non collectible by the management on that date totaled \$31,162.51. From this point we worked back to Dec. 31, 1954, which resulted in the following breakdown as of that date: Old accounts prior to 1953 considered worthless, \$70,648.24; accounts of 1954 considered worthless, \$12,674.47; accounts considered as collectible, \$29,245.74; and total per books, \$112,568.45."

The auditor reported, "The accounts and records of the period under review were found to have been kept in good and workmanlike order."

Total assets were listed at \$340,616.57. Pector said the fixed assets, which totaled \$287,439.79, "are only those acquired from 1947 on to the end of the period. The cost of the land and original building should be obtained and set up on the books."

Cash on hand of \$2,765.45 was listed under deferred credits of hospital liabilities, and the auditor commented that, "This appears to result from errors and inefficient account receivable records prior to the present management."

Here is where the hospital's money came from during the year: Room and care, \$74,995; drugs, \$26,959.68; laboratory, \$11,825.98; operating room, \$12,848; delivery room, \$4,152.70; anesthesia, \$15,112; dressing, \$5,277.23; baby care, \$2,909.10; X-ray, \$11,322.10; visitors, \$759.20; oxygen, \$5,162; emergency room, \$1,883.70; blood service, \$1265; miscellaneous, \$3080.19; discounts earned, \$165.60; and

vending machines, \$470.79. And here is how it was spent: Nurses salaries, \$57,005.84; other salaries, \$31,589.88; drugs, \$9898.61; dressings and supplies, \$1498.71; janitor and yard supplies, \$965.23; groceries, \$15,552.27; utilities, \$3747.11; laundry, \$5226.69; telephone, \$1609.57; lab and X-ray supplies, \$3304.85; office supplies \$1001.43; repairs, \$1787.69; oxygen, \$1062.25; surgery supplies, \$5283.24; general supplies, \$2278.50; Kit-

chen supplies, \$254.33; miscellaneous supplies, \$1822.55; discounts allowed, \$2307.30; vending machine supplies, \$338.10; interest paid, \$180.63; Christmas bonus, \$241.41; bad debts, \$12,674.47.

New Equipment
The audit also showed the hospital purchased 45 new pieces of equipment during the year at a total cost of \$5076.97, including an adult wheel chair, two Edison (Continued on Page 2)

Driver Injured When Car Hits Back Of Truck, Overturns On Highway 51

A Latin American was being treated in the Deaf Smith County Hospital Saturday for cuts and bruises and possibly other injuries following a highway accident one mile south of Hereford on Highway 51.

Hospitalized is Porfero Sanchez, whose condition was described as "not serious." Highway Patrolman Clarence Blair, who investigated the wreck, said Sanchez was driving a 1941 Buick, apparently at a high rate of speed, north on Highway 51 when he came up behind a slow moving truck. Blair said Sanchez tried to avoid running into the back of the truck, but failed to avoid a collision when his car struck the corner of the truck, veered off and hit a culvert and then overturned.

Sanchez was driving alone at the time of the accident. His automobile was described as a total loss. Damage to the truck driven by Valentine Torres Jr., was minor. Patrolman Blair was still investigating the accident Saturday, and no charges had been filed.

Wheat Varieties To Be Discounted Are Announced

Seven varieties of wheat grown in Texas have been declared as undesirable because of inferior milling or baking qualities and will be discounted 20 cents a bushel in 1956 price support rates, the U.S. Department of Agriculture has announced.

A listing of the undesirable varieties were forwarded to the Deaf Smith County Chamber of Commerce this week by Cong. Walter Rogers.

Listed as undesirable were red chief, red jacket, kanking, chiefkan, early blackhull, new chief and yogo—all hard red winter varieties.

The Department said the varieties were designated by the Agricultural Research Service of the Department of Agriculture after consultation with the State Agricultural Experiment Station, agronomists, cereal chemists and other qualified technicians. The 20 cent per bushel discount is designed to discourage planting of these varieties. While these varieties are planted to meet specific production problems such as drought or rust resistance, early maturity, adapted for modern harvesting methods and others, they proved to be undesirable for commercial food use, the Department said.

"Even though some of the desirable varieties might have protein content high enough for a premium, no protein premiums will apply to any of the undesirable varieties," the report said.

Newsletter Is Distributed By SCS District

The first Tierra Blanca Soil Conservation District newsletter will be distributed to all cooperators in the district this week. Luther Lesly, chairman of the Board of Supervisors, announced this week. Lesly said the letters will be the first of a series sent out to inform cooperators of the activities of the District.

Almost Tragedy, But Just Routine

Near tragedy ended as just another minor mishap last Thursday.

Mile Martinez, driving a heavily loaded potato truck east on Highway 51 began to brake his truck when he approached the Highway 51 intersection. Martinez' brakes failed and he could not slow the truck down in time to avoid running the stop sign at the highway. As the heavy truck scooped across the intersection, Martinez barely missed colliding with a passing car.

The rear axle of the truck gave way under Martinez' efforts to halt the truck, and he finally rolled to a stop three blocks past the intersection in front of Dameron Park.

Aljandro Gonzalez was a passenger in the truck, and both he and Martinez marveled at how they avoided running into something. Martinez is pictured with his truck inside today's Brand.

COUSIN THAT'S CORN—Landis Higginbotham, left, 12-year-old son of Mr. and Mrs. Raymond Higginbotham, who live five miles north of Hereford, shows his cousin, Charles Doll of Big Spring, who is visiting him, the kind of corn grown in Deaf Smith County. The stalk the boys are eyeing so measured almost thirteen feet high. (Staff Photo)

PLAY TO BEGIN MONDAY NIGHT

Piggly Wiggly Heavy Favorite To Win Hereford Softball Playoffs

The maulerous Piggly Wiggly Pigs will be favored to take the championship of the Hereford Softball League when the playoffs begin Monday night.

The Pigs are slated to meet Summerfield in the last game of a scheduled double-header which will see the Knights of Columbus and Hotel Jim Hill battling it out in the initial game. The teams will play a best two of three, the winners also playing two out of three for the championship.

Piggly Wiggly finished the season with a marvelous 22-2 record, five games ahead of their nearest competitor, the Knights of Columbus who finished with a 17-7 record. Hotel Jim Hill came next with 16-8, six games behind, and Summerfield wound up with a 12-9 record in fourth place.

"It'll be a good playoff," stated Larry Summers, league president. "It may be closer than most people expect. But Piggly Wiggly is going to be rough to handle."

Piggly Wiggly will sport one of

the sluggiest teams ever to enter a playoff. Five men will enter the game battling over 400, the home run leader, the runs batter in leader, the batting average leader, and the runs scored and hits leader with all staff Piggly Wiggly's team.

Ground Observers Named In County

County Judge Homer Henslee has appointed H. C. Angelo of Hereford and Gayle Neal of Dawn to serve as post supervisors for the Ground Observer Corps posts to be established in the two towns. It was announced Saturday.

The appointments were announced by the State Defense and Disaster Relief office in Austin. The Ground Observer Corps is an organization of civilian volunteers who have agreed to give their time and effort to aid the United States Air Force in observing, evaluating and reporting movements of aircraft.

Local observers report to a central reporting point known as filter center. These observation posts are located as near to eight miles apart as possible. They are deemed vitally important as a supplement to the network of radar stations which are charged with the responsibility of detecting enemy aircraft invading the United States, Judge Henslee said.

City Still Short One Commissioner

Hereford is still one city commissioner short.

Saturday morning there had been no one named to fill the place vacated by Wayne Edwards, who resigned effective August 1.

Around Town

There might be something to this airport talk after all. One of the largest produce dealers in New York was in Hereford last week to look over the local situation. He flew in, however, and had to land in Friona. Since he was stopped there anyway, he explained, he looked over that town as well as Hereford.

J. B. Noland has donated a truck load of Hereford spuds to the Juliet Fowler Home for the aged and orphans in Dallas. The potatoes will be shipped free of charge to Dallas by Miller and Miller and the First Christian Church will pay the cost of harvesting them.

Quannah Chamber of Commerce Manager Edward Wilson has been taking up for Hereford's claim of super water. Wilson wrote the local C-C last week asking for a small bottle of the water and any available analysis. Said he needed to prove something to a visitor from Canada.

Four hundred and forty-one enrolled in the Church of Christ Vacation Bible School which closed Friday, J. V. Davis reports. The school was the largest in the church's history, with an average daily attendance of 321.

Bonnie Lewis Is Crowned County Farm Bureau Queen

Bonnie Lewis was crowned queen of the Deaf Smith County Farm Bureau Friday night and will represent the county in the district contest to be held in Amarillo next month.

Miss Lewis was selected by three out-of-town judges from a field of 19. She is the 17-year-old daughter of Mr. and Mrs. Art Lewis of the Westway community, and will be a senior in Hereford High School this year.

Judges selected Jo Eddy Scott, daughter of Mr. and Mrs. Ira Scott, as second place winner, and Jane Newsom, daughter of Mr. and Mrs. G. W. Newsom, for third place honors. Miss Scott is a freshman at West Texas State College and Miss Newsom is a Hereford High School junior.

The 10 entries paraded before judges in the Jim Hill Hotel ballroom Friday night before a large audience. Harold Banks served as master of ceremonies for the evening, and his questioning brought forth facts from each girl. Miss Lewis even confessed that she was talented not only in housework and swimming, but in driving a tractor as well.

County Farm Bureau President Virgil Dodson crowned Bonnie as queen to highlight the second annual FB queen contest. He handed her the traditional red roses and a check for \$25. She will compete in the Amarillo contest for district honors, and if she is winner of that contest, she will go to Fort Worth to try for state honors.

Mrs. Clyde Russell, contest chairman, presented each girl with a gift. She said the purpose of the contest "is to give recognition to farm and ranch girls of Texas."

Each girl's father or brother is a member of the Farm Bureau. Judges were Allen Webb of Dim-

mitt, past president of the Castro County Farm Bureau; Aubrey Elliston of Friona, past president of the Parmer County Farm Bureau; and Mrs. Allen Webb of Dimmitt. The judges based their decision on appearance, poise and personality.

Miss Lewis was sponsored by Cooper's Market and Miss Newsom by Tasty Drive Inn. Other contestants and their sponsors were Jackie Brown, McCaslin Lumber Co.; Myrna Coffin, Archie's Cafe; Sue Kirby, Magnolia Service Station; Judy Pinnell, Young Motor Co.; Gayle Wagoner, McCullough Motor Co.; and Jo Hall Hereford Butane.

