HEREFORD CAMP FIRE OFFICERS elected at a meeting Monday are from the left, Mrs. Wayland Smith, treasurer; Vance Crume, president, and Mrs. John N. Jacobsen Jr., Vice president of the board, Bob Doughman was not present. Installation of the officers was conducted by four members of Neoki Horizon Club. Participating in the ceremony were Judy Crume, Linda London, Sharon Tinnin and Barbara Langley. (Staff Photo)

Crume Named To Head City Camp Fire Council At Meet

Officers and directors of Hereford Campfire Council were elected and installed at a meeting Monday in Hereford Community Center.

The election of council officials followed the annual report by committee chairmen with Neil Cooper, outgoing council president, presiding.

Named as president of the council for 1964 is Vance Crume, with Bob Doughman elected vice president; Mrs. John Jacobsen Jr., secretary, and Mrs. Wayland Smith, treasurer.

Elected as three-year directors were the Rev. Eugene Brink, Mrs. O. Z. Golden, John Goeh, George Phillips, Mrs. Smith, Mrs. Glenn Watts, Mrs. Delmo Williams, and Raymond

White, Crume and Cooper were re-elected to three year terms of the council.

Installation of newly elected officers was conducted by members of Neoki Horizon Club. Participating in ceremonies were Judy Crume, Linda London, Sharon Tinnin and Barbara Langley.

Opening the meeting, Cooper called upon committee chairmen for their annual reports.

Brooks Is Named Acting Assistant Principal At HHS

Joe Brooks was named acting assistant principal at Hereford High School as the board of trustees for the independent school district met Tuesday in a called session.

Brooks has been a member of the high school coaching staff for the past four years. He was moved into the job temporarily, but will maintain his coaching duties during the spring semester.

In other business at the called session, travel expenses to send Jack Meredith, head football coach, to the annual coaching school were approved.

It was also agreed to complete school district policy changes before the end of the spring semester.

Around Town

Hereford A and B teams will meet Littlefield Wildcats Friday night and White Deer Saturday night here, the first a conference game. B teams are to meet at 6:15 and varsity teams will tangle at 8 o'clock.

C. O. Phillips, 280 W. 4th, was a witness to last Sunday morning's sniffling-out of a burning gas well near Artesia, N. M. He said he stood a mile away when Red Adair and his son blasted the well into submission. "One moment it was blazing, the next the fire was out completely; best anything I ever saw," he says.

Carl Shirley, the son of Mrs. Jeff Gilbreath, is a math teacher in Balboa High School in troubled Panama. His family here reports that they have been unable to contact him since the trouble began there, but assume he is all right. Shirley is a graduate of Hereford High School, TCU and WTSU and is a summer student at Stanford University.

Hereford Little League will meet next Monday night at Southwestern Public Service Co. office to elect officers and plan the '64 season. Ted Higgins, president, announced Wednesday. All interested are asked to meet him at 7:30 p.m.

An organizational meeting for the League of Democratic Women is to be held Saturday at 2 p.m. in the Federated Club. (Continued on Page 3)

Entries Pour In For Livestock Show Here On Eve Of Opening

Basketball Game, Air Rides To Bolster Dimes' Campaign

Deaf Smith County's March of Dimes campaign, launched recently, is to get three boosts with a basketball game, penny-a-pound airplane rides and a traffic block planned.

First of the events will take place tonight when Hereford Jaycees and Hereford Optimists will unlimber unaccustomed muscles in what is expected to

be a rough-and-tumble basketball game.

The event is to take place at the Whiteface gymnasium, starting at 8 o'clock. No fixed admission fee will be charged, but spectators will be permitted to make donations to this worthy cause.

Strong winds last Sunday prevented what was to have been the first money-raising event of the current March of Dimes campaign; air rides, offered by Whiteface Aviation, had to be cancelled.

Two Children Are Asphyxiated; Exhaust Blamed

Two small Latin-American children were hospitalized Monday for asphyxiation due to carbon monoxide seeping into an automobile as they were being taken to school.

The two children, Romulo Estrada, six-years-old, and his sister, Sanjaunita, 8, were admitted to the hospital for a second time, but were released last Monday, according to a Deaf Smith County Hospital spokesman.

The event has been re-scheduled for next Sunday. Riders will be given flights over Hereford and will be charged at the rate of one-cent-per-pound for the flights. Whiteface Aviation is donating air-rides as a means of putting

money in the Dimes' coffers. Civil Air Patrol will help with the flights Sunday afternoon.

Pat Ferguson, general chairman of the campaign in Deaf Smith County this year, says next Sunday's road blocks will add additional money to the MOD drive.

Jaycees will set up two road blocks next Sunday to stop motorists and ask for donations to the Dimes' program. One road-block will be located at the intersection of U. S. 60 and U. S. 385, and the other will be located on Park Ave. in front of the Community Center. The Jaycees, wearing March of Dimes emblems, will have containers for contributions. In the past, the road block program has proved successful.

(Continued on Page 2)

Road Employees Given Pay Hike

Deaf Smith County Commissioners have granted a \$15-per-month pay increase to all county road employees, but they have placed them on a six-day week instead of five days as in the past.

The change was made at the Jan. 13 session of the commissioners with the raise going into effect Jan. 15.

Another raise also was granted by the commissioners at their session this week when the Court agreed to boost J. C. Reese's salary from \$1814.50 to \$2000 annually, effective Feb. 1.

Reese, adult probation officer for the 69th judicial district court, also serves Dallam, Hartley, Moore, Oldham and Sherman counties, deriving pay from each county served.

White was granted permission to cross section 44, block K-7. A similar permission was granted Reinaur Bros. to cross section 112, block M-7, and Charles Durham was given permission to cross Section 20, block E with a gas line.

The commissioners also prepared their annual statement to the Comptroller of Public Accounts for the State, stating that all Deaf Smith County employees are paid straight salaries and do not accept fees as part of their pay.

County Judge H. C. Williams said the form must be filed each year with the State Comptroller.

The commissioners granted permission for three road crossings by gas lines. James M.

Dameron, Renfro Win At Denver

Deaf Smith County cattlemen walked off with some of the top prizes at the Denver Livestock show in Denver this week.

Bill Dameron won first place in the senior bull calf carload division and reserve grand champion carload.

Jack Renfro placed third in the senior calf division and also had second for a load of junior calves.

All the Dameron cattle, except two top bulls that he retained for breeding stock, were sold. This included five bulls that went to Hot Wells Cattle Co., El Paso, for \$3000 per bull, and three bulls sold to Roy Parks, Midland, for \$2500 each. He also sold one bull to Ploeger Hereford Ranch, Morrill, Kan., for \$1700.

Still another bull went to a partnership of two Hereford breeders in North Dakota, bringing \$2500. Bob Parsons, Weston, Colo., bought two for \$2000 each, one for \$1500 and two others for \$1000 each. This gave a load average of approximately \$2300 per animal.

Dameron said Renfro also sold his stock for a good price.

This is Dameron's sixth year to compete in the Denver show, and his winnings have included

Reese Certain To Get Callers--Court Insists

Every 30 days, 54 persons living in Deaf Smith County must drop into the office of J. C. Reese at the courthouse here and "furnish such information as he may request."

These are persons who have been convicted of crimes in District Judge Harry Schultz's court but have been placed on probation. Reese is probation officer for Judge Schultz's 69th judicial district. There are five other counties in the district served by both Judge Schultz and Reese.

Fine, Sentence Dimmitt Man On SWWC Charges

A Dimmitt man pleading guilty Friday to charges of misdemeanor swindling with worthless check in Deaf Smith County Court Judge H. C. Williams presiding, was sentenced to one day in jail, fined \$1, court costs and the amount of the check.

Entering the plea was Robert Traylor Jr., 31. He was arrested Thursday by Castro County Sheriff's office and turned over to a deputy sheriff to be returned to Hereford.

Pick-Up Drivers Warned Of Speed Limit By THP

Drivers of pick-up trucks are being warned by Texas Highway Patrol that the speed limit for that type of vehicle was not increased when the new speed limit law went into effect.

"A pick-up is considered as a truck," commented a spokesman for the Highway Patrol office here. "The legal speed limit for such vehicles is 60 mph."

The warning was issued since a number of area residents have been given tickets for driving their trucks at the 70 mph limit set for automobiles.

Golden Spread Western Junior Livestock show, with 290 animals already entered and more expected before the entry deadline, kicks off today and runs through Saturday. The event will climax with a big sale Saturday afternoon at the Bull Barn.

Up to Wednesday night, entries included 56 steers, 125 barrows and 88 lambs, but entries will be received today.

Judging is slated for Thursday and Friday, and FFA and 4-H judging contests are to be staged Saturday morning, starting at 9 o'clock.

Trophies and ribbons have arrived and will be on display at the Bull Barn. Top winners in the various divisions will receive trophies, while winners of second prize and below will be given ribbons. Fifty trophies are to be presented.

Burglars Take \$287 In Cash From City Firm

Troy Moore's Shamrock Service station, 803 East First, was hit by burglars Tuesday night as they broke into the building through one of the overhead garage doors.

According to Hereford Police department, a window at the north end of a door on the east side of the service station was broken out.

Once inside, the burglars used a crow bar to force padlocks of a locked desk. Missing from one of the drawers were Tuesday's receipts totaling \$278.86 and some credit card receipts. The cash and the receipts were kept in a cigar box.

In the building, it was reported, there was also an undetermined amount of cash which was not bothered. None of the coin operated vending machines in the station were broken into during the burglary.

The break-in at the service station was discovered about 6:45 a.m. as the firm was being opened for business. This is the first major burglary for 1964 in the city.

Barrows will be judged first, starting at 4 o'clock this afternoon. Lambs are to be judged at 4 o'clock Friday and steers at 7 o'clock that evening.

Barrows are to be shown in five classes with light and heavy classes in each breed for Berkshires, Chesters, Durocs, Poland Chinas and an open class for other breeds and crosses. Barrows must weigh 180 pounds and not more than 240 pounds.

Calves will be shown in three classes — light, middle and heavy, and first and second place winners in each class will compete for the grand champion and reserve champion calf of the show.

Lambs are to be shown in these classes: Fine wool, cross-breed, medium wool, Southdown or Southdown crosses, and other breeds and crosses. Champions will be picked for each division, the show's president, Colby Conkright, explained.

Division superintendents are Dwayne Walker and Jamie Clearman for steers, Don Jackson and W. Harmon for barrows, and Scotty Windham and Tom Hefferman for lambs. General superintendents are Colby Conkright and C. Palmer Norton.

In Saturday's sale these animals are to be offered: The champion lambs in each class, grand and reserve champion barrow, 30 top steers, 21 top lambs and 48 barrows. In past years, the sale has been one of the top features of a considerable area.

Lefty Thomas, county agent. (Continued on Page 2)

TROPHIES AND TROPHIES — Trophies, dozens of them, are ready for the Golden Spread Western Junior Livestock Show as looks on. the trophies is County Agent Lefty Thomas (Staff Photo)

Reese...

(Continued from Page 1) and the offender sent to the penitentiary.

As might be expected, the number of men on probation far exceeds women, his Jan. 1 report shows. For example, 103 white men are on probation as compared with only 12 women; twenty-eight Latin men are on probation as compared with two women; and two male Negroes are on probation and no females.

TRADE FABLES

Of this number 140 were received from this district, four were from other counties in Texas and three from other states. Under a reciprocal agreement, adult probation officers accept probationers coming from other counties or states, Reese explained.

He pointed to a young man from Ohio who is regularly calling on Reese to make his monthly report. "The young man in question," Reese pointed out, "was placed on probation in Ohio, but his work brought him to this county. And just to show you how careful most of these

fellows are, this young man from Ohio reported to me even before his official order had come down from Ohio. He was taking no chances on clouding his probation record."

At the present time, only three persons in the entire 69th district are on "fugitive" status.

Persons on probation are under 27 different offenses, running almost the entire criminal range. Theft leads the list with 35 on probation for convictions on that charge, Reese's report shows.

"Of course our check law accounts for part of the theft offenses," he explained. "Some of the check offenders are charged with theft under the check laws and this accounts for theft offenses leading the list.

Burglary comes second with 27, and forgery trails along with 25. Driving while intoxicated, 2nd offense, accounts for 18 probationers on Reese's rolls at the present time.

CRIMES VARY

Child desertion convictions sends seven persons to see Reese each month, and four persons drop in each month because they have been convicted of

removing mortgaged property. Three are on probation for embezzlement convictions.

Two each are under probation for these offenses: Auto theft, assault with intent to murder, destruction of personal property, driving an automobile without the owner's consent, felony check swindle, incest, murder without malice and swindle.

One each is on probation for these offenses: Aggravated assault, assault with a prohibited weapon, assault with intent to rob, burglary of automobile, misapplication of public funds, negligent homicide, obstructing a railroad, possession of marijuana, receiving and concealing stolen property, robbery, statutory rape and theft by bailee.

Just reporting to Reese, however, is not sufficient. Those persons on probation must live up to strict rules of conduct laid down by the judge for the duration of their probation.

