Expect 200 For 7th Annual Shrine Club Children's Clinic

More than 200 children from a four-state area are expected here Saturday for the seventh annual Oasis Shrine Club Children's Clinic.

Through the years, the clinic has become one of the best-known in the United States. But the work done after the clinic is over, though not generally publicized, is even more important.

ine the children at the Hereford Medical and Surgical Clinic during the late morning and afternoon.

A social hour, dance and breakfast in the hotel will end the day. The affair will begin at 8 p. m.

BAKE SHOW QUEEN was crowned during ceremonies Saturday afternoon after judging in the Deaf Smith County 4-H Club Bake Show in the Bull Barn. Receiving the crown was Miss Lou Ann Witkowski, daughter of Mr. and Mrs. Leo Witkowski of Hereford. Crowning her was Mrs. Jean Beene, assistant county home demonstration agent, as Henry Turner presented her with a check as part of her award. (Staff Photo)

Deaf Smith County cropland escaped serious damage Tuesday as heavy thunderstorms rumbled across the western Panhandle dumping heavy rain and hail on neighboring communities.

However, wheat, barley, cotton and potatoe crops in the southwestern corner of the county were pummeled by a heavy hailstorm Saturday as severe weather alerts were sounded.

\$350,000 Hospital Bond Issue Vote Set For June 11

A \$350,000 hospital improvement bond issue has been set for voter action on Tuesday, June 11. Action was initiated by the Deaf Smith County Commission as it received a petition asking that the election be called.

Wayne Thomas presented a petition including the names of 263 certified resident property-owning voters, asking for the election.

This was above the 10 per cent required. County tax collector - assessor Neil Miller said that there were 2403 poll taxes issued, plus 48 exemptions, for a total of 2451 qualified voters.

Action took place Tuesday during a special meeting of the County Commission. Last Monday, during regular Commission meeting, members of the Deaf Smith County Hospital Board had appeared to request that a bond issue be called if possible.

Commissioners retained Bob Davis of Amarillo, representing Columbian Securities Corporation, to draw up suggested repayment schedules for a proposed \$350,000 bond issue. The two groups met again in a special meeting Thursday night and tentatively approved the shortest of three schedules submitted by Davis.

Copies of the required petition were distributed at that time and the county governing board agreed to convene in special session Tuesday to accept the petitions.

If approved, the bond issue (Continued on Page 9)

Exhaust First Panel, Call More In Robbery Case

The armed robbery trial of James Wimberley was recessed here at noon Wednesday as the last member of a prospective jury panel was questioned and excused from jury duty. Only nine jurors had been selected.

As the trial was recessed, 69th District Court Judge Harry Schultz ordered Deaf Smith County Sheriff to call in additional county residents for a jury panel.

According to Judge Schultz approximately 50 residents would be called as an attempt was made to fill the three remaining vacancies in the jury.

Selection of a jury in the trial of Wimberley, 27, of Oton, began here Monday as a 150-man venire reported.

From the list of 150 called to serve on the special venire, only 81 were left to serve as prospective jurors after exemptions were granted during the opening session.

All but nine were disqualified as 69th district court was recessed at noon Wednesday.

As the trial opened, defense attorney Bob Porter of Dallas asked for a change of venue contending that the defendant was unable to get a fair trial here.

District Attorney Bill Hunter countered the motion stating that it was the state's belief that a jury panel could be selected in the county.

While the hearing was being held, prospective jurors were dismissed until the afternoon session of the court.

The motion by Porter was taken under advisement by Judge Schultz.

During the afternoon Monday, only one juror was selected. Sworn in as the first juror was Mrs. W. E. Carroll.

As selection of jurors began Tuesday, three more were named to the panel as the court went into a night session. Selected were B. J. Muse, Mrs. Dick Walker, and Mrs. W. J. Howard.

During the morning session held here Wednesday, five more jurors were chosen for duty. They are Glenn Allred, U. V. Pierce, Jim K. Wiman, Glen Wilson and Charles Bell.

As the trial was recessed, Judge Schultz made the decision to call in approximately 50 additional veniremen.

He stated that Sheriff Lowell Sharp would be ordered to bring in the additional jurors and that court would be in session about 5 p. m. Wednesday.

Judge Schultz also commented that he expected a night court session would be held.

Shrine Club Selling Bright Bumper Strips

Members of the Oasis Shrine Club started selling bumper strips Wednesday morning to help raise the remainder of the funds needed to support their seventh annual Children's Clinic.

The bright yellow strips will be sold in Hereford Thursday and Friday. On Saturday morning, the orange Oasis Shrine Club's fire truck will be used to help in the effort as "roadblocks" are established.

Shrine Club president J. B. Jones said that about \$2,000 still was needed to assure complete financial support for the clinic. He stated that it took \$7,000 to \$8,000 each year to support the clinic and its work for the remainder of the year.

"We haven't got any price tag on the bumper strips," he pointed out. "We will accept any donation that a person would like make."

Wheat Program Defeated

In a record turnout, Deaf Smith County wheat producers voting in a nation-wide referendum Tuesday failed to give the 1964 program a two-thirds "yes" vote.

According to a nation-wide tally, the 1964 wheat referendum was turned down as it failed to receive even a majority of votes cast by wheat producers.

The percentage of producers voting for the proposal in the county was higher than the nation-wide average of those favoring the program.

A 61 per cent vote in favor of the 1964 program was recorded here, according to Faust Collier, manager of the Agricultural Stabilization and Conservation office. In the tabulation, 39 per cent of the voters were cast against the proposal.

In a nation-wide count, a majority of producers gave the program a "no" vote, thus defeating the referendum.

For the program to go into effect a two-thirds "yes" vote was required under the

agricultural act.

In defeating the program, the nation's wheat producers turned down a program designed to regulate production through marketing controls and acreage quotas.

When the program was drafted, the national marketing quo-

County Studies Low-Cost Unit Housing Needs

After calling for a \$350,000 hospital addition bond issue, County Commissioners took care of other matters of business Thursday.

They heard a Denver architect, Buck Gibbs, and John Douglas Pitman of Hereford discuss the need for low-cost housing in Hereford. Gibbs talk-

City Commission Accepts \$61,000 New Paving Bid

Hereford City Commissioners meeting in regular session here Monday voted unanimously to take the low bid on "just over a mile" of new paving within the city.

Submitting the low bid of \$56,010.34 for paving was contractor Louie Squier of Lubbock. However, with recent additions to the city, cost of the paving was up to \$61,524.

Also included in the increased cost, following a discussion by commissioners, was a 44-foot wide strip of paving on Thirteenth Street instead of the 37-foot width bid by the contractor.

The bid is for the paving of Thirteenth Street from present paving westward to North 25 Mile Avenue and a section of Plains Avenue.

Paving of Thirteenth is to be done in three sections moving eastward from 25 Mile Avenue.

The first section is from U. S. 385 to Avenue C; Avenue C to Avenue F; and Avenue F to present paving.

Also bidding on the paving project were Rogers and Tieny, Lubbock, \$72,172.59; Ray Boswell, Pampa, \$60,307.03; E. D. Baker, Borger, \$67,848.17; and Frank Hodges, Lubbock, \$78,848.17.

All figures are original bids and have not been revised to include the extension nor the increase in the width of the Thirteenth Street.

Cost of the paving is to be paid for by assessments of property owners. It was estimated by city manager Dudley Bayne that the city's share would be approximately \$7000 to \$8000.

Since the Commission made the decision to widen the street to 44-feet, the additional cost of the project will be added to

city's expenditures.

After bids on paving were reviewed, a public hearing on the project was set for June 18.

Following the review of bids, Bayne told commissioners that property owners along Centre between Plains and Moremah had requested that the street be paved.

Commissioners agreed to give notice of paving on the project and to advertise for bids.

In telling the Commission of the request, Bayne pointed out that cost to the city would be "less than \$1000."

In other action, three recommendations from the John Pitman Municipal Golf Course committee were read to the Commission and accepted.

