FIRES IN THE BURR BURNERS at local gins remain burning around the clock as ginners attempt to keep up with the cotton harvesting in the county. A yield of better than one bale per acre has been reported by

the average producer in the county, with a total of between 12,500 and 13,500 bales predicted. Harvest is better than 80 per cent finished at present, as gins fall behind.

Burglars Hit Two City Firms Taking \$115 In Cash, Radio

Delayed Fall Harvest Near End For Nearly All Crops

As the year draws to a close, Deaf Smith County farmers are pushing ahead with their later-than-usual harvest.

Yields of the 1961 grain sorghum were estimated at 1000 pounds per acre for dryland and 5000 pounds per acre on irrigated land by Lefty Thomas, county agent.

Thomas in making the estimates of milo production pointed out that they were conservative.

This year an estimated total 35,000 acres of dryland and 135,000 acres of irrigated land were planted in grain sorghum, he continued.

The harvest is described as "Coming along real nice."

Quality of the cotton this year is said to be somewhat below normal. Yields, however, are averaging a bale or more to the acre.

attributed to a cool fall and the wet, hard freezes which occurred from early November to mid-December.

Despite the loss of quality due to the bad weather, farmers are said to be making as much on the crop due to higher cotton prices.

The harvesting of sugar beets in the county is also drawing to a close with most of the farmers expected to finish within the next week.

An estimated total of approximately 40,000 tons is expected to be harvested from the 2100 acres of beets planted in the county, according to Odean Nixon of the American Crystal Sugar Co.

The yield is said to be normal for the county, but sugar content is described as being high.

No controls were put on sugar beet acreage in the county this year. A recent announcement by the Department of Agriculture states that no control is proposed for the 1962 crop.

It was, however, pointed out by the department that a practical acreage limit exists due to the available capacity of processing plants.

In issuing the statement, the department listed several reasons for not imposing controls on next year's production.

Beet production is estimated to be about 200,000 tons less than the 2,525,000 tons predicted at the beginning of the harvest, it said.

Another factor, the department said, is the low price of sugar.

Following on the heels of heavy rains, the first snow of the winter began Nov. 3, plunging temperatures to the low 20's and delivering over two inches of snow in most parts of the county.

Snow and sleet forced schools to close Nov. 13 during the second blast of the winter.

Since that time, the weatherman has mixed in cool, sunny weather with intermittent moisture and closed the year with balmy weather in Hereford.

Hardly any large projects were begun during the year as only five permits were issued for over \$20,000.

Two store buildings, an office structure, a service station, and a motel addition accounted for the majority of the large projects.

Housing construction reached 14.14 for the year's total. Not since the tail end of the drought in 1956, when only 7.71 inches of moisture was recorded, has there been so little rainfall.

Last year a total of 26.48 inches was reported in the city, with 21.73 inches received in 1959.

Two break-ins and a safecracking were being investigated this week by the Hereford Police Department and the Deaf Smith County Sheriff's Office as burglars took a reported \$115 in cash and a transistor radio.

The first of the series of burglaries occurred here Wednesday as burglars entered Owens and Hollingsworth, an electrical firm at 307 E. Third St.

An investigation of the building by Police Department officers revealed that the firm was entered through a door on the south side of the building.

The glass in the door had been broken out and it was unlocked from the inside.

A safe in the filing cabinet located in the firm's office was pried open, according to the Police Department report.

It is believed that a large screwdriver which had been taken from the shop was used to open the safe.

The investigators found the firm's money box and change drawer on the floor of the office in front of the filing cabinet. Both had been opened.

Even though, there was a total of \$117.75 in checks, currency and change in both the box and the drawer, the investigation revealed that only \$115 in currency had been taken.

Most of the money taken in the burglary was from the locked cash box. A small amount of change was still in the cash drawer and none of the checks were missing.

The burglary was reported at 8:05 a.m. Thursday by Gene Guynes, who opened the business. According to the police, the break-in took place between the 5 p.m. closing time Wednesday and 8 a.m. the next morning.

The second break-in of the week was reported Saturday morning to the Sheriff's Office after burglars had entered Hereford Produce on the Dim-

Water Depletion Test Suit Opens

The High Plains Underground Water Conservation District is making final preparations for the trial of a lawsuit brought by Marvin Shurbet, a Floyd County farmer, against the U. S. Internal Revenue Service.

The trial will commence January 3, 1962, in the U. S. District Court at Lubbock; Judge Joseph B. Dooley will preside.

Bruce Fink, stationed in Hereford as a field representative of the Water District, will attend the trial and possibly will be called upon to give testimony during the case.

Shurbet's suit is sponsored by the High Plains Water District and is being treated as a test case by the Internal Revenue Service. Both sides have agreed to carry the suit through various courts to the Supreme Court.

Testimony by witnesses for the plaintiff, Marvin Shurbet, will attempt to show that ground water in the southern High Plains of Texas is a natural deposit and that it is being exhausted by pump extraction.

Plaintiff will further contend that landowners who can establish an actual initial cost in the ground water beneath their land, as distinguished from the cost of the land itself, and who are using that water to produce income, are entitled to deduct this cost of water on their fed-

eral income tax returns. The second break-in of the week was reported Saturday morning to the Sheriff's Office after burglars had entered Hereford Produce on the Dim-

Floyd Cole Wins National Award For Farm Efficiency

Floyd Cole, a 34-year Deaf Smith County farmer, has been named to receive one of the fourteen Ford Almanac Farm Efficiency Awards which are presented annually to outstanding American farmers, it was announced.

The nomination of Cole for the Grain Sorghum Efficiency Award was prepared by Lefty Thomas, county agent, with the help of Cole and his wife.

The selection of Cole as a 1960 national award winner was based on the high-yield and high-profit goals established by the Ford Almanac with the advice of state college agricultural specialists.

"I think there are a lot of guys who deserve the award more than I do," commented Cole when asked how he felt about winning the award.

In meeting the goals set by the almanac for the production of grain sorghum, Cole produced 111 bushels or 6216 pounds per acre in 1960. His production was 11 bushels above the goal.

He figures his cost per hundred pounds of grain at \$7.3 and his profit at \$8.7 per hundred pounds.

To produce the top yields, according to the almanac, Cole uses hybrid varieties. He lists the land in 40-inch rows and then plants two rows on top of each bed, the seeding rate used is 12 pounds per acre.

Cole fertilizers the grain sorghum fields with 175 pounds of anhydrous ammonia per acre before planting the seed. Cost figures for producing the milo range from \$3 per acre for plowing and \$10 for irrigation to \$7.50 for harvesting and hauling.

Cole also includes labor in the cost of producing the grain.

