AIRPORT 'DEAL' DENIED

Rumor Is Spiked By Mayor During Group's Meeting

Mayor Henry Sears on Friday assured members of the Hereford Merchants Assn. that land for the proposed airport for Hereford has not been selected and will not be until the bond issue election set for Dec. 18 carries.

After making a general statement concerning the stipulations of the airport issue, Sears asked the merchants to express opinions and to ask any questions which might clear up misunderstandings circulating about the election.

One merchant expressed approval of the idea but added that he felt a clear cut statement by the mayor and other spokesmen of the election proceedings would eliminate many misconceptions about the plan.

He cited in particular the talk that the land had been selected with certain parties due to make a large margin of profit on the deal. To this suggestion, Mayor Sears gave his assurance that he and Judge Homer Henslee of the committee had not yet selected the site of the airport.

No Tax Increase Foreseen His statements included the information that the City of Hereford has operated during the past year at more than \$60,000 below the initial budget set up for the year.

With the present code of operating procedure of both the county and city organizations, the taxes will not be increased at this time or at any future date, he said.

Schedule Christmas Closing During the regular business meeting of the group, the Christmas closing schedule was set up.

Merchants Commend Jaycees The completion of the Jaycees' lighting of the streets and courthouse here in Hereford for Christmas was announced by Gerald Hale of that organization.

He stated that entries for the parade slated for Tuesday, Dec. 11, at 3 p.m. had been received and that things were expected to proceed on schedule.

Final Rites For Mrs. Jones Held Funeral services for Mrs. Minnie Jones of Minneapolis, Minn., were conducted here on Thursday afternoon at the First Methodist Church.

PARADE AND SANTA'S VISIT

Christmas Season To Open Tuesday

The Christmas season will open officially in Hereford on Tuesday, Dec. 11, with the annual Jaycees Christmas parade and visit of Santa Claus here.

Route of the parade has been set as the length of Main St., over one block east on Highway 60, and then back north on Sampson to the Jim Hill Hotel.

Religious Theme Theme of this year's parade is "Putting Christ Back into Christmas" with all floats and music to be of a religious nature.

The Business and Professional Women's Club assisted the Jaycees in organizing the parade by writing the letters to all clubs and church groups requesting their cooperation.

Santa Claus is slated to arrive here by way of a "North Pole Special" bus, and he is to be accompanied by a group of entertainers, including dancers, animated toys and clowns.

Hungarian Aid Fund Campaign Will Continue

The county Red Cross chapter reports that about one-third of the goal of \$326 as its share of the American Red Cross fund for Hungarian relief has been reached this week.

She added that the drive will continue through Dec. 30 with every individual in the county asked to give to aid the plight of thousands of Hungarians under the oppression of Communist Russia.

Trombonist Will Play At Dallas In State Band

Phyllis Goettsch, 16-year-old daughter of Mr. and Mrs. W. H. Goettsch and a junior student at Hereford High School, was chosen to represent Texas in the all-state band tour at Canyon on Friday.

Another Hereford High School band member, Joan Brown, was selected as an alternate to the clarinet section of the all-state group and will also go to the state convention in Dallas.

Larry Boston, solo cornetist with the Whiteface Band, was also ranked high by the judges at the Friday clinic.

A member of the band here for six years, Phyllis has been the first chair trombonist for the past four years.

Joan is the daughter of Mr. and Mrs. Jack Brown and is the first chair clarinetist in the Whiteface Band.

Mrs. Eunice Hunt spent the Thanksgiving holidays with her son F. H. Hunt, and family in Tulsa, Okla. She made the trip by plane.

Guy Lawrence Is Elected To Head IOOF Lodge 56

Guy Lawrence was elected Grand Patriarch for 1957 by the Hereford Encampment, Independent Order of Odd Fellows, Lodge No. 56, at a meeting held Wednesday night.

Other new officers who will be installed at that time are as follows: senior warden, J. E. Turner; junior warden, E. E. Bishop; high priest, Nathan Hopson; recording scribe, Don B. Glenn; financial scribe, Bill Nafziger.

The Hereford Encampment was organized here in 1946. Progress has been recorded both in the work here and at out-of-town meetings, according to a spokesman of the organization.

An example cited of this recognition is that of Ben Conklin serving as the Grand High Priest in the Grand Encampment of Texas.

Employ Patrolmen To Bring Force Up To Strength

Two new patrolmen have joined the Hereford Police Force. They are Joel Newman, 22, 604 W. Sixth, and Harlan Eugene Cannon, 31, who was recently chief of police in Mansfield.

Newman replaces Morris L. Brown, who has accepted a new position.

Cotton Producers To Vote Tuesday

Cotton growers in Deaf Smith County and across the nation will vote Tuesday on marketing quotas for their 1957 crop.

As explained by Agricultural Stabilization and Conservation officials, the referendum requires a two-thirds majority for continuation of marketing quotas.

Farmers who mark their ballot "for" will indicate they prefer to retain marketing quotas and market supports between 75 and 90 per cent of parity.

If more than one-third of the growers should vote "against" the marketing quotas, there will be no penalties for growers who exceed their planting allotment.

Cage Tournament Here Will Feature Eight Top Quintets

Eight top cage teams will vie for honors in the Hereford Invitational Basketball Tournament which opens here Thursday.

The single elimination tourney will last through Saturday night with three games a night slated.

The games will be a highlight of 1-AAA action since all five district teams, Dumas, Hereford, Littlefield, Phillips, and Levelland will be competing.

In first round games, Dumas meets Canyon, Hereford tackles Littlefield, Phillips and Levelland clash, and Plainview battles Olton.

The tourney will have no definite favorite, but most experts may give the Plainview Bulldogs a small edge.

The Phillips Blackhawks, a very strong contender in 1-AAA, have won only one out of three games this year, but their two losses have been to the Palo Duro Dons and the Pampa Harvesters.

INFANTRYMAN MILLER AND LEE WON HI

Hereford GI Who Adopted Korean Orphan To Return; But Child Gets New Name

One happy, contented Korean lad will soon be telling his best friend good-bye but the hopes of both are high that they will soon be seeing each other again.

Miller expects to be home for Christmas with his mother, Mrs. H. E. Miller, here, but he was not allowed to bring his little 12-year-old charge home with him because he isn't married.

How They Met The story of the friendship which has grown steadily between Lee and Miller is warm and inspiring.

After asking a Korean farmer about the boy's identity and parents, the Hereford soldier took him to the river, gave him a good scrubbing with G. I. soap and burned his tattered, filthy clothes.

From this point life has been a comparative "bed of roses" for little Lee. And even though he is 12 years of age, he is still a little boy because of the malnutrition in his earliest years.

Even though Miller will no longer be his closest pal, they will surely see each other again when both are residents of the United States.

FIVE CARS AND A TRUCK TRANSPORT were heavily damaged in a crash Friday afternoon at the highways intersection just west of Bovina.

By Jimmie Gilentine
Emerson Roland, REA line foreman, was back on the job this week following a brief stay in the Parmer County Hospital, where he was confined Nov. 24 as the result of an explosion in which he received flash burns on his face while working on a magnetic motor. When "Roly" reported for duty his face was somewhat red, as you might expect. It developed, however, that all of the color was not due to the burns, especially considering what happened during his second day in the hospital.

The second morning "Roly" could see a little bit, but none too well. Enough, he figured, to make it to the bathroom without being led. Consequently, he got out of bed and groped his way across the

room and into the bathroom. Inside, however, he decided it was maybe a little bit dark and he should turn on the light. Finally, he located a little brown button on the wall and gave it a good, stiff jab. The light didn't come on, so "Roly" jabbed at it again. . . and again. While he was still wondering why the lights didn't come on, the door burst open and in rushed the entire staff of hospital nurses. Instead of pressing the light button, Old "Roly" had pushed the one marked "EMERGENCY." It will always be his most embarrassing moment, pajama pants and all.

Well publicized, but deserving of comment is the Fashion Show to be sponsored by the High School Homemaking Department Tuesday

evening, Dec. 11. The show opens at 8 o'clock sharp in the high school auditorium and, judging from last year, it is more than worthwhile. The girls, under direction of Mrs. Joel Hodges, will be showing formal, skirts, blouses, dresses and a lot of other apparel, all made by themselves. It should last around one and one-half hours. Admission: FREE!

"Beware of Jake Boydston!" The city should post some signs of this type along the intersection of Main and Third. I was coming along there Thursday when I passed Jake, who paused just long enough to slip a brown package under my arm. I ran hustle-bustle back to the office, figuring it was some fresh spare ribs that needed putting into the ice box. I opened the package — and guest what? It was a duck. A duck, complete with feathers and all. I tried to give it away all over the shop, but everyone would ask: "Is it cleaned yet?" Finally, I had to clean it myself after I got home. All in all, I figure Jake is an old boy, you'd better keep your eye on at all times. This is especially true when crossing Third at Main.

A big hearted fellow, though, is Jim Bob Allison. He went quail hunting over in New Mexico and, like other hunters in that area, came back with a sack full. When he got home, Jim got to thinking

about how many quail and how little feed the country possessed this year. Consequently, he is sending over a load of grain to help winter the flock of quail. I sure want to get in with Jim, 'cause I figure he will have a place to hunt from now on. . . and on. Besides, quail are different from ducks. I'll take a sack of feathered quail anywhere, any time.

