Bayne Is New City Manager

Dudley Bayne, 35, city secretary and acting city manager at Canyon, was employed Tuesday evening as city manager of Hereford. Bayne gave notice to the Canyon commission Wednesday morning and said that he plans to assume his new duties in Hereford May 15.

Bayne succeeds Cecil Massey as city manager here, following Massey's resignation to accept a similar post in Haltom City.

Native of Baytown
A native of Baytown, Tex., Bayne attended Texas A&M College two years before he joined the Air Force during World War II. Following his military career, during which time he saw service in Italy, he changed his majors to accounting and government and transferred to West Texas State College, Canyon, where he enrolled in 1946. Upon receiving his degree in 1949, he accepted his present position with the City of Canyon.

In addition to his duties as city secretary, Bayne has also been active in community affairs at Canyon. He has headed several drives, is a member of the Rotary Club, the Methodist Church and is a director in the Randall County Red Cross.

Family of Four

Mr. and Mrs. Bayne have two sons: Dudley Jr., age 13 and Jimmy, age five; also two daughters, Sidney, age eight and Sally, age two.

"We have investigated and checked many applications," said Mayor Henry Sears. "We were unanimous in our selection of Dudley Bayne. He has many outstanding qualities to fill the position, and we feel that he will be an asset to the community as well as an efficient city manager."

Bayne said that he did not originally plan to make his home in this part of the county, but added: "We liked it very much, so when the opening occurred at Canyon, we jumped at the chance. Naturally, we think that we will also like Hereford — and we are anxious to get moved and to start on the new job."

Bayne will spend as much time as possible, probably on half-day periods, with Massey during the next 15 days in order to become better acquainted with the job and its requirements.

Drouth Feed Aid Extended to June

Drouth feed aid has been extended in Deaf Smith County according to a telegram received on Tuesday by Walter F. Johnson, county supervisor of the Farmers Home Administration.

Effective immediately the drouth feed aid is extended and applications may be accepted through June 8. They must be acted upon by the FHA committee by June 11. Total amount of feed grain available to any one individual will be that required to carry basic livestock through June 30, taking into consideration any feed on hand, according to the wire.

City Dads Review Plans For Summer Recreation Program

Plans for a two-month summer recreation program were reviewed Tuesday afternoon by the City Commission met in a session with members of the Recreation Commission in the Chamber of Commerce office.

The meeting followed a previous meeting of city officials in which the City invited the C.C. group to present a "workable, practical" plan for a recreation program. The plan centered around baseball, swimming, crafts, and games and was offered either on a day or three-day option each. Estimated cost of the plan placed at approximately \$100 for the summer, beginning May 18 and running for a two-month period.

The City Commission took no action on the plan but, at the suggestion of the group, said that it would appoint a committee to investigate such a plan. They expressed themselves as favoring a recreation program personally, but stated that it would be necessary to borrow money for the plan.

There is absolutely no cost for the services of the TEC and the office will be open from 8 a.m. until 5 p.m. Monday through Friday.

For the time being, at least, this office will be a sub-office of the one in Littlefield.

"The extent of our growth here in Hereford," he emphasized, "will depend upon the cooperation of farmers, business men and other people who need employees. As long as there is a demand for our

EXAMINED—Dr. Roy Grubbs, one of the Hereford physicians who will participate in examinations of handicapped children Saturday at the Child Health Clinic, checks a young patient and explains to her what goes on

Fifty Children Registered For Examination At Health Clinic

By press time Wednesday approximately 50 children from a four county region had registered for the first examination clinic ever to be held in this area.

As date for the clinic approached a few changes were made in the roster of doctors who would be on hand.

Dr. Gaylord Chase of Amarillo will be here Saturday to participate in the Child Health Clinic sponsored by Scottish Rite Club members. He replaces Dr. Louis C. Aden of Dallas among the corps of specialists. Dr. Aden had to cancel his plans to appear at the last minute.

The clinic, a free diagnostic clinic, will begin at the Hereford Clinic at 9 a.m. and is open to handicapped children of all races, col-

ors, creeds, and economic status. Pre-registration closes at 5 p.m. today but children who have not registered ahead of time may still be examined, according to members of the sponsoring organization.

Children with known or suspected disorders of any types, such as

bone, eyes, ears, speech, nervous disorders, lungs, heart, etc., are eligible to attend so long as they are under 19 years of age. Lunch will be served at noon and Scottish Rite members will furnish the transportation to children living in Deaf Smith, Oldham, Castro and

(Continued On Page 3)

Allred, Formby Named To Office

Election of officers and designation of Brownfield as the next meeting place comprised a major portion of business conducted at the Texas Highway 51 Association meeting in Hotel Jim Hill Monday at noon. Approximately 80 delegates attended the meeting, representing four Texas counties along the route.

Herb Cheshire of Brownfield was named president; Glenn Ute of Dimmitt, vice president; Jimmie Allred of Hereford, second vice president and Clint Formby of Hereford, third vice president. Joe Satterwhite of Brownfield was appointed by Cheshire as secretary-treasurer. Date of the next meeting will be set by the executive committee.

Jimmie Allred, Hereford C-C Highways chairman, opened the meeting and Mayor Henry Sears extended a welcome in behalf of Hereford. Judge Chas. Lawrence of Seminole, president, reviewed activities of the group and called for nominations for officers after he had read the by-laws concerning procedure.

Homer Kyle, Seminole, reported as secretary-treasurer with a remainder of \$795.98. He listed receipts at \$2,281.83 and expenses at \$1,485.35.

The delegation was composed of representatives from Galnes, Terry, Castro and Deaf Smith Counties and included a large number of Hereford business men who turned out for the annual meeting.

If approved, these controls will be effective for a three year period. Hereford farmers have always approved a controlled acreage although two thirds vote of the farmers is necessary to OK the measure.

Long recognized as one of the most serious problems in the entire economy and of major importance in the overall farm picture, the surplus of wheat is so great that authorities reported that enough grain could be grown on 12 and a half million acres next year to meet anticipated needs.

However, the farm law does not permit Benson to set the allotment below 55 million acres.

Therefore, if the entire allotment is planned and farmers usually share their allotment just to insure keeping their acreage quotas, we will have more than four times as much grain next year as is actually needed.

"The plain fact is that, in spite of valiant attempts to channel more wheat into exports, we will have enough of the grain for the marketing year beginning July 1

Negro Men Protest Desegregation Plan

Colored People Number 123 Within Hereford City Limits

Desegregation took an unusual turn here Tuesday night when a committee of colored people appeared before the Hereford school board to protest the moving of Negro children into the white schools.

"This question involves the community," said Rev. Whitten, who acted as spokesman. "I know the Supreme Court has made a rule, but I see a handicap." Rev. Whitten was accompanied by A. D. Robinson and Jim Scott, and the trio reported that they had been selected at a general meeting of Hereford's colored population (estimated 123) to act as spokesmen for the group.

Timidity of colored students, especially in the lower grades, was offered as one of the chief reasons for appearance of the committee. "When these real small tots see nothing but white students and white teachers all day, they will be troubled," Rev. Whitten pointed out. "It will set them back. Away back. Maybe two years. We had a meeting last Friday and we think it will be a handicap to integrate."

"We would rather remain as we are now — if we have no colored teacher."

Discussion of the situation with board members led the group to state, however, that students reaching Junior High and High School levels might well be integrated. The committee held firm-

ly to this opinion, despite the fact that school representatives pointed out that experience had consistently shown a higher rate of acceptance with smaller children than with older ones.

Board Hires New Teachers, Votes On Transfers

Agreement to continue accepting Walcott High School students on a transfer basis was made between Hereford trustees and Walcott trustees at the board meeting here on Tuesday night. A total of 15 students will be enrolled next year, according to estimates.

The 1956-57 plan will follow that of the past year. Figures showed a total cost of \$245.80 per student for the 2104 average daily attendance in Hereford; from this amount was deducted \$139.18 to cover state and county funds transferred along with the students, leaving a total of \$106.62 to be paid by the Walcott district.

The Hereford board also hired two new teachers, acting on the recommendation of Fred Cunningham, Superintendent.

Ray Hartman of Sayre, Okla., (Continued on Page 3)

Cite Need for Room
Questioned further concerning the present colored school system the group declared an urgent need for more room, better condition and for improved recreational facilities. A minimum of one additional room to the school was cited as being imperative.

The committee also said that an air conditioner would be a good way to overcome the situation created through excessive swarms of flies from nearby potato and vegetable sheds. The group also reported that playground facilities are meager, and that they have been furnished through efforts of their own race.

The colored population of Hereford, 123 by actual count in 1955, was expected to continue a rapid growth by the committee.

Tripled Each Year
"The 123 was in the city limits," said Rev. Whitten, "we did not try to count those out in the country." He also said that the colored population has tripled each year since 1953. School enrollments also backed up the statement: 1953 — four students; 1954 — 12 students; 1955 — 37 students.

Most of the colored population, according to the committee, is being employed on farms and is doing farm work. A small percentage, they said are employed in

Miss Karen Sue McGee Is Lion's Queen Candidate

Karen Sue McGee, Lions Club Sweetheart, will be Hereford's candidate in the contest to select a queen of Lions Clubs for District 2-T-1 in Amarillo today.

She will compete with approximately 50 candidates from throughout the Panhandle in the contest which will be held tonight at 7 p.m. in Municipal Auditorium. This is part of the annual district convention of Lions Clubs which begins today at the Herring Hotel.

About 23 Hereford people are expected to be on hand for all sections of the three-day meet, and other Lions will go up for special sessions.

Boss Lion Present
Dr. Richard A. Sell, of Dallas, director of Lions International, will address the group Friday morning. He has selected this meeting as the district convention which he preferred to attend.

Wheat Referendum Slated For July 20, Benson Says

With a stockpile surplus of 917 million bushels of wheat worth approximately 2½ billion dollars, Secretary of Agriculture Benson this week ordered the continuance of rigid federal production and marketing controls on the 1957 wheat crop, subject to a referendum of growers July 20.

If approved, these controls will be effective for a three year period. Hereford farmers have always approved a controlled acreage although two thirds vote of the farmers is necessary to OK the measure.

Long recognized as one of the most serious problems in the entire economy and of major importance in the overall farm picture, the surplus of wheat is so great that authorities reported that enough grain could be grown on 12 and a half million acres next year to meet anticipated needs.

However, the farm law does not permit Benson to set the allotment below 55 million acres.

Therefore, if the entire allotment is planned and farmers usually share their allotment just to insure keeping their acreage quotas, we will have more than four times as much grain next year as is actually needed.

"The plain fact is that, in spite of valiant attempts to channel more wheat into exports, we will have enough of the grain for the marketing year beginning July 1

Other events include a golf tournament at Tascosa Country Club, a queen's reception at 4:30 p.m., and a queen's ball at 9 p.m. today. Both the reception and the ball will be held in the Crystal Ballroom of the Herring Hotel.

Ladies activities for Thursday include a buffet at noon in the XIT room of the Herring Hotel and a bridge canasta book review party from 1 to 4:30 p.m. in the hotel.

Key Members to be Feted
A 7 a.m. breakfast will begin the Friday activities. Key members of area Lions Clubs will be honored at the breakfast which is being sponsored by the Dalhart Lions. The convention will be called to order at 9 a.m. Friday and a welcoming address will be given by Mayor Art Jordan.

Attending from Hereford will be Messrs. and Mesdames Blue Turpin, Dub Reeves, Ross Latham, F.

W. Dool, Shelton, Cecil Massey, Earnest Lancelley, and Neil Cooper. Also Bruce Miller, Tom Alderson, Ray Cowsett, Jim Gillentine, John McLean, J. W. Robinson, and Bill Decker.

Last Rites For Mrs. J. L. Hight

Funeral services for Mrs. J. L. (Effie) Hight, 82, of 323 N. 25th Avenue, will be held this morning, May 17, at 10 a.m. at the Presbyterian Church with the Rev. Russell Wingert officiating. Interment will be at Claude.

Mrs. Hight died Wednesday in the home of her daughter, Mrs. Ada Brunson, after an illness of several weeks.

She was born June 21, 1873 at Dallas and in 1894, she married J. L. Hight, now deceased, at Dallas. They came to Deaf Smith County in 1918 from Claude. Mrs. Hight was a member of the Presbyterian Church.

Pallbearers will be Jim Kirby, Henry Weems, J. E. Rogers, Lee Conklin, Clay Ridgeway and T. E. Seigler.

Mrs. Hight is survived by one daughter, Mrs. Ada Brunson of Hereford and six grandchildren.

Gilliland Funeral Home has charge of arrangements.

Rotarians Attend District Assembly

Three incoming officers from Hereford's Rotary Club were in Floydada Wednesday to attend the district assembly for 133rd district of Rotary International.

Henry Benson, president; Melvin Young, vice president; and Lloyd Widdfield, secretary, were present for the day-long sessions at the First Baptist Church. Programs events included talks by district governor Rignon Edwards of Sweetwater, governor nominee Rex Webster and forums on vocational service, club service and community service conducted by past district governors. Workshops for officers were conducted in the late afternoon sessions and the meeting was adjourned at 5 p.m.

Luncheon was served at noon in the church and conducted as a joint meeting of the Floydada Rotary Club and the District Assembly.

Helga Thome and Mrs. Roy Calvert were in Canyon Saturday to attend the Llano Estacado chapter of Spanish and Portuguese teachers meet held at West Texas State College. Pictures of the chapter at work in Brazil were shown and a program honoring all chapter delegates. Mrs. Calvert was named chairman of the poetry division of the annual Fiesta scheduled for next Spring.

Shower at C. L. McBroom Home Honors Mrs. Orvil Luster Recently

By MRS. W. R. MOORE

Mrs. Orvil Luster was honored with a pink and blue shower on Thursday of last week in the home of Mrs. C. L. McBroom. Refreshments were served to Mesdames Temple Jarnigan and Mable Cribbs

from Wildorado, James Blake and Jack Blake from Amarillo, Bill Buckhannan, Rue Wells, T. C. Jones, J. T. McClain, Zelma Axe, C. W. Cogdell, Glenn Allred, Carl C. W. Griffith, E. T. Alfred, J. W. Simpson, O. K. Higgins, T. E. Price,

Herman Smith, Red Stockton, the hostess, Mrs. C. L. McBroom, and the honoree, Mrs. Orvil Luster.