Cole started farming for himself when he moved to Deaf Smith County in 1947 from Duncan, Okla. He began on a rented farm and gradually increased his operations and by 1955 was able to make a down payment on his 700-acre farm.

Cole not only produces grain sorghum, but cotton and wheat as well. His production of wheat,

57.5 bushels per acre, also earned him a nomination for the Wheat Efficiency Award.

When he and Lefty Thomas prepared the nomination for the award, Cole was also producing an estimated 1.3 bales of cotton per acre and 28 tons of silage per acre.

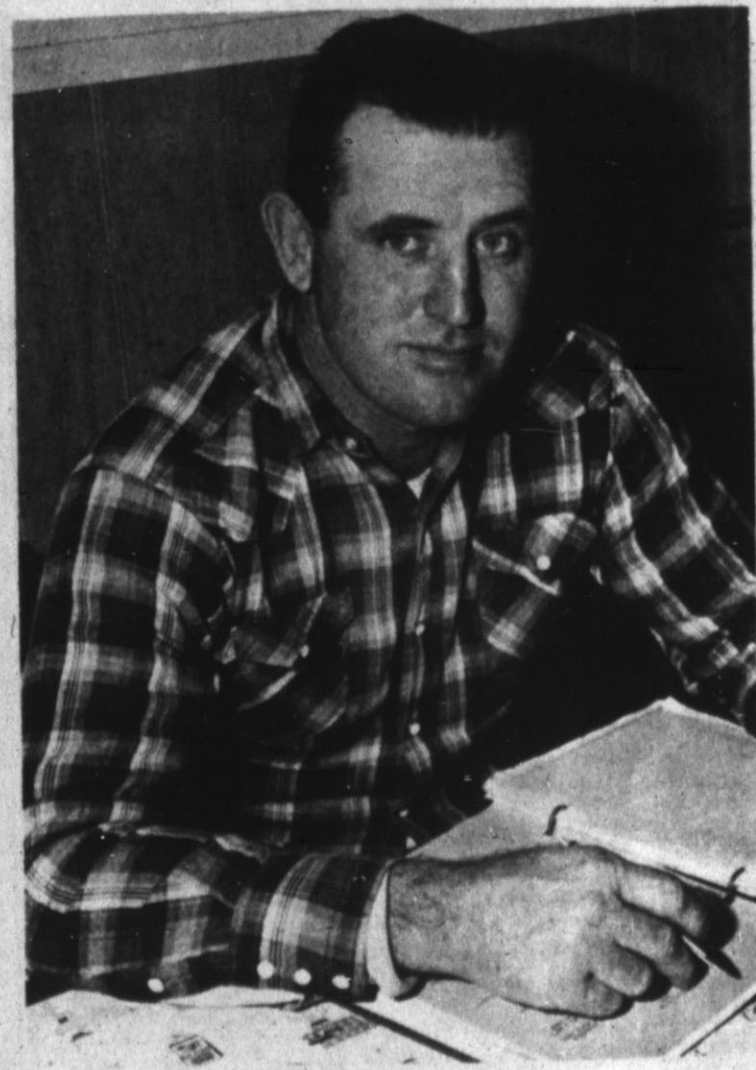

Cole keeps part of the milo he produces. He grinds it and mixes it with silage to feed to stocker cattle he runs on his

farm during the winter and spring. Wheat pasture is also used as a supplement.

Grain sorghum is just as good for cattle feeding as corn if properly supplemented, Cole believes.

The cattle are also used by Cole to salvage any waste in crop operations. He usually buys the stockers in October and runs them on the milo stalks until

GOING OVER HIS records is Floyd Cole who has recently won the Ford Almanac's Grain Sorghum Farm Efficiency Award for 1960. Cole, who was nominated for the annual award by Lefty Thomas, county agent, won the award by successfully bettering the high-yield and high-profit goals established by the almanac with the help of state college agricultural specialists.

TOPS 1960 MARK

Record Over \$1 Million In City Building Permits

As proof of a growing community, building permits issued for construction and repairs within the city limits during 1961 totaled almost \$100,000 more than the 1960 figure although there were 142

permits issued both years. City Hall issues permits for construction of all new houses and businesses, as well as repair or addition to existing structures. Estimated value of building within the city limits reached a value of well over one million dollars during the 12-month period.

Over two-thirds of the valuation came for one-family residences. Very few permits were issued for large building projects. Largest permit issued was for an \$86,000 office building, with the next largest estimate at only \$32,000 for a store building.

Building activity reached its usual spring and summer peak, with the highest record of permits at \$148,000 during the month of June.

Around Town

RESOLVED: That I will not make any more resolutions. Just as sure as I do, someone remembers them and loses no time in reminding me of a rash promise made under the spirit of a holiday in the dim, dark remote past of a couple of months ago. There are plenty of ways to get into trouble without letting others know in advance what you will or won't do.

A total of 142 permits were issued for a total of \$1,166,630 during the 12-month period. Building permits for 60 new residences were written, at an average cost of over \$13,300.

Permit totals for the year fall far short of the all-time mark of \$2,028,296 set in 1955, but exceeds last year's sum of \$1,068,415 in building.

Highlighting the construction during the year was the erection of 60 residences totaling an estimated value of \$801,900. During the 1960 period, 54 houses were built totalling \$752,250. Getting off to an exceptionally

Another thing, you never know when your good intentions are going to infringe upon another. Joe Rjordaa of Lubbock is one of the most amusing men I know. He was in town for "Ma Bell" this week to do a feature story on Marie Sears as the result of the Bull Collins item about her never missing a day with the telephone company, even after breaking her wrist. The above really doesn't have anything to do with good intentions, except to introduce in a most round-about way the humorous Mr. Rjordaa. Joe was telling us about his sufferings when his wife decided to quit smoking. She paced the floor so much, and made so many nervous gestures that he finally begged her to light up again... he just couldn't stand her not smoking. It was, he said, too hard on her nerves.

Two Friona Men Now Implicated In Looting Ring

The number of suspects in the burglary ring involving two Friona men and a 16-year old youth continued to grow as Farmer County Sheriff Charles Lovelace arrested two Friona men on charges of burglary.

The men are Bobby Rogers, 22, who was picked up Thursday and Morris Deaton, 17, who was arrested Wednesday by the Farmer County law enforcement officer.

Law enforcement officers in the Panhandle broke the ring with the arrest of the three Hereford residents on Dec. 19 and the recovery of loot taken in the series of burglaries.

At present, law enforcement officers are estimating the thefts to total between \$4000 and \$10,000 from a 17 county area in the Texas Panhandle and New Mexico.

It is reported that the suspects have admitted to as many as 51 burglaries in the area, say various county sheriffs. The average haul of each is estimated at around \$30.

