## 'Wake Up And Give!' Slogan Selected For United Fund

Deaf Smith County's annual United Fund Drive is just one week off. Kick-off on the one-day campaign for \$25,000 has been set for 7:30 a. m. Thursday, Nov. 5, according to campaign director George McLean.

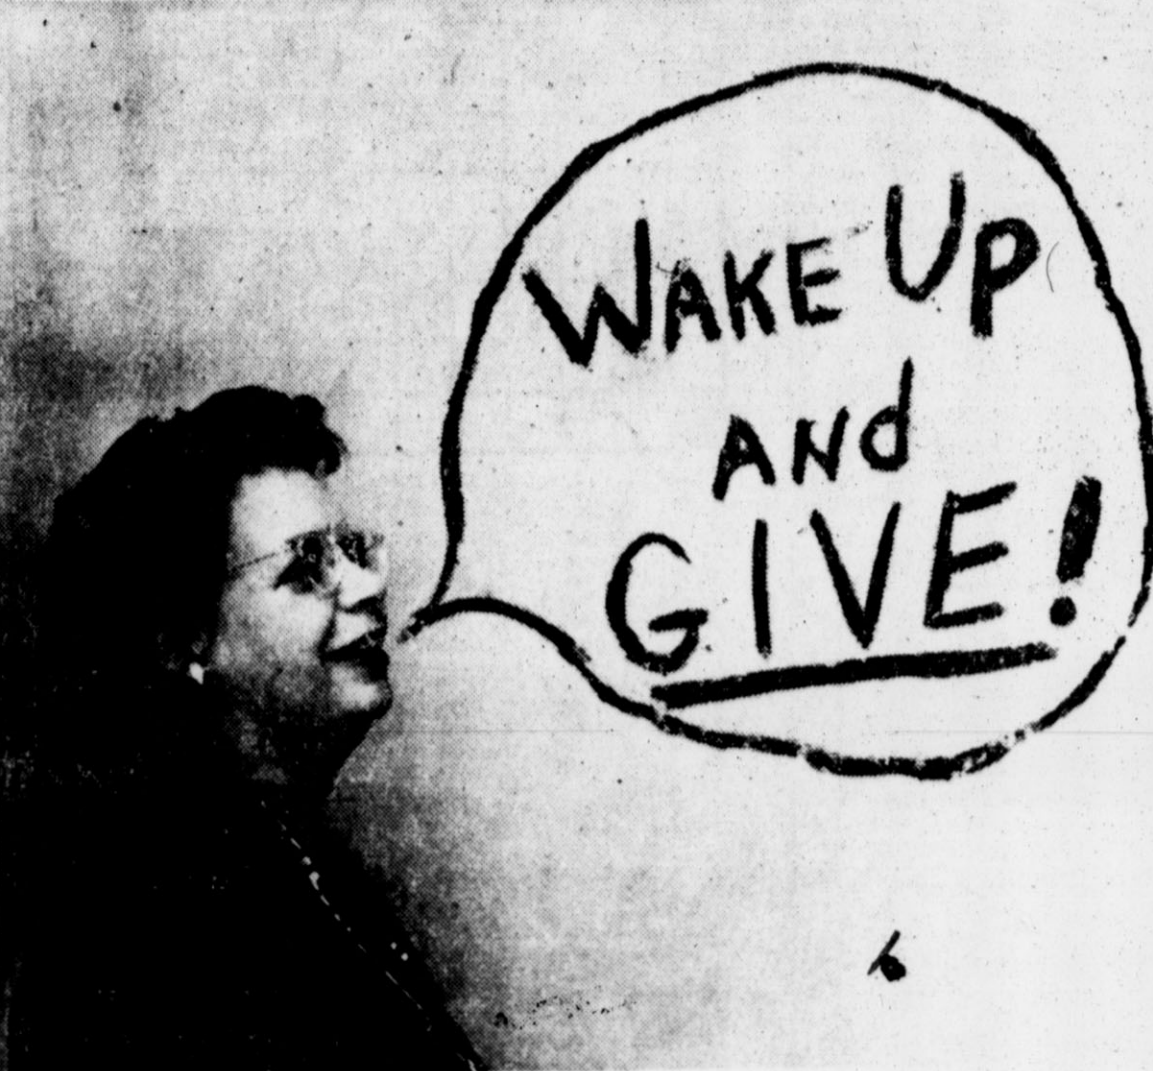

Ten agencies, all local in nature, will participate in the funds raised during the one-day effort. McLean this week announced that the slogan for the United Fund this year is "Wake Up and Give!" It was selected by the county UF board as the best of a group of slogans submitted for consideration. Mrs. Russell A. Wingert, 306 Star, created the slogan, which will keynote the county-wide effort. The UF board also announced winners of poster contests conducted in Stanton Junior High School. The winning posters are among those now displayed in Hereford business establishments.

Winners at Stanton were: Betty Huckert, first; Alfred Davis Jr., second; and Marlene Voolesy, third. High School winners included: Helen Padilla, first; Verena Parker, second; and Mildred Westerman, third. Cash prizes in each school were \$10, \$5 and \$2.50. In addition to the Thursday morning kick-off breakfast, men's service clubs will provide manpower for a house-to-house solicitation that evening, McLean said.

This will be the third annual United Fund drive in Deaf Smith County. Both previous drives have been successful. Woody Wilson directed the first campaign and Bill Decker headed the second, which was organized and successful on a one-day basis. Last year's goal was \$21,000, some \$4,000 less than is needed this year. For the first time, the county UF budget committee accepted requests only from local agencies, approving some ten local groups. "We feel that Deaf Smith County residents will respond generously this year, as they have in the past," McLean commented. "They have been able to see all of the organizations in action right here and know what they are doing, or will do, with the funds

FIREMEN BATTLED a Monday morning fire which broke out in a barracks at Hereford Labor Camp, leaving four families, 14 children and a man who resided alone in one of the six apartments temporarily without homes. Two apartments were gutted by flames, and the other four received either fire or smoke damage. The fire was extinguished in about an hour. (Staff Photo)

WINNING SLOGAN of the recent county-wide United Fund contest, "Wake Up And Give!", was submitted by Mrs. Russell A. Wingert of Hereford from many slogans entered by county residents. ### YOUR UNITED FUND:

## County Red Cross Chapter Provides Training And Aid

(Editor's Note: This is the third in a series of articles to inform the public of the work of ten agencies which will participate in the \$25,000 budget for the 1960 Deaf Smith County United Fund. The Drive for funds will be held on Thursday, Nov. 5.)

With myriad activities, the Deaf Smith County chapter of the American Red Cross has been approved for an allocation of \$7,992 from the 1960 budget. This is an increase of \$202 over the 1959 budget allocation. In addition to the mandatory requirements of disaster and home service groups, the local chapter also includes several other services. There are more than 200 volunteer workers in the County Red Cross chapter, according to chairman Bill Hardwick.

The disaster preparedness program includes aid to persons or families hit by fires, explosions and other natural or man-made disasters. The policy states that any disaster involving one to five families is a local responsibility while disasters involving more than five families will be aided by the national organization. To this end, some \$2,990 of the budget allocation goes to the national organization. Some of this is returned by supplies, instructors for training programs and for the National Disaster Fund, which would aid in large disasters and help operate Red Cross service on military bases. The home service program is

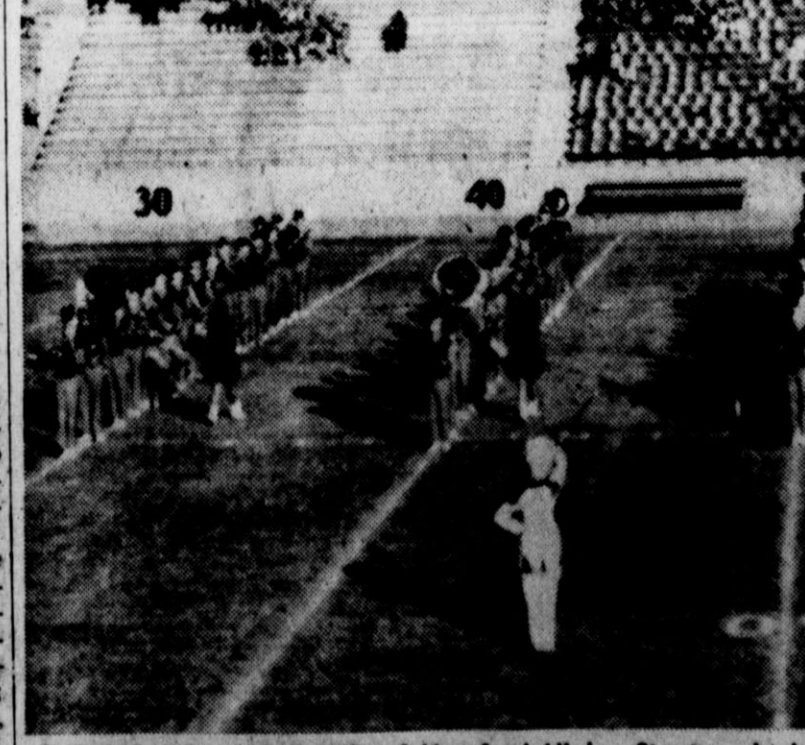

## Around Town

Do you have someone on your Christmas gift shopping list who already has everything? Doesn't everyone? Well, Neiman-Marcus of Dallas has the solution. They will deliver to your friend's door Christmas morning a beautiful mahogany and silver roast beef cart, and a live Black Angus steer. They add that both gifts will be gift-wrapped as best they can, for only \$1,925. F.O.B. Chicago. For tenderfoot friends, they send the steer dressed and freezer-ready. We would love to see someone's face upon receiving this. In fact, the only complaint we could register is that it should have been a Hereford Whiteface steer instead. If you happen to already own a steer, N-M offers another gift-shopping suggestion: a complete beach party ensemble for the paltry sum of \$151,580.70. It includes a Jeep with fringe on top, a chinchilla coat, vicuna rug, diamond and emerald earrings and necklace, and other assorted necessities for such an outing. And all this time we thought a beach party was complete with a girl, a mother-eaten GI blanket and a cooler of drinks! (Continued on Page 2)

## Littlefield Comes Screaming Into Whiteface Field Friday

Seeking to improve on their sixth place ranking, the Littlefield Wildcats will come snarling and clawing into Whiteface Field Friday at 8 p.m. Opposing them will be the Hereford squad, winless in six outings. Littlefield, which boasts a 6-0 record for the year, last week won an important 22-19 victory from the Phillips Backhaws by scoring in the last 27 seconds. For the second time, it will be a game with brothers coaching the opposing teams. Last year Littlefield's Don Williams hung a 33-6 loss on brother Bobby. Both are in their second year as head coaches. Littlefield's backs, three juniors and a sophomore, form a talented combination on running, passing, receiving and kick returns. Calling the plays is De Pierce, a 148-pound junior who broke into the starting line-up at mid-season last year. Flanking him are halfbacks Max Ball, 156-pound junior, and Ronnie Rice, 164-pound sophomore. Filling the fullback spot is Jerry Koller, 160-pound junior who was a starter last season. Littlefield's line is not particularly large, but has experience and speed. In contrast to the backs, the starting line includes five seniors and two juniors. Probable starting Wildcat line includes: Jerry Brantley, center, 152, junior; James Blackwell, guard, 167, senior; Bo Roberts, guard, 140, senior; Jerry Marsh, tackle, 180, senior; Ronnie McWilliams, tackle, 195, senior; Weldon Pace, end, 190, junior; and Nathan Hudson, end, 170, senior. After two and a half games without the services of

limited action after getting an injured knee in practice. Starting backfield for Hereford probably will include Dirks: Herman Harrison and Curtis Ritchie at halfback posts and Eddie Skypala at full. Probable starting offensive line includes: Dean Hudson, end; Terry Hodges, tackle; Jerry Clark, tackle; James Gentry, center; Edwin Thom as guard; Leon Vogler, guard; and Bill Kimball, end. Comparative scores make Littlefield a top-heavy choice. They dropped Plainview 20-14. (Continued on Page 2)

## Hereford Boxers Win Four Of Six

Continuing their winning ways, Hereford boxers Tuesday night won four of six bouts at Plainview. This does not include a pair of intra-team fights among Hereford boxers.

