This car driven by Alfred E. Smith, police said, crashed into the front of Lemon Brothers general store in Barnwell, S. C. Three hours later the building is shown after the entire front of the building caved in on the car. Police said Smith was driving at a high rate of speed and turned his car into the front of the store to keep from crashing into the police station. (AP Wirephoto).

## Air Force Essay Champs Leave Webb For Capital On Saturday

The letter "W" can stand for many things—Webb Air Force Base, Williams Air Force Base, and "Winner" among them.

In this case the 23rd letter of the alphabet is synonymous because the two winners of the ATRC-wide essay contest "Responsibilities of Citizenship in the Air Age" are from Webb and Williams. When a military aircraft from Phoenix, Ariz., touches Webb's runways at 4 o'clock this afternoon, both contest winners will be in Big Spring.

Fred Kober, 15, quarterback on the North Phoenix, Ariz., High School football team and "Willie Air Patch's" essay-winning entrant, will be aboard that plane.

Webb's own honorary-base commander, Miss Alice Ann Martin, daughter of Mr. and Mrs. Dewey Martin of 806 East 15th Street and a 15-year-old senior at Big Spring High School, is the other joint winner of the coast-to-coast contest.

Final preparations at Webb Friday will be a springboard for the five-day trip planned in honor of the two winners—a trip which will be climaxed by three days in Washington, D. C., where they will meet the President of the United States and several high ranking government and military officials.

Both Fred and Alice Ann and Mr. and Mrs. Dick Clifton, representing the Big Spring Kiwanis Club, will be guests of the Webb AFB commander at a dinner in Ellis Hall at 6 p.m. Since Col. Fred Dean is out of town, he will be represented by Lt. Col. Alec B. Streets who served as Webb chairman for National Kids' Day.

Following the dinner the two winners and their military escorts will be guests of Dick Clifton, who was Big Spring Kiwanis Club co-chairman for Kids' Day, at the Big Spring-Yaleia high school football game.

Miss Martin and Kober will be escorted to Washington and back by Lt. Col. John Bule, of James Connally Air Force Base, Waco, and Lt. Dennis E. McClendon, public information officer at Webb. On Saturday morning winners and escorts will take off on the first leg of their air journey aboard a Flying Training Air Force B-17. This four-engine, converted, heavy-bomber transport is scheduled to arrive at Webb Friday on the heels of the "Kober Plane" from Phoenix.

Actual takeoff Saturday is scheduled for 7:45 a.m. Mayor G. W. Dabney, officials of the Chamber of Commerce and Big Spring Kiwanis Club, and the Webb commander and his staff will be on hand for a plane-side sendoff at the base operations building on the flight line.

Thanks to Big Spring merchants and businessmen and the Kiwanis Club, Alice Ann is well prepared for the trip. Formal and traveling attire, cologne and corsage were given by merchants and businessmen and traveling luggage by the Kiwanis Club.

The first leg of the contest-winning trip will take the two winners to East St. Louis, Ill., home of Air Training Command Headquarters at Scott AFB, by Saturday noon.

While there they will be guests of Lt. Gen. Robert W. Harper, commander of ATRC, Saturday afternoon and evening. On Sunday morning it's goodbye to ATRC Headquarters and on to their final destination—Bowling AFB and the nation's capital.

Fred and Alice Ann will be in Washington, D. C., Sunday, Monday and Tuesday nights before returning on a non-stop flight to Webb on Wednesday. While in Washington, they will meet the President, the Secretary of the Air Force, and the Air Force Chief of Staff and will receive guided tours to points of interest throughout the city.

Fred and Alice Ann will be at Bowling as guests of the Air Force during their Washington visit.

This trip had its beginning last Kids' Day when high school children from coast-to-coast entered base level essay contests. Base-level essay winners then entered command-level contests with this trip as the prize.

Clifton and Troy Harrell of the Kiwanis Club were co-chairmen of the Kids' Day program in Big Spring.

**Excess Weight May Have Saved Woman**

PHILADELPHIA (AP)—Her excess weight may have helped save the life of a 45-year-old woman who fell 13 stories from a hotel window, Jefferson Hospital physicians say. That, plus the facts that a skylight broke her fall and she landed in a sitting position.

Staff doctors said Mrs. Betty Green Kaskin's plumpness cushioned the shock. And while in a sitting position, they explained, the body is best able to diffuse shock. The woman, who is reported recovering from the fall Nov. 13, suffered a number of cracked vertebrae, broken ribs, a torn kidney and compound fractures of the right leg.

### AWAITING WORD FROM MOSCOW

## Red Diplomats Give U. S. Envoy Steady Abuse At Agenda Meet

By SAM SUMMERLIN  
PANMUNJOM (AP)—Communist diplomats fired a stream of abuse at U.S. Ambassador Arthur H. Dean today instead of answering his repeated demands to explain their "fuzzy" plan for neutrals to attend the Korean peace conference.

Dean said the Red "harangue" probably was just a stall until Peiping or Moscow sends orders to Communist diplomats meeting at Panmunjom to plan the conference.

Dean said Friday's subcommittee session on composition and site could be written off "as a kind of zero."

Another subcommittee working on a starting date reported no progress.

Both are scheduled to meet again Saturday.

The Communists want non-belligerent nations to attend the conference without a vote on major issues. They apparently have abandoned early demands that some non-belligerents have full participation—a plan exactly opposite the U.N. proposal for a meeting of only those nations which fought in Korea.

Dean's pressure on the Reds to give details of their proposal indicates the Allies might be willing to reach some sort of compromise.

He told the Reds Friday: "You cannot expect me to consider seriously, nor to pass on to the other 16 nations whom I represent, those aspects of your proposal which are far from clear. I cannot transmit that which is fuzzy."

When he left Washington, Dean bore instructions only to "exchange views" on composition.

Dean said the Communists would not explain what observers would do at the conference.

Instead, he said, they delivered a "long, abusive, ill-tempered harangue. . . (and) attacked me for being a warmonger, having lack of faith, and trying to postpone the political conference."

"They warned me," Dean said, "that under no circumstances was I again to refer to the U. S. S. R. as not a neutral."

On the dispute over a site, Dean asked the Communists why they do not investigate facilities at Stockholm, Rio de Janeiro, Mexico City, Rome and Madrid. The Reds are insisting on Panmunjom, which Dean rejects. They have opposed Allied suggestions of Honolulu, San Francisco, and Geneva.

Meanwhile, Communist efforts to woo home anti-Red Chinese and Korean prisoners of war remained stalemated with the Reds and custodian Indian command deadlocked over the number of POWs to be interviewed daily.

So far the Reds have won back only about 3 per cent.

Miss Martin and Kober will be escorted to Washington and back by Lt. Col. John Bule, of James Connally Air Force Base, Waco, and Lt. Dennis E. McClendon, public information officer at Webb.

On Saturday morning winners and escorts will take off on the first leg of their air journey aboard a Flying Training Air Force B-17. This four-engine, converted, heavy-bomber transport is scheduled to arrive at Webb Friday on the heels of the "Kober Plane" from Phoenix.

Actual takeoff Saturday is scheduled for 7:45 a.m. Mayor G. W. Dabney, officials of the Chamber of Commerce and Big Spring Kiwanis Club, and the Webb commander and his staff will be on hand for a plane-side sendoff at the base operations building on the flight line.

### Red Officers Refuse To See Three Who Bolt

By WILLIAM BARNARD  
PANMUNJOM (AP)—Communist officers today refused a face-to-face meeting with three Korean soldiers who last night bolted from a Red troop unit and were given refuge in an American sentry box.

The three said they were South Koreans and were shanghaied into the Communist army after being captured.

