

# Million Acres Of Sugar Beets Seen

Holly Sugar Corp. President Dennis O'Rourke foresees as much as 1,000,000 acres in West Texas and New Mexico planted to sugar beets, and additional sugar refineries in this area to process those beets.

Here for a meeting of the board of directors of the corporation, O'Rourke pointed to the growth of the sugar refinery area in northern Colorado where more than half a million acres of sugar beets are providing raw material for nine sugar refineries in that area.

"With the potential for growing sugar beets here," he said, "I see no reason why more and more acreage can't be devoted to the crop in this immediate area, and along with increased acreage will come additional plants."

After a lunch at the Hereford Country Club, the board members toured the new plant under construction at Hereford and then went into a board session at the First National Bank's community room.

The plant here, O'Rourke said, "is definitely a pilot plant, a place where we can prove how well we can operate that monstrous machinery which we are installing out here."

"Even so, we are still aiming for opening in 1964 in time to handle the beet crop from our four-county area next autumn."

The president of Holly said the first year's allotments probably will total "in the low 20,000 area," but will be stepped up to

40,000 acres within the next two or three seasons.

He said he foresees processing sugar beets here from as far away as Pecos once the plant has reached its potential.

"The situation is a 'natural' for expansion in this area," he explained. "The government is eager to expand its domestic sugar production, what with Castro and trouble in other areas."

"Therefore, the more sugar we can produce on the domestic market, the happier our government will be."

"For this reason, I see a great expansion of the sugar industry in America. Since this area is ideal for production of the sugar beet, then it follows that this area will get much of the sugar allotment — more as time goes on."

He said production of sugar beets in the Holly area runs

from 20 to 25 tons per acre. He predicted Lamb, Hale, Bailey and maybe counties farther north as well eventually will be sugar beet territories.

He said the industry's outlook was never better, and he pointed to the side products from the sugar beet industry as another reason for its expanded growth.

"Here in West Texas," he explained, "you produce many cattle and cattle feedlots are springing up all over the Plains. The sugar industry fits right into that feeding program; the pulp and the beet molasses are liked by cattle. This means that not only can the beets themselves be turned into sugar right here—where they are grown, but side-products can be produced which boost the livestock industry—all right here in the same territory."

The four counties included in the original beet allotment include Deaf Smith, Castro and Farmer counties in Texas, and Curry county in New Mexico.

He said the company will start contracting beet acreage in January in anticipation of the plant's opening for production of sugar by next autumn.

Asked if the company is having any difficulty "selling" the public on sugar produced from beets as compared with cane sugar, he replied: "No, we really are having no trouble along that line. Such a prejudice is just an old wives' tale anyway, and there is absolutely no difference between beet sugar and cane sugar. In fact, it takes a chemist several hours to determine whether the sugar was produced from beets or from cane. It's a matter of educating the public to accept this fact."

Here with the group for the luncheon and the tour of the plant under construction were representatives of the West Texas Chamber of Commerce, headed by Loyal Walker, Abilene. He is agricultural manager of WTCC.

Also flying in from Washington for the meeting was Congressman William E. Poage, Waco, vice-chairman of the House Agriculture committee. Board members here included, in addition to O'Rourke, Henry C. Breck, New York; B. Barret Griffith, Colorado Springs, Colo.; Merrill E. Shoup, chairman of the board of Holly Corporation; Ben H. Slothower, engineer from Salt Lake City, Utah; Russell T. Tutt, Colorado Springs; and Walter H. Zeigler, Woodland, Calif.

Others included: Ray Cowser, mayor of Hereford; J. Henry Sears, president of the First National Bank here; James W. Witherspoon, Hereford; Robert McLean, president of the First State Bank of Dimmitt; Bill Reid, project manager for the plant here; Guy Rorabaugh general superintendent of Holly Corporation, Colorado Springs; John B. Evans, secretary and general counsel of the corporation; Dexter Lillie, manager of the Hereford district; George Cossairt, superintendent of the plant here; Gene Parsley, cashier of the plant here; Earl Clark, feedlot foreman for the Hereford plant; B. E. Cooper, master mechanic of the plant; Wesley Fisher, assistant manager of the Hereford district; Russell E. Carver, president, Hereford State Bank, and Wheeler Sears, vice-president of the First National Bank of Hereford.

## \$24,500 Sewer Construction Bid Accepted By Commission

A \$24,574.60 bid was accepted by Hereford City Commissioners for construction of a new 15-inch sewer line from the present plant to Benefield Corners.

The bid from H. B. Jordan Construction Co., Amarillo, the lowest submitted, was accepted unanimously as the commissioners met in regular session here Monday.

Also bidding on the construction project were three other Panhandle contracting firms. Submitting bids were J. T. Brodie, \$25,140.50; Foran Construction Co., \$26,553; and Panhandle Construction Co., \$29,654.50.

The project is part of the sewer expansion program outlined by the city as a bond election was called to finance water, sewer and street department improvements.

As outlined in the proposal submitted to city voters, the project originally called for a 12-inch line to be constructed from the sewer plant to the intersection.

However, Dudley Bayne, city manager, explained at the Commission meeting that the size of the line had to be increased due to projected growth of the city. When the line is completed, it will be connected to sewer lines already installed along the north side of Highway 60 in order to

serve businesses from the present city limits to Benefield Corners.

A second project calling for construction of a 10-inch line is to connect with the new main and extend to Aikman Elementary School area.

The proposed line is to serve the northern section of the city. The Commission has not, as yet, called for bids on the project.

In other action, the Commission also accepted low bids on two pick-ups for the Water and Street Department.

Low bidder was Hi-Way Auto Sales with a \$1673.61 bid on a 1964 Dodge pick-up three-speed transmission and \$1730.61 on a truck with a four-speed transmission.

The only other bid received by the 2 p.m. deadline was from Campbell Pontiac which bid \$1820.62 on the truck equipped with three-speed transmission and \$1888.32 on a four-speed. (Continued on page 7)

### AT KINGS MANOR

## Bids On Nursing Care Unit To Be Opened Here Today

Bids for construction of a 25-bed nursing care unit at King's Manor will be tabulated at 2 p.m. Thursday by the Board of Trustees of Northwest Texas

Methodist Homes for Older Adults, Inc.

This is the second time that bids on the unit have been taken. In July the board rejected all bids as being 25 per cent higher than anticipated.

While the unit and its furnishings — necessary hospital equipment, furnishings, and kitchen equipment — were expected to total approximately \$200,000, low bid was \$198,000. Highest of the five received was \$203,800.

Since then the newest unit of the home has been replanned by architects Haynes and Kirby, Lubbock. The new plans have been approved and meet requirements set by the Texas Department of Public Health.

The unit, according to L. C. Thomas, business manager of the home, will consist of 25 rooms in addition to offices, a reception room, kitchen and a dining area.

The unit is being built to care for older adults who need constant medical attention, he noted. And, it will be staffed by the required medically trained personnel.

Thomas commented that it is hoped to begin construction on the second unit of the home by December 15.

"No completion date on construction has as yet been set," the home's business manager said. (Continued on page 7)

## One Man Tried; Three Men Enter Pleas Of Guilty

One man was found guilty of charges in a trial by jury and three others entered pleas of guilty to charges as a regular session of Deaf Smith County Court, Judge H. C. Williams, presiding, was held here Tuesday.

Found guilty of charges alleging aggravated assault was Alfredo Bejaran, 48, of Hereford. As the verdict was returned, the man was sentenced to 30 days in jail and fined \$200 plus court costs.

Entering a plea of guilty to charges of driving while intoxicated, first offense, was James Ross Braxton Jr., 19, Black.

He was fined \$50 plus court costs.

Also entering a plea of guilty to charges of driving while intoxicated, first offense, was Joel T. Strickland, 28, 110 Ave. H.

The man was arrested at 9:30 a.m. on U. S. Highway 60, east, by a unit of Texas Highway Patrol. Strickland was sentenced to (Continued on page 7)

## Dorothy Mercer Won Last Week's Football Contest

First, second, and third place winners in last week's football contest all predicted 15 games correctly. Coming closest in the predictions of scores was Dorothy Mercer, with Dennis Lomas taking second place and Herman J. Schumacher winning third place.

