

# Jones' Selection As Tech President Is Ruled Illegal

AUSTIN, Mar. 15 (AP)—Attorney General Gerald C. Mann held in an opinion today that selection of Clifford B. Jones as president of Texas Technological College at Lubbock was illegal and void.

The opinion was based on grounds Jones was a member of the board of directors of the college at the time other board members named him president. A member of a board of directors, Mann said, is not eligible to be elected to the presidency of an institution.

The ruling was requested by three members of the Tech board of directors, L. L. Steele of Mexico, Thomas G. Pollard of Tyler and M. W. B. Potter of Bowie.

The attorney general referred to the minutes of the meeting of the board in Fort Worth Nov. 24, 1938, at which Jones was elected, and stated:

"The board's minutes show that Mr. Jones, a director and chairman of the board, was present at the meeting. His election was proposed and defeated. The board then recessed for fifteen minutes. When the board reconvened after the recess, a copy of a telegram sent by Mr. Jones during the recess tending his resignation was exhibited as evidence of his qualification to accept the appointment. There was no claim that it had been accepted or that his successor had been appointed and qualified. In fact, such appointment and qualification of a successor during such brief period would have been physically impossible.

"The record evidencing Mr. Jones' appointment thus shows on its face that he was still a director and that his appointment as president was illegal and void."

Jones' resignation as a director was accepted by the governor December 1. And his successor to that office qualified on December 6.

The opinion cited numerous cases to uphold the facts "that there is no escape from the proposition that Mr. Jones was still a member of the board of directors" when he was named president.

Mann referred to the general rule touching on the question involved in corpus juris which says, "It is contrary to the policy of the law for an officer of the law to use his official appointing power to place himself in office, so that, even in the absence of a statutory prohibition, all officers who have the appointing power are disqualified for appointment to the office to which they may appoint, nor can an appointing board appoint one of its members as an officer, even though his vote is not essential to a majority in favor of his appointment."

## Income Levy Preferred By The House

Members Vote 1 To 4 Per Cent Tax To Replace Sales Impost

AUSTIN, Mar. 15 (AP)—The house of representatives voted today to substitute a net income tax for the 2 1/2 per cent general sales levy recommended by its constitutional amendments committee.

1 To 4 Per Cent  
The tax would be from 1 to 4 per cent on net incomes of individuals and up to 4 per cent on net incomes of corporations.

The voting machine indicated a motion to kill the income tax prevailed, 77 to 71, but verification showed the motion lost, 75 to 72. The income tax amendment then was adopted, 82 to 69.

Opponents of the income levy contended its adoption would result in defeat of the entire taxation amendment. The proposed constitutional amendment must muster 100 votes in the house and 31 in the senate in order to be submitted to the people this summer.

Rep. S. J. Isaacks, 69, of El Paso, making the concluding arguments for the income levy, warned his colleagues against writing any tax into the constitution but added that an income tax was preferable to a sales tax.

He said the governor has "developed into one of the most astute politicians I have ever known. After delivering his message, the governor went on the radio every Sunday and told the people what to tell us. He could afford to advocate a sales tax because he had opposed it in his campaign. But he left the way open for the legislature to adopt with a 'yes' and take the burden off his shoulders."

Rep. B. T. Johnson of Fort Worth countered with the assertion he wasn't willing to spend \$35,000,000 to \$40,000,000 of the people's money without their saying whether they wanted it spent.

## Citywide Cleanup Campaign Planned

City commissioners Tuesday evening engaged in a discussion of a projected city-wide cleanup campaign but delayed final action until the next meeting of the commission on March 28.

It was indicated, however, that the city would participate in the cleaning of all alleys and would haul away such debris free of charge. As a follow-up, the city would see that these alleys are kept clean.

Only other important item of business was the extension of the "wet" area in the Mexican section to include another block on N. W. 5th street. Structures in the extended area were virtually all business establishments or residences falling within the restricted distance from a negro church.

## 200 At Druggists' Meet In Angelo

SAN ANGELO, Mar. 15 (AP)—Over 200 members of the West Texas Retail Druggists' association, representing 25 cities and towns in the western half of the state, today were registered for their semi-annual convention started here Tuesday.

Dr. Ralph A. Beagle, foremost authority on commercial pharmacy and associate professor of pharmacy at the University of Oklahoma, today was conducting his merchandising clinic, feature of the three-day convention program. The morning he boiled down a successful merchandising campaign to four simple steps of advertising and urged pharmacists to grasp neglected sales-producing opportunities which lead to more business. He is being assisted by six other speakers, all schooled in special sales lines.

## \$125,000 SETTLEMENT REPORTED FOR JACKIE COOGAN FROM ESTATE VALUED AT \$4,000,000

HOLLYWOOD, Mar. 15 (AP)—Jackie Coogan, who says all she knows about a property settlement with his mother is what he read in the papers, went looking for a movie job today, still wishing to show for the millions he earned as a child star.

"It was a surprise to me—those stories yesterday—that mother and I were splitting up my \$200,000 estate fifty-fifty, the 24-year-old actor told the Associated Press.

"From what I read of the terms, it seemed to me I wasn't getting even as much as a half share, although I'd be willing to settle for that rather than fight the case through the courts for several more years.

"As near as I can make out, my mother and stepfather would be given real estate and securities, while my supposed 50 per cent would include some of my old films—and I'm not even sure they still exist. At any rate, they'd have no cash value.

## C-C To Stand By Efforts To Keep Trains

The Big Spring chamber of commerce will go ahead with its protest against proposed curtailment of day train service by the Texas & Pacific Railway company, it was decided Tuesday afternoon by a majority vote of a quorum of the directors.

The T&P has asked the Texas railroad commission for permission to discontinue day trains Nos. 3 and 4, between Big Spring and Sweetwater, on the basis that both trains are losing money heavily. Great per cent of the loss, the railroad has said, occurs on the Big Spring-Sweetwater section of the runs.

The local C. of C. some time ago voted to protest the application. Later, directors were called together to consider a proposed agreement whereby the trains

## Stanton Grade Big Crowd At Rural Dinner

Several score Big Spring men attended the second of a series of neighborhood affairs sponsored by the good-will committee of the Big Spring chamber of commerce at the Stanton grade community, 20 miles northeast of Big Spring, Tuesday evening.

Following the serving of a sumptuous supper, banquet style, by the ladies of the home demonstration club and the Parent-Teachers association, a snappy program of entertainment was carried out.

J. H. Greene, manager of the local chamber, presided in the absence of Charles Frost, chairman of the good-will committee. He introduced Albert Smith, principal of the Stanton school, who welcomed the visitors from Big Spring.

