James Witherspoon ... discusses sugar beets

Program Given On Sugar Beets At Lions Meet

James Witherspoon of Hereford, chairman of the legislative committee of the Texas Sugar Beet Growers Association Wednesday noon discussed sugar beet legislation at the weekly meeting of Hereford Rotary Club.

Witherspoon has been in Washington, D. C., a number of times during the past year in attempting to get new quotas in sugar beets for the mainland.

He gave a brief history of sugar beet production in Deaf Smith County and the Association which was formed last year and now includes more than 25 various independent sugar beet associations in Texas and New Mexico.

"The biggest thing that could come to Hereford to increase development of this area would be a beet refinery," Witherspoon said.

Also attending the Lions Club meeting was Lee Benefield of Hereford, president of Texas Sugar Beet Growers Association. Program chairman was Lion Virgil Justice.

ber band will begin its performance at 7:30 p.m. Stanton's auditorium; by the way, has a bright look with new stage curtains.

An organization is being formed by retired school teachers living in the Amarillo region, according to the office of the Hereford school superintendent. All retired teachers living in Hereford or Deaf Smith County interested in membership should write to Miss Violet E. Davidson, 1612 Tyler, Apt. 5, Amarillo, for more information. Bet they'll have some interesting stories about former students and their escapades!

Deaf Smith County Agriculture Agent J. W. "Lefty" Thomas is urging all milo producers in the county to attend the Second Grain Sorghum Research and Utilization Conference at the Herring Hotel in Amarillo on March 7-8. Conference host will be the Grain Sorghum Producers Association. The conference will include talks and panel discussions relating to milo production. It also will include an awards program.

as symbols of the characters' emotions.

The setting will be "space staging," a technique familiar to Hereford audiences which have followed previous Thespian productions. The recent "Our Town" and "Queens of France" were executed in space staging. This is opposed to the solid "box set" of "Arsenic and Old Lace" or the ballet setting of "Brigadoon."

"It becomes obvious that in a production like this, the audience also is required to do a little work," Lisa said. "They will have to use their imagination and accept a style of playing with which they are unfamiliar. We think it will be a worthwhile endeavor for both the students and the audience."

Another unusual aspect of the play is that original music has been written for it. The high school's music the ory classes, taught by Ben R. Gollehon, composed the play's score. It will be performed during both performances by members of the Hereford High School band.

"The Trojan Women" is being directed by Burnie McClurkin. Assisting in the play's technical production are Eugene Baldwin, stage manager; Robert Bell, publicity chairman; Troy Don Moore, business manager; and Terry Smith, costumes.

Bootleg. Investigating Highway Patrol officers said Mrs. Rouse apparently lost control of her 1958 model automobile, which was headed east on a dirt road.

The car was demolished when it turned to the Friona Hospital by Gilliland Ambulance of Hereford.

The accident was investigated at 2 p.m. Thursday. Investigating the accident were Hereford unit Highway Patrol officers Charles Skinner and Carol Parker.

The accident occurred about 34 miles northwest of Hereford. The overturned car was discovered by Harold Bass, a Deaf Smith County resident.

Bay View Members Hear Book Review

The home of Mrs. H. L. Thurston was the scene Thursday for a regular meeting of the Bay View Club. Mrs. Howard Gault presided in the absence of the president, Mrs. Phillip Barkley.

Special guest speaker George McLean was introduced to the group by Mrs. Gault. McLean reviewed the book "Gulliver's Travels," by Jonathan Swift.

McLean commented on the fact that although the book was published in 1726, it is considered one of the great books of western literature.

"In fact," McLean went on to say, "it is a classic."

"It was announced that Sandy Blythe would enter the Hallmark Art Contest as Bay View's entrant.

Mrs. W. S. Kerr announced that the next meeting would be held in the Community Room of the First National Bank building.

Club members were also urged to attend the high school play Feb. 23 and 24 and were reminded of the Fine Arts Seminar being held at West Texas State College this coming week. The seminar is open to the public.

Those attending were Mmes. D. H. Alexander, Richard Barnard, H. L. Benefield, C. W. Fisher, Howard Gault, George McLean, Francis Hardwick, E. W. Harrison, A. M. Jones, J. W. Kirby, Paul Mathers, Ansel McDowell, R. B. Miller, J. W. Spradley, J. P. Slaton, W. S. Kerr, the hostess and special guest George McLean.

HEREFORD

BY JIMMIE GILBERTINE
Farmers are a fairly scarce classification around town these days. Even Harry Bennett is getting "reddened up" from the wind, sun and fog. Mostly, they are getting things ready for the coming season. Spud planting will begin in March, weather permitting, and things will begin to hum.

Irving Alexander is just back from New York, and he tells me that folks in this country do not begin to realize how much of a depression they are having in the east. Unemployment, shut-downs in many industries, and bad weather all contribute to the condition.

"Even if people had jobs and money," says Irving, "they couldn't get around to do much buying."

I hear that Dr. M. C. Adams is having some "smoked marlin" imported from Mexico. It is one he caught while in Mazatlan. He and Curtis Traweck tried some samples, and they say it tastes just like smoked ham. I always thought that marlin were non-edible, but these experts say it is fine when smoked.

Had a letter from Robert Forrest Parks of Los Angeles, who is interested in Hereford and this area. From 1906 to 1910 he says he lived here and at-

tended "Hereford Christian College." I am sure that many people never knew that Hereford once boasted a college. Most of the assets, I understand, went to Add Ran and, later, into T. C. U. at Ft. Worth.

Mr. Parks sent a dollar for a copy of the Brand. I mention this, because characters like R. C. McGilvary, F. W. Dool, and Johnnie Pool are always complaining when they have to pay 15 cents for the Sunday edition. This should hold them for a while. If any old school mates wish to write Parks, his address is on file at the office.

Had another letter from a lady about Kennedy's proposed food stamp plan. She says she thinks it is bad enough to give away all of those groceries, and if the people won't take them without stamps, she figures we should let 'em go hungry. Personally, I am a lot like the lady. I don't understand this deal — but I feel sure that we are not giving them trade stamps; besides, where would they redeem them? I am sure it is something entirely different, and quite complicated. She doesn't understand it, though. In all probability those who are administering the program do not understand it any better.

I never saw so many people having teeth pulled. I ran across Jim Lipscomb, former postmaster, the other night and his mouth is as smooth as his head. Monk Johnson is also having out some teeth and his jaw was all swelled up this week; Glenn Nelson recently had all of his yanked and was on a strictly soup diet. Abe Martin is another one.

Abe says this is motivated by community loyalty. He says this is the "Town Without A Toothache" — and he

CARD OF THANKS

We wish to thank the people of Hereford for the many kindnesses shown us during the illness and death of our mother, Mrs. W. B. Beach.

Especially, do we want to thank the ladies who sent food and for those who served the meal the day of the funeral. Children of Mrs. W. B. Beach.

never expects to have another one.

If something doesn't turn up, it looks like we may have to appoint or draft a mayor. Several names are being kicked around, including two of the commissioners, but no one has filed so far as I know.

I was talking with an old boy who says he hopes to clean up all of his Christmas bills by the first of April. Every year, he figures, Christmas starts a little bit earlier and it takes a little bit longer to clean up the bills. He figures the country will really be in trouble when the two dates meet, say in July.

More and more people are interested in lawns these days. You see them everywhere watering and applying fertilizer. These things are good, but they can backfire, which goes to prove that someone cannot see the forest because of the trees. My theory is: The harder you work now, the harder it will be to mow next summer.

Former Resident's Services Pending

Mrs. J. V. Roberson passed away Wednesday, Feb. 15, at Muskogee, Okla. She is the mother of a former resident of Hereford.

Her son, Jim Minor, was circulation manager for the Hereford Brand for about 4 years. They lived in Hereford until the first of May, 1960.

The services are pending arrival of relatives from California. Services will take place in Porum and burial will be in Arkansas.

Black HD Club Meets Thursday

BLACK — The Black Home Demonstration Club met Thursday, Feb. 16, in the home of Mrs. Helen Fangman.

Mrs. Ralph Price called the meeting to order and roll call was answered by "My Favorite Poem."

Refreshments of fruit salad, crackers, mints and Cokes were served to all the members.

Members present were: Mesdames Dick Ritch, T. J. Presley, Dawson Revel, J. R. Barrett, Johnnie Morris, Bill Collins, Ralph Price, Clyde Hays and the hostess, Helen Fangman.

There was one guest present, Mrs. Teddy Fangman.

Rare Girls Cage Game Delightful For Spectators

BY WAIN MILLER
BRAND SPORTS WRITER
Members of the so-called fairer sex exhibited basketball talents like their onlookers never saw before as the girls invaded the Whiteface hardwood in a cage hassle here Thursday night. Perhaps the student council members who sponsored their appearance made a mistake as

they billed the girls as preliminaries to the majestic "Harlem Stars" who appeared later in the side-splitting evening. Clad in freshly washed and ironed uniforms, the dainty females appeared wearing rick-rack numerals ranging from "1/3" to "100."

Paced by Sue "Showboat" Thomas' 15 points, the "Whites" downed the "Blacks" 42-37 in the first girls' basketball tilt seen in Hereford in many a year.

Kylene "Cousey" Hodges led the losing Blacks' scoring efforts with 14 points during the hilarious battle. Donita Allred added eight more markers to the cause. Geraldine Tyler hit for six, Janis McBroom five, and

Caroline Brumley scored two. Clawing their way to a 12-all score during the first quarter, the bothered and bewildered girls were replaced by fresher specimens in the second long quarter.

Led by Tawana Jones, the Whites took claim to a 20-18 lead at the much-needed half. Pouring in 13 points in the third quarter, the Whites claimed a 33-26 stronghold over the lagging Blacks. The Whites maintained their lead throughout the fourth stanza to win 42-37.

Proceeds of the two games went to the Hereford High School Student Council to help finance trips to the state high school student council convention.