Chester Lee (Tiger) West of Hereford started things off with a decision over Ernie Watt of Levelland in the 60-pound division. Ronnie Welty of Hereford took a decision in a 115-pound battle from Lendo Martinez of Plainview. Brother Johnny Welty followed up with a decision over Cleo Savage, Levelland, in a 150-pound fight. Robert Welty, Hereford, lost on a TKO in the second round to Manuel Gonzales of Plainview. 1959 regional Golden Gloves high school division champion. Both weighed 155. R. C. Welty, Hereford, lost on a split decision to Albert Cavazos, Levelland, in the 135-pound division. Cavazos was (Continued on Page 2)

## Gunshot Victim Condition Good

Troy Rhodes, 20, Route 4, was reported in "good" condition after he was admitted to Deaf Smith County Hospital Sunday afternoon for treatment of a gunshot wound inflicted in the upper portion of his left leg. He was released from the hospital Tuesday morning. According to Sheriff Charles Skelton, Rhodes was wounded by a .22 caliber revolver following an argument with his father, A. A. Rhodes, in the family home west of Hereford Sunday afternoon. The father told investigating Deputy Sheriff Bill McCarver that the shooting was an accident. No charges have been filed against the man. The shot was inflicted at the lower part of the Youth's thigh, just above the knee. He was taken to the hospital by private automobile and was admitted at 4:30 p. m. Sunday.

## Second Fire In Six Weeks Guts Labor Camp Barracks

Hereford Volunteer Fire Department extinguished the second Labor Camp barracks fire to break out in less than six weeks Monday morning after flames swept through barracks 8 at the Latin-American settlement, leaving four families and 14 children temporarily without homes. Also burned out was a man who resided alone in one of the six apartments of the building. No one was injured. Listed as residents in the building were: Felipe Lopez, who lived alone in Apt. 1; Mr. and Mrs. Lupe Perez and baby, Apt. 2; Mrs. Marsela Arizona and six children (two grown sons), Apt. 3; Mr. and Mrs. Rudy Guerrero and one child, Apt. 4; and Mr. and Mrs. Miguel Merez and six children, who resided in Apt. 6.

Apartment 5 was vacant. The families moved in with friends and relatives shortly after the fire, pending arrangements for other housing. The fire was believed to have started in the bedroom of the Perez apartment. Fire Marshal Clay Angelo theorized that a butane heater set fire to a pile of clothing near the bed in the room. Damage to the building was estimated at about \$1,500. No estimate was made in regard to loss of personal possessions by the families. The first four apartments of the building were damaged by the blaze and apartments 5 and 6 received considerable damage by smoke. Apartments 1 and 2 were gutted by flames. The fire was reported at about 11:15 a.m. by Deputy Sher-

iff Domingo Pesiga, who also manages the Labor Camp. Pesina was notified of the fire by Mrs. Pete Galan, who operates a small business at the Camp. Firemen fought the fire for about one hour. Only one person (Continued on Page 2)

## Hereford Woman Hurt In Wreck

Mrs. DuWayne Lucas, 21, of Hereford, who was injured in a station wagon - truck collision near Umbarger on Highway 60 Saturday night, was listed in fair condition and improving at Neblett Hospital in Canyon Wednesday morning. Mrs. Lucas received multiple fractures about the body, a possible contusion of lungs and a possible brain concussion in the accident, which occurred at about 11:20 p.m. Saturday a few miles east of Umbarger on the highway. She was riding in a station wagon driven by Robert Haley, 33, of Lubbock, who was treated for multiple bruises and lacerations and reported in "good" condition by attending physician at the hospital Wednesday morning. Driver of the semi-truck, (Continued on Page 2)

Leaders in the season race for Cotton Bowl tickets, bunched between 80-83 right choices for the six weeks. The contest will last ten weeks, with two tickets for first place and one ticket each for second and third place.

## Cowan Wins On 1-Point Margin

With no ties and no particular upsets, it took a lot of right guesses to get close to the top in this week's Brand football contest. Kenneth Cowan and Dave Hopper tied for 1st place honors with 18 correct selections each. Cowan, by the margin of one point, took the \$10 cash prize for the week. The score on the Hereford - Norman Oklahoma City game showed the difference for Cowan. (Continued on Page 2)

## Organization Of County Cancer Unit Thursday

The first organizational meeting of the Deaf Smith County Unit of Texas Division, American Cancer Society, will be held at 7:30 p.m. Thursday in the Flame Room of Pioneer Natural Gas Building. Tom Williams of Amarillo, field representative of the Texas division, will be on hand at the meeting to head organization of the proposed unit. The unit, generally, will be organized as an information and education service, composed of a group of local residents. The public is invited to attend the Thursday meeting. Wayne Stark Jr. of Hereford headed the Cancer Drive in the county last year.

## Ask Cooperation Of Youngsters On Halloween

Instead of issuing his usual pre-Halloween night warning, Hereford Police Chief Henry Aycock Tuesday asked the cooperation of all local youngsters in "avoiding destruction of property or creating obstacles or hazards which might cause accidents." With the exception of a couple of incidents, Aycock said that there was little damage done by pranksters in Hereford last year, and he requested the help of youngsters in limiting their activity to clean fun again this Halloween. "However," Aycock pointed out, "if any person is detected to be creating a hazardous condition or destroying private or public property, he will be arrested."

## White Will Speak Here

As part of his visit to Deaf Smith County, Texas Agriculture Commissioner John C. White will speak at an open meeting of Hereford Optimist Club Tuesday noon, Nov. 3, in the I.O.O.F. Temple. The public is invited to attend, but is requested to make reservations with the Optimist Club by noon Monday. "We must know the number of people planning to attend in order that arrangements may be made for meals," Optimist Club president Roy Boyer said. Those planning to hear the speaker should fill out the following: I would like to reserve ..... tickets for the Optimist Club meeting, Nov. 3, to hear Commissioner John C. White. Name ..... Address ..... (Clip and mail to Hereford Optimist Club, Box 626, not later than noon Monday.)

# It's Time Again To Make Your Dessert With Apples

By ARGEN DRAPER  
It is apple time again and here are two good recipes from members of the Dawn Club.

### Sunburst Apple Dumplings

- 1 1/2 c. sugar
- 1 1/2 cup water
- 1/4 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 10 drops red food coloring
- 3 tablespoons butter
- 2 cups flour, sifted
- 2 teaspoons baking powder
- 1 teaspoon salt
- 2/3 cup shortening
- 1/2 cup milk
- 6-8 medium whole cored apples

Grease a deep baking dish 11 1/2 X 7 1/2. Place apples about 1 inch apart. Place syrup mix into saucepan and place on medium heat.

Mix dough like biscuit mix and roll 1/2" thick out on lightly floured board and cut into 6" squares. Place one apple in each square and fold over. Place in pan folded side down. Prick tops in sunburst pattern with a fork. Pour hot syrup over all and place in 375 degree oven. Bake 35 min. Serve hot or cold with cream.

### Apple Sauce Cream Pie

- 1 cup sugar
- 1 egg
- 1 tablespoon corn starch
- 1 cup mashed apple sauce flavored with lemon or your favorite spice.

Beat egg and dry ingredients and combine with the egg. Add apple sauce and last of all the cream. Bake in moderate oven.

- 1 1/2 cups sifted flour
- 1 teaspoon salt
- 1/2 cup shortening
- 5 tablespoons cold water
- 1/3 stick melted butter
- 1/2 cup sugar
- 1 teaspoon cinnamon
- 1/2 cup water

Prepare apples. Sift flour with salt into mixing bowl. Cut in shortening. Sprinkle cold water over mixture stirring with fork until dough is just moist enough to hold together. Form into ball. Flatten to about 1/2 inch thickness. Smooth edges. Roll out on floured surface to 16 by 10 inch rectangle. Cut into sixteen 10 by 1 inch strips. Wrap one strip around each apple slice. Arrange in 13 by 9 by 2 inch pan, sides not touching. Brush with butter; sprinkle with mixture of sugar and cinnamon. Pour 1/2 cup water over pastries. Bake in hot oven (450 degrees) 25 to 30 min. until golden brown. Serve warm or cold, plain or with cream. Makes 16 twists.

Set aside a time and place for menu planning. Have the tools handy that are needed—paper, pencil, recipes; use copies of menus that you have found to be timesavers as well as family favorites.

### Think through menus. Some possible time-savers are:

Use foods that cook in time-saving equipment, such as pressure saucepans and automatic appliances. Plan meals that fit into other tasks, such as easier meals on club meeting days.

Serve simple desserts. Plan menus to use only one cooking area of the range, such as broiler meals.

Use foods that can be cooked together, such as pot roasts with vegetables.

Use foods that require few cooking utensils, serving dishes and last-minute preparation.

Use foods that can be cooked and served in the same container, such as casseroles.

Use foods that take little preparation, such as unpared carrots and eggplant.

Plan dishes which require few ingredients.

Plan menus for several days or a week at a time. Decide what foods have to be bought ahead of time, keeping in mind what foods are on hand.

Make a shopping list to save time, steps and money. Foods listed in the order that they are found on the grocery shelves speeds shopping.

Robert W. Armstrong, 31, of Richey, Mo., was not injured.

Highway Patrolman Gilbert Ray of Canyon, who investigated the accident, said the 1957 model station wagon struck the semi-truck trailer.

Ray said the collision between the two vehicles occurred at a spot in the highway where the lanes are separated by a barricade in the middle.

The officer said the truck, in the right lane, was headed east on the highway and went around the barricade. Apparently, he said, the station wagon, going west on the road, veered to the right and hit the truck.

The injured were taken to the Canyon hospital by an ambulance from Warren-LaGrone Funeral Home of Canyon. Investigation of the accident continued this week.

designed to give many types of service, including financial, to servicemen and their families; to veterans with claims pending and, in some cases, to civilians which fit into the policy.