"We are glad to have the opportunity of getting this year's people from Big Spring and hope you will favor us with visits more often in the future," he said. Joe Faucett, county attorney, responded. President Calvin Boykin of the chamber of commerce spoke briefly. Others from Big Spring introduced were C. L. Rows, Joe B. Harrison and Ira Thurman.

The musical feature of the program was supplied by a trio composed of Miss Juanita Cook, Mrs. Marie Baird and Beatrice Feek. They sang "Fanny Old Hill," "Hilptide," and "Old Fashioned Mother," the latter an encore number. Mrs. Baird favored with two numbers on the accordion.

Rev. A. Haley, pastor of the First Christian church of Colorado, a sleight-of-hand artist, kept the crowd in an uproar with his varied assortment of tricks.

Rev. Haley closed the program for the evening with the drawing of an Hawaiian scene in chalk, accompanied by music from the accordion by Mrs. Baird.

A session of friendly talk followed between Big Spring people and the Stanton residents, and all joined in by acquiring the sweet ones of the "best yet."

## Peace Still The Course Of Empire

Czech Events, However, Called Shock To Confidence

LONDON, Mar. 15 (AP)—Prime Minister Chamberlain told a tense house of commons today that "it bitterly regrets" Germany's occupation of Bohemia and Moravia but added, "do not let us be deflected from our course" of trying to reach peace by agreement.

No Breach of Faith  
He spoke a few minutes after Foreign Secretary Viscount Halifax told the house of lords Germany's march into the Czech areas was "bound to administer a shock to confidence all the more regrettable since confidence was beginning to revive."

Like Halifax, Chamberlain refused to "make charges of breach of faith," but implied criticism of Adolf Hitler's action when he solemnly declared:

"Hitherto Germany has only incorporated in the Reich people of German race, but now they are taking military occupation of places where there are people with whom they have no racial relation."

The foreign secretary in solemn tones told the house of lords that "The German government has now without so far as I know any communication with the other three signatories of the Munich agreement, sent their troops beyond the frontier which was there laid down."

Britain, France and Italy were the other signers of the Munich accord.

A few minutes before he made his declaration, Halifax announced that a proposed visit of overseas trade secretary R. S. Hudson to Berlin had been postponed as a result of German occupation of Bohemia and Moravia.

Speaking to the house of lords, the foreign secretary added that the British government could not "hold themselves any longer bound" by a promise at Munich to guarantee Czech-Slovakia's frontier in view of Prague's recognition of Slovakia's independence.

He said Germany had been informed of the postponement of Hudson's visit, which had been designated as the first stage of a new "peace through trade" drive and was to include Moscow and virtually the whole of northern Europe.

## U.S. HAS PROBLEM IN CZECH DEBT

WASHINGTON, Mar. 15 (AP)—The final breakup of Czech-Slovakia posed two direct questions today for the United States government:

1. What will be salvaged of the trade promised in the reciprocal agreement concluded last year between the United States and Czech-Slovakia?  
2. To whom can the United States look for the \$168,000,370 owed it by the post-war republic?

The trade treaty with the Czechs provided for entry of American products, such as automobiles, in return for United States import of shoes under a quota basis.

Some officials pointed out that creation of a German "protectorate" over part of the country undoubtedly would oblige the treasury to place it on the commercial blacklist with the reich. Germany was deprived of the tariff reductions granted countries having trade agreements with the United States when it denounced a most-favored-nation clause in a commercial treaty between the two countries.

There was speculation whether the Czech-Slovakian debt would assume the same status as Austria's. That country's obligations to the American government and citizens totaled about \$662,000,000. The United States has had no success in getting Adolf Hitler's government to assume them.

## Russia Ready To Meet Aggression

MOSCOW, Mar. 15 (AP)—War Commissar Klementi E. Voroshiloff told the 18th communist party congress in a speech published today that a vastly augmented Red army and Red air force was ready swiftly to punish any aggression against Soviet Russian territory.

Apparently no word, however, over the dismemberment of the one time Soviet ally, Czech-Slovakia—which was called a "continuation of Munich" and a matter in which the Soviet Union was not directly interested.

The changed military situation in eastern Europe because of Chancellor Hitler's new advance was discounted here and it was recalled Joseph Stalin last Friday said efforts being made by Soviet enemies to lure Hitler into a war against Russia were "without visible basis."

Voroshiloff disclosed that fast bombing planes capable of climbing nearly 50,000 feet were ready to swoop down on even a distant enemy and could carry three times the weight of bombs possible five years ago. Soviet planes, he said, could drop an aggregate of 6,100 tons of explosives in a single flight.

## Glasscock Co. Rancher Dies

Loser in a battle against pneumonia's swift attack, one of Glasscock county's leading ranchmen, Charnel Thomas Hightower, succumbed early Wednesday, he passed away at 1:30 a. m. in a local hospital where he had been brought two days ago, a day after he was stricken.

Mr. Hightower, 76 years old last November 13, had resided in Garden City for more than 20 years, and was the head of a prominently known and highly esteemed family.

His fatal illness was believed aggravated by recent constant attendance at the bedside of his wife, who underwent an operation here 15 days ago, and returned to her home only last Saturday. The funeral service has been scheduled for 3:30 Thursday afternoon in Garden City, but whether the rites will be held at the home or the Presbyterian church there will depend upon Mrs. Hightower's condition.

Rev. Andrus and Rev. Hunter will direct the services, and burial will be with Masonic honors. Pallbearers will be fellow members of the Masonic order. Arrangements are under direction of the Eberley Funeral home.

Besides his wife, Mr. Hightower is survived by three sons, R. D. and C. E. Hightower of Lamesa and R. T. Hightower of Lamesa; and four daughters, Mrs. Rose Calverley, Mrs. Lela Phillips and Mrs. Ethel Calverley of Garden City and Mrs. Jenny Young of Corsicana. Ten grandchildren also survive.

## TWO ARE INJURED BY FLYING GLASS

HOUSTON, Mar. 15 (AP)—Two truck drivers, Omay Gaston, 28, and John Palmer, 29, were injured today by flying glass in a disturbance at the 7-Up plant, where a strike of truck drivers is in progress.

An official of the plant said 15 automobile loads of men had been harassing the truck drivers and that all company trucks would be recalled from their city routes.

## Bohemia Made His Latest Addition

Troops Into Other Areas As Map Is Changed Again

BUDAPEST, Mar. 15 (AP)—Hungary tonight refused to halt her invasion of Carpatho-Ukraine despite a conciliatory reply from Premier Augustin Voina to a Hungarian ultimatum demanding surrender to Hungary's military forces.