Mr. and Mrs. Charlie Cogdell visited with the Ezra Nortons in Hereford Sunday.

Mr. and Mrs. Boyd Knox from Friona visited in the home of Mr. and Mrs. Charlie Cogdell Tuesday night.

Have New Son
Mr. and Mrs. H. D. Moore are the proud parents of a new baby boy, which arrived in their home early Sunday-morning.

Mrs. Davis Harrell and little son from Canyon spent several days in the home of her mother, Mrs. J. T. McClain, last week.

The Bryant Dukes from Friona visited in the home of his sister, Mrs. Billy Moore, Saturday night and Sunday.

Attend Wedding
Mr. and Mrs. Billy Moore attended the wedding of Miss Lettie Dukes and Johnny Foster Friday evening at 9 p.m. in Berger. Mrs. Foster is a sister of Mrs. Billy Moore.

Mr. and Mrs. Dwayne Byers of Odessa visited in the home of Mr. and Mrs. Carl Griffith Sunday.

Visitors in the home of Mr. and Mrs. W. R. Moore over the weekend were Mr. and Mrs. John Myers and two sons, John Jr. and Jackie, from King City, Mo., Miss Beverly Hopkins from Albany, Mo., Mr. and Mrs. Paul Myers, Mrs. Ray Day and children, Jeanie, Donnie and Johnnie, Miss Lee Dobler from Midland and Mr. and Mrs. Billy Moore and little Terri Lynn.

Visit in Frio
Mr. and Mrs. J. C. Simpson visited in the home of Mr. and Mrs. J. H. Simpson of the Frio Community Sunday.

Mr. and Mrs. Wayne Wilcox of Friona and Mr. and Mrs. Jack Williams from south of Hereford visited in the home of Mr. and Mrs. Buck McGahey Sunday.

Mr. and Mrs. Elroy Artho and children visited in the home of Mr. and Mrs. Iribeck in Canyon Sunday.

Mr. and Mrs. Elroy Artho and

The Hereford Brand, Hereford, Texas, Thursday, May 17, 1956

children attended the Umbarger School picnic at Buffalo Lake on Thursday.

Mr. and Mrs. Charlie Cogdell visited in the home of Mr. and Mrs. Walter Lee Ballard in Vega Sunday afternoon.

Mr. and Mrs. Tice Hugg and Clifford visited in the J. A. Foster home in Amarillo Sunday.

Visits Sister
Miss Darolene Moore spent Friday night in the home of her sister, Mrs. Davis Harrell, in Canyon.

J. T. McClain made a business trip to Hereford Friday.

Mr. and Mrs. Billy Moore were a supper guests in the home of Mr. and Mrs. Jennings Dukes Sunday night in Friona.

Mr. and Mrs. Elroy Artho attended the wedding of Miss Viola Artho, of this community, to John Birkenfield, of Nazareth, last Wednesday in the home of the bride's parents, Mr. and Mrs. Paul Artho.

The 4-H Club girls had a cake sale at the Dawn store Saturday.

Household Scrapbook

Washable Wall Paper

Wall paper can be made washable by first going over it with sizing, and then using a clear shellac. This is a very good idea for the bathroom, kitchen, and children's room.

Hot Water Bottles

Wash the hot water bottle every two months with water, to which a little ammonia or soda has been added, and it will last much longer.

Lemons

To keep lemons for a great length of time, place them in a mason jar, cover with cold water, and then seal.

When Ironing

Always be sure to have plenty of coat hangers with you on ironing day, so that the freshly ironed dresses or blouses may be slipped on them as soon as they are ironed, and thus avoid any possibility of wrinkles forming.

Shampooing

After shampooing the hair, use a half cup of vinegar in the last rinse water. It will give the hair a sheen and make it soft and fluffy.

Boiled Potatoes

Black spots will not appear on the boiled potatoes if a teaspoonful of vinegar is added to the water while they are boiling.

Baking Powder

When using baking powder in any recipe see that the milk, water or any other fluid is cold, or at least cool. If hot, the heat will release the gases in the baking powder too quickly.

Stains

If cold borax water is put on coffee and chocolate stains it will remove them. Mildew can be removed from a garment by soaking the article in buttermilk.

Protecting the Hands

If a paper bag is slipped over the hand before polishing the stove it will be a great protection to the skin.

Castor Oil

It will be easy to take castor oil if the juice of half a lemon is squeezed into a tall glass and the dose of castor oil poured over it. A pinch of ground ginger should be added, then the juice of the other half of the lemon, and stir briskly, after adding one-fourth of a teaspoon of bicarbonate soda. Drink while it is effervescing.

The New Clothesline

Boil the new clothesline before using. It will make it last longer and prevent it from stretching.

Whirl and Twirl Schedules Dance

Whirl and Twirl dance club members will have a formal spring ball Saturday from 9 p.m. until midnight in the ballroom of Hotel Jim Hill, according to Mrs. Townsend Douglas.

All high school students who are members are invited to attend and may bring a guest, if they so desire, by purchasing a ticket for the guest.

This is the first time that the group has had an orchestra to play for them, club sponsors point out. Refreshments will be served and parents of club members will act as chaperones.

Camborazo, the volcanic mountain in the Andes of Ecuador, is only 100 miles south of the equator yet it is permanently snow-covered because of its great height (20,702 feet) above sea level.

(Continued From Page 1)
The committee showed every indication of full cooperation with any move which the board might make. They said that the colored people of the area had been shown unusual consideration at all times by the people of Hereford.

"This town has acted mightily like Christians," declared Rev. Whitten, and the other two were spontaneous in their agreement. The committee expressed appreciation for their present teacher pointed out "When we have equal rights to all men, then you will accept our colored teachers." Whitten further pointed out that nothing has been one profession left colored college graduates to follow with success. "Now you have nothing left but to cut wood and hoe cotton," he continued, pointing out that they were not accepted as secretaries, bookkeepers or receptionists in the school.

Board members went extensively to the problem with the committee, finding high costs under the present system—especially in the area where there are only two students in high school. They also viewed recommendations from the Community Conference on Education last week, where several steps recommended de-segregation.

Following departure of the committee, however, the trustees dropped the question completely and turned to other problems. "It is something which deserves careful study," said Robert Wagons, board president. "Think it over and we will discuss it further at our meetings."

Court To Sell Bull Barn, Barracks, Buy Maintainer

The Commissioners Court Monday took initial steps toward sale of both the Bull Barn property and the barracks at the hospital, used until recently as a nurses home. They also approved purchase of a new road maintainer in Precinct 4, reviewed blueprints for the proposed hospital addition and discussed possible means toward equalizing taxes in the county.

Judge H. E. Henslee was ordered to prepare bids on the buildings to be sold and to publish the information in accordance with state regulations. The Commissioners altered their previous plan of sale when it was pointed out by County Attorney Ed Line that buildings and other personal property might be sold through bids, but that the sale of land would have to be made through public auction.

Line said, however, that a minimum price to be accepted could be placed on the land if the clause

showed in the original sale notice. The Court discussed the situation, then ordered Judge Henslee to prepare bids on the buildings with the idea of later offering the real estate now occupied by the Bull Barn at public auction.

Hospital Plans
T. E. Seigler, hospital manager, appeared before the Court with blueprints on the proposed children's wing to be erected through grants by local organizations in conjunction with the J. E. Hill estate. Seigler said that some changes have already been specified by the hospital board and that others may follow before a permanent plan is accepted by the group.

He estimated 27 beds in the new wing and said that the hospital would adopt the policy of private rooms until conditions became so crowded as to make combination rooms necessary. He reported that the donations are still some \$13,000 short of the required

amount to construct the wing, which he said is estimated at approximately \$100,000 on the basis of \$15 per foot.

Maintainer Approved
The Precinct 4 maintainer was unanimously approved by the Court. Commissioner Donald Hicks pointed out that the old maintainer was out of use much of the time and that it was "eating us up" in repair bills. The judge was authorized to prepare specifications and to seek bids on the proposed purchase.

The Commissioners also authorized the issuance of warrants up to \$9000 to cover the purchase of the new machine, which they estimated will run between \$11,500 and \$13,000.

Talk On Valuations
Equalization of taxes also came in for extensive discussion before the group. Assessed values on town property, established in a city-wide survey last year, were reported as possibly being out of line and much higher than parallel values assessed against farm land in some areas of the county.

General opinion of the group was that a \$20,000 home should not require more taxes than an \$80,000 half section of land. The situation, they said, existed in some cases. The group also discussed the fact that quite a bit of irrigated land was still being assessed at \$5 and \$6 an acre on the old dry-land basis, due to having been improved during recent months with wells.

The commissioners discussed the merits of employing an outside assessing firm as compared with local assessments. No action was taken on the situation, however, in view of the fact that the commissioners wanted to "think it over" and bring the subject back up for discussion at a later meeting.

TEN WEEK SERIES

Episcopal Church Slates Open Forum Discussions

First of a 10 week series of discussions on the Episcopal Church will begin Thursday at 8 p.m. in the Chamber of Commerce Board Room according to the Rev. Lester Jones, pastor of St. Thomas Episcopal Church.

members about its forms of worship. Participating in the panel will be Curtis Traweek, Ellen Carter, Mary Fraser and the Rev. Jones. "The public is invited to attend and there is no obligation whatsoever," Rev. Jones emphasized. "We feel that there are many who might be interested in comparative forms of Christian worship and would like to know something of the Episcopal Church."

Four Men Drivers, Only Two Women Drivers Involved in Three Collisions

Minor damages resulted in three accidents here, two on Tuesday and the other one on Saturday. An accident occurred Tuesday at 12:50 p.m. at the intersection of 37th and Fourth Street. A 1956 Buick, driven by Charles C. Bowman and a 1956 Mercury driven by Rose H. Valdez, collided, police said.

the car was clear and started to back again and ran the left rear side of his bumper into Mrs. Krumbeln's right rear door. Approximately \$75 damage was done to Mrs. Krumbeln's car and no damage to Hood's car. Hood was charged with negligent collision.

Hood-Krumbeln Collision
The other accident on Tuesday occurred about 12 noon, 100 feet south of Third Street on Main. A 1950 Buick, driven by Newton Benjamin Hood, and a 1955 Buick driven by Paula Moore Krumbeln, collided, police said.

Parmer Counties who have no other way to attend. Reason for stretching the age limit up to 19 is that so many advances have been made in cure and treatment of various types of ill in the last five years that quite often children can now be treated for ailments that heretofore have not responded to medicines, therapy, etc., that was available, pointed out Dr. L. B. Barnett, president of the Scottish Rite Club.

Cubs Attend Year's Palava

Approximately 120 Cub Scouts from Hereford joined the throng from Llano Estacado Council in Amarillo Saturday for the annual Palava.

Neon Sign Catches Fire at Drive-In

Volunteer Firemen were called at 4:15 a.m. Tuesday to put out a blaze at the Tasty Drive-In. The fire was started by a short in the neon sign, and firemen were able to extinguish it before it did any damage other than to the sign, itself, according to Clay Angelo, fire marshal.

Grady, Mrs. Alex Thompson, Beulah Proctor, Charlie Lavall, J. L. Curtsinger, H. G. Robinson, Bob Higgins, Mrs. J. B. Brown, Archie Scott, Christine Bridges, Felipe Frias.

City...

(Continued from Page 1)
program this summer. A total of 1600 students in grade schools was reported by the group. In addition to pointing out the need for a program, the C-C group favored financing such a program through a taxing agency, or a combination of taxing agencies, in order that all persons in the area might be touched with financing of the project. They also frowned on any plan of the soliciting of additional donations, pointing out that approximately \$5000 has recently been raised by this means to finance the Little League baseball plan now underway.

Look Who's New!

Karen Lynn, born May 14, is the new daughter of Mr. and Mrs. O. L. Noland. She weighed seven pounds and four ounces. Paternal grandmother is Mrs. J. A. Noland of Summerfield and the maternal grandparents are Mr. and Mrs. M. E. Busby.

Ronald Hardwick, born May 15, is the new son of Mr. and Mrs. Oliver Streu. He weighed seven pounds and seven and one-half ounces. Paternal grandparents are Mr. and Mrs. Urlin Streu and maternal grandparents are Mr. and Mrs. Francis Hardwick. He has one brother, 20 month old Ray.

Board...

Modern Working Girls Never Had It So Good

MODERN SHIRTTWAIST GIRLS—Their dainty, blouses are always crisp and fresh, thanks to modern miracle fabrics. Left, trim tailored shirt in dacron crepe, embroidered in forget-me-nots. Right, multi-color polka dot print on dacron crepe. Both designed by Judy Bond for carefree, no-iron life.

SMART SHOPPERS—They select their fresh fruits and vegetables with care, buy blouses that are easy to keep crisp and fresh. Left, silk and cotton blend in a peppermint striped shirt that is young and flattering. Right, dacron and cotton blouse with tiny white ball caviar fringe, bib front.

By **DOROTHY ROE**, Associated Press Women's Editor
Modern working girls never had it so good.
What with modern science working overtime for them, they can look as fresh as daisies every day, with practically no laundry worries.
The original shirtwaist girl of the Gay Nineties spent hours washing, starching and ironing the elaborately tucked and ruffled blouses in which she looked so bewitching. But today her granddaughter dunks her blouses in the wash basin at night, hangs them on hangers in the bathroom and finds them crisp, dainty and ready to wear next morning, without ironing.
As every working girl, college girl and housewife knows, there's nothing like a good supply of fresh, gay blouses to give the wardrobe a lift. Now designers are making this easy by wide use of the new miracle fabrics which take the problems out of wash day.

Designer Judy Bond has employed a variety of man-made fabrics in her summer blouse collection, ranging from tailored styles to frilly, embroidered styles. One of the new fabrics is Arnel, a new triacetate fiber that drapes beautifully and keeps its crisp, fresh look even in damp weather. It washes easily, dries quickly and needs little or no ironing.
Dacron crepe, which looks like the finest French silk crepe, is made of a new polyester fiber. Wrinkle and soil resistant, this is another easy-to-wash, easy-to-dry fabric.
Soft, absorbent and closely resembling linen in appearance is a new spun blend of dacron and cotton, washes like a handkerchief, needs no ironing.

Another in the lineup is matricque, a new matt type jersey, which is a blend of dacron and nylon. This also washes like a pair of stockings.
The trick with most of the new man-made fabrics designed for easy care is to wash them quickly by hand and then let them drip dry, smoothing seams and edges with the fingers. Never twist or wring. A supply of plastic hangers in the bathroom will make it easy for you to hang up your blouses to drip dry, with no danger of getting them out of shape.

