County Junior Spelling Bee Winners

Gayle Newell Wins Junior Spelling Bee

Three words that start with "a" gave 12-year-old Gayle Newell the Deaf Smith County junior spelling bee title Tuesday afternoon.

The daughter of Mr. and Mrs. Gaylord Newell, she edged out Linda Boardman for the title.

After Linda missed "allotted", Gayle spelled it correctly then, according to the rules, spelled the next two words right. They were "aeacia" and "accelerator".

Gayle is in the sixth grade at Aikman School where her teacher is Mrs. Cawthon Bryant. Linda, who is 11, represented Shirley School. Her teacher is Jim Stack. She also is in the sixth grade. Her parents are Mr. and Mrs. Herb Boardman.

It took two hours and 45 minutes to determine the champion from among the 12 contestants. The bee was held at Northwest Elementary under the direction of Della Stagner.

Incidentally, Linda's older sister, Linda, also won.

Fines Of \$100 Against Couple For Altercation

Fines of \$100 and court costs were assessed against A. C. Johnson, 40, and his wife, I. E. Johnson, 35, both of 114 Catalpa St., in Justice of the Peace's office this week after both were charged in connection with a Sunday morning altercation at the Yellow Hammer Cafe, in the 100 block of Clements St. in Hereford.

Mrs. Johnson, who was released from Deaf Smith County Hospital Tuesday morning after receiving treatment for a laceration and bruises, pleaded guilty to charge of affray in a public place before Justice of the Peace C. B. Miles at 10:30 a. m. Tuesday.

Johnson was fined after filing a guilty plea to the same charge before Judge Miles Monday. Hereford police patrolmen Bobby Roberts, Don Metcalf and Sgt. Luther Bartlett investigated the reported altercation early Sunday morning.

Later that morning, patrolman Edward Roberson continued investigation and said that Mr. and Mrs. Johnson apparently were the only parties involved in the incident.

The injured woman was admitted to the hospital for treatment of a laceration of her left arm and bruises. She was taken to the hospital at 12:35 a. m. Sunday.

TRYING TO CONVINCE a woman that she is the long-lost heir to the throne of France is not easy, discovers Bobby Renfro, left. A prospective victim of his confidence game is Judy Coffin, who portrays Mlle. Pointevin in "Queens of France," which will be Hereford High School's entry in the University Interscholastic League One-Act Play Contest at West Texas State College Friday. Renfro characterizes a crooked lawyer who attempts getting money from gullible females by convincing them they have royal blood. (Staff Photo)

Manager of Hereford Airport for more than two years, Bob Hill has voluntarily cancelled his management contract with the City of Hereford, it was announced at a special called meeting of City Commissioners Monday.

Hereford Enters Play Contest, Defending Crown

Hereford High School's entry in the District I-AAA One-Act Play Contest, to be held at West Texas State College in Canyon Friday, will be "Queens of France," by Thornton Wilder.

The Interscholastic League competition will be held in the new Fine Arts Building on the campus. Directed by Burney B. McClurkin, drama teacher at Hereford High, cast includes Bobby Renfro as Mlle. Cressaux; Judy Coffin as Mlle. Pointevin; Kay Sims as the Old Woman; Woman; and Jimmy Reinauer as the Boy.

Setting is in New Orleans at the close of the last century, with costumes and set fitting the period. The technical crew includes Joe Sherman, stage manager, and Sharon Hill, in charge of properties.

Plot centers around a crooked lawyer's attempt to swindle money from gullible females by convincing each that she is the long-lost heir to the throne of France.

The confidence game he practices is unfolded by his attitudes toward three different women, each in a different stage of the fraud.

All interested persons are invited to attend the contest, McClurkin said.

Hereford's 1959 one-act play entry won first place in the district contest.

In other business, the Commissioners rejected a proposal for settlement of a claim filed by C. E. Coleman Jr. against the City of Hereford in connection with the location of the city dump grounds near Coleman's property east of Hereford.

The Commissioners also accepted bids for the supplying of aviation gasoline at Hereford Airport and for the purchase of a new truck to be used by the city street department.

Although Hill at present may, if he wishes, reverse his decision and redeem original terms of his contract under provisions of an option still in effect, the City Commissioners are tentatively planning to take over operation of the airport Friday, April 1, in event Hill does not reverse his decision to cancel the contract.

In order to take over management of the airport, the Commission (Continued on Page 2)

Around Town

Firemen were huffing and puffing Wednesday after answering two alarms in rapid succession. A small grass fire was reported between Beach and Centre about 10:30 a. m. At 12:50 p. m. there was another alarm, this one an abandoned car on fire. During the second alarm, Clay Angelo was at the Labor Camp where a storage shed was burning. If this keeps up, we sure won't have any fat firemen.

There will be an open meeting of Alcoholics Anonymous Thursday, March 31, at 8 p. m. The public is urged to attend so they can become better acquainted with alcoholism. Principal speakers will include two men and one woman, all from Lubbock. The meeting will be held in the Flame Room of the Pioneer Natural Gas Company building.

Friday, April 1, is the final day to cast absentee votes on city commission election. Two incumbents are running for re-election to the commission without opposition.

We predict a large turnout of voters for the hot race for three Hereford school posts which will be held Saturday. Polls, one in Hereford and one at Dawn, will be open from 8 a. m. until 7 p. m. Six men are in the contest.

By noon Wednesday, county officials had sold about 3,500 sets of license plates. If they are correct in their estimates, they'll sell about 1,500 more before the deadline Thursday night . . . and the line is getting longer all the time.

District supervisor Clyde Cook emphasized that all information about individuals and their homes furnished to the Census Bureau is held in absolute confidence, under federal law. It is used only to provide summary figures such as totals, averages, and percentages. The information cannot be furnished to any one other than sworn census employees and thus cannot be used for investigation, taxation or regulation.

Gonzalez Fined, Jailed On DWI After Accident

Gonzalo G. Gonzalez, 49, Route 5, Hereford, was fined \$150 and court costs and sentenced to 10 days in Deaf Smith County Jail Saturday after he pleaded guilty to charge of driving while intoxicated, first offense, in County Court.