Frosh Defeat Littlefield For The Third Time

BY WAIN MILLER
BRAND SPORTS WRITER

Scoring 26 points in the second quarter, the Stanton ninth graders defeated the Littlefield frosh 61-46 there Thursday. The Dogies had bested the young Wildcats 63-31 and 49-28 on their two previous meetings on the Stanton court.

Eugene Green led the way with 19 points while Bill Hill racked up 12 more. Jim Haney and Earl Jackson each contributed 11 markers.

Stanton edged out an 11-9 advantage during the first quarter with Green scoring six. The Dogies ripped the cords for 26 points in the second round to take over a 37-22 command at the half.

Hereford slowed its pace to only eight points in the third quarter, but still held title to a 45-34 lead. Green, Jackson, Haney, Steve Coneway, and Bill Hill compiled 15 points in the fourth quarter to win easily at 61-46.

With only two more games remaining, the Dogies are closing out with only two narrow losses in their 21 tries. The two Plainview teams of Estaca do and Coronado are the only thorns in the Dogie crown. Stanton suffered four and five point losses to the schools respectively.

With a chance to get even, Stanton travels to Plainview to tackle Coronado again Thursday in their last conference tilt. The Dogies go to Dimmitt Friday night for their final game of the season.

YOUR HEREFORD CITY COMMISSION URGES YOUR SUPPORT OF THE STREET IMPROVEMENT ELECTION ON TUESDAY FEBRUARY 21

The citizens (qualified voters - property owners) of Hereford will go to the polls Tuesday, February 21 to vote on the proposed street improvement bond issue. The map below shows all of the streets in Hereford which will be paved or re-surfaced under this proposed program. Your vote in favor of this program is urgently needed to help your city commission keep Hereford growing and to protect the city's present investment in streets. Vote for a better Hereford Tuesday by casting your vote in favor of the street improvement bond issue.

Mrs. Gearn Is Named Valentine Queen Saturday

The Hereford Country Club hosted a Valentine's Day party for members and their families Saturday night at the new club house.

Highlight of the evening was the choosing of a Valentine Queen from candidates named by a special committee. Russell Carver, toastmaster, introduced the panel of out-of-town judges to the guests, along with Mrs. John Sims, who provided background music at the organ.

Mrs. Kenny Gearn, radiant in a formal gown of lace and taffeta, was named Valentine Queen. Mrs. Cameron Gault was runner-up and Mrs. Bill Hampton was third.

D. C. McWhorter presented the second and third place winners with gift certificates. Mrs. Gearn also was presented a gift certificate, along with an arm bouquet of sweetheart roses.

Judges were William Marcus of Lubbock, and John Oakes and Pete Stringer, both of Amarillo. Mrs. William Marcus served as commentator as each candidate promenaded on the ramp before the judges.

Hereford Garden Club Holds Meet

The Hereford Garden Club held its regular meeting recently in the Flame Room of the Pioneer Natural Gas building, with Mesdames Frank Brinkman, Norman Moore and M. T. Rutter as hostesses. Mrs. W. C. Hromas, president, presided.

Mrs. Art Manjeot presented plans for the Sears Roebuck grant of \$7800.00, which has been given to the Texas Garden Clubs, Inc. The corporation will in turn award this money to the garden club which presents the best landscape plan for their local project. Hereford Garden Club's project will be the landscaping of Northwest Elementary School.

A committee was appointed to complete the application for this award and also to compile data on other awards for which the club will apply. Serving on this committee are Mesdames O. G. Hill Sr., R. L. Wilson, C. W. Newsom, A. L. Manjeot and M. T. Rutter.

Members voted to make a contribution for a gift for the retiring District I governor, Mrs. H. D. Lewis of Dumas. The gift will be a piece of furniture to be placed in the new Texas Garden Club Headquarters. (Continued on Page 2)

Valentine Party Honors Husbands

Miss Sandra Moore, Hereford High School senior, was guest speaker at a Valentine's Day party Tuesday evening in the club room of the Community Center. The affair was given by the Young Mothers Study Club in honor of members' husbands.

Miss Moore gave a delightful and humorous talk on "Teen-agers."

At the conclusion of the program, refreshments of sandwiches and punch were served from a table decorated in a Valentine motif. The table was laid with a white lace cloth, centered with a white styrafoam heart. A small red felt heart was placed inside the larger heart, which was surrounded by an arrangement of red carnations.

Attending were Messrs. and Mesdames Gene Cope, Howard Hunter, Dallas Phillips, Don Newman, Marshall Wilson, Ed Rinn, Weldon Roberson, Charles Springer and Homer Rudd.

TOP OF TEXAS District officers were honored with a luncheon and tea Tuesday afternoon. Standing behind the serving table, from left: Mrs. L. H. Lookingbill, Mrs. Jack Allen of Perryton, Mrs. C. A. FEDERATED CLUBS ATTEND

Top Of Texas Officers Are Honored Tuesday With Tea

Fellowship Hall of the First Baptist Church was the setting Tuesday afternoon as the Pioneer Study Club held its annual Friendship Day Seated Tea. Honored guests were the officers of the Top of Texas District and members of the Deaf Smith County Federation of Women's Clubs.

District officers present were Mrs. Jack Allen of Perryton, president; Mrs. Robert Lindsey of Borger, third vice-president and district trustee; Mrs. C. A. Carlton of Borger, Chairman of Club Federation; and Mrs. Ray Johnson, second vice-president; Mrs. O. G. Hill Sr., Chairman of In Memoriam Committee;

Mrs. Ralph McCullough, Chairman of Heritage Committee; Mrs. L. H. Lookingbill, Chairman of Revision Committee and Mrs. Elmer Patterson, president of Deaf Smith County Federation, all of Hereford.

A luncheon in honor of the district officers was held at the Hereford Country Club prior to the tea. Hostesses for the luncheon affair were Mesdames Ray Johnson, L. H. Lookingbill, Ralph McCullough and O. G. Hill Sr.

A Valentine theme was used in the table decorations, with individual places marked with Valentine fans, each of which was centered with a red glittered carnation. Guests pinned these on as corsages at the conclusion of the meal.

Attending the luncheon were Mesdames Jack Allen, Robert Lindsey, C. A. Carlton, W. C. Hromas, Art Manjeot, John Patton and the hostesses.

Presidents' Meeting Held
The presidents of the Federated clubs in the county met with the district officers at 2 p.m. in the Community Center. Points under discussion were the District Convention in Panama March 30, the Headquarters club house in Austin and Federation business.

Those attending, with the exception of the district officials, were Mrs. Philip Barkley, Bay View Club; Mrs. Elmer Patterson, La Plata Study Club; Mrs. Ben Childers, El Nino Study Club; Mrs. Guy Waiser, Summerfield Study Club; Mrs. Charles Springer, Young Mothers Study Club; Mrs. B. G. Cotton, Mon Ami Study Club of Summerfield; Mrs. John N. Jacobsen Jr., Lone Star Study Club; Mrs. Joe Lyons, L'Allegre Study Club; and Mrs. Joe Henry, La Madre Mia Study Club.

Influence Of Women
Guests assembled in the Fellowship Hall for the Seated Tea, with Mrs. Art Manjeot opening the program with the invocation. Mrs. Ralph McCullough, president of the Pioneer Study Club, gave the welcoming address and introduced the visitors.

Mrs. Ray Johnson then introduced Mrs. Dick Godwin and Mrs. George McLean, Music Study Club members, who presented the musical portion of the program. Mrs. Godwin, accompanied by Mrs. McLean, sang "Texas Our Texas" and "Ah, Sweet Mystery of Life."

Mrs. McLean, one of Hereford's most accomplished pianists, entertained guests with a solo, "Un Sospira Etude" by Franz Liszt.

Mrs. Jack Allen, District president, spoke to the group on "Our Spheres of Influence." She told of the importance of woman's place in the community and how she could best serve. During the tea hour, Mrs. McCullough and Mrs. Lookingbill presided at the graciously appointed table. Carrying out traditional valentine colors, the table was laid with an imported Italian white cutwork cloth over red linen. The centerpiece, combining a large red satin heart surrounded by red carnations, small fern and eucalyptus leaves, was flanked by red spiral candles in crystal holders. Silver trays held dainty tea sandwiches, cookies and candies.

Federated members attending were: Mesdames Vivian Major, R. G. Blue, Baker Womble, R. L. Thompson, C. O. Phillips, J. R. Kendall, Ed Warren, C. D. Kelton, John Jacobsen Jr., Norman Moore, Ray Suit and Jim Higgins, Lone Star Study Club. (Continued on Page 2)

Miss Joyce Elaine Curtis

Couple To Marry In March Ceremony

The engagement of Miss Joyce Elaine Curtis was announced this week by the bride-elect's parents, Mr. and Mrs. H. R. Curtis of Olton.

Miss Curtis will wed Harvey Garrison, son of Mr. and Mrs. S. L. Garrison of Hereford, at the first Methodist Church in Olton on March 25.

The bride-elect was graduated from Olton High School in 1960 and attends Texas Technological College in Lubbock.

Garrison was graduated from Hereford High School in 1960 and also attends Texas Tech, where he is majoring in agriculture. The couple will make their home in Lubbock after their marriage.

Flame Room Scene For Optimist Party

Members of the Hereford Optimist Club and their wives held a pizza pie supper Friday night in the Flame Room of the Pioneer Natural Gas building.

The rest of the evening was spent in playing progressive "42." Mrs. Marvin Coffey and Wilbur Evanson won high with Mr. and Mrs. Don Sanders taking low.

Optimist officers presented plans for their new membership drive during a short program.

Attending were Messrs. and Mesdames Roy Boyer, Marvin Coffey, Wilbur Evanson, Cliff Galley, Rudy Kessler, Kenneth Malone, Dallas Phillips, Bill Phipps, Don Sanders and Dale Smith. (Staff Photo)

WOMEN OF INTEREST

Still Sews Fine Seam

BY MONA JETTE
BRAND WOMEN'S EDITOR
Years ago, one of the true measures of a woman was the quality of her fine needle work.

In addition to fancy work, she often made the clothing for every member of her family.

