

Call Service To Tell About FBI Testimony

WASHINGTON, June 23. (AP)—Senate investigators decided to question Career Diplomat John S. Service publicly today about FBI testimony purportedly showing that he passed secret military data to a defendant in the 1945 Amerasia case.

SERVICE DEFENDS SELF—Career Diplomat John S. Service defends himself on the witness stand before the Senate Foreign Relations committee in Washington, answering charges made by Sen. Joseph McCarthy (R-Wis.) that he "collaborated with Communists." Service has been frequently named by McCarthy in his claims that the State Department was Red infiltrated. (AP Wirephoto).

The switch on plans, it was learned, was the result of a statement by Sen. McCarthy (R-Wis.) giving his version of secret testimony which the inquiry committee received last month from FBI agents. Service was called back to the witness stand today after testifying under oath last night that he never knowingly gave secret military information to Philip Jaffe, who was editor of the now-defunct Amerasia Magazine.

Service made that assertion after stating that he was unwittingly and innocently involved in the Amerasia episode, which brought discovery by federal agents of hundreds of confidential government papers in the New York office of the magazine. Sen. McCarthy has accused Service of collaborating with Communists—a charge which Service flatly denied yesterday. McCarthy told reporters that FBI agents' testimony taken by the Senate Inquiry Committee at closed sessions last month will show the FBI had a concealed microphone in Jaffe's room in the Hotel Statler in Washington when Service and Jaffe met there in May of 1945.

Drive To Arm West Europe Frontiers

By The Associated Press WASHINGTON, June 23. — Administration forces opened a drive today for Senate approval of a program which would place America's most modern weapons—except atomic bombs—along the defense frontiers of Western Europe. Sen. Connally of Texas had the job of guiding the \$1,222,500,000 foreign arms plan into its second year of operation. There was trouble ahead—mostly from Republicans.

Wind Halts Try At Oil Well Flames

High winds this morning precluded any immediate further attempts to extinguish flames at the Pan American No. 1 Holley oil well which has been burning for more than 12 days. Reports were that another trial with a nitroglycerin blast was to be made early this morning, but high westerly winds dictated a postponement.

Britain May Have Atom Plant

HARWELL, Eng., June 23. (AP)—Sir John Cockcroft, director of the giant new Harwell atom research laboratory, says Britain may have a practical atomic power plant in "four or five years." Cockcroft revealed yesterday that researchers at Harwell, with this goal in view, are trying to figure out new ways to produce plutonium—atom bomb ingredient—faster and more efficiently.

Loan Service Now Covers Plumbing

Fast loan service for making any type of plumbing repair, replacement, or addition is available at the Runyan Plumbing company, 305 E 6th street.

E. A. Fiveash, manager, has announced that he now provides Title No. 1 FHA loans for all types of plumbing work. No down payment is required and borrowers are given up to 24 months in which to repay loans.

Fiveash offers two-day service in granting for the loans. They may be had for replacing bathroom or kitchen plumbing for remodeling work, or for new bath and kitchen work, the Runyan manager said.

Runyan Plumbing company is also Big Spring's exclusive dealer for Mountain Air dip-type air conditioners. Of stainless steel construction, the Mountain Air conditioners offer automatic "Thermomat" motor control. There is no waste of water, nor sticky moisture forced into rooms or house cooled by the Mountain Air machine, Fiveash pointed out.

The air conditioners come in a variety of sizes adaptable to any home or business. Runyan plumbers and air conditioning experts are now engaged in a cooling project for the Wesley Methodist Church, Mountain Air equipment will be used throughout, Fiveash stated.

New Crosley Shelvador Designed Especially From Woman's Angle

Designed from the woman's angle—that's the new Crosley Shelvador refrigerator, now on display at the Stanley Hardware company 203 Runnels street.

The new Shelvador provides extra space for constantly needed foods with special compartments for small items that have a tendency to become buried behind other foodstuffs. Especially convenient is the separate "Butter-ast", butter or margarine compartment with separate automatic thermostat control for keeping a pound of spread at any desired spreading or creaming consistency.

The Shelvador has a giant double freezer holding up to 70 pounds. The bottom shelf of the full-width freezer maintains sub-zero temperatures for fast freezing. A separate compartment below the locker provides space for ice cubes and day-to-day frozen foods.

In addition, the Crosley refrigerator has a new dry-cold compartment with temperature and humidity control to adjust for seasonal weather changes. It includes the handy pull-out rearranging shelf and two moist cold crispers for fruits and vegetables.

In fact, Crosley Shelvador provides twice as much food where you want it, in front, in sight, and in reach, Stanley Hardware company boasts.

The Crosley comes in eight different models, all with a five-year warranty on the refrigeration unit. Capacity of the different models ranges from 7.5 cubic feet to 10.53 cubic feet.

Free Estimates Are Made By Williams

Free estimates on the cost of installation of any type of air conditioning and heating equipment will be made on request by W. C. Williams, owner-operator of the Williams Sheet Metal Works, 201 Benton street.

Williams will also counsel with home owners as to the size any type of unit for maximum efficiency. The concern is authorized dealer for both water cooling and refrigeration air conditioners.

Church Is Being Air-Conditioned

U. S. Airco air conditioning equipment, distributed in Big Spring by the Williams Sheet Metal Works, 201 Benton, is being installed in the new First Christian Church building under construction on Gidd street.

A 40-ton cooling unit is being set up in the new church building by Williams. Operating on the refrigeration principle, the giant air conditioner is expected to be put into operation this summer.

Butane Service Now Offered For Farm Tractors

The S. M. Smith Butane company, principal offices of which is located on the Lamesa highway in Big Spring, is now equipped to convert farm tractors over to butane operation.

A number of such vehicles within the county have already been changed and the results have been universally satisfactory.

Butane is preferred by all tractor operators who use it because it is safer than gasoline, cuts both fuel and oil cost by 50 percent, doubles the life of the motor and the cost of conversion is nominal.

Too, its equipment is of the type that cannot be stolen and its tanks can be refilled quickly, safely and easily.

Farmers interested in changing over to butane systems can get demonstrations by calling at the Smith office.

Butane fuel systems for farm houses are also becoming more popular with rural families in Howard county, who find that such gas fulfills all their needs.

Various types of household accessories, including the famous Tappan and Popper ranges, the Gibson refrigerator and the Mission water heaters—all designed to make the present-day farm house as modern as a dwelling found anywhere—are also sold by the Smith store here.

Regular servicing of butane systems throughout this area is made by trucks and personnel assigned by the Smith company. Business telephone number of the concern is 2032.

In instances where a television signal is strong enough, the receiving antenna may be installed in the attic of a house rather than on the roof.

Judge Must Decide In 40 Days On Villalobos Case

MEXICO CITY, June 23. (U. S. A.)—Mexican judge has 40 days in which to decide if a Mexican accused of killing a Texas sheriff should be extradited to Texas for trial.