There are only two more weeks left in the contest before the final scores will be tallied. The winner will receive two tickets to the Cotton Bowl game in Dallas and the second place winner will receive one ticket to the game.

## Couple Escapes Serious Injury As Vehicle Rolls

A Hereford couple escaped serious injuries as the pick up truck they were riding in went out of control and overturned on a county road about three miles west of Hereford Sunday.

Injured in the accident was Mrs. Cleveland Redic, 29, 303 Ave. A, driver of the vehicle. A Deaf Smith County Hospital spokesman reported Wednesday that the woman was dismissed shortly after noon.

The woman's husband was not injured in the accident.

According to Texas Highway Patrol, the vehicle was headed north toward Hereford on the Old Prisoner of War Camp road. About a quarter of a mile from the intersection with U. S. Highway 60, the vehicle went out of control after veering off the pavement.

It then skidded off on the right shoulder and overturned in a plowed field.

The woman's husband was ticketed for allowing an unlicensed driver to operate a motor vehicle, according to Texas Highway Patrol.

Damage to the vehicle, a 1957 model pickup, was placed at \$400.

## Hereford - Levelland Game To Close '63 Grid Season

High School football here will wind up its 1963 season Friday night, and for 12 seniors it will be their last high school game as well.

Hereford Whitefaces meet the Levelland Lobos in a 1-AA conference tilt. The title, incidentally, has already

gone to the Dumas Demons, who have repeated last year's performance.

For the Lobos, tomorrow night's game will also be a final; this will be their last game in the 1-AAA conference. Starting next year, the Lobos will play in district 3-AAA. With Levelland in the new district will be Sweetwater, Snyder, LeMes, Brownfield, Littlefield, and Lake View of San Angelo.

Although Hereford will continue in the 1-AAA outfit, that conference has also been reshuffled by Interscholastic League. Playing in the 1-AAA next year, besides Hereford, will be Muleshoe, Canyon, Tullis, Dumas, and Perryton. Growth in enrollment in Muleshoe, Canyon, and Tullis caused the switch in 1-AAA clubs.

Whiteface seniors who will be seeing high school action for the last time Friday here will be Jim Higgins, Roney Dumas, Jim Hanesy, Eugene Green, Manuel Pacheco, Eddie Johnson, J. Carter, Joe Self, John Kovacs, Neal Lamb, Alfred Davis and David Stevens.

While Hereford was taking a hard fought 20-15 battle from

Littlefield last Fri., the Lobos were nosing out the Perryton Rangers, 12-0. Ted Latham and Keith Yeager did the scoring for the Lobos, both touchdowns coming as a result of line drives.

The Whitefaces did their scoring work in the second half of the game after both teams had battled to a scoreless tie in the first half. The Whitefaces showed a much better brand of defense last Friday night, practically stopping the Wood-Pigum passing combination that had worked well for the Littlefield outfit. Although the aerial flips clicked three times, yardage games by air was practically nil.

## C-C Committee To Study Parking

Hereford retailers' committee of the Deaf Smith County Chamber of Commerce is to meet in the community room of the First National Bank Friday morning for a session which the chairman, Harold Kida, calls important to all retailers.

Four items are included on the agenda, two of them dealing with parking matters.

The committee has had a strong suggestion that the Chamber take the lead in requesting the City to reconsider its position relative to courtesy parking tickets for non-resident licensed cars.

It was pointed out that there are good arguments on both sides of the old question of whether to grant courtesy tickets to out-of-towners, and the committee is expected to get the views of its members on this

matter before making any proposal to the City dads.

The Chamber also has heard complaints that the \$1 fine for over-time parking is too high and is not in keeping with other towns. Many have felt that the fine should be lowered. This matter also will be discussed by the retailers at their Friday meeting.

The group also will attempt to work out Christmas store hours with the hope of coming up with a uniform agreement. As was pointed out, "our customers need to know when the stores will be open and when they will not."

The overall downtown parking problem — "the availability or lack of availability" — also is due considerable discussion. The Chamber, in the letter to members of the committee, (Continued on page 7)

### Color Discussed By Mrs. McGee For HD Club

Home decoration started back during the days of the cave man, when the people decorated the walls of their caves with drawings of different sorts. Mrs. Loyd McGee told members of Westway Home Demonstration Club at their meeting Thursday, Nov. 14.

Continuing with her discussion of color for the home, Mrs. McGee said that color affects dispositions and even outlook on life. She also discussed different types of furniture used in today's homes.

During the business meeting, conducted by Mrs. Joe Wagoner, Mrs. A. L. Burrows was elected to membership in the club. It was announced that the next regular meeting will be Nov. 26 at 9:30 a.m. in the home of Mrs. Albert Lamb.

Mrs. Donald Douglas was hostess for the meeting, which was held in the First National Bank. Other members present were Mrs. Benton Bolin, Mrs. J. B. Odom, Mrs. Bess Werner, Mrs. Bill Drake, Mrs. Paul Rudd, Mrs. W. W. Thomas, Mrs. Jimmy Jesko, Mrs. R. W. Mitchell, Mrs. Sammy Bolin, Mrs. Homer Rudd, Mrs. David Seal, Mrs. George Turrentine, Mrs. Wagener, Mrs. Herbert Owens, Mrs. Joe Landers, Mrs. Preach Merritt, Mrs. Fred Sherman, and Mrs. Albert Lamb.

### Former Hereford Man Wins Air Force Medal

First Lieutenant Bobby M. Brown, formerly of Hereford, who served as base information officer from Nov. 1, 1960 until Nov. 15, 1963, recently received the Air Force commendation medal. The presentation was made by Col. Cullen A. Brannon, Jr., 337th Fighter Group Commander, during the Portland Air Base Officers' Commanders' call.

Lt. Brown is a nephew of Mr. and Mrs. Wallace Cox of Hereford. The citation accompanying the medal read: "First Lieutenant Bobby M. Brown distinguished himself by meritorious service while serving as Information Officer of the 337th Fighter Group, Portland International Airport, Portland, Ore., from Nov. 30, 1960, to Sept. 16, 1963. During this period, Lieutenant Brown successfully organized a drill team which has represented the Air Force over a wide area. In 1961, the base newspaper, published under his supervision, won first place in its class throughout the Air Defense Command and in 1962 it won the coveted National American Heritage Award. Lieutenant Brown's foresight and alacrity in detecting a conflict between the United States Air Force and a civilian organization enabled him to immediately clarify the problem to the Department of the Air Force."

By Melvin Young

Like everything else, this business of agriculture is becoming more complicated as the years go by, and the time is fast approaching when a college degree could well be the requirement for becoming the manager of a farm. And perhaps this is as it should be. We can think of few businesses that require as much know-how as the modern farm.

Naturally, we're all prone to underrate our neighbors' abilities, figuring that if we were in his shoes, we could do a much better job than he, and perhaps the farmer has been the most underrated of all. The "country bumpkin" is no longer to be found in this competitive field. Farming has long since left the realm of "seed and reap". Today's elaborate layouts require the management of shrewd businessmen who know when and how to fertilize, when to water, when to seed, when and how to cultivate and many other whens and why-fors that insure maximum yields; and consequently, maximum profit returns for the dollars invested. The decisions that face our farmers daily are monumental. It would seem therefore, that the farmer of the future may well spend more and more of his time poring over texts of agronomy, animal husbandry, weed and insect control methods, etc.

But with all the new and better scientific methods of farming, one problem that has plagued the farmer over the centuries has not changed. That of course, is the weather. Sometimes it's good. Sometimes it's bad. We've had a little of both this year.

This particular fall has been one of the most beautiful that we can remember in our years of living in the Texas Panhandle. We are reminded of the winters in the sunshine state of Arizona. But naturally, we're not being lulled into a false sense of security, for we know that the cold breath of winter is not far away. In the tradition of the Panhandle, when it finally arrives it will probably send us all scurrying for the long underwear and the heavy overcoats.

And there again, we think about the farmer who has to irrigate wheat in the middle of winter. That doesn't take a lot of "book learning" but it does take a large amount of intestinal fortitude... plus lots of wolen undies. But... to each his own.

In spite of the fact that we move a little slower, and tend to hit the sack earlier each evening, we still think or ourselves as in the prime of life. Our ego however, is seriously deflated at times and it is then that we realize we are "dated".

