

# Personnel Contracts, Teacher's Protest Handled By Trustees

**By MELVIN YOUNG**  
Staff Writer

Approval of new contracts for the 1965-66 school year topped the agenda Tuesday night of the Hereford Independent School Board of Trustees which also heard the protest of a teacher dissatisfied with her assignment.

Contracts were awarded to more than 170 classroom teachers and other professional personnel.

**IN OTHER business,** the Board of Education:

- Met with members of the

**Whiteface Booster Club.**

- Heard a report from the Deaf Smith County Civil Defense Director.
- Adopted the school calendar for the 1965-66 school year.
- Approved the report of the Textbook Selection Committee, and unanimously adopted their recommendations.
- Considered out of district trips for certain school personnel and students.
- Paid the monthly bills.
- Heard an enrollment report from Acting Supt. Don T. Martin.

**MRS. EARL HOLT,** who now holds the position of counselor, had asked that she be allowed to meet with the Board of Education concerning her differences with the administration.

The problem apparently climaxed when Mrs. Holt was assigned to classroom duties for the coming school year and was removed from the position of counselor.

She was assigned to teach three sections of Social Studies, two library periods and one conference period. She was also notified that she would be re-

quired to sponsor one activity group and to handle hall and ground duties and other duties as assigned by the principal.

**MRS. HOLT** pointed out that she has a Masters Degree in counseling and felt that she was well qualified to handle the position she now holds. She told the board that she had been promised a full-time counseling position in 1963 when she moved up to the high school from Stanton Junior High.

She is now drawing one-half teacher pay and one-half coun-

seling pay.

She informed the board that she had been assured by former Supt. Darrell Williams at the beginning of the present school year that the above situation would be rectified and again assured that she would have a full-time counseling position.

**WILLIAMS** resigned earlier this year and Don T. Martin was named as temporary superintendent.

According to Mrs. Holt's report, she had been doing part-time counseling in the junior

high school under the late B. H. Baldwin, who was head counselor at that time.

"Mr. Baldwin requested that I be assigned to counseling due to my qualifications, and later asked that I have additional time to continue this work," she said. "After Mr. Baldwin's death, I assumed that I would be appointed to take over the duties of full-time counselor in junior high, but was told by Mr. (Wylie) Quattlebaum that he needed man in the position."

**AT THAT TIME** the school

system hired Don T. Martin and named him as counselor. Martin did not have a counseling certificate and required "emergency" certification from West Texas State College.

"In 1963 I was asked to transfer to high school and was assured by the high school principal that I would have a full-time counseling position," she said.

"I now feel that the administration has favored friends and 'emergency' personnel over qualified professional people," she said.

## 'LESS COSTLY APPROACH' Probation Law Pays Dividends To Society, Court Officials Say

**I**s society taking a long chance when it puts a large percentage of first time felony offenders on probation?

**J. C. Reese** of Hereford, a former sheriff, highway patrolman and school teacher, answers that philosophical question with a firm, researched "no."

The ably-prepared adult probation officer points out that "most of these people who are sent to the penitentiary would be eligible for parole in a few months and would be back in society anyway."

**REESE, A QUIET,** soft-spoken man who works with probationers in six Panhandle counties, pines the unheralded philosophy that firm supervision can "reform" many of the law's newest offenders. He presently has about 180 to supervise.

In working closely with novice

## 100 ATTEND MEET Costly Problem Of Weed Control Discussed Here

**By WAIN MILLER**  
Staff Writer

**S**ome 100 area farmers heard new appraisals of the old problem of weed control during a four-hour conference here Tuesday afternoon.

## PERMITS DROP Building Tempo Off For 1965

Building in Hereford during January and February declined considerably from the same two months of the previous year because several big building projects failed to materialize.

Total permits issued during the first two months was 492, 800 compared with 718,450 for the same two months during 1964, a decline of some \$225,600.

**SEVERAL** large projects, which were expected to begin in January, were not started during the first two months, causing a prediction of a \$2-million month for January — made by the city manager — to be off.

Other building in the city was off. The single unit family structures built during the first two months totaled only 20, compared with 37 during the two months of 1964.

