Recent Rains Ease City's Water Problem

City Is Operating Within Its Budget

The possibility of a major water shortage in the city of Hereford is past, City Manager Dudley Bayne told the Hereford City Commission at the regular meeting at city hall Tuesday evening.

Bayne told the commission that the total capacity of the

wells, in gallons per day, had fallen off more than two-million gallons per day, during the past three months.

"If the recent dry spell had continued for many more months there could have been a drastic water shortage," Bayne said, "but the recent rains have eliminated any possibility of a shortage at this time."

Bayne emphasized that the decline in the pumping capacity of the wells in recent years could present a problem, if additional wells were not provided.

The commission approved waiting for the construction of a booster station in Northwest Hereford, until a further study could be made of the growth of the city.

Fourteen wells were reported on by the city manager, at the meeting. He gave the drilling date, pump setting, results of yearly tests, capacity in gallons per minute and the present pumping level.

Bayne re-emphasized that there was no immediate problem, but it was a matter of great concern, that should be studied by the commission.

A quarter-annual budget report was presented by the city manager to the commission, with a favorable outlook appearing for the overall budget.

Most of the departments were staying within 25 percent of their proposed budget for the first quarter of the year, with only

It's Your House, Sir

Combination Volunteer Fireman and City Commissioner Albert Maxwell was called out of Tuesday's city commission, when a fire alarm came in to City Fire Marshall Clay Angelo.

Angelo asked Commissioner Maxwell to stay by the phone, while he answered a fire call on Jackson Street.

When Maxwell asked Angelo the address, it turned out to be 307 Jackson.

Maxwell decided it would be better for him to stay by the phone and for him to answer the fire call as the commissioner resides at 307 Jackson.

He arrived at the home in time to prevent any major damage to the house.

The electrical storm at the time apparently started electrical cords on a washing machine flaming.

Maxwell arrived — pulled out the cord — sprayed the hose with an extinguisher and returned to the commission meeting in time to vote for adjournment.

All Registrations Slated for Aug. 26

It's back-to-school time again for 3500 pupils and an estimated 300 school personnel, and except for some minor work yet to be done at two buildings, "everything is in readiness for what probably will be record starting enrollment," says Darrell Williams, superintendent.

Class-work on a full-time schedule with bus runs and the works, get under way one week from today, but enrollment is slated for the day before — Wednesday, Aug. 26, the superintendent explained.

For the teaching staff, school gets under way next Tuesday, and for administrators it starts Monday. In fact, principals are already on the job, and newcomers and others who did not pre-enroll last spring are asked to attend to the enrollment jobs this week between the hours of 9 a.m. and 3 p.m.

Fifty Report For Opening Grid Practice

More than 50 boys reported for the first scheduled workout of the 1964 Hereford Whiteface football team Monday morning with 11 returning lettermen and seven starters returning for the opening workout.

"Our workouts thus far," Head Coach Jack Meredith said, "have shown a lot of enthusiasm and we are expecting a greatly improved team over the 1963 team, which registered a 4-6 record for the past season."

"We have plenty of depth," Meredith continued, "in fact we are two deep in almost every position. This is a great improvement over last season, where we were hampered in many of the games by lack of depth."

"I can foresee a good season for this bunch of boys, as they have shown a lot of hustle and we have the 11 returning lettermen who have the highly valued experience."

The returning lettermen are Lynn Cook, Robert Higgins, Stan Sigman, George Muse, Larry Duncan, Charles Brownlow, Terry Hill, Gene Drummond, Walter Williams, Steve Hodges and Frank Cain.

Cain is the returning starting quarterback from the 1963 squad.

The Herd is picked to finish third in District 1-AAA, with Dumas and Perryton, finishing first and second respectively. The pre-season pick was made by the coaches in the district.

"With the prospective team we can see at this time, there is no

Public Hearing On City School Budget Is Set

Hereford school board has called for a public hearing on the 1964-65 budget for next Monday night in the administrative offices, Superintendent Darrell Williams announced Wednesday.

The public reading is required by law before final budget figures can be approved.

Williams said the overall budget, including new construction to get under way within the year, has been set by the board at \$2,288,461.

The regular current operating expenses have been set at \$1,399,866, the superintendent explained. This compares with a budget last school year of \$1,180,797.

The increase in the operating costs of schools for the next year are brought about largely through the increased enrollment, making it necessary to increase the teaching staff, the superintendent explained.

"In addition to the enlarged staff to man the building classrooms, general costs have increased as well," he added.

Connally to Speak At Holly Opening

Holly officials announced yesterday that Gov. John Connally is scheduled to be the main speaker at the dedication of Holly Sugar Corporation's new \$21-million sugar plant.

The dedication ceremonies are scheduled for September 19, according to Dennis O'Rourke, Holly president.

A program to which the public is invited will begin at 10:30 a.m. at the plant, named in honor of the late Merrill E. Shoup, former president and chairman of the board of directors of the Holly Corporation, who died July 15.

The new industrial facility is located on an 1,800-acre site west of here.

Immediately following the program there will be conducted tours of the plant, according to Plant Superintendent George Cossairt.

O'Rourke said the sugar beet refinery will be able to produce up to 200-million pounds of sugar annually. It has the capacity to operate 24 hours a day, seven days a week, each fall and winter until the entire annual beet crop of the surrounding area and

some parts of New Mexico is converted into sugar.

