Panhandle School Leaders Meet Saturday In Hereford

Dr. Morris Wallace, of the Texas Tech Department of Education, will speak on "The Responsibility of the School Administrator in the Improvement of Instruction..."

Around Town

Hereford has started the new year off right. Only one traffic accident has been recorded so far this year in the city...

Regular weekly meeting of the Hereford Merchants Association will be held at 2 p.m. Thursday.

This four-year staff even has us mixed up. Seems as though District Judge Harry Schultz will not face re-election this year after all.

Faust Collier was named vice president of the American Association of Riders Clubs and Sheriff's Poses at the annual meeting held at the Caprock Hotel in Lubbock Friday and Saturday.

Only 58 tickets remain to be sold for the Chamber of Commerce banquet to be held Jan. 27. Bill Lenderman, C.C. manager, said 542 tickets have now been sold.

Word was received this week from the State Drough Committee in Austin that Deaf Smith County's request for emergency aid has been approved by that group and forwarded to Washington.

Word was received this week from the State Drough Committee in Austin that Deaf Smith County's request for emergency aid has been approved by that group and forwarded to Washington.

Section meeting for superintendents will be directed by Newell Odell of Childress. J. C. Knowles of Borger will direct the meeting of secondary principals, Ray Vineyard of Dumas will lead the elementary principals meeting...

Robin H. Martin Services To Be Held Thursday

Funeral services for Robin Harrison Martin, 54, who died Monday at the Deaf Smith County Hospital, will be held Thursday afternoon at 2 p.m. at the Rose Chapel at Gilliland Funeral Home with the Rev. L. A. Baker, pastor of the Amarillo Church of God, officiating.

Mr. Martin was born Dec. 2, 1901 at Statesboro, Ga. He married Clara Hulst June 17, 1923 at Statesboro. In 1951 he came to Deaf Smith County from Clovis, N. M.

Plumbers Told They Must Get Proper Licenses

A crackdown on unlicensed journeymen plumbers has been called for by the Texas State Board of Plumbers.

City officials have agreed to give the plumbers until the end of this month to take their State Board exams in Austin and qualify.

The inspector also agreed to work with City officials in bringing the outdated City plumbing code up to date.

Dumas, Dalhart Men In Race For D. A. Office

Political activity got underway this week with the announcement of two candidates for the office of District Attorney.

Frank D. McCown

"It is time to consider who you will elect district attorney. This is my application to you for that office. I am announcing now so you will have the maximum time to consider my qualifications."

"This is a large district and contains about 7800 square miles and 11,000 voters. While I may not be able to visit with everyone, such is my goal, and I will make every effort to accomplish it."

"One skill that a district attorney must possess is public speaking. I will be available to all groups for any programs so you may decide if I am the kind of public speaker that you will demand as district attorney."

"If I have the honor of being elected, all cases will be investigated and if indictments are returned, they will be prosecuted with speed and efficiency."

"No person or group will receive any special considerations, but all will receive impartial treatment. The cases of each county will be investigated and prosecuted with the same speed and efficiency as those of my home county."

"Your careful consideration will be appreciated."

McCown is a native Texan. He was born at Whitney, near Waco. After taking pre-law instruction at North Texas State College, Mc-

Citizens To Decide On Bond Issues Saturday

Hereford citizens go to the polls here Saturday to vote on three revenue bond issues — all concerning improvements for the City's water and sewer system.

Seven Juveniles Admit Part In Recent Vandalism

Seven juveniles were turned over to their parents' custody here Saturday by Juvenile Judge Homer Henslee after they admitted they were involved in recent vandalism.

March Of Dimes Drive Is Underway In D. S. County

Hereford this week joined the nation in the annual financial drive of the March of Dimes.

Guilty Pleas Are Heard From Three In County Court

Three cases have been cleared from the County Court docket by pleas of guilty.

Bids Sought On Bridge And Two Road Maintainers

Deaf Smith County Commissioners Monday voted to call for bids for two road maintainers and a new bridge at their regular meeting.

Tie Results In Water Vote Here

A new committeeman for Precinct 2 was elected in Saturday's High Plains Underground Water Conservation District election held here, but a tie resulted in the Precinct 2 election.

Named as a member of the Board of Directors of the District from Precinct 2 was George Muse, who polled 17 votes. Muse's opponent, Clarence Betzen, received six votes.

George T. Turrentine and J. H. Fish each received eight votes in the Precinct 2 race. A third candidate, C. J. Berend, polled seven votes.

Rules For Poultry Division In Rotary Junior Show Announced

Rules for the annual Rotary Club Junior Livestock and Poultry Show poultry division were announced Wednesday, along with the fact that 15 grand prizes will be awarded at this year's show.

Ancient Locomotive Takes Rest While Fame Spreads

JUST FOR FUN — Ancient locomotive 671 stands in a park, the visible assets of its own nonoperational railroad company.

WICKENBURG, Ariz. — With 50,000 shares of common stock and some very uncommon stockholders the Santa Fe, Wickenburg and Hassayampa River Valley Railroad is right on schedule — and not paying out a dime.

The firm's only piece of rolling stock was set up in the town park as a showpiece last spring. It's Old 761, an antiquated locomotive donated by the Santa Fe Railroad.

By the time citizens dragged it into place, they swore it had square wheels and vowed never to move it again.

Stock at one cent a share was issued to finance a historical museum. Some of the most impressive names in American finance subscribed. Who wouldn't? Look at the prospectus:

No interest to collect. No coupons to clip. No income tax to pay. No labor problems, because all the labor has been done. No operating difficulties, because it doesn't operate.

No passenger problems, because we don't give a damn whether anybody rides or not.

Chief architect of this happy-go-lucky financial policy is Bill Weeks, the chamber of commerce chief town crier.

Some of the major stockholders: Eddie Rickenbacker, World War I ace and chairman of the board of Eastern Airlines; Secretary of Commerce Sinclair Weeks; Roland Harriman, chairman of the board of Union Pacific Railroad and Fred Curley, president of Santa Fe.

Eyeing the names from big business, Bill Weeks says, winking

"I am afraid that a proxy fight will develop when we select a board of directors."

Questions arise like: What will the heaviest shareholder, Harriman, try to do with his 2,500 shares? Will Rickenbacker attempt to move into railroads? Will Curley try to wrest control of the SF&HRVRR? Will Tommy Phillips, Wickenburg newspaper boy, who owns five shares, try to force out the tycoons?

Weeks is busy reaping the rewards from his publicity stunt.

McCowan...

(Continued From Page 1)

Cowan entered military service and served in the Far East with the 24th Infantry Division.

He graduated, with honors, as the third highest man in his class from the Law School of Baylor University, Waco.

Serving his second full term as Dallam County attorney, McCowan is a partner in the law firm of Davis and McCowan in Dalhart.

The candidate is a member of the 69th Judicial District Bar Association, which he has served as treasurer and secretary, the State Bar of Texas and the American Bar Association.

Active in all phases of community life, he has been a member of the Lions Club Board of Directors and is at present the club's second vice-president. He is second vice-president of the Dallam Hartley Counties United Fund, which he helped organize and which was

By Jimmie Gillentine

Now, I'm really confused. All of the time I thought what this country needed was a 6000 6-inch rain. Turns out, though, after reading the proposed farm program that a good rain would just about be the worst thing that could happen. It would only add to the surplus and, in the long run, make us poorer than church mice.

If I understand this deal right, they are thinking about paying us for NOT FARMING some of our land. However, like I said, I am a bit confused. Besides, isn't this what the Republicans criticized the Democrats so roundly for back in 1934? I remember when they shot a lot of cattle, just to get them out of the way.

Hugh Clearman won't like this suggestion, but a question keeps popping up in my confused mind. Why not fire all of the County Agents, Soil Experts, and Agronomists? Why not close down our experiment stations, which are always striving for greater yields? It seems sort of foolish to pay these folks to help us increase our production — then, turn around and pay us for not producing. However, like I said, I am confused.

Remember what the Bookleg Philosopher said about getting rid of the tractors? If it sounded insane, just think back to the days of WPA, when the government pro-

successful in its initial drive for funds late last year.

McCowan has served two successive terms as president of the Dalhart Jaycees. During his first term the Jaycees organized and developed a softball league embracing six teams of boys in the first through sixth grades. He has participated as coach and assistant coach three years.

The McCowans have one son, Scott, eight months old. They belong to the Central Methodist Church where he is a member of the Official Board and past president of the Methodist Men.

scribed that workers use hand shovels — and power equipment was barred. After all, it is exactly the same thing.

Here's another suggestion, which Clearman will like better. We could reverse the whole thing. In the 4-H deal, instead of giving blue ribbons for the best animals, we would award them for the scrawniest. The boy who showed the biggest loss on his calf — instead of a gain — would hit the jackpot. Our agents could also carefully study and pass along the methods now used in Russia. Their complaint is lack of production, which is the one thing we need in the U.S.A.

Another approach would be through the millions and millions of dollars in foreign aid. Why not tie some strings on these donations? Why not make these folks buy agricultural commodities with this money? In the past, some of them have even spent our foreign aid with Russia and their satellites.

One thing for sure, however, is the fact that they recognize that the farmer is getting a raw deal. The whole plan still sounds vaguely familiar to the Roosevelt program in the '30's. Maybe it will work. Besides, it's like getting a Christmas Card from an old girl friend you haven't seen in years. It may get you into a lot of trouble, but you know that she was thinking of you. And this is the first time that the farmer has even been awarded much thought or consideration in recent years.

Anyhow, who are we to complain? We have more land per capita than most other areas, so we can afford to leave out some of the acres better than others. Besides, a lot of wheat farmers have been doing this very thing for years and years. The only difference is that they go through the motions of planting — and get nothing. This way, they can save their efforts — and maybe get a little bit. The only bad thing is that they will still have the seed. This, of course, will add to the

over-production surplus which exists now and, maybe, make things worse. The more I think about it, the more confused I become.

Most interesting is the title of a new play, "Floydada, a Mator," which opened shortly before Christmas in an off-Broadway theatre in New York City. Some West Texans are crossing their fingers in hopes that it may put the area on the map after the fashion of "Oklahoma" and "South Pacific." The play is a product of William Saroyan, according to the Floydada paper. It left me wondering if the title was mere coincidence, or if it is actually based on the two towns. Does anyone know?

I was checking around this week to find out what people were saying about the coming water bond election, set for Saturday. "Nothing," it seems, is the answer. Very few people even realize that it is so close. Several indicated a belief that it would pass, however, since it is a revenue bond and cannot affect taxes. This, coupled with the Commission's promise that the bond issue will not raise water rates, seems to place the proposal in a good light to the average voter.

It also got me to thinking. Our water rate is one of the few things which has not gone up. If water had gone up in proportion to coffee, breakfast would be our most expensive meal. Electric rates, telephone and gas have all increased sharply — but our water rates are still the same. What's more, the Commission says we can easily take care of the proposed expansion bonds without any squeeze.

Anyway, Saturday is the day when folks can vote on the proposals. It will probably be an extremely light vote — and your last chance to use your 1955 poll tax.

Meanwhile, I keep hearing how rough things are on the North Plains — north of the Canadian, that is. They say this is especially true in the agricultural areas. Lee Kent says Perryton is booming, due chiefly to the oil strike. He says little two room apartments are bringing \$50 a month. This is helping business, of course, but the farmer is sure in a sweat. Dumas, Borger and Pampa are getting along OK, due to oil and payrolls. Most of the other areas are faced with extremely rough conditions. Some say they are almost as bad as the '30's. Most wholesalers are concentrating on areas south of the river for volume. Amarillo wouldn't admit it, but this is a shot in the arm for Lubbock.

Again, don't forget to pay your

Black News

By MRS. DICK ROCKEY

Mrs. Howard Elmore and Mrs. T. J. Presley were shopping in Hereford Tuesday.

Mrs. E. H. Crandall, mother of Mrs. C. J. Patton, spent the week-end visiting in the Patton home.

Mrs. J. M. Holley of Plainview and Mrs. Calvin Jorden of Abernathy visited last week in the home of Mr. and Mrs. L. L. Deaton.

Our sympathy to the Johnson and Lookingbill families on the death of Mrs. W. L. Johnson of Hereford. Mrs. Johnson lived in the Black Community for a number of years.

Mr. and Mrs. Dick Rockey returned home Wednesday from Fort Worth where they visited their son, H. V., who is a student at TCU, and attended the Cotton Bowl game at Dallas.

Mrs. J. R. Braxton was shopping in Hereford Tuesday.

Mr. and Mrs. Bert Neelley and family were dinner guests in the home of the Coy Patton's Friday evening.

Mrs. Leona Wolfe was a Sunday dinner guest of her parents, Mr. and Mrs. B. C. Day.

Jimmy Patton worked in Friona Saturday helping the Junior Class wash cars. He reported 32 cars washed by the Juniors Saturday.

Mr. and Mrs. Edmond Mitchell and children from Des Moines, N. M., visited Tuesday of last

poll tax; 1956 is an "on" election year — and there will be a lot of fun. This segregation question will play an important role in the national elections, and should get pretty hot before the year ends.

Meanwhile, we are having quite an argument within our own ranks. At the Brand office about who is in the worst shape. Virgil Moore's small son developed the ear ache and Virgil wound up with a \$100 doctor bill; Jim O'Hair bought a house a while back, moved in Jan. 1, and then discovered that he had to finance a bunch of drapes; the doctor told Melvin Young that his daughter would have to have her tonsils out. Not to be outdone, I went home Monday to find the basement soaked; my comparatively new water heater had gone out.

All of which goes to prove that the unexpected things are the ones that give the average fellow the most trouble. If the doctor and the grocer don't get you, the plumber will.

week with Mr. and Mrs. Leslie Deaton and family. Mrs. K. E. Deaton has been on the sick list this week, but at this time is some better.

Sunday dinner guests of Mr. and Mrs. T. J. Presley were Mr. and Mrs. Howard Elmore.

Mr. and Mrs. Bruce Parr and family have recently returned from a week's vacation trip into Old Mexico. Points of interest they visited were: Big Bend Park, Davis Mountains, McDonald Observation, down to Rio Grand River, to Corpus Christi, San Antonio and home. While gone they visited three places in Old Mexico.

Sunday dinner guests of Mrs. Leona Wolfe were Mr. and Mrs. John S. Thompson and Darrell and Mr. and Mrs. D. C. Day.

Mr. and Mrs. J. R. Narworth have returned from Houston where they took their small son "Billy Ray" to the Texas Children's Hospital for a check up.