District winners, along with an attendant for each, will receive an expense paid trip to the state convention. The state queen will be allowed \$500 expenses to the national convention to be held in Chicago in December and the remaining 12 district queens will each receive a watch.

Phipps First President Of Optimist Club Here

W. A. (Bill) Phipps was elected president of the newly organized Hereford Optimist Club this week at the charter luncheon held in the Western Wheel Inn.

A full slate of officers were elected by the 27 charter members of the civic club including L. D. Martin, vice president; Marvin G. Coffey, vice president; and J. P. Blanton, Arthur E. Dean, Gene F. Griffin, John F. Kelly, B. H. (Doc) Kirby and Sam Long, directors.

Phipps appointed W. L. Brady

secretary-treasurer, Verdon Watts sergeant at arms and Rev. Lester L. Jones, chaplain.

The Wednesday meeting marked the conclusion of steps taken several weeks ago by local business and professional men to initiate the formation of an Optimist Club under the sponsorship of the Amarillo Optimists.

The new club will be in District 7, which includes clubs in Northern Texas, Arkansas and part of Louisiana. Dr. Omos O. Shaw of

Denton is governor.

Phipps name: eight committee chairmen. They are: Owen Gwen, attendance; W. W. Buck, bulletin; James Miles, building; Troy Powell, inter-club; B. H. Kirby, weekly club program; John Kelly, boys' work; Lloyd Pool, member classification; and Glenn Watts, publicity.

Several Optimists from Amarillo were present, including Al Kipp, president of the Amarillo club; Leo Miller, lieutenant governor of Zone A; and B. Kaufman, vice president of the Amarillo club.

William W. Spear, field representative of Optimists International, acted as chairman, and explained the workings of Optimists to the Hereford members.

Spear said the specific program of Optimist International's 1100 clubs and 50,000 members touched the lives of nearly 900,000 boys last year.

Formal chartering ceremonies for the new club will be held in the near future, Phipps said. Regular weekly luncheon meetings will be held each Monday at the Wheel Inn.

Charter membership in the club will be held open until Monday. Charter members so far include Jackie Allmon, W. W. Angel, H.C. Angelo, J. P. Blanton, William L. Bradley, J. B. Brown, W. W. Buck, Clinton Cates, Marvin Coffey, Arthur L. Dean, Gene B. Engler, Terry K. Kirby, Sam Long, L. D. Martin, Jack McQueary, James Miles, Guinn Owen, W. A. Phipps, R. L. Pool, Troy Powell, Wayne Stark, Glen Watts and Verdon Watts.

VISITING—Sister Mary Faith, who has been studying at St. Scholastica Convent at Fort Smith, Ark., is visiting in the home of her parents, Mr. and Mrs. Andrew Kershen, in the Westway community. She made temporary vows as a Benedictine Sister for three years and received her black veil June 24. She will return to Fort Smith where she will be assigned to teach in elementary grades in one of the Colored schools.

S. O. Wilson has been acting as justice of the peace this week in the absence of Judge E. W. Bottom. Wilson says that small claims court cases have kept him busy.

Al Kipp, president of the Amarillo Optimist Club, was telling another of the Amarillo visitors that he had better eat all his potatoes when he was eating in Hereford because of the potato situation. A farmer sitting near Kipp commented that he had really made a lot of money off spuds this year. The fellow next to him turned to the farmer and asked how he managed to do it. "I didn't plant any of them," he replied.

Dr. James Barnett and not Dr. L. B. Barnett as stated in Thursday's Brand, will serve as vice president of the County Heart Chapter.

Mr. and Mrs. Arthur Thompson were expected home yesterday after attending funeral services for her sister, Mrs. Lottie Johnson, in Hamilton, Kans.

Lt. and Mrs. Oliver Streu and baby arrived here the past week for a visit with her parents, Mr. and Mrs. Wm. F. Hardwick and his parents, the Urin Streus. Lt. Streu will leave soon for a six months tour in the Navy on the U.S. Winston. Mrs. Streu will remain in Hereford while he is away.

Mr. and Mrs. Dub Hair and family left Saturday morning for a vacation in Colorado Springs and other points of interest in Colorado.

Mr. and Mrs. George Cameron and daughters of Dimmitt were recent guests in the home of her parents, Mr. and Mrs. J. B. Harlin.

Knights And Farmers Win; Playoffs Slated For Monday

The Knights of Columbus definitely assured themselves of second place in the Hereford Softball League by knocking off Hotel Jim Hill 24-11 Friday night, while Summerfield was pasting Popular Store, 15-5.

The two teams, Jim Hill and the KC's, will also meet in the first round of the playoffs, scheduled to start Monday night. Piggly Wiggly and Summerfield will play in the second game. The playoffs are scheduled for the best two of three games, the winners also playing two out of three for the championship.

The KC's were always in complete command, leading throughout the contest. They never did have much trouble scoring, while Jim Hill scored in only two separate innings.

The Knights scored 10 runs each in two separate innings, the sec-

ond and the seventh. Jim Hill scored six in one inning and five in the other. Seventeen hits rounded off the bats of the KC's, while Jim Hill got six. Other than the second and seventh the Knights scored runs in the first and sixth.

The KC's picked up in the first on a double by Kershen and a single by Fangman, then they exploded in the second for 10 big tallies. They got only five hits but collected five walks. One of the hits collected was a home run with the bases loaded crashed out by Kenneth Walterscheid.

Then three more scored in the fourth on the same number of base hits. All three were doubles, driving in the runs with the help of a few errors along the way.

The 10 runs which broke Jim Hill's back in the seventh came on nine booming base hits with the aid of two costly errors.

Hotel first scored six runs in the first on two safe blows. Ken Walterscheid ran into a brief wild spell, walking four straight men before finally retiring the side before more damage could be done. Reuben Knox drove across two more in the fifth with a bases loaded single and Dick Ross scored one with a sacrifice fly. An error on Billy Albracht accounted for the other two.

How Can I?

By Anna Ashby

Q. How can I make china cement?
 A. Stir some freshly slaked lime into the white of an egg until it becomes the consistency of paste. Apply this to the broken edges of the china to be mended; then let dry for three or four days. This cement may also be used on glass and marble.

Q. How can I soften finger nails?
 A. Finger nails that are hard or brittle can be softened if they are immersed in warm olive oil every night. Or, try rubbing a little Vaseline jelly on them every night.

Q. How can I make better coffee?
 A. The taste of coffee is improved, and will be much clearer, if an egg is added while the beverage is cooking.

Q. How can I remove corns from the feet?
 A. If a piece of lemon or a mashed cranberry is bound over the corn when retiring for the night, the corn can often be removed readily.

Q. How can I make a whipped cream substitute?
 A. Add a sliced banana to the white of an egg and beat until stiff. The banana will be entirely absorbed.

Magazine Boosts Hereford 'Truck Garden Of The Plains'

Hereford is featured in the August edition of "The Gas Jet," magazine printed by Pioneer Natural Gas Co.

An article headed, "Hereford... Truck Garden of the Plains," tells about the rapid growth of the city. Helping tell the city's story are 12 pictures.

Here is the story:
Had you driven through Hereford, Texas, last month, you would have been impressed by the flurry of activity in the town... switch engines snaking box cars onto sidings... trailer transport trucks lined up on the highways into town... trucks groaning under heavy loads as they streamed into town from the farms.

You would have seen Hereford at the height of the potato harvest, when thousands of bushels of potatoes were dug, processed, graded, packed and sent on their way to markets all over the country.

Hereford, once known as the "Town Without A Toothache," now lays its claim to fame for another reason... that of being the center of the most important agricultural, livestock and livestock products producing regions in the Panhandle of Texas.

Marked development and expansion of industry has been apparent during the period of the last 10 years, and due to these "growing pains," Hereford has "busted out all over."

About 44 industries are located in Hereford, and include two air conditioning plants, a bakery, a cement works, a cabinet works, two concrete plants for making irrigation pipe, a creamery, two flour mills, four grain elevators, two ice plants, two machine shops, three packing sheds, 10 vegetable growers and shippers and numerous others.

Principle crops produced in Deaf Smith County include alfalfa, barley, cabbage, carrots, castor beans, corn, cotton, grain sorghums, lettuce, oats, onions, potatoes, sudan, sugar beets, sweet sorghums, and wheat.

Other crops grown in the area might well give Hereford the title "The Truck Garden of the High Plains."

Plains." They are beets, cantaloupes, cucumbers, English peas, green beans, spinach, tomatoes, turnips and watermelons. Fruits grown in this area are apples, berries, cherries, grapes, peaches, pears, plums and prunes.

Hereford is the county seat of Deaf Smith County, and was established as a town when the Santa Fe Railroad built to this point in the year 1898. It was incorporated as a city on Nov. 15, 1906, and with the diversified commercial and industrial enterprises has grown to be one of the most important commercial trading centers in the Panhandle of Texas.

Of the 964,480 acres of land in the county, over 799,655 acres are in farms and ranches. From 40 to 50 percent of the arable land is under irrigation. The Hereford office (Pioneer Natural Gas) handles 95 irrigation accounts consisting of 167 irrigation wells. This number is expected to increase greatly when interested farmers tie on to irrigation laterals laid this year by Pioneer.

An abundant supply of pure water is found at varying depths ranging from 30 feet to 400 feet, and is derived from sand and gravel deposits lying near the surface.

Because of the quality of its water, Hereford gained the reputation of being the "Town Without A Toothache." As early as 1940, extensive dental surveys were conducted in Hereford by the State Health Department. Its findings were published in the American Dental Association Journal, drawing the conclusion that the dental decay rate in this area was four times less than in any other area that had been surveyed in the world.

It was the general opinion that the low decay rate was due to the presence in the drinking water and foods of an optimum amount of fluorine.

Too, much research relative to bone-healing was done. In 1950, extensive bone-healing studies were made on residents living in Deaf Smith County and Dallas County. The conclusions reached were: That in Hereford, the rate of bone-healing, especially in older people, is approximately twice that observed in other areas... that bone from this area is approximately five times as high in magnesium as bone studied in other areas... that bone structure, even in the aged, resembles that of young bone... and finally, that people and animals studied in this area were in a superior nutritional state compared to individuals studied from other areas.

