

It's 'Make-Up' Time in Hereford

CAN I COUNT ON SCHOOL BEING OPEN MONDAY?

Hereford will start "making up" for time lost during last week's blizzard, and for schools, everything will work out nicely as schools will end on May 29 as planned, says Superintendent Paul Stevens. There's a big "IF" and that big catch is this: There can be no more school-closing weather, so school officials will be going around for the next two or three months with their collective fingers crossed. Another road-blocking weather buster, however, and the entire school schedule will be shot.

Hereford schools, Stevens explained, included some spare days in the schedule — four of them to be exact. Then came the President's assassination last November, and schools closed the following Monday in observance of the president's funeral. That left three days of their precious "emergency" closing time left. But Monday at noon, schools were forced to close when the storm hit. They wound up by losing the entire week. That brought the total of lost days to 5 1/2.

State laws require that a school must have 175 days of classroom work in a school year. They also require that the school must end before June 1. And the Texas Education Agency, which is the rule-making body for public schools, frowns on Saturday school, the superintendent explained.

Stevens talked with the men who run TEA, and they have agreed that it will be all right if Hereford schools wind up the school year next May with only 174 1/2 days instead of the required 175. To be able to make the 174 1/2-days total, the fellows in Austin have suggested that the schools whittle one day off the Easter vacation. In the past, schools here have been closed on Good Friday and then on the Monday after Easter. But this year, there will be no Monday closing.

By having school on the Monday after Easter, schools will end only one-half day behind their schedule. So, that's the plan at present. Instead of 175 days, Hereford will have 174 1/2 days this year, and with the blessing of the TEA authorities in Austin. Sometime later this spring, Texas Education Association will send Stevens a formal letter, setting up the 174 1/2-day schedule officially. "Our only problem is that weather from now until the end of school will have to be what we call a 'jam again, schedule-wise. And, as everybody knows, anything can happen in the Panhandle between Feb. 9 and May 29. That's why we will be going around practically for the remainder of the school year with our fingers crossed." But the schools are not the only institution that must make up time lost during the blizzard. Scores of clubs postponed their meetings, and some of them even dropped meetings slated for last week right off their calendars. The Deaf Smith County Chamber of Commerce is among the institutions that was hard-hit by the blizzard. Although the storm cleared out before the end of the week, it left roads in the area cluttered with snow, especially rural roads. For this reason, it was decided to postpone the annual banquet, slated for Saturday, Feb. 8, until sometime in March or April. Three factors must be considered before the banquet date can be re-set: The availability of a speaker, Jeff Williams, of the use of the school gymnasium, and the catering service. All three must be dove-tailed before the banquet can be re-set.

Building Boom In Hereford Off To Fast Start For '64

Permits Near Half-Million Mark to Date

Hereford continued to boom during the first 33 days of the new year when building permits for the period neared the half-million mark, a check of city records revealed Saturday.

Permits issued during the first 33 days totaled \$434,750 with new homes leading. Except for one major project, a \$136,000 permit for construction of a brick annex to King's Manor at the city's northwestern edge, all but three permits were issued for new residences.

City officials pointed out that permits ran "unusually high for what is normally considered a slow month for construction of all kinds."

If the present trend continues, Hereford may establish a new building record during 1964. Last year's mark, which set an all-time high here, was \$4,379,730.

Permits issued to date were as follows:

- Robert Bradley, frame-stucco building in Southlake addition, \$5300.
- Robert Bradley, frame and stucco in Southlake addition, \$5300.
- Highway Auto Sales, office trailer, lot 16, block 10, \$1000.
- Nelle E. Bradner, residence to connect to duplex, lot 5, block 5, Womble addition, \$3500.
- Raymond A. Summers, frame and brick residence, lot 9, block 4, Engler addition, \$10,000.
- Paul B. Schroeter, brick veneer residence, lot 5, block 49, Russell addition, \$18,000.
- Eg Humphreys, brick veneer residence on lot 25, block 1, Crestlawn addition, \$16,500.
- Diamond Valley Grain Co., permit to move in and alter frame stucco building, lot 89, Buena Vista addition, \$1000.
- Parker & Douglas, a brick veneer residence, lot 36, block 45, Evans addition, \$12,100.
- Noel Worley, a frame and stucco residence on lot 2, block 1/3, Mabry addition, \$6000.
- R. C. Anderson, move in and repair frame and stucco house, lot 15, block 18, Evans addition, \$3000.
- R. C. Anderson, move in and repair frame and stucco house, lot 5, block 19, Evans addition, \$6000.
- Eagle Nest Homes, brick veneer residence, on part of lot 2, block 46, Evans addition, \$14,000.
- J. D. Poarch, brick veneer residence on part of lot 9, Russell addition, \$30,000.
- L. C. Oliver, move in and repair frame and stucco residence on part of lot 140 of block 1/3, Mabry addition, \$4500.
- Mike Justice, brick veneer on part of lot 51, block 5, Westhaven, \$16,000.
- Charles R. Bolden, brick veneer on lot 54, Hare addition, \$18,500.
- Harry Cayler, storage building (Continued on page 3)

TEXAS-SIZED SNOWMAN — This 14-foot prize went to Larry and Mike Guinn, 105 snowman, built by Donald, Steven, Tommy and Bobby Ravizza at their home, 419 Ave. low, 109 Emma. The children received \$7.50, \$5 and \$2.50 gift certificates for first, second and third prizes respectively. (Brand Staff Photo)

Around Hereford Whitefaces Nose Out Dumas Demons, 46-39

Team Is Tied for First

World Day of Prayer, sponsored by the United Council of Church Women, will be held at St. Thomas Episcopal Church Friday, Feb. 14, starting at 3 p.m.

Knights of Columbus will stage their annual sausage dinner today from 11 a.m. to 2 p.m. in St. Anthony's auditorium. Tickets are \$1.50 for adults and 75 cents for children under 12.

Ed Thomas of Hereford has been elected president of Beta Gamma Sigma at Oklahoma University in Stillwater. The organization is a national honorary fraternity for students majoring in business. Only students in the upper 10 percent of the senior class or the upper 4 percent are eligible.

Area corn and sorghum growers will hear discussions on control of broadleaf weeds and grasses at a special meeting Feb. 20 at the Bull Barn in Hereford. The meeting will start at 7:30 p.m.

Hereford Future Farmers of America will observe "FFA Week" Feb. 15-22 along with all other FFA organizations in Texas. The week has been officially proclaimed by Gov. Connally.

Young Homemakers and Young Farmers' "Sweetheart" banquet, Feb. 14, originally scheduled for Raney's, has been changed to Western Wheel Inn.

Hereford's Whitefaces took the lead and kept it in a game played here Friday night, with the final score showing up as 46 to 39. Scoring for the Herd was led by Earl Jackson, who netted 13 points.

Another high scorer was Danny Cates, who made 11 points. This victory over the Dumas Demons placed the Herd on the top rung of the conference ladder along with the Perryton Rangers. The Rangers defeated Levelland Friday night by a score of 64-36. Herd's Jim Haney fouled out in the first half of the game. His only scoring was two points which came from two charity tosses.

Earl Jackson netted his 13 points with five free throws and four field goals. The Herd improved slightly over the last game with the Perryton Rangers, when they hit about 56 percent of their free throws. In this game, they hit 60 percent. There was a total of 30 free throws attempted. Dumas only hit three of their 20 free throws, which is only 15 percent.

High point man for the Demons was Robert Moffatt, who netted eight points.

At the end of the first quarter, the score was 13 to 6. Earl Jackson made six points, (two field goals and two charity tosses). Neal Lueb made two points, Billy Hill made two, and so did Danny Cates. Cates made another point on a free throw.

In the second quarter, Earl Jackson, Neal Lueb and Robert Strange tallied two points each on their field goals. Lueb and Hill both had a chance at char-

ity tosses, but they did not make their points.

David Stevens came through with one point on a charity toss, and Gary Stagner and Gary Roberson each made two points on free throws. Score at the end of the first half stood at 24-17. Both teams added 10 points

Ice is Blamed For Two Crashes On City Streets

Icy city streets Friday were blamed for two accidents which damaged three vehicles and resulted in a traffic ticket being given to one of the drivers, City police reported.

A 1962 Volkswagen, driven by George W. Michael, Jr., 112 Emma, was in a collision with a 1960 Ford driven by Ronnie Rex Osborn, 206 Gough, at the corner of Grand Avenue and Ave. A. Damage to the Volkswagen was estimated at \$350, and at \$75 to the Ford driven by Osborn. Report showed the Ford was owned by Carl McCaslin Lumber Co.

Osborn was unable to stop for a stop sign on account of ice, the report showed. He was given a traffic ticket for failure to stop.

Involved in another crash Friday was a 1961 Mercury sedan driven by Elizabeth Crowell, 200 Ranger, and a 1964 Chevrolet pickup truck driven by Homer Edward Hulsey, 829 Texas. Hulsey's truck skidded on ice at 829 Texas into the car driven by Miss Crowell. Police estimated the damage to the Mercury at \$50. The pickup escaped damage.

Dr. Robert Morris

U. S. Heritage In Danger, Says Senate Seeker

Dr. Robert Morris of Dallas, Republican Candidate for U. S. Senate, told an audience in Community Center here Saturday that "the whole American heritage, rooted in its spiritual foundation, our common law heritage and system of free enterprise are in mortal peril."

Dr. Morris, former president of Dallas College, is seeking the place now held by Sen. Ralph Yarborough, a Democrat.

Dr. Morris cited four reasons why he should be named to the senate post.

"Those who have had experience in political science have an obligation to participate in political activity because the vitality of our nation's political efforts at this time will determine whether we are to survive as a nation under God and under freedom," the speaker said.

He added: "Forces at home depriving us of our religious heritage. Our schools are denied the right to recite simple non-denominational prayers or even to sing the fourth stanza of 'America' because it acknowledges 'God as the Author of Liberty.' This trend," he charged, "must

(Continued on Page 3)

Dickson Files For City Post

William R. (Bill) Dickson, a resident of this area for 20 years, Saturday authorized The Grand to announce his candidacy for City Commissioner, Precinct 3, subject to the Democratic Primary, April 7.

Dickson is a partner in Clover Spraying Service and attending schools here and in surrounding areas. He says he feels he "knows the people around here and what their particular problems are."

Dickson is a member of the First Baptist Church, is on the board of directors of the newly-formed civic club, American Business Club, is married and the father of three children. In his statement he said: "If elected to this post, I will do my best to see that every particular issue is dealt with as justly as I know how. Not only am I for the City of Hereford, but I'm interested in the people of Hereford, because I feel the town is just as good as the people who are in it."

were damaged, police reported. City streets Saturday were still partly covered with snow. (Continued on Page 3)

William R. (Bill) Dickson

Business as Usual

Weather Warms; Hereford Digs Out

Deaf Smith county was digging out Saturday from under the worst snow storm since 1956, but it's going to be several days yet before the area is back to normal.

Many rural roads are still partially closed, or at least are still covered with snow, and many driveways that were on the west side of homes Saturday were still buried under two to three feet of snow.

Cattlemen still were attempting to round up cattle that disappeared when the storm was at its peak. Some of them will never be recovered; they wandered onto railroad tracks and were struck down by trains.

Some damage from snow was noted here. A motel awning in front of Ray-Hite Furniture Co. on Park Ave. buckled under the weight of the snow, and several small buildings throughout Hereford

'Free' Poll Tax Receipts Not Yet Received Here

Special "free" poll receipts for persons who will be eligible to vote only for federal candidates were being issued in some parts of Texas this past week, starting Wednesday — but not in Deaf Smith County.

Deaf Smith County has not received the special forms, Nell Miller, County Tax Assessor-Collector, said Friday. Until the forms are received, the "free" voting permits cannot be issued.

The office here has received instructions for issuing the special voting receipts, two pages of instructions, in fact.

The notice from State headquarters says the period for issuing the free receipts started Feb. 5 and will end March 6 at midnight. Persons who have not received their receipts by that time will not be eligible to vote even for federal candidates, the instructions explained.

The letter was implicit in its statement regarding fees: "No fee of any kind shall be charged for these receipts," it said.

It also pointed out that persons who paid their poll taxes by Feb. 1 this year will not need to secure a special receipt in order to vote in federal elections. Those who paid their poll taxes before the deadline will be permitted to cast ballots in all elections — city, county, district, state and federal.

Here in Hereford the first election will be held April 7, the Hereford municipal election. Other elections are slated for May 2 in both Democratic and Republican primaries.

364 Passenger Licenses Sold

Deaf Smith county vehicle owners bought their 1964 automobile tags at a steady clip this past week, despite blizzard conditions the first two days the tags were on sale. Nell Miller, county assessor-collector, said Friday afternoon.

A total of 364 passenger car license plates had been issued. Thirty-eight commercial truck tags had been sold during the first five days, and 79 farm truck licenses had been issued. Deadline for buying the new plates is April 1.

However, such was not the case, and throughout most of Texas, sales showed little or no decline from last year's payments.

Interplanting of Grain Sorghum, Cotton Boosts Quality, Yield

Increased cotton production, improved quality, and a big boost to profits is the enthusiastic story told by Frank Moore, of Plainview in describing the results from three years of interplanting grain sorghum with cotton in Hale county. The six-row interplanting pattern runs two cotton - one blank, two grain sorghum - one blank, across the field. In comparison with yields from solid plantings the system has increased cotton production by 50 percent and grain sorghum production by 40 percent, with a cotton micronaire average a full point a-

DESERTED MAIN STREET — Main street was all but deserted at the height of this past week's snowstorm with the big, wet flakes coming down faster than the street department could haul the snow away. Several business houses closed early Tuesday. (Staff Photo)

a message for parents

Set an example by handling money in a systematic way.... Teach your children to form the habit of saving a small portion of the amount you give them.

a message to the children

Once there was a boy who got a nickel. Instead of spending it for gum or marbles he started saving his nickels. Soon he had a whole dollar. Now he could buy something much better than gum or marbles. —Grown-up saving is like that, too, as your parents know. When you grow up, if you want to stay happy and not be worried, you must learn to save small amounts of money every month until you have big amounts. All through your life you can live better and buy what you need and even take care of troubles if you save every month in the credit union.

Hereford Texas Federal Credit Union

have the either solid or simple skip-row system.

"This yield increase for cotton came under conditions where wind and sand damage were not a factor" Moore explains, adding that "when wind and sand damage enter the picture production figures

can be doubled by interplantings."

This is assuming that the two crops are planted at the same time in order to allow cotton to get maximum protection from the faster-growing sorghum. To emphasize the importance of this protection, Moore related that the only April cotton he was able to save under the extreme weather conditions of 1963 was cotton planted in this manner.

plots with one eight inch well, constituting a big saving in water expense.

The High Plains Research Foundation at Halfway, credited with developing the interplanting system under the direction of Delbert Langford, is continuing crop climate studies to determine the effects of temperature on growing cotton with the aid of a \$5,000 grant from Cotton Growers, Inc. These studies are under the direction of Dr. Arthur Gohike.

Moore began using the Research Foundation's findings on interplanting in 1961, with only 100 acres involved, and has interplanted 500 acres both in 1962 and 1963 with good results. He plans to plant over 1200 acres to this system in 1964, and believes that widespread use of the system could substantially increase the total High Plains cotton production, perhaps as much as 50 percent.

Micronaire average on interplanted cotton in 1963 averaged 4.3 as compared to a 3.3 average for cotton from a simple skip-row pattern. The secret to the higher micronaire is in the over-all maturity of the crop induced by higher growing season temperatures and the early season aid to growth furnished by wind and sand protection. To get maximum benefits from the temperature factor, Moore irrigates only between planted rows, leaving blank rows dry. By not applying 58 degree irrigation water to the blank rows they are allowed to absorb and retain more of the heat from full sunlight. This heat is then radiated around plants at night, helping to keep ground level temperature up to the desirable 70 degrees or above. Also, the protection of the grain sorghum helps to keep the wind from dissipating the available heat.

With only one post-planting irrigation, interplanting helped Moore to produce 74.5 bales from 35 acres with only 13 light spot and one full spot bales in the lot. Only two days were required to water the

FARM SALE

MONDAY, FEBRUARY 10, 1964 - Sale Time: 1:00 P. M.

LOCATED: 1 mile West of Dawn, Texas, on Highway 60, then just south of the railroad track - or 12 miles East of Hereford, Texas on Highway 60, then just south of the railroad track.

THE DAWN MUSIC CLUB WILL SERVE LUNCH

The following will be sold at Public Auction:—

- TRACTORS—**
1—1958 model 720 LP John Deere Tractor with wide front end, power steering, original rubber, only 1400 hours.
1—1957 model 720 LP John Deere Tractor with wide front end and power steering.

- FARM MACHINERY—**
1—4-row JD Double Toolbar 3-point Planter with press wheels—good.
1—4-row JD 3-point Planter.
1—28-ft. Farm Hand Harrow Weeder.
1—Colorado Rod Weeder—PTO driven—like new.
1—14-ft. JD Carriger Wheel Tandem, good.
1—16-8 JD High Wheel Grain Drill.
1—2-16 IHC Reversible Mouldboard.
1—4-sec. Birch Gang Rotary Hoe, like new.
1—3-point Toolbar Hitch.
1—Eversman V type Ditcher.
1—3-point Servis Stalk Skredder.
1—JD Rubber Tire 4-row Cultivator.
5—Moline Stubble Mulchers.
2—4-section JD Gang Rotary Hoes.
2—3-point Ditch Fillers.
1—3-point, 4-row Sled.
1—V type Ditcher.
1—4-section Harrow.
1—4-row, 3-point R & J Crustbuster.
1—14-ft. Hume Reel—excellent.
1—13 ft. Hume.
1—12 ft. Moline Oneway.
5—Toolbar Shanks with Clamps—like new.
1—4-row Set of JD Markers.
2—Hydraulic Cylinders.

- TRUCKS & PICKUP—**
1—1961 model 4000 GMC V6 2-ton, 2-speed Truck with steel grain bed, good hoist and good rubber.
1—1953 model Chevrolet 2-ton, 2-speed Truck with 60 model motor.
1—1956 model Chevrolet 1/2-ton V8 Pickup with real good rubber.
1—Truck Bed on 4-wheel trailer
1—1956 model Chevrolet Motor and automatic transmission.

- IRRIGATION EQUIPMENT—**
1—1963 model Pontiac Irrigation Motor, nat. gas—good.
1—1960 model Olds Irrigation Engine—needs some repair.
1—Straight 8 Chrysler Irrigation Motor, complete—just overhauled.
1—Big 6 Chrysler Irrigation Motor—OK.
1—Lako Pump on trailer with Chrysler 6 motor—excellent.
1—Jenson Pump Jack—good one.
1—Extra Large Lot of Irrigation Tubes.
1—6-inch and 1 7-inch Outlet for underground tile.

- MISC. EQUIPMENT—**
1—Lot of JD and Moline Rear Wheel Weights.
1—Set of JD Front Wheel Weights.
1—4-row Set of Crustbuster Disc.
13—Orchard Shanks.
1—Lot of Electric Fence Posts.
13—Chisels—like new.
1—Good Radiator.
1—Lot of Sweeps.
1—55-gal. Drum of Drip Oil.
1—Tool Box and Rack for Pickup.
1—Lot of Junk Iron.

