

# 'Gunga Din,' Playing At Ritz, Chosen By Reviewer As Outstanding Movie

### Good Photography, Fast Action Draw Favorable Comment

(As Hollywood correspondent of the AP Feature Service and The Herald, Robbin Coons here-with selects another of his outstanding movies. The choice is "Gunga Din," which is playing today and Monday at the Ritz theatre.)

By ROBBIN COONS  
AP Feature Service Writer

HOLLYWOOD—It's the movie—literally—of the month: "Gunga Din." This spectacular adventure, tale of three merry, feuding, fighting comrades in Queen Victoria's Indian armies is a movie first, last and all the time.

It isn't going to strain your thought processes. It isn't going to make you chuckle softly with its subtleties, and it isn't going to startle you with its cinematic innovations.

But it will, most surely, keep you entertained. It will, equally certainly, make your eyes pop with the eye-filling splendor of its settings, its photography, and its rapid-fire action. It will serve you a generous feast of incredible dexterity, plotty intrigue, sustained suspense, seasoned with dashes of comedy and romance. In a sense it's capital-A Art, too—because it is so honestly what it is, so well directed by George Stevens, so convincingly acted by its players.

The story is built around the poem of Rudyard Kipling which celebrates the heroism of a lowly Indian water-carrier who aspired to be a real soldier and gained the title after his heroic death. Ben Hucht and Charles MacArthur wrote the story from which, with changes, Joel Sayre and Fred Guiol built their screen play.

Swashbuckling Trio  
The three soldiers—Cary Grant, Victor McLaglen, Douglas Fairbanks, Jr.—are swashbucklers from start to finish, lacking only

Doug Fairbanks, Jr. (left), and Victor McLaglen of the "Gunga Din" rough-and-ready trio in a typical battle scene from the film.

plumed hats to put them in a class with the famed Three Musketeers. Fairbanks is about to leave the army for marriage—to appealing Joan Fontaine—when strange outbreaks of murder in isolated British posts herald the revival of a murder cult, the Thugs, worshippers of the bloodthirsty goddess Kall.

Grant — at his rollicking comic best—has a special weakness for gold. Imprisoned by his superior McLaglen, Cary is freed by humble Gunga Din (Sam Jaffe) and Anna May, McLaglen's elephant pal. Din leads Grant to a remote temple in the craggy, boulder-strewn hills, and there they find not only a huge hunk of gold, but the very stronghold of the Thugs. Here the high priest (Eduardo Ciannelli) incites his followers to kill, and here Grant gives himself up so that Din can escape to bring

help. Din brings only McLaglen and Fairbanks.  
From this point on "Gunga Din" develops to its thrilling climax, with absorbing plot twists (how-ever hokey) en route. You may guess most of the answers along the way, and snicker a bit at the high melodrama of it all, but it'll get you—unless your mental age is too, too ancient.

The Last Is The Best  
The biggest scenes come last, which is to the good. "Gunga Din" has one of the few big, protracted battle sequences in which the audience can follow, step by step, the military lay-out. You'll get the "picture" of what might happen when those sturdy ranks of Britishers advance, and you'll know what's going on as clearly as the hapless heroes, seeing it all from their tower prison, helpless to prevent what looks like mass massacre. So many of these colossal battles present just a frenzied jumble of men and guns and horses—this one has all that, but it's simplified for lay audiences.

## Quiz Winners To Be Named Monday Eve.

### Movie Contest Will Bring \$250,000 To 5,404 Persons

Many motion picture fans will be interested in a special event at the Ritz theatre Monday night; particularly those who participated in last year's Movie Quiz Contest.

For, on Monday evening, at 8:30, announcement will come of the winners in this nation-wide competition—winners who will share \$250,000 in prizes.

Throughout the nation, announcement will come of the winners—there will be 5,404 of them—will be made from stages and screens of all theatres that participated in the contest. All announcements are to be made on the same night, an elaborate system of delivering the names in secret—through banks—having been set up.

The Ritz is joining in the affair, and at the theatre Monday night one may learn the names of all national prize winners from the \$50,000 first prize, \$25,000 second prize, \$10,000 prize winners, \$5,000 prize winners, down to the \$1,000 successful contestants. In addition all local prize winners will be announced. Should winners be present in the theatres, certified checks, issued by the Chemical Bank & Trust company of New York, will be presented to them on this occasion.

The judges of the contest are Mrs. Ogden Reid, Dr. James E. West, Mrs. Helen Willis Moody, the Honorable Bruce Barton and Mr. Hendrik Willem van Loon.  
In the selection of the winning letters, the entries were considered without signatures and identified by a key number. In that way even the judges did not know the names of the successful contestants until after they made their selections.

## RETAIL TRADE FOR WEEK IMPROVED

NEW YORK, Feb. 25 (AP)—Despite an uneven and spotty showing, the past week's retail trade averaged gains of one to four per cent over the like period last year, said Dun & Bradstreet today in their weekly business review.

A lag in the eastern region continued to pull down the sales average for the country, with some metropolitan centers recording decreases of as much as 12 per cent. Business in general, asserted the review, showed a tendency to flatten out after the sharp upswing in the previous week.

## Tech Band To Add More Miles To Its Traveling Record

Texas Tech band members will add more mileage to their organization's traveling record next week, when they start out on their fourth annual spring concert tour. The Tech band in the past five years has traveled over 15,000 miles representing the school.

The musicians, under direction of D. O. Wiley, will include Big Spring on their itinerary, being booked for a concert here on Monday, March 6, at 2 p. m. The program will be presented at the high school auditorium under sponsorship of the Big Spring municipal high school band.

About 70 band members will be in the traveling delegation. They will present a concert of varied selections, including novelty numbers, march and concert numbers, solos and duets.

The Techsters' many trips include three to California, two to New Mexico, two to Oklahoma, and one to Austin.

MRS. COLLINS BETTER  
Mrs. J. L. Collins, county treasurer, who has been confined to her home for three weeks due to an attack of flu, was reported considerably improved Saturday. She may be able to be at her office for a short time Monday.

GARAGE, CAR BURN  
Fire early Saturday morning destroyed a garage and car at the home of R. Millon, 904 Scurry street. Due to the early hour, the garage was well afire before it was discovered.

## Another Story Of Alcatraz Is Filmed

### 'King Of Alcatraz' Featured On Queen Program

How one man tries to make good his escape from dreaded Alcatraz, the "break-proof" prison feared by every criminal, by fleeing to sea in disguise and pirating a ship, makes a thrill-packed yarn for the adventure seekers who will be at the theatre this weekend.

All this is told in "King of Alcatraz," booked for today and Monday.  
"King of Alcatraz," which features Gail Patrick, Lloyd Nolan and J. Carrol Nash heading a cast of film favorites, shows the escaped killer—J. Carrol Nash—boarding a coastal ship in disguise, accompanied by his henchmen. Once out to sea, the gang pirates the ship to gain possession. Nolan and Robert Preston, a promising screen newcomer, who portrays the two radio operators on board the steamer, are overpowered and made prisoners, as are Ship's Nurse Gail Patrick and the rest of the crew. It is Nash's idea to run the ship ashore in one of the Central American republics and there vanish into the interior, where he hopes to elude his pursuers.

In a sudden thrilling fight, Nolan and his party of loyal sailors manage to recapture the ship and kill Nash—but not until Nolan has been so severely wounded that an immediate operation is necessary. Miss Patrick is willing to operate on him, but is not sufficiently experienced in surgery to do so. She manages, however, to establish radio contact with another ship, and in a thrilling two-way radio conversation, receives a doctor's step-by-step instructions as to how to proceed with the operation.

"King of Alcatraz," which was directed by Robert Florey, also features Harry Carey, Porter Hall and Anthony Quinn in prominent roles.

## PRINCIPALS IN HISTORICAL DRAMA

An impressive story which has the building of the Suez Canal as its historical background is "Suez," the Sunday-Monday featured attraction at the Lyric. Tyrone Power appears as Ferdinand de Lesseps, the man who overcame many obstacles to build the great waterway; Loretta Young plays the Empress Eugenie, and Annabella appears as the desert wail who loved and helped de Lesseps.

## IN PRISON STORY AT THE QUEEN

"The Rock" as the setting — offered today and Monday at the Queen theatre. Lloyd Nolan, Gail Patrick and Porter Hall, shown here, have principal roles, while J. Carrol Nash, veteran player of "heavy" roles, appears as the big-shot criminal.

## News Dramatization Feature To Be Inaugurated By Network And Station KBST On Next Tuesday

The most unusual news presentation ever broadcast in Texas will start over KBST and the Texas State Network at 5:45 p. m. Tuesday, February 28, and will be heard at that time each Tuesday, Wednesday, Thursday and Saturday thereafter.

The name of the program is "Highlights in the World News," featuring a commentator and 10 actors who will dramatize the happenings in the headlines.  
Officials of the sponsoring company stated that a special wire news service had been obtained to supply information from all corners of the earth, and that the technical facilities, as well as the talent, would make this program the largest ever undertaken by a Texas firm.

The 10 actors who will stand by at all times ready to translate news into dramatizations have had a total of over 50 years dramatic experience, making it one of the largest casts ever assembled for a Texas radio show.

ON "FASHIONS" PROGRAM  
A great explorer and scientist, a prominent personage of New York City radio circles, and one of the nation's most famous aviators will furnish interesting listening on Gail North's "Fashions" programs

to be heard over KBST and the Texas State Network at 9 a. m. Monday, Wednesday and Friday.  
Vilhjalmur Stefansson, noted explorer, scientist and writer, will appear on Miss North's Monday program. Stefansson is author of "Adventures in Error," "Life With the Eskimo," "Hunters of the North" and others.

Of Stefansson, Theodore Roosevelt once said: "There are only a few men in the world I envy—and Stefansson is one of them." Stefansson will lecture before the Democratic Women's luncheon club of Dallas on Monday, February 27, speaking on "New Frontiers of Peace and War."  
Erno Rapee, former assistant to Erno Rapee, musical director of Radio City Music Hall, New York, will appear on Miss North's Wednesday broadcast, March 1.

Aviation will be the topic of the day on the March 3 "Fashions" program when Major Al Williams of Pittsburgh, Pa., noted flyer and authority on aviation, will be a guest. He will speak at the Southwestern Aviation conference to be held in Fort Worth, March 3, 4, 5.

HAL KEMP'S BAND  
One of the outstanding exponents of a style band—Hal Kemp and his orchestra—will spread rhythm on the "Admiration Show of the Week" to be heard over KBST, the Texas State Network and the Mutual Broadcasting System from 5:30 to 6 p. m. today.

A graduate of the University of North Carolina, Hal Kemp has made an enviable record in the sweet and swing annals of popular music. His famous "staccato" style has won for him thousands of admirers.  
Vocalists with the Kemp aggregation include Bob Allen, corpulent Saxie Dowell, and pint-sized Judy Starr. That fetching trumpet player is none other than Mickey Blum.

Succeeding Kemp on "The Admiration Show of the Week" for March 5 will be Ted Weems and his orchestra.

GOOD WILL HOUR  
"The Original Good Will Hour," directed by John J. Anthony, may be heard over KBST and the Texas State Network for one full hour from 9 to 10 p. m. tonight.  
Mr. Anthony, an authority in every sense of the word, will again offer his sound advice to those who consult with him in the studios, as well as thousands who listen from coast-to-coast.

JOINS CHOIR  
Joyce Mason, daughter of Rev. and Mrs. E. E. Mason, has been honored at Hardin-Simmons university in Abilene by being invited to become a member of the a cappella choir. Joyce has been a student at the school only since February 1.

