

Child, Buried In Sand 55 Minutes, Lives

By Phil Duncan
Ten-year-old Gregg Black, son of Mr. and Mrs. Herschel Black, Hereford, narrowly escaped death as he was entombed under tons of sand and gravel for nearly an hour Saturday morning. Young Black was listed in good condition in Deaf Smith County Hospital, where he was rushed by a Gilliland Ambulance after being uncovered.

Black and a companion were playing on the sand pile located behind the Crowe-Gulde Cement Company of Hereford, when the sand gave way and young Black was swallowed up and covered by more than 15 feet of sand.

A worker at the cement company, who witnessed the accident, said an air pocket had formed over the conveyor which carries the sand to the mammoth mixing machine and the weight of the boys apparently caused the ground to give way. Fortunately, Black was buried near the conveyor tunnel and was able to talk to rescue workers and tell his position. Being near the tunnel also allowed him to get air.

A large power shovel was immediately pressed into operation by the Hereford Volunteer Fire Department, Hereford Police Department, Deaf Smith County Sheriff's Department and other rescue workers to speed up the removal of the tons of sand which covered Black.

The power shovel operated until it was estimated they were near his position. The workers then began the tedious operation of removing the sand by hand as quickly as possible without striking Black with a shovel.

A "bucket brigade" was set up and the sand was passed out in five gallon buckets. Rescuers were hampered with the possibility of another cave-in which would have sent several more tons of sand down on Black.

The accident occurred shortly after 10:15 a.m. and Black was pulled from the hole shortly after 11 a.m.

Gregg's father, Herschel Black, manager of the cement company, was rushed to the scene and was able to talk to his son as rescue operations continued.

Names Selected For Runoff Spots

Democrats and Republicans have announced voting places for the June 6 run-off primary, and candidates have drawn for positions on the ballots. The announcements of arrangements for the June 6 election were made by Louis Woodford and Kenneth Rudd for the Democrats and Republicans respectively.

Six names will appear on the Democrats' ballot, but only two on the Republican run-off slate.

Earl Holt and Charley Sowell, the incumbent, will be battling it out for the Democrats' approval for precinct 1 commissioners' position. Their names will appear in that order. Woodford said.

In Precinct 3, J. T. Guinn, incumbent, and Bruce Coleman will be seeking the Democrats' spot on the November ballot. Their names will appear in that order.

In the May 2 first primary, Holt received 293 votes and Charley Sowell got 234. Winner in the June 6 runoff will face Marvin Diller, the county's only Republican candidate, in the November elections.

Guinn received 48 votes and Coleman 46 in their first encounter. Jim Monroe, third candidate, got 43 votes.

Only other names on the runoff ballot for the democrats will be those of Congressmen-at-large, Robert W. Baker and Joe Pool will be battling it out for the Democrats' nod.

The Republican run-off slate will see only two names on the ballot; Jack Cox and George Bush each will be seeking the

Hereford Independent schools will wind up their biggest year in history this week, climaxed by graduation ceremonies next Friday night for 131 seniors.

In every respect, it has been Hereford's banner year with 3,463 pupils enrolled at the peak of the school year to set an all-time enrollment mark.

Throughout the system, classrooms are bulging, and the schools are launching the first phase of a long-range \$2.4 million program which eventually will provide for a new elementary school, a new junior high and enlarged facilities at four other schools.

The closing ceremonies will be highlighted by graduation, but the final week's series actually will get under way tonight when baccalaureate services are to be held in the senior high auditorium.

Invocation will be given by the Rev. William A. Ware, pastor of Temple Baptist Church. High school mixed choir will sing "We Sing to Thee, O Lord," and "Once to Every Man and Nation."

Benediction is to be given by the Rev. Joel Treadwell, vicar of St. Thomas' Episcopal Church.

Commencement exercises will be opened by Larry Hill, president of the senior class, who will give the invocation. "Sail On, O My Soul," and "How Lovely are the Messengers," will be presented by the senior girls' ensemble.

Valedictorian and salutatorian will not be revealed until the commencement exercises. At this time the valedictory and salutator will be given. Candidates for the honors are Linda Tooley, Ronnie Duncan, Janice Hagans, Joe Coffman, and Royce Ann Gilliland.

The seniors' gift to the school will be presented by Shirley Anderson, and school principal Bill Michael will present awards. The 131 diplomas will

No one needs to tell the rancher that grass is short and cattle prices are low. Even if the area gets ample rainfall during the next few months the production of grass on native rangelands will be considerably less this year because lack of sub-soil moisture.

Continual grazing of depressed rangelands can cause serious damage to native grasses.

Even if it does rain, diligent management on the ranchers part must be exercised in order to let the grass grow and develop before normal grazing can be allowed.

It is interesting to note that lightly grazed rangelands in the Southern Great Plains will soak up nearly twice as much rain water as those that have been heavily used, according to USDA's Agriculture Research Service.

Tests on plots grazed at various intensities over 20 years, showed a water intake of 2.27 inches per hour after heavy grazing, 3.64 inches after moderate grazing, and 4.41 inches after light grazing. Reduction

Hereford has been invited to participate in the "Shower of Roses" sponsored by the Amarillo Rose Society, next Saturday at Bank of the Southwest, 2101 Civic Circle.

Rural Electric Cooperative in this area will hold a "Good for All Americans" conference June 1. Leo Forrest, manager of the Deaf Smith County Electric Cooperative, announced Saturday. The meeting will be held in Holiday Inn, West in Amarillo from 9 a.m. until 4 p.m. when John Myhre, head of the management services department of the national organization, will speak.

Army Spec/4 Clifford D. Hill, son of Mr. and Mrs. Roy Hill, 507 Grand, is participating in Exercise Desert Strike in the tri-state area of California, Arizona and Nevada. The exercise ends next Saturday.

One hundred cattlemen from Texas, New Mexico and Oklahoma will be in Hereford for an over-night stop at Chateau Inn Tuesday. The group will be on a five-day tour which starts tomorrow in Amarillo.

Highway Patrol headquarters in Amarillo reported Saturday that eight rural accidents occurred in Deaf Smith county during April. Five persons were injured and property damage of \$3750 was reported. This brought the year's total to 31 crashes with 19 persons injured and property damage totaling \$15,285.

Deaf Smith County Chapter of Red Cross still is seeking applications for water safety instructors for a summer aquatic school. Applicants, who must be 15 years of age and "strong" swimmers, should see Corrine Neely, Red Cross executive, for particulars. The courses start June 16.

Three Hereford Methodist ministers and six laymen will leave tomorrow for Amarillo as clergy and laymen delegates to the Northwest Texas Annual Methodist Conference. Attending will be the Rev. Herschel Thurston and the Rev. Jerry Franz from First Methodist and the Rev. Chesby Patterson, Wesley Methodist. Laymen will include Jesse Stanford, S. L. Garrison, J. C. McCracken, L. C. Thomas, L. W. Tooley and Mrs. Charles Kemp. The conference ends Friday.

Memorial Day Meeting Planned

Pioneers will have their day here next Saturday when they get together at the Community Center for their annual gathering which will include a morning program, a basket lunch and visiting and talking over old times during the afternoon.

All arrangements are complete for the day, officially called Mid-Plains Pioneer Day, says Mrs. Alice Cox Swigart, president.

Registration is to start at 9 a.m. with the B&PW club of Hereford in charge. The club will serve coffee and doughnuts to the guests.

At 10:30, the annual meeting is to be held. Mrs. Swigart will call the meeting to order and the invocation will be given by the Rev. Eugene Naugle, pastor of Bippus Community Church.

Welcome address will be given by Mrs. Bruce Ross, Hereford, and the response by Mary Chapman, Truth or Consequences, N.M.

Main talk of the morning will be given by Austin C. Rose Jr., president of the Deaf Smith County Chamber of Commerce.

Business session will follow with Mrs. Mary King reading the minutes and presenting the treasurer's report. Election of officers will conclude the formal part of the program.

Basket lunch is to be served at noon. Mrs. Cox has asked

Don Smith, City Teacher, Dies

Don B. Smith, 27, a teacher in Aikman Elementary School, died in Deaf Smith County Hospital at 4:30 Friday afternoon of complications following scarlet fever. He had been ill for two and a half months.

Body was returned to his former home in Paris Saturday, and services will be held there Monday afternoon. Arrangements will be announced by Gibbs Funeral Home, Paris.

Survivors include his wife; his parents, Mr. and Mrs. Haskell Smith, Paris, and his grandparents, Mr. and Mrs. John C. Smith, also of Paris.

Smith was born Oct. 4, 1936 in Paris and attended Texas A&M and also Sam Houston State College. He was married to Robbie Ann Walters May 31, 1959 in the First Methodist Church in Paris.

They came to Hereford last August. She had been employed in the school tax office.

Smith became ill of scarlet fever early this year, and complications, including nephritis, followed. He was taken to Methodist Hospital in Lubbock several weeks ago, and was returned to his home here two weeks ago. Last Tuesday his condition became serious and he was taken to Deaf Smith County Hospital.

He was a member of Central Church of Christ.

has a project, and this year's project will be to provide a flag pole for Community Center, Mrs. Cox explained.

Each year the Mid-Plains Pioneer Day attracts hundreds of persons from throughout western Texas and eastern New Mexico.

Afternoon part of the program will be "strictly informal," she said. Among the events planned is an old-fashioned sing-song, featuring songs that have been popular through the years.

After that, the meeting will be turned into a talk-fest when old-timers will get together and talk over olden days in the West Texas.

"This part of the program should be especially interesting to these pioneers," Mrs. Cox said, "since frequently the only time we see some of our old friends is at these annual pioneer days, and it's always fun to renew old acquaintances."

Mrs. W. T. Carmichael will lead the sing-song and Mrs. Cliff Estes will play. Mrs. Una Hutchsons and Miss Alma Norton, Amarillo, and other old-timers are to be on the program. The Bennet Street Ragtime band, Hereford, is to furnish "fiddling" and string music during the day. Mrs. Willie Daniels will play old-time songs on the piano.

A flag ceremony is set for 3:30 a.m. with Claude Rickette in charge.

City To Mark Memorial Day

Hereford will close up shop Saturday for Memorial Day, a check of business houses revealed Saturday, but for old-timers the day will have special significance; they will be holding their Pioneer Day at Community Center.

Clete Corliss, chairman of the Chamber of Commerce's Retail committee, said Saturday that "virtually all" stores have agreed to close for the holiday.

The Court House and City Hall, both of which normally close on Saturday, will take their usual weekend holiday. Both banks will be closed, and Hereford Texas Federal Credit Union, Hi-Plains Building & Loan also will close. Chamber of Commerce will be closed.

No mail delivery is planned for the day since the post office, along with all other federal agencies, will be closed for the day.

Grass...

(Continued from page 1)
of vegetative cover was the chief reason for the low intake rate on the heavily grazed land.
Compaction of the soil was also a notable factor. The principal of grazing half and leaving half of the current year's growth will maintain strong vigorous grass plants capable of utilizing every drop of moisture. It takes overused pastures nearly twice as long to produce the same amount of grass that properly used pastures produce.

For the past several years the local Tierra Blanca Soil Conservation District and Soil Conservation Service have encouraged ranchers to plan ahead for the next drought. As one rancher from another area put it, "I was reluctant to cut my herd 40 percent. It hurt! But it sure gave me more grass, cut my feed bill, improved my cattle and my calves are heavier now at weaning time. I haven't had to feed all winter except during snows."

Ranchers are encouraged to plan ahead and plant some type of crop that will provide supplemental grazing and feed. New improved hybrid forage sorghums have been developed which will produce considerable forage even with light rainfall. Ranchers who provide for supplemental grazing resources and build up feed reserves this summer will be able to relieve their native pastures and allow the grasses to grow and produce more forage.

Grass is the foundation of the livestock business in this country. If grass should become damaged in times like this, losses may go on for years.

be presented by board president Ivan Block. Program will be closed with the school song by the Class of '64 and the benediction by Steve Conaway.

The class motto is "With the help of God, I shall either find a way or make one." Flower is the red rose.

Class officers are Larry Hill, president; Steve Conaway, vice-president, and Shirley Anderson, secretary. Sponsors are Virgil Young, Don Farmer, Miss Jean Collard, Joe Smith, Al Smith, James Balch, and Mrs. Billye M. Buck, coordinator.

Review of the class history, beginning in 1932, will be given at the senior assembly to be held Monday. Also on the program will be presentation of senior wills, designating what is to go to what lower classman. Juniors will read their prophecies of each member of the class.

Another last event for the high school is the annual junior-senior banquet, which was held last night in the school's cafeteria. At this time, the outstanding senior was announced.

Awards for high school students were presented in assembly last week. Ninety-one out of

797 students had perfect-attendance records for the year. Also recognized were the exchange students, Sergio Bravo, Tuula Lehti, and Christa Holz. Eugene Green and Neal Lueb were recognized for being selected for the all-district football team. John Kovacs was on the second all-district team. Honorable mention went to Jim Haney, Jim Higgins and Ronnie Duncan.

The baseball team was commended for winning the district title, and Andy Channer was recognized for outstanding work on the school's golf team.

Danny Cates was recognized as the "Fighting Whiteface" in basketball and Jim Higgins was recognized for having received the same award in football. Manuel Pacheco and Neal Lueb were commended for their outstanding work in track.

Suzi Higgins and Mamie Silvertooth presented the school trophies for work the choir has done this year. Jerry Ross, band drummer major, presented the school with the UIL sweepstakes trophy, and also the Tri-State Music Festival trophy.

Ty Hillger, speech and drama teacher, presented the award for "The Boat", the one-act play that won second place in district competition.

Recognized as the Betty Crocker homemaker of the year was Kaki Barnard. FFA awards went to Gary Royal, outstanding chapter farmer, and Lee Robinson, outstanding greenhand.

John Brownlow was named the outstanding student in distributive education, and Judy Crume was recognized for winning second place in the distributive education job interview contest, held at the organization's convention in San Antonio in February.

Mrs. H. H. Miller presented Kathleen Kuper an award for leadership in the American Red Cross.

And the other schools have been busy also.

Stanton Junior High had several awards to make to outstanding students at their awards assembly Wednesday.

The faculty of the school selected Jean Keeth and Jimmy Childers, both eighth graders, as recipients of the American Legion awards. The citizenship award was presented to Patsy Smith. The winner of this award is decided by the entire class.

Coaches presented trophies to Wylie Quattlebaum, school principal. Boys in track this year won the Golden Spread Track Meet, and also won first in the Hereford Junior High Track Meet.

Another athletic award was the third place trophy which the eighth graders won in the Clovis basketball tournament.

