International Harvester Company
 Dealer Price Reduction Advertisement, March, 1947
 (2481)

INTERNATIONAL HARVESTER says:
"Any price is too high if it can be reduced."

We second the motion We'll do our part!

International Harvester has reduced prices to save users of its products \$20,000,000 a year. The reductions apply to a selected list of various products made by the Company.

In making its announcement to the general public last week, International Harvester said:

"We believe there is nothing more important to this country than to lower the prices of goods people buy.

"The American people have insisted that the government withdraw from its attempts to control prices in production. That places the responsibility where it belongs—in the hands of business and industry.

"Because we believe price reduction is vital, we are willing to assume the risks involved."
 As International Dealers we will do our part. We will pass International Harvester's price reductions to our customers.

Miss Margaret Ann Miller, Mr. Hook Are Wed in Church Ceremony Sunday

In the presence of close friends and relatives, Miss Margaret Ann Miller, daughter of R. B. Miller, became the bride of Ward Lloyd Hook of Vega, son of Mr. and Mrs. W. L. Hook of Portland, Ore., Sunday afternoon at 4 o'clock in the First Presbyterian church.

The marriage rites were read by Rev. R. A. Winger, pastor, before the altar arranged in a green and white setting of lilies and white stock accentuated by fernery with tall white candles.

Flanking white tapered stands at each side of the altar. Tapers were lighted by Wayne Thomas and Charles McLeroy of Canyon.

Preceding the ceremony Miss Mary Hodges of Canyon played a medley of nuptial music and accompanied Mrs. Ray Moore of Canyon who sang, "Thine Alone." Miss Hodges played the "Wedding March" from Lohengrin by Wagner to announce the entrance of the bridal party.

Mrs. Waldron Melton, matron of honor, entered first, attired in a pink jersey dress, fashioned with draped bodice and full skirt. She wore long white gloves

and carried pink gladioli tied with pale blue satin ribbon. Charles Murphy of Canyon was best man.

The bride, who entered on the arm of her father, wore white brocaded satin. Her gown was made with fitted waist and full pannels which fell into a train. Her veil of English illusion was held in place by a coronet of orange blossoms worn by her mother at her wedding. She carried white gardenias atop a white prayer book.

Immediately after the ceremony the couple left for an overland trip to New Mexico. The bride traveled in a white woolen suit with black accessories and gardenia corsage.

Out of town guests at the wedding included Miss Betty Miller and Miss Helen Hicks of Oklahoma City; Mr. and Mrs. J. P. Miller and son of Vega; Mr. and Mrs. H. T. Miller of Tulsa, Miss Barbara Brotherton, Amarillo; and Miss Sada Ruth Hoskins of Canyon.

Mrs. Hook attended Hereford schools and is a senior student at West Texas State college, Canyon.

Mr. Hook attended West Texas State college and is now employed with the Continental Oil company in Vega, where the couple will reside.

Mrs. Alexander Reviews Book For Study Club

Mrs. Lee Benefield was hostess for the meeting of the Bay View club held Thursday afternoon. Mrs. Colby Conkright conducted the business meeting.

The program was in the hands of Mrs. D. H. Alexander who selected a current novel for review, and Mrs. E. W. Harrison who told of the life work and achievements of the author.

Mrs. Alexander chose, "The Bulwark," by Theodore Dreiser, and in giving something of the author's life, Mrs. Harrison told of his first book, "Sister Carrie," and pointed out that critics have classed him as the greatest American novelist, although his books are too long. His style of writing is such that no one has been able to copy it and his latest book, "The Bulwark," is considered his best, Mrs. Harrison said.

In giving the review Mrs. Alexander said in part, "The essential conflict in 'The Bulwark' lies in the problems of a devout Quaker whose life and beliefs are shattered by the materialism of the twentieth century Americans. Because he fails to understand the new generation he sees a questioning of his faith in the worldliness of his

Bunnies Used To Symbolize Season

Scottish Rite Ladies club was entertained Monday evening in the home of Mrs. O. L. Click with Mrs. Robert Wagoner as co-hostess for the party.

Decorations observed the Easter season as appointments for games carried Easter symbols and the table centerpiece emphasized the season with pink bunnies and pastel sweet peas. Mrs. Henry Sears played high for the award in contract games. Those present were Mesdames D. C. Barnard, Lyle Blanton, Jim Black, Ray Conaway, Herman Ford, Hershel Miller, J. C. McCracken, Ernest Medkief, Troy Moore, A. L. Manjeot, Chas. Noland, J. B. Noland, A. Peterson, Jimmie Robinson, Henry Sears, Sylvester Slagle, Morris Thompson, Liston Wilson and the hostesses.

CARD OF THANKS

Words fail to express our feelings when trying to thank the many friends who so untiringly helped to cheer the last months of illness of our beloved mother and grandmother. To the nurses doctors, and the many friends who stood by her so faithfully during this time, may we offer our sincere gratitude and deepest appreciation.

own children. He blames himself when his children stray from his faith and hovering on the brink of complete spiritual disillusionment, he undergoes an intense religious experience, out of which comes the knowledge that his troubles are small in comparison with God's mercy and that the secret of true living is love.

Those present were Mesdames: D. H. Alexander, J. R. Allison, R. M. Benson, Eshe Cardwell, Colby Conkright, H. G. Conkright, Herman Ford, Howard Gault, E. W. Harrison, A. M. Jones, J. W. Kirby, Paul Mathers, G. A. F. Parker, Roy Ford, the hostess and a special guest, Mrs. George Graham.

**Friday Night Council Fire Concluded
Camp Fire Birthday Week Celebration**

Climaxing the birthday week of National Camp Fire work, a Council Fire program was held at the high school Friday night. Four Camp Fire groups presented the program arranged around the theme "Citizens of One World." Groups represented were Shishtinta (Maiden of the Plains), Dakonya, (To Be Friendly), Chu-De-Naang (The Sun Shines Out) and Aowakiya (Band Together for a Purpose), with Mrs. Elmer Patterson as program director.

Mrs. Bob Wilson opened the program by reading the preamble to the charter of United Nations which gave the basis for the program theme. Swiss and German folk songs were presented by the Camp Fire Girls to emphasize the birthday theme "Going Places," and Mrs. Homer Brumley, extension chairman of the local Camp Fire council, told of the 1946 birthday project "At Home in the World," and awarded honors to Ida Rae Bruson, Bety Cuipepper, Patsy Cates, Kathlyn Kester, Abbie Longbottom, Bobby Jean Drury, Sharon Dee Moore, Joan Moore, Margaret Sexton, Doris Stanfield, Lucy Wegner, Marian Jo Wilson, Betty Jean Hamilton, of Shishtinta group; and Marilyn Barkley, Nancy Owen, Billie Jo Hudspeth, of the Aowakiya group.