Folks who get parking tickets won't get anywhere talking with Troy Moore, one of Hereford's newer City Commissioners. Troy got to telling the boys at commission meeting the other night about how a dime would trip the parking meters, but would only give 12 minutes. Mayor Sears and the others argued that a dime would not trip the meter in the first place — and one thing led to another. Finally, they adjourned the meeting long enough to go across the street and give it a test, but only after the mayor had warned Troy a dollar that the dime wouldn't work. They got to the meter, Troy dropped in his dime and, like the mayor said, it didn't work. The result: Troy is out a total of \$1.10, and still had to pay a parking ticket.

Troy started yelling that it was just this one particular meter, but when the other commissioners offered to make the same wager on every meter in town, Troy wasn't

interested. However, he still isn't satisfied (or very happy) about the whole deal.

Putting it mildly, some of the folks out on 25-Mile Avenue are also a wee bit perturbed over conditions of that street. The road has been torn up, plowed up, trees decapitated and sidewalks smashed — and still no construction work is underway. They get a lot of dust and several of them were somewhat disgruntled to begin with. No one, it seems, has even a remote idea when the work will begin, much less the city dads who, long ago, turned the right-of-way over to the State Highway Department.

Some 25-Mile residents are talking about a deal in Plainview which took more than two years, due to the type contract let by the State. They are beginning to wonder, and who could blame them?

Meanwhile, the proposed airport is drawing a lot of fire; almost as much as the "Wet-Dry" election. In fact, a story has been going the rounds that the only reason a lot of people want an airport is so they can fly in bootleg whiskey. Honest, I heard this story three

times Friday. It doesn't hold water, of course, because the sheriff would have only to park at the airport and check the planes, thus saving himself no end of trouble. And by the same token, do we quit building roads because an occasional bootlegger operates on them? However, the story does show to what extent some otherwise sensible and honest people will go to start a rumor when they have a political axe to grind.

On this page also appears a letter purported to have come from the "Bootleg Philosopher." In the first place, the letter constitutes a forgery and an outright lie, because I happen to know and can personally guarantee that it was not written by the generally accepted "Bootleg Philosopher" who writes for this paper each Sunday. One point, though, is most interesting. The spurious letter points to increased taxes as his chief complaint. In the first place, the county does not plan to increase taxes or valuations as a result of the airport. In the second place, the county is getting up to \$104,000 worth of land at going, current prices for \$52,000 — and that's a bargain any time, any place, because the land is more likely to

go up than down. The county cannot possibly lose.

However, for the sake of argument, let's say that taxes were increased in order to pay for a \$52,000 county bond issue. What would this actually cost our so-called Bootleg Philosopher? County land in that area is valued at \$5 an acre on the rolls. The county tax is only 95 cents on \$100, but let's give him all of the odds. Let's say that it would also raise his tax rate on state, special road, water district, etc., which totals \$1.79 on each \$100 valuation. This means that the Bootleg man would pay a total of eight and nine-tenths cents (8.9) per acre. It isn't a lot, especially if one of his children got sick and they had to fly in a specialist to save the youngsters' life.

Fortunately, however, Deaf Smith County doesn't have to take such drastic steps; \$52,000 isn't a lot in the overall county picture. It can be handled currently without any tax or valuations increased. Furthermore, the county plans a re-valuation program, which has nothing whatever to do with the airport. Last time I heard them say, however, they felt that the \$5 land

was paying about all it could stand. The re-valuation, if it comes, will be merely a step for better equalization of values — and it is needed.

As for operations, I personally know two people who will pay \$1 a year and operate the airport on a lease basis. The City plans to operate it, I understand, chiefly because they believe that it will be a revenue-bearing project. A lot of folks are against the airport because they do not understand the deal. They are jumping to conclusions, based on high school taxes and countless rumors.

Back to Mr. Self-Styled Bootleg Philosopher. No! I don't believe I care to join you. Your attempt to mislead the people with your assumed title is not exactly honest and ethical. I would much rather go along with the crowd which is laying its cards on the table in a forthright and honest manner. That is the way I think a bond issue should be. Give the people the truth and the facts — and let them decide. Whether we increase taxes or not, the bonds must be paid. This we all know. Maybe if they didn't build the airport they might

Miss Carolyn Inman, Mr. Pingleton Repeat Vows In Ceremony On Sunday

The Avenue Baptist Church was the scene of the wedding Sunday afternoon uniting Miss Carolyn Inman and James Ray Pingleton, son of Mr. and Mrs. D. W. Pingleton Sr. of McKinney. The bride's parents are Mr. and Mrs. Burke Inman.

The Rev. Grady Allison, officiated at the double ring ceremony at 2:30 p.m. before an altar decorated with arrangements of white chrysanthemums and lighted wedding tapers in seven branched candelabra.

Miss Eugenia Alexander played a prelude of wedding music while guests were arriving and accompanied Miss Sharon Owens, vocalist, who sang "I Love You Truly." Traditional wedding marches were used as the processional and recessional and "To a Wild Rose" was played softly as vows were spoken.

Maid of Honor

Miss Christine Strain was maid of honor and Misses Carol Sparks and Norma Hamby served as the bridesmaids. Miss Strain wore a turquoise sheath in brocade satin with cummerbund and full length sash of matching chiffon. Her feathered hat was also in turquoise.

Fashioned identically to the dress worn by the maid of honor, the bridesmaids' dresses were in mauve pink with matching feather hats. Their bouquets were of turquoise and pink feathered carnations with white satin streamers.

Donna Jordan, cousin of the bride, was flower girl. She wore a pink nylon frock with tiers of ruffles forming the skirt. Her small hat was of orchid velvet and trimmed in rhinestones. Charles Ray Inman and Hal Jordan, brother and cousin of the bride, served as ring bearers.

Thomas H. Smith of Laredo was best man and Floyd Boler and Jack Swope, also of Laredo, were ushers.

The bride, given in marriage by her father, chose a ballerina length dress of white brocade satin fashioned along Princess lines with deep lace insets dramatizing the

full skirt. The fitted bodice featured a deep-cut neckline having a stand-away collar. Sleeves were three-quarter length. She wore a small lace pill box trimmed in rhinestones and seed pearls, which held the lace edged finger-tip veil of illusion in place. Her only jewelry was a single strand of pearls and she carried a white orchid on a white Bible cascaded with french carnations and white satin streamers tied with loveknots.

The bride's mother wore a dark blue sheath dress with white accessories and white satin hat, and the bridegroom's mother wore navy with black accessories. Both wore a white carnation corsage.

Reception In Bride's Home

Following the wedding a reception was held in the home of the bride, 239 Ave. C. The bride's table was laid in lace over pink with pink and turquoise carnations sprinkled with glitter forming the center piece. Members of the house party were Mrs. F. N. Pittman, Linda and Sandra Inman and Sheila Owen.

When the couple left on a honeymoon trip to points in Texas and Oklahoma, the bride was wearing a mauve faille frock with matching jacket trimmed in rhinestones and seed pearls, and feather hat.

After Dec. 8 they will make their home at Laredo where he is stationed at Laredo Air Force Base.

The bride is a graduate of Hereford High School and has held several offices in Carnation Theta Rho Club. At the time of her marriage she served as Theta Rho state deputy. She was editor of the Hereford High School paper "The Whiteface," during her junior and senior years and was active in the band. She has been employed at the Hereford Brand for the past 18 months.

Out of town guests included Mr. and Mrs. B. M. Daniels, Mr. and Mrs. Bill Jordan, Jack Self, Mr. and Mrs. G. D. Gathright, Mr. and Mrs. J. J. Self, Mr. and Mrs. Luke Jordan, and Mr. and Mrs. C. C. Head, all of Amarillo. Mr. and

Letters To The Editor

Bootleg, Dec. 5; 1956
Mr. Jim Gillentine, Editor,
The Brand, Hereford
Dear Friend:

How about this here air port? Is it a fact that you are going to tax us some more in addition to what we already owe? Well I am a dry land farmer and I ain't raise nothin and how can I pay any more taxes? I ain't able to pay my taxes now. I shore don't want to pay no more. With Johnson Grass hay at six bits a bale it will take lots of it. Besides I ain't raise in any this year. Interest rates is high now and bonds will have to bear at least 5% interest or they won't sell. If the County issues bonds and the town of Hereford does too, it looks like double taxation, don't it? Well I am agin all bonds and will cast my vote agin 'em, and that big fellow that is insitin on us buildin him a place to land can look him out a good smooth place on the prairie and land. Or jest fly right on over us provide he don't make too much noise. If I lived in town I would vote no against the bonds twice. And don't let any body tell you the bonds won't bear interest. Did you see any bonds that didn't bear interest. Why they couldn't sell

them if they didn't bear interest. Then who's going to pay the run-in expenses of that airport? Not me. I am told you favor the Bonds. Well I am surprised at you Mr. Editor. Why didn't you take our side of the proposition? They tell me that Shamrock has an airport growin up in weeds. Did you know that? I bet they would like to have their bonds back. The whole thing is screwy, Mr. Editor. Please get on our side.

Your friend,

Back From A Bout, Pardy's On Prowl

IT'S: HER POINT OF VIEW

By PARDY LINER

Breathes there a man with soul
so dead
That never to himself has said:
Oh the virus, the virus cruel

Keeps men from work and kids
from school.
It's swift in coming, night or
day:
But takes its time, its call to pay.