The total construction cost for the 20 houses was \$258,100, compared with \$528,800 for the 37 houses in 1964. The cost of the houses in 1964 was more than double the figure for the first part of this year.

Another factor which boosted the total last year was the remodeling of a wing of the hospital, which cost more than \$136,000.

**PERMITS** for the hospital wing were issued in the month of January.

The largest building project for Hereford in the first part of this year was a \$70,000 apartment project which was announced in January.

It is an apartment house complex being constructed by J. Robert Bradley on 25-Mile Ave. Remodeling for the first part

See **PROJECTS, Page 2**

Specialists from the Texas A&M Extension Service told the group that there is nothing new about the problem caused by weeds. But there are new weapons available for use to combat the nuisance which becomes something much more than a nuisance when viewed from the dollars and cents standpoint.

**HELD** IN THE Bull Barn, the confab was sponsored by the Crops Sub-Committee of the Deaf Smith County Program Building Committee.

On hand to point to the use of chemical weed control programs as one of the effective and economical means of fighting weeds were four experts in the field.

Heading the speaker delegation was Dr. A. F. Weiser, Texas A & M University agronomist stationed at the Bushland Extension Station.

## 15 SENTENCED 69th Court Busy

**By PHIL DUNCAN**  
Staff Writer

A busy session in the 69th District Court, presided over by Judge Harry Schultz, Monday and Tuesday saw 15 persons appear to answer various indictments.

In a surprise move, attorneys for Ronald Urban Trisler did not request a motion for a new trial or appeal the sentence of a jury here Jan. 29. He was sentenced to 35 years in the state penitentiary.

**TRISLER'S** sentence was to be dated to March 2, 1963, according to a recommendation made by District Attorney William Hunter. This was the date Trisler and a companion abducted and robbed the Jack Nunley family of Hereford.

Several other cases which have gained prominence in recent months were handled in this session of the court, but 231 cases remained on the docket after the session was completed.

Of this figure, 132 were criminal cases, 72 were civil and 27 were divorce cases.

Eleven civil cases were cleared up in the two-day session, as well as the 15 criminal cases. Gerald Reeves, 23, of South Dakota, entered a plea of guilty on a charge of embezzlement and was sentenced to two years in the state penitentiary at Huntsville.

**REEVES** WAS accused of taking \$715 in cash from a cash register at the Phillips 66 Truck Stop March 8, 1964, where he was a night attendant.

The recommendation was made by Hunter that Reeves' sentence date back to March 9 of 1964.

Albert Rodriguez, 19, 305 Bleivins, who was arrested by Hereford police Jan. 15 and charged See **TWENTY-SEVEN, Page 2**

**SPECIAL TRADE MEET**

The Retail Trade Committee of the Deaf Smith County Chamber of Commerce will have a special meeting at 10 a.m. Friday at the First National Bank to complete plans for the Easter-Spring opening event, March 21.

Directors of the Deaf Smith County Chamber of Commerce decided Wednesday that the chamber will make no recommendation on the proposed site of a museum here but would suggest that individual chamber members make their recommendations to the selection committee.

The Chamber found itself in the incongruous position of having two separate committees recommend that the museum be placed in different areas.

## Trustees Okay School Plans

Hereford School trustees officially approved plans Monday for the new \$900,000 junior high school to be built north of the football field in northwest Hereford.

Included in the construction plans will be a 1,800 seat capacity gymnasium, to be used jointly for the junior high athletic program and varsity ball-games. Seating capacity of the present high school gymnasium is approximately 800.

The new school will facilitate more than 750 students when at capacity.

Cafeteria and physical education facilities will be large enough to accommodate 900 students, administrative officials said.

## 'Poverty War' Objective? Various Federal Aid Avenues Discussed For Labor Camp

### 'Poverty War,' Other Officials Visit Here

**By DUDLEY LYNCH**  
News Editor

**"W**ar on Poverty" and other federal officials converged on Hereford Monday and spent several hours explaining multiphased government aid programs that might be used to upgrade the migrant farm labor camp on the city's southwest outskirts.

