By H. A. TUCK

Fraud charges filed in Dallas last week against the far-flung enterprises of Billy Sol Estes of Pecos and others have spread into Deaf Smith County on an indirect basis.

Arrested by Federal Bureau of Investigation officers along with Estes were Coleman D. McSpadden of Lubbock, operator of Associated Growers of Hereford and, until recently, a resident of Hereford. Also charged in the case were Harold E. Orr, president, and Ruel W. Alexander, secretary-treasurer, of Superior Manufacturing Company of Amarillo.

District Judge Harry H. Schultz of Dalhart confirmed late Saturday that he has signed an application to have a receiver appointed for some property controlled by Coleman D. McSpadden in Deaf Smith County. The application was filed on behalf of John Pachtold of Hereford.

Judge Schultz explained that the application was basically an application for foreclosure. Judge Schultz set a hearing on the application for 1:30 p.m. Saturday, April 7, in the 60th District Courtroom in Hereford.

not to be out any expense. The manufacturer then would assign its chattel mortgage for the transaction to an investment or finance company, receiving payment for the full purchase amount, less the down payment which had been credited at the time of purchase.

In the chattel mortgages on such tanks checked in Deaf Smith County, it was found that most of the contracts were for a period of about five years. Cost of the tanks on trailers is from \$600 to about \$1,000. Some mortgages were issued on storage tanks, which cost as much as \$35,000. Some of the mortgages filed locally were for tanks with trailers, some for trailers with tanks others for tanks with wheels and all other necessary equipment, some for combination applicators, some for applicators with tanks, some for applicators

Mrs. Marsh On National Council For Camp Fire

Mrs. Virgil Marsh of Hereford was elected to the Camp Fire Girls National Council during a meeting in Houston last week. She is the first person from Hereford to be named a member of the National Council, from which the national board members are elected. She will serve during the 1962-63 year.

Attending the Region 4 Camp Fire Girls, Inc., meeting in the Rice Hotel with Mrs. Marsh was Mrs. Philip Barkley, Hereford staff member.

Mrs. Barkley attended a professional training course while Mrs. Marsh was attending work shops and conferences. Region 4 of the national Camp Fire Girls organization includes Arkansas, Louisiana, New Mexico, Oklahoma and Texas.

The Hereford representatives reported that Camp Fire will be divided into four age groups in the future, rather than three groupings which are used now. The new organization will include two years for Blue Birds, three years for Camp Fire Girls, two years for Junior Hi Camp Fire and four years for Horizon Club.

LIST SEVEN POINTS

Potato Marketing Order Opposed By Farm Bureau

A meeting on the proposed potato marketing order was held Friday in the Hereford Community Center with W. C. Wedemeyer, director of research and promotion, Texas Farm Bureau, commenting on the provisions of the order.

During the discussion, he listed seven points which are the basis of the Farm Bureau's opposition to the national marketing order.

The first point brought out by Wedemeyer was "the impossibility of recognizing the differences in the production and marketing of potatoes in all areas."

Secondly, he pointed out, marketing order success is dependent on the support of local growers.

The third point of opposition brought out by Wedemeyer was that the cost of providing inspection to small scattered production areas would be high.

"Potato production is widely scattered," he stated, "and the crop is marketed in many different ways, making enforcement of a national order difficult."

He also brought out that the producer allotment system proposed in the order would freeze production and the marketing patterns.

There is considerable progress now being made to improve the quality of potatoes being marketed, he pointed out and included in the list of objections.

"The potato industry, based on past history," Wedemeyer said, "will adjust its production to marketing needs. Indications are that six per cent fewer acres will be planted this year."

During the lengthy meeting, Wedemeyer went over the legislation enacted which provides for marketing orders and pointed out the laws governing orders.

"The law places the authority with the Secretary of Agriculture," Wedemeyer stated, "and the authority is handed down to those who administer the program."

He also brought out that a producer is not affected under the law and "can grow all that he wants to, but when he goes to market he becomes something else." A limit is placed on the amount that can be sold.

Voting procedures for setting up a marketing order were outlined as well as the procedures for cancelling an order.

In commenting on the proposed potato marketing order, Wedemeyer brought out that it was much easier to "get one in than to get it cancelled."

Under the provisions of the law, he commented, two-thirds of the producers voting or producers representing two-thirds of the production may vote an order in.

On the termination of an order, he pointed out that a hearing must be held, the Secretary of Agriculture must bring it to a vote, and 51 per cent of the producers representing 50 per cent of the total production must vote for termination.

The Secretary, he commented, can also cancel an order if the order does not carry out the declared policy of the law.

In commenting on the proposed potato order, he pointed out that the program is considered with the idea of balancing supply with demand.

"There is no such thing," he warned, "People do not have to have potatoes," Wedemeyer said. "They may start using substitutes, imports increase, and the surplus decreases."

"One of the darkest parts of the proposed programs," he stated, "is the effect that the buyer could have on the producer."

He inferred that buyers could use allotments to producers and control those who produce potatoes and the market.

"Anyone that controls your market," he warned, "controls you."

Wedemeyer concluded his remarks.

On the termination of an order, he pointed out that a hearing must be held, the Secretary of Agriculture must bring it to a vote, and 51 per cent of the producers representing 50 per cent of the total production must vote for termination.

'Deaf' Smith Says

TO: The Spirit of Sam Houston FROM: The Spirit of Erasmus 'Deaf' Smith

SUBJECT: Looking in on Some Chamber of Commerce projects

It has been interesting, Sam, just to be present in spirit, at a number of recent committee meetings of my Chamber of Commerce. So many things are in the planning stage that it is hard to keep up with them all.

First I visited a meeting of the Harvest Festival board under the capable chairmanship of Oliver Streu. This group is made up of the presidents, or representatives of the presidents of all of the organizations which sponsor events during Harvest Festival week. Dates for the Harvest Festival are July 22-28. Rodeo, carnival, barbecue, parade, queen contest and Farm and Home show are pretty well set. Details on the Air Show and the Appreciation Dinner have not been developed yet.

Next was a brief visit to the Hereford Breeders Association with Lee Cocanougher presiding. This group is planning to sponsor their tour again this

year on Aug. 20. Also under consideration is the reprinting of the cattle brochure which was first put out three years ago. A new wrinkle on the cattle tour this year will be the use of KPAN radio's mobile unit to broadcast information on the tour into car radios of those participating in the tour.

The aviation committee has succeeded in getting the Civil Air Patrol off to a very slender start. As of the meeting on April 23, there were only two members enlisted but several others have indicated an interest and will be joining before the practice search mission on April 8.

The committee also discussed participation in the Harvest Festival with another air show and agreed that this should be undertaken. Also under discussion was the possibility of hosting the All Texas Air Tour for an overnight stop in Hereford. It was agreed on this matter that possibly the group had started effort on this too late to make the necessary arrangements and to provide the necessary funds. Another project of

the Aviation committee is the installation of a rotating beacon for the airport to aid night navigation.

The Trade Promotions committee, directed by Harold Kida, is very busy working up participation in the Spring opening — Junior-Senior benefit which is scheduled for Thursday, April 12. Members of the Junior and Senior classes will man the retail stores of Hereford between 6 and 9 p.m. that night and will earn ten per cent of the gross sales for that period to enrich their class treasuries.

The Tourist and Convention committee under the leadership of Jimmie Allred sponsored a very successful tourist clinic at the Hotel Jim Hill on March 21. Seventy-nine people turned out to hear Herb Schall discuss the means of promoting the tourist business in our area. The committee is now getting ready for its annual membership drive and for the trip to the National U. S. Highway 60 convention in Banning, Calif., the latter part of April.

That's about my report for this week, Sam but the way things are going I'll have another big report for you next week.

JOE TOOK TO DRINK

SARASOTA, Fla. (AP) — Mrs. Eulalia Barrow Bobo thinks she is one of the few persons who ever saw Joe Louis drunk. Mrs. Bobo, who lives in Beverly Hills, Calif., is the sister of the former heavyweight champion. The drinking episode occurred when her brother was 3 years old.

"There were eight of us children," she said during a recent visit. "Joe was quiet a little chap — a mother's boy. One time when he was 3 years old, an uncle came to stay with us for awhile. That uncle kept alcohol around the house — for medicine, he said.

"One day we lost Joe. We looked and looked, and we couldn't find him anywhere. My uncle got very upset. He thought he needed some of his medicine. So he went for the bottle, and there was Joe. That little boy drank it all and fell out."

