City Voters Decide Tuesday On \$180,000 Street Issue

Snowfall Boosts County Crops

The first economically important moisture for Deaf Smith County this year came Friday in an unusually wet snowfall which provided a much-needed boost for crops in this area.

It was a week of contrasts for area residents, who were able to don short-sleeved shirts earlier in the week but were forced to take their winter wear out of mothballs with the return of cold weather Friday.

A vegetable producer Saturday morning estimated that from 10 to 15 per cent of the two vegetable crops have already been planted. Harvesting will begin about the first of July.

Thursday was an especially hot day in Hereford, with temperatures reaching a high of 81 degrees. For a contrast, however, temperatures reached a low of 38 degrees and a small amount of sleet began falling about 5:30 p.m.

Resident voters will cast their ballots Tuesday, March 21, on a proposed \$180,000 street improvement bond issue for the City of Hereford.

Only voting place will be in City Hall, with the poll open from 8 a.m. until 7 p.m. Resident property owners who paid their poll tax are qualified to vote on the issue.

Included in the proposal are 11 different jobs, totaling about \$171,969, according to engineers' estimates. Additional expenses of the election, bond printing and sale, publication costs, bid advertising and attorney's fees are not included in the above amount.

The election will be held exactly one month after a similar issue was defeated by a 2-1 vote. Major difference in Tuesday's proposal is that it does not include widening of Third Street.

Mayor Woody Wilson, the four City Commissioners and the City Manager have spoken at five major meetings since calling the issue. They have tried, during these meetings, to explain why they feel the issue is needed at this time.

Talks have been before the Rotary, Optimist, Kiwanis and Lions Clubs, plus a Town Hall Forum sponsored by the Chamber of Commerce.

The bond proposal is broken down into the following major segments: City's share of paving and curb and gutter on Grand Avenue from Avenue I west to 25 Mile Avenue, \$11,431. Total cost of this is \$30,000 with residents and property owners to share in the remainder of the cost.

City's share of paving 13th Street from Irving to Brevard, \$1,689.

Parking lot paving at the Hereford Community Center, \$3,286.

Repairing intersections, \$2,770.

Seal coating of newer streets, \$23,170 for 154,468 square yards.

Hot mix overlay of streets, \$118,806 for 237,612 square yards.

Storm drainage at Park Avenue and Avenue K to tie in at First Street, \$3,318.

City Answers Most Frequent Questions About Bond Issue

(Editor's Note: As a matter of public service, the Brand has compiled the most frequently-asked questions about the city's proposed \$180,000 street improvement bond issue, which will be voted on Tuesday. Answers are the same given by city officials during five public discussions of the proposal. They do not necessarily reflect the opinion of the Brand.)

Q. No. They are to be paid off in 20 years.
Q. Why should we vote \$180,000 for maintenance of streets?
A. Most of the money will be used for hot mix overlay, which really is new paving. Only the \$23,170 for seal coating really is considered to be maintenance work.

Q. Why can't we set up a schedule to do this work over a period of years and save the interest payments on bonds?
A. Hot mix is by far superior to seal coating of streets, but the contractors won't bid on small jobs. If we have it done a little at a time, the hot mix would have to be trucked in from Amarillo at a cost of about \$1 per square yard. If we get a large enough job, the contractor will move a plant in and the cost would only be about 50 cents a square yard.

Q. If the issue passes, will city taxes be raised this year?
A. No. A tax rate of \$1.40 per \$100 valuation was set by the City Commission earlier this year and cannot be raised again this year.

Q. What will the city do if the bond issue fails?
A. The budget which was recently adopted includes \$20,000 for capitol improvements, which will be used for small, costly street repair jobs as long as the money lasts.

Q. If the issue carries, what will you do with this \$20,000?
A. About \$11,000 would be used to pay the first year bond note, which would leave a surplus of about \$9,000. The note would be due before the next budget is adopted.

Q. Are these proposed bonds for 20 year repayments?

Brand Right In Style With 16 Purple Pages

Purple is one of the brightest colors for Spring and Easter this year. Right in style is The Sunday Brand's annual Easter shopping section.

Sixteen pages are crammed with interesting shopping news from Hereford merchants. Fashion tips and style hints for this year are included.

All this, and purple, too, in today's edition of the Sunday Brand.

Q. Is it true that the city is going to pay the entire cost of paving Grand Avenue from Avenue I to U. S. 385?
A. No. The city's share will be about \$11,431, with the property owners paying the rest of the \$30,000 cost.

Q. What are the reasons for calling the bond issue right after the other issue failed?
A. This one was called without Third Street because your city officials felt that it was needed right now to protect your street investment. The bond market right also is very favorable and we can get low bids on the work because the contracts for summer work from the Texas Highway Department have not been let.

Smorgasbord Of Values Planned For April 21

Title of the next trade promotion event, "Spring Smorgasbord of Values," sounds more like food than merchandising... and it should.

An intriguing event was outlined Thursday during a meeting of the trade promotion committee of the Chamber of Commerce.

Slated for 11 a.m.-2 p.m. on Friday, April 21, the event will include both food and bargains.

Basically, it is to work like this: each participating merchant will offer one type of food or drink free to his customers. This will include everything from canapes to cookies to coffee. The menu will be worked out by the committee to avoid duplication.

At the same time, the participants will offer a single special value price on a particular item.

Those who will enlist the Hereford merchants to participate in the unusual event will meet at 10 a.m. Monday in the Chamber of Commerce office to work out details.

The promotion was outlined by Bill Cooper, chairman of a committee charged with planning special trade events. Other members of the committee are Clyde Cave, Mrs. Bess Moore, Tom Newberry, Monk Johnson and Helen McCauley.

Kenneth Hart, Distributive Education teacher at Hereford High School, showed a film strip on the four major ways to stop shrinkage in business profits. He said it was one of ten such film strips available. Hart said he would show any of the films to business employees upon request.

Stunt Flying, Parachuting Including In Festival Plans

A stunt flying exhibition, sport parachute jumping and displays of aircraft will be included as added features of the Hereford Harvest Festival.

Possible Air Force participation also is expected to be included in the annual celebration.

Directors of the annual community celebration met Friday morning to hear a proposal by Jerry Cady, representing the Chamber of Commerce Aviation Committee. Cady suggested that a giant air show be made a part of the events scheduled for Saturday, July 29, last day of the celebration that will start Monday, July 24.

Cady proposed that the aviation committee enter into a contract with a professional stunt pilot to stage a show between 1-3 p.m. Cost of the show and promotion for it would not exceed \$500, Cady said.

Admission would be charged at the airport entrance to cover the show's cost, with any profit going into the Harvest Festival promotion fund.

Cady also said he would arrange for the local parachute

jumping club to stage an exhibition of sport jumping. He has also contacted Amarillo Air Force Base about securing a static plane or missile display and also to see if a jet fly-over could be arranged.

Cady said he had contacted

Around Town

Just two weeks before the election, Will Wilson is to visit Hereford Tuesday, March 21, for a short time. Now State Attorney General, Wilson is one of 71 candidates for the U. S. Senate seat vacated by Lyndon B. Johnson. He is to arrive at the Hereford airport at 1:15 p.m., be greeted by a delegation and brought to town. An informal reception will be held at the Jim Hill Hotel ballroom starting at 2 p.m. The public is invited to attend. Dyalhia Benson and Earnest Langley are co-chairman of Wilson's campaign in Deaf Smith County.

Hereford Post of the American Legion will celebrate the 42nd birthday of the Legion at 8 p.m. Tuesday in Legion Hall. The party will be held in honor of all who have been members 40, 41 or 42 years. Ludwig Kovacs will speak on his experiences during the German invasion of Austria. A birthday cake will be part of the refreshments. All old members of the Legion are particularly invited to attend.

Herd Tries Dons, Borger After 3 Cancellations

By Sunday, Hereford should have played seven baseball games but has managed to get in only three because of bad weather.

A game with Borger here Friday was cancelled because of snow. A wet field caused Saturday's scheduled doubleheader at Pampa to be called off.

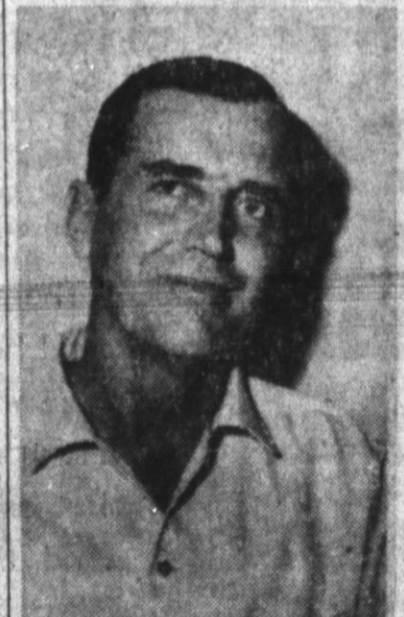

So the Whitefaces will try again this week.

Tuesday they are to play the Palo Duro Dons in Amarillo, with starting time set for 4 p.m.

On Saturday, March 25, Hereford will be slated for a doubleheader against Borger. The games will be played on the Bulldogs' field.

Coch Cuby Kitchens said Saturday that it was doubtful that any of the cancelled games

Meet Six Hereford School Board Candidates

(Editor's Note: Six candidates will be on the ballot for election to two Hereford Rural High School District Board trusteeships when voters go to the polls Saturday, April 1. In the interest of introducing each of the candidates as a public service to voters, the Brand has compiled brief sketches on the six men.)

W. P. AXE  
W. P. Axe, Route 3, has served two three-year terms on the school board and is one of two incumbents seeking re-election.

A county farmer, Axe is a seed grower. He is a member

of Hereford Lions Club and of the Church of Christ in Hereford.

Axe told the Brand that he decided to file candidacy for reelection to the school board because "I am interested in good schools, and I think Hereford has good schools."

LABRY E. BALLARD  
A Deaf Smith County resident since 1940, Labry E. Ballard and his family live at 120 Beach St. in Hereford. The family has lived in Hereford for six years.

Ballard is engaged in farming in this county, and is a member of the First Methodist

Church of Hereford. He is on the official board of the church and is immediate past president of Hereford Lions Club.

His family includes his wife, Jean, and four daughters — Beth, 13, Susan, 11, Amy, 6, and Laura, 2.

Ballard was born in Haskell, Tex., and served in the U. S. Army 1942-46. He attained the rank of staff sergeant.

His reason for becoming a candidate for the school board, Ballard said, is: "I am extremely interested in the welfare of our students."

DON BAUGOUS  
A resident of Hereford and

Deaf Smith County for more than two years, Don Baugous and his wife and three sons live at 228 Ave. B.

Baugous is abstractor for Deaf Smith County Abstract Company. He is a member of the First Methodist Church of Hereford, which he serves as choir director.

Born in Mapleton, Iowa, Baugous served in the U. S. Navy 1950-52. He attained the rank of yeoman third class.

His family includes his wife, Wilma, and three sons: Alan Ray, 6, Craig, 4, and David, 3.

The candidate is secretary-elect of Hereford Rotary Club and is treasurer of the Deaf Smith County United Fund. Baugous is chairman of the Leadership Training Committee of Tierra Blanca District Boy Scouts.

### Snow...

(Continued from page 1) the city was somewhat hindered, but snow melted from the streets throughout the day. Traffic was slowed by the slushy streets. From 30 to 40 cars were stranded in the vicinity of Black Community due to hazardous road conditions. The Highway 60 traffic, however, was snarled for only a short time Friday morning.

At least two highway automobile accidents were attributed to hazardous road conditions caused by the snowstorm. A 1955 automobile driven by June Walker Higgins, 41, of Amarillo slid into the rear of a bread truck at about 11:15 a.m. Friday on Highway 60, near the Black Community, according to investigating Highway Patrol officer Fred Lenz of Dimmitt. Damage to the car was estimated at \$500 and damage to the truck at about \$100. There was no injury.