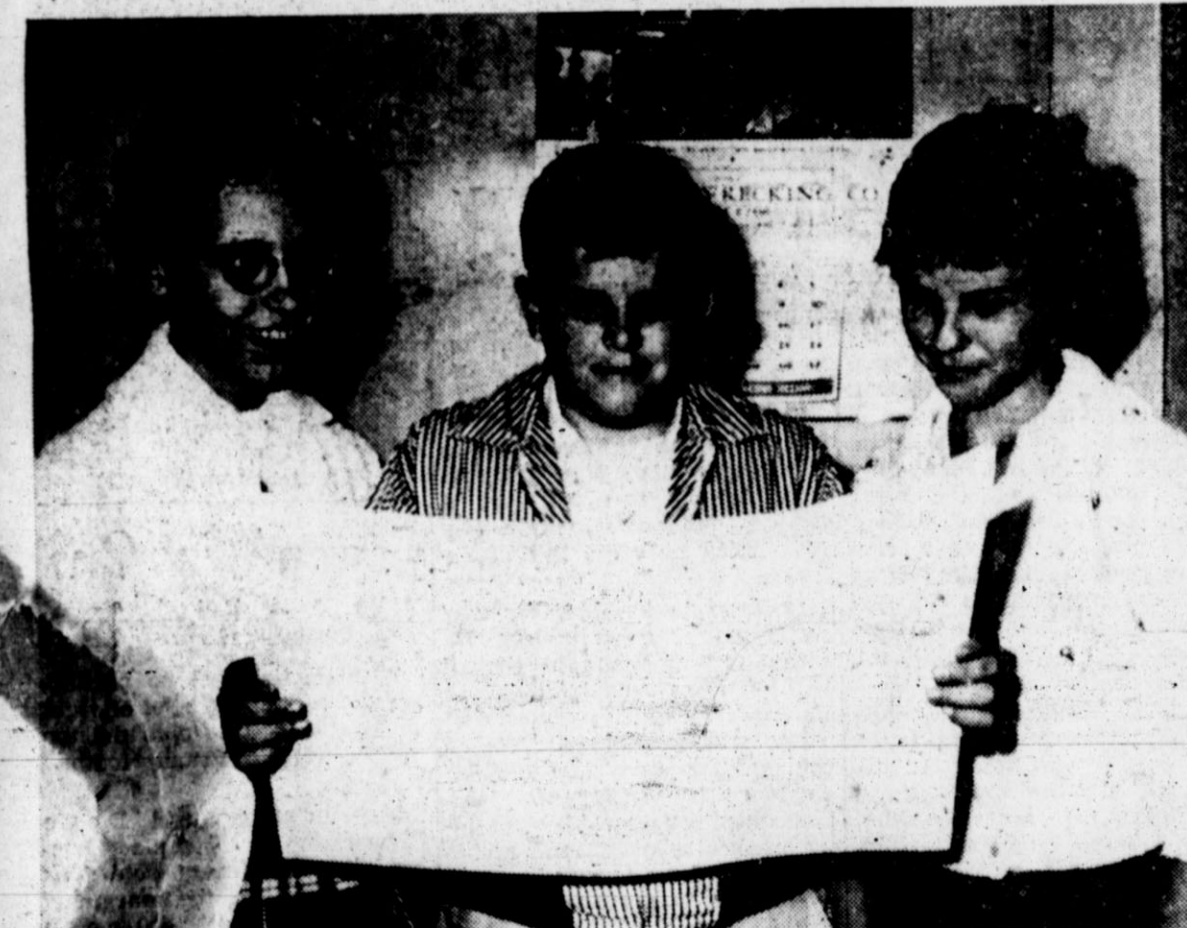

The health and safety program includes three subdivisions. The water safety program currently includes seven local instructors, with others working for accreditation. The first aid program has eight local instructors, which is considered sufficient to meet needs in the junior, standard and advanced courses. The nursing services program includes two instructors, with two others working on instructors' ratings.

This program teaches a course on "Aid to the Sick and Injured," another on "Mother and Baby Care" and maintains a nurse recruitment program.

The youth program includes the Junior Red Cross organization, which has its own funds and enrollment for independent projects. The swimming program, during the past year, had more than 600 boys and girls from pre-school age through high school enrolled.

Other Red Cross programs in the school now include first aid classes and home nursing instruction. Community service projects include the Motor Corps, which is comprised of volunteer firemen's wives. This group functions during cases of disaster through the Red Cross or the fire department. Another community project is the committee which provides a movie projector and programs on Red Cross services. The famous Gray Lady group is in the process of reorganization.

We felt rather sentimental, and a little proud, this week when Richard Leggett covered the Hereford Northeast football game for us. Richard started writing sports for the Brand last year and now he's assistant sports editor of the Oklahoma City University school paper as a freshman. He plans to make journalism a career.

The annual Walcott Halloween carnival, sponsored by the PTO, is slated for Friday, Oct. 30. The carnival will be held at Walcott School, starting at 7:30 p.m.

Summerfield Baptist Church will hold its Halloween party on Friday, starting at 7:30 p.m. Everyone is urged to wear costumes. Each family is asked to bring its own sandwiches, cookies and cocoa. The party is sponsored by the Summerfield W.M.U.

Basketball practice for the Hereford Whitefaces, started Monday. Coach Cuby Kitchens is faced with a squad of eager, but inexperienced, sophomores and juniors. All six of the seniors who led the team to Austin and the state runner-up honors are gone and there were no juniors on the squad last year. The Hereford will have slightly more height than last year, which might help make up for

the loss of experienced players.

Our warmest congratulations to the musicians of Hereford High and Stanton Junior High for winning first division ratings at Canyon Tuesday. Director George Hill and his youngsters worked hard to win the honors and we are extremely proud of them.

On another front page in this paper appears the first Whiteface of the 1959-60 school year. Due to a scheduling difficulty, no journalism class is being taught this year, but 14 students are devoting their activity periods to producing the official high school paper. Joe Smith is faculty advisor for the paper, which will appear each two or three weeks.

The Hereford Kiwanis Club will hold its annual pancake supper at Shirley School Friday, Oct. 30, from 5-8 p.m. They promise you'll get plenty to eat before going over to the Hereford Littlefield football game. In fact, they even promised to feed folks who aren't planning to go to the game. Just come and bring money or tickets.

The American Legion Auxiliary, assisted by the American Legion, will sponsor a dinner on Friday, Nov. 6, from 11:30 a.m. until 1:30 p.m. with all proceeds going to the Community Center. The meal will be served at the American Legion

Hall. You can buy tickets from Legionnaires or purchase them at the door.

The Thespian Society of Hereford High School will present "Arsenic and Old Lace" on Nov. 16 and 17, as an all-school play. The play, which had a long and successful Broadway run, will be directed by Burnie McClurkin, high school speech director.

Hereford's undefeated Bee team will play football at Littlefield Thursday night. Also playing in Wildcat Stadium will be the Hereford Freshman squad.

Hereford boxers will fight in Pampa Thursday night, according to coach Don McNeese.

Only other action in District 1-AAA will see the Dumas Demons at Phillips, Dumas is 5-1-1 for the season while the Blackhawks are 6-1. Both teams lost conference openers last week. For Dumas it will be another crack at breaking a jinx that is 20 years old. In 1939, Dumas beat Phillips, with Walter

## Beauty At Home

Q. How can I make a good sachet powder for use in my dresser drawers?  
A. Try a half-ounce of lavender flowers mixed with a half-teaspoon of powdered cloves.  
Q. What is a good recipe for a "homemade" skin bleach?  
A. Mix a tablespoon of rose water and three of pure lemon juice. Leave this on the skin for five minutes, then rinse off with warm water. Then apply some almond oil.  
Q. A stubborn cowlick presents a real problem when I dress my hair. Can you suggest how I can cope with this?  
A. Particular attention should be paid to parting and styling. If the cowlick constitutes a troublesome break at the front hairline, it is often eliminated by parting the hair well over to one side, either diagonally or straight, depending upon which is the more flattering to the face. If the cowlick is on the crown of the head, a semi-circular parting disguises it.  
Q. How can I improve the appearance of a pair of black suede shoes?  
A. You can often give black suede shoes a new lease on life just by sponging them with some black coffee.  
Q. Is there some solution besides the use of a chin strap - to help reduce a double chin?  
A. One very beneficial practice consists of rubbing the double chin with some ice cubes (covered with gauze), or applying ice water frequently. This treatment serves to contract the skin and increase its elasticity.  
Q. What is the best way to make up very round eyes?  
A. Don't over-emphasize the round appearance by lining the entire upper lid. Line the eyes from the center to the outer only. Avoid a thin on the lashes from the center of the eyes to the outer corners, and brush the lashes at the outer corner up and outward. This will tend to make the eyes appear wide and almond-shaped, rather than round.  
Q. Is there a facial beauty mask I can make that will help to fade out freckles?  
A. Here's one that often tends to subdue them: Mix the white of an egg with the juice of a lemon, and blend with enough almond meal to make a thin paste. Spread this over the face, leave on at least 20 minutes, then rinse off with warm water.

## How Can I?

Q. How can I make a good hand-cleaning paste or soap?  
A. By dissolving 2 1/2 pounds of white soap in 5 1/2 pints of hot water. As it cools and sets, stir in one pound of fine sand.  
Q. How can I add more "permanence" to my freshly-set hair?  
A. Here's one trick: After setting the hair, wrap yards and yards of toilet tissue around your head and cover this with a coarse net. This often works real well.  
Englishman Sir Henry Bessemer invented the process for making steel in 1856.

# 4-H Club Members Reveal Results Of Wheat Samples

A demonstration program aimed at improving the quality of wheat produced in Deaf Smith County recently was completed by members of the 4-H Club. The program included gathering and cataloging of wheat being sown, having a seed laboratory make analysis tests on the samples and planting of seed from the sample to determine its varietal purity. From samples taken from 50 farms, results showed that 3.9 per cent of samples was certified seed. Of the samples taken, 29 farmers planted their own seed, nine planted other farmers' seed, six bought seed from elevators and six bought seed from commercial dealers. Fifteen per cent of total acreage was certified, it was reported, 63 per cent was treated against fungus and 12 per cent was treated against insects.

County Agent, J. W. "Lefty" Thomas said the county program building committee had been active in working up the demonstration. County 4-H Club boys and their fathers have been gathering and cataloging the samples taken. Providing financial support for the program were Hereford Grain Corporation, Mill Seed Company, W. A. C. Seed Company, Continental Grain Company and Scott Seed Company. The program was designed to answer many questions which those in the county interested in wheat should know. Results of the test from the seed laboratory showed the number of noxious and common weed seeds in the one-pound sample tested. The test also showed the amount of inert matter and the amount and kinds of other crop seeds.

## Geigel, Rodriguez Top Wrestlers

Big Bob Geigel and PePe Rodriguez won events at the wrestling matches in the county Bull Barn Saturday night. Geigel took the first fall from Danny Savich in twelve minutes after Savich was disqualified. Geigel took the second and deciding fall in two minutes after administering a drop kick and body press. In the second event, Tony Morelli took the first fall from PePe Rodriguez, after which PePe claimed that Morelli used foul tactics by grabbing his trunks behind the referee's back. PePe came back in the second fall to win with a Cobra Twist. He also took the third fall after Morelli was disqualified for coming off the ropes and hitting Billy Weidner, the referee.

For Saturday night, Oct. 31, the Lions Club promises a full card of entertainment for the wrestling fans as a six-man tag team match is scheduled, with two big wrestlers and a midjet to each team. Three other matches also are scheduled. The lineup will include tough Tony Morelli, Taro Myaki and Bull Brummell, a 96-pound midjet. Rodriguez, Gordo Guerrero and Lord Littlebrook, also a 96-pound midjet from London, England, will make up the other team. Demonstration plantings from the drill box samples were made on the Harold Shearhart farm. The plantings consisted of three 15-foot rows from each sample taken, with the various varieties grouped together. A sample of foundation seed of each variety was planted so the drill box samples could be checked for varietal purity. Results of the program should be very valuable in furthering the wheat improvement work in the county, Thomas commented. Four-H Club boys who have been gathering the wheat samples include: Dick Plank, 14, son of Mr. and Mrs. Earl Plank; J. V. Junior and John Perrin, 16 and 11 year old sons of Mr. and Mrs. J. V. Perrin; Jimmy Thurett, 13, son of Mr. and Mrs. R. W. Thuet; James Burrus, 14, son of Mr. and Mrs. Herschel Burrus; and Jim

## WALCOTT NEWS

### Bass' Uncle Rites Held

By MRS. T. L. COLLINS  
Early Friday morning Harold Bass received word of the death of his uncle, Luther Bullock of Shamrock, Mr. and Mrs. Bass and Charles left Friday afternoon. They attended Mr. Bullock's funeral services in Shamrock on Saturday. While they were gone, they also visited at the home of his mother, Mrs. W. J. Bass, at Texola, Okla.

Mr. and Mrs. Tom Hall of Amarillo and his mother, Mrs. R. F. Hall of Floydada arrived in the community last Wednesday to visit their children and families, Mr. and Mrs. N. E. Tyler, Mr. and Mrs. G. V. Hall and Mr. and Mrs. Elm o Hall.

