WRECKS INJURE TWO SERIOUSLY-Photos of seperate accidents show the result of Hereford's first major auto mishaps in several weeks, Six-year-old Larry Cates is loaded into an ambulance after being struck by an auto in the top photo. At bottom, a shatered windshield shows the force of impact which injured two Hereford women one of them serioulsy in a downtown collision. Both mishaps occurred about 3 p.m. Thursday. (Staff Photo)

BREAKS THROUGH WINDOW AFTER CAPTURE

Suspect Leaves Jail, Caught In Road Block

Houston Everett Gibson, alias John Houston Gibson, walked from the Deaf Smith County jail to freedom Friday morning, but was back in confinement less than one hour later.

Road blocks were set up on all highways leaving Hereford immediately and Gibson was apprehended approximately 21/2 miles south of Vega by Oldham County Sheriff Harold Wheeler.

INDICTED for theft by fraud (over \$10,000), by the Deaf Smith County Grand Jury in 1964, Gibson has been in cus-tody in Deaf Smith County since he voluntarily surrendered about two weeks ago. He had been released on \$16,000 bond Aug. 22, 1964, pending trial, but jumped bail the day before he was scheduled to appear in court and has led law enforcement officers a merry chase since that time,

Apprehended in Pittsburgh, Pa., about 2 months ago, Gibson managed to post bond be-fore local law enforcement officers could pick him up, but voluntarily surrendered at the Deaf Smith County Sheriff's office about two weeks ago. He has been in control has since that time.

GIBSON told local sheriff's get meat from a freezer locaofficers that he suffered from ted elsewhere in the courthouse, ulcers, and had been allowed to Gibson "just kept going." prepare his own meals in the

jail kitchen since his confinement. He also served as cook for the other prisoners. He had been a model prisoner during his short stay here, according to Deputy Sheriff Pete Cole

He walked out of the jail Friday morning during the weekly clean-up detail, but was hardly out of sight before he was missed by Jailer Gary Darragh. Apparently leaving the jail to

Chamber Earns National Honor For Publicity

W. T. (Bill) Thompson, Deaf Smith County Chamber of Commerce manager received word this week that the local chamber has been awarded a Certificate of Merit in the 1965 Communications Evaluation program of the American Chamber of Commerce Executive Association,

This marks the third year in a row that the local chamber has copped the award.

Individual recognition of the achievement will be made at Il:30 a. m., Tuesday, Oct. 12, during the Annual Management Conference general session which will be held in Houston. Thompson plans to attend the

Entries in the contest included the chamber newspaper column, Pete Progress, tapes of the daily radio program, the weekly bulletin published by the Chamber and letters to the

ture the cigaret-like smokes which look exactly like most filter cigarets. BUT THE big "selling point"

MACHINERY which will make of the new product, officials of Bravo's Hereford plant Friday Bravo Smokes say, is the fact for the first time on a comm- as curing of lettuce leaves for that the lettuce smoke contains ercial basis anywhere-should the product had already com- no nicotene, the factor blamed for health hazards in tobacco smoking products.

Initial marketing of the lettuce is scheduled to begin about Oct. 18, according to Puzant Torigian, president of both Bravo Smokes and Tobaccoless Smokes, Inc., which developed the process which transforms lettuce leaves into what he terms "a satisfying substitute" for tobacco in cigarets.

Ten "key" personnel are currently employed at Bravo, but this number is expected to increase to 45 before the end of lettuce harvest season, Torigian

CURING of lettuce leaves should reach 50 to 60 per cent of initial capacity of the pilot plant early this week, Torigian continued.

Curing of lettuce leaves through Bravo's patented process began last week.

Outer "wrap" leaves of lettuce heads are used in making the lettuce smoke. These are normally wasted.

Torigian said that the plant is currently well supplied with lettuce for initial operations.

