Region 9 B&PW Clubs Convention Opens

More than 200 women are expected in Hereford Saturday and Sunday for the 31st annual convention of Region 9, Business and Professional Women's Club. The Hereford B&PW Club will be host for the event.

Registration will start at 2 p. m. Saturday in the Jim Hill Hotel. First official event will be the Presidents' meeting, with heads of all clubs in the region meeting in the Hereford State Bank Hospitality Room at 3 p. m.

Free Movie On Saturday For County Youth

In observance of the third Youth Appreciation Week in Hereford, Deaf Smith County youngsters will be guests of Hereford Optimist Club for a free movie at the Star Theatre Saturday morning.

Showings of the movie will be at 9 a. m. and 10:30 a. m. Free candy will be distributed by Optimist Club members at the door.

This week the Optimist Club is distributing free show tickets to children in all Hereford elementary schools. The project is sponsored annually by the club, in cooperation with Star Theatre management.

(Continued on page 2)

A style show, designed around the Hawaiian theme, will provide a touch of entertainment at 4 p. m. in the Jim Hill Hotel. The Popular Store will present the show.

A tea honoring the state officers and presidents of regional clubs is set for 5 p. m. in the First National Bank's Community Room.

The annual region 9 banquet will be held at 7:30 p. m. in the Jim Hill Hotel Ballroom, followed by a Fun Hour presented by the Plainview Club.

Registration will open for late-comers at 7 a. m. Sunday. At 7:30 a. m. a breakfast will be held in the Jim Hill Hotel ballroom. Immediately following this, the Dimmitt club will have charge of a devotional service. Annual memorial service is to be conducted by the Dumas club.

Two simultaneous workshops (Continued on page 2)

RENEWING OLD ACQUAINTANCES in Hereford this week are Mr. and Mrs. George Heard and their small daughter, Leslie, 5. Under a contract, Heard worked in the Government of Iraq Oil Refinery Administration. The family left Hereford for their position in Bagdad in March, 1957. (Staff Photo)

AT NO EXTRA COST

Revolution Included During Heards' Residence In Iraq

Preparing to "settle down" again as residents of Hereford, the George Heard family returned Nov. 1 from their temporary residence in Baghdad, Iraq, and a widespread visit to other European and other Asian countries.

Still a little tired from their trip, Mr. and Mrs. Heard have been busy for more than a week renewing old acquaintances and making new ones in the town which they left in March, 1957. "And it's sure good to be back," said Heard, who completed a lubricating oil test program in the Government of Iraq Oil Refinery Administration under contract during his absence from Hereford.

The Heards' daughter, Martha, 22, is still in Iraq, where she works as a filing clerk and in the mailing room for the United States Operating Mission, formerly the Point Four Program.

Their son, George, 19, stayed in Iraq briefly and returned to the United States in December, 1957. He is now a junior student at Texas Tech in Lubbock.

Returning to the United States with Mr. and Mrs. Heard were Leslie, 5, and Jane, 13. At the present time, the family is visiting with Heard's father, Dr. G. W. Heard, in Hereford.

The family saw the heated revolution which broke out in Baghdad on July 14, 1958. Heard said, however, the family was never in any danger of harm. "I don't know what all the fighting there was all about,

and I don't really know who did all the fighting," Heard pointed out in regard to the revolution. After the Heards left Baghdad in June this year, they visited (Continued on page 2)

DWI Charge Filed Tuesday

Caudill H. James, 31, 606 Miles, was charged with driving while intoxicated, second offense, Tuesday after arrest by Hereford police Monday.

Bond for James was set at \$1,000 by Justice of the Peace Berry Miles after the case was transferred to county authorities Tuesday morning.

AS TEDDY CHARGES STAIRS

High School Working On 'Arsenic And Old Lace'

A modern-day Teddy Roosevelt who charges the San Juan Hill staircase in his home and a couple of sweet old maiden aunts who have taken time from their sewing to poison 12 of their gentlemen callers provide only a partial formula of characters in "Arsenic and Old Lace," to be presented Monday and Tuesday, Nov. 16-17, in the Hereford High School auditorium.

Under direction of Burney McClurkin, new speech and drama teacher at Hereford High,

RUTHLESS CONNIE Renfro is no sweet little female when she's on the football field — she just yells "get out of my way" and scores touchdowns. The scrappy tailback is shown running one of her two TD's to lead her eighth grade "Showettes" to win over the ninth grade "Powderpuffs," 22-8, Tuesday night at Whiteface Field. Miss Renfro also scored two bonus runs. (Staff Photo)

'TOMBOY' CHARGE FOLLOWS GAME

Eighth Grade Showettes Power Past The Ninth Grade Powderpuffs, 22-8

Gobblers For Bids At Links

No gobbling — a few birds or eagles could win you a turkey, hen or frying chicken when area golfers gather for a tournament on the John Pitman links here Sunday.

Of course if you don't feel your swinging will be up to par that day, enter anyhow — you might get a weiner out of the deal.

The tournament with a Thanksgiving theme will be played by linksters drawn in groups of four, with an "A" player (72 to 78), a "B" player (Continued on page 2)

Riding on the fleet heels of Connie Renfro and Judy Wiman, the Stanton Junior High Showettes, representing the eighth grade, romped to a 22-8 victory

County Orders Four New Trucks

Deaf Smith County Commissioners ordered the purchase of four new dump trucks during their regular meeting Monday.

The low bid submitted by Hereford Implement Company was accepted by the Commissioners Court. Bid price was \$3,291.28 each for 1960 model International trucks.

Lesly Motor Company submitted a bid of \$3,446.69 each for 1960 model Studebakers while Charlie Seeds Motor Company's bid was \$3,576.30 each for 1960 model Fords.

The trucks are two-ton models with ten-ton hoist. One truck will be assigned to each precinct for hauling and maintenance work. Commissioners said the trucks could be pooled for work on a single county road project.

During the routine meeting, Commissioners approved some right-of-way appraisals for the expansion of U. S. Highway 60. The estimates will be submitted to the Texas Highway Commission for final approval.

over the ninth grade Powderpuffs Tuesday night at Whiteface Field.

More than 1500 enthusiastic fans piled into the stadium to watch the girls play football by boys' rules, including full equipment and tackling.

More concerned with their appearance than with body blocks, the Powderpuffs contended, "Those little eighth graders are just a bunch of tomboys, anyhow."

Badly outweighed, the Showettes proved they were out to win the first time they got their hands on the ball. Taking the opening kick-off they moved to midfield. Showette tailback Connie Renfro galloped 50 yards for a score, which was erased by a holding penalty.

But Showette fullback Judy Wiman proved the play was no accident as she took the ball on a double reverse and tripped lightly for a 65-yard touchdown run. Renfro ran wide-around left for the two extra points.

This put the Showettes out (Continued on page 2)

Willard Opp On Police Force

Willard Opp, 51, who has been engaged in law enforcement work for 19 years, Tuesday joined Hereford Police Department as a patrolman, announced Police Henry Aycock this week.

Opp last month left his position as Abernathy Chief of Police to accept the post of patrolman here. He and his wife reside at Moody's Trailer Park in Hereford.

The new officer was chief of police at Abernathy one year and spent 5 1/2 years on the Midland Police Force. He was a patrolman for 12 years with the police force at San Antonio Alamo Heights.

Students In Office For 'Youth Week'

With one or two exceptions, Tuesday was a quiet day when nine Hereford High School students occupied city and county

offices in observance of the third Youth Appreciation Week sponsored by Hereford Optimist Club here.

Although there was no real excitement, the youths took their duties seriously and worked as if they were full-time employees, regular officers agreed.

Assuming their honorary positions Tuesday morning were: Herman Jesko as County Judge; Bobby Renfro, City Manager; Allen Cansler, Mayor; Lee Kimball, County Clerk; Ronnie Botkin, Chief of Police; Charles Burrus, Fire Marshal; Walker Parris, Sheriff; Mack Cansler, District Clerk; and Eddie Gallagher, School Superintendent.

Viewing activities of city and county government that day were high school exchange students Flemming Hansen from Denmark and Marjatta Niinisto from Finland.

Hansen, incidentally, unintentionally stirred up a little excitement Tuesday morning when he accidentally pushed a button on a Civil Defense terminal, sounding the tornado warning siren. Honorary Fire Marshal Charlie Burrus, however, was on hand to answer the phone at the fire station and explained that there was no need for alarm.

The officers-for-a-day and exchange students were guests of Hereford Optimist Club Tuesday noon. The honorary officers were presented certificates (Continued on page 2)

Around Town

This young man is Flemming Hansen, an exchange student from Denmark who's studying at Hereford High. Flemming accidentally learned that the yellow- and blue sign "CD" in the city fire station is used for civil defense and tornado warnings. When he pushed the button Tuesday, I imagine he wished he was back in Denmark. With Clay Angelo out of the station, Charlie Burrus acted his role as student Fire Marshal and answered the many phone calls that came in as the siren wailed across the city. Flemming was good-natured about the error and now we know the sirens still work. It turned out to be a pretty good test.

We'd like to add our thanks to the Optimist Club for putting our students on the back this week. We heartily endorse their statement that more than 95 per cent of our youngsters are behaving themselves and becoming decent, useful citizens. I firm (Continued on page 2)

REGULAR DEPUTY SHERIFF Bill McCarver, third from left, shows his "honorary boss" Walker Parris at his right how to load a pistol. For a day Tuesday, Hereford High School students took over county offices. Shown from left are Herman Jesko, County Judge; Mack Cansler, District Clerk; Walker Parris, County Sheriff; McCarver; Marjatta Niinisto, high school exchange student from Finland; and Lee Kimball, County Clerk. Due to an injured ankle he sustained playing football this year, Parris was jokingly called "Chester" instead of "Matt Dillon." (Staff Photo)

HONORARY CITY OFFICIALS for a day are shown how to man a fire engine hose by Hereford Fire Marshal Clay Angelo, right. Taking their places as honorary city officers Tuesday were, from left, high school students Charles Burrus, Fire Marshal; Ronnie Botkin, Chief of Police; and Bobby Renfro, City Manager. Not shown are Eddie Gallagher, School Superintendent, and Allen Cansler, Mayor. (Staff Photo)

ADVANCE PREPARATIONS for decorations during the Regional Business and Professional Women's Club convention, slated for Hereford this weekend, are the responsibility of this Hereford committee. Included are, from left: Alta Davis, Bruce Rose, Kathleen Baker, Madlyne Faughn, Bruce Carter and Dyalhia Benson. (Staff Photo)

Revolution.. Region...

(Continued from page 1)
ited in many countries, including Lebanon, Jordan, Egypt, Turkey, Greece, Italy, Austria, Germany, Denmark, Belgium, England, France, Spain and Switzerland.
Of all the countries visited by the family, Heard said they probably enjoyed their stay in Spain most. They stayed there about six weeks.
"It's remarkable the progress Hereford has made since we saw it last," Heard said. "It's a shame that the countries we visited cannot progress as fast."
Progress in the countries overseas, he explained is slowed by central governments, and there is no real democracy there.
"In other words, federal ownership is just run into the ground," he pointed out.
Back to the city where he can wear ready-made clothing, Heard sighed and said:
"The contrasts are interesting between Hereford and Baghdad, and I again say that we are glad to be back."

School...

(Continued from page 1)
Office Equipment, including duplicator, typewriter and file cabinets, was approved for purchase to be used at Northwest Elementary. A flagpole also was ordered for the new building.
Board members will have a special meeting at 5 p. m. Tuesday, Nov. 17, to inspect current building projects with architect Herbert Brasher of Lubbock. Cunningham said he thought the new classroom-gymnasium building for Stanton Junior High and the new cafeteria building would be completed about Dec. 1.
The board approved hiring of Don Clark and Duayne Hannsen as half-time instructors, to replace John Thompson, who was recalled to the Air Force. Clark will teach three high school mathematics courses and Hannsen will be in charge of three physical education classes. Both are nearing graduation from West Texas State College.
Annual audit of school district funds was approved by the board. A summarized statement of the audit will be published in the Sunday Brand. A complete copy of the audit is available for public inspection at the school tax office, temporarily located on the second floor of City Hall.
Board members agreed to a shift in duties for Alex Glass, who will teach three junior high school classes, coach ninth grade basketball and act as assistant principal for Stanton Junior High.

