

U.S., State And County Officers Snare 15 In Marijuana Raids Here

Grand Jury Is Recalled To Act, Following Raids

Log Jam Feared Unless Evidence Threshed Out Now

The January grand jury has been recalled for a Monday session as a result of marijuana raids Friday night and Saturday.

District Judge Charlie Sullivan said he was calling the grand jury back at the request of District Attorney Elton Gilliland. Fourteen arrests were made during the marijuana raids, and the accumulation of cases for the grand jury to investigate would create a problem before the present term of court ends, unless the January grand jury comes back, the district attorney said.

The current term of court extends to June 23.

Members of the January grand jury are Harry Hurt, foreman, Cecil Allred, T. M. Dunagan, Ellis Iden, Fred Hall, Fred H. Adams, Paul B. Adams, F. G. Mann, E. S. Crabtree, Edward K. Fisher, G. L. Monroney and Eldon Hull. They have been called to report to the District Court Room at 9 a.m. Monday, Judge Sullivan said it is imperative that grand jurors report at the scheduled hour, because a petit jury panel has been called for 10 a.m.

Civil cases will be heard in District Court next week.

Undercover Work Precedes Capture

By WACIL MCNAIR

Jaws of a trap baited for nearly three months snapped shut on at least 15 individuals and large quantities of marijuana during spectacular raids here Friday night and Saturday. Agents of the Federal Bureau of Narcotics, who led the raids, declared it to be one of the biggest "hauls" ever made in a city of Big Spring's size.

County and state officers joined the Federal men to close up the net. They were still working late Saturday, nearly 24 hours after first arrests were made, to finish up the job.

Fourteen persons had been lodged in county jail, each on a charge of possession of marijuana.

Marijuana, in an amount estimated from five to 10 pounds, was confiscated.

In all, six search warrants were issued Friday night for houses and buildings in the northwest part of the city, and arrests were made at five locations.

Those confined to the county jail Saturday included Eulbio Zubiate, C. M. Madrid, Natalio Hilario, Ascension Hilario, Jacinto Hilario, Abelard Hilario, Manuel Hernandez, Jose Maria Hilario, Adelinia Woolfolk Zubiate, Robert Morales, Joe Baitlen, William Murphy, Robert (Big Brother) Jones, Alex Banks, and Juan Larz.

District Attorney Elton Gilliland said 25 or 30 cases might develop from the raids. Some of those already in custody probably will face more than one count each, the district attorney indicated.

Work which led up to the raids started in mid-December. At that time, following conferences with Sheriff J. B. Bruton, Gilliland contacted Harry J. Anlinger, Commissioner of the Bureau of Narcotics in Washington. Arrangements were made immediately to assign Federal men to the investigation.

Subsequently, over a period of

Quick Response Urged For End Of RC Drive

The local Red Cross fund campaign at the weekend was practically within \$1,000 of its goal, and Chairman Adolph Swartz issued an urgent appeal for quick response on those who have not participated, so that a successful conclusion may be written quickly.

"We hope to close the campaign office and wind up all our work this next week," he said, "and we can do this if the good people of Howard and Glasscock Counties will act promptly. Many have planned to give, but have delayed. Now is the time to act."

Swartz said some workers had not turned in complete reports but that he hoped to have these within a few days.

The Saturday tabulation was \$14,568.41, against a quota of \$15,657.

Some special-group contributions had given a late boost. The average section of the business and industry group reported in with \$1,200; the VA hospital group had \$180; school solicitation accounted for \$230.88; the residential canvass was up to \$1,294.81, and the rural report was \$1,293.17, with more soliciting to be done. Swartz said that a full report was expected from Glasscock County this week.

Delivery Of Mail Is Being Extended To 7 More Areas

There's going to be a right lively market in Big Spring these next few days for home-type, front porch mail boxes, and for the metal numerals used to designate the street numbers of houses.

The reason for the increased demand for these items was announced yesterday by Postmaster Nat Shick, and it is that beginning Thursday the postmen will be making daily calls at between 500 and 600 more houses in Big Spring.

Daily foot delivery of first class mail, and truck delivery of parcel post is being extended to seven more areas, the postmaster said.

Postal regulations, however, require that the households have their homes properly numbered, and that they provide, on their front porches, a suitable approved home-type box to receive the mail. Approval of the extension of this service was received from Warhington late Friday afternoon. The request for permission to serve these additional areas was filed some time ago, Shick stated.

See MAIL, Pg. 6, Col. 5

Walker Bailey New President Of Teacher Unit

Walker Bailey, superintendent of Howard County Schools, has assumed the presidency of the West Texas Teachers Association.

A member of the association since its organization in 1936, Bailey becomes its 17th president. Over the years he has never missed an annual meeting. For the past two years he has served as vice president of the organization which serves the South Plains and North Permian Basin areas.

Bailey was elevated to the top office at the annual business meeting Thursday evening at Odessa, but did not officially succeed Mrs. R. A. Stuart, Lamesa High School counselor, the retiring president, until after the Friday night session.

Other officers named were Miss Odell Smith, Lubbock classroom teacher, vice president; Miss Wilhelme Messle Heathcock, Plainview, county superintendent of Hale County, secretary; and Joe Young, Seminole, treasurer.

Approximately 2,800 persons were registered for the session at Odessa. Featured speaker of the occasion was Brig. Gen. Robert Ginsberg, first assistant to Defense Secretary Robert Lovett.

Approximately 200 teachers, supervisors and administrators from Big Spring and Howard County attended the meeting.

U. S. Won't Allow Reds To Get Away With Germ Charge

UNITED NATIONS, N.Y., March 15 (AP)—An American spokesman said today the U.S. government will make every effort to expose the falsity of Russia's charge that U.N. forces have used germ warfare in North Korea and China.

The accusation, often made by the Communists, was brought into the U.N. yesterday by Soviet Deputy Foreign Minister Jacob A. Malik in a statement before the 13-nation Disarmament Commission. It was vigorously denied by U.S. Delegate Benjamin V. Cohen.

At a news conference today, Cohen made it clear the United States will not drop the matter with a simple denial.

\$200 IN CASH PRIZES OFFERED

Personality Children To Be Named In Photo Contest Starting Mar. 24

Who are the "Personality Children?"

There'll be a baby portrait event to determine an answer to this question, one sponsored by The Herald and Culver Studio, and one in which a total of \$200 in cash awards will be made.

It gets under way Monday week, March 24, and will be climaxed with the issuance of a Baby Annual, a supplement to The Herald, containing the pictures of every participating child. This Annual will appear on April 27, as a feature of National Baby Week. The event is open to all white children between the ages of three months and six years. Ten out-

standing "Personality Children" to be chosen by a board of out-of-town photographers, will share in the cash awards. There will be a 350 cash presentation to the winning "Personality" child, regardless of age. Then, there will be awards to first, second and third place winners in each of the following age groups:

Three months through 18 months. Nineteen months through three years.

Four years through six years. First prize in each of the three age groups will be \$25, second prize \$15 and third prize \$10.

There will be an entrance fee of \$1 per child, this to defray in

part the cost of reproduction of pictures. There will be no other cost whatsoever, and no other "strings attached." Parents simply may have their children's pictures made at the Culver Studio, and these will be submitted for judging, and then will appear in the Baby Edition of The Herald.

In order to accommodate all who wish to enter the event, the studio is setting up a schedule for the different age groups. This schedule is as follows:

Monday, March 24, through Saturday, March 29, babies in 3-18 month age bracket.

Monday, March 31, through Sat-

Area's Largest Marijuana Haul

District Attorney Elton Gilliland, left, and Sheriff J. B. Bruton, examine marijuana which resulted in arrest of 15 persons Friday night and Saturday. Some of the marijuana was seized in raids led by Federal Bureau of Narcotics agents, while the remainder was purchased by undercover operatives over a period of several weeks. It was by far the largest marijuana raid ever pulled in Big Spring and one of the largest ever reported in the entire Southwest. The Federal agents and local officers worked on plans for nearly three months before springing the trap. (Herald Staff Photo by Leonard Hartley.)

2,500 Cocky Paratroopers Jump From 75 Planes In The Biggest Drop Ever In State

By WILBUR MARTIN
LOMETA, March 15 (AP)—Twenty-five hundred cocky paratroopers of the 82nd Airborne Division spilled out of 75 C-47 planes today, taking just six minutes for the biggest parachute drop ever made in Texas.

The planes roared over a ridge-line cutting the dusty, mesquite land of Central Texas, 25 to the wave, disgorging the troops at two-minute intervals.

An estimated 40,000 persons watched the jump, a practice drop

that was a prelude to operation Long Horn, the largest air-ground maneuver in the history of the U. S. armed forces. Some had waited since dawn.

Division officials said casualties were unusually low—25 troopers suffered fracture. An additional 23 were bruised enough to report in for aid. But black eyes, minor cuts and light sprains weren't reported by the men.

The jump was made at 1,000 feet in a cold, nine-mile wind that blew one man into a windmill, hundreds of yards from the drop zone. A few others went into some low trees.

Lt. Col. Asa Black, commanding officer of the 19th Airborne Artillery Regiment, said "it was a good drop."

"I'm walking," he grinned. "That always makes it a good one."

He made a quick check of the drop zone.

"None of my men were hurt," he said. "That's what counts."

Elements of the 19th and the 325th Airborne Infantry Regiment made the drop—a "pay" jump for some of the men. They needed it to get the extra \$50 a month that goes to paratroopers.

The wind delayed the jump two hours and it was not until 10:10 A. M. (CST) that the "Pathfinders" dropped. This especially trained team of 18 men makes the T-shaped panel that guides the main body of jumpers to the drop zone. The men jump when their plane crosses the intersection of the "T."

The bright green, camouflaged chutes of the paratroopers looked like giant asparagus on the ground after the men hit.

Coming down, one or two white chutes broke the expanse of color—these were the "reserve" chutes.

used when the first one doesn't open.

After the troops jumped, giant "flying box cars" flew over in simulated dropping of cargo. A jeep and a 4-ton truck were dropped by giant parachutes. It takes eight men three hours to pack one of these.

Helicopters to pick up the injured followed, then six "power gliders" landed in the powered drop zone, bringing heavy guns—howitzers.

A simulated air strike by 11 P-47 fighter planes "neutralized" the drop zone before the Pathfinder plane came over.

Eighty-second troops on ground

duty watched the jump with a critical eye, giving a running comment as the planes came in:

"Okeh, Okeh, get out... get out." Capt. Raymond Fleming, assistant information officer, forgot himself and started "talking down" a chumlet carrying a big equipment bundle.

"Release that line, let it go... get your feet together... get your damn feet together."

Sgt. Vincent Costa of Corning, N. Y., said it was a "good door," but that it was a "rough sonof-a-bitch" riding in the airplane.

By "good door" he meant the

F-W Suspect Is Questioned In W. A. Robinson Slaying

Sheriff Jake Bruton confirmed Saturday that Tommy Brewster, 23, Fort Worth, had been questioned in Dallas in connection with the W. A. (Bill) Robinson slaying case here.

Brewster was remanded to custody of Dallas officers at a habeas corpus hearing in Fort Worth Friday night and taken to Dallas.

He is charged with assault to

murder in a gunfire attack on H. H. Holster of Dallas on March 1.

Holster told Dallas police that occupants of a 1949 Cadillac cursed him and threw a beer can at his pickup truck on a Dallas street.

Later, during a chase, four pistol shots were fired into his truck, Holster said.

Brewster was arrested in Fort Worth yesterday afternoon.

At the habeas corpus hearing last night Brewster's attorney, George E. Cochran, charged that the Fort Worth man actually was seized for investigation of murder in Big Spring. He said that Chief Deputy Sheriff W. A. Fields of Big Spring was in Fort Worth Thursday investigating the slaying of W. A. (Bill) Robinson on Dec. 14.

"The Big Spring sheriff is out here to pick Tommy up for murder—this may be some method to hold him until the people from Big Spring find out what they want to know," Cochran said at the hearing.

Criminal District Court Judge Willis McGregor ruled that "so far as I'm concerned, he's wanted in Dallas."

Sheriff Bruton said that Fields had been in Dallas and Fort Worth most of the week and probably would be at Dallas for several days yet. There is a possibility that Brewster might be wanted here in connection with another case.

Court Of Appeals Confirms Judgment For Million Dollars

DALLAS, March 5 (AP)—The Court of Civil Appeals today affirmed a million-dollar Dallas trial court 1949 judgment in favor of Mrs. Buda Mauldin, Dallas, against the American Liberty Pipeline Co. and 25 other defendants.

Mrs. Mauldin was notified of the action in a telegram from the court clerk.

The lawsuit originally was filed in 1932 by H. C. Mauldin, the plaintiff's husband. He sued to establish title and right of possession to a 15-acre lease and its production in the Castleberry Survey in Gregg County.

The tract had four producing wells which had been producing steadily since they were first brought in during the early 1930's.

Reviewing The Big Spring Week

With Joe Pickle

The past week can go down in the books as one of the worst in a series of bad ones brought on by prolonged drought and blustery westerly winds. Instead of possible moisture innocently prophesied, we got sand, more sand and still more sand. There used to be a saying about "eating your peck of dirt." Most of us have eaten our bushel this spring.

"A Big Spring Resident for 25 Years" clipped a head and story concerning a forecast of "sloppy weather" last Tuesday. "What is your definition of sloppy weather?" the gentle ribber wanted to know. You can't pin that one on us, brother. We've been a resident for more than 30 years.

Walker Bailey was honored by the West Texas Teachers Association in Odessa during the week by being elevated to the presidency. There are approximately 3,000 members in that organization. He is the second Howard County man so honored. W. C. Blankenship headed the unit when it was set up 17 years ago.

Sale results at the 15th annual Howard County FFA and 4-H Fat Stock show were encouraging. Woody Caffey got \$1.23 a pound

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon and Monday. Increasing clouds with surface winds tonight and Monday.

High today 66. Low tonight 42. High tomorrow 76.

Highest temperature this date 85 in 1946. Lowest this date 18 in 1921; maximum rainfall this date 2.12 inches in 1924.

NOTES ON A CRUISE

Turkey's Eyes Are On The Future

By HOUSTON HARTE
ISTANBUL—Here near the center of a city of a million people Europe and Asia are separated by a strip of water not more than three quarters of a mile wide and 20 miles long.

Asia In Sight

From Europe looking across the Bosphorus to Asia and in the background the Black Sea.

through the Bosphorus past the mosques, the palaces and the forts which were ancient at the time of the Crusades, we rounded a point and looked straight into the Black Sea. There before us was the Iron Curtain—not the oratorical Iron Curtain which Harry Truman was afraid to endorse at Westminster College in Fulton, Mo., but the Iron net of Turkey, the submarine net which stretches across the narrows at the north east end of the Bosphorus.

unpopular regime upon its people. The Turkish army has but one mission—guarding the Russian frontier. When you consider the rapidity of the turn over in the government of most Mediterranean countries you appreciate what it means to have a government which commands enough support to withstand the whims of the electorate.

be compared to an investment banking house such as Kuhn, Loeb & Co., or J. P. Morgan & Co., in the old days before the Securities and Exchange Commission. They put the government credit behind the securities they sell but give the public enterprises a type of business management which is hard to get from elective officials.

'Salute The Recruit' Group Sees 24 Registrants Leave

The "Salute the Recruit" committee, of which Charles Wajson is chairman, was on hand at 4:45 a.m. Friday to present courtesy packages and to wish good luck to 24 registrants of Selective Service Board No. 7, who left Big Spring at that early morning hour for the Abilene, where they took the oath and from which point they were assigned duty at various military posts.

Lorraine Legionnaires Install Commander

COLORADO CITY, March 15.—(Spl)—James Beights, Veterans' instructor, was installed as commander of the American Legion post in Lorraine Friday night, with 50 veterans and their wives attending.

Blankenship Heads W-T Hereford Group

The West Texas Hereford Association has elected new officers with B. R. Blankenship of Abilene as president. L. C. Atkinson was named vice president and Mrs. Rupert Harkrider was selected for secretary.

Ike Movement At Full Speed

By JOSEPH DYNAN
 PARIS, March 15 (AP)—The Eisenhower-for-President movement operated at full steam here today, some 4,000 miles and four months away from the Chicago nominating conventions.

Two key figures in the campaign to make Gen. Eisenhower the Republican standard bearer next November and the President next January had a chance to talk politics as dinner guests at his suburban home.

They were Paul G. Hoffman, who told reporters he believes the general can be nominated regardless of whether he returns home to campaign, and Gen. Lucius D. Clay, who said the New Hampshire primary proved Eisenhower "has a great and real hold on the American people."

Hoffman, former chief of the Economic Cooperation Administration (ECA) which put the Marshall Plan into practice, is co-chairman of the Citizens-for-Eisenhower organization.

Clay, former chief of U.S. forces in Europe, describes himself as "a life-long Southern Democrat who puts the man above party" and forecasts Eisenhower could carry several Southern states.

Early in the day Eisenhower had a half-hour talk at his headquarters, 12 miles west of Paris, with Col. Robert R. McCormick, publisher of the Chicago Tribune and an outspoken booster of Sen. Robert A. Taft.

McCormick told reporters he and the Tribune would support Eisenhower for the presidency if the general beat the Ohio senator in the race for the GOP nomination.

"I would support the Republican candidate," he said. "I supported Dewey, for God's sake."

This was a reference to McCormick's opposition to foreign policy advocated in 1948 by Gov. Thomas E. Dewey of New York, who is now one of Eisenhower's backers. The general, meanwhile, has adopted many of Dewey's views on foreign policy.

The publisher said he and Eisenhower disagreed on foreign policy, but "didn't get warm about it" in their talk.

"We want the same things," he said. "We are just traveling different roads."

In separate statements to newsmen, Hoffman and Clay reflected some uncertainty within the Eisenhower camp as to what the general's next move should be.

Hoffman said "if Gen. Eisenhower comes home before the convention, it's a walk," and made it clear he would like Eisenhower to return to speak on election issues.

Clay reported much conflicting advice had developed from discussion of the subject among the general's supporters.

"No two agreed on the same thing," he said. "Some think he should stay over here and others

think he should return. I myself am not too sure."

Clay and Hoffman agreed Eisenhower probably would make up his own mind on the question of his return—unless Congress makes it up for him sooner.

Clay told reporters that, if his testimony is needed for the success of the \$7,900,000,000 foreign aid bill, "then no matter what it might cost him, Gen. Eisenhower would go back."

Hoffman, however, said he believed Eisenhower should not restrict a trip home to testifying on the foreign aid bill.

"We do not want him to come back and speak on just one point when people are waiting for a broad expression of his views," Hoffman said. "He should come home and give his views on a level of high statesmanship, on foreign policy in general."

All three of the day's callers disclaimed politics as a motive for seeing Eisenhower.

McCormick said he was merely passing through Paris and naturally wanted to pay a call on Eisenhower because the general is "the most prominent American in Europe."

Hoffman said "I know you won't believe this, but I'm not here on politics." He said he was here to see about an educational project of the Ford Foundation, which he heads, involving a "study of the conditions of peace."

Clay reported he came over on business for a can company — "that's my story and I'm going to stick with it."

Eisenhower's success in New Hampshire has so radically changed the atmosphere around SHAPE that at times it is like a Washington hotel lobby.

Rep. Reed To Seek Cut In Taxes If GOP Wins In '52

WASHINGTON, March 15 (AP)—Rep. Daniel A. Reed, of New York, ranking Republican on the House Ways and Means Committee, announced today that if the Republicans win in November and there is no all-out war, he will move to cut taxes to pre-Korea levels.

There have been three federal tax increases totalling more than 15 billion dollars since the Korean War broke out.

Reed, who would become chairman of the tax-writing Ways and Means Committee if the GOP captured control of Congress, said in a statement:

"By midnight tomorrow (Monday) over 50 million citizens must pay tribute to the Truman orgy of reckless and unjustified government spending."

"Thirty-three million of these citizens earn in annual income less than \$5,000 a year. It must there-

Chief Jailed

Ray Sturges, 45, police chief of New Haven, Conn., operating under the name of Russell E. McEntyre, is shown after his arrest by FBI agents who said he had been reported to them by the Army as a 1944 deserter. His arrest came after he attempted to help the FBI find a man they were looking for. It turned out to be Sturges. (AP Wirephoto).

Jobs Hard To Find In Texas In February

AUSTIN, March 15 (AP)—Jobs apparently were harder to find in Texas during February, the Texas Employment Commission reported today.

TEC said 43,477 persons were added to Texas payrolls through its local offices. This was a 2 per cent decline from January, although 9 per cent more than for the same month last year.

Little Damage Told In Trio Of Blazes

The fire department was called upon to make three runs yesterday, but little damage was reported.

The first of these alarms was at 11:55 a.m. and from 908 W. 5th where the front seat of a car burned. The second gong sounded at 12:41 p.m. and resulted from a brush fire at 707 W. 14th.

The third alarm was at 3:30 p.m. from 201 Nolan, where some meat that was cooking was allowed to boil dry and caught on fire. Firemen reported a small smoke damage on the last call.

Motorist Fined \$20 For Following Too Closely Behind Car

A motorist charged with following another car too closely and consequently being involved in a collision with it was fined \$20 in the corporation court by City Judge W. E. Greenlee.

Another person charged with reckless driving was fined \$20. The corporation court docket for the last few days has been a light one with fewer than the usual number of persons charged with drunkenness and vagrancy.

Okla. City Firm Is Lower Bidder On AFB Family Housing Units

Apparent low bidder on family housing units at the Big Spring Air Force Base was submitted by John B. Martin of Oklahoma City on Friday.

Col. Delbert Freeman, district engineer for the Fort Worth district of the Corps of Engineers, said that Martin's bid was \$83,476. Close bidder was Warren Waters, Fort Worth, with a bid of \$63,977.

Ten bids were received for the housing project, which will provide for some key base personnel.

Finnegan Waits For Sentencing In Tax Fraud

ST. LOUIS, March 15 (AP)—Likable, moon-faced James P. Finnegan, once a judge himself, awaits judgment on his conviction of misconduct as collector of Internal Revenue.

He was declared guilty early today on two counts carrying a maximum penalty of four years in prison and a \$20,000 fine.

Federal Judge Ribey M. Hulen will pass sentence March 24. He described the jury's verdict—climaxing a 10-day trial—as "a sensible and intelligent one."

Finnegan, 51, is at liberty on \$5,000 bond. His attorney said today they will file motion for a new trial and failing that, will appeal the case.

Meantime, the federal grand jury which indicted Finnegan will continue its study into his official conduct. It was during the original investigation of his office that Finnegan resigned last spring.

Finnegan is known as a confidant of President Truman and other national Democratic bigwigs. He used to "screen" visitors for the President on his campaign stops in St. Louis.

Friends said that before his trial Finnegan lived and breathed politics. He was ambitious, a political power.

A gregarious, hand-shaking individual, Finnegan started out as a ward worker in 1933. He became city judge that year and served a year. From there he went to prosecuting attorney and then collector of Internal Revenue.

GC Methodist Church Favors Half-Time Basis

GARDEN CITY — By a majority vote, membership of the Garden City Methodist Church has expressed a preference for half-time basis.
A series of combinations in the area had confronted the church with the possibility of going full time or in finding some other church with which it might be teamed on a half-time basis.
The Rev. J. P. Boswell and Ira Lee Watkins explained the situation to the membership at a special meeting Thursday evening. Several gave their views as to why they thought the church should go full time, but in the actual balloting, the half-time status was favored 20-15.
Import of the decision is that the church here will continue its cooperative plan with the Cumberland Presbyterian Church. Heretofore, services have been held at the Methodist Church one Sunday and in the Cumberland Presbyterian Church the next Sunday. This arrangement has been in operation for 34 years.
The District Methodist Conference will decide whether the Garden City Church will go half-time with another church or will be supplied by a student pastor sent out from McMurry College at Abilene. The combination of the Center Point with the Park Methodist Church in Big Spring, and the Chalk Church with one at Forsan to form a full-time church at Forsan left Garden City the only point on the circuit.

Dr. Jack Woodall Is Director Of Hospital

Dr. Jack Woodall has been named a director in the Malone & Hogan Hospital Foundation, it was announced Saturday.
He will succeed Wayne Goulet, who resigned as a member of the board which directs operation of the hospital facility. Dr. Woodall has been a member of the hospital's medical staff for more than a decade.

Vet Mariner Dies

PORT ARTHUR, March 15 (AP)—A. N. (Doc) Dillon, 54, veteran mariner and lifelong Port Arthur resident, died in a Beaumont hospital today after suffering a heart attack on the Nicaraguan freighter "Caribe" which he was piloting into port. He was chairman of the board of the Sabine Pilots Association and began his seafaring career during World War I.

Receives Report

Chaplain (Lt. Col.) Henri Hamel, left, deputy Air Chaplain for the Air Training Command, receives a first-hand report from Big Spring AFB Chaplain (Major) Grant Mann, right, on the progress of religious activities at the local base. Chaplain Mann indicates plans to inaugurate regular Protestant services on the base on Sunday, March 23, with Catholic and Jewish services scheduled to start at a latter date. (USAF Photo).

National C-C Official Charges French Use Aid On Waterways

By DONALD SANDERS

WASHINGTON, March 15 (AP)—An official of the U.S. Chamber of Commerce said today "an unlimited gift of billions" from U.S. taxpayers is being used on a huge waterways development in France.
Russell C. Harrington, chairman of the chamber's Committee on Government Expenditures, said the use of what he termed U.S. tax dollars on the project is an argument for reduction of foreign aid spending.
The chamber has called for a cut of \$5,800,000,000 in the foreign aid program of \$10,800,000,000 which

President Truman has outlined for the fiscal year starting July 1. Since some of the money is already in hand, unspent from previous years, President Truman is asking Congress for \$7,900,000,000 in new appropriations.
Harrington, who is an accountant in Providence, R.I., said one feature of the waterways project is a 254-mile seaway from the Mediterranean to Lake Geneva, in the Swiss Alps. At the same time, he said in a statement, "our own St. Lawrence waterway and power project goes begging."
A spokesman for the Mutual Se-

curity Administration (MSA) defended the French project as one which will be an important factor in France's effort to double her electrical generating capacity, which he termed basic to French plans to increase production of any kind.
He said the Economic Cooperation Administration (ECA), predecessor to MSA, had approved French plans to use on the project some of their Marshall Plan counterpart funds.
The counterpart fund worked this way: this government gave the French government a tractor, for example, as part of the economic aid program. The French government sold the tractor to a French farmer at the going price, and deposited the money it received in the counterpart fund.
The French government (like other countries which received Marshall Plan aid) then submitted a budget proposing how the counterpart funds should be spent. This budget, and the specific projects on it, were subject to approval by ECA or, at present, by MSA.
Harrington, in his statement, did not estimate the total amount of counterpart funds to be spent. He said the project calls for 22 dams and 46 power stations on the Rhone River alone, and that the cost of the first three dams is 685 million dollars.
Harrington put the total expenditure of what he called U.S. dollars in the billions, but the MSA spokesman said it would not run that large. The MSA offices were closed today and the spokesman, reached at home, said he did not recall the exact figure.

The WRIGHT Way to Comfort

Evaporative Cooler Model 40-B

Only The Best In Materials And Workmanship Go Into A WRIGHT AIR COOLER

Year after year, many dream of spending the hot summer months at the lake or seashore where they are cool and comfortable—for the same basic reasons offered by evaporative cooling. There is practically no difference in the fresh, cool, moving air at the seashore and the fresh, cool, moving air produced by a WRIGHT AIR COOLER in your home, office or store.