An extradition hearing for Jose Villalobos, 24, was held here yesterday before Federal Judge German Ortega. The judge announced no decision.

Villalobos pleaded innocent of the slaying of Sheriff O. W. (Blackie) Morrow of Presidio County on March 12. Morrow was found dead in his car on a lonely road between Presidio and Marfa, Tex. He had been shot with his own pistol.

Officers who tracked Villalobos through the Texas Big Bend and arrested him in the mountains of northern Mexico said at the time that Villalobos admitted the slaying.

In the next 40 days, Judge Ortega can hear more testimony from Vil-

llobos, call other witnesses and review the U. S. records in the case. He will advise President Miguel Aleman whether to grant the extradition. The president usually follows the recommendations of the judge hearing an extradition request.

SAVES QUAIL; PAYS FINE

TUCSON, Ariz., June 23. (U. S. A.)—A Tucson resident who saved five quail chicks from drowning has had his kindness repaid by a \$25 fine.

He told the court he and his wife rescued the baby quail when their nest fell in a stream two years ago. He made pens out of the birds and kept them in his backyard.

Last week they were confiscated by a game warden. Malone said he did not know he was violating the law.

TO SOME LUCKY BOY OR GIRL IN Borden's BIKE CONTEST

Yes, you may win this beautiful, streamlined 1950 bike, completely equipped. It's a knockout, speedy, easy riding, a thrill to own and ride. But to win in this week's contest, be sure to turn in your entry not later than 3 P.M. tomorrow, Saturday. You still have time to collect a lot of the needed items, so keep at it!

YOU CAN WIN! Think of being able to win a wonderful new bike, just for collecting Borden's bottle stoppers (the inside one, from any bottle), lift tabs from Borden's paper milk cartons, and cottage cheese and ice cream carton tops. Ask your family, your friends and neighbors to use Borden's products and save the needed items for you to help you win. Read the simple, easy rules. Win a gleaming new bike that you'll be proud of for years to come.

READ THESE EASY RULES

1. Collect as many Borden's bottle stoppers (the inside one), lift tabs from the paper milk cartons, and Borden's Ice Cream and Cottage Cheese carton tops, as you can from any source.
2. Put these items in a sack or other container that can be closed. Inside, put a sheet of paper with your name, address and age, plainly written or printed.
3. Tie or fasten top of container tightly.
4. Turn your container in at the Western Auto Store, 206 Main Street, not later than 3 P.M. Saturday of the week ending the contest. First contest ends at 3 P.M.
5. Saturday, May 27, 1950. Other contests end at 3 P.M. Saturday, June 3, June 10, June 17, June 24 and July 1. Each week is a new contest.
6. Winners will be determined by the count made by the Borden judges' decision is final.
7. Each week's winner will be announced on the following Wednesday. You cannot win more than one bike.
8. No entry will be returned.
9. Every boy or girl under the age of 18 is eligible to enter, except members of families of Borden Company employees.

No Guard Call For Enka Plant Is State Verdict

MORRISTOWN, Tenn., June 23. (U. S. A.)—Tennessee highway patrolmen can guard the bloody strike scene at the American Enka Corp. rayon plant near here without calling for National Guard aid, the state attorney commissioner decided today.

Commissioner Sam K. Neal said today he has decided against asking Gov. Gordon Browning to send National Guardsmen here.

Neal's decision, awaited since an outbreak of gunfire wounded four men yesterday, came after hours of investigation which carried far into the night.

Neal said he will keep "enough" state highway patrolmen here to prevent recurrence of violence.

Gov. Browning has indicated he will follow Neal's recommendation in the Enka strike. He and Adj. Gen. Sam T. Wallace came here yesterday with 75 highway patrolmen to restore order.

Browning, returning last night from Washington, said he would await word from Neal and Wallace before deciding whether guardsmen are needed.

"All but eight or nine" of the nearly 100 men and women picked up for questioning after the gunfire erupted early yesterday were released during the night, said Neal.

Neal said he expects charges to be placed against others today in connection with the strike of the strike ridden plant.

The 13-week-old strike by the CIO Textile Workers Union has opened repeated violent incidents since the plant reopened for production late in May.

The outbreaks reached a new height with the latest incidents, which began with 25 minutes of gunfire at the early morning shift change yesterday. In previous events, no one had been hurt seriously.

OVERSEAS TRAINING One B-36 Forced Back To Hawaii

HONOLULU, June 23. (U. S. A.)—Six giant B-36 bombers tested their long reach with a training flight far out over the Pacific today, but engine trouble forced a seventh to turn back to Hawaii.

The global bombers, last reported north of Hawaii yesterday, were on the great circle route which would carry them into the atomic proving grounds of the Marshall Islands.

The seven bombers took off from the mainland yesterday bent on remaining aloft 38 hours before heading back and landing here this afternoon. An eighth flew here with spare parts.

One of the seven ran into trouble not long after the first 2,400-mile leg from the mainland to the Hawaii area had been completed.

Far-Away Star Sighted Through Palomar Telescope

SALT LAKE CITY, Utah, June 23. (U. S. A.)—The 200-inch Hale Telescope has discovered an exploding star farther away than any yet reported—it took 50 million years for its light to reach the earth.

The explosion was reported at a meeting of the Astronomical Society of the Pacific today in a paper written by Dr. Milton Humason, of the Mt. Wilson and Palomar Observatories in California.

Had the supernova been as close as Vega, a bright star visible to the naked eye, it would have been as bright as the moon, he said. The Palomar telescope, the world's largest, found the star in the coma cluster, one of several distant universes similar to the Milky Way.

Discovery of two new dwarf stellar systems in the constellation of Leo also was announced by Astronomers R. G. Harrington and Dr. Albert G. Wilson.

It was in a flight of six—a seventh, which took off hours later seems to be doing a flight by itself. The flight of six was reported by Hickam Field to have passed from 75 to 100 miles north of the islands in the afternoon.

Then came the first trouble. Lt. George E. Cameron, Nowata, Okla., piloting one of the great six-engine warplanes, saw the oil pressure drop suddenly in his No. 5 engine.

At the time he was about 150 miles north of Honolulu. He said on his arrival that while the trouble was not serious he decided to head back for land lest serious trouble develop.

That left five in this flight. It was not known whether the flight would be joined by the seventh B-36, which left the mainland five hours after the others had gone. This plane's plans were not hinted.

Brig. Gen. C. S. Irvine, commanding the operation, was riding in one of the six planes still aloft. The planes obviously are taking a long sweep out into the Pacific. It is the first massed overseas venture for these bombers with the 10,000-mile range.

Much-Jailed Duchess Retires As Juan Leader

MADRID, June 23. (U. S. A.)—The dashing, much-jailed duchess of Valencia announced today that she is being forced by ill health to retire as the leader of a militant monarchist drive to put Pretender Don Juan on the Spanish throne.

