Unpaid Hospital Accounts: \$38,558

Deaf Smith County Hospital administrator T. E. Seigler Jr., in a report to Deaf Smith County Commissioners Monday, listed the 1963 delinquent account total at \$38,558.

In reviewing the accounts, Seigler pointed out that 50.9 percent of the total delinquents were Latins, while the same group accounted for only 14.1 per cent of the total volume of the hospital.

"This is a serious problem," Seigler told the commissioners, but indicated that every possible effort was being made to collect the delinquent accounts. He emphasized however, that no one would be denied emergency medical care due to lack of money.

"Hospital policy calls for a \$50.00 deposit before admittance," pointed out Seigler, but in emergency cases, "no one is denied medical care." The policy of requiring the \$50.00 deposit upon admittance has helped to keep the delinquent accounts to a minimum over the past years and "each time the practice has been dropped, the collection percentage drops another 10 per cent," Seigler said.

"In the past 13 years," Seigler said, "the total charity and bad debt loss to the hospital has amounted to approximately a quarter of a million dollars."

Seigler pointed out that every effort is being made to collect the delinquent accounts, including telephone calls, letters, and even personal visits, but in many cases the families are transient and have moved on, while many others can be considered welfare cases.

"For many years in the past," said the administrator, "the percentage of collection has been as high as 92-93 percent, but 1963 dropped to 85 percent."

Total hospital receipts for 1963 topped \$355,648.00, according to the report.

Around Town

Candidates for political office have until next Monday night in which to file, County Clerk B.F. Cain said Wednesday. Democrats file with Louis Woodford and Republican candidates with Kenneth Rudd.

Deaf Smith County 4-H council will meet in the courthouse here at 3 p.m. Saturday when various reports will be given, Lou Ann Witkowski, Council Chairman, announced Wednesday. Twenty presidents and elected delegates of local 4-H clubs are to attend.

"Operation Pop", an organization for evaluating area needs, has named committee chairman to further the program, Chis Formby, general chairman, said Wednesday.

Larry Minks will enter a Hereford steer in the Southwest Livestock show in El Paso Saturday. The steer won first for heavy weight classes at the recent show here. Steve Olson, another 4-H youth, is to enter a Short-horn in the Houston Livestock show Feb. 26.

Hereford Area Foundation will meet in the First National Bank party room at 5 o'clock Friday afternoon. All members are urged to attend.

Deaf Smith county Grand Jury has been summoned by District Judge Harry Scheitz for Monday, Feb. 2 at 10 a.m. Sixteen persons have been called for possible service on the jury.

Mothers to Stage Second Campaign In Dimes' Drive

Mothers will march again one night next week in the interest of the March of Dimes drive, Pat Ferguson, general chairman, said Thursday after only a few mothers turned out Tuesday night to knock on doors for MOD.

Only seven streets in Hereford were covered by the mothers but even so, \$250 was added to the coffers of the March of Dimes. "If we had had enough women for the march, doubtless the drive would have been very successful," Ferguson said. "Unfortunately conflicts of one kind or another prevented some organizations from sending marchers for the drive."

Two other March of Dimes projects have boosted funds for the campaign. Earlier in the month, Whiteface Aviation provided rides at one cent per pound for flights over Hereford, and this project put \$99 into the dimes' bank account.

Still another drive, one conducted by the Junior Chamber of Commerce, was the March of Dimes road block, set up at two points in Hereford. That project netted \$165.40.

Yet to be staged is the annual "coffee" campaign when restaurants and drug stores will donate one-day's receipts from coffee. Pat Newell, and Wendell Maloney are in charge of this phase of the program, and will announce plans for the coffee day soon.

Tickets will go on sale to the general public Saturday for the annual Deaf Smith County Chamber of Commerce to be held in the high school gymnasium Saturday night, Feb. 8, Chamber official said Thursday.

Until Saturday, ticket sales for the most part have been limited to chamber membership. Until noon Wednesday, 250 tickets have been sold; seating (Continued on Page 3)

Father Sentenced For Desertion

The father of five children pleaded guilty Monday to child desertion in County Court here, and Judge H. C. Williams handed him a five-day-and-costs sentence.

The offender was Frank Gonzalez who was to have gone on trial for the charge in Judge Williams' court. Instead he changed his plea of not guilty to guilty and received a sentence.

In another action, Noe Coronado was charged with willful destruction of property. He also entered a plea of guilty and was sentenced by Judge Williams to one day in jail and cost.

A similar charge against Minerva Harreta was dismissed by Judge Williams who held that the evidence against her was insufficient to warrant trial.

Coronado was alleged to have knocked a post off the front porch of a kinsman's house.

Those were the only cases disposed of at Monday's term of county court, and the jury venire which had been summoned for possible jury service, was discharged.

Earlier in the week, Juanita C. Arrington pleaded guilty to a charge of driving while intoxicated. Judge Williams assessed (Continued on Page 3)

Skillful Young Mechanic Alters Irrigation Engine-The Hard Way

Deaf Smith County Sheriff Lowell Sharp learned something about machinery this week: He learned that it is possible to put a Chevrolet irrigation engine in a GMC pickup and make it work, but it takes considerable doing.

It also requires the skill of a pretty good mechanic. But it can be done - and was.

Back in mid-December, E. D. Bingham, Littlefield, reported a fully rigged-up irrigation engine, a Chevrolet, had been stolen from his farm in the Ford community. The engine, nearly new, had been operating on gas power, but was not in actual use at the time it was stolen.

Sheriff's officers started investigating. They checked out workers who had been employed in the neighborhood last year. They came up with a 22-year-old Latin-American who was missing. He had worked on

a nearby farm. The young worker was on probation for a previous conviction in court here. Recently they found out he was living on a farm 20 miles out of Santa Rosa, N. M., so asked the New Mexico State Police to pick him up for return to Deaf Smith County.

And that's when they found out that the pickup truck he was driving didn't seem to meet factory specifications. It had been altered - but lots.

There were new, laboriously handbuilt engine mountings, for

one thing. A Chevy engine won't exactly fit the mountings designed for a GMC.

Then the clutch had to be altered, too. And since the Chevy engine had been designed for gas operation; it had to be converted to gasoline. That meant a new carburetor had to be installed; one had been.

But, after all these alterations were made, the young man had a pickup engine that functioned perfectly, if unorthodox in every respect.

And if it hadn't been for that violation of his parole, he might

have driven the revamped machine for some time without getting caught.

Monday Sheriff Sharp went to the man's home near Santa Rosa, and digging around in an old half-filled cellar, he came across the discarded parts, including the drive for the original irrigation gear. It was half buried under a pile of junk and covered over with tin, the sheriff said.

Now the ingenious young man is in a New Mexico jail awaiting a hearing, eventually, before the district court grand jury here. He probably will be convicted on a charge of theft and his original probation probably revoked as well. First, however, he must be extradited from New Mexico. He refused to sign a waiver.

"But you got to admit," says Sheriff Sharp, "that this young man is no slouch of a mechanic. It took a lot of skill - and hard work - to accomplish that switch-over."

Whitefaces Nose Phillips, 63-59

Hereford Whitefaces won a basketball game Tuesday, but they did it the hard way - in an over-time period.

The Herd, in a rough-and-tumble affair which saw plenty of foul-outs, nosed Phillips Blackhawks 63-59 in one over-time period at Phillips.

From the opening whistle, it was a tit-for-tat ball game. Big Jim Haney barely made it through the first quarter, and the Blackhawks fared about as badly. Three of their men also fouled out.

After the first quarter, however, the Kitchens' Whitefaces managed to hold the lead, but not for any degree could it be called a comfortable margin. Usually it was limited to two to five points only.

Then just before the end of regular play, Phillips put on steam and managed to tie the game up at 57-all as the final whistle blew. In the three-minute extension, Cates and Gary Don Roberson came through for enough points to pull the Whitefaces into the victory column, Phillips also ringing up one field toss.

Danny Cates was the leading scorer; he tallied 24 of the Whitefaces' 63 points.

The Whitefaces managed to hang a double licking on the Blackhawks; the B team also round up with a skimpy victory 54-52 with Roger Owens tallying 20 points and Steve Hodges making 16 of the Whitefaces' counters.

The Whitefaces meet another tough foe tomorrow night when Perryton comes here for what is expected to be another battle royal.

Court Reverses Previous Stand

Deaf Smith County commissioners voted unanimously Monday to rescind court order No. 1496 calling for a six-day work week with salary increase for county road maintenance crews, and authorized an hourly salary basis for the overtime work.

In other action the court raised two county salaries, approved the crossing of a county road with a gas line, turned down a request for office space, tentatively approved the construction of a semi-circular desk for the Grand Jury room, approved a new plaque for the Bull Barn and reviewed delinquent hospital accounts.