Jim Adkins made a business trip to Amarillo on Thursday.

Bill Johnson, who is attending Oklahoma State University at Stillwater, was home for a few days last week helping his father, Cliff Johnson, and Wayne work cattle.

Mrs. Joe Rader accompanied her daughter, Mrs. Marvin Payne, to Littlefield to see her mother, Mrs. J. M. Thomas. Mrs. Thomas was in the hospital for observation. Joe Rader drove to Littlefield Saturday night.

On Sunday the Raders attended church in Spade where they formerly lived. They ate a dinner with their daughter, Mr. and Mrs. M. C. Davis and girls near Spade. They later visited her sisters, Mr. and Mrs. Grover Durham and Mr. and Mrs. Ernie Gertz and families. That night Mrs. J. M. Thomas returned to Walcott with Mr. and Mrs. Rader for a stay in their home.

Mr. and Mrs. G.W. Downing visited Saturday afternoon in the Reynolds Sanders home at Hereford.

A number of Walcott families were present for the special church services at Bippus on Sunday in celebration of the Rev. and Mrs. Evans golden wedding anniversary.

Most farmers are busy taking advantage of warm, Indian summer days to do their maize harvesting.

Mr. and Mr. Norman Minks left Wednesday afternoon to attend the W. W. Parrant cattle dispersion sale at Leon, Kan. They stopped by Greensburg, Kan., for brief visits with their parents, Mr. and Mrs. Claude Beckett and Mr. and Mrs. Lawrence Minks, before returning home on Friday evening.

Walcott's annual Halloween Carnival will be held Friday, Oct. 30, sponsored by the Walcott PTO. Hot dogs, pie and coffee will be sold in the kitchen, starting at 7:30 p.m. There will be booths and fun for all.

Some unbelievable milo yields are coming up this year. Good soil, fertilizer, water, good seed and new planting wrinkles are doing the trick. Not average by a long shot, but several 10,000-pound yields were rumored last year — and they will probably be topped this season.

Big talk all over the country these days is the steel strike. In addition to inflationary possibilities, dealers in many local items are beginning to feel the pinch. Some household appliances, steel desks and similar equipment are still coming through — but everybody is beginning to worry. Car dealers figure a little bit closer from time to time — even on used cars — and some are even predicting return of ration lists, familiar to those who weathered the post-war days. For the first time, effects of the strike are being felt by the average citizen in Hereford.

"High heels," according to

Christopher Morley, "were invented by a woman who had been kissed on the forehead!"

Meanwhile, I keep noticing these new-fangled telephone booths which "Ma Bell" seems to be erecting on every turn and corner in the cities, and along highways. They are trim and very efficient looking — and I think one should do exceedingly well just outside the band hall on the high school campus. Parents frequently sit for an hour or longer — often in the middle of the night — waiting for their offspring to return on band buses. If a telephone were available, the student could call the folks for a pick-up service, thus saving many hours of lost sleep.

Perhaps this is not practical, due to tampering. However, it seems that the phone company faces much the same risk in other locations. Anyway, it is an idea — and I cannot think of a more ser-

### State Electric Cooperative Head Speaks To Rotary Club Monday

Jimmy Cobb, manager of Texas Electric Cooperative, was guest speaker at the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.

The Austin manager gave a history of rural electrification from the "pioneer days" to the present time. He said that there was a sudden change from kerosene lamps to electric power in the mid 1930's and said electric power is becoming more important on the farms every day. In 1937, he pointed out, only 11 per cent of farms in America enjoyed electric power.

"But," he added, "there was a 'ready market' for the change-over to electric power and the industry grew fast." Electric lines, he commented, were expensive but necessary to improved methods of farm-

### Blue Bird Girls Name Officers

The Jolly Blue Bird group met in the Campfire Hut Monday for the election of new officers. They are as follows: president, Susy Clemens; vice-president, Regina Hampton; secretary-treasurer, Rebecca Elliot; reporter, Marsha Hardwick; telephone committee, Kathy Hampton and Kathy Miller.

Plans were discussed for a Halloween Party to be held Oct. 31.

Those present for the meeting were Susy Clemens, Rema June Coffin, Rebecca Elliot, Kathy Hampton, Regina Hampton.

"run by the Federal Government," he added.

He urged the Rotarians to give their full support to the local cooperative in concluding his talk.

**ON THE AIR**  
MARIETTA, Okla. (AP) — An inebriated entertainer provided a private show for Love County officers. He entered the unlocked sheriff's office — left open for highway patrolmen's use — and gave out with song and chatter over the two-way radio. The happy fellow paid a \$62 fine.

viceable one to several hundred moms and pops who sit and wait.

Mrs. M. W. Nobles and Mrs. H. A. Cavness were by working on the annual "Christmas Card Project" for 1959. They said that proceeds will this year benefit the community center, and they are hoping to make the '59 drive the best yet. The idea, as in the past, will hinge on publishing names in a large display in the paper — and donating what would ordinarily be spent on local Christmas Cards and stamps. The deadline date, along with details, will be released in the immediate future.

Meanwhile, several other communities in West Texas have adopted the same plan to raise funds. Out-of-town, cards are not included in the local plan — at least, not in the past.

More and more pipe smokers are showing up these days. Bert Boomer and Jim Roberts are among the latest I have noticed. A pipe smoker always reminds me a bit of philosophy I ran across somewhere:

"The cigarette is an adoring mistress. Lay it down and it goes on quietly smoking itself, waiting to be picked up and continued without re-lighting. The pipe is a demanding wife. It resents neglect. Ignore it for a moment and it goes resentfully out."

Back recently from an enjoyable reunion in Houston with their three sons and families are Mr. and Mrs. Grant Fuller. Grant says it was the first time they have all been together since 1953. A remarkable thing about the trip was that they stayed on the same highway all of the way from Umbarger to Houston, according to Grant, who says: "We called it the Under-Construction highway."

Buying habits, like other things, seem to have undergone quite a change in the past 10 years. Saturday is no longer the big day it once was, and this is true in towns like Hereford as well as in the cities. Monday is now a big day, also Wednesday. Groceries still move on week ends, but no longer do people cease work, load the family into the car and come to town on Saturday afternoon. Many retail firms, which used to remain open until 9:30 or 10:30 on Saturdays, now close around 8:30. There are a lot of possible reasons for this change, but no one seems to have a sure-fire answer.

Folks from Littlefield are putting on quite a front after their victory of Phillips. They say they are afraid they will lose to Hereford this week end. They have a lot of reasons, including a self-styled "cinderella team". None of the ones I saw, however, seem to believe this enough to bet any money on Hereford. The game that is worrying them most seems to be the one with Levelland. It should be a top-notch.

Personally, I will be glad when basketball season opens; especially, if it turns out anything like last year.

The country club organization is rocking along, according to President Clint Formby, who reports that charter was granted this week. Clint says several ideas are being considered, but nothing definite to announce at the moment.

"I'm not fat," declared a young lady behind a local soda fountain; "I'm just short and healthy."

### Merry Maidens Elect Officers

The Merry Maidens 4-H Club met at the home of Linda Loerwald recently. Officers for the coming year were elected. They are as follows: Barbara Clemwald, vice-president; Glenda Furhman, secretary and treasurer; Vinta Pitts, drill leader; Linda Loerwald, food demonstrator; Glenda Furhman, clothing demonstrator; Cindy Beene, poultry demonstrator; Cindy Loerwald, song leader; Linda Hart, game leader; Linda Hart, reporter.

Refreshments were served and the meeting was adjourned.

Injuries, penalties and a flashy halfback named Jackie Cowan helped the Northeast Oklahoma City Vikings defeat the Hereford Whitefaces 14-0 in Oklahoma City Saturday night. Upstart Hereford, a five-touchdown underdog, really threw a scare into the Norsemen before finally yielding to the powerful attack that has bowled over seven opponents this season.

Hereford, winless this season, was further hobbled by

not being able to use several starters because of injuries. The Herd was forced to rely on third and fourth string quarterbacks, who showed a definite lack of experience. Receiving 70 yards in penalties, to 30 for Northeast. Hereford was in no spot to stop the knife-like slashes of Cowan, who is a sure-fire Oklahoma All-Stater.

Hereford received the kick-off by Curtis Ritchie on the 10 and returned to the 29. For this point, Hereford moved to their 49 in three plays. With a first-down situation, Herman Harrison sprinted around end

for 13 yards. Eddie Skypala hit for two, but penalties nullified the play. Skypala carried three of four times for another first down, on the Vikings' 36.

But then, the drive which had carried the Herd into their opponents' territory began to simmer down and they were held.

The Vikings could not move, getting just 1 yard on three plays. They punted to Hereford's 12. By this time, Hereford was ready for business. Harrison went left for 18 yards. Skypala and Jerry Hodges hit for Hereford's fifth first down. Northeast stiffened and Hereford punted into the Vikings' end zone.

Northeast failed to move a grain, fumbling on their third play, with Hereford recovering. With the ball on N. E. 30, Hereford was penalized 15 yards. Collier went to N. E. 12 on the next play to wind up the first quarter.

Jerry Hodges went to the 7 and Skypala got to the three. Hereford was penalized five yards for off-sides. Two plays failed to gain and Jimmy Brown's pass was incomplete.

In the next six plays, the Vikings moved the ball to their own 29, with the aid of two five-yard penalties against the Herd.

A punt by the Vikings was complimented by a Hereford punt, as the defense got tough for both teams.

Then the potent Norsemen went 87 yards in nine plays, with Cowan carrying the ball seven times on the drive. This put them on the Hereford one, with Cowan piling over for the first TD. This came with 2:48 remaining in the first half. Their try for extra points was smothered.

Cowan kicked off, with Collier returning from the 25 to the 36. On the first play, a bad snap went over Collier's head. He chased it to the 16, where he recovered. Hereford quick-kicked out of danger to the Northeast 45.

Northeast failed to move and punted back to Hereford as the half ended.

A 15-yard penalty against Hereford gave the Norsemen a break to open the second half. From mid-field, Edwin Thomas, Ritchie and Dean Hudson stopped the play behind the line of scrimmage. From their own 48, they moved to Hereford's 10 in eight plays, with Cowan moving the ball most of the time.

From there, Terry Hodges,

Wesley Poarch and Hudson topped the play for a five-yard loss. Quarterback Tom Havenstrite used a keeper for the last fifteen yards. Halfback Ed Chambers bulled his way over for the two extra points to close out the scoring.

The last quarter was much like the first, except the Vikings displayed their power. Hereford took to the air but failed to connect a single time.

### Palmer Norton Named Chairman Of Business Federation Chapter

Announcement of the appointment of C. Palmer Norton of Community Grain Inc. as chairman of the Hereford chapter of the National Federation of Independent Business was made recently by C. (Scotty) Mollison, district manager of the Federation in this area.

Each business member of the organization maintains a voting membership and is polled by ballot each month on the bills and issues that affect independent business enterprise in the nation.

In an effort to do everything possible to maintain a free competitive system of business, the businessmen express their own personal opinion on the ballots each month and turn them over to Norton, who makes a tabulation of the total number and the manner in which they voted.

This tabulation is sent, with the signed ballots, directly to the desk of Congressman Walter Rogers in Washington. Inasmuch as all the action takes place before Congressman Rogers and other members of Congress are required to vote on the debatable legislative issues that are proposed to become law, it is the only manner in which it is possible for Rogers to know the personal opinion of his independent business constituents in an organized manner.

C. Palmer Norton

The National Federation of Independent Business is a non-profit organization that has the largest individual membership of any business organization in the United States and independent business and professional men of every vocation participate with voting memberships, regardless of the other civic or trade affiliations.

