Dedication of the La Plata townsite marker will be held during Pioneer Days, members of the La Plata Study Club announced this week after the marker was installed. It is located where the first town in Deaf Smith County was established. The \$400 marker was made by Osgood Monument Company of Amarillo, thru F. L. Pinckert, Hereford representative. The marker is 20 x 30 inches, on a concrete base, and rises to 4 1/2 feet.

Winners in a slug-fest at Clovis Tuesday, the Hereford High baseball team will attempt to sweep the series Friday when it hosts the Wildcats at 4 p. m. This is the last scheduled game until conference starts April 19, but Coach Joe Smith is trying to get two or three games to fill the interim and keep the boys in shape.

within the next month. The present act is to expire at the end of the year; an extension will be for five more years.

Witherspoon outlined the revised plan for amending the Sugar Act. This would allocate all increases in acreage to "proven areas" with a growing history of at least 1,000 acres per year for the past ten years.

This increase, due to larger population with its attendant larger demand for sugar, would not affect either the Cuban sugar situation or the established beet growing states.

The increase would amount to about 120,000 acres per year, Benefield estimated, which would be enough for five new refineries each year.

There are five areas in the United States, including the Deaf Smith County area, which would qualify under the provisions of the proposed amendment.

Witherspoon also reported that U. S. Senator Ralph Yarborough is preparing to offer an amendment to the Sugar Act, which would immediately allocate an additional 20,000 acres of beets to Texas.

The group spokesmen said they felt this would be selfish in some respects and that they did not feel such an amendment

tion or as a dryland crop. Safflower matures in about 120 days under favorable conditions.

For the past 10 years, safflower has been directed toward industrial uses. It is used as paints and varnishes, as it does not yellow or discolor like many other oils.

Safflower is a thistle-like plant which grows to 26 or 30 inches in height.

Individual honors were taken by Jesko, first place in Live-stock judging; Hair, second place in poultry judging; and

"From the reaction we have been getting, we know our letters are creating some interest in Washington. . . . We have to increase our efforts for the next few weeks and get this thing won," he added.

Henry Sears summed up the entire point of the meeting when he said, "The only thing that will keep us from getting a plant is for your enthusiasm to die."

"I would like for each one of you to write President Eisenhower and Ezra Taft Benson (Secretary of Agriculture) and explain our situation to them, urging their immediate support," Witherspoon urged.

SAFE BY A MILE, or a least a couple of feet, was Jim Collier Tuesday as he slid into third at Clovis. He made two bases on an error after getting to first with a hit. Waiting for the throw is Wildcat third baseman Ronald Hampton. Hereford turned back Clovis 9-8 in the free-swinging affair. (Staff Photo)

Clovis...

(Continued from page 1)
 hurler Wayne Mitchell dropped the ball during his windup and was charged with a balk.
 Hereford really laid it on in the fifth stanza, scoring four runs on five hits, getting in front 8-4. Marcontell hit his first double of the day and was doubled in by Edwin Thomas. Jim Collier singled to push in Thomas and then went to second on an error. Burrus doubled in Collier and McDowell singled to score Burrus.

Clovis closed the gap slightly to 5-8 in the last of the fifth, scoring one run on two errors and a walk.
 Hereford got an insurance run in the sixth, and it proved to be the winning tally. Substitute second sacker John Buck opened with a double and scored as Marcontell pounded out his second double of the afternoon.
 Down four runs, Clovis staged a rally that had Hereford players and its few fans biting their nails. Ronald Hampton, who moved from third base to the pitcher's mound in the sixth, hit a homer over the left field fence. Hartley walked, Boyd was safe on error and George Davis walked to load the bases.
 Coach Joe Smith waved for Marcontell to come in from left field. The smooth right hander, who had pitched a no-hitter in the previous game, had trouble getting warmed up.
 Jerry Wheeler got on by choice as Boyd was put out at third and Hartley scored. Davis scored on a single by James Rowls.
 Unable to score in the top of the seventh, Hereford went to work to protect its one-run lead. Marcontell struck out the Wildcat lead-off man. Sophomore John Buck made a tremendous running jumping catch of Hampton's rifle - shot blast for the second out and Collier gathered in a pop-up by Hartley to end the game.
 Edwin Thomas was credited with the win, his second against three defeats. He pitched five complete innings, giving up eight runs, six hits, five walks, striking out five and making one wild pitch. Marcontell, who relieved, worked two innings, allowing one hit and striking out two. He walked one.
 Wildcat starter Wayne Mitchell worked five innings, giving up eight runs, nine hits, walking one and hitting two. He struck out six and hit two batters. Reliever Ronald Hampton worked two innings. He gave up one run, three hits and walked one. Mitchell was charged with the loss.