RULES ARE STRICT

For example, if they want to keep their probation record clean they must commit no offense against the laws. . . must avoid association with persons immoral character, refrain

from gambling and from use of any intoxicating beverages, must avoid places of disreputable or harmful character, must work "faithfully at suitable employment and pay all just debts and support his (or her) dependents."

They must obtain written permission from the court before leaving Texas and must incur no debt in excess of \$100 or change marital status without permission of the probation officer.

In addition, in certain cases,

Entries...

(Continued from Page 1) said Wednesday that interest in the show is high, and he predicts not only a good display of fine animals, but a good turnout of spectators if the weather is good. Many FFA and 4-H boys and girls have been grooming their livestock for the show for several weeks, getting ready for the big event.

Young Farmers Association is aiding with the show, members of that organization serving as ringmen, weighing-in clerks and as clean-up men.

the probationer must make restitution, pay court costs, attorney's fees, probation costs, and so like.

Around...

(Continued from Page 1) women's building in Wolflin Circle, Amarillo. All women here who are interested are urged to attend.

A total of 1466 poll tax receipts had been issued by Collector-Assessor Nell Miller up to noon Wednesday. Deadline is January 31.

Walcott P-TO will hold its first meeting of the new year Friday at 8 p.m. in the school's new auditorium. Mrs. Lucille Ford, Lubbock, will show a film she made in Europe. Public is invited.

Charles Packard, precinct 1, and J. E. McCathern Jr., committeemen at large, were named in Tuesday's election in the High Plains Water District for Deaf Smith County.

From the Amarillo News:

"Bedford Forrest (son of Mr. and Mrs. Leo Forrest of Hereford) was traveling through Kentucky when he came to Bedford and decided to spend the night. Getting about for a place to spend the night, he came upon the Bedford Forrest Hotel. . . The clerk wouldn't believe it until Forrest produced his driver's license."

Dameron...

(Continued from Page 1) ed first place three times; second place twice and one third place, not including this year's reserve champions.

He said approximately 150 carloads of bulls were shown this year. The show was divided into three divisions—yearlings, senior calves and junior calves, and each of these divisions compete for the grand champion and reserve champion prizes.

Divisions consist of approximately 2000 bulls.

Aborigines of southern Mexico used blowpipes as weapons while the Indians of northern Mexico used bow and arrows.

Basketball...

(Continued from Page 1) Still another money-raising event is scheduled for Saturday night, Jan. 25, when a dance is to be held at the country club for members and their guests. Charlie Bell's Orchestra will donate its services, and all funds raised from the dance will go to the March of Dimes.

Restaurants and drugstores are to donate all money received for coffee sales as another March of Dimes money raising event. Patterson has not announced the date for this event, but virtually all drug stores and restaurants will cooperate to make this phase of the program a success.

Several other events are in the making. Schools are planning Dimes campaigns of their own, and dimes cartons are being placed in the schools for pupils donations.

Containers already are in use in most Hereford stores, and cash register cards point out the location of the containers.

FOR A SUCCESSFUL

1st Annual Golden Spread

Western Junior Livestock Show

We know that it will be a success as it has in years past. This is a new year and the show has a new name, but Hereford and the surrounding area is still turning out the same high quality livestock.

We note with pride that many successful businessmen and farmers and ranchers started with a financing plan through the First National Bank . . . many more will begin through the years and through their 4-H and FFA Club work.

YOU DON'T TAKE SECOND BEST to SAVE

Sure, anybody can save money by compromising on quality but that isn't the smart way to economize. No indeed! The right way - the best way - is to shop-it-smart at **COOPER'S**. Funeral Service For Mrs. Lee Held Wednesday

Funeral services for Mrs. Lilla Myrtle Lee, 74, were conducted Wednesday at 2 p.m. in Avenue Baptist Church. The Rev. Clarence Powell officiated. Mrs. Lee died Jan. 13 at 4:45 p.m. at her home, 118 Avenue H. Born June 28, 1889, in Oklahoma, she and James M. Lee were married Feb. 29, 1912, in Colony, Okla. They moved to Hereford from Colony in 1939. She was a member of Avenue Baptist Church.

Mrs. Lee is survived by her husband, four sons, James O.

Lee, Hereford; William S. Lee, Louisville, Ky.; Paul Lee, Los Angeles, Calif.; and Perry Lee, Kansas City, Mo.; four daughters, Mrs. Leacey J. Whittington, Atoka, Okla., Mrs. Oleta Woods, Shawnee, Okla., Mrs. Alice Allen, Manteo, Calif., and Mrs. Evelyn Hix, Hereford; two brothers, Sol Humberger and Oil Humberger, both of Colony, Okla.; 38 grandchildren, and six great-grandchildren.

Interment was in Rest Lawn Cemetery under the direction of Gilliland Funeral Home.

Clayton Named Chairman Of Water Committee

House Speaker Byron Tunnell has designated Representative Bill Clayton of Springlake, as chairman of the Interim Committee on Protection and Development of Soil and Water Resources.

Previously named to the committee, along with Representative Clayton, were Representative Menton Murray of Harlingen and Henry Fletcher of Luling.

The five-man committee was completed with the announcement of the appointment of Sam Wohlford of Stratford to represent the Texas Water Pollution Control Board, and A. F. Leesch of Boerne to represent the Texas Soil Conservation Board.

This committee, authorized in a resolution authored by Rep. Clayton, is directed to study the problems incurring as a result of the growing shortage of water in the state with the responsibility of offering new methods of protecting the vital natural resources of both water and soil within Texas.

On announcing these appointments, Speaker Tunnell commented: "The vital interest of all of these men in the problems of conservation will undoubtedly yield an informative study which will serve as an invaluable aid to the next session of the Legislature in formulating constructive legislation in these fields."

Physicists have produced a temperature many thousand degrees hotter than the surface of the sun.

Part of the Danube River flows underground and emerges as a tributary of the Rhine River.

Major Geo. P. Attridge

Attridge Leaves Air Force After 27 Years' Duty

LOWRY AFB, Colo. — Major George P. Attridge of Aurora, Colo., has retired from the United States Air Force after more than 27 years' active duty.

The major's wife, Hope, is the daughter of J. C. Hennington of Hereford. He is now executive director of the United Cerebral Palsy Association of Colorado.

Major Attridge, son of James E. Attridge of Pepperell, Mass., was a personal affairs officer here prior to his retirement. He served as an Air Force band leader in grade of warrant officer during World War II and was commissioned a captain by direct appointment in 1953.

Included among his awards and decorations is the Air Force Commendation Medal with one oak leaf cluster.

State's Oldest Business Firm Is Still Operating

HUNTSVILLE, (AP)—What may be the oldest continuous business in Texas still is operating and by the family of the founders.

The headquarters remains on the same land for which the firm paid \$300.

The company is Gibbs Brothers and Co. of Huntsville.

From the 75 x 75 lot on which the first store was built, the firm has spread out to 100,000 acres in 17 counties.

The firm started as a general merchandise store partnership between Thomas Gibbs and Gardner R. Coffin on Sept. 4, 1841. Coffin died in 1844 and Gibbs bought out his partnership for \$75. Then Sandford St. John Gibbs came from Union District, S. C., to become a partner in 1847 for \$500.

A two-story structure built in 1847 remains the headquarters for the firm today.

Entries in ledgers show Sam Houston was frequent customer and had an open account for groceries and supplies. Gen. Houston lived in Huntsville. Thomas Gibbs was the executor of Houston's will.

Thomas Gibbs died in 1872.

The Gibbs brothers had a good name. Many people brought their money to Sandford, for safekeeping. Later he partitioned off a part of his store and organized the Gibbs Bank.

The bank became the Gibbs National in 1890 and the First National in 1922.

Sandford Gibbs talked over all his business dealings with his wife, and she had no trouble when her husband died in 1886 in running the company.

Mrs. Sandford Gibbs formed a partnership with her three boys and three girls in 1916.

Marrriages of this generation brought other names into the partnership but the company retained its name.

Some of the next generation have been admitted to partnership, while others are executives in the firm.

Members of the family have a part in almost every civic and church enterprise in Huntsville, while many have national and state roles in business, the professions and civic enterprises.

State Cattlemen Concerned About Cattle Imports

VICTORIA, (AP)—Ranchman Leo J. Welder of Victoria, president of the Texas and Southwestern Cattle Raisers' Association, says there is plenty of time for something to be done about the controversial beef import problem to aid this year's producers.

Though he is concerned about cattle prices, Welder is optimistic about the new year.

"We are concerned with the low price of live cattle," the president said. "There are several causes of the decline, including the high level of the domestic cattle population and the increase in beef imports."

He says beef imports have

compounded a bad situation by gaining a time when cattle production is more efficient than ever.

"Texas cattlemen have been hurt pretty bad," he said, noting that a solution probably lies within the areas of import reduction and extensive beef promotion at home.

"Our beef industry is highly efficient, and at this time has no protection to speak of with low tariffs on imports and no quotas," he said.

Welder said the domestic cattle industry has succeeded in producing a high quality product in large quantity under high operational costs. "Domestic beef cannot be produced as cheaply as in some foreign countries," he said.

"We would like some controls on the amount of imports," he said. "This may possibly have to be achieved through higher tariffs, but if it can be done by agreement between the United States and the import countries, we feel such an arrangement would be more satisfactory."

Welder is quick to say his group sees nothing wrong with imports as long as they do not cause a hardship on the cattleman of the United States.

He said, "When domestic production is low, we can use a higher rate of imports, but at times like the present, rising

imports create a burden on our own producers of beef."

Concerning the year ahead, Welder noted that estimates of the current cattle population indicate it is above last year's record number, which means here will be more marketable beef produced during 1964.

"Last year's prices got pretty

rough with feeders taking a beating. Now it has worked down to the producer of feeder stock, causing prices to be lower than a year ago," he said.

Welder said some Texas cattlemen were faced with an additional problem last year—dry weather.

Over 260,000,000 gallons of water are used daily in the U. S. for home and industrial purposes.

Spontaneous ignition of paint-soaked rags has burned many a new house before the family could move in.

WINNING TEAM IN CLASS D competition of the men's annual bowling tournament received the team trophy in ceremonies held Tuesday. Members of the team, sponsored by Kinsey-Osborn Motor Co., are, from the left, Frank Randeau, Ben Lueb, Glen Osborn, sponsor, Roy Crofford, and Derrill Carroll. The annual tournament was held in December with trophies presented here Tuesday. (Staff Photo)

Crume...

(Continued from Page 1)
year which was the major item on the council budget.

Mrs. Jacobsen, reporting on group organization during the past year, commented that six new groups had been formed with over 300 girls now in the program.

A report of publicity given the Camp Fire program during the year was presented by Mrs. Vance Crume.

Cooper, commenting on the year's activities, noted that a greater portion of the organization's finances are supported by United Fund.

"As for membership," the outgoing president stated, "it has shown an increase during the past year in spite of an increase in dues."

He also noted that there was a shortage of leaders; however, the number of groups within the council has increased during the year.

As far as city-wide activities are concerned, he said, the Dad and Daughter banquet was very successful. Approximately 350 Camp Fire girls and their fathers attended. "It is a real fine activity," he added.

The candy sale last winter, he reported, ended with the girls selling 2040 boxes to area resi-

dents. He noted that no definite plans have yet been made for the sale this year, but added that it will "probably start about Feb. 14."

"For the first time in the history of the Hereford Council," Cooper commented, "two members of Camp Fire and three adults attended the national conference."

The conference is held every three years with the 1963 conference held in San Francisco.

The meeting concluded with a report by Mary Lynn Gibson and

Line Garbled In Statement

An omitted line in William Hunter's announcement of his candidacy for re-election to the office of District Attorney left the statement clouded. His announcement appeared in last Sunday's Brand.

The garbled statement should have read: "My record is my platform but I fully realize the success that I have achieved as District Attorney is due to the fine cooperation that I have received from the citizens of this district. For that cooperation, I am indebted to each of you."

Judy Crume on the Camp Fire national meeting.

Mrs. Phillip Barkley showed slides of the trip.

During the meeting, Mrs. Gordon Elliot, newly elected one-year director representing the leaders' council, was presented a five-year leader award.

Louis H. Hoffman Rites Scheduled Today At 2 p.m.

Funeral services for Louis Henry Hoffman, 66, will be held today at 2 p.m. in Immanuel Lutheran Church, conducted by the Rev. Fred Beversdorf, pastor.

Mr. Hoffman died Jan. 13 at 11:50 a.m. in Deaf Smith County Hospital. Born July 9, 1897, in Preble, Ind., he moved to Texas in 1919, and was married to Pauline Gallmeier Feb. 8, 1920, in Rhea. They moved to Hereford June 22, 1953, from Rhea. He was a member of the Lutheran Church.

