55th Year — No. 6

**BIRD'S EYE VIEW**—The picture above was taken by a Brand photographer Tuesday afternoon from a light plane flown by Edward Paetzold of Hereford. Paetzold graded out a narrow strip on his farm, southeast of Hereford, in order to get the plane off the ground. As far as one could see there was

a blanket of snow, with winding paths. From all indications most of the cattle in the area were in good shape, and most all of the roads in the county had been opened. (Staff Photo)

## Hereford Checks Losses And Gains

Hereford and the surrounding area began to count its losses from the record-breaking 27 inch snow this week and found that it will probably gain a lot more than it lost.

Probably the hardest hit in the county were two Hereford business buildings. The roof of the Rutherford building and that of Jacobson Bros. gave way under the weight of the snow and caved in. Rutherford's was back open for business Wednesday, however, although repairs were still underway. Jacobson Bros. didn't close down at all despite the fact that the roof of the welding shop did

cave in. Neither could give an estimate of damages. Apparently about the only loss of cattle in the area was that which was hit by Santa Fe trains. The cattle, hunting for a place to get out of the snow, ended up on the cleared tracks and a number of them were killed by locomotives.

### Road Workers Draw Praise

County and City and State workers, and other volunteers, were receiving praise this week from all sources for their outstanding work in getting streets, roads and highways cleared in record time following the recent three day snow storm.

By Wednesday it was possible to get to almost any point in the county without too much trouble, and all highways leading from the city had been cleared.

Reports from other hard hit cities reveal that their dig-out has been a lot slower than here. Also praised for their work were local department and highway patrolmen. Maintainer crews credited officers with keeping traffic off the highways long enough for them to get them in good shape.

ones dead cattle could be seen every few miles along the track and a number were also killed.

With the moisture from the heavy snow gradually sinking into the hungry farm land, wheat growers were predicting a "great" crop this year. Dryland farmers haven't made a wheat crop in the last few years and are eager to see the results of the prayed-for snow.

The only area in the county still reporting trouble was near the New Mexico border. Leo Gallagher reported Wednesday afternoon that it was still "blowing and drifting just awful." He said they finally refueled Tuesday afternoon.

Gallagher said that they had been unable to get out of the house but once.

### Tough Going, But They Drove Home

"It was tough going, but we made it!"

Such was the opinion of Mr. and Mrs. Lee Coanougher, who live south of Hereford in the Frio Community.

The Coanoughers, who had been attending the Fat Stock Show, left Ft. Worth Thursday morning for Hereford. The weather was freezing drizzle and light snow. Things got worse as they went along, however, and they were glad to reach Weatherford, where they spent the night. Friday they managed to reach Crosbyton where they rented the last available room in a tourist court. Saturday, Lee began to worry about his cattle, so he took off early and reached Plainview, where they stayed until Monday.

Monday afternoon, the couple made it to Hereford — but couldn't get through to their ranch until county maintainers opened the road.

"Next time," said Lee, "I'll just stay in Ft. Worth. It was five days of the worst driving I ever saw."

Their cattle, incidentally, made it through without loss except for a few baby calves. Some of the cows went three days without feed — and some more of the small calves are believed to have pneumonia.

### Four Year Term Is Given Forger

A four year prison term was given Paul Hunter Carter in Deaf Smith County District Court here Tuesday by Judge Harry Schultz following a plea of guilty to forgery and passing a forged instrument.

Carter entered the only plea, but Judge Schultz ordered the bonds of two others, George S. Wright and Emmett Ferguson, forfeited when they failed to appear. Both were charged with child desertion and both were free on \$500 bonds.

### Three Capital Cases Set For Feb. 27 In Hereford

Three capital punishment cases have been set for the same day in Deaf Smith County District Court by District Judge Harry Schultz.

Two murder cases and one rape case are docketed for Feb. 27. The murder with malice trial of Clifford D. Potter and the rape and incest trial of J. L. Wozencraft were both set for that day. Tuesday by the District Judge, while he was in Hereford. Already on the docket for Feb. 27 was the murder trial of Harold Leo Roberts.

Judge Schultz also ordered District Clerk Luella Posey to call a special 240 man venire for the three trials. The trials were all set the same date in hopes that at least one would go to trial, it was pointed out. Mrs. Posey said the special venire would be called sometime this week.

Potter is charged with murder in the shooting death of George Thompson, who died May 31 in the Deaf Smith County Hospital. When his case came to trial Nov. 14, the indictment was quashed by Judge Schultz after defense attorneys challenged two members of the Grand Jury who did not hold poll tax slips. He was re-indicted Jan. 31.

Wozencraft is charged with raping his teen-age daughter. Charges were filed after complaints by the girl, and the Grand Jury indicted him for rape and incest.

The murder trial of Roberts was transferred to Hereford from Stratford on a charge of venue Jan. 24. He is charged with the murder of his 17-month-old daughter, Nita Marie, Aug. 21, 1954. He was tried and found guilty by a Moore County jury and sentenced to die in the electric chair, but the Court of Criminal Appeals ordered a new trial after reviewing the case. The case came up in Dumas, was

transferred to Stratford when a jury could not qualify, and then moved to Hereford when the same thing happened in Stratford.

### Postmen Back On Routes Once Again

Mail delivery in Hereford and surrounding rural areas was not yet back to normal Wednesday, but postal workers said, "We are getting it delivered."

Carriers were back on their routes, but faced high piles of mail besides ice over roads and sidewalks.

Mail can still be called for at the office.

### Snow Storm Not As Bad As That Of 1918 Says Brumley

(Editor's Note: This story was written by George Brumley, a pioneer of the Hereford area. He compares the present snow storm with the 1918 storm.)

By GEORGE BRUMLEY

Old timers haven't forgotten the 1918 snow storm by any means, but time has a way of dulling the most vivid memories. Some people think this storm is about as severe as the one in 1918, but I'd say as far as the weather and the damage caused by the storm are concerned this is about a third cousin. There wasn't as much snow then and it's drifting as bad or maybe worse, but Oh Boy the weather! Literally thousands of cattle died — some from starvation and some from freezing, for the weather stayed at zero or below for over a month.

All the transportation we had was horses and sleds. Four mules

would give out with a ton of cake. I know because I owned three of the best teams in Deaf Smith County. One pair of mules weighed 2600 pounds and the horses weighed 2800 pounds, and when they hit the collars something had to move. Still they would give out. Faces, and hands and feet were frozen as we tried to take care of what we had. I wasn't in the cattle business then, but it was about as rough taking care of my hogs.

I haven't been out in this storm, (doctors orders) but I've got one bunch of cattle that didn't get food for four days. If the weather had been as severe this time as it was in 1918, those cattle would be dead. What a wonderful thing that hay-lift is. So, if those of you weren't around in 1918 feel like complaining about the weather — just hold your horses — it has been worse.

## No School This Week, But You're Gonna Make It Up!

No school before Monday, Feb. 13! The announcement was made Wednesday by Supt. Fred Cunningham, who said that it would be impossible to operate school buses before Thursday or Friday, leaving only one day of attendance for the week. Even that day, he predicted, would be extremely light. "Therefore, it appears best to wait until Monday," Mr. Cunningham said.

### County Readies Itself For More Snow And High Winds

Deaf Smith county readies itself for more snow and "severe weather" Wednesday afternoon as the Weather Bureau issued now storm warnings and reports came from the northern Panhandle of highways already closed up due to blowing snow.

By 2 p.m. it was already snowing in Hereford, and at Westway it was reported coming down so fast visibility was practically zero.

The weatherman said the entire Plains area could expect up to several inches of snow with high winds Wednesday and Wednesday night. Still another front besides the one due Wednesday is being watched.

### At Least You're Saving Money

The snow storm has not only been a money saver for Hereford motorists, in at least one way.

Parking meters were put out of business here. They were either covered up by snow or not accessible to motorists. In fact, about the only time someone headed into a parking place according to the book was when they spun out of control.

One motorist wasn't too pleased with his five cent saving, however. "I'd give a nickel any day to get a decent parking place," he said.

### Mrs. Campbell Is Injured In Fall

One of the few victims of the snowfall here in Hereford was Mrs. W. A. Campbell of 608 Grand.

Mrs. Campbell had gone out to the wash house and when she started back to the house she slipped and fell, breaking her leg.

Hospital attendants reported that Mrs. Campbell was doing "real well" Wednesday.

### BEFORE SENATE AGRICULTURE COMMITTEE

## Local C-C Blasts Testimony Of United States C-C Leader

Members of the Deaf Smith County Chamber of Commerce have lashed out at testimony given by Walter B. Garver, manager of the United States Chamber of Commerce Agricultural Department, before the Senate Committee of Agriculture and Forestry.

The local C-C Tuesday sent the following telegram to Senator Allen J. Ellender, chairman of the committee:

"The membership of this organization, composed of business men and farmers, respectfully request the records of your committee show that the testimony of Walter B. Garver, U. S. Chamber of Commerce, Jan. 19, does not reflect their thinking. It is not as important to our defense program that the producers of food and fiber be allowed

fair returns on their investments, as well as the numerous subsidies, grants, loans and guarantees made other industries. We solicit your favorable action on testimony submitted your committee on Jan. 19 by Frank Moore, re feed grains."

Garver had testified that the U. S. C of C believes "the farm situation requires rapid adjustments of supply and output to what the markets will absorb. We look upon the soil-bank as a promising approach to the adjustment, but with some reservations as to its effectiveness in making the adjustments. We favor the government getting out of the commodity business by disposing of the excessive stocks it holds and staying out. We take no position on the two-price proposal.

"We favor the limitation of price-support activities to their use as relatively short-time stabilization measures, and oppose the reliance on high price supports as a permanent program. We advocate the scheduled transition to modernized parity and its further modernization. We oppose the limitations on eligibility for price-support loans."

Pointing out that the local Chamber of Commerce is not a member of the U. S. Chamber of Commerce, Townsend Pringle, president of the local C-C, said copies of his telegram were sent to Senators Lyndon B. Johnson, Price Daniel and Clinton Anderson. All three of the Senators have showed interest in the Grain-Sorghum Producers plan, with Johnson and Daniel openly favoring the plan.

## Around Town

Everyone had one eye on the sky here Wednesday after reports reached the city that Amarillo and Canyon were both receiving heavy snowfall.

Lions will still hold their annual pancake supper Friday night "unless things get a lot worse." The starting time has been pushed up to 7 p.m., however. If more snow should fall the date will be changed.

The Garden Club will not meet Friday, though. And the Child Study Club Banquet, which was to be held Thursday night at Summerfield has been cancelled.

Also postponed is the Hereford Art Guild's art classes, which will now be held Feb. 17 under the direction of Miss Isabell Robinson.

The Methodist Men's Fellowship meeting has been postponed indefinitely.

The Bay View Club will sponsor a free movie and special program for Junior High School girls Saturday at the Star Theatre at 9:30 ed by Borden's Milk Co., and Hereford.

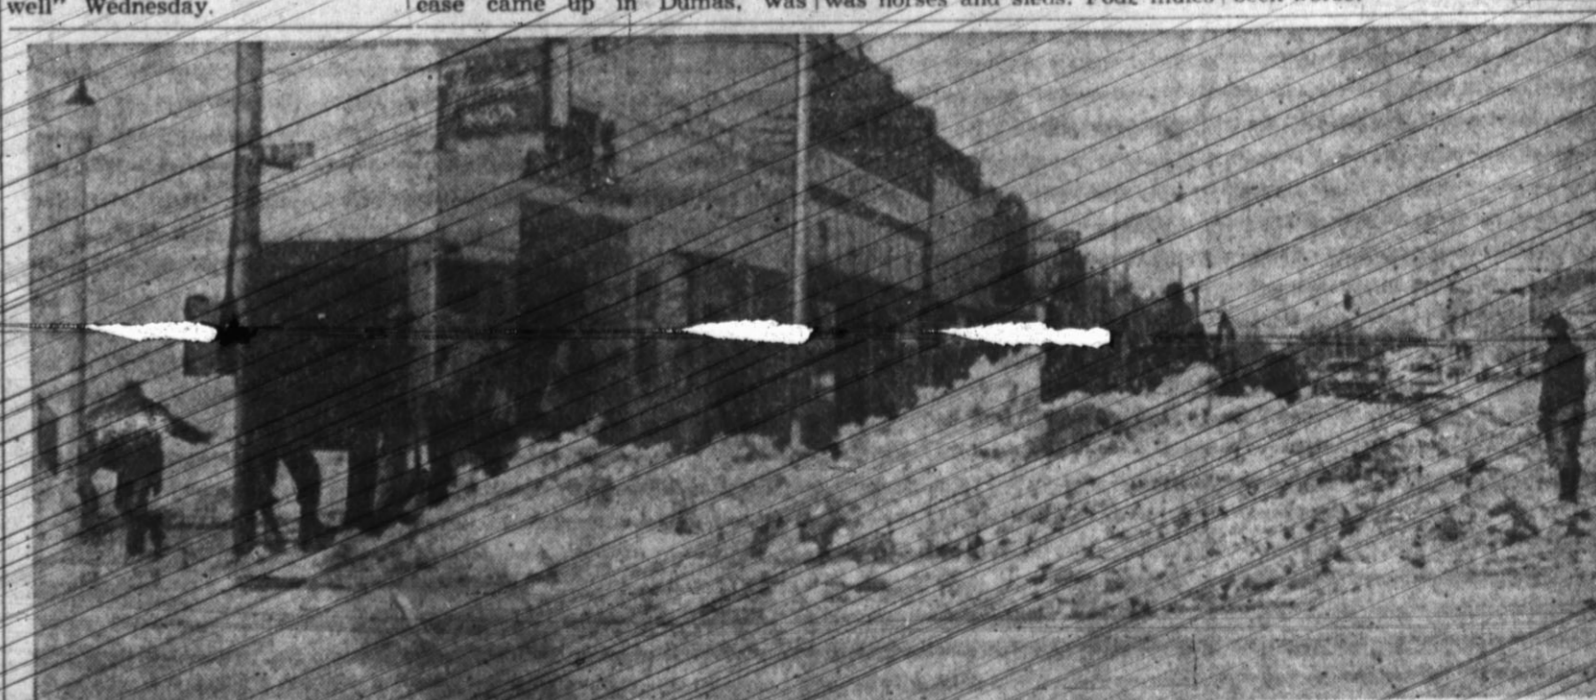

### Damages Light In Auto Crash

Minor damage resulted in a two-car collision here Monday at 10:15 a.m. at Harrison Highway and Highway 51.