Today, many women still take great pride in "sewing a fine seam."

In the commercialized '60's, most of the family wear is ready made, but some things are just not complete without that "personal touch."

Mrs. William McGehee, 504 Miles Ave., certainly knows how to add that touch... and she has literally crossed stitched her way into an acre for the Lord.

Members of the congregation of the First Methodist Church have a custom of making a contribution "over and above" the regular pledge. This contribution goes into the building fund, called "The Lord's Acre." Farmers donate the crop money from an acre, some church women donate the proceeds from a bake sale... but Katie McGehee gave money acquired from the sale of her beautiful homemade aprons.

William and Katie McGehee moved here in 1936 from Lockney. Married 65 years, the couple has three fine children, all of whom they are justly proud. One daughter, Mrs. Russell Hupp, lives in Long Beach, Cal. A son, Wallace, resides in Kansas City. The McGehees' other daughter, Helen (Mrs. R. O. Stark), resides with her husband in the McGehee home on Miles Avenue.

Five years ago, William suffered a fall in their home, breaking a hip. He has been bedfast ever since.

"Helen insisted I couldn't care for him by myself, so she and her husband now live with us," Katie remarked.

Katie doesn't get out much, for she feels like she should be close by in case her husband might need her.

"He isn't any trouble, but you can imagine how restless and lonesome he must get," she said, with a sparkle of blue eyes behind the rims of her glasses. "In the mornings, he reads his paper and dozes awhile. But he's just like the rest of us... he craves companionship."

Keeping her fingers busy by sewing has been one way Katie has learned to occupy her time. Her aprons are known throughout Hereford.

She uses a gay checked gingham as material, doing a cross-stitch for the photographer. (Continued on Page 2)

stitch design as border design, which is often repeated at the waistband.

"I even have aprons in Germany," Katie said, with a smile that would melt the most frigid of snowmen. "And I guess they're scattered all over Texas, Oklahoma and California."

Her aprons will probably be scattered even farther, too... for she was just starting a new one. This one, in a gay red and white checked material, will be

just the thing to bring a touch of brightness to some housewife's kitchen.

Katie saves most of the money made from the sale of her aprons. She didn't elaborate on use of her "apron fund," but you somehow received the impression that a new "Lord's Acre" will be ready for donation in the near future.

Participates In Snow Operation

Army PFC Richard M. Duncan, 23, son of Mr. and Mrs. Herbert A. Duncan, 107 W. Eighth St., Hereford, recently participated with other personnel from the 1st Cavalry Division's Artillery in Operation Snow Tiger II, a command post exercise in Korea.

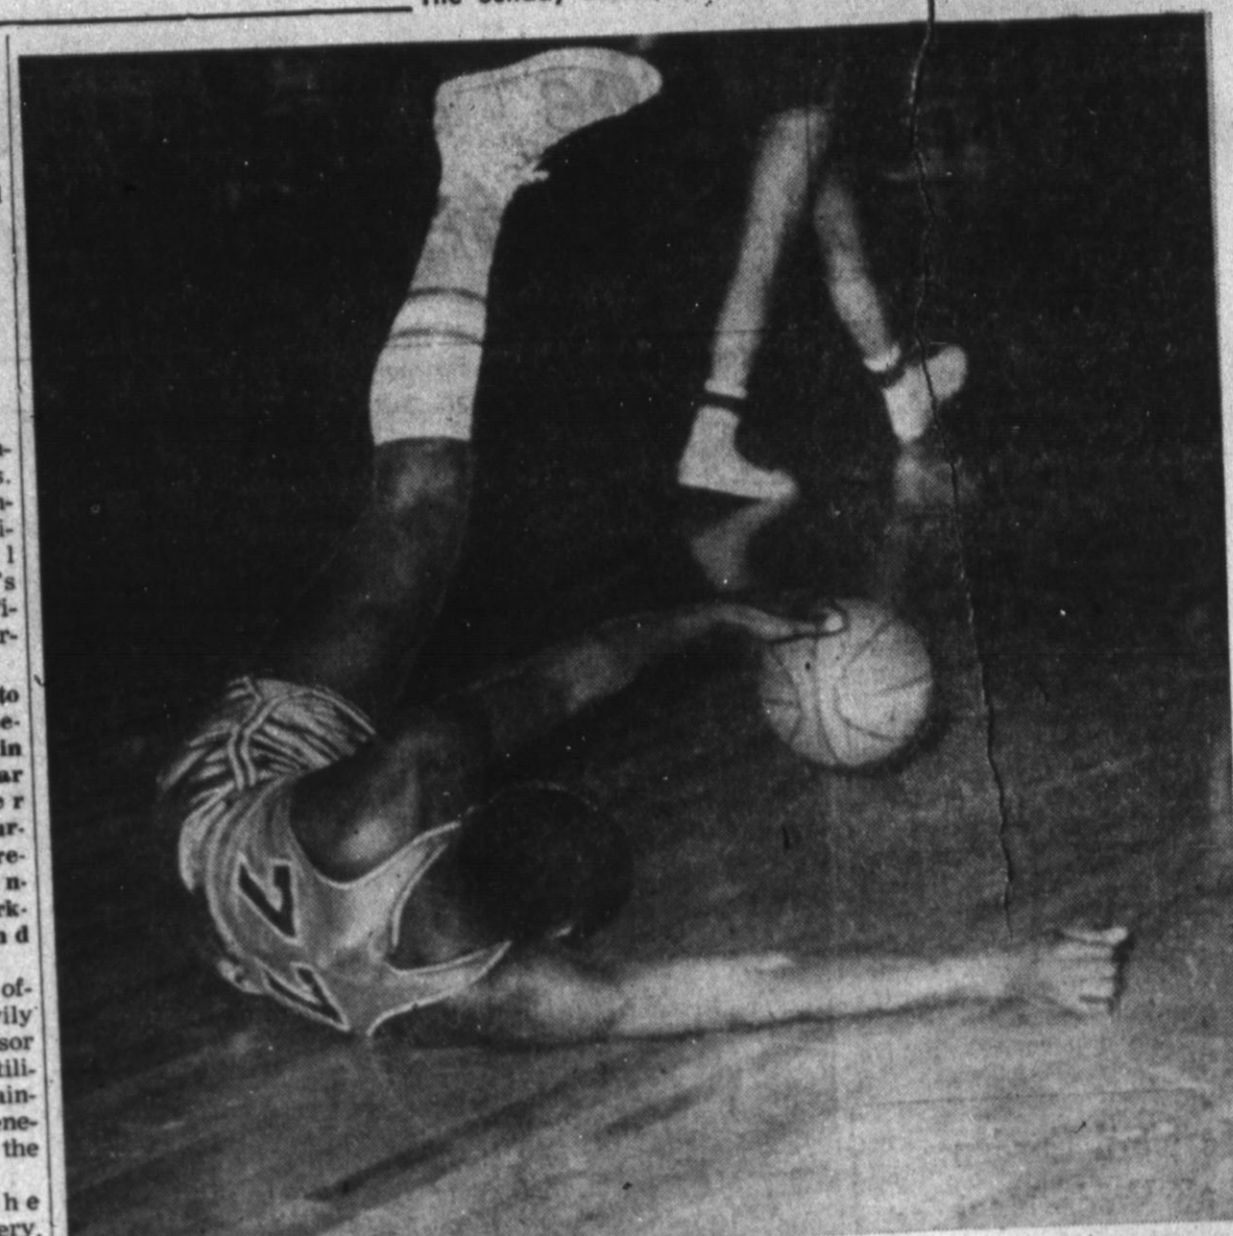

Snow Tiger was planned to test the doctrines and procedures which would be used in the employment of nuclear weapons in the field under cold weather conditions. During the exercise Duncan received familiarization training in how to fight in darkness, snow, high winds and sub-zero temperatures.

The exercise featured an offensive drive against a heavily entrenched simulated aggressor force. Aggressor forces are utilized in U. S. Army field training to portray a realistic enemy force operating against the training element.

Duncan, a secretary in the artillery's Headquarters Battery, entered the Army in November, 1959, completed basic training at Fort Carson, Colo., and arrived overseas last September.

He is a 1955 graduate of Paducah High School and a 1959 graduate of Logan Basic Chiropractic College in St. Louis, Mo. Duncan is a member of Gamma Alpha Rho fraternity.

Local Church Holds Supper

The St. Thomas Episcopal Church of Hereford held a Shrove Supper Tuesday, Feb. 14, which more than 70 people attended.

The main dish was chicken spaghetti, a colorful Mardi Gras recipe, which was brought by Mrs. George Royse. Salads and hot rolls were furnished by Mrs. Joe Smith, Mrs. Roy Smith and Mrs. Jess Carter. Pies were brought by several ladies.

Mrs. Terry Kirby was in charge of the Valentine decorations. She had hearts made out of wire coat hangers covered with red crepe paper, with white tissue carnations, which made the centerpieces for each table. Hanging from the wall were red and white streamers with little Valentine hearts, which completed the decorations.

Officers Elected By TSTA Unit

Robert Thompson, an instructor at Hereford High School, this week was elected president of the Deaf Smith County unit of Texas State Teachers Association.

Other officers elected at the Monday meeting were: Mrs. Margaret Aven, first vice president, Fred Mercer, second vice president, Mrs. Andrew Powell, secretary, and Mrs. Velma Beene, treasurer.

The five new officers, plus Howard Richey, current TSTA president, will be district representatives to a regional TSTA meeting in Amarillo March 10.

Mr. and Mrs. Jack Bradley, who are leaving for a tour around the world, were presented with St. Christopher medals as going-away presents.

Thompson will be local representative to the state organization's meeting in Dallas in October.

Next meeting of the county unit will be on April 10. The meeting will include a state conference.

At the Monday meeting, held in the high school auditorium, Leonard Pruitt of Austin, associate executive secretary of the Teacher Retirement System, and Mrs. Maurine Travis of the Amarillo Social Security Office spoke on benefits offered in teacher retirement.

