

Scene Of Fatal British Flood

Water from a swollen tributary, the aftermath of disastrous flash floods, pours down a hillside into Lynmouth, hardest hit of the resort towns along England's southwest coast. Furniture and battered cars, deposited there by the raging floods that made the town's main street a torrential watercourse, lie near one of the resort's hotels. Authorities have recovered eleven bodies and fear that the death toll in Lynmouth might reach 40 persons. (AP Wirephoto).

OPS Pushes Plans For New Food Ceiling Lists

By WILLIAM O. VARN
WASHINGTON (AP)—The government stepped up plans today to post dollars and cents food price ceilings on the walls of more than half of the nation's 500,000 grocery stores by Oct. 1.

Record Allowable Is Set For September

By BO BYERS
AUSTIN, Aug. 19 (AP)—An all-time record oil allowable of 3,225,415 barrels per day was set for September as the Texas Railroad Commission today granted a tremendous 261,201-barrel increase.

Cloud Seeding Fund Is Hiked

The fund to pay Howard County's quota of the cloud seeding project, designed to increase rainfall was increased \$215 over the week end. It has been reported by R. V. Middleton, committee chairman.

X-Rays Being Made Here At Rate Of 71 Per Hour

Howard Counties were flocking to the chest X-ray center at the rate of more than one a minute this morning as the annual anti-tuberculosis survey got underway.

Collision Reported

Involved in a collision at 900 Gollad about 5 p.m. Monday were vehicles operated by B. G. Vaughn, D&G Trailer Courts, and W. J. Moore, 402 Edwards, police reported.

Farmers Seek Disaster Status For 18 Counties

No Promise Made For Help In W-T

ABILENE — "If you Texans can persuade your governor to write the President of the United States a letter asking that Texas be declared a disaster area we can furnish the farmers and ranchers of West Texas with hay at about \$40 a ton."

Several of those making reports said stockmen in their counties face almost impossible difficulties. From all points came the statement that hay is too high to feed and not of good quality at that.

Soon after Gabe Hammack, Howard County PMA administrator, had reported to the meeting it had been estimated that \$1.5 million would be needed here above and beyond local funds that were available, and Durward Lewter, Howard County agricultural agent, described crop and animal conditions in this county.

WASHINGTON (AP)—President Truman has ordered the lift off a long-secret report on international oil deals amid new charges that a rich and powerful oil cartel is siphoning U. S. foreign aid funds.

State Group Will Probe Oil Cartels

WASHINGTON (AP)—President Truman has ordered the lift off a long-secret report on international oil deals amid new charges that a rich and powerful oil cartel is siphoning U. S. foreign aid funds.

Right-Of Way Is Sought For Road

The County Commissioners Court was engaged this morning with the job of trying to obtain right-of-way for the farm-to-market road which will extend from Highway 87 through Vealmoor to Gall.

Martin County Gets First Bale

STANTON, Aug. 19 — Martin County's and the area's first bale of cotton rolled off the Lenora Gin Company platform Monday noon.

CONSERVE WATER

Withdrawals during 24-hour period ending at 3 a.m. Tuesday: 2,631,000 gallons. Maximum safe sustained withdrawal rate under existing conditions: 3,000,000 gallons per day.

Superforts Hit Grenade Plants For First Time

SEOUL, Korea (AP)—Fourteen Japan-based U. S. Superforts last night bombed a huge Communist grenade factory employing 2,000 workers in Northwest Korea.

Far East headquarters in Tokyo said the sprawling works was one of the 78 military targets the U. N. Command has given advance notice it will attack.

Results of the raid were not announced. The planes dropped 140 tons of bombs.

Two officers—an American Army captain and a Korean civilian—were killed in the attack. The captain lost two legs and the Korean was hit in the arm twice.

New Shopping Center Planned

A new shopping center may result from a Zoning and Planning Board recommendation to the City Commission.

Thornion To Open Ike Headquarters

FORT WORTH, Aug. 19 (AP)—Gov. Dan Thornion of Colorado will officially open the state Eisenhower-Nixon headquarters here at 4 p. m. Thursday, Jack Porter of Houston, National GOP Committeeman and state campaign chairman, announced today.

Gen. Harrison Believes An Armistice Is Possible

By SAM SUMMERLIN
MUNSAN, Korea (AP)—Gen. William Harrison, senior U. N. Command armistice delegate, said today he thought "an armistice is possible but I haven't the faintest idea when."

THE WEATHER

High today 102, low tonight 75. High tomorrow 100. Highest temperature ever recorded here is 111, on Aug. 12, 1934. Lowest ever recorded here is 10, on Jan. 19, 1935. Maximum wind speed ever recorded here is 40, on Oct. 10, 1934. All data from 1901 to 1952.

Loss In Two Weeks Set At 68-Millions

By The Associated Press
Strictly in the Texas tradition, a multi-million dollar drought joined with a multi-million-dollar heat wave Tuesday to continue a pace of death and ruin.

Temperatures soared to killing levels as the farmers voted and in Dallas Mrs. Katherine Robinson, 36, became that city's fifth heat fatality of the season. Tuesday was the 18th day of temperatures of more than 100 degrees over the Dallas-Fort Worth-Wichita Falls triangle.

AUSTIN, Aug. 19 (AP)—Gov. Shivers today called a meeting for 3:30 p.m. tomorrow to discuss the Texas drought and the advisability of asking President Truman to declare the state a drought disaster area.

White also said about four million bushels of grain sorghums have died in the burning sun, another loss of eight million dollars.

Action On Steel Delays Building

A certificate from the National Production Authority for steel is the major hurdle facing the proposed office building in Big Spring.

Ban On Gun Sales Lifted In Mexico

MEXICO CITY, Aug. 19 (AP)—Truman on sales of guns and ammunition during the presidential campaign was lifted today by the Defense Ministry.

Ban On Gun Sales Lifted In Mexico

MEXICO CITY, Aug. 19 (AP)—Truman on sales of guns and ammunition during the presidential campaign was lifted today by the Defense Ministry.

Shivers Issues Call For Meet To Study Plan

Special invitations were sent by telegram to State Agriculture Commissioner John C. White, who yesterday estimated the blistering heat has cost Texas farmers 68 million dollars since Aug. 1, to H. F. Vance, state director of the Production and Marketing Administration at College Station; and to C. J. McCormick, U. S. Under-Secretary of Agriculture, who attended the West Texas drought conference at Abilene yesterday.

Possum Kingdom Bound

Camp Grady Spruce and the Hi Y encampment on Possum Kingdom Lake was destination of this Big Spring group this morning. Left to right in the second row, they are Mary Read, Claudette Harper, Janice Anderson, Nancy Hedleston, Nita Hedleston, Virginia Hatch, Nancy Pittman, Nancy Smith, Lila Turner, and Nancy Lovelace. First row, left to right; J. B. Hedleston, Benny Compton, Glenn Rogers, Richard Hughes, John Lawrence, Robert Angel, David Reed, Grover Good, Mrs. Lee Rogers, and Mrs. Shelby Read.

Bids Are Asked On Road Jobs In Glasscock County

GARDEN CITY, Aug. 19—Bids are being asked on two lateral road jobs in Glasscock County, one connecting Lee's with U. S. 87 and the other from Sohio camp to Bigby Corners. Advertisement for bids were scheduled by the commissioners court of Glasscock County, specifying an opening time of 10 a.m. on Aug. 20 at Garden City. Project No. 1 will consist of 6.068 miles of road on southwest Glasscock County beginning at a point one mile west of the Sohio Camp on Spraberry Road No. 2, thence eastward to Bigby Corners on Spraberry Road No. 1. This will include base and single asphalt surface treatment. Project No. 2 will include 2.834 miles of highway in northeast Glasscock County beginning at the Howard-Glasscock line on the lateral extending westward from U.S. 87, and will continue west to Lee's community. The portion of the lateral from U. S. 87 in Howard County westward to the Glasscock County line, a distance of nearly two miles, is now under construction. This will put a paved road through the heart of almost all the sprawling Howard-Glasscock pool, one of

the oldest producing areas in West Texas.

Bidders must submit a cashiers or certified check or bid bond for \$1,000, said Judge David L. Smith, county judge. Plans and specifications are available at the Glasscock County Courthouse or may be had from Grief & Coker, consulting engineers at Phone No. 9 in McCamey.

Tax Liens Against Noble Are Settled

FOOT WORTH, Aug. 19—Two federal government income tax liens against property of the late Herbert Noble, blast-slain gambler, have been settled. The claims totalled \$15,148.27 and were against Noble and his wife, also slain by an underworld blast.

Canada Is Declared Free Of Foot-Mouth Disease

OTTAWA, Aug. 19 (AP)—The Canadian government today declared Canada free of Foot-and-Mouth disease. Agriculture Minister James G. Gardiner, now visiting in Western Canada, announced removal of all restrictions imposed six months ago to prevent the infection from spreading from South Saskatchewan.

New Drug Helps Pneumonia Cases

PHILADELPHIA (AP)—A new drug called erythromycin which has proved effective against resistant strains of pneumonia was described yesterday at the centennial convention of the American Pharmaceutical Association.

Robert C. Anderson of Eli Lilly and Co. in whose Indianapolis, Ind., laboratories erythromycin was developed, said the drug will supplement such earlier antibiotics as penicillin and streptomycin. It has proved effective, he said, against several types of pneumonias and straphylococcus infections which previously had either not been affected by known drugs or which had developed a resistance to them.

Demos Complain On Road Sign Warnings

PASADENA, Calif. (AP)—A contractor doing road repairs on the main Pasadena thoroughfare complained of his work with politicians. His warning signs to motorists read:

"Neighbor, please be careful the next mile so that you may live to vote for Ike." Democrats squawked and forced police to enforce an ordinance banning political posters on city property. So today the last four words are painted out.

The first cafeteria was opened in Chicago in 1885, by Ernest Kimball. He moved from his Adams Street location four years later, but remained in operation in the basement of an office building there until 1923.

Steel Industry Gets Its Price Increase

WASHINGTON (AP)—The Office of Price Stabilization reluctantly granted the steel industry higher ceiling prices for a wide range of its products yesterday. In a move that put the finishing touch on the long steel wage-price dispute, the OPS issued an order calling for dollars and cents per ton increases on scores of carbon steel products, and a 4.7 per cent boost for high alloy and stainless steel. The increases average \$3.20 per ton for carbon steel.

Republicans Plan Their Biggest Drive In Dixie

ATLANTA (U.S.)—Republicans will back up their high hopes of cracking the Solid South this year with the most intensive presidential campaign ever waged in Dixie.

In contrast to previous efforts of either party, an Associated Press survey today showed Republicans preparing to campaign extensively at the precinct level in most of the 13 Southern states. The usual mass appeal mediums—newspapers, radio, television and billboards—will be used as finances permit. But it is the planned telephone and door-to-door personal appeals that will introduce a new factor to Southern presidential campaigning.

Democrats on the other hand appear to be planning only their usual routine campaigns in behalf of their national ticket. Because of their traditionally Democratic status, Southern states in the past have been pretty well ignored in presidential campaigns. To the Republicans it was hopeless and to the Democrats useless to waste campaign effort in them.

But now, in Dwight D. Eisenhower, the Republicans have a nominee with great popular appeal in the South. And in addition they have the support of many dissatisfied Democrats.

The situation has encouraged Republican leaders to think they have a good chance to carry five Southern states.

Louisiana National Committeeman John Minor Wisdom, after a conference with Eisenhower, predicted the party will carry Texas, Florida, Virginia and Louisiana.

National GOP Organization Director Wesley Roberts added North Carolina to the list.

Most of the regular state Republican organizations are being assisted directly or indirectly by dissatisfied Democrats.

The state by state situation, as shown by the survey:

Alabama:
For the first time since 1928, the Republicans will do more than go through the motions of campaigning. They have opened state headquarters in Birmingham and a Citizens-for-Eisenhower headquarters is planned in Montgomery. State Chairman Claude O. Vardaman said organizations in every county will conduct telephone and door-to-door campaigns.

The Democrats say they will conduct a campaign but haven't started yet.

Arkansas:
Planning to campaign on a much larger scale, Republicans will have state and district headquarters and organizations in every county. There is a separate "Democrats-for-Eisenhower" organization.

Any Democratic campaigning will be directed by a new State Executive Committee to be named next month.

Florida:
Florida is high on the list of states the Republicans hope to carry and an intensive campaign is certain. State Republicans expect Eisenhower to speak in Miami and St. Petersburg or Tampa in October, and Sen. Richard Nixon to speak in Orlando and Jacksonville.

The Democrats have announced no campaign plans.

Georgia:
Chairman Elbert P. Tuttle said the Republicans will conduct the most extensive campaign ever attempted in Georgia. State and district headquarters will be opened in district committees.

A Democratic source said the Democrats probably will conduct a routine campaign.

Louisiana:
National Committeeman Wisdom said, "We will make the most active campaign for Eisenhower that has ever been carried on for a Republican candidate in our state." Eisenhower is scheduled to speak in Louisiana.

Democrats are undecided on their course of action.

Mississippi:
The state is in the unique position of having possibly three Eisenhower slates of electors on the ballot: (1) an independent slate; (2) the white Republican slate known as the "Lily Whites"; (3) the Negro Republican slate known as the "Black and Tans."

White Republicans who registered first and under Mississippi law have exclusive use of the name Republicans, have warned that the division of Eisenhower support could cost him the state even if he should get the largest popular vote.

The Democrats also are in an uproar and may have two or more slates of electors.

North Carolina:
Republicans put on a real campaign in this state in 1948 and are planning an even greater one this year. Chairman J. M. Bailey said, "We will endeavor to organize our people from the precinct up."

He reported several Eisenhower clubs are being organized largely with Democratic membership.

Democrats plan to match the Republican campaign, and will

concentrate on the Western centers of Republican strength.

Oklahoma:
Republicans plan about the same type of campaign as in the past, with county headquarters in the North, where the Republican vote is large enough to be a factor.

An independent Eisenhower group to attract dissident Democrats will be set up.

Democrats probably will concentrate on a get-out-the-vote campaign in the solidly Democratic Southern counties.