Generalissimo Franco's government wasn't able to stop the retired, 34-year-old woman with heavy fines and a prison term.

But informed sources said today her doctors have ordered her to retire from politics to save her from permanent, serious injury to her health.

Her breakdown began in prison in 1948. Associates of the fiery, attractive duchess said her weight has dropped from a normal 130 pounds to 112 pounds. They said even Don Juan, who is in Lisbon, has insisted she give up her fight and protect her health.

Up to today she had refused to admit publicly that her retirement from the political arena was probable but informed sources said if the pretender approved the duchess' retirement she would first pay her respects to Pope Pius in Rome and then retire for a long rest on one of the estates inherited from her father, the late Duke of Valencia.

One estate of 714,000 acres was sold by the government two years ago to collect a fine equivalent to \$100,000 levied against the duchess for monarchist activity.

U. S. Security Tied Up In Far East, Johnson Says

TOKYO, June 23. (U. S. A.)—Defense Secretary Louis Johnson said before his departure for the United States tonight that he thinks "the security of America is tied in with the way America maintains its position in the Far East."

In a plane-side news conference, Johnson said "America must do and I am sure will do all things necessary in the Far East for the security of the United States and peace in the world."

The defense secretary said he and Gen. Omar N. Bradley, chairman of the joint chiefs of staff, came to the Orient "to secure the facts upon which our policy toward Japan should be based if we must effectively to protect the security of the United States."

The two have obtained those facts, he continued, but "until the facts we have determined have been evaluated by the secretaries of the armed forces and by the joint chiefs of staff and our con-

clusions have been reported to the commander-in-chief, no statement will be issued by the Department of Defense."

Johnson walked arm in arm with Gen. MacArthur to the plane. Shaking hands with the occupation chief, he said "you are doing a magnificent job. Take care of yourself."

Johnson and Bradley returned to Tokyo from Okinawa and an overnight stop at Kyoto, Japan.

Johnson's information was so complete that an expected second conference with Gen. MacArthur, occupation commander, was not held during the secretary's five-day stopover here. Previously he had indicated a second conference would be held if time permitted.

Instead MacArthur paid brief and informal farewell calls separately on Johnson and Bradley in their apartments at the American Embassy.

Colorado City Fathers Praying For Rain To End Water Drouth

COLORADO CITY, June 23. (U. S. A.)—City fathers are sweating it out between the possibilities of rain and rationing.

Four miles removed is a big surface supply which will furnish some two million gallons per day—but the city can't tie in until late in July.

Meanwhile, a mobile public address system has been routed over the city so that an appeal can be voiced to the people to conserve on water pending the tapping of the lake source.

Similar messages are being broadcast over the local radio stations—and ministers and theaters will soon carry the same appeal to their groups. Commercial users have been instructed to hold to

the absolute minimum.

"We're losing water every day," said Jack Talbot, city manager. "We are pumping 750,000 gallons per day. The people are using more than a million, or at the rate of 150 gallons per capita per day."

If the water shortage has been a perennial summer affair, it is especially so this season. Since a year ago 250 taps have been made to city mains. Within the past month a total of 48 consumers have tapped distribution lines.

Work is being rushed on the municipal filtration plant on other facilities which will enable Colorado City to draw on Lake Colorado City supplies. But until then, the situation has city fathers prayerful for rain.

AT BIG SPRING CHURCHES

Local Pastor Will Conduct Revival

The Rev. C. C. Hardaway, pastor of Wesley Methodist church, will be evangelist for the union revival service which will begin in Garden City tonight. In the absence of the pastor, Sunday evening services at Wesley Methodist church will be presented by the intermediate department under the direction of Ray Eckler, counselor. The group will present a religious drama entitled "Can We Know We Are Saved?"

The meeting at Garden City will continue through Sunday, July 2. The Rev. R. A. Renfer of the Theological Seminary at Dallas will be in charge of the song services. Evening services will begin at 8:15 and starting Monday morning, services will be at 10 o'clock. Sunday morning service will begin at 11 o'clock.

The Rev. Hardaway will be back in Big Spring Sunday morning to conduct the morning service at Wesley Methodist. He will

REV. C. C. HARDAWAY

He will speak on the subject, "Spiritual Significance of Stewardship." Special music by the choir will be the singing of the selection, "Closer to Thee" by Van Woert.

Fellowship groups will convene at 7 o'clock Sunday evening and the religious drama is scheduled to begin at 7:45.

Vacation Bible school at Wesley Methodist will continue through Friday, June 30. Announcement is made that children may still enroll in the school.

Concluding services of the open-air revival of the Trinity Baptist church being conducted at the corner of 7th and Johnson streets will begin at 8 p. m. Sunday evening. At the morning worship hour, Pastor Marvin Clark will be heard on the subject, "The Raising of Lazarus" from the 11th chapter of St. John. A transcription will be made of the morning service and it may be heard over station KTXC at 8 p. m. Sunday.

Sunday school will begin at 10 o'clock and the lesson will be taken from the 9th and 10th chapters of Joshua.

"Christ Sets the Prisoner Free" will be the sermon topic of the Rev. A. H. Carleton at morning

service of the First Methodist church Sunday. Special music will be by Jane Stripling who will sing "In My Father's House Are Many Mansions" by McDermid.

At the evening service the pastor will be heard on the subject, "This Is the Day". MYF groups will meet at 7 p. m. Announcement has been made that choir practice time has been changed to 8 p. m. on Wednesday.

"Christian Science" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 25, and in the local reading room, 217 1-2 Main Street.

The Golden Text is: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace; that bringeth good tidings of good, that publisheth salvation" (Isaiah 52:7).

Among the citations which comprise the lesson-sermon is the following from the Bible: "O send out thy light and thy truth: let them lead me; let them bring me unto thy holy hill, and to thy tabernacles" (Psalms 43:3).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The All-wise does not bestow His highest trusts upon the unworthy. When He commissions a messenger, it is one who is spiritually near Himself" (page 455).

Sunday services in the local reading room will begin at 11 a. m. and the Wednesday service at 8 p. m.

The Rev. Lloyd Thompson will speak on the subject, "Rejoice And Be Glad" at the morning service of the First Christian church, corner of 10th and Goliad streets. "A Revelation of Jesus Christ" will be the sermon topic of the pastor at the 8 o'clock evening worship hour. Intermediate Fellowship and Christian Youth Fellowship will convene at 7:15 p. m. Mid-week prayer services will be held Wednesday at 7:30 p. m.

Dr. P. D. O'Brien will be heard on the subject, "What Manner of Persons Ought We to Be?" at the morning worship hour of the First Baptist church. Scriptural references will be II Peter 3:11.

A religious motion picture will be projected at the church at 4 p. m.