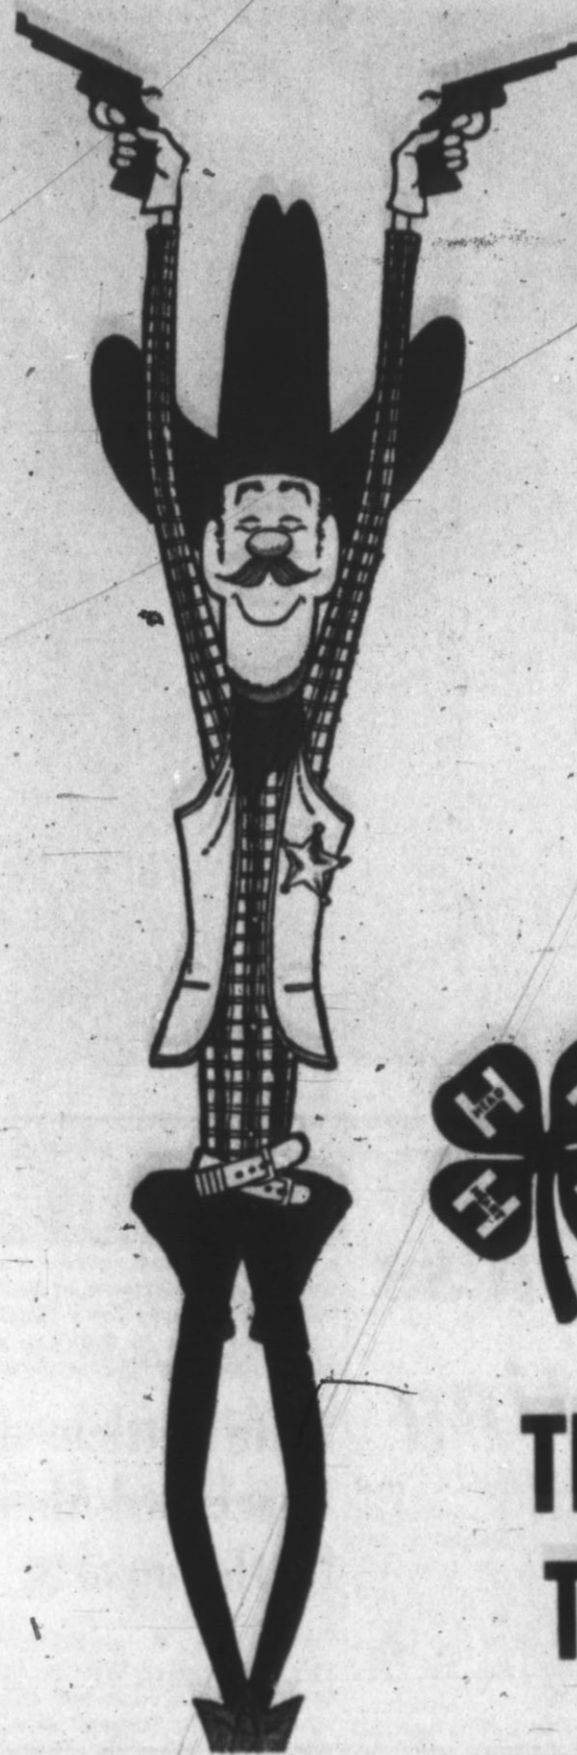

Survivors include his wife, 235 Avenue B; one son, Carl J. Hoffman, Sedan, Kans.; one one daughter, Miss Lucille Hoffman, Hereford; one brother, Carl Hoffman, Preble, Ind.; two

sisters, Mrs. Clara Koldewey, Idaho, and Mrs. Ella Kroft, Osasian, Ind., and six grandchildren.

Burial will be in Rhea Cemetery under the direction of Gilliland Funeral Home.

Here's A
TWO-GUN SALUTE
FOR THE
FFA and 4-H

The Future Farmers of America and the 4-H Clubs are learning more about farming and ranching . . . in the classrooms and on the farm. Thus they are becoming more proficient in farming and the future of farming is in safe hands . . . for only through a strong agriculture can this nation hope to survive.

Best Wishes
For A Successful
JUNIOR LIVESTOCK SHOW!

Museum Moving to Riverbank

By BEN LAINE
ST. LOUIS (AP) — Old trains, an old plane and a bunch of old railroad cars will soon make their final trip — to the banks of the Mississippi River.

The move is planned to provide more room for the National Museum of Transport, reportedly the largest of its kind in the world. The museum was started in 1944 by a group of St. Louis hobbyists who were trying to find a spot to exhibit old locomotives and streetcars.

Today, the museum has outgrown the greatest expectations of its founders. In addition to its locomotives, the museum has an entire spectrum of transportation history.

Originally, the museum occupied five acres of land in St. Louis County. Now it has expanded to 65 acres but a navigable river is needed to put all its wares on display. It will move to the East St. Louis, Ill., side of the Mississippi River, roughly across from the 630-foot-high Gateway Arch, scheduled for completion sometime in 1965.

The museum is now located about 15 miles from downtown St. Louis. Here, train, bus, antique and unusual car collectors, and almost anyone with an interest in seeing an old locomotive, a London taxicab or a Roman aqueduct can have an enjoyable time.

The aqueduct is the museum's most recent addition. It was built by slaves of the Roman legions occupying France 1,900 years ago.

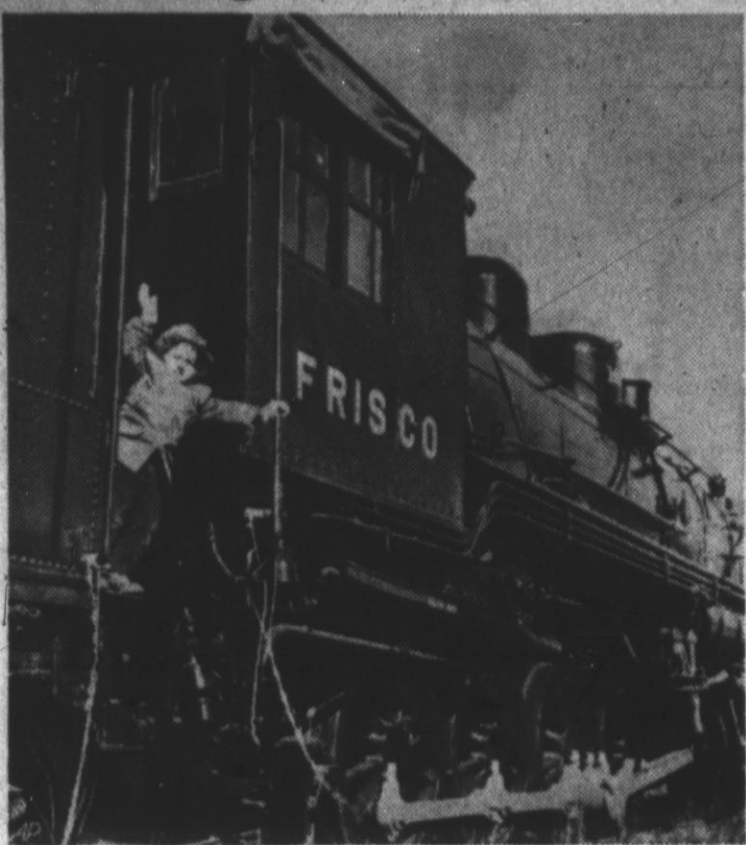

"The things that fascinate almost every visitor are the London cabs and the double-deck buses," Arthur K. Atkinson, chairman of the museum, said. "One of the taxi cabs," he said, "is a survivor of the London blitz of World War II." The cab pulled fire-fighting carts and hauled away many injured.

"New York City visitors become nostalgic when they spot the familiar Fifth Avenue double-deck buses and the old car from the famous Brooklyn elevated," he said. Visitors are allowed to roam through the exhibit. And the museum maintains classes during the summer to teach visitors about the history of its relics.

The museum has one of the country's most extensive collections of books and other literature on the history of transportation.

One of the museum's prizes, a 1934 airplane built for Charles Lindbergh, is on loan from the Missouri Historical Society.

The new location of the museum will be in the neighborhood of the Jefferson National Expansion Memorial Park in St. Louis. The location is intended to compliment the polished-metal

CASEY JONES JR. — Oscar Waters climbs to the cabin of a locomotive built for Russia in 1918. Because of the Revolution in Russia the locomotives were not sent but were used on branch lines in the U.S. — after the addition of extra wide wheels to compensate for the difference in rail track width. Oscar is at the National Museum of Transport in Kirkwood, Mo., near St. Louis.

Gateway Arch and its underground display depicting the westward expansion of the United States. About 500,000 visitors a year are expected to tour the museum in its new location.

IT FELL ALL RIGHT
BOYNTON BEACH, Fla. (AP) — A youth in the city recreation program fired an arrow into the air. It resulted in a claim for damages, against the city and transfer of the program to a new park.

The arrow, it seems, came to earth perforating an awning at the home of Arthur Hartwig.

In Prestonsburg, Stanley said, he found that Morrow had asked conveyance into nearby mountain territory. "Get me a hack," Morrow was quoted as saying. "You'll have to take a mule,"

was the reply. Morrow protested that he had not been on a mule in 30 years and stuck to the cushions of a special train. "I heard about it when I got to Prestonsburg," Stanley said with a chuckle. "I knew the election was close, so I told the Democratic chairman to get me a mule. I stopped at every little settlement and I told the people that Ed Morrow had a chance to visit them but that Ed was too delicate to ride a mule, something that you do every day and think nothing of."

Stanley recalled for a reporter years later the closing days of the campaign, when his tour people reached the Eastern Kentucky mountains. He won the election — by 470 votes.

Mule Rider Won

LOUISVILLE, Ky. (AP) — Elections have been won and lost on many different issues, but one in Kentucky may have been decided by a ride on a mule.

It was back in the 1915 campaign for governor. Contenders were Augustus O. Stanley, Democrat, and Edwin P. Morrow, Republican. They were orators of the old school and, being close friends, roamed Kentucky in tandem looking for votes. They would drink and eat together and sometimes sleep in the same hotel room after engaging in heated debate.

Stanley estimated that he years later the closing days of the campaign, when his tour people reached the Eastern Kentucky mountains. He won the election — by 470 votes.

Editors' Notes:

By Linda Higgins
And Lou Ann Witkowski
"Books, books everywhere and all the kids do study" — and all this studying shall prove its worth today and tomorrow as the semester tests begin.

Yes, exactly one-half of this school year is gone, and it almost seems impossible. We believe we can say on the behalf of everyone that the general hope is that the second half will go as fast also. Well, the first big "day" is coming up. It is slave day, as the juniors and seniors have reign over the sophomores and freshmen. It will be Friday, Jan. 31.

Generally, the seniors are the only ones allowed to buy slaves, but with the large number of freshmen and sophomores it has been ruled that the juniors could join forces with the seniors to even the odds.

We hope everyone buys (or gets bought by) whom they want. Good luck to everyone.

Now that conference games in basketball have started we hope that everyone will put out a little extra effort to support our team.

We are sure the basketball boys would appreciate it if the students and supporters of our team would begin participating by attending some of the out-of-town games.

Also, if we, the students, began to show a little extra spirit it might result in a few more pep rallies.

(Continued on Page 2)

Tests Scheduled Today & Friday

Thursday and Friday are the days students take their first semester tests. This week is what is commonly known as "dead week" at the high school, when all students do is study. On Thursday, the first, third, fifth, and seventh period tests will be given. Second, fourth, and sixth period tests will be given Friday.

There are no exemptions for the first semester tests. However, exemptions are made at the end of the school year, when seniors having a "B" or better average are exempt. Also exempt are all juniors, sophomores, and freshmen who have an "A" average.

The schedule for the tests is: Thursday, first period, 7:45 to 9:15; third period, 9:20 to 10:50; fifth period, 10:55 to 12:20; and seventh period, 1:00 to 2:30; Friday, second period, 8:45 to 10:15; fourth period, 10:20 to 11:50; and sixth period, 1:00 to 2:30.

The testing period is an hour and a half, but a student may leave after one hour if he has completed the test.

CLASSES DISMISS

Classes will be dismissed Monday when the students of HHS will have another brief holiday. Although the students will be off, all teachers will remain at school to complete their records for the first term of this school year.

ENDING HIS CAREER AS Hereford High School principal is Mr. L. B. Russell, who announced his resignation to the student body on Dec. 10. Mr. Russell has been in the position for the past two and a half years, but resigned to head a new business firm in Hereford. (Brand Staff Photo)

Friday Ends Mr. Russell's Career As HHS Principal

Friday will be the last day of a two and one-half year job for Mr. L. B. Russell. Mr. Russell announced his resignation to the student body Dec. 10.

He will leave his job as principal and manage a loan and life insurance business here. This business will grant small and personal loans. He commented, "My new job will be hard work, not a retirement at all. I will have no more free time than I do now because I will be beginning a new profession."

In referring to the students, he said, "As far as I'm concerned, they are a fine group of youngsters. In fact, they are

above average, cooperative, eager to learn, and they work for the things they believe in."

Mr. Russell added, "I will miss contact with the kids more than anything in changing jobs. A person can't be around young people for 23 years and then change without missing them." His advice to students was, "Kids, be more serious, study harder, and prepare for the future. Apply your study time. The ones who learn how to apply themselves make much better students."

In referring to the teachers, Mr. Russell commented, "Everyone approaches his subject in a different manner. Teachers have made a study of the subject and usually know best how to teach it. In the final results, the students learn the same things."

