## Texas To Have ... A Witness At **Rate Hearing**

Freight Equalization To Be Taken Up On Feb. 28

WASHINGTON, Feb. 8 UP)-Representative Garrett (D-Tex) CHARLES ASHCROFT said Texas would be permitted to RECOMMENDED FOR furnish a witness at a freight rate equalization hearing scheduled to begin February 28 before the house interstate and foreign commerce committee.

He made the announnent after a conference with Chairman Lea (D-Calif), who said probably only eight witnesses would be permitted to testify. Each side in the freight rate differential controversy would be allowed

Members of the Texas congres sional delegation generally have agreed Col. Ernest O. Thompson, railroad commissioner, might represent that state, Garrett added.

He sent a telegram to D. A. Bandeen of Abilene, manager of the West Texas chamber of commerce, informing him the state would be allowed to supply one witness, and suggesting Thompson be contacted to see if he ld testify.

Garrett and other Texans have been leaders in a West-South bloc of congressmen headed by Repre-sentative Ramspeck (D-Ga) fighting to remove freight rate differen-tials, which they claim are discrim-inatory against their sections of the country.

## **Fight Brews** Over Truck Load Limit

State Law Assailed **Before Crowd At Com**mittee Hearing

AUSTIN, Feb. 8 (AP)-A usty fight was under way today to repeal the 7,000-pound truck load limit, cause of a new crisis over the statute in the Lower Rio Grande Valley the past week.

Increase To 20,000

The law was condemned as "un just and discriminatory" before one of the largest audiences ever to appear at a senate committee hearing last night on bills which would abolish it and substitute a pressureon-the-roadbed ratio regulation or ncrease the limit to a straight 20,-000 pounds.

The committee decided to hear opponents of the bills, including railroad men and labor union repreentatives, next Tuesday night.

Senator Rogers Kelley of Edinburg, author of the proposals, was roundly applauded by the crowd several times during his explana-tion of them. He said the bill which by a "scientific formula" would permit overall weights of truck and load up to 45,000 pounds had been adopted by a majority of the states and was the preferable proposal.

"To many of these people you see here tonight," he said, "it's a matter of life and death to change the present harsh and prohibitory during his visit to Burgos, Spain, law. For more than seven years where he sounded out insurgent growers, producers, farmers, live-stock raisers, merchants and constrictions the 7,000-pound law imposes. They have tried to live under it but the situation has grown lemperate.

Senator Kelley asserted the neasure stifled marketing and forced producers and truck drivers to operate without a profit.

He said the formula bill would place administration in the hands of the highway commission, which is most interested in preserving our highways"; would enable state police to aid in keep-ing hazardous loads off the roads; prescribe brakes on all wheels of trucks and not change the present laws limiting size of the vehicles to 96 inches wide, 12 1-2

feet high and 45 feet long overall. County Judge Oliver Aldrich of Hidalgo county says he represented the people of the Rio Grande valley, urged immediate passage of preferable bill because some senators have asserted was the biggest citrus crop we've ever respondent that his presence on sponsored by President Roosevelt. had, not more than one-third has the Spanish side of the border was been harvested and two-thirds of merely coincidental. ure by Mr. Roosevelt that this the time has gone." He ascribed country is permitting sale of out the delay to the law which forbids noded anti-aircraft gun directors large hauls on one truck.

"While we're struggling under to Great Britain, but has declined this harsh restriction," he said, "California has a 68,000-pound limit and Florida a 41,000-pound limit. based on the formula principle." Negrin let it be known that he He pointed out the states were and the remainder of the govern-

> Former Governor R. S. Sterling, who signed the old bill into law, said it was "evident the limit should be raised. Farmers in the valley and everywhere need all the help they can get. Since pagsage of the law our highways have been greatly improved."

Savage, Watson And Martin Play Leading Roles As Colorado Falls

Operating smoothly and patiently John Daniel's Big Spring high school cage representatives vanguished the Colorado Wolves in an exhibition fray at the local gym Tuesday evening, winning, 38-24, avenging an early season defeat suffered in Colorado.

The Bovines led from the first minute when Van Ed Watson cripped in a two pointer and the outcome was settled by half time. The invaders could not score a field goal until the final minute of the second period.