In effect, the recommendations turn actual control of the golf course operations over to the city. The committee (Continued on Page 9)

Around Town

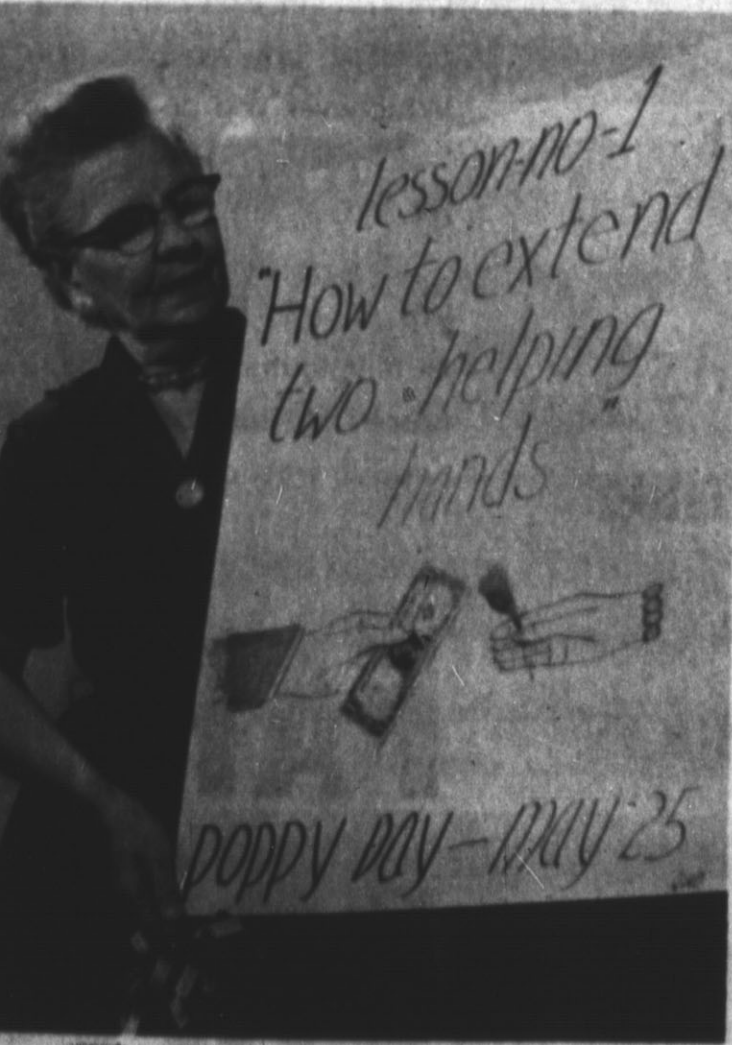

BY H. A. TUCK

By golly, it finally did come a decent rain. But, as can be expected with Panhandle spring moisture, part of this rain was in solid form while other areas just got more than they could handle in a short time. The moisture came too late to help the wheat very much, but should be a boon to the young milo and to summer pasture.

We've lived in this area since birth and are grateful for the moisture, no matter when it comes.

Our prediction of rain for Friday night still is in force, although it might not get here until after graduation. It would be wonderful for the seniors to have a nice evening, but the prospects aren't too good.

There will be four particularly distinguished, and very welcome, guests for Commencement Friday night. Mr. and Mrs. Barney Gordon and sons, Andrew and Russell, are to arrive in Hereford by train Friday morning to see their daughter, Heather, as she is graduated. The Gordons are from Johannesburg, South Africa, and are the parents of one of Hereford's American Field Service exchange students. The Gordons plan (Continued on Page 9)

By Audri Miller  
 Hello! (This greeting is meant to be read exuberantly!) The end of the 1962-63 school year is actually "upon us" — and so, accordingly, this writer shall write of final activities. Hereford High Student Council members and their guests had a riotous time Tuesday evening, May 14, when they gathered on the Community

Center patio for an outdoor picnic. Whee — each grilled his hamburger to the sound of recorded music! Those attending this "real fun" party were Linda Higgins, Albert Scimbato, Ronnie Gray, Austin Hodges, Peggy Neff, Joyce McCarley, Debbie Lee, David Grubbs, Beverly Roberts, Ronnie Welby, Beth Ballard, Ronnie Duncan, Cynthia Leasure, J. Carter, Ruth Ann Allison, Connie Kent, Janie McBroon, Joe Carthel, Myrna Botkin, Jackie Andrews, Frank Cain, Ann Braddy, Patti Nobles, Arvell Williams, Judy Wiman, Jerry Don McCaslin, Linda Pulliam, John Fowlkes and Yours Truly. Sponsoring the event were principal L. E. Russell and assistant principal Bill Michael and Mrs. Michael. The pipes of Pan were multiplied and echoes sounded far and wide (please, Prominent News Editor, overlook this rhyme!) when the Hereford School Bands presented a Coronation Concert in the high school auditorium last Thursday night. Congratulations to Kathy Knox who received the coveted John Philip Sousa Award, and to Dick Plank and Louise Ace who were crowned King and Queen of Hereford High School Big Domino Band! Grateful parents and friends presented directors Ben Gollehon and Clyde Wilson with gifts to show their appreciation.

Hey, there! '63 '63 Student Council proxy Janie McBroon is now cruising in her own vehicle — a 1963 Oldsmobile F-85 which (or shall it be "whom"?) she has named "Oglethorpe Oldsmobile"! Oglethorpe is one of our graduation gifts equipped with air conditioning. An he's one of the smoothest mobiles to be found in these parts. Her's wishing many, many miles to both Janie and Oglethorpe! Dianna Robinson wishes to express her heartfelt appreciation to all who have been so kind to her during her lengthy illness. The doctor has prescribed rest — and lots of it — for Dianna. This writer is happy to say that Dianna is steadily improving! By the end of the summer she should be fully recuperated.

The annual Senior Assembly, one of the most anticipated events of the school year, took place last Friday in the Hereford High School auditorium. The history of the class of '63 (cleverly written by Teri Smith and Jenny Holt) was presented by David Dowell and Dwight McGee (these boys kept the audience in stitches with their inflections). "Morticians" Pat Smith, Bob Huckert, and Larry Powell, assisted by "corpse" Larry Hair, read each senior's last will and testament. Juniors Judy Wiman, Mike "Frog" Ferguson, Kathy Boston, Earl Dean Jackson, Royce Ann Gilliland, and David Block delivered the prophecies concerning the fate of each graduate. The latter was especially exciting! Climax of the assembly came when members of the class of 1963 left the auditorium as juniors moved into the senior section and sophomores into the junior section. Thus it ended.

And on Friday night, one of the biggest "blasts" of the school term was had by National Honor Society members and their guests. This blast, in the form of a beatnik party, was held on the Community Center patio. Jo Ella McGee, Jesse Joe Wright, Judy Stone, Donald Payne, Neida Botkin, Ann Gentry, Dick Combs, Janice Higgins, Louise Ace, Larry Fuhrmann, Connie Kent, Charles Kelly, Ronnie Gray, Carolyn Aven, Jim Grubbs, Charles Mims, J. Carter, Frank Hergert, and Yours Truly came attired in beatnik dress, only to release any pent up emotions with crayon media on a long strip of paper (which was laid upon the sidewalk)! What insight! Amateur psychoanalysts had a heyday! A real swingin' combo composed of Mr. Don Baugous, Mr. Charles Bell, and Mr. Glen Nelson provided a jazzy background of sound for the beatniks who devoured hamburger after hamburger and dish after dish of homemade ice cream. This writer contends that beatnik parties are the very best way to enjoy oneself! The NHS Beatnik Party will be a very pleasant memory.

In solemn convocation on Sunday night, May 19, members of the senior class heard the Rev. C. F. Powell of the Avenue Baptist Church deliver the Baccalaureate Sermon of 1963. During the sermon, based on the thought, "Ye have not passed this way heretofore" from the third chapter of Joshua, graduates were told to leave the future in God's hands and to proceed with faith that "A Man With God is Always in the Majority" — the class motto. Dear readers, you are approaching the end of the final column of notes to be written by this writer.

I have had a pleasant association with real pros in the newspaper field. Thank you all for your patience with this young aspirant in journalism. I sincerely hope that you have enjoyed reading these weekly notes as much as I enjoyed writing them.

Now, this quotation especially for my contemporaries, the graduates: "Listen to the Exhortation of the Dawn! Look to this Day! For it is Life, the very Life of Life. In its brief (Continued on page 3)

# Seniors Review Class History

(Editor's Note: The following is the history of the graduating class of 1963 of Hereford High School as described by the authors during their annual senior assembly held last week at the school. The class compares its struggle through 12 years of schooling to a trip on a wagon train... jokingly, of course.)

Yes, sir! The wagon train that left in 1951 is finally about to reach its destination, and here it is only 1963. It was well worth the effort, though, to see the happy, smiling faces of the train's passengers.

It was a long, tough haul, with such things as Indian raids, droughts, fires, and blizzards to hinder progress. We picked up a few new members and let off others.

I remember well the day we started on the journey. There were tears and sobs, the likes of which you have never heard. However, once the train was underway, most of these were forgotten.

Those who started the trip and made it all the way with us are as follows: Rita Albracht, Doris Andrews, Louise Axe, Doris Berend, Nancy Boardman Neida Botkin, Jerry Bybee, Caroline Brumley, Charles Callaway, Joanne Carlson, Shari Carmichael, Dick Combs, Sheri Damron Moss, Arlene Diller, David Dowell, Dwayne Gresham;

Ann Gentry, James Gomez, Troy Gandy, Ron Gray, Jim Grubbs, Gerald Hollenstein, Darlene Houle, Larry Hair, Lynda Hewitt, Austin Hodges, Janis Higgins, Bob Huckert, Carolyn James, Becky Jackson, Connie Kent;

Dorven King, Judy Kreisganser, David Kendall, Kathy Knox, Jackie Lee, Wain Miller, Dwight McGee, Jerre Noland, Donald Payne, Kay Powell, Dick Plank, Cieta Rutter, Danna Robinson, Pat Ranspot, Dianne Schmucker;

Judy Schulte, Pat Smith, Floyd Stivers, Carl Stapp, Teri Smith, Jan Story, Gary Tyler, Sandra Vaught, Martha Wiltshire, and John Willoughby.