South Carolina:
State Vice Chairman Hans Koebig reports Republicans will set up headquarters in every county in which the party is organized—about 46 of the 46.

An independent "South Carolinians for Eisenhower" movement, however, is gaining momentum. Gov. James Byrnes is among the Democrats who have signed petitions to get an independent slate of electors, pledged to Eisenhower, on the ballot.

The independent ticket would split the Eisenhower vote, but on the basis of past elections, probably would get many more votes from dissident Democrats than the regular Republican ticket could expect to get.

Texas:
National Committeeman H. J.

No Good Leads In Kaiser Case

TAHOE CITY, Calif., Aug. 19 (U.S.)—Police investigating the sabotage of two of industrialist Henry J. Kaiser's speedboats were hampered today by "a lack of good leads."

Constable Harry Johannson said whoever did the job left no fingerprints. Johannson indicated it may be a long job to find the person or persons who soaked the bilge and hull of one of the boats with gasoline.

The other speedboat's main drive shaft was discovered hacksawed part way through. Rags, nuts and bolts had been stuffed in its carburetor blower.

Kaiser who called the sabotage a "murderous attempt on my life" was scheduled to drive one of the boats in races Sunday on Lake Tahoe. His mechanic, Max Collins, discovered the sabotage before the start of the regatta.

Johannson, after an intensive investigation of the boathouse at Kaiser's Tahoe summer home, said he thought it was a crude attempt to embarrass the 69-year-old industrialist. Johannson said a number of local residents have objected to the noise of speedboats on the lake.

Greek-Bulgarian Dispute Quelled

ATHENS, Greece (U.S.)—Greek-Bulgarian Army talks, called to smooth over a recent border incident in which two Greek soldiers were killed, broke up last night in a word battle over who was responsible for the clash.

A Greek general staff communique said the Bulgarians promised to seek further instructions from their superiors and meet with the Greeks again.

The communique said the Bulgarians admitted killing the two Greeks Aug. 12 in the Mt. Belles area northwest of Salonika. Each side, however, claimed the incident occurred on its territory.

Munitions Makers Would Sell Holdings

BOHN, Germany (U.S.)—Germany's No. 1 munitions makers, the Krupp's, want to sell their vast steel and coal holdings which have armed the German war machine in two world wars.

The huge firm's 44-year-old head, Alfred Krupp, has asked permission of Allied and West German officials for such a trimming of the firm would retain such other big enterprises as locomotive and truck plants, shipbuilding works and real estate holdings.

A. K. LEBKOWSKY & SON, Wholesalers

Louisville said they hope to intensify the effort this year. A separate Democrats for Eisenhower movement is under way.

Gov. Lawrence Wetherby said the Democrats will stage an "active and aggressive" campaign.

Tennessee:
State Chairman Guy Smith of Knoxville said Tennessee Republican plans are indefinite this time.

Virginia:
Chairman S. Floyd Landreth said Republicans will open state and district headquarters to carry the campaign to precinct levels. In addition, an independent Virginians-for-Eisenhower group already has set up 20 campaign offices in various sections.

Eisenhower will make at least one speech in Virginia and Nixon has been invited.

Kentucky:
Democrats are not planning an extensive campaign. Republican leadership is expected to endorse the national ticket and conduct a routine campaign.

Republicans usually campaign actively in Kentucky, and State Chairman Thurston B. Morton of

COULD MEAN VICTORY Ike Backers Will Woo Women's Vote

By EDWARD O. ETHELL
DENVER (AP)—Plans are being drafted for a concerted effort to woo the women's vote for Gen. Dwight D. Eisenhower. Some of his aides feel it could mean the margin of victory for the GOP presidential nominee.

Mrs. Roy F. Priest of Utah, assistant national GOP chairman and head of the party's Women's Division, is leading the movement. This tall, pleasant woman has been at Eisenhower's Denver headquarters nearly a week conferring with the general's top advisers.

Today, another 14 leaders of the party's women joined her for a round of conferences and a luncheon discussion with Eisenhower.

Republican strategists are not forgetting the large part women played in many sections in Eisenhower's drive for the nomination. Mrs. Priest is working to repeat that success on a larger scale.

Meanwhile, there were these other developments:

1. A member of the top-level Eisenhower team revealed that Eisenhower headquarters will be moved to New York City's Hotel Commodore next Sunday for the duration of the campaign. The reason: to be more readily accessible to party leaders in Washington and in the more populous Eastern states.

A skeleton headquarters will remain in Denver. The move will be simultaneous with Eisenhower's flight to New York to address the American Legion Convention next Monday.

2. Sen. Richard M. Nixon of California, the Republican candidate for vice president, returned to Washington and will base his own campaign there.

3. Eisenhower formally accepted an invitation to speak at the annual convention of the American Federation of Labor in New York City the week of Sept. 14. The exact date will be picked later.

4. An associate, asking not to be named, said Eisenhower will make an informal appearance at a Labor Day picnic. He said it probably will be in Connecticut. James C. Hagerty, press secretary, said in response to questions that a Connecticut affair was "just one of three under consideration."

5. An Aug. 26 appearance is being planned in New Jersey. State Sen. Malcolm S. Forbes said there is a strong possibility Eisenhower will address a meeting of the state's Eisenhower-Nixon Club officers. That is now scheduled for Forbes' home at Far Hills, N. J., but Forbes said it probably would be shifted to Atlantic City. An Eisenhower spokesman said the Forbes' invitation was just one of several still being considered.

6. Eisenhower will not attend the annual convention of Amvets in Grand Rapids, Mich., late this month but he is preparing a message to be delivered to the veterans' organization in his behalf.

7. The general's schedule today included meetings with a group from Louisiana, movie magnate Spyros Skouras and James A. Campbell, president of the American Federation of Government Employees. Eisenhower also was slated to make a recording for the Department of Defense to be played for all troops overseas before they cast absentee ballots. A similar recording is being made

Woman Is Held As Bank Funds Come Up Short

DIKERS, Ark. (AP)—Mrs. Opal Simmington, 49-year-old assistant cashier of the Bank of Dikers, was known in this Southeastern Arkansas lumber town as a woman "everybody trusted."

The attractive, dark-haired divorcee had been in charge of the bank's bookkeeping department for 30 years. She was also city treasurer.

Today nearly \$73,000 of the bank's funds were missing, the FBI reported.

And Mrs. Simmington was charged with making false entries. She was arraigned yesterday before U. S. Commissioner Elmer Tackett of Hot Springs, Ark. After waiving preliminary examination, she was released in \$7,500 bond.

The \$72,990 shortage in the bank's books was discovered by examiners of the Federal Deposit Insurance Corporation on Aug. 11. M. W. McFarlin, chief of the FBI at Little Rock, said evidence showed the books had been manipulated for almost 20 years.

The FDIC examiners, FBI agents, a private auditing firm, and agents of the State Bank Commission worked throughout the night in efforts to clear up the situation.

Employed by the bank for 33 years, Mrs. Simmington has been living with her mother, Mrs. Mattie Epperson, in a modest frame house. She was divorced about 15 years ago.

Tom F. Westbrook, cashier and only other bank employee, said Mrs. Simmington was always "faithful in reporting for work."

**Ex-Slave Succumbs
In Dallas At 109**
DALLAS, Aug. 18 (AP)—Lem Earl, 109-year-old ex-slave, died Saturday in a convalescent home here. Earl was born a slave in Charlotte, S. C. He has no survivors and funeral services were pending yesterday.

Young Stowaway Tries It Again

REDWOOD CITY, Calif. (AP)—Dickie Love, a veteran stowaway at 8, set out again yesterday. His destination this time—China. The tireless tot of travel hopped a bus to San Francisco from his Redwood City home, about 20 miles away, and inspected some Orient-bound freighters.

He finally hiked aboard one of the cargo ships and descended into a hold.

"The ship looked pretty good, but it didn't leave soon enough," Dickie told police who picked him over the freighter and turned him over to his mother.

Harassed Mrs. Love added the latest caper to Dickie's growing list that includes:

Stowing away on a ship that sailed from New Orleans.

Stowing away on an airliner from San Francisco to Los Angeles to "see the big earthquake" last month in Southern California.

Twice traveling San Francisco-Los Angeles steamships.

Making innumerable free bus trips to San Francisco from Redwood City.

John Audubon, in 1903, used silver wire to hand a brood of pheasants at Mill Grove Farm near Philadelphia, and as a result of this first bird-banding, found two returns.

Democrats-For-Ike Plan Independent Elector Slate

By KEITH FULLER
JACKSON, Miss. (AP)—Mississippi's Democrats - for - Eisenhower meet today to place the GOP nominee on the ballot with an independent slate of electors.

The group lost a skirmish yesterday with the forces of Gov. Adlai Stevenson, the Democratic nominee, in the State Democratic Convention.

In Mississippi, any group may place electors on the ballot by getting a petition signed by 400 qualified voters.

The Stevenson victory in the State Convention yesterday was complete and tantamount to approval of the national Democratic ticket.

Former Lt. Gov. Sam Lumpkin, unofficial head of the Eisenhower supporters, said his group would meet at 11 a. m. and complete plans to a petition to get the Republican nominee on the state ballot as an independent—not a Republican—candidate.

Without qualification, convention delegates voted 223 to 51 1/2 to pledge its eight electors to the Illinois governor and his vice presidential running mate, Sen. John Sparkman of Alabama.

The delegates turned back appeals to qualify and water down what amounted to an endorsement

of the candidates. The Democrats-for-Eisenhower wanted the convention to go on record that pledging its electors "shall not be construed as an endorsement . . . of the two nominees."

Gov. Hugh White, personal supporter of Stevenson, led the fight to block qualifying amendments.

Former Gov. Fielding Wright, leader of the 1948 Dixie "revolt," made the first bid to qualify the convention's resolution pledging the electors to the ticket.

Wright "reluctantly" endorsed Stevenson "solely because under the circumstances I could see no other choice that we in Mississippi can make alone."

"I think," Wright added, "that this convention should elect a slate of electors pledged to the Democratic nominees and recess, subject to call if future events justify action."

Wright's proposal was not followed.

Killed in Crash

AMARILLO, Aug. 19 (AP)—A train-truck crash here yesterday killed Leo Peter Weller, 68, Groom, Tex., and John Burton Tedford, 60, Hollis, Okla. Officers said Weller, driver of the truck, apparently did not see the approaching train.

LET'S 'SKIDOO' AGAIN!

Last Link

Installation of the big valve, left, was one of the last steps in completing the city's 27-inch water line from Junction point with the Colorado River Municipal Water District mains to the city filtration plant. Workmen in picture at right prepare to install the last joint of pipe which will complete the last part of the city line. Meanwhile, contractor neared the Lamesa Highway with CRMWD water line from the Martin County well field. Completion of that project is expected in the next few days. As soon as necessary fittings are installed and testing is completed, Big Spring will receive its first water from the CRMWD to relieve a shortage which has plagued residents throughout the summer.

READY FOR WATER

City Ties In Last Link At Junction

The City of Big Spring tied in its last link Monday in anticipation of the arrival of water from the Colorado River Municipal Water District lines. Meantime, mechanical difficulties slowed laying of the main supply line, but operations were due to be resumed Tuesday, said E. V. Spence, general manager. The line was little more than a mile west of U. S. 87 on Monday and the crossing could be effected Wednesday. About another mile and a half would put the line to the point of intersection with the Big Spring line. This should be completed this week.

There remains the task of flushing and testing the line from the well field, Spence reminded. Also under construction is a surge tower near the western end of the line. One booster pump will be needed to lift the water over the divide so that it can flow into Big Spring. Pumps have been installed in all the wells operated by the CRMWD now, and production ability should be ample to meet the demand, said Spence. He did not fix a definite date for delivery of water to Big Spring, but he expressed the hope that it would be before the middle of September. All the pipe for the supply line to Big Spring is on the ground and the United Concrete factory here is now turning its attention to the 33-inch diameter pipe to be laid

to the lake site on the Borden-Scurry line. Completion of the dam is in its final phases, according to Spence. About two more weeks will see the plug closed in the two-mile long earthen structure. As it is, the dam is capable of stopping any amount of flood waters which might come down the Colorado River. The City tied in a 20-inch valve which will control flow of the water from the district lines into the filtration plant, thus cutting the water into the distribution system.

Sterling Schools To Open Sept. 6

STERLING CITY, Aug. 19—Opening of the Sterling City schools has been set for Sept. 2, according to Supt. O. T. Jones. The faculty will meet on Sept. 1 to prepare for the opening, he said. With the exception of a fourth grade teacher, all faculty posts are filled. Fann Sanderson, who taught this grade last year, resigned recently to teach in the Snyder schools. New teachers include Helen Louise Brown, second grade; Mrs. J. E. West, fifth grade; Oscar Dorsey, coach.

Formosa Paper Sees Peace Move By Reds

TAIPEI, Formosa (U.S.)—The Central Daily News, Chinese Nationalist government newspaper, predicted today "the Peiping-Moscow axis will launch an unprecedented large-scale peace offensive for Korea" after the Chinese-Russian conference in Moscow. The newspaper said editorially the campaign would have as its aim "paralyzing (Western) alertness and slowing down the necessary preparedness effort of the free world." It urged the West to "meet solidarity with solidarity."

Oil Field Worker Is Injured Fatally

John Voldel Hamman, 44, oil field worker, was injured fatally Monday afternoon in a rig accident 14 miles southwest of Snyder. His mother, Mrs. Ida Hamman, Edna, a son, J. V. Hamman, who had been discharged from the Army after returning from Korea, and a daughter, Charis Marie Hamman had gone to work. They did not get to see him alive. Other survivors include his wife, Mrs. Eda Mae Hamman, Snyder. Hamman was employed by the Stephens Petroleum Co. and was working on a rig on a Pan-American lease over in Borden County at the time of the mishap.

Co-Chairman Named

WASHINGTON, Aug. 19 (U.S.)—Robert B. Anderson of Vernon, Tex., has been named co-chairman of the Treasury Advisory Committee on savings bonds in Texas. The announcement was made yesterday by Secretary of the Treasury Snyder.

