PIGEON PAL
SAN DIEGO, Calif. — Stanley Burgi, 13, stayed awake all night to hatch a pigeon.
 He kept the egg, from which sounds of the baby's pecking were coming, warm in his hands.
 Stanley said the mother pigeon flew away and didn't come back to her nest. After the hatching, he took over the job of feeding with an eyedropper.

Darla Flowers, daughter of Mr. and Mrs. Jack R. Flowers, 232 Ave. C, celebrated her fourth birthday Thursday afternoon with a party in her home. Whistles were given as favors and cake and ice cream was served. Those attending the party were her sister, Becky, Mark and Marcia Tiefel, Sharon West,

Honor Newcomer With A Coffee

Mrs. Harold Hardy was honored at a coffee given by Mrs. Weslie Owen Wednesday morning in the home of Mrs. L. A. Beyer, assisting as co-hostess. The tea table was laid with Lana and David Wall, Richard Gonzales, Connie Kay, Terry and Danny Lee and Wesley Carter. Mothers present were Mrs. Wayne Lee, Mrs. L. F. Carter, Mrs. A. C. Flowers and the honoree's mother, Mrs. Jack Flowers.

a white linen cloth edged with pink embroidery. The floral arrangement was done in assorted flowers with pink predominating. The honoree wore a pink carnation corsage. Mrs. H. A. Cavness poured at the tea table.

Dawn 4-H Club Elects Officers

The 4-H Club met in the Dawn School at 8 p. m. Thursday evening. Robert Galley called the meeting to order and officers for the coming year were elected. New officers are John Miller, president; Jack Thomas, vice-president; Robert Galley, secretary-treasurer; Gary Richardson, reporter; Tommy Betzen, song leader; Kevin McAndrews, recreation leader. J. W. Thomas spoke to the group about the Rural Youth Fair, then the new year books were handed out. Books were

handed out to certain members of the group to report on at the next meeting. Those attending the meeting were J. W. Thomas and Jack Orval Galley and Robert, Gary Richardson, James A. McAndrews, Kevin and Steve, Mrs. H. H. Miller, John and Dion, Melvin and Douglas, Mr. and Mrs. Earl Plank and Clarence Betzen and Tommy. Refreshments were served to those present by Gary Richardson.

FIRST OF FRIENDSHIP
PHOENIX, Ariz. (AP) — Milkman Omer Zale, 24, was the friendly type. Every afternoon as he passed a certain Phoenix intersection he waved and shouted a greeting to a man working on a street project. One afternoon the workman jumped into a truck and followed Zale. The milkman stopped his vehicle and stepped out to say a friendly word. "What's the idea of always shouting at me?" asked the workman. Before Zale could reply, the workman let loose with a roundhouse right. It took seven stitches to close the wound on the milkman's head. The Jockeys Hall of Fame was founded at Pimlico Race course in 1955.

PERSONAL BRAND — Steve Jones, 6, has his personal brand applied to the seat of his jeans by Warren Nordyke, superintendent of the Jersey Department of the East Texas Fair at Tyler. Steve watched Nordyke put identifying brands on cattle at the fair and requested a brand for himself. Nordyke obliged by applying the little boy's house number to his pants. (AP Photo)

OOPSI — An auto plunged off a third story level of a downtown parking garage in Dallas and landed on top of a taxi. Robert Allen, the parking lot attendant driving the car, said his brakes failed. He suffered a broken ankle and other bruises. Neither the cab driver, in the white shirt at right, nor his passenger was injured. The cab driver was M. L. Jones, 31, and his passenger Milton Very, both of Dallas. (AP Photo)

Ford 4-H Group Elects Officers

The Ford 4-H boys and girls met recently at the Ford Community House. The meeting was called to order by Sharon Bezner and the new officers were elected. Zig Friemel was elected joint president. Boy's officers elected were Joel Williamson, vice-president; Earl Dean Jackson, secretary-treasurer; Leonard Friemel, reporter; John Wayne Pickens, song leader; Jimmy Thuett, drill leader; Zig Friemel, council delegate. Girl's officers elected were Loujiana Morris, vice-president and clothing demonstrator; Joy

ce Bezner, secretary-treasurer and foods demonstrator; Jackye Norvell, reporter; Pamela Edwards, song leader and drill leader; Sharon Bezner, council delegate. Joint program chairman is Sharon Bezner, joint refreshment chairman is Joel Williamson and joint recreation leaders are Sharon Bezner and Earl Dean Jackson. Leaders chosen were Mrs. J. E. Dyer, Mrs. L. K. Williamson, Mrs. J. A. Norvell and Bobby Thuett. Adults present were Mrs. A. J. Bezner and Mrs. J. H. Pickens. Kim Williamson is a new member in the club. The King Ranch in Texas plans to open a 5,000-acre tract to public hunting on a nominal fee basis.

Two High School Classes Hold Parties In Amarillo

By MRS. R. L. PINNELL
Two class parties were held in Amarillo Friday night. The freshmen and their sponsor, Coach Kennedy and wife, assisted by Mrs. Ray Brown, enjoyed a night of bowling, a supper and a movie.

The sophomore class also held their class party in Amarillo. Sponsor was James Sessions. The class went skating, ate supper and went to a movie. Attending the freshman class party were Kathy Kromer, Marlene Williams, Madeline Weidner, Donna Brownlee, Sam Brown, Perry Dale Grubikley, Paul Jackson, Jerry Homfeld and Freddie Taylor.