Charles Kelly started with the group, got off briefly, but then returned for the last portion of the trip.

We won't even bother to tell you all the pioneers that turned yellow on us during the first seven years. There were so many of them that I doubt that you would remember them.

In the year of fifty-two we picked up Joyce Linderer at a cafe, where she was proprietor at Dry Gulch. Just a few miles out of Dry Gulch, we found Ron Long, panning for gold in a horse tank.

Then in fifty-three a whole group of settlers had been burned out of Flat Rock so we took them along with us. They were Anna Evans, Aurora De La Cerda, Jenny Holt, Tommy Powell, Billi Woolbright, and Cliff Corley.

In fifty-four we picked up Kathryn Flood. In fifty-five we settled down for a year in the old army barracks. That was a good year for us. We had many a straggler come in that year: Terry Teaschner, Jay Boynton, Gary Kendrick, Billy Bollinger, and Phillip Treadway.

In fifty-six we climbed back in our wagons but somehow all got separated. Somewhere, we're still not sure where.

we picked up Catherine Smith and Donita Alred. They've made it all the way with us. In fifty-seven we all got back together again. This year we picked up many strays: Janie McBroom, Alyce McClain, Margaret French, Suzanne Higgins, Audri Miller, Bill Steele, Kay Seaman, Conney White, and Dean Wilson.

That was also the year of the terrible Indian raid. They took as hostages Tommy Eyr, Ruby Cardiaz, Grady Cates, James Conyers, Ber Lee Couch, Judon Farnbrough, Woodie Hazelwood, Roy Lynn Jenkins, Richard Martin, Ruby Martinez, John Morris, Jackie Nichols, Dickie Pepper, Burns Riley, Roy Slagle, Gene Turner, Willie Underwood, Sam Valdez, Don Wright, Willie Padillo, Cain Valdez, Carolyn Duggan, Sheri Kendall, and Chula Pugh.

In fifty-eight we were getting closer and closer, even if we didn't realize it. That year we found Roy Lee Hobbs and Emma Vera. That year the drought got Edwin Boyd, Donald Finley, Gerald Fowler, Glen Ray Green, Jerry King, Elvis Sluders, Eugene Williamson, and Keith Barry.

The year of 59 brought numerous changes to our train. Many people left and many people joined. Lost that year were Janice Allman, Linda Barton, Viola Encinas, Diane Elliot, Evelyn Fowler, Peggy Harrison, Mary Horton, Sherry

Hodges, Carolyn Heck, Tawana Jones, Mary Prescott, Anna Mae Schroder, Jane Oliver, Louise Treadway, Barry Gabbert, Alvin Lee Holmes, Mike Kelly, Don McDonald, Van Smith, and Richard Tuttle.

These people had been held hostage in an Indian Reservation and we freed them and they came along with us. They were: Arnold Powell, Albert Seimbato, Clifford Hill, Kathryn Burrus, Ernest Castaneda, Jimmy Kassahn, James Burrus, and Gary McKee.

"The next year was a big step for us, we finally reached the big wagon train. That year Judy Stone was the only stray we could get to go on our train. We did lose a few to rattle snakes, bob cats, and mosquitoes. They were J. T. Baker, Terry Kaywood, Max Cox, Barbara Duncan, Hilton Ellison, Carl Flippin, and Bill Frasher.

On our never ending march we had to elect someone who was confident, cool-headed and collected to lead our expedition so as Wagon Master we selected Dick Plank; as Scout, Connie Kent; as Cook, Suzanne Higgins, and as general funknee, Jenny Holt.

Our next year we were all getting pretty tired of the trip, but we did make it through that year in fine shape. We were blessed with a new boss man, Mr. Russell, of which we were all pretty happy. In 61 the leaders were: Wagon Master, Jimmy Kassahn; Scout, Ronnie Gray; Cook, Connie Kent; and clean-up man, Neida Botkin.

That year we were blessed with the pater of new little feet around the camp. They were Lain Rush and Arnulfo Lafuente. Some were lured off the path by wonder-lust. They were: Austin Roberts, Glen Baker, Sharon Buckelew, Stan

Metcalf, Don Sheppard, Wanda Sue Teakell, and Jim Barnett. We finally made it to our last year, which we thought would never come. We elected Ronnie Gray, Wagon Master; Charles Kelly, Scout; Jerre Bea Noland, cook; and Janis Higgins, dish washer.

This year we picked up two foreigners, Heather Gordon and Frank Hergert. Also we got Lawrence Warner and Dickie Bloodgood. Gone by the way-side were: Jiminy Drager, Billy Fitzgerald, Pat Roland, Paul Hot, Dwight Inman, Dale Lindsey, Carlos Lopes, Gloria Baroa, Patti Skypala, Alice Vega, Carolyn Watkins, Jackie Nunley, and Jimmy Weathers.

Well, it's been a mighty fine trip. We've had our set-backs and our disappointments, but finally getting here makes up for it all. There will be many more trains getting here after

us, and we hope that they have as good a trip as we did.

### Around...

(Continued from page 1) to spend about a month here, having rented an apartment, and will be guests at many courtesies while they are here. We have been enchanted by Heather and are anxious to meet the rest of her family.

Starting this week, the county library will be on a five-day schedule for the summer. During school months, the library stays open on Saturday morning primarily to accommodate students.

Due to rain and graduation, some changes have been made in Little League baseball schedules. The major league game slated Friday will be played on Saturday, May 24, starting at 8 p. m. and matching the Yankees and the Cardinals. However, the two minor league games scheduled Friday will be played on Saturday, May 23, starting at 5 p. m. Those are the Dodgers - Giants and the Pirates - Athletics. The major league game rescheduled Tuesday has not yet been rescheduled.

Sheriff Lowell Sharp and his two deputies got a close look at the rain Tuesday night. They were out in it to post notices for the coming hospital bond election. I'm glad they had that task.

Jim Arney, umpire in chief for the Pony League, had 12 of his officials together for breakfast Wednesday morning. They reviewed the rules (only change is that Pony League will play according to the newly adopted strike - none) and emphasized that sportsmanship will be stressed for players, coaches and, most important, the fans. Arney said that the rules of conduct for both those on and off the field will be strictly enforced this season.

The Brand would like to express its gratitude and appreciation to Bill Angel for furnishing us with pictures of graduating seniors. It really helps us to have Bill handle this job for us each year.

All girls from the Hereford area who will be starting in college this fall are invited to attend the Amarillo Panhellenic Tea on Sunday, June 9. It will begin at 3 p. m.

In the Federated Women's Club building, 2001 Wofflin Circle.

For a real unusual evening, might we suggest you attend the Firemen's Street Dance in Channing on Saturday, June 15. It will start at 7:30 p. m. and last until 1 a. m. with music by Ben Trujillo's band. Admission is free, but concession profits and any donations will be used to help support the Channing Fire Department.

It might really be that the dance is free But waiting in the street here is costly to the feet!

### City...

(Continued from page 1) will, however, continue to function in an advisory capacity. The committee recommended that the administration of the golf course be turned over to the "full authority of the mayor"; that the committee continue to function making recommendations to the city manager, and the committee continue to appoint regular committees.

An ordinance approving the plat and fieldnotes of Southlake addition was passed by Commission action. The subdivision is being developed by Jack Bradley between Thirteenth and Fourteenth Streets on Avenue E. A second subdivision on Avenue G, also being developed by Bradley, was given tentative approval.

Quotations on a trenching machine were also heard by the Commission. Submitting a quotation on a Ford tractor with trencher attachment was Kemp Tractor and Motors with Case Power and Equipment Co., giving a quotation on a J. I. Case tractor with trencher.

The Kemp quotation was \$87,401.11 with \$600 additional for extension on the buckets.

Quotation on the J. I. Case equipment was \$93,132. No action was taken as the city manager was asked to look into the quotations.

In presenting the need by the city for trenching equipment, Bayne pointed out that city was behind on ditching for water and sewer lines in new developments.

The city manager stated that equipment had to be brought in from Amarillo and was costing 20 cents per foot.

He told commissioners that the city presently was 11,000 feet behind in putting in new water lines.

Before the session adjourned, Bayne told the Commission that the proposed main sewer line to serve a portion of Northwest

Ceremonies will close with singing of the Hereford High School Alma Mater.

The class has selected "A Man With God is Always in the Majority" as its motto. Class colors are yellow and white, and the class flower is the yellow rose.

Officers of the 1963 senior class are Ron Gray, president; Charles Kelly, vice president; Jerre Bea Noland, secretary; and Janis Higgins, treasurer.

Class sponsors are Mrs. Monica Heiman, Mrs. Billye M. Buck, Virgil Young, Joe Smith, and Kenneth Hart.

Graduates will be clad in white caps and gowns. Members of the National Honor Society will wear gold tassels, while other graduates will have maroon tassels.

Following graduation exercises, seniors will be honored at the traditional senior party. Dancing and games at the Community Center will provide entertainment. A live orchestra, the "Nitrons" from Abilene, will be on hand for the affair.