The sheriffs say that the youths have admitted to breaking in Hartley, Deaf Smith, Randall, Farmer, Castro, Donley, Swisher, Hale, Armstrong, Lamb, Bailey, Cochran and Hockley Counties in Texas and Roosevelt and Curry Counties in New Mexico.

The "ring" was broken following a burglary of the Bledsoe School. A description of the car used was furnished by a school official and its ownership was traced to one of the three Hereford youths.

Truck Damaged In Hit-And-Run Accident Friday

An early morning hit-and-run accident south of Hereford on U. S. 385 did an estimated \$100 worth of damage to a 1959 model truck-trailer and an unknown amount of damage to a light colored automobile according to the Highway Patrol.

The accident, which happened about 1:30 p.m. Friday, occurred as the automobile attempted to pass the truck. Both vehicles were going north, according to the report.

Dimmitt And Tullia Tackle Whitefaces

Hereford will face a pair of tough AA teams in three games during the coming week.

On Tuesday, the Whitefaces will be at home to face the Dimmitt Bobcats. On Friday, the Tullia Hornets will be in Hereford and Saturday Hereford will play in Dimmitt to make up a game cancelled earlier because of bad weather.

Coach Kenneth Cleveland, in his first season at Dimmitt, has carried on the team's tradition of winning. His team will come into Tuesday's game sporting an 11-7 record against tough competition.

The Bobcats opened with a pair of lopsided victories over Lockney and Muleshoe, then lost to Borger twice, 52-69 and 45-65, and to Plainview 53-60. The team also bowed to Tullia in a surprising game 57-77.

In the Floydada tourney, Dimmitt waltzed by Hale Center, Childress and Floydada to take top honors.

Record Dryest Year In Five During Cool '61

During the coolest of recent years, Hereford received less moisture than in any year since the last of the drought in 1956.

Following a relatively cool summer, the year 1961 brought an early winter, full of early snows and cold weather, to Hereford. Stopping harvests with unseasonal snows, the weatherman delivered a record low temperature of -3 for Dec. 13.

Residents welcomed a mild and comfortable summer with its high temperature of only 96 degrees, which was reached three times during the summer — June 15, June 24, and July 21. However, most of the "hot" weather came during the early part of the season.

Moisture was the lowest recorded in five years with only 14.14 for the year's total. Not since the tail end of the drought in 1956, when only 7.71 inches of moisture was recorded, has there been so little rainfall.

Last year a total of 26.48 inches was reported in the city, with 21.73 inches received in 1959.

Following on the heels of heavy rains, the first snow of the winter began Nov. 3, plunging temperatures to the low 20's and delivering over two inches of snow in most parts of the county.

Snow and sleet forced schools to close Nov. 13 during the second blast of the winter.

Since that time, the weatherman has mixed in cool, sunny weather with intermittent moisture and closed the year with balmy weather in Hereford.

Around...

(Continued from page 1)
of Hereford recently purchased one male and four female Santa Gertrudis cattle from Mrs. T. K. Walker, Sedalia, Colorado. The office lists a large number of transactions, but most of them are in the deep south, along with some sold to buyers in Central and South America, where the breed is most popular.

On Tuesday, students will trudge back to classes, eager to share stories about the Christmas gifts and holiday activities. The college students, however, are dreading mid-term finals which are coming up in about two weeks.

Ervin Ward could hardly wait for me to get my coffee the other night before he was showing me an item out of the paper. It said that some man in Durham, England, is hoping his 13-year-old son can remember what he had in a "magic" potion he created with his chemistry set. This man said he accidentally wiped his bald spot with some of the mixture and now his hair is growing. Drawback is that the boy can't remember what he used in the priceless formula. Ervin said he first saved the article for Blue Turpen, but then decided I could use it just as well. My older son got a chemistry set for Christmas and I rushed home and read all the stuff in the booklet, but there wasn't any experiment on growing hair. Besides, the chemistry sets in England probably are different from those here and, if I tried a "magic" potion, it would just remove the fringe.

A survey over in Amarillo among high school students indicated that they felt the only thing that would really help attendance at basketball games was a winning team. Naturally! But how many winning teams do it without support? It's hard for players to do their best if they don't have any support. Which brings us to a point. Until this year, you couldn't find a place to sit in Whiteface gym when the Herd was playing. The players have tried hard, but have lost some games to big schools. Attendance is not as high as it has been. Yet, nearly all the students and fans say they would turn out if the team were winning. It's constant support that makes a constant winner, not hot-and-cold backing. Hereford has two basketball games at home this week: Tuesday against Dimmitt and Friday against Tullia. Game time is 8 p.m. Because of the New Year's Day holiday, Hereford merchants have agreed to hold their monthly Dollar Day on Tuesday, Jan. 2. From looking over the ads, we know that there are some super bargains to be offered.

Any minute this week we are expecting a call from Metz LaFollette, coach of the West Texas State cage team. We attended one of their games for the first time Friday night and they won their first game after nine losses. We are sure that the coach would like to have us come back soon. Hereford exes Steve Slagle and Jim Curtisinger are both seeing a lot of action with the Buffs and Slagle is particularly a favorite with the crowd for his hustle and desire.

County Agent Lefty Thomas chatted with us Saturday morning about the junior livestock shows that county 4-H boys and girls will be entering during the next two months. He's cautious, of course, but thinks Hereford steers again will provide some stiff competition at the big shows around the state.

The skeptic says, "Hah! I'll just bet you can't get hair from a chemistry set." Now, I really don't believe it, but I'll let you know later, since I've not tried it yet!

Two...

(Continued from page 1) three, a large quantity of property was found in the home and identified.

Arrested here were L. D. Locke, 21, Jackie Dicker's son, 24, and Dickerson's 16-year-old brother. Locke is now being held in the Deaf Smith County jail and Dickerson is in the Lamb County jail at Littlefield. Officers are holding the 16-year-old in the Farmer County jail in Farwell.

Cole...

(Continued from page 1) mid-November. When he starts plowing, he feeds cattle the silage with five or six pounds of milo per day and lets them graze on the wheat pastures. Cole lives with his wife and four children on the farm located about eight miles southwest of Hereford.

Dimmitt...

(Continued from page 1) ed are 5-11 Max Swinburn and 5-11 Paul Caraway. Letters back for the 1961-62 campaign include Jerry Sarchet, 6-1; Mac Mitchell, 6-1; Tim Tucker, 5-7; Gary Don Haught, 5-6; and Richard Bales, 5-9.

Opening the season, Tullia beat Lockney, 73-39; and Phillips, 63-55, before losing to White Deer, 49-56, and to Hereford, 46-57. They took Claude and whipped Dimmitt by 20 points in the opening game of the Plainview tourney.