A flag ceremonial representing the four corners of the earth in friendly nations Council Fire was presented by Patsy Frye, Nancy Patterson, Marian Jo Wilson, and Naomi McOhee with Mrs. Phillip Barkley directing the singing.

Highlight of the evening was the awarding of an attendance prize of five dollars by the local council, to the group having the largest attendance of members and guests. The award went to the Chu-De-Naang group with G. O. Heard, president of the council, making the presentation.

In conclusion to the program a patriotic note was emphasized as the girls gave the salute to the flag and sang "America the Beautiful."

**Mrs. Edmonson
Is Hostess**

A program on "Value of Culture in the Home" was featured at the meeting of the L'Allegra club Thursday, in the home of Mrs. H. L. Martin with her daughter, Mrs. James Edmonson as hostess and Mrs. V. C. Hopson as assistant hostess.

Mrs. Robert Lemons discussed the topic "Religion in the Home" followed by "The Home Life of Great Composers," as told by Mrs. P. E. Hagans. Mrs. Gerald Gollehon discussed "Poetry in the Home."

The next meeting was announced for April 3, in the home of Mrs. W. L. Davis, Sr., with Mrs. W. L. Davis, Jr., as hostess. Members present were Mesdames: Delbert Bainum, Darrell Blanton, W. L. Davis, Jr., Bartley Dowell, James Edmonson, Paul Foster, Gerald Gollehon, P. E. Wyche H. D. Club Meets

Wyche Home Demonstration club met in the home of Mrs. G. W. Newsom Thursday afternoon. The Newsom yard which had recently been landscaped provided an interesting demonstration as the reasons for planting particular shrubs in particular places were outlined.

Mrs. Curtis Traweek conducted a business meeting when plans were made for a bridge tournament to be sponsored by the club. A contribution was made to the American Legion Auxiliary to help defray expenses of a girl to "Girl State" in Austin in June.

Mrs. H. H. Caraway told of flower legends and named each state flower. A shower of gifts was presented to Mrs. Lois Whitaker.

Among those present were Mesdames: N. G. Ellison, R. W. Ellison, Curtis Traweek, E. C. Hewitt, Jr., Geo. Robertson, A. E. Jury, Lois Whitaker, H. H. Caraway, Ira Scott, V. P. Walker, E. C. Baker, Paul Wilson, Ira Oke, and Mrs. Leo Forrest, a guest.

The next meeting will be held on April 3 with Mrs. N. G. Ellison.

CARD OF THANKS

I do want to thank all who have been so good to me in my long illness, especially Brother and Sister Eldridge, and Dr. Nobles. Let us forget, let us thank our Heavenly Father for it all. I cannot tell in words of the good things that were said and done by all the good people. May God bless each one of these. One who will not forget.

Charter Signed For New Sorority

Signing the charter by eleven charter members of Beta Eta chapter of Sigma Alpha, national organization of American women, highlighted the program at the meeting held Monday night in the home of Lilly London, president.

Instructions from headquarters were read and discussed and plans for the coming year's program were discussed.

Committee chairman appointed were Adeline Koelzer, social chairman and song leader; Juanita Kelly, contact chair-

man; Bess Hagar, ways and means; Frances Young, program.

Announcement that the name "Beta Eta" had been assigned to this group was made and the program chairman asked that all members familiarize themselves with the closing ritual of by-laws.

The next meeting will be held with Virginia Adams on April 14.

Those attending Monday night's meeting were: Marcie Koelzer, Virginia Adams, Ella Mae Martin, Jane Harris, Ruth

Music Students Are Rated At Festival

The North Plains division of the Junior Competitive festival of the Seventh district Texas Federation of Music clubs, was held in Hereford Saturday afternoon at the First Methodist church. Miss Mattie Mae Swisher, Seventh district director, was in charge of the program. Rev. Uel D. Crosby gave the invocation, Robert Thompson and Mary Helen McGilvary gave the welcome.

In order to accommodate music students over the district, a similar competitive festival was held in Lubbock on that date with Mrs. A. C. Bowden, district counselor, in charge.

Of the thirteen entrants in piano, four received superior rating. They were Evelyn Benson, Joyce Harlow, Mary Ruth Strange and Wanda Sue Wimberley of Dawn.

Of the forty-seven vocal students

Pickens, Gwendolyn Springer, Frances Young, Adeline Koelzer, and the hostess.

Farewell Party Given

Three neighbors of Mrs. B. R. Dixon entertained Friday afternoon at a tea as a farewell affair to compliment Mrs. Dixon who with her husband is moving to Lubbock. Hostesses were Mrs. Joe Reinauer, Mrs. Harry Seed and Mrs. Eddie Reinauer.

The guests met at the home of Mrs. Joe Reinauer and went together to the country home of Mrs. Eddie Reinauer where an Easter theme was evident through the use of spring flower arrangements in decorations. The tea table was centered with daffodils and white stock in a line arrangement flanked by white tapers. Mrs. Eddie Reinauer poured.

Mrs. Harry Seed and Mrs. W. J. Stanford gave informal entertainment of piano music and an handkerchief shower in the form of an Easter basket was presented to the honor guest. The basket was filled with bright colored Easter eggs with an handkerchief tucked within each egg.

Those attending were Mesdames W. B. Green, Walter Easter, Harry Lucas, W. J. Stanford, Earl Phillips, O. L. Click, Jimmie Robinson, A. R. Rogers, Fred Reinauer of Oklahoma City, Mark Benefield, Ira Foster, the honoree and the hostess.

 BY MRS. MERLIN KAUL
 Margaret Ann Scott, eight-year old daughter of Mr. and

Mrs. Scott, escaped serious injury Sunday morning when she dropped the rein of the bridle on a horse she was riding. The horse ran several times around the pasture until stopped by Hubert O'Connor. Mar-

garet Ann said the rein was just out of her reach and she could not fall off as her foot was caught in the stirrup. Mrs. Scott, on seeing the runaway, started after the horse in the car and Mr. Scott started running to catch it. Margaret Ann fell exhausted into the arms of her rescuer and spent the remainder of the day in bed. The fright and the run to catch the horse proved almost as bad for her father who likewise was laid up ill for the rest of the day. Margaret Ann was able to go to school on Monday.