BERLIN, Mar. 15 (AP)—Behind his gray-clad legions Adolf Hitler entered his new protectorate of Bohemia in broken Czechoslovakia today, triumphantly bringing to a climax a day in which he changed Europe's map for the third time in little more than a year.

Hopeless Joers  
He first set foot in the new reich's newest acquisition at 4:45 p. m. (9:45 a. m. CST) by crossing the erased border from the little Sudeten-German town of Boehmisch-Leipa.

A few hours earlier in Prague, 40 miles distant, the Czechs jeered hopefully at his machinelike army as it took complete possession of the ancient city.

Late today it was discovered also that German military forces had entered Slovakia, independent but Nazi-dominated since yesterday, as well as Bohemia and Moravia, the Czech districts in the west.

Hitler was expected to delay his actual entry into Prague until Friday, to allow his special black-uniformed guards to complete preparations for his security.

The conquerors began quickly and thoroughly to consolidate their positions.

The respected Sudeten Nazi leader, Konrad Henleins, who played a big part in Sudetenland's annexation to Germany last October, was named chief of the civil administration of Bohemia.

The Czechs cried bitter "Poles at the sight of the German tanks rumbling through the streets of Prague, but the swastika flies over Bohemia and Moravia, which have become in effect merely parts of the greater German reich and probably will be less independent than most protectorates. They were short of arms and power over their foreign affairs, and lacked even a common name.

Just east of newly "protected" Bohemia and Moravia stood Slovakia, Europe's newest state—one day old and squarely under the reich's firm guarantees. Any German who wants to fly the swastika in Slovakia may do so. Further on in the path of Hitler

## KILLS SELF WITH HOME MADE DEVICE

STAMFORD, Mar. 15 (AP)—Jack Browning, 30, was killed here early today at the home of his parents by a home made death machine.

His mother, Mrs. W. T. Browning, heard a shot at 5 o'clock this morning, rushed to her son's room and found him mortally wounded. He died at 7:30 without regaining consciousness.

Justice of Peace C. L. Meeker returned a verdict of death, self-inflicted.

When found, Browning's head was in the box part of the death machine. A bullet from a .38 caliber pistol had ripped through his skull. Dr. Ike Hudson said Browning apparently was asleep when the shot was fired.

The death machine consisted of a box, through which the patient barrel protruded, several wires, scrap iron and was connected with an alarm clock. He had been tinkering with the device several days, his parents said.

## YEAH, A GAG; NEVERTHELESS M'CARTHY WAS SNATCH VICTIM

NEW YORK, Mar. 15 (AP)—The mystery of Charlie McCarthy's "kidnaping" was solved today, and as the police suspected it turned out to be a gag.

The New York World-Telegram said its amusement editor, Frank Farrell, with the help of a friend, got away with Charlie in the absence of Edgar Bergen, the dummy's owner. He returned Charlie today, after amusing himself by taking the dummy for a Latican ride and to several night clubs.

To get Charlie, Farrell and his friend sent Frank Brown, a midday bellhop from the Belmont Plaza Hotel to the Waldorf-Astoria where Bergen was staying.

Brown was found tussled up with towels at 57th street and Eleventh avenue last night. He told police two men registered at the hotel had told him to go to the 17th floor of the nearby Waldorf-Astoria and pick up a large brown case.

Ethel Mulhern, a desk clerk at the Waldorf, where the ventriloquist was staying, said a man who telephoned and said he was "Mr. Bergen," told her to go into his suite, get the case containing McCarthy, and give it to the bellhop.

## GROCERY LOOTED AFTER WATCHDOG IS POISONED

Thieves, cool enough to poison a watchdog and bold enough to enter through sleeping quarters, made away with cash and merchandise estimated at \$35 at the O'Brien Grocery on E. 11th street Tuesday night.

George O'Brien, operator of the store, said that the burglars apparently had killed the family dog by poisoning before attempting to enter. Then the intruders boldly came through a room where the boys were sleeping, flimmed and rifled the cash register and took a small quantity of merchandise. They left by the way of the front door, O'Brien said.

Does A Man Have The Advantage? Sometimes A Girl Thinks He Might

By MARY WHALEY

Mostly I'm a pretty happy soul but sometimes I'd like to change off and be a man. I'll admit there are a lot of advantages in having been born a female but it would be kind of fun not to have to bother about that shiny nose, the most becoming makeup, and a closet full of new spring numbers.

Men, those joyous creatures, don't worry about their figures. They gobble huge amounts of food without a thought of how it will affect their avoirdupois. But me, I have to think in terms of calories, along with most of the rest of the fairer sex.

What's more, any man can look well-dressed if he's got one suit. Over ever heard a man say, "Now what should I wear?" or "I can't wear that, I wore it the last time."

Oh me, I believe with all those advantages I could even cheerfully pay the bills, shave once a day, and wear starched collars. For after all, men don't have to primp for hours to look nice, they can even look distinguished with circles under their eyes, grey hair, and freshly scrubbed faces. But no woman could be the belle of the ball with those attributes. It just doesn't seem right on reflection.

## The Sports Parade

By HANK HART

Spring must be here. Ben Daniel, who spent the winter bowling, has wheeled out the softball artillery, issued the annual invite to the sector's youngsters to join him in spring drills at Baron park, now has more business than he can take care of. There must be more than a hundred kids working under the veteran mentor in the San Antonio and West Fifth street plant each afternoon, quite a number for one man, even Daniel, to look after. The youngsters are starting in on softball this year simply because baseball equipment is a bit expensive for one man to shoulder but Daniel informed recently he would gladly make the change if some interested party would help share the expense.

It is unlikely that Ben will take a softball team to the national softball tournament again this season as he has for the past two years. The meeting will be staged in Boston, Mass., in August in conjunction with the Veterans of Foreign Wars convention, which is a long way to travel, especially when one's budget is limited. Last year the meeting was held in Columbus, Ohio, and in 1937 in Buffalo, N. Y. Daniel managed to have representatives in both tournaments.

There is a possibility that the seasons will be changed to Chicago this time. If so Daniel will again lay plans for the trip.

Daniel would like to see more interest taken in the youngsters' game this season, would like the formation of a city junior league. Baron park will be available at any time for the operation of a circuit if sponsors and coaches could be found for the teams.

In years past Daniel has gained the reputation of developing the best softball teams in this sector, teams that have won the city championship two years running. Only last season the Devils, as his charges are known, defeated the Pampa champions, 24-1, and 17-0, in a pair of games to earn the trip to the national meeting. In Columbus the locals won three games by top-heavy scores before losing in the finals to a Florida aggregation.