High School

(Continued from page 1)
will start at 9:30 a. m. Betty Ince of Amarillo will conduct one session on membership, coordination, career advancement, health and safety, finance, and public relations.
The other workshop will be led by Jewell Hodges of Lubbock. It will be concerned with women in government, public affairs, national security, international relations and public relations.
Midway through the workshops there will be a coffee break.
The regional business meeting will start at 10:30 a. m., followed by adjournment.
Clubs within the district which will be represented include, with the presidents: Mrs. Pauline Bonan, Amarillo; Dr. Yvonne Whitehead, Borger; Mrs. Thelma Brown, Dimmitt; Mrs. Ariel Pruitt, Dumas; Mrs. Frances O'Hearn, Lockney; Mrs. Leoma Rasor, Lubbock; Mrs. LauraBell Cornelius, Pampa; Mrs. Annys Lee, Perryton; Miss JoAnn Clements, Plainview; Mrs. Katherine Trammell, Post; and Mrs. Ila Mae Byars, Sahmrock.
Mrs. Madlyne Faughn is president of the host Hereford Business and Professional Women's Club.

er (79 - 86), a "C" player (87 and over), and a lady player.
Play will be by the point system, using one-half handicaps for all players. A bogey will count one point; a par, two points; a birdie, three points; an eagle, five points; and an actual double eagle or hole-in-one, 25 points.
Players in the Turkey Golf Tournament may tee off anytime after 11 a. m. Sunday. Drawings for pairings will be at 10 a. m.
The winning foursome will receive a turkey each, the second place team will be given a hen each, and the third ranking group will receive a frying chicken each. The last place team will receive one Weiner each.
Those planning to enter should turn in their names at the Pro

Tomboy...

(Continued from page 1)
front 8-0 with 7:04 left in the first eight - minute quarter.
Behind solid single-wing style blocking, Miss Renfro scampers eight yards for the second Showette TD and then ran the two extra points as the Showettes led 16-0 with 3:38 left in the second period.
In the fourth quarter, the Showettes powerful Miss Wiman rambled 55 yards before being pulled down on the ten by safety man (or is it safety woman) Jerre Bea Noland. After a try through the line, Miss Renfro was off again, this time hitting pay dirt from eight yards out. The run for extra points was short.
With time running out, Powderpuff fullback Pattie Skypala started picking up yardage in a long scoring drive. She set up the touchdown with a 55-yard run before halfback Nelda Botkins scored from seven yards out. The run for extra points was good. This closed out the point-production for the game with just 38 seconds remaining.
Showettes head coach Naomi Schroeter said she chose to use a single wing attack because of the good blocking it offered for her light backs. Coach Schroeter generously gave a great deal of the credit to her assistant, Jerry Don George. Coach George was vocally proud of his charges, although he did deny that they could beat the Whitefaces. He said the Showettes had learned four basic plays during the three days of intensive workouts.
Head coach Martha Sullivan

van said a lack of reserves hampered her Powderpuffs, who ran from the T formation. She also claimed having to look after her young daughter; threw much of the sideline coaching to her assistant Johnnie Johnson.
The partisan fans were extremely vocal in their disapproval of any, and all, calls made by the officials: Cuby Kitchens, Jerry Murphy and Howard Ritchie.
Leading cheers for the winning Showettes were Mike Ferguson, Jimmy Higgins, Steve Conaway and Eddie Thompson. Cheerleaders for the Powderpuffs were Clifton Corley, Jay Boynton and Bill Fitzgerald. All of the cheerleaders were cutely attired in blue jeans (clean ones) and white shirts.
Showette players were: Judy Wiman, Rhonda Neff, Nanetta Clearman, Kaki Bernard, Marie Hernandez, Judy Gwinn, Kay Coffman, Cheryl Neill, Wanda Cornelius, Carolyn Aven, Janice Hagans, Kathy Boston, Royce Gilliland, Diedra Thomas, Donna Blythe, Ruth Allison, Gloria Damron, Betty Scott, Connie Renfro, Betty Curtis, Carol Rickman, Linda Martin, Sherrie Rose, Francine Brown, Kay Reeves, Sandy Nunnally, Donna Cole, Barbara Barnett, Lola Nahquaddy, Marie Nahquaddy and Gloria Covington.
The Powderpuff roster included: Beth Carthel, Shari Carmichael, Terry Smith, Carolina Burnley, Nan Story, Tayvana Jones, Nelda Botkins, Suzanne Higgins, Cathy Knox, Sandra Aught, Pat Ransport, Donnell Alfred, Joanne Carlson, Cleta Rutter, Kathryn Burrus, Janie McBroon, Judy Kreighauser, Sheri Damron, Jenny Holt, Jerre Noland, Pattie Skypala and Linda Barton.
Hereford High became affiliated members of Thespians last year.

Around...

(Continued from page 1)
ly believe they are probably better citizens than I was when I was growing up.
City Attorney Earnest Langley will discuss the legal aspects of Texas' new shoplifting law at the merchants' meeting Friday at 10 a. m. in the Jim Hill Hotel Ballroom. Sheriff Charles Skelton also will be on hand to discuss the shoplifting problem from the enforcement angle. All merchants are urged to be on hand.
We really got a bang out of the Junior high girls' football game Tuesday night. What surprised us was the number of people who turned out to watch the game. Both teams played extremely good football, not to have played before and with just three days of practice.
Hereford B team, which wants to be called the Calves, will try to get back on the winning side Thursday night against Levelland. The Frosh will also play at Whiteface Field. The first

game is to start at 6:30 p. m. and the second at 8 p. m. The Calves lost their first game of the season last week.
Commenting on the fast school population growth at board meeting Tuesday night, Dr. L. B. Barnett said, "You just don't know how fast our population is increasing. . . Last month there were 36 births and no deaths at the (county) hospital!"
Again, may we urge your support for the United Fund. If you haven't contributed your share in your community, send a check or bank draft to: Deaf Smith County United Fund, Hereford, Texas.
The Hereford Whitefaces will appreciate your attendance at the game Friday night in Levelland. They have had a rough season and really need your backing.
Hereford boxers will fight in Levelland on Saturday night. Coach Don McNease said he would take about 15 local scrapers on the trip.
The Central and North West Schools PTA will meet Thursday, Nov. 12 at 7:30 p. m. in the Central gymnasium. Mrs. Chester Wiggins will speak on "Respect For Authority".

For those who are interested in the statistics of the game: The Powderpuffs threw one pass. It was incomplete.

Herd Ventures Into Lobos' Den Friday

Hereford can expect to run into a hungry pack of Lobos at Levelland Friday night. Coach Johnny Hickman's team will be out to prove they are the class of District I-AAA after dropping a surprising 40 - 22 decision to Phillips last week. Picked as the pre-season choice to romp to the district title, the Lobos have been running up against stiff competition lately. Two weeks ago they broke a tie and won 30-32 over a determined Dumas squad in the final minute of play. Then Phillips trapped a Lobo crew that was down.

Thus far, Levelland has a 6-2 record and stands 1-1 in the conference.

It's no secret that Hereford can look for a field filled with orbiting pigskins as Lobo quarterback Doug Cannon acts as the launcher.

All-District and a nominee for All-State as a junior, Cannon had trouble early in the season trying to get receivers. But the last several games indicate Hickman has got some ends that can hang on to the cannon-shots that Cannon fires.

Starting at one end is Don Burch, a 190-pound senior. Probable starter at the other is Ronnie Simpson, who moved up after the season started.

From tackle to tackle, Levelland players should look familiar to Hereford linemen. All are lettermen and several were starters last year. A pair of tackles, Earl Jackson at 205 and Charles Macha at 215, fill those two slots nicely. Guards probably will be Larry Carlisle and Terry Tubbs.

Hickman has been playing checkers with his backs, but Danny Tyler and Gary McMullan probably will be starting halfbacks while Ronnie Tietz should get the fullback nod. But it would be no surprise to find Ronald McCann or Sammy Neal in a starting back position.

Farmer's Union Elects Officers

The Deaf Smith County Farmer's Union held a meeting in the Flame Room of the Pioneer Natural Gas building Monday evening. Officers for the coming year were elected.

New officers are as follows: Bill Gentry was re-elected as president; L. B. Worthan, vice-president; Garland Solomon was re-elected secretary-treasurer.

The date for the next meeting in this month will be announced later. Alex Dickie, Texas Farmer's Union president, Richard Alexander, State secretary-treasurer of the organization, are planning to attend the meeting.

Students...

(Continued from page 1) showing they had served in governmental capacities and the exchange students received Life Membership certificates in the Hereford Optimist Club.

Phipps told the youths, "You are members of the 95 per cent who are growing into solid citizens and are seeking a substantial future. We truly want to give you a pat on the back."

Balboa discovered the Pacific at Darien on the isthmus joining Central and South America in 1513.

Honorary Officers Guests At Optimist Club Meeting

Nine Hereford High School students who served as honorary city and county officers all day Tuesday were guests of Hereford Optimist Club Tuesday noon in T. O. F. Hall.

The honorary officials included Herman Jesko as County Judge; Bobby Renfro, City Manager; Allen Canster, Mayor; Lee Kimball, County Clerk; Ronnie Botkin, Chief of Police; Charles Burrus, Fire Marshal; Walker Parris, Sheriff; Mack Canster, District Clerk; and Eddie Gallagher, School Superintendent.

Hereford Optimist Bill Phipps congratulated the guests for their accomplishment on being elected to the offices for a day, which is part of the current Youth Appreciation Week being sponsored by Optimists here.

Phipps explained that approximately \$2 1/2 billion dollars a year are spent on five per cent of the nation's youngsters termed as "juvenile delinquents."

On the other 95 per cent of youths, he explained, only 10 billion dollars a year go toward education.

"Often, we as adults do not take enough time to distinguish between what is right and what is wrong. We should forget ourselves more and do more for youth," Phipps said.

"We feel that our youth have character and leadership ability and that they should be commended for being citizens of our town and are worthy of our praise," he went on.

Lueb Picks 15 In Grid Contest

Raymond Lueb won the eighth weekly Hereford Blind football contest, with a respectable 15 selections. With Mr. Upset hitting LSU, Northwestern, Texas Tech and few others, that was no small feat.

Also coming in with 15 picks were Roy Boyer and J. R. Patterson. But Lueb's prediction on the Dumas - Hereford score was the closest to right, which earned him the \$10 weekly prize.

Just two more weeks remain in the contest, which offers weekly prizes as well as Cotton Bowl tickets for the top winners during the season.

SETTING UP the only touchdown for her ninth grade "Powder Puffs" at Whiteface Field Tuesday night was pretty fullback Patty Skypala, shown running a 55-yarder to the 10-yard line with only a minute left in the game. The "Powder Puffs", however, fell to the eighth grade "Showettes", 22-8. (Staff Photo)

By JIMMY GILLENTE
Are people becoming less charitable? With all-time record bank deposits, Hereford dropped \$10,000 short of the 1958-59 United Fund quota - and the figure is now \$6,000 short of last year.

To complicate things, the number of charity cases are increasing instead of decreasing. A few of the larger donations were down, and the house-to-house canvass frequently netted only \$1 to \$10 in a whole block. There are some donations to come in yet, but if you were not contacted and wish to make a contribution just mail your check to "United Fund, care of George McLean, Hereford, Texas."

The steel strike, meanwhile, is over for 80 days at least. I do not figure that the workers will vote by secret ballot to strike again, despite propaganda from the leaders. I don't figure that their wives will let them. There is a lot of difference between reading about someone without work, and being really hungry yourself. Fact is, the only long-range solution to our labor troubles seems to rest in the possibility of an organization of union member's wives. Usually, the women let the men go just so far - then put their feet down. And the men have gone just about that far already.