**AID SOUGHT**

## Public Health Personnel Set Tour Of Camp

Public health officials from Washington, Florida and Austin will be in Hereford tentatively on April 20 to observe the facilities and needs of the labor camp, where St. Joseph's Hospital has applied for federal grant of about \$30,000 to set up a three-county migrant health center.

The visits were revealed Monday by Willard G. Olsen, regional migrant health representative of the U. S. Public Health Service, Dallas. Olsen was one of several federal officials here to talk with citizens interested in getting grants to meet migrant problems at the camp.

**THE APPLICATION** seeks about \$27,000 to provide six full-time and two part-time personnel — from a secretary to two public health nurses — to operate medical, health and sanitation programs in the three counties of Deaf Smith, Parmer and Castro.

Coming to Hereford to investigate the application will be: Dr. J. Robert Lindsay, chief, See **CENTER, Page 2**

The battery of U.S. officials — who came from Washington, D.C., Dallas and San Francisco — delved into health, job training, child care, new housing and other areas, many of them qualifying for federal assistance under President Johnson's new poverty program.

Audiences for the marathon sessions, held in the Flame Room of the Pioneer Natural Gas Co., were small, specially-invited groups of ministers and volunteer workers at the labor camp, city and county officials, board members of the Hereford Housing Authority and state government observers.

**ED DZIUK,** who is president of the Hereford Housing Authority, operators of the labor camp, and president of the St. Joseph's Hospital Board, was a chairman of three separate conferences which lasted most of Monday afternoon and about three hours that night.

Dziuk said the federal representatives were invited as a result of contracts made by Hereford residents at meetings of the State Migrant Commission.

It was evident that considerable discussion has already occurred between Dr. Lena Edwards, the Negro physician who has received national honors for her volunteer efforts among the migrant people; and the government agencies.

A number of here-to-fore little publicized projects already moving through government channels was revealed by the visiting federal personnel, an urbane and highly-articulate group.

**A** migrant health project grant of about \$30,000 has been applied for by St. Joseph's Hospital, the 25-bed facility operated by Dr. Edwards. Sought from the Public Health Service, the grant would make available six full-time personnel and two part-time to provide medical, sanitation and general health care programs for migrant workers in a three-county area. A delegation of PHS officials is tentatively due April 20 to investigate the request.

**The Migrant Ministry,** a protestant-supported mission at the 18-year-old camp, has applied for two VISTA Volunteers, members of the state-wide "peace corps" now being put into operation under the "War on Poverty" program. See **GOVERNMENT, Page 2**

## UNDER USDA PROGRAM Urges Application For Housing Now

**M**embers of the Hereford Housing Authority were urged Monday to get their application for a government grant, which would cover up to two-thirds of the replacement costs for new living quarters at the labor camp, in as soon as possible although funds have not yet been approved.

Dan Chavez, chief of migrant branch, Bureau of Employment Security, U.S. Department of Labor, Washington, D.C., said the authority would be eligible for assistance under the amended version of the 1949 Housing Law. He was here along with several other federal personnel to discuss the labor camp.

That amendment allows the government to provide outright grants to up the two-thirds mark for construction of low-cost farm labor housing.

Chavez said the U. S. Department of Agriculture, which administers the farm housing

end, has requested \$50 million for this use through the fall of 1969. The appropriation request is currently being aired in congressional hearings before an appropriations sub-committee.

**"IF YOU ARE** interested and have a real need for additional farm labor housing here and cannot build it without financial assistance, get your program in now even though no funds have yet been approved," Chavez told the group, which included four of the housing authority's board members and interested farmers.

He assured the group that there are "no strings attached" and only one instance of federal control after the buildings are erected. The only requirements are that a level of rent not be charged higher than the financial status of the occupants warrants, he said. Rent levels

# U. S. Government Prefers Widescale Aid Approach

(Continued from Page 1)  
ty" organization. They would serve as teaching and recreation-directing personnel for pre-school and older children and adults for one year. This request, an official revealed, is being processed.

Both federal and state employment personnel are entertaining the setting up of job training programs in this area under the Manpower Development Training Act passed in 1962. They would need local cooperation. The main employment training mentioned was for tractor drivers and domestic labor. Texas Employment Commission officials from Amarillo and Littlefield were here to meet the U. S. Department of Labor representatives.