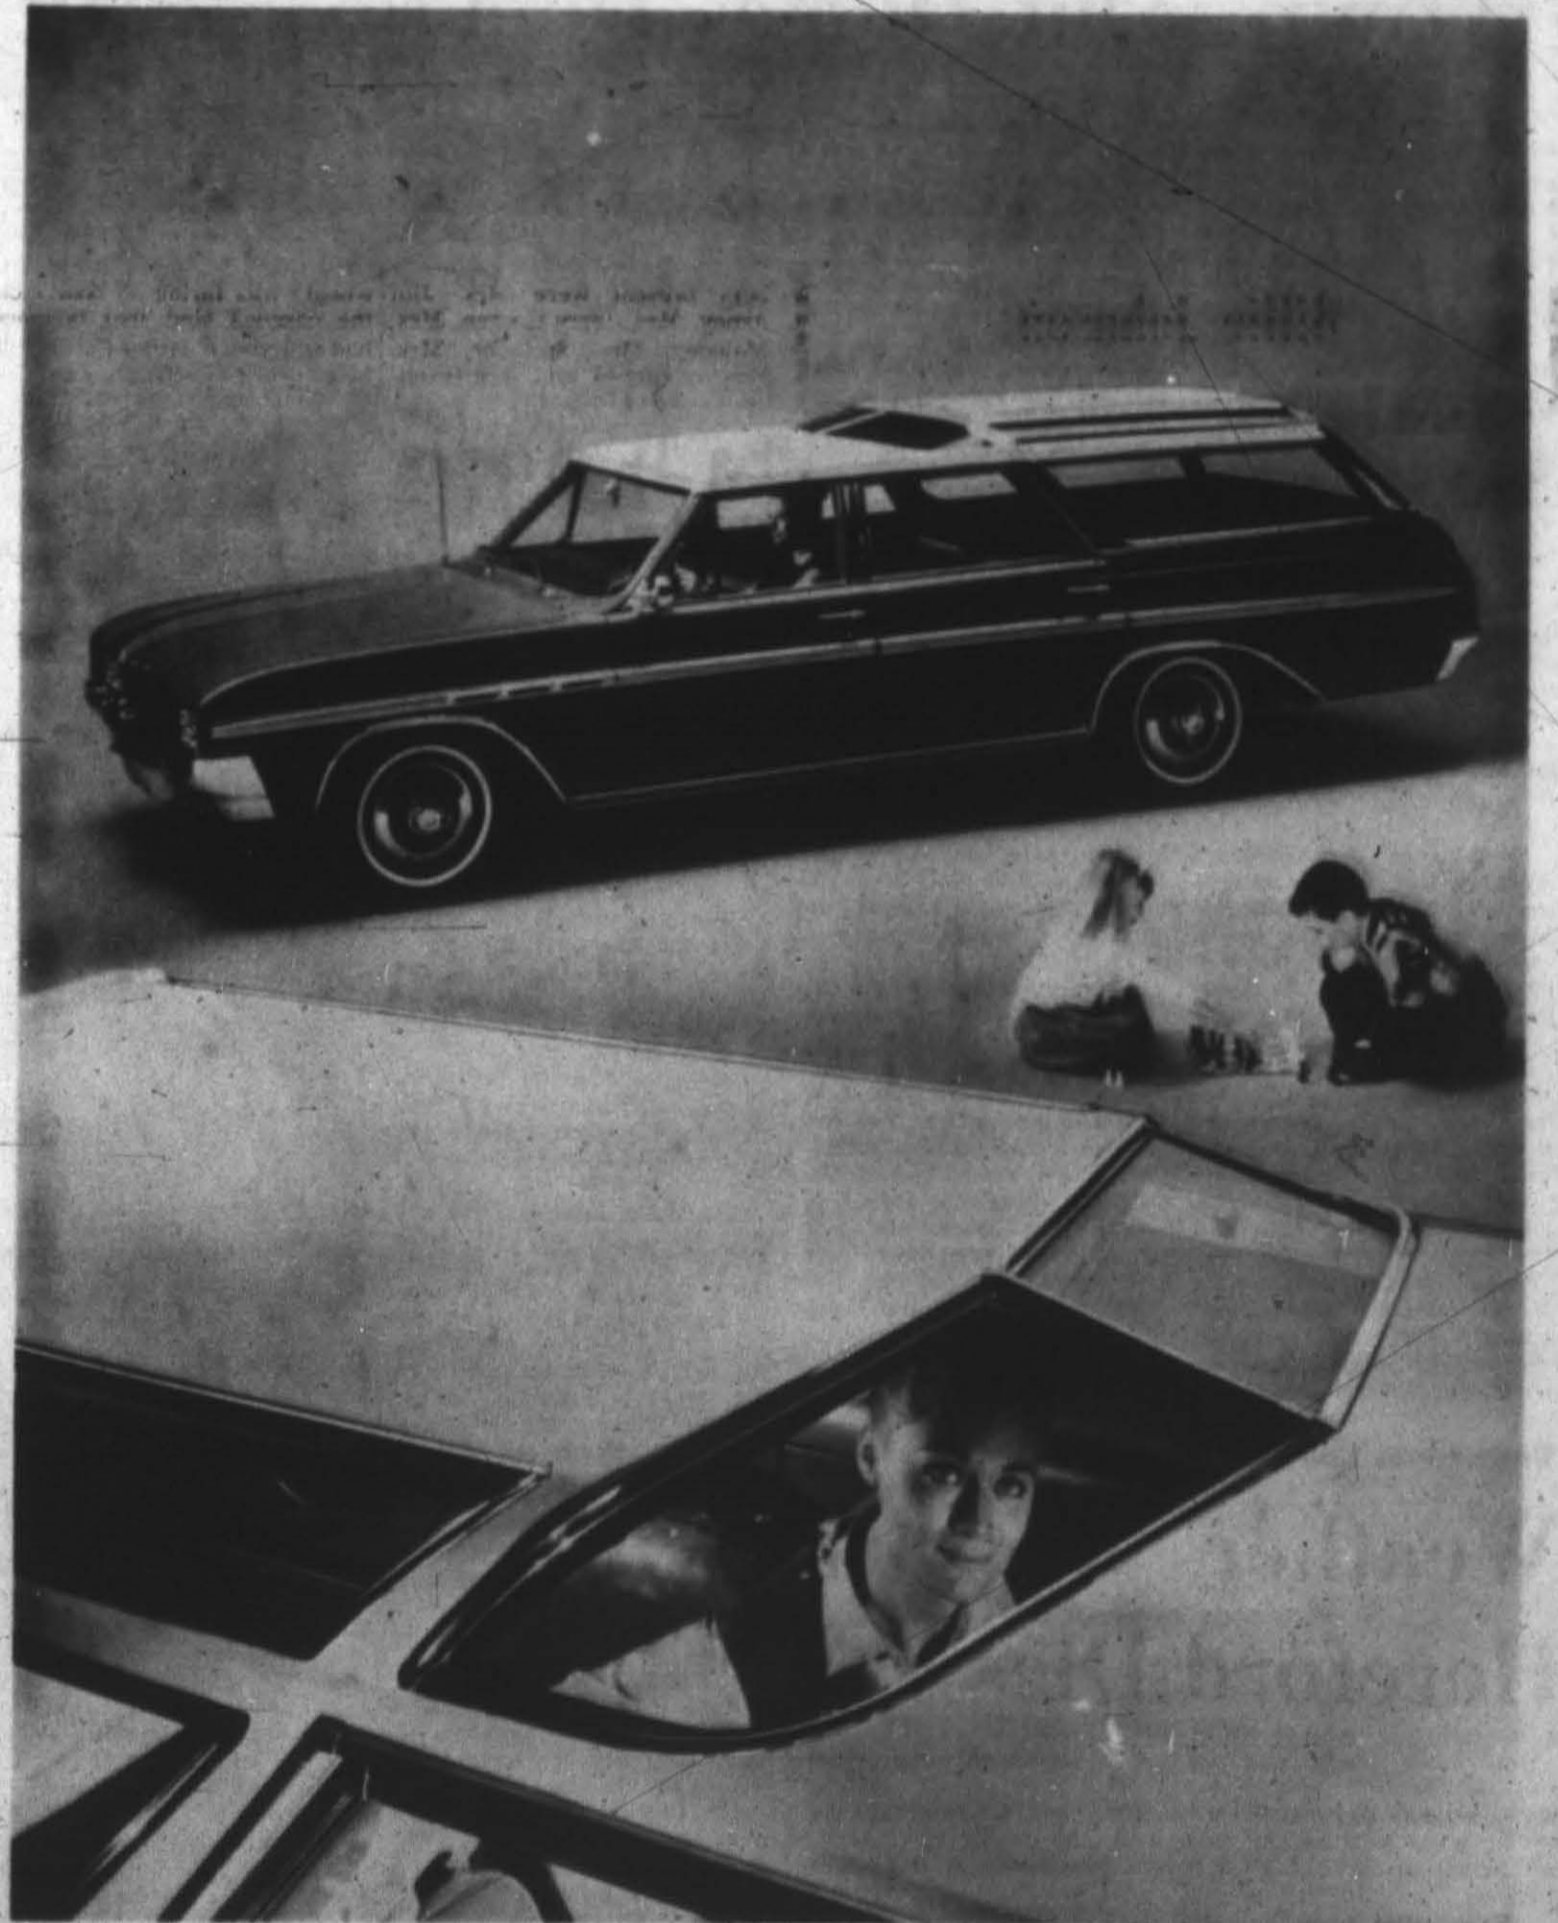

- LIVESTOCK & EQUIPMENT—**
2—Registered Hereford Bulls with papers. They are good.
6—Hereford Calves.
1—Stock Tank—Used very little.
4—30-gal. Oilers with Stands.
2—Complete Purina Farrowing Crates.
1—15-bu. Self Feeder and 1 small Pig Feeder.
16—Steel Hog Troughs—2 to 5 ft. long.
1—4-ft. Tank with Automatic Waterer.
2—50-gal. Heavy Steel Barrels with automatic waterers.
1—Steel 3 by 6 ft. Hog Bath.
1—Automatic Hog Oiler.

NOTE—
Winch Truck Will Be Available at This Sale.

The stylists literally "raised the roof" on this new Skylark sports wagon which Buick will introduce to the public at the Chicago Automobile Show. The roof over the second and third seat passengers has been raised nearly four inches to provide additional headroom so the third seat can face forward and also to create additional cargo space. Roof glass is specially tinted and heat resistant to protect passengers from the sun. Mounted on a .120-inch wheelbase, five inches longer than regular Skylark models, the wagon has 97.9 cubic feet of cargo space when the seats are folded down. Nearly 11 1/2 cubic feet more than Special Station wagons. The Skylark wagon is powered by Buick's new 300 cubic inch, 210 horsepower V-8 engine, with a 250 horsepower engine offered as an option. It is available in either a two-seat or three-seat model.

FRIO NEWS

Fryes, Andrews Attend Wedding

Among those attending the wedding of Miss Linda Hogue, Slaton, and Kenneth Frye Saturday evening at First Baptist Church, Slaton, were the groom's parents, Mr. and Mrs. Harland Frye, Mr. and Mrs. Houston Frye and Mr. and Mrs. George Frye. Also attending were Mr. and Mrs. Charles Frye and Mr. and Mrs. Joe Andrews. Houston and George Frye, brothers of the groom, were attendants, and Charles

Frye, a cousin, and Joe Andrews, were ushers. Mr. and Mrs. Kenneth Frye plan to live in Hereford; he will farm with his father and brothers.

Mr. and Mrs. J. D. Stringer, Debbie and Mike, helped the Stringers' parents, Mr. and Mrs. E. L. Stringer, move to near Dalhart last Saturday. The Stringers have lived in the Hereford area for the past few months.

Mr. and Mrs. Glenn Andrews went to Carlsbad Sunday to attend funeral services for Mrs. Andrews' uncle, Jack Wester. Mr. Wester died Friday after a lingering illness. Services were held at Carpenter Funeral Home in Carlsbad at 3 p.m.

Mr. and Mrs. Joe Autry took her mother, Mrs. A. N. Yandell, to her home at Seminole Thursday. Mrs. Yandell has been visiting her children, David Yandell and Mrs. Autry, for several days.

Johnnie Robinson underwent surgery at Deaf Smith County hospital Friday. His parents, Mr. and Mrs. Roy Robinson, Wilson, came to be with him and his family for a few days.

Mr. and Mrs. E. H. Little, Hecky and Peggy, Texline, spent the weekend with their relatives in this area.

Mr. and Mrs. Jack Rogers and daughters spent the weekend

REMOVAL JOB — Hereford City Street department had a man-sized job on its hands when it started removing the snow from downtown streets. Especially hard-hit were east-west streets, and this shows scoops on West 4th hard at

work. The snow was piled on a vacant lot at the corner of East 4th and Sampson. Note the appropriate title on theater marquee: "All the Way Home." (Brand Staff Photo)

Decoration Of Home Planned As Program

Home decoration was discussed by Mrs. Charles Springer during the Jan. 28 meeting of Young Mothers Study Club. During the business meeting, conducted by Mrs. Wendell Maloney plans were made for the Valentine party for husbands Feb. 11 in the home of Mrs. David Brumley.

Hostesses for the meeting, which was held in the Flame Room, Pioneer Natural Gas Co., were Mrs. Bobby Shelton and Mrs. Ray Simpson. Other members present were Mrs. Jim Arney, Mrs. Jerry George, Mrs. Maloney, Mrs. Springer, Mrs. Howard Hunter, and Mrs. Brumley.

Weather...

(Continued from page 1)

snow, although Saturday afternoon's above freezing temperatures eliminated much of that problem. Temperatures which dove to as low as plus 2 Friday night had delayed melting of the snow, resulting in icy conditions throughout the city.

Wheat farmers were pleased although the high winds which accompanied the snow swept some of the fields almost clear of the snow, stacking the moisture in fence corners and behind barns. Nevertheless, the moisture was of untold benefit to wheat, and officially here the moisture content was measured at 1.46 inches.

Additional moisture will be needed, of course, but the snowfall definitely broke the back of the drought which had prevailed since last fall. In some cases, wheat was faring so poorly on the parched land that farmers had to remove cattle. Cattle will be returned to wheat for grazing after the snow melts.

Hereford area was more fortunate than sections farther north; most of the major highways were passable throughout the storm, but hotels and motels here did a booming business anyway as travelers, weary of battling the snow and howling winds, pulled in here to wait out the storm.

Many events were postponed or cancelled, including basketball games. Hereford resumed its schedule Friday, however, when the Whitefaces met Dumas here. Saturday night they "made up" a game at Littlefield originally scheduled for earlier in the week.

Schools which had been closed since 11 o'clock last Monday morning, are to resume tomorrow, although busses may find travel difficult on soggy roads.

Whitefaces...

(Continued from page 1)

made two and missed two. Jackson made all three of his, Cates made both of his, and Stevens made one and missed one. There were only two field goals made, and they were by Earl Jackson and Billy Hill. Early in the quarter, fans became more wary as they watched the Demons fight their way up the number scale until they were within one point of tying with the Whitefaces. The Whitefaces were watching too and took over, regaining their margin. They kept going until the final buzzer sounded, and the Whitefaces had overcome the Demons with a 46-39 score.

Playing in all four quarters of the game were Jim Haney, who fouled out in the second quarter, Neal Lueb, Billy Hill and Danny Cates.

The Whitefaces were to meet the Littlefield Wildcats on the Wildcat court Saturday night.

Heritage...

(Continued from page 1)

be reversed and our religious foundation reaffirmed."

Dr. Morris also urged defense against Communism. "Our Constitution and our Bill of Rights must be preserved," he declared. "So, too, must our whole common law heritage. Our system of free enterprise and private property must be safeguarded. The nation must be defended from communist aggression abroad and undermining from in."

He concluded: "The erosions and the retreats of the last 20 years must be reversed."

It's easy to recognize a Cramer Upholstery job—The heaviest usage will not disguise its character—just a glance at its over all finish, the fine hand crafting and the artistry of delicate fabricating will inspire admiration.
You will sense the solidity of the finest materials carefully hand fitted, and as years pass, your admiration will encompass more than just appearance. Fine materials and craftsmanship, you will have even a deeper sense of pride for its all-around wearing qualities, in the realization that it will serve you for a long time.
We did not sell our Upholstery and Drapery business to anyone. We moved from East Highway 60 to 125 Sampson St.

MAYOR'S HOME — Snow this past week decorated many homes in Hereford in its own special way. This is Mayor Ray Cowser's home, 1101 E. Grand Ave. (Brand Staff Photo)

HIBERNATING TOOLS — Come next spring and summer, this is how they looked "in hibernation" under this past week's heavy snow. (Brand Staff Photo)

CHRISTMAS CARD SCENE — Nature did its own Christmas-card designs this past week. Evergreens throughout Hereford were draped with snow by this past week's snow storm. This is a typical scene. (Brand Staff Photo)

BOAT BECOMES SLEIGH — An enterprising youth, locking in the orthodox sled when this past week's snow storm came along, simply converted this small plastic boat into a sled out on Ave. I. The snow was still coming down in sheets when this picture was made. (Brand Staff Photo)

CLASSIFIED GETS RESULTS

by Melvin Young

We have often wondered just which characteristic it is that makes the American farmer the best in the world. Is it initiative, curiosity, desire for better things, or just plain determination?

We suspect that it is a combination of the above, but we would also include one other: The intense interest the American farmer has in learning better methods of plowing his trade.

It was this interest in his chosen profession that encouraged over 225 area farmers to plod through the mud and snow to gather at the Community Center Thursday for an all day workshop which brought together experts in many fields of farming. They came; they listened; they discussed, and they went away satisfied that they had benefited by the all-day program.

Granted, no one can fill in all the answers, for the farming industry has grown to a massive, complex giant that demands much more knowledge and planning than it did even fifteen years ago. The days of "sow and reap" have long since faded away, and have been replaced by a highly specialized, scientific method that keeps the average farmer on his toes, making it even more important that he keep abreast of the latest developments in the industry.

And it is workshops such as this one that will help the farmer to do just that. We think the workshop idea is excellent. The Deaf Smith County Electric Cooperative, Inc. should be commended for their efforts in bringing the program to Hereford. We would certainly endorse more of the same.

And while we're passing out bouquets, we do not want to forget the Home Demonstration Clubs of Deaf Smith County. The ladies prepared and served the noon meal, and not only are they excellent cooks, but they did a pretty dog-gone good job of serving also.

Don't forget the K of C Sausage Dinner today at St. Anthony's auditorium. The men will begin feeding at 11:00 a.m. and will continue through 2:00 p.m.

The giant size snowman on Avenue K (picture elsewhere in this paper) has probably caused more comment around Hereford this week than any other thing. The telephone at the Brand, and even at home, has rung off the hook. Each time we've answered it, the voice at the other end has come out with something like this: "Say, have you seen that fabulous snowman on Avenue K?"

Yes, we've seen it. And it's really something. And thanks to everyone who called. We appreciate your interest and it helps us to bring you the many items of interest through the Brand's camera.

The snow, nice as it was, has put a kink in many-a-plan including the annual Chamber of Commerce banquet. The chamber banquet has been the No. 1 event of the year for several years, attracting over 800 locals and visitors, and has for many years been the talk of the Panhandle. No other Chamber of Commerce in this area has been able to attract so many people.

But 1964 may be a different story. The banquet has been postponed, and at this writing, we do not have information as to the new date. Chamber manager Bill Thompson indicated this week that it might be held as late as April, due to availability of dates for both the speaker and Walter Jetton, the caterer.

As you grow older you don't have to avoid temptation, temptation avoids you.

28 Boy Scouts Given Awards At Troop Dinner

A court of Honor held recently at the First Methodist Church by Troop 52 saw 28 boys receive advancements in rank and 58 merit badges presented to 14 boys for work done over the past three months in Scouting skills.

About 150 persons attended the combined covered-dish supper and Court of Honor.

Scouts receiving the rank of Tenderfoot were Santry Rush, Carl Brown, Kenneth Laing, Tim Fuston, Randy Laing, Ed Robinson, Bill McQuery and Johnny West. The awards were presented by Ted Higgins, assistant Scoutmaster for the Troop.

Receiving the rank of Second Class Scout were Lonny Coffey, David Hutcherson, Lonny Riley and David Watts. These awards were presented by Bill Messick, Troop Committee Chairman. He also presented the rank of First Class Scout to Bobby Watts, Johnny Gooch, Harold Barrett, D. K. Greeson, Jimmy Dickerson, Dick Aven, Mike Higgins, Larry Clements, Randy Corliss, Gilbert Alaniz, and Hall Easley.

Gid Brown, Troop Committeeman, presented the Star Scout Rank to Cy Moore and the Life Scout Rank to Lawrence Warner, Bob Reinauer, Steve Conaway, and Jimmy Britk.

Certificates of Appreciation for their work on the troop committee during the past year were presented to Bill Messick, troop committee chairman; J.W. Dickerson, institutional representative; Charles Laing, Gid Brown, Jesse Barrett, Paul Conaway, and Ted Higgins, a troop committeemen, by Louis Machuca on behalf of the First Methodist Church and the Llano Estacado Council, Boy Scouts of America.

Scoutmaster Frank Ford announced that the troop has made reservations to attend Camp Don Harrington this summer during the week of July 12 to July 26. Camp Don Harrington is the Boy Scout Camp operated by the Llano Estacado Council for use by Scout Troops within the Council territory.

REVERSE ACTION

WASHINGTON (AP) — The Congress of the U. S. in 1916 gave the Boy Scouts of America a charter that, among other things, empowered them to sponsor Scouting units.

The Scouts recently returned the compliment by chartering the Congress of the U. S. to sponsor an Explorer post for page boys in the House of Representatives.

Mrs. Ray Stewart Is Named Conservation Homemaker

Deaf Smith County Home Demonstration Council announced Jan. 31 that Mrs. Ray Stewart had been chosen as the Deaf Smith County Conservation Homemaker of 1964. She lives near Dawn with her family.

Mrs. Stewart will be entered in regional competition for Texas Conservation Homemaker of the year Feb. 15. If she is named regional homemaker, she will then be entered in final judging March 1. The award program is sponsored by the Texas Agricultural Extension Service in cooperation with the Fort Worth Press in their nineteenth annual Conservation Awards Program, "Save the Soil and Save Texas."

Each county in a soil conservation district may nominate one rural homemaker who lives on a conservation plan developed in cooperation with the local soil conservation district. Mrs. Stewart was chosen from among five nominees in Deaf Smith County in accordance with the rules for the competition.

The committee which made the selection considered each entry and used a score card from the extension service to rate each woman. General categories considered were Leadership and Community Life, Health and Recreation, Home Management,

Clothing, Food, Housing-Homestead Improvement, and Farm and Ranch Conservation. Subdivisions included questions concerning leadership given on soil, water, plants, and wildlife to youth and adults; family health records, family spending plan, conservation of labor in housekeeping, disposal of trash, planning and preparation for natural or other disaster, plans for attractive grounds, and farm conservation practices.

The Stewart farm and ranch is well-qualified to meet the conservation requirements. There are 1574 acres in the farm, which is owned jointly by the Ray Stewarts and the H. R. Stewarts. In cultivation, mostly in grain crops, are 990 acres. The rest is pastureland for the Aberdeen Angus cattle. Conservation practices include the cropping system, use of crop residue, and use of crop range.

In 1961 the Stewarts installed 2,000 feet of irrigation pipe, and 1350 feet were completed in 1964. The acreage was primarily dry land until the brothers purchased 130 acres across the highway and the railroad track in order to obtain a good source of water. It was necessary to tunnel under the tracks and the highway and carry the water as much as 3 1/2 miles by concrete pipe. "This was done without outside assistance, and it is an outstanding conservation job," says Faust Collier, officer manager for the Agriculture Stabilization Conservation Service.

"I married the farm 17 years ago," laughs Mrs. Stewart. Her knowledge of farm practices and her interest in all phases of its operation are obvious as she says, "I enjoy going with Ray to irrigate, check the cattle, or just ride around the farm."

Mrs. Stewart, the daughter of Mr. and Mrs. J. R. Oglesby, has lived in the Dawn area for 20 years. Her husband, with the exception of two years, has lived there all his life. Both are graduates of Canyon High School. Mrs. Stewart attended West Texas College, where she studied public school music. They have three children, Linda, 13, Jerry, 10, and Bette, 3 1/2.

A member of Dawn Home Demonstration Club and Dawn Music Club, Mrs. Stewart has held office and has been active in many other areas of community, school, and church activities. She is currently vice-president of the home demonstration club, hymn of the month chairman for the music club, and a teacher at Dawn Baptist Church. Her husband often threatens to invoke the 11th commandment, "Thou shalt not committe."

smiles Mrs. Stewart. She maintains a strong interest in music. Her older daughter has been recognized for her piano playing since she was five. Both Linda and Jerry have been active members of the Dawn Musettes, and their mother has worked closely with that organization.

In addition to the farm, music, and club work, Mrs. Stewart enjoys needlework, reading, and cooking. She prepares the meals for farm workers as well as her family and enjoys trying new recipes, particularly Mexican foods.

Each year she freezes beef from the ranch, corn, some beans, peas, okra, squash, and strawberries. She also makes sweet pickles and beet pickles. The family enjoys "trippin'" as baby Bette calls traveling. Their special pleasure is educational travel, such as a recent trip to San Antonio to visit the Alamo, missions, and Breckenridge Park.

During the past year the Stewarts drew the plans and built their new home, using many of the suggestions from the home demonstration bulletins. The kitchen, sewing center, and laun-

DEAF SMITH COUNTY CONSERVATION HOME-MAKER FOR 1964 — Mrs. Ray Stewart is pictured as she crochets a tablecloth in the "Virginia Reel" pattern. She has been working on the cloth for three years and plans to have it finished in time to use this fall when her parents celebrate their 50th anniversary. (Brand Photo)

dry are planned carefully to conserve labor and time.

Mr. Stewart's office includes an aerial map of the farm. The house has a basement built to meet basic civil defense requirements. The landscaping, trash disposal, and sewage disposal units also were planned according to recommended procedures. Fire extinguishers are in strategic positions, and an intercom system saves time and energy.

In decorating the interior of the home, Mrs. Stewart used many of the ideas she learned through home demonstration work. She made most of the curtains and bedspreads. Courses she has taken and then taught include pastel painting, hat mak-

ing, copper work, making cor-sages, sewing, and tailoring.

Mrs. Stewart also does the barbering duties for the men in her family. She averages giving a home permanent a month to friends and family.

"Ray enjoys hunting," explains Mrs. Stewart, "but he always finds time to help me plow up the tulips, move the trees, or just to think out a household problem." Together they carefully plan the family spending, health procedures for themselves and their children, and improvements for their home and their farm.

"We do sincerely believe that to save the soil is to save Texas," concludes the Deaf Smith County Conservation Homemaker for 1964.

ANOTHER SNOWMAN — This is another of the many snowmen that were seen in the latter part of last week throughout the town. Children took advantage of the wet snow and really came up with some professional looking statues. (Brand Staff Photo)

Final Rites For Ross Pannell To Be In Littlefield

Ross Pannell, father of Frank Pannell, 906 East Third, died Friday in Wichita Falls at the age of 82. Funeral services will be at 2:30 p.m. today in Parkview Baptist Church, Littlefield, with the Rev. Clarence Coffman officiating.

Born Feb. 24, 1881, in Jim Town, Okla., Mr. Pannell was married in 1912 to Zollar Thomas in Albany. She died in 1951. He had been a resident of Littlefield since 1942 and was a member of the Baptist Church and the Oddfellows. Survivors are his son, one granddaughter, and two great grandchildren.

Interment will be in Littlefield Cemetery under the direction of Hammonds Funeral Home.

Contrary to popular belief, the bloodhound doesn't follow a trail sniffing the ground and emitting eerie howls. It runs without abating, having been trained to silence to avoid warning fugitives or frightening lost children.

Irrigation Meet Attended By 250

Two-hundred-fifty farmers and ranchers turned out Thursday at Community Center here for an irrigation workshop, sponsored by the Deaf Smith County Electric Co-operative.

Experts from Albuquerque, Lubbock, Austin and Amarillo discussed every phase of irrigation. Despite bad weather, attendance was far better than sponsors had hoped for, Leo Forrest, REC manager here, said Saturday. All but two of the scheduled 12 speakers were able to reach Hereford for their appearances.

Prizes went to Raymond Flores, Hereford; Joe Jesko, Route 1, Friona, and Herman Hund, Route 1, Hereford.

Speakers included: John Cay-

assa, fieldman for Holly Sugar Corp.; Dr. Allen Wiese, weed control specialist at Bushland Experiment Station; Bedford Forrest, public relations official at High Plains Research Foundation; Jack Parks, agricultural engineer with High Plains Research; C. Wayne Keese, irrigation specialist with Texas Extension Service; R. V. Thurman, conservation engineer with Portland Cement Association; Dave W. Sheriff, irrigation specialist with Texas Extension Service, Lubbock; Tom McFarland, hydrologist with High Plains Water Conservation district; Sam Morgan and Ray Simpson, specialists with Deaf Smith County Electric Co-operative, and John Shanklin, USDA engineer, Albuquerque.