Having trouble getting your family to enjoy vegetables? Serve them with a cheese sauce seasoned with Worcestershire sauce and dry mustard for a tang. This sauce is delicious over broccoli, cauliflower, snap beans and green cabbage.

NOTES FROM

Hello — Sure have spring fever. Got an extra fishin' pole? There are a lot of people that don't suffer from this disease, however. Mrs. Sam Morgan is working with wood fibre. Mrs. Bertha Frye of Dawn is tilling a small tray and Mrs. Tom Hix has been painting some plaques. April is Hobby Month so if you haven't one, come by. Happy birthday to my Lindi Sue. She's four tomorrow. Bye now,

Hereford...

(Continued from page 1)
Baker got on by error and moved around on sacrifices by Dennis Wilson and Danny Gray.
Hereford went down in order again in the fourth, while the Rebels were leaving two on base.

In the fifth, Hereford tied the game, 1-all, as Bill Nelson singled and sped in on a double by pitcher Richard Casas.

Tascosa went down in order in the fifth as did Hereford in the sixth. In the bottom of the sixth, the Rebels put a man on by catcher's interference, but he failed to get beyond second.

In the seventh, Eugene Green was hit by the pitcher with Drew Kershner coming in to run for him, with two out. Nelson came through again with a single. The winning run came as Casas got on by

error. Ronnie Duncan then got on by error but was erased to close out the threat.

Tascosa's chance to tie or win came as Wayne Thurston, the ninth man on the batting order, hit a broken-bat single over the shortstop. He was advanced to second on a perfect sacrifice bunt by Baker.

Dennis Wilson hit a short, fast-dropping fly into center field as Thurston started railing for third. But Hereford center-fielder Arnold Powell charged in, caught the fly and fired to John Buck at second for the double play to end the game.

A pair of sophomores pitchers locked head on in a fine duel during the game. Richard Casas took credit for the victory, his fourth of the year with no losses. He allowed just one run on four hits, struck out six, walked two, stranded six and was charged with one balk.

Tall John Bowman was tagged with the loss as he gave up two runs on four hits, struck out seven and walked one, in addition to hitting one batter.

Both teams were charged with three errors. Each team had three singles and one double. Nelson paced the Hereford batters with two singles in three trips, exactly matched by Tascosa's Wayne Thurston.

Mr. and Mrs. Stoke Robbs of Hereford will be honored with a reception on Sunday, April 8, in observance of their 50th anniversary. The affair will be held from 2-5 p.m. at the Veterans Rock Clubhouse. All friends are invited to attend.

Dennis Hodges, Hereford's all-everything basketball player, has been named to all-opponent honors by members of the Clovis Wildcat cage squad for 1961-62. He was the only Texas player to make the Clovis list.

A two-session duplicate bridge meet has been set for Sunday, April 1, in the Hereford Community Center. First session is set for 1:30 p.m. and the second at 7 p.m. There will be a small charge, which will be given to the Community Center.

After a good showing against the big district 3-AAAA schools, Hereford baseballers will go to Dumas Monday for a shot at the Demons in the conference opener. The Demons are defending champions and coming along strong after a slow start. The team surely would like to have your support.

port, if you can make it.

In the past I always noticed that meetings slacked off in the spring as farmers started spending more time planting and getting ready to plant. But that sure hasn't been true this year. With discussions on screw worms, potato orders and other farm matters under consideration, I don't know when some of the farmers have had time to even look at their fields, much less work in them. But that's the difference in Hereford and other places. When something important comes up, everyone can find the time to get to the meetings and work on needed projects.

It hasn't been easy, at all. To avoid mention of Billy Sol, known until Wednesday for wheeling and dealing. Now many are wondering just how he's feeling.

marks with a statement on the Farm Bureau policy of marketing orders.

"Farm Bureau has supported the use, when appropriate, of federal marketing orders," he commented. "The keys to their success have been their application on a local or regional basis and the fact that they have not been used to control production."

"We continue our support of the appropriate use of marketing orders on that basis, Wednesday stated.

Also commenting on the proposed marketing order were Walter Meyer, Farm Bureau director, and Joe Holmes, area field representative.

and others for storage tanks. Also included in the mortgages were a few nitric acid tanks and/or applicators.

McSpadden, an energetic 47-year-old man, came to Hereford about three years ago after being in the carpet business in Lubbock. When arrested in Lubbock, his bond was set at \$250,000, the same as the bond for Alexander and Orr. This later was reduced to \$25,000, which was posted for him Friday night. He is a stockholder and board member of Superior Manufacturing Company.

Bond on Estes, 37, was set at \$500,000.

Estes and another Pecos man, W. J. Worsham, were listed as the owners of the mammoth Allied Elevators when it was near completion last August just east of Hereford. The elevator has storage facilities for about 16 million bushels and was estimated to cost \$2.5-3 millions.

The government announced Friday that it was looking into Estes' grain storage operations. And Friday's suit in Amarillo listed Worsham among 19 other defendants, all accused of fraud against Pacific Finance.

Mar. 30, 1891: LaPlata, Texas. The Commissioners Court met with Judge Dean present and presiding, with Commissioners, Powers, Jones and Skeins. Clerk C. G. Witherspoon in attendance. Mr. John A. White of Vernon, Texas, presented a plan of a house 55x82 feet, lower rooms 13 ft. high, upper rooms 21 1/2 ft. to ceiling. Mr. Adair's plans sent from Cleburn, Texas and also J. B. Legg's plans of St. Louis, Mo. were examined. Mr. White's plans on Court-house with slight changes were accepted as plans. His bid on said house was \$41,500 and for some changes as to exterior finish of stone an additional sum of \$400 was allowed making \$41,900.00 total. Commissioners allowed Mr. White until the 1st day of April 1892 in which to complete said courthouse. The work on same to begin on or before April 15th, 1891."

GOT A PENCIL HANDY?

30

Then why not divide your last electric service bill by 30 in the handy space provided. That will give you Reddy's daily wage for all of the jobs he does for you at your house.

Then check the list below to see how many of those jobs he is doing.

Quite a number, isn't it?

True, your electric service bill is higher—because it is an electric service bill, not just a light bill. But the unit cost of that electric service is less than ever before, and each of your electric service dollars buys 23.6% more than ever before.

the farmer and a worker whose experience and skills most nearly match his needs without the usual loss of time in trying to contact each other.

It was pointed out by Patterson that there is no charge for this service and there is no obligation on the part of the farmer to hire anyone.

It was pointed out that it might not be possible to fill all orders placed by farmers with local workers.

"In such case," said Patterson, "we will, if the employer desires, take an order for recruitment in other sections of the state in which workers are reported to be available and who might be interested in jobs in this area."

For those employers desiring to recruit in other sections of the state a representative of the office will be available to discuss this possibility.

Farmers Irrigating Crops After Snow And Rainstorm

By Mrs. Carl Wimberley
As much as one inch of rain and snow fell in parts of the community last weekend, Lester English and Edgar Lemons reported, receiving one inch of moisture. It became lighter to the east of the community. Carl Wimberley reported .35 of an inch, for a total of about 1.50 inches for the year so far.

Farmers are busy in irrigation of wheat and pre-irrigation of row crop land. Greenbugs have made their appearance but so far do not pose any serious threat to the wheat. Onion and potato planting has been underway on the E. D. Reinauer farms.

There has been a great deal of flu and colds during the past several weeks, in addition to the usual childhood diseases, particularly measles.

Mrs. Melvin May is in the Deaf Smith County Hospital for medical treatment. Mrs. Steve Bavousett is a patient in the hospital at Friona, also for medical treatment.

Mr. and Mrs. Clarence Krueger and family of Calumet, Okla., are new residents in the community. He is employed at the Dawn Co-op elevator.

New pupils in the school at Dawn are Leon Krueger, fifth grade; Lee Nay Krueger, third grade; Garland McMillian, third grade; and Mary and Kathy McMillian, first grade.

Mrs. Glenn Tucek is now at San Antonio, where her husband is now stationed. He is in the Medical Corps of the U. S. Army.

Second Lt. Bruce Wimberley, his wife and son, Lon, are in

San Marcos now. Lieutenant Wimberley is in the Missiles Division of the U. S. Army there.

Bill Wimberley, a senior at West Texas State College in Canyon, was in a group of students who took part in a "Who's Who" Presentation at the Student Union building on March 18. Wimberley was chosen in mathematics for membership in Who's Who in American Colleges and Universities. Mrs. William Wimberley attended the ceremony.