In their own tourney, the Hornets beat Muleshoe and Sudan before losing to White Deer. Then they whipped Lockney and Claude before winning their first game of the Dr. Pepper Tournament in Dallas this weekend. They defeated Dallas Adamson, 56-49, in the first game of the tourney.

Hereford's Whitefaces, with their backs to the wall, will be trying for three victories before they enter district competition against Phillips on Jan. 12.

The Herd had a 4-8 record before playing in the Caprock Invitational consolation semi-finals Saturday afternoon. A victory over Lamesa in that game would have put them in the consolation finals late Saturday afternoon.

Seven of Hereford's eight losses have been to 3-AAA schools, with the last defeat at the hands of Vernon in Lubbock Thursday, 46-60. Vernon is a AAA school.

(Continued from page 1) a peak in August with nine permits issued for a total of an estimated \$114,100 in building costs.

Monthly totals for all types of building permits issued during 1961 were as follows: 11 permits in January for \$86,200; 13 in February for \$59,930; 12 permits in March for \$125,400; 14 permits in April for \$119,600; 12 in May for \$112,250.

In June there were 14 permits for \$148,100; 12 permits in July for \$103,400; 17 in August for \$138,150; 11 in September for \$71,900; nine in October for \$77,150; eight in November for only \$57,700; and nine in December for a total of \$66,850.

The slump in building during the final three-month period was attributed to an "early" winter.

During the preceding year of 1960, there were no outstanding projects, except a \$99,000 residence.

During 1960, construction reached a sum of \$1,068,415 with the issuance of 142 permits. Monthly totals were as follows: 11 permits in January for \$67,850; 12 permits in February for \$83,500; 13 permits in March for \$94,735; 17 permits in April for \$85,480; 11 permits in May for \$85,500; 16 permits in June for \$77,800.

Seven permits in July for \$43,600; eight in August for \$95,000; 17 in September for \$133,500; 13 permits in October for \$175,100, and seven permits in December for \$94,200.

Largest single permit in 1960 was for renovation of Deaf Smith County Courthouse and construction of a new jail, valued at \$282,000. Permit total for the year was \$1,519,361 for 133 permits.

Monthly totals during 1959 were as follows: 13 permits in January for \$366,950; 11 permits in February for \$132,400; 10 permits in March for \$55,250; 10 permits in April for \$52,650; 16 permits in May for \$157,086; 12 permits in July for \$314,450.

Twelve permits in August for \$60,400; 10 permits in September for \$148,800; eight permits in October for \$20,200; 12 permits in November for \$49,700; and 10 permits in December for \$98,850.

Water...

(Continued from page 1) eral income - tax returns as the water is exhausted.

The High Plains Water District has worked for seven years in an effort to establish ground water in the southern High Plains as a depletable natural resource under the federal tax laws. If the court finds that the plaintiff's contentions are valid and justified under the law then all water users in the area with a like set of circumstances should be eligible to deduct, on their income - tax returns, the cost of the grain water as it is used.

The trial will be open to the public. The court is located on the third floor of the Post office Building in Lubbock.

(Continued from page 1) ment stated, is the control legislation that will be enacted when congress convenes and the 1963 beet sugar quotas are set.

The new sugar control legislation expected may give domestic producers a larger share of the U. S. market than they now have.

Burglaries...

The burglars broke out a window in the door of the building, but were unable to unlock it. They finally entered the building through a window.

An outside door of a cabinet in the office of the firm was pried open, and the burglars went through the unlocked safe. Nothing was taken from the safe, according to the report. The only thing said to be missing from the firm was a transistor radio.

The break-in was reported to the county law enforcement agency about 8:30 a.m. Saturday by Norman Moore.

Hereford has two victories over Canyon and one each over Tullia and Clovis this year.

Pacing the Whitefaces is speedy Dennis Hodges, with Jerry Curtisinger, Randy Dowell, Dwight McGee, Mack Canale and Jim Haney providing additional scoring punch at various times.

present were Joyce McNeese, Jackie Nunley, Martha Wiltshire, Wanda Cornelius, Diane Clearman, Carolyn Watkins, Kathy Knox, Audri Miller, Janice Higgins, and the hostess.

Mrs. O. E. Sherman entertained with a Christmas dinner on Sunday. Guests included her sons and families Mr. and Mrs. Tom Robinson, Tommie Kay and Mike, Mr. and Mrs. Emmett Sherman and Joe, Mr. and Mrs. Ronald Sherman and family of Lubbock; also Mrs. Beas Givens and Mr. and Mrs. Phillip Miller.

Dinner at the Emmett Sher-mans on Christmas Day included as guests Mr. and Mrs. Lee Hopson of Moriarity, N. M., Mr. and Mrs. Ronald Sherman, Lynnette and Kevin of Lubbock, Mr. and Mrs. Harry Engman, Jr., Carrie Dee and Gary Lee of Lubbock, Mr. and Mrs. V. C. Hopson and family of Dimmitt, Mr. and Mrs. Tom Robinson, Tommie Kay and Mike, Mrs. O. E. Sherman, Joe Sherman, Dyann Duvall, and Bob Renfro.

The holiday season is a real family affair at the Bob Wilson home. Son Dick is home on leave from San Diego, Cal.

where he is stationed aboard the USS Hopewell, Marian Jo is on vacation from her teaching at Odessa High School. She is a home making teacher

there. Coming in for the gift exchange and dinner on Christmas Day were Mrs. Winnie Steele of Alamogordo, N. M., David Steele of Santa Fe, N.

M., Mr. and Mrs. Harry Faulkner of Amarillo, Mr. and Mrs. Ulric Lea and Jimmy of Knox City, Mr. and Mrs. C. H. Smith of Big Spring, Mrs. Ha-

zel Lewis and Miss Floyd Wilson of Amarillo. A. A. Hare is home again after spending several days in the hospital with pneumonia.

BY JIMMIE GILLETINE
Towns have peculiarities much like people. In Hereford, for instance, there was only one small restaurant open on Christmas day, which made it a bit tough on tourists, and on people who eat out 100 percent. Service stations, on the other hand, were going full blast on almost every corner. Several people who made holiday trips tell me that they came to many towns — especially in Oklahoma — where it was impossible to buy gasoline on Christmas day.

You would think the old boy who stayed home was the smartest of all but, sometimes even that has its drawbacks — especially if you happen to have a brother-in-law or so.

My brother-in-law wasn't satisfied coming a day early and eating up everything in sight before we even got the turkey cooked, but also managed to finagle me out of one of my packages on Christmas morning. It's the truth! And I still say the fact that it happened to be the present I was giving him is beside the point. Besides, anyone could make a mistake and get the wrong name on a package. It happens in the best regulated of families every Christmas, but only a brother-in-law would take your packages right out of your hands.