Now all I want is sympathy.
The virus came to visit me.
It really riles me to get the
"bug" when there is so much I
need to be doing. Guess that's the
way it goes tho'. And there seems
to have been a lot of it around
lately.

For a while there, I didn't care
if school kept. I did do some read-
ing. Perused several back copies
of The Brand page by page, and
came up with a new slant on
some old news.
The LaPlata Club Hobby Show

was worth more than the price of
a ticket. . . really a spectacular
array of interesting and unusual
hobbies. Bet chairman, Lois Dod-
son was pleased at its success. Al-
so bet that, as with all projects
of that proportion, she was glad to
get it over with.

Educational Evening?
Wasn't there a mob at the grand
opening of the County coliseum?
That is sho' a nice hunk of build-
ing. Me thinks that seeing the
wrestling matches was a first-time
experience for most of the women
who stayed for the event. It was
an education. . . of sorts.

That was a cute item that Tele-
phone Co. manager, W. L. Leavy,
put in his Telephone Talk column
. . . about wanting sidewalk super-
intendents for the excavation of
the company's Texas-size hole.

That reminds me, I never did
tell Ansel McDowell how much I
enjoyed his series on drugs and
the druggist.

And weren't those good pics of
the Mesdames Hardwick, Godwin
and Lenderman that appeared ad-
jacent their holiday recipes. The
ladies looked as glamorous as gals
you see on TV commercials.

Luck To Carol
That smart Carol Inman (now
Pingleton) got a special article
published on the day of her wed-
ding! Carol will be missed around
The Brand office, and we wish her
lots of luck in her new career.

It looks like things will really
be humming around Genevieve
Veigel's house between now and
Dec. 27. I can hardly believe that
Dorothy Ann (isn't she pretty!) is
old enough to be getting married.
It seems only yesterday. . . Ah,
tempus fugit!

Where's The Navy?
I guess the Alton Biggers' are
in seventh heaven while son Lewis
is home on leave from the Navy.
Lewis will go from here to the
Naval Training Station at Nor-
man, Okla. Will somebody please
tell me how come a NAVY Base
in OKLAHOMA!

I know it took courage for Molly
Price to say she'd like to live in
Florida when everyone else sur-
veyed chose Texas — Hereford in
particular. Molly, I love Hereford,
but I'm with you! Since it's just
a wish, it may as well be fantastic.

Wonder if Buddy Pickens has
had any offers for his Cotton Bowl
tickets he won in The Brand con-
test. Knowing the Pickens', they'll
use 'em themselves if they possibly
can.

Just Unlucky
I surely would like to be a win-
ner sometime. . . for anything!
The big Treasure Hunt contest had
me hoping. . . but I'm just one of
those that never wins, even at
bingo. Not lucky I guess.
— Somebody should have a contest

or drawing only for people that
have never won anything. Anyone
else in favor?

Now that I'm up and around, I
have just got to get busy on my
Christmas list. Aunt Maudie is the

biggest problem. She's the kind
that's hard to buy for. A few years
ago I gave her a beautiful (I
thought) brass door-knocker. Well,
she up and gave it away. Then
it got given again (all in the fam-
ily) and last Christmas I got it

back. So I won't be giving Aunt
Maudie any more brass door-
knockers.

INFORMATION - COOPERATION - PROGRESS

The citizens of Hereford and Deaf Smith County are proud of the fine spirit of cooperation and understanding which exists and which has meant a united effort for progress and which makes our city and county outstanding.

COOPERATION

The members of the City Commission and the members of the Commissioners Court of Deaf Smith County are to be congratulated on the fine manner in which they have worked out the financing of the proposed airport in which the United States is matching dollar for dollar with the city sponsoring airport bonds to the extent of \$70,000.00 and the county sponsoring airport bonds for \$52,000.00, the city money to be spent on runway and improvements and the county money to be spent on site. The amounts are small but will furnish an airport capable of being used by the airlines and will contribute to the growth and progress of the city and whole area. We congratulate our officials in their foresight, wisdom and progressive thinking in submitting these proposals to the people in this manner and in such a way that it will be least expensive and we further congratulate them in the time and effort they have spent in determining that one-half of the cost will be a combined total of \$122,000.00 instead of \$139,000.00 which amount the Federal Government has agreed to spend for Hereford and Deaf Smith County.

INFORMATION - Why an Airport

(1) The facility for the most speedy assistance to the sick in time of distress, in bringing in medicine, expert assistance, or in removing a medical case cannot be measured in dollars and cents and this necessity could arise and affect any one of our citizens, or their children, at a most unexpected time in the future and the total cost for an airport to afford this service in such a time would indeed be small if one life were saved.

(2) The vegetable industry in the economy of the Deaf Smith County farmer and to Hereford citizens is most important and we have done nothing up to this time to make a safe situation for those men who many months each year are using small planes for the spraying of insecticides on the farmers' crops. The hazard of losing life could be materially lessened with an airport with sufficient and proper runways and protection to these men, and we are interested in the life of these aerial spraying crews as all others of our citizenry.

(3) An airport is industry to the community itself and should and will open new fields to the business activity. Competition in aerial spraying and reduced prices to the farmer might well be expected.

(4) We can expect feeder passenger lines and airlines to come to Hereford only if we have an adequate airport. Let's do our part to get this airport.

(5) An airport will aid the community in the future as the railroads have in the past. All of us use the air for our post office and express needs.

(6) The emergency uses of an airport are many and only time will tell the lives it may save and the use that the Air Corps, Army and Navy planes may make of it as well as passenger lines and private service in times of emergency.

(7) The air age is rapidly approaching with the airline becoming a common means of transportation in pleasure as well as business.

INFORMATION - EXPLANATION AS TO COST

It is true that if the city spends \$70,000.00 and the county spends \$52,000.00 someone has to pay. In this instance, however, it is small and with the city it can be done without raising either valuations or rates. This is explained as follows:

(1) For 1956 the City will have an estimated approximate sum of \$65,000.00 savings under its budget collections. Approximately \$28,000.00 of this amount is savings in operation and approximately \$37,000.00 is new income or taxes on new properties and improvements. (A careful thinking administration would want to keep on hand a similar sum for future emergencies, but there would be no need to increase this sum each year). When you think of the \$70,000.00 payable over the ten years you can see that the present rates and present valuations would easily take care of this small bond issue.

(2) During the past five years there has been an increase each year of approximately 10% in the city tax roll valuations due to new construction, both residential and business. A 15% increase is estimated in 1957.

(3) With the above savings and with the increase of valuations from new construction and with anticipated savings and anticipated increase in new residential and business construction which will be subject to taxation, it is readily seen that the present city valuations of 45% of actual or market and the present city rate of \$1.35 for each \$100.00 taxable value need not be increased either as to valuations or rates.

(4) It will readily be understood that the same situation with reference to the city will be true with the county insofar as new construction and new improvements are concerned which will when added to the tax rolls bring in additional revenues.

Further Information As To Cost To The Taxpayer Insofar As The City Ten-Year Bonds Of \$70,000⁰⁰ Are Concerned.

Present Actual Value of Property	Present Assessed Value of Property	Present Taxes	Amount of Present Tax for Airport (Not additional but included in present tax by virtue of above explanation)
These figures as set forth will indicate the method of taxation at present time.			
\$1,000.00	\$ 450.00	\$ 6.08	\$.30
5,000.00	2,250.00	30.38	1.50
10,000.00	4,500.00	60.75	2.98
15,000.00	6,750.00	91.13	4.56
20,000.00	9,000.00	121.50	6.08
25,000.00	11,250.00	151.88	7.60
30,000.00	13,500.00	182.25	9.11
40,000.00	18,000.00	243.00	12.15

The above will take care of the airport without additional increase in valuations or rates or present tax amounts.

The above explanation in connection with the city taxes is made for the reason that the larger portion of the bond issue is to be borne by the City. The property in the city of course will stand its pro rata part of the tax of the small \$52,000.00 issue in the county and thus the farm and ranch lands of Deaf Smith county would be bearing such a small portion that it would be almost infinitesimal.

PROGRESS

Let us all vote and do our part for the clean, wholesome and practical progress of our community, our county and our city. Many of the large taxpayers of the City of Hereford strongly favor the airport. Surely all of us over a period of ten years can pay a few cents or a few dollars that will in all probability bring many many times the amount in returns to us directly or indirectly in a financial way. We are proud of our community, of our county and our city, otherwise we would not be here. Let us cooperate with the Federal Government, with our fine members of our City Commission, and the fine members of our county government and add our cooperation to the cooperation which they have evidenced with each other in bringing about a safe landing strip and airport of which we will be proud and which may have its part in helping us and others financially directly and indirectly and possibly in the saving of lives, whether it be ours or that of our neighbor or our neighbor's children or of strangers in the air passing in this direction. Let us vote and speak out on December 18 by saying to all of our neighboring cities that we intend to be cooperative, progressive and that we will not take second place to any town in any community project for the betterment or progress of our people.

Future Homemakers Will Present Christmas Program

Christmas, in all its gaiety and beauty, as well as the true spirit of the season, will be the theme of Homemaking Style Show which will be held at 8 p.m. Tuesday, Dec. 11, in the High School auditorium.

Marking the completion of the sewing term, approximately 60 girls will model dresses made at home and at school, in a round of Christmas scenes designed to carry out the Christmas slogan, "Put Christ Back in Christmas" and at the same time provide an entertaining program of interest, heralding the holiday season. There will be no admission fee.