Approximately 100 people were present at the Dawn Baptist Church on Sunday evening for a special program presented by members of the Sunbeam Band. Those taking part were Beth Cox, Ricki May, Carol Ann Bavousett, Steven Criddle, Alan Dale Ward, Ronnie and

Jerry Johnson, Susan Cox, Mickey Ward, Sandra Lemons, Shirley Alger and Mike Criddle.

The program was under the direction of Mrs. William Wimberley, leader, assisted by Mrs. Jack Ward Jr. and Mrs. R. L. Johnson.

Miss Sue Peek, a student at West Texas State College, was a visitor Sunday in the home of the Rev. and Mrs. Charles Davenport.

Mrs. H. H. Miller called last Thursday in the home of Mr. and Mrs. H. T. Wedel in Hereford. It was Mrs. Wedel's birthday.

Guests over the weekend in the home of Mr. and Mrs. Rea Cox were Mr. and Mrs. T. B. Cox of Floydada and Mr. and Mrs. Everett Cox of Farmington, N. M.

Mr. and Mrs. Sammie Porter of Big Spring visited Tuesday night in the home of Mr. and Mrs. R. T. Stewart. They visited Wednesday in the home of Robert Oglesby of Canyon and J. R. Oglesby of Hereford before returning home.

The Porters were enroute home following a business trip to Hennessey, Okla.

Mrs. Earl DeHart, Mrs. Ken-

neth DeHart and daughter, Denise, of Hereford called Tuesday afternoon in the home of Mr. and Mrs. W. T. Beavers.

Robert Caraway has been chosen as a member of the F. F. A. grain judging team at Stanton Junior High School in Hereford.

Mr. and Mrs. McMillian and family are new residents in this community. They live where the Alharts formerly lived.

Mr. and Mrs. James McCutchen and children live on the C. A. Wimberley farm. Mr. and Mrs. Thursday and children are living in a trailer house which has been moved to the George Suggs farm.

Word has been received of the birth of a girl, Marie Xan, to Mr. and Mrs. Johnnie Bustamante of Kingman, Ariz. She arrived Feb. 28. Mrs. Bustamante was Jolene Galley of this community before her marriage.

The Dawn Missionary Circle will meet Monday, April 2, at 9:30 a.m. in the home of Mrs. Ray Polan. The Northwest Circle will meet on Tuesday, April 3, at 9:30 a.m. in the home of Mrs. Edgar Lemons.

Mrs. Rea Cox was the honoree at a pink and blue shower on Tuesday afternoon at the Dawn Church. Others present were Mesdames J. B. Caraway, Edgar Sowell, Walter Lemons, W. H. Gentry, Edgar Lemons, R. T. Stewart, William Wimberley, Lester English, Ted Richardson, Carl Wimberley, C. C. Stewart, Charles Davenport and Jack Ward Jr.

The Dawn Boys 4-H Club has been very active lately. Members visited a large creamery in Amarillo, put on a club meeting demonstration over television in Amarillo, visited a milling company in Hereford and given a club meeting program for the Hereford Rotary Club.

The younger members of the club presented their winning skit, "The Road to Happiness," last Thursday at the meeting of the St. Anthony's Women's Guild at the Parish Hall in Hereford.

Those in the skit are Ted Richardson Jr., Kevin and Steven McAndrews, Dion Miller, Tommy Betzen, Paul English, Glenn Polan and Stephen Hoffman.

Beverly Betzen received a rating of Excellent in the

The Sunday Brand, Hereford, Texas, Sunday, April 1, 1962

Junior Music Festival which was held recently in Hereford. She entered the piano solo division.

Audni Miller and Linda Tooley were among those from the Hereford High School Band that entered the band contests in Borger recently.

Mrs. Miller recently went to Portales, N. M., with the play cast of "The Sisters McIntosh"

for competition at Eastern New Mexico University. However, she got the measles and was unable to take part in the play when it was presented in the University Interscholastic League contest in Canyon last week.

On Monday, Audni was presented with a dozen roses by the Thespians Troupe of Hereford High School as a small (Continued on page 11)

BY JIMMIE GILLENTE
If Billie Sol Estes could figure out some way to collect one cent per word for every word spoken about him in Hereford this week, he would have his \$500,000 bond — and a nice little nest egg besides. Any time you got two people together Friday morning, the conversation was always the same, and I hear that several of the competitive fertilizer boys didn't need a second person. If no one was around, to listen they talked to themselves, and enjoyed it every bit.

Approximately \$3½ million worth of tanks are on record as mortgaged in Deaf Smith County, mostly by five individuals, according to a report heard by the Commis-

sioners Court Monday.

Right now the big question seems to be, "How deep will the charges go?" If the people who signed the mortgages are held responsible for payments, then we haven't heard anything yet. The tank deal covers the Panhandle Plains like a blanket. In addition, some big political names keep cropping up, but no one appears to have anything definite, much less any proof. Lee Benefield, who has some friends in Pecos, tells me that some Pecos citizens say that the town cannot survive the collapse of the Estes empire; they say everyone in town, including his enemies, benefitted extensively from the Estes payrolls, sales and promotions; some even predict that the town will dwindle away.

TIP FOR THE C-C Industrial Committee: Dig up a some ball money — and you might get a certain tank company to move to Hereford.

Rev. Eugene Naugle is justly proud of his 26-year-old niece, Natalie Naugle, who was featured in a nine-page spread in the March 23 issue of Life Magazine. Miss Naugle, daughter of his brother, hails from Wichita, Kan., and is now employed in the State Department's protocol office, where she performs scores of duties, mostly designed to make dignitaries feel at home in Washington gatherings. Miss Naugle has visited the Naugle family in Hereford several times, and is known to quite a few people in the community. Incidentally, she tells the Naugles that she thoroughly enjoys her work in Washington as part of the official staff under Secretary Dean Rusk.

The other night I was wondering why a certain elderly lady had dyed her hair, and my wife says this is one thing I should never, never mention — especially in this column — but I cannot see why. Men, it seems to me, are a lot more substantial; they have only three hair styles; parted, unperted and departed!

Young Farmers Field Day Held At Texas Tech

The Hereford Young Farmers attended the second annual field day at Texas Tech on Saturday March 24. General sessions of the field day were held in the Agriculture Building Auditorium, with D. V. Phipps of the Welch Chapter as general chairman.

Three group tours were conducted beginning at 10 a.m. One of the tours was through the new Lubbock Experiment Station where the use of soil analysis equipment and procedure was explained.

A tour was also made of the Sherman Nelson farm near Lubbock. It was pointed out during the tour that all grain grown at the farm is fed to swine.

The third tour was on beef cattle feeding and artificial marbling and was conducted by Dr. Ralph Durham and Dale Zinn of the Animal Husbandry Department. The new Animal Meat Laboratory was also toured.

Following a barbeque at noon, another general session was held with Eddie Fortenberry, Lockney, state vice president, acting as general chairman.

A film was shown on planning and using a farm shop by Lewis Edgenburger, professor of agricultural education. T. J. Richards, Paducah, a director of the Southwest Animal Health Research Foundation, also explained the proposed screw worm eradication program.

The field day closed with group tours to the Lubbock Experiment Station, the Soil Testing Laboratory, the Fiber Texting and Spinning Laboratory, and on beef cattle feeding and artificial marbling.

Those attending from the Hereford chapter were Joe Henry, president, John Smith, Charles Frye, Ted Hardwick, James Dobbs, Wyatt Harman, Kenneth Dehart, Howard Hunter, John Hammit, Don Jackson, Earl Raye, George Zetzche and David Brumley.

well are felling tip-top these days. As Lions Club president and secretary, they will travel to Nice, France, to attend the International Convention. This is quite a hop for a couple of country boys, but neither is willing to give up his place — and both have had several opportunities.

What's the matter with Westway? I haven't heard much about the community lately, nor have I even seen Clarence Morrison or Merlin Kaul. Usually these old boys are around occasionally to keep me on the ball and, because it is safe to presume they are not working, I am afraid they might get into trouble.

They say that a small town

is a place where a man with a black eye doesn't have to explain. Folks already know.

Tomorrow looks like another big Dollar Day. At least, the merchants seem to be going all out on this one due, in part, to pre-Easter and Spring promotions. This issue of The Brand includes values in pretty well every line you can name. One merchant was telling me that folks are no longer interested in specials, but if you take a good look at the number of cars in town tomorrow, and compare them with any other Monday in the week, his theory is hard to buy. Quality merchandise at low prices is the one sure way to attract a crowd — and that is the basis on which Hereford merchants

The Sunday Brand, Hereford, Texas, Sunday, April 1, 1962

built the monthly Dollar Day event.

