Moisture Comparison Kept With 50-Year Rain Charts

By BETTY WALSER

Ray Johnson, who has been keeping a rain chart for many years, is comparing it with the chart his father kept 50 years ago. The moisture received the past three days, Monday through Wednesday, has totaled 1.85.

Last year at this time the total amount of rain was 7.85 and so far this year the community has received 6.90.

The moisture has been very helpful to the growing crops in the area. Very little, if any, damage was received in this community Wednesday night and no hail damage was reported. Most farmers and other residents are looking forward to a few days of dry weather.

TILT!

SPRINGFIELD, Ohio (AP) — A pinball machine not only tilted but exploded when Earl Williams dropped his nickel in. Fifteen stitches were needed to close his wounds.

A car battery being recharged near the pinball machine filled it with hydrogen and sulphur fumes, officers explained. When Williams dropped in his coin and set off the machine's electrical current, a minor explosion resulted.

FORGIVENESS

OMAHA (AP) — When Police Capt. Ted Janing led a gambling raid recently, he took off his overshoes before entering the suspected dwelling. When he left after the raid, he forgot the overshoes.

A few nights later, he reported, a man rang his doorbell, handed him his overshoes and left.

Hospital Notes

Visiting Rules

Visiting regulations are established as a part of sound medical and hospital procedure primarily in the interest of the patient. Too many visitors, too long visits or too frequent visits may actually retard recovery. Your cooperation is asked in following this guide to good visiting.

1. No more than two visitors should be at the bedside at one time.

2. If the patient is seriously ill, visitors, other than the next of kin or immediate family will be asked to make their visit a short one. (5 to 10 minutes is suggested.)

3. Please do not sit on the patient's bed.

4. Smoking may be unpleasant, not only to the patient you are visiting, but to other patients as well. A considerate visitor will ask if smoking is bothersome and will try to keep it to a minimum.

5. Please do not enter a patient's room with a "No Visitors" sign on the door. In such circumstances inquiry may be made at the nurses desk.

6. Visitors should wait outside the room where there are physicians in the room or when special procedures are being performed on the patient.

7. Since children under 14 years of age are the most likely carriers of hidden infectious disease, they are not permitted to visit patients. We earnestly urge you to leave the children at home when preparing for a hospital visit.

8. Do not try to out-do the patient with tales of "similar operations." Be cheerful, optimistic and calm, avoid all unpleasant or exciting subjects.

Visiting Hours are from 2 to 4:30 p.m., and from 7 to 8:30 p.m.

Home Damaged By Flash Fire

A flash fire damaged the home of Miss Ollie Cocanough-

er, 111 Kibbe, at about 4:15 p.m. Thursday. The Hereford Volunteer Fire Department answered the call. Fire Marshal Clay Angelo said a stove had been disconnected in the kitchen by a lin-

oleum layer and that the man had shut off the wrong meter before disconnecting the stove. The flame from a water heater ignited the escaping gas and singed the eyebrows and hair of the man.

Kitchen utilities and furniture in the home were damaged, and the fire burned most of the walls of the kitchen. Smoke also accounted for some damage, but no estimate was made by Angelo. Miss Cocanough was not in the home at the time of the fire.

Couples Select June For Weddings, Announcements

Mrs. David Harmon, formerly Miss Lu Durham (Rogers Photo-Dallas)

Durham-Harmon Vows Repeated

In a double-ring ceremony read in the First Methodist Church Monday at 3 p.m., Miss Lu Durham became the bride of Mr. David Harmon of Dallas.

The Rev. Alby Cockrell officiated at the service. The bride is the daughter of Mr. and Mrs. Byron Durham of this city and the bridegroom is the son of the late Mr. and Mrs. Charles W. Harmon of Dallas.

White shasta daisies and candlebrum holding graduating tapers decorated the altar of the

church. Musicians were Mrs. Bill Stanford, organist, who played a brief concert of nuptial selections preceding the ceremony, including "Ah Sweet Mystery of Life" and "Indian Love Call".

She also accompanied Mrs. Dick Godwin who sang "Whither Thou Goest", "Thanks For You", and in conclusion, "The Wedding Prayer". "Clair de Lune" was played softly as vows were exchanged.

Attending the bride were Mrs.

Paul Creek of Wink, who served her sister as matron of honor, and bridesmaids Mrs. T. J. Taylor and Miss Jo Jackson of Dallas.

They were attired in aqua silk organza, fashioned in princess style with pleated bodices featuring graceful trapeze backs. They wore picture hats of aqua lace and carried baskets of white daisies.

Miss Carolyn Creek, niece of the bride, assisted as flower girl, and candles were lighted by Miss Kathy Wells, niece of the bridegroom. Their dresses were yellow organza in princess style and they wore headbands of white daisies.

Charles Harmon of Dallas served his brother as best man, and ushers were Kenneth Wells and Don Wells of Ardmore, Okla.

The bride, given in marriage by her father, chose a formal gown of imported hand-clipped Chantilly lace and Skinner's bouquet taffeta. The molded-bodice of lace featured a scallop-

ed Sabrina neckline and long fitted sleeves ending in petal points at the hands.

The voluminous skirt, worn over hoops, was dramatized by wide panel insets of lace which fell into a chapel train in the back. Her caplet of lace and orange blossoms was framed with crystal tulle and held the full veil of bridal illusion. The wedding bouquet was fashioned of two brown orchids arranged with yellow rosebuds and stephanotis. She wore a pearl drop necklace, the gift of the bridegroom and an heirloom pearl clip belonging to her mother.

The bride's mother wore a blue embroidered cotton satin with hat and bag to match, and her corsage was of two white gardenias. The bridegroom's sister, Mrs. Kenneth Wells of Ardmore, Okla., who also sat within the ribbons, wore a pink lace frock with a corsage of white roses.

RECEPTION

At the reception held in Ward Hall of the church, the bride's table was laid in net over aqua and centered with the bridal bouquet. Appointments were in silver.

Assisting with the reception hospitalities were Mesdames J. J. Durham, Kent Snare, Norman Gray, Norma Wilson and Lynn Kester of Hereford, Mrs. W. W. Brandt of Amarillo, Mrs. Richard Garrett of Dallas and Miss Earlene Plank of Dalhart.

For the wedding trip to New York and Washington, D. C., by plane, the bride traveled in a beige suit with aqua accessories. Her corsage was the orchids from the wedding bouquet.