## Great Canal Drama Back At Lyric

### 'Suez,' With Tyrone Power, Offered Sunday And Monday

A production which shows convincingly the camera's unique power in building scenes of sheer magnitude is "Suez," the dramatic work of historical background which returns here for showings today and Monday at the Lyric "Suez," starring Tyrone Power, Loretta Young and Annabella, is a picture of spectacle and entertainment. Developed from exhaustive research, the story tells of the amazing Ferdinand de Lesseps, who dreamed of creating the short route to the east, sought vainly by Columbus and Magellan, by tearing continents apart and joining the Mediterranean with the Red Sea. The great canal he built has become the jugular vein of the world.

Out of choking sand, from the clutch of the raiding Bedouin, in the face of the terrifying Sahara simoon—with blood, tears and passion—de Lesseps built his canal, driven by the love of two women to realize the dream men scoffed at.

Power has the role of de Lesseps, Miss Young appears as the Empress Eugenie, and Annabella plays the desert wail who loved the engineer. Woven into the story—which is not altogether accurate historically—are the great events of the time, and the difficulties de Lesseps encountered on every hand in the furtherance of his dream.

"Suez" is more notable as sheer spectacle. Climaxing sequence is that of the great devil-wind of the desert which sweeps down and destroys everything in its path. The fury of the storm is caught by the movie camera in awesome fashion. In the supporting cast are J. Edward Bromberg, Joseph Schildkraut, and Henry Stephenson.

## Hospital Notes

Big Spring Hospital  
W. W. Lay of Coahoma, who underwent major surgery twelve days ago, returned to his home Friday afternoon.

Miss Carolyn, 12-year-old daughter of Mr. and Mrs. Charles J. Cox of Garden City, has returned to her home after receiving medical treatment at the hospital.

Mrs. M. E. Byerley, 611 Bell street, underwent minor surgery at the hospital Saturday morning.

Mrs. S. C. Dougherty of Midland underwent minor surgery at the hospital Saturday morning.

D. L. Free of Earth, Tex., who underwent major surgery at the hospital ten days ago, returned to his home Saturday.

Cecil Lawrence of Thrall, Tex., who suffered the loss of his left foot in an accident in the railroad yards Feb. 17, was to return to the home of his brother in Breckenridge Sunday.

## SHAW 'INSULTED' AS 'HOLLYWOOD HONORS PLAY

LONDON, Feb. 25 (AP)—George Bernard Shaw today commented in wrathful terms (whether he really meant it or not) on what he called Hollywood's latest "insult"—the award of the motion picture Academy of Arts and Sciences to the screen version of his "Pygmalion."

"(The academy yesterday announced its selection of "Pygmalion" as 1938's best example of screen play and dialogue.)  
"Of course it's a good film," the bearded playwright told the Evening Star. "It's the only film!"  
Professing to be burning with indignation, the writer continued: "It's an insult for them to offer me any honor. They might as well send some honor to George for being the only king in England."

# District Health Conclave Is Slated Here Friday

### 200 Expected For One-Day Conference In City

Another major convention for Big Spring is on tap this week, as an estimated 200 delegates and visitors convene here Friday for a meeting of District 1 of the Texas Public Health Association. It will be the first session of the organization, which is headed by Dr. George A. Gray of Sweetwater, since it was perfected in Lubbock last September.

Purpose of the association is to create interest in public health, to give instruction to both lay and professional groups on public health problems and suggest ways of meeting those problems. Program for the Big Spring meeting accordingly will cover a variety of topics, and several men of statewide prominence will appear here.

Dr. George W. Cox, state health officer, will tell of the campaign against venereal diseases; Dr. Charles J. Koerth, medical superintendent of the W.O.W. War Memorial Hospital of San Antonio will give an illustrated lecture on prevention and treatment of tuberculosis; and Dr. T. D. Young of Roscoe will give a paper on undulant fever. Effect on public health of sub-standard housing conditions will be discussed by City Manager E. V. Spence of Big Spring.

Topics dealing more directly with the organization activities will include:

**Other Topics**  
Importance to Parents, Teachers and Children of the School Health Program—Dr. E. W. Prothro, director of the Winkler county health unit; County Health Organization—Mrs. R. O. Pearson, Haskell; The Future of Public Health in Texas—State Rep. Alvin R. Allison, Levelland; Cooperation in Our Public Health Association—State Rep. C. L. Harris, Spur; and The Function of Public Health Districts in the Health Department Organ-

ization—Dr. John M. Hooper, Floydada, district manager.

A dramatization of health unit activities will be given by the speech arts class of Floydada high school under the direction of Mrs. Eva Piper.

The meeting here will be a one-day affair, with meetings at the municipal auditorium lasting from 9:30 a. m. to 4:30 p. m. Visitors will be honored with a luncheon at noon.

Officers of the district organization, in addition to Dr. Gray, are Jack Wyatt of Amarillo, Dr. J. W. Rollo of Lubbock and Miss Anna Ericson of Levelland, vice presidents; and Bruce E. Sasse, Floydada, secretary-treasurer. The executive board is composed of Rep. Allison, chairman, Judge Chas. W. Lewis of Sweetwater, Mayor Ross Rogers of Amarillo, and Ralph Duncan of Haskell.

## \$60,000 Spent In West Texas In Vocational Rehabilitation Work

V. B. Watson, supervisor of vocational rehabilitation, state department of education, was here Saturday in the interest of contacting persons who may be served by his agency.

Now stationed at Lubbock, where he maintains offices on the third floor of the courthouse, Watson is no newcomer here. For several years he has been traveling in this area and has helped restore several crippled persons in this county to gainful occupations.

Since the program started in 1929, expenditures in West Texas have exceeded \$60,000, said Watson, including \$36,000 for educational training, another \$2,000 for tutorial training, a similar amount for correspondence work, \$5,300 for artificial appliances used in the rehabilitation, and \$2,000 for tools.

Around 300 have been aided by the program, according to Watson, and 116 have become self-supporting as a result. Currently there are 43 in training and 244 who have received training and who have not yet secured jobs or those for whom a program of training is being arranged.

Watson will be in Big Spring again this week when he attends the district public health association meeting.

## Rains Fall In S' east Texas

### Warmer Weather Is Forecast For The State Today

A norther which brought a moderate cold wave to Texas Saturday and windstorms and rains to the southeastern section of the state, was scheduled to give way to warmer temperatures Sunday.

A twister, followed by a heavy rain, struck Jasper county from the northwest, damaging several business houses and homes at Kirbyville and toppling pine timber in wooded sections nearby. A negro was injured by flying timber.

A heavy wind and rainstorm struck Orange in nearby Orange county, but there was little damage. In Jefferson county, also near Jasper, Beaumont reported aikes cleared after a heavy rain. Houston had 1.15 inches of rain. Galveston reported rain and cloudy skies.

At Amarillo, in the Panhandle, skies were clear after an ice storm which sent the temperature to 20 degrees Friday night; Pampa, with a light snow early Saturday, had an afternoon maximum of 34. The weather ranged near freezing at Wichita Falls all Saturday, where earlier light rain and sleet were reported.

Paris had a low Saturday of 44 degrees. Houston expected a 36 to 40 minimum Saturday night; Galveston 40-45 degrees; Austin 34 degrees; San Antonio 36.

## 18 Injured In Train Mishap

### Five Cars Tumble Down Embankment; Rail Broken

LARAMIE, Wyo., Feb. 25 (AP)—Seventeen passengers and a pullman porter were under treatment today in two Wyoming hospitals for injuries they suffered when a broken rail tipped five cars of the Union Pacific's "Pony Express" down a grade embankment near Bosler, Wyo., last night.

Oscar Gray of Oakland, Calif., the negro porter, was the most seriously hurt.

Most of those hospitalized were officers or agents of the Bankers Life company, Des Moines, Iowa, insurance firm, traveling to San Francisco's Golden Gate exposition.

Four other passengers were released after emergency treatment.

A broken rail was announced as the cause of the crash by H. C. Mann, vice president in charge of operations.

Mann said an exhaustive investigation was planned by the road and that the interstate commerce commission would be invited to make an independent inquiry.

The injured at the Laramie hospital included: Jack Cantrell, El Paso, Texas.

## CRIME DETECTION TO BE STUDIED BY PEACE OFFICERS

AUSTIN, Feb. 25 (AP)—Crime detection methods will be stressed at a 10-day training course starting Mar. 13 for Texas peace officers at state police headquarters here, Director Homer Garrison, Jr., of the public safety department announced today.

Every method known to police science will be included in the curricula, the department laboratories will be open to the students and outstanding specialists will conduct the courses, Garrison said.

"There are hundreds of peace officers in the state who want to learn the latest means of crime prevention and detection," Garrison said. "So, for the second time, we will conduct this school, patterned after that of the Federal Bureau of Investigation in Washington, to provide a low-cost training course for local officers."

Instructors, other than department specialists, will include Sheriff Bill Adams, Potter county; Sheriff Chris P. Fox, El Paso.

## TO AUSTIN FOR A HOUSING PARLEY

E. V. Spence, city manager, leaves today for Austin to attend a state meeting of local housing authorities there Monday.

The meeting will be led by J. L. Stephenson, Dallas, executive director of the housing authority in that city. Plans for developing housing units in the various cities of the state will be talked at the parley.

## GARNER FACULTY TO PRESENT A PLAY

Faculty of the John N. Garner school will present a play Friday evening in an effort to raise funds for the elementary library.

The play, "The Path Across the Hill," will begin at 7:30 p. m. in the Garner gymnasium. The public is invited to attend.

## NEW CAPITALIZATION IN TEXAS INCREASES

AUSTIN, Feb. 25 (AP)—The University of Texas bureau of business research reported today \$1,869,000 in capital stock was invested in 127 new corporations chartered in Texas during January.

The capitalization, the bureau said, was an increase of 27 per cent over that of December but a drop of 9.3 per cent from January last year.

LOTS OF PEOPLE WED ON \$25 PER WEEK  
OXFORD, G., Feb. 25 (AP)—A salary of only \$25 a week isn't necessarily a bar to marriage, Dr. C. H. Sandage, Miami University professor of business, told seniors.

"Two-thirds of the married couples in the nation are doing it," he said.

## IS ASSESSED LIFE TERM IN SLAYING

STURGIS, Mich., Feb. 25 (AP)—Charles B. Hatfield, 46, Sturgis, was sentenced to life imprisonment today in connection with the 1934 slaying of Don Chesbro, La Grange, Ind., slot machine operator, by Circuit Judge Blaine W. Hatch.

Hatfield, a fugitive since Chesbro was shot to death, surrendered to Austin, Tex., authorities last week, declaring that his conscience was driving him insane. Police said he confessed that he and Martin Ross, of Howe, Ind., had shot Chesbro during an attempted holdup, and dumped the body on the roadside near Baldwin, Mich.

Ross, arrested immediately after the crime, is serving a life sentence.

## HOME EC CLASS TO VISIT IN B'SPRING

Dorothy Ferrell, Garden City home economics teacher, was here Saturday making advance arrangements for a field trip to Big Spring

on Wednesday. She planned to bring the home economics class of 21 girls to visit in a local packing house, a factory, the WPA nursery and to witness the style show at noon.

WATCH FOR NEW DEVELOPMENTS IN THE LOCAL WT-NM LEAGUE BASEBALL PICTURE IN THE NOT TOO DISTANT FUTURE... CLUB PRESIDENT R. L. COOK ISN'T WEARING THAT GRIN OF SUNSHINE SIMPLY BECAUSE SPRING IS JUST AROUND THE CORNER...