A 1959 model car driven by Mrs. Rosemary Thomas, 38, of Dimmitt reportedly hit a tree 6 1/2 miles south of Hereford on U. S. 385 Friday morning. Patrolman Lenz said. The driver apparently lost control of the car due to road conditions and visibility at that time. Damage to the automobile was estimated at about \$500.

Another result of the storm was minor damage to six line circuits reported by Deaf Smith County Electric Co-op. Circuits were damaged by "phrase-to-phrase contact," according to Leo Forrest, manager. About 30 houses were on each circuit, and damage was quickly repaired by crew workers.

The middle transformer at the Co-op's substation number two burned out due to lighting damage during the storm. The damage was repaired in about 45 minutes after it was discovered Friday afternoon.

### Around...

(Continued from page 1) This is a little difficult to explain, or to explain why it happened. But I carried an Easter egg to the Lions Club Minstrel Thursday night... In my sock. It all started after supper when I stretched out to read. The rest of the family was hiding candy Easter eggs all over the house. When it was the smallest one's time to hide them, he assumed I was part of the furniture and stuck one in my sock. Of course it wasn't found, I read peacefully for a while and then we all went to the show. It wasn't until after we got home that I saw the strange lump on the inside of my ankle and found one warm, slightly soft white egg.

### Meet...

(Continued from page 1) at Hereford High and Stanton Junior High schools. The candidate for the school board has for the past eight months been dispatched for Gifford-Hill-Western Inc. in Hereford. He has been a resident of Hereford three years. His family included his wife, Bobbie Joyce, and daughter, Becky Jan, 13.

A member of the First Baptist Church of Hereford, Johnson also is a member of Hereford Lions Club, the Masonic Lodge, Young Farmers Club and serves on the executive committee of Hereford Campfire Girls. He was born in Galveston.

Johnson was in the U. S. Navy 1945-46, attaining the rank of seaman first class.

His reason for announcing candidacy to the school board is "I have always had a personal interest in children and school affairs. I would like to see students get the best they can. I would like to see more patriotism in schools."

**DR. WESLIE B. OWEN**  
Dr. Weslie B. Owen, 109 Douglas is a Hereford dentist and has been a resident of this city and county for the past four years.

The school board candidate is a member of Hereford Lions Club and of the Presbyterian Church of Hereford.

Born in Jodie, Okla., Dr. Owen served in the U. S. Army 1943-46. He attained the rank Tech-4.

His family includes his wife, Vida, and two sons, Jim, 14, and Wesley, 5. The family moved to Hereford May, 1957.

He stated his reason for filing for a place on the school board as "I feel that it is a civic duty which should be conscientiously discharged."

**TOM ROBINSON**  
Current president of Hereford Rural High School District Board, Tom Robinson is the other incumbent candidate for re-election.

Robinson, who lives at 237 Ave. B, has been a resident of Deaf Smith County all his life. He is engaged in farming two miles south of Hereford.

His family includes his wife, Mattie K., and two children, Tommie Kay, 18, a student at Hereford High, and Mike, 15.

Robinson is member of the First Christian Church of Hereford. He is completing his second term on the district board of trustees.

His main reason for running for re-election to the school board is "because I am interested in the schools."

probably will start Gary Kendrick or Bill Steele, both sophomores. Top hurling prospects, senior Jimmy Collier and junior Mickey Stevens, probably will get the nod in the Borger doubleheader.

Friday, Thespian banquet in the cafeteria at 7:30 p.m.; Saturday, baseball game at Borger and the Key Club banquet in the cafeteria at 8 p.m.

A group of West Texas State coeds will be in Hereford Monday afternoon, starting at 2 p.m., to sell tickets to Buffalo football games. At the time director Frank Kimbrough said two former Hereford High athletes now playing for West Texas, John David Bryant and Terry Hodges, also would be here for the one-day drive.

We tried our hand at weather-predicting last week...and got our ears pinned back with icicles. Guess we'll be relegated to Dan True's category and leave such prognostications to those who rely on less scientific, and more effective, data: corns, bunions, aching joints, and intuition.

Everyone who say it seemed to agree that the Lions Club Minstrel was a smooth, professional presentation. And all the cast had a fine time getting ready for and presenting it.

Young farmers have a meeting scheduled for Tuesday night in the vocational agricultural building of the High School.

Also slated Tuesday evening is the Little League baseball meeting. It is to start at 8 p.m. in the Community Center.

If you are qualified, don't forget to vote Tuesday in the city bond election.

To weather predictions: "Bah!"

When I make them, everyone says "Bah!" I predict snow. It rains and vice versa. Makes me so mad, I want to curse.

### WSCS Observes Lenten Program

Meeting at the church Tuesday evening, members of the Wesley Methodist WSCS participated in a special Lenten program, with Mrs. Vance Crume in charge.

Attendees were seated around a candlelit table for quiet meditation, with short talks on Lent; its origin and comparative observances throughout the Christian world, being given by Mrs. Crume, Mrs. Howard Gore, Mrs. Glenn Watts and Mrs. George Terry.

Special music, "Wispering Hope," was a vocal duet by Misses Judy Crume and Sandra Vaught, with Miss Linda Tooley at the piano.

The program concluded with the partaking of the sacrament, served by the young people. Those present included Mesdames Milton Vaught, L. H. Lane, Ruth Ann Smith, George Terry, Glenn Watts, Vance Crume, Howard Gore, E. H. Martin, Nelson Kieger, LaNoy Tooley, C.W. Riddle and Floyd Duravant.

### Musette Members Play In Festival

Ten members of the Dawn Musettes entered in the piano solo division of the Junior Music Festival of the Texas Federation of Music Clubs held recently in Hereford.

Those who received Superior ratings were: Jerry Stewart, Douglas May, Linda Stewart and Laura Louise Higgins. Excellent ratings were made by Janice Galley, Phyllis Richardson, Alice Ann Caraway, Beverly Betzen and Robert Caraway. A rating of very good plus was received by Glen Polan.

On Sunday afternoon the Annual Spring Recital of the Club was held at the Dawn Baptist Church. Those who performed included the members who played in the Festival and Peggy Jean Lemons, Linda Lemons, Ann Gentry and Walteen Beavers.

Eleven members of Yale's unbeaten football team hope to play varsity baseball this spring. One of them is Ruly Carpenter whose father, Bob, is president of the Philadelphia Phillies.

### Bond...

(Continued from page 1) Q. What will the city do about streets if the issue does not carry?

A. We will continue to budget as much as possible to patch and repair the streets, but we feel it will cost much more over a period of years. Engineers tell us that we might lose some of our paving completely within the next two years if something isn't done and that would be much more expensive.

Q. Included in the proposed repair program is some money (\$2,770) for intersection repair. Would any of this be used to improve drainage on Avenue K north of Park Avenue.

A. No. When Avenue K was widened with curb and gutter, the estimate to install storm drainage was \$150,000.

Q. Will any of the brick streets be resurfaced?

A. No.

Q. What is the difference between seal coating and hot mix overlay?

A. Seal coat is done in courses, each one including a layer of gravel and a layer of asphalt. It takes one year to "set" and a bad winter can cut the paving life from 20 years to 10 years. Hot mix is a asphaltic concrete, laid down 1 1/2 inches thick. It won't crack as much as asphalt and "sets" in a matter of hours.

These questions were the most frequently asked of the mayor and city commissioners. They, with the city manager, said they would be happy to explain any part of the bond issue to any citizen at any time.

In other business, the Festival board discussed a proposed budget but did not reach any agreement, pending approval of the service clubs involved.

The directors agreed to meet again next Friday morning to continue work on ironing out details of the summer celebration. On the agenda for next Friday are several important decisions relating to the Farm and Home Show.

Hereford's first game, against Plainview, was called off because of blowing dirt. They did manage to play three games in four games, splitting a doubleheader with Plainview and losing to the Amarillo Sandies. Starting hurler against Palo Duro hasn't been named yet. But Kitchens has been trying out his pitchers in rotation and

## Texas Day Is Observed By Music Study Club

The Hereford Music Study Club met Mar. 13 in the J. R. Allison home for the annual Texas Day program. Hostesses were Mrs. J. R. Allison, Mrs. Dale Young and Miss Frances Dameron.

After the reading of the Collect, Miss Marilyn Barkley opened the program with a short outline of the various factors which influenced the development of music in Texas and a brief biographical sketch of both of the featured native Texas composers, Oscar J. Fox and David Guion.

Musical selections included three compositions by Fox: "The Call of Love," played by Mrs. James Alston; "Rounded Up In Glory," sung by Mrs. C. J. Mountz; and "Nightsong," which was sung by Miss Barkley. A vocal ensemble comprised of Mrs. Dick Godwin, Mrs. Dale Young and Mrs. Paul Lyons presented Guion's "The Prayer" which was followed by William J. Marsh's "Texas, Our Texas," sung by Mrs. Godwin. The program closed with the Hymn of the month, "O Word of God Incarnate," led by Miss Barkley.

A short social period followed the business meeting. Those present were Mrs. J. R. Allison, James Alston, Bill Brady, W. T. Carmichael, Ellis Coombes, B. Y. Cross, Thwait, Cliff Estes, Dick Godwin, Paul Lyons, J. C. McCracken, George McLean, C. J. Mountz, T. W. Roberson, A. J. Schroeter, Lowell Sharp, Bill Stanford, W. Jesse Stanford, A. O. Thompson, Dale Young, R. F. Conway, J. T. Gilbreath, J. P. Slaton, Miss Frances Dameron and Miss Marilyn Barkley.

Mrs. Neil Cooper has soled recently to be the first woman to accomplish this feat in about two years, I think. I know everyone will congratulate her on this. I wish more girls and women would learn to fly as it is the most modern means of transportation - and a lot of enjoyment besides.

Ron Steel has resigned his job as instructor here to take a job with an Oklahoma dusting and spraying concern. We all will miss Ron as he was not only a good instructor but a likeable guy, also. Maybe he can return here someday to work again. He had built up a nice class of students, but an instructor doesn't make the kind of money duster pilots do.

There has been a rash of airplane swaps and trades the last two weeks. Taft McGee is the new proud owner of a Cessna 182 Sylane sold to him by Charlie Seeds. Bill Decker sold his Bonanza and has purchased a 310 Cessna. I understand, Earl Springer has sold his Beech Bonanza to Elton Springer of Dimmitt. I hope Earl will decide to keep flying and not quit entirely.

Taft McGee and Bud Cawweek in Taft's Skylane, Mutt Wheeler and Tommy Bryant flew to Conchas Sunday

# Marshall Formby Presents Program On South America

A former Hereford resident who recently returned from a trip to South America, Marshall Formby Thursday noon showed color slides he took of Brazil at the weekly meeting of Hereford Kiwanis Club.

Formby, an attorney in Plainview, gave a short talk before showing the slides to the Kiwanians.

population of between 60 and 65 million people, which constitutes more than half of the total population of all South America.

He said there are more than 26,700 miles of navigable inland waterways. But, he added, there are less than 30,000 miles of railroads in the entire country.

The former chairman of Texas Highway Commission pointed out that the highway system in Brazil is poor. There are only 6,000 miles of paved highways, but a huge highway program is currently underway.

Sao Paulo, with more than three million persons, is the largest city — larger now than Rio de Janeiro. Air service, he added, is good to main towns in the country.

Brazil, a federation of states, territories and one Federal District, is the largest Catholic country in the world, Formby said.

The government operates under the constitution of 1946 which provides for separation of powers — legislative, executive and judicial.

Kubitschek, as president, brought on inflation. He did succeed, however, in moving national capital from Rio de Janeiro, on the coast, to Brasilia, nearer the center of the nation.

Brasilia, the new capital, is now a city of about 100,000 persons, although less than four years old. It is still a frontier city, Formby said, combining the frontier spirit of the wild Texas old-boom town and the towns of the old West. More than 30,000 persons live in the wooden, temporary "free" city, near Brasilia.

This temporary city was built to take care of the workers and is to be torn down in a year or so, the speaker commented.

Brazilians have much confidence in Quadros, the new president. As Governor of the state of Sao Paulo, he did away with waste and corruption in the government and brought about a stable economy. It is thought he can do the same for all of Brazil, Formby said.

