Capital Cases Are Continued

Missing witnesses gained continuances for defense attorneys in two capital cases here this week.

with malice trial and the J. L. Wozencraft rape and incest trial were continued indefinitely by District Judge Harry Schultz.

Potter's case was continued when certain jurors which the Defense said were important did not appear because of illness and other reasons.

Attorneys for Potter also tried to get a delay because "no special venire" had been drawn and because the Court has recommended that the jury commission pick half men and half women on the panel.

"Inadequate" facilities to house a jury was also cited, and the open letter to the County Commissioners Court which was written by jurors who served in the Harold Leo Roberts murder trial was introduced.

Eleven defense witnesses, including the complaining witness' mother, were not present in the Wozencraft case and the Court agreed to a continuance for the case.

There will be a singing at the Grace Gospel Church at 2:30 p.m. Sunday.

Everyone interested in playing semi-pro baseball is urged to be present at a meeting to be held Friday night in the Jaycee Hut.

A large turnout of Grain Sorghum Producers Association members was reported following the area meeting held here Tuesday night.

Thursday night at 8 p.m. in the county courtroom the directors of the Hereford Golf Club will hold an open meeting of all stockholders and all interested golfers.

Gaylord Newell, owner of Piggy Wiggly, received word this week that he was a first place winner in the Lux toilet soap display contest.

First meeting of the season was held Tuesday by the Ladies Golf Association.

The annual Games Tournament for the Cancer Crusade will be held April 20 at the Jim Hill Hotel under the sponsorship of Beta Sigma Phi.

CELEBRATE CAMPFIRE WEEK—Girls pictured above are pictured in a pioneer scene around a campfire in honor of National Campfire Girls Week.

Around Town

Openings and re-openings will be the highlight of the week Around Town this week.

The boards came down off the Hereford Shoe Store this week to reveal the store's new look.

And the Lunch Counter and the Music Center have joined together to hold their grand openings.

There will be a singing at the Grace Gospel Church at 2:30 p.m. Sunday.

Improvements On Grid Field Due

Hereford Rural High School District trustees Tuesday night accepted an offer from a group of local businessmen to build restrooms at the football stadium.

The action came at the regular monthly meeting of the School Board, at which all members were present.

Supt. Fred J. Cunningham told Board members he had been approached by a group of individuals asking that they be allowed to put in restroom facilities at Whiteface Stadium at no cost to the District.

for \$8200. He proposed adding 90 feet of seats to each end of the west stands, doubling seating facilities on that side of the field.

Trustees called for bids on an addition to the present shop building. Bids will be opened March 27 at a called meeting.

Trustees also voted to notify 32 persons on the delinquent tax roll that suits would be filed against them in the near future.

Band To Enter District Contest

The Whiteface band of Hereford High School is now working on numbers for their District musical contest.

The 90 members of the band will go to Canyon April 26 for the Interscholastic League contest.

"Pageant" is the first of the three contest numbers to be played. Other numbers the Whiteface band will play include "Thunder Song" and the second movement of "Unfinished Symphony."

Change Made In Voting Precincts

Deaf Smith County Commissioners Monday changed the voting precinct lines slightly and discussed delinquent taxes at their regular meeting.

Change in the voting precinct line, was made to comply with a recent change in commissioner precinct lines. The change calls for the "east boundary of voting Precinct 3 begin at a point in the north line of the Capitol Syndicate League 408 where it intersects the west line of the H. R. Moran tract.

Commissioners also sold \$30,000 in warrants to pay for the nurses home. Payments of \$3000 are to be made each month 1 until 1956.

A condemnation suit against Chas. R. Sowell was ordered filed by the Court. Sowell owns property on Highway 51 which is needed for widening the highway and building the underpass.

Voting Precincts 4, 6, 9 and 10 are in Commissioners Precinct 4. Commissioners Precinct 3 is made up of Voting Precincts 3 and 8; Commissioners Precinct 2 of Voting Precincts 2 and 11; and Commissioners Precinct 1 of Voting Precincts 1 and 7.

The Court authorized County Judge Homer Henslee to discuss

the possibility of dropping penalty and interest on delinquent taxes which are over 10 years old, with the City and School tax collectors.

J. E. Springer was named presiding judge of Precinct 1, replacing J. C. Alred, who requested that his name be dropped.

John S. Coombes, son of Mr. and Mrs. Ellis Coombes, spent the past weekend with his parents in Hereford. He is a student at Texas Technological College, Lubbock.

Campfire Family Night Planned

Family Night will climax the activities of Campfire Birthday Week in Hereford Saturday night.

The affair will be held in the High School auditorium beginning at 8 p.m. The program will be a 45 minute pageant, "Cavalade of Freedom," which will include all Bluebird and Campfire organizations.

The pageant is a story by word, picture and song of historical events which have brought about and preserved our freedom, a spokesman said.

Thursday afternoon the helpful Bluebirds will appear on the "Kids Only" show on TV. Mrs. Marvita Coffey, their leader said. A display has also been placed in Sireu Hardware's window.

Journalism, Annual Staff Students To Attend Meet

Journalism and annual staff students of Hereford High School will go to Canyon March 17 for the twenty-second annual convention of the Panhandle High School Association.

Students attending from Hereford are Sylvia Cox, Norma Hamby, Christine Thomas, LaVera Head, Carroll Sparks, Joe Landers, Bob Bradley, Carolyn Inman, Bob Veigel, Sammie McLallen, Tommie Weemes, Kee Skypala, Peggy Graham, Lewis Black, Carolyn Virden, Linda Burkett and Gladys Lee.

Mrs. Elmer Patterson, Mrs. Kathleen Criswell and Mrs. Virgil Dodson will accompany the groups. Bob Veigel is the candidate for vice president for PHSPA from Hereford. Kee Skypala will entertain with musical selections during the registration period.

Contest entries from 25 area high schools have been submitted and are being judged by the staff of the Austin American Statesman. Trophies will be awarded in 13 newspaper and year-book categories.

H. M. Baggerly, editor and publisher of the Tulia Herald, will be the main speaker on the program. His talk on "Responsibilities of a Weekly Newspaper to its Community," will be given at the luncheon.

Schools registered in advance for the convention include Hereford, Amarillo High, Palo Duro (Amarillo), Sam-Houston Junior High (Amarillo), Pampa High, Pampa Junior High, Lockney, Ralls, Vernon, Morton, Tulia, White Deer, McLean, Lefors, Littlefield, Booker, Mulshoe, Canyon, Floydada, Claude, Dumas, Dalhart, Hale Center, Paducah and Childress.

PRECINCT CHANGES—Outlined in the map above are the voting precincts in Deaf Smith County, Hereford is outlined and parts of the City are in Precinct 1, 2 and 11.

The State Highway department is pushing the "Tourist Industry" these days in an effort to make folks realize just what the flow of automobiles through Texas means to the state, to the average community and to the average individual. Some of the figures are indeed startling.

Cotton, for instance, brought \$700 million into Texas in 1955 to provide the state's greatest income from crops. The "tourist crop" was second, accounting for \$412 million; cattle was third with \$386 million, and grain was fourth with \$200 million. These figures were secured through a careful survey through which the department reported 3.7 million out-of-state vehicles and 9.9 million out-of-state tourists. The figures also show that these tourists spent \$7.53 per person, per day, while in Texas—and they average staying 5.5 days.

This situation also recalls the fact that most Hereford people are prone to jest at Hereford's "Town Without A Toothache" slogan—despite the fact that the area's low caries incidence is supported with authoritative health department records. With the proper merchandising, Hereford could unquestionably stop tens of thousands of tourists annually. Some would only drink from a huge public fountain; others would want to spend the night and further investigate the situation. First, though, the people here would have to be sold on the subject, which they definitely are not.

ABOUT TOURISTS. We always thought most tourists went to California, but the figures show that Californians are consistent globetrotters in their own right. More Californians came to Texas last year than did tourists from any other state—almost twice as many, in fact. Here's how the first 10 rate on the highway department list:

State	Cars	People
California	538,000	1,452,000
Louisiana	276,000	746,000
Illinois	232,000	426,000
Arkansas	188,000	506,000
Oklahoma	173,000	467,000
Ohio	158,000	528,000
Florida	147,000	398,000
Missouri	140,000	378,000
New York	133,000	358,000
Michigan	122,000	328,000

Lowest on the list was Delaware with only 3000 cars; New Hampshire and Rhode Island came in with 4000 each. Six states, Idaho, Maine, North Dakota, South Dakota, Utah, Wyoming, and the District of Columbia checked in with 7000 cars each, and a total of 77,000 cars from foreign countries were recorded on Texas highways in 1955.

It probably doesn't mean anything, but it was interesting to me to note the gigantic number of people attempting to get away from the West Coast smog. However, I am sure that most of them are former Texans back home to visit relatives.

that they are building the new air training center near his ranch, which is greatly improving its monetary value. He reports that Elmer Gollehon recently sold some of his property for the location—and did exceptionally well. All of these folks are neighbors of the Bill Jones'.

Doc Kirby dropped in to report that he was interested in these new-fangled fashions for men. He says that caps are coming back in a big way and he is glad, because his hat keeps blowing off these windy days. He challenged me to wear one, but I declined. I told him to see Francis Hardwick, who is "Hereford's No. 1 Cap Man."

Most people, it seems, are prone to under-rate the importance of the new support prices on grain sorghums. This will mean a lot of dollars and cents in Hereford pockets, according to Bill Lenderman, C-C manager, who has worked closely with R. G. Peeler and the committee. Bill says the big help will be noted in 1957—but that it will also mean around 30 cents a hundred more in 1956. Something like \$2 million to this area. This, according to all previous calculations, will be the margin of profit, which growers bemoaned on the 1955 crop. Sounds good. It sure does!

EMBARRASSING MOMENT No. 999. My wife was supervising some Camp Fire Week posters citing their "46th Birthday." I popped off and said it was only their 44th birthday, the organization having been started in 1912. After some heated discussion, I got down the encyclopedia—and proved that I was right.