Horace Wallin, among others, has been asked to attend the first Permian Basin semi-pro baseball league confab in Odessa today... Fred Haddock, corresponding with The Fat, says that Crane, Odessa, Texan and Iran or McCasney are ready to begin play, that six clubs, and eight, if possible, are wanted... Playing under National Association of Baseball rules, the hoop plays two games weekly... The season is divided and a championship series is tackled on at the end... It seems that here it will be the professional game or nothing at all... A year ago Marion Forbes, manager of the Foran Continental Oilers, was interested in lining up with the circuit but Marion has been transferred to Odessa... Improbable is a Continental team of any kind this year unless the reliable Bert Cramer contributes his services toward gathering a lineup... Marvin House, Jr., who completed his high school basketball eligibility the past season and who is being counted upon to hold Big Spring's colors high in the tennis wars before graduation, fouled out but once in a cage game during his high school playing career... House committed the extreme in penalties in the 42-28 triumph over Garden City in a January game... Howard Hart, Bovine senior grid letterman, is earning another high school letter, that as a member of the school's debating team... Marlin Brown, Garner high school's star gridder, intends to enter Texas Tech in the fall but probably won't play football... Pete Cawthorn, Red Raider mentor, writes Fat Murphy, local grid tutor, recommending highly Elva Baker, Big Spring's new coaching aide... More than 100 of Pete's graduates are in the coaching field...

Rawleigh McCullough, the Moore all-county basketball player of the past season, would be eligible for Big Spring high school athletics if transferred here next fall... Rawleigh, who has three years of eligibility remaining, intends to pitch camp with Floyd Burnett at Garner next term, 'tis rumored... His case should be looked in to... He would come in handy here.

A new stomper on our stamping grounds Friday evening was James 'Jo-Jo' White who spent the night as a guest of a 'Jaw-Ga' boyfriend friend, Forrest McDuffie... The fleet footed ex-member of the Detroit Tigers, who was with that club when Mickey Cochrane sacked up the world championship back in 1935-36, obviously has changed his mind about quitting the professional game... Remember, when he had a run-in last season with Del Baker, now Bengel manager, who notified White he had traded him down the river to Seattle of the Coast League, 'Jo-Jo' retaliated with the statement he was quitting the game for good... The Attitash game two seasons ago in which Jake Wade triumphed over Lefty Gomez in a pitching duel in the Stadium White fired back, 'A mighty rare privilege... Incidentally, White and McDuffie were boyhood friends of Ben Brown, the southpaw middleweight scrapper, who was the victim of a ninth round kayo in a Miami duel with Solly Krieger, claimant of the world's 160-pound title... Krieger is soon to be thrown into a ring with another pretender, Fred Apostoli, in a New York battle...

## RECORD FIELD TO COMPETE IN BORDER OLYMPICS AT LAREDO

LAREDO, Feb. 25 (AP)—The Border Olympics, springboard of the southwest track season—gets away to its gaudiest, biggest show next Friday—a far cry from the puny 1932 inaugural in which barely more than 100 athletes competed... Many more schools want to come but we can't handle any more, Johnson said... The Olympics has grown so phenomenally that next year it will be necessary to have a separate day for high schools and another for colleges... Three hundred twenty-six track men from 12 colleges and 28 high schools are entered... The condensed program—preliminaries Friday afternoon and finals that night—will tax the association's facilities... Record-breaking competition is expected as Texas University and Brackenridge (San Antonio) and Lockhart high schools defend the titles they snared last year... Cecil A. Throat... Texas managed to shake off Rice by half a point in the 1938 meet, but the opposition is going to be stiffer next week, with Texas A. and M.'s Walter (Red) Cecil, sophomore who was a schoolboy sensation in the dashes, casting his shadow over championship hopes... Competitors will be: Colleges and universities—Texas University, Terrill Junior College, Southwest Texas State Teachers College, West Texas State, Baylor University, Rice Institute, East Texas Teachers, Abilene Christian College, Howard Payne, Texas A. and M., Edinburg Junior College, Sam Houston Teachers, and Texas A. and I... High Schools—Lockhart, Mission, Somerset, Karnes City, El Campo, Thomas A. Edison (San Antonio), Weslaco, Seguin, Pleasanton, Harlandale (San Antonio), Kingsville, Freer, Burbank (San Antonio), San Antonio Tech, Sidney Lanier (San Antonio), Brackenridge (San Antonio), Miranda City, Austin, Cuero, Goose Creek, San Diego, Laredo, Dilley, Cotulla, Pearsall, Crystal City, Flatonia and Kerrville.

## Walt Emery Is Upset Victim, Herron Loses

Coloradoan To Meet Edinburg Man, White Plays Houstonian

By OLEN W. CLEMENTS HOUSTON, Feb. 25 (AP)

The elements bore down with a fury today but John Barnum, Bobby Riegel, Ed White and Howard Creel stumbled on to victory through cold, wind, rain and mud in the quarter finals of the Houston invitation golf tournament... Creel, a portsider from Pueblo, Colo., defeated Dumphy Don Schumacher of Dallas, 1 up... Barnum, newcomer from Edinburg, Tex., broke a deadlock on the nineteenth hole to eliminate Walter Emery of Houston, defending champion, 1 up... White of Houston had little trouble between showers putting out bespectacled Willie Maguire, Jr., of Houston in 14 holes... Playing cold, methodical golf, Riegel of Houston, shot the course in 1 under par 70 and dispatched tough Ed Herron of Houston, who eliminated both Johnny Goodman of Omaha and Johnny Dawson of Los Angeles earlier in the week... Riegel, Texas amateur champion, won 2 and 1... Scarcely had the players left the clubhouse when the rain began tumbling in torrents... They played on, Creel and Schumacher reaching the tenth hole with Creel 1 up... The wind began to howl and the big pine trees bent beneath its force... The players ducked for cover and the tournament committee called a halt in play until the weather cleared... With the fairways and greens standing an inch deep in water, play was resumed after lunch and the semi-finals, scheduled for the afternoon, postponed until tomorrow morning... The final 18 hole match will be played tomorrow afternoon... Creel and Schumacher were squared as they came to the eighteenth green, Schumacher's tee shot went into the bayou and Creel got on the green in two... Schumacher conceded the hole when he failed to get near the cup in five strokes... Emery and Barnum came to the eighteenth hole squared... Emery's first tee shot went into the bayou... He shot his second from the far side, hit a tree and the ball bounced back into the bayou... His next shot landed in the sand trap... Barnum's third shot rolled over the trap... Both chipped up beautifully and halved the hole... Barnum won the nineteenth when Emery overshot the green... Creel and Barnum will tangle in the first semi-final match of 18 holes tomorrow morning... White and Riegel will follow.

## Garner Girls Lose Out In Dist. Meet

Beaten By Meadow; Had Scored 28 Wins In 32 Games

GARNER, Feb. 25—A playoff game for the Pioneer School Activities association's basketball championship is all that remains of the 1938-39 season for H. F. Rallsback's Garner high school senior cagerettes... Winners in 28 of 32 games played to date, the girls loom as favorites over Courtney, the team that is deadlocked with them for first place in the standings... The two teams will probably meet in the title game Thursday evening... After defeating Muleshoe, 30-13, and Abernathy, 30-27, the Billies were defeated by the strong Meadow sextet, 30-18, in a third round game of the district tournament at Rope Friday night... Since two defeats were required to eliminate a team from the running the Billies would have been eligible to compete again Saturday but chose to withdraw... Barbara Bell stood out in offensive play for the Garner team in all three games.

## Sabin Given Scare By Ex-Columbian

NEW YORK, Feb. 25 (AP)—The seeded lists in the national indoor tennis championships were smashed twice in second round competition today, but the upsets played only second fiddle to the one that almost happened—but didn't—to favorite Wayne Sabin... The day's spotlight was held by the battle Sabin, the Portland, Ore., Davis Cup hopeful and this tournament's ranking performer, was given by Leonard Hartman, ex-Columbia University crew man... Sabin was behind in the first set; never had a look-in during the second and had to take three of the last four games in the third before pulling out the match, 6-4, 1-6, 6-4.

## Eleven Wins Is '38-'39 Record Of BS Hoopers

Scores 494 Points To 581 For Opposition

Eleven victories in 25 games were recorded by the 1938-39 edition of the Big Spring high school basketball team, which closed its season last week by losing to Sweetwater in a second round game of the district interscholastic league tournament... The Bovines piled up a total of 494 points in those 25 games to 581 for the opposition... Of the 15 different foes the locals encountered during the semester Sweetwater, Abilene and Lamesa were the only quintos to score as many as two victories over them, Sweetwater trimming the Danielmen on three different occasions... Bobby Savage, junior forward, appearing in every game, tallied 258 points to lead the scorers... 1938-39 record: Big Spring 21, Garner 5; Big Spring 4, Garner 14; Big Spring 15, Moore 14; Big Spring 46, Davids 50; Big Spring 17, Westbrook & Big Spring 14, Midland 8; Big Spring 16, Midland 9; Big Spring 20, Colorado 21; Big Spring 19, Garden City 24; Big Spring 35, Stanton 19; Big Spring 14, Westbrook 19; Big Spring 11, San Angelo 19; Big Spring 24, Lamesa 42; Big Spring 17, Foran 15; Big Spring 39, San Angelo 27; Big Spring 29, Abilene 41; Big Spring 26, Lamesa 24; Big Spring 22, Sweetwater 20; Big Spring 42, Garden City 20; Big Spring 21, Moore 29; Big Spring 38, Colorado 24; Big Spring 16, Abilene 28; Big Spring 27, Sweetwater 24; Big Spring 26, Roby 25; Big Spring 20, Sweetwater 25.

## DECIDES TO SIGN

ST. LOUIS, Feb. 25 (AP)—Pepper Martin, veteran Cardinal outfielder, decided to sign his 1939 contract, taking a club rumored to be from the approximately \$9,000 he got last year to \$7,500.

## LIVINGSTON, EAGLES IN REGIONAL WINS

By HAROLD V. RATLIFF Associated Press Staff... Abilene's giants of the West Texas plains and the high-scoring Livingston Lions led the way into the final round of the Texas school basketball campaign Saturday night as champions were determined in eight regional tournaments... Joining Abilene and Livingston were Dalhart, Gilmer, Kingsville, Sidney Lanier (San Antonio), Bowie (El Paso) and Vernon, these teams to go to Austin next weekend to determine the state championship... Livingston staged something of an upset to crush the fine Lamar team of Houston 41-28 in the finals of the Region 5 tournament... These two teams had been rated the strongest in South Texas and a close battle with Lamar the eventual winner had been forecast... Region 1 also had an upset with the Dalhart team, coming back after a defeat in the opening rounds to blast Pampa's Harvesters out in the finals 25-24... Otherwise they ran true to form with the favored Abilene team coming through in Region 2 with a 32-21 victory over Lake View; Vernon's potent Lions edging out Evans 28-23 for the Region 3 flag; Gilmer's well-balanced Buckeyes beating Bailey 23-20 for the Region 4 title; favored Sidney Lanier copping the Region 6 flag over Austin, 25-20; Kingsville repeating as champion of Region 7 with a 48-32 victory over Laredo, and Bowie taking out Grandfalls 29-24 for the Region 8 flag... Abilene rated along with Livingston as a favorite for the state, finals on the basis of the season showing.

## HOUSE IS LOCAL HIGH SCHOOL TENNIS HOPE, SEVEN DRILL

Around Marvin House, Jr., Marthe Enzman and Roe Taylor, veterans of last season's squad, will be built the 1939 tennis hope of Big Spring high school in the district wars... House and the two girls started practice on the Munny courts last week along with Hollis and Donald Bowden, Jack Rice and Harold Plumm... Wayne Matthews, veteran mentor, is lining up several practice matches for the racket wielders... He will probably send his charges into action for the first time against a Midland team next weekend... Lamesa's high school team will also be met later in the season... House, who worked out Friday with Joe Davis, former AOC star and who showed glaring weaknesses in a back hand and service, was beaten in the first round of the district tournament in 1938 by Joe Hill, Abilene, 5-7, 6-1, 6-2, after breaking his racket in the first set... Jo-Jo Elrod, Sweetwater, is the district's defending champion.

