

VISITORS from Borger attended the meeting of the Hereford Toastmasters Club meeting Tuesday night. From left to right they are: Beal Denton, Pat Rion, Fred Rowe and Bob Luginbyhl. The visitors participated as speakers, evaluators and topic master. (Staff Photo)

Look Who's New!

Tender Love Story Along The Concord.

MAGGIE CASSIDY. By Jack Kerouac. Avon, 50 cents. Zagg, or Ti Jean, or Jack, or Ti Mon Pousse — these are the names and nicknames of the teen-age Dulooz boy who tells this story of his love for Maggie and her love for him.

The place is Kerouac's familiar Lowell, Mass. Zagg, whose father is a printer, has schoolboy friends, G. J. Rigopoulos, whom they call G. J., a Greek, but all the rest are French-Canadian, Scotty, Albert, Vinny, Roger, ready to roughhouse, duck one another in the snow, wrestle and in the crazy way of youngsters generally, work off their in-

Wednesday, July 29, at 5:52 a. m. and weighing seven pounds and 11 ounces.

exhaustible energy. They speak a piquant language, never quite French, never quite English, like "grace to God" for "Thank God." Zagg has a girl Pauline, or Pauline thinks she has him, but Maggie takes over. An Irish girl, she is a year older than he, and the difference is important, for she knows just a little better than he does what she wants. She is a volatile, pixie-like creature, and really passionate, and there is true pathos in the intensity of a desire she really doesn't dare satisfy and in the futility of the response of the boy who loves her, too.

The story unfolds against a high school background of track team, and a birthday party, and in the end young Dulooz leaves Columbia. Kerouac, for me, has been a bewilderingly uneven writer; he could be very good, and very bad. In this novel, after you recover from some wholly unnecessary passages of verbal virtuosity, he steps up out of the "beat generation" and be-

comes a worthwhile, individual, arrived novelist in a class by himself. Here are no youthful delinquents, and no world-weariness, and no imposed and questionable social attitudes; here instead by the Concord River where Maggie lives is a touch- ing, tender love story honestly and simply told. W. G. Rogers

Hereford Hosts Toastmaster Club Members From Borger

The Hereford Toastmasters entertained guests from Borger at their Tuesday night meeting, which was held in the Community Room of the First National Bank. Attending and taking part on the program from Borger were Fred Rowe, Pat Rion, Bob Luginbyhl, and Beal Denton. After a table topics session which was presided over by Rion four formal speeches were given by the members of both clubs.

Irving Alexander in the first speech asserted, that slacks were here to stay. In his speech Alexander asserted that there was a time when it was rather easy to determine the sex of a person by the attire that they wore. Now, he said, it is often necessary to take a second look if one is to be sure. This second look is the one that often gets a man into trouble, especially if he is with his wife, Alexander warned. "Women have been attempting to wear the pants in the family for some time," Alexander concluded, "so why don't men wear dresses?"

Luginbyhl, discussed the atom in a speech entitled, "Big

Little Geni". In this speech he discussed the manner in which the atom has become a factor in education and the increasing use of atomic power for maritime use and the generation of electricity. Luginbyhl asserted that atomic generated electricity will be as economical as electricity produced by more conventional means. Luginbyhl concluded his discussion by pointing out the use of the isotope in medicine and industry.

Pete Peterson, of the Hereford club, spoke a word in the defense of the embattled pipe smoker in his speech, "Confessions of a Pipe Smoker." "Everybody loves a pipe smoker," Peterson asserted, "but nobody loves a pipe." He went on to lament that while it is said that women all have a weakness for the masculinity of a man with a pipe, the first gurgling draw on one can mean the sudden death of any romance.

He went on to describe how the pipe puffer endears himself by leaving ashes on the rug and leaves holes burned in the furniture as well as leaving his treasured briar at the homes of

any of his hosts. Peterson advocated the organization of pipe smokers for mutual support and defense.

Fred Rowe of Borger outlined the organization of the Borger Toastmasters club, which has elevated the club as one of the top ten clubs in the United States. In his speech, which he called "This Is Us", Rowe told how the Borger club uses group action, individual achievement and planning to make an excellent club.

In the evaluation session Rowe's speech was judged as the best and he was allowed to present the trophy to Pete Peterson.

Western Culture Exhibited

CHICAGO (AP) — Western Hemisphere culture dating back 2,500 years will be shown here five weeks, starting Aug. 1, in conjunction with the Pan American games.

Participating in the cultural and reciprocal information program known as the Festival of the Americas will be the United States, Canada, and all the countries of South America, Central America and the Caribbean Islands.

It will feature music, drama, painting, sculpture, the dance, films, architecture, folklore, literature and education.

The festival, says chairman Arnold Maremont, has political and sociological implications.

"Instead of running around the world saying we make the best refrigerators, we for the first time will be inviting the other nations in our hemisphere, to show us their accomplishments, their arts and their crafts."

The festival, he says, will symbolize both Pan Americanism and peace.

HE GETS ACTION TOLEDO, Ohio (AP) — Four-year-old Mark Heldrum, a pneumonia victim, called for his nurse at Mercy Hospital to tell her he was feeling better. She didn't appear, so Mark pushed a button. Bells clanged, intercommunications speakers blared and the hospital corridors became a river of rushing nurses and doctors. Mark had pushed the fire alarm.

NAME IS UPHELD MILWAUKEE (AP) — Atty. F. Ryan Duffy Jr. won his battle to have his name placed on a ballot as candidate for civil judge despite a citizen's contention that a candidate's first name, not his second, be spelled out.

The legal opinion supporting Duffy came from Milwaukee County Corporation Counsel C. Stanley Perry.

DIVISION WINNERS at the 4-H Dress Revue held last Friday in the high school auditorium are, left to right, Beverly Lemons, Linda Hart, Linda Tooley and Sandra Vaught. Beverly, daughter of Mr. and Mrs. Edgar Lemons, is a member of the Dorothea Prowell 4-H Club. Linda Hart, who is a member of the Merry Maidens, is the

daughter of Mr. and Mrs. Cecil Hart. Linda Tooley is the daughter of Mr. and Mrs. LaNoy Tooley and a member of the Argen Draper Club. Sandra Vaught, daughter of Mr. and Mrs. M. P. Vaught, is a non-club member, and models another prize-winning dress made by Linda Tooley. (Staff Photo)

By JIMMIE GILLENTE
The weather considered, things seem to be rocking along in pretty good shape. Probably the best thing around here — and one we appreciate the least — would be our cool nights.

Folks in many places around the country suffer most after the sun goes down, but out in this part of the Panhandle you hardly ever record a night when some cover does not feel good before morning. This, of course, contributes a lot to our vegetable quality, especially lettuce. Without the cool nights we would practically be out of business on produce of all types.

Bill Decker was telling me earlier this week that the Country Club drive is moving right along. Very little soliciting has been done and they are past the halfway mark. The boys gave themselves 60 days, but say they hope to wind up in another week or so. Bill says many of the memberships have been called in by telephone.

Melvin Young is just back from Disneyland and, thanks to having a brother in Riverside, figures he will be able to eat for another week or two. Like most vacationers, however, he was glad to get back home — although he figures maybe he needs the rest more now than when he left.

The Clifford Estes' are this week visiting with their parents, Mr. and Mrs. Cliff Estes, Clifford, an army officer, is now at Ft. Hood — and turned out to be a real Texas size man.

This annual Lions Carnival is this year setting new records on practically every concession, according to reports. Things are also in tip-top shape for the Harvest Festival this weekend. The booths at the Bull Barn are loaded. Roy Boyer says the parade is shaping up — and the Vegetable Banquet was held Tuesday night to open the festivities. All in all, the first festival celebration has the earmarks of becoming an annual affair. Might even work into a community fair in years to come. I still say if everyone who is selling barbecue tickets buys one, that particular phase of the celebration is already in the bag.

Richard Nixon, meanwhile, seems to be sewing up the Republican nomination with his tax paid trip to Russia. Most peo-

ple in this neck of the woods pretty well agree with his stand. However, I notice where the British diplomats say he is making a mistake in feuding with the Russian brass. I guess they would rather have him follow the path of Former Minister Neville Chamberlain in his dealings with Hitler.

Mr. Krushev, on the other hand, would not go too far in American politics. He pretends to see only one side of any given question, and has absolutely no sympathy for the other side. Chas. Sowell says if he has to have an opponent next round in Precinct 1, he would like to have Krushev run against him.

Hereford's new school construction is coming right along these days. The Junior High and cafeteria improvements are shaping up, along with the new grade school west of town. However, there is still a lot of construction in the area and, by the time we get them finished, we will probably need some more. Anyway, it is a lot better to keep growing than to box up windows in the old buildings because we are losing population.

Jack Wright got to visiting about old times around here the other day. Jack is one of the bonafide old timers, too. He used to drive a supply wagon back in the early days.

Jack allows that anyone who can remember when Arthur Thompson ran a service station on the location where Jim Hill Hotel now stands won't have to worry about the draft.