SO THAT'S HOW HE DOES IT — Whiteface Danny Cates tries for the bucket again in the Hereford-Dumas game that was played here Friday night. The Herd nosed the Demons out for a 46-39 victory, thus making it a tie between Perryton and Hereford for first place in conference play. Saturday night, the Whitefaces met the Littlefield Wildcats in Littlefield. (Brand Staff Photo)

WINTER FUN — These youngsters on South Main Street took advantage of a hill and created their own sledding course Wednesday afternoon. Along with the dogs, they all seemed to have a good time. Most of the younger set did not seem to object to a week of no school. (Brand Staff Photo)

Mrs. James Head Cancer Memorial Gift Campaign

Mrs. Claude McDougal, county crusade chairman of American Cancer Society, announced Saturday that Mrs. Sue James of the First National Bank, will replace Mark Woodall as chairman of memorial gifts.

The memorial gifts provide funds for the society's program of research, education and service to cancer patients. Those who desire to make a contribution to the Society as a living memorial to a deceased friend or loved one may do so by contacting Mrs. James.

A record is kept of all donors, and an appropriate memorial card is sent to the family of the deceased, Mrs. Dougal explained.

THEY FELT THE NEED

DANIELSON, Conn. (AP) — It was a bitterly cold night, but state police said that was no excuse for starting a fire in a phone booth.

They charged two men with injury to a public service facility. The men said they started the fire in the outdoor booth to keep warm when their car broke down.

She weighed 6 pounds and 4 1/2 ounces.

Mr. and Mrs. Paul C. Abalos are the parents of a son, Roger, born Feb. 7 at 1:20 a.m. He weighed 8 pounds and 11 ounces.

While minister to France, Thomas Jefferson studied French cuisine and wrote a cook book for use in the kitchen at Monticello.

Six to Receive CAP Promotion

Col. Kenneth Jones, Texas Wing Chaplain and pastor of the First Christian Church of Borger, will address the members of the Hereford Composite Squadron, Civil Air Patrol, during promotion ceremonies Monday night. Maj. O. G. Minden, Commander of Group I, will inspect the cadet unit and present chevrons to the cadets who have successfully completed their first phase of training.

1st Lieut. Charles Duvall, commanding officer of the Hereford unit, will present the Recruiter Ribbon to Cadet Galen Evans and the Solo Wings to cadet Jimmie Owen. A special award will be made to the unit by Don Zimmerman on behalf of the Deaf Smith County chapter of the American Red Cross. Parents, friends, and interested members of the public are invited to attend the ceremony

cheduled for 7:30 p.m. at Northwest Elementary School in Hereford.

Cadets who will receive their promotion to Airman 3/c are James Combs, Galen Evans, Don Hair, Dannie Kemp, Melvin Ray Oglesby and Jimmie Owen.

LET'S COOK SOMETHING!

Country Kitchen Doughnuts Favorite Of Baugous Family

Mrs. Don Baugous, 228 Avenue B, manages a heavy schedule of activities with no evidence of rush or difficulty. She operates a kindergarten and is a member of Veiled Study Club and Xi Epsilon Alpha chapter of Beta Sigma Phi in addition to her household duties as wife and mother.

Her husband is manager of Hereford Insurance and Abstract Agency and a pianist and organist. They have three sons, Allen Ray, 8, David, 6, and Craig, 7. The family moved to Hereford from Wayne, Neb., five years ago. Mrs. Baugous' hobbies are bridge and sewing, but she enjoys the wide demands of her work as a teacher very much.

The featured recipe for Country Kitchen doughnuts was chosen by Mrs. Baugous as her favorite. It is a 1945 Pillsbury Prize-Winning Recipe.

- Country Kitchen Doughnuts**
- Sift:
- 5 cups flour
 - 4t. baking powder
 - 1t. soda
 - 1½t. salt
 - ¾ t. cinnamon
- Measure 1 cup mashed potatoes into large bowl. Add 1½ cups sugar gradually and mix well. Blend in:
- 2 eggs
 - ¼ cup melted butter

Beat thoroughly.

Combine:

- 1 cup buttermilk or sour milk
- 1 t. vanilla
- ½t. lemon extract
- ½ t. grated lemon rind

Add alternately with sifted dry ingredients to mashed potato mixture. Blend well. Cover and let stand 15 minutes.

Roll dough on well-floured

board to ¼ inch thickness. Cut with three-inch cutter.

Fry in hot deep fat (375 degrees) about three minutes or until golden brown on both sides. Drain on absorbent paper. Sprinkle with granulated or confectioners sugar or glaze. Makes three dozen.

Angel Pie
Put a layer of graham crack-

er crumbs in an 8x8-inch pan.

Cream ½ cup butter, add 1 cup powdered sugar, blend and add 2 eggs. Place mixture over crumbs.

For the next layer, combine ½ pint cream, whipped, 12 quartered marshmallows, 1 small bottle maraschino cherries, chopped, and 1 cup crushed pineapple.

Top with sliced bananas and cover bananas with more graham cracker crumbs. Chill.

PARKED BETWEEN THOSE PARALLEL RAILS

NEW BRITAIN, Conn. (AP) — A New Haven Railroad freight train was delayed for two hours recently by an auto on the tracks.

Police, who towed the car away, discovered that a motorist had mistaken the railroad roadbed for a parking area and had left his car there while he went shopping.

In a book to be published in the spring, the teachers advocate mixing tennis, golf, swimming and volleyball teams, among others.

Miss Mary Read Weds Lt. Peoples

Miss Mary Eleanor Read and Lt. Joseph Elwood Peoples exchanged wedding vows Jan. 25 at 4 p.m. in the home of Lt. and Mrs. Robert Wilson, Altus, Okla. The bride is the daughter of the Rev. and Mrs. James Read, Amarillo, and the bridegroom is the son of Mrs. Merle Peoples, Eugene, Ore., and the late Mr. Peoples.

Mr. Read read the double ring ceremony before an archway of huckleberry foliage flanked by

two baskets of white stock. Mrs. Wilson was her sister's attendant, and Lt. Wilson was best man.

Mrs. Peoples is an English teacher at Hereford-High School. She will continue teaching here until the end of the spring semester. Lt. Peoples is stationed at the Strategic Air Command Base in Altus.

Following the ceremony, a dinner in the Officer's Dining Room honored the couple. Later, in the evening, friends were received at the Wilson residence. The bride's table was centered with an arrangement of white roses in a milk glass bowl. Wedding cake and punch were served by Miss Elaine Reagan and Miss Janice Duncan.

In addition to those in the wedding party, those present for the ceremony were the bride's mother and sister, Mrs. James Read and Miss Elaine Read, and Lt. Richard Harper.

West Hereford Club Receives Questionnaires

Copies of the questionnaire, "Where Are Your Valuable Papers?" were distributed to members of West Hereford Home Demonstration Club Jan. 28, by Argen Draper, county home demonstration agent, as she concluded a program on "Filing Papers."

Mrs. Draper stressed the importance of proper filing of wills, insurance policies, car papers, and land papers. She recommended that bank statements be kept for at least five years.

The president, Mrs. E. B. Mosley, opened the meeting with a poem. The topic for roll call response was financial planning. Council report was given by Mrs. M. J. Koelzer.

Mrs. Carl Schroder was hostess for the meeting, which was held in the Pioneer Natural Gas Flame Room. Mrs. W. A. Waters won the hostess gift. Others present were Mrs. W. J. Frost, Mrs. Mary King, Mrs. Koelzer, Mrs. Mosley, Mrs. Draper, Mrs. N. E. Gass, Mrs. Vern Witherpoon, Mrs. Blanch Hardin, Mrs. Wood Vaughn, Mrs. Vida Jacobson, Mrs. Tressa Shirley, Mrs. W. H. Awtry Sr., and Miss Evelyn Bell.

The next meeting will be Feb. 11 at 2:30 p.m. in the home of Mrs. Waters. The program will be on homemade games for recreation.

the eyes, calmed drivers and was more harmonious. Red's backers said that color was tradition for Belgrade buses, and easier to see at night or in rain. Green won and now all the red buses are being re-painted green.

Green is Winner In Busses Battle

BELGRADE, Yugoslavia (AP) — The battle between red and green city buses has ended with green the victor.

It started more than a year ago when the city bought 150 Leyland buses from Britain. They were painted green. But all the rest of Belgrade's buses were red.

Green won supporters quickly. They said it was easier on

HD Council Plans Appreciation Luncheon

Plans for an appreciation luncheon were completed during the meeting Friday of the Deaf Smith County Home Demonstration Council in the County Courtroom.

Winter is Time To Build That Summer Closet

By VIVIAN BROWN
AP Newsfeatures Writer

Why not build a party cabinet? It's just the thing for anyone who entertains a great deal, particularly outdoors. And now before we begin scuffling around to see what needs attention outdoors, it's a good idea to give some thought to an indoor cabinet that can lend a big hand to storing some outdoor paraphernalia.

The cellar and garage may be useful for storing large items — barbecue grills, tables, and chairs in winter and inclement weather of summer. But so many other items are used outdoors and for parties that need to be stored and used from time to time that it would pay to have an easy, accessible unit.

One may move many items indoors after dining outdoors. But where are they put? Some people (men) toss these objects on a porch or on the kitchen floor or shove them into a broom closet.

One woman found a stall shower loaded to the hilt with barbecue stuff.

A good do-it-yourself project such as a tall closet with a separate compartment at the top can keep a home from bursting at the seams with objects used for seasonal entertaining.

The separate shelf at top could have its own doors so that damp or dirty chair cushions may be put into it in an emergency. It can be lined with oilcloth or plastic and washed from time to time.

Shelves below may be used for all sorts of things. One shelf should be at least 12 inches high for candlesticks, hurricane lamps, flower vases, large bags of charcoal. A hibachi could be stored here. Ditto strings of outdoor lights. Another shelf could be used for outdoor tableware, cloth napkins, utensils. Stashed in their own spot, they will be clean when needed. It could hold a complete paper service from dinner plates to cups, and these may be replenished after use.

The luncheon was scheduled for 12 o'clock Feb. 24. Members of the education committee will be hostesses, and each club member was requested to bring a covered dish for eight servings.

Other business included plans to serve the meal for the R.E.C. Irrigation School and the selection of Mrs. Ray Stewart, Dawn Home Demonstration Club, as Conservation Homemaking of the county. The recreation committee reported that they had held a workshop on home-made games. This program will be given during this month at club meetings.

Mrs. A. E. Hodges was presiding officer. The opening exercise was given by the Dawn Club. All clubs were represented, and seven clubs were perfect in attendance.

Those present were Mrs. Jimmie D. Bradley, Bippus; Mrs. Louise Olson, Mrs. Grady Parsons, and Mrs. J. G. Gandy, Cultural; Mrs. Ray Stewart, Mrs. Orval Galley, and Mrs. H. S. Fuller, Dawn; Mrs. L. J. Straffus and Mrs. Raymond Smith, Ford; Mrs. Elmer Northcutt and Mrs. H. D. Base, Messenger; Mrs. J. D. Gilbert Jr. and Mrs. H. L. Hershey, Progressive; Mrs. Tony Hoffman, Mrs. Clyde Smithers, Mrs. A. L. Williams, and Mrs. A. E. Hodges, North Hereford; Mrs. M. J. Koelzer, West Hereford; Mrs. Joe Landers, Mrs. George Turrentine, Mrs. W. W. Thomas, and Mrs. Joe Wagoner, Westway; Mrs. Charles Packard and Mrs. C. F. Newsom, Wyche; Mrs. Lee Roy Burgess, Young Homemakers, and Argen Draper, county home demonstration agent.

A LITTLE COED TEAMWORK

STORRS, Conn. (AP) — Two physical education teachers — BOTH WOMEN — propose that some intercollegiate athletic teams should be made up of both sexes.

Dr. Betty Hartman, chairman of the women's physical education at the University of Connecticut, and Dr. Marion A. Saborin, a physical education teacher in the Mansfield, Conn., schools, contend that this would make physical education programs more beneficial to all students.

South Dakota is known as "The Blizzard State," because of its terrific storms.

Tax-Filing Time is Here

A Federal income tax return must be filed by every citizen or resident of the United States, including minor children, who had gross income of \$600 or more in 1963. Ellis Campbell, Jr., Director of Internal Revenue for the Dallas District, reminded today.

A taxpayer who is 65 or over is not required to file unless his gross income in 1963 was at least 1,200. Mr. Campbell said: Document No. 5107 which fur-

nishes more detailed information on this subject is available upon request from the Internal Revenue Service.

Standing tall in his community J. W. ROBINSON, JR. Member of the Million Dollar Round Table For the 4th Consecutive Year

Talk about success, J. W. Robinson, Jr. has it! Once again he has made the Million Dollar Round Table, highest honor club of the National Association of Life Underwriters. He has done this, now for the past 4 years... making him a "Qualifying-Repeating" member and one of Southland Life's top business leaders throughout this time.

J. W. Robinson, Jr. worked hard for this honor. He spent many hours carefully planning insurance programs to fit the needs of his clients. Through the years, he has been responsible for establishing millions of dollars worth of life insurance in this area... which someday will return and be beneficial to everyone.

But to J. W. Robinson, Jr., as it is with all good insurance men, the satisfaction and reward comes from the knowledge that he has given so many people a secure future... and daily protection... through well planned life insurance programs. We feel that way, too. Why not see him for your life insurance needs? He's a good man to know.

Tips On How To Lie About Plains Weather

An example of those best laid plans which go astray is the 1964 resolution of the Deaf Smith Chamber of Commerce to join other C-C groups in the area in an effort to convince the world that "Panhandle Weather" extremes are more of a myth than reality. How? Merely by telling the truth.

The big hindrance, of course, has been the weather itself. We cannot fuss about the weather stations, all having cooperated with a prediction of four inches or less snow, nor can we blame the news services who were a bit slow, for once, in reporting our blizzard conditions. At the same time, it is real hard to convince visitors and new-comers that we never have any hectic weather in the Panhandle.

The best approach to the situation, it seems to us, is the one our grandfathers came up with years ago when they labeled these extreme weather conditions as "unusual and irregular." First, you start talking about the one eight years ago and point out that it occurred the same time of the year — to the day. You also mention the Pacific Coast moisture, pointing out that it has a rough time getting into this region. Next, you bring up the point that folks out in this country are so much better off than most places, because we know how to drive in snow and on ice, and you emphasize the fact that it happens so rarely that the con-

GUEST EDITORIAL

The Automobile Vs. Drop Outs

HAROLD HUDSON in The Ochiltree County Herald: The Daily Oklahoman last week carried an editorial regarding the suggestion of a school board member in a southern city for solving the dropout problem in high school.

We think the idea has merit, although at first it might sound like an absurd way to meet the problem and admittedly it might tread upon "individual liberties" that we hear so much about.

This school board member charges that the automobile is the most important single cause of dropouts and he proposes that the laws be changed to require the presentation of a high school diploma as the first requirement for a driver's license.

The idea is not without merit. Educators know that possession of a car often lowers a student's grades. Police officials believe the cost of buying and operating a car to be a significant factor in juvenile crime.

Yet everyone agrees that a youth and his car are not easily separated.

Any parent with a boy approaching the magic age of 16 when drivers' license can be obtained, or even the magic age of 14 when drivers education can be commenced knows that junior will seem to become obsessed with the idea of owning and driving his own car just as quickly as he can possibly do so.

There are few drives as powerful as the urge to own and drive a car in this day and time. Youngsters will do almost anything to qualify.

TEXAN IN WASHINGTON

Texans Go To Washington To Study Sheep Problems

By TEX EASLEY
WASHINGTON, (AP) — Four Texans have been in Washington attending an international conference on scrapies — a deadly disease affecting sheep and goats.

Rep. Clark Fisher, D-Tex., with whom the four touched base while here, says the very mention of scrapies to a sheep and goat man — of which he is one — brings fear, the same as talk of foot and mouth disease does to a cattle raiser.

"We don't know much about scrapies," said Fisher, "except that it's fatal and devastating

when it hits a flock. We do have an occasional outbreak in this country, but it's much more of a problem in England."

Scientists from England took a leading role in the conference, sponsored by the Agriculture Department. The Department will use the information developed at the meeting in mapping its continuing attack on the disease which creates an intense itching and twitching and thirst in a stricken animal. It soon loses weight and dies.

The Texans attending the conference were T. A. Kincaid of Ozona, a past president of the

Texas Sheep and Goat Raisers Association; Bruce Walker, Texas Animal Health Commission, Austin; Ted Rea, of the Agriculture Department's division of disease eradication, Austin; and Charles Livingston, as assistant professor in veterinarian research at Texas A. and M.

In Fisher, the group had a friend and supporter. The San Angelo congressman has a sheep and goat ranch of his own near Junction.

Fisher, a man of diversified interests, is also a lawyer and author. He recently published a genealogical volume entitled "Texas Heritage of the Fishers and the Clarks." He is now working on a book about King Fisher, a distant relative and a one-time colorful figure in Texas history who died of an assassin's bullet.

Fisher also wrote a book on the history of his home county, entitled "It occurred in Kinble."

AROUND THE CAPITAL

J. Morris Thomas, Hale County cotton farmer, met with Labor Department officials regarding time keeping regulations. The officials agreed to issue new instructions, clarifying the regulations to eliminate costly bookkeeping for certain workers, he said.

Miss Carolyn Hester, a Texan who was the American representative to the Edinburgh Folk Festival last year, visited Capitol Hill with her parents, Mr. and Mrs. James G. Hester of Austin. They were escorted by Rep. J. J. (Jake) Pickle, D., of Austin. Miss Hester has been entertaining at a Washington night club.

The location of Pickle's office on the third floor of the Cannon (Old) House Office Building makes the floor almost a Texas hall. He's next door to rep. Ed Foreman, R. of Odessa. Also on the floor are Reps. Clark Thompson, Galveston; Joe Kilgore, McAllen; Ray Roberts, McKinney; and John Young, Corpus Christi.

IT PAYS TO ADVERTISE

ALBUQUERQUE, N.M. (AP) — Albuquerque Radio Station KDEF uses the slogan, "Albuquerque's Leading Ear Specialist," in promoting the station.

As a result, a woman came to the station and asked for a set of batteries for her hearing aid.

dition frankly does not justify the purchase and maintenance of snow plows and other equipment to keep the roads open.

By this time your listener is no doubt nodding his head in agreement — although his teeth may be chattering like a tap dancer on the Ed Sullivan show — and you know the time has arrived to throw in your clincher, so you assume one of those fatherly, world-wide attitudes and say:

"We do have a little flurry like this every ten years or so — just look at the records if you don't believe it — but we feel that this is a lot better than the floods they suffer in the Middle West and East, or the tornadoes they have in Oklahoma and Kansas; fact is, they even had one in Dallas not long back, and in Waco; they even had one in Amarillo but, so far, we have never had one in Hereford. We sort of figure it must be due to the typography of the country. Anyway, we are real happy about it. California? Man, I wouldn't put up with that smog for 15 minutes — and the hurricanes that blow into Florida and along the Gulf Coast; honest, I don't see how those people stand it year after year. All in all, I reckon we have just about the best country there is, including the weather."

"Take this little ole snow, for instance. I could name you a hundred places that would give their eyeteeth for the moisture we got out of this deal. Honest, man, it was worth millions of dollars to us; almost two inches, I hear, and that is money in the bank out in this country. A little inconvenient, sure, but nothing really serious. The papers will probably make a big production out of it down state, but you were here, friend, and you know it didn't amount to anything. Nothing at all."

"What's that? Your car is stuck down the road? Heck, mister, take off your things and settle down. You may be here three or four days. I never pay any attention to the weatherman, but he said we can expect another 20 inches. Besides, you are lucky to be stranded out here instead of along Route 66. That's where they really have trouble. Around here, it really don't amount to anything. Just a little ole quirk . . . besides, the rest will do you good. Trouble with you tourists, you are always in such a danged, all-fired hurry . . ."

Automation May Change Politics

The United States is fast becoming a nation of automation. Everything we hear of machines replacing men — on assembly lines, in offices, on farms and in the home. Why not in politics?

These new-fangled monstrosities can grind away and tell us who should go to college, who can sell sewing machines, what to give for Christmas, when someone is telling a lie; even who we should marry. Why not type out a long list of questions, punch up a few cards and let them select our officials? This could be most helpful on the national level, especially if we are to pit our leaders against opponents such as Khrushchev and Castro.

The ones most likely to object would be the politicians. What if some Senator took a round of tests and found that he was best suited to serve soup in a cafeteria? Or maybe trim hair in a beauty salon?

Selecting our officials in this manner would save millions upon millions of dollars in campaign expenses, and there is no telling how much it might save the tax payers through a more sensible and efficient operation. If some old fashioned individualists insist on the right to vote, we could at least make all of the candidates undergo ability tests on the machines. They could then use their score and rating as a basic part of their campaigns — and when we got a square peg in a round hole it would be a mere mechanical failure.

This automation would also provide a tremendous boom for both national parties. Instead of blaming the Republicans or Democrats, we would henceforth direct our venom against "that draftee machine."

When the occasion arose that we needed an exceptionally strong President, such as Washington, Lincoln or FDR, we would merely make the list of questions a little bit longer, and a lot harder. Once the system got into operation, it might even seep down to the selection of Cabinet members? Who knows? We could sift out the Commies with lie detector tests, get a Secretary of Agriculture who knew something about farming and a Secretary of Labor who really wanted to work.

Besides, political automation would be something new and different. Everywhere, that is, except Texas; here we have had "machine politics" in Duval county longer than we like to remember.

If you don't agree with the idea — and feel sure there are a few who will not — all we have to say is, "Just take a good look at politics in general, friend. What do we have to lose?"

Hereford's Irrigation District Is Expanding

Without any noise or fuss about the matter and with little boosted publicity, the Hereford irrigation district is forging steadily forward. The certainty of an abundant water supply and the assured crops under irrigation, are attracting experienced irrigators from Colorado and New Mexico and other substantial farmers and stock raisers from Illinois and Iowa. Some of the new farmers before they visited Hereford had been filled with adverse criticisms about the Plains country, but when they "came and

50 YEARS AGO
saw," they admitted that their idea of the country had been gotten from unreliable sources, and were conquered. They are all pleased with the soil and water and are delighted with the sunshine. It's a combination that's hard to beat. The large number of new families that have moved into Hereford and vicinity during the last few months has added many new faces to the social, business and church circles. The number of new people on the streets is very noticeable. A mere mention of the names would hardly suffice for this article and then there is a good spreading of former citizens, who are coming back.

A discussion of the cost and possibilities of changing store fronts was heard at a special meeting attended by 18 Hereford merchants Friday in Hotel Jim Hill. Presented by Dick Slaton and Roy Carr of Lubbock, the talk was illustrated with color pictures which showed how old store fronts had been remodeled, and pointed out changes in the flow of business as a result of such remodeling. "Your

10 YEARS AGO
problem is to make buyers out of passersby," Slaton told the merchants, and pointed out that the store front is their best salesman, for it either attracts new customers and welcomes old ones, or chases them away. Several merchants evinced marked interest in store-front remodeling projects after the meeting was concluded.

Panhandle Paragraphs

Always on the alert for new crops to supplement the county's economy, local leaders will have up for consideration within a short time the prospect for a crop that may give promise to part of Collingsworth sugar beets. This may be much closer than most here realize. . . This is one consideration for Collingsworth farmers and area leaders. It is not the answer for all or even a majority of the farmers. Several answers will be necessary.

—The Wellington Leader

The 18th annual Swisher County Soil Fertility Day will be held today in the Tullia High School auditorium. Among the speakers will be K. D. Knaus, Great Western Sugar Crop; John Shonkin, irrigation specialist for REA, Albuquerque; Don Rummel, entomologist with Texas Extension Service, Lubbock; Ray Bowden, executive secretary Texas Grain and Feed Dealers Association, Fort-Worth; Dr. Earl H. Collister, director, High Plains Research Foundation, and Bill Gunter, agronomist, Texas Extension Service, Lubbock.

—The Tullia Herald

Friday night was Jaycees big night in Dumas. Gene Hollar, who is the past state vice-president, who made a trip to Dumas on another like occasion two years ago, was the guest speaker. Gene hails from Pampa way, and is a real swell lecturer in a pleasing manner. We have heard many older and supposedly much more experienced speakers who were unable to compare with him . . . Another Jaycee is on the way not to become an International Director; Calvin Hornsby will be the cause of a huge delegation of fellow Jaycees going to Lubbock to spend Washington's birthday and the day following, exploring Cal's possibilities in the field as a state director.