At the 8 o'clock to 9 o'clock evening worship hour, the pastor will have as his sermon topic, "Walking Through Life with God" from Genesis 5:34.

"Spirit-Filled Christians" will be the sermon topic of the Rev. Lewis Patterson at the morning worship hour of the Church of Nazarene. The evening service will begin at 8 p. m. Sunday school at 10 a. m. and the mid-week prayer service will be conducted Wednesday at 8 p. m.

The Rev. John E. Kolar, pastor, will speak on the subject, "God's Chosen People" from Peter 2:9 Sunday morning at the Main Street Church of God. Sunday school will be at 9:45 under the direction of Georgia Stroope, superintendent.

"Challenge of the Cross" from Col. 3:1-4 will be the title of the pastor's sermon at the 7:45 evening service.

Sunday masses at St. Thomas Catholic church, 508 North Main, will be held at 8:45 and 9 a. m. Confessions are heard before 8:30 Saturday. At the Sacred Heart Catholic church (Latin American) Sunday masses are at 8:30 and 10:30 o'clock under the direction of the pastor.

"A True Picture of Righteousness" from Matthew 25:40 will be the sermon topic of the Rev. A. M. Bryant at the morning service of the Sand Springs Baptist church Sunday school will begin at 10 a. m. and the morning worship at 11 a. m.

The pastor will be heard on the subject, "How To Know Christ Better" from Phil. 3:10. The service will begin at 8:45 and training union will be at 8 p. m.

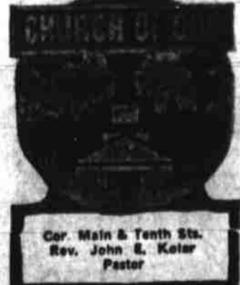

The Rev. R. L. Bowman, pastor of the Garden City Methodist church, will preach at Center Point Sunday at both the morning and evening services. At the 11 o'clock morning worship hour he will speak on the subject, "Is There Any Balm in Gilead?" The night message will be entitled, "Immortality of the Soul".

Helen Engle Up For H-SU Summer Queen

Helen Engle, senior student, is in the run-off for the title of summer queen at Hardin-Simmons University.

The 19-year old daughter of Mr. and Mrs. C. J. Engle of Coahoma, led the ticket in recent balloting. She had 143 votes. Carolyn Hannah, daughter of Mr. and Mrs. Leland Hannah of Munday, is the other run-off candidate, having polled 156 votes. Final balloting is set for Wednesday at the chapel period and some 1,300 students are eligible to ballot.

Miss Engle is a major in English and will take her bachelor's degree in August. She has been a member of the Cowgirls, Beta Mu Kappa, Alpha Phi Omega, Flyers Club and the H-SU Rodeo association. She was treasurer of the freshman class and the junior class favorite. Royalty is not a new experience for her because she once served as queen for the Howard County Farm Bureau in area competition.

THREE PILLARS of POWER

The traditions of America are inseparably linked with religion, and the Church has been the most powerful factor in our national life. Its faith has inspired our highest achievements.

The influence of religion has sanctified our homes and fostered in them the solid virtues and strong faith which have moulded our national character and shaped our course in world history.

Our splendid public school system is the outgrowth of religious zeal and the desire of the Church to spread enlightenment among the people. It has invoked blessings on those who train our youth.

The home, the school, and the Church—these are the great triumvirate whose faithful and tireless efforts have made America the most favored land on earth. They are the pillars of our strength, the foundation of our hope.

Let us cling to these elements of national strength—make our homes the abode of happiness; make our schools centers of light and knowledge; and make God our guide as we move into the untrod future.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Gypsy Ted McCollum Named Bridal Shower Honoree In Shannon Home

Gypsy Ted McCollum was named honoree at a bridal shower in the home of Mrs. Russell Shannon, 1017 Nolan, Thursday night following the regular meeting of the Alpha Chi Chapter of Epitonia Sigma Alpha.

The honoree is the bride-elect of Jack Gully. Wedding vows will be exchanged Sunday, June 25, in Loraine.

The serving table was covered with a white linen cloth and centered with an arrangement of pink roses. The white cake was decorated with pink and green icing and centered with a heart that held the inscription, "Jack and Gypsy."

Napkins were blue and appointments of silver and crystal completed the table setting. Frances Bartlett of Coahoma presided at the punch bowl and Pat Shannon served the cake.

Various arrangements of pink roses were placed at vantage points throughout the receiving rooms.

RIBBON RAMBLINGS

By Mildred Young

We visited a meeting of the Indoor Sports club last night. You've heard us mention the organization before, we're sure. Membership in the club is composed of handicapped persons, mostly those in wheelchairs.

There are probably as many people in the world who think they would like to be newspaper people as there actually are. We run into one of those who would like to be last night.

Talking about making deadlines, we're a little eager and a little skeptical at the thought of only making one definite deadline a week when we start editing a weekly paper next month.

Heard someone say last night that they hadn't read a good newspaper in years. We knew they were in the territory of the Big Spring Herald, so we sorta resented the remark.

Mildred Young is named honoree at a canasta party in the home of Jamie Bilbo, 412 Edwards Blvd. Wednesday night.

Tom Fahey States Intention to Beat McDonald At Polls

Undisturbed by the supreme court's mandamus in the case of J. E. McDonald as a candidate for agriculture commissioner, Tom Fahey said:

"I got into this race to beat McDonald at the polls, and that is what I intend to do."

Fahey was here enroute to Austin his home. He had been Odessa last weekend for a family reunion at the home of his parents on Father's Day.

Social Security Coverage To Be Broadened Under New Measure

Ten million additional people will be covered under the social security program as soon as minor differences between House and Senate bills can be adjusted and presidential approval given the final act. Last October the House passed essentially the same bill as that the Senate passed this week by the overwhelming count of 82-2. It goes without saying that the reform had the maximum of bipartisan support.

The new act this figure may go up to \$68 on the average. Maximum would be raised to \$80 a month for this retirement pay. Maximum family benefits could rise from the current \$65 to a top of \$750 per month. The tax factor is to remain static until 1956. Then it starts to rise for employer and employee alike until it hits 3 1/2 per cent in 1970.

Considering Noise, No Wonder Our Nerves Are All Frazzled

Peony Park in Omaha is the scene of many pleasant summertime "pops" concerts, by the Omaha Symphony Orchestra. Many thousands usually turn out to hear Conductor Richard Duncan put his musicians through their paces. There was one slight flaw in the perfect harmony of these occasions, however; invariably, right in the middle of each concert, a train would come puffing and whistling past Peony Park, drowning out the music.

troubles: make use of a sense of humor. We don't know what railroad passes Peony Park in Omaha, but if we were its operating head we'd hand down a ukase to the train crew: ease her past the park when the orchestra is playing, lest Conductor Duncan, his musicians and his audience ridicule us out of business. Not even a big railroad corporation can stand ridicule for long.