F. H. Oberthier and E. S. Ireland are a couple of other fellows who have seen this country through a lot of droughts. Fact is, we are mighty fortunate in the number of early settlers who kept right on calling this area home. Mrs. Lee is going to bring Mrs. W. B. Beach down for the parade. Mrs. Beach is 98 — and looking forward to the occasion with much interest.

Some carrot acreage is moving at \$300 an acre in the field. Several growers sold potatoes in the field at \$400 an acre and, in view of current prices, seem to be fairly happy. Carrots are running around \$18 these days, and everything depends on probable prices in the months to come. It could be good, and it could be bad.

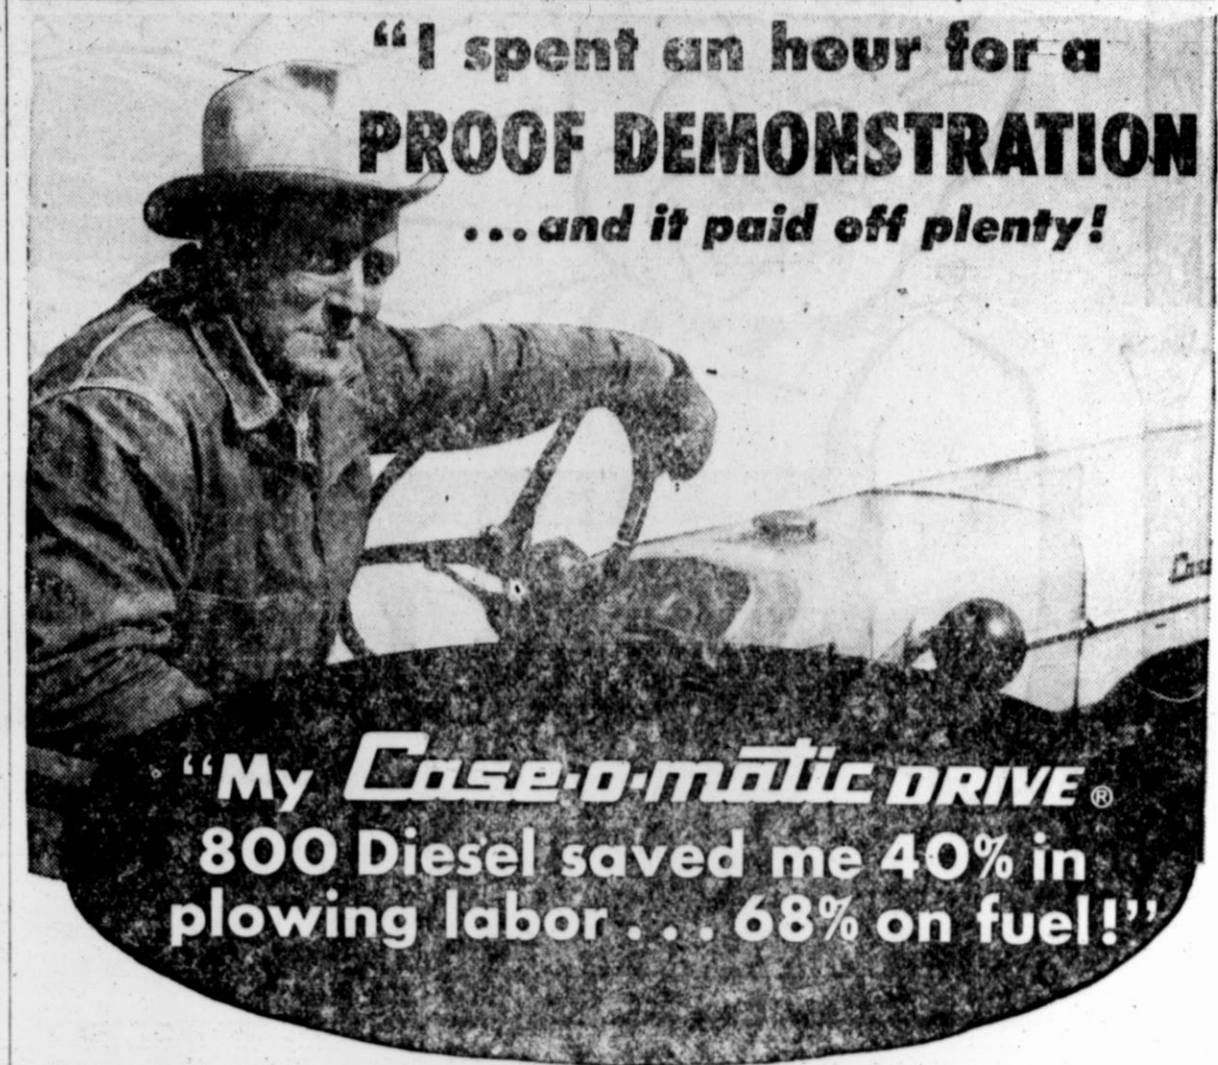

Paul Harvey and Mike are

back from a fishing jaunt, but I don't think Paul caught many fish. Abe Martin and James Edmondson are going in a week or so, though, and they will probably balance out the scales. Times are changing. More and more people are playing golf, duplicate bridge and drinking tea. There are lots of fishermen, but the per capita percentage is bound to be dropping. A few more years, and you will hear the resort places start to scream. Just wait and see.

I wonder who in Hereford has the longest 100% attendance record as a club member? Why don't each club make a list of their 10 top attendance record members? I'll bet some of them are dillies, and it would be good publicity for the clubs. I saw a man in Amarillo recently who was boasting 40 years perfect attendance.

Have you read the classifieds?

TALKING IS EXPENSIVE
TOLEDO, Ohio (AP) — An interpreter was brought into municipal court when Francisco Garcia, 33, charged with drunk driving, claimed he could speak only Spanish. While the interpreter was laboriously framing a question, police prosecutor Robert Franklin suddenly asked, "How much did you have to drink?" "Just two glasses of wine," Garcia snapped back — in English. The judge added a \$5 interpreter's fee to Garcia's fine.

Clearman Signs Howard Co. JC Cage Agreement

Howard County Junior College at Big Spring has granted a full basketball scholarship to Ken Clearman, sharp-shooting forward on the 1959 Hereford Whiteface basketball squad, it was announced Wednesday morning.

Clearman, 6'1", will be under coach Buddy Travis at Big Spring. He is the fifth member of the squad to receive a scholarship — Bobby Shelton and Steve Slagle accepted scholarships to West Texas State College in Canyon, and Donnie Renfro and Milner Duvall go to Eastern New Mexico University this fall.

Steady-nerved Clearman scored in double figures in 26 games the past season for the Whitefaces, including four games in which he scored more than 20 points. Lay-ups, short jump shots, and outside shots by Clearman aided the Herd to a 29-6 record.

He was named to all-tournament teams in Brownfield and at the State Tournament in Austin. He also was high scorer for the team in eight conference games, including a game with Canyon in which he dumped in 26 points.

His best shooting record was against Brownfield, 11 of 15, and he hit 50 per cent of his shots in nine games.

He led the Herd in free throws his best night being against Plainview, nine of 10. He hit 20 straight free tosses in six games and made 20 of 21 in conference play.

He also was lowest man in the foul department. He did not foul at all in 11 games and only once did he get as many as four fouls.

4-H Dress Show Attended By 200

The annual 4-H Girls' Dress Revue held last Friday in the high school auditorium was attended by approximately 200 guests. After the showing of the dresses made by the 4-H club members, a special show of children's clothes was presented.

To close the program, Mrs. Jim Hadaway, assistant county home demonstration agent, announced division and county winners and presented them with purple awards.

Sharon Bezner, daughter of Mr. and Mrs. A. J. Bezner, was named county winner. She will compete in the district dress revue to be held in Amarillo Friday, Aug. 7.

Division winners were Beverly Lemons, daughter of Mr. and Mrs. Edgar Lemons; Linda Hart, daughter of Mr. and Mrs. Cecil Hart; and Linda Tooley, daughter of Mr. and Mrs. LaNoy Tooley.

Linda Tooley was awarded two purple ribbons. One of her dresses was modeled by Sandra Vaught, a non-club member.

Blue ribbon winners for the showing were Linda Hart, Linda Loerwald, Cynthia Hanna, Terri Townsend, Diana Remling, Beverly Lemons, Barbara Zinzer, Toni Beauchamp, Louisiana Morris, Peggy Lemons, Ellen Gowen, Gay Wylie, Maura McAndrews, Joan Marnell, Karen Jane Shearheart, Linda Tooley, Janis Higgins, Joanne Carlson, Kathryn Burrus, Linda Lemons, Linda Pinnell, Sandra Green, Caroline Brumley, Sharon Bezner, Lu Ann Higgins and Nancy Parsons.

Red ribbons were presented to Gale Gruhkey, Joyce Bezner, Cynthia Ann Knox, Dianne Jack, Sylvia Ivie, Elizabeth Ann Burrus, Nancy Tyler, Vicki Ann Burns, Sharon Hoffman, Linda Kay Pulliam, Coralie Fortenberry, Doris June Horton, Nancy Green, Glenda Furchman, Glenda Homfeld and Barbara Pulliam.

