*Open Drive Here For Symphonic **Drama Donations**

A low pressure drive for funds to build a summer theater for symphonic drama in Palo Duro Canyon has begun in Hereford. Heading the drive for financial support of the areawide project here is Dr. H. A. Cavness.

He is being assisted by a large group of other Hereford residents who were named to the Texas Panhandle Heritage Foundation Development Fund.

Dr. Cavness said that about half of the \$350,000 sought for the project has been raised. This total amount will be used to construct the amphitheater, purchase costumes and provide operating funds for the first year of operation.

Planned is a thousand-seat open air area in the Canyon blending with the natural surroundings of the area.

Pulitzer prize-winning author Paul Green is writing the script now. Some of his shrine dramas have been produced each summer for the past 10 to 20 years. providing additional income through a vast tourist trade.

Assisting Dr. Cavness on the drive here are: Mr. and Mrs. Leroy Aven, Mr. and Mrs. H. C. Baird, Mr. and Mrs. Ivan Block, Mr. and Mrs. Russell Carver, Mrs. H. A. Cavness, Mr. and Mrs. Colby Conkwright, Mrs. Lee Cocanaugher, Mr. and Mrs. Clint Formby, Mr. and Mrs. Howard Gault, Mr. and Mrs. Jimmie Gillentine, Mr. and Mrs. Troy Moore, Jack Renfro, Mr. and Mrs. Henry Sears, Mr. and Mrs. Wayne Thomas, Mr. and Mrs. James W. Witherspoon and John D. Pitman.

Persons who make contribuyons to the project will receive tickets in return, Dr. Cavness

Anyone who would like to contribute any amount or who wishes more information is asked to contact Dr. Cavness or any of the other workers on the drive.

Brown are the parents of a girl She weighed 6 pounds and 15 cause anxiety in pregnant rats

Mr. and Mrs. William Ray weighed 5 pounds and 12 ounces. gists told a convention here.

(Editor's Note: This was taught me a lot about finances. Our first lesson was on Income and Occupation; second on at Texas Women's University Budgeting (and this professor doesn't soft pedal the work budget) and the third on Using the Bank. Using the Bank might be is a good topic for our committee to add to our list of talks. There is a 30-minute film on the Federal Reserve Bank.

Mrs. Frank Prowell is enrolled at Texas Women's University and Shari Prowell is making a lovely wool ensemble, a dress and jacket. I slip by the clothing lab and see what the students are making. I'll get Dorotha to bring me up to date on the latest in tailoring.

The weather is hot but most of the rooms are air conditioned. This university furnishes text books but they are available

to be bought, too. There were not nearly as many flags flying here on Flag Day as there were in Hereford and I saw none on residences.

YELLOWSTONE HAS LITTERBEARS

YELLOWSTONE NATIONAL PARK, Wyo. (A) - What Yellowstone National Park needs is East 6th; Mrs. C. H. Dillehay, not a good 5-cent cigar-but a bearproof garbage can.

The brown bears which abound in Yellowstone Park may amuse the tourists with their annue K; Sadie Herring, 311 Star; tics, but to park rangers they are litterbugs and nuisances.

So far, man hasn't been successful in coming up with a garbage can that man can open to deposit garbage - but bears can't open to spread it around.

Park officials are trying several new types of garbage cans this summer to test the ingenuity of the cagy bruins. So far, the bears have won on all counts. One of the experimental models is designed like a mail box. But it didn't take the smart

bears to figure that one out. Another model hangs from a T-fram, but Park Superintendent Lemuel A. Garrison says it isn't working too well, either.

"The bears knock it around like a punching bag," he said, "and it makes a big racket."