Fact is, the whole thing is British Hopsong's fault. He got the Christmas spirit and sent over a smoked goose, which I understand he stayed up all night preparing as his own secret recipe — and the dog-

blue nails as a result of slipping screwdrivers and hammer lifts in the wrong places.

I was real proud of Esther and his recognition as a soil conservation leader. Esther deserves everything good they can say about him. He has worked like a Turk at the job, and has popularized a practice which, not too many years ago, was accorded very little attention.

Elmer Womble, a former resident and old timer in this territory, was back in Hereford this week from Colorado. Elmer operates a cabin resort out from Gunnison, and I notice on the side of his car he calls it a "ranch," so I figure he also has some purebred cattle. I thanked him profusely for taking Ur-lin Streu off our hands, but he never did seem too enthusiastic about the deal.

The weather is due to act up pretty soon. Around 65 percent of the Deaf Smith cotton is gath-ered and waiting around the gins, so I figure it's about time we started having a bit more snow, sleet and cold weather. If I can get any cooperation out of these TV boys, we will try to get something going right after the first of the year. Fact is, if folks get home from the bowl games, they can consider themselves lucky. I figure January will be a rough one, so be thankful if you got an overcoat for Christmas.

Anyway, Christmas is over and all we have to worry about now are the bills — and writing "1961" instead of "1962" on the checks.

Several people have dropped in and telephoned to say that they want to join my "anti-do-it-yourself" club on assembling Christmas gifts. We are going to get up petitions on this deal and give them to toy dealers and to our wives. I did a little idea swapping and it invariably turns out that the women are the ones who buy these assembly kits. I came to the conclusion that my wife figured I can do just about anything, so goes ahead and buys, where the average woman might falter or hesitate. This made me feel a little bit better, except when I think of my sore fingers and

a real heyday.

If you are a newcomer to the parts be sure and investigate the local custom of eating blackeyed peas on New Years day. They are supposed to bring you luck, and help you withstand the excess vitamin which usually shows up in late February and March. If you are a Yankee and grew up with the idea that blackeyes were good only as cow feed, you are in for a real treat. Actually, there is nothing better than blackeyes and fatback. Add some of that hotwater cornbread with fingerprints, and you'll never, never crave to go back East. I admit that things get pretty tough at times for folks who do eat this fare on New Years, but I always think how it might be worse if I didn't participate — and I sure don't need that.

I hear that the Kiwanis has challenged the Lions to another basketball game. What with the old Kidd and Jim Allred on the Lions team, it looks to me as if the meat-eaters should do pretty well, but you never can tell.

Meanwhile, here's wishing you a happy, prosperous 1962 with plenty of blackeyed peas, a warm overcoat, no Christmas bills, and enough money to pay your income tax. If you are in that fortunate shape please let me know how you managed it.

HOME FROM WT
A freshman at West Texas State College, Lynn Thompson is visiting with her parents, Mr. and Mrs. Robert Thompson, during the Christmas holidays.

HOME FROM COLLEGE
Greg Combs, son of Mr. and Mrs. Les Combs, is visiting his parents during the Christmas holidays. He is a sophomore at Texas Technological College in Lubbock.

Growth Exceeds Local Tax Payers

which would otherwise come out of city and county tax funds.

Deaf Smith County Hospital is by no means perfect, and certainly it has faced numerous up and downs over the 35-year period of service. Several times, in fact, its doors have been near closing, and it has had to appeal for county aid to survive. At other times, it has drawn dire criticism from outraged citizens. All through the years, though, it is the one county acquisition which has served the people of the area without faltering and, usually, with reasonable efficiency.

Today, our hospital is one of five in the 30 Panhandle hospitals which is accredited by the joint commission — and two of these other hospitals are located in Amarillo. It is one of the few small town hospitals with an approved records system and, naturally, is active in Texas, American and regional hospital organizations.

The new hospital wing will, of course, make the institution even more serviceable to the community. Currently, a need for more private rooms seems to be the most serious complaint against the institution and, since it is operated on a county basis, administrators consider general welfare above individual comforts or desires.

A hospital is seldom appreciated until it is needed by an individual or family, and when this situation arises there is no substitute for its services. As we hope and pray this situation does not occur with us, let us also be thankful that the Deaf Smith County Hospital is there to serve those less fortunate.

If a modern hospital is a good investment for those who need it, it is an even better investment for those who do not.

Change Youth Lions Meet

announcement was made through the Lions Club that affiliate clubs in the North Plains will host for exchange students at the district Lions meeting in January.

Plans are being made to bring youngsters together, along with American students from each of the communities in the Lions Club district. The idea, in a nutshell, is to show the youngsters another way of American life; the ultimate goal is to send them back home with an honest answer to "what makes America tick."

Without question, the existence of numerous international, national, regional, and area clubs plays a most important part in the lives of all Americans — including those who do not participate. Through conventions, ideas are exchanged and achievements are compared; at the same time friendships are formed and plans are initiated and developed.

This is the first attempt we have noted to acquaint the exchange student with this particular phase of American living. It does seem to be an excellent idea, however, and could easily provide a highlight in the visit of many of the students. To say the least, it will definitely provide a more comprehensive picture of life in the United States, which is the overall goal in the foreign exchange program.

New Year Time To Plan Future Holiday Season Is Time Of Turmoil, Happiness

BY MRS. R. L. CRISWELL.
Like the little boy that asked his mother a day or two after Christmas, "Mother when will Christmas come again?" Automatically days and figures flew through her mind and she said, "363 days, honey. Now think of something else for awhile." The children look happily forward to another Christmas Day in the future, but the adults breathe a sigh and say thankfully that it is over for another year. Children look forward, adults look backward and perhaps that is the way it should be; but adults need to keep looking forward too.

Speaking of the holidays, a lady living quite a few miles from the hi-way decided to decorate the house inside and out for the Christmas season and this she did; with a lighted tree and Santa on the housetop. Her husband laughed at her and asked if she was giving a present to the light company. Her enthusiasm so dampened,

she did not turn on the lights for some time, but early one evening she saw carlights coming toward the house and she rushed in to turn on the lights. The yard, tree, and everything blazed with colored lights, but before she got to the window to see if the car slowed to enjoy them the house and all about it turned to instant darkness. The unusual number of lights had blown a fuse and worse luck — there was not an extra fuse in the house and she hadn't a car to drive into town for one.

When her husband came in and tried to snap on the lights, there was no light. When she explained what she had done, he was overcome with laughter, but undaunted, she obtained a fuse and the lights blazed forth triumphantly through Christmas Day, when I learned about it.

