NEW BRIDGE NEEDED FOR THE FUTURE

PRESENT STRUCTURE IS INADEQUATE AND DANGEROUS

COURT IS ON JOB

Commissioners Consider the Ways and Means of Handling Job

Another matter of large public interest that has been neglected of late is now rapidly coming to the front and at last promises to receive official attention that may result in definite action. This is the question of rebuilding the bridge across the creek south of town and eliminating the rough and steep grade now being pulled.

After the routine business of the Commissioners Court had been disposed of Monday the commissioners visited the bridge and watched the passing traffic for probably two hours. The commissioners are of one mind and that is that something will have to be done soon to that bridge. At present it is woefully weak for heavy wheat loads and may become dangerous in the near future if not attended to. The cut to the south is too narrow and when a heavy rain falls the water is compressed into a river running down hill, making it impossible to keep the grade in shape.

The commissioners have agreed to have competent men look over the possibilities of the present location and suggest ways and means of putting in a real viaduct that will be a permanent and lasting bridge and highway for this County and the folks to the south of Hereford. The general idea now seems to be to build a concrete arch, or something similar, where the old bridge now stands and drag down the hill to the south, using the material in the fillways and approaches, thus reducing the grade.

The matter of finances could be solved with the additional fifteen cent road tax allowed the commissioners by law, if the people approve. At present the fifteen cents allowed is barely sufficient to get by with, and in fact this sum has to be supplemented with other funds from time to time to keep up the present road system. If the people would vote the additional fifteen cents, the court could issue warrants and erect this new bridge without a bond issue and take care of all expense within a year or two.

The court realizes the necessity for some kind of action and is giving the matter some serious and concentrated thought.

Church of Christ Official Average-Gun Club Contest

Revival Awakens Lively Interest

The protracted meeting conducted by Evangelist O. E. Phillips, of the Church of Christ, which began in this city Saturday night, August 12, continues with increasing interest. The house was filled to almost overflowing Monday night.

The Evangelist delivers his discourse in a pleasing manner. He stated to his attentive hearers that he was not here in Hereford to abuse or ridicule anyone's religion or denomination, but to tell them of God and His love toward mankind. Just Christ and Him crucified is his theme.

Everyone cordially invited to the morning service at 10:30, evening service at 8:15.

Pollock, ranchman and banker of Flagstaff, Arizona, was in Hereford the first of the month negotiating a joint land and cattle trade whereby he disposed of his interest in what is known as the O. H. John irrigation farm, seven miles west of this city. Mr. Pollock took some fine white-face cattle, and released his interest in the irrigated farm to G. A. F. Parker, making the Western National Bank and Mr. Parker sole owners of this farm. The farm consists of 320 acres with practically all in cultivation. A. F. and John Hughes are now living on the farm and are cultivating a row crop.

A few days after their arrival they all went to Marble Falls, Texas, on a fishing and swimming excursion, where they spent several days camping out. Mr. McCoy, since arriving in Hereford, is very much pleased with the future prospects of the Plains country, and will make an effort to locate here in the near future.

Speeding Sedan Turns Turtle; No One Badly Hurt

Frona, August 13.—A company of five men from Amarillo, enroute to Clovis, met with quite a serious accident about two miles east of town last Saturday. The car in which they were riding seems to have become unmanageable and collided with the concrete culvert at that place in such a manner as to completely overturn the car. The car was a Hudson sedan and it is thought that the top of the car was all that saved the occupants from being mashed to death as the car rolled over. All of the men were injured and one of them quite seriously. People from Frona went to their assistance and they were brought to the Frona hotel and a doctor was called from Hereford who dressed their wounds and they were able to return to Amarillo. The top of the car was completely broken away and it was damaged in many other places, but the engine was all right and they were able to drive it home. It is supposed that the rough places in the road were too much for the rapid roll they were driving.

The car was driven by Dr. Passelty of Amarillo. Dr. W. F. Galtbert was called from Hereford and brought the party back here. He states that while shaken up considerably none of the occupants of the car was seriously injured. They were able to drive home under their own power.

Boy Scouts Leave For Annual Camp Monday Forenoon

The Boy Scouts got away early Monday morning for their ten day's outing in New Mexico under the leadership of Rev. J. R. Sharp, Scout Master, and assistant, Alford Bell. The boys made the welkin ring before daylight as they gathered at the camp house for an early camp breakfast. They were well on their way to the border before most of the business houses had opened for business.

The boys were well equipped with everything that goes into a camping and fishing trip and looked forward to the outing with great eagerness.