A 1955 Ford Pickup, driven by Joseph N. Harding, going south on Highway 51, and a 1953 Ford Pickup, driven by Charles E. Yarough, also going south on Highway 51, collided, police said.

Harding was going to make a right turn onto the Harrison Highway and Yarough ran into the right rear of Harding's pickup.

Approximately \$100 damage was done to Yarough's pickup and \$5 damage was done to Harding's pickup. Yarough was charged with failure to grant right of way.

**DRAGGING MAIN STREET**—Workers are pictured clearing up Main Street in an effort to get parking space for shoppers. Providing more snow doesn't fall between now and Monday there will be plenty of parking space for Dollar Day shoppers. (Staff Photo)

### Butterflies Get Postal Marks From Branders

ROCKPORT — Even the secrets of butterflies aren't safe in Texas.

A group of experts on why butterflies do what they do has come up with a method of learning more about the migration habits of the fluttering insects.

The butterflies are branded. Some get a tiny gummed tab of paper on their wings and others are marked with a rubber stamp. Recently Mrs. Jack Hagar of Rockport, well known authority on birds and an ardent butterfly brander, got a letter from the director of the Royal Ontario Museum of Zoology and Paleontology in Toronto, Ontario.

"Specimen No. G307, tagged by you on Oct. 18 was recovered by R. K. Williams of Harper, Tex.," wrote Dr. F. A. Urquhart. "This is a most valuable contribution to our study of Monarch butterflies. This specimen of yours is the first authentic indication that these butterflies from your area might move westward and mingle with those that winter in California."

Harper is 215 miles northwest of the spot the butterfly was branded in Rockport. However, that is no record in butterfly travel.

In 1954 a butterfly branded and released in Milwaukee, Wis., traveled more than 1,000 miles in 33 days. It ended up in the garden of Mrs. M. I. Beasley at Landaia, Tex.

Other Texans proficient at the branding of the big orange and brown monarch butterflies include Miss Lucille Adair of Victoria Junior College; S. H. Clark, Palacios school teacher; Dr. Lawrence A. Dillon, Department of Entomology, Texas A&M College; Miss Edith Reed of Conroe and C. S. Anderson of Dallas.

These Texans, along with a couple of hundred other branders in the U. S. and Canada, are marking the butterflies as a part of a research program. They hope to trace the wanderings of the Monarchs in the same way those of birds have been traced.

### How Can I?

Q. How can I make a good shampoo?

A. Add a small quantity of pulverized orris root to a little cornmeal, ground as fine as possible. Sprinkle this well over the scalp, let it remain for a few minutes, then brush it out thoroughly.

Q. How can I make lacquer to be used for refinishing brass fixture?

A. By dissolving 10 cents worth of gum shellac in enough alcohol to make a thin solution. Apply it with a small soft brush.

Q. How can I remove tarnish from brass?

A. Rub well with vinegar and salt, then wash in soap and water, and apply any good silver polish.

Q. How can I prevent left-over crusts from becoming rancid?

A. When through baking, put the left-over crusts of bread into the oven until the oven is cool. Crusts treated in this way will grind better and will not get rancid nor stale.

Q. How can I clean the bristles of the carpet sweeper brushes without harming them?

A. The bristles will not be harmed if a coarse comb is used to remove the ravelings and hairs.

Q. How can I whiten clothes?

A. Soak them over night in a solution of one quart of water to one teaspoonful cream of tartar.

Q. Should brown soap be used for washing flannels?

A. No; never use brown soap suds for washing colored clothes and flannel, as it usually contains resin and soda. Resin is injurious to flannel, and soda is injurious to colored clothes.

Q. How can I prevent white silk from turning yellow?

A. White silk should not be washed in water that is too hot, as it has a yellowing effect on it.

Q. How can I keep mice away?

A. Lay gum camphor along the backs of the closet shelves, or any other haunts.

Q. How can I brighten and sharpen the knives of the food chopper?

A. Take a piece of scouring soap, or small bits left from the cakes of scouring soap, and run through the food chopper in the same manner as a vegetable or piece of bread. Then wash thoroughly to remove all the grit.

Q. How can I remove scars left from pimples?

A. Scars from pimples can be removed by bathing in a solution

of boric acid and then applying zinc ointment.

Indiana statisticians report that a cow which produces 4000 pounds of milk a year nets \$43 above feed costs in a year; one which produces 6000 pounds, \$120 and \$199 at the 9000-pound level.

Maine has 1796 miles of railroad.

the tremendous area served through the extensive network of bus routes.

"It is impossible at this time to say just how things will be worked out," Mr. Cunningham said. "Besides, the weather man is predicting more snow today (Wednesday) and that might change the entire picture."

# Dress Designer And Hypnotizer Clash In Bull Barn Saturday

## Repeat Performance?

A dress designer and a hypnotizer will clash in the headline event of the Lions Club Wrestling Matches, Saturday at the Bull Barn. Dizzy Davis, who also operates a clinic for the treatment of nervous diseases besides designing women's clothing, will meet Lee Grable, who claims he can hypnotize anybody except a drunk or an idiot.

The other match will see Kathleen Wimberly and Louise Green, both colored girls, wage war. Both matches will be for the best two of three falls or one hour time limit. Although Davis is considered one of the roughest maulers in professional wrestling, he has carved quite a name for himself in the business of designing women's clothes. He operates a clinic in Houston which specializes in diathermy therapy, the treatment of nervous diseases.

"I can hypnotize anybody unless

LOUISE GREEN

they are drunk or an idiot. If they don't believe me, I beg them to let me try it on them," Grable said this week.

Davis is the only Texan ever to (Continued on Page 4)

## KNOX'S KNOTTINGS

By BILL KNOX

Hereford's showing against the Canyon Eagles Tuesday night was certainly a definite improvement.

The improvement may have been enough so that the Whitefaces will finish higher than sixth in the district tournament, which we had earlier predicted.

That wouldn't make us a bit unhappy.

We don't know whether Canyon was having a bad night or what, but the terrific start displayed by the Whitefaces was nothing short of astonishing. We think that the first quarter played by the Herd was their finest performance all year.

Needless to say, Cubby Kitchens was satisfied. "We looked a lot better. There's plenty more desire and hustle, but we still have a long way to go," Kitchens asserted. We agree with him wholeheartedly.

Canyon had previously given the Whitefaces two beatings, but they didn't know what to do when the Whitefaces lowered the boom in the first quarter.

If that game is any evidence of things to come, the rest of the district teams better watch out. We're sure Canyon didn't have their best night against the Herd, but Phillips got by the Eagles by only 70-60 in their last outing.

Common opponents certainly aren't accurate comparisons, but if, in this case, it turns out to be, Hereford will give Phillips a tussle if they play again. Phillips defeated the Whitefaces by 25 points the last time the Herd met the Hawks.

All around teamwork was one of the key factors in the Hereford win Tuesday night. Don Weeks and Leroy Morrison both turned in fine performances also. Terry Higgins turned in a good job on the backboards as did Bill Callaway.

The Hereford defense was also somewhat better. Canyon didn't score anything for six minutes and fifty-five seconds, and by that time Hereford had accumulated 11 points. The Eagles snapped out of it pretty quick but couldn't find it in them to catch up.

Jimmy Curtsinger is continuing to set a torrid pace for the (Continued on Page 4)

# THANKS FOLKS

for Your Cooperation And  
Patience!

We did our best to bring you CREAM FOR YOUR  
COFFEE Saturday, Sunday and Monday mornings, but  
in most cases, of course, we were late.

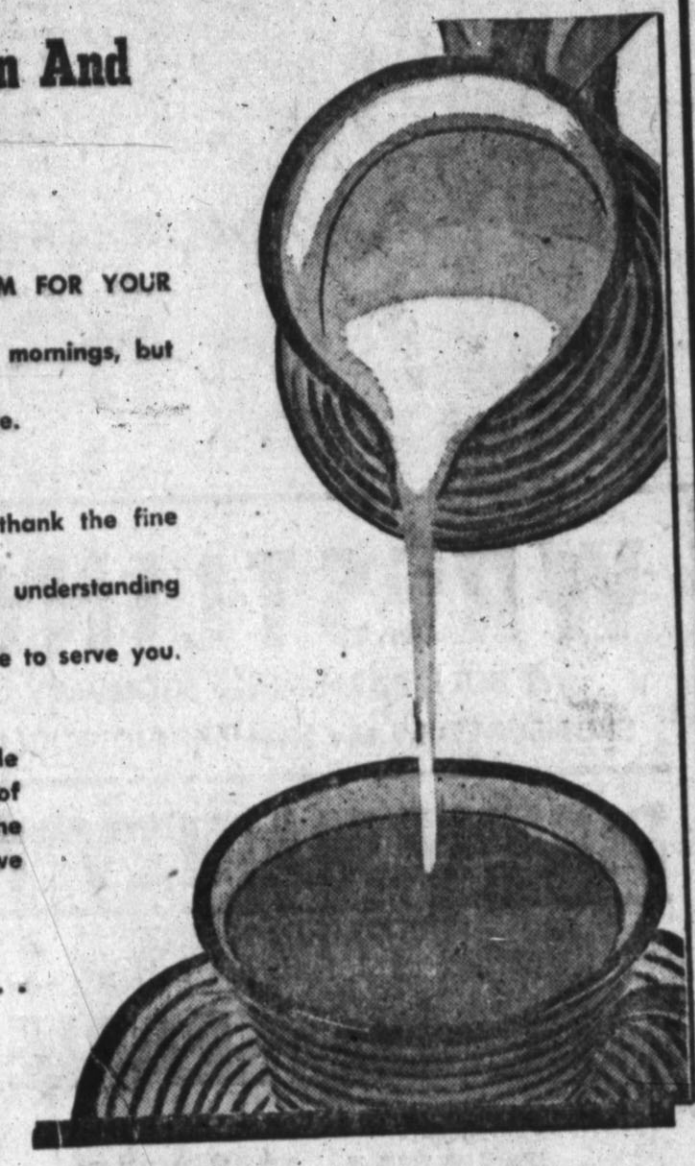

We want to take this opportunity to thank the fine  
folks of Hereford for their patience, understanding  
and cooperation. It is indeed a pleasure to serve you.

IN THE FUTURE... we hope to be able  
to make our route with a minimum of  
delay, to bring our customers all the  
fine Borden's Dairy products that we  
handle.

For added excitement to any meal...  
always use

# The Texan Was Made For You!

It's your kind of car... this handsome,  
rugged Texan by Dodge! At the very first  
glance, you'll know this is true. And when  
you take the wheel and "give the gun"  
to its mighty, aircraft-type, Super Red Ram  
V-8 engine, your enthusiasm will burst all  
bounds. For the Texan boasts a power  
plant just like the Dodge that made auto-  
motive history on the famous Bonneville  
salt flats in Utah.

Surely you've read or heard recently how  
a '56 Dodge stock car shattered 305 world  
records for endurance and speed in that  
sensational 14-day, non-stop run. This  
officially witnessed performance covered  
over 31,000 miles of round-the-clock  
driving at an average speed of 92.86  
miles per hour... the greatest distance at  
the fastest pace any car has ever travelled!

Now this handsome, fast-fashioned, spe-  
cially trimmed Texan offers you the same  
rugged endurance and the same eager  
power as the Dodge that established these  
records. What's more, you'll be in for your  
biggest surprise when you glance at the  
price tag. Big, powerful and luxurious as it  
is, you'll expect to pay perhaps a thousand  
dollars more than the... Yet here  
you'll discover that this Texan, with all its  
beauty and size and ruggedness, is priced  
right down with the so-called "low-priced  
three." Come and see for yourself.

Never will you find a better "buy" nor  
make a better deal than your nearby Dodge  
dealer will give you today. Better not  
delay for the supply is limited.