Containing many new features in keeping with the observance of baseball's 100th anniversary, the Centennial edition of the *Dope Book*, published by the *Sporting News*, has hit the streets. Issued in handy vest pocket size, this compact manual of the game is filled with facts and figures of interest to followers of the diamond sport. Schedules of the larger leagues are included. It is available to everybody.

Weldon Bigony, the Baylor university freshman who has been visiting here the past week, returned to the Waco school where he is reporting for fresh track. The former Big Spring high school grid captain is competing in his third year in the university, having played both football and basketball. He may give baseball a try later on in the spring.

## Quintets Of 9 States Left In Running

Roanoke Teams Pull Major Surprise In Beating Martin 5

By LOUDEN KELLY  
DENVER, Mar. 15 (AP)—Shuffled into the discard of defeat were the teams that came out just for the trip as 16 colorful basketball brigades wheeled their artillery out today for the third round of firing in the National A.A.U. championships. Nine states — Virginia to California, Texas to Wash-

ington — have teams left in the running.

Four games this afternoon and four tonight will splash the field to eight for tomorrow night's quarterfinals. When three days of basketball bombardment ended after midnight today, 38 teams had been blasted out of the running.

DENVER, Mar. 15 (AP)—Today's third round pairings in the National A.A.U. basketball tournament (time is central standard):  
3 p. m.—Wichita, Kas., Cut Bates vs. Seattle, Wash., Alpines.  
3—Hollywood Metro vs. Greeley (Colo.) State.  
4—Kansas City Union Wire vs. Colorado Springs Antlers.  
5:30—National Business College, Roanoke, Va., vs. San Francisco Olympic Club.  
6—Denver Nuggets vs. LaSalle, Colo., Oilers.  
8—Oakland, Calif., Golden States vs. Oklahoma City Parks.  
10—Bartlesville, Okla., Phillips vs. Sam Houston (Tex.) Teachers.  
11:30—Colorado College vs. Chicago Harmona.

into defeat and the sectional standings stood: Rocky Mountain five teams, Pacific Coast four, Midwest three, Southwest three, and East one.

All eight of the seeded teams managed to reach the third round, including the big three on the favorites list—the Denver Nuggets, Bartlesville, Okla., Phillips and Oklahoma City Parks.

The Nuggets, pride and joy of the homefolk as the Missouri Valley A.A.U. league champion this year, will be led by the league's best scorer, center Bob Grunig, against the LaSalle, Colo., Oilers tonight.

The Parks must tackle the formidable Oakland, Calif., Golden States and the Phillips will meet the clever Sam Houston Teachers from Texas.

Three seeded teams brushed defeat in yesterday's 13-game second round program—the Seattle Alpines, the Chicago Harmona and the San Francisco Olympic club all picking opponents who put up terrific arguments.

The other two in the seeded bracket are the Kansas City Union Wire and the Hollywood Metro, neither of which has been hard-pressed yet.

Virginia's talented representative, the National Business college of Roanoke, was given credit for writing the biggest surprise into the 1939 tournament records thus far by whipping the Kansas City Martin Oilers, 44 to 34.

The Oilers, with Frank Groves and Hermann Fischer from last year's national champion Kansas City, Kas., Healeys in their ranks, were bigger than the Virginians but they didn't shoot or hustle as well.

**IN SHAPE TO WORK**  
KANSAS CITY, Mar. 15 (AP)—Ernest Quigley, umpire in the National League 28 years, tossed aside his crutches today and said he would be in condition to open the baseball season. Quigley suffered an ankle injury while refereeing a football game.

**ATHLETICS SUDDENLY GET HITTING KNACK**  
LAKE CHARLES, La.—A sudden resurgence of batting power has struck the Philadelphia Athletics, who couldn't bat at all in recent exhibitions. It came to light in yesterday's camp game with Bob Johnson, Dick Siebert, Wally Moses and Lou Finney leading the way.

**TEXAS LEAGUE TO SEE ACTION AGAINST PHILLIES**  
NEW BRAUNFELS—Manager Fred Haney of the St. Louis Browns will have a chance this week to find out what second baseman Johnny Berardino and shortstop Big Gryzka can do. Since Red Kress and Don Heffner still are holdouts, these Texas league recruits will see action against the Phillies today and Friday.

## GROVER SEITZ MAY HEAD PAMPA BASEBALL CLUB

### PHYSICAL 'MISFITS' STAND OUT IN INTERCOLLEGIATE BASKETBALL TOURNAMENT

KANSAS CITY, Mar. 15 (AP)—Dr. James A. Naimist tucked up a pair of peach baskets in Massachusetts some 40 years ago and invented basketball, a sport "for the physical misfits."

The 1939 edition of the national intercollegiate basketball tournament here is proving the doctor was right. On the Murray (Ky.) State Teachers five is James Hurley, a guard so color blind the varied hues of opponents' uniforms mean nothing to him. He doesn't dare pass until he sees the receiver's face for fear of handing the ball to a foe.

Hurley's captain is Gene Bland, twice all-Southern intercollegiate A. A. guard despite loss of three fingers on his right hand. The handicap makes it extremely difficult for him to shoot but he's a leech-like defensive player and the "feeder" to his bombarding mates. In Murray's first round game against Jordan college of Menominee, Mich., Bland aimed at the hoop only three times, and connected each time. His final goal midway in the second half put the Thoroughbreds ahead for the first time and they went on to win.

Then there is Howard McCarthy, a center on the Wayne university aggregation from Detroit. McCarthy claims to be the only eager to play without a guard for his specialties.

Bob Versteiner was born with a deformed left arm. Nevertheless he is one of the smoothest passers on the Loras college team of Dubuque, Ia. And just to prove basketball isn't all brawn, take the Westminster college team of Fulton, Mo. The grade average of the six regulars is 91 per cent with Sid Payne,

## 19-Year-Old Is GG Star

Buddy Moore Scores Early Key To Win Eastern Title

NEW YORK, Mar. 15 (AP)—The butcher, the baker and the candlestick maker weren't represented on the Daily News Golden Gloves list of eight champions today, but seven other trades, all the way from aviator to barber, were.

The punching youngsters, looking toward Chicago for more action, were sole survivors of a starting field of 10,000 battlers from Maine to Florida. The eight who won the title before a crowd of 15,735 in Madison Square Garden last night in the "tournament of champions" banded together as an eastern team to meet the western squad in the Windy City March 29.