"OK, OK. You win," said the Little Woman. "But I'll have you know that I got my original date from The Hereford Brand; whereupon she produced a 1955 Brand—and proved her point. Now, I am having a hard time trying to convince her that we just printed what some uniformed Camp Fire leader turned in at the office. Like I always say, "You can't win. You just can't win."

EMBARRASSING MOMENT No. 1000. Being a generous sort of guy, and a self-styled camera expert, I tried to help Neil Cooper all I could on the trip to Mexico. I consistently advised him about exposures, about shutter openings, about light conditions, etc. This week we got our 35 mm. color films back. All of Neil's shots were excellent, but I didn't have anything on two rolls of mine. I loaded the camera wrong, it seems, and they didn't even register. Like I always say, "Some people talk too much. They sure do!"

If anyone can top these two, please let me know. Misery still loves company.

I had a nice note from Dr. R. H. Cagle, who sent along the following clipping:

"Not Introduced, Perhaps—Denver, March 8—Denver firemen, investigating an explosion that destroyed a Denver home asked nearby residents why they had not called when their neighbor's house blew up. One neighbor explained: 'I didn't think it was any of my business.'"

"I couldn't help but compare the article with that in The Brand about the Coleman family," writes the former Hereford minister. "The big city and the North may account for the lack of neighborliness," he adds.

Dick also said that he and Mrs. Cagle are happily situated in Colorado Springs; that they recently visited with Mr. and Mrs. W. L. (Bill) Jones, also former Hereford residents—and that they are real proud of Sammy Lou McLaughlin, Texas winner of the Crocker contest.

Noah Ewton, another Hereford man who moved to Colorado, was in the office last week. Noah says

Chisholm Trail To Be Retraced By Oklahoma City Newspaperman Soon

By DAYTON BLAIR
OKLAHOMA CITY, Okla. (AP) — Richard G. Miller, "Mr. Oklahoma" to many, is looking for wagon ruts cut by the caravans of the Old West going up the Chisholm Trail.
Some folks think he'll find them. Miller, who can tell you almost anything you want to know about Oklahoma's history, is a columnist for the Oklahoma City Times. He travels all over the state, picking up lore which he passes on to his readers.
This spring, he's going to retrace the Chisholm Trail in Oklahoma, that highway through the grass that drovers followed from Texas to Kansas.
And Miller wondered in his column if any of the original wagon ruts were still visible.
"Since mentioning the matter," he said, "we have seen two or three sections of the old trail road, a beaten-down path 100 feet wide, but we're not sure that the ruts visible in some places were made by Chisholm's wagons. "In fact, we would be hard to convince that any wagon ruts visible today were put there during muddy days 75 years ago."
Miller is still getting letters from people who report the original ruts can be seen and he plans to check them.
The Chisholm Trail is as much a part of Western history as Billy the Kid. Up it went the great cattle herds from Texas and the trading wagons.
When they retrace the trail, using automobiles instead of horses, present-day Oklahomans hope to relive a bit of the drama of driving the Chisholm trail.

TINY MASCOT—"Pansho Lopez," 25-ounce toy fox terrier, seems right at home in his master's cowboy boot. The four-month-old pup, owned by Bill Fletcher, was recently elected mascot of the East Maringen Kiwanis Club. (AP Photo)

DEATH CHEATED—After having her blood completely changed twice within a few hours after her birth, Rebecca Joyce Mull, lets out a lusty yell as she poses with her mother, Mrs. C. L. Mull, of Midland. The blood change was made after doctors determined Mrs. Mull's blood was Rh Negative and the antibodies were building up in the baby's bloodstream. Two transfusions of O-Negative blood saved the infant's life. (AP Photo)

Black Community Prepares For Improvement

Chairman of committees reporting at the Black Community supper meeting held March 8 at the community center gave evidence that their entry in the Texas Rural Neighborhood Contest sponsored annually by the Farmer Stockman magazine in cooperation with the Extension Service is off to a good start.

District prizes for which the people in the Black Community are competing are awarded to the three top rating neighborhoods and the first place winner is then eligible to compete in the state contest.

Cotton John Smith of Amarillo was guest speaker for the program and outlined procedure in making reports to the judging committee. He was presented a cake by women serving as hostesses for the

evening meal.

Ann Prewett, small daughter of Mr. and Mrs. Lloyd Prewett, received the \$5 check for her winning entry in the Community Slogan contest to be used on markers. Her entry which the judges selected as most representative of the locality was:

"Welcome to Black — where farmers have ways with maize."

Special vocal numbers were given by Ann Prewett, accompanied by her mother at the piano and by Doris, Betty Jean and Neida Barnett, daughters of Mr. and Mrs. Buck Barnett.

John Bengner, president of the Black Community improvement organization, commended the Grounds committee for its good work outside the building and told the people of the community and

visitors from Farwell, Hereford and Friona attending the meeting that the committee headed by Pete Braxton and assisted by Tom Presley, Woodrow Whitaker and Ellis Tatum had worked until midnight in one of the worst sandstorms of the season to put the windmill that provides water for the community building, back into operation.

Other reports included the painting of the building and playground equipment, road markers listing residents of the neighborhood, removal of old fence and leveling of grounds, floodlight installed, corner on public road leading to center improved, and on the inside of the building the women had done a thorough cleaning job and had made new drapes for the kitchen windows.

Mrs. Ralph Price took names

of all who wanted first aid kits for homes, cars or pickups and those who would like to have wells tested for safe drinking water.

The community, drawn together by the united enterprise, reported such improvements around their homes as one new home built, painting, dashing, topping of trees, new irrigation systems, plastic pipe, removal of old buildings and fences, replacing mailboxes, building fences, litter picked up along the roadways, deep plowing, fertilizing land in preparation for planting (with certified seed), one corral cleaned and a number of rose bushes set out at the homes in the neighborhood.

Since judging is based on the improvement made in a neighborhood during the contest year, people are working to meet the dead-

line of March 31 for reporting on all families in the community.

Officials and committees of the organization are: John Bengner, president; Mrs. Ralph Price, vice president; Mrs. Dick Rockey, secretary; treasurer; Increasing and Managing Family Income, Pete Esposito, Bruce Parr, and Coy Patton; Improving Health Conditions and Services, Mrs. Ralph Price, Lloyd Prewett and Mrs. Howard Elmore; Improving the Home and Farm, Clyde Hays, Tom Presley and John Bengner; Encouraging Social Participation, Arnold Fangman, Dick Rockey and Buck Barnett.

Finance, Mrs. Lloyd Prewett, Fern Barnett and Mrs. Ellis Tatum; Community House and the Grounds, Pete Braxton, Woodrow Whitaker and Tom Presley; Community House, Mrs. Clyde Hays, Mrs. Howard Elmore and Mrs. Pete Braxton. Mrs. Woodrow Whitaker is chairman of the foods committee who have charge of the community suppers.

PRELUDE TO THE PROGRAM at Black on March 8 was the supper enjoyed by families participating in the Neighborhood Progress contest in which the community is entered this year sponsored annually by the Farmer-Stockman and the Extension Service. Cotton John Smith left, was guest speaker for the evening. Visiting with him are Dillie Kelly, supt. of the Friona school and John Bengner, president of the contest official board. (Staff Photo)

GROUPED TOGETHER are the Black Finance and Inside Decoration committees. Serving on the two committees are Mrs. Pete Braxton, Mrs. Clyde Hays, Mrs. Emma Elmore, Mrs. Ellis Tatum, Clyde Hays, Mrs. Lloyd Prewett and Fern Barnett. (Staff Photo)

ficial action only at their regular meetings.

A climbing enrollment also was discussed. The superintendent said that according to census information, there would be 701 students enrolled in High School next year. The school was built to take care of 600 students. He also pointed out crowded conditions at the Negro school. Board members discussed both situations, but no definite action was taken on either.

farmer telling him of the situation.

If the letter goes unheeded a hearing will be set. If, at the hearing, it is decided that the farmer's unplowed field is a menace, the field will be plowed and charged to him.

Generally, it can be said that Deaf Smith County farmers are ready for another 27-inch snow to fall. Or at least a suitable substitute.

Rose Ranson of Jacksonville, Ill. is in Hereford attending to business. She owns grass land in Deaf Smith County and she is visiting Opa Hammer while here.

LINCOLN
The longest, lowest, most powerful Lincoln of all time.

If this changes your former preferences... you're in good company!

We'd like to make a prediction about you. Without reservation, we prophesy that you will revise your fine car standards upward after even a brief personal meeting with Lincoln for 1956.

The reason for our confidence? Simply this: the pleased people we've watched in our showrooms — and the names we've been writing on our waiting lists — ever since this completely new fine car made its debut. We're certain that you — like these others who really know fine cars — will recognize at once the dramatic whole newness of Lincoln design. In its long, clean sweep of line. In the breathtaking daring of its low silhouette, a scant five feet high.

And we further forecast this: when you turn the key, your interest will turn to admiration. For you will feel the swift obedient thrust of the new 285-hp Lincoln engine as it is served up with silken smoothness by Lincoln's incomparable Turbo-Drive transmission. You will know the gentle firmness of Lincoln's ball-joint suspension system. And all this, surrounded by the matchless luxury of Lincoln interiors — encircled by the protection of Lincoln safety advances — pampered by the automatic ease of Lincoln power assists.

We suggest you put our prediction to the test this very week — with a Lincoln safety-flex steering wheel in your hands and a long road before you. Why not make it today?

Eagles Edge Whitefaces In Track Meet Saturday

Hereford's Whiteface thinclads made a name for themselves Saturday while losing a dual meet to the top-rated Canyon Eagles.

The Eagles edged the Whitefaces 67-61, but Hereford definitely established itself as a strong contender for the district crown when the district track meet comes around.

It was a strong weakness in the field events which was the fundamental cause of the Herd's close defeat. The Whitefaces bopped the Eagles 48-28 in running events, but Canyon gained

the advantage by outscoring the Herd in field events, 39-12.