# HEREFORD DIGS OUT

**TRACTORS AND SHOVELS**—Nothing was more common in Hereford this week than tractors and shovels. The two instruments did more than their share in helping clean up the city. It took manpower to keep both going, however. (Staff Photo)

Like other Panhandle cities, Hereford began to dig out this week following the record breaking 27 inch snow. The winter wonderland scene began to change as tractors and shovels bit in to clear roads, driveways and walks. There was more to do than clear walks, however. For the heavy snow caved in at least two local buildings, and other businessmen were busy shoveling the snow off their roofs before they too became its victim.

Main Street, with its stalled and stuck cars, was, as usual, the center of activities. In an effort to get the streets cleared, the City put its maintainers to work and even turned on fire hydrants to wash the snow into the storm sewers.

As county highways and farm to market roads began to open, traffic was almost bumper to bumper as persons stranded in the area made their way out and farmers who had run out of butane made their way to town to get some fuel.

For a while bread and milk became hard to get, but the shortage was soon over as the hard working delivery men fought their way to homes and stores in the area.

School children in Hereford added to the unusual situation. Since there was no school all week long, they had the opportunity to make all the snowmen they desired. Many rode sleighs for the first time, and snowball fights were a dime a dozen.

**MOST BEAUTIFUL**—One of the most beautiful homes in Hereford following the snow storm was that of Mr. and Mrs. Homer Brumley, 609 East Fifth. Two large evergreen trees set the house off like a Christmas tree. (Staff Photo)

## The Hereford Brand

Hereford, Texas, Thursday, February 9, 1956 Section 2

**BIG MESS**—Larry Summers and J. R. (Monk) Johnson carry out another tub of water from Rutherford's Tuesday as they try to clean up the store in time to re-open Wednesday. The roof of the store caved in from the weight of the 27 inch snow. (Staff Photo)

**SNOW WOMAN**—Snowmen were plentiful here this week, but Wallace Woolsey, 312 Avenue B, came up with something different—a snow woman. Here he poses with his work of art. (Staff Photo)

**WINTER WONDERLAND**—The C. T. Guseman home was typical of many other snow-bound houses in Hereford this past week. More than two feet of snow fell, leaving the entire city a winter wonderland. (Staff Photo)

**IF WE JUST HAD CHAINS**—Two unidentified men give the old heave-ho to their automobile which "got the spins" on Main Street Tuesday. Sore backs were just another result of the storm. (Staff Photo)

**AND THE SNOW FLIES**—Don Jackson and Garth Smith get busy getting snow off the top of the Western Auto store after the roof of at least two local stores caved in due to the weight of the 27 inch deep snow. (Staff Photo)

# What's This

—By Chris—

Hi there! How about a sleigh ride? This weather's the most isn't it? But if that's what it takes to turn out school, I guess we can bear it. Right everybody?

Betty Cates pulled a sneaky last Wednesday night, and how! Betty don't you know that's no way to conduct yourself when you're supposed to be working? Besides, it was the last banana.

I'll wager that sixty some odd characters were very relieved to hear over KGNC Thursday morning that the trip to Canyon had been cancelled. Seven thirty certainly comes early on a morning like that—and those buses certainly are cold. It was a luscious feeling to snuggle down under the warm covers for another hour.

Houston-Boyd has his own pronunciation system—did you know? Bill A. do you know how to eat olives yet? Along about the end, you looked as if you were doing all right.

That was a very enjoyable speech Mr. Josh Lee made at the Chamber of Commerce Banquet, wasn't it? Will you make it worth my while if I won't tell how many of your choir students were snoozing?

Say, you know, we teenage girls are in a class of our own. Fads come and go, the ancients shake their heads in consternation at our new whims, and we love it don't we? Our fathers are always speaking of the old fashioned girl which reminds me of what Anthony J. Pottio has to say about the blushing maid of yesteryear.

There's nothing wrong with the old fashioned girl—and that's probably what makes her old fashioned.

Well, I really wouldn't know—but try comparing the modern miss with the old fashioned girl and see what you come up with.

Here's what Sjanna Solom has to say about the Junior Miss of today—

"Dungarees  
Or tailored shirt,  
Socks to the knees,  
Boysish, pert  
D. T. barbering,  
Khaki shorts:  
Fashion harboring,  
A girl — of sorts!"  
And that's about the size of it. Well folks, there you have my thoughts and theories for another week. Be seeing you.

Jerry Patrick Murphy to Dixie Lee Young, Feb. 2.

Less than 1 percent of color blind people are unable to distinguish between red and green of traffic lights, although color blindness always prevents seeing the colors in the full contrast apparent to people of normal vision.

## Summerfield News

By BETTE JEAN NOLAND

Mr. and Mrs. Earl Lance and family spent last weekend in Lubbock with their daughter and family, Mr. and Mrs. Jack Harrington.

Mr. and Mrs. Wayne Lee and family, formerly of Phoenix, Ariz., have moved back to the Sunnyside Community where they will make their home. They spent the weekend with their parents, Mr. and Mrs. Carl Lee and family, and her parents, Mr. and Mrs. L. F. Carter and family.

Mrs. Ray Meadows of Amarillo spent Monday in the home of her sister and family, Mr. and Mrs. Harold Bass.

Mr. and Mrs. Buster Thomason have moved from this community to Spur. We regret very much to lose them.

Mr. and Mrs. Carlyle Sergeant and family of the Progressive Community visited her parents and family, Mr. and Mrs. Carl Lee Saturday evening and Sunday afternoon.

Mrs. Katherine Jenkins and her brother, Archie Dobbins, of Hereford were Sunday afternoon visitors in the Charlie Noland home.

Mr. and Mrs. Morris Nance of Plainview have been visiting his sister, Mrs. J. A. Noland, Mr. and Mrs. L. B. Lookingbill and family, Mr. and Mrs. J. B. Noland and family, Mr. and Mrs. Mack Noland and family, Mr. and Mrs. Chas. Noland and family, all of this community, and Mr. and Mrs. Joe Stacy of Hereford.

Mr. and Mrs. Jewel Keye of Roswell, N. M., visited Mrs. J. A. Noland Sunday afternoon.

Miss Debbie Lookingbill, daughter of Mr. and Mrs. Bradley Lookingbill of Plainview, is spending the week with her grandparents, Mr. and Mrs. L. B. Lookingbill.

Activity in this community has been at a stand still because of the large amount of snowfall. We are very thankful for the moisture content as it should benefit the crops in many ways. From Friday night until Sunday the trains were the only form of transportation in this area as a result of the snow.

Mr. and Mrs. Delbert Bainum and family were stranded at the home of Mr. and Mrs. Roy Botkin and family during all the snow.

Mr. and Mrs. J. M. Wright are sight-seeing in New Orleans, La. Jo Wright is staying here with Mr. and Mrs. L. B. Lookingbill and family. Others stranded at the Lookingbill's are their granddaughter, Debbie Lookingbill of Plainview, Jimmy and Valerie Christie.

Approximately 40 head of cattle were killed by the Santa Fe trains during our stretch of bad weather.

Mr. and Mrs. Melvin Rainey and family were stranded in Hereford with her parents, Mr. and Mrs.

ALL DRESSED UP in their Sunday-go-to-meetin' clothes which cover something besides actual avoidupois are Mrs. Merlin Kaul and Mrs. Elmer Combs who took part in the Negro minstrel held at the Westway Community House on January 31 for the March of Dimes. (Staff Photo)

## WSCS Luncheon Program Held

Members of the Woman's Society of Christian Service of the First Methodist Church held the Fellowship luncheon at the church with Mesdames W. F. Gillis, H. E. Henslee, John Jacobsen Jr., and Bill Stanford serving as luncheon hostesses.

Mrs. Colby Conkright, general president, conducted a business session when reports were heard and announced that the WSCS membership now stands at 177.

The devotional lesson was presented by Mrs. Bert Boomer dealing with "Race Relationship Versus Brotherhood" using Galatians 3: 27-28 as Scriptural reference. "Racial problems must be dealt

D. C. Walser, during the snow. Mr. and Mrs. Bob Noland were stranded with her parents in Hereford, Mr. and Mrs. Debbs Knox, from Friday until Monday.

with individually in a Christian manner, as well as in group consideration" she said.

Mrs. Dean Bishop gave the closing prayer.

There are 20 types of poisonous snakes in the United States, divided into four kinds: coral snakes, copperheads, water moccasins and rattlesnakes.

Calvin Coolidge was the first U. S. President to broadcast an inaugural address over the radio.

## Beauty At Home

Q. What is good rouge placement for the triangular type of face, that is, the face that is narrow at the top and wide at the bottom?

A. Don't put rouge in a circle above the upper lip, which will only make the lower part of your face look wider, and don't use heavy rouge. Apply rouge in a modified triangle, shading it up to the temples and just under the center of the eyes, then down faintly over the jawline. The rouge should cover the outer half of the cheeks.

Q. How can I exercise to help reduce overly fleshy ankles and calves?

A. One exercise that is very enjoyable, as well as beneficial, consists merely of walking on tiptoe to music around your room for a short time every day. You must do this regularly and faithfully for best results.

Q. What causes persistently cracked lips?

A. Most often guilty are drinking cups, certain toothbrushes, the dyes in lipsticks, etc. Or it can be one of the symptoms of deficiency of vitamin B foods. Eat more whole grain cereals, liver, lean meats, milk, eggs, etc. If the cracks are due to exposure to the harsh weather, use lip pomade and lipstick freely—and refrain from licking your lips!

Q. What are some makeup tips for the girl with a square face and short, thick neck?

A. Make sure the hair isn't too close to the head, that the hairline is irregular. The best type of earrings are short, dangly triangles. Choose "V" or low oval necklines, never turtle-neck collars. Stay away, too, from chokers, dog collars. An off-center ornament near one shoulder, such as a clip, pin or flower, will detract from the size of the neck.

Q. What can I do about the skin on my neck, which seems darker than my face?

A. Try bleaching the neck with some buttermilk massage.

Q. Is there something I can do to help prevent wrinkles around my eyes?

A. Very good for this is the practice of massaging gently around the closed eyes each night with a little mineral oil. Be sure, too, to avoid eyestrain.

Q. I want only an end-curl, but my hair is too long for a pin curl permanent. How can I give myself the kind of permanent I'm looking for?

A. Use a rod-type permanent with the waving solution best suited to your hair. Before you start to wind the ends, decide how far you want curls. Apply waving lotion to that point, and wind the curls that far plus one extra turn. Follow the timing procedure indicated in the directions.

Q. How can I hide or camouflage a pimple that appears suddenly on my face?

A. Pat a paste of powder and foundation cream over the blemish, then press some powder evenly over the spot.

Q. How can I mix myself a good deodorant?

A. Two and one-half ounces boracic acid, one-half ounce zinc oxide, and one-half ounce talc.

Q. How can I remove lipstick stains from one of my non-washable garments?

A. First work petroleum jelly or lard into the stain, then sponge

with carbon tetrachloride. Should a trace of color remain, sponge it with denatured alcohol, diluted with two parts of water for stains on acetate rayon or colored materials. Test colors first.

ENTER THE \$150,000 LUCKY MOTOR NUMBER SWEEPSTAKES AT YOUR CHRYSLER-PLYMOUTH DEALER'S

The Hereford Brand, Hereford, Texas, Thursday, February 9, 1956

By Jimmie Ollentine

Woe is the life of a weather prophet! Honest, it is worse than the newspaper business. And when you are foolish enough to mix the two—well, it's just plain suicide. Even when you are right, you are wrong.

Back when the drought was at its peak, back when a lot of people were ready to give up and have a farm sale, I stuck out my neck and said, "Wait until February! That's when the moisture will come!" I even talked about the possibility of people surviving the heavy snow storm on grocery store eggs and milk—and the possible shortage of butane. Some six weeks later came February—right on schedule—and it brought around 28 inches of snow. You would think that folks would appreciate the advance warning. You would think that they would be prepared. You would think that I would be a hero and that someone would trot out the fatted calf. In which case, you would be all wet! It isn't like that at all.

The people who had some serious hardships are remembering my predictions—and they are calling me up and blaming me with their personal troubles. They act like I was the one who caused the snow, instead of merely predicting it. One town farmer says I cost him eight head of cattle, another character called up and said that he is charging me with a new transmission for his automobile; one lady even chewed me out because I made her children go hungry. Roberta Campbell still says this is because I said some nasty things about eating blackeyed peas on New Year's Day.

And what about the people who are happy with the snow? Good and fine, except they don't give me one minute's worth of credit. I am just null and void so far as they are concerned. I am clear out of the picture—and they refuse to tune me in. I have decided that just can't win. I have decided that my wife is right. I am going to give up the weather predicting business. It took a long time, but I finally realize why they say no one but a fool will predict Panhandle weather. It's because "if you lose, you lose—and if you win, you LOSE!" The man who said a prophet is without honor in his own country was surely thinking about a weather prophet. He definitely was! Anyway, I think it is time to

**LOSE UGLY FAT IN TEN DAYS OR MONEY BACK**

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger & appetite. No drugs, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by: **ROGERS DRUG STORE—HEREFORD** Mail Orders filled.

quit. Besides, I started back in late '53 and have batted 1000 percent; if I keep on, I am bound to miss sometime—and then things would probably get rough. Real rough! Another thing, too; the drought is broken. Moisture will be more and more frequent as we go into a wet spring. People won't need my predictions as bad!