Mr. and Mrs. Ralph Price, Randy and Jeffery have returned recently from a trip to Oklahoma where they visited her parents, Mr. and Mrs. J. E. Shackelford. The Black Community is having a Community meeting and "Pollo Drive," Jan. 17 at 7 o'clock. Fun, cats and a show.

Dodge presents... **"The TEXAN"**

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The Texan by Dodge!

A handsome, rugged car big as all outdoors, with the surging power of a quarter horse, sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpiest, ruttest, sandiest road and comes back for more. Powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats, it gives you the same superior engineering and design that made Dodge the greatest sales-gainer in the industry in 1955.

Plenty of special features, too... specially designed interior trim, special paint combinations, jaunty twin exhaust pipes, and other smart touches. The Texan's name is proudly blazoned on both rear fenders. And the brave crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Best of all, the Texan is priced right down with the so-called "low-priced three's." Yet it's big and powerful and luxurious, rivaling cars costing as much as a thousand dollars more! Visit your nearest Dodge Dealer now and drive the Texan!

NOTICE TO BIDDERS

The Commissioners Court has authorized me to call for bids to be opened January 28, 1956 at 11 o'clock, A. M. in the Commissioners Court Room on the following machinery, to-wit:

One 115 HP Diesel Motor Grader with 12' Moldboard and one LH Extension, Cab, Cab heater, Steering Booster, 13.00x24, 10 ply tires on all six wheels.

The County will offer as trade-in and part payment on the above grader a No. 12 "Cat" located in Precinct 1 of Deaf Smith County, Serial No. 8T9341.

One 115 HP Diesel Motor Grader with 12' Moldboard and one LH Extension and one RH Extension, Cab, Cab heater, Steering Booster, 13.00x24 10 ply tires on all six wheels, and Scarifier.

The County will offer as trade-in and part payment on the above grader an Allis-Chalmers Model AD4 Motor Grader located in Precinct 4 of Deaf Smith County, Serial No. AD4-4197.

The County will issue warrants as part payment not to exceed \$9,000, to mature not later than May 15, 1959 and to bear not more than 4% interest.

The Commissioners court reserves the right to accept or reject any or all bids.

Yours very truly,
H. E. HENSLEE
County Judge
Deaf Smith County
T-2-2c.

Legal Notice

NOTICE TO BIDDERS

The Commissioners Court has authorized me to call for bids to be opened Jan. 28, 1956 at 11 o'clock a.m. in the Commissioners Court Room for the following bridge repair, to wit:

Repair to bridge located in Precinct No. 3 on Farm to Market Road 26 miles west thence four miles south of Hereford, Deaf Smith County, Texas. Structure to be 61 feet in length by 21 feet in width, will require new beams, new flooring and guard rail. Bid must include removal of old structure and replacement of same. The Commissioners Court reserves the right to accept or reject any or all bids.

H. E. Henslee
County Judge
Deaf Smith County
T-2-2c.

Household Tips

You can make Melba toast at home. Buy a loaf of unsliced bread and store it overnight. Cut it into 1/8-inch thick slices. Cut each slice into two triangles. Bake in a slow (325 degrees) oven until crisp and golden colored. The edges of the toast will turn up, but that's quite in order.

Know how to bread fish fillets? Beat an egg with a couple of tablespoons of cold water. Dip the fillets into the egg, then into fine dry bread crumbs.

Wonderful broiled chicken: rub the surface of a cut-up broiling chicken with lemon juice. Add 4 teaspoons each of salt and sugar to a quarter cup of melted butter; stir in a teaspoon of paprika and a dash of white pepper. Coat the chicken pieces with the butter mixture. Broil slowly, turning.

Using your fireplace for cooking this winter? You'll find it handy to have an old-fashioned wire toaster with long handles on hand. The toaster is wonderfully convenient for holding and turning steaks and chops.

You can bake pork sausage in a shallow pan in a hot (400 degrees) oven. Turn the sausage once to brown on both sides and leave it in the oven at least 20 minutes.

You can prepare a fine tomato aspic from a couple of cups of tomato juice and an envelope of unflavored gelatin. Add salt, sugar and pepper to taste and a tablespoon of lemon juice.

An avocado mixture tastes wonderful when it is used as a dip for crisp corn chips. Mash the avocado fine and add salt and pepper to taste plus minced onion. Some cooks also like to add a dash of chili powder.

Flake canned salmon and arrange in a casserole with well drained canned or sliced fresh tomatoes. Top with buttered bread crumbs and grated cheddar cheese. Bake in a moderate oven until heated through. Delicious with a green salad and hot biscuits for lunch or supper.

Dampness and heat are enemies of instant coffee. Keep the top of the coffee jar screwed on tightly; put the jar in a cool place in your kitchen.

Cooked rice, mixed with grated cheese, makes a good filling for baked green peppers.

SPRING SILHOUETTES — The high-waisted sheath is the big
news in New York spring fashion collections. The brief cape-
let, the bolero and the high-placed belt are used to achieve
the important Empire look. Waistlines are less nipped, and

the whole silhouette is straight and narrow for daytime, ex-
cept in the cost of coats, which feature a loose, casual look
and more fullness. New also are the cuffed harem skirt and the
full-length evening gown.

Spring Sheaths Get Empire Look

By DOROTHY ROE
Associated Press Women's Editor

The more you can look like a
fence post this spring, the better.
There are various names for the
increasingly popular slim silhou-
ette—shaft, tube, column and a

sheath are a few. But it all adds
up to the fact that most new dress-
es are straight and narrow, with
no room for bulges.

New York designers are in al-
most complete accord on the im-
portance of the sheath, but they
are doing interesting tricks to
make the spring versions look
strictly new.

Phone 75, Witherspoon Electric,
129 West 3rd Street. B-11-30-50-14c

The Empire look is much in evi-
dence, achieved by high-placed
belts, brief boleros, detailed ef-
fects at the bustline, brief should-
er capes, and so on.

Waistlines again are less nipped,
to achieve the desired "tube" look.
Skirts for daytime wear are as
narrow as possible, with walking
room provided by such devices as
slits and kick pleats placed low
and at the back.

There is a great deal of back in-
terest in the new fashions, with
back panels, back belts and back
fastenings.

The bolero costume probably is
the top favorite in the spring line-
up. It consists of the slimmest pos-
sible sheath dress topped by a
matching brief bolero, curved, fit-
ted and fastening just below the
bust. It looks much like a one-
piece dress until the bolero is re-
moved, revealing a dress which
may be low-cut and short-sleeved,
or may have a contrasting top.

There also is the double-bolero
suit, a brand-new idea for spring.
This features a slim, high-rising
skirt usually attached to a bod-
ice, a matching brief bolero and
beneath this a second bolero in
white linen or contrasting fab-
ric. When you peel off the top
bolero you have a costume with
contrasting top.

Fabrics for spring are beautiful,
varied and designed to fool the
eye. Silks look like wool, cottons
look like silk, wools look like chif-
fon, linens look like tweed and the
new synthetics can look like any-
thing from sheerest organdie to
men's wear worsted.

All tones of brown are running a
close race with navy as the fa-
vorite color for spring suits and
costumes; most of which are light-
weight and planned for warm-
weather wear.

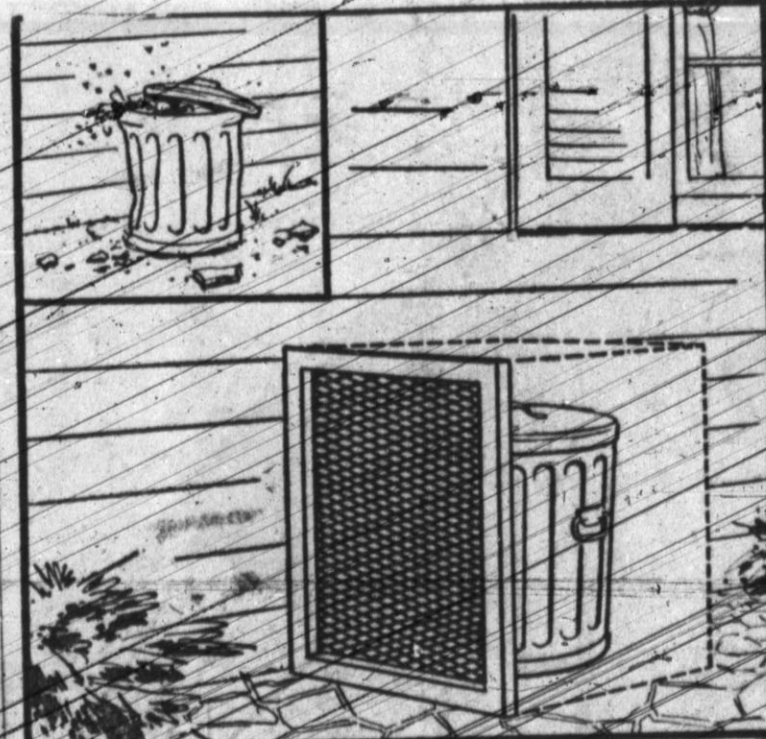

Coats develop a looser look, in
contrast with the sheath line of
suits and dresses. Some have low-
placed fullness, some have wider
shoulders or dolman sleeves.
There are more long evening
gowns than formerly, following

HIDING the garbage can from view is a simple matter when
you build a frame and enclose it with sturdy metal lath. The
same material that is used for a plaster base in quality con-
struction can be cut to size with tinners' snips. It can be
stapled or nailed to a light wood frame to obscure your rub-
bish from view. You can get diamond mesh metal lath in
galvanized or black painted finish at any well stocked build-
ing supply house. Either can be painted to match surround-
ing areas. Or you can coat the panel with stucco, because the
hundreds of small diamond-shaped openings provide keys for
such mortar. The material weighs less than 3 1/2 pounds per
square yard. (AP Newsfeatures)

HOMES FOR AMERICANS

AP Newsfeatures
DOOR IN A CHIMNEY is the effect produced by recessing this en-
trance in the stone work that dominates this smart house. The stone
work is continued around under the corner picture windows of the
living room to form an attractive planting box. This compact and
economical house contains four bedrooms and two bathrooms, two of
the bedrooms and the second bathroom being upstairs. This makes
it possible to finish the main floor first and expand the house into
the attic when family growth requires more space. A small basement
provides for heating plant, laundry and storage with the stairs lead-
ing down from the service entrance. This is plan H-420AP by the
Homograf Co., 11711 East Eight Mile Rd., East Detroit, Mich. The
house covers 877 square feet and contains 20,963 cubic feet.

the current trend toward greater
formality.

Also new in the spring lineup is
the harem skirt, with a wide band
at the hemline, drawing the skirt
into a narrow line at the bottom.

About 10 million convention
guests visit hotels to attend 18,000
meetings each year says the Amer-
ican Hotel Assn.

The average person who attends a
convention spends \$93.69 in the
convention city says the Ameri-
can Hotel Assn.

A new radio telescope in Eng-
land is capable of tracking a pes-
sized meteor 600 miles away and
measuring its position to a pre-
cision of one yard.

Although only 63 percent of Amer-
ican families live in single fam-
ily homes, 90 percent of all home
accidents occur in such homes.

Dandelions are found most abun-
dantly on the warmest areas of
the ground and buried heating
pipes often can be traced by their
concentration.

The British can railroad tracks
metals, a freight car, a goods wag-
on, an auto load a bonnet, a muf-
fler a sifter, a batter an accu-
mulator, a pancake turner an
egg-coop, a can opener a tin-op-
ener, an egg beater an egg-whisk
and a trillion a billion.

The dandelion is found in North
America, Europe, central Asia and
the Arctic regions, says the Na-
tional Geographic Society.

INTRODUCING... CHESTER HARRISON

Chester Harrison, the new market manager at Piggly-Wiggly comes to us well recommended. Chester previously lived at Littlefield, where he has been active as a market manager for seven years. We're indeed happy to welcome Chester to Hereford, and invite you to come in and get acquainted.

Frio News

By FRANCES ANDREWS

Correction for a mistake made in an item in the Sunday paper: The C. N. McClures were in Sudan Thursday night to visit with Mrs. McClure's brother and family, the F. O. Mastens, who suffered \$125,000 damages, when a fire broke out Wednesday in their combined barn and machine shop on their farm.

Earl Glenn is in the Deaf Smith County Hospital following an accident about 14 days ago in which he lost the four fingers of his right hand and injured his left hand slightly. The accident occurred at the Hereford Milling Company where he is employed. He is now able to be up and about and is doing fine. He is expected to be able to return to his home in a few days. Earl has lived with his folks, the A. B. Glens, about 10 miles north of Dimmitt on Highway 51, since his return from the service about five months ago.

Miss Martye Poindexter of Lubbock, Mr. and Mrs. H. A. Parris of Tahoka, Mr. and Mrs. David Yandell also of Tahoka, and the Yandell's daughter and husband, Mr. and Mrs. John Robinson of Wilson, were visitors Sunday at the Frio Baptist Church services and the luncheon which followed at the church. They also visited with Mr. and Mrs. Olin Parris and Walker. The H. A. Parris are the parents of Olin Parris. Mrs. David Yandell is a sister to Mrs. Olin Parris and Miss Poindexter is Olin Parris' aunt.

Mr. and Mrs. Clarence Williams and Carolyn of Littlefield attended the church services and luncheon and visited with Mr. and Mrs. Herb Schmidt, Tommy and Dale,

afterward. Ordination services for three deacons, Olin Parris, Frank Robbins, and Herb Schmidt, were held Sunday morning at the 11 o'clock service at the Frio Baptist Church. Those taking part were Henry Dobbs, chairman of the Board of Deacons, who was in charge of questioning, W. H. Thompson of Hereford, who gave the charge to new deacons, ordination prayer by Danny McAllen, of Hereford, and the sermon by the pastor, Rev. B. H. Baldwin. Mrs. Weldon Stephan sang "Breathe on Me," accompanied on the organ by Mrs. Olin Parris. The organ, which belongs to the Parris, was brought to the church especially for the service. After the services a luncheon was prepared and served by the women of the community at the church. Unplanned, however, was the sudden, violent illness of T. L. Sparkman Jr., during the opening Sunday-School service. He was to have been on the program as was the other deacon, J. E. Andrews. Mrs. Sparkman, Mr. Andrews, Owen, and Glenn Andrews and T. L.'s parents, the T. L. Sparkmans Sr. went to the Deaf Smith County Hospital to be with him. So far as is known, the illness is not of a serious nature. He was able to return to his home Monday evening.