Acheson And Humelsine Talks Favorably Impress Governors

WHITE SULPHUR SPRINGS, W. Va. -The bipartisan foreign policy got a fresh lease on life when Secretary of State Acheson met with the state governors here. Influential Republicans complimented him highly. These included not only internationalists Dewey, Warren and Duff, but conservatives like Carlson of Kansas and Payne of Maine. Several of them bent an elbow with him later in a sunny corner of the hotel bar in what was certainly a reasonable facsimile of a love feast.

nor Youngdahl of Minnesota asked Acheson. This was a reference to Acheson's famous comment "I will not turn my back on Alger Hiss." "I did not," Acheson said, crisply. The subject was dropped. Governor Carlson, chairman of the conference, said he greatly regretted that Humelsine spoke in executive session only. Everybody in America, he assured the secretary, should have heard that talk.

Republicans Break Up Into Three Groups Casting Eyes Toward 1952

WASHINGTON. - Republican leaders, already casting eyes at 1952, are now divided into three general groups. Group No. 1-Is for Taft. They believe the GOP should come out on a strong, out-and-out conservative platform, not be afraid to buck labor and not worry about isolation. They are critical of Dewey because he was too new dealish, are convinced a strong conservative can win.

The newsmen also pointed out that Graham has received honorary degrees from Harvard, Columbia, Princeton, Duke, Davidson, William and Mary, Amherst, Dartmouth, University of Louisville and several others. Despite this, Graham is now being assailed by some of the state's big textile and cigar interests as a dangerous radical.

But the two gentlemen are ducking.

Push Rebuilding Job

WARSAW UP-The new Warsaw is rising hour by hour. Eighty thousand of its present 624,000 inhabitants are engaged in the vast reconstruction effort, which is to be maintained until 1955. The German Army systematically destroyed 77,000,000 cubic meters of Warsaw's 103,000,000 cubic meters of building space. About a quarter of this loss has already been made good. New state-owned apartments to house 200,000 citizens are under way. Some now are going up where the Ghetto wall stood. The Ghetto's stony desert is being cleared for new construction.

British Push Publicity

LONDON-UP-Britain spends more than twice as much on publicity overseas as she does at home. A white paper said the government plans to lay out \$41,943,300 on information services this fiscal year. Of this 10,821,900 pounds is overseas expenditure and 4,157,600 pounds is home expenditures.

HEALTHY POLICY Most Americans didn't realize the world-wide reverberation caused by the five-year contract between General Motors and the United Auto Workers. But Eric Johnston, alert czar of the motion picture industry, was in London at the time the contract was announced and on his return bumped into Charles Wilson, head of General Motors. "In England they thought we were on our last legs as far as labor relations go," Johnston told Wilson: "They thought labor and capital were at daggers' points, with no chance of co-operation. But your five-year agreement electrified England. They could hardly believe it."

"I've read six scripts in two weeks," she crowed. "I'm having a lot of fun."

Reporter Says "Thank You", As She Prepares To Leave

"Reporters for women's clubs must not realize the fact that they have a duty to perform and one of the most important factors of that duty is to report a meeting as soon as possible to the newspaper. A situation is arising in Big Spring whereby reporters expect to be called and it means nothing to them. If after being called, they reply vaguely, 'Well, I wasn't there, but Mrs. Jones is the president why don't you call her.' Likely as not Mrs. Jones is not in the house, but outside talking over the back fence to her neighbor on some place where telephones do not disturb."

More mornings than not, you have kept us so busy with items which you did call in that we didn't have the time to do any calling ourselves. On lots of mornings, we have known about stories which we would have liked to have had the time and space to permit our giving full coverage. In the past two years, for the most part, you have called in as many or more stories than you did earlier. Of course, this should have been, because the town has done its share of growing and there certainly should be more news of every sort. Nevertheless, we have appreciated the growth in the amount of news.

Present Five Main Provisions Of Rent Control Still Apply

WASHINGTON, (AP) - CONGRESS HAS passed a new rent control bill. President Truman is expected to sign it into law. This is an ABC on what that new bill will do as law. It will keep the present law unchanged, except for a couple of minor points, until Dec. 31, 1950. After that date all government rent controls will cease everywhere in the United States except-and this is the only exception-where the people or officials of a city or town vote to keep them longer.

THE LOCAL GOVERNING BODY-Like a town or city council-can vote to end personal rent controls. And this will be done if the governor of the state approves. (This is new) an unincorporated county-such as one adjoining a large city-can wipe out the government controls if the officials of that county vote to do so. (THE LAW SAYS THIS: EVEN though government rent controls should end everywhere on Dec. 31, 1950, World War II veterans still keep their "veterans preference," as provided in present law, until June 30, 1951. (Which means: No matter what happens to rent control between now and June 30, 1951, veterans must be given 30 days' first crack, or preference, at any new building, whether it's a house or apartment.) Here are other parts of the present law which the new law will keep unchanged until Dec. 31, 1950. (As explained, after that date-and only until June 30, 1951-they will be kept unchanged only in a town or city which votes to keep rent controls beyond Dec. 31.)

UN Dividing Into Two Camps-- Democracies Versus Communists

THE COLD WAR BETWEEN the western democracies and Red Russia certainly develops some extraordinary and contradictory situations. Take for example the current fight over the Soviet demand that the Chinese Nationalist delegation to the United Nations be thrown out and replaced by the Chinese Communists. This is, of course, part and parcel of the cold war, and the winner of the argument in the UN will have achieved a major victory.

THE SECRETARY GENERAL IS GOING to Europe shortly and among other things will attend the UN economic and social council conference in Geneva. The Chinese issue might be introduced there, although its logical presentation would be through the general assembly or security council at Lake Success. Britain already has announced that she will support Red China for membership in the security council. Seven of the 21 votes of the council are needed to seat the Communists, but thus far only three-Russia, India, and Yugoslavia-have supported the Peking membership bid. The United States has announced that it won't vote for Red China but will not try to veto a majority decision. France, under attack by the Communists in French Indo-China, is withholding support. The slender backing thus far for the proposal to seat the Reds has given rise to the assertion in some diplomatic quarters at Lake Success that the UN is drifting into "hooverization."

HADACOL Helps Wife Keep Her Family Well and Happy

HADACOL HELPS FOLKS SUFFERING FROM DEFICIENCY OF VITAMINS B-1, B-2, NIACIN AND IRON

Mrs. Edward H. Newton, 4364 Reading Road, Cincinnati, Ohio, feels that a wife's chief responsibility is attending to the welfare of her family at all times. HADACOL has been a big help to her in keeping her husband and little nephew well and happy.

Mrs. Newton's family, like so many, were suffering deficiencies of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

HADACOL brought such wonderful results to her husband, who had suffered from stomach distress that Mrs. Newton gave HADACOL to her three-year-old nephew, Bobby Newton, with equally gratifying results.