This superior nutritional state is a result of factors derived from the food and water produced in this area.

Great interest is shown in civic development in Hereford, and the civic clubs in the town include the Chamber of Commerce, Jaycees, Lions, Rotary, Kiwanis, Business and Professional Women and the Toastmasters.

The townsmen's intense interest in their community is also evidenced by the fact that once each month, on the first Wednesday, citizens get together for a "Community Breakfast." At this meeting, free and open discussions are held concerning problems, projects and other things which are of interest to the community and its residents.

Hereford has efficient and modern schools and one parochial school. There are 19 churches in the town representing 13 denominations. The Hereford Brand, a bi-weekly newspaper, has a circulation of over 2500 and the town also has a broadcasting station, KPAN.

Deaf Smith County Hospital, with a capacity of 40 beds, has modern facilities and is staffed by able doctors and technicians.

Along the recreation line, the town has eight city parks, one municipally-owned swimming pool, two theaters, and one drive-in theater. Then for those folks afflicted with that strange malady,

Study Clubs To Begin Fall Activities

Fall activities of local study clubs will get underway during the month of September, and in the meantime plans for study programs, projects and social sessions are being drafted by committees and club officials. A variety of activities are listed by Les Mariee Shady...

LEAD REVIVAL—Revival services which are being fielded by the First Methodist Church this week through Sunday are being conducted by two young men, Tom Graves, 16, and Kenneth Rogers, 18, from Grand Prairie, who will be preaching and Rogers of Plainview will lead the singing. Sunday services will begin at the regular time but the morning services during the week will begin at 10 o'clock at the evening services at 7:45 p. m.

Coopers Upset Rutherford While Pigs Defeat Holt

By BILL KNOX
Lowly Coopers, owners of only two wins this season, knocked Rutherford from a playoff slot with a stunning 18-7 victory, while high-flying Piggly Wiggly again edged Hotel Jim Hill by a 6-5 count.

Cooper's look advantage of every base on balls and every error. And both were aptly. Precisely 20 walks were issued to Coopers batters and Rutherford was guilty of making eight errors. Coopers banged out only six hits in registering the win. Rutherford got only 10.

The only time Rutherford trailed was when they lost the game in the seventh. Before that they had kept up a steady barrage of hits and runs and their lead didn't seem in danger until the bottom of the seventh.

Piggly Wiggly trailed only once, in the first inning. They quickly dissolved that lead and protected their margin which gradually grew smaller.

Both teams scored in three separate innings. Piggly Wiggly's biggest output was in the first when they sent four runs across the plate. Jim Hill's biggest inning was the fifth when they came up with a three-run outburst.

Jim Hill's first tally was first when they picked up Morgan walked the first three to load the sacks, but Winkler ed Timberlake at home and went down by the strike out. Then Suttle worked Morgan another walk to force in the third when Burdine safe on an error and Ross slip him in before being thrown out.

Their three runs in the brought them to within one Timberlake was safe on W error to lead off. Burdine led Ross and Winkler walked, ing the sacks. Hale popped and, but Leroy Suttle's tripled ed across the three runs.

Piggly Wiggly notched for the first when McNeese led with a single. He was safe at and when Miles dropped the then Sims drew a base on before Brock forced McNeese third. Dement got a scratch to load the bases and Brock out at third on Lueb's score. Corbett clouted a triple and ed himself on an error.

After that the run in the came when Dement walked, was safe on an error De scoring. They added one in fifth also.

Westway News

By MRS. J. TOWNSEND

Rev. C. T. Jackson of Dumas, Methodist pastor, filled his regular appointment, Aug. 14 at the Westway Church.

Essie B. Cardwell of Hereford called Sunday afternoon in the home of Mrs. Bess Werner and Geo. Turrentine.

Mr. and Mrs. E. E. Allen and Marvalene of Adrian were dinner guests in the Johnnie Townsend home Wednesday.

Jimmy Harris of Morton is spending a few days in the home of his grandparents, the Everett McIntosh.

Mr. and Mrs. Everett McIntosh visited recently in the J. L. Bell home at Dawn.

Mr. and Mrs. L. B. Holland and Mrs. H. Smith and Harold Smith of Norman, Okla., were recent visitors in the home of Bess Werner.

Mrs. Bess Werner attended the meeting of the newly organized Deaf Smith County Heart Chapter in Hereford last Monday.

Mrs. Ray Halton of Dimmitt was released from Deaf Smith County Hospital last Monday and is now recuperating from major surgery in the home of her parents, the Roy Lee Wilsons.

The children of Mrs. Zona Cochran gathered in Dameron Park last week where they celebrated Mrs. Cochran's birthday and that of her son, Pfc. Delton Cochran.

Those attending the celebration were Mr. and Mrs. Joe Wagoner, Gayle, Ann, and Joe Bob of Westway, Mr. and Mrs. John D. Owens and Davie of Frio, Mr. and Mrs. Art Shaffer and Linda, Mr. and

Mrs. Delton Cochran and Mrs. Zona Cochran of Hereford.

Entrants in the Farm Bureau Queen contest from this community are Gayle Wagoner and Dora Ruth Inman.

Mr. and Mrs. G. H. Batenhorst and Debra Marie of Wildorado were Sunday visitors in the home of Mrs. Batenhorst's parents, the Abraham Dragers.

Mr. and Mrs. Johnnie Townsend and Terrie went to Lakin, Kans., last weekend where they visited in the home of their daughter, Mrs. John Burns. Sandra Townsend who had spent some time in the Burns home, returned home with her parents.

Gayle Wagoner spent several days last week in the home of her aunt and family, the John D. Owens of Frio.

Mr. and Mrs. Zeb Jackson, en route to their home in Stinnett from Hot Springs, N. M., were weekend guests in the Joe Wagoner home.

Pamela and John Teavy of Dallas, niece and nephew of Mrs. Jack Renfro, are visiting in the Renfro home. Mrs. Renfro met them in Amarillo at the airport.

Mr. and Mrs. Jack Marcum, Linda, Jackie and Sandra of Pawhuska, Okla., visited in the Everett McIntosh home last week. Mr. Marcum is Mrs. McIntosh's nephew.

Mr. and Mrs. Ted Richardson, Gary, Phyllis, Sam and Robert of Dawn, were Sunday dinner guests in the home of Mr. and Mrs. Everett McIntosh.

Mrs. Bess Werner attended a meeting of the Art Guild in the home of Mrs. Don Root in Hereford last week.

Mr. and Mrs. Everett McIntosh and Bud went to Morton on Wednesday where they visited in the home of their daughter and family, Mr. and Mrs. James Harris.

Mrs. Bess Werner had the misfortune of losing a beautiful and valuable stole while in Lubbock a short time ago. She had accompanied her daughter and husband, Mr. and Mrs. Gene Roach of Tatum, N. M., to Lubbock. After leaving the parked pickup in which they were traveling, she left the stole, trusting the people there as she always had in Hereford. But al-

though they were gone just a short time, when they returned, the stole had been taken.

Mr. and Mrs. G. L. Shirley and Ella Kroff of Hereford were recent supper guests of the Clarence Sauleys.

Cliff Potter called in the Sauley home last Wednesday.

Mr. and Mrs. Harold Rudd, Lynn Patsy and Marie, of Estancia, N. Mex., visited recently in the home of his parents, the Paul Rudds.

Dick Conley has been re-admitted to Deaf Smith County Hospital for further treatment of a leg he injured in a plow and tractor accident last week.

Bobby Mullins, grandson of Mrs. Clarence Sauley, was honored Sunday in the Sauley home, with a birthday party. The party also honored Carl Smyth of Frio whose birthday was the same day.

Those attending the party were Mr. and Mrs. Lester Smith and Teresa and Kenneth and Mr. and Mrs. Jack Odell of Amarillo, Mr. and Mrs. G. M. Woolsey and daughter and Mr. and Mrs. L. A. Mullins and Lester of Roaring Springs, George Edwards, Ted and Harley Alsop, Mr. and Mrs. Sauley and the honored guests.

Currys Hold Family Reunion

At a family reunion held Monday through Wednesday in the home of D. E. Curry, the brothers and sister of Mr. Curry were present.

This is the first reunion the family has had since 1910, but they plan to make it an annual affair in the years to come.

Present at the gathering were: Ossie Curry of Indiana, I. S. Curry and son Ralph of Missouri, Homer Curry of Arkansas, Basil Curry of Arizona, Mr. and Mrs. Elbert Hargis and Mrs. Gladys Woodlief of Louisiana, Z. D. Curry and son Jerry of Dallas, Florence Curry of New Mexico, Earl Curry of Hereford and the D. E. Curry family of Hereford.

Supper guests in the home of Mr. and Mrs. Lester Galley Thursday evening were Rev. and Mrs. J. M. Tucker and daughters of Plainview. Rev. Tucker will be in charge of services at the Assembly of God Church Sunday and each night this week except Saturday night.

Mrs. H. E. Miller has returned from a month's visit with her daughter, Mrs. Herbert Dones in Sacramento, Calif.

CERTIFICATE: We hereby certify that we have examined the accounts of the City of Hereford, Texas, for the fiscal year ended April 30, 1955, in so far as such accounts related to cash receipts and disbursements. We did not make a detailed audit of all transactions recorded during the year. We did, however, make comprehensive test checks of transactions and secured verification of cash on deposit at April 30, 1955.

In our opinion, subject to the above limitations and to the comments contained in our audit report dated July 25, 1955, the accompanying combined balance sheet and statements of receipts and disbursements present fairly the financial position of the City of Hereford at April 30, 1955, and summary record of receipts and disbursements during the year then ended.

NEAR TRAGEDY—Mite Martinez is pictured working on the rear wheels of his truck on Park Avenue following what was almost a tragedy. Martinez said he was traveling east on Park Avenue when his brakes failed him in front of the Catholic School. His truck was heavily loaded with potatoes and he could not stop for the Highway 51 intersection, barely missing a passing automobile. The truck stopped about three blocks from the intersection in front of Dameron Park. See story on page one, section one. (Staff Photo)

Betty Dru Arrington Becomes Bride Of Richard F. Pickens

The marriage of Miss Betty Dru Arrington, daughter of Mr. and Mrs. R. G. Arrington of 1039 Hartsdale Dr., Dallas, and Richard Franklin Pickens, son of Mr. and Mrs. J. V. Pickens, Route 3, of Hereford, was solemnized at 10 o'clock yesterday morning in the First Baptist Church.