Mr. and Mrs. E. H. Little, Peggy, and Becky of Texline spent Saturday night with Mrs. Little's folks, the H. D. Robbins of Hereford. Sunday, they attended the church services and the luncheon at Frio. They returned to their home at Texline Sunday afternoon. Mr. and Mrs. Frank Robbins, Genie, Carol and Stevie were in Canyon Monday to visit with Mr. Robbins' aunt, Mrs. Jeanette Robbins. A birthday supper was held Friday night in the home of Mr. and Mrs. Ernest Harder, J. D., Norman Dean and Gerald in Hereford honoring Mrs. Herb Schmidt and Mrs. Leonard Schmidt on their birthdays. Those attending were the honorees, their husbands, Herb and Leonard, the Herb Schmidt's children, Tommy and Dale, and the Harder family.

Mr. Dona Doughty of Morton visited Saturday night and Sunday in the home of her sister and husband the C. N. McClures.

Mr. and Mrs. James Dobbs were supper guests Friday night of James' folks, the J. H. Dobbs and J. H. Dobbs' father, H. C. Dobbs. Mr. and Mrs. J. W. Key and grandson Richard Price were in Andrews Sunday a week ago to visit with Richard's father, O. E. Price.

New members of the Frio Baptist Church who joined Sunday night are Mr. and Mrs. Jeff Terrell, George Zetzse and Darwin Miller.

Mr. and Mrs. T. L. Sparkman Sr. visited Thursday night with Mr. and Mrs. Clark Andrews and Rocky. They looked at some moving pictures made by the Sparkmans of their trip to California last September.

Mr. and Mrs. Frank Robbins, Stevie, Carol and Genie visited Sunday afternoon with the Marshall Eblings of Hereford. The Eblings are former residents of this community.

Mrs. George Fischer spent from Thursday until Saturday afternoon

REUNITED WITH DOG — Elbert Spencer, 34, hugs his guide dog Punch, after they were reunited in a Houston hospital. Hospital authorities "admitted" the dog when he became ill and refused to eat after Spencer had gone to the hospital for treatment of his eyes. (AP Wirephoto)

McDonald...

(Continued From Page 1)

with Mrs. H. M. Mobley and Austin, and Don while her husband was in Throckmorton. The Fischers are neighbors of the Mobleys.

Mr. and Mrs. Bill Flemings and Lena of Vega visited Thursday in the home of Mrs. Flemings' sister, and family, the D. A. LaGrone. Mr. and Mrs. Roscoe Burris, Gary, LaJune, Wanda Rae and Zedine, of Texico, N. M. were Sunday dinner guests of Mrs. Burris' brother and family, Mr. and Mrs. W. H. Andrews, Ronnie, Jackie and Delores. They visited with another brother and family, Mr. and Mrs. J. E. Andrews and Alma, and Bonnie, Tommie, and Darlene Sparkman Sunday afternoon.

New residents of the community are Mr. and Mrs. Jeff Terrell and daughters, Kay Beth and Sandy, who live about two and a half miles south of the Frio building. The Terrells moved here from Plainview during the Christmas holidays. Their house is a new one that has recently been moved to that location.

Mr. and Mrs. Edgar Vinson, Edlanta, Sammie Anne and Carleta, were in Big Spring over the weekend to visit with Edgar's father, Mr. Vinson, who was injured in a fall recently, and with Mrs. Vinson's father, Carlton Dobbins, who is in a hospital there. Both Mr. Dobbins and Mr. Vinson are reported to be improving.

Mr. and Mrs. Elbert Summers, Clint, Donna Gayle and Carleta, who live south of Dimmitt visited Sunday with Mrs. Summers' mother, Mrs. Annie Springer, and brother, Charles.

Mr. and Mrs. J. H. Simpson were in Groom Monday for Mrs. Simpson to see the doctor.

Eleven members and three visitors were present for the Home-makers Club meeting at the home of Mrs. T. L. Sparkman Sr., Tuesday. Guest speaker, Robert Thompson, spoke on "Voting." The next meeting will be an all day quilting at the home of Mrs. B. M. Suddeth Jan. 24. The quilt will be for the Boys' Ranch.

all. It shall never be said of me that I have persecuted or taken advantage of the poor and defenseless in order to compile a record of convictions that might look impressive and stand the test of politics, but not stand the test of conscience.

"I earnestly solicit your vote and support to promote me to the office of district attorney, and if elected, I pledge you fair, honest and conscientious service based on the above principles."

Household Scrapbook

If you want to make absolutely sure that your butter cakes will come out of their pans easily, line the bottom of the pans with waxed paper — and grease the paper — before pouring in the batter. Use sweet butter or salad (not olive) oil for greasing the paper; salt butter has a tendency to make batter stick.

Make an extra sandwich when you are packing a lunchbox for Dad or one of your youngsters: Wrap the sandwich in waxed paper and refrigerate it. At noon, when you are ready for lunch, spread the top surface of the sandwich bread with soft butter or margarine and toast under the broiler; turn, spread other side of sandwich with soft butter and then toast. Almost any filling — cheese, egg or tuna salad — takes to this sandwich treatment.

Students believe the dandelion reached America in the ballast of the ships used by early colonists from Europe.

PIZZA BAKERS — Nancy Barker, 24, right, and Barbara Cosgrove, 22, work in the kitchen of their rented cottage in Denton, at their new business of baking pizzas. Former roommates at North Texas State College, the girls gave up school to go into the business. In 2½ weeks of operation, Barbara and Nancy have made enough profit to pay off their original investment. They bake on the average of 50 of the crisp Italian dishes daily. (AP Wirephoto)

Pity The Poor Animals On These Cold Winter Nights

By **GEORGE L. WALKER**
LANSING, Mich. — The early frigid gales of the northern states send people into the shelter of their storm-windowed homes, heated cars and wool clothing.
 But what about the animals? Lacking such refinements, they make do with a hollowed-out log, a hole and a handful of sticks.
 Deer, perhaps the most sensitive to the elements, take off in a hurry for heavy cover, generally the evergreen swamps where they will yard for most of the winter. They will foray out into the surrounding country in search of food,

which game experts fear may be harder to find this winter than usual.
 The bear, the woodchuck, jumping mice, the ground squirrel (gopher) and snakes are just now entering that magic state of hibernation, suspended somehow between sleep and waking.
 The bear does not go into true hibernation. His winter activity resembles the sleep of humans. Seeking out a snug refuge under a fallen log or a brush pile, the bear will lie down for the rest of the winter. Although he may stir when temperatures rise, sneaking

out for a midnight snack, it'll be March before he becomes himself again.

Unlike the bear, who can wake from hibernation in a few seconds, woodchucks, jumping mice and ground squirrels fall into a state of true hibernation. Their hearts beat slower, body temperatures drop. If you dig one up, it may be hours before it becomes active again.
 Snakes behave much the same way. They find a hideaway, wrap themselves in oblivion and spend the winter between life and death.
 Frogs and turtles head for the mud at the bottom of a pond, where they spend the winter.
 Beavers and muskrats build their lodges — a platform of mud and sticks with an underwater entrance. If they're lucky, they can stay in the same lodge all winter. If the water level rises, they are flooded out; if its too low, they

can't get in. An animal's greatest threat is not snow, but the severe ice storms that coat vegetation and block their food supply.
 Pheasants were severely hurt in a bitter Michigan winter storm in 1947. There was evidence that some suffered the same peculiar fate of pheasants in the western states. Facing into the wind with mouths open to breathe, their mouths became clogged with ice and they suffocated.
 Grouse, both ruffed and sharp-tailed, have the odd habit of diving into a bank of snow to keep warm. Some will dive into the snow in flight, but most burrow from the ground.

Happy Blue Birds Hold First Meeting

The Happy Blue Birds held their first meeting of the New Year on Tuesday and everyone was present.
 They all went to the Lions' Club Kiddie Park and played and refreshments of ice cream sticks were served to all by Mrs. Wallace Shelton.
 Mrs. Dean Robbs and Mrs. C. R. Williamson, assistants to Mrs. Jimmie Meece, our leader, are unable to help any longer. The new assistant is Mrs. W. F. West.

Spanish sherry, hardest of all wines, is the only wine that can be left indefinitely exposed to air without damaging its taste.
 California has more automobiles than any other state — 4,879,210 — with New York second — 3,893,980.

Here's New Proof That Women Are Good Drivers

CHEREAQUE ISLAND, Maine — The cab driver on this little island in Casco Bay is a woman who hasn't had an accident in the 21 years she has had a driver's license.

Mrs. Clyde Bowen, 36, explains it this way: "Maybe it's because everyone knows everybody else here on the island, and we try to look out for each other."

Chebeague, a few miles off Portland, has a population of nearly 300, which climbs to 2,500 in the

CHAMP-CABBIE — Mrs. Clyde Bowen drives her cab 1,000 miles a week, hasn't had an accident in 21 years of driving.

summer. In the warm months, Mrs. Bowen generally taxis 1,000 miles a week on the three-square mile island.

"I wouldn't believe it myself if I didn't see the speedometer," she said.

There are 11 boat trips to meet daily. And most of the summer visitors and residents leave their cars on the mainland.

Mrs. Bowen's husband operates a garage and drives the school bus. And guess who is the substitute bus driver? That's right, Mrs. Bowen.

Newsman's Ninety Kiss Quota Is Far Exceeded

WARSAW, Va. (AP)—William Y. (Uncle Billy) Morgan regards his 90th birthday cake as something sweeter than usual. Ninety tickets—each good for a kiss—were issued to women who came to the party and the kissing continued after the tickets ran out.

"Uncle Billy," editor emeritus of the Northern Neck News, kept close tabs on the personal doings of the citizens of five counties in his 70 years with the weekly newspaper.

His 90th birthday was observed with a ceremony at the high school auditorium. This formality was sponsored by the Virginia Press Assn. of which Morgan is a former president. Watt Miles publisher of the Danville Commercial Appeal, present VPA president, awarded the dean of Virginia newspapermen a bronze plaque to commemorate.

There were tributes from other newsmen and well-wishers who consider themselves charter members of the unorganized friends of "Uncle Billy."

CELEBRATION — Uncle Billy Morgan cuts his birthday cake.

Morgan was a printer's devil at 13 on the Northern Neck News when it was launched, business manager at 16 and editor and publisher at 23. He ran the paper until 1949 then turned it over to Rodney Marshall Coggan, an ex-Navy flyer, who is his grandson. The paper grew and prospered

until "Uncle Billy's" direction from scratch to a circulation of 3,500. He never billed his subscribers until the tax authorities, finding his bookkeeping a bit confusing, ordered some procedural changes. Morgan said they usually paid even when he didn't bill them.

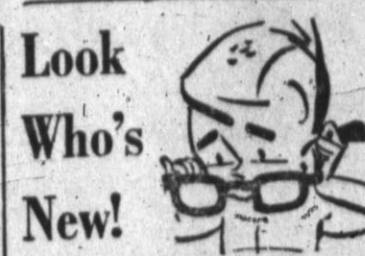

There are about 1917 heart attacks a day among American citizens.

Missouri has 6739 miles of railroad.

'Health And Safety' Topic Of County H.D. Club Women

USING WATER from surface lakes is not new to the area but in this group of pictures made near Tulia the set-up for pumping is a little different from that employed by Roger Brumley west on Harrison Highway. The portable pump shown here may be powered with any motor equipped with a pulley for a V-belt and since the pipe with only one stage is laid at an angle into the water, rather than vertical, it can be put in operation with little effort. The other two pictures show how the water is carried from the pump across the highway through a culvert and lifted into the underground system in the field on the opposite side of the road. The L-shaped pipe lying on the ground is lifted upright to allow the water to empty into the top of the vent pipe in the underground network. The water is then handled as if it were coming from a well. No figures were available as to the output in gallons or the practicability of the project, but it might give some farmer with a free water supply an idea worth copying. (Staff Photo)

Mr. and Mrs. Carlos Vaughn have returned from California where they spent three weeks during the holidays with relatives in Santa Ana, San Bernardino, San Fernando and Fullerton.

Subjects making up the Home Demonstration Club programs for January will be "A Labor-Saving Landscape" and "Health and Safety."

Clubs reporting early January meetings are:

Ford
"Health and Safety" was the subject of the program which Mrs. Dwayne Walker gave to members of the Ford Home Demonstration Club who met with her Jan. 4.

Mrs. Walker pointed out that an important thing to remember is not to drive when tired. She also emphasized the danger of driving when angry or worried.

Mrs. Alvin Goodin and Mrs. William Gilliland were welcomed as new members.

Others attending were Mrs. W. A. Bunch, Mrs. Hardy Benson, Mrs. L. J. Straffuss, Mrs. Ben Kelly, Mrs. R. H. Hale, Mrs. C. D. Corley, Mrs. J. L. Fite and the hostess.

The next meeting will be with Mrs. L. J. Straffuss Jan. 18.

South Hereford
All club members attending the meeting of the South Hereford H. D. Club Jan. 3 participated in the program on "Health and Safety." Evelyn Bell was hostess.

Those present were: Mesdames Harry Shultz, S. S. Williams, Ronald Matthews, W. H. Goettsch, Otto Massie, John P. Slaton, John Haecker, Ada Hollabaugh, John Draper, R. L. Criswell and the hostess.

The next meeting will be in the home of Mrs. John Draper Jan. 17.

Progressive
In her demonstration on Landscaping that requires a minimum of care Argen Draper, CHDA listed the euonymus radicans as a shrub well adapted to the working landscape.

The program was given for the members of the Progressive H. D. Club who met with Mrs. Lester English Jan. 3.

Grasses which provide a pretty lawn without a great deal of water

HOGGING DOWN corn is an old practice in the corn producing regions, but hogging up milo is the way Willie Nunnally in the Westway Community has figured out to save any of his grain sorghum crop which had fallen down and was missed by the combine sickle.

The hogs seem to be doing well rooting for themselves and the system not only saves the grain that might otherwise be wasted but eliminates the necessity of picking it up by hand if the farmer felt the amount on the ground justified retrieving. (Staff Photo)

Meet Your

Neighbors

Hereford, Texas, Thursday, January 12, 1956 Section Two

and mowing were also listed by the agent.

Mrs. Taft McGee, president, presided at the business meeting and called for committee reports.

Mrs. Davenport was a visitor and members present were: Mesdames Pete Carmichael, C. V. Bur-

gess, H. L. Hershey, T. J. Parsons, Cecil Boyer, Leon Coffin, Harold Beauchamp, C. C. Billingslea, Fred Saltzman, Bert Coffin, Taft McGee, Augustine Gregory, Mrs. Draper and the hostess.