—The North Plains Press (Dumas)

A steering committee met last Wednesday afternoon in the Community Room of the First State Bank to organize and make tentative plans to build a library and community building. Tentative plans provide 7500 square feet floor space with 2000 feet being reserved for an auditorium. Other facilities include lounge, library, three club rooms and a kitchen. Funds will be raised for the proposed project through public subscription. Cost is estimated at \$60,000 and this includes furnishings. The building is to be located in the city park.

—The Castro County News (Dimmitt)

The first of a series of agricultural information programs will be held Thursday night in the Dalhart High School cafeteria, Victor Heckford announced. The program is sponsored by the vocational agriculture department. The program is of interest to farmers, ranchers and business men. It is planned that the program will be presented on sugar beets, alfalfa and soy beans, fertilizers, weed control, irrigation, irrigated pastures and beef cattle.

—The Dalhart Texan

Busiest man in town has been chamber manager Web Sharp as he attended to the last minute details of the big chamber blowout here Monday night. As customary he had to sandwich his banquet preparations in with attendance at other area banquets. He and outgoing president, Jimmy Wilkins, and their lovely wives made the Midland banquet early in the week, and Friday night Sharp made another chamber banquet. Come Monday night, Andrews will have an unusually quiet chamber manager functioning in the background. He caught laryngitis on the trip and lost his voice.

—Andrews County News

THE BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his Bindweed farm gets into a discussion this week which is his responsibility, not ours.

Dear editor:

Since I'm not acquainted with politics in Ohio — I'm not even up on politics right here in this part of Texas — I'm not assuming to tell the people of Ohio what to do, just in case The Hereford Brand has a wide coverage in that state, but I was interested in some things I read after that astronaut, Glenn, announced he was running for the United States Senate.

What interested me was the claim by some Ohio papers that he hasn't had the proper training to be a Senator.

This got me to thinking, what is the proper training for a Senator? and the more I thought the less I concluded. It is a field apparently nobody has explored, and if a young man came to you and said he was interested in training to be a Senator, what would you tell him? I'm not up on these matters, but I doubt if there's a college or university in the country offering a course in Senatorship. It'd be like trying to study for the Supreme Court.

Another thing the papers said about Glenn was that he shouldn't try to start at the top, he ought to run for some lesser office first. I can see how a Senator could think a man ought to run for Congress first, and I can see how a Congressman could think he ought to run for a state office first, and I can see how a state official could say he ought to run for a local office first, and how a local official could say he ought to stick a while longer with farming or barbering or whatever he's doing, and while if I had thought farming was the first step toward becoming a Senator I'd never have taken it, still I doubt if this is the right system. I don't know of anybody who took up farming in order to qualify for public office, but I know several who took up public office to avoid farming.

Yet getting back to the original subject, is Glenn qualified by training to be a Senator, I doubt it. When he was completing his third orbit of the earth and was getting ready to decide the split-second to pull the lever that'd return him to earth on target, what shape would he have been in if he'd had to refer the decision to a committee for ten months?

Yours faithfully,
J. A.

Bridal shower honors Miss Wilma Higgins (Brand Photo)

Miss Higgins Is Shower Honoree

Miss Wilma Higgins, who will become the bride of Leslie Sharp, Feb. 22, was honored with a shower Feb. 1 in the home of Mrs. Joe Story. Calling hours were from 3-5 p.m.

Receiving guests with the bride-to-be, were Mrs. Story, Mrs. H. L. Higgins, mother of the honoree, Mrs. Lloyd Sharp, mother of the prospective bridegroom, and Miss Elva Leen Martin, who will be maid of honor at the wedding.

A floral arrangement in yellow and white, centered the refreshment table, which was laid with an ecru cutwork cloth. A miniature bride and groom and yellow streamers completed the centerpiece, and appointments were in silver. Coffee, spiced tea, sandwiches, and cookies served by Miss Wanda Higgins, sister of the honoree.

Miss Carolyn Hammett registered guests.

Hostesses were Mrs. Story, Mrs. Worth Covington, Mrs. W. D. Gibson, Mrs. Ernest Kendall, Mrs. W. E. Sparks, Mrs. W. B. Dowell, Mrs. Don Steele, Mrs. Pat Robinson, Mrs. Ira Scott, Mrs. W. H. Gentry, Mrs. Clinton Massey, Mrs. James C. Mercer, Mrs. Clyde Russell, Mrs. H. O. Markley, Mrs. Charles Lettel, Mrs. J. C. Price, Mrs. Clinton Jackson, and Mrs. Clyde Rayburn.

The hostess' gift was an electric mixer.

Look Who's New!

Mr. and Mrs. Roy Lawson Carter are the parents of a son, Chris Allen, born Jan. 31 at 11 a.m. He weighed 7 pounds and 10 1/2 ounces.

Mr. and Mrs. William Dean House are the parents of a son, Jeffrey Lynn, born Feb. 1 at 6:55 p.m. He weighed 8 pounds and 9 1/2 ounces.

Mr. and Mrs. Antonio Deojos Cantu are the parents of a son, Jesus, born Feb. 2 at 7:49 a.m. He weighed 8 pounds and 2 ounces.

Mr. and Mrs. Morris Eugene Hacker are the parents of a son, Keith Gordon, born Feb. 4 at 4:27 a.m. He weighed 7 pounds and 6 1/2 ounces.

Ethiopia, which contains 457,000 square miles, is as large as America's 17 northeast states.

Texas Teachers' Pay \$600 Below National Level

Texas public school teachers this year will receive a salary almost \$600 below the national average — and Texas will drop to 29th place among the states in salaries paid teachers.

That was the statement today by Mrs. Elizabeth Little of Corpus Christi, state president of the Texas State Teachers Association. She based her statement on an annual national survey by the National Education Association, "Estimates of School Statistics, 1963-64."

Nationally, the average salary for teachers is estimated to be \$5,963 for the current school year. In Texas the figure is \$5,390.

This drops Texas to 29th position among the states. It is down from the 24th position Texas held temporarily after the last statewide teacher pay boost was provided effective for 1961-62. There is danger that the state will slide farther behind.

The total amount spent for each school child — including teacher pay — is one measure of how well a state supports education. And here again Texas is below average.

All states will spend an average of \$455 for each public school pupil in attendance this year; Texas will spend only \$387. This puts Texas in a tie with Vermont for 35th place.

"These are just some of the reasons that TSTA will ask the 1965 Legislature to provide a \$45 per month increase in the minimum salary for teachers," Mrs. Little pointed out.

Hereford Man To Participate In Exercises

Army PFC Jimmie R. Bridges, 20, son of Mr. and Mrs. Elsha Bridges, 220 Brevard St., Hereford, and nearly 3,000 other soldiers of the 25th Infantry Division's 2d Brigade Task Force began leaving Hawaii by air Jan. 25 for Okinawa to participate in Exercise QUICK RELEASE. The month-long exercise is scheduled to end Feb. 25.

Task Force personnel are carrying only essential light combat equipment. Heavy equipment, including artillery weapons and tanks, will be issued from ships of the Military Sea Transport Service, a forward floating depot, after the men deplane on Okinawa.

This new logistical approach, being tried for the first time in the Pacific Command, is expected to speed the movement of troops to trouble spots and to reduce airlift requirements during an operation's initial stages. Bridges, a truck driver in Company B of the division's 65th Engineer Battalion at Schofield Barracks, Hawaii, entered the Army in Jan., 1963, completed basic training at Fort Polk, La., and arrived at the barracks in June, 1963.

He attended Hereford High School. His wife, Dixie, is with him in Hawaii.

ELECTRICITY POWERS PROGRESS

This is National Electrical Week, marking the 117th anniversary of the birth of Thomas Alva Edison. It was Edison's invention of the first practical incandescent lamp that gave birth to an industry that now employs more than three million men and women, or 1 out of every 20 American workers. Almost every industry owes its progress to the power produced by electricity for, truly, electricity powers progress.

Miss Clay And Lt. Schmidt Pledge Double Ring Vows

Miss Pamela Jean Clay became the bride of Lt. Edward J. Schmidt at 3 p.m. Feb. 2 in Saint Anthony's Catholic Church. Mr. and Mrs. T.J. Clay, Amarillo, are the parents of the bride, and Mr. and Mrs. Michael A. Schmidt, Daytona Beach, Fla., are the parents of the bridegroom.

Father Cletus McGorry, pastor, read the double ring ceremony. Four seven-branched candelabra entwined with English ivy formed a background for the white satin kneeling bench and the altar. Gold altar vases contained white stock, gladioli, and chrysanthemums.

Candles were lighted by Miss Debra Reeves, Hereford, and Buddie Howell, Lubbock. Altar boys were John Kreighnauer and John Pavlicek. Musical selections included "Ave Maria" and "Pans Angelicus," by Ben Gollehon, soloist. Organists were Miss Sharon Brinkman and Mrs. Joe Hacker.

Mr. Clay gave his daughter in marriage. Her formal wedding gown was fashioned of white peau de soie and imported Alencon lace. The fitted bodice of lace embroidered with sequins and pearls featured a Sabrina neckline and three-quarter length sleeves. The bouffant skirt fell from inverted pleats at the waistline, and the chapel train swept from a large bow of peau de soie at the back waistline.

Her poof veil of imported silk was attached to a forehead cluster of white seed pearls on a lace background. She carried a prayer book-bouquet of white feathered chrysanthemums and a white orchid.

Matron of honor was Mrs. Richard Walsh, Portales, N. M. Other attendants were Mrs. George Scott, Canyon, and Miss Kay Turner, Denver, Colo. They wore identical floor-length dresses of red peau de soie with three-quarter length sleeves and low necklines, matching shoes and bow hats, and white gloves. They carried cascading bouquets of Frenched gladioli. Miss Vonda Fellers, Lubbock, was flower girl.

Best man was Lt. Bob Seaul. Groomsmen and ushers were Lt. Les Winkle, Lt. Richard Pauluck, Lt. John King, and Lt. John Shirliff. All are stationed at Walker Air Force Base, Roswell, N. M.

Mrs. Edward J. Schmidt (Miss Pamela Jean Clay... Angel Studio)

Kirk Barnett, Amarillo, was ring bearer. For her daughter's wedding, Mrs. Clay chose a three-piece

costume of eggshell wool knit with pink accessories. Mrs. Schmidt, mother of the groom, wore a beige silk dress and matching accessories. Each

wore a corsage of Cymbidium orchids. A reception at the Hereford Country Club followed the ceremony. Guests were registered

Social Calendar

Monday, Feb. 10
Music Study Club will meet in the home of Mrs. Crosthwait, with Mrs. Mountz as co-hostess. The program will be "The Latin-American Influence in American Music", led by Mrs. Roberson.
Tuesday, Feb. 11
Pioneer Study Club will have a luncheon meeting at 1 p.m. Hostesses will be Mrs. Wright, Mrs. Werner, and Mrs. Wilson.

by a cousin of the bride, Mrs. Don Fellers, Lubbock. The bride's table, which was laid with a white brocaded linen cloth, was centered with silver candelabra and the bouquets of the bridal attendants.

Mrs. Dub Reeves and Mrs. S. T. Thornton, aunt of the bride, presided at the silver punch bowl and served the three-tiered wedding cake, iced in white with touches of red in the bride's chosen colors. The top layer of the cake was saved by the bride and groom for their first wedding anniversary.

For the short wedding trip to points of interest in New Mexico, Mrs. Schmidt traveled in an eggshell wool suit with gold blouse and hat and matching accessories. Her corsage was the orchid lifted from the bridal bouquet.

A graduate of Hereford High School, the bride attended Texas Technological College and West Texas State University. For the past five months, she has been a secretary with an advertising agency in Denver, Colo.

Lt. Schmidt received his degree in education from Pennsylvania State University and has been completing requirements toward his master's degree. He is a member of Kappa Sigma fraternity. Commissioned a second lieutenant in the United States Air Force, he is stationed at Roswell, N. M.

Pre-nuptial courtesies honoring the bride included a shower tea in the home of Mrs. Fred Sims, Hereford, a luncheon given by Mrs. Pat Robbins and Mrs. Vance Robinson in Hereford, and a shower tea given by Miss Sandy Blythe, Amarillo.

and the program will be a survey of the interracial situation by Ray Johnson.

Young Mothers Study Club will have a Valentine party at 7:30 p.m., with Mrs. Newman and Mrs. Holt as hostesses.

Veleda Study Club will have a husbands' party, Mrs. Barker, Mrs. Hoover, Mrs. Olson, and Mrs. Oglesby will be the hostesses.

West Hereford Home Demonstration Club will meet with Mary Waters for a program on recreation.

Thursday, Feb. 13
Westway Home Demonstration Club will meet with Mrs. C. A. Sauley for a recreation program, led by Mrs. W. W. Thomas.

Calliopean Club will meet with Mrs. Mims. Mrs. Grubbs will discuss "Future Windows in Home Decoration."

St. Anthony's Parish Council will meet for a discussion of wills by Bruce Miller. Hostesses will be Mrs. Stengel, Mrs. Koelzer, Mrs. Dolle, and Mrs. Hund.

EASTER NEWS

Teacher Given Surprise Party At Easter Home

By Ruby Stone

Junior English pupils of Mrs. Trent Downing honored her with a surprise farewell party Friday night at her home in the Easter Community.

Cake and cold drinks were served.

Mrs. Downing begins a leave of absence this week from Dimmitt High School.

Mr. and Mrs. H. O. Markley returned home Thursday from a trip to New Mexico and California. They visited in Truth or Consequences, N. M. and in Escalon, Calif. At the latter place they visited Mrs. Markley's brother, M. A. Hughes, and his family.

Mr. and Mrs. Horace Carmichael of Fluvanna, and Mrs. Ida Barker of Erick, Okla., made the trip with them, and they returned to their homes after visiting here for two days.

The Frio GA's had a supper at the Bill Strums' home Friday night and studied a mission book.

Thursday night Reba Hall and Carolyn Scarborough and Kita Strum went to Friona for a youth rally.

Mr. and Mrs. D. O. Markley from Dumas visited the W. O. Markleys recently.

Mr. and Mrs. Murray Hall and children visited the W. A. Markleys Thursday night.

Mr. and Mrs. Harvey Garrison are the parents of a son, Kerry Don, born Jan. 27 in Lubbock. The grandparents are Mr. and Mrs. Shirley Garrison of the Easter Community, and Mr. and Mrs. Hershel Curtis of Alton.

Mr. and Mrs. Shirley Garrison, Sharon and Pam were in Lubbock to visit their son, his wife and new baby.

Mr. and Mrs. W. A. Epperson visited Mr. and Mrs. T. E. Pryor in Odessa last weekend.

Mr. and Mrs. Eddie Higgins and Mr. and Mrs. Claude Forson of Dimmitt were Wednesday night visitors of the W. A. Eppersons.

Mr. and Mrs. Elmer Cook, Hereford, were visitors in the W. A. Epperson home Friday night.

Sandra Kay Medley, Hereford, is spending the weekend with the W. A. Eppersons.

Mrs. L. C. Hall went to Stuart, Okla., to help take care of her father, S. G. Tipton, who is seriously ill.

Mr. and Mrs. Darrell Culp spent the weekend with Leo Hall, Reba and Ronnie.

Mrs. Gail Nelson Conducts School For Rebekahs

The district deputy president, Gail Nelson, Dimmitt, conducted an instruction school for members of Hereford Rebekah Lodge Jan. 27 at the IOOF Temple. Several members reported attending a lodge meeting in Friona. The business meeting was conducted by Avis Brown.

Refreshments were served to the visitors from Dimmitt, Mrs. Nelson, Gennie Bruton, and Oeie Bolton, and Mr. and Mrs. Sam Smith, Orpha Nickerson, Lydia Hopson, Georgia Holliman, Alta Davis, Gail Hamby, Ruth Rogers, Leona Love, Cynthia Vines, Lois Duggan, Phyllis Hamilton, Nellie Beauford, Ursalee Jacobson, Jackie Bishop, Addie Stallings, Alyene Lomenick, Ada Hollabaugh, Golda Stewart, and Belle Clark.

TIMELESS BLADE

MOUNT VERNON, Ark. (AP) — Albert Williams, 75, figures he may have the world's biggest bargain in a hoe.

The one he used was bought in 1916 for 45 cents.

The blade of the hoe is two inches narrower than it was, from sharpening, but it still has its original handle.

The New World's first sugar cane, came west with Columbus on his second voyage.

ADRIAN NEWS

Area Home Demonstration Club To Study Windbreaks

By Ann Beavers

Adrian Home Demonstration club will meet Wednesday at 1:30 p.m. in the home of Mrs. M. H. Zaring when the program theme will be "Windbreaks and Shrubs." Miss Linda Webb, the county home demonstration agent from Channing, will attend.

The club met last Tuesday evening with Mrs. Bill Leslie as hostess.

The Adrian P-TA will have its next regular meeting Monday when the theme will be "Whence and Whither" with Grady Skagg and the Boy Scouts. The women serving will be Mrs. Clara Grubkey, Mrs. Loren Crietz, Mrs. Elbert Whitten, Mrs. Jim Cavin and Mrs. Paul Robertson.

M/Sgt. and Mrs. Robert Larson and family visited the Manuel Loveless family over the weekend. The Larsons were en route to Washington. Their sons, Johnny and Clarence, had been visiting here for a week.

Mrs. J. E. Speed has just returned from Mammoth Cave, Ky., where she visited her son, Bert Speed, for four weeks. He is a park ranger in the Mammoth Park. Mrs. Speed also visited a tobacco farm in Lewisburg with relatives. Her father was born in Lewisburg in 1874. Bert Speed lives near the Crystal Cave where Floyd Collins' body is buried; the body is visible through a glass lid. Collins died in a cave disaster in the '20s.

One dozen "lovely" Lions models gave the Adrian community a rip roaring style show Tuesday night in the Adrian School auditorium. The Rev. B. J. Foster was narrator. Among the events, Deanna Whaley did a high-kicking dance, and a Roaring '20s model, Rexann Manley, did the Charleston.

Jimmy Perrin, who portrayed the part of a "lady" preparing

to attend a political rally, but with nothing to wear, modeled a dark sheer cotton, accented by an empire waistline. Loren Crietz modeled a "fresh look of charm" featuring "sea-sick green" combination.

John Skagg (Miss Johnnie Sue Skagg; modeled a red polka-dot silk street dress and black faille dinner coat with mink stole. "She" had chosen tangerine shoes, beige bag and gloves to complete "her" ensemble.

Others dressed equally as charmingly, were Paul Robertson, Bob Lane, Grady Skagg, John Horton, Ray Brown and Don Morgan.

Capt. and Mrs. Tom Morris and Capt. and Mrs. Jay Abbott and daughter from Halmon Air Force Base, New Mexico, and Mr. and Mrs. Jerry Currie from Big Spring visited over the weekend with the Howard Engle family.

Mr. and Mrs. Junior Pulliam, from Amarillo visited the Charlie Pulliam family over the weekend.

Calvin Peters and Sam Brown visited over the weekend with Buddie Trimmer at Hale Center.

Mr. and Mrs. Earl Brown and Mr. and Mrs. Donald Pinnell, from Glenrio were in Fort Worth last week attending the rodeo, in which Donald was entered in the calf roping.

Mr. and Mrs. Nolan Maupin and family from Santa Rosa, and Pat Maupin Jr., from Amarillo, visited over the weekend with the Pat Maupin Sr. family.

Friday night, in the Adrian gym, the Matadors had a rip-roaring basketball game with Texline. The Adrian girls won by 5 points, the score at the end of the game, 34 to 39. High scorer for Adrian was the going freshman, Laura Jobe, making 19 points, and for Texline, the high scorer was Sherry Marsh, 15.

Following the girls victory, the Adrian Matadors also won by 10 points. The score at the end of the game was 54 to 44. High scorer was Billy Perry, another upcoming player, making 19 points. Tempe Abney of Texline, made 16 points.

Mr. and Mrs. E. B. Pounds visited in Friona Sunday with the Neil Pounds family.

W. C. Briggs visited in Lubbock last week with his mother, Mrs. W. H. Briggs.

Miss Artheta Peterson attended a teachers' meet in Shamrock Saturday.

Mr. and Mrs. D. F. Ridings and children from Pampa visited with the Charles McAfee family.

Mrs. Naomi Jobe had a Stanley party in her home last Wednesday morning. Those attending were Mrs. Ruth Ferguson, Mrs. Sue Gilliam, Mrs. Nancy Johnson, Mrs. Austin Rose Sr. and Mrs. Ann Beavers, Mrs. Lola Menasco, the Demonstrator from Hereford. The guests enjoyed cookies and coffee.

Mr. and Mrs. Johnny Fields and son from Littlefield, visited the Oscar Bronnman family over the weekend.

Mr. and Mrs. Chubby Sasser and son, from Hereford visited over the weekend with the Manuel Loveless family.

Bill Harwell visited in Plainview with his niece and family, Mr. and Mrs. Ralph May Jr., over the weekend.

Mr. and Mrs. Dean Daniels

and granddaughter, Glenda Jones, from Lubbock were Monday night guests of the Alford Jobe family. The Daniels were moving to Albuquerque.

Scout Camping Dates Released For '64 Season

Ed Skypala, District Camping and Activities Chairman for the Tierra Blanca District of the Llano Estacado Council, Boy Scouts of America, announced the dates of summer camp at Don Harrington and other activities to be conducted by the Council for boys who are members of the Boy Scout Troops in the Tierra Blanca District.

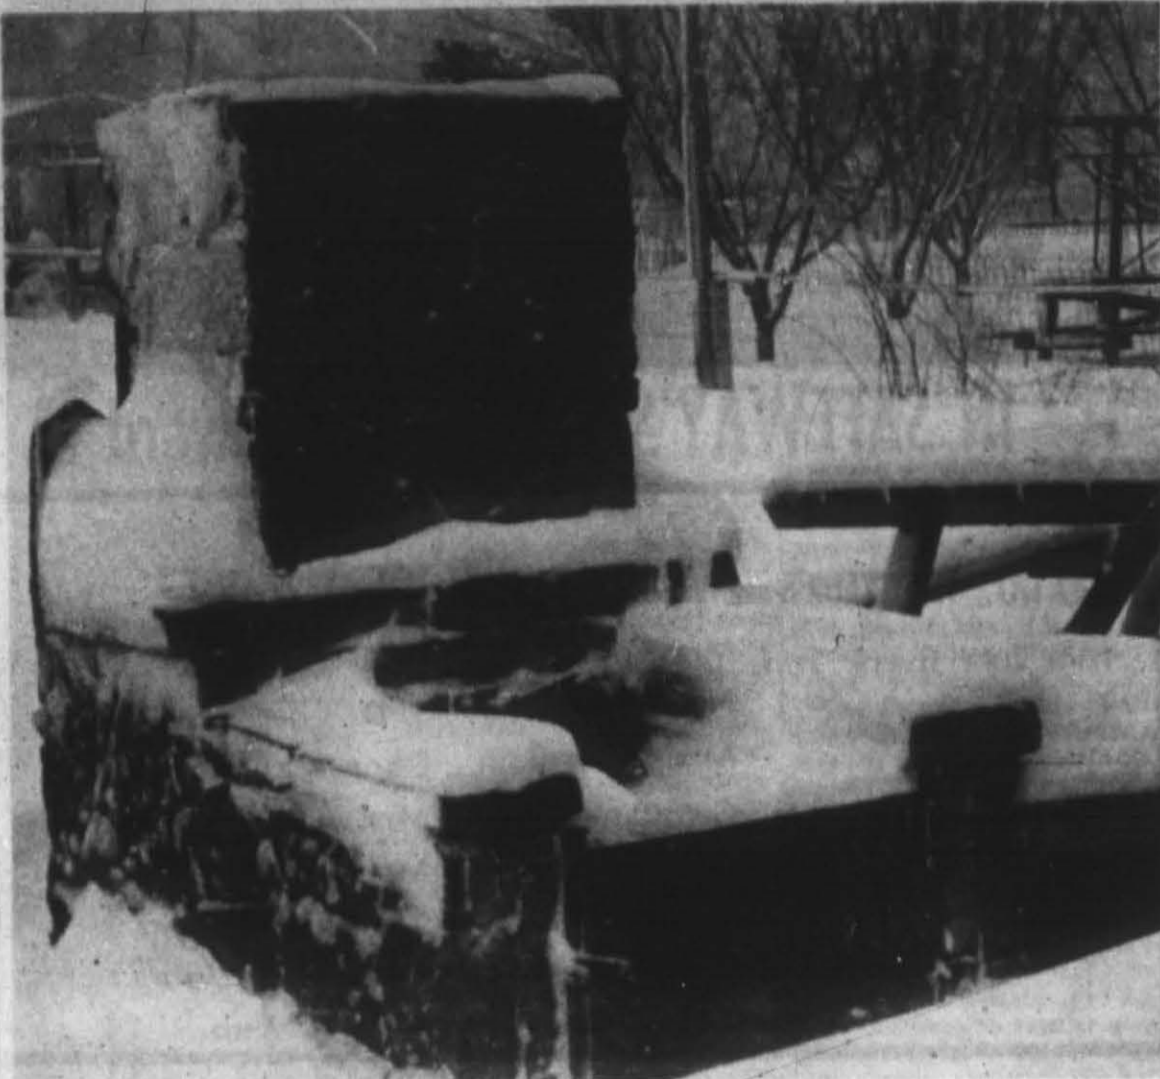

Camp Don Harrington, located 13 miles south of Amarillo on the Red River, will operate for six weeks from June 14 to July 25. Scouts wishing to attend Camp Harrington should make reservations with their Scout masters who are making reservations for the Troop to spend a week at Don Harrington.