MOTHER RATS STATE OF MIND

ATLANTIC CITY, N. J. C. The idea that a mother's state Mr. and Mrs. William Doy of mind during pregnancy can Dr. William R. Thompson and

through a series of procedures. The offspring of such mothers Caster are the parents of a girl showed a definite depression in born on June 19 at 7:43 p.m. She their activities, the psycholo-

REP. ROGERS WRITES

Passage Of New Sugar Bill Asked Without Amendment acres. Yet, deaf ears are turned to every plea that this be

TO THE PEOPLE OF THE 18TH DISTRICT:

On May 13, 1962, I wrote a newsletter about the Sugar Act in which I stated that there would probably be others in the future. My predictions in that are coming true.

House of Representatives for passage, as a formality.

In other words, the duly elected Members of Congress are again being victimized by parliamentary procedure, in order to perpetuate a practice that has been most detrimental, in my opinion, to the farmers of this Country, to the consumers, and to both as taxpayers. Time after time efforts have been made to extend the Act for long periods of time. These efforts have failed, primarily due to the opposition that has been mounted against such attempts when the time for action was very A pattern has been followed

n the Congress, deliberate or otherwise, but nevertheless a pattern, which results in sugar egislation being brought before the House of Representatives just a few days before the expiration of the law. This creates a situation which provides the argument that unless the sugar legislation which has been approved by the sugar industry (perhaps a better name would be the sugar trust), utter chaos will result and many will go

The fact is that the small compact groups that have a monopolistic stranglehold on the sugar business in this Country are not going bank-rupt, for the reason that they have made so much money at the expense of the American farmer, the American consumer and the American taxpayer, that it would take many, many more things than the expiration of the Sugar law to even dent their assets. Each and every year the industry gets together and decides what the law will be. In holding the meetings at which these decisions are made, the rells won the floating prize, and CONVENTION producer of sugar in the United States is not consulted, but advised as to what he will be allowed to have. This has progressed to the point that in recent years some of the present sugar producing areas of this Country have been reduced to the status of mendicants at Mary and Martha Russell, Ju- the table of international sugar

Complexities are built into the law that totally discourage the average person who is unfamiliar with what is going on. For instance, the 3 million tons of sugar that were taken

away from Communist Cu ba tives with the advice to take it to the American farmer.

not be opened for amendment The House of Representatives before the House of Representawas advised on the afternoon of tives. In other words, the in-June 14 that the Sugar Act had dustry has written the bill, has been decided upon in all details handed it to a committee of the and would be presented to the Congress of the United States of America with instructions that this is the bill that has been agreed upon.

This bill, in turn, is handed over to the duly elected members of the House of Representa-

have been divided up between or leave it. That is, permit the other foreign countries, with sugar industry to write their not one pound being allocated own legislation, deny the duly elected representatives of the It is this gimmick in the bill people of this Country under that is being used at this time the representative form of gonewsletter as in previous ones to argue that the bill should vernment from changing one letter or punctuation point.

And the members of the House are told that unless they take this legislation, as the industry has written the alternative is utter chaos in the sugar business. The arrogance of these people in their refusal to agree to open and free debate on a matter so vital to this Nation is ample evidence to me that the whole

matter would stand a thorough

The assignment to American farmers of only one third of the sugar allotment taken away from Communist Cuba, c o u l d take out of production of surplus crops over 400 thousand

It has been argued that the importation of sugar was necessary for consumer protection. When this argument was shown up as false, it was then argued that the foreign policy of this Country require importation from these foreign countries of 45 percent of our sugar needs. When this argument was effectively countered by facts and figures, the proponents of the sugar industry began to argue that it was necessary to continue

the leadership of Mr. Castro, went communistic. At that time we were buying one third of the sugar require-ments of this Country from Cuba, In other words, the sugar used on the cereal of every man, woman and child of this Country every third day came from Cuba - yet Cuba went communistic.

How long are we going to continue to be duped by this fantastic practice? I can only say that my efforts will be continued to correct it and I sincerely hope that enough Members can become acquainted with the true facts in this matter. When they do the playhouse of the sugar trust will collapse. WALTER ROGERS

WHY MEMBERSHIP in the Benevolent and Protective Order of Elks

BECAUSE it is a nation-wide organization of over one million, two hundred thousand loyal American citizens who love their country and desire to preserve its cherished institutions; who respect their fellowman and seek to promote his well-being; and who love the joyousness of life and endeavor to contribute to it, as well as to share it.