In their move to rescind court order No. 1496, passed at their last regular meeting, commissioners pointed out that the order, which called for a six day work week with an additional monthly salary boost of only \$15.00 was actually a cut in pay for workers. It was also pointed out that the Saturday work schedule need not be continued throughout the year, nor would it be necessary to work all precincts each Saturday.

The problem arose when Marcus Latham, Commissioner of Precinct 2, asked for permission to pay overtime in order to complete some road building projects this winter. "We are not behind in our regular road maintenance," pointed out Latham, "but we have had some requests to open roads in Precinct 2 and this work should be done this winter". At that time, the commissioners voted to put all precinct crews on a six day basis with the monthly salary increase.

Protest from work crews however, caused commissioners to reevaluate their decision and rescind the recent order.

To remedy the situation, the commissioners voted unanimously Monday that "for any (Continued on page 3)

2866 Poll Tax Payments Made; Deadline Near

With the deadline only two days away, poll tax sales in Deaf Smith county up to Wednesday noon totaled 2866, Nell Miller, county collector-assessor said.

Sales end at 5 o'clock Friday afternoon.

Hereford's newest civic club, American-Business Club, was lending its aid Wednesday to the poll tax campaign. Members of the club had set up booths at three points in Hereford Wednesday - at Cooper's Market, (Continued on page 3)

Holly Announces Operations Head

Guy O. Rorabaugh was elected Vice President-Operations of Holly Sugar Corporation by the board of Directors meeting here today, it was announced by President Dennis O'Rourke.

As Vice President-Operations, Rorabaugh is in charge of operations, maintenance, expansion and improvements at Holly's 10 factories in Colorado, Wyoming, Montana and California, and the construction of the new Holly mill at Hereford scheduled to go into operation this year.

A veteran of 29 years with Holly, Rorabaugh had served as General Superintendent since last May, taking charge of the Operating Department following

the death of Vice-President V.I. Morris.

A native of Salida, Colo., and a chemical engineering graduate of the University of Colorado, Rorabaugh's first assignment with Holly was as special chemist at the Sidney, Mont., factory in 1935. Successively, he was stationed at Holly factories at Hamilton City, Calif., Hardin, Mont., and Worland, Wyo., prior to transfer to Colorado Springs as Manager of the Research Laboratory in 1949.

In 1946, Rorabaugh was promoted to the post of Chief Chemist and Director of Research, the position he held at the time he became General Superintendent. The new officer is president (Continued on Page 3)

43 Face Charges In Justice Court

Generally speaking, people have behaved fairly well so far this year, records of Justice of the Peace C. B. Miles, revealed Thursday.

It is in Justice Miles' court that most of the so-called minor offenders are charged, especially those arrested on traffic violations occurring outside Hereford city limits.

Many of these are filed in Miles' court by Highway Patrol officers.

Altogether, up to Wednesday, 43 cases had been filed in Justice Miles' court so far in 1964. January, he explained, is normally a "mild" month for JP cases, and February usually is the quietest month in the year. July is the peak month, he said. "That's when travel reaches its peak and more folk wind up violating driving laws," he explained.

Speeding offenses by far outnumber all other charges filed. Twenty-three such cases have been filed so far in '64. They range from straight speeding charges to "traveling at an unsafe speed," but in either case, it's a travel violation, the judge explained.

Four persons have been charged with drunkenness. Three were filed on for having no driver's licenses, and two for parking on the roadway. Racing accounted for three arrests.

Simply affray charge was filed against one person, and one case of permitting an unlicensed person to drive an automobile was put on record. One charge of failing to appear was filed, and one for drinking in a public place.

A motorist also faces charges of making an unsafe turn, and two were charged with failure to stop for stop signs. One overload case was filed, and two were given citations for having "loud" mufflers on their automobiles. One case of simple assault also was filed.

Cotton, Sorghum Growers to Get Crop Insurance

Cotton farmers in Cochran, Deaf Smith, El Paso and Gaines counties and grain sorghum growers in Deaf Smith and Randall counties will be eligible in 1964 for Federal Crop Insurance.

Under the program participating farmers are protected against crop losses from natural hazards, said Ben A. Jordan, Jr., Texas director of the Federal Crop Insurance Corporation. He added that some 12,000 farmers in 45 Texas counties have already received more than \$1.4 million to cover 1963 crop losses. He said final payments will exceed \$2 million. These payments, Jordan said, are made from premiums paid by the participating farmers who are policy holders.

FCIC coverage, nationally, in 1963 increased by 30 percent. Almost \$500 million in crop production investments were under the protection of FCIC, Jordan said.

The state director described the program as a cooperative one designed to help growers take a business-like approach to the problem of protecting their capital investments, credit and

extra work on Saturdays, the men would be paid on the basis of \$2 per hour. This is extra work' the order stated, "and does not include emergencies such as dragging or pushing snow, etc." It was pointed out during the meeting that in the past, dragging of roads after a rain or clearing snow was handled without extra pay, and that emergencies such as the above would continue to be handled as in the past.

Commissioners also tentatively approved the building of a semi-circle type desk for the Grand Jury room, plus the replacing of a number of chairs. Courthouse custodian Raymond Beene was instructed to obtain estimates from local cabinet makers.

A plaque, crediting the Veterans of Foreign Wars and the American Legion for the donation of land for the Bull Barn also was approved. It will replace the present plaque now posted on the Bull Barn wall.

Bruce Miller, candidate for County Attorney, appeared before the court asking that he be named assistant County Attorney for the remainder of the incumbent's term and that he be granted permission to move his office into the courthouse.

In making the request, Miller pointed out that the county would be getting "two county attorneys for the price of one," since he would draw on salary.

"I am moving my office anyway," stated Miller, "and it would be a help to me by not having to move twice." County Attorney Line has not filed for reelection to date, and Miller is the only candidate seeking the post.

Commissioners refused the request, pointing out that office space in the courthouse was at a premium, and that the present county attorney had not asked for assistance. Raymond Beene, building custodian, received an increase in salary and was assigned additional duties as maintenance supervisor of the Bull Barn, while Mrs. Bessie Smith drew a small monthly increase in salary to compensate for additional duties she has assumed. Beene's salary was raised \$75.00 monthly for a total of \$5,500, yearly and Mrs. Smith was given an increase of \$15.00 monthly, making a yearly total of \$2,700. Mrs. Smith is a part time employee.

In the four hour session, commissioners also granted permission to Chester Wiggins to cross a county road with a gas line at a point described as follows:

"Begin at the Northeast Corner of Section 44, Block K', and along the West Section Line of Section 44 to East-West County Road and across to Section 42, Southwest Corner, Deaf Smith County, Texas."

In final action of the court, hospital administrator T. E. Seigler, Jr. appeared before the board to review 1963's delinquent hospital accounts, and to report on efforts made to collect.

the economic strength of their community.

When crop damage hits an area, it hurts everyone for miles around, Jordan said. Federal crop insurance is designed to put money back into an area when weather, insects or disease have reduced or wiped out the major source of income, he said.

Final Rites For Bernard Erdman Held Wednesday

Funeral services for Bernard William Erdman, 83, were conducted Wednesday at 10 a.m. in Saint Anthony's Catholic Church, with the Rev. Cletus McGarry officiating. A rosary service was held at 8 p.m. Tuesday.

Mr. Erdman died at 11:30 p.m. Jan. 26 in Medical Arts Hospital, Littlefield. He was born Mar. 24, 1880, in Lamar, Iowa, and came to Deaf Smith County in 1952 from Florida. His wife, Mary, died in 1950. A retired cement worker, he was a member of the Catholic Church and the Knights of Columbus.

Survivors include four sisters, Mrs. Mary Hellman, Mrs. Josephine Schneider, and Miss Katherine Erdman, all of Hereford, and Mrs. Elizabeth Straub, Amarillo, and three brothers, Henry Erdman and Anthony Erdman, Kewanee, Ill.

Interment was in Saint Anthony's Cemetery under the direction of Gilliland Funeral Home.

Attorneys Set Session on Oil, Gas Legislation

The 15th annual institute on oil and gas law and taxation, presented by the International Oil and Gas Educational Center at the Southwestern legal Foundation in Dallas, has been scheduled for February 12-14, 1964 according to John D. Alkin, Hereford attorney.

Alkin, Foundation resident representative, revealed that attorneys from Canada, the District of Columbia, California, Oklahoma, Texas and New York will lecture at the meeting. Subjects to be reviewed are: Present status of federal and state jurisdiction in connection with regulation of, exploration for and conservation, production and sale of oil and gas; exercise of executive mineral interests; oil and gas insolvencies; the dry hole creditor; and the legal consequences of the commingling of crude oil.