Bruce Guthrie, Guy Gilliland and Daniel Bell accompanied the party to lend what aid they can. The boys went on the trip with Junior Burns, T. Aubrey Cox, Carl Lester, George Beans, Hill Garrison, Van Brumber, Byrd Witherspoon, Newton Nix, Silas Williams, Donald Hawkins, George Parker and Wilson Gyles.

CASTRO CO.'S BIG PICNIC SUCCESSFUL

HUGE CROWD ENJOYS A DAY OF SPORTS AND "EATS"

TWO BANDS PLAY

Plainview Boy Scouts Band And Hereford Band Entertain Crowd

A crowd that was said to number more than 2,000, the largest in the history of Castro county, gathered at Dimmitt last Saturday to enjoy the annual picnic that has gradually become famous as the best thing of the kind on the Plains every year. Visitors from far and near were there. Plainview sent a strong delegation, as did Hereford. Both the Plainview Boys Band and the Hereford Band entertained the crowd with music. The dinner was a wondrous thing to behold. In spite of the sea of people there was lots of the best things to eat in the world left over, even after supper.

An airplane furnished thrills, while the Redero was largely attended and enjoyed. Results of the Rodeo: Goat Roping—Earl Porter, first, time 12 3-5 seconds; Jake Williams, second, time 17 seconds. Calf Roping—Tom Standifer, first, 31 seconds; Jake Williams, second, 32 seconds.

Steer Riding—Earl Porter, first, 87 points; Jake Williams, second, 85 points.

Horse Racing. Sweepstakes—Tom Sanders, first.

Horse Racing. Free for all—Nole J. Blanton, first.

The Castro county folks entertained in their usual lavishly and hospitable style and the entire day passed off with happy and neighborly social visiting through the daylight hours.

Mr. Demorest was born in New York state and immigrated to Iowa. He is survived by three sons, John L., of Rocky Ford, Colo., J. B., of Los Angeles, and W. D., of Hereford. His wife passed away in September, 1918.

PANHANDLE HERE-FORD BREEDERS ON PICNIC IN CANYON

The Panhandle Breeders Association had a big picnic scheduled for Tuesday, to be held in the Devil's Kitchen of the Palo Duro Canyon, near Amarillo. A delegation from Deaf Smith county attended, among them being Mrs. E. B. Braddy, W. T. Womble, Mr. and Mrs. D. L. McDonald, and others.

Recently the Hereford Breeders association of this county offered the Sale Pavilion to the Panhandle association for their luncheon and show next spring. This question has not yet been definitely settled and it is still hoped locally that the Panhandle folks will decide to accept the Hereford offer and honor us with their presence in 1939.

Society

Birthday Surprise

One of the pretty social events of the week was a porch party given at the home of Mrs. W. L. Valentine honoring Miss Zelpha Valentine on her nineteenth birthday.

The occasion was a happy surprise to Miss Zelpha. Upon her return from a swimming party she was greeted by thirty young people who had prepared a bountiful supper, consisting of fried chicken, mashed potatoes, gravy, salad pickles, ice cream and cake, and iced lemonade. The supper was served in salubrious fashion on the beautifully decorated porch, after which the guests enjoyed an evening of games and dancing.

Mrs. Parker Gives Luncheon

Listed among the most enjoyable social events of the week was the luncheon given Friday by Mrs. G. A. F. Parker honoring Mrs. R. M. Stocking. At one o'clock the guests were invited into the dining room where covers were laid for eight. Decorations of flame colored paper blossoms cast a rosy glow over the beautifully appointed table. Anne Fitzhugh Parker very charmingly served a delicious four-course menu consisting of:

- Bread Cantaloups
 - Broiled Chicken
 - Potato pyramids with Peas and Carrots
 - Hot Biscuits
 - Iced Tea
 - Pineapple Salad
 - Salted Almonds
 - Grapefruit Ice Cream
- Those enjoying the luncheon were: Mesdames F. T. Rolson, Roy Stocking, E. W. Harrison, H. H. Hawkins, J. F. Potts, D. W. Hawkins and Jno. McLean.

Honoring Mrs. Stocking

A delightfully informal and not-to-be-forgotten occasion was the all-day meeting with dinner-on-the-grounds,

last Wednesday at the home of Mrs. J. Frank Potts by the Methodist Missionary Society friends of Mrs. Roy Stocking, who is leaving soon for her new home in Plainview.

Mrs. Stocking had previously been invited by Mrs. Potts to "Bring some sewing and spend the day," but her surprise was genuine, it was not difficult for her to see that she had been made the victim of a friendly hoax, when others began to arrive by twos and threes and groups, each, without ceremony or invitation, betaking herself kitchenward with a package.

The forenoon was spent in conversation natural to those whose common interests, experiences and activities have bound them more and more closely for years.