Those attending the sophomore class party were Calvin Peters, Bill Gudgell, Sidney Blankenship, Cecil Blassengame, Jimmy Ainsworth, Harry Whaley, Talbert Anderson, Jerry Fortenberry, Peggy Sifford, Jo Heaton, Glenda Homfeld, Jerry Whitten, and Harold Bronniman.

Mr. and Mrs. Arthur Jewett and Tommy, of Woodward, Okla., visited this week end with relatives, the Ernest Franks, and the A. E. Jewetts. Doris and Tommy remained for a longer visit when Arthur returned home Sunday.

Mrs. Cliff Estes of Hereford and Mrs. Sam Steel of Ft. Sumner, N. M., were dinner guests of their sister, Mrs. Nell Morgan Thursday.

Mr. and Mrs. V. E. Lemke visited their grandson, Kenneth Loveless and family, at Canyon Saturday. They attended the football game between WTSC and Arizona University that afternoon.

Wilbur Guthrie underwent surgery at St. Anthony's Hospital Friday. Mrs. Guthrie and Mrs. Loyd Heaton remained with him until he was reported in satisfactory condition Saturday.

The Rev. and Mrs. Johnnie Williams were Sunday guests of the Leland Burns at Sims.

Sandra Heaton spent the week end in Friona with friends, Mr. and Mrs. George Green, Her parents, the Bud Heaton, went for her Sunday evening.

Mr. and Mrs. R. M. Grubikley vacationed last week in Oklahoma with relatives. In Stillwater, they visited a sister of Mrs. Grubikley's, the R. E. Caldwell. In Stroud, they visited with her uncle, Mr. and Mrs. Mox Snook and in Blanchard, they visited with the Bob Wingates, formerly of Adrian.

Thomas Weaver is visiting in the home of his aunt, Mrs. Nellie Davis from Farmington, N. M. with his mother, Mrs. Mary Weaver and an aunt, Mrs. Grace Baker.

Donald Johnson, who has been serving as relief agent

for the Rock Island since the George Baucums left last month, finished work Saturday and left for his home in Beatrice, Neb. A new agent is to arrive Monday. New construction is underway at the Caprock Flying Service. The framework is to be large enough to house from 10 to 15 airplanes. A new mechanic, Jack Johnson, has been hired and has moved into town.

Bobby Speed, Butch Betts and Jack Johnson left Monday for a month's visit at Muleshoe, where they will defoliate cotton. They plan to complete construction of the plant on their return trip.

Roy Fortenberry from Nevada

is visiting relatives in Adrian this week. Mr. and Mrs. James Cavin and family were in Amarillo Sunday to attend the wedding of her brother, David Ostrander. Jan Cavin was flower girl and Jim served as ring bearer for Mary Lou Gope. The ceremony took place in the Pierce Street Baptist Church at 3 p.m. Sunday. Mrs. P. H. Grubikley visited in Hereford Saturday with her sisters, Mrs. Red Schneider and Mrs. Dudley Green.

The John Proctors visited in Channing Sunday with the Y.C. Garrison. They also visited the new baby, Kenneth Martin, at the Martin Cribbs home. Also visiting the home were Mrs.

Cribbs parents, the E. K. Pinnells, Wanda and her sister, and Mr. and Mrs. Bunkirs Brant of Clovis, N. M.

Mr. and Mrs. John Carpenter, of Lazbuddie, visited Sunday afternoon in the home of their daughter, Mr. and Mrs. Jimmy Briggs.

Sim's Community wishes to thank Sims Grain Co., Adrian Wheat Growers, Loveless Oil and Fertilizing Co. for the assistance given them in installing water facilities in the Sims Community Center.

Madeline Weidner, 14 year old daughter of the Elmer Weidners, was honored Tuesday night when she received a jacket from the Amarillo Globe

News. The jacket read "Master Carrier, Amarillo Globe News." Have you read the classifieds?

Lamb To Speak At Frio Church

Gilbert Lamb of Muleshoe will be guest speaker at Sunday services at Frio Baptist Church Sunday, according to the Rev. B. H. Baldwin, pastor. Lamb will speak on the effects of alcoholism. He is a director at Radio Station KMUL at Muleshoe.

VARIETY IN NAMES
DOUBLE TROUBLE, N. J. — When a New Jerseyite says he'd rather be in Double Trouble than Mount Misery, he's not just handing out some double talk. He's simply stating a preference of towns. Actually these are only two of a number of unusual names by which communities in the state are called. Others include Pi Hi, Plumsted, Allamuchy, Manaka Chunk, Oneg's Hat, Love Ladies and Hi-Nella Borough. Eddie Arcaro was the first modern rider enshrined in the Jockey's Hall of Fame.

Rev. L. B. George
... "think like sensible men"

Rotarians Hear Amarillo Pastor

The Rev. L. B. George the Mount Zion Baptist Church pastor in Amarillo, was guest speaker at the noon meeting of Hereford Rotary Club Monday. Guests at the meeting were John Armstrong, mayor of Amarillo, Bob Lindsay of Canyon and Bob Lindsay of Berger, all Rotarians; and Carl Anderson of Amarillo and Robert Thompson of Hereford. The Rev. George said today

there are "too many men of science and too few men of God" in the world.