IT WAS pointed out that advance orders for the lettuce smokes have already been recived, although Bravo has not yet begun its sales campaign. Se CIGARET Page 2

crowd, and in the courthouse with the joke, making the Judge there seems to be an over a- take it "outside in a hurry" bundance of them.

County Judge H. C. (Hank) was leaving home, the floral Williams after the incident in company truck pulled into the his office Thursday morning.

Jim Monroe local rancher, found an instrument on his ranch last week, (the identification of which is still a mystery) that looked something like an old bomb from the "Pearls of Pauline" series of many years ago.

The thing was round and about the size of a bowling ba-Il with an attached clock, The clock incidentally, was in excellent shape and ticking a-

Someone placed the weird looking thing in the judge's desk while he was out of his office and set the alarm to go off at 10 a. m. However, the alarm failed to work and it was later in the afternoon when the Judge finally discovered the source of "that ticking noise" in

his office. Commissioner Marcus Latham and District Judge Harry Schultz were also in Judge Williams office when the "Bomb" was discovered, and all left little doubt that they wanted out in a hurry.

Hank carried the thing down

to the sheriff's office for dis-There's always a joker in the posal . . and they went along which he did.

At least that's the opinion of Then Friday noon as the Judge driveway to deliver a flower to the judge. One red rose, with a note attached reading "Keep up the good work. Your friend."

"That's what got me," said Hank, "I didn't think I had a friend, and I know that bunch over at the courthouse wouldn't spend a \$1 just to

play a practical joke on me." Hank accused Deputy Sheriff Pete Cole of the act, but Pete denied it, "I can't afford a \$1 for a rose on my salary", he said, "and my raise doesn't go into effect until January 1." Hank is still wondering who

sent the rose, but he has a pretty good idea who's to blame. Sheriff Lowell Sharp and County Clerk B. F. Cain are prime

Meanwhile Hank is going about his duties in the courthouse with a wary eye cocked towards the Clerk's office.

"A bomb one day and a rose the next. I don't know what to make of it", Hank told us. -HB-

Dear Editor:

This is an urgent appeal for your help. . . your personal concern and your cooperation in achieving the United Fund Goal for Deaf Smith County

You are aware that the United Fund goal has not been reached for the past three years. In some cases there was the continued growth of our a a failure to adequately pubrea with its many needs. licize the need of the various organizations in the Fund, and at one of the 32 participating in many cases our citizens have shown a lack of concern in helping achieve our goal, The purpose of the United

> chant's meeting last Friday, was named to keep the Poodle all week. And Irving Alexander ited! earned the honor.

Irving was still protesting as we left the meeting, but we'd bet that he winds up with the Poodle this week.

What the average homeowner needs is for the last rose of summer to appear simultaneously with the last blade

of grass. And that remark has nothing to do with the rose in Judge William's office.

Fund is to eliminate individual money raising drives and to efyear. Many additional fund dri- by man. It is known that cotves can be eliminated if we ton was in use in India reach the goal this year; if we fail, it appears that even China hundreds of more drives than ever will be the birth of Christ.

Our goal for the nine participating agencies in \$30,160.97. This is not an unreasonable goal if county wide cooperation is achieved. In fact, this is just \$200.00 more than the goal of last year despite our adding two new agencies and despite

Can you be counted on to for workers, a need for giving of time and money so that everyone can point with pride to our communiy and its various programs throughout the coming year

Let's Be United - Give Un-Sincerely.

Clint Formby President Deaf Smith Couny United

memo to advertisers

Measuring the audience

The performer who is more interested in the size of the audience than in the number of curtain calls spends most of his time looking for work.

The successful performer recognizes that only effective efforts build responsive audiences. He seeks applause.

The same might be said for newspaper editors.

We must serve and satisfy the editorial needs and interests of people in our area. The validity of this circulation audience and the applause readers give us is registered by the Audit Bureau of Circulations.

ABC-audited paid circulation facts measure readers response in such terms as how much they pay to receive copies, how many copies they buy, where they live, and how their copies are delivered.