Students will be guests of honor at a preview showing of a new movie at the Star Theater. Then the seniors will return to the Community Center for breakfast, which will be served by the senior mothers.

Members of the graduating class of 1963 are as follows: Rita Albracht, Donita Allred, Doris Andrews, Doris Berend, Richard Bloodgood, Nancy Boardman, Bill Bolinger, Neida Botkin, Jay Boynton, Caroline Brumley, James Burrus, Kathryn Flood, Gerry Bybee, Charles Callaway, Joanne Carlson, Shari Jo Carmichael, Ernest Casteneda.

(Continued from page 1) in a matter of minutes as the water continued its rush toward Buffalo Lake.

Flood waters were expected to reach a peak at 10 a. m. before beginning to subside.

With more rains expected in the area Wednesday, the two storms added a total of .77 of an inch of rainfall to the year's total.

Heavier amounts ranging up to two inches were reported in some sections of the county. A report of six inches of rain in the Bootleg area was not confirmed by presstime Wednesday.

In the brief storm Saturday, a total of .34 of an inch was officially recorded. Light hail and high winds accompanied the storm.

Official rainfall measurement for the city Tuesday showed that another .55 of an inch fell during the thunderstorm. The steady downpour was accompanied by high winds.

### Hospital...

(Continued from page 1) would allow the issuance of up to \$250,000 in county bonds to add a 20 - room wing to the present hospital. All 20 rooms would be private. Also included would be storage facilities and nurses' station. The funds also would be used to renovate the original hospital building and make other permanent improvements.

Prior to its meetings with the hospital board, the county had decided that it would be necessary to raise its tax rate percentage from 17 1/2 per cent of actual value to 20 per cent of actual value. If the hospital bonds are approved next month, the tax rate percentage would be increased to 22 per cent of actual value.

The total tax rate for county and state purposes is \$1.62 per \$100 of assessed value. Thus a \$10,000 house presently is taxed on an assessed rate of \$1,750. Without the hospital bond issue, the county assessment for taxable purposes would be \$2,000 next year. If the bond issue is approved, the assessable value would be \$2,200.

### Wheat...

(Continued from page 1) is was set at 1.22 billion bushels and the national acreage allotment at 49.5 million acres. Both were determined by Secretary of Agriculture Orville Freeman.

Under marketing control program proposals, a two - price system was to be set up under a price support program if approved. However, with the proposed 1964 program defeated, price support will be set by law at 50 per cent of parity - approximately \$1.20 per bushel on a national average - for those planting within their allotment.

The national wheat acreage allotment of 49.5 million acres will remain in effect. However, there will be no penalties for non - compliance with allotments.

But, those who do plant in excess of allotments will not be eligible for price supports. In Deaf Smith County, 1090 votes were cast with approximately 1400 producers eligible to vote in the 1964 referendum. According to ASCS tabulations, 664 producers in the county cast a "yes" vote while 425 producers voted against the program.

As ballots were being counted here, 320 were challenged. All were reviewed by the ASCS County Committee and included in the final tabulation.

Voting by ASCS committee was: Community A, for, 64; against, 41; Community B, for, 248; against, 284; Community C, for, 68; against, 31; Community D, for, 41; against, 23; Community E, for, 113; against, 67; mail and absentee, for 41; against, 20.

# Pete Progress

speaking for the Deaf Smith County Chamber of Commerce

Pete was just a little out of breath when he stopped by to make his weekly observations on the state of things in Deaf Smith County. "Got to run to another meeting," he gasped, "but let me tell you what all has been going on this week."

"First off, Monday morning everybody was real busy getting together all of the material for the National U. S. Highway 80 association newsletter. Pictures and copy were everywhere but we got it all put together ready for the printer. The office will mail out 2,500 copies from one end of the country to the other with news of the activity on U. S. 80.

"Then Tuesday things really got wound up. Started with a meeting of the Membership Relations group under Steve Bavolette. Six members met with Steve for an hour to go over the program of work of the Chamber, to analyze and discuss those projects which the Chamber should be doing that they were not — or are doing that they shouldn't — and to make specific recommendations for activities through which the Chamber can better serve the community and its membership.

"Then at noon Carroll Newsum met with his Aviation committee to discuss the needs of aviation in the area. It was tentatively decided to not have an airshow with the Harvest Festival this year but the possibility of having displays and offering rides as part of an airport open house was left open. Most needed for the airport now was a rotating beacon to aid pilots attempting to locate the airport at night. Second need was listed as a 24-hour radio homing service of some type.

"Tuesday evening the agriculture committee met to look

at some needs of our members in agriculture. Specifically discussed was the problem of johnson grass and bind weed in the bar ditches and a request for a study of the feasibility of more adequate control by the county and state of the weed problem. On the positive side was a recommendation that study be given to a program of incentive awards for quality and quantity production in those crops not now having such programs.

"And that is just the start of my week," Pete said. "Tomorrow there is a meeting of the Junior Livestock show meeting again to try to select a name and Friday there is a meeting of the retailers and service groups to hear a discussion of the shop - lifting problem. Guess I'll be absent for that one for I'll be in Wichita Falls at the annual meeting of the West Texas - Chamber of Commerce. Say, they sure have an interesting program lined up!

"Early arrivals will be given a guided tour of the missile training school at Sheppard AFB Friday morning. 'Advanced Education and Educational Growth of the Southwest' will be the topic of Dr. L. V. Berkner, president of the Graduate Research Center, Dallas, at the noon luncheon. Afternoon sessions will include a talk by John C. Lynn, legislative director of the American Farm Bureau on the

subject "Business Stake in A Healthy Agriculture" and a panel discussion which will include our own Paul Engler on the subject 'How Every Community May Share in the Newest Agri - Business Development - Stock Feeding'. Friday's program will conclude with a talk 'There Goes Free Enterprise' by Donald I. Rogers, Business and Financial Editor of the New York Herald-Tribune, New York City.

"Saturday we'll hear three talks, the first being 'The Status of Your Business in Congress' by Eugene F. Rinta, Executive Director, Council of State Chambers of Commerce. This will be followed by a talk by Joe D. Carter, Chairman, Texas Water Commission and Texas Water Pollution Control Board, on 'What Are We Going To Do With All This Salt Water?'. 'Tourism - All Its Potential' will be the subject of the James M. Gaines, president, Southland Industries, San Antonio.

J. Robert Welsh, President, Southwestern Electric Power Company, Shreveport, La., will address the luncheon meeting that will conclude the convention. His subject will be 'Meeting the Competition for New Industries.'

A quick glance at his watch and Pete was gone out the door on his way to another meeting, planning for more progress for Hereford.

## Seniors Honored At Baccalaureate Services Sunday

Members of the 1963 graduating class of Hereford High School were honored on Sunday night, May 19, with Baccalaureate Services in the high school auditorium. Following the invocation by the Rev. B. L. Davis, pastor of the First Baptist Church, members of the mixed choir — under the direction of Mr. Don Moore — sang "Gloria from 'Twelfth Mass'" and "Rise Up My Love My Fair One."

The Rev. C. F. Powell of the Avenue Baptist Church read the sermon based on the text, "For ye have not passed this way heretofore", taken from the third chapter of Joshua. Powell exhorted the audience to place their future in the hands of God, thus emphasizing the class motto, "A Man With God Is Always in the Majority."

Benediction was pronounced by the Rev. Eugene Brink of the First Christian Church. Processional and recessional were played by Mrs. John Sims at the organ and Mr. Don Baugous at the piano.

CAPS AND GOWNS and future plans loomed high as members of the graduating class of 1963 assembled earlier this week in preparation for Commencement Exercises, slated for 8 p.m. Friday. Among the seniors are, from the left: Dwight McGee, Jim Kassahn, Terri Smith, and Joanne Carlson. (Brand Staff Photo)

## Royalty Crowned, Awards Presented During Concert

By Donita Allred  
Whiteface Reporter

Annual Spring Coronation Concert of the Hereford High School Band was presented Thursday, May 18, in the high school auditorium.

To start the performance, the seventh grade beginner band directed by Ben Gollehon and Clyde Wilson played four numbers. The band played "Balladier", "Croats Lullaby", "Greenleaves", and "Slavonic Pageant".

Following the seventh graders, the Stanton Junior High Band entertained the audience with "Gallant Marines", "La Nuit", and "Toccatta For Band". Mr. Wilson presented Roger Suttle, first chair clarinet, with the "Outstanding Bandman Award."

A film of the high school marching contest was shown to the parents, friends, and relatives of the bandmen.

Candidates for band king and queen were introduced by Beverly Newman, past band queen and president. Beverly crowned Miss Louise Ann and Dick Plank, 1963 band queen and king respectively.

Hereford High School Big Domino Band performed the following musical numbers: "Scepter of Liberty", "Star Spangled Spectacular", "First Swedish Rhapsody", and "Moon River".

Lions Club president Ed Skypala awarded Miss Kathy Knox the John Philip Sousa Outstanding Bandman Award. Also playing in the concert was the

high school brass sextet who received a first division rating. Members of the sextet which played "Joseph In Egypt" are Jerry McCallister, James Combs, Pat Maxwell, Larry Furhmann, David Marcontelli, and Ed Mims.