## Progress Noted In Baseball Drive As League Executive Meet Nears

The fund campaign being conducted by directors of the Big Spring WT-NM baseball league club enters its third week with little indication that the objective of \$7,000 will be reached and the circuit's executive committee meeting only a week away but the outlook for a professional club is improved... While but little more than \$1,500 had been realized by the committee, indications point to a successful turn as President E. L. Cook prepared to meet with fans and his directors again Tuesday evening, 7:30 o'clock, in the district court room of the county court house... Cook, indicating he would like nothing better than a big gathering of fans at the Tuesday confab, said several important deals were in the making which could shape the future course of the corporation... Committeemen will redouble their efforts this week toward raising their pledges in order that the business office might make a definite statement to the league at the Lubbock confab, now scheduled for next Sunday.

## 60 Gridders Due To Report Monday

THREE MEMBERS OF BANK TEAM ARE NAMED ON ALL-STAR MAJOR-CITY CAGE QUINTET

## Tournament Is Put Off Until Today

Originally scheduled to begin Saturday evening, the Class A elimination bowling tournament will get underway this morning, 9:30 o'clock at the Casadena Alleys... Representatives of Hobbs and Abilene along with Roadway Transport, Pete's team and Casadena's quint had registered with Stanley Wheeler, secretary, Saturday evening... Delegates of Lubbock, Lamesa, San Angelo, Sweetwater and Amarillo were expected to enter this morning... The meeting will be concluded today... A Big Spring team will probably be sent to the statewide tournament at Wichita Falls, which gets underway March 5, Wheeler said... In the recent Tri-State Congress at Amarillo, local representatives finished in fourth place.

## Cayuses Cop 7th

DALLAS, Feb. 25 (AP)—Southern Methodist cagers, clinging to a slim lead amassed in the first half, fought off a desperate Texas Christian university rally late in their game here tonight to defeat the Frogs 41-39... The loss closed Texas Christian's conference schedule with a total of 12 losses and no wins... Southern Methodist, by virtue of the victory, won a tie with Baylor for third place in the Southwest conference race... Virgil Wilkerson, Mustang forward, led the scoring with 19 points... He left the game on four fouls with six minutes remaining... Groselove, substitute center for the Frogs, counted 12 of his team's points... Billy Dewell, Southern Methodist center, caged 11 points, and worked the floor well... The Methodists led 24-19 at the half after the lead had changed six times in the first period... Midway in the last half the Mustangs led 38-28, but the Frogs, fighting for one win at least this season, pulled up within two points before the game ended.

## Bragg Is Only Coahoma Man Selected

Loftin Bragg, smooth dribbling guard, was the only member of the championship Major-City basketball league crew, the Coahoma Oilers, to land a first string berth on The Daily Herald's all-star aggregation... No less than three performers of the second place First National bank crew—Dave Hopper, forward, Ray Groselove, center, and Bill Flowers, guard—were selected along with Bragg and Jake Morgan, Vaughn forward... Groselove had plenty of competition from Skeets West, Vaughn's forward, while Herschel Wheeler and Dub Kelly, Coahoma, gave Hopper and Morgan a run for the forward positions... Hopper, with a strong sprint at the finish, nosed out Morgan in the race for individual scoring honors... Groselove was probably the best back board player in the league... The Bankers lost their best chance at league honors by dropping a decision to Coahoma when he was out of the lineup... Flowers and Bragg were far and away the top guards in the circuit... The cool Flowers was an adept passer and flashed at breaking up an opposing team's rally... First string: Player—Team Pos. Hopper, Bankers F. Morgan, Vaughn's F. Groselove, Bankers C. Flowers, Bankers G. Bragg, Coahoma G.

## Letters Go To 6 Forsan Hi Hoopers

Hollis Parker Given Fourth; Only 2 Back For '39-40 Season... Captain Hollis Parker earned his fourth letter as a member of the Forsan high school basketball team as awards for the 1938-39 team were announced by Coach Brady Nix last week... Parker will be given his numeral along with Tommy McDonald, Aquilla Fleetwood and Fred Thieme, forwards, and Orville Creelman and Carleton LaBeff, guards... McDonald and Fleetwood will be the only returning lettermen to report to Nix next season... Bison hopes will be built largely around a group of promising squadmen... Floyd Thieme, Clinton Sterling and J. B. White saw plenty of action the past season and are being counted upon by the tutor while Kenneth Cowley, James Gardner, Floyd Griffith and J. R. Smith will be competing for starting berths.

## Nine Numeral Wearers Amid '39 Prospects

Murphy To Send Team Thru 6-Weeks Drill; Has Heavy Team... Spring football drills of the hopefuls of the 1939 high school football squad will get away in a belated start under the direction of Coach Pat Murphy Monday afternoon... Originally slated to begin Feb. 20, lack of equipment forced the delay... The togery arrived over the weekend... Murphy indicated he expected more than 60 boys to report for the initial drills... The workouts will be conducted over a six week period... Nine lettermen will report along with a host of last year's squadmen... Indications are that the 1939 eleven will be able to pack more weight into their 1939 games than the starters of last year's disastrous season... Murphy is building his hopes... See GRID, Page 8, Col. 3

## Do You Think It's Fair?

H. B. NO. 148—S. B. NO. 74... If the above bill is passed it will give the American Medical Assn. through the State Medical Board, full power and control over every type of healing in the state... The Medical Board wants the power to dominate all doctors and their method of practice and their licenses in order to give the board and the AMA a strong weapon with which to fight anything they don't want... If they control the practice of all doctors, then they can tell the people of Texas who can minister to the sick and suffering... This House Bill No. 148 and Senate Bill No. 74 would prohibit CHIROPRACTORS from maintaining offices, and would not allow them to visit patients under fear and threat of being enjoined by the courts of Texas... House Bill No. 148 and Senate Bill No. 74 is unfair, it prohibits CHIROPRACTORS from practicing but allows all other methods... House Bill No. 148 and Senate Bill No. 74 gives the Medical Board FINAL WORD, and dictatorial power over all people and how they shall be treated when sick... If House Bill No. 148 and Senate Bill No. 74 is passed, it will mean that the unalienable right of freedom of the sick will be jeopardized and they be deprived of the right to visit the CHIROPRACTOR (for under the new bill the chiropractor has no office). The sick will be deprived of the right to use the doctor of their choice and be compelled, in case of sickness to use a doctor designated by the Medical Board... If House Bill No. 148 and Senate Bill No. 74 is passed it will stop the sale of home remedies such as are sold from house to house in the rural sections, or in town... Write your Representative, Dorsey Hardeman, House of Representatives, Austin Texas, to use his vote and influence against House Bill No. 148, also Senator G. H. Nelson, Austin, Texas, to oppose Senate Bill No. 74.

## Rally In 2nd Half To Trim Rice Quint

Hull, Granville And Tate Lead Way In 50-41 Decision

AUSTIN, Feb. 25 (AP)—Jack Gray's University of Texas Longhorn basketball team clinched a tie for the Southwest Conference title here tonight before a capacity crowd of 8,000 by defeating Rice Institute, 50-41.

The victory for the Longhorns was their eighth straight and left them one and one half games ahead of the second-place Arkansas Razorbacks. The Steers virtually sewed up the championship, as their only remaining opponent is Texas A.M., a team that has won only two games this season. They meet at Gregory Gymnasium here Thursday night. Texas last won the title in 1932.

The Longhorns had to fight hard all the way tonight. Rice led most of the first half by virtue of the sharpshooting of Frank Carwell and Levi Craddock, the latter taking high score honors with 15 points.

A pair of long hones by Carwell pushed the Owls in front, 11-4, at the end of the first five minutes of play.

The Steers rallied and tied the score at 11-all after five more minutes. The lead changed again twice, but the score was 22-all at half-time.

Steakley hit a long shot to start the second half, then Granville,

Tate and Moers sank shots to put Texas in front, 29-24. Two quick goals by Craddock tied the score at 31-all, but Spears' follow-up shot gave the lead back to Texas and it was never relinquished thereafter. With Texas leading 37-28, and eight minutes to play, Thurman Hull went back into the lineup and sparked the rally that built up a safe margin. Hull counted seven of the thirteen points in the late rush. Granville led the Texas scoring with 13 points, with Hull a close second with 11. The defeat dropped the Owls to fifth place.

## Three BS Cage Lettermen To Graduate

Savage, Martin And South Return For Play Next Year

Marvin House, Jr., Alton Bostick, Bobby Savage, C. B. South, Bobby Martin and Van Ed Watson were announced as lettermen of the 1938-39 Big Spring high school basketball season by Coach John Daniel last week. House, Bostick and Watson will be lost by graduation. Several promising squadmen, including D. R. Gartman and Tabot Rows, are expected to figure prominently in Daniel's plans for 1939-40.

## Farmers Lose To Arkansas

John Adams Leads Way, Scoring 21 Points

FAYETTEVILLE, Ark., Feb. 25 (AP)—Arkansas university swamped the Texas Aggies here tonight 66 to 38 to sweep a two game series. The Razorbacks won last night 61 to 42.

Just as in the first game the Razorbacks built up a big first half lead and then coasted. The margin at half-time tonight was 32 to 15. Captain Neil Martin, playing his last home game, looped seven field goals in the first half and then shortly after the second period opened fouled out of the game, but not before bringing his total to 17. This gave him runner-up honors to John Adams, sophomore Potker ace who looped 21 points, 15 of Adams' points came in the last half, and his feat brought his conference total to 135.

Carrigan and Varner led the Aggie scorers with 10 and 8 points respectively. Hickey and Gammill stood out for Arkansas defensively. The Razorbacks close the season Wednesday and Thursday of next week against Rice at Houston.

## Thomasville Lead To Metz

Bulla, Picard Tied For 2nd With 69's

THOMASVILLE, Ga., Feb. 25 (AP)—Dark haired Dick Metz, Kansas-born professional golfing ace from Chicago shot a par shattering 66 to take the first round lead today in the \$5,000 Thomasville Open tournament.

Metz was one of nine players to crack par over the rain-soaked Glen Arven course. His four under standard figures gave him a one-stroke lead going into the final 36 holes tomorrow.

Another Chicago sharpshooter, John Bulla, set the pace for most of the day with an opening 69 and Henry Picard of Hershey, Pa., came in late with a great finish to equal that figure.

Metz accumulated 14 pars and four birdies.

Deadlocked with 71s were Mike Murra of Wichita, Kans., Ky Laf-foon of Chicago, Tony Penna of Dayton, O., Leo Walker of Washington, D. C., Paul Runyan of White Plains, N. Y., and Horton Smith of Oak Park, Ill. A stroke back at even par 72 were Lloyd Mangum of Los Angeles, Harry Nettelbladt of Framingham, Mass., Clayton Heafner of Greensboro, N. C., Byron Nelson of Reading, Pa., Sammy Sneed of White Sulphur Springs, W. Va., and Vic Ghezzi of Deal, N. J.

Jimmy Thomson of Shawnee-On-Delaware, Pa., pulled a shoulder muscle in driving from the fourth tee and had to withdraw.

Charlie Yates of Atlanta, the British amateur champion, who reeled off a nice 70 yesterday in a pro-amateur event, soared to 79 in the opening round of the open. Chick Harbert of Battle Creek, Mich., was the low amateur with a 76.

## Technician Is Flamingo No. One Horse

MIAMI, Fla., Feb. 25 (AP)—Technician, like Lawrin, a speedy son of Inco, probably assured himself the favorite's role in the Kentucky Derby when he outran and out-gamed Volitant in the stretch to win the Flamingo Stakes by a half-length at Hialeah Park today.