The Merrill E. Shoup plant will include such innovations as closed circuit television which will monitor some plant operations. Another feature will be the giant R. T. Diffuser, the largest of its kind in the world and the only one in the United States. The diffuser is used in separating the sugar from the beet slices.

In this first year of the new operation, some 27,000 acres of sugar beets were planted in the Hereford area. Growers hope to increase the acreage to near 40,000 for the next season.

Visitors to the Holly plant for the dedication program will be given special gift packages of Holly sugar and other mementos of the occasion, according to Cossairt.

Latest techniques of instrumentation and automation have been incorporated in the new plant which is expected to draw technicians and other visitors from many parts of the world

Minor Thievery Plagues Police; Bikes Stolen

A rash of bicycle thefts and several small thefts have kept the Hereford Police Department jumping this week as they made attempts to recover \$175 in cash, stolen from a cafe, five bicycles and several other small items.

The \$175 was taken from a juke box in T-Bone's Cafe between the hours of 7:30 p.m. Sunday and 6 a.m. Monday.

According to Oleta Weatherly, owner of the cafe, \$40 of the money taken was in bills and the rest was in quarters and halves.

The burglary was reported Monday morning by Mrs. Weatherly.

Four bicycles were stolen from the Hereford Municipal Swimming Pool during the week, with a fifth bicycle being taken from the Rev. Kenneth Irwin's residence, 301 E. 6th. The bicycle was taken between the hours of 6:30 and 10 p.m. Saturday.

The bicycles taken from the swimming pool belonged to Roger Dale Gibson, 239 Star; Eddie

Little League will meet in the Flame Room of Pioneer Natural Gas Co. Friday night at 8 o'clock. Gene Loerwald, president of the league, announced Thursday. All outgoing officers and new officers of both major and minor leagues, and managers are especially urged to attend, although the meeting will be open to all persons interested in the youth baseball program, Loerwald said.

First meeting of Whiteface Booster club will be held next Monday evening at 8 p.m. in the Community Center. The club will begin its annual membership drive and everyone is invited to attend, said Debbis Knox. All parents of the players especially are urged to attend.

Donald Payne, son of Mrs. J. M. Payne, 108 Fuller, received word this week that he had been granted a scholarship at Texas Western College, El Paso. Donald will be a sophomore at the college this year.

Major and All-Star bowling leagues will meet next Tuesday at 8 and 9 p.m. respectively to elect officers for the new year. It was announced Thursday. The sessions will be held in the meeting room at Sunset Lanes. Guys and Dolls mixed couples bowling team will meet Friday night, Aug. 28 at the same place and time.

Alvin Lane Williams Jr., Hereford, is to receive his bachelor of divinity degree at Texas Christian University's summer commencement exercise Friday.

500 Expected For Three-Day Youth Forum

"Youth Forum" is slated to begin at Central Church of Christ Friday, said Marvin Crowson, forum director.

The three-day program is expected to attract more than 500 young people of all denominations in this area. Congregation of the Church of Christ is sponsoring the program, with youth of the church being responsible.

Heading the programs will be Dr. Robert T. Clark, vice-president in charge of research at Harding College, Searcy, Ark. He will deliver talks to the assembled youth on topics varying from moral standards to the truth versus the theory of evolution.

Title theme for the program is "Remember Now Thy Creator".

One entertainment session on the program will be a "hootenanny" to be Saturday night at 8 p.m. in a local gymnasium.

Marvin Crowson, personal evangelist working with the Hereford congregation, said that anyone wanting more information on the forum should contact him at the Central Church of Christ.

Going East? Here's What to See — Part IX

U. S. Industrial Might Displayed

By Sara Gilentine
Gathered around the Pool of Industry, 45 pavilions offer the World's Fair visitor an insight into America's industrial strength. The hundreds of companies which are represented in this area comprise a rough cross section of the nation's economy.

In this area, it is possible to see everything from a museum exhibiting old and odd hats, to a glass-walled candy factory, to a hair coloring display to the world's most powerful searchlight.

The most colorful spot at the Pool of Industry, Every night as darkness falls, a spectacular display of synchronized water, fireworks, color and music laun-

ches evening at the Fair. The largest fountain in the world sends about 10,000 tons of water into the air sometimes as high as 150 feet. Rockets are released from over 450 launchers; lights cast almost 150 million candlepower over sky and water, and the music of a 60-piece symphony orchestra sounds over loudspeakers. Each night one of five different musical programs is presented.

The world of the computer and the methods both man and machine use in solving problems are on display at the International Business Machine pavilion. This 90 foot tall structure is covered with IBM more than 1000 times on the outside of the canvas structure. The pavilion has

LIGHTNING — This tree on Ave. J was skinned up after Monday's thunderstorm. The tree is in the front yard at the Richard Winget residence, 211 Ave. J. Neighbors realized it made "a lot of noise" but didn't know what it hit until next morning. (Brand Staff Photo)

On account of crowded conditions, four classes are to be held in the old Masonic Temple in downtown Hereford, and four first-grade sections from Central Elementary School will be housed in the building. Laetle Smith will be "head teacher" at the farm-out school, Williams explained. At noon, the pupils will be transported by busses to Central cafeteria.

Work on all buildings has virtually been completed except for boiler work at the junior high and Central Elementary. However, those repair jobs are expected to be finished before the arrival of cold weather.

In junior high, seats in the newly remodeled auditorium have not yet arrived, but they are expected to be in place before the opening day of school, Williams said.