For instance, we were recently discussing one of our favorite movie actresses when the Brand's youngest employee, Linda Loerwald, piped-up to put in her two-cents worth. "Who's she?", says Linda. And to top it off, only yesterday we were discussing the Lam and Abner show of radio's hey-day when cub reporter Larry Furmann looked around and asked: "Who are they?"

Oh well, time changes everything. Who knows, in 10 or 15 years hence the youngsters may well be asking... "Who's Elvis?"

We understand that "Cotton John" Smith has decided now that Hereford is booming.

If Mr. Smith had tried to rent a house in Hereford about this time last year, he would have

decided that it had already boomed!

The football season is about over for the kids at Hereford High School. The Friday night game with Lovelland will wrap up the 1963 season. We're hoping of course that the 'Faces' tromp the visitors from Lovelland and wind-up the season with a whumping big victory. But win or lose, the team has had a pretty successful season. Plagued with injuries, they have turned in a 4-5 record to date with a 3-2 conference score.

Well now... who surprised whom?

The L. B. Barnetts invited a group of school personnel to their new home after the Friday football game for a round of refreshments. All were enjoying the get-together when a knock came at the door.

To their surprise, it was another group, complete with food and refreshments, coming to "surprise" the Barnetts with a housewarming party. Well the "Surprise party" was quite surprised to find there was already a party in progress, but everything worked out fine. Both groups settled down to enjoy the evening.

And then there's the case of the missing beef steak!

Mrs. Kendall (Jean) Williams, visiting neighbor Melba Michaels this week could not resist a little practical joke that had Mr. Michaels wondering if he had lost his mind.

Bill was busy kindling the fire and getting ready to broil a couple of steaks. Too busy in fact to notice that Jean, passing by on her way home, had heated the steaks.

After a frantic search, Michaels reported the steaks as missing and requested Mrs. Michaels to break-out the hamburger meat.

All the while, the Williams family was watching the scene and really having a ball. All at the expense of a much bewildered Michaels.

But all turned out well. Jean confessed — returned the steaks and the Michaels continued with their "cook-out".

We have heard it said that to the man who looks up, the sky is the limit.

### Shower Given For Mrs. Frye

Mrs. Houston Frye was honored with a baby shower Friday afternoon, Nov. 15, in the home of Mrs. Joe Edd Andrews. Mrs. Charles Frye was co-hostess.

Following an orchid and white color scheme, a white orchid corsage trimmed in white lace with a tiny stork was presented to the honoree. Silver crystal appointments were used for the refreshments of hot punch and coffee and a small white cakes decorated with orchid booties. Mrs. Andrews registered the guests, and Mrs. Frye served the refreshments.

Guests were Mrs. Marvin Welty, Mrs. Joe Benson, Mrs. Owen Andrews, Mrs. Alma Andrews, Mrs. Wes Brown, Mrs. T. L. Sparkman Jr., Mrs. Don Brush, Mrs. Chesley Johnston, Mrs. Donna Smith, Mrs. Anna Burnett, Mrs. Don Scarborough, Mrs. Henry Andrews, Mrs. Tracy Cowell, Mrs. George Frye, Mrs. Harland Frye, Mrs. A. T. Jones, Mrs. George Jones, and Mrs. Ralph Starr.

Covered supplies of feed and water are protected against weather as well as radioactive fallout.

Miss Silvertooth, a Hereford High School senior, was selected as the top soprano in the Panhandle area at the Interscholastic League Contest held Saturday in Canyon.  
While the district is allowed two & three delegates for some voice parts, stated Don Moore, HHS choral director, only one second soprano is selected to represent the area at the All-State Choir.  
Selection as delegate and alternate qualifies both students as members of the All-Region Choir.

The regular meeting of the Commission began with a public hearing on proposed annexation of three tracts of land. Only five persons appeared.  
During the hearing on the first tract which will bring into the city a section along Harrison Highway and Bradley Street including church property, the only person appearing was Howard Armstrong, 909 Church.  
Armstrong questioned city officials concerning zoning requirements, water and sewer service, and other city policies.  
No witnesses appeared at a hearing was called on a second tract — three lots along 14th Street.  
Annexation of both tracts was proposed as the area are now surrounded by the city. It has been city policy to bring such tracts within the city.  
On the third tract, four persons appeared for the hearing with three residents of the area protesting the proposed annexation.  
The tract includes the area bounded by U. S. Highway 60 east to Benefield Corners, west along Forest Ave. to Whittier, and south to Mabel Street.  
Protesting were Mr. and Mrs. Jack Wright and J. W. Brown of Roswell, N. M. Also at the meeting was D. Y. Edwards.  
Commissioners agreed after some discussion to review the proposed annexation of this tract of land.  
In other action, tentative approval was given two new subdivisions in northwest Hereford. The first plat approved was the Jorde plat for Green Acres. The second was submitted by Merlin S. Weber for a continuation of Westhaven Addition.  
The city manager was also authorized by commissioners to draft a letter to Weber stating that structure of a proposed booster station would comply with deed restrictions in the area.  
It is planned that the city will build the proposed station and an underground storage tank in the area.

If enough people show interest in an adult conversational Spanish class to justify such a class, Hereford schools will launch the program soon, Superintendent Paul Stevens said Wednesday. Call Dorothy Mercer, EM4-0618, if you would like to enroll. Fee will be in the neighborhood of \$20 for the 40-hour course.

Hereford BPO Elks No. 2209 will serve a Spanish plate lunch from 11 to 2 Saturday at 85 cents a plate at Elks Hall. That night the Startones from Amarillo will play for a dance at \$5 per couple. Elks and their guests will be welcomed at the dance.

manager added, "but, we hope it will be open by July 1."  
While construction cost of the nursing care unit is primarily being financed by Northwest Texas Conference of the Methodist Church, \$97,000 in Hill-Burton Funds have been granted to assist in construction.  
The grant was approved earlier this year as plans were being made to construct the unit.  
In commenting on the changes made in the proposed unit, Thomas pointed out that a few modifications "have been made to bring down costs."  
"However," he noted that "not a great deal has been done to bring down costs."  
Since plans for such units as this must meet state requirements, he explained, a large scale revision of plans was not possible.

# Adrian Mayor's Rites Are Held

By Ann Beavers

Funeral services were held last Thursday in the Adrian Methodist Church for Lester Houston, 65, Adrian mayor, who died Nov. 12 in Willhaven Convalescent hospital in Amarillo.

The Rev. Johnnie Williams of Lubbock, former pastor of the Adrian church, and Rev. J. B. Foster, pastor, conducted the services. Pallbearers were Jesse Fincher, R. M. Grubikney, Earl Brown, Bill James, Manuel Lovelless and Fred Harwood.

Burial was in the Memorial Park Cemetery at Vega with N. S. Griggs & Sons Funeral Home of Amarillo in charge.

Mr. Houston was born July 25, 1898 in Missouri and had lived in Adrian for 30 years. He was recently re-elected mayor of Adrian. He had helped to install the first water system in Adrian.

Survivors include a brother, Dean Houston, Albuquerque; two half brothers, Hollis Houston, Windson, Conn., and Dr. Grit Houston, McMinnville, Ore.; two sisters, Mrs. Linda Crist of Amarillo and Mrs. Maud Howard of Stockton, Calif., and a half-sister Mrs. Mary Leslie of Salem, Ore.

Graduating recently from the Aviation mechanical fundamental school at Naval Air Technical Training Center in Memphis, Tenn., was Daniel H. Fortenberry, airman apprentice. He is the son of Mrs. Ida B. Fortenberry of Amarillo, and

the grandson of Mr. Hugh Fortenberry and Mrs. Nannie Fortenberry of Adrian.

Mr. and Mrs. Haley Shaw and son from Weeds, Calif., visited last week with the R. D. Sisk family here.

Mrs. Evelyn Tarver and granddaughter, Patty, visited last week in the homes of Pat Maupin and Earl Brown.

Mr. and Mrs. Louis Jobe and son from Old Eddee visited the Alford Jobe family last week.

