WESTERN HATS stacked on a couch symbolized the First Annual Hereford Cattle Tour, which was held Monday. Gathering for a breakfast in the Jim Hill Hotel, some of the 400 visitors tossed their wide-brimmed hats beneath a color photograph of a Hereford cow and calf in the lobby. (Staff Photo by H. A. Tuck)

First Hereford Cattle Tour Acclaimed As Great Success

Comments ranged from mildly to wildly enthusiastic Monday following the first annual Hereford Cattle Tour, an inspection of registered animals at eight Deaf Smith County ranches.

hundreds of the big red and white cattle from which Hereford, Tex., takes its name. The tour was staged to re-emphasize that Hereford is, indeed, "The Hereford Capital" and the source of top-quality registered animals of the breed.

Promptly at 8 a.m., the caravan of cars pulled out for the morning tour, which made a large swing south and east of Hereford. Howard Gault and Son showed its herd in two pastures to open up the tour. Rather than use a loudspeaker, the tour directors passed out booklets listing herds by ranch, along with

Friday from 8:30 a. m. until noon, high school sophomores and ninth graders will sign up. Northwest Elementary School students will start classes in two temporary locations, Superintendent Fred Cunningham announced Wednesday. Three primary classes will be at Central Church of Christ while the other classes will start at Central School. This will be necessary for about two weeks, until the new school is ready for occupancy. In all cases, the permanent teachers will be assigned to the students scheduled to attend Northwest.

Breeders and commercial operators from Texas, Oklahoma, New Mexico, Kansas, Arizona, Nebraska and Colorado saw

Hire Dispatcher For City Police

Edward R. Roberson, 31, and a lifelong resident of Hereford, was hired Aug. 26 as a dispatcher by the Hereford Police Department.

He attended Hereford Public Schools and was in the Navy from Dec. 26, 1944 to Aug. 22, 1946.

Roberson was employed at Owen's Electric Company and Hall Motor Service prior to accepting the dispatching position.

Around Town

With school registration starting Thursday and classes beginning next Monday, summer is almost over. It has been quite eventful for the town when you stop to review the many activities that have taken place.

This week wouldn't be complete without some mention of the tremendous job that was done in planning and executing the first annual Hereford Cattle Tour. One of the finest things was the weather, which provided moisture to wet down the roads, and then came along with clear skies and fat clouds. But even finer was the work that made the tour run like a fine Swiss watch.

For a while it looked like our car was going to have to abandon the tour in favor of some angry insects. We picked up a huge black wasp near Buffalo

Seven Persons Are Injured In Sudden Rash Of Wrecks

Seven persons, four of them from Hereford, were injured in a rash of three automobile accidents within a 14-hour period outside the west and north city limits of Hereford, Monday and shortly after midnight Tuesday morning.

Treated for minor injuries and released from the emergency room of Deaf Smith County Hospital after a two-car accident at 10:06 a.m. Monday on Highway 60, 300 yards west of U. S. 385, were Beatrice Sanchez, 42, and Elena Guadiana, 35, both of Hereford.

Admitted to the hospital Monday afternoon after sustaining

injuries in a three-car accident on U. S. 385, .6 of a mile north of the city limits, were Ivan Oliver Pitt, 48, of Amarillo, his wife, Amy, 47, and the couple's nephew, James Carlos Baker, 14, also of Amarillo.

The Amarillo group was participating in the Hereford Cattle Tour when the car which Pitt was driving hit the rear of another car, which in turn hit a car in front of it. The driver sustained a chest injury. Mrs. Pitt was admitted to the hospital for observation, and the youngster riding in the car received treatment for a head injury. All were reported

in satisfactory condition at the hospital Tuesday afternoon. Injured in an accident at 12:15 a.m. Tuesday on Highway 60, 2.6 miles west of the city limits, were Johnny K. Rogers, 30, and Thurmond Johnson, 39, both of Hereford.

Both were reported in satisfactory condition at the hospital Tuesday afternoon. Rogers was treated for cuts and abrasions of the head, and Johnson was admitted to the hospital for treatment of a compound fracture of the right leg.

Earnesto Sanchez, 43, and Jesus Ramirez, 19, both of

TWO WERE INJURED shortly after midnight Tuesday when a 1954 model car, traveling west on Highway 60, left the highway and hit a roadside culvert after following a muddy ditch for about 300 feet. Injured were Johnny K. Rogers, 30, who received cuts and abrasions of the head, and Thur-

mond Johnson, 39, who was admitted to Deaf Smith County Hospital for treatment of a fractured leg. The accident climaxed three wrecks in Deaf Smith County within a 14-hour period Monday and Tuesday. (Staff Photo)

Call Petit jury

A 60-member petit jury panel has been called for a special session Monday, Aug. 31, in 6th District Courtrooms temporary headquarters at W. Second and Miles Ave. The session will begin at 1:30 p. m.

Public School Enrollment Slated Thursday, Friday

Putting aside summer activities temporarily, more than 2,000 students will enroll in Hereford Public Schools Thursday and Friday. Classes will start on Monday Aug. 31.

Elementary school enrollment will be conducted Thursday from 8:30 a. m. until 4 p. m. at the various schools. This will include all students through the sixth grade.

All students who are to attend the new Northwest Elementary School will enroll at Central School Cafeteria according to Superintendent of Schools Fred Cunningham. From 8:30 a. m. until noon Thursday, there will be enrollment for High School seniors and Junior High seventh graders, at the respective schools. Thursday, from 1-4:30 p. m. juniors and eighth graders will enroll.

for classes. Friday afternoon, from 1-4:30 p. m., there will be enrollment for all new students in the seventh, eighth and ninth grades at Stanton Junior High School. At the same time there will be enrollment for all new high school students, who have not pre-registered. Registration for St. Anthony's Parochial School, not included in the Hereford public school system, will be held all day Sept. 1. St. Joseph's School at the Labor Camp already has completed enrollment.

SOME SALARIES INCREASED

County Approves Budget

Deaf Smith County Commissioners Monday approved the 1960 budget with no changes. Only a handful of persons appeared for the public hearing on the proposed budget.

Expenditures for the coming year will be somewhat higher than for the past and current years. Estimated disbursements for the county total \$788,495.60, more than \$83,000 higher than the actual and estimated expenses for 1959. More than half of the estimated spending increase may be attributed to the three special bond issues passed last spring. They allowed the county to contract for construction of a new jail, extensive renovation of the courthouse building and purchase of right-of-way for an expanded U. S. Highway 60 from Hereford to the Randall County line.

Tax rate, approved by the Commission, is for \$1.25 on each \$100 in valuation. This is the same as the 1959 tax rate and higher than the 95 cent rate effective in 1958.

Jury Fund budget figures show an estimated increase of just \$52 to \$4,981. Road and Bridge Fund is up considerably, from \$188,600 to \$219,500. This includes a raise for Commissioners, from \$225 per month to \$236; a \$300 raise in fuel and oil costs, to \$16,500; employees' raises, totaling \$3,500 to \$76,500; a \$500 increase for tires and tubes, to \$5,000; a big jump, from \$15,000 to \$40,000 for equipment purchases; an increase of \$550 to \$2,650, for Social Security; and an increase of \$500 to \$2,000 for weed spraying. Planned spending from the General Fund is up about \$4,000

Athletic Club Plans Program

Swimming a boxing program for the ensuing year were discussed at a Hereford Athletic Club board of directors meeting in the Western Wheel Inn Wednesday morning.

The possibility of scheduling swimming at the local pool for youngsters 16 years and under was outlined, and Bill Hardwick, a swimming instructor, said that the Riviera Club of Amarillo has requested an exchange meet sometime this next spring.

Boxing team workouts for candidates 100 pounds and over will begin Tuesday, Sept. 1, at the gym behind the Ink Spot. Work-

(Continued on page 2)

Sheep Producers Vote Scheduled

Deaf Smith County sheep producers will have an opportunity to vote in a nationwide referendum on the question of continuing the financing of market development program for wool and lambs throughout September, the county Agricultural Stabilization and Conservation office announced Tuesday morning.

Ballots will be mailed to producers from the ASC office before Sept. 1 and may be marked and returned through Sept. 30, Faust Collier, office manager, said.

The current development program of advertising, promotion and related activities is carried out under an agreement with the American Sheep Producers Council. It is financed by deductions from wool incentive payments earned by growers under

(Continued on page 2)

ASC Committee Ballots Mailed

About 3,000 ballots were mailed from the Deaf Smith County Agricultural Stabilization and Conservation office in Hereford Monday to county farmers for election of community committees for the coming year.

The ballots must be returned to the ASC office, postmarked not later than Sept. 8, according to Faust Collier, office manager.

From four community classifications, a chairman, vice-chairman, member and two alternates will be selected. Candidates were selected by community boards Aug. 11 and 12.

Ballots will be tabulated Sept. by the tabulation board, which includes W. J. Albracht, Fred S. Barrett and Herschel Burrus.

Corky Paetzold Hurt In Wreck

George "Corky" Paetzold Jr., 17-year-old son of Mr. and Mrs. George Paetzold, who formerly lived three miles northeast of Hereford, Tuesday was released from a hospital at Espanola, N. M., following treatment of injuries sustained in an automobile accident near Santa Fe Sunday.

Details of the accident were not available from investigating New Mexico State Police officers, but relatives here said the car in which the youth was riding was forced from the road by an oncoming car.

Paetzold previously was thrown through the windshield when the car left the road to avoid a collision.

A relative said seven stitches were required for treatment of a head laceration. The Paetzold family owns a ranch near Espanola.

NEARLY 80 Hereford businessmen and county farmers left the county Bull Barn Wednesday morning by bus to attend the first agricultural developments in this area. civic club-sponsored Hereford Farm Tour. (Staff Photo)

County Farm Tour Displays Agricultural Developments

About 80 farmers and businessmen Wednesday morning left the county Bull Barn by chartered bus for the Luther Lesly farm, first stop on the first civic-sponsored Hereford Farm Tour which covered more than 60 miles of area farms during the day.

After a noon barbecue at the Bull Barn, additional tourists packed busses for concluding visits to view the variety and extent of agricultural resources in the area.

The tourists were guests of Lions, Rotary, Kiwanis, Optimist and Jaycee clubs in Hereford, tour sponsors, at a free

barbecue, where Virgil P. Lee of Houston, former president of Production Credit Corporation of Texas, was featured speaker.

Area farms toured were owned by Lesly, Harold Shearhart, F. L. Eicke, E. C. Reinauer, and Lester English. Clint Formby of Hereford was master of ceremonies, and Joel Hodges of Hereford was general tour chairman.