To conclude the program, the band played the "Alma Mater", which Mr. Gollehon dedicated to the graduating senior band members.

Mrs. Glenn B. Allred presented

ed a gift to Mr. Clyde Wilson from the junior high parents in appreciation of the time and work he has done with the junior high bands.

Mr. Neill Cooper, Mr. Charles Bell, and Mr. Albert Maxwell on behalf of the band parents, presented Mr. Gollehon with a stereo hi-fi as a token of appreciation from the parents for his work with the high school band.

## Band Nominated For State-Wide Honor Group

Hereford High School Big Domino Band was selected as the Region XI, AAA, nomination for the "Outstanding Band of Texas Award." It was announced Saturday at the annual Big Domino Band Banquet.

All band directors of Region XI voted to nominate the local band in balloting held at a directors' convention Saturday in Canyon.

Selection was based on the appearance and sound of the band in comparison with other AAA bands in the district. A recording of the Big Domino band's Sweepstakes-winning concert contest performance will be sent to San Antonio for judging this summer.

Ten of the top college band directors in the nation will then study tapes from all regions in order to select an honor band for the entire state.

The state honor band will then have the honor of attending the National Music Educators' Association convention as an official representative of the state of Texas.

This is the first time in history that the Big Domino Band has received the nomination.

## Society Blast Cools Intellectuals At Center Scene

The patio of the Community Center was the scene of the Hereford High School National Honor Society Banquet party held last Friday evening. Members and their guests dressed in bestial fashion — some came carrying bongo drums and pieces of sculpture.

A combo featuring Mr. Charles Bell, Mr. Don Baugous, and Mr. Glen Nelson played during the first part of the evening, while the banquets released their inhibitions by painting abstractly, with crayons, on paper provided for this purpose.

Throughout the party the cooks enjoyed hamburgers and homemade ice cream.

Adult sponsor for the party was Mrs. Jane Westberry, N. H. S. sponsor.

## 19 Students Have Perfect Attendance

Out of the 175 days that students are required to go to school, only 19 students had a perfect record of both no absences and no tardies.

Students who accomplished this were as follows: J. Carter, Ronnie Duncan, Kay Nell Reeves, Albert Salazar, Phillip Barnett, Ann Braddy, William Conyers, Earl Drager, Becky Duncan, Ernest Flood, Mary Alice Lange, George McKee, Pat Price, Charles Schneider, Mary Vasek, Joe Wagener, and Fanelia Williams.

Those that were not absent but had one or more tardies are as follows: Pauline Baxter, Eddie Johnson, Gary King, Antonian Mancillas, Joe Self, Jesse Joe Wright, Leslie Collier, David Grubbs, Daris Kuper, Dick Lookingbill, Ronald Paetzold, Jerry Ross, Sanford Williams, and Gail Witherspoon.

## Hoof Prints

By David Stevens  
Whiteface Sports Editor

During Baccalaureate services held for the Senior Class last Sunday I came to the conclusion that I should dedicate my last "Hoof Prints" column to the senior class of 1962 - 63.

Let's face facts. The class of '62, although small, was not very athletically inclined. They contributed seven members to the football team, four to the basketball team, three to the baseball team, and four to the track team.

Those seven who have played their last football game for the Whitefaces are Austin Hodges, quarterback; Charles Kelly, halfback and co-captain; Arnold Powell, halfback and co-captain; Gary McKee, fullback; David Dowell, end and co-captain; Bill Steele, tackle and co-captain; and Jimmy Kassahn, guard and recipient of the "Fighting Whiteface" Award.

"I, A BY-GONE SENIOR, do hereby will . . ." reads Bob Huckert, center, along with Pat Smith, right, and Larry Powell. These three "undertakers" had the rather fun-filled duty of reading the last will and testaments of members of the senior class of 1963 during the annual Senior Assembly held Friday at Hereford High School. Graduating seniors bestowed assorted items to underclassmen in their "wills". (Brand Staff Photo)

## Top AAA Band Has Sweepstakes Theme At Dinner

The Big Domino Band, their dates, and special guests held their Sweepstakes Banquet Saturday, May 18, at 7:30 p. m. in the high school cafeteria.

Rather than using a music sweepstakes theme, the decoration committee decorated the cafeteria to represent a horse racing sweepstakes.

Invocation was given by Dick Plank, band manager, after which the group went through the serving line to get the food. The meal consisted of a steak, baked potatoes, tossed salad, rolls, cherry tart, iced tea, and coffee.

Master of ceremonies for the occasion was Ron Long. The welcome was given by the band drum major, Jim Grubbs, and introduction of special guests by Donita Allred. Miss Allred also presented a horseshoe lei of flowers to Mr. Gollehon and thanked all the people that helped with the banquet.

Mr. Gollehon expressed his appreciation to the school board, principals, and the superintendent for all the help given the band during the past year.

He also announced that the Hereford band has been picked Outstanding Band in Regional XI, AAA. This will entitle the band to send its contest tape to Houston this summer to be judged for Outstanding Band of Texas Award.

(Continued on page 2)

Graduating members of the basketball team, district co-champions with a 17 - 7 record, are Ronnie Welty, all-district selection, Dwight McGee, all-district; Austin Hodges, and David Dowell.

Members of the baseball team, which had a 5-15 record, were Gary Kendrick, pitcher; Gerry Bybee, pitcher; and John Willoughby, shortstop and outfielder.

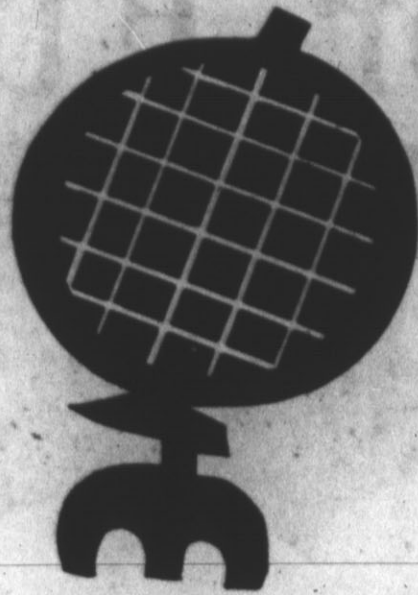

Ronnie Welty, hurdler; Charles Kelly, hurdler; Austin Hodges, high jumper; and Gary McKee, broad jumper, were the senior members of the first Hereford track team to finish out of the cellar in several years.

This was not a very good season in which to finish high school athletics. The football team finished with a 2-6 record and last place in the district race. The baseball team also finished last with a 5-15 record. The track team finished fifth with 48 points in the district meet. The basketball team was the only exception to the rule as it was co-champ with Dumas.

Congratulations to the members of the class of '62 - '63 and especially to the athletes of the class. These few have made the year more enjoyable to their classmates.

We wish you every success in all the years to come.

## Officers Installed By Mrs. Patterson

Holding in her hand a book entitled "The History of the Hereford Study Club, 1963-1964," Mrs. Elmer Patterson conducted the ceremony of installation of new officers of the Hereford Study Club on the evening of May 16 at the First National Bank.

Removing one blank page at a time from the book, she gave to each newly elected officer her own particular page with instructions to fill the page with items and activities which would bring only honor to the club. Certainly, farming has mechanized greatly. Now, one flame cultivator will replace as many as 40 hoe hands . . . . and do a better job.

Probably no other industry has changed as much as farming in the past 10 years, with the introduction of hybrids, better power tools and flame cultivation.

By — Vern Sanford  
Many Texas drivers who carry insurance will need to notify their agents to increase their public liability insurance after August 24.

By the narrowest of margins — a single vote — the House adopted a bill by Rep. Bob Fairchild of Center to raise the bodily injury insurance or security requirements under the driver financial responsibility law from \$5,000 for one person and \$10,000 for two or more to double those amounts.

Estimates are that it will cost the average driver about \$5 a year for the extra coverage. This will enable him to keep his driver's license and car license should he be involved in a collision in which someone is hurt.

It was a hard fought issue in the House. But Fairchild won, 55-57, with the vote of Speaker Byron Tunnell breaking the tie.

In the Senate, passage was by voice vote, with 12 Senators recording themselves as voting no.

Argument for the bill is that it would bring requirements up to a more modern figure. Court judgments in personal injury cases, resulting from auto collisions, often exceed \$5,000.

Argument against it, voiced by Rep. Eligio de la Garza of

McAllen, was that 35 per cent of the drivers cannot afford to carry liability insurance at present rates. So there will be even more uninsured motorists on the highways after the Fairchild law takes effect.

**WIND UP**  
Regular session of the 59th Legislature ends Friday. That's three days earlier than the constitutional requirement.

Hundreds of the 1,500 proposed new laws submitted by the 181 legislators were left to die in committees and on the crowded calendars of both houses.

Other hundreds will become law when Gov. John Connally signs them. Rush of business at the session's end is putting them into his office by the score.

All legislative proposals are important to someone. In a few cases, it is a single person.