I can't figure how Tom Robinson and Charley Bell remain so lank and skinny. I see these guys fairly often — and they are always eating, or getting ready to eat, but they never seem to gain an ounce. One thing for sure, it isn't a result of overwork.

Next Tuesday is City Election day, and we have three candidates for two posts. Bill Howard is unopposed for one place, while Dale Tinnin is running

against Dr. R. R. Wills, incumbent, for the other post. I figure all three will be pretty careful spenders. At least, that is how they handle their own dough. I've been trying to talk all three of them out of a cup of coffee — and haven't scratched on a single one yet.

Waitress: "You must like coffee, sir, this is your fifth cup."

Customer: "I sure do, or I wouldn't drink so much water to get so little coffee."

Lowell Sharp presided over the monthly meeting of the Deaf Smith County Council on Alcoholism, Wednesday at 7 a.m. at the Western Wheel Inn.

Herb Boardman reported on his committee's progress toward arrangements for the forthcoming Fifth Annual Institute on Alcohol Studies in Austin on July 8-12. The committee decided that the best way to obtain funds to send local residents to the Institute would be by requesting assistance or let-

The organizations mentioned will be contacted at a future date. In 1960 Hereford had the largest delegation attending the Institute.

A suggestion was made that the council appreciation luncheon be scheduled for May 14. The next meeting date has been changed to April 30.

Mrs. Draper announced a special gift wrapping program soon. She issued an invitation to all clubs and members to attend the laundry aids and consumer clothing programs to be held soon in Canyon.

During his discussion he said, "Probably the reason there are more alcoholics percentage wise that works on farms, as compared to most industries, is because it is one occupation that does not have the contact with the public as others do."

"There are a billion dollars worth of time lost a year because of alcoholics on the job," he said.

Frye stated, "Several major companies now have help for their alcoholic employees. Allis-Chalmers and General Electric are two of the many companies using this method."

Les Meres Members Hear Candidate Frank Ford Jr.

Les Meres Study Club met Mar. 22 in the home of Mrs. Nelson Rieger with J. Frank Ford Jr., candidate for State Representative, presenting the program.

In his opening statement Ford said, "Texas must have a two-party system if we are to have much influence on either party, nationally. Increased centralization of power in Washington can occur only when we default our individual responsibilities and fail to demand by our vote that our city, county and state governments be left enough revenue sources to meet their obligations."

"If elected," he continued, "I plan to sponsor a bill to simplify the ballot in the general elections. In 1960, more than 10 per cent of the people in the area had their ballots thrown out because of the requirement to strike out all names except one for each office. The names should be grouped, by office, with party affiliation listed after each name, and the voter then need only check the candidate he is for."

Ford concluded by saying, "The large issue confronting us, however, is whether we are going to continue to drift into a situation where our children will not have a chance to live as free men and women. We received a great heritage from those before us who sacrificed to achieve it. We owe a responsibility to this heritage."

After a short business meeting, refreshments were served to the guests and members: J. Frank Ford Jr., Mesdames Fred Chaney, Thomas E. Brisendine

EDMUND, Okla. (AP) — A historical marker will be dedicated June 8 on the spot where the first Methodist circuit rider conducted a Protestant church service in Oklahoma. As determined by the Rev. O. There's Nothing Parsimonious About Spending Ability Of This Generation

Towns are a lot like nations. They go through cycles and, usually, each new generation of business men and community leaders do a lot of complaining about the past generation, which is assumed to be "Old Fogey" and conservative.

Time was when these youngsters were always talking about the towns needing some funerals, about community needs; about bond issues always being blocked by successful citizens who "had it made" and wanted to coast. Not so in Hereford or, for that matter, in the United States. The younger people, in fact, have defeated several bond issues here in past years, while the larger property owners have marched to the polls and voted "for."

And on a national scale, the present generation of 50-year-olds and up have been anything but conservative. If the coming generation could possibly pay off the debts which they will face, they can indeed consider themselves fortunate. What's more, indications are that things will get worse instead of better, before any new generation can take over the reins.

In the past 25 years, our city, school and county government has shifted from a near-cash basis to one of heavy indebtedness. We do not say it is too much and, in view of the national policy, it was inevitable. Bonds in all of these sub-divisions are sought by brokers, which indicates that all three governmental agencies are well in line — but we still maintain a sizeable debt which future generations will retire.

One thing is for sure, the present generation can never be accused of being ultra conservative or parsimonious when it comes to dishing out government money.

When you pause to recall that America's free spending generation lived through and emerged from the Depression days of 1930-32, this may seem odd. The new generation, sons and daughters of these same people, were reared in the fabulous 40's and 50's, which were undoubtedly the most lush in our nation's history and, in turn, give every indication of turning toward more conservative handling of public money.

Some people attribute the situation to human nature, and will tell you that people yearn for those things they never had. There is also the possibility that it may have dawned on these youngsters that they are the ones who will pick up the tab — and pay the bills. Either factor might easily produce the same results.

Retirement Plan For Fireman Will Soon Be Major Problem Over Texas

(The following editorial appeared in the Gilmer newspaper, and is reprinted because it discusses a problem which will soon face every community in Texas. Several points in the items are parallel to our own community, including lack of adequate funds for a large program, and we thought that some of the questions were pertinent to Hereford. We would also like to have a comparison of costs (and efficiency) between a volunteer department and a paid department, if it were operated on a basis parallel with our police force. — Ed.)

A request from the Gilmer volunteer firemen's relief and retirement board for more income into the present firemen's pension

fund brings up many issues which the City Council, representing the people, should study.

Admittedly the present pension, \$25 a month for firemen with 20 years faithful service and over age 55, can be considered only a "token."

Anyone can see that the present fund income is already inadequate to even support benefits for the two retired firemen now receiving it. These two are drawing \$600 a year, but the fund gets only \$150 a year from the City and about \$240 from a state fund, which is not reliable and may not continue. The present difference is being made up from a reserve the fire department's relief board had from years when there were no benefits paid out of the fund.

First issue which comes to mind is: should a pension be offered at all? And if it is, should it remain a "token" one or should it be realistic? If it is a realistic one, that is on the order of \$100 a month, how can it be financed? Should the present conditions of eligibility be revised?

And again, what about the regular city employees, including police department members? Should the city offer a pension to firemen for part-time service, what relation should it have to the Social Security now paid on city employees?

There is a legal question involved in assessing the suggested 50 cents per water meter to support a firemen's pension fund. Perhaps this cannot be done, legally; perhaps it can.

And if it can be done, is 50 cents too much? Will it, after a number of years build up too big (or too small) a pension reserve? Perhaps the general tax income of the city ought to meet the pension fund requirements from year to year, as needed.

And if a realistic pension fund is established, what will be the provisions for making benefit changes in the future? Should these changes be made by the City Council, through a popular vote, or exactly how? These should be spelled out in a written contract between the City and the Firemen's relief and retirement board.

The City Council is wise in wanting more study and discussion in this important matter, not only for the sake of our faithful volunteer firemen but for the city as a whole.

—Gilmer Mirror.

Where Do We Go From Here?

A rest home for older people, is currently underway in Hereford, and it is a project in which the entire community takes pride. Like similar homes in other communities, this rest home will do much to help an ever-growing problem.

For the most part, however, the old folks problem will still be with us, and will continue to remain until such a time as we have vast facilities to accommodate several hundred people at a price which can be met from Social Security income on a retired basis. Because it is next to impossible to live on a Social Security check where a man already owns his home, it is only natural to believe that the problem still remains.

Meanwhile, the life expectancy of average Americans is expanding as the years pass. People are living longer and longer, which is wonderful from every standpoint except financial. The era of Americans who saved for the old age no longer exists; jobs are hard to come by for the elderly, and the children are often in no position to offer assistance.

National in scope, this particular problem seems far more important today than federal aid to education, socialized medicine and foreign aid. A federal-state-county program may well be the answer; to say the least, it is not likely to be solved on a contribution or local level, due to the tremendous effort involved.

THE EASTER STORY—I

Jesus' agony in the garden of Gethsemane provided a revealing contrast between divine strength and human weakness. "Not my will, but thine be done," he prayed. As for his followers, St. Matthew concludes his story of Jesus' betrayal with this comment: "Then the disciples all deserted him and ran away."

Patriot's Day Is Slated For April 19 Salute

BY MRS. R. L. CRISWELL

The American Legion is to be commended for calling on our whole nation, these United States of America, to celebrate Patriot's Day on April 19. This day is the anniversary of Paul Revere's ride to warn the countryside that the British were coming, the event that Longfellow has immortalized in his poem of that name.