The Whitefaces will participate in a triangle track meet at Friona Friday. Other teams entered will be the host Friona Chiefs and the Farwell, Steers. Hereford will be heavily favored to win top honors in the event.

Dazzling Wayne Smith, district winner in the 100-yard dash for the past three years and almost a

shoo-in to win this year, turned in a remarkable performance while racking up high point honors. Smith won first in the 100-yard dash, 220-yard dash, discus and was anchor man on the winning 440-yard relay team. He placed third in the shot put. In all, he personally accounted for 18 1/2 points.

Hereford's advantage in running events was so strong that the Herd swept the first four places in the 100-yard dash. Smith was clocked at 16.3 in winning. Ed Schroeter was second and Pat Elliston and Tommy Weemes tied for third and fourth. Canyon's Harlie Adams was next. Hereford's only other first was the mile relay team.

Hereford's showing instilled glowing optimism into Coach John Poindexter. Poindexter all but predicted a district championship for Hereford when he stated, "I think we have a better chance than Canyon, and right now I think Canyon is going to be the team to beat."

The Whiteface mentor pointed out that Phillips and Perryton cannot be overlooked, however. The perennially tough Hawks are always up among the top. Perryton's track outlook this year is reported to be good.

Poindexter also pointed out that the Whitefaces more than likely would have won the Canyon meet had it not been for the absence of G. C. Merritt and Walter Kaul. Merritt runs the low hurdles and Kaul throws the discus and shot.

Honolulu Champ Wrestles Here Saturday Night

Saturday night wrestling at the Bull Barn will feature a double main event.

Dory Funk will tangle with the Golden Terror for the best two of three falls and Bob Geigel will meet Bob Ellis for the best two of three falls. Both matches have a 60 minute time limit.

The Golden Terror, who weighs in at 225, wears a mask and is the present champion of Honolulu. His opponent, Dory Funk, foreman of the Flying Mare Ranch, has achieved a reputation for being one of the roughest grapplers in this part of the country. He is one of only two people to ever hold the Southwest States Junior Heavyweight championship four times. Wayne Martin of Tulsa is the only other person who has performed this feat.

KNOX'S KNOTHINGS

By BILL KNOX

If the Little League fails in Hereford, it will be through no fault of Harry Caylor.

Caylor, newly appointed player's agent for the Little League here, has loved baseball all his life and promises to do his best to make the Little League a success in "The Town Without A Toothache."

"It's the best thing that ever happened to Hereford," Caylor remarked when we were talking with him the other day. In our estimate, truer words were never spoken.

Harry also tells us that just the other day he was talking to Buck Faucett, a baseball wheel in a little suburb northeast of here called Amarillo. Buck says that anytime some Little Leaguers from here want to see a ball game, they may get in free.

We don't know whether it would be a ball game or not with the Amarillo Gold Sox playing.

We feel that now that Little League baseball has gotten a sound beachhead in Hereford it will, with the exception or football, be come one of the more popular spectator sports.

It has in plenty of other spots throughout the country and we can't see why it shouldn't here. It has certainly done all right so far.

One obstacle which still remains in the path is the finding of a suitable site for the park. So far nothing has been found. Several spots are under consideration, however. One of the spots under consideration is the land between the football field and Shirley School. The land is owned by the school.

And, putting it bluntly, we're against it.

If the park were located there, nothing could keep the school children from playing inside the park during school hours, and pretty soon the park would be in a rundown condition.

We have nothing against a playground for school kids, but we think that the park should be kept in the best possible condition. And we also think that Little League baseball players should be the only kids to play on the field.

Hereford has some good young material and should come up with some pretty good ball clubs. In its first year of functioning, no league can expect to produce a championship contender, and we certainly don't expect Hereford to this year. But in years to come, play will improve, and Hereford will be up there with the best of them.

The junior softball league sponsored by the Jaycees last year had some pretty good talent. The all-star games produced scores of something like 4-3 and 10-9. On the average they were better games than the Hereford Softball League.

Don't be surprised if you see some good baseball this summer. We're going to be surprised if we don't.

employs Indians, Negroes, Mexicans and Whites. Also interesting to people from this vicinity, was the fact that children of all races worked and played together in the schools. The company owned general store featured reasonable prices, although there is no competition, but prices in general are extremely high—for example, \$90 per month for a trailer house room and two meals a day board, also \$2 for five gallons of butane for heating. Of course, wages compare to costs, to a great extent.

On their way to McNary the Andrews family visited in Pie Town, N. M., with the Joe Keeles, who are long-time friends of the B. H. Baldwins.

PHILADELPHIA, Pa. (AP)—Edgar A. McGinnes, district director of internal revenue, chuckles when he tells this one. A taxpayer came into his office to claim a dependent but said he just hadn't gotten around to naming the new arrival yet.

"What do you call him?" the clerk asked.

"Just call him 'young punk,'" was the reply.

That's the name that went on the official form.

Attachment Makes Maize Harvest Last Six Months

By ROBERTA CAMPBELL

A six months maize harvest in Deaf Smith and neighboring counties.

Sounds a little long-winded perhaps, but a windrow attachment operated by Bruce and James Ray Coleman in the Messenger community was responsible for a half year's difference in the date on the first elevator ticket at Pitman Grain for maize brought in and the last load picked up off the ground and combined after the big snow melted off last month.

The Coleman brothers have, for a number of years, combined grain sorghums for Fred Barrett and his sons on farms in the area and that was what they were doing again this year when a part of the crop went down before they could get over the field.

Ordinary fingers used were not adequate to save all the grain on the ground so the men made a trip to South Dakota for a particular attachment used on combines to pick up wheat which is cut and windrowed in the Northern Plains State and Canada.

They had seen the windrow pick-up in action and knew of its possibilities. They were not disappointed as the attachment did an exceptional job of picking up the fallen heads and throwing them into the auger which fed them into the combine.

Before they were finished with the Barrett's crop, other farmers who had grain down that had been missed by the regular harvesting methods came to hire the Colemans to pick up their grain.

From then until they finally pulled both combines, equipped with the pickup attachments, in home last week the men have been busy retrieving grain from off the ground on a share basis.

If the amount on the ground would justify going over, the Colemans picked up the grain and combined it for half of what it thrashed out. The amount varied with the crop of course, but the yield ran from 500 to around 1200 pounds per acre and added a few extra dollars to the limp pocket book of the maize farmer who hadn't realized the profit he had hoped for on his grain crop because of lower support prices last fall.

All of the fields had already been combined except the Barretts and a field of cane grown by Bruce which went down before it could be cut. Coleman mowed it and raked into windrows before going back to pick it up for threshing through the combine with the special attachment.

Now that last year's harvest has

been finished up this year the Colemans are hoping for better farming conditions for everybody, but in case weather conditions put the maize on the ground again they are still equipped to pick it up with two combines with windrow pickup attachments standing by at their farm a mile south from the Bootleg corner.

Mrs. Colby Conkwright, president of the WSCS of the First Methodist Church and Mrs. Grant Hanna, district officer, left Wednesday for Stamford to attend the Northwest Texas Conference of the Woman's Society of Christian Service of the Methodist Church that convenes in Stamford March 14-16. They were accompanied by Mrs. W. M. Stewart and Mrs. Jean Anthony of the Friona WSCS.

H D Chatter

By Argen Draper

The trees from the Texas Forest Service came in Friday. The officials at the nursery changed their minds several times and caused us to tell you two or three different things; however, the trees arrived by motor freight and were delivered at the courthouse. We appreciate you farmers cooperating in picking them up as soon as you did. We can hope for a more reasonable year and hope that we get more trees to live than we have in the past few years.

Visiting with Mrs. Carl Forbus and Mrs. Al Werner made me realize that they will teach me about pictures and art if I will let them.

Last week G. W. Duncan was at the hospital with his father and father-in-law in the same room. G. W., trying to look on the bright side of things, said that the family could tend to both of them at once.

The club women are getting a long fine with the H. D. Market and Gifts. Mrs. Earl DeHart brought some very attractive aprons to the market last Friday. They were gay colored prints and there were six different designs. The women who sell crafts will be organized and have their gifts for sale soon.

NECESSITY IS THE MOTHER OF INVENTION, but Bruce and James Ray Coleman have found that inventions can also be employed because of necessity. The Coleman brothers, who farm a mile south of the Bootleg Corner on Harrison Highway, were doing custom combining for Fred Barrett, when the maize crop began to go down before they could get over it. Jury Service Is HD Clubs Topic

Jury service for women may not have met with the approval of all homemakers but now that the law has been passed Home Demonstration Club women are interested in learning their responsibilities as jurors.

Clubs reporting such programs are:

FORD

Mrs. T. W. Roberson was guest speaker for members of the Ford Home Demonstration Club who met with Mrs. R. H. Hale March 7 for a program on "Serving on the Grand Jury."

Mrs. Roberson listed the qualifications of the grand juror, stating that one serving must have

paid their poll tax. She also pointed out the purpose of the grand jury and concluded by reminding the women that jury service is a privilege as well as a duty and one should never turn down a call to serve unless it would work a real hardship to serve.

Mrs. Roberson was introduced by Mrs. W. A. Bunch, program leader for the day.

Those present were: Mesdames Roberson, Bunch, C. D. Corley, J. E. Dyer, Ben Kelly, Dwayne Walker, Willa Williamson, LeRoy Williamson, L. J. Stratus, Tommy Carnahan, J. L. Fite, S. L. Wiseman and the hostess.

SOUTH HEREFORD

Jury service was the program topic discussed by Mrs. W. H. Goetsch for members of the South Hereford H. D. Club who met with her March 6 for a program on "Citizenship."

Attending were Mesdames Ethel Layman, Ronald Matthews, Ada Hollabaugh, John Hacker, Otto Massie, R. L. Criswell, John P. Slaton, Adam Flowers, John Draper, S. S. Williams, Evelyn Bell and the hostess.