The Caprock 4-H foods group met last Wednesday afternoon in the home economist room. Mrs. Bea Fortenberry gave a demonstration to the junior group on making a fruit salad, and Mrs. G. D. Wedd gave a demonstration to the beginners on making peanut butter. Guests were Mrs. Frances Engle, Mrs. Ann Beavers and Mrs. Russell Patterson. Next meeting will be Nov. 27.

Home from military service in Germany is Sheldon Proctor. He is now employed at the Masten Ranch. Shelton is the son of Mr. and Mrs. John Proctor.

Bill Godenough from Florida is being transferred to New York. He is the son of Mr. and Mrs. Charlie Pulliam.

John Henry Grubikney is home from Mississippi for three days. He is being transferred to San Antonio. Grubikney is the son of Mr. and Mrs. P. H. Grubikney.

Mr. and Mrs. John Lewis and son from Amarillo visited in Adrian over the weekend.

Roy Jobe, Cypress, Calif., and the Lewis Jobe family from Old Eddee visited the Alford Jobe family over the weekend.

Five members of Wayland Baptist College, Plainview, presented a musical program for Adrian students last Wednesday morning.

W. Neil Record, assistant to the president of the college, was master of ceremonies. The group included a trio, a soloist and a pianist. Student council at Adrian sponsored the assembly.

Miss Donna Jo Brownlee, daughter of Mr. and Mrs. Joe R. Brownlee of Adrian, is the bride-elect of Bill Gudge of the Simms community south of Adrian. He is the son of Mrs. Lena Gudge and the late Mr. Gudge. The wedding will take place in the home of the bride-elect's grandmother in Amarillo Dec. 5.

Two Adrian pupils, James Whaley and Gale Grubikney, received Gold Star awards at the recent county awards banquet for 4-H clubs. They are members of the Caprock 4-H club at Adrian.

Adrian is making plans for its homecoming Nov. 30. The day's events will begin with a basketball game between graduates of even-numbered years and graduates of odd-numbered years.

After the game, a reception will be held in various classrooms. At 5 p.m., Jesse Fincher will serve a buffet-style dinner in the school gymnasium, and a program is to be held, starting at 7:30. Speaker will be J. E. Linn, manager of radio station KDHN, Dimmitt.

Adrian Junior High girls, in their third game of the season, lost to Channing 15-9 in a game played in Adrian Nov. 14.

Roxann Brownlee scored seven of the nine points for Adrian. Adrian junior high boys smothered Channing 30-19 with Stanley Heaton and David Grubikney as the outstanding players. The Matadors had led through the game, half-time score standing at 19-9. This was the second year for Adrian junior team over Channing. To date, the Adrian junior high team has a record of two wins and one loss.

The Matadors traveled to Amistad, N. M., Saturday night and wound up with a win and a loss. Amistad girls took the first game 44-32, Coralie Fortenberry scoring 19 of Adrian's points. Adrian boys defeated Amistad 61-14, giving the boys a 3-2 record for the season.

Coralie Fortenberry had a party at her home recently for the seniors, their dates and guests, Ronald Mayberry and Mrs. Ted Hale and family. A dinner cooked by the seniors and an outing to Jake Fortenberry's canyon was the program for the evening.

## La Madre Mia Has Program On Civil Defense

"Civil defense, generally thought to be the defense of the civilian population in time of war, serves also in peacetime in cases of disasters such as storms, tornados, and large fire," Mrs. Gerald Martin told members of La Madre Mia Study Club Nov. 14. "Civil defense should have the interest and support of the public," she stated.

A short business meeting was conducted by Mrs. John Smith.

# Dawn Community Night Planned

By Mrs. J. B. Casway

Dawn Community night is planned for this Friday at the Dawn school house, it was announced this week. A business meeting is planned for 7:30, followed by recreation.

Persons attending were asked to bring a card table and a pie. Dawn Music Club presented a Thanksgiving program Sunday at the Dawn Baptist Church when Ben Gollehon of Hereford sang.

The program opened with responsive reading led by the Rev. Charles Davenport, followed by hymns of Thanksgiving. Gollehon led the singing, accompanied by Mrs. Carl Wimberley at the organ.

An organ and piano duet by Mrs. Wimberley and Mrs. Lester English, "Onward Christian Soldiers," followed.

For his part on the program Gollehon sang three folk songs, part of the American heritage - "Irish Folk Song," "Black is the Color of My True Love's Hair," and "Where is My Bess" from Porgy and Bess. Mrs. Joe Hacker accompanied him.

Benediction was given by Steve Bavousette.

Among out-of-town visitors were Mrs. Alex Thompson and

her daughter, Mrs. Tyrone Carmichael, and Mr. and Mrs. Bill Gentry, all of Hereford. Mrs. Clarence Schulk of Friona also was a guest. She is visiting her daughter, Mrs. Jim McCabe. Mr. and Mrs. Jau Don McCat-hern are owners of a new home on the farm-to-market road north of Dawn.

Mr. and Mrs. H. S. Fuller and sons of Dawn and Miss Cecilia McSpadden of Canyon attended a birthday dinner in Amarillo Sunday in honor of Mr. Fullers' Mother's 74th birthday.

The Dawn home demonstration Club met last Friday in the home of Mrs. Ray Stewart. The members all brought ideas and examples of work that can be used for Christmas gifts and decorations made with items around home.

Mrs. V. D. Grove of Amarillo visited in the home of Mrs. Groves' brother Sunday afternoon. Mr. and Mrs. H. V. McCabe.

Mr. and Mrs. Glyn Tuock are back in Dawn for a while and are now visiting with Mrs. Tuock's parents, Mr. and Mrs. W. T. Beavers. Mr. Tuock has been in the U. S. Army in El Paso.

Mr. and Mrs. Albert Lemons of Bellflower, Calif. are visiting in the home of their nephew and family, Mr. and Mrs. Edgar Lemons.

Mr. and Mrs. Cecil Billingsly of Canyon visited Sunday in the home of Mr. and Mrs. Lester English.

Mr. and Mrs. Richard Henshaw and daughter Elaine of Littlefield; Mr. and Mrs. Marvin Caldwell and daughters, Marva and Joyce, also of Littlefield; Mr. and Mrs. David Thompson and daughter Davita of Hereford, and Mr. and Mrs. C. W. Pittman and children Mickle, Jolly, Celinda and Mike of Amarillo all visited in the home of Mr. and Mrs. Ted Richardson last Sunday.

Thursday night Mr. and Mrs. Carl Wimberley entertained their son Ted with a birthday dinner. Guests were Alton Johnson, Glen Nelson Jr. and Tim Techner, all students and classmates of Ted from WTSU in Canyon.

Miss Doris Jean Ward and her father, Jack Ward, have been visiting with relatives in various places in California for two weeks.

## Grady Foresees Record Mailing For Christmas

Faced with the certainty that Christmas 1963 will set an all-time record for mailings of Christmas cards and gifts, Postmaster Nolan Grady today requested the public's cooperation in his annual "Mail Early For Christmas" campaign.

The Postmaster said "Here are the things to watch to be sure that every Christmas card and gift package will be delivered before Christmas Eve."

First, check over your Christmas card and gift list carefully - be certain each address is complete with full name, street and number, city, state and zone or ZIP Code number.

Second, stock up soon on sturdy packing materials for gift packages, including heavy wrapping paper, corrugated cartons, strong cord and paper adhesive tape.

Third, buy postage stamps now. Be sure to use the colorful new five-cent Christmas Tree stamps on your cards.

Fourth, procure free labels from your post office which read "ALL FOR LOCAL DELIVERY" and "ALL FOR OUT-OF-TOWN DELIVERY", and groups, with addresses all facing one way, thus insuring fast delivery.

Fifth, be sure that full name and address is on all Christmas card envelopes and shipping labels and be doubly sure to include ZIP Code number in return address.

The Postmaster especially requests scheduling Christmas mailings so that all cards and gift packages going to most distant points are mailed by December 10. Those for local destination should be mailed at least a week before Christmas.

American farmers spend \$3.2 billion yearly for fuel, lubricants and maintenance of machinery and motor vehicles. Farmers use more petroleum than any other single industry.