He said the present problem at hand is "not the atom, but the man." Safety lies in integrity.

Sensible men should be able to "think straight and accept responsibility," the Rev. George said. Tomorrow will be determined by what we do today, he added.

The speaker was introduced by Rotarian Gilbert Davis, program chairman for the month. Have you read the classifieds?

An Allowance Important To Learning Of Today's Youth

By ARGEN DRAPER

During the month of September, the members of the Home Demonstration Club have been studying children's spending. The first meeting that the program building committee had in Deaf Smith County made its number one recommendation that people study family economics.

Children learn very young that money plays an important role in everyone's life. Money management has to be learned just as reading and arithmetic are learned. The early learning must begin when the parent gives the children a small regular allowance.

An allowance is money that will be spent on them anyway. The allowance that the child receives should not be for good conduct nor for work done at home. At an early age, children have no genuine interest in money, except the desire to imitate grown-ups.

In giving the allowance, make the rules before you need them. This is naturally true in all things. A child must know how much money he is to receive, on what day, and what items must cover. Everyone must stand by the rules.

If a child makes a mistake in spending the money that he receives as an allowance, just

remember it takes a lot of time and a lot of mistakes to learn to handle money wisely. It is important for a child to be free to make these mistakes and help learn from them.

Should you withdraw an allowance? Not for misbehavior, nor for poor grades, nor for any reason unless lack of family income. Don't confuse punishment nor bribery with an allowance as this only confuses a child's thinking about money. Remember you are trying to teach money management.

As soon as a child is able to write, he should be encouraged to keep a record of things for which he spends his money.

The conclusion that we drew at the clubs, was that wherever money comes from, and whatever age we are, we try to do these three things:

- No. 1. Decide its best use.
- No. 2. Keep up with its use.
- No. 3. Analyze how to improve.

The 4-H Achievement affairs are better than ever. Loreta Fowler, the Assistant Home Demonstration Agent, and I attended the Achievement Program of the Sadie Lee Oliver 4-H Club, and we agreed that this program was one of the best.

If you were not there, these are the things that you missed: How to make Quick Loaf Bread, Fall corsages, Putting in a sleeve and zipper, How to make sugar cookies, as well as getting a lot of inspiration on how to improve home management practices. The Ford boys and girls clubs used the Achievement Program to reorganize and plan next year's work.

In October, the Home Demonstration Club women will be stu-

Tighter Nail

If the nail supporting a picture on your plaster wall should come loose, soak a piece of absorbent cotton in glue, wrap this around the nail, and put it back into the hole. When the glue hardens, the nail will stay in place.

Clean Drains

Keep the drain pipes in your kitchen sink and laundry tubs free from grease and disagreeable odors by making it a habit to rinse them with strong hot salt water at least once a week.

Artificial Flowers

To clean artificial flowers without using water, place them in a paper bag with a handful of salt, and shake.

Cooking Odors

To remove cooking odors from a room when a deodorizer is not at hand, try placing a little perfume or cologne on the light bulbs of your table lamps. By the time your guests arrive the heat from the bulbs will give off a pleasant aroma to counteract the cooking odors.

Poison Ivy Killer

Poison ivy growths will die

when subjected to a spray made from a gallon of soapy water and three pounds of salt. Use this spray several times in the "danger zone."

Light Scorches

Light scorches on linen can be removed by wetting the stained area with cold water and exposing it to the sun until the stain disappears.

Piano Care

Do you live where rust will attack the wires of your piano? If so, fill a pound bag with unslaked lime and tuck this inside the piano close to the wires. The lime will absorb the moisture.

Breaking Coconut

To break a coconut easily, first drain out the milk through the eyes, then place it in a hot oven (350 degrees) for about twenty minutes. Remove the coconut and allow to cool before breaking it.

Hanging Trousers

To prevent an unsightly crease that results when trousers are hung on a wire coat hanger, place a newspaper under the trousers while on the hanger. Or, loop a piece of cardboard over the hanger. Don't fold the cardboard; let it curve gently and fasten it with paper clips at the bottom.

Lightning Hopkins Likes To Play Before Big Crowds

HOUSTON, (AP) — Blues guitarist Lightning Hopkins likes the idea of playing before crowds. Big crowds, like, say, in Carnegie Hall.

"It's people that moves me. I don't like that idea of playing to the wall," says Hopkins.

The East Texas Negro who came out of the Piney Woods some 40 years ago can't remember how many songs he has composed. Collectors cherish about 200 of his blues and improvisation recordings.

But he seldom ventures from Houston's Third, Fourth, Fifth and Sixth Wards. There, he strums nightly in neighborhood dance halls.

That playing-to-the-wall "don't stir me," Lightning says. His real name is Sam and he prefers Lightning spelled with the final "g."

"I don't get the spirit. I need the amen. Like a preacher preaching, if he don't get the amen, he can't do it."

"You walk in there and there's just a few people in there, you say maybe he can't play, but if a crowd builds up, you'll see he can play."

New York impresario Harold Leventhal has written Hopkins' friend and mentor, Mack McCormick, here:

"I would be very much interested in bringing him to New York to be part of a concert either in Town Hall or Carnegie Hall."