The next meeting will be with Mrs. R. L. Criswell at the home of Mrs. John Hacker March 20.

PROGRESSIVE

Augustine Gregory was hostess for members of the Progressive H. D. Club March 6 when Mrs. Pete Carmichael gave the program on "Selecting Colors for the Living Room."

Mrs. Carmichael told the group a good rule to follow is to choose a dominant color and add some light, some dark and a bright col-

Choral Club Has Regular Meeting

The H. D. Choral Club met for the regular practice session at the home of Mrs. Cecil Parker, director, March 5 with Mrs. Clay Ridgway as accompanist for the group.

Mrs. Dick Godwin was welcomed as a new member. Others present were Mrs. Taft McGee, Mrs. Carlos Vaughn, Mrs. Tom Draper, Mrs. John Draper, Mrs. R. L. Wilson, Mrs. John Jacobsen Sr., Mrs. T. J. Parsons and Mrs. E. M. Cox. The members are working on songs for the district THDA meeting to be held in Hereford in April.

Damages Light In Two Car Crash

Minor damage resulted in a two-car collision here Monday at 6:05 p.m. in the 300 block of Main Street.

A 1951 Hudson, driven by Lorraine Oliver McIntosh and a 1949 Ford, driven by Maloqui Sierra, collided, police said.

Lorraine McIntosh was going south on Main Street and Sierra backed from the west curb and caught the right front of the Hudson, just back of the right front wheel, with the left rear bumper of his Ford.

Approximately \$50 damage was done to each car. Sierra was charged with failure to grant right-of-way.

or. Another combination might include two plain and one figure in patterns.

Mrs. Tony Hoffman was a guest. Members present were: Mesdames Fred Saltzman, C. C. Billingslea, Lewis West, Bert Coffin, Floyd McGee, H. L. Hershey, Pete Carmichael, Taft McGee, Lester English, Frank Walterscheid, T. J. Parsons and the hostess.

Happy Homes 4-H Clubs Meet With Miss Louise Axe

The Happy Homes 4-H Club met March 8 at the home of Louise Axe.

The meeting was called to order by Pat Dawson, president. Marilyn Jones led the song and Jane Heard led the club ritual.

Refreshments were served following a game played by the group. Glenn Gandy introduced Mrs. George Heard who gave the demonstration on "Pizza."

The roll call was answered with foreign foods. Minutes were read for approval and committee reports were given.

Ten girls were present and Mrs. Ira Ott and Mrs. George Heard, adult leaders for the group, and Mrs. Axe mother of the hostess.

MUSICAL FESTIVAL JUDGES—Judges who will serve in the piano division of the Seventh District Junior Music Festival are pictured above. From left to right are Mary Lou Higgs, Gladys M. Glenn and Jean Siler.

Hereford Garden Club Sees Slides Of Rose Parade

Slides of the annual New Year's Day Rose Parade in Pasadena, Calif., were shown at the coffee held by the Hereford Garden Club Friday morning in the home of Mrs. Frank Lookingbill. Mrs. Jeff Gilbreath, who showed the films, served as narrator, interspersing highlights of the parade as she saw them when the films were made. Mrs. O. G. Hill was program leader.

A guessing contest was conducted when members named Hereford gardens shown in a series of slides. Mrs. M. T. Rutter guessed the greatest number of places shown.

During the business session Mrs. M. T. Rutter was elected delegate to attend the District 1, Texas Garden Clubs Inc., convention scheduled for March 21-22 in Amarillo.

The next meeting was announced for March 23 at 3 o'clock in the home of Mrs. C. D. Kelton.

Those present were Mesdames C. D. Kelton, E. Ramey, John Haaker, J. H. Lomas, M. T. Rutter, John Jacobsen Jr., Jeff Gilbreath, O. G. Hill, Ralph McCullough and the hostess.

Joe Gruver and son Lawrence of Gruver spent the day Monday here with old-time friends, Mr. and Mrs. Wm. McGehee. Mr. Gruver who is 93 years old, was a neighbor of the McGehees in Lockney many years ago.

Junior Music Festival Is To Be Held Here Saturday

Three Amarillo musicians will serve as judges for the piano division of the Seventh District Junior Music Festival which will be held here Saturday under the direction of Miss Mattie Mae Swisher, district supervisor.

Mary Lou Higgs, teacher at the Musical Arts Conservatory, is a graduate of the University of Iowa, a student of Leo Podolsky, Purvis Smith, and the Mozarteum in Salzburg, Austria.

Jean Siler received her degrees from Mary Hardin College, Belton, and was a pupil of the late Walter Gilowitz. She was a scholarship student of Edwin Hughes in New York, an artist pupil of Leo Podolsky, and has been one of the principal piano teachers at the Musical Arts Conservatory since 1948.

Gladys M. Glenn, holds B. A., M. A. and Doctor of Music degrees and has taught piano in Amarillo for many years. She founded the Musical Arts Conservatory in 1927, and has served as judge in contests and festivals throughout the Panhandle.

Festival Opens at 8:30

Miss Swisher has announced the Junior Music Festival will open at 8:30 Saturday morning at the First Methodist Church. There will be three divisions of piano which will run in three sections.

Dr. Lloyd Patten, dean of music at Amarillo College, will serve as judge of grades in the voice department.

Mary Martha Class Entertained In Terrell Home Here

Mary Martha Class of the First Methodist Church was entertained in the home of Mrs. F. L. Terrell Friday afternoon with Mesdames Terrell and Ross Fuller as hostesses.

Mrs. Tom Alderson, president of the class, conducted a brief business session and Mrs. Lena Toms gave the prayer.

Mrs. P. B. Admonson conducted the devotional lesson from Luke on "Prayer for Peace" and read Conrad Hilton's Prayer for Peace. Mrs. H. E. Henslee read "Prayer for Peace of Assisi."

St. Patrick's Day refreshments were served to Mesdames Tom Alderson, J. C. Cummings, H. E. Henslee, W. J. Stafford, Lena Toms, J. H. Lomas, P. B. Admonson and the hostesses.

Rev. and Mrs. V. W. Marcontell and sons, Donnie and David, visited the latter part of last week with friends in Graham. Rev. Marcontell, pastor of the Assembly of God Church, was formerly pastor at Graham.

Campfire Girl News

The Ta-Wa-Ka Camp Fire girls met Monday afternoon at 3:30 in the home of Hallie Culpepper.

Martha Carol Duncan, a new member, was introduced. Attending were Lu Ann Higgins, Hallie Culpepper, Linda Witherspoon, Chermayne McCort and Martha Carol Duncan.

Calliopian Club Features Program On Home Decor

Mrs. J. R. Fowlkes presented the program at the Calliopian Study Club meeting held in the home of the president, Mrs. J. T. Gilbreath Thursday evening.

In presenting the program on "Synthetic Fabrics" for home decorating, Mrs. Fowlkes discussed the qualities of synthetic fabrics and color harmony, and showed samples of new materials now on the markets.

Members attending were Mesdames Dick Barnard, B. F. Cain, Earnest Langley, A. T. Mims, Elizabeth Womble, J. R. Fowlkes and the hostess, Mrs. L. B. Barnett, a former member, was a guest.

AIR SERVICE

SPENCER, W. Va. (AP)—M. E. Walker and his wife, who operate a service station at Speed, Roane County, looked up to see a helicopter plunk down in a field across U. S. 119 from their station.

While motorists stopped to gape the pilot hopped out and said, "Fill 'er up."

Mrs. Walker said the aircraft came from Camp Hill, Pa. and is used by a pipeline company to patrol its lines in this area.

ENDORESD FOR PRESIDENT—The Hereford Unit Number 192, Auxiliary to the American Legion, endorsed Mrs. Ira Ott as a candidate for 18th District president at a recent meeting. Mrs. Ott has been an active member of the Hereford unit for 20 years and has served her unit in every official capacity as well as holding several district posts. She is now Zone 1 president. The 18th District convention will be held in Childress on March 17 and 18, at which time new officers will be elected.

CONFESSION IS HARD JOB

CAMDEN, N. J. (AP)—It was a hard job but Ernest Loughlin, 22, finally convinced police he stole four parking meters.

"I want to confess stealing four parking meters," he informed Detective George Ellis.

"But that's impossible," Ellis replied. "We don't have any record of any having been stolen." So Loughlin took Ellis to his home and showed him the four meters hidden behind the furnace.

THEY WERE ANNOYED
INDIANAPOLIS, Ind. (AP)—The manager of a trucking company called police and complained a 26-year-old woman entered the terminal and stripped to the waist.

"She annoyed the workers," said Frank Pryor.

The woman was charged with disorderly conduct and resisting arrest.