Mrs. Newton's Statement: Here is Mrs. Newton's statement: "I gave my little nephew HADACOL because he was pale, he had no appetite; he was run down and he caught colds repeatedly. After taking HADACOL, he has an appetite, has color in his cheeks and he is healthier all the way. My husband has always been troubled with his stomach. After taking five large bottles and three small bottles of HADACOL, he eats anything and is not bothered with his stomach." Mrs. Newton has recommended HADACOL to many of her friends.

Helps You Feel Wonderful! Why not have a similar happy experience happen to you? Now don't keep putting it off—don't say that you'll start taking HADACOL tomorrow. START TAKING IT TODAY! If only you realize the wonderful benefits that people by the thousands are getting from HADACOL, you would

Hosses, S'water Vie Here Saturday Night

Swatters Here For 3 Games

Pat Stacey and his Big Spring Bronces return home Saturday night from Vernon to open a three-game set with the hard-luck Sweetwater Swatters. Starting time for that one is 8:30 o'clock.

The two teams will also clash in a single bout at 3 o'clock Sunday, then close out their series with a Monday night engagement.

Big Spring is trying hard to hold onto third place in the Longhorn league standings. Sweetwater has been in seventh place all season but has good possibilities for gaining a first division berth.

John Bottarini's contingent has given the Steeds trouble in Sweetwater and more than passive resistance in the local ballfield.

Luis Gonzales or Potato Pascual may twist for the locals tomorrow night.

Lamesa Downed By Gold Sox

AMARILLO, June 23.—Four home runs, two of them by Pitcher Ray Faust, gave the Amarillo Gold Sox a 5-3 victory over the Lamesa Lobos here Thursday night.

The Lobos picked up single tallies in the first and second innings, but Crawford Howard got his 16th round-tripper in the bottom of the second to slice the Lobo advantage, and Faust got his first circuit wallop of the game to knot the count in the third. Faust's second homer came in the eighth and it broke a 3-3 tie to give the Sox enough to win.

AMARILLO, June 23.—The Big Spring Bronces, who have more ups and downs in baseball than a roller coaster, handed the Vernon Dusters a 7-6 decision in a series opener here Thursday night.

The Dusters combined four walks with a hit in the seventh frame to come from behind and wrap up their sixth victory in seven starts against the Cayuses and pull even with the Big Springers in the Longhorn league standings.

Jesus Uley pitched to satisfaction until he lost his control in that round. His successor, Tony Glesias, was no better and Gil Guerra was into action too late to be charged with the defeat.

The Bronces loaded the sacks after two men had been retired in the ninth but Jorge Lopez struck out to end the threat.

The Dusters finished the game without their manager, Joe Berry, who was chased by Umpire George Thomas in the fourth for arguing over a decision.

The Bronces played errorless ball.

When Chuck Rayner of the New York Rangers was voted the Hart Trophy for the 1949-50 season, it was the second time the honor had gone to a goaltender.

LOOKING 'EM OVER

With Tommy Hart

J. L. Carper of 1702 State street has forwarded us his idea of a West team for the annual Longhorn league all-star game, which will be played in San Angelo July 19.

Carper would line them up thusly:

Name	Club	Position
Ray Knoblauch	Odessa	Pitcher
Ray Drake	Roswell	Pitcher
Al Sokowolski	Odessa	Pitcher
Bert Baer	Big Spring	Pitcher
Dean Franks	Roswell	Pitcher
Kenny Jones	Midland	Catcher
Tom Jordan	Roswell	Catcher
Jim Prince	Midland	First Base
Alex Monchak	Odessa	Second Base
Quinten Basco	Midland	Third Base
Tony Barrero	Odessa	Short Stop
Ed Jackson	Roswell	Left Field
Felix Gomez	Big Spring	Center Field
Lou Dawson	Midland	Right Field
Tom Jordan	Roswell	Manager

If local fans desire to see some of their favorites play in the classic, they had best fill out the ballot which appears elsewhere in this paper and forward it to the Herald's sports desk.

In years past, the managers have chosen the personnel of the teams. Now, it's entirely up to the fans.

Pete Zmltovich, who performed for that great Big Spring team of 1941, has been released by the Brownsville Charros of the Valley league.

CORPUS' CHANCES ARE NONE TOO BRIGHT

Corpus Christians are working up a fever over the possibility of landing a Texas league franchise. In event Beaumont closes up shop, George S-happs and Company aren't counting too strongly on such a development, however, since Austin will get first call on the club.

Baseball attendance is down in Corpus this year according to reports. The city's best bet is still a strong B or A league combining the better cities in the Valley and Gulf Coast leagues.

OWNERS SHOULD ENCOURAGE KIDS TO ATTEND

Longhorn league club owners probably are making a mistake in charging too much admission for the kids.

The youngsters are great fans and will come when their parents let them. More than that, they're great esters. They like to watch ball games while munching on a snow cone, drinking pop or eating peanuts. They spend about as much time at the concessions, both as they do in their seats.

And, a rich source of revenue for any club is in its concessions.

Longhorn league directors should smarten up to the fact that the children are not only future fans. They do alright toward the club at the present time.

Bronc Hurlers Wild As Dusters Win, 7-6, And Tie For Third

VERNON, June 23.—The Big Spring Bronces, who have more ups and downs in baseball than a roller coaster, handed the Vernon Dusters a 7-6 decision in a series opener here Thursday night.

The Dusters combined four walks with a hit in the seventh frame to come from behind and wrap up their sixth victory in seven starts against the Cayuses and pull even with the Big Springers in the Longhorn league standings.

The Bronces loaded the sacks after two men had been retired in the ninth but Jorge Lopez struck out to end the threat.

The Dusters finished the game without their manager, Joe Berry, who was chased by Umpire George Thomas in the fourth for arguing over a decision.

The Bronces played errorless ball.

Buffaloes Rap Felines, 2-0

By The Associated Press

Texas League observers have been saying all year that Houston's Buffs were much better than their standings.

The Buffs are 24 1-3 games out of first place—six games away from seventh—but the Fort Worth Cats must think today that somebody ran in a bunch of ringers on them.

Houston moved out of Cowtown with a couple of victories over the high and mighty Cats. Last night the Buffs did it 2-0. The night before it was 4-2.

Second place Tulsa, however, couldn't make much of the opportunity. The Oilers gained a half game (now they're nine behind) by splitting with Beaumont in the double-header. Beaumont won the first game 5-4 and Tulsa took the after place 5-4.

San Antonio's stumbling Missions dropped their sixth straight game, this one 10-3 to Dallas. But the Missions had the unique distinction of gaining a notch in the league race anyway. Oklahoma City lost a double-header to Shreveport and fell to fourth.