Purpose of the tour was to provide means of exchanging methods, techniques, and ideas for people engaged in farming, and to acquaint business and professional groups

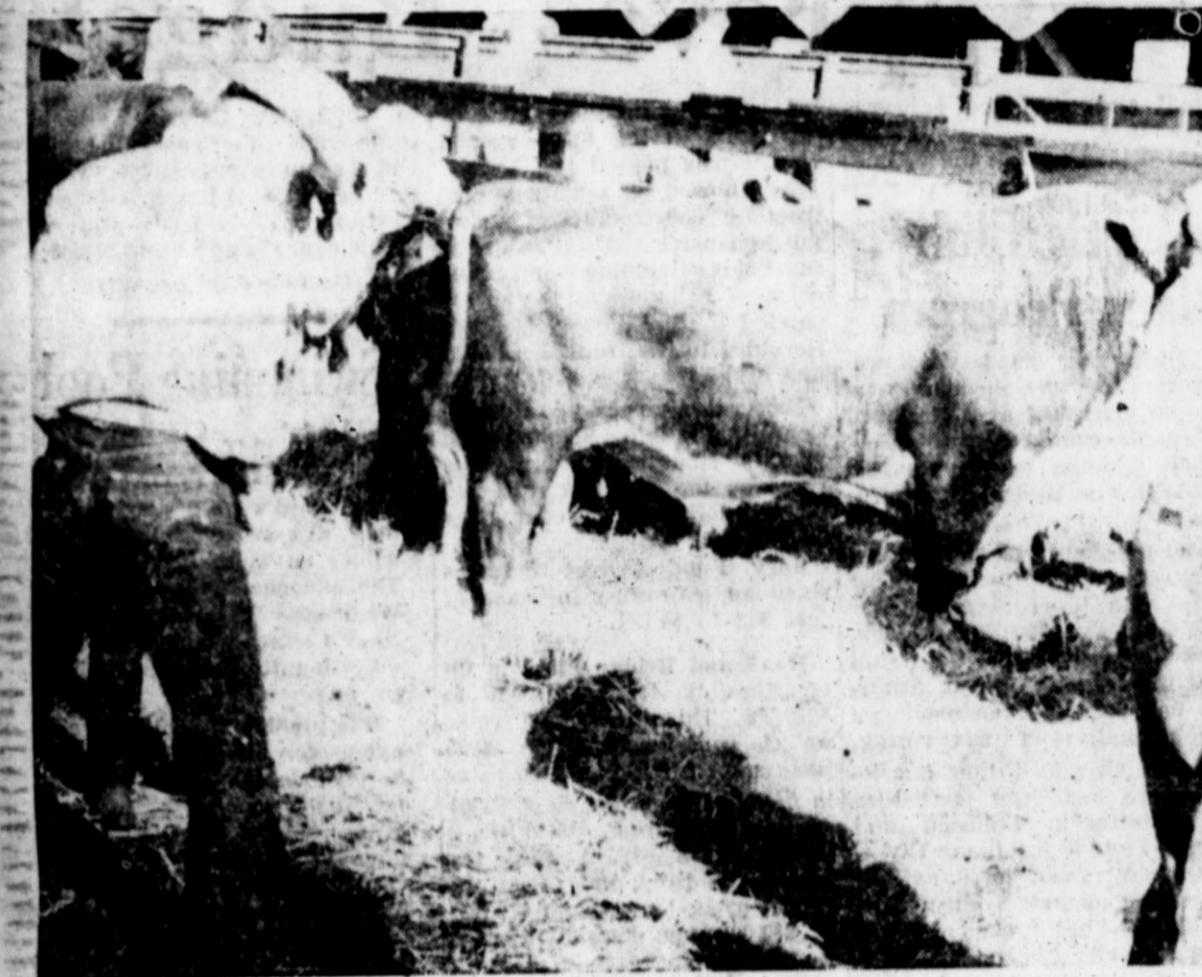

with agricultural production in this area. About 200 civic club members met the tourists at the Bull Barn for the barbecue. Regular weekly meetings of the clubs were cancelled this week for the joint meeting.

At the Lesly farm, 11 miles north of Hereford on U. S. 385, the group viewed cattle grazing on switchgrass. From there, the delegation visited the farm of Shearhart, just east of the Lesly farm, where a fertilizer test demonstration on cotton and grain crops was conducted.

On the Eicke farm, 28 miles north of Hereford, the group viewed a demonstration of a fertilizer test on cotton and grain crops. (Continued on page 2)

A BIRTHDAY PARTY honored two-year-olds Brent Johnson, son of Mr. and Mrs. Tom Johnson of Hereford, and Danny Morrison, son of Mr. and Mrs. Cecil Morrison, of Westway, Saturday afternoon at the Morrison residence. From 25 to 30 children attended the party. (Staff Photo)

YOUNG BULLS were the center of interest in the corrals at Lee Cocanougher's Ranch Monday morning, after the Hereford Tour caravan had viewed the cow herds along the road. This was the first stop of the day. (Staff Photo)

Sheep....

(Continued from page 1)
the national wool program.
The agreement has been in effect since the 1955 marketing year and, if approved in the September referendum, will be continued for another three years.
Approval requires the favorable vote of producers having two-thirds of the volume of production represented in the referendum, Collier said.
The agreement would provide that deductions may not exceed the rates of one cent per pound for shorn wool and five cents per hundredweight for lambs that have been in effect under the original agreement.
"The referendum relates only to the lamb market development program," Collier added, "and will not affect the continuation of the payment program under the three-year extension of the Wool Act last summer."

County....

(Continued from page 1)
north of Hereford on U. S. 385. Discussion on Johnson grass eradication and control was conducted, and a study was presented on the livestock's place on an irrigated farm, a return system for irrigation tail water and recovery on cotton and grain sorghums after a hailstorm.
After the barbecue, the tourists went to observe carrot seed production, and from there to the English farm, in the same vicinity, to consider grain sorghum and hybrid selection methods. A safflower field on the English farm also was observed.
At conclusion of the tour, a vegetable patch, representing all vegetable crops in this area, was observed on the Reinauer farm.

ASC....

(Continued from page 1)
from each community will be represented at a County Convention to be held in the ASC office Monday, Sept. 28, at 9 a. m. Vice-chairmen also will attend the convention as alternates.
Ballots may be mailed or taken to the ASC office anytime before Sept. 8.
Collier said if ballots are mailed, the voter's name and address must be indicated on the envelope for the purpose of listing those participating in the election and the envelope must be plainly marked "Ballot" so that it will not be opened until the day of the election.
In order that the ballot be cast secretly, it should be sealed in a small envelope which in turn should be placed in the self-addressed envelope mailed to voters.
All county farmers and their wives are eligible to vote in the election.
Community A candidates are Claude R. Damron, V. P. Walker, T. L. Sparkman Jr., J. D. Gilbert Jr., Harvey Brock, Edgar Telechik, A. T. Frye, Harold K. Shearhart, V. J. Owens, and A. J. Bezner.
Candidates in Community B include Andrew S. Batterman, Joe B. Wagoner, Jake Gregory, Mike Betzen, A. R. Dillard, Lawrence Carlson, Eugene Fangman, A. F. Huckert, Charles Schlabs and A. F. Marnell.
Community C candidates are Elmer Northcutt, Harold Head, J. F. Ford, Phillip Miller, J. S. Stocks, Glenn Burrus, Ralph W. Mitchell, Lewis Smith, Ira Scott and Chester Wiggains.
Community D candidates are Elmo K. Pinnell, J. V. Perrin, H. D. Fowler, Marion Ferguson, J. Archie Love, Glenn B. Allred, E. R. Artho, Melvin Henderson, Bruce G. Richardson and M. W. Blankenship.

New Labor Camp Road Approved By Commission

A co-operative paving project for the Hereford Labor Camp road was approved by the Deaf Smith County Commission Monday.
Under terms of the agreement, the county will pave 670 feet of the road, while the camp operators will pay for the remainder of the road.
The new approach to the Labor Camp will be from the east starting just south of the railroad underpass on U. S. Highway 385.
In other action, Commissioners officially designated the two buildings on Miles Avenue as the temporary Deaf Smith County Courthouse. All county offices, now are located in the buildings in the 200 block of Miles, while the courthouse gets a modernization treatment.
Mrs. Jim Hadaway's resignation from the post of Assistant County Home Demonstration Agent was accepted. It becomes effective on Sept. 1. County Judge Homer Henslee reported that a replacement for Mrs. Hadaway, who is moving from Hereford, had not been obtained.
After approving the 1960 County budget and tax rate, the Commission discussed progress

Athletic....

(Continued from page 1)
outs will be held at 6 p. m., announced Melvin Young, boxing coach, and workouts for boys under 100 pounds will begin at 5 p. m., Sept. 14.
Kenneth Maxwell and Don McNeese also will help in the boxing program as coaches this year, Young said.
Hardwick said a swimming pool at West Texas State College in Canyon will be available for youngsters this winter. The pool will be available on the first and third Thursdays of a month.
Board members attending the meeting included Dick Barnard, Gerald McCaskill, Dudley Bayne, Guy Lawrence, Wayne Lawrence, Lowell Sharp, Young and Hardwick.

Around....

(Continued from page 1)
Lake and then a bee disputed our right to drive around Jack Renfro's pasture. A hastily-removed shoe disposed of both intruders in short order. Down at Renfro's, the car in front of us stopped short and passengers actually got out in favor of the bees.
If you are planning to swim in Hereford once more, you'd better hurry. The pool will close at 6 p. m. Thursday, Aug. 27.
Students scheduled to attend Northwest Elementary School will enroll at Central on Thursday. Three classes will be temporarily installed in the Central Church of Christ, while the others will be at Central. In all cases, permanent teachers assigned to Northwest will have charge of the classes from the state.

Frank Kimbrough, athletic director at West Texas, called Monday night to remind us that there are some season tickets for Buff football games on sale at Dub's Man's Shop. Included are a few seats in the plush section, which boasts chair seats and electrical outlets. Kimbrough, by the way, was on the Hereford Cattle Tour Monday. Dub's also has some season tickets for the Hereford High home games.
Bobby Williams took his Whitefaces to Clovis Tuesday afternoon for a scrimmage. Re-

ports are that the Herd looked extremely good against the Wildcats, particularly on defense. The Herd is slated to scrimmage Brownfield here Friday night.

Seven....

(Continued from page 1)
Hereford, were drivers of cars involved in the Monday morning accident. Both cars were travelling east at the time of the accident, according to investigating Hereford police.
Mrs. Guadiana, a passenger in the Ramirez car, was taken to the hospital by Gililand ambulance, and Mrs. Sanchez was taken to the emergency room by Kreig-Marcum ambulance. Damage to the Sanchez car was estimated at \$150, and to the Ramirez car, \$250.
The Amarillo group was headed for the H. D. Robbins and Son Ranch, a scheduled stop on the cattle tour, when the three-car accident occurred at about 2:20 p. m.
The Pitt car hit the rear of a car driven by Robert Lee Meeks, 47, of Dalhart, and the Meeks car struck the rear of a car driven by Robert Ural Boyd, 65, of Carlsbad, N. M. Meeks and Boyd escaped injury.
Total loss was reported on the Pitt and Meeks cars by Highway Patrolman Charles Skinner of Hereford, and damage to the Boyd car was reported at \$300. A fourth car in the chain, driven by an unidentified person, was hit by the Boyd car but resulted in no damage, Skinner said.
Mrs. Pitt was sitting in the rear seat of the car, and the Baker boy was a passenger in the front seat. The injured persons were taken to the hospital by Kreig-Marcum ambulance.
Rogers and Johnson were injured shortly after midnight Tuesday west of the city limits on Highway 60 when the car in which they were riding hit a culvert north of the highway.
The automobile, headed west, left the highway to the right and followed a muddy roadside ditch for about 300 feet before hitting the culvert and coming to a halt, investigating patrolman Skinner said.
The injured men were taken to the hospital by Kreig-Marcum ambulance. Total damage was reported on the 1954 model car.

of right-of-way acquisition along U. S. Highway 60 east from Hereford. The Commission was told that a large part of the right-of-way needed for highway expansion had been purchased and that satisfactory progress was being made. Only about six pieces of property still have not been obtained, Judge Henslee said.