The bride graduated from Hereford High School in 1954. She was active in FHA work, served as vice president of Tri-Hi-Y, and was voted the most versatile senior. She served as president of the Methodist Youth Fellowship and as worthy advisor in the Order of Rainbow for Girls.

In 1957, she was graduated as

a registered nurse from Parkland Memorial Hospital in Dallas where she also attended SMU for graduate work. At the time of her marriage she was employed at the Children's Medical Center in Dallas.

Harmon graduated from the University of Texas in 1951 where he was a member of Tau Kappa Epsilon, Beta Gamma Sigma and Sigma Iota Epsilon Fraternities. He is presently employed at Chance Vought Aircraft Company in Dallas.

Out-of-town guests attending the wedding were Miss Faye Oatis and Frank Jones of Canyon, Tom Oatis of Stinnett, Mr. and Mrs. Earl Brandt, Mr. and Mrs. W. W. Brandt and family of Amarillo, Mr. and Mrs. Carl E. Wilson, Mr. and Mrs. Harrison Durham of Levelland, Mrs. W. W. Wallace of Tucumcari, N. M., Dr. Nellius Tedford of Plainview, Miss Erma Walker of Lockney, Dr. and Mrs. Dick Garrison, Dr. and Mrs. R. E. Garrett, Charles Harmon, Mrs. Peggy Taylor, Jo Jackson, of

D. Hersley, Miss Janssen Marry In Umbarger Rites

Miss Mary Janssen and Darrell F. Hersley repeated wedding vows at 5:30 p.m. Wednesday in St. Mary's Catholic Church at Umbarger. Monsignor Wilfred Bosen officiated.

The bride is the daughter of Mr. and Mrs. William P. Janssen of Umbarger and the bridegroom's parents are Mr. and Mrs. Harold L. Hersley, 305 Ave. B.

The main altar of the church was decorated with blue and white arrangements of gladioli and carnations, and side altars held large arrangements of red roses.

Mrs. Fred Begert, organist, accompanied the St. Mary's choir singing "On This Day O Beautiful Mother", "Messa Clara Mass" and "Ave Maria". Rosin's Wedding Marches were used and during the presentation of the Blessed Mother statue, Mrs. Hersley played "Mother At Your Feet Kneeling".

Miss Nancy Weber, cousin of the bride of Cascade, Iowa, served as bridesmaid, and Rosemary Hersley, sister of the bridegroom, was junior bridesmaid.

They wore identical dresses of white embroidered crystal-line over royal blue satin. The dresses were fashioned with fitted waists having bateau necklines and short sleeves with full floor length skirts. Cumberbunds of royal blue taffeta terminated in wide sashes in the back. Headdresses were bandeaux of white lace and they car-

ried matching cascade bouquets of talisman roses and English ivy.

James Janssen, brother of the bride, was best man, and Joe Hersley brother of the bridegroom, assisted as groomsmen. Kenneth Walterscheid of Hereford and Mark Gerken of Amarillo were ushers.

The bride was escorted and given in marriage by her father. She wore a traditional wedding gown of white peau de soie styled with figurine bodice having a Sabrina neckline and long petal point sleeves. The full bouffant skirt was enhanced by delicate sequin sprays down the front and featured a cathedral train in the back.

She wore a mantilla of French lace which graduated from fingertip length in front to the full length of the train in the back. She carried a cascade arrangement of Talisman roses and English ivy and her only jewelry was a pearl necklace, the gift of the bridegroom.

At the conclusion of the double-ring ceremony, the children of the Mary Sodality, with which the bride was actively associated, presented the statue

of the Blessed Mother to the couple. The bride completed the ceremony by placing flowers on the altar of the Blessed Mother. Presenting the statue were Elaine Batenhorst and Marcella Prziyas. Jo Ann Hersley presented the flowers to the bride.

Mrs. Janssen chose a blue linen and lace dress for her daughter's wedding, with which she wore pink accessories and a corsage of pink carnations.

Mrs. Hersley, the bridegroom's mother, wore a pink linen sheath with white accessories and her corsage was of white carnations.

Following the wedding, a reception was held in St. Mary's Hall followed by a dance in the evening at 9 p.m.

For traveling when the couple left for a honeymoon trip to Washington, D. C., the bride wore a pink lace sheath with satin trim and white accessories.

After June 15 they will make their home at 208 Union Ave. The bride is a graduate of Umbarger High School and attended West Texas State College in Canyon and Our Lady

Engagement Announced

Mr. and Mrs. Joe Wagoner of the Westway Community are announcing the engagement and forthcoming marriage of their daughter, Gayle Frances, to David L. Seal, son of Mr. and Mrs. D. L. Seal of Childress.

The wedding ceremony will be read on August 23 in the First Methodist Church.

The bride-elect is a graduate of Hereford High School and attended West Texas State College for one year.

The future bridegroom graduated from Childress High School and also has attended West Texas State College for one year.

The couple plan to make their home in Canyon where they will continue their studies.

Church Women Feature Panel

The Women's Association of the Presbyterian Church attended a coffee and program Wednesday morning in Fellowship Hall of the church. Hostess were Mrs. George Jones and Mrs. Wesley Owen.

Mrs. R. B. Miller was leader of the program entitled "M-Q About Average", which dealt with a panel discussion on "Mature Christians".

Panelists were Mesdames Bill Nunn, Bill Hardwick, O. Z. Golden, Elizabeth Bonasio and D. H. Alexander. Open discussion of the subject followed the panel discussions.

Mrs. Max Drever presented the Worship program for the day, and Mrs. C. C. Ferguson gave the yearbook of prayer.

Couple Plan To Wed On July 18

Mr. and Mrs. William Betzen have announced the engagement and plans for the marriage of their daughter, Linda Rose, to John Phillip Giachino, formerly of Coalgate, Okla.

The future bridegroom's parents are Mr. and Mrs. John Giachino of Coalgate, Okla.

The couple will exchange vows in a ceremony read in St. Anthony's Catholic Church on July 18 in Hereford.

Miss Betzen graduated from Hereford High School in 1951 and received a degree in nursing at St. John's School of Nursing in Tulsa, Okla. in 1957.

Her fiancé is a graduate of Coalgate, Okla., High School and is also a graduate of Oklahoma State University at Stillwater.