Christians Are Reminded Of Grave Disadvantages

LUND, Sweden (U.S.)—The world's Christians were reminded here last night that in opposing world communism, they are at a grave disadvantage because they do not have the same unity the Reds enforce. The warning was given by Dr. Henry Smith Leiper of the U. S. Congregational Church, associate general secretary of the World Council of Churches, who spoke at a session of the third World Conference on Faith and Order now under way here. Leiper said the world now was involved in two missions—that of communism and that of Christianity—and "the latter cannot operate without taking account of the former."

The Communists, he continued, accepted the world-wide character of their mission as "axiomatic"; the world-wide mission of Christianity "is to often, even now, subject to debate." Communism, Dr. Leiper went on, enforces "an almost undisputed unity—a unity of strategy and of command." "In the Christian world mission," he declared, "we have no desire to emulate such a totalitarian scheme. But we do well to recognize the disadvantage which the Christian confronts in that neither the strategy nor the administration of its world mission is unified."

King Of Iraq On Auto Plant Tour

DETROIT (U.S.)—Iraq's 17-year-old King Faisal begins today a tour of this automotive and armament-making center. His visit will be interspersed with receptions and ceremonies. The youthful king, who flew in from Washington last night, was given a boisterous welcome at Willow Run Airport by approximately 1,000 members of Detroit's Iraqi colony.

England's Flood Toll May Hit 90

LYNMOUTH, England (U.S.)—Police warned today that the toll from Saturday's devastating flood on England's Southwest Coast may go as high as 90 dead. The latest official casualty figures for the flash torrent stood at 13 known dead, with 28 missing and presumed dead. Seven of the bodies so far recovered have been identified. But unofficially the police said they still had no word on at least 30 more holidayers who were believed to have been in the resort area on Friday night when sudden downpours sent the quiet little Lyn river raging over this picturesque little Devon honeymoon resort.

Shooting From Ship To Be Investigated

TOKYO (U.S.)—A U. S. Navy minesweeper and salvage tug arrived in Japan last night for a formal investigation of an incident off Korea in which the minesweeper fired twice on the tug, killing two and injuring nine. A Navy officer said the accidental shooting resulted from failure to exchange recognition signals between the minesweeper Chief (AM315) and the Grapple (AR58). The Navy said two three-inch shells from the Chief hit the Grapple Friday night when the vessels were searching for small Communist ships off Hungnam on Korea's Northeast Coast.

Man Dies After Charge Dismissed

BALTIMORE (U.S.)—Edward S. Gissell, 57, persuaded Magistrate S. Robert Levinson yesterday, then stepped into the corridor just outside the court room and collapsed. He was pronounced dead of a heart ailment at Mercy Hospital.

Philippine AF Strip Attacked By Bandits

MANILA, Aug. 19 (U.S.)—Followers of Moro outlaw Datu Kamion today attacked a Philippine Air Force landing strip in Eastern Jolo Island but were beaten back by guards, Army reports said. One Filipino Air Force lieutenant is missing, the reports added.

Negro Housewife To Face Arson Charges

DALLAS, Aug. 19 (U.S.)—Essie Mae Dixon, 21, Negro housewife, faces arson charges here in connection

with a fire that destroyed five dwellings last week. County Fire Marshal Hal Hood filed the charges against the Dixon woman yesterday. Nobody was injured in the blaze that caused about \$20,000 damage.

Result Of Farm Aid Survey To Be Told

By OVID A. MARTIN
WASHINGTON (AP) — Secretary of Agriculture Brannan may make public late this week the summarized results of a nation-wide survey showing overwhelming farmer indorsement of federal farm aid programs.

The survey was made a year ago and was subjected to sharp criticism by some farm organizations and Republicans. A department committee has just completed work summarizing about 3,000

reports of the survey submitted by county and state groups.

A summary of the survey, because of the timing of its prospective release to the public and its nature, may set up a controversial Brannan Farm Plan as a presidential election campaign target of the Republicans.

The summary will first be submitted to a closed meeting Friday of an advisory committee of representatives of non-government organizations, including farm, education, religious and social groups. If this committee is satisfied with the document, it will probably be made public.

The survey, which Brannan called the "family farm policy review," was designed, he said, to find out what farmers thought of present farm programs and to get producer recommendations for possible improvements.

The survey was conducted by the department's own field agencies, including farmer committees who help administer the farm aid programs. Officials have stated, while withholding reports on the survey, that most farmers approve federal crop control, price supports and other such programs.

The survey drew particularly bitter attacks from President Allan B. Kline of the American Farm Bureau Federation. Kline said the department was stepping outside its proper administrative field to organize and inspire "pressure" on Congress for possible new farm legislation.

Out Of Basic

Airman Marvin E. Wise of Big Spring has completed his AF basic airman indoctrination course at Lackland Air Force Base, San Antonio, and is due for further technical training or assignment into specialized work. Wise, 18, is the son of Mr. and Mrs. Odis Wise of Big Spring.

Teachers To Ballot On 'Get Tough' Plan

SYRACUSE, N. Y. (AP) — The American Federation of Teachers will vote Thursday on a resolution calling for a "get tough" policy toward public school teachers linked with the Communist party.

The resolution was presented yesterday by the Detroit local at the opening session of the AFL union's 35th national convention.

Rites Set For Crash Victims

LAMESA — Funeral services were to be conducted at 3 p.m. today for Mrs. Othella Milam and her 15-month-old twin daughters, Brenda Sue and Linda Lou, killed in a highway crash near San Angelo Sunday.

Services were scheduled for the Higginbotham Funeral Chapel with Rev. A. C. Hardin, pastor of the Lamesa Second Baptist Church, to officiate. Burial is to be in Lamesa Memorial Park.

A son of Mrs. Milam, injured in the accident which killed his mother and sisters, remained in a critical condition at Shannon Hospital in San Angelo. He suffered second and third degree burns.

Mrs. Milam's mother, Mrs. Roy Chilton, 63, suffered a heart attack when she learned of the death of her daughter and granddaughters. She was taken to Lamesa hospital.

Also killed in the Sunday afternoon crash was Leroy Renfro, 31, driver of the car in which the Milams were traveling. Vernon Milam, husband and father of the Milam family, was driving a pickup truck ahead of the wreck car and was not involved in the accident.

Pallbearers for the Milams were L. A. Waller, Leonard Moore, Aubrey Moore, Fred Condon, Arlie Gaines, and Slim Crowell.

Odessa Farms Two

ODESSA — The Odessa Oilers of the Longhorn League have sent two players to the Ardmore club of the Sooner State League.

They are Daniel Bustamante and Don Byrley.

Atlantic Pact Group Plans Big Exercises

By OLE G. CLAUSEN
COPENHAGEN (AP) — The free world will parade its military power along the North European rim of the Soviet empire next month in the biggest combined exercises ever staged by the Atlantic Pact nations.

From the Russian-dominated Baltic Sea in the south to the Norwegian-Soviet frontier in the far North, hundreds of warships and planes and thousands of troops will be thrown into "battle" against imaginary aggressor forces striking out from behind the Iron Curtain.

As preparations for "Operation

Mainbrace" gathered speed and American minesweepers began clearing Danish waters to forestall any real warlike incidents Communist propaganda against the maneuvers screeched into high gear.

Describing the defense exercise as an "unheard-of provocation" against the Soviet Union, the Red press ominously hinted that "this new proof of Western aggressive intentions" might easily "lead to serious East-West complications in the Baltic."

Starting Sept. 13, "Operation Mainbrace" is scheduled to last for 12 days. The countries taking part are the United States, Bri-

tain, France, Canada, Holland, Portugal, Norway and Denmark. The giant exercise will be touched off by an imaginary attack on Denmark and Norway. More than 150 warships and hundreds of planes will mass in the waters around Denmark for a quick, powerful counter-thrust designed to smash the attackers before they can occupy Denmark.

Military observers here privately describe the maneuver as a direct challenge to Soviet claims to supremacy in the Baltic, where the Red Navy and Air Force recently staged big combined exercises of their own.

Max Zaslowsky, one of the top basketball players in professional ranks, was only a substitute on the St. Johns college cage team.

Mourners Battle Cops After Funeral

MUNICH, Germany (AP) — Mourners with placards describing Philip Auerbach as a "victim of Nazi justice" battled police last night following the funeral of the Jewish leader who committed suicide after being convicted of embezzlement and bribe-taking.

One detective was injured and one demonstrator arrested in the clash in Munich's Jewish cemetery.

Auerbach took an overdose of sleeping pills last Saturday. A German court had convicted him of embezzling funds and accepting bribes while head of the Bavarian office for restitution of losses to Jews persecuted by the Nazis. The five-man court included three former Nazis.

CIO Auto Workers Accept Contract

TERRE HAUTE, Ind., (AP) — The CIO United Auto Workers accepted a wage contract last night to end their hectic 14-week-old strike against the jet plane parts plant of Allison-Chalmers Manufacturing Co.

Only approval of higher UAW officials and signing of the contract delayed a return to production of jet engine compressors and construction of the 10-million-dollar plant.

A company spokesman said the new three-year contract provides immediate increase of 14 cents an hour for day workers and 19 cents for night workers, boosting basic pay scales to \$1.53 to \$2.33. Additional 4-cent boosts were given for the second and third years.

Cook's Beaten By Brownfield In State Meet

LUBBOCK — Teague-Bailey of Brownfield handed Cook's Appliance its second and final defeat of the state softball tournament here Monday night by a 6-2 count. Both losers for Cook's were inflicted by Brownfield teams. Primus Drug whipped the Big Spring team 8-0 Saturday night. Mutt Ray buried for Teague-Bailey and gave up but two hits—one an inside-park home run to Ted Gross in the sixth frame. The Brownfield nine counted three times in the first inning, annexed two more in the fourth and completed their scoring in the seventh with one tally. Cook's scored one in the fourth as Gene Gross reached first on an error and scampered home on a long triple by James Tidwell. Frency Melencan pitched for the Big Spring crew.

BY ORDER OF GILES

Leo Durocher In Temporary Exile As Giants Head West

By JOE REICHLER Associated Press Sports Writer

Time keeps running out and trouble keeps piling up on the harried, injury-riddled and undermanned New York Giants. Trailing a 9-runway Brooklyn Dodgers by a fat 7 1/2-game margin, the defending National League champions no sooner arrived in Chicago yesterday for their 113rd Western swing of the year when they were handed another severe jolt. A telegram from League President Warren Giles advised Leo Durocher that he had been suspended for five days for his run-in with Umpire Augie Donatelli last Sunday. A \$100 fine also was levied on the stormy manager of the Giants. The suspension begins today and lasts through Aug. 21. Durocher, recognized as one of the best managers in baseball, generally was credited with doing a magnificent job last season in leading the Giants to their first big win in 14 years. For bringing the team up from a 13 1/2-game deficit as late as Aug. 11, he earned the Manager-of-the-Year Award in the Associated Press poll.

There were many who believed Durocher was doing an even better job of managing this year in keeping the Giants in second place despite such crippling blows as the ankle fracture suffered by Monte Irvin, the loss of Willie Mays to the service, the back ailment of Sal Maglie and the slumping of Bobby Thomson of 1951 playoff fame. The Giants will have to struggle along without Durocher for six games. They engage the Cubs in a doubleheader today. That means Leo will miss the entire four-game series in Chicago and the two-game set in St. Louis. Coach Fred Fitzsimmons will be in charge during Leo's enforced absence. In the meantime the Dodgers will open their Western swing in Cincinnati with a two-night twin bill. The New York Yankees return home tonight with a nocturnal con-

test against the Chicago White Sox. Cleveland engages the third-place Red Sox in Boston. The Yankees took advantage of Cleveland's idleness yesterday, picking up a half game by defeating the Red Sox, 4-2, in Boston. Vic Raschi hurled a five-hitter for his 14th triumph against three losses. Dizzy Trout was the loser, the victim of two-run outbursts in the first and third innings. In the day's only other action, the Cubs came from behind with a three-run ninth inning rally to top the Pittsburgh Pirates, 4-3. Manager Phil Cavarretta propelled the winning blow, a pinch hit homer with a man on base to hand Muddy Dickson his 17th defeat. Bob Schultz, in relief, was credited with his third win against the Cubs.

Stars See Little Action But Detroit Wins, 28-13

AMARILLO, Aug. 19 (AP)—Amarillo football fans didn't see much of their favorites, Doak Walker and Bobby Layne, here last night but they did see a fellow named Jim Hardy of Southern California, who stepped in to do much of the passing for the Detroit Lions in a 28-13 victory over the Chicago Cardinals.

It was Detroit's first exhibition game in the National Football League. Layne went in to spark the Lions to their first touchdown in the first period. He threw 48 yards to Glenn Box, the former West Texas State star. From then on Hardy did most of the quarterbacking. Hardy passed to Box for 30 yards and another score in the second period. In the fourth quarter Detroit counted twice. The first touchdown was set up on a 67-yard run by Yale Lary of Texas A&M. The rookie back carried to the seven and Tom Dubinski of Utah smashed over. Pat Harder scored the fourth Detroit touchdown. Walker kicked four of the extra points. He did little else. Chicago got a touchdown in the second period on a six-yard blast by Emil Sitko. The second Cardinal score was in the final minute and was on a 23-yard pass from Don Panciera of San Francisco to Merrill Peacock. Bill Cross, the former West Texas State player, converted.

A crowd of 10,500 saw the game. Detroit goes to Little Rock for a game with Philadelphia next Saturday. Sunday the Cardinals will play the San Francisco 49ers at San Francisco.

