CATCHING TAIL-WATER — The above photo shows tail water being diverted from the county bar-ditch to a ditch on the R. C. "Dick" Godwin farm, approximately 19 miles west of Hereford. The diversion ditch is the center of a controversy between two Deaf Smith County farmers who boiled to a head this week. Tailwater Runoff Problem Laid Before Commissioners

Court To Ask Water District To Intervene

A feud between neighbors concerning run-off tail-water boiled to a head Monday as the dispute was placed before the Deaf Smith County Commissioners Court for settlement.

The dispute erupted anew when one Westway farmer, J. C. Price, complained to the Commissioners Court that excessive tail-water from the R. C. "Dick" Godwin farm was eroding the country road between the two farms. He charged that Godwin was running excessive "tail-water from his upper farm down the county-owned bar-ditch and diverting it back onto his lower farm where he has constructed a sump pit for the purpose of catching the tail-water." The water, which Godwin contends comes from several farms in the vicinity, has created a ditch some 4 feet deep and approximately 10 feet wide on the west side of the county road.

In making his complaint to Commissioner Latham of Precinct 2, Price contends that if Godwin could not divert the flow of tail-water back onto his south farm, he would therefore be more diligent in trying to prevent excessive run-off. Price did not attend the Monday session.

Godwin, however, claims that only a portion of the run-off comes from his own farm, pointing out that other wells in the vicinity are feeding tail-water into the troublesome ditch.

"There's water going to waste down the bar-ditch," Godwin says, "and all I want to do is use it."

Godwin, fully aware of the laws prohibiting the obstruction of a county ditch, has merely dug a trench on his own property lower than the bar-ditch, automatically diverting the water to his land and to his own uses.

In trying to maintain the peace, the Commissioners Court has asked representatives of the High Plains Water Conservation District to intervene and try to find a solution for the knotty problem.

A previous suggestion by the Court that Godwin build a waterway was deemed impossible since Godwin does not own the property between his two farms.

Godwin told the court Monday that he has five wells on land, but that at least three other wells not belonging to him, were also dumping tail-water into the bar-ditch.

H. G. Wells and Tom McFarland, representatives of the High Plains Water Conservation District, asked to intervene in the feud, were present at the Commission meeting Monday.

"We encourage conservation and use of tail-water," said H. G. Wells, speaking for the organization, "but we cannot condone the practice if eroding the

Stevens To Join Staff At A & M

Paul L. Stevens, superintendent of Hereford schools for the past four years, announced Wednesday that he will join the teaching staff at Texas A&M University, and that Mrs. Stevens has accepted a teaching position in the Bryan Public schools.

Stevens said he will be attached to the education department at A&M and in addition to his teaching program, he will work on his doctorate degree. A portion of his work will be assisting with the teacher-training program at the university.

"This is an outstanding opportunity," Stevens said, "and I am looking forward to my new work." The Stevens' two sons, Micky and David, will attend Texas A&M also.

Stevens, in leaving the superintendent's post here, wound up four years as head of the schools July 1.

The schools made outstanding progress during his regime, one of the top events being the passing this spring of a \$2.4 million bond issue.

It was during his term, also that teachers' salaries were raised \$600 above the state base pay.

Among other accomplishments of the four years he headed the system were these:

A complete re-evaluation and tax equalization program, reorganization of school administration and addition of a business manager to the staff. A complete re-worked board policy system and the institution of the Croft system.

Winds Blamed For '63 Carrot Infestation

Winds played a prominent part in spreading agricultural chemicals to other fields last autumn when a shipment of carrots was found to be mildly infested with sprays, Norman E. Foster, chief chemist, Food and Drug Administration, told an area gathering here Tuesday night.

"Carrots," he explained, "are very bad to take up chemicals — in this case Endrin — and apparently the spray from a lettuce field had been carried to the carrot field by high winds."

He said peeling removes most of any such chemicals found on carrots, and that growers could have their carrots checked for

(Picture on Page 4)

any residue by laboratories in the area. "Send samples of the carrots from various sections of the field," he said, "along with the peeling." He said that new testing equipment makes it possible to detect "even a faint trace of insecticides, that may be in the vegetable."

The meeting held at the Community Center, was sponsored by the Extension Service, by the Chambers of Commerce of Hereford and Amarillo, by the Hereford Vegetable Processing sheds and by Hereford custom crop sprayers.

The chemist told of examples of discarded chemicals which had been found to have infected fields. One farmer, he said, had dumped "some unknown powder which he had found in his garage onto a field near his house, and from this simple little act, an entire field was infected with chemicals." He urged caution in discarding chemicals, especially insecticides and pesticides.

Tremendous cost of developing new chemicals was described by Allen Gunter, who is with Hercules Powder Co. said before a chemical can be placed on the market, preliminary costs for tests and development of the product will run to \$1.5 million dollars. "For this reason," he explained, "few new chemicals are introduced by the companies themselves, and if it were not for the government's testing offices to bear the burden of testing the chemicals, the number of new chemicals would be even less."

The meeting was titled, "Using Agricultural Chemicals Safely," and all phases of the chemical program were discussed. Farmers, county agents and dealers from this area attended, and Lefty Thomas, county agent here, was master of ceremonies. (Continued on Page 4)

Entries Start Arriving For Amateur Rodeo

Sponsors of the amateur rodeo, set for July 23, 24, and 25, have started receiving entries for the big event, and a full slate of contestants for all acts is virtually assured, says Mal Stewart, president. Sponsoring agency is the Hereford Riders Club.

Producers of the rodeo will be Ratjan Bros. of Happy, and shows are to be staged each night, Thursday, Friday and Saturday of next week, starting at 8:15 p.m.

Rodeo headquarters have been set up at Charley Hill's truck lot on East U.S. 60. Fees, officers reminded would-be contestants, will be \$15 for all riding events, \$20 for roping events and \$15 for barrel races.

Admission fees to the nightly events will be \$1.50 for adults and 75 cents for children under 12.

Other events slated include a parade at 4 o'clock Saturday, July 25, and rodeo dances each night during the event. The first two will be held in the Jim Hill Ballroom, but third night's place is yet to be announced.

Persons desiring to enter the contests were asked to call Hill at EM 44052. Or they may contact officers of the Riders' club. These include, in addition to Stewart, Mrs. Meredith Ireland, vice-president; Edj Allison, secretary, or Harold Easley, treasurer.