Gonzalez was driver of a 1959 pickup truck which was involved in a collision with a 1951 model car driven by Delms E. Tarter, 21, of Galesburg, Ill., Friday at 7 p. m. The accident occurred about one mile west of the city on Highway 60.

Highway Patrolman Charles Skinner of Hereford said Gonzalez was charged and placed in Deaf Smith County Jail shortly after the accident was investigated Friday evening.

Tarter's wife, Karen Irene, 17, was released from Deaf Smith County Hospital Friday night after receiving treatment for minor injuries sustained in the crash. Tarter and the couple's daughter, Colleen Karen, 2 1/2 months, escaped injury.

Patrolman Skinner said the Illinois family was en route to Phoenix, Ariz., and was headed west when the accident occurred. Gonzalez's truck was headed east and attempted a left turn onto a dirt road, Skinner said.

No estimate of damages to the vehicles was made by Skinner. County Judge Homer Henslee presided in the court session.

Weak-Hitting Hereford Falls Before Nazareth Swifts, 6-4

Hard-hitting Nazareth Swifts came through in the clutch to break a deadlock and beat the Hereford Whitefaces 6 - 4 here Tuesday.

It was the fifth loss, including three in a row, for the Herd. Gene Gerber, combination shortstop - pitcher, did everything well as he paced the Nazareth hitting attack and took credit for the victory, although he worked on the mound just one and a third innings.

Again Hereford showed a serious lack of hitting power. The Herd got just four hits during the contest. Hereford now has a 3 - 5 record. Next game will be Tuesday, April 5, at Clovis.

Leroy Hoelting, who pitched five and two-thirds innings, was most effective and saved the game for Gene Gerber.

Hoelting worked the first five innings, but was shifted to the outfield in favor of Gerber, who came in from shortstop, as Hereford loaded the bases in the bottom of the seventh, Hoelting was waved back in to put out the fire.

The Swifts, mostly seniors and tiny freshmen, pounded out ten hits and took advantage of Hereford miscues to score in five of the seven times at bat.

Nazareth lost little time in posting its first run. With one out in the first inning, Francis Baukus walked, Joe Venhaus (Continued on Page 2)

singled and Jerome Gerber doubled in Baucus.

In the third inning they scored another run. Gene Gerber singled, stole second, went to third on an error and came in on a wild pitch. Still chipping away, they added one more run in the fourth inning. Sam Burt was safe on an error, Phillip Brockman was safe on an error, Gene Gerber singled and Francis Baucus pushed in Burt with a fielder's choice.

Hereford finally got started in the last of the fifth, scoring three runs to tie up the game. With one out, Edwin Thomas singled and moved to third on two errors, Wesley (Continued on Page 2)

Speaking of the B&PW, their annual Style Show is slated for Tuesday, April 5, in the High School auditorium.

There were 50 people from nine clubs on hand Tuesday night for a workshop on money matters, all that sort of stuff. This group learned about general home finances, managing bank accounts

that amount and thereby cancelling the claim against the city.

City Attorney Earnest Langley said he felt that the city would have an obligation toward Coleman if the dump grounds were operated in such a way as to create a nuisance to property owners around the dumping area. But, he said, he knew of no particular instances in which the dump grounds were actually operated in such a manner.

The Commissioners later rejected the proposal presented by Bybee.

In other action, R. J. Richardson of Hereford, distributor for Texaco Products, was awarded contract to supply aviation gasoline at Hereford Airport.

Two sealed quotations were opened for purchase of a new two-ton truck to be used by the Hereford Street Department. The Commissioners approved purchasing the six-cylinder truck from Orsborn - Norwood Chevrolet Co. of Hereford at \$3,691.10. The truck includes a 15-ton hoist and has a 16-foot bed.

As the nation's 18th census gets started Friday, there will be 160,000 enumerators on the job, going to every dwelling unit in the United States. Mrs. Donald Shipley, who's in charge of the census in Parnier and Deaf Smith Counties, tells us this will cover 3 1/2 million square miles, during which times the counters will travel an estimated 28 million miles, or about 1,000 times around the world.

The Hereford Young Farmers will meet for a regular program on Tuesday, April 5, at 7:30 p. m. in the high school ag. building. Dr. Al Pope, of the Bushland Experiment Station, will talk to the group about fertilizer. All young men, from one year out of school to age 35 who are engaged in farming, are urged to attend.

If you can get it mailed before 5 p. m. Thursday, March 31, send in your guesses for the official census count of Hereford and Deaf Smith County. The Hereford Brand will give \$50 cash for the closest guess in each of the two categories. . . . a total of \$100. Send your guesses, preferably on a post card, with your name and address to Hereford Brand, Box 673, Hereford. The entries have really been pouring in for the past three days.

We were advised this week that Leroy Morrison, 22-year-old youth who has been charged with contributing to the delinquency of minor by county officers, had been working in Lubbock with the knowledge and consent of his parents for a month prior to his arrest. Earlier it had been thought that he had accompanied three teenagers from Hereford to Lubbock where all four were taken into custody March 18.

(Continued from Page 1) Poarch walked and Joe Mac Hale pounded a triple to the right center field fence to drive in two runs. Hale then scored on an error.

But Nazareth went in front 4-3 in the sixth stanza. David Schulte, Philip Brockman and Gene Gerber all singled. Schulte was erased trying to steal home, but Brockman came in when Backus got to first on an error. They added two insurance runs in the seventh. Hoelting and Burt walked and Schulte singled in Hoelting. Herd starter Edwin Thomas was relieved by Drew Kershen. Brockman grounded out, but Burt scored on the play.

In the last of the seventh, Hereford made a bid to come from behind, but fell short. Pinch hitter Eugene Baldwin drew a walk. With one out, Greg Combs walked and Charlie Thomas was safe on an error to load the bases. Ronnie Botkin walked to push in Baldwin and Gene Gerber was relieved by starter Leroy Hoelting. The slender southpaw closed out the game by striking out Jim Collier and getting Charlie Burrus to ground out.

Gene Gerber was the leading hitter for Nazareth, with three singles in five trips. David Schulte hit two singles in four trips.

Jim Collier hit two singles in four trips for Hereford. Each team committed five errors in the loosely-played game.