BECAUSE the Order questions no man's religion, nor bars him because of his creed. It is not concerned with one's political affiliations. It does not permit either religion or politics to be injected into, or to have any effect upon, its fraternal deliberations, national or local.

BECAUSE it lures no man to its doors by any promised material benefits or self interest. It pledges no support to the furtherance of personal ambitions. It has no insurance feature to appeal to one's sense of economy. It is beneficient, not merely benevolent, and believes that it is nobler to serve than to be served; that laughter is better than tears; a kind word more potent than a frown; and that life is all the sweeter for a song.

BECAUSE it seeks to draw into its fraternal circle only those who delight in wholesome associations with congenial companions; who are deeply imbued with the spirit of patriotic loyalty and devotion; who recognize the obligations of human brotherhood; and who desire, without the fanfare of publicity, to share with their associates in the endeavor to feed the hungry, to shelter the homeless, to relieve those in distress and to prove themselves true friends to all in need.

BECAUSE with a membership, holding such ideals, the Order has grown from a modest but purposeful group of organizers into a great and powerful fraternity, whose patriotic services have won for it a high place in national esteem and whose benefactions have smoothed the pathway of countless

BECAUSE it expends more than a half million dollars yearly to bring encouragement, cheer and comfort to hospitalized veterans throughout the United States in fulfillment of its solemn pledge: "So long as there are veterans in our hospitals the Benevolent and Protective Order of Elks will never forget them." BECAUSE through the Elks National Foundation.

a perpetual fund with assets exceeding five million dollars, it provides over \$175,000.00 each year for college scholarships, grants for advanced training of technicians in cerebral palsy therapy and other charitable and civic endeavors.

BECAUSE the Elks Youth Activities reach more than 2,000,000 boys and girls throughout America in all types of recreational and leadership programs.

BECAUSE Elks operate numerous hospitals, clinics and training centers and schools for children afflicted with cerebral palsy.

BECAUSE in their many benevolences 1,840 Elks lodges throughout the United States spend more than seven million dollars annually in their various works of community betterment and charitable

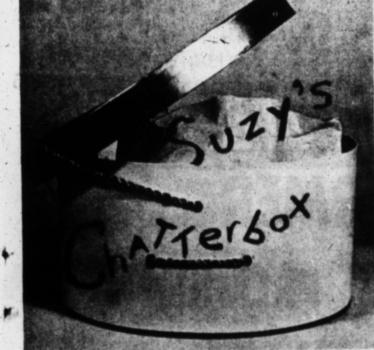

BECAUSE in 1,840 Elks lodges throughout the United States will be found men prominent in public, business, and professional life, an in these lodges located in the principal cities and towns throughout America there awaits the hand-clasp of fraternity and a warm welcome as a visiting brother.

BECAUSE an Elks lodge in your community will afford you an opportunity to join with your neighbors and friends in taking a prominent role in the establishment of a center of community life and

BECAUSE the cardinal principals of the B. P. O. Elks are Charity, Justice, Brotherly Love and Fidelity, and in the practice of these virtues your community will be a better place in which to live.

A FAMILY THAT PLAYS TOGETHER STAYS TOGETHER - JOIN THE ELKS!

To Become a Charter Member See: Ralph McCullough, Earl Evans, Guy Lawrence, Kenneth Kelly or Dr. C. D. Kelton. Elks Lodge in Hereford will be instituted September 10, 1962 and Charter will be closed.

Other firemen shot tons of water inside from the back doorway and later from the north side of the building, after knocking out windows.

One hose after another was hooked onto one of the two pumper trucks located at hydrants at either end of the block. Two 21/2-inch lines and four 11/2-inch lines were used simultaneously in an effort to control the fire.