Nearly a score of books will be set up this weekend for the carnival, and Rhodes Shows will start moving in equipment soon for a score of rides ranging all the way from kiddie rides to thrillers, Martin says.

Twenty-one events are to be operated by the club itself, and other booths will be run by other organizations.

Raymond White and Labry Ballard are co-chairmen with Martin as general chairman.

Other chairmen include: Finance, B. F. Cain; publicity, Don Chaney; Booths, Tommy Brady; lighting, Ed Skypala; bingo, Harold Kidd; balloon darts, C.E. Leasure Jr.; Number darts, Steve Bavousett; bear pitch, Melvin Jayroe; basketball, Ed Skypala; coke bottle pitch, John Aikin; cigarette board, Tom Robinson; ticket sales, S. O. Wilson.

And Keg Pitch, Bill Gentry; doll rack, Buddie Evans; dunking board, Jim Wiman; concessions, R. C. McGilvary; cork gun, A. H. Cook; foreign exchange booth, Bill Landford; cotton candy, R. L. Etridge; glass pitch, John Gilliland; and pony ride, Ray Moore.

The Lions club also will continue its Saturday night wrestling series, partitioning off a portion of the Bull Barn for the event, Martin explained.

READYING FOR CARNIVAL — Hereford Lions are getting ready for their big carnival at the Bull Barn and on the grounds starting next Monday. Here the club's president, Raymond White, is shown putting up one of the first signs for the big event. (Brand Staff Photo)

With The Brand Staff

One of the Democratic Party's top women workers, Mrs. J. W. Walker, Plainview, will speak at next Monday night's county Democratic meeting in Community Center. It was announced Thursday. Mrs. Walker was a "dollar-a-year" official during World War II, and is a past president of Women's clubs. A son is attached to the Foreign Diplomatic service in Washington.

They may not set a record, but they're shooting pretty close to it. Potatoes grown on 45 acres on the J. D. Kelly farm just south of Hereford are turning out 200 sacks to the acre. They are of the new "potato chip" variety. A picture story of Kelly's spud-growing and harvesting will appear in The Sunday Brand. Kelly also turned out 70 bushels of wheat per acre from a 45-acre plot, and made 112 1/2 bushels of barley to the acre.

Second in a two-part series of book reviews is to be given this morning in the Community Room of the First National Bank, sponsored by the Christian Book Store. Tuesday's review was given by Mrs. Claude McDougal, and today's review will be presented by Mrs. Viola Chisholm. The public is invited.

Among out-of-state students enrolled in Oklahoma Baptist University, Shawnee, this summer is Nancy Ellis-Anwyl, a junior. She is the daughter of Mr. and Mrs. Robert H. Ellis-Anwyl, Hereford.

Two Hereford youths will enter the state Jaycee-sponsored Junior Golf tournament in Harlingen this weekend. They are Dwight Whitaker, son of Mr. and Mrs. Woodrow Whitaker, and Andy Channer, son of Mr. and Mrs. John H. Channer. Jaycee Wendell Maloney took the youths to the south Texas City for the tourney. Dickie Dyer, Dimmitt, and Jay Beene, Friona, are also entered in the tournament.

Marine Private 1/c James M. Martin, son of Mrs. Myrtle Martin, 108 W. 8th, Hereford, recently completed a week of testing and screening at the Naval Air Technical Training Center, Memphis, Tenn.

The Church of the Nazarene will conduct its annual Vacation Bible School beginning July 20 and continuing through July 24. There will be classes for all ages 4 through 12. The time is 9 a.m. through 11:30 a.m. The (Continued on Page 4)

Schools Reject Proposal To Share Officer's Cost

The Hereford School Board turned down the request of County Judge H. C. Williams, that the school help pay the salary of a juvenile-probation officer, if hired by the county.

The school district at present pays the Deaf Smith County Sheriff's department \$1200 a year to handle truancy and other problems that arise in the Hereford School system.

The unanimous opinion of the board was that the present system is working satisfactorily, and there appeared to be no reason for a change at this time.

In other business the board opened and accepted low bids on bread, milk and gasoline to be used by the schools for the coming year.

The low gasoline bid was submitted by Gulf Oil Corporation for regular gasoline at \$1.249 per gallon, plus 5 cents state tax.

Continental Oil Company, the winner of last year's bid, was just barely over the low bid as their bid read \$1.250 per gallon, plus the 5 cents tax. Mobil Oil Company submitted the next bid at \$1.259 per gallon, plus 5 cents state tax.

Texasco Oil Company was right after Mobil as they placed a bid of \$1.260 plus the additional 5 cents tax. Alred Oil Company

New Telephone Directories Due Tomorrow

Copies of the 1964 Hereford telephone directory will be mailed to customers here tomorrow, Charles Sutton, manager for the Southwestern Bell Telephone Co. said.

The cover will be of white stock, overprinted in black ink. There will be 36 "white" or alphabetical pages and 116 classified or Yellow Pages.

Sutton said almost 8,640 copies of the new directory have been printed but that not all of them will be mailed to customers at this time. He explained that additional copies are always prepared to have on hand for new customers moving to this area and as replacements for books in heavily-used locations like public telephone booths.

Customers should discard their old directories after the new ones are received, the manager said. Sutton cautioned customers to check old directories carefully for addresses and out-of-town number lists—even for valuable papers and pictures between the pages of the old book. "Sometimes," he warned, "people throw away old books without even checking them for things that they had wanted to keep, end of course, such items are lost forever."

entered a bid of \$1.135 per gallon plus the state tax and Humble Oil Company entered the high bid of \$1.450 plus the state tax.

The contract for the milk to be used in the schools for the coming year was awarded to Borden's Milk Company, represented by Edward Skypala.

Skypala's bid listed the one-half pint carton of milk at 6 cents per carton and if the bill were paid by the 21st of each month, the price would be 5 cents per carton.

Foremost Dairy Products presented the second bid of \$0.655 for the one-half pint carton and Sealtest presented another bid of 6 cents per one-half pint carton. The final bid was submitted by Cloverlake, Plainview, and they entered the high bid of \$0.61 per carton.

The Borden's bid was accepted unanimously by the board.

The bid submitted by Hereford Bakery was accepted unanimously by the board.

The local bakery submitted bid of 23 cents for a one and one-half pound loaf of bread, 19 cents for a one pound loaf, 19 cents for a one pound loaf of whole wheat bread and 16 cents for a carton of six hamburger buns.