The Rev. Johnnie McBroom of Abilene, performed the double-ring ceremony with music by Mrs. Howard Scott, organist, and Mrs. Richard Ireland, soloist.

Mrs. Scott presented a medley of nuptial selections as guests were arriving and accompanied Mrs. Ireland who sang "Through The Years" and "O Promise Me." The traditional wedding marches were used and "The Wedding Prayer" was played softly during the ceremony.

An all-white theme was featured in decorations of the church, backed by a tall center arrangement of pyramiding greenery. Baskets of white gladioli and chrysanthemums were placed at either side with tapers forming a pyramid of light burning in seven branched candelabra.

Matron of Honor

Mrs. Stanley Slagle attended her sister as matron of honor, and the bridesmaids included another sister, Sharon Arrington of Dallas, Joan Moore and Sharon Dee Moore.

Mrs. Slagle wore an aqua waltz length formal of nylon net over taffeta with the strapless bodice

Kansas Visitor Is Complimented

Mrs. Morgan Cole and daughters Sharon and Janet, of Colby, Kans., were complimented at an informal coffee courtesy given by her sister, Mrs. Emil Dettman, Monday morning.

Roses predominated in decorations which included a variety of garden flowers, and centered the serving table.

The guest list included many friends of Mrs. Cole's, made on former visits here with her sisters, Mrs. Dettman and Mrs. Joe Smith, and brother, Alton Biggers.

Attending were Mesdames Jim Wood, Cleo Meharg, Ray Suit, Ronald Babione, Milton Adams, Frank Prowell, Marie Bilibrey, Dick Miller, Don Moore, Joe Kendall, Dick Barnard, Joe Smith, Alton Biggers, the honorees, Ann Smith, and the hostess.

dramatized with a band of matching velvet with bow in front. The tiered apron effect draped to a bustle in the back of the skirt. She wore a band of nylon net covered with iridescent sequins in her hair with a neckline veil attached, and she carried a half-moon shaped bouquet of pink roses and white chrysanthemums.

The three bridesmaids wore white net waltz length dresses over taffeta made with fitted bodices and full skirts. They also wore bands of iridescent sequins in their hair and carried half-moons of aqua chrysanthemums.

Alicogene Cottrell and Gary Paetzold carried the rings on heart-shaped pillows of pink satin.

Alicogene wore a floor length frock of pink nylon net and a wristlet of pink roses.

Stanley R. Slagle served as best man and ushers were Bill Rose of Odessa and Tim Corbett and Bill Bookout.

Bride Wears Sister's Wedding Gown

The bride who was escorted to the altar and given in marriage by her father, wore the wedding gown worn by her sister, Mrs. Stanley Slagle, at her wedding. The gown of blush lace and tulle was fashioned with lace bodice having a petal collar and miniature lace buttons fastening the back. Long lace sleeves tapered to deep petal points over her hands. A wide panel of lace accented the front of the bouffant skirt of layers of tulle over slipper satin, that drifted to a Chapel length train. Her fingertip veil of illusion was attached to a tiara embellished with seed pearls and she carried a white prayer book topped with a single orchid. For sentimental reasons she wore her mother's wedding band and a single strand of heirloom pearls.

The bride's mother wore a pink linen and lace dress with rhinestone trim and black and pink accessories, and the bridegroom's mother wore a nylon dress in powder blue with neck trim of rhinestones. Their corsages were fashioned of white carnations.

The reception which followed the ceremony, was held in the church parlors. The bride's table was laid with a Chinese linen cloth and centered with an arrangement of pink asters flanked by lighted aqua tapers.

In the house party, were Mrs. C. O. Billingslea, Mrs. R. N. Yarbro, Mrs. C. C. Newman with Mrs. Richard Ireland and Miss Juanita Cottrell of Olton presiding at the table. Miss Betty Hamilton presided at the bride's book of names.

Wedding Trip

For the wedding trip the bride chose a navy Lilli Ann silk suit with white accessories and a white satin hat. She wore the orchid detached from the wedding bouquet as her corsage.

Upon their return the couple will make their home at 406 W. Sixth Street.

Out of town guests at the wedding included Mr. and Mrs. Gene Cottrell and family of Olton, Mr. and Mrs. Jack Pickens and family of Lubbock, Mr. and Mrs. H. H.

Mrs. Dyalthia Bradly and Henry Benson Wed Aug. 20

Announcements have been made here of the marriage of Mrs. Dyalthia Bradly and Henry N. Benson Saturday, August 20.

Vows were exchanged at 10 o'clock in the morning in the home of Mrs. Bradly's sister, Mrs. J. C. Gilbreath of Dimmitt. Rev. Russell Wingert, pastor of the Hereford Presbyterian Church, read the simple service in the presence of members of the two immediate families, Rev. and Mrs. S. M. Dunnam, and Mrs. L. R. Bradly.

Pink and white flowers were used in profusion about the Gilbreath home and an improvised altar was arranged with tall baskets of pink and white chrysanthemums and gladioli.

Mrs. Bradly chose a pastel pink silk suit with navy velvet hat and navy accessories. A corsage of pink and white orchids was pinned to her shoulder.

Following the ceremony refreshments were served in the dining room where the wedding cake topped with tiny pink wedding bells was served from a table laid with a white cutwork linen cloth and centered with an oblong arrangement of pink rosebuds.

When the couple left on a short trip to points in Colorado, Mrs. Benson was wearing a tangerine print dress with duster in cocoa brown. Her small brown hat was of velvet and accessories were in matching brown. Upon their return they will reside at 509 E. Fifth Street.

Both Mr. and Mrs. Benson have been connected with the business life of Hereford for many years. She has been in social service work since 1934. In 1936 she assisted in the organization of the Hereford Credit Union and was elected secretary-manager. In 1941 she assumed the duties of Red Cross Executive secretary and held that office until 1952 when she resigned to give more time to the Credit Union. In 1953 she resigned from the social service work and has since devoted her entire time to the Credit Union.

She has been recognized as a leader in the Credit Union movement and now serves as a state director. Recently she was given honorary membership in the Amarillo chapter, Delta Kappa Gamma, teacher's sorority, for out-

IN BAPTIST CHURCH SATURDAY

Double Ring Service Is Read For Vondell Edwards, Ben R. Plummer

Miss Vondell Edwards, daughter of Mr. and Mrs. J. M. Edwards of Seagraves, became the bride of Ben R. Plummer, son of Mr. and Mrs. Bruce Plummer in a double ring ceremony read in the parsonage of the First Baptist Church Saturday morning August 13, at 9:30 o'clock.

Rev. Howard Scott, pastor, performed the ceremony in the presence of the immediate members of the two families.

Mrs. Howard Scott, pianist, played "O Promise Me" preceding the ceremony and "The Wedding Prayer" was played softly as the vows

were spoken. Mrs. Scott also played the traditional wedding marches for the occasion.

Miss Virginia Green of Albuquerque, N. M., was the bride's only attendant. She wore a frock of yellow nylon over satin fashioned with fitted waist and full skirt, and a small yellow hat. Her flowers were white carnations forming a shoulder corsage.

Ronald E. Gaskill of Corning, Iowa, served the bridegroom as best man.

The bride chose a street length dress of white nylon applied in scroll effect with velvet flowers,

over white bridal satin. The fitted waist was completed with a small Peter Pan collar and cap sleeves. The very full skirt was attached to a low waistline and she wore a small veiled white hat and a white orchid corsage.

The bride's mother wore navy with white trim and white hat with blue and white accessories. The bridegroom's mother wore a blue summer sheer with white accessories and matching hat. Both wore a corsage of white frenched carnations.

Immediately following the ceremony (Continued on Page 2)

Miller-Stewart Engagement Is Announced Here

Mr. and Mrs. R. B. Miller have announced the engagement of their daughter, Betty Frances, to M. Paul Stewart, son of Mrs. Mellis Stewart of Denver, Colo.

The wedding will take place in Hereford Sunday Sept. 4, at 10 o'clock in the afternoon in the home of the bride's parents. Rev. Russell will perform the ceremony.

Miss Miller has made her home in Denver for the past 6 years and is employed in secretarial work there. She is expected to arrive in Hereford about Sept. 1.

Mrs. Dalton Criswell returned home Thursday after undergoing surgery in a Canyon hospital.

Pre-Nuptial Courtesies Honor Bride-Elect Betty Arrington

Among the pre-nuptial affairs given to compliment Miss Betty Arrington who became the bride of Richard F. Pickens Saturday, were an informal gift party at the home of Mrs. Sylvester Slagle, and a miscellaneous shower courtesy given in the home of Mrs. Lewis Shirley Thursday afternoon.

The Slagle home was the setting

for a Coke party hosted by Mrs. Stanley Slagle and Mrs. Richard Slagle recently, featuring gifts of lingerie.

The table was laid as a miniature back yard with lingerie pinned to a clothes-line backed by a fenced-in flower garden of pink asters.

Those attending were Sue Barnard, Sharon Moore, Joan Moore, Gayle Gault, Mrs. Doug Rittenberry of Amarillo, Mrs. Don Morgan, Betty Hamilton and the honoree.

Shower Courtesy
A miscellaneous shower honored the bride-elect Thursday afternoon in the home of Mrs. Lewis Shirley with Mesdames C. C. Billingslea, Clyde Russell, W. Glenn Williams, Irving Alexander, and Misses Sharon Dee Moore and Joan Moore assisting as hostesses.

The pink and aqua color theme used in the wedding were featured with a line arrangement of pink and white chrysanthemums flanked by aqua taners centering the refreshment table. Mrs. Stanley Slagle and Mrs. C. C. Billingslea presided. Joan Moore was in charge of the bride's book of names.

Music for the afternoon was presented by Linda Russell and Dorothy Williams.

Approximately 25 guests registered during the calling hours with out of town guests including Mrs. Alton Warren of Portales, N. M., and the bride-elect's mother, Mrs. R. G. Arrington, and sister Sharon of Dallas.

Many sent gifts who were unable to attend the party.