ADRIAN NEWS

By MRS. A. R. BRIGGS

Mrs. Jack Gainer was ill with pneumonia last week and was in Northwest Texas Hospital in Amarillo Thursday and Friday. She is home now and is doing well. Misses Erma Lou Jordan, June Leslie, Joan Paschal, Erma Faye Bronniman, Marvalene Allen, Judy Nell Tomlinson and Judy Pinnell toured Northwest Texas Hospital Friday afternoon. Mrs. R. L. Pinnell accompanied them. Visitors last weekend in the R.L. Pinnell home were Mrs. Pinnell's mother, Mrs. M. E. Wells and sister, Jo Hysmith and boys, of Pampa. Mr. and Mrs. Larry Paschal of Hereford had lunch Sunday with his parents, Mr. and Mrs. George Paschal. Mr. and Mrs. E. E. Allen visited in Hereford Sunday with her brother and wife, Mr. and Mrs. Johnny Townsend. Visitors in Vega Friday with Mr. and Mrs. August Meeks and family were the R. L. Pinnell family. The Adrian High School Sophomore Class was in Amarillo Friday—swimming and attending a movie. Mrs. Don Morgan and their sponsor, Mrs. Laura Williams, accompanied them. Mr. and Mrs. Jimmy Leslie of Childress visited last weekend in the home of his brother and family Mr. and Mrs. Bill Leslie. Leslie's mother, Mrs. J. A. Leslie Sr., who had been visiting for about two weeks, returned home with them. Mr. and Mrs. A. A. Head and Mr. and Mrs. Harold Head and family of Hereford visited Sunday with Mr. and Mrs. R. L. Pinnell. Mrs. Hazel Chilton visited Friday evening in Amarillo with Mrs. Joe Shields. The Freshman Class of Adrian

High School saw the wrestling matches and went swimming in Amarillo Thursday. Pat Shipp, the class sponsor, his mother and Calvin Jackson accompanied the class. Several pupils at Adrian School have been ill with the measles recently. It has been requested of the parents to please keep the children out of school at least five days after all signs of the disease have disappeared. This is to prevent further spread of the disease and for the protection of the children also. According to A. F. Jones, the school superintendent, Adrian students will make up for days missed during the snow storm by extending the school year one week, which will place the date for school to be out May 25. Students will also have to attend school one Saturday. Mr. and Mrs. Jimmy Briggs and son, Jim Bob, of Olton visited Sunday with Briggs' parents, Mr. and Mrs. W. C. Briggs. Mr. and Mrs. E. H. Mosteller were in Shamrock Monday on business. Messrs. Lorin Creitz, A. P. Jones, Ronald Fahrman and Rev. Ralph Odum attended a layman's meeting at Polk Street Methodist Church in Amarillo. A film, "More for Peace," will be shown next Sunday night at 7:30 at the Adrian Methodist Church. Mr. and Mrs. Albert Fithen and Mrs. Tommy Tippett visited Monday in the Ernest Frank and Arthur Jewett homes. Don't forget the Senior Class play Friday evening, March 16, at 8 in the high school auditorium. The play is a three-act farce, "Aunt Tillie Goes to Town." Admission prices are \$1 for reserved seats; 75 cents for adult general admission; and 50 cents for children general admission. Of Algeria's 21 ports, eight have an annual traffic of more than 200,000 tons.

Beauty At Home

Q. What rouge placement is best for the type of face that is narrow at the top and wide at the bottom?
A. Don't put rouge in a circle above the upper lip, which will only make the lower part of the face look wider, and don't use heavy rouge. Apply rouge in a modified triangle, shading it up to the temple and just under the center of the eye, then down faintly over the jawline. The rouge should cover the outer half of the cheek.
Q. What kind of bath is especially soothing and refreshing?
A. The sponge bath of alcohol and cool water at frequent intervals, followed by a talcum powder rub.
Q. How can I make a smoother job of applying my nail polish?
A. If you'll give the nails a good buffing before applying the polish, it will help. This also stimulates and makes for more health and strength in your nails.
Q. What is a good body deodorant I can mix at home?
A. Two and one-half ounces boracic acid, one-half ounce zinc oxide, and one-half ounce of talc.
Q. How can I remove lipstick stains from a non-washable garment?
A. First work petroleum jelly or lard into the stain, then sponge with carbon tetrachloride. Should a trace of color remain, sponge with denatured alcohol, diluted with two parts of water for stains on acetate rayon or colored materials. Test your colors first.
Q. What treatment do you suggest for "dishpan hands"?
A. Use pure lanolin oil, or baby oil, butter or milk on the hands. Coffee cream is very beneficial, too, for dry hands.
Q. How can I exercise to help reduce overly-fleshy hips?

A. Sit on floor and walk across it on your buttocks, and without helping yourself with your heels. Another good exercise is to sit cross-legged, hands clutching ankles and keeping them slightly off the floor; rock side to side, as far as you can, without upsetting.
Q. What makeup procedure is good for the girl with a very high forehead?
A. Use only dark powder on the forehead, and highlight the lower part of the face with light makeup. Darken the eyebrows a little more than normal.
Q. My hair is limp and thin. What can I do about this?
A. Hot oil packs, frequent brushing, conscientious daily care are all in order. A good permanent wave will add body and bulk to your tresses. Don't try to make a permanent last too long. Limp hair needs one at least every three months. Keep up that daily brushing!
Q. What is an astringent lotion good for use on a very oily type of skin?
A. After a thorough soap-and-water cleansing, and before applying makeup, splash the skin with a bit of lemon juice added to a bowl of ice water.

Your Investment Holds— WHEN YOU GO OVER TO OLDS!

It's a matter of record! You get more for your money in Olds for '56! Oldsmobile owners have known this for years, and many of them have enjoyed the pleasure of Rocket performance for less than the cost of owning one of the small "lowest-price" cars. Let us show you the facts and figures. You'll see that it's easy to get out of the ordinary and into an Olds... that it's good sense to make the move now! For example, look at what you get. Start with power. Oldsmobile pioneered the high-compression gas with the Rocket Engine. The 1956 Rocket is mightier, peppier than ever, with a 9.25 to 1 compression ratio. Take your choice of 210 horsepower in Super 88 and Ninety-Eight or 230 horsepower for the lower-priced '88.

Want trend-setting style? Olds shows the way again with the double-duty beauty of the new "Intagille" front bumper. It's two sturdy bumpers in one—and a smart grille besides! And you'll never know what a pleasure riding and driving can be until you've tried an Olds. This car, you see, stays in the road, holds a straight-as-a-string course, rounds a curve dead-level. You'll find many of the reasons behind this marvelous roadability in the new Safety-Ride Chassis. Oldsmobile's six-point suspension features such advances as dual stabilizers, center-control steering, and a heavy, solid-unit frame. It all adds up—come try a Rocket ride yourself! We feel sure we can show you the greatest values ever in the car that holds its value high!

THE RANCH HOUSE is growing up, shedding its novelty and adjusting to gracious living. Here are three good sized bedrooms, a big bathroom with both tub and stall shower, a powder room lavatory convenient to kitchen as well as front foyer, living room and dining room opening to porch and terrace and kitchen door to terrace. This is plan R-4611AP by Fenick A. Vogel, architect for the Archway Press, 117 W. 48th St., New York 36, N. Y. The house covers 1,700 square feet.

Highlights and Sidelight FROM THE State CAPITOL

By VERN SANFORD Texas Press Association AUSTIN—Possibility of convention harmony in the Texas Democratic party has taken on a new aspect. House Speaker Sam Rayburn has proposed that U. S. Sen. Lyndon Johnson head the Texas delegation to the national convention. At the same time, Rayburn suggested that Johnson be designated the state's favorite son candidate for president. The former proposal brought conservative leaders up short. Executive Committee Chairman Geo. Sandlin already had proposed that Gov. Allan Shivers head the state delegation. Liberal - loyalists immediately lined up behind Rayburn's plan which seemed designed to freeze out conservatives. Johnson himself said the suggestion came as a surprise, but promised to "consider it carefully."

Christi, already have made or offered restitution. Meanwhile, the insurance commission announced that 85 companies, first to qualify under the statewide solvency survey, had been given renewed licenses. Of these, 23 were Texas-based companies. But another company, John L. Hammond Life of Dallas, was given notice of the commission's intention to revoke its license on grounds of incompetent management. Hearing was set for March 22.

Ethics Code Suggested A 46-point code of ethics for state officials and employees and a three-member commission to enforce it has been proposed by Atty. Gen. John Ben Shepperd. Gist of the plan is to pay legislators substantially increased annual salaries and to outlaw fees, gifts or favors from outside interests for use of a state employee's official position. Immediately the School Land Board, Veterans Land Board, State Banking Board, State Depository Board, and seven other boards, adopted a provision of the code. It requires affidavits of all persons appearing before them on behalf of others. Some of the affidavits require not only disclosure of the client and the fee paid, but whether any fee was paid anyone else, and "what contacts" had been made with any legislator or any board member on the matter. To Interpose or Not to Interpose

Interposition, which Gov. Allan Shivers overnight made Texas' No. 1 issue, is being debated over the state. Newspaper editorial writers have gone all the way back to Thomas Jefferson, in seeking ways to explain, approve or condemn it. Many officials and would-be officials are pouring over law and history books and sounding out constituents before deciding on a stand. Gov. Shivers said he will campaign aggressively in and out of Texas for acceptance of interposition. A study of the idea now is under way by the legal subcommittee of the State Advisory Committee on Public School Segregation.

School Apportionment Raised The State Board of Education raised the per capita school apportionment \$3, to \$76 per student for 1955-56. The board approved an estimate of \$278,240,000 as the cost for the minimum foundation school program. By law, the local districts must contribute 20 percent of this, or \$55,480,000. Each county and each district's obligation to the foundation program will be apportioned on the economic index.

Trees for Virginia RICHMOND, Va. (AP)—The first year's goal of planting 20,000,000 seedlings under Gov. Thomas B. Stanley's Plant More Trees program has been reached. The Virginia Division of Forestry says it could have sold 3,000,000 more seedlings but its supply was exhausted.

proary. Fresh shipments were predicted within the next two weeks. April 30 is the new trial date for Brady Land dealer B. R. Sheffield. Continuation of the trial was granted in Austin district court when some 73 defense witnesses failed to appear. Fewer Texans entered the armed forces in February than were discharged, according to State Selective Service headquarters. Figures showed 3470 entered service and 3928 were separated. Well over four million vehicles are expected to be registered in Texas by April, giving Texas the largest 1955 increase in vehicle registration of any state except Florida. Texas' biggest building year was predicted for 1956 by the Texas Contractor magazine, in reporting that February construction contracts totaled \$122,555,950, a sharp rise over January's \$88,500,141. Precipitation over the state during February was about 1.71 inches, or 96 percent of normal, according to the Texas Board of Water Engineers. Since there was no significant runoff, soil-moisture conditions were improved.

ACCOUNTANT TESTIFIES AT PROBE—Felix Einsohn, Dallas certified public accountant, is shown as he testified at a House Investigating Committee hearing at Austin. Einsohn told the committee of his connection with the defunct U. S. Trust and Guaranty Company. (AP Wirephoto)

DOUBLE HONESTY BEAVER DAM, Ky. (AP)—Filling station operator Jimmy Peters received a dime in the mail from a woman who explained she forgot to pay for two soft drinks. Peters mailed the dime back, told her he knew she had forgotten and that he added the 10 cents to the gas bill.