(Continued from page 1)
bloodline information and which pastures they would be located in.
R. L. Cocanougher Ranch showed its herd along the fence and then the tour stopped at the headquarters for a closer look at some of the top animals. Five groups were shown by Cocanougher.
Walter Graham's Happy Hereford Ranch headquarters, south of Buffalo Lake, provided refreshments for the tour group. Graham showed 11 pastures of Herefords, but the visitors seemed to be almost as impressed with the lush grass as with

the cattle.
Jack Frost's Eskimo Ranch was the fourth one during the morning tour. All Herefords at this top were shown at the corrals around the headquarters.
Final stop during the morning portion was at Jack Renfro's Ranch. His Herefords were shown to advantage along the green banks of Tierra Blanca Creek and in pens at the headquarters.
Next stop, and a most welcome one, was at the Bull Barn in Hereford at 1 p. m. for a barbecue. More than 500 persons were served by Fred Cunningham, who prepared the meal, and the high school Future Homemakers.
Sponsors and visiting dignitaries were introduced by Bill Dameron, chairman of the Livestock Committee, following the

meal.
H. D. Robbins and Son cattle were displayed along the fence as the afternoon swing to the north and west got underway after 2 p. m.
Colby Conkright and Son C Bar Ranch displayed both commercial and registered cattle on the approach to the headquarters. Corrals and pens held other animals for closer display as the tour stopped and commented on the qualities of various Herefords.
Dameron Hereford Ranch showed five pastures of registered animals at the final stop. Corrals at the headquarters provided opportunities for closer inspection of many of the fine cattle.
A watermelon feed at the ranch closed the tour about 5:30 p. m.

Book Tells Of World War III

THE SEVENTH DAY. By Hans Hellmut Kirst. Translated from German by Richard Graves. Doubleday, \$4.95.
The place is Warsaw, the time is — when? — and the speaker is the head of government from Moscow and declares: "We are nearer than ever to world peace."
His country must submit to the presence of Soviet troops 50 years more, and still other sanctions are imposed on the Poles. But it means peace, the people are reassured, according to this new novel by the author of that popular and spirited trilogy about "Gunner Asch."
The news sent out by radio and press affects, though they are not all immediately aware of it to the same degree, a considerable cross section of German life: Reiners, a diplomat who yearns to unite his country; Constance the artist he loves, who seeks a divorce from capitalist Wolf Beck; Ruth Winters, whom Beck hopes to make his next wife, and Bernhard who blackmails her; Henry Engel, inventor with a role in the development of our deadliest bombs, whom both the Russians and the Americans scheme to kidnap; Isolde, daughter of Constance's housekeeper, and her naive beau Peter; the young lovers Maria and Martin, separated by the division of Germany; and finally Charley, who is the Associated Press correspondent in Warsaw and wanders in and out of these pages collecting information for Kirst, you and me.

Charley is a ludicrously unbelievable character, but so are the other individuals in this novel. This is no longer the work specifically of the creator of "Gunner Asch"; Kirst has another goal here. He doesn't care whether we accept his people, his interest now centers on plot. As Nevill Shute fictionalized almost too realistically in "On the Beach" about the extinction of the human race after the next war, Kirst fictionalizes about the steps by which that ultimate catastrophe will be brought down on our heads.

In fact it's very like the start of World War I, or like the start of any argument between two peppy antagonists; each one has

Boys Ranch Rodeo Slated September 6-7

Most famous sports event of its kind in the country, Boys Ranch Rodeo, in its fifteenth annual performance, will be presented at Cal Farley's Boys Ranch on the afternoons of Sept. 6 and 7, Labor Day week-end.

The rodeo, staged entirely by Boys Ranchers, features only the youngsters from the ranch. Specialty acts by well-known rodeo performers will be presented between the fast, action-packed regular events, but these will be the only "outsiders" in the show.

Boys from five through 17 will ride in bronc, steer, bull and calf busting events for points and prizes, as well as the title of Best All-Around Cowboy. Boys taking top honors become eligible to qualify for the crack riding group at the Ranch, the colorful Boys Ranch Honor Patrol.

Among other events featuring the boys will be the clowning, trick riding, the wild horse scramble and calf riding. Providing music for the two performances will be the widely known 40-piece Amarillo Air Force Base Golden Spread band with Chief Warrant Officer Guy Stone directing.

Performance will begin at 2:30 p.m. each day, and admission for adults will be \$1.25 for adults, 75 cents for children, and 50 cents for service men in uniform. "With all roads to the Ranch now paved, we are hoping to have a record turn-out for the rodeo, and we hope there is, as this is the only event of the year when the boys get to show what they can do," said Cal Farley, Ranch founder.

BOYS RANCH HONOR PATROL members are shown in front of the chapel at Cal Farley's Boys Ranch. These youngsters, selected from the best rodeo performers in the annual rodeo, will be seen September 6 and 7 in action at the fifteenth annual Boys Ranch rodeo on the Ranch. Performances of the famed all-boy rodeo will begin at 2:30 p. m. on both days of the Labor Day week-end.

By JIMMIE GILLENTE

The Hereford cattle tour Monday was the best organized, most efficiently operated promotion I have seen during 22 years in Hereford. Everything seemed to go right. Even the weather man came through Sunday evening with nice showers, and this country showed up in its Sunday best. The entire tour reflected a lot of careful planning and plenty of hard work. At least 75% of those making the tour were interested, out-of-town prospects representing eight states, and several men who travelled 800 to 1,000 miles. Cattle talk flowed in the new Bull Barn, just as it used to flow in the old Bull Barn on Highway 60. It had been a long time since I heard one of those old timers run down a five generation, purebred pedigree from memory, but they can still do it.

Several sons had succeeded their fathers in the gathering here this week, including C-C Chairman Bill Dameron, who almost missed the event, due to ill health.

Lee Cocanougher, Travis Dameron and G. W. Brumley were three, old time breeders I spotted in the crowd. Mason King who represented the Globe-News was another old timer and probably knew more people than any other man present — unless it was O. G. Hill. Mr. Hill got an early introduction into the cattle business when he was a young boy and went along with a shipment of steers on a tramp

steamer to Liverpool, England.

He says that they hand-fed more than 400 steers, and watered them with 3-gallon pails. "I got seasick," recalls O. G., "but I don't think any of the cattle ever did."

More than once, the name of "Rat" Jowell cropped up in conversations. Mr. Jowell, generally considered the daddy of Hereford cattle business in this area, is still remembered in the industry by all comers.

Everyone, too, was talking about the gramma grass on the Walter Graham ranch, where they run-around 800 head of purebred Herefords — and that's a lot of registered beef steak.

From every standpoint, the tour was a success. "Get Herefords from Hereford, Texas," came a long stride nearer reality. A few more of these cooperative ventures, and cattle buyers all over the continent will once again be boosting Hereford, Tex. The biggest reason, of course, is because we can honestly deliver the goods. Promotion has been sadly neglected during the past 15 or 20 years, but you can figure that the local breeders are now on the ball. They are setting a pace which is not equalled by any other group in the area. From now on, I predict you will hear more and more about "Herefords from Hereford."

Fact is, I think it would be smart to get these boys behind some of our other industries, including the retail merchants. The cattlemen are bound to disagree occasionally, but they seem to work things out with a full-speed-ahead result.

Bill McCarty, deputy sheriff, is an expert with one of those little call gadgets. He was telling Ed Line and me that he can even call out rattlesnakes by imitating a mouse. He has called out and killed some 37 coyotes around here this year — and estimates at least 300 of those little foxes. Frankly, I had no idea the area was so densely inhabited with animals of this type. Bill says, however, that they have not even scratched the surface.

Gene Waits was getting ready to take off for school at Ranger Junior College this week, but took out time to predict that the Whitefaces will "win six and lose four" in the coming season. This sounds pretty good, especially when you review the schedule. Gene might be right. He sure might.

Mr. and Mrs. Bill Edelman had more than passing interest in the West Yellowstone earthquakes which trapped so many

people in the mountains last week. In the first place, the Edelman family had just returned from vacationing in the area and, in the second place, her sister, Mrs. R. E. Heare and family, live in nearby Red Lodge, Mont. As bad as you considered the disaster, it was worse, according to the Billings Gazette, which Mrs. Edelman was kind enough to leave in the office.

Those who have visited Old Faithful in Yellowstone Park will be interested in the following paragraphs:

"...panic-stricken guests poured out of Old Faithful Inn, many of them climbing into their cars and fleeing from the park in terror.

"Rocks fell from the huge fireplace chimney in the center lodge and shocks left the fireplace about eight inches out of plumb.

"The Yellowstone Transit Company dispatched eight buses to the Inn and evacuated many to the Old Faithful recreation hall at the lodge." The article also said that no meals were served, and guests were fairly hungry by the time they were out of the area.

I guess the courthouse employees must park somewhere besides the courthouse square. Anyway, all of the parking spaces seem to be just as full these days as they were before the courthouse personnel moved to the new location south of city hall. Parking is no great problem here as yet, but the time is rapidly approaching when it will demand more and more consideration.

Out in this country, we often think we have problems, but I was reading the woes of a New Yorker which literally put us to shame. Said he:

"It takes real application to get through the mammoth Sunday New York Times, attend church, do 18 holes, catch the second game of a TV double-header, pick up Ed Sullivan, play a rubber of bridge, and get a good night's sleep in preparation for a fruitful Monday."

Furthermore, it causes one to stop and wonder how people ever got their work done in the days before we had dish washers, toasters, automatic dryers, running water, and bath rooms. All in all, it is something to ponder.

Plans Outlined At P-TA Meet

Plans for the forthcoming year were outlined at a meeting of the Deaf Smith County Council of Parent-Teachers Association in the Hereford High School library Monday at 8 p.m. Attending the meeting were D. C. Martin, V. F. Marsh, Bruce L. Miller, Mrs. Jimmy Mercer, Mrs. Glenn Allred, W. C. Quattlebaum, Mrs. Margaret Aven, Albert Maxwell, Mrs. John D. Pitman, Mrs. Eugene Noel, Mrs. Earl Galley, Glenn Allred, Mrs. Roy Calvert and Mrs. O. H. Culpepper.

Milk has reached the scald stage when little bubbles appear around the edge of the milk surface.

Conditions Perfect For First Hereford Tour

Breakfast opened the event.