As a member of this independent circulation auditing organization, we recognize the power of reader confidence - that they have chosen to be a member of this paying audience of their own volition, and that they will continue to do so only as long as we effectively serve them.

For advertisers, the significant differences between counting the audience and measuring the applause is reader response.

The Hereford Brand

Lone Star Agency

Wives are just wild about husbands

who use The Hereford Brand

The Sunday Brand

Join the smart, appreciated husbands who've discovered the modern way to do more for their families by selling the worthwhile things that aren't being used and enjoyed. Classified Ads do the job quickly, inexpensivelyand, it's easy too.

First step to welcome cash for things you want and need? Check your home and make a list. Others have sold spare TV sets, bedroom suites, typewriters, cameras, baby equipment and furniture, power tools, good but outgrown clothing, musical instruments, sports equipment and dozens of other things that other families need - and watch Classified for.

After you have your list, dial EM 4-2030 . . A competent, courteous Ad Writer will help you place a result-getting Ad.

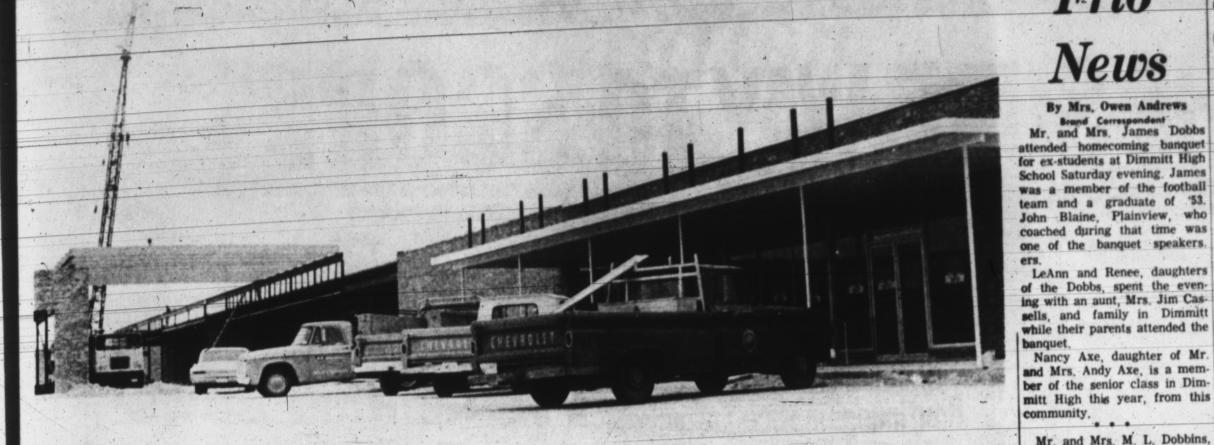

Call today to place your ads, and take a tip from successful family Classified users: Don't lose money by storing away things you aren't using! Sell them with Classified Ads the very day you discover they have served their purpose. The newer and nicer an article isthe quicker it sells, and, of course, for a better price.

Start your plan for better living now. Make your list, and put BRAND Want Ads to work for you today.

GIBSON'S

County Federation

year term in office, Mrs. John Jacobsen Jr. is currently president of the County Federation of Women's Clubs. She called a board meeting Saturday afternoon as a preliminary to the first program of a new year, to be given at a luncheon in Hereford Community Center Thursday beginning at 12:30 p.m. Mrs. Jacobsen invites all interested women in the county who are not members of the affiliated clubs, to take individual membership in the Federation.

DO PAPER WORK—Record keeping for the County Federation of Women's Clubs is in the hands of these three officers; Mrs. Guy Walser, seated, secretary; Mrs. Lee Curry, standing left, historian, and Mrs. C. D. Kelton, treasurer. As a member since the Federation was organized, and its first president, Mrs. Curry has a good background for her duties in preserving its history.