The Reds insisted that the three be returned immediately, but the U.N. Command said they would be turned over to Indian custody. If they refuse to go back to the Reds all presumably would be liberated in South Korea.

An Indian spokesman for the Neutral Nations Repatriation Commission said, "No single man on the commission can decide this and it will have to be discussed at the full sitting of the commission tomorrow."

Communist members of the Panmunjom joint observer team refused to appear today for an investigation to determine the identity of the three fugitives.

The three soldiers, still dressed in Communist uniforms, talked to United Nations newsmen through an interpreter.

They were captured by the Communists in 1950 and 1951 and forced into the Red armies as laborers with a North Korean army unit.

After the armistice, they were among 100 prisoners who signed a petition asking to be sent back to South Korea. They were promised repatriation, but later were told they were not prisoners of war but members of the North Korean Red army.

The Koreans appeared exhausted but willing to talk. They said they had walked from Chungwa, five miles south of the North Korean capital of Pyongyang, day and night for almost three days to the neutral zone, where they bolted to Allied lines.

The three said they all were born near Pusan. They identified themselves as Sgt. L. C. Song Sang King, Pfc. Tak Ha Suk and Pfc. Kil Hu Bong.

**Sanity Hearing Is Asked For Kidnaper**

MUSKOGEE, Okla. (AP)—Attorneys for 17-year-old accused kidnaper Mrs. Tommie Dene Doughty have filed a motion for a sanity hearing.

Her lawyers, Cleon Summers and Duane Stratton, claimed yesterday in federal court Mrs. Doughty, charged with kidnaping 5-month-old Richard Lee Stammers from his Evansville, Ind., home Nov. 6, is mentally incapable of committing a crime in the legal sense.

The ex-carnival strip-teaser was arrested with the baby at her father's home in southern Oklahoma. The child was unharmed and was reclaimed by his parents.

### Jenkins Quits At Coahoma

The resignation of M. T. Jenkins, for the past seven years vocational agriculture instructor in the Coahoma High School has been announced.

He and Mrs. Jenkins will move to El Paso before Dec. 1, where on that date he will become manager of the livestock and agricultural department of the El Paso Chamber of Commerce, and will have charge of the annual Southwestern Livestock Show, the 1954 dates for which are Feb. 8-13.

Mrs. Jenkins, who has also been a teacher in the Coahoma school, will probably accept a similar position in the El Paso school system, she indicated.

Reports from El Paso are that Jenkins has been under consideration for some time for the new post, since he has consistently attended that show with members of the Coahoma FFA Chapter who have shown livestock there. He also organized an annual FFA Chapter show at Coahoma which has been regarded as one of the very best chapter events in Texas.

Jenkins has been particularly successful with lamb feeding projects. He is a veteran of World War II.

**Truman Makes Talk, Ignores White Issue**

By CLARENCE A. JOHNSON  
KANSAS CITY (AP)—Harry S. Truman had the time, the place and the audience last night to add verbal fire to the Harry Dexter White controversy, but he didn't.

Thus it was the former President stuck to his oft-repeated statements he would have no more comment to make in the blistering crossfire of charges arising from the issue.

He spoke briefly to about 350 members of the Jackson County Young Democratic, Inc., at a dinner meeting. They cheered him. He smiled, said he was happy to be there.

Once he referred to the "controversy this week" and then read from several of the telegrams he had received after his speech Monday night.

That was when he replied to charges of Atty. Gen. Brownell that he kept the late Harry Dexter White in government service when he knew him to be a Communist spy.

One of the telegrams, he said, read: "Give 'em hell Harry. The newspapers need the money."

Earlier, in his off-the-cuff speech he had said the Democratic party has "no outlet for facts in this country," with 90 per cent of the newspapers against it.

The former President also told the Democrats: "Since the time of Jefferson the people have tried to keep the government out of the hands of special privilege. The Democrats always have tried to do this, but we didn't succeed very well last year. 'What we need to do is to set our house in order here at home, and we must have a vigorous Democratic organization to present the facts to the people of the United States. If we do, after the next election we can have forward-looking men in Congress.'"

Truman apparently had anticipated that some in the audience would expect him to say something stronger on the White controversy. But as he left the banquet room, he saw a newsmen at a telephone. He smiled, put his hands on his hips, and said: "Ha! I fooled you, didn't I?"

**Livestock Roundup Gives Industry Its Vote Of Confidence**

FORT WORTH (AP)—The livestock industry of the Southwest has received a vote of confidence at the Texas Livestock Roundup.

Livestock authorities said yesterday Texas livestock men face a period when good management and attention to business details is going to be an absolute necessity.

The Southwest livestock industry is up to the challenge though and will come out of the critical period in good condition, the industry's representatives said.

The roundup was attended by more than 500. They heard unsettled conditions may continue for a while. Rep. W. R. Poage predicted Congress would continue the high fixed price support at 90 per cent of parity for basic commodities.

Poage said the farm problem is due to the failure of consumption to keep up with production. B. W. Allred, regional range specialist for the Soil Conservation Service, said the Texas ranges are able to come back better than most people believe.

**Benson Says Steady Subsidies No Answer**

BOSTON (AP)—Secretary of Agriculture Benson said today a sound and prosperous agriculture cannot be built on "continuous subsidies from the federal Treasury which result in burdensome surpluses and loss of markets."

Instead, Benson said, farm prosperity must depend on a strong demand for its products in the market place.

He told the New England Council of the contentions of those who advocate high farm price supports and those who want the support level flexible and dependent upon the level of supply.

There has been speculation that the new farm program the Eisenhower administration will present to Congress in January will call for flexible price supports.

Benson said the choice between the two kinds of supports "is a choice between more freedom with less security and less freedom with—for the time at least—greater security."

"It is the difficult but unavoidable responsibility of our generation to make a choice," Benson said. "And it is also our responsibility to weigh, in the process of choosing, immediate advantages against ultimate advantages and

immediate goals against those for the longer range.

"Involved in this responsibility is the question of whether we want price supports which expedite shifts in production and supply, in accordance with changes in demand. Stop-loss price supports would tend to promote such shifts. Of course, they would not be painless. But when the shifts had been made, and many are needed, we would be producing what the market wants. We would be producing for use, not for adding to surpluses."

Benson said he thought it was possible to work out a system of price supports without hampering necessary production shifts, without piling up excessive supplies, without pricing products out of markets, and without a heavy and continuing drain on the public treasury.

"Let me repeat that we cannot long postpone our decision," Benson added. "We cannot continue on the present course of ever-growing surpluses and ever-increasing drain on the national treasury."

"Above all—and at all times—we must be certain that the programs developed are programs for all the people."

**Benson, Grange Agree That Present Farm Plan Imperfect**

BURLINGTON, Vt. (AP)—The National Grange and Secretary of Agriculture Benson were in agreement today that existing farm-aid legislation is far from perfect.

In resolutions adopted last night the Grange said it favors keeping present farm programs until desirable changes could be made

without forcing agriculture to take an economic nosedive.

But it made plain that changes could be made only after it is evident that they would contribute to farm prosperity and a maximum freedom from government control.

In a speech prepared for the New England Council in Boston today, Benson said a sound and prosperous agriculture cannot be built on "continuous subsidies from the federal Treasury which result in burdensome surpluses and loss of markets."

In his talk in Boston and before the Grange's 87th annual session last night Benson said that farm prosperity must depend on a strong demand for its products in the market place.

The farm organization suggested measures to achieve this—a two-price system, cooperation among growers, processors and distributors to sell surpluses, lowered trade barriers, an emergency food stamp plan to move extra supplies to dinner tables of the needy, and farm production payments.

A two-price system would offer extra supplies abroad at lower prices than those prevailing at home.