BLISSFUL BOVINES FRANKLIN, N. C. (AP)—R. C. Enloe believes his cows are among the world's most contented. The cowbarn is surrounded by a white picket fence, bordered by flowers, and soft music fills the air from a number of speakers. There has been no noticeable increase in milk output.

We Back the Biggest Difference in Cars Today With a Total of \$25,000 PERSONAL AUTOMOBILE ACCIDENT Insurance Divided Equally Between Husband and Wife At No Extra Cost To You With Your New Rambler · Hudson · Nash · Metropolitan

Here's the Big Difference That Makes It Possible REVOLUTIONARY "SINGLE UNIT" CONSTRUCTION, POWERED BY AMERICAN MOTORS, MAKES RAMBLER, HUDSON, NASH AND METROPOLITAN THE STRONGEST, SAFEST, BEST ALL-AROUND CARS ON THE ROAD. ONLY AMERICAN MOTORS BUILDS CARS ON THE "SINGLE UNIT" PRINCIPLE. BODY AND FRAME ARE WELDED INTO A TOUGH, SUPER-STRONG "SINGLE UNIT". RESULT: PERFORMANCE AT LESS COST... GREATER COMFORT... MORE INSIDE ROOM... EASIER PARKING... SUPERIOR HANDLING AND CORNERING... ELIMINATION OF BODY SQUEAKS AND Rattles... DOUBLE SAFETY... TOP RESALE VALUE.

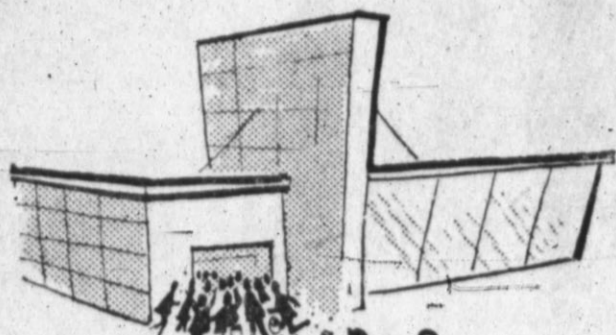

Bennett Cerf Interviews George Romney Noted publisher, columnist and television personality gets inside story of revolutionary advance in car construction from the President of American Motors. CERF: Mr. Romney, why do you offer a total of \$25,000 insurance with your new cars? ROMNEY: It backs our claim that "single unit" construction makes the strongest, safest, most modern cars. CERF: Is there really that much difference between the way you and other manufacturers make cars? ROMNEY: All the difference between yesterday's railway coach and today's streamliner. Other cars still use a principle old as the oxcart: A flat frame bolted under a separate body. In our cars, frame and body are welded as a "single unit". It's the biggest stride since the all-steel body. CERF: And this makes a safer car? ROMNEY: Twice as safe. Instead of a flat frame underfoot, our frame is a steel, box-girder enclosure as big as the car. It gives you "wrap-around" protection in front, rear, sides and top. CERF: That sounds like real protection. ROMNEY: That's not all. Flat frames others use are stiff, so they transmit collision force throughout the car. Our big steel box-girders up-front absorb most of the impact. They take the brunt of the punishment instead of passengers. CERF: What about performance? ROMNEY: That's a real plus. "Single unit" construction gives a better power-weight ratio. It's stronger and safer, but eliminates useless weight and bulk. Our cars have set many racing records. CERF: And economy? ROMNEY: They're tops. Rambler holds the gas mileage record in Mobilgas Economy Runs. Again, because our "hard-muscled" single unit avoids dead weight. CERF: I like room and comfort.

Why a total of \$25,000 Personal Automobile Accident Insurance is given at No Extra Cost! We back our confidence that American Motors cars are stronger, safer, more modern than others by giving each buyer of a new Rambler, Nash, Hudson or Metropolitan a total of \$25,000 Personal Automobile Accident Insurance at no extra cost—divided equally between husband and wife. This insurance provides for the payment of \$12,500 to beneficiary or estate of either you or your spouse (if a member of your household at time of purchase)—thus providing the total of \$25,000—if either or both should be fatally injured while driving or riding (either separately or together) in your new private passenger American Motors car anywhere in the world. Both are insured for the entire first year of ownership. Covers fatality resulting within 100 days after date of accident. Applies to privately-owned cars purchased in the continental United States and Alaska where state insurance regulations permit. Don't buy any new car until you get the facts about the priceless protection only American Motors cars can give you! See your Nash dealer! See your Hudson dealer! Tune in Disneyland on ABC-TV. ROMNEY: Nash and Hudson have more room inside than any high-priced car. Rambler equals medium-priced big cars. As for ride, the greater strength of our "single unit" lets us use larger springs, and superior front suspension. ROMNEY: Isn't resale value important? ROMNEY: You bet. Rambler has top resale value in the low price field. In addition to other advantages, welded single unit cars last longer, make better used cars. CERF: If all you say is true, why don't the Big Three make cars your way? ROMNEY: You see, mere "bigness" can be a handicap in advanced automobile engineering. One of the biggest of the "Big 3" was years behind others in adopting the all-steel body. The bigger you are, the more factories you have—the more it costs to change. CERF: I can understand that. ROMNEY: Beginning in 1940, we spent over \$50,000,000 to develop the "single unit" car. Today, it will cost the biggest companies billions to re-tool for our method. CERF: Do you think they will follow you? ROMNEY: No doubt about it. Our major competitors will probably make the change gradually—piece-meal—or one model at a time. Frankly, we will be happy to see our "single unit" construction adopted, because it will mean better, safer cars on American highways. CERF: Well, I'm about ready for another car. I'm going down to look at American Motors cars. ROMNEY: All I ask anyone to do is see and drive our modern "single unit" cars at a Nash or Hudson dealer's. The rest is up to you.

Bible Words for Today

PSALM 8:1—"O Lord, our Lord, how majestic is Thy name in all the earth!"
REVELATIONS 22:4—"...and his name shall be on their foreheads." (RSV)

One's signature in pen and ink is important but even more so as it is engraved upon his work, upon people, and the community. The Psalmist was thinking of the signature of God, "How majestic is Thy name..." The glory of the heavens, the beauty of the earth, man crowned with glory and honor—these are letters in God's signature.

The marvelous alchemy of Christ's spirit was so indelibly written on the souls of the Disciples that men "took knowledge of them that they had been with Jesus". All of us are writing our signatures daily either in good or evil. Our names in pen and ink can easily be erased but the signatures of our personalities remain forever engraved upon our work, and on the minds and hearts of people.

What is our signature?
O Lord, how majestic is Thy name and how majestic is the name of Thy servants who bear the name of Jesus!

HOME REPAIR DOs and DON'Ts

AP Newsfeatures USING SCREWDRIVERS
DO... have several screwdrivers of different sizes in your home workshop, since it is impossible to do all jobs efficiently with a single screwdriver.

DO... remember that if the blade tip is wider than the slot in the screw, the work surface will be marred when the screw is driven flush.

DO... remember, too, that if the blade tip is narrower than the slot in the screw, you may damage the screw, the screwdriver and/or your hand.

DO... make a pilot hole for the screw, using an awl or similar pointed tool in softwood and a drill in hardwood.

DO... start the screw properly by holding it lightly with the left hand while making a few slow turns; when the screw engages the

wood, move the left hand up the blade a couple of inches and continue turning the screwdriver with the right hand.

DON'T... use a good screwdriver for prying up metal covers, etc. If necessary, keep an old, discarded screwdriver on hand for those purposes.

DON'T... forget that paraffin or a regular screw lubricant is better than soap, which tends to produce a rust deposit inside the wood.

DON'T... neglect to keep a blade tip ground straight across, but be sure to dip the blade in water frequently during the grinding operation.

DON'T... fail to keep a stub-handled screwdriver in your collection, as there will always come a time when it will be inconvenient to use one with a long handle.

NO METEOR
PORTSMOUTH, Va. (AP)—Just after W. C. Vaughan walked around the counter in his market what sounded like a pistol shot caused him to duck.

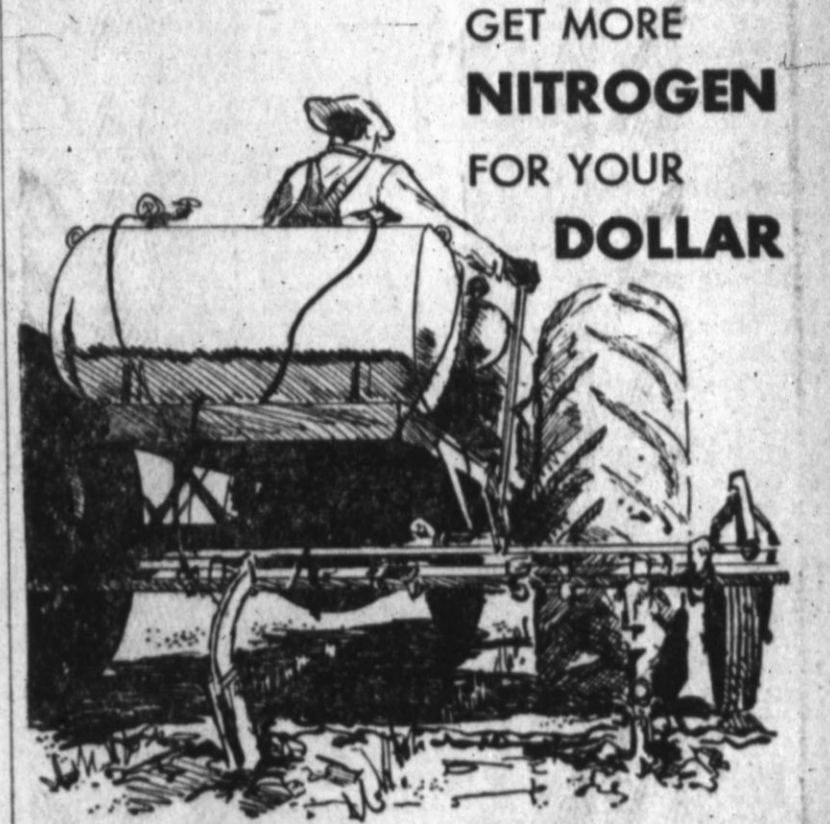

An 18-inch piece of metal had crashed into the glass of the counter over which he had been leaning. An insurance agent called in thought it part of an aerial from a plane. It crashed through a two-inch asphalt roof before striking the glass in the counter.