Missing Pig Case Still Unsolved
 The mysterious disappearance of Fanny, pet pig owned by Jimmy Lemmons, seven-year-old son of Mr. and Mrs. Robert Lemmons, is still unsolved except for the finding of tracks in a nearby mulze field.
 Last week young Lemmons ran a classified ad in The Brand asking for help in finding the pet pig. However, no other traces except for the finding of the tracks have been found.
 So keep on the alert. If you see a pig running loose that looks as if it might be lost, report it.

Christian Group Holds Session

Group 1 of the Christian Women's Fellowship of the First Christian Church met in the home of Mrs. Robert Thompson Wednesday morning at 9:30 o'clock with Mrs. Troy Moore, chairman, presiding. Mrs. Robert Blake was welcomed as a new member. Mrs. C. R. Smith gave the devo-

tional program on "Possessors of the Land." Announcement was made that the next meeting will be held with Mrs. Clyde Russell on September 21. Refreshments were served to Mesdames Glenn Williams, Robert Blake, George Muse, J. J. Clark, W. N. Lemmon, Troy Moore, A. N. Hopson, R. G. Blue, Carl Williams, Marvin Winget, Nona Jowell, C. R. Smith, James Shaffer and the hostess.

Charles M. Brady, a student in printing at Oklahoma A&M Tech, Okmulgee, will visit his parents in Hereford during Tech's summer vacation period. A&M Tech classes were dismissed at 5 p.m. Aug. 17 and will be resumed September 5 for the fall semester according to Director L. K. Covelle. New students will be accepted at the trade school during the official fall enrollment period, September first through October first.

Mrs. Leslie Walls and son Mitchell Lynn of Ft. Hood, will be in Hereford this week for a visit with her parents, Mr. and Mrs. Lynn Kester. Recent guests in the R. B. Miller home were Mrs. Miller's sisters, Miss Hettie Lou and Maude Hick of Dallas who were en route to points in Colorado for a vacation, Miss Julia Hillhouse of Ada, Okla., who stopped here for a

short visit en route to Albuquerque, N. M., and a teaching position in the public schools, and Miss Bess Miller, sister of Mr. Miller of Oklahoma City. **BIRTHDAY PICNIC** A back yard picnic supper was given at the home of Mr. and Mrs. Charley Calloway Wednesday evening honoring Mrs. Harry Denges on her birthday. Those attending were Mr. and Mrs. L. J. Mathews

and son, Mr. and Mrs. Franklin Miller and son of Clovis, N. M., and Mrs. Harry Denges, Mrs. Roy Boyd and the hosts and their family. The passenger fatality rate on U.S. railroads in 1954 was .07 per 100 million passenger miles. No commercial deposits of tin have been found in the United States.

COUNTING THE PENNIES—Chief Leo F. Box operates the machine that counts the coins taken from Hereford's parking meters and also wraps them at the same time. It took the machine about two hours to wrap this week's collection of \$166 that was taken from the meters August 17. (Staff Photo)

IF YOU DON'T HAVE TO PAY THE UPKEEP

There's Good Money In Parking Meter Business

By CAROLYN INMAN

So, sometimes the City goes in the hole on the parking meter situation!

"Why, then," asked this wondering reporter, "does Hereford have parking meters?"

Massey explained that since the installing of the first meters in Hereford in 1947, the purpose of the meters has been strictly to keep the traffic moving.

If it were not for the meters, cars could be parked in a certain place all day and other folks would not have a chance to park their cars when they came to town.

Now to the question of parking tickets.

From January to July of 1955, 3090 tickets were issued to violators, the highest amount of tickets issued in April with 679, and February being the lowest with 180.

About 90 percent of the home-town tickets are paid on time and 50 percent of the out-of-state tickets. Although many persons are sent second notices, few warrants have to be issued.

The warrant gives the police the authority to put the violator under arrest if he fails to appear in court. An added charge of three dollars goes with the warrant that has to be paid to the court whether the person is found guilty for over parking or not.

Why aren't courtesy tickets issued to out-of-state cars? Simple. Several permanent residents of Hereford have out-of-state cars and the many transit workers who own cars with out-of-state license tags would soon monopolize Main St., Massey says.

After viewing over the situation, this reporter believes the best bet is still to put a penny in the slot and go about your business. After all, a penny compared to a dollar makes quite a difference—even in this day and time!

Woodford Attends Fraternity Meet

Tom Woodford left Wednesday for Bedford Springs, Pa., where he will attend the annual national convention of Beta Theta Pi fraternity held there August 30-Sept. 3. He will serve as freshman delegate from the Beta Theta Pi chapter at the University of Colorado, where he was a student last year.

Woodford was joined by the University chapter president and a delegate at large for the trip and the trio will spend 10 days in New York City and Washington D. C. before attending the convention.

A freshman at the University last year, young Woodford plans to return to the campus early this year for rush week. He is the son of Mr. and Mrs. Lisle Woodford and a graduate of Hereford High School.

Mr. and Mrs. Alton Warren, who have been in Portales, N. M., where he attended ENMU, are visiting her parents, Mr. and Mrs. C. C. Billingslea. They plan to leave soon for Forrest, N. M., where he will be basket ball coach and a member of the Forrest High School faculty.

WHAT IS IT?—Mrs. C. V. Burges, who lives about seven miles northeast of Hereford, looks over her "mystery plant" on her back porch. The plant, which was given to her about four years ago by Charlie Holt, has grown from about the size of one of its leaves to more than seven feet long. Each leaf is surrounded by hundreds of others, and when they drop off on the ground they sprout another plant. No one knows what the plant's real name is, but it is called the "Hen and Her Chicks" plant by some and "Million and One" plant by others. (Staff Photo)

JUDGMENT DAY

GALVESTON, Tex. (AP) — City Judge C. C. Wright witnessed an automobile accident, then watched as one irate woman driver assailed the other one.

He interposed to say he thought the irate one was in the wrong. "That will be for the judge to decide," she snapped.

"I am the judge, lady," he replied.

The case was settled out of court.

Total Of 282 Years Of Fire Fighting Is Service Record Of 10 Hereford Men

Mayor Henry Sears, acting in cooperation with the State Fire Department of Texas, last week passed out 20-year certificates to 10 members of the Hereford Fire Department.

The certificates represented a total of 200 years of combined service but in reality they covered even more, for the 10 men actually had a total of 282 combined years of answering fire calls in Hereford. Three of them have been in the department 31 years each, and no one of the 10 had less than 24 years of service. Their names, we feel, are worth repeating: Willard Witherspoon, 31 years; Glenn Witherspoon, 31 years; Onias Carroll, 31 years; Roger Corbett, 29 years; Earl Phillips, 29 years; Jim Robinson, 28 years; Buddy Witherspoon, 27 years; Bud Newell, 26 years; Richard Jowell, 26 years; Arthur Tiefel, 24 years. Nothing, we feel sure, can be more gratifying to any person than being able to look back upon such a record of ser-

vice to the community in which he has chosen to make his home. No one will ever be able to ascertain the number of lives which the efforts of these men have saved, nor is there any possible way to arrive at the immense property values which they have helped the people of this territory rescue from fire, or from spreading blaze.

It would be equally difficult to estimate the number of times these men have jumped out of bed in the middle of the night to answer a fire call, or how many times they have tossed aside their own private business or personal pleasure to rush out when the fire siren sounded. Certainly, one could outfit a fair size haberdashery from the number of suits, hats, shoes and other apparel which these boys have lost while protecting the property of their friends and neighbors.

A volunteer fireman is, at best, a peculiar critter. What else other than true and sincere motive of community service could ever induce him to join a fire department? He is the type of old boy who is eager and willing to do his part -- even at the cost of individual money, time, effort and ability. These 10 men possess all of these virtues, plus that of stickability.

Speaking honestly, there is absolutely no possible way in which we could say "Thank You," in full measure. We can, of course, do our best by patting them on the back and expressing our personal appreciation. Their real appreciation must be realized from the satisfaction of seeing a job well done, from the knowledge that they are an integral part of one of the truly outstanding Volunteer Fire Departments in Texas -- and from the deep-rooted service which they are providing for their community.

As Mayor Sears said in his presentation: "We can think of no other civic club or organization which renders anything like comparable service to the community with that of the Hereford Fire Department." It is a distinct honor and privilege to be called upon to render this service and, always, such records as those accumulated by the 10 men mentioned above, will stand as a challenge to the younger members.

Signs Of Life

"The cemetery is full of drivers who had the right of way!"

This rather ancient wisecrack states a truth that should receive a good deal of consideration this month when the traffic safety spotlight is beamed on the Signs of Life.

The purpose of the Signs of Life program is to encourage recognition of the basic traffic sign shapes and observance of all traffic signs, signals, and other pavement markings and the laws and rules behind them.

Traffic signs are provided for the protection of drivers and pedestrians. Yet drivers and walkers constantly disregard these safeguards--frequently throwing away their own lives in the process. This is a matter of record. Statistics show that in most traffic accidents there is some violation of the law or of safe driving or walking rules.

Observance of the Signs of Life and the laws and common sense rules they represent could save many of these lives. And common sense should take a driver or walker beyond the mere observance of the letter of the law.

You can be killed driving across an intersection on a through street, if a driver on the intersection street doesn't realize you have the right of way. Similarly, you can be struck down crossing the street on foot even though you have the green light. In either case it will be small comfort to you or your relatives that the law was on your side.

Safe walking or driving for any individual should include observance of the following rules:

1. Know the Signs of Life by their shapes so you can recognize them on sight. Obey them meticulously.
2. Be willing to yield your legal rights whenever necessary to prevent a traffic accident.

QUESTION OF THE WEEK

Readers Offer Suggestions For Improving Spud Market

Everyone agrees that the potato deal was excellent this year, with the exception of a very poor market. What do you think could be done to sell more Hereford potatoes?

J. K. BAKER

Since the national consumption of potatoes has been falling, possibly the best way to increase the sale of potatoes would be to increase the consumption and to grow a better quality of potatoes.

MRS. TONY BURRUS

I couldn't say how more potatoes could be sold but I think like so many others, that it is a shame to waste them as they are very good.

W. D. LURRY

I think the trouble with potatoes is that there is an over supply of them. If the supply were cut down, the prices and sales would naturally go up.

MRS. CLIFTON CORLEY

I would say that the potatoes could be improved in one way and that is that they should have a better keeping quality. I think more of them would be sold locally if it weren't for that.