Maxwell Loses Initial Test

By BOB MYERS

SEATTLE, Aug. 19 (AP)—The men's National Amateur Golf Championship, the ranks stripped of its last two champions, swung into the second round of match play today with the remaining challengers crowding into the spotlight. Helmed to the sidelines in the day's two most startling upsets were the defending champion, Billy Maxwell from Odessa, Tex., and the 1950 champion of the nation's amateurs, Sam Urzetta of Rochester, N. Y. Dux was settling over the Seattle country club's green across the familiar "unknown," Ira D. Gruber, a fine hitting, calm young man from Pottsville, Pa., disposed of Maxwell on the 21st hole. Earlier in the day, Urzetta, whose 39-hole victory over Frank Stranahan at Minneapolis in 1950 was the longest overtime match in the tournament's history, fell before Marlon (Sonny) Hickey, 21-year-old player from Twin Falls, Idaho. Gruber, a mere 18 years of age, and a sophomore at Duke, sank an eight-foot putt for a birdie three on the 21st to win. Maxwell had missed his putt from 15 feet out. Hickey, a member of North Texas State College's National Collegiate team champions this year, and Idaho and Utah champion, ended Urzetta's hopes with a chip shot dead to the pin for a birdie four on the 18th green. Maxwell's defeat carried on a jinx line arising for the champions dating back to 1935. No champion has retained his title since California's great Lawson Little made it two in a row that year.

Cecil's Winner In Fem League

By winning three games on the final day of competition—Thursday—Cecil's Package Store edged Dibrell's Sporting Goods for the ladies summer bowling league title.

The Cecil's team swept a three-game series from Dibrell's on the last day of competition to give them a four-game margin and the championship. Cecil's record for the summer was 29 wins and seven losses. Dibrell's finished second in the league. Third was team No. 1 and First National Bank was fourth. High game of the summer's activities was bowled the final night of action as Frances Glenn, a substitute on the Cecil's team, fired a 187. Previously, Dot Cagle had a 184 for top honors.

Steads To Better 1951 Attendance

Home attendance for Big Spring Bronco baseball games will exceed the 1951 aggregate during the next home stand, which starts Saturday night.

For 58 home games, the Cayuses have attracted 42,489 paying customers, compared to 43,370 for 70 home games last year. The Steeds have 12 playing dates remaining on their home program.

Sinton To Oppose Louisiana Club

WICHITA, Kas., Aug. 19 (AP)—The champions, tonight, take on their first opponent in this year's National Non-Pro Baseball Tournament.

The Texans meet the Ponchatoula, La., Athletics in a first-round contest. In last night's play, the Brooke Army Medical Center of San Antonio, Tex., easily won its opening game, beating Ft. Meade, Md., 12-1. Six players on the Brooke team are former major league players.

Amarillo Gold Sox Nearing First Division In WT-NM

By The Associated Press

Amarillo showed within one percentage point of the West Texas-New Mexico League first division Monday night when Don Tierney's homer edged the Gold Sox into a 9-8 victory. Pampa sustained the loss, 9-8.

Burke Defeated By Middlecoff

KANSAS CITY (AP)—Cary Middlecoff, the Memphis dentist, followed the playoff route to the \$15,000 Kansas City Open golf title for the second consecutive time yesterday.

He shot a 6-under-par 66 — the best round of the tournament — to beat Jack Burke Jr. of Houston, Tex., by six strokes. The two wound up the regulation 72 holes Sunday with 376 totals. Last year Middlecoff also finished in a tie at the end of 72 holes. In a three-way playoff, he took the title by edging Doug Ford of Harrison, N. Y., and Dave Douglas of Newark, Del. Middlecoff is playoff conscious. Only last week he lost a playoff to Julius Boros, Mid Pines, N. C., in the \$25,000 "World" Golf Tournament at Chicago. For yesterday's victory he pocketed \$2,400 plus a share of the day's gate receipts paid by a crowd of 2,000. Burke's 72 brought him \$1,800 in second-place prize money. He also shared in the gate receipts. Middlecoff's accurate putting was a big factor in the match played over the 6,200-yard Milburn Country Club Course. He had 29 putts to 36 for Burke. He 1-putted four of the first five holes.

Coffey Is Winner Of 15-Lap Race

Charles Coffey copped the 15-lap race of the Hot Rod races Sunday as seven races were untraced.

Coffey also won the fourth race of the day. Drivers and cars from Odessa, Midland, Colorado City and Abilene, in addition to Big Spring, participated in the races, which were witnessed by approximately 800 spectators. Middlecoff is playoff conscious. Only last week he lost a playoff to Julius Boros, Mid Pines, N. C., in the \$25,000 "World" Golf Tournament at Chicago. For yesterday's victory he pocketed \$2,400 plus a share of the day's gate receipts paid by a crowd of 2,000. Burke's 72 brought him \$1,800 in second-place prize money. He also shared in the gate receipts. Middlecoff's accurate putting was a big factor in the match played over the 6,200-yard Milburn Country Club Course. He had 29 putts to 36 for Burke. He 1-putted four of the first five holes.

Network To Follow Razorback Games

FAYETTEVILLE, Ark., Aug. 19 (AP)—Thirty-two stations already are on the University of Arkansas sports network which begins operation this fall.

The network was authorized by the Southwestern Conference this past spring in order to allow a more complete radio coverage in Arkansas of the university's football games.

Garagiola Out At Plate

Joe Garagiola of the Pittsburgh Pirates slides into Chicago Cubs catcher Toby Atwell, who holds ball aloft after tagging Garagiola out at the plate in the third inning of the first game of Sunday's doubleheader at Wrigley Field, Chicago. Garagiola was out when he attempted to score from second on third baseman Clem Koschorek's hit to centerfielder Frankie Baumholtz, who threw to the plate. Chicago won the first game 5-2, and lost the second by the same score. (AP Wirephoto).

SECOND IN ROW

Broncs Nudge Artesians In Ten Innings, 12 To 11

ARTESIA, N. M. — Big Spring gained a lap in the Longhorn League race by scrambling past the Artesia Drillers, 12-11, in a slam-bang ten-inning ball game played here Monday night.

Al Costa's infield out counted Buddy Grimes from third base with what proved to be the winning run in the tenth, the second of two counted by the Hosses in that round. Coupled with Odessa's loss, the triumph moved the Big Springers to within five games of the top spot and, more important still, kept their margin over fifth-place Roswell at 12 games. The Cayuses now have 23 games remaining on their schedule.

Pat Stacey, Grimes and Oscar Reguera were the Big Spring heroes in Tuesday night's fray. Stacey crashed out his 13th homer of the year and came up with a double and two singles in addition. Stacey even stole a base, his second of the year.

Grimes drove in five runs with a double and three singles while Reguera picked up his second win in two nights over the Drillers in a relief role. The tall right-hander pitched the last two innings, giving up one hit and one run. It represented his seventh win against two reversals. The Cayuses led, 8-1, at one stage but the Drillers came back into contention with a six-run sixth and then grabbed the lead with a three-run eighth.

Big Spring tied it up with two runs in the ninth and sent the game into extra rounds. Joe Bauman hit his 42nd home run for the Artesians with the sacks jammed in the sixth. In the tenth, the Drillers loaded the sacks but Reguera worked himself out of the jam.

The loss was hung on Rooster Mills, the last of three Artesia hurlers. Bert Estrada started on the mound for Big Spring, but was wild. Reggi Corrales and Gil Guerra later saw mound action for the Steeds.

The same two teams wind up their series here tonight. Bert Baez is due to hurl for Big Spring and Mike Rodriguez for Artesia.

Artesia, which had hopes of gaining second place in league standings a few days ago, now trails Big Spring by 6 1/2 games.

LOOKING 'EM OVER

With Tommy Hart

Although Amarillo's Harry Gilstrap, champion of the WT-NM League, would probably distort the fact and seek to disprove it through use of a slide rule, two Longhorn League exes are among the top three hitters in the WT-NM League.

That would be Pat Lorenzo of Borger, the number one man with a .422 mark, and Albuquerque's Art Cullitt, third with a .373 average. Bud Wilkinson, the University of Oklahoma football mentor, insists Leon Heath is the best grinder he ever coached. Says Wilkinson of Heath, who is now with the Washington Redskins. "Heath is the best. . . He'll not only be your best offensive player but he'll also be your best defensive player."

HARLEM GLOBE TROTTERS COULD BE BOOKED

It's a shame some local organization doesn't try to book the Harlem Globe Trotters for a basketball appearance here. The Trotters will play in no fieldhouse seating less than 2,000. Big Spring High School's new gym could handle that many.

Though the latest official Longhorn League averages showed Big Spring was leading the circuit in collective fielding, the Broncs had not a player who led at his position. Before you judge the outfielders here too harshly for missing ground balls, you should make a tour of the ground on which they have to play. Among its hazards are ant beds, hills and valleys, plus weeds that can trip one up in a hurry.

FELIX GOMEZ IS ON THE SHELF IN CUBA

Felix Gomez's baseball career may be at an end. The ex-Bronc fly-chaser broke his leg in two places in a game at Texas City not long ago, has now returned to his native Cuba. Gomez's leg miseries, no doubt, will reduce his great speed, even if he does return to the game. He ranks with Manny Junco and Ricky Gonzales as the fastest men ever to play for Big Spring.

1950 WAS TOP YEAR FOR LONGHORN PITCHERS

Up until the 1952 season, the Longhorn League had 17 pitchers who achieved 20 or more victories over the course of one season. The league had no less than half a dozen 20-game winners in 1950, when the campaign stretched over 154 games. Cotton Russell, then of Vernon, notched 25 wins that year. Ray Hill of Roswell had 24, Durward Cox of San Angelo and Ernie Nelson of Midland and Vernon 21 each and Ray Knoblaugh and Al Skokolovic, both of Odessa, picked up 20 wins each. The League already has three 20-game winners this year and at least three others, Mike Rodriguez of Artesia, Israel Ten of Midland and Eddie Jacobs of Midland stand good chances to attain the circle by the time Sept. 8 rolls around.

In 1949, oddly enough, the circuit boasted only one 20-game winner. He was Julio Ramos of Big Spring, who registered 22 wins and took only four defeats.

In six seasons of baseball, Glenn Burns of the San Angelo Colts has never failed to hit 300 or better. His lowest mark was in 1950, when he clubbed 316. He played for three clubs—Gainesville, Dallas and Gladewater—that season.

LITTLE LEAGUERS

Indians, Yankees Win In Playoffs

The Indians and the Yankees chalked up victories in the opening round of the Little League Shaugnessy playoffs at Steer Park last night. The Indians staged a mild upset in defeating the Gold Sox, 7-4, while the Yankees had to come from behind to win over the Oilers, 9-7.

The Gold Sox had finished in first place in second half play but the Tribe kept hammering away at Fox pitching to wing home in front. The Yankees spotted the Oilers seven runs and then counted all their tallies in the fourth and fifth rounds. They got five in the fourth and four in the fifth. Elton Kelly belted a fourth inning round tripper for the Yankees to help Pitcher Travis Anderson along. The Yankees and the Oilers play the first game this evening and the Sox and the Indians the second. The first team winning two games in each series advances to the finals. Tonight's activity starts at 6 p.m. Each game goes six innings. Finals will open immediately after first round winners have been certified. The champion earns a trophy given by Poncho's News Stand.

O'Neill Coach

ROCKDALE, Ag. 19 (AP)—Frank O'Neill has been named head football coach at Rockdale High School succeeding Point Wade, who resigned to become coach at Missouri City. O'Neill, a graduate of Southwestern University, has coached at Georgetown, Hearne, Woodville and Pearland.

Greer Will Be Out At Least Ten Days

ROSWELL, N. M. — Roswell's hopes for finishing in the first division of the Longhorn League suffered a severe jolt when it was learned Hayden (Stubby) Greer, star shortstop, would be out ten days with an injury to his ankle. Greer was hurt at Odessa Sunday night. He is now on crutches.

Big Spring (Texas) Herald, Tues., Aug. 19, 1952 11

Stevenson's Speech Off Due To Conflict

SPRINGFIELD, Ill. (U.P.)—Adlai E. Stevenson's date to make a major farm speech at Minnesota's National Plowing Contest was called off today after contest officials declined to permit him to speak the same day as Dwight D. Eisenhower.

Wilson W. Wyatt, the governor's campaign manager in Springfield, issued a pre-dawn statement saying their position in barring a Sept. 6 speech by the Democratic presidential nominee, "and now had reversed its position."

He also charged they backed down on a subsequent decision to make the whole arrangement conditional on Eisenhower's approval.

Stevenson's office had announced last night that the governor would make his farm speech at the contest in Kasson, Minn., at 3 p. m. that day—just four hours after Eisenhower's scheduled appearance.

Eisenhower had accepted the invitation two days earlier.

But the contest executive committee decided after a four-hour meeting early today to invite the governor to speak Sept. 5—with Eisenhower appearing as scheduled the following day.

Wyatt telegraphed the committee that neither Stevenson nor John Sparkman, the Democratic vice presidential nominee, could appear Sept. 5 because of prior commitments.

Wyatt said the governor was invited to speak on Aug. 10 by Philip S. Duff Jr., chairman of the public relations committee for the event. He said Duff informed the governor that Robert Hurrie of Rochester, Minn., the program committee chairman, welcomed him for either day of the event—Sept. 5 or 6.

Wyatt added that he telephoned Duff last night when he was informed of press reports that acceptance by Eisenhower, the GOP presidential nominee, had "closed the door" for a speech by Stevenson the same day. Wyatt added:

"Mr. Duff... told me that during the middle of yesterday afternoon he heard indirectly that since Gen. Eisenhower had accepted for Sept. 6, Gov. Stevenson would no longer be welcome on that day.

Mr. Duff said he immediately sought out Mr. Hurrie to check out the truth of the rumor. Upon finding Mr. Hurrie, Mr. Duff learned that Gov. Stevenson's invitation for the sixth of September should be withdrawn in the light of Gen. Eisenhower's acceptance."

Wyatt said Duff arranged for members of the executive committee to review the situation after talking with Hurrie. Wyatt added:

"At the end of the four-hour meeting Mr. Duff telephoned me to report that the executive committee had decided to invite both Gen. Eisenhower and Gov. Stevenson for the sixth of September, subject to two provisions:

"1. Gen. Eisenhower should have the choice of speaking either in the forenoon as originally scheduled for him, or at 3 p. m. in the afternoon as had been discussed for Gov. Stevenson.

"2. That the whole arrangement, including Gov. Stevenson's appearance, should be subject to Gen. Eisenhower's approval."

However, he added, Duff called him again by telephone early today to report that the committee had held a second session "and now had reversed its position."