**Tentative Agreement Reached With Temco**

DALLAS (AP)—Temco Aircraft Corp. and the CIO United Auto Workers officials have reached a tentative agreement on a new contract.

The agreement calls for an eight cents per hour wage raise for the 4,000 workers in plants at Dallas, Garland and Greenville. Other fringe benefits are included.

Curtiss Thompson, Federal Mediator, told of the accord yesterday. The agreement is subject to ratification by employees at the three plants. Increases will be retroactive to Oct. 12.

### Formal Opening Set Saturday

This new Conoco Station, location at 18th and Gregg streets, will be open for public inspection Saturday during its formal opening event. The area's newest Conoco retail outlet will be operated by Jarrell and James Jones. A number of Conoco officials are due here for the opening. Prizes will be given away, and all Big Spring area residents have been invited to participate.

## New Conoco Station Schedules Huge Opening Event Saturday

Continental Oil Company will play host Saturday to the citizens of the Big Spring area at the grand opening of its new service station at 18th and Gregg.

The station, first of its type to be constructed in Big Spring, is a streamlined building with a spacious sales room, two service bays and three pump islands. It embodies the company's recently adopted standard design, which is being used by Conoco in building new service stations in Southern, Rocky Mountain and Midwestern states.

Free sacks of sugar and first aid kits, in addition to souvenirs for the youngsters, will be distributed at the new station Saturday, said W. J. Leach, district sales representative for Conoco here.

"We expect Saturday's grand opening to be the largest of its type in the history of Big Spring," said Leach.

Lessees of the new station are two brothers, Jarrell and James

Jones, who attended elementary and secondary schools here and who have been residents of Big Spring for 23 years. Jarrell is married and has one child, James is married and the father of two children. Both men have had years of experience in operating service stations.

EARL B. STOVALL

Working with the Jones brothers in the new enterprise will be Earl B. Stovall, Conoco commission agent at Big Spring, and a resident here since 1933.

A native of San Angelo, Stovall is an active member of the Big Spring Chamber of Commerce and the Kiwanis Club. He has been associated with Conoco for 17 years, having served as the company's commission agent here for the past three years. He served three years with the United States Air Force during World War II.

Assisting in the grand opening event here will be members of Conoco's West Texas district production staff, which is headquartered at the company's Chalk Clay oil field about 18 miles south of Big Spring. This group includes G. F. Duncan, district superintendent; Jack Marshall, assistant district superintendent; C. F. Ellis, district petroleum engineer; and B. P. Huchison, district chief clerk and Bud Pickett, Settles Dist.

4 Big Spring (Texas) Herald, Fri., Nov. 20, 1953

Arriving in Big Spring tonight to participate in Saturday's event will be Conoco officials from southwestern region offices at Fort Worth. They include A. W. Tarkington, vice president of Continental and southwestern region general manager; Harold S. Skinner, assistant general manager of the southwestern region; D. D. Christner, regional exploration manager; H. L. Johnston, regional production manager; S. J. Larson, regional marketing manager; S. N. Bell, division marketing manager; and D. F. Clugston, assistant division marketing manager.

Continental Oil Company, a veteran oil operator in this area, is among the many petroleum firms playing an important role in the industrial expansion of bustling West Texas. Conoco produced approximately six million barrels of crude oil last year in West Texas, where it holds leases on about one million undeveloped acres.

The company currently is drilling seven wells in West Texas, five in Crockett County and one each in Pecos and Andrews counties. Four of these wells are exploratory tests.

Continental's top producing field in both West Texas and the state is the Wasson pool in Gaines county. Other leading producers among the company's 15 pools in West Texas are the Settles field south of Big Spring, which straddles the Howard-Glasscock county border; the Elkhorn and Todd pools in Crockett County; and the TXL pool in Ector County.

All total, Conoco has nearly 800 net wells in West Texas producing approximately 18,000 barrels of oil daily.

Although the oil firm's headquarters are at Houston, the company's West Texas area is under the supervision of southwestern region offices at Fort Worth. In addition to its district production offices near here, the company also maintains offices at Midland, Abilene and Brownfield.

Conoco employs some 360 men and women in the Permian Basin area, with a total annual salaried payroll of approximately \$1,900,000. Besides its producing oil wells and offices in West Texas, the company owns 34 per cent of a natural gasoline plant on the Todd ranch near Big Lake.

**Collecting Dust**

As county tax collector Mrs. Viola H. Robinson, usually collects taxes. Here she's collecting dust from an old-fashioned organ that she refinished herself. She's a working wife who keeps an immaculate house by doing the heavy cleaning on weekends and catching up on the light stuff in the afternoons after office hours.

**Want To Know How To Work And Keep House?**

Big Spring women who work and keep house after hours agree generally that the housewife-career woman must have a definite schedule for her housekeeping or she will never get anything done. For instance, if the laundry goes out it should be gathered up on a certain day. Defrosting the refrigerator can be scheduled for a certain evening each week. Women lucky enough to have an automatic defrosting refrigerator needn't read this article any further. That also goes for the ones with automatic dishwashers, ironers and mops.

Mrs. Ruth Apple, owner of the Retail Merchants Association, has to prepare three meals a day for herself and her husband. At breakfast she puts her lunch in the refrigerator and it's all ready to heat

**Immigration Act, Truce Discussed**

The pros and cons of two political issues—the Korean truce and the McCarran-Walter Immigration Act—were discussed at the 1948 Hyperion Club Thursday.

The club met in the home of Mrs. J. G. Tucker. Speakers were Mrs. Robert Whipple and Mrs. R. R. McEwen Jr.

Mrs. Whipple summarized different views as to whether the United States would actually profit from the Korean truce. Mrs. McEwen reviewed the background of the Immigration Act and its provisions.

Mrs. Allen R. Hamilton announced the two remaining dates the club would serve at the Servicemen's Center as hostesses are to be Nov. 30 and Dec. 16.

Mrs. William Boyd, club chairman for the March of Dimes, reported that the drive will start Jan. 2. Members will sell sandwiches at the Christmas parade Dec. 1. It was reported. Nineteen attended.

**Mary Willis Circle Has Luncheon Meet**

Mrs. J. E. Hardesty led the lesson on "Elizabeth, the Mother of John the Baptist," at the semi-annual birthday luncheon of the Mary Willis Circle of the First Baptist Church.

The group met with Mrs. Beulah Bryant. Mrs. Hardesty offered thanks before luncheon. Mrs. H. H. Squires offered the opening prayer.

During a business session the circle planned a Christmas party for Dec. 17 at 3 p.m. at the church parlor.

Six members were present and two guests, Charles and Robert Clay.

**Turtle Club To Have Thanksgiving Party**

The Turtle Club at a meeting Thursday at St. Thomas Church planned its next meeting to be a Thanksgiving party in the home of Sharon Choate.

Mary Hans will be a new member. Barbara Rome was presented a corsage for her birthday.

Angela Fausel won the guessing contest and Becky Chadwick won the concentration game. Jim Dinoff and Duane Quinn were in charge of entertainment.

Verna Gerstner and Ronald Smith served refreshments to 13 members and four guests, who were Becky Chadwick, Kenneth F. Myers, Marie Hice and Bert Segula.

**Shafers At Home After Wedding**

Mr. and Mrs. La Roy Shafer are at home in Vincent after their wedding Nov. 7 in the home of Dr. P. D. O'Brien, pastor of the First Baptist Church.

Dr. O'Brien read the single ring rites uniting the couple. The bride is the former Alma Crittendon, daughter of Mrs. Molly Crittendon of Big Spring and E. C. Crittendon of San Antonio. Mr. Shafer's parents are Mr. and Mrs. Terrell Shafer of Vincent.

The bride wore a gray wool suit with white hat and gloves. Her "something old" was a pearl necklace. Her "something borrowed" was a pair of earrings. A blue garter was her "something blue" and she wore the traditional penny in her shoe for good luck.