Mrs. Gene Roach of Tatum, N. M., spent the week end with her mother, Mrs. Bess Werner. Mrs. Joe Landers, Mr. and Mrs. Roy Landers, and R. M. Gunn of Hereford attended the funeral service for Henry Taylor at Olton last week. Mr. Taylor was 82 years of age. He has often visited in the Gunn and Landers homes here. He was an uncle of Mrs. Roy Landers.

Representative and Mrs. Sykes of Tucumcari, N. M., and their two sons were guests one night last week of Mr. and Mrs. A. A. Head and Harold. They also visited their daughter, Mrs. H. C. Clouch and Mr. Clouch who have been living on the O'Brien ranch for the past year. Mr. and Mrs. Clouch moved last to the Sykes ranch in Arkansas.

Mr. and Mrs. H. M. Thomas have leased their farm here to Mr. and Mrs. Tom Clay who will move here at once. Mr. and Mrs. Thomas will move to Hereford. Mrs. J. E. Morrison and Marvin of Hereford were supper guests last Thursday night in the Clarence Morrison home. Mrs. Morrison, who has been ill, had not visited in her son's home for a year.

Electric Appliance Co.
 Hereford, Texas

After the blizzard of last Wednesday afternoon, Sunday brought high spring temperatures. Spring seems definitely to have arrived with the blooming of the pussy willows, the crocus, and the appearance of many other spring flowers. The wheat in this vicinity looks mighty good these days.

Another irrigation well is being drilled this week on the Herman Neff farm east of the Westway store. This makes three wells now on this section. Mr. and Mrs. Jimmy Thomas and baby have recently moved to the Neff place where Jimmy will work this summer. The Richard Connallys also live on the place.

Mr. and Mrs. Elmer Combs and boys spent the week end with relatives in Plainview.

Mr. and Mrs. Bill Rudd, Oscar and Myrtle Lee of Spring Lake were visitors Sunday in the Paul Rudd home.

DEAR DIARY:

I appreciate the confidence with which some of my readers believe in my abilities—for instance several have asked me what I thought the weather was going to do—but, having lived on the plains for almost all my life, I decline to make any weather forecast whatsoever.

Received this week: Large shipment of Presto Cookers—enough, I think to take care of most everyone. Wrist watch type compasses—canskins—sheath knives—Bout knives—nice binoculars with leather carrying case and strap—ideal for bird study or other work requiring a good clear glass—the price is a bargain at \$7.95. The first shipment of Phillips heavy aluminum wares—the GUARANTEED ALUMINUM, including chicken fryers, Dutch ovens, percolators, covered kettles and other pieces. This is the famous line which was carried before the war, and it is heavier and better than ever before.

Received a nice lot of BGA Victor classical albums and several copies of Victor Book of the Symphony. Let us help you with your selection of music by the masters as recorded by BGA.

Summerfield

BY MRS. GUY WALSH

Mr. and Mrs. J. W. Stewart and family were called to Denton Monday to the bedside of his father, who was ill.

The young people enjoyed a party Friday night at the home of Mr. and Mrs. Carl Lee.

Summerfield school was attended by 66 Sunday morning. Rev. T. P. Lee, new pastor, was absent, so Rev. Harper of Hereford preached at morning and evening services. Several visitors were present.

B. E. Johnson and Lloyd Longhull held the school election Tuesday.

A new irrigation well is being dug on Charles Noland's place at Summerfield.

Mrs. B. E. Anderson, Mrs. Charles Noland, Mrs. J. B. Noland, and Mrs. Guy Walsh and several others attended the general meeting in childrens hall Wednesday and Thursday.

Mrs. Lee Curry spent the week end at Childs Saturday night with Mr. and Mrs. J. D. Masie, and attended the Book Sunday service at the Methodist church, with dinner at the community house; and the special service Sunday afternoon for members of the Methodist church there.

Mrs. Curry talked on organization of the church which was formed in May, 1939.

Mrs. W. A. Powell spent several days last week with her daughter-in-law, Mrs. W. F. Powell, in Amarillo. Mrs. W. F. Powell is ill in the hospital there.

Mr. and Mrs. Lee went to Louisiana on business last week. Leason and Richard Clark and Betty Noland were among the wage students presented in the book festival at the Methodist church in Hereford Saturday. Leason was rated superior, Richard excellent, and Betty was rated superior in the primary class.

Mr. and Mrs. L. H. Lockhart, Jr., are the parents of a baby boy.

Study Club Meeting Held

Mr. Nino Study club met for a lesson in the home of Mrs. Ben Keall, Tuesday evening. Mrs. Ben Children was in charge of the program, giving a demonstration of the topic "The Development of Character in Children."

Mrs. W. H. Patton was welcomed as a new member of the club.

NEW OFFICERS OF PANHANDLE HIGH SCHOOL PRESS

New officers of the Panhandle High School Press Association for 1947-48 are, left to right, Don Lane of Pampa, president; George Bob Vick of Amarillo, vice president; Marilou Williams of Plainview, secretary; and Mitchell Jones of Canyon, treasurer. Lane succeeds Cherry Ann Forrest of Hereford as President of the Association.

High Plains Water Users Association Holds Meeting at Lubbock to Map Battle Plans

Plan Study of South Plains Irrigation

The Texas Agricultural Experiment station, assisted by other State and Federal agencies, is beginning a study of water utilization and related problems on irrigated farms on the High Plains.

Purpose of the study is to develop information pertaining to irrigation practices, related production, and production requirements and costs.

W. C. McArthur, economist in Farm Management, will be mainly responsible for collection of information, and will make his headquarters at the Lubbock Experiment station.

He will be assisted in getting the work started, and at other peak and periods during the course of the study, by other members of the Experiment station staff and representatives of the Federal Bureau of agricultural economics.

Information will be obtained through the co-operation of 175 or more operators of irrigated (Continued on Page 8)

A meeting of directors of the High Plains Water Users and Conservation association was held in Plainview Wednesday of last week to map battle plans for a show-down fight against the new Irrigation Control bill recently dumped in the Legislative hopper in Austin.

W. O. Fortenberry, president of the association, called the special session to acquaint members with the provisions of the new bill, and called for a finish fight against the bill.

House Bill 606, introduced in the Texas House of Representatives by Rep. Jameson of El Paso, proposes out-right State control of all underground irrigation waters in Texas.

The new bill was drafted by J. G. Dennis and Frank B. Clayton of El Paso, and introduced in the House by the El Paso representative. It vests control of all irrigation in Texas in the State Board of Water Engineers, and provides for drastic restrictions on the use of irrigation water and the drilling of wells, setting up heavy penalties for violations.