He said the committee had invited Stevenson or Sparkman to appear only on Sept. 5.

"I regretfully informed him

ance, should be subject to Gen. Eisenhower's approval."

Wyatt said he informed Duff that although Stevenson was away from Springfield "I was confident that he would understand the situation and would be very glad to let Gen. Eisenhower have first choice to speak in the morning or afternoon of Sept. 6."

However, he added, Duff called him again by telephone early today to report that the committee had held a second session "and now had reversed its position."

He said the committee had invited Stevenson or Sparkman to appear only on Sept. 5.

"I regretfully informed him

ance, should be subject to Gen. Eisenhower's approval."

"I regretfully informed him

(Duff) that owing to prior commitments neither Gov. Stevenson nor Sen. Sparkman could appear Sept. 5 and it was for this reason that Gov. Stevenson had accepted the invitation for Sept. 6," Wyatt said.

Stevenson's Speech Off Due To Conflict

SPRINGFIELD, Ill. (U.P.)—Adlai E. Stevenson's date to make a major farm speech at Minnesota's National Plowing Contest was called off today after contest officials declined to permit him to speak the same day as Dwight D. Eisenhower.

Wilson W. Wyatt, the governor's campaign manager in Springfield, issued a pre-dawn statement saying their position in barring a Sept. 6 speech by the Democratic presidential nominee, "and now had reversed its position."

He also charged they backed down on a subsequent decision to make the whole arrangement conditional on Eisenhower's approval.

Stevenson's office had announced last night that the governor would make his farm speech at the contest in Kasson, Minn., at 3 p. m. that day—just four hours after Eisenhower's scheduled appearance.

Eisenhower had accepted the invitation two days earlier.

But the contest executive committee decided after a four-hour meeting early today to invite the governor to speak Sept. 5—with Eisenhower appearing as scheduled the following day.

Wyatt telegraphed the committee that neither Stevenson nor John Sparkman, the Democratic vice presidential nominee, could appear Sept. 5 because of prior commitments.

Wyatt said the governor was invited to speak on Aug. 10 by Philip S. Duff Jr., chairman of the public relations committee for the event. He said Duff informed the governor that Robert Hurrie of Rochester, Minn., the program committee chairman, welcomed him for either day of the event—Sept. 5 or 6.

Wyatt added that he telephoned Duff last night when he was informed of press reports that acceptance by Eisenhower, the GOP presidential nominee, had "closed the door" for a speech by Stevenson the same day. Wyatt added:

"Mr. Duff... told me that during the middle of yesterday afternoon he heard indirectly that since Gen. Eisenhower had accepted for Sept. 6, Gov. Stevenson would no longer be welcome on that day.

Mr. Duff said he immediately sought out Mr. Hurrie to check out the truth of the rumor. Upon finding Mr. Hurrie, Mr. Duff learned that Gov. Stevenson's invitation for the sixth of September should be withdrawn in the light of Gen. Eisenhower's acceptance."

Wyatt said Duff arranged for members of the executive committee to review the situation after talking with Hurrie. Wyatt added:

"At the end of the four-hour meeting Mr. Duff telephoned me to report that the executive committee had decided to invite both Gen. Eisenhower and Gov. Stevenson for the sixth of September, subject to two provisions:

"1. Gen. Eisenhower should have the choice of speaking either in the forenoon as originally scheduled for him, or at 3 p. m. in the afternoon as had been discussed for Gov. Stevenson.

"2. That the whole arrangement, including Gov. Stevenson's appearance, should be subject to Gen. Eisenhower's approval."

However, he added, Duff called him again by telephone early today to report that the committee had held a second session "and now had reversed its position."

He said the committee had invited Stevenson or Sparkman to appear only on Sept. 5.

"I regretfully informed him

Cancer Toll Among Women Decreasing

WASHINGTON (AP) — New evidence that the cancer death rate among women is declining slightly was reported today by the National Cancer Institute.

The institute issued a report on a survey in Dallas, Tex., and Dallas County, showing an 18 per cent increase in reported cancer cases in 1948 compared with 1938—but an increase of "only" 2 per

cent in the death rate from the disease.

Also, while the death rate increased 8 per cent among men, it declined 3 per cent among women.

Seven Operators Are Under Indictments

DALLAS, Aug. 19 (AP)—Seven Dallas men—all operators of cafes or drug stores—are under indictment today for keeping and exhibiting marble tables as gaming devices.

The complaints, felonies under state law, were returned yesterday.

Mystery Women Are Questioned In Raids

NEW YORK (AP) — Two more women, their identities a mystery, had roles today in a widening cafe society vice probe which officials say may bring more arrests and involve more "big names."

The women — one blonde, the other brunette, and both young — were questioned last night at the district attorney's office in the investigation which already has snared a young heir, a wealthy dress manufacturer, a self-styled actor and others.

After the two women left the office early today accompanied by a patrolman, Assistant Dist. Atty. Anthony J. Liebler declined to disclose their names.

He said they were "new to the case" and that immediate announcement of their identities might ruin something we are working on.

Both women hid their faces behind newspapers with peep holes cut to see through.

It was not known where they were taken.

Questioning of the two women climaxed a day during which a grand jury began to examine the separate vice cases against Minot F. Jelke, 22, heir to an oil-magnate fortune, and against Samuel Chapman, 58, dress manufacturer and ex-husband of noted designer Cecilia Chapman.

The day also saw the arrest of a

self-styled movie actor, Richard Short, 29, on charges of living off the earnings of "a prostitute known as Pat Thompson."

A 23-year-old blonde named Pat Thompson had been questioned over most of the week end and finally was held in \$10,000 bail yesterday as a material witness.

"In their arrangement of convenience, in exchange for love and affection from him, she gave him at least \$300 weekly," the prosecutor's office said.

Liebler said last week that call girls involved in the cases had fees ranging up to \$500 a night.

Short, also known as Richard Wallace, claimed he had played in the Danny Kaye movie, "The Kid From Brooklyn." But the producers of the film said they had no record of him.

Bail was set at \$25,000 for Short, whom authorities described as a friend of Jelke.

Company Wants To Build A Pipeline

WASHINGTON, Aug. 19 (AP)—Texas Eastern Transmission Corp., Shreveport, La., wants to build a 315-mile natural gas line from near Provident City, Tex., to Caster, La.

An amended application filed yesterday with the Power Commission provided for transportation of 140 million cubic feet of gas daily through the line instead of 200 million cubic feet as planned originally.

Negro Officers In Annual Convention

DALLAS, Aug. 19 (AP)—San Antonio Police Chief R. D. Allen was to be one of the principal speakers today at the 17th annual convention of the Texas Negro Peace Officers Association.

A marksmanship contest was also on tap for the day, second of the convention's activities. Committee reports are due tomorrow.

Ginger Adds Spice To La Danse

Cheek to cheek with her serious-faced partner, laughing Ginger Rogers dances with the French actor Jacques Bergerac at Monaco during her French Riviera vacation. The French press, ever alert for hints of amour, described the close dancing embrace in news and pictures. Bergerac met the American screen actress on her arrival at Nice airport, but Ginger was quoted as saying it is premature to "talk of either marriage or engagement." (AP Wirephoto via Radio from Paris).

McCarthy Vs. Benton Case Steaming Again

WASHINGTON (AP) — A two million dollar libel-slender suit fight between Sen. McCarthy (R-Wis) and Sen. Benton (D-Conn) steamed up a new courtroom clash today.

At issue is McCarthy's motion for a court-ordered delay in taking the pre-trial testimony of Paul G. Hoffman, president of the Ford Foundation, who may become a key witness. The opposing lawyers had less than an hour in which to argue the case and get a ruling from U. S. District Judge Burnita S. Matthews.

The woman judge set the postponement motion for hearing at 9 a. m., EST. Counsel for the two senators hope for her decision before the scheduled start of Hoffman's testimony at 10 a. m. at a nearby hotel.

The fight stems from McCarthy's big damage suit. He contends that

Benton libeled and slandered him with unfounded charges of fraud, perjury and calculated deceit of the American people.

Theodore Klend of New York and Gerhard van Arkel of Washington, counsel for Benton, have made mystery of their reasons for calling Hoffman, a top adviser to the Eisenhower - for - President forces.

Edward B. Williams of Washington, McCarthy's lawyer, said he would use that fact in his arguments to the court. He has asked the court to forbid the examination of Hoffman until the ailing McCarthy can take a hand in cross-examining the witness or at least consult with his counsel.

Hoffman headed the Economic Recovery Administration (ECA) through which the Marshall Plan to combat communism in Europe was initiated, but Benton's lawyers have refused to tell in advance the nature of questions to be asked of him.

Nurse Thinks Her Sentence Too Harsh

BIRMINGHAM, Ala. (AP) — Mrs. Earle Dennison thinks the death sentence imposed after her conviction for the poison murder of her 2-year-old niece was "too much... it wasn't fair."

The 54-year-old nurse was interviewed by reporters in the presence of officers yesterday.

She will be held in jail here until the State Supreme Court completes its automatic review of the verdict an all-male jury returned at Wetumpka Saturday night.

The state claimed the nurse had insurance policies totalling at least \$5,500 on her niece, Shirley Dianne Weiden.

Dealers May Figure Automobile Prices

WASHINGTON (AP) — Beginning Saturday dealers may calculate their own top retail ceiling prices for new automobiles. It may lead to a slight increase.

The Office of Price Stabilization, announcing yesterday it was abandoning dollars and cents ceilings on new cars sold to the public, estimated it might mean about a 1 per cent boost in prices.

Dealers' own calculations may be pegged to one of two base periods: (1) the month before the outbreak of the Korean War, or (2) the period from Jan. 29-Feb. 24, 1951, the month after prices were frozen.

Deported Mexicans

Part of 912 Mexicans who had just been deported from the United States are shown in this picture taken at Reynosa, Mexico. They were crowded by Mexican immigration officers into ten railroad coaches for a 400-mile trip to Torreon, in the Mexican interior. The "Wetbacks"—Mexican Nationals illegally in the U. S.—had been picked up by the U. S. Border Patrol. The "trainlift," operated by the Mexican government with funds supplied by the U. S. Department of Labor, is being employed to get the "Wetbacks" as far away from the border as possible so they cannot easily return. (AP Photo).

HCJC Faculty For Coming Term Is Almost Complete

With a staff of 16 already signed, Howard County Junior college expects to have its 1952-53 faculty completed well in advance of the opening date of Sept. 8. Key positions on the faculty already have been filled, but two more full-time instructors and four part-time instructors are needed to complete the list, based on current estimates of requirements for the coming year.

The faculty so far includes the following: Earl Bryant, business manager and instructor in commercial subjects; J. T. Clements, science; Elizabeth Cope, music; Harold Davis, coach and physical education; James Bruce Frazier, biology; George Hank, languages; William Holbert, agriculture; B. M. Keese, dean and instructor in history; George McAllister, mathematics; Charlotte Sullivan, head of commercial department; Prudence Taylor, librarian; William Thompson, head of English department; Marvin L. Baker, director of night school; Gerald Brumholts, industrial education; Mrs. Janell Davis, speech and journalism; Mack Rodgers, law and government.

Another full-time English instructor and a full-time instructor for the commercial department are being sought, in addition to four part-time instructors to serve in various departments.

Vienna Tourists Without Taxicabs

VIENNA, Aug. 19 (AP)—Tourists arriving in Vienna today were without taxicabs to take them to their hotels.

The city's thousands of cab drivers were on a 24-hour strike against the recent increase in gasoline prices and against taxes they claim make it prohibitive to purchase new vehicles to replace cabs up to 30 years old.

Watermelon Used For Birthday Cake

OLAHOMA CITY (AP)—There was a gasp of surprise when it came time to blow out the candles at Mrs. Betty Hamm's birthday party.

It was so hot no one felt like baking, so the candles were placed on an ice cold watermelon instead.

Rifleman Takes Fifth Zoo Victim

DALLAS, Tex. (AP)—VI, female vicuna in the Dallas Zoo, is dead, fifth victim in recent years of a rifleman who apparently shoots just to kill.

VI was killed Saturday night. Pieces of the .22-caliber bullet were found in her liver.

Ray Hubbard, president of the Park Board, offered a \$250 reward for the vandal responsible. In the past, one llama, one zebra and two deer have been shot, all by a .22 rifle.

A vicuna is allied to the llama and alpaca families.

A common tern, banded on July 3, 1913, at Eastern Egg Rock, Me., was found dead in August, 1917, at the mouth of the Niger River, West Africa, establishing the fact it had crossed the Atlantic.

Manville Cash Buys Little Wedded Bliss

By HENRIETTA LEITH
NEW YORK (AP)—Tommy Manville, squiring a blonde who says she will be Mrs. Manville No. 10, may not have a record on wives—a few suitors have beaten him.

He may not have a record for the amount of money he has spent on divorcees, either. Some wealthy Americans have put out more on one divorce settlement than Tommy has on all his divorcees put together.

But the 59-year-old asbestos heir probably has put out more cash for less wedded bliss than any wealthy playboy in recent generations.

Manville's first marriage to fellow girl Florence Huber was his longest. It lasted from 1911 to 1917, and it is not known just how much she got when she divorced him.

From then on, the marriages grew shorter, and Manville's complaints about the cost became more public.

Here is a tabulation, based on partial information from Manville himself and from the records:

No. 2—Lola McCoin, married him in 1923; left him after three months; divorced him in 1930, receiving \$1,600 a month for life. Manville said in 1941 she had already cost him over \$300,000.

No. 3—Averne Taylor, married in 1931; divorced the same year; getting a reported \$350,000 cash settlement.

No. 4—Marcelle Edwards, married in 1933; divorced in 1937 after a long period of wrangling that cost Manville \$5,000 to one lawyer, \$100,000 to another, and reportedly \$200,000 to Marcelle.

No. 5—Bonita Edwards, married Nov. 18, 1941; lived with him 17 days; divorced Jan. 21, 1941, getting an undisclosed cash settlement.

No. 6—Wilhelmina Boze, married him Oct. 11, 1942; lived with him two months; divorced him Feb. 10, 1943, getting \$2,500 expenses to go to Reno and reportedly refusing alimony.