Americanism Is North Hereford Club Program

The North Hereford Home Demonstration Club met in the home of Mrs. Clyde Smithers on Thursday, Feb. 16.

Mrs. Marie Ward, president, called the meeting to order and roll call was answered with "One Way I Teach Americanism in My Home," and "My Definition of Americanism."

Miss Roberta Campbell introduced the guest speaker, Mrs. Frank Brinkman. Mrs. Brinkman gave a program on "Americanism in the Home and Community," and talked on the

success of being a good citizen in daily living, in business, schools and churches. She also read an article written by a Hereford High School student on Americanism; it would do justice to any public speaker of our modern times, she said.

Mrs. Hare read the council recommendations, which were voted and approved. The Texas Home Demonstration Association Convention will be held in Dumas on April 6.

Mrs. Zella Kendrick was nominated for woman of the year.

Mrs. Wilma Bryan announced a 42 and canasta party to be held at the Bull Barn on March 3 at 7:30 p.m.

The recreation leader, Mrs. Smithers, led in a game on "What do you know about our

flag." Jessie Ann Davis won the prize for the game.

Members present were: Mesdames C. D. Whitehead, Mary Bodkin, R. A. Fulwood, Jessie Ann Davis, Zella Kendrick, A. A. Hare, Nancy Sensabaugh, Belle Williams, Frank Brinkman, Marie Ward, Dorothy Klein, Marth Finch, Charlene Reiger, Wilma Bryan, and Miss Roberta Campbell.

There were two visitors, Mrs. Pat Smithers and Mrs. Nancy Beauchamp.

The next meeting will be at the home of Mrs. Wilma Bryan on March 2.

FRIO NEWS

Hair Styling Is Meeting Topic For Home Makers

BY MRS. OWEN ANDREWS
Frio Home Makers Club met Tuesday afternoon in the home of Mrs. Glenn Andrews. The program featured "Hair Styling." Mrs. T. L. Sparkman, Jr. combed and brushed a "Classic" style of arrangement, using Mrs. James Dobbs as her model. Mrs. Buster Thomason made a hair style for Mrs. Clark Dobbs, called "Fantasy" or "Beehive," which has been high style for special occasions. Both models had already had their hair pinned in curls by the demonstrators and the combing, brushing and arranging were explained in the course of the demonstrations.

Others attending the meeting were Mrs. Jim Brooks, Mrs. Henry Dobbs, Mrs. Earnest Harder, Mrs. David Hutchins, Mrs. Carlton Dobbins, Mrs. Mark Shaden, Mrs. Joe Autry, Mrs. Clark Andrews, Mrs. Earl Harkins, Mrs. Edgar Vinson, Mrs. Owen Andrews, Mrs. E. F. Vogler and the hostess.

Mr. and Mrs. Earl Harkins attended funeral services at the Plainview Nazarene Church for Mrs. George Roberts of Plainview on Monday afternoon. Mrs. Roberts was the mother-in-law of Harkins' brother. On Sunday, Mr. and Mrs. Earl Harkins visited the home of an

unt, Mrs. Alton Chiddix and family, at Plainview.

Mr. and Mrs. Earnest Harder and family went to Oklahoma Thursday to attend funeral services for the father of Mrs. Harder's sister-in-law, Mrs. Arthur Schmidt. However, on Thursday morning, Mrs. Schmidt's mother also died and a double funeral service for both her parents, Mr. and Mrs. C. J. Rieneer, was held on Sunday at Corn, Okla. The Harders returned home on Sunday evening.

Newcomers to the community are Mr. and Mrs. David Hutchins. They have rented the Counselman place a few miles west of Frio. They have two children, Dana and David. They moved here from Spade, where they had lived many years.

Attending the opening meeting of a course on Semi-Tailored Sewing at Dimmitt on Thursday were Mrs. Frank Robbins, Mrs. Floyd Cole, Mrs. Earl Harkins, Mrs. Clark Andrews, Mrs. Robert Dobbins, Mrs. E. F. Vogler and Mrs. Carlton Dobbins. These ladies have already completed two preceding courses and are ready for this more advanced course, being offered by the Home Demonstration agent. One member of the Frio group will continue the instructions from the agent and teach the remainder of the class, until each member has completed a garment.

Mr. and Mrs. E. B. Berryman, Mr. and Mrs. Clark Andrews, Lynette, Kirk and Rocky, visited the home of Berryman's brother, Tom Berryman, at Matador, Sunday. It was a gathering of the Berryman family and there were eight brothers and sisters present, from Ft. Worth, Dennison, Wellington, Lubbock, Hereford and Matador.

Mr. and Mrs. Charles King and grandchildren, David and Darlene of Amarillo, were visiting Mrs. King's parents, the J. E. Andrews, during the weekend. Others eating dinner there Sunday were Mr. and Mrs. Owen Andrews, Mr. and Mrs. Henry Andrews and Doris Jean, Mrs. Elmer Jones and grandson, Joel. Mrs. T. L. Sparkman Jr., Bonnie and Darlene visited during the afternoon.

Mr. and Mrs. Olin Parris and Walker have moved back to their farm home. They had lived in Hereford since December so that Walker could be close to school while he was preparing for and recovering from the neck surgery, which was done in January. He is recovering satisfactorily, although he still has to wear a brace.

Miss Dolores Andrews, daughter of Mr. and Mrs. W. H. Andrews, and is a student at Texas University is doing secretarial work in the office of Sen. Andy Rogers, in the Capitol building. She attends classes in the mornings and does the office work in the afternoons.

Mr. and Mrs. Jim Brooks and Mr. and Mrs. Henry Andrews recently spent a week on a trip to Galveston. The Andrews were there to attend a meeting at the Moody Hotel. Andrews is a director of the Hereford Grain Corporation and was representing that organization at the meeting. The two couples returned by way of Brownwood, where they spent the night at the lake fishing resort operated by the Sam Lindleys.

Harlan Barber went last week with his brother-in-law Jim Franklin, and two other men from the Stanton area, on a fishing trip. They planned to fish in the Rio Grande from the Mexican side, near Del Rio. They planned to be away about ten days.

Mr. Arthur Betts, her grandmother, Mrs. J. J. Culp, and an aunt, Mrs. N. W. Culp went to the funeral for a nephew of Mrs. J. J. Culp's, Freddie White. The funeral was in the Happy Union Baptist Church in the Plainview area on Feb. 6. White had died suddenly from a heart attack.

I have never written a society column before and I'm not quite certain just what style a writer should use in reporting a social event, so here goes anyway. —

"SASSIETY"

There was a real nice dinner party held on February 15th for one of the gals down at the phone office. The honored guest wore a wearin a navy blue dress with green, red & white fleurs a sewed on it, a gold necklace with a pearl drop, a corsage of dwarf red rose buds sprayed with that gold glitter stuff, and a great big friendly smile. Her old man was pretty well decked out with a dark suit, dark tie, polished boots, and a clean shirt.

After everybody got thru eatin some tollable good vittles one of them Phone Company fellers from down Lubbock way give this gal a pin sayin she been on the payroll 35 year. And during the speech making by some of them out of town fellers it seems like the little black book they keep don't show she ever been late or absent for all them years. If she was ever late or absent ain't none of them other gals down at the phone office willing to snitch on her.

There was just a whole bunch of people from the phone offices in Hereford, Amarillo, Lubbock, and Borger and some more folks came too what come out to pay tribute to Marie Sears the head operator at Hereford. And that about all that happened.

P.S. Some of them phone fellers said if everybody keeps using the service, putting in them useful extension phones and them purty jelly bear colored phones they'll give Marie another party in 1996 . . . fer workin 70 years.

"NOW HEAR THIS . . ."

Remember this old phrase made famous by the Navy? It was used to gain attention of crew members in all parts of the ship when new orders or instructions were communicated. When answers were required, all the crew members had to do was "speak up."

Now the folks in Hereford may have a similar communications system for the home. It's called the home interphone and offers many advantages to save time and needless steps. For instance you can talk from room to room, call people to the phone, even answer the door without leaving the room you're in.

Near each phone in the home is a small speaker which broadcasts the caller's voice. The person called can answer through a small microphone located in the base of the phone.

If you'd like more information about the home interphone, just call the telephone business office — or ask any telephone service man.

Call by number. It's twice as fast.

Letter To The Editor

Dear Editor:
Being a student of the University of Texas from Hereford, I feel an obligation to reply to the editorial "A New Angle on the Negro Problem" which appeared in The Sunday Brand on January 29. I feel that the impression created by this editorial was misleading, and on the whole, a misrepresentation

of the interests and activities of students at the University of Texas.

I do not care to reply to the author's criticism of the student demonstrations against segregated theaters, except to state that only approximately 200 of the University's 19,000 students were involved in these demonstrations.

The part of the editorial which seems to me to create a false impression of University students is the author's criticism "that these bleeding heart individuals aren't really concerned with lending a helping hand to

the Negro or anyone else . . ." The facts simply do not support this criticism, but rather prove it to be completely distorted.

University students engage in many charitable activities, most of which are instigated, organized, and carried out solely by students. This last year the University Campus Chest drive raised over \$11,000.00 for charity. Part of this money was spent in Austin to help support such worthy activities as the Young Men's Christian Association, while some of the funds were used in overseas projects of the World University Service, Fraternities and sororities on the campus combine their efforts each spring to stage Varsity Carnival — a fund raising drive for charity. Proceeds from this annual event have been used for a variety of projects including scholarships for needy students, tape recorders for the blind, and film projection equipment for the YMCA.

There are many student projects which concentrate on personal service. The student housing cooperatives maintain a regular free reading service for the blind. The Texas Cowboys, an honorary men's service organization, helps sponsor The Austin Council For Retarded Children through fund raising drives and personal service projects. The Silver Spurs, a men's honorary service organi-

HOME STUDY CENTER

Many sincere people regard the Bible as the sole authority for Christian belief. And they reject the teachings of the age-old Catholic Church because these teachings and forms of Catholic worship are not mentioned by name in Holy Scripture.