Rodney Goheen and Gaylen Evans both won awards with their shop projects at the industrial arts show held recently at WTSU in Canyon. Evans' project won first place, and Goheen's won second.

House Raided, 12 Arrested

City police raided a house at 309 Lake at 1 o'clock Saturday morning and took seven men and five women, all Negroes, into custody.

Officers said they were charged with illegal possession and disorderly conduct.

Also recognized were the spelling bee winners, Margaret Lindeman and Renette Hubble.

Mrs. Charles Duvall presented physical education awards to Wanda Fuhrmann and Marguerita Salinas. Wanda won the ping pong tournament and Marguerita won the badminton tournament.

The choir honored those students who won places in the all-regional choir.

Joyce Curtsinger was given special recognition for outstanding work on the school's newspaper. The Dogie, Joyce is editor of the monthly publication.

Service pins were presented to the following teachers: Mrs. O. Wertensberger, ten years; Candie Ola Brown, 15 years; Wylie Quattlebaum, principal, 15 years; Eleanor Hudspeth, 15 years; Inez Welch, 15 years; Miss Flo Dickinson, 10 years; Tandy Legg, 15 years; and Mrs. S. C. Ramey, 15 years.

Principal awards to be presented in the elementary schools are Texas Readers' Club awards. To be eligible for membership a student must read at least ten books of a certain subject content.

Shirley School principal Roy Hartman said they will award 84 such certificates, and Northwest Elementary will award 65. Lynn Rudd, pupil at Northwest, won a \$2 gift certificate from the Christian Book Store for having read 105 books during the year.

And if she were teaching again, she'd pick first grade. All her 39 years in the classroom have been spent teaching first-graders except for one year.

"That was the year when I'd stand in front of the school and watch those little fellows coming for their first days in school, and I'd wish I could start them off," she mused.

"So, the very next year I went back to the first grade and I've been there ever since. In fact, the greatest satisfaction I have received from my teaching career has been the satisfaction of feeling I have accomplished something — seeing the difference between that first day in school in the autumn and the last one in the spring. It's made teaching worthwhile even back in the early days when the pay was mighty poor."

Her first days in Hereford schools were spent in old Central elementary. "It was crowd-

Mrs. Durham was born in Waco, but her parents moved to the Panhandle when she was in the third grade, and she's lived in the High Plains ever since.

For several years she taught on a "teacher's certificate," but in 1926 she received her bachelors degree from West Texas State Teachers College — as it was known in those days. The master's degree didn't come about until years later — in 1949, to be exact.

Mr. Durham taught for 38 years himself, including 10 years in Dalhart and three in Tucumcari just before the couple moved here. He served for three years as principal of Shirley, besides a stint at junior high. He and Mrs. Durham were married in Canyon in 1923.

"We taught at various Panhandle schools, most of them small," Mrs. Durham recalls. "But they were all interesting and I don't regret a single day I spent in the classrooms," she concludes.

They are members of the First Methodist Church, and she is president of the Wesley Service Guild. She also belongs to the teachers' society, Delta Kappa Gamma.

Some of the traveling she hopes to do will be to see "the kids," or, at least, the two who live in the United States. The Durhams doubt, however, that they'll ever get to visit their only son as long as he lives where he does now. He's Ronald O. Durham, a Church of Christ minister in Perth, Australia.

But much nearer at hand are the two daughters, Mrs. Paul (Barbara) Creek, Wink, and Mrs. David (Lou) Harmon who lives in Dallas. Ronald and Lou are both Hereford High School graduates.

Dear Friends and Voters of Precinct 3

I greatly appreciate the confidence and support you gave me in the Primary election. This was about the closest contest I can recall.

I think this is a very healthy indication for it shows the interest and concern our people feel for our local government. Almost every qualified voter came to the polls and expressed himself; as successful democracy requires.

I believe in our system and I believe there are many men of honest, and integrity in this precinct who could successfully represent us in the capacity of commissioner. My roots are deep in Precinct 3. My home, my family, my business and my loyalty are here. I feel that I am qualified by education, experience and concern to actively and successfully represent the people as commissioner of Precinct 3.

I need your support June 6th.

Pony League Readies '64 Selections

Selections were completed this week for the 1964 Pony League teams according to Charlie Stone, president of the Hereford Pony League Association.

The four teams which make up the Pony League loop are the Red Sox, coached by Rossie Simpson; White Sox, coaches L. B. Russell and Rocky Lee; Indians, coaches Carl Carille and James Braly and the Tigers coached by Don Blankenship and Dale Wynn.

The first games will be June 1 when the White Sox meet the Tigers at Dameron Park.

All boys not selected will be

placed in a players pool and selections for replacements will be made from this pool.

All boys selected for teams are to meet with their coaches at Dameron Park, Monday at 5:30 p.m.

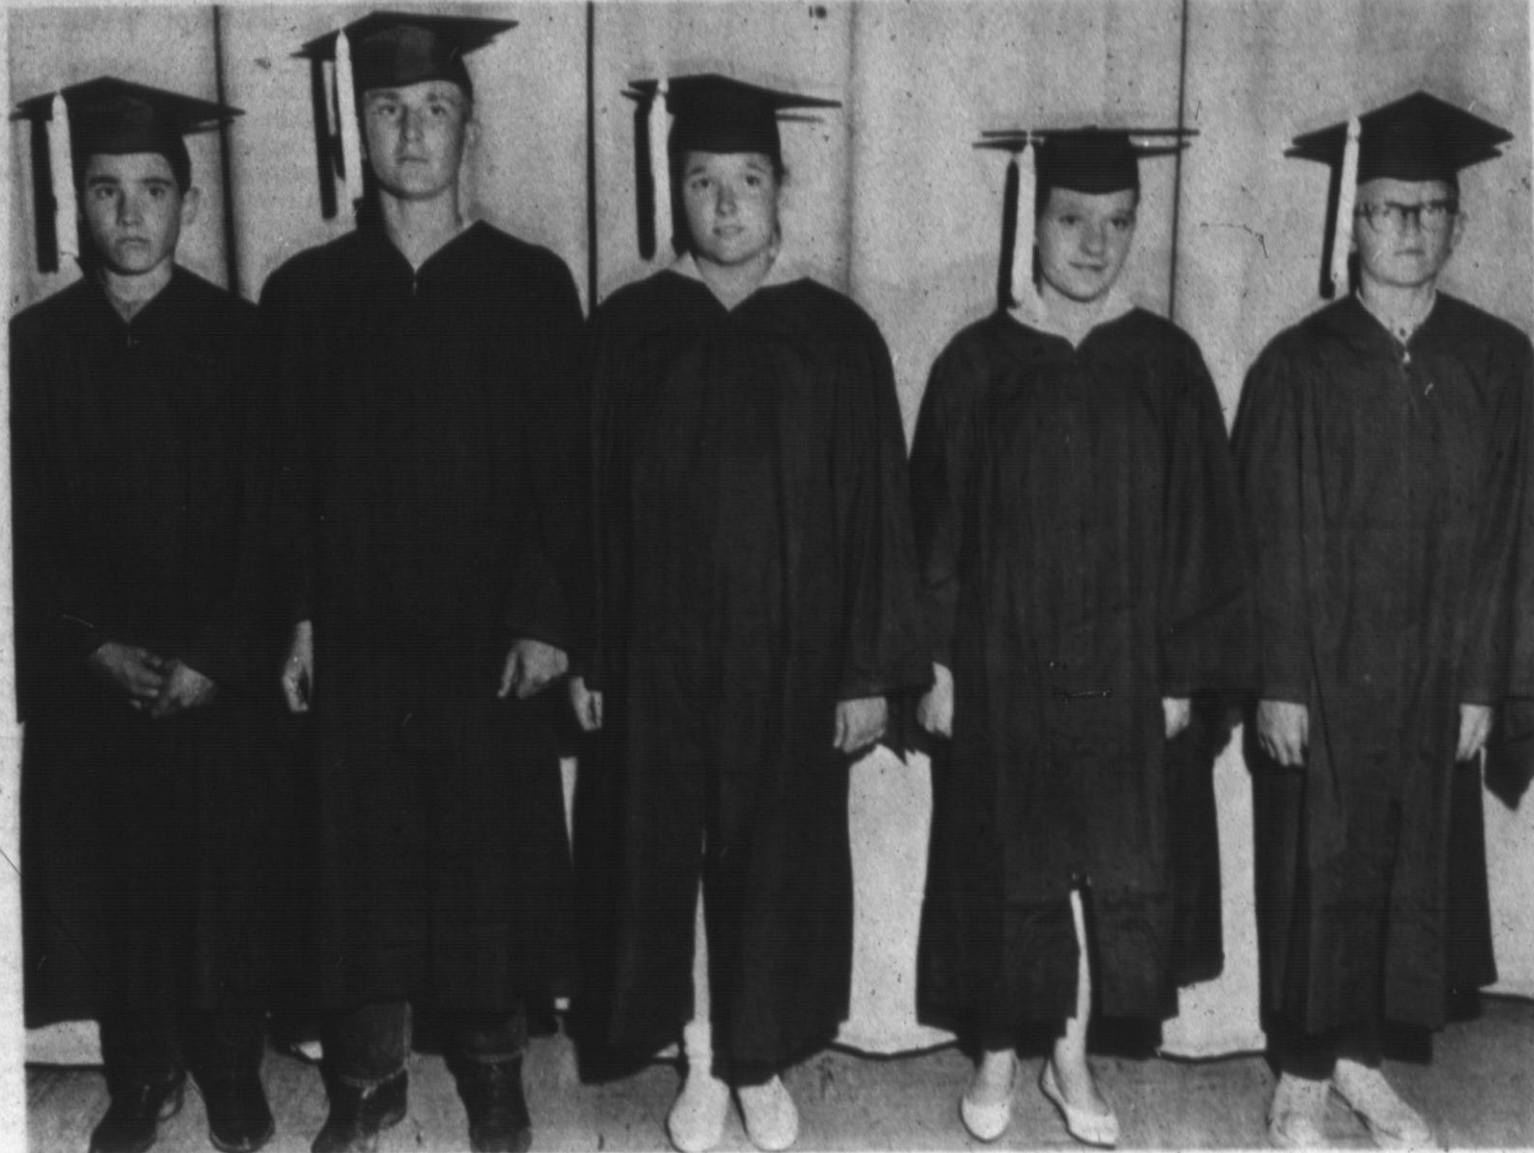

The team selections for the Red Sox were Roger Beasley, Jim Scott, Cruz Chararris, Greg Herring, Chris Hutcherson, Charles Atchley, Johnny Pool, Ray Martinez, Russell Phillips, Jim Rakestraw, David Alvarado, Phil Fitzgerald, Oren Davis, Robert Grady and Paul Ware.

The selections made by the Indians included Brad Johnson, Mike Horton, Jimmy Childers, Glenn Thomas, Jerry Wayne Kenrick, Lenny Ray Petres, Richard Rendon, Dean Riddle, Bill McMinn, David Huckert, Clifford Higgins, Jeff Massie, Frank Hernandez Jr., Frankie Torres and Clifton Kelly.

White Sox roster will add Bill Russell, Charles Stone, Mark Golden, Ricky Grubbs, Ren Lee, Dickie Elliott, Bill Hollenstein, Charles Kelly, Sid Shaw, John Stagner, Danny Boyer, Lynn Chisholm, Tim Fuston, Jerry Walker and Johnny Oliver.

The Tigers chose John Loflin, David Brink, Bryan Knox, George Bullard, Joe Walker, Larry Dearing, Pat Higgins, Mike Beauchamp, Jim Loerwald, David Vines, Charles Walsler, Billy Ohlig, David Wagner, Wayne Winget and Sheldon Alexander.

"We want to give every boy possible a chance to play, but the regulations allow only eight 14 year old boys on each team

WALCOTT GRADUATES — These five eighth graders will finish their school careers at Walcott Public School at graduation exercises Thursday at 8 p.m. They are left to right, Ronnie Henderson, John Hall, Mary Ruth Weaver, Marla Jack and Kelly Tyler. Walcott Holds Graduation Ceremony For 8th-Graders

Graduation exercises for the five graduating eighth graders at Walcott School will be held Thursday at 8 p.m. at Walcott School, according to Thomas L. Collins, principal.

The graduates are Kelly Tyler, John Hall, Mary Ruth Weaver, Ronnie Henderson and Marla Jack. Marla Jack was named the valedictorian and Mary Ruth Weaver was named salutatorian.

Wayne Thomas will be the guest speaker for the graduation exercises.

All of the graduates will begin school at Hereford High School next year.

"We feel this has been a highly successful group of youngsters and feel they will make a good showing when they transfer to Hereford High School," Collins said.

The graduates each wrote a short summation of their school days at Walcott Public School.

MARLA JACK

My name is Marla Jan and I am the daughter of Mr. and Mrs. Bertram Jack.

I have been in Walcott since the first grade and now am fourteen.

The most thrilling thing that has happened to me in school was when we won second in our volley ball tournament last year.

I plan to go to college and major in Home Economics.

JOHN HALL

My name is John Hall. I am the son of Mr. and Mrs. G. V. Hall.

I started to school in the first grade at Walcott.

I am glad that I am graduating from this school. It wasn't very much fun. I enjoyed the fifth and sixth grades the best.

I think I am going to enjoy Hereford High School.

RONNY HENDERSON

My age is 14. I was born in 1949. My first year of school was here at Walcott and I have gone here ever since. I have three brothers, Keith, Billy and Sid.

I have enjoyed going to school at Walcott and going out for sports, for four years. My most exciting time was in the fifth grade when I went on my first game.

KELLY TAYLER

I am Kelly Tyler, son of Mr. and Mrs. N. E. Tyler. I have one younger brother and one older sister. I have gone to Walcott all my life.

I have taken part in sports for four years. I have enjoyed my fifth and sixth grade years best. The teacher was Miss Bourguin. I think I will enjoy it better at Hereford.

MARY RUTH WEAVER

Mary Ruth Weaver, daughter of Mr. and Mrs. Jack Weaver. I started at Walcott in the first

W. P. Betts Dies; Lubbock Rites Set For Monday

Funeral service for William Powell Betts, age 83, of 901 North Miles Ave., will be at 2 p.m. Monday in Rix Funeral Home, Lubbock, with burial in

Vote June 6 in the Second Primary AND VOTE FOR EARL HOLT COMMISSIONER, PRECINCT 1

I believe in sound business principles in the operation of this county, and in always getting a dollar value for every dollar spent. The operation of Deaf Smith County is one of the largest business in the county. I believe that my background in business and in the teaching profession qualifies me for the position I seek, and if elected I will do my best to see that the county continues on a sound basis, without slipping backwards, and without undue tax burden on its citizens.