Assistant Fire Chief Jap Dickerson even swore in two bystanders to serve as helpers for the hard-pressed firemen. Due to a firemen's convention, vacations and weekend trips, a number, of firemen were out of town when the

radio alert was sounded. When the battle ended, about 18 inches of water stood inside the store, with countless other gallons drenching the area and running into the streets and gutters. As the front doors were pushed open, firemen were water that carried out packages The Board members serve and cartons of soaked cigaretthis was salvaged and placed back in the store, but some rushed away into storm drains

Inside, the building was a shambles. Plastic bottles and sacks, so popular for packaging, had assumed weird shapes as they drooped from charred shelves. Dried beans had begun to swell broken boxes of cereal made a soggy mess underfoot, wet charcoal blended with blackened roof beams, boxes of extra well-smoked bacon had

little appeal. Veteran members of the Fire Department said it was since McCaslin Lumber Company burned in 1957.

Sugar...

(Continued from page 1) Sugar beets receiving damage Sugar Beet Growers Asociation. That group has led a two-year fight to get more sugar produc-

tion in the United States. Witherspoon said he was delighted with the strong House approval and expressed confidence that the measure would also be endorsed by the Senate, although the upper house might choose to add something to the amendment as it is now writ-

"But we feel sure that the bill will be passed with nothing less than what we have now," he said.

In a slight change, Rep. Walter Rogers of Pampa this week said he was pleased with the prospects of an amended Sugar Act, although he still felt it favored foreign countries over domestic sugar producers. Previously, he had been critical of the measure as approved by the saying it had been drafted by

the year's rainfall to 7.88 inches. Harvesting operations have been slowed during the past two weeks to a virtual standstill. Farmers were cutting Friday and Saturday in an attempt to get grain out of the fields as the weather posed serious threat.

Even though some areas escaped the heavy downpours, little grain was being combined except in the Easter area. A grain elevator operator said the elevator was "swamped" as hail-shy farmers rushed combines into fields.

Combining of wheat in the Hereford, Dawn, Westway and as soon as fields and roads dry

The Hereford Brand, Hereford, Texas, Thurs., June 21, 1962 the sugar industry and was passed out with a "gag rule" stipulation that prevented any

changes. Basically, the measure now moving through Congress is an amendment to the Sugar Act of 1948, which had been passed routinely for five year periods until the Texas sugar beet growers started trying to get it changed. Since then, the Act has been extended twice for relative-ly short periods after a bitter fight to keep the door open for

some changes.

Texas' battle now has been joined by other states which felt that the measure was unfair or which wanted more sugar production.

The measure which seems likely to pass is admited as a compromise between many segments of the sugar industry and areas interested in domestic sugar production.

As present, the United States produces about 55 per cent of its total sugar needs. This includes sugar cane production in House Agriculture Committee, Hawaii and Puerto Rico. Until two years ago, most of the other sugar needed was purchased from Cuba at prices higher than the world market.

Texas beet producers have continually sought a portion of the quota previously allocated to Cuba. However, the State Department has intervened in the matter, claiming Cuba's allocation should be divided a-

mong other foreign countries. The amendment would allocates about 62 per cent of the total sugar demand to domestic producers, a slight increase. The remainder will be allocated among 15 foreign countries, with about 11/2 millions tons being withheld from allocation at present. The Agriculture Departford areas is expected to begin ment has said that this will probably be allocated among 11 other foreign nations.

LET'S COOK SOMETHING

Mother's Desserts Are Family Food Favorites

Mr. and Mrs. Charles Laing, 1/2 cup brown sugar 402 Blevins, are the parents of 20 large graham crackers four sons, Jerry Don, Clyde, Kenneth Charles and Randy, all healthy young men. Hearty meals are a necessity for them. They are particular about eat-Cream Filling: ing some vegetables and about the ways of preparing meats but all desserts, specially pre-pared, are their food favorites.