There are about 120,000 toy-train hobbyists in the United States, says the National Geographic Society.

Grover Cleveland was the only president of the United States who ever served a second term after having been defeated for re-election at the end of his first term.

Twisted strips of birch bark were used as torches by the Iroquois Indians.

The notion that some snakes' tails bear a poisonous spine is false.

The highest mountain peak on the North American continent is Mt. McKinley in Mt. McKinley National Park, Alaska.

FROM "MOTHERLY HOME"

Italian Choir Is Given U. S. Church Welcome

FROM SEA TO SHINING SEA—Part of the Casa Materna Choir sings on its coast to coast U. S. trip.

By MARIAN SOFFEL
AP Newsfeatures

Children from the Casa Materna Orphanage, near Naples, Italy, have brought their choir to America for a tour of 101 churches.

From coast to coast and from Boston to Texas, the 25 children are taking their music into Protestant churches. On the tour which started in February and will end late in June, U. S. congregations have listened entranced to their music. At each performance, arrangements have been made for each child of the choir to stay at the home of a church member. There they have been learning how Americans live.

The choir was started in 1953 under direction of Joel Warner, a volunteer American social worker. But the orphanage from which the boys and girls from 9 to 19 years old come, was started in 1905 by Riccardo Santi a Methodist pastor. It is now directed by Fabio Santison of the founder, and 8000 children have been sheltered in it since its founding.

Many of the present children were orphaned in World War II. And Casa Materna (Motherly Home) is recovering from war troubles. Bombed out by Allied and German planes, the children were moved to Salerno where the institution was encompassed by the American landing there.

Orphanage work was also handicapped during the final years of the Mussolini regime because it was a Protestant enterprise in a Catholic country. Fabio Santi who is accompanying the choir on its tour says it has received a warm welcome in all the U. S. cities in which it has appeared.

Although the children spoke no English when they landed in the United States, they have learned a number of songs by rote and sing them in English. The choir received its first public recognition from Americans when it sang for a Christmas party in 1953 for the American Officers' Wives Club in Naples. The enthusiasm of the club members kept the children singing for hours.

SHOES FOR A PINCH

NORFOLK, Va. An alert
salesman shuffled silently out of
Police Justice Savory E. Amato's
court to freedom on shoeless feet.
Three dollars short on a \$5 fine
for public drunkenness and sent
back to his cell the man promp-
tly made up the shortage by sell-
ing his shoes to another prisoner.

IT'S A CONTEST!

BOYNE CITY, Mich. Back
in 1952 because he wanted some
opposition for mayor, Harry Tom-
pkins circulated a petition to qual-
ify Sam Arbuckle as a candidate.
Arbuckle won - that time and
three times since.

Then in the latest election, Tom-
pkins, who hadn't qualified as a
candidate, announced he was run-
ning as a write-in candidate to in-

WEIGHTY PROBLEM

CHICKASHA, Okla. Mrs.
C. W. Harrell is going to double
check from now on when she gives
away anything to the junk man.

She discarded an old set of
scales from her place of busi-
ness. Several days later the hauler
reported he examined the old
scales and took out 256 pennies.
The scales had been out in back
of her store for eight years.

If you traveled directly north
from wherever you are standing,
and another person in another part
of the world also traveled directly
north, your paths would meet at
the North Pole.

Reports that eagles carry off
animals weighing up to 50 pounds
and eat up to 40 pounds of meat
are called obvious and gross ex-
aggerations by game experts who
say that a small fraction of those
weights are all that any known
eagle can handle.

Although there were 800 light-
ships in the world in 1913, modern
automatic buoys have decreased
the number to about 100 today.

Since 1913 the average hourly
earnings of factory employees have
increased by 746 percent, says the
National Assn. of Manufacturers.

The Hallmark of Circulation Value

In the same way that STERLING on silver signifies
a standard of known value, so is the A.B.C. em-
blem a symbol of integrity for the circulation of
newspapers and periodicals. It means that circula-
tion so identified is measured according to the
rules and standards of the AUDIT BUREAU OF
CIRCULATIONS

The A.B.C. is a cooperative and non-profit
association of 3,450 publishers, advertisers and
advertising agencies. Organized in 1914, these
buyers and sellers of advertising brought

Here's Tech's History With SWC Teams

KNOX'S KNOTHINGS

By BILL KNOX

One can't find an ex-Texas Techson who will lower his pride to speak to you these days.

Could be they have ample reason for this conceit, for at last their dream has come true. A struggle of some 30 odd years was ended when the Southwest Conference opened its doors and said, "Come in, Tech."

We just hope the possibilities of the future for Tech haven't been misconstrued so that Tech boosters think that they will mangle every Southwest Conference team in sight on the first try. To tell the truth, it will probably be quite the opposite.

It is impossible for Tech to compete on a round-robin basis with the rest of the conference schools until 1961, and that will give the Red Raiders none too much time to prepare for the "big boys" who will be trying to show them that they (Tech) didn't want in the Southwest Conference after all.

However, five years should be enough time, and the Raiders will probably come on an even level with the other teams. They might even win more games than everybody thinks they might. They didn't do too badly with Southwest Conference teams last year (if you forget about TCU!).

We would say that Tech's best game last year was their season opener when they upset Texas, 20-14. The TCU fracas wasn't their worst game; the Horned Frogs were just that much better than Tech.

Next year three Southwest Conference foes dot the Texas Tech Red Raider schedule: Baylor, Texas A&M, and TCU. All of this trio promise to come up with a potent delegation of gridsters and the Lubbock school will find its worth when it matches its football skills with them.

The way things look now, Tech will win one and lose two games to the Southwest Conference teams next year. They will defeat Baylor and will lose to TCU and Texas A&M. The Aggies are not to be underrated with the crop of last year's sophomores which almost won the championship coming back.

TCU will have Mr. James Swink and company back again— together with a good line which may match the one which beat the Tech line to death last year. Baylor won't be weak by any means, but this is the one game which Tech will win. It wouldn't make us mad if they won all three.

By KENT SNARE

To forestall additional queries and to record, for future argumentation, herewith is Texas Tech's marker against Southwest Conference clubs. Incidentally, it hasn't been in action too long, since her first recorded football season was 1925. The following is taken from the archives of Tech's Sports News Director, Bill Holmes who, since the news broke last Saturday, probably hasn't drawn an uninhibited breath or scribbled a line that isn't bloated with pride or even prejudice (quoth University of Houston.) The list, with Tech, annotated first:

Tech	Opponent
1926 - 16	TCU 28
1927 - 6	TCU 16

Miss Lacey Dies

Funeral services were held this week in Albuquerque, N. M. for Miss Lola Lacey who visited often in Hereford. She was a niece of Billy Hicks and Dr. W. E. Hicks, former Hereford residents. Miss Lacey had been ill for several years. She passed away Saturday.

GIVE MUSICAL PLAY

Hereford students of Mr. S. Rosans will participate in a musical play Sunday at 3 p.m. in Price College Auditorium. The students will play the piano, accordion and violin in the two-act play.

Playing will be Sharon Brinkman, Alberto Schumbato, Eddy Gallagher, Timothy Gallagher, and Brenda Gallagher, John Pavlicek and Jerry Warren.

An elaborate locomotive and ear testing machine on British railways measures the performance of engines and cars in a wide variety of speeds in a wide variety of traffic conditions.

The kangaroo family has more than 50 members ranging from the foot-long musky-rat kangaroo to the 7-foot red and great greys.

Japan's birth rate has declined faster than any other nation in modern history, says the Population Reference Bureau.

Some 30,000 suggestions are annually made by British railway employees for improving traffic conditions.

About 30 million Americans buy flower seed every year.

NEW UNIFORMS—A portion of the new Little League uniforms have arrived. Shown above is a Giant uniform. Pictured with it is Larry Summers, manager of the Dodgers. (Staff Photo)

Player Auction Set For Monday

Little League officials this week set next Monday night as date of the player auction when the four major league and four minor league teams will be drafted. The meeting will consist of only the player's agent and the four managers. It will not be open to the public and the selling price of any player will be divulged to no person by the four managers and the player's agent. At the beginning of the option each manager will be allotted \$36,000, and from this he will "buy" or "draft" his team. The four managers will pick the players off a list drawn up by Harry Caylor, player's agent. All boys' names and league age is on the list.

Each manager will draw a sealed numbered ticket. This sets the order of the auction. Previously the managers had turned in a list of candidates in the order in which he desires to have them be brought up for auction to the player's agent. After each manager has drawn, the player's agent will read from the No. 1 manager's list the name and league age of the first player on the list, and the bidding will begin. Bidding will go on down the line until all the players on hand are purchased.

Umpire-in-Chief Dick Ross said he will announce his full staff of umpires in the near future. Ross asked that all the umpires he has chosen be present at a meeting in the Jim Hill Hotel Thursday night.

Hereford Golfers Will Journey To Tulia For Match

Hereford golfers journey to Tulia Sunday, May 20, for an inter-city match with Tulia linksters at the Tule Country Club.

All golfers wishing to participate in the match are asked by pro Bud Posey to turn their name in at the Pro Shop before Saturday May 19. Tulia expects to field about 35 players. They will play host and will pay all Hereford golfers' green fees.

Play will be individual match play with one point counting for each nine holes and one point for the 18 holes. Also a partnership match between the two Hereford golfers and the two Tulia golfers

Ken Wright Tops Golf Match Here

An informal match between players from Portales, N. M., Clovis, Muleshoe, and Hereford was held Monday afternoon at the local golf links.

Playing were Harold Smith, Portales Country Club Pro; Kenneth Wright, Clovis Country Club Pro; Joe Loyce, Muleshoe Country Club Pro; Russell Haberer, Muleshoe; and John Renner, J. A. McWhorter, and Pro Bud Posey from Hereford.

Ken Wright had the best score of the day with a 34-32-66. Other scores were: Harold Smith 38-37-75; Joe Loyce 34-37-71; Russ Haberer 38-35-73; John Renner 35-38-73; J. A. McWhorter 38-36-74; and Bud Posey 36-35-71. The players will get together again Monday, May 21 at the Clovis Country Club.

Mrs. Ethel Putts of Amarillo has spent the past two weekends in Hereford with her sister, Mrs. W. A. Gentry who had the misfortune of breaking her left arm in an Amarillo store recently. on a low ball, one point for each nine holes and one point for the 18 holes.

That's a total of 64 tussles with one tie, 17 wins and 46 demerits for Tech. This lap they encounter Baylor at Waco, Sept. 29 at 2 p.m.; Texas A&M at Dallas, Oct. 6, 8 p.m.; and TCU at Lubbock, Nov. 10 at 2 p.m. They'll have to beware of Bears two times in '56, the Baylor type and the Bryant type, who will not let his Kaydets forget '54 and that 41 to 9 affray.

Overall, the Techs are even with SMU, three all; 5 won and 8 lost with TCU; 1 tie, nine defeats and 4 wins with Baylor; 3 successes and 10 failures agin the Aggies and they have only one win each over Texas and Rice, with 7 and 9 losses, respectively from that twain.

Hereford, Texas, Thursday, May 17, 1956 Section Two

Outdoor Lighting Is HD Club Topic

Farm families no longer resort to the old kerosene lantern to guide them around the premises after dark as most rural homes now have some sort of outside lighting in the back yard and around barns.

How to make use of outside lighting arrangements and adapt them to recreational areas as well as work areas on the farm has been the subject for recent programs of Home Demonstration Club women in the county.

WEST HEREFORD. Mrs. John J. Hastings Sr., was president of the West Hereford H. D. Club who met on May 8 for a program on "Outdoor Lighting," given by Mrs. Tom Carroll and Mrs. Mary King.

Roll call was answered with lighting in my yard and how I would like it improved, or "Reasons for lighting my yard."

Mrs. King led the discussion giving some of the great improvements in light and lighting have made in country homes.

Mrs. Carroll gave a comparison of lighting here and in California and the use of lighted yards for summer evening serving and recreation.

Minutes of the last meeting were read by Mrs. Grace Witherspoon, secretary. Mrs. Leon Denton led in recreation.

Mrs. Alice Cox was presented a long-awed gift from the club members.

Mrs. Tom Carroll, Mrs. C. W. Wesson and Mrs. M. G. Jesko were visitors.

Members attending were Mesdames W. H. Awtrey Sr., Carl Broeder, P. H. Luck, Roy Boyd, Irma Bryan, Carlos Vaughn, LeDenton, Mary Williams, A. E. Augias, Mary King, John Jacobson Sr., Ida Mae Vaughn, Miss Evelyn Bell and the hostess.

The next meeting will be with Mrs. N. B. Hood May 22.

MESSENGER. "Fertilizing and Watering the Yard" was the program given by Mrs. Floyd Brown for members of the Messenger H. D. Club at the home of Mrs. E. M. Jacks on May 11.

When watering the yard, a good idea to keep in mind is that an inch of water will wet the soil to a depth of four inches," Mrs. Brown pointed out.

She compared the value of commercial and barnyard fertilizer and emphasized the importance of soil analysis to determine the amount and kind of fertilizer needed.

Mrs. Ruth Coleman read a letter of thanks for the quilts sent recently to Girltown.

Mrs. Floyd Brown won the relation prize and Mrs. S. N. Sweatt won the floating prize.

Mrs. Johnny Northcutt received a thuday gift from her secret pal, Mrs. Thweatt gave a report on the Political Rally and Supper to be held at the Walnut School May 15.

The public is invited to the meeting. Pies will be sold which will be cut and served with coffee from the school cafeteria.

Refreshments were served to Mesdames Bertram Jack, a guest, Coleman, Bruce Coleman, S. Thweatt, Elmer Northcutt, W. Howard, J. M. Rouse, N. A. Wynn, Floyd Brown, Ernest Wynn, and the hostess.

son, Bess Werner, Tom Draper and the hostess.

The next meeting will be with Mrs. Phillip Miller for a program on Outside Lighting.

RANCE. Members of the Rance Home Demonstration Club held a luncheon meeting at the home of Mrs. L. J. Counselman May 10 when Mrs. Sybil Stringer CHDA gave a demonstration on Broiling Steak.

A business session followed the luncheon and also a program on "What's New In Medicine?" given by Mrs. Jack Streun.