The five federal representatives here Monday were: Willard G. Olsen, regional migrant health representative of the U. S. Public Health Service, Dallas.

Sam W. King, field director of the U. S. Department of Labor, Office of Manpower, Automation and Training, Dallas.

MAURICE E. Hill, Office of Economic Opportunity (the "War on Poverty" group), VISTA program representative, Washington, D. C.

Robert G. Bull, Office of Economic Opportunity, Community Action program representative, San Francisco.

Dan Chavez, chief of migrant branch, Bureau of Employment Security, U. S. Department of Labor, Washington, D. C.

The many facets of the poverty war and its possible application to the labor camp here were explained by Bull. His jurisdiction covers the area where communities seek federal aid for bettering standards of low-income groups in a wide-scale approach.

BULL SAID any program would have to be drawn up by the applicants here and, he said he would hope, would have the at least covert approval of most of the community.

One of the participants in the conference broached the subject of a strong "resistance" noted in this part of the country to federal grants and projects. The respondent said the labor camp interests have attempted to get city and county officials to back requests for government projects but have failed.

"They are not opposed," he ventured, "but they don't want to put their names on it."

"I think we recognized the situation," Bull replied. "I think what we want to know is that . . . we are not going to have any widespread opposition when we get the project under way."

HE SAID, however, that if the cooperation or at least the approval of a majority of Hereford residents could not be secured, the labor camp area could — for project application purposes — consider itself a separate community "since, as I understand it, it is not an entity within the city of Hereford."

The San Francisco official replied, though, that if the poverty personnel would prefer that a program be representative of community-wide action, including local government agencies, service organizations and individuals.

The possibilities for assistance at the labor camp are numerous, Bull emphasized.

"You think up an idea that will help a poor person and benefit a poor person and you will be eligible for help in the poverty program. We are here to help you do what you want to do. Now, that doesn't mean that you will get help on everything you propose, but it will at least be reviewed by the poverty program personnel."

UNDER THE possibilities for labor camp assistance — and Bull clearly indicated that the government prefers that a wide-scale program, not just a single phase, be inaugurated under a poverty attack plan — he listed work study programs, a pre-school training proposal called "Project Headstart," the use of VISTA volunteers, adult education projects, job training and health measures.

He also said, if the applicants desired, they could apply for a grant and personnel to help draw up the projects needed.

Asked what he would advise Hereford proponents of such federal programs do, he answered that the organization of a non-profit group involving as many segments of the community as can be recruited would be the best route.

## AT TUESDAY CONFERENCE Old Problem Has New Answers, Weed Control Experts Explain

(Continued from Page 1)

periment Station. C. J. Murphrey, farm management specialist, described the economic why and wherefores of weed control. Outlining chemical weed control (herbicide) usage in sugar beets was Paul Scott of the research department of the Holly Sugar Corporation.

DESCRIBING actions of the Floyd County Weed Control District was Douglas Degge, supervisor for the district. Juston McBride, Deaf Smith County Agricultural Extension Agent, served as moderator for the program.

Dr. Weise opened the discussion with an overall appraisal of chemical weed control — a relatively new innovation to agriculture — and later discussed the effects of herbicide residues.

He said that there are hundreds of products on the market for use in the fight against weeds. Each is designed to meet a specific goal with specific crops.

ALTHOUGH herbicides are in some cases the most effective and economical means of combating the problem, the decision to use which chemical where must be made with ample consideration of the dangers inherent to its use, he cautioned.

These dangers include:

— Residual effects resulting from the chemicals continued active life during ensuing seasons, which may cause damage to crops susceptible to injury from the product.

— Drifting caused by wind or water movement which carries chemicals to neighboring crops for which the herbicide is not safe.

— AND HARMFUL effects which can result from improper application to crops for which the chemical would normally be safe.

Dr. Weise elaborated that herbicide use is regulated by gov-

ernment controls, which require manufacturers to list on all herbicide labels both the crops for which the chemical is safe and the application procedures which should be followed to prevent undesirable effects.

The Texas Herbicide Law provides that farmers proven careless in the application of herbicides may be held responsible to damage resulting in neighboring fields, he added.