As Kershen came on to relieve Thomas, it marked the first time a Hereford starter had not gone the entire distance since the second game of the season. Thomas now has a 1-3 record.

Starter Leroy Hoelting allowed all four Hereford hits, struck out seven, gave up three runs and walked just one. Gene Gerber allowed no hits, walked five, and struck out two.

Edwin Thomas gave up 10 hits, six runs, struck out four and walked four. Kershen allowed no hits, runs, walked none and struck out none. Hereford turned in its first double play of the season in the fifth inning: Joe Mac Hale to Greg Combs to Charlie Burrus.

Lots Of Style News For Guys
Early in the spring a young man's fancy may turn to out-of-doors — often even before the thermometer starts its upward climb.
The trend toward warmth without weight in men's leather outerwear can keep these eager-beavers comfortable in the chilly opening of the sport season!

Leather and knit shorts have a lean line and a swagger all their own this year. The somewhat bulky European look in knit shawl collars is modified in trim American versions.
Deeply turned back knit cuffs in harmonizing colors, edge trimmed in suede, add durability to style at points of greatest wear.
Fans at the early ball games will welcome a just-below-the-waist jacket, also of a knit and sued combination.
For the man not content to be merely a spectator, wool knit insets under the arms and the knit leather-edged collar — give him a chance to pitch a few balls with ease.
Bolder touches in masculine outer garments this spring are seen in a sturdy European — inspired all-purpose jacket. The five button, supple suede front blends toward rib knit side panels and sleeves whose strong stitch pattern lends texture interest. Buttoned high, the knit miniature shawl collar chases chills. Warm open, it emphasizes the popular slimmed short-coat look.
Custom stitched details and glowing leather colors add a spring tonic to the early crop of leisure wear coats and jackets. Yokes are outlined in shoe-

SHIP IS SHOWPLACE
BEACH HAVEN, N. J. (AP) — "Lucy Evelyn," say people around here, "is beached as high and dry as a marshmallow in a drained cocoa cup."
She is a 140-foot packet and sailed the seas for many years. Now, the ship serves as a tourist attraction and houses a gift shop.
Built in 1917 for \$64,000, authorities claim it would cost at least \$200,000 to duplicate her.

Large Crowd Attends Political Rally Friday

OFF THE Shelf

By H. A. TUCK

Among the books written about modern warfare, there has been a sad gap about the armored forces, the "tankers". Now, at least one good book has appeared which gives a good insight to the men and operations of a typical tank unit. Only drawback is that the book had to be written by a British officer. Title is *Brazen Charliots*, taken from Milton's *Paradise Lost*. Young Robert Crisp was known before the start of World War II as an outstanding cricket player for South Africa. He went to officer training school and emerged as a tank lieutenant.

After some diversion, he entered the bleak, barren desert of North Africa, roughly southeast of Tobruk. In November and December of 1941, the 3rd Tank Regiment had a series of engagements with the Germans and Italians.

Crisp, who was awarded the Distinguished Service Order and the Military Cross for his daring exploits, quickly changed from an amateur soldier to a rugged professional.

His book is a narrative account of the 29 days he spent in the desert. It is almost unbelievable the amount of action he saw in such a short period. Just before the 3rd T. R. entered the desert, it received a large number of American-made tanks, the old M4A3 model, which the British called "Honeys" for their excellent performance.

But, with pea-shooter 37-millimeter cannons, they were kept at a bad disadvantage by the larger weapons of the German Mark III and IV Panzers they battled.

What the British lacked in firepower, they made up with daring, speed and courage. Crisp has written about fighting tanks as they were designed to do... taking advantage of ter-

Supper held at Walcott School Friday evening has been termed as a success. A large crowd attended the festivities. Twelve candidates were present with their families or visitors.

Among the candidates present were Wallace Shelton, William Hunter, Burnie Northcutt, J. T. Guinn, A. H. Dudley, D. H. Alexander, a Mrs. Miller, Lowell Sharp, A. N. Hopson, Bill Shelby of Hart and Jesse M. Osborn.

Haney Tate of Ranchvaie sold the pies. S. N. Thweatt won the cake for being the "ugliest man" and Katherine Burrus, daughter of Mr. and Mrs. Glenn Burrus, won the cake for the prettiest girl. The cakes were baked by Mrs. Ruth Coleman and Mrs. Bob Wyle.

Mr. and Mrs. Virgil Merrill of Hereford were Sunday guests of their son and family, Mr. and Mrs. Joe Merrill. Other visitors in the Joe Merrill home Sunday were Mr. and Mrs. Floyd Brown and sons, Earl and Roger, Mrs. N. A. Brown and grandchildren, Barbara, David and Dennie, Mr. and Mrs. Bill White and child-

rain, firepower and mobility to strike quickly and heavily and then fade away before the enemy could get organized for pitched battle.

But such action is not without cost. Crisp himself crawled out of six shot-up tanks in less than a month.

As part of a brigade, the 3rd T. R. took part in an extraordinary battle, Operation Crusader, with the mission of breaking the Axis hold on the Egyptian border and besieged Tobruk.

Official records show the brigade was in action continuously for 14 days without rest or maintenance, and with an average of two battles per day. The brigade center line covered 1,700 miles and many unit tank clanked more than 3,000. The enemy knocked out 172 Honeys, the average sleep for tank commanders was 96 minutes per day, and the brigade reduced Rommel's 400 tanks to a mere 58.

With concise writing that resembles his name, Crisp tells of one encounter after another. But he doesn't ignore the little incidents, such as the time he reached up and pulled a pigeon off his shoulder. Thinking of the German message he must have intercepted, he was surprised to unroll the flimsy paper and read, "Bugger you, leave me alone." He also writes of finding another officer's brown silk pajamas and the results thereof.

Another new book at the Deaf Smith County library also deals with war. But this one is about the Revolutionary War in the 1770s. *Enough Good Men* by Charles Mercer is in the tradition of long historical novels, and, as such, it falls into the pattern.

There are heroic figures, romantic girls, and all the rest. It hasn't all the historic details of other such novels nor all the lusty romance of many others, but it still qualifies as good reading.