At the noon hour the honoree, with other specially invited guests, was escorted out into the yard, where in the midst of assembled friends and under spreading apple trees, stood a long table filled with delicious edibles, which were served picnic style. Hereford readers need no account of this hour.

After being thus refreshed, we re-assembled in the receiving rooms where for two hours or more nimble fingers fairly flew, while skillfully applied needles and needle-threads betokened more than an ordinary interest in needlecraft.

After the regular program had been carried out, at the appointed hour, our president remarked that the ladies had been unusually industrious and called upon some one to investigate the cause thereof, whereupon each one tossed her work at the head or into the lap of the honored guest, who dexterously caught and took possession and the secret was out. Towels, tea-towels, aprons and handkerchiefs, each bore besides other handiwork, a diminutive "Stocking" or "Sox," embroidered or appliqued.

In the midst of the natural hubbub of a crowd preparing to go home, the honoree slipped quietly out, unobserved, thus proving herself in accord with the rest of us who had resolutely refused to sound the one sad note in the harmony of an otherwise perfect day.

In fact we all felt too much like we

had "say-leave" to say goodbye or to risk, trying to express the deep and genuine regret in losing this family from our midst.

(Other invited guests were: Mr. Coulter, Bro. Beavers, Miss Laura Edwards, Mrs. Rockwell and daughter, Miss Lillian, mother and sister of C. C. Rockwell, Mrs. Yantis and Mrs. Henry. One present.

Honoring Mrs. Fertsch

The ladies of the Presbyterian church Tuesday afternoon rendered a farewell party to Mrs. E. M. Fertsch who, with her husband and little girl, will leave the latter part of this week for Austin, Texas. Prof. Fertsch will teach in the Austin city schools this year and at the same time pursue a course of study looking toward a degree in the University of Texas. The party was held at the home of Mrs. J. H. Sharp.

The Las Animas district in the Arkansas Valley, Colo., decreased its sugar beet area and increased the acreage in melons this spring.

DIMMITT

Mr. and Mrs. Earl Inst and daughter, Dorothy Mildred, of Hart, Texas, attended the picnic in Dimmitt Saturday.

H. C. Shuford left Thursday for a three weeks visit with his mother, brother and sister in Newton, North Carolina. Mr. Shuford also expects to visit in Elwood, North Carolina, before returning home.

Mrs. J. E. Turner entertained two of her sisters and their families this week. Mr. and Mrs. Jim Turrus of Tipton, Oklahoma, and Mrs. W. J. Slover and children of Lubbock, Texas.

Dr. Miller took Mr. Widmer, who lives near Muleshoe, to the Plainview Sanitarium Thursday night for an operation for appendicitis. Mr. Widmer is in a very serious condition, but we hope he will soon recover.

One of the largest crowds that has ever been seen at a picnic at Dimmitt attended the picnic Saturday. The music made by the Hereford and Plainview Bands was enjoyed by everyone.

The Roubinek brothers of Muleshoe were employed to play for the picnic platform dance, but on account of showers of rain the committee decided not to have the dance; therefore they played for a private dance at the home of Mr. and Mrs. Lester Womack.

Mr. Johnie Cross, of Mineral Wells, attended the picnic and visited old time friends in Dimmitt Saturday.

DAWN

(Too late for Friday)

There was a good crowd at Sunday School last Sunday, an attendance of thirty-three being enrolled.

Mrs. Bengie and daughter, Marguerite, are returning home with Mrs. Bengie's mother, Mrs. Lasure, who has been visiting here the past two weeks.

Mr. and Mrs. Lyman Perkins left last week for McKinney, Texas on a visit to relatives.

Some of the Dawn ball players went to Nazareth last Sunday to assist Umbarger in "cleaning" the Nazareth nine, with the usual luck. Score 17-6. Webb and Patton of Dimmitt played with Nazareth.

We had a good shower here last Friday and then one Sunday which was much needed as the row crops were burning up.

A large crowd attended the Farm Bureau picnic, held at Babes Park, west of Canyon, last Saturday. There were good speakers present, who explained the good points of the Grain Growers Association.

"Pink" Bodine and Jess Perkins are in Clovis this week.

Mr. Young's family went plumbing last Saturday, returning with more than ten bushels of plums. They went north of Wildorado.

Owen Smith has bought a residence

in Hereford and will make his home there soon. We regret to see them move from our midst.

Mac Mangum is helping Wes Brady this week in his row crop and Wes says he is trying to handle two go-devils. One "devil" is hard enough to handle, Mac, never try two. That is pitiful.

Dawn

Lyman Perkins and family returned from McKinney, Tex., where they have been visiting for the past two weeks.