Three Seniors Will Leave HHS After Semester

Three seniors will be leaving Hereford High School at semester looking for new and better horizons.

Gloria Damron, Mary Betzen and David Reinart have decided to cut their senior year in half and graduate at semester.

The reasons they have given for graduating early is to get their high school education over and begin their college careers. Mary and Gloria have decided to enroll at West Texas State University the coming semester as freshmen, but David has decided to wait until September to begin college.

His analysis of his work as principal was this, "I attended meetings, went to school and I knew the kids, but I think the most important element in doing anything is applying common sense to every day life."

Mr. Russell said that he "knew the students and teachers would give Mr. Michael the cooperation they had given himself."

Mrs. Mozelle Neill had these comments on Mr. Russell, "I hate to see him leave; I've enjoyed working with him. He's been very cooperative and pleasant to work with. He is a fine school man. Most of all, he understands and appreciates the problems of young people."

Mrs. Neill also stated, re-

garding Mr. Michael, "Since we are losing Mr. Russell, I am glad Mr. Michael will be principal because we do know him and know he is experienced in school affairs and problems. He has been very prompt in taking care of matters we have brought to his attention."

FROM THE LIBRARY

Book Questions Funeral Costs

What a way to go! In hand-made original fashions for the "departed" are Nature-Glow cosmetics, a Posture-perfect foam rubber mattress in a solid copper casket lined in one of thirty decorator colors — all this "Guaranteed by Good Housekeeping."

Jessica Mitford has finally exposed the monopoly the funeral parlor owners have on the American public in her new book, "The American Way of Death."

Utilizing the funeral parlor trade magazines such as Mortuary Management, Casket and Sunnyside, and much research by her husband and herself, Mrs. Mitford has managed to uncover many of the fallacies surrounding the mortuary management.

Some of the chapter titles indicate a few of the branches of the mortician's trade. "God's Little Million Dollar Acre," about the cemetery, now called a "Garden of Memories" or a "Memorial Park," is an example. In one of these picturesque plots can be found space for adult graves, crypts, vaults, monuments, markers, and even a "Babyland" (where three ba-

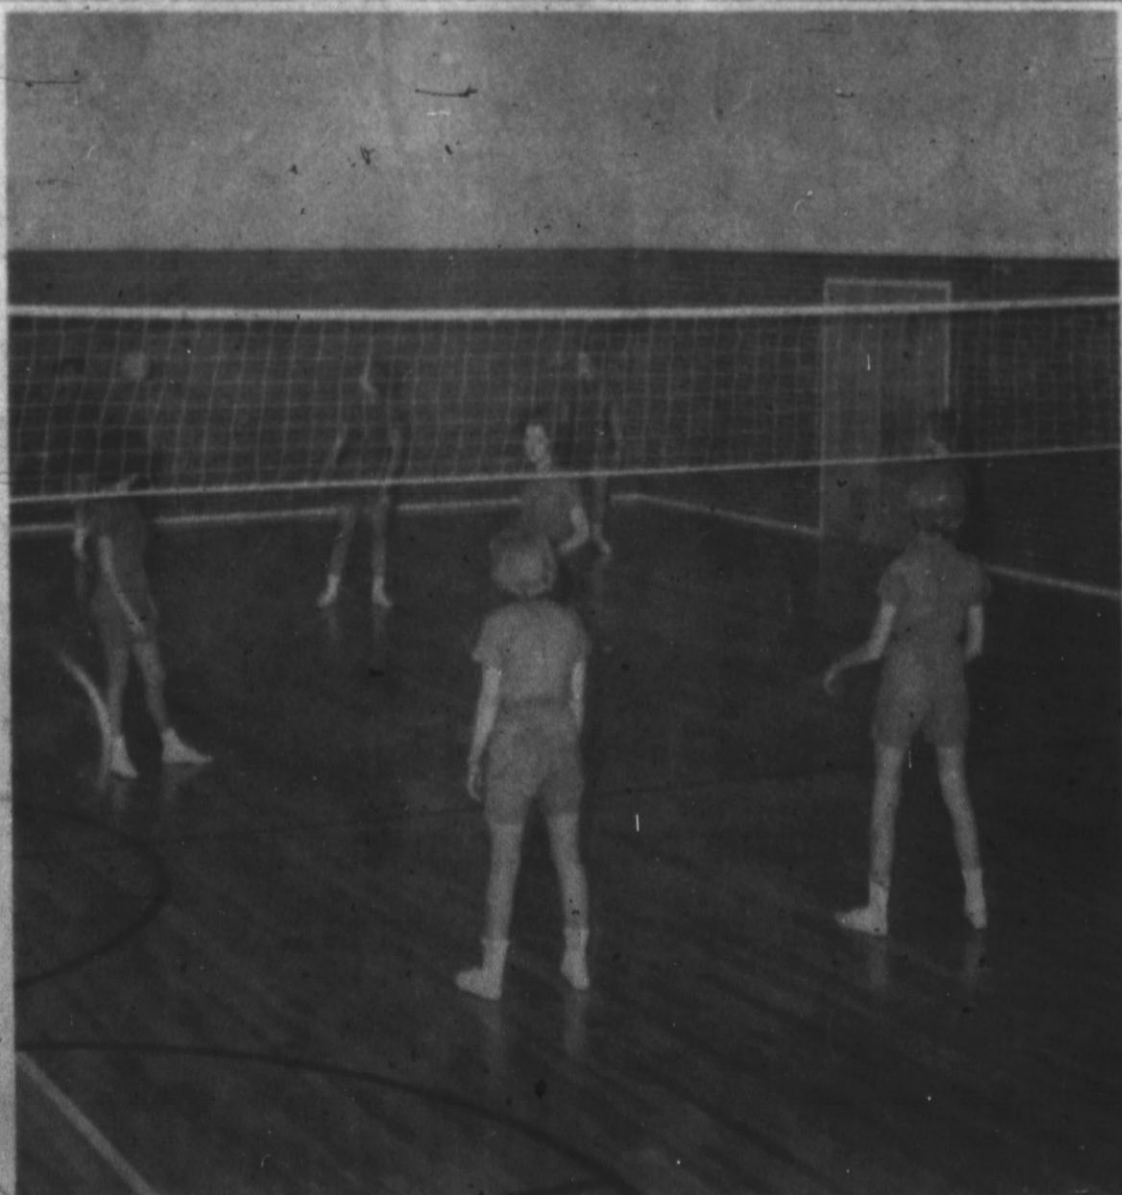

Slave Trade Was Profitable Early In U. S. History

Black Cargoes is a story of Negro people being brought to the two Americas as a result of a commercial operation that changed the history of the world.

Since these people were needed as laborers on large sugar plantations in South America and cotton plantations in North America, millions of Negroes from Africa were kidnaped or sold to traders by native inhabitants for small trinkets.

Many of the Negroes who were brought over either died of exposure to different climatic conditions, their transport or by suicide. The living conditions after their arrival would have been considerably better if cruel punishments had not been given the slaves.

Although the history of the world was changed by the bitter hatred for slaves and slave owners, many men and countries became wealthy from the slave trade. Slavery gave America a rich heritage in music, art, science, literature, and American citizens, but it also inflicted wounds that are still open.

VOLLEYBALL INTRAMURALS — Students enrolled in Miss Collard's PE classes are participating in intramurals some afternoons after school. The girls play for ten minutes or 15 points, whichever comes first. The first to reach 15 points with a two-point lead is the winner, or the one who has a two-point lead after ten minutes of play. Freshman class and senior class are champions so far. (Brand Staff Photo)

Official Publication
Of
Hereford High School
Hereford, Texas

The Hereford Brand, Hereford, Texas, Thursday, Jan. 16, 1964

Run-Off Election Held To Name Class Officers

A run-off election held up announcement of class officers as Hereford High School students balloted Tuesday during home-room periods. Officers for the classes were voted on Thursday, Jan. 9.

Results of the election will be published in the next issue of The Whiteface since run-off ballots had not been tabulated at deadline.

On the ballot were for the senior class, Steve Conaway and Earl Jackson for vice president; Shirley Anderson and Kay Coffman, for secretary-treasurer.

Juniors cast their ballots to decide the run-off between Stan Sigman and George Muse for class vice-president. In the race for secretary-treasurer of the class were Nancy Tyler and Merle Carmichael.

Seniors and juniors in the election voted on the two offices only since class presidents were elected during the spring semester. Sophomore and freshmen classes voted on a full slate of class officers.

In the sophomore class run-off were, for president, John Perrin and Sammy Curtsinger; for vice president, Jerry McCathern and Sidney Bayne; for secretary-treasurer, Barbara Zinser and Linda Rickman.

Candidates making the freshman class run-off were Gary Story and Larry Nolan, candidates for president; vice-presidential candidates Bob Gentry and Ken Stark; for secretary-treasurer of the class, Lee Robinson and Paula Waldrep.

Senior candidates on the first ballot for vice-president were Jimmy Higgins, Steve Conaway, Jim Haney, David Block, and Earl Jackson. Secretary-treasurer candidates were Shirley Anderson and Kay Coffman. (Continued on Page 2)

Bookkeeping Students Study Income Tax

The bookkeeping classes, instructed by Mr. Joe Smith, have branched off into higher learning. The classes are now taking up income tax. In the bookkeeping text there is only about a two hour study of income tax, but Mr. Smith has decided to enlarge and advance it to a two or three week study.

"I think the students need a better knowledge of income tax more than anything in the world," said Mr. Smith. "Now is the time, before the students are mature adults."

"I will extend this study for almost two or three weeks, in order that it might be interesting as well as informative."

The procedure of taxing an individual will be explained to the smallest detail. Then the students will learn where each and every part of the American tax dollar goes.

An extensive study will be conducted to explain to the students all the parties concerned, and how and why they are taxed. It will be totaled, and each faction will be shown to receive a certain amount of the tax dollar.

"We will not go into commercial bookkeeping, because there isn't enough available to help the students, but I feel that this part of the course on income tax will help them more than anything."

Seniors, Freshmen Lead Intramurals

The regularly scheduled volleyball intramurals began Jan. 9, in the HHS Physical Training Lab.

The senior and the freshman classes were both winners and they met in competition Tuesday, Jan. 14, at 4:15 p.m.

Each class was represented, with the juniors playing the seniors and the freshmen competing with the sophomores. The first team to reach fifteen points, with a two point lead, became the winner. If ten minutes is reached before the fifteen points, the team with a two point lead is declared the champion.

In the games played Thursday, Jan. 9, the seniors won the first two games with a score of 15 to 5 and 15 to 0 over the juniors. The freshmen were also on top with a score of 15 to 5 the first game and 11 to 8 the second game. This game was not continued because the time limit of ten minutes was reached.

Members of the senior team are Lou Ann Witkowski, captain, Betty Huckert, Linda Hart, Linda Lemons, Gloria Covington, Nanetta Clearman and Connie Renfro.

Phyllis Williams, captain, Nancy Tyler, Kaye McKee, Vickie Gordon, Marilyn Tice, Maryann Scott, and Beverly Noyes are members of the junior team.

There are fourteen members of the sophomore team. They are Karen Blackwell, captain, Sandi Thomas co-captain, Sid Bayne, Jo Ann Ferguson, Kay Nichols, Phyllis Warrick, Annabelle Garcia, Lynda Kuper, Ruthie Arviza, Peggy Lemons, Kay Betzen, Armandina Valdez, Gloria Pesina and Josie Pesina.

Making up the freshman team are Cynthia Knox, Linda Lynch, captain, Sue LaFever, co-captain, Gloria Greenwood, Janis Dean, Beverly Lemons, Cherry Trefel, Jean Roberson and Kay Brogdon.

Each senior was required to pay a deposit of three dollars for his graduation announcements, according to Mr. Bill Michael. The deposit had to be made by each student by Friday, Jan. 10.

Each announcement cost 14% cents and any number could be purchased. Personal engraved cards had to be purchased by each senior student who made an order. Two boxes were sold for the special price of \$5.75, and all cards had to be ordered by the box.

Leather announcements were sold for one dollar each for those who want to keep such an announcement as a memento.

This year, thank-you notes could also be purchased. They are plain white cards with the words "Thank-You" written across them. The cards were on sale for \$1.50 per box and each box will contain 25 notes. These also had to be purchased by boxes.

The deposit of three dollars is counted in on the final cost of the announcements.

Jim Haney led the Whitefaces in the Perryton game as he netted 19 points. Danny Cates was close behind with 17. Earl Jackson added 11 and Bill Hill had 9. Jackson made the most outstanding basket of the night as he broke a 55-55 tie with a jump shot from the side of the court with two seconds to play.

In other loop action last week Levelland blasted pre-season favorite Phillips by a score of 74-61. Playing Dumas, Perryton rapped the Demons 50-40. The Demons barely edged out a 57-54 win over Littlefield.

Another player was lost to the Whitefaces for the season last week as Robert Strange got hepatitis. Strange is in isolation and the members of the Hereford Varsity had to get shots to keep from contracting the disease.

