## Quarter Horse Is Hero Of Third Annual Show

The horse of the West, the bright quick, four-legged ranch hand that rose to ranks in the registry class, will have his day in Hereford Saturday at the Third Annual Quarter Horse Show to be held in the Riders Club arena under the auspices of Hereford Riders, Inc.

This show, approved by the American Quarter Horse Association, is one of the first of the season and attracts entries from throughout the Panhandle, South Plains and eastern New Mexico, and the horses displayed are among top notch specimens from horsemen. Local horses have always been among the winners. Last year's Grand Champion, for instance, recently sold for \$10,000.

when Pat McDowell of Boise City purchased prize-winning General Lee from owner F. A. Rogers of Greenville, N. M.

Faust Collier, horse show manager, invited the public to this review which will begin at 1 p. m. with entries closing sharply at 12 noon.

"We want people who are familiar with quarter horses to attend for they will see some of the best in the country. And we especially invite people who aren't so familiar with the breed to come see how the good horses look, what a judge likes and what makes a winner."

There is no admission charge and a concession stand will be operated, he pointed out. Also, there is plenty of seating space in the stands.

Quarter horses, which currently show the fastest growing registry of any among horses, have long been popular in the West when cowboys and cattlemen alike discovered their agility and their prowess in working cattle.

Perhaps as a throwback from their heritage, one of the most interesting facets of the Saturday show will be the reining class.

First, second, third, and fourth prizes will be offered in two divisions, those foaled in 1953 or later and those foaled in 1952 or before. These animals will be judged as they ride a certain pattern, and then the animal is given a few extra minutes to perform any other reining act.

This is the last feature of a show which includes judging 16 classes. Judge will be Jess Shurbet of Petersburg, long time horse breeder well known in this area for his quarterhorses.

To be eligible to enter, all animals must be registered with the American Quarter Horse Association (permanent, tentative or appendix). Foals, yearlings and two-year olds in the appendix are eligible, provided their sire and dam are both registered. Geldings in the appendix do not need to have a registered sire and dam. Horses three years of age and over (geldings excepted) must have a registration number.

For further information, anyone interested may contact Mr. Collier at Drawer 915 Hereford.

The 1956 classes include mares foaled in 1955, in 1954, 1953 and 1952 or before. Class number five is grand champion mare and reserve champion mare. Classes six through nine are for stallions foaled in 1955, 1954, 1953, and 1952 or before. Number 10 is grand champion stallion and reserve champion stallion.

Other classes include produce of dam, get of sire, gelding foaled in 1953 or later and 1952 or before.

## Around Town

Because only 135 bicycles were inspected Saturday, the Optimists Club will continue their inspection from 3 until 6 p. m. both Thursday and Friday, according to Sam Long, bicycle safety chairman. It is worth your while to have that bike inspected, he points out, because inspection tickets will serve as admission duets for a free show Saturday at the Star Theater. The entire program, a selection of comedies, will follow the Bike Parade down Main Street which will form at Kiddie Park at 9:30 a. m. Saturday. There's also a 10 dollar prize for the best decorated boys' bicycle and the best decorated girls' bicycle.

## Guseman, Plank Best Soil Judges

Plaques awarded by the Hereford State Bank will be presented to Don Guseman and Pete Plank at the Lions Club meeting May 9, in recognition of their first place win in the annual soil judging contests sponsored by the Soil Conservation Service.

About 42 participated in the field trip Tuesday which was held at the W. L. Ueseltin farm according to Jim Wiman.

In the adult division Guseman was first, Leo Roy Williamson was second and Will G. Harris, third. In the boys division, Plank placed first, Wayne Couch second and Sam Laly, third.

## Mrs. C. C. Acker, Pioneer Resident Dies Tuesday After Lingering Illness

Mrs. C. C. Acker, daughter of a pioneer Hereford family and resident of the area since 1917, died Tuesday at Deaf Smith County Hospital after an illness of several years.

Funeral services were held Wednesday afternoon at the First Methodist Church with the Rev. S. M. Dunnam, pastor, officiating, assisted by the Rev. Russell Wingert. Interment was in West Park Cemetery under the direction of Gilliland Funeral Home, and pallbearers were W. L. Davis Sr., Harold Clise, O. E. Easley, J. C. McCracken, J. A. Pitman, and M. S. Benefield.

Mary Fox was born Oct. 16, 1900, at Dawson, Texas, daughter of Mr. and Mrs. W. O. Fox. The family soon moved to Mangum, Okla., where Mary attended school. After her graduation from high school there she attended business college in Waco.

In 1917 the W. O. Fox family moved to Hereford, where they were later joined by her parents, his brother, Doug and Homer, at so made their home here.

After moving to Hereford, Mary Fox worked in the office of attorney Carl Gilliland, and at the First National Bank. On Sept. 14, 1922, she was married to C. C. Acker, now a vice president of the First National Bank.

The couple had three daughters, and throughout their school career, Mrs. Acker was active in various parent organizations such as Glee Club Mothers, Pep Club Mothers. Soon after her marriage, she joined the Music Club, was a past president of the organization, and sang often with their chorals.

A long time member of the First Methodist Church in Hereford, she taught Sunday School in the Primary and Junior Departments while her children were growing up. She enjoyed informal social gatherings, and through the years several of her friends had met for bridge-lunches and parties. The Ackers also belonged to a couples dinner club which met every other week for years.

Mrs. Acker, although confined to her home for the past three years, maintained close association with the circle of friends, and her visitors always came away inspired by her cheerfulness.

Although many of her activities were curtailed by the illness which started about 10 years ago, Mrs. Acker was able to maintain her interest in handicrafts. She loved to knit, had made many clothes for her children and grandchildren, as gifts to friends and articles to be

distributed to charity organizations.

Survivors include her husband, C. C. Acker, three daughters, Mrs. J. T. Carroll, Mrs. Abel Riga and Mrs. Austin Rose Jr., and two grandchildren and five aunts, Mrs. D. M. Lawrence, Seminole; Mrs. H. K. Fox, Hereford; Mrs. G. S. Webber, Brownfield; Mrs. J. A. Bowman, Amarillo; and Mrs. T. E. Key, Dawson.

## Two Warehouses Burglarized Here

Two burglaries over the weekend netted thieves an estimated \$300 in merchandise.

The Morton food warehouse, operated by Q. O. Brown and located just east of the city limits near the Jack Messer home on Highway 60, was entered Saturday night. Loss in this burglary was estimated at around \$100, consisting of pickles, syrup, mayonnaise, napkins and related items.

Allred Warehouse Thieves Tuesday night also entered the Allred Oil Company warehouse, north of the Veteran's Club House at the east portion of the city limits. The haul this time consisted of nine new tires. Entry was made by using a bar to break in through the front door and employees reported that the thieves apparently did not touch the cash drawer or bother any other merchandise.

## Property Re-Zoned For Business

Members of the Hereford Zoning Commission Monday night approved re-zoning of the W. W. Buck property on Park Avenue, across west from Stanton Junior High School. The approval changes the property from "C" designation of "homes and multi-family" homes to that of business homes.

Appearing in objection to the proposed "D" zone were three members of the school board, Robert Wagones, W. R. Hair and Don Zimmerman; also objecting were C. F. Davis, Jim Calmes and Mrs. Bonnie Kelly.

The board scheduled the appeal of J. H. Bradley for re-zoning of his property, Avenue I and Park, to "D" zone for May 14, 7:30 p. m.

Members of the Zoning commission are: N. D. Bartlett, J. R. Allison, Bill Krumbeln, Robert Veigel and Claud Ricketts.

## First Official Cutting Horse Contest To Be Held in Riders Club Arena

Although there is no official Cutting Horse Association in Hereford, the local rider's club is sponsoring the first official Cutting Horse Contest in Hereford Saturday night at the Riders Club arena beginning at 8 p. m.

This contest is affiliated with the National Cutting Horse Contest and was arranged by members of the riding club assisted by officials of the High Plains Cutting Horse Association of Amarillo, a segment of the national group. Admission is \$1. per person.

An entry fee of \$2.00 per horse will be added to the prize fund and ribbons will be awarded. Winning horse gets 40 percent of the gate, second place winner 30 percent; third place winner 20 percent and fourth place winner 10 percent. Officials hope to have some 30 horses from the surrounding area entered, according to Jim Neill, chairman.

Anyone who has a cutting horse he wants to display is eligible to enter. Entries have already been received from Pampa, Dalhart, Amarillo, Clovis, Odessa, Snyder, Abilene, Channing, Dumas and Montoya, N. M.

Deadline for entering is 6 p. m. Saturday with drawing for position scheduled for 7 p. m. Judges will be Weldon Johnson and Novis Brown, both of Snyder.

Plans for the contest were made recently when Hereford men met for a steak dinner at the Wheel Inn with officials from the H. Plains chapter including Gene George, president, Jim Weymouth, Sonnie Perry, Jerry Roach and Bob Glauich. Hereford men present included Leo Forrest, president of the Riders Club, Jim Neill, T. D. Devenport and Harold Beauchamp.

Wesson pistol being given by the City of Hereford as a merit award.

Leo Robertson, Dallas, a member of the Federal Bureau of Investigation, conducted a firearms school last week, showing practical use of the pistol, teaching the men how to draw and shoot with both hands, emphasizing hip shooting, and point shooting up to 25 yards.

Target practice was held last Thursday at the caliche pit as men fired 100 bullets, practicing hip shooting at seven, 15 and 25 yards. Police Chief Leo Box was winner with a score of 81-out of 100, followed by W. W. Jones, Dimmitt chief of police, with a score of 76, and Jack Cartwright, Castro County Sheriff, 74.

Others who have enrolled at the school include Jim Roberts, Farmer County deputy and Friona city marshal, and five Hereford policemen, Marvin Boever, M. P. Thompson, J. T. Sanderson, Tom Finley and G. G. Ridgeway.

## High School Choir Wins Sweepstakes Prize at Canyon

Hereford High School's mixed choir was awarded the Sweepstakes prize for the second consecutive time April 18 at the annual Region XI Interscholastic League vocal music contest in Canyon. The 60 members of the choir received a division I in both concert and sightreading.

The high school Girls' Quartet received a rating of division I at the contest. Members of the quartet are Carla Sue Crosthwait, Clydene Allred, Molly Price and Mary Ann Young.

Raymond Wells and Taylor Sims were awarded a I in solo work. A rating of division II in solos was awarded to Linda Noland, Barbara Martin, Don Feller and Carol Willoughby. Patricia Caywood received a division III.

The high school Girls' Choir received a division I in concert and a division II in sightreading. Boy's Choir of high school also received a I in concert and II in sightreading.

Four boys from the Hereford High School Future Farmers of America organization, competing as a poultry judging team in the district contest in Canyon Saturday came home with a fourth place win.

In the contest against eight of the 17 schools in the district, the team graded live birds for eating purposes, caped and graded eggs and judged hens for egg production. In the team are Kenneth Clearman, Reed Green, Edwin Axe and Wayne Johnson.

On Saturday they will go to Lubbock to compete in the area meet at Texas Technological College, according to Jess Robinson, FFA advisor and vocational agriculture teacher.

Also entering contestants there will be a livestock judging team composed of Jamie Clearman, Wayne Couch, and David Brumley; a land judging team made up of Pete Plank, Joe Reinauer and Jody Bezner, and a dairy cattle judging team of Terry Price, George Heard and John Beasley.

## Funeral Services Are Held Tuesday For Mr. Coffman

Funeral services for Charles Walter Coffman, Deaf Smith County farmer, were held Tuesday at 2:30 p. m. at the First Baptist Church with the Rev. Howard Scott officiating. Interment was in West Park Cemetery.

Mr. Coffman, 49, died Monday at the Deaf Smith County Hospital after an illness of several weeks. He was born Aug. 9, 1906, at Steadman, Texas, and he married Betty Jackson, Dec. 8, 1934, at Portales, N. M. They came to Deaf Smith County in 1953 from Whiteface. He was a member of the First Baptist Church.

Pallbearers were Frank Watson, B. A. Reddell, S. W. Patterson, Clinton Jackson, Edgar Telchick and Allan Nicholson.

Survivors include his wife, Mrs. Helen Coffman of Hereford; one daughter, Linda Kay Coffman; four sisters, Gracy Swanner of Levelland, Ida Henderson of Amarillo, Ellen Bayless of Enochs and Aline Cunningham of Roscoe; five brothers, Clyde Coffman of Baileyboro, Claude Coffman of Mulshoe, Clarence Coffman of Ontario, Calif., Carl Coffman of Lamesa and Chester Coffman of Big Spring.

Gilliland Funeral Home had charge of arrangements.

## Court Lets Bridge, Settles Barn Loss

### Problem About Nail Picker Arises Involving Question of Precinct Rights

Deaf Smith County commissioners had a busy day Monday, starting with letting of a new bridge in Precinct 3, approval of plans for the proposed hospital wing and settlement of losses on the recent Bull Barn fire. Tempers also flared near the close of the meeting at 5:30 p. m., when the group became involved in a discussion concerning around use of a "nail picker."

The Court accepted \$14,015.75 in settlement to cover losses incurred in the fire which broke out in the Bull Barn on the night of March 31. The settlement followed extensive review of bids and proposals between the Court and insurance adjustors and was made in accordance with low bids covering replacement of the structure in a condition similar to that prior to the fire. The Commissioners did not discuss moving or rebuilding the property.

County Line Bridge The Court, acting jointly with Parmer County, signed a contract in the amount of \$4500 (\$2250 each county) with the Austin Bridge Company to cover replacement of the bridge across Tierra Blanca Creek and situated on the county line. The bridge is located 28 miles west of Hereford on Harrison Highway, then 5 1/2 miles south on the Bovina road. It will be of steel girder construction with 3-inch wood floor, and will use present concrete foundations. The

bridge is 20 by 40 feet with 20 feet of the length resting in each of the two counties.

Hospital Gets OK The hospital board, led by Wayne Thomas, president, and T. E. Seigler, manager, appeared before the Commissioners in behalf of the proposed children's wing to be added to the county property through donations. The hospital group reported that \$50,000 in matching funds had been made available through the Jim Hill estate, and asked that the Commissioners agree to requirements as stipulated by the estate. The requirements were approved by the Court as follows: 1. No bonds or warrants will be issued to cover any part of the matching donations; 2. Jim Hill will be recognized through naming the wing in his honor, or by erection of a plaque recognizing the donation; 3. Work will begin within four months and be completed within one year; 4. The Commissioners agreed to continue their present policy concerning charity patients, and to recommend a continuation of the policy to their successor.

The Court also authorized the firm of William Towns and Associates of Amarillo, to draw plans for the new wing on a "pay if built" basis. They also discussed disposal of the present barracks used as a nurse's home and made plans to sell the property to the highest bidders when the barracks

are released by the hospital manager.

"Nail Picker" Trouble The question of "precinct rights" popped up near the close of the meeting, resulting in extensive discussion between the four commissioners. The controversy centered

Now They Live One Place But Vote In Another

Approximately 20 Deaf Smith County voters this year find themselves in the position of living in one precinct, but voting in another.

It all started last January when the Commissioners Court took one and one-half miles from the east side of Commissioners Precinct 3, and shifted it to Precinct 2. The chief object, they said, was to straighten out a jagged precinct line.

Later, they discovered that while this act was legal and orderly, they could not legally move the Voting Precinct line until "July or August." The whole thing became so confusing that the Court finally appealed to the Attorney General of Texas for an opinion.

His opinion, in substance, said: Residents of the removed strip are Precinct 2. However, they will actually cast their ballots in Voting Precinct 3, where both Precinct 2 and Precinct 3 ballots will be provided.

Also complicating the situation is the fact that there will be no commissioner up for election in Precinct 2 this year, a situation which has led some of the residents to complain.

## Hereford Gets New Mayor Name: Doug Watson; Age, 8

Good citizens are trained, not born. Is Mrs. Fritz Christman's theory, and so her third grade pupils at Shirley School have spent this year learning what makes a good citizen.