The one person in Hereford who got most excited when the Civil Defense alarm sounded Monday morning was a newcomer named Flemming Hansen, exchange student from Denmark. The reason Flemming got so excited was due to the fact that he was the boy who erroneously pushed the button, while serving with the group of students who literally took over Hereford's city government for the day. Fortunately, clear skies and lack of wind eliminated any probability of tornado disaster, and most people accurately presumed the signal as an accident or a practice session. Besides, it will be an interesting story for Flemming to tell when he gets back home.

Joe Green asked this week what had happened to all of the birds. Some went south, but Joe is right; we do not have as many birds this fall as usual. Not even sparrows and starlings. Joe figures maybe they got poisoned with all of the farm spraying and defoliating that has been going on during the recent months. However, we had just about as much activity along this line last year - and we still had birds. Personally, I figure it is just more proof of the long, hard, cold winter I have been predicting. It is a signal to have your overcoat ready.

THESPIAN TROUPE EMBLEM - The emblem above has been chosen by Thespian Troupe 896 of Hereford High School. A halesquinesque figure on a diamond background, the emblem will be used as the official mark of Thespian-sponsored events at the high school and was designed by Lisa, the wife of drama teacher and director Burney McClurkan, who is currently directing technical aspects of Thespian shows. The troupe this year is endeavoring to provide a high level of family entertainment and hope the emblem will become significant of the life of the Hereford community, McClurkan said.

Statistics always interest me. I notice where farmers in this country now own 4.8 million tractors, which is three times the total in 1940. However, census figures show that we still have about 7 million acres of land devoted to raising feed for horses and mules.

Miles Roberson and the Rider's Club could account for a small bit of this feed, but the survey shows that most of it is used to sustain work horses and mules, chiefly employed in farming.

Ray Conaway was a little bit upset about the comment on the Santa Claus suit, but also said it was getting worn in spots. Ray, of course, is the best Santa this side of the North Pole - and if he contributes his time to the cause, I figure a new suit is definitely in order. Ray was talking about buying one himself, but this would not be right at all. I don't know of anyone in Hereford who has done as good a job over as long a period of time as Ray has in representing the jolly old man with the long, white whiskers.

Some of the big city car dealers are already turning down cash offers on cars. They demand trade-ins or "No Sale." The steel shortage, they say, has put them in the used car business in a big way - and it may be so.

Football Contest Standings To Date

Only two more weeks remain in the Hereford Brand's football contest, with tickets for the Cotton Bowl awaiting the top three season winners. The following are the standings after eight weeks:

Charles Skinner	103
W. B. Dowell	99
Mrs. Bobbie Kitchens	104
Marshall Wilson	110
Earl Stagner	88
Paul Schroeter	106
Stanley Slagle	82
Gloria Schroeter	103
Joe Hamilton	83
Drew Kershen	77
Mrs. A. J. Schroeter	106
LeRoy Suttle	105
Dean Heming	106
Dave Miles	109
J. R. Patterson	105
Gene King	104
Ruth Loerwald	97

Several more weeks before things loosen up. The only other time I can remember when car dealers didn't like to sell for cash was right after World War II.

I notice in the Amarillo paper where they said that none of the cranberries in this area come from the Washington-Oregon section. However, I wouldn't be surprised if the cranberry merchants are not a bit less busy than usual. On the other hand, it might boost the bulk berries in case canned sales taper off due to recent publicity.

Joke On TV
Father: "How did you like the turkey, dear?"
Small Girl: "I didn't like the turkey much, but that sure was good bread he ate."

Dr. A. Hope Owen Slates Talks At First Baptist Church Services

Dr. A. Hope Owen, president of Wayland Baptist College, Plainview, will be guest speaker at the First Baptist Church at both services, morning and evening, on Sunday, Nov. 15.

Since becoming president of Wayland in 1953, Dr. Owen has seen a "Five Year Program of Progress" completed with many goals being exceeded and has projected "Bold Venture: Design for a Decade", which calls for increased enrollment, increased salaries for teachers, a building program of more than \$3 million, and an increase in capital endowment.

During the past summer, Dr. Owen was one of 16 college presidents invited to take part in an Intellectual Life Conference in Miami, Fla., sponsored by the American Association of Colleges of which Wayland was made a member in 1957. Since Dr. Owen became president, Wayland has also been fully accredited as a four year liberal arts college by the Southern Association of Colleges and of the Association of Texas Colleges.

In addition, Wayland is approved by the Texas Education Agency for teacher certification with more than half of the class of 1959 qualifying for teaching certificates. Wayland is also approved by Veterans Administration.

Under Dr. Owen's leadership

Wayland faculty salaries have almost been doubled and the number of faculty has increased 25 per cent to care for the increased enrollment of the past three years. More emphasis is constantly being placed on academic standards and an increasing number of scholarships based on high scholastic records are being awarded. Wayland's loan funds have been increased considerably since Dr. Owen came to the presidency so that worthy students may be aided.

In the building program for the second half century, Wayland has during the 1959 summer constructed Flores Bible Building and completed about half the restoration and remodeling of historic Administration Building for greater classroom and office efficiency. This work will be continued through 1960.

Ground will be broken in 1959-60 for a series of married student apartments. Two 8-unit apartments are expected to be ready for occupancy before the close of the session and others underway.

Dr. Owen, a West Texan by background and experience, set as a goal for Wayland Baptist College "a liberal arts college second to none" in the Great Plains Area. In 1958-59 Wayland drew students from 12 foreign countries and 25 states but the majority came from a 150 mile radius of Wayland campus.

Dr. A. Hope Owen

Supper Planned By West Hereford Club

Plans were made for a Thanksgiving Supper to be held in the county Bull Barn on Nov. 20 at the meeting of West Hereford Demonstration Club Tuesday in the home of Mrs. Grace Witherspoon.

Presenting programs at the meeting were Mrs. Mable Vaughn, who spoke of "Sanitation," and Mrs. Ada Frost, who spoke on "Care In The Home." Next meeting of the group will be held Nov. 24 in the home of Mrs. Mary King.

Eleven members attended the Tuesday meeting, including Mesdames Vern Witherspoon, John Jacobsen Sr., A. W. Aultry, Edna Bowe, Evelyn Bell, W. A. Waters, Hugh Witherspoon, Blanche Mosley, Mable Vaughn, Ida Vaughn and Ada Frost.

THE AMERICAN LEGION AUXILIARY is sponsoring a Christmas "Gift Shop" to be in Veterans Hospital in Amarillo Dec. 7-10. Patients in the hospital will make their Christmas gift selection and Auxiliary workers will gift wrap the parcels and mail them to the patient's family. Officers in charge of the program from left to right are Mrs. Mabel Wagner, reporter, Mrs. Edna Smith, chaplain, Mrs. Leonard Davis, hospital chairman, Mrs. Ira Ott, department hospital representative, and Mrs. Hazle Sparks, unit president. (Staff Photo)

Local Legion Auxiliary Group Sponsors Christmas Gift Shop

Members of the American Legion Auxiliary unit 192 of Hereford, are busy at this time with plans for the American Legion Auxiliary sponsored Gift Shop, to be set up in Veterans Hospital in Amarillo Dec. 7 through 10.

Members and interested persons are asked to have their contribution to Mrs. Hazle Sparks, 340 Sehley, by Nov. 20.

In 1942-43, there were only four Veteran Hospitals in Texas, with contract beds in three other cities. There were 2,500 patients in these hospitals and another 1,000 in the contract bed hospitals. Since that time, the number of hospitals have increased to 10 in Texas and 171 in the United States.

The Gift Shop program was started by a volunteer hospital worker, Edna Henke, in the V. A. Hospital at Legion, Tex., in 1944. Miss Henke, who is a hospital representative, does her work from a wheel chair.

The first Gift Shop program

was called "Gifts for the Yanks Who Gave." This was taken by the American Legion Auxiliary in Texas and has grown into the program it is today. Gift Shops are set up in all of the Veteran Hospitals and bed contract hospitals in the United States and her possessions. All gifts are donated by the American Legion Auxiliary

Officers Named By Camp Fire Girls

Wa-O-Ki Camp Fire Girls elected officers at a recent meeting held at the Camp Fire Hut. Those named included Edith Davis, president; Brenda Roberts, vice-president; Carole Clearman, secretary-treasurer; Charlotte Hill, reporter; Sharon Garrison, historian.

Others attending the meeting were Diann Brisendine, Jean Roberson, Zella Walser, and the guardians, Mrs. S. L. Garrison and Mrs. W. H. Walser.

members and friends. They are gift wrapped and mailed to the patient, who selects gifts for her family. Mrs. Ira Ott, department hospital representative, is in charge of all work done by the Auxiliary members in the 18th district. The shop will be set up on the morning of Dec. 7. Patients will make their selections on Dec. 9-10. After the patients make their selection, the Auxiliary workers mail them to the patient's family.

European Films Shown At Meet

Garden Beautiful Club met in the home of Mrs. G. W. Edwards Friday afternoon, with Mesdames Charlie Noland and Dick Miller serving as co-hostesses.

Featured program for the afternoon was the showing of color films of an European trip made by Mrs. G. W. Newsom and her family last summer. Mrs. Newsom gave descriptive comments while films were being shown by Mrs. Ed Warren. During the business session, plans were made for the Christmas flower show to be held in the home of Mrs. Roy Smith on Nov. 20.

Members of the club present were Mesdames Ray Coswert, Charles Hood, Joel Hodges, L. H. Lookingbill Sr., Luther Lesly, Ansel McDowell, Dick Miller, Charlie Noland, W. B. Owen, J. B. Pool, Lloyd Pool, B. E. Roberson, Deward Roberson, T. E. Seigler Sr., J. Howard Walker, Gerald Wilson, E. W. Harrison, Helen Pipkin and the hostess.

Bill Hardwick Addresses Club

Bill Hardwick of Hereford was guest speaker at the L. Allegra Study Club meeting held Thursday afternoon in the Flame Roof of Pioneer Gas Company.

Speaking on "Alcoholics", he described the alcoholic as a diseased person who can help himself and who can be helped by the non-alcoholic person if the non-alcoholic will try to understand. He gave statistics to show the cost of crime and accidents caused by excessive drinking and told of some of the treatments now given to arrest the disease.

Mrs. J. W. Robinson Jr. presided over the business session, when plans were made for the annual guest day tea to be held on Nov. 19, and plans were discussed for the club members activities with the United Fund Campaign.

Those present were Mesdames Charlie Hill, Joe Easley, Tommy Carnahan, Bill Dameron, James E. Higgins, Jimmie Easley, Hilton Higgins, Walter London Jr., Joe Lyons, J. W. Robinson, Charles Skelton, Sam West.

NEW MEMBER DRIVE

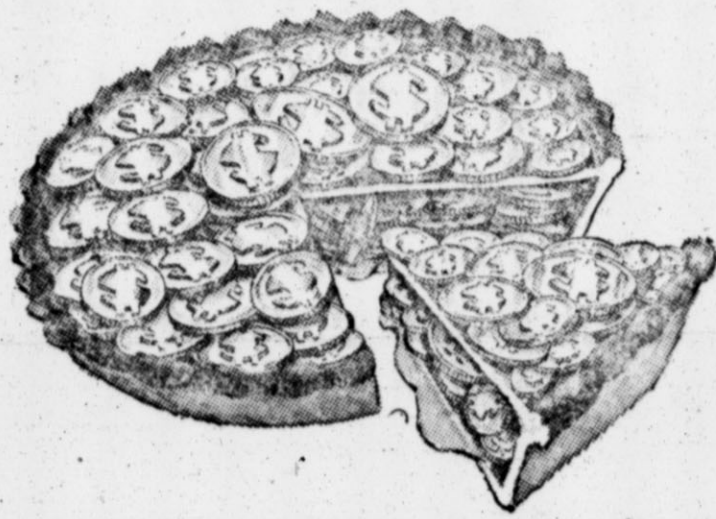

RICHMOND, Va. (AP) — The Junior Chamber of Commerce drive for new members is rabbiting along in high gear. Here's the gimmick:

A rabbit, which will become many rabbits soon, was given to Richard E. Glenn, chapter president. When he got a new member he passed the rabbit along to another member who must hold it until he gets a new member. The member who doesn't get a new member — and quickly — can go into the rabbit business.