The winner's time for the mile and a furlong was 1:50 1/5, well off the track and world record of 1:48 1/5. He started a favorite and paid only \$5 for his victory. Volitant, second in the betting, paid \$3.70 to place.

Mrs. Payne Whitney's Day Off took third, six lengths in front of the fourth-place Timeful. The victory was worth \$20,000 to Herbert M. Woolfe, jubilant owner of both Technician and Lawrin, which won the race last year and went on to capture the Kentucky derby. With Technician's performance today, trainer Ben Jones was more confident than ever of taking the three-year-old classic twice in succession.

## Outlaws Win 2nd Annual Tournament

GARNER, Feb. 25 — Garner's Outlaws defeated the Garner high school team in the final of the second annual Garner independent basketball tournament here Saturday night, 24-14.

The Billies could score but four points during the first half and never threatened seriously to take the lead.

In the battle for third place Westbrook won over the Garner B string, 31-14.

L. G. Fuller, Valley View; Willard Pollard, Valley View; Joe Griffith, Ackerly; and two R-Bar stars, Dave Hopper and Ray Groseclose, were given merit awards while R. C. and R. V. Thomas, R. T. Johnson and Noel Burnett, all of Garner, were named to the all-tournament team along with E. G. Crouch, Westbrook. Selected as alternates were Howard Redwine, Westbrook; T. J. Turner, Garner; Ray Groseclose, Garner; F. C. Burnett, and Varney Jones, both of Garner.

R. C. Thomas, Noel Burnett and S. T. Johnson, all of Garner, were named as the tournament's best players while Westbrook's team gained the distinction as the best sport.

## Coahoma Boys In Title Victory

COAHOMA, Feb. 25—Coahoma's boys won the Class B Junior basketball championship of Howard county by defeating Garner in the finals here Saturday afternoon, 10-7, but Garner's girls came back to sack up laurels in their junior division, defeating the Coahomans, 15-3.

In rural play, the Chalk teams were declared champions in both boys' and girls' division of play after defeating Chalk teams in the finals.

For the past three years, Gary Cooper has maintained his position in Japan, as the most popular movie star, of any nation.

## Jones, Grauke Garner Track Hopefuls

Burnett To Assume Coaching Duties This Week

GARNER, Feb. 25 — Coaching reins of the Garner high school track and field squad, which have been in the hands of Jack Echols, former North Texas Teachers and Canyon Teachers thinly clad, will be transferred to Floyd Burnett, regular mentor, next week.

Burnett said Saturday that he would take the Billies to the Stanton Invitational meet Saturday, March 4.

Burnett has the nucleus of a promising squad. Varney Jones, a quarter mile star of last year's squad, and L. J. Grauke, half miler, are the brightest prospects of the current lot.

J. B. Motley, Jack Airhart and L. B. Lane will be featured in the dash events with Bert Mathis doing the quarter mile. Parks Lawley the shot put, Marvin Daugherty the hurdles and Marlin Brown serving with the relay team.

## STANTON TO STAGE FIRST '39 MEET

STANTON, Feb. 25—Track and field teams of the schools of this sector are being sent invitations to compete in Stanton's invitational meeting Saturday, March 4. H. A. Pool, high school athletic coach, is arranging the events.

## Whichee Santone S. Anita Victor

LOS ANGELES, Feb. 25 (AP)—Major Austin C. Taylor's Whichee captured the \$10,000 San Antonio handicap in a stunning upset today and emerged as a strong candidate in the \$100,000 Santa Anita handicap next Saturday.

Heicly, Jacola and others to struggle in the 5-year-old gelding jumped into an early lead and clung to it over the mile and one furlong route and won by more than two lengths. Neil McCarthy's Today ran second, and Fred Turner's Congress man slipped in third. The winner's time was 1:49 2/5. Leaving the favored Bortoso.

### Polish Students Attack German Embassy

WARSAW, Feb. 25 (AP)—Polish university students broke through police lines and smashed two ground floor windows at the German embassy today, capping two days of angry demonstrations in protest against treatment of Polish students in the nazified free city of Danzig.

The incident led the Polish foreign office to express regrets to the German embassy immediately. The police guard around the embassy was doubled.

Anti-German demonstrations also were reported staged in the Polish university city of Gracow and at Poznan. Windows of two German stores were reported smashed at Poznan.

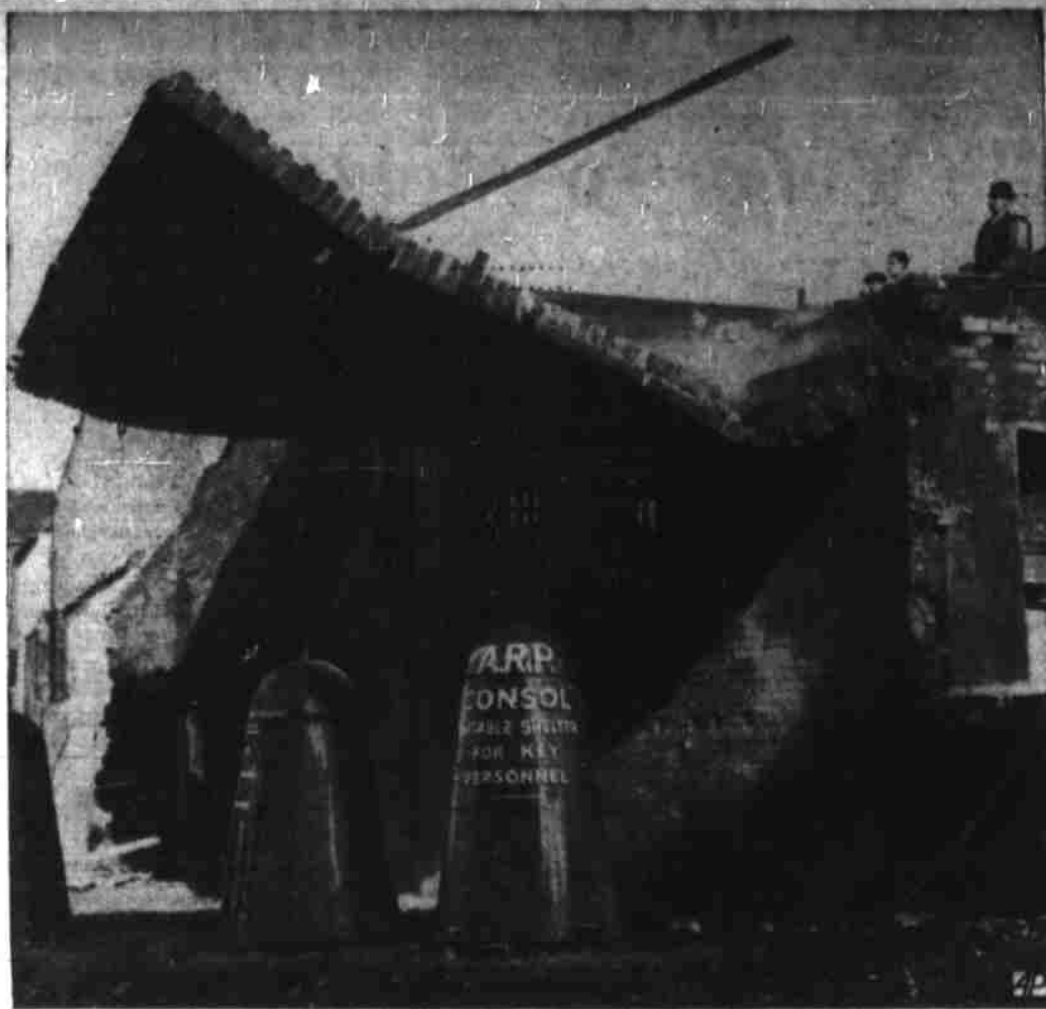

The attack on the embassy followed a cordial student welcome of Count Galeazzo Ciano, foreign minister of Italy, Germany's ax's partner—who arrived for a five-day visit. Diplomats said it was to win Poland's "moral sup-

port" for Italian colonial aspirations. The attack on the embassy was said to have been aroused by reports that men in Nazi uniforms had forced their way into the Danzig Polytechnic institute and beaten a number of Polish students who were pointed out by German students.

### BRANIFF TO EMPLOY LARGER PLANES

OKLAHOMA CITY, Feb. 25 (AP) C. E. Beard, vice president of Braniff Airways, said today present 10-passenger planes on four Texas flights would be replaced next week with 14-passenger equipment because of a steady increase in winter traffic.

The new flights extend from the city connection in Dallas to Fort Worth, Houston and Galveston; and Fort Worth, Austin, Corpus Christi and Brownsville. The late afternoon flights of both Braniff and American Airlines make the above connections in Dallas.

'LIKE A TON OF BRICKS' this wall collapsed onto conical steel air-raid shelters being tested at Birmingham, England, for a possible role in Britain's immense preparedness program. The bullet-proof shelters were found intact after the bricks had been cleared away, but no lives were risked since the offer of volunteers to sit inside the shelters had been declined. With mounting fear over a general European war, British defense officials recently announced the planned construction of back-yard "mail order" bomb shelters for the civilian population.

### CHRISTIAN SCIENCE LECTURE GIVEN HERE BY N. YORK MAN

A lecture entitled "Christian Science" was given at the municipal auditorium Friday evening by Frank Bell, C.S.E., of New York City, a member of the board of lecturers of the Mother Church in Boston.

Mr. Bell said in part: The common belief about a man's life is that he lives within a physical body, that his identity is located inside a material structure of flesh and bones. How life got into the body, what keeps it there, how it is to get out, and where it is to go when it gets out, are subjects of much speculation and little assurance.

All human ills are associated with the sense of life in the flesh. Therein man is supposed to live a precarious life and to die an inevitable death; therein are his aches and pains, his fears and disappointments, his sinful habits, devastating appetites, illusive pleasures. The sorrows and sufferings from which mortals pray to be delivered all have to do directly or indirectly with the so-called corporeal, fleshly selfhood, including that which is called the mind within the body. Christian Science, concerned with the overcoming of human ills, that the inherent rightness of God's creation may appear, invites men to consider the reasonableness of the proposition that since discord is found only within the realm of physical sense, the way out of trouble lies through the taking on of a better sense. It is possible to do this in a perfectly natural way.

The Material Body? To hold to the belief that man lives inside of a material body one must well-nigh ignore the fact that actual life has not been found in the body. Each of the activities

within the body can be truthfully described only as an effect of something else. If that something else were inside of the body it scarcely could have escaped detection by this time.

The situation is illumined by such statements as this from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, page 208: "You embrace your body in your thought, and you should delineate upon its thoughts of health, not of sickness." A moment's consideration makes it plain that we do embrace our material body in our thoughts. Therefore both we and our thoughts must be in fact outside of that body. One could not well be inside of that which he embraces. We contemplate our so-called physical selves from without, not from within.

If man does not really live in the flesh, then clearly he ought not to go on believing that he does. Inspired thought beckons us out of materiality. In Genesis we are assured that true man is the image and likeness of Infinite Spirit. A psalm reminds us that we shall be satisfied when we awake in God's likeness, the likeness of Spirit. Isaiah urges, "Cease ye from man, whose breath is in his nostrils; for wherein is he to be accounted of?" Jesus, commanding his followers to take no thought for the body, declares that real life, life eternal, is a state of mind, to know God aright. St. Paul, seeing that "they are in the flesh" cannot please God, advises Christians to cultivate a willingness "to be absent from the body, and to be present with the Lord." John, the Revelator, explains the possibility of beholding new heaven and new earth,

not material but spiritual, through mental purification.