White awards were given to Phyllis Husman, Barbara Clements, Laura Jobe, Dorothy Marnell, Joyce Cooner, Phyllis Warrick, Marsha Burns, Judy Husman, Katherine Flood and Kathryn Smith.

Accepts Dallas Coaching Job

Billy Davis of Haskell has been recently assigned as first assistant football coach and head baseball coach at Wilmer-Hutchins High School of Dallas. For Davis this will be his first assignment. He will coach the junior high team as well as the senior high backfield.

He attended Texas Western College and McMurry and graduated from West Texas State College.

He and his wife, the former Donna Buttrill, a former Hereford resident, will live in Oak Cliff.

Here They Are—Festival Queen Contest Entrants

Jonna Lee Blocker Janie Bookout Martha Bookout Frances Brewton

Here's a tough job for any contest judge—23 pretty Deaf Smith County girls, and only one will be Harvest Festival Queen.

It's going to be such a difficult job that the contest will run two consecutive nights during the Festival—Thursday and Friday, July 30 and 31.

Directed by Hereford Jaycees, contests will be held at 6 p.m. in Hereford High School auditorium. Winner will reign over events Saturday, final day of the Festival.

Sponsoring the girls in the contest are McClure Dineateria, Hereford Farm Equipment Company, Hereford Brand, Piggly Wiggly, Associated Growers, Hereford Growers and Shippers, Hereford State Bank, Lone Star Insurance Agency, Ink Spot, Robert E. Thompson Construction Company, Rotary Club, Cooper's Market, Popular Store, The Vogue, West Texas Drilling Company, T-Bone Drive-Inn, Hopson Meat Company, John McLean Insurance Agency, Little's Dress Shop, Anthony's, Deaf Smith County Electric Co-op, J. C. Penney's, 20th Century Beauty Shop and Robinson and Decker Insurance Agency. (Staff Photos)

FRIO NEWS

Area Farmers Irrigate, Plow Wheat, New Crops

By MRS. OWEN ANDREWS
With the completion of the wheat harvest the farmers are busy irrigating, plowing wheat stubble and young feed and cotton, as well as digging potatoes and onions. A huge weed crop is gradually being destroyed by plow and hand labor.

In some parts of the community light rain in night showers up through last week still hampered the plowing and hoeing.

Spending the past three weeks visiting her daughters is Mrs. McClennen of Comanche, Okla. Her daughters in this area are Mrs. Jim Brooks and Mrs. D. O. Benson of Hereford, Mr. and Mrs. Lloyd Shultz and Joe recently went to Alamogordo to attend funeral services for Joe's great-grandmother, Mrs. Sara Walker of Alamogordo. Mrs. Walker celebrated her 100th birthday in March. Burial was on the Walker Ranch in Sixteen Springs Canyon, which is located northeast of Clouderoft, N. M. Lloyd and Joe Shultz were among the pallbearers.

Kay Taylor of Friona is spending the week with her grandparents, Mr. and Mrs. Jim Brooks.

Recently Mr. and Mrs. Owen Andrews, Verdelde and Joe Andrews, Mr. and Mrs. George Zetsche and Ann spent an evening visiting in the Leonard Schmidt home. An Army friend

of Leonard's, Charles Thomason of Winston-Salem, N. C., and several companions who were making a tour with him, was visiting the Schmidts.

Recent visitors in the J. E. Andrews home were Mr. and Mrs. Ray Rogers of Loco, Okla. Mrs. Rogers is niece of Andrews. They also visited in the W. H. Andrews home and with other relatives in this area. They and the Henry Andrews, Mr. and Mrs. J. E. Andrews and Alma and the Charles Kings of Amarillo went to Concha's Lake for an outing while they were here.

Mr. and Mrs. Weldon Stephen, Jill and Rhonda returned last week from a vacation trip, as they accompanied Mr. and Mrs. E. H. Little, Rocky and Peggy to Colorado. They visited Little's uncle, Sam Little and family, at Gunnison, and went to Royal Gorge.

Mr. and Mrs. Leon Martin and Stephanie of Las Vegas, Nev., have been spending a two-week leave from duty with the Navy in this area visiting their relatives. They took dinner Thursday with the Weldon Stephens.

Others there were their parents, Mr. and Mrs. H. D. Robbins and Pat of Hereford. They also visited the Frank Robbins and Gary Masons and with Leon's parents, Mr. and Mrs. A. G. Martin of Hereford, and other relatives.

Mrs. H. F. Benson and Mrs. A. T. Jones went to Tula Tuesday of last week to visit their daughters, Mrs. Boyd Vaughn, daughter of the Bensons, and Mrs. V. H. Harman, daughter of the Jones, and their families.

Mrs. Woodrow Jones is under the care of a heart specialist in Lubbock and is reported to be improving. Recent visitors of the Jones family were Mrs. Roy Haberer of Dimmitt, Mr. and Mrs. Clarence Rhodes and son of Andrews, Rhodes is Mrs. Jones' brother. Another visitor was Mrs. Vic Stewart of Mesa, Ariz.

Other visitors in the Jones home were Jimmy Jones of Hereford and the F. S. Hughes family of Hart, The Rev. and Mrs. B. H. Baldwin visited with them Monday night.

Mr. and Mrs. Robert Baldwin of Lubbock spent the weekend visiting their parents, the Rev. and Mrs. B. H. Baldwin and the George Deloziers of Summerfield.

Visiting the B. H. Ballwins last week were their daughter and family, Mr. and Mrs. We-Earp and Norma Joy. The Earps left the first of the week, to visit his relatives at O'Dannel and Munday. They plan to be back through here the first of next week and then on to Greeley, where Earp will receive a doctorate degree from Colorado State University, in an August graduation service. They then plan to move to Whitewater, Wis., where he will be an instructor at Wisconsin State University the coming school year.

Mr. and Mrs. James Dobbs spent the weekend with Mr. and Mrs. Jimmy Cassells in Amarillo. On Monday the parents of Mrs. Dobbs and Mrs. Cassells, Mr. and Mrs. Walter Jay moved from Amarillo to Hereford where he is employed with the Robert Thompson construction company.

Mrs. Henry Dobbs and Mrs. James Dobbs visited the J. E. Andrews Friday afternoon. Mr. and Mrs. Lloyd Shultz at

tended funeral services July 17 for a friend, Lester Mize, who was killed in an accident. The funeral was held at Lamesa. The Shultzes were accompanied by her parents, Mr. and Mrs. N. B. Hood of Hereford. On Sunday afternoon visitors in the L. L. Shultz home were Mr. and Mrs. Wayne Kiehler and children of Oklahoma Lane.

Mary Shultz of Austin is spending the summer vacation with her parents, Mr. and Mrs. L. L. Shultz, and brother, Joe, here and with her grandparents and other relatives at Alamogordo, N. M. Mr. and Mrs. Chester Latham of Des Moines, Iowa, are spending two weeks in the home of their daughter, Mrs. Bob Doughman of Hereford. Mr. and Mrs. Olin Parris and

Walker attended the open house reception of his parents, Mr. and Mrs. H. A. Parris, at their new home on their farm in the New Home Community, about 20 miles south of Lubbock.

On Friday night the Frio Trio Plus One, which is composed of Jerry, Austin and Dennis Hodges, sons of Mr. and Mrs. Walter Hodges Jr., and Walker Parris, son of the Olin Parris, played on a television show at Lubbock. Mr. and Mrs. Parris, Mr. and Mrs. Hodges, and Mr. and Mrs. Laverne Corder attended the show. Corder is the sponsor of the Trio. The Trio also played on Sunday afternoon on the television show.

Kim Gripp, five-year-old son of Mr. and Mrs. Spicer Gripp, is recovering from a broken leg suffered recently in an acci-

dent when a plow ran over him near his home.

Visitors in the Gripp home Sunday were Spicer's parents, Mr. and Mrs. A. G. Gripp of Conway; an uncle, Mr. and Mrs. Otis Walker of Conway; and a cousin, Mr. and Mrs. Fred Duncan of Amarillo.

Jana Cole spent Friday night with Nancy Gripp.

Monte Gripp, son of the Glenn Gripps, spent last week visiting his grandparents, Mr. and Mrs. A. G. Gripp, at Conway.

Mr. and Mrs. George Zetsche and Ann recently visited his parents, Mr. and Mrs. J. B. Zetsche and Mary, at Bowie.

Mrs. Zetsche and Mary came home with them for a visit of several days with the George Zetsches and in the home of another son, Robert, at Friona.

James of Lubbock spent the past two weekends in the homes of his brothers also.