Mrs. Stringer, Mrs. W. E. Murdock and Mrs. E. B. Wright were visitors from Dimmitt. Members attending were Mesdames George DeLozier, Clarence Behrends, E. J. Hodges, H. G. Behrends, Jack Streun and the hostess.

The next meeting will be in the home of Mrs. Jack Streun May 24.

WESTWAY HD CLUB. Lighting the Yard was the topic Mrs. Joe Wagoner discussed when the Westway H. D. Club met on Thursday, May 10, with Mrs. Phillip Miller. Types of yard lights that are good and types that are bad were discussed at length. Lights with too much cup to the reflector are not good because of our high winds.

Mrs. George Turentine gave "Outdoor Furniture." She stated that you can run your legs off if your outdoor furniture is not arranged near the back door. Be sure to use paint that will withstand the West Texas sun, swimming pool paint was suggested.

Mrs. Morris Easley was elected to fill the secretary's office.

Members present were: Mesdames G. C. Merritt, Joe Wagoner, Morris Easley, Paul Rudd, Waldron Melton, Harold Rudd, B. B. Northcutt, Jesse Odum, R. L. Wilson, Troy Smith and George Turentine.

Guests were Mrs. Joe L. Hamilton, Mrs. J. W. Lumpkin and Mrs. C. H. Hale.

The next meeting will be May 24, with Mrs. T. B. Thomas in the J. C. Morrison home, the program will be on Homestead Improvement.

BLIND CREDIT. MINNEAPOLIS, Minn. (AP)—Three women who pleaded guilty to forgery in the use of forged credit credentials on the account of a blind woman were placed on probation from indeterminate terms. The judge sentencing the three who had charged \$800 worth of goods to the blind woman termed their crime "lowdown and disgusting."

HOT CAR! PHOENIX, Ariz. (AP)—John Tripp stopped outside his car because he heard what sounded like a thunderclap. It was a good thing, too.

A 12,000-volt wire had fallen on the auto and was resting there. Firemen said Tripp would have been electrocuted if he had touched the door handle. The wire melted a three-inch slit in the car's hood.

Mrs. W. H. Garrett and sons Vern and Dean, and Nelson Rutter were in Amarillo Sunday to spend Mother's Day with Mr. Garrett who is convalescing in an Amarillo Rest Home.

WESTWAY. Argen Draper, CHDA gave an interesting program on Living an Improvement for members the Westway H. D. Club who met with Mrs. R. L. Wilson on May 26.

Mrs. Draper showed samples of setting in wool, cotton, nylon, and other blends and discussed the ability and looks of each sample.

The women listed as some of reasons for preferring carpets floors as "easier to care for," "warmer," "more comfortable to work on," "better in appearance" and also more fashionable.

Mrs. Draper listed points to study before selecting a carpet and the things which would determine whether carpeting would be ideal for your home.

Several members expressed a desire to attend the Lampshade demonstration.

Demonstrations Given 4-H Girls On Breakfast Dishes and Color Selection

Adult leaders of the 4-H girls clubs have given the demonstrations for the girls at recent meetings. Subjects included Breakfast Main Dishes or Color Selections According to Type.

SADIE LEE OLIVER. Sandra Green was hostess for members of the Sadie Lee Oliver 4-H Club on May 10 for a program on Omelets given by Mrs. T. B. Thomas.

Requirements for a good breakfast were discussed. The girls also made plans for a fund raising sale at the Westway Store on Friday and Saturday.

Refreshments were served to Jane Auten, Diedra Thomas, Nancy Green, Mrs. Thomas, Deborah Thomas, Mrs. Buck Green and Janie.

The next meeting will be at the home of Mary Lynn Morrison for a demonstration on Pattern Selection and Materials.

Wood's Article In 'Local Agent' James M. Wood, manager of the Lone Star Insurance Agency at Hereford is the author of an article appearing in the May issue of "The Local Agent," just off the press.

"The Local Agent," published in St. Louis, is a monthly magazine circulating nationally among general insurance agents, and is one of the three leading general insurance journals in the United States in point of paid circulation (ABC). The subject of this article is "Advertise."

Moth Proofing Time Is Here Again, New Methods Outlined

By ROBERTA CAMPBELL

Has Grandpa been putting up a protest at the thought of being peeled out of his wool-fortified long handles? Or have the children been draping the furniture with sweaters lately?

Then it's time for the housewife to fortify her guard against moths and carpet beetles and launch her annual spring offensive because this is the season when Old Sol takes a new slant on things in general, forces the family from under heavy blankets and has them leaving off top coats and sweaters.

Mother's problem is to get the items discarded, out of sight safely for the summer.

If the duplicate sales slip, still probably buried deep in her purse, shows that articles have been bought recently then maybe there isn't any cause to worry about the moths moving in for a feast on the discarded woollens.

Permanent Moth Proofing. They may have been permanently moth-proofed at the factory and can be stored without further concern. If not then it is time to move in for the kill.

Whether this operation against wool-eating moths and beetles, that is estimated to destroy a billion dollars worth of apparel and home furnishings each year, is to be offensive or defensive it can be cut to a minimum by careful inspection of items likely to be attacked.

The housewife should examine the labels of all clothing such as coats, suits, sweaters and accessories suspected or established as having wool in them.

In Dyeing Process. If the articles carry a Mitin moth proof label then the materials are bonded by a dyeing process during manufacture which is guaranteed to last as long as the fabric is usable.

Textiles in home furnishings may bear the same label which will insure the materials used against moth damage.

This moth proofing process, developed by Geigg's in Switzerland, the same laboratories that perfected DDT, offers absolute resistance to moths and beetles but is harmless to humans.

It is also invisible and odorless as well as non-toxic. Mitin will withstand normal dry cleaning as well as wet cleaning, normal washing with detergents, weathering, salt water, normal wear and light. Neither does it change in any way the texture or appearance of the fabric.

Must Be Done in Dyeing. With an existant protection like Mitin most women will want to know if they can have woollens not bearing the label of the product moth-proofed but the answer is negative. Since the permanent process can only be applied during the original dyeing at the mill the women should be careful to examine all labels before buying.

However, as fast as mills and stores can fill the public demand for Mitin moth-proofed woollens and wool blends, it will be made available.

In some instances organizations are specifying that uniforms be Mitin moth-proofed and in Britain, women's clubs are making official demands that all woollens "be treated in the interest of economy."

\$25 Million Per Year

Until the method is adopted nationwide by manufacturers, the housewife who is currently helping to spend 22 million dollars a year for storage and insurance against moth damage, and another 66 million for moth balls, crystals, cakes, installation of cedar closets in the home and other moth repellants, will need to take temporary precautions as usual against damage.

According to Argen Draper, the county Home Demonstration agent, most effective means of controlling damage to woollens and other materials in the home begins with Good Housekeeping.

If the housewife is to eliminate moth damage she must do away with harboring places for the pests in such places as saddle blankets, feathers, woolen scraps or old clothing stored in attics, cellars or closets, she warns.

Traced to Wool. Dorotha Prowell, assistant recalls a rash of moth damage to articles in their home when she was a youngster and the source was traced to some hand-washed wool that her grandfather had planned to card from a quilt but failed to get around to it.

Bulletins on control and prevention emphasize the importance of examining all corners, cracks, baseboards, moldings and other hard to reach places for evidence of moths or beetles.

With all the sources of infestation removed the homemaker can then concentrate in earnest on the clothing to be stored.

Many of the blankets now on the market will carry a limited guarantee for moth protection and garments to be drycleaned will be taken care of by the cleaners. Other articles and home furnishings will be the woman's chore as usual.

Use of Cedar Chests. Cedar chests and closets may offer limited protection if new or refinished on the inside with oil of cedar as a repellent but this method is not always safe so a few moth balls slipped into the pockets of garments may still be the most effective method.

Else come spring again, the youngsters may be disappointed on the day the pool opens to find that last year's bathing suit now reveals a nice moth-designed flag-green pattern.

For those with an aversion to moth balls, supermarkets and also others who offer household items for sale, will sell perfumed crystals and cakes that carry simple directions for use and a guarantee against damage.

Spray, Sprinkle or Zip. These may be sprayed, sprinkled or zipped into the bags with the garments or come in plain and fancy wrappings for hanging in the closets.

Some prefer to use a product

that goes directly into the washing machine or the rinse water. Whatever method the housewife chooses as temporary protection against moths and beetles, she should let the local merchants and the manufacturers know that she is definitely interested in a permanent process of moth proofing such as Mitin assures, not only for pure woollens but for blends of wool and other fibers. These may include fabrics made of such fibers as camel's hair, Cashmere, alpaca, vicuna, mohair and rabbit hair.

Against the huge figures quoted for destruction and protection annually the permanent moth-proofing method will cost only pennies per yard of material and in time will liberate the housewife not only from the work but also the worry about damage to clothing, bedding and household furnishings such as rugs, upholstery and draperies.

H D Chatter

By Argen Draper

The spray schedule for fruit trees is in the bulletin, L-245, Guide for Controlling Insects and Diseases on Fruits and Nuts in Texas. This is the information some of you have been asking for and it gives the dormant spray and five additional sprays. Call the office or write and we will send you one of these.

Another leaflet which you will want is L-255, Guide for Controlling Insects on Vegetable Crops in Texas. There will probably be a sufficient number of these for everyone as we have more ordered from College Station.

A number of requests at the office for varieties of strawberries. It is probably not too late to set out strawberry plants now. The variety recommended highly by the specialist from College Station is Gem. There are other varieties which do well; however, it is believed that year after year these will give you better production. Most all companies handle that variety. The plants you get from the neighbors are just as good if not better if you will take the first three plants from the mother plant. The ones farther away than that were considered weaker.

Strawberry plants are set 12 to 18 inches between plants and the rows 18 to 36 inches apart. In back yards where you have little space for your garden, it is all right to put the plants 18 inches apart and the rows 18 inches apart.

Strawberries do very well here. They rank with rhubarb and cherries for the sure fruit crops. Mrs. Claud McGowen Jr., has rhubarb for sale. Call her if you want some for your freezer.

Are you making preserves from these nice frozen strawberries local merchants are bringing in? We did and were well pleased with the results. These berries are partially sweetened. The packers had used five parts of berries to one part strawberries. Be sure to allow for this sugar. Our most successful recipe calls for equal parts of berries and sugar. So when using these berries we use four parts

sugar and five parts berries. The mixture is cooked in small portions at a time (about five cups). Cook them until berries are transparent and the juice thick and syrupy. The mixture is poured in to a large crock or enamel kettle and allowed to cool completely before packing in your jars. Stir this occasionally to prevent the berries from separating. When you preserves are cool pack them in clean jars and seal with paraffin. Used lids may be put on the jar to keep out the dust but need no seal.

Brown, Bronniman Head Graduates At Adrian HS Twelve seniors will be included in the largest graduating class ever to participate in the graduation exercises at Adrian High School. The program will be held in the school auditorium at 8 p.m. on Friday, May 18. Mr. C. J. Humphrey, prominent Amarillo Attorney, will address the graduates.

Finis Brown, son of Mrs. E. L. Brown of Adrian, has been named valedictorian. He completed a four-year average of 94.38 and has been active in several high school activities. Finis has lettered in both baseball and basketball and has held various class offices.

Erma Faye Bronniman, daughter of Mr. and Mrs. Orest Bronniman of Adrian, has been named salutatorian. Erma Faye has an average of 93.38 and is at present the Treasurer of the Senior Class. Baccalaureate services were held Sunday morning at 11:00 in the First Baptist Church of Adrian with the Rev. Bill Lewis presiding.

The Senior Class with their sponsors plan to leave May 25 for a trip to Los Angeles and other points of interest on the West Coast. They will be gone about 7 days.

Mrs. Robert Jones Named Honoree For Bridal Shower in Miller Home

By DELLA RUTH DOW

There was a bridal shower for Mrs. Robert Jones, nee Ginger Smith, last Thursday evening in the H. H. Miller home. Mrs. Wimbler played the piano during the evening and Sara Jo Smith registered the guests and poured the punch. The hostesses were Mesdames H. H. Miller, Richard Joyell, J. W. Witherspoon, Baker Womble, R. L. McAnally and Carl Wimbler.

Those present were Mesdames T. D. Alston, Adam Flowers, H. V. McCabe, A. T. Frye, Carl Williams, Pete Carmichael and Shari, Alfred May, A. B. London, Melvin May, Murphy White, Ernest May, Alfred Smith and Miss Jeanette Smith.

Those sending gifts were Mesdames L. L. Airhart, Walt Beavers, J. T. Gilbert, William Wimbler, Gayle Neal, Clarence Betson, and J. W. Grier.

Patterns Demonstrated

The last time the Argon Draper 4-H Club met was in the H. H. Miller home with the Progressive 4-H Club as guests. Mrs. Earl Plank and Mrs. Bill Gentry were also there from the Progressive Community. Mrs. Dorothy Prowell gave a demonstration on selecting patterns and material.

Mr. and Mrs. Ray T. Stewart and children visited in Mobeetie recently. They visited Mrs. Stewart's parents, Mr. and Mrs. Roy Oglesby.

The Lee Normans of Dimmitt visited in the Finis Wright home Wednesday.

Visitors in the Alfred Smith home Sunday were Mr. and Mrs. Robert Jones of Amarillo.

Last Sunday afternoon Mr. and Mrs. W. C. Crowell of Amarillo visited the Henry Heckmans. Mrs. Crowell is Mrs. Heckman's aunt.

Injured in Fall

Mrs. Fleeda Galley fell last week and bruised her hip, but no bones were broken. She is recovering now.

Mrs. Hugh Reynolds spent Monday with Mrs. Finis Wright.

The Gayle Neals went to Clarendon over the weekend to visit Mrs. Neals' mother, Mrs. J. W. Murphy.

Mr. and Mrs. Carol Miller of Lubbock visited in the H. H. Miller home Sunday.

Visits in Oklahoma

Sue Wimbler visited friends at OBU in Shawnee, Okla., last weekend. She also visited her cousins, Mr. and Mrs. Dean Corbin, in Oklahoma City.

We are glad to have the Jessie Sisco's back in our community. They have just returned from California where they visited relatives.

Recent visitors in the H. H. Miller home were Mr. and Mrs. Billy Hill, Iva Jeanne, and Billie Helene, Mr. and Mrs. Marvin Olsen and Marlyssa, and the Misses Theresa and Marguerite Robrecht, all of Amarillo. Mr. and Mrs. David Rodgers and Paul have also been recent guests.