Christian Science teaches and proves that to lift one's sense of identity and really up out of the flesh into infinite Spirit promotes health and harmony. Thus Christian Science restores that which was lost, Christian healing.

Life was no mystery to Jesus. "It is the spirit that quickeneth; the flesh profiteth nothing," said he. The sick are healed and sinners are reformed through learning to look outside of the flesh for that true spiritual animation which alone is capable of maintaining the universe and all that is therein. To the Master evidently it was clear the health is primarily a state of thought and only secondarily or incidentally a condition of body or matter. To him the sick were those "whom Satan hath bound," the Satan whom he described as "liar, and the father of it," a self-constituted lie or false sense, having "no truth" in it. Both are casting out of devils, sick, deluded beliefs, and the spiritual quickening of those who came to be healed were accomplished through the operation of the Mind that was in Christ Jesus, as St. Paul describes it. Those who were healed were those whose hearts were open to the regenerative influence of that mind or sense which perceived and reflected the absolute truth concerning God's creation.

Prayer At the beginning of the chapter on "Prayer" in her book, Science and Health, Mrs. Eddy quotes two familiar statements of Jesus: "What things soever ye desire when ye pray, believe that ye receive them, and ye shall have them." "Your Father knoweth what things ye have need of, before ye ask him."

Can there be no doubt that the Master sought to make it clear that prayer requires a correct attitude of mind on the part of the one who prays? To pray as Jesus taught, one must control one's thoughts, bringing them into accord with divine Spirit. This is the method in Christian Science.

Since what we need is known to the Father, divine Spirit, we can know what we truly need only through adjusting our sense of need to the divine will. Thus what things are rightly desired will be realized. Mere wishing cannot be substituted for prayer; and this must be understood for the human heart might wish for things not truly desirable or needed, therefore not to be gained through prayer.

Christian Science yields no magic wand for the attainment of anyone's willful wants. It works through prayer for the achievement of ends worthy of prayer, such as health, purity, plenty, and peace.

### Says Senate May Reverse Guam Vote

House Has Rejected Naval Improvements On Pacific Isle

WASHINGTON, Feb. 25 (AP)—A prediction that the senate would reverse the house's action and authorize \$5,000,000 in naval improvements at the island of Guam came from Senator Lewis (D-Ill) today as the senate military committee gave its approval to the \$358,000,000 army and air corps expansion bill. Lewis, veteran member of both the foreign relations and military committees, said that if he judged the temper of the senate correctly, "it will put back the Guam item and announce that it is our property and we are merely fencing it."

Senator Lee (D-Okl), another member of the military committee, said he thought the house vote against the Guam improvements had had "a bad psychological effect" in the Orient and that the item should be put back in the naval base bill.

He indicated, however, he believed President Roosevelt might have to exert his personal influence to accomplish this. The house vote against a proposal to dredge the Guam harbor for seaplane lanes and make other improvements was interpreted in most quarters as having been influenced by arguments that Japan would view this as a provocative step.

Senator Norris (Ind-Neb) who has been extremely critical of Japan's course in China, said he was inclined to support the house action. Senator Clark (D-Mo) said he would oppose restoration of the Guam item and predicted the senate would reject any attempt of that nature by a substantial majority.

"Any move to fortify Guam is closely equivalent to a declaration of war," Clark declared.

CENTER POINT IS READY TO FETE LOCAL MEN

Although their time for entertaining Big Spring business and professional men is a full three months away, Center Point women were in Saturday for a conference with J. H. Greene, chamber manager, concerning the affair. Meanwhile, Charles Frost, chairman of the good will committee of the chamber, was to call a meeting of the group sometime this week to make definite plans for a neighborly visit with Gay Hill men on March 14. Women of that community, who will serve a dinner for the occasion, are drawing up a list of the men in and around Gay Hill so that local men can check and invite those men.

### MOVE TO MEMPHIS

MEMPHIS, Tenn., Feb. 25 (AP)—Company officials announced today that headquarters and general offices of George H. McFadden & Bro., Houston cotton firm, were being moved to Memphis and would be fully established here by the opening of the new cotton season August 1.

John W. Geary, Jr., member of the firm, announced the transfer which was ordered, officials said, because of the change in the cotton export situation during the past few years and recognition of Memphis as a strategic inland spot-market center.

The company, reputed to be one of the largest cotton firms in the country, moved to Houston two years ago from Philadelphia where it had been founded 75 years previously.

### All Teachers At Garner School Are Re-elected

All teachers in the Garner school have been re-elected by the board of trustees for another year, it was learned Saturday.

Previously, H. F. Railback, superintendent, was renamed to another term. On the heels of the board's action came news that the state department of education has granted extension of credit to give the school a unit in fourth year English.

The 12 members of the faculty renamed are: Mrs. Oia Motley, first grade; Mrs. N. Y. Burnett, second grade; Mrs. Lavada Brownrigg, third grade; Mrs. Edna Weed, fourth grade; Alene Salsar, fifth grade; Mrs. H. F. Railback, sixth grade; John Simms, seventh grade; and these high school teachers: Mary Mathis, Marie George, Jack Echols, F. C. Burnett and N. Y. Burnett, who will serve as high school principal. F. C. Burnett will serve as principal of the elementary school.

\$39.50

Chair to Match, Extra

One of the most beautiful pieces for any living room today—and certainly most economical—is SEALY'S Davette, which not only serves as a full size divan but breaks down into a double bed when needed. Another outstanding feature is its spacious bedding box found underneath when not serving as a bed.

CCC CHIEF Robert Fechner (above) may figure in an administration proposal to make CCC a permanent agency with civil service status. Hearings on proposal will be public, as result of successful fight led by Bruce Barton (Rep.-N. Y.).

## GOOD BYE, BIG SPRING ...and THANKS

In the short while that we have been here we have come to know Big Spring as "home" ... a city filled with the type of folks it takes to have a perfect citizenship — people who want you for their friends and who want you to have the same feeling for them—people whose friendliness and city pride have made Big Spring a city typical of the West, a leader in the field of progress!

It is with much regret that we leave Big Spring, a move that is certainly not according to our wishes ... but we had to have more space—a larger building—and this could not be found here.

To those of you in Big Spring and surrounding trade territory who have so consistently favored us with your patronage during our business life here, we express sincere thanks. Your daily visits to the store—whether you came to buy or just visit—will always be pleasant memories.

Within a short while, we will have Grand Opening of our new home in San Angelo, a building as modern as tomorrow, and one the entire Levine system points to as one of their most complete units ... We'd like for you to see this new store and inspect the large stock that will be carried at all times, so if you are ever in our neighborhood in San Angelo, drop in for an old-time visit.

Again, thanks a thousand times for every favor of the past.

Extension Is Indicated For Denver Pool

Widening Of North Cowden Area In Ector Also Seen

SAN ANGELO, Feb. 25—An indicated quarter mile east extension to the Denver field in Yoakum county and prospective one-half mile east extension to the south end of the North Cowden pool in Ector county were among principal West Texas oil developments this week.

An eastern Cochran county test, T. G. Shaw No. 1 Carrie Stauffer Dean, slightly more than one mile from a small discovery well, swabbed oil after heavy acid treatment. Record potentials were established by one well each in the North Cowden field in Ector and the Dunes pool on University of Texas land in eastern Crane county. Pecos county gained the only wildcat location of the week.

Honolulu No. 1-A Ken-drick, quarter mile east of production in the Denver field in Yoakum county, filled 3,000 feet with oil in drilling to 5,064 feet in lime and drilled ahead. Location is 1,650 from the south, 2,310 feet from the east line of section 825-D-John H. Gibson. The Texas Co. completed Nos. 6 and 7 Willard in the Denver for combined daily potential of 510 barrels and started three tests in that area and one in the Roberts pool farther west.

Stallings No. 1-4 Ken-drick, quarter mile east of production in the Denver field in Yoakum county, quarter mile northwest of Shell No. 1 Ruys, a small pumper showing water, flowed oil after acidizing, bottomed at 3,250 feet.

T. G. Shaw No. 1 Dean in Cochran county swabbed an estimated 12 barrels of fluid hourly, half oil and half acid water, after treatment with 7,500 gallons of acid in three stages, with the total depth 4,981 feet. It is in the southwest part of section 9, Mills county school land, 1 1/2 miles southeast of Geo. P. Livermore No. 1 Wright, a small discovery well.

S. W. Richardson No. 1 Miss A. E. Coe, one-mile northeast outpost to the Slaughter pool in Hockley county, which headed oil at 5,049 feet, showed salt water in cores from 5,162-55 feet. Plugged back to 5,146 feet it swabbed an estimated 20 barrels of fluid hourly with only a run of oil and was plugged back farther. The test is in the southwest corner of labor 53, league 40, Maverick county school land.

Potential increased. Daily potentials of several Standard and Honolulu wells in the Slaughter pool were increased two to four times above the initial 24-hour yields by retests. The Slaughter field and the Dean and Duggan pools in Cochran county soon are to obtain an outlet through a carrier to be laid by the Flaming Pipe Line Co. to a refinery to be built at Levelland, Hockley county, by the Motor Fuels Corp.

Atlantic staked No. 1 J. L. Tippet, north offset to Osage-Atlantic No. 1 Tippet, second well in the four-mile northwest extension to the Seminole pool in Gaines county, 660 feet out of the northeast corner of section 266-G-WTERR. The Osage-Atlantic well is one of three in the pool that recently obtained deeper pay.

Cities Service No. 1 W. H. Rhodes, one-half mile east of the south end of the North Cowden field in Ector county, topped broken pay at 4,077 feet and had 2,700 feet of oil in the hole when drilled to 4,150 feet in lime. It was to continue to around 4,200 feet and shoot. Location is near the center of the northwest of the northwest of section 24-43-1s-T&P. Topping pay sand at 4,464 feet, Texas Pacific No. 1 Holt, half mile east outpost to the North Cowden pool, had 2,800 feet of oil in the hole when drilled to 4,478 feet. It was to swab, then shoot. Location is in the southeast corner of section 19-43-1s-TP.

gotiated peace" could be achieved "within the early months of the new year" and he expressed hope Lewis and Green would soon give him the names of the members of the peace committee.

First, because it is right. Second, because the responsible officers of both groups "seem to me to be ready and capable" of making a negotiated and just peace.

Third, because "your membership ardently desire peace and unity for the better ordering of their responsible life in the trade unions and in their communities."

Fourth, because the "government of the United States and the people of America believe it to be a wise and almost necessary step for the further development of the cooperation between free men in a democratic society such as ours."

Green Ready To Act, Lewis Remains Silent

NEW YORK, Feb. 25 (AP)—William Green, president of the American Federation of Labor, said today he had accepted President Roosevelt's invitation to appoint a committee to meet with a CIO committee in an attempt to effect peace in the labor movement.

Commenting on letters which he and John L. Lewis, CIO chief, received from Mr. Roosevelt, Green added, however, that it would be more difficult to reach a peace agreement now than a year and a half ago, when a similar peace movement failed.

"Time has developed complications," Green said, in an interview. "The situation must be dealt with in a statesmanlike way if we are to reach any settlement."

He said the AFL would refuse again to change its fundamental structure. He would express no opinion on the outcome of the negotiations which he expected would begin some time next week.

Lewis also was in New York today when President Roosevelt's peace effort was disclosed, but he left for Washington without commenting on the CIO position.

In the previous AFL-CIO conference looking toward a reconciliation, the AFL refused to alter its traditional craft union status and the CIO refused, similarly, to give up its own industrial unionism or its autonomy in any new setup.

Credit corporation, testified the government now held 11,014,000 bales of such cotton, representing an investment of \$560,000,000 and a net loss of approximately \$44,000,000 at current prices.