A similar bill, introduced in the Legislature by the representative from the Winter Garden district of South Texas shortly after the opening of the session in January, was killed early this

month in committee after the High Plains Water Users, joined by other farmers organizations, had lodged a powerful protest.

The new bill was explained before the Plainview meeting last week by Captain Winfield Holbrook of Plainview. Holbrook pointed out that the new bill is probably worse than the first, since it proposes outright state control.

The bill is expected to go to the State Affairs committee, where its predecessor, House bill 80, met an early end last month when it was shunted into sub committee after a public hearing at which Plains irrigation interests were represented.

A public hearing on House bill 606 is slated in the State Affairs committee for April 1.

President Fortenberry called on the High Plains association to make another all-out fight against control regulation when the new bill comes up in committee hearing, with the hope of killing this bill as well in committee before it ever reaches the floor of the House.

Plains legislators, including Senator Grady Hazelwood, of Amarillo; Senator Parrish of Lubbock, and Representatives Blake Timmons, I. B. (Doc) Holt, and Smith from the High Plains (Continued on Page 8)

Chorus Will Stage Easter Cantata Here

Easter Pageant At Plainview On April 6

PLAINVIEW, March 25. — In response to the many requests made by West Texas citizens and their whole hearted acceptance of last year's production, the Plainview Council of Church Youth will again present a Sunrise Easter Pageant in Plainview on Sunday morning, April 6. Mrs. Louis F. Caddell announced this week.

Last year's pageant, the first of its kind to be held in Plainview, drew an attendance of approximately 4,000 people. The success of this initial production and the fact that it was acclaimed one of the first non-professional performances ever presented in West Texas, has prompted Plainview sponsors to anticipate an overflow attendance this year. Mrs. Caddell said.

This year's pageant, which will again be held in the high school stadium, will be much more complete than last year's. The cast will be larger, including 100 young people. New and impressive scenery will be used. All scenery and equipment is made by the Church Youth of Plainview, and all characters are portrayed by the young people. The pageant depicting various scenes from the life of Christ, His death and resurrection will again be under the direction of Mrs. Louis F. Caddell.

Howard Byars, president of the Council of Church Youth, is general chairman with Lady Joy Hines assisting him as co-chairman.

Special music will be furnished by the high school and junior high A Cappella choir; a choir composed of grade school students; and the Men's Chorus of the First Methodist church. (Continued on Page 8)

WINNERS IN HIGH SCHOOL PRESS CONTESTS

Winners in Panhandle High School Press Association contests this year, left to right, above, are: Merthadene Dueterhaus, Phillips High Echoes editor, who holds the plaque for the best mimeographed paper; Erial Jean Tucker, White-Deer News-Review, best printed paper; Jim Stallings, editor of Lubbock's Western World, best sports column and story; Bettye Smith, Amarillo, best general column; Billy Roberson, Amarillo, best news story; and Naneen Campbell, Pampa, best feature story.

Over 140 Gridders and Guests at Annual Football Banquet; New Captains Named

Members of the 1946 Whiteface football team, their dates, parents, and special guests... about 140 people in all... made the annual Football Banquet, held at the First Christian church last Friday night, a gala affair.

The banquet was given by the Football Mothers club, of which Mrs. J. E. Dyer is president this year.

Cecil Hunter, better known as "Stuttering Sam," of Amarillo made a surprise appearance as the guest speaker of the evening, and literally "rolled them in the aisles" for three-quarters of an hour.

Hunter, who has gained fame as "Stuttering Sam" on Cal Farley's Amarillo radio show, was introduced as "a former All-American football player," and led off with his famous stuttering act, climaxing his program with a series of imitations; and kept his audience in an uproar throughout.

Suppl. George Graham acted as master of ceremonies for the banquet.

Highlight of the evening was the traditional election of 1947 captains by the Whiteface lettermen.

The poll was conducted by Coaches H. V. Stanton and Dalton Criswell.

Neely Kimbrough, regular tackle for the 1946 team, and Leo Hennington, speedy half-back, were elected by their team

Monday Is Deadline for Entries In \$25 Sign Designing Prize Contest

Next Monday is the deadline for all entries in the Chamber of Commerce \$25 sign designing contest. Entries must be in the Chamber of Commerce office before closing time Monday afternoon to be considered for the prize.

Entries so far have been coming in slowly. Chamber of Commerce Secretary Pete Cowart reports this week. Only a few designs have been submitted, and the sponsors are hoping for a flood of entries before the closing date.

Twenty-five dollars in cash is to be awarded the winning designer. The design selected will be used on five highway signs to be erected by the Chamber of Commerce on highways entering Deaf Smith county.

One large sign will be placed on Highway 60 near the intersection with Main street in Hereford.

Purpose of the signs is to advertise Hereford and Deaf Smith county to all travelers. The Hereford Lions club, Rotary club and Business and Professional Women's club are co-operating with the Chamber of Commerce in sponsoring the project.

The county is open to all residents of the county. Sketches or suggestions for the signs should be submitted to the Chamber of Commerce office, located over the First National Bank building, in person or by mail not later than next Monday. All designs become the property of the Chamber of Commerce and none can be returned.

The winning design will be chosen at a meeting of the Board of Directors of the Chamber of Commerce next Monday night, and the winner will be announced next week.

Program Is Scheduled Next Sunday

The high school mixed chorus of 82 voices will present an Easter cantata entitled, "The Redemption's Song," by Fred B. Holton, under the direction of Miss Thelma McMinn on Palm Sunday evening, March 30, in the First Baptist church at 8 o'clock at which time the public is cordially invited.

The program will consist of solos, duets, and sextet numbers, as well as chorus numbers, both accompanied and A capella.

"The group has shown much progress since the beginning of the term, but we hope to accomplish even more before the closing of the school term. It has been a pleasure to have charge of this group of enthusiastic students and to present them in programs on various occasions," Miss McMinn said this week.