Mrs. Ellen Sears of Wellington has been visiting Mrs. Fannie Warrick during July. On Sunday her son came for her. Recently Mrs. Sears, Mrs. Warrick and the Bill Warricks were visiting a cousin of Mrs. Warrick, Mrs. Florence Johnson,

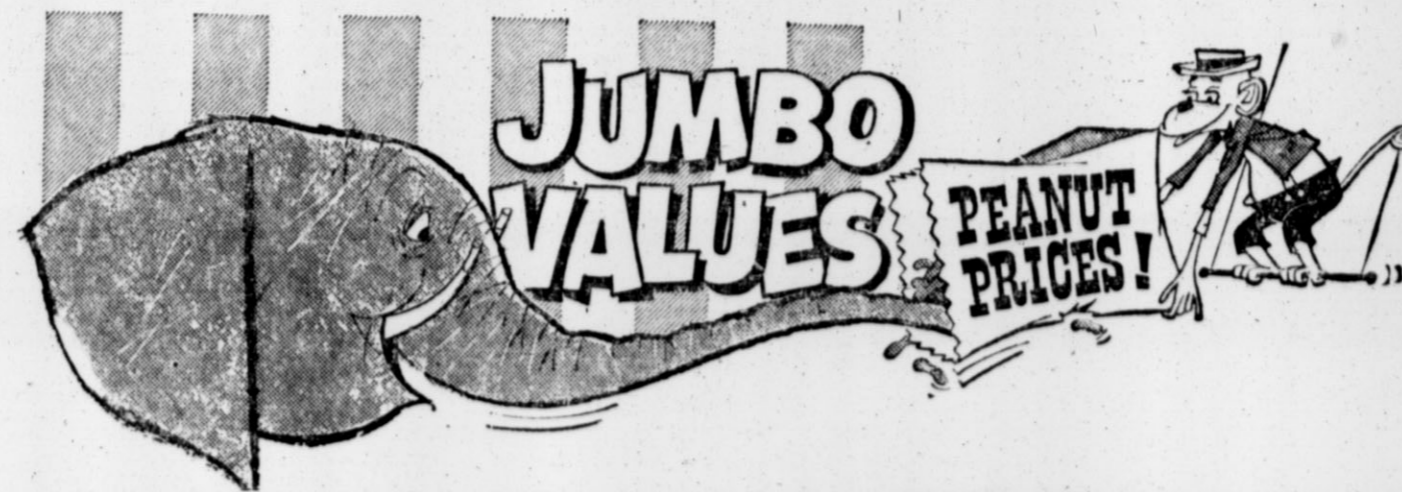

near Fort Sumner, N. M., and with other relatives who were there.

The Velman Warricks of Wellington were visiting Mrs. Fannie Warrick and J. E. Warrick last Sunday.

Mr. and Mrs. Leo Hall and family visited recently with his uncle, Leonard Hall, at Abernathy.

Frio 4-H Enters Dress Review

Six members of the Frio Jolly Workers 4-H Club were entrants in the Castro County Dress Review, July 21. Jana Cole, Carrol Robins, Re-Hall and Edlana Vinson all wore aprons and were awarded blue ribbons. Ramona Hall and Joan Cole were awarded blue ribbons in a skirt division and Barbara Cole won a red ribbon in the apron division. Mrs. Edgar Vinson and Mrs. Clark were apron leaders and Mrs. L. V. Cole was the first leader.

Gillentine Tells Of Canada Trip

The United States Editor's Goodwill tour of Ontario was the subject of a program given to the Hereford Rotary, Optimist and Lions Clubs last Monday, Tuesday and Wednesday by James Gillentine, publisher of the Hereford Brand. Gillentine explained that the trip was an all-expense paid trip sponsored by Ontario's Ministry of Travel and Publicity, which was offered to 30 editors and publishers from 30 different states. Showing color slides which he made on the trip, Gillentine commented on the industrialization of that part of Canada. Among other interesting comments on the slides regarded the St. Lawrence Seaway and how entire towns were moved to new locations and that the railroads owned and operated the hotels.

Husbands Honored At Supper Party

La Madre Mia Study Club entertained with a "husbands party" in the Community Room of the First National Bank Friday evening.

Following the sandwich and dessert supper, bridge games were played. Mr. and Mrs. Walter Kirkland won the high couple-award and Mr. and Mrs. Jerry Landers received the low award.

Those attending were Messrs. and Mesdames James Brown-

low, Joe Henry, Walter Kirkland, Jerry Landers, Dennis Lomas, Harold Morton, Bobby Owen, Paul Schroeter, Eugene Sparks and Bobby Williams.

A pinch of cinnamon added to hot cocoa is a delightful flavor change.

Walter Rogers Guest Speaker For ASC Meet

Representative Walter Rogers, U. S. congressman for the 18th district of Texas, will be the speaker at a banquet culminating activities of a conference of District One of a national organization of ASC workers at the Herring Hotel Saturday in Amarillo.

The organization, instituted since the beginning of the year, was formed to improve the work of the ASC workers by providing a closer contact between officers. Officers include Walter Wells, of Lubbock, who is state president and Doyle Thomas, of Canyon, the secretary-treasurer. Faust Collier, of the Hereford ASC office, is the conference chairman.

The program includes time during the morning for seeing exhibits and the formal session begins at 1:15 p.m. with a general assembly.

Speakers include W. H. Seale, the ASC District one field officer, Wells and Wes White, the secretary - treasurer of Agricultural Workers Insurance Company.

Robert Koch, the president of the National Limestone Institute, will be the speaker at 2:45. Koch is a champion of the movement to organize ASC workers. Following his speech, the conference will break into group discussions on separate programs. A Hereford ASC employee, Amos Walker, will conduct one of the discussions during this period.

A banquet at which Congressman Rogers will speak and a dance will complete the conference activities.

ground and his foot was entangled in the machinery. With the foot nearly severed, Jones foot had to be amputated.

Jacobson was taken to the Northwest Texas Hospital in Amarillo by A. P. Jones and Billy Briggs. Mrs. Jones later took Jacobson's wife to be with him. His condition is reported to be satisfactory.

Mary and Billie Grubhkey left Wednesday morning for Austin where they will visit their brother, Mr. and Mrs. Roger Grubhkey.

Mr. and Mrs. John Horton, Mike and Doris, Mrs. Floyd Brown and Alma Mosteller left Saturday afternoon for Carlsbad, N. M., for the weekend. They were to be joined by Mr. and Mrs. Earl Horton and family of Snyder.

Mr. and Mrs. Glenn Cliff of Panama, Calif., visited from Friday until Monday in the Bill Leslie home. The ladies are sisters. Their son, Mike, who has been visiting here with the Leslies, joined his parents for a vacation in Canada before returning home.

Roy Fortenberry of Lovelock, Nev., arrived this week for an extended visit with relatives. He is the son of Hugh Fortenberry, He and his mother, Mrs. Nannie Fortenberry, left Thursday morning to visit his grandmother, Mrs. Elta Massengill.

Mr. and Mrs. L. W. Rowland of Tucumcari, N. M., visited last Sunday with her sister, Mr. and Mrs. W. C. Briggs.

The Rev. and Mrs. Darrell Gaut and family were dinner guests of the Bob Caldwell's Thursday evening.

Mr. and Mrs. Jack Fisher left Thursday for a long weekend vacation at Ruidosa, N.M. They planned to return Sunday afternoon.

Mrs. A. E. Eden, who has been visiting in Arlington, Va., died Friday at 2 p.m. Funeral services will be held Wednesday at 3 p.m. in Kennedale. She was a sister of Floyd Ray and Earl Brown of Adrian.

Mr. and Mrs. Billy Don Brown and son, Dennis, have moved to Adrian where he will be associated with his father, Floyd Brown, in cattle and farming interests. Brown has been teaching in Albuquerque.

Coralie and Patty Fortenberry visited last week in Bellview, N. M., with their uncle and aunt, Mr. and Mrs. Richard Fortenberry and family. The R. C. Chisms and the E. L. Pinnells, married children of Mr. and Mrs. R. L. Pinnell, honored their father with a birthday dinner Sunday at the Kenton, Okla., home of the E. L. Pinnells.

Carl Cranford, co-owner of the Caprock Flying Service, is a patient in the Muleshoe hospital this week.

Robert Jacobson was injured in a post hole digger accident. He rode the auger into the

OFFICIAL FORGETS BILL
ALAMOGORDO, N. M. (AP) — The face of Lt. Gov. Ed Mead of New Mexico was slightly red recently after he attended a press convention in Alamogordo. He drove off without paying his motel bill.

He explained later in a letter to the motel that he had driven his car up to the front office when he met a friend and got into a political discussion. When it was over, he said, he got into his car and drove home. He asked for a bill and apologized.

Hewett Brothers Purchase W. Briggs Service Station

By MRS. R. L. PINNELL
One of the largest business contracts was consummated this week in Adrian when W. C. Briggs sold his Phillips 66 filling station and cafe to L. C. and E. C. Hewett of Hereford. The deal has been pending nearly three months, but the final papers went through this week.

The Hewett Brothers have had many side interests in the Panhandle before, having operated the Hereford Auction Company in Hereford. At present they farm extensively in the Frio community.