Mrs. John Sims, pianist, will provide musical background for the show with Miss Sue Springer serving as commentator. Special music will be furnished by the band under the direction of Charles Bell.

The party scene will be done by Jane Newsom, Elaine Wagoner, Sue Springer, Barbara Damron and Dolly Paetzold. Escorts will be Bill Calloway, Danny Elliston, Bill Woodford, Carol Willoughby and Bill Dufur.

Martha Bookout will serve as soloist for the band in this scene, singing "White Christmas." Carolers will sing Christmas selections.

Many other scenes will follow in sequence to depict the fun, the love and happiness at Christmas time, leading up to the final manger scene with Sharon Owen telling the age-old story in song.

Mrs. Joel Hodges, homemaking teacher, has directed the production assisted by Mesdames J. W. Barnett, Max Drever, George Paetzold, John Blocker Jr., the art department under the direction of Mrs. Virgil Dodson, and music department under the direction of Don Moore and Charles Bell.

LEFT—In the last scene Betty and Corky Paetzold will portray the story of the manger and Joseph and Mary with the Christ Child. Silent Night and O Holy Night will be sung in soft musical accompaniment in the distance.

RIGHT—A lot of the fun comes before Christmas, especially the decoration of the tree. Here Phyllis Sumner, left, Mildred Paul and Jenny McCathern begin the all important process.

THE DOLL SCENE—Mrs. Joel Hodges, right, takes a moment out to dream about the show, visualizing beautifully dressed dolls taking the parts which will be characterized by her students.

BELOW, RIGHT—Donna Lovel helps Karen Sue Stanford hang her stocking for Santa to fill, as Alan Wagner watches sister Bonnie set out milk and crackers for the Jolly Old Fellow.

The Southside Circle of the WMS met in the home of Mrs. H. R.

Stewart Tuesday morning. Those present were Mesdames H. S. Fuller, Ray T. Stewart, Rea Cox, Norman Miller and the hostess.

Mrs. G. B. Hagar, Mrs. C. C. Whitaker and Mrs. N. R. Miller were guests of the second year homemaking girls for lunch at the high school Tuesday.

Trip to Colorado
The Rev. and Mrs. Paul McClung, David and Kenneth Dale and Della Ruth Dow accompanied the Walter Galleys back to their home in Center, Colo., Thursday and came back home Saturday. Irene Galley came back home with them to go back to college in Canyon on Sunday.

MR. AND MRS. CLAUDIE GENE HAMMIT

Darla Betts Becomes Bride Of Mr. Claudie Gene Hammit

By JUDY GRETCHEN PINNELL

In a semi-formal ceremony performed recently in the First Baptist Church, Lockney, Miss Darla Betts, daughter of Mr. and Mrs. Horace Betts of Adrian, became the bride of Claudie Gene Hammit, son of Mr. and Mrs. C. W. Hammit, Lockney.

Rev. Henry Eason, former pastor of the First Baptist Church, Adrian, read the vows as the couple stood before an arch of white chrysanthemums bedded in greenery flanked by seven branched candelabra with blue tapers. Palm trees formed the background for the altar scene. Mrs. Mack Hickerson, Floydada, played the organ prelude and accompanied Mrs. Troy Ray who sang "Indian Love Call," "At Dawning," and "The Lord's Prayer."

The bride, given in marriage by her father, was gowned in white lace over satin. The ballerina length skirt was fashioned of rows of ruffles with an overskirt of tulle. A large satin bow formed a bustle at the back. She carried a bouquet of red roses nested in lace. For something old the bride wore her mother's engagement ring, something new was an earring and necklace set, a gift from the bridegroom, and borrowed was a handkerchief belonging to Mrs. Charles Hammit which she had carried at her own wedding.

Mrs. Doris Jewett, of Adrian, a classmate, was matron of honor. Bridesmaids were Misses Shirley Wofford, Christine Wilson and Roma Brewer, all of Wayland College, Plainview. They wore blue ballerina length gowns and carried nosegays of white carnations.

Vickee Hammit, niece of the bridegroom, wore a gown fashioned like that of the bride. She carried a tulle umbrella and scattered rose petals.

Ring bearers were Lucius Hill of Amarillo, and Jolene Betts of Adrian, sister of the bride, who was dressed in white lace over orchid satin.

Charles Hammit, brother of the bridegroom, was best man.

Ushers were Donald Allison, C. L. Turner, and Tom Simpson.

Larry Hammit and Jorace Betts Jr., were candlelighters.

Mrs. Betts, mother of the bride, wore a blue dress with pink accessories. Mrs. Hammit, mother of the bridegroom, was dressed in a navy suit with white accessories and wore a corsage of white carnations.

Household Tips

Intriguing first-course beverage: mint-flavored cherries, with a little of their syrup, added to unsweetened pineapple juice.

Cut out tiny rounds from scraps of pie dough. Put a dollop (small) of anchovy paste, Roquefort cheese or grated cheddar cheese near the center of each; fold over, seal and bake. Serve with tomato juice.

Add drained whole-kernel corn and diced cooked shrimp to a cheese fondue. Serve with sliced fresh tomatoes or tomato aspic on salad greens.

Next time you make a glaze for ham from brown sugar, mustard and vinegar, try adding a pinch of allspice, ginger or snace.

Want your cheese souffle to have a top hat? Before putting it in the oven, mark a circle over the surface about one inch from the rim of the baking dish with the tip of a spoon. Don't worry if the circle doesn't seem to stay put before baking.

Spaghetti takes to other sauces besides tomato. It may be dressed, for instance, with olive oil, minced parsley, crushed garlic and cheese.

YOUR RED CROSS ON THE JOB

By CORINNE J. NEELY

HUNGARIAN RELIEF

Routine chapter work this month has been replaced by the Hungarian Relief Fund need. The National American Red Cross (of which we are a part) has already used from the disaster fund \$250,000 and are now asking American citizens to donate at this time 5 million more to carry on for the care of the Hungarian refugees in this country and in Austria and other surrounding countries. We are only one of many agencies aiding them but we have been called on first, to help carry the load which is too much for the countries to which many are fleeing. We have access to places above all others to meet their immediate needs. At this time over 200,000 refugees have left Hungary with another 50,000 expected this month.

The local chapter has been asked to raise \$326.00 to aid in this work and the first 3 days has brought in 14% of goal. We hope this week we will go over the top. This will be easy if as many as 300 people will mail or bring a dollar to the office.

In Hungarian Relief Many of the Gift Boxes packed by the Juniors last spring have gone, along with others, to Hungarian children at Camp Kilmere-refugee camp here in America.

Of the \$20.00 sent by the Juniors from their funds to the Red Cross Children's Fund, each year, they will have a part in the overseas aid to refugee children in Austria, 12,000 underwear, 7,488 sweat shirts, 21,192 cans baby food, 1,500 soft toys, 2,100 gift boxes, and \$5,000.00 milk and nursery supplies.

The local Juniors have recently given \$10.00 toward our goal for Hungarian Relief.

Other chapter activities: Your executive secretary attended a district meeting of 22 counties this week at Borger for Home Service work, for instruction, information and new phases of this work which is for the serviceman, his family; and the veteran and his family as well as with local problems working with other agencies.

Streu's Diary

December 7, 1956

DEAR DIARY:

Yuletide Greetings and all that kind of stuff — I have given up even trying to figure business and business habits of people!! Looked as tho' we just weren't going to do any Xmas business at all, when bango — starting Monday we have been as busy as a baby beaver in a toothpick factory. Goody!! Delivered six RCA Victor TV's this week with two more to go out as soon as we can set up antennae. Our selection of TV models is still fairly complete as yet, and we have more on the road. We were completely out of the \$41.95 RCA "45" portable players, but found ten more I could get, so we are in business again on those. We have record players priced from \$31.95 to \$355.00 on the floor — also a good selection of colors. We are receiving shipments of RCA records almost daily, now — just got in some new Presly albums this morning.

Jean offers a wide selection of paper products — such as party table covers, napkins, plates and cups — also place favors, etc. Lots of home seasonal decorations and decorating materials such as paper Xmas trees, and bells, a wide assortment of shapes and colors in decorative candles and many other items such as artificial fruit and flowers and leaves and stuff. Jean and Marguerite are quite good at arrangements, too. Of course, as I have mentioned before, we are loaded to the gills with gift items. Might also recall to your attention that we gift-wrap merchandise purchased here, and will wrap

for mailing at a reasonable price. Seldom mentioned in our advertising, but in stock — shotguns and rifles, air guns, pellet guns, fishing tackle and allied lines in profusion. Got in some new barometers this morning — beautifully decorated and priced just right for the budget buyer.

There are, of course hundreds of items in our stock suitable for gifts for the do-it-yourself man — tools of all kinds and gadgets galore.

Received this week — record players, records, candies, dishes, two new transistor radios, radio batteries, flashlights, parcel post twine, ironing boards and covers, measuring spoons, bolts, Foley covered baking pans, Foley strainers and sifters — and on and on.

All of which adds up to the fact that at Streu's you can shop for most anything any time and save time — and possibly, a bit of money, too.

Would suggest that you not try to drive through our alley, it is almost completely blocked with paper, leaves, boxes and other trash which has blown in and, I guess, is too, too utterly heavy to be picked up. If you can remember when the trash men had time to use a rake and fork along the alleys, you just needn't worry about the draft.