Brazil needs more cattle, more livestock, more vegetables and more wheat, Formby said. The government now is stable and prospects are bright for it to remain so.

## DE, C Of C To Sponsor 4-Day Selling Course

The market for consumer goods indicates this country will have a \$46,000,000 economy by 1960. One hundred seventy million people will have needs and wants to be satisfied. Taking these two predictions into account, a 17 per cent increase in sales is forecast for the next ten years.

Will we get our share? These were the words of the Deaf Smith County Chamber of Commerce and the Hereford High School Distributive Education Department when they announced this special training program for Hereford businessmen.

The University of Texas will offer the sales training course entitled "Dynamics of Selling" at the Distributive Education classroom of the Hereford High School from 7:30 p.m. to 9:30 p.m. on March 27-30. This course will help people who sell do a better job.

During the four-day program discussions will be held on how to secure and hold the customers' attention, how to satisfy the customers' wants and needs through the use of proper job knowledge, and finally, how to help the customer make the proper buying decision.

Francis A. Flynn, the instructor from the University of Texas Distributive Education Department, has had extensive experience in retailing and has

We wish to express a desire for expanded education in the field of public school music in our own schools in Hereford on the grade school level, and to be continued in the junior and senior high school levels.

We wish to commend the good work being done in the Junior High and Senior High Schools at present, and urge the support of the public for this important work.

Yours very truly,

## Vital Foods Discussed At Pioneer Study Club

"Vital Foods For Total Health" was the program theme at a luncheon meeting Tuesday for members of the Pioneer Study Club.

The serving tables in the dining room of the Community Center were decorated in a St. Patrick's Day theme, accented with baskets of fresh fruits and vegetables.

Hostesses for the meeting were Mesdames Buddie Evans, Bess Werner, Myrtle Wright, J. M. Gilliland and Nancy McCaslin. Mrs. Evans was responsible for the menu, which consisted of eggplant loaf, glazed carrots, squash and pimento bake, cauliflower with cheese, oat straw tea and mint tea.

Baked potatoes were served as a bread substitute and the dessert course consisted of fresh fruits.

At the conclusion of the meal, Mrs. Evans explained to the women the necessity of careful preparation of foods, in order to not take away the natural flavors. She cautioned listeners to never eat when tired or emotionally disturbed, as emotions control digestive juices.

Plans were made for attending the Federated Convention to be held in Pampa March 29-30. Mrs. L. H. Lookingbill, Mrs. Ray Johnson, Mrs. O. G. Hill Jr., and Mrs. Ralph McCullough will attend this meeting.

Plans were also made for the Golden Age party honoring

Those attending were Mesdames Burl France, Fred Barrett, Allen Bell, Buddie Evans, Henry Hastings, W. C. Hromas, Ray Johnson, F. M. Kester, L. H. Lookingbill, Art Manjeot, C. N. ## Letter To The Editor

Dear Editor:

For a number of years we as a club have been disturbed about the lack of public school music in our schools, but have done nothing about it recently. Because of your editorial of February 19, 1961, "Soothing Charms of Music Cited As Means Toward Balanced Living," we have been made to think again how vital a part public school music is in the lives of our children.

We also believe as you quoted, "That the basis for a strong, sound music program lies in the musical experiences of the elementary school. Here begins the joy of exploration of music in its various forms; here the singing voice is developed by using it day by day without self-consciousness." We feel that music experiences are not just for the gifted, but they are good for all children. Some children can sing better than others, but all are able to respond in their own way. There is a great satisfaction in singing together, and this, to children in the early years, helps to create fuller, richer lives and more well rounded individuals. The study of public school music is one of the most effective ways to instill good training into the formative minds of youth. Through this program is created an enthusiasm for making beautiful music and music also becomes a part of everyday life.

Brazilians have much confidence in Quadros, the new president. As Governor of the state of Sao Paulo, he did away with waste and corruption in the government and brought about a stable economy. It is thought he can do the same for all of Brazil, Formby said.

# Fastest COOK IN TOWN!

That's you — when Reddy's your helper.

What makes electric cooking fast? Well, on an electric range your cooking utensil rests right on the heating element. The heat is transferred, directly, into the pan and into the food — and the faster the heat gets to the food, the faster the cooking will be finished. It's the same story on roasting or baking. The oven's insulated on all sides — and the heat stays in — keeps working. That's a cost-cutter, too, because the heating elements are off many times while you are baking or roasting. Fast, cool, clean. That's the kind of range you want. That's the kind you get — when it's electric.

NOW - 5000 STAMPS

When you buy your new electric range now — as a Public Service customer, you will receive 5,000 Frontier or Gunn Bros. stamps — your choice. See your Reddy Kilowatt Dealer. See the range that's modern — of course, it's electric.

**Missionaries To Present Service**

The Rev. and Mrs. Edward Fairbanks, missionaries to Haiti, will be featured speakers at a special missionary rally to be held Sunday night at the Hereford Assemblies of God Church, according to the Rev. V. W. Marcontell, pastor. The public is invited to attend the missionary rally, the Rev. Marcontell said. The service will begin at 7:30 p.m. The Rev. and Mrs. Fairbanks have been approved for missionary service by the Foreign Missions Department of the Assemblies of God with International Headquarters in Springfield, Mo.

After serving four years in the Navy as a diesel engineer, the Rev. Fairbanks enrolled at Southwestern Bible Institute, Waxahachie, Tex., and received his bachelor's degree in Missions. Mrs. Fairbanks was graduated from Southwestern Junior College. The Fairbanks have one son, Drexel Ray, 3. The Rev. and Mrs. Fairbanks are traveling, presenting the work of the Assemblies of God in Haiti. After only three years of endeavor by the Assemblies of God in Haiti, there are eight churches and 15 outstations. A center for the training of national workers was opened this year. Color slides will be shown of the work in Haiti.

**A Note To Our Non-Catholic Neighbors**

Catholics and non-Catholics, as a rule, get along right well together. Our families live amicably next door to each other and often become lifetime friends. Our sons fight side by side on every battlefield. We work together in the same shops and factories and we play together.

But in religion . . . where this close association does not exist . . . there is often a regrettable lack of understanding and a corresponding absence of good-will. Many people, for instance, have all sorts of false ideas about Catholics and the Catholic Church. They actually believe that Catholics worship statues. That many sordid things happen behind convent walls . . . that Catholics do not believe in the Bible or that Catholics practice superstitions.

If you wish to know the truth about the Catholic Church and her teachings, write for a free pamphlet explaining Catholic teachings. Write to: Home Study Center, P. O. Box 5644, Amarillo, Texas.

# Public School Week Is Observed By Area School

BY MRS. T. L. COLLINS  
Texas Public Schools Week was observed at Walcott March 6-9. The regular assignments of work were on display in each classroom.

These mothers visited the children's rooms in action during the week: Mesdames Harold Bass, Jack Weaver, Melvin Henderson, B. E. White, Elton Sorrells, Buel Monroe, Floyd Brown, Lee Tice, N. E. Tyler, Don Kirby, Ernest Brown, Eldred Brown, J. T. Tice, Hershel Burrus, J. V. Perrin and Glenn Burrus. Some of them

ate lunch in the cafeteria. This was also National 4-H Club Week. Both boys and girls clubs held their regular meetings at Walcott School on Tuesday afternoon, March 7. Board posters were fixed in each classroom. Mrs. Glenn Burrus met with the girls and Mrs. J. V. Perrin met with the boys.

The Walcott School was closed Friday, March 10, so the teachers could attend the District meeting of Texas State Teachers Association in Amarillo. Mr. and Mrs. Thomas L.

Collins, Miss Paula Green and Miss Shirley Bourquin were present for the day's activities. They drove to Perryton for an overnight visit with Mr. and Mrs. W. L. Collins before returning home on Saturday evening.

Mrs. Hershel Burrus, Margaret and Frances Irene brought refreshments of punch, cookies and ice cream to school after last recess Thursday to serve to the third and fourth grade classmates of her daughter, Mary Alice, in honor of her birthday.

Mr. and Mrs. Joe Moooy, Ricky and Lana of Summerfield came Wednesday night for a visit with her cousins, Miss Shirley Bourquin and Miss Paula Green.

clay in assembly Wednesday. Report cards were issued for the fourth six weeks period on Thursday, March 2. Several made nothing less than "A". They were: Joe Don Weaver, Kent Jack, Chris Burns, Sherrie West, Jimmy Monroe, Gary Coleman, Barbara Brown, Kathy Monroe, Sheldon White, Nancy Minks and Galen Jack. Some are now returning to school after having the mumps so their report cards are yet to be given.

Mr. and Mrs. Grover Durham of Spade came Saturday for an overnight visit with her sister, Mrs. Joe Rader. Later Mr. and Mrs. Marvin Payne, Darla and Larry, Mr. and Mrs. Pick Thomas and Mr. and Mrs. Frank Panell of Hereford joined them. All played "42" and visited. The same group was together on Sunday in Hereford.

Mr. and Mrs. Harold Bass and Charles went to Hart Sunday morning for a visit with Mr. and Mrs. Dale Bass, Freddy, Donna, Gala and Lon Dale. All enjoyed dinner and visiting together.

## Letter To Editor

Dear Sirs:  
A recent editorial in your paper entitled "When A Senator Turns Lobbist" was apparently written without full knowledge of the facts involved concerning the Hazlewood Milk Bill.

Senator Hazlewood is currently in the milk processing business and is interested in seeing that a good quality of milk is processed for the citizens of the State of Texas.

Our producer associations helped to sponsor this bill because we in Texas are required to have much cleaner dairy operations than are required in some other states. Texas now produces twenty percent more milk than is bottled and plenty high-quality milk is available locally.

As a former producer in Missouri, I am quite familiar with the differences in health standards in the two areas.

There is no way that Senator Hazlewood could possibly benefit from this bill. The two groups who would receive benefit are the consumers who would continue to get first quality milk in the State of Texas and dairy farmers in this state who would be required to compete

with unsanitary milk which is shipped in.

This bill would not exclude out of state milk which would meet health requirements of equal standard which we have here. It is not intended to exclude all milk from coming into Texas but only that which is of poor quality.

I know that the statements that have been made about Senator Hazlewood in regard to this bill are unfounded and were caused by various interests who would attempt to process milk of a low quality standard.

I for one am glad that Potter and Randall Counties have a senator who will stand up for the citizens of his community even if it opposes the desires of some large corporations.

Sincerely yours,  
S/Harold Kriegshauser

Several educational films have been seen lately by the Walcott students. "Mountain Water" was produced by the United States Department of Agriculture Forest Service. Most of this mountain water is melted snow that is filtered clear if there is good plant cover.

"Crimes of Carelessness" was filmed by the National Board of Fire Underwriters. Thirty-one million acres of forest has been lost, 10,300 people were hurt and 40,000 killed mostly because of carelessness.

"Knights of the Texas Flyways" was a picture of the State Game, Fish and Oyster Commission along our Texas Coast. The ducks seen were the pintails, mallard, little blue bill, ring neck, bald patcs, red head, shovler, cinnamon tail, ruddy tail, green tail and wood ducks.

"Master Whitetail" was a story of the Texas white-tailed deer and what happens when nature's stockpile of resources is used by man so he does not have source of food or protection. One trading post in Texas sold 75,000 deer hides to a firm in New York from 1844 to 1853. Master Whitetail's slender, strong legs may be responsible for his very existence. Some of these deer are transported by trucks and airplanes to places where they are rewild in nature.

"Safe Living at Home" is a Coronet Instructional film by the Department of the Interior. These three safety rules were given: good housekeeping helps keep our home safe; think of the safety of those you live with; and be safe by being skillful.

The fourth grade children showed their movie rolls they'd drawn of two unit stories in their readers. The third and fourth grades both displayed things they had made from

ON THE CRUISER, THE PASSENGERS ARE UNLOCKED...  
WHERE ARE THOSE RUFFIANS? THEY TOOK EVERY CENT I HAD!  
~AND MY JEWELS~ WHERE ARE THEY?  
RELAX, MA'M. IT'S ALL OVER.