Culmination of the year-long civic project will come this afternoon when members of her class, elected to office a mayor, city manager and city commissioners, take over running of the city for one long hour.

Mayor Henry Sears will swear in Douglas Watson as Mayor at 1 p. m. Other officials are Mike Watts, city manager; Gordon Golden and Jerry Sheppard, city commissioners; Dale Minor, water commissioner and David Grubbs, chief of police.

Parents of the children are Messrs and Mesdames Frank Watson, Verdon Watts, O. Z. Golden, Roy M. Sheppard, L. E. Minor and Dr. and Mrs. Roy Grubbs.

What they know about city government was learned first hand during the past eight months as city officials visited their classrooms and explained their various jobs.

Sears made a talk on the mayor's duties, Commissioner Raylan Evans outlined to the group how a city government functions. Police Chief Leo Box explained his department and Water Commissioner Onias Carroll told them how the water and sanitation departments in Hereford are organized and maintained.

After these officials had explained city government, students decided to form their own city, elect their officers and get some practical training in citizenship.

The project was run as a political campaign, complete with campaign talks and campaign issues. Parents drove their offerings over town to see what needed to be done, and these progressive-minded children conducted forthright political forums advocating improved park systems, installation of stop lights all around schools and erection of an indoor swimming pool.

Then students discussed the feasibility of having four city commissioners instead of two, as the city presently has. They decided it would be an excellent idea and went home where they served as a one-man lobby organization to influence their parents' vote on the topic.

Mr. Northcutt is a native Texan. He received his education from the Rollview, N. M. High School and later a diploma and degree in general sales, livestock judging, voice and oratory from the Reich School in Mason City, Iowa. He has been engaged in farming and ranching in Deaf Smith County for 24 years and has served on the Walcott school board and county school board.

## Northcutt Enters Precinct 3 Race

Bernie Northcutt this week authorized the Brand to announce his candidacy for the office of Commissioner of Precinct 3, subject to action of the Democratic primary in July.

In making his announcement, Mr. Northcutt made the following statement:

"I have no enmity against anyone and, if elected, I will administer the office with honesty and efficiency to the best of my ability. I will work to promote progress and prosperity to all parts of our county."

Mr. Northcutt is a native Texan. He received his education from the Rollview, N. M. High School and later a diploma and degree in general sales, livestock judging, voice and oratory from the Reich School in Mason City, Iowa. He has been engaged in farming and ranching in Deaf Smith County for 24 years and has served on the Walcott school board and county school board.

"If I am elected, I will render to you the type of service which I would want you to render to the people of Deaf Smith County, a county where friendly people make friends. Your vote and influence will be appreciated."

## Last Rites Conducted Wednesday For A. B. Damron, Gunshot Victim

Funeral services for A. B. Damron, 46, gunshot victim were conducted here at 3 p. m. Wednesday from the Avenue Baptist Church. He had been a resident of Deaf Smith County since 1940 and was employed at Fraser Milk at the time of his death.

A verdict of suicide was returned by Justice of Peace Berry Miles Monday, following discovery Sunday night of Damron's body in his wrecked car two miles west of town, just south of the radio station. Highway Patrolmen and Sheriff's department officers investigated the accident, discovered that Mr. Damron had two bullet holes in his head. Officers also found a .32 calibre Colt automatic revolver on the floor of the wrecked car. The car, estimated to have been traveling 50 miles an hour when it struck a utility pole, was badly damaged.

Also thought to be connected with the incident was another shooting, and a call handled by City Police at around 1 p. m. Sunday night, about 20 minutes prior to the Damron accident. In this case, Jess Twiner, 124 Jackson was hospitalized in the belief that he suffered gunshot wounds. It de-

veloped, however, that he had only scratches and bruises. City officers said that they answered the call following a shot at the Twiner home which resulted in lodging of a pistol slug in the front door. They found Twiner lying unconscious in his driveway and rushed him to the hospital.

The two men, along with several others, were reported to have been together during the evening.

Mr. Damron was born Sept. 9, 1909, in New Mexico, but his family moved to Texas in 1912. He married Bertie May Whitford at Dalway, Oct. 28, 1939, and moved to Deaf Smith County from Dimmitt in 1940.

He is survived by his wife, Bertie May of Hereford; his father, J. P. Damron of Hereford; two sons, Alvis Vernas of Lubbock and Elvis Ferrell of Hereford; seven sisters: Mrs. Paul Danner of Plainview, Mrs. Clifton Reed of Sudan, Mrs. John Davisau of Sonoma, Calif., Mrs. Henry Williams of Sudan, Mrs. Lloyd Gilreath of Sudan, Mrs. Connie Hill of Hubb and Mrs. Frank Kantor of Melbourne, Fla.; three brothers, Lewis Damron of Amarillo, Clyde Damron of Flag and Claude Damron of Hereford.

# Capacity Crowd Attends Toastmaster's Banquet

Harry Walker of Lubbock, making a rousing speech on "As A Man Thinketh" won the right to represent District 44 of the Toastmasters Clubs in the Zone meeting in Albuquerque June 16.

Walker made his speech Saturday night to a capacity crowd of delegates, their wives and local visitors who attended the concluding sessions of the district convention which was held all day last Saturday at St. Anthony's School.

Runner-up in the contest was Dan Miller of Plainview, whose talk, entitled "A Great American" was one of six presented for judging at the banquet which culminated a day of speech evaluations, discussions of the conference method and elections of officers in a spirited campaign.

V. C. Patten, Albuquerque, international director of the organization, described the conference as "the best one I have attended in 10 years." And it was the first time, incidentally, that an international director had attended a conference for this district.

Walker and Miller received wall plaques in commemoration of their prize-winning speeches, and were presented the clasps featuring the toastmasters emblem, a globe of the world emblazoned on crossed gavels. Fred Balderston, Amarillo, incoming district governor, made the presentations.

Emphasizing the need of a definite plan for development of skills and talents, Walker's talk accentuated the fact that "only a planned future is a successful future." Miller, in his talk, commended the average citizen on being The Great American, pointing out that only through the average man did a handful of people obtain fame and greatness.

New district officers of the organization are Balderston; Hal Kir-

choff, Plainview, first lieutenant governor; Ken Durham; Midland, second lieutenant governor, and John S. Stuart, Lubbock, educational committee chairman. Other officers are appointive and will be announced before July 1 when the year's work begins.

Local members attending the conclave said they felt their outlook on speech evaluation had been improved, as they learned to emphasize the constructive, not the critical aspects of evaluation, and that they realized the essential need of pre-planning to conduct an efficient conference method discussion.

Delegates were also told to concentrate on their weak points and become a generally well-rounded speaker rather than to keep improving their natural aptitudes and letting their weaker points go.

An exceptionally well-received portion of the program was the noon time luncheon entertainment sponsored by local Toastmasters. The skit, in three parts, featured pantomime selections, a mind reading exhibition and a take-off on "Town Without a Toothache."

Harold Banks, performing as Swami-Ami Banks, did a mind-reading demonstration and members of the pantomime were Pat Dawson, Martha Logan, Joan Brown and Gladys Lee, all students at Hereford High School.

Ivan Block, making a talk on the wonders of Hereford water, was challenged by two non-believers, Tom Edmonds, Amarillo, and Allan Orr, Big Spring. Proof of the wonderful claims was made when a baby (Virgil Dodson) had his throat sprayed with Hereford water, and suddenly began growing a whole set of teeth.

Since wives of toastmasters from Borger, Amarillo, Midland, Odessa, Big Spring, Plainview, Lub-

bock, Albuquerque and Abilene attended, they were honored with an informal coffee Saturday morning and a bridge party that afternoon at the home of Mrs. Bruce Miller on Harrison Highway. Wives of local toastmasters served as hostesses.

Weekend crashes accounted for 15,730 killed and 766,090 hurt during 1955.

Don't forget the ninth annual Texas Weed Control Conference which starts today at the Amarillo Experiment Station. Speakers will include Ed Jacobsen and Art Bralley of the weed Control Association, Dr. Lee Coffey and Fred Walker of Texas A&M, Chester Carhel, Lockney, and Dr. Allen Wiese, station agronomist.

Lions Club members will have their annual Campaign Night on Thursday at 7:30 p.m. at the Shirley School and this year, as last year, it will be Ladies Night, ac-

ording to Dub Reeves, president. Last year there were parades, stogans, and soapbox orators to add to the fun, and officials expect it to be a repeat performance for 1956.

Whirl and Twirl Dance Club will meet in Jim Hill Hotel Ballroom at 8 p.m. Saturday, according to Mrs. Ansel McDowell, who reminds all the young members to attend.

Mrs. L. L. Cannon of Summerfield won the three piece set of matched luggage given away during the Popular Store's 35th Anniversary celebration.

Moore Grocery, west of the intersection of Highway 60 and Highway 51, will celebrate the op-

ening of their new building Friday, with free coffee and doughnuts to visitors, balloons for the children and a housewares gift for the ladies who attend, Charlie Moore, the owner, invites all his friends and patrons to see his new building.

High School Parent Teacher organization will meet at the high school auditorium at 3:45 p.m. Friday to elect officers and adopt a constitution and by-laws. Parents who will have children in high school next year are invited to attend.

Relief pitcher Hal Jeffcoat of Cincinnati had the best earned run record (2.94) as a member of the Chicago Cubs last season.

In 1955, 2,158,000 persons were injured in motor vehicle accidents.

## Long Time Ago

45 Years Ago

The pessimist will have to revise his weather forecasts. The rains that began last Friday might have covered all Eastern New Mexico and Texas Panhandle. The first rain covered a wide strip of territory along the Texas, New Mexico line and reached east as far as Hereford where only a light shower fell. But Sunday and Sunday night the rain clouds from the Rockies came down and emptied themselves in copious rains in every section of the Texas Panhandle. The precipitation at Hereford was 1.75 inches Friday and Sunday.

During the rain at Clovis last Sunday night, hail smashed several thousand window lights in that city. The passenger coaches that made up the Merry Widow Monday morning still showed signs of the hail, the windows on side of all the coaches being more or less battered out.

With an expenditure of only \$500 Lake Park has been brought to its present attractive state by the city commission. There are now 1360 feet of caliche walks leading from points of ingress, and five Bridges span the artificial rivulets installed to drain the grounds into the storm sewers. Trees have been re-arranged to give a forest effect to the entire park, and hedges have been set out. To make the park a more attractive center for the children three swing frames have been put up and set in concrete by the Lions Club which expects to have the full swinging equipment ready for use within a few days.

Assurance that a state highway designation would be granted for a road between Vega and Abilene, running through Hereford, Dimmitt, Hart and Plainview, is expressed by J. E. Hill, who attended a meeting in Plainview Friday. An association was formed at the Friday meeting and Judge Jno. P. Slaton, president of the Chamber of Commerce here, was elected president of the road body whose object will be to present the matter to the highway commission for favorable action.

# Church Of God Has New Building

The dedicatory service for the Church of God in Hereford will be held Saturday at 7:45 p.m. at their new building which is located at the corner of Avenue H and 13th Street.

According to the Rev. Eugene Powers, pastor, the white, frame structure combines a sanctuary with Sunday School meeting room and a four room parsonage.

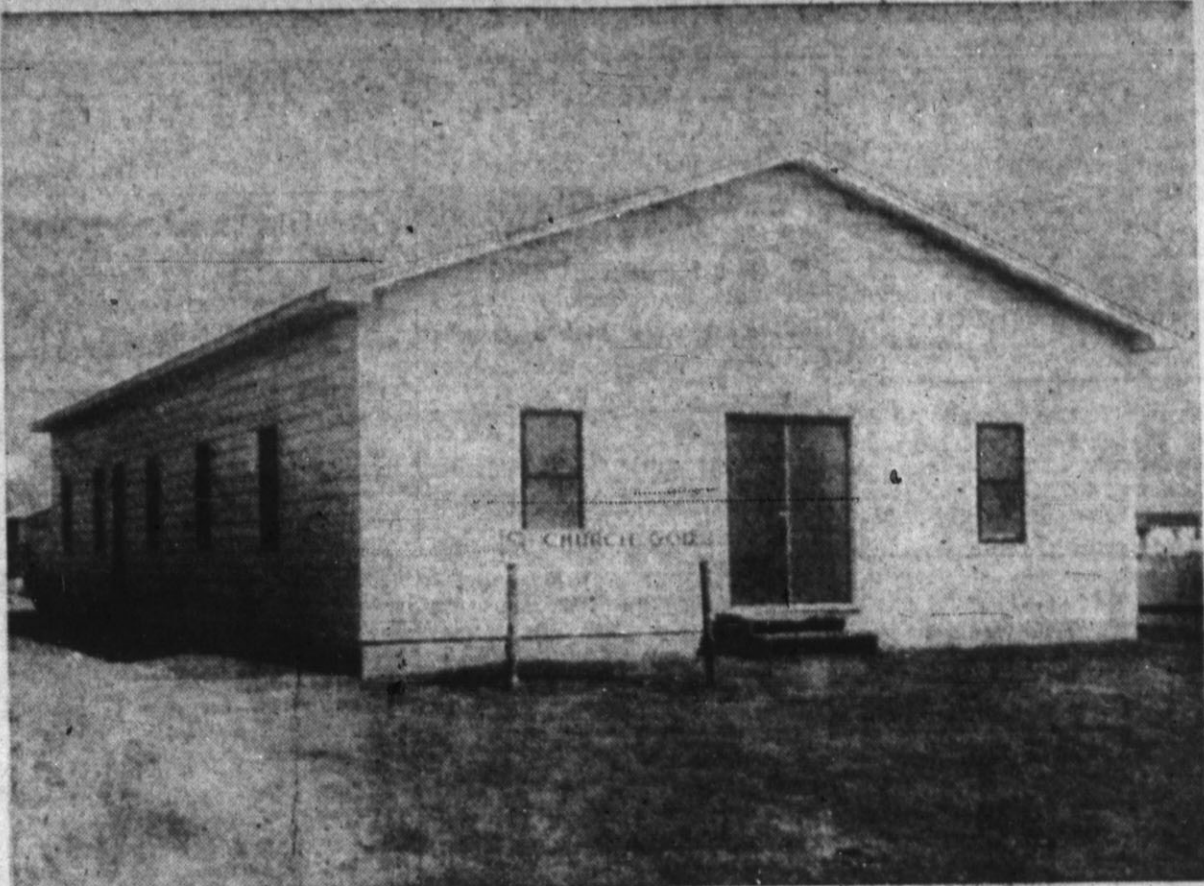

Although the congregation has been organized in Hereford for more than six years, they have heretofore held their meetings in the Deaf Smith County Court House.

The Rev. J. D. Bright, Weatherford, state overseer for the Church of God will bring the dedicatory address and special music will be presented. The pastors of neighboring churches in the area who have supported and encouraged the building project of the local group have been invited as special guests. They include the Rev. W. L. Shires, Borger; the Rev. L. A. Baker, Amarillo; and the Rev. E. L. Murphey, Dumas.

Members of the denomination assisted with construction of the 60 by 32 foot building. The auditorium is 32 by 36 feet and includes a sanctuary and a Sunday School room for children. Interior of the sanctuary is textured a soft sea-foam green, ceiling is white and the building has hardwood floors. Woodwork is mahogany and slab doors are used throughout. The sanctuary windows are of frosted glass and the pulpit is on the east side of the auditorium.

The children's Sunday School classroom is of pale lavender and is on the southside of the building.

Mrs. Eugene Powers, wife of the pastor, serves as teacher for the adult Sunday School class which

TO BE DEDICATED—This new building at the corner of Avenue H and 13th Street will be dedicated Saturday in special services beginning at 7:45 p.m. Property of the Church of God, it houses their Sunday School classrooms, sanctuary and parsonage.

**MAKES HISTORY'S FIRST 304 BUSHEL YIELD ON A MEASURED ACRE**

From 25,800 stalks of Funk's G-Hybrid, Lamar Ratliff, Baldwin, Mississippi, harvested an officially-recorded yield of 304.58 bushels of sound, quality corn from a measured 4-H Club Project acre in September, 1955.