HOWEVER, HE emphasized that chemical weed control can provide "a very effective and economical means for weed control . . . one that may someday replace the cultivator and the hoe handle."

All speakers pointed with enthusiasm to the effectiveness of properly conducted weed control programs.

Under ideal conditions 100 per cent weed eradication may be obtained with such a procedure, test plots and actual farming experiences have shown.

Outlining the economics of weed control, Murphrey said there is no question of the value of herbicide usage, under the right conditions.

THEY'RE CONVENIENT, comparatively inexpensive, effective, and safe — when properly used — he declared.

Numerous questions were asked by members of the audience following a panel discussion which featured all four speakers.

Representatives from two herbicide manufacturers concluded the program by outlining the advantages of their respective products, which were on display following the session.

Several eyebrows were raised when one of the spokesmen mentioned early research findings on a chemical which he claimed may someday be available to farmers to perform a three-fold operation . . . kill weeds, fight plant disease, and eradicate insects, all in one application.

## DOCKET STILL HEAVY

### Twenty-Seven Cases Handled In Monday, Tuesday Activity

(Continued from Page 1)

with the burglary of Hereford Office Supply and Hereford Chiropractic Clinic, had his probation revoked and was sentenced to five years in the penitentiary.

Rodriguez cleared up more than 15 burglaries with his signed statement, after his arrest.

HE WAS ON probation for a series of burglaries taking place in 1964.

Minnie Peral Johnson, 22, of Nineveh, Tex., was placed under a two-year probation sentence after she entered a plea of guilty on a charge of forgery.

Miss Johnson admitted assisting Rachael Clayton, 34 her aunt, in forging a \$35 check and cashing it in a Piggly Wiggly Store in December of 1964.

Ned H. Coffee, 23, of Amarillo, entered a plea of guilty to a charge of felony theft and was sentenced to the state penitentiary for two years.

Coffee admitted he and a companion stole several tires from a farm near Dawn in October of 1964.

THREE OTHER persons had their probation revoked at the two-day hearings. They were David G. Torres, 22, 307 W. 4th, who was charged with child desertion; Charles Mauck, 38, of Springfield, Colo., who was charged with child desertion and Robert A. Johnson, 42, of Lubbock, who was charged with forgery.

Mauck and Torres were both sent to the penitentiary for five years, while Johnson was ordered to serve three years.

Seven persons were placed on probation during the session of the court.

Eustacio Casarez, 17, 435 Ave. G, was placed on probation for three years for destruction of private property.

CASAREZ ENTERED a plea of guilty to a charge of breaking the windshield out of a car several months ago, following a brawl.

Paul Moreno, 17, 217 Buena Vista, and David Concepcion Gonzales, 17, 222 Catalpa, both entered a plea of guilty to the burglary of Askew Laundry Jan. 20. Both were given four-year probated terms.

Kenneth Milton Allen, 29, of Dimmitt received a four-year probated sentence after he entered a plea of guilty before Judge Schultz to a charge of forgery and passing.

Jose Louie Martinez, 22, of 305 Knight, was given a three-year probated sentence after he entered a plea of guilty to a charge of second-offense driving while intoxicated.

EARL CLAYTON, 52, general delivery, Hereford, received a three-year probated sentence after he entered a plea of guilty before Judge Schultz to a charge of abandonment of children.

Clayton was ordered to pay child support by Judge Schultz.

Eugenio Lopez, 67, labor camp, was sentenced to five months in the county jail after he entered a plea of guilty before Judge Schultz to a charge of assault with a deadly weapon.

Officials indicated due to Lopez's age he would be confined in the local jail rather than the state penitentiary.

Harold Gourley, 27, of Amarillo, was sentenced to the state penitentiary for a period of two years after he entered a plea of guilty before Judge Schultz to a charge of theft over \$50.

## Chamber Directors To Study Plan For Remodeling County Bull Barn

(Continued from Page 1)

the Tourist and Convention committee, brought the subject up. That committee favors locating the museum on U. S. Hwy. 60.

Fooks and his committee also recommended that the chamber endorse the proposed remodeling of the Bull Barn for conventions and public meetings.

Action on the proposal was delayed until a later meeting.