Oliver N. Sumner

### Completes MP Training School

Army Pvt. Oliver N. Sumner, 17, son of Mr. and Mrs. George A. Sumner, 545 W. Second in Hereford, recently completed eight weeks of military police training at the Provost Marshal General's School, Fort Gordon, Ga. Sumner received instruction in self defense, traffic control and the basic procedures of civil and military law. He entered the army last May and completed basic training at Fort Leonard Wood, Mo. Sumner attended Hereford High School.

### AUSTIN HIGHLIGHTS

## Political Activity Starts

by VERN SANFORD  
AUSTIN. — It is more than a year until the day when the next President of the United States will be elected, but in Texas, the race is on. From now until Nov. 8, 1960, may well be a year of the most feverish political activity the state ever has known. House Speaker Sam Rayburn fired the starting gun by calling for an all-out campaign to win the Democratic presidential nomination for U. S. Sen. Lyndon Johnson. Rayburn called for Johnson-for-President organizations in every county in Texas.

A campaign kick-off by the man who has often been called "Mr. Democrat" gave enormous impetus to the activities of Johnson supporters. Pro-Johnson clubs, rallies and editorials blossomed over the state. Gov. Price Daniel and the state executive committee had previously pledged support.

Speaker Rayburn's sponsorship also makes exceedingly difficult the position of Texas liberal wing Democrats who have been cool toward the senator since the convention has-sis of 1956. In 1952, Rayburn championed

the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas Club members, will have to fly in the face of their old friend, Rayburn, if they decide an open opposition to Senator Johnson this year.

Some DOTERS have pledged Johnson support. But Mrs. R.D. Randolph, leader, refused to commit herself on grounds the senator has not declared himself a candidate.

Candidate or not, Senator Johnson is whizzing around Texas for personal appearances,

es, scheduled at the rate of more than one a day in the months ahead.

Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high court in 1935, has served there longer than any other man in Texas history.

Noting that he is 76, the judge said he felt the time had come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court justices, Joe Greenhill and Clyde E. Smith, will be up for reelection next year.

In a surge of appointive activity, Speaker Waggoner Carr named House members to serve on three of the study groups authorized for between sessions activity.

Named to the Legislative Council, a permanent organization usually assigned a lengthy list of studies, are Reps. W. T. Oliver of Port Neches, Eligio de la Garza of Mission, H. L. Strickland of San Antonio, R. H. Cory of Victoria, R. A. Tony Koriath of Sherman, Tommy Shannon of Fort Worth, Will Ehrle of Childress, W. W. Glass of Jacksonville and Richard C. Slack of Pecos.

House members on the Texas Commission on State and Local Tax Policy will be Reps. Frates Seeligson of San Antonio, V. L. Ramsey of Beckville and J. Gordon Bristow of Big Spring.

This group will further the study of the state's fiscal structure begun in 1957-58 by the State Tax Study Commission. Specifically, the new group will consider such problems as whether the property tax should be abandoned or overhauled.

To the Texas Coordinated Commission for State Health and Welfare Services, Carr named Reps. W. N. Woolsey of Corpus Christi, W. E. Shaw of Forney and Max C. Smith of

### Homecoming Set At WT Nov. 7

CANYON. — Incorporating the best features of homecomings of the past, the Golden Anniversary Homecoming Nov. 7 at West Texas State College is expected to attract the largest crowd of returning ex-students in the 50-year history of the college.

Preparations are being completed to make the slate of events on Homecoming Day full and attractive to former students. The Homecoming celebration is one of four major observances scheduled for WT's Golden Anniversary. Homecoming events include a parade, barbecue, football game, club teas, parties, and smokers, and a dance. Pre-Homecoming activities include Western Week, a Homecoming assembly, open house, a B team football game with Texas Tech, concert and play in the new Fine Arts Building.

The 25th anniversary class of 1934 will hold its reunion, and members of the college's early classes will also meet.

Exes planning to attend the barbecue, which will be catered by Walter Jetton Foods of Fort Worth, have been urged to make reservations through the Ex-Students Association. Cost per plate will be \$1.25.

Registration and a business meeting of the exes are scheduled at 9 a.m. in the Administration Building. The parade through Canyon will start at 10:30 and the barbecue, to be held in old Buffalo Stadium, will be at noon. The football game, between the Buffs and Virginia Tech, will be at 2 p.m.

While club teas and smokers are held at 4:30 p.m., the Class of '34 will hold its reunion in the Panhandle-Plains Historical Museum. A dance, first ever to be held in the Field House,

Three senators, three private citizens and seven agency heads also are to serve on this panel to study and recommend improvements in health and welfare programs.

Texas Supreme Court ruled in favor of a woman who signed papers to allow her child to be adopted, then changed her mind and sought to re-claim the baby.  
Though the court specified it was ruling only on the case at hand, some felt the decision might set precedent for future cases in this emotion-packed area of the law.

In the case at hand, the mother, unwed at the time of the child's birth, wanted to keep the baby. After a doctor and welfare officials talked to her, she changed her mind and signed a waiver.

A juvenile judge declared the child "dependent and neglected" and sent him to another county for adoption. Within a few weeks, however, the mother married the child's father and filed suit for the child.

High court opinion was that the lower court erred in declaring the child "dependent and neglected."

In another case the Supreme Court ruled the Railroad Commission could grant a bus line a permit to use a certain route even though the road was not finished.

Southwestern Greyhound Lines received a permit to use Highway 73 between Port Arthur and Houston before that road was complete. Sabine-Neches Trailways sued to have the certificate canceled.

Court held the Railroad Commission was required only to "know in a general way" about the traffic potentials of a route.

First of what will probably be many suits attacking the constitutionality of the new severance beneficiary tax on natural gas has been filed in an Austin district court.

Pipeline companies promised to fight the tax in court when it was passed by the Legislature this year.

A tax of 1.5 per cent of the value of the gas is levied on the purchaser, such as a pipeline that contracts to buy it from the producer.

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for

months. He promised to help fight the suits. "Long line gas companies fought hard against accepting any of the tax load," said the governor. Now, he added, some want to escape "scot free."

**WT Set....**

(Continued From Page 1)  
is slated from 8 p.m. until 12:30.

More than 15 bands, riding clubs, and campus organization and Canyon business floats will participate in the parade. Riding clubs invited include the Hutchinson County Sheriff's Posse, Amarillo Range Riders, Dalhart XIT Riders, Hereford Riding Club, Pampa Riding Club, and Plainview Sheriff's Possee.

Theme of the parade will be WT's "Golden Anniversary." Trophies will be awarded for best campus decorations and best floats. The parade, and the Homecoming assembly, will be televised over KVII TV in Amarillo.

Traditional Western Week will open on the campus Nov. 5, and all students and faculty must wear three items of western wear on penalty of being jailed. Student activities will include a western dance, sponsored by Chi Omega sorority Nov. 4, the assembly and an intramural rodeo Nov. 5, a football game with Texas Tech a bonfire, and an open house in the Fine Arts Building Nov. 6. The music and speech departments will present special short programs, and the art department will hang an exhibition of student art.

Class of '34 and friends will be guests at an open house at 7:30 p.m. Nov. 6 at the home of Mr. and Mrs. Milton "Buff" Morris. Members of the early classes will meet in the Education Building on Homecoming Day.

Dr. J. A. Hill, WT president will autograph copies of his book, "More Than Brick and Mortar," a history of WT, at the Ex-Students Office throughout the day.

### FRIO NEWS

## Warm Weather Aids Harvesting

By MRS. OWEN ANDREWS  
Dry, warm weather has helped maize harvest greatly. Community Grain, at Easter, reports that an estimated 15 to 25 per cent remains to be harvested, and that generally speaking farmers are reporting the yield better than they expected. Frost and lowest temperatures of the season, on Monday night, will cause remaining maize to dry and probably close harvesting within a few days. The Coles, Voglers and Sprakmans were among those finishing the first of this week.

Easter Gin reports that 305 bales of cotton has been ginned by Tuesday morning. Machine-pulled cotton began to come in the last of last week; mostly that which had been defoliated. Mrs. Davis, bookkeeper, reports that most returns have shown exceptionally good grades this year, most of it being graded "white cotton".

Several from this community attended the chili supper, at Central school in Hereford Saturday night. Among those attending were Mr. and Mrs. Clark Andrews, Mr. and Mrs. E. F. Vogler, Mr. and Mrs. Eugene Noel, the Bill Warricks, Mrs. Floyd Cole and children, Mrs. Frank Robbins and children, the Elza Warricks and J. F. Cheatham and Clinton Wards.

Mr. and Mrs. Emerson Brister and son spent Sunday visiting the Clark Andrews family. Taking Sunday dinner with the Floyd Coles were Mr. and Mrs. Harold Shearhart and family and Mr. and Mrs. Earl Cole of Hereford, Cole was celebrating his birthday.

Mary Ann Vogler is back in school this week after breaking her arm recently. She was in the hospital two days and wears a cast on the arm. Both bones were broken just above the wrist.

Spending Sunday night with the Mobleys were Mr. and Mrs. D. C. Miller of Hereford, Cheryl and Beverly Cole.

Mrs. Bill Boyd and sons, Jimmy and Houston, spent Wednesday night of last week in the W. H. Andrews home. The Boyds had been to Littlefield to attend funeral services for Mrs. Boyd's brother, Buck Sanders. Several of their relatives visited them at the Andrews home Thursday morning, and they took dinner that day with the Herb Schmidts.

Houston has recently been released from duty with the Navy, after serving three years, and plans to stay for a while with his parents. They now live at West Plains, Mo., and may be addressed at D. C. Foute. The Boyds have a stock farm and are building a new house. Their other son, Edwin, is a freshman in high school, at West Plains, Jimmy, a Hereford High School graduate of the '59 class, is presently helping his parents with the farming and building operation.

Those from here attending the Sanders funeral were Mr. and Mrs. W. H. Andrews, Mr. and Mrs. J. F. Cheatham, Mr. and Mrs. Herb Schmidt and Mr. and Mrs. Owen Andrews.

Visiting the J. F. Brooks during the week end were Mrs. Brooks' brother, Bill McClennen of Comanche, Okla. and McClennen's son, Mr. and Mrs. Gene McClennen, of Duncan, Okla. On Sunday, they all took dinner at the home of a sister, Mr. and Mrs. D. O. Benson in Hereford. The Benson's daughter, Mrs. Margaret Simms, of Amarillo, was there. Also present was Pat Brooks, Hereford. Mr. and Mrs. J. E. Andrews and Miss Alma Andrews visited the Bensons during the afternoon. The McClennens and Brooks took Sunday night supper with the Duesward Taylors at Friona.

Gene McClennen spent the fall of '52 helping the Owen Andrews harvest. Clark and Glenn Andrews visited the McClennens at the Brooks home on Monday morning.

The McClennens had been deer hunting in Colorado at Buck Eye Reservoir, near Paradox. They report getting two deer each.

Mrs. Arthur Betts is spending a few days with her sister, Mrs. Carl Cole, and family, at El Paso, helping with the new baby, Jimmy Betts is staying with his grandparents, the Logans at Friona, while his mother is away.

Mr. and Mrs. Clark Dobbs and children spent the week end visiting Mrs. Dobbs' parents, Mr. and Mrs. E. E. Davis, and other relatives, at Portales, N. M.

Taking Sunday dinner with Mr. and Mrs. James Dobbs were the Rev. and Mrs. B. H. Baldwin.

Mr. and Mrs. Henry Dobbs visited the Homer Wests on Sunday.

Among those who were in Oklahoma City to see the Hereford High School boys play ball Saturday night, were the Olin Parrises, Walter Hodges and Mrs. Garrison. They also saw the Oklahoma University - Kansas game played there Saturday afternoon.

Mr. and Mrs. Johnny Robinson attended Homecoming at Wilson last week end.