Members of the senior team are Lou Ann Witkowski, captain, Betty Huckert, Linda Hart, Linda Lemons, Gloria Covington, Nanetta Clearman and Connie Renfro.

Phyllis Williams, captain, Nancy Tyler, Kaye McKee, Vickie Gordon, Marilyn Tice, Maryann Scott, and Beverly Noyes are members of the junior team.

There are fourteen members of the sophomore team. They are Karen Blackwell, captain, Sandi Thomas co-captain, Sid Bayne, Jo Ann Ferguson, Kay Nichols, Phyllis Warrick, Annabelle Garcia, Lynda Kuper, Ruthie Arviza, Peggy Lemons, Kay Betzen, Armandina Valdez, Gloria Pesina and Josie Pesina.

Making up the freshman team are Cynthia Knox, Linda Lynch, captain, Sue LaFever, co-captain, Gloria Greenwood, Janis Dean, Beverly Lemons, Cherry Trefel, Jean Roberson and Kay Brogdon.

Each senior was required to pay a deposit of three dollars for his graduation announcements, according to Mr. Bill Michael. The deposit had to be made by each student by Friday, Jan. 10.

Each announcement cost 14% cents and any number could be purchased. Personal engraved cards had to be purchased by each senior student who made an order. Two boxes were sold for the special price of \$5.75, and all cards had to be ordered by the box.

Leather announcements were sold for one dollar each for those who want to keep such an announcement as a memento.

This year, thank-you notes could also be purchased. They are plain white cards with the words "Thank-You" written across them. The cards were on sale for \$1.50 per box and each box will contain 25 notes. These also had to be purchased by boxes.

The deposit of three dollars is counted in on the final cost of the announcements.

Jim Haney led the Whitefaces in the Perryton game as he netted 19 points. Danny Cates was close behind with 17. Earl Jackson added 11 and Bill Hill had 9. Jackson made the most outstanding basket of the night as he broke a 55-55 tie with a jump shot from the side of the court with two seconds to play.

In other loop action last week Levelland blasted pre-season favorite Phillips by a score of 74-61. Playing Dumas, Perryton rapped the Demons 50-40. The Demons barely edged out a 57-54 win over Littlefield.

Another player was lost to the Whitefaces for the season last week as Robert Strange got hepatitis. Strange is in isolation and the members of the Hereford Varsity had to get shots to keep from contracting the disease.

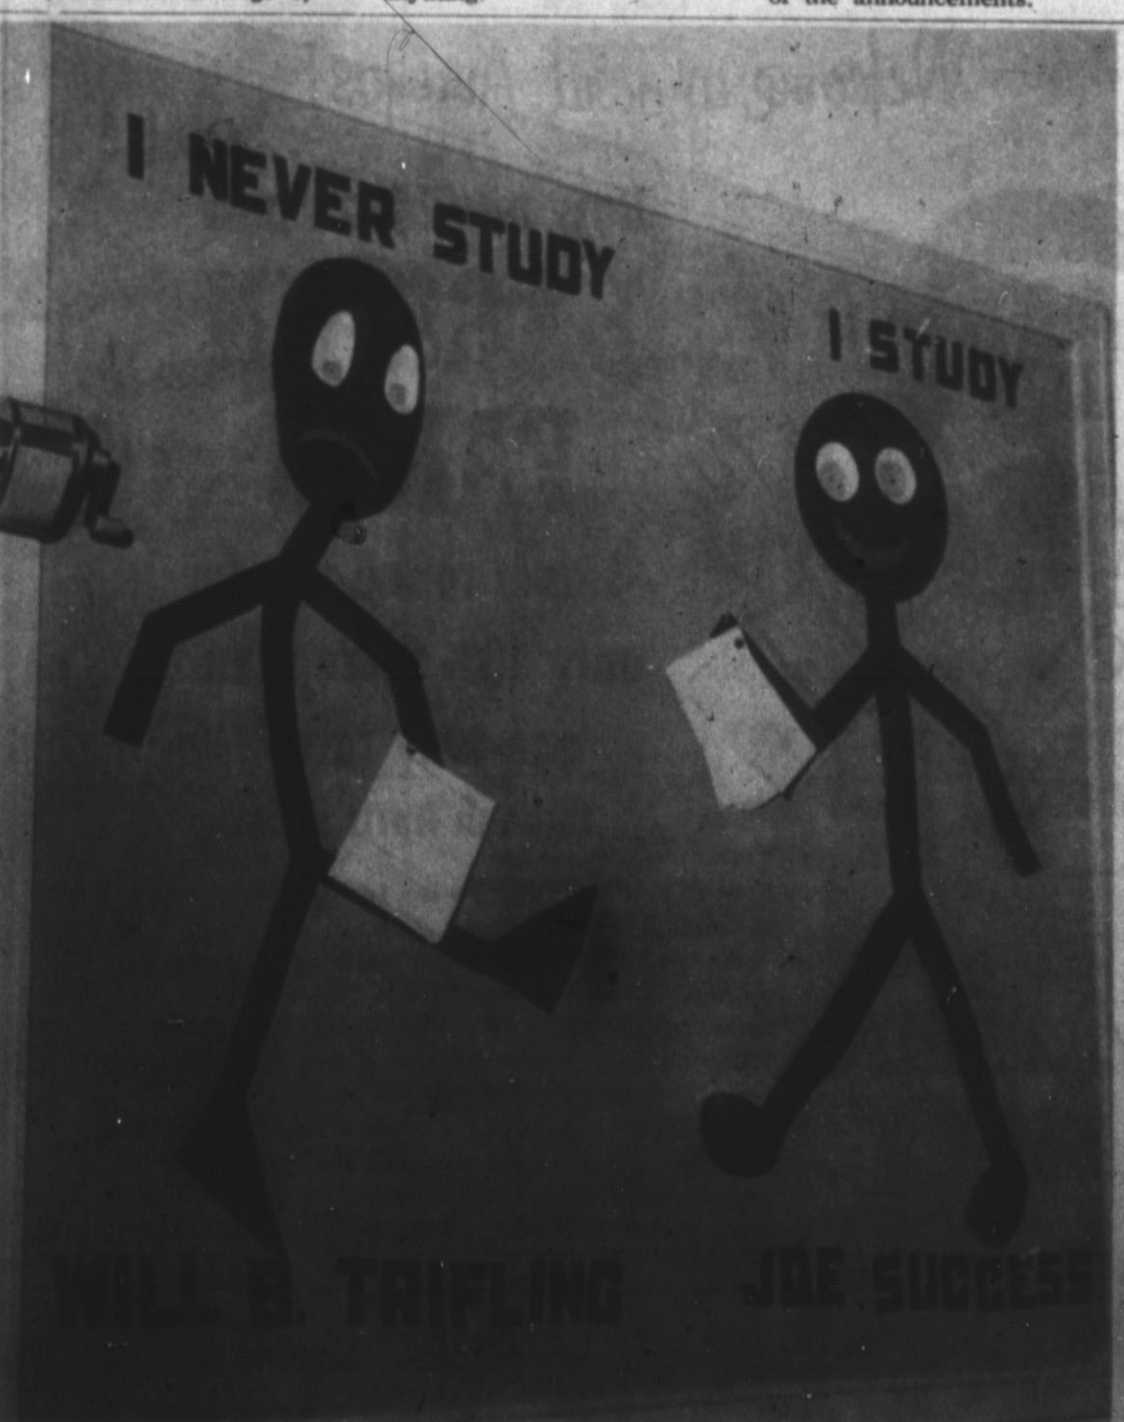

Tomorrow night the Whitefaces stay at home for their second district game against Littlefield. Saturday night the Whitefaces play at home for the fourth time this year as they meet White Deer in the last non-loop game of the season.

Jim Haney led the Whitefaces in the Perryton game as he netted 19 points. Danny Cates was close behind with 17. Earl Jackson added 11 and Bill Hill had 9. Jackson made the most outstanding basket of the night as he broke a 55-55 tie with a jump shot from the side of the court with two seconds to play.

Markleys Return From Washington

By Ruby M. Stone

Mr. and Mrs. W. O. Markley and children have returned from a trip to Washington state. They visited Mrs. Markley's parents, Mr. and Mrs. G. H. LaPlant in Arlington, and her brother and family, V. G. LaPlant in Moses Lake, Wash.; also a sister, Mr. and Mrs. Pat Bradford and children at Warden, Wash.

While in Washington they also visited with a great aunt, Rosie Spencer, at Kent, Wash., and they also went up in the space needle in Seattle and rode the monorail downtown.

Leon Moss returned to school in Canyon Monday.

Mr. and Mrs. Eldon Howell of Hereford spent Saturday night with the W. A. Eppersons. Epperson and Trent Downing were

in Dalhart Tuesday.

Mr. and Mrs. B. F. Brown and Charley and Gail were visitors of the Fred Waltons recently. Mrs. Brown and Mrs. Walton are sisters. The Browns were on their way home to Las Cruces, N. M., after spending the holidays with Mr. and Mrs. B. F. Brown Sr. in Cleburne.

Mr. and Mrs. Don Scarbrough were dinner guests of the John H. Burnetts and Larry Saturday night.

Mr. and Mrs. Ray Bearden were dinner guests of the Z. H. Floods Sunday.

Kathryn Flood spent Friday night with her grandparents, the Z. H. Floods.

Darrell Flood of Westway spent last week with his grandparents, the J. H. Floods, helping with the farming.

Mr. and Mrs. Elyis Barker and girls, Pam and Sharon, Berger, visited Saturday night and Sunday with the H. O. Markleys.

Sunday guests of the H. O. Markleys were Mr. and Mrs. Murray Hall, Greg and Lisa of Dimmitt, and Mr. and Mrs. W. O. Markley and children. Martin Reed of Berger visited the Markleys Thursday evening.

Secretary-treasurer candidates for the sophomores were Barbara Zinner, Olen Nelson, Andy Channer, Ketha Kelly, Linda Rickman, Carolyn Boynton, Ann Mercer, Barbara Rhodes, and Sidney Bayne.

Freshman candidates for president were Gary Story, Larry Noland, Jimmy Allison, Gwen Cargo, Becky Higgins, and Janis Dean. Candidates for vice-president were Phillip Cain, Bob Gentry, Gary Story, Gerald Witkowski, Laura Higgins, Cherrie Hill, Charlotte Hill, Carolina Manion, Linda Lynch, and Ken Stark. Secretary-treasurer candidates were Lee Robinson, Paula Waldrep, Gene Sparks, Chris Meredith, Ken Stark, Carleen Richardson, Joyce Poarch, Linda Short, and Sharon Garrison.

Cultural HD Club Hears Exchange Student Jan. 10

Miss Christa Holz, exchange student from Austria, was guest speaker during the Jan. 10 meeting of Cultural Home Demonstration Club. Her discussion of her country was followed by a question and answer period.

The club met in the home of Mrs. G. W. Brumley, 109 North Texas. Mrs. Louie Olson was hostess, and Mrs. Grady Parsons was presiding officer.

Refreshments were served by the hostess to Mrs. Earl DeHart, Mrs. J. G. Gandy, Mrs. J. D. Love, Mrs. Parsons, Mrs. Burk Inman, Mrs. Jane Parker, Mrs. Marvis Southward, Mrs. Sumner, Mrs. George Parker, Mrs. Flossie Thompson, and a guest, Mrs. Viola Williams.

Funeral...

(Continued from Page 1)

such as the woman who wanted an inexpensive casket for her brother-in-law. She found a very respectable redwood casket for a modest price. The undertaker called the woman the next day and told her that her brother-in-law was too large to fit in the casket and she would have to pay a hundred dollars more for a different model.

The woman refused and got this reply "Oh, all right, we'll use the redwood one, but we'll have to cut off his feet."

Mrs. Mitford is extremely thorough. She even prints, in the appendix, where one may donate his eyes or body to science.

As Mrs. Mitford concludes her book, "Whether the narrow passageway to the unknown which everybody must cross will continue to be as cluttered and as expensive to traverse as it is today depends, in the last analysis, entirely on those travelers who have not yet reached it."

Auxiliary Elects Miss McGregor 1964 President

The Womens' Auxiliary of St. Thomas Episcopal Church elected officers for 1964 during their meeting in Mission Hall Jan. 9. The new officers, who were installed during church service Sunday, are Miss Marcia McGregor, president; Mrs. Marcus Bell, vice-president; Mrs. Gene Parsley, secretary, and Mrs. Bob Wilmott, treasurer.

Other business included discussion of the results of the Christmas Bazaar and Mexican dinner and appointment of committees.

Those present were the Rev. and Mrs. Joel Treadwell, Mrs. Marcus Bell, Mrs. Joe Smith, Mrs. Gene Parsley, Mrs. Bob Wilmott, Miss Marcia McGregor, and Mrs. L. C. Hewitt.