Also, termination of oil and gas leases - the failure or drafting solutions; compulsory pooling and unitization; federal power commission; regulatory evolution at the ten-year mark; current issues affecting the oil industry; investment credit, depreciation guidelines, and section 1245 restorations; shields and swords of the revenue; tax aspects of tideland operations.

Canadian income tax law as it affects non-resident interests in the oil and gas industry in Canada; oil and gas tax law - 1964 critique; family arrangements for oil and gas investments and operations and recent federal income tax developments relating to oil and gas.

the fact that a federal amendment enacted this week makes it no longer necessary to pay poll taxes in order to vote in federal elections.

None of the new "free" poll tax receipts had been issued up to noon Wednesday for use only in the federal elections, Mrs. Miller said. People who vote only in the federal elections and do not pay poll tax will have 30 days after the federal order has been issued in which to secure their "free" receipts. Such receipts will be stamped, "Poll Tax Not Paid."

In some areas, passage of the federal law eliminating poll taxes as a requisite to voting in federal elections, has cut last week payments in poll taxes. However, here in Deaf Smith County, the new federal law seems to be having little effect on the poll tax payments.

In order to vote in city, county or state elections, paid poll tax receipts are necessary.

WAIT FOR SLICES OF FRESH WHOLE WHEAT BREAD — Dan Edward, Cindy, 3, and Davis, 5, gather around their mother, Mrs. Frank Ford Jr., as she prepares to cut slices of fresh whole wheat bread, baked with Deaf Smith County flour. Their father is a wheat farmer and a partner with Henry Turner in Arrowhead Mills, Inc. (Staff Photo)

LET'S COOK SOMETHING!

Mrs. Frank Ford Cooks With Whole Wheat Flour

Mrs. Frank Ford Jr., 105 Stadium Drive, classifies herself as a utilitarian cook. The only possibly unique thing about her cooking, she says, is her use of whole wheat flour.

"Wherever possible," says Mrs. Ford, "I always substitute whole wheat flour for half of the white flour in recipes. It is especially good in oatmeal cake, nut breads, and other similar foods."

She attributes this, of course, largely to the fact that her husband is a wheat farmer and works with Henry Turner in promoting Deaf Smith County wheat through Arrowhead Mills, Inc.

Mr. and Mrs. Ford met while they were in college. She was a junior at the University of Texas where she was majoring in economics and mathematics. He was a senior agriculture student at Texas A&M. They have four children, Davis, 5, Cindy, 3, Dan Edward, 1, and Susan, 2 months.

Whole Wheat Roll Bread
Combine:
4 cups stoneground whole wheat flour
1 cup toasted wheat germ
1 cup white flour
1 1/2 t. salt
Dissolve:
2 packages yeast in 2 1/2 cups warm water
Add to liquid:
1/2 cup dark brown sugar
3 T. oil
Add liquid to flour. Mix well. Let rise until doubled in bulk. Push down. Knead in white flour. Shape in two loaves, oil tops, and let rise again (not too high). Bake at 400 degrees for 10 minutes and 20 more minutes at 350 degrees.

Sunday Whole Wheat Rolls
Dissolve:
1/2 cup sugar
1 cup boiling water
Add:
1 cup oil
2 eggs
Dissolve:
2 packages yeast in 1 cup warm water
Add to first mixture.
Add:
4 cups stoneground whole wheat flour, unsifted
2 cups white flour, unsifted
Refrigerate until cold. Roll like jelly roll with plenty of melted butter. Cut in about 1-inch slices. Let rise and puff up slowly. Bake at 250 degrees.

Whole Wheat Pancakes
Before gathering other ingredients, stir 1 or 2 packages yeast into 1 1/2 cups water or warm milk.

Willing Workers 4-H Club Meets
Willing Workers 4-H club met Jan. 14 in the REA Building. The speaker for the program was Ray Simpson of the REA. He showed a film and gave a program on mouth-to-mouth resuscitation. Each member practiced artificial respiration on a mannequin. Members present were Donna Olsen, Ellen McGowan, Maura McAndrews, Teresa McAndrews, Carole Clearman, Lynette Clearman, Mrs. Hugh Clearman, and Mrs. George Olsen.

It was incorrectly stated that the PTO would sponsor the rally and had invited the Messenger Club to assist them.

POLITICAL RALLY
Messenger Home Demonstration Club will sponsor a political rally and pie supper later this spring. Walcott PTO was invited by the club to assist with the rally, and they accepted the invitation. At the same time a dedication service for the new addition to the school will be held. In a recent article concerning the last PTO meeting.

Catholic Rites For Mr. Hoffman Slated Today

Joseph Hoffman, who died at 9:30 p.m. Monday in Saint Anthony's Hospital, Amarillo, will be buried this morning in Saint Anthony's Cemetery. Funeral services will be conducted at 10 a.m. by the Rev. Cletus McGorry, pastor at Saint Anthony's Catholic Church.

Rosary was said for Mr. Hoffman Wednesday at 7:30 p.m. in Rose Chapel, Gilliland Funeral Home. He was born Sept. 26, 1883, in St. Henry, Ind., and was married there July 12, 1905, to Elizabeth Cooper, who died in 1957. They moved to Texas in 1915 and to Hereford from Happy in 1921. He was a farmer.

Survivors include four sons, Edward and Anthony, Hereford, and Robert and Albert, Pryor, Okla.; five daughters, Mrs. Mammie Lube, Boulder, Colo., Mrs. Anne Schulte and Mrs. Josephine Guggeman, Nazareth, and Mrs. Lucille Digby and Mrs. Edna Schulte, Hereford; one sister, Mrs. Katherine Kuper, Hereford, 35 grandchildren, and 17 great-grandchildren.

We don't sell jr. edition Chryslers, because they downgrade your pride. And your investment. We're men who stand up tall behind our cars — with courteous, dependable service after the sale. With fair, square trade-in allowances. Nothing small about our deals. Stop in. And meet us. CIDA

by Melvin Young
As the weather begins to mellow, we're more inclined to get out and ride around on Sunday afternoons, or even pick up a few sticks in our yard. This Sunday however, we lost our head and carried the deal a little too far. We dug out the old saw and proceeded to trim the willow tree. Naturally, the trimming of one branch called for the trimming of another, and by the time we had finished we had limbs as big as a leg scattered all over the yard. That of course, would never do, so we were forced to haul out the tools and clean up the old place.

Naturally, not to be outdone, neighbor Earl Phillips was as busy as a bee getting his place spruced up and in tip top shape. Our neighbor to the north was not at home or we might have started an epidemic. All of which brings up a point that we would like to discuss.

Earl is a fellow who enjoys working in the yard, and consequently, he keeps the place spotless; the grass and shrubs trimmed, the yard clean and all the weeds chopped. That's fine we suppose, but it sure does make the neighbors look bad. We have never been particularly inclined to keep our place so ship-shape, and as long as we can live around other folks who do the same, then everything is just dandy. But you know how it is. One bad apple spoils the whole barrel. Actually there ought to be a law. Apparently the only recourse we have is to get a petition signed by all the neighbors demanding that the Phillips not spend so much time gardening.

After brushing the saw dust out of our hair, and cleaning up a bit, we did drive around and while out, dropped by the new Thunderbird Apartments. The turn-out for their open house was real nice, according to Oliver Streu. However, he reports that many of the apartments were already leased by the time the building was completed. But if you didn't get out Sunday, we would bet that Oliver will arrange a personal tour anytime you care to call. It's really nice and worth a trip out.

Formal opening for Roberts' Appliance store will be held this Friday and Saturday. Roberts has recently moved to a location on West Third.

Actually, we're not real sure how to direct you to the spot, since a quick check with the people who are supposed to know turned up three completely different answers concerning the address. The Bell Telephone people thought the building location should be 106 West Third Street, while the City of Hereford had it listed as 136 West Third, Southwestern Public Service Company didn't agree with either. They have it listed as 134 West Third Street.

Old Timers in the area will remember that Furr Food once had a store in the building, and more recently it has been used for parking. Anyhow, just turn west off Main on Third and drive 1/2 block and you're bound to find it. Jim will probably be in the middle of the street anyhow, directing traffic towards the store.

Last chance! Only two more days in which to pay your poll tax. We would urge each and every citizen of this county to pay the piper, since you will not be eligible to vote in either county or state elections without the slip, or exemption if you qualify. And we might remind you, that it will cost you to register anyhow. Not as much as to be sure, but then you're only getting "half the pie" if you wait to register. Present plans call for a 25 cent registration fee to help defray cost of the general election... and all you'll be able to vote for (or against) will be the national candidates. The biggest bargain you ever purchased is your poll tax receipt. Don't pass it up.