The "tradesman" most talked about on the list of titlists today, however, was just a high school sophomore, 19-year-old Buddy Moore, one of New York's three champions. Bearing a striking resemblance to Joe Louis, Moore stepped out in the heavyweight finals last night and demonstrated he can punch a little like the Brown Bomber, too. It took him just over two minutes to win his championship with a knockout over Joe Glombeck, Elon college footballer from Portsmouth, Va.

**Kirksey Named Again**  
NEW YORK, Mar. 15 (AP)—Appointment of 27 of the state commissioners who will supervise organization and conduct semi-pro baseball leagues and tournaments during the 1939 season was announced today by the National Semi-Pro Baseball congress.

State commissioners appointed included: Texas, W. A. Kirksey, Waco.

**ROOKIE SOLVING END BASE PROBLEMS OF TRIBE**  
NEW ORLEANS—The Cleveland Indians' second base problem has been solved, at least for one day. Given his first chance at the keystone, rookie Jim Shilling accepted 10 chances faultlessly against New Orleans, started one double play and pivoted on two others.

**PASSEAU, BUTCHER AND MULCAHY TO WORK TODAY**  
NEW BRAUNFELS—Manager Doc Frothing of the Phillies was optimistic again as he picked Passeau, Butcher and Mulcahy to pitch against the St. Louis Browns today. "There's a different sort of spirit among the boys now," he said. "If we get any kind of pitching we'll win."

## Ex-Big Spring Player Seeks Arrangement

Local Fund Workers In Another Check-Up Meet Tonight

Word of possibility that Grover Seitz would seek a WT-NM baseball league franchise for Pampa, thereby assuring eight clubs for the circuit, is one of major interest to local fans who remember the colorful outfielder for his play while with the Big Spring club in the old West Texas league before the turn of the decade.

Seitz, now a resident of Pampa, is said to be heading a committee to take the professional game into that city. Definite decision on his offer was to be forthcoming sometime today.

Should the Pampans ask admittance the league would definitely be assured of eight clubs since Lamesa had asked entry in the league meeting two weeks ago.

Workers in the campaign for funds here were due to gather with Club President R. L. Cook in the district court room of the county court house this evening, 7:30 o'clock, for another checkup. In a meeting last Wednesday it was found that that campaign was some \$500 short of its objective of \$2,500 and the workers pitched in with renewed effort toward completing the drive.

Tony Rego, the newly appointed manager, is due in town the latter part of the week to initiate plans for the coming season. Rego has been winding up several business deals at his home in Tulsa the past two weeks.

A contract has not yet been signed with the new leader but that formality is expected to be taken care of as soon as Rego appears.

Work on the West Fifth and San Antonio streets plant is being delayed until his arrival.

## Riggs And Sabin Bermuda Winners

HAMILTON, Bermuda, Mar. 15 (AP)—After three days of competition, the annual Bermuda championships look just about like any fairly good tournament in the United States.

A couple of prominent players from the United States were eliminated in yesterday's third round when the veteran Gil Hall of Orange, N. J., lost to G. Goddell, and Millicent Hirsch, young New York star, was beaten by Maria Barnett, but that didn't help the Bermuda representatives any, for William Freisenbruch, the island's No. 1 player, lost to the defending champion, Wayne Sabin of Portland, Ore.

Survivors in the round of eight today were Bobby Riggs, top-seeded star from Chicago, Sabin, Godsell, John Shostrom of Chicago, Frank Guernsey, intercollegiate champion from Rice Institute, Cliff Butler of New York, Morey Lewis of Kenyon college, Ohio, and Texarkana, Ark., and Elwood Cooke of Portland, Ore.

## Local Netters Play Midland Team Today

Feature Match Ho Pit House Against Wayne Lanham

The Big Spring high school tennis team seeks its first victory of the 1939 campaign in Midland this afternoon when it goes into action against the Midland high school Bulldogs, a team that scored a clean sweep over the locals in a previous meeting played on the local courts.

Making the trip along with Marvin House, singles' player, Jack Rice, the Bowden brothers, Hollis and Donald, and Coach Wayne Matthews will be the girls doubles team, Roe Taylor and Martha Ehlman, who did not play against the Bulldogs on the last occasion.

Feature match will pit House against Wayne Lanham, Lanham in their last meeting won out after being extended to three sets.

**FARR REINSTATED**  
LONDON, Mar. 15 (AP)—Tommy Farr paid a fine of \$3,750 and was reinstated today by the British boxing control board. The fine was for failing to meet Max Schmeling Oct. 14.

**Rogers Pistol Shoot Winner**  
TAMPA, Fla., Mar. 15 (AP)—Melton R. Rogers of the United States treasury department, won the national mid-winter pistol championship score for the first four matches of \$69.

The 22 calibre rapid fire match also was won by Rogers, with a score of 196. H. B. Carter of Laredo, Tex., tied with him but was out-ranked under the rules.

## Sooners Clear Way For Trip To Frisco

Defeat Oklahoma Ags In Title Bout, 30 To 21

OKLAHOMA CITY, Mar. 15 (AP)—Oklahoma's Sooner cagers convinced 4,500 fans who watched them dump the Oklahoma Aggies, 30 to 21, last night that they are the class of the midlands and turned today toward California and the second hurdle in their drive toward the National Collegiate A. A. basketball championship.

The Sooners, whose "kid" coach, Bruce Drake, is winding up his first year in the business, shelved their usual lightning-fast offense and resorted to a slow, set style to beat the Aggies at their own game and win the fifth district title.

The next step in the title drive is a four-way western playoff in San Francisco Monday and Tuesday with Texas university's Southwest conference champions, Utah State of the Rocky Mountain conference, and the winner of the Pacific Coast's playoff, between Oregon and California this week-end.

Champions of the four districts east of the Mississippi play in Philadelphia this weekend to decide who will represent the east in a collision with the San Francisco winner for the N.C.A.A. championship at Evanston, Ill., March 25.

## Start Scramble In Natl. Best Ball Meeting

ST. AUGUSTINE, Fla., Mar. 15 (AP)—Professional golfers started scrambling today for a shot at the \$3,000 prize money in the national pro-amateur best ball match play tournament.

Eighteen of the nation's top money winners and their simon-pure partners were exempt from the 36-hole qualifying test, but some 30 other teams faced a red-hot battle for the remaining 14 positions in the championship bracket. Match play will start Thursday.

Frank Moore of Mamaroneck, N. Y., and Bobby Dunkelberger of High Point, N. C., the French amateur champion, were ready to try for a repeat of their last year's triumph.

**BETTERS 1938 FIELD**  
INDIANAPOLIS, Mar. 15 (AP)—Entries for the seventh annual Butler university indoor relay here Saturday already outnumber those for last year's meet, although the list of competitors does not close until midnight tonight.