"Where," some will ask, "does the Bible say anything about the Mass or Purgatory? And how about confession to a priest, praying to Mary, and those seven Sacraments Catholics talk about. They're not in MY Bible."

Catholics say that their teachings are found in the Bible. She teaches nothing that is not found in Sacred Scripture. If you wish to know more about Catholic teachings, write for a free pamphlet explaining the Catholic Church. Write to: Home Study Center, Box 5644, Amarillo, Texas.

Without obligation, please send free pamphlet.

Adrian Leading 2-B Basketball Conference Race

ADRIAN — The Adrian Matador basketball team was declared the winner of first round action in District 2-B for boys after defeating Hartley's Lions and Vega's Longhorns.

Next half was to be settled this weekend at the district tournament in Texistine.

The Hartley game proved to be decisive, as the Lions had been tied with the Matadors. Hartley took an early lead and was ahead 19-21. At half time Adrian had pulled in front 32-30 and hung on to the lead for a 44-35 victory.

Scoring was very even. Calvin Peters and Bill Gudge tied for honors with 10 points each. Hubert Bronniman, Jerry Homfeld and Sidney Blakenish all counted eight points each.

Coach Don Johnson is high in praise of his players. Johnson is a rookie coach and started with no experienced players on the squad.

The team has won 16 and lost 12, including a 6-1 record in district play.

Johnson is in good shape for next year, since his squad includes seven juniors, three sophomores and two freshmen. On the team are: Bill Gudge, Hubert Bronniman, Calvin Peters, Lewis Spinks, Cecil Blassegame, Sidney Blakenish and Jimmy Ainsworth, juniors; Jerry Homfeld, Perry Grunlikey and Sam Brown, sophomores; and Harvey Bronniman, Oscar Bronniman and Don Tice, all freshmen.

Care Of Swine Program For Dawn 4-H Boys

The Dawn 4-H Club Boys met in the regular session Feb. 16 in the Dawn School House.

The president, Robert Galley, presided over the meeting. Stephen Hoffman gave a talk on "The Feeding of Swine."

County agent Lefty Thomas gave out the pictures taken last year during the "Share the Fun Festival."

Elmer Combs attended a Sunday School class meeting Thursday in the home of Mrs. Johnny Townsend, who lives north of Hereford.

Mr. and Mrs. Elmer Combs were in Amarillo Tuesday and Wednesday on business.

Don Combs of Munday visited for a few days this week in the home of his brother, the Elmer Combs.

Takes Part In Field Training

Army PFC Clifford D. Hill, son of Mr. and Mrs. Roy Hill, Route 3, Hereford, recently participated with other personnel from the 4th Armored Division in Exercise Winter Shield II at the Grafenwohr-Hohenfels training area in Germany. The exercise ended Feb. 8.

Winter Shield, an annual Seventh U. S. Army winter field training maneuver, involved 60,000 U. S. Army, German and French troops and marked the highpoint of a year's training for units in NATO's "Pyramid of Power."

The maneuver provided training under simulated combat conditions for the individual soldier and leaders at all command levels, and included intensive training in the employment of advanced weapons.

A wireman in Company A of the division's 144th Signal Battalion in Goppingen, Hill entered the Army in May, 1959, completed basic training at Fort Leonard Wood, Mo., and was stationed at Fort Gordon, Ga., before his arrival overseas.

The 20-year-old soldier attended Hereford High School.

SNIFF OUT CULPRIT

PHOENIX, Ariz. (AP) — Policeman Anthony Settle has a strong sense of smell and he proved it while settling a disturbance at a Phoenix tavern.

Settle broke up a fight at the tavern and on the way out took a deep sniff. He turned and walked to the rear of the bar and arrested a 32-year-old man for possession of narcotics.

The officer said he smelled burning marijuana and, on investigation, found the man had 19 marijuana cigarettes in his shirt pocket.

Lefty Thomas also gave a talk on swine, explaining how to pick the swine, whether it be a gilt or barrow, and telling of the most importance of feeding and grooming of the animal.

Refreshments were served by the Ted Richardsons.

Those present were: Stephen Hoffman, Steven McAndrews, Keven McAndrews, Robert Galley, Tommy Betzen, Jon Miller, Gary Richardson, Glen Polan, Jack Thomas, Dick Plank, Douglas May. Also attending were: Mr. and Mrs. Lefty Thomas, Mr. and Mrs. Earl Plank, Mrs. H. H. Miller, Mrs. Clarence Betzen, Mrs. Tony Hoffman, Ted Richardson, Dion Miller, Robert Richardson and Mrs. Melvin May.

Local Congregation At Levelland Meet

The Hereford Congregation of Jehovah's Witnesses has cancelled all local meetings for its "Be Taught by Jehovah" assembly held in Levelland, Friday, Saturday and Sunday, Feb. 17-19.

The semi-annual circuit assembly is being held at the Fair Grounds, Woman's Building. The group expected 600 delegates from Texas, New Mexico and Oklahoma.

The principal speakers for the Texas Circuit No. 9 assembly are R. L. Anderson, district overseer for Jehovah's Witnesses in a multi-state area, and R. H. Smith, circuit overseer for the 20 congregation meet.

Anderson and Smith recently attended a 16-day preparatory course at Jehovah's Witnesses' world headquarters in Brooklyn, N. Y., to enable them to effect the stepped-up program outlined for Jehovah's Witnesses at the Levelland assembly.

The three-day program includes a variety of Bible talks, discussions on ministerial problems, and demonstrations on the technique of the ministry. Sessions are being conducted morning, afternoon and evening.

In speaking on the theme of the assembly, Lloyd Reddoch, presiding minister of the Hereford congregation, said, "The theocratic organization of Jehovah's Witnesses is designed to 'Be Taught by Jehovah' in word and in deed."

"In this 'scientific age' of technical skills," Reddoch said, "the Christian minister needs a firm foundation in Bible education."

Climax of the assembly will be Sunday at 3 p.m., when Anderson gives the discourse, "Is God Interested In The Affairs Of Men?"

What Is SIN?

Because the Episcopal Church doesn't urge upon its adherents abstinence from tobacco, card playing, dancing, and such like, it has gained the reputation of being "liberal about sin."

We who are Episcopalians don't agree with that idea. In fact, quite the contrary. We find that being Episcopalian involves some rather well-defined discipline.

But, on the subject of sin, let's ask—just what is it?

The way we look at it—that is, the way it's interpreted to us—sin is defined as the error of imposing our own wills over God's will.

That interpretation both simplifies and complicates. Knowing God's will for us, we find, demands a life of prayer, a life of faith, a recognition of God's constant presence, the frequent "strengthening and refreshing" of our souls through the Holy Communion.

Wouldn't you like to know more about us all things, and that sin is not in the thing itself or its use, but rather in its misuse. This must lead to the conclusion that any intemperance—overeating, for instance, is as much sin as any other abuse of God's gifts.

Wouldn't you like to know more about the teaching of the Episcopal Church? Visit the Episcopal Church near you—soon. Come and worship God with us.

City Street Repairs Due: 'Now Or Later'

Turnout of voters for Tuesday's city bond election is expected to be higher than normal. Usually, only 150 or so bother to come out for any such election.

But feelings are running higher on this one than any issue presented in some time. At stake is permission for the city to issue \$220,000 in street improvement bonds. One group of citizens appeared when the proposal was first made, voicing some opposition. As a result, the city dropped one part of the proposed street improvement list and modified another.

But the issue remains basically the same. Does Hereford need to spend \$200,000 for street repairs? Your elected representatives on the City Commission have said it is vital for the continued progress of the town.

Regardless of some of the areas included for improvement, the question boils down to whether the City should spend money to protect its estimated \$2,000,000 investment in paved residential and business streets. It doesn't take a trained engineer to drive around town a few minutes and see that there are numerous holes and thin spots.

True, our streets would hold up pretty well for another year or two, possibly even longer. But wouldn't it make a lot more sense to spend some money now for repairs than to rip all the paving up and start from the beginning in a few years? Wouldn't it figure that a \$2 million investment would cost more to replace in ten years?

As for Third Street and its proposed widening. This street is termed a fire lane for the city fire department. Ask any of your volunteer firemen if they don't have a queasy feeling when they ride down that street on an emergency run, knowing that one careless driver could send them smashing into a parked car. Third Street is a major traffic artery for Hereford. It

serves not only those who live on each side, but also those in all other parts of town.

From a practical aspect, the value of property along Third Street would be improved if the street were widened. This has been true in other cities and other parts of Hereford. Why should it be different on Third? Who knows, maybe there would be fewer cars with battered right rear fenders parked along the street, if it were wider.

Still another aspect of the proposed bond issue, and one that has been ignored previously is that the City of Hereford found itself with a \$10,000 deficit on widening U. S. Highway 60 in the city.

This came about when the Texas Highway Department told city officials that their part would be \$40,000. The city then stuck this amount aside. But they had nothing left when the THD came back and said their estimates had been wrong and that the kitty must be raised \$10,000. Rather than hold up the entire project, the city borrowed the money.

If the bond issue carries, and if the costs are about the estimate or lower, the city can immediately pay off its loan for the extra \$10,000.

Hereford has always been a progressive town. It has boasted of its many paved streets. But defeat of the bond issue might mean that its streets could become filled with holes. As one of the few small towns in the state which showed a population increase, it now stands at the crossroads. It can continue to be progressive and attractive, which could attract new businesses and industries. Or it can become stagnant, preferring to do nothing.

True, progress often is expensive. But is it more expensive than withering away? The voters can decide this for themselves when they vote Tuesday.

The POWER of FAITH by Howard Brodie

These prayers written in Washington's hand when he was about 20, manifest the faith that fortified him through life: "... Let me live according to those holy rules which thou hast... prescribed in thy holy word; make me to know what is acceptable in thy sight, and therein to delight... let the world be filled with knowledge of Thee and thy son Jesus Christ... bless the people of this land, be a father to the fatherless, a comforter to the comfortless... O heavenly Father, so frame this heart of mine, that I may ever delight to live according to thy will..."