Cotton Acreage Totals Revealed

COLLEGE STATION - Texas cotton farmers have expressed their choices and the 1960 cotton acreage for the state is set. They will plant an additional 509,528 acres over the regular allotments as a result of Choice B selections.

Tom Prater, extension economist, said the final results of the selections—the deadline was March 16—were provided by the Texas Agricultural Stabilization and Conservation office. He said the acreage on Choice A farms adds up to 5,543,000 acres, with 283,194 acres of this total under Conservation Reserve Contracts. Choice B farms this year can plant a total of 1,783,228 acres. Prater said the total acreage under both Choice A and Choice B plans now available for Texas growers stood at 7,326,220 acres compared with 6,842,599 acres in 1959.

The 483,621 acres increase over last year's acreage resulted primarily from the selection of the Choice B plan by farmers holding the larger regular acreage allotments, Prater said.

Sometimes you just can't win. That's how it was this week when Newt Harding and Paul Harvey got me cornered. They figured that I could do a lot better job writing this column. I offered to let them have a try, but didn't get anywhere. Paul said he might try to come down and do his work at Anthony's and when I asked what he did, Paul said he does all of the mopping and floor polishing. Newt figured his main job was along the same lines, chiefly scrubbing floors and doing field work.

I retracted the swap - out real quick like and everybody was happy until I started checking

Hereford banker who would have solved the lady's problem with three little words: "Sell the car!" This, of course, is old fashioned thinking and is hardly to be considered in 1960. It is interesting to note the large portion of monthly income (\$50 car, \$15 gas) allocated to the automobile; also the number of times it appears in the incidents.

Most puzzling to me, however, is how this lady gets by without electricity, heat, water or telephone. They probably rent an apartment with all bills paid, and I would say they have a darn good deal at \$50, provided this is the case. I decided a long time ago that

I was working for the utilities companies the first 10 days of the month.
Meanwhile, if some of the smart people around here can help the lady, just mail your "\$260 - per-month budget" to the Bull Column, since the lady failed to sign her name or give her address.

More than 1,000 people went through the Blue Flame house at 300 Westhaven last Sunday. Everyone was surprised, including N. D. Bartlett and Johnny Sims. They have re-scheduled another showing for the coming Friday and Saturday.

Otto Massie already has a

nice stand of flowers at his home on Fourth Street. I'll bet his ears burn every evening when all of the women in the neighborhood ask their husbands: "Why can't YOU grow flowers like Mr. Massie? Just look at that yard of ours - and those dandelions!" Ezra Norton, who lives in the same neighborhood is not such a flower grower, but he is getting to be a lawn expert.

I always envy those "green thumb" people. When it comes to yard work, I am like a mosquito in a nudist camp. I know what to do, but never can decide where to start. What I really need is a variety of grass that will grow

well, even if you neglect to water it, and seldom needs mowing.
Earl McElwee, B.M. Wiltshire and Casey Gilbreath tell me that Townsend Douglas solved the problem when he built his new home in Amarillo. He put concrete all over the place, front and back. They say that the home boasts two flower boxes - and that is the full extent of yard work involved. What's more, the reports state that it looks unusually nice.

Capital investment per worker is higher in farming than manufacturing, according to a recent federal survey release. It took an investment of \$15,300

per worker for industry as compared to \$20,700 per worker on the farm. In the Corn Belt, the average investment was \$112,000 per worker, and I would guess the investment in this area would run fairly close to \$100,000 per worker.