Bouquets to the Jay Cees, the Utility company boys and city employees for the beautiful Xmas decorations around town. Thanks.

Priscilla Baumgardner And Robert L. Jacobson Are Wed

MR. AND MRS. ROBERT L. JACOBSON

In a double ring ceremony held in Wellington Saturday, Dec. 1, Miss Priscilla Baumgardner, the daughter of Mrs. Joseph Baumgardner, became the bride of Robert Lee Jacobson, son of Mr. and Mrs. N. L. Jacobson of Adrian.

Vows were read in the home of the bride, where autumn leaves and flowers were used to form an improvised altar. Dr. Hubert Bratcher, of Lubbock, district superintendent of the Methodist Church, conducted the service.

Mrs. Verne Harper, former music teacher of the bride, provided traditional nuptial music and accompanied C. M. Gordon, brother in law of the bride, who sang "Because."

Mrs. C. M. Gordon of Grapevine, the bride's sister, served as matron of honor, wearing a powder blue ballerina frock with corsage of pink tipped white chrysanthemums.

Grady Scaggs, long time friend of the bridegroom, was best man. Ushers were Robert Baumgardner, brother of the bride, and Max Hardesty of Lubbock.

Given in marriage by her brother, John Henry Baumgardner, professor at Texas Tech, the bride wore a gown of white Chantilly lace over taffeta. Fashioned with fitted bodice and full skirt, the gown had long fitted sleeves and sweetheart neckline. The fingertip veil of illusion was attached to a Juliet cap.

The bride's mother wore a pale green silk frock trimmed in pale rose and the bridegroom's mother wore a pastel rose tailored dress. Each wore a corsage of miniature chrysanthemums in white tipped in pink.

Reception Held in Home
Following the ceremony a reception was held in the Baumgardner home. The bride's table was laid with an Italian linen cloth and featured a double-ring wedding cake encircled with autumn leaves.

Assisting with the hospitalities were Mrs. Haynes Baumgardner of Waco and Mrs. Robert Baumgardner of Brownfield, sisters in law of the bride, and Mrs. David Baumgardner of Wellington.

Included among the out of town guests were Mrs. Oline Leggett of Hereford, Mrs. B. E. Witt of Amarillo, and Mr. and Mrs. E. N. Jacobson, Mr. and Mrs. E. R. Jacobson.

Tea Pays Honor To Bride-Elect Dorothy Veigel

Friends learned with interest on Saturday afternoon of the engagement and approaching marriage of Miss Dorothy Veigel to James Marlin Oswald of Plainview, when her mother, Mrs. Robert Veigel entertained at a lovely tea given in the Veigel home, 511 N. Roosevelt.

The bride-elect's chosen colors of silver and green set the colors for decoration and appointments. The refreshment table, laid in white, was centered with a rose tree fashioned of tall green tapers in silver candelabra in full bloom with romantic Sweetheart and Briarcliff roses. Wide satin streamers bore the names "Dorothy and Jimmy, Dec. 27," in silver. Delectable accompaniments for coffee and tea picked up the dainty colors.

Guests were received by Mrs. Veigel, the bride-elect and the prospective bridegroom's mother, Mrs. Jas. B. Oswald of Plainview.

Presiding at the table were Mrs. Garland Sorley of Dallas, Mrs. Veigel's sister, Mrs. Melvin Walters of Kress, Mr. Veigel's sister.

La Plata Club To Help In Labor Camp Christmas Party

La Plata Study Club members voted to take food, clothing and toys to the next meeting for the Hereford Labor Camp Christmas party, at the regular club session held Tuesday evening in the home of Mrs. Claude McDougal.

Mrs. M. C. Adams, president, presided over the business portion of the program when reports on the recent Hobby Show were given.

Mrs. Chas. Newell gave the program, choosing Frances Gray Patton as the author for discussion on the subject "Short Stories Read."

Telling something of the author's life in North Carolina where she lived most of her life, she mentioned many of her short stories and told of several in The New Yorker and The Ladies Home Journal. She described the best liked quality of Mrs. Patton's stories as the common ground theme which enables the reader to put himself in her characterizations.

She quoted the author who said "What I like best in any story or book is the illumination of the mysterious when the reader somehow catches a glimpse of the inner structure of a human life, and I hope that quality will be in something I write if only at the end of a solitary sentence."

Mrs. Newell gave a summary of two short stories, "The Man Jones" and "Mother's and Daughters," and reviewed Mrs. Patton's latest book "Good Morning Miss Dove."

Members attending were Mesdames John Aiken, M. C. Adams, F. L. Alexander, Leroy Aven, Jay Boston, Homer Brunley, Clint Formby, Don Little, Ansel McDowell, Chas. Newell, Frank Prowell, A. J. Schroeter, T. E. Seiger Jr., Urlin Sireu, Raymond White, Liston Wilson, Louis Woodford and the hostess.

Other out of town guests included three grandmothers of the engaged couple, Mrs. J. O. Oswald, Mrs. Sam Faith and Mrs. Chas. Veigel, all of Plainview, Mesdames Clifford Dameron, J. D. Worley, Harold Neis, Dyer Slaton, Sam Curry, J. B. Roberts, and Nella Ann Neis and Adelaide Slaton, all of Plainview, Mrs. Joe Neely of Amarillo, Mrs. J. L. Matlock and Mrs. James Matlock of Pampa.

Recent guests in the home of Mr. and Mrs. Lee Conklin were Mr. and Mrs. Roy Green of Madison, Wis. Mr. Green and Mrs. Conklin are cousins.

Better Conditions For Our Policemen

The City Commission's schedule of better pay and shorter work hours for policemen is a step long overdue in Hereford and many other small cities. While it will possibly draw criticism in some circles, general approval of the action should follow.

We say this for several reasons. First, the policeman has a highly important job. Regardless of the quality of the department, it is never better than its weakest link—and that link is always the individual cop. In addition to occasionally risking his life, the policeman is called upon to perform the unpleasant task of issuing traffic tickets and calling down violators. He is, of course, expected to pay his bills promptly; he is expected to use tact, be understanding and to enforce the law without favoritism.

To attract this type of person, you would think that salaries would be exorbitant. Instead, the base pay of \$250 a month has called for 72 hours per week. The situation is much more out of line than has been that of the school teacher or the white collar worker about whom you hear so much.

Because the policeman wears a gun and has the authority to use it, we need level-headed, sensible men on the job. How the department has maintained its unusual quality and status over years past, we do not know. We do feel, however, that the recent action of the Commission was in line and a step in the right direction. We think that the public will be happier—and we know that the policeman will be happier.

A Worthy Cause

Alert as usual to relieve suffering anywhere in the world, the American Red Cross has established a special \$5 million fund to assist persecuted and uprooted Hungarians.

The Deaf Smith County quota, according to announcements this week, will be \$326.

Contributions are coming in at the Red Cross office, although workers indicate that many people are inclined to forget or overlook the special project. Certainly, there has never been a more needed or a more worthy cause than that of the Hungarian people who were willing to give up everything in the cause of freedom as they fled from their homes in the midst of the Thanksgiving-Christmas season.

A donation from those who can afford it will possibly bring more happiness and more comfort than any other Christmas gift they make this season.

FAITHFUL TRUSTEE
DURANT, Okla. (AP) — A. H. Ferguson has been a member of the board of trustees of Oklahoma Presbyterian College for 53 years and in all that time has missed only three meetings.

FORD GENERATOR
MILAN, Mich. (AP) — A little-known pet project of the late Henry Ford furnishes light for the village office and the public library in the village of Milan. It's a \$250,000 generator built by the automobile industrialist in 1937 when Ford's hobby was hydroelectric power to operate a soybean mill.

ARE THINGS REALLY BETTER NOW?
People have more money today than they did before World War II. But here are some sobering comparisons: A worker who earned \$3,000 in 1939 needs \$6,122 today to be as well off. The family with a \$5,000 income in 1939 has to have \$10,583 now. And 1939's \$25,000-a-year man was doing just as well as today's executive who brings in around \$68,000 a year. Taxes and inflation make the difference. No denying it, the dollar has really shrunk. — Changing Times.

POTASH SAFETY
SANTA FE, N. M. (AP) — The State Health Department says miners face no danger from dust in potash mines. It says a survey shows the dust is soluble and a miner would receive no more potash from breathing the dust than normally would be taken into the system by eating an apple. The Carlsbad, N. M., potash mines produce 90 percent of the nation's supply.

WHITEMAN'S FATHER HONORED
DENVER (AP) — The awards, honors and money acquired by Paul Whiteman, long known as the King of Jazz, are in his words: "nothing compared to my dad, Wilberforce J. Whiteman."
That was the jazz king's summation on a visit to Denver to participate in the dedication of a school named for his late father, musical director of Denver's public schools.
"He's been gone 20 years," Mr. Whiteman said, "and he is just as much alive as though he were standing in Denver today. He did more than I'll ever do. When I'm gone, nothing much will be said about me. But my pop? He'll live forever."

FORT MADISON, Iowa (AP) — When Junior John Reynolds, 34, escaped from the state penitentiary he did not figure on his mother making the capture.
Prison officials said Mrs. Ethel Reynolds escorted her son back to the penitentiary 24 hours later. Reynolds had 23 days left to serve when he fled from a work detail. He now faces an additional five years for escape.