The members of the mixed chorus are: Johnnie Anderson, Beverly Barkley, Dale Barkley, Mary Lou Benson, Lamerias Berryman, Jaynice Ann Boston, Barbara Boyd, Colline Brown, Bill-Bradly, Jack Brumley, Barbara Burney, Nancy Cagle, Mary Kathryn Carroll, Fred Close, Joyce Childers, Caren Conklin, Aloie Jo Cox, Elaine Cox, Kathryn Davis, Don Davison, Reba Dones, Frances Duggan, Orene Duggan, Vilma Duggan, Mary Catherine Edwards, Genevieve Erdman, Wiley Ewton, Carl French, Linnea French, Gayle Foster, Helen Green, Louise Green, Virginia Green, Florence Goldston, Phil Goldston, Gullista Gunstenson; Ramona Gunstenson, George Hamilton, Liburn Hamilton, Sam Hershey, Edna Marie Harris, Bettye Kathryn Hodges, Audrey Hood, Mary Kay Hoff, Jo Anne Jett, Diane Jowell, Alan Faye Knox, Paula Mathers, Mary Jo-Mathies, Alice Morgan, Anne Morgan, Beth Morris, Sam McLallen, Jacqueline Newell, Sarah Beth Owen, Eriena Phillips, Martisha Ramey, Katherine Ridgeway, Betty Robbins, Gayle Roberson, Susie Rogers, Glenn Russell, Mary Beth Scott, Jeannine Singletery, Bobby Jane Sisk, Patay Slagle, Doris Jean Smith, Margaret Sowell; Donna Jean Stagner, Martha Thomas, Elaine Thompson, (Continued on Page 8)

Forecasts Near Record Wheat Crop

The U. S. Department of Agriculture is forecasting a 1,211,000,000 bushel 1947 wheat crop in the United States. The Department's official forecast was issued last week and is a national farm crop of three billion bushels.

The Department's wheat crop forecast for 1947 is slightly higher than the 1,185,715,000 bushel, the highest pre-war average production. Wheat yield in 1946 totalled 1,185,715,000 bushels, the biggest crop in U. S. history.

The 1947 estimate is based on planting of spring wheat, which is estimated at 19,200,000 acres, plus last December's official production on winter wheat, which was 946,577,000 bushels.

Refinancing Bill for Palo Duro Park

A bill to authorize the State Parks Board to issue \$300,000 in revenue bonds to re-finance debts against Palo Duro State Park was sent to Governor Jester for his signature last week end, following joint Senate-House concurrence on amendments to the measure.

The measure will take the Texas Panhandle's only state park off the auction block and guarantee its continued operation as a public park.

The bill provides for re-financing of the outstanding debt against the park at three per cent interest.

Despite no general opposition, the bill had rough time getting through the Legislature. It had passed both Senate and House once earlier this session, and was called back from the governor's office for adoption of new amendments.

Both House and Senate adopted the revised version unanimously last week and before sending the bill again to Jester's office, where the Governor was expected to sign it as a routine measure.

Amendments to the bill created a leasing board, composed of the Attorney General, Land Commissioner, and the chairman of the Texas Park Board. All grazing-lease money will go to Palo Duro Park for improvement and operation.

Revenue from mineral leases or oil production will go toward paying off the bonded indebtedness of the park, and after the indebtedness is paid, half the income goes to the park main-

Donley County to Have Irrigation Test Well Soon

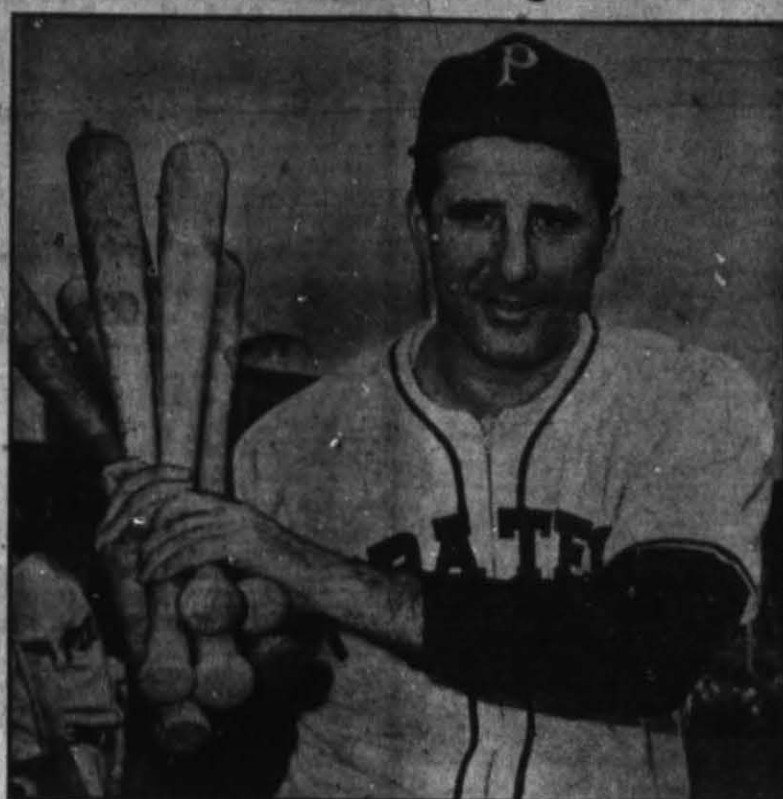

CLARENDON, March 21.—An irrigation test well in Donley county is scheduled to start next week.

The Board of Directors of the Donley County Irrigation association voted last week to pay two-thirds of the cost of the test well. The farmer-owner will pay the remaining one-third, and agree to assume the entire expense if the well logs 700 gallons per minute or more.

The well will be logged by D. L. McDonald of Amarillo, pioneer in West Texas irrigation. The board voted to put down the first test well on the Lon Rundell farm located in the Martin community.

tenance fund and half to the special fund of the parks board.

Why we ask people to take party-line telephones

Bringing telephone service as quickly as possible to thousands of people waiting for it in the Southwest is our Number One job. One way we are doing it is by furnishing party lines to residence customers. This makes it possible for limited amounts of telephone equipment to serve more people.

After everyone who wants service has it, then we can begin the job of providing the kind of service you want when you want it.

IF YOU HAVE PARTY-LINE SERVICE

...you can get the greatest value from it by doing these simple things:

1. When you have several calls to make, allow a little time between them. That gives others on the line time to make or receive calls.
2. If the line is in use when you try to call, please hang up quietly. Wait awhile before trying again.
3. If you have children, teach them how to use the party line properly, too.

Marine Corps Will Close Amarillo and Altus Recruiting

Captain James W. McIlwain, officer in charge of Oklahoma City Recruiting district, announced today that beginning April First, all men enlisting, re-enlisting or extending their present enlistments in the Marine Corps, will be required to obtain their parents consent if under 21

years of age.

In the past parents consent was not required by men 18 years of age or over. Captain McIlwain also announced that certain restrictions in the present recruiting program will necessitate the closing of sub-stations in Altus, Oklahoma, and Amarillo, Texas on March 31st. Sub-stations at Tulsa, Oklahoma and Albuquerque, N. M., will remain open, he stated.