You'll be seeing Operation PEP in the news again soon. Committees have been formed to work on the many suggestions coming out of the big community meeting.

Actually, many of the problems have been remedied since the community forum, and now committees have been appointed to evaluate the more difficult problems. Some, of course, will never be entirely remedied, but many more can be. And perhaps, with proper planning now, many future problems will be averted. At least it's a step

in the right direction.
The annual Chamber of Commerce banquet, set for Saturday night, February 8, has all the earmarks of another tremendous success. Jeff Williams speaker for the event, is one of the finest after dinner speakers in the business He is a Rotarian, and has appeared on the program at a number of Rotary affairs throughout the state. His talk alone will be worth the price of a banquet ticket. But of course, as most Herefordites know, the meal catered by Walter Jetton of Fort Worth will be hard to pass. Jetton has catered the banquet for the past seven years. Possible longer, but we know that he has catered the affair at least seven. Anyhow, in that length of time, we can't remember a meal that wasn't delicious.

Many things attract area people to the banquet. Prime among those being the Lions' Club Citizen-of-the-Year Award. The selection is usually quite difficult to determine, since there are so many people in the Hereford area who would at least deserve honorable mention. This makes the task of selection the outstanding citizen rather rough, yet, down through the years, we would say that their choice has been excellent. We're sure that 1964 will be the same.

We've heard it said: If it doesn't rain soon, the Baptist will be sprinkling and the Methodist will just rub a damp cloth across the brow.

AUSTIN HIGHLIGHTS

This Double Registration System Seen As 'Headache'

By Vern Sanford
Texas Press Association
AUSTIN, — Capitol talk is centering around Texas' new double-standard for voter qualification.

There's a lot of speculation and some concern in political circles. Ratification by South Dakota will place into effect a Federal constitutional amendment abolishing the poll tax as a requirement for voting in future federal elections.

1. Texans who want to vote for state and local, as well as federal officials, still must have poll tax receipts or appropriate exemptions.

2. Those who are content to vote for president, vice president, U.S. senator and congressman only, won't have to pay; But still they must get a free poll tax receipt from their tax collector.

The new "registration" requirement for federal elections takes effect after the U.S. General Services Administrator certifies that the amendment is officially part of the federal constitution.

Thirty days will be allowed voters, after the amendment goes into effect to obtain the special receipts stamped "poll tax not paid." These "tickets" admit one to vote in federal elections. After this year, they must be obtained during the regular poll tax period of October 1 through January 31.

For tax collectors and election officials these additional headaches will be presented: Separate poll lists must be compiled for those who have paid the poll tax and those who have not; non-paying voters must get a ballot containing only the offices and propositions which they are eligible to vote on; all propositions except federal offices must be "locked out" on voting machines; election returns must show separately those voting on free receipts.

Legal experts think the state law passed in anticipation of the federal amendment's ratification takes care of most emergencies and will prevent chaos, if not confusion. Detailed instructions soon will be sent to county tax collectors by Secretary of State Crawford Martin.

Gov. John Connally, meanwhile, warned Texas that failure to pay the poll tax commits them to "only half a vote in the 1964 elections." Connally joined groups on all sides of the political fences in the final week's campaign to pump up lagging payments.

CONGRESSIONAL RACES
Governor Connally anticipates no disruption in congressional district races this year, since the U.S. Supreme Court recessed until February 17 without taking action on pending redistricting cases.

John M. Stemmons of Dallas, re-appointed as a director of the Dallas County Flood Control District.

INVESTIGATION CONTINUING
A half dozen state investigators are looking into activities of Corpus Christi promoter Paul Amos Sandblom, who is charged with dealing in unregistered securities.

APPOINTMENTS ANNOUNCED
Former Secretary of State Tom Reavley of Austin was named by Governor Connally as judge of the newly-created 167th district court of Travis County which goes into operation on June 1.

Among other recent appointments by the governor are: Dr. John J. McKetta Jr., dean of the University of Texas College of Engineering, to serve on the Southern Interstate Nuclear Board.

Judge Victor H. Lindsey, 72nd District Court, Lubbock, as presiding judge for the Ninth Administrative District, to succeed the late Judge Luther Gribble of Childress.

C. E. Knolle, Jim Wells County dairyman, as chairman of the Texas Animal Health Commission, succeeding Clayton Puckett of Fort Stockton who remains on the commission.

Commission agreed to permit diversion of 600 acre feet of water a year for the city of Hamilton from the Proctor Reservoir.

CANDIDATES FILING
With the filing deadline closing, in most statewide incumbents (and some of their opponents) have announced their election plans.

Among those whose hats are in the ring are: Governor Connally (and his GOP opponent C. G. Weakley Jr. of Dallas);

A court-appointed receiver of the bankrupt promoter's estate estimates he took in over \$25,000,000 but now has assets of only \$27,000.

TEXAS COURTS
Court of Criminal Appeals has ordered new trials for two men who had served a total of 43 years in Texas prisons.

Decision was in line with a recent Supreme Court ruling that all indigent persons accused of crimes are entitled to court-appointed counsel. Texas law

has required designation of such counsel only in capital cases. Several similar appeals already are before the court here.

State Supreme Court heard arguments as to whether the Texas Parks and Wildlife Commission can prevent use of nets and seines in Galveston, Trinity, East and West Bays, in view of a 1957 law apparently permitting use of trammel nets there.

Lower courts have held for fishermen opposing a 1949 commission order against netting.

Supreme Court also agreed to permit a coastal hospital district to request clarification of a state constitutional amendment authorizing such districts to be created by statute. Sweeney Hospital District wants to determine if citizens voting on district bonds have to render personal property for taxation.

Three contempt of legislature cases growing out of investigation of Southwest Conference basketball point-fixing allegations and another arising from slant hole oil probes were postponed by an Austin district court until March.

Texas Civil Judicial Council reported that about two-thirds of the nearly 200 State district judges in Texas receive salary supplements from County governments in addition to their \$12,000 annual pay from the state.

Supplements range from \$600 a year in some rural areas to \$8,000 in Harris County, where district judges make \$20,000 a year.

HEARINGS PUT OFF
Hearings on four Brazos River watershed reservoir proposals have been delayed by Texas Water Commission until March 23 to await additional engineering studies.

Projects are: Proctor Reservoir on the Leon River near Comanche; Belton Reservoir on the Leon River in Bell County; Stillhouse Hollow Reservoir on the Lampasas River in Bell County; and Somerville Reservoir on Yegua Creek in Washington County.

Commission agreed to permit diversion of 600 acre feet of water a year for the city of Hamilton from the Proctor Reservoir.

COOPER'S

By Dale Stevens

As did many Protestant churches throughout the nation, our church Sunday observed National Youth Week by having the young people conduct the entire service. It was a most moving and rewarding experience. We left the church with our faith renewed in the future of our church and our country. That young people with such deep thought and careful preparation should present a service so inspirational and thought provoking can more effectively than any amount of statistics and impassioned speeches prove that the present generation of youth are fine, level-headed citizens for tomorrow.

We hear so much about the wild parties, the vandalism, the thoughtlessness, the laxness of our young that it is no wonder many of us despair for the future. Yet with a clear and shining light, they prove to us, over and over again that the overwhelming majority are trustworthy for the task ahead of them.

We must, of course, look for these evidences of hope and faith, for so frequently they are buried under a landslide of indictments against the teenage generation. Perhaps you, as I, have read scathing remarks concerning youth and thought as we read, "How horribly true! What possible hope is there for the future?" Then at the end of the article, there stands the name of the author, with proof of the date written in an ancient Chinese philosopher, a Greek sage, a colonial preacher. Each generation since most ancient times has had such chronicles of imminent doom.

Today this is no less true. The wide publicity of television, radio, newspapers, magazines, and public speeches leave no doubt in the minds of the public that our young people are all juvenile delinquents. Their good deeds rarely if ever make the editorial or front pages of the newspapers.

There is absolutely no doubt that many of today's youth have serious problems, which in turn create very serious problems for their parents, their schools, their churches, and society. The problem, the tragedy is increasing.

To attempt to deny the existence of the situation or to attempt to ignore it would indeed be foolhardy and unworthy. We must do everything in our power to save these boys and girls.

Last week "The Eleventh Hour" presented a study of one of the major problems among young people and their families. It was, as is true of so many programs, highly exaggerated for dramatic purposes, or an extreme case was chosen to illustrate the danger of the illness of the boy in the story. His conscience had failed to develop somewhere along the line, and he never gave anything in return for love or material things. He had never learned that "a person must give love if he is to receive love," the general theme of our church service Sunday.