They have leased the station to the Phillips Petroleum Company, who in turn leased it to Wilburn Harris, a local man. Harris has leased the station for a period of five years with the option of renewal for another five years.

Jimmy Briggs, elder son of W. C. Briggs and past operator of the station will take over operation of a 160-acre irrigated farm located 11 1/2 miles north east of Hereford, which Briggs added for the deal.

Mrs. Opal Parker, operator of the cafe was unavailable for comment about the future of the cafe, but it is understood that major improvements are in the offing.

Bill Leslie left Wednesday on a business trip to Childress. He will return Friday.

Glenda and Trena Taylor have spent most of the summer in Alamogordo, N. M., with their sister, Mrs. and Mrs. Joe Killian.

Janie and David Taylor are in Dallas with their sister, Mrs. Barbara McFarland. They are children of Mr. and Mrs. Fred Taylor.

Mrs. Lillie Reynolds is a patient in St. Anthony's Hospital suffering from a heart attack.

Mrs. Zettie Sims, 84, died two weeks ago in a Fort Worth hospital after a short illness. Burial was in Salisbury, Mo. She is survived by two sons, G. A. Sims of Fort Worth and Paul J. Sims of Albuquerque, N. M. G. A. Sims was superintendent of schools in Adrian for many years.

Robert Jacobson was injured in a post hole digger accident. He rode the auger into the

The local 4-H Caprock Club had six members to enter the Deaf Smith County dress revue Friday, July 24, at the Hereford High School. The girls each brought home ribbons. In the small girls' division, Gail Grubhkey, daughter of Mr. and Mrs. R. M. Grubhkey, earned a red award and Laura Jobe, daughter of Mr. and Mrs. Alfred Jobe was presented a white award.

In division B, for girls making their first dress, Doris June Horton, twelve-year-old daughter of Mr. and Mrs. John Horton, was awarded a red ribbon and Linda Pinnell, daughter of Mr. and Mrs. R. L. Pinnell won a blue ribbon.

For more advanced dress-makers, Division C awards were given to Coralie Fortenberry, 13-year-old daughter of the Jake Fortenberys, and Glenda Homfeld, daughter of Mr. and Mrs. C. F. Homfeld.

Many new telephones were installed this week by the Western Telephone Company of Veta. The line, going south and west, connected the E. B. Pounds, R. M. Grubhkeys, Lynn Worshams, Jeanne Vanderwork, Joe Speeds, W. C. Briggs, DeWitt Parker, E. Hand, F. A. Kromers, Jake Fortenberry, John T. Lewis and P. H. Hand and W. H. Grubhkey.

Spending their vacation in Adrian are W. C. Edmonds and Jessie Fincher of Dallas. They are staying with Fincher's brother, Jack Fincher, Mrs. Chet Kidder and Jackie of Ft. Worth accompanied her brother to Adrian to attend the Kidder family reunion in Springer, N. M., this weekend.

Carl Cranford, co-owner of the Caprock Flying Service, is a patient in the Muleshoe hospital this week.

Lockwood Graders Is Answer To Need In Vegetable Sheds

By LARRY ROSSER
Potatoes are dug, sacked and carried to the local produce sheds, where they are washed, graded and sacked to be delivered to the market and into the hands of the housewife to become a part of a Sunday dinner in New York, Dallas, or in Hereford.

In the process of coming from the field to the dinner table, the potatoes go through a process of washing, grading and sacking of a seemingly complicated system of machines. These machines for the most part are products of Lockwood Graders, the only handler of vegetable handling equipment in the Hereford area.

When Lockwood Graders came to Texas a salesman from their Gering, Neb., home office established headquarters in a motel room, which he also used to store his equipment in and operated from a pick up truck. From this, the company has advanced to a company that not only sells, but manufactures most of the vegetable equipment for Texas and parts of New Mexico and Oklahoma.

The Lockwood corporation was founded in 1939 at Gering by T. J. Lockwood. Lockwood organized the company to produce

all types of conveying equipment including equipment for conveying rocks and gravel. From the small start Lockwood had in Texas, the Texas branch evolved through a process of establishing permanent quarters in Hereford in 1957. As they grew, they moved to larger quarters and eventually built the building which they now occupy near the Bull Barn.

Lockwood's operations in Hereford include the manufacture and sale of any type of equipment concerned in the vegetable industry. Among the machines Lockwood sells are soil diggers and processing machinery. It is possible to bring vegetables all the way from the field to the consumer on Lockwood equipment without touching them by human hands, Alva Neal, the manager of Lockwood of Texas revealed.

Some of the machines built in the Hereford plant are what Neal calls "firsts." These are machines that are designed and built for a special purpose in the Hereford plant.

One of these "firsts" is a machine for punching holes in chili peppers. This machine is a drum with nail-like spikes on it. The drum is at the base of a hopper and as the hopper feeds peppers to it, the drum rotates

Hereford Little Leaguers Take Championship, 20-1

Muleshoe was trampled in a stampede of running Hereford Little Leaguers when Hereford became the area champion Saturday night by running away from Muleshoe 20-1.

Frank Cain and walks by Moreno and Hodges were followed by a home run by S. D. Baize.

team did a little bit better by racking up 11 runs in the inning. A double by Moreno, followed by a home run by Hodges accounted for two scores, while Baize used an error and Coneway walked. Robert Strange hit a single and Frank Cain lost the ball over the fence. Gary Royal walked and Moreno began the batting order again by walking. A round rule double by Ranspot was followed by Baize's second home run of the night. Hereford was retired for the inning leaving the score 18-0 for Hereford.

The sizzling hot pitching of S. D. Baize was too much for the Muleshoe team to take and they only put wood on five hits for one run while Hereford used every means except street-car to get around bases.

Both teams were scoreless in the third inning and Muleshoe died with runners on first and second bases. Hereford was retired in order.

Muleshoe got off the ground slightly in the fifth when Chuck Moroney hit a double and he was batted in by Mike Legion to make the only score for them. Hereford was blanked in the inning.

A single by Hoppy Jennings in the first inning was the only bright spot in the first three innings for Muleshoe, but Hereford began to show promise of big things to come in the first inning.

The fourth inning saw a double hit by Muleshoe's Buddy Embry frustrated and Muleshoe retired scoreless. The Hereford

At the end of the game Hereford had compiled a comfortable set of statistics with four home runs, 12 runners batted in and 14 batters struck out.

A single by Gary Jennings in the first inning was the only bright spot in the first three innings for Muleshoe, but Hereford after Muleshoe had been retired blank.

Bill E. Drake, fireman apprentice, United States Navy, son of Mr. and Mrs. Herman L. Drake, 307 Ave. I, is serving aboard the attack aircraft carrier USS Hancock and took part in a full-scale naval review and visit to San Francisco, July 17-20, after completing a major exercise held off the California coast.

The 15,000 men and 26 ships of the U. S. First Fleet were reviewed by Admiral Herbert G. Hopwood, USN, the Commander-in-Chief of the U. S. Pacific Fleet, as they passed under the Golden Gate bridge.

The second inning for Hereford brought in five runs for Hereford after Muleshoe had been retired blank.

The exercise which preceded the San Francisco visit involved fast-moving aggressive attack carrier teams which struck at simulated mainland targets as naval air patrol squadrons and submarines held the defensive roll.

Exercises of this type are designed to give advance training to personnel preparing to make cruises with the U. S. Seventh Fleet in the Western Pacific.

Miniature Train Santa Fe's Joy

From Chicago to Los Angeles, from Denver to Galveston the most popular engineer on the line with children and adults alike is Merle A. Benson, chief engineer, fireman, mechanic and nursemaid to the Santa Fe's best known exhibit, the miniature freight train.

place and under the tutelage of Benson began its travels. Since its first run in Topeka it has proudly carried the AT & SF insignia into 176 communities.

Grown old in service, but never really grown-up, "the baby" has happily had the run of the system since 1925. Originally designed and built by Topeka shopmen for their annual Shop Crafts picnic and parade, the prize-winning train soon forsook its birth-

Despite the mishaps and hurried life of a railroader, it has never missed a parade, rodeo, festival, jubilee or fair under the guidance of Benson. "In fact," he says, "that train sometimes knows where we're going better than I do. Take last summer for instance.

THE SANTA FE miniature freight train was built in 1926 in the Santa Fe shops at Topeka by the employees on their own time. It consists of a locomotive, a livestock car, a refrigerator car, coal car, tanker and caboose. It is 68 feet long and the locomotive derives its power from an automobile motor. Since it was built it has been exhibited in many cities up and down the Santa Fe Line, and is always a popular attraction.

Billy M. Gaede

Gaede Receives ROTC Training

Cadet Billy M. Gaede, 21, son of Mr. and Mrs. John C. Gaede of Friona, is receiving six weeks of training at the Reserve Officer Training Corps summer camp at Fort Leonard Wood, Mo.