Alexander the Great founded the city of Alexandria, Egypt, in 332 B. C.

THE HEREFORD BRAND WOMEN'S SECTION

Mrs. John McLean, Society Editor

Hereford, Texas, Thursday, November, 12, 1959 Section Two

A Salute To District B&PW Club Members

About 150 members of District IX, Texas Division of Business and Professional Women's Clubs, are expected to attend a two-day convention in Hereford Saturday and Sunday, Nov. 14-15.

Theme for the meeting here is "Effective Living." Members in this district will be guests of the Hereford B&PW Club, which has been active since organization Jan. 23, 1933.

Seventeen charter members were in the local club during the first year of activity. The first president was Mrs. Mabel Wilson.

The club was incorporated in 1946, and in 1948 the club sponsored the street naming and house numbering project.

The Hereford club now sponsors student scholarships amounting to \$150 for the past five years. The organization also assists in the March of Dimes drive each year and participated in placing road signs leading into town.

The group last year pledged \$700 toward Hereford Community Center and sponsored a class in Red Cross instruction. Three of the members are now qualified Red Cross instructors.

Source of income is from dues, sale of fruit cakes and a style show as yearly projects.

The local club was sponsored the first year by the Plainview Business and Professional Women's Club. During the first year, members were busy familiarizing themselves with the work of the different offices and committees and postponed adopting any projects until the second year. Then, they concentrated upon doubling their membership and bought cafeteria tickets for needy girls at Central School.

In years following, the club was outstanding in its work on many projects. The year 1935 saw the first Pioneer Day Celebration planned and produced by club members.

In the last few years, the celebration has grown to such magnitude that the Chamber of Commerce now has charge, and the B&PW club still participates in any way requested.

Then in 1936 out of a Business and Professional Women's program to cooperation, enthusiasm and interest snowballed

into the Hereford Texas Federal Credit Union, with three club members as charter members. The organization has made such progress that it is now recognized as a leader in state, national and international Credit Union movements.

During World War II, Bibles were presented to each woman entering the armed forces. Quoting a long time member, "the biggest project of them all was naming streets and numbering houses."

The local members worked three years on that project, finally completing it in 1948. With the Jaycees, the members went out and measured and numbered. The committee meeting with the City Commission was elated to have them select from a submitted list, the designations of Union, Grand, Whiteface and Park Avenue.

In 1949, the club women made a survey to analyze reasons for out of town shopping. They selected many items, comparing prices in local and out of town stores and turned the results over to the Chamber of Commerce.

The club has long been aware that there is a need to encourage local trading and still has hopes that the residents of the town will realize that local trading has benefits.

In 1953-54, the club received the honor of having a member elected to state office as District Director. Della Stagner received the honor.

Each year, the club sends donations to the state project helping foreign students and donations are sent to the Dr. Minnie L. Maffett Fund to further the higher study of Women doctors.

Also contributions go to Girl's Town, Girl Scouts, Camp Fire Girls, the Labor Camp project and several others. The club also helped contribute to the new Children's Wing of the hospital and finds time to address March of Dimes envelopes each year.

The National Federation of Business and Professional Women's Club is the largest national organization of business and professional women in the world. It was organized in St. Louis in 1919, with 200 delegates present.

MRS. PEARL H. SMITH of Lubbock is past president of the Business and Professional Women's Club of Lubbock and is now president of Trustees of the Minnie L. Maffett Fund. She also is advisory board president of Sherick Memorial Home.

MRS. CARL INCE is first vice-president of the Amarillo B&PW Club. She has been president of the Amarillo club and was district director in 1951-52. She is in charge of the workshop on membership, program coordination, career advancement, health and safety, finance and public relations.

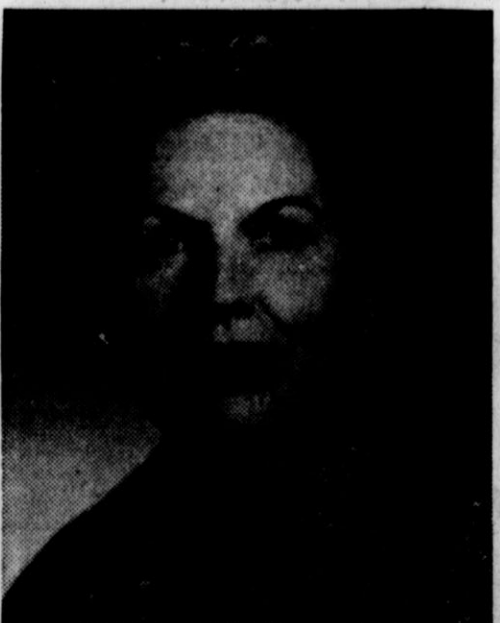

JEWEL HODGES of Lubbock is a member of Lubbock Business and Professional Women's Club. She is in charge of a workshop on Women in Government. The workshop includes public affairs, national security, international relations and public relations.

Madlynne Faughn
Hereford B&PW President

MRS. W. B. HOPE is president of the Longview Business and Professional Women's Club, and has been a member of the club since 1943. She is a past state parliamentarian, state third vice president and presently is state first vice president.

HOPE E. CONROE of Lubbock has been a member of the Lubbock B&PW Club since 1956. In her second year she was elected as the club's treasurer. During the past year, in addition to her duties as State Treasurer, she has served as finance chairman of the Lubbock club.

MISS LUCILE HUGHES, formerly of Hereford, is a charter member of the Dumas B&PW Club and has held various offices, including recording secretary, vice-president and president of the club in 1953. As present she is financial chairman of her club and director of District 9, which includes all the Panhandle area and Lubbock. Miss Hughes was born in Hereford and attended Hereford High School. She obtained her degree at West Texas State College and is presently teaching in Dumas Public Schools.

ANNA B. O'DELL of Lubbock was district director of Business and Professional Women's Clubs in 1958-59. She has held a variety of different offices in her local club. She is a teacher and insurance representative in Lubbock.

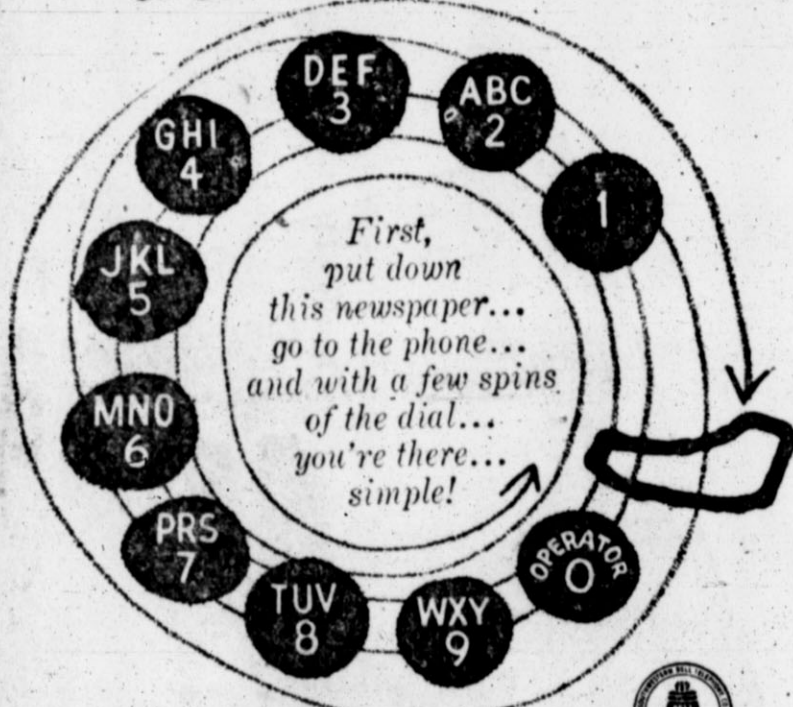

IN CHARGE OF REGISTRATION for the Region 9 Business and Professional Women's Clubs are these Hereford members. They are, from left: Erma Walker; Eunice Petersen, general chairman; Guyrene Carter; Della Stagner, committee chairman; Cora Cockrell; and Nadine Wade. They will register about 150 visitors for the convention, which will be held Saturday and Sunday, Nov. 14 and 15. (Staff Photo)

apple. Measure 2 cups sifted flour. Sift again with 2 teaspoons baking powder. Cream 1/2 cup butter. Gradually add 1 cup sugar, cream well, beat yolks and whites of 2 eggs separately. Add yolks to creamed mixture, mix well, then add flour and 1/2 cup milk, alternately, mixing well. Fold in beaten egg whites and 1 teaspoon vanilla.

Melt 2 tablespoons butter in a large frying pan, spread 1 cup of brown sugar over pan, then add pineapple. If sliced arrange slices, pour cake batter over fruit, bake in moderate oven 360 degrees Fahrenheit about 45 min. Turn upside down on serving dish and garnish with maraschino cherries.

Here is a cookie recipe, using peanut butter. Easy to make, they are perfect for lunch boxes.

CHOCOLATE QUICKIES
Into 1 cup peanut butter, gradually blend 2/3 cup sweetened condensed milk. Mix in 3 tablespoons cocoa. Drop by teaspoonsful on greased baking sheet. Bake in moderate oven 350 degrees Fahrenheit ten minutes. Makes 30. Store in covered container.

THE RANGE
Plan meals to use range units to the best advantage... surface units, deep well, grill, broiler and oven.

Cook entire meal in the oven or deep well. When heating the oven for meat, plan to have several dishes cooking at the same time which might be used in the same meal or for future meals.

Use the broiler to prepare an

entire meal or most of a meal when it must be cooked quickly.

Prepare a "one dish" or "casserole" to include a meat or meat substitute, a green or yellow vegetable and a potato or other vegetable.

Use the automatic timer to start food cooking when you plan to be away from home.

Use a pressure saucepan to shorten cooking time.

THE REFRIGERATOR

Use the refrigerator effectively for keeping ready-to-serve foods such as roast beef, baked or boiled ham, lunch meats, roll and cookie dough, custards, puddings and ready mixes, if refrigeration is necessary. Refrigerator rolls, gelatin salads and desserts can be prepared the day before. Vegetables, washed, trimmed and ready for use may be stored in plastic bags or hydrator. Fruits can be stored, washed and ready to eat.

HOME FOODS FREEZERS AND REFRIGERATOR FREEZERS:

Frozen foods make for better use of time by reducing preparation just before meals.

To make best use of the freezer:

Store basic foods from which meals can be prepared. (Meats, vegetables, and fruits.)

Freeze breads, pies, cakes, sandwiches, and baked beans for special occasions.

Store extra amounts made at one time, or for leftovers, such as cooked roast.

Freeze fruit and vegetables at peak season as well as meat, poultry, and fish.

Freeze meals grouped together for use when the homemaker is away or for unexpected company.

Remember to allow for thawing time or freeze some foods that go directly from freezer to oven.

Carl Covington Is Fraternity Pledge

Carl Worth Covington of Hereford has been named to pledge Theta Chi, national social fraternity, at North Texas State College this semester.

Names of 122 pledges to 10 fraternities were announced this week by Dean of Men William G. Woods.

Covington, the son of C. W. Covington, 202 Western Street, is a junior secondary education major.

They will register about 150 visitors for the convention, which will be held Saturday and Sunday, Nov. 14 and 15. (Staff Photo)

H. D. CHATTER

**Recipes Listed For
Cake, Quick Cookies**

By ARGEN DRAPER
George Coldiron, daughter of Mrs. Ruth Coleman, gave me this recipe several years ago.

You will enjoy it.
UPSIDE DOWN CAKE
Drain juice from 1 can of either crushed or sliced pineapple.

apple. Measure 2 cups sifted flour. Sift again with 2 teaspoons baking powder. Cream 1/2 cup butter. Gradually add 1 cup sugar, cream well, beat yolks and whites of 2 eggs separately. Add yolks to creamed mixture, mix well, then add flour and 1/2 cup milk, alternately, mixing well. Fold in beaten egg whites and 1 teaspoon vanilla.