PINEAPPLE ICE BOX PUDDING ½ cup sugar

1 package of vanilla wafers

cup whipping cream cup pineapple juice and pulp Beat egg yolks and add the sugar gradually. Add pineapple and cook until thick. Let cool. Beat egg whites real stiff and fold into the mixture. Let cool. Whip cream and fold into the

mixture also. Line pan with vanilla wafer crumbs. Fill tray with mixture and sprinkle crumbs on the top.

BAVARIAN CREAM can pineapple, crushed cup sugar

½ pint cream l package of Knox gelatin 1 cup cold water

Cook the pineapple and sugar together for 20 minutes. Add the gelatin and let cool. Fold in the whipped cream. Put in the refrigerator to set.

APPLE SAUCE SALAD 1 can applesauce team will install the officers of 1-10 cent package of red hots

(1/2 cup) 1/2 cup water

Prepare the Jello, 'according to the directions. Heat the remaining ingredients and put in the Jello. Pour half of the mixture in a mold to set. Put layer of cream cheese, mixed with enough salad dressing to make it spread, and then add a layer of the apple mixture. Both pretty and delicious. RADIO PIE

Crust: 1/2 cup butter

IN WELLINGTON

AUSTIN HIGHLIGHTS

FBI Reports Crime Rate Drop; Unemployment Down

BY VERN SANFORD Texas' crime situation looks

·a little better. FBI reports covering the first three months of 1962, based on statistics from the 12 largest cities, show major crimes down 6.7 per cent. Across the U.S. in cities of

comparable size, major crime rates rose one per cent. Texas' crime rate actually is down in number of crimes reported from 1961, despite a po-

pulation growth during the year

OUT OF JOBS Finding a job in Texas is a

of some 200,000.

little easier these days. Texas Employment Commission reports April unemployment at 4.3 per cent of the labor force as compared to

5.4 per cent a year ago. Average factory wages rose from \$91.21 a week last year to \$96.10 this April. Range was wide, however, depending on the Leatherwork was the lowest

paid, an average of \$52.13 a week. Oil workers got the most, an average of \$132.07 weekly. Number of Texans working outside agriculture now has passed the 3,000,000 mark. Houston had 19,800 unemployed: Dallas 16,000.

Statewide, 375 persons are working at agriculture. This 3,629,400

TOO MANY COLLEGES?

Dr. Ralph Green of the Texas Commission on Higher Education thinks the Legislature should quit creating four-year, state-supported colleges.

He told a House Committee on Saving Taxes that 20 state colleges are about enough.

Legislators have extended state support to four new colleges in the last four years. Biggest of the new ones, the University of Houston, will enter the state system this fall, This will substantially increase the state's higher edu-

U of H now ranks second in size to the University of Texas. WATER SUPPLY

Texas enters the summer with its major reservoirs 76 per cent

Texas Water Commission rekeep up with use and evaporation, so the water supplies and money. shrunk by 291,000 acre feet.

As June opened, supplies were 76 per cent of capacity, compared with 83 per cent a on the industry that would be year ago.

LIVESTOCK RULES

AMENDED Texas Animal Health after hearing Commission, pleas of livestock market opera-

tors, relaxed rules designed to speed up the eradication or at Gov. Price Daniel urged the least control of brucelloisis (un- 5,000,000 Texas drivers to help dulant fever).

the rules came just before they were to go into effect June 15. theme of the traffic safety would have required testing for fic people hope to hold down the brucellosis before cattle could be death rate below the statistimoved from one market to an- cians' predictions.

approved market to another approved market without having to take the test. This was put on a trial basis.

Restriction of movement was opposed by representatives of the big stockyards at San Antonio, Fort Worth and Houston. Auction markets also had an ardent champion present.

James D. Sartwelle, president of Houston's Port City Stockyards, said the economic effect of the proposed rule could be "dangerous", particularly so in view of "the predicted downtrend in cattle prices now beginning."

Sartwelle said Texas' cattle inventory includes many so-called "two-way" cattle, entirely dependent on market conditions, which are sold as either stocker or slaughter animals.