A Wright Air Cooler Offers These Advantages:

- LOW INITIAL COST PER UNIT as compared to some other types of air conditioning.
- SIMPLE, EASY, ECONOMICAL INSTALLATION either permanent (connected to duct work), semi-permanent (window installation) or portable (move it from room to room as you wish).
- MINIMIZED OPERATION AND MAINTENANCE COST due to proper engineering and performance.
- SATISFACTORY VENTILATION, without cooling, when operated without water.
- MAXIMUM COMFORT ALWAYS, because the higher the temperature the greater the cooling. It filters the air, provides 100% fresh, pure air, free of dust, germs, pollen, etc.

Guaranteed As To Quality, Performance And Service-Free Long Life

- WATER PUMPS
- FLOAT VALVES
- COPPER TUBING AND FITTINGS
- ASPEN WOOD EXCELSIOR PADS
- RESEARCH PRODUCTS COOL PAD
- Everything Pertaining To Evaporative Coolers

School Census Plans Are Now Being Finished

Plans are being completed for taking of the annual scholastic census in the Big Spring Independent School District.
This year's approach to the problem will differ from previous years in that it will concentrate in a mass effort crowded into a single day. Parents will be urged to remain home for that day and have information ready to give to the enumerators.

All teachers in the system will participate in the census effort, said Blankenship. This means that around 150 or more persons will be at work listing those of scholastic age.
In addition, they also will carry a special questionnaire concerning occupation of the employes as a means of establishing a definite figure of federally connected patrons. This may be required in connection with an application for federal assistance in construction of a new elementary plant.

As for the scholastics, Blankenship said that teachers would be seeking the names and birthdates of all children who will be six years of age on or before Sept. 1, 1952, or those who will not have yet attained their 18th birthday on or before Sept. 1, 1952.
There is no indication as to when the day will be taken out for this effort, but the remainder of the month and all of April will be used for re-checking and cross-checking the rolls.

Seminole HS Rodeo Invitations Are Out

Invitations to the second annual Seminole FFA and High School Invitational Rodeo, slated for April 18th and 19th, have been sent to some 34 schools over the West Texas-Eastern New Mexico area.
The event will be held at the site of the Gaines County Fair Grounds Rodeo Arena, and the performances will be held at 8 o'clock Friday evening and at 2 o'clock Saturday afternoon.

W-T Paper Sold

COMMERCE, March 15 (AP)—Edwin Bronaugh announced today he has sold his Commerce Daily Journal and the Weekly Farm Journal of Commerce to W. R. Latson and Carl Hyatt of Lubbock.

Top UAW Officers To Move In On Red-Influenced Ford Local

By F. GLENN ENGLE
DETROIT, March 15 (AP)—An occupation army of top UAW United Auto Workers officers will move in on seized Ford Local 600 early next week to rid it of the influence of Communists and Red sympathizers.
Heading the housecleaning staff of the huge local will be UAW International President Walter Reuther, who has earned a reputation as one of the nation's most vigorous anti-Communists.
Reuther named himself chairman of a six-man board of administration directed early today to take over the local's affairs. The move followed a bitter, all-day hearing yesterday into Reuther's own charges that a relative handful of Communists dominates the local's policies.

Local 600-long considered one of the most left-wing in the million-member union — represents employes in Ford's vast River Rouge plant in Dearborn. Its peak membership has exceeded 65,000, but

38 Persons Placed In Non-Ag Positions

Thirty-eight persons were placed in non-agricultural employment during the week through the Big Spring office of the Texas Employment Commission, it was announced yesterday by Leon M. Kinney, manager.
During the week he said 492 office visits were listed, 44 persons were referred to jobs, 18 new job applications, and two claims for unemployment compensation were received, and 16 continued unemployment claims were recorded.

Railroad Retirement Aide Due March 20th

A representative of the Railroad Retirement Board will be at the Big Spring office of the Texas Employment Commission, 213 W. 3rd Street, between the hours of 2 p.m. and 4 p.m., March 20th, according to Leon M. Kinney, TEC manager.
All persons having matters to be brought to the attention of this RRB representative are invited to call between those hours, Kinney said.

cutbacks in auto production have reduced that figure to roughly 45,000 now.
The seizure came under a provision in the UAW constitution barring Communists or persons subservient to communism from holding local or international union office.
Reuther did not accuse the local's top officers of being Communists. But he did say they have allowed themselves to become the victims of "manipulations of a small but well-disciplined Communist group which exerts influence far beyond its actual members."
Reuther said the union's International Executive Board ordered the seizure and appointment of an administrative board "to put an end to Communist influence and manipulation."
The House Un-American Activities Committee brought out testimony at a hearing here earlier this week that several minor officers of the local are Communist party members. None of the witnesses, however, labeled President Carl Stellato or other major local officers as such.
Stellato was a political ally of Reuther up until a couple years ago, identified solidly with the union's right wing faction.

District 1 Favors School Tax Raise From \$1.50 To \$2

HOUSTON, March 15 (AP)—A recommendation requesting that the present \$1.50 school tax limit set by the state be raised to \$2.00 was approved by delegates to the District 1, Texas State Teachers Association in its final meeting here today.
The group also approved recommendations requesting the legislature to increase the minimum salaries of teachers as well as the amount allowed for teaching experience.
It recommended that the minimum salary for teachers be raised to \$3,000 from \$2,600, and that \$150 be allowed for each year of experience up to 12 years.

Gardner Is Manager Of Burr Store Here

Alan D. Gardner has been named manager of the Burr Department Store, succeeding Roland Bates, A. B. Gordes, district manager has announced. The change was effective March 12.
Gardner is from Dunche, Oklahoma, where he has been employed as assistant manager of Burr's. Bates resigned to take a position in Lubbock, Gordes said. He was associated with Burr's here for about 2 years.

30 Pneumonia Cases Are Reported Here

Thirty cases of pneumonia, 80 of influenza, and 16 cases of whooping cough were reported by Big Spring physicians during the week, according to the list of communicable diseases released yesterday by the Big Spring-Howard County Health Unit.
The weekly report also included four cases of chicken pox, six of diarrhea, three of measles, one of mumps, and two of gonorrhea.

Chamber Urges Residents Help To Get Housing

Big Spring property owners were urged Saturday to make every effort to increase the number of rental units to help relieve a critical housing shortage.

J. H. Greene, manager of the Chamber of Commerce, said demands for rental units are mounting steadily.

"I want to urge every person who owns residential property to make a personal survey to determine whether he can arrange for additional apartments in existing buildings," Greene said. "This should be done in addition to any new construction which can be started, because we need all of the rental units we can get now."

Greene said that he had never witnessed a more severe shortage of rental housing in Big Spring. Newly arrived families are calling at the Chamber of Commerce office daily to seek housing, and there are practically no listings, the chamber manager said.

Men In Service

Cpl. George E. Le May, stationed with the 40th Division Medical Corp in Korea, has been awarded the medical badge for exemplary performance during ground combat against the enemy in Korea.

He is the son of Mr. and Mrs. C. E. Le May of Big Spring and has been in Korea since Feb. 5.

He received his Army training at Camp Cook.

Gunner's Mate Melvin Eugene Simmons, who has been in a Naval hospital Portsmouth, Va., for the past two months, is expected to be released shortly.

He plans a visit here with his parents, Mr. and Mrs. J. M. Simmons.

41 New Casualties

WASHINGTON, March 15 (AP)—The Defense Department today identified 41 additional battle casualties in Korea in a new list (No. 821) that reported 11 killed, 26 wounded, one missing and three injured.

DEFENSE WITNESSES DUE

Dispute Over Martin Waters Enters Third Week Monday

AUSTIN, March 15 (AP)—Trial in the dispute over Martin County underground waters will go into its third week Monday.

Judge Jack Roberts yesterday recessed the 126th District Court hearing for the week end. Resumption was set for 9 a.m. Monday.

Also scheduled for hearing at that time is the first in a series of suits contesting constitutionality of the state's new gas gathering tax. Judge Roberts did not indicate how the conflict would be handled.

There are about three or four more defense witnesses to be heard in the Martin County water suit. The Colorado River Municipal Water District seeks to invalidate the district, contending its creation was without sufficient evidence to de-

fine the boundaries of the underlying water table.

W. L. Broadhurst, district engineer for the U. S. Geological Survey, told the Court the key to the squabble is the meaning of the term "measurably affect" as it appears in the law governing creation of the Martin County Water District.

The law specifies that water withdrawn within a district should not "measurably affect" wells outside the district.

Broadhurst testified that if the law contemplates any effect that can be measured, there could be no water districts.

"We know beyond a shadow of a doubt, if you pump large amounts of water from one well it will af-

fect the water level of a nearby well if the sands are continuous and saturated with water," he said. He added that the effect could be measured.

If the law contemplates an "injurious affect" the question would become one of economics.

"A lot would depend on the use of water taken and the use to which it is put," he said.

Defense testimony started Wednesday after CRMWD consumed eight days with their witnesses.

With resumption of the hearing Wednesday, it was revealed in Court that E. B. Dickerson, a principal land owner adjoining the Martin County District, had made application March 8 to have 10 sections of his land on the east side brought into the district. The Martin County District board met Monday in Stanton and acted favorably on the application.

Previously, the CRMWD attorneys had contended that Dickerson's land overlaid the best part of the water and that being outside of the district and unregulated left the possibility of measurably affecting the drawdown on nearby wells within the District.

E. V. Spence, general manager for the CRMWD, and W. S. Morrison, attorney for the City of Big Spring and who has been assisting in the CRMWD case, were to return to Austin today. George T. Thomas is counsel for the Martin County District.

Spence said he would return here in time for a meeting of the CRMWD board here Wednesday when bids on two pump stations and two pumper residences will be considered.

Pipeline Contract Gives Big Boost To Texas Construction

AUSTIN, March 15 (AP)—A \$35 million award for construction of pipeline gave Texas a big boost in the dollar volume of its building activity this week.

The large engineering award went to Anderson Brothers of Houston for the building of 445 miles of pipeline.

Other construction contracts gave Texas a total of \$45,454,475 for the week, reported the Texas Contractor trade journal.

Residential lettings amounted for \$6,476,000; non residential \$3,791,034.

The year's total rose to \$191,432,315.

Youth Delegates To W-F Meeting Due Back Today

Two score young people were due to return here today from Wichita Falls, where they have been participating in the annual YMCA youth conference.

Members of the boys Hi-Y and the girls Tri-Hi-Y clubs had charge of the opening devotional for the state-wide conference.

Adults serving as sponsors were Grover C. Good, YMCA general secretary, Clarence Todd, Wayne Bartlett, Ted Phillips, H. C. Stipp, William J. Sheppard, Mrs. Shelby Read, Mrs. C. W. Norman, Mrs. Truman Jones and Mrs. A. Swartz.

Delegates to the party included Ann Mary Gray, Janice Anderson, Petty King, Anna May Thorpe, LaVelle Martin, Claudette Harper, Margie McDougal, Libby Jones, Martha Clare, Sandra Swartz, Mary Frances Norman, Evelyn Wilson, Diane Laughman from the Tri-Hi-Y Club.

From the Hi-Y group were J. W. Thompson, Eugene Carpenter, John Lawrence, Roger Brown, Robert Angel, Don Washburn, Halley Hodnett, C. L. Girdner, Jimmy Wilkerson, Reed West, Charles Howell, Oakley Hagood, Wayne Glenn, Billy Sheppard, Rodney Sheppard, Jimmy Lowke, Holms Harper, Louis Stipp, James Daniel, Richard Hughes, David Reed, Bennie Compton, Wade Simpson, Glen Rogers, Tommy Guin, Eddie Murphy and Ray Todd.

Three Traffic Mishaps Reported On Friday

Police said Waldo Tindal of Coahoma and Jim Zach, 204 Main, were the motorists involved in the first of three traffic mishaps Friday. This one occurred at the Petroleum Drug corner.

The second was at 411 Gregg. The second was in the afternoon and involved cars operated by J. P. Anderson of Big Spring and William S. Morrow of House, New Mexico. The third collision was at 1700 W. 3rd, early Friday night, and police records list the drivers as Kenneth Evan Osburn and Dessie Lazenby.

NEXT ON THE PRIMARY LIST

Ike And Taft To Slug It Out In N.J. And Oregon

WASHINGTON, March 15 (U.S. News)—Gen. Dwight D. Eisenhower, who took the measure of Sen. Taft in New Hampshire's first-in-the-nation primary, will slug it out with Taft again in New Jersey and Oregon and possibly in South Dakota.

Both have their supporters running in Massachusetts, too. The New Jersey primary will be held April 15 and Oregon's comes on May 16. The Bay State vote April 29. South Dakota, together with California, wind up the pre-convention primary voting June 3.

With filing deadlines passed in all states but California (where the deadline is April 9) and South Dakota (May 3), here is the way the future primary battles line up: Minnesota (March 18) Republican: Harold E. Stassen and Edward C. Slettedahl. Minnesota chairman of "Fighters for MacArthur," oppose each other for 25 pledged delegates. (Three more to be named in state convention May 31-June 1.)

REDS EYE IT WARILY

Package Deal Seeks To Break Truce Jam

MUNSAN, Sunday, March 16 (U.S. News)—Allied negotiators today planned their hopes of partly breaking the Korean truce negotiation log-jam on a package deal which the Reds eyed warily.

The major issues still were stuck solidly. Both sides agreed Saturday to hand the one on voluntary or forced repatriation of war prisoners back to staff officers who earlier this year failed in 22 sessions to resolve it.

THE WEEK

for his champion steer and \$1 a pound for the reserves. Robert Lomax got \$100 for the champion capon, and Edgar A. Phillips \$2.50 a pound for the top lamb. Entries were greater and quality good in the show, held under adverse conditions because of a last minute switch in quarters.

MAIL

Deliveries will be made in these areas, as elsewhere, once a day, six days a week, holidays excepted. The postmaster said that letter drop boxes will be placed at convenient points in these newly annexed delivery areas as soon as possible, and that these boxes will have cards on them designating the hours at which mail from them will be picked up.

CONTEST

Monday, April 7, through Saturday, April 12, four years through six years.

WINS JURY VERDICT

DALLAS, March 15 (U.S. News)—David Womack, Lufkin, today won a \$17,250 jury verdict against East Texas Motor Freight, Inc., for injuries suffered in a collision south of Lufkin, July 28, 1950.

McGrath Tax Returns May Be Checked

WASHINGTON, March 15 (U.S. News)—House probers were urged today to take a look at the income tax returns of Atty. Gen. J. Howard McGrath.

Rep. Hillings (R-Calif.) told newsmen he notified Chairman Clegg (D-Ky.) that he will formally ask the House Judiciary subcommittee investigating the Justice Department to seek McGrath's tax records from President Truman next week.

Two Bikes Stolen, Police Are Told

Police received reports of two bicycles stolen from near the Ritz Theatre yesterday afternoon and last night.

12 REDS DEAD

KOJE ISLAND, Korea, Sunday, March 16 (U.S. News)—A violent rock fight between rival groups of North Korean prisoners in this Allied stockade erupted into a shooting in which 12 Communist prisoners were killed and 26 wounded Thursday.

Violent Fight In POW Camp

(Continued From Page 1) men got out in good order. "Some of us were pretty sick in the plane," he said.

ALLIED KOREA DEFENSES STRONG

Lovett Warns Reds Of Heavy Losses If They Try Attacks

WASHINGTON, March 15 (U.S. News)—Secretary of Defense Lovett warned the Communists tonight they are in for heavy losses if they start up large-scale attacks again in Korea.

Lovett, discussing Korean truce negotiations, also said that "we seek an end to hostilities, but never at the price of appeasement."

His remarks were contained in a semi-annual report to the President and Congress on the Defense Department's operations during the last half of 1951. He commented that United Nations negotiators in the truce talks "have earned the gratitude of the free world for their skill and patience under exasperating conditions."

Lovett predicted that the military security program will require an even bigger bite of the gross national product during 1952—about 18 per cent compared with 14 per cent last year.

Oatis Collaborators Convicted In Prague

VIENNA Austria, March 15 (U.S. News)—The Prague radio announced 11 Czechs and a Yugoslav were convicted tonight as spies and collaborators of William N. Oatis, Associated Press correspondent now serving 10 years in a Czech prison on espionage charges. One man was sentenced to death and the others to long prison terms.

Minn. Primary Appears To Be Confused Affair

By ADOLPH JOHNSON ST. PAUL, Minn., March 15 (U.S. News)—Minnesota elect national party convention delegates Tuesday in a presidential primary complicated by court decisions, legal rulings, charges of "manipulation"—and results of the New Hampshire primary.

Until Gen. Dwight Eisenhower—whose name will not be on the Minnesota ballot—won in New Hampshire, the Minnesota primary had appeared to be pretty much of a routine affair. The election had even been described as meaningless. Attempts had been made to have the primary law repealed in time to avoid the election.

Seven Divorces Are Granted This Week

Seven divorces were granted by District Judge Charlie Sullivan following hearing during the past week.

'Wonderful,' Is Truman Answer About His Job

By GEORGE CORNELL
And JOSEPH MURPHY
NEW YORK, March 15 (AP)—President Truman said today it's a "wonderful experience indeed" to be President, but he gave no hint on whether he planned to seek re-election.

In a short, off-the-cuff talk to student editors from across the country, he said he had had his eye on the White House since he was a boy, and "you know the trouble I'm in today."

He paused, while the audience of some 3,000 youths laughed, then he added: "But I'll say to you it's a wonderful experience indeed, in spite of all its troubles."

Here, on a whirlwind trip from his vacation in Florida, the President referred briefly to the country's foreign policy, and jabbed mildly at isolationism.

"We cannot isolate ourselves from the rest of the world," he said. "What hurts them, hurts us. What helps them, helps us."

He said we could learn from the ideas of other countries, and that our present program of cooperation with the free world will, if successful, bring the "greatest age in the history of the world."

But it may take the next generation to accomplish the task, he said, and that responsibility will be on the shoulders of today's youths.

The President scoffed at "Russian propaganda that we are imperialistic."

"We know the Soviet government is a menace to us," he said. "That's why we are building up our strength, not to march against them, but to prevent them from marching against us."

Mr. Truman occasionally referred to notes as he talked in a slow, chatty fashion. His 15-minute address was broadcast nationally, by radio and television.

Soldier Is Killed
TEMPLE, March 15 (AP)—Cpl. Willie L. Shakelford, Fort Hood soldier from New Bern, N. C., was killed last night when his car crashed into a service station here.

Here Today

The Sykes Gospel Singers of Los Angeles, Calif., will appear here twice today and then again Monday evening at the junior high auditorium. The singers will be at the Bakers Chapel A.M.E. at 3 p.m., said the Rev. J. W. Birt, pastor, and then in an after service program at 9:30 p.m. They also will be at the 7:15 p.m. service at the First Baptist Church. And then they will be presented in the public concert especially for the white friends at 7:30 p.m. Monday.

DELAY UNTIL APRIL 8? U.S. Asks Steel Strike Be Put Off

by ROWLAND EVANS JR.
WASHINGTON, March 15 (AP)—The government today asked the CIO United steelworkers to put off a threatened March 23 strike until at least April 8. Union leaders promised an answer by tomorrow at the latest.

Nathan Feinsinger, Wage Stabilization Board chairman, in making the request to the steelworkers' president, Philip Murray, promised that the board would "make every effort" to have its recommendations for settlement ready by Thursday.

Feinsinger asked the union and six big steel companies to begin collective bargaining negotiations within three days after the recommendations are made.

During these negotiations, Feinsinger said, it would be understood that work and production would continue. Then, if an agreement is not reached by April 4 and the

union plans to strike, it should give 96 hours written notice.

Murray told reporters he hoped to have an answer today or tomorrow. If the unions agree, it would be the third strike postponement since Jan. 1.

Earlier Murray had announced the union's 70-man Wage-Policy Committee is being called to Washington for a Thursday session to study the WSB recommendations, promised by then.

Murray is empowered by his union to call a strike if no "fair" basis for settlement of the dispute exists by midnight Sunday, March 23.

Murray told a reporter today that it is up to the Policy Committee to decide whether the board's recommended settlement is a fair one.

Some steel companies have ordered furnaces to be banked starting as early as Tuesday, a top steel official here said.

It takes at least 72 hours to shut down mills in an orderly way and for some operations as much as five days, he said.

The WSB met all day today in an effort to speed its recommended settlement of the long dispute over a union demand for an average 18 1/2-cent wage boost and a score of other concessions. Present average wage in the industry is slightly less than \$2 an hour.

Two Beaumont Men Killed In Accident
PORT ARTHUR, March 15 (AP)—Two young Beaumont men were killed today when their car failed to make a curve on the Port Neches Highway near here and overturned into a drainage canal.

They were Morris Howard Gallier, 18, and Vernon Maxie Russell, 23. Russell's body was recovered shortly afterward but rescue crews had to use grappling hooks to recover Gallier's. Witnesses told Deputy Sheriff Nick Hyde the car was traveling at high speed.

Gets 99 Years For Murder Of Aged Negro

PALEO-PINTO (SC)—A young white oilfield worker who hitchhiked a ride with an elderly Negro in Big Spring last Christmas Day and then murdered the aged man and stuffed his body under a highway culvert, has been found guilty by a jury here and his punishment fixed at 99 years in the penitentiary.

The convicted man is Guy Huckaby, 28, a native of Ardmore, Okla. He was charged with the murder of Matt Lewis, a Tyler resident, whose body was found under a culvert on U.S. Highway 80 on Dec. 28th, after Huckaby had admitted the killing following his arrest by Oklahoma officers when he was found in possession of the missing truck. The dead man was reported, at the time, to have had a large sum of money in his possession.

Huckaby testified that after hitching a ride with Lewis in Big Spring, they began drinking and quarreled over who would drive the truck. He said Lewis attacked him with a knife, and that he fought back with a stone as a weapon.

SA Oilman Predicts Taft Will Get Nod
SAN ANTONIO, March 15 (AP)—Marty McLean, San Antonio oilman, came back home today after touring Texas, New Mexico and Arizona with Sen. Robert Taft (R-Ohio) and predicted that Taft will win the Republican presidential nomination by a 100-vote margin.

McLean, who is national finance committee member of the GOP, predicted that Taft would get 35 or perhaps all of Texas' 38 delegates to the National Republican Convention.

TO BETTER USE AID US Tries To Break Coalition In Greece

By JOHN M. HIGHTOWER
WASHINGTON, March 15 (AP)—The State Department—in an almost unprecedented move, is trying to end government by coalition in Greece for the avowed purpose of getting better use of American economic and military aid.

The move may have repercussions elsewhere although officials said today that it is not a precedent for action in other countries.

The situation which the United States would like to correct in Greece, where a minority party taking part in coalition rule may at any time wreck the government,

has a parallel in France. The turnover in French governments has in fact been a source of great concern to American officials.

Responsible informants here ruled out any plan for the use of American influence in France to the same end as it is being used in Greece—but evidence of another "interference" in affairs of another country—always a red flag to politicians and diplomats—may stir up interest and debate in countries receiving United States help.

The U.S. maneuver in Greece occurred when Ambassador John E. Peurifoy made a public statement yesterday that plunged him into a feud between Premier Nicholas Plastiras and Deputy Premier Sophocles Venizelos over the adoption of a new electoral system.

Today the State Department supported Peurifoy's declaration.

At present Greece has a coalition government set up under a complicated electoral law. Plastiras and most other members of his slightly leftist party favor a direct majority system. Venizelos wants a proportional representation system—dividing parliamentary seats according to vote percentages.

Plastiras was driving toward his goal when he suffered a paralytic stroke Monday.

It was at this point that Peurifoy issued a statement supporting Plas-

... A million acres of forests, mountains - streams for a vacation? Then it's NEW MEXICO for you! Yes, of NEW MEXICO'S millions of acres of woodlands, some 8 1/2 million acres national forests - including wilderness areas accessible only by horseback or foot trails and forest areas with convenient camping facilities... You'll get a million dollars' worth of satisfaction from a vacation trip to NEW MEXICO - The Land of Enchantment.

... I want to tell you what Barcontrate did for me. I have lost 45 pounds taking it. It is just wonderful how it helped me to take off weight. I would not be without it, as it not only helped me to take off weight, but it has helped me in other ways. Mrs. Traver Freeman, 4320 Dyer St., D & B Trailer Court, El Paso, Texas.

REDUCES 10 POUNDS
"I give me pleasure to state that I have been gratified beyond my expectations using Barcontrate, which not only reduced my weight, but makes me feel much better. I lost 10 pounds." Mrs. W. A. Wilson, 1014 1/2 E. Hubbard, Mineral Wells, Texas.

Two More Arrested For Reno Burglary

WASHINGTON, March 15 (AP)—Two more persons, one a woman, were arrested today in connection with the 1 1/2-million-dollar burglary at Reno, Nev., two weeks ago, the FBI announced.

It identified them as: Louis Gazzigli, 44, arrested by FBI agents and Chief of Police L. R. Greeson at Reno.

Leona Mae Giordano, 37, arrested by FBI agents at Los Angeles. It was the residence of Laverne V. Redfield, 370 Mt. Rose Street, Reno, which was burglarized, Feb. 29.

J. Edgar Hoover, director of the FBI, said Gazzigli "is known to have conspired with Andrew Robert Young, 46, arrested by the FBI at Milwaukee, Wis., on March 11, 1952, to transport part of the loot to points outside of the State of Nevada."

Gazzigli was charged with violation of the federal conspiracy statute.

Hoover said the man "has an extensive criminal record for rape and robbery in New York and California."

The woman, a Reno resident, was charged with transporting over \$5,000 of the loot from Reno to Los Angeles.

Hoover said she has been identified "as having attempted to pass a \$1,000 bill known to be part of the Redfield loot in a Reno gambling casino."

Put Yourself IN THIS PICTURE

Here's an easy way to put yourself into the Spring Fashion picture... just come into Prager's now and let us show you our line-up of spring clothes that'll keep you cool, comfortable and casual from now until fall.

Dress shirts from top-makers, Van Heusen and Truval. In whites and colors, solids, stripes. Many collar styles to choose in plain or French cuff. **2.95 & 3.95**

Jackets, a complete selection of West Texas weight jackets to match with slacks. Good looking with tie or sport shirts. **\$11.50**

Ties. New spring patterns and colors to harmonize with slacks and jackets or suits. Bold and conservative patterns and hand-painted. **\$1.00 up**

Slacks. Choose from the largest selection of slacks in town. We have solids, stripes, checks in tropical, wool-nylon blends and rayons. Free alterations. **\$5.95 up**

Sport shirts. Many new styles to select from in short or long sleeves. New roll collars that look equally well without or with tie. In cool, comfortable fabrics. All sizes and colors. **\$2.50 up**

Hats. You'll want a new felt hat for Easter. Select from Resistol and Borsalino for style and comfort. New spring colors and weights. **\$7.50 up**

Sport coats in this year's newest patterns. Solids, and checks that will mix and match with your new slacks. All popular colors and styles. Two and three button, patch pockets. **\$15.95 up**

Where Marijuana Raids Hit Pay Dirt

Left, house in 700 block of North Aylford Street where one seizure of marijuana was made.