No. 7—Maie Marie (Sunny) Almsworth, married Aug. 25, 1943; spent seven hours and 45 minutes with Manville before he showed up at El Morocco with a scratched face and without Sunny; divorced Oct. 13, 1943, getting a check for \$8,000.

No. 8—Georgina Campbell, married Dec. 12, 1945; divorce plans announced Jan. 19, 1946 after five weeks of marriage; returned but left again April 18; returned but left again Sept. 26; returned Oct. 6; on Feb. 16, 1951, reportedly offered

Men In Service

WITH U. S. FORCES IN TRIESTE
—Doyle G. Lewallen, Route 1, Big Spring, who was recently promoted to private first class is serving with U. S. forces in Trieste.

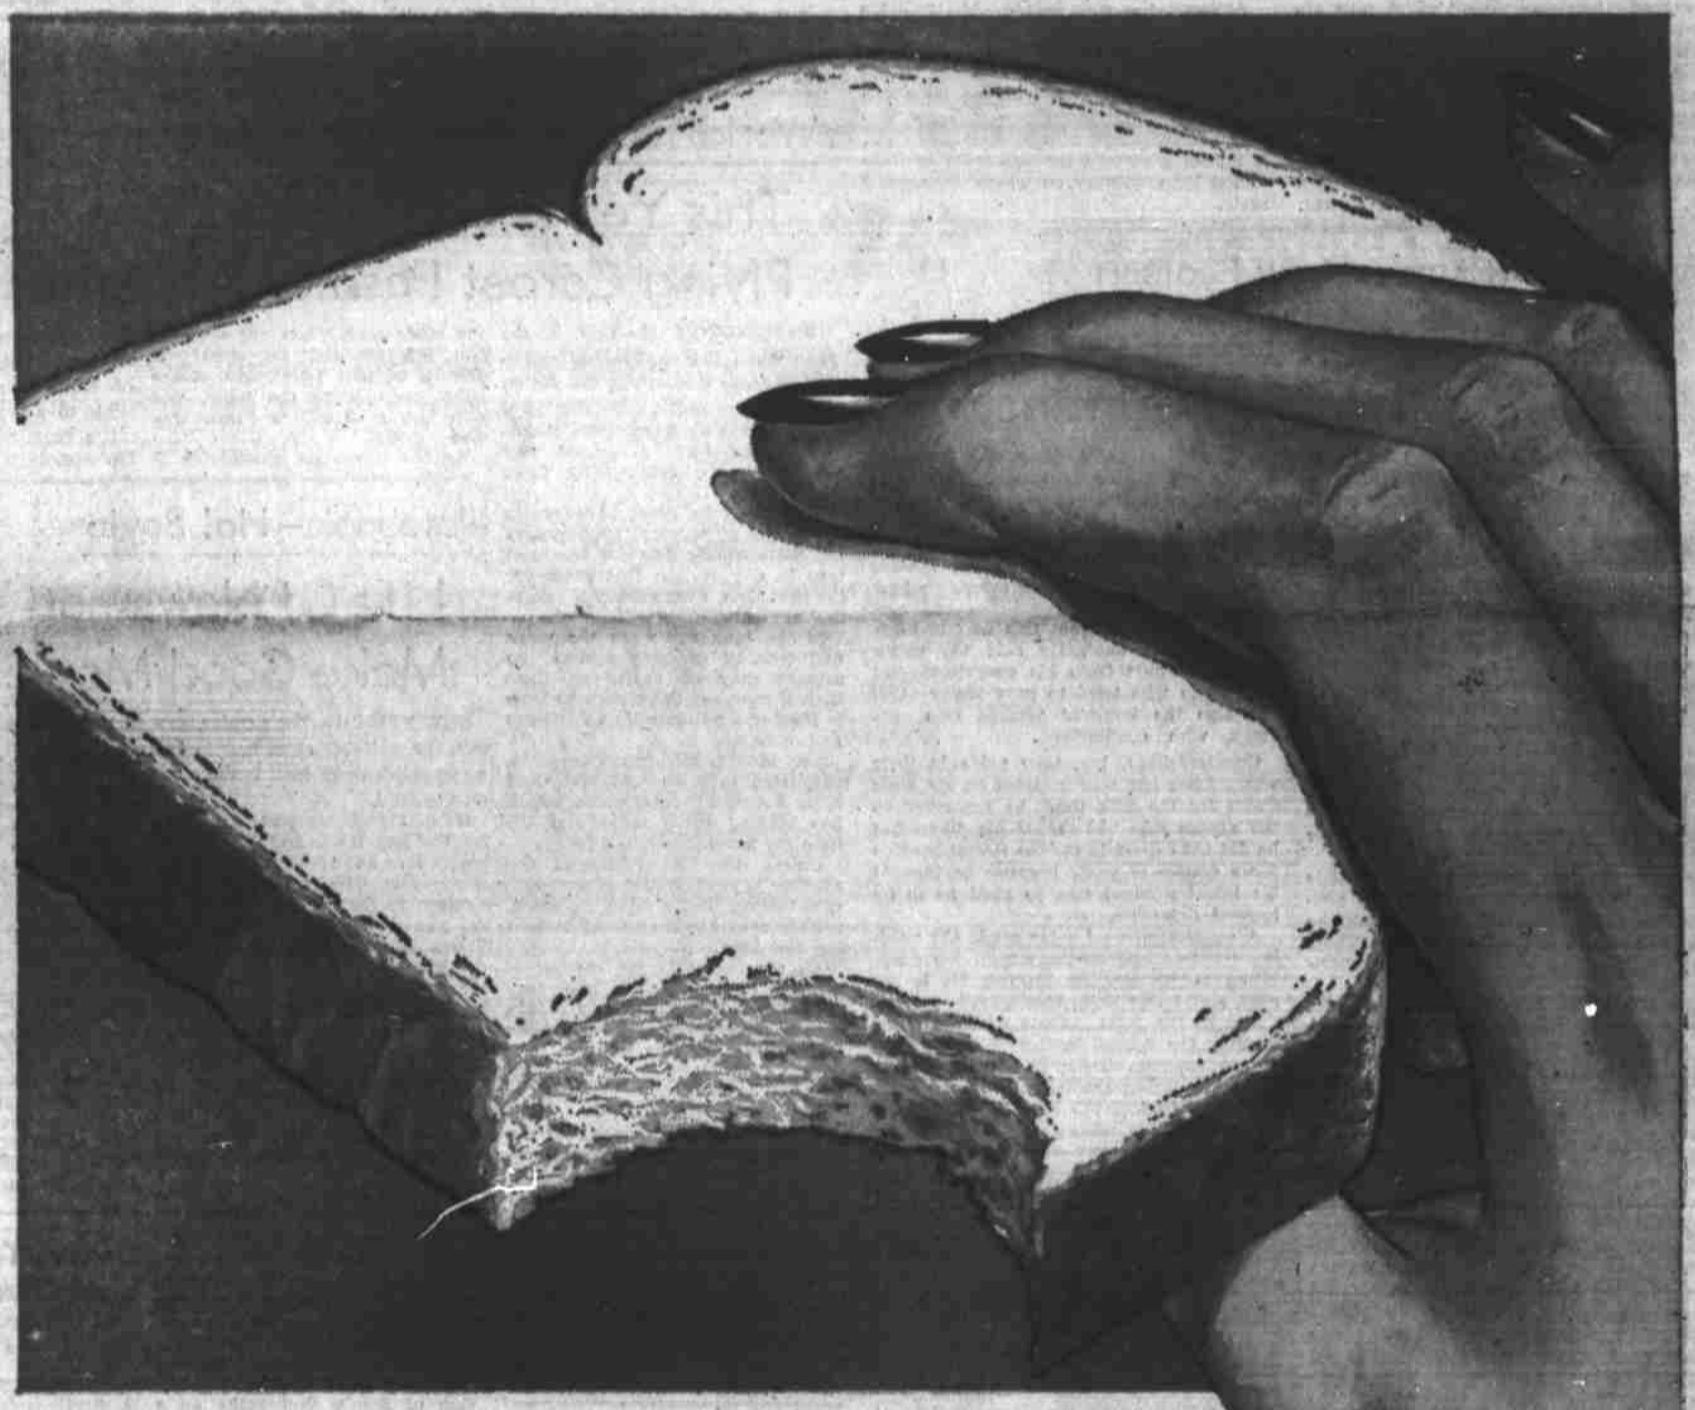

A free territory established between Italy and Yugoslavia after World War II, Trieste is under the jurisdiction of the United Nations Security Council.

It is garrisoned by troops from the United States, Great Britain and Yugoslavia.

Lewallen, a member of Headquarters Company, 351st Infantry Regiment, entered the Army in March 1951.

\$1,000 a month, plus \$76,000 worth of jewelry and \$20,000 worth of furs, to stay away; the \$1,000 a month apparently continued until April 26, 1952, when she was killed in an automobile collision on her way to have breakfast with Manville.

No. 9—Anita Frances Roddy-Eden, married him July 10, 1952; left after 12 days; divorced in Mexico Aug. 9, saying Manville had given her "\$50,000 to get a divorce and a \$50,000 bonus."

Nathaniel, thought to be same as Bartholomew the apostle, was magnificent material with which to build a world religion. He was genuine and sincere. That is more important than scholarship or wealth or material position. "Behold an Israelite in whom there is no guile."

—John 1:47.

Comnies No Serious Threat To Boy Scouts Of America

Boy Scouts are unlikely recruits for Communism and the story that Reds seek to infiltrate the Scout movement should worry us very much. "I can conceive of no greater crime," said Senator McCarran chairman of the Senate subcommittee that released a report that Moscow was attempting to warp American Boy Scouts to the Kremlin's views.

Some of the slogans were: "The Boy Scouts is an organization for capitalists' wars." "Smash the Boy Scouts! Join the Young Pioneers!" "Boy Scouts are for bosses' war." "Boy Scouts take part in murder of striking workers."

One Vote Made Texas A State; Your One Vote Is Important

For want of a nail the shoe was lost. For want of a shoe the horse... the battle... the kingdom was lost. We all know that story. But the Bureau of National Affairs, Inc. in Washington, has brought out a leaflet entitled "Just One Vote" which tells another story (borrowed from the Rotarian Magazine).

When a vote on the annexation of Texas was taken it resulted in a tie, and Hannegan, as president pro tem of the Senate, cast the deciding vote. By dint of one farmer's vote Texas was in.

Merry-Go-Round—Drew Pearson

Secret Service Agents Guard President, Nation's Currency

(Note: While Drew Pearson is on a brief vacation, the Washington Merry-Go-Round is being written by several distinguished guest columnists, today's being Hon. U. E. Baughman, Chief of the United States Secret Service.)

guard against them. Now and then one with a conscience is caught. One such was seized in Chicago recently. He was posed as a criminal and purchased \$100,000 in counterfeit notes to break up one of the biggest rings in the United States.

Even in an average check case unusual circumstances may arise as in a case in South Dakota. The suspected forger was an Indian woman, living at Cherry Creek, near the Cheyenne River. The agent started for the Indian village, At Plum Creek, he found a bridge had been washed away; no boat was available. The agent removed his outer clothing and rolled it up with his case file and gun inside, then held the roll over his head while swimming across the river to the Indian village.

Counterfeiters, too, take pride in their work. After one was arrested on the West Coast for the fifth time, he remarked to the agents who had riddled his plant that he did not expect to see the Secret Service for a couple of years because he thought his latest product was so good as to be beyond detection.

This Day In Texas

Born on this day in 1857, near Hewitt in McLennan County, was Thomas Terry Connally, "Texas Tom."

His long service as a congressman and United States senator from Texas came to a close this year. The sixty-fifth Congress marked the beginning of his congressional efforts.

This Year's Candidates Move Around Flying Carpet Fashion In Campaigns

WASHINGTON (AP)—This is the year when the presidential candidates breeze around like the kid on the flying carpet. Candidates used to campaign by train. Gen. Eisenhower and Gov. Stevenson will criss-cross the country by train and plane.

the other way, when one of them can hob up and say what he pleases without worrying that the other one, across the table, will stop him cold with a "How was that again?"

Notebook—Hal Boyle

Life Of Newsman Would Make Good Movie Story

NEW YORK (AP)—The slender man with the white shock of hair looked up from his news desk to the clock on the wall.

that now keeps me completely happy. Sam married at 19—the same year he became a telegrapher—and still goes home to the same girl. They have two sons, five grandsons.

Census Takers Even Listed Orange Trees

WASHINGTON, Aug. 19 (AP)—The 1950 census even counted orange trees.

A report released today by the U. S. Department of Commerce showed today there were 45,833,176 orange trees in the U. S. at the time of the 1950 census.

Physical Therapists Are Needed In Dallas

Administration Insincere On Civil Rights For The Indians

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

The evidence is indisputable that the national administration's program of civil rights for minority groups is a fraud, fake and wholly insincere and dishonest. What is meant, is civil rights for such minorities as have enough votes to give the Truman faction a majority in the coming election.

more than 2,900 votes, and so as far as Washington is concerned it's a matter of to hell with their civil rights since they can't swing enough votes to carry Oklahoma, much less the election of a President of the United States.

Since their removal from Mississippi and Alabama after 1825 the Choctaws have been one of the most progressive of the Five Civilized Tribes. They were the second tribe to adopt a written constitution and one of the very first Indian nations to organize and support their own school system of academies and seminaries.

Under treaties imposed upon the Choctaws by the patron saint of the Democrats, one Andrew Jackson, when he threatened to drown the whole tribe if they didn't comply with his commands, the Choctaws have certain tribal business with the federal government that must be transacted by a tribal official known as the Principal Chief.

In appearance, many Choctaws proud of their heritage, would never be suspected of having Indian blood by the average American. Among the American Indians they have always been the leaders as farmers and cowmen, just as they have also been among the leading of American agriculturalists of whatever ancestry.

But the Commissioner of Indian Affairs isn't bound by that choice of the Choctaws. He can appoint either or neither of these candidates and may, in fact, select just any one he wishes to represent these fine people in their business with his department.