THERE THEY ARE, MA'M... DUMPED ALL OVER THE SHIP!  
WHAT HAPPENED TO THEM?  
SOMEBODY HIT THEM.

I TRIED TO WARN YOU. THESE ARE THE GOGGLE-EYE PIRATES. YOU DIDN'T FIND THEIR WEAPONS OR OUTFITS, BECAUSE THEY WERE HIDDEN IN THE HOLD!  
ABOUT 25 OF THEM ON THIS SHIP... LISTED AS PASSENGERS.

THIS IS TOPS, THEIR LEADER. ~THEN THEY RETURN TO THEM ALL WEAR IDENTICAL. THEIR CABINS ~SHOVE COSTUMES. THE LOOT WEAPONS AND COSTUMES WAS TO BE FLOWN THRU THE PORTHOLES ~AND AWAY IN THAT 'COPTER.

YOU DESTROYED THIS ARMED MOB SINGLEHANDED! HOW?  
TOOK A BIT OF DOING. THEY'RE ALL YOURS, CAPTAIN, EXCEPT THIS ONE, THE PILOT. I NEED HIM.

HE KNOWS WHERE THE LOOT FROM THE FIRST SHIP IS. I HAVE TO TURN IT OVER TO THE AUTHORITIES.  
WAIT... WHO ARE YOU?

It's almost here... that wonderful time of Easter, which brings to mind such happy pleasures of youth... like bunnies, eggs, ducklings, new shoes.

Remember when you got your sparkling new Easter shoes

...how your eyes lit up. Here was ecstatic, youthful delight. You coddled 'em like they were your best new friend... and they were!

As a Buster Brown dealer, we take great pride in giving your child the best: best styling... best fit... best shoe materials available. Our slogan sums it up very well: Children's shoes, our business... Children's feet, our responsibility.

# Coats Stage Big Comeback

There's a wonderful excitement about the new spring coat this year! No matter how smart your old coat may be — dol-lars to dollars, it's not in one of the exciting bold pastels that are the hallmarks of the new season coats.

The spring coat is back! And coat collections reflect an en-tirely new aspect of color, fab-ric and design.

Shoulders are widened with a rounded motion — semi-fitted cape-effects in the back — el-bow skimming sleeves offer a new freedom of movement.

Coats with full five-yard sweep are almost full circles and are kisser' coustings to capes in their detailing.

Slim coats with rounder backs and broader breasted models in double breasted models with Full - looking coats with straight backs are here to give milady a brilliant, elegant look.

The collarless, cardigan sty-led coat — a la Chanel is the newsmaker fashion. The wed-ge ring collar, halo collar and sear stole are all flattering and feminine looking for almost every woman.

Heavenly fleeces, spongy loop-cings mood blues.

THE CIRCULAR COAT stresses the new width in spring coats. Important features are the cordigan neckline, giant low-placed-pockets and cropped sleeves. A pebbly, creamy wool gives new dimensions of luxury to this new, new coat.

**ULTRA FEMINE** yet very much of ease for any occa-sion, culottes come to the fore for spring-into-summer wear. Here culottes in wool flannel smartly adds a smart shir-t-styled overblouse as its team mate.

## Culottes Head The Sport Scene

From out of the active sports scene and out of the high fash-ion couture salons where cul-ottes first appeared in either functional, or ultra-sophisti-cated styles, culottes are follow-ing many new directions for the new season.

The divided skirt — or cul-otte — takes on new impor-tance as a suit "skirt." Often the new suit for spring offers both culottes and conventional skirt to complete the ensemble.

The scissors-pleated skirt shown in many junior styles looks very much like culottes — but without the "great divi-de."

Suits with culottes take such toppings as three - quarter length capes, hip - length jack-ets with cropped sleeves or cropped jackets. Overblouses, matched to - lining blouses and wool jersey tops are often complementary dividends for the spring culotte costume.

## Design, Color For Everyone This Year

There's so much that's new and different in the news for spring, that Fashion seems to offer at least sixty-one varia-tions on style and color themes for Sixty-One.

There is literally something for everyone this season — with every figure type consid-ered in the new designs and sil-houettes.

The tall figure can choose dramatic clothes that look im-portant and give elegance to height.

The petite figure can have her pick of flattery as both full-blown and sheathed sil-houettes help her gain stature.

And there's a provocative light-hearted excitement in the diversity of styles for the jun-ior sized miss or missus.

**LITTLE'S**  
of Hereford

Convenient Lay-a-way Plan

**WORTH TALKING ABOUT** is this tone-on-tone check suit in a breeze-weight woolen. Double-breasted — the easy box jacket tops an eased-in-line slim skirt. A matching calf soch is at the waistline. The new fedora-shape hat in tex-tured straw is banded in gros-grain.

## Costume Look Is Fashion Leader

The expression — "a costume season" can be sweet music to the ears of fashion conscious women. So, it's good news to-day — as costumes and ensam-bles step out with real swing for the new season.

Worth talking about are the two-and-three part fashions — usually starting with a hand-somely-shaped sheath that can "go it alone," anywhere and everywhere in smart style.

Add to this a bright coat im-matized by a matching outer-dress lining, a denim jacket, a bolero or a sweater and the dress, becomes doubly impor-tant in any setting.

Smart basic dresses, interest-ing and exciting by themselves are often enhanced this season by capes, and jackets with a cape-effect. At smart late-day and evening gatherings these ensembles are destined to make a grand entrance.

Two-piece ensembles of over-t blouse and skirt are often top-ped with casual cardigan jack-ets, lined and unlined. Many of these take printed tops that co-ordinate with the solid colors of the jacket and skirt.

For dramatic date time set-tings, scooped neckline sheaths show off when bare-ly-there jac-kets, caplets or brief boleros are removed.

Such double life ensembles as the dress with 7/8's coat, or a fitted tunic jacket are ideal for glamorous settings too.

Dress and sweater duos — from the most simply stat ed classic for the office, for the vacation trip or Sunday excu-rsion — look to their more dressy and sophisticated sisters in be-veiled cashmeres over silks, silk linens and other sim ple but elegant fabrics.

The ensembles are exception-ally exciting this year because this fashion group provides endless opportunity for color mating, mixing, coordinating or color bathing.

Tops and terrific for any fash-ion agenda are the countless inviting combinations of color and parts to spell out the C-O-S-E-T-U-M-E.

### Clinging Styles Are Calling For Smooth Figuring

Foundations are most feminine and pretty for spring. There's an increasing trend to coordination in girdles and bras are often matched in color embroidery or trim, often follow through with matching lingerie.

Flower motifs and color play an important part in the ultra-feminine look. And there are more colors than ever before to complement the classic whites and blacks. Colors are often combined or tone-on-tone for new interest.

This pretty look also gives rise to an imported or custom-made look, which is achieved by attention to details, such as ribbon-banded lace, shirred straps, lace panels, trim med with marquisette, nylon sheer and lavish sections of lace.

Many foundations are designed with an eye to specific fashions, such as bras to wear with knitted dresses, bias-cut fashions. Bras dive in back, plunge in front, are strapless for decorative styles, have wide-placed straps for baton necklines.

New are the longline and front-backless bras that offer complete support with extreme delicateness. Panty girdles have been designed to meet control requirements for a wide variety of pants, from wide-cut hostess types to skin-tights, and go to all lengths, even beyond the knee. Corsets or long-legged panty girdles achieve the natural bodyline silhouette for Spring.

Foundations using "spandex" have new beauty, control and lightness. It is sheer and delicate, yet wears beautifully, directs curves, rather than constricts.

Full figure foundations are equally feminine with pretty styling, fashion shaping and a lightness achieved with dainty sheers, embroidery and lace. Teen foundations are more sophisticated and attuned to fashion with convertible bras that feature wide straps, criss-cross back straps or strapless.

The overall picture is a prettier, more feminine one for under-cover fashions, and a far more colorful one.

### Adaptability Is Spring Feature

No matter where you look this spring, you'll find certain dresses, coats, suits, separates and sportswear that will look right, feel right and be right for any place in the world, and time of the year.

Whether worn on the fashionable boulevards of the world, or in a suburban country club, town, these clothes travel well with women on the go.

The silk and cotton tweeds, the silk tweeds, cotton and linen knits, wonderful 100% silk, cotton knits, Dacron with cotton, sheerest woolsens and fabulous double knits handled in new, individualized ways shape up these go-everywhere fashions.

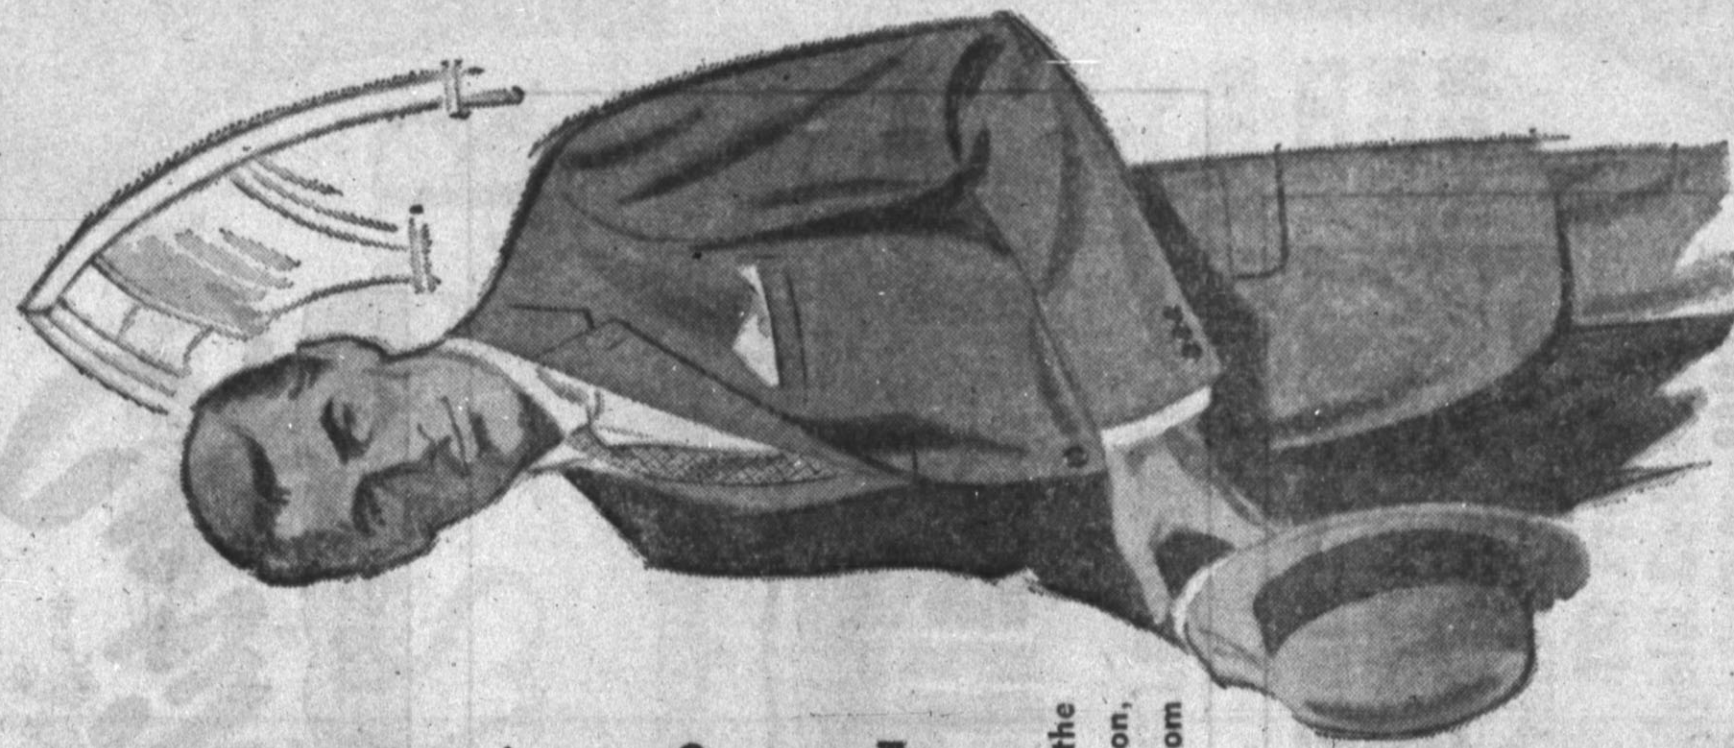

These are the clothes that pack into limited weight allowance luggage for jet flights, fit into a sports car, get on a train or go aboard ships with equal poise.