Mrs. Shafer is a graduate of Big Spring High School and she was formerly employed by Southwestern Bell Telephone Co. The bridegroom is a graduate of Coahoma High School and is currently engaged in farming in Vincent.

**Dances For Servicemen Are Planned**

Residents of Garden City and Forson will participate in activities of the Servicemen's Center this weekend.

Garden City civic leaders are sponsoring a dance for servicemen, their wives and dates tonight at the Settles Hotel, beginning at 8. Garden City residents are in charge of decorations and refreshments. Junior hostesses are invited to attend.

The Forson String Band will play at the Servicemen's Center Saturday, beginning at 8. Sponsored by Mr. and Mrs. Jim Craig of Forson, the band includes Les Duffer, Eddie Everett, Sammy Porter and Mr. and Mrs. R. C. Cozart.

**Mrs. Merritt Is Installed**

Mrs. Hazel Merritt was installed president of the Ada Belle Dement Civic and Art Club at a silver tea marking the fifth anniversary of the club.

The tea was held in the home of Mrs. Beattie Langford. Mrs. Harwood Keith, Mrs. H. M. Rowe and Mrs. Wallace Carr were guest speakers.

Installing the officers was Mrs. Anita Miller. Others taking office besides Mrs. Merritt were Mrs. Lillian Reed, vice president; Mrs. Ruby Biggs, secretary; Mrs. Pauline Banks, treasurer.

Mrs. M. N. Chaney presented a gift to the president on behalf of the club. Mrs. Carrie Brown presented corsages to the president and guest speakers.

**THIS IS GOOD EATING**  
GRAPEFRUIT AND APPLE SALAD

Ingredients: 1 large grapefruit, lettuce, 1 large red apple, juice from ½ orange, French dressing.

Method: Pare grapefruit so no white membrane remains; free segments from dividing membranes with small sharp knife. Arrange lettuce on salad plates. Wash and dry apple; do not peel; quarter and cut away core; slice lengthwise about ¼-inch thick. Dip apple slices in orange juice. Alternate grapefruit sections and apple slices on plates; notch any remaining apple slices and arrange at sides of plates. Refrigerate until serving time; serve with French dressing. Makes 4 servings. This is a perfect salad to serve with the following menu.

Roast Duck  
Brown Rice Stuffing  
Snap Beans  
Grapefruit and Apple Salad  
Bread and Butter  
Coffee Fluff  
Beverage

(Clip this for future use. It may conveniently be pasted on a recipe file card.)

**Go Home Young Man!**

It says welcome on the door mat but don't take it too seriously boys. Welcome is as boy does!

Girls love to have boy callers, provided they telephone first to announce their intentions. This gives a girl a chance to prepare for her guest and she is in a much better mood when she can greet him at the door with a pert dress on and every hair in place, rather than being caught in her kimono with her hair in pin curls and no make-up on. On yes, boys, dreamboat looks like that some of the time, although she'd rather you never knew it.

If you're a pretty regular beau and just happen to be in the neighborhood and if you're pretty sure of the girl's temperament, you might risk dropping in unexpectedly, but for goodness sake don't stay forever.

Since you're unannounced, please realize she may have made plans for the time you're using up. Being polite, she won't have the nerve to tell you to leave, please.

Whether you're headed for her house for a pop call or a home date, stay on your toes for signs of boredom. As long as the conversation is going smoothly or she seems to be having a simply wonderful time trying to beat you at canasta, all's well, but when those long silences and discussions of the weather creep in, better start looking for your hat.

It's much better to leave while she still hates to see you go rather than hates you—period!

**Forsan Students Have Wiener Roast**

FORSAN — Eighth grade students and their friends held a wiener roast in the Big Spring park followed by a theater party. Their class sponsors attending were J. Clifton Ferguson, Mr. and Mrs. H. G. Starr, Mr. and Mrs. E. Ledford, Mr. and Mrs. W. A. Majors, Mrs. E. S. Lamb, Frank Tate and Price Stroud.

Mr. and Mrs. Buddy Cox, Linda, Marsha and Debbie of Sweetwater visited relatives here.

Mr. and Mrs. Foy McClelland and sons of San Angelo visited here with Mr. and Mrs. W. O. Avrett and Sue.

Mr. and Mrs. D. W. Roberson and David were in Mineral Wells the past weekend.

Mrs. Jack Turner and sons of Midland are here with her parents, Mr. and Mrs. D. W. Roberson.

**Mrs. L. T. Shoults Gives Forsan Party**

FORSAN — Mrs. L. T. Shoults entertained friends with a party on Mr. Shoults' birthday recently.

Donnees were played and refreshments were served to Mr. and Mrs. L. A. Pitcock, Mr. and Mrs. Jeff Pike, Mr. and Mrs. Jim Huff, Mr. and Mrs. Jack Huff, Mr. and Mrs. Billy Pitcock and Mrs. Mattie Shoults and C. E. Boyd.

Mrs. Pearl Scudday had as her guests her brother, Will Cunningham and Mrs. Cunningham of Utopia.

Mr. and Mrs. Charlie Long of Blackwell were guests recently of their son, Chauncey Long, and Mrs. Long.

Mr. and Mrs. W. A. Majors and daughters have been to Plainview where they were called by the illness of her brother, John Nobles, a former Forsan resident. He suffered a heart attack.

Mrs. Vera Harris was with her daughter and family, Mr. and Mrs. James Craig and Jerry, in Dollarhide for a recent weekend.

**Jaycee-Ettes Have Meeting At Settles**

Mrs. Oliver Cofer and Mrs. Raymond Andrews were hostesses at the Jaycee-Ette meeting Thursday at the Settles Hotel.

The group voted to bring gifts to exchange among the members at the next meeting on Dec. 17. Mrs. Margaret McIntire was voted a new member.

The Thanksgiving basket will be delivered on Tuesday, it was announced. Mrs. Bill Ragsdale will be in charge.

Bingo prizes were won by Mrs. Ragsdale, Mrs. E. L. Heith, Mrs. Milton Knowles, Mrs. Commodore Ryan, Mrs. A. J. Prager and Mrs. Keith Brady.

Mrs. Brady and Mrs. Bill Bonner will be hostesses for the next meeting.

Fourteen attended.

**Dr. Sutton Is Feted On Birthday**

A "pretend" birthday party turned into the real thing Thursday when the Senior High School Student Council entertained in honor of Dr. Willis A. Sutton.

The students had ordered a cake for the event inscribed with the words, "To Our 17-Year-Old Friend." Later Dr. Sutton told them it actually was his birthday, his 74th.

Dr. Sutton, superintendent emeritus of the Atlanta, Ga., city schools, lectured to the group following the party in the Homemaking Cottage.

In the receiving line were Glenn Rogers, Ann Gray, Joyce Anderson and Libby Jones. Junior and senior high council members attended.

The table was laid with a green Irish linen cloth and centered with an arrangement of white chrysanthemums. Lovern Cooper and Mrs. Betty Lou Ratliff, council sponsor, served.

Guests were W. C. Blankenship, R. D. Worley, Wilder Roe, Mrs. Gene Harrington, Truett Johnson and Mrs. Jeanne Yeutter.

End Of Kidnap Trial

This is the gas chamber at Missouri state penitentiary, Jefferson City, Mo., where Carl Hall and Bonnie Brown Heady, convicted kidnap killers of little Bobby Greenlease, are scheduled to die Dec. 18 for their crime. (AP Wirephoto).

## Gas Chamber Double Execution Planned For Hall, Mrs. Heady

By AL DOPKING  
KANSAS CITY (AP) — The condemned kidnap-killers of 6-year-old Bobby Greenlease waited in jail cells today for their last trip—the trip to the lethal gas chamber in the Missouri State Prison just one week before Christmas.