"I don't know what made the

move," Vaughan said, "but I'm glad I did."

Distributive Education Is Gaining Favor In Hereford

Distributive Education is a vocational training program in retail, wholesale, and service-selling fields. It is a nation-wide program which has two major objectives:

1. To enrich the education of young people who desire to prepare for careers in the field of distribution.
2. To provide training for high school students in wholesale, retail and service vocations—training which they want, which they can use and by which they can profit.

This program rounds out the education of interested young people by providing them with equipment for making a living.

In Texas 31 percent of all wage earners are employed in distributive fields, in retail, wholesale, or service jobs.

Through distributive education, trainees are getting the important "know how," they are learning the right habits, attitudes and procedures of the business world.

Distributive Education was taught in a few of the large city high schools in Texas beginning in 1938. Since that time the program has been put into operation in practically all towns of more than 7500 population.

The Distributive Education program was added to the Hereford High School curriculum in 1950. Since that time approximately 200

students have received training in the field of distribution. There are 33 students enrolled in this program at Hereford High School at the present time. All of these students work at part time jobs in our local businesses in the afternoons and on Saturday.

The D. E. students of Hereford work an average of about 25 hours per week in their various jobs around town. The average pay scale for D. E. students in Hereford is approximately 60 cents per hour.

The following firms are cooperating with the Distributive Education program by employing students: Hereford Motor Co., J. C. Penney Co., Perry Brothers, Variety, Rockwell Brothers Lumber Co., Piggly Wiggly, Barnett Dental Clinic, Phillips 66 Main Street Station, C. R. Anthony Co., Consumers Fuel Cooperative, Kinsey-Roberson Buick Co., The Vogue, Star Theatre, Thomas-Food Store, Crum-Linder Printing Co., Harman's Dry Goods, McCaslin Lumber Co., Furr Food, Hereford Locker and Cold Storage, Neill's Body Shop, Rural Telephone Cooperative, Dubs Man Shop, Hereford Milling Co., Cave's Variety Store, Plains Insurance Co., Hale Motor Co., Rural Electric Cooperative and Acme Cleaners.

Distributive Education Students frequently stay on as full time employees, with the firm where they receive their training when they graduate from high school.

Vocational homemaking provides for a family-centered program. During my homemaking courses I have acquired knowledge and skills in foods, clothing, child development, home decoration, health, safety, home care of the sick, consumer buying and family relations. Hereford high school employs two teachers for 10 months to teach homemaking.

Students taking homemaking have the actual experience of learning on the job. This is done

through home projects which are required each semester. They are supervised by the teacher who comes to the home and works with all family members. This has been a great help to me for my teacher, parents, and I have actually planned and evaluated my work. I have had an opportunity for learning something new and in developing my skills in thinking, feeling and doing.

There is another part of homemaking which is important. That is the summer program. Any girl who has completed one year of homemaking is eligible to participate. It not only affords an opportunity to earn one-half credit, but again we gain knowledge and develop new skills. A girl is allowed to participate for two summers; thus making a total of four credits offered in homemaking in our high school.

I know I will be a better citizen through taking three years of homemaking, for I can understand and assume responsibilities as a member of my family and of my community. I am better prepared for the career of homemaking for I have acquired social skills in managing a home and performing necessary housekeeping duties. I have developed leadership ability through my work in the F.H.A. Chapter which is integrated in the homemaking program. I have a better attitude toward my family and other people. I have gained confidence through knowing how to do work well and through acquiring skills and interest which enables me to express myself.

Yes, I am glad I took homemaking because statistics show that 80 percent of high school seniors will be married within five years after graduation. When that time comes, I will be prepared for the greatest career of all—that of an American Homemaker.

Science is not being taught as a separate subject in the fifth grade this year, but we find it so much a part of our lives, and things that affect our lives that we like to include some science in our classroom activities.

Although the majority of elementary students will never become specialists in the field of science, they will have persistent needs to be supplied from this field. It would seem that the destiny of society is dependent to no small extent upon giving to all the people a speaking acquaintance with science, the subject whose latent power can be used to benefit or destroy civilization.

TEXAS EDITOR LIKED BY HOMEFOLK—Frank Grimes, editor of the Abilene Reporter News, figures he has written about 15 million words during his newspaper career, dealing with everything from needs for civic improvements to lambasting pumpkin pie, which he says tastes like axle grease. (AP Photo)

MAN OF HIS WORD—MORRISTOWN, Tenn. (AP)—When Alderman Seymour Gerson was elected on an economy platform, he apparently meant it.

Rather than vote for a \$100 appropriation for Morrystown's annual clean-up, Gerson said at a board meeting that he would donate \$10 personally. Undaunted, the other city fathers voted to appropriate the other \$90, Gerson voting "no."

A functional understanding of the inter-relationship of living things with living things, and of living things to their physical environment should constitute a basis for establishing proper values. It is difficult to find a sphere of human activity or thought which in some way has not been influenced by a conception of science.

It is not our purpose to present science as an end in itself, but as an increasing contribution to the welfare of society.

SCHOOL ADMINISTRATORS HONORED—Supt. Fred J. Cunningham introduced the nine members of the Hereford administrative staff pictured above at the community-wide meeting in honor of teachers held Thursday night. From left to right are Fred Baird, school tax assessor-collector; Bill Stanford, assistant superintendent; Mr. Killingsworth, Dawn principal; D. C. Martin, Central principal; Dan Trew, Shirley principal; Wylie Quattlebaum, Junior High prin-

incipal; V. C. Overall, High School principal; L. C. Thomas, fifth grade principal; and Bob Wilson, bus superintendent. Cunningham also announced that next year Mr. Martin would be principal of the new Elia Aikman School and Mr. Thomas would take over as principal of Central School. (Staff Photo)

How Can I?

Q. How can I remove all dirt and grease from the hair?
A. Wet the hair with warm water and then rub into the scalp the juice of a lemon, instead of soap. Rinse the hair thoroughly and dry with a soft towel. This will leave the hair soft and glossy.
Q. What is a good cleaner for silver?
A. An excellent cleaner, and one that does not scratch, is common cooking soda. Follow by polishing with a soft cloth.
Q. How can I prevent the discoloring and wilting of vegetables when they must stand after paring?
A. Cover them completely with cold water.
Q. How can I sterilize the sink?
A. Use a solution of chloride of zinc, which can be purchased at any drug store. Use one half pint to two gallons of water and pour through the pipes every week or two.
Q. How can I improve the flavor of iced tea?
A. Try adding a few drops of lemon juice and a sprig of mint to each glass of iced tea.
Q. Should figs and dates be washed before using them?
A. Yes, by all means, and wash them thoroughly. Place in a colan-

der and pour boiling water over them.
Q. How can I make the teeth whiter?
A. Use soda water with any good tooth paste, instead of tap water. It will make the teeth whiter, and will give a soothing sensation to the gums and throat.
Q. How can I remove mud stains from woolen garments and also from tan shoes?
A. By rubbing the spots with the moist cut side of a raw potato, changing to a clean slice of potato when the one piece is soiled.
Q. How can I make linen window shades look like new?
A. Apply brickdust with a clean, soft cloth.
Q. How can I sew buttons on a garment so that it is easy for a child to fasten?

A. When sewing buttons on children's garments a good idea is to sew each one over a pin. Then slip the pin out, which leaves a small amount of looseness to the button, making it easier for the child to fasten.
Q. How can I prevent water from settling to the bottom of the dish when baking custard?
A. For a baked custard, warm the milk before adding the eggs. For very yellow custard use the brown eggs, for a lighter custard, the white eggs.
Q. How can I prevent the weakening of the bristles of a broom?
A. Always hang the broom from the wall. An excellent hanger can be made by fastening to the wall two empty spools, about two inches apart.

 Two news items appearing simultaneously in the February press of the state announce with force the greatness of Texas and the wonderful diversification of our natural endowments. One from the Southern part of the state tells of strawberries being shipped by the car-load to Northern markets and the other of trains that are snow bound in the Panhandle. Harvesting berry crops and running snow plows on the same day is a novel experience that few states can boast. Nature in creating Texas gave us an abundance of everything and our mineral deposits, agricultural possibilities and industrial opportunities are as diversified, staple and inviting as our climate.

The members of the Baptist Sunday School have decided to erect a four room building for the use of classes. This has become necessary on account of the crowded condition of the Sunday School and on account of the fact that better

work can be done by the classes when in separate rooms. The modern Sunday School is becoming a model school.

 That only two-thirds of county and state tax money were received in January as compared with the amount of January, 1930, is a statement issued Monday by the tax collector's office. Most of the non-residents have mailed in their checks, and the deficit is caused by the slowness of local property owners, according to the county's records of receipts. The new tax law, postponing delinquency date to October 15, has brought about most of the deferments. The commissioners court states that the county will need more funds before October, and citizens who are financially able to pay their taxes earlier are urged to do so, eliminating the 10 percent interest charge and relieving the county of any stringency.

At The Movies

Another great Pulitzer Prize play "The Shrike," which will show on Wednesday and Thursday at the Star, has successfully made the transition from the Broadway stage to the theatre screen.

