## Around Town

Deaf Smith County is still waiting for the first moisture of the year. Self-made weather forecasters Around Town are having a field day predicting when the first snow and/or rain will fall.

It will be Ladies Night at the next meeting of the Methodist Men's Association. The event will be held next Thursday in the Fellowship Hall of the First Methodist Church beginning at 7 p.m.

All members of the Hereford Art Guild are urged to be present at a business meeting in the Junior High art room Monday at 3:15. Final plans for a class in painting, which will begin soon under the direction of Miss Isobel Robinson of West Texas State College, will be made at the meeting.

A representative of the Amarillo Social Security office will be in Hereford at the courthouse Jan. 18. It was announced today. He will begin making appointments at 9:30 a.m. According to John Sanderson, district SSA manager, the representative can furnish any information or assistance which would be available at the Amarillo office.

A beef cattle production meeting will be held in Bovirth Jan. 12 at 1:30 p.m. in the American Legion Hall. Joe Jones, Parmer County agricultural agent, announced today. Jones said "Increasing Beef Production With Performance Tests and Production Records" would be the topic of L. A. Maddox of Amarillo, and said that Paul Marion of Spur would discuss "Storing and Feeding Quality Silage to Beef Cattle on the Range and in the Feed Lot."

Perry McMinn of Summerfield has been appointed a national aide-de-camp to Commander-in-Chief Timothy J. Murphy of the Veterans of Foreign Wars of the United States, it was announced this week.

Chester Harrison, new market manager at Piggly-Wiggly, came to Hereford Tuesday from Littlefield, where he has been in charge of the Piggly-Wiggly markets for seven years. He is a member of the Masonic Lodge and the Baptist Church. Mr. and Mrs. Harrison have a daughter, age 4.

## Hereford Bank Deposits Near \$10 Million Mark

Bank deposits in Hereford totaled almost 10 million dollars at the close of business Dec. 31, state-

ments of conditions of the two local banks revealed this week. Deposits were just \$104,709 short of 10 million dollars despite an estimated \$2 million loss suffered by grain sorghum growers due to a drastic cut in milk support prices this year.

Deposits in the two banks totaled \$9,895,921 at the time the call was made. Combined loans of the banks totaled \$3,191,357. Capital stock of the two banks increased from \$175,000 as of Dec. 31, 1954 to \$200,000 on Dec. 31, 1955. Undivided profits were listed at \$176,646 and surpluses at \$250,000.

Not A Record Bank deposits were one of the few things in Hereford during the past year that did not set a new all-time record, however. Deposits at the same time a year ago were \$11,882,498 and loans totaled \$2,601,337.

A look back in the past shows that deposits are still several mil-

lion dollars higher than they were 10 years ago. On Dec. 31, 1945 deposits totaled \$6,060,510. Twenty years ago, on Dec. 31, 1935, deposits were just \$572,931.

## He Wasn't 'Best Man In The End'

A Plainview man found out Friday night who was the "best man in the end."

The young man was stopped by City Police for speeding as he came through Hereford from Clovis, N. M. He had with him his wife of a month and another couple who had just been married a few hours before in Clovis. The driver of the car had served as best man at the wedding.

When stopped by police the "best man" expressed his dissatisfaction. When the cop started writing the ticket anyway, the youth got out and kicked him twice. The "best man" spent the night in City jail and paid a \$32.50 fine Saturday morning.

## Banquet Tickets Are Going Fast

Four hundred and six tickets have been sold for the Chamber of Commerce banquet to be held Jan. 27.

Tickets for the banquet went on sale here Thursday to C-C members and will go on sale Monday to the general public. Bill Lenderman, manager, said he believed some 600 tickets will be sold. Tickets will be on sale at Rogers Drug, City Drug, McDowell Drug and both banks.

## Victim Of Fall Undergoes Surgery On Legs And Feet

K. F. Strain, 45, who possibly fell 120 feet Wednesday afternoon when a cable on a lift at the Fraser Mill elevator broke, underwent surgery on both legs and feet Friday in the Northwest Texas Hospital at Amarillo.

Strain was riding a lift in one of the elevators, when the cable broke. He fell possibly 120 feet to the bottom of the pit where he landed on top of machinery housing. The injured man, who was rushed to the Deaf Smith County Hospital in a Gilliland ambulance for emergency treatment, said he believed he was almost at the top of the elevator when he fell.

Strain had been employed at the mill for the past 18 months. Harold Mudroch, manager, said he was an excellent worker, and previously had a perfect safety record.

# Poll Tax Receipt Will Be Much Used In 1956

## 'On Election Year' Faces Area Voters

Deaf Smith County voters face a big year in 1956, a review of the political situation here reveals. This is the "on year" as far as politics is concerned, and citizens of Hereford and the county will have a part in electing a President, vice president, governor, district attorney, district judge, full slate of State office holders, seven county officials, three School Board

members and possibly two new city commissioners. The full importance of the political picture apparently has not yet been realized by county voters, however. For, as of this week, only 1001 persons had paid their poll taxes. Of course the last month is traditionally the big month in poll tax sales, and citizens still have until Jan. 31 to get their slips. In 1955, an "off year" politically, only 1874 poll tax receipts were issued. In 1954 there were 2807 sold.

## Funeral Services Held Friday For Louis Counselman

Funeral services for Louis J. Counselman, 69, of Summerfield, were held Friday at the Methodist Church with the Rev. Don Davidson officiating. Interment was at Llano Cemetery in Amarillo.

Mr. Counselman died Wednesday at Dimmitt after a short illness. He was born July 25, 1886 at Bethany, W. Va., and he married Ella Garrison Dec. 26, 1911 at Wheeling, W. Va. Mr. Counselman came to Texas from Wheeling in 1939 and he came to Deaf Smith County in 1942 from Carson County. He was a member of the First Methodist Church.

Funeral services were held at the home of Glenn Gripp, Robert Lemons, Mason Lemons, Spicer Gripp, J. R. Braxton and Jack Strine.

He is survived by his wife; one son, Orval Louis Counselman, Lt. Col. U. S. Air Force, McClellan Field, Calif.; one daughter, Mrs. Dorothy Hatcher of Amarillo; one sister, Mrs. Geo. Carl of Dallas, Pa., and three grandchildren. Gilliland Funeral Home in charge of arrangements.

## Shore, Wilson Head Merchants Association Here

W. B. Wilson and Bill Shore were elected co-chairmen of the Hereford Merchants Association Friday at the regular weekly meeting of the organization.

The two men will serve during 1956. Retiring chairman is U. Streu. Wilson and Shore were elected unanimously by members after the Nominating Committee, headed by Francis Hardwick, had made the nomination.

The group, formerly known as the Merchants Committee, also voted in favor of calling the organization the Hereford Merchants Association. Members also voted in favor of meeting on Thursdays at 2 p.m. instead of on Fridays at 10 a.m. during the coming year.

Six "Suggested Holidays" were also approved by members for the coming year. Holidays this year will be as follows:

Date	Holiday
May 30	Veteran's Day
July 4	Independence Day
Sept. 3	Labor Day
Nov. 29	Thanksgiving
Dec. 25-26	Christmas
Jan. 1	New Years

Although this is not the year for city election, there may be a city election, there may be a city election, there may be a city election.

County voters will be electing a tax assessor - collector here for the first time. Following the approval of the amendment to the State Constitution allowing counties under 10,000 to separate the tax office from the sheriff's office, voters in September okayed such a split. Other county offices to be filled include that of the sheriff, county attorney, Precinct 1 commissioner, public weigher and justice of the peace. The two Sixty-Ninth District posts which must be filled are those of the district attorney and district judge. Floyd Richards, who has served as DA for 10 years this week announced that he would not seek re-election. No county office holder has yet announced his intentions.