"All other buildings have been repaired and cleaned from top to bottom and all remodeling which

Tree Is Struck By Lightning

It doesn't happen often. But lightning took a chunk off a tree at the Richard Winget residence, 211 Ave. J, during Monday night's thunderstorm.

Mrs. Winget and the neighbors said they heard "a big bang" but didn't investigate the situation further. Neighbor children discovered the scarred tree the next morning.

The lightning didn't stop with the tree — it took a small chunk out of the driveway at the base of the tree.

Hereford got more lightning and thunder out of its system than it got rain — official reading said we received .74 of rain. But it sure came with a bang.

By Melvin Young

With the opening days of the 1964-65 school year drawing near, we can't help but wonder what the new enrollment figures will show. Without a doubt, bigger than the figures for the same time a year ago... but how much bigger is the \$64 question.

Central School's remodeling program should be in good shape by the time school starts, with new windows having been added to the building along with a general overhaul throughout. Of course, the proposed new elementary school is barely off the drawing boards so it will be another year before we will be able to take advantage of it. Due to this fact, it looks like at least four sections will be forced to meet in the churches this year.

might have rained only on the "just", but he was having none of that. He figures it's supposed to rain on everyone.

And Dave Alexander always tells us that if it would rain on the "unjust", then we could take a bucket of water and pour it on the "just". Perhaps he has a point.

All the same, the moisture received was very much appreciated.

HB-

Lisle Woodford was a little skeptical about the whole deal. He wasn't too excited about the rain. However, he was up in the air over one little deal. Lisle said he could hardly remember it raining, but allows that he was dozing a little. He awoke suddenly however, when lightning struck near his TV antenna, damaging the TV set and scaring the day-lights out of the Woodfords.

"And after all that, it probably didn't even rain out at the farm", Lisle said. And as usual, he was right.

HB-

Sports fans are optimistic about Hereford's chances on the gridiron this year. Coaches report a large turn-out for the workouts, and the boys are really digging in.

We never know how to evaluate a team, but if the number of boys coming out has anything to do with the final results, then we're heading for a better year.

HB-

The irrigated crops all through the country are looking real fine. We drove up to Gruver

Monday and noted that the irrigated crops all the way are looking exceptionally fine. Cotton in this area is the best we have seen in years, and the milo beginning to turn, so it shouldn't be too long before we see a few loads coming into the elevators.

We ran into Tommy Bryant while in Dumas. Tommy was in the area supervising some work the company had contracted. Also visited with former Brand news man Gardner Collins who is now working for the Moore County Daily News, and dropped by to see John Rowland, advertising manager of the North Plains Press but John was out.

On arriving in Gruver we happened to see our neighbor Earl Cole, who owns a farm in the Gruver area. Mr. Cole purchased the North Plains farm about three years ago. The Coles live directly across the street from our home on Avenue I, but as usual, we have to travel 170 miles to visit with our neighbors.

The 1964 Oasis Shrine Club Circus was a whopping success according to chairman J. W. Robinson, Jr. and Wayne Phillips. The circus performed to a capacity crowd Monday; both matinee and evening shows.

5 'Unreported' Crashes Worry Highway Patrol

Five traffic accidents occurred on rural highways in Deaf Smith County in which the driver failed to notify the proper investigative or law enforcement agencies.

Sergeant W. E. Wells, Highway Patrol Supervisor of this area said here Wednesday that his office investigates every accident they are notified or become aware of.

The Sergeant stated, "the driver of a vehicle involved in an accident resulting in injury or death of any person shall immediately by the quickest means of communication give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest of-

of the Texas Highway Patrol."

The Sergeant also pointed out: "the law requires the driver of a vehicle involved in an accident resulting in injury to, or death, of any persons, or total property damage to an apparent extent of \$25.00 or more, shall within 10 days after accident forward a written report of such accident to the Department of Public Safety. Any person who shall fail to make such report shall be guilty of a misdemeanor and upon conviction shall be punished."

Boynton-Lemons Rites Register More Guests

Additional out-of-city guests at the Boynton-Lemons wedding Saturday included Mr. and Mrs. John Higgins, Portales, N.M.; and Miss Gloria Buchanan, Canyon.

Also present were Mr. and Mrs. Raymond Biggs, Cheryl, Raylene, and David, Panhandle. The marriage of Miss Roberta (Kay) Lemons and Jay W. Boynton was solemnized last Saturday evening in the First Presbyterian Church.

Susan Thompson Ends Vacation With Air Flight

When Susan Thompson, 8, came to Hereford August 9, she really wanted to visit her uncle and aunt, Mr. and Mrs. Darrell Harkins, 420 Schley.

Her real purpose was to have a return airplane trip home. And that she did Saturday by Braniff flight from Amarillo to Oklahoma City, where she was met by her parents, Mr. and Mrs. Ray W. Thompson, Midwest City, Okla., former Hereford residents.

Susan's mother is the former Miss Maxine Ballard, sister of Mrs. Harkins.

Testing Soils Before Autumn Planting Urged

Soil testing should be now in preparation for fall planting, reports Dr. Charles D. Welch, soil chemist with the Texas Agricultural Extension Service.

Early soil sampling is encouraged to avoid the fall rush that crowds the state's three testing laboratories. Samples now being received are mostly from pastures, small grain plots, lawns and flower beds, says Welch.

A total of 19,047 samples were received at the laboratories from January 1 through June 30 this year, compared with 13,171 samples for the same period last year. The soil testing laboratory at Texas A&M University received 9,349 of these samples compared with 7,248 last year, Welch points out.