First annual Hereford Cattle Tour was a fine success, according to the more than 400 who attended all or part of the day-long look at Hereford registered cattle Monday. Eight ranches played host for the tour, which attracted many out-of-state breeders and cattle raisers for a look at fine stock around "The Hereford Capital". The tour was originated by the Livestock Committee of the Deaf Smith County Chamber of Commerce in an effort to re-emphasize that Hereford is home of the breed for which it is named. Cool temperatures, knee-high grass and fat cattle provided an ideal picture of conditions in the area. Some weekend rains even kept down the dust which would have been a headache in other days, as a hundred cars journeyed from pasture to pen . . . and back again.

The Hereford Brand

Hereford, Texas, Thursday, August 27, 1959 Section Two

Registered stock was displayed to advantage at ranch headquarters.

Relative merits of bull calves get close attention.

Fence-leaning is a time-honored cowman custom.

Well-behaved Herefords were the objects of viewing for hundreds.

Cold watermelons climaxed the successful tour. [Staff Photos]

Long Time Ago

45 Years Ago
Most of us have been hearing a good deal of late about the dogs of war, but the Brand news-fakir ran across another bunch this week while making the rounds for news. In front of the Corner Drug Store, a popular resort on Main street, he met one member of the firm and another gentleman of strong political opinions and a hankering after the novel in both war and politics. On being asked if there be any NEWS, the newsfakir was told that the only thing in sight was four dogs and these were enjoying the shade of the awning of the aforesaid drug store. Anxious for news or anything with which to fill the paper, he inquired their ownership, whereupon the aforesaid citizen remarked that they seemed to belong to the proprietor. Not having full knowledge of dogology, inquiry was made as to the kinds and breeds. He was told one was a greyhound, one was a fice, one was shepherd and the fourth a common country dog, but the proprietor denied the ownership of the bunch and avowed they were not his'n. "Whose be them?" was the last newsfakir made a rush to a safe question propounded as the er position.

45 Years Ago
Teachers of the rural schools of Deaf Smith county have all been hired and everything is in readiness for school to start September 3.

Nine new teachers are employed in the county this year. Charles Ferguson and Lorene Stogner are the new teachers at Bippus, Buildford Miller and Alma Montgomery at Simms. Mary Louise Loyd at Dean, Josie Bell Rice at Heiselman, Wayne Kimmins and Lila Short at Progressive and Pauline Maben at Fairview.

The teachers of the county will be: Summerfield, Ruby Thompson and Oleta Boling; Dawn, L. N. George, Mary L. Chambers, and Hazel Crough; Wyche, Mona K. Fleming and Lucille Park; Westway, F. W. Dodson; District 7, Walcott, Ruth Wolfe; Bippus, Charles Ferguson and Lorene Stogner; District 6, Simms, Buildford Miller and Alma Montgomery; Dean, Mary Louise Loyd, Heiselman, Josie Bell Rice, Ford, Ida Lee Cope and Rachel Shields; Higgins, Evelyn Arceneaux; Progressive, Wayne Kimmins and Lila Short; Daniel, Mrs. Chloe Grabbe and Mrs. E. S. Allen; Fairview, Pauline Maben; District 8, Catherine Oxford and Alberta Davis; District 10, Imogene Copeland.

ANDERSON IS PREXY
NEW YORK (AP) — Playwright Robert Anderson is now president of the New Dramatists Committee, where he formerly studied.

Anderson was one of the first group of hopeful writers sponsored by the organization when it began 10 years ago. Operated by professional theater support, the New Dramatists group gives writing guidance, holds seminars and helps underwrite the living expenses of selected aspirants.

Anderson, whose best known work is "Tea and Sympathy," succeeds Roger L. Stevens as president. The latter is now treasurer.

Chopped raw apple added to waffle batter just before baking is delicious.

Up To Four Inches Of Rain Puts Highway Under Water

By MRS. CARL WIMBERLEY

From less than one-half to more than four inches of rain fell in various parts of the community early Sunday morning and in the afternoon and evening.

Water was about 18 inches deep over Highway 60 in the Jowell Switch area, where the four inches was received. North of there, L. B. Drake reported three inches and P. L. Carmichael had two inches. Walter Lemons, about 11 miles northwest of Dawn, reported receiving about one inch. Tony Burrus, three miles north, had over an inch while about three-quarters fell at Dawn. H. S. Fuller, about four miles south, reported .30 of an inch. No hail was reported by anyone. J. N. Killingsworth, principal of the Dawn School, has

announced that pupils will enroll there on Friday. Mrs. Ray Wells and Mrs. Killingsworth will be the other teachers at Dawn.

Carol Ann Newman, daughter of Mr. and Mrs. Milton Newman, flew from Amarillo to Kansas City, Mo., last Friday for a visit with her aunt, Mr. and Mrs. Roy Kirk. By the time the Newmans did some shopping and came home, they had a call from Mrs. Kirk that Carol had arrived safely.

Mrs. O. T. Hewitt of South Plains visited Wednesday night with Mr. and Mrs. N. R. Miller and family. Mrs. Hewitt came to see Lucy Beth Miller before Lucy Beth leaves Monday for nurse's training at Henderson Memorial Hospital in Abilene.

Mr. and Mrs. C. C. Stewart, Dorothea and Buddie returned

home late Wednesday from a vacation trip to Colorado. They visited Mr. and Mrs. Henry Miller and family at Delta, Colo., while they were gone.

Miss Alleen Wilson, Mrs. Kate Wilson of Belton and Johnny Cummings of Temple returned to their homes Wednesday after a visit here with Mr. and Mrs. H. S. Fuller and family.

Mr. and Mrs. Herschel Trimmer of Second Mesa, Ariz., visited in Dawn Friday afternoon. Mrs. R. A. Frye notified as many local people as possible and quite a number gathered for a short visit with the Trimmers.

Others present were Mrs. J. F. Matthews of the Daniel Community, Mrs. H. V. McCabe, Mrs. H. S. Fuller, Mrs. William Wimberley, Mrs. Carl Wimberley, Mrs. L. L. Airhart, Mrs.

W. T. Beavers, Mrs. Henry Beckman and Miss Bertha Frye.

R. A. Frye, Trimmer and Airhart visited at the cafe while the ladies met at the hotel.

Mr. and Mrs. Trimmer were en route home after having made a trip to Europe this summer. They went with a group of teachers through a tour arranged by San Francisco University.

The Trimmers went by boat to France, where they rented a car and toured The Netherlands, Belgium, Germany and Switzerland before going to Valencia, Spain, where they studied Spanish at the University for five weeks.

In Valencia each day every-one took a siesta from two until four p.m. City night life, theaters and night clubs all

opened about 11 p.m. and remained open until 2 a.m. This was because of the intense heat during the day.

Before returning home, the Trimmers made a tour of Southern Spain, North Africa, Algiers and French Morocco.

Then went to Portugal, where they took a plane to the States.

They have been teaching for several years on the Hopi Indian Reservation in Arizona. Mrs. Trimmer teaches six-year-olds how to speak English before they enter the first grade at age seven. Her husband teaches the older children.

Mr. and Mrs. H. H. Miller and family visited last Sunday with Mrs. Inez Wedel and son, Karl, in Amarillo. Mrs. Wedel recently was in the hospital in Hereford for two weeks.

Eddy Davenport and Charles Peek of Amarillo returned to their homes Monday after visiting here several days in the home of the Rev. and Mrs. Charles Davenport. The boys are brothers of Rev. and Mrs. Davenport.

Mrs. Doyle Cox, Mr. Leroy Packard and daughters of Hereford visited in the home of Mr. and Mrs. Rea Cox Thursday.

On Tuesday, the Rea Cox family visited with Mr. and Mrs. T. B. Cox of Plainview in Hereford. The latter were on their way to visit their daughter, Mr. and Mrs. Everett Cox in Farmington, N. M.

Billy Miller and James Gentry are attending football practice each morning and evening at Hereford High School. Billy will be a sophomore and James a junior this year.

Dinner guests in the home of Mr. and Mrs. Leon Vinton Sunday were her brother, Mr. and Mrs. Emil Huseman and family and an aunt, Mrs. Louise Woolfe, all of Nazareth.

Mr. and Mrs. R. L. Johnson and sons left Monday morning for a vacation trip to Colorado.

Visiting in the Fuller home Sunday were Mr. and Mrs. Horace Bowley, Mr. and Mrs. Don Fuller and daughter, Car-

rie, of Amarillo.

Mr. and Mrs. Walter Lemons and daughters visited over the weekend with her mother, Mrs. J. M. Waller, at Morton.

A large number of Latin-Americans moved into the hotel this week. They will work in the carrot harvest on the Gayle Neal farm and in the local carrot shed.

Harvest will begin as soon as it is dry enough. Neal reports that the carrots are of a very fine quality.

Work is expected to be finished on the new Post Office building this week, when the location will be moved. The new building is of frame construction, with asbestos shingle siding. It is south of the Dawn Baptist Church.

Mrs. L. M. Harris, mother of Mrs. C. C. Stewart, has been moved from the home of Mr. and Mrs. Jess Dodson in Canyon to her home in Amarillo. Mrs. Harris has been ill for several weeks.

Mr. and Mrs. Zed Stewart and Mrs. Boyd Stewart and family, Pat and Parker, of Pampa, returned home Sunday from Weed, N. M., where they stayed last week with Mr. and Mrs. Dwayne Stewart and family, who have a ranch there. The Stewarts reported that

they ran into a hard rain at Roswell, N. M., on Sunday and had to stay there for some time because of it. East of Bovina they drove into hail and hard rains. In Friona the water was about six inches deep in the streets and at Jowell Switch it was over the running boards of the car.

The Stewart families spent some time at Ruidoso, N. M., on their way home.

Dwayne Stewart, who is a graduate of West Texas State, has been teaching for several years at Mescalero, but plans to work on the ranch this year.

Mr. and Mrs. R. T. Stewart and children visited Sunday with Mr. and Mrs. W. J. Stewart in Canyon.

C. Aubrey Wimberley of Amarillo has been staying the past two weeks at his farm here with Mr. and Mrs. Bruce Wimberley.

Mrs. C. Aubrey Wimberley and daughter, Kathleen, have gone to Fort Hood to visit Lt. and Mrs. Don Bauer and sons.

Mrs. W. W. Wimberley Sr. and her sister, Mrs. L. E. Storey of Raymondville, visited Friday afternoon in the Bruce Wimberley home.

FRIO NEWS

Bible Study Program Presented By Group

By MRS. OWEN ANDREWS
Ladies of the Frio Baptist Church met Tuesday in the home of Mrs. Glen Andrews. The program was a Bible Study, directed by Mrs. Owen Andrews, taken from the book of Philomen.

The organization elected officers for the coming year. Elected were Mrs. Glen Andrews, president; Mrs. Floyd Cole, vice president and program chairman; Mrs. Henry Dobbs, secretary; Mrs. H. M. Mobley, Bible study leader; Mrs. Clark Andrews, nursery supervisor, and Mrs. Arthur Betts and Mrs. Andy Axe, G. A. Leaders.