Records kept by City Police Chief Leo Box show that there were 179 accidents within the city limits during the year. Most of the wrecks were minor, however, and the city had only one fatality for the year. The lone death occurred Nov. 11 and involved a Santa Fe train and an automobile driven by G. B. Miller. Mr. Miller was killed.

Property damage from auto accidents in the city was estimated at \$34,073 by Box. Besides the one fatality, six other persons were injured.

Records kept by highway patrolmen in Hereford show that there were 53 accidents on county highways and roads. Three deaths were recorded, 31 were injured and 37 of the accidents resulted in property damage.

In the three county area patrolled by highway patrolmen stationed in Hereford, there were six fatalities. Property damage resulting from wrecks in Deaf Smith, Castro and Parmer Counties totaled \$78,967.50.

QUARTER-CENTURY LION — H. A. Close, left, accepts his 25 year pin from Lion Tamer Bruce Miller at Wednesday's Lions Club meeting. Close this year completed a quarter-century of Lionism. Four other Lions received 15-year pins and five got 10 year pins. Receiving 15-year pins were Dr. R. R. Wills, Robert L. Thompson, Jimmie Gillentine and G. W. Edwards. Ten year pins went to W. C. Meharg, Deward Robertson, H. W. Thomas, S. O. Wilson and W. B. Wilson. (Staff Photo)

## Fire, Automobile Accidents Are Big Property Destroyers In 1955

Automobile accidents and fires, as in past years, were the two big property destroyers in the Hereford area during 1955.

Records kept by City Police Chief Leo Box show that there were 179 accidents within the city limits during the year. Most of the wrecks were minor, however, and the city had only one fatality for the year. The lone death occurred Nov. 11 and involved a Santa Fe train and an automobile driven by G. B. Miller. Mr. Miller was killed.

Property damage from auto accidents in the city was estimated at \$34,073 by Box. Besides the one fatality, six other persons were injured.

In the three county area patrolled by highway patrolmen stationed in Hereford, there were six fatalities. Property damage resulting from wrecks in Deaf Smith, Castro and Parmer Counties totaled \$78,967.50.

Fire Damage Light Fire damage in Hereford was actually very light. Only \$20,000 in insured losses was reported, according to Fire Marshal Clay Angelo. Angelo said the 24 volunteer firemen answered 86 calls in all with 45 of them being "siren calls" and 41 of them being "trash fires." Of the 86 calls, 26 were out of the city limits.

## City Has World's Most Honest Crew

Hereford can now lay claim to the world's most honest City sanitary crew.

At least that's the way City Manager Cecil Massey feels about it. Massey was started Friday when John Frost, Melvin Lefel and Ed Robinson, who man the city's sanitary truck, brought in a billfold containing \$22 and pitched it on his desk.

They told Massey they found the billfold in a rail of old overalls in a garbage can. Identification showed it belonged to K. E. Strain, who was injured in the elevator fall here Thursday. Massey said he believes that (Continued on Page 2)

By Jimmie Gillentine

Drew Pearson is really taking a drubbing these days at the hands of Texas politicians. Pearson has been dabbling sharply into Texas politics during the past two years, and he got his fingers burned on the collapse of "U. S. Trust and Guaranty Co."

Mr. Pearson stuck his neck way, way out with personal endorsements of the company from time to time as he urged listeners to "put your Trust in U. S. Trust." The broadcasts originated in Washington which, along with the "U. S." title led many people to consider the firm in the same category with U. S. Savings Bonds. Pearson was warned six months ago about the condition of the company and even flew to Waco to talk with heads of the firm, but he returned and still advised the public to keep on putting their trust in U. S. Trust.

About the only time I can recall any other public figure being so completely in error and so deeply and personally involved was back when the "Literary Digest," a former national circulation magazine, made predictions through surveys that Alf Landon would defeat Franklin Roosevelt by an overwhelming majority. Anyway, it is needless to say that several hundred thousand Americans will in the future contemplate Mr. Pearson's reporting with their fingers

had done both. Things are pretty quiet for everyone except the Camp Fire leaders. These gals are sure humming around. They have a study course with a national leader scheduled for the week of Jan. 16, which is also the week of the Rotary 4-H Show, where they handle the concessions sales. Consequently, a large group of husbands are eating sandwiches these days, including yours truly. If Southwestern Bell wanted to do the right thing, I feel that they should donate a special Camp Fire telephone to every home where there is a Camp Fire leader or sponsor.

Which reminds me about a piece I was reading where the phone company has a major sales promotion on 1956 special lines and telephones for teenagers. They are listed under the regular family listing as "Son," "Daughter" or "Children." In many places, they have sold a lot of these special lines and, in cases where there are several children, the kid lines even have extensions. I'll bet they could really put the deal across if they would have special lines and listings under the family name such as "Camp Fire," "Boy Scout," etc.

However, I'll have to admit that I think they are good organizations. Maybe more important even than having a family telephone anymore.

I also want to hand the Kiwanis Club a bouquet. They signed up to sponsor an outside show a few weeks back, and then they discovered that the outfit required the sale of blocks of tickets to merchants. The Kiwanians dropped the deal on the grounds that the merchant purchases were donations and, if the presentation couldn't stand on its own feet, they weren't interested.

More clubs should follow the pattern. Half of the donation ticket sales always go to the outsiders. If the merchants are required to donate, they like to see all of the money stay with the local club. Sometimes, in the past, similar deals have given half (or more) of the merchant money to carnival roustabouts and vanilla drinkers. In Hereford, most merchants are generous and liberal. They deserve some consideration. We agree with the Kiwanians, let's at least keep our donations at home.

Up in Perryton Lawrence Bransgrove told Harold Hudson that he

## Bible Words for Today

MATTHEW 10:16—"Lo, I send you out as sheep in the midst of wolves; so be wise as serpents and innocent as doves." (RSV)

When Jesus said these words to his apostles, he was summing up for them in a vivid but concise way one of the most difficult disciplines in life. Ever since the Hebrews had told the story of the fall of man, the serpent had been the symbol of that kind of sophisticated wisdom which knows its way around a cynical world. Jesus was saying to his disciples, "Don't let your goodwill blind you to the hard realities of life."

In the New Testament the dove is a symbol of the Spirit of God. To be innocent as a dove is to renounce the cynicism you understand, to outthink the wolves that would devour you, but refuse to use your knowledge for purposes other than the will of God. Jesus not only taught this; he lived it. Our world, so often filled with wolves, needs Christians who have such canny innocence.

OUT OF LINE TULSA, Okla. (AP)—While driving to town to report for work, Tulsa police detective Walter Turner noticed a wheel on the car ahead was badly out of line. He honked and waved at the woman motorist.

The elderly woman stopped, rolled down her car window and said: "Officer, please have mercy. I know I went through that red light but I've learned my lesson. Give me one more chance."

Turner tipped his hat politely and drove away.

## Your Congressman Reports

There are two primary methods of travel in Russia. One is by rail-road, the other by air. Although some highway work is under way, the roads are not in good shape and it would be most difficult to attempt to travel around the Soviet by automobile.

I had thought that we might be able to make the trip from Moscow to Kiev by car, but this was ruled out because of the time element involved and the road situation. We traveled from Moscow by the Russian Airline Aeroflot. The airport is quite a distance from downtown Moscow. As a matter of fact, we traveled for almost an hour before reaching it. During this trip we had the opportunity of viewing a part of the country-

side. We saw several herds of grazing cattle. These were the dual purpose type cattle and resemble our dairy herds. They were being grazed along with a large number of sheep and goats in the same pasture. The cattle looked rather thin, which was understandable in view of their grazing company.