Lightning likes that. He's not so keen, though, on talks under way for him to take a grand tour of Europe.

"I get to thinking about all the women over there," he grins. "Then I get to thinking about all that water to cross. . . I ain't never scared, but I'm just kind of particular."

McCormick describes Lightning as "a strangely innocent man, isolated and oblivious to much of contemporary life."

Recently, he professed to never having heard of long playing records although an LP reissue of his early recordings was on sale within a block of his home.

"He sings about a bus strike, about a fight with his wife, about some evil doings," McCormick says.

"A line can have the blunt stab of T. S. Eliot: 'You ever see a one-eyed woman cry?'"

Born March 15, 1912, in Centerville, Lightning began playing the guitar at eight. Later he moved to Buffalo and took up with the Blind Lemon Jefferson folk-blues minstrel at church meetings.

Then he sang and begged a long Houston's West Dallas street.

"But nobody taught me," he says. "I just see how they do and then I do it my own way. Make up my own songs."

Recently he recorded an LP release, "Lightnin' Hopkins Strums the Blues," leaving off that last "g."

McCormick says his friend's last recording sojourn to Los Angeles confounded almost everybody concerned.

Song writers who had prepared material, he says, despaired as Lightning used it merely as a basis for his own impromptu verses. "Recording engineers cursed as a first and second takes of supposedly the same song were found to be utterly different," McCormick recalled.

Some Hopkins songs are now classics among collectors — "That Mean Old Twister" and "Short Haired Woman" ("I don't want no woman if her hair ain't longer than mine. . . Yes, you know she ain't no good for nothing but trouble that keeps you buying rats all the time.")

Told that Queen Elizabeth was in Chicago, the minstrel immediately composed "Blues for Queen Elizabeth." He sang:

"Yeah, you know, Baby, the whole world's in a tangle. It's just spinning 'round and 'round. . ."

Chided because he called the Queen of England "b a b y," Lightning flashed his gold teeth:

"I wasn't talking just to her," he grinned.

Beauty At Home

Q. What is the best shampooing method for hair that is extremely oily?

A. Heat a liquid soap to moderate temperature and work it thoroughly into the scalp and hair before applying water. Use a vinegar or lemon rinse. In between shampoos, it is a good idea to brush your hair from the scalp outward, using shredded cotton in your hairbrush. As the cotton becomes soiled, replace it with fresh. Dampen the cotton with cologne, if you wish. The hair should be brushed in sections.

Q. Do you recommend the use of a black eyebrow pencil?

A. Only for the girl with a naturally high coloring. Otherwise, a black pencil is apt to give one a "hard" and artificial look. Brown pencil is much safer as a rule.

Q. How can I remove egg stains from an unwashed dress?

A. After the stain has dried, scrape off as much of the excess as possible with a dull knife. Then remove the remains with some cleaning fluid.

Q. Please suggest a good waist-slimming exercise.

A. If you have a long piano bench, lie on it face upward. Grip the sides of the bench, bend knees back to chest, then push both legs far out to left, straight downward, far out to right, and back to position. Only your spine and head rest on the bench — the lower part of your body is suspended in mid-air. By pushing both legs at once in a wide circle, you are strengthening and slimming your abdominal muscles. This is a hard one — but good!

Q. What is a good before-breakfast drink that will act as a mild, safe laxative and general toner-upper for the body?

A. Lemon juice, without sugar, taken every morning in hot water is excellent.

Q. What is a quick and effective way of purifying the breath?

A. Try sucking a lemon, following this with a drink of cold water.

Dear Customer:

It gives us great pleasure to invite you to the showing of the all new, (with the fresh point of view), 1960 PONTIAC.

As you know, Pontiac in 1959 pioneered the Wide-Track (wheels farther apart for a steadier stance), and into the 1960 models they have engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness. A combination that has brought a new standard of roadability to the American passenger car.

And the power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Of course, it goes without saying that the new 1960 Pontiac will be beautiful beyond your wildest dreams. Pontiac.....the inspired beauty of perfect proportion!

We know you're going to like the magnificent new Pontiac.....and we hope that this year, you'll move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest.

Sincerely,
J. V. Campbell

Applicant Gets No Colorful Promises In This Interview

HOUSTON (AP) — Job broker Jack Enen doesn't high pressure applicants into taking high paying foreign oil field positions he seeks to fill. He tries to talk them out of it first.

"We make it sound as rough as we can and it is hard," Enen says. He recruits skilled employees to work in far off lands with exotic sounding names for a Dutch drilling firm.

"We try to give them all of the bad points — of which there are many. Then we point out one or two good things," Enen said.

Those who sign with Enen agree to spend two years in which they may have to put up with limited living conveniences, social isolation, unfriendly natives, separation from their families and boredom. They will work on rigs in Iran, Kuwait, Nigeria, Libya, Italian Somaliland or other oil producing outposts.

"Then we remind them that they will have a steady job and will probably save some money," he said.

A drilling rig manager on such foreign duty gets up to \$14,000 a year plus an allowance to cover the difference in cost of living. Drilling superintendents draw base pay of \$12,000 and tool pusher or rig foreman \$10,000.

Drillers, truck and diesel mechanics and mud men get about \$8,500, Enen says.

But "The main thing about foreign work is that the salary is tax free after 510 days out of the states," he added.