One proposal would allow a newspaper editor to practice law. It was killed on the floor.

Another would permit the practice of architecture, by a qualified person who failed to apply for license before the deadline arrived. It died in committee.

But the major issues of the session appear to be fairly well settled.

**COURTS**  
An exception is judicial redistricting.

Rep. Henry Stollenwerck, a Republican from Dallas, vainly tried to move some rural district courts to the cities. This to follow the people who have moved into the population centers.

Stollenwerck presented statistics showing that some courts are handling only 150 cases a year, while others in major cities have towering caseloads even after disposing of five times that many cases a year. Bill was killed in committee.

Rep. Bob Johnson of Dallas persuaded the House to pass a bill under which a judicial

redistricting board, made up of the Lieutenant Governor, House Speaker and Attorney General, would reapportion district courts if the Legislature did not. Bill died in the Senate.

**USE MINORITY LEADER**  
In the waning days of the session, House Republicans ceremoniously announced their 5-member delegation leader, Rep. Horace B. Houston of Dallas.

Houston has some sort of seniority since he previously served a term when he ran as a Democrat.

Speaker Byron Tunnell quipped, "From now on, when you folks have complaints about your bills, you can take your troubles to the House minority leader."

Houston then cast his first vote as G.O.P. leader in favor of extending the Veterans Land Program, while his followers cast votes against it.

**MORE JUNIOR COLLEGES**  
State Board of Education named a committee to study Snyder's request for a junior college. Appointees were Penrose B. Metcalf of San Angelo, Herbert O. Willborn of Amarillo, and Paul Mathews of Greenville. Committee will meet on May 31, in San Angelo.

Recently, the board authorized a junior college election for Travis County voters. Claim is that even though the University of Texas is in Travis County entrance requirements are too stiff for many local young-

sters to enroll.

**POLICEMEN'S PENSION**  
On its way to becoming law is S. B. 444 by Sen. William Moore of Bryan. It would make policemen in 150 towns of less than 250,000 population eligible for social security benefits, if their councils agreed.

Rep. Ben Barnes of De Leon, House sponsor, said, "This is the first policemen's bill that policemen's associations and the Texas Municipal League have agreed on."

A statewide bill by Rep. Glenn Kothmann of San Antonio, to increase longevity pay for policemen and firemen in all towns, was killed.

**BILLS SIGNED**  
In recent days Governor Connally has signed into law bills that make San Angelo and Pan American colleges state-supported, senior colleges; authorize commissioners courts to appropriate monies for historical markers and

monuments; provide for annexation by municipalities; authorize a 70-mile speed limit; and allow weekly newspapers to miss two issues a year and still retain their legality.

Also, change the name of A & M College to Texas A & M University; authorize counties to issue bonds to establish homes for the needy; and provide for emergency succession to state officers in the event of an attack or a disaster.

**ROAD RACE**  
Texas and Oklahoma are running a friendly race to close the gap between Wichita Falls and Oklahoma City.

Texas highway builders are aiming for an early - June, 1964, completion date on the Red River Valley Expressway between Wichita Falls and the Red River.

Oklahoma has set the same target for completion of a Southwestern Turnpike project between Oklahoma City and the terminal point of the Texas expressway.

**TEXAS LEADS**  
This state has led all others in road-building progress since 1956.

Highway engineers from other states and 19 Latin American countries who want to know how it has been done heard State Highway Department Engineer D. C. Greer speak on the subject in Washington, D. C.

A pay-as-you-go plan has been one secret of success, Greer says, in building a highway network of 65,000 miles. Some other states run into road delays because of bond elections and sales. Greer said his department's motto is "Total road service to all the people."

"The highway administrator must not be guilty of favoritism for one region over another," he stated.

## EDUCATION ELECTRICITY

### mean a healthy economy for our area!

Congratulations to Nancy Boardman, and the 100 other graduating seniors of Hereford High School. Probably no other two factors contribute as much to an overall healthy economy than do education and electricity.

Your education is just beginning. The next step will probably be one of the fine universities or colleges of our state. Your electric service is in its infancy too. In the years to come our present electric service may give way to atomic energy . . . but whichever is the case your rural electric will assure you POWER for a GROWING ECONOMY.

# Congress Nears Decision On Space Program Budget

TO THE PEOPLE OF THE 15TH DISTRICT:

In the wake of Astronaut Gordon Cooper's magnificent 22-orbit, 34-hour flight around the earth, the Congress is nearing decision time on how much taxpayers' money to spend next year on space activities. Authorizations for our space programs are being shaped by the House Committee on Science and Astronautics.

Once this committee has detailed the dimensions of the program, it will be up to the

Appropriations Committee and then the full House of Representatives to act on providing the funds. Whether or not the full amount — the requested \$5.7 billion — will be appropriated remains to be seen.

The major portion of the request — \$3.7 billion — would go for the manned space flight program, which the Administration has marked as a matter of top priority. The objective is to place an American astronaut on the moon, and to place

him there first, ahead of a Russian cosmonaut.

Before we have achieved a moon landing, according to official estimates, we will have spent \$20 billion, although many in Congress and Administration feel the cost will have been far higher.

The committee now is attempting to determine whether all or part of the requested \$5.7 billion should be authorized for the 1963 fiscal year. The Congress is now in an economizing mood and a very careful study is being made of space expenditures.

The committee study also reflects a growing feeling among some Americans that perhaps our effort to place a man on the moon is too accelerated, too heavy a drain on other aspects of the economy.

Arguments FOR the massive effort are based mainly on appeals to our national pride — the United States should be first to the moon, that our prestige will suffer if we are not first in this dramatic race.

Arguments AGAINST the accelerated program include the high cost, the need to spend the money on other projects in this country, the concentration into one program of scarce scientists and technicians.

How this most interesting and crucial debate will be resolved is a question no one now can answer. The decision, whatever it is to be, will be of important consequences to the Nation.

It is of the sort that will echo through history as having been very right or very wrong. Meanwhile, we all join in a hearty hooray for Major Cooper and the thousands of our countrymen who share the limelight with him in the success of the Faith 7 mission.

NOTES  
Congressman John Saylor of Pennsylvania, a Republican who serves with me on the House Interior and Insular Affairs Committee, presented me with

an unusual request last week. Saylor wanted a Texas flag so that Cub Scouts in his district could properly salute the Lone Star State at a Scoutarama late this month. I forwarded the request to friends in Amarillo. They were kind enough to send me a large and beautifully made Texas flag, which I passed along to Saylor.

I was chagrined, however, when my friend John Saylor asked me, "Red at the bottom or the top?" I was thinking that we Texans have some pioneering and educating to do in Saylor's great state when I informed him that the red bar in the flag is at the bottom.

I always look forward to seeing visitors from the Panhandle when they come to visit the Nation's Capital. My office is glad to be of assistance in providing sightseeing information to visitors and in making suggestions for things to see and do. I can provide the necessary visitors' passes for the galleries of the House and Senate.