The Moscow Airport building is a large, well equipped structure that is well attended and seemingly accommodates quite a bit of business. While we were waiting for our papers to be properly processed several outgoing flights were called, one to North Korea and another to Shanghai. There were quite a number of Russians, Mongols and Orientals who boarded these flights. I also saw several

people who had an Occidental look in these groups. Who they were or where they were going I was not able to find out. There were quite a few newspaper people at the airport preparing to fly back to Leningrad to cover the visit of the several British warships making an official visit.

I talked at length with the young woman who was an interpreter for a group of newspapers. She was Russian but spoke perfect English. She told me that she lived with her mother in living quarters that were located near Moscow University; that her job was to go with the newspaper reporters and do all interpreting for English and American newspapers which they represented. She said that she was an ardent believer in Communism and that the Russian people were better off today than they had ever been. I told her that I did not doubt that the Russian people were probably much better off than they had been under abject serfdom, but that there was a much better way of life and that I hoped the Russians would have an opportunity to experience the freedoms that we enjoy in this country. I bid her goodbye and she went out to board the plane. However, when our plane was called a few minutes later I saw her on the ramp and she told me that they had lost their newspaper correspondents and that the plane for Leningrad was being delayed. This did not seem to be disturbing anyone, but it was highly unusual for a public conveyance to be delayed in Russia to wait for anyone.

The plane on which we traveled from Moscow to Kiev was much the same type of craft as we had flown from Helsinki to Leningrad. However, it was much better appointed inside and there was a hostess aboard. She was a young Russian girl who knew a few words of English but who preferred to converse in Russian through our interpreter. There were a number of other people on the plane including several Russian Army officers. We visited back and forth with all of them and had a very congenial trip to Kiev. We arrived in Kiev in mid-afternoon and were immediately taken to the hotel.

By Russian standards it was a very nice hotel although far from comparable with the first and second class hotels in this country. The people seemed much more friendly than they had in Leningrad or Moscow. This may have been due to the milder climate, but I kidded some of the northern members of the committee that it was just a case of having crossed the Russian Mason-Dixon Line and proved that people south of one of these lines are always more friendly than those north. We first noticed the added friendliness after we

had cleaned up and were waiting in front of the hotel for the remainder of the group to proceed to another conference. I was wearing my usual Texas hat which attracted quite a bit of attention, and Mr. Doroulian, a member from New York, was smoking a long cigar. They were all grinning and waving hands with them they were apparently very pleased. Some of them did stand for four or five minutes staring at the cigar and grinning. Cigars are unusual in Russia. They make cigarettes.

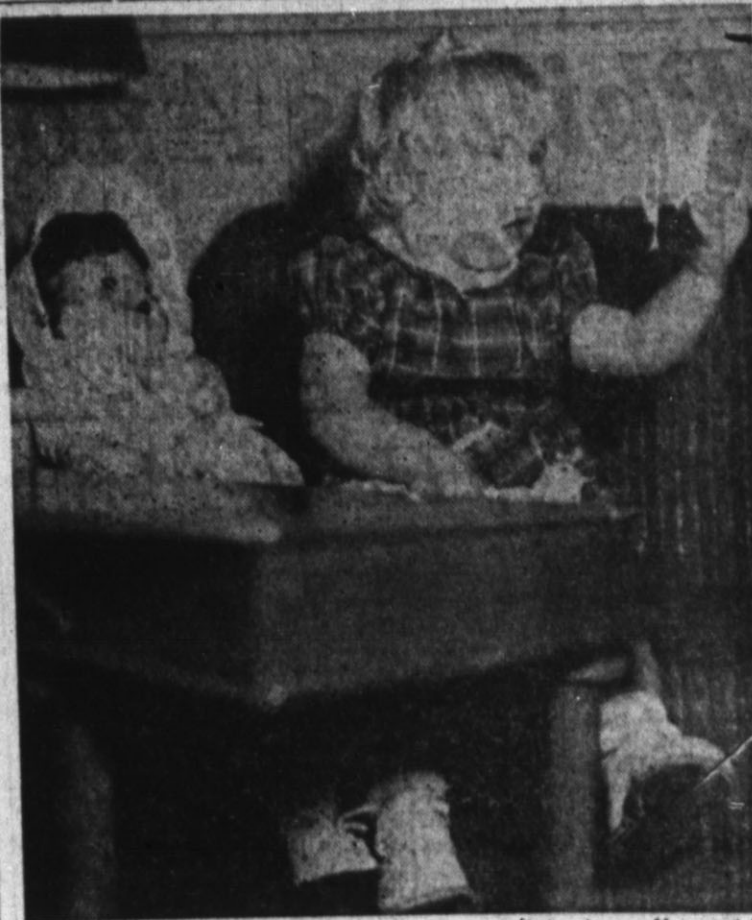

Kiev was a very interesting city. It had been almost completely demolished in the war, but had been rebuilt and there was very little evidence of any war damage. The Russians were very proud of the job they had done in rebuilding this city and held it up as an example of what they were able to do.

### Things to Watch for in the Coming Session of Congress

The early days of January, 1956 will usher in the second session of the 84th Congress. The year 1956 being an election year there is little doubt that the Congressional session will be a hectic one. An attempt will be made to dress up much of the legislation with voter appeal.

The chances are good for the Senate to act early in the session for a correction of the softest spot in the economy, to wit, the farm problem which involves the tragic decline in farm income. Many of those who have participated in the downfall of the farm will reverse their position and try to appear as a great champion of the little farmer. They are going to be surprised that the farmer has not been hoodwinked, but has kept up pretty well with the identity of those who try to follow popularity trends regardless of the damage it might do to one segment of the economy.

The Administration can expect terrific opposition to any attempt to tie this country down on a 10 year foreign economic aid program. The truth is that these foreign aid programs have barely skimmed through during the last several years. I do not believe that this Congress or any other one will bind this country to a 10 year commitment on foreign economic aid. In fact, I believe that after the Administration takes one look at the feelings of the Congress, it will not attempt to force the issue on a program that they were condemning in 1952. I don't believe even the most ardent supporters of these foreign aid give-away programs would argue that they have not produced even a small percentage of the results that were expected.

BRAND BABIES — "Look, I pulled my dolly's shoe off, would you please put it back on?" little Twyla Kay seems to be asking. She is the 15-month-old daughter of Mr. and Mrs. Jack Willier. (Staff Photo)

The natural gas bill will be turned into a political issue by the big utility companies of the East who will use as their spokesmen the ultra liberal Members of Congress whom they usually criticize.

Tax cuts for the low and middle income groups will be up for major discussion. These people may get a part of the income tax cuts that they were entitled to last year when sizeable tax concessions were made to the large income groups.

RICHMOND, Va. — The Virginia Supreme Court says the "exercise of ordinary care and prudence" should be enough to keep a man from falling asleep. Accordingly, the court held that Army Sgt. Dorkin Riggins Jr., couldn't use sleep as a "tailor-made defense to negligence."

Riggins went to sleep while driving his date home from a dance on an Army post and his car ran off the road and hit a tree.

As of early 1955, Japan's land self defense force amounted to 110,000 men.

# Home Office Helps Housekeeper

By VIVIAN BROWN  
AP Newsfeatures Writer

Every house needs a quiet, orderly spot to keep bills, house notes, recipes, telephone. Such a place should be off the beaten path so that one can balance the house books, make up the grocery lists and talk on the telephone without interruption.

Houses are smaller and families larger these days, so few houses devote a spare room to this personal center. But there are spots that can be utilized for such a purpose if you'll look over your eyes.