They are almost wrinkle-free, many spring off all stings with ease, and most are adaptable to climatic changes and any and all dress-up occasions.

The entire area on which Yankee Stadium is located takes up 11.6 acres.

### Arrangements Judged At Garden Club Meet

Mrs. Art Manjeot and Mrs. M. T. Rutter, National Judges, judged nine arrangements using the circular design at a recent meeting of the Hereford Garden Club, held in the Flame Room of the Pioneer Natural Gas building.

Mrs. W. C. Hromas, president, presided over the business meeting. Reports were given on applications for awards given at the State Convention, with the club entering six categories. One of the categories entered was the application for the Sears Roebuck Grant, with the landscaping of Northwest Elementary School being the club project. Members also voted to assist in the landscaping of the Mission Center.

Mrs. R. L. Wilson was elected to serve as delegate at the State Convention, which convenes April 26-27 in Odessa.

Mrs. Rutter presented the schedule for the annual flower show June 23. Theme of this year's show will be "Summer-time Melody." Mrs. S. S. Williams presented timely tips on horticulture.

HEREFORD COUNTRY CLUB was the meeting place Thursday for the committee for the Beautification of Hereford. The luncheon meeting was called to hear reports from each sub-committee head, telling of their progress in each field. From left to right are Howard Armstrong, County Judge Don Zimmerman, Mrs. W. J. Messick, Mrs. Don Steele, Mrs. Ansel McDowell, Mrs. Argen Draper, Mrs. O. G. Hill Jr., Mrs. Art Manjeot, City Manager Dudley Bayne and attorney Earnest Langley. Seated are Mrs. Urlin Streu, Mrs. Irving Alexander (leaning forward), Mrs. Milton Adams, Mrs. W. C. Hromas and Mrs. Jimmie Gillentine. (Staff Photo)

### Reports Heard At Luncheon

Reports from the various subcommittees for the Committee for the Beautification of Hereford were heard at a luncheon meeting held Thursday at the Hereford Country Club.

Mrs. Irving Alexander, chairman, presided over the meeting. She also introduced special guests Dudley Bayne, city manager; Don Zimmerman, county judge; and Earnest Langley, local attorney.

Mrs. Ansel McDowell, chairman of that sub-committee's progress. Other sub-committee heads who reported on their respective group's work were Mrs. Jimmie Gillentine, Mrs. O. G. Hill Jr., Mrs. Milton Adams, Mrs. Art Manjeot and Mrs. Don Steele.

Mrs. W. C. Hromas was appointed to lead the group studying the Beautification of Parks.

### Miss Newell Honored At Bridal Courtesies

The home of Mrs. Ivan Block, 200 N. Texas, was the scene recently for a bridal shower honoring Miss Marilyn Newell, daughter of Mr. and Mrs. Gaylord Newell. The honoree will marry Bill Edward Callaway, son of Mr. and Mrs. Charlie Callaway, on March 26 at the First Methodist Church in Hereford.

Hostesses for the occasion were Mesdames Ivan Block, Troy Moore, John Sims, Harry McCauley, Eugene Knox, Fred Sims, Wayne Evans, Bert Boomer, Bess Moore, Charlie Noland, Lorraine Fowkes, Louise Ferguson, S. L. Harman Jr., Taft McGee, T. J. Clay, Joe Reinauer and Jack Bradley.

The refreshment table was laid with a white Irish linen cutwork tablecloth and centered with an arrangement of full-grown white roses in a silver basket. Appointments were in silver and crystal.

Standing in the receiving line to greet guests as they entered the entertaining rooms were Mrs. Gaylord Newell, mother of the bride-elect; the honoree; Mrs. Charlie Callaway, mother of the groom-to-be; Carol Ann Newell, Gayle Newell, Mrs. J. O. Newell, grandmother of the honoree; and Mrs. L. W. Carlyle, also the grandmother of the honoree.

Miss Margaret Boomer and Mrs. Danny Martin presided at the guest book. Alternating at the serving table were Miss Zell Crump, Mrs. Jim Brown and Mrs. Bobby Shelton.

Approximately 112 guests called during the afternoon.

**Lingerie Shower**

One of the many courtesies honoring Miss Marilyn Newell, who will marry Bill Edward Callaway March 26, was a lingerie shower held Tuesday afternoon in the home of Mrs. J. F. Martin. Mrs. Danny Martin assisted as hostess.

The bride-elect's chosen colors of blue and white were used in the decorating of the serving table, where guests were served refreshments of cookies, cakes, nuts and mints.

Guests attending, many of whom have been long-time friends of the honoree, were Misses Linda Edwards, Paula Moore, Pam Clay, Linda Renfro, Zell Crump, and Mesdames John Beasley, Jim Brown, Pat Ferguson, C. D. Fitzgerald, Bobby Shelton, Bud Martin and the hostesses.

### Nature Program Heard Tuesday

Mrs. Frank Barrett presented an interesting program on "Appreciation of Nature" at a model meeting of Kappa Iota Chapter, Beta Sigma Phi. The regular meeting was held at the Community Center Tuesday evening.

Those attending were Mesdames Delbert Balmum, Frank Barrett, Don Baugous, Doc Carter, John Fraser, Howard Gore, Nolan Grady, Robert Hickman, Bill Kendall, Art McQuerry, Harold Miller, Claude Miller, Bess Moore, Van Nichols, Hicks Roberson, John Schneider, Larry Summers, Bruce Fink, Glenn Wilson and Bill Waldrep.

### Former Resident On Italian Tour

Mrs. John M. Hill, the former Rosella Albracht, has notified her parents, Mr. and Mrs. John Albracht, that she is now on a tour of Southern Italy with her husband, Major Hill.

The first stop on the tour was in Naples, where they spent two days sightseeing. From there, they went on to Pompeii, where they viewed the ruins of that ancient city.

Upon leaving Pompeii, the group boarded coaches enroute to Sorrento and Capri and on to Rome.

The party made its headquarters at the Hotel Commodore in Via Fornia, located near the Basilica of St. Mary's. They also were granted a public audience with the Pope.

The rest of the tour will be spent in touring the many interesting places throughout Rome, such as St. Peter's Cathedral, the Catacombs and the main castle in the Alban Hills, where the Pope at one time lived.

Major and Mrs. Hill have been stationed in Morocco, Africa, for the past three years. They will return to the States sometime in July, where the major will be stationed at Dyers Air Force Base in Abilene, Tex.

### Lone Star Meets With Mrs. Kelton

The home of Mrs. C. D. Kelton was the scene Tuesday for a meeting of the Lone Star Study Club, with Mrs. L. L. Chisum and Mrs. J. J. Durham sharing hostess duties.

Robert Thompson, teacher at Hereford High School, was the guest speaker. He spoke on the subject of "Legislation In Texas."

Thompson explained some of the rules and regulations of the state and federal governments.

Attending were Mesdames S. S. Williams, Coy Phillips, Ed Warren, Ray Suit, Jack Grady, Vivian Major, Norman Moore, Jim Higgins, Virgil Dodson, W. S. Flutt, Joe Kendall, R. G. Blue, Guy Newsom, John Jacobson Jr., Laurence Walters of LeRoy, N. Y., the hostesses and Robert Thompson.

### New Hair Style Shown At Club

Mrs. D. L. Thomason demonstrated 1961's National Hair Style at a recent meeting of Mon Amis Study Club, held in the home of Mrs. Bob Noland, Summerfield. Mrs. Jim Lookingbill assisted Mrs. Noland in hostess duties.

Mrs. D. L. Thomason brought Mrs. David Hutchins to model the new coiffure, the Honey Hug. Club members watched attentively as Mrs. Thomason showed the correct setting and comb-out for the styling.

Attending were Mesdames Cliff Allmon, Roy Botkin, Ted Godfrey, Charles Jacks, Earl Lance Jr., Raymond Wiley, Laurence Jackson, D. L. Thomason, David Hutchins and the co-hostesses.

### School Slated Monday For Parliamentarians

A special invitation is being extended by Pioneer Study Club to all presidents and parliamentarians of clubs and to any interested club members to attend a course in parliamentary procedure. Starting at 9 a.m. Monday, March 20, at the Flame Room of the Pioneer Natural Gas Company building, the course will be taught by Mrs. W. D. DeGrassi of Amarillo, noted authority on parliamentary procedure.

The lecture period will cover the morning hours. Mrs. DeGrassi will speak on leadership and its responsibilities, order of business, specific duties of officers and motions and amendments in general.

A salad luncheon will be served at noon, with each guest being asked to bring a salad. The afternoon session will be used for a question and answer period.

Mrs. DeGrassi has served six years as parliamentarian for the Texas Congress of Parents and Teachers Association; six years as parliamentarian for the Amarillo Federation of Women's Clubs and four years

# There's A Little Bit Of Heaven In Every Irishman

BY MONA JETTE  
BRAND WOMEN'S EDITOR

Friday was a day for the Irish, as millions of Irish-Americans all over the United States celebrated St. Patrick's Day. It was a day for dancing and feasting, for the "wearing of the green" and choosing various and sundry queens, such as near-by Shamrock's "Miss Wild Irish Rose."

Mrs. Nellie Elaine O'Meara Bordner, 122 Catalpa, is the Emerald Isle's contribution to Hereford. She is a petite little colleen, with snappy blue eyes. She still speaks with a bit of an Irish brogue, accented with a Southern drawl and a Kansas twang. It's really something to listen to her!

Nellie came to America in 1898. She was born in County Tipperary, 40 miles from Dublin, in a big rambling farmhouse. The O'Mearas were a big happy family and boisterous with the laughter of the five O'Meara girls and one boy.

With the death of Mrs. O'Meara, Nellie's father, William, decided to take his family to America, following in the footsteps of many of his relatives. They boarded the Eritanica, a steamer for the White Star Line at Queenstown, Ireland. Captain of the ship was Edward J. Smith, the same Capt. Smith who went down with the Titanic on April 15, 1912.

"He was a wonderful man," Nellie said. "I remember I had fat rosy cheeks and he was always pinching them. All the

children aboard ship thought Capt. Smith was just about it." Nellie was 14-years-old at the time of the O'Meara family's move to America. The trip took eight days, counting the 24-hour period spent fighting a fierce storm off the coast of Newfoundland.

As the Britannica pulled into New York Harbor, the decks of the ship began to fill with people, all eager for their first look at America. It was a dark night, foggy, foggy, tooting dismally in the distance. Suddenly, lights began to appear, multiplying rapidly as the big steamer drew closer to her destination.

"It was a beautiful sight, even at night," said Nellie, looking back into the past with bright eyes. "But then it had to be, since it was the front door to America."

After the ship had docked and the O'Meara belongings collected, the family left for Kansas, where they were to make their home. The wheatlands of Kansas were a far cry from Nellie's green homeland, but the family soon adjusted to the change and began to take hold in their adopted country.

"Kansas had snakes, something I had never seen in Ireland," Nellie stated, a shudder of revulsion running across her face. "St. Patrick charmed all the snakes out of Ireland, you know... or at least that's how the old legend goes."

"And the schools weren't as strict over here as they were back home," she laughed. "In Ireland, they teach with a bit of the hickory stick, you know."

Nellie spent the remainder of her girlhood years in Winfield, Kan., until her marriage to Harvey Bordner, an oil drilling contractor. The young couple moved to Ft. Stockton, Tex., where they lived for a number of years before moving back to Kansas.