BILL PHIPPS, standing, made a short inspirational address before the Optimist Club Tuesday in which he pleaded for a unified support of the incoming officers of the club. Phipps, a charter member of the Hereford Optimist Club said that for the price of a post card he could provide each committee member with complete information for a strong active Optimist Club. By JIMMIE GILLENTE
File cabinets are commonplace these days, but you seldom run across any two people who have the same idea about how things should be filed. We were looking for some negatives on last year's Krazy Days this week. We looked under the K's, then under M, for merchants, and under S for sales. Finally, in desperation, I said why don't you look under the C's — and there they were. H. A. Tuck is still trying to figure out how Bob Hamilton ever arrived at the idea of filing Krazy Days under the C's.

Back in the prohibition days, I worked for an old boy who used to "nip" quite a bit, and he always kept his bottle in the file cabinet under the B's. One day I asked why not the W's, which stood for "whiskey".
"No sir," he said. "B stands for 'bootleg', and that's what this is. The quality will have to improve plenty before I move it to the W's."

Which reminds me, I often wondered how the "bootleg" community got its name, but never did hear the complete story. If anyone knows, they should put the details down on paper. Otherwise, when the questions arise 100 years from now, no one will have the correct answer.

Bill Dameron took me out and gave me a preview of the big signs which the Hereford Breeders are erecting along the highway. They are really something, too. Everyone will be proud of these signs. Even the sheep men.

Claude Ricketts was by to announce the annual meeting of the Hereford Cemetery Association for Monday, June 8, 3:30 p.m. in the Friendship room of the Hereford State Bank. Everyone who owns a lot should be there and hear the report. Claude said, adding that no personal notices will be mailed this year. Hereford has a model cemetery set-up these days.

TO VISIT MEXICO
Mrs. W. F. Gillis and Mrs. Leroy Aven and daughter Karen, left Saturday morning for Canyon where they joined a chartered bus trip to Mexico sponsored by Dr. Ples Harper, professor at West Texas State College. The tour will include several points in Texas and many high spots in Mexico during the next three weeks.

Straw is used to celebrate the second wedding anniversary.

next day. That takes plain old intestinal fortitude. I hope these buyers make a fortune; in my books they will deserve every cent they make.

An old boy who will be sorely missed around our school system is Charley Bell, who resigned recently to become a life insurance salesman. Charley will probably do OK in the insurance business, and he leaves behind him the nucleus for a wonderful band organization. We may find someone as good, but certainly no one any better. In fact, we have long since needed an assistant director — and will probably move into this category in the future. Good luck to Charley Bell, and thanks for a good job well done.

The son of a millionaire was made junior officer on a submarine during World War II. On several occasions he heard his penurious captain lecture the crew concerning the expense of torpedoes, running into several thousands of dollars each. "Before you fire one, be sure you are going to hit the target," warned the captain. Shortly following one of these lectures, the young scion spotted a destroyer approaching the sub.
"Destroyer 400 yards away," he yelled.
Pause.
"Destroyer 200 yards away and closing in," he bellowed.
No answer. No action.
"Destroyer 100 yards away," he screamed.
"Still no answer. No action!" "Destroyer 50 yards away," shouted the youth at the top of his voice.
Nothing happened.
"Fire!" he yelled hysterically. "If you miss, I'll pay for it."

REMEMBER WHEN?

By CHARLIE SEEDS
The little man with the ridiculous moustache — the man no one laughed at any more — locked himself in his rooms, as he always did before important decisions. He refused to see anyone, ignoring the presence of the British and Polish ambassadors who were waiting to see him.

When Adolph Hitler emerged, he had made the decision which launched the world into the tragedy of war. That morning, German troops invaded Poland. Nazi planes rained death on Warsaw. At the Polish border, a pitifully small force fought back against the overwhelming weight of men and guns and tanks thrown against them.

In Paris and London, urgent Cabinet meetings were called. Shortly afterward, the British and French Parliaments convened.

All efforts for peace had failed. Adolph Hitler had made his decision. World War II had begun.
Remember the year? The memory of depression was still fresh in all our minds then... and those of us who bought new cars did a lot of shopping around, looking for the best deal we could get from a reliable dealer.

The year was 1939. Getting the best deal you can — from a reliable dealer who stands behind the sale — makes good sense today, too. See us about the terrific deals we're making now on the new 1959 FORDS. Buy with confidence — and save money, too! **CHARLIE SEEDS MOTOR CO., INC.** 146 E. Second. Phone EM 4-3727.

Helen Edwards, Billy Melugin Exchange Vows

Miss Helen Marie Edwards became the bride of Billy Joe Melugin in a double-ring ceremony on Friday, evening, May 29.

Vows were exchanged at the home of her sister, Mrs. W. L. Tomberlin with the Rev. A. C. Hamilton, pastor of the Avenue Baptist Church, officiating. The bride was attired in a white taffeta street-length dress, fashioned with a fitted bodice and full skirt.

The bride and groom are both graduates of Hereford High School. The groom is presently employed at Walker Refrigeration. The couple will make their home at 110 Lake Street.

Lions Hear Stanford On The Meaning Of Lionism

Jesse W. Stanford, charter member of the Hereford Lions Club, brought an address on the meaning of the Lions organization at the regular meeting of the club, Wednesday.

Stanford, in his address, outlined the objectives of Lions International, discussed its code of ethics and slogan before his audience.

His first impression, Stanford admitted was that the club was something to play with, but seeing such things as a Lions Club project of buying glasses for needy children and other service projects changed that impression, he said later.

Quoting statistics Stanford pointed out that Lions were organized in 100 nations or geographical areas and that there were 14,246 Lions Clubs in the world. The Lions' world membership is 600,000.

E. T. Brooks, O. L. Click, Stanford, Don Zimmerman, Ray Cowart and Dr. R. J. Grubbs were presented Old Monarch awards for ten-year membership. W. C. Meharg was given a 15-year membership award.

Visitors included Mary Kay Woodall, of Amarillo, the Lions district sweetheart, and her sister, Karen Sue. Other visitors included Linden Sanders and Richard Owens.

Quota Raised By Selective Service

The state quota for Texas draft boards in July calls for 382 men, Colonel Morris S. Schwartz, state Selective Service director, announced Tuesday.

The state's July call of 382 compares with a quota of 284 for June and 272 for May. The July call is the state's share of a national quota of 8,000 men, all for the Army. The June national quota was 6,000. Colonel Schwartz also announced that, in spite of the slight rise in the state quota, no call for pre-induction physical and mental examinations for July would be issued.