One family with a large closet built under the roof found it an ideal spot for a desk. The closet was cut in half and the additional space equipped with a desk light to

offer a very cozy little cranny. Another good place that few people think of utilizing is the space under stairs. This makes an ideal arrangement usually, if it is properly lighted.

This little center should be equipped with things that are important but likely to become lost in a busy household, if there is no definite place for them.

Instead of throwing bills in the kitchen drawer, for instance put them in a small desk under the stairs. The telephone books should be in that spot. Ditto dictionary, calendar, appointment and address books. An electric clock that will surely keep the right time might be put there. Into the drawer put stamps, stationery, pencils, pens, letter openers, sharpeners. One folder should be kept with letters to be answered. A remembrance book with dates of birthdays and anniversaries will be located easily there too.

One drawer could be given over to such things as new decorating ideas — if and when. Paint color cards, fabric swatches, tile samples might be kept for future reference.

On the wall a rack might hold duplicates of all the family keys — closet, car, garage, house and office keys.

If there is room in the desk one folder might be devoted to road maps if the family travels, another to water charts if you are a boating enthusiast. This is the spot where instruction books should be kept — how to wash Junior's new sleepers, run the dishwasher or use

the new vacuum cleaner. It is a good place for schedules — the housecleaning one for occasional helpers, baby sitters' instructions. It's a good idea to keep the menu for dog and cat in this spot too so that it will be handy when others take them over in emergencies.

## Household Scrapbook

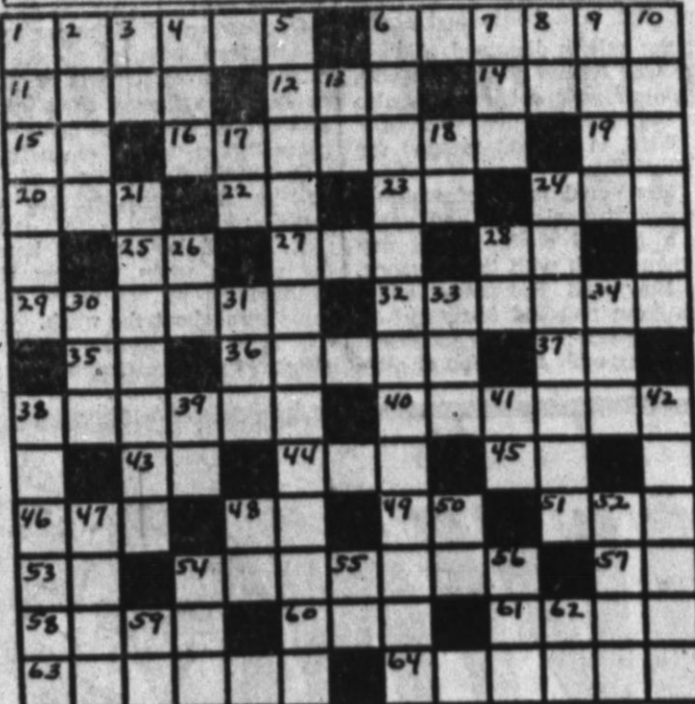

**House Plants**  
The dirt around house plants should be kept loosened and cultivated. Feed them a little fertilizer occasionally, and place them in a tub for a shower bath about once a week.

**The Milk Man**  
When a note is left in the bottle for the milk man, the wind or rain often carries it off or destroys it. But this will not happen if a glass tumbler is inverted over the mouth of the bottle.

**The Gas Range**  
The brown stains on light-colored gas ranges can be easily removed by using a cloth dipped in turpentine.

**Children's Shoes**  
Not many children, especially boys, like to wear overshoes. The next best thing is to give the soles of the shoes about three good coats of shellac. This not only prevents the water from going through the leather, but will add life to the shoes.

## Final Rites Held For Mrs. Johnson Friday Afternoon

After an illness of several weeks, Mrs. Mary Elizabeth Johnson, 74, died Wednesday at the Deaf Smith County Hospital. Services were held Friday at the First Baptist Church with the Rev. Howard Scott officiating. Interment was in West Park Cemetery.

Mrs. Johnson was born April 17, 1881 at Marlin. She married W. L. Johnson, now deceased, April 24, 1899. She came to Deaf Smith County from Mangum, Greer County, Okla., in 1917. She was a member of the First Baptist Church.

Funeral services were her grandsons. She is survived by three sons, Porter Johnson, Clifton Johnson and Thurmon Johnson, all of Hereford; one daughter, Mrs. Lillian Lookingbill of Summerfield; two brothers, John Galloway of Floyddada and Dave Galloway of Harwood, Mo.; nine grandchildren and five great grandchildren.

Gilliland Funeral Home was in charge of arrangements.

Guests in the D. H. Alexander home for the New Year holiday were their granddaughter and family, Mr. and Mrs. Sam Townsend and son David of Portales, N. M. Here the past weekend were Mrs. Alexander's sister and her brother, Mr. and Mrs. Gordon Alexander of Silverton.

## Bible Words for Today

ROMANS 12:1 - "I appeal to you therefore, brethren, by the mercies of God, to present your bodies as a living sacrifice, holy and acceptable unto God, which is your spiritual worship." (RSV)

In Communism, Christianity, opposes a philosophy of atheistic materialism. In frantic and eager efforts to differentiate the one from the other, Christians often slip into the heresy of complete spirituality, denying the importance of material reality. But historic Christianity has always stressed the fundamental centrality of the physical: "God became flesh and dwelt among us," a stumbling block to the Greek of old and many a person today.

If religion is God's search for man, then Christianity is God's search for man in the Person of His Son, Jesus Christ, and that search inevitably involves man's response. That response must be of the whole man, and St. Paul here reminds us that it takes the form of sacrifice. By presenting ourselves, our souls and bodies, as a reasonable, holy, and living sacrifice, we are made one body with Him, and He dwells in us and we in Him.

The Rev. Bruce A. Weatherly  
Trinity Episcopal Church  
Covington, Kentucky

Although the Arabs made paper in the eighth century, there is little record of its use by Europeans before the 12th century. The number of first admissions to mental hospitals in the United States rose from 106,000 in 1931 to 171,000 in 1951.

## Frio News

By FRANCES ANDREWS

The Frio Home Makers Club will meet at the home of Mrs. T. L. Sparkman Sr., who lives a mile south of Hereford on Highway 51, Tuesday Jan. 10, at 2:30. A guest speaker, Robert Thompson, teacher in the Hereford High School, will talk about the privilege of voting. Members and visitors are invited to attend.

Mr. and Mrs. Marshall Ebeling and sons moved to Hereford the last of last week. They have been living on the place belonging to her mother, Mrs. Kate Dixon. Mr. and Mrs. W. W. Jones and children Jimmy, Betty, Lilly, Vera and Cecil formerly of Olton, have moved to the place this week. Mr. Jones is a brother of J. R. Jones, who with his family moved recently to the place formerly occupied by the Leonard Buttrills. The J. R. Jones family lived 14 miles northwest of Hereford before moving here.

Mr. and Mrs. George Parker and Grandpa Parker went to Tahoka Tuesday for a day or two attending to business.

Mrs. Clark Andrews and Rocky and Frances Andrews were in Canyon Thursday for Mrs. Andrews to see the dentist.

The Olin Parrises were in Am-

arillo shopping Saturday. W. M. U. met in the home of Mrs. Floyd Cole Tuesday for a Bible study of Habakuk 3. Mrs. Owen Andrews, Bible leader, was in charge of the discussion. Those present were Mesdames H. M. Mobley, Olin Parris, Leonard Schmidt, Frank Robbins, Owen Andrews, Weldon Stephan and Mrs. Cole.