Freshe Bread, represented by Paul Bell, local distributor, entered a bid of 22 cents for the one and one-half pound loaf, 21 cents for the one pound loaf, 21 cents for the one pound whole wheat loaf and 19 cents for the carton of six hamburger buns.

The board unanimously approved the hiring of the Rev. Fred Beversdorf as a Latin teacher for Hereford High School. He would work one-half day according to Superintendent Derrell Williams.

The board accepted the resignation of five teachers; however, three of the resignations had been mentioned at an earlier meeting.

In other action the board authorized Williams to advertise for bids on the painting of the auditorium at Stanton Junior High.

The board unanimously approved the payment of all the bills for the month of June.

The board also voted to send the nine coaches in the system to the annual coaching clinic at Fort Worth, August 3-7. The board voted to furnish one vehicle for the trip and pay each coach \$80 while attending the clinic.

The board discussed the hiring of a new choral director. Williams presented a prospect to the board and they approved the assisting in payment of lodging bills, when the applicant came to Hereford to apply for the job.

Wayne Phillips appeared before the board as a representative of the Shrine Club and asked for the use of the football field for the Shrine Circus on August 17. The board said that the grass in the center of the football field was not growing and was reluctant to allow any activity on the field.

The board instructed Phillips to appear before the board at the next meeting and know the space which would be required for the performance.

Williams explained that vacancies still exist at Central and Shirley Elementary Schools, but applicants were in the process of being interviewed.

President Ivan Block informed the board that minutes of the previous meetings would not be read at the regular meetings. (Continued on Page 4)

Going East? Here's What to See — Part II

Historic Williamsburg Perpetuates Its Past

By Sara Gillentine
Williamsburg, Va. is one of the few places in America where it is not unusual to see men walking through the streets in colonial costume, smell spices and drugs from an apothecary, and hear cannon fire in the background.

The colonial city, almost a mile in length, includes 83 original buildings and houses which have been preserved and restored.

In addition, 48 important 18th century structures, and many small buildings have been reconstructed on their original foundations.

are dressed in the costume that most nearly fits the job that they are portraying. Even cars are prohibited on the main streets of the restored area from 9 a.m. to 5 p.m. daily.

Seven exhibition buildings and 12 craft shops are the main centers of colonial life in the city.

The Colonial Capitol, one of early America's most important buildings, is the spot where Virginia's Declaration of Rights was adopted in 1776. This document was later used as the basis of the national Bill of Rights.

Here Patrick Henry, George Washington, and Thomas Jefferson were members of the legislature.

The public goal (prison) is where debtors, criminals, and

pirates were imprisoned. Located outside the goal are the stocks and pillory.

The Raleigh Tavern was one of the most popular places in Colonial times. It served as a hotel and meeting place for the nation's foremost citizens. It was later ruled that no more than six men could sleep in the same bed because of fire hazards.

The Brush-Everard House, the residence of an early mayor, is decorated with handsome furnishings and a carved staircase. The garden has the oldest boxwood in Williamsburg.

The Governor's Palace, the residence of the royal governors, was one of the most elegant mansions in colonial America. (Continued on Page 4)

Hereford Youth, Jamboree Bound, Writes About Trip

EDITOR'S NOTE: Kerry Thompson, one of two Hereford youths who is enroute to the National Boy Scout Jamboree, has sent back two letters so far to the Brand, one from Springfield, Mo., and the other from Indianapolis. The letters, in sequence, follow.

We had a good start this morning, leaving Amarillo at 7:05. We were not even out of Amarillo when the other bus (carrying the jamboree troop 54) broke down. We waited from 7:15 till 7:50; then we finally left.

We stopped first in Sayre, Okla., for a short rest stop. We were on the road again at 10:25. We ate lunch at what I thought to be an especially fine cafeteria — one of the O'Mealey cafeterias, in Oklahoma City.

At mid-afternoon, on the Turner Turnpike, we had our last rest break. From there we went to Springfield, Mo., almost non-stop. We ate at the Cat 'n Fiddle Restaurant and are staying in the gym of the National Guard Armory here in the middle of the Ozarks.

There are two jamboree troops from the Amarillo area. Almost every town of the North Plains is represented here. There are about 35 boys and three leaders in each troop.

We are going by two Continental Trailways chartered busses, one of which is continually having difficulties, making us wait for them. None the less, we made it into Springfield almost one-half hour early.

That's all I can tell you now without becoming boring — if I'm not already. I'll try to send another letter off tomorrow night from Claypool Motel in Indianapolis, Ind.

We had an early start this morning with reville at 4. After eating, it was 6 before we left Springfield.

During our first rest stop in St. Louis, the bus was cleaned out. However, we were just held up about 15 minutes extra and it was worth it!

Vandilla, Ill., was our next stop. This used to be the state capitol of Illinois. Abraham Lincoln served here in the original capitol and was the one who suggested moving it to Springfield.

Aside from a mid-afternoon rest stop and a few times when the other bus broke down, we continued on into Indianapolis and arrived about 6 (CST). After we ate in a cafeteria close to the motel, we scattered every-which direction — mainly to shows. Right down the block from our hotel is a Cinerama theater, at which "It's a Mad, Mad, Mad World" was showing. This was sold out before we arrived, so we spread out to "How the West was Won" (the one I saw), "The Unsinkable Molly Brown,"

and one I am not going to mention (yes, an "adult" movie.) Right now by bed looks worlds more interesting than any writing pad could be. You'll hear from me next in Dearborn, Mich. and the Ford Museum.

Club 'Advances' Yule Season

Miss Donita Allred

Christmas in July will be on the Hereford Garden Club agenda as they vote to put a special Christmas Flower Show on their calendar for the forthcoming season.

This new project and outlining of the 1964-65 yearbook study of shrubs were adopted by the club when Mrs. M. T. Rutter presented committee plans at the Friday club meeting in the home of Mrs. R. L. Wilson, 125 Star St. General topic chosen for the club year is Horticulture, Products of Soil and Art.

Mrs. O. G. Hill, Sr., chairman, Mrs. M. T. Rutter, and Mrs. S. S. Williams serve on the yearbook committee.

Directing the program for the day, Mrs. A. L. Manjeot presented last in a series of studies from Cyphers' "Design and Depth of Flower Arrangement." Depth is the third dimension in flower arrangement, she pointed out. For effectively producing depth, she named as essential, the proper use of materials, color, accessories, containers, and lighting.