American Legion Commander Charles L. Bacon has appointed Adm. Arleigh M. Burke, USN (Ret.) as chairman of the National "Bells-Across-The-Nation" Committee. "I am proud to accept this honor," said Admiral Burke, "I hope that all other religious civic and service groups will join the American

Legion and the American Legion Auxiliary to ring the bells on Patriot's Day, Thursday April 19, which will be a sound of freedom heard throughout the world."

National president of the American Legion Auxiliary, Mrs. J. Howard McKay, has pledged the Auxiliary's full support in plans to ask the mayor of each city, town and village to proclaim the ringing of the bells in a demonstration of positive Americanism on Patriot's Day.

The Legion has asked that every school bell, carillon, and chime throughout our nation ring for a period of four minutes, beginning at 1 p.m. EST on Thursday, April 19. This will be noon in Texas and a very good

time to remind everyone that we live in the greatest country in the world, that our forefathers had the foresight and the courage to fight for what they believed in, and because of their bravery, their patriotism, their willingness to sacrifice everything to that end, even if the odds were greatly against them, we have the opportunity of living in a country of freedom and plenty, a place where we can stop to visit with one another without a policeman walking between and having the authority to question two people separately, to see if their stories are the same, and if not, a jail sentence or other punishment would be meted out to them.

As the "Bells of Liberty" ring out, let every listener pause and renew their Pledge of Allegiance to the Flag of the United States of America. Let every teacher lead his class in this pledge and why not read the poem "Paul Revere's Ride" aloud to the class? Oh yes, I know it would take a bit of time, but the reading of that patriotic poem would impress the children perhaps as nothing else would. Much more, I hope, than one paragraph in one of our school books that tells of the 180 Texans that fought at the battle of the Alamo "Until they died of exhaustion." What a blot on a page to the read to our children of tomorrow!

Mrs. McKay said also, "As members of America's largest organization of patriotic women, we have an important role to play in this dramatization of our dedication to positive Americanism. As Patriot's Day commemorates the famous ride of Paul Revere to sound an alert through every Middlesex village and farm it is an appropriate occasion to remind us of what we are fighting for in this cold war against communism."

The Auxiliary is asking each family to display the American Flag on each holiday as it comes and explain to the children of the family why the flag is displayed and that our nation has grown to what it is today because of the freedom to worship and work for what each person wanted in life, and not for some plan devised by some person having a desire to hold the people in subjection.

Our children are what we teach them to be and if we do not teach them love of country, they may have reason to despise the memory of their childhood teachers as well as parents.

April 19 is less than three short weeks away.

Plan to observe Patriot's Day as it has never been observed before with a grand ringing of bells and pledging again of our allegiance to our country and a

RESIDENTS EXPRESS APPROVAL

Unanimous approval of a proposed watershed project for Running Water Draw was expressed by the 75 area farmers, businessmen and visitors at a county meeting on the subject Tuesday night in the Hub Community Center. A. L. Black, program moderator, called for a show of hands of all those persons for or against the proposal following the presentation of a film, slides and discussion on the project. No dissenting votes were cast. F. F. Calhoun, chairman of supervisors of Hale County Soil Conservation District, led the discussion. He told of a plan whereby the federal government will construct "10 or 12 dams" on Running Water Draw to be used basically for flood control. The dams may also be used for recreational and irrigation purposes, Calhoun pointed out. Cost estimate is approximately \$250,000 per dam.

COMMISSIONERS APPROVE PAVING PROGRAM

An ordinance establishing an assessment paving program in Canyon has been approved by the City Commission. That action followed a public hearing in the City Hall Monday night when some 30 affected property owners expressed their views on the \$95,582.27 project. The Commission still has the right to delete sections from the program. That would be done by adopting amendments to the all-inclusive ordinance.

HOSPITAL BOND ELECTION SET

The election to vote on \$275,000 in Hardeman County Hospital Bonds for the improvement and enlargement of Memorial Hospital has been called for Saturday, April 7. The action was taken by the commissioners court in regular session last Thursday afternoon. The court acted on a petition signed by more than ten percent of the qualified voters in Hardeman County who have real or personal property rendered on the tax rolls.

FARMERS WARNED OF LABOR BILL

Olton area farmers were warned Monday night of a proposed farm labor recruitment act described by some labor users as one which would "reduce the agricultural industry to a state of socialism." About 40 farmers were on hand at the school cafeteria for a meeting sponsored by the Chamber of Commerce and Agriculture. They sat grim-faced through a reading of the bill by Chamber Manager Dick Whiteley, then made plans to "spread the word" and voice their opposition to the bill, S. B. 1129. The group urged farmers to study the bill, then fire off letters and telegrams immediately to Sens. John Tower and Ralph Yarborough and Cong. George Mahon. "It wouldn't hurt to wire other senators and representatives, the President and vice president," said Whiteley. "We need a concentrated effort because this thing can kill agriculture if it isn't stopped."

HOSPITAL BOARD ROSE ENDED

Standing room was at a premium in Moore County Courtroom Thursday afternoon when a decision on the legality of making Hospital Board appointments was ruled on by County Judge Archie McDonald. The controversial opinion arose after a commissioner appeared before the County Judge and asked for the appointment of a man to the board when the Commissioner's Court was not in session. Judge McDonald called a special meeting of the commissioners for Thursday afternoon in order to render his decision. During the assembly of the Commissioner's Court, he ruled that the appointment of a man to the board when the court was not in session was not valid. Following the discussion, a motion was introduced rescinding the "gentlemen's agreement" of the previous regular session, and added a motion "that each commissioner appoint one member of the Hospital Board and that two be appointed at large."

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm discusses foreign aid this week, without coming to any positive conclusions.

Dear editor:

Lots of candidates throughout the country, I've noticed, whether they're running for justice of the peace or Congress or what not, when they can't find anything else to run against, sometimes run against Foreign Aid.

Why give all this money away to foreign countries, they demand, pointing out the regardless of the billions of dollars we've spent the world is in possibly worse shape than it was before we started.

I don't know anything about Foreign Aid, except that any new President that gets elected, whether he's a Democrat replacing a Republican or a Republican replacing a Democrat, and after he's been there long enough to get familiar with his job and the shape of the world, comes out for the necessity of Foreign Aid, and I'm not one to question a President on the stake the U. S. has in the welfare of the rest of the world. I believe in the division of powers. He runs Washington and I run this farm, and we both have our hands full.

But what brought this to mind was a statement I read last night by a college professor who's an expert on foreign affairs. He said that it has been proven impossible to buy friendship and the United States ought to stop trying it.

Now a statement like that ought to be proved. How does this college professor know friendship can't be bought? I'm not saying it can, but the question ought to be put to a test, a scientific test, this is 1962, not 1900.

Consequently, I am offering my services. If Washington will start sending me \$250 a month, I will allow a group of scientists to come out to this bindweed farm once a month, wire me up with all those scientific gadgets they use on astronauts, and test my friendship reactions to that \$250. They can even televise my pulse rate, the warmth of my heart beat, the glow on my face and the increase in my appetite when I cash that check, if they want to.

Now this thing shouldn't be any snap test. To be completely scientific in really finding out if my friendship can be bought, a big stack of data ought to be built up, over several years, I'd say eight or ten at the least, through more than one administration. How did my reactions in January compare with January a year ago two years ago, five years ago . . . things like that.

I don't know whether friendship can be bought or not, but I'm willing to sacrifice myself to this test to find out. I'd like to start not later than April 1, if possible.

Yours faithfully,
J. A.

Moisture Appreciated By Dirt-Worn Farmers

BY MRS. HAROLD RUDD
Last Saturday morning people awoke to find the ground covered with snow. Rain began to fall and the wind began getting stronger and stronger as the morning progressed. The moisture was greatly appreciated even though it came with such wild weather. The moisture ranged from three-quarters of an inch to nearly an inch and one-half. This was quite a contrast to the dirt storm which we had Friday afternoon.

pledge to teach patriotism as we have never taught it before, from the cradle to school and from the beginner to the graduate, and on through college. As Wes Izzard has written in his column, "Why, oh why, can't we take the initiative in this war of words, just once?"

Members of our local auxiliary have sent out more than 200 letters asking clubs, and gatherings of any kind or just you and I to pause for a few moments at 9 a.m. for a prayer for world peace. This is a copy of the letter sent out:

"For God and Country, we associate ourselves together, 'Thus begins the constitution of the American Legion. In cooperation with the wishes of the President of the United States that people join together in prayer for world peace, the members of the American Legion Auxiliary of Hereford have begun a prayer program. We invite you as club members and interested citizens to join with us in this united effort. To borrow a line from a well known song: 'Let there be peace, Oh Lord, and let it begin with me.' Our members have agreed to pause at nine o'clock each morning for a few moments of prayer for world peace. 'Won't you join us wherever you may be? We feel that you, as well as our country will benefit from our prayers.'"