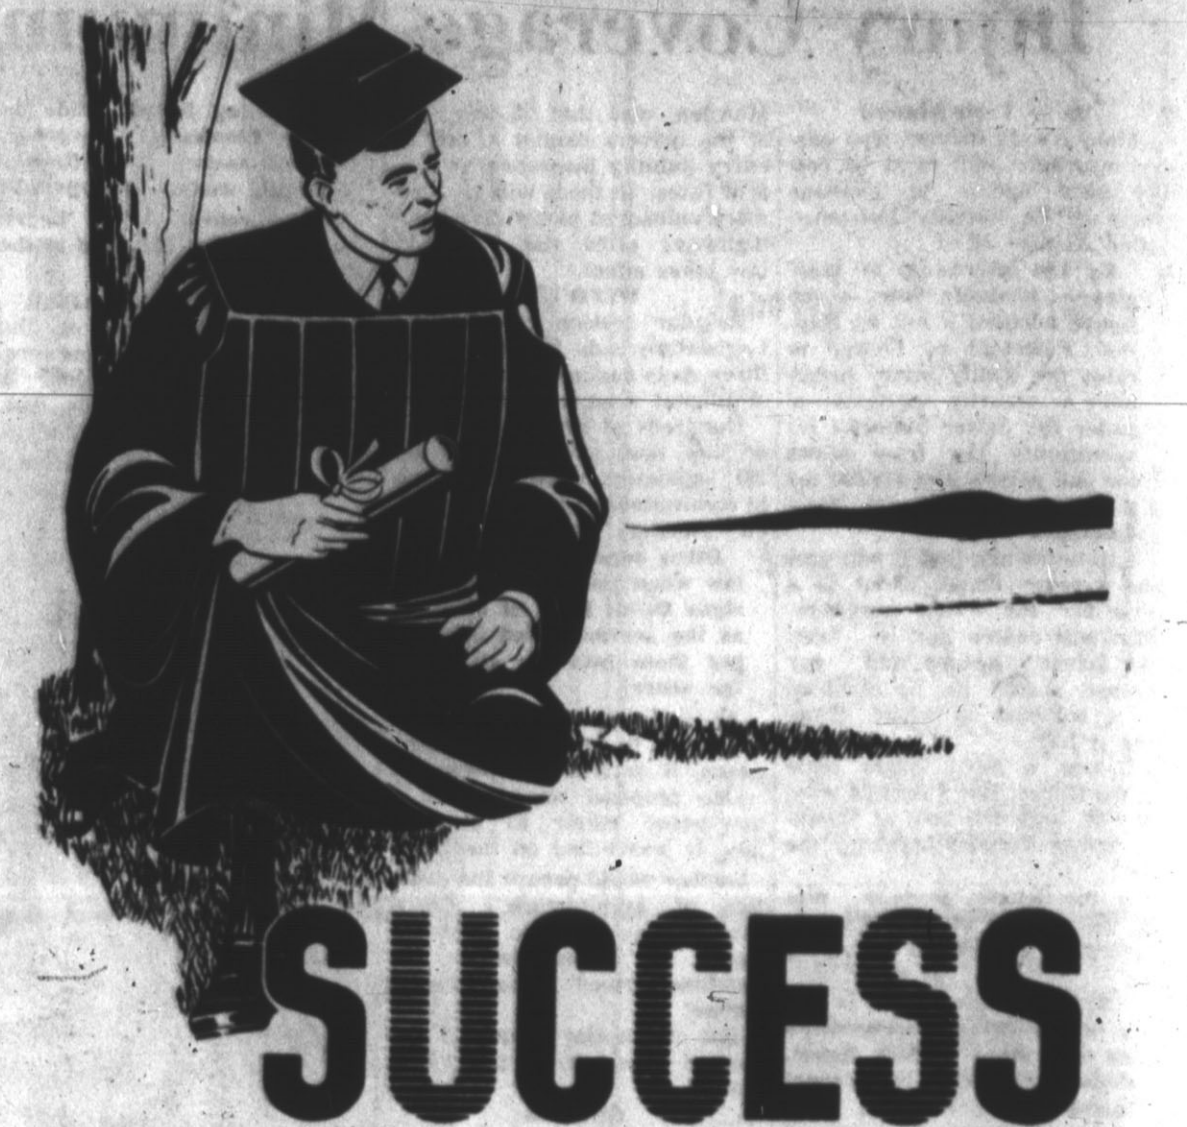

If notified well in advance, I can make arrangements for visitors to be conducted on special Congressional tours of

the White House. These tours, however, can accommodate only a small number each day, and thus it is necessary to make reservations. Be sure to pay a call to Room 1250,

New House Office Building, just south of the Capitol, if you're coming to Washington.

Awarding of the honorary degree to Graham was given unanimous approval by college trustees at a recent meeting. The recommendation had been submitted by a joint trustee-faculty committee.

The faculty had given its unanimous endorsement to the proposal earlier, said Dr. Rupert N. Richardson, H - SU president emeritus, who submitted the recommendation from the special committee.

Graham will be honored for service to Hardin - Simmons including more than a year as chief executive during the period the university was without a president.

J. C. Hunter Jr., Abilene, vice chairman of the Board of Trustees, told the board that Graham can consider the doctorate as "an earned degree."

## Jolly Guys And Gals Offer Tips On Grilling

By Argen Draper  
The Jolly Guys and Gals had a very successful picnic last week. You will enjoy their menu. They cooked meat patties, onions, potatoes and carrots in foil. Also, they cooked frozen corn in a separate package. Here are some of their outdoor grilling tips:

Line the grill with one or more thicknesses of aluminum foil, for faster, more even cooking, easier clean-up afterwards. Have the fire low, and do not cook hamburgers or other foods too fast, as this will dry them out. Toast buns over direct heat; then keep hot wrapped in foil at one side of grill.  
Corn in husk with hamburger. Spread with softened butter or margarine, sprinkle with salt and pepper, and wrap in foil, twisting ends to secure.

Roast 20 to 25 minutes on the grill over low heat, turning once or twice. Eat right from the foil.  
Along with this good meal cooked in foil they served biscuits and home made ice cream for dessert.

### A-OK BURGERS

1 pound ground beef  
3/4 teaspoon salt  
1/4 teaspoon pepper  
2 tablespoons pickle relish  
2 tablespoons chopped onion  
2 tablespoons ketchup  
1 tablespoon prepared mustard  
4 hamburger buns  
butter

Break up meat with fork in mixing bowl. Sprinkle salt and pepper over entire surface of meat. Add pickle relish, onion, ketchup and prepared mustard. Toss gently with fork to distribute ingredients. Shape into 4 patties.

Arrange in a row on a square of aluminum foil or broiling foil. Seal foil into tight package. Burgers may be made up in packages of 4. Freeze. Frozen burgers packed in an insulated picnic bag will be thawed on arrival. They will also hold just fine from the frozen state. Grill to desired doneness, allowing a little extra time if frozen, and serve on hot toasted buns.

This past week we accomplished several big jobs. The written program was completed with long time plans made by six sub-committees.

The Bake Show had 28 girls to enter. The whole wheat rolls were excellent products, along with butter cake.

During presentation of awards the rain and hail started. If you've never been in the Bull Barn during a hail storm I feel like you've missed something.

Approximately 100 persons attended the Clothing Consumer Day. We had a good program as the committee plans a part on the program on New Fibers and fabrics, also Consumer Buying and Care. Mrs. W. D. Revel of Brownfield, had a very impressive display of little girls' dresses. She reports that she and Weldon, formerly of Hereford, are building a gin at Seminole.

The Home Demonstration Council meets Monday, May 27, 2:30 p. m. Yearbook suggestions will be turned in and council officials will be elected as well as delegates to State Meeting.

Here are some hints on managing a home. Mrs. Short is one of the Extension Specialists in Home Management. Mrs. Eula Newman is the Home Management Specialist who comes to District I, however, some of you do know Mrs. Elsie Short.

Managing a home is a full-time job for some homemakers, while others have time for many outside interests, emphasizes

Mrs. Elsie Short, Extension Service home management specialist.

Planning is the first step toward good management of a smooth-operating home, she says. Many homemakers fail to make use of all their resources or make poor use of some resources, she explains.

Mrs. Short suggests making plans for a week at a time. List all the things which have to be done and the things you would like to do. Don't overlook including family members when making this list. They might rather have you join them on a picnic than to have a spotless house — or they may be willing to do the housework so you can make a dress or a shirt.

Next, arrange the jobs into a week to allow you to get the things done and also have time to enjoy your family, your neighbors, or a hobby.

Be sure to share the home-making jobs with all family members — no matter how young or how old. Sharing helps them to feel that they belong.

Check your plans. Have you listed something which could be left undone? Are you sure each family member understands what his responsibilities are and does he know what standards are to be met? Are the standards too difficult for the small fry?

"Good working plans must be adjustable. There are always emergencies, or you may even change your mind about what you want done. Routine makes for efficiency, but it can also make for unhappy family members," Mrs. Short reminds.

If you leave the casing on bologna slices they'll curl when you heat them in a skillet in a little butter, you can fill the bologna cups any way you like with a little thick cheese sauce, scrambled eggs or creamed vegetables. The cups won't hold very much so you can sometimes use up odds and ends of food this way and have an attractive dish.  
Nowadays recipes often call for catsup and chili sauce, tabasco and Worcestershire plus soy sauce, so it's a good idea to have these on your kitchen-seasoning shelves.

FROM HER EXTENSIVE collection of cookbooks ("I have to limit myself to one a year"), Mrs. Tom Draper plans a menu. The Deaf Smith County Home Demonstration Agent leans toward oven-cooked meals which can be prepared ahead of time to fit within her busy schedule. (Staff Photo)

LET'S COOK SOMETHING!

### Busy Homemaker's Needs Answered By Oven Meals

By Dale Stevens  
Brand Society Editor  
Mrs. Argen Draper learned long ago that her weakness for buying every cookbook published had to be controlled by stern self-discipline. Therefore she has limited herself to the purchase of one cookbook each year for sometime. The earliest publishing date in her library of cookbooks is 1917.

One of Mrs. Draper's most prized possessions is a file of recipes presented to her by county home demonstration clubwomen as a Christmas present one year. Since each woman wrote her favorite recipe on a card, this collection is fairly representative of the area.

Even though cooking now seems to be an old-fashioned art, Mrs. Draper remarked that women still like to collect recipes and expressed a desire to see a new collection of locally popular recipes compiled and published.

She suggested that this collection might be either a joint project of home demonstration clubs and the Hereford Brand or that each might publish its own cookbook.

Deaf Smith County Home Demonstration Agent for the past 17 years, Mrs. Draper is a member of one of the most time-consuming women's professions. Her duties often call for long hours six and sometimes seven days a week.

She feels that use of prepared or partially prepared foods or even meals answer the demands of her own family as well as those of other busy homemakers.

While the oven meal is cooking, one can go about other tasks, go to committee meetings, church, or even to work. If one's oven has an automatic start control, the meal can be left in the oven for several hours with the controls set to come on just in time to cook the meal at the desired hour.