We must continue to make every effort to help these boys and

girls who for one reason or another have gone astray and to prevent others from taking the initial step toward incorrect or immoral behavior, but we must keep in sight at all times that we have a large majority of young people who are willing, eager, and resourceful as no other generation in history to make of this world a fine place in which to live.

Recently a horrible thing happened during a religious program at our high school. The boys and girls who contributed to the disturbance, their homes, their churches, and their schools were severely criticized as a result of the incident. But never did I hear anyone commend the boys and girls who planned, prepared, and presented that program. Never did anyone voice a word of praise for the homes, churches, and schools which produced those students who wished to emphasize through the program their belief in the religious nature of Christmas. Let our hearts and minds take constant cognizance of these boys and girls too.

Women Organize Democratic Club

Mrs. Lois Woodford has been named president of Democratic Women of West Smith County, and Mrs. Charles Hoover is the new vice-president. They were named at an organizational meeting this past week in the Community Center.

Winning one and losing one last week gave the Whitefaces possession of the district lead and then threw them back into a tie with Levelland.

Perryton travels to Hereford tomorrow night to meet the Herd as the second half of district play begins. Tuesday night the Whitefaces journey to Littlefield. In earlier games this season the Whitefaces defeated Perryton 57-55 and Littlefield 88-60.

Levelland fell victim to the Whitefaces last week as the Herd took the district lead by a score of 59-54. The Lobos held a 13-9 first quarter lead but the Whitefaces rebounded with 21 points in the second period to grab a 30-25 halftime lead. Both teams scored 29 points in the second half. Earl Jackson led the Herd with 21 points. Jackson hit 11 of 13 free throw attempts. Jim Haney tossed in 11 points and Danny Cates added 10.

It was Dumas all the way last Friday night in Dumas as the Demons smashed the Herd by a 62-44 margin. The Demons held a 15-8 lead at the first turn and kept the seven point lead at halftime as the score was 32-25 midway in the game. The Demons pulled away to a 46-33 margin after three periods and were never threatened after that. Dumas was at full strength for nearly the first time this season. Hulon Kirkland and Dennis Cothran, both 6'3", played regularly for the first time since the first of the season and scored 30 points between them. Haney and Jackson led the Herd scorers with 20 points each.

Hereford "B" team also lost their first district game last week to the Demons. After crushing Levelland 69-38 the "B" team lost to Dumas by a score of 54-32.

Band Nets Profit Of \$1400 From Fruitcake Sale

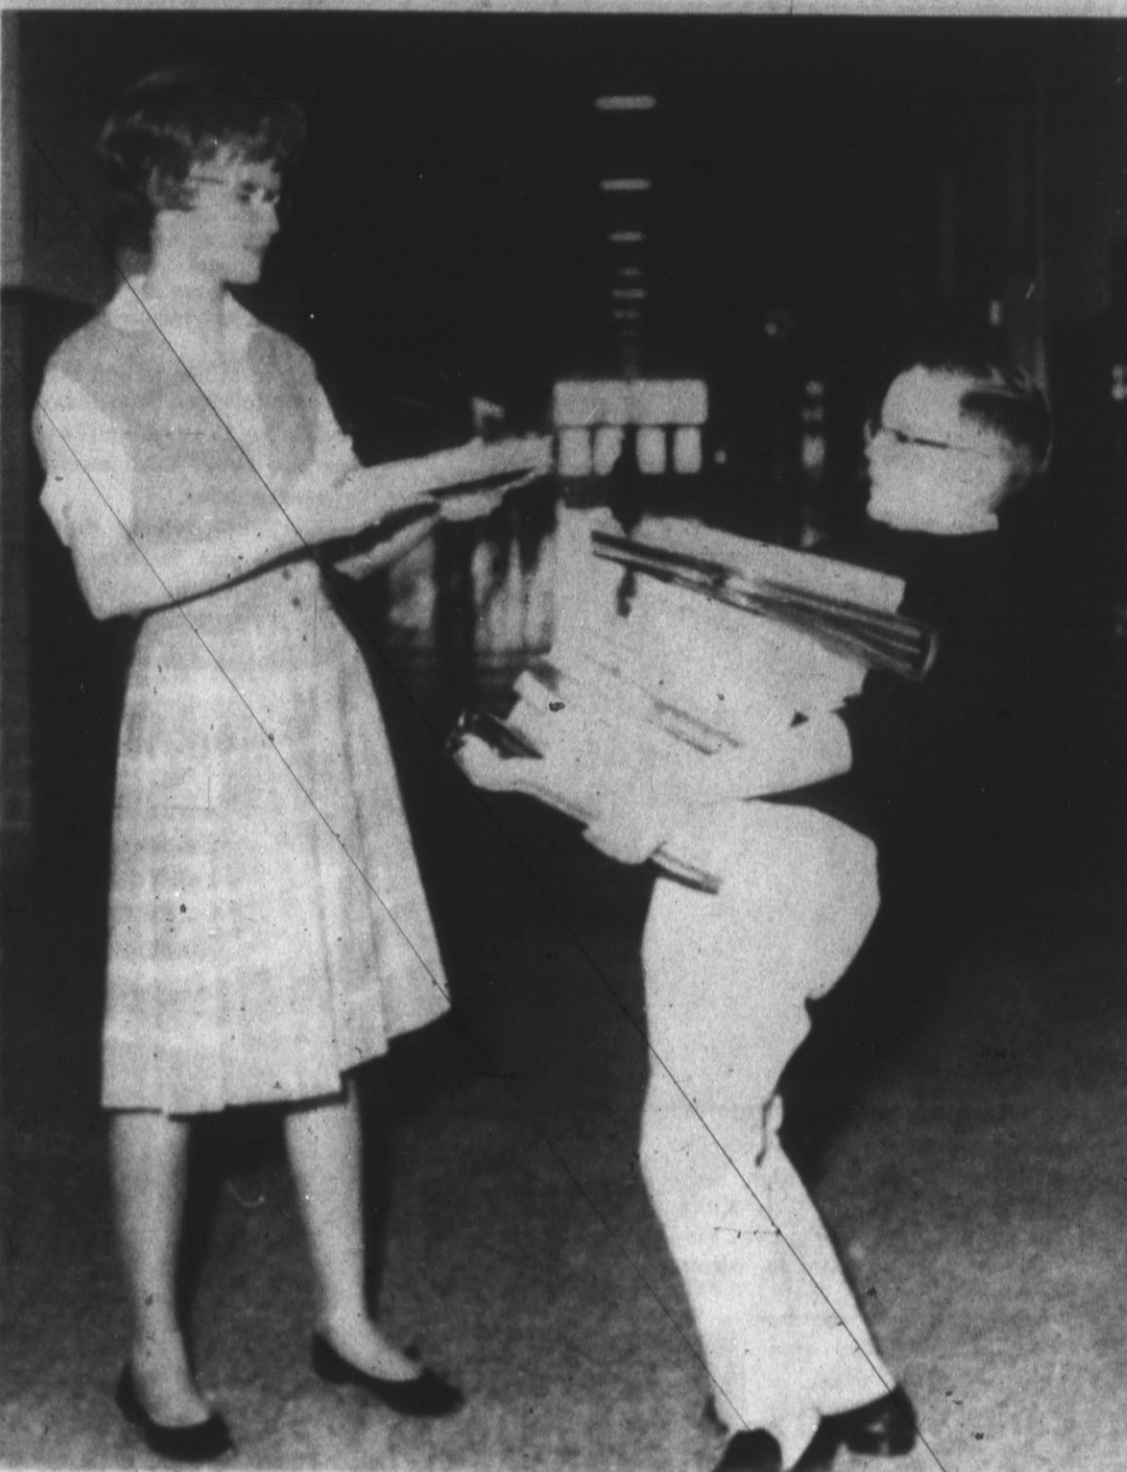

BY VICKIE INMAN

"A profit of about \$1400 was made from the fruitcakes that the bandmen sold," said Mr. Ben Gollehon, band director.

Each student had to either sell two fruitcakes or buy two fruitcakes. The money raised went into the fund for the band's trip to Enid, Okla., from April 30 to May 2.

At Enid, the Whiteface band will compete with different regional bands. The winning band keeps the trophy for one year, then they can either return the trophy or enter the competition again and try to win it back. If the trophy is won for three times consecutively, the winning band can keep the trophy. The Pampa band has thus far been the only Panhandle band to be eligible to keep the trophy.

Another money-making project will be the band concert Feb. 27, when the band queen will be crowned.