DEAF SMITH County Federation of Women's Clubs, which serves as a channel for certain community activities of 14 member clubs, will begin its season with a luncheon in Hereford Community Center at 12:30 p.m. Thursday. The covered-dish luncheon is open to any woman in the county who wishes, to attend, Mrs. John Jacobsen Jr., president, explains. Membership in the County Federation on an individual basis is also open for payment of annual dues. Members of affiliated clubs are automatically listed in the Federation and each of the clubs has a Federation counselor who is a member of the board and who acts as a liaison agent between the club and the Federation.

THREE meetings are held in each club year by the Federation, usually with a guest speaker. Fine Arts Day is traditionally observed with a program of music at the spring meeting. Mrs. P. B. Sowell, program chairman, has announced that American Heritage is the topic of next Thursday's program and Mental Health of the program scheduled Jan. 29, when Miss Della Stagner, Elementary Coordinator in Hereford Public School System, will speak.

Member clubs serve in turn as hostesses. Those for the initial luncheon this year are Farm and Ranch, Pioneer Study, Business and Professional Women and Hereford Garden Clubs. In January the hostess group will include Garden Beautiful, West Hereford Home Demonstration, El Llano, Lone Star and Summerfield Study Clubs; in April, Westway H.D., LaPlata, LAE, North Hereford H.D. and Bud to Blossom.

HISTORY of this group of cooperating clubs dates back almost 40 years. Mrs. Lee Curry, presently serving as historian, was the first president after the organization had existed briefly as a three-county federation.

Current officers are beginning the second year of a two-year term. In addition to Mrs. Jacobsen, officers are Mrs. A. B. Higgins, first vice president and membership chairman; Mrs. Sowell, second vice president; Mrs. Guy Walser, secretary; Mrs. C. D. Kelton, treasurer; Mrs. Curry, historian; Mrs. W. C. Hromas, parliamentarian.

These officers, with representatives from the member clubs, held a board meeting Saturday afternoon to complete plans for the luncheon and to discuss business of the coming year.

CHEVY'S BUILT FOR BIGGER THINGS IN '66!

NEW CHEVROLET WORKPOWER IS HERE!

Here's low-cost Chevy-Van—economy champ of Chevrolet's long, strong covered delivery

The all-new Series 70000 and 80000 models are here—the biggest Chevies ever built, out to do the biggest jobs any Chevrolet trucks have ever done! They're ready to cut costs with new V6 gasoline engines, new V6 and V8 diesels. They offer, also, a new 92" cab that's the best yet for working efficiency, new higher capacity frames and axles and a high 65,000-lb. GCW rating.

The most widely used of all truck engines -the famous Chevy light-duty Six is built for bigger things in '66 with a big new 250-cubic-inch design. It's the standard power plant in most light-duty models. Also, users of ½-ton models can now specify a big 327-cubic-inch V8—the most powerful engine ever offered in a ½-ton Chevy truck. See the new Chevies now, at your Chevrolet dealer's.

Telephone your Chevrolet dealer about any type of truck.

School's 'No-Go' Policy

Recent adoption of school regulations through which students are not permitted to leave the grounds for lunch, unless they have written permission from their parents, represent an advancement already in force in most schools, and one which probably should have been adopted in Hereford several years back.

In general, the new measure places school officials in a position to keep up with the students far better than under the old system. It also assures parents of the whereabouts of youngsters, provided they have not voluntarily accepted this responsibility themselves with written permission to leave. Furthermore, it is probable that far more students, under the new system, will take advantage of the school cafeteria, which represents one of the better bargians to be found in food dispensaries today.