The next meeting will be with Mrs. H. L. Hershey Jan. 17.

Dawn
Mrs. J. B. Caraway was elected as the club's nominee for delegate to the district meeting by members of the Dawn H. D. Club who met with Mrs. R. T. Stewart on Jan. 6.

Mrs. Walter Galley was the club's nominee for THDA chairman.

The program on a "Work-Saving Landscape" was given by Argen Draper.

Yearbooks were filled out and going away present was presented to Mrs. J. M. Carathers by the club.

Refreshments were served by Mesdames L. B. Washington, W. (Continued on Page 2)

ONE 5-MILE DRIVE WILL PROVE IT

Your driving is easier — you feel safer — in THE BIG M

The stunning Mercury Montclair 2-door hardtop with distinctive low profile and Flo-Tone color styling.

Easier riding and handling on sharp turns—new comfort on bumpy roads—widest choice of safety features in its field help explain why THE BIG M is the big buy for 1956.

Riding is so much better than reading. That's why we invite you to take a demonstration drive in our BIG M.

Then you'll feel the BIG M's reflex action firsthand—how ball-joint front suspension adjusts itself instantly to rough roads, ruts, and curves.

And you'll experience the reflex-action response of the BIG M's new SAFETY-SURGE V-8 engine—how it takes the tension out

of passing, makes hill-climbing as effortless as breathing.

You'll discover the new peace of mind provided by the BIG M's new Safety-First Design. For this year Mercury offers 10 new safety features, including the only impact-absorbing steering wheel in its field.

So see us for a test ride. Compare our prices and you'll find that THE BIG M is as easy to own as it is to drive.

BIG 4 OF THE BIG M

- 1. NEW REFLEX-ACTION PERFORMANCE.** THE BIG M responds to your every command—go, stop, climb, pass—quick as an athlete's reflex. On all roads and curves, Mercury adjusts instantly, automatically, for your ease and comfort.
- 2. BIG M BEAUTY.** New long, low profile. Distinctive Flo-Tone color styling. Clean-lined beauty for young-minded people.
- 3. NEW SAFETY-FIRST DESIGN.** Widest choice of safety features: impact-absorbing steering wheel, safety door locks at no extra cost, padded instrument panel, safety belts, optional.
- 4. PROVABLE VALUE.** Low price when you buy—low cost while you drive. For 4 years best resale value in its field. Many dividend features for greater performance.

HOMES FOR AMERICANS

ECONOMIES brought about by careful planning and new nailing methods are featured in this demonstration house recently built at Virginia Polytechnic Institute at Blacksburg, Va. This drywall partitions and space-dividing wardrobes and storage walls are made possible by the use of nailed trussed rafters which open the house and need no midway supports. This results in a maximum use of the 1,056 square feet in the house. Instead of a basement, 84 square feet of storage space is provided in the carport. More than 52,000 nails of 33 different sizes were used in the house. These were the new threaded and grooved nails developed for greater holding power by Dr. E. George Stern, research professor at VPI, who designed this house and has made plans available.

Walcott News

By MRS. T. L. COLLINS

Mr. and Mrs. Cresty Rudd and family visited with relatives in Sudan.

Mr. and Mrs. Chester Minyen and children went to Oklahoma City and Pauls Valley Okla. to be with kin folks.

Mr. and Mrs. Bertram Jack and family were in Floydada with relatives.

Mr. and Mrs. N. A. Brown, Mr. and Mrs. Eldred Brown and Tommy, Mr. and Mrs. Floyd Brown, Wayne and Roger and Mr. and Mrs. Ernest Brown, Barbara and David all made a pre-Christmas trip to Lovington, N. M., Dec. 18 to visit in the home of Mr. and Mrs. Cecil Davis, sister of Mrs. N. A. Brown. All of her brothers and her Dad were there for this family reunion.

Christmas Day, the Ernest Browns visited with her parents, Mr. and Mrs. S. B. Pulliam of Bellview, N. M. All of this group went to Dodge City, Kans., to visit with more of the family. They returned home Wednesday.

Mr. and Mrs. Floyd Brown, Mr. and Mrs. Eldred Brown and their families spent Christmas with Mr. and Mrs. C. W. King of Bellview, N. M.

Mr. and Mrs. N. A. Brown went to church at Bellview on Christmas morning. Mr. and Mrs. Joe Head of Bellview and son, Allen Head of Clovis, took dinner in the Brown home.

Mr. and Mrs. E. M. Sessums and Bobby, went to Oklahoma City to visit their daughter and family, Mr. and Mrs. Madel Moore and baby, Dianna.

Next day, Bobby Sessums went to Tuttle, where the family used to live, to visit friends.

Mr. and Mrs. A. D. Roberson and family went to Levelland to see Mrs. J. E. Cotteral, mother of Mrs. Roberson. She accompanied them to Lovington, N. M., where Christmas was spent with a sister and family.

Mr. and Mrs. A. J. Ashburn and Jackson spent Christmas in Littlefield with her mother, Mrs. James Owens.

Mr. and Mrs. Don Guseman, Donna Sue and Gary, also her mother, Mrs. Mae Engle, went to visit the children's great grandparents, Mr. and Mrs. C. H. Kuhn, and a great aunt, Miss Ramona Kuhn of Jeffersonville, Ind. While there, they visited with an aunt and uncle, Mr. and Mrs. Robert Longstreet and children of Shelbyville, Ind.

The Gusemans did see a little snow while away. On their return, it rained on them all the way from Springfield, Mo., to Oklahoma City - we wish they could have brought moisture back with them.

Mr. and Mrs. Norman Minks and children visited with relatives in Greensburg, Kans.

Mr. and Mrs. Oral A. Woods and Norma Dell went to Eastland to be with his parents, Mr. and Mrs. H. W. Woods, for Christmas.

They went on to Stephenville to visit a cousin, Mr. and Mrs. Lawrence Stone and family.

Passing through Morgan Mill they visited with friends made while there.

In Dallas, the Woods visited her sister-in-law, Mr. and Mrs. Arthur Porter and children.

Mr. and Mrs. S. D. Dufur, Mary and Billy and her sister, Mrs. Lucille Parker of Amarillo, drove to Ardmore, Okla., for Christmas. They were guests in the home of a brother, Mr. and Mrs. Ed Cole. While in that vicinity, Mr. and Mrs. Dufur visited with his brother, Mr. and Mrs. Mac Dufur and family.

Mary Dufur and a cousin, Pat Cole, went to Sherman, where they visited with Mr. and Mrs. Alton Cole and children.

The Dufur family came back to Amarillo and on to Miami to visit Mr. and Mrs. Andrew Dufur and family. Returning to Walcott, they were accompanied by Mrs. Lois Payne and sister, Ruth Trickey, who visited a few days.

Mr. and Mrs. N. E. Tyler and family were Christmas guests of her parents, Mr. and Mrs. Tom Hall of Hereford.

J. L. Kinnias of Phillips and Jimmy Cramer of Hereford, were visitors in the Thomas L. Collins home on Thursday night.

Mr. and Mrs. A. J. Ashburn and Jackson went to Little Rock, Ark. to visit his sister, Irene Ashburn, on New Year's Day. They came home Monday.

Mr. and Mrs. Junior Cloud and children, Mr. and Mrs. M. O. Thweatt of Amarillo and Spain Thweatt, were guests New Year's Day in the S. N. Thweatt home.

HEAD OF SHRINE MADE TEXAS ADMIRAL - Gov. Allan Shivers, left, presents a certificate to Walter C. Guy, of Little Rock, Ark., Imperial Potentate of the Shrine of North America, making him an honorary admiral in the Texas Navy. Potentate Guy visited the Governor at the capital in Austin. (AP Wirephoto)

Mr. and Mrs. T. L. Collins, Raymond and Bruce spent Monday in Hereford at the O. R. Sanders' home, watching the Parade of Roses, the Bowl Games and -eating.

S. N. Thweatt has been sick at his home with an abscess behind his tonsils.

The new "tumbling mats" have arrived for Walcott School, which were furnished by the P-TA. These seem like a Christmas gift to the children. Several of the boys used them during assembly Wednesday.

Mrs. Roy Fruit went to the hospital Tuesday morning. On Thursday she had an operation in the Deaf Smith County Hospital, in Hereford.

Mr. and Mrs. Paul Boggan of Lamesa visited with Mr. and Mrs. O. A. Woods and Dell on Wednesday night.

Mr. and Mrs. Glenn Burrus and girls and Mr. and Mrs. J. A. McWhorter of Hereford went to Canyon Wednesday to see the West-Texas-Tech basketball game.

Mr. and Mrs. Douglas Timberlake have a new son, Paul Douglas, born Jan. 1 in Deaf Smith County Hospital, Hereford.

After a long illness, death came to Mrs. W. L. Johnson on Wednesday, in Deaf Smith County Hospital. Funeral services were held in Hereford on Friday afternoon. She was the mother of Cliff Johnson of this community and grandmother of Bill and Wayne Johnson. We extend our sympathy to her family.

Mrs. Roy Fruit is improving slowly in the Deaf Smith County Hospital following an operation on Thursday.

John Avery is back here in Walcott School again, after being in the Friona School since the first week of our term.

Mrs. Eldred Brown and Mrs. Floyd Brown are visiting their father, C. W. King, in the Clovis Memorial Hospital quite frequently these days.

Walcott boys have a basketball game Tuesday afternoon in Hereford with the Junior High School. Mr. and Mrs. R. N. Self from Tullia, parents of Mrs. Wallace Lumpkins, visited in that home on Sunday.

Mr. and Mrs. Paul Boggan of Lamesa spent Saturday night in the O. A. Woods home before returning home Saturday.

Mrs. Charlie Burk gave a party for Janell Weaver Friday night. The scene for the party was the Burk's barn, where those present played games and danced. Attending were Bobby Sessums, Gary Guseman, Ray and Wayland Northcutt, Lee Myers, Mickey Radd, J. V. Perrin, Royce Lee and Merry Kay Fruit, Mary Dufur, Cecelia and Margaret Burrus and the honoree, Janell Weaver. Refreshments were served at the close of the evening.

The girls spent the night with Janell in the Burk's basement.

Mr. and Mrs. Jack Reynolds of Pacific Beach, Calif., are visiting his parents, Mr. and Mrs. E. J. Reynolds, and other relatives.

Many airplane parts are now made of compressed glass fibers and manufacturers say their use probably will be extended.

Health...

(Continued From Page 1)

ter Galley, Orval Galley, LaNor Tooley, J. B. Caraway, J. M. Carathers, H. S. Fuller, Jesse Sisco, Henry Spicer, Marion Russell, L. W. Loerwald, Muri Little, Miss Lula Botsford, Mrs. Draper and the hostess.

Mrs. Cecil Payne will be hostess for the next meeting on Jan. 20.

North Hereford

Mrs. George Parker was hostess for members of the North Hereford H. D. Club Jan. 5, for a program on "Health and Safety" given by Mrs. Tony Hoffman.

One of the most pertinent points Mrs. Hoffman made for safe driving was not to grab at a child who has fallen from the seat of a moving car. Any damage to the child has already been done she emphasized and rather than risk the lives of others the mother or any other driver should remain calm enough to keep the car under control and come to a safe stop.

Following the program yearbooks were filled out, committee reports given and plans made for attending the THDA training meeting to be held in Amarillo Jan. 11.

Members also voted to have an auction sale at the next meeting as a fund raising project.

Thank you letters from Miss Amelia Anthony for money and gifts to Girlstown were read.

A gift shower was given Mrs. W. H. Russell as a birthday surprise.

CARD OF THANKS
We wish to express our deep appreciation for the many kind deeds extended to us during our recent sorrow. We especially thank all our friends and neighbors for the beautiful flowers, the food and the many many other kind acts. May God's richest blessings be yours.
Mrs. Ella G. Counselman
Mr. and Mrs. R. S. Hatcher
Lt. Col. and Mrs. Orville L. Counselman

Bud To Blossom Club Topic: Dried Arrangements

Bud To Blossom Club held its first session in 1936 in the home of Mrs. J. F. Martin Friday afternoon. Mrs. W. B. Goetz was welcomed as a new member by the president, Mrs. W. Glenn Williams during the business session.

Mrs. Don T. Martin presented the program on "Dried Arrangements Are Not Dry," emphasizing that materials for dried arrangements should be gathered in the early fall before they begin to die. She said, after gathering, to strip off the leaves and hang up-

side down for about two weeks before painting, waxing or storing.

Mrs. Martin demonstrated her program with three dried arrangements, one in pink, one in copper and one of the natural material.

Members of the club attending were Mesdames R. A. Daniel Jr., Ray Godwin, H. A. Haseloff, C. R. Higgins, Sam Long, Don Martin, W. H. Patton, Pat Robinson, Lloyd Sharp, W. Glenn Williams, Jim Wood, R. N. Yarbro, W. B. Goetz, and the hostess.

DRIVER'S LICENSE AND CANCELLED CHECKS

Just as you must be prepared to produce your driver's license, on occasion, as a means of identification... so also it is necessary to furnish evidence that you have paid a certain bill.

You have such evidence with your cancelled check, if you pay the safest way... by check. We invite you to open your checking account with us.

Nobody...

(Continued from Page 4)

ships and cash to SMU. One of Walker's seasons saw SMU draw almost a half-million fans into the big saucer.

Walker was the fellow who caused Mustang games to be moved from its handbox 23,000-seat stadium to the Cotton Bowl.

No one ever brought as much publicity to Dallas. Three times he was All-American at SMU. The fans will never forget what he did last season. Injured and ill part of the time, he closed out sitting on the bench, weeping as his mates gave Notre Dame a mighty battle. Walker always wanted to play against Notre Dame. He never did.

That was the season the Doaker wrote a magazine asking that he not be picked on its All-American team because he said he didn't deserve it. The magazine granted his wish and ran his letter to show that a great sportsman he was. That also was the season he was pummeled by a vicious tackle while on the playing field. He was ineffective the rest of the game. But Walker went to the dressing room and shook hands with the man who had hit him.

In pro football, Y. A. Tittle, San Francisco quarterback, was in a Detroit hospital with his jaws in a brace. Every day he had one visitor, who brought flowers and magazines. The visitor was Doak Walker. The entire San Francisco team sent him a wire thanking him.

Such was the measure of Walker's fame that a Dallas citizen proposed that the name of a Dallas street — Oak Lawn — be changed to Doak Lawn.