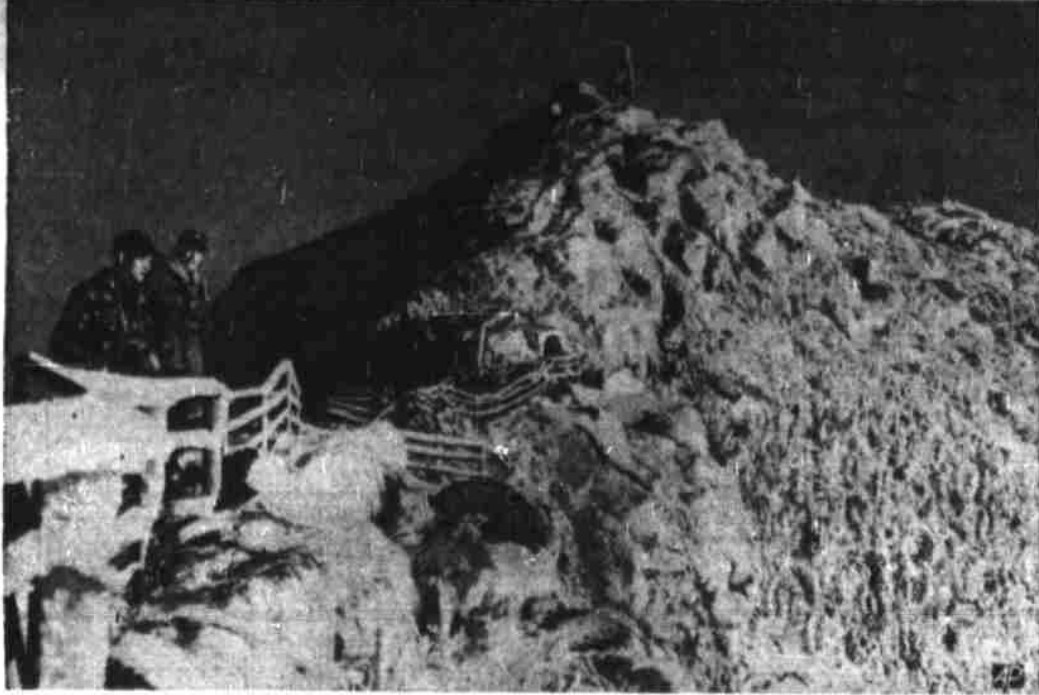

"I think a certain amount should be made available for the market as the market can take it at a reasonable price," Jones said. "I don't think enough cotton should be sold to break the price, but the policy of holding the cotton off the market by legislation is wrong and somebody ought to have the authority to sell it."

this same wave may roll on westward.

We are informed that a bill is before the house to limit drug stores to a five gallon supply of liquor. It's designed to stop a lot of "sickness" which inevitably breaks out in dry areas of the state.

The county is to be congratulated on a tax collection that will amount to 90 per cent by the end of June when last half payments come in. Payments by large concerns and interests, with one notable exception, is the principal reason for this record.

What's happened to the building business here? In the past two weeks less than \$3,000 in small jobs have been undertaken. Some industrial items, possibly amounting to \$50,000, are in sight for next month. But residential building is needed to steady the keel.

Highway engineers announced last week that a rerouted road to Garden City will be only 27 miles long. Midland and Glascock counties are cooperating on a road that will bring the county seats within 35 miles of each other. Looks like we've slept long enough.

A good thing about the Farm Security Administration is that it requires every farmer to take regular inventory, budget his normal expenses, and follow approved farming practices. Well wager, as a result, FSA families do a lot more living at home.

Howard county commissioners court has come out flatly against the one cent diversion of gasoline tax for state assumption and refunding of county road bonds. Why? This county's total bonded debt outside that already assumed by the state, is only slightly better than \$100,000. In other words, we'd be hoing somebody else's row.

RANCH HAND KILLED IN HIWAY ACCIDENT

SAN ANGELO, Feb. 25 (AP)—J. B. Asbury, 31, employe on the Wayne Munn ranch near Water Valley, was killed instantly tonight when his automobile crashed into a concrete culvert on the Big Spring highway 20 miles north of here. He was dead when passing motorists pulled his body from the wrecked car.

Asbury, formerly of Dallas, had been working at the ranch for two months. He is survived by his mother, Mrs. E. W. Asbury, Dallas; two brothers, Cliff and Edwin, both of Dallas, and a sister, Mrs. Knox Henry of Lancaster.

City Given Water Rights On Creeks

City of Big Spring was notified officially Saturday that it has been granted water rights on Powell and Devil creeks in southeast Howard county.

The granting of the rights removed the last obstacle in the creation of the second of two city artificial lakes. However, considerable progress already has been made on the dam which will impound waters from Powell creek and from Devil creek by a diversion canal.

During the past week contractors cleared ground for the Moss creek dam, four miles northwest of the Powell dam, and scarified

the dirt preparatory to starting core trench operations. Extension of a 14 inch cast iron main from Big Spring to the two lake sites was pushed steadily during the past week with the job being completed to a point two and a half miles east of the city.

Billies Scored 18 Victories During Year

Record Shows Wins Over Big Spring And Midland

GARNER, Feb. 25—A record of 18 victories in 29 games was compiled by Floyd Burnett's Garner high school basketball team, which recently completed its schedule for the 1938-39 season.

The Billies finished their season in a tie with Courtney for the leadership of the PSAA cage league. R. T. Johnson, Cleo Jeffcoat, Marlin Brown, Leon Denton, Willie B. Walker and Varney Jones were rewarded for their services to the team recently. Only Brown and Walker will be ineligible for competition next season.

In season's play the Billies triumphed over Klondike four times, defeated Stanton thrice and Ackerly and Moore twice each and turned in single victories over Courtney, Sterling City, Big Spring, Coahoma, Midland, Valley View and Highway. They suffered losses at the hands of Forsan, which turned the trick twice, Big Spring, Westbrook, Moore, Courtney, Lake View and Wayland Junior college of Plainview. Wayland swept four games from the Burnettsmen.

TOLMICH IN NEW RECORD

NEW YORK, Feb. 25 (AP)—Glenn Cunningham, still the miler without a master, switched to 1,500 meters tonight and made it the occasion for his fourth National A. A. U. indoor championship at that distance. Cheered on by a crowd of 14,000 in Madison Square Garden, the peerless Kansas trimmed Gene Venzke by six yards in 3 minutes 5.6 seconds.

Allan Tolmich of Detroit raced to a new world record of 8.4 seconds in capturing the A. A. U. indoor 65-meter hurdle title.

The former Wayne university star, in setting up the new mark, clipped one-tenth of a second off the record he set in last year's meet. He won by two feet over Roy Staley of the Southern California A. A. Fred Wolcott, the blonde outdoor streak from Rice Institute, ran third in his first competitive appearance on boards.

The 60-meter sprint crown also went to a new champion, Herbert Thompson. The Jersey City negro tied the world record of 8.6 seconds in capturing the final by four feet from the 1938 winner, Ben Johnson of New York.

Cunningham, who set a world record of 3:48.4 in winning this title a year ago, was satisfied with third or fourth place through the early and middle stages, but set out after Venzke as soon as the New York A. C. runner moved into the lead with three laps to go.

Venzke hung onto the runner-up spot, while Chuck Fenske of Wisconsin barely fought off Archie San Romani to take third.

around Harold "Lefty" Bethell, two year letterman and fullback, who may be moved to half before September. Bethell should come in at around 185 pounds, ten pounds heavier than in 1938.

He will be given assistance in the secondary by D. R. Gartzman, who earned a numeral as a freshman last season, Bobby Martin, slated to call signals, and Johnny Miller, 130 pounds.

Murphy is going to need plenty of replacements in the line where Chuck Smith, Clyde Smith, Duwood Dearing, Henry Buggs and Howard Hart have departed. He Battle and Bill Fletcher are turning as letterman guards while Winsett Nance should be able to take care of one tackle berth. Mc Wade McDaniel, Douglass Pyle and Pat Patton will be trying for the other slot.

Paul Kaach, of course, will be worked at center. Kaach and Hadd divided time at the position last year.

Bobby Savage and Lem Nation are the leading wing candidates, with Jack Graves figuring strongly. Owen Brummett must be figure as a contender for a second-year spot. The youngster has been unable to put on any weight but, that, can tip the scales at most than can Martin or Miller.

Brummett is the top line back of the crew and may be moved to the line.

Ed Knapp, Billy Parker, Bobb Mann, Junior Moore and Arvi Walker are the youngsters John Daniel is sending along from the Yearling squad.

The drills will be conducted on a newly cleared spot on South Donley street.

### The Day They Exhibit Animals Is The Big Day For All Club Boys

In school the biggest thing of self in the ring before the show the year is graduation day; in 4-H and FFA livestock demonstrations, it's show day.

Not until he places his calf, sheep or pig on display before an appreciative public does the boy have an opportunity to demonstrate his skill in keeping and feeding out well bred animals. Because he takes a pride in what people think about his ability, the boy works hard at the job from six to eight months a year.

He must start with either a pure bred, grade or cross-bred animal, must own it himself, do his own feeding and keep complete records on the amount and cost of feed consumed by his animal.

At the show he must keep his stall neat and clean, clip, wash and brush his calf and be responsible for its actions, and show it him-

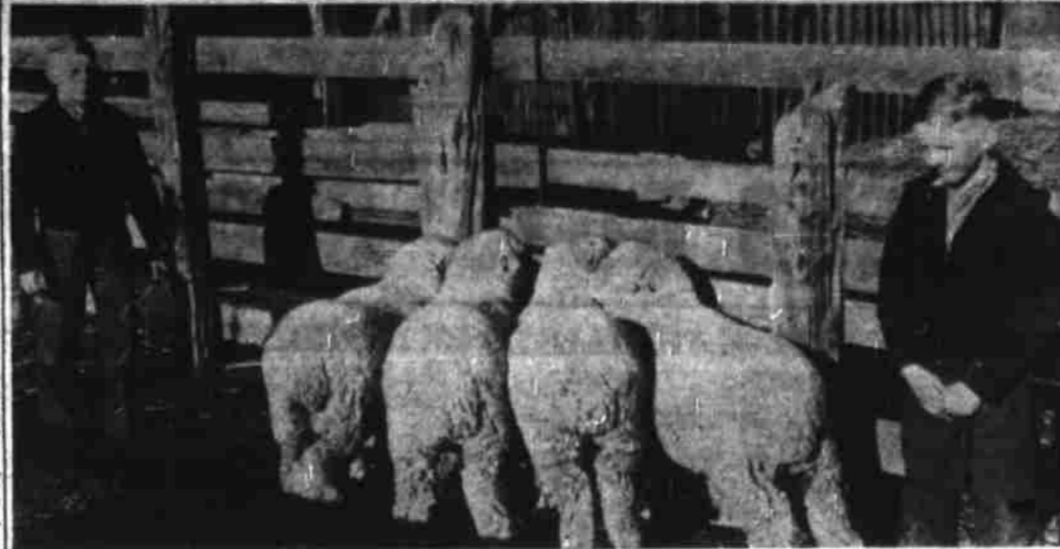

### CATALOGUES SENT OUT FOR ANGELO HEREFORD SALE

SAN ANGELO, Feb. 25—Catalogues for the Hereford auction sale to be held at the fair grounds here Saturday, March 4, as a feature of the 8th annual San Angelo Fat Stock Show and Rodeo, are being sent to consignors and prospective purchasers throughout the southwest, it was announced yesterday.

Culberson Deal, manager of the show, said that 29 breeders have consigned 65 bulls and nine females for the sale. There have been more animals sold at previous auctions but this year's list of consignors is the most representative group of breeders selling here.

Animals in this year's sale are of better quality and more desirable age than Herefords sold in previous auctions, Mr. Deal says. In the Hereford show proper there have been entered 162 head of registered cattle.