The school board, while evading one responsibility has definitely assumed another, however. If students are going to be forced to patronize the school cafeteria, it remains without question that the food

Too Many Trees To See Forest

A series of Political reports to voters of Deaf Smith County got underway this week when U. S. Senator John Tower addressed some 100 constituents Wednesday morning. Other political leaders have been invited for similiar talks, which are nonpartisan, during the coming months. Needless to say this series is something all of es wanted and needed, and to the Chamber of Commerce and Junior Chamber go our explicit thanks for an excellent pro-

Most particularly were we impressed with Sen. Tower's outspoken support of the administration's determination to defend Southwest Asia and his commendation of the American goals in Viet Nam. As a Republican and member of the minority party Sen. Tower was willing to put his nation ahead of his party, along with any possible bias toward the majority Democrats in this particular phase of endeavor.

Too often we become so engrossed in party affairs, party policies and party politics that we are unwilling to admit any accomplishments of the opposing party are worthwhile - even when they are good. To borrow an old phrase, "We cannot see the forest because of the trees".

If we face the facts, all of us are in the same boat, despite our political affiliations, race, color or creed. Unity, today, is just as important as it was 100 years ago, and this is more especially true during times of war, disaster and trouble - and today we are unquestionably in the throes of another war.

Sen. Tower reported on many things. He held the interest of his audience from start to finish. We appreciate his efforts. We appreciate his time, and we appreciate the job he has done for us as Junior Senator. Most of all, though, it seems that the greatest thing we have to learn from his visit is the fact that we are and must continue to be: Americans first! Our other problems, though serious, must always be secondary to this fact, and only by working together for the common good can we hope to see our nation grow in the future as it has done in the past.

and servings should be pretty well beyond reproach. The varieties of meats and vege-

Because of personal habits, school food is a point of contention in general and Hereford, in the past, has been no exception. Under the new system, however, we feel sure that the menu should be expanded and more closely supervised than ever before.

tables offered each day should be diversi-

fied to appeal to more than the average,

and when you try to please approximately

4,400 people with a menu each day the task becomes monumental. Add to this the

fact that some of the students will be patro-

nizing the cafeteria under protest, and

pleasing them will be impossible.

Meanwhile, if the new regulation prevents just one serious accident on our streets - or saves one single life during the next decade - it will more than offset the inconveniences it may create during the school terms involved. Come to think of it, it may even offset the discussion and complaints which are bound to follow the an-

What We Need?

What does Hereford need most in the way of recreational improvements?

While there may be others, it seems to us that Chamber of Commerce committee members emerged with three suggestions which deserve extensive consideration: 1) improved park facilities, 2) a covered swimming pool, and 3) a campsite for

When it comes to parks, we are fortunate in that we possess two ercellent locations, one in the middle of town, It would be expensive indeed if we had to purchase the park land which presently belong to the city. Development of both Dameron Park and Veteran's Park have long provided a challenge which the community, so far, has not seen fit to pursue to ultimate possibilities.

The covered pool idea, provided i meets with school acceptance, affords tremendous possibilities. The present pool is over-crowded in season, making a second pool desirable at the present time, and a covered pool would add extensively to the community recreational program.

Camping, meanwhile, has emerged into one of the nation's foremost hobbies. More and more, we note trailers and campers on the highways. Specialized magazines are published for the modern camper, and even the federal government is establishing hundreds of camp grounds in national parks. Nice camp grounds, well planned, are beginning to appear all over the country and, despite the source of sponsorship, they draw capacity crowds at reasonable charges. Canada, along with many of our Western states, have already moved into this field, and are finding it practical and profitable. Campers, like motel tourists, usually spend their money where they spend the night.

All in all, the three suggestions are excellent, and we hope that each will be pursued. Meanwhile, we wonder if someone might not come up with an idea slanted a bit more to the local population? Here: ford does appear pretty dull after the stores close at 6 p.m. Is there an answer to this one?

Hereford Capitol

Rodney Brooks, a Dawn youngster, brought recognition and honor to Deaf Smith County when his Hereford heifer was selected as grand champion at the Tri-State Fair in Amarillo this week. Naturally, in a community with cattle as a basic industry, all of us are proud of his accomplishment.