ANDREWS GETS LIGHT SNOW

Andrews received only a light snowfall Monday as the area lay on the fringe of the second winter storm within a week. The town got all the effects of freezing temperatures as the snow-laden front moved to the north and west, but received only a token amount of snow. Snow began to fall early Monday morning and continued through most of the day. The fall, however, was light and little of it stuck to the ground. Roads and highways were only moistened by the snow. Local law enforcement officers reported only two minor accidents during the inclement weather. Skies over Andrews cleared during the night Monday and Tuesday after staying below the freezing mark all day Monday. Residents were greeted by a heavy frost Tuesday morning as a result of a bone-chilling low of 16 degrees. All traces of the snow was gone by midday Tuesday and forecast for the area called for generally fair and warmer through today.

SCOUT DRIVE EXCEEDS GOAL

Probably making a record in Dalhart that will stand for a number of years was the quiet, efficient, well-organized Boy Scout Development campaign that recently came to a close with more money raised than had been requested or expected. Chairman John Colquitt announced today that while there are a few cards still unreported, the quota set for Dalhart had been enthusiastically over-subscribed. The remarkable feature of this campaign was that it was probably the first in the entire Llano Estacado Council to reach its goal and that feat was accomplished with only two meetings of the some 30 men asked to work on it. Actually the goal was well in sight within 24 hours of the initial meeting. "Our sincere appreciation is expressed to all our workers, the Dalhart Texan, Radio Station KXIT and all those who had a part in the fine success that the campaign enjoyed," Colquitt said. In paying tribute to Scout workers of today, L. Ashby, who for more than 30 years has been an active Scout and the proud possessor of the Silver Beaver award, looked backward a few years and observed: "One of the most loyal and faithful Scouters in this area was Robert O. Martin, who passed away last year. All of us old timers can seldom recall a meeting that Bob wasn't present, either in the capacity of a leader of just a worker. A lot of the success of present day scouting in Dalhart should always go to Bob Martin."

COMMITTEE SETS LEGISLATION DISCUSSIONS

Five meetings are planned this week by the Governmental Affairs Committee of the Littlefield Chamber of Commerce. The purpose of the meetings will be to discuss the effect of local, state and national legislation on the Littlefield area. Gene Garrison, Chamber manager, said: "This is a nationwide movement with about 2,500 other chambers throughout the nation meeting to discuss the same problems." He continued that the study will be to determine whether proposed legislation will be of benefit to our area or whether we will end up paying for it. The study is not for or against any office holder or any political party, but is meant to inform and discuss the issues, he concluded.

Soothing Charms Of Music Cited As Means Toward Balanced Living

Because we hear many parents express a desire for expanded education in the field of public school music, it seems to us that the following excerpts from an article by Cody Fondren, superintendent of Phillips High School, are worthy of general consideration. Mr. Fondren bases his remarks on a need for public school music education on the grade school level, to be continued on into the junior and high school levels.

"The purpose of public school music in the Phillips Schools is to develop appreciation, participation, and creative ability," say Mrs. Fondren. "Definite contributions are made to mental, physical, emotional and spiritual life of the child through individual and social expressions. The choral

program, as one phase of the total music program, plays a very important role in attaining this prime goal. To make music a vital part of the educative process, the emphasis should be placed on education through music rather than education in music.

"We believe that our music program helps to develop a clear thinking American citizen through self-discipline, proper sense of values, good working habits, responsibility, cooperation, proper competitive spirit, leadership, fellowship, and participation in social experiences offered."

"We believe in the Phillips Schools that the basis for a strong, sound music program lies in the musical experiences of the elementary school. Attitudes are formed here that determine both qualitatively and quantitatively the strength of the choral groups in the upper grades; here begins the joy of exploration of music in its various forms; here the singing voice is developed by using it day to day without self-consciousness."

It is well to remember that these remarks come from an educator, rather than a music department head or a choir director. At least, they offer a possible answer to the ever-growing number of "mental" cases, now estimated at "one out of each 10 persons" in this country.

Supporting the theory of music education at the elementary level is parallel thinking in athletics. Hereford, for instance, now has 10 coaches who concentrate at least part of their time on football; four in high school, three in junior high and three on the elementary level. All of us appreciate winning football teams, but when it comes to the number of students participating, you would find hundreds in music as compared with tens in football. The argument for both activities is pretty well the same.

If the Phillips superintendent is even halfway right in his summary of benefits, it does seem that our schools should carefully study and at least consider music training on the elementary grade school level.

at all times, and we feel that they will continue to do just that.

Any city-county rift recalls the old saying that "a house divided against itself cannot stand" and, without general cooperation, it is not logical to expect the county or the city to continue to grow and prosper. The proposed joint session can, and we hope will, be the first step in this direction. The key to such a goal is well expressed in the Bible passage which says:

"Do unto others as you would have them do unto you."

Vending Route Prospect Should Evaluate First

Would you like to earn \$400 to \$500 a month in your spare time by merely collecting money from a few vending machines or racks and refilling them with candy, nuts, or whatever they dispense?

Sounds like an easy way to supplement the family income, but Bill Thompson, Manager of the Deaf Smith County Chamber of Commerce, warned that anyone thinking of investing in a vending route should consider the experience of the thousands who have been lured into investing in vending routes through gross deception, and who have lost their savings.

Thompson emphasized that

although the vending business is itself entirely legitimate, the unscrupulous minority in this field conceal two basic facts about their operations. The first fact is, that their true purpose is to sell equipment and merchandise to the persons who answer their advertisements. The second fact is, that the cards are stacked heavily against the success of the inexperienced person, who purchases vending equipment and merchandise for the purpose of "setting up a route," as a part-time or full-time business enterprise.

Instead of facts, unwary investors get rosy promises. They

often are given to understand that they will get exclusive territory; that earnings will average so much per week; that help will be given in setting up a route; that service will be immediately available; that the company will buy back machines if the purchases decides not to continue in the business. Enchanted by the prospect of getting in on a "sure thing," the investor pays from several hundred to several thousand dollars for machines and supplies.

According to the National Better Business Bureau, with which the local Chamber is affiliated through membership, the victim of the unscrupulous vending schemer is soon disillusioned. He finds that others are in the territory, that the help, if any, consists of dumping equipment at any store that will accept it, even on a temporary basis; that the machines are often of poor quality and service is not available locally; that sales do not materialize, and that the distributor waffles on the oral promise to take back the machines. Instead of investing in a money-making business, the investor has dissipated his savings and worsened his financial position.

Thompson cautioned prospective investors in any vending route to check up on the promoter and his promises before signing any contract to buy machines, racks or supplies. If high profits are held forth, audited financial statements of other investors should be demanded. Prudent investors would also verify the value of whatever the demand is for the product, and what competition is to be faced.

"Above all," Thompson concluded, "prospective investors should evaluate their own knowledge of the field they are entering and their qualifications including the adequacy of their capital. Remember that there is no easy way to make a fortune, and that there is no substitute for experience."

50 YEARS AGO

Hereford Source Of Great Deal Of Water

It has been said of the Plains country that the Great Ruler of the Universe made it first for his own workshop from which He designed and made the rest of the world; that the proof of the assertion is borne out on the fact of its thousands of acres of rich, rolling prairie lands. If the statement be true, the Hereford country must have been His table, for underneath it flows an elixir of life water. The development of the water proposition for irrigation purposes in the Hereford country has just been begun. Residents for many years knew that water for household and stock purposes was here in abundance at a shallow depth, they knew the water was excellent for drinking, and were satisfied in their own minds that its supply was inexhaustible, but beyond that they cared not or heeded not. In those days farming was looked upon as a slow process of making a living, and stockraising and selling land were the two diversions but later days have brought about great changes in the country, the land having grown rapidly in value has moved out the large cattle barons transforming the country into what must now be termed an "agricultural stock farming country". With this transformation came about conditions that brought to the agriculturist pleasant memories of the Eastern and Northern home in years that had gone by. But those times are commencing to rapidly fade into the pale significance, and area of development has the land, the Plains water problem has been solved in the Hereford valley that which the Great Ruler of the Universe put here for a purpose is being taken from its lair underneath the earth and lifted to its surface and thrown into ditches to bear the precious moisture to the fields and the meadows, which mean the advance of from 100 to 500 per cent on land value in the course of a short time. The Hereford country is rapidly passing the stage of experiment and pioneering into one of achievement. Last week a delegation of Albuquerque citizens visited the great Members valley that is rapidly developing into an irrigation country by pumping process just is being commenced in the Hereford country.

Cooperation Key To Area Progress

Recent proposal for a County-City "Summit Meeting" could pave the way for a more efficient operation within both governing bodies unless like some of the international meetings, it should accidentally wind up in torrid disagreement.

For some time city-county relations have been strained on several subjects, including Moreman Street paving, tax evaluations and fire protection. A meeting of the type proposed should contribute toward amicable settlement of these and other controversial points. At least, it can be a step in the right direction.

We probably recognize the viewpoints of both sets of commissioners more clearly than the average person, chiefly because we are exposed to opinions on both sides and there are most definitely two sides.

Actually, however, the money which operates both governmental sub-divisions pretty well comes out of the same pockets; certainly, this is true concerning the 7,600 people who live within the city limits. The average tax payer, we feel, would like to see close cooperation between the two groups. Such unity, among other things, could contribute to a more economical and efficient operation for both the county and the city. One radio unit, for instance; one set of fire fighting equipment, and on and on. Even a central tax collecting office for the school, city and county could prove highly efficient and practical.

We cannot always expect our elected officials to agree. On the other hand, we do have every right to expect them to fill the duties of their offices in the most efficient, economical manner possible. Furthermore, we have a right to expect them to conduct themselves on an adult level

The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses economics this week, a subject he may be as well qualified on as any other, if you follow us. Dear editor:

You couldn't call me an economist, although I have one qualification a good many of them have — I have more ideas on economics than I have credit at the bank — but I have been puzzled lately by what the experts are saying about the state of the national economy.