As expected, a significant increase in tons of fertilizer used has accompanied this increase in the number of samples tested, explains the chemist.

Established legume pastures are among the crops that will need fertilization this fall, the chemist points out. An increasing number of acres are being seeded to vetch, crimson and white clover, and since fertility and lime needs of these crops vary, soil samples should be taken, he says.

Liming is of special importance to East Texas and Coast Prairie farmers, reports the chemist. He says that three-fourths of the East Texas soils and one-half of the eastern Coast Prairie soils need lime, and it should be applied soon for fall plantings.

Letter To The Editor

Editor:

I lived in Hereford over 30 years and found people of Hereford the finest people in the world. I have traveled over lots of it. I am not a Texan, but I love Texas people. We left Texas a few years ago looking for grass; as you know, we are too lazy to farm — nuf said.

Why give all the honors of the labor camp to one person. I am sure Dr. Edwards is a wonderful person and a strong Christian and a firm believer in what she thinks is right. She has spent a lot of time and energy at St. Joseph's Mission, all on her own at times.

But let me tell you that all the people of Hereford — not a few — have built that mission to where it is — Father Raymond had nothing but his two bare hands, and he worked. I know when the blood ran out of his poor hands without a word of glory on his own.

Some of the men and others you mentioned own these houses and collect rents from such. I know: I worked at the camp deal quite a few years myself, and no asked that even their name be mentioned for the work done by them.

And lot of us up to the individual about keeping up and taking care of these houses. I even cleaned out stables, papered them with newspapers and hung up bed sheets starched and ironed to what little wisdom I had. Yes, my bath room was out in the yard and our family and two children were kept clean and well kept with bathrooms in the back yard. Now all are happy and prosperous.

The people of Hereford are good people and thrifty people. So let's stop all this paper talk which is hurting your town instead of helping it and just leave the manager alone who's been out there all the time and the job will be done.

I am a dumb country woman. (Name on request) LaJunta, Colo.

LET'S COOK SOMETHING

Serve Hearty Menus At Cookouts

Juicy Oat Burgers, topped with cheese or onion, served on toasted buns with lettuce and fresh make a filling entree for an outdoor supper.

This recipe for Patio Oat Burgers has been developed for cooking on outdoor grills. There is just the right amount of liquid for moist burgers, but not too much to make handling difficult. The liquid smoke adds an interesting flavor but this is not essential.

Thrifty homemakers know that rolled oats are an excellent meat extender, especially in hamburgers. Not only do rolled oats help to make the food budget go further but, at the same time, they improve the nutritive value by the addition of protein,

important B vitamins, essential minerals, and food energy.

Patio Oat Burgers
1 1/2 pounds ground beef
1 cup rolled oats, uncooked, quick or regular
1/2 cup chopped onion
1 egg
2 teaspoons salt
1/8 teaspoon pepper
1/4 teaspoon of liquid smoke, optional

2/3 cup milk or tomato juice
Combine and mix ingredients. Shape into 8 patties, about 3 1/2 inches in diameter. Grill or broil to desired doneness over low glowing coals, turning once. Serve plain or on bun topped with vegetables, chili sauce, cheese, or sour cream, as desired. Yield: 8 patties.

For memorable summer parties, you need a very special potato salad recipe. One that labels you a fine cook, and is a deliciously welcome addition to any picnic, beach or backyard party.

This recipe combines potatoes, green onions, celery, cucumber, green pepper, radishes and celery seed in a tangy mayonnaise dressing, spiced with Tabasco liquid red pepper seasoning to enhance all the good vegetable flavors.

p.s. When you're toting potato salad for any distance, be sure to keep it well chilled to prevent spoilage.
Tabasco Summer Potato Salad
3 pounds potatoes (8 cups diced)
1/2 cup sliced green onions
1 cup diced celery
1 cup diced cucumber
1 green pepper, chopped
6 to 8 radishes, sliced
1/2 teaspoon celery seed
2 teaspoons salt
1 cup mayonnaise
2 tablespoons prepared mustard
2 tablespoons vinegar
1/2 teaspoon Tabasco

French dressing and romaine
Wash tomatoes; cut a slice from stem end of each; scoop out seeds. Cut a thin slice from each bottom, if necessary, to have stand straight. Drain bean sprouts; mix with French dressing to taste; stuff into tomatoes. Serve with romaine and extra dressing. MAKES 6 servings.
This dressing, on the tart side, mellow after a refrigerator stay.

Chef's Salad Blender Dressing

BLENDER DRESSING

1/4 cup (1 small) coarsely chopped onion
1/3 cup each cider vinegar and dry vermouth
1/2 cup salad oil
1 teaspoon each salt and dry mustard
3/4 teaspoon white pepper
3/4 teaspoon paprika
1/2 teaspoon Worcestershire sauce

Turn all the ingredients into the electric blender; blend until smooth. Pour into a jar; cover tightly and refrigerate at least overnight before using. Shake well before using. Makes about 1 1/2 cups.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.
HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of the introduction of any bill amending a law creating or governing a particular conservation and reclamation district if such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds, or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."
"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 10 proposing an Amendment to Section 51a of Article III of the Constitution of the State of Texas by adding a new Subsection to be known as 51a-2; giving the Legislature the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient, for direct or vendor payments for medical care on behalf of individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance and who are unable to pay for needed medical services; providing for the acceptance of financial aid from the Government of the United States for such medical payments; providing that the amounts paid out of state funds shall never exceed the amount that is matchable out of Federal funds for such purposes; providing further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision.