I realize that the county population is growing, and with this growth comes many problems... many of which require the spending of some tax dollars. I believe in getting full value however, for every dollar spent and will devote my efforts to this end.

Thanks Again for Your Support and I ask your vote again

A CAPELLA CHORUSES — Four young peoples' choruses sing in unison here in special "edification in song" program at Central Church of Christ following evening services, Sunday, May 15. Joe Godfrey directs. (Brand Staff Photo)

Choruses Present 'Sermons In Song'

Four a capella chorus of Central Church of Christ, Plains and Sunset Drive, presented an hour of "edification in song" after evening church services, Sunday, May 17.

Under the general direction of Marvin A. Crowson, personal evangelist with the congregation, 50 young people, ranging in age from first grade through high school, sang in full chorus and in their respective age groups. Joe Godfrey, Woodie

McDermitt, and Sue Hollingsworth were assistant directors.

With the general theme of "Life of Christ and What He Means to Us Today," the full chorus sang "Joy to the World."

Each member of the primary chorus directed by Miss Hollingsworth, then led a song for his group. "Fairrest Lord Jesus" and "Low in the Grave He Lay" were the offerings of the fourth and fifth grade groups.

The junior high age group, with Godfrey directing, sang "Savior Lead Me Lest I Stray," "The Lord My Shepherd Is," "Seeking the Lost," "I Come to the Garden Alone" and "There Was One Who Was Willing." The high school age chorus presented sermons in song, under Crowson's direction: "Under His Wings," "Sweet Hour of

Prayer," "I Stand Amazed," and "When I Survey the Wondrous Cross." The humming chorus furnished background music for Narrators Johnson Benefield, Jerry Leatherman, Steve Knox, and Tommy Reev-

es, each amplifying the theme of Christ and His Purpose. In full chorus the groups sang the final number, "I Gave My Life for Thee," then hummed "Must Jesus Bear the Cross Alone" for the congregation's

closing meditation. Following the program, chorus members and parents joined in fellowship and presented an appreciation gift to Joe Godfrey, who leaves soon to direct young peoples' work in Tulla Church

AUSTIN HIGHLIGHTS

Old 'Friend' Leaving Austin Scene-The Walton Building

By Vera Sanford Texas Press Association AUSTIN. - There is a certain sadness around the capitol. An old friend is about to depart.

The white limestone building with its fanciful towers and elegant facade is an old-timer. Built in 1873, it was the Travis County Courthouse until 1929.

Oil operators told a special committee reviewing the opinion that much of the oil industry has not accepted the new Board's jurisdiction, and look instead to the Railroad Commission for disposal regulation.

Water conservationists support the Board's authority, claiming that the 1961 Legislature gave the Pollution Control Board jurisdiction over pollution by oil and salt water in Art. 7621d.

TRAVEL WRITERS' TOUR - Texas Tourist Development Agency is looking at West Texas for a repeat of its successful April tour for out-of-state travel writers.

On the first go-around, the agency led the writers from Dallas to San Antonio, Corpus Christi, Houston and several other cities in the eastern half of the state.

In November, they plan to take them to such favorites as Palo Duro Canyon, El Paso and Juarez, Big Bend National Park, Fort Davis and the Davis Mountains, Guadalupe Peak, Fort Clark and Alamo Village at Brackettville.

Feature articles in metropolitan dailies and national magazines already are reflecting the favorable reaction to what the writers saw in Texas on the first tour.

BUDGET DRAWN - State Hospital Board has requested a \$128,600,000 budget for the next two-year fiscal period. It includes a \$28,000,000 increase for operating expenses and \$13,200,000 for new facilities.

These new institutions would be constructed if the budget is approved by the Legislature: Mental hospitals for Dallas and the Gulf Coast area (4,000,000 each); Special schools in West Texas and Corpus Christi (2,500,000 each); and a food service training school (250,000).

HIGHWAY FACTS CITED - State highway spending has grown from \$40,200,000 in 1940 to an expected \$450,000,000 this year, reports State Highway Engineer D. C. Greer.

He also cited these facts: Total Texas highway mileage has increased since 1941 from 20,339 miles to 65,798; autos have increased from 1,700,000 to 5,500,000; Highway Department employment has grown from 7,600 to 16,000.

Greer also noted that while Texas has 22 more metropolitan areas (50,000 or more population) than other states, it still ranks fourth among all states in rural population.

FIGHT RAGES - Atty. Gen. Carr said he is going to see how several suits filed against railroads turn out before he decides if he has authority to enter a dispute involving discharge of some locomotive firemen.

Railroad brotherhoods say the state's "full crew law" should be observed although a federal arbitration board award permitted dismissal of firemen on some diesel engines.

Walter Caves, Texas Railroad Association attorney, said several prosecutors have agreed they won't accept complaints involving dismissals of the firemen.

Lubbock and El Paso prosecutors were among those who would not file complaints of Locomotive Firemen and Engineers.

YOUTH CONFERENCE - The second annual Texas Attorney General's Youth Conference will be held here July 10-12. More than 1,600 junior and senior high school students will attend.

Delegates will discuss juvenile delinquency, vocational training, public awareness projects, church and youth activities and other projects resulting from the 1963 meeting.

Program is based on the idea that Texas youth can find solutions to their own problems.

Noting that 40 percent of Texas crimes are committed by youth under 21, Atty. Gen. Waggoner Carr termed the conference a vital step toward finding

new cures to an old problem.

HEARING SET - First meeting of the Texas Legislative Council Committee on congressional redistricting is tentatively set here for the weekend of May 30.

Sen. George Moffett of Chillocothe, chairman, said he probably will call an informal session at that time, as most study committee members will be in Austin anyway for President Johnson's address at the University of Texas.

Hearings in major cities over the state, to seek public advice on how to carve up districts on an equal-population basis under court order, will begin after the second primary elections, June 6.

Moffett, Texas' oldest lawmaker in point of legislative service, said he doesn't think the public is nearly as interested in the problem of redistricting as political furor over recent court action indicated.

He indicated there will be no revelation of the study committee's final recommendations for a redistricting bill before the Legislature convenes in January.

MANUFACTURING - Value added by manufacture in Texas products for 1963 came to \$6,300,000 of the \$9,700,000 total for the four West South Central States (Louisiana, Arkansas, Oklahoma and Texas).

University of Texas Bureau of Business Research reports total state employment has risen 67 per cent since 1947, and production workers have increased 45 per cent. Automation was cited for the relatively slow growth rate in the latter group.

Productivity of Texas labor is high as measured by manufacturing value added per production worker on Census scales. The Texas figure is \$52,816 per worker for 1962, compared with \$36,572 for Louisiana and \$30,946 for Oklahoma.

SHORT SNORTS Atomic Energy Commission sponsored a conference here, first of its kind outside Washington, D.C., that attracted representatives from New York, California, Kentucky, Mississippi and Arkansas which, like Texas, control their own problems of radio-isotope usage.

Attorney General Carr has notified Wilacy County Attorney Miss Edna Cisneros that the county has authority to pay a special prosecutor who assisted her in a murder case.

June 1-15 will be the second enrollment period for the Texas 65 health insurance plan for citizens age 65 and above.

New military draft quota for June calls for 234 men compared with 258 for May in addition to 10 veterinarians to be assigned to the Army.

State Board of Education announced a profit of \$375,648 on a \$10,000,000 sale of municipal bonds.

Thirteen forfeited Veterans Land tracts were resold for \$84,174.

Governor Connally has named Secretary of State Crawford Martin to represent him at the inauguration of Louisiana Gov. John McKeithan.

SCHOLARSHIP WINNER - Joe Ella McGee, daughter of Mr. and Mrs. Lloyd McGee, 426 Star, Hereford, has been honored in receiving two scholarships to West Texas State University where she plans to begin study June 1.

The music faculty at WTSU awarded her a four to five year music scholarship and the Ex-Student Association awarded her an academic scholarship, which is the same scholarship given the valedictorian. Joe Ella has maintained an "A" average all through high school, but was not eligible for valedictorian or salutatorian since she is graduating in three years.

She attended Amarillo High School in the summer of 1963.

Randy Carver Graduates From Military School

Lieutenant Randy Carver, son of Mr. and Mrs. Russell E. Carver, 203 N. Texas, will graduate next Sunday from Missouri Military Academy, Mexico, Mo.

Carver will be graduated at commencement exercises beginning at two p.m. Sunday afternoon. At two p.m. Sunday afternoon, at two p.m. Sunday afternoon, at two p.m. Sunday afternoon, at two p.m. Sunday afternoon.

Carver has been invited to attend a six-week American Youth Conference at Mackinac, Mich., July 1. He is one of 2000 students from all over the world that have been invited to attend. Invitations came because of his work in speech.

He plans to enter West Texas State University this fall.

MAN OF ACTION OMAHA (AP) - Those who give Omaha Auto Bureau Chief Warren Fleming a "rubber check" find he's got a fast answer.

Fleming hunts the offender down, pulls out pliers and screw driver and says: "Cash or your plates."

"It's pretty effective," he says.

Champion Takes Lead In Tourney

Stan Barrett, defending champion on the Over-40 Golf Tournament which was held at John Pitman Municipal Course Friday, defeated 1961 titalist Dale Tinnin, Hereford, one-up, in opening round action.

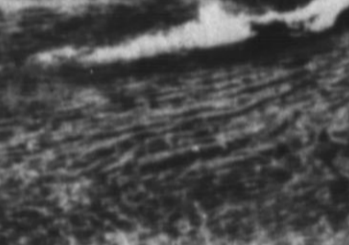

In other championship flight results, Jack Garrett of Lubbock tripped Dan Laxson, Amarillo, two and one; John Renner, Friona won over Don Eagan, Littlefield, three and two; Jess Sorrells, Dalhart beat Ted Young, Hereford, two and one; Bob Giese, Amarillo seized a three and two verdict over Leroy Paulger of Lubbock; Bob Lindsey, Dimmitt, topped Ed Lewis, Plainview, four and three.

Also, Rex Brown, El Paso clipped Dink Abernathy, Lubbock, three and two; and C. R. Rushing of Littlefield dethroned Owen Seamands, Hereford, one and one.

Tea-Off time Saturday was set at noon. Some of the pairings for Saturday were Barrett against Garrett and Renner tested Sorrells in one foursome. Geisse took on Lindsey and Brown against Rushing. The two championship foursomes teed-off together on the first tee.

ONE GOLD FANG COLUMBUS, Ohio (AP) - When Hans, a sentry dog at Lockbourne Air Force Base, broke a fang on a fence, veterinarian Don Waldrup and dental officers Ralph Garcia and James Bigalke tackled repairs.

Now, although he may not be the handsomest sentry dog on base, Hans is the most dazzling. The fang he damaged is gold-capped.

Pool Is Dug; Steel Is In; It Won't Be Long Now!

"It won't be long now", according to Reuben Asland, developer of Green Acres addition. First houses are in the final stages, and the new 30' x 70' swimming pool has been dug, with steel in place and should be completed within the next two weeks.

The new pool will also feature a Club Room, Snack Bar, and dressing rooms. Other features will be a kiddie pool at one end, with a slide for tots as well as one for grown-ups.

Included with the pool will be bath houses as well as a club house. The pool will be a non-profit venture, owned by residents and members. Crowded conditions at the public pool was cited as one of the reasons behind the move by the area developers.

"We believe that a pool serving only members will be an asset to this end of town," Asland said, and stated that the pool will be equipped with the finest filtering system made, and will be staffed with a lifeguard during the season. "We've overlooked nothing to make this Hereford's first planned community, including a shopping center and schools as the area develops. A complete section of land is available if demand for houses continues as they have."

A limited number of membership are now available by invitation. For detailed information, fill out the blank below and return.

I am interested in membership in the swimming pool group, now being formed in Green Acres Estates. I understand that this inquiry is for information only, and does not obligate me in any way.

JUST CLOWNING AROUND
SARASOTA, Fla. (AP) — Coco, Great Britain's greatest clown who was awarded the Order of the British Empire by Queen Elizabeth last year, was recalling the funniest thing that ever happened to him.

Coco — Michael Polakovs, who was visiting Sarasota — said he and his son, Coco II, were performing with the Bertram Mills Circus in England.

"We were to climb up a ladder and my boy was to be in front of me," he said. "Halfway up, he

was supposed to lose his trousers. I was to try to help him with his trousers and while he struggled, a bucket of water he was carrying on his shoulder was supposed to spill on my head.

"Well, he dropped the bucket and almost knocked me out. I was dizzy for a long time.

"When we got backstage, I was just about to tongue-lash him for being careless when Mr. Mills walked by and said, 'Boys that was great — keep it in the act.'"

Trade in Colonial Virginia's "sweet-scented" tobacco grew so profitable that settlers planted it in unpaved streets and market places.

Iris Time in Hereford!

SHADES OF BRIDAL PINK — Specialists in their iris, peony, and rose garden, Mr. and Mrs. Wallace C. Cox here show their giant peonies. As a longtime favorite hobby, they have supplied countless flower arrangements for Hereford weddings.

Flowering spring has favored Hereford. Driving in any direction about the city offers rewarding views of spring blooms — primrose spreads, clumps of multi-colored iris, all varieties of roses, peonies in rainbow hues, bordered walks, color-ringed trees, brilliant patio gardens.

In wider proportions many city gardens, such as those glimpsed on this page, offer wealth of color and fragrance for any passerby. Colorful arrays show each gardener's specialties: Mrs. Audrey Thompson's iris-in-ends variety at 208 Avenue E; also the Wallace C. Cox rose, iris, and peony garden at 410 Union Avenue. Excellent blooms of all seasonal garden flowers mark the adjoining informal grounds of Mrs. Jim Black, 508 West Third, and the W. Jesse Stanfords at 504 West Fourth (best viewed from Clemons and West Third). Golden ranunculus border leads past trellised purple Jackmania clematis to Mrs. R. W. Mitchell's garden at 113 Westhaven, in new varieties of seasonal blooms.

Mrs. Thompson's iris with infinite variety border and crisscross the garden. If limited only to prize winners, named brilliants would fill her specialist's catalog — Dykes Medal winners, Wabash, Ranger, Gray Mahr, Sable Night, Merry Bell among them. Proud of her own seedlings, Mrs. Thompson's present achievement, crossed with Chantilly, boasts picot-edged archid ruffles and carnation top-estry. She proudly exhibits Mrs. Julian John-

son's own Christmas Morning, white iris with red beard.

Beds of lilies (Mrs. J. F. Ward's Texas white among them), roses including Margot Koster and Paul's Scarlet, blooming perennials, beds of chrysanthemums arcing toward autumn — all surrounded by flowering shrubs in blossom or excellent foliage — highlight other areas of this remarkable garden.