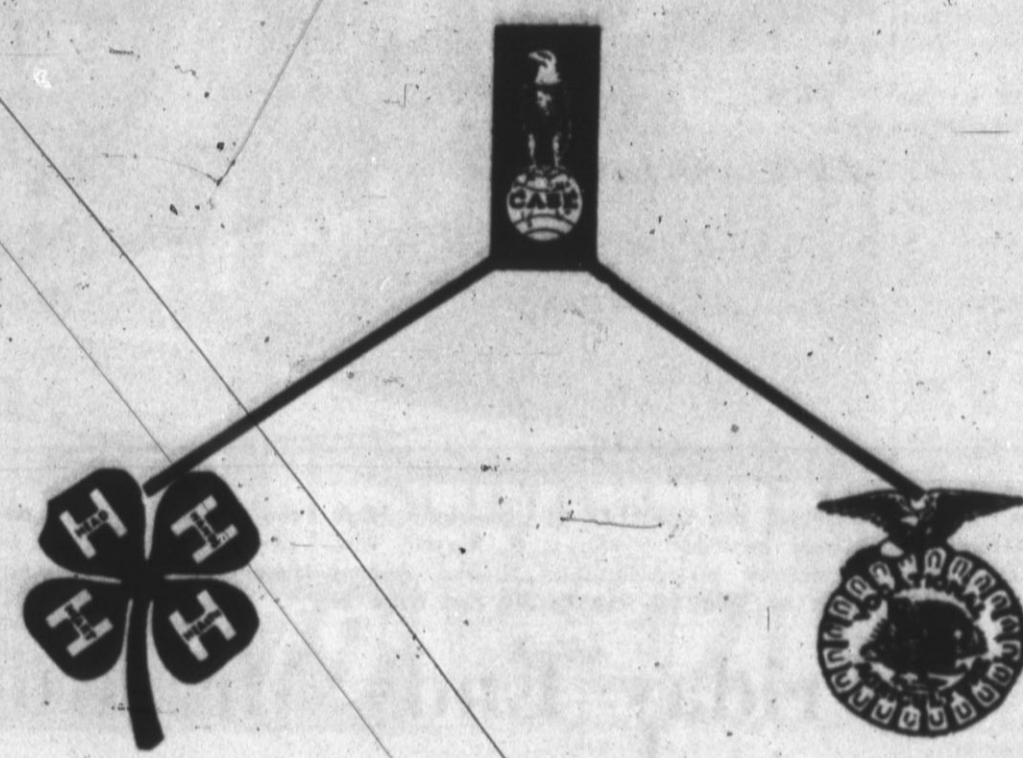

The next meeting is scheduled for Feb. 13 in Mission Hall.

Welcome aboard Amigos!

Now on Chico's new **BARGAIN FARES**—travel round trip for only 40% more than one-way fares through April 30th

Now the entire Santa Fe is a terrific travel bargain through April 30, 1964.

Here's how Chico's travel bargains will save you money: If the one-way fare is \$10, you can travel round trip for only \$14. When the one-way fare is \$25, you travel round trip for only \$35. On one-way fares costing \$50, the round trip is only \$70.

Round-trip bargain fares will apply for all trains between all Santa Fe stations, making it easy for you to enjoy a trip at special savings. And you have a 30-day return limit on these bargain-fare tickets.

Remember, family fares are even lower than Chico's bargain fares, making Santa Fe the most economical way for husband and wife, or family groups to travel.

Let your hometown Santa Fe agent furnish complete information

LET'S COOK SOMETHING

Turkey Salad Bake And Carrot Ring Are Among Mrs. O. L. Click's Recipes

By Dale Stevens
Brand Foods Editor

Mrs. Orpha Click, 129 North Texas, enjoys cooking, and her friends know her as a very good cook. Her dishes for supper clubs and luncheons have contributed to this reputation.

In 1922 Mrs. Click moved to the Hereford area with her family. "I did not realize I was a pioneer until they pinned a 40-year pin on me at the last Pioneer Day," she laughs.

Her husband moved to this area in 1929 and farmed until about 1945. He is now tax assessor-collector with Hereford Independent School District. Mr.

and Mrs. Click have one son and one grandson, who live in Big Spring.

Mrs. Click particularly enjoys cooking with her daughter-in-law, because they are both partial to foods their husbands don't like.

Turkey Salad Bake

3 cups diced turkey
2 cups diced celery
1/2 t. salt
1 t. minced onion
1/2 cup chopped nuts
1 cup mayonnaise
2 t. lemon juice
1/2 cup sliced olives
1/2 cup grated sharp cheddar cheese

1 cup crushed potato chips
Combine all ingredients except cheese and potato chips. Spoon into buttered casserole. Sprinkle with combined cheese and potato chips. Bake at 375 degrees for 25 minutes. Be very careful not to overcook.

Carrot Ring

Combine 1 cup cooked mashed carrots with 1 t. grated onion, 1/2 cup grated bread crumbs, and 1/4 t. salt and beat well. Add 1 cup dairy cream, 1/4 t. paprika, and 1/4 t. Worcestershire sauce. Bake in greased 7-inch ring mold or individual molds. Place molds in pan of hot water and bake at 325 degrees for about 30 minutes. Unmold and serve with a sauce made of 1 cup cream of mushroom soup and 1 can English peas.

Lemon Custard Pie

6 eggs, beaten light
2 scant cups sugar
Juice of 2 lemons
3 t. butter
Combine ingredients and pour into unbaked pie shell. Start cooking at 375 degrees and lower.

Cheese Cake

1 cup sugar
4 eggs
1 1/2 pounds cream cheese
Beat eggs, cream in sugar, add cheese, and beat until smooth. Pour over crushed graham crackers in large baking dish. Bake 20 minutes at 350 degrees. Let cool 30 minutes and top with mixture of 1 pint sour

cream, 1/2 cup sugar, and 1 t. vanilla. Pour over cake and bake for 5 minutes at 450 degrees.

Orange Cake

Combine juice of 2 oranges and 1/2 cup sugar and let stand. Cream 1 cup sugar and 1/2 cup shortening. Add 2 eggs, one at a time. Add 2/3 cup sour milk. Sift together 1 1/2 cups flour and 1 t. soda and add. Then add 1 1/2 cups chopped dates. Bake at 350 degrees. Remove from oven when done and pour juice mixture over cake.

Open House For St. Francis

An "open house," at St. Francis Convent, for the new Educational Wing, will be held next Sunday from 2 to 5 p.m., 4301 N. E. 18th, Amarillo.

This wing provides additional space to the St. Francis Asylum High School and to the College of our Saviour, a junior college which provides the initial college training for young sisters.

The wing houses a library, language laboratory and offices on the first floor and a dormitory for 20 girls on the second floor.

In 1932, the Franciscan Sisters of Mary Immaculate came to Amarillo in response to a request from Bishop Rudolph A.

REPORT

Tak-Sha-Wa Camp Fire officers elected for the next six months are Janice Edwards, president; Martha Baker, vice-president; Sidonna Bennett, historian; Kerri Dameron, reporter; Camille Langley, secretary, and Peggy Summers, treasurer. These officers were elected during the regular meeting of the group in the home of the guardian, Mrs. Bill Dameron. The assistant guardian, Mrs. Calvin Edwards, also was present. Members present were Karen Baine, Martha Baker, Sidonna Bennett, Carol Cole, Kerri Dameron, Becky Edelman, Janice Edwards, Karen Gilbert, Camille Langley, Gayle McCutchen, Cathy Phillips, Marilyn Smith, Rhonda Stewart, Peggy Summers, Bonnie Walker, and the newest member, Sharon Livingood.

Anderson And Pinkston Circles Have Meeting

The Anderson and Pinkston Circles of Women's Missionary Society met recently for a salad supper in the dining room of the First Baptist Church.

Mrs. J. O. Clark conducted the business meeting. The calendar of prayer was given by Mrs. A. O. Thompson, and Mrs. Clyde Rayburn was in charge of the program on missions.

Those present were Mrs. Tandy Legg, Mrs. Paul Harvey, Mrs. B. L. Davis, Mrs. Ed Fralin, Mrs. J. E. McCathern Sr., Mrs. Lynn Kester, Mrs. Ray Calvert, Mrs. Duane Barrett, Mrs. E. W. Young, Mrs. B. Y. Reddell, Mrs. Clyde Rayburn, Mrs. Cecil Oglesby, Mrs. Clarence Schultz, Mrs. A. O. Thompson.

son, Mrs. Sam Morgan, Mrs. J. O. Clark, Mrs. B. R. Butson, Miss Della Stagner, and two guests, Mrs. Dennis Richardson and Mrs. Ray Harris.

CARD OF THANKS

We the family of Millard Rex (Buck) McNabb wish to use this means to extend our thanks and appreciation to each and every one of you who shared our sorrow in the loss of our loved one.

Thanks so much for the lovely flowers, delicious food and the kind deeds each and every one of you showed us in our time of need.

The Family of Buck McNabb Especially Charline, Helen, Millie, Nancy and Dick.

MEOW MEANS MAMA

In The Beginning

God created all things. He gave us science and He gave us religion... they never conflict. His words and His works harmonize. He can perform both scientific and spiritual miracles. God can take the nucleus, the cell, the molecule and get staggering results. He can also take a body that has almost gone to hell and convert it into a man. The laboratory and the human body are the Lord's work shops. He can pull a switch and set it all to work. He is still saying... "My thoughts are not as your thoughts, neither are your ways my ways." His church on the corner is a good place to learn that fancied discords blend in perfect harmony. Won't you attend services somewhere this week?

Martin, president of the Hereford club. (Staff Photo)

Need Increases For Phosphorus

By Bill Bennett

One of the significant changes in fertilizer use in the Northern High Plains of Texas is the increased need and use of phosphorus fertilizers this past year. This trend in fertilizer use will continue to increase at an accelerated pace.

This increased use of phosphorus has resulted from the depletion of our native soil phosphorus. Our rates of nitrogen over the past four to six years has resulted in high yields of milo, wheat and cotton with a resulting depletion of phosphorus levels in the soil.

BALANCE NEEDED

A common comment by farmers is that "My nitrogen fertilizer is not doing the job that it used to do." In many cases, this has been due simply to the depletion of soil phosphorus to a critical level. The addition of a phosphorus fertilizer will usually result in better use of the nitrogen which is applied. Proper nutrient balance continues to be one of the most important aspects of fertilizer use.

are available and several different methods of application are currently being used. Ammonium phosphates, either liquid or dry, such as 7-21-0 or 11-48-0, are excellent sources of phosphorus. Their main advantages are the high degree of water solubility and the fact that they contain a small amount of nitrogen to go with the phosphorus which is supplied. The super-phosphates, 0-20-0 and 0-46-0, are adapted to broadcast applications of phosphorus. Various other mixed fertilizers containing phosphorus are available.

IDEAL METHOD

Method of application often is important in phosphorus utilization by plants. A banded application placed approximately four to six inches below the seed and one to four inches to the side would be considered an ideal method of phosphorus fertilizer placement for most efficient use. A common method of application in this area would be the dual application of liquid 7-21-0 plus anhydrous ammonia on 20 inch

centers. Dual application of dry 11-48-0 plus anhydrous ammonia is also a good method for fertilizer application. Broadcast phosphorus normally will require about 50% more phosphorus to be equivalent to a banded phosphorus application. Where 40 lbs. of P205 would normally be supplied for a milo crop in a banded application, approximately 60 lbs. P205 should be broadcast for the same result.

PLACE NEAR ROOT

Phosphorus moves very little from its point of placement in the soil. Because of this, it is desirable to place it so that it will be within the root system of the young plant, but still sufficiently deep to stay in moist soil throughout the growing season.

Since phosphorus moves very little from the point of placement, it can be applied well in advance of planting and still be available for plant use during the growing season. Phosphorus usually should be applied pre-plant so that the young plant will have early access to the fertilizer phosphorus.

Determining whether phosphorus is needed is important from the standpoint of profits from fertilizer use. A soil test to determine level of soil phosphorus is the best way to determine need. If applied nitrogen is not doing the job it should, the odds are that phosphorus is needed.

Mrs. Glyn Bilbrey Discusses Ways To Brighten Homes

Mrs. Glyn Bilbrey presented the program, "Let's Brighten Our Homes," during the meeting of Bud to Blossom Garden Club Friday. She discussed ways to brighten homes after the glitter of the holidays and demonstrated small, colorful arrangements.

Mrs. Don Steele conducted the business meeting. Plans for an all-day handcraft workshop with a salad luncheon as the next meeting were discussed. Preliminary plans were made for a hat party Feb. 28.

Hostess for the meeting was Mrs. W. H. Patton. Other members present were Mrs. Calvin Edwards, Mrs. W. H. Gentry, Mrs. E. R. Kendall, Mrs. Sam Long, Mrs. Pat Robinson, Mrs. Lloyd Sharp, Mrs. Don Steele, Mrs. Delmo Williams, Mrs. R. N. Yarbro, and Mrs. Bill Nelson.

year and 3 p. m.; Thursday, 12 - 1 p. m. during school and 8 - 9 p. m. before First Friday; Saturday, 4-5 p. m., 8 - 9 p. m.; Sunday, 7:30 a. m.

Westway Club Tours Home In Plainview

A tour of the Atomit home built by the Swayze Brothers in Plainview was made Jan. 9 by members of Westway Home Demonstration Club. This was the civil defense program for the club year.