He is the first corn grower—and Funk's G-Hybrid the first corn—ever to reach this long-sought history-making goal of 300 bushels to the acre.

For good corn, and lots of it, specify Funk's G. You can't afford to devote your valuable time and land to less productive corn.

Forty years of continuing research makes Funk's G-Hybrid consistently good year after year.

Plant Funk's G. By selecting one or more of the 78 great G-Hybrid varieties, you'll always get the most corn, the best corn, your yield and season can produce.

meets in the auditorium and Miss Rose Curry is children's teacher and Superintendent of the Sunday School.

At present the church is conducting a revival with the Rev. Terrell Taylor of Bonham as the preacher and Mrs. Taylor is pianist.

Revival services are being held in the new building.

"We are indeed happy that we are finally able to worship in our own building," said Rev. Powers, "and we also feel that this progress reflects the growth of our congregation."

He extended an invitation to the public to attend the dedication service, and particularly to businessmen in town and friends of the church who had aided in its construction project.

**MAKE MOTHER'S DAY GIFTS**

Dakota Camp Fire Girls met Monday at the Camp Fire Hut to work on the gifts they are making for Mother's Day. Present were Becky Jackson, Connie Kent, Jackeline Lynn Nunley, Kathy Knox, Sandra Hoover, Jenny Holt, Ann Gentry, Jerry Bea Noland, Sally Whiteside, Jo Ann Thomas, Ruby Carthol, Joyce Linderer and Caroline Brumley.

Cardiff, Wales, was first occupied as a Roman fort in the first century.

## So They Don't Put All Their Eggs In One Basket

The diversified farmer, by definition, is one who believes in "Don't put all your eggs in one basket" and locally, grain and vegetable growers have begun to branch out into another field—which deals with eggs and baskets—as a widely developing interest in cage-laying projects mushroomed.

Last Friday approximately 20 people, including farmers and their wives, held a dinner meeting at Delano Cafe to study the prospects for using hybrid chickens in cage laying developments, to talk over production problems and discuss feeding and grading.

Among those attending were Mr. and Mrs. Clifton D. Corley, Mr. and Mrs. Denzil Pulliam, Red Hagen, Sylvester Slagle, Grant Hanna, Orval Galley, Lester Galley, A. F. Marnell, Frank Gyles, Harry Wilhelm and Hugh Clearman. Representatives of DeKalb from Lubbock were also on hand.

**Egg Production Tests**

The group has been especially interested in studying the information which is being accumulated from the random sample egg production tests being conducted at Stephenville's Tarleton State College.

According to Ben Wormell, extension poultry husbandman, at Texas A&M, the hens on test have now been in production for 30 weeks and significant facts are showing up.

On test are 12 entries of 50 birds each. Each entry is divided into pens of 25 birds to provide duplicate information. The average livability of all entries for the 30 weeks is 93.6 percent which Wormell says is good. The average production based on all hens housed 30 weeks ago is 60.6 percent. The top pen has averaged 67.5 percent.

**For Top Market Prices**

During the month from Feb. 20 to March 21, 87.5 percent of the eggs produced graded A large; 7.4 percent A medium; 1.3 percent B large and only 3.8 percent, including checks, were under B large. These figures, point out Wormell, are solid evidence that with practical egg care producers can go to market with a high percent of A grade eggs and come home with top market prices.

The average egg income over feed costs to date, including the feed cost for raising the chick, is \$1.31 per hen. The best pen of 25 hens has earned \$1.94 per hen.

Wormell believes that every poultryman should keep similar records on his laying flock. He adds the birds in this test are commercial strains which are offered for sale to the poultrymen of Texas. County agents can arrange to get current random sample test information which should be valuable for comparison purposes.

around the "nail picker," owned and operated by Precinct 1. Commissioners in the other three precincts said that the "nail picker" was county property, paid for with county taxes, and that it should be used in all precincts.

Marion Rutter, Precinct 1 Commissioner, pointed out that the picker had been purchased with money allotted to his precinct—after the other precincts had refused to help make the overall purchase. He repeated his offer to sell interests in the picker—or to rent it to the other precincts, provided they paid rent and hired the precinct 1 operator.

As the discussion continued, tempers flared and words were falling sharp and fast. Donald Hicks, Precinct 4, and J. T. Guinn, Precinct 3, charged that Precinct 1 had a money surplus due to the fact that Precinct 1 got a lion's share of the total county tax payment, while they (Precincts 2, 3, 4) maintained far more mileage and longer roads.

Otto Massey, Precinct 2, said that he could see no reason why the other Commissioners should

**FAMILY MEAT LOAF**  
Ingredients: 1 egg, ½ cup milk, 2 slices bread, 1 small onion, ¼ teaspoon salt, ¼ teaspoon pepper, ½ teaspoon crushed dried thyme, ½ teaspoon paprika, 1 pound ground beef chuck.

Method: Beat egg in mixing bowl enough to combine yolk and white. Beat in milk. Cut bread (including crusts) into tiny cubes and stir in. Grate onion fine and add with salt, pepper, thyme and paprika. Mix well. Work in meat thoroughly with fork or fingers. Then rinse small loaf pan (7½ by 4 by 2 inches) with cold water; pack the meat mixture into it; loosen sides with knife; turn out on small oven platter or shallow baking pan. Bake in moderate (350 degrees) oven 1 hour. Makes 4 servings.

**COMPANY FOR DINNER**

Orange and Anchovy Salad  
Coffee Mousse Beverage

**ORANGE AND ANCHOVY SALAD**  
Ingredients: Romaine, ½ cup of paper-thin celery crescents, 2 oranges (large), 1 can (2 ounces) anchovies rolled with capers, olive oil, wine vinegar, salt, freshly-ground pepper.

Method: Have romaine washed, dried and chilled. Tear into bite-size pieces so you have 1 quart packed down lightly. Arrange in salad bowl with celery crescents. Cut peel from orange so no white membrane remains; cut segments away from dividing membranes, over greens and celery. (You can drink the orange juice.) Drain anchovies well; there should be approximately 10; arrange over oranges. Cover and chill; when salad is served, dress at table: sprinkle with 3 tablespoons olive oil, 1 tablespoon wine vinegar, salt and pepper. Toss together and taste; add more olive oil, vinegar, salt and pepper if desired; toss again. Serve at once, making sure you place an anchovy or two on each portion. Makes 6 servings.

**ORANGE SAUCE**  
Ingredients: 1 tablespoon cornstarch ¼ cup sugar, dash of salt, 1 teaspoon grated orange rind, 1 cup orange juice.

Method: Mix cornstarch, sugar and salt together thoroughly in 1 quart sauce pan. Add grated orange rind. Gradually add orange juice, stirring after each addition until smooth. Cook and stir constantly over moderate heat until thickened, clear and boiling. Stir and cook a few minutes longer. Makes about 1½ cups sauce, serve warm over slices of angelfood cake and top with whipped cream if desired.

Note: The angelfood cake may be made from a packaged mix and baked in one of the new square angelfood cake pans for easy slicing.

hire a special operator from Precinct 1 when they had capable operators already on their payrolls.

The trio also brought out the fact that Precinct 1 had been combined seven to nine times with the "nail picker" which, they said, even went into private roads and yards. Their "own" precincts, they said, due to lack of funds, had not been able to go over their roads even one time. "It makes us look bad to our home folks," said Hicks.

Rutter again offered to rent the machine, with driver, to the other precincts, and the meeting closed on Guinn's question: "Are we Precinct Commissioners or County Commissioners?"

### So The Wheels of Government Turned And Wilson Became Legal Resident

WASHINGTON — President Eisenhower has signed into law a bill granting Harry John Wilson, 63-year-old San Antonio carnival truck driver, legal residence in the United States.

The case speaks volumes for the American way of life. It is proof that although the U. S. government is a colossal thing, a lone individual in the humblest circumstances can get recognition under the democratic system.

Wilson was born Dec. 28, 1892, in Aberdeen, Scotland. At least, that is the way he recalls hearing it from his mother. He was taken to Canada when about 2 years old. A search of the records in Aberdeen was made for the years 1890 to 1894 without finding his name.

Since childhood, Wilson has knocked around the country, in Canada, the United States, and Mexico, but mostly in the United States and in Texas for the past 20 years. He is single.

Since 1944 he has been involved in immigration proceedings; it had come to the attention of officials that he had not been properly admitted to this country, and had once been arrested in Canada, and in San Antonio in 1935 and Corpus Christi in 1940, for vagrancy.

So, after a bit, Wilson faced deportation action. A question arose as to where he could be sent after a search failed to find proof he was born in Scotland.

Rep. Paul Kilday (D-Tex) introduced a bill to grant him permanent residence.

Numerous persons of standing in San Antonio volunteered to vouch for Wilson. Statements commending him as an honest and reliable worker were submitted to congressional committees by men who had employed him when he wasn't working at his summer job of driving a carnival truck.

In his own statement submitted to the House Judiciary Committee in support of Kilday's bill, Wilson said:

"My early life was such that I did not receive very much education. I am able to read and write sufficiently to hold jobs which do not require a great deal of clerical work.

"My early years were spent as an animal trainer and laborer with circuses, traveling in the United States and Canada. My mother and father were divorced when I was quite small and afterward I was unable to get in touch with any of my family.

"The first time I have felt like I had a home was in San Antonio, Tex. The friends I have there have been loyal and faithful to me. Their friendship is treasured and their confidence is appreciated. I hope I will be able to remain in San Antonio the remainder of my days."

He may, so far as the law goes, for which he can thank Kilday and Eisenhower.

**Around The Capital**  
Rep. Frank Icard of Wichita Falls, observing there were all kinds of government booklets for the tourist dealing separately with the different places and events of interest in the capital, got the idea of compiling them into a single publication.

So, he introduced a resolution which was approved last July, authorizing the undertaking. Just now coming off the presses in the Government Printing Office, it should

Icard personally wrote most of the copy which is printed along with the pictures. Mrs. Stella Merrill, his secretary, also did much work on the publication.

Insurance statistics show that deaths in home accidents are almost twice as frequent for men as for women although many men are at home less frequently than women.

A whale shark may be 60 feet long.

Minor damages resulted in two accidents here this week.

An accident occurred Wednesday at 9:15 a.m. in the 400 block of Main Street.

A 1954 Chevrolet Pickup, driven by Julian Tijerina, and a 1955 Ford driven by Armstead A. Miller, collided, police said.

Miller was going north on Main Street and Tijerina failed to see him coming and backed out into the right front side of Miller's car.

Approximately \$75 damage was done to Miller's car and no damage was done to the pickup. Tijerina was charged with failure to grant right of way by backing out into traffic.

The other accident occurred on Tuesday at 12:34 p.m. at Avenue K and Thirteenth Street.

A 1949 Ford, driven by Henry Dale Conder and a 1954 Chrysler, driven by Frank Henry Brinkman, collided, police said.

Conder was going east on Thirteenth Street and Brinkman was going north on Avenue K. Conder ran the stop sign and ran out in front of Brinkman and Brinkman hit the right side of Conder's car.

Approximately \$300 damage was done to Conder's car and \$100 damage was done to Brinkman's car. Conder was charged with failure to grant right of way and defective brakes.

**NOTICE OF ELECTION FOR CHARTER AMENDMENTS ORDINANCE NUMBER 453**

AN ORDINANCE ORDERING AN ELECTION IN THE CITY OF HEREFORD, TEXAS, TO BE HELD ON THE 26th DAY OF MAY, 1956, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY OF HEREFORD FOR ADOPTION OR REJECTION, TWO PROPOSED AMENDMENTS TO THE EXISTING CHARTER OF THE CITY OF HEREFORD; DESIGNATING THE PLACES AT WHICH SAID ELECTION IS TO BE HELD; APPOINTING PRESIDING OFFICERS THEREOF; PROVIDING FOR THE MANNER OF HOLDING SAID ELECTION; AND PROVIDING FOR THE GIVING OF NOTICE OF SAID ELECTION.

WHEREAS, on the 19th day of March, 1956, a resolution was duly passed by the City Commission giving notice of its intention to pass an ordinance providing for the submission to the qualified voters of the City of Hereford, Texas, of two proposed amendments to the existing charter of said City; and

WHEREAS, notice of intention to submit such charter amendment was given by publication in THE SUNDAY BRAND, the official newspaper in said City published in said City, and which notice was published in each issue of said paper for ten (10) days, the date of the first publication thereof being not less than twenty (20) days next preceding the date of this ordinance; and

WHEREAS, the City Commission of the City of Hereford deems it proper to submit the proposed amendments to the present City Charter to the qualified voters of said City:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS:

**SECTION 1:** That a special election be held in the City of Hereford, Texas, on the 26th day of May, 1956, for the purpose of submitting to the qualified voters of said City for adoption or rejection the following proposed amendments to the existing Charter of the City of Hereford:

**AMENDMENT NUMBER 1**  
To amend Sections One and Two of Article IV of the City Charter of the City of Hereford so as to hereafter read as follows:

"Section 1. Governing Body: The Governing and law-making body of the City of Hereford shall consist of four members and a mayor and said body shall be known as the City Commission of the City of Hereford, Texas."

"Section 2. Elective Officers: The members of the City Commission of the City of Hereford shall include four commissioners and a mayor, all of whom shall be elected from the City at large, and shall be the only elected officers of the city.

(a) The mayor shall be elected and hold office for a term of two years at an election to be held on the first Tuesday in April in each odd numbered year, and the present mayor shall continue in office until he is replaced by his qualified successor to be elected in 1957.

(b) The commissioners shall be designated respectively Commissioner, Place No. One; Commissioner, Place No. Two; Commissioner, Place No. Three; and Commissioner, Place No. Four. The two present commissioners are hereby designated as Commissioner, Place No. 1 and Commissioner, Place No. 2, respectively, and the additional commissioners shall continue in office until they are replaced by their qualified successors to be elected in 1957. Two additional commissioners shall be elected at a special election held for that purpose at such time as shall be selected by the present City Commission, but not later than the 1st day of September, 1956. Such additional commissioners shall be designated Commissioner, Place No. Three, and Commissioner, Place No. Four, respectively, and they shall hold office until they are replaced by their qualified successors to be elected in 1958.

(c) Hereafter, Commissioner, Place No. One, and Commissioner, Place No. Two, shall be elected and hold office for a term of two years at an election to be held on the first Tuesday of April in each even numbered year.

**AMENDMENT NO. 2**  
To amend Section Eight of Article V of the City Charter of the City of Hereford so as to hereafter read as follows:

"Section 8. Corporation Court:  
(a) There shall be established and maintained a court designated as a "Corporation Court" for the trial of misdemeanor offenses, with all such powers and duties as are now or hereafter may be prescribed by the laws of the State of Texas relative to Corporation or Recorder's Courts.

(b) Said Court shall have jurisdiction within the territorial limits of said city of all criminal cases arising under the ordinances of such city, and shall have concurrent jurisdiction with the Justice of the Peace of the Precinct or Precincts, in which the City is or may be situated of all criminal cases arising under the criminal laws of the State, where the offense is committed within the territorial limits of said city and the punishment is by fine only and the maximum of said fine, under the laws of this state, may not exceed two hundred dollars (\$200.00). Said court shall have no civil jurisdiction, except for the forfeiture and collection of bonds given in proceedings herein. It shall also have jurisdiction of violations of ordinances of the city enacted for the preservation of its water system, watersheds of the city's water supply and the purity of the water supply, its sewer disposal plant and its garbage dumping grounds, whether such offenses are committed inside or outside of the Corporate limits of the City of Hereford, and the violations of any nuisance ordinance within five thousand feet of the Corporate limits of the City, outside of the city limits.

(c) The Judge of said Court shall be a qualified voter of the City of Hereford, shall be appointed by the City Commission, shall hold

his office at the pleasure of the City Commission, and shall receive such salary as may be fixed by the City Commission.

(d) The Judge of said Corporation Court shall have power to punish for contempt to the same extent and under the same circumstances as the Justice of the Peace may punish for contempt in all criminal cases.