Mrs. Young of Littlefield is staying with the Jungmans, helping to care for the new daughter.

The C. N. McClures were in Sudan Thursday night to visit with Mrs. McClure's brother and family, the F. O. Mastens, who suffered \$125.00 damages, when a fire broke out Wednesday in their combined barn and machine shop on their farm.

Mr. and Mrs. Ray Parks and son of Pampa are new residents of this community. They live on the C. N. McClure farm where Parks is helping for the winter.

**POLICEMAN'S HOLIDAY**  
ROCKFORD, Ill. — While Loves Park policeman Gerald Fitzgerald was visiting the Rockford police headquarters to check on fingerprints, a cop put the finger on his car for a parking violation. "I didn't see the sign that said no parking from 3 to 6 p.m. until after I got the ticket," officer Fitzgerald said.

For just the right amount of griddle grease, spread it evenly with a crumpled paper towel or paper napkin.

**How Can I?**

By Anne Ashby

Q. How can I make a skin tonic?  
A. Mix 1/2 pt. alcohol, 2 oz. spirits of camphor, 2 oz. spirits of ammonia, 5 oz. sea salt. Add

enough boiling water to make 1 quart. Put in a bottle and shake until the salt is dissolved. Always shake well before using. Rub with this tonic after the bath. It is also very soothing for tired nerves.  
Q. What is a good method for cleaning silver?  
A. Mix equal parts of whiting, ammonia, and alcohol, and apply with a flannel cloth. Let it dry and then polish with tissue paper.  
Q. How can I remove white stains from polished furniture?  
A. If the stains are not too deep, try rubbing with a solution of olive

oil and salt.  
Q. How can I clean white kid?  
A. Clean with powdered alum mixed with equal parts of fuller's earth. Dip a flannel cloth into this and rub on the soiled spots. When clean, brush with a clean flannel.  
Q. Should the changes of water be the same temperature when washing clothes?  
A. It will be far less hard on the clothes when washing if the temperature of the water is the same throughout the wash.  
Q. How can I prevent hard-boiled eggs from cracking and crumb-

ling when slicing them?  
A. By using a knife dipped in boiling water and then dried. Repeat as often as the knife cools.  
Q. How can I make smelling salts?  
A. Fill a bottle, preferably, a wide-mouthed bottle with glass stopper, to the top with subcarbonate of ammonia, in coarse powder form. Then pour over it just enough oil of lavender to cover the contents.

# Kesters Honored On Their Golden Wedding Anniversary

FIFTIETH WEDDING ANNIVERSARY — Mr. and Mrs. F. M. Kester, seated above, are pictured as they appeared this week on their golden wedding anniversary. Standing behind the

Kesters are their daughter, Mrs. O. H. Culpepper, and their son Lynn Kester. (Alex Thompson Photo)

Mr. and Mrs. F. M. Kester who celebrated their fiftieth wedding anniversary Sunday, Jan. 1, were married in Sherwood Dec. 27, 1905 in the Methodist Church with the pastor, Rev. Dunn, reading the service.

Their first home was in Sherwood. In 1920 they moved to Lockney and moved to Hereford in 1927. Kester, who is 80, was born in Illinois and came to Texas with his father and two sisters in 1878, making the trip in a covered wagon. The family located at Coleman where his father opened a jewelry store. He grew to young manhood there and at the time of his marriage he owned a jewelry store in Sherwood.

Mrs. Kester is a native Texan, having been born in San Gabriel. She moved to Sherwood with her parents, the late Judge and Mrs. W. F. Fokes when she was seven years old.

They met at an old fashioned Camp Meeting where he had a date with another girl who had gone off with another fellow because he was late. Hallie Fokes was the organist and was a little late in getting away and the handsome, mustached young man took her home. After that he had no thought of the other girl.

They lived in Sherwood 15 years, but decided to come west and Lockney seemed a good place to open a jewelry store and optometric offices. In 1927 he put in a jewelry store here and became the first registered optometrist in Deaf Smith County. Later he sold the jewelry store to his son Lynn Kester and opened an exclusive optometric office on West Third Street. He retired in 1946.

The Kesters have four children, 10 grandchildren and two great grandchildren. The children are Clifford Kester of Craig, Colo., Hal

Kester of Seattle, Wash., and Lynn Kester and Mrs. O. H. Culpepper of Hereford.

**Open House Held Sunday**  
Mr. and Mrs. O. H. Culpepper and Mr. and Mrs. Lynn Kester honored the couple at an open house celebrating the anniversary Sunday afternoon in the Lynn Kester home. The yellow and gold theme was emphasized in floral accents throughout the house, the gifts of long-time friends and club associates. The refreshment table was laid with a cutwork linen cloth and centered with an arrangement of yellow rosebuds entwined with gold lace in a silver bowl. All appointments were in silver and the three-tiered anniversary cake was decorated with sugar spun yellow rosebuds.

Members of the house party included Mesdames A. O. Thompson, Troy Moore, S. O. Wilson, Fred Moreman, Ira Ricketts, Byrle Elliston, Bob Wilson, Don Root and John Patton. Carolyn Kester and Frankie Henry, granddaughters of the couple, presided at the anniversary register which was bound in gold satin.

Approximately 100 guests attended including out of town guests. Mr. and Mrs. K. A. Long of Wichita Falls, Mr. and Mrs. Ralf White of Clovis, N. M., Mr. and Mrs. J. B. Findley, and Mrs. J. Covington of Amarillo, Mr. and Mrs. M. C. Robertson of Lubbock, Dr. and Mrs. C. A. Staehlin of Anarillo.

## Beta Sigma Phi Makes Plans For '56 Cancer Drive

Kappa Iota chapter, Beta Sigma Phi Sorority made plans for the annual cancer drive, sponsored by the group, at the regular meeting of the chapter held in the Jaycee Clubhouse Tuesday evening. The date to open the drive was set for April 9.

Hostesses for the meeting were Mesdames John Pool and Jess Robinson. Roll call featured examples of sculpture with something of interest concerning the artist and location, under the direction of Mrs. Virgil Moore.

Mrs. R. J. Cramer, program director, introduced Mrs. W. S. Flutt who presented a program on sculpture, building her dissertation around the quotation from Michelangelo "Shapes that seem to live, wrought in hard mountain marble will survive their maker, whom the years to dust return."

Mrs. Flutt demonstrated her remarks by modeling examples of ceramic art and explained the craft of sculpture emphasizing that "To understand the aesthetic in its ultimate and approved forms, one must begin with it in the raw" which she quoted from John Dewey.

Members attending were Mesdames Ronald Babione, Harold Beauchamp, Leo Box, Jim Hodges, Harry Cayler, R. J. Cramer, M. G. Duval, James E. Higgins, Paul Harvey, Jim Calmes, F. H. King, Reuben Knox, Chas. Lainez, H.A. Lamm, Cecil Massey, Virgil Moore, J. H. McDonald, Glenn Nelson, John Pool, T. E. Prickett, Jess Robinson, Clyde Russell, Ray Suit, J. D. Whitaker, Ann Woodward and Bill Frizzell.

## 'The Vanishing American' LaPlata Study Club Topic

Resuming its regular study program after a long holiday vacation LaPlata Study Club met in the home of Mrs. Dalton Criswell Tuesday evening.

The study of the evening dealt with "The Vanishing American" with Mrs. S. S. Dodson in charge of the program.

Discussing the Indians of the United States and their problems, Mrs. Dodson told of the various tribes and gave something of their background history. She told of the Dakotas in North and South Dakota, the Navajos in New Mexico and Arizona, and described reservations in the U. S., saying that in Oklahoma alone there are 60 different tribes.