Ardent gardeners, Mr. and Mrs. Stanford have laid out flower beds so that each will show a succession of fully blossoming plants as the season advances. Against backgrounds of earlier flowering shrubs (white French lilac, mock orange, flowering peach), perennials will flaunt their colors — cornflowers, petunias, sweet alyssum, ageratum, spreading phlox.

Shasta daisies, asters, gladiolas, regal lilies (Mrs. Stanford's specialty), chrysanthemums stand ready for full bloom at the right time. Roses — Chrysler, New Yorker, Talisman, White Knight, Peace, Majave, others — are flowering in profusion. Peonies — rosy red, pink, white — nod majestic heads, backed by climbing Paul's Scarlets in full bloom.

These many-colored streamers seem to sweep across Mrs. Jim Black's adjoining garden. Their garden layouts uniformly harmonizing, Mrs. Black and the Stanfords share in growing flower displays of unparalleled beauty for all Hereford to enjoy.

With satisfaction in combined gardening

efforts, Mr. and Mrs. Wallace C. Cox exhibit varieties of roses, iris, and peonies — all in superior bloom. Catering to demands in this season of brides and roses, Mrs. Cox cultivated roses and peonies in varying shades of pink. To her favorite rose, Mirandy, she adds Chrysler Imperial, Crimson Glory, Peace, and Queen Elizabeth. Peonies the Coxes like best are Monsieur Jules Elie, Minuet (large as saucers), Nick Shayler, and Walter Faxon.

The Cox garden has blooms all summer, ushered in and now protected by bordering mock orange, crepe myrtle, pyracantha, red-bud, and flowering crab. The Coxes started their fine roses in 1947. Soon thereafter they began exchanging prize bulbs to achieve their present iris collection.

Mrs. Mitchell's garden is cornered by lavender flowering sweet pea tree and china-berry, pecan and trellised grapevines, and Niobe weeping willow. Colorful garden heliotrope, cornflowers, honeysuckle, and bridal white candytuft claim attention. A year-round produce, this candytuft bed, Mrs. Mitchell pointed out, had bloomed continuously since its white clusters peeped through snow-laden plants. Chrysanthemum and geranium beds are being groomed for finer blossoms and foliage, she added.

With these gardens, city tours today should include dozens of other gardens in their fieta brilliance.

PRIZE IRIS SHOWN — Near Lemon Meringue Iris, Mrs. Audrey Thompson exhibits Amethyst Flame, 1963 Dykes medal winner, highest award given in iris. Her garden at 208 Avenue E is inclosed by banks of blooming iris—more than 500 varieties—in colors challenging imagination.

FOR BETTER BLOOMS — In her garden at 113 Westhaven, Mrs. R. W. Mitchell strives to improve plant production. Here she trims off dead iris stems to assure finer blossoms. Against a full color-range of medaled iris, her unusual varieties display unsurpassed blooms.

Brand Staff Photos
by Phil Duncan

SUNSHINE BEAUTY — When blossoms filter sunshine, Mrs. James E. Black enjoys most her garden at 503 West Third Street. Here she explains, using her favorite iris — Bryce Canyon, Pink Ruffles, and Berkeley.

RIBBONS OF COLOR — In their garden adjoining Mrs. Black's, the W. Jesse Stanfords are planning futures for their iris in abundant bloom. They spread their attention to the garden's variety to assure continuous blooms until frost.

Margaret Rose Alston Weds

Now on a wedding trip to Yosemite, Las Vegas, and Palm Springs, Alan Robert Milner and his bride, the former Miss Margaret Rose Alston — one-time Hereford resident, will live in Santa Rosa, Calif.

The wedding ceremony, held Saturday afternoon, May 9, in Petaluma, Calif., United Church of Christ with the Rev. Donald Nickerson officiating, was followed by a reception at Petaluma Golf and Country Club.

The bride, daughter of Mrs. John J. Alston, 3906 East 15th Street, Amarillo, is a graduate of Hereford High School and one-time member of the Hereford Brand staff. She attended Hardin-Simmons University Abilene, and recently has been employed as operations manager at KCRA television, Sacramento.

Mr. and Mrs. Joe B. Milner, 725 B. Street, Petaluma, Calif., are parents of the bridegroom, a graduate of Petaluma High School, Santa Rosa Junior College, and University of California at Los Angeles, where he was a member of Lambda Chi Alpha. An active member of Santa Rosa 20-30 Club and publicity chairman of Redwood Empire Heart Association, he is account executive for KSRO Radio, Santa Rosa.

The bride, given in marriage by her cousin, Lawrence Sheahan of Grass Valley, Calif., wore a gown of Italian silk styled with protrait neckline and elbow length sleeves. The controlled skirt was highlighted at side waistline with a delicate scrollwork sparked with imported crystals and pearls. A soft bow of the same fabric graced the gown back as the skirt ended in a chapel train. The bride's bouffant veil of silk English illusion was secured by a pillbox of silk and alencon lace re-embroidered with seed pearls. The bride carried a white lace covered Bible topped with white orchid encircled by smaller orchids and stephanotis.

Mrs. Gary Hueners of Sacramento was matron of honor. She wore a dress of teal blue peau de soe designed with bell-shaped skirt and fitted bodice topped with short matching chiffon jacket. Of the same material, her pill box held a brief veil. Her flowers were pink carnations and stephanotis.

Bridesmaids were Miss Joan Jilner, niece of the groom, Pe-

taluma; and Miss Karen Sheahan, cousin of the bride, Grass Valley. Their dresses and flow-

ers matched those of the matron of honor. Flower girl was Leslie Bertram, daughter of Mr. and Mrs. William Bertram, Sacramento.

Bruno Abini, San Rafael, Calif., served as best man. Ush-

ers were William Bertram and Dr. D. R. Mobley, Saratoga, Calif. Ringbearer was Billy Milner, son of Mr. and Mrs. Joe H. Milner, Petaluma, and nephew of the groom.

Assisting in the reception house party were Mrs. John H. Alston, Amarillo; Mrs. Miriam Bentley, Santa Monica; and Mrs. Lawrence Sheahan, Grass Valley.

For her going away ensemble, the bride wore a pink wool suit with matching accessories and white orchid lifted from the bride's Bible.

The young couple will establish a home at 987 Middle Rin-

CLEWISTON, Fla. (AP) — There are plenty of modern house trailers in Florida but not many sport 17th Century furniture.

Here apparently does, says Miss Anna Colborne, who retired from the Detroit Telephone Co. and came to Clewis-

ton to grow orchids.

She installed in her trailer a table and four chairs handed down in her family. Then one day a vacationist stopped to admire her orchids and observed "orchids are out of my line — I'm an antique appraiser."

He inspected the table and chairs thoroughly and said they were of English make of the 17th Century," Miss Colborne said. "He thought they were of the style known as Plymouth from the craftsmen building furniture at Plymouth, England at that time."

She said the chairs were appraised at \$1,000 each, and the table at more.

Miss Colborne said she had no idea the furniture dated further back than the days of her grandmother.

INSIDE VIEW — This shows a portion of the interior of today. One of the features of the church is a suspended cross. Choir loft is located in the balcony.

OUTSIDE VIEW — Here's the entrance to First Christian Church, now located on Harrison Highway, originally stood at the corner of Main and 6th in downtown Hereford.

First Christian Church Here Marks 65th Birthday Today

First Christian Church, the oldest church in Hereford, celebrates its 65th anniversary with special services today. Harvey M. Redford, minister of the congregation from 1963 to 1964, will fill the pulpit at the 11:00 a.m. service today. His theme will be "God's Stars."

A large number of former members of the church have been invited to return for the observance and those who have been members of the church for the longest time will receive special recognition at the morning worship service today.

A reception will be held at the parsonage, 211 Sunset, this afternoon from 4 to 6 o'clock to honor Mr. Redford, and all members of the church and friends are invited.

Mr. Redford is one of the 17 ministers who have served First

Christian Church through the years. Although he officially retired last year, he continues to serve three country churches near Paris, Texas, and is instructor of Bible at Paris Junior College. Mr. and Mrs. Redford make their home in Dallas, where she is librarian at Carpenter Elementary School.

Organized in 1899

First Christian Church was organized in February, 1899, within months after the Santa Fe railroad opened its line across this part of the Texas Panhandle. As early as 1888, a Christian Church minister named Thomas G. Nance at the G. R. Jowell ranch house at Sulphur Park, east of Hereford about 5 miles. Mr. Nance is the father of Mrs. S. O. Wilson who is still a Hereford resident and member of the church. A widow

from the former sanctuary, now in the church chapel, is a memorial to Thomas Nance.

There were 11 charter members. Among them were Mr. and Mrs. F. T. Denison, Mr. and Mrs. L. Gough, Mr. and Mrs. R. H. Norton, Ferd Gough, G. R. Jowell and Troy Womble. The names of the other two are not known. For some months the group met in a building which had been built for a saloon.

Mrs. J. E. Hill and Mrs. A.M. Jones took membership in the church in August, 1902, and it is thought that these were the first among those who are still members of the congregation.

The first church building owned by the congregation was built in 1899 at Third and Miles, just north of the present city hall. Several ministers, representing different denominations, rotated

on Sundays until other churches were built.

In July, 1901, First Christian Church was instrumental in organizing Panhandle Christian College. Classes were held in the college from 1903 to 1912 and the building was used for Hereford High School for another decade. It was located on the same land which holds the present high school.

Lot Bought in 1907

The congregation outgrew its first building and for a while met in the college auditorium. In 1907 a new building was dedicated upon and a lot purchased at Sixth and Main Streets. These were optimistic times in Hereford. In the columns of "The Brand" were estimates by realtors that the population of the community would reach 20,000 by 1910. A north-south railroad,

ambitiously named the Colorado, Hereford & Gulf, was expected. A large building was felt necessary.

The basement of the new building was finished in 1909, and it was used for services and Sunday School. The auditorium, seating 1200 people, was not finished until May, 1917. The monumental building, with its large dome, was a landmark in the community for many years. In addition to church functions, many civic events were also held there for there was no other building of its size in the community.

That building served the congregation until the first unit of the present plant was built at 401 West Park Avenue. It included Sunday School and office facilities, a chapel, and a fellowship hall which doubled as a sanctuary. A permanent sanctuary was planned, and construction started, during the ministry of Gilbert Davis.

We Point With Pride

We are now in full operation of producing liquid supplement for cattle and welcome anyone interested to drop by and visit with us and tour our most modern plant. We have a large investment and are proud of our ability to turn out approximately 150 tons of feed a day with a pushbutton control system.

Inside Plant — Mixer and Storage

Shur-Gro is a complete supplement for cattle and the product definitely saves money on feeding along with other advantages such as easier handling, controlled dispersion of ingredients and dust control. The combination of urea and molasses along with a phosphorus product has shown to be effective in producing better quality meats. Our liquid feed contains: trace mineral needs; desired phosphorus levels, and urea as a source of protein all in a molasses carrier. Anti-biotics and hormones can be added.

We have been in the liquid feed business in the southwestern states for the past 5 years and feel that our Hereford plant is most outstanding in equipment and production.

We have our own delivery equipment for more efficient service to customers

History's Best Trained Graduates Seen In 1964

"Time changes everything," they say — and certainly the general aspects of education are no exception to the rule. When the 130 boys and girls walk across the stage of the high school auditorium here Friday night to accept their diplomas, they will present an entirely different trend in thought, achievement and general conclusions from those held by Hereford graduates of 30 years — even 25 years and 10 years ago.

Commencement, a few generations back, meant that the high school graduate had completed his long course of study, and that most of the youngsters were ready to face life and make their way in the world. Armed with a high school diploma, which was rare 50 years ago, the graduate justifiably felt that he even had a definite advantage in the battle for survival, and a few assumed an attitude of "The world is my oyster, let's get at it."

Not so today. A high school education has become more of a necessity than a luxury. Most graduates see their achievement in a defensive light, rather than as a superior weapon. Today, high school graduates are the rule, rather than the exception. Our graduates, better trained and better informed than ever before in our history, realize this condition — and we doubt if a single one feels that he "has it made" because of his diploma; most of them, to the contrary, are inclined to feel that they have only begun in a nation and world filled

with formidable competition on all sides. In Hereford at least, well under 50 percent of the graduates do not expect to fulfill the destiny of the word "commencement." They will, instead, join the ever-growing army of college students who for the next four years will help fill the classrooms of higher learning across the nation. Give or take a few more generations and high school graduation will, no doubt, fall into much the same category as our present day eight grade graduation which, only a few years back, was quite an event.

Those who are less ambitious or less fortunate, as the case may be, will walk out into the world as the best trained young men and young women in history, due in part to improved teaching methods, along with the advent of television, radio, improved printing and publications techniques which affect our daily lives. Generally speaking, they have enjoyed many advantages in public school over those which their parents received. Outside of specialized fields, they will certainly find themselves in an enviable competitive position.

Up to now, this superior training — found on a general basis only in the United States — has been mostly absorbed by the tax payers of the community, the state and the nation. It represents the dreams and ambitions of hardy pioneers, along with people who faced the depression of the 1930's without an education, it is likewise a dream come true for many people from foreign lands who migrated to our shores in order that their children and grandchildren might accomplish "the impossible."

Education is today a way of life, rather than an exception. Already, we are fighting "cold wars" rather than "shooting wars," science and industry are creating new improvements each day — and education is a necessity if these creations are to prove of maximum value and service.

Consequently, although the benefits may belong to the graduates, it is with pride that we join the parents, teaching staff, school officials, and other interested persons in expressing appreciation to the graduates of 1964. We wish each of you well as we extend appreciation for an accomplishment of which you will always be proud.

Unidentified Objects

Another "flying saucer" tale came out of New Mexico a couple of weeks ago where a policeman reported seeing an egg shaped object fly out of a draw near Socorro.

Another report of a similar sighting came from northern New Mexico, near La Madera.

Military authorities confirmed scorched areas where the things were supposed to have landed and wedge-shaped impressions that appeared to have been left by landing gear of some sort.

Dr. J. Allen Hynek of Northwestern University, an astronomer who serves as a special consultant for the Air Force on Unidentified Flying Objects, does not attempt to brush off these reports.

He says they are the "soundest, best substantiated reports" ever received.

Some flying saucers, when checked out, prove to be weather balloons, high flying aircraft, the planet Venus and even the moon. Human imagination often distorts an image until a flying saucer can be made out of almost anything if you are looking for it.

But the flying saucer stories continue to mount up. The Air Force reports that it has investigated 8,000 reports of unidentified flying objects in the 16 years since it first began tracking down such sightings and thus far the Air Force has not found any evidence that the UFO's constitute a threat to U. S. security.