As I understand it, the experts are split. One group says the country is in pretty good shape, nothing to worry about; the other group says we're in rather serious shape, there's plenty to worry about.

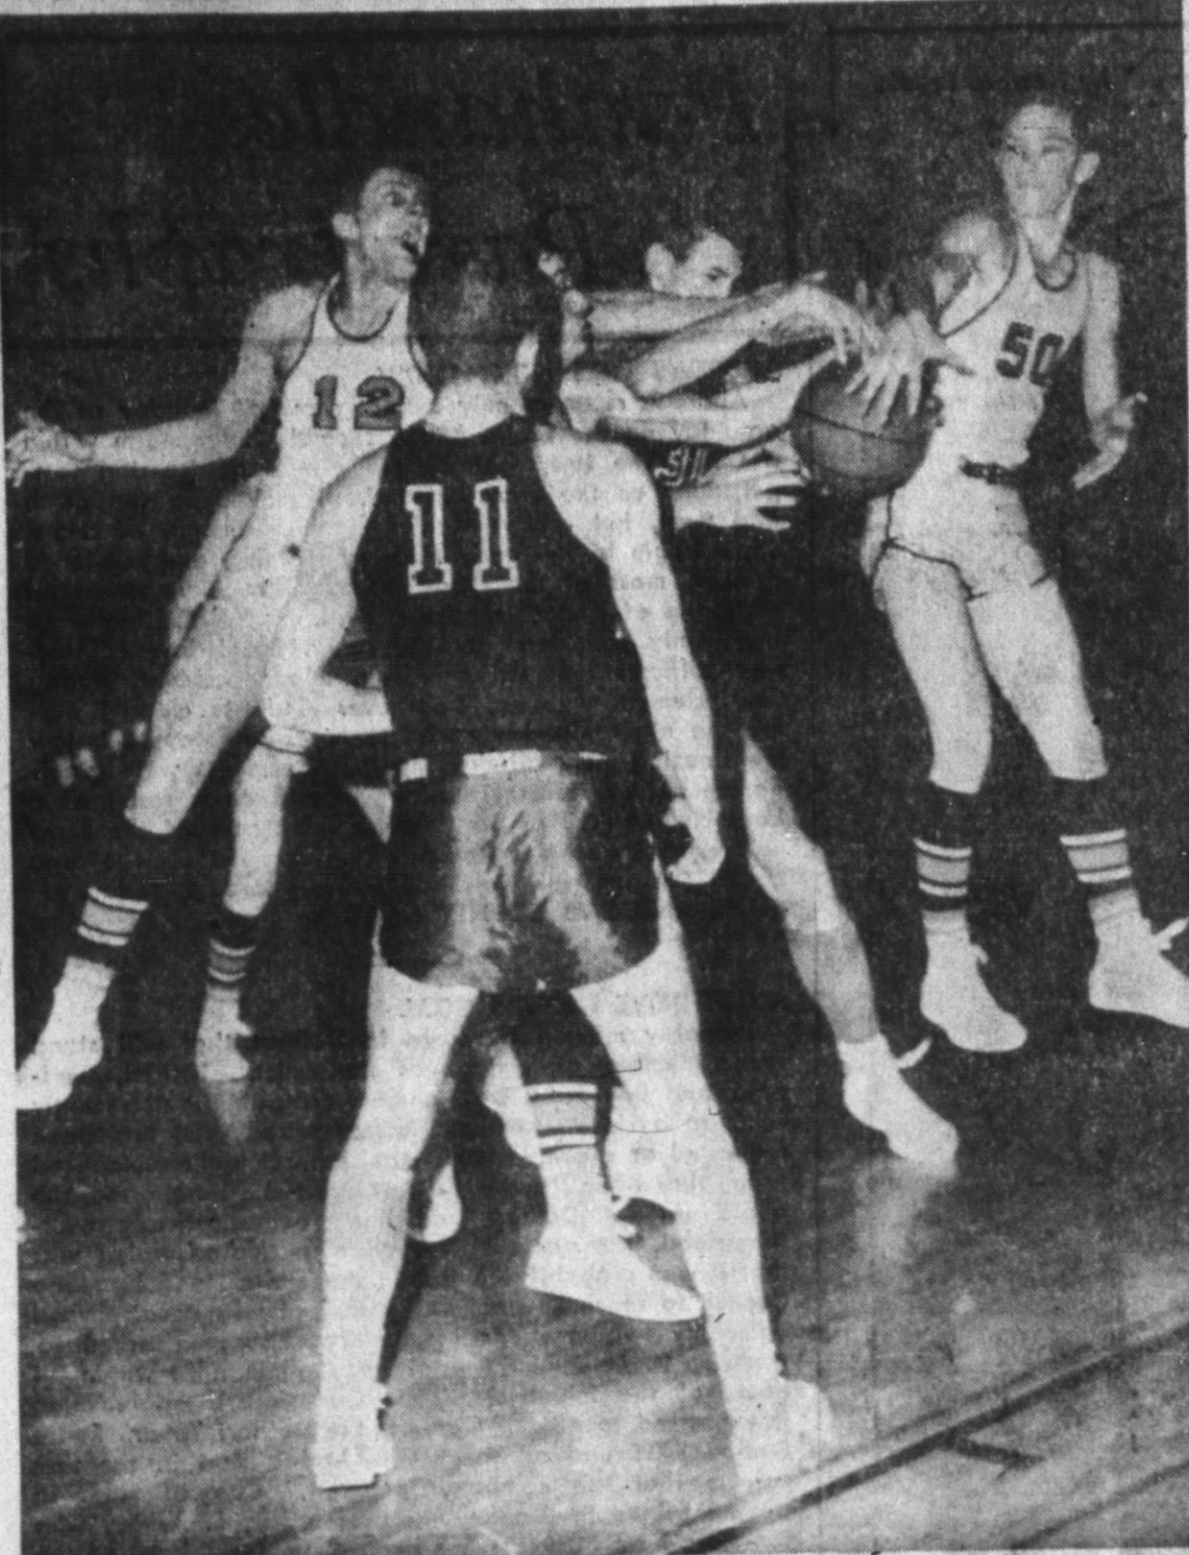

Now personally I have never had to wait on a group of experts to tell me whether I was well off or not. I have never based my economic position at any given moment on what a national survey has found out about me. No doubt it takes a group of experts to find out what the national economic growth rate is, but in my case all I have to do is look out the back door with a view of this bindweed farm and remember what my last bank statement showed.

However, I recognize that what my economic position is and what the national economic position is, are two different things. I don't reflect the country as a whole, and I hope the country as a whole doesn't reflect me. The situation couldn't be that serious.

But it does seem pretty confusing to have the experts in Washington disagreeing so completely on whether the country is well off or not, it's not fair to have Congress not knowing whether to raise taxes because a booming country can afford it or to lower them because a declining country can't, and therefore I have hit on an idea for settling the matter.

The thing to do is to let the Supreme Court decide it. Let some lawyer bring suit, I don't know who against, the United States Treasury, I guess, claiming the country is in bad shape and therefore taxes ought to be lowered. He could start the suit in a local court, work it up through the state and finally on up to the Supreme Court, and along about this time of year, or the year after, the court would rule, and its opinion would thus become the economic law of the land. Then we could all settle down and look back and know for sure that back in February 1961, the country was either well off or bad off, by a five to four decision of the Supreme Court.

Yours faithfully,
J. A.

Warmth Starts Farm, Yard Work

BY MRS. S. N. THWEATT
The community has been blessed with warm spring weather the past week. A lot of yard work has been done, some have gardens plowed. The wheat has begun to show green growth.

Mr. and Mrs. Lester Wiggins and Mrs. Lucille Hopson of Hereford, Charlie Kemp, Mr. and Mrs. Elmer Northcutt, and family attended the Junior Dinner at Grady, N. M., Sunday.

Mr. and Mrs. Bill White and family spent Thursday evening visiting in the home of Mr. and Mrs. Harold Head of Westway.

Mr. and Mrs. W. D. Howard of Texico, N. M., visited Wednesday afternoon in the home of Mrs. J. E. Rouse.

Notice to Bidders
Sealed proposal for approximately 155,000 s. y. single seal coating, 237,000 s. y. hot mix surface course, and miscellaneous paving and curb and guttering of city streets will be received by the City of Hereford, Texas, at the office of the City Manager, City Hall, Hereford, Texas, until 2:00 p.m., February 27, 1961, and then publicly opened and read.
Bidders must submit a bond of five (5%) percent of the total amount of the bid as a guarantee that the bidder will enter into the contract under the conditions set forth within 10 days after notice of award of contract.
After award of contract, contractor will be required to post a 100% performance bond which will be for performance of con-

tract with one year guarantee against faulty material and workmanship. The contractor will also be required to post a Labor and Material Payment Bond. Both bonds shall be executed subject to the approval of the Hereford City Commission. The attention of bidders is called to the special provisions concerning minimum wage rates and hours of employment included in House Bill No. 115 of the Forty-Fourth Legislature of the State of Texas. Compliance with the above wage and hour bill is required.
The City reserves the right to reject any or all bids, to waive informalities and to accept the bid deemed to be the most advantageous to the City. All bids received after the above closing hour will be returned unopened.
Plans, specifications and contract documents may be inspect-

ed or obtained at the office of the City Manager, City Hall, Hereford, Texas, or at the office of McMorries & Associates, Route 1, Box 826, Amarillo, Texas, upon a deposit of twenty-five dollars. This deposit is refunded only to each actual bona-fide bidder upon return of documents.

Explain Offset Printing Coronado Defeats Seventh Graders

BY WAIN MILLER

Dan Thomas

Hereford Youth In Family Movie

Hereford Brand advertising manager Guy Williams, speaking at the noon meeting of Hereford Rotary Club Monday, explained principles and features of offset printing, a relatively new printing process which will be utilized by the Brand and three other newspapers in the Panhandle this year.

The newly-formed corporation of Southwest Offset, Inc., will print the Brand, Littlefield Press, Canyon News and the Olton Enterprise. The company, which will be located just east of McCullough Motor Company on W. First St., will print six publications a week.