The folks down Lubbock way passed a curfew ordinance Tuesday, which may well spread over the Panhandle. According to the new ruling boys and girls, ages 17 and under, will not be allowed on the streets after 12 p.m., except Fridays and Saturdays, when the curfew will be 1 a.m. The vote was overwhelming, running about 7 - 1 in a total of around 8,500.

Students Observe FHA Week

FIELD TRIP for second year homemaking students included a practical demonstration in buying tips for kitchen and dinette furniture. Making the demonstration was Dick Barnard.

In observance of their national week, which started Sunday, local members of the Future Homemakers of America have scheduled a series of activities.

On Sunday members attended morning services at the First Christian Church. Monday, they distributed career kits in the High School library and set up a civil defense display. Tuesday they presented a program for the school assembly and Wednesday had charge of a school-wide clean-up campaign.

On Thursday they are to clean the school's trophy case and Friday they will have their annual rose planting ceremony. On Sunday, they will conclude the week's events by attending morning services at the First Baptist Church.

Seven Hereford girls have qualified for the State Degree, highest award of FHA. They will be presented with their degrees at the state convention April 28 - 30.

Receiving these degrees will be: Twyla Springer, Jane Pool, Royce Lee Pruitt, Phyllis Ward, Doris Willoughby, Sheryl Patterson and Cherry Holt.

This degree is earned after three or four years' work in FHA, with additional activities in the school, community and home.

Election of officers was held at a joint meeting of Junior and Senior High FHA groups last week.

Chapter I officers include: Patsy Loeerwald, president; Merry Kay Pruitt, vice president; Suzanne Langley, receiving secretary; Sharon Hill, correspond-

ing secretary; Audni Miller, parliamentarian; Terry Smith, treasurer; Phyllis Ward, degree chairman; Patsy Campbell, civil defense; Judy Bradley, historian; Janis Higgins, recreation; Beth Carthel, reporter; and Mar Gwen Lackey, song-leader.

New officers for the Royal Rose Chapter include: Cherry Holt, president; Elizabeth Bromman, vice president; Cecilia Wilhelm, receiving secretary; Judy Rowland, corresponding secretary; Jan Reese, parliamentarian; Nancy Edwards, treasurer; Barbara Pulliam, degree chairman; Nelda Botkins, civil defense; Cathy Knox, historian; Ann Gentry, reporter; and Glenda Furhmann, pianist.

At the same meeting Sharon Hill, daughter of Mr. and Mrs. Elmer Kimbell, was chosen FHA representative in the annual REA Queen Contest, which will be held April 28. Also considered by the judges were Karen Sue Daniels, Judy Bradley and Judy McGee.

Attending the Area meeting last month in Lubbock were 26 girls from the Hereford chapters. Judy Bradley was named Area I historian at the meeting, at which Mrs. J. J. Durham, teacher - sponsor, was given an honorary membership. Mrs. Durham also will be recognized at the state meeting.

During the Area meeting, the Hereford chapters presented a portion of the "Getting To Know You" program, called "Scandinavian Recreation." This included girls from Dimmitt, Friona, Tulia, Canyon and Hereford. This program will be pre-

sented during the state convention.

Presiding at one session of the state conference will be Margaret Boomer, state parliamentarian.

A variety of subjects are taught in Hereford homemaking classes.

Foods, clothing, furniture and home furnishings, health and family finance are among the subjects taught.

Recently, the second year class took a field trip to a furniture store, where they were given a demonstration on selection of kitchen and dinette furniture. The second year girls in clothing classes are studying basic construction, while the third year class is doing semi-tailoring.

There are 42 girls who have just completed a Red Cross course in home nursing. This in-

cluded 14 hours of instruction, plus a field trip to the Deaf Smith County Hospital.

One group took this course in an after-school class. They were: Marjatta Niinisto, Kay Sims, Azalee Phillips, Sue Minor, Judy McGee, Anne McCarter and Sandra Childers.