LOS Angeles

Thursday

The deadly pin work of Stanley Bobby Martin. Martin went on an DELAYED DUE Wheeler, who boasted the top averunexpected scoring spree, dropping age of 197, paced the Motorists to in five field goals, tying with Watson for Steer runnerup scoring

Frankie Rutherford led the in-field tosses in the opening period

After the rest period Colorado made its only serious threat with Henderson scoring a field pitch and a free offering before Savage could again break away but the Steer guards clamped down after that outburst and it was all over. The locals boasted a 27-13 advan tage at third quarter time and, despite the fact that C. B. South and Bostick fouled out during the final eight minutes of play, succeeded in keeping far out in front.

The Longhorns' next assignment is Abliene's Eagles who will be met on the local courts Friday evening. Box score:

## WPA Case Is **Nearing Jury**

Attorneys' Arguments Slated Today In Albuquerque

ALBUQUERQUE, N. M., Feb. 8 2 UP) Government and defense attorneys were to sum up their cases today before a federal court jury, which since January 30 has been hearing testimony in New Mexico's mass WPA-conspiracy trial. The case was expected to go to

the jury late today.

Twenty-five defendants remained on trial, after dismissal of charges against 22 of those indicted for conspiring to defraud the U. S. government through political manipulation of the state's WPA. government made its final 6 attack from the witness stand late MOVED! From 103 Main Street yesterday, calling four rebuttal witnesses, after the defense unex-

pectedly rested. All four told the jurors Stanley W. P. Miller, son-in-law of U. S. 8 Senator Dennis Chavez and former TATE & BRISTOW INSURANCE assistant U. S. district attorney, had demanded political lovalty to his father-in-law's faction of state democratic party for WPA

Noel Perea, recently elected bool superintendent of Sandoval county, said he was a supporter of former Governor Clyde bitter political enemy of Senator Chaves and that he had refused a request from Miller to take political orders from County Chairman Joe Miera.

Following his refusal, Perea testified, Miller told him he could not get a WPA job.

## Floods

(Continued from Page 1)

department authorities. The Ohio dropped at Huntington, W. Va., and Cincinnati and rose slightly here and at downriver points in Kentucky and Indiana. Scores were driven from their southern Indiana homes. Rep. May said in Washington

he had "made every offort to induce the WPA to cut their red tape so that relief could be given the people whose homes have been swept by this flood, but Washington officials are standing on the orders of the federal director and refusing to let their forces enter private property without the permission of the

#### FDR'S Birthday Affairs Net \$600 Here

Howard county's activities in b half of the campaign against in-fantile paralysis netted \$600.65, a final report by the directing committee headed by G. C. De showed Wednesday, This sum was realized from various events in connection with observar President Roosevelt's birthday.

From the sale of special butto -price, a dime each, with the me ey going to the White House-the county raised \$85.01. A bridge affair held on January 30 netted \$10, and from the Birthday Balls, the revenue was \$778.50.

The committee reported total ex-penses of \$253.08. The final net does not in that money which was a part of the "March Of Dimes," whereby contributors sent ten cents each

to President Roosevelt at White House. The committee at its meeting Tuesday afternoon voted \$25 to as sist in payment for treatment of a

Howard county child in a Dallas hospital. Of the \$600 net, one-half remains at home for aiding local cases, the

## It was Born with a Great Record!

# MERCURY 8

ERHAPS no new car has ever had the built-in assurance of rightness the Mercury 8 enjoys. It was built in an established plant, to established principles, by time-proved quality

It takes the proved Ford V-8 engine design to larger size, with sturdier parts and more power. It takes the Ford time-proved chassis design, and gives it extra inches of wheelbase. It adds something of Lincoln-Zephyr's style and roominess-and it sets up, almost overnight, a brand new value among motor care.

It is Ford-built extra value, on an even bigger scale. It is big in passenger space and in luggage space. It is rich in style and in appointments. It is quies and extremely comfortable. Its power compared to weight is great, yet it is almost child's play to drive.

STYLE LEADERSHIP-New etandards of beauty for the lower medium-price field. 95 H.P.V-8 ENGINE—Brilliant

performance with good economy. **HYDRAULIC BRAKES**-Easy-acting—quick, straight 116" WHEELBASE-127"

SPRINGBASE—Passenger and luggage space equal to that of many cars much higher in price. UNUSUAL SEAT WIDTH-Three people ride comfortably both front and back in Sedans. TRIPLE-CUSHIONED COM-