"The Legislature shall have the authority to accept from the Government of the United States, such financial aid in the form of medical assistance on behalf of the needy individuals sixty-five (65) years of age or over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services, as such Government may offer not inconsistent with restrictions herein set forth."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to the Constitution giving the Legislature the power to authorize vendor payments for medical care on behalf of needy individuals sixty-five (65) years of age and over who are not recipients of Old Age Assistance, and who are unable to pay for needed medical services; providing for the acceptance of funds from the Federal Government for the purpose of paying such medical assistance; and providing that the amounts paid out of state funds for such purposes shall never exceed the amount that is matchable out of Federal funds; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision."

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

ed Caddo yields were equal to or better than those of other varieties grown on their farms. Yields ranged from less than 15 bushels per acre to a high of 84.3 bushels. The high yield was produced under irrigation near Spearman in the upper Panhandle and compared with a yield of 76.1 bushels per acre for Improved Triumph on the same farm.

On a Castro County farm near Dimmitt, Caddo produced 87 bushels per acre as against 42 bushels for Kaw. The 29 growers reported an overall average of 33 bushels for Caddo against a 29 bushel average for other varieties grown on the same farms.

The growers also told Dr. Atkins they liked the agronomic characteristics of the new wheat. Seven said it produced more forage for winter grazing, and the same number said it had stronger straw than the other variety grown and six said it was more hail resistant. On one farm, Caddo was damaged only 8 percent by hail compared with 17 percent of Crockett.

Several of the growers told Dr. Atkins their Caddo had higher test weight per bushel and that it rusted less than other varieties — two very important considerations when selecting a desirable variety of wheat for planting.

Caddo was developed by Dr. Atkins and Dr. Kenneth B. Porter, Texas Station agronomists in cooperation with the U. S. Department of Agriculture. The agronomists pointed out that before the seed of the new variety was released to growers, tests in Texas and over the Southern Great Plains area gave Caddo a rating of excellent on yield, test weight, quality and resistance to leaf rust. It is also widely adapted, including area in Central Texas, they said.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.
SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:
"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."
"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

Junior Funk Gets Judo-ized, Papa Comes To The Rescue

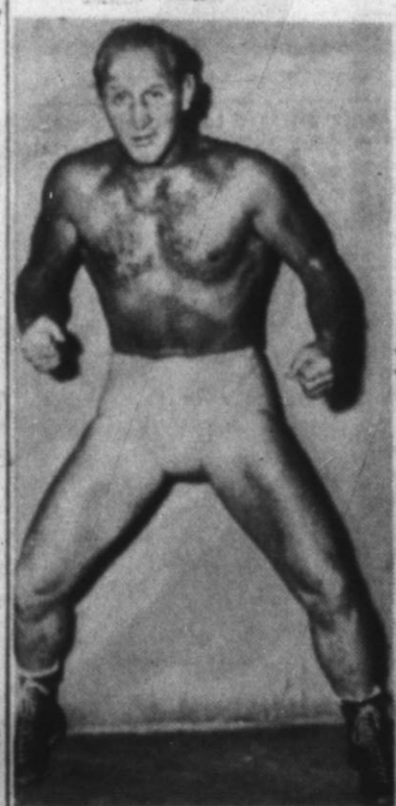

Junior Funk got the judo treatment from the hands (king-sized) of Tokyo Tom at last Saturday night's wrestling series here, so Funk Senior will attempt to "avenge" the situation this coming Saturday night. He'll take on the big Mr. Tom

 Mr. and Mrs. Teddy Lewis Bedwell Jr. are the parents of a son, James Brete, born Aug. 15 at 6:22 p.m. He weighed 5 lbs. 12 ozs.
 Mr. and Mrs. Robert Charles Cole are the parents of twin sons born Aug. 16. The first was born at 5:02 p.m., weighing 4 lbs., 12 ozs., and the second was born at 5:12 p.m., weighing 4 lbs. 9 ozs.
 Mr. and Mrs. John Arthur

in a two-out-of-three series with a 60-minute limit as the headliner.
 Actually nobody won the Saturday night scrap between Dory Junior and Tokyo Tom. The first fall went to the big man from Japan, following a series of body slams and a body press. Then Dory Junior came back to win the second fall with a spinning toe-hold.
 But it was in the third setto that the fireworks broke loose. The referee disqualified Tom for using Judo on young Mr. Funk, so Tom tossed the referee from the ring. Both the Judo and the referee-tossing acts are not considered cricket in wrestling circles.
 Anyway, Funk Senior will seek

to see if he can "avenge" Young Funk's rough treatment from the hands of Mr. Tom.
 In the semi-finals, according to Lion's wrestling manager Slim Wester, Jesus Matta and Black Bart will do battle in a scrap having a 45-minute limit or a two-out-of-three falls decision.
 In the opener, a one fall or 20-minute setto, Jerry London and Bill Graham will mix it up.
 The fight series are held at the Bull Barn each Saturday night, starting at 8:45 p.m. Attendance has been good, and a big turnout is expected this Saturday night in view of the Funk-Tom bad feelings.

Hereford Pioneer, Mrs. Givan, Dies

Services were held Tuesday afternoon in Rose Chapel of Gilliland Funeral Home for Mrs. Bessie E. Givan, 76, Deaf Smith County resident since 1922.

Mrs. Givan, who lived at 505 N. Lee, died Saturday evening in Deaf Smith County Hospital after a two-weeks' illness.