Dallas, of course, is glad to have him as its permanent citizen. He's in business here and doing well. But on a fall Saturday they'll be talking about the Doaker up there in the stands and wishing they could see him again as he ran with that little daisy-doo or caught a pass without effort.

Experiments have shown that hogs gain weight faster, specially during hot weather, if given night lights.

Mrs. R. B. Miller Hostess For Club

Mrs. R. B. Miller was hostess for the Garden Beautiful Club meeting held in her home Friday afternoon with Mrs. Roy Smith serving as co-hostess.

During the business session with the president Mrs. Robert Veigel, presiding, plans were made for the upcoming Chamber of Commerce Banquet. Mesdames DeWard Robertson and Mrs. Gerald Wilson head the committee in arranging the banquet tables.

Roy Peet, local florist, was the guest speaker, using as his subject "The Care of House Plants." He also told of the care that should be given geraniums in the yard, advising good soaking instead of sprinkling and planting in the open rather than in the shade.

Members present were Mesdames Lloyd Pool, Ansel McDowell, Townsend Douglas, S. L. Easley, J. B. Harlin, E. W. Harrison, Charles Hood, D. C. Kinsey, G. P. Owen, Helen Pipkin, B. E. Robertson, DeWard Robertson, Mary Seigler, Roy Smith, W. J. Stanford, Robert Veigel, Miss Frances Turentine and the hostess.

Children Have Recent Party

Cynthia Verne and Bill McMinn, daughter and son of Mr. and Mrs. Perry McMinn of Summerfield, were hosts at a recent party given in the home of their grandmother, Mrs. J. B. McMinn. Assisting with the party were Miss Thelma McMinn, Mrs. Harold Loerwald, Mrs. Calvin Goodin and Mrs. Perry McMinn.

Holiday games were enjoyed and gifts were presented by the small hosts to the guests.

Children attending the party were Ellen McGowan, Mark Robertson, Tam McGowan, Mary Lois Wall, Shirley Simpson, James Simpson, Gary Goodin, Patti Simpson, Judy Lookingbill, Susan Neill, Beverley Jean Robertson, Sharon Robertson, Phil and Linda Jacobson and the hosts.

KNOX'S KNOTHINGS

(Continued from Page 4)

McL 1 basketball tournament will commence in Whiteface gymnasium.

It should afford some keen competition and some very fine games. So we're going out on a limb to make some more.

1. Phillips. The Blackhawks have established a fine record and must be rated over the rest. But they can expect more than average competition.

2. The Dumas Demons will be the Blackhawks' chief worry. The Demons should give the Hawks a struggle and it may not be too much of a surprise if they come out on top. But unprobable.

3. The Perryton Rangers from the far-most reaches of the Panhandle are expected to fare fairly well. However, they have nothing to cope with what Phillips and Dumas has.

4. The Dalhart Wolves have shown excellent improvement over last year's club. They get better with each game. They have defeated Hereford twice. Might give Perryton a struggle.

5. Canyon's Eagles have also defeated the Hereford Whitefaces twice but still don't boast experience or reserve strength. But show possibilities.

6. & 7. The Hereford Whitefaces and Shamrock Irishmen should wage quite a war for the cellar spot. Hereford must wait until next year and Shamrock will have to wait probably at the least 20 years.

Former Resident Dies In Calif.

Word of the death of Mrs. Aubrey Roberts, the former Miss Bily Bess Green of Hereford, was received here Sunday. Mrs. Roberts died Saturday in Corona, Calif., after a short illness. She was the daughter of R. T. Green, formerly of Hereford, who now resides at 3947 Moody St., Corona, Calif.

Mrs. Roberts who was born and reared in Hereford, is survived by her husband and three small children. She was a niece of Mrs. Walter Easter, Mrs. Harry Lomax, Miss Nettie Green and Joe Green, all of Hereford and of Mrs. B. R. Dixon of Amarillo and James L. Green of Ft. Worth.

Funeral services were held Wednesday in Corona.

There's No Easy Way To Reduce

ANN ARBOR, Mich. (AP)—A University of Michigan hospital dietitian says "no easy way to reduce is safe" and "no safe way is easy." Miss Isabel Foster, director of dietetics at the hospital, adds that the person who wants to reduce has a constant struggle on his hands.

Magic reducing diets and candy-coated pills which are designed to fill a vacuum should be approached warily, Miss Foster says. "Such methods not only cost money, they can be dangerous," she adds.

First, a person ought to find out if he should reduce, says Miss Foster. Some people try even though it isn't necessary. A physician can tell you if you need to or not. If he says, yes, you'd better believe him.

"To lose weight, you must either increase your activity or decrease your food intake," Miss Foster says. But that slice of apple pie won't disappear with three or four push-ups — 36 miles of walking are needed to lose one pound of fat.

That chocolate sundae you had won't be used up until you walk five miles. In short, says Miss Foster, it's easier not to eat it.

Seven suggestions, from Miss Foster: Drink coffee black; go light on butter; use lemon juice for salad dressing; trim away fat from the meat; drink fruit juices instead of sodas; broil and roast instead of breading and frying meats; use herbs, onions or peppers for gravied meats.

Accidents cause more deaths among boys 10 to 14 years old than any other single cause.

For 1952 (the latest complete figures) 3,530,000 U. S. births or 91.7 percent of all births took place in hospitals.

Americans use an average of 20 pounds of rubber per year per person compared with about 1 pound for the rest of the world.

American red oaks are growing in England's Sherwood Forest where Robin Hood and his merry men were supposed to roam.

Scientists estimate that 400 billion tons of carbon dioxide from the air are absorbed by ocean plants every year.

Pennsylvania has 9555 miles of railroad.

H D Chatter

By Argen Draper

When the Christmas tree appeared in the Clearmans' trash barrel we knew then that the holidays were definitely over. A person doesn't have to be a Child Psychologist to know it is a big job to convince two daughters age six and two to take down the Christmas tree.

The Frank Bezners have moved their Christmas tree from the house to the end of the porch. And may take it to the trash barrel by way of the garage. A Christmas tree can add greenery in the yard for a few weeks if it is watered occasionally. The Bezners probably had to agree to keep the tree in the yard in order to get it out of the living room.

Marion Causey has left a pretty tree standing at the corner of the Market. The spirit of Christmas is a year round feeling of good will and the Causeys' do have that spirit.

On color: Have you seen the A. E. Hodges red mail box? It may have been painted red to make it easier to see or to take less aim to hit or simply because red is a cheerful color. Anyway, it is a bright spot. The Herbert Boardmans pink front door is gay and seems to say hello and welcome to our house every time we pass by.

Scientists say the old adage, "If you heard the thunder or saw the lightning, it did not strike you," is quite true.

red is a cheerful color. Anyway, it is a bright spot. The Herbert Boardmans pink front door is gay and seems to say hello and welcome to our house every time we pass by.

KNOX'S KNOTHINGS

By BILL KNOX

Need Golden Gloves Team

One thing which would help Hereford sports tremendously would be a boxing team, which each year would enter the Golden Gloves in Amarillo.

As far as we recall, Hereford never has had an organized boxing team. But a boxing team sent to the Golden Gloves each year would afford an athletic pleasure as well as the right to represent his school. It might even keep him out of trouble.

It would also give Hereford boxing fans the feeling of not being left out. As it is not hard to realize, the town of Hereford, Texas, Deaf Smith County, is not the most popular place in Amarillo. Amarillo likes to see Hereford left out and a boxing team from Hereford would cure everything.

Affords Good Recreation

It's not baseball season, but another thing which would be an excellent project in Hereford is authentic Little League baseball. The Jaycees have done fairly well with their softball program, but nothing can replace the national pastime of baseball.

There is no doubt that Hereford can furnish enough material for at least four teams, which would be plenty. Little League baseball has been proven to be a fine spectator sport also. The Little Leaguers have regulation equipment and regulation size for their baseball park, etc.

It has been proven highly successful in other places and we're sure it would go over in a big way here.

Woods Coach Of The Year

We weren't too surprised when we learned a time back that Stamford coach Gordon Wood had been named Texas High School coach of the year. Wood certainly deserved the honor above all other coaches in the Lone Star State.

In five years he has been at Stamford, he has won 56 games and lost only three. The three losses were to Terrell, Phillips, and Colorado City. This year they avenged the loss to Phillips while rumbling to the state championship.

This year Wood did with his Bulldogs what Chesty Walker did with his Blackhawks last year. Both won 15 straight games without defeat and both won the state championship.

We were quite happy over the Bulldogs' winning, as earlier in the year we had gazed into the crystal ball and foretold of their extreme success on the gridiron. It's one of the very few times we can boast a perfect prediction slate. And we haven't predicted anything since for fear that our luck will run out.

Predicts Tourney Outcome

But it's on the strength of this one success that we dare venture another prediction. In about one month hence, the Dis-

(Continued from Page 3)

THIRD WIN

Hereford Whitefaces Drill Forrest, 52-38

Knox Predict.....

District Tournament

Victory Gains Revenge For Earlier Loss

Hereford's Whitefaces gained revenge from an earlier defeat by smashing the Forrest Pirates, 52-38, Tuesday night in Whiteface gymnasium. At the same time the Hereford "B" was crushing the Pirates, 67-36.

Forrest had earlier gained a decision over the Herd at Forrest. But this time the Whitefaces were not to be denied. They gained a lead early in the initial quarter and never lost it. Hereford's "B" had previously won at Forrest by only one point, but this time they made a rout of the contest.

Hereford took a 5-4 lead with only a few minutes gone and increased it steadily throughout the contest until the final outcome. The Whitefaces showed definite improvement, while effectively controlling the backboards and putting up an improved defense.

The Pirates couldn't find a suitable defense to throw up against the Herd. They never did find one, with Hereford's height advantage proved to be a big factor. Terry Higgins, Norman Bookout, and Bill Callaway all stood above Forrest's tallest man.

The Whitefaces came out red-hot for the second half and increased their lead to 17 points at the end of the third quarter. Forrest narrowed the lead to 14 points at the end of the game. The first quarter score was 14-11 with Hereford on the long end, and the half-time count was 25-18.

Three Hereford prayers ripped the nets fairly consistently, while Bobby Mitchell, Forrest's high man, didn't start hitting regularly until late in the fourth quarter when it was too late. Terry Higgins led the pack for Hereford with 18 markers. Fred Lookingbill had 14 and Bill Dufur accounted for 10. However, the Pirates' Mitchell was high for the game with 22 points.

The "B" game saw Hereford take a 10-2 lead before Forrest

Hereford Brand... SPORTS

Hereford, Texas, Thursday, January 12, 1956

knew what was going on. Then it was too late. Hereford threw up a balanced scoring attack, while Forrest couldn't hit anything but long shots. Hereford cashed in on free shots also.

The "Bees" held quarterly margins of 14-8, 29-19, 43-23, and 67-36. High man for Hereford was lanky

Jim Curtisinger, who dunked in 21 tallies. Don Weeks had 20 and Monk Morrison 16. Dick Jackson was high for Forrest with 16 points.

The Whitefaces journey to Odessa Thursday where they will meet the Broncos in the first round of the Odessa Tournament.

REPORT OF CONDITION OF The First National Bank Of Hereford

IN THE STATE OF TEXAS, AT THE CLOSE OF BUSINESS ON DECEMBER 31, 1955, PUBLISHED IN RESPONSE TO CALL MADE BY COMPTROLLER OF THE CURRENCY, UNDER SECTION 5211, U. S. REVISED STATUTES.

GUILLETTA ARNOLD, Notary Public (SEAL)
My commission expires June 1, 1957.

Nobody Can Take Walker's Place On The Gridiron

By HAROLD V. RATLIFF
AP Newsfeatures

DALLAS — Football is going to seem a lot different around here from now on. Doak Walker has made his last run and caught his last pass.

The Doaker had grown to become a symbol of gridiron prowess—and of sportsmanship, too. No one ever captured the hearts and the fancies of the crowd like the little man from Southern Methodist University.

And it was the same way in professional football.

The Doaker appeared annually in an exhibition game in Dallas. It always meant a crowd in the Cotton Bowl. Each Sunday the fans watched the televised games during the pro season and kept Walker close to them.

Doak bowed out after six years of playing with the Detroit Lions. He left the all-time scoring record—averaging 89 points per season. Only those who had played longer than Walker can boast more points.

Don Hutson 825 in 14 seasons. Bob Waterfield 573 in 8. Walker made 534 in 6.

It seems only yesterday that Walker was running up and down the Cotton Bowl bringing champi-

So The People May Know!!

Here are some of the questions that have been asked concerning the Proposed Water & Sewer Bond election scheduled for Saturday, January 14 th.

Q. Will It Raise Water Rates?

A. NO. It will not be necessary to raise Hereford water rates as a result of the bond election. However, it is possible that some of the Big-Bracket users will be raised up to the cost of production in the future — regardless of the bond issue. Those few customers who use more than 30,000 gallons are buying water at a cost of 9c per 1,000. This water costs the City 14 1/2c per thousand to produce, and the Commissioners feel that the big users should at least offset the production cost. At the present time only two towns in Texas, the size of Hereford, have lower rates than we have. The passage of the bond issue will not affect the average domestic user.

Q. Will It Raise My Taxes?

A. NO! This is a revenue bond election and the bonds will state that: At No Time can the holders demand payment from tax funds.

Q. How serious is the present water situation?

A. It appears impossible that the City of Hereford can go through next summer without some expansion. Here is the report of M. R. Smith of Parkhill, Smith and Cooper, engineers who made the survey: "The past two summers have found the city supply at a low stage, which accounts for the sand in your water, low pressure, etc. The sand has been brought about due to the fact that the C2 Street pump station has a sand trap to care for one well . . . but we have two wells going into that station. The McKinley Street pump station was built for one well,

but we have three wells entering that station at this time. For the past two summers many days during the heavy usage periods at times, the storage tanks were dry . . . and you were receiving water directly from the wells. During this past summer . . . even though there were few potatoes processed . . . and even with one tank and the small well leased from the Santa Fe. for a period of eight days the City was pumping water direct from the wells into your homes." This situation indicates that additional storage will go a long way toward solving the water problems of the community.

Q. Can the Water System retire these bonds on its present income?

A. Yes. The law requires that before a city can vote revenue bonds, it must have an annual income one and one-half times as great as the annual bond payments. In this instance, the Hereford system has an annual income approximately three times as great as the proposed payments.