Melt 2 tablespoons butter in a large frying pan, spread 1 cup of brown sugar over pan, then add pineapple. If sliced arrange slices, pour cake batter over fruit, bake in moderate oven 360 degrees Fahrenheit about 45 min. Turn upside down on serving dish and garnish with maraschino cherries.

Here is a cookie recipe, using peanut butter. Easy to make, they are perfect for lunch boxes.

CHOCOPeanut QUICKIES
Into 1 cup peanut butter, gradually blend 2/3 cup sweetened condensed milk. Mix in 3 tablespoons cocoa. Drop by teaspoonful on greased baking sheet. Bake in moderate oven 350 degrees Fahrenheit ten minutes. Makes 30. Store in covered container.

THE RANGE
Plan meals to use range units to the best advantage -- surface units, deep well, grill, broiler and oven.

Cook entire meal in the oven or deep well. When heating the oven for meat, plan to have several dishes cooking at the same time which might be used in the same meal or for future meals.

Use the broiler to prepare an

entire meal or most of a meal when it must be cooked quickly.

Prepare a "one dish" or "caseroles" to include a meat or meat substitute, a green or yellow vegetable and a potato or other vegetable.

Use the automatic timer to start food cooking when you plan to be away from home.

Use a pressure saucepan to shorten cooking time.

THE REFRIGERATOR

Use the refrigerator effectively for keeping ready-to-serve foods such as roast beef, baked or boiled ham, lunch meats, roll and cookie dough, custards, puddings and ready mixes. Refrigeration is necessary. Refrigerator rolls, gelatin salads and desserts can be prepared the day before. Vegetables washed, trimmed and ready for use may be stored in plastic bags or hydrator. Fruits can be stored, washed and ready to eat.

HOME FOODS FREEZERS AND REFRIGERATOR FREEZERS:

Frozen foods make for better use of time by reducing preparation just before meals.

To make best use of the freezer:

Store basic foods from which meals can be prepared. (Meats, vegetables, and fruits.)

Freeze breads, pies, cakes, sandwiches, and baked beans for special occasions.

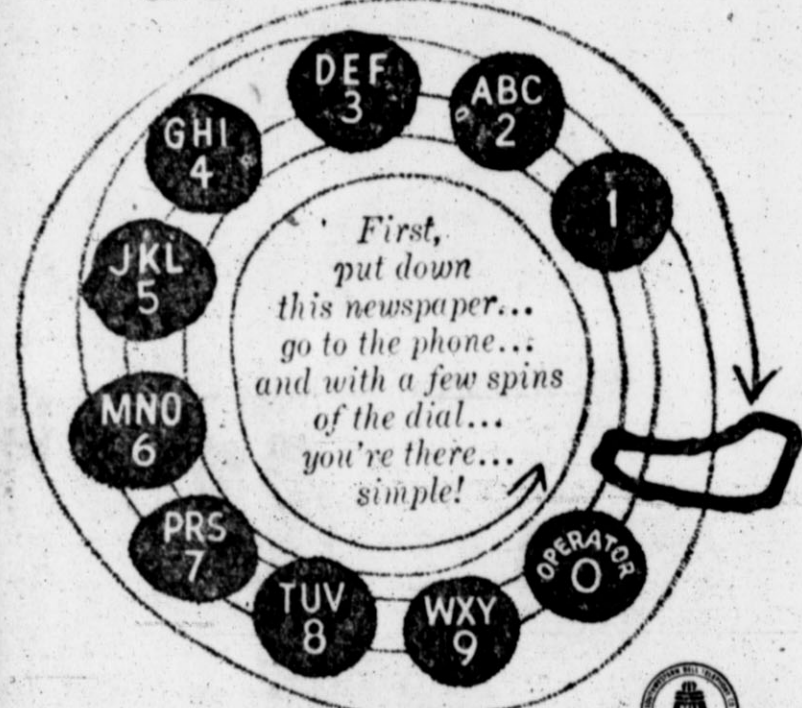

Store extra amounts made at one time, or for leftovers, such as cooked roast.

Freeze fruit and vegetables at peak season as well as meat, poultry, and fish.

Freeze meals grouped together for use when the homemaker is away or for unexpected company.

Remember to allow for thawing time or freeze some foods that go directly from freezer to oven.

For Safety's Sake, Keep That Drive Shaft Covered

The High Plains Underground Water Conservation District says that one of the most dangerous omissions that an irrigation farmer can be guilty of is that of leaving the drive shaft between his irrigation pump and engine exposed. In a release, the district office stated:

"We all remember the recent story that appeared in our newspapers which told of a 12-year-old girl whose pony-tail became entangled in the moving parts of a potato-digging machine. As a result of this tragic accident, she lost her ears, eyebrows and scalp. Death ultimately claimed this 12-year-old.

"This was a terrible thing, and we found ourselves asking how such an accident could happen and why the moving parts on the digger were not covered to prevent such an occurrence.

"Well, the answer as to why may never be evident; however, one thing is certain—the potentially dangerous gears, etc., of that particular potato digger are no doubt adequately guarded today. The regrettable thing is that the safeguards came too late and the cost of delay was too expensive.

"Parallel this incident with the picture here in our own backyard. We have literally thousands of irrigation wells in the southern High Plains of Texas that do not have any form of cover or guard that offers protection from contact with the high speed drive shaft that transmits power to the pump from the engine.

"If any model, of the many guards that are manufactured

To Attend Baptist College Board Meet

Expected for the extra-session meeting of the Wayland Baptist College Board of Trustees for Nov. 19 are the Rev. Howard Scott and J. R. Allison of Hereford, according to W. A. Mays, Amarillo, chairman of the Board.

Trustees will consider ways and means of raising funds for a 100 unit women's residence hall and additional married student housing since they have gone on record as being opposed to borrowing from the federal government.

At the Oct. 6 semi-annual meeting, members of the board unanimously voted not to make application for federal funds as this, in their opinion, violated the historic principle of separation of church and state of Baptists.

News release on this decision has created widespread editorial comment throughout the United States and brought to President A. Hope Owen a flood of commendatory letters, telegrams and telephone calls. The Oct. 28 Baptist Standard carried details of the decision and a half-page of editorial comment by the editor, Dr. E. S. James.

to cover exposed drive shafts, were expensive, an irrigator would perhaps be excused for not having one on each well that he operates, but all are probably priced under \$100. Therefore, the expense involved is not a valid excuse.

"What then is the reason for these many drive shafts remaining exposed?"

"Probably the principal reason can be traced back to our old friend 'complacency.' He can be a bitter foe. We simply cannot feature tragic things happening to us. Oh, sure, these things occur every day, but always to someone else.

"That's probably what a lady who lives in Lubbock today thought, until her hair became accidentally entangled in an irrigation pump drive shaft back in 1948. This particular woman was observing a pumping well on her husband's farm near Anton in Hockley County

Alcoholism Subject For HD Club Meet

The Wyche Home Demonstration Club met recently in the home of Mrs. J. V. Pickens. Herb Bonziman, chairman of the recently formed Alcoholism Commission, gave the program on alcoholism.

Mr. Boardman said in part, "The problem of alcoholism affects everyone to lesser or greater degree. Education is the basis of the commission's work—to help prevent alcoholism and bring help to individual alcoholics."

Looking at the problem percentage-wise, and reducing figures to local level, he said, "out of approximately 14,600 people of Deaf Smith County, approximately 5,776 are social drinkers and one-third of that, or 361-481 are alcoholics. Out of this number, 72-96 are women."

In conclusion, Mr. Boardman said, "The commission hopes to act as a voice for Alcoholics Anonymous. A total of 75 per cent of those who go to the organization try to stop drinking."

Those present were Mesdames W. P. Axx, C. F. Newson, Charles Paekard, J. V. Pickens, H. L. Ward, E. C. Hewitt Jr., and Norman Hodges.

The next meeting will be in the home of Mrs. C. F. Newson on Nov. 19.

Leone, Funk Win Wrestling Events

Ripper Leone and Dory Funk won separate wrestling events at matches Saturday night in the county Bull Barn.

Leone took the first fall from PePe Rodriguez in 14 minutes with a choke hold. Rodriguez won the second fall in five minutes with a Cobra twist. Ripper then took the deciding fall.

Funk won the first fall in seven minutes from Tara Mvaki with a spinning toe hold. Mvaki then won the second fall in 15 minutes with a series of Judo chops and body press. Funk won the third fall in seven minutes, using the spinning toe hold again.

On Nov. 14 at 8:30 p. m., Mvaki and Rodriguez will pair off in the first event and will be followed by Ripper Leone and Luis Hernandez.

After the first two events all four wrestlers will return to the ring to stage a tag team match for the main event of the evening.

Ford HD Group Holds Meeting

The Ford Home Demonstration Club met recently in the home of Mrs. L. J. Strafuss. The hostess, Mrs. Strafuss, gave the program on making a one-dish meal, which she later served to the group.

Plans were discussed for the Christmas party which is to be a family dinner held the night of Dec. 12 in the Ford Community House.

Officers for the coming year are as follows: president, Mrs. L. K. Williamson; vice-president, Mrs. William Gilleland; secretary-treasurer, Mrs. L. J. Strafuss; council delegate, Mrs. Hardy Benson; alternate delegate, Mrs. F. L. Eicke; reporter, Mrs. J. L. Fite.

Those present were Mesdames Willa K. Williamson, Hardy Benson, John Smith, F. L. Eicke and son Ted, William Gilleland and daughter Nina, L. K. Williamson and Mrs. L. J. Strafuss.

There are two new members of the club. They are Mrs. O. L. Reiger and Mrs. Quinton Conn.

Next meeting will be in the home of Mrs. William Gilleland.

THE WHITEFACE

Official Publication Of
Hereford High School

Thursday, November 12, 1959

Hereford, Texas,

Section Three

MAN, WHAT A SHOCK to have tea session with the Rev. Herend Harper interrupted by Teddy and his infernal bugle. That's just one of the hilarious scenes in "Asenic And Old Lace" which will be presented on Nov. 16 and 17. The sweet old maids, Martha and Abby, try to do away with all their guests. They are played by Judy Coffin and Lee Blocker, while Troy Don Moore is cast as Teddy and Donnie Marcontell plays Rev. Harper. (Staff Photo)

Finland's Exchange Student Likes Hereford High Spirit

One of our foreign exchange students this year comes from the southern part of Finland. Marjatta Niinisto lived on a small farm in Salo, a town about the size of Hereford. There is very little industry in Salo. Marjatta's father is a mechanic.

He makes tools and dyes for radio and plastic factories.

She has one sister, 21, who graduated from their secondary school. She taught in kindergarten, but now attends business college.

Marjatta says school in Finland is much more difficult than here. More emphasis is put on such subjects as math and foreign languages.

She has studied English, Swedish, Latin, German, and Finnish. However, she enjoyed Finnish most. She says the students here are just about the same as those in Finland. Here, she says, they are more active in clubs and extra-curricular activities. Maybe because there is not so much homework?

According to Marjatta, football or soccer as it is called in Finland, is much more popular here. She says, "In Finland we have no bands twirlers, or cheerleaders. Here, the students are more enthusiastic. I like it here very much."

As for other school activities, she said they have a Teen-Agers League, Drama Clubs, etc. The Teen-Agers League is a national organization. She said here the teen-agers have a much better opportunity for making money (the senior class made more money in a week than the Teen-

Agers League could make in a half year.) She thinks being an exchange student is one of the greatest honors she could receive. She said, "It's wonderful and thank you all very much."

An Alphabet Of Sophomores

- Ambitious — Ted Wimberley

- Youthful — Mack Cansler
- Zealous — Dan McDowell

Teenarama

Hello again. I was very pleased to hear from those that took time to write. From one of the letters I see that getting acquainted is as much of a problem to you as it is for me when really — GETTING ACQUAINTED SHOULDN'T BE A PROBLEM.