A TYPICAL SCENE ON 'Slave Day' is a senior allowing a lowly freshman to carry his books, as shown by Mary Broman, left (a senior), and Keith Blanton, a freshman. 'Slave Day' will be held Friday during the school day. Upperclassmen are looking forward to the event, but we don't know about the freshmen and sophomores. (Brand Staff Photo)

Tuula Lehti Can't Adapt To All American Habits

BY ROSEMARY HERSLEY

"I can't stand pop corn, peanut butter or potato chips. On these points I just can't learn to be American!" exclaimed Tuula Lehti, HHS's third exchange student.

Most high schools have one or two foreign exchange students, but HHS is honored by having three.

Tuula is spending her senior year with Mr. and Mrs. T. J. Parsons and their daughter, Doris, who is a junior. Tuula did not come to the United States as a foreign exchange student through the Foreign Exchange Student Program. The exchange student in the year of '58-'60, Mari Niinisto, who also lived with the Parsons, is a cousin of Tuula's. This is how the Parsons came to know Tuula. In the spring of '63, Tuula received a personal invitation from the Parsons to come to the United States to attend school. "I have never received such a wonderful opportunity in my life," remarked Tuula.

"Tuula is an all-around girl, and after having her in the family for ten months, we will miss

her a great deal," stated Mrs. Parsons. Along with Tuula's American parents, she will have an American sister, Doris, with whom she will attend school.

When asked how she liked the American studies, Tuula replied "The school system in Finland is much different than that of American schools. First, we take about 15 subjects where American students take only six. Of the 15 subjects none are similar to your office practice, library assistance, typing, or choir subjects. All, with the exception of P.E., require a great deal of studying."

Because of the fact that Finnish language is known only in Finland, students are required to learn other languages. The first language taught Finnish students is Swedish. Following Swedish is either English or German. French and Latin are also taught for students interested. The subject required by the students in Finland each year are algebra and geometry.

Tuula's father, Mr. Lehti, is a Finnish businessman. He has two brothers, Taisto, 19, and Timo, 15.

Joe Brooks Takes Post As Assistant HHS Principal

BY MIKE O'CONNOR

"I believe the students are a fine group and that we will be able to straighten out any problems between us," recently stated Mr. Joe Brooks, new assistant principal.

Mr. Brooks was informed of his appointment Wednesday, Jan. 15. This was two days before the final day of the first semester.

Monday, Jan. 20, Mr. Bill Michael moved into the position of principal.

His first few days were trying ones, as he was placed in the middle of a group of many students who wanted their schedules changed. "He remained cool and collected," stated office assistant Linda Higgins. "I believe that is the quality that

Kathrine Barnard Is 'Homemaker'

Kathrine Barnard is Hereford schools Betty Crocker "Homemaker of Tomorrow." She achieved the highest score here in a written knowledge and attitude examination given Dec. 3. General Mills, Inc., sponsor of the program, awarded her a "Homemaker of Tomorrow" pin to signify her achievement, and her test paper will be entered in competition for state honors.

The state "Homemaker of Tomorrow" will be awarded a \$1,500 college scholarship and will be named a national finalist. Her school will be presented with a set of Encyclopaedia Britannica, Inc. The state's second ranking girl will receive a \$500 scholarship.

In the spring, state "Homemakers of Tomorrow," each accompanied by a school advisor, will enjoy an expense-paid educational tour to Colonial Williamsburg, Va., Washington, D. C., and New York City. The trip will be climaxed with the naming of the 1964 Betty Crocker All-American Homemaker of Tomorrow. She will be chosen on the basis of her original test score together with personal observation and interviews during the trip. Her scholarship will be increased to \$5,000. National runners-up will receive \$4,000, \$3,000 and \$2,000 scholarships, respectively.

All time highs in the number of senior high school girls and

schools enrolled marked this, the tenth annual Betty Crocker Search program. More than 484,000 girls in 14,000 of the nation's schools participated. Since the program was launched, more than three and a half million girls have participated and scholarships approximating one million dollars have been awarded.

The Betty Crocker Search is approved by the National Association of Secondary School Principals. Judging is by Science Research Association of Chicago, nationally known educational publishing and testing organization.

FHA Chili Supper Termed Success

BY LOU ANN WITKOWSKI

The annual chili supper, benefiting the American Field Service exchange student fund, was sponsored by the Future Homemakers of America Saturday, Jan. 25, at the Hereford High School Cafeteria.

The attendance was estimated at 500 against the 275 who attended last year's chili supper. More tickets were sold last year but conflicts prevented many from attending.

\$300.00 is the total profit from the receipts turned in so far. (Continued on Page 3)

Upperclassmen Eagerly Await 'Slave Day' Friday

It's finally here! Slave Day has come for those juniors and seniors who have bought underclassmen to take a day of leisure.

Tomorrow is the day when juniors and seniors will be waited upon "hand and foot" and for only \$1 per slave. Reservations were made weeks in advance for this day, and owners will take pride as they are being carried down the hall in a litter held by four freshmen followed by a sophomore bearing many books.

However, there are requirements for this proposition:

1. The owners cannot purposely make their slaves late to classes or the tardy violation will be imposed on them.
2. There is a dress regulation that slaves must abide by.
3. No use of tobacco
4. No hazing.

Here are some plans for the prospective slaves.

Wayne Edwards, a senior, bought Jerry Roarch and Clifford Edwards. "They are going to pull me to class in a little red wagon."

Milton Meharg, a senior, bought Monte Gripp and Sharon Garrison. "I am going to make them wear funny clothes." Monte is going to carry a basketball and wear shorts, since he is skinny. I don't know what to do with Sharon."

Gayle Newell, Jo Ann Ferguson and Paula Waldrep have been bought by Linda Lee Hart and Cynthia Seed, senior, and

Becky Duncan, Jan Keeth, and Ann Braddy, juniors. "Paula has to wear a box from the neck to the waist and a burlap sack from the waist down. Gayle has to wear make-up on

only half of her face, and a high heel on one foot and a tennis shoe on the other. Jo Ann has a hand made costume of burlap sacks, like Minnie Pearl," stated Becky Duncan.

After one day of supreme pleasure, the seniors and juniors will go back to being plain upper classmen, and the freshmen and sophomores will return to being pooped under classmen.

Editors' Schools Report Humorous Events

BY LINDA HIGGINS AND LOU ANN WITKOWSKI

Have you heard about Coach Brooks being sent to the office permanently? Don't worry, he is the new assistant principal!

We suppose the biggest subject around is basketball, as the conference games continue.

The support given the team last Tuesday night, as the Herd met Levelland, was excellent. May this kind of spirit follow our boys to regionals and then to state!

Hereford has always held a record of good sportsmanship. Please, help to continue to make this record an unblemished one.

We have several new students. A brother and sister have come to us from Garfield Jr. High in Albuquerque, N.M. They are Sadie Scroggins, a freshman, and Carry Scroggins, a sophomore.

Keith Blanton, a freshman, has come back to Hereford.

The Western World (Lubbock High) stated that Mr. Bill Dean, publications sponsor, was trying to get the point across to his sixth period journalism class

Keith was a student in Hereford until the eighth grade. He transferred from Thomas Jefferson Jr.-Sr. High in Denver, Colorado.

The newest student is Shara Harris from Slaton High School at Slaton. She is a junior.

From Lubbock High comes Larry Embry, a sophomore. Jimmie Dale Rodgers, a freshman, transferred from Morey Jr. High, Denver, Colo.

Ann Atchley recently entered a contest under the theme of "Youth's Stake in Conservation," sponsored by the Ft. Worth Press.

The contestants were to write in 300 words or less their opinion of the above subject.

We wish Ann good luck in the contest.

that sentences should have interesting and varied beginnings. He questioned sophomore Lloyd Daniel on the best way for a sentence to begin.

After puzzling over the statement for some time, Lloyd finally replied: "With a capital letter."

The Little Harvester (Pampa) stated that boo-boos are always happening at their school. For example — Miss Lynn Frysock was explaining the water content of the blood to one of her health classes and she said, "When there's a loss of blood, you get thirsty and drink more blood."

Since 1939 there have been over 1500 boys who have lived at Boy's Ranch, according to the Roundup.

The Ranger (Amarillo College) reports that the new modern math course will be offered on television. It is scheduled for 6:30 a.m. on Channel 10, Monday thru Friday.

The Pow Wow (Gonzales) reports that the girls P.E. classes have started playing tag football. They are stopped by someone pulling off a flag worn by each player instead of tackling.

The Cub's Den (Brownfield) reports that this year the science club is viewing various films on atomic energy and atomic physics.

Buddy Knox, who attended West Texas State University, at Canyon, visited the campus at the first of this month, according to the Prairie.

The Levelland Lobo Lair (Levelland High) reported that their speech classes are working on the play, STOLEN PRINCE.