This is not to say that there are not a lot of unexplained UFO sightings, witnessed by reputable and sometimes trained observers.

The New Mexico officer said he got a good look at the UFO near Socorro. He saw it parked with two figures in white coveralls outside before it took off. It was marked with a red, inverted V with bars through it.

This officer says he doesn't think the ship contained men from Mars, but he believes that if the Air Force cannot identify it as one of ours, then something should be done in a hurry to find out who is landing it here on our soil.

Science fiction often proves to be an accurate prophet. Jules Verne was years ahead of his time and his wild yarns have somehow become true.

It may be that science which deals with space ships and men from other planets may not be so wild. In this era of scientific progress, we are ready to admit that almost anything is possible and the confirmed news of a space ship from Mars landing in this country would not cause nearly as much of a commotion as it would say 20 years ago.

TEXAN IN WASHINGTON

Texas Solons Head Four Congressional Committees

By **TEX EASLEY**
WASHINGTON, (AP) — Texas Democrats now hold chairmanships of four House committees — a distinction unmatched by

any other state delegation. The Texans went one chairmanship ahead of New York when Rep. George H. Mahon, Lubbock, succeeded the late

Rep. Clarence Cannon, D-Mo., as head of the powerful Appropriations Committee. Cannon, 85, died May 12.

Other Texans now holding chairmanships are: Rep. Wright Patman, Texarkana, Banking and Currency; Rep. Olin Teague, Bryan, Veterans Affairs; and Rep. Omar Burleson, Anson, House Administration. New York has three chairmanships. North Carolina and Arkansas each have two. The remaining nine chairmanships are scattered among as many states.

This is the first time in many years that Texas members have held as many as four chairmanships. As a result, the Lone Star delegation is bound to figure more prominently in directing affairs of the House.

The situation today is similar, but not comparable, to Texas' position in the House when the late Rep. Sam Rayburn, Bonham, served as speaker. After his death, the Texas influence began to wane.

Rayburn served as Speaker from 1941 until his death in November 1961, except for a four-year period when Republicans controlled the House. Simultaneously, over an eight-year span, President Johnson served as Senate Democratic leader and then became Vice President and President of the Senate.

Also on hand during much of that era were such Texas legislative notables as the late Sen. Tom Connally and former Reps. Hatton W. Summers and Joseph Mansfield, both deceased. Also members of the House were Marvin Jones, now Chief Judge of the U.S. Court of Claims, and Fritz Lanham. All five headed important committees, especially Connally as chairman of Senate Foreign Relations.

Rep. Albert Thomas, Houston, is scheduled to move up to the Nov. 2 spot on Appropriations because Rep. Harry Sheppard, D-Call., who now outranks Thomas, has announced he will not seek reelection.

Other high committee rankings show:

Reps. W. R. Poage, Waco, second on Agriculture; Teague, No. 2 on Space and Aeronautics; Burleson, No. 3 on Foreign Affairs; Jack Brooks, Beaumont, and Walter Rogers, Pampa, each No. 3, respectively, on Government Operations and Interior.

THE BOOTLEG —Philosopher

Editor's note: The Bootleg Philosopher on his Bindweed farm comes up with a hard question to answer this week.

I was glancing through a newspaper last night and ran across a picture of President Nasser of Egypt giving Premier Khrushchev of Russia a bear hug and a continental kiss on the cheek in appreciation for half a billion dollars in aid and my reaction was, some people will do nearly anything for half a billion dollars, but then I read the article accompanying the picture.

According to it, Russia has spent half a billion dollars building a big dam for Egypt, and Mr. Khrushchev was in Egypt to get the proper credit for it.

On the other hand, the United States has spent nearly a billion and a half, three times as much, on aid to Egypt, on the theory I guess that avoiding a kiss from Nasser comes high. Surely we could have found somebody who would have volunteered, just to save the country a billion dollars.

I don't know anything about this guy Nasser, but I'd like to. I'd like to learn some more about his system of getting money from the United States to keep from going communist and money from Russia to keep from going capitalist.

You reckon he's working now on getting money from the Democrats to keep from going Republican and from Republicans to keep from going Democratic? Has he thought of working Red China against Formosa? How about DeGaulle against England? Deaf Smith County against Castro County?

If he can keep the system going, it won't be long before the desert sands of Egypt will flourish and it's possible we can apply to him for aid to keep from going Castro.

Speaking of Castro, I have a notion he'll go down in history as the man who lost his country's cigar trade with the United States right when cigarettes were given a bad name.

As for Nasser, we ought to study his methods a little closer. If I could just get two banks competing with each other to see which could lend me the most money . . .

Yours faithfully,
J. A.

Salts Gaining; Rain Scarcity Seen As Cause

By W. F. "Bill" Bennett
Agronomist

The white material which appears on the surface of beds after irrigation is an accumulation of salts. This appearance of salts is fairly common but has been somewhat more prevalent this year due to a lack of rain.

I recently took three soil samples from beds on which salt had accumulated. One was taken from the surface, one was taken at a two-inch depth and one was taken from a four-inch depth. The results of the tests are of interest. Total salt present and types of salt were determined.

Total salt content was equivalent to 5.7 tons per acre in the surface, 5.7 tons per acre at 2 inches and only 1.2 tons per acre at 4 inches. This shows how salt will move upward with soil moisture and is deposited on the surface as moisture evaporates. Most field crops can germinate and grow satisfactorily in soil with salt contents up to about 7 to 8 tons per acre.

Types of salt present were primarily calcium and magnesium salts. The anions associated with calcium and magnesium were primarily sulphate and chloride salts.

One of the most interesting aspects of these analyses is the nitrate nitrogen content in the surface. The surface layer contained 21 parts nitrate nitrogen per million parts of soil. The 2 inch layer contained 22 parts and the 4-inch layer contained only 3 parts. The nitrate nitrogen content was about 6 to 7 times greater near the surface compared to lower depths.

This quality of nitrate nitrogen in the surface is equivalent to about 40 pounds actual nitrogen. Herein lies the significance of these analyses. If we have rainfall to move these nitrates and other salts downward, they will be beneficial to plant growth. If the nitrates stay in the surface 2 inches of soil, they will be of little or no benefit. If we fail to get sufficient rain, or if we have prolonged dry spells during the period of heavy growth of grain sorghum, it may be desirable to sidedress additional nitrogen.

I am sure that you have observed the fact that a good rain does more good than an equivalent quantity of irrigation water.

This accumulation of nitrates in the surface and subsequent downward movement by rainfall is the explanation for this observation. In addition to this, rainfall itself also contains some nitrate as well as ammoniacal nitrogen. The quantity depends on the electrical thunderstorm activity preceding the rain. Up to 8 pounds of actual nitrogen per acre has been measured in rainfall.

Bruce Miller Gives Program For Dawn Boys

Bruce Miller, local attorney, presented a program on the "origin of Law" to the Dawn Boys' 4-H club at their May 11 meeting.

A report was given by Stephen McAndrews on the county building committee. Neil McAndrews presented a speech on "Patriotism".

It was announced by club leader Mrs. Earl Plank that records for the trip to the electric camp will be due in the last part of June.

Hosts for the meeting were the Paul Engler family.

Visitors attending were Mr. and Mrs. Lefty Thomas, Mrs. Tony Hoffman, and Mrs. Leo Witkowski.

Members present were Tommy Betzen, Robert Galley, Stephen Hoffman, Kevin, Steven and Neil McAndrews, Jon David and Dion Miller, Gary, Sam and Ted Richardson, Jack Thomas, Gerald Witkowski, and Glen and Wayne Polan.

Alvarado, Vinson Are 'Favorites'

By Joyce Curtsinger

Mr. Clyde Wilson, the Stanton Junior High band director, chose two outstanding band personalities for the year from the band students. These students were chosen by their ability and progress throughout this school year.

Ediana Vinson, the daughter of Mr. and Mrs. Edgar Vinson was chosen as the outstanding girl band student. She is fourteen years old and has been playing the bassoon since last summer, and plays first chair. Last year she played the clarinet. She "loves" band and plans to play in the high school band. Ediana received a first in solo contest this year. Her favorite subjects are band and English and her favorite teachers are Mr. Wilson and Mrs. Jim Balch. Her hobby is playing the bassoon and she also likes to play baseball and skate. Her most embarrassing moment in band was playing in a rest while the remainder of the band members were silent. Her favorite piece of music is "Cranberry Corners".

Lupe Alvarado was chosen as the outstanding boy in the band. He is the son of Mr. and Mrs. Angel Moysa. He is also 14 years old. He has been playing the alto saxophone for two years and plans to play in the high school band next year. He was first chair for six weeks at the first of this school year, then dropped to second chair, but he has now taken over first chair again. This year he won a medal for his first rating in solo contest. His comment on band was "it's just great". He thinks that everybody tried their best in contest even though they did not win sweepstakes and he hopes that they will do better next year. His favorite subjects are band and math and his favorite teachers are Mr. Wilson and Mrs. Tandy Legg. His main hobby is playing his horn although he has varied other interests. This summer he plans to get a job and loaf in his spare time.

Band Students For Six Weeks Are Announced

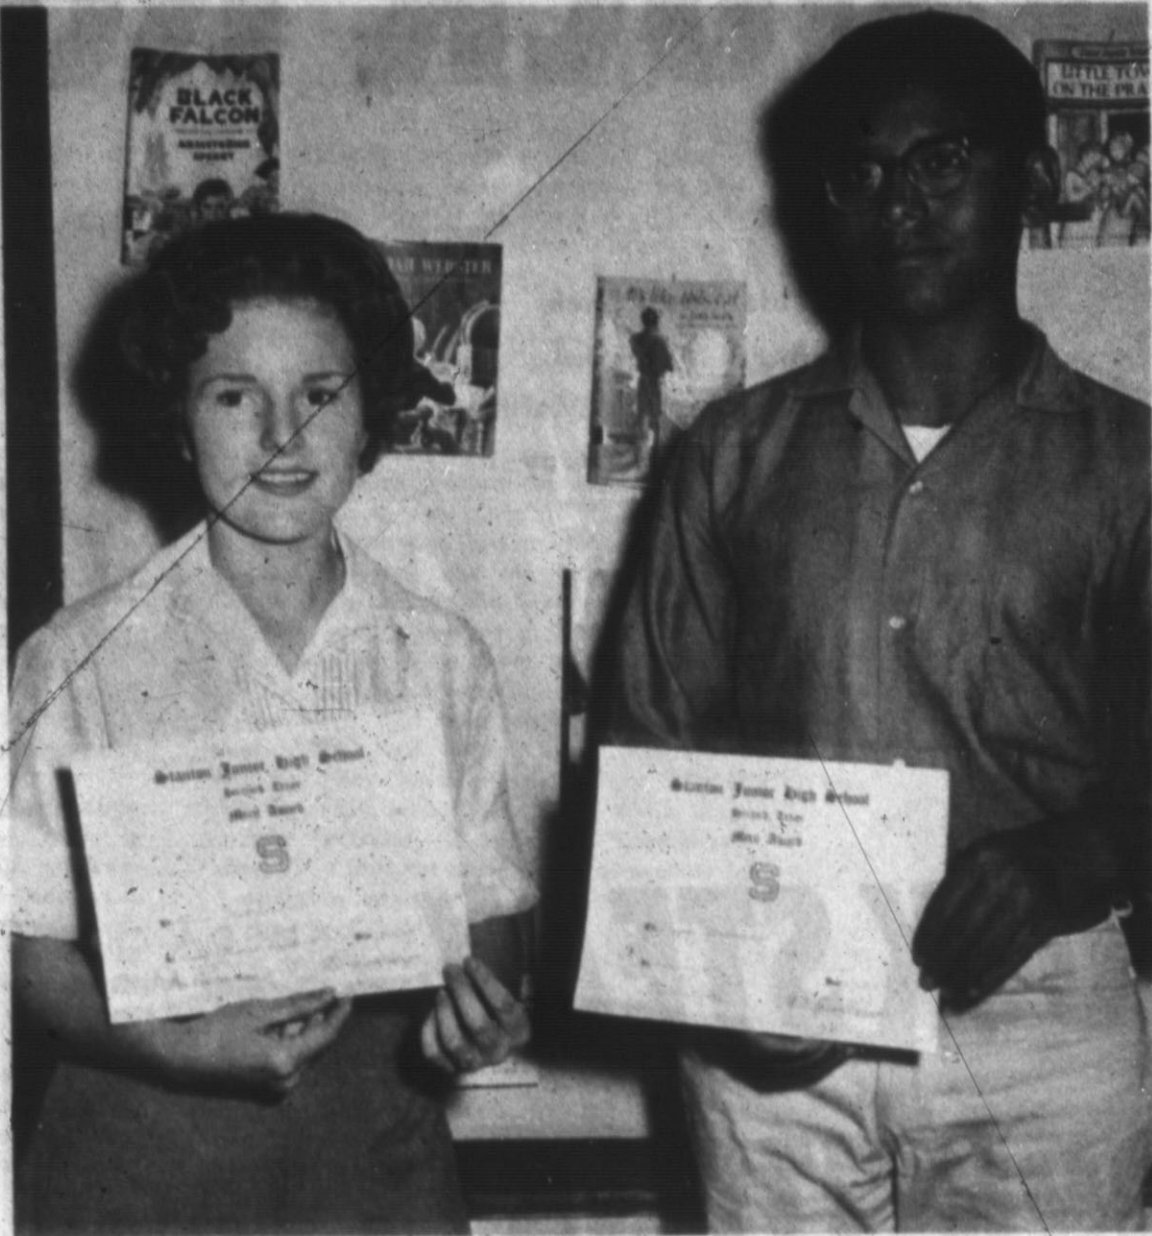

By Cheryl Solomon

The girl band student of the six weeks is Wanda Fuhrmann, Wanda is the daughter of Mr. and Mrs. Ronald Fuhrmann who live at 505 Union. She plays both the flute and piccolo in the Stanton Junior High Band. At solo contest in Canyon she received a II rating. Wanda also takes private flute lessons every two weeks at Amarillo College. She plans to play the flute in high school and college and is thinking of going into professional work. "Band is a lot of fun and you learn a lot," said Wanda. Wanda also worked in the office the first semester and also worked in the band office. Her favorite hobby is skating and she usually manages to skate once a week.

Frank Nobles is also one of the students of the six weeks. He lives at 111 Sunset Drive and is the son of Dr. and Mrs. M. W. Nobles. Frank plays the trombone and is first chair in the Stanton Junior High Band. At solo contest he made a I rating on his solo and also a I rating in his ensemble. Besides playing in the concert band, Frank played first trombone in the stage band. He takes private lessons once a week from a student at West Texas State University. Frank plans to continue playing in the band through high school and probably college. "Band is a lot of fun," he said. Frank has many different types of hobbies. He has a workshop at home where he keeps his chemistry set and also works with wood. He also has a coin and stamp collection.