## TRAINING CAMP BRIEFS—LAWSON MAY BE TRADED TO WASHINGTON BY DETROIT

By the Associated Press  
ORLANDO, Fla.—The latest rumor to make the rounds in the Washington camp is that the Senators will trade pitcher Jimmy DeShong to Detroit for Roxie Lawson. Both fingers had disappointing seasons last year and Del Baker of the Tigers is said to favor the deal.

**NOT UNANIMOUS**  
LAKELAND, Fla.—Manager Del Baker has been receiving compliments from all observers on the way he's getting the Detroit Tigers into condition, but some of those from his players are a trifle left-handed. After one of the long, hard workouts, Boots Poffenberger remarked, "I'm glad they don't have any lights in this park." And Vern Kennedy added, "It gets kind of monotonous after the first 10 hours."

**DON FADGETT'S EFFORTS BEHIND PLATE COSTLY**  
ST. PETERSBURG, Fla.—Don Fadgett, the outfielder the St. Louis Cardinals are trying to convert into a catcher, probably will be on the sidelines about 10 days as a result

of one of his early efforts behind the plate. He dislocated a shoulder yesterday as the Cards were taking a 10-2 thumping from Cincinnati.

AT LEAST A START TOWARD PEACE Leaders of the American Federation of Labor may have some ground for challenging the practicality of the six-point plan proposed by the Congress of Industrial Organizations.

On the surface the C.I.O. plan appears a very reasonable one. It would provide for unification not only of the two major groups, but would call in also the independent railroad brotherhoods as a make-weight to keep the peace.

There are, however, many lesser lights to be taken care of in the adjustment of union officialdoms on down through the structure of constituent unions, craft and industrial, national and local.

The American Federation may also question with much validity the point in the C.I.O. plan which would give the Lewis group equal representation in the new organization with the much older and more solidly established A. F. of L.

Although each claims a membership of 4,000,000, the probabilities are that a much larger proportion of this number is actually paid up and in good standing in the A. F. of L. than in its rival.

The public is likely to feel that the C.I.O. has given an earnest promise that the responsibility is on the federation to prove its willingness in the subsequent negotiations to bring forth an even more workable basis for consolidation.

Egyptian Beauty's Wedding Tomorrow Will Link Two Moslem Powers—Egypt, Persia

By The AP Feature Service CAIRO, Egypt—The world has good reason to be interested in the marriage, March 18, of the Persian crown prince and the King of Egypt's sister.

In the first place, the bridegroom, Mohamed Riza Pahlavi, 19, is the son of one of the world's richest men, while the bride, Princess Fawzia, 17, is a beauty from the land of Cleopatra.

The Shah has reared his heir as a soldier; Iran's ruler, once a Persian Cossack, went to the top as a soldier; deposed the sultan in 1925 and mounted the fabled "Peacock throne" of Persia.

Both Riza and Fawzia have been reared along western lines. The tall, slender Fawzia never has worn the veil; she speaks Arabic, French and English, and is a skilled pianist.

On The Record Old Home Week Murder

By Dorothy Thompson The Herald's Serial Story By Phoebe Atwood Taylor

At breakfast Asay propped the official program against his coffee cup and read doggedly through the events of the day.

Tuesday was Old Settlers' Day, and began with a town flag-raising at nine-thirty. School children, the chorus, and the soprano soloist rendered "America."

"Aha," Asay said. "Render is right, but rend'd is better—" he told Bertha, the Leachor's cook.

After "America" and "Billingsgate Beautiful," the remainder of the morning was devoted to a reunion of Old Settlers at the various churches, an address of welcome at the Town Hall, and at twelve-thirty there was to be a luncheon for the lambs, given by the selection in the Women's Club Parlor.

The afternoon was more or less mutilated by baseball, Billingsgate All-Stars versus Philbrick's Fireworks Nine. That night, Uppha's Merry-makers would hold a grand open air concert at the canopied dance floor next to the ball park.

Free. The midway carnival offered fun for all, and the movie were shown on deck with two brand new features for the price of one, free souvenirs, a sterling-silver-plated coffee urn for the prize ticket, and a Mickey Mouse to boot.

Asay sighed. "Just readin' it," he told Bertha as she brought in more coffee, "makes me feel tired 'n' old before my time. If they keep up that pace all week till Sunday, they'll be limp silvers of s'nd an' bones."

"Tomorrow's Governor's Day," Bertha said. "Three governors. It'll be like today, except all the things to do with them, and speeches and a banquet. Thursday's Billingsgate Day. Tag day for the new hospital they want, and they're going to lay the cornerstone of a new library addition.

Everything's to do with the town sort of Friday's Historical Day." "What's that?" "I don't know, much," Bertha said honestly. "Speeches. I guess and drives to points of interest, like where the British nearly landed in 1812, and where the Pilgrims didn't land, and where they think those Icelanders passed by. You know?"

Asay nodded. "History marches past, or Chance-to-get-a-good-rest Day. Go on." "Saturday's Cape Cod Day. That's going to be swell. Water sports and sports. All the town's got teams entered. Yacht races, golf matches at the club, and all dances and a Great Mammoth Ball, all free. And that's the day they give the prizes for the exhibitions at the Town Hall. I've got some beachbum jelly entered."

"If it's anything like your marmalade," Asay said, "it gets my vote right now. Couldn't enter popovers, could you? No, I suppose they are kind of perishable. Say, I tell you what. I'm going to give my money for 'em right now." He pulled out his wallet and impressively counted out ten crisp one-dollar bills.

Exploitation "For me?" Bertha's eyes opened wide. "For the popovers. 'Course, you got to figure it's only six dollars, what with money leasin' around. Bertha, tell me about Sunday, an' then I won't have to look at that yellow-blue program any more. What's Sunday?"

"Church Day. Did I tell you about the broadcasts, and the fireworks, and the clam-bakes? And parades, and maskers, and the band? And the summer camps, they're putting on a show, and Mike Slade has some sort of show, too."

"Say," Asay interrupted, "that reminds me. Did Slade come here this morning for me?" "No," Bertha hesitated. "What do you make of him?" "Seems all right. Friend of yours?"

"I went out with him a couple of times when he first came to town. It wasn't much fun, he talks all the time. He said it was wrong for me to work here. Can you beat it? Like I told him, anyone who works here is lucky. Good room, and food, and wages, and you always know what's going on. Where else'd I work, I ask him. Who's going to support my mother if I don't work here?"

"Perhaps it is fantastic, but there are people in Germany who formerly were politically aligned from the extreme right to the extreme left who today dream of this republic." "They hope that the birth of the Federal German Republic will mean the beginning of an eventual federation of all the nations of Europe."