Heading the large cast are Jose Ferrer and June Allyson. Ferrer's screen credits, however, do not stop at the co-star bracket. The versatile Mr. Ferrer is also called upon for bows as evidenced by his directorial prowess in handling the tense, dramatic offering. "The Shrike" is the powerful, dramatic story of a Broadway director, portrayed by Jose Ferrer, and his actress wife, June Allyson, and the backstage X-ray of

their romance and marriage. As Ferrer's career rises, his wife loses their expected child and her subsequent possessiveness inhibits and interferes with his professional activities to the extent that he ultimately loses all individual stature.

"The Shrike" is a picture designed for adults. It's one of a unique series of attractions which dramatize mature problems of life but censorable contents are not implied nor should be inferred. Children will just not understand the adult conflicts.

If you own one of these cars...

it'll pay you to trade now for a new 1956 PLYMOUTH

Perhaps you haven't bought a new model of your present make of car because you've been disappointed at how little that car has changed this year. Fact is, the only really NEW low-price car this year is PLYMOUTH, and it'll

pay you to buy a new 1956 Plymouth NOW. Your present car is at the peak of its trade-in value today, and right now you'll get a money-saving High Volume Deal at your Plymouth dealer's. See him today—you'll be glad you did.

ONLY PLYMOUTH'S NEW THIS YEAR. In a year of otherwise "warmed-over" car styling, Plymouth brings you tomorrow's styling today in its all-new Aerodynamic Design. Plus the biggest size of any low-price car.

NEW PUSH-BUTTON DRIVING—Plymouth's alone in the low-price three! A positive mechanical control. Push-Button Drive is the safest and easiest ever designed! Optional on all 29 new Plymouth models. Try it!

PLYMOUTH GIVES YOU MORE VALUE for your dollar with features such as electric windshield wipers, Safety-Rim wheels, twin-cylinder front brakes that the other low-price cars don't have. See the NEW Plymouth today!

PLYMOUTH costs less

From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's the reason more Plymouths are used as taxis than all other cars combined.

SUPPORT YOUR CHURCH

"Take heed to the ministry which thou hast received in the Lord, that thou fulfill it..."

YOU IN THE CHURCH THE CHURCH IN YOU
 Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are holding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

You have called a man to become your minister; you have chosen him with calm deliberation...with great care. That means that you desire a spiritual church in the service and worship of God.

The minister is your prophet, even as he is also the prophet of the Most High. It follows that you have promised to harken to the message which that "preacher-prophet" is to bring. Else, why did you make him your minister? He expects, through prayer and meditation, to find the will of God for himself and for you and for our world. Listen then to what the divine purpose for you may be!

The preacher is the leader of his people, under the Spirit of God. How necessary that there shall be women and men to follow where he marks out the path of Christian living! That likely means regular attendance at the services of prayer in your church. It means also an eager listening to the Scriptural exposition, in which men find what God has for them to be and to do, as well as the blessed aid of His Spirit in all one's efforts.

The Church is a fellowship of women and men, inspired by the example and the teaching of the Master, united about the Spirit of the Lord Jesus Christ, and committed with Him to the coming of the Kingdom of God upon the earth. It takes us all together to create and to maintain such a healing and strengthening and comforting fellowship. You and I need the divine comradeship which the church affords. Let's do our part to make a good church in our community; God will do His part, we may be sure. As much so as does the Preacher, we have a ministry to carry out. "Take heed to the ministry which thou hast received in the Lord, that thou fulfill it..." Attend your church.

GMC brings you the most impressive improvements of all 1956 trucks

Now we can show you these great new GMC's that are further than ever ahead of all others. Their advances not only clinch power supremacy—but reach into fields still unexplored by other truck-makers.

For example, GMC's Road Shock Damper Suspension*—plus a unique new stabilizer—produces in half-ton models a ride comparable to the finest passenger car.

An optional new fast-ratio cruising axle in light-duty GMC's gives you an overdrive's pace and economy without its cost.

Sharply increased engine displacement in both six and V8's gives you a power family unsurpassed in the light-duty field. Specifically, we offer 14.4% GREATER displacement on 6-cylinder models, 16.2% on V8's than our nearest competitors. And GMC V8's, mind you, match the shortest stroke ratios in the truck industry.

Styling is well into the future—panoramic windshield to sand-tight tail gate. Fuelless tires, of course. And a 12-volt electrical system is standard.

These are some of the strides presented in new 1956 Blue Chip trucks we now have on view. The values are even more notable. Come in and get the facts!

*Standard on Suburban; optional at slight extra cost on other heavy models.

Easter Suits Provide Variety In Jackets

BARREL JACKET—Important suit silhouette in featherweight wool tweed with soft jacket slim skirt, by Monte-Sano.

DEMI-FITTED—Unmistakably new is this treader suit by George Carmel in lightweight beige petit-point wool, with short demi-fitted jacket and slim skirt. Curving welt detail of jacket ends in bow effect at waist. Wide collar also is new.

FITTED SILHOUETTE—This trim suit in banker's gray flannel has nipped jacket with Empire feeling, designed by Blotta.

By DOROTHY ROE

Associated Press Women's Editor
THIS IS A SPRING when anything goes in the line of a suit jacket.

The woman who is hard to please should have no trouble finding a flattering jacket style when she goes shopping for her Easter suit. Because practically every possible jacket silhouette is available.

Though skirts are almost uniformly slim, jackets may be loose and boxy, fitted or semi-fitted. They may be the briefest of boleros, waist-length, hipbone length, or they may turn into full-length coats. There are fewer tunic-length jackets this spring than last, but otherwise the variety is infinite.

Suits do many tricks, often coming in three pieces such as jacket, skirt and matching short topper, or skirt, bolero and coordinated blouse. The idea in all cases is to make them do double or triple duty and be at home in any weather.

The suits in the 1956 Easter parade will be distinguished by beautiful and varied fabrics, also, with some of the new chiffon-weight wools taking top honors. Tweeds that are light as a feather are favorites of the season, coming in handsome heathery tones that look like the traditional tweeds but are light enough to wear well into the warm weather.

There are interesting new petit-point weaves in suit wools, popular in pale beige and pastel tones as well as in the important navy. The perennial men's wear in banker's gray is handsome and butter-smooth as usual, but comes in whisper-weight, adding no bulk to the figure. You'll be seeing flannel suits this spring in beige, brown and navy, also.

Your Congressman Reports

The much discussed investigation of lobbying activities in the Senate is now on a high center and all four wheels are spinning. A lot of noise is being made, but nothing is being accomplished. It presently appears that there will be a lot of fanfare and trumpet blowing, charges and counter-charges, and that the entire project will wither on the vine.

THE FARM BILL IN THE SENATE

While this newsletter is being written, the Senate is debating amendments to the farm bill. Three weeks ago it was almost a sure thing that the Senate would vote 90 percent supports for basic commodities. During the past three weeks, one of the hardest hitting propaganda and lobbying campaigns has been carried on against the American farmer that you can imagine.

The Department of Agriculture has been on the move to defeat every attempt to restore mandatory stability to the price supports. They want the discretionary power that gives them economic control over the American farmer. One of the worst mistakes that has ever been made in our history was the delegation of too much power by the Legislative Branch to the Executive Branch. As long as this power is exercised in a reasonable, sound manner, there isn't much to fear; but an abuse of it can cause wide-spread hardship.

At the present time it appears that the campaign of the Administration against 90 percent props has been successful. We will know the answer before you get this letter, but it will depend upon what some Southern Senators do. If they switch over and support Benson and the flexible, the Administration will win and the American farmer will lose.

It seems certain that the soil bank provision will remain in the bill in some form or another. There are many, many misgivings about this type of operation. In theory, it is similar to parts of the old Brannan Plan that was so soundly condemned by Benson's crowd in the past. However, the recommendation of it by Benson did not surprise many of us, simply because he has been following the Brannan Plan, in so far as wool was concerned, for some time. He seems to be trying to win a legislative battle at the risk of losing an economic war.

CIVIL RIGHTS

There is an old saying that "politics produces strange bedfellows." There is another philosophical gem to the effect that "if you will just wait, that which is unpopular today will soon be popular, and vice versa." Both of these sayings were certainly proven beyond any doubt this last week in Washington. There was a "Leadership Conference on Civil Rights" scheduled for March 4, 5 and 6. A request was made by the Department of Labor to the General Services Administration that the Interdepartmental Auditorium be provided for this conference. The use of the auditorium is supposed to be restricted by regulations of the Federal Government and the Government of the District of Columbia, for official use. (b) Officially recognized agencies, clubs or educational units of the Federal Government or the Government of the District of Columbia." See GSA R3-282-November 1953. Regulations and policies in the past have prohibited the use of this auditorium for "special meetings, meetings of a political, sectarian, fraternal or similar nature." The General Services Administration granted the use of the auditorium to the Civil Rights Conference.

Several of the Members of Congress, including myself, joined in a wire to the President protesting the use of the auditorium for that purpose, because the propaganda leading up to this meeting clearly indicated the political nature of the meeting. The New York Communist Daily Worker of Feb. 14, 1956, made the following appeal: "Support the mass lobby for Civil Rights in Washington March 4, 5 and 6." The Chairman of the Conference made the following public statement: "The influence of the assembly on the Congress will depend less upon the number of individual delegates in attendance than upon the number of states and congressional districts represented." In other words, the purpose of the meeting was for lobbying activities, yet the Administration granted the use of the auditorium. Needless to say, all of the signers of the telegram to the President were Southerners.

The meeting almost turned into a cat fight, because representatives of both the Republican and Democratic parties got into a word fight as to who could take the most credit for desegregation and all of the trouble that it has caused in the last few years. The big question is — why have the Republicans suddenly adopted the Truman Civil Rights Program and tried to expand it. Looks political from here.

I am happy to say that the only ones that have come straight down the middle of the road on this issue are the Southerners, and I am proud to be numbered among them.

VISITORS

Visiting in the Nation's Capital this week were T. L. Fore, Jr., the Mayor of Happy, and Amos L. Mayberry and Ralph D. Lamons of Amarillo, who are attending the Building Trades Council Conference. Leo Forrest of Hereford was also in the office.