Stanton Boys Win

Two students from Stanton Junior High entered drawings in the annual West Texas State University Industrial Arts Club Fair. Galen Evans received a first place in Junior High Drafting and Rodney Goheen received a second place on his drawing. Galen received a plaque as Division IX Champion.

Stanton School Students, Faculty Near End of Year

By Russell Phillips

The Stanton Junior High students and faculty are beginning to wind up the 1963-64 school year. Some of the important events through the last semester will be remembered.

The semester started off with tight basketball games. The seventh grade played hard in some thrilling games, but they weren't as fortunate as the eighth grade. The eighth grade won a third place trophy in the Friendship Tournament. The seventh grade didn't play in any tournaments but will be looking forward to next year.

Mr. Joe Godfrey, the Stanton choir director took the seventh and eighth grade boys choir and the eighth grade girls choir to contest at Canyon March 17. The boys choir received a III in concert and a III in sight reading. The eighth grade girls choir received a II in concert and a II in sight reading.

Mr. Clyde Wilson, the Stanton band director took the eighth grade band to contest on April 7, in Canyon. They received a first division in sight reading and a second division in concert to go along with their first division in marching which they had won in the fall.

The seventh and eighth grade track teams had their district track meet in Plainview, on April 11, the eighth grade track team took first place in their division and the seventh grade came out in second place.

The Stanton Junior High all-school play was held April 30, and May 1. The name of the play was "Clementine". Mrs. Spicer Gripp and Mrs. Roy Hartman helped the students get the play ready.

The all region choir from Stanton sang in Dumas on May 9, with the other choirs in our area. On May 7, all of the Stanton choirs gave their spring concert which was held in the Stanton Junior High auditorium.

The seventh and eighth grade bands gave their spring concert May 12 in the high school auditorium. One of the many highlights of the eighth grade students was their picnic. They got out of school on May 14, at 11:05. They ate lunch in Dameron Park and then participated in the activities which they had chosen. Some of them went bowling, golfing, skating, to play tennis or horseback riding. The next day there were blistered and sore students and teachers.

One of the last of many events was the awards assembly which was held May 20. Of course, the last thing included in this semester will be the semester tests May 28 and 29. Good Luck!

The main reading room of the Library of Congress was opened on Nov. 1, 1897.

The Stanton Junior High Stage Band started the program with a number called "Tuxedo Junction". The band also played "Kismet", "Londonary Air", "Swing Low", and "Mood Indigo". This has been the first year for a Junior High Stage band and the students who make up the stage band have given a good account of themselves. They have presented programs for the Rotary and Lions Club

and also played at the All-school play. Tuesday night, May 12 the Stanton Beginners Band, the Stanton stage band and Stanton Junior High band presented their annual spring concert. The band is directed by Mr. Clyde Wilson. During the past semester he has been assisted by Mr. Johnny Garrison and Mr. Charles Nance.

The Stanton Junior High Stage Band started the program with a number called "Tuxedo Junction". The band also played "Kismet", "Londonary Air", "Swing Low", and "Mood Indigo". This has been the first year for a Junior High Stage band and the students who make up the stage band have given a good account of themselves. They have presented programs for the Rotary and Lions Club

Red Cross Completes Last Project

By Steven Hale

The Stanton Junior High Red Cross has completed the cross word puzzles for the Red Cross. This was one of the final projects for the Junior Red Cross.

A letter has been sent to the Philippines as we have chosen a school there for our project next year. This completes the Red Cross work this year.

All executive members of the Junior Red Cross will receive awards at the Awards Assembly May 20. We plan to have Mrs. Corine Neely, Mrs. H. H. Miller and Mrs. M. W. Nobles for the area office of the Red Cross workers with us for this assembly program.

The Junior Red Cross wishes to thank all the students and parents for their cooperation and especially thank Craig Baimum and Mrs. Spicer Gripp's homeroom for the largest contribution to our "Talent Program" and membership drive.

BAND STUDENTS — Wanda Fuhrmann and Frank Nobles were named the top band students for the final six weeks. The honor has been given to a boy and a girl during the year.

Last Homeroom Assembly Is Presented By Stanton Pupils

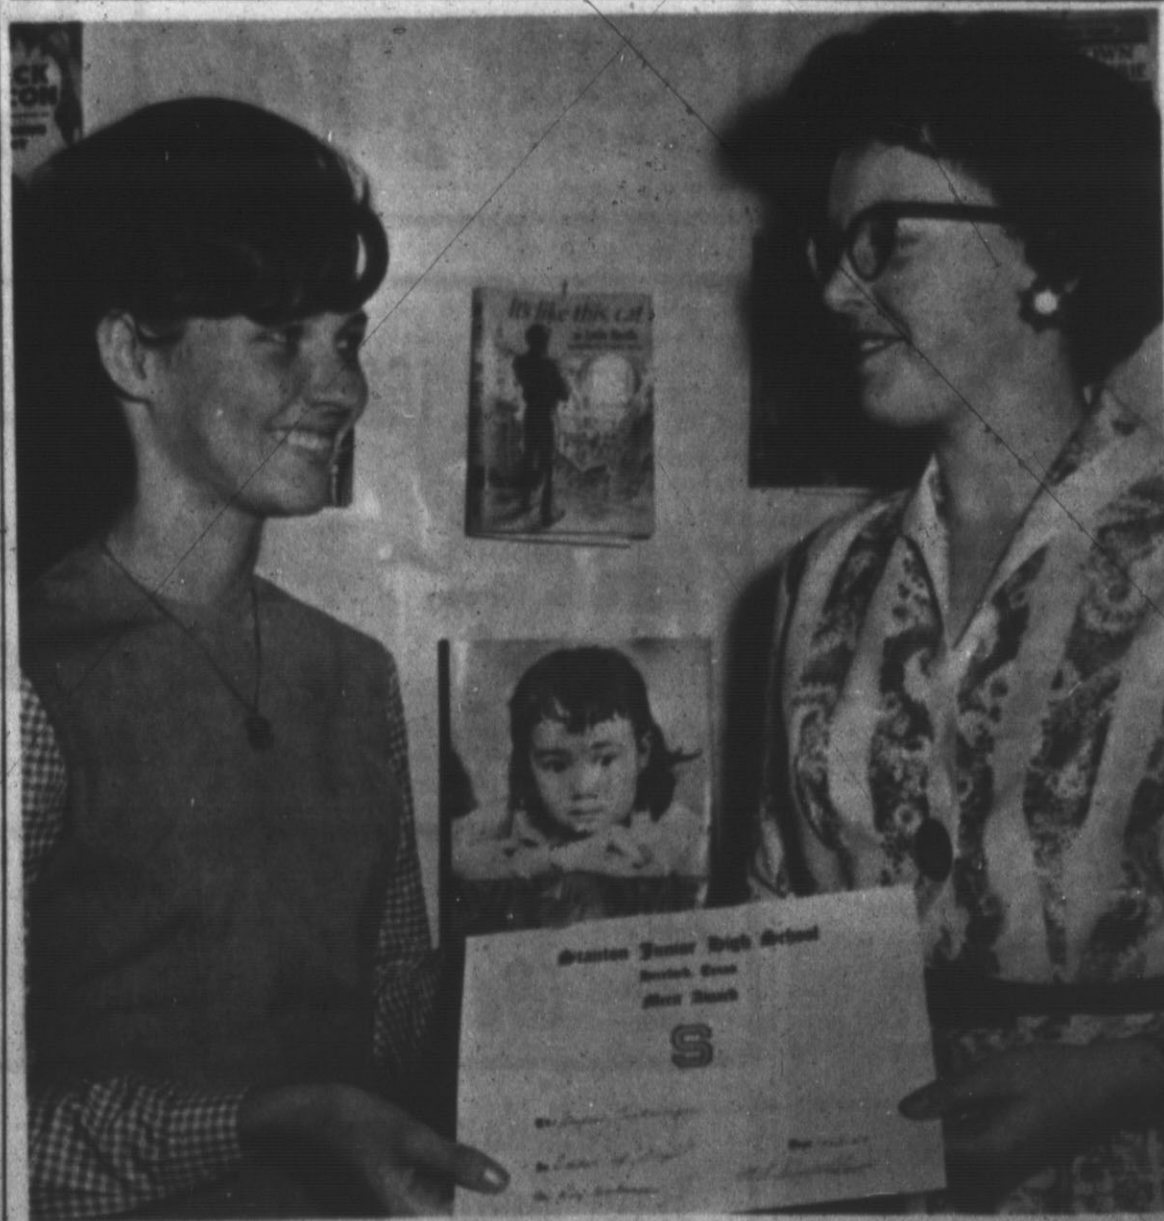

By Mary Robinson

The last homeroom assembly for this school year was presented Wednesday, May 13 by the students of Mrs. Wertemberger's homeroom.

A comical skit was presented first. It took place in a doctors office with the doctor played by Robert Gordon and nurse, Effie Estep. The patients were John Janek, Frances Escamilla, Diane Hickman, Elvis Hudson and Patsy King. The "Ted Mack" Amateur Hour with Mike Wilson as "Ted Mack". The three entries were the "Beatles" Cleo Torres, Leo Barela and Joel Arellano, "Mary Had A Little Lamb" with Vickie Payne as Mary and Luann Kendall played the part of the little lamb. The last entry was the "Ladybugs" Bertha Arellano, Mary Pesina, Mary Lou Lucero, Dora Salazar and Amelia Valdez. The audience chose the "Ladybugs" as the contest winner. The last part of the program was a contest to choose Miss & Mr. Stanton Junior High. Contestants for Miss Stanton Junior High were Elvis Hudson and Stephen Hale in appropriate dress. Contestants for Mr. Stanton were

Ellen Winters and Mary Robinson. The audience chose Elvis Hudson as "Miss" and Mary Robinson as "Mr." Stanton Junior High.

Announcements for the program were made by Sandra Willis.

ed the registry at the Tulla meeting. Mrs. Marvin Diller was program chairman.

Presiding officer, Mrs. Paetzold, announced a future social sometime during the summer.

Present were Mrs. Norbert Skypala, Mrs. Mabel Wagner, Mrs. Jesko, Mrs. Loerwald, Mrs. Wern Koelzer, Mrs. Lester Wagner, Mrs. Andrew Kershen, Mrs. Frank Huekert, Mrs. Ed Dzuik, Sr., Mrs. Leon Vinton, Mrs. Arthur Reinart, Mrs. Elbert Vance, Mrs. W. J. Albracht, Mrs. Warren, Mrs. Paetzold, Mrs. Agnes Hellmann, Theresa Kubacak, and the Very Rev. Father Angelus Delahunt, S. A.

Mrs. Ralph Sears and Mrs. S. A. Fangman were hostesses.

Council Hears Dr. Edwards On Poverty

St. Anthony's Parish Council presented Lena Edwards, M.D., speaking on "War on Poverty" at their meeting last Thursday in St. Anthony's auditorium.

Dr. Edwards reviewed President Johnson's charge to the nation in his overview on the program for War on Poverty. She then surveyed briefly local conditions that lower standards of living. She emphasized the necessity of job training, and often re-training, as well as improvement of education and being better informed, in the individual's and community's war on poverty.

Encouraging her listeners to action, she recommended the reading of the book, "You Can Change the World."

The Very Rev. Father Angelus Delahunt has a talk on communism. Reports on the Deaneary meeting held at Tulla were presented by Mrs. Ed Loerwald, Mrs. Jimmie Jesko, Mrs. John Warren, and Mrs. Ed Paetzold. They noted that 13 women sign-

a resident home for children and aged in Dallas. Two members of the church, Mrs. Ella Higgins and Mrs. A. Lowther, live in the Dallas home.

The church has produced several ministers: Glenn Ricketts, son of Mr. and Mrs. Ira Ricketts, now minister of First Christian Church in Artesia, New Mexico, and Bill Robinson, son of Mr. and Mrs. John Robinson, minister of First Christian Church in Resenburg, Texas. Dr. Bill Carmichael, son of Mrs. and Mrs. P. L. Carmichael and grandson of Will Harris, is scheduled to be the first dental mis-

sonary of the Christian churches. Ray Vinson is preparing for the ministry.

Ministers Listed

The ministers who have served the congregation are:

H. M. Bandy, 1899-1904; J. B. Haston, 1904-1906; J. N. Wooten, 1906-1908; S. T. Shore, 1908-1912; J. A. Farris, 1913-1917; J. M. Asbell, 1918-1921; Paul Merrill, 1922-1926; Thurman Morgan, 1926-1928; J. W. Boltinghouse, 1929-1931; M. L. Johnson, 1931-1932; E. R. McWilliams, 1932-1935; H. M. Redford, 1936-1943; L. W. Bridges, 1944-1945; Roy W. Ford, 1946-1953; Don Root, 1953-1956;

Gilbert Davis, 1957-1962; and Eugene Brink, 1963.

During the 65 years of its history, many things have changed. In "The Brand" of September 25, 1908, there is an account of an interdenominational preaching meeting conducted by Loekett Adair. It concluded, says the newspaper account, with 230 conversions and "reclamations," 47 of which came on the closing night. This closing service started at 7:30 p.m. and closed at midnight. After the choir had sung for two hours, others had to be recruited from the audience to give them a rest.

Such a meeting might seem strange in 1964 among our churches, but even though we have changed our vocabulary somewhat, "conversions and reclamations" are still very much the business of the church. First Christian Church takes its place among the great churches of our community whose witness for Christ has made Hereford an outstanding community.

Defendants, Greeting:
You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 6th day of July 1964, at or before ten o'clock A. M. before the Honorable District Court of Deaf Smith County, Texas, at the Court House of said County in Hereford, Texas.

Said Plaintiff's Petition was filed in said court, on the 20th day of May A. D. 1964, in this cause, numbered 4801 on the docket of said court, and styled, Della Stagner, a feme sole Plaintiff, vs. William E. Tompkins, et al, Defendants.