Matter Of Fact—Stewart And Joseph Alsop

Ike Faces Big Policy Decision On Views Of M'Carthy, Jenner

WASHINGTON—The anguished word comes from Denver that General Dwight D. Eisenhower's toughest campaign problem has split the Republican High Command right down the middle. The divisive problem is what to do about Senator Joseph R. McCarthy of Wisconsin, Senator William Jenner of Indiana and the other Republicans of their peculiar ilk.

ing gems of modern American eloquence, taken together with Eisenhower's relationship to Marshall, explain Eisenhower's reluctance to offer Jenner and McCarthy a ride on his coattails. The arguments that are being used to break down that reluctance amount to a plea that Eisenhower be untrue to himself.

Originally General Eisenhower planned to solve this problem by an appearance. He would make a major speech, early in the campaign, simultaneously denouncing softness toward communism in the Administration and character assassination and smear tactics anywhere, including his own party.

In particular, the Indiana, Wisconsin, Illinois and Ohio leaders have been threatening the General with losing their states, unless he campaigns as a "real Republican." To do this, they say, he must embrace all other Republicans, including even McCarthy and Jenner.

McCarthy and Jenner are test cases for a very special reason. A good many other Republican Senatorial and Congressional candidates have persistently and venomously attacked almost everything Gen. Eisenhower stands for, but McCarthy and Jenner have an unusual distinction. They have publicly described Gen. George C. Marshall as a traitor to the United States. Jenner has told the Senate that Marshall was "a living lie," "a front man for traitors" and a "co-conspirator of treason." In his famous Senate speech against Marshall, McCarthy wholly spat upon Jenner.

Take the three states where comparison is possible, Ohio, Illinois and Indiana. He lost Illinois and Ohio by a little over 33,000 votes and a little over 7,000 votes respectively. Meanwhile in these states, the venomously partisan, violently reactionary local Republican candidates ran hundreds of thousands of votes behind Dewey. The margins ranged from 132,000 votes in Indiana, where the governorship was won by the Democrat, Schricker, who is now challenging Senator Jenner, to 529,000 votes in Illinois, where the governorship was won by Gen. Eisenhower's present opponent, Adlai Stevenson.

Families In Protest Of Voteless Status

By WALTON ROCK
 FREDERICK, Md. (AP) — Three hundred families living on a nearby federal reservation have gone to court over their taxable but voteless status. They claim it constitutes "taxation without representation."

civilians living on the government reservation can't vote; that for the purpose of franchise they might as well be living outside the state's boundaries.

Yet the state expects those same civilians to pay state income taxes, sales taxes, automobile titling taxes, and other state levies.

The state bases its stand on the federal Constitution and a Maryland Court of Appeals decision. The right of taxation, the state says, comes from an act of Congress that permits states to retain taxation rights even though the federal government controls the land in question in all other respects.

Camp Detrick residents, however, have filed suit in Frederick County Circuit Court seeking the restoration of their right to vote under the "taxation without representation" principle. They also want a judicial determination of other rights, including the answers to such questions as:

Are they citizens subject to state inheritance tax? Can their wills be probated in Maryland? Can those suffering from mental illnesses or tuberculosis receive care in state institutions?

The outcome of the suit is expected to affect the status not only of Camp Detrick residents, but those living on government property in other states as well.

Some legal authorities expect the case to go to the U. S. Supreme Court for a final ruling.

Bail Again Denied Convicted Commies

LOS ANGELES (AP) — After asking 14 convicted California Communists whether they had been in Canada or Mexico or had contacts there, Federal Judge William C. Mathes yesterday again denied their plea for bail pending appeal.

The 14 were convicted Aug. 5 of conspiring to teach and advocate overthrow of the government by force. They were sentenced to five years in prison and \$10,000 fine each, and bail was denied.

Smiling But Not Talking

Prince Aly Khan and his estranged wife, Actress Rita Hayworth, emerge from her mansion in Hollywood, Calif., to face reporters and photographers. They were affable and smiling, but neither would say a word about a possible reconciliation. Their meeting was the third between the pair since Aly arrived Thursday night. (AP Wirephoto).

Youth Who Lost Limbs Marries

WASHINGTON (AP) — Here is a happy chapter in the story of the young Army corporal whose loss of both hands and both legs in the Korean fighting touched America's heartstrings:

Robert L. Smith, 22, of Middleburg, Pa., was married last night in the little chapel at Ft. Lincoln Cemetery to Barbara Borm, a pretty 17-year-old brunette of Takoma Park, Md.

Bob and his bride-to-be drove up in his own car, which he drives with skill.

Four canaries inside the little chapel almost drowned out the voices of the two as they repeated the words of the minister, the Rev. Edgar W. Beckett of the First Methodist Church of Hyattsville, Md.

The wedding was a simple affair, with only two others besides the principals present: maid of honor Phyllis Anderson of Wheaton, and best man Staley Borm of Takoma Park.

The quadruple amputee and his bride met while he was in Walter Reed Army Medical Center. Barbara and a girl friend had gone to the hospital to take magazines to patients.

Local Residents Attend Services

Mrs. R. H. Carter, Mrs. Horace Beene and Pauline Sullivan have returned from Leonard, Texas, where they attended funeral services for Robert F. Sullivan, 91.

The deceased was well known locally and was called "Uncle Bob" by those who knew him. He was a brother to L. J. Sullivan and an uncle to Willard Sullivan.

Sparkman Says South Will Be Glad To Support Adlai

By REX THOMAS
 HUNTSVILLE, Ala. (AP) — Dixie Democrats had assurance from Sen. John Sparkman today that before the presidential campaign is over, they will be proud to support Gov. Adlai Stevenson.

"The South will gladly stand behind his beliefs when he has had an opportunity to present his program," Sparkman told a "welcome home" crowd yesterday in a build-up for the Democratic presidential nominee.

Death Of Man Investigated

HOUSTON, Aug. 19 (AP) — The cremation death of a man identified as Vernon E. Bass, 46-year-old Houston pipefitter, was under Texas Ranger investigation in Bay City today.

The partially cremated body was tentatively identified, Matagorda County Sheriff Jack Cole said, through the license plate of the burned car, in which it was found yesterday.

A dentist was to examine the body's dentures today in an effort to make a more certain identification.

When found by a Santa Fe Railroad section foreman, the car was on an abandoned bridge about 2 1/2 miles southeast of Bay City.

Cole said he decided to call in the Rangers when he noticed the window glass on the driver's side rolled up and the body slumped on the right side of the seat.

Bass, missing since Saturday afternoon, had started to Bay City from Houston to inspect his family's farm. Mrs. Bass said he had between \$100 and \$200 when he left Houston.

Sparkman said he was "glad to see the GOP taking an interest in the people below the Mason-Dixon line, but wondered whether the interest will continue after election day."

It never has in the past, he said. Sparkman conferred with Alabama Democratic leaders on campaign plans for the state yesterday.

Model K Models

Showing off the new Model K Harley-Davidson motorcycles at the Cecil Thixton Shop are Gary Blacklock and Fred Shannon. Thixton has the modern new Ks as well as a "big twin" and H-D 125s on display at his place, 908 W. 3rd.

New K-Model Cycles Fall Fabrics Shown At Thixton's Arrive Daily

"New, brilliant and beautiful"—the featured attraction at the Cecil Thixton Motorcycle Shop is the Harley-Davidson Model K motorcycle—a completely new machine "from tire-tip to tail light," says Thixton.

The Model K is the latest addition to the Harley-Davidson line of motorcycles. It incorporates a number of features not found on any other model.

For instance, the K has a unique new rear suspension system which is designed to "smooth out" even the roughest road. Rear wheel is mounted in a swing arm, hydraulically controlled with coil spring suspension and automotive-type shock absorbers.

Front fork also is hydraulically suspended for riding ease and comfort, as well as for elimination of jolts and vibration which might shake engines and accessories.

The Model K is powered by an all-new 45-cubic-inch side valve motor with a four-speed transmission which is an integral part of the crankcase. The motorcycle also has a foot shift and hand clutch.

Economy of operation, of course, continues to keynote the performance of Harley-Davidson motorcycles. Thixton recently rode one of the Model Ks from Big Spring to Amarillo—a distance of approximately 250 miles—using less than four gallons of gasoline.

Thixton Motorcycle Shop also has Midland Rotary Will Be Honored

Big Spring Rotarians Friday will treat members of the Midland Rotary Club to a barbecue dinner at the local Country Club.

The dinner, and a program of music and other entertainment, will be reward for the Midlanders who won an attendance contest conducted over a four-month period with the Big Spring Club.

The Odessa Chuck Waggon will serve the meal and local talent will be presented on the program. Festivities are to get under way at 6:30 p.m. Wives of members of both clubs are to attend.

No meeting of the local Rotary Club was held today, attendance at the Friday gathering to count as a regular meeting.

Jenny Lind, the "Swedish Nightingale," had the first private railroad car, especially outfitted for her use during her tour of the United States in 1850.

two of the 1952 model H-D 125s, one second-hand 125, and three late-model used "twin" motors, and a number of used bicycles.

The shop also is headquarters in the Big Spring area for Whizzer motorcycle sales.

Nalley Firm In 15th Year Here

In its 15th year of serving Big Spring and vicinity is the Nalley Funeral Home, located at 906 Gregg Street.

The Nalley concern, owned and operated by Coy Nalley, has always worked toward increasing and improving its facilities. Two rooms are being added to the largest and best equipped of its kind in this area.

Nalley has been a licensed embalmer and funeral director since 1929. He was living in Abilene when awarded his license. He has also served in the capacity of an embalmer at Stamford, Fort Worth, Ballinger, Rising Star and Mart, prior to moving to Big Spring.

Joe Bunch, an employee of the Nalley concern, is also a certified funeral director and embalmer.

The establishment maintains four ambulances, including two combination vehicles, and its personnel is alerted to respond to an emergency call anywhere in the vicinity at any hour of the day or night.

Nalley and his employees are prepared to assume complete charge of all details connected with the planning of service and interment, when tragedy strikes in a household, relieving the bereaved of all such problems at a time help is needed most.

The Nalley Burial Insurance plan, sold by employees of the concern, relieves financial strain on loved ones.

Telephone number of the Nalley Funeral Home is 175.

Plumbing Work Should Be Done During Summer

It's a horrible thought but for those persons who will be literally crying for a plumber the first time the mercury dips below the 32-degree mark. Fiveash Plumbing is calling for all people in that category to begin now—preparing for cold weather.

Fiveash Plumbing, located at 821 E. 2nd Street, is now taking orders for heating equipment and has already begun stocking parts for gas stoves, floor furnaces and other types of heating units.

E. A. Fiveash, owner and operator, warns people not to wait until cold weather to call for a plumber. Now is the time, he says, to have that floor furnace cleaned out and lit.

Also there are gas stoves to be adjusted, pipes to be insulated, outside cutoffs to be fixed, furnace controls to be cleaned, and many other chores that can be avoided until it's too late. Fiveash warns. Should a person desire to have a floor furnace installed, now is the time for that, he declared. If the person waits much longer, the hole in the floor or wall where the unit is to be installed will turn into a "pneumonia hole". For, he added, the plumbers cannot always come when the customer desires.

And if you are thinking only in the present, Fiveash urges you to call them if you need air conditioner repairs. Just call 310 for service—whether it be for hot weather air conditioners or for cold weather furnaces.

Many varieties and patterns of fall and back-to-school fabrics are arriving daily at Brown's Fabric Shop, 201 E. 2nd.

Expected shortly, possibly this week, are materials in the popular Butterick patterns. Stocks in other lines are being expanded with fall goods as the fall and winter season approaches and the thrifty seamstress probably will find many attractive fabrics on the Brown shelves.

Among the materials now on display are plaids and prints ideally suited for school dresses, a new line of sharkskins, failles, year-round prints, gabardines, and check-a-berry cloth. The latter is extremely crease-resisting.

Also, the fabric sealer will find flannels, broadcloths, iridescent corduroy and raydene corduroy. A new line of broadcloth has been shipped and is expected within the next few days.

All materials at the Brown Fabric Shop, lend themselves to the economy of clothing made at home. In addition to the fall and winter fabrics, many summer styles also are available for the remaining hot-weather months.

All sewing accessories are stocked at Brown's. The seamstress will find Simplicity Patterns, lucite buttons (which won't break, lose their shapes, fade, or be damaged by dry-cleaning chemicals), tapes, edgings, threads, elastics, belting material, laces and other types of buttons.

Materials come in widths of 36 to 45 inches, suitable for making practically any garment without unnecessary piecing.

Fried Chicken Is Ready Within Minutes At Toby's

Fried chicken—whether it be three pieces or large picnic orders—can be ready for you within a few minutes by the cooks at Toby's Fast Chick.

Toby's Fast Chick, located at 1801 Gregg, can fill the ordinary-sized order within 10 to 14 minutes and they deliver.

The time saved in preparing chicken for a picnic, a quick meal or a Sunday dinner is enough within itself to merit calling 9073 for an order without thought to the energy saved in the kitchen.

Toby's Fast Chick takes orders from a three-piece order to whole chickens. They also have special all-white, all-drumstick and gizzard orders, in addition to preparing large orders for picnics.

Toby's Fast Chick makes special prices for large picnic orders. In addition to the chicken, customers get "all the trimmings." All orders contain honey, french fried potatoes, hot rolls and cream gravy—all at no extra cost. Each order is boxed in individual boxes which serve both to hold the freshness and heat and also to form handy containers, thus saving plates.

Toby's Fast Chick is open daily—except Monday—from 10:30 a.m. until 1:30 p.m. and from 4:30 p.m. until 10. Phone number is 9673.

Howard M. Grounder built the first American air raid shelter in 1940 at Fleetwood, Pa. The concrete structure with 18-inch walls had movable bunks accommodating six people.

Riding
THE GRUB LINE
With Franklin Reynolds

This hot, dry weather has got me about like a Colorado River con dreamer about snowballs on the Fourth of July, or a coyote denuded up and bedded down and dreaming about watermelons in the dead of an ice-bound winter.