FERTILIZER USE CLIMBS
ROME (AP) — World use of fertilizers has more than doubled since 1938.
In the United States, consumption has more than quadrupled, although U. S. farmers average less per acre than most Western nations.
Highest consumption per acre in the world is in New Zealand. The Netherlands, Hawaii, Belgium and Japan, rank next in order.
The fertilizer statistics were published in the current bulletin of agricultural economics and statistics of the U. N. Food and Agriculture Organization.
World consumption jumped from 8,400,000 metric tons in 1938 to 17,900,000 tons in the 12 months ending June 30, 1955. U. S. consumption increased from 1,311,000 to 5,469,000 tons.

PLAYING POSSUM
TEMPLE, Okla. (AP) — Mrs. R.C. Nelson caught a mother possum and two young in her hen house, grabbed a club and beat them. She took the bodies to the city dump but as she was leaving noticed a sign saying there was a \$50 fine for dumping dead animals.
She went back to pick up the animals but she didn't have to worry.
As she neared the spot she saw the mama possum and two little ones walking away, apparently unhurt.

Mrs. Edgar Telchik Is Leader Of The Cultural H. D. Group

QUESTION OF THE WEEK

Here's Some Answers To That Perennial Problem

Where do you get the money used for the buying of Christmas presents?

MRS. MONROE PARKER: This year, my middle-sized daughter and I have had a savings for the past several months. We have used a jar and when we had to borrow from it, we put in an I. O. U. Too, we are very careful to save all of our stamps from way back in the summer for some other gifts. About two weeks before Christmas, we are very careful with our money.

MRS. R. L. RAMEY: I save back some money each week in the weeks just before Christmas.

MRS. J. H. McDONALD: I just use the money we have on hand. If we don't have much money, I just don't buy too many presents.

MRS. CHARLES LAING: I usually start buying the presents a month or so before Christmas so that I won't have all of the expense at one time.

MRS. STEVE WRIGHT: Homemade gifts are the solution to a large part of my problem. I try to start sewing and painting early in the fall. Then I use the lay-away with a few dollars paid each week on the children's toys and other special gifts.

MRS. C. R. McQUIGG: I have no specific way . . . just start my shopping in November and buy the gifts. I have no planned budget for it.

MRS. DONALD SHIPLEY: We just have to arrange for Christmas out of the money we make out of our crops. The amount depends on the size of the crop.

Ready to begin her second year as president of the Cultural H. D. Club is Mrs. Edgar Telchik of 222 Ave. E. Mrs. Telchik formerly made her home northwest of town where the other members of the club live, and she chose to keep her membership in that club after the move to town.

The Telchik family came to the Hereford area from O'Donnell where they farmed down in Borden County. The sparsely settled county had no home demonstration activity, and Mrs. Telchik and a group of interested women had just completed proceedings to secure an agent when the Telchiks decided to come to Deaf Smith County, Christmas Plans

Christmas plans of the Cultural Club include a holiday party to be held at the home of Mrs. Louie Olson on Wednesday, Dec. 12. The members do not have "secret pals" but will exchange gifts by drawing numbers on arrival. An arrangements committee is making plans for the festivities of the afternoon.

As individuals, the club members have expressed a desire to take part in the community "Project Christmas Card" to aid in furnishing the new wing to the hospital.

Elisabeth Brummer, exchange student from Sweden, will be recognized by the club during the holiday activities.

Club Officers

The slate of officers who will be working with Mrs. Telchik for the coming year include the following: vice president, Mrs. Melvin Sumner; secretary - treasurer, Jane Packard; assistant secretary, Mrs. Ted Royal; council delegate, Mrs. Louis Olson; alternate, Mrs. Ervin Robinson Jr.; reporter, Mrs. Grady Parsons; assistant reporter, Mrs. Earl DeHart; federated council delegate, Mrs. T. J. Richardson.

Plans call for the committee chairman to be appointed at the next regular meeting of the club.

Mrs. Telchik has been chosen to serve as the marketing committee chairman for the County H. D. Council for the coming year. She is an active participant in the work of the H. D. Market which is operated by the council at Taylor and Sons.

Collects, Uses Recipes

Her participation in the market is a part of her hobby of cooking and collecting recipes. While her husband is not a hearty eater of sweets, Mrs. Telchik still likes to bake pies and cakes. So she bakes them and sells them at the market for a little extra "pin" money. Specialties coming out of Mrs. Telchik's kitchen are miracle whip chocolate cake and banana nut cake. And she bakes small sizes for individuals and smaller families. Her two layer small cakes measure just 4 inches by 4 inches which is just enough for one meal. And the price of only 60 cents is very popular with the customers. She also makes even smaller cakes which sell for only 15 cents.

Daughter Away at School

In addition to her love for cooking, Mrs. Telchik also likes to sew for herself and for her daughter, Mozelle. She collects house plans and ideas with the hope that they someday may build a new home on their farm northeast of Hereford. Copper pictures made for gifts, are also a hobby.

Mozelle, the only child in the Telchik family, is now a sophomore student at Harding Christian College in Searey, Ark. She is studying to be a dietitian and hopes to do welfare work upon her graduation. In a recent letter, she told her mother that she had been elected queen of the campus fraternity, Beta Phi Kappa. Mozelle is expected to arrive home for Christmas on Dec. 15, her first trip to Hereford since school began in September.

Married In Borden County
A native of Montague County, Mrs. Telchik met and married her husband after she had moved with her family to Borden County. He has been a maize and cotton farmer since their marriage.

The Telchiks are members of the Church of Christ, and she teaches a training class for girls at the church each Thursday afternoon.
"I have really appreciated what I have learned in the club work to help me with my cooking," Mrs. Telchik said. She commended Mrs. Argen Draper as a home demonstration agent interested in helping the women with new ideas.

TV COLLEGE

CHICAGO (AP) — If you live within viewing distance of Chicago, you can go to college in front of your television set this fall.

The Chicago public school system will present three or four college credit courses under a program financed by a \$165,000 grant from the Ford Foundation.

Supt. of Schools Benjamin C. Willis said the program will enable a home viewer to get a two-year junior college education over a period of three years.

Government statistics in Mexico show that 800,000 more Mexican babies are born each year than there are deaths.

EXPAND FARM ROAD SYSTEM

More links in Parmer county's farm-to-market paved road system have been announced by the Texas Highway Department in its new two-year plan for improvements. A total of 17.6 miles is scheduled for three projects, including: From farm road 2290 three miles east of the New Mexico state line, south to U. S. 60, a distance of approximately seven miles; from farm road 299 near Friona, east, south and east to road intersection a distance of 7.6 miles; from farm road 1172 north of Lazbuddie, northeast a distance of three miles, the road would take up just north of the Lazbuddie School. Cost for construction is estimated at \$233,000.—THE FRIONA STAR.

EXPECT SLIGHT COTTON ACREAGE CHANGE

Lamb county's cotton acreage was cut seven percent in 1956 as compared to the 1955 allotment. The county's total allotment for 1956 was about 190,000 acres. Lamb county growers will receive official notice of the 1957 farm acreage allotment for cotton in the next few days. Cotton acreage allotment for Lamb county farms have been determined by the County ASC Committee in accordance with the law and the regulations issued by the Secretary of Agriculture and is based upon the national total of acres available for establishing upland cotton farm allotments for 1957. Lamar Aten, office manager of the Agricultural Stabilization office at Littlefield, said he thought there would be a slight increase in 1957 but there definitely would be no decrease.—THE OILTON ENTERPRISE.

NEW CASTRO COUNTY ROADS

The Texas State Highway Commission has named two stretches of Castro county public roads to be paved. One stretch to be paved under the Farm to Market road program will be from the western limits of Farm Road 1057 south to connect with Highway 86 and Farm Road 1305 about six miles west of Dimmitt. The other paved road will be from Highway 51 in Dimmitt to the above proposed road, a distance of about 6.5 miles. The new pavement will connect with Highway 51 at the Kirkpatrick Sales Co. service station and go west to connect with what is presently known as 25 Mile Avenue. The total cost of this twelve mile stretch of pavement will be about \$212,000.—THE CASTRO COUNTY NEWS.

Panhandle Paragraphs

Editor's note: The Bootleg Philosopher on his blindweed farm won't get anywhere with his idea this week, and we want it understood it's his idea, not ours.

Dear editor:

People are always talking about the national debt, how the country is spending more per year now than it did in all the time from George Washington to the turn of the century, but nobody says much about the city debt.

Yet the other day I noticed in a copy of a newspaper which turned up in my mail box, it was as easy as that, no hunting for it, no pulling it off a barbwire fence, that the debts of cities in the U. S. are now at an all-time high and going higher. That is they would go higher if the cities could figure out how to do it.

Nearly any city or town you can name is strapped for more revenue, they all need more paved streets, the streets they've got need fixing, they need new water mains, or a new city hall or a new jail or a new fire truck or more clerks, and there's no end in sight for more spending.

But I have hit on an idea. I've noticed that there's a big controversy in lots of places over the right of a city to annex new territory. Some cities have taken in territory so fast it takes a permanent crew just to mark off the new city limits.

And I have been thinking: The bigger a city gets, the more money it's gonna take to operate it, and the harder-pressed its citizens are gonna be.

So, the only solution for the city people is for the country people to come to their rescue. If a city can annex the country, why can't the country annex the city? The only way to solve some big cities' problems is to return them to the country. As I understand it, all it takes in most cases for a city to take in more area is a vote of the city people.