Q. Why is so much money needed for this improvement?

A. Proposition 1 — this \$159,000 will be used to retire previous indebtedness against the Hereford Water System, a requirement under the existing laws of the State of Texas. If this proposition does not carry, the other new bonds cannot be issued. Proposition No. 2 — \$385,000. Of this amount, \$350,000 will be used for expansion of storage and supply facilities, including two 1-million-gallon storage tanks. Also four additional wells. This amount of

storage should be ample to take care of a population up to 40,000 people, according to competent engineering surveys. The remaining \$35,000 will be held for future development, and the bonds will not be sold until such expansion is feasible.

Proposition No. 3 — \$65,000. This money is also for future expansion and the bonds will not be sold until such expansion is feasible.

Of the total \$609,000, we already owe \$159,000, which leaves only \$450,000 in new bonds for expansion. Of the \$450,000, we propose to hold \$100,000 in unsold bonds, which carry no interest until sold. This actually leaves only \$350,000 in bonds for current expansion.

Q. How old is the City Water system?

A. The system was bought by the City in 1909. It was last expanded in 1947, when the city had a total of 980 water customers. The city now has 2,205 water customers.

Q. Who Can Vote?

A. Those people having taxes rendered on the City rolls, either real or personal property. And you must have the poll tax receipt you bought this time last year.

Q. Where Can I Find Out More About This Proposed Bond Issue?

A. Come to the City Offices and the City Manager will be glad to go over the charts, engineering reports and city records in detail. We are anxious for you to understand the proposed revenue bond issue thoroughly. Contact any member of the City Commission, or the City manager.

Your City Commission has carefully studied the situation, along with reports from a reliable engineering firm . . . their conclusion is that passage of all three proposals is the only manner through which the City of Hereford can meet the requirements of an adequate Water Supply to the Community!

Dawn News

By DELLA RUTH DOW

Mr. and Mrs. Henry Hamblen of Wayside spent the night in the C. C. Stewart home Thursday night.

Charles Galley of Amarillo visited in the Walter Galley home Friday evening. He is the son of Mr. and Mrs. Lester Galley, formerly of Dawn.

Mrs. Finis Wright went to Amarillo on business Friday.

Mr. and Mrs. J. G. Coe of Muleshoe visited in the C. C. Stewart home recently.

Fred Frye is home visiting his parents, Mr. and Mrs. R. A. Frye. He has been employed in Nebraska.

Mr. and Mrs. Clyde F. Toney and daughters, Carol and Gayle, and Mr. and Mrs. Harold L. Dow and son, Buster, were visiting in the H. C. Dow's home over the New Year's weekend.

Mrs. L. M. Harris returned home last week after a visit in the home of her daughter, Mrs. C. C. Stewart.

Mr. and Mrs. Marion Russell spent several days last week visiting relatives in Oklahoma.

Mr. and Mrs. Zed Stewart and Mr. and Mrs. Marion Russell left Saturday evening to visit Mr. and Mrs. Wayne Stewart at Artesia, N. M.

Mr. and Mrs. Walter Galley and wife visited Lt. and Mrs. Clifford Galley and Kara Sue of Lawton, Okla., over the New Year's holiday. He is stationed at Fort Sill. They also attended a family reunion of Mrs. Galley's family at Wichita, Kans. They visited relatives in Oklahoma on their way home Monday.

Mr. and Mrs. Rex Cox took their daughter, Susan, back to the doctor in Amarillo last week. He says her hips are improving. Susan was two years old last week.

Mr. and Mrs. H. C. Dow and daughter, Della Ruth went to Amarillo Saturday. They visited with friends while there, Mr. and Mrs. Kenneth Stiekney, Mr. and Mrs. Paul Grace and son, Kenton. Mr.

and Mrs. Kenneth Stiekney were in a wreck Dec. 24, but are recovering now.

Mr. and Mrs. Joe Evans and family have moved into the Progressive Community. They were formerly employed by R. L. McNally of this community.

Mr. and Mrs. Arvin Triplett and boys have moved to the west side of Hereford on the Harrison highway.

Wanda Sue Wimberley was home from college over the holidays visiting her parents, Mr. and Mrs. Carl Wimberley. She is going to Oklahoma Baptist University in Shawnee, Okla.

J. T. Cronin was home also during the holidays visiting his parents, Mr. and Mrs. J. D. Bruner. He is attending Hardin-Simmons University in Abilene.

Mrs. Myrtle Pannell and sons, Jimmy and C. O. Pollet, left for Holliday, Tex., last Wednesday to attend the funeral of the boy's uncle, Z. E. Pollet.

Mrs. Baker Womble's aunt died at Fort Worth. Mrs. Womble was at her aunt's bedside at the time. The funeral was at Plainview Saturday, Jan. 7. Mr. and Mrs. A. T. Frye and Mr. and Mrs. Ernest May went to the funeral.

Mr. and Mrs. C. C. Stewart and Mr. and Mrs. Zed Stewart went to Nocona, Thursday to attend the funeral of Mr. A. M. Boutwell. Mr. Boutwell was an uncle to C. C. Stewart.

Mr. and Mrs. Lloyd Airhart went to Canyon Sunday to visit their sick granddaughter, Linda Earlene McAtee. She is better today.

C. A. Wimberley and Bruce Wimberley of Wichita Falls visited in the Carl and William Wimberley's home Monday.

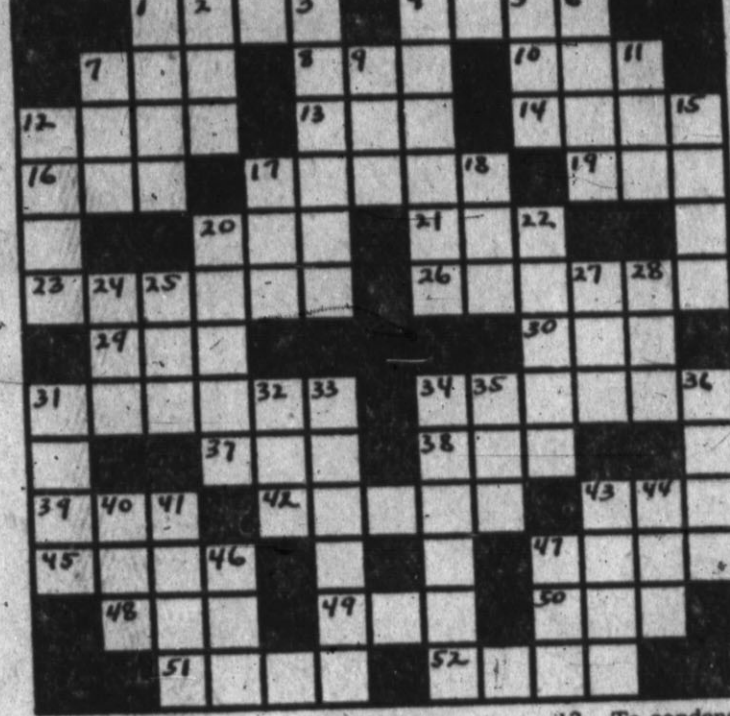

Lucy Beth Miller and Barbara Martin spent four days at Hale Center visiting Patricia Paddock recently.

Ginger Smith and Bobby Jones visited in the Alfred Smith's home New Year's Day.

The Home Demonstration Club met Friday in the R. T. Stewart's home. There were 14 members and the agent, Argen Draper, present. The Dawn Musettes will meet at Mrs. L. W. Tooley's home on Jan. 17.

Andrew Jackson was the first U. S. President to travel by train.

F. C. Winfrey and sons new irrigation well, located 30 miles northwest of Hereford, has been running 120 continuous hours and shows no weakness. It is pumping around 900 gallons per minute and the well setting is at 372 feet and the total depth of the hole is 385. We plan to put in another one in the near future, Winfrey says. "Looks like we have good water and several of our neighbors are planning on putting in wells."

Long Time Ago

45 Years Ago

Last Friday at the Edwards Land office on Sampson Street those who had signed their willingness to enter such a company met and effected a temporary organization of the Hereford Valley Land and Irrigation Company. It is the purpose of the company to equip and operate a model irrigated farm, and to see irrigated land. The company has advertised for 80 or more acres of suitable land upon which the model farm will be located. Work will begin as soon as contracts can be made and the organization completed. It is further announced that a practical farmer and irrigator will be employed to superintend the farm. He must also fully understand the pumping machinery. Contracts for sinking the well and installing the machinery will be made as soon as the necessary data are at hand.

The long experience of successful farmers who have irrigated in nearly every state in the Union, the quick response of our soil with the application of water in our gardens, should be sufficient to warrant at least a moderate outlay to equip a pumping plant. While it requires some knowledge of irrigation methods to carry on a large project, it does not require any more than the average intelligent farmer is able to command for small plants. Don't undertake to irrigate too much the first year. One man thinks if he had 20 or 30

acres and the most part of this in field crops, he would be willing to take the risk. That it pays to irrigate is evident from the price of irrigated lands in Colorado, Oregon, and California. From \$200 to \$2000 per acre depending upon the state of development and the crop raised. The question should be placed in the negative to get its full meaning - will it pay not to irrigate?

25 Years Ago
Averaging more than 21 rabbits for each hunter and getting a total of 557 for the seven-hour foray, the band of 26 men who went out last Friday probably set a local record. While one of the main objects of the drive, to furnish Amarilloans with fresh meat, was discontinued before the appointed day, the hunt was carried out as scheduled in an effort to reduce the rabbit population which has increased so rapidly this year as to be a menace to future crops.

In order to keep late Hereford information available to people in the South Plains, the Chamber of Commerce, through its president, Jno. P. Slayton, has mailed out 20 or more new city directories to Chamber of Commerce offices in as many towns. The directory, which includes a count of all suburban people who are really Hereford citizens but do not reside within the corporate limits, gives the town a population of 3875.

CARD OF THANKS

We wish to express our sincere appreciation to those who helped to make our time of sorrow and loss much easier to bear. We are indeed grateful for our hospital and its staff. To one and all we want to say thank you and God Bless you. The family of Mrs. W. L. Johnson

Michigan's Upper Peninsula at one time produced half the world's supply of copper. Now it furnishes only four percent of the domestic supply.

Accidents involving motorcycle account for approximately 100 deaths yearly in the United States.

With modern machinery, or American farmer can handle 8 acres of rice compared to two acres by Asiatic methods of hand tilling.

Invest in Dependability... get a Bonus in Go!

You can buy it on its name alone—this big, high-powered '56 Pontiac—and be safe in the knowledge that you couldn't have made a better investment in years of dependable, carefree motoring. The good things you've been hearing about Pontiac for years assure you that. But "go" is the word for '56! Performance so new and dramatic it must be experienced to be believed! A short spell behind the wheel will nail that statement down as a fact. Come along for a drive and see.

Waiting for the light to change, you can't hear the engine. But touch your toe to the accelerator and in a split second there's a torrent of power, sparked by the most advanced engine of them all—the blazing 227-h.p. Strato-Streak V-8. Team this terrific power plant with Pontiac's all-new Strato-Flight Hydra-Matic* and you've got the smoothest take-off that ever brightened a highway. And remember—this exciting dream is actually among the biggest, huskiest cars built!

Now for the final test—head for the open road and some landmarks you can challenge. Wipe out a hill. Straighten a curve. Smooth out a stretch of rough road that's bothered you for years. Now see why they're calling this the greatest "go" on wheels! More than that—it's the greatest buy on wheels! And that too, is easy to prove. Then take a look at the price tag—check on our deal. Nothing will stop this powerful beauty from being yours!

You can actually have a big, glamorous Pontiac 860 for less than you would pay for 44 models of the low-priced three!

CALL FOR ACCOUNTING HELP — The Texas Insurance Commission, meeting in Austin, called for an estimated 2,500 certified public accountants to check the books of every Texas insurance firm within a year. Shown left to right as they issued the call for accounting help are, left to right: Mark Wentz; Chairman Garland Smith; and J. Byron Saunders. (AP Wirephoto)

At The Movies

"The Night of the Hunter"
"The Night of the Hunter," suspense film adapted from Davis Grubbs' best selling novel and brought to the screen by the producing-directing team of Paul Gregory and Charles Laughton, will show at the Star, through United Artists release. The suspense film which tells the story of a psychopathic killer and a woman too starved for love to see her life threatened, will show Friday 13 at the midnight preview. Admission will be \$1 and no children tickets will be sold. This will be the first and only showing of the blood-curdling film in Hereford.

"Battle Taxi"
A double feature will be shown at the Texas Saturday and Sunday. "Battle Taxi," starring Sterling Hayden with Arthur Franz and Marshall Thompson, tells in an intimate, hard-hitting manner, the thrills and hazards experienced by the personnel of the Air Rescue Service. Sterling Hayden is excellent as the strict, forceful commandant of the helicopter group whose major task was keeping Lieutenant Pete Stacy, Arthur Franz, from taking too many daring chances during the rescue work. "Abbott and Costello Meet the Keystone Kops" is the other movie that will show, with spills, chills and laughs. The howls really start when Bud and Lou, fresh from the thrill of a Nickelodeon thriller, are lured into investing money they don't own in a movie studio that doesn't exist. And the momentum of merriment builds as the comedians trek to Hollywood to unmask the embezzler, only to turn into the wackiest stunt-men who ever turned the movies upside-down.

"Mister Roberts"
The sensational Broadway comedy hit, "Mister Roberts," starring Henry Fonda, James Cagney, William Powell and Jack Lemmon will show Friday, Saturday, Sunday, Monday and Tuesday at the Star.

PEY PARADE — Don Elliot, 13, is pictured above with his two new dogs, Whiskers and Bullet. He is the son of Mr. and Mrs. Henry Turner, of 606 25 Mile Avenue. (Staff Photo)

FINE FOR TV
MATTOON, III. (R)—Robert D. McCool, 18, was cooled with a \$76 fine in Mattoon police court after he had:
Pulled loose the television wires from Paul Gibson's set.
Showered Gibson with eggs.
Iowa is the leading beef cattle state with an average of 82 head per square mile.

How Can I?

Q. How can I make popcorn pop better?
A. Sprinkle popcorn with warm water just before putting it in the popper. In the winter, hang it out in the cold in a bag until needed, to make it pop better.
Q. How can I whiten clothes when laundering?
A. The clothes can be whitened by adding a liberal quantity of saleratus to the water in which the clothes are soaked.
Q. How can I remove postage stamps from envelopes?
A. To remove them from envelopes or when they are stuck together, place the stamp under a sheet

of thin paper and run a hot iron gently over the paper. The stamps can be easily removed.
PEAS FOR A PENNY
TAYLOR, Tex. (R)—You can join the National Black-eyed Pea Assn. for a penny. Just send it to the association at P. O. Box 311 in Taylor.
Southerners traditionally eat the old favorites, black-eyed peas on New Year's Day. The association in announcing it was opening its membership to the public at a penny a head, said the only requirement for membership is that you agree to "extoll their goodness as an adequate subject for frequent conversation."