A Mr. Fenter and daughters Joyce, Wanda and Debbie of Portales and Mr. and Mrs. Charles Russel of Friona visited in the Bertram Jack home Sunday.

Lewis and Ralph Smith spent last week in Tulsa, Okla., visiting an aunt and uncle, Mr. and Mrs. S. O. Deeds. Mrs. Deed is

a sister of Mrs. J. L. Smith, mother of Lewis and Ralph. Dale Smith, son of Mr. and Mrs. Lewis Smith, spent the week end at home. He is attending college in Plainview.

James Coleman, son of Mrs. Ruth Coleman, visited his mother and other relatives last Saturday. He flew down in his plane.

Week end guests in the S. N. Thweatt home were Mr. and Mrs. James Lewis of Carlsbad, N. M., sister of Mrs. Thweatt, also Mike Hagan of Levelland, a nephew of Mrs. Thweatt.

Mr. and Mrs. L. L. Davis of Pampa visited recently in the home of Mr. and Mrs. N. A. Brown.

Virgil Watson of the Frank Ford ranch is getting married

to an Amarillo girl Sunday, April 3. They plan to live in the Pat Webb house north of Bootleg.

Frank Ford made a trip to Austin over the week end to be with Susan, his daughter, who attends the University of Texas.

Spain Thweatt was released from the Deaf Smith County Hospital Saturday and is home recovering as expected.

Mrs. Alta Wyle and Mrs. Harris Evans of Friona were guests of Mrs. E. M. Jack Friday.

Mrs. Elmer Northcutt was in Clovis on business Friday.

Mr. and Mrs. S. N. Thweatt were in Amarillo Friday on business.

Mrs. Roy Pruitt entered the Deaf Smith County Hospital Thursday morning. Mr. and Mrs.

S. N. Thweatt visited with Mrs. Pruitt Friday and again Saturday. Mrs. Pruitt was reported as showing improvements on Saturday.

Mr. and Mrs. H. D. Buse made a business trip to Hereford Friday. The Buses received word that their daughter, Mrs. Wayne Lady, underwent surgery Monday in the hospital in Amarillo. Mrs. Lady is reported to be improving.

Jim Bailey, brother of Cincinnati's catcher Ed Bailey, was called up from Nashville after he won 10 of his last 12 decisions. He is a 6-foot-2 south-paw pitcher.

HOMEMADE CANNON

WAUKESHA, Wis. (AP) — Arthur Williams and William Schuster, whose hobby is building and reconditioning historical firearms, have constructed a Civil War type cannon from scratch.

With no blueprints available, Williams, with caliper in hand, measured the cannon in a park here. The casting, shaping and drilling of the brass weapon were done at a foundry.

LEADS PERU ANGLERS

CABO BLANCO, Peru (AP) — The third annual North American Big 4 fishing matches to be held off here, April 6-24 will have Barney Book of Whitefish Bay, Wis., leading the Central States team. Three other teams in the competition will represent the Pacific Coast, Gulf Coast and Atlantic Coast.

The cannon shoots accurately at 100 yards.

The wheels of progress keep grinding away so steadily that few of us realize our community is making headway: I was looking over The Sundah Brand, for instance, and noted in this one issue that a building site has been obtained for the Labor Camp social center, and the same issue recorded letting of a contract on Hereford's new Country Club. Add to this a few little items like our first annual band clinic, election of Little League officials for the coming year — and you have a lot of

progress on record.

A growing community is a lot like a growing child. We see them so often as parents that we do not realize they have advanced much until, a long comes grandma, and she simply cannot get over the way "Little Junior" has grown in the past year.

Another thing about youngsters, they are seldom appreciative. This week, however, The Brand has a special message from some 18 girls in Junior High, who are attending a spec-

ial study course conducted from 4 to 5 p. m. each day by Mrs. Fred Mercer, English instructor in one of the ninth grade classes. The class is voluntary on the part of students who attend — and it is voluntary on the part of Mrs. Mercer, who appreciates her subject and her students to the point that she is willing to devote her own time, after a hard day of work, in helping the students delve a little bit deeper into the study of English literature. There are probably other teachers who are doing the same thing, but these 18 volunteer students are so interested and so impressed with the efforts of Mrs. Mercer that they want to recognize her efforts.

Needless to say, gratitude of this sort is the stimulating factor which keeps most of our better teachers in the business. I know that Mrs. Mercer is proud of her 18 volunteers and the esteem with which they hold her. I have never met Mrs. Mercer, but I already know that she is a wonderful person and a teacher with an enviable record.

This spontaneous gesture especially gave me a lift, because I visited the "Science Fair" in Amarillo last Saturday, and was somewhat disappointed at the small indication of interest from the Hereford area. I did spot four Hereford displays — two high school and two junior high — but they were small in comparison with Dumas, Pampa, Perryton and many other communities of equal size. Vega may be a little big overboard on science, but they certainly had some wonderful exhibits; the same was true of Dimmitt, Clarendon, Canyon and many other smaller communities. I decided we are doing better on the football field than in the field of science, and that's not setting the woods on fire.

In addition to recognition of achievement and judging for awards, the science show was designed to point out to parents:

"How far a youngster can go if he is pointed in the right direction, and given a pat on the back."

I hope a lot more parents visited the exhibits. They included everything from space travel to cracking atoms, proper use of dentifrice and growth of plant life. Furthermore, I figure that a little more interest on the part of local parents will spur some of our youngsters to work on entries for next year. At least a few of our boys and girls are just as bright as those of other towns. All we need is a little of that directional pointing and a few more pats on the back.

At least two citizens, both from other parts of town, have commented about the lack of paving at Northwest Elementary School on Moreman Avenue. They were inclined to blame the situation on the school board. "The board knew, when they moved the school to this location, that such a situation was bound to arise," declared one critic. "Why blame

the county and the city for a situation which the school board created?"

Personally, I wasn't trying to blame anyone. Like I said, no one agency seems to have complete responsibility in the current situation. What I thought was maybe all three agencies might cut a little red tape and cure a difficult situation. After all, a block or so of temporary surface from Texas Avenue to the school site would solve the problem until a more permanent answer appears — and that's about as long as most of our new paving seems to last anyway. At this stage of the game a sensible solution seems a lot more important than placing the blame, especially on officials who are doing their best and who are receiving token salaries — or no salary at all.