Consequently, I am proposing that you get the State Legislature to pass a law allowing the country people to take in city areas, by a vote of the country people only.

This is the only way I can see to save the city people from going further in debt, and the way it looks to me, Washington needs all the debt-capacity of the people, without having it chipped away by all the other cities in the 48 states.

If you think this idea has any merit, it'll surprise me.
Yours faithfully,
J. A.

Back Talk In Holiday Modes

FLOATING PANELS—Typical of gale new holiday styles are these two dresses cut on slim sheath lines given movement and interest by back panels and drapery. At left is a short evening frock in nylon georgette with jeweled bodice and permanently pleated sash forming winglike panels in back. At right, a slim arrow of a dinner dress in peau-de-soie type fabric of color-sealed acetate, with draped bustline and dramatic flying back panels falling from a single rose.

AP Newsfeatures

New silhouettes and new fabrics change the holiday fashion picture this year. The straight-as-an-arrow sheath silhouette has been given softness and movement by various devices, chief among them the floating back panel.

There's a look of feminine elegance to the dresses that will shine at holiday parties this season, with a new formality. Important in the fashion lineup is a new group of man-made fabrics as well as the

standbys, silk, velvet and wool.

Sheer nylon georgette is used in gossamer party dresses often employing permanently pleated skirts or trimmings and sparked with jewel embroidery. Color-sealed acetate gives new brilliance to colors of festive gowns in such luxurious fabrics as synthetic peau-de-soie, taffeta and crepe.

The most brilliant season in many years calls for important formal dresses to do justice to holiday festivities.

HOW TO HELP YOUR YOUNGSTER-LEARN

Whether your young child is exceptionally bright or not, here are some ways to help him learn: Let him talk as much as he likes. And listen. Speak correctly to him. Answer his questions patiently — even when they get on your nerves. Read to him. When he grows restless, though, let him go. Stick to good books.

Encourage him to reason, to plan ahead, to follow instructions. But don't press him to learn. And don't teach him to read — that's a specialist's job.

Have faith in him. If he's like other kids, fine. If he's different, that's fine, too. Let him know that he's yours and he's okay.—Changing Times.

Avid Collectors Forced To Build House Addition

LANCASTER, Pa. (AP) — All the members of the William Schwartz family collect things.

And when their house became too small an addition was built to make room for the 3,000 beer steins that the father collected.

Bill Schwartz, who operates a farm nursery, started his beer stein collection 10 years ago. It got so big he built a wing on his home where the collection now resides. One piece, a hand-carved mug from an elephant's tusk, is worth more than \$3,000.

Mrs. Schwartz collects star-pattern cut glass. Her 17-year-old son, William, Jr., has two collections—antique automobiles and curious-looking pipes.

Carol Schwartz, 16, collects antique dolls; Nancy, 13, antique miniature tea sets, and Robert, 7, mechanical toy banks.

Household Tips

Scrumptious dessert for three: a pint of vanilla ice cream topped with a package of frozen thawed strawberries.

Ever add flaked tuna to French dressing or mayonnaise? Good over tomatoes, cucumber, salad greens.

Canned tomatoes help to make a meat loaf juicy; whole kernel corn added to the meat mixture will give flavor interest.

Wonderful sauce for fish: Make

whipped cream sweet-sour with sugar and lemon juice and add grated well-drained cucumbers.

A beet aspic is now available in cans. Cut the ruby-red aspic in round slices and serve with cottage cheese and greens for a luncheon salad.

Small fry like creamed spinach when it is topped with bits of crisply-cooked crumbled bacon.

Mix orange juice and honey together; serve over fresh grapefruit sections (membrane-free) and sliced bananas.

Delicious additions to tomato aspic: diced avocado, sliced hard-cooked eggs, flaked tuna or slivers

of cooked shrimp.

Thin tender pancakes may be filled with thick sweetened applesauce and rolled. Arrange the filled pancakes in a baking pan and heat in a moderate oven; serve at once with a topping of freshly-grated nutmeg wafted over a dollop of sour cream or whipped sweet cream.

Give color interest to creamed finnan haddock by adding strips of green pepper and pimiento; or sprinkle with paprika.

Mix mashed cooked carrot with mashed cooked parsnip, butter or margarine, salt and pepper.

For best flavor, cook liver shortly after you buy it.

Christmas Tree Skirt Is Fun To Make

By DOROTHY ROE
Associated Press Women's Editor

The Christmas tree gets a touch of fashion this year with a felt skirt which hides the base and keeps pine needles off the rug. It's a breeze to make in red or green felt, trimmed with metallic rick-rack.

Local sewing center experts give simple directions for making this gay holiday accessory. You will need about one square yard of felt. Make a paper pattern of the shape and use it to guide you in cutting the felt. Baste gold or silver rick-rack in a Christmas tree outline at intervals around the skirt, and use a zigzag stitch on the sewing machine to secure braid to felt. Trim with sequins, selecting star-shaped sequins for the top of the trees.

Edge the felt in wider metallic rick-rack. Slit skirt from one edge to center and cut hole in center big enough to go around trunk of tree. A hole four inches in diameter usually is about right. Edge hole and slit with metallic rick-rack.

If you have felt left over, make a small version for a tiny centerpiece tree for your Christmas table. And you may have enough to make a gay holiday apron to match.

TREE FASHION—A skirt for the Christmas tree is made of gay red felt trimmed in gold rick-rack, easy to make.

Jerry is a sixth grader, Larry is a sixth grader and Rex is a third grader. Glenn is still at home and there are three older boys in the family. These folks moved here from Hereford. We hope they like our community.

Mrs. Minnie Miles from Pampa was a guest in the home of her daughter, Mrs. Jack Weaver and family, for Thanksgiving.

A Missourian struck a match with his thumb nail, and the burning head flew into a Christmas tree causing a fire which took the lives of a mother and three children.

Metal, glass and asbestos Christmas decorations are non-combustible.

Said Plaintiff's Petition was filed in said court, on the 6th day of December A. D. 1956, in this cause, numbered 3948 on the docket of said court, and styled, Vella Guerrero Vega, Plaintiff, vs. Agustín Vega, Defendant.

The names of the parties to the cause are as follows:

PARTY FARE
Arrange cubes of pineapple and mild white cheese alternately on small skewers. Serve as an appetizer.

DEEP FAT FRY
Have your deep fat at 360 to 375 degrees when you are frying the doughnuts for your parties, or fritters or batter-covered shrimp.

Decorations and wiring should be checked before putting up the Christmas tree.

Defective lighting on a Christmas tree caused a blaze which destroyed an entire business district in Pennsylvania last year.

Christmas trees kept out of doors until they are ready to use stay greener and are less likely to burn.

Keep Christmas trees away from all sources of heat. Heat dries them out, making them easier to ignite.

Reports On Grass Are In Variance

By JIM WIMAN

Hardly a day passes that someone doesn't ask us about the new perennial grass — sorghum alnum. About all we can do is tell them what we've heard and read in newspapers and magazines. We saw one field of it growing near Friona, but other than that, it's been heard say. This week, however, we received some factual information published by the Oklahoma Agricultural Experiment Station at Stillwater.

According to their report, the grass may not be all some had hoped it to be.

Test Reports Vary
It has been on trial in Texas about 12 years, the first planting having been made by Stephens and Quimby at the Chillicothe Experiment Station. Since that time, it has looked both good and bad, depending on where and when you saw it. At Wellington and Vernon, it reportedly has done very well. At Stillwater, most of it froze out in the winter.

The Stillwater report, prepared by Jack R. Harlan, warns of the danger of buying seed containing Johnson grass. The seed cannot be distinguished from Johnson grass, hence the danger. He also points out that the plant crosses readily with Johnson grass, so what started out to be a field of sorghum alnum might end up being a field of Johnson grass.

Fell Behind Sudan
At Stillwater the plant has not provided grazing of equal quality with sudan. At Ardmore, it did not produce in quantity as much as sudan and some of the other sorghums.

We hope this information will not discourage plantings here at Hereford. A number of people have already bought seed, and others are planning to buy. The only way we'll know what the plant will do is to try it here.

New Christmas Card Ideas

By IRVING DESFOR
AP Newswriters

A good many camera fans are undoubtedly still thrashing around, groping for a last-minute idea for a personal photographic Christmas card. Maybe it is recall some of the ideas that spring to mind, one of them might strike a responsive chord and spark some tan into action.

Remember, even ideas that have been used before can be made to look fresh and interesting by better lighting, ingenious camera angles, spontaneous poses and lively expressions. In any event, if a photo of the youngsters or the family is brand new it'll make a welcome sight for those on the mailing list.

Visualize a fireplace scene with Santa's reindeer just emerging or leaving packages under the Christmas tree alongside the fireplace. Over the mantel is a large framed photo. It shows the whole family anxiously craning their necks for a look at Santa's action below.

This would be a composite picture. First get a large, empty picture frame and photograph the family in it, holding on to the edge, looking in the direction necessary. Then hang the frame on the wall and photograph the fireplace scene with Santa in it. Print picture number one to fit the space in picture number two. Continue the prints and copy.

Other combinations might involve the family watching a television screen, home movie or a slide projection screen, an artist's easel or an outdoor billboard. In each case the holiday message or a personal photo could be substituted for the picture involved.