Carl Austin Hall and Mrs. Bonnie Brown Heady will be executed at the same time—as soon as possible after 12:01 a.m. Dec. 18.

They showed little emotion yesterday as they heard a federal judge, carrying out a jury's recommendation, sentence them to die.

But an Episcopal priest who visited them later said the kidnapers appeared remorseful.

"When I saw him previous to the trial on two occasions his first statements were those of remorse," said the Rev. George Evans. "I saw him again this afternoon and at his request talked to Mrs. Heady. This was the first time I had seen Mrs. Heady. She likewise expressed great contrition."

A federal official said, "There have been double executions before and we plan to do it in this case."

Hall and Mrs. Heady will be seated in the gas chamber on two metal chairs about three feet apart. Under the chairs are stone crocks containing sulphuric acid. When the prisoners are strapped into place, a lever is tripped, causing cyanide to drop into the acid and producing a deadly gas.

"The gas renders them unconscious within a matter of seconds," the official said.

Mrs. Heady, a divorcee, has expressed a desire to marry Hall

before their execution, court officials said. Hall, who also was married and divorced has not indicated a similar desire, the officials reported.

The director of the Federal Bureau of Prisons would have to give permission for such a marriage.

There was small chance of an appeal. Roy Dietrich, court-appointed attorney for Hall, said he saw nothing to warrant appealing the decision of U. S. District Judge Albert L. Reeves.

The 34-year-old playboy and his 41-year-old alcoholic mistress

watched dry-eyed as the tragic case drew to a dramatic close on the fourth day of the trial.

They seemed relieved as they were hustled out of the courtroom, handcuffed to waist chains and closely guarded by U. S. deputy marshals on their way back to their separate cells in the Jackson County Jail.

Acting U. S. Marshal William Tatum indicated they would be moved to the death row in the state prison at Jefferson City within a few days.

Mrs. Heady will be the first woman to die in the Missouri gas chamber. The 30 men who have been executed there have been stripped to the shorts to lessen the possibility of gas clinging to their clothing. Arrangements have been made for Mrs. Heady to be clad in long black shorts and a black halter. She will be blindfolded, as will Hall.

After the jury retired for its deliberations, a death recommendation for Hall was decided on immediately. However, one juror held out for life imprisonment for Mrs. Heady. It was learned last night. He finally agreed on the death penalty for her also after an hour's persuasion.

The jury was out only 68 minutes.

Both Hall and Mrs. Heady the once-respectable housewife who look to drink, pleaded guilty at their arraignment Nov. 3. The federal jury was called because without a recommendation of death from the 79-year-old judge at most could have assessed only life terms against the two under the Lindbergh Kidnap Act.

## PMA Now ASC, Functions Will Not Be Changed

The Production and Marketing Administration, or PMA as it was more familiarly known, has had its name changed to Agricultural Stabilization and Conservation, and will henceforth be known initially as the ASC. An executive order in Washington brought about the change.

Word was received here yesterday directing that letterheads and other official printing be changed to substitute the new name.

The functions of the office, however, will remain substantially as at present, and so far as can be learned there will be no change in Gabe Hammack's title of "office manager."

Hammack is attending a district conference in Lamesa today at which he will present for approval the 1954 conservation practices sought to be adopted for this county and selected by the ASC county committee of which Willis Winters is chairman.

To date the County Drought Committee, operating from the ASC office, has approved requests for 446 tons of the freight-free hay for the Howard County stock feeders. This is not the total of hay that has been requested, however, since some orders have been received since the committee held its weekly meeting a few days ago.

It is expected that individual cotton acreage allotments will be made in a few days following receipt of final instructions from the state ASC office at College Station.

These allotments will be based on the national program of 17,910,

448 acres set by law. If this acreage is increased when Congress convenes, as Secretary of Agriculture Benson has indicated he will request, it will then be necessary to work out new individual acreage allotments for all the farmers, Hammack said. The Big Spring ASC office manager said such a re-allocation of acreage would not take very long.

Commenting on this, Willis Winters, chairman of both the County ASC committee and the County Drought Committee said: "We can afford to do a lot of extra work for another acre of cotton."

It is believed that all dogs are descendants of the common wolf.

## Hammond Starts 16th Year As Farm Bureau President

By BRUCE HENDERSON  
Associated Press Staff

A diplomatic dirt farmer, Walter Hammond, is starting his 16th year as president of the Texas Farm Bureau Federation.

His objective is the same: Keeping peace among Texas farmers and ranchers so they can work out their problems together.

At a convention last week in Mineral Wells, cattlemen trying to push through a resolution approving beef price supports were defeated.

Hammond, 66, tried to soothe their feelings.

"I know you cattle raisers are disappointed," he said. "Your difficulty lies in disagreement within your industry. When you work out a plan we'll go with you on it."

Tired delegates cheered the man with twinkling blue eyes. Moments later he was re-elected.

Hammond's diplomacy has helped him build the organization of farmers and cattlemen, in spite of controversies over how to solve rural problems. He helped found the Texas Farm Bureau in 1939 and became its first president. Membership has grown from 4,500 in 60 counties to 51,000 in 183 counties. The bureau claims to be the state's biggest farm group.

He is a member of the Texas Employment Commission Advisory

Committee, the State Pink Bollworm Advisory Committee, the Texas Education Advisory Committee and the Executive Committee of the Texas Safety Assn.

Hammond goes to Washington often to plug for Texas farmers. He is on Agriculture Secretary Benson's Cotton Advisory Committee and is seeking an increase in Texas' 1954 acreage allotment.

He wrote the "Hammond Plan," a farm proposal to cut surpluses by retiring acreage. Hammond is trying to get it backed by the parent American Farm Bureau Federation.

With his wife, Elizabeth, Hammond lives on a 558-acre place 2 1/2 miles southwest of Tye near Abilene. Friends say he was the first to terrace scientifically in Taylor County.

Hammond says farmers can't get anywhere fighting among themselves or attacking individuals such as Benson. His advice is to agree on a program, then everybody back it.

Many members of his organization are critical of the American Farm Bureau for its more conservative policy on government farm programs. To those who would revolt, Hammond says: "Elizabeth has been criticizing my driving for years. But she hasn't got out and walked yet."

## Runs Himself Down, Receives Job Offers

SPRINGFIELD, Ohio (AP)—Victor Wagle, 31-year-old father of three children, needed a job. Today he had prospects of any number of jobs at \$75 a week after he had inserted the following classified ad in the Springfield Daily News and Sun:

"Undependable, sloppy, liar, cheat, drunkard, allergic to work, man needs job, \$75 week. Married, three children to support."

Mr. Wagle said he had been swamped with offers, including two for bartending jobs.

"Actually, I am just the opposite of those things I said in my ad," Mr. Wagle said, "but I thought the psychology would work."

## High Jump Saves Life Of Youth In Cave-In

YOUNGSTOWN, Ohio (AP)—A young pipelayer saved his life yesterday by leaping into the air when a 13-foot ditch in which he was working began to cave in. A companion died, however.

The high jump by William Braun, 20, enabled him to keep the top of his head above the sliding earth that more than half filled the ditch. Other workers spotted his hair and quickly scooped the dirt from around the rest of his head. He was unconscious.

Ray Bear, 19, was dead, however, when removed from the ditch. A large rock had struck him on the head, crushing his skull.

## City's General Fund Has Gain During October

Cash balance in the general fund for the City of Big Spring at the end of October was \$75,094.03, more than six times as much as the end of September.

Monthly summary of receipts and disbursements compiled by City Secretary C. R. McClenny shows that the general fund was boosted in the month due to collection of \$156,078.61 in taxes.