(e) All complaints, prosecution, the service of process, commitment of those convicted of offenses, the collection and payment of fines, the attendance and service of witnesses and juries, punishment for contempt, bail and the taking of bonds shall be governed by the provisions of Title 2 of the Code of Criminal Procedure of the State of Texas applicable to Corporation Courts.

(f) The City Secretary or an assistant City Secretary shall be an officio clerk of said court.

(g) The Clerk of said Court and his deputies shall have the power to administer oaths and affidavits, make certificates, affix the seal of said Court thereto, and generally do and perform any and all acts usual and necessary by the clerk of courts in issuing process of said courts and conducting the business thereof.

(h) In case of the disability or absence of the Judge of the Corporation Court, the City Manager, or in the absence or disability of the City Manager, the Mayor, shall act as judge of said Court.

**SECTION 2:** That said election shall be held at the City Hall in the City of Hereford, Texas, and the entire City shall constitute one election precinct.

**SECTION 3:** That the following named persons are hereby appointed officers of the election, to-wit:

T. W. Alderson, Presiding Judge  
Troy Moore, Judge  
Mrs. Earl Phillips, Clerk  
Mrs. S. O. Wilson, Clerk

**SECTION 4:** That said election shall be held under the provisions of the general laws of the State of Texas governing General Elections, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote. That the manner of holding said election shall be governed by the general laws of the State of Texas regulating general elections, when not in conflict with the provisions of the law hereinafter referred to.

**SECTION 5:** That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S., Election Code, adopted by the 52nd Legislature in 1951, and that printed on such ballots shall appear the following:

**AMENDMENT NO. 1**  
"FOR THE AMENDMENT OF SECTIONS 1 AND 2 OF ARTICLE IV OF THE CITY CHARTER INCREASING THE NUMBER OF COMMISSIONERS FROM TWO TO FOUR"  
"AGAINST THE AMENDMENT OF SECTIONS 1 AND 2 OF ARTICLE IV OF THE CITY CHARTER INCREASING THE NUMBER OF COMMISSIONERS FROM TWO TO FOUR"

**AMENDMENT NO. 2**  
"FOR THE AMENDMENT OF SECTION 8 OF ARTICLE V OF THE CITY CHARTER PROVIDING FOR A CORPORATION COURT AND CREATING THE OFFICE OF JUDGE OF SUCH COURT"  
"AGAINST THE AMENDMENT OF SECTION 8 OF ARTICLE V OF THE CITY CHARTER PROVIDING FOR A CORPORATION COURT AND CREATING THE OFFICE OF JUDGE OF SUCH COURT"

As to each of the foregoing two amendments, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the respective amendments; or, in the alternative, each voter may vote on the amendments by placing an "X" in the square appearing on his ballot beside the expression of his choice.

**SECTION 6:** The City Secretary shall at once, and at least thirty (30) days prior to the election here-

in ordered, mail a copy of the proposed amendments to every qualified voter in the City of Hereford, as appears from the tax collector's rolls for the year ending January 31, 1956.

**SECTION 7:** That a copy of this ordinance, signed by the mayor of the City of Hereford and attested by the City Secretary, shall serve as proper notice of said election.

**SECTION 8:** That notice of said election shall be given by publication of a copy of this ordinance, at the top of which shall appear the words "NOTICE OF ELECTION FOR CHARTER AMENDMENTS." Said notice shall be published on the same day in each of two successive weeks in a newspaper of general circulation, published in the City of Hereford, the first of said publications to be made not less than thirty (30) full days prior to the date set for said election.

Passed and approved, this the 16th day of April, 1956.

J. H. Sears,  
Mayor, City of Hereford, Texas

ATTEST:  
Thelma Jersig,  
City Secretary, City of Hereford, Texas

(City Seal)

This notice of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the above and foregoing ordinance of the City Commission of the City of Hereford, Texas, and under authority of law.

Witness my hand and the seal of the City of Hereford, Texas,

this the 17th day of April, 1956.

**THE STATE OF TEXAS TO ANY SHERIFF OR ANY CONSTABLE WITHIN THE STATE OF TEXAS—GREETING:**

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Deaf Smith County, Texas, the accompanying citation, of which the hereinbelow following is a true copy.

**CITATION BY PUBLICATION THE STATE OF TEXAS.**

TO: The unknown stockholders of the Hereford National Bank, a corporation, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and to all persons claiming any title or interest in land under heretofore given to John E. Ferguson, President of the Hereford National Bank, and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee, Defendants, Greeting:

You are hereby commanded to appear before the Honorable Dis-

trict Court, 69th Judicial District, of Deaf Smith County, Texas, at the Courthouse thereof, in the city of Hereford, by filing a written answer at or before 10:00 a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of May, 1956, to Plaintiff's petition filed in said court, on the 13th day of April, 1956, in this cause, numbered 3873 on the docket of said Court and styled WAYNE WALLACE, Plaintiff, vs. THE UNKNOWN STOCKHOLDERS OF THE HEREFORD NATIONAL BANK, A CORPORATION, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and all persons claiming any title or interest in land under deed heretofore given to John E. Ferguson, President of the Hereford National Bank, and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee.

A brief statement of the nature of this suit is as follows, to-wit:

A trespass to try title suit in which Plaintiff, for cause of action, alleges that on or about the 1st day of April, 1956, he was lawfully seized and possessed of the following described land and premises situated in Deaf Smith County, Texas, holding and claiming the same in fee simple, to-wit, the West 80 feet of Lot No. 2 in Block No. 18 of the Original Town of Hereford, Deaf Smith County, Texas, being the same land described in a deed from the Western Union

Land Company to John E. Ferguson, President of the Hereford National Bank and his successors, in trust for the stockholders in said bank, dated Dec. 20, 1900, and recorded in Volume 6 at Page 342 of the Deed Records of Deaf Smith County, Texas, and also being the same property described in a deed from Western Union Land Company to F. L. Vanderburgh, dated March 17, 1902, and recorded in Volume 8 at Page 151 of the Deed Records of said Deaf Smith County, Texas. That Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of \$1000.00. Plaintiff prays for judgment for title and possession of said land, claiming title by virtue of the Statutes of Limitation of five, ten, and twenty-five years, and other and further relief to which he is entitled, as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law and the mandates thereof and hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Hereford, Texas, this the 13th day of April, 1956.

Lucille Posey, Clerk of the Dis-

trict Court, 69th Judicial District, Deaf Smith County, Texas.

**SUBMARINE DENTISTRY**  
GROTON, Conn. (AP)—They're not dentists, and it wouldn't do them any good to say "open wider, please," but certain key workmen on atomic submarines use dentists' drills and mirrors. They are shipyard choppers usually pictured as beefy individuals swinging a heavy hammer to cut apart sheets of welded steel.

You have to be a little more delicate, however, on the precision job of removing excesses or bumps left by the welders who themselves operate with surgical precision in joining the piping of craft such as the Nautilus and Seawolf, atomic submarines.

For that work, the chopper uses a drill identical with that employed by a dentist. And a dentist's mirror comes in handy when the work has to be done on the far side of a pipe.

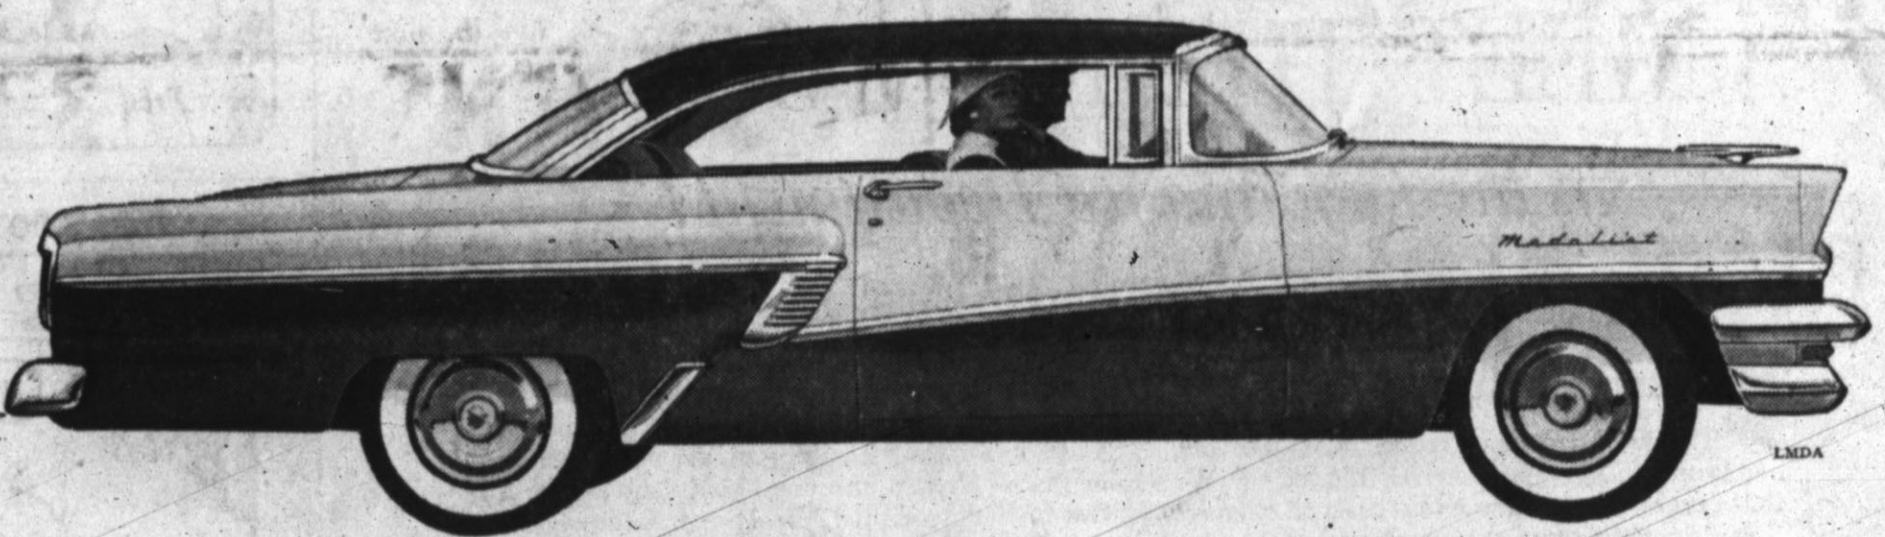

**COW IN A HUT**  
SHELBY, N. C. (AP)—If you know how to get a cow to have a heifer calf, farmer Charles Peeler wishes you'd pass along your secret.

Back in 1946, as part of his 4-H Club project, Peeler received a registered Jersey heifer who turned out to be an exceptional milk giver. She also produced a calf the year after Peeler got her. It was a bull.

Nine years have passed, and each year she has had a calf—always a bull.

### Bill Carmichael Is First WT Justice

CANYON, (Spl.) — Bill Carmichael, Hereford junior, will become the first West Texas State student to serve as Chief Justice of the student union court. The post was created in a recent amendment to the student constitution.

Carmichael, the son of Mr. and Mrs. Pete Carmichael of Route 1, is a pre-dental student at WT, and is vice president of the disciple student fellowship.

The new Chief Justice defeated his only rival for the post in the campus election, Terry Julian of Lockney, 297 to 93.

### MORE ORANGES

LAKE ALFRED, Fla. (AP) — So many new citrus groves have been planted in Florida in the last two years, the State Plant Board reported, that orange planting stock has been used up.

Charles Foucher of the plant board said some nurseries are sold out of pineapple and Valencia orange stocks through next November. Thousands of acres of new groves have been set out in the citrus section of central Florida in recent months, most of them oranges, Foucher says.

### NOT A CRIME RING

McALESTER, Okla. (AP) — Officers rushed to the federal building when the alarm went out that someone was sealing the four-story structure.

Officers collared the youth after he climbed down and learned his name was James Couzzourt, 15, who wasn't trying to become a human fly.

He said a companion threw a ring on a stone ledge and he just climbed up to retrieve it.

### Come in and Drive the Surprise Car of the Year!

The word's getting around fast—the big, handsome husky you see here is the big surprise that caught the industry a year or so off balance!

But it didn't come as any surprise to Pontiac engineers that they had the year's performance sensation.

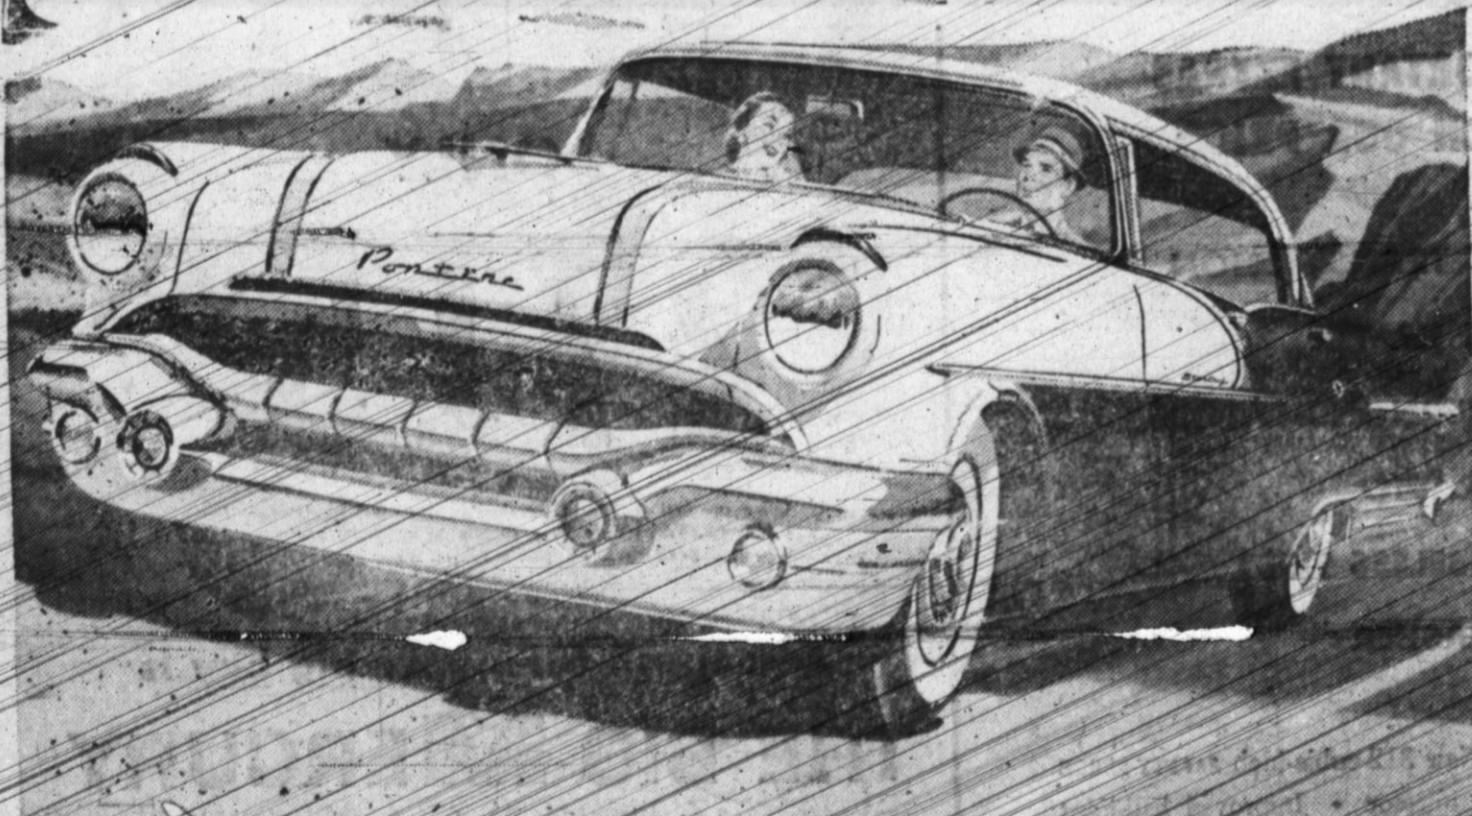

They knew all along that it would be, because they started from scratch and designed the most modern and efficient high-compression, high-torque V-8 engine in America!