ANOTHER THING, this snow will probably do a lot toward curbing the spread of virus "bugs" which have been rampant during the long, dry spell. I am talking about upset stomachs, sinus and general infections. A lot of kids will develop sore throats, no doubt, but they will at least have the fun of getting them from over-exposure. Such, at least, is the opinion of quite a few medical men and many, many old timers. I guess it is sort of like putting the "bugs" in the deep freeze. Anyway, it is something we can hope for during the remainder of February.

What's more, we can learn an important lesson from the big snow of '56—if we have sense enough to interpret it right (like I did about my weather forecasts). What I mean is getting acquainted once again with our families and our neighbors. A lot of old boys spent more time this past weekend with their wives and children than they have spent in the past 10 years. Others tunneled over and had some old fashioned fireside chats with their neighbors. They did a lot of things that they learned and consistently did during the depression days of the '30's. They realized that people, after all, have more fun than anybody. Nothing contributes more toward making a day perfect than being able to lend a helping hand to a friend or a neighbor.

Back when the men folks spent more time with their families you seldom ever heard of juvenile delinquency and heart attacks; divorces were the exception rather than the rule. The English have always criticized us Americans for going in a high lode, when a trot would do just as well. Maybe they have something.

There were lots of snow stories floating around. However, I am inclined to think that the plight of Mrs. W. E. Dameron tops most of them. She manipulated a ride in a truck to the home of her son, Bill, who was stranded with his family at the Fat Stock Show in Fort Worth. She made a routine inspection and returned in the same heated truck. Everything went fine in fact, until she realized her two most serious mistakes. The first was wearing high heel shoes and light clothing; the second was locking the door key to her own home inside the house.

Things got a little rough for a few minutes until the neighbors heard of her predicament and came to the rescue with footwear and warm clothing. Finally, she returned to Bill's home and searched until she located the spare key to her own home.

Ezra Norton, who is a good snow shoveler, was telling me that the present snow may have been bigger in one single fall—but that it is nothing to compare with that of 1918, when it stayed on the ground 40 days and 48 nights. Ezra says he never missed a day getting out, but that things were a lot rougher. This was due to the long period involved. Marvin Knox substantiates his claims, too. Marvin said he spent two years after that (1918 and 1919) gathering bones. This is also the one that G. P. Owen and F. H. Oberthier were talking about. It just about

wiped all of the cattle out of the country—and broke a lot of people, including merchants as well as cattlemen.

Cliff Acker says it snowed a lot, but still not so much as it used to snow. Cliff recalls that he started out as janitor at the bank and it was his job to sweep the walks and shovel off the snow. "That winter," declares Cliff, "I know it snowed every day for seven weeks. At least, it seems to me like I shoveled snow very day." Cliff, incidentally, will still challenge anyone in a snow shoveling contest. He says he has had more experience than anybody this side of Canada.

**ABOUT SCHOOLS!** The main reason they are staying closed for so long is the 800 plus bus students.

In the first place, it wouldn't be fair for all of these kids to get behind on classwork. The other fact, or is the Average Daily Attendance plan under the Gilmer-Aiken set-up, which determines state money flowing into the local school system. We get one teacher for each 26 ADAS. The amount would run up around \$1,800 to \$2,000 a day, which would be deducted from next year's state money—and that would be quite a sum.

This weather is giving me itchy feet. I also got a card from Guymas, Mexico, on which Gaylord Newell wrote, "Wish you were here!" All in all, it got me to thinking about a lot of things, then I ran across E. T. Brooks, who didn't help matters any.

"GOOD FISHING!" said Brooks;

"Boy, it's the best." He says they land so many fish that they seldom keep the big ones, mostly concentrating on Red Snapper. However, he says to take your own water from Texas. He even takes his own food. Sanitary conditions just aren't. Also, I heard that John Douglas Pitman got off down there without Texas water and got the Mexican "bug."

The thing that has me interested in all of this is the "Good Neighbor" program with South America. However, I am having a little trouble in getting my wife and my banker interested. Every time I mention it, they both change the subject, but fast. When I go into a song and dance about how cheap things are in Mexico, they drum their fingers on the desk—or kitchen cabinet—as the case may be. My wife is beginning to soften up, though. I have been telling her about how you can get alligator bags down there for a mere song. Since that she just drums with one hand, instead of two.

Honest, though, when you stop to think how many Mexicans come into our own little community during June, July and August, it is a real shame that so few of us have taken the trouble to visit in Old Mexico. It just isn't neighborly. I think that Sonny Brooks deserves a big medal for his pioneering in the improvement of International Relations. Really, we ought to do something about it. We definitely should, especially while all of this snow is on the ground.

# What's This

—By Chris

Hi there! How about a sleigh ride? This weather's the most isn't it? But if that's what it takes to turn out school, I guess we can bear it. Right everybody?

Betty Cates pulled a sneaky last Wednesday night, and how! Betty don't you know that's no way to conduct yourself when you're supposed to be working? Besides, it was the last banana.

I'll wager that sixty some odd characters were very relieved to hear over KGNC Thursday morning that the trip to Canyon had been cancelled. Seven thirty certainly comes early on a morning like that—and those buses certainly are cold. It was a luscious feeling to smuggle down under the warm covers for another hour.

Houston Boyd has his own pronunciation system did you know? Bill A. do you know how to eat olives yet? Along about the end, you looked as if you were doing all right.

That was a very enjoyable speech Mr. Josh Lee made at the Chamber of Commerce Banquet, wasn't it? Will you make it worth my while if I won't tell how many of you choir students were snoozing?

Say, you know, we teenage girls are in a class of our own. Fads come and go, the ancients shake their heads in consternation at our new whims, and we love it don't we? Our fathers are always speaking of the old fashioned girl which reminds me of what Anthony J. Pettito has to say about the blushing maid of yesteryear.

There's nothing wrong with the old fashioned girl—and that's probably what makes her old fashioned.

Well, I really wouldn't know—but try comparing the modern miss with the old fashioned girl and see what you come up with.

### MOST SUCCESSFUL CHRYSLER IN HISTORY!

## THE YEAR AHEAD CAR!

Here's dramatic proof that there's more that's new in Chrysler than in all other competitive cars combined!

New in 1956	Chrysler	Comparably-priced Car "A"	Comparably-priced Car "B"	Comparably-priced Car "C"
Major style changes	YES	NO	NO	NO
Longer Body	YES	NO	NO	YES
New Pushbutton Drive Control	YES	NO	NO	NO
New Revolutionary Brakes System	YES	NO	NO	NO
Hi-Fi Record Player*	YES	NO	NO	NO
Increased Horsepower	YES	YES	YES	YES
Instant Heating System*	YES	NO	NO	NO

And the other 3 cars still do not have full-time power steering and the airplane-type V-8 engine... major advances which Chrysler has had for years!

And you can own a bigger, more powerful Chrysler Windsor V-8 for the cost of a medium-price car even for the cost of a "low-price" car with all the optional equipment.

Our "Quality 1st" Used Cars are the best Used Cars in town—only at the Chrysler "Sign of Quality."

## DOOR to DOOR BAKERY SERVICE

### FRIDAY, FEBRUARY 10th

We're glad it snowed, even if it did delay the starting of our NEW Door-to-Door Bakery Service. However, weather permitting we will start rolling FRIDAY MORNING light and early.

Don't forget folks... if you have a special order, please call 46 and we'll bring it around as our truck comes by.

This service will alternate... making all houses East of Main one day, and West of Main the following day.

**PHONE 46 FOR SPECIAL ORDERS!**

# Hereford Bakery

The Hereford Brand, Hereford, Texas, Thursday, February 9, 1956

**By Jimmie Gilentine**  
Woe is the life of a weather prophet! Honest, it is worse than the newspaper business. And when you are foolish enough to mix the two, well, it's just plain suicide. Even when you are right, you are wrong.

Back when the drought was at its peak, back when a lot of people were ready to give up and have a farm sale, I stuck up my neck and said, "Wait until February! That's when the moisture will come!" I even talked about the possibility of people surviving the heavy snow storm on grocery store eggs and milk — and the possible shortage of butane. Some six weeks later came February—right on schedule—and it brought around 28 inches of snow. You would think that folks would appreciate the advance warning. You would think that they would be prepared. You would think that I would be a hero and that someone would trot out the fatted calf. In which case, you would be all wet! It isn't like that at all.

The people who had some serious hardships are remembering my predictions — and they are calling me up and blaming me with their personal troubles. They act like I was the one who caused the snow. Instead of merely predicting it. One town farmer says I cost him eight head of cattle, another character called up and said that he is charging me with a new transmission for his automobile; one lady even chewed me out because I made her children go hungry. Roberta Campbell still says this is because I said some nasty things about eating blackeyed peas on New Year's Day.

And what about the people who are happy with the snow? Good and fine, except they don't give me one minute's worth of credit. I am just null and void so far as they are concerned. I am clear out of the picture—and they refuse to tune me in. I have decided that you just can't win. I am going to give up the weather predicting business. It took a long time, but I finally realize why they say no one but a fool will predict Panhandle weather. It's because "if you lose, you lose—and if you win, you LOSE!" The man who said a prophet is without honor in his own country was surely thinking about a weather prophet. He definitely was! Anyway, I think it is time to

**LOSE UGLY FAT IN TEN DAYS OR MONEY BACK**

If you are overweight, here is the first really thrilling news to come along in years. A new & convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON—carbs both hunger & appetite. No drugs, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, have news. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package sends you nothing. Just return the bottle to your druggist and get your money back. DIATRON cost \$3.99 and is sold with this strict money back guarantee by:

**ROGERS DRUG STORE — HEREFORD** Mail Orders filled.

quit. Besides, I started back in late '53 and have batted 1000 percent; if I keep on, I am bound to miss sometime—and then things would probably get rough. Real rough! Another thing, too; the drought is broken. Moisture will be more and more frequent as we go into a wet spring. People won't need my predictions as bad!

**ANOTHER THING**, this snow will probably do a lot toward curbing the spread of virus "bugs" which have been rampant during the long, dry spell. I am talking about upset stomachs, sinus and general infections. A lot of kids will develop sore throats, no doubt, but they will at least have the fun of getting them from over-exposure. Such, at least, is the opinion of quite a few medical men and many, many old timers. I guess it is sort of like putting the "bugs" in the deep freeze. Anyway, it is something we can hope for during the remainder of February.

What's more, we can learn an important lesson from the big snow of '56—if we have sense enough to interpret it right (like I did about my weather forecasts). What I mean is getting acquainted once again with our families and our neighbors. A lot of old boys spent more time this past weekend with their wives and children than they have spent in the past 10 years. Others tumbled over and had some old fashioned fireside chats with their neighbors. They did a lot of things that they learned and consistently did during the depression days of the '30's. They realized that people, after all, have more fun than anybody. Nothing contributes more toward making a day perfect than being able to lend a helping hand to a friend or a neighbor.

Back when the men folks spent more time with their families you seldom ever heard of juvenile delinquency and heart attacks; divorces were the exception rather than the rule. The English have always criticized us Americans for going in a high lode, when a trot would do just as well. Maybe they have something.

There were lots of snow stories floating around. However, I am inclined to think that the plight of Mrs. W. E. Dameron tops most of them. She manipulated a ride in a truck to the home of her son, Bill, who was stranded with his family at the Fat Stock Show in Fort Worth. She made a routine inspection and returned in the same heated truck. Everything went fine in fact, until she realized her two most serious mistakes. The first was wearing high heel shoes and light clothing; the second was looking the door key to her own home inside the house.

— got a little rough for a few minutes until the neighbors heard of her predicament and came to the rescue with footwear and warm clothing. Finally, she returned to Bill's home and searched until she located the spare key to her own home.

Ezra Norton, who is a good snow shoveler, was telling me that the present snow may have been bigger in one single fall—but that it is nothing to compare with that of 1945, when it stayed on the ground 40 days and 40 nights. Ezra says he never missed a day getting out, but that things were a lot rougher. This was due to the long period involved. Marvin Knox substantiates his claims, too. Marvin said he spent two years after that (1918 and 1919) gathering bones. This is also the one that G. P. Owen and F. H. Oberthier were talking about. It just about

wiped all of the cattle out of the country—and broke a lot of people, including merchants as well as cattlemen.

Cliff Acker says it snowed a lot, but still not so much as it used to snow. Cliff recalls that he started out as janitor at the bank and it was his job to sweep the walks and shovel off the snow. "That winter," declares Cliff, "I know it snowed every day for seven weeks. At least, it seems to me like I shoveled snow very day." Cliff, incidentally, will still challenge anyone in a snow shoveling contest. He says he has had more experience than anybody this side of Canada.

**ABOUT SCHOOLS!** The main reason they are staying closed for so long is the 800 plus bus students.

In the first place, it wouldn't be fair for all of these kids to get behind on classwork. The other factor is the Average Daily Attendance plan under the Gilmer-Aiken set-up, which determines state money flowing into the local school system. We got one teacher for each 28 ADAs. The amount would run up around \$1,800 to \$2,000 a day, which would be deducted from next year's state money—and that would be quite a sum.