Other large receipts were fines and court costs, \$2,331.50; gas franchise, \$2,242.36; and electric franchise, \$3,464.64. Collection of delinquent taxes was \$737.13, and \$15,000 was transferred from other funds. Total general fund receipts were \$181,679.83, and expenses were \$118,532.41.

Disbursements from the interest and sinking fund during October were \$11,000 for retired bonds, \$2,813.75 for interest, and \$38.83 for commission. The city's bonded indebtedness now stands at \$744,500 tax bonds and \$1,224,000 revenue bonds, according to the report.

Water, sewer and garbage accounts received, totaled \$65,096.55 for October, and the cash balance in the water and sewer system revenue fund at the end of the month was \$83,921.36. McClenny's report showed that bills of \$48,323.99 were made to customers for water and sewer during the month, an increase of \$11,114.98 over October, 1952.

Cash in various funds at the end of October was as follows: Fourth Street escrow, \$4,623.78; special account insurance refund, \$161.70; water and sewer system revenue, \$83,921.36; water and sewer system construction, \$629,449.79; storm sewer bond, \$753.24; general, \$75,094.03; airport, \$1,385.52; cemetery, \$11,129.99; garage, \$9,569.78; parking meter, \$3,863.36; and interest and sinking, \$68,270.57.

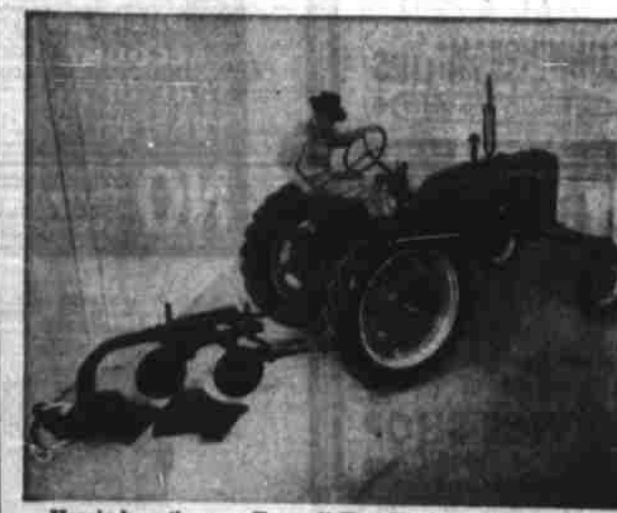

## Monarchs Travel

NEW ORLEANS (AP)—The King and Queen of Greece resumed their nation-wide tour tonight after completing a two-day sight-seeing tour of New Orleans. King Paul, with Queen Frederika sitting beside him on the reviewing stand, sold the umbrella-carrying crowd yesterday Greece was thankful for the spiritual aid given his country in the war and in the battle against Greek Communist guerrillas.

# HAVE \$1,025.95 CASH IN JUST 5 SHORT YEARS

### Can you do it?

Easily . . . on the Payroll Savings Plan!

NO MATTER how many times you've tried and failed, you can save money—and a lot of it! It's as easy as joining the safe, sure, automatic Payroll Savings Plan where you work.

Eight million American working men and women are now on the Plan, saving happily and successfully toward financial independence. And many had never been able to save a dime before!

What they can do, you can do. And the rewards are great! If you can sign up to save only \$3.75 a week on the Plan, in 5 years you will have \$1,025.95 cash! In 9 years and 8 months you will have \$2,137.30. If you can save as much as \$78.00 a month, 5 years will bring you \$4,790.00!

Why does Payroll Savings work? Because, once you join, your saving is automatically done for you at your company's pay office, before you even draw your pay! You name the sum—as little as a couple of dollars a payday or as much as you wish. That sum is automatically invested in U. S. Series E Savings Bonds, which are turned over to you.

Then the money you work for, really goes to work for you!

For every Savings Bond earns interest at an average of 3% per year, compounded semiannually, when held to maturity! And it can go on earning interest for as long as 19 years and 8 months if you wish!

Remember, the secret of saving is system. And system is the whole idea of the Payroll Savings Plan. Get on the Plan, stay on the Plan, and you'll get where you want to go. For your sake, and your family's too, how about signing up today?

If you are self-employed, have your banker start you on the automatic Bond-A-Month Plan. Like Payroll Savings, it's simple, it's systematic, and it's a sure way to pile up savings!

# Three SW Teams Face Big Tests

By HAROLD V. RATLIFF  
Associated Press Sports Editor  
Gridiron drama drips at Waco and Fort Worth Saturday as three teams, fighting for glory, lay it solidly on the line in the tangled Southwest Conference race.

Southern Methodist and Baylor scrap it out for one spot in the jam at the top. Rice battles against the menace of Texas Christian at Fort Worth as the Owls strive to keep their place in the scheme of things.

Lusty Texas, certain of remaining at the top for another week at least, is an idle bystander. The Longhorns, preparing for their all-out effort against Texas A&M at College Station Thanksgiving Day, will be curious to know who's going to be their mates at the head of the ladder when the firing ceases next weekend.

Either SMU or Baylor—or both—will fall out. A tie would virtually eliminate each from the running. A defeat would damage either's chance irreparably.

Rice faces a Texas Christian team that hasn't won a conference game but is determined to do so. It's homecoming at TCU and never was there a better setting for an upset. It would be a rank one if the Horned Frogs won but anything's possible in this wildest of all conference races.

Arkansas, through with conference play and thoroughly eliminated from contention, turns back to intersectional strife. The Razorbacks play another disappointed and disillusioned team—Louisiana State—at Little Rock.

Baylor has burned the fires of conquest to the highest this week striving to return to the form that made it the conference favorite two weeks ago. A 1-point defeat at the hands of Texas and a 37-7 thrashing from off-beaten University of Houston knocked the Baylors lower down than a mole. But they're going to be "up" for their fight with their Methodist brethren.

SMU, which has made the least show of itself in a plodding drive toward a share of the championship, hasn't been fired up this season. Just what the Mustangs might do if they reach that frenzied stage is something to ponder and wonder about.

Rice, boasting the mightiest offense in the conference and with a

line that doesn't budge, is a heavy favorite over Texas Christian whereas the Baylor-SMU struggle is no more than a tossup. Baylor's a 1-point choice, Rice is 13 1/2. Arkansas, probably to its surprise, is favored by a touchdown over Louisiana State. The Razorbacks haven't won an intersectional game this season and they have won only two games inside the conference.

Crowds totaling 80,000 are due to see the three games with a possible 35,000 at Waco, 25,000 at Little Rock and 20,000 at Fort Worth. Hitting three out of four last week caused our pulse to rise. Here's aiming at a full house this week:

Baylor - Southern Methodist: Taking SMU to nose Baylor and ruin the Bears' dreams.  
Rice-Texas Christian: It doesn't seem possible for the Frogs to win this one. Rice by two touchdowns.  
Arkansas-Louisiana State: Arkansas in a narrow squeak.

# Seven Snyder Players Ailing

SNYDER (SC) — The Big Spring football game last weekend took a heavy toll in injured players. Coach Speedy Moffett announced this week.

Seven players will miss tonight's game here with Sweetwater and several are out for the season, Moffett stated.

They include Guard Steve Blair, who suffered a shoulder separation; Jimmie Rodgers, Robert Haggins, Don McNew, Alan Sneed, Jack Spikes and Mike Gibbons; whose finger was broken in play against the Steers.

# Dragons, Eagles Clash In Odessa

ODESSA (SC) — Flower Grove and Courtney play six-man football here tonight, with the championship of Martin County at stake.

They are the only teams in Martin County. The game is being sponsored by the American Business Club for charity. Admission prices have been pegged at 75 and 25 cents.