Then they tailored an all-new Strato-Flight Hydra-Matic\* especially for Pontiac's high-stepping Strato-Streak power plant—and for nothing else! The blazing action of 227 horses is yours in a flash with the positive, no-lag action of gears—plus an amazing liquid coupling for a smooth, uninterrupted flow of power to the wheels.

Bring yourself up to date—come in and pilot the surprise car of the year—you'll soon see what the talk's all about!

And don't be afraid to ask about price, for that's another pleasant surprise—the one that will let you boss the best on the road for a great deal less than you probably think! \*An extra-cost option.

## Dealer Presented New Safety Award

Truly - Teague Chevrolet has been presented a Highway Safety Award for contributing to traffic safety by the Texas Automotive Dealers Association, the State organization of factory authorized new car and truck dealers.

The award is in recognition of the company's lending a pick-up to Hereford high school for the purpose of familiarizing agricultural students with the operation of the type vehicle they will drive in farm work, and serves the additional purpose of furthering the farm program of the school.

Frank M. Gillespie, San Antonio, President of the State Association, has announced greater traffic safety as one of the top goals of his administration. He said that his combination training in driving and farming skills is one of the most commendable civic undertakings in which a dealer can participate.

The Association program of lending pick-ups and cars to high schools for driver training is under the direction of C. B. Smith, Austin, Safety Chairman for the dealer Association.

In addition to the pick-ups, nearly 300 members of the Texas dealers' association have loaned cars, many of them equipped with dual controls, to schools in their community where "behind the wheel" instruction is given in high school driver training, according to Tom J. Crooks, Association Manager.

Several hundred additional schools have courses in the theory of driving, but due to the lack of qualified instructors for "behind the wheel" training, these schools limit their courses to class room only.

### House Demolished, 200 Chickens Lost Tuesday In Butane Explosion

By MRS. T. B. THOMAS

A small three room house that the Cliff Pattons used as a chicken house exploded on Tuesday morning killing some two hundred baby chickens. Mr. Patton was burned on the face and hands. Cause of the explosion was thought to be from leaking butane.

Mr. and Mrs. Jimmy O'Dell and children of Big Spring have moved back to the Panhandle. Mrs. O'Dell and children are visiting with Mr. and Mrs. C. A. Sauley until they are settled. Larry is attending school in Hereford.

Mr. and Mrs. Abraham Drager have been in Clovis visiting the M. L. Dragers, sharing in their grief over the sudden death of their seven year old daughter, Gertrude Willamena. The funeral was held on Friday afternoon.

Mr. and Mrs. W. C. Meharg and Milton of Hereford visited Sunday afternoon with Mr. and Mrs. Bill Franks and children.

Mrs. P. B. Sowell has been in Amarillo visiting her daughter, Mrs. Buck Cunningham, who has been in the hospital with pneumonia.

#### Society Meets

The Willing Workers Missionary Society met Wednesday afternoon with Mrs. J. C. Morrison as hostess. The group studied the Book of Acts. Those attending were Mrs. Harold Head and children, Mrs. A. A. Head of Hereford, Mrs. Jim Auten, and Beverly and Mrs. R. L. Wilson, the hostess, Judith Morrison and Deborah Thomas.

Mary Lynn Morrison and Jane Auten were among the students in the chorus in Hereford Public Schools who participated in the contests in Canyon Wednesday.

Mrs. T. B. Thomas and Dieder and Mary Lynn Morrison attended the County 4-H contests in Hereford Saturday afternoon at the REA kitchen. Mary Lynn will en-

ter the district contest to be held in Canyon.

Recent visitors of the Abraham Dragers were Mr. and Mrs. J. B. Drager of Oklahoma City.

#### Honored At Reunion

Mrs. Joe Wagoner was the honoree at a family get-together on Friday, the 13th. Mr. and Mrs. Van Colthorp and children of Littlefield, Mr. and Mrs. Art Shafer and Linda, and Mrs. Zona Cochran of Hereford; and Mr. and Mrs. John David Owens and David of the Frio Community were the guests. There were two birthday cakes: one filled with the gifts, and one to eat. The cake was decorated with black cats and all sorts of hobgoblins for the unlucky day. Others attending were Clarence Sauley, Joe Wagoner, Ann, Gayle and Joe Bob.

Joe Wagoner and Art Shafer took Mrs. Zona Cochran to Borger Tuesday, where she joined her brother, Zeb Jackson, for a trip to Fletcher, Okla., where they attended the funeral of their older brother, Luther Jackson.

Mrs. Buck Cunningham of Amarillo visited with her parents Mr. and Mrs. P. B. Sowell Thursday. Mrs. Cunningham is recuperating from a recent illness.

Mr. and Mrs. Jessie Leal of Muleshoe visited with Mr. and Mrs. L. E. (Bud) Taylor and children Sunday afternoon. Mr. Leal and Mr. Taylor used to be co-workers in the same company in the Rio Grande Valley.

Mr. and Mrs. Joe Wagoner visited with Mr. and Mrs. John David Owens and David visited in the Frio Community Sunday. Mrs. Owens and David have been sick with the virus.

Approximately 15,730 persons were killed in weekend traffic accidents last year.

### Mrs. Ray Wilhelm Elected to Office

Mrs. Ray Wilhelm was chosen district parliamentarian Thursday when the Amarillo District Council of Catholic Women held its annual spring meeting at the Sneed Hotel in Dumas.

She will serve with Mrs. Lawrence Jentzen of Vega, the incoming president, who succeeds Mrs. Ed Loerwald, retiring president.

The one day session, with Mrs. Loerwald presiding, opened with registration and a coffee hour at 9:30 a.m. and closed with Benediction of the Blessed Sacrament, followed by an afternoon tea. There were 12 parishes represented by the 149 delegates and visitors who attended.

Honor speaker at the luncheon was Auxiliary Bishop John L. Morokovsky of Amarillo, representing Bishop Laurence J. FitzSimon.

Delegates from St. Anthony's parish in Hereford attended the meeting. They are Mrs. Leo Ohlig, who represented the Antonian Circle, Mrs. Mike Betzen, who represented the Confraternity of Christian Mothers, and Mrs. Gene Loerwald, representing St. Anthony's Guild. Also attending were the Rev. Raymond Gillis, S. A. of St. Joseph Mission and the Rev. Bartholomew Paytas, S. A., pastor of St. Anthony's.

Christine Casaus and Barbara Coggins from San Jose' Mission at the Hereford Labor Camp appeared on the program in the interest of the work of the Confraternity of Christian Doctrine.

**FREE WHEELING**  
ANDARKO, Okla. — Newt Spradlin is going to think twice before making more rash propositions.

The Rev. Ward H. N. Gregg went into Spradlin's store to buy a bicycle and the proprietor told him "if you can ride the bicycle out of here you can have it." Gregg mounted the two-wheeler and rode off.

#### HIT MISSED DOORS

CHARLOTTE, N. C. — The only trouble with the plate glass doors in Charlotte's new Coliseum is that a lot of people don't see 'em, that is.

A great many persons walking briskly through the ground floor lobbies have whammed into the transparent full-length doors.

At least four of the doors have been shattered — with no serious damage to the unwary pedestrians.

City Manager Henry A. Yancey is considering installing flashing red lights or luminous tape to protect both parties to the collisions.

#### CALL AN EXPERT!

ALBUQUERQUE, N. M. — John Dyer Wilbur, Albuquerque, asked U. S. District Court to declare his bankrupt. He listed debts of \$5725 and assets of \$1550. He said he was employed as a financial consultant.

## IT'S TORQUE THAT MAKES THE WHEELS GO 'ROUND!

... And the High-Torque Output of Oldsmobile's Famous Rocket Engine is Instantly Translated into Outstanding Performance at the Rear Wheels!

**LET'S TALK TORQUE!** In plain language, torque is "twist" — like turning a door knob. It's the force that makes the wheels go 'round. So it follows . . . the more torque your engine has, the more go-power your car has . . . the more getaway at the light . . . the more action on the open road!

That's why, when it comes to power, there's nothing like Oldsmobile's Rocket T-350 engine — because the Rocket is torque TNT! Figures prove it: 350 pound-feet at 2800 rpm (340 pound-feet at 2400 rpm in "88" models).

**OLDSMOBILE CHASSIS IS ENGINEERED TO HANDLE HIGHER TORQUE!**

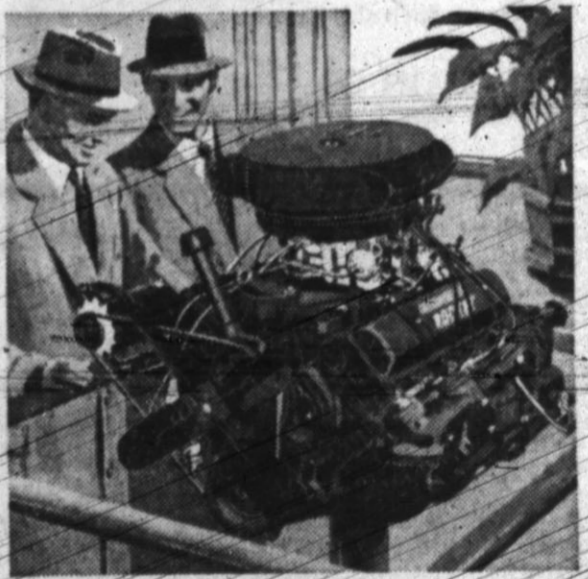

Oldsmobile has the chassis to take Rocket torque . . . a skillfully engineered Oldsmobile chassis with an extra-sturdy, dynamically balanced drive shaft, and an extra-rigid frame that resists twisting and weaving. What's more, the Rocket's got horsepower

to spare! And with Oldsmobile, it's high-usable horsepower . . . a by-product of engine design aimed straight at the wheels — design that translates horsepower into terrific torque at normal engine rpm's.

**TOP TORQUE MEANS TIP-TOP PERFORMANCE!**

The result is higher torque — silken, responsive Rocket action. Touch the accelerator, ever so gently, you "go" . . . and we do mean "GO!" You thrill to smoother, swifter bursts of power in medium speed ranges — tip-top performance for everyday use — spectacular performance when you need it . . . when you want it.

Any way you look at it, you can't top the Rocket for thrills for the money — or for top return when it's time to trade. Stop by soon. Rocket 'round the block . . . or around the town if you like!

OLDSMOBILE'S ROCKET — a double winner in 1956 Mobilgas Economy Run. Get the feel of top horsepower, top torque in the engine that's an economy champion, too!

## Growing with America for 125 years

In 1831, the first Savings and Loan Association in the United States was founded at Frankford, Pennsylvania. This first Association was founded to help its members save for and buy their own homes.

Today, more Americans go to insured Savings and Loan Associations for home financing than anywhere else.

**6,000 new savers each day!**  
Today, the people of America are saving for many important things and look with special confidence to Savings and Loan Associations. The number of savers in insured Associations has increased in 125 years to over 15 million . . . and new savers are coming to these insured Associations at the rate of 6,000 each day! Assets of insured Associations have soared to \$34.5 billion!

These savings dollars are not subject to market fluctuations and are protected by sound, forward-looking management and substantial reserves. Savings accounts are insured up to \$10,000 by the FSLIC — a U. S. Government agency.

**Responsibility to public trust**  
Today, Americans are putting more of their money in Savings and Loan Associations than ever before. It's their responsibility to adhere to the principles which have caused these Associations to grow with America for 125 years.

On the occasion of this 125th anniversary, the Savings and Loan Associations pledge themselves to the continuation of these principles which have enabled them to serve so successfully two of America's most cherished traditions . . . thrift and home ownership.

He is the Light in every storm and will surely guide your ship when the seas are heavy. There will be light in darkness for those who look upward. LETTERS TO EDITOR

Judge Clarifies Plight Of Mr. Patricio Gomez Mr. Jimmie Gillentine, Editor, The Hereford Brand, Hereford, Texas Dear Jimmie:

I have no criticism whatever regarding the reporting of the plight of Mr. Patricio Gomez but thought that some additional history of his case might be interesting. In the contempt hearing the only question really before the court to be decided was whether or not during the 27 months in question he was able to make as much as one payment of \$85. "A party who was able to pay one or more delinquent support payments as they accrued, but who is, at the time of contempt hearing, unable to pay arrearages, is nevertheless subject to punishment." It may be that Mr. Gomez merits some sympathy on account of his present plight. But, the hardships and plight of his wife and child have been well known to me all this while. To my mind, their plight merited much consideration. He did not even pretend that he was unaware of the needs of his child. In fact, although he was given a written notice to appear and "speak his piece," he had nothing to say for himself until he was told the decision of the court. Incidentally, he reads and understands the English language very well. While his wife and child were keeping body and soul together on the meagre earnings of his wife without his help, he had nothing at all to spare for his child even though his income and earning capacity were far greater than that of his wife. The law is that even though parents are separated or even divorced, yet the father continues to be "the head of a family" of which the children remain a part" and his legal responsibility for the support and welfare of his children continues. I believe this is also good morals. They have a legal and moral right to support from both parents. Mr. Gomez never did give the court any choice of deciding whether he could pay as much as \$5 or \$50 or \$85 per month. More than 27 months ago when the hearing was had on the matter of setting the amount of child support the undisputed evidence was that at that time he had failed to pay any support for nearly a year. The evidence was also undisputed that \$85 per month was the needed minimum child support. He was represented by a lawyer and his contention was that he was unable to pay any amount whatever. The evidence was also that he had in the past had earnings of from \$500 to \$600 per month and was still capable of making good earnings. Why was he ordered held in jail until he paid up all arrearage? The history of this matter goes back more than three years and, of course, is too long to relate in full. There had been litigation about the matter in other courts and from time to time several people had worked on it but without any benefits forthcoming in the way of child support. Since the hearing 27 months ago at least one friend of the family tried hard to work out the matter but without results. Had anyone wanted to be hard on him, for every month that passed without payment he could have been charged and tried each time. Every day since the support order was entered the same court that entered the order was open to him for an application for reconsideration or revision of the support order. More than one notice has been mailed to him to his last known address to remind him of this obligation.

For many months it has been my practice to seek the assistance and advice of the County Child Welfare Boards in connection with every problem relating to the welfare of children. But such Boards are unable to assist when they are unable to contact the person concerned or get him to meet with the Board. He is now available. The history of such cases is that it takes only a few days to arrive at a satisfactory solution when the next move is up to him—regardless of how poor his performance has been in months and years past. As evidence of this—there is nobody else in jail in this district in a case of this kind. Sincerely, Harry H. Schultz, District Judge HHS/jgn

Phychiatrist Disapproves Of School Spanking Policy

ANN ARBOR, Mich. (U)—A nationally known psychiatrist says the recent vote of the Detroit Parent-Teachers Assn., approving corporal punishment of pupils is evidence of a "growing tendency toward the use of physical brutality in our social relations." Dr. Ralph D. Rabinovitch, head of the psychiatric unit of the children's hospital at the University of Michigan, told a mental health conference here that "the school should not be the one to decide which type of child may be involved in a particular spanking." "To me, it's fantastic that a city like Detroit would allow teachers to use physical violence against pupils when they wish," Dr. Rabinovitch said. "While there are no doubt children who could well stand a good swat or two, there are too many others who would be seriously harmed because their personal resources were inadequate to meet this crisis." Dr. Rabinovitch also criticized what he said was the tendency to blame parents for the shortcomings of their children. "In many cases," he said, "this merely throws greater responsibility on people who aren't equipped to handle it and who themselves may have suffered serious childhood deprivations." He said it has made parents "afraid to expose deficiencies in their children at a time when they can be promptly and efficiently handled." "If the general tone toward parents is one of blame or threatened arrest," Dr. Rabinovitch stated, "then the chances are we will not be able to help the parents effectively, either."