The printing corporation has already purchased its offset press, which will be the only one of its kind in Texas, Williams said.

The press should be delivered sometime in April. Although the new business will be located on W. First St., the Brand editorial, advertising and composing departments will remain at the present location.

Williams commented that offset is "the first major innovation in printing since the days of Benjamin Franklin." The new printing process will be used to improve quality in reproduction of the newspapers and to offer availability of color for both advertising and editorial content. Guests at the Rotary meeting included Bob Lindsey of Borger, Bob Lindsey of Canyon and John Armstrong of Amarillo.

Chicago International Livestock Show. Although she has been crippled by polio, she learns to walk again while teaching her calf to lead.

Star of the show is Candy Moore, with Ben Johnson, Jesse White, Jess Kirkpatrick, Casey Tibbs and Rex Allen.

Thomas was photographed as he weighed in his Hereford whiteface steer at the Houston Livestock Exposition last year. Although Dan won two showmanship awards last year during livestock shows, his showmanship in the movies was an unexpected bonus.

The son of Mr. and Mrs. Jimmy Thomas, who farm and ranch near Hereford, he won the lightweight division of the Junior Livestock Show in Hereford last year and took the same division title at the Amarillo Livestock Show a week later.

He is in the eighth grade at Stanton Junior High School.

World Day Of Prayer Was Observed Friday

World Day of Prayer, sponsored by the United Church Women of the National Council of Churches, was observed in Hereford Friday, Feb. 17.

Services were held at the Presbyterian Church at 3 p.m. The local chairmen were Mrs. Carlos Vaughn and Mrs. George Royse. Mrs. Marion Davis was the guest vocalist, accompanied by Mrs. Frankie Ridgeway at the organ.

World Day of Prayer was started back in 1887 at the suggestion of one woman of one denomination to pray for the success of home missions and their support. It has grown into a giant interdenominational, international prayer circle.

People of 145 countries take part. Their gifts help provide schools, colleges, hospitals, doctors, nurses and teachers both here and abroad.

This year, the World Day of Prayer celebrated its Diamond Jubilee. The services were interdenominational and were open to all who seek the strength of uniting in prayer with others all over the world.

REMEMBER WHEN?

BY CHARLIE SEEDS

This was a night which shattered one legend... and started another. Italy's giant boxer, Primo Carnera, had bulled his way to the heavyweight crown of the world, then lost it. The lustre of his prowess had dimmed a little... but the legend of his mighty punch and indestructible jaw still persisted... until the night he met Joe Louis.

Louis was a young, deadpan fighter from Detroit who had moved up swiftly in the ranks of heavyweight contenders. No one knew just how good he was... until this night.

After this fight he came to be called the Brown Bomber. Expressionless, savage in his attack, he battered Carnera around the ring at will, his short, swift punches so fast the eye could hardly follow them. In the sixth round he caught the towering, Italian giant with a smashing right... and he went down. Courageously Carnera struggled up... and was smashed down again and again... until the referee stopped the fight and raised the hand of Joe Louis, the new fistic sensation!

Remember the year? There was a lot of excitement that year about the colorful new cars with their sensational bright colors... but a wise buyer didn't let his enthusiasm carry away his bargaining sense... and he was dubious about claims of "savings."

The year was 1935. You'll feel a new driving thrill when you get behind the wheel of a new 61 Ford from our big selection of models. What's more, our deal will give you real savings! We don't make wild claims. We'll be glad to spell out the facts and figures on a better deal at CHARLIE SEEDS MOTOR CO., INC. W. Hwy. 60. Phone EM 4-2727.

Austin Chapel Scene Of Wedding Ceremony

Mr. and Mrs. Earl Wood are announcing the marriage of Mrs. Wood's daughter, Linda Lee West, to Jimmy Lynn Defoyd of Houston. Defoyd is the son of Mr. and Mrs. Murry J. Defoyd of Channelview.

Vows were exchanged Feb. 10 in the chapel of the First Methodist Church in Austin.

The bride was graduated from Hereford High School and is a senior at the University of Texas in Austin.

The bridegroom was graduated from Robert E. Lee High School in Baytown and holds a bachelor of arts degree from the University of Texas. He is now attending law school at the University of Houston.

The young couple is presently at home at 1902 Richmond Ave., Houston. They will return to Austin in September to continue their studies at the University of Texas.

PIERCE-RAMEY

Double Ring Vows Are Said In Campus Chapel

Miss Linda Lou Pierce of Amarillo became the bride of Jack V. Ramey of Hereford in double ring ceremonies read recently in Canyon.

The marriage took place in the Joseph A. Hill Chapel on the campus of West Texas State College, with the Rev. Claude S. Carlton of Texarkana, uncle of the bridegroom, officiating.

Parents of the couple are Mr. and Mrs. Kenneth Pierce of Amarillo and Mrs. Sank Ramey and the late Mr. Ramey of Hereford.

Traditional wedding music was presented by Miss Sondra Sullens of Pampa, organist, and Mrs. Nolene Hawk, vocal soloist.

The altar area was decorated in white and softly lit by white tapers in candelabra. Lewan and Deanna Pierce, sisters of the bride, acted as candlelighters.

Mrs. Marilyn Trader, cousin of the bride, was matron of honor and Miss Barbara Pierce, sister of the bride, was bridesmaid. The two attendants were dressed in identical dress of red organza over matching taffeta. Peppermint carnations arranged into colonial bouquets were carried as floral notes.

Peyton Ramey of Hereford, brother of the bridegroom, was best man and Bobby Sullivan was groomsmen. Ushers were Gene Trader and Joe Kerr of Hereford.

Escorted and given in marriage by her father, the bride

was attired in a formal gown of white organza and tulle over taffeta. The fitted bodice was fashioned with a scalloped neckline scattered with pearls and long tapered sleeves. Her tiered veil of illusion cascaded from a lace cap encrusted with iridescent sequins and she carried a bouquet of white sweetheart roses.

Following the ceremony, a reception was held in the Church of Christ Student Center in Canyon. Those in the houseparty included Mrs. Martishia White of Houston, Miss Lynda Peek and Mrs. Barbara Henson of Canyon and Mrs. Judy Carathers.

The bride is a graduate of Palo Duro High School and Amarillo Junior College, where she was affiliated with Sigma Phi Chi, Phi Theta Kappa and the Student Education Association. She was graduated from West Texas State College in Canyon and is a teacher at Eastridge Elementary School, Amarillo.

Ramey was graduated from Hereford High School and West Texas State College, where he was a member of Sigma Beta Mu, Alpha Sigma Xi, Kappa Kappa Psi and the Buffalo Band. He is employed by Pioneer Natural Gas Company.

The couple is now at home at 1311-B W. 16th St. in Amarillo.

Correct Report On Net Earnings Important To SS

Correct reporting of self-employed net earnings every year is all-important for social security purposes, said Hal Geldon, district manager of the Amarillo Social Security Office.

Geldon joins with Ellis Campbell, Jr., district director of Internal Revenue, in reminding people who work for themselves — alone or in a partnership — that Federal income tax returns (Form 1040) for 1960 must be filed on or before April 15, 1961. This must be done and the self-employment tax paid if net earnings for the year were as much as \$400, even if no income tax is payable.

The Social Security Administration, Geldon said, wants to remind self-employed persons that future old-age, survivors, and disability insurance benefits to them and their families will be based on their average earnings. If those earnings are not reported or are incorrectly reported, benefit amounts will be reduced — in some cases lost entirely — when the worker retires, becomes disabled,

or dies.

Information about taxes and tax returns can be obtained from the Internal Revenue Service Office at 1414 W. 8th St., Amarillo. The Amarillo Social Security Office at 1006 Adams St. provides information about social security benefits.

Up In the Air

BY BENNY WOMBLE

Today is the day of the National Air Show, beginning at 2:30 p.m. EST, which will be 1:30 p.m. locally. This is a CBS-TV presentation and is a ninety-minute show. As far as I know, KFDA, Channel 10, will carry this.

If you would like to see some thrilling aerobatics as well as a display of home-built and experimental aircraft, tune in. This show will be starring aerobatic champion Harold Krier, the e-time winner of the AAA National Aerobatic Trophy 1958-59-60 and a two-time winner of the coveted Colonel Joe Mackey Trophy for outstanding precision airmanship. One of Harold's specialties is spearing a ribbon 18 feet above the ground while in inverted flight!

On the local scene, there has been considerable activity. Arless Edwards has soloed recently in the 150 Cessna. Neil Cooper and Frankie Longhofer have both recently gone on their dual cross country. Earl Springer has

been flying the 150 Cessna some recently. Jackie Allmon tells me that he thinks he is getting close to the solo stage, now.

Jerry and Frankie have been pretty busy in the shop also. They have a damaged Comanche in for a major rebuilt job. They have also done maintenance on a Beech Bonanza from Amarillo, Lyle Blanton's Comanche, and a transient 180 Cessna from Oklahoma.

Hilrey Aven and I have swapped horses recently. Hilrey now owns the Tri-Pacer I had and I now own the Funk that he owned. Hilrey is about ready for his private license and I think we will see him doing considerably more flying than he has done in the past as he can carry more passengers and make a trip faster.

Dr. Adams and Curtis Tra-week are sure proud of their recent trip and are just looking for a good excuse to go again. Both agree that the airplane is the only practical way to make a trip of this length. They couldn't have driven round trip down and back in less than the time they were gone from here and they spent almost a week on the ground down there.

I talked to Dan True the other day and he wants to fly his U-all 2 down as soon as he gets it repaired from his recent wind damage and he can do some interior beautification on same. I will try to give some notice in this column when we can expect him. It will be either Saturday or Sunday evening, I think.

That is about all I have for this time. What I write in this column depends on what I see and hear about around the airport. I still need more pilots to tell me about their trips. If the average citizen would know of the many comings and goings every day at the airport, he would be more favorably impressed with the fastest, most modern form of transportation. I think our airport is as necessary to continued growth of our area as the highways and railroads are.