Mrs. Elmer Kimball, Hereford, visited Mrs. Olin Parris Tuesday morning.

Mrs. David Yandell was among those who were ill last week end.

Visiting Mrs. G. W. Parker one day last week were Mrs. E. B. Berryman and Mrs. Earl Cole.

### MONEY BUGS

NEW DELHI — A tiny bug — the lac — contributes an average of 20 million dollars to India's foreign exchange each year.

That is the value of exports of natural resin left by the lac on trees throughout upper east India. The resin is used in dyes, paints and varnishes throughout the world.

The lac gets its name from the Indian expression for 100,000 — lac or lakk.

Maiden name of Mother Eddy, founder of Christian Science, was Mary Ann Morse Baker.

REP. WALTER ROGERS WRITES:

## Knowledge Of Indian Hazy To Americans

Ask the average man on the street today questions relating to the history and the current status of the American Indian and the chances are his answer will be the result of knowledge gained from either the television or motion picture screen. This method, though often a pleasant pastime, does not often produce a broad understanding of the American Indian, his problems, his advances, his contribution to our present day society, nor the present relations of the Federal Government to the American Indian.

The House Committee on Interior and Insular Affairs, which has legislative jurisdiction in matters concerning American Indians and of which I am a member, has undertaken a study recently to determine information not currently tabulated and which is necessary to legislate intelligently and with understanding.

The completed study is much too lengthy to cover in this news-letter, but some facts were brought out which are most interesting. They were assembled from many sources including all the Federal Government Agencies having any jurisdiction in Indian affairs, State and Local Governments and from private organizations devoted to Indian welfare.

The Indian population in the U. S., though comprising only a fraction of the population total, is so widely scattered through the states that it may be truly considered nation-wide in its distribution. That the Indians cannot be treated as a single group is brought out by the following:

Indian reservations range in area from approximately 1/2 acre to over 15,000,000 acres. Per capita assets vary from \$19.12 to \$339,577, while per family assets range from \$39.59 to \$764,049. Population on the reservations ranges from 1 to over 80,000. Education achievement levels vary from those unable to speak English to Indians with Ph.D. degrees.

One of the most perplexing problems encountered in the

study proved to be one of definition - Who is an Indian? As most of us know, the term originated with the landing of Columbus when he mistakenly assumed he had arrived at the East Indies or India itself.

Webster has another definition. The Code of Federal Regulations defines an Indian basically as one who has at least 1/4 degree of Indian blood.

The Court of Indian Offenses holds that "An Indian shall be deemed to be any person of Indian descent who is a member of any recognized Indian

### Good Tips For Weekend Guest

By VIVIAN BROWN  
IF YOU WANT to be popular weekend guest, give a little of yourself to the hostess.

School friends are likely to invite you to their home for weekend or school vacations. And young people are likely to forget that there are older people in the home. The same rules of courtesy that should apply in your own home come into play anywhere. The trouble is young people forget their manners at home, and when they are visiting they are likely to antagonize the mother of their friends. Here are some questions to test your quotient:

HOW DO YOU GREET YOUR HOSTESS? Do you act like you are happy you accepted the invitation or do you slink into the house shyly behind your school friend, mumble something unintelligible and slink to the room you have been given?

ABOUT MEALS: Do you offer to lend a hand in the kitchen? Set the table? Help to remove dishes from the table? Help with dish washing? Drying?

EVENING AT HOME: Do you ask whether the family objects to loud record playing at bedtime? Do you retire from the living room without explaining that you are going to your room. Do you offer to help with service if there are other guests and you have been invited to join them after dinner.

EVENING OUT: If you go out on a date (and you shouldn't, unless your school chum hostess is invited also) do you get home at the hour that is agreeable to your friend and her mother, or do you try to persuade your friend to make it later, or do you tell her mother that you are permitted later hours. You should abide by the rules in the household.

BATHROOM MANNERS: Even if you have a bath to yourself, don't dawdle or clutter it up with your beauty preparations. Remove hair from your comb and dispose of it. If powder spills on the sink remove it as soon as possible. Keep the top on the tube of toothpaste, especially if you are sharing the bathroom. Little nuisances add up.

WHAT TO BRING: It's a good idea not to arrive with a truckload of gear and garments. A small house may not have closet room for all those extras, especially if you are spending a couple of weeks. Check with your friend and find out what kind of clothes you will be wearing, how many date dresses to bring, whether you should bring other equipment such as skis, ice skates.

ABOUT GOODBYES: If possible spend a little time with your hostess before you depart from your weekend stay. Don't dash in at the last minute, grab your bags and make off without saying goodbye. Compliment your hostess on the good cooking or fun she has furnished for your stay. Make her believe that

tribe now under Federal jurisdiction." Various states employ different definitions.

Annual direct expenditures by the Federal Government for Indian affairs from 1789 through 1958 have varied from \$31 in 1800 to \$135,173,235 in 1958. The Federal Agency having the greatest jurisdiction in the administration of Indian matters is the Bureau of Indian Affairs, which is a function of the Department of the Interior.

Many other Federal Agencies have functions relating to the American Indian. These include the Division of Indian Health of the Public Health Service; the Indian Lands Division of the Department of Justice; the Indian Claims Section of the General Accounting Office; the Department of the Treasury which handles Indian tribal funds as well as many others contributing either directly or indirectly.

It was found that 312,390 Indians were living on reservations as of October, 1956, and of this number 143,078 were over 21 years of age. In studying the Indian tribal elections, the Committee discovered 122 tribes employ the secret ballot in election and 39 tribes do not. Tribal councils reportedly use the secret ballot on 91 reservations and do not use the same on 46 reservations.

### Sunday School Has Meeting And Party

The Berean Sunday School class of the Temple Baptist Church had a meeting and party in the home of Mrs. Bill Youngblood at 119 Star recently.

The president, Mrs. Charlie Calloway, called the meeting to order, Mrs. Earnest Kendall opened with prayer and roll call was answered with a Halloween trick. Devotional was given by Mrs. Bertha Flowers. Games were played and refreshments were served to the eight members and two guests present. Guests were Mrs. Darl Downey and Kay Ann Youngblood.

Members present were: mesdames Earnest Kendall, Charlie Calloway, Bunkie Daniel, Mary Caywood, Bertha Flowers, Woodrow Dutton, Neoma Oldham and the hostess, Mrs. Bill Youngblood.

EYE RELIEF  
BALTIMORE (AP) - Pharmacist M. L. Cooper is stocking leeches on his shelves these days. The public demands it, he says.

The retail price is \$1.50 per worm. Most of his sales are to people with shiners, who contend one leech usually will drain the coagulant from one black eye.

"They don't cause infection," says Cooper, "and they're cheaper than beefsteak."

NEGROES IN LEAD  
RICHMOND, Va. (AP) - Negro pupils outnumbered whites in the 1959-60 school registration here for the first time in history. The record showed 19,204 Negro children and 17,749 whites in the city's 57 public schools.

you are sincere about enjoying the weekend, and you should feel that way if she has put herself out to entertain you.

BREAD - AND - BUTTER LETTER: The thank-you note will never go out of style while beings are still human. No matter how blasé your hostess, she will enjoy your thank-you note. Lazy types may say these little gracious notes are out of style. But that's their own excuse for being poor guests.

## A Guide to the Point of Sale

Our local stores are the display rooms and warehouses for the world's finest products. Efficient banking, insurance, real estate and other business services are also available to the people in our community. The readers of this newspaper find our advertising columns a dependable guide to the point of sale—a useful source for up-to-date news and information about these goods and services.

In order that advertising expenditures may be made with us on the basis of known values, as required for any sound business investment, this newspaper is a member of the Audit Bureau of Circulations.

Every advertiser should know about A.B.C. The Bureau is a cooperative, non-profit association of 3,450 publishers, advertisers and advertising agencies. Working together, these buyers and sellers of advertising establish standards

for paid circulation, rules and methods for auditing and reporting the circulations of newspapers and periodicals.

At regular intervals one of the Bureau's large staff of experienced circulation auditors visits us to make a thorough audit of our circulation records. The FACTS established by his audit are published by the Bureau in A.B.C. reports which are available to you, our advertisers. These reports tell you how much circulation we have, where it goes, how it is sold and other FACTS essential to the profitable use of newspaper advertising. Ask us for a copy of our A.B.C. report.

## Messenger HD Members Meet

The Messenger Home Demonstration Club met Friday afternoon in the home of Mrs. Ruth Colman. The program, driver education was given by Mrs. J. E. Rouse and Mrs. M. A. Brown.

Mrs. Brown spoke to the group on obtaining a driver's license and Mrs. Rouse spoke on traffic signals and signs.

### CHROMIUM INTO SPACE

NEW YORK — Chromium which withstands 1,000 degree temperatures may be the metal used in the craft that eventually takes a man to the moon, according to Steelways, publication of American Iron and Steel Institute. The magazine said the heat resistant metal was produced by mixing chromium with nickel, molybdenum and aluminum. The steel, the magazine adds, can be produced in volume, resists corrosion and is relatively low in cost.

Texas has 555 hospitals, more than any other state.

President Eisenhower is of Swiss-German extraction.

Mrs. S. N. Thweatt won the floating prize and Mrs. E. M. Jack won the game prize. Refreshments were served to those present. Attending were Mesdames J. E. Rouse, Elmer Northcutt, G. E. Pinkerton, N. ## A Spotlight On New Teachers

Miss Louise Britten, a new biology teacher at Hereford High, attended West Texas State College. She was born and raised in Groom, Texas. Among her hobbies, she enjoys reading, bowling and listening to good music. When asked what she thinks of Hereford, she said, "I think Hereford is a very nice town. I am enjoying living here among such friendly people."

Miss Delores Wall is our new English III and Spanish I teacher at Hereford High School. She was born in Childress and raised in Littlefield. She enjoys horseback riding, bowling, reading and all other outdoor sports. She says, "Hereford is one of the nicest towns that I have had the privilege of living in. I enjoy teaching in Hereford High School and living in Hereford very much."

Not new to Hereford because he taught at Stanton Junior High last year, but new to Hereford High School as "B" team football coach and American History teacher is J. H. Hodges. He was born and raised in Phillips. He attended Eastern New Mexico University. His family consists of his wife, Karen, and his daughter, Killi. His hobby is closely related to his work as it is "football."

Distributive Education teacher Kenneth E. Hart is here from Childress. He was born and raised in Floydada. He attended West Texas State. He has a wife, Rose, and two daughters, Karen and Katrina. He thinks, "Hereford is the friendliest town we have ever lived in. The business people are the best and finest people to work with in Distributive Education."

"Hereford is the friendliest town I've ever lived in. I hope it is a long and pleasant association," says Mr. McClurean.

## MacBeth Now Is Up-Dated

**By BILL KNOX**  
Macbeth was a victim of ambition and fate. He does not stand alone in this category, however, as many true-life persons have fallen prey to ambition and fate.

The following is a modern day version of Shakespeare's great tragedy. It is not intended to be humorous - the plot has not been changed. Only the names have been changed to those of modern people.

The United States of America, long a prosperous and peaceful nation under the rule of Franklin D. Roosevelt, had fallen into the grip of an invasion by its northern neighbors, the Dominion of Canada.

Roosevelt, anxious to quell the invasion and return his nation to normalcy, sent his two most able generals, Dwight D. Eisenhower and Douglas McArthur, to put down the invasion. Eisenhower and McArthur fought valiantly.

But their bravery was overshadowed by the news of a traitor, Omar N. Bradley, who, possibly hoping to win Roosevelt's position had started a rebel-

lion. However, Bradley's attempt was suppressed, and upon the execution of Bradley, Roosevelt promoted Eisenhower to Bradley's position.