Hostess for the meeting, which was held at Hereford State Bank, was Mrs. Vance Robinson. Others present were Mrs. John Beasley, Mrs. Charles Frye, Mrs. Dean Herring, Mrs. Martin, Mrs. G. C. Merritt, Mrs. Bobby Owen, Mrs. Richard Pickens, Mrs. W. C. Russell, Mrs. Eugene Sparks, Mrs. Dale Wynn, Mrs. Lee Drake, and Mrs. Jerry Detwiler.

## Landscape School Held For Agents

By Argen Draper  
The agents attended a Landscape Training School in Canyon Tuesday and Wednesday. They are enthusiastic about this and particularly with the new landscape specialist who is now with the Texas Extension Service. James Franklin, landscape horticulturist conducted the meeting.

Residents of Deaf Smith County have done very good work in yard improvement and many of you remember Miss Sadie Hatfield who came to the county many times to conduct work-

shops. It seems that Franklin will be available for programs and for training meetings for leaders. In a release from the Office of Information for the Department of Agriculture, the noted Polish composer, the noted Freeman, wife of the Secretary of Agriculture, Mrs. Freeman visited recently at the birthplace of Chopin. Impressed with the well-kept grounds and gardens, Mrs. Freeman thought it appropriate to send to the estate a gift of shrubs from the United States to show the appreciation and high esteem which the American people hold for Frederic Chopin. The holly is a variety of the common American holly (Ilex opaca), 'hedgerholly.' The holly is the President Lincoln and the Gertrude Leslie. and that they received some help that they needed.

**USDA OKAYS PINE OIL.**  
As most everyone is interested in doing a better job of laundering, this release may be of interest.

Pine oil is an effective laundry disinfectant for use against disease causing bacteria which may survive usual home laundries, the U. S. Department of Agriculture reports.

Other good disinfectants are liquid chlorine bleach and quaternary and phenolic compounds.

All four of these disinfectants have been tested in the laboratory by textile bacteriologists of USDA's Agricultural Research Service and in household laundering by cooperating homemakers. Future research may reveal still other disinfectants that are equally effective.

The researchers began looking for laundry disinfectants after they found that normal home laundering methods did not kill all disease-causing bacteria, especially when there was sickness in the family.

To get the USDA nod of approval, a laundry disinfectant must kill many kinds of bacteria and be reasonable in cost. Also, it must not leave a residue that would be harmful to the skin, and it must not change the color or other properties of the fabric.

ARS bacteriologists offer the following suggestions to help you select and use commercially available disinfectants in your family wash:

Read the label on the container. Look for the word "disinfectant," then read the list of active ingredients.

If you choose a pine oil disinfectant, get a product that contains at least 80 percent pine oil. Note the strength of phenolic or quaternary disinfectants. A product with a high percentage of active ingredients may cost more, but you won't have to use as much. For example, if you need a cup of product that has 3-percent active ingredients, you would need only half a cup of a 6-percent product.

From the cost standpoint, a product that is primarily a disinfectant is usually more economical than an all-purpose cleaner containing additional ingredients such as detergents or whiteners.

Follow directions on the label in using the disinfectant. Heed all cautions or warnings. They are placed there for your safety.

To make certain you use the right amount, find out how many gallons of water your machine tub holds. Then calculate the amount of disinfectant needed.

If you use liquid chlorine bleach, always add it to the wash water so the chlorine will be removed in rinsing. Add the bleach before putting in the clothes. Remember, chlorine bleaches are harmful to wool, silk, and certain dyes.

Phenolic or pine oil compounds may be added either to the wash or rinse water. Because detergents in the wash water are likely to inactivate quaternary compounds, use this type of disinfectant in the rinse water only.

Liquid chlorine bleaches and pine oil disinfectants may be purchased in most grocery stores. For quaternary or phenolic disinfectants, you may have to go to a store that carries industrial supplies.

### Candlemaking Is Discussed By Mrs. Roberson

Guest speaker for the Nov. 15 meeting of Garden Beautiful Club was Mrs. Deward Roberson. She discussed the making of candles and showed candles she had made and decorated.

The second part of the program, "Putting Your Garden to Bed for the Winter," was presented by Mrs. Ray Cowser. She gave several tips on protection of plants from winter storms and explained that roses in this area do best with a mulch of peat moss and Perlite.

The club met in the home of Mrs. Marlin Gilliland, with Mrs. Charles Hood as co-hostess. Other members present were Mrs. Roger Brumley, Mrs. Tom Carter, Mrs. Cowser, Mrs. Russell Carver, Mrs. Will S. Kerr, Mrs. L. H. Lookingbill, Mrs. Homer Newton, Mrs. B. E. Roberson, Mrs. Roy Smith, Mrs. J. Howard Walker, Mrs. Leo Wittowski, Mrs. E. W. Young, and Mrs. J. L. Woodford.

### Farm, City Week Starts Friday

Accomplishments of farmers and agribusiness groups will be related to city dwellers as a part of the observances in Texas and other states of National Farm-City Week, Nov. 22-28. Activities designed to give rural and urban residents a better understanding of their respective roles in today's complicated and competitive world will be included in the observances, reports the Texas Agricultural Extension Service.

Nationally, Kiwanis International is coordinating agency for the Farm-City Week observance. Dolph Briscoe, Jr. of Uvalde and Calvin Pigg of Renner have been named co-chairman for Texas. They are encouraging widespread participation in activities which will encourage better understanding and neighborliness between urban and rural citizens.

Officials of the Extension Service point out that county Extension agents, 4-H Club members and leaders and county program building committees are putting the final touches on plans to participate in community and county activities. They will also cooperate with other groups and organizations, such as civic clubs, chambers of commerce, women's clubs, farm organizations, commodity groups and others.

# 12 Seniors Play Final Season Game Friday

**"BIG JIM" HANEY, HALF-BACK** for the Whitefaces will set a final total on yardage tomorrow night as he meets, for the last time, a high school football opponent. Jim has been a participant in football since he entered the seventh grade. His most serious injury and most memorable game both occurred in his junior year as Jim received a serious neck injury. This was also the year that the Whitefaces upset the highly rated Lamesa Golden Tornadoes. Haney plans to attend college, but as of now is not sure where. He does plan, however, to play football. Jim is the son of Mr. and Mrs. Johnny Haney of 209 Grand.

**WHITEFACE'S RIGHT END** **EUGENE GREEN**, will end his high school football career tomorrow night against the Levelland Lobos. Eugene began playing football in the seventh grade. Eugene lives at 219 Ave. I, with his parents, Mr. and Mrs. E. C. Green. "During the six years of playing I have not received any serious injuries," commented Eugene. "I guess my most memorable experience in football was during my sophomore year when we played the Dumas Demons." Eugene plans to attend Sul Ross College in Alpine, Tex. He also plans to play college football.

**JOHN KOVACS, SON OF MR. and Mrs. Ludwig Kovacs**, will play his last game for the Hereford Whitefaces tomorrow night. John plays left guard for the team and has been playing football since he was in the seventh grade. Throughout these years John has never had any serious accidents; however, he was held out of practice for one week with a slight knee injury this year. "The thing that I will remember most about football games was during my junior year. We defeated Lamesa, which at that time, was ranked seventh in state. This was a great thrill to me!" stated John. John plans to attend Texas A&M and has not decided whether to play college football or not.

**JIM HIGGINS, 180-LB. FULL-back** brings his six years of football to an end tomorrow night as he plays his last game. Jim began playing ball in the seventh grade and has played every year for the past six years. "The Muleshoe game this year was my most memorable," stated Jim, "as I was chosen player of the week." The only injury in the past six years was the one Jim received during Hereford's homecoming game against Phillips, he had a tooth knocked out. Jim plans to attend West Texas State University, but does not plan to play football. He is the son of Mr. and Mrs. Karroll Higgins, Route 1, Hereford.

**"MY WORST INJURY WAS** when I broke my nose during my junior year," said Manuel Pacheco, Whiteface center. "Pacheco", as he is nicknamed, remembers most a game he played while in junior high. It was a game with Estacado of Plainview. Hereford claimed a 19-6 victory over their undefeated opponent. Manuel has played football since the sixth grade when he was coached by Mr. L. B. Russell, who is now principal at THIS. Manuel plans to attend a business college; therefore, the game tomorrow night will be his last as a member of a high school team. He is the son of Mr. and Mrs. Manuel Pacheco of Hereford.