She was born Oct. 24, 1887, in Shelbyville, Mo. She was married to Frank Givan in 1920 in Quincy, Illinois. Mr. Givan preceded her in death in 1945.

Homemaker and member of the First Christian Church, Mrs. Givan since coming here in 1922 maintained an interest in travel. Annually she made train trips to California, Missouri, and/or Kansas to visit relatives. High point of each year, it seemed, was her return to Shelbyville, Mo., for the Old Settlers Reunion in late August, and she had planned on attending this year. The organization that otherwise held her interest most was Cal Farley's Boys Ranch.

Immediate survivors, all of whom were present for the services Tuesday, include one sister, Mrs. Goldie Nichols, Shelbyville, Mo.; three nephews, Joe Mac Stuart, Albuquerque; Frank Fowler, Parsons, Kans.; and William Mann, Los Angeles, Calif.; and one niece, Mrs. H.

Mrs. Bessie E. Givan

Van Strein, Crescent City, Calif.

Other kinsmen and near relatives attending the final rites were Mr. and Mrs. L. S. Thomas, Coffeyville, Kans.; Mr. and Mrs. Bill Stuart, Taos, N.M.; Lee McElhane, Brookfield, Mo.; Mrs. Joe Mac Stuart, Mrs. Frank Fowler, Mrs. William Mann, and H. Van Strein.

Interment was in West Park Cemetery, under direction of Gilliland Funeral Home.

When Sam Sneed shot a pro-amateur 67 preceding the ICO tournament he said, "Well, at least I got my caddy fee for the tournament." He earned \$225 with the 67.

Ever add herbs to the flour or crumbs you use for dipping chicken that is to be fried?

Ever served freeze-dried foods? Freeze-dried chicken noodle soup, beef noodle soup and shrimp creole are rated excellent by U. S. Department of Agriculture food experts. And if your family is looking for foods to take along on a camping trip, there's a variety of freeze-dried products especially tailored for the camper. They are lighter than canned foods and don't need any refrigeration.

Porcupines have an insatiable craving for salt. The prickly animals often break into homes and summer cottages to chew furniture or anything that may have been touched by human hands and become impregnated with salt from perspiration.

Annex School Area Defined

Superintendent Darrell Williams Wednesday afternoon outlined the boundaries of Central annex, the old Masonic Hall at Sampson and E. 5 for four first-grade rooms.

All first graders (and only first graders) who live within this territory are to report to the Annex on the first day of school.

Every child living east of Main Street, south of Park (the center of the street), north on 25-Mile Ave. to Union, east on Union to Ave. E. and then to Park.

The Masonic Hall is being pressed into service this year until construction of another elementary school is completed.

Collier Strikes Out 18 Taking 18-0 Victory

Jimmy Collier struck out 18 batters and pitched a no hit game as he led the Hereford ABC Baseball team to an 18 to 0 victory over the Larrriatt nine at Larrriatt Sunday. Going into the sixth inning Collier had a perfect game but a walk and an error in this inning ruined his perfect game and allowed the only two Larrriatt players to reach base during the game. The Hereford players gave Jimmy good backing with a 23 hit attack against three Larrriatt Pitchers.

The Hereford team will play Nazareth Sunday at 2 p.m. at the High School Baseball Field. Nazareth is one of the better teams of this district.

Everyone is invited to attend.

Many Tongues Used In State Fair Exhibition

Big Tex may speak with a solid Texas twang, but one major feature of his 1964 State Fair of Texas in Dallas will tout its wares with a strong foreign accent. Dates of the 1964 exposition are October 10 through 25.

The International Bazaar, popular feature of the Texas International Trade Fair in the World Exhibits Building, offers for sale items which represent all parts of the world in what is truly a global shopping center.

Bazaar stands, containing a variety of goods ranging from gem stones to candles, will create an air of an Old World marketplace.

From India there will be brasses in vases, lamps, trays and jewelry. Hand-woven cloth and carved pieces of mother of pearl from the Philippines, beautiful primitive wooden carving from Africa and shells from Japan, Okinawa and other Pacific shores will be for sale.

Candles will come from Belgium, France, Britain, Italy and the Scandinavian countries. Carved wooden articles from the Holy Land and Majorca, silk cloth in bolts and beaded sweaters from Hong Kong and Tibetan plaids from Scotland will add to the variety. Antiques, gift items and rich embroideries from the Orient and French gold baskets will be included with thousands of other items.

Taking part in the 1964 Trade Fair will be Belgium, Finland, France, Germany, Israel, Italy, Japan, Mexico, League of Arab states, Sweden and the United Arab Republic.

Each foreign nation will have a special recognition day at the State Fair and will receive a salute from the exposition at formal retreat ceremonies on the plaza before the Hall of State.

A colorful folder giving detailed information on the 1964 State Fair may be obtained free by sending a post card to Folder, State Fair of Texas, Dallas 26.

RODEO PRACTICE AT BOYS RANCH — The bulls and broncs are starting to pitch at Boys Ranch as the boys begin qualification rides for their 20th annual Boys Ranch Rodeo that will be held for two afternoon performances over the Labor Day weekend. All of the boys would like to enter as contestants, but only about 100 will be selected to ride for the honors and prizes of the rodeo. All of the boys will participate, however, either as contestants or working at one of the many jobs connected with the event. The adult members of the Ranch staff also have a big part. The dates are September 6 and 7.