The old tradition of Papa playing with Junior's electric train is now joined by Mama playing with daughter's "Barby Doll." It's new glamorous cloth-

es and the wardrobe trunk that is such a dream. Now "Ken" has joined Barby so the romance is complete, along with "his" expensive clothes.

Parents are always intrigued with the toys; there is a man in Hereford that shot a nice round hole with shining rays around it through his mother's brand new picture window, while playing with his small nephew's BB gun. Come to think of it I should have said "people" instead of "parents," shouldn't I?

There is so much kid in all of us that we like to forget our worries and play with the kid's toys as well as with other things. Have you heard the complaints on putting the toys together on Christmas Eve? One papa broke a bolt and had to go to town to the garage to replace it, or the toy would have been broken on Christmas morning.

There are pasteboard toys that look so real, and are always packed flat for parents to spend hours in putting them together, so many hours that sometimes the air is filled with exasperated comments. So much so that a small granddaughter told Grandmother that she heard "Santa Claus" close her bedroom door "in the middle of the night."

Christmas is truly a wonderful time of the year. The music coming over the radio was soothing to the most unappreciative ear, and even the "I ain't gettin nuttin for Christmas" had a place all its own, and there is even a list for the week after Christmas — it's to exchange the wrong colors and sizes for the right ones or change a gift that you did not want for one you do, etc., and then get set for New Years.

Here is wishing a happy, wonderful, and prosperous New Year for each and every one, and may each Christmas be as happy as this one has been for me, but sh-sh-sh, don't tell any one, but I forgot I had an article to write and this one is just to fill in, and was done after being reminded. Happy New Year everybody.

25 YEARS AGO Local Merchants Report 'Sell-Out' On Yule Goods

Santa Claus knocked at the door here this Christmas, and he didn't hear the cry "wolf, wolf" as an answer. The old fellow forgot the fact that Deaf Smith County had been visited by a depression, along with the entire United States, and spent with both good health and cheer. Local business firms report that shoppers cleaned their shelves of all seasonal merchandise early in the week, and took what was left Christmas Eve. Few Hereford establishments have anything left for the 1937 gift season — in most cases it was a "sell-out" this year. It was even reported that some merchants made rush trips to nearby cities to replenish their stocks after a sell-out was indicated. It was believed that holiday shopping this year was far better than any time in recent years.

50 YEARS AGO
Hereford Benefit Association of Hereford. Our Proposition:

We have noticed that in a large majority of cases where death occurs that the family of the deceased have but little money on hand, and even when they have an insurance policy that they are from two to six months in getting the cash therefrom. These are existing conditions, but this Association aims to place in the hands of beneficiaries of its deceased members immediately after death a sum of money which will tide them over the hardest times. This sum will be one dollar for each member in good standing at the time of the death, but in no case will more than \$1,000 be paid. The membership fee is \$1.50, and the advance assessment for the beneficiary fund \$1.00. So it costs but \$2.50 to become a member. This is a plan of life insurance that should appeal to every thinking man and woman.

Panhandle Paragraphs

COUNTY ABOVE AVERAGE
Data compiled by the government shows that the Swisher County area has made greater industrial gains in recent years than have counties generally throughout the United States. The area includes Deaf Smith, Castro, Oldham, and Farmer Counties. As a result of this sharper growth rate, its relative standing in the nation's economic complex has improved. Within a period of three years, despite unemployment conditions that exist, it has been able to increase the number of local jobs in commerce and industry, the total going from 3,467 to 4,101.
—THE TULIA HERALD

PLAN REST HOME
A local speech teacher and his father announced Friday plans for establishment of a \$150,000 to \$160,000 nursing and retirement home in Levelland. The pair said that they would attempt to sell stock in the home. George Lawton Sr. will serve as director for the home, which the men say has already been approved as a nursing home by the state welfare department. Roger Lawton, the son, will continue his teaching activities here. The state requires that a registered nurse or a licensed Vocational Nurse be in charge of the nursing activities at such a home. The men say that initial surveys indicate a need for such a home in this area.
—THE LEVELLAND DAILY SUN

DAM PROPOSED
A 93,000 acre foot dam, some 14 times the size of Lake Pauline, has been proposed for a site on the Whitefish Creek near Hedley for the Greenbelt Municipal and Industrial Water Authority. The recommendation was made in the form of a comprehensive 45-page report at an open meeting of the Authority's board of directors at the Childress court house. Some 175 persons from the seven member cities of the Authority attended the meeting and heard an oral report by the engineering firm in charge of the project. The proposed dam will cost an estimated \$4,176,000 which it is recommended would be paid for with an ad valorem tax.
QUANAH TRIBUNE-CHIEF

PEOPLE FOR ADOPTION
As in years past, the Dallam County Red Cross and the Dalhart Ministerial Association joined forces to see that every family in Dalhart had a Christmas. Other organizations and individuals also helped in the annual yule project. Each year, the organizations list less fortunate families which may be "adopted" by local residents in order to see that their Christmas is a merry one.
—THE DALHART TEXAN

FIRE STRIKES
An estimated \$50,000 fire swept through the yards of the North Spade Paymaster Gins located about four miles east of Hart Camp Friday morning. Firemen fought the blaze for some four to five hours Friday. The fire consumed at least 50 trailers loaded with cotton ready for ginning, a semi-trailer truck loaded with baled cotton, and did minor damage to the gin and building proper.

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm is looking forward to the new year with his brand of optimism.

Dear editor:

I was out here on my bindweed farm winding up my 1961 farming activities about like I wound them up year before, and was trying to remember whether I wrote down the cost of some feed I bought on the north side of the barn or on the door to the chicken house and was wondering what would happen if the Internal Revenue Service ever asked me to bring my records in.

I mean, it wouldn't be any trouble to take the chicken house door down, the hinges are loose anyway, and I can rip a board off the barn by unteiling the wire holding it, but it would be sort of unhandy carrying them to town.

At any rate, I found the figures but they were pretty badly faded so I guessed at them, in the government's favor, of course, as I recognized the government has promised to spend more money next year than I have. This is because more people will take the government's promise than they will mine.

With my bookkeeping work out of the way, I settled down with a newspaper and the first article I read was a forecast on the farming outlook for 1962. It's bad, the prediction reported. In fact, it was headlined: FARM OUTLOOK BAD FOR 1962.

This may show how much the experts know about the farming outlook, but it also shows how little they know about farmers.

At the start of any year, the farming outlook to a farmer is good. It has to be. That's the whole secret of farming, and explains why America produces more food than any other nation on earth.