Below, the first 14 persons arrested in connection with the raids line up on the north side of the county jail.

Lower left, paper bags containing marijuana are being held by authorities as evidence.

Top right, a house located at Northwest Fourth and North Bell Streets was included in Friday night raids made by officers.

Right, center, more marijuana was found in two houses at North Aylford and Northwest Seventh Streets across the street from Kate Morrison school building.

Lower right, still more marijuana was found during search of house in 300 block of North Aylford Street. (Herald Staff Photos by Leonard Hartley).

Average Texan's Sense Is What Country Needs

DALLAS, March 15 — What this country needs, said an Oklahoman, is more people with the good, bay horse sense of the average Texan.

And a Texan replied that we were "honored to have you folks from Oklahoma come down here."

This unusual display of affection between rival states came off at a Dallas luncheon today honoring three Oklahoma delegates to the Republican National Convention who are supporters of General Douglas MacArthur for President.

Dallas supporters of the "Demand MacArthur" group sponsored the luncheon.

"Used to be in the past," said J. O. Ferguson, Pawnee, Okla., publisher, "when Republicans from Texas and Oklahoma got together, they commiserated. But conditions have changed. They celebrate now."

Ferguson was speaking at a press conference held before the luncheon. He said he was more an anti-Truman man than a MacArthur man—"I'm just intensely interested in ousting Mr. Truman."

The luncheon speaker who likes Texans was Fred Coogan, Sayre, Okla., ranchman and oil operator.

Coogan said he believed that the convention would reach a deadlock between Eisenhower and Taft forces and then both would throw their support to MacArthur.

"I believe that General MacArthur will carry 40 out of 48 states—including Oklahoma—in the general election," Coogan declared.

A reporter asked if he thought MacArthur would consent to run as vice president with Taft as the presidential nominee.

Here Douglas McKeever of Enid, Okla., interposed: "General MacArthur doesn't impress me as the kind of man who'd agree to run second on any ballot."

Delegates honored at the luncheon were Coogan; Joe Champlin, president of Champlin Refining Co., Enid, and James DeLong, Shawnee geologist.

Three Sets Of Keys Held By Co. Officer

Three sets of keys, apparently of the type which fit ignition locks to automobiles, were recovered Friday night by County Juvenile Officer A. E. Long.

The juvenile officer said he took the keys from three boys. Persons who have lost keys to their cars recently can check with Long at the County Courthouse.

Bank Officials Said Near Failure In Try To Get Iranian Oil

TEHRAN, Iran, March 15 (AP)—Officers of the International Bank were said today to be on the verge of reporting failure of their mission to get Iran's oil machinery in production again.

The officials will meet Iran's joint oil board tonight and a communique is expected to be issued afterward saying they have failed to reach a solution. Iran nationalized the British-controlled industry last year and ousted British technicians.

Bank Loan Officer Hector Prudhomme, Legal Adviser Ellsworth Clark, and Economic Expert Samuel Lipkowitz, were expected to leave for the United States Tuesday or Wednesday of next week.

Tempers Flare At Meet Of Texas' Young Republicans

FORT WORTH, March 15 (AP)—Tempers flared today as the Texas Young Republican federation split over elections to fill vacant offices.

One faction fought unsuccessfully to retain Marion Enholm of Dallas as acting state chairman, a place she has filled since the resignation of Thorpe Andrews Jr. Ed Partch of Fort Worth was elected chairman after about four hours of political maneuvering and hot discussions.

The 39 delegates evidently were split into Taft-Eisenhower sections, with the majority favoring the Ohio senator.

Realizing they were outnumbered, backers of Miss Enholm began a campaign to delay the meeting until there would be no time for election of officers.

Despite numerous attempts to

stave off the election, the majority faction put six delegates in office. Partch was chosen chairman; Crosson Tyler, Corpus Christi, became first vice chairman; James Warrington, Valley Mills, second vice chairman; George Canon, Lubbock, third vice chairman; David H. Brune, Austin, state secretary, and Eleanor Goode, San Antonio, national committeewoman.

Throughout the meeting, Tony Friloux, Houston, defended himself against what he termed attacks by Tyler.

"Every officer that was elected today was handpicked by Henry Zweifel (national committeeman)," Friloux declared.

Partch, in accepting office, pointed out that there had been little "unity evident" at this meeting but asked all delegates to work together during the coming months.

Italian Senate OKs Participation In Schuman Plan

ROME, March 15 (AP)—The Italian Senate today approved Italy's participation in the Schuman Plan. The vote was 148 to 97. The measure now goes to the Chamber of Deputies.

The vote followed a week of oratory during which a score of leftist senators assailed the plan as "an American imperialistic plot" which would run Italy's steel industry. The plan calls for pooling West European coal and steel production.

Premier Alcide de Gasperi told the Senate his government adhered to the plan because it would "benefit Italian economy." It "was conceived in Europe and constituted for the defense of Europe," he said.

Windswept Storm, Snow Slide Strike S. California; One Dead

LOS ANGELES, March 15 (AP)—A driving, windswept storm hit Southern California from the north today, flooding homes in some areas, jamming traffic, causing one death and bringing a snow slide in the Sierra Nevadas that smashed part of a tungsten mill and flattened four houses.

The huge slide, near Bishop dropped without warning from crags north of Pine Creek Canyon. One report said one end of the U.S. Vanadium Corporation's two-story tungsten mill caved in.

But somehow none of the 31 persons marooned in the mill or

houses was killed. Sheriff's officers reported that a 15-month-old baby was buried for two hours by the avalanche but was rescued apparently unhurt.

Elsewhere in Southern California it was water in deluges that hurt. Santa Barbara and adjacent points got more than four inches of rain. Southern Pacific rail service from San Francisco to Los Angeles was interrupted when two bridges over a wash in Ventura County were flooded.

The southbound Southern Pacific Daylight, due in Los Angeles early tonight, was held at Santa Barbara. The railroad company started moving buses over watery highways to bring the 500 passengers here.

The coast and flatlands of Southern California were raked by gusts up to 40 miles an hour which up-

rooted trees and caused damage in isolated areas.

At Long Beach, a main highway into nearby Orange County was closed when 14 telephone poles toppled over.

The storm, striking with mounting intensity, left more than an inch of rain in Los Angeles.

Thus far only one storm-caused death has been reported—that of a farmer pinned under his tractor when it overturned as he tried to ford a wash in the Newhall area.

In the high Sierras near Bishop snow plows worked toward two bus loads of Marines, stranded by five-foot drifts while returning from a high altitude training camp to their base at Camp Pendleton.

To the north in Santa Barbara County five families were evacuated from Guadalupe and three from Casimira as runoff waters ran a foot or more deep through their homes. Farm lands near these communities and the town of Bellevue were inundated.

Power failures hit Guadalupe, Santa Maria and Lompoc last night and had not been repaired by midmorning today.

Completions Are Ahead Of 1951

AUSTIN, March 15 (AP)—Texas oil well completions for the year jumped far ahead of last year's comparable total as 220 producing wells were completed this week.

The year's total jumped to 2,413, more than 250 ahead of the year-ago figure of 2,162, the Texas Railroad Commission said today in its weekly report.

Gas well completions did not match the pace of oil operations. Only six gas wells were brought in, making the year's total 157 compared with 189 a year ago.

The number of drilling failures remained high—116.

Wildcatting produced 13 oil wells, no gasers, and 68 dry holes.

Wells plugged included 111 dry, 6 gas, and 41 oil wells.

The state's total number of wells today stood at 134,018, an increase of 468 from last week.

The total average calendar day crude allowable today was 5,139,477 barrels, a jump of 21,548 barrels from a week ago.

Limit On Parcel Post By Air For Military Noted

New limitations on air parcel post bound for military addresses overseas have been announced by Postal Service.

A recent bulletin from the office of the Postmaster General indicated that the recent volume of overseas parcel post had exceeded the available aircraft space.

Henceforth, parcels mailed to military postoffices overseas and to naval vessels will be limited in size to 30 inches in length and girth combined, and total weight per parcel will be limited to two pounds.

The new limitations involve air parcel post only, and do not affect overseas parcel posts forwarded by surface vessels. Limitations for surface parcels will continue at 100 inches in length and girth combined and 70 pounds in weight, when addressed to military postoffices overseas and to naval vessels.

Work Stoppage At Atomic Plant Idles Some 15,000 Workers

PADUCAH, Ky., March 15 (AP)—A walkout of AFL laborers led to a work stoppage at the half-billion dollar Paducah Atomic Energy Plant today. About 15,000 workers were idled.

Work also was halted at an electric plant being built at nearby Joppa, Ill., to supply power for the Atomic Energy Plant, reportedly because of a union jurisdiction dispute. The \$90 million Joppa project across the Ohio River employs 1,500.

Project Manager F. J. Mayo ordered the Paducah construction shut down after only 1,168 of the 3,300 laborers reported for work yesterday. He said it would be useless to try to go on without the laborers.

PAD Hopeful That More Steel Is Due

By **TEX EASLEY**
 WASHINGTON, March 15 (U.S.)—The Petroleum Administration for Defense (PAD) is hoping there's good foundation for unverified reports the oil and gas industry will get a substantial increase in steel for the third quarter of 1952.

The Defense Production Administration (DPA) is the agency which takes the over-all steel out-

put of the nation and allocates it among various groups of users. The PAD takes over the petroleum industry's share and distributes it for such purposes as drilling, pipelines, tank cars, tankage.

For the last half of 1952 the PAD has asked that allocations of steel be increased 46 per cent over the average rate of the past four quarters. For Canadian export, on the

same basis, a 42 per cent increase is sought; for shipment to other foreign producing areas outside the iron curtain an increase of 36 per cent is requested.

Although the DPA is not expected to have its data for July-August-September allocations ready before the end of next week and won't comment officially, prospects are that the PAD will get at least 80 per cent of the steel it requested as compared with 70 to 75 per cent in the past.

DPA officials' only comment was that in the over-all picture, the steel supply situation steadily is improving. They emphasize that the tightest squeeze remains in heavy plate needed for high pressure purposes such as liquefied gas and pipelines.

During 1951, the PAD says, there were 44,500 new oil wells drilled in the United States. The steel allocated for the first six months of 1952 is at the rate for 22,500 new wells. The request for steel for the last half of the year is for an amount to permit the drilling of 25,000. The PAD program calls for 25,000 new wells in 1953.

The refining capacity of the United States was estimated at 7,300,000 barrels per day as of Jan. 1, 1952, having been boosted by some 230,000 barrels in 1951. The goal is an additional 475,000 barrels per day within the next year.

Steel requests by PAD contemplate construction of an additional 19,700 miles of crude oil and products pipelines in the United States within the 18-month period beginning July 1 and an additional 3,800 miles in foreign countries.

Another Test Slated For Scurry Canyon Possibility

Another drillstem test is in prospect for the McAlester Fuel Company No. 1-A Allen, southwest Scurry County wildcat which has shown for Canyon reef possibilities.

The venture is five miles south of the Diamond M-Canyon pool and four miles west of the shallow Sharon Ridge field, and eight miles north of the Union No. Erwin, currently trying for completion as a northwest Mitchell Strawn discovery.

Operator cut a core from 7,335-56 with 100 per cent recovery of lime with fair to poor porosity. There were some bugs and spotted fluorescence but no shows of water. Preparations were made to take a drillstem test from 7,334-7,356.

Previously a test taken in the

ref, topped at 7,304 feet, elevation 2,279 feet, developed 55 feet of clean oil and 355 feet of heavily oil and gas-cut drilling mud.

The test was taken in the interval from 7,308 to 7,334 feet. Tool was open two hours. Gas surfaced in 16 minutes and blew throughout the test. No measurement was made on the gas flow. No formation water was present.

No open flowing bottomhole pressure was reported, however, 15-minute shut-in pressure was 520 pounds.

Operator was to core deeper. Location is 660 feet from south and east lines of section 75, block 20, Lavaca Navigation survey. That makes it 18 miles southwest of Snyder.

WEEK'S REVIEW

Area Experiences Year's Best Gain

By **JOHN B. BREWER**
 SAN ANGELO, March 15.—In one of the best weeks of the new year, six West Texas counties had oil news of major import. Twenty wildcats were staked in 13 counties.

Reagan, King, Schleicher, Irion, Gaines and Runnels all shared in the top headlines.

In Reagan County, a Spraberry wildcat was completed for a 24-hour potential of 390 barrels of oil, no water, from open hole between 7,511-525 feet. Fracture with 3,000 gallons. Loyd H. Smith, Inc., No. 1 Jerry F. Nunn, located 690 feet out of the northwest corner of section 42-36-55-T&P. Is west and slightly south of the Drifter Spraberry field.

Reagan County, a Spraberry wildcat was completed for a 24-hour potential of 390 barrels of oil, no water, from open hole between 7,511-525 feet. Fracture with 3,000 gallons. Loyd H. Smith, Inc., No. 1 Jerry F. Nunn, located 690 feet out of the northwest corner of section 42-36-55-T&P. Is west and slightly south of the Drifter Spraberry field.

The Pembroke, North-Spraberry field of Reagan was stretched a half mile east and 1/2-mile southwest with completion of two out-pools. The southwest extension, Humble No. 1 Olga Knolle, was finished for a daily pumping potential of 96.01 barrels of 29.8 gravity oil plus four per cent water. Perforations at 6,519-582 feet were acidized with 2,000 gallons. Location is 2,080 feet from south, 2,980 feet from west lines of section 47-36-55-T&P.

The short east extension, Blackwood & Nichols No. 3-B Daniels, finished for a daily flow of 338.42 barrels of 41 gravity oil from 6,384-640 feet following fracturing with 2,000 gallons. Location is 2,146 feet from south 663.4 feet from west lines of section 43-35-55-T&P.

An indicated Northwestern Runnels County discovery two miles south of a recent Clear Fork discovery when E. C. Hitchcock & Sons No. 1-B Dunbar kicked off and flowed an estimated 175 barrels of oil and 30 barrels of water in 24 hours after treating open hole from 4,210-378 feet with 1,600 gallons of acid. The project is now shut in to erect tanks and complete. Location is 1,400 feet out of the southwest corner of CTRR survey 71.

Gaines County recorded an indicated San Andres discovery two miles south of a recent Clear Fork discovery when E. C. Hitchcock & Sons No. 1-B Dunbar kicked off and flowed an estimated 175 barrels of oil and 30 barrels of water in 24 hours after treating open hole from 4,210-378 feet with 1,600 gallons of acid. The project is now shut in to erect tanks and complete. Location is 1,400 feet out of the southwest corner of CTRR survey 71.

Gaines County recorded an indicated San Andres discovery two miles south of a recent Clear Fork discovery when E. C. Hitchcock & Sons No. 1-B Dunbar kicked off and flowed an estimated 175 barrels of oil and 30 barrels of water in 24 hours after treating open hole from 4,210-378 feet with 1,600 gallons of acid. The project is now shut in to erect tanks and complete. Location is 1,400 feet out of the southwest corner of CTRR survey 71.

The Pembroke, North-Spraberry field of Reagan was stretched a half mile east and 1/2-mile southwest with completion of two out-pools. The southwest extension, Humble No. 1 Olga Knolle, was finished for a daily pumping potential of 96.01 barrels of 29.8 gravity oil plus four per cent water. Perforations at 6,519-582 feet were acidized with 2,000 gallons. Location is 2,080 feet from south, 2,980 feet from west lines of section 47-36-55-T&P.

The short east extension, Blackwood & Nichols No. 3-B Daniels, finished for a daily flow of 338.42 barrels of 41 gravity oil from 6,384-640 feet following fracturing with 2,000 gallons. Location is 2,146 feet from south 663.4 feet from west lines of section 43-35-55-T&P.

An indicated Northwestern Runnels County discovery two miles south of a recent Clear Fork discovery when E. C. Hitchcock & Sons No. 1-B Dunbar kicked off and flowed an estimated 175 barrels of oil and 30 barrels of water in 24 hours after treating open hole from 4,210-378 feet with 1,600 gallons of acid. The project is now shut in to erect tanks and complete. Location is 1,400 feet out of the southwest corner of CTRR survey 71.

Delta Gulf Drilling Co. of Tyler, which opened the Huldale field of Schleicher County in 1950, is bidding for another Pennsylvanian strike in northeastern Schleicher. No. 1 Blair M. Boyd, C NE NW 3-H-GH&SA, recovered 810 feet of oil and 220 feet of heavily oil and gas-cut mud on a two-hour test from 4,420-433 feet in lower Canyon sand. Initial open flowing bottomhole pressure was 625 pounds, final pressure 250 pounds. No shut-in bottomhole pressure was obtained. Coring was underway in the project 5,200-foot wildcat. Near-term production is in the Susan Peak field about 15 miles to the northwest.

A west offset to the opener of the Dove Creek, South (Strawn) field of Southeastern Irion County, Stanolind No. 2-A Pear Williams, recovered 5,260 feet of clean oil, 170 feet of drilling mud and 30 feet of salty sulphur water on a 60-minute test between 7,245-255 feet in reef lime. It earlier flowed oil to pits for five minutes on a 35-minute test between 7,324-245 feet. The reef was topped at 7,223 feet, 18 feet low to Humble No. Pearl Williams, opener of the field. Location is 1,960 feet from north, 690 feet from east lines of CTRR 120.

In King County 10 miles northeast of Guthrie, Stanolind and Ard No. 14 R. B. Masterson, was completed for a 24-hour potential of 145.61 barrels of 34.8 gravity oil daily from perforations at 4,082-086 feet. The well is half a mile south of the same operators' No. 1 T. B. Masterson, Jr. section 1-A TWANG survey, recently completed 4,300-foot Canyon reef lime pool opener.

A Northeastern Borden County wildcat, Superior No. 6-497 C. D. Jones, swabbed 14.85 barrels of oil cut 1.8 per cent water in 1 1/2 hours from open hole at 7,961-990 feet in Mississippian lime with swabbing still going on. Earlier, it swabbed 259.53 barrels of oil, cut 2.3 per cent water and 3.1 per cent basic sediment in 23 hours. The hole was fractured with 4,000 gallons. Location is 1,980 feet from north, 2,230 feet from west lines of section 597-97-H&TC.

Completion of Ard and Stanolind No. 14 R. B. Masterson, Bunker sand discovery of the upper Pennsylvanian 10 C. E. Mathers finally for a daily flow of 172.63 barrels of 47 gravity oil. Production was from open hole between 5,996-6,098 feet, the total depth. Completion was natural and extended the pay one location east. Location is 2,267 feet from north, 784.5 feet from east lines of W. L. Henry and others survey.

Coke gained two Ellenburger wildcat locations. Ohio No. 1-A F. H. Demere and others, to 7,500 feet will be 660 feet out of the southeast corner of section 39-16-H&TC, three miles north of Water Valley. Humble No. 1 M. A. Rawlings, to 6,000 feet, will be 660 feet out of the southeast corner of section 397-1A-H&TC, four miles north of Bronte.

Sunray Sets Up Division On Pressure

TULSA, Okla.—William L. Horner, petroleum engineer for Sunray Oil Corporation, will be manager of a new department to be established by the company for the control of reservoir engineering and repressuring operations.

Horner will direct the department in the company's general offices in Tulsa, drawing from the staff for the nucleus of the department. The new department will work in close collaboration with both the production and natural gas sections of the company, but will assume responsibility for investigating and controlling reservoir engineering.

Horner has been with the company since 1943 and has a wide reputation in the oil industry as a consultant on utilization and pressure maintenance projects in principal oil producing states. Currently he is chairman of the engineering committee of the Seurry Area Canyon Reef Operating Committee now in the process of setting up a unitization agreement for fluid injection-repressuring in the Kelley-Snyder and adjacent fields in Scurry County, Texas.

Horner has published more than 40 papers in American Petroleum Institute, American Association of Petroleum Geologists and other trade journals. He holds professional degrees in petroleum and geological engineering from the University of Pittsburgh.

Last week it was announced in Big Spring by the Colorado River Municipal Water District that it has sufficient number of operators to have signed the agreement to make the Seurry County plan operative. Operators will purchase up to eight million gallons of water per day out of surplus in the CRWD lake to use for repressuring purposes.

40th ANNUAL MEET

Tollett To Preside Over Western Refiners Group

SAN ANTONIO—The 40th annual convention of the Western Petroleum Refiners Association will be held here March 31, through April 2, will attract oil refining industry leaders from all the oil producing states. The conference program is acclaimed as outstanding for the variety of technical interest and general session speakers who are recognized business management leaders.

The Hotel Plaza will be headquarters for the three-day conclave and it was announced this week that H. J. Klingler, vice president of the General Motors Corp., Detroit, Mich., will be a featured speaker at the concluding general session luncheon April 2. Klingler is head of General Motors' car and truck group and his talk will be of point-of-interest to the refiners of the gasoline and motor-oils on which the automotive power of the nation's cars and trucks depend.

WPRFA has previously announced that John S. Coleman, president of the conference, is also president of the Burroughs Adding Machine Co., also of Detroit, will give his popular address, "There Is No Free Lunch," as a feature of the closing luncheon meeting.

R. L. Tollett, Big Spring, who is president of the Western Petroleum Refiners Association, will preside over the meeting, which is returning to the San Antonio conference site for the fourth straight year. The hospitality features of the conference are again being handled by a supply and service company committee of which H. O. Johnson is chairman. The annual buffet supper at San Antonio's famed La Villita, complimentary by the Ethyl Corp., will be Monday evening; March 1. The annual WPRFA spring party on the Plaza roof will be held Tuesday evening, and the concluding dinner-dance Wednesday night.

Drilling Ahead

Big Drilling Barge Begun

ORANGE, March 15 (U.S.)—The world's largest and most powerful submersible drilling barge—capable of sinking a well nearly five miles deep—is under construction here.

Levingston Shipbuilding Company announced today that it was building the barge for the Superior Oil Company.

The announcement said the steel hull would be 237 feet long, 54 feet wide and 14 feet deep. Mounted atop the hull will be the heaviest most powerful mud pumps, draw works and other drilling machinery ever built.

When completed, a Levingston spokesman said, the rig will have 5,160 brake horsepower and is designed to make possible the drilling of an oil well 25,000 feet deep. Submersible drilling barges are used at shallow water locations. They are towed to the site, then flooded with water to provide a stable drilling platform.

The largest now in existence, also built by Levingston, is capable of sinking a well 20,000 feet deep. The company said the big new barge requires almost twice the horsepower of the other to obtain the last 5,000 feet.

Sulphur Recovery Unit Due In Ector

Stanolind Oil and Gas Company has announced plans for construction of a sulphur recovery unit at a second West Texas gasoline plant.

The Girder Corporation of Louisville, Ky., has been instructed to proceed with completion of plans and purchase of materials for a sulphur recovery unit at the North Cowden plant, located 15 miles northwest of Odessa, Texas.

Stanolind previously announced that a similar unit was to be constructed by the Fluor Corporation of Los Angeles, Calif., at Slaughter gasoline plant near Sundown, Texas. Both North Cowden and Slaughter are operated by Stanolind for groups of owners.

The North Cowden plant has a been recovering propane, butane and natural gasoline from casing-head gas procured in the North Cowden field since early in 1950. The plant also plays a major role in the North Cowden gas injection project which is one of the largest of its kind ever developed. The sulphur recovery unit there will be completed early in 1953.

Fluor Corp. plans to begin construction on the Slaughter unit the latter part of March or the first of April, with completion scheduled for September of this year.

When completed, the Slaughter unit will have a design capacity of 40 long tons of sulphur daily. The design capacity of the North Cowden unit will be 17.7 long tons per day.

At the present time, the feed gas to the sulphur recovery unit at the Slaughter plant contains 14.5 per cent hydrogen sulfide and the North Cowden feed gas 58 per cent hydrogen sulfide.

The addition of the sulphur units at North Cowden and Slaughter will bring to three the number of plants operated by Stanolind where commercial sulphur is being recovered. The Elk Basin unit gasoline and repressuring plant in northern Wyoming has been recovering sulphur from the high H2S content casinghead in the Elk Basin field since 1949. The high quality sulphur recovered is sold to the petroleum, chemical, and wood pulp industries for use in manufacturing processes.

GENERAL JOHNSON

Gen. Johnson To Address Royalty Meet

Brigadier General Alfred H. Johnson, chairman and executive secretary of the Munitions Board Joint Petroleum Committee and chief of the Office of Petroleum Programs, will be the dinner speaker at the sixth annual meeting of the Texas Independent Producers and Royalty Owners Association in Fort Worth March 28.

General Johnson, an outspoken defender of a free enterprise petroleum industry who is lavish in his praise for its initiative and far-sightedness in making possible oil for all needs in peace and war, will discuss the role of petroleum in the defense program.

His military career, practically all of which has been devoted to the development of aviation from which both civilian and military aviation has profited, was launched in 1922. Today he holds the rating of command pilot.

During the 1930's Gen. Johnson was a pioneer in high altitude flying assisting in development of the turbo super-charger and pressure cabin planes now used universally in commercial and civilian aviation today. He was awarded the Distinguished Flying Cross in 1936 for development and flight testing of the first successful pressure cabin aircraft.

In World War II he headed procurement, production and inspection of Air Force material in Ohio; Michigan and Canada; surveyed German aircraft industry as a member of the Strategic Bombing Survey; and served in Manila until July 1946. Later he was commanding officer of the Okinawa Air Materiel Area until 1947 when he was made assistant chief of staff, A-4, Far Eastern Air Force headquarters in Tokyo. Two years later he headed the industrial planning division and after outbreak of Korea fighting he became chief of the production resources division of the production base. A native of North Dakota, he considers himself a Texas, having married Mary McCaskell, San Antonio, in 1927.

Stanolind Area Geologist Named

Nugent T. Brasher has been appointed district geologist for Stanolind Oil and Gas Company in Midland and was announced today. Brasher succeeds Gordon T. Buskirk, who has resigned from the company.

Brasher is a graduate of Texas Technological College in Lubbock, and has been with Stanolind since 1936. He first did roustabouting and then engineering work in West Texas, before going on military leave in 1941. Returning from service in 1945, he turned his attention to geological work and has worked in West Texas continuously. He was made assistant district geologist of the West Texas district, with offices in Midland, last year.

The West Texas exploration district consists of 41 counties in an area bounded by the state line and the Rio Grande on the west and south; Cochran, Hockley, Lubbock, Crosby and Dickens Counties on the north; and Dickens, Kent, Scurry, Mitchell, Sterling, Irion, Schleicher and Sutton Counties on the east.

Spraberry Trio Finals In East Midland County

Three completions—two in the Drifter and one in the Tex Harvey pool—paced east side Midland Spraberry play at the end of the week.

At the same time, Davison, Wallace, Rutter and Wilbanks No. 1 Bobby Campbell, 660 from the south and west lines of section 4-35-2s, T&P, was staked as a 7,600-foot Spraberry location in the Germania field.

Gulf No. 3 C. A. McClintic, 660 from the south and 1,980 from the east lines of the J. R. Ray survey No. 60, A-972, Tex Harvey pool, flowed 24 hours through half inch choke naturally to make no water and 485 barrels of 37.1 gravity oil. Tubing pressure was 145, gas-oil ratio 375-1, elevation 2,645; top pay 7,133, total depth 7,278, and the 7-in. at 7,082.