The Bob Wrights of Amarillo visited in the Finis Wright home Friday evening.

Family Dinner

A family dinner was held in the R. L. Johnson home Sunday. Those present were Mr. and Mrs. J. C. Poe and children of Amarillo, Mr. and Mrs. O. T. Hewitt of South Plains, Frank Smith of Hereford, Mr. and Mrs. L. A. Smith of Dawn and Mr. and Mrs. N. R. Miller and children of Dawn.

Weekend guests in the H. C. Dow home were Mr. and Mrs. Kenneth Stickey of Amarillo, Mr. and Mrs. Walter Galley and Irene and Mr. and Mrs. Orval Galley and children visited in the Lester and Fleeda Galley home in Hereford Sunday afternoon.

A Stanley party, was held in the Walter Galley home Thursday afternoon. Those attending were: Mesdames Andrew Bezner, Lonnie Drake, Edgar Lemons, Ray Polan, L. B. Washington and Walter Lemons.

Mr. and Mrs. Rea Cox and girls visited in the Jack Frambro home on Sunday afternoon.

Music Club Meets

The Music Club held a luncheon in the Carl Wimbler home on Tuesday. The luncheon committee consisted of Mesdames N. R. Miller, J. B. Caraway and Orval Galley. Special guests were Mrs. H. R. Fulton and Mrs. Mary Helen Stephens of Canyon. The new additions to membership are Mesdames Ray Polan, Ted Richardson and Walter Galley. There were 16 members present.

There was a supper for the teachers of the Dawn School Friday night in the H. H. Miller home. Those present were Mr. and Mrs. Ray C. Wells and J. G., Mr. and Mrs. J. N. Killingsworth, Mr. and Mrs. Reece Stewart and Rosemary, and Mr. and Mrs. Carl Wimbler.

Mrs. Clifford Galley and daughter, Kara Sue, returned to their home in Lawton, Okla., on Saturday.

Home from Oregon

Mr. and Mrs. R. L. Johnson and sons have just returned home from a two weeks' trip to Oregon where they visited relatives.

Mrs. Cora Bentley, formerly of this community and now of Clovis, is visiting friends in the community.

Mr. and Mrs. C. C. Stewart, Dorothea and Buddie went to Way-side to a family reunion Sunday. They went with Mrs. G. B. Miller and Wain.

The Rev. Paul McClung flew to the Rev. Howard Scott and David to Sharnock for a funeral Sunday afternoon.

Mr. and Mrs. J. C. McCracken and Jack were in Lubbock Sunday. They were guests of their daughter and son-in-law, Mr. and Mrs. Pat McCullough.

Mr. and Mrs. S. A. Swimm of Quanah were recent visitors in Hereford. They were guests of Mrs. Swimm's sisters, Mrs. W. A. Gentry and Mrs. E. Ramey.

Truly-Teague Chev.-Olds.

Ever Wonder How Much Corn Vrs. Grain Sorghum Price Support Costs

Current figures released this week by the Department of Agriculture through the Deaf Smith County ASC office on inventories and loans on price supported commodities are of particular interest to Deaf Smith County citizens.

They indicate, for example that more loans were made on cotton than any other commodity last year; that loans on grain sorghums totaled only 15 percent of the amount paid out on corn, and that storage on wheat accounted for almost one third the value of storage on all price-supported products.

Corn Costs 625 Million

According to the tabulation as of March 31, 1956, the value of loans on corn last year total \$624,948,000, despite the fact that only 14 percent of the crop was eligible for loan because 86 percent of the farmers in the commercial corn district overplanted. There is no penalty for overplanting on corn, but no price support on overplantings.

This compares with \$98,000,000 for grain sorghum loans during 1955.

Biggest loan value was on cotton and it almost doubled the corn dollar value, reaching \$1 billion dollars. However, the inventory on cotton was 6,800,000 bales with \$1 1/4

FRIO NEWS

Demonstration on Block Trash Burner Given Homemaking Club

By FRANCES ANDREWS

The Frio Homemaking Club met Tuesday afternoon in the home of Mrs. Clark Andrews. Mrs. T. L. Sparkman Sr., built a cinder-block trash burner for demonstration.

Others present for the meeting were: Mesdames T. L. Sparkman Jr., Floyd Cole, B. M. Suddeth, Ernest Harder, Owen Andrews, Leonard Schmidt, Annie Springer, James Dobbs, E. F. Vogler, Wendon Stephan, Glenn Roberts, Mousner, H. M. Mobley, Ed Clark, C. N. McClure, Misses Veradelle Andrews, Nannette Mousner, Alma Andrews and the hostess. The next meeting is to be May 22 in the home of Mrs. Leonard Schmidt.

Mr. and Mrs. Glenn Roberts, Janice, Barbara, Billy, Charles and Jerry, Mr. and Mrs. B. G. Cotton and Gary and Mr. and Mrs. Robert Simpson were in Wellington to visit with Mr. Robert's and Mrs. Simpson's folks, the C. E. Roberts over the weekend.

Mr. and Mrs. Darwin Miller, Mrs. H. M. Mobley, Dale Schmidt Austin Monday and Lillie Fay Jones were Sunday dinner guests of Mr. and Mrs. Floyd Cole, Jana, Bill and Cheryl.

Weekend Guests

Olagene and Daroff Baldwin visited over the weekend with their folks, the B. H. Baldwins.

Mr. and Mrs. Olin Parris were in Lubbock Sunday afternoon and on Monday to visit with Olin's parents, Mr. and Mrs. H. A. Parris.

Walker Parris, Tommy Sparkman, Gerald Harder, Jerry Roberts, and Charles Roberts, attended the Intermediate Party in the home of Larry Dobbs Friday night.

Have New Son

Mr. and Mrs. Frank Robbins are the parents of a 7 pound and 9 ounce boy, Gerald Martin, who was born Tuesday afternoon, May 8, in the Nebitt Hospital in Canyon. Mrs. Robbins and baby returned home at the last of the week.

Mr. and Mrs. Leonard Schmidt and Mr. and Mrs. James Dobbs visited Sunday afternoon in Amarillo with Dan McLallen, who is in the Northwest Texas Hospital.

Mr. and Mrs. James Dobbs also visited with Dan Thursday night.

Mr. and Mrs. Clark Andrews and Mr. and Mrs. E. B. Berryman were in Amarillo Sunday to visit with Mr. and Mrs. Wallace White, Brenda, Garry and Mike and Clark visited with Dan McLallen Sunday afternoon.

Dinner Guests

Mr. and Mrs. T. L. Sparkman Jr. and family were Sunday dinner guests of Mr. and Mrs. T. L. Sparkman Sr. Sunday afternoon. Mr. and Mrs. Owen Andrews and Mr. and Mrs. T. L. Sparkman Sr. were in Palo Duro to visit with the Bill Buchanans and with Mrs. Jennie Buchanan of Mantea, California, who is visiting the Bill Buchanans.

Joe Andrews, Genelle Benson and Frances Andrews were among the ones who attended the annual Junior - Senior Banquet in Hereford Friday night.

Don Mobley was among the Dimmitt seniors who went to Colorado Springs for the annual senior trip. They left Thursday and returned home Monday.

Mr. and Mrs. Wesley Earp and Nagma Joye of Clovis visited at the last of the week with Mrs. Earp's parents, Rev. and Mrs. B. H. Baldwin and family.

Mr. and Mrs. John C. Robinson of Wilson and Mrs. D. F. Yandell of Tahoka visited Saturday with the Olin Parris.

Mr. and Mrs. Leonard Schmidt and Tommy Schmidt were Sunday dinner guests of Mr. and Mrs. Arthur Brock, Kenneth and Richard of Hereford.

Dalene Tinnin of Hereford visited Saturday night in the home of Mrs. Annie Springer and the Sparks. On Sunday they and George Albert Springer of Hereford were guests of Mr. and Mrs. Elbert Summers, Clint, Donna Gayle and Dean of south of Dimmitt.

Miss Viola Keene of Levelland came Saturday to spend a few days with her sister and family the B. H. Baldwins.

Wheat and Corn

The biggest inventory was, of course, on wheat. The value of wheat in storage reached \$2278 million on some 831 million bushels. Corn was next, but dropped to almost half the value of wheat: Some 737 million bushels of corn were stored at a value of \$1285 million dollars.

Grain sorghums, on the other hand, had 14 million hundredweight in storage worth some \$42,475,000.

Other commodities in storage included in order of their value, rice, strategic materials, cheese, wool, butter, (grain sorghums) cotton, oats and long staple cotton.

As to loans made last year, they included these commodities: long staple cotton, honey, barley, dry edible beans, flax seed, oats, rye, rice, peanuts and soybeans.

Mr. and Mrs. E. Ramey were in Stratford Saturday and Sunday to spend Mother's Day with their daughter and family, Mr. and Mrs. H. H. Caraway and three daughters. En route home they stopped at Vega to attend an early church service and the Vega High School commencement program Sunday evening.

Mr. And Mrs. Cecil Massey Honored At Farewell Fetes

Mr. and Mrs. Cecil Massey who are moving June 1, to Haltom City, were given several going away parties last week. Among them was the barbecue supper in the back yard at the home of Mr. and Mrs. Raylan Evans Friday night with Mr. and Mrs. Neil Cooper as cohosts.

Following the supper the group enjoyed games in the den at the Cooper home.

Gifts of luggage and other useful items were presented to the honorees.

Those attending, were Messrs.

The Hereford Brand, Hereford, Texas, Thursday, May 17, 1956

and Mesdames Massey, Earnest Langley, Jimmie Gillentine, J. W. Robinson, Dub Reeves, W. C. Meharg, Ronald Babione, Glen Nelson, Bill Waldrip, Ed Line, W. B. Wilson, D. C. Kinsey, G. W. Edwards, Paul Harvey and the hosts.

Sunday Party

Sunday evening members of the Bridge Club, to which the Masseys belong, entertained with a games party at the Ronald Babione home as a farewell courtesy to Mr. and Mrs. Massey.

A subscription to the Hereford Brand was presented to the honor couple as a bid to be remembered during the coming months.

Those attending were Messrs. and Mesdames Neil Cooper, Earnest Langley, Ed Line, Fred Sims and the honorees.

Farm Bureau Talks Price Supports, Split

Farm Bureau Board of Directors met last Thursday night to discuss price supports, the possibility of forming a Southern Farm Bureau and the Cotton Congress' annual meeting in Lubbock.

With George Heard, president, in charge of the meeting, the group discussed the current proposal of some groups to form a Southern Farm Bureau, and pointed out that the only way it could be done would be to have such a move originate in group discussions and carried from there to county and state conventions.

Directors said such discussions would probably be initiated sometime in the middle of summer and the topic could be discussed then at the county convention early in the fall.

Directors also talked about present meetings which have been held at Lubbock and Littlefield in regard to the treatment which the south has received on milo and cotton.

Quoting Walter Hammond, president of the Texas Farm Bureau, George Heard pointed out that the support price of grain sorghums is reported to be \$1.80 per hundred

weight and 82 1/2 percent of parity on cotton. If these reports are true, corn produced out from under allotments would be supported at \$1.25 per bushel or \$2.21 per hundredweight. It is generally recognized that grain sorghums to have equitable treatment, they should be supported to within 95 percent of corn without allotments he explained.

Directors agreed the farmers in this section should learn more of the law governing price support and allotments in the corn district. A lot of emphasis has been given the price at which corn is supported, they said. There has been little effort to inform the farmer that during the last five years 86% of the farmers in the commercial corn district overplanted, leaving only 14% eligible for loan. During 1955 only 7% of the corn went into loan, and of the 1954 crop only 4% was in loan. There is no penalty for overplanting on corn, and there is no price support on overplanting.

Cotton of the other hand, has rigid controls and not only does the grower lose support for overplanting, he also has to pay a 50% pen-

alty on his excess acres. If farmers in the south want a law similar to that of corn, they should begin now to work for it, said Directors.

Notice was given of the seventeenth annual American Cotton Congress which will be held in Lubbock May 31 through June 2, at which time Assistant Secretary of Agriculture Marvin McLean, who is director of the USDA grain division, will speak on "The Challenge Facing Cotton."

BLACK NEWS Community Is In State's Top Five For Rural Neighborhood Contest

By MRS. DICK ROCKEY

A big day at the Community House at Black Wednesday, May 16!

We have been shelled down to the five highest in the State for the entries in the Rural Neighborhood Progress Contest.

In driving around we see our neighbors and friends out cleaning up their yards all over again from the trash and junk that blew in and that which has been dropped down by careless hands. Anyone that has lived on the plains any

length of time knows that must be done every few weeks.

Saturday morning, Larry Elmore, Jim Greeson, Dwight Whitaker, Jimmie and Ray Gene Braxton, Mrs. Whitaker, Mrs. Elmore, Mrs. Presley, and Mrs. Hays were seen picking up junk in the bar-ditches between the Community House and Black and Hay's corner. You see our young children are interested in our winning first in the State too.

Thanks to Paul Fortenberry, Bud Elmore, Clyde Hays and Lester

Dean for the use of their pickups and trailers. They picked up four loads of junk.

The judges are (two new ones):

1. Charlotte Thompkins is a specialist in Home management for A&M College Extension Service, (formerly home demonstration agent) in Hanford and Carson Counties. She is a graduate of Oklahoma A&M and Colorado A&M.
2. Robert G. Cherry is Extension Economist, previously assistant professor in A&M College Department of agricultural economics and rural sociology. A native of Walker County, he is a graduate of Sam Houston State Teachers College (B.S.) and of the University of Wyoming.

The other two judges are from the Farmer Stockman. 3. Katherine Randall, Home Editor, the Farmer Stockman. 4. T. C. Richardson, Associate Edi-

Shower Honors Bride-Elect

Miss Earlina Phillips, bride-elect of Garland Barbee of Amarillo, was honored at a shower courtesy given in the home of Mrs. R. G. Blue Saturday afternoon. The wedding will be held June 29.

The bride-elect's chosen colors of blue and white predominated in appointments and decorations with white and blue iris and white peo-

nies making up the center arrangement for the table which was laid in white lace. Blue candles flanked the arrangements and appointments were in crystal.