"I was bound home for Topeka after a parade in Lubbock. The agent at Lubbock told me the train had taken off for Garden City. Figuring I was on a wild goose chase I lit out after it via Amarillo and La Junta. With no sleep and no food I finally caught up with it in Garden at 9:30 the morning of the parade. We didn't have time for any spit and polish, but we made the parade at 10 o'clock."

Until 1945 the little freight train had a companion in the miniature passenger train built by Topeka coach shopmen for their 1926 picnic and parade as a follow-up to the successful appearance of the freight train. It was with the passenger train that Benson first took up his duties as chaperon and engineer. After 1931 he and his helper handled both trains.

"It really kept us hopping," he says, "to make a parade in one place with the freight and then skip to another town for a passenger run."

Both trains were built by shopmen on their own time. Working nights, Sundays and holidays, it took the men six months to build each train. Powered by model T engines, the trains are equipped with small wheels suitable for running over streets and pavements.

One time the passenger train abandoned its usual mode of traveling by boxcar and took to the highways. Scheduled for a parade in Denton, 28 miles from the end of the line in Sanger, Benson rolled his charge along over a blacktop surface rapidly becoming a gummy mass un-

der the broiling Texas sun. "We started to sink," he said, "but the Santa Fe never gets stuck — permanently, that is. We made Denton in good shape."

Before the passenger train was retired from service after 151 trips, it consisted of three pullmans, a buffet-library car and a Fred Harvey diner. With the coming of the streamliners, it sported a replica of the famous Santa Fe engine, the Blue Goose, renamed the Bluebird by Benson. This engine now hauls the miniature freight train. Duplicate of any freight to be seen on the line, it is made up of engine and tender, coal car,

refrigerator car, boxcar, stock and tank cars and a caboose. Although children are not allowed to ride the freight train because of the danger of accident, Benson has permitted small children to ride the passenger train on a couple of occasions. "Once a shipper of ours at Las Vegas asked me to let his three-year-old twins ride the train. We tucked them on the observation platform for the parade run with papa walking alongside to keep an eye on them."

"But the cutest thing I ever saw," Benson said, "was one little four-year-old tyke, son of an employee, who came down to see the parade all dressed up

like an old-time porter. He even wore blackface make-up. We put him on the observation platform and did the parade in style that day."

Following a parade, Benson spots the train at a central location so that spectators can get a close-up look. It's during these exhibitions that Benson, a walking inventory on railroad parlance, puts in his hardest work.

"It makes no difference," he says, "grown-ups or kids, the questions come fast as I can answer 'em. I do my darndest, but people sure ask some stump-

Imagination, Low Cost Combined In Beautiful Decoration For Wall

By ARGON DRAPER
Picture, Picture on the Wall. Or is it a picture at all?

That is what you think when you visit Hazel Sparks' living room and see the new addition to the wall. This is a combination shadow box, plaque and picture made from some things Mrs. Sparks had stored in the closet, and with a little imagination she had quite an attractive wall decoration.

You know, a wall decoration can be just about anything that can be hung on the wall; anything that appeals to the homeowner and the persons who visit the home. Clocks, plaques, shadow boxes, huge skirts, hats, mirrors, fabric, maps, paper and musical instruments all make nice decorations.

Just so the wall decoration gives enjoyment to the family

and compliments the furniture and personality of the persons using the home and harmonizes with the decoration of the room, it is considered in good taste.

Mrs. Sparks took an antique picture frame, put a back into it of ornamental aluminum and painted both with gilt paint. This gold gave a very dignified and pleasing effect. Plastic flowers were arranged in a papier mache container. The container was cut in half. The container was from the florist and had been a gift for a special occasion. The container is wired to the aluminum as are the flowers.

The total cost of \$5 is certainly reasonable for such an attractive wall decoration of such a large size. The frame is 23 by 28 inches.

Two wall decorations of this type were made, as Mrs. Sparks was fortunate enough to have two old-fashioned picture frames. She had made other decorations of this type—some for gifts and some for kitchen decoration. Some are put into frames and some are the shadow box type, with the aluminum shaped

(Continued on page 2)

470-MILE JAUNT International Parks Trail Riders Slate Stop Here

A BIRTHDAY PARTY honored Sheldon Alexander, front row, at left, Friday in the back yard of his grandparents, Mr. Danny McCoskill, Kathleen McCoskill and Mrs. Gaston Boer. Sheldon, 8, is shown next to his sister, Kay Lynn, 6. Others, from left, are David Norton, Jeff Massey, Jimmy Wallace, Joe Mack Angel, Danny McCoskill, Kathleen McCoskill and Julia Davis. (Staff Photo)

Texas horseback riders on a 470-mile jaunt from Burlington, Colo., to Loveland, will visit in Hereford about Aug. 16 or 17 in the first of a series of annual International Parks Trail Rides which in future years are expected to take horsemen from Regina, Canada, and Mexico City to their home base on the Texas South Plains.

"We're starting with a short ride the first year and plan to work up to the more ambitious ones in the future," explains Trail Boss Clyde Prestwood, a veteran of the Sam Houston Trail Ride from Montgomery to Houston. Prestwood is a riding enthusiast who is Dean of Loveland's South Plains College when he is not in the saddle.

Purpose of the proposed annual rides is to draw national and international attention to the 1700 mile International Parks Highway route along U. S. 85 and the new U. S. 385 from Canada to the Big Bend National Park on the Mexican border.

The riders expect to arrive in Loveland on Aug. 20 for the big Hockley County Hospitality Day. More than 10,000 are expected to turn out for a Hospitality Day barbecue and the opening day of the annual Loveland Rodeo.

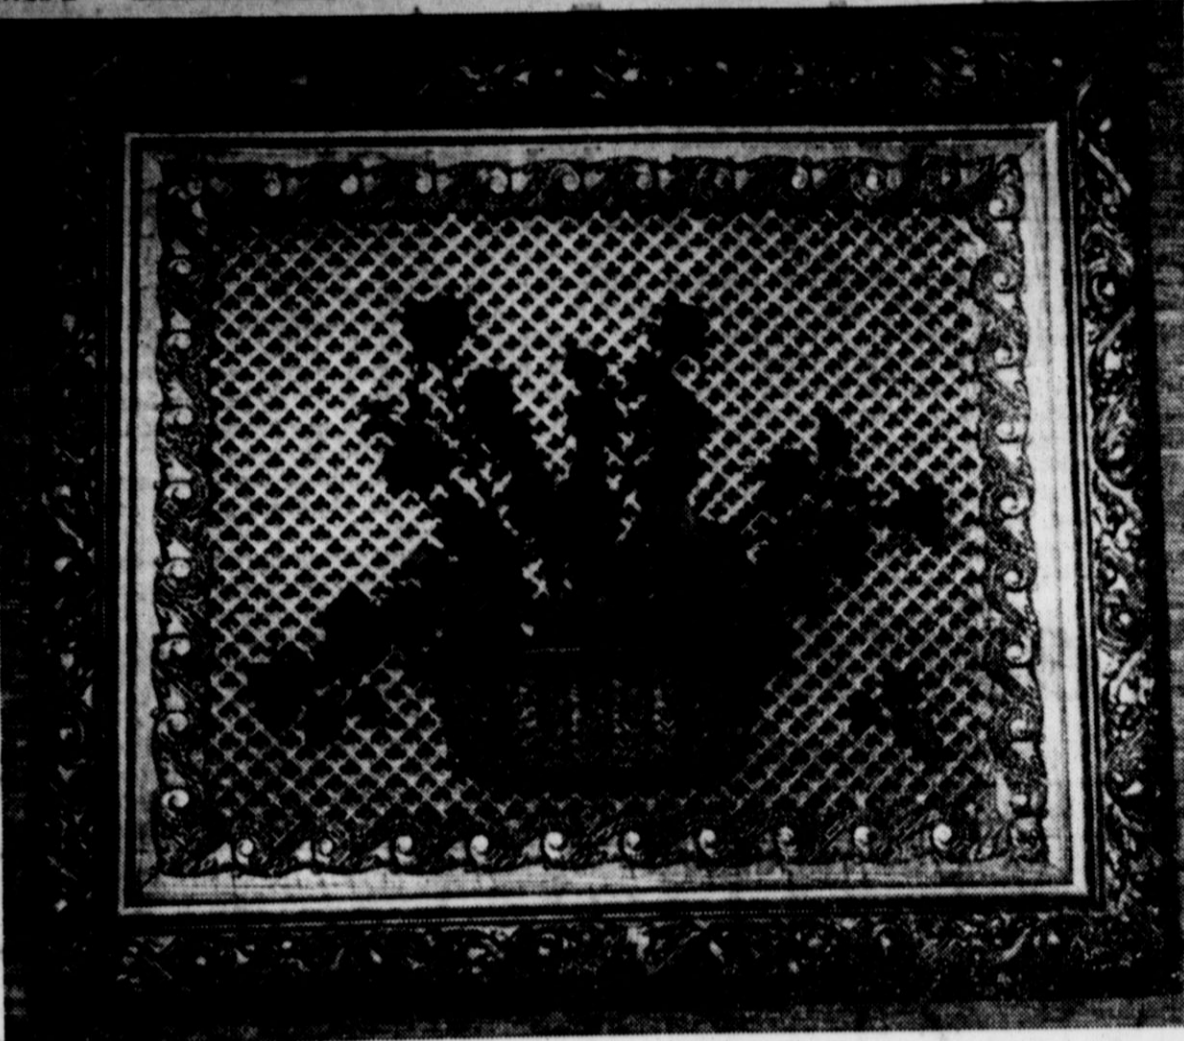

Some 15 to 20 trail riders, expecting to make every foot of the ride on roseback, will be cooking out and sleeping under the stars. Traveling on a diet consisting mostly of beans, bacon and black coffee, the group will visit 15 cities on their ride. These include Burlington, Cheyenne Wells, Kit Carson, Eads, Wiley, Lamar and Springfield, in Colorado; Boise City, Okla.; and Dalhart, Hartley, Channing, Tascosa, Vega, Hereford, Dimmitt, Springlake, Littlefield, Whitharral and Loveland, in Texas.