Mrs. Hilger New HHS Teacher Of Geometry

BY LINDA LEE HART

"Each day is too full of the present to consider the future," answered Mrs. Laurel Beth Hilger, the new plane geometry teacher. Mrs. Hilger took the place of Coach Brooks at semester.

Mrs. Hilger was graduated at Eden High School at Eden. Then she entered college at Sul Ross State College in Alpine. She majored in mathematics and minored in English literature. After graduation from Sul Ross, she was employed as a seismograph computer for Shell Oil Company in Midland. She left this position to teach consumer math and arithmetic in Long Beach, California. Here she taught for six months.

Mrs. Hilger commented, "I enjoy teaching and consider it a wonderful profession." She also added to that by saying, "I like the town of Hereford and the people I've met here." When Mrs. Hilger became a teacher she took the responsibility of three full time jobs — housewife, mother and teacher.

Art work, oil painting and pastels, and some sewing are her main interests, when she has the spare time. She became interested in art when she worked in a library. She had always appreciated art but thought she had no talent for it. Later she tried it and liked it.

As a spectator she enjoys football and basketball. As a participant she enjoys volleyball and bowling.

At present Mrs. Hilger has only plane geometry classes.

Mrs. Hilger is the wife of Ty Hilger, speech teacher. They live eight miles east of Hereford.

NEW TEACHER AT HHS — Mrs. Ty Hilger is the new geometry teacher at HHS this semester. She replaces Coach Brooks, who is now assistant principal. Mrs. Hilger, who graduated from Eden High School and Sul Ross State

College, has also taught school in Long Beach, California. She commented that she "enjoys teaching and considers it a wonderful profession." (Brand Staff Photo)

'Gods, Graves and Scholars' Tells Of Archaeology

BY SANDRA GREEN

In the middle of August, 79 A.D. there were signs that Vesuvius was again about to erupt, but since Vesuvius was often active, there was no alarm. People of Pompeii continued their activities. Suddenly smoke mushroomed into the sky, darkening the sun. Birds tumbled dead out of the air, people ran about screaming, animals slunk into hiding.

The story of archaeology comprehends all manner of excitement and achievement. Gods, Graves, and Scholars, by C. W. Ceram is a romantic excursion that goes hand in hand with scholarly self-discipline and moderation. Explorations among the ruins of the remote past have lured curious men all over

the face of the earth. These are facts written in a mixture of spirit and deed.

Clouds of sulphur fumes settled down on Pompeii. They seeped through cracks and crevices and crept up under the clothes that the suffocating townsfolk held up to their faces. Fumes reached them, and they choked.

The sun came out twenty-four hours later, but Pompeii ceased to exist. Near Pompeii, Herculaneum suffered from the anger of Vesuvius. Yet, Vesuvius had not been so kind. The entire city was buried within a few hours.

Lava flowed from the mountains. The daily round of living had been cut off so abruptly that people were found still in form after thousands of years of entombment.

Gods, Graves, and Scholars gives this and many other incidents of excavation in understandable language that will inspire the reader to find more about history in archaeology.

(Continued from page 1) all the students admire in Coach Brooks.

Mr. Brooks is better known as Coach Brooks, as he has coached varsity football, B-team basketball and weights and track. He also has taught plane geometry and algebra I.

Mr. Brooks' wife, Donna, is also planning to enter the teaching profession as she is majoring in elementary education. Mr. and Mrs. Brooks have two sons, Mark, 8, and Kelly, 5.

HHS' Library Facilities Are Evaluated

BY SANDRA GREEN

Mrs. Mozelle Neill and library assistants found that there are 4,359 books in the library. Five books out of the number were unaccounted for, based on a recent inventory.

Fiction and short stories numbered 1,255. There are 2,676 non-fiction books, including reference books, social sciences, religious, and all other books not in biographies. Biographical books are numbered as 428.

"I think we have a full library to meet the needs of more than 800 students. We are adding to our collection all the time. Orders are fulfilled on the request of teachers and by popular demand," stated Mrs. Neill.

New reference books added this year are current World Book Encyclopedia, Encyclopaedia Britannica and a first publication of the Encyclopaedia International. The library receives each book direct from publication as they are printed.

"Not enough students are acquainted with locating material. I would like for more students to become familiar with what we have here in the library," Mrs. Neill added that students do use the library. She took a census on an average day and found that 270 students came to the library to check out books, use references and read magazines.

Pamphlet on Filing Family Papers Serves as Valuable Check-List

By Argen Draper

Good news also travels fast. Mrs. Rae Cox has recommended Where Are Your Valuable Papers? to several members of her family. These have been mailed and they should have started filing them in. There are extra copies if you need this for your records.

This list might not be complete for your business; however, it is a real good start and your family business practices will be considered more satisfactory. Those who have attended the programs in January have gotten some good suggestions for filing papers.

A very interesting letter came from Wilma Bryan, who is now living in Hollywood, N. M. She has very pleasant memories of 4-H and home demonstration clubs and I can assure Wilma that we miss her very much.

All of the County Program Building Committees have some interesting plans for 1964.

Here is a release from A & M on how families spend their money.

Homemakers may want to take a critical look at last year's earnings and expenditures in an attempt to make plans for the year ahead, suggests Mrs. Gwendolyn Clyatt, Extension consumer marketing specialist.

Since many families do not keep detailed records, it often is difficult to tell with any degree of accuracy just where the money has gone. A look at national expenditures for 1963 may provide an idea about uses of family funds, the specialist adds.

The average family with average income spent 19 per cent of their disposable income for food, Mrs. Clyatt says. Total expenditures for food in 1964 are expected to increase slightly, especially with predicted rising incomes, but the proportion of disposable income spent for food is expected to go down. Since 1947, for every dollar increase in consumer incomes, food expenditures have averaged an increase

of only 15 cents. This trend is expected to continue in 1964, Mrs. Clyatt says.

Price Prather Dies; Burial In Lazbuddie

Price Prather, 81, died at 4 p.m. Monday in Deaf Smith County Hospital. Funeral services were conducted at 2 p.m. Wednesday in Lazbuddie Methodist Church by the Rev. Herschel Thurston, pastor of First Methodist Church, Hereford.

Born Sept. 16, 1882, in Cook County, he was married to Lela Mae McClure Sept. 9, 1906, in Hollis, Okla. They moved to Hereford in 1947 from Lazbuddie. He was a retired farmer and a member of the Methodist Church.

Survivors include his wife, 1006 East Third; three sons, Robert Prather, Baytown, Clyde Prather, San Antonio, and Earl Prather, Burbank, Calif.; one daughter, Mrs. Mary Gilliland, Dumas; one brother, Claude Prather, Amarillo, six grandchildren, and two great-grandchildren.

Burial was in Lazbuddie Cemetery under the direction of Gilliland Funeral Home.

Business Law Can Be Beneficial In Later Years

BY BEVERLY BARRETT

"Business law is an elementary study of business principles, contracts, wills and insurance," stated Mr. Joe Smith, who teaches business law at HHS.

Mr. Smith has taught business law at Hereford High School off and on for 15 years and is teaching one class this second semester course.

Mr. Smith related that business law can be more helpful to a student in later years if he works at it and tries to learn

more about today's business. Future plans for this semester will be for the class to read, discuss, and try to arrive at conclusions of cases tried in America. Also, each class member will be required to write out a will and a contract.

COUNT YOUR BLESSINGS!

...but who could count them? They are too numerous to count. God isn't stingy... He doesn't dish them out to us one by one, but rather pours them out in numbers too big to count. Consider only a few of the greater blessings.
He created us in His image and gave us power of reason, of choice, and the capacity to respond to varied stimuli. He put the world at our disposal and cautioned us about how we use it. He supplied our homes, our families and gobs of material wealth we never thought possible. Who could ask for more? Tell us just who among us could even begin to count his blessings?
Maybe it's a good time to start doing something for God... start going to church, —for He said, "Blessings are upon the head of the just."

Yes In The Church
The Church is You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

REP. ROGERS WRITES

Congressman Opposes Plan To Appoint Vice - President

A proposal that would, in effect, create a "crown prince" for the United States of America has been advanced by a group of members of my own profession, the law. Meeting at the request of the American Bar Association, the group recommended that a new Vice President be nominated by the President and confirmed by the Congress any time a vacancy occurs in the Vice Presidential office.

In other words, the process would be circumvented by which American voters themselves could have a direct voice in choosing the man closest in direct line of succession to the Presidency.

The system proposed for adoption would fill the office of Vice President (at least until the next general election) by appointment — not voters' choice — in much the same way that tip officials of the Executive Branch, men of cabinet rank and below, now are named and their appointments confirmed.