Enen advertises for job applicants frequently in newspapers and trade magazines. The response is heavy.

"I screen them very carefully," he said. "These people have got to be qualified to get off that plane and get up on

that derrick and take over that job."

He tries to discourage family men from taking jobs where their families would not be permitted to accompany them. And he encourages them to take their hobbies — "anything to help them entertain themselves."

No alcoholic beverages are allowed on an installation," Enen says.

"What they do to fight off boredom depends on the individual. You could be bored here

for two years if you wanted to be."

Last year Enen advertised in a Houston Newspaper for a materials man and got 65 replies from applicants including policemen and waiters.

But he says the reply that takes the cake came from an ad placed in a Kansas newspaper for a cable tool driller.

"It was from an 18-year-old girl who said she didn't have any experience, but she was willing to learn."

RECEIVES HANDICAP AWARD — Gov. Price Daniel, left, presents the Handicap Texan of the Year award to Albert "Bob" Wilcox, of Clifton, at ceremonies in the state capitol in Austin. Wilcox was hit by 33,000 volts of electricity in 1956, burning him severely. He lost parts of both legs, his left arm and left ear. He now works for the Community Public Service of Clifton as a meter tester. (AP Photo)

How Can I?

Q. How can I make a scratch-removing preparation for furniture?

A. One good way is from equal part of the best salad oil and vinegar. Keep this in a bottle, shaking well before using, and rub the mixture well into the wood until the scratches have gone their way.

Q. How can I freshen butter that is rancid?

A. Try breaking up and putting into fresh milk. Let it absorb the milk; drain, then wash in cold salted water and work it into pats again.

Q. What can I do with jelly that refuses to "jell"?

A. When preparing jelly and it will not jell, a slice of carrot will furnish the necessary pectin and produce a clear,

The Sadie Lee Oliver 4-H girls Achievement Tea was held at the Community House Friday at 8 p.m. at the Community House. Janice Head opened the program with two piano selections.

Katherine Flood then introduced Donna Johnson and Carla Stengel, who presented a demonstration on vegetable salads. They also gave the vitamins contained in each vegetable as they prepared the tossed salad.

Then Anna Johnson told the guests about a safety demonstration that she and Janice Turrentine had presented earlier in the year. The demonstration was on artificial respiration.

Janice Head and Barbara Zinser then mixed the batter for quick bread and explained each step as they mixed it. They displayed a loaf of quick bread, which they had prepared earlier.

Dorothy and Joan Marshall demonstrated the art of making fall corsages. They prepared a lovely corsage from a cotton burr and sprigs of milo. These had been sprayed with a bronze paint. They also displayed other corsages, which they had

made.

Sandra Green and Joyce Cooper presented a demonstration from their dressmaking course. Sandra discussed putting a sleeve in a garment, using diagrams to explain each step. She had made a doll dress with set-in sleeves to show how the sleeve should look when completed.

Joyce discussed putting a zipper in a garment, explaining each step carefully. She also had a doll dressed in a garment which she had made to show the completion of the proper way to put a zipper in a garment.

Nancy Green and Katherine Flood demonstrated how to make sugar cookies. They explained each step very carefully as they mixed the cookies. They also displayed the finished products.

Refreshments were served by the girls and their leader, Mrs. Bill Stengel. The refreshment table was laid in white with a centerpiece of pale pink roses.

Among the guests present were Miss Loreta Fowler and Mrs. Argen Draper of Hereford, Mrs. Emmitt Johnson, Mrs. Alice Cooper, Mrs. Harold Rudd and Lynn Ann, Mrs. Frank Ziffner, Jr., Mrs. Harold Head, Jim, Shirley and Pat, Mrs. Buck Green, Mrs. Forest Marnell and Tommy, and Mrs. Ernest Floyd, Grace Ann and Joe.

Joe Wagoner and Joe Bob and G. C. Merritt went to Canyon Friday evening to pick up Ann Wagoner, who spent the weekend home from McMurry College, Abilene. While in Canyon the group visited with Mr. and Mrs. David Seal.

LINCOLN LETTER BOUGHT

WAUKESHA, Wis. (AP)—A gift of \$300 from the Waukesha Daily Freeman made possible the purchase of an important Abraham Lincoln manuscript by the State Historical Society of Wisconsin.

The letter was written to Lincoln by Vice President Hannibal Hamlin on April 23, 1861, when Hamlin was in New York working on defense plans. He suggested that the Chickapee munitions works be put in full operation.

Del Flanagan, St. Paul middleweight, won two Golden Gloves boxing titles as a 126-pounder.

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that's new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance of its new Body by Fisher, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, it's got all the thrifty virtues that make it unmistakably a Chevrolet—with new economy of operation, new dependability new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the others can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, the solidly built new Body by Fisher surrounds you with finely tailored fabrics and spacious elegance. There's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. Adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of isolating road shock and noise.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds. There's also a choice of five other V8's and five transmissions, to assure the exact power combination to satisfy the itch in your driving foot. Chevy's accent on comfort and convenience even extends back to its easier-to-load luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out engine impulses more effectively than ever and new two-toning motif available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

Blind Homemaker Shares Kitchen Skills With Other Handicapped

EYES OF THE BLIND... Mrs. Ferrara "reads" her cookbook in Braille.