DEAR SAM: I have a problem. There is a girl who lives in my block and I would like to meet her. I know her name and address but don't know anyone who will introduce us. We see each other frequently on the street. How can I get to know her?

DEAR WONDERING: You're headed in a direction that should be no strain in the United States today. You'd simply say what she no doubt has been hoping to hear: "Hello!"

DEAR SAM: I am a boy of 17, going steady with a girl of 16. She can not attend many activities. Her father objects to her seeing boys, much less going steady. He does not know I am going with her, so she had to sneak out when he isn't home. He'd make her quit going with me if he found out.

DEAR MIKE: You are headed for disaster (or at the very least, dis-pair), if you go with a girl against her parents' wishes. Ask permission to visit her at home and try to show by your actions that you aren't poison.

Some people seem to be having a time trying to get dating and the steep amount of studying they have to do done. We all realize the old saying of "All work and no play makes Jack a dull boy,"

but then can we also see that **DATES DURING SCHOOL ARE JUST A MATTER OF TIMING:**

DEAR SAM: I have been going steady with a very nice boy for five months. My mother likes him too, but she wants me to get perfect grades, and she thinks a boy friend will keep me from concentrating on my studies. What do you think?

DEAR AGAINST THE BAN: Instead of a complete ban (which might make your grades take a nose dive), why doesn't your mother limit dates to (and this is only a suggested time) three hours, 30 minutes, 15 seconds twice a week?

DEAR SAM: I am going steady. Whenever I go steady with this boy he starts coming over every evening. Of course I never get the sufficient time to study. If he doesn't come over I am offended and worry that he may be mad at me. What can I do?

DEAR WONDERING: It sounds as though that poor beau of yours can't win for losing. Why not drop a hint to him. Tell him that you would like to see him but you have too much work to do. Suggest that he call you at a reasonable time. If he calls early after you have eaten your evening meal you will then be able to settle down to your studies with your mind on them, not with one eye on the clock and the other on the telephone.

Thank you for your consideration once more. I will close now with your letters still being needed. Let me hear from you soon.

Senior Profiles

BOBBY RENFRO is the son of Mr. and Mrs. C. C. Renfro. He was born March 19, 1942, in Matador. Some of his favorites are: Food — steak; Color — metallic gray; Movie — "Blue Denim"; Song — "True Love"; and Book — *The Searcher*. His favorite pastime is messing around. His pet peeve is Crist, Ward, and Ranspot and his ambition is to get out of high school.

TERRY HODGES is the son of Mr. and Mrs. Robert L. Hodges. He was born March 25, 1942, in Pampa. Some of his favorites are: Food — dried beef, baked potatoes, and jello; Color — brown; Movie — "Hercules"; Song — "Running Bear"; and Book — *Comancheros*. His favorite pastime is talking to girls. His pet peeve is loud mouths in class and his ambition is to get out of college.

BILLY LYAL is the son of Mr. and Mrs. Norman Lytal. He was born August 1, 1942, in Wolf City. Some of his favorites are: Food — steak; Color — blue; Movie — "Imitation of Life"; Song — "Valley of Texas"; and Book — *The Searcher*. He doesn't have a favorite pastime. His pet peeve is school and his ambition is to play Tarzan in the movies.

Mildred Wester is the daughter of Mr. and Mrs. H. E. Wester. She was born Jan. 22, 1942, in Hereford. Some of her favorites are: Food — shrimp; Color — blue; Movie — "Because of You"; Song — "Enchanted"; and Book — *Tomorrow is Forever*. Her favorite pastime is being with Garland. Her pet peeve is people who don't know how to laugh and her ambition is her wedding date, the 27th of December.

Anne McCarver is the daughter of Mr. and Mrs. Bill McCarver. She was born June 26, 1942, in Wellington. Some of her favorites are: Food — chicken fried steak; Color — blue; Movie — "Imitation of Life"; Song — "So Many Ways"; and Book — *Gone With The Wind*. Her favorite pastime is writing letters. Her pet peeve is stuck up people and her ambition is to get a degree in Secretarial Training.

Royce Lee Pruitt is the daughter of Mr. and Mrs. Roy Pruitt. She was born Nov. 8, 1941, in Roswell, New Mexico. Some of her favorites are: Food — Mexican food; Color — brown; Movie — "Imitation of Life"; Song — "Till I Kissed You"; and Book — *The Stars at Noon*. Her favorite pastime is riding around. Her pet peeve is stuck up people and her ambition is to be a secretary.

D. E. Club Has Own Radio Day

The D. E. Club of Hereford High School presented the programs and entertainment on radio station K. P. A. N. Nov. 11. The D. E. Club started working on the programs during the last two weeks of October. The students went put during the D. E. class and got advertisements from the merchants of Hereford, to sponsor the programs. There were a number of committees to get the entertainment from persons who had talent and groups of talent. The programs were taken from the classes, clubs, and other organizations.

This program is a yearly thing and is presented during "Youth Education Week". The proceeds from this program will go toward the D. E. banquet, to send delegates to the state convention, and for other things that the club will do. The D. E. Club would like to thank all the clubs and classes from Hereford High, Stanton Junior High, and the grade schools for participating in this program.

F. F. A. News

The F. F. A. boys held their informal Greenhand initiation October 19 in the High School Gym.

One of the chores the 26 Greenhands had to do was shine shoes for upperclassmen.

The formal Greenhand initiation was to have been held November 2, at 8 p.m. The boy's parents were invited to attend.

Several of the F. F. A. boys were on the cotton John T. V. program. The F. F. A. Sweetheart was also present at the program, which was held October 31.

Question Of The Week

What will school be like in 1980?

MR. McDOUGAL — The kids will all be living in dormitories at school.

BETTY WALSER — No teachers—we'll be taught by machines.

JERRY CLARK — Boys will not have to wear belts.

SONDRA BRUMLEY — We'll have T. V. for teachers and not any girls' P.E. classes.

ROSETTA DILLER — There will just be a few more chapters added to the American History book—Cheer up kids.

PATSY LOERWALD — We will get our knowledge from pills.

MR YOUNG — More complex subjects for a more complex society.

CAROLYN DILLER — Have to study more and probably get it from pills and the richer ones will be smarter.

MARY LOIS COKER — I can't imagine—I hope I'll be out by then.

EDWIN THOMAS — We won't have to go to school—we'll have machines to do our thinking.

SPOTLIGHT ON BAND

Hours Of Practice Go Into Halftime Shows

By SAUNDRA INMAN

A shrill whistle shatters the night, the crowd roars, drums rattle, cornets blare, and the H. H. S. Band prances onto the field.

Our band has been working hard to master their show, as some of you have probably heard during the fourth period. A football game would not be the same without the band here.

The H. H. S. Band attended marching contest October 27, and came out with flying colors. The band marched at 4 in the afternoon in class Three-A. The 61 piece band was led by Miss Sonnie Childers.

The routine was made up of precision marching with some various types of drills. The songs played were, "Fanfare", "Big Bow", "Stars in Your Eyes"

and "Swing March No. 1." Our new Band director is commendable on the excellent work he put out in preparing the show. Also, there will always be remembrance of the hard work that was put forth by the members of the band.

Preceding the marching contest was a twirling contest in which two of our top twirlers were among the top eleven twirlers who came out with firsts. Our hats are off to Miss Jeanette Rayburn and Miss Cherry Holt.

Coming out very good also in the twirling contest were Miss Linda Edwards and Miss Pan Clay with thirds. Other contestants twirling from Hereford were Sandra Inman with a second and Kay Cole with a fourth.

Confidential File

By CAROL PAETZ

Don't tell anyone, but I heard: Many taking Texas History have learned Mr. Smith, not Poe, is the narrator of gruesome murder stories.

The glow from Miss Britten's biology class is no longer the bright smile she poses, but a woman's best friend, right? Congratulations and only the best of luck.

Some members of Junior English have not discovered the secret of getting out of strolls to the office. Get on the ball boys - apples are cheaper and roses grow beside the walk on your way in!

I hear the football boys are taking lessons from the Heifers and the Powder Puffs now days! Looking for clues about girls pinned on the back of shirts in American History 6th period doesn't help one learn facts such as Elvis Presley capturing Germany in 2000 A. D.!!

The Senior Class in their English IV have been dedicating their ability to publish papers with "just the facts man". I know they will go down in History as the papers which put the seniors on a week non-expense paid trip!

Just What Is A Football Player?

Some boys might go out for football for the glory of his

follow students and to be known all over the student body. Most football players go out for football because they love the sport and want their school and town to be known. They also like to see a lot of school spirit and support from their parents at the games.

F. T. A. Attends Canyon Meeting

Twenty-seven members of F. T. A. boarded a bus Tuesday morning to travel to Canyon and attend the annual F. T. A. Convention, held at West Texas State College. Mrs. McDougal and Frank Jones were sponsors of the trip. Four of the students to attend the meeting from Hereford were from Stanton Junior High School.

The meeting started at 9 a. m. and ended at 3:30 p.m. It consisted of registration, general assembly, district business meeting, workshops and films (which proved to be very educational on certain facts about F. T. A.). A Mr. and Miss F. T. A. contest, and ending with a talent show.

Prize money was awarded for the winners of the contest for Mr. and Miss F. T. A. Hereford did not participate in the contest but is planning to next year.

The students arrived home around 4 p.m. after a very excellent day on teaching.

Hit Parade

"Put Your Head On My Shoulder" - Teddy & Nicky, Jerry & Shelia.

"Mr. Blue" - Ann & Johnny, Herman & Patsy, Charlie.

"That's Love" - Wakey & Madelynn.

"Heartaches" - Grady & Shelia.

"Lonely Street" - Larry & Bernadette.

"A Very Precious Love" - Don & Sandra, Rober & Barbara.

"Running Bear" - Billy & Judy, Billy & Carolyn, Linda.

"Don't you Know" - Chesley & Marilyn, Bobby & Shirley.

"Dance With Me" - Molly, Audrie & Merry Kay, John & Sammy, Curtis & Terry, Grady & Shelia.

"Living Doll" - Gin & Larry, Jerry & Maribeth.

"Misty" - Joe and Deanna.

"Sag Man" - Sharon F.

FHA Chapters Hold Meetings

The Future Homemakers of America discussed at their last meeting how a state officer represents the school and what an honor it is to receive this office.

Margaret Boomer made a report of her trip to the Dallas meeting. They also elected the Chapter parents.

The Chapter I parents are, as follows: Mr. and Mrs. Pruitt, Mr. and Mrs. Ward, Mr. and Mrs. Elmer Patterson and Mr. and Mrs. Robert Lemons.

The parents of the Royal Rose Chapter are: Mr. and Mrs. D. Roberson, Mr. and Mrs. Bert Boomer and Mr. and Mrs. Frank Farmer.

The F. H. A. Chapters held formal initiation in the High School auditorium October 29, at 7:30 p.m. They initiated the members of the new Junior High chapter.

The officers of the Junior High Chapter are: president, Terry Smith; vice-president, Janie McBroom; corresponding secretary, Jan Story; treasurer, Kathy Knox; parliamentarian, Ann Gentry; historian, Janis Higgins; song leader, Tawana Jones; pianist, Jerre Bea Noland; recreational chairman, Judy Shultz; degree chairman, Pat Ranspot; and civil defense chairman, Audri Miller.

The club's purpose, motto, and emblem were explained. Refreshments were served immediately following in the Home Economics dining room.

FOOTBALL Sidelights

When the football boys went to Oklahoma City, they saw Oklahoma University and Kansas University play their weekly game. They, the boys that is, took a chartered bus to Oklahoma and had a very enjoyable trip.

I heard that when Eddie Skypala was sleeping on the bus to Oklahoma City, he had his mouth wide open. Joe Sheman was stuffing Eddie's mouth full of paper. When he woke up, I understand that he was very, very embarrassed indeed!

Walker Parris and Wesley Pouch still have their limp from the dear old football game.

Don Scott, please let's don't have any more fights with pillows and blankets!!

John Thompson Leaves H. H. S.

One of our school staff is leaving us and we sure do hate to see him go! His name is John Thompson.