Other riding groups from neighboring communities are expected to join the trail ride at Cal Farley's Boy's Ranch at historic Tascosa. A massive group of other riders will join the riders at Whitharral for a 10-mile grand entree into Loveland, the center of a rich petroleum and agriculture area in West Texas.

Members of the International Parks Trail Ride Association, already a permanent organization, chose Burlington as a starting place for this first ride because it is the home of Harley Rhodes, president of the International Parks Highway Association, and T. W. Backlund, its treasurer.

RIDERS 'ON THE TRAIL'—Texas riders participating in a 470-mile International Parks Trail Ride from Burlington, Colo., to Loveland along the new Highway U. S. 385 pause during a "shakedown" ride. Traveling with chuck wagon and eating and sleeping outdoors, the group makes about 25 miles per day. (Loveland Daily Sun News Photo)

INEXPENSIVE, yet attractive, is a combination shadow box, plaque and picture made from objects that Mrs. Hazel Sparks of Hereford accumulated for several years in a closet. Mixed with a little imagination, it made quite an attractive wall decoration for her living room. (Staff Photo)

Tribal Bride And Groom Gallop Off Amid Gunfire

By AMENOPHIS TADROS
CAIRO — In Egypt's western desert, a tribesman has to kidnap the girl he wants to marry.

At least, he has to pretend he is kidnaping her. On the wedding night, the groom rides into the village, seizes the girl and rides away with her. The men of her family grab their guns and blaze away but all the bullets are wide of the mark.

This kind of marriage is traditional among the Awlad Aly tribe who live near Mersa Matruih 200 miles from Cairo. In centuries past, a man had to prove his worth by capturing a wife from a hostile tribe. Today, it's all an act, but it symbolizes the tribesman's bravery

Dory Funk

Spindola Spills Gorgeous George

A capacity crowd watched Enrique Spindola defeat gorgeous George in two straight falls Saturday night in Hereford wrestling.

After several disagreements with the referee and spraying the ring with perfume and hassling around for awhile; Gorgeous George decided to do

some wrestling, but to no avail. Enrique Spindola won the first fall in fifteen minutes by pinning Gorgeous George's shoulders to the mat for a count of three. Spindola won the second fall with a series of drop kicks and body press to end the match.

Donavan and Kaisy Adnon went the three rounds with plenty of fast hard wrestling. Adnon won the first fall in ten minutes with a series of flying tackles and a body press. Donavan won the second fall with a series of body slams and a body press. Donavan won the third fall with a submission hold.

The Flying Mare Ranch foreman, Dory Funk, has chosen Enrique Spindola for his tag team partner, Saturday night, Aug. 1 to take on Tough Tony Morelli and Antone Ripper Leone in the main event, plus the preliminary matches.

This match will be somewhat of a grudge match. While wrestling in Oklahoma City with Ripper sometime ago, Dory broke Ripper's leg. Ripper asked to be assigned to this territory so he would have the chance to meet Funk. They will be on opposite sides for the first time since the match in Oklahoma City.

Miniature...

(Continued from page 1)

ers. Like that time at LaPlata with the passenger train. A couple of college girls came around, looked over the train, and then came up to me. One of 'em said, 'What's that little door for in the corner of the Pullman?' 'That floored me for a minute, but I figured, well, they might be college girls, but they'd sure never been educated about a train, so I just told 'em the plain facts. They started to blush and giggle so I guess they got the point all right.'

The miniature train is frequently in parades where floats compete for prizes, but the little train is never run as an entry. 'We're just here to tell people about the Santa Fe and hope they like us,' Benson explains.

Scheduled heavily during the summer months, the train goes into communities large and small. It has appeared in Mardi Gras festivals in Los Angeles and Galveston, an American Legion celebration in Denver, and a Packers parade in Chicago, but more often it can be seen rolling along the dusty streets of some small town in Kansas or Oklahoma, all shined up for the county fair.

Slim, low-voiced, ruddy-haired Benson has been with the Santa Fe since 1923 in the water service department of the Topeka shops. But his favorite job and pastime is the miniature train. 'Maybe we'll get a new train one of these days,' he says, 'it's pretty hard to hold this one together any longer, but I'll sure hate to see it go. We've been thousands of miles together.'

Now that the summer parades are lining up, Benson is once again getting the miniature train in shape with oilcan, wrench and nails. With his head out the cab window and his cap pulled down, he'll be heading down the track clanging the Bluebird's bell to let the kids know, 'the Santa Fe's come to town.'

Imagination

(Continued from page 1)

to give the desired effect.

Fruit, small kitchen plaques and small kitchen utensils are used. Also, Mrs. Sparks had a tray that had been broken. Using the same design of ornamental aluminum, she put a bottom in the tray and sprayed the entire tray with copper paint. This tray complements the copper bottom cooking utensils that hang on the kitchen wall.

Crafts are not a new hobby of Mrs. Sparks. As a child, some of her first memories are of tatting, crocheting, and sewing. She was five years old when she was sewing with the machine, making doll dresses and at a very early age she made her own aprons and pinafores.

Her mother had the theory that small idle hands get into mischief. Mrs. Sparks' early sewing probably had some effect on her chosen livelihood, that of making buttons, buttonholes, belts and doing dressmaking for the public.

It could be that you, too, have some undiscovered treasures like the antique frames that can be put into use and make attractive wall decorations that will give you and your family pleasure.

and the family's reluctance to give up their daughter.

The gunfight-marriage is only one of the weird customs retained by the isolated Awlad Aly tribe over the centuries.

The Nasser government tries to bring some modern benefits to the area. By drilling new wells and rebuilding Roman wells, the government hopes the barren land can be cultivated.

So far, the Awlad Aly tribesmen prefer poverty and near-starvation to working on the land. Grazing is so bad that cattle are scrawny, and they can eat meat only on special holidays and at funerals, when wealthy tribesmen slaughter animals and distribute the meat.

The lawcourts of the Awlad Aly consist of a gathering of tribal elders to administer the "haq arab" — arab justice.

To determine guilt or innocence, the accused must lick a red-hot pan. If his tongue is burned, he is guilty. If not, he is innocent. Decisions of the "haq arab" are final.

Women of the Awlad Aly move about freely, but they are cov-

ered from head to foot and never unveil publicly. A prospective bridegroom rarely knows what his bride will look like. But there is a unique tribal device that gives him some idea of the girl's worth in hard cash.

Called the "borkei," it is a heavy veil covered with coins. A girl who wears many gold coins on her "borkei" has a big dowry. The poor girls only wear copper coins.

GOOD NEWS FOR KIDS
MILLSTON, Wis. — A Milwaukee confectionery firm has decided to "subsidize" what has become known as the "candy train" in east central Wisconsin.

For years, crewmen on North Western Railway freight trains have been tossing candy to children in Millston and nearby Wyeville. Now the Howard B. Stark Co. of Milwaukee has advised the railway that as long as the train runs between Millston and Wyeville, free candy will be supplied the crews.

"We feel that any group of men kind enough to dip into their own pockets daily for the reason they have, deserve some subsidizing," the company said.

Celery and Worcestershire sauce help to give good flavor to a fish chowder.

WORKMAN ROBERT McGEE, left, and Kinley Cestine are shown lifting part of the brick wall which fell and buried Gloria Rivera, 13, of Houston at the J. L. McReynolds Junior High School. Three teen-age boys admitted accidentally pushing over the wall as a student prank. They said they were trying to rock a school bus backed up near the wall by bracing themselves against the wall and pushing against the rear of the bus. (AP Wirephoto)

Answers Sought To Delinquency

LOS ANGELES — Austria places its juvenile delinquents in good homes. In this country we place them in institutions. Why?

The answer to this question, voiced by Henry Reining Jr.,

director of the Youth Studies Center at the University of Southern California, is one of many being sought during a five-year study sponsored by the university and the Ford Foundation.

"The Austrian approach looks like a good one," Reining says. "But when we asked Austrian officials why they used foster homes, they told us: 'It's the only thing we can do. We don't have the money to build institutions.'