In 1947, Congress enacted the law which now provides for the order of succession to the office of President. The succession, this, is now first to the Speaker of the House and next to the President Pro Tempore of the Senate and then to cabinet officers in the following sequence: Secretary of State, Secretary of the Treasury, Secretary of Defense, Attorney General, Postmaster General, Secretary of the Interior, Secretary of Agriculture, Secretary of Commerce, an Secretary of Labor. You'll note that the most recently established cabinet position, that of Secretary of Health, Education, and Welfare, has not been included in the order of succession.

This week the Constitutional Amendments Subcommittee of the Senate Judiciary Committee held two days of hearings into the welter of suggestions proposed as solutions to the problems of presidential succession.

and disability, I'm certainly not opposed to this study or any other being made. Certainly it is proper for any group to propose any solution deemed appropriate. And, at the same time, it is appropriate for those of us who oppose proposed solutions to speak out.

It is my earnest hope, however, that no proposal ever advanced beyond the talking stage if it would permit the appointment of a Vice President of the United States, in that office carrying that Constitutionally endowed title must go a person elected by the people if our democratic processes are to be served properly.

Presidential succession has always been a knotty issue. Views change from one period in our history to another. It was only natural that the question of presidential disability would become an issue following President Eisenhower's heart attack during his first term. And it was natural that the issue of presidential succession would again be raised following the tragic assassination of President Kennedy and the ascent to the nation's highest office of the then Vice President, Lyndon B. Johnson.

During George Washington's first term, Congress provided that in the case of the removal, death, resignation, or disability of both President and Vice President, the president pro tempore of the Senate, and if there was no president of the Senate, then the Speaker of the House, was to succeed to the Presidency and hold the office only until a special election had chosen a President for a four year term. In 1886, there was neither a president pro tempore of the Senate nor a Speaker of the House.

Congress, assuming that there never would be a time when all the cabinet positions would be vacant, changed the line of succession to members of the cabinet, beginning with the Secretary of State. In June, 1946, President Truman, having recently succeeded President Franklin D. Roosevelt, recommended abandoning the cabinet succession on the principle that no President that had succeeded from the Vice Presidency ought to be able to designate his own possible successor. In the Act of July, 1947, the Congress followed President Truman's recommendation by providing that the succession be first to the Speaker of the House, a man not only elected from his own constituency but also chosen by the majority party, and then to the president pro tempore of the Senate, a Senator elected from his state and then to provide a presiding officer in the absence of the Vice President, by the members of the Senate.

Congress also provided that following these officeholders should be ranked members of the cabinet in case of vacancies in the first two offices in the line. Certainly problems can arise. No system we could devise would be perfect in insuring against any eventuality. But let us be careful before tampering with the present line of succession or the method by which Vice Presidents are chosen. The system has served us well. I would urge Americans to remember that many governments would topple like a house of cards were the head of state to be assassinated. Ours, thanks to the Lord and the wisdom with which our system was conceived, did not.

Argen Draper Lists Merits Of Organization

"Deeds, abstracts, wills, contracts, bonds, marriage and birth certificates, and other important papers should be kept in a safety deposit box," advised Argen Draper, county home demonstration agent, as she spoke on family economics for members of Westway Home Demonstration Club at their meeting Jan. 23.

The safety deposit box should be in both the husband's and wife's names, continued Mrs. Draper, and it would be wise to include an inventory of household articles. She then listed saving of time, temper, and money among the advantages of proper filing of papers, such as income tax records. "Good household organization can give family members a sense of well-being," she concluded.

Mrs. Joe Wagoner was presiding officer. In response to roll call members discussed their management of family finances. Mrs. George Turrentine was hostess, and Mrs. Ernest Floyd was a visitor. Others present were Mrs. Jimmy Jesko, Mrs. Jo Landers, Mrs. Paul Rudd, Mrs. Kenneth Rudd, Mrs. Clarence Sauley, Mrs. W. W. Thomas, Mrs. Joe Wagoner, Mrs. Bess Werner, Mrs. Arnold Fangman, Mrs. Jessie Odom, Mrs. Vernon Sherman, Mrs. Gab Borland, Mrs. C. W. Sanders, and Mrs. G. C. Merritt.

Crash Damages Two Vehicles

An automobile and a pickup truck were damaged in a Monday morning collision near the intersection of West Park and 25 Mile Avenue.

Driver of the pickup, a 1964 Chevrolet, was Leonard W. Walterscheid, police records

You save enough to buy

2 MONTHS SUPPLY OF MILK
when you **DRY WITH GAS**

You can save \$24.00 a year on your utility bill when you dry with GAS. That's enough to buy a two months supply of milk for an average family of four. And GAS dries your clothes faster, yet so gently.

SAVE ON INSTALLATION AND MAINTENANCE, TOO. A GAS clothes dryer costs less to install and maintenance costs are the lowest of any dryer. A GAS burner, the heart of your dryer, carries a lifetime guarantee.

Sandi Says...

By Sandi Thomas

Hi, again! Well, how is everybody? I sure do wish you would get out and stir up some news. Maybe I'm just not looking in the right places. Anyway, I'll tell what there is.

Saturday, Jan. 18, a few girls went to Clovis. It seems they were attracted there by the Clovis Friendship Tournament. Those enjoying the games were Retha Kelley, Carolyn Boynton, Suzanne Hart, Patsy Smith, Beverly and Jennifer Barnett, and Jan Scott. Hereford pulled through when the eighth-grade boys placed third and the Frosh placed second.

The Young People's Department of the Avenue Baptist Church held their January social last Friday, Jan. 24. The group rented four lanes at the bowling alley, and about 20 kids were there enjoying the bowling and eating.

The Amarillo stock show attracted many entries and viewers. Those placing in the steer division were Bill Cole, fifth; Dan Thomas, 12th; Jim Higgins, eighth; and 15th and 22nd, Becky Higgins.

In the barrow division at Amarillo, Jimmy Campbell placed second in his class and also showed the reserve champion Berkshire. Carl Myers placed first with his crossbreed and also got champion of that class. Gary Royal and David Block also showed. There were others but I did not get around to talking to them, so please forgive me this time.

Now that warmer weather is here, kids have begun to practice for the rodeos they'll enter next summer. Among those enjoying (?) a good work-out of bareback bronc and bull riding were Edward Allison, Dan Thomas, Eugene Green, Jim Higgins, Gary Royal, Donna Hill, and Karen Blackwell (those last two were just watching.) Touching up on their headin' and heelin' were Stan Sigman and David Hill.

Becky Higgins, Gwen Cargo, Beverly Packard, and Sherrie Hill were hostesses of a party Friday, Jan. 24, at the Country Club. The 30 or more guests played cards, ate, and danced. Sounds like it was fun!!

Even though graduation has not yet arrived, Gary Smith "jumped the gun" and left Jan. 23 for college. He entered the Sayre Junior College in Sayre, Okla. Have fun, Gary!

The Amarillo rodeo attracted three Hereford entries. They were Jo Poarch and Debbie Thomas, barrel-racing; and Dave Sorrels, bull-riding. Jo split a second place in the first go-round and won third in the average. Jo also placed second on the barrels in the Quarter-horse show.

At junior high, "Students of the Six Weeks" were elected. Congratulations go to Steve Sigman, eighth grade, and Cy Moore, seventh grade.

Homerooms around Stanton gave skits Tuesday, Jan. 28, for the benefit of the March of Dimes fund. The Red Cross members presented a special program which, I am told, was extremely interesting.

Hereford Assembly, Number 157, Rainbow girls held an installation of officers Saturday, Jan. 25. Those installed were Peggy Allred, worthy advisor; Jo Francis Davenport, worthy associate advisor; Ann Mercer, charity; Denise King, hope; Judy Summers, faith; Penny Jones, musician; Cindy Sanders, chaplain; Sylvia Phipps, treasurer; Jo Ann Ferguson, recorder; Kay Brogden, drill leader; Sharon Worthan, live; Linda Price, fidelity; Wanda Holt, immortality; Janice Smith, choir director; Carole Coffey, religion; and Judy Wiltshire, confidential observer. Whew! That left me breathless. There are four more officers but they were not present for the installation.

On the dance schedule for this weekend, I find a dance after the ball game, Jan. 31. Admission will be 25 cents per nose. If you have more than one nose, it might break ya'.

Nazarenes Plan Youth Revival

Two young men from Bethany Nazarene College in Bethany, Okla., will be in Hereford this weekend for a Young People's Revival at the Church of the Nazarene, the pastor, the Rev. Burlie M. DeBord, announced Thursday.

Cliff Schools will be the speaker for the weekend revival, and Arlen Chesney will be song leader.

The services will be held at 7 o'clock Friday and Sunday evenings. The church is located at 4th and Jackson. Mr. DeBord extends an invitation to the public to attend.