Chemical Engineers to Stage Show At Texas Tech College April 18-19

LUBBOCK, March 25.—Chemical engineering department exhibits during the Texas Technological college engineers show April 18 and 19 are expected to be among the most spectacular of any in the show. Will Gillett, Lubbock senior in charge of the demonstrations, says.

The main part of the chemical engineers' show will be in the chemistry building auditorium in 30 to 45 minute demonstrations of examples of chemical magic, Gillett says. A number of students will be working in chemistry laboratories at that time, also.

Spectacles to be demonstrated in the main auditorium include properties of liquid air, demonstrations of fireless cigarette lighters, color transfer through a wire, glass distillation column showing fractional distillation of petroleum, an ammonia fountain and fluorescent chemicals of various types and properties.

Other exhibits of this department will show operation of die and press in making plastic souvenirs ash trays, spectrographic analysis of compounds to determine elements present, refractometer methods of determining relative concentration of materials in solution, electro-plating of small objects, photography, exhibits, plastics exhibit, and potentiometer titration, showing the uses of electric current to determine acidity of solutions.

B&PW Style Show Held on March 18

Hereford's Business and Professional Women's club presented its second annual Style Show Tuesday evening, March 18, at the high school auditorium.

Corinne Jennings, president of the club, directed the show, which featured spring styles in clothing from local stores, and hair styles by local beauty shops. Club members who acted as models were Lillye London, Virginia Adams, Jane Harris, Gwyn Springer, Ruth Pickens, and Mary Dyer.

Robert Thompson acted as master of ceremonies for the show.

Construction of New Tech Stadium Is Now Underway

LUBBOCK, March 25.—Construction of the new 16,000 seat concrete and steel stadium at Texas Tech has been started and officials of the building, Old-Midwestern Construction company, say work will be completed in time for all home Tech games to be played on the new field this fall.

Ground for the new structure was officially broken March 17, with Lubbock and Tech officials and members of the stadium committee taking part in ceremonies. Turning dirt were President W. M. Whyburn of Tech and Mrs. Clifford B. Jones, wife of the president emeritus of the college. The stadium will be called the Clifford and Audrey Jones Stadium, in honor of Dr. and Mrs. Jones. The playing field will be completed first.

School Kids Who Plan Summer Jobs Should Check Up on Child Labor Laws Regulation

If you are one of the hundreds of school kids who expect to gain work experience during vacation months, the U. S. Department of Labor says there are certain things you should know and do.

Mildred Dougherty of Dallas, who heads up the Child Labor and Youth Employment branch of the department in this neck of the woods, says, "We are anxious that students from 14 to 18 years get suitable work experience before graduation, because it helps when they go out to get a permanent job."

"However," she continued, "there are certain rules governing the employment of youths under 18 which not only the youths should know, but employers as well. A Federal law, called the Fair Labor Standards act, has provisions in it that apply to the ages at which young people may work, and one of the first things you should do is to get a copy of your birth certificate, since you will need it to secure a Federal certificate of age. In most communities you can get help in applying for your Federal certificate of age from your school superintendent or the employment service office. If they cannot help, write to the Child Labor and Youth employment branch of the U. S. department of labor at 508-1114 Commerce street, Dallas, Texas.

Students will find that there are two kinds of employment: that which is covered under the Fair Labor Standards Act and that which is not. If you are to work in covered employment, your employer should secure and keep on file a certificate of age specifying the occupation and hours you are to work. To get this certificate of age you and your employer-to-be must fill out an application form and you must have a birth or baptismal

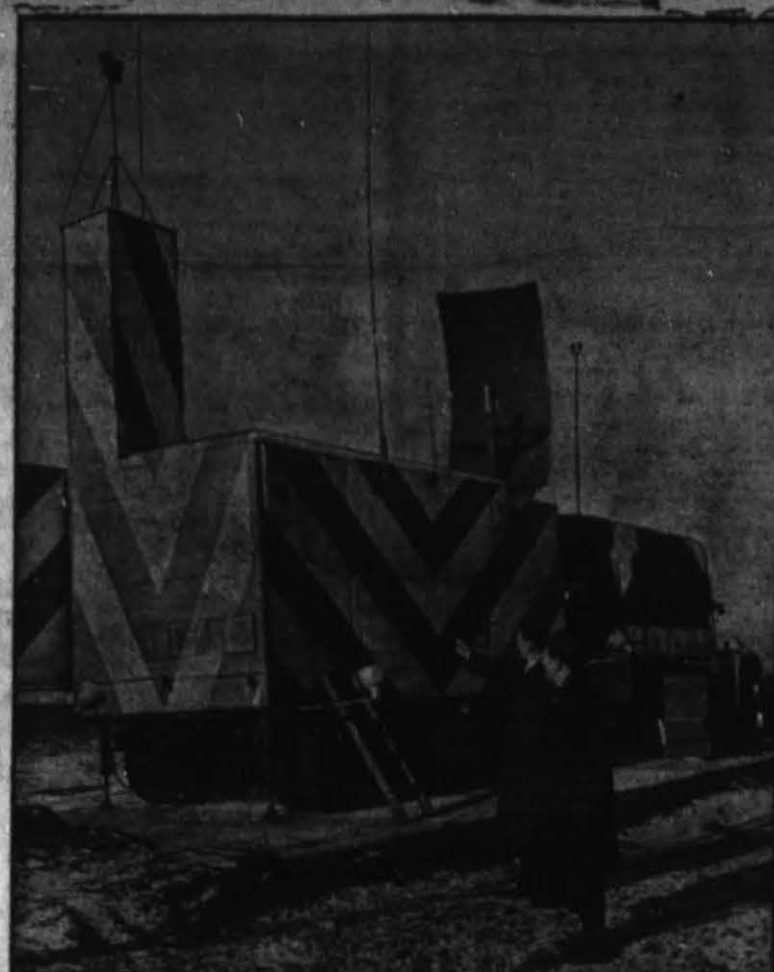

certificate to prove your age. Covered employment simply means that you will work for an employer who makes or delivers goods which will be shipped across state lines. If you work for a company of this type, for instance, a cannery, you must be at least 16 years old. In some companies there are occupations which are too dangerous for kids to work at and in those occupations, you must be at least 18 years of age.

There are some other things you should remember if you are under 18. You cannot, by law, work outside of school hours for more than three hours a day on any school day and cannot work more than eight hours on any day when school is not in session. You cannot work more than 18 hours in a week if school is in session or more than 40 hours in any other week. Also, all of your work must be performed between 7:00 a.m. and 7:00 p.m.