Why not? The Bible says that "where there are two or more together in My Name there I be in the midst of them..." and all things whatsoever ye shall ask in prayer, believing, ye shall receive."

'Art Of Thinking' Is Topic For Kappa Iota Discussion

Highlight of the Tuesday, Mar. 20, meeting of Kappa Iota Chapter of Beta Sigma Phi sorority was the election of officers for the coming year. They are Mrs. Howard Gore, president; Mrs. Delmo Williams, vice president; Mrs. Doc Carter, recording secretary; Mrs. Gene Cope, treasurer; Mrs. Howard Walker, corresponding secretary; Mrs.

Bruce Fink, extension officer; Mrs. Glenn Wilson, civil defense; Mesdames John Schneider and Larry Summers, city council delegates; and Mrs. Don Baugous, alternate city council delegate.

A letter from Beta Sigma Phi International office was read, thanking the members for their generous contributions to the Endowment and Loan Funds.

Program for the meeting was

given by Mrs. C. C. Williams, who spoke on the "Art Of Thinking." She quoted, "As a man thinketh in his heart, so is he." "Science has ventured a notion that we should have a period of inactivity as well as activity in serious thinking. Patients who are being treated for mental disturbances respond more readily to treatment if they are first taught to practice 'not to think.'" In closing Mrs. Williams quoted a bit of prose,

"God grant me the serenity to accept the things that I cannot change; the courage to change the things I can and the wisdom to know the difference."

Hostesses were Mrs. Bruce Fink and Mrs. Gene Cope. Those present for the meeting and social hour were Mesdames Delbert Bainum, Frank Barrett, Don Baugous, Doc Carter, Gardner Collins, Gene Cope, Bruce Fink, Howard Gore, Nolan Grady, Ansel McDowell, Bob Schneider, Larry Summers, Robert Tyler, Howard Walker, Delmo Williams, C. C. Williams and Glenn Wilson.

Band Competes Despite Cold And Blizzard

By Ann Mercer

Sixty-five band members out of 90 attended band solo contests in Amarillo Saturday, Mar. 24. It seems that Stanton Junior High Band encounters bad weather when it plans to go to contest. Last November the trip to Seagraves was cancelled because of a blizzard, but in spite of snow, rain, and high winds, the trip was made to Amarillo Saturday.

Two bus loads of students departed from Stanton about 11:30 Saturday morning. They arrived in Amarillo about 1 p.m. and the brass choir was the first to perform. After that at certain hours solos, quartets, and sextets performed.

Medals were given to 23 students who made I's. Certificates were given to 32 students who made II's. There were nine who made III's and one who made a IV. The students left Amarillo College about 7:15 p.m. Even though the weather was unpleasant, everyone agrees that they had a marvelous time.

Ideal Girl

By Gary Payne And Mike Paschel

We think that, first of all, our Ideal Girl would have to have the personality of Jo Ann Ferguson. She should have the hair of Sidney Bayne, along with the eyes of Karen Blackwell. She should be as well-dressed as Marsha Robinson and as cute as Sandra Thomas.

Her smile should sparkle like that of Betha Kelly and her figure should be like Carol Skypala's. She should be outfitted with lips like Gayle Newell's and be as flirty as Mandi Moore. She would be as much fun as Ann Mercer and have the beauty of Cynthia Leasure.

In short, she would be an all-around good girl like Carol Skypala.

Ideal Boy

By Carol Skypala And Ann Mercer

If we could pick our ideal boy, he would have the hair of Robby Lemons, the eyes of Lewis Barnett and the nose of John Kriegshauser. He would have the mouth of John Lesly and the complexion of Mike Paschel. He would have the walk of Gary Payne and the personality of Brad Johnson. He would have the hands of Greg Johnson and the feet of Gene Drummond.

He would have the teeth of Wynn Buck. He would be as cute as Larry Hascal and as handsome as Gary Stagner. He would have the friendliness of Dan Thomas. He would have the physique of Greg Richards and be as athletic as Steve Hodges. He would have the brains of Jimmy Allison.

DOGIES OF THE MONTH were chosen by Stanton coaches for their athletic abilities, as well as their desire and cooperation. From left are Jerry Don McCaslin, Donnie Cornelius and Sammy Curtsinger. (Staff Photo)

Introduce More Teachers

Miss Flo Dickinson has been teaching 26 years, 11 of which have been spent in Hereford. She has her Bachelor's and Master's degrees and has attended West Texas State College, University of Colorado, and Denver University. Her hobbies are reading and working in the yard. She can teach English, geography and history. Her father was mainly responsible for her becoming a teacher through his encouragement and insistence on obtaining a good education. Her opinion of our student body is that it is very good.

Mr. Don T. Martin has been teaching 22 years, 12 of which have been in Hereford. He has his B. S. and M. E. degrees. He attended East Texas State College, Texas University, and West Texas State. He can teach any math course or P. E. He says his life's ambition was always to be a teacher. He, too, says that Stanton has a very good student body.

Mrs. Minibel Johnson Collier is freshman world geography and world history teacher. She was born in Estelline, Tex. She attended elementary and high school at Idalou, Tex. Mrs. Collier received her B. A. degree from Texas Tech and her Master's degree from West Texas State. She also did special work in social studies at North Texas State and the University of Texas. Mrs. Collier has taught 16 years in Hereford schools. Other than in Hereford she has taught in Midland, Lubbock, and Spur. Her hobbies are reading, gardening, and horses.

Mr. Frank Jones, freshman English teacher, was born in Oklahoma. He grew up in Oklahoma. He lived for six years on a farm. He attended four years of college at West Texas in Canyon. Mr. Jones enjoys doing shop work and has a tennis team going in junior high school. His opinion of the school is that it is a very good place.

has good facilities, and plenty of children.

Student That Was Followed Had Problems

I followed a person for one school day on Monday, March 26. During first period world geography, it appeared that this person tried to get Mrs. Collier confused when she was on one subject and Mrs. Collier was on another. During second period English, nothing unusual happened. During third period speech class it seemed that this person didn't hear Mrs. Gripp when she said that students were to make their own original poems on "What Spring Means to Me." During fourth period homemaking, I believe this person was trying to have the repair man in Mrs. Sullivan's class fix the sewing machine. It seems that she didn't know how to put the pressure foot down easy or how to put up the machine without slamming the lid down. During fifth period nothing unusual happened.

It was a typical day.

By Ann Atchley

The annual all-school play at Stanton Junior High School is "We Shook the Family Tree" by Hildegarde Dolson. It is a three-act comedy to be presented April 5 and 6 at 8 p.m. in the junior high school auditorium.

It is the story of Hildegarde Dolson, a slim girl of 16 with a knack for dramatizing. Hildegarde is portrayed by Linda Loerwald, and her vivid imagination often got her into trouble.

Sally, Hildegarde's younger sister, considers her to be the ideal girl and in a sense idolizes her. Sally, very loyal to Hildegarde, is played by Linda Price. Bob, a brother only a few years younger but considers himself quite grown

up, is played by Paul Christman. It seems his pastime is teasing Hildegarde although it's in the spirit of good-natured fun. Jimmy is in his early teens, a gadget inventor, and is played quite successfully by Bob Reinauer. Jimmy and Bob tag along together most of the time and are often the cause of much mischief.

Ellie May, played by Gayle Newell, is a very attractive girl of Bob's age who tries to act and look more sophisticated than she really is. Jill, slightly younger than Ellie May and her faithful satellite, is played by Carolyn Boynton. Chester West plays Paige Mason, a youngster of six who enjoys playing mailman, even backwards. Freddie Shermer, played by Joe Harold Childers, is Hildegarde's age and a very nice boy except his mother makes him wear knickers.

The more grown-up part of the cast consists of Mother, a

woman in her forties — firm but understanding — played by Linda London; Father, about the same age as Mother, but lacking her patience, played by David Grubbs; Mr. Shermer, a stiff, pompous, little man in his late forties is played by Bruce Miller; and Mrs. Shermer, played by Patricia Price, is a fussy woman in her forties who is inclined to baby herself as well as Freddie.

Mrs. Fred Mercer, librarian, and Mrs. Spicer Gripp, speech and social studies teacher, are directors of the play. It is under their supervision, patience, and fortitude that such a play is possible at Stanton Junior High.