I've been day dreaming about the rains we used to have back in the good old horse-and-saddle days. And as I thumb through a mythical album of memories I don't reckon there have ever been many cowboys who have known many happier hours than during those mornings when it was raining too hard to do anything, and when there wasn't anything to do anyway. Mainly it was just loafing around the bunkhouse or stable shed swapping lies and spurs or jackknives, or maybe saddles, or playing a little stud, and wishing that town wasn't quite so far away.

The luckier ones were those who worked on places nearer town. They'd wake up about 5 o'clock with the rain hammering down, and in spite of the fact it was too wet for much else, breakfast would be ready 15 minutes later as usual. Then there was some feeding to be done and after that everybody would gather out under the shed and roll cigarettes and look up at the sky and wonder when it was going to quit.

"Looks like it's set in for all day," it was always the oldest of the old-timers who would remark quite casually, and then the boss would reckon as to how there wasn't much that could be done, or that needed to be done anyway, and that maybe the bunch had just as well mosey into town and see what was what, and did anybody want to draw a little money. There wasn't any dressing up to be done. All the boys were always ready on a wet morning.

Everybody would pull their cinches tight, give the blanket a final tug that didn't move it, reshape the brims of their already damp hats for better drainage, and climb into their saddles careful to drape those yellow slickers just right to keep the leather dry—the horse be damned as they'd punch the bronc out into ankle-deep mud and he'd start slipping and sliding those first few steps, with the rain gently peppering against the slicker.

There may be things that smell better than a blending of the aroma of a hot wet horse and the

MELVIN WISE
THE GOSPEL MEETING
OF THE 14th
and MAIN STREET

Church of Christ
is now in progress and will continue through Aug. 27. Melvin J. Wise of Dallas, Tex., will do the preaching. Mr. Wise is well known by many in this community as he lived in Big Spring only a few years ago.

The morning services begin at 7:00 a.m. and the evening services at 8:00 p.m.

The public is cordially invited to hear the gospel of Christ preached without fear or favor of man. Sermons will be preached directly from the Bible.

odor of a Fish Brand slicker that's been rolled behind a cantel in the sunshine for a month, but if there are I've never smelled them, because whenever you smell these things you're also at the same time smelling the fresh falling rain and those soul-lifting scents that rain beats up out of the ground into the air. There's a pleasure in a slow early-morning ride through rain and mud with good companions, with the horse's feet splashing in the good wet earth that can't be approached by anything else in this world.

Whenever there was thunder and lightning with the rain, that was something else. Most cowboys I've known have been a little bit superstitious about hot wet horses and hot wet cattle drawing lightning. So whenever a trip to town was proposed and the lightning was flashing and crashing and the thunder was roaring and rolling, somebody was bound to suggest: "Let's wait 'til she lets up a little." At such times the boys would all be glad he suggested it because they'd know just what he meant.

And somehow nobody cared if it kept right on raining, even after they got to town. A few of them might hunt up a drink but most of them would pile into some drug store or cafe that was a sort of cowboy headquarters on such mornings, and the numbers of cups of hot black coffee that was consumed would far outnumber the number of glasses of whiskey. Men who hadn't seen each other for months would meet, and there would be many things to talk about. Rain was far more than a necessity in those days before there were slick paved highways and skidding automobiles. A man riding through a rain in an automobile can't appreciate its many blessings and joys. God made late spring and summer and early fall rains to soak through to a man's hide and to wash and refresh his soul like such rains wash and refresh the grasses.

Riding into the shelter of a livery stable after hours and miles in a downpour was a wonderful experience within itself. Always there'd be some earlier arrivals, who had probably traveled even farther and maybe swam a creek or two who would want to know in a voice shaking with happiness and laughter if you didn't have sense enough to stay in out of the rain. There was the smell of hay and horses and leather and manure and fresh rain and mud and idiom from the veterinarian's room next to the stable office, and mingling with all this was the indescribable faint mustiness of the dark stable itself, all entwined in a welcome that no rainy garage will ever be able to even imitate.

You'd climb down, stomp your feet, shake the water off your hat and then crawl out of that slicker as best you could without wetting your clothes while the stableman led your horse back to a stall.

In those days rain was a divinely God-given joy. Now it's just water and something to put in the bank. In those saddle horse days such a ride in the rain had a mighty pleasing grandness about it. Now a rush through it in a steel-and-glass contraption is just a nuisance.

Nowadays people appear to miss the rain only for its economic value and not also for the great spiritual value it held for mankind for so many, many countless years, such for example as it held for the old-time cowboy as he sloshed through the mud on his way to a little cowtown on a rainy morning because there was nothing else to do.

Maybe he was profane, maybe he gambled, maybe he got so drunk at times that he couldn't sit in a saddle, but he did have his virtues and not the least among these was his often-felt but infrequently expressed gratefulness to his Creator for the rain and the grass and the cattle, and the sloppy days that brought him the companionship of his kind in hours of idle laziness.

Man Is Rescued As The Sea Closes In

BURNHAM-ON-SEA, England (AP)—For 10 hours Brig. John Ross, trapped chest deep in mud on the beach here, watched the tide slowly creep toward him.

When the water was only a yard away, the tide began to fall.

Ross, who sank in the mud after falling off the sea wall yesterday, eventually was rescued by a fire brigade which arrived with ropes and wooden planks.

HCJC Budget Hearing Set For Thursday

Howard County Junior College expects to spend approximately \$200,000 for operations during the fiscal year beginning Sept. 1.

A public hearing on a proposed budget has been scheduled for 5 p. m. Thursday, at which time detailed estimates of expenditures will be listed.

The hearing will be held in the council room in the college administration building.

HCJC also will have interest and staking fund requirements totaling \$27,042.50 during the coming year, and a total of \$28,800 has been budgeted for that purpose.

The college tax rate will remain at 50 cents per \$100 valuations, but the valuation total for the district will be up considerably. The valuation aggregate for the county this year is expected to be approximately \$22 million.

The proposed budget has been based on 90 per cent collection on the tax roll, and the college fund is expected to receive \$115,200 from that source, a gain of over \$15,000 over last year's record.

West Berlin Is Worrying About Its Role As Communist Haven

By TOM REEDY
BERLIN (AP)—West Berlin is beginning to worry that its proud role as haven for refugees is being used by the Communists to spread chaos.

Forty-three thousand Germans have fled the Russian zone this year and made their way to West Berlin. July hit a new record with a total of 13,800.

The flight in July was originally tabbed as a spontaneous revision from the East zone's abrupt swing into outright and complete communism in all walks of life, plus the threat of conscription for the Red German army.

West Berlin interrogation teams, spending long hours in the refugee camps, are piecing together a different picture now. They note significantly:

1. The average age of the latest crop is much higher than in the past. Some are as old as 75. Thousands are between 20 and 60.
2. A majority told the teams which "screen" them for political reliability, that they had been told they would receive pensions, or compensation in some form, from the West Berlin authorities.

The screening teams reach several conclusions. One, they say, is that it is obvious the Eastern Communists are deliberately trying to coerce Germans they regard as useless to slip into the West. Another is that the Reds have particularly encouraged the older generation, usually too set in their ways to adopt communism, to leave.

The net result has been an almost intolerable burden on the sagging West Berlin economy.

Underground resistance movements based in West Berlin view the refugee stream with concern from another angle. Their leaders contend that the very existence of many thousands of East Germans, now Johnny-come-lately to the West, is a distinct threat to them. No screening, they say, is adequate enough to detect if a Red policeman has fled out of anti-Communist sentiment or if he actually has been sent on a mission.

There are more than 3,000 former Red policemen now accepting the haven of West Berlin. The anti-Red groups regard them with a jaundiced eye, and have warned their people to be on the alert against any "Trojan Horse" coup, which could take the form of kidnapping, assault, or merely espionage.

W. T. Bolin will serve as high school principal and coach. Lowe reported, with Jessie Miles teaching commercial subjects and Mrs. Lena Manning teaching English.

J. T. Barnett will be principal of elementary school and the teachers for the grades include F. L. Bass, Mrs. F. L. Bass, Mrs. John McGregor, Mrs. George White and Mrs. Parise Motley.

By TOM REEDY
BERLIN (AP)—West Berlin is beginning to worry that its proud role as haven for refugees is being used by the Communists to spread chaos.

Knott Schools Open Sept. 1

KNOTT—Superintendent James Lowe has announced that the Knott school will begin operation September 1 at 9 a.m. He added that the enrollment would probably reach 250.

A new lunch room, 30x40 feet, has been erected and will be ready for use when school opens. Plans are to use the old lunch room for a vocational agriculture work shop.

Two places in the faculty roster remain open, Lowe announced. Neither a vocational agriculture nor a home economics teacher has been signed.

W. T. Bolin will serve as high school principal and coach. Lowe reported, with Jessie Miles teaching commercial subjects and Mrs. Lena Manning teaching English.

J. T. Barnett will be principal of elementary school and the teachers for the grades include F. L. Bass, Mrs. F. L. Bass, Mrs. John McGregor, Mrs. George White and Mrs. Parise Motley.

Censorship Lifted

CAIRO, Egypt, Aug. 18 (AP)—Government spokesman announced today that censorship on press cables to and from Egypt—reimposed last Thursday—has been lifted again.

Supervisors Of District Here

District supervisors in the departments of vocational agriculture and home making, directing these activities over a large West Texas area, have their homes here and these district offices are located at 100 E. 10th.

E. L. Timmer is supervisor for the agricultural department and Miss Florence McAllister does similar work in the homemaking division.

At present there is no district supervisor assigned to the distributive education, or trades and industries divisions, the latter having previously been known as diversified occupations.

It is indicated, however, that a supervisor will be assigned to trades and industries by the time school opens and it is anticipated this district worker will also establish his office and home in Big Spring.

LITTLE GIRL KNOWS STARS

HAMILTON, Tex., Aug. 18 (AP) — Little Bonnie Crouch, 2, granddaughter of Mr. and Mrs. Guy Shinn, was naming pictures on an optometrist's chart while undergoing an eye examination. Coming to a star, the doctor asked, "What's this?" "That's Texas," was Bonnie's prompt reply.

PUZZLING MYSTERY

Parisians Vanish As August Arrives

By NADEANE WALKER
PARIS (AP) — Where do Parisians vanish in August?

This annual mystery puzzles — and annoys — tourists every time the August migration comes around.

Thousands of shop fronts bang down as one, "Fermeture Annuelle" (annual closing) signs bloom like roses in June, and disconsolate visitors wander around from one shuttered restaurant to another. Nine dry cleaners out of 10 are closed, 35 out of Paris' 46 theaters are dark and silent, and even a third of the city's bakeries take to handle off the door.

The National Bureau of Statistics solves the mystery of the vanishing Parisian but does not really explain it, except for a nod in the direction of French temperament. "The period of vacations is practically blocked on the month of August," the bureau says. "Forty-nine per cent of all holidaymakers go away then."

Annual holidays have been the right of most French people since 1836, and the statistics bureau says that at least half the country's population — and an even higher proportion of Parisians — avail themselves of the opportunity of a vacation away from home.

This year, a million Frenchmen — twice as many as last year — are taking holidays abroad. Italy, Spain and Germany top their lists of countries to visit. Another 300,000

are "taking the cure" at French spas like Vichy and Aix-les-Bains. More than a million are taking camping holidays of some sort.

But most French citizens take the most inexpensive kind of holiday of all, by staying with friends or relatives. The statistics bureau says only 15 per cent stay in hotels, 10 per cent rent villas or apartments, 5 per cent rent living room with parents or friends and 54 per cent stay as unpaying guests.

Nearly half (46 per cent) of French vacationers go to the country. The seaside is the second most popular, chosen by 28 per cent. Fifteen per cent are lured by the villages, 2 per cent to watering places or spas, and 2 per cent just travel around.

Scout Council Sets Annual Swim Meet

The Buffalo Trail Scout Council will hold its sixth annual swimming meet in Midland next Saturday, Jimmie Hale Scout field executive, has announced.

Scouts and Explorers from Big Spring will be among the contestants in the meet.

Both Boy Scout and Explorer Scout divisions will be staged and trophies will be presented to the winning troop and Explorer unit. Permanent possession will come after three successive years of winning the trophy. Streamers will be presented to winners in each division.

The meet will be staged in Pagoda Pool in Midland. Events in the meet include the breast stroke—40 yards for Scouts; 100 for Explorers; the back stroke—40 for Scouts and 100 for Explorers; free style—40 and 100 for Scouts and 100 and 200 for Explorers; a medley relay—120 for Scouts and 180 for Explorers; a medley relay—120 for Scouts and 180 for Explorers; diving; and a lifesaving swim—20 yards for Scouts and 40 for Explorers.

Hospital To Get A Cobalt 'Bomb'

NEW YORK (AP) — Montefiore Hospital in the Bronx says it will receive a high-intensity radioactive cobalt "bomb" next month from Canada to help in the treatment of deep-seated cancer.

City-Dwellers Had Hard Time In 1950

WASHINGTON (AP) — America's city-dwelling families apparently had to borrow or dip into their savings to make both ends meet during 1950.

The Bureau of Labor Statistics, in a preliminary report yesterday, said families living in cities and towns averaged a net income of \$4,300 for 1950. But they spent \$4,700, about 6 per cent more.

The report—which BLS experts cautioned is only preliminary and subject to adjustment—was based on a door-to-door survey in 91 cities and towns.

City-Dwellers Had Hard Time In 1950

WASHINGTON (AP) — America's city-dwelling families apparently had to borrow or dip into their savings to make both ends meet during 1950.

WASHINGTON (AP) — America's city-dwelling families apparently had to borrow or dip into their savings to make both ends meet during 1950.

Gen. Watlington Receives Award

WITH 2nd DIVISION, Korea (AP) — Brig. Gen. Thomas M. Watlington, commanding general of 2nd Division artillery Sunday was presented one of the highest awards which can be given to a foreign officer by the Republic of Korea, the Gung-mu with Golden Star.

The accompanying citation commended the American general and the division's artillery for their support of the South Korean 9th Division earlier this year.

A 10-story steel-skeleton building, erected in Chicago in 1885, was the first "skyscraper."