In the receiving line were the mother of the bride to be, Mrs. W. B. Phillips Sr., and the honoree and a sister-in-law of the bride-elect, Mrs. W. B. Phillips Jr., of Amarillo, who will serve as matron of honor in the wedding.

Members of the house party included Mesdames Blue, H. M. Thomas, C. R. Smith, Fred Moreman, F. S. Smith, J. J. Clark, Robert Veigel, Earl Phillips, John Robinson, Jim Bookout, George Suggs, Byri Elliston, Carl Williams, H. L. Hershey and Miss Colline Brown.

Greeks, Carthaginians, Romans and Arabs, Normans, French and British have invaded Malta.

BY VERN SANFORD Texas Press Association

AUSTIN — There is very little suspense left in connection with the State Democratic convention to be held in Dallas next week.

That U. S. Sen. Lyndon Johnson is the new party head was conclusively evidenced after county conventions. Named were at least 1149 delegates favorable to Johnson and only 66 definitely committed to his rival, Gov. Allan Shivers.

Only remaining question is how far the Johnsonites will go in sweeping out Shivers' backers. Almost all members of the State Executive Committee are staunch Shivers supporters.

Ordinarily, new committee members would not be elected until the September conventions. But two factors reflect on the stability of their positions.

First, state law merely says the committee member shall hold office "until his successor is elected." Second, in a 1944 contest between party factions the Supreme Court held one convention could set aside the action of a previous convention.

At stake is Ben Ramsey's job as National Committeeman. And perhaps that of Mrs. Hilda Weinert of Seguin, Democratic National Committeewoman.

Also in doubt about how they will be treated May 22 are members of the Dallas County delegation, one of the groups to go for Shivers. In this case, a rump convention named delegates favorable to Johnson.

Shivers' Dallas supporters expect the like-minded credentials committee to seat them. But they won't be surprised if other delegates vote to give them the heave-ho.

Two Texans Honored — Two outstanding Texans, who have contributed greatly to the cultural and artistic life of Texas, were honored by the Texas Heritage Foundation.

Miss Ima Hogg of Houston received the Texan Woman of the Year award.

Texan Man of the Year honors went to H. H. Coffield of Rockdale.

Awards were presented by Foundation President Paul Wakefield at a banquet where Governor Shivers, honorary chairman of the Foundation, was principal speaker.

Miss Hogg is the daughter of the first native Texan to serve his state as its Chief Executive. Said Wakefield "She has lived and furthered her great family tradition of service to humanity that was passed on to her by her illustrious father."

Of Coffield he said "After graduating with highest honors from the university of adversity, in the rural area of Milan County, Fort Coffield figured on the campus at Rockdale to become his native city's first citizen. His genius for multiple affairs and love of people soon spread his horizon to the borders of the state and beyond."

Insurance Hearing Set — Ben B. Hogg of Houston has been directed to appear before the Texas Insurance Commission May 23, to show cause why all his outstanding agents' licenses should not be revoked.

On the following day Canal Insurance Co. of Greenville, S. C. will be asked to show cause why

its license to do business in Texas should not be revoked. High is general agent for the company in Texas.

High is charged with "deliberate and flagrant violation of the automobile insurance rate statute."

Stock Fraud Charged — Two Austin companies are defending themselves in district court here against charges of fraudulent stock selling.

A temporary restraining order is sought by the State against American Guaranty Underwriters, Incorporated, and the Karisch Company Incorporated.

Calvin C. Huffman, American Guaranty president, denied the charges. His company was issued 25,000 shares of Karisch stock to cover a \$9500 loan, he said.

"No stock of the Karisch Co. was sold to the public," said Huffman. "Nor have any of the officers named received any commissions."

In its allegations the state accused American Guaranty of collecting "gross and exorbitant commissions" on stock sales.

Insurance Charge Sought — Just how valuable are treatments with five-resistant chemicals, when it comes to reducing insurance risks? This question will be decided by the Texas Insurance Commission.

Texas Chemical Fireproofing Co., has asked that insurance credit on chemically fireproofed public buildings be extended from 15 to 25 percent. Sen. Grady Hazelwood of Amarillo, representing the company, made the application.

A group of casualty companies, represented by the Texas Insurance Advisory Association, opposes the change.

Election Law Change Viewed — A movement to insure reporters the right to cover precinct conventions may be spearheaded by the Texas Press Association.

Under the Texas Election Code only a qualified voter in the precinct may "vote, be present at, or participate in, the business of such a convention."

TPA President Russell W. Bryant has suggested deletion of the words "be present at" from the law. He indicated the matter probably would be considered at the TPA convention in Amarillo next month.

Three precinct chairmen in Travis County refused reporters admission to conventions this year.

SHORT SNORTS: One of its biggest annual undertakings, helping some 9000 high school graduates find jobs, is now under way by the Texas Employment Commission.

Last year TEC placed about 92 percent of the 8445 graduates.

Texas' cotton harvest was 281 pounds per acre — the highest since 1906, reports the U. S. Department of Agriculture.

State recoveries in veterans land suits are approaching the million-dollar mark. . . . Texas railroads won another round in their battle to bypass the Texas Railroad Commission. The Third Court of Civil Appeals upheld the railroad's right to negotiate directly with the Federal government in setting rates for interstate contracts.

Texas' traffic deaths totaled 2547 persons in 1955. Major causes of fatal rural accidents were excessive speed, 62 percent, and drinking, 37 percent. . . . Sen. Price Daniel, now a candidate for governor, has selected Joe H. Greenhill of Austin as state campaign manager.

Greenhill once served as first assistant Bill Daniel of Liberty, the candidate's brother, will head the Speaker's bureau. . . . Maurice R. Bullock, president of the State Bar of Texas, will attend a nation-wide conference on "congestion in the courts," May 21-22 in Washington, D. C. So acute is the situation nationally that numerous cases are not brought to trial until many years after they are filed.

It's the Goy 90's all over again!—A return to the spirit of a colorful past—of cracker barrels, wood stoves, bustles, and the Farmers Almanac—A time when a dollar was worth a dollar. Maybe we can't make your dollar go as far as Grandmother's, but we'll have plenty of fun trying. Let's begin with these dollar stretchers.

HOW TO BE A BETTER COOK ... and save money too!

BY *Mary Blake*
Home Service Director Carnation Company

AS FEATURED IN LIFE

SUNNY ISLE RICE PUDDING (Makes 6 servings)

Rice pudding is "tops" in old-fashioned goodness. We have tried to give a "new" touch to that family favorite. It's extra-delicious, you know, with double-rich Carnation.

- 1 1/2 cups (large can) undiluted Carnation Evaporated Milk
- 1 cup water
- 2 eggs
- 1/4 cup sugar
- 1/4 teaspoon salt
- 1 teaspoon nutmeg
- 1 1/2 teaspoons vanilla
- 2 cups cooked Uncle Ben's "Converted" Rice
- 1/4 cup shredded coconut

Beat Carnation, water, eggs, sugar and flavorings until smooth. Pour over cooked Uncle Ben's Rice mixed with 1/4 cup coconut, in 2-quart casserole. Place in pan of water. Bake in moderate oven (350° F) 30 minutes. Stir lightly. Continue baking 30 minutes. Top with remaining coconut during last 5-7 minutes of baking. Cool before serving.

Adrian News Ice Cream Supper Scheduled By Methodist Youth Fellowship

The Adrian Methodist Youth Fellowship will sponsor an ice cream supper in the Fellowship Hall of the Methodist Church Sunday on May 20, at 7 p.m. Homemade ice cream, iced tea, coffee, soft drinks, and cake will be sold. Proceeds will be used to send an MYF delegate to the Youth Day Conference at Big Spring.

Following the supper at 8 p.m., a film will be shown in the church sanctuary. Everyone is invited and urged to attend.

Have Steak Fry

Mrs. Irene Brown and Mrs. Les Coffee were hostesses at a steak fry supper honoring the Senior Class of 1936 last Monday. The supper was given in the Brown room. Following the delicious steak supper, graduation gifts were given to the seniors. Members of the faculty also attended. Mrs. Bobby Banks left Friday for Los Angeles, Calif., where she is to meet her husband, who is to be discharged from the Army on Cpl. Banks had been currently stationed in Japan with the Army.

Give Barbecue

Mr. and Mrs. George Paschel and Joan were host and hostesses at a barbecue for the Senior Class of faculty members last Thursday evening. Also assisting were Mr. and Mrs. W. C. Edwards. The seniors and faculty members enjoyed a delicious supper of barbecued steak, chicken and roast potatoes, potato salad, brown beans, peas and cherries.

STREU HARDWARE

Lack of Gain by Young Beef Will Not Make Them Uneconomical Producers

COLLEGE STATION — Young heifers and steers three to four months old can be kept temporarily on rations that barely maintain their weight, or even result in some weight loss, and yet recover later on full feed to make economical gains and high quality beef, says County Agent Hugh Clearman.

Citing work done at the Beltsville Station of the USDA's Agricultural Research Service he explained that recent experiments show there need be no loss in the growth potential as a result of low calorie intake for three to six months during the year so long as the animals' limited forage is supplemented by sufficient protein, minerals and carotene (provitamin A) to keep them healthy.

In other words, lack of gain or even some loss or weight by young beef cattle on range in winter or during a drouth will not, in itself, make them uneconomical beef producers.

Weather Control Studies Underway To Investigate Possible Hail Control

This is the season of the triple-threat to crops — hail, lightning and tornadoes — in Texas.

Beauty At Home

Q. What can I do to help reduce the puffs under my eyes?
A. Try making an eye compress of a strip of absorbent cotton, dipping this into cold water, pressing almost dry, and then sprinkling with eye lotion or a very mild skin freshener. Press this gently over the closed eyes, lie down, and relax.

Q. How can I make a bleach for lightening the hairs on my legs?
A. One part ammonia to six parts peroxide is a good formula. Q. Is there any way I can make very small, or deep-set, eyes appear larger?

A. Try arching your brows lower than the average. In this way, the eye is large in proportion to the lid. Be careful not to exaggerate the low-browed effect, though, or you will look too severe.

Q. How should rouge be applied to the "oblong" type of face?
A. Don't use rouge the full length of your face, and don't bring it too close to the nose or too far out on the sides of the face. Apply rouge in a carefully blended circle in the center of the cheeks. Then blend it up carefully under outside corners of the eyes. Use the lightest tone of rouge possible for your particular complexion.

Q. Is there something I can do to encourage hair growth on my scalp?
A. Increased brushing and massages will help to stimulate the necessary circulation in your scalp. Hot-oil massages are good, too. Just before shampooing, rub hot oil (olive oil) into the scalp—then shampoo. In cases of extreme dryness, allow the oil to remain on overnight before shampooing.

Q. How can I make a chin strap to help reduce my double chin?
A. Tie firmly around your face and under the chin several thicknesses of gauze, soaked in chilled witch hazel.

Q. What is a good, easy abdomen-reducing exercise I can practice?
A. Sit on floor, legs outstretched before you, and bend forward, grasping the toes while you keep your knees straight and stiff.

Q. Is there something I can use to help dry my hands which perspire excessively?
A. Try a lotion consisting of one part boric acid to 20 parts of water. Dust the hands afterwards with some talcum powder.

Q. How can I give myself an egg facial treatment?
A. Apply the whipped egg yolk over face and throat and let dry. If there is any yolk left, repeat the process. After this is dry, apply the whipped white of the egg over the yolk, and let remain on the skin for about a half-hour. Remove with warm water, and follow with a little light cold cream.

Q. Can you suggest a good trick for "setting" one's face powder?
A. Take some very chilled cologne, dampen some cotton with it, wring out almost dry, then press this over the powdered face. When the cotton gets too dry, dampen it again as at first. This sets the powder, and removes any pesty effect.

Q. How can I mix my own skin-cleansing lotion?
A. Mix one-half teaspoon of good cologne, two teaspoons witch hazel, and one tablespoon of rose water. Apply with small cotton pads, and mix fresh for each using.

Q. How can I make a chin strap to help reduce my double chin?
A. Tie firmly around your face and under the chin several thicknesses of gauze, soaked in chilled witch hazel.

FENCED IN
AMARILLO, Tex. (4)—When his 2-year-old son was injured when struck by a car while playing in a driveway, W. J. Carroll forgot all about the fence he was building to keep the youngster in the back yard.

But his neighbors didn't. "I came home from the hospital one night and there the fence was finished," Carroll said.

THANKS FOLKS

... for the wonderful response to our Formal Opening Celebration. We enjoyed having each and every one of you in our store, and we take this opportunity to invite you back, often. Winners of the prizes given away last Saturday night were: Mrs. Carroll Whiteside, Maytag Dutch Oven Range; Mrs. Jack Clark, Innerspring Mattress and Mrs. E. Ward, Table Lamps..

GRANDMA TAKES OVER and finds prepared baby foods are good.

Grandma Gives Tips On Feeding Children

By CECILY BROWNSTONE
Associated Press Food Editor

Take some tips from a wise grandma. When she comes over to baby-sit while you shop — or maybe just have a few hours off — she enjoys her grandchild wholeheartedly.

A grandma who has benefited from her own experiences in the bringing up of children knows the best ways to establish good eating habits. Besides, when you weren't looking, she probably boned up on Doctor Spock.

1. Be a friendly companion during meals. Smiles do wonders while you're feeding Baby.

2. When Baby starts on solid foods, allow him time to get used to them. He's a young explorer in a wide and wonderful world. But he's cautious. What's that stuff that has a soft consistency? Mmm, how about that different taste? How do you get such offerings to the back of your mouth and your throat? How do you swallow the goo anyway?

3. Go on taking it easy. Baby's a natural rebel; if you shove his food into him, he's likely to get the idea that strained spinach and carrots aren't so wonderful — or why all the hurry to force it down those tight little lips?

4. Prepare Baby for what lies ahead. He'll probably take wearing in his stride if you give him a cup or glass — small enough for him to grasp — several months before you plan to take him off the bottle. Have fun with him while he plays with the cup; look widely approving when he starts putting his fingers around it and learns

to hold it. In time he'll manage to sip a little orange juice or water from it and think he's a great guy. When he's good and used to this new and fascinating utensil, the chances are he'll be willing to take a little milk from it.

When Grandma comes to help out with Baby, she won't mind using all your ready-to-serve baby foods. Stirring Baby's prepared cereal smoothly into warm milk or formula will seem a delightful time-saver to her.