Magnolia Petroleum No. 7 Sam R. Preston, 660 from north and 1,980 from east lines section 323-7-4s, T&P, Drifter Spraberry pool, flowed 24 hours through 24-64 choke after 13,500 gallons fracture. It made no water and 516.8 barrels of 8.1 gravity oil. Tubing pressure was 300, gas-oil ratio 625-1, elevation 2,741; top pay 7,111, total depth 7,320, the 5 1/2-in. at 7,079.

Magnolia No. 5 Beattie Freeman, 1,980 from north and 660 from east lines section 27-37-4s, T&P, Drifter Spraberry, pumped 24 hours after 6,900 gallons fracture. It made four per cent water and 136.5 barrels 37.8 gravity oil. Gas-oil ratio was 245-1, elevation 2,703; top pay 7,039, total depth 7,260, the 5 1/2-in. at 7,008.

Deep Spraberry Outpost Is Completed In S' East Dawson

A Spraberry completion, an attempted drillstem test in the Clear Fork and prospective abandonment for a deep wildcat were reported in Dawson County at the end of the week.

Stanolind No. 1-A Bodine, C SE NW 43-33-4n, T&P, bottomed at 7,075 in Clear Fork lime, attempted a drillstem test Friday, but the test was unsuccessful. Operator was preparing to re-test in that zone. It's projected 11,000 exploration to the Ellenburger-4s located 2 1/2 miles northeast of Ackerly and about eight miles south of the Spraberry Deep pool in southeastern Dawson.

Spartan Drilling Co. of Dallas, at No. 1 E. W. Grissom, 660 from the north and east of the west half of the north 357 acres of section 35-34-5n, T&P, was preparing to abandon. Total depth

was 6,615 feet in shale and there had been no shows and no signs of the reef. Operator ran electric log. Location is approximately eight miles northeast of Sprenburg.

Seaboard Oil Co. of Delaware No. 1 H. J. Woodall, 660 from south and east lines lease section 34-34-5n, T&P, has completed as a mile

and three-fourths northwest outpost to the Spraberry Deep pool of southeastern Dawson County. It pumped 24 hours to make three per cent water and 60.79 barrels of 40 gravity oil. Gas-oil ratio was 450-1, elevation 2,922; top pay 6,645, total depth 8,347, plugged back depth 6,910. Operator ran 3,421.9 feet of 5 1/2-in. casing.

Midland Leads As Rotary Rig Drilling Sags Slightly

Midland County edged up to the second straight time as the most active rotary drilling area in West Texas, according to the semi-monthly survey of operations conducted by Reed Roller Bit Company.

Midland stayed ahead with 107 operations as compared to Upton's 103.

The latest Reed survey covered the 10-day period from March 1 to 10. Previously all Reed surveys were ended on the first and seventh of each month. That concern now has adopted the policy of reporting on the tenth and twentieth of each month.

Lea County remained at the top with 114 operations, a decrease of seven rotaries during the 10-day period.

Midland slipped from 112 to 107 during the same period while Upton, gained three from 100.

The overall area covered by the Reed survey lost 27 rigs. There were 714 rigs running March 10 as compared to 741 March 1.

March 15, 1951 saw only 580 rotaries.

Neely Is Named Dist. Geologist

The appointment of Joseph Neely as District Geologist of Magnolia Petroleum Company's West Texas District with headquarters at Midland was announced yesterday by S. A. Thompson, Vice President and Manager of the Company's Exploration Division. Neely replaces H. A. Hemplill, who has resigned to become President of the Texas Eastern Production Corporation.

Joe Neely, a native of Lovell, Wyoming, received both his Bachelor's and Master's degrees in geology from the University of Wyoming and after his graduation in 1934 was a part time professor at John Marshall College in Jersey City, New Jersey while studying for a doctorate degree at Columbia University. The next year he became an instructor in geology at the University of Wyoming, and after two semesters at that school was employed by Magnolia in June, 1937 as a geologist for the Oklahoma District with headquarters at Oklahoma City.

After three years at Oklahoma City he was transferred to Jackson, Mississippi and then in October, 1941 was moved to Youngstown, Ohio.

In February, 19

Few Relays Records In Danger Saturday

Fine Field Due To Be Entered

The eighth annual Big Spring Relays, one of the area's better track and field shows, will have to be completed Saturday night.

The preliminaries of the big carnival will begin at 10 a. m. on that day. Afternoon finals are down for a 2 p. m. start. Eight final events are to be completed during the afternoon, eight others at night. A fine field is in prospect. Brady is the defending champion and will probably be back. Odessa is due for the first time in a number of years and will be a definite threat for the team crown. Amarillo makes it a habit to compete here and will be one of the favorite to lug home the title cup.

The Relays, as always, will be sponsored by the American Business Club. The organization outdid itself last year in providing the meet with trophies and is planning on just as elaborate an outlay this time.

Few records are due to fall; since the meet is being held two weeks earlier than usual this year and the boys aren't due to be in as good a trim as in other years.

Marks in the centur, dash and 220 are in danger, however. Joe Childers of Odessa, one of the greatest of them all, is due here for a try at both marks.

The 100-yard dash mark is shared by Dean Smith of Graham and W. N. Turner of Brady at 10 flat. Childers has consistently done better.

The 220-yard run record of 21.3, set by Smith in 1950, could be topped by Childers.

One of the greatest all-around athletes to compete in the carnival was Byron Townsend of Odessa, who set or helped to set five marks. Two of those have since been bettered, however.

Townsend still holds the record in the broad jump with a 21 feet 3 inch effort in the high jump with 6 ft., 1 1/2 inches and ran anchor on the sprint relay team that negotiated the distance in 45 seconds flat.

The sprint relay record has since been tied by San Angelo's great 1950 quartet of Hall, Rowland, Goode and Mills.

Here are the records at which the entries will shoot:

100-yard dash—Set by Smith, Graham, 1950, and tied by Turner, Brady, 1951, 10 flat.

440-yard run—Set by BAUMAN, Amarillo, 1947, and tied by FEVER, Amarillo, 1950, 52.3.

800-yard run—Set by BAUMAN, Amarillo, 1946, 21 ft., 8 in.

1500-yard run—Set by BAUMAN, Brady, 1951, 152 ft., 6 1/2 in.

4400-yard relay—Set by Odessa (Gene and Gene Campbell, Hightower and Townsend) in 1947. Tied by San Angelo (Hall, Rowland, Goode, Mills) in 1950, 4 flat.

100-yard dash—Set by Lepard, Big Spring, 1952, 10.0.

200-yard dash—Set by Lewis, Amarillo, and Davis, Lubbock, 1951, 11 ft., 4 in.

300-yard dash—Set by Sammons, Brady, 1951, 81 ft., 14 in.

440-yard dash—Set by Smith, Graham, 1949, 21.3.

1000-yard dash—Set by Big Spring (Center, Little Turner, Lepard), 1949, 2:30.8.

800-yard relay—Set by Brady, Turner, Eskland, Goff, Taylor, 1951, 1:33.3.

4400-yard relay—Set by Amarillo (Evans, Kimery, Goddard, Hightower), 1951, 8:29.2.

300-yard hurdle—Set by Brady, Brown, Geron, Lassmore, Burk, 1951, 1:01.

1 mile run—Set by Sparksman, Childers, 1950, 4:57.4.

High jump—Set by Townsend, Odessa, 1946, 6 ft., 1 1/2 in.

DESPITE SHAKY FINISH, HAWKS HAD FINE SEASON

Though their season ended with a sour note, the 1951-52 HCJC basketball team experienced one of their most successful campaigns in history.

The Hawks won 22 of 32 starts. They were crowned Western Zone champions for the second straight season and represented the conference in the state tournament at Waco.

Considering the fact that they were playing under a new coach and four freshmen manned starting positions, the Hawks did remarkably well.

All of the players will be eligible to compete next season, although—typical of any junior college—the lineup could change radically.

Harold Davis, who led the locals to a state championship last year, is due back from the Marines to assume coaching duties again. In his absence, Bennie Rutherford has done a noteworthy job, all the more so because he was without previous coaching experience.

Referee Of Relays

Joe Bailey Cheney, one of the greatest all-around athletes in the history of high school sports in Texas, will return to Big Spring next Saturday to serve as referee and starter of the Big Spring Relays.

ON LOCAL DIAMOND

Bovines, Bobcats Tangle Thursday

High school teams of Big Spring and San Angelo blast the lid off the baseball season here at 4 p. m. Thursday in a seven-inning exhibition game.

The Steers are due to repay the game on Thursday, March 25.

San Angelo, now competing in a different district than the one of which Big Spring is a member, always fields one of the better high school nines in West Texas.

All five hurlers in the Big Spring camp probably will see action Thursday. They are Okey Hagod, Jackie Sparks, Charles Rose, Ray Todd and Raymond Gilstrap.

Frank Long and James Hollis will share catching duties for the Steers. Either Ted Scott or Wayne Medlin will be at first base, Kenneth Fields or Don Washburn at second, Gene Gross or Charley Howie at third and Bobby Hayworth or Calvert Shortes at shortstop.

Outfield candidates include Jimmy Stewart, Jimmy Montgomery, Charles Broughton, Dewey Byers, Don Anderson and Gilstrap.

The Longhorns open their conference season in Lubbock March 28. They meet Odessa here April 1.

Cardinals Beaten
ST. PETERSBURG, Fla., March 15 (UP)—The Philadelphia Phillies pushed across two runs in the 12th inning today to break a three-game losing streak and defeat the St. Louis Cardinals, 4-2.

Reds Rap Tigers
LAKELAND, Fla., March 15 (UP)—Walloping three Detroit rookies for 17 hits, including five home runs, the Cincinnati Reds defeated the American League Tigers, 12-5, in an exhibition baseball game here today.

Texans To Play In Alamo City
DALLAS, March 15 (UP)—The Dallas Texans of the National Football League today announced their second exhibition game. They will play the Washington Redskins at San Antonio Friday night, Sept. 5.

The game, sponsored by the San Antonio Express - Evening News Athletic Association, will be the week before the first exhibition arranged by the Texans—with Detroit at Dallas Sept. 12.

Other exhibitions are to be announced shortly.

The San Antonio game may be the last one in Texas for Sammy Baugh, the former Texas Christian University Star who has been with the Redskins for 15 years. Baugh is expected to end his career this year. He is 37 years old.

The Redskins also have the draft rights to Larry Isbell, Baylor All-America quarterback; Doug Conway, Texas Christian tackle, and Ben White, Southern Methodist end.

San Antonio will be staging its fourth consecutive professional game in Alamo Stadium which seats 24,000.

Half-Miler Lost To Lamesa Team
LAMESA — Doyle Fancher, a promising freshman trackster, has been dropped from the Lamesa High School track and field squad due to scholastic difficulties.

Fancher ran the 800, had a leg on the mile relay team and high jumped.

Vernon At Home On April 23
A change in the Longhorn League schedule will send Sweetwater to Vernon on April 23, it has been announced.

Vernon originally was scheduled to play in Sweetwater on that date but the site was changed due to conflict with a rodeo.

Zaharias Gains On Links Field With Warm 73

AUGUSTA, Ga., March 15 (UP)—Babe Zaharias, gaining ground on every round, looked today like a sure bet to set a new Titleholders Golf Tournament scoring record.

The output today in the third round for the all-time Queen of Golf was a 73 — the best score of the day. Her 59-hole total is 237 — seven big strokes better than anyone else has managed on this long, windy Augusta Country Club course.

All the Babe needs tomorrow to set a new Titleholders record is to shoot a 77 or less. From the way her shots are going and her putts are-falling, that should not be too big an order. Mrs. Zaharias set the 298 Titleholder record in 1950.

Louis Suggs came in with a fancy 74 today — two over men's par on the 36-36-72 country club course which stretches over 6,619 yards of East Georgia sandlands. But her 74 wasn't good enough to gain on the Babe.

Betsy Rawls of Austin, Tex., was third with a 228 — a temp. from second place. And, Mary Lena Faulk of Thomasville, Ga., was fourth with 230. Miss Faulk is low amateur thus far after a fast fade by several other promising amateurs.

Patty Berg and Marilyn Smith, both professionals, are tied with 231s.

Bellmont Named Relays Starter
AUSTIN, March 15 (UP)—L. Theo Belmont today was named referee for this year's silver anniversary Texas Relays, a sports event of which he was co-founder.

Bellmont conceived and organized the drive for funds to build the University of Texas Memorial Stadium.

He was University of Texas athletic director for 15 years, introduced and organized intramural athletics.

He is now professor and director of physical training for men at the university, from which he will retire at the end of the school year.

The silver anniversary of the Texas Relays will give field and track fans a two-day show, April 4 and 5, with championships to be determined in 36 events.

Some of the outstanding candidates for the United States Olympic team will perform.

Rockets Descend Upon Pleasanton
PLEASANTON — The 1952 edition of the Roswell baseball club begins spring workouts here today. A total of 22 players are due to report to Manager Alex Monchak.

Players from more than half a dozen states are expected.

In all, eight veterans, including Monchak, will try for positions. Among them are six hurlers and Shortstop Stubby Greer.

The class-man hurlers are Derwood Cox, Jess Grimes, Jimmy McClure, Ed Norton, Dick Tross and Bob Weaver.

Ackers To Try Out At Artesia
Jim Ackers, who spent a portion of the 1951 spring training sessions with Big Spring and later was with Midland, will get a tryout with Artesia this spring.

Ackers is an outfielder who spends the winter in Columbus, Ohio.

Artesia has also signed hard-hitting Joe Bauman, formerly of Amarillo, to play first base. Bauman played with the Elk City, semi-pro club last season.

Currier Won't Be Available
Pat Stacey, manager and owner of the Big Spring Broncs, was the recipient of some bad news Saturday.

Stacey was informed by letter that Dean Currier, who the Broncs acquired during the winter from Charlotte, had asked to be placed on the Voluntarily Retired List for a year because his arm had failed to respond to treatment.

Currier, who lives in Grand Falls, N. Y., told Stacey he had been trying out the arm for the past six weeks and it still pained him.

The manager said Currier probably would report here in 1953 for play.

Vernon At Home On April 23
A change in the Longhorn League schedule will send Sweetwater to Vernon on April 23, it has been announced.

Vernon originally was scheduled to play in Sweetwater on that date but the site was changed due to conflict with a rodeo.

LITTLE SPORT

By Rouson

Three Indians Are On All-TC Cage Brigade

SHERMAN, March 15 (UP)—McMurry placed three men on the All-Texas Conference basketball team, it was announced today by conference athletic director Zeke Atkins, of Sherman. Selection was made by the coaches.

Besides McMurry with three men, Abilene Christian and Austin College each placed two and Howard Payne one of the first team selection. In the balloting four players tied for the fifth position, which gave the conference an eight-man first team.

Carl Jowell, McMurry's high-scoring center, who led the scoring among individual players for the season with 533 points, was the only player who was an unanimous choice.

Other McMurry players on the team are Jack Henderson, guard, and Dick Richey, forward. Henderson was second high scorer for the season with 428 points and Richey fourth with 356 points.

Abilene Christian College players nominated were Bill Johnson, center, and Harold Thomas, forward. Johnson, a junior, was the third high scorer in the circuit with 380 points. Thomas was seventh with 238 points.

Thomas and McMurry's Henderson and Richey are the lone seniors on the mythical squad.

Floyd Cash, center, and Dempsey Watkins, guard, both juniors, made the first team from Austin College. Cash with 329 points was fifth leading point-maker in the conference. Watkins scored 244 for the season.

From Howard Payne, Damon Miller, 6-6 sophomore from Early (Brownwood), was named. Miller tallied 264 points for the season.

HCJC FAVORED

Forsan Tournery Begins Monday

FORSAN — The annual Forsan Independent Basketball Tournament will get underway here Monday night and continue through Saturday. No games are booked for Thursday night, however.

The tournament is being sponsored by the Forsan Service Club, which is putting up trophies for the championship, runner-up and consolation winning clubs. The clubs were not charged an entry fee.

Howard County Junior College has entered a team and is sending first in the meet. Strong competition is expected from Robert Lee, Forsan and American Legion, however.

Three games are booked for Monday night, the first of which begins at 7:30 p. m. That one pits

Knott against Garden City. At 8:30 p. m., Robert Lee opposes Dibrell's of Big Spring while at 9:30 p. m. Forsan squares away with HCJC.

On Tuesday night, winners of the City games clash at 7:30, followed by a consolation round game between losers of those games. At 9:30 p. m. first round play will be completed when American Legion and T & P, both of Big Spring, meet.

The other semi-final game in the championship bracket is down for 9 p. m. Friday. The title game goes on at 9 p. m. Saturday, an hour after the consolation finals are slated.

Netters Beaten By 32-27 Count

ABILENE — The Big Spring High School Girls' Volley Ball team suffered its third defeat in a row here Friday night when Abilene won a 32-27 decision.

Monahans started the string of Big Spring reverses in the Big Spring Tournament after the Steerettes had won 46 in a row over a two-year period. Lamesa poured salt into the wounds of the Big Springers by handing them a one-point licking earlier last week.

The Big Spring reserves defeated Abilene's B team, 32-10, in an added attraction.

Stacey Departs This Week To Pick Up Cuban Players

Midland's Indians have been added to the exhibition schedule of the Big Spring Broncs.

The two teams will clash in Midland the night of Friday, April 18. Since the Broncs and the Indians don't clash in regular season play until well up in May, the respective managers decided they wanted an earlier look at the other club.

Pat Stacey, the local skipper, plans to leave Thursday to pick up his Cuban help in Miami. The Broncs will be back in town around April 1.

After that time, the Steeds will be kept fairly busy with exhibition games until the season officially gets underway April 21.

Stacey expects to greet more than 25 players at Miami, among them Aramis Arenalbia, Al Costa, Ace Mendez, Bert Baez and per-

Castro Traded To Odessa Club

ODESSA — Felix Castro, a catcher who helped Odessa to the 1951 Longhorn League pennant, has been acquired by the Oilers again.

The backstop was obtained from Laredo of the Gulf Coast League in a trade for Eloy Barrera and cash. Barrera played shortstop for Odessa for the past two seasons.

The Oilers will do most of their spring conditioning at Cotulla, Texas, this year.

San Antonio Will Host Junior Meet

SAN ANTONIO, March 15 (UP)—The twenty-sixth annual Texas Junior Golf Championship Tournament will be held at Brackenridge Park course here July 14-19.

The tournament is co-sponsored by the Texas section of the Professional Golfers Association and the San Antonio Light.

There is no entry fee in the state junior. Entries close Saturday, July 12. A clinic presided over by Byron Nelson, Texas PGA honorary president, and a pro-junior tournament will feature opening day.

haps Gil Guerra, all of whom have played with Big Spring in the past.

Big Spring is getting a later start in spring drills than most of the other clubs in the league but most of the fellows should be in fair physical trim by the time they arrive here.

Pat Stacey, the local skipper, plans to leave Thursday to pick up his Cuban help in Miami. The Broncs will be back in town around April 1.

After that time, the Steeds will be kept fairly busy with exhibition games until the season officially gets underway April 21.

Stacey expects to greet more than 25 players at Miami, among them Aramis Arenalbia, Al Costa, Ace Mendez, Bert Baez and per-

Volley Ball Team In Dallas Trip

A Big Spring Men's Volley Ball team will compete in a Regional Tournament at Dallas next weekend. Winner of the meet becomes eligible to compete in the National Meet.

Members of the local team are Dr. Clyde Thomas, Dr. T. J. Williamson, Bloody Chrane, Bill Bell, Wofford Hardy, Jack Johnson, R. H. Weaver, Pete Cook, Frank Hardesty and Dr. W. B. Hardy.

Jones Will Be 50 Years Old On Monday

ATLANTA, March 15 (UP)—Bobby Jones, who scored his unprecedented "grand slam" of golf in 1930, will observe his 50th birthday anniversary Monday — St. Patrick's Day.

Seated, he still looks like the husky athlete who won the four top prizes in the world of golf 22 years ago. But when he walks, he shows the effects of a spinal ailment that struck him in May, 1948.

Two operations checked the disease but did not correct its crippling effects. One arm and one leg are seriously affected. Jones wears a heavy steel brace on his right leg and uses a cane in each hand in walking.

He suffers continuous pain with the same sort of stiffness that hid the musea of a nervous stomach in competition on the links during his climb to the pinnacle of golf.

Bobby said farewell to active participation in golf when the spinal ailment first struck. By profession, he is a lawyer, but has not been active for some time.

But he stays busy and keeps smiling. He gives about two and a-half hours' daily to his office to his duties as president of a company with soft drink bottling interests in Chile, Argentina, Uruguay, Brazil, Scotland, and South Africa.

He is also a vice president of Spalding Company, sporting goods manufacturers.

Despite his illness, Jones retains a zealous devotion for golf. He is president of the Augusta National Golf Club where the Masters Tournament is played.

The Masters Tournament was born a full-grown success some years ago because Bobby came out of retirement and competed in it. This was before his illness struck.

He is also president of the Peachtree Golf Club on the northern outskirts of Atlanta. There, he engineered a golf course of distinctive design from a wilderness.

Radio 'Hams' To Take Part In Code Test

Big Spring Amateur Radio Club members Monday will participate in a code proficiency run being transmitted from the American Radio Relay League headquarters station WIAW at West Hartford, Conn.

Text of transmissions will be sent from WIAW beginning at 8:30 p.m. at the rates of 10, 15, 20, 25, 30 and 35 words per minute for five minute periods. To qualify, participants must copy the text for one minute solid without error, without any aid or assistance of any kind mechanical or otherwise. The code proficiency run is open to anyone.

Several local hams are already proud possessors of certificates of code proficiency. Among them are Mel Boatman, WSAWT, Andy Jones, WSAW, and Tiny Walton, W6ROH.

Radio and code class is conducted at the old NYA camp south of town. There are two father-son combinations: Albert McGeehee Sr. and Albert Jr.; Al Dillon and his two sons, Billy Art and Bobby. Bobby Dillon is the youngest aspirant being less than 11 years of age. Two other youths, Joe Daves and Glenn Hancock, are 14. Cliff Hendricks who has been in radio for several years is studying "ham" radio as a hobby.

According to club officials, there will be several more class periods this month, meeting each Monday, Wednesday and Friday nights at 7:30 p.m. for two hours each and followed by mass examination Friday, April 4.

HS Dedication Is Next Sunday

Dedication and public inspection of the new high school plant is set for a week from today.

Dr. J. W. Edgar, commissioner of the Texas Education Agency, is to be the speaker at the brief ceremonies. Former board members will be honored, said Marvin M. Miller, president of the board of trustees.

The program is due to be set early in the afternoon in order that the public will have ample time to inspect the facilities which stretch for more than a quarter of a block and which were erected at a cost of almost a million dollars.

The plant includes several units—the auditorium, band room, homemaking department, the science and business labs, offices, cafeteria, the library, the two-story quiet zone classrooms, gymnasium, vocational shop and classrooms and the powerhouse.

Two new elementary school buildings, Washington Place and Park Hill, probably will be open to inspection during the afternoon also.

Top Students Due To Be Recognized At Tech Ceremony

LUBBOCK, March 15 (AP)—Texas Tech will take time out March 19 to give recognition to its outstanding students.

In a formal ceremony, the All-College Recognition Service, the college will honor students in the upper 2 per cent scholastic ranks of the undergraduate classes; holders of scholarships; campus leaders; letter-men in athletics; and student organizations of which two-thirds the membership maintain a 2.00 ("B") average or better.

A total of 334 honors will be given in the 1952 All-College Recognition Service at 9:35 a.m. Wednesday, March 19. Several students will receive more than one honor.

Fifty-three lettermen, 141 outstanding scholars, 59 campus leaders, 70 scholarship holders, and 11 student organizations will be honored.

Students who will be recognized include the following:

Colorado City—Norma E. Ellingboe, senior in Home Economics; Garden City—Charles V. Cunningham, freshman in agriculture; Lamesa—E. Ine Hohn, freshman in Home Economics; Walter C. Perkins, senior in engineering; Roy Mac Tidwell, freshman in engineering; Roy Mac Tidwell, freshman in engineering; and Richard Zeek, freshman in engineering.

Judge Announces

HILLSBORO, March 15 (AP)—District Judge Frank G. McDonald of 66th District Court here announced today his candidacy for the Tenth Court of Civil Appeals.

Property Owners Urged To Attend Meeting Tuesday

Jack Pinkston, managing director of the Home and Property Owners Alliance, Inc., of Washington and Dallas, will speak at a meeting in Big Spring Tuesday evening. The session is called for 7:30 at the Courthouse.

Pinkston is to talk on "Can Property Owners Survive?" and the Tuesday session also will be for the purpose of establishing a local unit of the Alliance. All property owners, especially those owning rental property, are urged to attend. The Alliance is an aggressive opponent of rent control. "We shall continue fighting them," says Pinkston, "until this socialistic menace is removed from the American way of life. We are fighting rent control for the reason that it constitutes the taking of a property right and is the basic plank of socialism in any country."

Pinkston has headed property owner delegations of Texas before congressional committees in Washington for several years, appearing in opposition to rent control laws. He has been active in the formation of the Home and Property Owners Alliance.

DAMAGE HEAVY FROM HAMMER

CORSICANA, March 15 (AP)—Assistant Fire Chief Charlie Tieman reported today that the 3-year-old son of Mr. and Mrs. E. E. Petty hit the head of a match with a hammer while his mother was repairing their home.

The result: The new wallpaper, the four-room house here, the automobile and all of the family clothes and furniture went up in smoke. No injuries.

Mrs. N. L. Baker's Father Succumbs

Tragic news overtook Mr. and Mrs. N. L. Baker as they moved from Graham here Friday.

Word came Friday night that her father had died suddenly in Waxahachie. Baker was to have run his duties as associate secretary in charge of program here Monday. Presumably, they had brought one load of their furnishings here and were returning to Graham when word was received of her father's death. No details on arrangements were learned.

FOR AN EVENING OUT—Sandra Swartz wears a Frank Starr design net formal in pale blue with a long pale pink stole. The bouffant skirt, fashioned of two layers of net over taffeta, is worn over a hoop. The strapless bodice of pale blue satin is embroidered with rhinestones and mother-of-pearl sequins.

BREATH OF SPRING—Betty Lou Hewitt joins the fashion parade in a spring suit of crisp, yarn-dyed wool by Junior Deb in an exciting new shade of lavender with monotone pattern. The slightly flared skirt and hip length jacket accent a tiny waistline. With it she wears a tiny flowered hat, pink suede shoes, bag and gloves.

New for Spring

It's a romantic and feminine Spring. Fashions bloom with a definite aura of the turn of the century, much Empire feeling and, over all, the influence of Paris designs.

The novelty and variety of textures, the frost tinted hues, waists nipped to a minimum, hips rounded gently, skirts billowing out—with the rustle of petticoats beneath, the flirty, feminine fantasies that are hats, the many light hearted accessories—together—they spell all the enchantment that is Spring!

A noteworthy trend is the Gibson Girl look, and milliners have created a wonderful variety of crisp new sailors to emphasize the look.

There is an abundance of tiny figure-hugging jackets, like the bolero and the spencer, and excitingly textured fabrics used for everything from coats to scarfs.

Coats go to all lengths, with new fashion emphasis placed on the tiny, waist-high topper and the full length princess coat. Dresses will go everywhere, do everything. For whether designed as a single unit, jacket ensemble or two-piece frock new lines and details ready the dress to stand alone and hold greater importance in wardrobes than in seasons past.