Local board quotas for the July call already have been figured and were sent to the state's 137 local boards Monday.

The July quota will be filled with men who are at least 22 years old on July 1, with the exception of volunteers or delinquents, who may be younger.

Week Of Rain And Hail Leaves Varied Moisture

By MRS. HAROLD RUDD
The rain received the first three nights of the week has been the most talked about subject in the community: Everyone received a good rain. J. E. McCathern received quite a bit of hail on Wednesday evening at their house. It hailed about 30 minutes and covered a total of two and one-half inches of rain. F. B. Sowell received three and one-half inches.

His wheat land 36 miles west of Hereford received a lot of hail Monday night. He considers the wheat, where the hail fell, a complete loss. R. L. Wilson received a total of two and one-half inches. Buck Green, 2.8; Ira Scott, 2.5; J. B. Odom, 2.2; Joe Landers, a little over three inches; Frank Zinser Jr., 1.6; Paul Rudd, 2.25; Paul Corbett, 3 inches; George Turrentine 3 inches, and Jerry Landers, 3.2.

Several received sprinkles of hail, but no damage to crops. The high wind damaged some garden plants Monday night. A total of 31 children and 10 adult leaders were present for Vacation Bible School Thursday morning. They have had good attendance despite the rains received.

Luncheon Held By Bippus Club

The Bippus Home Demonstration Club met Wednesday in the home of Mrs. C. F. Homfeld for a covered dish luncheon. Mrs. Argen Draper, county home demonstration agent, presented the program on food poisoning, stressing that when one eats out he should try to order food that must be cooked. Attending were Mesdames Argen Draper, Elmo and G. V. Hall, Jack Fortenberry and Christine, and visitors, Mrs. El-

mo Pinnell and Mrs. Richard Evans. The next meeting will be held in the Bippus Community House with the 4-H Girls presenting the program. The meeting will be held Wednesday, June 11, at 2:30 p.m.

FLOUCANT operations on a lake near Dimmitt took place Wednesday when an attempt was made to settle the silt out of the lake by seeding it with a chemical. The chemical, a product of the Dow Company, has previously been from 80 to 95 per cent successful in settling smaller bodies of water. According to Wayne Wyatt of Hereford, field representative for the High Plains Water Conservation District, fair success was obtained in seeding the lake, but rains Wednesday night added more water and diluted the chemicals. More Than Two Inches Of Rain Falls In Area

By MRS. CARL WIMBERLEY
Rain fell here Monday, Tuesday and Wednesday evenings, bringing a total of 1 1/2 inches to two inches or more of moisture over the community. The amounts varied each night, but the heaviest fall was in the southern and south-western portions.

No hail was reported and the rain fell very nicely.

In May a total of three inches was reported by Carl Wimberley, who has a government rain gauge, bringing a total of 5.88 inches of moisture from January 1 to June 1.

Commencement exercises for the Vacation Bible School will be held at the Dawn Baptist Church Sunday evening, June 7, at 7:30 p.m.

Attendance at the school has been very good in spite of the muddy roads for three mornings.

Mr. and Mrs. Lee Romero and family moved to Amarillo Saturday.

Mr. and Mrs. Zed Stewart and Mr. and Mrs. Marion Russell and children spent the Memorial Day weekend with Mrs. Boyd Stewart and family in Pampa.

Mr. and Mrs. Lloyd Airhart attended graduation exercises last Thursday evening at the Pampa High School. Their granddaughter, Mary Pursley, daughter of Mr. and Mrs. Irving Pursley, was a member of the graduating class.

The Airharts also attended graduation exercises at the Hanky High School. Another granddaughter, Jeannette Ralphs, was a graduate there.

Mrs. Zed Stewart won second prize in a contest at a Hereford jewelry store re-opening. Mrs. Stewart's prize was a rhinestone necklace-pin, ear screw set.

Mr. and Mrs. Dean Adams of Umparger and Mrs. Bill Adams and son, Gerald, of Stratford, Okla., visited in the Zed Stewart home Friday evening.

Mr. and Mrs. R. T. Stewart, Mr. and Mrs. Reece Stewart and Mr. and Mrs. Robert Oglesby of Canyon and their families, and Mrs. J. B. Caraway and Alice Ann visited Tuesday night with Mr. and Mrs. J. R. Oglesby at Mobeetie.

The women and daughters attended installation services for the Eastern Star of Mobeetie.

KNOWS THE WAY

OXFORD, Conn. (AP) — State Trooper Stanley Sobieski knows his roads and can prove it.

While chasing a stockcar driver at high speeds over some back roads, Sobieski suddenly stopped, turned around and headed in the other direction.

He turned down a side road and took a short cut to a highway. There he came out on the road in front of the speeding car. The driver, George Rzeszutek, 24, was booked for driving while his license was under suspension and driving an unregistered car.

Yankees Blank Giants On Two Hits For Sixth Win

Yankees S. D. Baize, Danny Lester and Steve Hodges pitched a spectacular two-hitter Thursday night to blank the Little League Giants 11-0.

Hodges, who was relieved by Baize in the fifth inning, allowed one hit in the second when Tony Castillo slammed a two-bagger and Baize allowed a single by Gary Royal in the fifth inning. Only one walk was given up by Baize in the fifth inning.

The scoring department was handled completely by the Yanks who made 11 runs off

nine hits. In the first inning Hodges walked to score and Baize used a fielder's choice to make the round trip.

After a scoreless second inning Terry Hill and Jim Allison tallied off errors by first and second bases, respectively.

Again held scoreless in the fourth inning when Giant pitcher retired the Yanks in order and in the fifth inning when two of them got on base to die and be put out, the Yanks came back in the sixth to score five runs.

In this track-meet like inning Robert Strange scored on a single and Charles Moreno hit a double to tally. A single by Danny Lester was translated into a score. Danny Baize made it on a fielder's choice and Joe Don Edleman was hit by a pitched ball to make runs number 10 and 11.

Losing pitcher was Terry Ross.

In the Minor league game, the Giants outscored the Yankees 13-12.

SKULNIK IN NEW ROLE

NEW YORK — Menasha Skulnik, a comic with a flair for poignant characterization, next plans to portray a frustrated but philosophical lawyer. The play, "The Law and Mr. Simon," is by Julie Berns. An eight-week summer tour is anticipated prior to Broadway exhibit next fall.