Others completing the course were: Sheryl Patterson, Linda Shaffer, Gena Guinn, Beth Lemons, Doris Willoughby, Cherry Holt, Lois Christman, Sandra Roberson, Ruth Prowell, Nelda Barnett, Pat Bell, Mrs. Martha Finch, Sharon Farmer, Shirley Carthel, Kylene Hodges, Cecilia Burrus, Janel Weaver, Carolyn Hammett, Glenda Bellar, Linda Cox, Royce Lee Pruitt, Dorcey Mutter, Jane Pool, Nancy Parsons, Glenda Allison, Betty Wajser, Carlie Smith, Virginia Isbell, Betty Bridges, Gail Miller, Kay Griffith, Bonnie Craig,

Margaret Boomer, Kay Scott and Joan Rogers.

An unusual experiment was started during the spring semester, when a homemaking course was offered for senior boys. There are 16 in the class, which has just completed a course in "Personal Adjustment, Marriage and Family Living," taught by Mrs. Durham.

They are now having a course on "Mother - Baby Care," presented by Mrs. Earl Springer, the school nurse.

As a continuing project, the Hereford FHA chapters are instrumental in sponsoring the foreign student exchange program, which has been operating in Hereford High School for several years.

Mrs. Durham, teacher and sponsor, recently was awarded honorary membership by the Area FHA and will be similarly recognized at the state convention.

DRESSING A BABY doesn't just come naturally, as Edwin Morrison and Bobby Bateman are learning in a special class for senior boys. After a course in marriage relations, they are now taking a course on baby care.

HOME NURSING course was presented to 42 homemaking girls by the Red Cross. It included 14 hours of instruction and a field trip to the hospital. Learning how to care for patient Judy Bradley are, from left, Elizabeth Bromman, Merry Kay Pruitt, Patsy Loeerwald and Terry Anderson.

FRIO NEWS

Baptist Church Slates Revival

By MRS. OWEN ANDREWS
Plans are underway for the spring revival to be held at the Frio Baptist Church April 22 through May 1. The Rev. J. V. Porter from Macomb, Okla. is to be the visiting evangelist. He is the pastor of the Romulus Baptist Church, a rural church located near Macomb. Mrs. Edgar Vinson is chairman of a committee planning details of preparation for the revival.

Group prayer services were held on Friday night in the homes of Mr. and Mrs. L. L. Shultz and Mr. and Mrs. Bob Doughman; on Saturday night in the home of the T. L. Sparkmans.

Gwin Morris, student at Eastern New Mexico University in

Portales visited church services at Frio Sunday, as guest singer. He is studying to be a church educational director. Sunday morning the Rev. and Mrs. Baldwin were at the Union Baptist Church near Brownfield attending a homecoming service.

D. C. Miller had charge of a special service at the Frio Church. Miller read a scripture passage and Olin Parris brought the devotional. Special songs were presented by Gwin Morris and Mr. and Mrs. Clinton Ward. Choir singing completed morning worship service.

Morris was also guest at the evening service. His parents, Mr. and Mrs. Bill Morris of Hereford, attended both services. Other guests of the evening services were the Bill Lowrys of Fort Worth and Mrs. Lowry's brother and uncle, the Gandys.

The Lowrys were visiting her relatives in the Frio area. She was Earle Dean Gandy before her marriage. Bill Lowry is a Baptist Minister and she is a nurse.

Visiting the Harlan Barbours during the week end were Mr. and Mrs. James Bullard and Tommy of Lenora. Mrs. Bullard is Mrs. Barber's sister. Jana Cole had Jane Messick

of Hereford as a guest Friday night and Saturday.

Rhonda Stephan spent Friday night and Saturday with Cheryl Cole.

Mr. and Mrs. D. C. Miller and Carl ate Sunday dinner with Mr. and Mrs. Olin Parris and Walker.

Mrs. Earl Harkins is recovering from burns on her legs suffered several days ago. The burns were incurred in a butane explosion in the kitchen of their home. The butane had settled to floor level and the sea of flames caught Mrs. Harkins.

She had just picked up the baby from the floor, probably preventing him from serious injury. Harkins was burned only slightly.

The Harkins live on the south edge of the community, having moved last year to the place formerly occupied by the A. B. Jones.