The program at Don Harrington will cover advancement in scouting skill, archery, marksmanship, swimming, life saving, nature and conservation, signaling, pioneering, and handcraft. Instruction on the first aid, wildlife management, pioneering, cooking, camping, signaling, archery and nature merit badges will be available at Camp. Cost per boy is \$14 for a one week period.

This year, for the first time, the council also will conduct an aquatic school at Don Harrington for two weeks, beginning August 26. Work on dregging the area above the dam on the creek is almost completed, and the aquatic school will be held at Don Harrington instead of at Lake Marvin as previously scheduled.

Cost per boy is \$17 for one week. The council will provide boats and canoes. Boys wishing to attend the aquatic school should make reservations with their Scoutmasters.

The council also will conduct a 12-day expedition to Philmont Scout Ranch at Cimarron, N.M., and a 15-day trip to the Charles L. Sommers Wilderness Canoe

NO OUTDOOR COOKING THIS WEEK — taken Wednesday, as the snow continued to fall. Pretty, ain't it? The backyard looks pretty lonely in the stillness caused by the snow. This picture was (Brand Staff Photo)

Base near Ely, Minn. for Scouts and Explorers, who are 14 and 15 years of age.

NOTICE TO BIDDERS

The City of Hereford, Texas will receive sealed bids on a one- and one-half ton truck, not later than 2:00 P.M., Feb. 17, 1964, in the office of the City Manager, City Hall, Hereford, Texas. The City reserves the right to reject any or all bids and to accept the bid deemed to be the most advantageous to the City of Hereford.

Ray Cowsert, Mayor S-31-2c

NOTICE TO BIDDERS

The City of Hereford will accept sealed bids on approximately 2,000' of eight inch and approximately 1600' of ten inch Class 100 AC water main pipe in the office of the City Manager not later than 2:00 P.M., Feb. 17, 1964. The City reserves the right to reject any or all bids and to accept the bid deemed to be the most advantageous to the City.

Ray Cowsert, Mayor S-31-2c

Cigarettes Now In 'Timed' Case

AP Newfeatures

The case against the cigarette fiend — the clock regulated cigarette case — is suddenly a hot item in New York specialty stores.

Although not new, it was usually purchased as a gag (at about \$10), until the "Smoking and Health" report of the advisory committee to the surgeon general of the Public Service stirred thousands into re-evaluating their tobacco intake.

There are several different kinds of these cigarette cases but all operate on the principle of remaining stubbornly shut until released by a clock mechanism. The nicotine enslaved soul, it is hoped, can cut down by setting the clock for intervals of from 10 minutes to two hours.

However, there is no device as yet to keep him from bumping other people's smokes in the meantime.

One time-locked case is equipped with a tiny alarm that

signals the glorious moment of smoking enjoyment.

Unfortunately, it sometimes jars him back to the problem just as the miserable man trying to kick the habit finally manages to think of something else.

ONLY THE TINY

MINNEAPOLIS (AP) — Only skinny skindivers will be able to pursue the chilly sport of diving under the ice in Minneapolis lakes. The Park Board, alarmed over four and six-foot holes cut by divers, set a new limit of 10 inches on hole cutting. Officials ask larger holes don't freeze over and endanger fishermen and vehicles.

Hereford Board of Realtors named new officers last week. They are: Mike Justice, president; Albert Streu, vice-president; and Michael S. Wilson, secretary-treasurer. Justice succeeds Virgil Justice, and Streu succeeds Roy V. Smith. Oliver Streu was secretary-treasurer this past year.

Deaf Smith County vehicle operators had bought 683 passenger car tags up to 5 o'clock Friday afternoon, Assessor-Collector Neil Miller reported. Truck tag sales had amounted to 79, and farm vehicle registrations totaled 191.

Hereford Lions club is now accepting applications for summer camps for handicapped children, Ray Moore, chairman of the camp committee, said Saturday. The camps are held at Kerrville, starting June 7 with five two-week sessions scheduled. Interested persons were asked to call him at EM 4-3254.

A Grain Sorghum clinic is to be held next Thursday at the Ball Barn, starting at 7:30 p.m. It was announced Saturday. Specialists will discuss such subjects as weed control, spray application and how to boost yield through effective weed control. Questions and answer session will follow. Refreshments are to be served.

Chamber of Commerce Manager Bill Thompson and Melvin Jayroe attended a West Texas Industrial conference in Midland this past week. Jayroe heads the chamber's industrial development committee. Saturday the chamber manager was in Dallas attending a board meeting of the Texas Chamber of Commerce Managers Association. He is a director in that organization.

Jay W. Boynton was recently promoted to Cadet Airman, 3rd, in the Air Force reserve officers training corps at the University of Oklahoma, Norman. Boynton is the son of Mr. and Mrs. J. T. Boynton, 1308 Park, Hereford.

The Brand's attention has been called to a mis-statement in a recent story dealing with commissioners' court. Bill R. McMorris points out that McMorris & Associates and McMorris & Co. are different firms. The former is an engineer.

(Continued on page 2)

Mr. and Mrs. Julian V. Perrin he wins conservation award

Walcott Farmer Wins Soil Award

Because he was "acutely aware of the importance of holding rainfall on his land and carried out a program to retain that water," Julian V. Perrin has been named 1963 outstanding conservation farmer for the Tierra Blanca Soil Conservation district. His selection was made by the district's board of supervisors.

Irrigation Gas Users Planning County Meeting

Plans were laid Thursday at a meeting of 15 directors of the Deaf Smith County Gas Users Association for a county-wide meeting to be held in the main room of the Community Center here, Wilbur Axe, president, said Saturday. The meeting will be held at 2 p.m. Monday.

At that time, Axe explained, farmers will hear a report or a recent meeting of representatives of Plains Irrigation Gas Users Association with Joseph C. Swindler, chairman of the Federal Power Commission in Washington Jan. 21.

The directors present at the breakfast meeting last week expressed the hope that all irrigation farmers will turn out for tomorrow's meeting to get first-

FOOD FOR EMERGENCIES — With four small trip to the grocery. With her are Dan, Cindy, children, Mrs. Frank Ford Jr. of Hereford and Davis, and she is holding Susan. Note realizes the importance of stockpiling food for emergencies. Here she is shown after a grocery sack.

Wheat Aided By Moisture; More Needed

Moisture this year, a sadly missing in 1963, has given the 1964 farm picture a bright outlook, and if additional rain or snow boosts the winter supply a bit more, farm lands should be in "excellent" condition for the coming season, farm experts said Saturday as they viewed mid-February situation.

"We are already far ahead of this same time last year," one farm observer said, "and the prospects are that there's going to be a lot more moisture in the ground when planting time comes around than we have known for two or three seasons back."

He added: "This is going to be a boon for both the dryland and the irrigation farmer. The farmer won't have to 'dust in' his crops, and the irrigation farmer won't have to use expensive water for pre-planting seasoning."

Of course the most pleased by the winter's moisture has been the wheat farmer. While more moisture will be needed, the February snow has given wheat a mighty boost, and it should be in good shape, even without more rain or snow, for its March growing season. This means, said one farm expert, "that farmers won't have to water to bring the wheat out of its winter dormant stage when the warmer days arrive in late March."

Wheat farmers here are expected to join the voluntary wheat program and ask that their wheatlands be put under the federal program for 1964.

Experts, in discussing the wheat program, pointed to last year's referendum in which 90 percent of the wheat growers in Deaf Smith County voted for the program of opposition to the program on many fronts.

Lefty Thomas, county agent, said many farmers with whom he had discussed the voluntary wheat program, will ask the ASCS to include their wheat in the '64 program, "just to be sure to maintain their bases if or no other reason."

He explained that wheat farmers here have established their bases under previous wheat programs, and won't want to lose these bases.

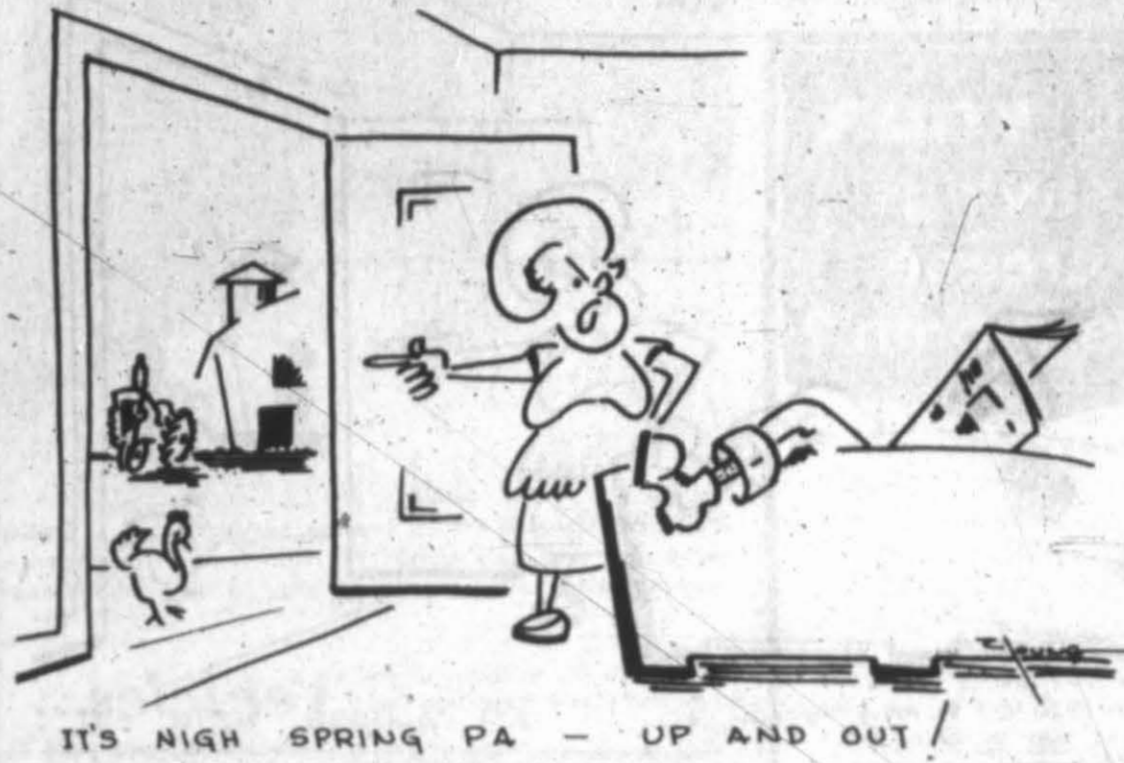

The moisture so far received has boosted pasture on dryland farms, and should be sufficient to get the grass off to a good start when growing time arrives. Aided by May and June rains, dryland should be in good shape for late spring and summer grazing.

Much of the land, Thomas pointed out, had been summer fallowed, and thus had a considerable amount of deep moisture already stored up.

Cattle, on the other hand, have not fared as well in the snows of 10 days ago, although the loss was not as heavy as had been feared after drifting snow had left many cattle wandering around aimlessly.

Many of the county's 30,000 head probably shrank during the snowstorm, but the loss was not as great as had been expected.

The recent two-day blizzard which piled snow into drifts that blocked some country roads has prompted a sub-committee of the Deaf Smith County planning committee to launch a "food for preparedness" program here.

IT'S HIGH SPRING PA — UP AND OUT!

Herd Loses To Phillips; Perryton Takes Conference

Vehicles Heavily Damaged In Two City Accidents

Two accidents early Thursday morning resulted in heavy damage to the vehicles. Two other accidents, one Thursday and one Monday, resulted in light damage.

In Monday's accidents, Jettie Smith Bicknell, 115 Catalpa, allegedly was backing out from a parking space and hit the parked car next to her. The accident took place at 9:50 a.m. in the 300 block of North Main. The Bicknell vehicle, a '61 Chevy sedan, received no damage. Damage to the parked car, owned by Richard Fielding Cooke of Amarillo, was estimated by police, at \$25. Mrs. Bicknell was ticketed for the accident.

In the first accident Thursday morning, a '57 Chevy sedan driven by Ruben Dewey Mayfield, 238 Ave. E, was in collision with a '56 Chevy sedan driven by Berwyn Arvell Williams, 527 South Main. The accident occurred at 7:36 a.m. at the corner of Park Ave. and Ave. E. Mayfield allegedly pulled onto Park Ave. from Ave. E and struck the Williams vehicle on the left side. Damage to the Williams' vehicle was estimated at \$500 (total), and damage to Mayfield's automobile was estimated by investigating officers to be \$450.

Mayfield was cited for failure to give right of way from a stop sign.

The second accident, which occurred only a few minutes afterward, took place at 7:45 a.m. in the 500 block of Park Ave., near Fifth Street. A '57 Plymouth sedan driven by Troy Gene Foster, 22, allegedly collided with a parked truck owned by Bryant Brothers Pipe Line Construction Co. The GMC truck, which was parked next to the curb, was hit from behind by the sedan. Damage to the truck was estimated at \$10 with

(Continued on page 3)

Hereford Whitefaces suffered a defeat by the Phillips' Blackhaws in their last game of the season by a score of 70-62, Friday night in Whiteface gym.

This cut them out of the conference, with Perryton taking the district crown in their game with Littlefield on the Ranger court.

This is the Rangers' first district championship; they had an 8-2 record.

Blackhaws kept a good margin throughout the game, except for only one time when the Herd caught and by-passed the Hawks. This lasted only for a moment when the Hawks took over again and regained their points margin. Hawks managed to keep a good margin in the fourth quarter which gave them their 70-62 victory.

Herd came through with 45 percent of their free throws, while Phillips made 77 percent of theirs.

High point men for the Herd were Danny Cates with 16 points, and Jim Haney, who made 14 points. Larry Lewis, for the Demons, dropped 32 points into the bucket.

In the first quarter, field goals were hit by Haney, Billy Hill, and Danny Cates. Each netted four points. None of the charity tosses were hit. Phillips made 14 points on field goals in the first quarter, and also three charity tosses.

Second quarter saw the Herd

(Continued on page 3)

'Drunk in Public Place' Picks Own 'Place' to Drink

Drunkness in public place is against the law in every state in the Union, including Texas. Each month, two or three persons are picked up and brought before Justice C. B. Miles on such complaints.

But it remained for a Hereford man to add a new twist to the "drunkenness in public place" angle. He was picked up in the courthouse, of all places.

Brought before Justice Miles, the man admitted he was drunk. "That's what I came over here for," he claimed. "I knew I was drunk and I wanted to be arrested." He was accommodated.

Commented Miles: "You can't get a much more public place than the courthouse."

Incidentally February so far has been quiet. Only 25 misdemeanor cases were filed during the first half of the month. Civil suits totaled 18 and eight felony cases were filed.

Most of the violations reported in his court were highway traffic citations. They included one each for disturbance, unregistered cotton trailer, no motor vehicle inspection sticker, failure to control speed and loud muffler.

Three were arrested for affrays, four for no drivers' licenses, three for failure to yield right of way and three for drunkenness in public places. Two were fined for parking on the roadway, two for racing and two for speeding. Two also were arrested for drunkenness.

Members of the sub-committee are, in addition to Mrs. Werner, Charles Schmitt, Dr. Bruce Boone, Miss Ellen McGowan, Mrs. Margaret Ann Durban, Mrs. Esther Spang, Mrs. Alvin Jolly, G. D.

400 Farmers Due to Grow Beets in '64

Farmers in four counties have started signing contracts to grow sugar beets in this area, Holly Sugar Corp. announced Saturday.

Four-hundred farmers in Deaf Smith, Castro and Parker counties in Texas and Curry County in New Mexico, are expected to sign the acreage agreements between now and March 1.

Wes Fisher, assistant local Holly manager, said the company hopes to complete its sign-up program by March 1.

To keep its brand-new plant here operating at full capacity, when it starts running next autumn, the farmers will need to grow 26,500 acres of sugar beets. With an average of 20 tons per acre, this would supply the mill with more than half a million tons each season, he explained.

When the plant gets into full production, it can "slice" 6,000 tons of beets per day, and from this some 2,000 tons of sugar can be produced.

Of course not all the beets brought to the refinery each season will be processed during the growing season; a part of the crop will be stored in the company's huge tanks to be processed after the season is over, thus extending the operating period for the mill considerably, Fisher explained.

The \$21-million plant, one mile west of Hereford, has been under construction for several months, but is expected to be completed in time to handle this year's crop.

Fisher said harvest will start around Oct. 1 and conclude in late December, depending on the season and other factors.

Farmers have been picked carefully as a result of surveys made by Holly fieldmen, Fisher explained. "We held a number of meetings throughout the autumn months in which we explained all phases of sugar beet growing," he said.

"At that time the farmers were asked to indicate whether they wanted to grow sugar beets after hearing all the facts — both good and bad."

"From these indications, our fieldmen made their surveys and recommended farmers who should grow the crop."

The surveys, Fisher said, took into consideration many factors. These included experience in sugar beet production, type of land, how much water is available and the farmer's general good practices, he said.

He said the company has had little difficulty in reaching its 400-farmer goal. "Of course some of the people who signed intentions to grow beets later withdrew, but others filled in the gap, and we are sure we will have plenty of good growers by the time we wind up our sign-up period," Fisher concluded.

will be the first 1964 election when two school board members are to be named. This will be followed April 7 by the city election and the Democratic and Republican primaries May 2.

11 Voters Get 'Free' Receipts In First Week

Only 11 persons had secured "free" poll tax receipts in Deaf Smith County up to courthouse closing time Friday, Neil Miller, tax assessor-collector announced.

The "free" poll tax receipts are being issued to permit Texas to conform to the recently enacted U.S. amendment eliminating poll tax payments as a prerequisite to voting in federal elections.

Persons securing the free receipts can vote only on candidates for national positions.

The small number of free receipts compares with 3725 who paid their \$1.75 fees before the Feb. 1 deadline, entitling them to vote in all elections, city, county, state and national. This was an all-time record for Deaf Smith County, reflecting both the growth of the county and the interest in this year's election, observers pointed out.

School board election April 4

Food Stockpiling Urged

The homes for emergencies. The bulletin is issued by Texas A&M University and the Texas Agricultural Extension Service.

The booklet gives model diets for individuals trapped at home by natural or man-made emergencies, Arden Draper, Home Demonstration Agent, points out.

"We hope," says Mrs. Werner, "to overcome the indifference of many homemakers toward planning and purchasing supplies to be kept in the pantry for natural or man-made disasters."

She pointed to the death of a Parkland man during the Feb.

2 snowstorm when he left home to secure milk for a baby and was unable to return.

"While we hope we never have to use this knowledge for nuclear attacks, still such an emergency is always a possibility. But what is more immediate is the possibility of another natural emergency, like the Feb. 23 snowstorm," Mrs. Draper explained.

Members of the sub-committee are, in addition to Mrs. Werner, Charles Schmitt, Dr. Bruce Boone, Miss Ellen McGowan, Mrs. Margaret Ann Durban, Mrs. Esther Spang, Mrs. Alvin Jolly, G. D.

Calson, Mrs. Joe Ledgers, Mrs. Frank Ford Jr., Mrs. Jim McAndrews and Dr. Lonn Edwards.

Merchants have pledged their full cooperation. The displays are one example of grocers' participation. They are also preparing special baskets with essential emergency food. Oze store is putting up a display in a Hereford bank, and another is stressing the importance of the program in radio programs.

Among the items which the group is suggesting that housewives stockpile are these: Evaporated milk, nonfat dry milk, powdered cream, cheese

spreads, instant coffee, tea and cocoa mix, canned lunch meat and canned fish, boned chicken, sausage, frankfurters, spaghetti in sauce, canned beef stew, canned vegetables of all kinds, and dried and canned fruits. Drinking and cooking water also is included in the list of emergency needs.

The organization also pointed out that infant food should be stocked in homes where there are small babies, and the bulletin which merchants will distribute list the foods and amounts needed for babies up to 18 months old for a two-week period.

RESIDENCE DAMAGED — Firemen battled a blaze at a residence at 607 N. Main Friday morning which left extensive damage to the R. J. Collier home. Interior of the house was damaged heavily, especially the living room. Loss is expected to run around \$10,000. (Brand Staff Photo)

Buyers Don't Protect Title

Three out of four families who buy houses in the \$11,000 to \$15,000 price range jeopardize their investment because they do not protect their cash and ownership with commensurate title insurance.
These financial risks result from insufficient knowledge of the difference between an "owner's policy" and a "mortgage policy," and lack of information about title insurance.
The main point is that the usual title insurance taken out by the purchaser of a home in the up-to-\$15,000 bracket serves only to protect the bank or lending institution. It is often compulsory for the buyer to purchase this insurance, known as the "mortgage policy," since some mortgages insist upon this particular safeguard as one of the loan conditions. The "mortgage policy," however, never protects the home owner's equity. This is so even after the mortgage is fully paid.
A course remains open for the purchaser who wants to cover himself for the entire price of the home. He should, at the time of application for the required "mortgage policy," check with his attorney about simultaneous obtaining an "owner's policy." The "owner's policy," in contrast to the "mortgage policy," protects the home buyer as long as he owns the property. In many instances, it also protects an owner even after he

sells, if he has a warranted title.
Owners of higher-priced homes usually take out both title policies. Thus, they purchase peace of mind on their substantial equity instead of trying to "save" a few dollars, a false economy which may later invite trouble.
Title insurance took on greater significance after World War II. It is a requisite today by many banks and lending institutions for those applying for mortgage loans, and is for the lender's protection. A defective title, it was shown, may cost the "owner" not only the price of the home but considerably greater sums if the new owner "inherits" previously undiscovered liens, back taxes, or defects of title that do not appear on the records.
The purchaser of the \$11,000-\$15,000 home often withholds taking the "owner's policy," which protects his equity continually, "in order to save a few dollars." An element of risk enters, however, if flaws are subsequently found. The owner without title insurance would not be reimbursed to the extent of the defect. To compound his difficulties, the owner would be burdened with the cost of correcting the title defect and legal costs.
To illustrate the difference in an "owner's policy" and the "mortgage policy," the following case was cited: Mr. Smith buys a home for \$15,000. He places \$2,000 down and takes a \$13,000 mortgage loan. Pursuing the course of many home buyers, his only title insurance purchase is a "mortgage policy" for \$13,000, which the mortgage demands and which protects only the lending institution. Each year Mr. Smith's equity increases as his mortgage decreases. Nevertheless, knowingly or not, Mr. Smith is not car-

rying any title insurance which protects Mr. Smith.
If a faulty or fraudulent title should be discovered, or if previously unknown liens against the property were to be established; or after it was paid, mortgage; or after it was paid, Mr. Smith would have no protection.