Said Plaintiff's Petition was filed in said court, on the 28th day of December A. D. 1955, in this cause, numbered 3840 on the docket of said court, and styled, MONROE PARKER Plaintiff, vs. THOMAS J. ALLEN, ET AL Defendants.
The names of the parties to the cause are as follows:
Monroe Parker are Plaintiffs and Thomas J. Allen, and if he be deceased, the heirs, the unknown heirs and legal representatives of the said Thomas J. Allen, deceased, and if the said Thomas J. Allen be married, the unknown wife of the said Thomas J. Allen are Defendants.

A brief statement of the nature of this suit is as follows, to wit:
For title to and possession of all of Lot 21, of Parker Subdivision of the West one-half of Block number 25, Evants Addition to the town of Hereford, Deaf Smith County, Texas, as the same is shown of record in the Plat and Dedication Deed recorded in Volume 116, Page 439 of the Deed Records of Deaf Smith County, Texas, and to divest the Defendants and each of them of any and all right, title and interest in and to the said land and to fully invest the same in the Plaintiff; and to remove clouds upon Plaintiff's title; and for title to the said land under, and by virtue of, the 5 and 10 year statutes of limitation respectively by and through continuous use, occupancy, enjoyment, adverse and open possession of all

of the said land by Plaintiff and grantors in his chain of title for said respective periods of time, as is more fully shown by Plaintiff's Petition on file in this suit.
If this citation is not served with in ninety days after the date of its issuance, it shall be returned unserved.
The officer executing this process shall promptly execute the same according to law, and make the return as the law directs.
Issued and given under my hand and the Seal of said Court, at office in HEREFORD, TEXAS, this the 28th day of December A. D. 1955
Attest:
Lucille Posey Clerk,
DISTRICT COURT, DEAF SMITH COUNTY, TEXAS.

Speaks softly and packs a powerful wallop!

THE BEL AIR SPORT COUPE—one of 19 high-priced-looking Chevrolets, all with Body by Fisher.

Whether idling at curbside or cruising, this new Chevrolet talks in a well-mannered whisper. You scarcely ever hear more than a soft undertone of power from its deep-chested V8. (One reason is the hydraulic-hushed valve lifters now in all Chevrolet engines—V8 or 6.)
Soft-spoken, yes—but this handsome traveler packs a wallop that ranges up to 205 h.p. It's charged with sheer action!
Action that can save you precious seconds for safer passing on the highway! Action that lets you take steep hills in stride!
Action that helps you zoom out of trouble spots almost as quickly as they develop!
And action isn't all. Chevy holds the road like part of the pavement! You feel added assurance in the way it clings to curves.
Of course, Chevrolet brings you the security of safety-door latches in all models. Instrument panel padding and seat belts, with or without shoulder harness, are offered at extra cost.
Come in and drive a new Chevrolet. We've got one ready and waiting for you.

TRULY - TEAGUE CHEVROLET

Your Congressman Reports

The State of the Union Message to the second session of the 84th Congress was somewhat of a surprise to Republicans and Democrats alike. It seemed to cover everything except the amount of the national debt and the natural gas bill. It is quite understandable that neither of these items were mentioned because the national debt now stands just short of 281 billion dollars, the highest it has ever been in the history of this country. Its increase in the past two years is just about equal to the amount of tax reduction that was given last year. In other words the tax reduction was not a dividend to the few taxpayers who received it by virtue of a curtailment in government expenditures. It was nothing more than a shifting of accounts. The taxes were reduced about 7 1/2 billion dollars and the national debt was increased by an equal amount to take up this slack. The bad part about such fiscal operation is that we have to pay interest on this borrowed money. If that interest is two percent on seven billion dollars, it simply means that we must pay 140 million dollars a year in interest which is about 80 cents each for every man, woman and child in the United States, or about one-third of a million dollars every day.

It is also understandable why the natural gas bill was not mentioned. Many observers here think that the passage of the natural gas bill by the Senate in its present form would be the quickest way of finding out whether or not the President intends to run for a second term. They reason that if the bill is passed the Congress in its present form and placed on his desk for signature, its fate will be proof of what will happen; that is, if the President intends to run again, the Republican leaders will make him sign it. If he does not intend to run again, the Republican leaders will permit him to sign it and let

him take full responsibility for it. This is because many of the Republicans from the north and the northeast who favor the legislation privately, oppose it publicly for political reasons.

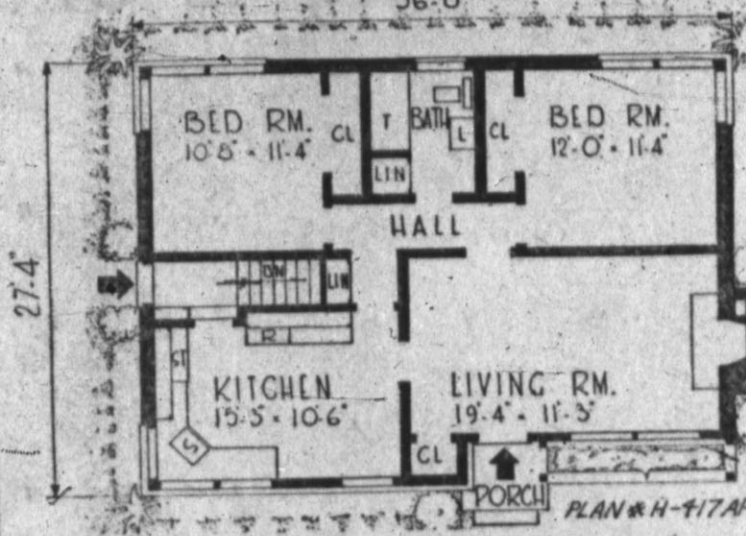

Some of the surprises in the President's message were the apparent reversal of the Administration on public housing, amendment of the Taft-Hartley Act, expansion of minimum wage coverage, Federal aid to education, a bolder stand for Federal aid in health insurance and the advocating of a further invasion of states rights, to mention a few.

THE TEXTILE MILL IN KIEV

The Russians were most anxious for us to visit their manufacturing plants and made special plans for a tour through the Kiev textile mill. The mill was under the supervision of a woman who appeared to be around 45 years of age. She also appeared to be very able and to understand what she was doing. We were first escorted into her office and conferred at length with her and three men assistants. The office was well decorated and equipped. One entire wall was built-in show cases for displaying the products manufactured. Hose, sweaters and underwear were the leading items. We received a briefing which included a pointed reference to the fact that this mill was destroyed by German bombs during the early days of the invasion and had been completely rebuilt. Before starting on the trip through the mill, one of our group told the lady superintendent that if there were any samples available, we would be happy to receive some. She immediately replied in a very gracious manner that under the scheme of things in Russia there was no need for samples; that the entire output of the mill was allocated on a quota basis and was distributed in accordance with those regulations. However, I noticed that immediately after this part of the conference she gave whispered instructions to one of her men assistants whereupon he left the group.

We were taken through the mill and allowed to visit in each department as we desired. The personnel of the mill was about 80 percent women. We tried to talk to many of them but found none who could speak English. We did confer with several through interpreters who were present, and asked them a number of questions about the mill and their work. The entire operation was very little different from such a mill in this country, except that the quality of the product was definitely inferior. They use a synthetic material similar to our nylon or dacron, which they refer to as capron. As I understand it, this is derived from coal. Most of the personnel seem very busy, but were

HOMES FOR AMERICANS

AP Newsfeatures
THE MINIMUM HOUSE, a two-bedroom dwelling, continues to hold its popularity with small families and retired couples. Maximum economy of construction is the reason. This attractive plan, complete with fireplace and basement, gives the kitchen a main billing. With ample space for dining, it enjoys a front corner location. This is plan H-417-AP by the Homograph Co., 11711 East Eight Mile Rd., East Detroit, Mich. The house covers only 959 square feet.

all very friendly and seemed most anxious to have us view their work. After we had gone through the many departments of the mill, we were taken to the eating room which could be compared with one of our cafeterias. There were a number of the employees eating at the time, and the place seemed to be clean and very well attended. We were taken through this restaurant and into a private room in the back where tables had been previously set up with a number of edibles such as apples, grapes, Russian pastries, sandwiches and so forth. We were also served soda water and tea. An informal discussion was carried on preparatory to our departure from the mill. While this was going on the assistant who had been dispatched by the lady superintendent at the beginning of the tour returned and whispered something to her. She then advised the chairman of our group that arrangements had been made to give each of us samples of ladies' hosiery and a pair of capron socks. Needless to say, we were grateful for this courtesy, but I think the lady superintendent was much more pleased at being able to do this. From the actions that took place, I concluded that the assistant had been dispatched to confer with a higher official to get authority to give us the hose. In any event, I still have the hose and anyone who wants to see them is certainly welcome.

Immediately after this session we were taken back to the entrance to the mill where a number of employees had gathered to bid us goodbye. These employees and the superintendent and her assistant allowed us to take pictures of them and then all joined in bidding us farewell.

I think in all fairness it should be said that in all of our visits through the factories and manufacturing establishments, there was very little, if any, evidence of hatred upon the part of the employees in these places. They were all very nice to us and did not reflect the dislike

St. Thomas Episcopal

Rev. Lester L. Jones, Pastor

Sunday School is held each Sunday morning at 9:45 o'clock, and church at 11 o'clock in the Seventh Day Adventist Church, Third and Lawton.

Seventh Day Adventist

Arthur C. Carlson, Pastor

Third and Lawton

Sabbath School at 9:45 a.m., song service at 9:30, worship service at 11 o'clock Saturday.

Lesson Study: "Rebuke and Triumph of Zion."

Lesson Scripture: Isaiah 3:14-26 and 4.

Memory Verse: Isaiah 4:2.

Study Helps: Seventh - Day Adventist Bible Commentary, Isaiah, chapters 3 and 4.

The conditions in the world today are not unlike those in the time of Isaiah. We are standing before the event of the ages and should be deeply concerned—all are quietly before God. The forces for good are rapidly diminishing, the forces for evil multiplying.

The Thirteenth Sabbath offering goes to the Australian Division to build a training school and hospital.

Prayer Meeting Wednesday at 7:00 p.m.

We're Going to Church

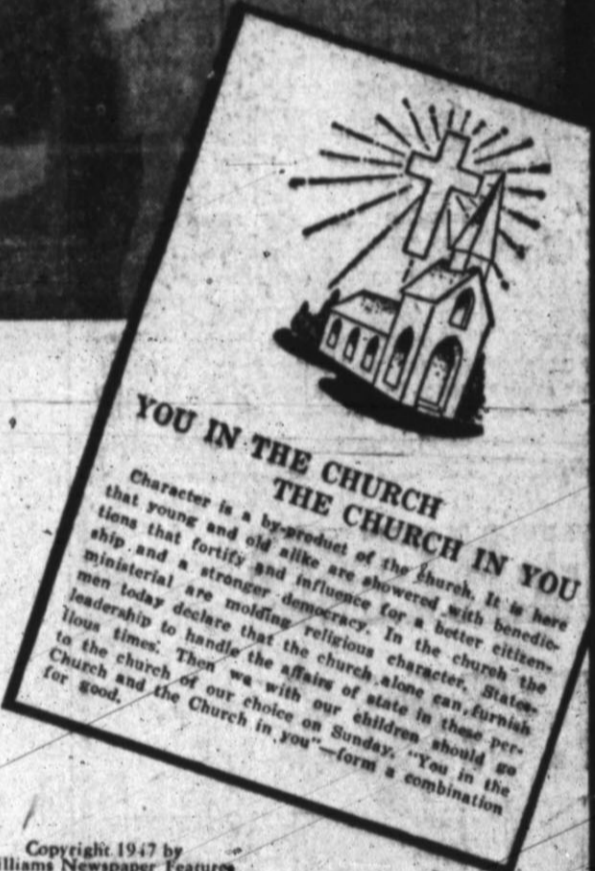

AND a fine resolution it is! Worthy is it of our careful consideration! Every woman and every man in all this country will be a better citizen of his country and a better member of his community if he will follow this example.

THE Church speaks of God and of the eternal things; here serious people meet for the worship of the Highest and for giving thanks to the Giver of all good things to men. It is the symbol of man's upreaching of soul for that which abides and for that which links the human with the divine. Just as the soil grows sour and barren if it gets no sunshine, if there is no sky above it, so the human heart must have its heaven if it is to keep sweet and rich and productive of good.

"WE'RE going to church" for our own sakes, because we want to live nearer to the ideal. There we shall have good fellowship with other souls that are questing for the high and the holy and the true and the good. There we shall bow together before the God of forgiving grace and tell our sins, leaving them on the altar as in penitence we turn from them to walk the better way of good comradeship together. Repentance is a bath that cleanses the soul; consecration is the fire that warms and renews the soul; God is the Comrade and Friend and Saviour of every soul.

"WE'RE going to church" for the sake of the children we love and in high resolution that they shall be given the opportunity to live like the children of God; it is not enough for us to feed and clothe their bodies, for they are persons of eternal value, they are spirits akin to the Eternal God. Together we shall pray and worship; then we shall live helpfully and gloriously. "We're-Going to Church!"

HOMES FOR AMERICANS

AP Newsfeatures
FIVE LEVELS give this house a maximum of convenience and privacy without a full flight of stairs in the entire house. With entrance to a two-car garage in the rear, this design provides an attractive facade emphasizing low and rambling lines for a split level house. Entrance to recreation room from the front foyer is a feature. This is plan C2715AP by William C. Chirgott, architect, 868 Shoyevant Ave., Union, N. J. The house 1,700 square feet, not including the porch.

In the American Legion Hall, will have Sunday School services at 10 o'clock.

Central Church of Christ

705 E. 6th Street
J. V. Davis, Minister
Bible School is held each Sunday morning at 9:50 o'clock, with the morning worship at 10:55.
The Young People meet Sunday evening at 7:10 o'clock with evening worship at 6 o'clock.
Wednesday evening prayer services are held at 7:30 o'clock.