THEATER BUS

NEW YORK — A special bus service has been established to help diners at one restaurant get across town to Broadway by curtain time each evening.

Rumania has a population of about 17 million.

Vincent Sardi Jr., instituted the service by chartering a vehicle that departs from his new theatrical district 35 minutes before shows start.

In ancient times in England, no subject could possess a swan without a license from the Crown.

TELEPHONE TALK

by W. L. Leary, Manager

This column will be my swan song here in Hereford. When you folks read it I'll be in Dallas. I have been assigned to the telephone company's area headquarters staff. Your new manager is Al Leach. Al is a friend of mine and a fellow I've known since I first came to the Panhandle. I'm sure you folks will like him as much as I do—when you get to know him.

Al is a Texan by birth. He was born in Dallas. He attended Texas Tech down at Lubbock, and joined the telephone company in 1946. He served in the Merchant Marines during World War II as a Lt. j.g.

At present Al is headquartered in Borger where he seems to be involved in just about every civic project in town. He's a member of the Rotary Club and the Methodist Church. He has one son, Michael, who is nine years old.

You folks who are flying and aircraft fans will find a kindred soul in Al Leach. Al is a week-end pilot with over three hundred hours to his credit. As a volunteer he has flown on many search missions and missions of mercy for the Civil Air Patrol.

So be on the lookout for Al Leach, the new telephone company manager for Hereford. I know you'll enjoy meeting and knowing him as much as I have.

VACATION HINT

When you stop in the middle of your vacation this year to remember friends or family back home, why not give the "wish you were here" greeting a new twist.

Do it with a Long Distance call. It's more fun that way, and you can catch up on the news at home, too.

And remember to call station-to-station. It's cheaper—you can make three calls for the price of two.

BUSY TELEPHONES

With school out for the summer, telephones in many houses will probably be getting a real workout.

There'll be calls from the children's friends at most any hour of the day—to round up the group for a game, to arrange to meet at the movies, or to compare notes on a new bike or the latest record album.

Whatever the call, the telephone is always there to help teenagers—and small fry, too—have more fun during vacation.

If you have children whose friends keep the phone ringing at a merry clip, make it easy for your youngsters to answer without running through the house. Extension telephones will do the trick.

Why not call the telephone company for a home extension telephone today? The cost is low, just \$1.00 a month plus installation.

Call by number. It's twice as fast.

Reds Beat Whites 17-7 In Pony League Stocking Game

Making 17 runs off of eight hits the Pony League Red Sox trounced the White Sox 17 to 7 Thursday night.

The White Sox took the lead in the second inning when Neal Lyer, Don Sheppard and Frank Dawson all tallied. Two runs scored by Red Sox John Hubbard and Jerry Sheppard, in the second, and the Red Sox evened the score in the third.

A double by Barry Gabert was made into a score by a third base error and a wild pitch and John Hubbard used a walk to score. Richard Patton walked and

took advantage of a wild pitch to score for the White Sox in the third.

The fourth inning brought three runs in for the Red Sox when Gabert hit a single and used a wild pitch to score.

John Hubbard and Jerry Sheppard used walks to score in the fourth for the Red Sox. The White team was retired in order.

Fred Thompson opened the fifth inning for the Red Sox by taking a walk. Butch Hoff walked when his turn at bat came. The third score of the inning came when Gabert hit a single

and was given a ticket home by a wild pitch.

Don Sheppard hit a single, but died on base for the White Sox.

The sixth inning added three more scores for the Red Sox when Roy Pettyjohn and Edd Thompson scored on a singles. Drew Kershen was given a free pass to first and he used it to make the round trip.

Only one hit and a walk were given to the White Sox and the men both were left stranded. Four more runs came through for the Red team in the seventh. Glen Baker and Drew Kershen hit singles and John Virra and Jack Andrews used walks to bring in scores. The final score for the White Sox was made by Neal Lueb, who walked.

Winning pitcher for the Red Sox was Drew Kershen. Gary Smith relieved in the seventh. The losing pitcher was Richard Patton, who was removed for Frank Dawson in the fifth.

Attendance High For Vacation Bible School

By MRS. OWEN ANDREWS
 Vacation Bible School at the Frio Baptist Church has been well attended, in spite of rain three nights this week. A total of 91 were enrolled Monday and attendance fell to the 70's the following three days. On Friday 86 children were present.

Commencement exercises are to be held Sunday evening at 7:15 and parents and all visitors are welcome to attend. Mrs. Bob Doughman has been principal of the school. Rain in generous amounts fell Monday, Tuesday and Wednesday evenings in this community. Total amounts vary from 1.50 to three inches. The northern part of the community received the most moisture, the area near the Castro-Deaf Smith county line. Not much hail has been reported in this week's precipitation.

The Frio Home Makers club will meet Tuesday, June 9, at 4 p.m. in the home of Mrs. Clark Dobbs. Mrs. E. F. Vogler will present the program.

Mr. and Mrs. Herb Schmidt, Tommy and Dale visited her mother, Mrs. Lonnie Hinds, at Clinton, Okla., Tuesday through Thursday.

Mrs. George Zetsche was ill with tonsillitis the first of the week. Their daughter, Anne, spent Tuesday and Wednesday in the home of her grandparents, Mr. and Mrs. Owen Andrews.

Verabelle Andrews moved home Monday to spend the summer. She expects to teach again next fall in the Whittier Grade School in Amarillo.

Stevie Robbins celebrated his eighth birthday Wednesday by having Johnny Cole and Bill Cole as his guests. In the afternoon Mrs. Floyd Cole, Cheryl, Jana and Beverly and Mrs. Weldon Stephan, Jill and Rhonda visited with the Robbins.

The Rev. B. H. Baldwin and Homer West took Sunday dinner with the Kenneth Cox family.

Mrs. B. H. Baldwin, Mrs. Homer West and Eugene Baldwin went to Greeley, Colo., during the weekend to visit their daughter and sister, Mrs. Wesley Earp and family. Norma Joy, daughter of Mr. and Mrs. Earp, returned home with them to visit for several days.

On Sunday Mr. and Mrs. Edgar Vinson and Carleta took dinner with the Carlton Dobbins. Mr. and Mrs. Robert Dobbins were also dinner guests there.