### Civil War Battles, Teen Age Crimes Featured in This Week's Cinema

#### MAD AT THE WORLD

A timely and violent story based on one of today's hottest headline topics is unfolded in Filmakers' "Mad at the World," which will show Thursday and Friday at the Tower Drive. In it extracts a maximum of powerful drama from the subject of teen-age criminality.

Frank Lovejoy, Keefe Brasselle, Cathy O'Donnell and Karen Sharpe are co-starring in the provocative motion picture.

An almost relentless pace marks the story that opens with an unprovoked attack by teenage rat-packers on a young man, his wife and baby, and concerns the husband's attempts to take personal revenge while police make their own methodical investigation.

Lovejoy ably plays the detective assigned to the case, and Brasselle rises to his best dramatic opportunity to date as the young father who seeks out the hoodlums and finally clashes with their most vicious ringleaders. Cathy O'Donnell is effective as Brasselle's wife and Karen Sharpe portrays the gang's girl friend.

#### SEVEN ANGRY MEN

It was a romantic reunion for Debra Paget and Jeffrey Hunter when Allied Artists cast the young players for co-starring roles with Raymond Massey in "Seven Angry Men," the powerful drama of a nation's crisis, which will show on Saturday at the Tower Drive. "Seven Angry Men" presents Massey as one of the most controversial figures in American history, the Ohio farmer of the mid 1800's, John Brown, who became a militant fanatic on the side of the anti-slave cause.

Hunter's role is that of one of Brown's seven sons, the only one who remained at his father's side up until the day of the father's death on the gallows.

The drama sweeps from Kansas Territory on the eve of statehood, to Ohio, to Boston and to Harper's Ferry, Virginia, where John Brown's attempt to seize the Federal arsenal met disaster with the advance of troops under Col. Robert E. Lee, the officer who later became the general in command of the Confederate forces.

### Household Scrapbook

#### Storing Silver

Danger of tarnish can be eliminated if silverware is stored in bags of red, green or gray Canton flannel, or receptacles lined with this material. White flannel should not be used, as the chemical used in bleaching it has a tendency to darken the silver. All that is necessary to keep sterling silver bright is a washing in hot soapy water; rinse thoroughly in clear, hot water and wipe dry.

#### Nickel and Chromium

Nickel and chromium articles should be cleaned by wiping with a damp cloth. Do not scour. If they are to be stored, coat the polished surfaces with mineral oil.

#### Sunstroke

A first aid remedy for sunstroke is to loosen the clothing, get the patient into the shade, and apply ice cold water to the head.

#### Indelible Ink

It is much easier to mark a handkerchief or other article, with indelible ink if the spot to be marked is first dipped into cold starch, then pressed with a hot iron. This will give a smooth, hard surface on which to write.

#### Odors

To banish odors when cooking "smelly" vegetables, place a rather small pan of vinegar on the back of the stove. It will prevent the odor from going all through the house.

#### Ants

When bothered with ants, try taking some camphor gum, breaking it into small pieces and scattering it around the haunts. It will keep them away.

#### A Sudden Shower

Should one's starched laundry be caught out on the line in a short shower, don't bother taking them down, but allow them to remain until dry. They will retain their original stiffness.

#### Keeping Fit

The children will be in the pink of condition during hot days by cutting down the amount of meat and giving them lots of fresh vegetables, fruits, salads and milk.

#### Moths

Newspapers are a moth preventive, and it is well to spread them down on the floor before laying a rug or carpet.

#### Cream Economy

Rinse the cream pitcher with cold water before pouring the cream in it. This will prevent the cream from sticking to the sides of the pitcher.

## Jeff Terrell Injured When Pickup He Is Working On Rolls Over Him

By FRANCES ANDREWS

Jeff Terrell received a fractured left hand, bruises, and cuts when the pickup on which he was working rolled on him Monday evening. As his wife was ill, the Terrell children, Sandy and Kay Beth, returned home Monday with Mr. Terrell's sister-in-law, Mrs. Glenn Terrell, of Hart, to spend a few days.

The Frio Vacation Bible School is planned to begin June 4 continuing through June 8 with commencement night to be Friday night, June 8. The principal is to be Miss Veradelle Andrews and the superintendents of the classes will be as follows: Mrs. J. H. Dobbs, nursery; Mrs. Floyd Cole, Beginners; Mrs. James Dobbs, the six-year-olds; Mrs. Clark Andrews, Primaries; and Mrs. Weldon Stephán, Juniors. Children from the age of two through 12 are welcome to attend. Preparation day will be held at 4 p.m. Friday, June 1; the school will start at 8 a.m. each morning.

#### Birth Day Dinner

Mr. and Mrs. James Dobbs and Rev. and Mrs. Baldwin, and Eugene were supper guests Thursday night of Mr. and Mrs. J. H. Dobbs, Clark and Larry. The occasion was to celebrate the birthday of James.

A surprise "pounding" was held Wednesday night after Prayer Service for Rev. and Mrs. B. H.

Baldwin and family. It was given to celebrate Rev. Baldwin's birthday which was Tuesday. Refreshments of coffee, Kool-aid, lemonade, cookies and apples were served.

#### Dismissed from Hospital

Freta O'Bryant, infant daughter of Mr. and Mrs. Vernon O'Bryant, was able to be taken home from the hospital Thursday. Mrs. Marion Ferguson of Westway, brought the other O'Bryant children home Friday. They are Jerry Dean, Linda and Rita and had been staying with the Fergusons during the two weeks that Freta has been ill. James and Vernon, sons of the O'Bryants, stayed at home, helping their parents and attending school.

Mrs. H. M. Mobley went to Floydada Tuesday and visited her sister, Mrs. Claude Price. Mrs. Leila Taylor, their mother from Throckmorton, was visiting there also and came home with Mrs. Mobley for a few days visit. On Wednesday she and Mrs. Mobley went to Amarillo.

#### Build New Nursery

Some of the men of the Frio Baptist Church have been working nights making a nursery for the babies. They have built eight cribs and painted them white, painted the southeast room of the building in light blue and are laying linoleum on the floor. New little inner-spring mattresses were made at Lubbock, from old mattresses given by local people, for the nursery. New curtains are planned for the two windows and the room is going to be a very attractive place for the community's youngsters.

Clark Dobbs accompanied Miss Geneva Davis, her sister and family, of Portales, to Amarillo, Sunday, to visit in the home of another sister of the ladies.

#### Hamburger Fry Held

The C. B. Class had a hamburger fry party at the school house, Friday night. Those attending were Mr. and Mrs. Wallace White and children, Mr. and Mrs. Weldon Stephan and Rhonda. Mr. and Mrs. Jeff Terrell and children, Mr. and Mrs. Leonard Schmidt, Mr. and Mrs. T. L. Sparkman Jr., and children, Mr. and Mrs. Clark Andrews and Rocky and Miss Alma Andrews.

W.M.U. met Tuesday in the home of Mrs. Floyd Cole for a missionary program. Those on the program were Mrs. Leonard Schmidt, Mrs. Owen Andrews, Veradelle Andrews and Miss Alma Andrews. Others present were Mrs. Henry Dobbs, Mrs. James Dobbs, Mrs. B. H. Baldwin, Mrs. T. L. Sparkman Jr., Mrs. Olin Parriss, Mrs. Glenn Roberts and the hostess. The next meeting is to be in

# Prevention And Treatment Of Snakebites Discussed At Clubs

Since more people are bitten by snakes in Texas than any other state Home Demonstration Clubs have included a program on "Snakes and Snake Bites," in their study of Health and Safety this year.

Clubs reporting are:

**WYCHE**  
Mrs. C. F. Newsom presented the program on "Snake Bites" for members of the Wyche H. D. Club at the home of Mrs. C. C. Ellis April 19.

Mrs. Newsom used ways of identifying poisonous snakes and told the group that only 16 out of 103 kinds found in the state are to be feared.

"Poisonous snakes have triangular shaped heads and catlike eyes" she said. She also told the women that among the 16 are four kinds of rattlesnakes and contrary to popular belief they do not always sound a warning before they strike.

Mrs. Newsom described a plan for protecting farm homes and ranches with a specially constructed yard fence. The yard may be made secure against most snakes by using a one quarter inch mesh wire about waist high and sinking it into the ground a few inches.

People should be aware that snakes travel more at night and just before and after a rain. Spring is a particularly dangerous season as snakes crawl out on rocky hillsides to sun. People are often bitten by one hidden under a rocky ledge.

Snakes are also found along river beds, stumps, logs, trash and leaves and around some low shrubs. A good practice is to wear long sleeves, gloves and foot protection when working in fields or out of doors.

Mrs. Newsom concluded with a demonstration on how to care for a person that had been bitten by a snake and stressed the importance of a first aid kit for the home and the car or pickup truck.

Mrs. Buddy Pickens acted as leader, introducing the program and speaker.

During the business session the members voted to make hats at a special all-day meeting in the near future.

Members each contributed a dollar to the council fund.

Present were: Mrs. Paul Zahn, a visitor, and Mesdames Ira Ott, H. L. Ward, George L. Olson, Jim Cross, Buddy Pickens, J. V. Pickens, C. F. Newsom, C. R. Damron and the hostess.

**PROGRESSIVE**  
"Learn snakes by their color so they may be easily identified as poisonous or non-poisonous" Mrs. Leon Coffin told members of the Progressive H. D. Club who met with Mrs. Taft McGee April 17. Mrs. Coffin told the group that

cats and guinea pigs were helpful in keeping snakes away from the home grounds. Most snakes, she pointed out, bite only when stepped on or tantalized.

She also gave pointers on what to do if one is bitten and emphasized the importance of remaining calm and acting promptly to bleed the wound and keep the poison from spreading.

Mrs. Alice Nivens was a guest. Members present were Mesdames T. J. Parsons, Leon Coffin, Harold Beauchamp, Earl Plank, H. L. Hershey, C. V. Burges, C. C. Billingslea, Bert Coffin, Lester English and the hostess.

**BIPPUS**  
The Bippus H. D. Club met with Christine Fortenberry April 1.

Mrs. G. V. Hall, president, called the meeting to order. Roll call was answered with a description of a poisonous snake or a personal experience with snake bite. The hostess gave the opening exercise.

Mrs. Elmo Hall gave a demonstration on how to use a snake bite kit.

Two visitors, Mrs. Rex Vaughn and Mrs. Melvin Henderson and the following members were present: Mesdames Clint Homfeld, Elmo Hall, J. G. Fortenberry, G. V. Hall and the hostess.

The next meeting will be with Mrs. Jimmy Perrin April 25.

**WESTWAY**  
"Statistics show that a good percentage of all snake bites take place near the home," members of the Westway H. D. Club who met with Mrs. George Turrentine April 12 were told.

Mrs. B. B. Northcutt and Mrs. Waldron Melton were in charge of the program.

More than a few of these are inflicted upon children playing in their own yards particularly where there is rubbish for the snakes to hide in.

The Western Ground rattle snake is the species most common to our area and professional collectors report that they are found in greatest numbers after heavy rain and at night. The Diamond Back Rattler is one of the two most dreaded. Every home should have and know how to use a kit for treating snake bite until a doctor can be reached, the women were told.

Mrs. Bess Werner and Mrs. C.A. Sauley gave a civil defense report regarding the school conducted for the Ground Observer Corps.

Members voted to support the 4-H Girls Council in the Prayer Room project.

Refreshments were served to: Mesdames Joe Wazner, C. A. Sauley, T. B. Thomas, J. C. Morrison, Troy Smith, B. B. Northcutt, R. L. Wilson, Waldron Melton, Morris Easley, Paul Rudd, Bess Werner, Harold Rudd, Ed Blak-

ney, a guest, and the hostess.

The next meeting will be with Mrs. R. L. Wilson April 26 for a program on "Floors and Floor Coverings." Members will have a home made gift exchange.

**SOUTH HEREFORD**  
Mrs. Ed Dziuk was hostess for the South Hereford H. D. Club on April 17 when Argen Draper, the county home-demonstration agent, gave the program on "Floors and Floor Coverings."

Mrs. Draper stressed the importance of at least 30 percent fiber for quality in a floor covering of this construction.

She told the women of a new rubber pad used underneath and pointed out the long wearing features of nylon carpeting which is also moth resistant.

Mrs. Frank Brinkman was a visitor. Members present were Mesdames R. L. Criswell, John P. Slaton, Ethel Layman, Clara Shore, S. S. Williams, Ada Hollabaugh, A. C. Flowers, W. H. Goetsch, R. F. Matthews, Evelyn Bell and the hostess.

**FORD**  
"Living Room Improvement" was the subject of the demonstration given by Argen Draper, CHDA for members of the Ford H. D. Club who met with Mrs. W. A. Bunch April 18.

Mrs. Draper said "Of the many things that carpeting does for your home and home decoration, the color and design it adds can be most pleasing."

Three things she told the group to remember when buying carpet were: 30 percent fiber to be satisfactory, to remember that the fibers listed first are present in the larger amounts and to buy carpet by weight.

Refreshments were served to Mesdames J. E. Dyer, Hardy Benson, S. T. Wiseman, C. D. Corley, LeRoy Williamson, Bill Link, J. L. Fite and the hostess.

The next meeting will be May 2 in the home of Mrs. S. T. Wiseman when the subject will be Homestead Improvement.

**RANCE HD CLUB**  
The Rance H. D. Club met on April 12 in the home of Mrs. Clarence Behrends.

The program was on "Yard Landscaping" given by Mrs. Sybil Stringer, who showed pictures and pointed out features to be remembered in a good landscaping program.

Members present were Mesdames B. G. Cotton, a visitor, George DeLozier, E. J. Hodges, Jack Strain, L. J. Conshman, H. G. Behrends and the hostess.

Excessive speed was the principal cause of traffic accidents in 1955.

# Signs Of The Times At Black Community

THE SEVERAL STACKS of plates and the big platters of fried chicken give evidence of the size of the meal prepared by the women of the Black community to be served to the judges and other visitors who met at the community center following a tour of the neighborhood on April 17. Object of the tour was to show the judges the progress

made by residents since entering the Rural Neighborhood Contest sponsored annually by the Farmer Stockman magazine and the Extension Service. Leading the guests serving themselves are Miss Doris Leggett, District H. D. agent and Mrs. Mona Hilbreth, Canyon, one of the judges. Jack Brazzil, another judge, also of Canyon, is next in line. (Staff Photo)

YOU CAN'T LOOSE for winning say residents of the Black community, listed in first place last week as the winners in the Rural Neighborhood Improvement Contest. Surprised at winning, since they entered the contest only in November, they declare that even if they had not placed among the top five, they still gained a great deal through close cooperation on the common project. Pete Braxton, chairman on the committee on Outside Improvement, told the judges that there were people in the community he didn't even know until they entered the contest last November. Pictured is one of the road markers put up by the community during the contest. (Staff Photo)

## Miss Roberta Campbell Receives HD Certificate

Jimmie Gillentine, publisher of the Hereford Brand, presented a certificate and check to Roberta Campbell as the outstanding

Home Demonstration Club Woman of the Year at the regular H. D. Council meeting held in the county court room on Monday.

In making the award, sponsored annually by the Hereford Brand, Mr. Gillentine said, "The purpose of setting up the award was to place emphasis on the work of the H. D. women in the county."

He listed those receiving the award in other years as Mesdames James Parmer Norton, Ira Ott, T. J. Parsons and Earl DeHart.

Nominees were elected from the various clubs and final selection from the nominees was made by secret committee.

## H D Chatter

By Argen Draper

Mrs. Cliff Hicks has called Maxie Wiseman in regard to the lightbulbs. Mrs. Hicks says that she needs some bulbs and would like to get them through the 4-H Club. Mrs. Floyd West was complimentary in her remarks concerning the light bulb program. She says, however, that she won't need light bulbs for a long time. We do have a few more packages in the office and will take your

order if you need them.