St. Anthony's Catholic

Harrison Highway at 25 Mile Ave.
Fr. Bartholomew Paytas, Pastor
Sunday morning Masses are at 6:30, 8 and 10 o'clock.
Daily morning Mass is at 7 and 8:15 o'clock.
Confessions are Saturday afternoon from 5 to 6 o'clock and 8 to 9 o'clock in the evening.
Thursday night Holy Hour is from 8 to 9 o'clock followed by confessions.

Immanuel Lutheran

Rev. Harold Kaestner, Pastor
Park Avenue at B Street
Sunday School for all ages: 10. Divine Worship Service at 11. You are invited to listen to "The Family Worship Hour," over KPAN at 7:30 o'clock each Sunday morning and "Call to Worship" each Sunday morning at 9:15 o'clock over KPAN. "The Lutheran Hour" is presented over KAMQ every Sunday at 6:30. Each Sunday at 1 o'clock over channel 4-TV, "This is the Life" and each Sunday afternoon at 2:30 the pastor conducts a special Bible course, "What Does the Bible Say," for the study of fundamental Christian Doctrines. This course is open to all, and provides an opportunity to learn the Lutheran Church's position and teaching.

FAST WORK
PETERSBURG, Va. (AP)—Herbert Harrison, a rural resident, thinks Petersburg thieves pretty fast. He parked his car, was in a shop for three minutes, and returned to find \$25 in clothing stolen.

ADRIAN NEWS

By MRS. A. R. BRIGGS

Guests at a buffet luncheon in the T. N. Monk home Sunday were Mr. and Mrs. Joe Lomax and boys of Amarillo, Mr. and Mrs. Jake Fortenberry and children, Mr. and Mrs. R. W. Perry, Mr. and Mrs. Webb Blankenship and C. P. Maupin from Portales. After lunch, the group attended a singing meeting at South Side Church of Christ in Amarillo.

Erna Lou Jordan visited Friday afternoon in Hart with her sister and husband, Mr. and Mrs. Al Goodin and daughters.

Mr. and Mrs. H. D. Tomlinson and Judy Nell were dinner guests Sunday in the R. D. Sisk home.

Mr. and Mrs. Jack Gainer visited in Wildorado Sunday with her sister and husband, Mr. and Mrs. Royce Cretsingler. Other members of Mrs. Gainer's family were also there.

Mr. and Mrs. W. C. Briggs left Thursday for Lubbock where they are visiting with their parents, Mr. and Mrs. W. H. Briggs. Mrs. Briggs Sr., was to undergo surgery Friday or Saturday.

Mr. and Mrs. Leslie Coffee and family visited in Clayton, N. M. Sunday with Mr. and Mrs. Floyd Blalock and family. Mr. and Mrs. Blalock moved to Clayton about three weeks ago from Four-Way, Blalock is working on a ranch near Clayton.

Mr. and Mrs. Wesley Story are the parents of a little girl born Thursday. The baby has been named Deborah Kay and she weighed eight pounds and one-half ounce at birth.

The Adrian Methodist Church will have a regular Wednesday evening Bible Study beginning next week. The study will begin at 7:30.

Mrs. Orville Benjamin arrived Thursday from Woodward, Okla. She will stay with her daughter and son-in-law, Mr. and Mrs. Wesley Story, and new daughter, for a visit. Benjamin visited last week with Mr. and Mrs. Story.

Donald Fortenberry has returned from New York where he has been living recently. He is staying with his father, Hugh Fortenberry, on the farm.

Mr. and Mrs. Ernest Frank and Twilla visited in Claude Sunday with Mrs. Frank's sister and husband, Mr. and Mrs. Cecil Hill.

Visiting last weekend in the Geo. Gruhley home was Mrs. Gruhley's sister, Mrs. Ruby McCoy of Amarillo. Mrs. McCoy was involved in an automobile accident dur-

ing the Christmas holidays and has broken a leg. She is walking on crutches.

Mr. and Mrs. Vern Jacobson and son Stanley, of Oklahoma City vis-

ited weekend before last in the home of his parents, Mr. and Mrs. E. N. Jacobson.

Mr. and Mrs. George Janama of Grand Rapids, Mich., visited re-

cently with her cousin and family. Rev. and Mrs. Ralph Odum and children.

Basketball games Friday and next week will include Bovina at

Adrian Friday, conference game. Boys' Ranch at Boys' Ranch, Jan. 17, this will be an A and B boys game, and Lazbuddie at Lazbuddie, Jan. 20, conference game.

SPEND 15 MINUTES IN A "PowerStyle" CHRYSLER

learn why it's today's biggest buy of all fine cars!

Pushbutton PowerFlite... mechanical and trouble-free, it's right at your fingertips on the safe left side where only the driver can reach it.

It doesn't take long to find out why Chrysler is winning the reputation as the performance leader of 1956. Just a few minutes behind the wheel of a big Chrysler Windsor V-8 like this one will show you why.

Suppose you are in the right-hand lane on an expressway... four lengths behind a big truck rolling along between 35 and 40 miles per hour. You want to pass. You toe the throttle and in eight seconds flat you're four lengths ahead of that moving truck and back in your own lane!

That's 1956 Chrysler performance. That's the kind of power only the "PowerStyle"

Chrysler can deliver... with its great airplane-type V-8 engine.

And that's not all. There's full-time PowerPilot Steering... Pushbutton PowerFlite, the ultimate in automatic transmissions... and the big PowerSmooth Brakes that outlast others 2 to 1.

These are just some of the exciting new things that await you the first time you pilot a "PowerStyle" Chrysler. If you're driving one of the other cars in Chrysler's price class, by all means make a direct comparison now. Just 15 minutes behind the wheel will show you why it's the biggest buy you can drive today!

THESE ARE IMPORTANT PEOPLE IN YOUR LIFE

Dear Friends

The people in the picture in this advertisement are Humble researchers on their way to work in Humble's Houston Research Center.

They are important people in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields, their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

Sincerely
HUMBLE OIL & REFINING CO.

Bible Words for Today

PHILIPPIANS 4:8—"Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things."

No well ordered home is without its facilities for the disposal of rubbish. No modern city is without its garbage disposal plant, and no well regulated office without its waste basket. A waste basket for the mind is equally necessary. It is of supreme importance to retain and meditate upon only worthy thoughts. Unworthy, even vulgar, dishonest, impure and unjust thoughts will come to the minds of the best of men, but we do not have to retain them. We should burn them in the fires of forgetfulness.

In our Scripture for today the great apostle tells us that those things which are "true, honest and just," we are to retain. Then he follows with another triad of things which are "pure, lovely and of good report." What a wonderful world we could have if every true, honest, just, pure, lovely, and good thought were retained, meditated upon and lived out in men's lives, and every false, dishonest, unjust, impure, unlovely and evil thought could be burned in the fires of forgetfulness. Indeed, let us "think on these things."

Dr. P. D. O'Brien
First Baptist Church
Big Spring, Tex.

By VERN SANFORD
Texas Press Association

AUSTIN — It seems that all areas of state government — executive, legislative, administrative, and judiciary — are affected by the insurance debacle. There are Federal overtones too — and of course political.

Developments were numerous as the state moved to close five more insurance or related firms and slapped another under state conservatorship. All this in the wake of the collapse of the \$6,000,000 U. S. Trust and Guaranty Co.

Most far-reaching step was the order by the Board of Insurance Commissioners, for re-examination of all Texas insurance companies, none excepted.

Already under way, at the request of the commission, is a vast audit — examination sponsored by the Texas Society of Certified Public Accountants. Auditing costs will be assessed the companies. Any insurance firm refusing to open its books to the un-official examiners will have its license suspended immediately and an official examination of such firm will start within 48 hours.

Gov. Allan Shivers commended the unusual step and gave his emphatic endorsement.

In keeping with the requirements of state law the Insurance Commission named a new chairman for a two-year term. Casualty Commissioner J. Byron Saunders was selected. He succeeds Garland A. Smith, chairman for the past two years. Smith nominated Saunders for the post.

One of the first moves of the new commission was to suspend the license of the U. S. Life Insurance Co., of Waco. It is one of the companies under the direction of A. B. Shoemaker, who is president of the U. S. Trust and Guaranty Co., as well as U. S. Automotive Service. Both of these firms now are in receivership.

Another Shoemaker concern, the Southern Medical and Hospital Services, was placed in conservatorship. This means that a state conservator — virtually the same as a state liquidator — will operate the company until the insurance board determines further action. . . possibly the selection of new management.

Licenses also were revoked for Dallas Fire and Casualty Co., and American Atlas Life Insurance Co. of Dallas. American Atlas appealed to the district court. This suspends the order against them pending a court hearing on the appeal.

While the Insurance Commission was taking action, Secretary of

State Tom Reavley seized the books and records of the Mercantile Investment Corporation, a holding firm, and Merchants National Security Corporation its subsidiary, for investigation of their sales of securities. Both firms are in Dallas.

In Austin, District Judge J. Harris Gardner instructed a grand jury to make a full investigation of insurance affairs.

Several legislators had urged either grand jury action or a special session of the Legislature to consider insurance matters.

The Senate general investigating committee is resuming its investigation of the U. S. Trust and other insurance matters. House general investigating committee members will hold a three-day session beginning Jan. 19.

Atty. Gen. John Ben Shepperd wrote district and county attorneys in the 13 counties in which U. S. Trust and Guaranty Co., operated reminding them that a grand jury inquiry into possible criminal violations need not wait for completion of the state audits.

Federal agencies disclosed that they have begun investigations of the interstate operations of U. S. Trust and Guaranty Co.

And in Washington, U. S. Senator Price Daniel called on Federal agencies to determine if use of "U. S." in the trust company's name violated any Federal law or regulation.

Four Insurance Department examiners have been promised a quick hearing on charges they conspired to defraud the public. Suspended without pay by the Board are Larry W. Blanchard, Robert R. Butler, William J. Noad and Lee L. Pfefferkorn.

They were charged in an Austin district court with knowingly making a false examination report in 1952, showing the now defunct General American Casualty Company to be solvent.

Other defendants named in the suit by the state's insurance liquidator were the officers and directors of General American and the banks and surety companies involved in its operation.

Insurance Commission agents are being sent to all Texas military installations to check reports

of insurance being sold at higher than state-prescribed rates.

Some servicemen, the commission was told, were paying as much as three times the state rate for automobile insurance.

With candidates for top political offices already talking it up, more stringent regulation of insurance companies will play an important part in the campaign platforms of 1956 in Texas.

Short Shorts

More than 6000 Texas motorists were arrested by highway patrolmen the past 30 days, for traffic violations. Of these, 3620 — never had owned a driver's license and 2638 were driving with expired licenses or without licenses. Nearly 180,000 drivers' licenses were at various hours of the day and night, checked, on highways and farm-to-market roads. . . Over \$7,000,000 will be spent by the Texas Highway Department in 1956 in an attempt to reduce highway accidents.

Joe McMan of Fort Worth has been named by Atty. Gen. Jn. Ben Shepperd as an assistant in the veterans land division. . . Rain is needed over all parts of Texas, says the U. S. Department of Agriculture. Dryland wheat in the northwest is holding on surprisingly well, even though surface moisture is depleted. High Plains irrigated wheat is in good condition.

In the blacklands, Central and the East Texas; most small grains have fair to good color, but vegetable growth is short and rain is needed urgently. Heavy supplemental feeding of livestock continues over most of Texas. . . Twelve-month school terms and larger classroom units were among suggestions discussed by a committee of 50 citizens named by the State Board of Education to consider ways and means of better utilization of school personnel and facilities.

Lt. Col. Morris S. Schwartz state selective service director, says the Army will draft 289-Texans in February as its share of some 6000 men to be called into service nationally. Only board having a preponderance of older men will be asked to fill the quota. . . Texas construction projects totaled \$949,213,349 for 1955, making it the fifth best year on record. An all-

time high \$174,600,000 program of road building scheduled by the Texas Highway Dept. brightens the construction industry's outlook for 1956. . . Travis County's three district courts, in which venue of nearly all state cases is placed, are overflowing with veterans land insurance and other state cases. District Judge D. B. Wood of Georgetown has been assigned to Austin in an effort to catch up with the overloaded docket.

A million certificates for proficiency have been issued to people who participated in the Red Cross Water Safety program during the past year.

There is evidence that blotting paper was made in England before other types of paper were made there.

A recent study indicates that errors made by typists increase from

an average of 11 per hour to more than 95 per hour when the temperature rises from 78 to 96 degrees.

Standardization of engines for military tanks has permitted reduction of the five kinds of engine for one medium tank in 1944 to one engine for five tanks today with a difference between 4310 and 1320 spare parts.

GOAT IS NO LAMB
URBANNA, Va. (AP)—Bonnie Lee Van Wagner has a little goat. Its fleece is white and it followed her to school one day. There the similarity to Mary's little lamb ceases. The goat — Billy — didn't wait patiently about nor — did teacher turn it out. The goat, in fact, turned back into the second floor assembly hall after she stepped into the corridor to check on all the commotion.

Assembly was disrupted until Bonnie and a few elementary school classmates demonstrated that goats aren't too dangerous and led Billy outside.

CEMETERY IN FACTORY
HUNTINGTON, W. Va. (AP)—A small family cemetery stands in stark contrast near a big manufacturing plant here. The Everett family, which sold the site for the plant more than a quarter-century ago, retained ownership of the plot. Family members say a rose bush which still blooms in the cemetery, against a drab industrial backdrop, is more than 100 years old.

THIEVES CRACK UP
BALTIMORE (AP)—Called to the scene of a three-way automobile collision, Patrolman Morris Stein found three automobiles, all right, but no drivers or passengers. A quick check told him why. All three cars had been stolen shortly before the accident.

Low... in price

The price of a Mainline Tudor Six is typical of our low prices. But it's only a clue to the trades, the deals our quick turnover (the industry's fastest) lets us offer. Come in and be amazed!

Lively... with the Thunderbird Y-8 engine

When you try Ford's lively new Thunderbird Y-8 engine, you'll find more fun in driving . . . more confidence in its instant passing response. The Thunderbird Y-8 is the standard eight for all Fairlane and Station Wagon models, at no extra cost.

Lovely... with Thunderbird-inspired styling

When you run your eyes along Ford's long, low silhouette . . . from stem to stern, from top to tread — you'll see that every lovely line boasts its Thunderbird kinship. But even more important than its Thunderbird beauty and "GO," is Ford's new Lifeguard Design — engineered for your safety . . . and offered only in Ford.

The fine car at half the fine-car price '56 Ford (with Lifeguard Design)