A close-up of a single Christmas tree ornament with a suggestion of a branch can be doubleprinted with a personal photo in the center of the ornament. Or photograph the youngster sitting on a large beach ball. Then by cutting the child out, you can replace the ball with an enlarged Christmas tree ornament.

Closeups of youngsters asleep in their beds caressing a toy or doll conjure up the familiar line, "It was the night before Christmas." However, in a situation like this, realistic lighting should simulate that of a night lamp instead of sunshine or a too-bright flash. Such a picture also lends itself easily to double printing with a dream image or the holiday message.

How about taking your flash camera and your youngster for a visit with a department store Santa Claus? While the youngster is on line waiting his or her turn, you could get up front and all set for a couple of shots of unposed action. If you have an f/3.5 lens, you may not need flash. With fairly good lighting, you could shoot at 1/25th

NEW BORN CHILD for Mr. and Mrs. William Cady, Worthington, Ohio, served as an appropriate theme for a combination Christmas card and birth announcement. He set up the manger scene at home and took the picture with a delayed timer.

second with the lens wide open and get some usable pictures.

Time-tested situations: children singing carols, hanging stockings, coming downstairs in their nightgowns with a candle, peeking for Santa, trimming the tree, looking through a wreath still have perennial universal appeal if given effective photographic treatment in your own family circle.

A holiday greeting and names can be added to pictures by writing the message on clear plastic or acetate and making a sandwich with the photo negative. You can adjust the plastic to whatever section provides the best contrast and then tape the two together for printing.

To leave a blank space on a print for a handwritten message or signature, you can use a coin or an opaque design either on the paper or on the negative during the exposure. In making enlargements, it's simple to leave a large coin in a selected spot on the paper. If a great many prints have to be made, it's easier to tape the coin or opaque design to the negative in the spot selected. The design can be in the shape of a Christmas tree or star to add another topical motif.

If you're making original cards,

it's very important to shop for your envelopes first and design your card to fit. When inspiration leads you outside regular sizes, you may find your toughest job is to find envelopes to match. Even in standard sizes, there's usually a last minute shortage of envelopes so get them in advance and get enough. Then the chore of addressing and stamping them can be turned over to other members of the family while you attend to the artistic aspect of producing the card.

While on the subject of envelopes, I'd like to make a plea for putting return addresses on all cards. Personal Christmas cards are sent to a great many people with whom we may not be in touch the rest of the year. If they should go astray, you'd never know it without a return address. The problem of sending out cards to correct current addresses would be easier if everybody had their address on the cards they sent. Many people like to acknowledge unusual or original cards and having the address handy makes it easier.

Provide a switch some distance from the Christmas tree for turning the tree lights off and on. Do not plug or unplug them beneath the tree.

Joel Hodges Will Be Top Scouter

Newly elected chairman of the Deaf Smith District of the Llano Estacado Council of Boy Scouts of America is Joel Hodges, vice president of the Hereford State Bank. Mr. Hodges will take office on Jan. 1 to serve for the year 1957.

Other officers elected include the following: vice-chairman, Dudley Bayne of Hereford, Charles Allen and Frank Spring, both of Friona; members-at-large, Wayne Edwards and Bert Boomer of Hereford, Bill Shelhan of Friona.

District Meeting
The regular district meeting of the Boy Scout executives convened at the Jim Hill Hotel on Tuesday at noon for a luncheon and business session with Chairman Bert Boomer presiding.

W. M. Teague, district executive, reported that the charter of Troop

50 was presented to the Lions Club by Don Zimmerman on Nov. 28. The charter of Troop 51 will be presented to the First Presbyterian Church in January. He added that the membership in the district as of Nov. 30 was 382 boys representing 241 Cubs, 122 Scouts and 19 Explorers.

Court of Honor Scheduled

The next Court of Honor is slated to be held on Feb. 11, according to an announcement by Wayne Thomas of the advancement committee. He stated that the district has a total of 27.1 per cent first class Scouts or better, representing the best district record in the council but still 12.9 per cent short of the national objective.

A T-Man's conference will be held at the elementary school in

Canyon on Jan. 26-27, the meeting was told by Earnest Langley. The program will begin at 5 p. m. on Jan. 26 and end Jan. 27 at 4:30 p. m. Teams will eat, sleep and study in the building, he said. He added that the Deaf Smith Club Team will present "Cub Achievement Plan" on the program at 8:30 a. m. on Sunday, Jan. 21. The Scout Team will present "Troop Operation" and the Explorer team is to present "Explorer Leadership." Another February Feature

Arrangements are to be made soon for the Scout anniversary program to be held in the schools and for civic clubs of Hereford and Friona sometime in February, Teague said.

Dr. Milton C. Adams stated that the Deaf Smith District Round Table will be held in Friona on Thursday, Dec. 16, at 7:30 p. m. in the American Legion Hall.

Coy Patton of Friona reported on the training course for Cub Scouting held there and he also stated that more than 100 attended the November meeting of Cub

Paiks in Friona. The finance drive now in progress is about 25% complete, according to Supt. Fred Cunningham, with a total of \$976 collected to date.

The next committee meeting is slated to be held at the Jim Hill on Jan. 8 with regular meetings to convene on the first Tuesday of each month after that date.

WHO SAID WOMEN ARE EXTRAVAGANT?

Wives more often than husbands are responsible for saving money. According to recent surveys, both husband and wife manage the savings in 59% of the families, the wife in 25% and the husband in 15%. In families whose income is above \$10,000 a year, the husband is more likely to see that some money is put away. But in families in the \$2,000-\$10,000 bracket, the wife plays the more active role in making sure something is saved.

—CHANGING TIMES
A small Christmas tree is much less hazardous than a large tree.

Toys requiring alcohol, kerosene or gasoline to generate power are especially dangerous. They may upset and set fire to children's clothing.

A Christmas tree will burn completely in 12 seconds according to Underwriters' Laboratory tests.

To reduce flammability, cut the Christmas tree at an angle and set it in water.

Electric Gifts

ARE THE PERFECT GIFTS

... ANY TIME, ANY SEASON!

Mrs. James B. Sharp and Mrs. Phil Brewer of Slaton, Texas, both agree!

BLANKET MAKES BEAUTIFUL GIFT

Mrs. James B. Sharp was highly pleased when she and her husband, Reverend James B. Sharp, received a beautiful electric blanket as a gift. "A wonderful, marvelous gift", exclaims Mrs. Sharp as she holds its softness to her face. In the picture below, Mrs. Sharp shows how easy it is to set (and forget) the automatic temperature control. The blanket maintains the same comfortable temperature all night long regardless of changing night temperatures.

SENSIBLE FOR CHRISTMAS

"A gift anyone would be proud of", says Mrs. Sharp — advice that is appropriate for the Christmas season. An electric blanket lets you be sure — colors are pretty, size is no problem, and no "dents" are left in the gift budget.

HERE'S A GIFT YOU CAN COOK WITH

"Ours was a wedding gift", says Mrs. Phil Brewer, and it has proven to be "one of the nicest gifts". Mrs. Brewer was pleasantly surprised that her frypan would "bake as well as fry" and that it "does not use as much grease as an ordinary frying pan". Too, she found that she could "take it on a vacation trip and use it anywhere there is an outlet". You, too, will be happy to give or to receive an electric frypan for Christmas. Its versatility will appeal to all who receive it as a gift.

IDEAL FOR CHRISTMAS

An electric frypan is the ideal gift at Christmas (or for any occasion). It's a practical gift that lasts and lasts with each recipe cooked serving as a pleasant reminder of the giver.

Present...with a future

You give more than money when you give a savings account in an Insured Savings and Loan Association. You give someone a head start on the savings habit... on getting many other worthwhile things in the future. And, as over seventeen million Americans know, saving in an Insured Savings and Loan Association means important advantages. Excellent returns from your money is one advantage. Efficient, forward-looking service from men who know how to make your dollars work harder for you is another.

And, of course, your money is safe because in Insured Associations your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government. These are the reasons why Americans

are putting more of their savings account dollars into Insured Savings and Loan Associations than anywhere else! And, with over \$39 billion of assets, these Insured Associations are a great force in encouraging thrift and home ownership.

You can invest in the future with as little as \$1 to \$5. Plan now to give someone in your family (or yourself) this "present with a future." Why not start with a part of your Christmas bonus... watch it grow... more quickly than you'd think.

Keep Small Hands Busy At Yuletide

AP Newsfeatures

The Christmas season has its dark moments too, especially when youngsters decide to lend a hand in the festive preparations. Mom's chores at holiday time can be doubled by cleaning up the mess from those occasions.

It's a good idea to give little ones chores that confine them to one area. If they are going to help with Christmas mailing, for instance, spread newspapers over a large table and put the young ones to work.

Handy cotton applicators, the kind used for baby care, are ideal in this arrangement. The cotton swabs may be dipped in ink, colored paint or nail polish and used to write directions and addresses on packages with a bold stroke. Designs may be made on packages with these same materials. The swabs may be dipped into a saucer of water also, and used to wet stamps and envelope flaps.

The children can help to make some brightly colored place cards for holiday parties, or use the swabs to paint heavy white cardboard to make holly or ivy-bordered Merry Christmas signs for the front and back doors.

Another custom is one of painting the Nativity scene on windows. Give the youngsters water colors and swabs, cover the window sill and floor with newspapers and put them to work.

Children and adults are more excited during Yuletide and are likely to forget the danger of loose, flimsy clothing while near heaters.