She described the Indian ceremonies, especially in Gallup, N. M., and told something of what the people of the U. S. are doing now to help the Indian. She concluded her program by reading the Dakota Prayer "Great Spirit help me never to judge another until I have walked two weeks in his moccasins."

A short business session was held when Mrs. W. J. Krimbel, president, welcomed Mrs. Claude McDougal as a new member.

Members attending the session were Mesdames M. C. Adams, L. Alexander, Leroy Aven, Jr., Boston, Horner Brumley, S. S. Dodson, Clint Formby, J. R. Johnson, W. J. Krimbel, Ansel McDowell, Elmer Patterson, Frank Prowel, A. J. Schroeter, T. E. Seigler, Jr., Urbin Streu, Raymond White, Lou Woodford, Claude McDowell and the hostess.

## Geneva Ensey And Herb Thomas Exchange Vows In Church Here

The marriage of Miss Geneva Ensey, daughter of Mr. and Mrs. Ruby R. Ensey of Hurst, and Mr. James H. Thomas, son of Mrs. Maudie Linville, took place Saturday night in the sanctuary of the Assembly of God Church, with the pastor, Rev. V. W. Marcotell, pastor, reading the double ring ceremony.

The altar rail was entwined with greenery and lighted by wedding tapers. Tall baskets of white gladioli and stock flanked the nuptial space.

Wedding music was furnished by Mrs. Thomas Botsford, organist, who played traditional wedding music and the wedding marches, "The Sweetest Story Ever Told" and "Bless This House."

Candle lighters were Lilith Neel and Ann Thomas. They wore orchid and green taffeta dresses and had small bouquets of white carnations.

Attendants  
Mrs. Edwin Bridges served as matron of honor, wearing a leaf green taffeta street length dress, fashioned with long torso and portrait neckline with cuffed collar forming tiny sleeves and ending in a bow at the back. The very full skirt was attached to the low waistline with a bustle bow in the back. She carried a nosegay of white carnations tied with orchid streamers.

Bridesmaids were Elaine Pugh and Wanda Ensey. Their dresses were fashioned similar to the honor matrons in orchid taffeta. They carried white carnations tied with white streamers.

Flower girl was Phyllis Winkler, and David Ensey, brother of the bride, carried the rings.

Edwin Bridges was best man and ushers were Ray Neel and Baxter London. Groomsmen were Billy Miles and J. T. Cronin.

Father Escorts Bride  
The bride, escorted and given in marriage by her father, wore a white ballerina length gown of

chantilly type lace and tulle over satin. The long fitted bodice came to points in the back and front and had a mandarin type collar encrusted with seed pearls and fitted sleeves coming to petal points at the hands. The bodice was fastened down the back with

**L.A.E. Study Club Elects Officers For Coming Year**

New officers for the coming two years were elected at the L.A.E. Study Club first 1956 session held in the home of Mrs. C. E. Beauford Tuesday afternoon.

Mrs. C. E. Beauford was re-elected president and chosen to serve with her were Mrs. Luther Lesly, vice-president; Mrs. Jim Loving, secretary treasurer; Mrs. Sanford Smith, parliamentarian; Mrs. Gordon Elliott, council member and Mrs. Harvey Brock, reporter.

The nominating committee included Mesdames George Suggs, T. W. Roberson and Jim Loving.

Roll call was answered by members naming pet peeves of communism.

The program on "Communism Versus Democracy" was presented by Mesdames Harvey Brock and Guyeth Bogle. Mrs. Brock discussed Communism in the United States bringing out the fact that their number is decreasing. In 1945 there were 60,000 communist groups in the U. S. and in 1955 only 25,000.

Mrs. Bogle told of the fight against Communism all over the world explaining what the governments of various countries are doing to combat its influence.

Members attending the meeting were Mesdames Guyeth Bogle, Harvey Brock, Max Drever, R. H. Hale, Boyd Knox, Luther Lesly, Jim Loving, B. A. Reddell, T. W. Roberson, George Suggs and the hostess.

tiny lace covered buttons and was attached by a satin cord to the bouffant skirt tiered in lace and tulle, and worn over hoops. Her lace edged veil was caught to a tiara of satin embroidered in seed pearls and she carried a white feathered carnations touched with silver glitter and tied with white satin streamers.

Following the wedding a reception was held at the church. The bride's table was covered with a lace cloth over pink and centered with white gladioli and stock. The

## Miss Eleanor Dunnam Will Marry Mr. Delbert T. Amos

Rev. and Mrs. S. M. Dunnam are announcing the engagement and approaching marriage of their daughter, Eleanor Ruth, to Delbert Theron Amos, son of Mr. and Mrs. Delbert C. Amos of Bellaire, Tex.

The wedding will take place on Jan. 27 in St. Paul's Methodist Church of Houston with the bride's father conducting the marriage service. He will be assisted by the bride's two minister brothers.

Miss Dunnam is a graduate of Littlefield High School and McMurry College. She is serving as

director of Christian Education in the Bellaire Methodist Church.

After serving four years in the U. S. Navy, Mr. Amos accepted a position with the Electro Tech International and has just returned on vacation from Europe. He will return to his post in Europe shortly after Feb. 1, and his bride will join him there in April. After several months of travel the couple will reside in Holland or Switzerland where company factories are now being built.

## La Madre Mia Study Club Members Hear Book Review

Mrs. Louis Beckman and Mrs. Ted Hardwick were co-hostesses for the La Madre Mia Study Club session held Tuesday evening in the Beckman home.

A short business session was held when members voted to hold a backward-party on Feb. 10 as the annual Valentine party honoring husbands. Mrs. Dennis Lomas, chairman, announced that a cash donation had been made to the Bluebird group sponsored by the club.

Roll call featured famous fashion designers with members describing the designers style.

Mrs. John Hampton, who was in charge of the program of the evening, introduced Mrs. Jack Winget

who reviewed the book "Four Children for the Doctor," by Evelyn Watkins Baridin. "This is the story of three children and the excitement over the fourth on the way. Mrs. Winget said and quoted from the author "If we teach our children the real facts of life and not just the ones we wish were real, if we give them their religion and the 10 commandments as a glorious goal instead of as an accomplished code of modern behavior, then they will get by."

In attendance were Mesdames Don Fudge, Calvin Goodin, John Hampton, Glenn Hopson, Dean Herring, Dennis Lomas, Hershel Miller, Ogle Riddle, Eugene Sparks, Ted Hardwick and the hostess.

### At The Movies

Humphrey Bogart, Aldo Ray and Peter Ustinov are starred as a trio of remarkable Devil's Island escapees in "We're No Angels," and Joan Bennett, Basil Rathbone and Leo G. Carroll are co-starred as the people they descend upon and whose lives they attempt to

rearrange with such happy results for the movie-goer. "We're No Angels" will show Sunday, Monday and Tuesday at the Star. Bogart portrays a top-notch swindler with a highly developed skill for forgery and account book juggling; Aldo Ray is a lover par excellence whose last amour ended in a strangling — for his rival; and Ustinov opens an uncanny talent for opening locked boxes, of the bank vault variety. All of them are the best in the business and not unnaturally proud of their skills.  
They seek refuge in Miss Bennett's and the bumbling Mr. Carroll's house, intending to kill them if necessary. But instead, they find the obnoxious Rathbone the villain. The trio can't resist trying to help.  
The story of one of the most infamous treacheries in American history is unfolded at the Star, Wednesday and Thursday, in M-G-M's new picture, "The Scarlet Coast," starring Cornel Wilde, Michael Wilding, George Sanders and Anne Francis.