**BONNY DUNCAN, A 185 pound** halfback, plays his last game Friday against the Levelland Lobos. Ronny began playing football when he was in seventh grade, and has been playing every year since. "My most memorable game was when we played Lamesa my junior year," said Ronny. To top this off, Ronny has received no injuries while playing. He is the son of Mr. and Mrs. G. W. Duncan, Route 3, Hereford. To further his education, Ronny plans to attend Texas Tech, but does not plan to play football.

**NEAL LUEB, SON OF MR. and Mrs. W. J. Lueb**, 807 South 25 Mile Avenue, has participated for four years in football. Two of these years have been with the varsity team. Neal, who weighs 190 pounds, plays tackle position for the Whitefaces. "Playing Lamesa last year was my most memorable game and the most exciting was the Phillips game," he stated. Neal said that he hoped to attend West Texas State University next fall. He would also like to play football but his plans are not definite.

**J. CARTER, son of Mrs. Guyrene H. Carter**, 829 Blevins, has played varsity football for the Whitefaces three years. He has played both offensive and defensive guard positions for the Whitefaces. "Our game with Phillips this year is my most memorable game because that is when we played our hardest" stated the Whiteface guard. A broken ankle has been the only major injury J has received while playing football. J plans to attend Texas Tech college, Lubbock, but is still undecided about playing freshman football for the Red Raiders.

## Homeroom Periods Slated On Tuesdays, Thursdays

Homeroom periods were officially announced Thursday, Nov. 14 after students had been attending classes for 11 weeks. Homerooms will be held every Tuesday and Thursday between second and third periods. Tardy bell for the period will ring at 9:30 a.m. and the period will end at 10:25 a.m. Purpose of the 30-minute homeroom is to provide students with a brief study period and will be used as a time for various Hereford High organizations to hold regular meetings. Until the period was announced, clubs at the high school had no specified times for meetings. However, a schedule of meetings to be held during the period has yet to be set up.

**Sale Deadline For 'Round-Up' Reset Nov. 26**

"All club members who attend meetings during the period will stay at the meetings until homeroom period is over," said Mr. Bill Michael, assistant principal. Homeroom is to be treated as a regular class period, he explained, and no one is to leave the school. He noted that during the period, passes will be required if students wish to go to the library or to other classrooms. It was also brought out by the principal that students can use the period to talk to their teachers concerning subjects or to meet with their counselors. "Students will be expected to stay in their homerooms as if it were a regular class period unless they are attending a club meeting or have passes to the library or to other classrooms."

The deadline for purchasing "The Round-Up" has changed. "The final date that the annuals may be purchased is Tuesday, Nov. 26, a day earlier than previously scheduled. Orders must be sent to publishers on Wednesday, Nov. 27" stated Mrs. Viola Chisholm. The annual staff will not know until after stunt night whether or not classes have raised enough money to pay for annuals. "If we do as well as we have done the last two years at Stunt Night there will be no extra charge, but, if by chance, not enough people attend, an extra fee will be asked," said Mrs. Chisholm. Stunt Night will be held on Dec. 14 with Mr. Roy Hartman, principal of Shirley School, as master of ceremonies. Tickets are fifty cents for students and a dollar for adults. This year, since there are four classes in HHS, there will be a queen, a princess, a duchess, and a lady-in-waiting. Organizations that plan to enter skits are asked to get their plans in early.

**Red Cross Art Exhibit Slated**

An art exhibit featuring work by Hereford High and Stanton Junior High students will be presented Saturday and Sunday at Hereford Community Center. The exhibit is being sponsored by the local chapter of the American Red Cross. Any junior high or high school student may enter any media he chooses. Students who enter must hand their art entries early Friday morning, said Mrs. Viola Chisholm, HHS art teacher. The state's winning art exhibit is to be sent to a foreign country for an exchange of their works. There is a possibility that two exhibits from Hereford may be chosen to go to Washington. They will be participating in the National High School Exhibit which is held there, commented Mrs. Chisholm.

Mr. Michaels noted. "Discrepancies in attendance will be counted as a truancy, he commented. If the homeroom period is to work this year, the school will need the cooperation of all students, the assistant principal concluded. As the curtain is pulled and Mr. Don Moore, choir director at HHS, snaps his fingers, another rehearsal of the choir's play, "The King and I" goes into action. For the past several weeks, members of the cast have been practicing for the final productions of the play which will be presented on Friday, Nov. 29 and Saturday, Nov. 30 in the High School Auditorium. Practice has been held every night of the week with approximately 22 hours and 20 minutes spent every week. When there is time between practices Mr. (Continued on Page 2)

**A SENIOR, DAVID STEVENS** will play his last high school game tomorrow night as the Whitefaces meet the Levelland Lobos. David who has played football for the past six years finishes his senior year playing tackle position for the Hereford Whitefaces. He recalled that this year's Dumas was his most memorable game, "because it was the first time I started" a game for the Whitefaces. David plans to attend Texas A&M; he does not plan to play ball. He is the son of Mr. and Mrs. P. L. Stevens, 300 Sunset Drive.

**"I PLAN TO ATTEND TEXAS** Tech but I don't plan to play football," stated Joe Self. Joe is the son of Mr. and Mrs. A. J. Self, Route 3, Summerfield. He has played football since the seventh grade and will play his last game tomorrow as the Herd plays its final game of the season. He plays tackle for the Whiteface, and in his six years of football he has received no injuries. Joe remembers most the Lamesa game last year when the Whitefaces defeated Lamesa, which was ranked seventh in the state at the time.

**ALFRED DAVIS, TACKLE** on the Whiteface varsity team, has played football for the past three years. He is the son of Mr. and Mrs. Abe Davis, 509 25 Mile Avenue. His most memorable game was the Levelland B team when he was a sophomore. He has never received any serious injuries. He plans to attend college at West Texas but does not plan to play football. Alfred said, "I have enjoyed playing football in HHS and hope that our last game will be a success." A senior this year, tomorrow's game will be his last.

**THIS YEAR WAS THE FIRST** time in six years of football that center, Eddie Johnson has been injured. His injury was a torn ligament in his left leg that sidelined the Herd's starting center for the season. Eddie has played at both center and defensive tackle slots since the seventh grade. When asked what game he remembers most Eddie remarked it was the Perryton game this year, "cause we beat 'em." Eddie was not sure what college he will attend, but he said a definite "Yes" about playing football in college. He is the son of Mrs. Annie Ma Willis, Hereford.

## Editors' Notes:

By Linda Higgins and Lou Ann Whitkowski  
Is everyone happy? — About homerooms that is? Since we have finally gotten them, let's use them wisely so we can continue having them. It would be rather hard to have class meetings and club meetings without homerooms, wouldn't it? This last week has meant another week of keeping our heads in the book for last minute refreshing of memories. Were the six weeks tests to swiftly hard? Well just think how smart we will be when we finally get out of HHS, seniors. School days are passing very slowly and many students are wishing to have about a three or four months vacation. Since this is impossible, maybe the Thanksgiving vacation will ease the pressure. School seems to be putting age on so many of us. The vacation will start at 2:30 p.m., Wednesday, Nov. 27. This will be a time of leisure and "no studying" for a lot of students, won't it? Just have fun whatever you do because we will soon have to get down to the books again. Although this issue is dedicated to the graduating senior boys, we would also like to recognize the other football boys who have helped make this season an outstanding season for HHS.