This weather is giving me itchy feet. I also got a card from Guy-mas, Mexico, on which Gaylord Newell wrote, "Wish you were here!" All in all, it got me to thinking about a lot of things, then I ran across E. T. Brooks, who didn't help matters any.

"GOOD FISHING!" said Brooks;

"Boy, it's the best." He says they land so many fish that they seldom keep the big ones, mostly concentrating on Red Snapper. However, he says to take your own water from Texas. He even takes his own food. Sanitary conditions just aren't. Also, I heard that John Douglas Pitman got off down there without Texas water and got the Mexican "bug."

The thing that has me interested in all of this is the "Good Neighbor" program with South America. However, I am having a little trouble in getting my wife and my banker interested. Every time I mention it, they both change the subject, but fast. When I go into a song and dance about how cheap things are in Mexico, they drum their fingers on the desk—or kitchen cabinet—as the case may be. My wife is beginning to soften up, though. I have been telling her about how you can get alligator bags down there for a mere song. Since that she just drums with one hand, instead of two.

Honest, though, when you stop to think how many Mexicans come into our own little community during June, July and August, it is a real shame that so few of us have taken the trouble to visit in Old Mexico. It just isn't neighborly. I think that Sonny Brooks deserves a big medal for his pioneering in the improvement of International Relations. Really, we ought to do something about it. We definitely should, especially while all of this snow is on the ground.

**CARD OF THANKS**  
We wish to thank our friends and neighbors for the many kind acts of sympathy shown us in our sad bereavement for the loss of our mother.  
May God bless each of you.

# Frio News

By FRANCES ANDREWS

The Frio Community, as well as most of the Texas Panhandle, has been blessed with a great amount of snow that fell Wednesday night through Saturday which kept most of the people in their homes by the fire. The snow storm was accompanied by a number of unusual circumstances. Of course, every one was snowbound when butane for heating began getting low the situation ceased to be amusing. The Kenneth Coxes and Glenn Roberts were among those who had to manage on tractor. Cox was stranded Saturday night away from home spending the night at the Leonard Schmidt home. Also, a couple who live on the Peeler place, now leased to Lloyd Schultz, came out on a tractor Saturday and rode it to town, after butane heating gave out. The Peeler place is west of Jay Bostons place and a mile and a half from a graded road. Mr. and Mrs. E. H. Little and Becky and Peggy of Texhne, who were here to visit their folks, the H. D. Robbins and Mrs. Grace Little of Hereford, and other relatives in this vicinity, were unable to return to their home at the time that they had planned to because of the snow.

Charles Springer, a student at W. T. spent from Friday until Sunday with his brother and family, the G. A. Springers of Hereford. He was able to get to his home Sunday, however.

Joe Hacker, a student at Eastern New Mexico University, was also unable to reach his destination, the H. F. Benson home, from Friday until Sunday. He spent the time with his folks, the W. J. Hackers of Hereford.

Mr. and Mrs. Clark Andrews and Rocky were unable to return to their home. They spent from Wednesday night until Friday with Mrs. Andrews' folks, Mr. and Mrs. E. B. Berryman, of Hereford, and from Friday night until Tuesday in the Owen Andrews' home.

Mrs. H. M. Mobley was also unable to return to her home which is located about 10 miles north of

IT HELPED SOME—City workers opened up fireplugs here in an effort to dislodge the snow from the gutters, but the trick didn't help too much. It did get the melting snow heading toward the storm sewers, however. Here Joe Mock Hale has a bit of fun with the cold water. (Staff Photo)

## HISTORY SPOILS STORY

RICHMOND, Va. (AP) — Captain John Smith of Virginia's Jamestown Colony was saved from the Indians by Pocahontas but nobody saved him from the historians.

And more's the pity, says Dr. Jay B. Hubbell, professor emeritus of American literature at Duke University, a man who thinks a

Look Who's New!

Vivian Suzanne, born Feb. 3, is the new daughter of Mr. and Mrs. Wayland Smith. She weighed seven pounds and 12 1/2 ounces. Paternal grandparents are Mr. and Mrs. T. E. Smith of Greenville, Tenn., and maternal grandparents are Mr. and Mrs. G. C. Caison Sr., of Hereford.

Mr. and Mrs. Alfred Reinart have a new seven pound and 12 ounce girl, born Feb. 7. Paternal grandparents are Mr. and Mrs. J. H. Reinart and maternal grandmother is Mrs. Lewis Wiek of Umbarger.

Billie Kay, born Feb. 7, is the new daughter of Mr. and Mrs. Don Vaughn. She weighed eight pounds. Paternal grandparents are Mr. and Mrs. E. S. Vaughn of Dimmitt and maternal grandmother is Mrs. B. H. McCarty of Richland Springs, Tex.

Kathleen Danette, born Jan. 25, in Riverside County Hospital in Arlington, Calif., is the new daughter of Mr. and Mrs. Kenneth Blair. She weighed six pounds and 10 ounces. Kathleen Danette is the grand-daughter of Mr. and Mrs. W. H. Walsler and the great-granddaughter of Mr. and Mrs. C. R. Walsler, all of Hereford.

A good story is a fine thing for the nation to have around.

A really good story, he said in a lecture at the University of Richmond, would have had the Indian princess marrying the doughty captain. Then, he added, they might have been the forebears of a great American line that would have included George Washington, Patrick Henry and Robert E. Lee. But historians just won't have it so and America doesn't have anything akin to Virgil's Aeneid.

## Aggie President Wants Assurance From Military

WASHINGTON, (AP)—Texas A&M College President David Morgan believes he is making headway finally in his fight for proper recognition of the nation's non-federal military colleges by the top Pentagon authorities.

He has been here with Col. Joe Davis, Aggie commandant, at a conference of the Council of Military Colleges with the Reserve Forces policy board.

A&M is one of only seven schools throughout the country, aside from the Armed Services' academies, which are classified by the Pentagon as military colleges.

The others are The Citadel, in Charleston, S. C., with retired Gen. Mark Clark as president; Virginia Military Institute, Virginia Polytechnic Institute, North Georgia Military College, Pennsylvania Military College, and Norwich, Vt., Military College.

At these schools, just as at West Point, Annapolis or the new Air Force Academy, cadets wear uniforms at all times and live by military discipline 'round the clock.

By contrast, R.O.T.C. (Reserve Officer Training Corps) cadets at all other four-year colleges and institutions usually wear their uniforms only one day a week, and get only a few hours military training a month.

"The Defense Department at present makes no distinction between these two types of schools," said Dr. Morgan in an interview. "We think there should be additional allowance for clothing and equipment, in as much as the students in our military colleges have so much greater requirements."

"Too, and this is most important, we want assurances for students who have taken four years of training in our military colleges that they will receive commission in one of the branches of the Armed Services upon graduation."

Dr. Morgan declared the Defense Department gets the maximum for its dollar spent in lead-

ership training in the taxpayers' money spent at A&M and the other six military colleges.

He said arguments the council presented in the conference, coupled with the record of these schools for supplying officers in the Korean War and the two World Wars, gave encouragement that they ultimately would get proper recognition.

"For the first time since I have been president of A&M and participating in these meetings," he added, "I have come away with a real recognition."

Congressman Olin Teague of the Corsicana - Bryan district, an Aggie of the Class of '32, has been one of the most vigorous backers of the changes in R.O.T.C. contract provisions sought by Dr. Morgan.

During their visit here Dr. Morgan and Colonel Davis had lunch with a former Aggie commandant, Maj. Gen. Guy S. Meloy. The general recently became chief of information and education for the army headquartered at the Pentagon.

## Packing the biggest power punch in Chevrolet truck history!

## New Chevrolet Task-Force Trucks for '56!

A short-stroke V8 for every model... powered, higher compression 6's! More power for tight schedules and tough jobs... modern power that saves you money every mile!

You get plenty of "horses" to haul your loads in new Chevrolet Task-Force trucks. Power's been boosted right across the board in modern short-stroke V8's and efficient valve-in-head 6's! There's a V8 for every model, either standard or as an extra-cost option. And Chevrolet's famous truck 6's have higher than ever compression ratios! Come on in soon and let us show you all the new advantages you get in these great new Chevrolet trucks for '56!

### Fast Facts About New '56 Task-Force Trucks

- HIGH-LEVEL VENTILATION AND COOLED SAFETY STEPS!
- A MODERN, SHORT-STROKE V8 FOR EVERY MODEL!
- GREAT NEW FIVE-SPEED SYNCHRO-MESH TRANSMISSION!
- AN AUTOMATIC DRIVE FOR EVERY SERIES!
- MORE POWERFUL VALVE-IN-HEAD SIXES!
- TUBELESS TIRES, STANDARD ON ALL MODELS!
- FRESH, FUNCTIONAL WORK STYLING!

\*V8 standard in L.C.F. models, an extra-cost option in all other models. †Optional at extra cost in a wide range of models.

Anything less is an old-fashioned truck!

# Lamb County Water Decrease Totals Billion Acre Feet, Survey Shows

(Editor's Note: This is another in a series of stories prepared by the High Plains Underground Water District.)

The portion of Lamb County within the boundary of the High Plains Underground Water Conservation District covers about 560,000 acres of land. (The total area of the county is about 654,000 acres.) The underground reservoir in the alluvial formation beneath the area within the district contained approximately 11,700,000 acre-feet of ground water in storage available for pumping in January 1955. The above maps were prepared from data compiled from a study of about 900 logs of water wells and about 300 measurements of water levels in wells.

The map in plate 2 shows the decline of the water table from the spring of 1938 to January 1955.