Several persons were ill last week. Andrea Axe had measles and Carol Robbins had mumps last week. Hal Andrews was ill from small pox vaccination and tonsillitis. Cheryl and Bill Cole and Mrs. Floyd Cole were ill during the week end.

Bradley Burrus of Canyon visited in the home of his daughter, Mrs. Glenn Andrews, on Sunday.

Mr. and Mrs. Kenneth Cox, Lynn and Larry Mr. and Mrs. Charles Self went to Wentonga, Okla. Thursday. Cox's brother-in-law, Bernard Dill, an implement dealer in Wetonga, died suddenly from a heart attack on Tuesday night. Funeral services were held on Friday. The Sells returned home on Saturday. The Coxes stayed until Sunday. They were visiting especially with a sister of Cox's, from Wyoming.

Mr. and Mrs. E. B. Berryman spent Sunday night visiting the home of their daughter, Mrs. Wallace White, in Amarillo. They planned to go to Oklahoma to visit relatives at Hammond and for Buck to see a heart and lung specialist in Oklahoma City, this week.

Mr. and Mrs. B. M. Sudduth spent Sunday afternoon visiting in the James Dobbs home.

Clark Dobbs and Eugene Baldwin were on a trip to Dallas during the week end.

Henry Dobbs is serving on the petit jury in Dimmitt this week. Bill Cole spent Friday night and Saturday with Tom Leslie at his home north of Hereford.

Mrs. Clark Dobbs and children spent Sunday at the Henry Dobbs home.

Mr. and Mrs. George Zetzsche and Ann spent Saturday night and Sunday with the Owen Andrews. Veradelle Andrews of Am-

REP. WALTER ROGERS WRITES:

Congressmen Take Look At Foreign Aid Program

To the people of the 18th District:

The Congress will soon come to grips with an issue that bids to be more controversial than any other time. It is the bill which will be designated for the purpose of carrying out the request of President Eisenhower for new obligatory authority for foreign aid in the amount of \$4,175 million.

This is an increase of \$949 million over the amount provided for Fiscal 1960. The President estimated the expenditures for Fiscal 1960. The President estimated the expenditures for Fiscal Year 1961 to be \$3,450 million, an increase of \$100 million over 1960.

As most of you know, the foreign aid program has traveled under numerous aliases. Most recently, it has been called the Mutual Security Program and the International Cooperation Administration. There are many names very similar to the major title.

However, under any name it is an aid program financed by the taxpayers of this country for the purpose of making grants, gifts, and loans to foreign governments.

The controversial nature of such a program and the continuing criticism directed at years has caused many Members of Congress to take some long looks at what is going on. Hence, it would appear that this year the proponents of the foreign aid program will have a much tougher battle in obtaining the passage of a

bill appropriating expenditures of an additional \$4,175 million of American taxpayers' money for foreign aid purposes. The long look which has been taken by some of the Congressmen has produced some startling facts, which have not yet been fully documented. All of this will be brought out in the debate on the subject matter.

76 nations of the world. He also points out that much pressure is coming from the White House and its prestige, the State Department and its prestige, the Defense Department and its power, and scores of large manufacturers who make big profits from the foreign aid program; also, many colleges and universities and literally hundreds of

other organizations hoping to participate in this \$12 billion plus pork-barrel.

He reassures the Congress, however, that the Subcommittee will continue to resist the unwarranted propaganda and pressure for excessive amounts for foreign aid and will try to provide only funds based upon actual need and not on desire. Congressman Passman and his Subcommittee are entitled to the plaudits of all American taxpayers for their tireless work in trying to protect the American tax money. They are doing a good job.

The Chairman of the Foreign Operations Subcommittee on Appropriations is Congressman Otis E. Passman of Louisiana. He has certainly done an outstanding job in the past in cutting down the requests which come to Congress for these foreign aid appropriations. He has done a magnificent job in trying to dig out much of the fat in these programs and will no doubt produce a lot of good results this year. He has just furnished me with a schedule of mutual security funds, by program and amount, available for expenditure during Fiscal Year 1960.