The reason a farmer knows the new year will be better than the last year is that he knows he hit rock bottom in that one. He's always known this. He knows it every year. Regardless of what the experts say, a farmer knows the new year is bound to be better than the old one, and this explains why the crops get grown. A farmer is the type of person who, when he finds out he can only make ten cents profit on a bushel of something, will try to raise four in order to make 40 cents, and when he finds out he didn't make 40 cents, only 15 cents, he figures his mistake was in not having shot for eight in the first place. This results in a well-fed nation and an under-paid farmer.

The way I see it, 1962 will be all right. In fact, 1961 was too and could have been better if I'd worked harder, but when it comes to a choice between a sorry year and working harder, you know which one I choose. I figured out long ago that the worst way to whip a surplus is by piling more on top of it.

Yours faithfully,
J. A.

Farmers Take Advantage Of Cooperating Weather

BY MRS. HAROLD RUDD
The weather has been cooperating with the farmers this past week and they have really been taking advantage of it. They are stripping cotton and some have started digging their beets. Harvest of the fall crops is a slow process even at best but this year it has been very difficult and long.

Large, exotic meals, spending the day at the grandparents' home, family devotionals and attending church services combined to make a wonderful Christmas for everyone.

Mr. and Mrs. Oren Stoner and Suzanne and her mother, Mrs. Phyllis Niles all of Coffeerville, Kan., arrived to visit his sister, Mr. and Mrs. Merlin Kaul, and their daughter, Paula, who has been staying with the Kauls.

Sunday evening Mr. and Mrs. Joe Landers joined this group for the evening meal and devotional program.

On Monday Steve Hurd of Casper, Wyo., and Mr. and Mrs. Ralph Durstine of Friona joined the Stoner family and the Kaul family for Christmas dinner.

Tuesday this group visited with Mr. and Mrs. Jack McCracken and family at Bovina. On the return trip home they visited with the Durstines in Friona.

Miss Pruitt United In Formal Service Friday

Miss Merry Kay Pruitt, daughter of Mr. and Mrs. Thomas L. Collins of Hereford, exchanged wedding vows on Friday afternoon, Dec. 22, at 5 o'clock in the sanctuary of the First Christian Church of Hereford.

The Rev. Gilbert Davis Jr., pastor of the First Christian Church, read the double ring ceremony before an archway covered with white mums and greenery, flanked by candelabra, red tapers, greenery and large white satin bows. Pots of red poinsettias decorated the church.

Miss Sandra Hoover of Friona, cousin of the bride, attended the bride as maid of honor, wearing a dress of red and

taffeta, fashioned with straight lines, with headpiece and shoes to match. She carried a white nosegay, accented with small red balls.

Thomas L. Collins attended his son as best man. Serving as both groomsmen and ushers were A/2C Robert J. Ritzel of Amarillo and John Willoughby of Hereford.

The bride, given in marriage by her father, was attired in a formal gown of embossed peau de soie, designed from an original Paris fashion by her mother. The gown had simple sculptured lines with an apron of Chantilly lace. The overskirt of peau de soie was clasped at the waistline and swept back from the gown to form a short circular train. Her fingertip veil, made of Chantilly lace and also designed by her mother, was attached to a lace caplet, trimmed with seed pearls and sequins.

For the traditional something old, new, borrowed and blue, the bride wore a sixpence in her shoe and carried a silk wedding handkerchief, a gift from a friend. The bridal bouquet was a cascade of white feathered mums with red Christmas balls, carried atop her Rainbow Bible.

Mrs. Pruitt, mother of the bride, wore a red re-embroidered lace dress, matching feather hat, black accessories and an orchid corsage. The mother of the groom wore a lilac dress and jacket ensemble, matching elvet hat, grey accessories and an orchid corsage.

Immediately following the ceremony, Mr. and Mrs. Charles Hoover, aunt and uncle of the bride, hosted the reception in their home at 301 Sunset Drive. Parents of the couple and members of the bridal party formed the receiving line.

The bride's table, laid with a white net and felt cloth, trimmed with red beads and sequins, was appointed in white milk glass and silver. The wedding cake, trimmed with holly, served as the centerpiece.

Mrs. R. J. Ritzel of Amarillo, sister of the bride, presided at the guest book. Alternating at the serving table were Miss Sandra Hoover of Friona, Mrs. R. J. Ritzel of Amarillo, Mrs. W. H. Nunn of Friona and Mrs. Edwin Morrison of Hereford.

When the couple left on a trip to Big Bend National Park, Juarez, Mexico, and Carlsbad Caverns, the bride was attired in a two-piece ensemble of red wool trimmed with mink, black moline hat and black accessories. Her corsage was lifted from the bridal bouquet. After Jan. 2, the couple will be at home at 1204 South College, Fort Collins, Colo.

The bride is a graduate of Hereford High School, where she was a member of the National Honor Society, D. E. Club, F. H. A., and a member of the Order of Rainbow Girls. She has recently completed an executive secretarial course at Draughon's Business College in Amarillo. She is a former employee of The Hereford Brand advertising department.

Collins, a graduate of Hereford High School, presently is attending college at Fort Collins, Colo. He is a summer employee of the forestry service at Teton National Park in Wyoming.

Out-of-town guests included Mr. and Mrs. R. J. Ritzel of Amarillo, Mr. and Mrs. W. H. Nunn and family of Friona, Miss Jean Terry of Amarillo, Miss Gayle Night of Friona and Mr. and Mrs. Leonard Pittman and family of Fritch.

Mr. and Mrs. Thomas L. Collins hosted the rehearsal dinner in Ward Hall, First Methodist Church, on Thursday evening, Dec. 21. Appointments and decorations carried out the bride's chosen colors of red and white. The cake was decorated with the bride and groom used on the wedding cake of the groom's parents. Guests other than the bridal party were the Rev. and Mrs. Herschel Thurston, Mrs.

Gilbert Davis and Mrs. N. E. Tyler.

Jack Fadden is the trainer for the Boston Red Sox and Harvard University football team.

Vernon Rips Ice Cold Herd In Caprock Holiday Meet

Moving as if in a dream, Hereford's Whitefaces woke up after 32 minutes and found it was really a nightmare as they fell to Vernon, 46-60, in Lubbock Thursday afternoon.

The opening round loss shoved Hereford into the consolation semi-finals against Lamesa at 2 p.m. Saturday. If they lost that game, they were through in the annual Caprock Holiday tourney in the Lubbock Coliseum. A win would have put them into the consolation finals at 5 p.m. Saturday against the winner of a battle between Snyder and Levelland.

In the big school semi-finals were Monterey, who beat Snyder 63-23; Midland, who tromped Levelland 62-30; Tom S. Lubbock, which nipped Lamesa 59-56 in two overtimes; and Vernon. The bracket match of Monterey versus Midland and Tom S. against Vernon Friday afternoon.

Snyder and Levelland were to play at noon Saturday.