The students in the play and those also behind the stage are working diligently to make the second all-school play better than the first. Stage crew members are Doris Parsons, Ann Atchley, Gail Witherspoon, Nancy Gripp,

Gwen Balmum and Lynn Brindine.

Play practice, held every day after school hours, has proven to be almost as funny as the play, especially when Linda London, dressed in pedal pushers and a sweat shirt, is told, "You look fine in that dress."

Tickets will be on sale the week of the play. Proceeds will be used for improvements for the auditorium.

The entertainment between acts will be arranged by Mr. Wesley Hopp. The boys' quartet and sextette will sing.

RELATIVE DIES

Mrs. Nath Cawthon of Westport, Tenn., aunt of Cawthon Bryant of Hereford, died suddenly in her home last week. The funeral services were held Saturday, Mar. 24, in Westport at 2 p.m. The Bryants visited with Mrs. Cawthon last summer while they were on vacation.

4-H Club Girls Studying Color

Deborah Thomas, vice president, was the presiding officer for the regular meeting of the Sadie Lee Oliver 4-H Club on Mar. 23 at the Westway community house.

Miss Loretta Fowler presented the program on "Color." She illustrated the use of color in clothing. A round table discussion by the girls was held concerning their attitude toward people who are wearing different colors.

Mrs. Harold Rudd, the leader, announced the crafts program to be held on April 6, the next scheduled meeting date. She also suggested a project for making gifts for Mother's Day.

Present were Judith Morrison, Deborah Thomas, Rebecca Jesko, Deborah Jesko, Karen Jesko, Teresa Rudd, Lynn Rudd, Janie Green, Mrs. Harold Rudd, Miss Loretta Fowler, Diana Fangman, Patsy Rudd, Linda Ritter and Cheryl Rudd.

FFA Teams In Invitation Meet

Hereford High School's Future Farmers of America chapter sent two teams to an invitational contest at Abilene Christian College Monday.

The grass judging team placed ninth in its contest. Members of the team include James Corbett, David Reinart, Gary Royal and Joel Lytal.

Also competing was the livestock judging team, which is comprised of Joe Shultz, Edward Allison and Darrell Harder.

The two teams left Sunday afternoon and competed Monday. There were 57 teams entered in the contests.

Wyatte Harman, FFA advisor, accompanied the teams to Abilene.

Reading Accelerators Aid Instructional Class Work

The reading department recently received six reading accelerators. These accelerators are to be used with all students. For the strong reader it is designed to increase the student's speed and comprehension. For the slow reader the accelerator is designed to keep the student from regressing and to improve his comprehension.

Full benefit will not be gained this year since they arrived so late. Each student should have at least 20 hours of practice before improved habits can be transferred to other material.

The reading accelerator is a reading device, an instrument with a moving shutter

that travels at constant speed down a page of reading material. This shutter can be adjusted for different speeds within a wide range of words per minute. It moves smoothly, covering a line at a time and challenging the reader to keep ahead as his eye movements progress across and down the page.

The result of this training is only part of the benefit, because speed alone has little value. The main concern is to comprehend what you read.

When properly used, the reading accelerator can do much toward the development and improvement of reading habits. It can train effective eye move-

ments and encourage increased eye span. It can stimulate interest and improve concentration. It can break the habits of word-by-word reading, vocalizing, and eye-movement regression.

The accelerator can help overcome certain bad habits by training a person to read in thought units and by motivating concentration. When the reader sets the accelerator at a rate slightly faster than his normal reading rate, the moving shutter trains him to read with fewer fixations per line; his eyes take in groups of words at a glance, rather than single words or syllables.

AMONG THE FACULTY are these three, who have compiled many years of teaching experience. From left are Don T. Martin, who teaches math or physical education; Mrs. Minibel Collier, who teaches world geography and world history; and Frank Jones, who teaches freshman English. (Staff Photo)

DESIGNED FOR USE by all students, Stanton Junior High recently received a number of reading accelerators. The machines not only increase reading speed, but develop better reading habits for more comprehension.

Shown using the machines are Michael Solomon, Jimmy Huckert, Albert Tanner, Norman Edwards, Johnny Gilbert and Dorothy Walser. (Staff Photo)

At right, highly amused, is Henry Sears, fund director for the Hereford portion of the building costs. At right rear are Mr. and Mrs. A. Petersen. Mrs. Petersen was one of the key members of the Hereford B&PW Club that first proposed such a home here more than two years ago. (Staff Photo)

Suzy Woodford Is Delegate To International Youth Seminar

Miss Suzy Woodford, 17, daughter of Mr. and Mrs. Louis Woodford of 216 Star, left Hereford Friday, Mar. 30, on the first lap of her trip to New York City as a delegate to the International Youth Seminar, sponsored by the World Council of Churches. She was awarded the trip after writing a 2,000-word theme on International World Affairs, using Unicef as her subject.

She traveled by plane to Dallas where she was joined by two girls from San Angelo, Tex.; the three girls making up the Texas delegation. They traveled by jet to New York City, joining 55 youth and 10 adults, seminar delegates from the United States. The Woodstock Hotel was headquarters for the delegations.

The Youth Seminar convened to discuss world affairs and youth relationship to these affairs in an effort to secure world peace. While in New York City, the youths visited sessions of the United Nations and also visited the homes of United Nations personnel.

The group will travel by chartered bus on April 5 to Washington, D. C., where they will visit Capitol Hill and opening sessions of both the Senate and the House of Representatives and will attend congressional committee meetings. There will be free time for the youths to visit with congressmen from their own states and districts. A trip will be made to the De-

partment of State for briefings. Miss Woodford will remain in Washington for a special tour, including the White House, Smithsonian Institute, and many other points of interest. She will return to her home on April 8 by jet from Washington.

Miss Woodford has been a resident of Hereford all of her life and is a senior in Hereford High School. She spent last summer as a volunteer worker at Juliette-Fowler Home in Dallas, helping care for orphans and aged people of the Disciples of Christ brotherhood. She is serving as an active member of the World Outreach Committee, the missionary program, of the First Christian Church of Hereford.

In the receiving line were Miss Wiseman, the bride-elect, Mrs. S. T. Wiseman, mother of the honoree, and Mrs. Marvin Finley, sister of the bride-elect. All wore corsages of small white carnations.

Refreshments of punch and

white cake squares, trimmed with mint green flowers, were served from the table that was laid with a white taffeta cloth with an overlay of white ruffled net. The centerpiece was an arrangement of white and mint green mums, the bride's chosen colors, topped with a figurine of cupid in the center of a ruffled net heart. The table appointments were in crystal and silver.

Hostesses for the shower-tea were Mesdames Ora Morgan, Erna Riekman, Lorraine Fite of Wildorado, Juanita Simmons of Springlake, Kathryn Strafuss, Hardy Benson, Quinton Conn, LeRoy Williamson, Royce Lee Ritzell of Amarillo, Bill Gilleland and Clinton Corley.

Installation of officers was held on Saturday evening, Mar. 31, at the Veteran's Rock Club House. A social hour followed.

NAMES AND NUMBERS

NEW HAVEN, Conn. (AP) — "O'Donnells" and "18s" are magic names and numbers in Yale wrestling.

John R. O'Donnell resigned recently as varsity wrestling coach after 18 years at the helm.

He had succeeded his brother Edward, who also held the wrestling reins for 18 years. And before Edward came Izzy Winters, who also coached the Eli grapplers for 18 years.

Members Of Art Guild Study Picture Framing

The Hereford Art Guild met in regular session on Mar. 27 in the Art Room of the Hereford Community Center. Mrs. Jim Higgins, president, presided at the meeting.

After the business meeting, Mrs. Lottie Wertenberger gave a program on picture framing and hanging of pictures. She said, "A picture is an accessory and should be treated as such. If one picture is used on a wall it should be large enough for the wall space. A grouping of small pictures is good. They can

be all one size or different sizes hung in pleasing formations. All pictures must be hung so the center of the picture is in an eye level. Or if the furniture under the picture is low, then the picture could be hung with the center just a little below the eye level. The picture must be flat with the wall."

Mrs. Wertenberger exhibited a number of frames. She continued by saying, "Wood frames are preferred over ornate ones. Frames should go with the furniture. Mats are being used a-

This year, for the first time, the basketball boys had a party to celebrate a very successful year.

The party was held Saturday evening in the ballroom of the Jim Hill Hotel. Those who attended were the basketball boys, their dates, and parents, the coaches and their wives, Mr. and Mrs. L. B. Russell and Mr. and Mrs. Stevens.