That is, funds which are presently in the so-called foreign aid pipeline. Unexpended funds on June 30, 1959 amounted to \$4,837,708,750. New funds appropriated for Fiscal 1960 amounted to \$3,225,813,000. New funds from other sources available for Fiscal 1960 amounted to \$48 million. Therefore, the total amount available for Fiscal Year 1960, which ends on June 30, 1960, was \$8,111,521,750.

Notwithstanding that this amount was available, foreign aid advocates have come back to Congress this year for \$4,175 million additional. Mr. Passman has very kindly furnished the Members of Congress with a breakdown of the funds which were available for Fiscal Year 1960 and has pointed out the vast amount of work which must be done by the Subcommittee this year in view of the request for additional funds.

He especially points out that the Subcommittee is being subjected to tremendous pressure and propaganda from many quarters, especially from the 43,000 employees and 10,000 trainees of the Mutual Security Program, who are scattered in

Hutton, LeBelle Top Wrestlers

Dick Hutton and Gene LeBelle won over their opponents in a double main-event at the Lions Club Wrestling Matches in Deaf Smith County Bull Barn here Saturday night.

Hutton won two straight falls from Ray Duran, the first in 18 minutes with abdominal stretch, and the second in 12 minutes with the same hold.

If we made Gladiola Flour for Santa Claus, Ind...
the quality wouldn't be so important...but we make it for you

Gladiola Flour is tailor-made for one special group of homemakers. They live in Texas (or right next door) and they bake the best biscuits, pies and cakes in the U.S.A.

These ladies are flour experts. They know what they want, and nothing else is good enough. So far (for 47 years) we've kept them satisfied. Today and every day, Gladiola Flour is outselling every other brand.

As for Santa Claus, Ind., women, they've never dreamed there's a flour like snow-white Gladiola. And they'll never know, as you know, that Gladiola quality is your best bargain in flour. Surprisingly, it costs the average family only about 1/2¢ a day more than the cheapest flour made.

AUSTIN HIGHLIGHTS

Texas Is Top State In Highway Building

By VERN SANFORD
AUSTIN — Texas leads all other states in the building of new interstate highways since the beginning of the program four years ago.

To date, 562 miles have been completed in Texas, says State Highway Engineer DeWitt C. Greer, and 355 more miles are under construction. Cost so far: \$460,400,000.

Target for the State is to have 3,030 miles in this main, heavy-duty trunk system.

These roads, Greer points out, have built - in safety features and are three times as safe as ordinary highways.

Features that enable these roads to cut the traffic toll by one death a year for each 10 miles of length are:

1. Dividing of traffic to eliminate head-on collisions.

2. Grade separations to cut out intersection accidents.

3. Wide lanes with surfaced shoulders to provide ample room for passing.

4. Controlled access entrances and exits to ease cars on and off the highway.

But the super - roads are only a fraction of the program in the state with more miles of public roads than any other in the country.

In the less elaborate divided highways not in the interstate system, Greer says the state now has 1,029 miles of divided highways, with a goal of at least 2,700 miles by 1975.

Most Texas mileage is in the farm - to - market system, now up to 30,156 miles.

Reorganized Texas Industrial Commission is setting out toward some tall goals with a short stick.

Commission, with a staff of one man plus a secretary, is after a Texas - sized share of new industries for the state. Its appropriation for the year is only \$23,750.

Other agencies of government have assisted, however, with research. Questionnaires (already have been sent to Texas cities to build up a permanent file of data on potential sites.

As Texas prairie gives way to subdivisions, more and more Texans are getting in each other's way.

Problems growing out of the population explosion and rapid urbanization of Texas were the subject of a two - day Austin conference for newspapermen, civic leaders and planners.

Texas newspapers were commended by Steve Matthews, executive director of the Texas Municipal League, for their efforts in keeping the reading public informed on complex and changing city problems.

Conferees pondered how to plan orderly, pleasant communities for the two million additional residents expected to be added to Texas cities in the next ten years. Also, how to correct the all - too - prevalent bane of "acres of hot asphalt and cold stone," congested streets and the "Grotesque suburban sprawl."