ASSOCIATED GROWERS

Potato growers should be encouraged to plant only a reasonable acreage. Quality wise, they are fine.

MRS. THOMAS BOTSFORD

I think the Hereford potatoes should be promoted locally. I would just as soon have home-grown potatoes as those that are shipped in from other states.

DOC KIRBY

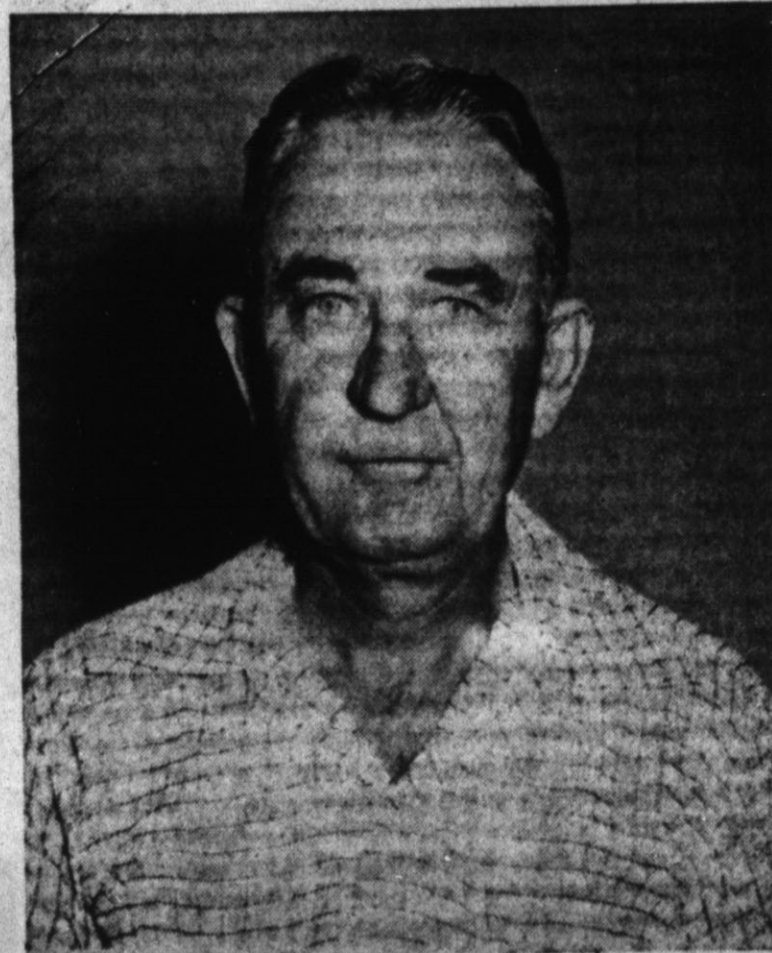

If they could figure out some way to cut the supply down to take care of the demand, the price would be all right then.

HEBB MILLER

I think that the quality of Hereford potatoes is what has kept them from selling this year. In the past few years, there have been so many inferior potatoes sold from Hereford, due to the early harvest, that they do not have a good market for them now.

Henry Benson . . . community builder

Community Builders

By MARGARET ALSTON

Ask for a man that has done most everything from banking to managing a potato business and you'll have Henry Benson.

Born Nov. 5, 1902, in Bowie, he moved with his family in 1907 to Duncan where he grew up and attended high school.

The first job Benson had after he was out of school, was working in a bank in Hedley. He worked there as a bookkeeper until he went into the bank at Wellington.

After working in the banks he then went into the hardware and furniture business in Shamrock and McLean in 1927. He was in that business for 10 years and then became dealer for International farm equipment.

In 1940, he went into the life insurance business and stayed with it until 1942 when he came to Hereford to work with the Hereford Potato Growers Association.

He stayed with that business until 1944 when he went to work for Howard Gault. Four years later, in 1948, Benson went back with the Hereford Potato Growers Association of which he is the manager.

Henry Benson serves as an elder in the Presbyterian Church and is a charter member of the Rotary Club. He is also a member of the Masonic Lodge and Scottish Rite.

Benson has three boys, John, Tony and Bruce.

The opinion Mr. Benson holds of Hereford is much the same as other Community Builders have told us. That is that this is a most progressive town and according to him, one of the "best in the state." He also says it is a fine place to live and among wonderful people.

"But along with all the good, there are naturally things that can be improved in any place," says Benson. "I would say that the people of this town should be more interested in the various problems and questions confronting our community."

Benson's hobby is playing golf at which he shoots a pretty good game.

HUMOR FROM OTHER Columnists

"If you speed into a curve and gasp a dying groan . . . no one will hate you if you do it alone." Elmer D. Smith reasons in his "Rambling Editor" column in The Vega Enterprise.

Writing in his "Getting Acquainted" column in The Westlake News, Warren Stanton says, "White Batey is going to do a column for us on sports. Batey's column should start enough arguments around town to wipe the Geneva conference, Formosa and the price of milk right out of everybody's mind."

"The neighboring editor over at Groom said last week that after the postmaster resigned a couple of weeks ago about 99 out of a 100 seemed to be Republicans," Bill Perkins reports in "Plain Talk," front page column in The McLean News.

"Perhaps the Devil was the first to invest in wide, straight one way roads," Douglas Meador says in his "Trail Dust" column in the Matador Tribune, "When a customer heads for his concession there is little to impede his progress."

It was bound to happen. Ray Green, writing in his "Sideglances" column in The Gilmer Mirror reports: "Shades of the wild frontier. Buddy Taylor, 10, son of Mr. and Mrs. Robert Taylor of Gilmer, was found recently lying on the ground making faces at a nearby skunk. He told his parents he was trying to 'grin down' the beastie. Almost did, too, he said."

LIGHT FOR INDIANS
CLEWISTON, Fla. (AP)—Most of the Seminole Indians in the Everglades live in primitive chickees—tiny open shelters consisting only of a thatched roof mounted on four poles. But 15 Indian families on the Big Cypress reservation have wired their chickees and are receiving electricity from a rural electrification administration line running 50 miles from here to their settlement.

EGGS ON DEMAND
UNIVERSITY PARK, Pa. (AP)—Harry Kauffman, poultry specialist for Pennsylvania State University, says farmers producing eggs for a local market can fix production schedules to equalize the monthly output.

One flock of chickens hatched in winter and another flock hatched in June will help to equalize monthly production, Kauffman explained.

The average price of a farm-raised mink pelt is about \$25.

HIGHWAY WIDENING PLANNED

Conversion of U. S. Highway 84 to a four-lane divided road has moved closer with recent action of Bailey County Commissioners' Court which has been working for some time to secure right of way requested by the Texas Highway Department. This week, the Commissioners' Court requested, through District Engineer McCarty of Lubbock, to stop the four-lane about one-fourth to one-half miles east of Muleshoe city limits, in order to eliminate purchase of right of way along developed city property. This would save several thousand dollars for Bailey County. Furthermore, it would help slow down traffic headed thru Muleshoe.

RATTLESNAKE TROUBLES AT CLAUDE

One evening last week as Hugh Doak drove into his drive-way at his home in West Claude, he was surprised to see a three foot rattlesnake with eight rattlers, lying coiled up in the middle of the paved street between his house and the home of Mr. and Mrs. B. B. Cobb. Hugh secured something and killed the snake. It is usually expected that where one snake is found, others may be near by. It is hoped that this is not true in this case.

FARWELL END SEGREGATION

In accordance with the Supreme Court decision of recent months, the Farwell School Board acted Monday night to end segregation at that school, effective with the coming term. When disclosing the decision, Supt. Jack Williams said that he had been authorized by the Board to announce that integration would begin, and explained, "Farwell schools will adhere to the Supreme Court ruling on segregation." The past year, a Negro teacher was employed by the system, and about 17 students were schooled in separate facilities on the campus. Negro enrollees are expected to be comparable in number this year.

OLTON HAS WATER TROUBLES

"We want to re-emphasize that all watering of yards should be stopped immediately if there is a fire alarm," Mayor G. H. Bley said Tuesday. Water pressure was somewhat better over the weekend, but it is still low and probably will continue low until the city's new water well is completed. Meanwhile the city officials are asking continued cooperation from all city water users on the every-other-day irrigation plan which was started here during July.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher discusses the pleasures of farming this week, in his own manner.

Dear editor:

I ran across a statement the other day which has kept running through my mind.

The statement was: "The satisfaction of tilling the earth—that is what makes a farmer."

That's a nice profound-like statement, but the only trouble with it is that about half the time it ain't true.

For example, I know several farmers that what made them farmers was going busted in town. I know some more who are still farming because they never made enough to get to town to try their hand at going busted.

And of course there are a lot of farmers who are farming because they like it, they like to be their own boss, and they make good money at it.

But the idea that you have to like to till the soil to like being a farmer doesn't set well with me. Sure it's fun to plowing, up to a certain point, but after that point it gets a little monotonous, which is the reason you see farmers frequently standing up while plowing.

Understand, though, there are lots of satisfactions that come from farming, and tilling I guess is one of them, but it's not the biggest. For example, one of the biggest satisfactions I know connected with farming is coming out of the bank with a deposit slip, when the price is right. There just never was a piece of ground whose turning with a plow could equal the satisfaction of folding a deposit slip in your bill fold and heading for a store.

I'll admit there's a lot of real satisfaction too in seeing your own herd of cattle grazing on your own land, when the grass is lush and green, but there's even more satisfaction in seeing your calves go through an auction ring and going by the office to pick up your check.

Farming is about like any other job. It has its pleasant interesting moments, but pay day is what adds zest to the whole operation. Its sort of like editing a newspaper. The work is fascinating, but what's more fascinating is opening a lot of letters with subscription checks in em. I aimed to put one in this letter, but the pleasures of plowing got my mind off of it.

Yours faithfully,
J. A.

Letter To The Editor

Hereford, Texas
 August 17, 1955

Dear Jimmie:
 In your August 4 issue of The Brand I noted, with interest the big headlines where citizens pe-

ditioned the Commissioner's Court to call a county side bond election for the purpose of building an airport for Hereford, and stating that our bond money of \$150,000 would be matched dollar for dollar by Federal money for this project.