GLENDALE, Calif. (AP) — In the darkened world of the blind, simple explanations of the slightest often prove to be major stumbling blocks.

For instance, how would a blind housewife follow a recipe: "Keep in oven until a golden brown," or "cook custard until it coats a spoon."

to sharing her kitchen knowledge with other blind homemakers. Her recipe book, "Grade One and a Half," has gone through 12 editions in Braille by Braille Institute.

Now she is at work on another cookbook, this one specializing in health foods and diet, which will be for the use of the sighted as well as the blind.

One section of her cookbook is devoted to practical suggestions for the blind homemaker, showing ways other than by physical sight that the blind cook may learn how to prepare foods in mixing bowls.

Special attention is directed to oven menus and one-dish menus, which are popular with blind cooks.

Mrs. Ferrara presented her first cookbook to Braille Institute as a gift to help others. The two-volume book, stresses nutrition and diet recipes, which Mrs. Ferrara became interested in while cooking for her husband, who is diabetic.

Mrs. Ferrara's spotless kitchen is equipped with an automatic stove, with notched knobs and dials to tell temperature. Mrs. Ferrara, besides doing all her own cooking, does her own housework, including washing and ironing. At present she is learning to sew.

BLIND HOMEMAKER... Mrs. Frank W. Ferrara works in her spotless kitchen.

Local Youth In Dallas Hospital

Lloyd Johnson, 4-year-old son of Mr. and Mrs. Boyd Johnson of Hereford, was admitted Sept. 18, to the Scottish Rite Hospital for Crippled Children in Dallas.

Thirty-five years ago Texas Scottish Rite Masons founded the hospital, dedicated to an effort to provide a chance at a normal life for the handicapped child. Supported by public contributions and bequests, the hospital has accepted more than 113,000 children for treatment since 1925.

INTERNATIONAL VAN NUYS, Calif. (AP) — The St. Bridget of Sweden School here is staffed by the Irish Sisters of Charity.

FOLLOWING THE LEADERS TUCSON, Ariz. (AP) — A group of girls confined to the juvenile detention home were playing basketball in the recreation area.