DAWN NEWS

Census Shows 121 Pupils At Dawn

By Mrs. Ray Polan
Dawn has 121 pupils of school age, the census completed this past week revealed Saturday. The Dawn pupils have been transported to Hereford since the beginning of last school year, and the Dawn building is being used as a community center.

Nine Dawn children will be starting to school next autumn for the first time. They include: Barbara Duderstadt, Elaine Frische, Wesley Strain, Jerry Johnson, Sandra Kleuskens, James Reinauer, Allan Dale Ward, Denise Reinauer and Janna Story.

The Dawn Baptist Church added 11 new members and two by letter during the recently concluded revival.

W.M.U. met last Monday at the home of Mrs. Carl Wimberley. Attending were Mrs. Ray Stewart, Mrs. Lee Ray Johnson, Mrs. Davenport and Mrs. Walt Beavers was nominated as circle chairman.

The organization met at the church Wednesday when those attending were Mrs. Charles Davenport, Mrs. Carl Wimberley, Mrs. William Wimberley, Mrs. Ray Stewart and Betti; Mrs. Lee Ray Johnson and Jerry, Mrs. Lester English and Mrs. Ray Polan and Debra.

Mr. and Mrs. Rae Cox and family were given their first three months' perfect attendance pins Sunday. Shirley and Brenda Alger received their second perfect attendance pin.

The recent snow brought about one inch of moisture to the wheat in this area. The wheat farmers are pleased, and all Dawn people weathered the ice and snow without too much hardship. Snowfall was heavier north of Dawn and lighter to the West, 15 to 18 inches in all.

Harvey Brock has bought the C. A. Wimberley farm.

Buster Miller had a farm sale Monday. Dawn Music club had charge of selling the noon meal. Moller has bought a ranch in Colorado.

Mrs. William Wimberley and Billy visited her brother, Elmer Oberst, in Canyon Monday.

Glenn Fuller spent three days in Amarillo securing new contact lenses, staying with his

grandmother, Mrs. Millie Fuller, and a cousin, Mr. and Mrs. Don Fuller.

Mr. and Mrs. Rag Cox and family had as their guests Sunday night Mr. and Mrs. T. B. Cox from Lockney. After dinner they all attended church services. The Doyle Cox family from Amarillo also attended services and visited after church.

Frank Cox celebrated his third birthday last Sunday. Guests were the Rev. Charles Davenport and Mrs. Davenport and their sons, Keith and Kevin, for Sunday dinner in the home of his parents, Mr. and Mrs. Rae Cox.

Judy Martin spent Tuesday night with Linda Stewart.

Mrs. Ray Stewart was hostess for Dawn Music club with Mrs. Jim McCabe as co-hostess last Tuesday.

Mr. and Mrs. Ray Stewart and family had Sunday dinner with Mr. and Mrs. W. J. Stewart. W. J. Stewart was admitted to an Amarillo hospital early last week.

Reese Stewart was admitted to Nebbett Hospital in Canyon last Tuesday for minor surgery.

Mr. and Mrs. Tom Drapper and Miss Lynda Woodward visited Friday in the home of Mr. and Mrs. Ray Stewart.

The Rev. and Mrs. Charles Davenport were hosts for Friday night to the Ray Stewart family for supper.

Mr. and Mrs. Bob Strain attended the Veleda Study club's Valentine party Tuesday night in the Flame Room of the Pioneer Natural Gas Co. building.

Robert Caraway spent Sunday with Jim Cole in Canyon.

Mrs. Steve Bavousett and Carroll Ann are recovering from the mumps.

Mr. and Mrs. Ed Sowell's nephews, Danny and Deany Brilhart, have the mumps.

Mr. and Mrs. James Priddy and their children, Ann and Joe, and Mr. Priddy's mother, Mrs. Priddy, visited Monday with Mr. and Mrs. L. W. Tooley and family.

Mr. and Mrs. L. W. Tooley visited with Mr. and Mrs. A. W. Tooley at Kress. They are building a new home in Kress. Mr. and Mrs. L. W. Tooley also visited with Mr. and Mrs. A. D.

AND HE GOES UPI — Here is Robert Strange attempting another field goal for the Whitefaces in their Friday game. Whitefaces lost their last game of the season to the Blackhaws, 70-62. (Brand Staff Photo)

Exchange Pupils' Chapter Here Names Officers

Hereford Chapter American Field Service named new officers and made plans for the year at a meeting this past week when Ed Skypala was elected president.

Albert Maxwell is the new finance chairman; Mrs. Leroy Aven heads the home placement and student adjustment committee, and Mrs. J. J. Durham is board member from the sponsoring school.

Robert Thompson was named chairman of Americans Abroad; Mrs. A. T. Mims, secretary, and H. A. Tuck, publicity chairman. Chairman of projects committee will be H. H. Miller.

Committee members are Mrs. Elmer Kimbell, Mrs. W. F. Carmichael and Mrs. Earl Plank.

The new officers will take over in July. Skypala succeeds Mrs. Elmer Patterson, and outgoing finance chairman is G. W. Newsom.

The Hereford Chapter, Tuck said, is making plans to send a delegation to the 50th anniversary convention of American Field Service Aug. 24 in New

Moore. Tooley and Marline were in Amarillo Wednesday for Marlene's medical check-up.

York City. Those who are to attend are close families of former exchange students, Tuck explained.

He said several thousand students have registered to return for the reunion, and the Hereford chapter is interested in finding persons in this area who had AFS students during World Wars I and II.

Those interested were asked to contact Mrs. Patterson. The Hereford chapter will host a busload of AFS students this summer for a tour and also for the Americans Abroad program, either for a summer or a year abroad, Tuck explained.

Farmers Asked Checkup Wanted Whether Wheat

Deaf Smith County farmers who have wheat acreage allotments on their farms, have been mailed postal cards which they are asked to fill out and return to the ASCS county office here as soon as possible. Frank Bezner, chairman of the Agricultural Stabilization and Conservation county committee said today that the "return of the cards this year is more important than ever before." The postal cards have been used in previous years in connection with the wheat programs. Bezner explained that since marketing quotas are not in effect for this crop season, farm measurements of 1964 wheat acreage will not be made unless requested. Thus the reason for the cards. Or farmers who wish measurements may call at the ASCS office to furnish this information. At the farmer's request, the farm will be visited to make the measurements without cost to the farmer, Bezner said.

The card asks: 1. How many acres of wheat will be harvested for grain this year; 2. Whether the farmer intends to apply for price support on his '64 crop; 3. If the allotment is more than 13.5 acres and the farmer will not apply for price support, whether he wants the wheat measured to preserve maximum acreage history credit. Bezner urges all farmers who receive the cards to return them as soon as possible, "so the county office may obtain measurements and give producers an opportunity to adjust excess wheat acreage before the final disposition date, May 1."

Texas and the Civil War — Part I

Lincoln's Election Was Viewed As Serious Threat To State Rights

History Department Texas A&M University (No. 1 in a series published in a cooperative program of this paper, the Texas Press Association and the Texas State Historical Survey Committee.) By ALLAN C. ASHCRAFT, Ph.D.

"Fellow-citizens of Texas, I can't say, as I once could, fellow citizens of the United States. I say it with sorrow, but I am no longer a citizen of the United States."

Elsewhere, in many parts of the Lone Star State, similar speeches were being uttered, black banners of mourning and state flags were replacing the national ensign, and effigies of "the man from Illinois" were hanging in municipal squares. Texas had learned of the victory of Abraham Lincoln in the presidential election of 1860; MOST Texans were completely outraged by this news!

Basically an outgrowth of the Old South, the half-settled frontier state had firmly and consistently identified itself with the Southern side of the long existing sectional controversy. Although small in population

(just over 600,000 including 30% slaves) and beset with many problems of early settlement, most Texans now stood ready to leave the Union and to face the dire resulting consequences. Viewing Lincoln as an arch-foe of States Rights, convinced that the Northern Republicans would strip them of their privileges and damage their economic structure, Texans joined the people of the Lower South in advocating disunion as the final stand that had to be taken in defense of Southern rights.

As other states issued calls for secession conventions, Texans ran into a formidable obstruction in the massive figure

of Governor Sam Houston. Strongly against dismembering the Union and violently opposed to joining any confederation form of government for the South, Houston adamantly refused to order an election of delegates to a secession convention. In early December, however, Houston's hand was forced when two groups of prominent citizens signed proclamations calling for the election of a convention to be held in Austin Jan. 28, 1861. The second of these calls, citing as its authority a state constitutional provision that guaranteed "the people have at all times the unalienable right to alter, reform, or abolish their form of government," included a solemn pledge that the convention's work would be fully subject to the approval of Texas voters.

On the announced date, the convention met and organized under the presidency of Judge O. M. Roberts. The group quickly passed an Ordinance of Secession by the ringing majority vote of 166 to 7. This document charged the central government with failing to protect the frontier, and it harshly condemned the North for attempting to forge Federal authority into a weapon for striking down "the interests and property of the people of Texas and her Sister Slaveholding States." Because of these and other intolerable circumstances, the Ordinance concluded, Texas was compelled to withdraw from the Union. The convention then announced that in an election to be held on February 23, the voters of the state could adopt or reject the secession proposal. Texas alone of the original seven Confederate states, allowed its electorate to have such a direct say on the secession issue. Next, the assembly appointed a Committee of Public Safety to oversee state security matters, and it named seven representatives to the Montgomery (Alabama) Convention of seceded states. The Texas Secession Convention then adjourned until early March, when it expected to examine the results of the secession election.

The next scene in the involved secession drama took place in mid-February at San Antonio. The Committee of Public Safety, deciding that it was imperative to secure the evacuation of the 3,000 Federal troops normally stationed in Texas, entered into negotiations with Brevet Major General David E. Twiggs — United States military commander of the District of Texas. When Twiggs hesitated to meet the Committee's demands, it was considered necessary to direct a show of strength against his San Antonio Headquarters. In what conceivably could have erupted into the first firing of the American Civil War, some 500 Texas volunteers used the concealment of darkness to occupy positions that gave them tactical superiority over Twiggs' 160 man garrison. Sizing up this situation in the chill, grey misty dawn of Feb. 15, Twiggs conceded to evacuate his troops from Texas soil with a minimum of delay.

A week later, amidst heated discussions and burning editorials, the state election on secession was held. On March 4, county election results were canvassed by the re-assembled Secession Convention. Of 122 counties reporting, only nine, located mainly in northern Texas and along the middle of the frontier line, showed a preference to remain in the Union. In popular vote figures, secession was upheld by a substantial majority of 46,129 to 14,697. When these results were made known to the convention, President Roberts proclaimed Texas to be "a free, sovereign and independent nation of the earth."

Secession was now completed, but the results of this action will prove to stagger the imagination of Texas.

FOOD FOR PREPAREDNESS — Mrs. Frank Ford Jr. is shown as she unpacks a seven-day supply of food after shopping in a local store. Plans for the "stockpile" are outlined in the booklet, "Emergency Food and Water," which was distributed in grocery baskets. Homemakers are urged to keep a seven-day supply of water and non-perishable food on hand for use in the event of an emergency. (Brand Staff Photo)

HE WANTS THE BALL — Earl Jackson is shown going after the ball for the Whitefaces in the Hereford-Phillips game which was played here Friday night. Phillips hand-ed the Herd a defeat, the score at the final buzzer being 70-62. Winner of the conference crown was the Perryton Rangers. (Brand Staff Photo)

Mental Health Is Program Topic For Wyche Club

"It is estimated that 50 percent of all patients who consult practitioners and specialists become ill from the stress and strain of life and their personalities rather than from bacteria, surgery, or cancer," said Mrs. W. R. Axe Thursday as she presented the program on mental health for members of Wyche Home Demonstration Club. Mrs. C. F. Newsom conducted the business meeting. Mrs. Ira Ott extended an invitation to members to attend the program

on the United States Constitution Feb. 18 at the Community Center. Sponsored by the American Auxiliary, the program will feature Louise Evans, editor of the Amarillo Globe-News editorial page, as the speaker.

Mrs. Charles Packard gave the council report. She announced that the district meeting will be held in Perryton April 9 and gave a report on the dinner served for the R.E.A. Irrigation School. She also reminded members that the Council Appreciation Dinner will be held at the Dull Barn Feb. 24 at 12 o'clock. The next meeting place was changed from the home of Mrs. Axe to the home of Mrs. Norman Hodges. Mrs. H. R. Short was hostess. Others present were Mrs. Pack-

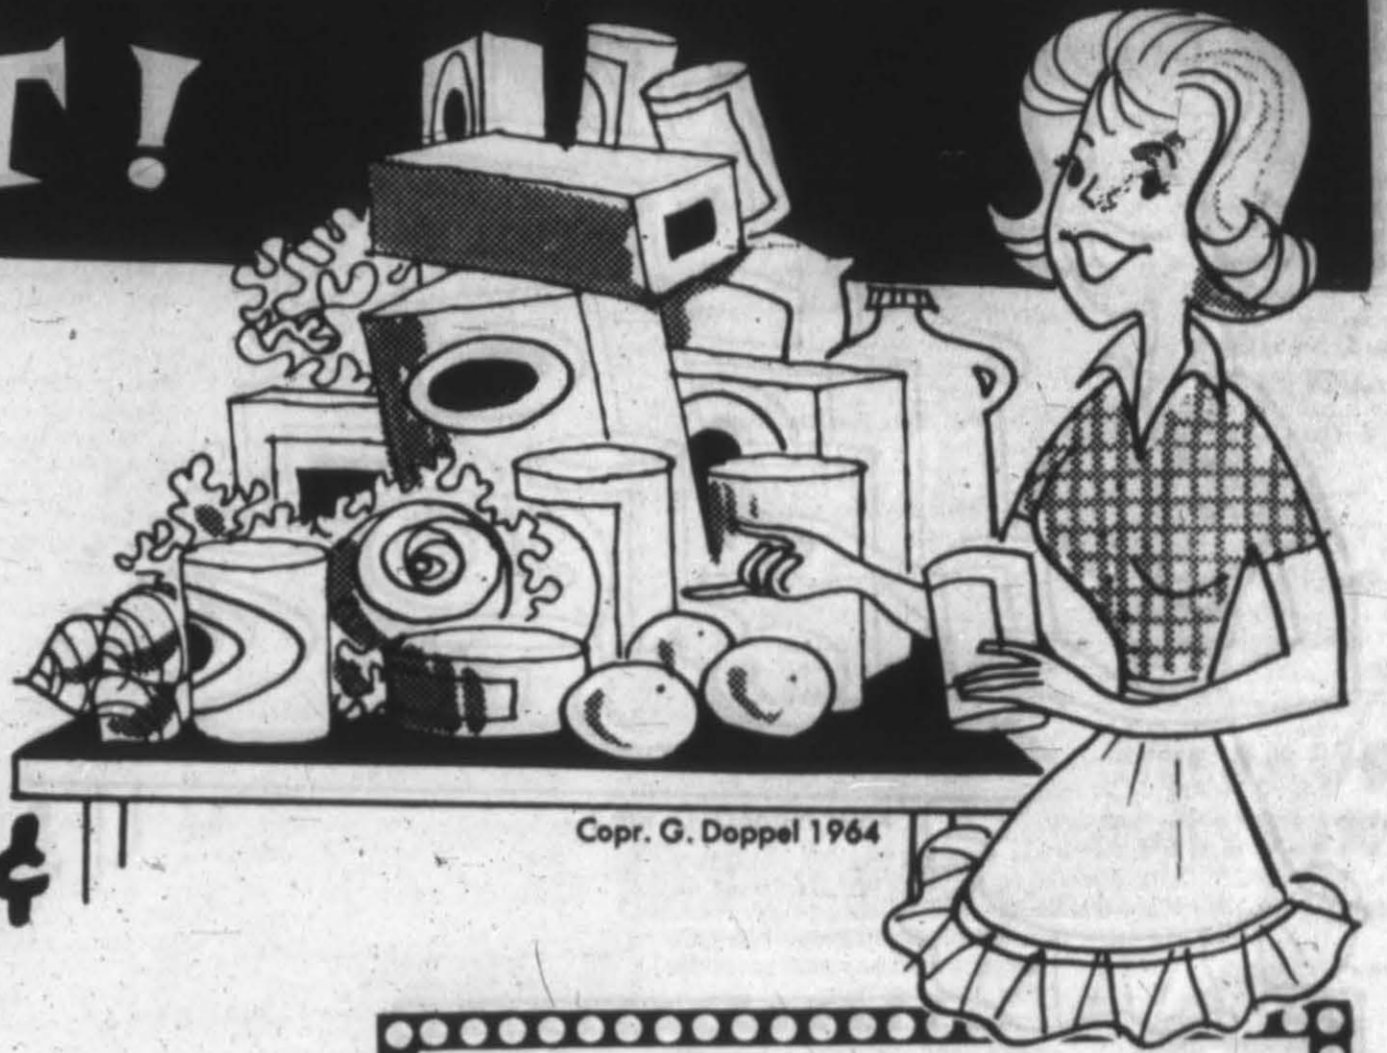

ard, Mrs. Hodges, Mrs. Axe, Mrs. Ott, Mrs. Ross White, and Mrs. Newsom.

by Melvin Young
Interest in the forthcoming school trustee election is beginning to mount, with four candidates running for the two po-

sitions to be filled. Labry Ballard, incumbent; Raymond White, Deniz Pulliam and H.A. (Hap) Cavness will be vying for the two top spots. The trustees are elected at-large with the two receiving the most votes being elected.

Tom Robinson, past board president and long time member, did not announce for re-election.

Actually, it's nice to see so much interest in this election. Probably at no other time in the history of the school system has it been so important that well qualified men be placed on the board, since the schools will probably be facing an unprecedented growth rate in the years to come.

Already, school officials are anticipating the use of local churches for classrooms at the beginning of the 1964 fall semester. All this comes close on the heels of a building program that was designed to keep the schools ahead in class room space for five years or more.

Based on the past growth patterns, and allowing a little extra for unforeseen needs, the program just completed should have been adequate, but no sooner was the last nail driven than school trustees realized that the growth rate had already won the race.

No one could anticipate the

SEVEN-DAY SUPPLY OF FOOD — Mrs. Charles Springer of the Frio Community is shown in a local supermarket after she has done her shopping for a seven-day supply of non-perishable food. The "Food for Preparedness" program,

which is sponsored by the home demonstration clubs, encourages homemakers to keep a week's supply of food and water stocked at all times.

events of 1963, however. Knowing that the sugar beet mill was a possibility, and allowing for this, the program was still far short of its intended goal.

And in the midst of it all, many people were still saying it wasn't so; and we must admit that we were rather skeptical also.

We're not trying to place blame on the board. Their plans were good . . . the population increase just didn't cooperate.

And speaking of problems, it looks like we're in trouble again. Ann Woodward called this week to inform us that Congressman Jim Wright has been using both sides of the paper to make his report for years. Jim sends out a weekly report to constituents throughout the state, and last week's report carried an item about economy in government.

Apparently, Mr. Wright has been right all along.

But to top off the week, we referred to McMorries & Company as McMorries Associates in a news story in the Thursday paper. We have been under the impression for quite some time that this was one organization, but we find now that it isn't.

McMorries Associates is an engineering firm hired by the City of Hereford, while McMorries and Company is a property tax evaluating firm, now on retainer by Deaf Smith County. The two McMorries are brothers; each operating an independent company with a completely different job to do. Both companies headquarter in Amarillo. Confused? Well, you can't win them all.

The American Legion Auxiliary, Post 152, will present their annual program on Americanism, Tuesday, February 18, at 7:30 p.m. at the Hereford Community Center, according to Mrs. Ira Ott, president of the organization.

The public is invited to this meeting, and anyone having a previous engagement is most welcome to come late.

Miss Louise Evans, Editorial Page Editor of the Amarillo

Daily News will be the speaker.

We're going to recommend that Hap Cavness attend the above meeting, and perhaps the ladies can give him a tip or two on Americanism.

Hap, always beset by a multitude of problems, was yanking away at a meeting of the Kiwanis Club recently, and not particularly paying any attention to the MC, who asked rather unexpectedly if Hap would be kind enough to lead the club in the "Pledge of Allegiance."

Jumping to his feet, Hap started off . . . "My Country 'Tis of Thee."

Well, everybody makes mistakes, but club president Paul Stevens decided that it was time Hap had some help. He appointed a committee to teach Mr. Cavness the difference between the "Pledge of Allegiance" and "America."

George Masso, owner of the May Department Store is in the process of expanding the store. Current plans call for a complete remodeling and modernizing of the building adjacent to the present location, approximately doubling the size of the present store.

Completion date for the project will be mid-March and the proposed Grand Opening will be held around the last of April. Masso plans to make a men's shop out of the new part, converting the old store into a ladies shop.

J. W. Robinson Jr. has moved into his new quarters, and like the Brand, they have not entirely completed the facility. However, it is nice. In fact, we would say that it's one of the finest office buildings in Hereford. All the walls are paneled and floors carpeted with the exception of the entry-way.

J. W. says that much of the new furniture has not arrived as yet, nor do they have the sign up on the outside of the building, but at least they have moved in.

And Jim Cramer was being frantically paged Friday noon at all local cafes. It seems a

RECORD ALBUM

FFA WEEK PROCLAIMED — Gov. John Connally has proclaimed Feb. 15-22 FFA Week in Texas. Here he's shown handing the official proclamation to State FFA president, Benny Mays, Sulphur Springs, and Clemon Montgomery, Executive Secretary, Texas Association of FFA.

Miss Linderer, Richard Smith Exchange Vows

Miss Joyce Michale Linderer and Richard L. Smith were married Friday, Feb. 7, at 7 p.m. in the Presbyterian Church, Clinton, Okla. After a brief wedding trip, they will be at home in Clinton.

The bride is the daughter of Harry Linderer and is a 1963 graduate of Hereford High School. Mr. and Mrs. Zora Smith, Arapaho, Okla., are the parents of the bridegroom. He is presently with the Oklahoma State Highway Department, Engineering Division.

Those from Hereford who attended the wedding were Mr. Linderer and Mrs. Willodyne Brooks and her children, Linda and Allen.

Leap-Year Sets Automated Speed Gets More Speed

NEW YORK (AP) — Where would we be today without Leap Year?

In February 1964 we'd be November 1963, say watchmakers of Switzerland. They've taken a booth at the New York World's Fair Swiss Pavilion to point out fascinating oddities of time.

Leap Year was set up by astronomers appointed by Pope Gregory XIII in 1582 because the earth takes approximately 365 and one-quarter days to revolve around the sun. Without that day every four years to even things out, the watchmakers say, by now we'd have Christmas as the leaves start to turn color and Labor Day in the spring.

Project Mohole is a multimillion-dollar attempt to reach, for the first time, the underlying strata of the earth known as the mantle.

Union Station in Washington has ornamented Capitol Hill since 1907. The grand concourse holds 50,000 persons comfortably.

NEEDHAM, Mass. (AP) — It's computers, fast as they are, can be made to go faster, says Sylvania Electric Products Inc.

The company has announced a computer that will work 100 times as fast as those presently operating. The development employs an axial-type packaging, similar to television cable, which allows the computer's logic circuitry to amplify current 20 times at speeds five times faster than previously realized.

Germany's network of limited access highways was conceived in the 1920's and begun by the Nazis to hasten movements of soldiers and supplies.

The new method allows the switching operations, that occur when a number of circuits are fed into a single circuit at high speeds, to be performed in one and one-quarter billionths of a second.

Heated Bridges Prevent Skidding

COLOMBUS, Ohio (AP) — On the theory that bridge surfaces freeze before roads because heat can escape from underneath as well, an Ohio State University research team has insulated undersides of two Interstate highways bridges with foam.

So far, they say, results show uninsulated bridge surfaces remain frozen 30 per cent longer than the adjacent highway, while insulated bridges stay icy 15 per cent longer. Uninsulated ones also, the researchers say.

The team is working with Ohio's Department of Highways.