Because of a slip of the tongue or typewriter in Potter County, Court of Criminal Appeals dismissed appeals in three cases mistakenly addressed to the Court of Civil Appeals.

A court order from the district court in Amarillo said the defendants had given notice of appeal to the Court of Civil Appeals, Austin.

Since the cases were criminal cases - driving while intoxicated, contributing to the delinquency of a minor - the civil court could not handle them.

And since they were appealed to the civil court, the criminal court could not handle them.

After the longest and probably most patience - straining hearing in State Water Board history, Trinity River Authority and the City of Houston were granted permission to build a \$40,000,000 dam at Livingston.

Also authorized was a \$5,000,000 salt water barrier at nearby Wallisville.

Conclusion of the matter was a near - miracle of compromise and appeasement. Initially Houston alone had sought the permit with stiff opposition from the Trinity people. They got together and agreed on a joint project with a 70 - 30 split on

costs and water use, with Houston taking the larger portion.

But when the hearing came before the Water Board, the San Jacinto River Authority, North Texas Municipal Water District and affected landowners protested.

SJRA dropped its opposition when Houston agreed to use Trinity water for industry only and to step up buying of San Jacinto water for domestic use. Water Board order provided that the rights of upstream users in North Texas should not be cut into by the new dam. That left only the landowners to satisfy - probably in court.

Highly controversial \$100,000-plus home for the Sam Houston State College president will not be built unless the governor and legislative budget board give the green light.

Henry Sears, chairman of the board of regents for teachers' colleges, made this promise to Senate cost of government committee, if budget board opinion follows that of many legislators' recent comments, it will take a dim view of the project.

Senators told Sears they were irked with the teachers' college board for what they regarded as a "complete breach of faith" and an apparent by - passing of legislative intent to keep a check-rein on college building programs.

Texas had a \$100,000,000 slip in tourist spending between 1957 and 1959.

State Highway Department's 1959 Tourist Industry report shows: for 1957, 10,300,000 visitors, \$531,000,000 spent; for 1959, 9,600,000 visitors, \$431,000,000 spent.

Highway Commission Chairman Herbert C. Petry Jr. said competition for tourists is strenuous. He said he hoped the new state advertising program, due to begin soon, would help to expand the crop.

Virgil Dodson
Dodson Explains Service Center

Chairman of Hereford Committee on Migrant Ministry, Virgil Dodson was guest speaker at the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.

Dodson explained features of the Committee's plans to build a social service center for Latin - American residents of Hereford Labor Camp.

The committee was organized last February to carry out plans to invite 18 undergraduate students from colleges and universities from all over the United States and other countries to stay in Hereford this summer for the building of a construction for use by permanent and migrant Latin - American residents.

At their own expense, the students' primary function will be to furnish common labor to build or remodel a construction to be located adjacent to the Labor Camp, for the ultimate goal of year - around social use by Labor Camp residents, Dodson said.

The committee has 18 members, representing five Hereford churches of four denominations and the United Council of Church Women.

Visiting Rotarians at the meeting were Buddy Taylor and Hosea Foster, both of Canyon.

John Romano was the pinch hitter of the year for the Chicago White Sox in 1959. He pinch hit 16 times and got three walks and eight hits for an average of .615.

To VICTORY

...that is the cry of the multitude. Today we join the happy throngs around the earth as we shout together, "Hosanna!" Whatever the morrow may hold of suffering, today we declare to the world... "Christ has come." Because we are in His company, we know that God ultimately will be sovereign over all the world. We are confident that goodness is stronger than evil. We are sure love will triumph over hate. Whatever a Friday of crucifixion may bring of temporary defeat, we know life will triumph over death, and the Christian way will resolve itself supremely in the final destiny. Then Palm Sunday is a day to celebrate and set up our banner of hope. "For right is right as God is and right the day must win." This hope will convert, for us, spiritual defeat into eternal victory.