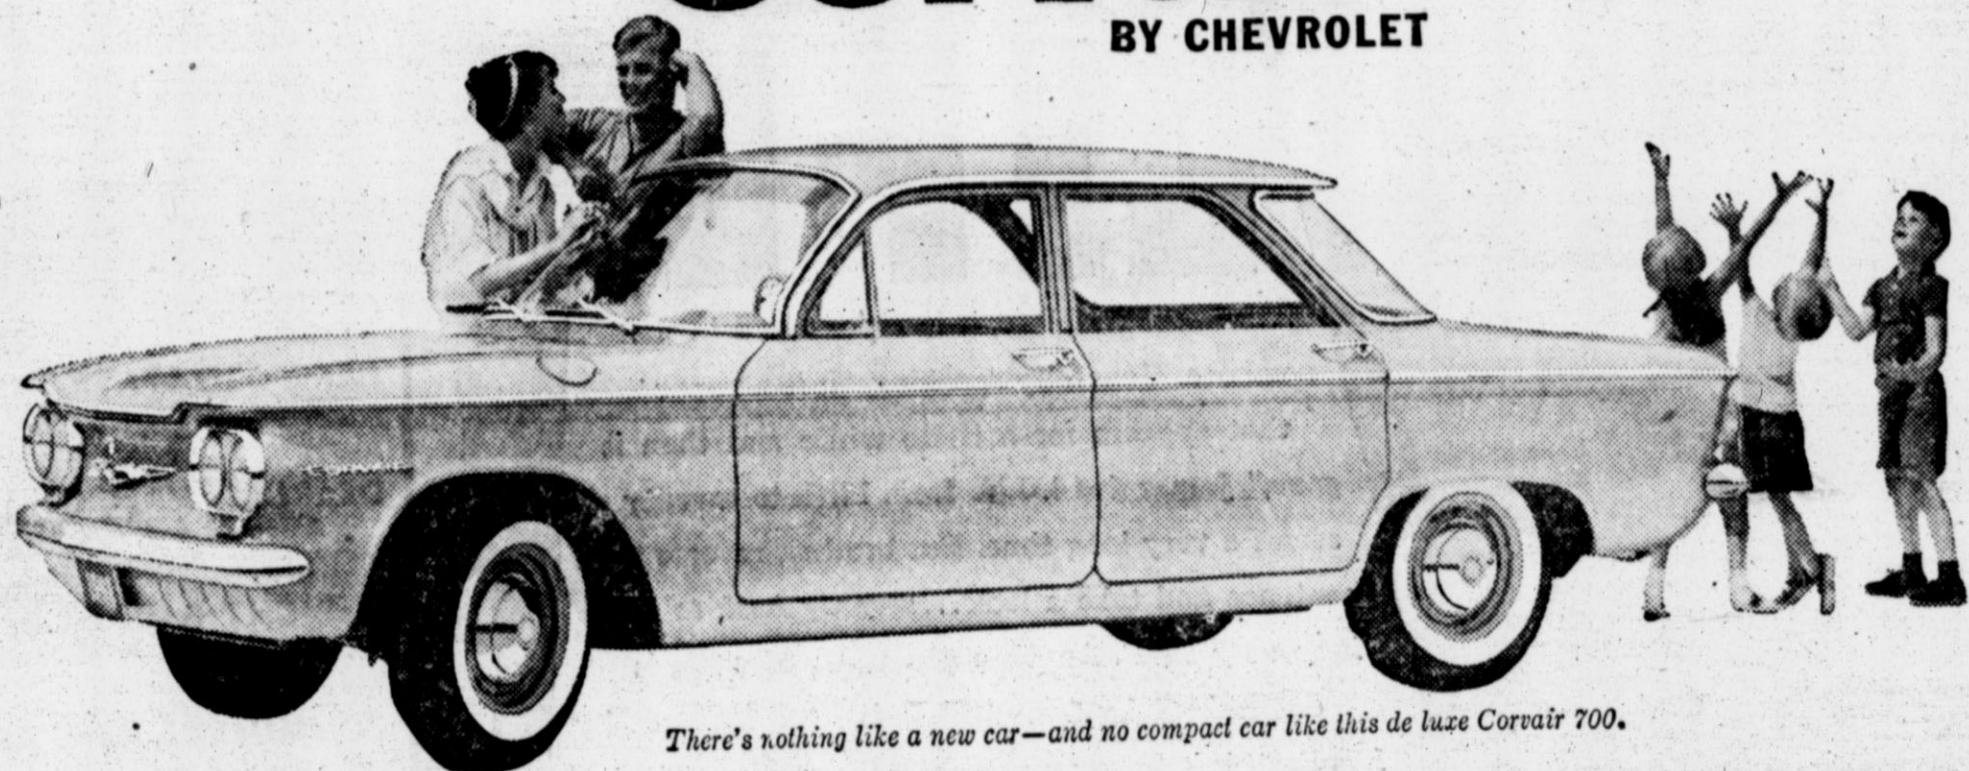

The basketball bounced over the metal fence. A girl walking down the street picked up the ball and ran off.

THE REVOLUTIONARY Corvair

BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair. The product of nine years of research and development, it's America's first truly compact car that retains the ride and 6-passenger comfort you're used to in a big one.

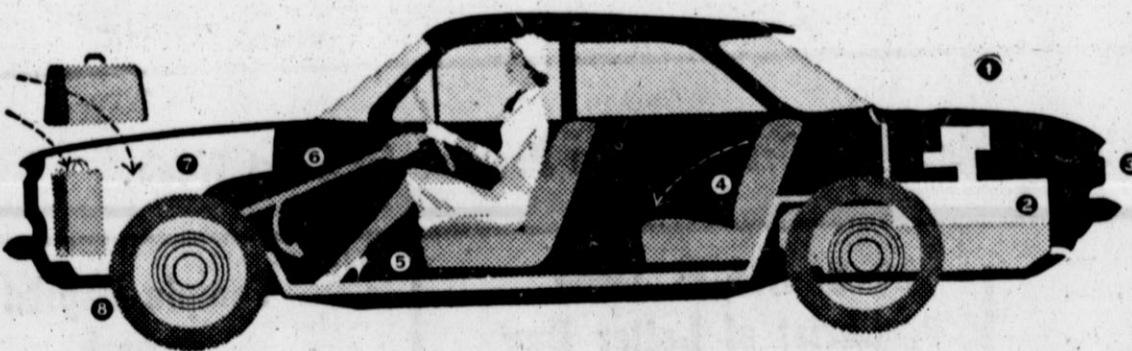

The key to this small miracle: America's only rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

With the engine in the rear, the Corvair's floor is virtually flat, front and rear, so there's plenty of foot room for everybody. Combined with Corvair's unique body-frame construction by Fisher, this provides interior spaciousness comparable to many postwar conventional-sized cars.

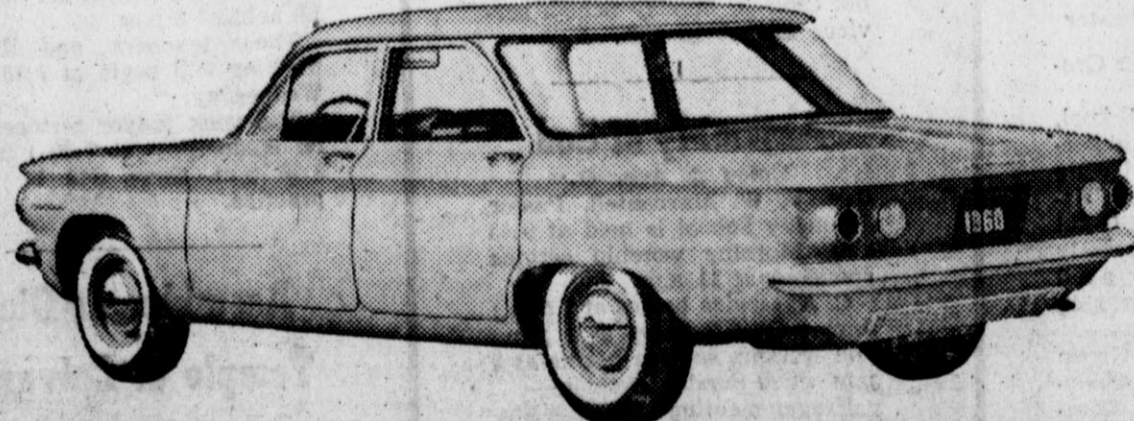

Shifting engine weight to the rear also makes for easier compact car handling and gives glued-to-the-road traction on ice, mud or snow. And with independent suspension at all 4 wheels—an advance comparable to the independent suspension of front wheels years ago—you get a poised, unruffled ride that rivals even the costliest cars.