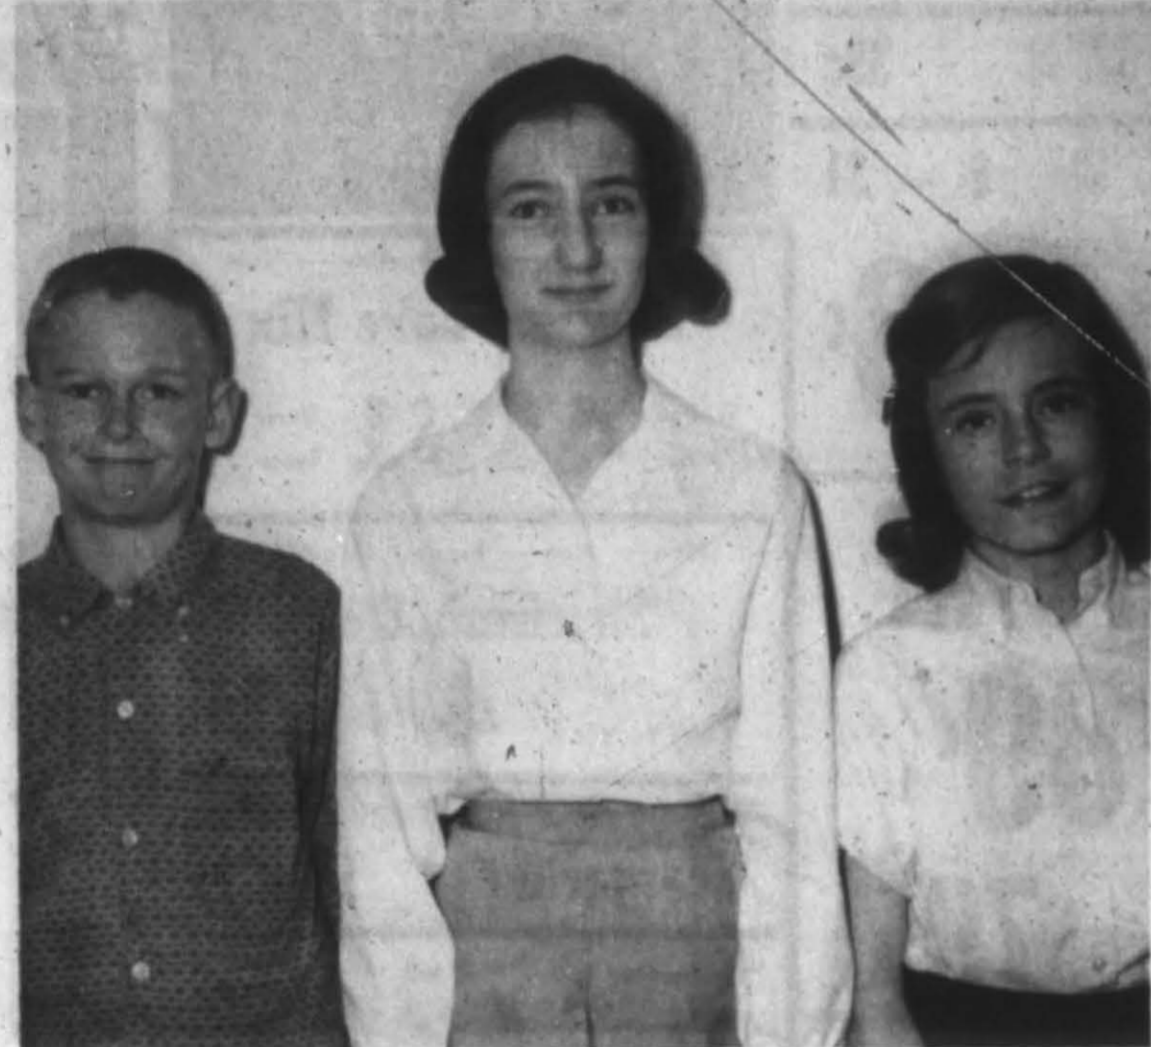

Look Who's New!

Mr. and Mrs. Thomas Eugene Weemes are the parents of a daughter, Carla Jean, born Feb. 11 at 9:17 p.m. She weighed 7 pounds and 8 ounces.

Mr. and Mrs. Lee Earl Umstead are the parents of a daughter, Robin Sue, born Feb. 12 at 5:50 a.m. She weighed 7 pounds and 8 ounces.

Mr. and Mrs. Jose Castillo Cruz are the parents of a daughter, Maria Lucia, born Feb. 13 at 12:23 a.m. She weighed 7 pounds and 1/2 ounces.

Mr. and Mrs. William David McKinney are the parents of a son, Mark David, born Feb. 13 at 5:01 a.m. He weighed 8 pounds and 8 ounces.

CONSERVATION CHAMPIONS — These three Hereford children won first, second and third places respectively in the county for essays they wrote on "Youth's Stake in Conservation," it was announced Saturday. Left to right are Johnny Adams, 11, sixth grader at Aikman; Lois Kershen, 12, a seventh grader at St. Anthony's school, and Camille Langley, 11, sixth grader at Aikman. Their essays will appear in future issues of the Brand. (Brand Staff Photo)

Mr. And Mrs. Walter Easter Celebrate Fiftieth Anniversary

National Forum Nominee Chosen

Mrs. A. J. BEZNER HAS BEEN nominated by the Deaf Smith County 4-H Leaders' Council as District I representative to the National Leader Forum Program in Washington, D.C., April 6-11. She is entered in competition with the most outstanding women leaders in 4-H work from the 12 counties in District I. Mrs. Bezner devotes much of her time to 4-H work which, she feels, "teaches kindness, cooperation, and efficiency for a better way of living, and helps develop skills, personalities, and leadership to make young people better citizens of today and tomorrow."

Mrs. A. J. Bezner, who has been active in 4-H work for many years, has been nominated for District I representative to the National Leader Forum program in Washington, D.C., April 6-11. Each of the 12 counties in the district has named a nominee, and the one chosen will represent the district at the forum.

In choosing Mrs. Bezner as their nominee, Deaf Smith County 4-H Leaders' Council considered the criteria furnished by the national group. The selection is not an award, but a recognition of leaders who have exhibited outstanding leadership ability in 4-H Club work.

"Each leader attending," states the criteria form, "will be given an opportunity to select the area of responsibility of the State Forum on which she wishes to work. Each will have thinking and speaking parts before large groups of audiences. It is very important that we consider her leadership abilities and experience, her age and health, and she definitely must be willing and able to give time to the State Forum as well as county and district youth and development efforts."

Mrs. Bezner is the chairman of the Deaf Smith County 4-H Leaders' Council. The purpose of the council, as stated in "Standing Rules for Leaders," is "to develop leadership and to forward and extend 4-H work through county-wide cooperation with all boys and girls."

The council plans events of the 4-H year and, in cooperation with the junior leaders, sees that they are carried out. They also sponsor delegates to state round-ups.

Mrs. Bezner was asked to submit two statements, "What I have done as a leader" and "What I feel that 4-H work has done for youth," as part of her entry in district competition.

Her response to the first query was: "As a leader of Ford Community Club I have taken it as my personal responsibility to involve each of the members in the full 4-H program, to provide for each the opportunity to develop as a person, give the help needed to develop a demonstration, participate in county, district, and state events. I have helped with records in this county and other counties."

Her second statement read: "For young people to learn by doing, to develop their personalities and leadership traits, to make citizens of today and tomorrow, to have the opportunity to find and develop abilities they may otherwise have never discovered or developed, to accept themselves as they are and to capitalize on their strong points and accept their limitations. Our family, I feel, is a demonstration in one of the main purposes of 4-H to develop leadership and to forward and extend 4-H work (Continued on page 2)

A reception, attended by approximately 150 guests, was given Sunday afternoon, Feb. 9, in honor of the fiftieth anniversary of Mr. and Mrs. Walter Easter, 509 Schley. The honored couple were married Feb. 8, 1914, in the home of the Rev. M. T. Johnson, Baptist minister, in the Easter community.

Guests were received in the home of the Easters' niece, Miss Della Stagner, 305 Lawton. Their daughters, Mrs. J. W. Witherspoon, Hereford, and Mrs. J.R. Hays, Dimmitt, and their granddaughters were hostesses.

Bronz and yellow chrysanthemums in a large gold bowl centered the refreshment table, which was covered with a white cloth, and appointments were in silver. White cake squares were decorated with "50" in gold. Gifts included a money tree.

Out of town guests included Mr. and Mrs. Alvin Wilson, Hobbs, N.M.; Mrs. Easter's sister, Mrs. B. R. Dixon, and her daughter, Mrs. Jeff Burke, both of Amarillo, and the Easters' granddaughter, Mrs. Ronald Sherman, and her family from Albuquerque, N.M.

Mr. and Mrs. Easter moved to Hereford in 1928. They have nine grandchildren and five great-grandchildren. Mr. Easter is a retired farmer.

GOLDEN ANNIVERSARY — Mr. and Mrs. Walter Easter, 509 Schley, were honored on their fiftieth anniversary with a reception in the home of their niece, Miss Della Stagner, Sunday, Feb. 9, from 2:30-5:30 p.m. Approximately 150 guests attended. Mr. and Mrs. Easter have two daughters, Mrs. J. W. Witherspoon, Hereford, and Mrs. J. R. Hays, Dimmitt, nine grandchildren, and five great-grandchildren. (Brand Photo)

Eight Members Are Initiated By Hereford Does

Eight new members were initiated by the Benevolent and Patriotic Order of Does, Hereford, during their meeting Feb. 10 at Elks' Hall. Presiding officer was Mrs. Carl Hollingsworth.

New members are Mrs. Paul Schroeter, Mrs. John E. McCleskey, Mrs. H. E. Brewer, Mrs. Lawrence Boggs, Mrs. Reuben Munson, and Mrs. R.W. Dillard.

The Hereford group made plans to go to Lubbock to meet with the Does Feb. 13. A dinner in the home of Mrs. H. Barger, Lubbock, will precede the meeting.

Mrs. Roy Smith and Mrs. Benny Cooper were hostesses for the social hour. Decorations and refreshments were in a valentine motif. Favors were pan scrubbers in red net.

Those present were Mrs. Carl Hollingsworth, Mrs. L. H. Lockingbill Sr., Mrs. Kenneth Gooch, Mrs. Earl Evans, Mrs. C. C. Williams, Mrs. Gordon Massey, Mrs. Jack Messer, Mrs. Roy Howell, Mrs. Richard Clark, Mrs. B. L. Riddle, Mrs. Wallace Shelton, Mrs. Ralph McCullough, the new members, and the hostesses.

Mrs. Hollingsworth was hostess for a coffee Monday morning in her home. Does attending were Mrs. Gooch, Mrs. (Continued on page 2)

Influence Of Latin American Music Studied

The Latin-American influence in American music was discussed by Mrs. T. W. Roberson during the meeting of Music Study Club Feb. 10. Illustrative music included Reaves and Evans' "Lady in Spain," played on the organ by Mrs. Lowell Sharp, Porter's "Begin the Beguine," a piano duet played by Mrs. Bill Lankford and Mrs. Bill Penn, and Padilla's "El Relicario," played as a piano and organ duet by Mrs. A. J. Schroeter and Mrs. B. Y. Crosthwait.

After exploring the history of music in Mexico and presenting the biography of one of the nation's best-known composers, Silvestre Revueltas, Mrs. Roberson discussed the influence of folk music from south of the border on American music. She noted that various geographical areas of the United States have been influenced by different national groups and concluded, "The result of the intermingling of all nationalities in this great melting pot has brought about an Americanism that is hard to define."

During the business meeting, concluded by the president, Mrs. Crosthwait, an announcement was made concerning the meeting at the Community Center Feb. 18, sponsored by the American Legion Auxiliary. Miss Louise Evans will be the guest speaker.

Mrs. Crosthwait was hostess for the meeting. Other members present were Mrs. Bill Bradley, Mrs. W. T. Carmichael, Mrs. Ellis Coombs, Mrs. W. E. Dameron, Mrs. Cliff Estes, Miss Frances Dameron, Mrs. Lankford, Mrs. Paul Lyons, Mrs. J. C. McCracken, Mrs. C. J. Mountz, Mrs. Penn, Mrs. Robertson, Mrs. Schroeter, Mrs. Sharp, Mrs. A. O. Thompson, Mrs. Dale Young, Mrs. Frances Parker, Mrs. S.O. Wilson, Mrs. Joe F. Clark, and Mrs. E. K. Brink.

Pioneer Program Is 'Brotherhood'

"New Vision-Through World Brotherhood" was the program topic for the luncheon meeting of Pioneer Study Club Tuesday. Program chairman was Mrs. N. E. Gass, and Mrs. Ray Johnson was the speaker.

Mrs. Johnson based her summary of the interracial situation on surveys made by 100 American leaders and publishers of various magazines. From the Newsweek article, "What Does the Negro Want?," she quoted, "The day of small goals is gone. He wants nothing less than equality. He wants the right to vote in practice as well as in theory, he wants equal job opportunities, he wants integrated and equal educational opportunities for his children."

rests on our own religious tradition. When you have God's hand, then we can help each other. Through God we can gain strength, courage, and love," Mrs. Johnson concluded.

Mrs. L. H. Lookingbill Sr. was presiding officer. Club members voted to buy a dozen crystal plates for the Community Center in cooperation with the current Federation project. Plans were made for Guest Day March 10, with the guest speaker to be the heritage department chairman of the Texas Federation of Women's Clubs, Mrs. Roy McQuarters, Littlefield.

Mrs. Bess Werner opened the meeting with a devotional and prayer. She read the 33rd Psalm, "Blessed is the nation where God is the Lord." The pledge to the flag was led by Mrs. Henry Hastings.

Hostess for the meeting, which (Continued on page 2)

Social Calendar

Tuesday, Feb. 18
 Progressive Home Demonstration Club will meet at the First National Bank, with Mrs. Taft McGee as hostess. Mrs. Earl Plank will present the program. Young Homemakers Home Demonstration Club will meet with Mrs. Brown. The program, reading for recreation, will be presented by Mrs. Burgess.

Walcott PTO will meet at 8 (Continued on page 2)

Mrs. Hanna Conducts Ceremony Of Initiation

Mrs. Ted Higgins, Mrs. J. M. Dawson, Mrs. F. A. Marbell, Mrs. J. E. Young, and Miss Betty Black were initiated into the American Legion Auxiliary during a ceremony at the Rock Clubhouse Feb. 11. Initiation officer was Mrs. Grant Hanna.

After the sergeant-at-arms, Mrs. W. J. Frost, presented the candidates, Mrs. Hanna welcomed them and said, "The American Legion Auxiliary cherishes four great principles, justice, freedom, democracy, and loyalty." She was assisted by Mrs. Willie Vinton, Mrs. Mabel Wagner, Mrs. Hazel Sparks, Mrs. Carlos Vaughn, and Mrs. Ira Ott, each holding a lighted candle.

"Justice," explained Mrs. Wagner, "is the highest code by which humanity is governed. It is the guiding star of life and upon it rests the future of all nations. The poppy is the official flower of the American Legion and the Auxiliary. They are in memory of those who gave their all that justice might be supreme." Mrs. Frost handed each candidate a poppy and a copy of the constitution.

Of freedom Mrs. Sparks said, "Among all the rights of mankind, it is the one held most dear." Exhibiting a reproduction of the liberty bell and a United States flag, she explained their symbolism, and the sergeant-at-arms presented each candidate a flag and a copy of "Flag Codes."

"Democracy is government of the people, by the people, and for the people. It can only exist where each person accepts his responsibility of service to the community, state, and nation. The emblem of the American Legion Auxiliary is the emblem of democracy," said Mrs. Vaughn. Copies of "With the Legion for America" were then handed the candidates.

(Continued on page 2)

Plans Made For Masonic Night By Eastern Star

Order of the Eastern Star met Feb. 11 at the Masonic Temple. The worthy matron, Dorothy Noland, was presented a money Valentine from the members of the order.

Plans were made for Masonic night Feb. 22. A salad supper at 6:30 p.m. will be followed by the presentation of Eileen Campbell and Sheryl Coleman, residents of the Masonic Home, who will be the speakers. Masons and their wives and Eastern Star members and their husbands are invited to attend.

Refreshments were served in the dining room by Lillian Lookingbill, Mildred Lewis, and DeWard and Tina Lee Roberson.

Plans for the evening of Feb. 13, a dinner in the home of Mrs. H. Barger, Lubbock, will precede the meeting.

Mrs. Roy Smith and Mrs. Benny Cooper were hostesses for the social hour. Decorations and refreshments were in a valentine motif. Favors were pan scrubbers in red net.

Those present were Mrs. Carl Hollingsworth, Mrs. L. H. Lockingbill Sr., Mrs. Kenneth Gooch, Mrs. Earl Evans, Mrs. C. C. Williams, Mrs. Gordon Massey, Mrs. Jack Messer, Mrs. Roy Howell, Mrs. Richard Clark, Mrs. B. L. Riddle, Mrs. Wallace Shelton, Mrs. Ralph McCullough, the new members, and the hostesses.

Mrs. Hollingsworth was hostess for a coffee Monday morning in her home. Does attending were Mrs. Gooch, Mrs. (Continued on page 2)

Miss Blythe Will Wed Dennis Smith

Mr. and Mrs. H. D. Blythe Jr., Amarillo, have announced the engagement of their daughter, Sandra, to Dennis Lloyd Smith, son of Mr. and Mrs. Delbart L. Smith, St. Louis, Mo. The wedding will be solemnized March 26.

Miss Blythe, a graduate of Hereford High School, is a student at West Texas State University, where she is a member of Chi Omega and Kappa Pi. Her fiance, a graduate of Romona Senior High School, Riverside, Calif., attended Riverside Junior College and West Texas State University. He is now associated with American National Insurance Company in Amarillo.

Vows Pledged In Fort Hood Chapel

In a twilight ceremony read by the military chaplain at Fort Hood Saturday, Feb. 15, Miss Beryne Bob Woodward became the bride of Lt. Wilford Taylor III.

The bride is the daughter of Mr. Jewell Woodward, Amarillo. She attended the University of Georgia and is a graduate of the University of Texas, where she was a member of Alpha Chi Omega and Alpha Epsilon Rho. She was formerly with KGNC television station in Amarillo.

The son of Mr. and Mrs. Wilford Taylor Jr., Canyon, and the grandson of Mr. and Mrs. Frank L. Pinckert, Hereford, Lt. Taylor attended the University of Wichita and is a graduate of West Texas State University, where he was a member of Kappa Alpha.

Lt. and Mrs. Taylor will be at home at Belton Lake, near Fort Hood.

Reminiscences Of Youth Theme Of Valeda Party

"Reminiscences of Our Youth" was the theme of the Valeda Study Club Valentine party held Tuesday evening in the Flame Room of Pioneer Natural Gas Company. Husbands of club members were guests.

Games played included musical chairs, relay games and charades. Prizes awarded were such valuable items as a weekend on a desert island with Elizabeth Taylor and a year's expense paid vacation in Umbarger. The Valentine Sweetheart, Mrs. Dale Barkley, was presented a box of candy.

Hostesses were Mrs. Charles Hoover, Mrs. Barkley, and Mrs. J. R. Oglesby. Guests were their husbands and Mr. and Mrs. Don Burgess, Mr. and Mrs. Bill Brady, Mr. and Mrs. Old Brown, Mr. and Mrs. Joe Frank Clark, Mr. and Mrs. L. J. Clark, Mr. and Mrs. Armon Lambrecht, Mr. and Mrs. Robert Burns, Mr. and Mrs. Robert Wilcox, and Mr. and Mrs. Glenn Watts.

Rites are Held For Hereford Woman's Mother

Mr. and Mrs. C. E. Brisendine, Jr., 805 S. 25 Mile Ave., have returned from attending the funeral of Mrs. Brisendine's mother, Mrs. Lenele Swicegood who died in Midway, N. C. Jan. 31. Funeral was held in Winston-Salem, N. C. Feb. 2.

Survivors, in addition to Mrs. Brisendine are two other daughters, Mrs. C. L. Gordon, Winston-Salem and Mrs. Jimmy Hall, Welcome, N. C.; a son, Wilburn Long, also of Winston-Salem; a step-daughter, Mrs. Claud Loft, Erlanger, N. C.; and a step-son, Coy Swicegood, Lexington, N. C., and 14 grandchildren and a great grandchild.

Social...

(Continued from page 1)
p.m. Exchange students will present the program. Feb. 20, 21, 22.

An adaptation of Thomas Wolfe's novel, *Look Homeward Angel*, will be presented each evening at 8:15 at the Branding Iron Theater in Canyon by West Texas State University Speech Department. Admission is \$1. for adults and 50 cents for students. Reservations are not entirely necessary, but they may be secured by mail or by calling OL 5-2161, Ext. 324, Canyon.

Mrs. Swicegood, who died of a heart attack, had visited here.

TOURNAMENT PLANNED — Hereford Archery Club will be host today for an invitation archery tournament in Veterans' park southwest of the clubhouse. Here Kenneth Gooch, president of the club and Truitt Bradly look over results of Kenneth's practice shots. The public is invited to watch the tourney. (Bradley Studio)

Dawn Club Hears Copland Selections

The music of the renowned American composer, Aaron Copland, was the central theme for the selection of musical entertainment during the meeting of Dawn Music Club Tuesday.

Mrs. Carl Wimberly chose "Piano Sonata" to illustrate his skillful use of discordant tones. Mrs. R. T. Stewart sang as a solo "Nature, the Gentlest Mother," in which the composer set to music the words of an Emily Dickinson poem.

The musical score of the movie, "Our Town," was produced by Mr. Copland. From this score Mrs. Wimberly chose three excerpts, "Our Town," "Conversation at the Soda Fountain," and "The Resting Place on the Hill." To conclude the

program, Mrs. Robert Strain played a Scherzo Humoresque entitled, "The Cat and the Mouse."

During the business meeting, conducted by Mrs. H. E. Miller Jr., plans were completed for the valentine dinner party honoring husbands of the members.

The group met in the home of Mrs. Stewart, with Mrs. J. E. McCabe as co-hostess. Others present were Mrs. Miller, Mrs.

Lester English, Mrs. Wimberly, Mrs. Alfred Smith, Mrs. W. H. Gentry, Mrs. J. B. Caraway, Mrs. Clarence Betzen, Mrs. H. V. McCabe, Mrs. Strain, and Miss Bertha Frye.

Ideal conditions for tracking by bloodhounds are damp ground, little breeze and moderate temperatures.

Rebekahs Given New Yearbooks During Meeting

Hereford Rebekah Lodge met Tuesday evening at the IOOF Temple. New yearbooks were distributed by the noble grand, Avis Brown, and Kay Bishop was elected to membership.

A letter from Dollie Godwin, a resident at the IOOF Home in Ennis, was read. She told members of a party held recently in honor of her 87th birthday.

Anna Conklin announced that the team would practice each meeting night for the Panhandle Association contest to be held in April.

Hostesses were Mae Smith, Lois Duggan, and Lydia Hopson. Others present were Alyene Lomenick, Avis Brown, Nellie Beauford, Addie Stallings, Jackie Bishop, Gail Hamby, Roberta Combs, Cynthia Vines, Phyllis Hamilton, Oelle Altman, Ursalee Jacobsen, Leona Love, Alta Davis, Georgia Holliman, Orpha Nickerson, Ada Hallabaugh, Belle Clark, Ruth Rogers, Mrs. Bosley, and Anna Conklin.

Mrs. Hanna Pioneer...

(Continued from page 1)

After presenting loyalty as the first requirement of a citizen, Mrs. Ott concluded, "Loyalty to God, to country, and to self is the basis of true Americanism."

The candidates were then asked to repeat in unison the pledge of membership. The chaplain, Mrs. Vinton, then explained the significance of the emblem of the Auxiliary, and the meeting was closed with prayer and the retiring of colors by Mrs. Frost and Mrs. Vaughn.

Refreshments were served by the hostesses, Mrs. Hanna, Mrs. Ott, and Mrs. Logan, to the new members and Mrs. Frank Wilhelm, Mrs. LeRoy Williamson, Mrs. Vaughn, Mrs. Sparks, Mrs. Frost, Mrs. Charles Hood, Mrs. Adam Swigart, Mrs. Glen Boardman, Mrs. F. leadership. Three of our children, Jody, Sharon, and Joyce, are junior leaders. Mrs. Bezner lives with her family 17 miles northeast of Hereford. Her husband and son, Jody, 22, farm a section planted in milo, wheat, and Midland Bermuda. Mr. and Mrs. Bezner have six children, Jody, a graduate of Texas Technological College in agriculture; Sharon, 20, a sophomore in art and speech at West Texas State University; Joyce, 14, and an eighth grader; Tommy, 11, a fifth grader at Aikman; Beth, 8, a third grader at Aikman, and Charlotte, 5.