In the crucial year of 1780, with the Red-coated armies occupying New York and poised with a powerful land and naval force strike up the Hudson and split the fledgling nation, Major Bolton, Cornel Wilde, volunteers to seek out the mysterious "Gustavus," who has been disclosing secret military information to the British through a "Mr Osborn" in New York. Posing as a deserter, Bolton is hired by Major John Andre, Michael Wilding, Adjutant - General of the British Army, to break the chain stretched across the Hudson at Verplanck to block the British fleet.

### 'Famous Immigrants' Bay View Club Topic

An "International Relations" program with four members of the club giving thumbnail sketches of famous immigrants, provided an interesting program when the Bay View Club met in the home of Mrs. Lee Benefield Thursday afternoon. Mrs. Paul Mathers was leader.

In keeping with the quotation for the day, "Nothing makes the earth seem so spacious as to have friends at a distance," Mrs. R. B. Miller told of the life and work of Fritz Kreisler, man of many interests. Mrs. Ansel McDowell read a paper prepared by Mrs. J. C. McCracken on Irving Berlin who has recorded the social history of America in his songs. Mrs. Francis Hardwick gave the life story of Joseph Pulitzer, publisher and philanthropist, and Mrs. Paul Mathers told of the life of Albert Einstein, the world's number one scientist. Mrs. George Heard, president, directed a short business session.

when reports from committees were heard, and a special guest, Mrs. Emil Dettman, a former Hereford resident who now resides in Lordsburg, N. M., was welcomed.

Members present were Mesdames D. H. Alexander, Colby Conkright, Howard Gault, Francis Hardwick, E. W. Harrison, George Heard, W. S. Kerr, J. W. Kirby, Paul Mathers, Ansel McDowell, John McLean, R. B. Miller, Eugene Naugle, J. P. Slaton, J. W. Spradley, Miss Frances Turrentine and the hostess.

### Les Meres Study Club Meets In E. D. Hopson Home

Mrs. E. D. Hopson and Mrs. Bill Simpson were cohostesses for the first 1956 Les Meres Study Club session held in the Hopson home Monday evening.

"Orphanages" was the subject for the program for the evening with Mrs. J. E. McCathern opening the program with an interest-

ing account of the Moose Home for Children called "The Moose Heart of Indiana." She told of their school system and plan for taking care of the children and their mothers if needed, and of their way of division into family groups. Mrs. McCathern also told of the Methodist Orphan's Home in St. Louis, Mo.

Mrs. T. E. Brisendine of the VFW Homes for children gave a report of the rounding of Boys' Ranch and its history up to date. Members present were Mesdames T. E. Brisendine, J. E. McCathern, Nelson Reiger, Bill Simpson, Delmo Williams, L. R. Boyer, Erwin Robinson Jr., and the hostess.

### Farm-Ranch Club Has Fix-It Day

Farm and Ranch Club held its first luncheon session of the New Year in the home of Mrs. Bob Howard Thursday.

The luncheon table held a decorative yule log holding green and white tapers centering a white linen cloth.

Following the luncheon Mrs. Garland Solomon, president, conducted a short business session when members planned the annual sweetheart supper for husbands to be held in February.

In keeping with the theme of the meeting "Fix-It Day" members worked on individual odd-job sewing and mending. Mrs. Bob Howard won the floating prize.

Members in attendance were Mesdames Waldron Melton, J. V. Perrin, Charles Hoover, N. E. Tyler, Garland Solomon and the hostess.

### TEACHER TURNS DETECTIVE

CORPUS CHRISTI, Tex. (AP)—For weeks, officials at the Cheston Heath school tried to solve a rash of petty thefts, finally the loss of 50 cents lunch money was tearfully reported by one young student.

"Someone in this room took the money," Miss Kay Kraft told the children. "We must all empty our pockets."

Pockets were emptied, but there was no sign of the 50 cent piece. "Now everybody take off his shoes," the teacher then ordered.

A shrill cry came from the rear of the room.

"She has the money between her toes," one student cried, pointing to another pupil.

Sure enough, an 8-year-old girl had the 50-cent coin firmly clutched between her big toe and second toe. After some questioning, the child admitted the theft and other thefts.

School executives who congratulated Miss Kraft had one question: "How did you think to have the children take off their shoes?"

"That was easy," Miss Kraft said. "When I was a little girl my mother taught me to hide my money—in my shoes."

# Highlights and Sidelight FROM THE State CAPITOL

kept Texas news lively in 1955. Most of the big '55 stories are expected to have even bigger sequels in '56. In them may be answers to now-tense questions, solutions and attempted solutions to a raft of state problems.

Some 1955 stories and topics for their 1956 chapters include:

1. Veterans land frauds were revealed, and former Land Commr. Bascom Giles was convicted. More trials are pending, and scandals are a likely summer campaign issue.
2. U. S. Supreme Court decree and follow-up action by Texas Supreme Court wiped out Texas school segregation laws. Desegregation moves also begin in public parks and transportation facilities. But many Texans in areas with large Negro populations formed Citizens Councils that will still be fighting in '56.
3. In an earliest-ever start two candidates, Reuben Senterfitt and Sen. Jimmy Phillips, entered the governor's race. Some half-dozen others jockeyed for position.
4. Wright Morrow was replaced by Lt. Gov. Ben Ramsey as national Democratic committeeman. How successful Ramsey is in uniting the feuding factions of Texas Democratic party will bear directly on these big '56 questions: What candidates will the Texas delegation support at the national Democratic convention? What party will carry Texas in the presidential election?
5. Seven-million-dollar collapse of U. S. Trust and Guaranty Company left thousands of depositors and policyholders with potentially heavy losses. For '56 it meant more investigations, a hot new campaign issue and possibly new laws.

**Auditor's Answers Awaited**  
Answers to two big questions resulting from the bankruptcy of U. S. Trust and Guaranty Company of Waco hang on the auditing of the company's tangled financial accounts.

What the public wants to know is: (1) What percentage of their money will depositors get back? (2) What did the company do with all its money?

Estimates of depositors' recoveries range from 15 to 100 cents on the dollar. State Auditor C. H. Cavness said he is hopeful investors will recover 50 percent or more, but added "enough may not be known for a month or two to make a good guess."

Cavness, at the request of the Senate investigating committee, also is trying to find out who got the money from checks totaling \$25,000. They were issued by the company payable to "cash" during a period that coincided with the last legislative session.

Liquidation proceedings are expected to take one to two years. Gariand Smith, chairman of the Insurance Commission, said the commission does not have enough staff to carry on the receivership work.

State Sen. Searcy Bracewell of Houston has advocated a special session if necessary to provide the commission with more examiners to enforce new laws passed last session.

**Depositors Map Strategy**  
A statewide meeting in Houston sometime this month is planned by depositors in the defunct U. S. Trust and Guaranty Company.

At separate meetings last week in Waco, Dallas and Houston several hundred of the 5600 holders of "certified drafts" kicked off their campaign to recoup losses.

They have hired legal counsel, and enlisted the aid of state officials and legislators.

Depositors' chances for substantial recovery are based on hopes that: (1) they will be made "preferred creditors" and (2) assets of subsidiary companies will partially offset liabilities of the parent firm.

**Right To Work Laws**  
Atty. Gen. John Ben Shepperd has taken steps to fight for Texas "right to work" law.

Shepperd petitioned the U. S. Supreme Court last week for permission to present oral argument

in a case involving a similar Nebraska law.

Pending the federal judges' decision, the Texas Supreme Court has delayed action on a suit by railway workers to prevent a closed shop agreement between Santa Fe Railway and the unions.