Back when Jesse Stanford and Dave Alexander were on the school board things would get rough once in a while, and Dave would always back off and say: "Gentlemen, I think it's time that we did something about our own salaries. Let's double them."

The idea being, of course, that two times "O" was still "O", and the voters would like a double in salary much more than even a \$1 raise.

Right now is the time we need to be harvesting spuds instead of planting them. Maine (1959) potatoes are bringing from \$4 a bag up, about double the December price in New York markets. California and Florida are expected to be down around 20 to 25 per cent in acreage, due to weather conditions. This area, too, will be down on early plantings. Some growers estimate a drop of 25 to 30 per cent on area acreage, which they believe will help provide a good situation for 1960 growers, especially those who planted earlier. Current and later plantings, they figure to perhaps run into some stiffer competition.

Someone has figured out that the 35 cents he saved 30 years ago by foregoing a haircut will now buy only one-fourth of a haircut. To make things worse, a lot of us now only have only have one-fourth as much hair.

'Deaf' Smith Says

Sam, here is a special salute to seven new members of my Chamber of Commerce. They are: Hollingsworth Motor Company, R. A. Smith, Nell Spradley, B. E. Kendall, Mrs. Mercedith Ireland, Don L. Allred and W. M. Stewart. All but the first of these are members of the Hereford Riders Club and their dues will go into a special account. The first one, Hollingsworth Motors, was secured by membership chairman, Gene Moore.

This Saturday is the big Kiddies Easter Parade and today is the last day for registrations. Entries so far include Cynthia Lee Stone, Dusty and Cindy Hobbs, The Hereford Twirling Group, Resa Revel, and D'Ann Revel and Cub Scout Pack 51. Seems strange that with all that prize money available that there isn't going to be more competition.

The parade will start promptly at 2 p. m., forming on Sixth Street east of Main and proceeding down Main south to Second and then East on Second where the units will break up.

Legislation continues to be of top-most importance. With the interest that my people there in Deaf Smith County have shown in writing their Congressmen on the beet sugar question, some of the things that might affect their business just as much as have been overlooked. Guess it's human nature to look to the economic future of the area and let some of the issues which aren't quite so tangible go by. Like the Forand Bill, H. R. 4700. Sympathy is easily aroused for elderly people in financial distress is natural; but is government taxing of everyone the answer to caring for the very small percentage of such people who are totally unable to care for themselves? We used to think that this was a local problem that folks at home could take care of best. The Forand bill is another step towards Socialism, another step towards letting BIG Uncle Sam take care of all of our responsibilities.

In this election year Congress is trying to throw the labor racketeers a bone to make up for cleaning up some of the labor rackets last year, H.R. 9070 and S.R. 2463 will authorize secondary boycotts in the construction industry. Secondary Boycotts permit a union to pick-

et a retail store having no labor troubles of its own but perhaps selling only one product made by a company having a dispute with the union. That seems a strange thing to permit, by law, to happen in our democracy.

A lot of folks got a post card this week from an out-of-state photograph studio advising them that their telephone number had been selected for this month's portrait award. The National Better Business Bureau has continually warned the public not to be taken in by simulated contests which are essentially sales promotion efforts. This company may be very reputable and do excellent work but no one gets anything for nothing. Your Chamber of Commerce asks only that you check with our local photographers, men who are here all of the time and whose work must stand up to public judgment, men who can give you service if retakes must be made to satisfy you, and men who pay taxes to our city, our schools and county.

Sam, that's my scouting report on the activities of my county Chamber of Commerce for this week.

SLIP IN TYPE
FORT LAUDERDALE, Fla. (AP)—Newspapers, just like humans, sometimes make mistakes, and occasionally with amusing results. The Florida Women's Press Club listed these as some of the more humorous bloopers: "Mrs. Collins (wife of Gov. LeRoy Collins) chose for the occasion a white faille sheath with brief sleeves and square neckline. Bordering the neckline and repeated the full length of the dress was a wide band of biscuits and watermelon pickles." "The bride's gown featured a floor-length neckline."

A high school principal stated firmly: "In our school, we gear our curriculum to the asses, and we'll continue to do so until the people provide otherwise." "John Jones just returned from a visit of a few days with his mother-in-law. Mr. Jones is now undergoing treatment in the Winter Haven hospital."

CARD OF THANKS
I wish to express my appreciation to the doctors, nurses and all the hospital staff who were so nice to me during my stay in the hospital. I also wish to thank each and everyone who was so nice and for sending cards, gifts and flowers and most of all for the prayers. May God bless each of you.

The best home bakers in America live in Gladiola Land (it's just a mite bigger than Texas). To make flour that's good enough for these ladies, you really have to keep your nose to the grindstone.

We don't mind, though. Every day, year after year, snow-white Gladiola Flour outsells every other brand. For biscuits, pies and cakes with a nationwide reputation, no other flour will do.

As for Sweet, Ida., ladies—they'll never know what you know about flour quality. This, for instance: Gladiola Flour costs your family only about 1/2¢ a day more than the cheapest flour made.

Whitefaces Lack Batters; Drop Pair To Plainview And Borger

A serious lack of hitting was the primary factor in Hereford's two losses Saturday. Plainview won the morning game 9-1 and Borger took the afternoon game 5-1. Hereford got just five hits in the two contests at Whiteface field.

Don Jones twirled a neat one-hitter for the Plainview squad, which took its second straight game from the Herd.

Plainview lost little time in showing its potential, scoring three runs in the first inning. Andy Taylor and Leslie Graves walked, Eddie Clark was safe on an error, Novice Nicholson was safe on a fielder's choice and Austin Winter doubled in two runs. Tex Crowell also singled.

Hereford got its only run in the fifth as Clark singled, stole two bases and came in on Winter's single. Their final run came in the seventh as George Ragle singled and was doubled in by Jones.

Jones struck out nine, walked five and stranded five. Loser Jimmy Collier went all the way in absorbing his second loss of the year. He struck out nine, walked seven, hit one batter and stranded nine.

In the second game, the Borger Bulldogs were just as vicious.