At the same time, his recognition reflects well upon the cattle breeders, 4-H and FFA leaders, and upon the hundreds of other boys and girls who are participating in the program, but did not fare so well. In other words, it takes a lot of doing to make a champion.

We realize that Deaf Smith County cannot expect to win such honors each and every year but, when the occasion does occur, it always justifies our claim as "The Hereford Capitol", and this is a slogan which modern day cattlemen are doing their best to fulfill. The fact that some of our youngsters generally bring home their share of blue ribbons represents, hard work, ability and overall cooperation.

Speaking of derring-do, we read that before a fellow can profit from his mistakes, he must go out and make mistakes. Once again, a case of being no problem. -Mobile Register

See where some fellow came up with a real definition of a committee. He says, "a committee is a group of unqualified persons appointed by a disinterested party to do a job that no one else would volunteer to do." - Tombstone (Ariz.) Epitaph.

The American Cancer Society, District 1, will hold its annual meeting Friday at Community Church, Registration begins at 8:30 a. m., with lunch being served at noon at the church.

Fred M. Learned, director of press relations for the soclety will be featured speaker at the meeting.

Group sessions will be held in Public Education, Service and Campaign. The sessions will be led by Jack Andrews, Miss Gertrude Linn and Steve Romanovsky of the society's division staff.

-Kermit Daily Sun-

Politics, Texas style, got undeway in Amarillo Saturday for the upcoming election year. I am always a little suspicious of anything of a political nature that originates in, or has any connection with Amarillo. Since the day in 1952 when (please pardon the reference) Governor Allan Shivers betrayed the Democratic Party and let the Republican infiltrated Texas organization into the Republican camp Amarillo has seemed to be a proper setting for any type of poltical meeting of a nefarious nature.

-B. M. Nelson-Castro County News (Dimmitt)

Greenbelt Rural Electric Cooperative, Inc. has been approved by the Rural Electrification Administration for a loan of \$540,000. Congressman Walter Rogers and Senator Ralph W. Yarborough notified The Wellington Leader in telegrams Monday evening, Sept. 20. -The Wellington Leader-

Texico residents are reminded of the forthcoming garbage fee hike. The fee will be raised beginning October 1. Fees will be hiked on residences from 50c to \$1.00 (one family residences); and all business will have their garb-

age disposal fee hinked by \$1.00. At the recent meeting of the town council members approved the building permit for Edward Autrey (move trailer house to Katherine and Garwaood). Also approved was the police magistrate report for the month of August in the amount of \$220.

Bills for the month were approved and ordered paid. -The State Line Tribune (Farwell)

THE BOOTLEG -Philosopher

Editor's note: The Bootleg Philosopher on bindweed farm acknowledges a letter from a reader this week.

Ordinarly I don't answer mail, the post office department has enough to do as is is, but a letter from a college professor has found its way to this bindweed farm and due to the fact it concerns the pressing problem facing America today-how to find new sources of tax revenue faster than Congress passes new legislation—I have decided to aknowledge it.

According to it, a new source of revenue was discovered in ancient Gaul centuries ago. They taxed fat people. They set up a legal size for a stomach and any man whose bay window went beyond the limit was taxed proportionately. I think it was called a luxury tax.

I have been thinking this matter over and while it has possibilities, it has some drawbacks too.

In the first place, it would never get pass Congress. wouldn't say Congressmen are any fatter than the rest of the country, but there are enough ones that the girth limit would be set so high most people would escape the tax.

In the second place, you bring everbody in this country down to a size 30 waist and it'll wreck agriculture. As it is now, every time a television commercial comes on telling a woman to eat one meal a doy spend the other two drinking a can of low-calory stuff, the government has to put up a dozen more surplus grain storage bins.

Reduce the waist of the 50 million people in this counry who are out of shape and you reduce the consumption of cloth by at least twenty per cent.