In addition to her 4-H club work, Mrs. Bezner is active in the Catholic Church and a Bluebird sponsor. Her hobby is photography.

Both Jody and Sharon won honors during their 4-H club years, and they continue to participate actively in the work. Jody won a trip to National 4-H Club Congress in the Santa Fe awards program in 1960. Sharon was a winner in the state public speaking contest in 1962.

Storm Revealed Real Need For Well-Stocked Larders

By Argen Draper
During the last snow storm, some families had more of an emergency than others because they had no food stored. This was a statement made by Mrs. Bess Werner, chairman of the Foods and Health Sub-Committee. The committee is hoping that every family will have at least seven days of food stored. Natural disasters can be hand-

led easier and more safely if some plans are made in advance for the food supply. When you get one of the bulletins, Emergency Food and Water, MP 665, please study the information and do whatever your family needs for protection. Ample food for the family in emergency living involves understanding beyond the knowledge of essential nutrients and

adequate meals. Disaster causes stress and stress reflects in emotional instability. Food is important not only for physical well-being but also for mental well-being of individuals.

When food for preparedness is considered, be sure the supply fits into the family food habits, requires no refrigeration nor preparation, completely edible cold or hot. Store the food supply in a dry place that is not above 70 degrees and not below freezing.

Store some water as the water supply can be destroyed or crippled. Try some plastic bottles that bleach has been in. These bottles are easier to handle than glass bottles or jugs. Read the bulletin you get Wednesday. If you missed a bulletin call the office EM4-3573.

Am I expecting some nuclear fall-out? Only in case of an error in handling our missiles. I think our world is nearer peace than it has been in a long time.

The recommendation of Mrs. Ray Stewart as Conservation Homemaker of the Year is being judged. Also, Mrs. A. J. Beizer's recommendation as a delegate to the National Leaders Forum. Best of luck to both of you.

Mrs. Ray Stewart commented "My husband has quoted the 11th commandment. — Thou shall not committee. I wonder how many husbands have stressed that commandment?"

Who knows "Boots" Beizer's real name? She was christened Ettie.

At our clothing meeting this week the statement was made that the fit of the shoe depends completely on the shoe salesman.

Don't forget the 4H bulbs for sale. This is our only money-making project.

Next Monday I'll be in Denton at a meeting with my graduate committee. I have my fingers crossed hoping the work I have

GERMAN SAUSAGE was the order of the day last Sunday as members of the Hereford Knights of Columbus organization served over 600 people. Shown above serving Ray Wilhelm is K of C member Arnold Betzen. The dinner was held at St. Anthony's cafeteria. (Brand Staff Photo)

to represent is accepted Monday in Denton; Tuesday in the office; Wednesday the Food for Preparedness day. I'm hoping lots of people will have food stored in case of an emergency. The Foods and Health Committee has done some hard work on this program and will be rewarded for its efforts if there are well-stocked pantries in the county.

BIRTH ANNOUNCED

Lt. and Mrs. Kit Carson Sanders, Corpus Christi, are the parents of a daughter, Kari Cathrine, born Feb. 12. She weighed 7 pounds and 14 ounces. Grandparents are Mr. and Mrs. O. R. Sanders, Hereford, and Mr. and Mrs. W. M. Gresham, Norfolk, Va.

Happy Hustlers Hear Program On Standards

Happy Hustlers 4-H club met at the community center Feb. 10 for a program on grades and standards. The speaker was Larry Lane. Also speaking was Rodney Goheen, who gave the council delegates report.

Members worked on the Share-the-Fun festival skit, and the 4-H club light bulbs were distributed among the members for their sale.

Club members also met Thursday for a called meeting. At this time, they practiced on

Square Dance Club Will Have 'Switch Party'

Pantaloons and Stetsons Square Dance Club met Wednesday night at the Community Center. Callers were Leroy King, Amarillo, Sid Perkins, Amarillo, Tracey Cowell, and Harold Rudd.

The club welcomed the return of Mr. and Mrs. Houston Frye as members. Guests were Mr. and Mrs. Sid Perkins, Amarillo, Mr. and Mrs. Joe Edd Andrews, and Carl Gilbert, St. Louis, Mo.

The club voted to have a "Switch Party" Wednesday, Feb. 26, at the Community Center at 8:30 p.m. Men will dress as women and women as men.

Xi Epsilon Alpha Chapter Meets

Xi Epsilon Alpha chapter of Beta Sigma Phi met Feb. 11 at the Community Center. Members selected as a nominating committee Mrs. Larry Summer, Mrs. John Schneider, and Mrs. Harold Beauchamp. Mrs. Charles Laing presided.

Hostesses were Mrs. Charles Bell and Mrs. Don Baugous. Mrs. Jack Bakley was welcomed as a new member. Others present were Mrs. Beauchamp, Mrs. R. J. Cramer, Mrs. Carl Hollingsworth, Mrs. Eddie Johnson, Mrs. Laing, Mrs. Hicks Roberson, Mrs. Schneider, Mrs. Summer, Mrs. Delbert Bainum, Mrs. Howard Gore, Ann Woodward, and a guest, Mrs. Billy Huddleston.

their skits.

Members present were Gary Cotton, Charles Atchley, Kim Gripp, Bill Cole, Larry Lance, Tom McGowan, Steve Robbins, Rodney Douglas, Steve Olson, Oscar Williams, and Rodney Gary and Dennis Goheen. Rodney Brooks, a new member, was also present. Visitors were Mrs. Lance, Ronnie Lance, and Carol Robbins. Mrs. Lance served refreshments.

'64 Corvair Monza by Chevrolet

It's got a frisky new engine

64 Corvair Monza Club Coupe

(that puts superior traction under you)

Some cars do best on the highway. Others seem tailor-made for city driving. Then there's Corvair—that gets along just great most anywhere. Swishing along a highway. Scurrying around in traffic. Or wading through a soggy trail.

Take highway driving. Corvair's got a bigger new engine with horsepower up nearly 19% in the standard version. But in case figures don't impress you, just wait until you head a Corvair for some far-away places. You'll get the message.

Take city driving. Corvair's trim size, light steering (because the engine weight's in the rear)

and flat cornering make anything from rush-hour driving to parking a cinch.

Take back-road driving. The weight of Corvair's engine bearing down on the rear wheels gives them remarkable gripping power on most any surface, whether it's loose, solid, dry, wet—or even snow covered.

Something else you can take note of, too: There's no radiator to overheat or run dry. No hoses to check or replace. No need for antifreeze. The engine's air cooled.

Beginning to sound like a car you can really warm up to? Then there's only one thing left to take: a ride in one at your Chevrolet dealer's.

Area's Rapid Growth Boom Should Go Well Into 1966

Hereford is still on the march, and no one seems willing to predict where the current boom will stop.

To be honest, we wrote so much about growth in 1963 that we had decided to soft-pedal the issue in 1964 — and then comes the unheard of report of \$500,000 in building permits during the first 33 days of the new year. Interesting, too, is the fact that except for around \$135,000 of the amount allocated to the Methodist retirement home, most of the other permits are directed specifically toward new housing.

This pattern pretty well follows past experience: a surge in housing growth, followed by a surge in business expansion. In addition, two important housing projects are in their infancy with development full-tilt on the Jarde section west of town, and the former Kropff tract on Avenue K under development on the east side of town. Meanwhile, construction continues in other areas already in the development stage to account for most of the housing permits this year.

Present growth does differ from that of the past, however, in view of the fact that this is the first boom the community has seen in the past quarter century and, without doubt, it will be followed by considerable expansion in business growth and improvements during the months to come. One of the factors which probably holds down business growth now is the proposed shopping center which, if completed, will pretty well bring the community up to date in that division.

It is also well to remember that all of these things are happening before the new sugar refinery or packing plant are completed, and it is logical to expect a continuation of this growth on into 1965 and 1966, probably longer.

Despite previous projections and carefully laid plans, we can expect additional

demands in the form of school expansion, city development and some county improvements. These things are inevitable. Already, many people will argue that Hereford is now the 10,000 population class; others say 12,000 and more. No one knows for sure — and even greater is the enigma of when and how for the present trend will go.

Taxing System Aimed At Land

A long way from reality in Texas, but certainly worthy of consideration is the theory of assessing heavily on town and city lots, regardless of improvements. Several cities, we understand, have adopted this policy with considerable success in clearing out slums and slowing down speculation on property.

The cities in all instances take pretty well the same amount in taxes, but levy their assessments on the land rather than improvements.

Under our present system, which we feel sure will not change for many a moon, we have always thought that the taxing agency placed a penalty on progress. To say the least, the man who fixes up his property and maintains it from year to year definitely pays more taxes than the one who lets it go in the other direction. The present plan, too, offers a nice capital gain reward for the man who buys city property and leaves it vacant until he can increase his investment 10-fold. Frequently, this policy slows down growth in many cities until the values reach the asking price, sometimes years away, leaving the city with a mere pittance in tax revenue for the period in addition to discouraging investors. Coupled with the capital gains tax of the revenue department, this policy is bound to create problems — and frequently does.

Texas has always been slow in accepting changes along this line and, as we said, this is not likely to be an exception. The theory does have some merit, however, and should be given consideration for future developments, chiefly in view of the fact that it does encourage rather than discourage improvements and progress.

Progress Aids, It Also Hinders

More Panhandle cattle were killed by locomotives than by weather in the recent blizzard, according to news reports, all of which brings up some interesting questions in regard to modern civilization.

Because of the "air lift", coupled with protein concentrates, new hybrid grains and other modern innovations, the cattleman was finally able to combat the hazards of weather in a manner better than ever before. At the same time, parallel innovations which helped to make the condition possible, took their toll as some 300 head of cattle fell victim to the "Iron Horse."

Compared to loss in previous blizzards, including 1957, the loss this year was negligible — which indicates that progress and modern civilization are well, worthwhile in the long run, including the cattle and ranching business.

Fifth Anniversary

A glance at Cuba five years after Castro "liberated" his people from the oppression of the Batista government shows that living standards, working conditions, trade, production and political freedom are all on the decline — and probably at their lowest point in decades.

Cuba is producing about half as much sugar — its basic crop — today as it did before the "glorious revolution." Sugar trade with free-world nations has declined to less than one fourth what it was five years ago — and aid from the Soviet bloc, running about 1.5 million dollars a day, isn't taking up the slack.

Almost everything in Cuba is rationed today, even sugar! Electricity and water are rationed in the cities. Shoes, clothing, meat, milk, eggs, fish and other necessities are also rationed. The Cuban people, in short, have never had it so bad.

'Bigger Than '63?'

DALE YOUNG

TEXAN IN WASHINGTON

Texans, All But One, Played Minor Rolls In Rights Bill

by **TEX EARLEY**
WASHINGTON, (AP) — Caught in the swirl of conflict on the civil rights issue, Texas members of Congress with one exception played little part in House debate on the subject.

Rep. John Dowdy of Athens, (D) whose East Texas district

probably is more like the Old South than any other Texas district, took the floor more than once to offer what Chairman Emanuel Celler, D-N.Y., of the House Judiciary Committee called crippling amendments.

Declaring his opposition to the measure, Dowdy said he

was only trying to improve a bad bill. His amendments, like most of the others which were offered, were rejected by fairly close votes.

On the losing end of a whole series of voice, standing and teller votes was a coalition of Republicans and Deep South congressmen. Seidom were more than half a dozen of Texas' 23 House members on hand during these unrecorded votes.

Usually on unrecorded votes, including teller votes in which members march down the center aisle past checkers to be counted, the few Texas members present sided with the Southerners in fighting the legislation.

But at the same time a new trend is apparent in the Texas delegation, a veering away from alignment with the solid South, apparently reflecting the "western" image which President Johnson has endeavored to paint of Texas.

Texas congressmen from the Panhandle and far western part of the state and the Rio Grande Valley have found that in such things as reclamation projects they have a more common interest with their colleagues to the west.

Acutely aware of the political stake that President Johnson has in passage of a civil rights bill and also aware of a diversity of opinion among their constituents, Texas in Congress as a group have relinquished the leadership role they once exercised in civil rights disputes.

Some years ago, Sen. Tom Connally packed the galleries when he filibustered against anti-poll tax and other rights measures.

About the nearest thing to colorful debate on the civil rights bill in the House this year centered on one of Dowdy's amendments. It would have outlawed "tomatoe voting."

Explaining that his amendment would not permit the counting of "any vote except that of a living" elector, Dowdy said:

"Down in my district there was a box in which 157 or 167 poll taxes were paid, giving the residence of a two-room shack for all 167 poll tax payers in that particular box.

"There was some complaint by this organization, the CIO Committee on Political Education, the successor organization

(Continued on page 5)

Panhandle Paragraphs

A capacity crowd of 60 people attended a sugar beet meeting in the Community Room at the First State Bank Friday morning. The public meeting was called by the Castro County Sugar Beet Association in the production of sugar beets and the securing of a sugar beet refinery for the Dimmitt area. The majority of those present were farmers and they made and passed a resolution that their efforts in securing a sugar refinery would be directed toward a local program rather than forming an alliance with neighboring counties.

—Castro County News (Dimmitt)

—PP—

Like everything else in Bailey County the annual Junior Stock Show just keeps getting larger and more successful every year. The 1964 show's premium list has climbed to \$2500, and show officials are predicting more pigs, lambs, heifers and calves will be entered this year than ever before. The show is to open at the school bus barn Friday, March 6, according to J. K. Adams, County Agent.

—The Muleshoe Journal

—PP—

Members of the Canyon city commission Monday began discussion of a 1964-65 budget which reflects a continuing growth of this community and area. City Manager Dewey Bryant said the budget in its final form probably will be up about 7 per cent over the current budget of approximately \$382,000. At least one major item under discussion is a \$10,000 appropriation for a new city water well.

—The Canyon News

—PP—

Area farmers are responding heartily in signing commitments to grow sugar beets. It is necessary that the area present an impressive willingness to the USDA for the sugar division of the department to allot sufficient acreage for sugar beets to this area to support a beet sugar refinery. The minimum is 25,000 acres in commitments. The report on the commitments is due Feb. 15. A group representing the sugar growers' organizations Friday presented an economic survey to officials of the Great Western Sugar Co. in Denver with the view of getting that company to operate the proposed sugar refinery.

—The Tulia Herald

—PP—

A delegation of approximately 25 Collingsworth men are in Austin to appear before the Texas Water Commission at a hearing to determine uses of the waters of Salt Fork River. The Collingsworth County Water Control and Improvement district filed a protest Thursday, Feb. 6, with the Texas Water Commission to the application of the Greenbelt Municipal and Industrial Water Authority protesting its application for a permit to appropriate the waters of Salt Fork.

—Wellington Leader

—PP—

A petition was presented to city officials at their regular meeting last Friday night asking that an election be called, submitting to the qualified voters the question of whether or not the City shall adopt the aldermanic form of city government. Should the election for the aldermanic form pass, an election would be called to elect aldermen to set up the new type of city government. The last election proposing this form was held Dec. 15, 1952 at which time the issue was defeated 84-81.

—The Danley County Leader (Clarendon)

—PP—

The continued growth of Berger took another giant step Tuesday at the regular city commission meeting when the City Dads set a public hearing for Section III of Yucca Park Estates.

—Berger News-Herald

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his Bindweed farm takes note of a human falling this week.

Dear editor:

As I understand it, a couple of weeks ago the space scientists started to fire a rocket at the moon and after making elaborate preparations for the multi-million dollar shot, with the best brains in the business figuring the timing and the aiming just right, with all the electrical circuits tested and re-tested, and with all the lights blinking and flashing, the count-down began, the thing was ignited, then it fizzled.

Somebody had forgotten to open a hydrant in the fuel line.

A friend of mine was talking about it and he was outraged. "You'd think with all them brains, somebody would have thought to turn the gas on," he said.

This is because he doesn't understand us thinkers. When a man's mind is charged with deep thought, whether it's about moonshooting or operating a Bindweed farm, a lot of little detail can get by him. It hasn't been a week since I had a neighbor over here pulling my tractor with his to get mine started and we'd dragged it around the place four times before I discovered I hadn't turned the gas on at the filter bowl. Me and the space scientists both can over look the little things when our minds are on the big things.

Or consider this in another area. I wouldn't be a bit surprised if more than one Supreme Court justice, after spending the day interpreting the inner most reaches of the United States Constitution, hasn't come out and discovered he locked his car that morning with the yaks inside.

It wasn't over two years ago that our intelligence agents in Cuba were so busy calculating Castro's next move that they forgot to look out in the streets and see Russia hauling in missiles.

I would like to point out though that a few days later the space scientists did get that moon rocket off and it did hit its target. I can hear my friend however asking now, Yeah, but who forgot to turn the television cameras on?

Yours faithfully,
J. A.

Scout Leaders Merit Plaudits

Hereford, along with the rest of the nation, has just completed observance of Boy Scout week.

While we have never been too enthusiastic over the present complex and expensive set up developed on national and regional levels, it does seem that the overall program is well worthwhile. This fact is realized by many local residents in their 40's and 50's who can attest benefits gained through the program.

Mostly, though, we would like to recognize and congratulate the local leaders who contribute so much time to Scouting and to boys of the community. These are the folks who really make Scouting what it is through long, tedious hours, hard work and sacrifice often on part of their families. Local Scout leaders work without pay, except for the satisfaction of helping our boys and young men become good citizens, and to this group we owe our undying thanks for the services which they perform.

We cannot say too much in their behalf for, therein, lies the success and dramatic achievement of the good name and good deeds of Scouting.

AUSTIN HIGHLIGHTS

GOP Enters 15 Candidates; 28 Democrats Seek Office

By Vern Sanford
Texas Press Association

AUSTIN. — Twenty-eight Democratic and 15 Republican candidates banded through the starting gate before last week's filing deadline in a dramatic beginning to a political year that opened with relative calm.

A rukus over the would-be U.S. Senate candidacy of McAllen Congressman Joe Kilgore, and Gov. John Connally's last-minute hesitancy about running for reelection, highlighted the filing-deadline spectacular.

Kilgore decided to run against U.S. Sen. Ralph Yarborough, Connally, acknowledging that he had considered retirement, went ahead and filed for a second term.

Conservative Democrats boiled over the Kilgore incident, said it might result in a second Republican senator from Texas.

Jack Cox, the GOP's 1962 candidate for governor against Connally, was a surprise entry in the Republican senate contest — at five minutes before deadline.

The Republicans fielded a complete slate for state offices (except judicial) and congressional races.

Connally ended up with opposition from liberal Don Yarborough of Houston, Mrs. Johnnie Mae Hackworth of Brenham and Rev. M. T. Banks of Beaumont, a Negro Republican candidate for Governor, are Jack Crichton of Dallas and Harry Diehl of Houston.

Yarborough is opposed by Democrats John Van Cronkhite and Gordon McLendon, both of Dallas. Cox and George Bush, of Houston, and Dr. Milton V. Davis and Robert Morris, both of Dallas, are the GOP senatorial candidates.

Here is the complete lineup

for other statewide offices:
Lieutenant Governor — Preston Smith of Lubbock (incumbent) and Albert Fuentes Jr. of San Antonio, Democrats; and Horace Houston of Dallas, Republican.

Congressman-at-large — Incumbent Joe Pool of Dallas, Bill Elkins of Greenville, Robert W. Baker and Bob Looney, both of Houston, Democrats; and Bill Hayes of Temple, Republican.

Attorney General — Incumbent Waggoner Carr of Lubbock, Democrat; and John Trice, Waco, Republican.

Commissioner of Agriculture — Incumbent John White of Wichita Falls and Millard Shivers, Waco, Democrats; and John B. Armstrong, Kingsville, GOP.

Land Commissioner — Incumbent Jerry Sadler of Grapeland and Fred H. Williams of Dallas, Democrats; and John A. Matthews of Abilene, GOP.

Comptroller — Incumbent Robert S. Calvert of Austin, Democrat; and Dallas Calmes Jr., Houston, GOP.

Treasurer — Incumbent Jesse James, Austin, Democrat; and Fred S. Neumann, Beaumont, Republican.

Railroad Commissioner (full term) — Incumbent Ben Ramsey, San Augustine, Democrat.

Railroad Commissioner (unexpired term) — Incumbent Jim C. Langdon of Austin, and Jesse Owens of Vernon, Democrats; and Don Flanagan, Richardson, GOP.

Supreme Court, Place 1 — Sears McGee of Houston and Jack Pope of San Antonio, Democrats; and T. E. Kennerly, Houston, GOP.

Supreme Court, Place 2 — Ruel C. Walker, Cleburne, incumbent, Democrat.

Supreme Court, Place 3 — Incumbent Robert W. Hamilton, Midland, Democrat.

Court of Criminal Appeals — Incumbent K. K. Woodley of Austin, Democrat.

Thirteen of Texas' 23 congressmen escaped opposition in their own primaries, but for the first time in history there will be a Republican to deal with in every district come November.

"Instant" Hospitals
The State Health Department is keeper of some 92 storehouses of medical and treatment supplies (furnished by the federal government) which could be converted into hospitals almost instantly in the event of disaster.

Eleven more "hospitals" are expected to be added to the list this month, and a master-plan calls for 450 of these facilities eventually. The State Health Department is directing the Civil Defense Emergency Hospital program, and encourages local authorities to provide the needed storage space.

APPOINTMENTS — Governor Connally appointed Frank B. Appleman of Fort Worth, a University of Oklahoma law graduate, to the Board of Regents of Texas Woman's University of Denton.

He then picked Myrlin O. Johnson of Harlingen to preside over the 107th District Court in Cameron and Willacy counties. Johnson replaces Judge Hawthorne Phillips, who resigned to become Attorney General Waggoner Carr's first assistant.

BUSINESS IMPROVES — The 1963 index of Texas business activity was up 5.4 per cent on the average monthly level over the previous year, according to The University of Texas Bureau of Business Research.

Austin, Amarillo and Beaumont showed highest gains. They were followed closely by Corpus Christi, Houston, Fort Worth, Galveston and Waco.

No city showed a percentage decline. Bureau predicted that 1964 will be another good year as far as personal income and business activity is concerned if the federal income tax bill now in the Senate is passed.

CIVIL DEFENSE SPACES UP — Texas now has 1,800,000 licensed civil defense shelter spaces of a goal of 1,900,000, CD Regional Director Bill Parker told a conference here.

These seven cities have fully-stocked shelters, Parker said: Abilene, Baytown, Bryan, Big Spring, Denton, Odessa and Tyler.

SHORT SNORTS
The Texas Tourist Development Agency awarded its \$250,000 advertising contract to McAdams-Erickson, Inc., Houston advertising agency.

Texas Liquor Control Board collections for December amounted to \$40,701 as the result of 609 convictions and 77 jail terms for liquor-law violations.

Land Commissioner Jerry Sadler ordered a full investigation when he learned that seven oil wells on a state lease in Gregg County had been plugged without his approval.

Texas State Teachers Association president, Mrs. Elizabeth Little of Corpus Christi, said public school teachers in the state this year will receive a salary almost \$600 below the national average; teachers group has voted to fight for a salary increase when the 59th Legislature meets.

Governor Connally authorized removal of the three remaining Confederate widows now housed in the Confederate Home for Women in Austin to a where he said they would receive better treatment and at less expense to the state.

Banks in El Paso and Burkburnett were granted charters by the State Banking Board while application of Jacinto City State Bank was declined, and action again was postponed on bids for two new banks in Midland.

Governor Connally got a new lighter-cast on his damaged right arm, was pronounced in pretty good physical shape, but doctors said it will be six or eight months before he regains full strength.

Excise taxes collected on cigarettes in Texas last month came to \$7,300,000, up from \$7,200,000 a year ago, despite U. S. Health Service warnings about the evils of smoking.

Texas schools have been urged to give special emphasis to the state song, "Texas, Our Texas", during Public Schools Week, March 2-6, and Texas Historical Period, March 2-April 21.

Speed, drinking and wrong-side driving are three main factors in fatal traffic accidents, Department of Public Safety Director Homer Garrison Jr. told a traffic courts conference.

Aloft, bats guide themselves by means of echoes from their short, ultrasonic cries. Researchers have found that some of the fishing bats markedly raise their sound-repetition rates just before they dip to the water.