Hereford started out with a run in the second. Charlie Thomas walked, went to third on a wild pitch and scored on Edwin Thomas's sacrifice.

In the third inning, Borger added up four hits for a pair

of runs. Ray Atkins, Billy Rioridan, Tom Lindsey and Bob Murry put together successive singles.

They got two more runs in the fourth. Vernon Welch opened with a double, and singled in by Warren Bell, who went to second on an error. Atkins, and Rioridan got on by fielder's choices to score Bell from second.

Borger added another run in the sixth inning. Atkins singled, went to second on a wild pitch, Rioridan got on by error and Lindsey singled in Atkins.

Rioridan was the winning pitcher, as Borger won its fifth decision without a loss. He struck out eight, walked four and gave up four hits.

Donnie Marcontell took the loss, his first against two wires. He struck out four, walked one

and gave up ten hits. Hereford committed four errors in the first game and two in the second.

Funk Wins Over Strangler Stan

Following a match in which Rieky Romero and Dick Hutton were disqualified, Dory Funk won over Strangler Stan at Lions Club Wrestling Matches in the Deaf Smith County Bull Barn Saturday night.

Hutton won the first fall from Romero in 14 minutes with an abdominal stretch, and Romero came back to take the second fall in nine minutes with a series of drop kicks and body presses. Both were disqualified for fighting outside the ring during the third fall.

Strangler Stan was disqualified for slugging in the first fall of the second match of the evening. Funk then won the second fall from Stan in eight minutes, with his famous spinning toe hold.

Funk will return next Saturday night, April 2, to go against Gene LeBell. LeBell wrestled Pat O'Conner last Thursday night for the heavyweight title of the world.

Dick Hutton, the former heavyweight champion, will go against Ray Duran Saturday night. This match is a result of a protest made by Hutton last Saturday night.

Tree Windbreak Deadline Friday

Trees for windbreak planting purposes are now available through the local Tierra Blanca Soil Conservation District office 236 W. Third in the Fullwood Building, according to Luther Lesly chairman of the S.C.D. Board of Supervisors.

Deadline for filing requests is April 1, he said. Forms also may be secured from the county agent, home demonstration agent vocational agriculture teachers and soil conservation service technicians.

Applications for less than 50 or more than 400 trees will not be accepted he said.

Lesly said both Arizona Cypress and Red Cedar may be obtained at a reduced cost this year. Those special prices are made only to those persons who plan to use the trees for farmstead or feedlot windbreaks.

Zimmerman Makes Official Visit Here

District Governor Don Zimmerman made his official visit to Hereford Lions Club Wednesday noon in the ballroom of the Jim Hill Hotel.

Zimmerman, a member of the local Lions Club, explained that last year there were only 59 clubs in the district, and that now 65 clubs are active.

"Lionism is doing more for many foreign countries than all ambassadors sent there by our government," he pointed out. He urged members to attend the International Lions Club Convention to view Lionism firsthand.

"Projects and work are important to any club," he said. "Clubs with work for members are growing."

Zimmerman was presented a token gift on behalf of members by Larry Ballard, local Lion president.

REP. WALTER ROGERS WRITES: Bill Is Generating Interest Within Oil, Gas Industry

A recent letter from a member of Congress to President Eisenhower and the President's reply have caused much discussion in the oil and gas industry.

The letter from the Congressman, in effect, asked the President what he intended to do about recommending legislation to free the gas producers in this country from utility-type regulation.

The President answered that he strongly favored the elimination of public utility-type regulation of producers of natural gas. This all sounded very good and built up some high hopes among the oil and gas people.

However, the President went on further to say that if those in control of Congress gave some indication that they would join in his effort, he would support the legislation. This meant, in effect, that he did not intend to send to the leaders of Congress a recommendation as to the type of gas legislation he would sign.

The usual procedure has been for the President to send Congress a draft of a bill that he

would like to have enacted into law. The Congress in turn considers the legislation.

Such a recommendation by the President has tremendous weight on all members of Congress, especially those of the same political party as the President. It is the consensus of many here that the only way a gas bill can be passed this session would be for the President to send up to Congress the type of bill that he would approve and recommend its passage.

We passed an excellent gas bill in 1956 which the President had said met with his approval. It did everything the President had said he was for and wanted. Many of the Members of Congress were following the lead of the President in voting for that gas bill. But, even with that help, the bill passed by a narrow margin of less than 10 votes in the House of Representatives.

Without the help of the President at that time, it is very doubtful the bill would have passed. The reason is that many of the Members in the Congress

do not come from oil and gas districts and do not fully understand the problem involved.

Their districts are made up primarily of consumers of gas and, consequently, their vote for a gas bill can cause them much criticism, because their constituents have been misled as to the purpose of such a bill. The gas bill which passed in 1956 required a tremendous amount of work on the part of those of us members who are familiar with the problem, and we felt sure that we had answered one bureaucratic problem.

However, the President, to our utter dismay, vetoed the bill. By so doing, he completely pulled the rug out from under those members of his own party who had followed his suggestions and recommendations. When he vetoed the bill he stated that it was a good bill, but that he was vetoing it because of some reported irregularities in outside activities while the bill was being considered by the Congress.

In other words, he permitted an act of alleged corruption (Continued on Page 2)

H. D. CHATTER Extension Clubs Here Start Work Programs

By ARGEN DRAPER

Every organization connected with the Extension Service is working now.

The Home Demonstration Council is making plans for the appreciation dinner and style show, which will be held April 25. Also, club entertainment and home management programs will be given in April.

The clubs entertaining each other is a method of getting acquainted or knowing your club members better. The Expansion - Education Committee has a good plan for visiting neighbors in September. On September 16, which is National Citizenship Day, the club members will visit persons in the neighborhood.

The sub-committee on clothing has some new members and some new ideas for better clothing care.

The Family Economics Sub-Committee has met six times the last six weeks and made plans for the money management workshop which was held Tuesday night. The committee was pleased with the attendance and the response which the leaders showed. The clubs that are interested in this program we think, will be given some good information.

April 7 is the day for the district meeting to be held in Claude. The delegates are: Mrs. Earl DeHart, Mrs. Muri Little and Mrs. Clinton Ward. Mrs. T. J. Parsons will preside at the meeting, and she will be going back home, as Claude is her home town. We should have good attendance from Deaf Smith County at the meeting.