The next meeting will be on Sept. 3 at 2 p.m. This is a change from the past meeting schedule as the organization voted to meet the 1st and 3rd Thursday afternoons instead of 1st and 3rd Tuesday mornings as it has been doing.

Mr. and Mrs. Edgar Vinson and Carleta, Edlana and Sammie Ann, Mr. and Mrs. Carlton Dobbins, Mr. and Mrs. Joe Scott and Benny all left Thursday evening for Brownwood for a reunion of the Scott families. Mr. and Mrs. Robert Dobbins went on Friday evening. They left their young daughter, Cafta Sue, with Mr. and Mrs. Jim Brooks. The reunion took place at Lake Brownwood in a park provided for such occasions. A total of 68 persons attended. Rain fell in generous amounts

in the community Sunday in morning and evening showers. The heaviest rainfall was reported in the western part, with the J. H. Dobbs and B. M. Sudduths reporting .8 Sunday morning and about an inch Sunday night. About a half inch fell in the vicinity of the Frio Baptist church.

Mr. and Mrs. Glen Andrews and Hal ate Sunday dinner with the Herb Schmidts. Veradelle Andrews moved back to Amarillo Saturday to resume teaching at Whittier Elementary School. She lives with Mrs. Deborah Edmondson, at 1823 Orange St.

Clark Dobbs spent the weekend at Portales with the Davises, parents of Mrs. Dobbs, who with the children have been spending several days there while Mrs. Davis is recovering from an operation. Mrs. Dobbs plans to come home sometime this week if her mother continues to improve.

Among the late August vacationers are Mr. and Mrs. Walter Hodges Jr., Austin and Dennis, Mr. and Mrs. Olin Parris and Mr. and Mrs. David Yandell, who are all fishing in southern Colorado.

Mr. and Mrs. Harlan Barber, Virgil and Jimmy, spent last week visiting their relatives at Lenora and at Cloudcroft, and Ruidoso, N. M., the last of the week for an outing.

Sunday dinner guests of the W. H. Andrews family were Mr. and Mrs. W. H. Thompson, Misses LaVonne and Tawana Thompson and Bill Hindman of Lubbock and a HSU student and Godfrey Baldwin. Hindman is the fiance of Miss Tawana Thompson and the wedding is to take place Saturday.

Mr. and Mrs. Floyd Cole and children were visiting his relatives at Ada, Okla., during the weekend and the first of this week.

Visiting the Weldon Stephans on Thursday afternoon, were Mrs. Carl Lee, Mrs. Carlisle Sargent, Mrs. J. F. Cheatham, Mrs. Moody Stephan and Linda Stephan. Thursday was the first birthday of Jill, daughter of Mr. and Mrs. Weldon Stephan.

Mr. and Mrs. H. D. Robbins of Hereford and Mr. and Mrs. Weldon Stephan, Rhonda and Jill, were dinner guests of the Moody Stephans, north of Hereford Sunday. Visiting Mr. and Mrs. Earl Harkins Monday evening were

Mr. and Mrs. Weldon Stephan and girls and Mr. and Mrs. Gene Welch and children.

The children of Mr. and Mrs. Frank Robbins have been quite ill with a virus infection.

Mr. and Mrs. Wesley Earp and Norma Joy were here again this past weekend visiting Mrs. Earps parents, the B. H. Baldwins, and other relatives. They were leaving for their new work in Wisconsin, where he will be a college instructor.

Beauty At Home

Q. How can I help to brighten up my somewhat drab-looking blonde hair?

A. Add the strained juice of two lemons and one tablespoon of salts of tartar to a quart of hot water. Wet your hair and apply this solution, rubbing it in thoroughly through the hair. Then rinse, and dry.

Q. How is an eyebrow pencil properly sharpened?

A. Since these pencils soften easily at room temperature, it is best to harden them by keeping them in the refrigerator for a half-hour or so before sharpening. Then pare the wax part of the pencil with a single-edged razor blade, shaping it almost flat to resemble a chisel. For best results, sharpen your pencil at least every third or fourth time used.

Q. What is a good treatment for a face that is infested with blackheads?

A. After your usual washing, apply the following: To a cup of hot water add one heaping tablespoon of epsom salts. Dissolve thoroughly. Dip cotton squares into this solution, and pat over the face. Repeat for ten consecutive nights. The face should be sponged off with cold water after each epsom salt bath.

Q. What makeup technique will seem to "bring out" a receding forehead?

A. By using a lighter foundation shade on this area; the lower part of the face seems darker, and the forehead is highlighted into greater prominence.

Q. How can I remove some crayon marks from one of my unwashable dresses?

A. Carbon tetrachloride, or other dry-cleaning fluid, will usually prove effective.

Musettes Listed On Honor Roll

BY MRS. CARL WIMBERLEY
In the summer issue of "Junior Keynotes", National Federation of Music Clubs Magazine, the Dawn Musettes were listed on the Junior Club Rating National Honor Roll. The local club scored 295 points. The requirement for the honor roll is at least 250 points.

Many of the mothers of the community are busy getting their last minute sewing done before school starts.

Among the families here who attended the Countywide 4-H picnic and swimming party in Hereford recently were Mr. and Mrs. Clarence Betzen and children and Mr. and Mrs. A. J. Bezner and family.

The Betzen family went to Dumas Saturday for a visit with Mr. and Mrs. Jim Clements. Mr. and Mrs. Jimmie Gast and daughter of Amarillo returned home Saturday after a two week's visit here in the home of her sister, Mr. and Mrs. Walter Lemons and family.

There. At Custer City they went through Fairyland a park of trained animals. At New Castle, Wyoming, the Richardsons visited in the home of a friend, Mr. and Mrs. O. L. Roberts who have a ranch there. The Richardson reported that it rained on them from Custer City until they got between Dumas and Amarillo on the return trip.

OFF THE Shelf

By ROSE CURRY

If you were suddenly taken prisoner of the Russians, or for that matter any country, how would you react? My **Three Years Inside Russia** by Comrade X, as told to Ken Anderson, is a very touching story of a German who was taken prisoner during World War II.

The book starts out with the man's experiences as a truck driver in the German Army. He was too old to fight as a combat soldier, but as he had drivers licenses, he was assigned to a quartermaster corps as a truck driver.

They did most of their driving at night in wooded areas, crawling at a snail's pace, without lights, over planted bombs, in the bitter cold and expecting at any time to be attacked by the Partisans.

During this time there were many instances when he was kept from harm only by the help of God. He had been raised in a Christian home and he and his wife were Christians. In one particular time, his wife was burdened for his life and went to God in prayer, and his life was spared.

When he was taken prisoner, he was allowed to keep his Bible. The Russians took their clothes and gave them old, battered ones instead. They were taken to Moscow, where they were marched through the city on parade. Many of the Russian people cast slighting remarks about them but there were others who just stared at them. He had no hatred in his heart for the Russians but rather a love for them, knowing that most of them knew nothing about the Bible or God.

The first year he spent in Siberia. While there, he sent his first message to his wife. After he had written the card briefly, but clearly, he gave it to one of the guards. He looked at it a moment and then said, "You have sent a code message." But it was many long weeks before he learned whether the message had reached its destination.

That winter was very hard on everyone. Many died and many became so despondent that they took their own lives or went out into the bitter cold and were never heard of again.

Many times during this time, he would have periods of doubt and melancholy. But he would always read his Bible and pray to God to give him courage and a trusting heart. These prayers never went unanswered.

After spending the year in Siberia, he was in several different places. He never had en-

Hereford, Texas, Thursday, August 27, 1959 Section Three

New Buffalo Stadium Ready For Tough Five-Game Home Schedule

CANYON. — A spanking new 20,000-seat stadium, an attractive five-game home schedule and a lot of hope for a comeback by the football team promise to make 1959 a memorable year in West Texas State grid annals.

Coach Clark Jarnagin, in his second year at the helm, will welcome a squad of some 60 players at the start of practice, Tuesday, Sept. 1. The group will include 40 varsity gridlers and 20 freshmen. Coach Jarnagin lost only five seniors from the 1958 squad that dropped nine of 10 starts, the worst record in school history.

"However, we still will be inexperienced because most of our varsity boys are sophomores," reasoned the Buffalo boss.

Coach Jarnagin admits he has some good boys but lacks depth. Among the standouts who are returning are Eddie Meyer, 225-pound senior tackle from Borger; Carroll Stafford, 200-pound Amarillo senior who has been moved from center to guard; Leon Manley, 210-pound Abernathy guard, who was second-team all conference; and John Hall, 170-pound Pettit halfback who also made the conference second unit. Stafford was another second-team conference choice, but at the center position.

The Buffs, who open on the road against Border Conference favorite Arizona State Sept. 20, will be blessed with outstanding speed and the fact has encouraged a new offense for the

Herd. Coach Jarnagin and his staff will flash the winged-T offense this fall, shelving a combination split-T and regular T that the Buffs have used for a number of years.

"We are doing it to take advantage of the fastest group of backs we've had in a long time," said Coach Jarnagin. Some of the speed demons of the group are Jerry Williams, 155-pound sophomore from Lockney; Jimmy Jones, 170-pounder from Sundown; and Ray McCown, 190-pound swiftie from Plainview.

The new Buff stadium, located on the Amarillo-Canyon Expressway two miles north of Canyon and 13 south of Amarillo, will open its gates Sept. 26 in a night affair with University of Arizona. The modern plant includes such extras as chair-back seats, electrical outlets in the stands and wide cross-overs that will eliminate long climbs to any part of the stadium and speed up passenger traffic in the stands.

After Arizona makes its appearance, the Buffs will entertain four other "major" opponents in the new emporium — Mississippi Southern, Oct. 17; Hardin - Simmons Oct. 24; Virginia Tech, Nov. 7. Season tickets for the five home attractions sell for \$15 (add \$2.50 for chair-back seats) and they may be ordered by contacting Ticket Office, West Texas State Fieldhouse, Canyon.

Mr. and Mrs. A. T. Frye went to Ruidoso, N. M. Friday for the weekend. They came home Monday.

Mrs. Carl Wimberley and Ted returned home Monday from Sweetwater and Abilene where they visited several days.

At Sweetwater they visited her sister, Mr. and Mrs. T. C. Nicholson, brothers, Mr. and Mrs. Alfred Smith, Mr. and Mrs. Almer Smith, and saw a niece, Mr. and Ms. Hollis Welborn who formerly lived at Dawn. Ted also went fishing.

In Abilene they visited Mr. and Mrs. Frank Smith, and Mr. and Mrs. R. R. Strickland. They also saw Mrs. Lydia Pringle of Aspermont who was visiting the Frank Smith family. Mrs. Pringle also formerly lived here.

Mr. and Mrs. Zed Stewart went with Mrs. Boyd Stewart and family, Pat and Parker, Tuesday to Weed, N. M. for a visit with Mr. and Mrs. Dwayne Stewart and children.