In the afternoon the Carlton Dobbins and Vinsons went to visit in the home of Mr. and Mrs. Jess Horn east of Edmonson. A cousin of the Dobbins, Mr. and Mrs. Will Baxter of Winters, was visiting in the Horn home. The Baxters are Mrs. Horn's parents.

Linda Stephan of north of Hereford spent several days this week visiting in the home of her brother, Mr. and Mrs. Weldon Stephan and family. Taking Sunday dinner with the Floyd Coles were Mr. and Mrs. Earl Cole of Hereford, Mrs. Media Owen of Wichita, Kan., who is Mrs. Earl Cole's sister; Mr. and Mrs. Harold Shearhart and family of north of Hereford, and Johnny Cole of Spearman.

Jonny also spent several days this week with the Coles. His parents, Mr. and Mrs. John Cole of Spearman, came Thursday and visited. Johnny returned home with them.

Jana Cole was in a piano recital at the First Baptist Church in Hereford Tuesday night. Her teacher is Mrs. Joe Hacker.

Jeanie Robbins spent Thursday night with Cheryl Cole and Jana Cole spent that night with Ramona Hall.

Mrs. H. M. Mobley and Mr. and Mrs. D. C. Miller visited in the home of their daughter and sister, Mr. and Mrs. Lee Johnson, at Seminole last weekend.

Mr. and Mrs. Floyd Cole visited with Mr. and Mrs. Louie Dendy in Plainview Thursday. The Dendys live in Moses Lake, Wash., and were visiting his parents at Plainview.

A sister of Mrs. Robert Dobbins and her family from Amarillo visited in the Dobbins home Sunday afternoon.

Mr. and Mrs. J. H. Dobbs, James and Larry Dobbs took Sunday dinner in the Walter Jay home in Amarillo. Also there were Mrs. Jewel Cassels, DeWayne and Pat Cassels of Hereford and Mr. and Mrs. Jimmy Cassels of Amarillo.

Mrs. Weldon Stephan, Jill and Rhonda visited Mrs. Gene Welch and children at Black Thursday afternoon. Veveca,

BELASCO MOMENTOES

NEW YORK (AP) — Mementoes from the office of David Belasco, colorful Broadway producer during the early part of the 20th Century, now decorate a banquet room at a favorite theatrical restaurant.

Paneling, beams and decorations from the impresario's studio atop the Belasco Theater are being used.

IMPROVEMENT NEEDED

NEW YORK (AP) — Theater groups throughout the country need to improve their liaison, according to a study by the Ford Foundation.

W. McNeil Lowry, director of the foundation's humanities and arts division, told the Assembly of the American National Theater & Academy that a study in 85 cities disclosed that community, professional and educational branches of the drama are uninformed about each other.

Largest of American Protestant Church denominations is Methodist.

PROFITABLE VENTURE

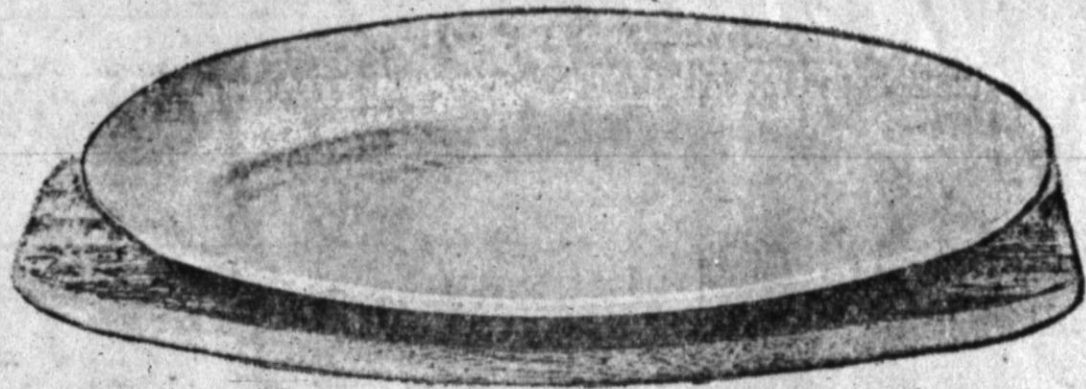

NEW YORK (AP) — The Radio Corp. of America and its affiliate, the NBC network, have a fivefold interest in the Broadway musical comedy hit "Red-head."

Investment capital, the firms also hold a share of the producers' profit, rights to the original cast phonograph album, television rights, and first refusal rights on making the musical into a film.

Boys And Girls On The Job Could Solve Many Of Nation's Problems

Hereford's proposed youth employment service reminds us of the story about a young man who reported for work in a supermarket...

"But I'm a college graduate," replied the new employee, whereupon the manager said: "All right, in that case, I'll get someone to show you how!"

The point being that very few of our young people actually do know how to work and, in turn, do not begin to realize the "value of a dollar."

Nature Provides Water Warning

Tierra Blanca Creek started running the past week, following general rains over the area, and scores of citizens parked along the banks to watch the muddy water swirl through the unusually dry creek bed.

At the same time, it provides one of nature's warnings in regard to water conservation in this area of ever-expanding civilization.

As few as 15 years ago, Tierra Blanca Creek ran every day, and afforded people of the area some of the best fishing grounds in West Texas.

We have no argument with the use of water for economic stability rather than letting it flow off down a creek bed, but we do feel that residents of the area may well ponder the warning, which could become the first step toward an effective water conservation program.

The Commissioners Court is definitely interested in a program of this type, especially concerning run off water and flagrant waste methods.

To us, the choice is a simple one. We can heed the early warnings of nature, adopt sensible methods of conservation and sell our water at the highest available price.

The answer is up to us, both collectively and as individuals. Without some effective means of conservation, many of us will live to see the day when our irrigation ditches—like Tierra Blanca Creek—will "run dry" during the long periods between rains.

The Sunday Brand

Established 1948 Published every Sunday at 536 Main St., Hereford, Texas

and often become leaders in our greatest corporations.

This current trend toward youth employment seems to us the first step in combatting idleness, which forms lasting habits among our boys and girls.

Numerous snags will no doubt be encountered, especially during the first few years. Much will depend upon the attitude of the young people, as well as upon the attitude of the employers.

If you consider school as training period in preparation for life and the summer job as a laboratory assignment, however, there can be no more applicable situation than youth employment during the vacation period.