The Home Management group will meet in regular session April 8. The entire session will be devoted to record keeping. Everyone is looking for interests which will bring big dividends. James Murphy, Agent Farm Management, will be giving this training. He says "Complete

farm records are about the best investment a farmer can make. Records should not be complicated. A simple record, if it is complete, will save you money and time. There are many other uses for records and among them is that good records can give help in obtaining credit and setting up a loan program. A banker is usually a little more lenient with his money, if the borrower has kept a satisfactory record of his past operations."

The recipes of the week are chicken recipes. These recipes will make good dishes for (Continued on Page 2)

Summer Golfing Meets Slated

Hereford golf professional Bud Posey Monday announced a spring and summer schedule of events to be held at the John Pitman Municipal Golf Course.

Season's activities, he said, will commence with a pro-member Pro - Am Tourney on April 18. Twenty professionals have been invited to play with Hereford golfers.

Posey said that effective April 1, player limits on Saturday afternoons and all day Sundays and holidays will be "no more than a foursome at a time." On week days, he said, no more than a sixsome will be permitted.

Posey said Monday that 52 players from Hereford had signed up for Pro - Am play, and that 10 pros had notified him that they intended to enter.

Other activities will include a West Texas Chapter, PGA, Pro-Am on May 11 and a "Golf begins At Forty" Tournament (match play) May 13, 14 and 15.

On May 28, 29 and 30, the John Pitman Memorial Golf Tournament will be held with 54 holes of medal play. National Golf Day will be observed here on June 11.

The 1960 annual Hereford City Tournament will be held in match play July 2, 3 and 4. Scotch Foursome matches are scheduled for July 24.

A Dinner Tournament will be played on Aug. 14, and Hereford Municipal Championship Tournament (36 holes of medal play) will be held Sept. 4 and 5.

The Ninth Annual Hereford Invitational Tournament is scheduled Sept. 16, 17 and 18, and another West Texas Chapter Pro - Am will be played on Oct. 10.

The April 18 Pro - Am will be played on team low ball with Hereford amateurs receiving one - half their full handicaps. Each foursome will be composed of one invited pro and three Hereford course players.

Team prize money will be \$500 split into five places, Posey said.

Golf Lesson Series Open To Applicants

Application deadline for a series of seven group golf lessons at the local links has been set for April 4, according to Hereford golf pro Bud Posey.

First lesson is scheduled for April 5, he said. Lessons will be held on Tuesdays and Thursdays from 6 to 7 p. m.

All persons interested in the lessons should contact Posey at EM4-2782 (daytime) or EM4-2850 (at night) or contact him at the John Pitman Golf Course Pro Shop for arrangements.

Tentative Tuesday classes will be held on April 5, 12, 19 and 26; and on May 3, 10 and 17. Thursday classes will be held on April 7, 14, 21 and 28; and on May 5, 12 and 19.

The first lesson will be held at the Pro Shop, he said.

The lesson series will cover the following stages: grip, stance, back swing, down swing, wood shots, iron shots, approach and putting and rules and etiquette of golf.

Participates In Coast Exercise

FORMOSA - Marine Cpl. Dale B. Taylor, son of Mr. and Mrs. Harry Taylor of Hereford took part in a huge amphibious landing exercise March 22 on Formosa's southern coast with units of the China - based Third Marine Division.

The exercise, termed "Operation Blue Star," called for the Third Marine Division to assemble in the area on March 20 along with units of the Hawaii-Brigade and U. S. Republic of China Navy, marine and air force elements.

Purpose of the operation, which comprised over 18,000 Marines and 70 Navy ships, was to promote closer working relations between U. S. and Republic of China Forces in practicing the convention and vertical assault type amphibious landings.

MERRY MAIDENS 4-H Club presented an original humorous style show at the noon meeting of Hereford Optimist Club recently. by some individual in the Nation's Capital to influence him into vetoing a bill which he had recommended and thereby punished every honest gas producer in this country, including a good number of small independent operators who have helped to build the economy of the Panhandle of Texas and our general area.

Because the rug was pulled out from under them as outlined above, many Members here feel that those Members who found themselves landing on their head after following the President's recommendations will be somewhat suspicious unless the President sends the bill to the Congress setting forth his views on the subject and indicating that he does not intend to veto it.

I write this information because I want the people to know the truth and actual facts concerning these transactions, but I have written it as concisely as I could in order to keep within the confines of the space available.

A gas bill can pass the Congress this year if the President of the United States will send the bill to the Congress and request that it be enacted.

The state of South Carolina has sent some illustrious sons to the National Congress, and they have written splendid records. But there is one in particular who has an especial tie to the 18th Congressional District of Texas.

One of the counties in the Panhandle bears the name of the great uncle of this fine Representative. I have hopes of being able to bring him home with me sometime so that he can have a look at this country and have further reason to be proud of his great uncle.

The representative of whom I speak is Robert W. Hemphill of Chester, South Carolina. His great uncle was a justice of the Supreme Court of the Republic of Texas and the First Chief Justice of the Supreme Court of the State of Texas, and subsequently served as U. S. Senator from Texas. The county bearing his name is, of course, Hemphill County, the County Seat of which is Canadian.

Jacobs Cast In College Play

Durward Jacobs, son of Mr. and Mrs. Raymond Jacobs, 212 Kibbe Street, has been selected to play the role of Creon in Sophocles' Greek tragedy, "Antigone," which is the spring speech production at Lubbock Christian College.

The play will be presented May 4 - 7 in the LCC auditorium.

"Antigone," written by Sophocles in 441 B.C., is a play of conflict and contest; the superior beauty of the drama is due primarily to the development of the character of Antigone who is a noble young woman torn between obeying the law or following her conscience.

Director of the play is Carroll Hickey. In charge of the set and make-up is Mrs. June Bearden, with Mrs. Barbara Hickey in charge of costumes.

Wreck Injures Hereford Man

A Hereford man, Herbert Lee Walton, 68, was treated and released from Northwest Texas Hospital in Amarillo Monday following a two-truck accident during a dust storm on U. S. Highway 66, about a mile west of Adrian.