As most of you have heard, he was called back to serve in the Air Force at Harlingen Air Force Base in Harlingen, Texas.

When asked of comments, he replied, "I really do hate to leave this nice school, my math students, and most of all, the football boys, but I know that I am needed elsewhere."

Of course he plans to take his wife, Janette, and his three-week-old little girl, Tracy Kim.

Here's goodby to a wonderful teacher and football coach!!!!

LATEST IN NUTCRACKERS — San Antonio Zoo Director Fred Stark has found a unique method of cracking pecans. Just give them to Wattie, the pachyderm pecan cracker. The elephant has a light touch, according to Stark. (AP Photo)

CARD OF THANKS

I want to thank my friends and neighbors for the housewarming and birthday party given me. I also want to thank everyone for the lovely gifts I received.

Sincerely,
Bess Werner

World's largest producers of tobacco are the United States, China and India.

Helpful Blue Birds Name New Officers

The Helpful Blue Bird group met Monday at the Camp Fire Hut to elect officers. They are as follows: president, Connie Hoover; vice-president, Dana Riddle; secretary, Debra Wilson; treasurer, Betty Hodges; reporter, Candace Poarch; song leader, Marilyn Smith; telephone-committee, Diana Yates and Julia Davis.

Members present were Julia Davis, Betty Hodges, Connie Hoover, Kathleen McCaskey, Candace Poarch, Dana Riddle, Marilyn Smith, Beverly Taylor, Debra Wilson, and Diana Yates.

ILLINOIS FOSSILS

COAL CITY, Ill. — Some of the world's finest plant fossils are found in the abandoned coal strip mining fields just 55 miles southwest of Chicago's Loop.

Rock hunters collect potato-shaped rocks from the abandoned spoil heaps, then crack them open with a few hammer blows. The concretions which contain fossils split easily, revealing the imprint of plants believed to have lived millions of years ago.

WALCOTT NEWS

American Education Week Observed At Area School

By MRS. T. L. COLLINS

The National American Education Week is being observed this week. Principal T. L. Collins said all parents are invited to visit the school any day this week.

Winter came with a hard freeze during the night on Wednesday. After two days of cold weather, milder days appeared for the week end.

Many members of the community are sick. Donald Tice was taken to the Deaf Smith County Hospital with a throat infection Friday. Mr. and Mrs. T. L. Collins visited him Sunday. He returned home Monday.

Those who have the flu are Bob Shields, Mrs. Jim Adkins and Mrs. Phillip Miller. Those who have tonsillitis are Margaret Minks and Billy Henderson and Nadine Tice. Charles Bess was sick during the week

end, and Phyllis Tice had strep throat.

The Walcott girls and boys 4-H Clubs met at the school recently. Mrs. Glenn Burrus and Mrs. Eldred Brown met with the girls as they continue their work on Huck Weaving.

Larry Minks, president of the boys 4-H Club, called the meeting to order and each boy told of his project.

Under the leadership of Mrs. Norman Minks and Mrs. J. V. Perrin, they practiced on the play that they will present for the P-T-O meeting; soon.

Melvin Henderson received word Monday night of the death of his grandmother in Gainsville. He left early Tuesday to go to Levelland. From there, he went to Gainsville with other relatives for the funeral.

Mr. and Mrs. Bob Shields hosts to Lowell Sawyer from Clarendon and Travis Damer-

on, at their home last week.

Mr. and Mrs. Ralph Lewis and his brother, Rufus, from Anton, visited her sister, Mr. and Mrs. Elton Wylie and family, on Monday night. They left Tuesday.

Mr. and Mrs. John Avera and John made a business trip to Lubbock on Saturday.

Mr. and Mrs. Don Kirby, Kay and Larry went to Plainview Monday afternoon to visit her mother, Mrs. Watkins. They stayed that night and through Tuesday, bringing their daughter, Diane, back home. She had visited there for several days.

Mr. and Mrs. Phillip Miller had their granddaughter, Jo Ellen Hamilton of Hereford, as their guest last Saturday and Sunday.

Jim Adkins made a business trip to Amarillo on Tuesday. Allen Hoover from Amarillo was at his farm on Wednesday.

Mr. and Mrs. P. E. Eason from Dallas visited her sister, Mr. and Mrs. John E. Hill, for the week end. Their son, Gilmore Hill, who is attending Eastern New Mexico University at Portales, was also home for the week end.

Mr. and Mrs. C. F. Lockhart Fetty, Clyde and Clifford, moved this week end from the L. B. Godwin farm to Hereford. Mrs. Lockhart was still in the hospital in Friona, recovering from pneumonia. The family had lived in the community for several years.

Elvin Cross of Rosedale, N. M., and Travis Shields, made a short visit with Mr. and Mrs. T. L. Collins on Friday night.

Ray Simmons of Amarillo was at Walcott School on Thursday. He ate lunch in the school cafeteria.

Mr. and Mrs. Leland Burns and Chris enjoyed a "slumber party" with their daughters, Vicki and Marsha, at their home on Friday night. The girls rode the school bus home on that afternoon; the evening were Dianne Jack, Elizabeth afternoon, and ate the evening meal there. The group then went to Hereford to see a movie.

Those attending the party were Dianne, Jack, Elizabeth Burrus, Adair Melton, Nancy Tyler and Don June Horton of Adrian.

Mr. and Mrs. Bob Burns,

BIPPUS NEWS

Rev. Evans Speaks At Sunday Services

By Christine Fortenberry

The Rev. R. D. Evans was guest speaker at the Bippus Church Sunday morning and evening. He and Mrs. Evans were guests in the home of Mr. and Mrs. Charlie Burk.

Mr. and Mrs. C. F. Homfeld, Kenneth, Glenda and Jerry went to Hedley Friday evening for the Adrian-Hedley ball game. Glenda and Jerry are on the team.

Mr. and Mrs. V. T. Adrian attended the stock sale in Hereford Saturday. J. G. Fortenberry also attended.

Kenneth Loyd and Barbara Homfeld went to Silverton Saturday night to visit her parents, Mr. and Mrs. Sweeney.

Mesdames Charlie Burk, C. F. Homfeld, A. W. Shugart, J. G. Fortenberry and Christine, Edwin Banks and Beverly attended the party at Mrs. V. T. Adrian's home last Tuesday evening.

Mrs. Jim Perrin and children shopped in Hereford Saturday morning.

Mrs. Elmo Hall took her baby to the doctor in Amarillo for a check up Tuesday.

Jerry Homfeld spent Saturday night with Jack Harlin Dorris.

Bob Baker and Mary Martin from Elida, N. M., visited in the J. G. Fortenberry home Monday.

Clinton Homfeld branded cattle at his place Saturday. Those assisting were Herman Sifford and Wayne and Jack Harlin Dorris and the Homfeld boys, Kenneth, Loyd and Jerry.

Mrs. Elmo Pinnell and Wanda and Mrs. Wayne Pinnell and baby went to Chaning Saturday to visit their daughter and sister. They then went to Pampa to visit Mr. Pinnell's parents, the G. Pinnells.

Mrs. Richard Fortenberry and children visited in the home of N. E. Tyler Tuesday afternoon.

Mr. and Mrs. Richard Fortenberry and children visited in the home of J. G. Fortenberry Tuesday night.

Mr. and Mrs. Claude Bogel had relatives to visit them from Oklahoma from Friday through Sunday. They are as follows: Mrs. Earl Howard, Hydro, Okla., Mrs. L. A. Smith, Hinton, Okla., Bernice Wood, Rocky, Okla., Mr. and Mrs. Nelson Payne and Mike, Mr. and Mrs. Gueth Boyd visited them on Saturday night, from Hereford.

Mrs. Elmo Hall and Children visited in the home of Jimmy Perrin Sunday afternoon.

HELP FOR DWARFED

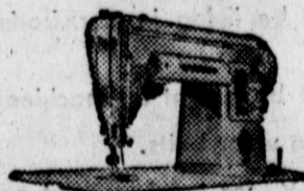

JERSEY CITY, N. J. —

Pencil marks on a kitchen wall that measure a little boy's growth bring more than the usual smile to Dr. Phillip H. Henneman of the Seton Hall University College of Medicine.

Dr. Henneman has made it possible for a few dwarfed youngsters to gain an inch or two in height through administration of shots gleaned from the pituitary gland. He is engaged in research here, hoping to expand the program.

The veiled Tuaregs of the Sahara Desert never bathe, says the National Geographic Society. Wind-driven sand keeps their bodies clean.

REP. WALTER ROGERS WRITES:

School On Tax Legislation Opens In Washington Soon

To the people of the 18th District:

TAX REFORM
"A small, specialized school will open in the Nation's Capitol next month. The subject matter will be tax law and economics. The faculty will be composed primarily of economists, tax lawyers, and educators in these fields. The students will be the members of the House Committee on Ways and Means."

As a matter of fact, it will not be a formal educational institution, but a seminar by the Committee to inform itself on all shades of economic thought with respect to practical and desirable remodeling of our tax structure. The classes will take the form of public hearings, beginning November 16 and continuing through December

18." This was the novel manner in which my good friend, Honorable Burr Harrison, Congressman from Virginia's 7th District and a member of the Committee on Ways and Means of the House of Representatives, announced the Committee hearings which will commence next week.

Actually, the hearings will take the form of panel discussions with an eye to accomplish a specific objective and one which, in my opinion is greatly needed. The Committee on Ways and Means is that which exercises legislative jurisdiction in matters of taxes and revenue, and the hearings which will begin Nov. 16 are for the purpose of establishing concise and factual information in all areas of our federal tax laws so that tax reform may

be accomplished by intelligent and informed legislation.

The Chairman of the Committee on Ways and Means, Honorable Wilbur Mills from Arkansas, has stated that the immediate objective of income tax reform is "to reduce the rates without sacrificing revenues required for responsible financing of government, and that at the same time, tax reform must seek among other things (1) a tax climate more favorable to economic growth; (2) greater equity through closer adherence to the principle that equal incomes should bear equal tax liabilities; (3) assurance that the degree of progression in the distribution of tax burdens accords as closely as possible with widely held standards of fairness; (4) an overall tax system which contributes significantly to maintaining stability

in the general price level and a stable and high rate of use of human and material resources; (5) a tax system which interferes as little as possible with the operation of the free market mechanism in directing resources into their most productive uses; and (6) greater ease of compliance and administration."

These objectives, if accomplished, (and I have high hopes they will be) would signal good news to those most familiar with the subject -- the taxpayers of this country. As many of you know, I have long advocated a reduction in taxes. I believe it can be done so our economy does not suffer and in a manner whereby we can maintain our fiscal integrity and responsibility. Our present tax system has been criticized as being not only too high, but as containing provisions which were enacted over a long period of time -- some of them during the early war years of World War II, to meet specific problems which arose at that time.

These provisions result in tax differentials which render many of them inequitable. This is particularly true in the lower and middle income groups. My efforts have been directed toward a correction of tax inequities, and I am indeed happy that constructive action is becoming a probability.

WALTER ROGERS
Member of Congress
18th District of Texas

Beauty At Home

Q. What can I do about the excessive oiliness in my scalp?
A. This is, of course, due to over-active oil glands, and it can be aided by a diet free of oily foods and candy, and rich in fruits and vegetables. If your hair tends to be oily, try an egg shampoo to counteract the condition. Be almost fanatical about rinsing, since any soap left in the hair after rinsing irritates the scalp. Vigorous brushing will help to normalize this same condition.

Q. How can I remove the shine from some of my navy blue and black dresses?
A. Try rubbing the fabric with a piece of flannel dipped in turpentine. Or, first, sponge the garment with hot vinegar or ammonia (add one and one-half teaspoon of ammonia to one pint of water), cover the garment with a damp cloth, and press on right side.

Q. What can I do to help reduce very thick ankles?
A. One excellent ankle reducer consists simply of walking up and down stairs, if the body is lifted on the toes with each step. Less wearing and almost as good for the ankles and legs is stationary rising up and down on the toes, at least 25 or 50 times a day.