Most employers, we believe, will have a tendency to be too easy on youth employees. Rigid basic training, on the other hand, is what the youngsters need—and what they will most appreciate in the years to follow.

When, and if, the plan spreads sufficiently to become nationwide in scope, it is safe to predict that the number of stories concerning juvenile delinquency will taper off to a minimum.

The Hereford program, although off to a slow start, seems to be on a solid foundation—and The Brand hopes that it will continue for many years to come.

Good Health Is Success Measure

Graduation speeches are a dime a dozen these days, but we were especially impressed with reports of one particular speaker who reviewed assets of the graduates, and emphasized as his No. 1 requirement "Good Health."

He further pointed out that persons who suffered no inherent ailments were obligated to themselves, their families and their nation to retain their good health.

Good health, like good drinking water, is something we do not consider or appreciate so long as it is available.

As a people, we are prone to over-eat, drink to excess and take far too little exercise. The situation will, no doubt, become worse as the years pass.

More emphasis should be placed on them through programs, clubs and with general information along the line of advertisements sponsored by the large insurance companies.

The speaker did touch on a basic characteristic which needs emphasis from time to time. No achievement, at the expense of reasonable health, is really an achievement for the individual involved.

Soaring Costs Hit U. S. Sales

The United States of America is the most highly developed nation in the world. Its inhabitants enjoy the highest standard of living ever known in the history of mankind.

These days, we are also running into trouble. Our neighbors in South America, for instance, are beginning to import their materials from Germany, France, England, Italy and Japan.

The POWER of FAITH by Howard Brodie

FAITH THAT AMERICANS LIVE BY — 10

Police surrounded the gangsters' hangout near Chicago. Inside was a captive. Bishop Robert Nelson Spencer, alone and unarmed, entered the stronghold, untied the prisoner and walked out with him.

"Prayer tells you what to say," said the bishop, "In a sense, I let someone else do the talking."

Crippled in one arm as a youth and uneducated until he was 18, this farm boy rose to become the Episcopal bishop of West Missouri. He is now retired. The governor recently proclaimed a day recognizing his "devoted services."

As a young minister Spencer worked on a road gang, when volunteers were called for to build new streets. He established a sanatorium for meningitis victims. He had cots and a soup kitchen set up in his church's basement for the unemployed during a freezing spell.

QUESTION OF THE WEEK

Residents Here Enjoy Hereford Friendliness

How long have you lived in Hereford and why do you prefer it to other places you have lived?

MRS. JERRY ALBRACHT—I've lived in Hereford for 26 years. Hereford is just home to me. I've lived here so long I don't know any better.

RAYMOND ALLEN—My parents have lived in Hereford for 20 years. I've lived in Hereford all my life, 16 years, and I don't particularly like it. It's too small and there is nothing to do.

MRS. DUANNE BAIZE—Hereford has been our home for 15 years. It's a pretty town and I like everything about it.

MRS. E. E. ATKINSON—I've learned to like Hereford in the ten months I have lived here. I like the friendliness of its people. I can't really say that I like it better than any other place I might have lived.

MRS. I. A. BYNUM—I came to Hereford 5 1/2 years ago from Canyon. I like both cities. I went to school and college in Canyon and I think Canyon might have some advantages Hereford can't offer.

MRS. V. M. YOUNG—I've lived in Hereford for 10 years. Why do I like it? Well, the people are very friendly and it is a prosperous town.

SAM WILSON—I've lived in the Hereford area for 24 years. It is the only town I've lived in. I've had farms in Rockwall County and some other places.

FANELDA WILLIAMS—I've lived in Hereford all my life, 12 years, and I like everything about it. I especially like the water here.

without effort.

Why are we losing this business? Chiefly because our prices are too high. Small motors can be imported from competing nations at a saving of 25 per cent over American prices.

Extreme labor costs and high taxes are the causes cited most frequently by our

industrial leaders—and both of these items are directly concerned with our extremely high standard of living.

The answer to this situation is, of course, a king-size chore and will have to come from our government leaders. Continued deficit spending has, so far, been our only effort to meet the challenge.

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses the future of work this week. We guess that's what he's doing.

When a man doesn't know any more about what's happened in the past than I do, he hasn't got much business predicting what's going to happen in the future, but I'm always interested in what somebody else has to say about it.

For example, I was reading an article last night in a newspaper a neighbor handed me earlier in the day because he said he didn't have time to read it, too busy working, that predicted that in 10 years "the ancient image of work as something manual and tedious will be fading rapidly and most workers will be wearing white-collars."

This does not leave me altogether satisfied. I mean, while the ancient image of work as something hard may fade in the next ten years, I figure work itself will stay around quite a while longer.

And as for wearing a white collar, this doesn't appeal to me at all. That is, I guess I could wear a white collar now, with a tie, but going up one row and down another on a tractor would still be the same. Even changing collars at noon, because the one you started out plowing in that morning is bound to be dusty by midday, still wouldn't fade any image of work, as far as I'm concerned. You can get just as tired from white-collar farming as you can from the open-neck kind.

I'll admit the machine has eliminated a lot of work, but what some people don't seem to realize is that it's caused a lot of other work, too. I long ago noticed that a man who graduates from a tractor with two-row equipment to one with four-row equipment doesn't work half as much as he did before, he just takes on twice as much land and still goes from sun-up to sun-down. I'm not equipped to figure it up myself, but it would be interesting to know how many hours of work scientists and inventors have put in perfecting labor-saving devices, how many hours workers have put in building them, and how many hours consumers have put in working to afford them.

The way I see it, some sort of work is likely to occupy man for some time to come. Putting on a white collar doesn't fool me. I've seen bankers, druggists, doctors, store keepers, school teachers, etc., come home just as tired from work as a farmer. I don't believe science can invent the type of collar that'll keep a person from getting tired.

Yours faithfully, J. A.

JOE JONES, left with pipe, Farmer County agriculture agent from Farwell, confers with Italian Inspectors (county agents) from the Bologna, Italy, area. They were discussing problems in livestock and poultry feeding and uses of grain sorghums. Jones was scheduled to leave Italy Saturday.

Grain Sorghum Group Makes Report On Foreign Markets

Interest in grain sorghum exportation to other countries is growing, Bill Nelson, executive vice president of the Grain Sorghum Producers Association, told the Braad in an interview this week. Nelson recently returned from a trip to Europe to acquaint feeders, millers and government officials with the advantages of bringing in American grain sorghums.