The game is the first ever played in Odessa. Starting time is 7:30 p.m.

# Sweetwater Colts Rip Junior High Yearlings By 39 To 6 Tab

Dick Allen, an agile freshman who comes from a railroading family, rode the main line here Thursday night as the Sweetwater Colts scored their second straight win over the Big Spring Junior High School Yearlings, this time by a score of 39-6.

Allen scored three touchdowns to run his seasons total to 168 points. The speedster, whose weaving style baffled the Big Spring defense, had plenty of help, too.

Just as was the previous game played between the two teams, this was close for a half. In the second two periods, however, the Colts kicked over their traces and won, going away.

John Burnett scored the first Sweetwater TD on a pass and Allen got the second on a nice sprint around left end.

In between, a pass from Billy Johnson to Newlin James clicked for a Big Spring six-pointer and the Yearlings trailed only by a

margin of 13-6 at the intermission.

Once play was resumed, however, it was all Sweetwater. Raymond Stone got the third Sweetwater tally on a 30-yard run.

Early in the fourth, Allen got away on two scoring jaunts, one for 50 yards and the other for 20. Boyce Hartgroves added an extra point, after Allen's third, touchdown of the night.

Robert Neepner then added another tally on a plunge into the line and Stone kicked the point to make it 39-6.

Another pass from Johnson to James clicked for a long gain into Sweetwater territory, just as the game ended.

Lee Underwood did some nifty running in the Big Spring secondary.

The game ended the season for both teams.

# Rules Parley Set

FORT WORTH (AP)—The Southwest Basketball Officials Assn. holds its annual rules interpretation meeting here Sunday.

WACO (AP)—Baylor's Cubs won the Southwest Conference freshman football championship yesterday with a 21-0 defeat of the Rice Owlets.

# Cubs Win Title

WACO (AP)—Baylor's Cubs won the Southwest Conference freshman football championship yesterday with a 21-0 defeat of the Rice Owlets.

Coahoma Safety Man

Sabas Torres (above) plays safety and is in the second string backfield of the Coahoma High School football team, which meets Grandfalls in Big Spring for the Class B bi-district championship a week from tonight. Tickets for the game are on sale at Coahoma High School, Dibrell's Sporting Goods Store in downtown Big Spring and in Grandfalls. Coahoma is District 5-B titlist. Grandfalls is 5-B king.

# Most Schoolboy Races Near End

More than half of the 79 districts of Texas schoolboy football have representatives in the state playoffs and it's likely that by the end of the week there'll be only four left to make decisions.

A thunderous schedule tonight will decide all remaining district champions in Classes AA and A and will put at least two and probably four additional teams into the playoffs in Classes AAAA and AAA.

Among the teams due to sew up district crowns tonight is Ray of Corpus Christi, one of the top-rated powers of Class AAAA. Miller of Corpus Christi lost unexpectedly to Brackenridge (San Antonio), 32-13, last night and all Ray has to do is beat weak Austin to become the District 6 representative.

Still another AAAA district saw the championship near as Woodrow Wilson (Dallas) lashed Sunset (Dallas) 27-0. Tomorrow night Crozier Tech, the only other team in the district that could best Woodrow Wilson, plays powerful North Dallas. A loss by Tech would hand the district representation to Woodrow Wilson although it could be tied for the district title in next week's games.

Already in the playoff from AAAA are Odessa, Bowie (El Paso) and Waco. Port Arthur plays at Baytown tonight for the District 8 title. Lamar (Houston) clashes with San Jacinto (Houston) Saturday night for the District 7 title. The only district championship that can't be decided this week is at Fort Worth.

Class AAA has three district representatives—Big Spring, Edison (San Antonio) and Edinburg and can decide at least one and possibly four more tonight. Cleburne plays at Brownwood and if Brownwood wins it will take the District 2 championship. Temple is at Corsicana in the showdown for the District 5 crown. There is a remote possibility that the District 4 title can be determined. It all depends on whether Kilgore loses to Nacogdoches while Texarkana is defeating Longview. Kilgore, however, isn't expected to lose. If Port Neches beats Texas City, Port Neches will win the District 6 championship. That could leave only one district to determine its title next week.

One more district representative was decided in Class AA yesterday to bring the total in that division to 11. Lampasas got the spot in the playoff from District 23 when the conference victories by Killen and Gatesville were forfeited because the two schools had boys on their teams who accepted money in a rodeo during the summer. This violated the Texas Interscholastic League's amateur rule.

Other district representatives in Class AA are Stamford, Comanche, Handley, Terrell, Atlanta, Huntsville, Gonzales, Wharton, Nederland and Weslaco. All others must be decided this week. There are 31 districts in Class AA.

Cedar Bayou beat Crosby 7-6 last night to win the District 20 championship in Class A and bring the list of representatives in the state playoff to 18. Others are Springlake, Hale Center, Sundown, Ranger, Paducah, Clifton, Richardson, Whitewright, Canton, Newton, Trinity, Elgin, Burnet, A&M Consolidated, Palacios, Boerne and Lyford. There are 32 districts in Class A.

State playoffs in Classes AA and A start next week. The other two classes start their playoffs the following week.

# Ward School Grid Action Saturday Begins At 8

Washington Place guns for an upset over West Ward in the feature Ward School Football League game at Steer Stadium Saturday morning.

West is still unbeaten after six starts and has emerged as the big favorite to cop the title.

Washington is fighting one of the better teams in the circuit this season and an upset is possible.

# Rosewall And Hoad Blast Yanks Again

SYDNEY, Australia (AP) — Once again Australia's Ken Rosewall and Lewis Hoad have beaten America's Vic Seixas and Tony Trabert—this time for the doubles championship of the New South Wales Tennis tourney.

The two 19-year-old Aussie stars won 6-3, 3-6, 4-6, 6-3, 7-5 today but it was apparent that there was very little to choose between the two pairs. Every set was so close it could have gone either way.

# Iowa First Of Three Tough Foes Notre Dame Must Face

## Troy, Ponies Await Chances

By BEN PHLEGAR  
NEW YORK (AP) — Top-ranking Notre Dame takes the first of its last three big steps toward an undefeated football season tomorrow when it meets Iowa, always a tough foe for the Irish.

After the Hawkeyes, Notre Dame faces Southern California and Southern Methodist. Any one of the three might stop Frank Leahy's club.

Iowa has a pesky habit of breaking Notre Dame winning streaks. In 1921 it stopped the Irish after they had gone 22 games without defeat. In 1939 Notre Dame won six, then lost to Iowa. The same thing happened in 1940.

Southern California will have its hands full this weekend too when it runs up against UCLA. The Uclians are bidding for Rosa Bowl glory and need this one to be assured of at least a tie for the Pacific Coast Conference title.

Maryland, a close second to Notre Dame in this week's Associated Press poll of the nation's top teams, finishes its season against Alabama. The Terrapins, like Notre Dame, are unbeaten, and figure to continue that way although the Crimson Tide beat them a year ago and upset Georgia Tech last week.

Maryland appears to have the inside track to the Orange Bowl, which matches the Big Seven champion against the best in the Atlantic Coast Conference.

However, since the AC is brand new this year and the members aren't playing a full schedule, the bowl nominee will be picked by ballot with Duke being about the only opposition to Jim Tatum's lads.

The Blue Devils were upset by Army and tied by Navy but they get a chance to polish their reputation tomorrow against Georgia Tech.

In the Southwest Conference, where the Cotton Bowl host is still undetermined, the Rice Owls will try to stay in the picture with a victory over Texas Christian.

Baylor, which was bounced from the unbeaten ranks to the role of a two-time loser in two weeks, will try to regain winning form against Southern Methodist but it probably will be close.