"Since part of the proposed remodeling involves consideration that the Chamber use the facility for its annual banquet, the Board must determine if this is in fact what the chamber would do," President Wayne Thomas said.

"WE MUST DETERMINE the relative advantages and disadvantages," the effect that the move might have on attendance, the actual savings — if any — that would be realized by moving to the Bull Barn before we take a stand that would encourage the Commissioners Court or any civic group to proceed."

Fooks also brought up the recommendation that the Chamber directors consider recommending to the County Historical Survey Committee that the museum be located on the highway.

After considerable discussion it was agreed that individual members of the board would express their opinion to the people concerned with the development of the museum. But it was felt it would be presumptuous of the Chamber to make a re-

commendation, in effect a negative one, before the site selection sub-committee assigned to that task had met.

It was further pointed out that a Chamber board member was serving on that site selection committee and, having heard the discussion of the varying points of view of the Chamber directors, was in a position to make the Chamber director's views known.

RAYMOND White reported on the action of the Lions Club Board relative to the Citizen of the Year. He stated that the selection of the Citizen of the Year would be made by the Board of Past Presidents of the Lions Club. There were no objections to the procedure voiced by the Chamber directors.

The annual audit of the books of the Chamber of Commerce were reviewed by W. C. Russell, CPA, and was accepted by the board. In other action the board voted to rehire W. T. (Bill) Thompson as manager for the 1965 fiscal year at the same salary and with a commendation.

Melvin Jayroe, chairman of the Industrial Development Committee, reported on the activities of his committee.

Jayroe detailed contacts with two industrial prospects during the month of February and the extensive correspondence program of the Chamber in developing new industrial prospects.

# Mrs. Earl Holt Protests Handling Of Assignments

(Continued from Page 1) she told the board. "It takes as many hours of college work to qualify for a counseling certificate as it does an administrator's certificate," she said.

MRS. HOLT also told the board that she was responsible for "540 students in 3 hours of counseling periods per day and a half-day counseling salary. I'll give you the schedule the other counselors in Hereford schools have.

"Mr. Robert Thompson — All day counseling schedule — 10 months salary. Juniors and seniors — 400 students or less.

"In Junior high: Mr. Don Martin — now acting superintendent but was counselor in junior high — All day for counseling — 10 months salary.

"Mrs. Mary Duvall — P. E. teacher — helped half-day in counseling with 7th and 8th grade — around 650 students in junior high.

"THIS IS THREE times as much time as I had with my work seeing 540 students. Again I say I had no help and two hours of library duty."

In response to Mrs. Holt's grievance, Ivan Block, president of the Board of Education said, "It is your privilege to come before the Board if you are dissatisfied with your assignments, but this is not our field. We have to rely on our administrators."

Bill Michael, principal of the high school, told the board that he felt Mrs. Holt had a "misconception of her assignments."

"WE NEED someone in counseling who is more realistic and pragmatic, less idealistic," he said.

He recommended that she be given other teaching assignments.

W. T. (Bill) Thompson, Chamber of Commerce manager and also Deaf Smith county Civil Defense Director, met with the board concerning space for a CD emergency hospital unit and two-way radio equipment for the buses.

"THE DEAF SMITH County Civil Defense unit is interested in locating an emergency 200 bed hospital here, with a thirty day supply of medicine," Thompson said. "But we need 1,200

feet of storage space, plus 36 cubic feet of refrigeration for the equipment and medicine."

Thompson said that Civil Defense officials recommend that the storage be in connection with a high or junior high school due to the availability of gas, electricity, water, rest rooms and large areas of floor space. The hospital is a self-sustaining unit, with a large power generator and complete hospital facilities.

The second proposal brought before the board by Thompson concerned the possibility of having two-way radio units installed in all the school buses.

"THERE ARE three routes that can be taken concerning the licensing of the station," Thompson said.

"First is the business license, which you could lose in war time.

"Second is the RACES license, which will allow you to receive matching funds from the federal government, but it limits the use of the units to emergencies only.

"THIRD IS THE Government Services Frequency Allocation which would allow the school system to receive matching funds from the federal government because of the Civil Defense uses, and the units could be used as needed by the school system."