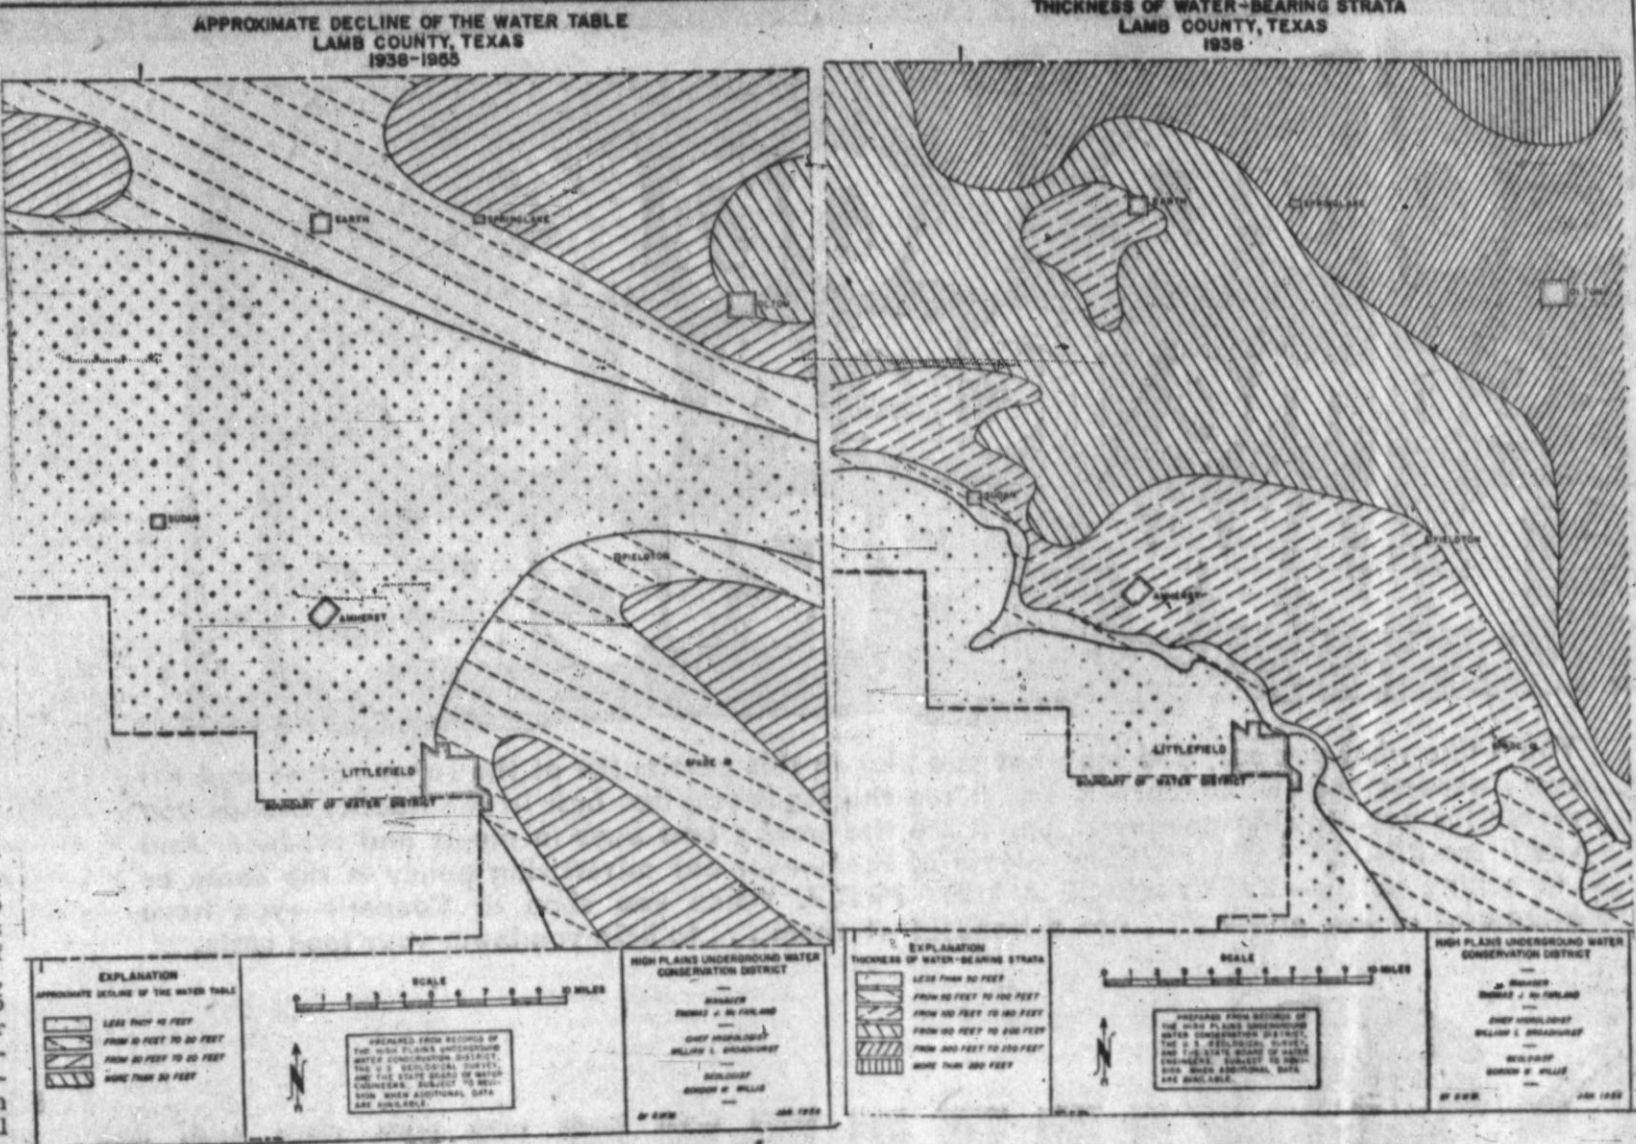

The volume of water remaining in the underground reservoir was determined by subtracting the volume of material unwatered since 1938 from the total volume of saturated material in 1938 and multiplying the remainder by the coefficient of storage of 15 percent.

These data show that 12,300,000 acre-feet of water was in storage available for pumping in 1938, and that the net decrease in storage from 1938 to 1955 was 1,100,000 acre-feet. In other words, the net decrease in storage is about 9 percent of the quantity available in 1938.

The approximate quantity of underground water in storage, available for pumping, beneath an individual farm may be determined by multiplying the number of acres in the farm by the thickness of the water-bearing strata underlying the farm and then multiplying by the storage coefficient of 15 percent. Suppose the farm consists of 320 acres and has 200 feet of water-bearing strata underlying it, then 320 acres x 200 feet x 0.15 equals 9,600 acre-feet of water available for pumping. An acre-foot of water is the quantity required to cover one acre to a depth of one foot, and it is also equal to 43,560 cubic feet or 325,829 gallons.

An individual may use this information to determine, within reasonable limits, how long the quantity of underground water in storage beneath his farm will last at any annual rate of withdrawal. This assumes, of course, that his neighbors pump a comparable amount of water per acre on their farms.

These maps and studies of this type are parts of the regular hydrological work in progress by the staff of the Water District. Similar maps and information will be prepared as rapidly as practicable, for all the counties within the Water District. Maps of Deaf Smith, Farmer, Castro, Potter, Randall, Armsong, Foyd, Bailey, and Lamb Counties are now available.

REGISTERED CHRONOGRAPH WATCH TECHNICIAN

**Does your watch keep good time?**

**NOT being in for a free examination today. A simple adjustment or thorough cleaning may be all that is needed to put it in tip-top condition.**

**Kenneth "Doc" Cowan**  
Your Doctor of Sick & Decrepit Watches  
**Cowan Jewelry**

### Household Scrapbook

**Cleaning Paint Brushes**  
Be sure always to clean paint brushes before putting them away. Hardened brushes may be soaked in raw linseed oil for about 24 hours and then placed in a can of benzine. Work the bristles of the brush until they are separated and the paint will soften so that it can be washed out. Ordinary fiber brushes can be soaked in laundry soda water until they soften, and then washed clean with soap and water.

**Rag Rugs**  
Rag rugs will not curl on the ends after washing, and will also keep cleaner much longer, if a little starch is added to the rinse water.

**A Damp Cellar**  
If the cellar walls are damp and moldy, apply unslicked lime with a garden spray. It will freshen them wonderfully.

**Roughened Elbows**  
If your elbows are inclined to be rough and ugly, try soaking them in a bowl of hot soap suds from five to 10 minutes. Then rinse in cold water and massage well with a good hand lotion. It is a good idea to put lotion on them every day until all roughness has disappeared.

**Circled Eyes**  
Those dark circles under the eyes will quickly disappear if you take more outdoor exercise, get more sleep, drink more water every day, and eat more fruits and vegetables.

**Blankets**  
To keep the blankets and flannels soft and fluffy, add a teaspoon of glycerine to each pint of rinsing water when laundering them.

**Cleaning Automobile**  
Road film and grease can be removed from the surface of the automobile with a rag or sponge wetted with gasoline, and then washing with some automobile soap and water. After it is dry, the surface may be polished.

**Ferns**  
The ferns will have a nice green color if a teaspoonful of ammonia to one quart of water is poured over them about every two weeks.

**Squash**  
Squash will be much easier to peel if it is first placed in the oven until thoroughly warm.

When the Mayflower started from England for America with the Pilgrims, there were 102 people on board.

# PUBLIC VOTES MERCURY "BEST VALUE IN ITS FIELD"

1956 national survey of car owners—by independent research organization\*—shows Mercury leads its price class as "best value for the money." Whether you pick a Montclair, Monterey, or Custom, you get more car in four big ways!

- 1. NEW REFLEX-ACTION PERFORMANCE**—Go, stop, pass, climb, turn. THE BIG M responds instantly to your every command, adjusts instantly to every road. We call it "reflex action"—a new kind of performance that makes all your driving easier, safer—and far more comfortable than ever before.
- 2. NEW 230-M BEAUTY**—Clean, graceful beauty for the young-minded. Mercury's lines are long, sleek, road-hugging. New Flo-Tone color styling is radiant and dramatic. You enjoy a distinction in THE BIG M that is unmatched in Mercury's price class.
- 3. NEW SAFETY-FIRST DESIGN**—You get the widest choice of safety features in the field. At no extra cost, there's an impact-absorbing safety steering wheel (an exclusive in Mercury's field) and triple-strength safety door locks. And optional features such as seat belts and padded instrument panel.
- 4. PROVABLE VALUE**—Here's value you can see, and measure! Low first cost. Low operating costs. High resale value. And Mercury trade-in value has remained consistently high. No wonder Mercury was voted "best value in its field." Better see us soon.

For 1956—the big move is to THE BIG MERCURY

# HD Chatter

By ARGEN DRAPER

Looks like a winter wonderland. This storm has caused a lot of inconveniences, but this may be just what we have been waiting for. It takes 10 inches of snow to equal one inch of moisture, so from the reports the county should have from one to two inches of moisture. This may be the beginning of the end of the drought. Anyway it's fine.

Andy Thomas, when talking about the weather has always referred to 1906. The weather man says this is the most snow since 1906. From the records, there were 24.92 inches of moisture that year. Too, the only years that have been dryer than 1955 are 1910, 1934, 1940, 1952 and 1953.

To keep from being a community problem I am staying in close until the roads clear. After teaching school in the country and working in a county made up of large ranches, I have learned to do office work in bad weather. However, it is hard to stay inside when the sun is shining.

The people whom we have talked to over the phone are cleaning out closets and sewing. I have worked on scrapbooks and too. I am going to get a dress made. I have had the material since before Doris McHaffey left. In fact, she bought the material for me at a fabrics sale. I pinned two patterns on it but changed my mind. Of course, the material is a little out of date.

The Pat Sullivans like their new home but say they sure do miss their friends here. There are 85 teachers in the high school where Pat teaches and 96,000 students in the county. Their address is: 3416 Terrace, Fresno, Calif.

A letter from Mrs. L. E. Gross. She is working part time in Point Comfort. Beth is a Junior in high

school and is busy as can be. She is in the band, active in FHA and is in the high school Nurse Club. Beth is planning to go to Southwestern in Georgetown and major

in piano or Home Economics. Mrs. Gross was a member of the South Hereford Home Demonstration Club and Beth a member of the Draper 4-H.

Have you been enjoying the advertisement on TV about the little Texas town where good teeth were discovered? Some time we should get Dr. Heard to talk to us about

adding fluoride to tooth paste. We understand Dr. Heard is doing very well after his stay in the hospital and we are glad. He is a great person.

"READ THAT LAST LINE AGAIN" black-face lover Clarence Morrison requests of Bud Taylor who is revealing the contents of a letter from the colored boys' gal, Mrs.

Merlin Kaul, Gayle Wagoner and Mrs. Elmer Combs are members of the cast visible in the background. (Staff Photo)

BLACKFACE COMEDY WESTWAY STYLE—Annual fund-raising project for the March of Dimes by the Westway Community, a Negro minstrel and pie auction sale which netted close to two hundred dollars for the polio fund this year. Not hard to identify in the cast is Jimmy Thomas who with Bud Taylor served as interlocutor for the group. Others in the shuffle are listed as follows though their location in the picture is known only to themselves and others who watched them make up for

the program. Somewhere from left to right in the bottom and top rows are: Wayland Northcutt, Freda Inman, Mary Lynn Morrison, Billy Combs, Woodrow Northcutt, Ann Wagoner, Walter Kaul, Dora Ruth Inman, G. C. Merritt Sr., Bernie Northcutt, Ralph Morrison, Billy Dufur, Gayle Wagoner, Gene Combs, Elmer Combs, Clarence Morrison and Robert Boyd. (Staff Photo)

"ALRIGHT WHO'LL GIMME A HALF, THEN" cries auctioneer Bernie Northcutt as he sells pies at the annual fund-raising event for the March of Dimes in the Westway Community. Northcutt managed to up the average to over five dollars per pie before the sale was over and the tempting morsels were delivered to drooling mortals. Some bidders carried their pies home with them

while others took them out to the cafeteria in the community house where coffee was available. In the picture Mrs. G. C. Merritt has just swapped her bookkeeping job off to Mrs. Elmer Combs so she can help out with the coffee and in the background a little visitor seems to be fascinated by the press camera manipulated by the photographer. (Staff Photo)

**ARMY RESERVE DAY PROCLAIMED**—Brigadier General Lewis S. Griffing, Chief of the Texas Military District, is pictured here as he witnesses the signing by Gov. Allan Shivers of a proclamation setting February 22 as U. S. Army Reserve Day in Texas. On this, the final day of National Defense Week, and the birthdate of George Washington, Texans will honor members of the U. S. Army Reserve.

## Long Time Ago

45 Years Ago

A number of farmers from the Spring Lake community were here last Saturday making inquiry for cotton seed. They applied to the Business Men's League but found that the car of seed already ordered by the farmers around Hereford. The League will order another car no doubt, to supply Spring Lake with seed.

There were 175 car loads of strawberries shipped to northern and eastern markets from Texas during the season of 1950, according to late government reports, which brought \$175,000. Texas can keep strawberries in the market the entire year.

25 Years Ago

The number of qualified voters for the county in 1931 is a few short of 1000, according to the tax collector's office, which closed its qualified roll with the last day of January. Poll taxes will continue to be paid, assessed along with property renditions, but the payers

after Jan. 31 will not be entitled to vote in any of the elections of 1931. The county had 1412 poll tax receipts issued in 1930, a year of primaries and one of interest to the electorate. The present 12-month period is an off-year for voting.

An employee of Southwestern Bell Telephone Company is attaching a condenser to one present boxes of customers, in preparation for the cut-over later to the new call system, or common battery type. This is one step nearer the day when crank-ringing to reach central in Hereford will have passed into the realm with the long horn cow. The attachment that is being installed is to enable the conversion to the improved type to be made without inconveniencing telephone users. The new central office building has been completed on the corner of Miles and West Fourth Streets, and a crew of Western Electric company men have been busy for several weeks setting up the necessary equipment for changing types and location.

## At The Movies

AT GUNPOINT

Fred MacMurray plays a small town storekeeper who can't handle a gun in the tense action drama, "At Gunpoint," showing Friday and Saturday at the Star Theatre. Dorothy Malone and Walter Brennan also star in this spectacular movie which takes place in early Plainview. Many vital problems are faced by the quiet, peace loving MacMurray as he is forced to be a killer in order to keep himself and his family safe.

Double Feature

Comedians Bud Abbott and Lou Costello are menaced by a Mummy in many hilarious scenes from their latest laugh hit, "Abbott and Costello Meet the Mummy." Marie Windsor, Michael Ansara and Peggy King are seen in supporting roles.