Oklahoma, the only team with a major bowl invitation signed, sealed and delivered, ends its Big Seven season against Nebraska.

The Sooners, Big Seven champions will play in the Orange Bowl.

The big traditional game in the East pits Yale against Harvard at New Haven with Yale favored.

**Big Spring Skids In Dallas Poll**

DALLAS (AP)—Texarkana held its top ranking today in the Dallas News statewide Class AAA high school football poll.

For the first time this year all eight class AAA districts were represented in the first 10 rankings:

1. Texarkana (4-AAA)
2. Edinburg (8-AAA)
3. Edison of San Antonio (7-AAA)
4. Temple (5-AAA)
5. Big Spring (1-AAA)
6. Breckenridge (1-AAA)
7. Kilgore (4-AAA)
8. Freeport (Brazosport) (6-AAA)
9. Brownwood (2-AAA)
10. Sherman (4-AAA)

Corviana, McCallum of Austin, Harlingen and Port Neches were the only four clubs out of the top 10 receiving votes.

## Chico Vejar Is Underdog In Martinez Encounter

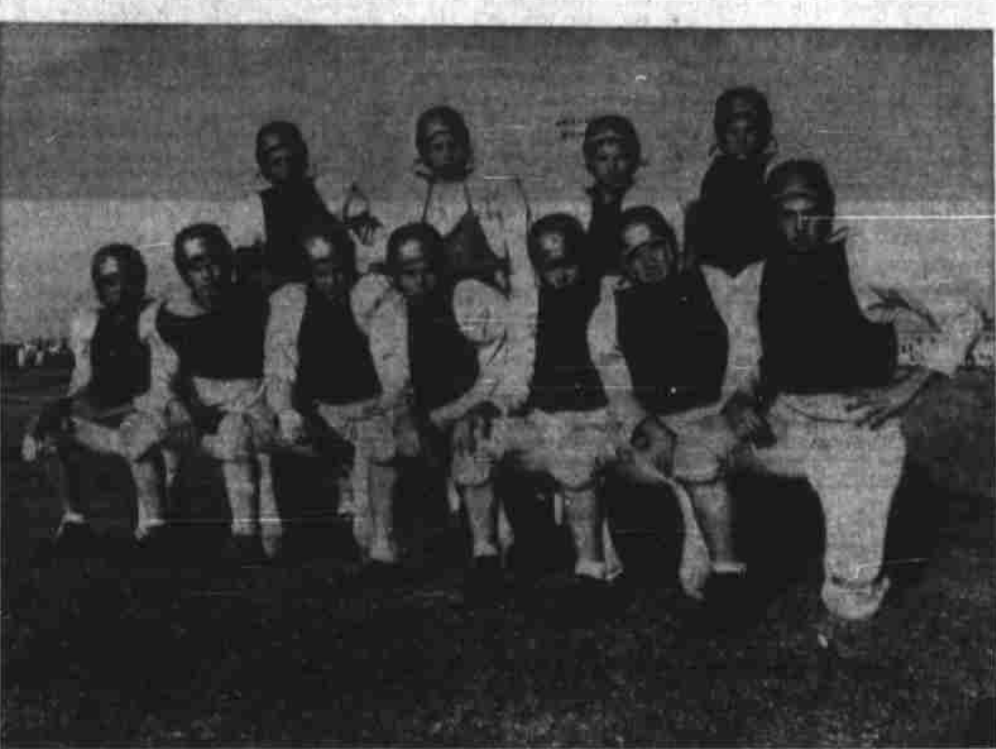

By JACK HAND  
NEW YORK (AP)—Soldier Chico Vejar of Stamford, Conn., and Ft. Benning, Ga., is a 12 to 5 underdog against handsome Vince Martinez of Paterson, N. J., in tonight's Madison Square Garden feature.

The 16-round welter bout, set for 10 p.m., EST, will be beamed across the nation on network radio (ABC) and television (NBC).

Despite Vejar's upset of the 1952 "Rookie of the Year" last March 13, the oddsmakers apparently figure he will ring rusty after his long absence from boxing's big time.

Since his induction into the Army Apr. 21 he has had only two fights, beating Chico Pacjeco and Ronnie Harper. The former NYU drama student has an 11-fight winning streak.

Until Martinez met Chico the first time he was soaring toward the top of the division as one of

In the top photo is the offensive platoon. They are, front row, left to right, Bobby Fuller, John Birdwell, Blanton Dees, Edwin Faubion, J. D. Adams, John Davenport and Wiley Wise. Back row, C. T. Kilway, Charles Johnson, Jerry Barron and Carl Anderson. In the lower picture are boys who play both offense and defense. They are, front row, Gene Johnson, Truett Newell, James Washburn, Ben Faulkner and Fred Simpson. Middle row, Gary Brown, Roy Hughes, Tom Lynn, Bill Lovelace, and Glenn Jenkins. Back row, Coach Roy Baird, Sidney Butler, Jimmy Cross, Ken Davidson, Bobby Newsom, Don Morton, Billy Dillon, Calvin Daniels and Coach Harold Bentley. Milton Davis, Gene Odell, Preston Bridges and Bobby Blum were among the boys missing when the pictures were made.

## Bisons Seeks Ninth Straight Victory

FORSAN (SC) — Forsan shoots the works here tonight in his bid for a perfect six-man football season.

The Buffaloes, who have won eight straight games, meet the dangerous Christoval Cougars in the annual Homecoming game. Starting time is 7:30 p.m.

Forsan has already won District Seven title honors but would like to add this star to his crown.

Christoval always poses a problem for the Buffs and this year is due to be no exception. The Cougars, even though their record can't compare with that of Forsan's, boast a battle-wise club.

In eight games to date, the Buffaloes have scored a total of 391 points to 118 for the opposition.

Forsan's game average would be a robust 48.8, compared to 14.7 for the opposition.

Coach Frank Honeycutt is banking heavily on the running ability of such lads as Harold Hicks and

## Tech Hopeful Of Bowl Bid

By The Associated Press  
Texas Tech's Red Raiders hit the field against powerful Houston Saturday. The Raiders hope a strong showing will win them a major bowl bid.

For Bobby Cavazos, Tech's crack right halfback, a standout performance could bring national recognition. He's the leading candidate from the Border Conference area for the AP All-America team. He leads the league in scoring with 62 points.

Arizona will be meeting Kansas State at Tucson. Arizona Temple plays Midwestern. Hardin - Simmons is host to North Texas State.

The only conference clash is between West Texas and New Mexico A&M at Las Cruces. N. M. The teams are tied for last place. Texas Western is idle.

The Los Angeles Rams, making a battle for the Western Division title, show the greatest boost in business. The Rams topped the league in attendance for their first four games in each season but this year their total is 278,741, an increase of 84,024 fans.

The other big improvement came with the switch of the Dallas Texans franchise to Baltimore. Playing as the Colts in the Maryland city the franchise this season has drawn 114,141 to four home games. In Dallas the Texans managed only 53,000 in four.

**Acers Sees Nation To Progress After Five-Year Slump**

SAN ANTONIO (AP)—Maurice Acers, executive assistant to Gov. Shivers, said yesterday in an economic outlook for the next 10 years "people would be earning more, producing more and grumbling more." Acers forecast a five-year downward trend followed by a five-year period of gradual recovery. He asserted there would be no depression but declared "The end of the boom is official." Acers said the leveling off period would be relatively prosperous. Acers, a former FBI agent, said the end of the decade would find the greatest economic improvement in "the lower middle section of the scale. He said there would be "fewer very rich and fewer very poor." Acers then said people would be earning more, producing more and grumbling more.

The "key answer" to the Communist challenge in Asia is a "mutual security pact among the freedom-loving native peoples of Asia themselves." 2. Leaders in France should