Most of these two-way cattle, and loom large as a volume moving from interior markets, purchased by a trader and consigned to the terminals for resale. He saw danger to this cattle movement in the proposed regulation.

G. C. Hagelstein of San Antonio's Union Stockyards felt livestock leaving any market should meet the requirements of its destination. But he said he was interested in protecting the industry and didn't be-

lieve the regulation did that. John M. Lewis, general manager of the Fort Worth Stockyards, thought the Commission proposal would "strangle" the price-making terminal markets.

Charles Davis, operator of auction markets at Wichita Falls and Mineral Wells, suggested that animals should be tested when going "to the country" - but not from market to ports that May rains couldn't market. He called the rule unnecessary and a waste of time

Norman Moser, commission member from DeKalb, said he didn't want to impose anything

harmful. Dr. R. G. Garrett, the Commission's executive director, didn't oppose the amendment but believed it would delay the testing program.

hold down the traffic death list Commission action amending during the July 4th holidays.

"Slow down and live" is the Before the change, the rules campaign by which Texas traf-

July 4th comes on Wednesday this year, so fewer Texans will As amended, the rule says kill themselves on the highway the cattle may move from one than when the holiday falls near a weekend.

CROOKED HOLES Tedious job of checking suspected oil wells in East Texas continues.

Railroad Commission and Attorney General's Department spokesmen say it will take several months to finish the job.

Four more oil operators were enjoined from interfering with Commission checks of their wells. In two weeks, only 23 wells have been checked out of "several hundred" that Atty. Gen. Will Wilson thinks will have to be investigated before they can write an end to the East Texas investiga-

Wilson has obtained donations from major oil companies to finance the surveys to see if holes were diverted so as to reach oil under someone else's lease. So makes the total working force he said, also are "trader" cattle he has taken over direction of the surveying from the Railro Commission.

FIRING RESUMES

There was only a brief respite from campaigning after Democratic primaries.

John Connally, the Democratic nominee for governor, and Jack Cox, the Republican nominee, both had their chance to talk at the meetings of their respective state executive committees Saturday, convening to canvass the re-

Campaigns will start in earnest September 18, when both parties have their state conven-

But the two young gubernatorial nominees both have state campaign headquarters in operation in Austin. They sound like they plan all-out campaigns in the summer and

Sen, John Tower will be a major campaigner for the Republicans. Vice President Lyndon B. Johnson and Sen. Ralph Yarborough will take to the

stump for the Democrats. They are beginning to make this look like a two-party state. Whether the label sticks depends on what the voters say on November 6.

SAFE DRIVING PLAN The state Board of Insurance will hold hearing June 29 on automobile insurance rates and

High on the agenda will be proposals to revise drastically the "safe driving insurance plan" by which those with accidents or traffic law violations pay more, while those without them pay less.

Statisticans say the plan has cut rates for 78 per cent, raised them for 22 per cent. But the complaints about the plan being received by legislators indicates that even those who save aren't too happy with the possibility that one slip might run up

their rates. Drastic revision is possible. Without revision of the plan, a rate cut is in the cards. But if penalty provisions are reduced, it may wipe out the chance of a

Redskins Capture Tigers During Long Hunt, 13-9

Tiger hunt at the Pony League grounds Saturday night as the of the fourth after advancing on Indians went on a 13-9 rampage a passed ball and a wild pitch.

in a make-up game.

After being down 4-0, the Redskins got back on the warpath

to down the Tigers in a thriller. Payne went all the way on the mound for the Indians, facing 41 foes. He was touched for six hits and gave up 11 walks for a total of nine runs. He struck out eight.