Mrs. S. S. Williams presided at the business meeting, direct-

ing as club reports Mrs. G. W. Newsom's summary of work and plantings at King's Manor; Mrs. John N. Jacobsen's direction of Junior Garden Club activities, including junior visits to King's Manor with flower arrangements and musical program; and Mrs. Hill's review of club decorations for school closing events and for Annual Pioneer Day Celebration.

The club voted, also, to send money to the National Council of Garden Clubs for purchase of seed to be sent to foreign countries, in cooperation with CARE.

After a social hour with Mrs. Wilson and Mrs. R. W. Mitchell as hostesses, club members viewed Mrs. Wilson's flower garden.

Present were Mrs. Emmett Hale, Mrs. W. C. Hromas, Mrs. Jacobsen, Jr., Mrs. Manjeot, Mrs. Newsom, Mrs. J. V. Pickens, Mrs. Rutter, Mrs. Arthur Stoy, Mrs. Ray L. Johnson, Mrs. C. D. Kelton, Mrs. A. O. Thompson, Mrs. Williams, and the hostesses, Mrs. Wilson and Mrs. Mitchell.

Landscape design will be the topic for club's morning meeting August 14 in the home of Mrs. Jeff Roberson, 137 Avenue D.

Studies In Mexico

Studying advanced Spanish in Monterrey, Mexico, is Miss Donita Allred, daughter of Mr. and Mrs. Glenn B. Allred, 840 Blevins St.

For six weeks she will be studying at Instituto Tecnológico y de Estudios Superiores de Monterrey. She left here July 13 and will return to Hereford in late August in time to prepare for reentering West Texas State University, Canyon, where she will be a sophomore.

1963 graduate of Hereford High School, Miss Allred is a Spanish major at WTSU, where she is a staff member of the university newspaper "The Prairie." Playing in the Buffalo Band, she holds membership in Tau Beta Sigma, honorary band sorority.

She belongs also to the Baptist Student Union on campus and went with the union group to Mexico City in January.

Society Hears Recorded Talk By Attorney

Special recorded message from Waggoner Carr, state attorney general, concerning adult's responsibility toward youth was presented by Miss Della Stagner at the Women's Missionary Society program Thursday evening.

To this feature the society added their mission study at their regular meeting in the First Baptist Church, with Mrs. Otis Lee giving the prayer calendar.

Special music for the occasion was furnished by Miss Linda Starr and Miss Linda Smith. Miss Smith accompanied Miss Starr's solo of "America the Beautiful." Both Miss Smith and Miss Starr are summer missionaries serving under the Southern Baptist Home Mission Board. They have been doing special work among the Latin Americans in the Hereford area, including assisting at the Baptist Bible School and Goodwill Center for Latin Americans.

Attending this W.M.S. meeting were Mrs. J. O. Clark, Mrs. B. A. Reddall, Mrs. Roy Calvert, Mrs. Alex Thompson, Mrs. Cecil Braly, Mrs. Otis Lee, Mrs. Barrett Sowell, and Mrs. J. E. McCathern.

Three Hereford Women Attend Flower Meet

Mrs. Dale Smith, Big Spring, was lecturer-demonstrator for the day-long study in abstract design attended by national flower show judges of North Texas Zone meeting Tuesday in Amarillo's Garden Center.

Representing Hereford Garden Club were Mrs. O. G. Hill, Sr., Mrs. John J. Jacobsen, Jr., and Mrs. A. L. Manjeot, all national life flower show judges. Illustrating points of her discussion, Mrs. Smith made arrangements as she lectured and used them for group criticism and question and answer sessions.

A covered-dish luncheon was served to all judges from the Panhandle area attending this meeting.

Hereford Women Guests of Ruidoso

House guests of the Herahel Carthels at their Ruidoso, N.M., cabin this week are Mrs. Maurice Tannahill, 123 Beach Street, and Mrs. N. D. Bartlett Jr., 1506 Plains Ave. They will be joined by Mrs. Liston Wilson, Post.

Mrs. Tannahill and Mrs. Bartlett expect to return Monday.

HAPPY ENDING

Former war refugees in the Oga Assimilation Project, South Korea, recently wrote CARE they no longer need help. It took 8 years to make their farms self-supporting, during which time CARE provided \$20,528 in food, farm tools, grain, bullocks and fruit tree seedlings for the 160 families — a total investment of approximately \$24.80 per person.

The bond rating for the school district was advanced from BAA to AA, and a building program earlier in his career here provided 17 new elementary classrooms and a substantial addition to the high school. This expansion was provided for by a \$775,000 bond program.
A program for academically-retarded children was put into operation at elementary and junior high levels, and the school's foreign language, mathematics and science program were advanced. It was during his term also that the district was changed from a rural high school to an independent school district.
Other programs included a vocational project in junior high to help reduce drop-outs and junior high reading program was improved.
The school system is currently conducting two experiments in elementary reading in an effort to improve the over-all program.

Now Is the Time to Flame Cultivate To Eliminate Weeds, Says Expert

Flame cultivation, as an economical means of weed control, is one of the last steps to fully mechanize the agricultural process of raising food and fiber. The necessity of mechanical cultivation of weeds by the use of heat has been brought about by two major factors:

- (1) weeds
- (2) scarcity and expense of labor.

Farmers have fought weeds in one form or another since they first planted crops. One of the best ways of eliminating the weed problem is to pull it by hand. In this day and time, this type of labor is neither economical nor practical. The use of heat in agriculture has proved to be both economical and practical.

Jack H. Parks, agricultural engineer for the High Plains Research Foundation in charge of flame cultivation, reports that conditions are good at this time, following an irrigation or rain, to control weeds by using heat. Parks states that the size of the crop that is to be flamed is one of the most important items to consider. Grain sorghum should be from 8 to 10 inches tall, cotton

procedures, it can be an effective and economical means of weed control.

A cost of production survey done by the High Plains Research Foundation shows the spiraling cost to produce a dollar on the farm. In 1946, to produce \$1 on the farm cost 46 cents. In 1959, the cost of production of \$1.00 rose to 63 cents.

In 1962-63, the cost had jumped to 79.8 cents to produce \$1.00 on the farm. This ever increasing high cost of production is what the Texas farmer, as well as farmers everywhere, must face. The cost of production is what is causing farmers to move off the farm.