Now, here is an important thing to remember, because if you do not your employer might get hauled into court and fined, and that is that you have to be 16 years or over to work in a job of manufacturing, mining, or processing, including occupations requiring any duties in work rooms where goods are manufactured, mined, or otherwise processed. You must be 18 or over to work on power-driven machinery, such as operating an elevator or diving or acting as a helper on a truck. You must be 18 to operate any power driven wood-working machinery.

There are lots of jobs which do not come under the Fair Labor Standards Acts, such as

Suicide Creation

San Mateo, Calif., Deputy Sheriff George Krehl examines the unusual suicide weapon mentally ill George Kommeroh, 43, used successfully. It resembles a medieval crossbow, and is made from a board, length of pipe, strip of springy wood. But instead of an arrow, Kommeroh shot a ball bearing into his brain.

clerking in stores which do not ship goods across state lines, or work in a grocery store or restaurant. You can always find out from the Wage and Hour office of the U. S. department of labor which jobs are covered and which are not, and in most cases your employer will know what the law is and will demand your certificate of age before he will even consider hiring you. But, like all other laws, there are some employers who do not know any more about its provisions than you do and do not take the trouble to find out. Then one fine day they come up with a law suit slapped against them for hiring youngsters in violation of the law.

If you are in doubt about any employment problem, you can probably get the answer by writing to Miss Dougherty at Room 508-1114 Commerce street, Dallas, Texas.

So, if you are planning to work this summer, maybe you should check into this thing, and by all means start the ball rolling now on your certificate of age.

ABILENE — Hardin-Simmons University students will be hosts to high school seniors from many schools in this section of the state when they entertain with Senior Day on April 26.

According to Professor W. C. Riddle, head of the committee for the occasion, every senior in Hardin-Simmons territory will be invited. He has requested that students on the campus give the seniors of their home towns personal invitations to attend. The committee here is working through the Women's Missionary unions of surrounding towns and a sponsored group will be present.

The day's activities will begin at 10:30 a.m. when an entertainment program will be given in Behren's Chapel. All departments and clubs of the univer-

Members attending were Mesdames H. T. Wedel, Anna Selbers, R. A. Habbings, Richard Frye, Adolf Frye, Earl Springer, Henry Trefel, and the hostess; and one guest, Mrs. Oriand Newell.

Plainview to Stage 20th Annual Dairy Show in April; Tri-State Exhibitors to Attend

PLAINVIEW, March 25.—The twentieth annual Panhandle Dairy show here April 12-13, a tri-state exposition covering Texas, New Mexico and Oklahoma, will attract probably the largest number of fine blooded dairy cattle in the history of the exposition, Raymond Lee Johns, manager, said.

Exhibitors will complete delivery of their entries to the dairy barns on Saturday, April 12. The next afternoon the Production contest will begin. From then until Friday afternoon when the annual Milking Shorthorn auction will ring down the curtain on the show, there will be entertainment, luncheons, banquets and daily judging of dairy cattle to keep the exposition moving at a fast clip.

The pageant at 7:30 Monday night, April 14, with crowning of the Dairy Show Queen as one of the highlights, will inaugurate a round of dances, banquets, bathing beauty revues and other attractions. More than fifty young ladies have been designated by firms and organizations to vie for the honor of Dairy Show Queen. The ex-

position royalty will be selected at a tea dance for princesses and their escorts Monday afternoon at Hilton Hotel.

The 4441 head of cattle shown last year more than filled the barns. With increased facilities and improved transportation since the 1946 show, officials of the association are looking for a record breaking entry list.

There will be departments for exhibit and contests for 4-H club and FFA members. The FFA cattle judging contest will launch Monday's show program.

Cattle will be shown in four divisions, Jersey, Milking Shorthorn, Helstein-Friesian and Guernsey, Wednesday is official Jersey day. That date calls for the annual Plains A. & M. exes and student roundup in addition to judging Jerseys and other events. Prize money totals \$3,057.00.

I. Walker Rupel, head of the dairy husbandry department of Texas A. and M., will judge Holstein-Friesian entries. A. W. Kohley, Naperville, Ill., will judge Milking Shorthorns. N. C. Fine, associate professor in the

Place Orders Now For Bale Ties Warns Collier

"The following information has been received from Washington, which indicates that farmers should place orders now for bale ties and accept delivery even though it will be several months before ties are needed. County committees should advise farmers accordingly," F. M. A. Secretary F. G. Collier reports.

"If we are to obtain an adequate supply of bale ties for use this year it is essential that the manufacturer produce at a maximum rate throughout the year. To assure this production farmers should place orders now with their dealers and accept delivery of bale ties as they become available. This action will enable dealers to order maximum quantities from fabricators without building up abnormal inventories.

The 1946 hay crop was the largest in history and even though 108,225 tons of bale ties were produced that year, farmers' needs were not met at harvest time and enormous tonnages of hay were stacked in the fields and stored in mows. Farmers continued to bale hay and straw from mows and stacks throughout the winter months of 1946 and well into the spring of 1946, and as a result, the normal carryover of ties was depleted.

The Department was aware of this situation and steps were taken early in 1946 to have mills run at capacity through the first and second quarters. How-

dairy department at Texas Technological college, Lubbock, Texas, will judge Jersey cattle. Wayne Thome, Ferryton, will judge the Production contest for the twentieth consecutive year.

above described tract of land, to his daughter, the said Maymie Lee Oliver; that thereupon the said Maymie Lee Oliver became the exclusive owner of said tract of land, through inheritance from her mother and through the will of her father, and thereafter the said Maymie Lee Oliver conveyed said tract of land to plaintiff, on the date hereinabove mentioned; that said Maymie Lee Oliver frequently signs her name Mamie L. Oliver.

Plaintiff alleges that notwithstanding his exclusive ownership of titles to said lands, a cloud has been cast upon his title to said lands by reason of the following facts, to-wit: that the said G. T. Oliver and wife had a son whose name was Gustavus Oliver, who, when about 15 years of age and during the year 1906, left the home of his parents, while living in Fort Worth, Texas, and never returned, nor did the said parents or sister ever have any communication, either by word, letter or otherwise, from said Gustavus Oliver; that a report came to said parents from a gentleman who purported to have known said Gustavus Oliver in the State of California, which report was that said Gustavus Oliver lost his life in the San Francisco earthquake in the year 1906 and that he left neither wife nor descendants surviving him; that due to the fact that the parents of said Gustavus Oliver and his sister have never at any time seen or heard directly from him, or from anyone who claimed to be his wife or a descendant, many years ago they concluded that said Gustavus Oliver was dead, and that he left neither wife nor descendants, and they have acted upon such belief for a number of years. Plaintiff says that an objection has been raised to the title to said tract of land by examining attorneys on account of the mysterious departure of said Gustavus Oliver, and that no definite proof has been afforded as to his death and that the facts concerning said Gustavus Oliver have interfered with the sale of said lands, and that such facts have created and constitute a cloud upon plaintiff's title to said lands, which plaintiff is entitled to have removed.