## Whitefaces Upset Favored Littlefield Wildcats 20-15

An aroused bunch of Whitefaces took the field last Friday night to surprise the favored Littlefield Wildcats by a score of 20-15. Tomorrow night the Herd closes out the 1963 season when they meet the Levelland Lobos in Hereford. The Lobos own a 1-3 district mark as they have beaten only Perryton while losing to Littlefield, Dumas, and Phillips. All 20 points scored by the

Herd came in the third quarter after the two teams battled to a 0-0 deadlock at halftime. Littlefield scored first on a four-yard run early in the third quarter. The try for the extra point was wide. It didn't take long for the Whitefaces to come roaring back: The Wildcats kicked a short, twisting kick because of the high wind. Ronny Duncan picked the ball up on the 20-yard line and returned it 80 yards

for the touchdown. The try for the extra point was low and the game was a 6-6 deadlock. A few minutes later the Whitefaces scored on a 19-yard pass from quarterback Frank Cain to end Eugene Green. A fake kick on the extra-point try gave Cain all the room he needed to complete the two-point pass to halfback Steve Hodges. This gave the Whitefaces a 14-6 lead. Big Jim Haney closed out the Hereford scoring a few plays later after the Whitefaces recovered a Wildcat fumble. The same fake kick and pass was batted away on this attempt. Littlefield was not through for the night, however. In the fourth period, after a brilliant goal line stand by the Whitefaces defense, the Wildcats blocked a punt in the end zone for a safety. Littlefield finished the scoring for the night with less than five (Continued on Page 2)

## Hoof Prints

By David Stevens  
If you are kind of football fan then last Friday night's game against Littlefield was really great. The first half and most of the last quarter was a terrific brand of hard-nosed football. The third period and part of the fourth were wide open football at its best. Tomorrow night's game against Levelland will close out the 1963 season for the Whitefaces. The Herd will be seeking to break even on their season record and clinch third place in the district standings. This would really be great as the Whitefaces were pre-season picks for fifth place. Even though football is not over yet basketball season is already upon us. Next Tuesday the Whitefaces open the 63-64 season against the Caprock Longhorns in Hereford. Caprock is Amarillo's newest high school. The cage schedule is really tough this year. It includes three tournaments. When the Whitefaces take the field tomorrow night it will be the last game for twelve seniors. Playing their final game for the Herd will be Eugene Green, Neal Lueb, Alfred Davis, J. Carter, John Kovacs, Joe Self, Eddie Johnson, Manuel Pacheco, Jim Higgins, Jim Haney, Ronny Duncan, and Me. All twelve seniors have been playing together for at least four years. The senior managers are Darrell Sparks and Jackie Waiser. Herford's freshmen closed (Continued on Page 2)

## Ruth Ann Allison Is Named Hi-Y Club Sweetheart

Ruth Ann Allison was chosen as Hi-Y Sweetheart at the meeting Tuesday, Nov. 12, in the high school study hall. The boys decided to have two meetings a month. One's to be held in the homeroom period. The second will be held at night. Committees were appointed for the various projects the club will undertake. Selling candy is one of the projects this year.

### ROCK CORNISH HENS ON RICE MINGLE

8 frozen Rock Cornish hens (about 1 pound each)  
salt  
pepper  
soft butter or margarine  
paprika  
1/4 cup melted butter or margarine  
Rice Mingle (below)  
Bordelaise Sauce (below)  
bunchlets fresh green grapes

Remove hens from freezer; place on large deep platter or metal tray in refrigerator to thaw.

Remove giblets from hens; then wash and dry them. Sprinkle hens with salt and pepper; with thin string tie the legs together. Rub hens with soft butter; sprinkle with paprika. Place in shallow open roasting pan, then refrigerate.

1. Start heating oven to 425 F. 2. Roast hens, uncovered, about 60 minutes or until tender and well browned, basting with melted butter. 3. Meanwhile, start cooking Rice Mingle. Also prepare step 1 of Bordelaise Sauce. 4. When hens are done, cut and remove string. Arrange them on heated serving platter, piled high in the center with Rice Mingle. Arrange bunchlets of fresh grapes on top of hens; keep warm.

5. Complete Bordelaise Sauce as in steps 2 and 3 of recipe. Then let guests serve themselves to the hens, rice and Bordelaise Sauce. Makes 8 servings.

### BORDELAISE SAUCE

1/4 teaspoon dried whole thyme  
1 bay leaf  
1 cup port wine  
2 chicken bouillon cubes  
1/3 cup boiling water  
1 tablespoon cornstarch  
2 teaspoons sugar  
1 medium onion, chopped  
1. In small bowl combine thyme, bay leaf and wine; set aside. Dissolve bouillon cubes in water; stir in cornstarch and sugar, then set aside. 2. When Cornish hens are done and have been arranged on serving platter as in step 4 above, pour one-half cup of the hot drippings, from roasting pan into small skillet. In drippings, saute onion 5 minutes; stir in water-cornstarch-sugar mixture and bring to a boil. Stir in port wine and simmer 5 minutes. 3. Then strain sauce into sauceboat, for guests to help themselves, with hens. Makes 8 servings.

### RISE MINGLE

1 cup wild rice  
salt

2 cups boiling water  
butter or margarine  
2 medium onions, minced  
2 10 1/2 ounce cans condensed beef consommé, undiluted  
2 cups uncooked regular white rice  
dash pepper

About 50 minutes before serving  
1. Wash wild rice in 3 or 4 changes of cold water, removing foreign particles.

2. In medium saucepan, add 1 teaspoon salt to boiling water; add wild rice gradually so water keeps boiling. Boil covered, stirring occasionally with fork, 30 to 45 minutes or until rice is just tender.

3. Meanwhile, in 1/4 cup butter or margarine, in large, deep 10-inch skillet, saute onions over medium heat, about 5 minutes. Then, with fork, stir in consommé, 1 soup can water, white rice and 1/2 teaspoon salt. Cover skillet tightly. Bring mixture to a boil, reduce heat, then simmer about 20 minutes or until rice is tender and all liquid absorbed. Four or five times during cooking, stir rice with fork to prevent sticking.

4. To drained wild rice add 1 tablespoon butter or margarine and dash of pepper. Then, with fork, fluff it up, add cooked white rice and toss together. 5. Heap this Rice Mingle lightly down center of heated serving platter, with Cornish hens around it. Makes about 8 servings.

### MUSHROOMS A LA CREAM

3 tablespoons butter or margarine  
1 1/2 pounds medium fresh mushrooms  
3 tablespoons lemon juice  
1 10 1/2 ounce can condensed mushroom soup, undiluted  
1/4 cup milk  
1 teaspoon salt  
1/4 teaspoon pepper  
About 30 minutes before serving  
1. In butter, in large skillet, saute mushrooms over high heat about 10 minutes or until done. Add lemon juice and toss. 2. Then add mushroom soup, milk, salt and pepper and heat, stirring until smooth. Makes 8 servings.

### SPICED GRAPE SALAD

1 small package lemon Jello  
1 flat can crushed pineapple  
1 small can spiced seedless grapes  
Cream cheese, if desired  
Dain liquid from grapes and pineapple into measuring cup. Dissolve Jello in one cup boiling water. Add water to juices to make one cup. Add to Jello mixture; and let set until partially congealed. Add drained pineapple and grapes. Cream cheese may be whipped in Jello before fruit is added, or it may be thinned slightly with pineapple juice and mayonnaise and used as a dressing.

FOR THANKSGIVING DINNER a harvest cloth adds the perfect touch. This cloth belongs to Mrs. Ed Wilson, 304 Sunset Drive. Made by her mother, the late Mrs.

A. B. Barr, Altus, Okla., it is fashioned of net over satin and bordered with felt. Felt appliques and sequins make the traditional harvest design. (Staff Photo)

### CRANBERRY PUDDING MOLD

1/2 cup butter or margarine  
1 cup granulated sugar  
2 eggs  
2 1/2 cups sifted cake flour  
2 teaspoons double-acting baking powder  
1/8 teaspoon salt  
1/2 cup milk  
3 tablespoons cake flour  
1 1/4 cups whole cranberries  
boiling water  
Hard Sauce or light cream, nutmeg-sprinkled.

About two hours before serving:  
1. Thoroughly grease and flour a 1 1/2 quart tube mold and its cover.

2. In large bowl, with mixer at medium speed, beat butter or margarine until creamy. Then, while still beating, gradually add granulated sugar, beating mixture until it is light and fluffy. Then add unbeaten eggs and beat well.

3. Sift together 2 1/2 cups sifted cake flour, baking powder and salt. Now, with mixer at low speed, alternately beat in and milk into butter mixture, starting and ending with flour.

4. Onto wax paper, separate 3 tablespoons cake flour; in it join cranberries until coated. Fold them into batter, then turn it into mold and cover.

5. Place pudding mold on trivet in deep kettle. Add enough boiling water to come halfway to sides. Steam, covered 1 hour and 10 minutes or until done, replenishing boiling water if necessary to keep it at its original level.