She'll be interested when it's time for Baby to get his "main dishes" — all carefully prepared and packed for him, ready on your food market's shelves. Junior Macaroni, Tomato, Beef and Bacon along with Chicken Noodle Dinner are two of these new main dishes that nowadays a young person can enjoy.

Grandma will be interested in the fact that the youngsters in the high-chair set get an array of flavors in the foods especially prepared for them. Celery and onion powders perk up a few junior derivatives along with that protein derivative, monosodium glutamate. Nutrition and goodness are added with dried yeast, whole milk solids and eggs.

When her small angel is tucked in for his nap, Grandma might be willing to whip up a dessert for the oldsters' dinner — using a jar of Baby's prunes. Our own favorite way of making this delightful sweet is to beat a couple of egg whites with a dash of salt until they begin to peak, and then gradually beat in a third of a cup of sugar. Next we fold in a jar (8 ounces) of junior prunes, and

PANTY RAIDER GETS DOUSED—An unidentified panty raider who climbed the balcony of the Zeta Tau Alpha sorority house on Southern Methodist University campus in Dallas, gets drenched with water for his efforts. About 300 male students gathered under a new moon and heralded the coming attraction by setting of aerial bombs and firecrackers. Several souvenirs of the unmentionable variety were taken by the raiders. (AP Photo)

ACC to Graduate Hereford Students

ABILENE, Tex. (Sp.) — Two Hereford seniors have been named candidates for the Bachelor of Science degree, to be conferred May 28 in commencement at Abilene Christian College.

Geraldine Patterson Bennett, a 1951 graduate of Hereford High School, is the daughter of Mr. and Mrs. Elmer Patterson, Box 333. At ACC she majored in secondary education and has been a member of the Future Teachers of America, the A Cappella chorus, the Panhandle Club, the Kitten Klub, and the Ko-Jo-Kai social club.

Mrs. Bennett is the wife of Virgil Bennett Jr., a 1954 graduate of ACC.

Barbara Jean McGee, who graduated from Hereford High School in 1952; is the daughter of Mr. and Mrs. Lawrence McGee, 145 Texas Avenue. At ACC she majored in secretarial training and has been a member of the Future Teachers of America and the Delta Theta social club.

WEATHER ACTION

DES MOINES, Iowa (AP) — A group of Iowa farmers are trying to do something about the weather. They've incorporated a new firm called Central Iowa Weather Modification Assn.

The organization, with headquarters at Jefferson, Iowa, says its purpose is to "stimulate and encourage research into and practice of the most efficient and economical methods of weather modification; for the benefit of the area in which the members own or operate farm lands."

Let's get one thing straight...

CHRYSLER HAS WON EVERY MAJOR COMPETITION ENTERED IN 1956!

And don't confuse Chrysler's grand slam wins in all the big events with those "in their class" wins the others shout about so much. When Chrysler competes it competes against all comers — in performance and economy!

THE 1956 RECORD

- Winner—Daytona Beach Flying Mile
- Winner—Grand National, 160 miles—Daytona Beach
- Winner—Women's Flying Mile—Daytona Beach
- Winner—Grand National—Phoenix, Arizona
- Winner—Grand National—Atlanta, Georgia
- Winner—Mobligas Economy Run

And in 1955 Chrysler won 4 times more contests than the "next best"

Ven Finds Music In Junk Pile

SOUTH PARSONFIELD, Maine (AP)—Ven Smith makes musical instruments out of discarded tin cans and milk cans, chopping trays, pans, wooden boxes, lard kegs.

"There's music all around us if we'd only listen for it," he says. "There's music when a hammer hits a nail; when two stones are struck together."

Take his tin can chimes. He discovered cans give off varying notes when struck, especially if there are dents. So he created a tin can xylophone.

Then there's the wagon whiffletree into which he drove 10 nails.

"I just tunked them until I had each so it makes a note of the scale."

He drew a violin bow across the nails. Nothing came out. Then he put one end of the whiffletree on an old fish box for a resonance chamber. Soon he was playing "Home Sweet Home."

His latest is the musical bedstead. He got out his hacksaw and cut the bars at varying lengths. He also has a musical pitchfork with strings, tuned an octave apart, along the handle.

For years Smith has been entertaining rural audiences. Before his children grew up and moved away they were the "Singing Smiths." Ven played the violin and assorted carpenter's tools; daughter Alice played guitar, son Arnold the Jew's harp and other things; and daughter Louise played the guitar, with son Raymond playing the drums.

Alice's guitar was a tray with strings. Louise's guitar was a tin

MUSIC EVERYWHERE—Ven Smith with his bedstead chimes and other musical instruments made from junk.

gerboard on a tin pan. Ray, just a little fellow then, had a molasses keg with skin head for a base drum. The cymbal was the reflector off an old automobile and the snare drum a bon bon can with felt on top.

Ven has improvised violins from an old salt fish box and from a cheese box.

He plays the real thing, too. He

gives out with the violin, piano, vibratoharp and banjo. The latest is flower pots. While he and Mrs. Smith were setting plants, he noticed that the pots gave out with rich tones.

Parmer, Bartlett Complete Training

Ray L. Parmer, son of Mr. and Mrs. A. D. Parmer of Route 1, and husband of the former Miss Mary N. Casels, all of Hereford, Tex., and Norman D. Bartlett, son of Mr. and Mrs. N. D. Bartlett of Hereford, are scheduled to complete recruit training May 12 at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp," will include a full dress parade and review before military officials and civilian dignitaries. In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

LOCK TROUBLE
MIAMI, Fla. (AP)—When Julius Ramirez' trunk lid sprang a leak, Ramirez sprang into the trunk and shut the lid to see if he could spot the trouble from within. Then it occurred to him the key to the automatically-looking lid was in his pocket.

Ramirez set up a muffled tumult. His wife telephoned police. Police dispatched a Fire Department rescue squad. Its leader, Lt. Harold V. Carleton, instructed Ramirez to drop the key through the spare tire dsainhole to the ground, and with it released him. The leak? Ramirez didn't find it.

There can be more than 50,000 earthworms in an acre of soil.

Your Congressman Reports

Some 20 Members of Congress, including the undersigned, have introduced bills to provide for a 6 year extension of the G. I. Loan Guaranty Program. Although this program has had much criticism from some sources, its basic purpose was highly commendable, and had it been pursued with rigid cooperation between the money interests of this country and the Veterans Administration, much of the criticism directed at it would have never arisen. It is my opinion that the program generally has been highly successful, and the opportunities afforded under it have made a tremendous contribution to the economy of this country. Its results have helped to build one of the greatest bulwarks we have against communism — "home ownership." It is true that there has been some maladministration of the program. We have had our share in the Panhandle. As a matter of fact, I am working on several cases at the present time in which I feel that a veteran is not receiving from the Veterans Administration the consideration that Congress intended. I expect to get to the bottom of these cases and see that the responsibility is placed where it belongs.

The money interests of this country have also engaged in practices which to me are not in keeping with good conscience. I have reference to the excessive discounts that have been charged for handling the G. I. loan paper. The big money institutions have gone entirely too far in exacting tribute for financing these loans. It is true that these extra charges are not placed directly against the veteran. The reason for this is the law will not permit the veteran to pay these unconscionable charges directly. The truth is that in a substantial number of the G. I. loan cases, the veteran is being indirectly saddled with these excessive charges. In other words he is having to pay a price for the house that is higher than it is actually worth. The difference between the actual worth of the house and what the veteran is having to pay is the amount of the excessive charges being exacted by the moneyed interests of this country before they will finance these loans. For instance, if a veteran is financing his house with a \$10,000 mortgage, and the loan company is requiring a 5 point discount, it will only put up \$9500 for the \$10,000 mortgage. This means that somebody must pay the \$500. This discount has gone much higher in some instances.

In other cases the lending institutions have refused to loan money on veterans loan programs because the houses were situated in smaller towns and communities. This required the Congress to set up a direct government loan program to meet the needs of these veterans in the less populated districts.

It is difficult for many of us to understand how these lending institutions can justify their continual preaching of "free enterprise," and then engage in such practices as above related that will eventually destroy free enterprise.

We hope that the G. I. Loan Program will be extended for 6 years and that the bad practices and the maladministration matters will be corrected so that every veteran may have the opportunity to own a piece of America that he so patriotically defended. The ones I have talked to are not asking to be given anything. All they want is a fair and honest opportunity to own a home for themselves and their families and to be treated fairly and honestly in their dealings to obtain such a home.

I sincerely hope that some of these money-changers who seem to be infesting the temple will awaken to the fact that some of their practices in regard to the VA Program and also the FHA Program are not exactly in keeping with some people's ideas of honesty.

Our good friend, Judge Luther Gribble, over at Wellington has written me about a Constitutional Amendment to limit the taxing powers of the Congress on the incomes of the people. Judge Gribble is certainly to be commended for his part at the Democratic Precinct Convention and the Con-

vention concerning his support of a Resolution asking that the Constitution be amended to so limit income taxing power. This is a matter that has been before the Congress in several different forms, but Judge Gribble's approach is much more acceptable than some of the others. He recommends that the limitation on the taxing power be graduated so that the taxing power increases as the size of the income increases. Judge Gribble and I are in agreement that the best way to stop wasteful spending is to limit the power to procure the money through tax channels and to keep a ceiling on the debt-making power. Those who have opposed the limitation on income taxing power take the position that such limitation would tie the hands of government officials to meet emergency defense requirements or defense requirements generally. The argument, of course, falls on its

face because the Congress and the President can exercise such powers as may be necessary to meet any emergencies confronting this country. The existence of a real emergency creates the basis for the exercise of governmental power that could subject to government control and domination all of the human and material resources of this nation and its possessions. Let us hope that such an emergency never comes about, but at the same time, let us realize that a power, much greater than the power to tax, would be necessary to meet such an emergency, and that the limitation on the power to tax would not mean that such an emergency could not be met.

VISITORS: Mr. John S. Bugbee of Clarendon came by for a nice visit last week. WALTER ROGERS Member of Congress 18th District of Texas

McCathern Is Air Policeman

PARKS AIR FORCE BASE, Calif. — A/3c Jau Don O. McCathern, son of Mr. and Mrs. S. A. McCathern, Route 1, Hereford, is a student in the U. S. Air Force's Air Base Defense Technical Training School at Parks Air Force Base, Calif.

JAU DON O. McCATHERN

The Air Base Defense school is the only one of its kind in the Air Force, and trains airmen for duties as air policemen. During the training course, Airman McCathern will receive instruction in military science and tactics, use of fire arms, law enforcement, and other subjects related to air police and air base defense duties.

After graduating from this school Airman McCathern will be sent to one of the numerous Air Force Bases throughout the world and will be assigned to air policeman duties.

He enlisted in the U. S. Air Force Jan. 1956 at Amarillo, Texas and following basic training at Lackland Air Force Base, Texas, was selected for training at an air policeman and assigned to the air base defense school.

Be sure of a stand of small grain... KILL ALL SPECIES OF WIREWORM WITH A SINGLE

dieldrin seed treatment

NEWLY SEEDING FIELDS make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect small grain seeds until they sprout.

LOW-COST PROTECTION

It costs just pennies per acre to treat seed with dieldrin, but dollars per acre to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands... eliminates the expense of time and money for re-planting or sowing extra seed for the wireworms to feed on... assures you of a longer

grazing period. And dieldrin does not harm plant development.

COMPATIBLE WITH FUNGICIDES

Dieldrin is compatible with fungicides... it can be applied at the same time to save the expense and work of a double treatment. You can buy dieldrin-treated seed from your seed dealer, or treat the seed yourself. Dieldrin can be applied as a slurry, dry, or in a grain drill. A convenient method is to apply dieldrin to the seed in the grain drill as you plant. Follow directions on the label for the particular formulation you buy.

LESS WORK AT PLANTING TIME

Seed can be treated now and stored until planting time. Dieldrin eliminates the rush of treating seed and planting within a few days. Dieldrin formulations are available throughout the small grain growing area. See your local supplier.

Save Your Valuable Rugs and Furnishings

Soil free carpets and upholstery wear longer. We recommend frequent cleaning with the new, easy to use, Blue Lustre.

The swift action of this new miracle foam works equally well on wall-to-wall carpets, fine oriental rugs or upholstery. Bright original colors gleam like new. Blue Lustre is easily applied with a long handle brush, leaving the pile open and lofty. No residue remains to cause rapid resoiling. Very economical too, as 1/4 gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

STREU HARDWARE

Here's Where the New Ideas Come From...

...and Here's Where they GO!

You'll know the engineers have been up to something special the first time you ask this long, low beauty for action, for here's "go" you can't get anywhere else. The "go" of the newest in high-compression, high-torque engines—Pontiac's Strato-Streak V-8, so advanced and so efficient it delivered

more actual miles per gallon than any other "eight" in the Mobilgas Economy Run! The "go" of the newest in automatic transmissions—Pontiac's Strato-Flight Hydramatic, specially engineered for Strato-Streak power and smooth as silk at any speed! Come on in and bring yourself up to date fast!

Junior Confirmation Class from 4 p.m. to 5:30 p.m. Friday.
Adult Confirmation Class at 8:30 p.m. Friday.
Everyone is invited to attend these services.

MOLDING MINDS

Through good books the sages of the ages may speak to the children of this age. Good books are antidotes for juvenile delinquency and for adult delinquency. Good books increase our joys, soften our sorrows, ennoble our friendships, enlarge our ideals, refine our ambitions, guide our energies, feed our souls. They are companions in loneliness, friends in trouble, tools for work and guides in wayfaring. The church and the church library offer you books that will keep your boys from being crooks. Books help mold minds.

Our Churches And The Things They Stand For Are Our Greatest Assels. Make Them Strong By Your Support And Attendance.

Church of God

H and 13th Street
Rev. Eugene Powers, Pastor
Sunday School will begin at 10 a.m. Worship service is at 11 a.m. Sunday evening worship begins at 7:45 p.m. and young people's service Friday at 7:45 p.m.

Choir rehearsal meets each Wednesday at 8 p.m.
Groups one and two meet on

A VISIT TO STORYBOOK LAND—Blind since infancy, 4-year-old Kathy Smith learned just what grownups are talking about when they read stories about woolly lambs when she and six other little blind children visited Storybook Land, a new children's playground in Dallas. Many of the stories that have lulled the children to dreamland in their own beds came alive as they wandered from one wonder to another, reaching out their exploring fingers to everything. (AP Photo)

Named Big Sister At Harding College

Searcy, Ark., May 9—Miss Mabelle Telchik, a sophomore majoring in dietetics at Harding College of Searcy, Ark., has been named a Big Sister for the 1956-57 school year.