David Marcontell was charged with the loss for the Tigers as he relieved Ed Mims in the top of the third inning. Mims faced seven batters, giving up Steve Thornton's grounder alno hits, no runs, and no walks Mims struck out four.

the Tigers until the top of the seventh, when he was relieved by Richard Brock. Marcontell hurled to 29 hitters, allowing nine hits and 12 runs. He fanned two and walked six. Brock relieved him in the last inning a double and scored on a wild and faced seven. He was touched for three hits, no walks, and 9-8 in the bottom of the sixth. one run while striking out three. After a hitless and scoreless

one and a half innings, the Bengals slipped off to a 4-0 lead in the bottom of the second. Two errors and a hit batter loaded the bags after Phil Cain was caught for a pick-off at first.

First score-came on an error and then unsuccessful fielder's choice on Steve Thornton's grounder allowed another tal-ly. Jim Young boomed a double to score two more.

Down 4-0, the Indians rallied to close the gap to 4-3 during the third inning with the aid of a homer, a two-bagger, and a single. Doug Watson stepped up to bat to start the series and clobbered a home run over the center field fence. With two outs Mike Davis got

on by error and crossed the plate on a double down the right field line by Gary Payne. Billy Watts followed through with a single to bring in the third run. Tigers were unable to insure their lead in the bottom of the third as a single by Mike Har-

vey went unaided. Hot on the trail, the Redskins caught up with their prey in the top of the With one away, Nate Stark Guerrero, ss and Doug Watson hit for singles. Stark, 2b Clinton Wilson tagged one short-stop, but Stark scored on

an error on the throw to home. Watson was nailed as he tried to get to third on the play, howto Mildred Barnett, Christine

Braxton, Ann Carthel, Ruth Fish, Anna Mae Hays, Geneva Ivy, Carrie Tatum, Lois and David Whitaker, and Lois'

Gary Payne led his tribe into | Drawing a base on balls Jim, Miller, If, rf Campbell scored in the bottom | Thornton, 2b His score placed the Tigers in

the lead once more. But four walks, two errors, and a wild pitch allowed the Redskins to trap the Bengals in the top of the fifth by tak-ing an 8-5 lead. Their delight was short-lived, though, as the Tigers added three runs on two hits in their half of the

inning to tie it up once more. A walk and then a double by Marcontell put runners on second and third. An error on lowed two scores. Thornton was then advanced on a walk and a Marcontell held the mound for fly ball and finally scored on the single by Robbie Lemons.

Singles by Mike Davis and Gary Payne in the top of the sixth went for naught for the Indians. Phil Cain got on with Five hits led to five runs for the Indians as they finally captured the Bengals in the

seventh. Doubles by Mike Watts and Alex Guerrero and singles by Gary Payne, Billy Watts, and Doug Watson, along with two walks cinched the win for the Redskins.

Tigers gave a final attempt, but were unable to score in the last of the seventh as a single by Jim Young marked the only threat.

Doug Watson chalked up a home run and two singles to lead Indian batting. Gary Payne doubled and singled twice, Mike Watts doubled, and Billy Watts tagged two singles to aid the Redskin offensive.

For the Tigers Jim Young hit for a double and a single while Phil Cain and David Marcontell added doubles for the Tigers.

SOME DAYS!

above mentioned are designed to build one's character suppose, as I can certainly find no other uses for them.

As we enter the second and final phase of this cam-

paign for State Representative, I would like to thank

all of those who have been and are giving me such fine home-town support. We are picking up strong

support all over the district, and I think that Hereford will have a Representative after November 6th. Mean-

while, if your club or study group gets short on programs, why don't we get together and discuss state issues? Just contact me or any member of my campaign

committee, and we will try to make it a pleasant,

mutually beneficial evening.

The free exercise of individual thought and will, so long as we are considerate of the other person's view-

point, is a basic American Freedom, and I chose to run on the Republican ticket, as the under-dog, to do what

little I can to insure a political balance of power which will be responsive to the society in which our

children must live. I unhesitatingly ask for the support of all honest men and women in this endeavor, as I think it will invigorate both political parties in Texas and result in better government. Thank You.

It's "Dinner Time". . .

It's Time to Side-Dress With

SOL-U-PHOS.