Starty Garlock gave Fort Worth just six hits as he hung up the third shutout the Cats have run into this season.

Beaumont took the first game from Tulsa with a couple of unearned runs in the eighth in the nighttime Tulsa blasted six runs across the eighth to come from behind.

Shreveport won the first game from Oklahoma City 10-4 by going two extra innings. Sports captured the nighttime 7-5 with a five-run ninth.

Berry Pacing Hawk Hitters

Batting averages of the Howard County Junior college Jayhawks, compiled by Coach Harold Davis, show why the team has won ten of 12 starts to date.

The Hawks have six men batting over .300. Real leader of the bunch is Harold Berry, hitting .417 at the present time. Berry has the most hits, 21, the most doubles, three, the most triples, six, and the most homers, four. He also leads in runs batted in with 25 to his credit and in stolen bases with 15.

The collegians, who upset Knapp in Tri-County league play last week, have scored 141 runs to 89 for the foe in their 12 games to date.

Davis' troops will play Ackerly in Ackerly Sunday.

Not Interested

ODESSA, June 23.—Joe Coleman, football coach of Odessa high school, says he is not even interested in the head coaching job at Texas Western College.

Noting news reports that he was a major candidate, Coleman said yesterday he had been interested in the position at one time, but since he was not contacted, "the case is dead."

CROSS GRIP DOES IT—Marty Furgol, Albuquerque, N. M., switched to a cross-hand grip on his last two holes and putted for a birdie and eagle to rack up 37-33-70, in a tie for low score in the first round for qualifiers in the PGA tournament at Columbus, Ohio. Marty shows off the grip in this view, taken after he had tied Chick Harbert of Detroit in the day's play. (AP Wire-photo).

FINE PRIZES

July 4 Tourney Entries Can Qualify Next Week

More than 40 Big Spring country club golfers are due to turn out for the Independence Day golf tournament, which begins here Saturday, July 1, and continues through Tuesday, July 4.

The field will be bidding for a huge trophy donated by the R & R theaters and a flock of merchandise prizes, including a first watch, golf shoes and other items.

The linksmen can qualify for the big meet any time after tomorrow. They must get in their links by dusk Saturday, July 1.

First and second round play will take place Sunday, July 2. There'll be no matches on Monday but the semi-finals and finals are booked for July 4.

Tournament director is Frank Phinney, whose job it was to arrange for the prizes. Phinney said a barbecue, calcutta pool and putting and driving contests would be held in conjunction with the annual.

Defending champion of the show is Joe Black, who beat J. R. Farmer in the finals last year. 5-2. Black had upset the mighty Obie Bristow in the semi-finals.

Farmer, Bristow, Bill Crook and Jake Morgan are listed among the favorites this year.

Morey Reaches Semi-Finals

NEW ORLEANS, June 23.—Dale Morey of Dallas faces Monty Hill Jr. of Greensboro, N. C., in a semi final match of the Southern Amateur Golf Tournament here today.

In the other semi final defending champion Tommy Barnes of Atlanta plays Gardiner Dickinson Jr. of Dothan, Ala.

Midland Blasts Odessa, 26-9

By The Associated Press

Odessa's proud Oilers, who have been making a runaway of the Longhorn League, can be had, even if seldom.

Midland poured it on them last night, strapping the front-runners 26-9 with a 26-hit attack. Midland just wore 'em out with base blows.

A three-run homer by Scooter Hughes highlighted the rampage.

Roswell gained a game, moving within 5 1/2 of Odessa, by licking San Angelo 6-4. Roswell got 13 hits featured by homers by Manager Tom Jordan and Julian Presley.

Ballinger swamped Sweetwater 13-3 with Walt Wallendorf scattering seven hits. Ballinger pounded 20.

Vernon edged Big Spring 7-6, pushing over four runs in the seventh on one hit and four walks.

Longhorn Bid For Ball Title

OMAHA, June 23.—Texas, a team of slugging collegians with plenty of talent on the mound, defends its NCAA baseball title here tonight against Washington State.

The Texans won a decisive 15 to 9 victory from Rutgers last night to earn its finals berth.

The victory was sweet revenge for the Longhorns whose only tournament loss was to Rutgers. Except for a do-or-die scintilla effort which produced five runs in the last two innings, the final score would have been considerably more one-sided.

Right from the start, Texas has been a favorite to take the title back to the Lone Star State. And from the beginning, Washington State looked like the team most apt to put a crimp in the Texans' plans.

Texas faltered in the first game of the tournament and Rutgers edged the Weststers 4 to 3. It was a tight game and Rutgers' runs were all unearned.

After that, Texas won four straight and one of the teams the Longhorns beat in the double elimination play was Washington State.

Battle For Equality In Education Appears To Favor Southern Negro

(Eleventh of 12 Articles on The Changing South)
By **BEN PRICE**
AP Newfeatures

ATLANTA—There is a determined battle by southern Negroes for equality in education and the handwriting on the wall says they will get it.

In hold script, the federal courts have written that the south henceforth must live up to its doctrine of separate but equal facilities or junk its segregation pattern. In the past this doctrine has been honored more in the breach than in practice but the federal court message has been accepted in good faith by many southern communities.

Nearly every major southern city, for example, has made an effort to equalize teacher salaries and school plants.

In city after city it is possible to see spanking new and modern school buildings for Negroes.

North Carolina in 1944 became the first southern state to equalize teacher salaries by law on all levels and even now the state is in the process of rebuilding its Negro school system.

Kentucky, long a leader in the field of Negro education, took another step just recently by which, if pressed, it could evade its segregation laws on the college level.

Kentucky's solution simply made it possible for Negroes to attend White institutions if the board of trustees approved. Three Catholic endowed schools in Kentucky announced recently that their doors would be opened to Negroes.

Mississippi, long a laggard in Negro education, set aside in its \$8,000,000 for use in improving Negro schools.

These steps are, of course, but straws in the winds but they do indicate that the south is acutely aware of its problem, a problem that is only understood dimly in other regions.

Back in 1941 the Southern States Work Conference on school administration estimated it would require some \$285,000,000 at a minimum just to equalize the White-Negro school plants.

This estimate, which staggered the poor southern states, was in terms of the 1941 dollar. The cost the south nearly three quarters today probably would be nearer \$365,000,000.

Various sources estimate that to equalize all school facilities, college and otherwise, would cost of a billion — enough to bankrupt the region.

Fortunately for the solvency of the south the bill has not been presented for lump sum payment. Sometimes there have been quiet agreements between school officials and Negro leaders just to do the best the resources permit.

Where the White officials have shown a reluctance to improve conditions, the Negroes have gone into federal court and almost invariably have won.

The court process is a long, slow one, though, for separate

actions have to be brought in each county or in each city.

Right now the problem is focused in large measure on the graduate and college level with Negroes demanding the right to study in the same professional and graduate fields that are open to White students.