The Big Sister plan at Harding is designed to help freshmen become orientated at the beginning of each year.

Miss Telchik is the daughter of Mr. and Mrs. Edgar Telchik of 222 Avenue E. She graduated from Hereford High School in 1955 where she was vice president of Future Teachers of America.

LEGAL MIGRATION

MIAMI BEACH, Fla. (AP)—A 200-bird aviary owned by financier Sam Kay migrated under court order to a suburban Miami site.
Judge Albert Saperstein headed neighbors' pleas that too many assorted bird calls came night and day from a giant cage on Kay's grounds housing ostriches, swans, peacocks, pheasant, parrots, ducks, emus, pigeons and geese.

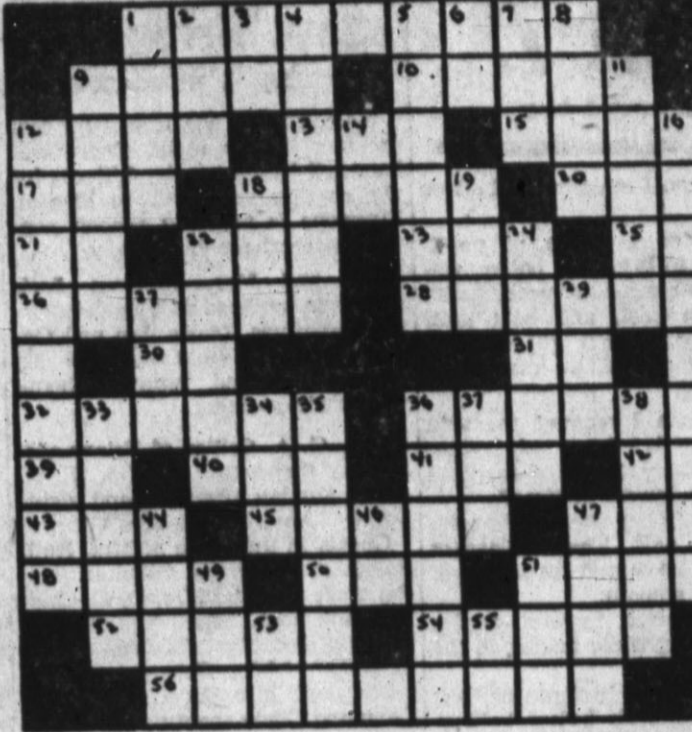

WICHITA

A hard-hitting story, superior CinemaScope filming and splendid acting all combine to make "Wichita" one of the season's outstanding productions. The Technicolor film will show Saturday at the Tower Drive-In.

Joel McCrea, Vera Miles, Lloyd Bridges, Edgar Buchanan, Wallace Ford and Peter Graves have starring roles in the action drama, which can be classified, without reservation, as first-rate entertainment for the entire family.

"Wichita" tells the story of one of the most exciting eras in American frontier history, the taming of Wichita, Kans., when it was a brawling, riotous cattle town after the Civil War. It is based on an episode in the life of Wyatt Earp, long-famed peace officer of the frontier, who became marshal of Wichita and declared open warfare on the gunmen, outlaws and killers who terrorized the town.

Household Scrapbook

Painting Over Nails

If one paints over rusty nails, they are likely to show through the paint as dark spots. This can be prevented by painting over them with aluminum paint and applying a fresh coat of gloss paint after the aluminum paint has dried thoroughly.

Electric Light Bulb

When an electric light bulb breaks off, leaving only the socket, take a large cork and press it firmly into the socket. This will enable you to unscrew the metal part.

Burns and Scalds

Cover with cooking soda and lay wet cloths over it. Other good remedies are whites of eggs and olive or linseed oil.

Iodine Stains

To remove iodine stains from an article of clothing, soak it in lime water.

Quick, Convenient . . . DRIVE-IN BANKING

Of course we like to have you come in for a chat. But when you're in a hurry, as most of us seem to be anymore, use the convenience of our drive-in window. You will be pleased with the fast, courteous service received.

MOVIE NEWS

Walt Disney's True Life Adventure On African Lions To Be Shown Here

THE AFRICAN LION
To bring the first full accurate life story of the King and Queen of Beasts out of the African wilderness for movie audiences, Alfred and Elma Milotte, famous camera team, literally consorted with lions for many months in filming Walt Disney's newest and most magnificent True-Life Adventure feature, "The African Lion," which will show Friday and Saturday at the Star. On Saturday, a real live baby will be given away.
"The African Lion," to be seen in print by Technicolor, reveals the ruler of his empire and the lord of fable in his wild free state on the great plains of equatorial Africa.

Business Women meet at 7:30 a.m. on the second Tuesday.
Young Matrons meet on the second Wednesday at 9:30 a.m.
Friendly visitation on Monday, Tuesday, Wednesday, Thursday, and Friday at 7:30 p.m.

Long Time Ago

45 Years Ago
The Hereford Recorder people are busy this week moving the plant from the Edwards building on East Second Street to the Walker side of the Miller-Walker building on lower Main Street. The upper part of the Edwards building has been used since its construction as the Cordova Hotel, and while up-to-date in every feature was somewhat crowded for sufficient room. As soon as the transfer is completed it is the intention of Mr. Edwards to remodel the lower portion occupied by the Recorder, making it into a kitchen, dining room, lobby, etc.

About two weeks ago, Mr. and Mrs. John Millard decided to leave the Panhandle and move to a better country whereupon they selected Missouri. Their car was loaded and Mr. Millard left with that, Mrs. Millard and little son following on the passenger a day or two later. Mrs. Millard arrived at their destination, but she was so dissatisfied and home sick for Hereford that she waited for her husband to arrive with the car household effects. Without unloading the car the freight was repaid back to Hereford. Mrs. Millard took the train and was soon back in Hereford smiling and explaining to her friends how it all happened. Mr. Millard came back in a few days and they are now again citizens of Hereford.

25 Years Ago
The Palo Duro park site, Canyon, recently acquired by the chamber of commerce has been made accessible through an improved road and will be formally opened next Sunday. There will be no admission charge. Opening of the site is the climax of 25 years of effort to establish a park in these canyons. This will not supplant the park system sought to be established by the legislature. Heretofore most of the canyons have been closed to the public, with only a few exceptions where admission fee was charged.

Shipping records are revealing the extent of G. W. Brumley's hog raising and showing his activity in handling porkers to be one of the largest industries for this territory. His Saturday billings consisted of ten double-deck cars of hogs, covering his purchases for the preceding seven days. Mr. Brumley says he is averaging six double-deck cars every week. Consignments are to California markets.

GEARED TO TROUBLE
TUCSON, Ariz. (AP)—For the second time in two weeks, a motorist in front of the restaurant started his car from under the hood without realizing it was in gear. There was a crash and the drive-in promptly depreciated an estimated \$1000. Damage to the car was \$45.

UNBORN LICENSE
READINGTON, N. J. (AP)—The driving license of Bruce Gabriel, 17, was revoked before it was issued. Police said he was driving 70 miles an hour on a learner's permit and did not have a licensed driver beside him. The court suspended issuance of his license for three months.

There is a large plateau near the South Pole which is 14,500 feet high.

How Can I?

By Anna Ashby

Q. How can I make a good silver polish?

A. Dissolve 1 ounce of powdered borax in 1/2-pint of boiling water. Add 4 ounces of precipitated chalk when cool, and beat until smooth. Then add 1 gill of alcohol. Bottle, and shake thoroughly before using.

Q. How can I prevent the skin of the hands from shriveling when necessary to place them in water for a length of time?

A. Try rubbing the hands with vinegar or salt. The unpleasant feeling will leave and the skin will be soft and smooth.

Q. How can I prevent apples from wrinkling while baking in the oven?

A. Silt the skin in three or four places with a knife before baking.

Q. How can I mend a torn window shade?

A. Lay it on a flat surface, bring the torn edges together, and apply a half-inch strip of adhesive tape on the side next to the curtains. Then the tape can be painted with water colors to match the shade, if desired.

Q. How can I keep eggs warm after cooking?

A. Even though the fire is turned off, eggs will continue to cook when left in the hot water. They can be kept warm until needed if the water is poured off, eggs placed in a hot pan and covered tightly.

Q. How can I best rinse blonde hair?

A. An excellent rinse can be effected by adding a level teaspoonful of borax to a gallon of water. It brings out all the lights in blonde hair.

Q. How can I save time when cleaning the table silver?

A. Make a solution of one quart of boiling water, one teaspoonful

P-TA Invites Members to Movies, Says 'Bring Your Own Popcorn'

By MRS. S. N. THWEATT

Walcott P-TA will have their last meeting Friday night. There will be a full length movie. Officers for the coming year will be elected. Everyone is to bring enough popcorn popped for his family.

Mr. and Mrs. Bertram Jack spent the weekend at Floydada visiting relatives. Marla Jan and Gailen Jack had spent the previous week there and returned home with their parents.

Mrs. G. A. Collier of Friona visited in the home of Mrs. J. E. Rouse Sunday afternoon and night.

Amarillo Visitors.
Guests in the home of Mrs. Ruth Coleman and Bruce Coleman Sunday were Mr. and Mrs. D. E. Coldiron and sons, David and Ronnie, of Amarillo. Mrs. Coldiron is the daughter of Mrs. Coleman.

Mr. and Mrs. Bruce Coleman, Gary and Cindy spent the day Wednesday visiting Mr. and Mrs. Joe

of baking soda, and one teaspoonful of salt. Pour into an aluminum vessel and place the silver in it. Allow it to remain for a few minutes, then rinse with clear hot water. Clean the vessel at once.

Q. How can I prevent the iron from sticking to the clothes when pressing out starched pieces?

A. Try using soapy water as a starch foundation. Use one tablespoonful of soap jelly to each quart of water. Then add the necessary amount of starch.

Q. How can I make the scales of fish come off easily?

A. They will come off much easier, and there will be no scattering, if dipped into boiling water for about a minute.

Q. How can I separate the whites of eggs from the yolks?

A. By punching a small hole in each end of the egg. Then hold it upright and shake it. The white will pour out, leaving the unbroken yolk in the shell.

Brown of the Rhea Community.
Little Donna Howard, daughter of Mr. and Mrs. Bob Howard, is home with the measles this week. Juanita and Tommy Northcutt of Espanol are visiting Jerry and Wanda Northcutt.
Mrs. Elmer Northcutt and Mrs. J. E. Rouse visited in the home of Mrs. Elwyn Hartman of Friona last week.

Attend Anniversary Fete
Mr. and Mrs. E. M. Jack were guests of Mr. and Mrs. J. H. Lea of Friona Sunday afternoon. Mr. and Mrs. Lea were celebrating their Golden anniversary.

Mr. and Mrs. L. D. Chiles of Friona visited the Bertram Jacks Thursday night.
Linda, daughter of Mr. and Mrs. Bobby Northcutt, has the mumps this week.

Mrs. N. A. Brown and Mrs. S. N. Thweatt helped sell Coke mix at Hunters Grocery Friday for the 4-H girls.

H. D. Club Meets
Mrs. E. M. Jack was hostess to the Messenger H. D. Club Friday. There were 10 members present and one visitor, Mrs. Bertram Jack and sons.

The program was given by Mrs. Floyd Brown on "Fertilizing and Watering the Yard."

Refreshments were served to: Mesdames J. M. Rouse, W. D. Thweatt, Floyd Brown, Elmer Northcutt, Ernest Brown, Bertram Jack and the hostess.

Mr. and Mrs. S. N. Thweatt were in Hereford Wednesday on business.

Hereford Guests
Mr. and Mrs. C. R. Smith of Hereford were guests in the home of Mr. and Mrs. Noble Brown last Sunday afternoon.

Ernest Brown's family, Tommy and Mrs. N. A. Brown, enjoyed a movie Sunday night at Hereford. They registered for the boat that was to be given away, hoping to win it. If they do where will they find water to go boat riding? Not around Bootleg, because the wind and sand still blows out there.

Mr. and Mrs. T. J. Broxon and children of White Deer spent Friday night in the home of Ernest Brown. Mrs. Broxon is the twin sister of Mrs. Brown.

Wheat Effected
The wheat around Garcia, Bootleg, and Walcott has been harvested by dry weather, high winds and sand. What little there is left is being grazed. The people with cattle are wondering what they will do with their cattle in another week or two.

Frank Ford, north of Bootleg, says he's going to go pushing calves under the fence and call them the good neighbors; of all times to have twin calves, that's what's happening on his ranch.

Mrs. Ruth and Joe Coleman were in Hereford Friday morning. They bought some of the frozen fruit that Taylor and Sons had. They said it was really nice.

MILK TRUCKS FIGHT FIRE
ALBANY, Minn. (AP)—Eight milk trucks, each loaded with 3000 gallons of water, provided firemen with water to fight a blaze at a railroad overpass. The trucks hustled back and forth with the sloshing cargoes, keeping a supply of water available for fire engine pumping equipment until the flames were brought under control.

OUT OF SEASON
HAWESVILLE, Ky. (AP)—This little town lit up like Christmas when Charles Butler's house got on fire just after dark. Half the residents turned out excitedly and, during the uproar, someone turned on the Christmas lights that had been hanging over the streets since December.

About 27,000 Americans died in home accidents in 1955.

Here's the ride

the whole automotive industry envies!

You're going to discover the most amazing ride any truck or car ever gave you.

For our Blue Chip GMC equipped with Road Shock Damper Suspension* smoothes every jolt and bounce the worst road offers—blots up even short, sharp vibrations from road joints.

You can drive at normal speed over a washboard road where other vehicles must crawl. There's no slewing—no steering wheel wrenching—no punishment to truck or driver.

Part of this eye-opening ride, too, is the surging response you'll get from GMC's 180-hp V8 engine. You'll like the wide-angle safety vision of GMC's panoramic windshield—the amazing economy of GMC's fast-ratio cruising axle.**

the time-, money- and driver-saving advantages of Hydra-Matic Drive.**

Drop in at our showroom tomorrow and learn firsthand about GMC Blue Chip leadership!

*Standard on the Suburbans; optional at moderate extra cost on all other 1/2-ton models. **Optional at extra cost.