"They are reviewing the history of the last 20 years. The great military dynasty of the Hohenzollerns collapsed in blood and revolution." "That was followed by a brief period of communism in Bavaria, with Spartacist risings all over Germany."

"These were quelled by the first German Republic, the Republic of Weimar." "The Weimar Republic was a mixture of all the half-baked liberal ideas of the 19th century with 20-odd political parties, socialistic measures supported by the draining off of private enterprise, liberty running into license, proportional representation to diffuse responsibility and weak central government patched together out of party coalitions."

"They don't want this back. And this was followed by the brown despotism of Hitler, which has tyrannized a free people, attempted to destroy its culture and

# Prison Probe Is A Heated Affair

AUSTIN, Mar. 15 (AP)—The  
amoudering dispute over the Texas  
prison system was still screened  
by smoke today—denied a public  
conflagration by a house commit-  
tee's insistence it hadn't the au-  
thority to hear accusations and  
personalities.

The house penitentiaries commit-  
tee wound up a brief but heated  
hearing last night by adjourning  
without hearing two prison board  
members, Dr. C. W. Butler and  
Joseph Wearden, both invited to  
appear.

Rep. E. R. Wright of Huntsville  
moved that speakers be restrained  
from making accusations concern-  
ing the prison board and system,  
or its employees, and indulging in  
personalities, insisting the proper  
place for such statements was be-  
fore the joint investigating com-  
mittee appointed by the speaker  
of the house and the lieutenant-  
governor. The motion carried.

"You gentlemen of the commit-  
tee have muzzled me and Dr.  
Butler," shouted Chairman Jo Ed  
Winfree of Houston. "But the tax-  
payers will hear of this."

Wright countered with:  
"You gentlemen will have your  
day in court before a jury that can  
render a verdict. I have no desire  
to muzzle anyone, but I don't be-  
lieve the issues which might de-  
velop could be handled by this  
committee."

"Members of the committee have  
expressed in no uncertain terms by  
the vote that you are tired of Jo  
Ed Winfree and Dr. Butler playing  
with the newspapers. You have al-  
so said in no uncertain terms that  
this matter should go before the  
proper body. I want to do the  
right thing by the prison system.  
I want this thing argued before a  
jury that can render a verdict."

# DAVIDSON BOOSTS LEAD IN PONY EXPRESS RACE

PHOENIX, Ariz., Mar. 15 (AP)—  
Holding a lead of almost 75 miles  
over the field, Shannon Davidson,  
22, Matador, Tex., cowboy, mount-  
ed his horse north of here early  
today to continue the pony express  
race from Nocona, Tex., to Oakland,  
Calif., and the Golden Gate Inter-  
national exposition.

Davidson spent the night on the  
desert north of Phoenix, where he  
changed mounts and was greeted  
late yesterday by Governor Bob  
Jones. His next goal is Wicken-  
burg, Ariz., 53 miles northwest of  
here, where he expects to arrive  
sore time today.

A full day's ride behind the pace  
setter are Slim Mathis, Dalhart,  
Tex.; King Kerly, Quanah, Tex.;  
Chris Usselson, Nocona, and  
George Cates, Crowell, Tex.

Following a different route from  
Lordsburg, N. M., to Phoenix is V.  
M. Henderson of San Antonio, who  
arrived last night at Safford, Ariz.,  
151 miles southeast of here.

Almost hopelessly outclassed in  
the competition are Lige Reed,  
Electra, Tex.; Shorty Hudson, Knox  
City, Tex.; Bob Moyer, Crowell, and  
Art Helm, Dumas, Tex. All are  
far behind.

# Cronin Counts On Hurlers To Carry Bossox

Traded Higgins And  
Chapman; May Be  
Looking Ahead

By GAYLE TALBOT

SARASOTA, Fla., Mar. 15 (AP)—  
As a charter member of the group  
that thought Manager Joe Cronin  
of the Boston Red Sox took an  
outrageous gamble in turning loose  
Frank Higgins and Ben Chapman  
during the winter, I'm now about  
to relent to the extent of advising  
my fellow members to wait and  
see.

Maybe Cronin, who is preparing  
to start his fifth season as short-  
stop-manager of the gilded Hose,  
knew exactly what he was doing.  
But still, he's got to show me where  
he can send Higgins, a fine-field-  
ing, 308-hitting third baseman to  
Detroit, and Chapman, a 244-stub-  
bling outfielder to Cleveland, and  
still have as good an entry in the  
American league race.

There is, of course, the probabili-  
ty that he was looking to the fu-  
ture, rather than to the 1939 flag  
race. Perhaps he feels that the  
Yankees are a cinch for another  
season or two, anyway, so why not  
start cutting across to, say, 1941  
on the chance of nailing them  
there?

The Sox gave their wealthy  
young owner, Tom Yawkey, a  
pleasant surprise by finishing sec-  
ond last year. They won 88 games,  
only one less than Chicago needed  
to capture the National league pen-  
nant. But the Sox were a hopeless  
nine and one-half games behind the  
Yanks.

They had thunderous power at  
the plate: Jimmy Fox 349; Cronin  
325; Chapman 340; Joe Vosmik  
324; Roger Cramer 301, and Hig-  
gins 303. But they didn't have  
enough good starting pitchers, so  
Cronin decided to give up some of  
their power to get the pitching he  
needed, and to gamble, that he had  
replacements for Higgins and  
Chapman.

The pitchers he got were the vet-  
erans Elden Auker and Jake Wade  
from Detroit, and Denny Galehouse  
from Cleveland. The boys he hopes  
will make him forget the two stars

# Prompt Action Is Sought On Changes In Tax Structure

WASHINGTON, Mar. 15 (AP)—In  
the wake of President Roosevelt's  
statement the administration was  
considering an overhaul of cor-  
poration taxes, powerful senate  
sentiment developed today for  
prompt action as an aid to busi-  
ness.

# SEEK TO RESTORE FAIR LABOR CLAUSE IN ARMS CONTRACTS

WASHINGTON, Mar. 15 (AP)—  
Advocates of the Barkley proposal  
barring armament contracts to  
firms accused of unfair labor prac-  
tices made an last-minute attempt  
today to restore it to the \$268,000,  
000 army extension bill.

The amendment was eliminated  
when a senate-house committee  
reached an agreement yesterday on  
all differences in the separate de-  
fense measures passed by the two  
branches of congress.

One senator, who asked his name  
not be used, said pressure had been  
brought to bear on the committee  
to rescind his action at a meeting  
this afternoon.