Both Hereford and Vernon played Thursday in the vast Coliseum as if they didn't really care who won. The difference was that Vernon's Lions were deadly on the free throw line,

hitting 22 of 27, while Hereford hit just 16 of 28 and missed on many one- and one attempts.

The Lions took advantage of Hereford's inability to hit to run up a 5-0 lead and were never behind although Hereford got within one point a couple of times.

Dennis Hodges finally hit a pair of baskets and Jerry Curtsinger added another as Hereford pulled up to 6-7, but the Lions pulled away as big Ronnie Harvey got four points and Les Nelson added a couple of free throws for an 8-15 first quarter score.

During the initial period, Hereford missed all four of its free throw attempts, but the Lions hit all five they tried from the free throw line.

The Herd started hitting a little better in the second quarter.

OFF THE Shelf

BY H. A. TUCK

Walter Lord, who writes with eye-witness clarity about past events, has taken a hard look at the stand of a few men in a small churchyard more than a hundred years ago. The result is *A Time To Stand*, about the events immediately before and after the siege of the Alamo.

Lord, author of such outstanding studies as *The Freemantle Diary*, *A Night To Remember*, *Day of Infamy* and *The Good Years*, has done a fine job of research.

There are some points of difference from another recently-released book about the Alamo, *13 Days To Glory*, but most of them are minor.

Lord carefully explores the temper of the times in Texas and the United States in the days before a courageous band of men make their stand in the small town of Bexar. As carefully, he traces the indignation and thoughts of the country after they have gotten news of the valiant battle.

In dusty archives mouldering in Mexico City, Lord found several pieces of correspondence and information which had never been used before in a history of the Alamo.

But, despite his penchant for authenticity, Lord ends his book on virtually the same note as the previous books: There are some unresolved questions which remain about the siege of the Alamo and the men who died within its walls.

Possibly Lord has found more information about the Mexican punitive expedition than previous authors simply by better research. While he doesn't take sides, he presents the trials and tribulations of Santa Anna's army better than earlier accounts have done.

No matter who the author, however, it ultimately becomes a story of brave men who were determined to fight for freedom... and to die for it if necessary.

There is a lot of information in the book about Sam Houston, Commander-in-Chief of the Texas Army; the legendary David Crockett, whose popularity had faded in the East; of James Bowie; the Alamo's commander, Col. William Barret Travis; and many others.

Lord traces the background of several of the Alamo's lesser-known defenders: youngsters who left home seeking fame and fortune, older men who had brought their families to Texas for a new start, adventurers who always turn up on a new frontier.

The author devotes only a small part of his book to the actual battle, in which 182 defenders died after killing several hundred Mexican soldiers. He is more concerned with what caused the battle and its ultimate result in the new land of Texas.

Lord's book is certainly not the final word on the history of the Alamo. It fills in some spots, casts doubt on certain other stories handed down through the years. It probably should be considered in the light of one good piece of research in conjunction with the other books written about this particular period of Texas history.

A Time To Stand well-describes the subject. It is an accurate representation of a battle, about which General Thomas Jefferson Green said in 1841: "Thermopylae had her messenger of defeat — the Alamo had none." It also should be recalled as the battle which one defender characterized in advance as a Mexican victory that would actually be a defeat.

quick points gave Hereford a chance as the period opened. The Herd got to 14-15. But Hereford's work on the boards was hurt when Curtsinger picked up his second and third fouls in rapid succession and was benched for a time.

Again, it was free throws that hurt as Hereford netted four of nine and the Lions hit on all four attempts before missing their first one of the half with four seconds left in the period. Hereford picked up 18 points during the quarter, but Vernon netted 20 for a 35-26 lead at the half.

But a dismal eight-point quarter again broke Hereford's chances as Vernon hit for 15. Hodges hit for four points, to give him 19 for the game. Harvey netted nine points for Vernon, seven on free throws in nine attempts to widen the gap to 34-50 at the end of the third quarter.

HOLIDAY VISITORS
The Rev. and Mrs. Ray Schultz and family of Fort Myers, Fla., have been visiting in the home of his parents, Mr. and Mrs. Harry Schultz of Hereford.

TO ATTEND REUNION
Mr. and Mrs. Harry Schultz of Hereford left Thursday, Dec. 28, to attend a family reunion in the home of their daughter, Mrs. Glenn Kiser, in Fort Worth, Tex.

Only in the fourth quarter did Hereford outscore Vernon, but not by enough to matter. Dennis Hodges and Jim Hanchey both fouled out in the fourth period, Hodges leaving before he had time to score. Dwight McGee finally found the range as he netted two field goals and Curtsinger hit four of six free throws. Randy Dowell hit four from the free throw line to run his mark to six without

a miss in the game. Dennis Hodges was the only Whiteface to hit in double figures as he got 19 points in three quarters.

But balanced scoring by the Lions more than equalled his efforts. Ronnie Harvey led his team with 17, while Les Nelson and Grady Stowe hit 12 each. In contrast to their first-half performance, Hereford hit 12 of 15 attempts from the charity

mark but slipped from the field as the team only got four field goals in the second half.	A. Hodges	0	1	0	0

The Community Christmas tree fellowship was attended by most of those present at the close of the evening service. Treats, gifts and the appearance of Santa for the children made up the fellowship in the church recreation area. Several visitors were present for the worship service and festivities.

The Rev. and Mrs. B. H. Baldwin have had all their children visiting them during the holiday season except the Godfrey Baldwins, who were expected to arrive Thursday. TIM TYLER'S LUCK

by Lyman Young and Tom Massey

TIM, WE COULD CAPTURE THOSE GUNRUNNERS AND PREVENT A TRIBAL WAR!

NOT YET, SPUD—BY FOLLOWING THEM WE CAN LEARN WHERE THEY STORE THE STOLEN FIREARMS!

KEEP DOWN—THEY'VE HALTED!

THE GUNS AND AMMO ARE FROM A NADUWA JUNGLE PATROL ARSENAL, KING NAGANA!

I BUY THEM ALL AND PAY WITH GOLD!

WITH THEM YOU CAN WIPE OUT YOUR ENEMIES, KING!

IT IS ONLY CHIEF BATOOMA AND HIS WARRIORS I WISH TO DESTROY!

LET'S JUMP 'EM NOW, TIM!

WE'RE OUTNUMBERED, SPUD—AND BESIDES I HAVE A BETTER PLAN—

WE'RE GOING TO HAVE THAT NATIVE KING AND HIS WARRIORS CAPTURE THE TWO GUNRUNNERS FOR US, AND THEN LOSE ALL THOSE GUNS THEY JUST BOUGHT, SPUD—

ER—WOULD YOU MIND REPEATING THAT, BUDDY BOY?