Curve-accenting femininity plays a major role in Spring suits. Jackets range from the very brief rounded bolero types, with curved contours accentuated, to the longer length that ends just below the neckline, with a slightly rippled peplum or half belted back. The very full, easy full and eased slim skirts present a variety of choice.

Striking news in this Spring's fashion is the importance of prints in a wider than ever diversification of styling and fabric. Look for the "rustling" prints in suits and dresses. Silk or rayon surah, taffeta, taffeta shantung and all kinds of taffetized finishes are magnificently printed.

Blouses are dressier, jewelry is chunkier, shoes are barer, bags are larger, hats are tinier and gloves are shorter. But all are feminine and waiting for Big Spring women to assemble their new season's wardrobes.

On this page are four fashions illustrative of those shown in local shops.

Big Spring Herald

Sec. II Big Spring, Tex., Sun., March 16, 1932 Society

TAILORED ELEGANCE—Spring's favorite navy, red and white are combined in a smart militeen suit by Adele of California, modeled here by Mrs. Mort Denton. The navy skirt is designed with two large stand-out pockets, and the red Spencer jacket boasts a brilliant crest on its flap pocket.

PRETTY PRINT—Mrs. Melba Dean Douglass heralds spring in an all-silk Oriental print, an Eisenberg original, in brown, beige and white, designed with draped bodice and flared skirt, graceful sleeves and a V-neckline. Her lilac straw sailor is trimmed with veiling, purple velvet ribbon and purple all-silk roses.

Easter Seal Workers

Making final plans for the Easter Seal drive to aid crippled children and adults are, left to right, Ruby Powers, in charge of mailing seals; Lorena Williams, metal tabs and Easter egg transfers; Mrs. Joe Roberts Jr., general chairman; and Mrs. Bill Merrick, chairman of arrangements for the silver tea.

Annual Easter Seal Drive Starts Monday

The annual Easter Seal drive of the Howard County chapter of the Texas Society for Crippled Children and Adults, Inc., will get under way Monday when 100,000 seals go into the mails.

The seals are contained in 1,000 letters typed by the high school typing class of Betty Lou McGinnis, and the distributive education students under the direction of Ruby Powers stuffed, sealed and mailed the envelopes.

Coln containers are being distributed over the county by the Kiwanis Club under the direction of C. L. Jack Hodson. A Leo Harris of the ABC Club will have charge of personal solicitations, and club solicitations will be handled by

Forum Has Program On Citizenship

The program theme was "Citizenship" when the Modern Woman's Forum met Friday afternoon in the home of Mrs. W. A. Underwood, 611 Gollad.

Mrs. G. G. Sawtelle, program leader, spoke on the "Bill of Rights and the Equal Rights Amendment." Mrs. F. W. Bettie discussed "Our Heritage of Freedom."

Attending were 10 members and one guest, Mrs. Sani L. Baker.

Billy Bradberry Is Honored With Party On Birthday

Billy Carroll Bradberry was honored Friday afternoon with a party on his 11th birthday in the home of his parents, Mr. and Mrs. W. T. Bradberry.

Game were played and punch and cake were served to Roland Bee, Teddy Ray and Eddie Dean C. Ington, Eugene Lewis, Jan Chapman, Loyd Var and Harold Edward Jones, Tommy and Jimmy Welch, Ray Young, Johnny Hughes, Loyd Allen and Pat Lindsay, Denvil and Wilton Bradberry, Mrs. Loyd Jones and Mrs. Alton Lewis.

Two Scout Troops Are Organized At Kate Morrison

Two more Girl Scout troops have been organized at the Kate Morrison School.

They include a Brownie troop of 23 girls, under the leadership of Mrs. Margaret Marquez, 206 NW 9th, and a Tenderfoot troop with 16 girls, under the direction of Mrs. George O. Valdez. The later troop is sponsored by Wallace C. Carr.

There are now 36 girls in Troop 23, which was organized a year ago, all of whom have passed their Tenderfoot requirements. Their leader is Mrs. Mable Akin.

Book On Minister Will Be Reviewed By Mrs. Thurman

Mrs. Ira Thurman will review "A Man Called Peter" for the Thursday Review Club at 3 p.m. Thursday in fellowship hall of the First Christian Church.

Written by Catherine Marshall about her husband, the Rev. Peter Marshall, who served as chaplain of the Senate for almost three years before he died, the book is a warm chronicle of the minister's personal experiences. He was pastor of the New York Avenue Presbyterian Church in Washington.

Episcopalians Attend Amarillo Convocation

The presiding bishop of the Protestant Episcopal Church in the United States, the Right Rev. Henry Knox Sherrill, will be in Amarillo Sunday and Monday to address the 42d Annual Convocation of the Missionary District of North Texas.

Among those from Big Spring who left Saturday to attend the convocation were Mr. and Mrs. Charles E. Long Jr., Mr. and Mrs. Obie Bristow, Mr. and Mrs. O. O.

Craig, the Rev. and Mrs. William Boyd, Mrs. Shine Phillips, Mrs. E. G. Fausel, Mrs. Mort Denton, Mrs. John Hodges and Mr. and Mrs. E. B. McCormick.

Bishop Sherrill, in addition to his position as the clerical leader of all the nation's Episcopalians, is president of the National Council of the Churches of Christ in the USA. The membership of the council is represented by 29 Christian communions and 10 interdenominational agencies, embracing 31 million American church members.

The Bishop will speak at the 11 o'clock service of St. Andrew's Episcopal Church Sunday morning and will address the convocation dinner this evening at 7 p.m. He will be a luncheon guest and speaker at the meeting of the Amarillo Ministerial Alliance Monday.

The leader of the nation's 3 million Episcopalians is a graduate of Yale University and the Episcopal Theological School. He has been awarded honorary Doctorates by Yale, Harvard, Trinity, Philadelphia Divinity School, Princeton, Columbia, Hobart, Seabury-Western, General Theological Seminary, the University of Edinburgh and Boston University.

Scouts Plan Cookie Sale At Coahoma

COAHOME, (Sp) — Claudine Bales was in charge of the meeting when the Brownie Scouts met Thursday in the home of Beverly Baker.

Troop funds were collected by Quinette Reid, and announcement was made that the group will sell Girl Scout cookies March 17-22.

Girl Scouts met Wednesday afternoon at the school with Mrs. L. F. Anderson as leader. Eight girls attended.

Monday, Tuesday and Friday afternoons were announced as work-out days when the Coahoma Softball Club met this week in the home of Mrs. C. E. Dodson. All members were urged to attend the practice sessions.

Mrs. G. B. Harding is in Oklahoma City this week at the bedside of her mother.

Mr. and Mrs. Clifford Murphy and children and Mr. and Mrs. Jack Taylor of Post and Mr. and Mrs. Ray Phillips of Big Spring were visitors in the Fred Adams home this week.

L. H. Stamps spent several days in Dallas on business this week.

Mr. and Mrs. H. L. Miller and daughter, Kay, spent the week end in Austin visiting their son.

Mr. and Mrs. Grady Weller and daughter, Jean, of Sweetwater visited friends here Sunday.

Mr. and Mrs. Noble DeVaney and daughters, Barbara and Donna, of Odessa and Mr. and Mrs. H. H. Hayworth of Midland visited friends and relatives here this week.

A Red Cross and Army chaplain in World War I, Bishop Sherrill has been awarded the Medal for Merit for his war services.

Several other outstanding Episcopal clergy and lay leaders will participate in the convocation. They include Mrs. T. O. Wedel of Washington D. C., who represents the United States on the World Council of Churches' Commission on the Life and Work of Women in the Church.

Delegates from the seven parishes and 17 missions of the district will attend the affair. St. Andrew's is the host parish with the Rev. Smythe Lindsay, D. D., rector, as host clergyman.

New Officers Are Elected At Forsan P-TA Meeting

FORSAN. (Spl) —New officers were elected at a meeting of the Forsan P-TA Tuesday evening in the school music room. They are J. R. Asbury, president; Mrs. W. M. Romans, vice president; Mrs. John Sweeney, secretary; Rebecca Lloyd, treasurer; Betsy Rose, parliamentarian; and Mrs. Glenn Whittenberg, historian. Supt. Joe T. Holladay introduced Joe Pickle, guest speaker, who discussed "What Makes Better Schools."

The sixth grade brought the devotional, and the scripture was read by Muri Bailey. Johnny King gave a brief sketch of the life of Horace Mann, educational leader, and Jimmy Crumley gave facts in the life of Booker T. Washington, outstanding Negro educator. Mrs. Asbury was named delegate to the district conference in Sweetwater March 27. Date for the athletic banquet was set for March 29.

The seventh grade entertained with a farewell party Wednesday afternoon honoring Delore Byrd before her departure for her new home at Odem. The centerpiece, arranged by Dea Elma Grissom, was a beach scene. A gift was presented to the honoree and refreshments were served to Dorothy Boyd, Ada Fay Hitchcock, Frankie Bedell, Dea Elma Grissom, Sue Miller, Barbara Green, Sue Averett, Betty Hahn, Faye McCluskey, Norma Boyd, Janell King, Chequita Fowler, Judy Masters, Gaye Griffith, Vera Blankenship, Belvin Martin, Leroy Hitchcock, Tommy McNaillen, Edell Ratliff, Ronnie Howard, Pat Brunton, Travis Dempsey and Mrs. Bill Conger Jr.

Homemakers Have Leap Year Dance

Members of the High School Future Homemakers Club entertained recently with a Leap Year dance in the small auditorium of the school. The St. Patrick's Day theme was carried out in the decorations including green and white crepe paper streamers, green balloons and miniature shamrocks. Refreshments were served to about 150 students and the chaplains, Mrs. Roberta Wiley, Mrs. Nancy Annen and Edna McGreg-C. Brunton were included as guests.

REPORT TO PARENTS

Infant Mortality Rate Still High In Many Localities

By DR. MARTHA M. ELIOT
The Nation has a right to be proud of the great strides it has made in cutting down deaths of babies. In 1915, we were losing, in their first year of life, 100 babies out of every thousand who were born alive. By 1950, this figure had been cut to 29. But despite all the scientific gains in this century, despite all we have learned as doctors, nurses, and parents, too many babies are dying, most of them needlessly. The trouble spots now on infant deaths can be broken down into certain localities of the country. In some areas, which are isolated from the hospitals and the medical knowledge found in metropolitan communities, the death rate of babies, even recently, was at least a fifth higher than in the country as a whole. This high rate of baby deaths holds in nearly 25 per cent of the counties of the nation. A recent study of these counties shows that if their infant mortality rates had

been as low as the rate for the whole country, each year we could save 40,000 babies who now die in their first year of life. Many of these trouble spots are New Mexico and Arizona, in southern Texas, and in some sections of the South and South Atlantic regions. Of course, there is much more to saving babies' lives than good medical attention. To solve the problem fully, attention must be paid to low incomes. Low incomes mean poor housing and too little food, as well as too little medical care—all reasons why babies die. And communities must look to their sanitation. This means assuring clean milk for mothers and babies, making their water safe to drink, providing adequate garbage disposal, controlling flies and other germ carriers through the use of DDT and other recent developed germicides. The habits of the people themselves, their customs as family groups or as members of a community must be taken into consideration.

MR. AND MRS. ROBERT P. WHITE
... Margaret Louise and Arthur

Many Hobbies Occupy Time Of Newcomers

The forecast was marriage and children when a young weather student from California met a nurse from Pennsylvania in Washington, D. C. The marriage of Mr. and Mrs. Robert P. White, formerly of Roswell, N. M., took place while he was a student at George Washington University and she was a registered nurse at a Washington hospital. The result was two children, Margaret Louise, 3, and Arthur, almost 2. Now living at 506 Runnels, he is a weather observer with offices at the air base. His home, originally, was Pasadena, Calif. An Air Force veteran, Mr. White

spent 2 1/2 of the 3 years he was in service in the Pacific theater. Mrs. White, a native of New Kensington, Pa., finds sand more abundant and water less plentiful here than in Roswell. The couple shares a love for music that began in their courtship days when they attended concerts in the lagoon before the Lincoln Memorial in Washington. She enjoys singing for her own amusement, drawing and painting. He is an avid builder of model airplanes and has won many awards for his work. Another hobby of the weather observer is building radios, and a blond radio-record player combination stands in the corner of the living room as an example of his handiwork.

Cookie Sale To Start Here Monday

There will be someone knocking on your door Monday. A little girl in a green uniform, a Girl Scout selling cookies. Mrs. Wilburn Elliott, president of the Girl Scout Leader's Club, has announced that the annual Girl Scout Cookie sale will be March 17-22. The boxes of chocolate and vanilla cookies with cream filling costing 50 cents each will be sold in a house to house canvass. Proceeds from the drive will go to establish a permanent camp site in this area. A cash prize will be awarded the Brownie and Intermediate Scout who sells the most cookies on a percentage basis.

Mrs. Couch Gives Devotional At Berta Beckett Luncheon

Mrs. W. R. Douglass gave the invocation when the Berta Beckett Class of the First Baptist Church met at the church Thursday for their monthly luncheon and class social. The St. Patrick's Day color scheme was carried out in the table decorations. The table was laid with a white cloth and centered with an arrangement of white heather and white snapdragons on a reflector interspersed with foliage. Tall white and green candles were placed at intervals on the table. Miniature shamrocks were plate favors. Mrs. G. J. Couch gave as the devotional "Give God A Chance of Yourself," using as her text II Corinthians 8:5. Mrs. F. W. Bettle sang a solo. Mrs. Ina Monteith spoke in behalf of the Cheerio Circle for the Blind, which is sponsoring a drive to purchase tools for Lowell Holland, who lost his eyesight in Korea.

Mrs. J. C. Douglass and Mrs. J. P. Dodge told of their recent trip to New Orleans to attend the Mardi Gras. Mrs. R. V. Jones offered the benediction. Eleven members attended.

Auction Sale Lunch
The Fairview Home Demonstration Club will serve lunch Monday at the auction sale of the G. W. Webb dairy herd, it was announced Saturday.

Methodist Radio Series Begins

The seventh annual Methodist series of the Protestant Hour, a network public service religious radio program, began today with A Day of Dedication address on "The Restored Mind and the Renewed Spirit" by Dr. Jesse "Jack" A. Engle, one of the secretaries of the Board of Missions in New York. Dr. Engle, and the Protestant Fellowship Choir, were heard over Radio Station KTXC at 9:30 a.m. Sunday and Radio Station WFAA at 7:30 a.m. This Methodist Series of the Protestant Hour will be heard over a network of 179 stations, from coast to coast, and now for the first time is being produced in cooperation with the National Council of the Churches of Christ in the U.S.A.

School Honor Roll Told; Mrs. Scudday Fetes Club

GARDEN CITY, (SpI)—Mr. R. T. Newell, principal of the Garden City High School, turned in the following as having made the honor roll for the past six weeks period: seniors, Darja Ricker, Bonnie Cox, Teresa Lynch, and Shirley McLaughlin; juniors, Mary Ann Allee, Bryant Harris, and Larry Calverley; sophomores, Connie Scudday, Theresa Calverley, and Jan Burns; freshmen, Memory Lee Shaffstall; eighth grade, Bobby Lee, Sandra Wilkerson, John Edmundson, La'Treille Venable; and seventh grade, Marceline Gill, Deanna Marie Watkins, and Lorin McDowell.

Those on the honor roll from the grade school were, sixth, Doylene Little, Darlene Hanson, La Dell Geiger, Jimmie Daves, and Jane Reynolds; fifth, Lynda Ruth Ballenger, Glenn Joe Riley, Ann McCortney, Marc Schaefer, Judy Reynolds, and Dixie Joyce Mason; fourth, James Nelson Cook, Waymon Gill, Wayne Herrington, Harold Jones, Robert Quintana, Ronald Edmundson, and Vanell McNew; and third, Joe Melanie Calverley, Gary Seidenberger, Leonardo Grimaldo, Melinda Bryson, Brenda Rogers and Shotty Baker.

Mrs. Bob Ballenger won high score prize Wednesday when Mrs. W. K. Scudday entertained the afternoon Bridge Club at her home in the Shell Camp.

Second high went to Mrs. Bill Jessie a guest from Forsan. Two guests, Mrs. Ira Korkan and Mrs.

C. P. Shoffstall, won the bingoes. Mrs. T. C. Gibson was also a guest of the club. Mrs. I. L. Watkins will be next hostess for the club.

Johnnie Edna McCortney, Sandra Wilkerson, and La'Treille Venable entertained with a party at the gym Wednesday evening. The group danced to a record player. Refreshments of punch and cookies were served to Tommy Hieb, Jimmie McCorquodale, Jimmie Smith, Eddie Lynch, Bobby Lee, John L. Daniel, John Edmundson, Keith Arp, Dale Hillger, Truett and Lewis Newell, Terry Thistle, Jerry Jones, Sonny Allen, Margie Self, Kerney Sue Scudday, Bonnie Gandy, Annae Hillger, Clementine and Carolanne Miller, Rita Stephens, and Mrs. C. H. Neely.

Mr. and Mrs. Charles J. Cox of Garden City have a new grandson, Charles Cox Harris, born at a Big Spring hospital Thursday morning at 9. He is the son of Mr. and Mrs. Buck Harris of Ft. Stockton. Mrs. Harris is the former Carolyn Cox of Garden City.

Juanita Ratliff who attends Texas Tech spent the week end here with her parents Mr. and Mrs. Jim Ratliff. Coming here with her was Evelyn Hext of Apache Creek, N. M., who also attends Tech.

A FAVORITE Alan Graham Designs Double Interest Dress

For the sweet, but not so simple, is Alan Graham's new approach to an old subject: a double interest dress. Mr. Graham is young in years, new to us, but well-tutored in the ways of design. He is and has been a favorite here and abroad, plying his trade most successfully on both continents. Also, he is, and has been, well knowledgeable in the precarious business of trending styles before they become accepted, internationally. Our pattern, No. 1089, is a sample of what we mean.

This dress is outstanding for several reasons, namely that the gores are cut on the straight of the material, removing any possibility of a sagging or limp skirt. Secondly, the buttoned on dickey and cuffs are removable, giving one a chance to keep one's collar clean without contributing to the support of a dry cleaner.

And, by the way, the neck of the dress is tailored to a grand severity, in order that nothing will detract from the extreme beauty of the skirt. Since the best things in life are basically simple, you should enjoy working away on this good-looker. Cotton, wool, gabardine, silk and linen are equally good for this full-skirted delight, but we do advise using white linen for your dickey and cuffs.

Size 12 required 2 3/4 yds. of 34-inch fabric, while 3 yds. of linen will provide the necessary contrast. Patterns are available in sizes 12, 14, 16, 18, 20. To order Pattern 1089, send \$1 to Spadesa Syndicate, Inc., Dept. 164, Box 258, Madison Square Station, New York 10, N. Y. For air mail handling, enclose 25 cents. To order our new pattern booklet, send 15 cents.

Ice box cookies were baked, and the methods of rolling, cutting and baking black and white pinwheels were demonstrated.

Members made plans to attend the Red Cross nursing course being taught during the following two weeks by Mrs. L. C. Matthews.

Refreshments were served to eight members. The next meeting will be March 25 in the home of Mrs. O. B. Gaskin.

Mrs. J. M. Morgan has received word that her brother-in-law, William P. Morgan, died in Kansas City, Mo. Wednesday. A visitor to Big Spring many times, he was buried in Kansas City Friday.

Fashion Models Selected; Scouts Guests Of Club

FORSAN, (SpI)—Models for the Spring Fashions Style Show to be sponsored Thursday at 7:45 at the school by the Forsan Study Club, have been chosen.

Modeling clothes from The Kid's Shop in Big Spring will be Sue Grissom, Wilma Nancy Dunn, Mary Kay McAllen, Glendy Whittenberg, Elizabeth Story, Ginny Dee Scudday, Stevie Underwood and Philip Huchton.

To model clothes from Margo's in Big Spring will be Mary Lou McElrath, Nan Holladay, Corrine Starr, Jan Masters, Mrs. Donald McAdams, Mrs. W. M. Romans, Mrs. John Swensen, Mrs. T. P. Honeycutt and Mrs. J. R. Asbury.

Boy Scouts were dinner guests of the Forsan Service Club at the club's regular meeting Thursday evening in the school cafeteria.

Named to serve as a nominating committee were E. A. Grissom, G. L. Monroey and George Pickett. They will report at the next meeting and the election of officers will be held at that time.

The club voted to contribute \$25 to the Red Cross Drive.

Glenn Whittenberg, showed a wildlife film, "Master White Tail."

Scouts attending were Sherman Padgett, Bobby Scott, Larry Perry, J. W. Chatham, Edell Ratliff, Ronnie Howard, Pat Brunton, Thomas Boyd, Stanley Willis, Burney Chapman, Muri Bailey, Mike Sweeney, Loy Dean Pike, Ja es Jones, Jimmy Anderson, Gary Don Starr, Milton Bardwell, William King, Donnie Smith, Tommy Gilmore, Charles Boyd, Douglas Allee, Tony Starr, George White and Horace Dale Soules.

Thirty members and five other guests, A. J. Smith, J. P. Kubecka, Jim Allee, Bennie Ruherford of Big Spring and Upton Kennedy of Abbott, also attended.

A Royal Service program was held at the meeting of the Baptist WMS recently in the home of Mrs. W. J. White.

Those having part on the program were Mrs. White, Mrs. R. A. Chambers, Mrs. C. C. Suttles, Mrs. A. L. Byrd, and Mrs. Henry Park.

Mrs. Chambers led the opening prayer and Mrs. J. B. Hicks Sr. gave the benediction.

Next week's meeting will be in the home of Mrs. Suttles and the mission study will be resumed.

"Family Recreation" will be the program topic of the Home Demonstration Club at the meeting Monday afternoon in the home of Mrs. E. A. Grissom.

Mrs. Allen Nelson, Allen Dale and Tommy O' Salt Flat were recent guests of Mr. and Mrs. J. H. Pike and family. Mr. and Mrs. H. L. Petty of Shafter, Calif. are visiting in the Pike home this week.

Haroldine, West of San Angelo spent last week end with Mr. and Mrs. G. F. Duncan.

Sara Chastisor of Amarillo is visiting friends in Forsan this week.

Mr. and Mrs. J. C. Kurtz and Carlyle of Hadacol Corner and Mr. and Mrs. W. B. Harmon of Tex-Harvey were week end guests of Mr. and Mrs. E. E. Blankenship and family.

Mr. and Mrs. D. W. Roberson and David spent last week end with relatives in Mineral Wells.

Mr. and Mrs. E. B. Thorpe and family have had as their guests, Mr. and Mrs. Jack Corder and Mr. and Mrs. Bill Corder of Levelland, Mr. and Mrs. Jim Miles of Lubbock, Mr. and Mrs. B. G. Jutson of

Abilene, W. H. and Ervin Thorpe of Kermit.

Spending the week end in Fort Worth are Mr. and Mrs. C. J. Lamb and Mr. and Mrs. Jay Disney.

Mr. and Mrs. C. C. Brunton and family left Friday to spend the week end in Mineral Wells.

Mr. and Mrs. A. D. Barton and son have as their guests, Mr. and Mrs. Howard Stringer and Warren Dean of Odessa.

Mrs. O. W. Scudday and children are visiting in Monahans this week end.

J. D. Leonard has been in Borger this week.

Mrs. J. D. Leonard and Bob spent the week end with his grandparents in San Angelo.

Week-end fishermen at Possum Kingdom are O. W. Scudday, J. R. Asbury, M. M. Hines, Eiray Scudday and Bill Skiles.

Mrs. M. M. Hines and Mrs. Pearl Scudday spent the week end in Brownfield.

Mr. and Mrs. D. M. Hardwell and sons are visiting relatives in Ardmore, Okla. this week end.

Mr. and Mrs. Dan Richards of Paducah spent last week end with Mr. and Mrs. T. T. Henry and sons.

Mr. and Mrs. T. T. Henry and boys are visiting his parents Mr. and Mrs. Lee Henry, in Rising Star this week end.

Mr. and Mrs. Glenn Whittenberg and Glendy have as their guests, her parents, Mr. and Mrs. Upton Kennedy of Abbott.

Eva Smith is home from Alpine with her mother, Mrs. O'Barr Smith, for the week end.

Mr. and Mrs. Sammie Porter and daughter are week-end guests of Mr. and Mrs. Sam Porter in San Angelo.

Mr. and Mrs. Burl Griffith and Royce Griffith visited relatives in Dedemona last week end.

Mr. and Mrs. Frank Thieme and son are spending the week end at Brownwood Lake.

Mr. and Mrs. Dub Lewis and family are spending the week end with relatives in Rising Star.

Eddie Everett and Jake Green are fishing this week at Lake Brownwood.

Virginia Kennedy of Kermit is visiting in Forsan this week end.

Mrs. T. R. Camp left Saturday to visit relatives in Lamesa.

MRS. SAN LANDIS ANDERSON

Mr. And Mrs. S. L. Anderson Making Home In Big Spring

Mr. and Mrs. San Landis Anderson are making their home in Big Spring following their recent marriage. The bride is the former Dorothy Ruth Cook, daughter of Mrs. Alma Cook of Lubbock and the bridegroom is the son of Mr. and Mrs. W. I. Anderson, 410 Owens. Dr. Hubert Bratcher officiated at the double ring ceremony at St. John's Methodist Church in Lubbock before an altar flanked with palms and candles. Nancy Davis, organist, accompanied Mrs. Robert Fore, who sang "Because" and "The Lord's Prayer." Ernest J. Ohnemus gave his niece in marriage. She wore a street length dress of champagne taffeta shantung, fashioned with a low neckline, fitted bodice studded with rhinestones and a full skirt. She wore matching accessories and carried a cascade arrangement of gardenias. Jamie Lou Kellar of Kilgore was her cousin's maid of honor. She was attired in a navy taffeta shantung dress with navy accessories and carried a cascade arrangement of pink carnations. Harrold E. Shaw of Denver City served as best man. Ushers were Billy Lewis Yoes of Brownwood and A. E. Smith of Midland. A reception was held immediately following the ceremony in the home of the bride's mother. The table was laid with an imported linen cloth and was centered with a heart-shaped wedding cake. For a wedding trip to New Mexico, the bride wore an aqua knit suit with crust accessories and a gardenia corsage. Mrs. Anderson is a graduate of Lubbock High School and attended Texas Tech for three years. Her husband is a 1951 graduate of Texas Tech and is employed by Standard Oil Co.

Cafeteria Menus For Week Ahead

If your child likes to eat lunch at the Big Spring school cafeteria then you'll be interested in learning what he will have next week. You can check the menu each day and avoid serving the same thing for supper.

Monday: Roast beef, buttered potatoes, English pea salad, fried pies.

Tuesday: Meat loaf, mashed potatoes, pineapple and carrot salad, spice cake.

Wednesday: Baked chicken, dressing, giblet gravy, sweet potatoes, cabbage sauce, fruit jello.

Thursday: Tuna sandwiches, pin-to beans, sliced tomatoes, pecan pie.

Friday: Egg pie, green beans, garden salad, banana pie.

P-TA Elects Officers; WSCS Has Meeting, Social

WESTBROOK (Sp1)—New officers were elected when the P-TA met Thursday evening. Mrs. Charley Parrish was named president and other officers include Mrs. Howard Hardcastle, vice president; Mrs. J. O. McNew, treasurer; and Mrs. Charlie Ingelhart, secretary.