There are three new sellers at the Market: Mrs. Ken Ruda, Mrs. Ed Drink and Mrs. Harold Ridd. They are selling some white butter knives and spoons. Mrs. Drink says that spoons can be polished any way that children is needed. Spoons are considered quite a delicacy and we should try some of them.

There are a lot of pretty animals at the Market so if you need some for a gift or for yourself you should look through them. The animals will be featured Friday and Saturday.

Alta Thomas and I are in complete agreement on "cran book." She is making a cran book for Doris Ripe of the pictures that have been taken at the store. A cran book is a good way to keep up with articles, pictures and just about anything. Be sure to date and label the articles or you will forget when they were published.

The people on the programs in May will be sent program material. If the names of the persons on the program are in the yearbook in the office, they will be sent the parts; otherwise, the program material will be sent to the program chairman.

Congratulations to V. C. Overall and Mrs. Claude McDowell and everyone else who has had a part in making arrangements for Career Day which was held on April 24. This is another way of helping graduates decide on their future training.

committee reports.

Mrs. A. E. Hodges, THDA County chairman, read several letters of appreciation from women who attended the district THDA meeting here early in April and announced a balance of \$44 added to the council treasury.

Other reports were given by Mrs. L. J. Straffuss, treasurer; Mrs. A. E. Douglas, marketing chairman and Mrs. Paul Hoff, in the absence of Mrs. Taft McGee, reporting that the H. D. Chorus sang recently at the Summerfield program at the community center.

Mrs. H. S. Fuller, corresponding secretary also gave a report on letter of thanks written for the council to those taking part on the program for the district meeting.

#### Four-H Report

Mrs. Dorothea Prowell gave the 4-H report for the girls clubs and stated that the girls were completing their program on foods.

Vegetable preparation, main breakfast dishes, and refrigerator cookies have been the subject for demonstrations.

Three clubs were represented 100 percent and all 11 clubs had delegates or club presidents in attendance.

### WALCOTT NEWS

## Entertainment at School House Termed Success by Attending Crowd

By MRS. T. L. COLLINS

An interesting evening of entertainment was enjoyed by a good crowd at Walcott School Friday night.

A. L. Shelton announced the declamators who recently took part in contests: Larry Minks, "Two Kinds of People"; Kathryn Burris, "On First Seeing the Ocean"; James Burrus, "Little Boy Blue"; Gary Guseman, "If"; Merry Kay Pruitt, "I Am An American"; Barbara Neinast, "The Thinker"; Janell Weaver, "Mothers of Men"; and Royce Lee Pruitt, "What I Live For." Each of these children were present and gave their selections quite well.

#### Present Play

The eighth grade class of 1956 gave the one-act play, "Love Hits Wilbur." T. L. Collins, their teacher, directed the play. George Lockhart was prop and stage man. Sidney Hutson announced the characters, time and place of the play.

In it were: Wilbur, Gary Guseman; Mrs. Marshall, Janell Weaver; Mr. Marshall, Bobby Sesums; Connie, Margo Robinson; Betty Lou, Royce Lee; and Virginia, Mary Dufur.

This play was much enjoyed by the audience who considered Wilbur a typical teen-ager; even if his mother was worried at times, with his actions. Several good laughs were heard when Wilbur decided he was becoming a "man." The new improvised foot-lights helped a good deal toward the success of their play.

Refreshments of cake, cupcakes, Kool-aid and coffee were served by the class members. Donations were accepted to be used for a gift to the school by the class.

Mr. and Mrs. S. O. Perkins and Bob, Janice and Peggy Hunsucker of Hereford, R. Guinn of Friona, and Mark Williamson of Globe, Ariz., were guests for the evening. Mr. and Mrs. V. K. Hutson and children, a new family living in our community, came.

#### Honored on Birthday

Raymond Collins was honored on his twentieth birthday Wednesday evening, April 18, with a buffet supper in the O. R. Sanders home in Hereford. Those present besides the honoree were Mrs. O.

C. H. Hammock, J. S. Stocks, C.L. Bogle, Paul Lyons, James Cavin, Ronald Fuhrman, C. F. Burk, H. G. Hetzler and the hostess.

R. Sanders, Verita and Kit, Peggy Lowe of Amarillo, Mr. and Mrs. T. L. Collins and Bruce of Walcott. Cliff Patton was painfully burned early Monday morning when he lit a cigarette, while seeing about some baby chickens in the brooder house — evidently some butane was leaking, because an explosion resulted. The roof was blown from the structure and most of the 200 chickens were killed. Patton is doing fine.

Mr. and Mrs. Mark Williamson of Globe, Ariz., are here visiting with their daughter and family, Mr. and Mrs. Charles Hoover. They came Thursday. Little Connie Hoover has had the measles, but she just got along fine; we're pleased to report.

#### School Visitor

Mrs. Frances Walker from Amarillo, Commodity Distribution Supervisor for this district of the State Department of Public Welfare, visited Walcott School cafeteria Thursday afternoon. Mrs. Walker was checking to see how commodities were stored, how used, etc. She seemed pleased with things as she found them here.

Walcott School children and the teachers saw two good films at assembly Wednesday morning — a safety film — "Handle With Care," "Outlaw of the Cameron" — picture of the capture of a live mountain lion (here in Texas) placed later in a zoo. This film came from the Texas Game, Fish and Oyster Commission.

Donna Sue Guseman and her mother, Mrs. Don Guseman, attended the FFA State Meeting in Fort Worth this weekend. They returned home Sunday afternoon; both reported a good time.

#### Enters Poultry Contest

Wayne Johnson went with the FFA boys of Hereford High School to Canyon Saturday. He entered in Poultry Judging.

Mrs. Wallace Lumpkins, Carol Lynn and Carl went to Whiteface Saturday to visit her son, Charles, her brother, Mr. and Mrs. Steve Self and family.

Mrs. Lumpkins and children went on to Lubbock to see the doctor regarding Charles' knee that was operated on there a couple of weeks before. Charles' knee is affected by the muscles reacting to the recent operation, which makes it difficult for Charles to lift that leg, but his knee is actually doing real well. He is to walk to school on crutches the rest of this week. In three months time, Charles should have good use of his knee, the doctors report.

W. L. McCullar and Charles McClure accompanied the family home here on Saturday afternoon, returning Sunday afternoon.

#### See Baseball Game

Mr. and Mrs. T. L. Collins and Bruce saw the baseball game in Canyon Saturday afternoon, between the West Texas Buffaloes and the Hardin Simmons Cowboys. (West Texas won 10-2). After the game, they visited with Raymond Collins a while, before returning home.

P-TA will meet this Friday night at 8 p.m. First and second grade will have the program. Our guest speaker is Helga Thome, Hereford High School German exchange student. Bring pie for refreshments.

#### FUTILE LOCKUP

DUNCAN, Okla. — Cecil Blake has decided to leave his car doors unlocked from now on.

He reported he has locked his car only twice in the long time he has been driving — and both times it was broken into.

### Journalism Students Win Recognition

Two Hereford High Journalism students were awarded recognition for entries in the Regional Journalism Contest held in Lubbock last Saturday.

A second place certificate for copyreading was awarded to Carolyn Inman, daughter of Mr. and Mrs. Burke Inman, Carolyn, editor of "The Whiteface," is also a senior.

Chris Strain, daughter of Mr. and Mrs. B. L. West, received a fourth place honor in editorial writing, and a fifth place in news-writing. Chris, a senior, is the art editor of the high school paper, "The Whiteface."

Norma Hamby, daughter of Mr. and Mrs. John Hamby, accompanied little as alternate.

### Mrs. Davis Gets Foreign Greetings

Happy Birthday greetings from Landstuhl, Germany highlighted the day for Mrs. W. H. Davis and her daughter, Mrs. Bill Acton of Amarillo.

Following a long-time custom of celebrating their birthdays together, Mr. and Mrs. Davis went to Amarillo Sunday for the annual dinner party in the Acton home and it was there that they received the surprise birthday call from Mrs. Frank W. Durkee who joined her husband, Capt. Durkee, in Germany last October.

Also sharing in the birthday celebration was another daughter and her family, Mr. and Mrs. Al-tus Higgins and children of Hereford.

Mrs. Durkee is the former Miss Billie Davis. The family plans to move soon from Landstuhl to Erding, near Munchen where he is stationed with the U. S. Air Force. They will remain in Germany until in June, 1958.

### Hereford Firemen Attend Conference

Clay Angelo, fire marshal, and Glenn Witherspoon, assistant fire chief, returned Wednesday night from Lubbock where they attended the annual Firemen's Training Conference.

Two such schools are held each year in Texas, one in Austin, and one in Lubbock, and instruction is available to members of both paid and volunteer fire departments, according to Fire Chief Earl Phillips.

Starting Monday, the school conducts lessons in handling fires, handling and maintaining equipment and providing the weather cooperates, in actually putting out different types of fires.

#### PRIZE FROM POUND

ALBUQUERQUE, N. M. — They aren't all mutts and cross-breeds in a city pound. Sometimes there's a treasure. Mrs. L. K. Stout got a kitten from the pound for her children. They entered it in the household pet division of a cat show. The manager suggested they re-enter it in the black Persian male division. It won.

#### LOST TO RABBIT

DENVER — Albert Ross wants his entry fee returned. He entered his beagle, Bella, in a dog show at Pueblo, Colo., with high hopes of winning a title. The hopes and Bella vanished when the hound went over the hill in pursuit of a rabbit. She hasn't been seen since.

### TO STUDY AT NORTH TEXAS

## Dick Wilson Awarded Musical Scholarship

An interest in music that first manifested itself when a seven-year-old second grader came home from the movie and played "Meet Me in St. Louis" by ear on the piano, was culminated last week with the announcement that the boy, Dick Wilson, now 17, had been awarded a musical scholarship to North Texas State College in Denton.

Dick, a senior at Hereford High School, and son of Mr. and Mrs. Bob Wilson of Hereford, went to Denton with his parents earlier in the month to audition for the scholarship, with Dean Walter Hodges on head of the Music department at the college.

The scholarship will entitle him to two private lessons in piano per week plus the privilege of practicing in the specially designed practice rooms. He will be the student of Stephen Bardus, resident pianist at the college, who takes only 18 pupils per year and Dick is one of the few freshmen he has accepted for study.

As Dick plans to major in piano and minor in organ, he is also being given one lesson a week on the organ plus practice facilities, under terms of the scholarship.

Without the scholarship, Dick would be required to rent his practice rooms.

DICK WILSON

The scholarship is for one year, but he can audition for renewal each year. Various musical fraternities at the college help to sponsor these aids to study for talented young people.

When Dick began to think seriously of future study beyond his high school training, he decided he would rather study at North Texas than anywhere else, so he wrote com-

posers to inquire about scholarship possibilities.

Plenty of Competition They, in turn, questioned him about his past training and experience, and then invited him to audition. When Dick went down he realized he was up against a lot of competition, for the number of scholarships was limited, and it seemed the number of competitors was not.

The first inclinations of his musical talent came one day 10 years ago when he had been to the movie and came home and played the theme song, "Meet Me in St. Louis" by ear. At that time his parents decided to give him music lessons.

His first teacher was Mrs. Glenn Snyder and he studied with her until the summer following his freshman year at high school when he enrolled at the Musical Arts Conservatory in Amarillo as a student of Robert Hoffman, dean of the conservatory. He is still Mr. Hoffman's pupil.

#### Plays With Band

Dick has also been a member of the Whiteface Band for six years, playing cornet with them since he was in the seventh grade. He serves as accompanist for the boys' sextet, for solo numbers of the band and chorus and plays frequently for clubs and other organizations.

His principal interest is classical music of all types and his growing record collection is mainly devoted to the works of the major composers.

### Fire Damages Williams Home

Firemen were called Monday morning to put out a blaze at the Hobby Williams residence on Avenue F, right beside the Hereford water tower.

Fire Chief Earl Phillips said he believes the blaze must have been started by faulty electrical wiring. The fire apparently began in the attic and may have burned for some time before it was noticed. An estimated damage of between \$500 and \$1000 was done to house and furniture by water and smoke.

Three out of four traffic accidents happen in clear weather on dry roads.

### Telephone Talk

#### SUN POWER

Probably all of us can remember flashing messages with a mirror on a bright, sunny day. Or maybe you burned holes in dry leaves.

Well, we were all using "sun power." A simple form of it, yes. But it was still power from the greatest source of energy man has ever known—the sun.

For years, we've been reading about how men have been trying to capture and put to work the sun's energy. And telephone scientists, just in the past few months, have come up with the first workable device to do the job. It's called the Bell Solar Battery.

Believe it or not, the heart of the Bell Solar Battery is common ordinary sand. From this sand, silicon discs are made which can convert sunlight into electrical power.

How will the Bell Solar Battery affect your telephone service? Really, we don't know yet. But right now, an experimental installation of solar batteries is supplying power on rural telephone lines in another part of the country. This experiment may give us some answers.

Regardless of the future of the Bell Solar Battery, it is already proof of one thing: Telephone scientists will go to any lengths to find ways of improving your service.

This time they've even brought the sun into the act.

#### THE MILES FLASH BY

When you pick up the receiver of your telephone to make a long distance call, you're turning hours of days into seconds.

That's because a long distance call puts you in touch almost instantly with friends or relatives in a distant city.

As well as being the best way to keep in touch any time, a long distance call is also a happy thought for a special occasion—such as a birthday, anniversary, wedding or just a family get-together. You can talk as long as you like because long distance rates are low, especially if you call station-to-station. Remember, also, to call by number. Your calls will go through twice as fast.

#### WELCOME MAT IS OUT

From time to time, individuals or groups stop in at the telephone company to learn how we do things—and to see what's behind their telephone service.

If you'd like to do the same with friends or a business or social group, just call me. I'll be happy to plan a visit for you.

By Jimmie Gilentine

Saturday, April 21, should go down in history as a red letter day for Hereford. It was possibly the busiest day yet recorded in 1956—and it was the day when approximately 6,771 people ate all they could hold without paying one cent.

On the calendar last Saturday was the big REA meeting with Administrator Ancher Nelsen, \$90,000 in dividends, free prizes, free barbecue and good weather. Drawing not so many people, but from much longer distances, was the District 44 meeting of Toastmasters International; last, but far from least, were the estimated 5,000 hot dogs and free "pops" dispensed through Fur Food Store in a special promotion.

Actual count registered 1771 diners who marched through the REA lines served by Walter Jetton, famous Ft. Worth caterer. Few, if any of these people realized that some of the Jetton crew were on the verge of developing ulcers, chiefly because it looked as if they were going to run out of food. The situation got so bad, in fact, that only Mr. Jetton's vast experience saved the day and, even then, he was sailing on "a wing and a prayer." Mr. Jetton said he took the job on a guarantee of 1250 plates with a warning that there would possibly be more. When the last starving individual made his way through the line, they were still grinning and serving — although there were 521 plates more than the guarantee, which is getting fairly close to 50 percent.

Any housewife whose husband brings home unexpected guests knows Mr. Jetton's problem, on a small scale at least. Furthermore, they might even be interested in the little trick of the trade which has pulled him through more than once, including last Saturday. "If you have meat, bread, potato salad and drinks," said the Jetton crew, "you can always keep the crowd off your neck. They may not be the happiest people in the world, but you can at least hold your own." Such are the basics upon which the famous caterer relies for emergencies—and it has saved him many a headache.

To me, the only question is, "If you have all of those things, who ever thought you were out of food in the first place?"

Even I got a free meal Saturday, thanks to Dr. and Mrs. M.C. Adams, who invited Mrs. Gilentine and me as guests to the closing banquet of the Toastmaster district speech contests. The speakers pulled a lot of good jokes out, for the life of me, I can only remember two or three, which follow:

A man applying for a job was asked about his executive ability and answered, "Oh, I have about 1500 people under me."

Asked concerning his present occupation, he replied: "I chop weeds in a cemetery."

A drunk, after being out all night, leaned on a parking meter and dropped in a nickel. The little hand immediately jumped up to "60."

"What a night! What a night!" moaned the drunk. "Here it is barely morning and I've already lost 100 pounds."