Mr. and Mrs. Edgar Lemons and children, Beverly and Gary Wayne, visited with Mrs. J. J. Barlow at Earth Tuesday. Mrs. Lemon's niece, Alicia Gallo-way came home with them for a visit.

A birthday dinner for E. A. Oberst of Canyon was held in the home of Mr. and Mrs. William Wimberley Wednesday. Other guests were Mrs. W. W. Wimberley Sr. and her sister, Mrs. L. E. Story of Raymondville who is here for a visit.

Oberst was 80 years of age Saturday, Aug. 22.

Visitors in the Ted Richardson home Sunday were his brothers, Mr. and Mrs. Leon Richardson and their families, Mr. and Mrs. Lee Massey, all of Littlefield and Mrs. S. E. Neighbors of San Antonio.

Mr. and Mrs. L. L. Airhart visited in the homes of Mr. and Mrs. James Airhart in Canyon and Mr. and Mrs. L. G. Airhart, Mr. and Mrs. George Ralphs in Happy Sunday.

GET-ACQUAINTED PARTY for members of the Hereford High band was held Friday night in the band hall. More than 50 students attended during the evening. In center of picture is George Hill, new director for the Big Domino Band. (Staff Photo)

AUSTIN HIGHLIGHTS

Moving Operation Creates 'Government On Wheels'

By VERN SANFORD

AUSTIN — Texas will have a virtual "government on wheels" for the last part of this month as 31 state agencies pick up their filing cabinets and move into the new State Office Building.

This is the second new headquarters building to be completed this year. First to be occupied was the new Texas Employment Commission building, completed only a few weeks ago.

Transferring into the new State Office Building undoubtedly will be the biggest move of state agencies since horse-drawn dray wagons moved the government into the present Capitol Building in 1888.

First to move will be a host of commissions, boards and divisions which have been in rented quarters scattered over Austin.

Later, probably October or November, another big move will take the Supreme Court, Court of Criminal Appeals, Attorney General's Department and Supreme Court Library out of the Capitol into the new State Courts Building, a third state building to be completed this year.

It has been the dream for some time of the Supreme Court's elderly Chief Justice John E. Hickman to stay on the job until the day he could preside in the new Courts Building.

Built of granite similar to that in the Capitol, but with modern styling, the new buildings are to the north of the Capitol. Combined cost of the two buildings is some \$7,000,000.

With all the happiness over the prospect of splendid new quarters, there are some regrets. Many employees are worrying about where they'll park their cars once all the scattered agencies move into one building.

Supreme Court jurists feel a touch of sadness at leaving behind the historic walnut bench, inscribed with the Latin phrase, "As God was to our Forefathers, so may He be unto us." It has been in use practically since the memory of man. Replacement is a handsome marble piece which the judges compare to a soda fountain.

A tingle of excitement, fear and hope runs through landowners and business people when they learn that a new super-highway is to come through their area.

Some residents fret over the prospect of losing the old home

place. Others dream of wild profits. Businessmen worry whether the motorists will be able to get to their places.

As more and more expressways pierce the countryside, the State Highway Department is making every effort to explain the procedures for acquiring highway right of way.

Samples from recent official Department statements:

1. Although its first responsibility is to the public — the taxpayers and millions of highway users — the Highway Department "tries to create a minimum of private injury or inconvenience."

(Continued on page 2)

RECIPIENTS of the Ives Memorial Scholarship this year of the University of New Mexico are Mrs. Robert L. Hennington, formerly of Hereford and now of Albuquerque, and Miss Jeanette French of Duke City.

REP. WALTER ROGERS WRITES:

Though Not 'Joined' Hawaii Now A State

To the People of the 18th District:

Last week the eight large islands of the Hawaiian archipelago officially became the 50th state of the United States of America. Since the Hawaiian archipelago is not joined geographically to continental America, the term U. S. A. would not be exactly right.

However, viewing it from a political standpoint, we feel the term is correct because Hawaii wants it to be that way. Hence, there will be no need for a change of that term.

The new state will be represented by two new Senators and one new Representative. Their names are Long, Fong, and Inouye. I have not had the pleasure of meeting the Senators, but I have had several long visits with Daniel Inouye, who is the new Representative. He is a very good friend of my good friend, Mr. John Burns. Mr. John Burns is the former Hawaiian Delegate who piloted the Hawaiian statehood bill through the Congress. Although I vigorously opposed the measure granting statehood to Hawaii, Mr. Burns and I remained good friends and I sincerely hope we will continue to be.

My opposition to the measure was based upon the political and economic problems involved and not upon personal animosities or emotional disturbances. Since the Congress has elected to admit Hawaii, it is my desire and my intention to do everything in my power to help it become a great state.

Mr. Inouye is of Japanese descent. He served as a Second Lieutenant with the famed Hawaiian 442nd Infantry Regiment in World War II. He won the Distinguished Service Cross and fourteen other citations. He single-handedly neutralized two enemy machine gun nests at the cost of his left arm and wounds over other parts of his body. He is most popular in Hawaii and will prove to be so in the Congress.

Senator Long was born in Altoona, Pa., on March 4, 1889. He has served in the school system of Hawaii, as Director of Public Welfare, Secretary of Hawaii and Governor.

The other Senator, Mr. Yau Leong Fong, is of Chinese descent, a self-made millionaire and a former legislator on the local scene, having served in the legislature of Hawaii.

The people of Hawaii feel they have three able Representatives in Long, Fong, and Inouye, and that the combination of Long

to Fong to Inouye may prove as effective in the legislative halls as the combination of Tinker to Evers to Chance proved on the baseball diamond.

The House last week passed the Equal Time bill. Under the Communications Act, any radio or TV station permitting a candidate for public office to appear on their facilities is required to afford equal time to other contestants in that race.

This provision in the law had been under fire for a long time from the TV and radio industry. Many in these groups wanted to repeal the section outright. This would leave it to the discretion of TV and radio operators as to how they would handle political appearances.

This could not be done without opening the door to possibilities of abuse and fraud and resulting scandals which could shake the industry more than the revelations of what had been going on behind the scenes in some of the Bureaus in Washington. The whole matter came to a head when a perennial candidate in Chicago insisted he be given equal time with the mayor of Chicago who had been displayed on TV taking part in some official and semi-official

(Continued on page 2)

SPECIALIST EUGENE M. ZINSER of Hereford is shown tightening the coupling on a six-inch pipeline being laid by the 700th Engineer Pipeline Co. now in summer campment at Fort Polk, La. The 700th Engineers has a platoon in Hereford, under command of Lt. James Alston.

Laying three miles of pipeline was no obstacle for the men of the 700 Engineers, many of whom farm irrigated land in the Hereford area. Six officers and 119 enlisted men of the 700 Engineers are at Fort Polk.

CARRELL CURRIE, left, of Dallas was named Miss Wool of Texas for 1960 in San Angelo. Crowning her is Miriam LaCour of Raywood, Miss Wool of 1959. Miss Currie, 19, will be a sophomore at Southern Methodist University this fall. (AP Wirephoto)

Rep. Walter

(Continued from page 1)

activities. The matter was appealed to the Federal Communications Commission which ruled that under the law as written, the perennial candidate was entitled to the equal time, even though the activities of the mayor were in an official or semi-official capacity and on a regular scheduled newscast. The matter underwent long and exhaustive hearings before the Interstate Committee.

The result was that the bill passed the House last week. This bill makes it possible for the people to receive the news regardless of what personalities might be involved, without subjecting the TV and radio stations to the inconvenience of a

fine bridge over the Red River that connected Oklahoma and Texas. This made Bridgetown a transportation center.

With the bridge and the oil industry, Bridgetown grew almost overnight to a town of 10,000 population. Many businesses were established and the town continued to prosper until two things happened. First, other and better bridges were built across the Red River. And, second, the great flow of oil started to diminish.

Finally, on Oct. 31, 1935, the last blow fell on the little Red River Community. The post office was closed. It was the last office in the business district that stretched for almost a mile. Once on the front porch of the post office a verified deal involving \$50,000 cash took place. The money was counted out on the rough boards of the front steps.

Today nothing remains of the business district of Bridgetown. There are still a few buildings just down the hill from the business district that once was a sort of residential section.

One brick building stands in that location near the bank of the Red River, and an old wooden water tower along with many foundations and cellars where homes once stood.

The Red River bridge that the town was once so proud of has almost completely disappeared. There are still several posts sticking out of the river bed to Grandfield, Okla.

ving to afford equal time to others who might be seeking the same public office as some individual whose picture appeared on the TV station, on the news, or whose voice might have been heard over the radio.

We hope to agree with the Senate on a final measure which will protect the people in being able to receive all of the news and at the same time prevent possible abuses in the use of the spectrum which belongs to the people.

We enjoyed having several from the Panhandle in Washington last week. They included Mr. and Mrs. Morris Browning, long-time residents of Amarillo; Mrs. Lauream Robertson, also from Amarillo; Mr. and Mrs. A. M. Lemons and Norma Nell, Al, and Mary Lemons of Booker, Mrs. E. A. Turnbow and her daughter, Nancy, from Shamrock; Mr. and Mrs. R.J. Ramey, and sons, Edgar & Edwin Ramey from Amarillo; Miss Gwen Dunn of Dimmitt; Dr. Lowell H. Harrison, who heads the Department of History at West Texas State College; and Mr. and Mrs. Mac Bates from Dalhart.

2. When private lands are needed for public roads, the law guarantees "adequate compensation" to the owner. Independent professional appraisers are hired, and an "approved value" figure determined.

3. Once the "approved value" is settled on, the Department negotiator can't "horse trade" with the landowner. This might reward the greedy and thimble-minded at the expense of the timid or public spirited person. But a dissatisfied owner can have the matter settled in court.

4. When part of a piece of property is taken and the rest left isolated or of little value, the state will make payment for the loss of value.

5. Owners will be given ample time to move buildings to another site or find new buildings.

6. If an owner with a GI mortgage has to sell, the Veterans Administration will restore his GI loan privileges for getting a new piece of property.

7. An owner who sells property for more than he paid for it will not have to pay income tax on the profit, providing he uses the money to buy similar property within a year.

8. Controlled access highways cannot have an entrance and exit for every piece of property along the way. Real estate developers are urged by the Department to contact the local planning engineer before making any commitments based on access to the through lanes of a controlled access road.

State Board of Water Engineers has scheduled a hearing for Aug. 31 on the City of Houston's controversial bid for Trinity River water.

Houston seeks permission to build two reservoirs near the mouth of the Trinity, one near Livingston and one near Wallisville, and divert more than a billion gallons daily.

Trinity River Authority and a number of upstream cities — Dallas, Fort Worth, Huntsville, etc. — are protesting that Houston is trying to grab the water supply from the whole river.

With Texas' 1959 traffic deaths running six per cent higher than last year, Gov. Price Daniel issued an urgent safety plea to Labor Day motorists.

He called on law enforcement portants of all drivers, to help agencies, civic organizations, safety councils and "most im-

no matter what may happen to us.

in this most important of all Texas efforts, the saving of human lives."

Department of Public Safety reported traffic deaths for the first half of 1959 at 1,097, compared to 1,032 for the same period in '58.