The economy of the use of heat through flame cultivation is one of the important steps in any farming operation that can mean the difference between a profit or loss in farming.

Instructions on the use of flame cultivation have been forwarded to all farmers and businessmen who support the Foundation's private enterprise research work.

A researcher for the Institute of Public Opinion in Montreal says 64 of every 100 families in Canada collect trading stamps. He says 77 of every 100 Montreal families collect them.

The Hereford Merchant's first sidewalk sale went over with a bang Monday, as most downtown merchants reported sales far above their original expectations. It reminded us of dollar day, with all the parking places filled and crowds milling around in front of the various stores.

Apparently the event is catching on, for we have noticed in a number of our exchange papers that other Panhandle cities are trying the same thing.

Mrs. A. G. Bell was in Monday, bringing us a number of pictures of her first trip to Carlsbad Caverns back in 1924. Accompanying the Bells on that trip was the Conkright children, Ruth (Mrs. J. R. Allison) and Nancy (Mrs. Charlie Hays). Our only comment being: "Fashions have sure changed since 1924".

The Bells made their first descent into the caverns through a shaft over the hat cave, going down in the old

mining bucket operated by Jim White, the cave's first explorer. And they have pictures to prove it.

But the thing that amazed us most was the old car that they drove up the mountainside, and the pitiful state of the road, if you care to call it that. It looked more like a cattle rail. One thing for sure, we wouldn't try to maneuver such a trail in today's low slung models.

Received a letter from Bill Tygrett, area pioneer, now living in Mineral Wells, Texas, who states that in cleaning house, recently, he accidentally burned his copy of "A History of Deaf Smith County," and was writing to order another.

Now, if we could keep enough folks busy cleaning house, we'd sell more copies of the history.

If you're not interested in politics, then this would have been an ideal week to vacation. The Republican National Convention has taken up most of the prime TV time, and about all you can read in the daily papers concerns the event.

The 1964 potato harvest is in full swing, and yields are generally reported as exceptionally good.

Dale Kelly, farming 1 mile south of Hereford, brought us a sack of the nicest potatoes we've seen in a long time. Dale reports exceptionally good yields this year, not only on the potatoes but also wheat and barley. Onions also have been yielding exceptionally well this year, and we understand that the price has come up somewhat and leveled out.

The professor, well known for his tact, was awakened by the jangling of the phone at 3 a.m. "Your dog is barking and keeping me awake," said an irate woman. The professor thanked her and hung up.

HOWLING SUCCESS — Hereford's first Sidewalk Sale (SOS) Monday was a howling success as this picture indicates. Thousands turned out to buy merchandise displayed in sidewalk stands in front of Hereford stores. (Additional pictures on Page 5) (Brand Staff Photo)

Letter To The Editor

Sirs:
I would venture a wild bet that there are some red faces in Hereford today! Maybe you better go find you all a little hole and crawl into it and stay there until the storm passes over? Or, perhaps you better wake your old sleepy, selfish selves up an go yonder to the army barracks and Dr. Edwards hospital and take a good look at what part of your citizen's live in. Oh, shame, thrice shame upon you, to leave Him (your Lord) standing there at the door knocking!

Here you have a nationally known figure, Dr. Lena Edwards among you. She has laid down her life, her earthly goods, and all her time to come to your town and unselfishly given herself to your poor and underprivileged people. How could you all stand idly by and let such a thing happen?

What about the churches and other civic-minded organizations of your town? What have they been doing all these years? Is it because their skin is a different color than yours that you choose to ignore them? Mine is white, too, just as many of yours is; but that didn't prevent me from sending Dr. Edwards \$10 towards the broken furnace in one of her hospital units. Winter will soon be here again, and she will need the beds in that unit.

All our towns have poor and underprivileged people among them. But I would dare to say that this is the first time I have ever heard of the better-off folks not doing something about it. You say these people are "no good"? Well, just how good do you all think you look today, after that article in the Fort Worth Star Telegram? You look pretty poor and cheap. God have mercy on you.

Best you sleepy, selfish folks up there in Hereford get yourselves woke up and get busy and do something to help Dr. Edwards. I have been through your town many a time, and always thought it must be a really nice place. Believe, me, I have changed my mind on that completely. If that is the sort you are, I only hope that I never have to live there and I am only sorry that such an article had to be published in such a widely circulated newspaper as the Star Telegram. All of Texas, and much of Southwest is now wise to the goings on there. But, then again, if the article has done some good, then it was well worth every word that was printed. I pray for you, and those poor folks out in those barracks.

Sincerely,
Mrs. D. E. Luddeke
Hobbs, N.M.

critical of the citizens of Hereford and Deaf Smith County for their lack of help to Dr. Lena Edwards.

Dear Jimmy:
Enjoyed seeing you briefly at the NEA in New York, and sorry we failed to get more time together.

Upon my return, after a side trip into Canada, I caught up on some of our favorite exchanges, yours being one of them.

And it was with great personal pleasure that I noted the Presidential Medal of Freedom award going to Dr. Lena Edwards.

Please extend to her from a stranger, congratulations upon receiving what I believe will be America's Nobel Prizes in the future.

Cordially,

Four Hefties Top Wrestling Series

Lions Club's Saturday night wrestling show this week will be highlighted by a tag team match by four of the best in the business, says Slim Wester, producer of the weekly grunt-n-groan series for the club.

A newcomer to the Hereford series will appear in the tag scramble, known simply as "Sampson." He will be paired with the Viking. On the other side of the ring will be Dory Funk and Ricky Romero, both well known in West Texas wrestling circles.

The big deal is slated for a 60-minute time limit or two out of three falls.

In the semi-finals, Mark Starr, another newcomer to the Hereford card will meet Bill Graham in a two-out-of-three or a 45-minute setto.

In the opener, Ricky Romero and the Viking, two of the headliners, will do a bit of scrapping single-handed in a 15-minute fight or a one-fall limit.

The series is held at the Bull Barn each Saturday night at 8:45 o'clock. Admission is \$1.50 for reserved seats or \$1 for general admission, Wester said.

In last Saturday's scraps, Billy Graham won the final two falls to upset Tillet, and Dory and Black Bart put on a fast-rough-and-tumble but both were disqualified for failing to limit their activities to the ring; the referee called it fighting out of the ring.

Ricky Romero, in the Main event, triumphed over Tokyo Tom to the delight of the 700 fans.