Tangled motives, gradations of terror and stark drama combine in "Yellowneck," showing Saturday and Sunday at the Texas Theatre, with "Abbott and Costello Meet the Mummy" also showing on the same program. Five men, deserters who left their weakened ranks in the Confederate forces, meet in a spot in Florida and who have made arrangements to be guided through the Everglade country to the sea where a British blockade runner is to pick them up and take them to Cuba and safety. Featured in the movie are Lin McCarthy, Stephen Courtleigh, Berry Kroeger, Harold Gordon, and Bill Mason.

MIDNIGHT PREVIEW

A Rock 'N Roll revue will be held Saturday, Feb. 11 at the Star Theatre. Strictly in tune with the times, many hit tunes such as "The Mooch," "You Cash Ain't Nothin' But Trash," "Oke-she-moke-she-pop," and "Vip-ty, Vip-ty, Vop," will be featured in the super musical treat, "Rock 'N Roll Revue." Musical headliners in the film will be Duke Ellington and band, Nat "King" Cole, Martha Davis, the boogie woogie keyboard king, and many others.

William Howard Taft who weighed more than 300 pounds was the heaviest U. S. President.

## Lt. McFarling At McConnell AFB

First Lt. J. L. McFarling Jr., of Hereford, has entered the aircraft observer training course for the B-47 Stratojet medium bomber at McConnell Air Force Base, Wichita, Kans.

When he completes his training, he will return to his regularly assigned wing of the Strategic Air Command where he will undergo further B-47 training. The Boeing-built B-47 Stratojet is a six engine medium bomber and flies in the 600 mph class.

McConnell Air Force Base is the site of the world's first Stratojet bomber base and is an advanced flying school of the U. S. Air Force. The B-47 carries a crew of three, including the aircraft commander, pilot and aircraft observer.

The aircraft observer training at Wichita covers approximately one month of intensive training which includes 108 academic hours and 15 hours of training in the ultra-sonic trainer.

## Donald Thompson Completes Tour

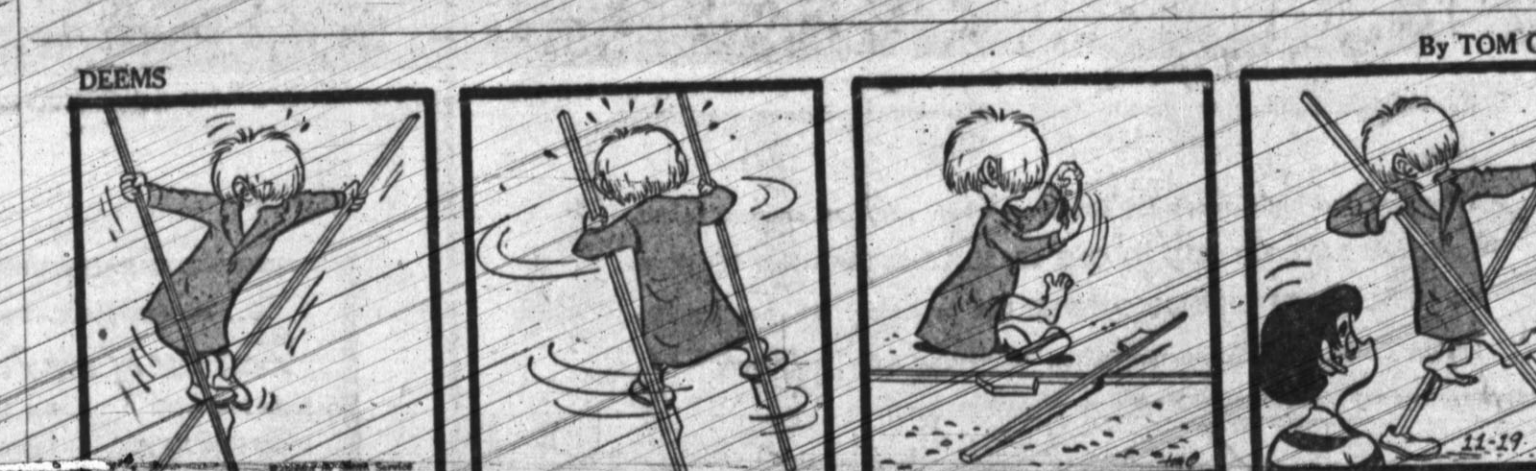

PEARL HARBOR, HAWAII — Donald Lee Thompson, fireman, USN, son of Mrs. G. O. Thompson of 306 Eblevins St. Hereford, has returned to the Far East aboard his ship, the Pacific Fleet destroyer USS Floyd B. Parks, after spending four days on a recent goodwill tour to Rangoon, Burma.

The Parks, her sister ship the USS John R. Craig, and the submarine USS Greenfish comprised the goodwill trio and were the first U.S. warships to visit the Union of Burma since February, 1951. The Greenfish, according to officials of the Burmese government information office, was the first underwater craft ever to dock in the Southeast Asian country.

COWBOY SOLDIERS

FT. HUACHUCA, Ariz. — Soldiers at this post now have a chance to play cowboy. The Army has leased a dude ranch, the Little Outfit Ranch, for 50 men at a time to spend five-day leaves free.

The pansy is one of the oldest garden flowers in cultivation.

**HEREFORD MOTOR COMPANY**

By VERN SANFORD

Texas Press Association AUSTIN — An Austin district court has cleared the way for liquidation of the assets of US Trust and Guaranty Co. This means that creditors may get back at least a part of their investments from the defunct concern.

Judge Charles O. Betts ordered the company and two subsidiaries, US Automotive Service and Arkansas Fire and Marine Insurance Co., into permanent receivership. What exact percentage creditors will recover is not yet known. Rep. Bert McDaniel of Waco, US Trust attorney, filed a petition for certified draft holders asking that they be given priority. If the petition

is granted, said an Insurance Commission attorney, they will get all their money back.

Some 5,600 draft holders put in an estimated \$5,800,000.

State testimony on US Trust operations cited many examples of unorthodox bookkeeping, annual statements bolstered by borrowing, blown-up real estate values, and minutes of board meetings never held.

Judge Betts released personal assets of six company directors from an injunction banning disposal. But he made it clear they were not dismissed as defendants or freed from liability as directors.

Refund of attorney's fees by members of the Texas Legislature is helping to increase the assets of the defunct US Trust and Guaranty Co. Two state senators started the ball rolling by announcing they were sending to the liquidator all legal fees received from US Trust — to be divided by creditors. Senators William Shirer and Carlos Ashley of Llano said they had not been given an opportunity to earn their retainers. Shirer received \$3,000; Ashley, \$10,000. Both were paid in cash.

A four-pronged investigation is under way by committees from both the House and Senate to: (1) check functions of the Insurance

Commission, (2) study circumstances surrounding operation and collapse of US Trust and Guaranty Co., (3) determine if remedial legislation is needed, and (4) investigate lobbying practices.

A. B. Shoemaker, US Trust president who shot himself through the head Jan. 7, was moved from a private hospital in Waco to the Veterans Administration Hospital in McKinney. Family spokesman said they were no longer able to pay heavy hospital bills. Doctors would not comment on whether they thought Shoemaker, apparently the only person who knows, or ever knew, the ins and outs of US Trust, would ever recover sufficiently to testify.

Insurance Commissioner Garland A. Smith, hospitalized with a stomach ailment two weeks ago, has resigned. His doctor recommended indefinite rest. Smith said he felt he had been made the "whipping boy" in the current controversy. Critics of the administration had sought to strike at the governor through him, he said.

Gov. Allan Shivers and Com. Chas. J. Byron Saunders refuted "scandal" charges in luncheon speeches last week. "Whenever there is a violation of the law and the commission takes action against a company, there seems to be a 'scandal,'" said Saunders. He predicted results of the "solveny call" due by May 31 will reveal only about 5 per cent of Texas 1,400 companies to be unsound.

Taking a similar tack, the governor said that in the past six years only 15 out of 29,000 state employees had been fired, suspended or indicted for dishonesty. It is unfair, he contended, to smear the honest majority, because of the actions of a few.

Every day brings with it evidence of the commission's new "get tough" policy.

Hearing was set for April 3 to consider revising credit insurance rates. These have come in for sharp criticism recently as providing a legal means of greatly increasing charges on small loans.

Blunt warnings were issued to persons violating the new securities law. "Although bona fide per-

# Fun Clothes Go Exotic

THE NEWEST CLOTHES FOR SPORTS AND PLAY speak with a foreign accent. Typical of the season's colorful casual styles are a group of separates inspired by the Calypso music of the Caribbean, designed by Stephanie Koret, of San Francisco. Shirts, skirts, shorts, jacket blouses and sundresses are coordinated in two fabrics, a plain natural color nubby cotton and a Trinidad print, in rich earth tones of brick, black and brown. Both styling and fabrics take a cue from the colorful clothes worn by the West Indian singers. The group also includes a tomboy swim suit in Trinidad print. All are designed to mix or match.

WEST INDIES FLAVOR — The young lady on the burro wears co-ordinated separates inspired by the Calypso singers of the Caribbean countries. Jacket and shorts are natural nubby finish cotton, blouse in bold, colorful Trinidad print.

TROPICAL NOTE — Trinidad print blouse teams with skirt in natural cotton, designed by Stephanie Koret of California.

## TEMPERATURE CHART

OCALA, Fla. (AP)—Ocala has two weather bureau stations, one north of town and one downtown and in recent weeks the latter has been as much as 12 degrees warmer than the northern one.

But the temperature from the one on the outskirts is the one the bureau sends out on its wires and the chamber of commerce wants it to change and use the warmer, downtown temperatures. Anyway, it wants the downtown station used during the winter months.

sonal investments are not subject to registration," said a letter to insurance company executives, "securities owned by officers, directors, or salesmen cannot be sold unless registered."

**Land, Insurance Trials Set**  
Trials involving two statewide issues, insurance and veterans lands, are scheduled for Austin district courts.

B. R. Sheffield, Brady land dealer, is to be tried March 5 on nine indictments charging felony theft in connection with the veterans land program.

Paul and Leslie Lowry and D. H. O'Fiel of Beaumont will come to trial April 2 on charges of committing perjury in sworn statements to the Insurance Commission. They were connected with three companies placed in receivership in late 1953.

**Short Snorts**  
February 22 has been designated by Governor Shivers as U. S. Army Reserve Day in Texas. The date, Washington's birthday, also is National Guard Day in Texas and the final day of National Defense Week. Public Schools week has been proclaimed by Governor Shivers as March 5-10. License to operate Girlstown USA has been revoked by the State Department of Public Welfare. But enforcement awaits a study by an

advisory board. In question is responsibility of management. Girlstown is a home for wayward girls at Whiteface, Texas.

Screening of applicants for its \$15,000-a-year directorship is under way by the Texas Commission on Higher Education. Final selection will be made on Feb. 20. Building material and labor costs were 24 per cent lower in 1950 than in 1955. So, although Texans spent 13 per cent more on construction in 1955 the actual volume of building done was 9 per cent smaller than five years ago. An improved low to protect fresh water reservoirs from pollution has been suggested by the Texas Water Resources Committee. A bill will be submitted to the Texas Legislature in 1957 specifying that any person or firm found guilty of polluting fresh water shall be fined \$100 a day or given 30 days in jail, with each day a separate offense. J. Earl Rudder, chairman of the Veterans Land Board announces acceptance of bids on 14 tracts of land reclaimed by the state under the veterans' loan program. Dr. Frank P. Bertram is the new director of the division of dental health in the State Health Department. He has held a similar position with the Oklahoma Health Department, where he worked for 18 years. Texas' draft call for March is for 774 men, a substantial increase over 289 for February and 283 for January. Cities with the highest percentage of employment, according to latest Texas Employment Commission reports are, in this order: Dallas, Houston, Baytown area, Austin, Wichita Falls, San Antonio, Ft. Worth, El Paso, Longview, Lubbock, Amarillo, San Angelo, Waco, Corpus Christi, Abilene, Beaumont, Galveston and Texarkana. Half a million poll taxes now in control of state labor groups will be used to push for the repeal of 13 anti-labor laws in Texas, Lester Graham, regional director of AFL-CIO, declared at a labor-law institute held in Austin. Nine University of Texas athletes became "grade casualties" on mid-term reports at UT. Ineligible to participate in sports until their grades are back up to standard are two football players, three basketball men, two track men, a swimmer and a golfer.

Although mentally deficient people may often be trained to do many useful things, no amount of training can make them more intelligent.

Although the Mayflower had a stormy trip from England to America, only one person died on the voyage.

(Mormon)

Kendon O. Anderson, superintendent.  
The Mormon church which meets in the American Legion Hall, will have Sunday School services at 10 o'clock.

Let's make St. Valentine's Day unanimous.  
Let's say "I love you" to at least one other person. It is a bright and good day in the Christian calendar. Every one of us is the better man because he dares to love. The heart and the cross belong together. You cannot truly love without honoring the principle of sacrifice. Saint Valentine was a Christian martyr, beheaded by Claudius, emperor of Rome about the year 50 A.D. He loved enough to surrender his life in the service of God. The heart and the cross tell us that God is love, that he loved enough to give all for us. Will St. Valentine succeed in winning you and me to a genuine love for God that will not count the cost? The best text for St. Valentine's Day is John 3:16.