Thompson did not ask for an immediate answer to his requests, and the board took no action on the proposals Tuesday night.

Members of the Whiteface Boosters Club met with the trustees requesting that the school district consider purchase of an activities bus to be used for all out-of-town athletic events, and other school activities where needed.

The group recommended a 41-passenger, reclining seat, gasoline powered pusher type bus costing approximately \$14,000.

THE BOOSTER Club would contribute \$3,500 toward the purchase price of the vehicle.

Earl Stagner, spokesman for the group, said that they would request that the bus be used for all activities such as band and choir trips, but that athletic events be given precedence when a conflict occurs.

The board tabled the request for further study.

One year contracts were awarded Tuesday night to more than 170 teachers and other professional personnel of the school, and a number of resignations were accepted.

THE FOLLOWING teachers were awarded contracts for the 1965-66 school year:

Aikman Elementary School — D. C. Martin, principal. Vida Hicks, Leta Kaul, Maxine Ware, Rozelle Reese, Doris Rojek, Hazel Stewart, Ellen Davis, Audrey Powell, Martha De-

Bord, Mary Lou Knox, Mary Shipley, Marilyn Swindle, Madeline Bell, Jessie Mae Dodson, Carolyn Waters, Ellen Bryant, Stella Wester and Roy Harris. Bluebonnet Elementary School — Roy Hartman, principal. Naomi Hopson, Joyce Bryant, Joy Golden, Polly Etter, Della Martin, Laveda Shannon, Belmont Watson, Alice Christman, Betty Carlson, Betty Sue Robinson, Ruth Warner, Sophie Snare, Judge Smericer, LeAnn Phillips, Ruby Crawford, Julia Lanier, Don Blankenship and Andre Alexander.

NORTHWEST Elementary School — Charles Duvall, principal. Marian Davis, Susan Adams, Ann Dingus, Ann Cummings, Ormel Walker, Emalee Lewis, Marie Gordon, Ray Clay, Ethel Womble, Gladys Setliff, Gary Billingsley, Abel Losoya, Opa Bookout, Melva Fortenberry, Sarah Stockard, Ruth Kemper, Mabel Wilson, Johnnie Morris, Helen Yeager, Sylvia Geron, Alice Thompson, Mary Skypala and Peggy Scott.

Central Elementary — Ray Todd, principal. Lucille Smith, Lucy Givens, Francis Shaw, Janette Maloney, Shirley Paris, Hazel Brune, Donna Brooks, Eula Lee Cave, Pat Coleman, Mary Carter, Alexene Garlitz and Dennie Richardson.

STANTON JUNIOR High School — W. C. Quattlebaum, principal. Caudie Brown, Clyde Coleman, Flo Dickinson, Mary Duvall, Robert Godfrey, Mary Griffin, Norma J. Gripp, Maxine Hartman, Geraldene Hodges, Eleanor Hudspeeth, Bobby G. Kennemer, James R. Lanier, George Lühman, Gladys Legg, Lynne Lowe, P. M. Miller Jr., John Murdock, Fred Mercer, Bill McCarley, Velda J. Obsrst, Mildred Ramsey, Marie Ratcliff, Ruth A. Richardson, Rosemary Shook, Rosie Simpson, Mildred Todd, Janice Treadwell, Inez Welch, Lotie Wertenberger, Clyde Wilson, Jerry Don George, Dalton Keeth and Jean Miller.

Hereford High School — G. W. Michael, principal. JANICE BOREN, Dean Bradley, Joe Brooks, Billye Buck, Viola Chisholm, Jean Collard, Minnie Collier, Joan Collingsworth, Wallace Combest, Gerald Dingus, Margaret Durham, Don Farmer, Jesse Geron, David Griffin, David Henderson, Tye Hiller, Faye Holt, Sue Howell, Aldine Hudson, Frank Jones, Earl Keese, Lynn Kennemer, Betty Mercer, Leona Miller, Mabelle Neil, Pat Newell, David Nicholson, Sue Patner, Don Paris, Floyd Payne, Loyd Payne, Don Phillips, Dorothea Prowell, Jess Robinson, Jean Schumacher, Alvin Smith, Joe Smith, Don Stephens, Hugh Sullivan, Robert Thompson, Jean Williams, James Williams, Elizabeth Wills,

Joe Wilson, Irene Young, Virgil Young, and W. O. Caraway.