Plaintiff further alleges that he has acquired an matured limitation title to said tract of land under the five-year statute of limitation, as provided by Article 5509, Title 91, Vernon's Revised Civil Statutes of the State of Texas, in addition to his record title thereto, as hereinabove alleged.

Plaintiff prays for judgment removing cloud from title, and quieting title to said lands in plaintiff.

Issued this 21st day of March, 1947.

Given under my hand and seal of said Court, at office in Hereford, Texas, this 21st day of March, A. D. 1947.

AN IMPRESSIVE RECORD

★ Although tuberculosis is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of the century, tuberculosis led the list of diseases as the most frequent cause of death. Today it has dropped to seventh place. There is no reason why it should not drop completely from the list of important causes of death.

This splendid record has resulted from the combined efforts of many agencies. An enlightened public opinion with respect to the value of the physician's services has contributed immeasurably. Have that long-delayed physical examination today. We are prescription specialists.

ever, instead of increasing production, work stoppages in the steel and coal industries caused the mills to reduce first quarter production of 19,014 tons whereas it should have been 30 to 35 thousand tons. The absence of a normal carryover from 1945 and the low rate of production in the first quarter of 1946 caused a severe shortage of ties in every section of the country. Production was increased to 31,500 tons in the second quarter; 36,043 in the third quarter; and 37,200 tons in the 4th quarter, or a yearly production of 123,757 tons. (This figure does not include several thousand tons of coiled wire used for baling hay and straw). Judging from complaints received from both dealers and farmers, 1946 requirements were not met until late in November. It has been estimated that 1947 requirements will be 146,300 tons.

The production and distribution of ties this year will be entirely dependent upon trade practices with no government direction or allocation.

Collegiate Rodeo Planned at Hardin Simmons on April 18-19

ABILENE, March 24.—A two-day collegiate rodeo of bareback riding, bull riding, calf roping, team tying, wild cow milking, and all the allied sports of the rodeo will be held by Hardin-Simmons University in Abilene April 18 and 19, it has been announced by President R. N. Richardson. Schools of the Southwest are being invited to participate in it.

There will be four performances, two each day, at which students will vie against each

other in the sport of the ranch. Only students enrolled in school will be permitted to compete. Amateur rodeo association rules will be in effect.

Events to be staged and the entrance fees are as follows: barbecue bronc riding, \$3; bull riding, \$3; calf roping, \$5; team tying, \$6 per team; cutting horse contest, \$5; and girls' balloon contest, \$2. Additional events probably will be scheduled.

The Cowboy band, directed by Marion B. McClure, will give the

rodeo the typical western atmosphere with its peppy and Texas music.

Among the schools which are invited are University of Arizona, Arizona State at Tempe, Arizona State at Flagstaff, New Mexico University, New Mexico Military Institute, Texas State College of Mines, New Mexico A. & M. College, Texas Tech, West Texas State, Oklahoma A. & M., Oklahoma University, McMurray, Abilene Christian College, Howard Payne, Big Spring Junior College, John Tarleton, Texas University, Texas A. & M., Southern Methodist University, Texas Christian University, Texas State College for Women, North Texas State, Hardin College at Wichita Falls, and others. Members of the university staff who are planning the rodeo are: E. W. Ledbetter, general manager, Dean W. T. Walton, Boyce Evans, Cecil Smith, Janice Robertson, W. P. Wright, and Pete Olds.

farms, well distributed through the shallow water areas of Swisher, Hale, Floyd, Hockley, and Lubbock counties.

Although special emphasis will be placed on irrigation practices, complete information will be obtained for each crop and livestock enterprise.

Information pertaining to the organization of each farm to be studied is being obtained this month. A pre-seasonal measurement of the water level in each irrigation well on the farms being studied is also being made this month by representatives of the U. S. Geological Survey. Other measurements will be taken during the year.

Featured soloists are Miss Georgia Nixon, T.C.U. student, and Bob Patton, Wayland student.

The service will start promptly at 5 o'clock Easter morning. Chairs will be placed on the West side of the field to accommodate older people who prefer not to sit in the bleachers. Ushers will be on hand to seat the people, but it is suggested that all who attend have their own flashlights. This year's unusually early Easter prompts sponsors to suggest that those who attend bring blankets for extra comfort.

Tech Honor Roll Top Heavy With War Veterans

LUBBOCK, March 25.—Eighty-two per cent of the 211 men on the scholastic honor roll of Texas Technological college for the first semester were veterans of World War II, W. P. Clement, registrar, has announced.

The honor roll, including 274 students, 63 of them women, lists those who enrolled in 12 or more semester hours and ranked in the upper five per cent of the student body. There were 2,968 men enrolled in Tech last semester, 77.4 per cent of them veterans.

Of 41 students making straight A, 33 are men, 91 per cent veterans. There are 253 with an A minus average, including 55 women and 178 men, 81 per cent veterans. The honor roll lists 86 Engineering majors, 87 majoring in Arts and Sciences, 35 in Agriculture, 7 in Home Economics, 43 in Commerce, and 16 graduate students.

Ecuador Offers Free Land For American Settlers

The Republic of Ecuador in South America has announced a bid for colonists by opening up 124,000 acres of rich land for British and American colonization.

Every settler is to be given 124 acres of potential farm land, a townsite lot in one of two villages in the land concession, located on Ecuador's new all weather highway linking the concession with Quito, the capital of the republic.

Married men or heads of families may have twice as much land, 248 acres, as single settlers. The Ecuadorian government has passed laws providing that settlers will be exempt from taxes on agricultural developments on land for five years, and as a special concession to American and British settlers, will allow them to retain their national citizenship indefinitely.

Settlers will be allowed to bring in all their personal effects, household equipment, and farm implements free of duty. A special provision permits American and British citizens to become absentee owners of land in the concession. Further information can be obtained from Dr. J. M. Sheppard, Casilla 315, Quito, Ecuador, S.A., the government's co-intermediary.