"In America it seems to be easier to build institutions than to find good homes for delinquents. At the moment it is not clear which is the better way. We intend to find out."

The study, begun in July 1958, is financed largely by a \$700,000 grant from the Ford Foundation.

Reining and his associates have spent most of the first year in paper work, selecting

experts in various fields and determining what problems should come first.

"Millions of dollars are spent every year in every major city to control and institutionalize juvenile offenders," Reining says. "If we could reduce this expenditure by only 10 per cent, think of the savings in tax money alone."

"But more important is youth itself. We want to know what makes them go bad, and how best to handle them after they do."

Don't cut a custard pie until it is cool and you are ready to serve it.

When a recipe calls for food being cut julienne-style, cut it into match-size strips.

He Always Heals

The doctor has been summoned and with precision instruments he begins the delicate examination. With perfect control of muscle he can inject his needle without pain.

Just so is The Great Physician marvelously skilled. His very word is sharper than a two-edged sword. It is sharper than the doctor's keenest needle. Yet He never harms... never hurts... always helps... always heals. He can perform for you the most delicate operation, IF you will let Him. He can penetrate your life with healing cleansing power... give you the change that makes you want to go to church. Why not start this very week?

You In The Church
 The Church In You
 — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker and attend services regularly.

 Text and Topic for Sunday, Aug. 2: "The World's Fight Against Christianity," Acts 19:40.
 Let's We Forget: We are to keep in mind where our strength is: it is not in ourselves. We have not the efficiency in ourselves even to think a good thought. Our sufficiency is altogether in God, and in the Lord Jesus Christ, without Whom we can do nothing. Hear God's own statement on this subject: "Not might, nor by power, but by My Spirit, saith the Lord of Hosts."
 A most cordial welcome to all.

Long Time Ago
 45 Years Ago
 A new grocery store for Hereford will open tomorrow. The style of the new firm will be Williams Bros., composed of the members, Brack Williams and John Williams, both young men and well known in the community. They are at 310 Main street, the place formerly occupied by Smith & Son's Model Grocery. A force of men have been opening up the stock of goods this week and the new firm will be ready for business tomorrow, Saturday, August 1. The Brand bespeaks for them a successful business career.
 25 Years Ago
 Twenty-Five Mile Avenue has been designated as state Highway 51. The highway commission made the designation of 51 last Thursday and revised the route from the Oklahoma line to McCamey, Texas. The old number of the highway, 143, was cancelled.
 Highway 51 was defined as follows: "From the Texas-Oklahoma line to Dalhart, then via Highway 5 to Channing, thence south to Vega, Hereford, Dim-Brownfield, Seagraves, Seminole, Andrews, Odessa, Crane and McCamey."
 This means the state department will take over the road for maintenance purposes, but does not necessarily mean it will be improved immediately since the building of a bridge across the Canadian River at Tascosa would be necessary.

BROTHERLY HELP
 SOUTH PORTLAND, Maine
 How does a congregation of 29 build a \$51,000 church? It's simple - brotherly love as exemplified by brethren in two distant states - Oklahoma and Texas.
 Nearing completion in South Portland is a Church of Christ that will seat 200.
 Blocked by a bank's refusal of a \$25,000 construction loan because the congregation was so small, Shirley L. Morgan, minister, appealed for help to the Church of Christ in his hometown, Snyder, Texas, and the church in Del City, Okla.
 The Oklahoma congregation raised \$23,000 by selling bonds. The church at Snyder borrowed \$12,000 from a Texas bank and gave it to the struggling South Portland brethren.

SMOKE BUT NO FIRE
 STERLING, Ill. - Where there's smoke there is fire didn't prove out for Sterling firemen who chased a smoking truck down the street.
 The truck had blown a head gasket and the engine was burning oil.

Chevrolet's proud Impala Convertible and the sleek Corvete

WHAT MAKES CHEVY HOT? "THE MOST WONDERFULLY RESPONSIVE ENGINE AVAILABLE TODAY AT ANY PRICE"

That's how SPORTS CARS ILLUSTRATED magazine expresses its admiration for Chevy's vigorous Turbo-Fire V8. Indeed, every motor magazine has given Chevrolet's standard passenger car and Corvete V8's unstinted praise. Take it from the experts: there's no more exciting performance in Chevy's field. What's more, you can choose from the widest range of powerplants among the leading low-priced three when you go Chevy!

HERE ARE 6 MORE BIG REASONS WHY CHEVROLET'S THE HOTTEST SELLER OF THE YEAR!

BEST BRAKES
 Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR*-conducted test of repeated stops from highway speeds.
 *National Association for Stock Car Advancement and Research

BEST STYLE
 It's the only car of the leading low-priced three that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN
 Check the figures in any N.A.D.A.* Guide Book. Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."
 *National Automobile Dealers Assn.

BEST ECONOMY
 No doubt about it: two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22.38 miles per gallon—with Powerglide transmission.

BEST RIDE
 MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." But you'll be able to tell this yourself, the instant you take the wheel.

BEST ROOM
 Official dimensions reported to A.M.A.* make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.
 *Automobile Manufacturers Assn.

Try the hot one—see your local authorized Chevrolet dealer.

AUSTIN HIGHLIGHTS

Oklahoma, Too, Had A Crisis On Taxes

By VERN SANFORD
AUSTIN Tired reading about the Texas legislature? Well, my friend, you're not alone. Seems like most everybody feels that way, including many members of the House and Senate.
 Okay, then, for a little diversion let's look north and see what has been going on in our neighboring states.

Oklahoma must be remembered, has a state income tax and an across-the-board two per cent sales tax. Two things Texas doesn't have.
 During the year in a better and, consequently, Oklahoma's economy is expected to be better than that of the state which is holding tax and business promotion incentives to its own income tax.
 Six months of continuous session has just been ended in the Sooner state. Action there in normal procedure is expected for the next or, more probably, after that a session has in taxes is expected.
 Texas legislators have met almost continuously since Jan. 11. They may even have to go into a fourth special session. But if they do, they will earn the wrath of the old folks whose pensions are paid August 1st.

There is no doubt about it in Texas, the people are disgruntled. And the legislators are disturbed.
 There is much talk that many of them will not be re-elected. Undoubtedly there are some who don't even want to return to the legislative halls.
 Many of the senators and representatives have tried hard to formulate a tax program that would care for the needs of the state. Their efforts have been stymied.
 During the past six months there has been talk of a unit general legislature, like Nebraska's. Also there has been talk of a special election to let the public decide on taxes — especially sales taxes. Some officials feel that the public, if it had its say today, would vote for a sales tax — and thus take the monkey off the backs of the legislators. But so far no one has had the courage to introduce such a measure.
 Sometimes the press indicates that a sales tax, eight per cent, would be introduced in the past few months. But they are not at all sure about it. With a sales tax, there would be a tax on the family opposed to the state.

Hubert Hudson, authorizing certain water districts to waive immunity from liability for the negligence of its agents, a bill by Sen. Charles Herring relating to crimes appropriated by the State Board of Barber, Examiners, and two bills dealing with hunting and fishing. One by Rep. Sam Parsons would authorize the Game and Fish Commission to allow fishing and hunting of migratory waterfowl on lakes and rivers located upon a common boundary with other states. The other by Rep. Zeke Zuzanek related to the catching of catfish from the Trinity River.

A second attempt to get legislative approval of an invitation to Gov. Earl Long of Louisiana to address the Texas legislature has failed. The latest effort, by Rep. Bill Jones of Dallas, drew little support.

Jones said that his invitation was an invitation to a commonwealth to the legislature who had expressed a willingness to address the Texas legislature when he came through the state recently.

An application from the Trinity River Authority to "appropriate" 810,700 acre feet of water per year from the Trinity River and to store 1,579,000 acre feet, or nearly a two-year supply, has been received by the State Board of Water Engineers.

Hearing has been set for Monday, Aug. 31.
 The Trinity River Authority proposes to build a dam, six miles southwest of Livingston in Polk County.
 Its request calls for 95,200 acre feet of storage devoted to municipal use; 672,600 acre feet for industrial use; and 72,900 acre feet for irrigation purposes.
 Some good cooks like to add a suspicion of lemon juice to their pastry for fruit pies.

A total of 11,000 pieces of office equipment were moved out of eleven downtown Austin locations into the new six-story building.
 TFC began some 24 years ago with a staff of 25 employees in the state headquarters and 50 local offices. Now employed are 2,300 persons with 93 local offices throughout the state.
 A bill by state Senator Bill Fly extending the time for removal of the offices of the State Board of Insurance from the International Life Building in Austin has been signed by Gov. Price Daniel.
 The Commission rents some ten floors of the building. However, the rent is paid by the various insurance companies in Texas.
 Earlier Senator Fly secured passage of a bill calling for the removal of the Insurance Commission from that building and the construction of its own office headquarters. Work has not yet been begun on the new building.
 Other bills signed by Governor Daniel include one by Sen.