Latinos Take 4 More Games; Keep Up Streak

The Hereford Latinos continue to mow down opposition to become the number one amateur baseball club in this area. The Hereford Latinos are composed of the following players: Joe Hernandez, "Shorty" Al Salinas, Oscar Garcia, Paul Torres, Chinto Swartz, Wakie Northcutt, Romiro Gonzales, Obe Leal, Longo Cuellar, Sabino Suarez, Rudy Martinez, "Goose" Thomas, Lupo Ramirez, Johnny Busick, and Gary Kendrick. The Latinos have had a fast, competitive schedule with amateur, semi-pro, and irrigation league teams and has an outstanding record so far this season.

Last week the Hereford Latinos defeated the Nazareth semi-pro team 5-2. Schumucker was the losing pitcher; he allowed eight hits. The winning pitcher was Johnny Busick; he allowed 11 hits, with Gary Kendrick relieving him the last 3 innings of the game; Kendrick allowed no hits. The only home run of the game was hit by Latino Oscar Garcia.

In the second game of July 5 the Latinos played the Hereford ABC team; Kendrick was the starting pitcher and Lester Walle and Jim Collier pitched for the ABC's. The Latinos won by a score of 5 to 2 when the game was called when Latino catcher "Goose" Thomas was injured at home plate. After a 2 weeks' rest, Thomas will be catching again for the Latinos.

Sunday, July 12 the Latinos took a doubleheader for the Latinos' first meeting of the year with the Amarillo "City Slickers" by scores of 10 to 5 and 8 to 2.

In the first game the losing pitcher for Amarillo was Johnny Rangei and the winning Latino pitcher was Gary Kendrick, who set a new record for the Latinos of 18 strike-outs; the previous record was seventeen and was set five weeks ago by Mr. Kendrick.

The winning Latino pitcher in the second game was Wakie Northcutt and the losing Amarillo pitcher was Mando Flores. Homeruns were knocked by Oscar Garcia of Hereford and Elias Flores of Amarillo.

Weeds Rob Soil Of Nutrients, Bennett Warns

By W. F. "Bill" Bennett, Agronomist
Everyone knows that weeds are detrimental to crop yields. They use both water and plant nutrients which could be used by the growing crops. Some interesting figures obtained by Dr. Alan Wiese of the Bushland Experiment Station show the quantity of plant nutrients that are contained in tops of mature weeds. The figures given below are on the basis of pounds of nutrients per acre and based on 2 plants per square foot of space.

Kochia weeds would contain 205 pounds N, 19 pounds P2O5 and 426 pounds K2O. Other weeds with the quantities of nitrogen, phosphorus and potassium are as follows: crabgrass - 63-10-313; Russian thistle - 194-21-578; puncture vine - 54-7-86; buffalo burr - 100-15-119; and pigweed - 123-18-209. Compare these quantities to a normal crop of 6000 pounds grain sorghum which would contain about 210 pounds N 27 pounds P2O5 and 89 pounds K2O.

Seed produced by weed plants is also of interest. Dr. Wiese figured 28,500 seeds for kochia, 94,500 for crabgrass, 9,000 for Russian thistle, 1,000 for puncture vine, 8,000 for buffalo burr and 37,000 for pigweed. This points up the importance of controlling weeds before they go to seed.

FITCHERS MUST RUN

LOS ANGELES (AP) — Sandy Koufax, ace southpaw of the Los Angeles Dodgers, believes that when a pitcher tires his legs tire before his arm gets tired.

"Sometimes we pitchers on the Dodgers feel like we're training for the Olympics," says Koufax "but I believe our pitchers are always in shape. Joe Becker, our pitching coach, is a great believer in having us do a lot of running."

Redbirds Capture Southern Top Position; Travel To Pampa

Hereford Redbirds will begin play in the American Legion District Tournament in Pampa Thursday night. The two top southern divisions qualify for the tournament. The competition will get under way with the second place teams meeting at 5 p.m. This game will match Nazareth with either Dumas or Borger. After this game has been completed, at about 8 p.m., the two division champions, Hereford and Pampa, will meet. The double elimination tournament will continue through Saturday.

The Redbirds were eliminated from the Plainview Invitation Tournament Friday night with a 1-0 loss to Slaton. Hereford had defeated the Slaton team in the first round by a 10-5 margin. However Slaton pitcher Ronny Jones kept the game under control in the second meeting. He gave up only one hit, in the last of the seventh inning, and struck out 16 Hereford batters.

Larry Minks pitched the entire game for Hereford and gave up five scattered hits, walked one and struck out four. The lone run of the game came in the third inning. With two out a fly ball went over the right fielder and the runner got all the way to third base. The next batter popped up in the infield and the run scored as the ball was dropped.

A good pitching performance by Minks and some fine fielding left eight Slaton runners stranded on base in the other innings. The only Hereford threat came in the final inning. Steve Hodges got the only hit for the Redbirds, and two bases on balls loaded the bases with two out. A strike out ended the game. The Hereford team completed

district play by taking Friona 5-2 in a make-up game at Friona Sunday afternoon. This gave the Redbirds a nine won, one lost record and first place in the South Division. This is the fourth consecutive year the Redbirds have qualified for the District Tournament. The game was basically a pitching duel between Friona's S. D. Baize and Hereford's Mike Ranspot with the decision determined by errors. Baize gave up four scratch singles, walked two, and struck out 14 Redbird batters. Ranspot gave up three hits, walked two, and struck out eight. He retired the side in order in five of the seven innings. The Friona team was charged with five errors, three passed balls, and one wild pitch. The Redbirds committed two errors.

Hereford scored first with four runs in the second inning. Larry Minks and Steve Hodges singled, Ronny Duncan was safe on an error, and Charlie Moreno walked. All four runners scored on passed balls and wild pitches. Friona got its two runs in the second on a walk and two successive singles.

The first run scored on an outfield error and the second came in when a throw from the outfield bounced over the back-stop. The final Hereford run came in the sixth. Lynn Cook struck out on a bad pitch that got away from the catcher. Two throwing errors allowed Cook to get completely around the bases safely to score.

Ireland was the fourth most popular destination named by passport recipients in the first quarter of 1964, according to the U.S. Passport Office.

Workshop Set For 4-H County Adult Leaders

An all-day recreation workshop for adult leaders of 4-H clubs will be held Friday in Community Center with Miss Lucille Moore, recreational specialist from Texas Agricultural Extension Service, College Station, directing the program.