The names of the parties to the cause are as follows:

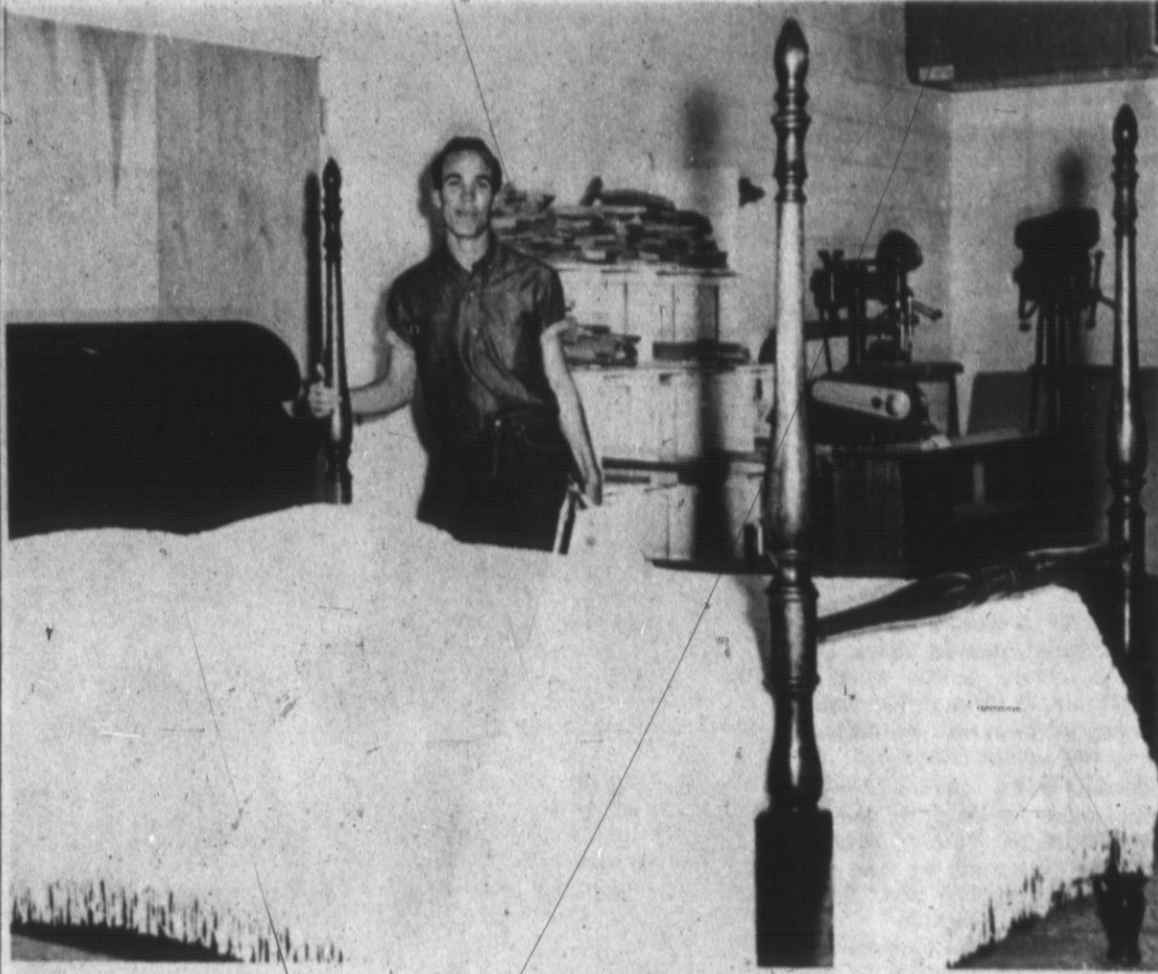

Della Stagner, a feme sole, are Plaintiffs and William E. Tompkins, and if ever married, his spouse; Chas. H. Morse, and if ever married, his spouse, and if they be deceased, the heirs, the unknown heirs and legal representatives of the said William E. Tompkins and his spouse, and Chas. H. Morse and his spouse, and all persons claiming any interest in the property herein described, are Defendants.

A brief statement of the nature of this suit is as follows, to wit:

Plaintiff sues in trespass to try title for the absolute title to and possession of the following described real estate situated in Deaf Smith County, Texas: All of Lot 5, and the North 104 feet of Lot 6 of Thompson's Subdivision of the Northwest Acre of Block 10, Evans Addition to the Town of Hereford, Deaf Smith County, Texas, as shown by a map or plat of said Subdivision of record in Vol. 65, page 401, Deed Records of Deaf Smith County, Texas.

Plaintiff alleges she has title to the above described land by reason of the three, five, ten and twenty-five year Statutes of Limitation, and further prays that any right, title or interest which the Defendants, or any of them, may have be divested out of them and invested in the Plaintiff, and that Plaintiff be quieted in her title to the above described property.

As is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date

Dimmitt Group Guests of Local Jayceettes

Dimmitt Jaycee-Ettes were honor guests of Hereford Jaycee-Ettes at a salad supper in the home of Mrs. Ralph Owens, club president, May 11. Dimmitt members were so honored for their having assisted in the organization of the Hereford unit earlier this year.

Members received reports on the club's special projects - making Jaycee and Jaycee-Ette vests to be worn at the organizations' conventions and special meetings; and the Jaycee-Ettes' concession operated during the Jaycee Car Road-End held recently for high school students.

Hostesses for this buffet supper were Mrs. Bill Duffer, Mrs. Gene Combs, Mrs. John Meador, Mrs. Helen Polvadore, Mrs. Raddell Edwards, Mrs. Wayne Fuller, Mrs. Mike Wilson, Mrs. Owens, and Mrs. Carl Carlisle.

Next business meeting will be held Monday evening.

FALLING OBJECTS

OLIVER'S PHONE

SPARKS, Nev. (AP) — Oliver Dondero has been dead for nearly two years. But there's still a number listed for him in the Reno-Sparks area telephone directory.

Several years back, Don Dondero, a commercial photographer had trouble getting to the one family telephone for business because of its steady use by his two young daughters.

He decided to put in another telephone line for the girls to use. But there wasn't enough room allowed in the phone book to list both the girl's names for their number. So, the listing was put in the name of Oliver Dondero, a loved member of the family. This way, Don avoided the knotty question of which girl

would have the privilege of having her name in the book.

After Oliver died, the photographer decided the household still needed two telephones. He decided to keep the second phone in the name of Oliver Dondero, in memory of the family's late pet water spaniel.

A QUESTION OF VALUES TAMPA, Fla. (AP) — The teen-age boy was charged with a felony.

Judge Carl C. Durrance called the mother before him and inquired whether she had gotten her son an attorney. "No," she said.

Assistant Public Defender Robert Rawlins told Judge Durrance the woman had told him she could afford only \$25 for an attorney.

"Well, I don't think you can get an attorney for \$25," the judge said. He directed the public defender to represent the boy. The boy was returned to jail to await trial.

The mother walked out of the courthouse, climbed into an air conditioned 1964 model car and drove away.

Like the saga of the "cow chip", the stories of area museums have created a considerable amount of interest, particularly among the folks who have lived most of their lives in this section.

The idea of having a local museum had not occurred to many people, but a number have told us since, that they realize the importance of having one.

And relics continue to come in. Many probably have historic value, while others do not. And many do not know the story behind the antiques that they possess, but many others do.

Mrs. V. O. Hennen contributed several items including an old muzzle loading rifle of unknown vintage, and a side saddle that once belonged to her mother, the late Mrs. F. H. Oberthier.

The muzzle loader is probably an old Spanish rifle and was found in an old building in Albuquerque.

A. N. Hopson also dropped by to tell us that he had visited a museum in Quannah, Texas and had enjoyed the experience very much. He too, admitted that he had not given the museum idea much consideration.

And as it turns out, we have a bottle collector right in our own midst. Bill Price, carrier for Rural Route 2 is a bottle collector and has been for a number of years. Harry Lomas and son Dennis, are also collectors of sorts. They enjoy looking for rocks however. Harry and Dennis are avid collectors and often roam the hills of Eastern Mexico in search of interesting rocks, Indian artifacts, relics, etc.

Our old friend, Corinne Neely sent us a letter concerning the articles and the museum idea, and Mrs. Alfred Smith of Dawn called to chide us slightly. She suggested that we take another trip to the little city of Nara Visa and look it over "before" visiting the bar; not afterwards. It seems that we failed to mention the fact that Nara Visa has a school, as well as a Catholic Church, a Methodist Church and a few other institutions which could be more "uplifting" than the bar. Mrs. Smith is a native of Nara Visa and we understand her pride in the town and "all" its people. She also suggested that we make a return trip the first Sunday in August. It seems that this is the time when the community re-

union is held, and people come from far and near to renew acquaintances. We've marked our calendar, and if it is at all possible, we will make the trip.

And speaking of reunions, Saturday, May 30 is the date for the annual Mid Plains Pioneer celebration. Plans are about completed, and according to Will G. Harris, publicity chairman, this year's event could be the biggest yet. But then, Will is always optimistic.

Never-the-less, we'll bet there will be many, many stories of by-gone days swapped, and a lot of fine people will have the time of their lives.

And another celebration is taking place today. That's the one at Cal Farley's Boys Ranch where they are commemorating the beginning of another quarter-century as the home for homeless boys.

It was 25 years ago that Cal Farley took six boys off the streets of Amarillo and gave them a "Shirttail to Hang Onto."

The highlight of the celebration will be the combined commencement exercises of 32 high school seniors and 47 boys in the eighth grade who will go in to high school this fall.

Two Hereford youngsters, Joe Shreve and Pete Flack, will be among the graduating seniors, and a former Rancher and native of Hereford, Earl Smith will have a part in the program.

The Ranchers are looking forward to a capacity crowd for the occasion.

We understand that the house recently moved from the lot west of Pioneer Natural Gas Company is one of Hereford's landmarks. Byrle Elliston tells us that it was the home of the first president of the First National Bank, Judge Ferguson. It was later occupied by Capt. Ross, a Texas Ranger.

One of Hereford's newer businesses now in full operation, according to Roland Barton, general manager, Shur-Gro Liquid Feeds is located just off the Holy Sugar Road, 1/2 mile west of town and will serve feeders throughout the area.

The next time you see Ed Skypala, ask him for one of his "puzzles". It will keep you occupied for several hours, says Ed.

The little shower Tuesday didn't amount to much, but every little bit helps and is very much appreciated.

Cecil Hart says he could hardly finish dinner due to his excitement.

"I jumped in the pickup and headed back to the farm to see how much rain I got. . . and ran out of it just north of the farm."

We also understand that the shower filled up a little pond on the Frank Ford, Sr. farm. The pond turned-out to be quite a novelty for a number of calves as they were grazing. He purchased the calves at San Antonio last year, and apparently they had never seen either. . . a rain or a full pond.

A former salesman had been appointed to the police force.

STAR TO SPEAK — Hereford's First Baptist Church will be represented by Cecil Ogleby, president of the Brotherhood, and Duane Barrett, head of the Royal Ambassadors, at an over-night camp-out at the Associational Assembly Grounds, next Friday when television star Gregory Walcott will be one of the speakers. He starred in "87th Precinct" and has had many guest appearances in such shows as "Wagon Train," "Laramie," and "Rawhide." He is a deacon in the Beverly Hills Baptist Church and teaches a Sunday School class.

Returning from his first assignment, the Chief asked him, "How do you like the new job?" To which the new policeman replied, "Swell — the pay is good, the hours okay, and the customer is always wrong."

Bud, Blossom Club Installs New Officers

Mrs. Sam Long became the new president of Bud to Blossom Garden Club at their installation luncheon held May 15 at Western Wheel Inn. Mrs. Don Steele, installing officer, used the tree as symbol in her induction of the new leaders for the club.

Mrs. Calvin Edwards will be first vice-president; Mrs. R. N. Yarbrough, second vice-president; Mrs. Ira Scott, third vice-president; Mrs. W. H. Gentry, recording secretary; Mrs. Bill Nelson, corresponding secretary; Mrs. Fran Battensfield, treasurer; Mrs. Lloyd Sharp, parliamentarian; and Mrs. Ira Scott, reporter. Mrs. Don Steele will be federation director.

Presiding at the business session, Mrs. Steele announced that Mrs. Jack Allen had been added to the club membership and that the club would send a donation to Boys Ranch for their greenhouse.

Additional members present were Mrs. A. L. Manjeot, Mrs. Delmo Williams, Mrs. R. A. Daniels, Mrs. Alvin Brown, Mrs. Bob Cooper, Mrs. Pat Robinson, and Mrs. E. R. Kendall.

"LITTLE SISTER" — Young Homemakers here picked Cindy Loerwald as their "Little Sister" at a tea Tuesday. The presentation was made by Mrs. Kenneth De Hart, club president. (Brand Staff Photo)

'Little Sister' Picked By Young Homemakers

Cindy Loerwald was named Little Sister of 1964 by Young Homemakers of Texas at the club tea honoring FHA members Tuesday in the high school homemaking department. She also was awarded a sisk for her charm bracelet, engraved with "Little Sister of 1964."

An active member of FHA, she has held office each year and is slated for one next year. Having achieved both chapter and Junior FHA Degree of Achievement, she will work toward her State degree in the activities next year. With a scholastic average of more than 90, she is active in F.T.A. and church work, showing qualities

of leadership in both. This is the second year for club participation in this annual event. Kathy Boston, 1963 winner, also won in area competition.

Presiding at the business session, Mrs. Kenneth DeHart announced the Homemakers College to be held at Texas Tech July 6-10. With Mrs. David Brumley, she reported on the second annual field day held in Lubbock.

The tea table was laid with a white satin cloth with centerpiece of red roses. Hostesses were Mrs. Raymond Gerk, Mrs. Truman Price, and Mrs. George Zetsche.

Visitors registering were Connie Brumley, Fanelia Williams, Linda Loerwald, Cindy Loerwald, Lou Ann Witkowski, Linda Pulliam, Jana Cole, Lois Bosley, Carolyn Boynton, Retha Kelley, Claudia Loerwald, Carol Robbins, Sharon Garrison, and Mrs. Hancock.

Members present included Mrs. David Brumley, Mrs. Larry Dobbs, Mrs. James Dobbs, Mrs. Clark Andrews, Mrs. Kenneth DeHart, Mrs. J. J. Durham, Mrs. Howard Hunter, and the hostesses.

Arizona is known as the "Grand Canyon State."

Molds Topic For Ceramic Club

Mrs. John Robinson led a discussion on the care of molds when the Hereford Ceramic and Art Club met Tuesday afternoon in the home of Mrs. Roy Calvert.

Presiding at the business meeting, Mrs. Calvert reminded members that, although no regular meeting would be held until the autumn season, members and others interested in china painting will gather informally at summer intervals to work on their china painting projects.

Mrs. J. L. Grove was introduced as a new club member.

The hostess served fruit tarts, cheese puffs, and ice tea to Mrs. O. H. Culpepper, Mrs. Leonard Click, Mrs. W. H. Awtrey, Mrs. Robert Morgan and Mrs. Grove.

are Connie Mathews, Connie Walker, Evelyn Packard, Sue Shirley, Kathy Smith, Barbara Huckert, Mary Ellen Huckert, Debbie Bailey, Kay Golden, Mary Ruth Rodgers, Marty Means, Lawrence Burges, and Dorothy Mays.