I read with greater interest your editorial, in Sunday's issue of August 14, regarding our irrigation water picture, and specifically so, because you have tied these two major projects together, namely, the airport and our irrigation production. Now, first of all I am one who would like to see a halt of some kind in "Our Federal Standing," it must come sooner or later, but for the present let's expect it to come later and use the advantages of it now. Definitely, all of us in our entire community, city and country alike, know full well that for these Federal appropriations for such projects as airports and various other similar projects that we contribute to the Federal pot, to supply this money for such appropriations, so if we do not take advantage of them when they are offered to us for our own community, then we are willingly giving our portion of this Federal money to some other city, town or community.

In other words, we are definitely and willingly agreeing to help build

and advance some other city and community rather than our own; but, when and after our neighboring city and community does take advantage of these appropriations and get such projects, then we sit around and cry and beef and envy them for doing so, even though we have helped them to do it. The Federal government cannot always be or play Santa Claus, so the time to act is now, and certainly the people of this community as a whole are not aloof to the definite needs of a modern airport for Hereford, especially when all of us are highly interested in our community's leaders efforts at the very present time in trying to gain for, and bring in new industries to Hereford; so if we all are interested, and I feel sure we are, then I think we should be cooperative as well, and lend every effort and support to them necessary to get modern air travel facilities for Hereford, industries and businesses of all kinds today are air travel minded and when our leaders try to interest some of them in coming to Hereford, the first thought of their executives is to see if Hereford has an airport, and when they find that it does not have they are not too interested in coming to Hereford. For instance, should an executive for a certain industry from Chicago, California, Colorado or elsewhere, want to come of Hereford, and find that they would have to land their plane in Amarillo, they would spend more time in getting from Amarillo to Hereford, than they would coming from Chicago to Amarillo; consequently they would not be very interested in coming to our community. An airport in Hereford, would mean more to each individual farmer and rancher from an agricultural standpoint as a whole, than it would to the city of Hereford, for industrial purposes only. I say this because the industries which we might bring to Hereford, necessarily must be agricultural industries, or connected therewith because we are strictly agriculture. We all know that with our tremendous irrigation project that the county as a whole is producing more year after year of every commodity that we grow, far more than we ever did in the history of our county, creating terrific surpluses and turning them over to the Federal government in exchange for a high price support. The storage costs alone today on these surpluses is costing the Federal government over a million dollars a day. Certainly we all should know and realize for ourselves that we cannot continue always, to demand rigid high price supports from the Federal government, continue to produce more

than we ever did before, and not expect and have a "boom and bust." Definitely, I think the time is not too far distant that for our very own salvation, we will be forced to seek and seek hard for new and other industries to help consume our commodities, return to our own initiative, create new and other markets for our products and absorb them through the natural channels of supply and demand.

I know it is distasteful to mention bond taxes at this particular time when we have so recently gone through the process of re-evaluat-

ing our whole community tax-wise, but I firmly believe that if each individual tax payer would take the time to sit down and study and analyze for himself, the tabulated figures pertaining to this bond election printed in Thursday's Brand of August 4, to see and realize just how little this airport bond issue would cost him, I believe he or she can readily see that the cost in taxes will be insignificant in comparison with the benefits derived from an airport for this community as a whole. I just returned home from a trip to points in Mexico and Colorado, and this need for an airport in Hereford was brought to my attention very forcibly on this trip. I was visiting with a rancher close to a little town about the size of Hereford, when a U.S. Air Force car drove up to us and inquired of this rancher if his private air landing strip was dry enough to land on, said there were two doctors coming in to this little town on emergency calls and they had no place to land. I did not inquire the nature of these doctor's emergency

calls, but possibly they were to save a life. There are many reasons why Hereford needs an airport, but the main and principal one is for the advancement of our community commercially, in order to be able to cope with current and modern times. I personally would like to see the bond issue carry.

Thank you very much for giving pace to this letter.
 Yours very truly,
 Leo V. Gallagher

"OLD RELIABLE" INTO A FLASH OF FIRE!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Outrigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices in all models.

Take a drive in the new Chevrolet and see how now the new Chevrolet really is. We can almost guarantee that when you try it, you'll think you're driving a car costing twice as much. "Old Reliable" is red hot.

We wager that the first thing you'll say when you drive the new Chevrolet is: "Who changed 'Old Reliable' into a flash of fire?"

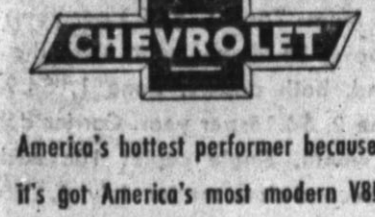

For years and years, Chevrolet has given you those qualities of materials and workmanship that make it the best investment in its field... and now added to all that is sizzling performance!

Proof? You bet. In official NASCAR® Trials Chevrolet out-accelerated all low and medium-priced cars and every high-priced car but one!

Yes, sir! Flash of fire! That's why we ask you to try Chevrolet before you buy any car.

Letter To The Editor

August 19, 1955
 The Editor, Hereford Brand:

The possibility of having airport facilities available for Hereford is one of great interest to me. Down through the years, we have enjoyed the coming of various enterprises which have greatly enhanced our economy, but, to me, none have had the potential to offer that will a good modern airport.

Though we sometimes fall behind modern development, we know that the world is now moving faster than ever before. Management of our local businesses must work faster because industry has already moved ahead. If, then, Hereford expects to grasp and retain its rightful share of the nation's business, we must have the facilities by which industry might know of and make use of our natural resources. Industry now travels almost entirely by air, so logic and reason would demand that air travel facilities be made available

here if we expect not to be bypassed.
 Many of the commodities which are produced in our area could often times find a more lucrative market if air transportation were available. Repair parts, supplies, and medications are often needed in an emergency.
 There are needs too numerous for tabulation that make, in my opinion, an airport one of the most essential additions to the assets of Hereford and Deaf Smith County.

Sincerely yours,
 Joe G. Evans

At The Movies

One of the most exciting comedies ever produced by Hollywood, Columbia Pictures' "Tight Spot," starring Ginger Rogers, Edward G. Robinson and Brian Keith, shows Wednesday and Thursday at the Star Theatre. The movie is

an unusual combination of taut drama and sparkling dialogue that promises to be one of the most discussed films of the year. Ginger Rogers is the girl who tries to wise-crack her way out of a "Tight Spot," a warm-hearted young woman patiently serving out a prison term until she suddenly finds herself the pivotal witness against a notorious mobster.

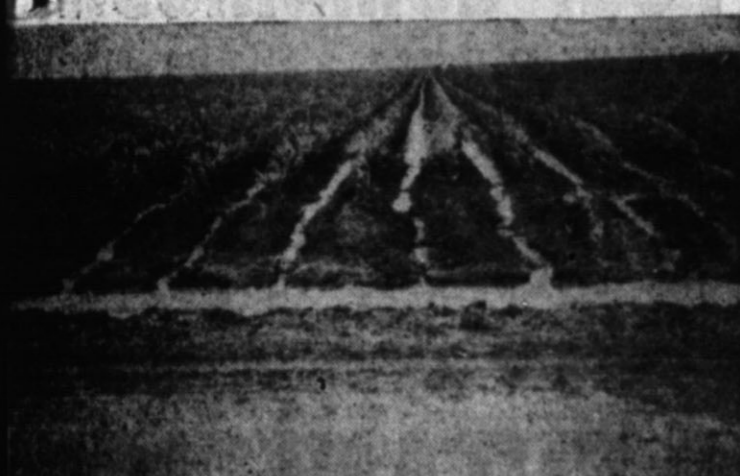

"Princess of the Nile"
 Out of the wickedness and wonder of a fabulous era long blown away by the sands of time, Panoramia Productions has fashioned a screen story of romance and intrigue. "Princess of the Nile," filmed in Technicolor and co-starring Debra Paget, Jeffrey Hunter and Michael Rennie, is due to show Tuesday and Wednesday—double feature night—at the Tower Drive In Theatre. The film tells the story of a beguiling beauty who was a ruler of Egypt by day, a temptress of the dance, fraternizing with her subjects by night. It is also the story of revolt against the tyranny of a conquering prince from the Arabian desert and his arch-enemy, a prince of Bagdad.

Also showing Tuesday and Wednesday night, is a fun-filled comedy, "The Egg and I," starring Claudette Colbert and Fred McMurry.
 Mr. and Mrs. T. E. Seigler and children have returned from a vacation at Estes Park, Colo. While in Colorado they visited with Mr. and Mrs. R. G. Lewis, former Hereford residents, at Greeley.

Mr. and Mrs. Ralph Hastings and son Wayne left Thursday on a vacation trip to Ruidoso, N. M.

Does This Constitute Waste?

The above picture was made of a milo field with rows 9/10ths of a mile long and with no steps taken to keep irrigation water from emptying into county road bar-ditch.

This picture of water produced for irrigation uses was made after following the water for 2 1/2 miles from point where it left the land upon which it was pumped.

IMPORTANT NOTICE!

Some of underground water as defined in Texas Law was amended in the 1955 session of the Legislature by adding the following section:
 (a) WILLFULLY CAUSING, SUFFERING, OR PERMITTING UNDERGROUND WATER PRODUCED FOR IRRIGATION OR AGRICULTURAL PURPOSES TO ESCAPE INTO ANY RIVER, CREEK, OR OTHER NATURAL WATER COURSE, DEPRESSION, OR LAKE, RESERVOIR, DRAIN, OR INTO ANY SEWER, STREET, HIGHWAY, ROAD, ROAD DITCH, OR UPON THE LAND OF ANY OTHER PERSON THAN THE OWNER OF SUCH WELL, OR UPON PUBLIC LAND."

Art Guild Elects New Officers

New officers for the coming year were elected by the Hereford Art Guild Thursday night at a called business meeting held in the home of Mrs. Don Root. They included: Mrs. Ernest McGee, president; Mrs. George Warner, vice president; Mrs. O. Wertenberger, secretary-treasurer; and Mrs. Lisle Woodford, publicity chairman.

Members voted that fall sessions beginning Sept. 12, will be held Monday afternoons each week at 3 o'clock in the art room at Junior High School, and it was decided that the first semester's study will be conducted by qualified members. The second semester a paid instructor will conduct the study course. Included in the year's work will be the study of painting in oil and watercolor, matting, framing and the arrangement and hanging of pictures.