SHORT SNORTS — Texas range and pasture land is in the best condition since 1941, reports the U. S. Department of

Agriculture. Good winter feed prospects for cattle are predicted. . . Texas construction activity for the first half of 1959 totaled \$1,123,332,000, an increase of 11 per cent over last year. . . A 1959 pecan crop of 27,000,000 pounds is forecast for Texas by the U. S. Department of Agriculture. This would be slightly better than the 26,000,000-pound crop in 1958. . . Governor Daniel

has appointed Otha F. Dent of Littlefield to a new six-year term on the Board of Water Engineers. Dent is a former Lamb County judge. . . J. T. Ellis Jr., former administrative assistant to Governor Daniel, has been appointed the top non-medical administrator for the State Department of Health. Ellis is a one-time state representative from Weslaco.

Bottles Of 'Jake' Earmarks Of Oil

WICHITA FALLS, (AP) — For years farmers along the Red River near Burk Burnett have been plowing up one of the trademarks of a once rip-roaring oil town.

The odd little bottles are about five inches tall. They once held 25 cents worth of "jake," a potent alcoholic drink brewed from Jamaica ginger.

The town was Bridgetown, one of the roughest and toughest of the oldtime boom towns that had once thrived on the Red River near Burk Burnett. Clyde Peed of Burk Burnett is one of the few oldtimers who remembers the story about the little bottles of "jake" and the town where the drink was so freely consumed.

Peed, who came to Texas from Kentucky, lived in Bridgetown 22 years and recalls that

during the boom days every man carried a gun or at least a knife, and that robberies occurred almost daily.

Bridgetown was legally dry, but the little bottles of "jake" were sold just about everywhere. Gambling halls dotted the town.

One popular Bridgetown story is that about a man who paid \$125 for a barrel of whiskey and invited his friends to a big party. The man almost died of apoplexy when he opened the barrel and found it contained only water.

Peed tells the story about a stranger who went to the town and asked a resident where he could get a bottle of whisky "Any place but there," replied the resident, "that's the post office." The pride of Bridgetown was

Vega, Texas, Man Reports —

More Uniform Production of Quality Seed Wheat

C. G. Richardson, owner and operator of Richardson Seed Co., produces high quality, high germination seed wheat.

Mr. Richardson says: "We watch all of the things that will give us higher quality seed—both grain sorghum and wheat. For example, we have a clean farm, free of weeds. We use the latest and best cleaning and handling equipment.

"And," he continued, "we use Phillips 66 Ammonia to give us more uniform and higher quality yields of seed wheat. We apply 100 pounds of ammonia pre-plant on wheat land; and we plow down 125 pounds of ammonia in the fall on our maize land."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

ANOTHER LARGE AUCTION CONSOLIDATED GAS & EQUIPMENT CO. OF AMERICA PLAINVIEW, TEXAS

IRRIGATION PUMP MANUFACTURING PARTS, MACHINE TOOLS, TRUCKS, TRACTORS, GARAGE AND OFFICE EQUIPMENT

WEDNESDAY, SEPTEMBER 2, 1959
Inspection Begins August 26
Sole Starts: 10:00 A.M. (EST.)
Registration Starts: 9:00

Consolidated Gas & Equipment Co. of America is getting out of the pump manufacturing business and has commissioned Wayne Cook Associates, Inc. to sell all of their equipment and inventory pertaining to this business at public auction to the highest bidder.

The sale will include:

- Over \$200,000 inventory of parts, patterns, jigs and inventories for the manufacture of 8-inch turbine irrigation pumps — everything to put you in the business.
- TRUCKS AND TRAILERS incl. 1955 2 1/2-ton Winch Truck with hyd. gin poles; 1949 Mack LJK Tractor; 1951 Mack 4-40 Tractor; 1948 Mack E4H Tractor; 1944 Mack Winch Truck; 2 1955 Dodge 1-ton pickups; 1957 Imperial sedan; 2 1957 Plymouth Belvedere 4-drs. All steel tandem hvy. duty trailer; tandem hvy. duty trailer and others.
- MACHINE TOOLS AND EQUIPMENT incl. American Milling Machine; Delta Milling Machine; Rogers Mod. T136 Turret Machine; 2 1/2 in. Candy Otto Drill Press; Reed-Prentice 14-in. lathe; 75-ton Wilson hyd. press; Standard Tool Grinders; Gisholt Mod. JR lathe; Carol Jameson Lathe; 2 Vernon 2 1/2-ton presses; and punch presses, metal shears and saws, work benches and many other items.
- 2 MYSTER 4000# FORK LIFTS, MOD. 4740.
- SHOP AND GARAGE EQUIPMENT incl. parts bins, work benches, vises, welding equipment, acetone equipment, air compressor, I-R electric impact wrench, B&D valve grinder, complete vulcanizing layout, Ewing steam cleaner, high pressure water pump, and many other such items.
- Pipe Racks, Hoists, Fittings, Steel Shelving, Angles, Misc. Bars, Tubing, Auto Parts, Wall Lockers, Bus Bar, Sheet Metal and items far too numerous to list.
- OFFICE EQUIPMENT incl. desks, chairs, typewriters, adding machines and much more.

Cows Get Hot House Pasture

By JOHN BARBOUR

NEW YORK (AP) — The day may come when a dairy farmer will point to a small metal building next to his barn and say: "Yep. That's where I grow pasture grass for my cows — sunshine, rain or snow — 12 months out of the year."

At least that's the claim of an Indianapolis, Ind., firm, named Hydroponics, Inc. It has devised a way of growing grass in mass production style without an ounce of soil.

The grass seed nests on a paper pulp base in metal trays. The trays are stored in racks in an air-conditioned, climate controlled building.

Water with a special plant food in it circulates through the trays.

Within six days the grass

might be eight inches high or so, claims Harris L. Wood, firm president. Hydroponics means growing plants in water instead of soil.

Grazing in a field, cows tend to trample more grass than they eat, Wood says. But the hot house grass can be fed to animals in their stalls. The area needed to support the dairy herd can be limited to just a few acres.

The old pasture land can then be converted into cash crops, Wood suggests.

In a basic unit, the farmer seeds one basket in each six-basket rack each day. In six days, all the baskets have been seeded and the first one is ready for harvesting and re-seeding — an operation Wood says takes just 30 minutes.

The basic unit should provide 400 pounds of green grass each day to feed cattle, horses, hogs, poultry or dairy cows.

Each ton of fresh green grass costs about \$8.50, Hydroponics estimates.

OPERATIC LULLABIES: Mrs. Eric H. Heuermann left to right, Lee, 4; Linda, 1 and Whitney, 2 1/2. Mrs. Heuermann had while pursuing an operatic career —

Atlanta Housewife Mixes Opera With Lullabies

ATLANTA (AP) — An Atlanta housewife has traveled the equivalent of twice around the world — and had three babies — during the past four years on the road to a singing career.

About once every six weeks Mrs. Eric H. Heuermann Jr. makes a 1,700-mile round trip by plane or train to pursue her music studies for five days in New York under Ludwig Fabri.

Mrs. Heuermann (pronounced Hoy-er-man), who uses her maiden name, Patricia Calhoun when she sings on stage, says her goal is to perform with the Metropolitan Opera or "with some other big company. I feel I should do something with my voice," she adds, "after all the work I've put into it."

"I've taken time out from my studies to have my children," the 25-year-old soprano says. "I've had lots of experience in singing lullabies."

She made two appearances in New York last fall with the American Symphony Orchestra, and reports modestly that they were very successful.

Now she is rehearsing for the leading roles in two operas to be produced later this year by the Long Island Opera Company in New York — Mimi in "La Boheme" and Nedda in "Pagliacci."

Mrs. Heuermann admits it is hard for her to leave her husband, a salesman, and their children when she goes to New York to study.

"It's worse on me than it is on them," she says. Her mother, her husband and his parents look after the children, and a maid stays with the youngsters during the day.

When she was 16 Mrs. Heuermann auditioned for Wilfred Pelletier, former conductor of the Metropolitan Opera, and became his protegee. After graduation from high school she entered the Curtis Institute of Music at Philadelphia, a scholarship school which enrolls only a small number of carefully selected students. Mrs. Heuermann had not quite finished school when she decided to get married in 1954. "I was supposed to go to Mil-

an, Italy, to study," she says. "but my husband couldn't get a job there, so we came to Atlanta. I was able to complete my studies here and go back to Curtis for my exams so that I could graduate."

In the meantime, Lee was born. "For a while," Mrs. Heuermann says, "I commuted between Atlanta and Philadelphia to continue studying with my teachers there. Then I started going to New York where I was

SPIRIT FOR AIR FORCE

WASHINGTON (AP) — A series of "Spiritual Life Conferences" are being held this summer for Protestant personnel of the Air Force and their families at various major air bases. Maj. Gen. Terence P. Finnegan, chief of Air Force chaplains, has said the theme of the sessions is: "Spiritual Adequacy in a Scientific Age."

JEWISH GROWTH

NEW YORK (AP) — Jewish population in the United States is five times what it was 50 years ago, the current American Jewish Year Book reports. It gives the total today as 5,260,000, compared to a million in 1899.

ADS SPARK INQUIRIES

COLUMBUS, Ohio (AP) — More than three million inquiries about the Catholic faith have been received since the Knights of Columbus launched their campaign of church advertisements in 1948.

MISSIONARY GOAL TOPPED

RICHMOND, Va. (AP) — After appointing a record number of 137 new missionaries in 1958 — exceeding the goal of 130 — the Southern Baptist Foreign Missions Board has set a goal for 1959 of 140 new ones.

LUTHERAN ENROLLMENT

WASHINGTON (AP) — Lutheran seminaries, colleges and high schools on this continent have a total enrollment of 50,000 — made up of 30,357 men and 21,167 women, the National Lutheran Educational conference reports.

Beauty At Home

Q. Do you suggest always making a test curl before giving one self a home permanent? A. This is a good idea. Take a piece of hair on the back of the head where the strand will not show if there is any discoloration, such as sometimes occurs on overbleached or improperly tinted hair or when there are systematic conditions such as extreme acidity. This test curl is important, too, for determining whether or not the timing is right for the amount of curl you are seeking.

Q. How is a lemon and magnesium facial pack properly mixed?

A. Mix two tablespoons of carbonate of magnesium with one of lemon juice and three of cold cream. Spread this pack evenly over face and throat, and relax for twenty minutes or so, then remove the pack with some lukewarm water.

Q. How can I remove some codliver oil stains from one of my dresses?

A. After sponging with glycerine or carbon tetrachloride, rub lightly to loosen the stain, then rinse well with clear water. Finally, launder in warm suds. If the stain is very old, however, it will probably prove impossible to remove.

Q. What is an exercise good for reducing overly-fleshy calves of legs?

A. Here's a very good one: Sit on the floor, with the weight of your body supported by your hands on the floor behind your hips. Pull your knees up to your chest, then slide the right and left legs alternately down to the floor with good, vigorous, re-sounding thuds.

Wash poultry inside and out by running under cold water; drain in a colander.