These are all things no front-engine compact car can give you. And with them you get outstanding economy and practicality that would never have been possible if Chevrolet engineers had been content to make the Corvair merely a sawed-off version of a big car. Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular. And, because the engine's air cooled, you never have to fuss with antifreeze, you get quicker warmup (even heat for passengers comes—almost instantly—from an airplane-type heater*). Wonderfully practical, yes. But you'll find the most practical thing of all about Corvair is its remarkably low price. Your dealer's the man to see for all the short, sweet details.

America's only car with an airplane type horizontal engine!
America's only car with independent suspension at all 4 wheels!
America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

You have your choice of two Corvairs—this one's the standard model. See your local authorized Chevrolet dealer

- 1 REVOLUTIONARY TURBO-AIR 6**
Gets up to 30% more miles on a gallon; needs no antifreeze, provides quicker warmup with less wear on parts. It's the world's first production 6 with the ultra-smooth, space-saving power of horizontally opposed (not vertical or V-stroke) pistons.
- 2 ONE-PACKAGE POWER TEAM**
Wraps rear engine, transmission and differential into one compact unit. Takes less room, leaves you more.
- 3 STYLING—PURE AND SIMPLE**
Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.
- 4 FOLD-DOWN REAR SEAT***
Works instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.
- 5 FLAT FLOOR**
Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.
- 6 UNISTRUT BODY BY FISHER**
Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.
- 7 UNDER-HOOD LUGGAGE COMPARTMENT**
Trunk's up front (like an elephant's) where it's convenient for groceries, shopping bags, luggage.
- 8 4-WHEEL INDEPENDENT SUSPENSION**
There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

LIFE

... what is it? Here, it is represented in the newborn. Generally speaking, "it is a vapor that appears for a little while and then is gone," James 4:14. Life from birth to seventy seems a very long time. But brother, reverse the sentence and take a look... *seventy back to birth is so very short.* Anyhow, the value of a life is determined by *how well it is lived* and not by *how long it is.* Every worthwhile life consumes its self serving others... administering to the sick, giving to the poor and challenging them to prepare for the Life Eternal. *The good life is full of little deeds made meaningful by a few Godly decisions.* Then attend worship services regularly.

TO: Lois Roeder and husband, Levi D. Roeder, and if either of them are deceased to the heirs, the unknown heirs, their heirs and legal representatives, of Lois Roeder and Levi D. Roeder; to J. D. Roeder, a son of the said Lois Roeder and Levi D. Roeder, and to Grace Roeder, wife of J. D. Roeder, and if either of them, the said J. D. Roeder or Grace Roeder, are deceased, to the heirs, the unknown heirs, their heirs and legal representatives, of J. D. Roeder and Grace Roeder, Defendants. Greeting: You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 2nd day of November, 1959, at or before ten o'clock A.M. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said court, on the 4th day of September, A. D. 1959, in this cause, numbered 4286 on the docket of said court, and styled, G. W. EDWARDS, Plaintiff, vs. LOIS ROEDER, et al Defendants.

The names of the parties to the cause are as follows: G. W. EDWARDS is Plaintiff and Lois Roeder and her husband, Levi D. Roeder, and if either of them are deceased, the heirs, the unknown heirs, their heirs and legal representatives of the said Lois Roeder and Levi D. Roeder; and J. D. Roeder, a son of the said Lois Roeder and Levi D. Roeder, and Grace Roeder, wife of J. D. Roeder, and if either the said J. D. Roeder or Grace Roeder are deceased, to the heirs, the unknown heirs, their heirs and legal representatives of J. D. Roeder, et ux, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff sues in trespass to try title to the following described land situated in Deaf Smith County, Texas, to-wit:

The South One-half (S½) of the Southwest Quarter (SW¼) of Section No. 37, Block K-3, Cert. No. 333, Pat. No. 537 Vol. 28, Deaf Smith County, Texas.

Plaintiff also pleads the five- and ten-year statute of limitation against all of the Defendants, and to remove the cloud from the title to such property, and to quiet the title in the Plaintiff, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 15th day of September A. D. 1959.

Attest:
Lucille Posey Clerk,
District Court, Deaf Smith County, Texas.

TIRESOME OVERSIGHT
SAN DIEGO, Calif. (AP) — Fred Halleman, ended up with one spare newspaper after he took over his ailing son's paper route one morning. The father retraced the entire route before he realized the paper was the one for his house.

GOES OVER WITH BANG
STILLWATER, Okla. (AP) — Police found three cylinder containers and took them to an oil well servicing company to see if they were explosive. They were. The windows of the company were blown out during the test.

fresh point of VIEW...from Pontiac!

- Another fresh one from Pontiac!
- The inspired beauty of perfect proportion!
- The precision control of Wide-Track Wheel Design!
- The softer ride of supple suspension!
- The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

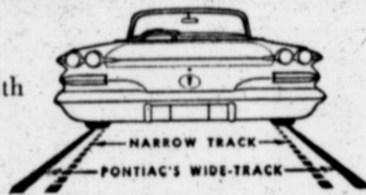

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.