The Negroes are, in brief, in revolt against the well established southern practice of educating them in vocational schools for menial jobs.

For the south the problem is that relatively few such facilities are available, particularly on the graduate level even for Whites.

To meet the problem the Southern Governors' Conference met in 1945 and proposed as a possible solution the creation of regional schools to provide higher education of the professional and college level.

The pact plan was put into operation in September 1945 with a budget of \$1,736,000 for the next two years.

In actuality, the board of control for Southern Regional Council for Education acts as a sort of clearing house and policy maker.

Funds are paid by the various states to the Board which in turn parcels it out to the participating institutions.

For example, one state agrees that there are 10 students who want to attend the veterinary college of another state, "State A" therefore will pay to "State B" \$1,000 per student for charging that student the same tuition rate as its home students and for maintaining facilities for his training. No money goes to the student.

The board steadily has maintained that the regional plan is not a device to get around segregation.

Take the case of Esther McCready, a Negro, who sought to enter nursing school in Maryland but was denied admission because of race.

Maryland offered to send Miss McCready to the school of nursing at Meharry Medical College, a Negro institution at Nashville, Tenn., under the pact plan.

Miss McCready declined and insisted that the Supreme Court decision in the Gaines case made it imperative that she either be granted admission to the White nursing school or that a separate and equal school be set up for her.

The state maintained that it was providing Miss McCready with an education through Meharry as part of the regional pact plan.

The board of control entered the suit as a friend of the court to take the same stand as Miss McCready. It maintained that it was not set up to avoid the Gaines decision, but to function only where facilities are not available for either Whites or Negroes in their home state.

The United States court of Appeals on April 17 upheld Miss McCready's contention that since nursing schools were available to Whites within the state they must be provided to Negroes.

John E. Ivey, Jr., director of the board of control, commented, "This test case rips off the 'segregation label given by some critics implying that the primary purpose of the program is to extend segregation. We have no official right to acclaim or bewail the decision on the segregation issue as it affects Maryland; we acclaim the court's action as it upholds our contention that the compact was not designed for such use."

(The Supreme Court ruled on June 5 that Texas must admit Herman Marion Sweatt, a Negro, to the all-White University of Texas Law School instead of forcing him to attend a new Negro law school. The high court held that the new school far lacked the same educational opportunities.)

(All nine justices joined in the ruling and also were unanimous

in holding that Oklahoma could not compel G. W. McLaurin, a Negro graduate student to sit apart from Whites at the University of Oklahoma.)

The Gaines decision has figured mightily in the field of southern education.

Lloyd Gaines, a young negro, sought admission to the University of Georgia in 1928 to study law. He claimed equal facilities were not available in Negro schools.

Gaines was denied admission, but the state offered to pay his way to another institution outside the state. Gaines refused and carried his fight to the Supreme Court.

On Dec. 12, 1937, the high court held that the state was bound to furnish Gaines equal educational facilities within the state.

That "within the state" phrase has dogged the south ever since.

Some critics of the regional plan hold that it limits opportunity and discourages the development of schools within the various states; that eventually the participating institutions would reach a saturation point and thereby some students would not be able to gain admittance for lack of facilities.

Where, for example, a state now has no veterinary school for either Whites or Negroes, it would be discouraged from building one for Whites for then Negroes could demand either admittance or a duplicate.

The states therefore, the critics argue, would duck the issue by sending students to regional schools and regional schools are of necessity limited to the number of students who can be accepted.

Just a few days prior to the McCready decision, a meeting of White and Negro educators at Atlanta University resolved:

"Non-segregated, as well as local and national planning, we endorse. But the Governors' plan of regional education we will continue to condemn as long as it extends or perpetuates segregation in higher education. Regional schools as well as others should be open to students without regard to color or creed or national origin."

The meeting at the Negro school was sponsored by the Southern Conference Educational Fund, Inc., headed by Aubrey Williams of Montgomery, Ala.

Sociologist Preston Valien of Fisk University in Nashville summed up many of the intellectual Negroes' viewpoint when he said:

"Even if all things were equal, it still wouldn't be right from the philosophical view, particularly on the higher educational levels. How can there be interchange of ideas and understanding between minds if there is segregation?"

Local Hams To Demonstrate Emergency Skill

How communications would be handled in event of a disaster affecting normal channels will be demonstrated this weekend, as members of the Big Spring Amateur Radio Club join in a nationwide field day.

The local hams will set up a field installation one and one-half miles east of the old NYA camp on the Silver Heels road south of town, with 10 operators manning the station. Visitors are welcomed at any time.

The club is joining in nets established through the American Radio Relay League, and will test operating skills and portable equipment. The rehearsal will feature use of auxiliary power supply. Transmission under the field-day schedule starts at 4 p.m. Saturday, and emergency type messages will be relayed, both by radio-telephone and radio-telephone.

The local club's program will continue on to Sunday, and on Sunday, the Big Spring hams will be hosts at a barbecue to other amateur radiomen over the West Texas area.

The Gold Coast, in West Africa, is about the size of Minnesota, according to the National Geographic Society.

Return Indictment Against Ex-Jet Researcher At CIT

LOS ANGELES, June 23. (U.S. Dr. Sidney Weinbaum, 52, formerly associated with the jet propulsion laboratory at California Institute of Technology, is under indictment by the U. S. grand jury today on eight counts of perjury and fraud.

FBI agents arrested him last Friday and he is at liberty on \$5,000 bond. He was accused of denying to Army review board questioners that he was a member of the Communist Party, when, in reality, "he held membership in the Communist Professional Unit No. 122, under the party name of Sydney Empson."

The indictment was returned against Dr. Weinbaum late yesterday, shortly after Dr. Jacob W. Dubnoff, 41, senior researcher in biochemistry at Caltech, had appeared before the grand jury.

U. S. Atty. Ernest Tolin told newsmen that Dubnoff at first refused to answer questions about Dr. Weinbaum, but after talking to Judge James M. Carter and his attorney, A. L. Wirin, he agreed to go before the jury again. Shortly afterward the indictment was returned. Weinbaum was born in Russia.

Caltech officials said there is no record of Dr. Dubnoff working on any military projects at the institute. Dr. Weinbaum was relieved of his work in the jet propulsion laboratory several months ago.

"I'm not subversive; I'm confused," Dr. Weinbaum said when he was arrested at his Pasadena home. "I don't know what this is all about."

He came to the United States, records show, in 1922, entered Caltech and was graduated in 1924. From 1925 to 1929 he was employed by a chemical company here, then became a research fellow at Caltech and obtained a doctor's degree cum laude in 1933.

Shortly before Pearl Harbor he joined Bendix Aviation Corp. as research engineer, later going to the research laboratory of the Curtiss-Wright Corp. Still later he worked at the Cornell University aeronautics laboratory.