There were reports that if the  
attempt failed, President Roosevelt  
might be asked to issue an execu-  
tive order carrying out major aims  
of the amendment.

# SPECIAL DELEGATIONS AT FT. WORTH SHOW

FORT WORTH, Mar. 15 (AP)—  
Five delegations are here for their  
special day at the Southwestern  
Exposition and Stock show.

Waco, Wichita Falls, Dalhart,  
Graham and Bosque county were  
represented.

At the exposition's horse show  
last night, Mrs. J. R. Sharp of  
Tulsa, Okla., won the ladies' fine  
harness class. She drove Master  
of Ceremonies, owned by P. W.  
Woodruff, McDade, La.

The Texas Polled Hereford  
Breeders association, in convention  
here in connection with the stock  
show, re-elected their president,  
Lewis Johnson of Jackboro, last  
night. Other officers of the associ-  
ation also were re-elected.

# MARTIN FARMERS GET AAA CHECKS

STANTON, Mar. 15 (SpI)—A por-  
tion of the AAA checks for Martin  
county farmers was received this  
week according to the county

# Borigan, Lash After Records

Dartmouth Track Is  
Fitting Site For  
Performances

HANOVER, N. H., Mar. 15 (AP)—  
Humanity's battle against time and  
distance, given new impetus when  
Glenn Cunningham raced his  
startling 4:04.4 indoor mile here  
last year, will be resumed with  
added force tonight when John  
Borigan and Don Lash attempt the  
fastest half-mile and two-miles in  
history on Dartmouth's now famous  
hard track.

Judging from their trial spins on  
those lightning fast boards, both  
Borigan and Lash appear assured  
of performing at least indoor  
record-breaking feats in their  
specialties.

Before and after those stars, who  
will be spurred on by carefully  
handicapped opponents, race  
against the stop watches, the mile  
and two-mile relay teams of New  
York university and Fordham, the  
fleetest quartets of the current in-  
door season, will attempt to re-  
duce the indoor marks for those  
group events.

Borigan has two recent record-  
smashing performances behind  
him, although one has been dis-  
puted, and his goal tonight is to  
cover about three and two-sixths  
laps under 1:51.4 the indoor half-  
mile mark set by Lloyd Hahn 11  
years ago. Lash hopes to wipe out  
the 8:58 indoor two-mile record he  
made in Boston two years ago.

# Louis To Get Down To Serious Drills

VICTORVILLE, Calif., Mar. 15  
(AP)—Joe Louis, training here for  
defense of his heavyweight boxing  
title against Jack Roper in Los  
Angeles next month, decided today  
it was time to get down to the  
business of road work and light  
exercises.

Joe has spent the week since his  
arrival riding horseback and play-  
ing the piano. That much exer-  
cise brought his weight down two  
pounds to 208 and he expects to  
trim it even more with the road  
work. He will do no boxing until  
he moves into Los Angeles about  
April 1.

# HIGH MURDER RATE IN NATION CITED

AUSTIN, Mar. 15 (AP)—Seventy-  
five peace officers from over the  
state, attending a 10-day course in  
crime detection methods at state  
police headquarters, today pondered  
statistics showing one murder was  
committed in the United States  
every 40 minutes.

Gus T. Jones, agent-in-charge of  
the San Antonio district of the  
Federal Bureau of Investigation  
and a federal officer 32 years, said  
yesterday while instructing a class  
that, besides the murders, bur-  
glaries were being committed at  
a rate of one every two minutes  
and automobiles were being stolen  
on the average of one every two  
and a half minutes.

agent's office, to the amount of \$50,  
041.11. This amount is the first  
to be received in the county, and  
represents two hundred and six of  
the eight hundred and twenty-five  
contracts in the county. The  
amount was in 259 checks. Martin  
is due to receive \$235,000.

# STAGEHAND TO RACE NO MORE THIS YEAR

MIAMI, Fla., Mar. 15 (AP)—Stage-  
hand will race no more this year.

The gallant 2-year-old has a  
bowed tendon in his foreleg and  
will be turned out to pasture at  
the Greenville, S. C., farm of Col.  
Maxwell Howard, his owner.

An accidental kick at the start  
of the \$50,000 added Widener  
handicap on Hialeah Park's closing  
day was given as the cause.

Stagehand, the favorite, came in  
third in the race.

Last year he won the Santa  
 Anita handicap and the derby.

# WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in  
the Morning Early to Go

The liver should pour out two pounds of  
liquid bile into your bowels daily. If this bile  
is not flowing freely, your food doesn't digest.  
It just decays in the bowels. Gas bloats up  
your stomach. You get constipated. Your  
whole system is poisoned and you feel sour,  
sunk and the world looks pink.

A more bowel movement doesn't get at  
the cause. It takes those good, old Carter's  
Little Liver Pills to get these two pounds  
of bile flowing freely and make you feel  
"up and up." Harshness, straining, yet smel-  
ing in making bile flow freely. Ask for  
Carter's Little Liver Pills by name. 25 cents.  
Stooborly refuse anything else.

# YOU are writing tomorrow's news

America's tomorrow depends on each  
of us — and millions like us. Will we  
walk with worry and be halted by head-  
lines... or will we walk with faith and  
by our confidence write better news for  
tomorrow? Why shouldn't we in America  
take life in our youthful stride? Aren't  
we endowed with a wealth of resources  
—human as well as material? Aren't our  
human resources—vision, courage and  
enterprise—the real raw materials of  
this nation's greatness?

America invites us all to grasp the  
opportunities that surround us. And  
America yields to those who will not  
stand still—to those whose today  
becomes the news of tomorrow.

**OIL-PLATING**

...the oil-change plus

Dump Winter-fouled oil. What-  
ever you do, drain and refill  
now with something. But drain  
and refill with Conoco Germ Pro-  
cessed oil and then your engine's  
OIL-PLATED. Then it's got more than  
swell fresh oil down in the crank-  
case—it's got another big plus all  
the way up... It's got fresh sur-  
facing... OIL-PLATING. That comes  
from the actual union of this pat-  
ented oil direct with inner engine  
surfaces. Conoco Germ Processing  
gives this oil so much "power of  
attraction" that it can't drain  
down and leave engine parts bare,

though your car stands by the hour  
or speeds by the hour.

Never all Spring and Summer,  
with Germ Processed oil, can your  
engine suffer rasping "dry starts"...  
not with every square inch always  
oiled in advance by drain-proof  
OIL-PLATING. Nor will four to five  
thousand revolutions per minute  
whirl away this implanted oil-  
plating. It stays on. It helps the  
oil-level to stay up. Your OIL-PLATED  
engine and Germ Processed oil will  
both be giving you plus mileage.