They soon returned to Texas, and lived in Big Spring until Harvey's death four years ago. Nellie now makes her home with her daughter and her husband in Hereford.

### Thrift Discussed By Mrs. Parsons

Mrs. Grady Parsons, family economics demonstrator, presented a program on "Thrift" at a recent meeting of the Cultural Home Demonstration Club. The meeting was held in the home of Mrs. George Parker.

Ross call was answered with "An old-fashioned thrift practice."

During the presentation of the program, Mrs. Parsons told members that thrift is economical management. Money, she continued, is not the root of all evil... but the love and worship of money is.

"How you handle money," Mrs. Parsons said, "reveals a lot about your maturity."

Mrs. Parsons went on to tell members of the three stages of thrift in a person's life; such as a child saving money for a piggy bank, the teenager's allowance and the cold world of providing for your family.

She concluded her program by telling members that in developing a good spending plan, you should first decide what you want your income to accomplish, then work toward the goal.

Attending were Mesdames J. D. Love, J. G. Gandy, Grady Parsons, Earl DeHart and the hostess, Mrs. Ben Conklin was a guest.

The next meeting is slated March 24 in the home of Mrs. C. E. Johnson.

### Mon Amis Club Hosts 42 Party

A 42 party was held Friday night in the Flame Room of the Pioneer Natural Gas building. Members of Mon Amis Study Club of Summerfield served refreshments of assorted pies and coffee to the following members and guests:

Messrs and Mesdames Earl Lance, Reese Dawson, J. R. Eudler, Johnnie Fields, Jerry Landers, J. B. Noland, Clinton Glenn, W. C. Quattlebaum, Jim Lookingbill, Ken Christie, Cliff Allmon, Raymond Wylie, Ted Godfrey and Laurence Jackson.

## Once Over Lightly

There is no one whom I admire (and secretly envy) more than the attractively dressed young mother downtown for an afternoon of shopping. Trailing behind her are four or five children, all of them pre-school age, neat, clean and well-mannered. And to top it off, she probably left her home shiny-clean and a four course meal bubbling merrily in her efficient oven.

Frankly, how she does it remains a mystery. Of course, I keep telling myself, "I work." But that is no excuse, I'm still the perfect picture of complete organization.

My living room always looks as tho' it's been used for a quick detour by a Sherman tank. That's no joke. Friends who call don't know whether to come in or notify Rescue Flight.

The floors are decorated with strategically placed globs of peanut butter and teddy bears, all sans eyes and ears. (The bears, not the peanut butter.) The walls are especially eye-catching, if you take careful note of row after row of grimy little handprints.

Coming home from the office, it's time to start dinner. And what greets me as I walk into the kitchen? Nothing but the orlorn garbage, which was supposed to have been taken out the night before. (Husbands are SO dependable.)

And how many of you mothers had those rosy dreams of your family "dinner hour?" At our house, it's a hectic time of digging mashed potato balls, refereeing the fight over the last pork chop and cleaning up the glass of inevitably spilled milk.

Then comes time for the nightly Bath Brigade. Armed to the

# Swiss Exchange Student Has Ladies Night Program

BY MRS. R. L. PINNELL

Thursday night was Lions Club "Ladies Night" and the evening proved a great success for all concerned.

Miss Heidi Rutishauser, Swiss exchange student from Hereford, brought the entire program which consisted of slides from her native country and a talk which included a question and answer session. She sang a native song which delighted the entire audience.

Members and their wives attending were: Messers and Messdames, Bob Caldwell, Ray Brown, James Sessions, W. E. Lemke, Keith Kromer, D. W. Morgan, E. K. Pinnell, Jim Perrin, and Ronald Fuhrman. Weldon of Hereford, who brought the guest speaker. Also attending were John Skaggs, Clyde Fincher, Jess Fincher, John

Horton, John T. Lewis and Mrs. Grady Skaggs.

Rory Manning was honored on his fourth birthday Saturday with a party in the home of his parents, Mr. and Mrs. J. R. Manning. The theme of the party centered around the cartoon character, Mickey Mouse and his friends. Mrs. Butch Boydston assisted with the games. Those present were: Melanie Creitz, Cherrie Betts, Kim Blassengame, Shirley Shelton, Dennis Brown, Mike Briggs, Paul Jacobson, and mother's Messdames Lorin Creitz, Billy Briggs, Robert Jacobson and Billy Brown.

Mr. and Mrs. Hallie Gee, Rony and Russell of Bovina visited Saturday with the Jim Cavins.

Saturday and Sunday guests in the Lloyd Heaton home were Mr. and Mrs. H. C. West Sr. and Lavonia and Mr. and Mrs. J. C. West Jr. and Mike of Albuquerque, N. M. On Sunday Mrs. Heaton's mother, Mrs. Mary Bolen and son, Russell Bolin, and family of Clovis joined the group. The younger Wests remained for a few days with Mrs. West's parents.

Mr. and Mrs. T. N. Monk were in Turkey this week with her brother, Mickey, Mary and family. They also were in Quitaque to visit his brothers, Ace and James.

Mr. and Mrs. Ernest Gilbert of Leedy, Okla., were recent guests in the home of their cousins, the Herman Siffords, at the Bridwell Ranch.

Mr. and Mrs. Lee Thompson of Isabell, Kan., and Mr. and Mrs. Bob Renfro of Clayton, N. M., visited in the R. D. Sisk home Monday and Tuesday of last week.

Carroll Gruhkey, Mrs. Floyd Brown, Mrs. N. L. Jacobsen, and R. D. Sisk were summoned for jury duty at Vega for three days this week.

Mr. and Mrs. Cotton Lane of Albuquerque, N. M., were weekend guests of her mother, Mrs. Bessie Sponde, this week.

Mrs. Joe Speed is in South Texas for two weeks of visiting relatives. She will also visit the Vivian McAdors at Van Horn while there.

The Adrian Volunteer Fire Department will present "The

Great Zogi," a magiclan show, Thursday, March 16, at 8 p.m. A matinee will be held the last school period for the children. Show profits will go to buy additional fire equipment.

The city commission has voted to construct a city building to house the fire truck and city office. Mayor Lester Houston is busy on the plans and it should be constructed in the very near future.

The newly-organized Boy Scout Troops enjoyed a three mile hike Saturday to Paint Rock to prepare and cook dinner. Scoutmaster Grady Skaggs was assisted by Robert Jacobson. Sixteen boys accompanied the leaders. They were: Mike Horton, Stanley Heaton, Clin-

ton Earl Brown, Wayne Whaley, Dickie Harwood, Ricky Gruhkey Jr., David Whitter, Larry and Tommy Loveless, George Harwood Jr., Clark and Billy James, Dale Gruhkey. At on Whitter and David Gruhkey.

Mr. and Mrs. Billy Sifford announced the arrival of a son, David Keith, born March 8 in Palmer County Hospital in Friona. Paternal grandparents are the Herman Siffords and maternal grandparents are the Elmo Deans of Friona.

Mrs. Keith Kromer recently was hostess to a young mother's coffee in her home. She was assisted by Mrs. Grady Skaggs. Attending were: Messdames Jimmy Brown, J. R. Manning, Robert Jacobson, Gene Moore, Billy Briggs, Billy Don Brown and the hostesses.

Mr. and Mrs. J. D. Wright of Fritch were Sunday afternoon guests of his cousins, Mrs. Bob Gruhkey and Mrs. John Horton.

Mr. and Mrs. Herman Sifford attended the Wednesday funeral of his brother-in-law, Clyde Trent in Hammon, Okla. They drove down Tuesday night and

returned Wednesday night.

Mrs. Billy Briggs, Mrs. Billy Don Brown and Mrs. Keith Kromer attended a fashion show and luncheon at the Amarillo Club Wednesday.

Mrs. Claribel Wykoff resigned her position in the English department this weekend due to ill health. The Rev. J. R. Manning has agreed to finish out the term.

The Lorin Creitz family drove to Turkey Friday to visit the Rev. and Mrs. Johnnie Williams and Marlene.

Miss Erma Fae Bronniman of Amarillo and Oscar Bronniman of Clarendon were weekend

guests of their parents, Mr. and Mrs. O. A. Bronniman.

Mr. and Mrs. H. D. Tomlinson took their grandson to his Las Vegas home after a 10-day visit with his grandparents here.

Mrs. Ralph Perry left Tuesday for Ft. Worth to visit her daughter, Mrs. Elmer Farr's and family.

Mrs. Ernest Frank left Thursday for Woodward, Okla., to visit friends and relatives.

Nellie has always wanted to go back to Ireland for a visit... but somehow the years have passed by without the fulfillment of that wish.

"I've never even kissed the Blarney Stone," she smiled. "And me an Irishman!" Nellie's age was never revealed during the interview, but it was deduced that she will have to admit to 79 years. She looked twenty years younger as she served coffee and cookies to her guest, stylishly dressed in a navy blue dress and diminutive high heels. Maybe there's something to this "luck of the Irish."

Many years have passed since Nellie, and millions like her, first set foot on American soil. We owe much to the O'Hara's, the O'Toole's and the O'Meara's. And to the Schmidl's, the Giovanni's and the Kluzewski's. They, in a nutshell, are America.

## Congressional Committee System Another Slap At Fading Freedoms

It has often been said that freedom is more difficult to keep than to attain, and developments during recent years certainly indicate the full truth of such thinking.

In America we are proud of the fact that we do still hold open election, through which we select the representatives and senators of our choice. Unfortunately, however, it seems that our desires beyond this point are subject to a minority dictatorship. The condition is strictly one of power politics, and there seems to be very little the American people can do about it.

At least twice in recent months, this situation has been pointed up to the people of our area; first, when the Democrats, spearheaded by our own Sam Rayburn, increased the personnel of a House committee to get bills out of the committee; and open to vote; second, when the House agriculture committee refused to hear testimony of the part of Congressman Walter Rogers and the Texas Sugar Beet Growers Association. As a final result, it now seems that we will use a bit of power politics and lock the "Sugar Act" inside the Senate committee if possible.

Most of us realize that more axes are ground in Washington, D. C., than probably any other place in the world but, until now at least, they did listen to both sides of the question.

Dictatorship within committees is a bad enough situation, and certainly a far cry from the basic constitution as written by our founding fathers. In the specific instance of the Sugar Act, however, the situation is even worse, because the House Agriculture Committee listened only to appointed officials and were swayed 100 percent by professional bureaucrats. Duly elected representatives of the people, along with grass-roots delegations of those same people, were turned away without the mere courtesy of an audience.

The cause of this condition is far more simple than the remedy. Such dictatorship within committees was created by federal control and centralization of power, a circumstance which Thomas Jefferson warned against in his famous "Letters from the Farm" in 1787. It has frequently been publicized in recent months under the title of "States Rights", apparently defended by a zealous minority.

The only possible remedy, it seems to us, lies in the direction of old-fashioned democracy — and the people. As a people, we must place the welfare of the

## Church Missions Spread Culture

Recently we noticed with interest that a statesman was recommending more U. S. missionaries in all parts of the world. The idea appears indeed worthwhile, even when judged from the sole standpoint of international relations.

The church, it seems, comes much nearer representing the average American citizen than do our government officials or, for that matter, American business enterprise. Hawaii, for instance, became an American state by choice, while Cuba preferred to follow Mr. Castro and the communist regime. Both islands are basic producers of parallel products and both received the same percentage of American subsidy. The big difference, it seems to us, can be attributed to extensive missionary work in the Hawaiian Islands.

Primarily, the people of most underdeveloped nations do not know what to do with wealth — even when they receive it. Add to this, the fact that sharp operators are likely to follow U. S. subsidies closely, and to gobble up most of the benefits before the money actually reaches the people — and you have a situation, which is ripe for Khrushchev to step in just as he did in Cuba.

A program of the type sponsored through most church missions on the other hand, could generally improve the citizens of backward nations to a point where they could fully appreciate our democratic form of government. A mere fraction of the money which the United States today allocates to foreign aid would multiply the number of missionaries now in the field many times over. The only trouble with the plan would be the hazard of government control of the missionaries, and could easily nullify the entire program as we now know it.