"The SOLUTION For Your Fertilizer Problem"

Division of Goodpasture Grain & Milling Co., Inc. -- Home Office . . . Brownfield, Texas

Side-dressing will really pay off when you side-dress with SOL-U-PHOS Liquid Fertilizer. SOL-U-PHOS will give your crops the plant nutrients needed at "dinner time," to carry them on into a fruitful harvest. Rememberevery drop of SOL-U-PHOS is a chemical combination of plant nutrients in a neutral SOLUTION . . . this fact alone insures balanced fertilization for your crops. Don't deplete your land! Increase your crop yield, maintain high fertility with SOL-U-PHOS Liquid Fertilizers.

Everywhere you look, more and more farmers are "going modern"-they are switching to SOL-U-PHOS Liquid Fertilizer ... why? They like the "filling station" type of of operation . . . there is no heavy lifting needed . . . you get the correct analysis of plant nutrients without having to buy unwanted quantities of other nutrients . . . you don't have to have a field full of farmhands to get the job done . . . one man can easily side-dress up to fifty or more acres per day . . . you pay only for the plant nutrients delivered by your dealer . . .

Sam Patterson of Patterson Chemical Co. is dealer for SOL-U-PHOS Liquid Fertilizer in the Hereford area. Before you buy any fertilizer . . . talk to your friends and neighbors who have used SOL - U - PHOS . . . come in and get all the facts, then you will see why so many farmers are "sold" on SOL - U - PHOS Liquid Fertilizer . . . the fertilizer "made" for farming.

Go Modern . . See The Man Who Sells

Stand Up!

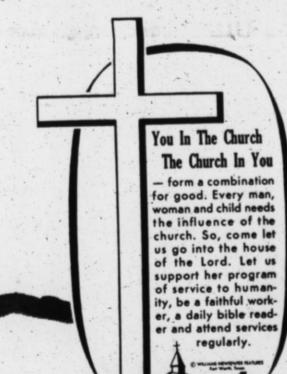

...it makes the "counting of heads" much easier. But when one stands one should be sure he stands for something. No need waiting for tomorrow. It may be too late to register a vote. It is quite easy to persuade one's pooch to stand, to register his want.

It is quite a different thing when we ask a friend, a neighbor to vote an issue.

Perhaps we should be more anxious to make a choice. God said, "Choose ye this day whom you will serve." It would be a better world if we would bounce to our feet to be counted, when God, the church, friends or family are in jeopardy. Sound footing will help when vital issues are at stake. May we hold fast to right, to God, and when we come

to stand up in judgment, before the "book of life" we shall not be afraid.

We shall be standing for something.

St. Thomas Episcopal Harrison Highway Rev. Joel C. Treadwell, Vicar Vicarage, 113 Elm Street

striking out six.

Meanwhile, Hereford was slamming out seven hits.

Hereford made all its runs in the first two innings. Three of them came in the first. John Willoughby singled, stole second and moved to third on a wild pitch. With two out, Larry Coffman doubled in Willoughby. The other two runs came in as Eugene Green blasted a homer. Gary Smith smacked a single but was stranded as the side was retired.

In the top of the second, James Otts was hit by the pitcher and moved to second on a wild pitch. He scored as Mickey Stevens singled. Stevens scored on a ground ball by Willoughby. In the third, Larry Coffman singled but was cut down at the plate trying to come in on Green's double.

After that the game went quickly as good defensive plays kept runners from scoring.

Canyon used three pitchers in the game. Ronnie Reynolds started and was charged with the loss while working three innings. He allowed five runs on seven hits, walked none and struck out three. Albert Keller worked the next three. He walked three Hereford batters. Harry Lisle pitched the last inning.

Eugene Green's double and homer in three trips paced the Hereford batters while Larry Coffman got a single and double in four times up.

Each team was charged with one error.

Hereford will be at Palo Duro in Amarillo on Sunday, June 24, for its next game. Palo Duro was upset 5-4 by Nazareth in a rain-shortened game Sunday. The other game Sunday will see Nazareth at Canyon.