## First Baptist

Fifth and Main

Rev. Howard Scott, Pastor  
Sunday School is held at 9:45 o'clock and the morning worship services are held at 10:55 o'clock.

Sunday evening the Training Union will be held at 6:15 o'clock with the evening worship at 7:30.

The Sunday morning Baptist Hour is broadcast at 8 o'clock over KPAN.

The morning worship service is broadcast every first, second, third and fifth Sunday at 10:55 o'clock over radio station KPAN.

Tuesday at 3:45 there will be a meeting of the church, Carolets, and Carolers; Choirs and at 6:15 the youth choir will meet. Brotherhood will be held every third Tuesday.

## Church of God

H and 13th Street

## Your Congressman Reports

The recent Harper's Magazine article concerning the American farmer as a master of chicanery, artifice and trickery in robbing the public treasury was another excellent example of ignorance at work with a poison pen. In the first place, it was obvious that the writer was completely devoid of any understanding of the farm economy of this country. In the second place, it was most obvious that the article was not intended as a contribution toward the solution of the farm crisis. Third, it was clear that the article was written and published with a total disregard of the human element involved in the farm situation. It was, perhaps, one of the most vicious pieces of propaganda that has yet been loosed against the agricultural segment of our economy and was published in a city magazine for city consumption.

Although the article was highly praised in a letter signed by the Secretary of Agriculture, Ezra Taft Benson, the said Secretary, when the matter was made public, promptly denied having read the article or the letter that he signed praising it. He promptly issued a statement that the article did not reflect his views. In all fairness I must say that I feel that Mr. Benson is definitely telling the truth when he tried to disassociate himself with the letter praising such a distorted statement concerning our farm people. Any man who would underwrite such conclusions as those in that article would be out of his mind and certainly not qualified to serve as Secretary of Agriculture or in any other official position concerning the farm economy. I feel that Mr. Benson's situation is, perhaps, one of neglect, not only in signing such a letter, but in permitting those who wrote the letter and whose views are undoubtedly reflected thereby to remain on the public payroll in the Department of Agriculture. We all know that the physical operation of all the Departments is in the hands of lesser officials and other employees, that it would be humanly impossible for the Secretary, himself, to do even a little bit of the physical work required in administering the overall operation. Therein lies the sadness of the present situation. The letter reflects the thinking of the lesser officials who are charged with the

evening at 7:30 o'clock with evening worship at 8 o'clock.  
Wednesday evening prayer services are held at 7:30 o'clock.

**Temple Baptist Church**  
Forrest St. and Ave. K.  
Rev. Russell Pogue, Pastor  
Sunday School will be in the morning at 9:45 o'clock and Training Union is in the evening at 8:15 o'clock. Morning worship services are at 10:50 o'clock and the evening service at 7:15 o'clock.  
Wednesday prayer service will be held at 8 o'clock.  
The teachers and officers meeting will begin at 7:30 o'clock Wednesday evening.

## Slim Skirts Bring Need To Trim Fat

AP Newsfeatures  
Hips are an age-old problem. Even slim types must work to keep hips and thighs from spreading.

Many young girls who've been wearing petticoats and full skirts that conceal this area nicely are shocked that they look buxom in new styles. Slim skirts are popular now for school wear, and trim hip-hugging shorts are going to be with us again this spring, although the crinoline silhouette still goes to parties.

Alas and alack for the girl who must cope with a good glimpse of hips that have been buried in tent-like skirts now that this slim line is upon us. Becky, a 16-year-old Louisville girl faced up to it recently and she writes:  
"I have a nice figure except that my hips and legs are too big for the new fashions, and I don't know what to do about it. Could you tell me how to handle this problem?"

Poor, Becky—but not for long. If she's willing to work at it, she can put herself in the glamor girl bracket in a jiffy.  
Becky must camouflage as much as she can to keep her in a good frame of mind while she attempts her slim Jill program.

If she's been wearing flat shoes that make legs look heavier than they really are, a shoe with a moderate heel will help make her legs look slimmer. High heels are not for day wear of course, although 20-belowers are now wearing them at date time.

She should wear a girdle, not the cage-in-type, but one of the stretch kind that lends support to a young figure without causing discomfort. A properly fitted bra can give a nice long line from shoulder to waist.  
If Becky is small, full skirts are not for her anyway, especially now when she might be lulled into giving up her reducing project.

Exercise and/or massage are the best methods of reducing hips. Walking is invaluable in shaking off hips and thighs, and if you are the "see-in-believin'" type, try, it and see for yourself.

If you have a place to go each day—school, work, library, etc.—that is within walking distance, say a mile or half-mile of your home, it would make an ideal daily sprint for you. Walk briskly twice a day and you'll be amazed that your hips will start to melt.

Supplementary exercises might include these:  
Lie down on the floor, raise your right leg up as far as you can, swing it over your left hip without moving your shoulders. Alternate with left leg. Do this ten times at first. Increase as you go along.

The "rock-a-bye" is another popular exercise for slenderizing the youthful hips. Sit on the floor, pull your legs up to your chest, keeping the soles of your feet on the floor. Wrap hands around your legs and rock over to one side, then the other. Another good exercise for the buttocks is the "scooter." Sit in the same position as with the rock-a-bye and propel yourself across the room on your haunches.

You can't go on an eating binge just because you are exercising. Give up those extras for awhile—candy, cake, pastry, gravy, sundaes, soda. Or better still take half-portion of everything, the best plan for losing weight. Be sure that you're getting enough to eat, though, and that your diet each day includes an egg, slice of wholewheat bread, pat of butter, green vegetables, meat or fish or cheese, one potato or same quantity of noodles or spaghetti, one glass of milk, and fruit.

**RATIONED ANGER**  
COLLEGE PARK, Ga. (AP)—Mr. and Mrs. William T. Wheeler after 70 years of married life are agreed on a simple formula for keeping a marriage functioning and it is: "Don't both get mad at the same time."  
Wheeler is 91, his wife 86.

About 15,000 American tourists visited Berlin last year.

THE 1956 TWO-DOOR CATALINA

The car says 860 and the price won't stop you!

## Easy way to break the small car habit!

It's the hardtop buy of the year—the most power and size per dollar of any car in this style.

If you're accustomed to buying in the low-priced three range, chances are you're paying for Pontiac's size, performance and distinction—but you're not getting it! As a matter of fact, you're not even coming close!  
Actually, the big, handsome Pontiac 860 Catalina you see here is priced within the

reach of just about any new-car buyer!  
Its king-size 122-inch wheelbase gives you up to seven inches more road-leveling length. This extra-long wheelbase—size where it counts—is what gives Pontiac its genuine big-car comfort and stability. And certainly it follows that this size extends as well to its rich, luxurious interior!  
But behind the wheel is where you really feel your dollars doing double duty!  
Where else at a price so low can you enjoy the thrilling sensation of bossing the most modern, most advanced power plant in the

industry—the mighty Strato-Streak V-8?  
Where else at a price so low can you get the luxury of Pontiac's optional Strato-Flight Hydra-Matic—America's newest, smoothest automatic transmission?  
Where else at a price so low can you find all the other fine-car features that put you so squarely on even terms with buyers of far costlier cars?  
Come in this week and see how easy this heart-lifting Strato-Streak beauty can be yours. Once you do, you'll be out of the small-car class forever!

You can actually buy a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

## Dawn News

By DELLA RUTH DOW

Mrs. R. B. Miller of Hereford visited with Mrs. H. F. Trimmer Monday.

Sunday afternoon, Mr. and Mrs. Finis Wright visited Cliff Combs at the hospital in Hereford and Mr. and Mrs. Hugh Reynolds, west of Hereford.

Elph Atchley, son of Mr. and Mrs. Reece Stewart, went to Cisco to go to Cisco Junior College last week. He likes it just fine.

Mrs. Carl Wimberley attended a lecture by Mrs. Ada Ritcher in Amarillo last week.

Mr. and Mrs. W. W. Dozier and their son, Lewis, have moved into our community recently. Welcome to Dawn!

Mr. and Mrs. Lauriano Padilla and family have moved from Dawn to northwest of Hereford on a farm.

Mr. and Mrs. Murl Little and sons, Steve and Terry Lynn, spent the weekend in Cheyenne, Okla., visiting relatives.

The net profit from sales and donations at the chili supper held recently by Dawn Parent Council was \$41.85. Cash donations were from Dawn Mercantile and Mr. and Mrs. Gayle Neal.

Wednesday, Mr. and Mrs. Alvin Frazier and daughter and W. A. Senter of Dimmitt visited the Finis Wrights.

Officers of the Dawn Parent Council and room mothers are selling vanilla to raise money for the Parent Council. Anyone wanting the flavoring, which sells for one dollar a bottle, can obtain it from one of the following: Mes-

dames Bill Tucker, C. L. McBroom, J. B. Caraway, C. C. Stewart, Ted Richardson, Jack Higgins, Joe Gill and H. S. Fuller.

Mr. and Mrs. A. L. Bell and children went to Anton Saturday and spent the night. They visited Mrs. Bell's father, F. B. Stanfield.

A surprise party was held Tuesday night for Carl Wimberley in his home. Those present besides his wife Ruby and his two children, Phyllis and Ted, were Mr. and Mrs. Zed Stewart, E. M. McDill, Mr. and Mrs. William Wimberley, Mr. and Mrs. Joe Vinton, Mr. and Mrs. Walt Beavers, Manuel and Waltine, and Mr. and Mrs. H. C. Dow and Della.

Visitors in the Finis Wright home Tuesday were Mrs. George Ray, Mrs. W. E. Kirkpatrick, Mrs. Edwin Ramey, all of Dimmitt, and Mrs. Myrtle Wright of Hereford.

Mrs. Lloyd Aihart was called to the bedside of her father, J. L. Kerby, Tuesday night in Roscoe. He had a stroke, but was some better the last time we heard.

The Rev. Paul McClung got home from the Seminary about 3:30 Saturday morning.

There isn't much more news because of the snow blizzard. Everyone is snowed in and can't get out. Some people can get out with their tractors for groceries if necessary. However, unless absolutely necessary no one is getting out.

**HECTIC HABITATION**  
PICKENS, S. C. (AP) — Prosecuting Attorney James R. Mann walked up to a couple in general sessions court and said to a woman who had her husband indicted on a charge of non-support:

"I see you are getting all lovey-dovey. Are you ready to go back together?"

The woman grinned and replied: "Oh, we stay together. We just fight all the time."

## Legal Notice

### ADVERTISEMENT FOR BIDS

Sealed proposals will be received in the office of the County Judge by the Commissioner's Court of Deaf Smith County, Hereford, Texas, for the erection and complete construction of a Nurse's Home at Hereford, Texas, Monday February 13, 1956, 2:30 o'clock P.M. in the Commissioners Court Room, and then publicly opened and read aloud.

Plans, specifications and contract documents may be obtained from the office of William C. Townes and Associates, 1208 West Tenth Avenue, Amarillo, Texas, upon deposit of Fifty Dollars (\$50.00), which sum will be returned upon receipt of a bona fide bid and the plans and specifications in good condition, provided the plans and specifications are returned within ten days after the bid opening; or Twenty-Five Dollars (\$25.00) will be returned upon receipt of the plans and specifications in good condition two days prior to date of opening bids. If plans and specifications are not returned to the Architect within the time limit stated above, and if no bona fide bid is submitted, the entire deposit will be retained.

A cashier's check, certified check, or acceptable proposal bond, payable to the Owner in an amount

not less than 5% of the proposal, must accompany each proposal as a guarantee that the bidder, if awarded the contract, will promptly execute such contract in accordance with the proposal, and in a manner and form required by the contract documents, and will furnish 100% bond for the faithful performance of same.

The successful bidder will be required to enter into a contract with the Commissioner's Court, Deaf Smith County, Hereford, Texas, which will contain provisions requiring the contractor to comply with all State Labor Laws, including wage scale and hours as required by House Bill No. 45, Acts of the 43rd Legislature.

The Commissioner's Court of Deaf Smith County, Texas, reserves the right to reject any and all bids and to waive informalities.

Money coins have been made of leather, lead, tin, glass, earth-and-glue as well as gold, silver, copper and nickel.

Less than 2 percent of the babies born in Sweden in 1954 died during their first year.

Karl Spooner, Dodger southpaw pitcher, is living in Hollis, N. Y., and selling automobiles in Brooklyn.

## Vanderbilt High Guidance Program Praised By Many

COLLEGE STATION (AP)—A high school guidance and counseling program at Vanderbilt, Tex., has attracted nationwide interest. The program was developed by

E. V. Walton, head of the Agricultural Education Department of Texas A&M, and is in operation at Industrial Consolidated high school in Vanderbilt.

Several other Texas schools are planning to develop guidance programs under the Walton method.

C. D. Holmes, superintendent of the Vanderbilt school, said personal problems among students have

declined more than 50 percent. Only three discipline cases severe enough to warrant principal's action have been reported in three years.

The percentage of students attending college after leaving the high school has jumped from 47 to 55 percent. Scholastic grades have increased one letter grade and absenteeism and dropouts have been greatly reduced.