Luncheon at the Elm Tree Inn in Tulla and a tour of the inn and antique shop preceded the trip to Plainview.

Members making the tour were Mrs. Paul Rudd, Mrs. Kenneth Rudd, Mrs. Joe Waggoner, Mrs. Joe Landers, Mrs. W. W. Thomas, Mrs. C. A. Sauley, Mrs. Bess Werner, and Mrs. Albert Lamb. A guest, Mrs. Forest Ricketts, who is Mrs. Landers' niece, met the group in Tulla and made the tour with them.

The next meeting will be Jan. 23 in the home of Mrs. George Turrentine. Mrs. Draper will present the program.

NOT EVEN FOR MONEY

WILLIMANTIC, Conn. — Mrs. Margaret Richmond pleaded guilty to driving without a license and paid an \$18 fine in Circuit Court here. But she had an excuse.

She told the court that she didn't know her license had expired because she hadn't looked in her wallet since 1960.

Ford 4-H'ers See 'Pulse of Life'

Ford 4-H club met for its regular meeting Friday at 4:15 in the board of directors room at Deaf Smith County Rural Electric Co-op. The program was presented by Ray Simpson and Albert Farris. It was on resuscitation.

The film, "The Pulse of Life," was shown to the group, after which members practiced resuscitation on the mannikin, "Rescue Annie." The film demonstrated mouth to mouth artificial respiration and closed chest heart massage.

Several reports were given. Kim Williamson reported on the

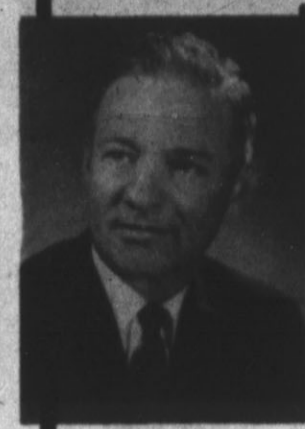

4-H Christmas party. Charlotte Williams and Becky Hickman reported on the bake show. Joyce Bezner reported on the 4-H council meeting and the senior public speaking subject matter group, and Lisa Williams gave the report on the junior public speaking subject matter group. Tommy Bezner was congratulated for being the first to win the traveling trophy which was presented by the Southwestern Public Service Co.

The 4-H ritual was led by Joe Childress and songs were led by Becky Hickman and Lisa Williamson. Presiding officer was Joel Williamson.

Mrs. Orval Galley served refreshments to the group. New members are Johnny and Gary Heck.

Other members present were

Joyce and Tommy Bezner, Diana and Becky Hickman, Joe and Marty Childress, Joel, Kim, and J. Bezner reported on the 4-H council meeting and the senior public speaking subject matter group, and Lisa Williams gave the report on the junior public speaking subject matter group. Tommy Bezner was congratulated for being the first to win the traveling trophy which was presented by the Southwestern Public Service Co.

SOUTHWESTERN BELL

AUSTIN HIGHLIGHTS

Connally Makes Informal Re-Election Announcement

By Vern Sanford

With less formality than he would display in warning his wife he was inviting guests to dinner at the Mansion, Gov. John Connally "announced" he is running for a second term.

Actually the announcement was no great surprise, although rumors continued that he was going to go to Washington, retire, or run for the Senate. But the informality of it did leave some reporters wondering if they heard him right.

"When are you going to announce?" a newsman asked at the start of Connally's first press conference since he was wounded by the same assassin who killed President Kennedy.

"What's wrong with right now?" the Governor shot back.

"Well, are you announcing now?" stammered another reporter. "Good a time as any," shrugged the Governor nonchalantly. "I have no prepared statement, but I'll announce right now for re-election as Governor."

And that's the way it happened!

Before the conference was over, a half-hour later, Connally also:

Predicted the Democratic national ticket, which he expects will be headed by his old friend President Lyndon Johnson, will beat the Republicans in Texas by a 60-40 margin.

Said he still sees no need for a special legislative session on congressional redistricting unless the Supreme Court unexpectedly acts early to uphold a lower court decision on "at-large" (state-wide) elections for congressmen.

Declined to be drawn into U. S. Senate race controversy and efforts to find an opponent for Sen. Ralph Yarborough, but indicated waves of harmony engulfing President Johnson and Yarborough do not necessarily include him. Said Connally: "My thoughts are my own."

He is recovering his strength, has regained lost weight, has given up smoking, and has a collection of tailored slings for his shattered right arm—including a grey herringbone sling, a blue serge, a red velvet for sport, and a black formal with a silk "lapel" and covered buck-

le in the back, all from a lady in Kentucky.

THE COURTS SPEAK

The Supreme Court has held that Judge J. H. Starley is fully eligible to preside over trial of an eight-year-old suit to determine Rio Grande Water rights over a vast area in Starr, Hidalgo, Cameron and Willacy counties.

Property ownership in the area by Mrs. Starley's uncle and aunt do not disqualify the judge, the high court concluded in directing that the trial proceed.

A suit to halt shell dredging near live oyster reefs in Galveston to Trinity Bays has been transferred from Houston to Austin and is slated to be heard in 126th District Court here Jan. 28.

Attorneys for small-tract oilmen urged the Supreme Court to alter its 1961 Normanna decision bearing on oilfield allocation formulas. The landmark decision of a couple of years ago threw out favorable oil and gas production formulas for the small producers. Small tract men claim the decision will overturn formulas in 300 Texas gas fields and 2,000 oil fields, and definitely will hurt their interests.

CURB TEENAGE SMOKING

The State Health Department has a word of advice to teenage smokers: "Be smart — Don't start."

Dr. J. E. Peavy, Texas health commissioner who recently gave up cigarettes himself, says the department will put up anti-smoking exhibits at junior and senior high schools in the 10 largest cities of the State.

The plan preceded release of a national fact-finding committee report on dangers of smoking.

COOPERATIVE COLLEGES URGED

The Governor's Committee on Education Beyond the High School may recommend a plan of coordinating college facilities in big cities.

Under the proposal, both private and state colleges in such areas as Houston, Dallas-Fort Worth, and San Antonio-Austin would develop closely-coordinated "megapolitan" educational programs to make it possible for strength of each institution to be best used in

giving students a finished education.

Such an education, said subcommittee spokesman John Gray of Beaumont, would be too costly for a single institution to produce.

JUNIOR COLLEGE STUDY AIDED

Texas Research League told Texas Education Agency its junior colleges and vocational rehabilitation program are doing fine. But more legislation is needed to help both.

The agency gave its approval to a pilot program in six local areas to determine how to prevent school dropouts.

A research League representative said the vocational rehab program last year got 3,566 disabled Texans to work, at a cost of \$3,500,000. He recommended more money for the program and better public acceptance.

League Research Director James W. McGrew said state support should be equal for junior colleges regardless of their size. He recommended also that state aid be available without State Board of Education consent, and that the colleges be allowed more freedom in setting tuition rates.

GAS RATE APPEAL HEARING SET

The Railroad Commission has set a hearing Jan. 21 to hear the appeal of Arkansas Louisiana Gas Company over refusal of several Northeast Texas towns to grant it a rate raise. Towns include: Atlanta, Bloomberg, Gilmer, Naples, New Boston, Omaha, Ore City and Queen City.

JUNIOR COLLEGES

Many people interested in state government and education are saying we need more junior colleges in Texas.

The National Education Association has said the country should add the first two college years to the present system of free public education.

Texas Research League has advised the State Board of Education that there are at least 17 counties in Texas which could qualify for new junior colleges: Angelina, Brazos, Dallas, Denton, El Paso, Hale, Hidalgo (when Pan American becomes a four-year State college), Jefferson, Jim Wells, Lubbock, McLennan, Tarrant, Taylor, Wichita, Tom Green

(when San Angelo College joins the State system), Orange and Midland.

In Travis, Grayson, Liberty and other counties, junior colleges already have been authorized but local taxpayers haven't yet supplied the financing.

Other counties might join together and qualify for a junior college, if suggestions of the Research League are passed into law.

TEXAS AGRICULTURE

Lt. Governor Preston Smith, speaking to the State Association of Young Farmers in Austin, said the agriculture in Texas will continue to progress despite population shifts and changes in land use.

Smith said there are 224,000 farms in Texas today, with total value exceeding \$14,500,000,000; that \$2,500,000,000 worth of farm products were marketed in Texas last year; and that another \$2,000,000,000 in farm machinery, seed, fertilizer, and other farming necessities were sold in Texas.

SCREWORM COUNT ZERO

Texas stockmen did not report a single case of screwworms from Dec. 20 through the first week in January, according to Dr. R. G. Garrett of the Texas Animal Health Commission.

Dr. Garrett said the 17-day stretch without a case reported was a record breaker, and recalled that 157 cases were reported in Texas last January.

At the same time, he urged stockmen to inspect their animals carefully to make sure the screwworm doesn't get a new start.

SHORT SNORTS

State's general revenue fund showed a \$23,800,000 deficit at the end of December. Total cash in all State funds was \$235,300,000.

House Speaker Byron Tunnell of Tyler announced for re-election to his House seat... George W. Busby, chief of the inspection and planning division of the Department of Public Safety, is the State's Vehicle Equipment Safety Commissioner, under a new law designed to exercise control over vehicle safety equipment and expedite approval.

Agriculture Commissioner John C. White, who has held office since 1951, has announced for a seventh term. Republic State Executive Committee will meet in Houston on Jan. 18 to approve budget plans, survey its 1964 candidates and beef up its poll tax drive.

NOT AN APPARITION

LaGrange, Ky. — Some motorists in Oldham County report they've seen a glowing red hand in the distance while driving.

But, they've learned to obey it rather than panic. Volunteer firemen are wearing, reflecting red plastic gloves at the scenes of fires and highway accidents at night.

KEPT HIMSELF ATTENDING

CUYOHOGA FALLS, OHIO — Before Menzo Preston joined the Cuyahoga Falls police force, he was a truant officer. Apparently that gave him some ideas about attendance. He's chief now, is retiring after 26 years on the force, and notes that he never has missed a day of work.

H. D. CHATTER

Clubs Stressing Health, Safety

By Argen Draper

January is health and safety month for the home demonstration clubs. The idea is Food for Preparedness or Expect the Unexpected.

A number of clubs have gone to Plainview to tour the underground home. It is actually the Atomit Home and built by the

Swayze Brothers. Mr. and Mrs. Carl Swayze live in the home with their two daughters. It is 12 rooms — complete in every detail. It is very spacious and fabulously furnished.

It is not that any of us would prefer to live there as I like to look outside to check the weather and the neighbors. In fact,

those of us who like nature so well want the wind blowing in our faces. However, the house is very interesting and is nice for you to visit. In zero weather this house remains 68 degrees. Many West Texans began life in dugouts. This is a very fabulous and glamorous dugout. I'd recommend a trip to tour the home.

Our Home Management Specialist has had Civil Defense added to their duties. This is the latest release from them, dated Jan. 8.

An all-over management plan is important when one considers the many aspects of planning necessary for a complete survival program. Planning, if organized into logical steps, can

be simple and easy. Following is a list of suggestions which should aid in planning an effective preparedness program:

PLAN

Develop a family survival plan, MP-666. Set dates for completion of each part of plan.

Have a Family discussion

Divide duties among family members

Post list of duties in each person's room

Rehearse plans periodically

SHELTER ALTERNATIVES

Consider the following alternatives:

Public Shelter: which location

Neighborhood shelter: know and assume duties involved in groups

Family Shelter: What type — storm cellar, basement, underground shelter, aboveground shelter or do you prefer to convert an area of your home into an emergency shelter.

EQUIPMENT AND SUPPLIES

Essential items include water, food, sanitation and medical supplies, transistor radio, and flashlight or lantern. (More complete listing on page 7—Family Survival Plan.)

FINANCE

Include in family plan for spending a method for financing shelter, equipment and supplies. Can these be financed from current income or will they need to be distributed over a period of time?

STORAGE

Refer to suggested list of supplies and equipment in Family Survival Plan, page 7, to determine amount and kind of storage needed. Open shelves may be very inexpensively constructed with boards and brick or concrete blocks.

TRAINING

Prepare one or more family members in medical self help and first aid training and in civil defense educational courses.

FILE

Include in business center a place for Family Survival Plan. What parts of plan need to be duplicated? Where should duplicated parts be kept? Example: Food inventory with food stockpile.

BIG CAT

LOUISVILLE, Ky. (AP) — The University of Louisville English class almost got what it ordered.

The instructor notified the book store he needed 50 copies of "The Track of the Cat," which goes by the number T-1990.

The shipment that came in was T-1960, "The Leopard."

(Staff Photo)

PRACTICE MOUTH TO MOUTH Respiration —Members of Ford 4-H club saw a film, "Pulse of Life", which demonstrated mouth to mouth respiration and then practiced on the mannikin, known as "Rescue Annie". The

film also demonstrated closed chest massage. Shown are the instructor, Albert Farris, Marty Childress, and Kim Williamson as they practice.

THESE WORDS MAKE A LOT OF SENSE...