Weather forecast for Monaca: "Due to be a 'Little Rainier' in a year or so."

The talks were good, the meal was excellent. I don't know how the visiting Toastmasters felt about the district meeting, but I considered it a success. Even Mayor Henry Sears was happy. He made the welcome address and on the program he was billed as

## County May Be Invaded Soon ... By Horde Of Grasshoppers

The chances of Deaf Smith County's being invaded by a horde of grasshoppers increases daily as the calendar approaches hatching time for the insects.

Farmers in the area, already alerted to the possibility of "hopper infestations," met a couple of weeks ago and turned in their application for grasshopper control aid on some 30,000 to 50,000 acres of land.

County Agent Hugh Clearman said they would probably meet again next week to survey their progress and plan the next step in their campaign to get rid of the trouble-makers. He warned farmers again to be on the alert for the young, wingless grasshoppers that begin hatching about now, and may continue through May and into June.

Already reports from East of town indicated there were hoppers present, but authorities recognized that they might be members of the one specie that overwinters in the adult stage instead of in the egg stage.

But the danger of a severe grasshopper invasion was not limited to Deaf Smith County alone. USDA reports indicate that farmers will need to be on the lookout for them throughout the Panhandle and on southward along Caprock and from the Red River into deep central Texas.

"Applications of insecticides should begin as soon as possible after hatching and if the insects are numerous, several applications may be necessary," said Clearman. "In applying insecticides, farmers should look for hatching

grounds on roadsides, field margins, ditch banks and unused land bordering croplands. Treatment of these areas will prevent hoppers from moving into the fields where such operations as plowing and disking may already have cut down the numbers of hatchable eggs."

In the use of any insecticide the instructions of the manufacturer should be carefully followed to avoid harmful residues on crops. The county agent's office has information about specific measures

## Women's Clubs Board Meeting To Be Held Sat.

The Deaf Smith County Federation of Women's Clubs will hold its final executive board meet at the court house Saturday afternoon at 3 p.m. All members of the board are urged to attend. Plans will be made for the final program of the year May 4, which will take the form of a tea held in the First Baptist Church.

The program will be in the hands of the Music Study Club which will present "An Hour with the Fine Arts."

Hostess clubs will be L.A.E. Club, Bay View, El Nino Study, Garden Beautiful, and Progressive and Westway Home Demonstration Clubs.

RAYMOND WELLS

## Raymond Wells In Senior Recital Sunday Afternoon

Raymond Wells, a senior at Hereford High School, will be presented in vocal recital at 2:45 p.m. Sunday in the educational building of the First Baptist Church. He is a voice student in the Mattie Mae Swisher Studio of Singing. His accompanist will be Mrs. Cliff Estes.

He will be assisted by Taylor Sims, pianist and ushers will be Robert Davis, Joe Landers, Gene Streun and Otis Vaught.

Wells is the son of Mr. and Mrs. R. A. Wells, 312 Ave. C and a reception in the Wells home will follow the concert.

The program will include oratorios, operatic selections and folk songs with some art songs and popular airs.

A student with Miss Swisher for the past 10 years, he has been much in demand as a church singer, at weddings and club programs. He has been elected to the all-state choir for three years making first place for two years. In the Interscholastic League he made two superior ratings and one excellent, and has won many honors in national and state music festivals, and has received nine superior ratings in the national Junior Music Festival. He was a member of the Boys Choir that won sweepstakes in the Interscholastic League contests last week in Canyon.

Wells has also studied piano and has also won superior ratings in piano performances. Interested friends are invited to attend.

Mr. and Mrs. Finis Wright visited Mr. and Mrs. Bob Wright and children of Amarillo Sunday.

Among those attending the farm demonstration in Canyon on Saturday were Walt Beavers and Manuel and William Wimberley and Billy.

# KNOX'S KNOTHINGS

By BILL KNOX

Where boys will be separated from the men—that's what the Second Annual Red Raider Relays to be held Saturday in Lubbock promise to be.

All athletes who qualified for the state meet in Austin May 4-5 will be eligible to compete. All events will be held in one big open division. Schools from a widespread area are expected to be represented.

Last year Hereford failed to qualify anybody for the state meet; therefore nobody from this thriving little metropolis was eligible to compete in the Red Raider Relays.

But this year will be a different story. The Whitefaces are not expected to win the team championship or anything like that. But you can be sure they'll hold their own.

Four men will compose the Hereford delegation which will travel to Lubbock Saturday. This team will be centered around Wayne Smith, regional winner in the 100 and 220-yard dashes. G. C. Merritt took second in the 180-yard low hurdles to qualify, and the other two members of the team, Pat Elliston and Dick Larsen run the second and third laps on the regional runner-up 440-yard sprint relay team.

The Whitefaces continue to better their previously best time each time they run, but since district they have yet to finish better than second. The Herd recorded a 44.4 to place second to Colorado City at the Amarillo Relays and Saturday at Lubbock sped the oval in 44.0 only to see Andrews take first with a time 43.8.

But Whiteface handoffs weren't at all good either time, and we can't help but think that had the Herd gotten good handoffs they would have finished ahead of both Colorado City and Andrews.

They have two more chances.

One thing is for sure. Hereford's Wayne Smith will have to run like mad if he wins in the 100 and 220-yard dashes Saturday. The Hereford athlete will be given his keenest competition thus far from a fleet youngster by the name of Billy Hollis from San Angelo.

Hollis raced the century distance in 9.8 at a regional meet held in Stephenville last Saturday. He also anchored a sprint relay team, which was clocked at 43.6.

The meet Saturday at Lubbock was exceptionally well run. So well that we think maybe they ran it into the ground. To get inside you either had to be a cop or have the name of DeWitt Weaver. Camera or press card did one no good whatsoever.

DeWitt Weaver, athletic director at Tech, seemed extremely interested in Wayne Smith. As Smith crossed the finish line in his winning effort in the 100 it looked as if every member of the Texas Tech coaching staff surrounded Smith.

Someone couldn't locate the whereabouts of the fleet runner sometime later, and big husky Bill Cross of West Texas State fame, who was sitting next to us, had the suggestion that maybe Weaver kidnapped Smith to keep Frank Kimbrough of West Texas

### Still In The Future

### State Track Meet Is Coming Up Soon

By HAROLD V. RATLIFF

The Texas Interscholastic League track and field meet will be held at Austin next week and it will be the "champion" defending his title.

Texas last year won the national meet. It had the best times and distances of any state in the nation and wound up with 84 1/2 points to beat out California by 19 1/2 points. It was the first time in six years for a State other than California to win the title.

The main reasons for Texas' dominance last year were Eddie Southern, the Dallas Sunset star who set a national 440-yard dash record and tied the national 220-

yard record; Bobby Moshart of Abilene who ran the half-mile in 1:54.3 to lead the nation, and a flock of great relay teams. Texas had the first, second, third and fourth best mile relay teams and the first, second, third, fourth and fifth best 440-yard relay teams. Baytown set a national record of 3:17.9 in the mile relay.

Texas ranked high in other events, too. For instance Southern-tied the best in the 120-yard high hurdles with a time of 14.1. Today Texas holds three national records and has ties for two others.

What's the reason for the great strides of track in Texas in the immediate past years? The Texas Interscholastic League says it is-

## 440 Relay Quartet Cops Second Place

Rapid Wayne Smith and three other Hereford athletes guaranteed themselves a trip to the state meet in Austin May 4-5 by copping two first places and two second places at the regional meet in Lubbock Saturday.

Hereford also edged into a third place tie with previously topseeded Andrews, each team having 18 points. Dumas finished first with 24 and Canyon's Eagles were second with 19 1/2.

Smith, being heralded as the fastest 100-yard dash man in the state, also raced to an easy triumph in the 220-yard dash. He finished about seven yards ahead of Tahoka's Bobby Blair. He was about three yards ahead in the 100.

In Friday's preliminaries Smith recorded the fastest time of the meet for the 100-yard dash, a 9.9. No preliminaries were held in the 220-yard dash.

Intermittent showers damped Tech's \$54,000 cinder track Friday night and biting cold set in Saturday morning. These two facts prevented athletes from recording good times Saturday. Smith, in winning, ran only a 10 flat 100 and a slow 22.1 220. However, these times still bettered AA times easily. Winning times in AA were 10.4 and 23.2.

Smith again complained of a bad start on his 9.9 clocking. "I stumbled for the first 30 yards, and I didn't get loosened up good until the end of the race." He went on-

n't hard to figure out. There is no spring football practice in Classes B, A and AA and only 21 days of spring football is allowed in Classes AAA and AAAA.

to say that he never did get completely loose Saturday because of the cold.

Hereford's 440-yard sprint relay team of G. C. Merritt, Pat Elliston, Dick Larsen and Smith edged in ahead of Crane to take second place and qualify for the state meet with the fine 44.0. Andrews' blazing sprinters recorded a 43.8.

G. C. Merritt took only third in the 120-yard high hurdles but came back to cop a second place in the 180-yard low hurdles to notch a qualifying berth. Canyon's Charles Neblett took first in both.

Larry Riekman, young miler, was the only Hereford athlete there who failed to qualify for the state meet. Riekman is only a freshman.

Michigan State will meet Indiana, Purdue, Wisconsin and Kansas State in home football games next fall.

Chick Igaya, Dartmouth College Skier, won the NCAA slalom title last two years.

Larry Wilson of Buffalo scored two goals six different times during the American Hockey League campaign.

Ben Van Alstyne, Michigan State golf coach, joined the Spartan staff as head basketball coach in 1926.

Michigan has won the NCAA hockey championship five times.

### Baseball Team Wins Its Second Conference Game, Beats Friona 4-1

By MRS. A. R. BRIGGS

The Adrian baseball team obtained its second conference win last Tuesday in a home game against Friona. Friona got their one and only run in the first inning and the game was tied until the fourth inning, when Adrian made three runs. Adrian had a tough time in getting the Friona nine out of the batter's box in the sixth inning, when they loaded the bases with no one out. Three outs at home plate finally subdued the team, though, and Adrian went on to win easily 4-1.

Mr. and Mrs. D. W. Morgan and Don and Jesse Fincher attended the home show in Amarillo Sunday afternoon.

Sandra Heaton of Hereford visited last weekend in the home of her uncle and family, Mr. and Mrs. Lloyd Heaton.

### Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleanest" home rug cleaner, known as Blue Lustre, is now available after years of research. Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as 1/2 gallon of concentrate cleans three 9 x 12 rugs.

## Beef, Onions Abound Elsewhere But Not Here!

Although supplies of beef and onions in the southwest right now are so plentiful that the US Department of Agriculture has given them the feature spot on the May plentiful foods list, the situation is not mirrored in Deaf Smith County.

Agricultural Agent Hugh Clearman says he estimates the number of cattle on feed in the county is no larger and may be smaller than the count this time last year. And onions, of course, have not begun to be harvested.

However, throughout the southwest region beef production is running from 15 to 20 percent higher than last year at this time and wholesale beef prices are averaging 10 to 15 percent lower.

With the acreage planted to early spring onions averaging a third more than last year, a bumper crop is now moving into marketing channels. Shipping point prices are about half what they were at the same time last year.

Other foods plentiful in this area include broilers and fryers, milk and other dairy products, grapefruit, dates, canned and frozen cherries, rice, peanuts and peanut butter, lard and dry beans.

The official plentiful foods list for this area is based on food stocks reported to the southwest food distribution division, Agricultural Marketing Service, Dallas.

### Farmers Wonder How Much Longer Wheat Can Hold On Without Rain

By MRS. S. N. THWEATT

The rain was nice, but not enough to call it a rain, just enough to make the farmers wish harder.

The wheat can't last much longer. Many say it won't make if the rain doesn't fall.

Mrs. Floyd Brown, Ernest, N. A. and Eldred Brown attended a bridal shower for Miss Carolyn Potts, a niece of Mrs. N. A. Brown's, Tuesday.

Mr. and Mrs. S. N. Thweatt was in Levelland Monday on business. They visited Mrs. Thweatt's father and sister.

Mrs. Floyd Brown gave an ice box cookie demonstration to the Walcott 4-H Club girls Friday at the Walcott School.

**Full House for Play**  
The play Friday night at Walcott School went over with a bang. There was a full house; everyone enjoyed it very much.

It was put on by the eighth grade and after the play they served refreshments of cake, coffee and Kool-aid. No charges; but the people donated.

Walcott P-TA will meet Friday night for their regular meeting.

Little Donna Hoover is back in school doing fine. She still has to rest a lot.

Congratulations to Mr. and Mrs. Floyd Messenger. They're the parents of a baby daughter, born in Deaf Smith County Hospital last week.

**Attend REA Meet**  
The west side of Deaf Smith County was well represented at the REA annual meeting Saturday. Those I saw there were Mr. and Mrs. Elmer Northcutt, Mr. and Mrs. Fred Northcutt, Mr. and Mrs. Henry Iribek, Mr. and Mrs. N.A. brown, Mrs. Ruth Coleman, Mr.

er had the privilege of seeing it before.

They spent a few days around Lisbon, which is a beautiful city, clean and neat. The people are well-dressed and appear to be happy and contented.

These are a few of the places they mentioned, Seville, there they saw Alcazar Granada, the home of the old Moorish palace; Gibraltar, here they had their first view of the blue Mediterranean and Africa across the Strait; Madrid, here they saw the Royal palace, the Flea market (antique section),

the Prado, a museum of art; Burgos, San Sabastin and Bierrets, France.

At Vienna, Dr. Vick took the train to Linz, where he was invited by the North Austria Medical Society to lecture and show some of our surgical pictures, which were made in the Amajillo Osteopathic Hospital. He hoped he didn't get stage fright before those Austrian doctors.

From Vienna they would go back to Venice and pick up the car and through Northern Italy and Switzerland, the land of the Alps, stop-

ping in the village of Zernatt, located at the base of the Matterhorn, which their son, George, scaled in 1953. From there to Paris for a few days; and home via TWA and arriving in Amarillo on April 28.

S. N. and I were very pleased in having such an interesting letter from a friend and Doctor.

## Bud To Blossom Club Has Flower Arrangement Clinic

Bud To Blossom Club featured a flower arrangement clinic Friday afternoon when a meeting of the club was held in the home of Mrs. Ray Howell.

Mrs. John Jacobson Jr., nationally accredited flower show judge, conducted the clinic, judging and grading arrangements brought to the clinic by each member. Both good and bad points were noted and constructive criticism marked Mrs. Jacobson's program.

Flowers used in the arrangements were iris, tulips, apple and plum blossoms, lilacs and spirea from the home gardens.

A short business session was held when plans for the final program were made. A pilgrimage of home gardens and a plant exchange will be the order of the closing meet.

Members attending were Mesdames John Sands, W. B. Goatz, R. A. Daniel, Ray Godwin, G. R. Higgins, Sam Long, Don Martin, Ira Scott, Lloyd Sharp, Delmo Williams, W. Glenn Williams, Jimmy White and the hostess.

Floral arrangements for the day were made by members featuring white spring flowers and the program directed by Mrs. Deward Robertson, dealt with flower arrangements.

Ralph Smith showed a colorful film on flower arrangements. During the business session, plans were discussed for the closing luncheon of the season slated for May 4 in the home of Mrs. Joe Reinauer.

Members attending were Mesdames N. D. Bartlett Jr., Tom Carter, Ray Cowser, Ansel McDowell, Chas. Hood, F. P. Lyons, Dick Miller, B. E. Roberson, Deward Robertson, Roy Smith, W. J. Stanford, Robert Veigel, Lisle Woodford, Miss Frances Turrentine and the hostess.

Those who will be installed at the final session in May were Mrs. Ansel McDowell, president; Mrs. Delbert Kinsey, first vice president; Mrs. N. D. Bartlett Jr., second vice president; Mrs. Ray Cowser, third vice president; Mrs. Townsend Douglas, recording secretary; Mrs. Lloyd Pool, corresponding secretary; Mrs. Lisle Woodford, treasurer; Mrs. Virgil Hennien, parliamentarian; Mrs. Chas.