Good vegetable combination: cooked diced beets mixed with buttered, chopped spinach. Five homes can be built from the wood of a single 300-foot-tall West Coast Redwood tree. Curry powders vary in strength, shop around and find one that just suits your taste!

Rambler Classic 770 "Cross Country" Station Wagon

Year's best savings on a best-selling wagon!

Rambler's Year-End Selling Spree is on now. Even during the regular selling season you could save \$240 or more* over a top-size Ford or Chevrolet. Now you may save even more because Rambler dealers are really dealing to clear the decks for the '65s. You get smart, sporty looks and more V-8 power than the standard V-8 in a Ford or Chevrolet wagon. With Rambler, too, you get Double-Safety Brakes, Deep-Dip Rustproofing, and other advantages you can't get on the other two best-selling wagons.

Live a little—with your savings, choose from sporty options like reclining bucket seats, console, floor shift (manual or automatic), power steering, power brakes, power windows... and lots more. Drive a Classic wagon to see how much car you've been missing.

*Comparisons based on manufacturers' suggested retail prices for top-line 4-door wagons with V-8 engine, heater and front seat belts. Prices may vary with dealer's individual pricing policy.

Two Speakers Heard By City Garden Club

Jean Beene, assistant county home demonstration agent, and Mrs. O. G. Hill Sr. were speakers on the program of landscape design for Hereford Garden Club

at their Friday brunch-meeting in the home of Mrs. Jeff Roberson, 137 Avenue D.

In discussion of "General Principles of Landscape Design," Mrs. Beene three areas of the home benefited by application of adequate landscaping: beauty, comfort, and increased property valuation. She stressed three focal points of interest for landscaping the home — the service

area, the outdoor living area, and public viewing expanse. Important centers of interest to be kept in mind include maintenance, type suitable for family, and materials to be used.

Mrs. Beene gave each member a copy of the booklet "Planning Guide for Home Landscaping."

"The Outside Living Room" was the subject Mrs. O. G. Hill Sr. discussed, pointing out that the room should be accessible, should meet family needs, and should be formal or informal depending upon size and purpose of the area. She emphasized that furniture for the outdoor living area should be selected with care.

A display of books and pamphlets on landscaping was arranged and thumbnail reviews presented by Mrs. Ben Childers.

Mrs. John N. Jacobsen Jr. opened the meeting by directing in unison "The Gardener's Collect." Mrs. S. S. Williams, club

president, conducted a brief business meeting.

Brunch was served in the garden from a table centered with a tiered arrangement of tiny yellow and white chrysanthemums combined with white and purple cocktail grapes in milkglass stemmed plate in fluted bowl. Open-faced sandwiches and coffee were served, and iced cokes were available from special garden cart.

Jean Beene was special guest for this brunch meeting.

Members present were Mrs. Emmett Hale, Mrs. R. L. Wilson, Mrs. C. D. Kelton, Mrs. Jeff Gibbreath, Mrs. Jacobsen, Mrs. Williams, Mrs. Roy Calvert, Mrs. W. C. Hromas, Mrs. Hill Sr., Mrs. Ray Johnson, Mrs. A. L. Manjeot, Mrs. Childers, and the hostesses, Mrs. Ray Carille, Mrs. Arthur Stoy, and Mrs. Roberson.

Through good books the sages of the ages may speak to the children of this age. Good books are antidotes for juvenile delinquency and for adult delinquency. Good books increase our joys, soften our sorrows, ennoble our friendships, enlarge our ideals, refine our ambitions, guide our energies, feed our souls. They are companions in loneliness, friends in trouble, tools for work and guides in wayfaring. The church and the church library offer you books that will keep your boys from being crooks. Books help mold minds.

HD Profile — No. 3

Busy Club Leader Is Mrs. Northcutt

Editor's Note: This is the third in a series of profiles on presidents of Deaf Smith County Home Demonstration Clubs. Each president will continue in office until December 31, official end of the county home demonstration club year.

Searching for someone to sponsor and organize a community political rally? Needing director of Girls' Town project to its completion? Looking for active committee member or chairman, club delegate or president? Seeking experienced coach for den mothers or Future Homemakers of America chapter parents? Answer to these problems Messenger Home Demonstration Club could supply in their president, Mrs. Elmer Northcutt. With full assurance all Messengers would recommend Mavanea Northcutt, member of the club for 15 years, now serving a second two-year term as club president.

In this capacity she is a member of Deaf Smith County Home Demonstration Council, serving on its present education committee. Having been past HD council delegate and member of most club committees, Mrs. Northcutt is well qualified as a leader of her organization. She faithfully attends all county workshops for home demonstration work. Her co-workers agree that Mrs. Northcutt is often at her best when she is working with committees for a club-sponsored political rally to be held at Wallcott School, center of the community. For such rallies the club brings all elements of the community to focus on this special

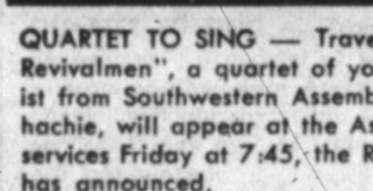

Mrs. Elmer Northcutt Messenger's Own

event to keep the community informed on election issues and qualifications of candidates.

Mrs. Northcutt feels that this concerted effort promotes good citizenship among youth and adults and encourages voter participation. At the rally last April to which area candidates of all political parties were invited, the arrangements committee also invited national party leaders and other dignitaries to be present. President Johnson sent a special letter for the occasion, as did Rep. Walter Rogers, Pampa, who could not be present.