If the oven meal is to be successful, each dish must require the same baking temperature and approximately the same cooking time. Many meals can be devised which meet these requirements. Everything except the salad can be prepared in this way and the need to watch over the food as it cooks is eliminated.

One such menu has been suggested by Mrs. Draper in the recipes that follow. Probably it will suggest a great variety of possibilities for other oven meals.

## Dodgers Use Double Plays In 9-8 Rally Over Cards

In Little League action Monday night, the Dodgers used two double plays and a three-run rally in the last of the fifth inning to defeat the Cardinals 9-8.

The Cards opened with two runs on two walks, two hits and an error. They added a third run in the second inning on three walks and a fielder's choice.

Dodgers got their first run in the second inning on two singles and a fielder's choice.

But the top of the third inning saw the Cardinals score five runs for an 8-1 lead. They did it on two singles by Ricky

Lee, three walks, two errors and two fielders' choices.

The Dodgers couldn't score in the third, but they got tough on defense after that. In the top of the fourth, they pulled off a double play to hold the Cards scoreless.

Then they put on a rally of their own for five runs. Jerry Halle opened with a double. A hit batter, an error, a fielder's choice twice and a walk brought in five runs. That made it 8-6.

The Cards saw their chances foiled again in the fifth as the Dodgers pulled off another double play.

Then the Dodgers went to

work for three runs and the victory. A walk and a strike-out opened the last of the fifth. Then Barry Ward slammed a triple. Garry Ward got on by error and Steve Oker got a single to bring home the winning run.

Alan Hardin worked four innings for the Dodgers, but Mark Woodward pitched the last frame to get credit for the win. They combined to allow eight runs on six hits. David Vines went all the way for the Cards. He also gave up six hits.

In one of the Monday evening minor league contests, the Yankees used a tight defense and stingy pitcher to knock off

the Orioles 12-3.

The Yankees used a single by Bill McQueary and a squeeze bunt to score one run in the top of the first. The Orioles put two runners on but failed to score.

Four runs came in for the Yankees in the second on two walks and two hits, plus an error.

First run for the Orioles came in the last of the second on a single by Ken Laing and three walks.

But the Yankees scored a pair of runs in the third on a walk, a sacrifice, a hit batter and a single by Tommy Tuck.

Two runners got on for the Orioles in the third, but couldn't score.

In the first of the fourth, the Yankees came through with three more runs on two walks and singles by McQueary, Sheldon Alexander, Paul Ware and Lynn Chisholm.

Tim Thurman went the distance for the victory. He allowed three runs on four hits and walked four.

Kenny Rogers and Robert Holmes pitched for the Orioles. In the other minor league game, the Braves whipped the Cardinals 11-5. 330 Schley      HEREFORD, TEXAS      EM 4-1886

**By Melvin Young**  
We were visiting with Earnest Flood Jr. Sunday morning before church, and during the conversation, it suddenly dawned on us that wheat harvest is just around the corner. We have not had the opportunity to drive out in the country recently, and in the back of our feeble mind, we were still visualizing the wheat as being about six inches high. Actually it's all headed out and some of the barley that made it through the rough winter is beginning to turn. Another two weeks and things will really look golden.

The Floods farm five miles west of town along Harrison Highway, and we might add that they have one of the finest farm operations in the county. We have never driven by their land that it didn't look like a showplace. We're not sure how they keep it so clean, but we suspect that the sons might have something to do with that.

They also have farmed vegetables for a number of years and apparently have a very small mile base, which explains (in part at least) the lack of Johnson grass on the farm. As any area farmer will tell you, the larger your mile acreage, the bigger the problem with Johnson grass, water grass and other noxious plants. When the county was largely a wheat producing area, we had very little problem with this sort of thing but with the dwindling acreages of wheat over the past 16 years, the battle against "the grasses" rages on.

Nor has there been any satisfactory method devised to kill Johnson grass without killing the soil also. Of course, some folks claim that if you plow the stuff when the moon is right, you'll kill it for sure, but they haven't convinced us yet. I'm thoroughly sold on the idea that Johnson grass is tougher than anything that grows in this country, and believe that the only way to rid ourselves of this plant is to try to grow it on a commercial basis. If we tried to make money out of it, then surely it would all die. So, as we have said before, the battle continues ... and continues ... and continues.

Another problem that bugs us throughout the years is that of hail; the menace from above. As mother nature no doubt planned it, the harvest season is also the season for hail and tornadoes. The tornadoes "scare the daylight" out of city folks, but there is nothing that can make a farmer "shake in his boots" quicker than the sight of hail clouds gathering

overhead. Any family that has farmed as many as five years probably has been hit by hail. Some have had their entire crops wiped out; others suffering somewhat lesser damage. But regardless of the extent of damage, the anxiety is the same; either can give you a case of ulcers.

We are quite happy to see our astronaut back down on terra firma. Of course everyone was concerned for Major Cooper's safety; apparently more concerned than was the Major himself. Now, he'll probably wind - up with the jitters before he's through with all the scheduled personal appearances.

Ray Farr, writing in the Daily Oklahoman, says that someone reported that Major Cooper was going to run for the U. S. Senate and 12 Oklahoma politicians talated dead away.

We don't doubt that a bit for Oklahoma has seen a number of "startling" political upsets over the past few years, starting with the overwhelming vote they gave General Dwight D. Eisenhower in both 1952 and 1956, and ending with the election of a Republican governor in 1962. This, we might add, was the first in the history of the state. So, Oklahomans figure that anything can happen.

This week marks the end of another school year; graduation for 101 Hereford High School seniors and millions of others throughout the nation. All have been issued many challenges by a multitude of commencement speakers, so we'll not add ours. But we would extend to each and every one of the graduates of 1963, our congratulations and best wishes for continued success and happiness.

Instead of loving your enemies, try treating your friends a little better.

The civilian labor force increased by 8.2 million workers from 54.6 million to 62.8 million workers.

"one machine can do the work of fifty ordinary men. No machine can do the work of one extra - ordinary man."  
Saturday, May 25, is Poppy Day in Hereford. The ladies of the American Legion Auxiliary will be on the streets selling the little flowers. All proceeds are used for the benefit of disabled veterans, so be sure to buy one. One is plenty, but we would like to put in this plug for the ladies. They would prefer to have the "quiet type" money in the jars when you make your donations. Of course, the other is fine too, but in keeping with the city's antinoise ordinance, drop a bill in the jar instead of a coin.  
The world has forgotten, in its concern with Left and Right, that there is an Above and Below.

# Camp Fire Girls Have Outing In Palo Duro

Camp Fire activities in Hereford moved into high gear last weekend, as a large number of groups concentrated on special outings, trips and socials in the culmination of another year of work for the girls.

Topping the list of out-of-town travelers were Junior high girls — members of the Tawasi, Lola, and Tandi groups — who held a weekend outing in Palo Duro Canyon. All three groups used the trip to work toward group Torch-

bearer and Fagot Finder ranks. On Friday night, Fred Mercer, junior high science teacher, joined the campers for an hour of star-gazing.

Twelve girls of the Tawasi group made the trip, with their counselor, Mrs. Gerald Hale, Gerald Hale and Mrs. Jane Dameron. In the Tandi Group were 13 girls, the counselor, Mrs. Bill Cargo, Mrs. Pat Hill and Mrs. Ruth Long. Nine girls from the Lola Group were accompanied by Mrs. Gordon Elliott, counselor, and Mr. Elliott.

Spending Saturday in Palo Duro Canyon, where they held their Woodgatherer ceremonial, were members of the Shiloh group, along with leaders Mrs. Joan Yarbrow and Mrs. Gwen London, accompanied by Mrs. Abie Crum and Mrs. W. B. Hair.

The girls completed final rank work and also worked several activities toward reaching Fagot Finder. Receiving Woodgatherer certificates and three-year pins were Karen Bain, Karen

marillo Municipal Auditorium, and then enjoyed an unusual supper at Hong Kong Restaurant.

In the group were Sue Easley, Mary Sue Gooch, Margaret Phipps, Patricia Hill, Susie Woodall, Cindy Cavness, Lani Buck and Pam Miller.

Other contenders likely will be Stan Barrett of Muleshoe, Dan Laxson of Amarillo, Orval Reynolds of Amarillo and John Renner of Friona. About 80 golfers are expected to participate in the meet. Thursday will be devoted to registration and practice rounds since there will be no qualifying. Golfers will be paired in flights according to their handicaps.

At 7 p. m. Thursday, entrants and their wives will be honored with a dinner in the ballroom of the Jim Hill Hotel. On Friday, shotgun starts will signal the opening of play at 8:30 a. m. and again at 1:30 p. m. for all flights.

Saturday will be devoted to second round matches and consolation matches for all flights. Sunday morning, semi-final matches in all flights and consolation brackets will begin at 8 a. m. with all finals slated for 1:30 p. m. Presentation of awards will be held at 6:30 p. m. Sunday. When golfers pay their entry fee, they will be given caps enshrined "Golf Begins At 40 - Hereford - 1963". Bud Posey is host pro for the event.

There are 91,556 teachers with emergency or temporary certificates currently employed in public schools, the National Association reports.