This country needs new sources of tax revenue, I estimate at least one for every new planet we land on, but taxing fatness is too dangerous. It may have worked in ancient Gaul, I don't know. All I know is that ancient Gaul ain't around anymore. At least I don't belive it is, I never have seen it mentioned in any of the lists of countries we're sending surplus grain to.

Yours faithfully,

Board immediately named key study committees and re-

viewed applications for new jun-ior colleges serving Scurry, Jef-ferson, Wood, Rains and Van Change Qualifies **Zandt Counties** ALMANAC HAS

More For Aid NEW LOOK The 1965 edition of Texas Gov-

ernment Almanac and Busin under social security but not enough to qualify for retirement payments under the old require-ments should recheck with the Social Security Administration, terized by fewer pages, more information and added sparkle. Volume includes facts about the mechanics of governm

and Texas parties with caretrict Manager of social security in Amarillo. fully documented political and industrial statistics on the 254 Both the new and the old

representative districts included in the new volume, as are the contrasting senate and congressional districts as revised by the last legislative HOSPITAL HEARINGS HELD

Applicants for an anticipated \$14,00,00 or more in federal Hill-Burton hospital building funds have completed their last formal pleas in special hearings before the State Board of Heath.

counties.

Sixty-five applicants have been warned it will be impossible to get all the \$38,00,00 in help they are seeking.

Funds have been appropriated But due to a priority change, taking into consideration actual use to which existing hospital beds are being put in each community and other factors, state authorities will not allocate them for another month or

SHORT SNORTS

Acreage yield for Texas cotton, sorghum, rice, corn and hay crops should reach a record high in 1965, according to Texas Crop and Livestock Reporting Service, .

ures indicate there are adequate fallout shelter spaces for about 47 per cent of the Texans, or more than 4,500,000 persons. STATE Banking Board set hearings for September 24 on applications for Owentown State

Bank, Citizens State Bank of na, and Lawndale Staoa of A Winona, and Lawndale State Bank of Amarillo; then served notice it will take action on application of Texas Bank of Commerce, Longview. Department of Public Safety

announced it has jobs in uni formed services for more than 70 men. Services include high

according to Hal Geldon, Dis

A CHANGE included in the 1965 Amendments may not make such persons elegible for month-

Before this change, the minimum requirement was about recurity. Under the new law some workers can qualify at age of 72 with as little as about nine months of social security work, Geldon stated.

A MAN WHO WAS BORN Jan. 1, 1890, or earlier will need only about nine months of covered work; the same requirement applies to a woman worker who was born on Jan. 1, 1893, or earlier

A MAN BORN BETWEEN between Jan. 2, 1890, and Jan.

way patrol, license and weight, drivers licensing and motor ve-

quirement applies to women born between Jan. 2, 1893 and

Under these special provisions payments cannot begin until you are 72. The monthly amount

Wilkins Attends **Veterans Annual** Officer School

C. O. Wilkins, Veterans County Service Officer for Deaf Smith County is now attending The Annual Statewide Rehabilitation Conference for Veterans Service Officers, which is being conducted at the Commodore Perry Hotel in Austin.
This three-day conference is

being conducted by the Veterans Affairs Commission of Texas, in cooperation with the American Legion, Disabled American Veterans, Veterans of Foreign Wars, Veterans of World War I AMVETS, and the veterans County Service Officers Association of Texas.

THE PURPOSE of the The purpose of the meeting neeting is to offer Service Officers from the entire State of Texas an opportunity to gain first-hand knowledge of recent-

892, will need about 12 or ly enacted legislation deals with benefits to veterans and their dependents and survivors. Topics to be discussed during the four-day Conference will in-clude disability pension and compensation, Government is ce, GI loans, education and training for veterans and dents, hospitalization and med-ical treatment for veterans, and

veterans employment and re-employment rights. Conducted annually, this Conference serves as an in-service course of training for all National, State, County, Post and Chapter Veterans Service