A Texas law passed in 1947 provides that no person shall be denied employment as a result of membership or non-membership in a union.

To invalidate this law, said Shepperd, would destroy individual constitutional rights.

**Laughlin Wins Suit**  
C. Woodrow Laughlin, South Texas off-again, on-again district judge, kept his right to stay on after efforts to disbar him lost out in court last week.

Laughlin was removed from the 79th district judgeship for official misconduct by the State Supreme Court in 1953. In 1954 he was re-elected and took office in January 1955.

Disbarment proceedings, based on the Supreme Court findings, were instituted by the State Bar of Texas. Texas Fourth Court of

Civil Appeals ruled out the Bar's petition, said charges would have to be proven before a jury.

**Short Shorts**  
Something new has been added in your capital city. Six "Parkaidettes" now are patrolling the parking meters, replacing six policemen, for more strenuous duties. . . . Another short wheat crop in Texas is predicted for 1956, by the U. S. Department of Agriculture. USDA estimates next year's production at 19,602,000 bushels. That is only about one-third of average, but 46 percent better than 1955. . . . Homer Garrison Jr., head of the Department of Public Safety, has ordered highway patrolmen to throw away warning ticket books and make arrests in every moving traffic violation. Reason for the order: 2500 deaths on Texas highways in 1955. . . . The State is facing a suit by holders of some of the \$1,000,000 in bonds issued by Texas as a Confederate state, in 1862. State Auditor C. H. Cavness says that inasmuch as the bonds apparently were used to aid the rebellion the state would be barred from paying any such debt or ob-

**RETIREE REFUND**  
LITTLE ROCK (AP)—For 18 years, a state mine inspector paid the premiums on his official bond because he didn't know the Arkansas treasurer was supposed to do it. After his retirement, J. W. Fitzgerald discovered his error and filed a claim for a \$380 refund. The state Claims Commission agreed that his claim was valid, but imposed the five-year statute of limitations on back payments and sent him a check for \$100 marked "paid in full."

**PONY SCHOOL**  
WELCH, Okla. (AP)—Pete Park, animal trainer, says people generally stop and stare when they see him coming down the road in his school bus. Park converted the vehicle into a pony bus, and he said neighbors still are startled to see a dozen Shetland ponies looking out the windows.

litation. . . Texas has been allocated 71,307 additional shots of Salk Polio vaccine.

## "WE'RE AN ALL-ELECTRIC FAMILY!"

say MR. & MRS. L. T. PATE  
DENVER CITY, TEXAS

### FROM DISHWASHING TO FOOD FREEZING . . . . .

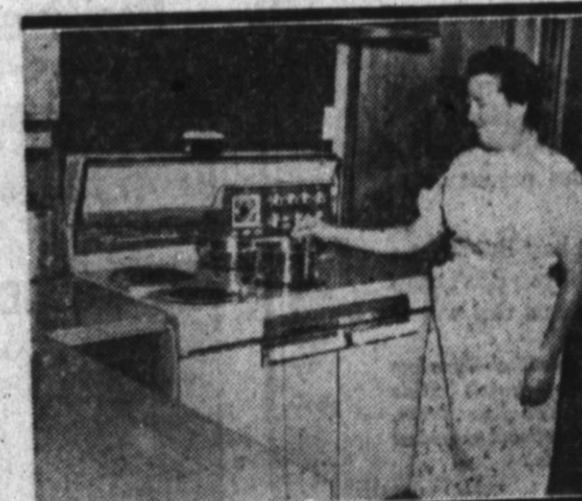

Mrs. Pate says: "The dishwasher is my favorite appliance, and dishwashing drudgeries in our house are gone forever."

"Washdays are happy days with this wonderful laundry combination, and, of course, it's electric."

Mr. Pate is enthusiastic over the all-electric Weathertron which heats in winter and cools in summer. It will even heat and cool in the same day automatically, maintaining perfect comfort, regardless of outside temperature.

"Another favorite appliance of mine," says Mrs. Pate, "is my electric range. It's fully automatic, and so easy to use."

Modern water heating . . . electric water heating . . . is another feature of the Pate's home. "Our water heater is always clean, safe, dependable, and soot free. It's economical to operate, too."

"We always have plenty of food on hand with our electric freezer, and it eliminates shopping worries." Eliminate old-fashioned living at your home, and live as the Pates do, the modern electric way.

# What's This

—By Chris

Well Jazarroos, it's that time again, so drag up an easy and let's see, who can we talk about today? Oh yes! Did you notice the peculiarity last Sunday? By that I mean Wanda K. and Dalene T. of course. They were dragging Main together while their lonesome little swains half-heartedly drove

around all by themselves. How about that?  
What's the matter Cat! Don't you dig that crazy buzzer? Anyway, I wonder why Mr. Smith wanted Maxine W. to explain what it meant? Well, now you know that it means study hall is at that instant, officially down to business. Isn't that what she told you??

Gerald Houston is really proud of that flat top isn't he? It was hilarious, I tell you! He probably didn't even realize what he was doing. He was reading a hundred miles a minute and patting that flat top of his so tenderly, as though he expected it to suddenly fly off, or something else equally drastic.

You'll have to be a little more careful Bobby; that's all there is to it. The secret of successful gum chewing in school is carefulness. Don't you know?

Tony P. is the brotherly love type of guy, although his generosity probably is purely for a selfish cause. You know? In other words he has that gleam in his eye.

As I said Bobby, you'll have to be more careful! The secret of successful talking in the library is carefulness. That goes for you too, Slagle.

What do you think of these characters who bring their Christmas nuts to school? It's all right if you know how to manage it. For instance, . . . no, guess I'd better not tell that one.

Arliis is just dripping money, man! Too bad he has a big foot! Nobody else had a chance, but two or three guys have crushed fingers.

Robert D. simply slays me; but really! He should watch his language!

Well Dora Fern — tell us more about this trip to Hawaii. Did you say you intend to master the "Hula" while you are over there? So there you have it. I hope you good folks won't forget to join me next week.

# How to have a SNAPPY NEW YEAR

Take a New Year — like this one. Take a new Buick — like this one. Put them together, and what have you got?  
You've got just about the snappiest time of your entire motoring career — in power and performance and prideful good feeling.

It begins when you drive away from the showroom.

Heads turn to follow your brand-new Buick with its stunning sweep-ahead styling, racy contours, vivid colors.

Next thing you notice is the silken power delivery of a big new 322-cubic-inch V8 engine with the highest output of high-compression horsepower in Buick history.

But it's not till you enter the stream

of traffic that you discover you're bossing the smoothest package of nimbleness on four wheels . . .

Because this time Buick engineers have added a new marvel to the airplane-principled performance of Variable Pitch Dynaflo.\*

It's something they call "double regeneration"—and it gives you solid new take-hold, sensational new take-off, and exquisite new control right in your normal cruising range at only part throttle—and with new gas savings to boot.

Then, when you want an extra helping of "go" for safety's sake — just floor the pedal and switch the pitch for added take-off that, literal wings you on your way.

But there's even more to the story than that.

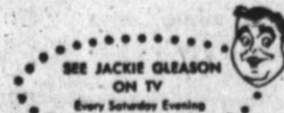

There's the easy way your Buick turns and parks and handles and does what you want it to do, as though it had a private line to your thoughts.

There's the fresh and eager bounce to your step after a long day's drive—thanks to Buick's deep-oil-cushioned luxury ride.

And there are Buick's surprisingly low prices to consider, along with the outstanding trade-in deals that Buick's volume sales permit us to make.

Come in—drive the best Buick yet—hear our offer—see if you don't snap it up. Can you visit us this week?

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. . . .