This promotion filled Eisenhower's head with ambitious ideas. Then when three sarcastic soldiers hailed him as President of the United States, these ideas began to materialize in his mind. He related these to his wife, Mamie, in a telegram.

Mamie Eisenhower, probably more obsessed with ambitious ideas than her husband, began immediately to plot the murder of Roosevelt. Reality neared as she learned by telephone of Roosevelt's expected visit to their home that night.

Eisenhower balked at her plans of murder. He told his wife, "Roosevelt is a good president. He is well liked by the people. Why should I kill him?"

But Mamie's persuasiveness convinced him that this was the

right thing to do. Before the contemplated crime, Ike had a bout with his conscience. He saw a gun and in a soliloquy doubted the rightness of his planned deed.

After shooting Roosevelt in his sleep, he returned to his wife full of grief. When told by her to place the gun on one of the secret service men, who slept, so as to throw the guilt toward them, he refused. "Give me the gun," she said, "I'll do it. Had he not resembled Elvis Presley as he slept, I would have killed him myself."

Thus the murder of Roosevelt.

Murder began to come easier for Eisenhower. Without forethought he murdered two secret service men with the excuse that he shot them upon seeing Roosevelt, who was apparently shot by them.

Next in line for the presidency was vice-president Truman, and after him secretary of State, Dean Acheson. However, both fled the country and refused the presidency.

But Ike was suspected by his friend McArthur and an enemy, Adlai Stevenson, when he was named president. McArthur honestly told him of his suspicions. Hence developed the murder of McArthur.

This was accomplished by two hired gunmen, but Eisenhower's conscience began to plague him constantly. At a state dinner he imagined that McArthur returned to get revenge. Mamie, too, began to walk in her sleep and re-enact the murder scenes.

His conscience proved his undoing. It constantly hounded him, and upon hearing of the departure of Stevenson to Mexico where Truman had fled, he ordered Bess Truman and her children killed. Now fearing Truman, he consulted a psychiatrist who told him that no Democrat could harm him.

Thus assured, he was not frightened when he heard the news that Stevenson was returning from Mexico with Truman and an army of 10 divisions to overthrow him. He did not flinch at the thought of death. When told of his wife's unexpected death, he took it in stride, saying, "She died too soon."

So he entered the battlefield confident of victory. He killed Truman and Acheson before meeting face to face with Stevenson. Stevenson challenged him, and Ike told him, "I'm not afraid of you. I need fear no Democrat."

"But I'm not a Democrat. I'm a Republican!" Stevenson shouted and killed Eisenhower.

Thus Stevenson was named the next president to succeed Eisenhower, who died still stunned by Stevenson's late statement.

## Teenarama

Hello! I'm Sam, your Teenarama-reporter. Many times the serious basic problems that bother you are the ones that are bothering your friends. Why not send them to me in care of "Teenarama, The Whiteface, Hereford High School." By doing so we may be able to work out an answer that would help not only yourself, but others.

**Views on going Steady**  
DEAR SAM: Our town is too full of teen-agers who have gone steady, had an early marriage and an early divorce. Many of the girls or their parents are left with at least one child because two people weren't ready to accept the responsibilities of life. The couples are young enough to start again, but what about baby?

Teen-agers who get married before their education is complete are taking a risk of outgrowing one another. What about their education - even though they have the best of intentions, it usually falls short of completion. And going steady definitely contributes to early marriage. Some say, "It doesn't mean anything. It's just a way of being sure of a date." I think teen-agers could have special friends, but postpone going steady. Of course, I'm not a teen-ager but only a MOTHER.

DEAR SAM: Going steady should be "engaged to be engaged," a step toward marriage. It is usually entirely out of place for high school students; for seventh and eighth graders, entirely inexcusable! And the morals of our age must be reaching a new low if parents condone such a practice as being "cute," as they often do.

Parents should maintain their anti-steady position, transfer their attitude to more parents, and convince their somewhat misguided daughter of the wisdom of avoiding risk, and of the more wholesome delights of "acting their ages." - A TEEN-AGE GIRL.

DEAR SAM: The way some girls go steady now, there is practically a new boy friend every few months. So you can see she gets to meet many boys before she picks the right one. Parents take it more seriously than do we teen-agers. It doesn't mean anything more than having a special friend.-ALL FOR IT.

DEAR SAM: If a girl likes a boy well enough to go steady she's not going to date others anyway. It won't last forever, and we do have a little sense.-ANOTHER TEEN-AGER.

DEAR SAM: Most of those teens who are against going steady have the good fortune to be popular enough to have plenty of dates. What about those who don't rate? If a girl and boy who seldom date finally find a person who shares his or her interests, and they are attracted to each other-WHY NOT GO STEADY?

DEAR SAM: I go steady and have fun with a capital F: Bored? I am not. My steady and I are as much a part of the crowd as ever. My mother was against it at first, but now she approves as she knows we're - SENS-

**MILK GOES THROUGH**  
ELIZABETH, N. J. - When Henry Schaper acquired the milk route owned by his father, he knew that faithful service makes good customers.

So for 18 years, Henry has worked seven days a week without a vacation. And he has no immediate plans for a change.

About three years ago, however, Henry became ill and was forced to take two weeks off. But the Schapers carried on.

Henry's wife, assisted by a neighbor and their son Charles, now 14, covered the 20 to 30 mile route by truck each day at 5 a.m. until the father could return to work.

**GUNSMITH-RANCHER**  
RADIUM, Colo. - Henry Hinton runs a ranch in northwestern Colorado, but when he can, makes guns, especially heavy muzzle-loading rifles like those used by this nation's earliest settlers.

Hinton says he spends so much time on the old flint-and-ball muskets that no one could afford to buy one. So he occasionally gives one to a friend.

**FORGETFUL BORROWERS**  
SAUKVILLE, Wis. - Saukville's volunteer fire department is wondering whether it was such a good idea to play the good neighbor during recent floods here.

The department allowed flood victims to use fire department equipment to battle the water. Few of the borrowers returned the equipment.

Wichita, Kan. has 14 airports.

## Home Economics Students Busy

The second year girls in the foods department are finishing their study on nutrition and will start cooking the following week. In the sewing department the second year girls have studied all about wardrobe planning. Then they studied about natural and man-made fabrics. After that they started sewing and learned how to use the articles every good seamstress should use. The girls found out that sewing isn't really hard.

The third year girls in the foods department began the course on Mother-Baby care recently. Mrs. Earl Springer is teaching the course. The department has a special class on this subject from 4:00 to 6:00 p.m. for girls not having had Homemaking III.

A member for the McCall's Teen-Fashion Board is being selected from the Senior girls in Homemaking this week. Each girl was asked to submit an essay giving reasons why she would like to be on this board. The girl selected from Hereford High School is Sandra Robinson who will be eligible to serve on McCall's Teen-Fashion Board in the nation.

## Thoughts For Better Living

1. Never hit someone unless you think that you can outrun them!
2. Learn to make friends before you lose them.
3. Do unto others as they did unto you!
4. You can lead a horse to water but you can't make him drink, so don't drown him.
5. Marriage is a three ring circus: engagement ring, wedding ring, and suffering.

## F. F. A. News

Layton Sawyer, former Hereford F. F. A. member who made his American Farmer Degree, was the principal speaker at the regular F. F. A. meeting Monday night, October 13. He spoke about keeping good records on agricultural projects.

The F. F. A. sent three boys to the Kansas City Convention. Betty Waiser has been elected the F. F. A. Sweetheart.

## Where Did You Go, What Did You Do During The Summer?

Coach Hodges: I was a special agent for the Rain and Hail Bureau all over Texas; went to Coaching School in Austin.

Joyce Merworth: I went to California in June; the rest of the summer I worked at McDowell Drug and flirted with all of the boys!

Miss Brittain: I didn't have a job all summer, but I drove a truck during the wheat harvest; painted fences; and of course, loafed and had a lot of fun!

Randy Dowell: I worked on a farm and went to Colorado for a week.

Mr. Garner: I played golf, gardened, and fished. I also went to Fort Worth and spent a lot of time with my wife in the hospital at Plainview.

Gary Tannahill: I went to the Junior Red Cross Camp and cleaned rabbits, among other things.

Coach Thompson: I helped build grain elevators; went to Coaching School in Austin.

Bobby Hudson: I drove a tractor; went to Montana; went swimming and that's about all I did.

Mrs. Buck: I had a wonderful summer! I went to the mountains, visited in Dallas and San Antonio; and followed the Little League All-Stars during the part of the summer.

Don Dutton: Nothing! Patsy Livesay, Bonnie Sparkman, and Nicky Bradford: We went to Cimarron Canyon in New Mexico with some kids for a week!

Don Scott: I worked on a farm; haywork; and was over at Sandra's most of the time.

Marilyn Jones: I worked all summer; went to slumber parties and got engaged to Chelsey.

Jim Collier: I worked on the farm all summer.

Sharon Farmer: Everything!

# Evans Attends Safety Meeting

Chicago. - With more than 12,000 other safety leaders from all parts of the world, V. B. "Buddie" Evans, distribution supervisor of the Pioneer Natural Gas Company in Hereford, was in Chicago last week to take a searching look at the safety problems that must be faced in the next decade. "Safety in the 60's" is the theme of the 47th National Safety Congress that opened recently in eight major hotels here, and involved 200 sessions in which 600 speakers participated during the five days of the Congress, Oct. 19 to 23. Evans, five of whose thirteen years with Pioneer have been spent in Hereford, attended a number of meetings in the var-

ious sessions of the Congress, and believes that he has gained a wealth of information and ideas to implement his own local safety program. He found considerable enthusiasm among the other delegates for the progress that has been made and the goals for the future. Several other Pioneer Gas employees, from other cities in the area, also attended the Congress.

### How Can I?

Q. How can I give cement floors a hard, waterproof finish and prevent dust from being tracked into other parts of the house?

A. Use one pint of water glass (available at your hardware store) to four pints of water. Apply this to the clean, dry cement with a brush or mop, and let it dry for 24 hours. Rinse with clear water, allow to dry, and then recoat. Three or four coatings are best for a good, hard surface.

Q. How can I provide a good "substitute" waxing for my linoleum floor?

A. Try adding a handful of starch to your wash water, and when your floor has dried, it will have a gloss almost as high as if it had been polished.

Q. How can I repair a snap fastener on a dress which refuses to stay fastened?

A. A light tapping with a hammer on the tip of the snap fastener will usually restore its snug fit.

Q. What can I do about the wooden steps on my porch where rain water is constantly collecting?

A. Why not insure this draining off by boring a number of small holes in the steps? You can then sandpaper the whole surface smooth, and paint to preserve the wood - including, of course, the insides of the holes.

Q. How can I repair holes that have been worn into linoleum?

A. Fill the holes with a paste made of shellac and finely ground cork. When the mixture has dried, sand it smooth, and paint to match the color of your linoleum pattern.

WALCOTT NEWS

# Seven Attend Beginners Art Class Meet Thursday

By MRS. T. L. COLLINS

The Beginners Art Class held its regular meeting at the Walcott School Thursday morning. Seven members were present, and Mrs. Earl Plank from Hereford was instructor.

Mr. and Mrs. Al Myers, Carl, Alice and Lee went to Amarillo on Sunday. They visited with her mother, Mrs. Bessie Petticoord and his father, Mr. and Mrs. W. L. Myers.

Several Walcott high school students were present Friday in the Hereford High School auditorium for "Stunt Night," when Linda Reed won second place in the race for annual queen. Attending were Janell Weaver, Cecelia Burrus, J.V. Perrin, Bill Ivie and Lee Myers.

Mrs. Herschel Burrus, Cecelia and Janell Weaver went to Pampa Saturday, where Cecelia and Janell attended a District 1 Teenage Library association meeting, which was held in the Robert E. Lee Junior High School building.