Meanwhile, without doubt, church missionaries from America are spreading culture, economic improvement and higher living standards around the world at the same time they are spreading Christianity. The circumstance is certainly not a new one for, always, freedom and Christianity have gone hand-in-hand. In fact, where you find one, it is inevitable that you will find the other.

nation ahead of our own immediate personal gains and desires. Freedom will have to be ranked above greed, which is often dangled before us in the form of "baits".

Unfortunately, both of our major parties appear dedicated to the adoption of limited socialistic measures, and both have shown a tendency to strengthen, rather than lessen, federal controls. Today, we have left only our public schools, and this institution along with socialized medicine is today seriously threatened on the federal level.

One thing is for sure. We cannot continue to possess freedom and live within a socialistic state. History also teaches us that socialism is one bare step removed from communism. The answer to these threats is entirely up to the American people, and it will carefully measure their ability to govern and control themselves. If we cannot achieve this status, who can?

## Social Security Poses Problems

EXPANSION OF THE security system to include medical care for elderly persons, offers some tough nuts to crack. Experience shows that in politics things are advocated that are unworkable. Richard Starnes, columnist for the Washington Daily News, reveals some not very comforting statistics on the entire social security set-up. "In its first quarter century", he says, "social security took in \$70 billion. It paid out \$50 billion of that, and has \$20 billion of government bonds in the kitty. Against that \$20 billion there are obligations, at the present rate of benefits, of \$360 billion."

If you wonder how the social security system has reached such a pass the answer is simple. Mr. Starnes cites a not unusual case—a pensioner who paid for three years, starting in 1937. Then he retired. Since then he and his late wife together have drawn \$13,490 in benefits while their total contributions to the fund had been \$40. But in the case of young people starting to work circumstances are reversed. They can never hope to take out as much as they are forced to contribute.

There is little justification for further taxing, in the name of social security, already overtaxed younger workers to provide medical care for millions of elderly persons who are both able and willing to care for themselves. Senator Harry F. Byrd, a distinguished democrat who has as great an understanding of the fiscal problems of the federal government as any man, does not mince words, "I am opposed to . . . compulsory medical service and hospitalization under the Social Security System. I am convinced this would lead to socialized medicine with the possibility that it would bankrupt the social security trust fund."

## Optional Law On Herbicide Usage

Deaf Smith County commissioners are faced with an unusual problem in deciding whether to invoke an optional state law regarding the use of herbicides. The proposed law, in brief, would require licensing and bonds for use of sprays which could injure the crops of neighboring farmers.

The very fact that the optional law is available indicates the scope and seriousness of the problem. Frankly, we cannot see a lot of difference in damaging a neighbor's crop from his automobile or, for that matter, setting fire to his house by accident. Most generally the courts seem to have upheld this line of thinking, but the person who inflicts the damage is not always able to meet the penalties awarded through civil courts, which often leaves the injured party in a bad position.

Still more applicable, it seems to us, is the current regulation in this county concerning the blowing of fields. As we understand this regulation, the county has the right to go into a blowing field and chisel the land to halt blowing and save the crops of neighbors; the owner of the blowing land, of course, is assessed and charged the cost.

If the optional law is based on fair and reasonable license fees and bonding costs, the proposal would appear to be well within reason. It should eliminate numerous civil suits, which are bound to increase in number as the years pass, and it does place a definite responsibility on the user of herbicides, just as the physician and pharmacist are licensed and held responsible in the distribution of drugs,

## The POWER of FAITH by Howard Brodie

"And when he was come nigh, even now at the descent of the mount of Olives, the whole multitude of the disciples began to rejoice and praise God with a loud voice . . . saying, Blessed be the King cometh in the name of the Lord; peace in heaven, and glory in the highest." (Luke 19:37-38)

## Start Counting Signs Of Coming Of Spring

BY MRS. R. L. CRISWELL  
March came in like a lion, so now we can look forward to seeing it go out like a lamb—but usually if this happens April comes along with its showers, bringing May flowers, it will have plenty of wind too.

But we do know that spring is on the way and just cannot be too far off. The time a young man's fancy turns to thoughts of love and the young lady's thoughts turn to new Easter bonnets and frocks and slippers, and a lot of things. Why? Because these things help to turn the young man's fancy to love.

There are so many signs of spring; the farmers begin plowing and the familiar dust blowing in most every field is a sure sign. The new garden and flower catalogs that have been looked at so wishfully are rather dogeared and worn and the gardeners are out in the yard spading up the flower beds or checking for the first daffodil.

The crocuses are gone now, but how lovely they looked in the snow, and the tulips are sticking their heads up and will soon have a crown of color. The aching muscles remind us that we have turned soft during the long winter and it is time to harden them.

St. Patrick's Day with its green shamrocks and lilting music tells us that spring is only a very few days away. We can't think of the shamrock without thinking of the Irish and the blarney with which they have been endowed. Their gay folk dances with music that make feet itchy to dance.

If you like robins and would like to have them visit you often, plant buffalo grass in your yard. They will love you for it and visit you daily for a feast of the seed.

A lady from Central Texas said "I never realized just how many birds we had until moving to the plains, then I missed them so much I began counting the different kinds and could name more than 300. I suppose the lack of trees keeps many from stopping on their bi-annual flights, but the bluebirds that come in flocks during February were a never ending delight to our family. The cardinals with their bright coats would spend hours in the Hackberry trees as they loved the berries, especially when the snow was on the ground. With their short but sweet songs, life in the country is a happy place for observant people."

If you want to test your house-keeping, put a creeping baby on the floor and see how quickly he gets around, and if there is a string or a ball of fuzz he will locate it for you in a short time.

When you get too old to dream, it's time to check your Social Security rights.

When tempted to repeat idle gossip, breathe through the nose for five minutes.

## County Commissioners Cite Architect In Suit

50 YEARS AGO

Late Monday afternoon the county, through the sheriff's office, served papers upon architect Chamberlain, notifying him of a suit filed by the court alleging breach of trust and contract in connection with the new court house. The sum named was \$30,000 and is made up of three counts in which the court claims damages. It appears that some weeks ago the commissioners court discovered that changes were being made in the construction of the building as they thought it should be. Whereupon they employed Messrs. Saginot and Straats, expert architects of Ft. Worth, to make an examination of the building. Their general superintendent, K. C. Wilson, came to Hereford and after a thorough examination the above action was taken as a result of their report to the commissioners. Both the old and new court claims that the building is not what it was thought to be and that the construction company was working under plans not before seen nor understood by the commissioners. Upon investigation it was discovered that three sheets of the blue prints, which contained the "fire-proofing" plans changed in several ways the finish of the interior and exterior of the building. The court claims that these changes were made without their knowledge and cognizant consent. The court further holds that it was the contract duty of the architect to inform the commissioners of the changes, if there were any, and it is upon his failure to do so inform them that suit has been filed.

25 YEARS AGO

Contractors and architects for the remodeling project on Central School met with the Hereford school board Tuesday morning and announced that all preliminary work preparatory to starting construction had been cleared and that they were now awaiting the issuance of the grant from the Public Workers Administration. Rittenberry and Carder, architects, said they had completed all plans and said that they had been approved by state PWA offices in Ft. Worth. They are ready to issue a work order as soon as funds are available. According to the contractor's plans, class room work will not be interrupted from the time construction starts until the term is completed. All work on the interior of the building would wait until school has been dismissed for the summer vacation,

### CENSUS ABOVE LAST YEAR

County School census for 1961 has been completed this week and the totals tabulated by Jerry Lumsden, county superintendent. The new census shows an increase of 101 students over the 1960 figure. Figures include all persons between the ages of 6 and 18 years, who were living in the county and the individual district on Feb. 1, 1961. Total for the year was set at 5614 as compared with 5513 for 1960 and 5259 for 1954, the first year a record was kept by Lumsden. The 1961 totals by districts include: Amherst 416, Littlefield 2203, Olton 1260, Spade 228, Springlake 822 and Sudan 724. The year 1960, totals by district were: Amherst 377, Littlefield 2178, Olton 1186, Spade 226, Springlake 822 and Sudan 724. Olton showed the largest gain with 56 additional school age students. Amherst was second with an additional 39 students and Littlefield was third with 25 additions.

### LIBRARY GIBEN EDUCATION KITS

Hundreds of requests for information on the subject of cancer are received each year by the Texas Division of the American Cancer Society. Now, thanks to a special project completed by the Andrews County Unit of the Society, the answers to these requests may be found in two libraries in Andrews County. Reference kits especially prepared for library use were presented to the libraries here Friday by Mrs. Edwin Brenholtz, president of the Andrews County Unit, and Mrs. M. W. Avery, education chairman. Libraries in which the material is now available are the Andrews County Library and the Andrews High School Library. Included in the kits are folders of information about the American Cancer Society and its program resources.

### COUNCILMEN PONDER BUDGET

Members of the Levelland City Council in a special meeting Monday night devoted several hours of study to a proposed budget for the coming year, but left the council chambers without taking any action. The proposed budget mulled over by the council calls for an increase in expenditures for the coming year, starting April 1, of \$27,479 over the current year's budget. The new budget calls for expenditures of \$452,080 as compared to \$424,601 last year. At least \$22,000 of the increase, according to City Manager Kenneth Harper, will go for a \$17,000 payment to R. D. McDonald for water mains to the Country Club subdivision for a new \$5,000 billing machine — if the council approves the budget as it stands. A portion of the \$17,000 due McDonald under provisions of city repayment for sewer lines to the subdivision installed by the developer includes some \$1,800 for water line extensions within the city limits owed to McDonald for more than a decade now.

## The BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bind-weed farm discussed confusion this week, without clearing it up.

Dear editor:

Every morning the first thing I want to do is get hold of a newspaper and find out what's going on, who won the cold war the day before, have they solved the farm problem, and things like that.

Well, something happened to my source of supply and I went for a solid week without seeing a paper or listening to a radio or looking at television.

Then I got hold of a newspaper and read it thoroughly and I have a confession to make: I can't tell any more who's winning the cold war now than I could a week ago, and I know from personal experience they haven't solved the farm problem.

It's like accidentally tuning in a televised baseball game somewhere along in the middle of play with the audio portion of the set not working. You'd don't know what the score is, what inning it is, or who's playing.

The Congo seems to have gotten along a whole week without me knowing a thing that was going on over there, and to save my life I can't tell you what the situation is now after I've caught up with the news.

We've shot some more satellites up, they're circling the globe on schedule, but I don't feel any different than I did before they went up and there's still as much undone work on this grass farm as there was before. Reading a newspaper is important, but if you're reading it to eliminate your confusion, you're on the wrong track. I know a man who reads four papers every day and he's as confused as I am.

I'm not suggesting I could get along without newspapers, but I have found that newspapers can get along without me, even if they don't know who's winning the cold war either.

For a while, I figured newspapers ought to carry box scores every day on the cold war, but now I know why they don't. Nobody knows what the score is.

Yours faithfully,

J. A.

**CATCHER MET CATCHER** at home plate Tuesday afternoon during a diamond clash here between Hereford and the Amarillo Sandies. Wes Poarch of Hereford blocked the plate with his leg and tagged catcher Mike Dewlen of the Sandies firmly during the sixth inning of the game. Dewlen was out trying to come in on a slow roller to third baseman Edwin Thomas. The Sandies, however, got six runs during the inning enroute to a 12-6 victory. (Staff Photo)

#### NOTICE

Secretary of State Frank Lake announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1963 must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between June 1, 1961 and June 10, 1961.

Lake emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the County Clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk between April 1, 1961 and May 20, 1961. Application during this period will assure prompt attention before the rush procedure of re-appointing present Notaries.

The Secretary of State further pointed out that each person applying for a commission as a Notary Public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the County Clerk.

Mrs. Verna Schroeder gave a program on Thrift and Family Economics at the recent meeting of the West Hereford Home Demonstration Club.