Walton was treated for facial lacerations after being rushed to the hospital by Vega ambulance. The accident occurred at about 4:15 p.m. Monday.

Texas Highway Patrolman Charles Crawford of Vega said the 1953 model pickup truck, driven east on Highway 66 by Walton, struck the rear of a semi-trailer truck also driven east by Paul Muhe, 29, of Fair Lawn, N. J.

Crawford said apparently the truck had stopped or had almost-stopped due to zero visibility in a dust storm.

"I Shall Keep This Lent"

"Lent" means spring. It is an old Latin word which means a fasting period next before Easter... a time for the conditioning of our soil and for our souls to become penitent. It means the spading up time, the season for planting seeds and blooming trees.

In the realm of the spirit it is a call to get ready for beauty and goodness.

Who of us is satisfied with what he has

been or is? Then let us clear away the rubbish

...turn under the old stalks of last year's

crop. May we learn from our Lord, to give

ourselves during Lent to good meditation.

For the miracle of Lent is repentance leading to

newness of life. Saint Mark said, "I shall keep this

Lent, and hope to refresh my soul."

You In The Church
The Church in You — form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

 Let Us Forget: What do we owe to the adorable Savior, for that, in the hour of His extremity, He did not recede? He saved not Himself that He might save us. He gave up His own life that He might ransom us; He drank, even to the very dregs, the cup of bitterness, that He might take it out of our hands forevermore. Let us believe on Him.

Major Decisions Being Made Now

By VERN SANFORD
AUSTIN. — It's nine months until the 57th Legislature comes to Austin to pass laws, appropriate money and, probably, enact new taxes. But the major decisions are being made now. Whether it's the warmer weather or the dwindling time

centered on one issue — meeting the state's in — the — red financial predicament. In most areas legislators are being forced, if their announcement platforms aren't clear, to say pretty specifically what sort of new tax they would favor.

On the statewide level, it's the same Jack Cox, with the backing of former Gov. Allan Shivers, has come out for a 2 per cent sales tax for education. Gov. Price Daniel has consistently maintained that the state's financial problems are not so great they cannot be solved by other means.

Jake Pickle is leaving his post as director of organization for the State Democratic Executive committee and will work in Governor Daniel's campaign. Jake Jacobson, former Daniel aide, will head the Daniel headquarters.

Reflecting the age-old Texas philosophy that everything depends on rain, most Texas ranchers are wearing a smile this spring.

Members of the Texas and Southwestern Cattle Raisers Association meeting in Austin said wet weather had put a "season" in the ground. Prolonged cold meant a lot of expensive feeding, but in general, the cattlemen look to this year as one of the best ever.

Amid the optimism, U.S. Sec'y of Agriculture Ezra Benson warned against too rapid expansion of herds. It will almost certainly result in a sharp drop

WITH HIS TOE ON THE PLATE, Berger scored Borger's second run of the fourth inning as the Bulldogs pulled away to a 5-1 win here Saturday. (Staff Photo)

in prices, said Benson. Benson noted that in the past two years, cattle in the U.S. had increased by almost 100,000 head a year, double the rate which the consumer market can easily absorb.

He estimated there were a record-breaking 101,000,000 head of cattle in the country at the start of the year. This is "not yet excessive," said Benson, but he urged that future increases be "moderate."

Governor Daniel warned the cattlemen to watch the import situation. Governor's Exhibit A was the Texas oil industry which has suffered crippling setbacks from the competition of lower-priced imports.

Secretary Benson opposed raising import duties. He suggested that losses would offset gains in that a \$1,000,000,000 export lag in hides and tallow would be choked off.

Dolph Brisene of Uvalde, former legislator, was elected president of the Cattle Raisers Association.

Cattlemen voted to seek governmental action in these areas:

1. State and federal agency help to enable railroads to operate more efficiently and economically.
2. Legislative enactment of a

stranger trespass law to protect landowners.

3. Full authority for the Texas Annual Health Commission to direct the far-reaching eradication program begun under a law passed by the Legislature in 1959.

4. Confirmation by the U.S. Sec'y of Agriculture of the Association's right to carry out its brand registration and inspection program.

5. Launching by the USDA as quickly as possible, and a screwworm eradication program in the Southwest similar to the dramatically successful Florida program.

Next legislature probably will be asked to appropriate about 23 per cent more for support of Texas' state colleges and universities.

Ralph Green, director of the Commission on Higher Education, said an estimated \$31,400,000 more than present allocations would be needed for the 1961-62 biennium.

This is some \$15,000,000 a year more than the \$85,000,000 being spent this year. Green told a Legislative Economy Committee the extra funds would be needed to meet increased enrollments and improve faculty salaries.

Green reminded the lawmakers that part of increased cost results from the legislature's having made a junior college into a senior college — against the Commission's recommendation.

Texas Youth Council has announced it will try again to get a paid parole supervision system for juveniles released from state training schools. Legislature failed to enact this last session.

Council also outlined need for establishing a home for dependent and neglected Negro children and expanding other state school for young people.

Other two members of the Council refused to add their support to a wide-scale delinquency prevention program proposed by Chairman W. C. Windsor Jr. of Dallas. It included such recommendations as making 12 years of schooling compulsory, keeping schools open to 5 p. m. for students with special needs, working with the Texas Employment Commission to provide more job opportunities for youngsters, more emphasis on child and family guidance centers, etc.

Louis Henna of Round Rock and Robert Kneebone of Houston said Windsor's program invaded the fields of other state agencies.

Brad Smith, director of the Texas Traffic Safety Commission, has proposed a four-plank platform for cutting Texas' traffic toll. Planks are:

1. Provide driver education for every public high school that wants it.
2. Revise the 20-year-old drivers license requirements.
3. Set up a statewide chemical test for suspected drunken drivers.
4. Set up a system of traffic courts.

Anyone wishing to donate clothing may leave it at 420 N. Shelby in Hereford.

has announced plans to spend \$5,216,500 in strengthening or rebuilding more than 100 bridges.

They are bridges regarded as not strong enough to take the increased 72,000 lb. load limit authorized by the last Legislature. At present these bridges are "zoned" to prevent use by trucks loaded to the limit.