While in Pampa, Mrs. Burrus visited her sister, Mrs. Red Morrison and Janell visited her grandmother, Mrs. Minnie Miles.

Marsh Pitman from Hereford spent Monday night on the ranch with Charles Bass.

The Walcott 4-H Club met recently at the school. Miss Loreta Fowler, assistant Deaf Smith County Home Demonstration agent, met with the girls and their leader, Mrs. Glenn Burrus.

Mrs. J. V. Perrin was present for the boys meeting, as was the county agent, J. W. Thomas and Sam Morgan of the Deaf Smith County Electric Co. Their leader, G. W. Downing, was also present.

Sam Morgan spoke to the group on safety and gave an electrical demonstration.

Mr. and Mrs. J. M. Payne,

Darla and Larry from Hereford, visited with her parents, Mr. and Mrs. Joe Tuesday evening.

Thomas L. Collins gave each school room the necessary materials for the annual membership enrollment to the American Junior Red Cross Tuesday morning.

Mr. and Mrs. T. L. Collins had a brief visit with Mrs. H. D. Buse on Wednesday night in Deaf Smith County Hospital. She is in good condition after having surgery Saturday morning.

Mr. and Mrs. T. L. Collins visited in the home of Mr. and Mrs. Travis Alston at Westway Wednesday night.

There are no railroads in Iceland, but there are about 2,728 miles of highways.

## LOVE at FIRST SIGHT

Remember, when you watch small children play, that they are among the greatest of God's gifts to the world. He holds a special love for them all... *love at first sight*. "Take heed," Jesus once said, "that ye despise not one of these little ones." Divine regard was also made clear when the Disciples ask of Jesus: "Who is the greatest in the kingdom of Heaven?" Every man should well know the parable Jesus used that day to teach them the place He holds in His kingdom of our little ones. Oh, Lord, may we show our love by taking them to church, by teaching them that God's way should be their way, that they are the greatest in the kingdom of heaven.

Text and Topic for Sunday, Nov. 1: "The Tenses of the Christian Life," Col. 3:1-4.  
Lest We Forget: Multitudes, however much they were to labor, could never gain earthly distinction; and multitudes who do labor for it with a reasonable hope of success, are left a prey to the most painful disappointments. But who has ever failed in attaining heavenly blessings if they are sought in humility and faith? This is one of the chief excellencies of spiritual things: They are open alike to all and are never sought in vain. Of them, in all their fullness, it may be said: Every one that asketh, receiveth; and he that seeketh, findeth; and to him that knocketh, it shall be opened.

4-door 6-passenger Brookwood

Chevy's got just the wagon you want for '60—at a price that'll make you want it all the more.

Five fresh-minted models—ranging from the thrifty Brookwoods to the nifty Nomad—and each as good looking as it is good loadin'.

From clean-thrusing grille to trim tailgate, these wagons are newly styled to carry you away first time you lay eyes on them. And they've got the kind of cargo space (over 10 feet from the back of the front seat to the tip of the tailgate) to carry away most anything you want to take with you. There's more room for front passengers, too, thanks to the way Chevrolet engineers have trimmed down the transmission tunnel.

Chevy's the only leading low-priced wagon that cradles you with Full Coil springs at all four wheels—so you ride right whether you're traveling loaded or light. And you can have the most modern 9-passenger wagon going, with a rear-facing third seat and power-operated rear window at no extra cost.

Your dealer's waiting for you with loads and loads of other reasons why you won't want to settle for any wagon but a Chevy. And after you add them all up, you'll marvel more than ever at Chevy's low, low prices.

# '60 Chevy wagons!

## MOST BEAUTIFULLY USEFUL WAGONS BUILT!

There's nothing like a new car—and no new car like a Chevrolet. This is the smart Nomad station wagon.

The Superlative '60 Chevrolet! Nearest to perfection a low-priced car ever came!

# Once Wealthy Aristocrat Finds A Greater Reward

By MARK KNIGHT  
YOSEMITE NATIONAL PARK — It's fun to be poor; life becomes so much more interesting and worthwhile. Kit Whitman knows.

Her childhood in a pretentious mansion in Victoria, B. C., schooling among England's blue-bloods, and several years the wife of a wealthy Englishman, all sharply contrast to her present life as social director in a Sierra Nevada resort hotel.

"It really isn't as much of a contrast as it seems," says Kit. "Whether it is outfitting a pack trip into the High Sierra, directing the children's rides on burros, or arranging a bridge and tea for the wives of convention guests, the pur-

pose is to contribute everything to the enjoyment of visitors.

"In the ballrooms of British Columbia, London and Hong Kong the purpose was the same. The big difference is that here we are dealing with purposeful people, whose pleasure is real and rewarding."

The 200-room Ahwahnee hotel is Kit's domain. As social director, her job is to make everyone as comfortable and happy as possible.

"This doesn't always entail supplying what they ask," she says. "Most of them don't exactly know what they expect from the few days they will spend with us, so my job is as much ferreting out what they

would really enjoy as providing what they request."

Shortly before the World War II Kit abandoned what she considered a pointless nomadic life of ease among European playgrounds of the wealthy and of tamed an American divorcee in Reno, Nev. She wanted all money every chance. She was broke, practically so.

"The first money I ever earned," she says, "was at the Monte Cristo dude ranch on Pyramid Lake, 70 miles from Reno. For being as busy as I was conducting horseback tours taking guests to Reno, packing up laundry and supplies. Then, became hostess, teaching kids to ride and swim and arranging their parties. The income from a few remaining Canadian bonds provided spending money."

While living in Victoria, Kit had summered in Carmel, Calif. She returned to visit friends, did some organizing work for charities, established a profitable business, and married Golden Whitman, a hydraulic engineer.

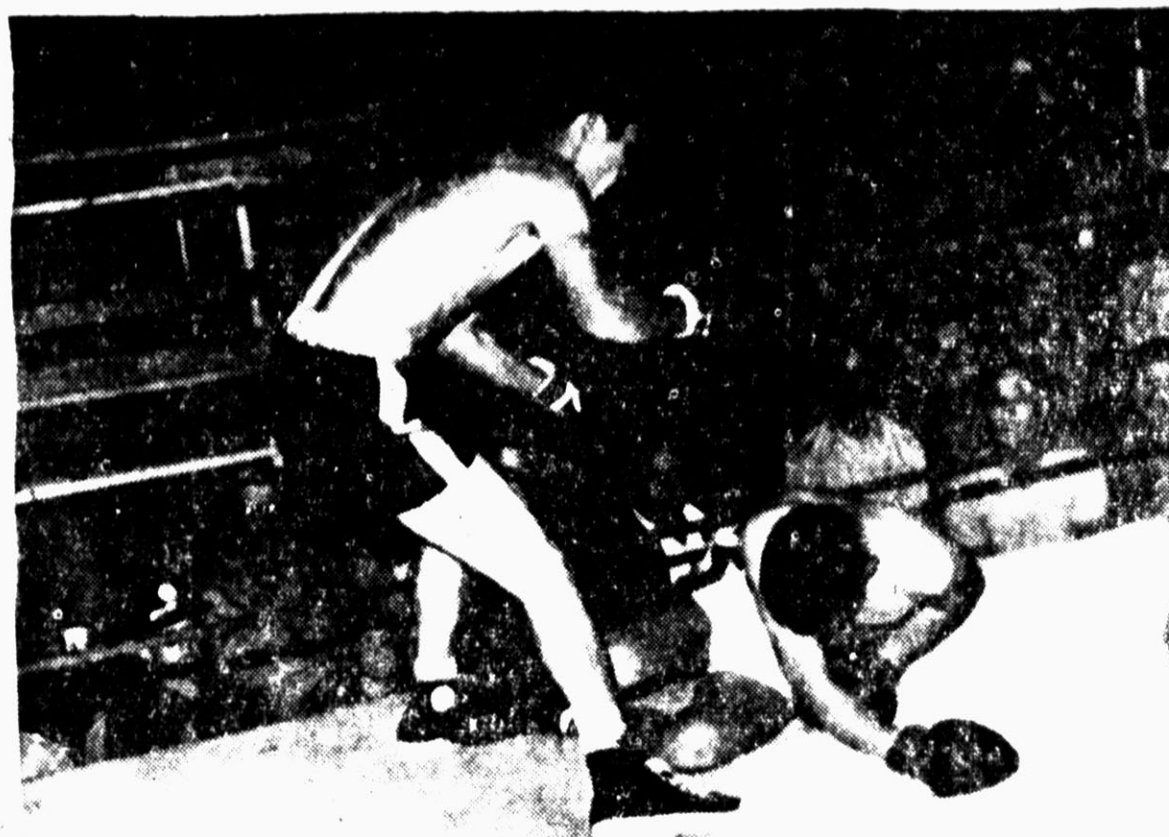

They bought 300 acres of foothills land on the Fresno River. For 14 years their home has been at the ranch, first in a sleeping bag, then a tent, and now which walls gradually rose as money permitted; eventually a sturdy one-room cabin.

A year after moving to the ranch Kit took a social job at Camp Curry in Yosemite and a year later moved to direct the company's social program from headquarters in the Ahwahnee. She drove the 61 mountainous miles home for week ends, summer and winter.

Whitman almost single-handedly constructed a striking two-bed room home on a granite outcropping overlooking the river and valley. It has modern plumbing, its own water system, central heat and refrigerated air-conditioning.

It is used for guests, with a week end waiting list, but soon will become their home. "After we have completed a new living room with a huge stone fireplace and an enclosed veranda," Kit remarks.

Soon after they moved to the ranch a Yosemite park concessionaire asked them to pasture a few burros and Shetland ponies. The Whitmans fell in love

A KNOCKDOWN, near the end of the second round was in Hereford boxer Frank Lopez's favor when he took a decision win over David Lewis of Clovis, shown on the canvas, at the Hereford Athletic Club's boxing matches at the county Bull Barn Friday night. The match was a 123 pound event. (Staff Photo)

DOWN FROM RICHES. For most of her life, Mrs. Kit Whitman, above, lived among wealth. Now she is content as the social director of a Sierra Nevada resort hotel. As a hobby, she and her husband raise burros.

with the shaggy stubborn good-natured burros.

"When our construction is completed, we will settle down and enjoy our days with the burros and the ponies in front of that beautiful big stone fireplace at home for all the wonderful evenings we have made."

"One of these days," says Kit.

### Grease on Wallpaper

Grease spots on your wallpaper are often caused if you wash it with a clean WHITE blotter over the spot with a warm iron for several minutes. The heat of the iron should melt out or absorb so it can be absorbed by the blotter.

### Straighter Pictures

A small piece of sandpaper or a strip of rubber attached to the back of a picture frame will keep your pictures hanging straight.

### Candle Fitting

If a candle is too large to fit into the opening in a candlestick, try dipping the base of the candle into very hot water, and when it is very hot, press the candle gently into the hole.

### Curtain Repair

When staining holes in thin, silk curtains, you can make the fabric more resistant to water by covering the hole with a mixture of white paper and glue. Rub the mixture over the hole with your finger, and when it is dry, the hole will be repaired.

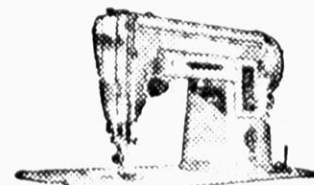

### Stationary Yardstick

Buy an old-fashioned yardstick. A yardstick with a hole in the middle will serve as a stationary yardstick.

A stationary yardstick is a great convenience in the sewing room. Sew an ordinary yardstick firmly to the wall near the machine, and it will then always be at hand and easy to measure material.

**Perspiration Odor**  
The odor of perspiration on the body can be destroyed by bathing in warm water, to which has been added two table-spoonsfuls of compound spirits of ammonia. This will leave the skin clean and fresh.