Following the business session "42" and dominoes were played.

Mrs. R. L. Morris, vice president, presided in the absence of the president when the WSCS of the Methodist Church met recently for a business meeting and social.

Mrs. W. N. Bacton gave as the devotional, "Patience, A Fruit of the Spirit."

A shower for the church kitchen followed the business session. Refreshments were served by the hostesses, Mrs. O. T. Bird and Mrs. L. R. Messimer.

Mrs. Charlie Parrish spoke on "Character That Clicks With Youth" at a recent meeting of the P-TA executive group in the home of Mr. and Mrs. A. A. Raschke.

Mrs. Parrish also discussed "Practice on Human Relations." Mrs. J. O. McNew told of "Money In Their Jeans."

Final plans for the basketball banquet were made. It will be held March 22 in the school lunch room. Tickets may be purchased from Mrs. Otha Conaway or Mrs. J. F. Bobo.

Mrs. S. A. Walker and Violet Brown were elected to assist with the program plans.

Refreshments were served to 28 Mr. and Mrs. Charles Walker and Bill of Odessa visited with Mr. and Mrs. Willie Bell Saturday. Mr. and Mrs. Y. Blackney and Mr. and Mrs. Randall Blackney of San Antonio visited Mrs. Annie Bell over the week end.

Week-end visitors in the J. A. Johnson Jr. home were Mr. and Mrs. A. A. Johnson and Wade Andrews, Mrs. C. E. Skelton, Audrey and John Eaton of Midland, Mrs. Ocie Hanson and Nancy of Abilene, Mrs. J. W. Frummer and Mrs. J. A. Johnson Sr. of Westbrook.

Mr. and Mrs. Leslie Bassinger and Neta spent the week end with his father, Frank Bassinger of Roscoe.

Mrs. Howard Hardcastle and Stanley spent Tuesday in Abilene.

Mr. and Mrs. T. B. Coker held open house at their new cafe recently.

Mr. and Mrs. D. J. Barber have accepted a transfer to Monahans. The Rev. and Mrs. David Crow attended the monthly conference in Snyder recently.

Seventeen men attended the Brotherhood Meeting in Dunn recently.

Mrs. J. F. Bobo and Mrs. P. E. Clawson attended the singing convention at Hobbs recently.

Mr. and Mrs. Charlie Parrish and children visited recently in Coahoma with his mother. Carolyn Ann Bell is spending the week with her grandparents, Mr. and Mrs. A. K. McCarley in Colorado City.

No age has compared with this in the abundance of the essentials of life. Were it not for the fear of war, the threat of war, the cost of wars past, we would have such abundance as would stagger the imagination. "A place where there is no want of anything that is in the earth." — Judges 19:19.

Slow Housing Action Is Reaping Us A First Class Crop Of Ill-Will

The thing which we and a host of others have predicted is coming to pass. Big Spring has come smack jam into a critical housing shortage and prospects are that although the situation is as bad as it can be, it will manage to get immediately worse.

Instead of having a substantial block of houses ready for occupancy at the moment when they are most needed, we will be subjected to a three to six months period of excruciating shortage.

Merry-Go-Round—Drew Pearson

Unfair Loopholes In Tax Law Put Burden On Average Citizen

WASHINGTON. — Today millions of harassed, last-minute taxpayers are still up to their elbows in the arithmetic of income taxes. No matter how they slice the figures, however, the result will be the same: Higher taxes and lower rebates.

so-called "collapsible" corporations are still legal to avoid taxes; life insurance companies pay only a token tax; and huge foundations can be set up to get around the estate and gift taxes.

Today an estimated five billion dollars filter through these loopholes, which must be made up by taxpayers earning less than \$10,000 annually.

When he left for Key West, Mr. Truman according to close friends, was definitely in a frame of mind not to run. Chief Justice Fred Vinson and Speaker Sam Rayburn, two of the most patriotic and potent figures in the Democratic party, had dropped hints at the White House that if the President did run it would jeopardize his courageous policies in the field of foreign affairs and split the Democratic party wide open.

'Maybe We're Not So Bad Off'

Spotlighting A Week Of News

Shoe Now Appears On The Other Foot In Regard To Views On Primary Tests

By FRED GREENE Without exactly saying, "I told you so," many political pundits this week can laughingly declare the shoe is now on the other foot.

escape answering himself. Contrarily, Taft stumped up and down the state, placating various voting sects and generally cornering votes through personal appeal.

GENERAL DWIGHT D. EISENHOWER ... His Stockholders Got A Dividend This Week

bombardment of votes in the late New Hampshire primary contest. Like not only took a 10,000-vote lead over Taft, but he also swept all delegates, 14 of them.

for his triumph, while Kefauver has not yet been burdened by present Capitol scandals as Truman has been.

Report On Impressions Left By Major Presidential Candidate

You are reading words from a typewriter under the hands of the man who stood close to Senator Robert A. Taft. So close that it could be observed that his ears were clean. This definitely was in Senator Taft's favor, when you consider that the meeting took place Wednesday, with a dust storm de luxe as it is called, in that center of all de luxe dust storms, Lubbock, Texas.

block were not from manuscript. AN I could see was a little sheaf of notes that apparently had no more written on them but the order of his topics. He glanced at this only occasionally, made few gestures other than some brief hand-chopping.

Editors Roundtable—James Galloway

Editorial Opinion Is Varied As To Amount Of Foreign Aid.

On the amount of President Truman's foreign aid request, editors appear to divide into three, roughly equal groups. One group feels the amount is probably about right. Another would cut it substantially, if not drastically.

Perhaps it will be necessary to trim them, along with a lot of other budget items, so as to keep our economy, the best weapon in the western arsenal, sound.

Uncle Ray's Corner

Sunday Talk: Planets Collide

A school pupil, Linda Trucker, writes: "One of the girls in our room brought in your leaflet, 'Fascinating Facts About the Planets.' Our teacher, Miss Hart, read it to us. After she had finished, one of the boys asked, 'What would happen if two planets, one going left around the sun, the other going right, banged into each other?' I thought of asking you."

traveling around the sun at the rate of about 18 miles a second. If you find it hard to believe the astronomer I can hardly blame you. The earth seems quiet enough, as we look about us. How can we be speeding through space that fast?

Use This Coupon to Join the New Scrapbook Club! To Uncle Ray, Care of The Big Spring Herald, Big Spring, Texas Dear Uncle Ray: I want to join the 1951 Uncle Ray Scrapbook Club, and I enclose a stamped envelope carefully addressed to myself. Please send me a Membership Certificate, a leaflet telling me how to make a Corner Scrapbook of my own, and a printed design to paste on the cover of my scrapbook.

CAMPUS CHATTER

By Jan Masters

The Howard County Junior College Science Club is co-operating with the Big Spring High School science department in a nature hike Saturday. The students will visit Signal Mountain, Sugarfoot Mountain, the city lake and Moss Springs.

Ruth Beasley, instructor of the BSIS science department, is bringing some high school students, future Jayhawkers, to make the hike. A number of specimens will be collected for laboratory study purposes.

Hershall Johnson, a night school student, brought a collection of Indian arrowheads and minerals Thursday night. This display was shown to the general science class in connection with their studies in geology.

A display of fossils and cave minerals such as stalactites, stalagmites, etc., were brought to the class this past week by James B. Frazier, instructor. This collection was made from a cave in South Central Texas in 1936.

Agricultural students visited the 4-H Club and FFA Fat Stock Show held this week. They also visited the San Angelo Fat Stock Show.

Be sure and watch for the dates of the great Science Show to be presented by the Science Club. The Nucleolians. This promises to be one of the events of the year. It will be presented for the students and the general public.

To give you an idea of what you will see at this show, the famous expert and personality analyst, Dr. P. D. Que, who is portrayed by Milburn Hoover, will demonstrate his chemical analysis of personality.

Mr. and Mrs. E. C. Dodd attended the Junior Colleges' Association held in San Antonio last week.

Wayne Matthews Sr., head instructor in the industrial education department, is sponsor of the Red Cross Drive for funds at the college. You are urged to see Mr. Matthews to donate your share for the Red Cross.

The following new books for the education department were placed in the library this week: "Guidance Services in Smaller Schools" by Clifford P. Froehlich; "Psychological Factors in Education" by Henry Baumbach and F. G. Macomber; "Principles of Guidance and Pupil Personnel Work" by Arthur J. Jones; "Personality: A Systematic Theoretical and Factual Study" by Raymond B. Cattell; "Applied Psychology" by Harold Ernest Burrill; and "On the Education of Women" by George D. Stoddard.

Dr. Ruth Irene Anderson, head of secretarial science department at TCU, will visit the college this week, and will be a house guest of Mildred Franks, head of the business department at HGCJ.

Mrs. Nina De Tar, of Detroit, Mich., will visit Mildred D. Franks this week. Mrs. De Tar is a surgical nurse at the Harper Hospital in Detroit, the largest hospital in the world.

A group of sleepy girls stumbled to classes after a slumber party held in Rita Faye Wright's home March 7. Those attending were Jean Fortenberry, Beverly Jones, Lynn Masters, Judy Lawson, Betty Lynn McAdams and Jamie Walker.

Track boys who went to see the big track meet held in Fort Worth last week.

on March 14-15 were Bobby Wheeler, Savoy Kay, Weidon McCreath, Clarence Russell and Jimmie Jennings.

The last shipment of the annual, The Jayhawk, is to be sent to the publisher March 24.

Charlotte Williams, a night student, is now employed by-Cosden. Sara Chanslor of Amarillo is visiting Betty McAdams. Sara, formerly of Forgan, is attending West Texas State College, Canyon.

The seniors and juniors of Knott High School, accompanied by Mrs. Lena Manning, instructor of English and Mrs. E. V. Mieske, instructor of commercial arts, were visitors at the college recently.

Those who visited were Doris Jackson, Doris Dement, Ruby Roberts, Leonard E. Smith, Charles Williams, Jerry Nichols, Joyce Thornton, Charles Adams, Bobby Hayes, G. W. Rogers, Billy Wayne Cockrell, Woodie Cockrell, Harlan Wood, Jean Brigrance, Texas Stallings, Gwen Cockrell, Leona Lancaster, Grady Grantham, Jerry Roman, Ida Lou Fryar, Doris Wood, Jean Howland, Bernice Muddell, Jimmy Shanks, Betty Coughy, Wanda Jean Roman.

These students visited the different departments and were shown through the college buildings, then met for an orientation class in the library.

James B. Frazier has supplied the library with very many beautiful arrangements of spring flowers. They are very deeply appreciated.

Recent visitors were Johnny Coffee, who is now with the WSPG in New Mexico; Dan McRea of Haskell, superintendent of schools at Paint Creek, and Mrs. McRea; Roy T. Clark, Charlyne Wilson, Mona Lue Walker, Nita Jo Anderson, Merlene Stephens, Sue Dennis, Mary Jo Cochran, Wayne Matthews Jr., Dr. Hoerster, and Mrs. Banks.

All of Big Spring; Mrs. Vandis Mitchell, instructor of English in the high school at Ackerly; Frances Kaye Jones and Ann Jones of Colorado City, nieces of Mrs. Frances Hendrick, a student.

Plans are in the making for a dance to be held soon at HGCJ.

West Texas will be well represented among the members of the Austin College A Capella Choir in its appearance at Big Spring Air Force Base next Saturday evening.

The singers who hail from the local area are Gloria Anguish and David Laverty of Midland and Mary Frances Evans of Odessa. Together with 45 other voices from different parts of the United States, they make up a well-trained, highly talented organization of musical harmony.

The Austin College group is currently on a tour of Air Force bases throughout Texas; their engagement here marks their fourth stop on this tour, being sponsored by the Chief of Chaplains, United States Air Force.

Concert tours have taken the choir to more than 15 states and on completion of the current trip, they will have travelled 27,000 miles, making over 300 appearances.

The choir will make its appearance in the auditorium of the new Academic Training Building at the Air Base. Arrangements are being made to accommodate a limited number of civilians.

The choir appeared here last winter in concerts at the First Presbyterian Church and at the high school.

Mrs. Eubank Returns From Funeral in Ark. Mrs. Bob Eubank has returned from Nashville, Ark. where she accompanied the body of her brother-in-law, M. R. Harris, for burial.

Mr. Harris died very suddenly in Austin Thursday afternoon and was returned to his old home for burial. His wife, Mrs. Eubank's sister, survives.

DESIGNING WOMAN

Rag Doll Motif Is Good For Little Girl's Room

By ELIZABETH HILLYER
Perhaps you made little sister her best beloved rag doll, with scraps of bright cotton, bits of yarn, buttons for bright eyes. Or she got one for Christmas that she takes everywhere. Here's an idea for decorating the little girl's room with rag dolls just like her favorite, three for a curtain, one for a pillow for her bed. Copy the front of the doll exactly, even to separate little skirts, washable yarn hair, button or embroidered eyes. Apply the doll fronts to simple white muslin curtains, with a little cotton stuffing to make them rounded and more doll-like than if they were flat. Two-tier curtains are especially good style for a child's room, and the dolls might decorate the lower tier while the upper one is striped cotton, red and white, green and white, blue and white or red and blue. Make a pillow cover to match in white with the doll applied and a wide ruffle of the bright stripe.

For younger children, the same idea can be worked out with animals instead of dolls, perhaps stuffed dogs, lambs, pandas or giraffes.

Individual cakes iced in white and trimmed in pink and blue and punch were served by Mrs. Burnam, Mrs. White and Mrs. Joe Hamby. Plate favors were miniature booties with pictures of babies. Mrs. Conway displayed the gifts. Approximately 35 attended.

Austin Choir To Appear In Concert Here

West Texas will be well represented among the members of the Austin College A Capella Choir in its appearance at Big Spring Air Force Base next Saturday evening.

The singers who hail from the local area are Gloria Anguish and David Laverty of Midland and Mary Frances Evans of Odessa. Together with 45 other voices from different parts of the United States, they make up a well-trained, highly talented organization of musical harmony.

The Austin College group is currently on a tour of Air Force bases throughout Texas; their engagement here marks their fourth stop on this tour, being sponsored by the Chief of Chaplains, United States Air Force.

Concert tours have taken the choir to more than 15 states and on completion of the current trip, they will have travelled 27,000 miles, making over 300 appearances.

The choir will make its appearance in the auditorium of the new Academic Training Building at the Air Base. Arrangements are being made to accommodate a limited number of civilians.

The choir appeared here last winter in concerts at the First Presbyterian Church and at the high school.

MAKE WAY FOR THE EASTER PARADE

... and see the big assortment of Easter bunnies at HARDESTY DRUG. Not only will you find the jumbo bunnies I told you about last week, but now they've received a shipment of half-pint bunnies at half-price prices... \$1.89... soft and cuddly in an assortment of blue, pink, yellow and lavender. The young in heart as well as the young in years will love these bunnies. They'll make the little ones' eyes open wide with wonder, and with such a snugly playmate to share the dark, a small scarily-cat will go off to bed without a word. Why not take a peek into the magic world of childhood, and become a bunny fan with the rest of us. I'd venture to say they'll capture your heart as well as your off-spring's.

"BY JOVE" ... they're the jauntiest, gayest, most colorful shoes you've seen in many a day... smart day-longers with a Bond Street accent, you'll find them at MARGO'S. Crossing a street or a Continent, you'll step in style in these glove soft, glove fitting shoes, that are so right with the smart tailored look of 1952.

With closed up heel and toe and a smartly buckled instrap, the medium-low wedge is quality-crafted with active-packed spring thoughts in mind. These little strollers are styled in creamy natural accented with bright copper tan, and there's a sporty pouch-type carry all bag just to match. At \$10.95 you have Airsoft construction for soft footfalls, and up-to-the-minute style for high stepping fashion.

A PAYING INVESTMENT... when he's correctly dressed. Your man will soon realize the advantages when he wears clothes from ELMO WASSON'S. This is particularly true of the new spring suits by Capps and Society Brand that have just arrived. Styled in sharkskin and cross-dyed gabardines, they are both single and double breasted styles in beige, tans, blues and various tones of grey. The confidence with which he'll wear these suits, the winning impressions they'll make, are the returns that any business man will recognize as real and important. The comfort and long service they offer are the bonuses that make this investment in good appearance a smart buy for any man.

A COUPLE OF DRIPS... will find a happy resting place in the handmade ceramic rests for cooking spoons and forks that you'll find at the BIG SPRING HARDWARE. They've just received a new group of cleverly designed spoon savers that you'll love at first sight. The combination spoon and fork set is decorated with either pink, blue or yellow flowers and is priced at \$1.20. Then there's a modern ceramic fish in two sizes for 80c and \$1.00, which come in grey, chartreuse and dark green. And if you're feeling right devilish you'll want the little pixie whose head makes a salt shaker with a side dish for the dripping spoon... red and yellow \$1.50. Now these drips will take the spoon's drops instead of your stove top.

BEFORE YOU KNOW IT... you'll be longing to look cool, crisp and lovely... so why don't you get ready now with the airy 100% nylon blouses at ZACK'S Of Margos, that catch every breeze. There's nothing like a fresh-as-wink blouse to sparkle up your spring wardrobe... they'll alter the course of your suits, change the complexion of skirts and inject new life into an old jumper. Cut with a look of pretty precision and skill, fully accented with rhinestone buttons, the miraculous nylon that looks like linen, dries quickly, keeps its freshness after countless tubbings and wears practically forever. Their shirret shades are real flatterrers, and they're right on schedule for spring and summer.

HELEN'S HINTS

---Where to shop for what---

YOU'RE OUT... until you see this year's baseball equipment now on display at HESTER'S. They have a complete range and assortment of gloves, bats, balls, shoes, and uniforms for teams. There'll be no strikes against you if you use one of their sturdy, well balanced bats available in children's sizes as well as regular size. Their special shoes designed for speed will help you score more runs, and with the gloves made by Wilson, Dunlop, and Reagh companies, you'll be ready to take care of any hits. Sized to fit most any mitt, from the youngest to the oldest, they are priced from \$2.95 to \$15.00. Designed for "inning" and "outing", these baseball togs are what every one should wear when participating in the National Sport of America.

THE NEXT VOICE YOU'LL HEAR... THE RECORD SHOP has just received a new shipment of LP's, and among them are some of the greatest works of all times that are a must for your record library. Of special import for now and posterity are the two albums, "I Can Hear It Now", related by Edward R. Murrow. The first from 1933-1945, is a chronicle of the war and the years of crisis—made history... the second, a continuing chronicle from 1945-1949, is of the years following the close of World War II, and of the world-shaking events that are making history now. You'll also find a wonderful selection of great classics and semi-classics, recorded by the world's foremost artists to thrill the heart of any true music lover.

YOU'LL BE SITTING PRETTY... when you relax in a Samson lawn chair designed by Russell Wright that you'll find at the GREGG STREET FURNITURE. Made from molded steel and tubular legs with rubber caps and baked-on paint for lasting wear, these comfortable chairs have everything... including arms. They're a sitting sensation, and they can be folded and put away during the disagreeable seasons. In "Wright Tones", the most stunning colors ever seen on folding furniture, they come in coral, chartreuse and patio green. The modern lines of these chairs are in perfect accord with the contemporary trend of homes and landscapes, and for style, utility and durability they're taking top honors.

A PENNY SAVED... is no small matter to the working gal who budgets her money as well as her time... and where seconds count and pennies count too, you should count on the DOUGLASS COFFEE SHOP for the best 55c lunch you ever tasted. You know it's hard to believe that you can get such a savory meal for such a small sum, but these lunches have been planned, especially from the viewpoint of girls who work. The chefs at the Douglass go all out to give you a delicious and well planned meal at a price that pampers your pocketbook, and the tasty dishes they prepare hasten hungry hankers' for the noon hour to roll around.

KEY YOUR HOME TO BRIGHTER LIVING... Just in time for spring, FAYE'S FLOWERS brings you a new group of exotic and beautiful plants. You can change the pace of every room in your home with the living accessories you choose—the brilliant splash of garden-green plants in built-in or occasional plant boxes and dish gardens will give you a decorator-designed look to your rooms. You'll find all types of ivy, philodendron, and sansevieria as well as the more unusual type plants. You'll also find miniature prickly cacti for an authentic touch of Old Mexico right in your own living room. You'll want to see these plants—they'll work magic to bring warmth—personality—a full flavor of life and fresh beauty to your home.

Tiny Flirtatious, Flowered Hats Make Headline News This Spring

Hat designers have been enchanted with springtime too. They've fallen in love with everything... and milady will reciprocate this feeling when she sees the new Spring styles. There's undoubtedly a conspiracy abroad in our land and its object: prettier women!

There are rough straws to tilt over a pretty eye... or to wear sailing straight over a veritable sea of curls... flat discs in palest pastels to adorn poodle-cropped little heads... and veils, from rosy-pinks to midnight blacks with sequins... all flirtatious as a wink! But the sky's the limit as far as shapes in straws and felts are concerned.

The flat, huge cartwheel in natural straw, black or yellow-trimmed in multi-colors is wonderful for the tall-slender-as-a-reed figure.

Skimmers... sailors... shallow bonnets... sidewise, large brims and the forward-thrust small hats are the basic hat fashions that are excitingly enhanced by gay flowers, sequin trimmed veiling and ribbon excitement for Spring-into-Summer, 1952.

The big impression of the entire millinery collections for the new season, is one of diversity and contrast—to make up completely feminine, headline news.

Little hoods make their appearance in smooth and shiny straws... tiny catlets make their bows in braid milans, tucan straw takes to fascinating shapes in clever little rollers—and so on, throughout the hat story.

While pastel felts lend excitement and thrilling notes to be-hat pill-boxes, snug caps and cushioned sailiors.

Pique, straw cloth, taffeta, silk and combinations of these fabrics are represented in youthful silhouettes dramatically highlighted with rich-looking trims.

A fascinating influx of beautifully woven and braided straws from foreign shores has invaded the millinery scene... with nubby straws, textured straws, laquered and finely-sewn straws to make a dramatic impression on the millinery picture.

Pink and red roses, violets and leaves, and even tulips bloom brightly atop the smartest Spring headgear.

Velvet accents... broad taffeta trims and sparkling, jewel accents are well-established on the pill-boxes, profile caps and sailiors of the new season band-box collections.

Perching on poodle cuts, framing chignons or flattering, gay pony-tails—there's a little bit of heaven in a hat for every feminine fancy.

Lomax Club Meets For Demonstration In Newman Home

Roll call was answered with the "My Favorite Cookie" when the Lomax Home Demonstration Club met recently in the home of Mrs. T. E. Newman.

Mrs. Cecil Long opened the meeting with the club prayer.

A report on the council meeting was given and a cookie demonstration was presented by Mrs. Newman and Mrs. Russell.

Attending were 11 members and one new member, Mrs. A. E. Palmer of Stanton.

The next meeting will be March 24 in the home of Mrs. S. R. Farum of Stanton, March 24.

DRESS PARADE

By Jen Wieser

At a recent meeting of the East Ward P-TA, Mrs. R. H. Cantrell, third grade teacher, wore a taupe suit with a gold short sleeve broad-cloth blouse fashioned with a double Peter Pan collar. At the neck of the blouse was a small string tie of gold, rust and Kelly green. Her low heel shoes were in beige suede

and she wore gold heart-shaped earrings.

For the same meeting, Mrs. D. G. Swilling was attired in a yellow gabardine bolero suit. The front of the jacket was trimmed with a row of self-covered buttons on either side, the hemline was scalloped. The suit skirt formed a high yoke in front. Her blouse was of printed

MRS. R. H. CANTRELL

MRS. D. G. SWILLING

French silk and she wore a navy straw off-the-face hat and navy kid sling pumps. Her earrings and necklace were white.

Belts Are Wide

Encircle your waistline with broad flourish and bright color! Wrap a wide, soft belt round your middle for a smart accent and a waist-defined silhouette.

Pastel velvets and velveteens, lightly bonded to stay-up well, give grace notes to every ensemble. Soft, crushed leathers in candy and confetti colors are shown in new widths for extra smartness.

Executive Committee Has Meeting

STANTON, (SpI)—The executive committee of the Stanton P-TA met Friday afternoon for a business meeting with Mrs. Lewis Carlike presiding. Seven attended.

Mrs. Alice Angel was elected by the Rebekah Lodge 287 to represent the group at the Rebekah Assembly of Texas in Galveston Sunday through Tuesday.

Accompanying her will be Mrs. Mildred Hastings, Mrs. Oliver Vaughn, Mrs. Jack Jagers and Mrs. Henry Lauder.

Mrs. Glen Jackson visited her mother, Mrs. Lona Currie. Mrs. Spinks had a week end guest.

Mr. and Mrs. Edmund Tom and Mrs. R. A. Bennett recently visited their daughters, students at North Texas State College, Denton.

Mrs. A. C. Fleming was a recent Big Spring visitor.

Silk And Tweed

The urban elegance of silk and the distinctive smartness of tweed pair off with suave simplicity to develop the ensemble theme for spring.

Tweed jackets lined with silk team with matching silk blouses

P-TA Elects New Officers; Revival Begins At Church

GARDEN CITY (Sp1) — Mrs. Bob Ballenger was elected president of the Garden City P-TA for the coming year when they met recently in the school auditorium. Working with her will be Mrs. Loria McDowell, vice president; Mrs. W. E. Chaney secretary, and Mrs. W. P. Kirk, treasurer.

Mrs. Ronnell McDaniel spoke on "What Makes Good Schools?" Her Rev. J. P. Boswell gave the devotional.

Mrs. C. A. Baldwin sang the song "In The Garden," after telling its history.

It was voted that the P-TA take over the running of the movie in Garden City each Friday evening at 8.

Mrs. Joy Wilkerson will be chairman of the committee to select the films and see to arrangements for the showing. Working with her will be Doris Jean Morehead, Ma. M. A. Barber, R. T. Newell, and Mrs. J. F. Jones.

The \$1 prize for room count went to the fifth grade.

Joe Evans, ebwboy evangelist, of El Paso began a spring revival for the Garden City Baptist Church Sunday.

The revival will last for one week and Darwin Farmer, educational director of the First Baptist Church, Terrell, will have charge of the song service.

The Intermediate Girl Scout troop was reorganized in Garden City Wednesday afternoon when a group of girls met at the scout hut immediately after school.

Connie Seudday, assistant leader, will have charge of the group, until a regular leader can be found.

Deanna Marie Watkins was elected president and Marceline Gill as vice president. Secretary-treasurer will be Annette Ward.

Work was started on a first aid badge. Artificial respiration will be practiced at the next meeting.

Registering with the group were Reha Lee Huggins, La Dell Geller, Patti Coomer, Elaine Garrett and Lynda Ruth Ballenger.

B&PW Club Is Having Tea Today

New members of the B&PW will be honored Sunday afternoon at a book review and tea at the Settles Hotel.

In the receiving line will be the president, Mrs. Velma O'Neal, and two past presidents, Mary Cantrell and Mrs. Joe Roberts.

Officers and committee chairmen will act as hostesses, and the St. Patrick's Day theme will be used.

Mrs. Ann LeFever will review "The Road to Bithynia" by Frank Slaughter during the afternoon.

Perennial Jersey

Pastel Jersey stays in the spring picture this year with wonderful orlon the basis for wide-pleated skirts that wash and remain pleated.