(about Plymouth's 5-year/50,000-mile warranty* on the parts that keep you going)

HERE'S HOW THE STRONG 5/50 WARRANTY PROTECTS YOU: Chrysler Corporation warrants for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differ-

ential, and rear wheel bearings of its 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

THIS CAR COULD SAVE YOU A LOT OF DOLLARS...

(It's a '64 Plymouth)

Here's where to find out about both...

REP. ROGERS WRITES

Minerals Industry Shows Greatest Gains In 1963

The economy booms and the effects are felt right down the line to the smallest business firm on your Main Street — and by you personally. The economy lags and the effects also spiral down to affect your earnings, the vitality of your business, the future of your town. No segment of the American economy is separated from the effects of boom or bust in the economy generally.

per thousand cubic feet. This represents a gain of 4.6 per cent in production and an increase of 0.2 cents per thousand cubic feet in average value compared with the 1962 figure. Value of natural gas output rose six per cent to nearly \$2.3 billion.

Natural gas processing plants increased their output of natural gas liquids at the unusually high rate of 7 per

cent in 1963 to attain a total of 16,700 million gallons. Most of the gain was in the production of LP gas and ethane. Average value of all natural gas liquids was 5.2 cents per gallon, an increase of 0.1 cents per gallon compared with 1962. Helium shipments for consumption during 1963 reached a record volume of more than 600 million cubic feet. Helium out-

put not shipped to consumers was stored underground in the Cliffs field northwest of Amarillo for later withdrawal and use. More than 1,300 million cubic feet of helium was purchased from five industry plants under the government-industry cooperative long-range helium conservation program and added to the volume in underground storage, bringing the total volume in storage to slightly more than 2 billion cubic feet.

The figures as they relate to crude petroleum and natural gas reflect the general soundness of the total U. S. economy. The production of crude rose as did that of natural gas because of the rising demand for these fuels. More cars were on the road, more Americans had more money with which to take vacation trips, more highway mileage was constructed.

The level of factory production continued high with the resultant high demand for heating fuels. The level of housing construction was high, and again the effect was felt in an upward demand for fuel for heating. Electric utility companies, major users of natural gas in the generation of electric power, enjoyed a rising demand for electric power to turn the machines of industry and run domestic appliances, and this bounty was passed on to those who produce the natural gas to fire the turbines.

For the first time since 1956, Pennsylvania anthracite production showed an increase over the previous year — and anthracite

registered a remarkable 20 per cent value increase. Heavier industrial demand and the settling of labor difficulties were among factors contributing to increased output of such materials as iron ore, bauxite, molybdenum, lead, and zinc, which accounted for most of the growth in metal

output. Silver prices continued to rise and, as a result, the production value of that metal gained 13 per cent.

In his State of the Union address, President Johnson noted that the gross national product has reached the \$600 billion annual level but that "it easily

18TH DISTRICT OF TEXAS

could and should be \$30 billion higher." It is obvious that strengthening the economy to this extent would mean another round of new records in 1964 for the production and value of minerals.

McNabb Rites Held In Church At Vega

By Ann Beavers

Funeral services for Millard Rex (Buck) McNabb, 61, who lived at Vega and Adrian until 1958, were held in the Vega Church Jan. 9, conducted by the pastor, the Rev. R. H. Meixner. Burial was in the Vega Cemetery under direction of N. S. Griggs Funeral home of Amarillo.

McNabb died in Northwest Texas Hospital in Amarillo Jan. 7.

Survivors include four daughters, Charlene Ward, Helen Barnes, Rexine Wellborn and Nancy Johnson; a son, Dick McNabb; 11 grandchildren and a brother, Ted McNabb, El Paso.

McNabb was born in Osgood, Mo., May 9, 1902 and moved with his parents, the late Mr. and Mrs. Charlie Millard McNabb, to Vega in 1910. He attended Vega schools from 1910 until 1919.

McNabb was married to Miss Frankie Gault Dec. 27, 1923, and they lived in Vega until 1958 when they moved to Tucson, Ariz. She died in Tucson May 21, 1962, and McNabb returned to Adrian in August last year.

Funeral services for Mrs. Frankie Leona Shaw, 76, longtime resident of Adrian who died Jan. 5 in Las Vegas, Nev., were held at 2 p.m. Thursday, Jan. 9 in the Adrian Methodist Church.

Officiating was the Rev. B. J. Foster, pastor of the church. Burial was in the Vega cemetery under direction of Blackburn-Shaw Funeral home of Amarillo.

Mrs. Shaw, widow of George D. Shaw, had been visiting a son in Las Vegas. She was born in Freestone County Sept. 26, 1887.

Survivors include four sons, H. C. Shaw, Las Vegas; John Lawrence Shaw, Antioch, Calif.; Frank Shaw, North Bend, Ore., and George Shaw, Weed, Calif.; and a daughter, Mrs. Texie Magnusen, Colorado Springs, Colo.

Mrs. Margaret Hance from Denver visited last week with her sister and family, the Ed Jacobsons and the Chock Garisons.

The M. H. Zaring family and Joe Speed were dinner guests of Mrs. Frances Speed Monday.

The city of Adrian was without electricity Friday for about three hours as a result of a line break between Adrian and Vega. The break in the line started a small grass fire which was extinguished by the Adrian fire department.

Mrs. Midge Stroup and Alessa from Amarillo visited in Adrian Sunday with friends and relatives.

Rita Speed entered the Northwest Texas Hospital and underwent surgery Saturday morning. She returned home Sunday.

Calvin Peters, Linda Rogers and Troy visited in Plainview Sunday with friends.

Pat Maupin Jr. from Amarillo and Pat Maupin Sr. spent the weekend in Santa Rosa, N. M. visiting the Nolan Maupin family.

Mrs. Minnie Thompson and Clayton attended the funeral of her grandfather, Mose Holland, in Odessa Wednesday afternoon.

Mrs. Wilma Kidder and Jackie from Denver were in Adrian last week attending the funerals of Mrs. Shaw and Mr. McNabb. Jackie remained for a longer visit with friends.

Adrian Matadors won one and lost one in games Tuesday night. The girls lost to Vega 51-39 but the Adrian boys nosed Vega 54-52.

Mr. and Mrs. W. C. Briggs visited recently in Alturas, Calif., with the Pat Briggs family and the J. W. Briggs family. They also visited in Phoenix, Ariz., with Mrs. Briggs' sister, Mrs. T. D. Ezell, and with a brother, P. R. Woods, Gallup, N. M. They were away for a month.

Mrs. Bob Lane gave Joan Lane a surprise party in their home last Sunday. Attending were Martha Gruhlkey, Gay Brothers, Roxann Brownlee, E. Nell Morgan, Carol Perrin, Davy Gruhlkey, Alton Whitten, Dan Voster, Stanley Haton, Billy James, Jim Cavin and Kathy Garrison.

Jimmy Briggs and son from Lasbuddle visited the W. C. Briggs family last week. Sixty acres of land was swept by fire on the Wimberley farm, 13 miles south of Adrian Sunday afternoon. The blaze was extinguished by the Adrian Volunteer Fire Department. Land burned over was in the Soil Bank.

DON'T GET CAUGHT OUT ON A LIMB

Contain everything needed for a complete storm window. EASY-ON... America's most popular window kit... is only 39¢ at your local dealer.

One of the best pieces of news to cross my desk this week was a report from the Department of the Interior summarizing mineral production in the United States last year. Couched in the welter of statistics was the encouraging word that as the general economy has prospered in 1963 so had the minerals industry — and new records were set in production and value.

The value of minerals produced by United States industries in 1963 totaled a record \$19.7 billion — some \$800 million above the previous high established in 1962. The 1963 total represents the largest value increase since 1956 and continues an upward trend begun in 1959.

Of direct interest to Panhandle residents are the figures as they relate to crude petroleum, natural gas, and helium. The position of these industries is vital to our area.

Crude petroleum production continued to expand in 1963, reaching 2,760 million barrels, and topping the 1962 record by 3.2 per cent. Total value of crude petroleum at the well increased by three per cent to approximately \$8 billion. The average value at the wellhead was \$2.89 per barrel, compared with the 1962 average of \$2.90 per barrel. Total demand for all oils in 1963 averaged 10,745,000 barrels daily, 3.3 per cent higher than 1962.

Marketed production of natural gas in 1963 was \$4.50 billion cubic feet, with an average value at the wellhead of 15.7 cents

PGA Directors To Study Cotton Legislation

Cotton Legislation and the High Plains boll weevil problem will be principal topics on the agenda at 10:30 a.m. Wednesday, Jan. 22, when directors of Plains Cotton Growers Association, Inc. meet at the Johnson

July's A Jinx To Angeloan

SAN ANGELO, Tex. - If Kelly Crozier crawls into a cave next July and stays there, most people would call it a very sensible act.

Crozier has spent four July's of his lifetime hospitalized - always from some unusual injury.

He got shot in July. A horse stumbled and fell with him in July. He was struck by lightning in July.

He said in an interview that he isn't superstitious about that month but he's always happy to see them finished.

Actually, some of Crozier's apprehensions about July may have some foundation. Texas Safety association statistics for the past 10 years show July has the second highest rate in lightning deaths.

The San Angeloan's brush with lightning came in 1947 when he was on a horse on the Howard Cox ranch between Fort Davis and Valentine.

A bolt of lightning struck him in the top of his head, came out through his chest and hit the saddle horn then went through the horse's head. The horse, which was grounded, was killed.

Crozier's head struck a rock and he was pinned under the horse. He was unconscious.

In 1944, in July, Crozier was struck in the leg by a bullet on Guam. He spent that July and the next in hospitals with the leg in a cast 11 months.

In 1946, he was exercising a horse for a friend near Austin when the horse stumbled, causing a shoulder separation.

District Court, 69th Judicial District, Deaf Smith County, Texas T-34C

House South, Lubbock. A joint meeting of the Finance Committee and the Executive Committee will be held at 10:00 A.M. immediately preceding the Board meeting at 10:30 A.M. A report of that meeting will be given to the Board.

ing the entire High Plains will be under discussion. Plains Cotton Growers, Inc. is a cotton producer organization representing 23 High Plains

counties, and while official policy is determined by the Board of Directors, all members and other interested parties are invited to attend board meetings.

"The recent 'Acreage Diversion' proposal by the U. S. Department of Agriculture, which could have a tremendous impact on the area economy, and the seriousness of the boll weevil problem make this one of the more important meetings to be held in recent years," said George W. Pfeifferberger, PCG executive vice president, who urged that all directors make every effort to attend. The toll weevil, which has never before been a threat to the High Plains, has made consistently deeper inroads into the area for the past three years. A program to stop this most costly

By Melvin Young
 Again, as we face the prospect of moving the Hereford Brand to our new location, we cannot help but think of a similar moving chore some years ago when the Brand moved into its present building.

about six feet tall and probably weighed in the neighborhood of four tons. At least that's the report we received from Tom Roberson who had volunteered his services for the task of moving.

to maneuver the press down fourth street and into the alley behind the new building. But when Tom started in the door, he discovered to his dismay that the muffler and exhaust sticking above the tractor would not clear the top of the door. So, like any "thinking man", Tom just got out his wrenches and removed the muffler. This of course, made the tractor about 10 times as loud as it had previously been, amplified by the empty building, and helped along by the fact that the throttle was wide open. A necessary arrangement since it took all the power of the tractor to even move the press.

seems to be the 1st Annual Golden Spread Western Junior Livestock Show... and brother, after you get that name out, there just isn't much wind left for anything else.

"Hoss" said the boy. "Wrong" replied the teacher, "it was Adam". "Well," said the youngster, "I knew it was one of those Cartwrights".

Foreign Pupils Give Program At Westway

Westway community residents met at the community house Jan. 10 The program was presented by three students who are attending school in Hereford, but live in Chile, Austria, and Finland.

Don't forget to buy your membership. It's just a dollar. You can send your check to the Deaf Smith County Chamber office and they will send you a membership card.

Raymond White, local implement dealer, has filed for a place on the school board. Raymond filed last Friday late, but due to the closing of the school office over the week end, it was Monday before we received the report. To date four have filed for the two places to be filled on the board. Larry Ballard, incumbent board member has filed, as well as H. A. (Hap) Cavness, Denzil Pulliam and White.

This, apparently, is the age of television. Which reminds us of a story that we heard recently concerning the youngster in school who was asked the name of the first man on earth.

Today's Farm Families LIVE MODERN

And Farm Better, Thanks To L.P. Gas

CONGRATULATIONS

To The Entrants Of Hereford's

1st ANNUAL

Golden Spread Western JUNIOR Livestock Show

You Are

Modern Farmers In Every Respect

No other product has made a bigger impact on the farm families of the Golden Spread area than has L. P. Gas, for through the use of Liquefied Petroleum Gas, farm families now can live just as modern and just as comfortable as their city neighbors. Butane, the wonder fuel, heats homes, irrigates crops, furnishes fuel for tractors and trucks and, now we even cultivate our crops with flame. Check with us today about the advantages of owning a FLAME CULTIVATOR.

Modern Farmers Use L. P. Gas

for Heating, Cooking, Fuel and Cultivation!