Q. My eyebrows are very unruly, the hairs growing out in several directions. What can I do to help bring my brows under control?
A. You can do much towards controlling your brows by brushing them regularly. Use some transparent mustache wax or wave-set for control. Brush this into the hairs, then brush the brows into shape.

Q. How can tinted or dyed hair be restored to its natural color?
A. There are any number of color removers and restorative preparations on the market for this, and I suggest that you buy the restorative product from the same manufacturer whose coloring product you used in the first place. You can also help matters along, in a healthful way, by giving your hair and scalp frequent hot-oil treatments.

Yellow Fever Epidemic Failed To Stop History

CORPUS CHRISTI (AP) — The crowd in Victoria Opera House disappointed the meeting's sponsors. Only 200 persons appeared and none displayed any sign they were conscious of making industrial history.

The sponsors hoped a large delegation from Louisiana would swell attendance. But a yellow fever epidemic swept that state and kept most Louisianians at home.

From that Aug. 8, 1905, meeting came what eventually was to be termed the most beneficial waterway in the nation on the basis of benefits to users in relation to construction costs.

It's known as the Gulf Intra-coastal Waterway and stretches from Brownsville on the Mexican border to St. Mark's, Fla.

The Gulf Waterway still isn't finished. Its backers hope to cut through the narrow waist of Florida and tie into the Atlantic waterway, and to extend it southward along the Mexican coast.

This would provide 3,000 miles of canal protected from the open sea, tying the Southern Gulf Coast into a multitude of canals and rivers.

During World War II the canal was a lifeline for shipping which suffered severely in some places from German submarines. The subs could not operate in the 9-foot-deep canal. In wartime, the waterway carried 90 million tons of war materials.

On June 18, 1949, the goal of the association as set out 44 years before was realized at 1:12 p.m. when the last soil between Brownsville and Corpus Christi was blasted and dredged away.

The first meeting was called July 1, 1905, by a young Victoria banker, C. E. S. Holland, who wrote every Board of Trade, Chamber of Commerce and businessmen's association in Texas and Louisiana that "Our salvation lies in the development of our waterway." The meeting followed on Aug. 8. An interview with a newspa-

per reporter gave Holland's views on the need for a waterway wide publicity and he began receiving letters from all sections of the country. Prompted by the response, he called the first convention.

Representative George F. Burgess told the Victoria meeting that participation of the Federal government was needed. He said that in 1875 a survey had been made and it indicated "cost at such a figure that it put the people to sleep." He added the work could be done for 15 cents a cubic yard and "This is quite an item."

Duane Orr, District Engineer, Port of Corpus Christi, estimates dredging now costs 20 cents a cubic yard. Modern dredges and advances in marine engineering have kept down costs.

Representative John Nance Garner, later to become vice president, said there would be opposition from railroads. He said if the people would apply a bulldog tenacity to enthusiasm already displaced, the canal would be assured.

Eurique Orneals, Special Representative to the Mexican Government, assured the Convention that President Porfirio Diaz was greatly interested.

The association, known as the Interstate Inland Waterway League until 1920, began when the Louisiana-Texas Coast was an almost primitive land. In 1905, the 18 Texas counties bordering the proposed canal route had a combined population of only 250,000.

The second convention was held in Lake Charles, La. At the Houston meeting the following year, Holland was joined by Roy Miller, who shared the vision of a blooming future for the Gulf Coast.

Holland and Miller won their fight for a 53-mile strip of canal off the Louisiana Coast barely 40 feet wide and 5 feet deep. Civic leaders in Texas and Louisiana helped congressional representatives obtain authorization in 1925 and 1927 for a canal 3 feet deep and 100 feet wide from the Mississippi to Corpus Christi.

Long before this project was completed, it became evident it would succeed far in excess of predictions. It was authorized by congress on expectation it would develop five million tons of commerce a year, but that figure was exceeded even before through transportation became possible. When the canal eventually reached Corpus Christi it was carrying 17 million tons a year.

World War II was scarcely six months old when the Mansfield Bill was passed for deepening of the canal to 12 feet and extending its bottom width to 125 feet.

The Texas section of the canal alone exceeded 30 million tons in 1952, as compared to

one million in 1937.

In 1955 the Gulf Waterway was found to be the "most beneficial waterway in the nation" according to a federal study. It had a ratio of benefits to costs 14.8 to 1. This means the savings in transportation cost amounted to \$14.80 for every dollar expended in construction, maintenance and operation. The national average for 12 major waterways was 7 to 1.

Twenty five million tons of oil products made up more

than half of canal water traffic in 1955-1956. The canal also carries oyster shell for cement, lime, corn, wheat, oats, autos, gasoline, clay, sulphur, non-metallic minerals, scrap iron, lead, steel, aluminum, lumber, salt, coal, rice, sugar, limestone, non-perishable fruits and vegetables, beef, cotton, paper and other commodities.

At least 500 companies have built plants and warehouses along the 1,116 miles of canal from Brownsville to St. Marks.

"I PRESS FORWARD"

... to a high calling in Christ. For I know, "out of the lowest depths there is a path to the loftiest heights." This man's challenge is higher ground... to blaze his way to God. His highest moral intent is to go Heavenward. God had a purpose in his road-block. Maybe there is one before you. God doesn't make it easy for us to be good. But He gave Jacob a ladder and he climbed to Princehood with God. From way down, a man can climb way up when his purpose is lofty. The church will help every man in his climb if he truly seeks higher ground. You are what you want to be — good or bad; of God or of the devil. Then seek good this week... go to church.

You In The Church
The Church In You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Special Problems In Trinity Development

By VERN SANFORD
AUSTIN. - Typical of the tangle of interests and viewpoints that confront Texans when they set out to "solve the water problem" is the current hassle over Trinity River water.

Trinity development poses special problems. This second largest river in Texas (in volume of water) has a 455-mile channel that meanders through or near three major population centers - Fort Worth, Dallas and Houston. All are directly concerned, not to mention the smaller cities along the way.

In the current hearing before the State Board of Water Engineers, Houston and the Trinity River Authority jointly seek permits to build two dams, both near Houston. One would be a reservoir at Livingston; the other, a salt water barrier at Wallisville.

At first, Houston alone sought the permits with stiff opposition from TRA. Then the two agencies compromised and agreed that both would build the dams with Houston footing 70 per cent of the bill and getting 70 per cent of the water.

But before the plan could be approved, objections came from all sides. These now are being heard before the Water Board. San Jacinto River Authority, which supplies part of Houston's water, contends the city should stick with the San Jacinto. North Texas Municipal District and the Municipal Service Company are worried about their own future water supply from the Trinity.

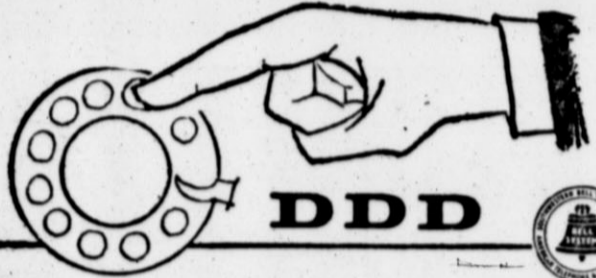

Southern Canal Company, which long has sought irrigation rights downstream, is opposed to the plan as are various landowners whose property would be flooded by the new reservoir.

Testimony is complex, often heated and expected to be quite lengthy.

Some of the data presented on future water needs provides a glimpse of the possible Texas of tomorrow. An engineer, appearing for Houston, predicted the nine-county area around that city will have a population of 6,750,000 by the year 2010 - more people than the whole state had in 1940. Water needs will be a staggering 2,682,000,000 gallons a day, he said.

Uranium Promotion Studied - House Investigating Committee has been looking into the money-raising methods of a man who claims to have a device to upgrade uranium ore. John Milton Addison faces charges in state and federal courts of using illegal financing methods. He has reportedly borrowed \$1,000,000 at 10 per cent interest in unsecured loans.

But lenders appearing before the House committee said they had faith in Addison and felt that he had been "persecuted" by law enforcement officers. Representative H.J. Blanchard, Lubbock heads the investigating panel. Other members are Sens. Joe Burdett of Kerrville, Tom James of Dallas, Carl Conley of Raymondville and John Allen of Longview.

Court to Move - Texas Supreme Court holds its last session in the 71-year-old State Capitol building this week. But it may be a month before the high court gets all its records and here library moved and gets settled into the splendid new quarters in the just completed Courts Building. On Nov. 18, however, the judges are to sit at the new marble bench. Further more, they will add a new tradition to Texas judicial history by wearing black robes.

Court of Criminal Appeals and Third Court of Civil Appeals are to move into the new building at a later date. **Union may be sued** - State Supreme Court has ruled that a labor union may be sued for damages by one of its members.

It reversed the holding of a lower court that the union could not be held responsible. This clears the way for a plumber to seek \$19,029 in damages.

H. J. Borden, the plumber, charges that an agent for the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting Industry barred him from work.

Asleep? - Texas Conservatives heard a familiar voice tell them they have become "lazy". Speaking to a Chamber of Commerce audience, former Gov. Allen Shivers said, "In Austin, the conservative element has little or no leadership... has lost its initiative... its incentive."

Shivers, long a Conservative standard bearer, recommended development of a program for the general welfare rather than fighting isolated battles for business interests alone.

He urged a coordinated Conservative program. Opposing forces, he said, have the "perfect set-up" - generating fervor for their causes through

Household Scrapbook

Rusty Copper

Rust can be removed from copper by means of liquid ammonia. Polish well afterward with a good copper polish.

Silver Polish

You can make your own silver polish if you will procure some loose prepared chalk from your druggist and make a paste out of it by mixing with ammonia in a small jar. Rub this on the silver with a rough cloth, rinse the silver in piping hot water, dry it briskly, and the job is done.

Mercurochrome Stains

Mercurochrome stains on clothing can be removed by sponging the spots with a piece of cheesecloth dipped into some rubbing alcohol which has been diluted with a few drops of hydrochloric acid.

Eliminate Odor

To avoid the disagreeable odor from rendering fat place the kettle containing the fat in the oven. Start the fat on the top of the stove and when heated through, place in a moderate oven until it is finished.

a tax-free organization, the AFL-CIO Committee on Political Education.

Motorists Speed Up - Texas drivers are bearing down on the accelerator more this year, a State Highway Department survey shows.

Study showed average highway speed at 54.8 miles per hour in 1959 compared to 53.4 for 1958. Passenger cars are traveling at an average 56.2 miles per hour; trucks, 50.3; busses, 60.7. Legal rate of speed for busses is 55 miles per hour.

According to the sampling, 21.9 per cent of passenger cars are exceeding the legal rate of 60 miles per hour. Last year only 15.2 per cent were above the legal speed.

Highway Department's survey was made with camouflaged radar equipment at 24 representative locations on rural state highways.

New DWI Tests Urged - It's so hard under present law to prosecute a driving-while-intoxicated charge that most law officers settle for a lesser charge, says the head of the Governor's Highway Safety Commission.

Speaking to the Texas Safety Association, Brad H. Smith urged passage of laws allowing for chemical tests to determine drunkenness.

Daniel Rans Lawmakers - Private research agencies have done a good job of fact finding, but the Legislature has been slow to carry out recommendations, Gov. Price Daniel said at the Texas Research League's annual meeting.

He cited law enforcement and traffic safety as areas of legislative foot-dragging and implied there had been an effort to undo Insurance Department reorganization.

ROMANTIC INTEREST for the all-school play, "Arsenic And Old Lace", is provided by Elaine and Mortimer, portrayed by Suzanne Langley and Dean Hudson. The play will be staged in the high school auditorium at 8 p.m. on Nov. 16 and 17. (Staff Photo)

Text and Topic for Sunday, Nov. 15: "The Heavenly Jubilee of the Saved." Rev. 7:9-17.

How patient the Christian should be in all tribulations! Tribulation is but the way marked for the Redeemed of the Lord. It leads to the Father's House. Can we repine because of the difficulties on the way, if we but consider whether it is leading? While every trial leads us closer to our journey's end, it leaves on trial less to be endured. "Be patient, then, and hope to the end."