COSDEN CHATTER Daughter Is Born To Evanses

Mr. and Mrs. D. T. Evans announce the arrival of a granddaughter, Mary Jane, born March 10 to Mr. and Mrs. John B. Evans of Bay City. Mrs. D. T. Evans is now in Bay City.

R. L. Tollett left on the early plane yesterday morning for Tulsa to attend a banquet honoring W. K. Warren on the occasion of the 30th anniversary of the founding of Warren Petroleum Corp. Mr. Tollett will proceed to New York from Tulsa to attend regular monthly meeting of directors. On his return trip from New York, he will make one-day stops in Pittsburgh and Chicago.

M. M. Miller was in North Texas on company producing properties Tuesday. He spent Friday in Fort Worth and Dallas and left by plane Saturday morning for New York to attend the monthly meeting of directors. Mr. Miller will be back in the office next Thursday.

John S. Kelly is spending the weekend in Waco.

El McComb was in Cochran County Friday on company business.

Warren K. Bernhard and Wayne G. Giff of the Elliott Co, visited the refinery Thursday to inspect installations of Elliott turbines.

J. K. Stewart and J. C. Sheeler of Dow Chemical Co, of Houston, visited the office Thursday to discuss various phases of operation of the Aromatic Chemical Plant.

John S. Kelly was in North Texas visiting producing properties.

H. C. Stipp took a group of boys to a YMCA meeting in Wichita Falls Friday.

R. W. Thompson spent Monday and Tuesday in Baylor and Archer Counties visiting company property.

C. W. Smith and A. Glenn were in Dallas Wednesday and Thursday to attend the Texas oil jobbers meeting.

A group of seventh grade students made a tour of the refinery and office last Thursday.

The following are on refinery vacations: Claude Ramsey, Dan Boslick, R. Schwarzenbach, C. A. Tompkins, Brooks, N. R. Harvell, E. G. Rainey and E. G. Rainey Jr.

Hyperion Club Will Have Guest Speaker

Mrs. H. M. Jarratt, president, has announced that the 1946 Hyperion Club will meet Wednesday at 2 p.m. in the home of Mrs. G. E. Peacock, 429 Hillside Drive.

Mrs. J. Howard Hodge, past state president of the Texas Federation of Women's Clubs will be guest speaker and Federation Day will be observed.

Each club member may bring one guest to the meeting.

Newcomers Bridge Club Meets Friday

Mrs. Walter M. Stoutenburg and Mrs. Bernice Clements were hostesses to the Newcomers Bridge Club at St. Mary's Episcopal parish house Friday afternoon.

Mrs. W. A. Williams won high score and Mrs. Omar I Jones won second high. The floating prize was awarded Mrs. Charlie E. edemeyer.

Refreshments, carrying out the Easter theme, were served to 16

Rebekahs Give Money To Orphan

STANTON, (Sp1)—Members voted to give \$20 to their adopted daughter in the IOOF Orphan's Home for an Easter suit when the Stanton Rebekah Lodge met recently. Mrs. A. C. Fleming presided.

Mrs. George Cathey has returned to her home in Lenora after being released from a Big Spring hospital.

Mrs. Edna Davidson was admitted to a Big Spring hospital recently.

- (C) RESORT HIGHLIGHT. Good news in fashion—this attractive deep squared neckline outlined in color. You'll find it the smartest way to look smooth and well-groomed. 35.00.
- (D) Look delightfully smart in imported linen . . . and you'll be match-slip and icicle-cool in this designed-to-be glamorous dress by David Crystal. 29.95.

Sadler Seeks State Senator's Position

HARLEY SADLER

A familiar West Texas name—that of Harley Sadler—was on the political lists here today, as Sadler announced his candidacy for the State Senate from the 24th Senatorial District. Howard County now is in this district, by virtue of changes made at the last legislative session.

Sadler presently is a representative in the lower House of the Legislature, from Taylor County; and prior to that served three terms as representative from the 118th Legislative District, comprising Mitchell, Fisher and Nolan Counties.

In announcing his candidacy, Sadler made the following statement: "Since Senator Pat Bullock of Colorado made his announcement that he would not be a candidate for re-election, hundreds of voters from the new 24th Senatorial District have contacted me by personal visits, phone calls, letters, cards and petitions, urging that I make the race for the State Senate. I deeply appreciate these solicitations, many of them coming from voters who did not support me when I sought this place in 1948. After giving the matter serious thought and due consideration, I have decided to enter the race.

"During my eight years of service in the Lower House, no member had a more perfect attendance record, nor gave more diligent effort to the work than myself, both on the floor of the House and in Committee work as well.

"I served on major committees, either as chairman, vice-chairman, or as a member, on the following committees:

"Two terms on Appropriations committee; 2 terms on Revenue and Taxation committee; 4 terms on Oil, Gas and Mining committee; Motor Traffic committee; Commerce and Manufacturers committee; Congressional and Legislative Districts committee; Rules committee; Chairman of Live Stock and Stock Raising committee; and several others. I feel that this experience and my voting record qualifies me to serve the 24th Senatorial District in a creditable manner.

"I have successfully, during the past eight years, sponsored or cosponsored much important legislation for the welfare of our State, and especially West Texas. Among these measures I might mention the passage of our Legislative Redistricting which gives West Texas equal representation with the other sections of our State; the predatory Animal law; Auction Ring law; Seed law; Insecticide law, Soil Conservation appropriations, and many other measures in the interest and for the protection of our ranchers and farmers; Oil and Gas legislation; Rural Aid and many other measures for the advancement of our public schools. Abolishment of our State Ad Valorem tax which greatly favored West Texas taxpayers; and other legislation in the social and economic interests of this area.

"I likewise opposed any legislation which I considered to be monopolistic or revengeful in its nature. I bitterly opposed in committee and on the floor, our present Auto Inspection law. I am not against safety, but I felt then and feel now that the measure imposed too much authority and power in one of our State agencies; and that it would work a financial hardship on the people of our State, especially among those who could least afford it.

"I have never been one who has made a great many campaign promises, but I do promise the voters of this district that if elected, my first act will be to ask for repeal of this unreasonable law. I hope the voters will not be lulled to sleep by the temporary holiday

Larry Evans To Tour With NTSC Band

DENTON, March 15. — Larry E. Evans of Big Spring will tour with the North Texas State College Concert Band which begins its annual spring tour March 16.

During the five-day tour the band will present concerts in Texas, Louisiana, Arkansas, and Mississippi. Evans, son of Mr. and Mrs. E. C. Evans, 2410 Johnson, Big Spring plays the cornet in the concert band. He is a freshman majoring in music at NTSC.

that has been granted on the enforcement of this act. It is my belief that after September 6, 1952, you may expect a strict enforcement of this measure.

"I feel that I have a personal acquaintance with thousands of voters in this district. Most of you know the things that I stand for, and for more than 35 years while making our living among you we have tried to assume our share of responsibility. The nature of our business carried us into almost every community, large and small, and we feel that we know your problems.

"It is a large district comprising thirteen counties, and during the coming weeks I will endeavor to personally visit just as many of the friends and voters as we possibly can.

"In the meantime, I ask your continued support and good will. I am deeply grateful for all the nice things that you have done for me down through the years, and will be pleased to hear from you, Box 889, Abilene, Texas."

Picture Of A Headache Developing

Major John Campbell, Wing Materiel Officer at Big Spring AFB, demands, pleads, coaxes, and threatens via telephone, telegraph, and any other means available to speed the flow of essential supplies from far-flung depots to local installation. (USAF Photo).

MATERIEL OFFICER REVEALS PROBLEMS

Simple Question, Big Answer: 40,000 Items To Run Air Base

By Pfc. JEAN W. BROWN

"Tell me, Major, just hazard a guess. About how many separate items does it take to run an air base such as Big Spring AFB?"

"No guesswork to it," the Major replied confidently, "right at 40,000 separate items... everything from doughnut-making machines to turning lathes for shop-work."

This positive answer came from Major John L. Campbell, Wing materiel officer for Big Spring Air Force Base. In his usual clipped, business-like manner and between phone calls from Los Angeles, Oklahoma City and San Antonio, he was managing time to explain the super-intricate, behind-the-scenes job of supplying materiel for the reactivation and operation of the base.

Major Campbell's job of ordering the necessary supplies has been a big one, not unattended by crisis, both major and minor, in obtaining them on time. The involved procedure by which materials reach Big Spring requires a staff of some 250, many of whom are civilians from the local area who must be trained in the maintenance of records and the scope of operations.

The form-ridden path of procurement at a new base usually begins with a determination by the materiel officer and his staff on what items will be needed and in what quantity from a list of some 130,000 supplied by the Air Force. Decisions must be made even to the number of feet of rope required, the number of nuts for autos, bolts for aircraft—enough supplies to last a ninety-day period.

Then the real work begins. Requirements must be issued to the proper supply depot and since these specialized depots are scattered about the country, much paperwork is necessary. Due to the rapid expansion of the Air Force and its facilities, the depots are sometimes able to supply only 80 per cent of the needed materials. Major Campbell's department must then make further decisions as to the relative importance of

each item or which should be ordered first.

The two knottiest and most important problems in this job of supply are those of replenishment of supplies and of maintaining the razor-thin line between under- and over-stocking. Since warehouse space is limited and demand from other bases so great, no item must be over-stocked.

Toughest items to obtain so far, Major Campbell says, have been eight adding machines that do a little more than ordinary numerical addition. These machines must be able to add hours, minutes and seconds for accurate checking of flying time of the cadets and other base personnel.

Oh yes, Major Campbell has another responsibility—he must see that orders are placed for enormous supplies of food for the base dining halls. This job involves more than calling the corner grocery for tomorrow's menu. He orders food from distant warehouses for dinners three months in advance. How many housewives can tell you what they plan to serve next June?

Major Campbell's background is

as interesting as his job is bewildering. He and his wife and two daughters, Jacquelyn, 7½, and Jane Lee, 2½, came to Big Spring from Williams AFB, Arizona, where he was materiel officer. In his 11 years of Air Force duty, the Major has been stationed in all parts of the world, from Japan, the Philippines and Okinawa, to Newfoundland, Greenland and Labrador. A graduate of the Command and General Staff School, Ft. Leavenworth, Kansas, his talents have been put to good use here. The big, 6-foot-plus Major is sports-minded too, having participated in professional baseball and basketball before entering to service. His off-duty time now is largely devoted to flying—the holds a private license) and "working on his golf game," as he puts it.

Major Campbell is a strong believer of the old adage which begins, "For want of a nail..." because as he says, "The lack of one of those 40,000 items we're talking about could keep a plane from flying or a man from working, and thus defeat our mission here."

Circus To Be Sponsored Here By The Jaycees

It will be circus day in Big Spring on April 9, with the local JayCee organization sponsoring the appearance here of the Great Wallace Bros. 3-ring wild animal circus.

The show will pitch tents for two performances in the Airport Addition. There will be seats for 4,000.

Featured will be wild animal acts including three herds of elephants, 14 lions, 10 bears, three tigers, three camels, two llamas, a baby hippo, a zebra, a baby gorilla, 36 monkeys, and others. There will also be 30 Palomino horses and 36 High School horses, as well as trained mules and dogs.

The Wallace show also features clowns, jugglers, tumblers, trapeze artists and wire-walkers and other performers associated with big top presentations.

The show travels in a fleet of 56 trucks and trailers, carries more than 300 people.

JayCees are to start advance ticket sales right away, offering business houses blocks of tickets to be distributed to children, especially those who cannot afford the price of the show. Johnny Stewart, committee chairman, announced that a JayCee circus office is being opened in the Settles Hotel.

Seaman Found Dead

HOUSTON, March 15 (AP)—Marvin Daniel Bowen, 28, Galveston seaman, was found dead on the floor of a tourist court cabin here today with a burning mattress nearby. An inquest verdict of accidental death due to asphyxiation was returned.

Recent Texas Transactions For Herefords

Among recent Texas transactions involving the sale of purebred Herefords the following are noted: Walter Rogers of Hixon purchased one bull and 11 cows from N. Hartman, also of Hixon.

Thirty-eight Hereford heifers were transferred from R. L. Cocanougher of Hereford to John D. Pitman, also of Hereford.

Fifteen Hereford bulls have been shipped to W. D. Seay of Oscar, Oklahoma, by Proger Brothers at Stratford.

Bill L. Tucker of Carney, Okla., purchased 29 heifers from W. H. Johnson of Jackboro.

W. W. Boswell of Paint Rock reports the sale of 28 heifers to Fred E. Guth of Clayton, Missouri.

Helen Ann, McWhorton of Hereford purchased 37 heifers from R. L. Cocanougher.

C. Alkison of Thrackmorton has sold one bull and 47 heifers to the P&D Hereford Farm at Springfield, Tenn.

Bill Mitcham of Cisco sold 17 heifers to E. C. Love of Chandler, Okla.; J. S. Bridwell of Wichita Falls shipped 25 heifers to J. H. Daugherty and Helen Fanjoy of Statesville, North Carolina.

W. J. Largent of Merkel reports the sale of 15 bulls to Ed Rachel of Falgout.

E. C. Love of Chandler, Okla., purchased nine heifers from W. H. Johnson of Jackboro.

Pronger and Broyles of Dalhart sold 15 heifers to Fulkerson Farms, Liberty, Missouri.

Nine heifers were purchased by Amos Whitman of Overton, from Walter L. Boothe of Sweetwater.

The Scharbauer Cattle Company of Midland recently purchased 50 purebred Herefords from Millard Eldson of Lovington, New Mexico.

\$118,090 Paid For Herefords

Buyers from 12 states bid a total of \$118,090 for 55 head of purebred Herefords at the Circle H Ranch sale at Winona, Mississippi, this week, to score an average of \$2,146.

An offering of 43 bulls returned \$97,160 for an average of \$2,258. The top selling bull went to the Stanton Ranch, Johnson City, Texas, on an \$11,000 bid.

Thirteen females returned \$20,480 for a \$1,574 average.

Included in the sale were all the bulls in the top carload of bulls shown at the Fort Worth show. The first 10 bulls offered went to 10 different states at an average of \$5,500.

The Only Black At The Show

Dudley Arnett of Coshoma had the only Aberdeen-Angus at the Howard County FFA and 4-H Club Fat Stock Show, and this animal from the Pierson Ranch at Perryton fell like a black shadow over a few of the Whitespots. The Angus was placed fifth in the lightweight class by the judge, County Agent R. V. (Bob) Tate of San Antonio, and then went through the ring to Obie Bristow on a bid of 55 cents, weighing 710 pounds.

IN FORT WORTH

TSCRA Convention Gets Going Monday

For 75th time cattlemen will gather for the annual convention of the Texas and Southwestern Cattle Raisers Association at Fort Worth tomorrow morning, with many of them arriving there this afternoon.

The site of this 75th meeting will be in the Hotel Texas in contrast to the first meeting of the organization under a large oak tree in the frontier village of Graham, Texas in February of 1877.

Since its initial meeting the association has grown from a handful of cattlemen in Northwest Texas to a membership of more than 10,000 in 16 states, and has become the nation's largest association of cowmen, representing the ownership of more than three and a half million cattle.

The association was formed during the era of the open range, and many of its early activities centered around the organization of the roundups, trail drives and protection against rustlers. Today 29 full-time inspectors are employed to give protection service to members and market inspectors are on hand

to check brands and ownership of cattle at every major market in the Southwest.

NTSC Exes Plan To Observe 'Day'

DENTON, March 15—North Texas State College ex-students in Big Spring will join with thousands of exes throughout Texas on March 31 when the college will observe North Texas Day.

The Big Spring group, headed by Dean Bennett, will hold an informal meeting between 5 and 5:30 p.m. when the North Texas Day program will be broadcast over radio station KBST.

Recorded on the campus, the broadcast will include a message from NTSC President J. C. Matthews and greetings from Millard Collins, ex-student secretary, and Floyd Graham of the music faculty. Special music will be furnished by the NTSC Concert Band, A Cappella Choir, and the Aces of Collegeland Orchestra.

Riding

THE GRUB LINE

With Franklin Reynolds

Upon behalf of everybody who might have unknowingly played a part in the commission of the unintentional error, the Grub Line Rider wishes to make an explanation, and to extend an apology to a lovely little lady, Miss Elsie Lomax of Lomax.

The records of the FFA and 4-H Fat Stock Show listed her brother, Robert Lomax, as having both the grand champion capon and the reserve grand champion capon. This was an error and went into the newspapers as such. One of these capons, the reserve grand champion, was actually entered by Elsie. But she was too nice to complain about it, and too generous to try and take a share of the honors from her brother.

So, to set the records straight, Elsie Lomax was entitled to share top honors with her brother, and they did work together in getting the birds ready and in showing them.

While there are all sorts of cattle in New Mexico it is somewhat significant that the New Mexico Cattle Growers Association has the imprint of the head of a Hereford bull on its envelopes, and its letterheads have a faint overprint, in blue, of a Hereford bull. Head that almost completely covers the entire sheet. So far as the Grub Line has been able to learn (and he lived in New Mexico long enough to lose a thumb in a rope) no Angus or Shorthorn breeder has ever objected to this Hereford publicity or made a suggestion for something else.

Howard County's outstanding steer feeder, Lloyd Robinson, is in the Army now, Lloyd reported for duty Friday, the day after the close of the annual FFA and 4-H Fat Stock show. He is, it will always be remembered, the lad who showed Big Spring Special to

the grand championship at the Texas State Fair and then placed "The Special" in the grand championship circle at the International Livestock Exposition in Chicago. The Grub Line rider joins everybody else in wishing Lloyd the best of luck, knowing that he'll be as good a soldier as he was a calf feeder.

Coyotes have become so bad in Potter County (Amarillo), mainly in the breaks of the Canadian River, that ranchers are making plans to hire a full-time trapper. Calf losses have run into thousands of dollars and one rancher reports losing 10 per cent of his crop. The Potter County commissioners and county agricultural agent have joined the program in co-operation with the U.S. Wildlife and Predatory Control Service. As evidence of the seriousness of the situation such ranchers as C. E. Weymouth, the Bivins Coldwater Cattle Co., Jay Taylor, Jim Weymouth, Dick Bivins, Kenneth Lafon, and others of the big operators have initiated the trapping proposal.

Actress Ginger Rogers is reported to have rehearsed her lines for

her latest Broadway play by reciting them while walking among her Herefords on her Oregon ranch. According to a friend of Miss Rogers, the actress is considering retiring for the purpose of devoting all her time to her cattle.

A big demand for Kansas Blue-stem pasture already prevails this year, and considerable of this pasture is being leased at from \$29 to \$30 per head, which is an average of \$10 higher than last year, and this indicates that the cattlemen have confidence in cattle prices for the future.

What breeders say is one of the biggest Polled Hereford sales to ever be held in this part of the country, has been catalogued for March 29th at Marshall. The 81 bulls and 41 females will be judged for sale order on March 29th by Glen Bratcher of Oklahoma A&M College. Col. Walter Britten will be the auctioneer.

Col. Don Estes of San Angelo and Midland, and Col. Blake Rowland of San Angelo did a wonderful job in selling the steers, capons and lambs at the auction here Thursday night.

It takes time to run 28 steers, 113 lambs and 42 capons through the rings under adverse conditions, get a good price for each, and then allow time out for the hilarious but profitable Chinese auction to pay show expenses. Off to a late start they managed to wind the sale up a little after 11:30 p.m.

BOBBY OWEN KELLEY — STANTON — SHOWS GRAND CHAMPION STEER AT THE ODESSA SHOW.

BOBBY SALE — STANTON — SHOWS GRAND CHAMPION STEER AT BOTH ABILENE AND AMARILLO.

At Left—Bobby Sale, 9 year old Martin County 4-H Club boy poses his grand champion steer judged grand champion at the Amarillo Fat Stock Show. On the same day as the Amarillo show another of Bobby Sale's calves was named grand champion of the Abilene Fat Stock Show. Earlier in the season one of Bobby's calves was first in its class at the Houston Fat Stock Show.

BREEDER—J. C. Sale, Stanton.

MEET THE 'SENIORS' Of The COSDEN FAMILY

This is the 49th in a series of special Cosden presentations, recognizing the long and valued service of those employees who have been associated with Cosden for 15 years and longer. Cosden is proud of the scores of its workers who have contributed to its success through so many years.

Oscar F. Johnston

The association of Oscar F. Johnston with Cosden dates back nearly seven years. To be exact, he began working for the Company on April 22, 1935.

Born in El Paso, Johnston was reared and schooled in Lamesa. His first job was with Cosden. He began as a sampler and has held various jobs around the refinery before assuming his present position as Laboratory Foreman.

Johnston was married to Miss Sara Randall of Fort Worth in 1936. They have two children, Robert Frank Johnston, 11 years, and Pamela, 18 months. The Johnstons live at 711 Abrams, Big Spring.

Johnston goes in for fishing and devotes all leisure hours to this pastime.

He is a member of the Baptist Church.

Fashion Creates Starring Role For Dresses With Flattering Lines

Designers and couturiers this Spring all share in a single desire, and an admirable one, too... it's to make women as pretty as possible.

Look at the trick fashion played on milady in the twenties and the thirties. Both French and American designers presented a style lacking in grace and in elegance. The boyish figure was in vogue, the wastline hugged (with a singular lack of affection) a lady's hips and knobby or fat knees were painfully revealed. To heap coals upon this ridiculous figure, designers stuck a bucket-shaped cloche upon the poor girl's head, pulled it well down over her ears and eyes and announced, somewhat grimly, this was fashion.

But the Spring of this year, Fashion tells a different story. Designers love ladies and they're giving full rein to their passion by producing styles that are feminine... pretty... and with something of the dramatic elegance of the Gay Nineties.

The opening of a new fashion season embraces all the excitement... the hushed expectancy... and the thrilling wonder of the First Night of a play opening.

The curtain goes up—and the spotlight is turned on the star of the opening—the spring dress! And this season promises to reward their highest expectations.

This Spring—your dress will swirl and billow with all the captivating grace of a prima ballerina. It presents YOU at your loveliest... dramatizes everything enchanting and utterly feminine about you.

There are many versions of this new full-skirted influence—the bell, standing out from a tiny waist, rippling all round pleats, the hip-yoke fullness, and the Dior-inspired back-fullness.

And the understudy of this leading fashion—is the petticoat.

Fashion-wise women will be wearing them by the twos and threes! It's definitely a case of the more the merrier.

Petticoats will rustle and whirl this Spring, wherever smart women gather.

And, of course, with wide, wide skirts playing such an important role, waistlines must look tiny in contrast.

This is achieved through the slimming princess line... with Spencer jackets and the highwaisted Empire line.

The Empire influence adds even more flattery to the feminine figure with its artfully placed tucks and gathers underscoring the bust-line.

Tiny jackets, the graceful capelets, and the swirl-away taffetas coat all mate with Spring dresses to achieve the important costume look.

Never has color been used with such a lavish hand as have the dress designers painted the fashion picture for Spring '32!

Shantung stands out for its brilliant colors and for the high-in-the-fashion-list slubbed look!

Crisp, rustling taffetas are getting rave notices for their glorious colors, iridescent effects, and bold stripes.

All in all, in designing dresses for this exciting season, fashion has created a starring role—presenting women at their loveliest and most captivating—the completely feminine woman!

Two In The New Spring Mood

Left, pale blue Honan silk in a Hannah Troy design with a fitted jacket that curves over the umbrella skirt of the underdress. Right, Navy mirlolene with plaid silk taffeta draped through neckline and belt. A. Ben Reig design by Omar Kiam.

Fashion Is Matter Of Good Form

Remember, this Spring, fashion is all a matter of form! "Hold that line" is the fashion advice this year. For fashion lines are figure-hugging and closer than a lover's embrace. With highlights on the high, round bosom and hand-span waist, milady is viewing with some dismay the contours of a body built by golf and tennis. Femininity is in... and nipping it in are the newest foundations by style-wise corsetiers.

Latest addition to the "under-cover story" are the waist cinchers but they are not to be confused with the iron-bound, breath-strangling corsets of yesteryear. The new little nippers are fashioned of wonderful nylon and satin elastic, skillfully wrought to whistle off his inches, but also very comfortable, thanks to their elasticity. They are dainty, pretty and modest in price... they are as implacable as a Panzer division! Those unwanted inches simply disappear.

For the fuller figure the long line bra and girdle are the best combinations for a good silhouette. However, waist cinchers are sold in sizes up to 30, and even in these larger sizes, boning is kept to a minimum for comfort. Newest girdles rise high in front and are closed in the back with a zipper to preserve the smooth look through the waist.

Biggest color for all Spring lingerie is white, with pink, second choice. The trend toward sheer white blouses and lighter colors in Spring fashions is responsible for the accent on white.

Designed For Dramatic Moments

Beautiful spring sailor by Lilly Dache in shiny black straw and rich black velvet. The wide brim sits squarely on a white brow, emphasizing the purely feminine look of Spring. Perching flirtatiously on the brim's edge: a pink silk rose.

Crystal Jewelry Gives Spring Added Sparkle

Glazing into fashion's crystal ball, surprisingly enough, we see...CRYSTAL. Due this year is a great revival of crystal jewelry. In necklaces, earrings, pins and bracelets. The conventional diamond-cut crystal bead is now combined with large and small graduated, faceted beads and flat, cabochon effects for the bright look of spring.

New, too, are the crystal colors...pale blue, pale pink and a light toaz have been added to the crystal family.

To be fashion-wise, you'll choose pink! Favorite chokers are those done in rose quartz with three and four strands more popular than the usual one strand. These, too, have added glamour when combined with rhinestones or gold... with cluster earrings to match. Women will love the rosy glow of pink accents against the skin.

The "dressy" look of Spring is responsible for the renewed interest in rhinestones. Pins are big and baroque with matching earrings. One designer is promoting the crescent earring in a leaf pattern that covers the entire outer part of the ear. Outstanding example of craftsmanship is the rhinestone leaf with a single gray drop pearl at the bottom. Others

combine gold, emerald and ruby stone settings. Prices range from \$3.95 to \$20.

Colorful and dramatic are the lacquer red beads, good as never before. You'll see them singly or in beautiful combinations of white and color. One of the most effective is a three-strand necklace with stark white, bright bluish aqua and Chinese red.

Another member of the red family, rust, receives favorable mention when combined with crystal beads.

And jewels, too, for man's best friend...the be-spangled dog leash. Introduced this year is a leash done in solid rhinestone or for a more plushy look, others are set with emerald or done in tailored gold. Attached bracelet fits the owner's wrist.

Spring Silks Are Newly Inspired

As the Spring collections take shape in shops fr coast to coast, silks of all kinds give shape to the most beautiful dresses, coats and suits in many a year.

Patterned heavy taffetas... brocades... embroidered surfaces... nubby textures—all handle with the finesse of worsteds to create the most flattering and feminine effects in new silk fashions.

Full skirts, sleeve drama, collar fancies and bodice tricks are exciting details that manipulate deftly into the smartest fashions of the season. Striking contrasts are achieved by use of color or unrelated-fabric combinations.

The box bag remains a first edition in the Spring story... its ends curved and a luggage type top handle... good in black, blue and white for Summer.

The clear lucite, once a novelty, has settled down as a welcome member to the handbag family. Shapes are long and low or in the new "treasure chest" type, designed to show off a lady's prettiest accessories. New pattern effects are of lace designs... or gold brocade... simulated shell plastic... and vivid and pastel colors.