Joe Jones of Farwell, Farmer County Agricultural Agent, was scheduled to leave Italy Saturday after a series of talks and exhibitions arranged by the GSPA.

Lubbock County Agent Lee McElroy has been selected to go to Trieste for a month this summer to work on boosting grain sorghum imports.

Since his return, Nelson has received several letters from grain buyers and users in various European countries, asking for more grain sorghum information and pointing out real

sons why more milo is not now being used in foreign markets. Primary obstacle at this time seems to be trade barriers which boost the price of milo above those of competitive grains from the U. S. The Grain Sorghum Producers Association has asked the U. S. Department of Agriculture foreign offices to study the problem and see if it could not be eliminated.

Following several conferences with Italian feed users and government officials, Nelson is hopeful that the Italian agriculture department will ask for a reduction or removal of the current 10 per cent sales tax which is levied against milo, but not against some other grains, such as corn.

During the first two weeks of September, the GSPA will be host to a group of visitors from the United Kingdom. The group will include three feed manufacturing nutritionists, a representative of the broiler industry and a government agriculture representative.

During their tour of West Texas and other neighboring states, the visitors will study feed processing, feed lots and broiler operations and will talk with local grain sorghum producers.

"The Association does not feel that foreign market development is the total solution," Nelson emphasized. "It is just one part of our program, which must include more research, education and support of a workable farm program."

Area county agents are selected by the GSPA for brief overseas fairs and conferences. The U. S. Department of Agriculture pays the cost of the trips.

A. W. Young, supervisor of county agents through the Texas A&M Extension Service, has said that the service is happy to make the agents available for the trips to serve the marketing end of area farm operations. Young also commented that the experience would be valuable in broadening agents' background in different types of agricultural operations.

Nelson pointed out that the market for grain sorghums is getting larger because Western Europe is expanding its livestock and poultry feeding operations while lack of available land makes a large increase in feed production impossible.

During his tour in Europe, Nelson conferred with farmers, feeders, processors and government officials in Italy, England, Germany, Belgium, Holland, France, Switzerland and Greece. He was accompanied by Frank Arnold, vice president of the First National Bank of Amarillo.

Chamber...

from a chamber of commerce in the eastern end of his state. It asked him to support a pending bill. The other was from the western end. It asked him to oppose the bill.

"I don't know," said the Senator, "whether this is a good bill or not. I am not well enough informed about the subject. I asked the two largest chambers of commerce in my state for their views, and these two telegrams are my answer."

"What does business think? I wish I knew, and I am sure that the rest of you here in the Senate would like to know, because the bill you have before you is of the utmost importance to business."

Business leadership throughout the country had long felt the need for an instrument to coordinate and give public expression to business opinion. A small group had been working quietly with the thought that a national businessmen's organization could be formed to accomplish the purposes sought.

In the summer of 1912, at the request of this group, President Taft called a meeting in Washington of local chamber of commerce representatives. Thus, the Chamber of Commerce of the United States came into being.

Its beginnings were small, but as businessmen in cities and towns over the nation came to know of its work the membership grew. The bulk of the country's trade associations came into the membership so as to give voice to specific industries.

The local chambers gave representation to business geographically and to civic interests as represented in the activities of local chambers.

Today, the Deaf Smith County C of C is a part of this far flung fabric of business representation — big and little — which might be called the nation's business front, Thompson said.

The National Chamber interprets to government the considered views of business on issues of national importance, and in turn interprets to its business membership the moves of the legislative and administrative branches of government. It has helped to create within local chambers of commerce more than 2,400 committees on national affairs which conduct continuous campaigns for more efficient government.

At all times, the national

organization is ready to survey business opinion in the interest of applying business experience for the solution of economic problems. That function has been welcomed by public representatives in the

nation's capital, who know that businessmen conduct their operations with the knowledge that the public welfare must at all times be safeguarded. An early president of the National Chamber, asked to suggest a slogan for the organization, without hesitation responded: "If it is not in the public interest it is not in the interest of business."

Today cattle feeders want facts . . . not "chin music"

In the past year, two Purina Steer Feeding Demonstrations have been held at Waco, Texas, to show the advantages of well-balanced Purina Steer Fatena. Fred Minter, a local cattle feeder, has attended both demonstrations.

"I think this demonstration program of Purina Dealers is wonderful! They are willing to lay it on the line . . . not only tell us but show us what their program will do," Minter said. "Today we need facts . . . not 'chin music.'"

"I've been feeding Purina for 5 years, and my results are very much in line with those from the demonstration. With a program of this kind, I think Purina Dealers have the right to ask for my business."

Grower of the crops pictured above, Farm Manager Jim Williams, says: "ORTHO C-56 really did a job on Johnson grass in our cotton last year. One application saved us two hoeings. This year I plan to follow up the first treatment with two lighter dosages and eliminate hoeing completely."

ORTHO C-56 JOHNSON GRASS CONTROL
— a new powerful oil spray additive!

When mixed with kerosene or fuel oil, ORTHO C-56 dissolves the waxy coating of the plant and aids penetration into the plant tissue. It has no systemic or residual effect, therefore eliminates danger of incurring soil sterility. Apply by spot treating method using Texas blade and jet gun, slide gun or gravity-flow sprayer. Ideal results obtained when applied during seedling stage, before young shoots are 6 inches tall. However, Johnson grass can be controlled in all stages of growth with ORTHO C-56.

More car than this Impala Sport Coupe is hard to find, at any price.

clings to curves like a cat on a carpet!

the travel-lovin' Chevrolet

Nothing else but a dyed-in-the-wool sports car like the Corvette can take a turn with such solid assurance!

It's easy to see where Chevrolet gets its road sense. With big coil springs at every wheel, a firm, wider stance and all its pounds distributed with painstaking care, Chevy's born with it.

The only thing that may be hard to understand is how it can offer the ride it does, along with so many other luxury-car virtues, and still compete in the low-price field.

We use the word *compete* only in the sense of price. For with a ride as special as Chevy's, real competitors are hard to come by. There's a world of difference between Chevrolet's coil springs at all

four wheels and the leaf springs that most other cars still use. Take a Chevy down a snaky back road and you'll feel the difference in the sure way it holds through curves and shoots over rough spots with hardly a ripple.

This one's really made to travel and loves every minute of it.

Clothing Program Presented At Meet