Anyone interested in the work is invited to join the group for one or both semesters.

Plans were made for the group to make a trip soon to the Texas Tech Art Museum at Lubbock. Reports on trips during the summer to art centers were made by Mrs. Bess Werner who visited Carmel Art Center in Los Angeles, Calif., and Mesdames Vivian Major, Jessie Radovich and Jim Higgins gave an account of a recent

visit to the art studios at Taos, N. Mex.

Those attending the Friday night meet were Mesdames Bess Werner, Alice Cox, Jessie Radovich, Vivian Major, Ray Cowser, Lisle Woodford, Jim Higgins, Ray Suit, E. L. Naugle, Deward Roberson, Mary King, Henry Weems, O. Wertenberger, the hostess and Zelma Allmon and Dorothy Coombes.

1. You Get A Profit-Sharing Bonus On The Trade-In Deal - because we've stepped up our allowances to an all-time high
2. You Get A Bonus In The Buy You Make - because Buick is the thrill of the year in style, power, performance, value
3. You Get A Bonus On The Resale - because a Buick always resells high - brings you more money when you trade it in

Bonus Beauty in Hardtops

Even the new hit in hardtops—the 4-Door Riviera—is included in our profit-sharing bonus deals today. Shown here is the 236-hp CENTURY 6-Passenger 4-Door Riviera, Model 63. Also available in the low-price SPECIAL Series as Model 43.

WHAT happens when a business has a really great year? A bonus is declared—right?

Well, sir—get set for a windfall, because this is more than Buick's greatest year. This is the greatest.

Not only is Buick outselling every car in America except the two most widely known smaller cars—we're breaking every sales record in our history. Right now we're past the mark set in our best full year—and still going great guns.

So we're slicing a melon with you in the form of an all-out trade-in allowance—a profit-sharing bonus deal that beats even the big trades we've been giving all year. After all, we've gone way beyond our expected volume—and can now afford to stretch our trade-in allowances to practically our break-even point.

And that puts you more easily than ever before in the driver's seat of the hottest-selling Buick in history...

The Buick with the boldest, freshest styling of the times—with the snap and ginger of record-high V8 power—with the level buoyancy of the all-coil-spring ride—and with the electrifying performance of Variable Pitch Dynaflo,* world's first and only transmission using the switch-pitch principle of the modern plane's propeller.

Better come in and visit us tomorrow—today, if you can—and see for yourself that the thrill and the buy and the deal of the year is Buick, hands down.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick—
Biggest-selling Buick in History! (So we're trading high, wide and then some!)

NEWCOMERS OF WEEK—Mr. and Mrs. Avenue I. The Pools were selected as The Lloyd Pool are pictured with their six-year-old daughter, Cathy, in their home at 104 Brand's first newcomer family of the week. (Staff Photo)

NEWCOMERS OF THE WEEK

Pools Find Hereford Is 'Very Nice Place To Live,' And 'Cooler Too!'

Selected as the first newcomer family of the week is the Lloyd Pool family who are making their home at 104 Avenue I.

The Pools moved to Hereford the first of this month from Abilene, although Mr. Pool has been here for the past month getting settled in his business and finding a place for them to live.

As Gulf Consignee for Gulf products, Lloyd Pool's office is in the Gulf warehouse.

Cathy, six year old daughter of the Pools, is their only child and will be starting to school this year.

Both Mr. and Mrs. Pool like to join in with the people of the community. While in Abilene, Mr. Pool was a member of the Optimist Club while Mrs. Pool belonged to a garden club and bridge clubs. Pool is a charter member of the Hereford Optimist Club.

They are active members of the Presbyterian Church and plan to attend and work in the church here.

According to Mrs. Pool, they are going to like it in Hereford very much and are planning to build as they expect to live here permanently. "Another thing," says Mrs. Pool, "is that it seems to be quite some cooler here, especially the nights."

Other new families who have moved to our town recently include: Mr. and Mrs. Rex Smalley, 131 West Third Street; Billy R. Chance, 205 Short; J. E. Moad, 222 Avenue A; Noel E. Slape, 317 Avenue K; Alfred Bull Jr., South Main; Alvin M. Smith, 228 Avenue J; B. H. Hunsucker, 202 Clements; Bill Sims, 336 W 3rd, Apt. 4; James A. Haney, 310 Schley; Darrell

Franklin, 120 Kibbe; Mary E. Perryman, corner of Mable and Whittier.

The Sheriff Reports

Have had another fairly quiet week. As of 4 p.m. today (Thursday) we have six in jail. One just made jail in time for supper. Maybe that was his idea for getting in since he was broke. He tried to pass a forged check and gave being pretty full as an excuse. Of course it was last night that he did his drinking and we picked him up about 3 p.m. today.

Tuesday night while cruising around, a fellow waved me down and told me there was a man lying on the sidewalk in front of the Triple E Cafe. He didn't know whether the fellow was drunk or sick. It turned out he was drunk and sleepy. He was probably sick after Judge Wilson fined him. This guy wasn't broke either, he had both front pockets pretty well loaded with dills. Guess he figured it was his business if he wanted to sleep on the sidewalk, but an old mean cop had to come along and throw him in jail. Some people have funny ways of enjoying life. Not referring to the cop.

In case you plan on driving thru New Mexico, you had better watch out. They are cracking down on speeders by using un-marked cars and additional help. The Governor says they are going to try to save people's lives whether they want them saved or not.

The DPS is a little concerned over an increase of accidents in this area the last few weeks. Several fatalities and thousands of dollars in property damage.

Something new added to the Sheriff's department is the inspection of all out of state cars being registered in Texas. You would be surprised how many we inspect.

Will conclude this week's bit by reminding you that your chances of surviving a car accident are many times greater if you are driving within the speed limit.

Glamorous Dodge Custom Royal Lancer V-8... biggest, most beautiful "hard top" buy!

Perhaps the first time you saw a Dodge Custom Royal Lancer flash by, you said to yourself, "Boy, wish I could afford that one!"

You might have thought that a car as big and stylish and luxurious as this was very likely priced beyond your reach.

Actually, you were right on every score except the price.

Big it is. In size. In comfort. In V-8 power. Stylish? It's setting the trend for the industry. Luxurious? To the nth degree!

This Dodge Custom Royal Lancer takes a back seat to no car—at any price, in any

thing. It's the match of the most expensive cars on the road—in beauty, performance, engineering advances and outright value.

But how about the price, you say? Listen! Right now we'll make you the proud owner of this Lancer for just a few dollars more than cars in the lowest price field.

And skyrocketing sales allow us to make you a "Drive It Home" deal that can't be topped. Our high trades will cut this low price even lower.

The price is right. The deal is right. Come in. Own this Lancer tonight!

Your Congressman Reports

As the Rogers family pulls out of Washington for the Panhandle, the City is as quiet and calm as I have ever seen it. The fanfare and trumpet blowing that always accompanies a session of Congress has all leveled off and peace seems to prevail. The highly combustible and controversial issues that faced the first session of the 84th Congress no doubt accounted for the general talk on both sides of the aisle that this was one of history's toughest sessions. The tremendous pressure from both the extreme left and the extreme right was constant during the session, both in committee meetings and in House sessions. This builds up a tension and a strain on an individual that is not noticeable until it is relieved. It is probably the reason that so many members were on their way out of Wash-

ington within 24 hours after adjournment. The Rogers family would have been gone in the same amount of time, but it takes us about a week to gather the children up from around the neighborhood.

The respite from the controversial issues will be short, because many of them are not settled and must be faced during the early days of the next session. Some that are left pending are the natural gas bill (it passed the House but not the Senate), the highway bill, the school construction bill, additional legislation concerning the polio vaccine and several others. In addition there will be new ones. One of these will be the surface transportation issue. Much pressure is being built up in this particular segment of the economy and a tough conflict will probably ensue. In any event the respite is most welcome, because it will give all the members a chance to re-evaluate the problems and to obtain the grass roots advice on them that is so essential to their proper solution. They will be refreshed both mentally and physically for the renewed attack on these problems in January.

OPERATION DEEP FREEZE
In association with several other Members of Congress, I had a very pleasant visit with Admiral Richard E. Byrd, of both North and South Pole fame, and a group of those who have worked closely with him in his explorations. The Admiral expects to return to the South Pole in connection with the Antarctic Expedition announced by the President on March 28. The expedition is to be in conjunction with the International Geophysical Year, a cooperative worldwide effort. A thorough briefing on the subject clearly points up the tremendous importance of Antarctica. The great mysteries that have been locked in this icebound continent may prove to be the greatest boons to mankind in future generations. As Dr. Siple, one of the leaders in these expeditions, puts it of specific interest in Antarctica:

"The intensity of the electromagnetic phenomena, such as those related to geomagnetism, aurora and airglow, cosmic rays, ionospheric physics, and solar activity, are directly or indirectly influenced by the earth's magnetic and geomagnetic poles. Evidence is inconclusive that the observed responses are similar at both poles, and it is scientifically desirable to make simultaneous observations for comparative and analytic reasons and to check theories based on unipolar evidence."

You can see from this clear and concise treatment of the matter that all is not yet known. Incidentally, such portions of Antarctica as would be claimed by the USA, would be under the jurisdiction of the Department of Interior as public lands. This, of course, would come under the jurisdiction of one of my committees, to wit, the Committee on Interior and Insular Affairs. After viewing some of the pictures of this continent and hearing of the hardships encountered by the men, I advised Admiral Byrd that I did not think he need expect any Congressional visitors in that area until things warm up a bit. He told me that the discoveries proved that this area was at one time tropical, and that present indications point toward a warming up cycle. However, this will require quite a few years, say several thousand.

A FRIEND OF MAN
The nation came off the loser when Bob Anderson, Deputy Secretary of Defense, terminated his government service. I have known Bob for many years. He is an outstanding fellow who has been blessed with a brilliant mind and many qualities and abilities that the average man did not get. His crowning glory lies in the fact that he has always employed these characteristics and fine qualities for the betterment and benefit of his fellow man and not his own personal purposes. We were sorry to see Bob leave and wish him the great success in his personal life that we know he is entitled to enjoy.

joy. Something to Keep in Mind
Oliver Wendell Holmes once said "To be 70 years young is sometimes more cheerful and hopeful than to be 40 years old." This sounds like a good old Panhandle saying to me.