Straws are in the wind too... many of Italian imports, in novelty weaves and various colors. For a different look, straw combined with printed cottons and velvet... in box shapes, draw-string types or pouches.

Late day bags feature a revival of beaded bags. Satin and brocades, finely embroidered in seed beads, imported from France and Italy, rank high on this list. Pretty cocktail bags flirt a big-horse-shoe handle and satin lining. Another charmer is the envelope bag of white toy, heavily embroidered with beads and pearls.

Cotton makes news too, as a favored fabric for Summer bags, with the Indonesian accent very smart. Neutral, cracked wheat colors are bright with red, yellow, green and blue embroidery. Prints are gay, intense and wonderful with the bisques and whites of Spring.

New Bags Longer, Shallower

The airy, graceful look foot-wear wears this Spring is repeated in the newest bags. The Spring approach is contained in longer, shallower shapes, more use of fabric and continued use of shoulder bags.

The clear lucite, once a novelty, has settled down as a welcome member to the handbag family. Shapes are long and low or in the new "treasure chest" type, designed to show off a lady's prettiest accessories. Dangerous Business

High-powered drama of romance and intrigue is held forth in "This Woman Is Dangerous," offered at the Ritz Theatre today and Monday. The principals, Dennis Morgan and Joan Crawford, are shown here in one of the suspense-laden scenes.

Big Spring (Texas) Herald, Sunday, March 16, 1957 5

DRAMA AT RITZ TODAY

Joan Crawford As Dangerous Woman

A potent drama of romance and intrigue, "This Woman Is Dangerous," is featured today and Monday at the Ritz Theatre. Joan Crawford, Dennis Morgan and David Brian are in the starring roles. As Beth Austin, high in the social register of the underworld, Miss

Crawford is seen in the type of role she has made famous, a role which not only affords her the opportunity to display her dramatic talents to their best advantage, but also to be seen in some of the most outstanding dress creations especially designed for the actress by Sheila O'Brien.

Wild West With Humor Depicted In 'Calloway'

Get ready for some high-handed farce and broad satire if you're going to see "Callaway Went Thataway," the Ritz Theatre's offering for Tuesday and Wednesday. The stars are Fred MacMurray, Dorothy McGuire and Howard Keel. It's a story of love and laughs in movieland's Wild West and a rollicking comedy about two guys who look exactly alike, although one is a Hollywood hombre with a roving heart and the other is a slim-hipped, straight-shooting cowboy. Set against the colorful background of Hollywood itself, the plot takes the spectator on a tour of the city's most famous spots—the studios, cafes, ranches, climaxed by an outdoor show in the Los Angeles coliseum, a ridin', ropin', rambunctious rodeo guaranteed to delight the heart of every boy, girl, man, woman, grandma and granddaddy in town. At M-G-M for the first time since "Above Suspicion," Fred MacMurray sets the comedy pace of "Callaway Went Thataway" as the soft-spoken, quick-thinking ad executive who provides stiff competition for Howard Keel in the romance department. The girl in the case is Dorothy McGuire. In contrast to her scatterbrain "Claudia" roles, Miss McGuire is now seen as a young sophisticate who rules an ad agency and her heart with her head. Keel plays a celluloid hero as "Smoky," and a bonafide heart-throb as "Stretch," the kind of cowboy who rides the range, ropes a steer, gets his girl and corrals the heart of America.

Outstanding Cast Is Presented In 'The Highwayman'

A strong cast is presented in "The Highwayman," featured today and Monday at the State Theatre. It is in Cinecolor, and combines romance with the slashing action of swordsmen and fast riding nobles of pre-revolutionary England. The principals include Charles Coburn, Wanda Hendrix, Philip Friend, Cecil Kellaway and Victor Jory. "The Highwayman" is the classical poem of the famed Alfred Noyes. Friend, good looking Englishman, plays the title role. Wanda Hendrix is cast as Bess, the inn-keeper's daughter. In one sequence Wanda portrays a boy intent on holding up a stage-coach. The part, besides being highly romantic, calls for Wanda to ride a horse like the wind, handle swords and give a good account of herself with duelling pistols. Coburn is cast as a scheming nobleman.

In Olde England

"The Highwayman" is the title of the State Theatre's feature for today and Monday, but it's not a western. Instead, it deals with love and adventure among the nobles in pre-revolutionary England. The principals include Philip Friend and Wanda Hendrix (above).

Skullduggery Here

Fred MacMurray and Dorothy McGuire try a convincing routine on Howard Keel in "Callaway Went Thataway." This opus, playing Tuesday and Wednesday at the Lyric Theatre, is strictly for the farcical outlook on the western melodramas.

Real Bow-And-Arrow Hunt Makes Thriller Of 'Tembo'

"Tembo," a true-life adventure film, produced and directed by archery expert Howard Hill, is a headliner on the Ritz Theatre program Thursday, Friday and Saturday. It presents this modern William Tell in the sizzling adventures encountered by him on his recent bow-and-arrow big-game hunt in Africa. It is photographed entirely in Africa in color. The objective was to journey to the land of the little known Leopard Men, a tribe living deep within the fastnesses of the African

which hungered for more... and what happened when he had to use human bait to lure the croc to a spot where it could be killed without endangering the rest of the party! There are the hippo-infested rivers which must be traversed; the helpless zebras set upon by lions; the not-so-helpless marauding elephant which victimized an entire village, and which was shot by a shaft from marksman Hill's bow!

The film derives its name from the African word meaning "elephant." Finally, at the end of a long and harrowing journey, hero Hill is faced with the problem of polishing off the wild bull elephant which has been feeding on the crops, animals and people of a

HIGHLIGHTS ON KBST

European Bands To Be Presented

"Here Comes The Band," a special feature of the ABC public affairs department, presenting the music of famous bands from the free countries of Western Europe, will be presented over the network today. The program may be heard over KBST at 5:30 p.m.

The band to be featured on the premiere broadcast will be the Grenadier Guards of England, who will play one of Queen Elizabeth's favorites, "Morning, Noon and Night," their regimental march, "The British Grenadiers," and a medley of songs from Gilbert and Sullivan's "H.M.S. Pinafore."

"Next Door Success Story," a new feature on the Magazine of the Air, will present Ethel McLean of New York City this week. The feature is on the KBST log for Tuesday at 3 p.m. The Success Story idea presents a story of someone who has created an absorbing, profitable occupation with nothing more to start with than a simple idea. Miss McLean will tell her story of how, bedridden with tuberculosis at an early age, she

read of how TB victims were being put to death as expendable in a foreign country. She was so grateful for the freedom to fight her way back to health here in America that her thoughts turned to a way in which to express that gratitude, and today she is the celebrated creator of the "First Ladies of America," a group of life-like dolls in authentic costume, in the likeness of all the wives of past Presidents of the United States.

Both tunes are Jack Hunt compositions. "How Can I Lie?" and "Tears in Your Eyes." Hunt and his boys broadcast regularly over Station KBST. Their 15-minute program goes on the air each week day at 8:45 a.m.

POWER OF PRAYER
The cleansing potency of prayer will be illustrated in "Ask And It Shall Be Given," which will be heard on The Greatest Story Ever Told, over the ABC Radio Network and KBST this afternoon at 4:30. Based upon a teaching from the eleventh chapter of the Gospel according to St. Luke, the story tells of a youthful thief who is redeemed from criminality by the prayers of his parents.

LETTER TO EDITOR

Scriptures Concerning Rain Cited

Dear Sir:

We have read the articles about rainmaking in the Herald with great interest. At the present time we are not opposed to the scientific method of increasing the rainfall, but would like to present the following scriptures.

"Sing unto the Lord with thanksgiving; sing praise unto the harp unto our God: who covereth the heaven with clouds, who prepareth rain for the earth, who maketh grass to grow upon the mountains." Psalms 147:7-8.

"And it shall come to pass, when ye shall say, Wherefore doeth the Lord our God all these things unto us? Then shalt thou answer them, Like as ye have forsaken me, and served strange gods in your land, so shall ye serve strangers in a land that is not yours. Declare this in the house of Jacob, and publish it in Judah, saying, Hear now this, O foolish people, and without understanding; which have eyes, and see not; which have ears, and hear not; Fear ye not me? Saith the Lord: will ye not tremble at my presence, which have placed the bound for the sand of the sea by a perpetual decree, that it cannot pass it: and though the waves thereof toss themselves, yet can they not prevail; though they roar, yet can they not pass over it: But this people hath a revolting and a rebellious heart; they are revolted, and gone. Neither say they in their heart, Let us now fear the Lord our God: that giveth rain, both to the former and the latter, in his season." Jeremiah 5:19-24.

"Ye looked for much, and, lo, it came to little; and when ye brought it home, I did blow upon it. Why? Saith the Lord of hosts, Because of mine house that is

waste, and ye run every man to his own house. Therefore the heaven over you is stayed from dew, and the earth is stayed from her fruit. I called for a drought upon the land, and upon the mountains, and upon the corn, and upon new wine, and upon the oil, and upon that which the ground bringeth forth, and upon men, and upon cattle, and upon all the labour of the hand." Haggal 1: 9-11.

"If ye walk in my statutes, and keep my commandments, and do them; Then I will give you rain in due season, and the land shall yield her increase, and the trees of the field shall yield their fruit." Leviticus 26:3-4.

"And it shall come to pass, if ye shall hearken diligently unto my commandments which I command you this day, to love the Lord your God, and to serve him with all your heart and with all your soul, that I will give you the rain of the land in his due season, the first rain and the latter rain, that thou mayest gather in thy corn, and thy wine, and thine oil." Deuteronomy 11: 13-14.

"If I shut up heaven that there be no rain, or if I command the locust to devour the land, or if I send pestilence among my people; If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." II Chronicles 7:13-14.

"Will a man rob God? Yet ye have robbed me. But ye say, wherein have we robbed thee? In tithes and offerings. Ye are cursed with a curse: for ye have robbed me, even this whole nation. Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prosper ye now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it. And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine

Mid-March Thinking Of Dem Leaders In Texas Confused

Editor's note: Dave Cheavens, capital correspondent for the Associated Press, reports here on the mid-March political thinking of Texas he talked to on a trip through 17 South Central, East and Southeast Texas counties. This is the first of several stories.

By DAVE CHEAVENS
AUSTIN, March 15 (AP)—Texas Democratic leaders who are having a hard time getting together reflect the mid-March mental chaos of voters who don't know their own minds.

Violent cross-currents and conflicts that have their thinking in a turmoil formed the most vivid impression this reporter got on a tour of 17 counties in South Central, East and Southeast Texas.

It included strictly agricultural counties, counties where small industries are growing up, and the big-industry regions from Houston south to the Gulf of Mexico and east to the Sabine.

It was this correspondent's second political pulse-taking trip within a month. The first covered 1,200 miles in West, Northwest and Central Texas.

Those western regions were most immediately concerned about the drought, with politics second. In South Central East and Southeast Texas politics is undisputed No. 1.

cast her fruit before the time in the field, saith the Lord of hosts. And all nations shall call you blessed: for ye shall be a delightful some land, saith the Lord of hosts." Malachi 3: 8-12.

"Elias was a man subject to like passions as we are, and he prayeth earnestly that it might not rain: and it rained not on the earth by the space of three years and six months. And he prayed again; and the heaven gave rain, and the earth brought forth her fruit." James 5:17-18.

Respectfully submitted,
Lewis Patterson
Alvin Mauls

LIL ABNER

BY AL CAPP

TOOTS AND CASPER

by JIMMY MURPHY

IT'S SURE GOOD TO HAVE KATILKA BACK, TOOTS!

I'LL SAY IT IS! I HOPE SHE'LL STAY THIS TIME!

DID YOU ENJOY YOUR BREAKFAST, MR. CASPER?

KATILKA, YOU KNOW I ALWAYS ENJOY YOUR COOKING!

BUT, KATILKA, AS MUCH AS I LIKE YOUR COOKING, THERE'S ONE THING I LIKE MORE-- THOSE IMITATIONS YOU DO OF YOUR FORMER EMPLOYERS!

OH, THE MCCRUMBS! --I'LL TELL YOU MORE ABOUT THEM WHEN YOU COME HOME TONIGHT!

HELLO, COLONEL, WHAT ARE YOU SMILING ABOUT?

I WAS JUST THINKING OF THOSE STORIES KATILKA TOLD US LAST NIGHT ABOUT MR. AND MRS. MCCRUMB!

OH, HOW DO YOU DO?

HOW DO YOU DO?

WAS THAT MR. CASPER YOU WERE TALKING TO, SIR?

YES-- HIS FORMER MAID, KATILKA, HAS JUST COME BACK. SHE'S SOMETHING OF A COMEDIAN! YOU SHOULD HEAR HER DESCRIPTION OF HER EX-EMPLOYERS!

OH, REALLY!

THE GUY SHE WORKED FOR WAS A POMPUS FATHEAD AND AN AWFUL TIGHTWAD, AND HIS WIFE DYED HER HAIR TO LOOK YOUNGER!

BY THE WAY, I'VE SEEN YOU FOLKS AROUND FOR MONTHS, BUT WE'VE NEVER BEEN INTRODUCED!

WELL, PERMIT ME THE PLEASURE OF INTRODUCING MYSELF!-- THE NAME IS MCCRUMB!-- AND SEE THAT YOU DON'T REPEAT ANY OF THOSE STORIES YOU HEARD ABOUT US FROM OUR EX-MAID!

CASPER, I FOUND OUT SOMETHING ABOUT MR. MCCRUMB THAT KATILKA DIDN'T MENTION-- HE'S A FORMER HEAVYWEIGHT BOXER!

THE LONE RANGER

by FRANK STRICKER

HOW LONG D'YA THINK WE'LL HAVE TO WAIT FOR THE LONE RANGER?

DEPENDS ON HOW FAR AWAY HIS CAMP IS.

I DON'T CARE AS LONG AS I GET THAT MASKED MAN!

SILVER, I CAN'T IMAGINE WHY TONTO'S HORSE CAME INTO CAMP ALONE. WHAT COULD HAVE HAPPENED TO TONTO?

REIN IN! YOU'RE COVERED!

WE WANT TO TALK TO YOU, MISTER!

HE'S MASKED!

WE'RE SPECIAL DEPUTIES OF THE SHERIFF TO HUNT FOR TORO!

MAYBE YOU HELPED HIM ESCAPE!

I'M NOT A CROOK! I TOO HAVE BEEN TRYING TO RUN TORO DOWN!

A LIKELY STORY FOR A MASKED MAN TO TELL! I'LL TAKE YOUR GUNS AND MASK!

NOT WITHOUT A FIGHT!

HEY-- DON'T SHOOT! YOU MIGHT HIT LEFTY!

I'LL SLUG THAT MASKED MAN!

ANNIE ROONEY

THE CHASE IS ENDED - WE'VE CAUGHT UP WITH YOUR SISTER-IN-LAW, PRINCESS ZELLIRA -

WHY DON'T YOU ARREST THE WICKED CHILD-STEALING CREATURE?

THIS COUNTY IS OUT OF MY JURISDICTION - BUT DON'T WORRY, MRS. MARTAN - THE LOCAL SHERIFF WILL MAKE THE ACTUAL ARREST -

BUT MY LITTLE LOST CHILD - IS SHE SAFE? IS SHE WELL?!

EASY MA'AM - TRY TO KEEP CALM - THE SHOW IS ALMOST OVER -

GEE - IF ANYTHING WENT WRONG NOW - I'D FALL DOWN 'N' DIE -

A WARRANT FOR MY ARREST? YOU MUST BE CRAZY - YOU KNOW I HAVE A PERMIT TO TELL FORTUNES!

YES BUT YOU HAVEN'T ANY PERMIT TO STEAL LITTLE CHILDREN -

THE ORIGINAL PRINCESS ZELLIRA SEES ALL KNOWS ALL

THE WICKED CREATURE! I'LL SCRATCH HER EYES OUT!!

LET ME GO!

WAIT, PLEASE WAIT!!

YOU BLACK-HEARTED BLONDE - I'LL PULL!!

WAIT FOR WHAT?!

I'M AFRAID WE'VE MADE A TERRIBLE MISTAKE -

YEAH - SOMETHIN'S WRONG -

THIS LADY IS NOT MY SISTER-IN-LAW!

AN' SHE AIN'T THE PRINCESS ZELLIRA!

DARRELL MCCLURE

GRANDMA

By CHAS. KUHN

HI, GRANDMA! CAN YOU COME T' TH' MEETING T' HELP GET OUR BALL TEAM ORGANIZED?

SURE, JOE!! I'LL BE THERE SOON AS I TAKE MY GROCERIES HOME!

GEE, GRANDMA IS SLOW! SAID SHE'D BE RIGHT OVER, BUT HECK, WE'VE WAITED TWO HOURS ALREADY!

SHE'S USUALLY RIGHT ON TIME! HOPE NOTHIN' HAS HAPPENED!!

LET'S SEE NOW, JUST WHAT ROUTE DO YA S'POSE SHE'D TAKE COMING OVER HERE?

FIRST, FROM HER HOUSE, I'LL BET SHE'D CUT THROUGH TH' VACANT LOT AN' PAST TH' SCHOOLHOUSE!

THEN UP TH' ALLEY T' TH' GROCERY STORE, AN' ON PAST TH' PLUMBER'S, BARBER SHOP, FLORIST'S, AN' -

GEE! WHY DIDN'T WE THINK OF THIS BEFORE?

COME ON, GANG!! I KNOW EXACTLY WHERE SHE IS -

WHAT DID I TELL YA? GRANDMA JUST CANT PASS A PET SHOP WITHOUT STOPPIN' T' MAKE FRIENDS WITH EVERY PUP IN TH' STORE WINDOW!!

"SHOULD I BE A BANKER - OR AN ACTOR?"

THAT PROBLEM WAS FACED BY *Robert Young*

I WAS BORN IN THE SOUTH, INTO A FARMING FAMILY OF MIDDLE CLASS IDEALS.

WHY, ROBERT, YOU SHOULD BE AN ACTOR. NOT A BANK CLERK!

I WONDER, WOULD I BE ANY GOOD?

I DECIDED TO TRY IT - WITH A THEATRE GROUP AFTER HOURS

YOU'RE DOING SWELL, BOB, COME HAVE A CAMEL AND LET'S TALK ABOUT YOUR FUTURE

I DON'T KNOW. BANKING'S A MIGHTY GOOD BUSINESS!

THIS LED TO A SCREEN TEST AND I KNEW ACTING WAS FOR ME!

YOUR SCREEN TEST LOOKS GOOD, BOB!

BANKING BUSINESS - GOOD BYE!

I HAVE HAD MANY HAPPY YEARS IN PICTURES AND LEARNED MANY THINGS.

I TRIED DIFFERENT BRANDS AND CHOSE CAMELS... THEY ARE JUST RIGHT FOR MY TASTE AND MY THROAT!

Robert Young SCREEN STAR

AFTER ALL THE MILDNESS TESTS -

CAMEL

leads all other brands by billions!

MAKE YOUR OWN 30-DAY CAMEL MILDNESS TEST IN YOUR "T-ZONE" - T FOR THROAT, T FOR TASTE - AND YOU'LL SEE WHY!

TARZAN

by EDGAR RICE BURROUGHS

WHEN LED OUTSIDE TO THE VILLAGE STREET, TARZAN WAS SURPRISED BY A DISTANT RUMBLING. "THE MOUNTAIN SPIRITS ARE ANGRY," SAID THE KING -- "IT MIGHT BE SAFER TO HOLD YOU AS HOSTAGE."

AFTER BEING LOCKED IN A CELL, THE APE-MAN PONDERED OVER THE DECISIVE RUMBLINGS. OF COURSE! HE HAD BEEN SPARED BY A FREAKISH ACT OF NATURE -- MT. LUNYA MUST BE VOLCANIC!

... LATER, IN THE DARKEST MOMENT BEFORE DAWN, TARZAN WAS ROUSED BY HORRIBLE SCREAMS. FRANTIC VILLAGERS RAN, STUMBLING -- TRYING TO ESCAPE AN UNKNOWN TERROR!

THE SILENCE OF DEATH ENSUED... THEN, AT DAYLIGHT, TWO FRIGHTENED GUARDS BURST INTO THE APE-MAN'S CELL!

"YOU DIE IMMEDIATELY!" SHOUTED THE KING. "THE MONSTER CAME AGAIN LAST NIGHT -- LOOK!"

TARZAN GAPED IN ASTONISHMENT -- THERE, IN THE FRESH DIRT, WAS A GIGANTIC FOOT PRINT!

CASEY RUGGLES

WARREN TUFFS

AS IF BY ACCIDENT, CASEY'S DECOY SQUAD STUMBLES ONTO THE APACHE ARMY FOR AN INSTANT SURPRISE, CONFUSION! THEN CURSES, THREATS, GUNFIRE!...

--AND CASEY ORDERS RETREAT! THE APACHES STREAM AFTER THE PITIFUL DRAGOONS, THIRSTING FOR BATTLE!....

DON'T BUNCH! SPREAD OUT!!

ZABROVSKI WENT DOWN!

THERE ARE RABBIT HOLES WAITING FOR YOU, TOO -- KEEP YOUR EYES OPEN! --WE'VE GOT AN HOUR'S RUN TO THE MINE FIELD!

GOLT, THERE'S A DUST CLOUD ON THE HORIZON! YOU'VE GOT LESS THAN 30 MINUTES TO MAKE THAT MINE FIELD WORK!!

WHY DID THE TEST FAIL? WHY! WHY!

New FAB washes clothes

WHITER WITHOUT BLEACHING

than any other product with bleaching!

WASHABLE COLORS LOOK BRIGHTER, TOO!

AND, FAB WASHES CLOTHES CLEANER THAN ANY SOAP ON EARTH!

IT'S AMAZING--BUT TRUE! Fab washes whiter without bleaching than any soap, any other "no-rinse" suds or any washing product known with bleach in the wash water. And freshly rinsed Fab clothes are cleaner than with any soap in the hardest water. Fab washes-out grimy dirt, leaves no dulling soap film. With Fab, clothes get whiter and whiter... colors get brighter. And you have the world's sweetest-smelling wash!

SAVE CLOTHES! Fab washes so snowy white you don't need bleach! Clothes last longer with no bleach to harm fabrics or washable colors.

SAVE WORK! New Fab immediately loosens dirt and keeps it floating in the wash water. No soaking needed! Also, you can stop rinsing!

SAVE HANDS! New Fab is wonderfully mild to hands... wonderfully safe for baby's clothes. And, Fab is kind to your own pretty washables! Get the economical GIANT SIZE!

AND, YOU CAN STOP RINSING, TOO! Fab gives you the cleanest possible, sweetest-smelling no-rinse wash!

GET DISHWASHING TIME IN HALF! Fab soaks dishes, glasses, pots, pans shiny clean! If a bit of food clings, whisk it away with your dishcloth! No hard scouring and no wiping!

GIANT SIZE FAB

Save Half Your Work NO RINSING NEEDED!

AMAZING WHITER BRIGHTER WASHES

RUSTY RILEY by FRANK GODWIN

GOLLY, PETE, THEY'VE REALLY LOCKED US IN THIS CAVE! DO YOU THINK WE COULD CRASH THROUGH THE DOOR WITH YOUR CAR?

LET A CHANCE, RUSTY. THE DOORS ARE OAK, TWO INCHES THICK... AND A STEEL BAR ACROSS BOTH OF THEM!

WELL, BELIEVE ME, I DON'T INTEND TO SIT HERE AND WAIT FOR SOMEBODY TO LET US OUT... MAYBE NOBODY WILL COME AROUND HERE TILL...

BUT, RUSTY, THOSE CROOKS SAID THEY'D TELL THE POLICE WE'RE HERE, AFTER THEY GO BACK AND GET THE HORSE-SHOW TROPHIES!

I KNOW THEY SAID THAT PETE, BUT DON'T FORGET... WE DROPPED THE TROPHIES INTO THAT OLD CISTERN... THEY WON'T GIVE US A THOUGHT TILL THEY FIND THEM... NO... WE'VE GOT TO FIND A WAY OUT, OURSELVES.

THAT ISN'T GOING TO BE TOO EASY, RUSTY... THERE'S A LITTLE LIGHT RIGHT AT THIS SPOT ON ACCOUNT OF THE VENTILATOR OVER THE ENTRANCE... BUT IT'LL BE PITCH-BLACK FURTHER IN!

I S'POSE IN SUMMER WHEN THESE CAVERNS ARE OPEN TO TOURISTS, THEY HAVE ELECTRIC LIGHTS... BUT THEY'D BE SHUT OFF NOW.

OH, SURE... MOST LIKELY THERE'S A MASTER SWITCH OUT IN THAT OFFICE SHACK OUTSIDE... OR MAYBE THEY... HEY! WAIT! ELECTRIC LIGHTS! THAT GIVES ME AN IDEA!

COME ON, RUSTY... HELP ME GET THE BATTERY OUT OF THE CAR... WE'LL TAKE OFF ONE HEADLIGHT AND WE'LL HAVE A PORTABLE LIGHT PLANT.

HOWDY, INSPECTOR... I JUST DROPPED IN TO SEE IF YOU'VE TURNED UP ANYTHING ON THE MISSING BOYS.

OH, GOOD MORNING, TEX... NO, NOT A TRACE... BUT THEY MUST BE HOLED UP SOMEWHERE IN THE COUNTY, BECAUSE WE HAVE MEN ON EVERY HIGHWAY AND THEY HAVEN'T SEEN HIDE NOR HAIR OF EM.

WHAT'S THAT NOTICE THE SERGEANT JUST GAVE YOU? IS IT ABOUT THE BOYS?

NO, TEX... I'M SORRY, IT'S JUST AN F.B.I. FLIER ABOUT A COUPLE OF SWINDLERS KNOWN AS 'THE DUKE' AND 'LIMEY JOE' SUPPOSED TO BE OPERATING IN THIS TERRITORY.

JOE PALOOKA by HAM FISHER

CONTINUED - C'MON GET IN THERE... GIVE 'IM A WORK-OUT... BAH!

I NEVER SEEN SUCH PUNK SPARRIN' PARTNERS... NOT A DECENT HEAVY-WEIGHT-T'SPAR WITH EXCEPT OLD WASHED-UP BUMS.

I HATE TO HIT THEM, PAY THEM OFF AND LET THEM DO SOME CHORES... OR SOMETHING.

SCUSE ME... I'M JEST STAYIN' AROUND... I'D SHORE LOVE T'HELP YA... I'M VURRY YOUNG AN' I KIN' BOX... PUH-LEEZE, MISTER WALSH...

AW GO PEDDLE YER PAPERS... AN' QUIT BOTH'RIN' ME!

THEY DIDN'T HAVE NAWTHIN' T'FIT ME... SO I'LL WEAR M'UNDAREAR TOO... PUR SAFETY, OKAY?

MMFFF... SURE, HUMPHREY.

I'LL COME OUT DOIN' FANCY FOOT-WORK... YA READY?

WELL I'LL BE...

MISSED AGAIN! HE'S LIKE GREASED LIGHTNING... LOOK-OUT, HUMPHREY!

THIS IS HOW I ROLL A PUNCH OOPS... I-I CAN'T STOP.

New, Improved **JOY!** Now Milder to Hands than Ever Before! Yet...

DISHES GO FROM GREASE TO SHINE IN HALF THE TIME WITH

1. TAKE GREASY DINNER PLATE...