COOK'S TIMBREONE
Gives Your Woodwork "Hand-Rubbed" Beauty ... with a Varnish Brush!

New Kind of "Wood Cosmetics"

Now you can easily enjoy the costly look of high-priced hand-rubbed furniture on ALL your interior wood surfaces! Just see your COOK Paint Dealer for the new TIMBREONE Wood Finish that suits your purpose!

Totally New Finishing System

Cook's Timbreone Wood finishes are actually a new system of adding natural beauty and protection to wood—new or old. They give so much better results than regular stains and varnishes you can hardly believe it!

DIFFERENCE NO. 1
Clearest, Palest Varnishes Yet!
Made from a precious vegetable oil in a new secret process. So pale! So tough! So resilient! You'd almost have to break the wood to break the finish. New Timbreone Varnish makes wood, stain and all, glow like hand-rubbed waxed furniture! Glossy, Satin, or Flat!

DIFFERENCE NO. 2
TWO Kinds of Stains. For the first time a finish maker recognizes this: Hardwoods need one finish, softwoods need another! For Hardwoods—Cook's has created "Classic" Timbreone Stains from costly imported pigments in the clearest, palest carrying medium in history. For Softwoods—New "Contemporary" Timbreones show up the best points of low-cost woods while hiding blemishes.

COOK'S TIMBREONE EPOXY CLEAR GLOSS

Paler and clearer than any spic varnish! The secret... It's an epoxy-like miracle substance used to defy corrosion on metal. Ask your Cook's dealer why it's the only varnish he recommends for floors!

people who are at home with QUALITY choose GAS appliances

Fuel for a growing empire Pioneer Natural Gas Company

Enter the home where choices are made strictly on the basis of quality, and the chances are excellent that you'll find a built-in Gas range in the kitchen. That's because people who are concerned enough to evaluate, discover that a Gas range offers superiority in two ways. The range itself combines precision accuracy with complete automation. And GAS, as a live-flame fuel, does important things that no other fuel can do. It consumes cooking vapors so that you can enjoy closed-door smokeless broiling. With Gas there's no warm-up wait when it's turned on... no lingering heat when it's turned off. And only an instantly responsive Gas flame permits perfect control of the subtle variations in temperature that mean so much to the taste and texture of foods. Gas is the choice of people who insist upon quality at any price... and it's incidental that Gas costs from five to eight times less than any other fuel! Where the finest is truly appreciated... GAS belongs.

TV TO BROADWAY
NEW YORK (AP) — Another television director is next testing his talents on Broadway. Aaron Ruben, who has supervised the weekly Phil Silvers show over CBS for two years, has been signed to steer "The Boys Against the Girls" to Broadway.
The musical revue, due in October, stars Bert Lahr and Nancy Walker.

ORIENTALS IN DEMAND

NEW YORK (AP) — The big demand for Oriental performers on Broadway is making it hard to cast shows for the road.
A projected national company of "Flower Drum Song" has been shelved because of the shortage of required talent types. During the past season a half dozen shows have required more than 60 Far East portrayals.

Have you read the classifieds? Wednesday night is prayer service.

SHAKESPEARE MUSIC
STRAZSFORD, Ont. (AP) — Music inspired by Shakespeare's poetry is getting a showcase of its own this summer at this festival center.

Using members of the Metropolitan and Paris Opera companies, the series of concerts range from portions of Verdi's "Merry Wives of Windsor" to compositions commissioned for recent stage productions of the bard's works.

TOO MUCH PRIASE

WATERLOO, Ont. (AP) — Church members praise their pastors abundantly, but seldom give them the kind of constructive criticism they need, the Rev. Dr. Gerard E. Lenski, a Washington, D. C., theologian, told a meeting of clergymen here.
"The old ladies in the congregation," he said, "are the worst offenders."
To clean sticky dried fruits from your food grinder run a slice of dry bread through it.

TEXAS PRESS ASSOCIATION 1216 SAN ANTONIO ST. AUSTIN, TEXAS

U.S. OIL

Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways... It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials... It is indispensable in our way of life, and vital to the national defense.

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe.
The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use...

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from

Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

HUMBLE OIL & REFINING CO.

CHEVROLET

most m.p.g.*

*miles per gallon

one of 7 big bests Chevrolet gives you over any car in its field

- Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run.** For a pair of Chevrolet sixes with Powerglide walked away with the first two places in their class — got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 22.38 miles per gallon. That's the kind of economy-engineering that keeps you saving while you drive!
- BEST STYLE**—It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."
- BEST BRAKES**—In competitive tests of repeated stops from highway speeds, conducted by NASCAR, Chevy outstopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.
- BEST TRADE-IN**—Look at the record—the used car prices in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
- BEST ENGINE**—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

- NASCAR Outstanding Achievement award** for "the creation and continuing development of America's most efficient V-type engines."
- BEST ROOM**—Official dimensions reported to A.M.A.† make this abundantly clear. Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.
- BEST RIDE**—MOTOR TREND magazine names Chevy "... the smoothest, most quiet, softest riding car in its price class." But this is one Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

Legislation May Fall By Wayside, But Isn't Dead

By TEX EASLEY
WASHINGTON (AP)—With the end of this session of Congress a lot of legislation may seem to fall by the wayside, but as Sen. Ralph Yarborough (D-Tex.) observes, it's not dead.
The reason: The present 86th Congress started in January. All legislation introduced since it convened remains alive or the entire two years of its existence, if not acted upon. Measures receiving only partial passage in this first session, such as approval by a committee or passage by either Senate or House, do not have to go back through those steps in the second session.
Yarborough's bill to extend the GI Bill of Rights to the "Cold War" veterans who have served since Jan. 31, 1955 is an example. It has passed the Senate. House leaders announced it would not be acted upon before adjournment.
Under the measure, all in the armed services since the Korean War cut-off date, and who may serve during the life of the existing draft law which expires in 1963, can get government financial support for education and on-the-job training.
Far from being dead, Yarborough adds, the chances for ultimate enactment of his bill will be increased by the delay. During Senate debates on the measure, opponents said it most certainly would be vetoed if it reached the White House. The Senate passed the bill 77-21.
Yarborough, who was the original sponsor of the bill which bore the endorsement of a score of other senators as co-sponsors, says he thinks there will be a better chance next January or February to get favorable action in the House and a better chance that the President might then let the measure become law if it reaches him.

Journalism faculty.
Most Congressional offices are outfitted with leather divans. The one in the office of Rep. Omar Burleson (D-O of the Abilene district) contains a big center back piece which bears the distinct markings of a brand—a double diamond over the top.
"I can't tell from the brand whether that steer was coming or going," says Burleson. "I doubt if he knew he would end up in Congress."
The Texas Boys' Choir of Fort Worth won acclaim here in concerts on the Capitol steps and the Watergate Theater near Lincoln Memorial.
The 11 to 14 year old boys stopped here en route home from a singing tour of Europe. They sang a mass in the Vatican, among other concert events. Rep. Jim Wright of Fort Worth arranged for the 26 kids to make their appearance here dressed in their blue jackets and white five-pallon hats. The choir is sponsored by a Fort Worth civic organization.

Chihuahua Slated For Match Sat.

Mexico's strong man Gordo Chihuahua, who hails from Mexico City, will be teamed with Dory Funk in a tag team match AGAINST Ripper Leone and Tony Morelli in a two-out-of-three fall or one-hour time limit match at the Bull Barn Saturday night.
Last Saturday night the first event with Nick Roberts against Dory Funk went for the full twenty minutes, with a draw resulting between Roberts and Dory.
The second event with Ripper Leone versus Cowboy Carlson lasted for three minutes of fighting and then both were disqualified.
In the main event of the evening, Ripper and Roberts took the first fall in eight minutes with a series of body slams and a body press on Funk by Roberts.
Funk and Carlson won the second fall in eight minutes. Dory took the fall with a spinning hold on Roberts.
For the third fall, all four wrestlers were disqualified for fighting out of the ring among the fans.
Delightful and baked fish—add chopped cucumber and a little clam juice to a sour cream sauce.

Tech Has Another Year Before Breaking Southwest Conference

By HAROLD V. RATLIFF
Out at Lubbock Texas Tech is champing at the bit to get into the Southwest Conference football race. The Red Raiders have another year to go, however, before they get that opportunity.
What are the prospects for Tech in 1960? Can the Raiders make the jump with a respectable showing? DeWitt Weaver, one of the optimists among coaches, thinks his Raiders will do all right.
"I believe we'll be able to compete," he said. Moreover, Weaver said he was anxious to get started at it.
Recruiting was good at the big south plains school this year when the boys knew they would be able to get full varsity competition in Southwest Conference football.
Tech pretty well confines itself to a radius of 200 miles in recruiting but has gone much further out in some instances. Weaver said the competition from other colleges had been pretty tough even in the Raiders' own backyard, but he came up with some fine prospects.
The Red Raiders will be stronger this season than last but still not at the quality that indicates they'll make a big showing.
Tech is now enlarging its stadium. It will seat about 23,000 this year but by 1960 will be able to take care of 40,000. Obviously that's big enough for the start but if Tech makes a run for it in the conference some more additions will be necessary in a hurry.
"I think we will do all right next season," said Weaver. "I'm not talking about a championship however."
It Tech was half its conference games in 1960 that should be considered a good beginning.
Speaking of Weaver, it now appears he won't have to worry about his own son beating him. DeWitt Jr., you know, is at Southern Methodist. He's a good football player but has decided he won't play this game at SMU. Rather, he says, he'll concentrate on golf. Young Weaver is confident he will do well on the links.
A couple of other sports writers have become book authors.

They are Eddie Mullens and Platt Powell of the Amarillo News-Globe. They are the editors of "High Plains Football," a book that just made its appearance at Amarillo. Frank Bodnik is the publisher. Bodnik is coach of Price College in Amarillo.
The book deals with football in the Panhandle and South Plains. The initial issue has articles on schoolboy and college football in the area, reviewing last season and giving prospects for 1959. It is quite interesting and informative and should be most valuable to the coaches and fans in a wide area.
The most interesting story is on how White Deer won the Class A state championship last fall although it wasn't even supposed to take its own district title. The story reveals just how resourceful was Coach Otis Holiday. He needed reserve strength in his backfield so he borrowed a day named Don Adams from the school band. Adams gained 1,000 yards running with the ball while spelling the regulars.

FURTHER PARTNERSHIP
NEW YORK (AP)—Maurice Evans is having his co-producer in one theater project do the stage adaptation for another undertaking.
Evans and Robert L. Joseph are co-producers of next season's revival of "Heartbreak House" in which the former also will appear.
Evans owns the dramatic rights to "War Is a Private Affair," a book by Edmund G. Love. He turned the script task over to Joseph, but the two have no joint plans for the staging.

ANOTHER RECORD
NEW YORK (AP)—The cross-country legitimate theater grossed \$63,503,500 during the 1958-59 season, according to a tally by the trade paper Variety.
The total includes \$40,151,300 for shows on Broadway and \$23,352,300 for touring productions. It was the sixth consecutive annual record gross.