The activities consisted of supper, a short talk by Mrs. S. Bartley Dowell, and a dance. Everyone had a very nice time and is looking forward to another successful season!

The junior class of Hereford High sponsored a supper last Saturday night in the high school cafeteria.

The barbecued chicken supper was given to raise money for the Junior-Senior Banquet held annually.

The entertainment was furnished by James Hinkley's seventh period speech class. They presented a play entitled "Sorry, Wrong Number." This was a very suspense filled story about a woman who hears her own murder being planned and can't get any help.

A trio — Bob, Dick, and Charlie — sang several selections. This up and coming youth group is composed of Dick Combs, Ronnie Gray, and Charles Kelly.

They are very good and may offer some competition to the Kingston Trio any day now.

Last week certainly was full of contests. Wesley Hopp, junior high director, took his mixed choir and girls' choir to a contest in Amarillo last Tuesday.

First the group sings before three judges, pieces they have chosen to learn from a list the choir director receives.

They are given a rating of I, II, III, or V according to how well the numbers are performed.

Then the group goes before one judge and is given a piece of music they have never seen before. They must sightread it to the best of their ability and are graded on it, also.

Here they receive I, II, III, or V, depending on how well the number is done.

The eight and ninth grade girls' choir made a I in concert and a II in sightreading.

The mixed choir from junior high made a II in concert and a II in sightreading.

Don Moore, high school choir director also took his mixed choir, girls' choir and boys' choir to Amarillo Wednesday.

Both the mixed choir and the girls' choir were given ratings of I in concert and a II in sightreading.

But the girls' choir were given a I in both concert and sightreading. This rating is considered a sweepstakes and is very good. We are proud of them all!

This was only the second time the girls had worn their new dresses and I must say they certainly did look like spring.

The dresses are either baby blue, pink, orange, yellow, violet, or green. They are sown

dresses with boleros over them.

All the girls have shoes dyed to match their dresses. I think they looked so nice and flirted with the judges until they just had to give them I's.

Some 70 members of the junior high and high school went to solo contest in Amarillo Saturday.

There were students from all over the panhandle area participating in the solo contest.

Nearly every instrument in a band was represented, and everybody did a very fine job on their solos.

There was a somewhat unusual contest last week at the community center. The Kiwanis Club sponsored a ping pong tournament.

The contest was held Monday and Tuesday night with students from both junior high and senior high taking part.

The winners were determined by eliminations. Lynton Alford won first, Dwight McGee, second, and David Sellers, third.

These winners were honored at a noon meeting of the Kiwanis last Thursday and received their awards.

The response was very good to this tournament so another one for next year is being planned. Next year they hope to divide up into boys and girls' according to age groups. Congratulations, boys!

Ann Combs has a sweater that was left from the skiing trip two weeks ago. Anyone who thinks he has lost one is urged to contact her.

Her telephone number is EM 4-1392, and her address is 150 Ranger Drive.

4-H Willing Workers Practice Entries

The Hereford Community Center was the meeting place on Mar. 27 for the Willing Workers 4-H Club members.

Nancy Smith was the presiding officer for the meeting and Mrs. Leona Miller was the program chairman. Ellen McGowan gave a demonstration on "Low Calorie Cheese Cake."

An Electricity demonstration was given by Cynthia and Joette Hanna. Maura McAndrews and Teresa McAndrews gave individual demonstrations on Public Speaking. These demonstrations will be given Saturday, Mar. 31, at the county demonstrations competition.

Members present were Joette Hanna, Cynthia Hanna, Connie McGowan, Nancy Smith, Randy Hopson, Carol Clearman, Maura McAndrews, Teresa McAndrews and Toni Beauchamp.

Mrs. Leona Miller, leader, and Mrs. McGowan and Mrs. Harold Beauchamp, guests, were also present.

Your Red Cross In Action

By Ramona Noel

The month of March was Red Cross Month and our home town chapter concentrated its thoughts toward educational purposes, such as news items, displays and special activities. Since we reached our goal last fall we will have no extra fund drives — which we are very proud to announce.

Special awards were recently made to our United Fund Campaign chairman, Henry Sears, United Fund director, J. W. Robinson, Jr. and vice-chairman, Mark Woodall.

Since our chapter is a part of the United Fund, it makes us happy to have these men receive recognition by our national organization through the fine work they accomplished in reaching the goal.

Our health and safety programs at Stanton Junior High have had their second session in First Aid with 80 boys in Physical Education to earn cer-

tificates. This makes a total of Cross Month and our home town 290 for this year. One mother remarked that her son has benefited from it because of the corrections she receives from him along that line.

Our Water Safety program have plans already on the move. Hilton "Toots" Gilliam, an instructor of Water Safety and First Aid instructors, recently visited the chapter and talked with the executive secretary, Mrs. Neely, and two other instructors from Hereford. Plans for various programs will be developed later. Mr. Gilliam and Bud Brady (a former Hereford boy) will manage and instruct at the Texas Aquatic School being held June 3-13 at Athens, Texas. Instructors are urged to attend this school.

Summer is just around the corner and our swimming program should be even bigger and better this year.

Veleda Study Club Begins A Three-Series Program

Veleda Study Club members met at 8 p.m., Mar. 27, Tuesday evening in the flame room of Pioneer Natural Gas Company, for the regular meeting. Mrs. Jess Robinson served as hostess. Members answered roll call with "How I Would Like To Improve My Life And My Goals In Life."

The program was the first in a series of three on the book, *Stay Alive All Your Life* by Dr. Norman Vincent Peale. The first series of the program was given by Mrs. Bill Bradley and Mrs. Robert Strain. Mrs. Bradley began by quoting, "Every individual forms his own estimate of himself and that basic estimate goes far toward determining what you become." She continued, "You can do no more than you believe you can. You can be no more than you believe you are. Belief stimulates power within yourself. Have faith in faith. Don't be afraid to trust faith." In the first chapter of the book, Dr. Peale has related personal experiences that prove his stated points. "Any human being can do more with his life than he is presently doing and here are ways to do it: 1. you have to want to improve your life; 2. surrender yourself to God and live by his will; 3. pray without ceasing and hold positive pictures of what you want to achieve."

"Enthusiasm for life and for job and other things that have to be done is most important. You must cast out pessimism and gloominess; cultivate optimism and enthusiasm. If this is done, you will be amazed at the results obtained." Another chapter tells how to conquer your frustration and how to be creative in anything you do. "How to kill worry and live longer" was the title of another chapter, stating that "The basic secret of overcoming worries is the substitution of faith for fear as your dominant mental attitude. Two great forces in this world are more powerful than all others—one is fear and the other is faith and faith is stronger than fear. You can have power over difficulties by living one day at a time—the past is over and the future is yet to come."

"You have to think big, believe big, pray big and act big. Expanding your interests outside yourself is a great need. The more vital your interest are in others and in the world, the more certainly you can live triumphantly over your own difficulties." The chapter on "mothers" says, "Stop being tired and live energetically by keeping attached to God, the source of all energy; keeping your thinking alert; resist aging by retaining the youthfulness of spirit; and training the mind to block out worries and frustration."

Members present for the meeting were Mesdames Don Baugous, Bill Bradley, Gid Brown, Wendell Burdine, Hugh Clearman, Charles Hoover, Robert Strain, Kenneth Malone, Gerald McCaskill, Gwynne Owen, Jess Robinson, Gene Matthews, John Seiver and Dale Barkley.

Trip To Canyon Made By Beta Sigma Phi's
Members of Xi Epsilon Alpha Exemplar Chapter of Beta Sigma Phi met on Tuesday, Mar. 20, and went to Canyon to attend a style show. The show was sponsored by the Canyon Junior Women's Book Club in the Canyon High School Auditorium.

Following the style show the members met in the home of Mrs. Jaunita Robbins, mother of Mrs. Robert Brotherton. A short discussion was held concerning the Hereford style show, being sponsored by the Beta Sigma Phi members of Hereford on April 6 in the Hereford High School Auditorium.

Mrs. Robert Brotherton and Mrs. Jaunita Robbins, the hostesses, served refreshments to Mesdames Betty Walker, Charles Laing, Ronald Babione, Ernest Wade, Norman Moore and Aubyn Hodges.

The Chicago Cubs have never played a night baseball game in their home Wrigley Field.

SOME 150 POTATO GROWERS and packers attended a special meeting held Wednesday night in the Community Center to hear discussion of proposed national potato marketing order which would voluntarily restrict production. Growers from as far away as the Rio Grande Valley were on hand to hear the plans for the program. (Staff Photo)