This community-wide occasion the Messenger Club uses as its best fund-raising event. Mrs. Northcutt is an old hand at organizing the pie supper and the quilt raffle, both good money-makers for the club. At the April rally, which cleared \$300 for the club, the Messengers' handmade quilt brought \$38 in the raffle. Some of the club's most rewarding work, Mrs. Northcutt feels, has been their projects in behalf of Girls' Town, Whiteface. Members made curtains for the dining room; and when they took them to Girls' Town to hang them, they also took club-made pajamas for the girls. If that was an event for the girls, it also was a memorable one for those club members who participated in the all-day visit at Whiteface, had dinner with the girls, and toured the facility with them, Mrs. Northcutt pointed out.

Experience as club scout den mother, as chapter parent for Future Homemakers of America, and as honorary member of that organization, Mrs. Northcutt gained while she and husband, Elmer, were raising their family: their son, Jerry Kemp Northcutt, who now lives with his wife Pam and their son Jerry Kemp Jr. near Friona; their daughter Wanda, now Mrs. Bill Page, who with husband Bill lives at 323 Ave. K; and their nephew, Tommy Northcutt, who since infancy has made his home with the Northcutts.

Letter To The Editor

Editor:

Many Anglo-Saxons in West Texas don't consider a Mexican descent as white.

To me these people are ignorant or had little or no education. These people need to be informed and made aware that a Mexican belongs to the white race.

The French, Italians, Spanish and Portugese are Latins. The reason is that their languages came from Latin. All these countries in Europe are white Caucasian, Spain being the mother country of Latin America (South America, Central America and Mexico) makes it's daughter countries white Caucasian also.

Also, the Anglo-Saxon is a member of the English-speaking world. A person who in any period of history has spoken English.

Both, Latin Americans and Anglo-Saxons belong to the white race.

Many Mexican-descents, who are born in the United States don't like to be call Mexican. They rather be called Spanish. They don't consider themselves Mexicans, because they weren't born in Mexico; yet they weren't born in Spain, they consider themselves Spanish.

Our grandfathers came from Spain to Mexico. The first generation born in Mexico were Mexican citizens of Spanish-descent. That same generation (born in Mexico) came from Mexico to the United States; which makes the generation born in the United States a United States citizen of Mexican-descent.

Some of these people are so ignorant, that they consider being called a Mexican a disgrace. Each and every Mexican-descent should feel honor when called a Mexican; because Mexico is a great nation, that is working side-by-side with the United States for the betterment of the two nations. Also the Mexican-descents of the United States are a proud people, who prefer to leave their homes to work even in the fields, rather than depend on the aid of the welfare or the government.

es. He is ready, however, to begin the school year as a senior at Grady, N. M., High School.

Son Jerry Kemp lives on the same farm and ranch as his parents; and his wife is the new president of Messenger Club for 1965.

Born in Gatesville, Mrs. Northcutt came as a child to Hereford with her family and received her education in the Hereford Schools. In 1938 she was married here to Elmer Northcutt of Clovis, N. M. They settled on the farm and ranch just eight miles from the Texas-New Mexico line. Through the years their activities have bridged the line, as the nearest bus route carried their children to New Mexico high school.

She is an active member of the Broadview, N. M. Church of Christ.

From her continuous membership in Messenger Home Demonstration Club, Mrs. Northcutt is sure that she has become a better homemaker, manager, and mother. Her family, she says, has learned much with her from her club experiences. All of them look forward to Messenger Club "get-togethers." As to Messenger Club members, they always participate enthusiastically in club activities with Mrs. Northcutt, whether she is just another club member or serving again as their leaders, "Madame President."

"Monday our 4 El Paso stations switched to Shell!"

...says Deward B. Roberson, Hereford oilman

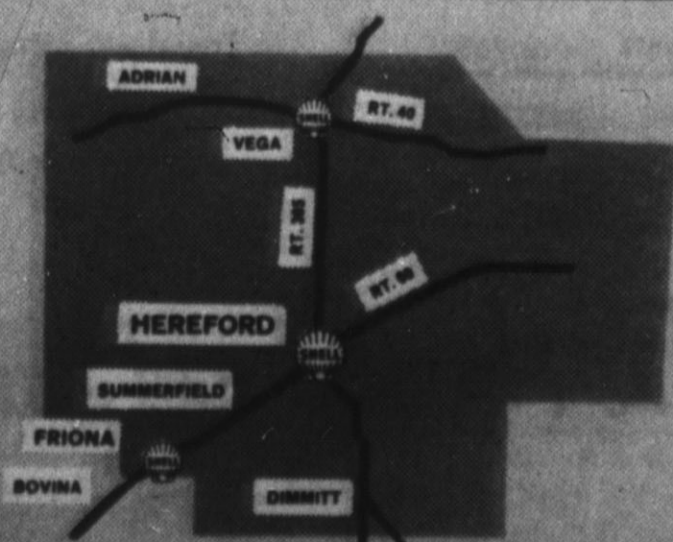

We've fixed up, painted up, polished up our 4 service stations in the Hereford area. And we're ready to serve you now, better than ever before!

If you did business with us before, rest assured that we'll be aiming to give you the same fine service. Only now, you'll be able to fill up with Super Shell gasoline. That's particularly good news for mileage-conscious motorists. So, look for the bright-red-and-yellow sign of the Shell. Stop by and discover what Shell products and service can mean to you and your car. And be sure to watch for our "Get Acquainted" celebration.

SEE AMERICA BEST... BY CAR