You In The Church
The Church In You
 — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

 Topic for Sunday, April 10: "Honoring Jesus in the Shadow of the Cross. Text: John 12:1-19
 Topic for Good Friday at 7:45 p. m.: "The Sealed Tomb". Text: Matt. 27:62-66.
 Let's We Forget: Christ's death was an atoning for the sins of the whole world. This is the true light wherein to view His death: it was a sacrifice for sin; and it perfectly satisfied all the demands of law and justice, so that "God may be just and the justifier of all who believe in Jesus". Viewing the death of Christ in this light, His crown of thorns were His brightest diadem and His cross, His most glorious throne.
 A most cordial welcome to you.

 Motor Trend Magazine

Corvair named "CAR OF THE YEAR"
 "Four-wheel independent suspension totally unlike any other U.S.-built car" ... "air-cooled aluminum engine ... not dependent on the properties of a liquid coolant" ... a rear-mounted transaxle "allowing a flatter floor and a lower roofline. . . ." These are some of the praises heaped upon Corvair by the editors of Motor Trend—the world's largest general automotive magazine—in announcing their coveted Car-of-the-Year award. Other cars didn't even come close. The Motor Trend experts, who evaluated every make in the country, were unanimous in their decision, published in the April issue. But, unless you have personally driven a Corvair, you can't appreciate what this engineering achievement really means in combining compact car economy and agility with big for economical transportation car ride, room and sure-footedness. Drop down to your dealer's, take a trial drive and then judge the **corvair** Car of the Year for yourself!

'Deaf' Smith Says

Sam, well-laid plans do go awry sometimes. The Chamber of Commerce Trade Promotion committee was very appreciative of the work done by the Cub Scouts and their leaders, the Hereford Twirling Group, and the parents of the children who did enter.

A parade without a band and without more participants just isn't much of a parade, though. The conclusion of the committee is that an entirely different approach will have to be planned for next year.

The Tourist and Convention committee did some figuring recently and members are convinced that travellers bring one and a half million dollars into Hereford every year. They further figured that the \$1,250 which went into memberships in the Deaf Smith County Highway Development Association will be returned to Hereford five times over during the coming convention of the International Parks Highway Assoc ation

If just 100 people stay for the two nights they will spend \$1,000 for hotel and motel rooms alone. Meals, automobile service and miscellaneous shopping will leave another \$4,000 here. They'll be around to see the business men again this year for another investment in tourist and convention promotion.

The Newcomer Welcoming Service of the Chamber of Commerce had a big spurt in activity during March. Mrs. Don Steele, the hostess, called on 35 new families, many of them with the pipeline construction crew, and many permanent residents. This was more than three times as many as were called on in any one month before.

This service is primarily designed to create good will for the city, a small potted plant, gift certificates from the participating businessmen, a letter of welcome from the Mayor, a list of the city's churches, and other information about the area. Businesses not now participating are invited to inquire about it at the Chamber of Commerce office.

The Action Course in Practical politics is nearing the final session. This Thursday night will be the seventh of the nine planned sessions. Any group who would like to sponsor another of these courses is welcome to the material available through the Chamber of Commerce office.

Participants in the first class have had some very enthusiastic discussions and most would be willing to serve as discussion leaders for any other interested groups.

The Farm Bureau, The Farmers Union, Parent-Teachers Associations and citizens in general who are interested in more effectively working in politics in the party of their choice can benefit from this course.

That's my report for this week, Sam.

Toastmasters Club Invites Members

Men who want to learn the proper use of words are invited to join the Hereford Toastmasters Club, Dr. Milton Adams, president, said today. Adams said millions of men use such phrases as "true facts," "2nd and old adage," not knowing that all facts must be true and all adages are old. He said speakers frequently confuse the words "podium" and "lectern" and many people think they are saluting the flag when they are giving the Pledge of Allegiance. Saluting the flag, he said, requires a hand gesture.

"Good speech," Adams said, "is the mark of an educated man. Toastmasters help each other correct their speaking faults."

Adams said an evaluator is assigned for each five to seven-minute speech. Impromptu speaking and parliamentary procedure, Adams said, are also part of Toastmasters training.

The Hereford Toastmasters Club, a member of Toastmasters International, meets Tuesdays, 7 p. m., at the Hotel Jim Hill.