The Sunday School is doing fine. A total attendance of fifty was recorded last Sunday. A car full of young peo-

ple from Askren were among those present. Young Mr. Galley made an announcement to the effect that there would be an ice cream supper at Askren Schoolhouse next Friday night and that everyone was invited to come, the proceeds to go toward paying for the organ which they purchased recently.

Mrs. Perkins and Miss Bertha Frye and Dudley Plant made a trip to Clovis Sunday overland.

This community was well represented at the Rodeo and picnic at Dimmitt last Saturday. Among those present were: Wes Brady and family, Glen Greer and family, Cecil Walker and his mother, and the ball team. All report a good time and the program was very interesting as something was going on all the time. In fact it was more like a three ring circus. There was bronc riding, a ball game and aeroplane stunts going on at the same time. The ball game was a double header. Tulla and Dimmitt played the first game and Dawn and Dimmitt played the second.

Both were good games. Dimmitt took the first from Tulla with a score of 3 to 0, while Dawn played the winning team. The score was 3 to 2 in Dawn's favor, despite the fact that Dimmitt was playing four of Hereford's best

players. The feature in this game was a home run off Curtstinger, pitching for Dimmitt in the third inning with two men on bases. All returned home after the game through the mud and rain. (Continued on Last Page)

The Coal Strike

President Harding in a recent letter to Governor Groesbeck of Michigan says:

"It is a matter of record that coal operators and miners workers in many districts have been quite ready to come to an understanding in very short order, but the policy of the national organization is hostile to any district or state arrangement. This apparently is one of the issues involved and is one which must be definitely settled.

"I do not know of any way of settling it under the legal authorities which are now possessed by either State or Federal Government.

"Manifestly, legislation must be provided and I mean to submit the whole problem to Congress at the earliest consistent time possible after the House reassembles.

"If the coal producers of the United States were so organized that a national body were to determine the policy of every member and permit no sales of coal except on dictation of terms by the national officials, every State Legislature and Congress itself would instantly put an end to such a practice.

"The mine workers unhesitatingly assume national dictation. It is the big issue involved in the present dispute. Frankly, I think it must be dealt with if we are to have any security and any insurance of a supply of fuel."

What do you think of laws that permit a dozen labor leaders to shut down the industries of a nation of one hundred million people? Isn't it about time this was changed?

which had been threatening all afternoon. Mrs. Wes Brady had previously arranged for an ice cream supper for the bell club, so that was the next on

the program. Despite the lateness of the hour when the crowd began to gather, a good time was enjoyed. Lots of good ice cream was served by the hostess, who is an expert in the art of making it.

FRIONA

A force of several men began the work of cleaning the bricks of the old schoolhouse Monday and the school board hopes to have all the good bricks nearly cleaned and stacked and all the debris of the old building entirely cleared away in time for work to begin on the new building, which will be as soon as possible after the "red tape" of leasing and selling the bonds has been disposed of. It has been fully decided to add another room to the temporary shack and put in the eleventh year's work at the beginning of the school term.

R. L. Hicks has a force of workmen busy engaged at making adobe blocks and has a large portion of the "Court Yard" fairly paved with them. The people of the Congregational church have decided to erect their church structure of this material as a measure of economy and Mr. Hicks has the contract for doing the work. The blocks he is now making will be used in the building of the church and the residence of J. C. Wilkinson.

From all appearances Friona is now fairly entered on a building boom. The new warehouse of the Friona Oil Company will soon be completed, as the walls are finished and the roof mostly on. The concrete foundation of "Wilke's" house is being poured. A. Q. Drake began operations for the building of his new residence at the north edge of town; the work of laying the walls of the church will evidently begin this week and two new commodious

store buildings are being seriously considered and we are all ready to make way and room for the new Fort Worth Plains railroad right through town.

From all present appearances there will be some of the best row crops raised near Friona this season that have ever been grown here. A good rain in the near future, however, will do much to fulfill such appearances, and also add much to the possibility of getting out a goodly acreage of wheat.

Mr. and Mrs. R. H. Kinsley and nephew, Fred Beebus, departed for a vacation trip to the mountains near Las Vegas, New Mexico, last Friday. They were accompanied by Mr. and Mrs. G. W. Maurer. They expect to be gone several weeks.

I. E. Gordon and family, of Colorado, have been visiting relatives and friends here during the past two weeks. Mr. Gordon was formerly station agent there and Mrs. Gordon is the daughter of Mr. and Mrs. F. E. Clegg, formerly of Friona, and their many friends were truly glad to see them. Mr. Gordon is Postmaster and proprietor of a store in a mining town in the mountains of western Colorado.

Since Friday the Santa Fe service has tied up from the west. Only stub trains are run from Albuquerque and

Bellevue. No. 21, west bound, was abandoned at Clavis Monday morning and run as a stub west.