Performing in the voice section are Vance McGee, Sue Shirley, Terri Carter, Evelyn Packard, Barbara Huckert, Karen Gilbert, Teresa Rudd, Betty Barrett, Dorothy Marnell, Candice Neal, Mona Gale Gibson, and Sherry White.

The public is cordially invited to attend this recital.

The word "tulip" derives from a Turkish word for turban. Early Turkish gardeners hybridized wild species. The spring flower was introduced to Holland, via Austria, in the latter part of the 16th Century.

Pattersons Attend ACC Graduation

Mr. and Mrs. Elmer Patterson and a daughter, Mrs. Virgil Bennett and son, Jeffery, of Lubbock, plan to be in Abilene Sunday and Monday, to attend graduating exercises at Abilene Christian College, where their daughter, Sheryl, is scheduled to receive her B. A. degree in speech. They will be guests in the home of Mr. and Mrs. Don Robinson at Abilene.

SHE'S NOT AMUSED

WELLINGTON, Kan. (AP)—Mrs. J. C. Smith discovered that one of two decorative concrete eagles on pillars in front of her house was gone.

Pranksters who had hauled away the 150-pound ornament left two eggs in its place.

MANDRAKE THE MAGICIAN

BY LEE FALK'S PHIL DAVIS

AS THE 800-MILE-WIDE METEORITE RACES NEAR THE MOON ON ITS WAY TO EARTH--

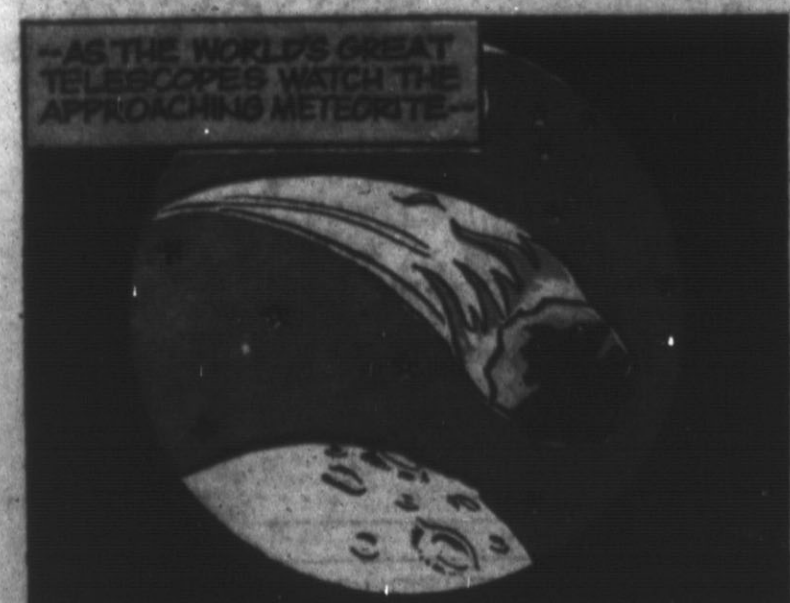

GORK, THE METEORITE IS NEAR THE MOON. DO YOU SEE IT?

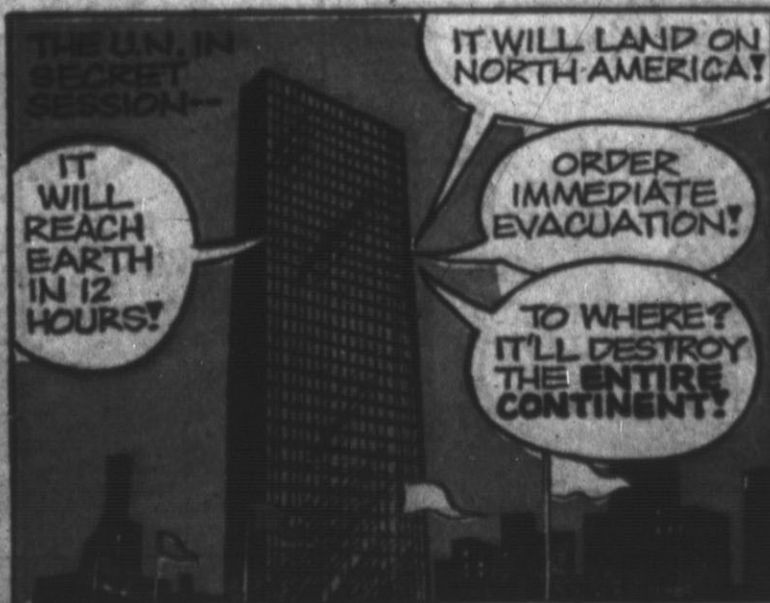

I SEE IT.

YOU MUST STOP IT!

AS THE WORLD'S GREAT TELESCOPES WATCH THE APPROACHING METEORITE--

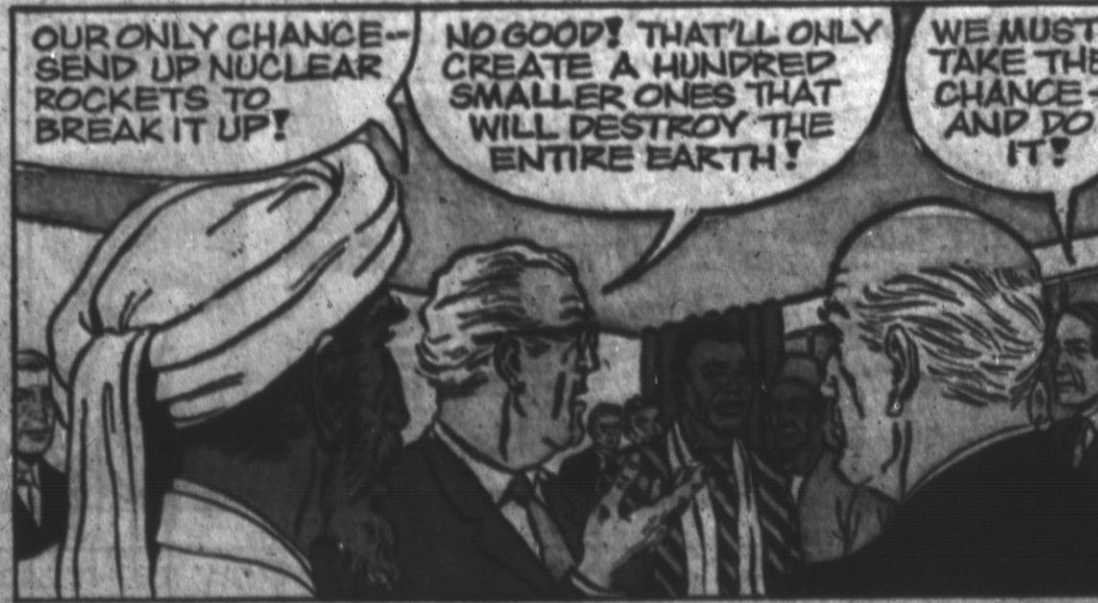

IT WILL REACH EARTH IN 12 HOURS!

IT WILL LAND ON NORTH AMERICA!

ORDER IMMEDIATE EVACUATION!

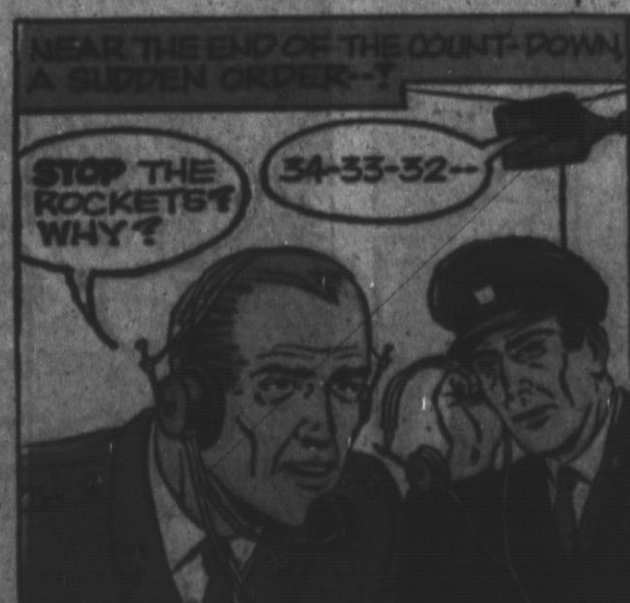

TO WHERE? IT'LL DESTROY THE ENTIRE CONTINENT!

OUR ONLY CHANCE-- SEND UP NUCLEAR ROCKETS TO BREAK IT UP!

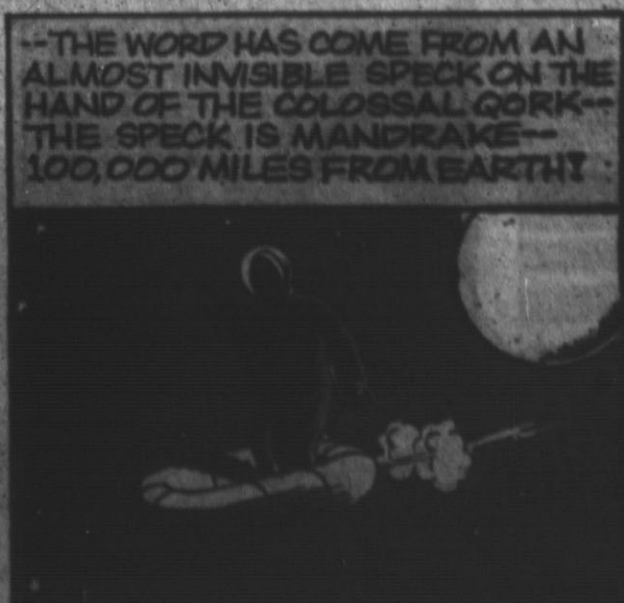

NO GOOD! THAT'LL ONLY CREATE A HUNDRED SMALLER ONES THAT WILL DESTROY THE ENTIRE EARTH!

WE MUST TAKE THE CHANCE-- AND DO IT!

STOP THE ROCKETS! WHY?

34-33-32--

THE WORD HAS COME FROM AN ALMOST INVISIBLE SPECK ON THE HAND OF THE COLOSSAL GORK-- THE SPECK IS MANDRAKE-- 100,000 MILES FROM EARTH!

DON'T MISS GORK!

THE GREAT ALIEN FROM OUTER SPACE MOVES TO MEET THE METEORITE! CONTINUED

LOOK, MISTER, THE INFORMATION IN THAT THING IS SECRET. IT DOESN'T BELONG TO YOU OR....

SAVE YOUR BREATH... YOU'RE IN NO POSITION TO TELL US WHO OWNS WHAT!

YOU'LL WORK FREE IN SEVERAL HOURS, MAYBE....

WATCH FOR OUR PLANE... WE'LL WIGGLE THE WINGS AT YOU....

A SIMPLE TRAP, AND WE WALKED RIGHT INTO IT, TIM....

I HAD HOPES UNTIL THIS HAPPENED....

OUCH! SHARP GRASS CUT MY ARM!

THE FIXTURE!

WELL, OH HOME! DID ANYBODY NOTICE? AFTER A HARD DAY AT THE OFFICE A FELLOW WOULD THINK HE'D RATE A LITTLE ATTENTION! SOME FAMILIES BRING A MAN HIS SLIPPERS AND HIS PIPE OR MAYBE A FOOTSTOOL! WHAT AM I AROUND HERE--JUST A FIXTURE?

OH, DON'T START THAT STUFF AGAIN! I HATE IT ENOUGH THAT WE SLAVE IN A HOT KITCHEN GETTING YOUR MEAL ON TIME, YOUR MAJESTY?

WHY THAT NO-GOOD! HE'S A FIXTURE HERE AND AT THE OFFICE TOO! THE ONLY SIGN OF LIFE HE SHOWED ALL DAY WAS WHEN HE PICKED UP THE PHONE TO TELL US HE'D BE HOME EARLY FOR DINNER!

MY FIRST HUSBAND USED TO THROW FITS JUST LIKE THAT!

I THINK A MAN SHOULD BE KING IN HIS OWN HOME! I'LL ALWAYS LIGHT YOUR PIPE AND BRING YOUR SLIPPERS WHEN YOU COME HOME FROM WORK!

AH, SHUCKS, MINE! YOU'RE JUST TRYIN' TO SWEET-TALK ME INTO GETTIN' A JOB!

ATTA BOY POP! IF YOU'LL CONSIDER A SUBSTANTIAL INCREASE IN MY ALLOWANCE, YOUR PIPE AND SLIPPERS WILL BE COMING RIGHT UP!

WHAT IS THE SECRET OF YOUR LONG AND SUCCESSFUL MARRIAGE TO ONE MAN, MRS. SMALTZ?

I TAUGHT ARNOLD EARLY IN OUR MARRIED LIFE TO KNOW THE REAL MEANING OF HIS 'BETTER HALF'!

IT MEANS WHEN YOUR WIFE ASKS FOR MONEY, YOU'D BETTER HAVE SOME!

A MAN CAN LAY DOWN THE LAW, BUT IT TAKES A WOMAN TO REPEAL IT!

MY MOM THLAPS MY POP DOWN WHEN HE COMETH HOME THOOTIN' OFF LIKE YOUR POP'DOIN'!

ONE THING IS SURE! THEY CAN NEVER CALL AN OLD GLOBE-TROTTER LIKE ME A 'FIXTURE'!

IF I EVER FIND A WIFE WHO'LL PROMISE TO BURY MY BONES FOR ME, I MIGHT GO FOR THIS MARRIAGE STUFF!

WHAT DO YOU MEAN, THE SECRET IS TO BE BORN IN THE RIGHT PLACE?

WELL, WHAT IF THE MAN WHO INVENTED THE WHEEL HAD BEEN BORN AT THE NORTH POLE?

SO IT'S A WHEEL? SO WHAT DOES IT DO?

IT...WELL... IT'S ROUND AND...

"...AND THE MAN WHO MADE THE FIRST BOAT!"

IT FLOATS? WHAT'S "FLOAT" MEAN?

"...AND THE ONE WHO THOUGHT UP STILTS!"

WALK AROUND WHERE ON 'EM?

"...AND TOBOGGANS..."

YOU SLIDE DOWN WHAT ON IT?

"...LOCOMOTIVES..."

WHAT Y' MEAN IMPRACTICAL?

"...FORKS, SPOONS!"

SORRY, HONORABLE UNCLE, I COULD NEVER LEARN TO USE THEM!

GET MY POINT?

YEP! IF ROBERT FILTON HAD BEEN AN ARAB, HE'D HAVE INVENTED THE CAMEL! RIGHT?