Adult leaders of the nine 4-H clubs in the county and some demonstration club recreational chairmen or representatives have been invited to attend this session beginning at 9:30 a.m.

Conducting this workshop for training recreational leaders, Miss Moore will direct preparation, planning, and leader-performance in four areas: subject matter groups, regular club programs, Share-The-Fun Festivals, and county 4-H camps.

Local Extension Agents Jean Beene and Lefty Thomas urge each club leader to attend this important training session or send a participating representative. Those attending should bring sack lunches and plan to share in the day's activities.

Listed as probably workshop participants, Mrs. Beene stated, were Mrs. Melvin Summers, Mrs. W. H. Goetsch, Mrs. Hugh Clearman, Mrs. A. J. Bezner, Mrs. F. A. Marnell, Mrs. Leo Witkowski, Mrs. Jimmie Jesko, Mrs. Harold Head, Mrs. Norman Minks, Mrs. H. H. Miller, Mrs. Tony Hoffman, Mrs. Ray Polan, Mrs. Earl Plank, Mrs. Floyd Cole, Mrs. E. C. That Word in Anger...

You spoke it loudly and without concern, but did it solve any problems for you? You told him off, but did you get the order? Sure, relief at the time may seem sweet and bear up your own ego, but soon a dirty, gray regret sets in. Count ten??? Ah, you'd better count to a hundred or more and, by so doing, have a word fitly spoken. God said, "Be not hasty in thy spirit to be angry: for anger resteth in the bosom of fools." Eccl. 7:9. Angry words can't be called back. One can't unsay them. The damage they do may be irreparable. Want to quit your foolishness? Then, seek out righteous men for your companions and ask God to help stay your tongue for, "He that is soon angry dealeth foolishly."

Hereford Area 'Lucky'

Efforts To Expand Sugar Beet Territory Fruitless

By Ovid A. Martin
WASHINGTON — Many farmers trying to get into sugar beet production are finding the door closed.
Inquiries about the prospects come into the Agriculture Department and in several areas efforts are being made to promote the establishment of sugar beet processing plants. Interest is widespread. The latest organized effort was reported in Virginia.
Those hopes were nurtured by a world sugar shortage that sent prices skyward last year. The supply situation has since changed and production again is on the upswing with another period of world surplus possibly in the offing.
As a consequence of this, and because the government controls U. S. Domestic production as well as imports the sugar beet industry is running into a problem of being unable to market all of its current production.
The United States mainland supplies only about 37 per cent of its sugar needs. The rest is imported, under a quota system, from Hawaii, Puerto Rico, the Virgin Islands, the Philippines, and other countries entitled under a sugar control law to share in the American market.
The control program is supposed to stabilize prices and supplies in the interest of consumers and domestic producers.
The government policy has been to guarantee offshore and foreign producing areas shares in this country's market.
When relations with Cuba, long a major supplier, were broken and that country's sugar no longer was admitted, the government began taking controls off domestic production. Congress directed that the Agriculture Department take steps to enlarge the domestic industry by guaranteeing future production shares in areas where new sugar beet processing plants were established under this agency's approval.
More than two dozen areas from Maine to Texas to California sought to get under the production tent.
Out of these, the department approved sugar beet acreage allotments for new or expanded plants in nine areas including Hereford, Texas.
No more will be approved unless Congress so directs in new legislation. The likelihood of Congress doing this is remote. In fact it appears likely that the government may have to impose acreage cutbacks on both sugar cane and sugars grown in this country to avoid a big surplus.
This prospect of a cutback has the domestic industry in an uproar. The import provisions of current sugar control act expire at the end of this year.
But because of sharp differences between domestic producers and their congressional backers on the one hand and U. S. refiners of imported raw sugar, foreign supplying countries and their supporters in Congress, there is great uncertainty as to what legislative action will be taken.
Differences also exist between the Agriculture and State Departments. It is quite possible that all Congress will do is to extend the present import provisions one more year.

In 1965, the lawmakers must enact new sugar legislation or let it expire. It is hardly likely that the industry will let that happen even though they differ.
American refiners want big imports of raw sugar. Imports are their lifeblood. Most refineries are in the Eastern Seaboard states. Congressmen from these states support, for the most part, legislation providing for large foreign supplies.

MR. REILEY USED THE

ECONOMASTER PLAN

Hilmar Reiley is a typical Texas wheat farmer. He raised his spring wheat profits six ways by using the Economaster Plan. So can you. Here's how Economaster used in the fall paid off for Mr. Reiley:

- Higher yields.** Mr. Reiley's 125 acres of wheat produced a substantial yield increase using the Economaster Program. But that's not what made the dollar and cents difference.
- More grazing...** in addition to an outstanding wheat yield, Mr. Reiley was able to graze 90 head of cattle for 110 days without supplemental feed. The Economaster Plan made this possible.
- Premium prices** — tests prove that wheat fertilized with Anhydrous Ammonia has a higher protein and sedimentation value. The Economaster Plan allows you to market your wheat for premium prices.
- Fast start for winter wheat.** The Economaster Plan helps young wheat cover the ground early in the fall. This fast start saves soil losses due to sandstorms.
- Strong plants from the start!** Healthy plants resist winter kill. The quickly available phosphate of the Economaster Plan promotes strong root development early in the season.
- Lowest cost fertility program...** the Economaster program is the lowest cost of plant food materials... pound for pound... of any other program you can buy... anywhere! Add it all up. You'll come to the same conclusion Mr. Reiley did. Economaster is the fertility plan for your wheat! Here's why:
• Economaster uses anhydrous ammonia... made right here in Texas... for the most concentrated source of nitrogen money can buy.
• Economaster uses a high analysis ammonium phosphate. It is even spreading and water soluble. Ready to go to work immediately.
• Economaster paid dividends to Hilmar Reiley six ways. It can help you too.

We are the exclusive Economaster dealer in this area. Our personnel are trained in soil testing and interpretation. They are ready to explain the advantages of the Economaster Plan. They can determine the most profitable application of Economaster for your wheat operation.

And remember, we're ready to serve you with custom application or top-top rental equipment delivered to your farm. Inquire about wheat profits today... Inquire about Economaster!

Tailwater...

roadway."

Price alleges that Godwin is running excessive tail-water for the sole purpose of picking it up again to water his south section, and therefore is in essence transporting tail-water down a county bar-ditch. Godwin on the other hand holds that he is only using "that which is going to waste," and that he is not running "excessive" water into the ditch. Godwin pointed out that he has a pipeline coming down the west side of the land, contending therefore that he doesn't particularly need the tail-water. "I'm just using water that's being wasted," he said.