### Jr. Achievement Key Club Topic

A program on Junior Achievement was given by Dr. H. A. Cavness at the recent meeting of the Key Club in the Community Center. He said Junior Achievement is an organization set up like a big company to teach young people how a big company is run. There will be more about this later on.

Joe Frank Huckert was appointed project committee chairman and Joe Schultz was appointed chairman of the nominating committee. The charter banquet will be March 27.

There will be regular night meetings on the second and fourth Mondays at 7 p.m.

Joe Mack Hale was admitted as a new member. Visitors present were Bartley Dowell, Bill Patton and Dr. Cavness.

Each member answered roll call by giving a way to save for the future.

Plans were made to entertain the Progressive H. D. Club with a salad luncheon on April 11.

Games were enjoyed by the members. The hostess's gift was won by Mrs. Evelyn Bell. The next meeting will be in the home of Mrs. Myrtle Witherspoon.

Members present were: Evelyn Bell, Vern Witherspoon, Edna Bowe, Blanche Mosley, Minnie Vaughn, Mable Vaughn, Edna Anders, Jewel Awtry, Alice Cox, Ida M. Vaughn, J. B. Shirley, W. J. Frost, Mary King, Vida Jacobson, Verna Schroeder and the hostess, Grace Witherspoon.

Mrs. Farmer Hostess For Club Meeting

BY MRS. MELVIN BARTON The Easter Club met Thursday afternoon with Mrs. Ethel Farmer as hostess. Members present were: Mesdames John Burnett, Henry Flood, C. N. Land, W. A. Epperson, W. M. Mass, W. O. Markley, Melvin Barton, Ethel Farmer, Fred Walton, and Leo Hall. Mrs. Loye Stone was a visitor. She is an ex-member and past secretary.

Lisa and Greg Hall of Dimmitt spent three days visiting their grandparents, Mr. and Mrs. H. O. Markley and cousins, Lonnie, Kathy, Sonia, and LaVita Markley while their parents, Mr. and Mrs. Murray Hall, went to Austin to the basketball tournament.

Mr. and Mrs. Hubert McMullin of Erick, Okla., visited in the H. O. Markley home Monday. Mrs. McMullin is Mrs. Markley's sister.

Mr. and Mrs. Dale Maxwell and children visited in the W. O. Markley home Sunday afternoon.

Mr. and Mrs. H. O. Markley went to Fluvanna, Texas, Tuesday to visit her sister and husband, Mr. and Mrs. Horace Carmichael, and also to visit her brother and family, Bud Hughes.

Mr. and Mrs. Claude Duran from Brownstown, Wash., were visitors in the Fred Walt on home Sunday.

Mrs. Duran has been caring for her mother in Kress since before Christmas. Mr. Duran came from Wash. two weeks ago. Last week the Durans visited relatives around Houston and Dallas. The Durans lived in this community until the late 40's.

Mrs. Ruby Stone and Mrs. Fannie Taylor are in Truth or Consequences, N. M., for a two week vacation. Mrs. Stone stayed the weekend in Stinnett with Mrs. Taylor before they left on the vacation.

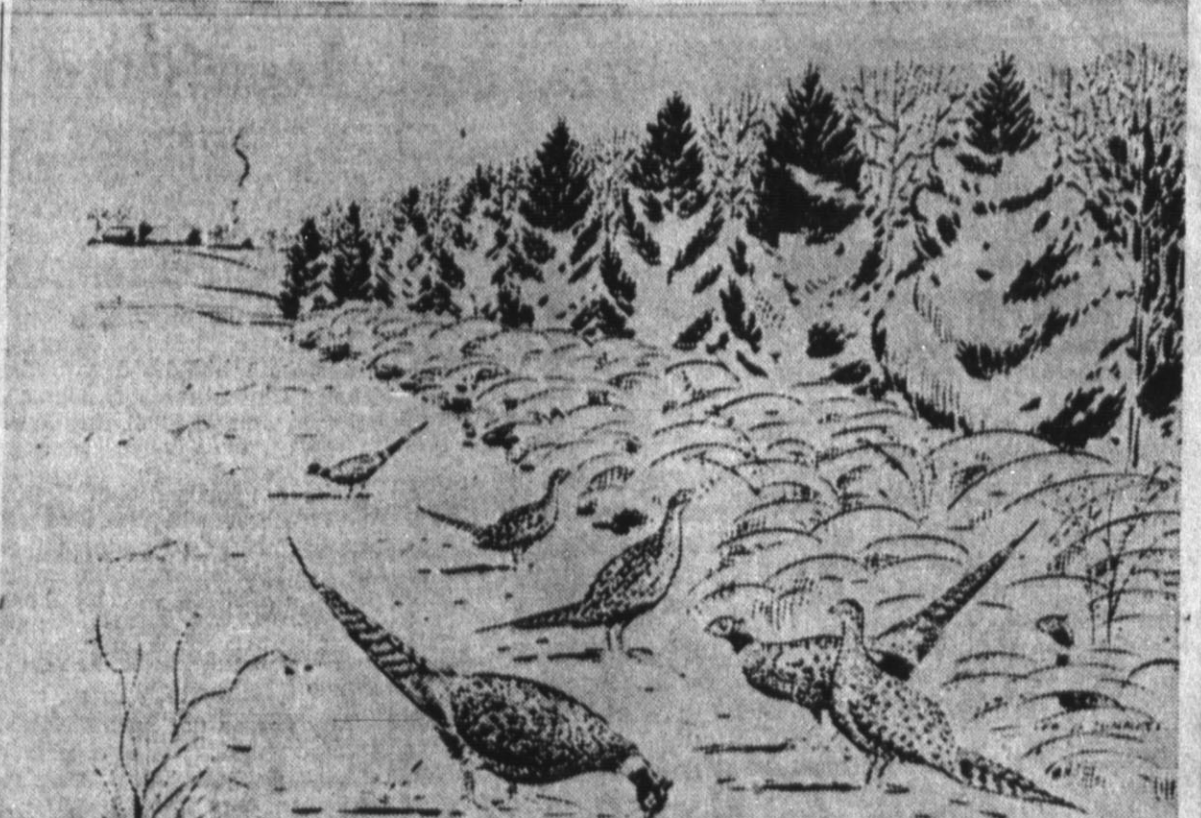

Mrs. Ethel Farmer spent last weekend in Pampa visiting her friend, Mrs. J. S. Love. Mrs. Loye Stone, Mrs. Vern Lust and Ethel Farmer shopped in Plainview Wednesday.

Mr. and Mrs. Melvin Barton and daughters had dinner and attended a birthday party at the home of Mr. and Mrs. Edd Haley last Sunday. The Melvin's nephew, Brad Haley, was five years old.

Mr. and Mrs. C. N. Land returned from a trip to Orange, Texas, to visit Mrs. Land's sister.

'QUIXOTE' GOES LYRICAL New York (AP) — A new musical version of the classic "Don Quixote" is under option for future Broadway production.

GAME BIRDS, such as quail, pheasant and chukars, do well in this area when treated as a crop. Food plantings and windbreaks are the best means of encouraging more wildlife, which can become a pleasure to watch or a challenge to hunt.

SCD Urges Quail, Pheasant Stocking In Wildlife Areas

Two years ago the Tierra Blanca Soil Conservation District secured 200 Bob White Quail and placed on cooperators' farms. The Tierra Blanca SCD is again encouraging farmers and ranchers to stock either quail or pheasants in their places this year, announced Luther Lesly, chairman of the SCD board of supervisors.

Lesly stated that wildlife as we know it in the United States is largely an agricultural crop. Like other agricultural crops, wildlife welfare is largely in the hands of farmers and ranchers. Since there is a large part of the District in cultivation, the wildlife population is small. It has grown necessary to "plant" wildlife by stocking for increases, says Lesly.

Lesly encouraged the cooperation of all farmers and ranchers in Deaf Smith County to secure quail, pheasants, or chukars to stock. With a small effort on the farmers part our farms can produce a wildlife population that we can watch, hunt, or otherwise enjoy, adds Lesly.

Wildlife food plantings and windbreaks are one method of encouraging wildlife to produce. Most of our farms have small areas which are difficult to farm and could be converted to wildlife areas. Multiflora rose in a wonderful wildlife cover and also serves as a "living fence."

Windbreaks of Arizona Cypress, red cedar, and other adapted evergreens also provide a wildlife habitat. A windbreak serves several purposes. Planted around a farmstead a windbreak will reduce wind erosion and keep homes warmer by breaking up the wind.

Windbreaks planted in fields would serve not only for wildlife but a place for livestock to be protected during cold winds and snows while grazing on wheat pasture.

A few rows of corn planted for roasting ears could be left standing after frost and wildlife could feed on the remaining corn. A few rows of sorghum stubble left standing during winter will prevent wind erosion and also provide cover and food for wildlife. Irrigated grasses for grazing also provide wildlife areas.

For assistance in planning and ordering wildlife, farmers and ranchers are encouraged to contact the SCD board of supervisors, the Soil Conservation Service, the Home Demonstration agent, or the County Agent, concluded Lesly.

READING SURVEY MILWAUKEE (AP) — Married women, at least in Milwaukee, read more books with sex themes than married men, according to a survey by two Marquette University professors.

They found that 25 per cent of the books read by Milwaukee men and 30 per cent of those read by women fall into the sex category.

The survey was made by Profs. Arthur S. McDonald, head of the Marquette reading center, and Robert Craig, associate professor of education and director of research for the education department.

Honor Woodford As Outstanding PiKA Member

Bill Woodford of Hereford was named outstanding member of the year at the annual Pi Kappa Alpha fraternity banquet Friday night at the University of Texas.

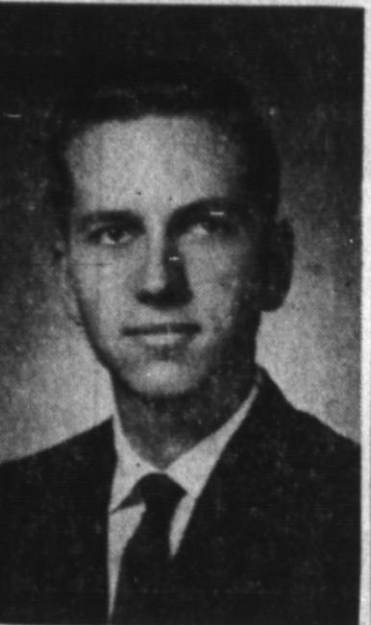

He was presented an engraved loving cup by David C. Powers of New York City, national president of PiKA. Several other national officers were on hand for the banquet.

Woodford is serving now as president of the fraternity's chapter at the University of Texas and last summer served as the fraternity's state rush captain.

Woodford also was invited last week to become a member of Pi Sigma Alpha, national political science honor society.

He is to be graduated in June with a Bachelor's degree and plans to enter the TU Law School next fall.

A graduate of Hereford High School, he is the son of Mr. and Mrs. Lisle Woodford, 118 Avenue B.

REMEMBER WHEN?

BY CHARLIE SEEDS

In a dramatic meeting at sea, the heads of government of the free world's most powerful nations met. The drama of that meeting in the North Atlantic was underscored by the fact that hordes of German submarines were at that very moment prowling the seas, hunting for victims.

This was the historic meeting of Roosevelt and Churchill which resulted in the famous "Atlantic Charter," in which the two countries pledged themselves to work together for world peace and "the final destruction of the Nazi tyranny."

Britain was then at war with Germany, but the U.S. was not. In the eight points the Atlantic Charter we announced to the world the principles in which we believed... and for which we were soon to fight. Remember when the startling announcement of this historic meeting was made?

Remember the year? When a man bought a new car that year, he didn't know that it was going to have to keep going for many years to come. It was a time when the lasting performance a car could give, and the service a dealer could provide, were especially important.

The year was 1941. Dependable service is just one feature of the new 1961 Ford... the car that will stay looking like new and performing like new for a long time to come! And your new '61 Ford at its best. See your servicing dealer now! CHARLIE SEEDS MOTOR Co., Inc. W. Hwy. 60 at Miles. Phone EM 4-2727.