6. When done, remove pudding mold to wire rack; remove cover and let stand, as is, 30 minutes. Then, with long spatula, carefully loosen pudding from sides, then from center of mold. Invert on serving dish; lift off mold.

minutes to play with a two-yard run by Grover Figum and a successful kick to make the score 30-15.  
Although the scoring was called the excitement was far from finished. The Whitefaces still had to kill nearly five minutes. A strong ground offense was up to the task, however, as the Red moved the ball to the mid-field stripe before the game ended.

the conductor of the choir, Mr. George E. Umberson. The choir's opening song was "Psalm 95". This was followed by "Virga Jesse", "Advent Motet", "Orange Juice" and others. The program was closed with the singing of "Swanee".

The University Choir of Eastern New Mexico is a mixed group of about 50 voices chosen by the student body. This group functions as the basic choral group on the University campus and participates in concerts, oratorios, musical comedies, operas and variety shows.

The choir dress was the University colors - green and black. The girls wore green, short sleeved blouses with floor-length black skirts. The boys wore black suits, white shirts, and black bow ties.

Mr. Umberson is in his fourth season of conducting the concert choir. He received his bachelor of music education degree from Eastern New Mexico University, his master of arts degree from the State University of Iowa and has done work toward his doctor of musical arts degree at the University of Southern California. Mr. Umberson has sung professionally with the Rogers Wagner Chorale in Los Angeles.

REP. ROGERS WRITES

# Balance Of Powers Kept By Doctrine Of Separation

As the first session of the 88th Congress draws nearer to an end, I think it is appropriate to repeat a portion of a newsletter that I wrote some time back. I take the liberty of repeating this because I think it is most important that all Americans realize constantly the threats posed against our form of government.

Well-meaning but misled individuals or groups can very easily do as much damage to our philosophy of government as a sinister force bent on destroying us. It is for this reason that I repeat this newsletter with the hope that it will further alert all Americans as to the basic bedrock upon which this government was built and upon which it must be preserved.

Our U. S. Constitution separates the power of government among its three great branches—the legislative, the executive, the judicial. Behind the very sound "separation of powers" doctrine is the theory that by keeping the three branches independent of one another, and by keeping their authority in balance, a concentration of tyrannous power is made impossible.

Man has yet to devise a better system of government than that by which we are governed. A keystone of our system is this "separation of powers." And, despite some stir recently over a "Fund for the Republic" pamphlet entitled "The Elite and the Electorate," there is not the slightest consideration being given in the Congress to changing the Constitutional balance of power.

The pamphlet is not a government publication. The "Fund for the Republic" has no connection with government.

The pamphlet argues that some authority now vested in the Congress should be transferred to the President in order that the United States might act more swiftly to meet sudden challenges at home and abroad.

fred Davis and David Stevens, such change—to any move to reduce the power of the Congress, the people's most direct voice in their government. I'm certain the great majority of Congressmen and Senators share my conviction, as does the great majority of the American people.

From time to time in our history, one branch or another has been dominant in the exercise of

power granted under the Constitution's broad outlines. In some periods, the Congress has acted most forcefully.

Occasionally the U. S. Supreme Court has acted so strongly as to be accused (and I have raised the point) of exercising powers properly resting with the legislative branch, the Congress.

We have had strong-willed Presidents who wielded their powers so vigorously that they were accused in their day of being near-dictators. Of all our presidents, Abraham Lincoln (whom we now all revere but who was a bitterly controversial President in his own time) cornered more power for the executive than any other. Consider these actions of Lincoln: Under the war power he proclaimed the slaves of those in rebellion emancipated. He devised and put into execution his own plan of reconstruction. He increased the Army and Navy beyond the limit set by statute. The privilege of the writ of habeas corpus was suspended wholesale and martial law declared. Public money in the sum of millions was spent without Congressional appropriation.

Lincoln knew his Constitution. He did none of these things innocently. He knew how far he could go in taking for his office the powers of a divided, weak Congress.

Thus, through history, one branch or another of our government has been a position somewhat more powerful than the other branches. Today, in my view, Congress must be extremely wary about extending any further delegations of authority to departments in the executive branch.

Because Congress has some-

times not been specific enough in its delegations of statutory authority to executive departments, or too generous in the powers it has passed along, the departments (constituting the government bureaucracy) have assumed larger responsibilities than legislators envisioned. Occasionally the Congress seeks to return to itself grants of authority.

Generally, it can be shown that the "separation of powers" doctrine has been respected, that fluctuations in the exercise of power have through history been contained within the broad confines established by our Founding Fathers in the Constitution.

A sweeping, drastic change in the balance of legislative, executive, and judicial powers could not be made without the adoption of a Constitutional amendment. So fundamental to the entire Constitutional framework is the separation doctrine that, in my firm view, no major change could be made short of the outright repeal of the Constitution—and such a step is beyond any possibility.

HEMELINE DRACHMA  
LOUISVILLE, Ky. (AP)—Mrs. Wilson Beatty is still wondering how a Greek coin found its way into the hem of a tightly stitched dress.

After the dress was dry-cleaned once, she noticed an unusual weight, investigated and discovered the coin. There was no tear anywhere in the garment.

The coin was a 10 drachma, worth about 3½ cents in U. S. money.

# GSPA Directors To Hold Meeting

Grain Sorghum Producers Association will hold its regular quarterly directors meeting in Plainview on Tuesday, Nov. 26.

Harp, association president, said that in addition to giving direction to the area-wide organization program, directors are expected to enter into discussions and gain information helpful in conducting local meetings during the next several weeks.

The morning session, beginning at 10 a.m., will be devoted to information and education subjects, said Bill Nelson, Amarillo, executive vice president.

He added that the afternoon session is to be a business meeting of the board. The session will end at 3:30 p.m.

Reporting on grain sorghum midge at the association meeting will be Dr. Donald Ashdown and Dr. Ellis Huddleston, entomology department, Texas Tech.

A report on sorghum midge research at Texas Agricultural Experiment Station, Lubbock, and Texas Tech will be presented by C. E. Fisher, experiment station employee.

One of the newest sorghum production innovations, solid drill planting of mido combined with flame cultivation, will be reviewed by Bedford Forrest, High Plains Research Foundation.

Results from use of the two techniques are from sorghum production on the Frank Moore farm in Hale County. Production was increased from 5400 per acre to 6900 pounds.

Also appearing on the program is Jack Tompkins, farm news director of KPFA-TV in Amarillo.

During the business session, Harp indicated directors will study current policies being advocated by various groups for future food grains legislation. Proposed programs will be studied for their effects on sorghum production.

The group will also set a date for its regular annual meeting to be held in the spring, he concluded.

Association directors from Deaf Smith County expected at the meeting of GSPA directors are Claude Damron and Curtis Roach.

Also expected for the day-long session is area vice president R. G. Peeler.

### District Head Of Rotary to Visit Hereford

J. M. (Jimmy) Willson, Jr. of Floydada governor of district 573 of Rotary International, world-wide service organization, arrives here Sunday Nov. 24th to visit the local Rotary Club, one of the 45 clubs in his district. In addition to addressing Hereford Rotarians Monday at their meeting, he will confer with J. R. Johnson, president of Rotary Club of Hereford, and other club officers on Rotary administrative matters and service activities.

J. M. Willson

Willson is a building material merchant in Floydada and is a member and past president of the Rotary club of Floydada. He was elected a district governor for 1963-64 at Rotary's 54th annual convention in St. Louis, last June, one of 272 district governors responsible for supervising the activities of more than 11,500 Rotary clubs with a total membership of 535,500 Rotarians in 129 countries around the globe.

businesses and professions, and in doing what we can as a Rotary club and as individual Rotarians to help further international understanding."

As the governor of this Rotary district, Willson supervises the organization of new clubs in his area. Last year, more than 300 new Rotary clubs were organized in 46 countries, with clubs being formed for the first time in West African country of Sierra Leone.

"The visit of the governor," Johnson said, "is a time for examining the effectiveness of what we are doing to achieve Rotary goals in community improvement, in youth work, in raising the standards of our

Before assuming his duties as district governor, Willson attended an eight-day meeting at Lake Placid, N. Y., held to assist Rotary governors to meet the duties of their office.