The problem was tabled pending the outcome of investigation by the High Plains Water Conservation District.

Earlier in the day, commissioners had convened as a Board of Equalization to hear one equalization case, and then recessed the Board until July 27, which will be the next regularly scheduled commission meeting. On July 6 the Equalization Board disposed of nine cases, making slight adjustments in all, lowering the valuation in eight and raising the valuation in one.

In other action during the full session the county fathers authorized gas and water line easements on county roads; approved and authorized the payment of monthly bills; hired Brown, Graham and Glover to do the 1963 county audit; approved the placing of bunting around the courthouse; set the county tax rate at 22%; moved to transfer \$15,000 from the Right-of-Way Fund to the Officers Salary Fund; granted permission for the Rider's Club to use the Little Bull Barn and voted to cooperate with the City of Vega on maintenance of the Vega dump ground.

In approving the final item above, the commissioners pointed out that almost all of the trash from Precinct 4 in the northern part of Deaf Smith County is hauled to the Vega dump ground rather than the Hereford dump, due to the shorter distance. The commission voted to spend \$650 to help the City of Vega develop their new dump grounds, which should take care of the situation for a number of years.

A gas line easement was issued to Taft McGee to cross a county road, while Holly Sugar Corp. was given permission to do the same with an irrigation pipeline. The Holly Easement read simply to cross a county road from Section 133 to Section 154.

McGee plans to cross a county road with a gas line at a point from the northwest corner of Section 95, Blk. K-7, due west across county road 1412, to approximately center of Section 12, Blk. K-7, Deaf Smith County, thence from the southwest corner of Section 95, Blk. K-7, west across county road to approximately southeast corner of Section 5, Blk. K-7, Deaf Smith County.

The court retained the accounting firm of Brown, Graham and Glover of Hereford to do the 1963 county audit after visiting with both Brown and an out of town CPA. The audit is to be completed by early September.

TO LAND OF POI, PINEAPPLE AND PEARL HARBOR — Miss Clydene Allred and her brother, Lynton, begin their sight-seeing and vacation trip Friday when they leave for Dallas and plane flight to San Francisco and thence to the Hawaiian Islands. With Honolulu as a base, they will take side-trips covering the islands of Oahu, Hawaii, Maui, and Kauai. In addition to islands sports, including surfing, they will include an overview of island industries and the educational system in their 10-day time budget. Their return plans call for a short vacation in the Los Angeles area before flight for the Panhandle and preparation for autumn — Miss Clydene's teaching in Lubbock and Allred's resuming studies in business administration at WTSU. Their parents are the Jimmie Allreds, 129 Avenue D.

Three Persons Plead Guilty To DWI Charges

Three persons entered pleas of guilty to separate charges of driving while intoxicated and one person entered a plea of guilty to a charge of swindling with worthless checks, Monday in Deaf Smith County Court, Judge H. C. Williams, presiding. Donald Ray Mauldin was fined \$175 and costs and sentenced to five days in the county jail. Mauldin was arrested July 11 by city patrolmen.

Roberto Serna Garza entered a guilty plea before Judge Williams, Monday, and was fined \$200 and costs and sentenced to five days in the county jail. He was arrested July 12 by a Highway Patrol unit from Dimmitt.

Jose Jesus Zamora was fined \$100 and costs and sentenced to three days in the county jail after he entered a plea of guilty to a charge of driving while intoxicated before Judge Williams. Zamora was arrested by local Highway Patrolmen July 11.

In the final case, Otto J. Janek was fined \$1 and costs and sentenced to one day in the county jail after he entered a plea of guilty to a charge of swindling with worthless checks. Janek had previously entered a plea of not guilty to the charge and had posted bond, but changed his plea Monday to guilty.

James R. Higgins' Rites Are Held

Services were held Tuesday afternoon for James Reid Higgins, 76, Deaf Smith County pioneer who came to the county in 1899 from Odel.

Conducting the services were the Rev. B. L. Davis, pastor of First Baptist Church, and the Rev. H. L. Thurston, pastor of First Methodist Church.

Member of the First Baptist Church and farm and ranch owner, 142 North Texas, Higgins died early Monday in Deaf Smith County Hospital after an illness of several weeks.

Higgins was born January 25, 1888, in Old Fort, Tenn., and came to Texas as an infant. In 1922 he was married to Miss Ella Roenfeldt in Canyon.

His survivors include his wife, Ella, of the home; two sons, Hilton R. and James E. Hereford; one daughter, Margaret London, 726 Ranger Dr.; two sisters, Mrs. Dora Suggs, 501 N. Miles Ave., and Mrs. Mattie Comer, Clovis, N.M.

Interment was in West Park Cemetery with Gilliland Funeral Home in charge.

PROMISSORY NOTE

Schoolchildren in Brooklyn, New York, sent \$1 to CARE, with a note explaining it represented 5 cent fines imposed by their teacher each time they are caught chewing in class. "Be looking forward to further donations," they promised, "because we love to chew."

Hereford Group Present Party For Veterans

Forty-two patients of Amarillo Veterans Hospital attended the Monday evening party in the hospital recreation room with Hereford American Legion Auxiliary Unit 192 as hostesses. Observing their birthdays were 12 of the patients. The auxiliary remembered the day with a birthday card and silver dollar for each of them, including A. J. Ralston and Arch Dobbins from Hereford.

The Hereford group visited with Frank Giles, Sr., also from Hereford. Four of the hostesses visited wards with refreshments for those who could not attend the party.

Mrs. C. O. Wilkins of the Hereford unit served as hospital chairman for this occasion.

Those attending from Hereford included Mr. and Mrs. Ira Ott, Mr. and Mrs. C. O. Wilkins, Mr. and Mrs. W. J. Frost, Mrs. Evalene Potter, Mrs. C. A. Saucy, Mrs. Hazel Sparks, Mrs. Maebelle Wagner, Mrs. Carl Schroeder, and Miss Joan Carlson.

Also present were Mr. and Mrs. W. J. Smith, Amarillo, former residents of Hereford; and Roy Beard, Amarillo.

Some members of the unit will assist in the second cooperative picnic of Deaf Smith County Home Demonstration Clubs at the Amarillo Veterans Hospital tonight.