### HOWARD COUNTY BOYS TO DISPLAY SHEEP

Last year when the district club boys livestock show was inaugurated here, Howard county had no entries in the fat wool lamb class. This year five lads will enter a dozen sheep. Donald McKinney and Helen McKinney, sons of Mr. and Mrs. Albert McKinney of Center Point, proudly exhibit four reasons why they hope that they may figure in the placing. If they don't break into the win column, however, their father already has some lambs picked out to do the trick next year.

### GARDEN CITY BUCK LOSES HIS HORNS

GARDEN CITY, Feb. 25—There need be no further arguing the point of whether a buck deer sheds his horns.

Conclusive proof that a buck can and sometimes does lose his antlers is found right here in the

courtyard of the Glasscock county square. The buck in a herd of pet deer kept by the county has lost his fine crop of horns. Old timers say he will put on a new crop with additional points come spring.

Municipal authorities in Istanbul, Turkey, destroyed 17,182 stray dogs and 2,180 cats last year.

### AGENTS, TEACHERS GIVE CLUB BOYS SUPERVISION

Fine, fat steer calves, wool lambs and barrows to be seen at the 4-H club and FFA livestock show here Monday and Tuesday don't just happen.

They are the result of painstaking supervision on the part of county agents and vocational agriculture teachers in this section.

Men responsible for the quality of animals to be shown here are these county agents: George Bond, Stanton; Joe C. Williams, Lamesa; E. B. McLeroy, Call; X. B. Cox, Snyder; V. G. Young, Garden City; H. B. Malloy, Sterling City, and these vocational agriculture teachers: H. M. Fitzhugh, Garden City, and H. M. Carter, Sterling City.

### Sub-Debs Entertain Two Rushees At Club Meeting Saturday

Discussing secret rules for rushing and entertaining two rushees, Stella Robinson and Violet Rowe, members of the Sub-Deb club met Saturday in the home of Billie Beas Shive.

Billie Beas Shive and Joan James gave the secretary's and treasurer's report and the group sang the club song.

Sub-Deb pals exchanged gifts and two rushees for next Saturday's meeting were chosen and include Gloria Conley and Margaret Jackson.

Plans for the March entertainment were discussed and the date was set for March 25. Next meeting is to be in the home of Champe Phillips.

Attending were Sara Lamun, Janice Slaughter, Marie Dunham, Champe Phillips, Mary Nell Edwards, Billie Beas Shive, Joan James, Mary Freeman, Mary Jo Russell, Joyce Croft, and Betty Lee Eddy.

### A WINNER AT STANTON SHOW

Meet "Old Draw," the milked calf that got to be "Mr. Old Draw" by virtue of his first place win at the recent Martin county club boy show. Billy Sadler, who fed out the steer, is shown holding it while W. L. "Bub" Marshall, Tom Green county agent who judged the show, and E. B. "Bub" Dickenson, breeder of the calf, look on approvingly. The calf will be shown in the district exhibit here Monday and Tuesday.

### Honors Husband On His Birthday Anniversary

FORAN, Feb. 25 (Sp)—To honor her husband on his birthday anniversary, Mrs. J. E. Gardner entertained with a dinner in their home Wednesday.

Washington's birthday provided the color motif and a white cake topped with cherries and white candles was presented to the honored guest.

Dinner guests included Mr. and Mrs. E. B. Loper, Mr. and Mrs. George Johnson, and Mrs. J. L. Johnson.

that he has fed more calves and earned a greater profit on his work. Russell was one of the three boys from this county who entered their records in the state contest and he is one of the eight boys from this district of 39 counties who were selected.

Other boys from this county who entered records in the contest were: Billy Jo Sadler and Hoyt Springer. Other winners in this district were: Harold Williams from Schleicher; David Williams from Schleicher; Lloyd Rumsey from Tom Green; Russell Sadler from Martin; Jas. Lawhorn from Irion; Jack Mayberry from Fisher; T. L. Carter, Jr., from Fisher, and A. J. McWilliams from Menard.

### WANNA RENT A COW?

SHELBY, N. C., Feb. 25 (AP)—Nothing new under the sun? Maybe not, but a livestock dealer has developed a "rent-a-cow" system here that seems to be working successfully.

He has placed about 75 cows with renters, charging from 75 cents to \$1.50 per week. The renter furnishes feed and shelter and when bossy goes dry the dealer replaces her with a good milker.

Among the many English words that have entered the Japanese vocabulary and remained almost intact is "jimmie." Japanese believe it is a native word, having forgotten the original — "dilemma."

These four sophomore girls at Texas Christian University have been named by their classmates as popularity and beauty queens for the student annual. They are: Poppy Bass, McKinney; Florrie Buckingham, Sulphur Springs; Dorothy Finlayson, Rhame; and Elizabeth Hager, Dallas.

Colds And Cold Weather Slow Down Social Life

Cold weather, colds and over-cast skies seem to have thrown a damper on the social life of Big Spring this week and inquiries concerning parties have brought forth only meagre and detailed accounts of symptoms.

No one seemed to be going any place, having any company, or doing anything. In fact between coughs and sneezes they pointed out that they really weren't very interested in a gay round of social events.

Women At Work She Collects--And Pays--Taxes

Back in 1923 Mrs. F. M. Purser was offered the job as tax assessor for the Big Spring Independent School district and decided to try it for a year and see how she liked it.

MRS. F. M. PURSER

Up until she started this work, Mrs. Purser had had no other job other than that of housewife. Next to her work, she lists cooking as her chief interest and hobby. "I like to cook so well I ought to run a boarding house," she chuckled.

Mrs. Hanson Gives Play Review At Hyperion Meet

"Our Town," a three-act play by Thornton Wilder, was reviewed by Mrs. Lee Hanson when the Senior Hyperion club met Saturday in the home of Mrs. H. S. Faw.

And Mrs. Purser, who is a jolly person with a ready laugh and sense of humor coupled with a genuine interest in her job was bound from the start to make many friends and a success of her job.

"Christ Jesus" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, Feb. 26.  
The Golden Text is: "Let the word of Christ dwell in you richly in all wisdom;... And whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him" (Colossians 3:16, 17).  
Among the citations which comprise the lesson-sermon is the following from the Bible: "Jesus cried and said, He that believeth on me, believeth not on me, but on him that sent me" (John 12:44).  
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christ's Christianity is the chain of scientific being reappearing in all ages, maintaining its obvious correspondence with the Scriptures and uniting all periods in the design of God" (page 271).

**Children Warned To Keep Kites Away From Wires**

With the kite flying season at hand, Texas Electric Service company has issued its annual appeal to parents to warn children flying kites to keep away from electric power lines.

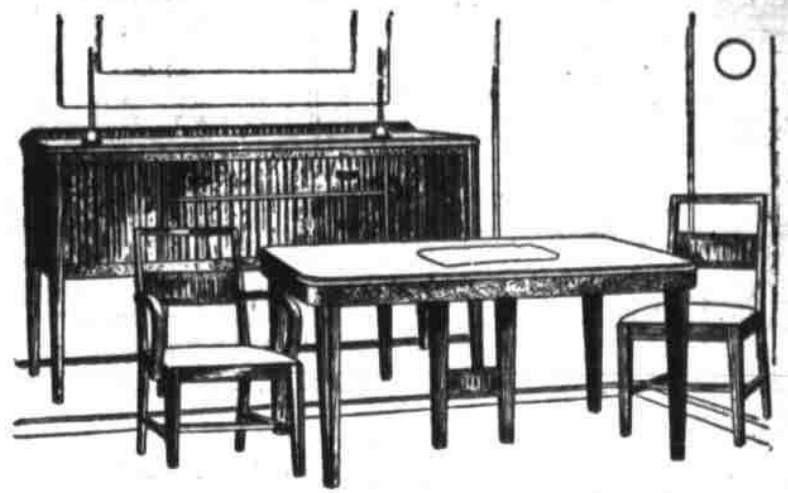

"That the innocent pastime of kite flying can be exceedingly dangerous is brought out forcibly by the fact that many accidents occurred in the year just past because of children getting their metalized kites tangled in power lines," according to C. S. Blomshild, district manager of the company.

"Too often children use metal wire in the place of string on their kites and when this wire comes in contact with a power line the result is instantly disastrous. Even plain kite strings sometimes carry current, especially if the string is wet. The best idea, regardless of how the kite is built or what kind of string is being used is to see that it is flown in open spaces where no power lines are located," Blomshild stated.

"If a kite should become entangled in power lines, be sure that children do not climb the poles or use long sticks to try to get the kite down. Call our company office and a trained lineman will be sent to rescue the kite if it is possible to do so."

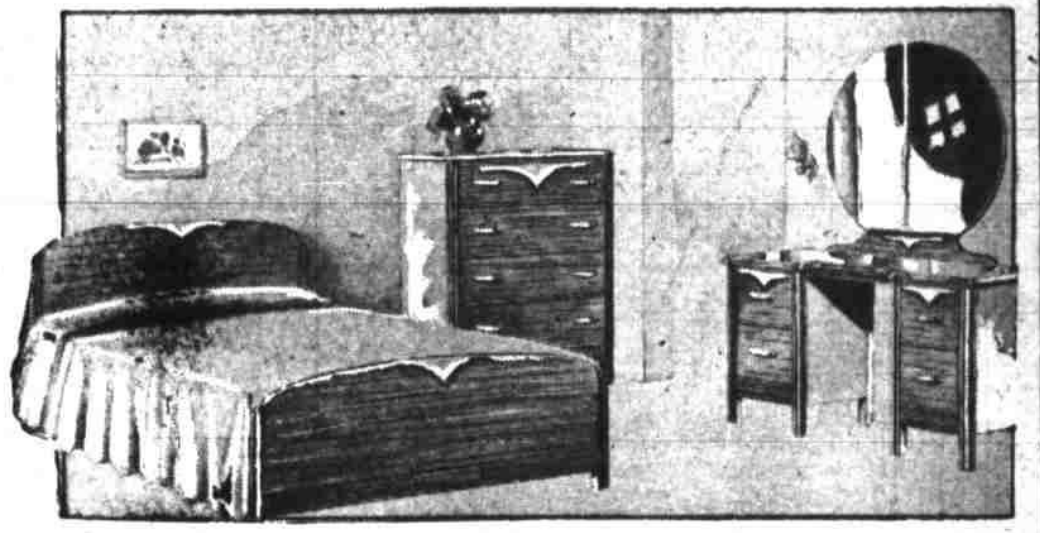

Employees of the electric company will pay their annual visit to local schools shortly and will make a detailed explanation of the dangers of flying kites near power lines.

### YOUR FRIEND REDDY KILOWATT HAS A MESSAGE FOR YOU ABOUT FLYING KITES

● "Now that kite flying time is here, I want to give you a few tips... and ask you to remember them.

"Never use any wire for kite flying... and never fly your kite near the electric lines, because the kite might get into the lines and you might be injured. Even a damp cotton string is a conductor of electricity... so be careful and always fly your kite in an open space where there are no electric lines.

"I certainly don't want any of my little friends to be injured while playing."

**BAND CLINIC SLATED AT STANTON MAR. 4**

STANTON, Feb. 25 (Sp)—Stanton's annual band clinic will be held Saturday, March 4, in the school auditorium, according to W. M. Bucy, band director. Lamesa and Foran have already sent word that their bands will be on hand. Invitations have been sent to others from whom replies have not as yet been received.

The clinic will be especially valuable to the members of the participating bands as preparation for the district band contest to be held at Odessa in April.

On the night of the fourth, a concert by a composite band selected from all the attending bands will be held in the auditorium. At that time the election of the local band sweetheart will be completed and the winner's name announced.