The following teachers have submitted their resignations, effective at the close of this school year. Reasons for leaving the system varied from returning to school to accepting better positions with other school systems.

MISS MAURITA Taylor, Aikman Elementary School; Peggy Scott and Abel Losoya, Northwest Elementary School; Shelby Rogers, Gail Johnson and Millie Hagler, now teaching at Central Elementary School; Robert Godfrey, Lynne Lowe, Rosie Simpson and Janice Treadwell, Stanton Junior High School; Don Farmer, Jean Williams and W. Q. Caraway, Hereford High School.

Also awarded contracts for the coming school year were Mrs. Wilma Bradey, Special Education Coordinator and Mrs. Gene Campbell, Special Therapist.

The two above teachers should have been awarded contracts earlier with principals and other special personnel, according to Acting Supt. Martin, but their names were not placed on the list due to an oversight.

IN OTHER business, the board tentatively set the date for graduation as May 21, approved the report of the textbook committee, approved two out of district trips for students, one for school personnel, and tabled one request.

Getting the board's blessing was an out of district trip for the elementary principals who plan to attend an Elementary Principals' Convention April 7-8-9; a trip scheduled for March 25-26-27 by the Student Council to Midland and a trip to Amarillo by the Tri-Hi-Y for the same date. No expense to the school district will be incurred by the Tri-Hi-Y trip.

Tabled pending further study was a request by Robert L. Thompson that he be allowed to attend the national conference of the American Personnel and Guidance Association to be held in Minneapolis, Minn., beginning April 10.

All principals were present for the board meeting.

The feather-tail glider, smallest of Australia's gliding marsupials, will appear on the country's new one-cent piece.

# County Shares Probation Officer With Five Other Panhandle Areas

(Continued from Page 1) law-breakers to see if there are threads available with which to weave a more stable life, Reese has the full blessing and confidence of Judge Harry Schultz of the 69th District.

Judge Schultz, who has served more than 18 years in the six-county district, was one of the first Texas judges to take advantage of the provision for probation officers. The law was passed about a year before Reese was hired.

THE DALHART judge, fingering his ever-present cigar, told Tuesday between criminal hearings here at the Deaf Smith County Courthouse of the turn of events surrounding approval of the probation officer by the six commissioners courts.

(The six counties pay Reese's salary on a prorata basis.) Schultz said he was hesitant about pushing the proposal because he feared opposition from some of the county officials. He met early one day with Deaf Smith officials and, after briefly sketching his plans, was surprised to receive speedy approval.

"That encouraged me," he said.

HE DROVE through Vega later that day, found the court in session and again got fast action. Still later at Channing he found Hartley and Dallam commissioners in joint session and killed two birds with one stone there. Shortly afterward, the adult probation officer was a reality.

"Basically, the problems as I see it in most criminal cases is a lack of self-discipline in life," asserts the judge.

In probation cases, the court — trying to foster this discipline — spells out the stipulations under which the offender must live for the set time, usually two or three years but in some instances as long as 10 years.

THE PROBATIONER cannot gamble, drink intoxicating beverages, violate the law, or associate with persons and in places of disreputable or harmful character.

He or she (about 10 per cent of Reese's "clients" are women)

must not change jobs or leave the state without the probation officer's permission, cannot make a debt in excess of \$100 without permission, files reports each 30 days and makes restitution of any losses or damages resulting from the offense.

In the years since June 1, 1959, when he took the job, Reese has had ample opportunity to adjust his law enforcement-school teaching background and counseling education to such a vigorous task.

"I DO EVERYTHING I can to establish a friendly relationship," he outlines. "A lot of them do come to me with their problems."

Problems to a probationer are a major factor, Reese says, because the person who has violated criminal laws will — over the long haul — have more ups and downs in normal pursuits than most people.

A lack of self-control and good judgment, in many instances, was the reason they got into trouble to start with, Reese avers.

He said he was called out of a church business meeting last Sunday by a youth from Hale Center who is reporting to him. His dad, said the youth, wanted him to go to Minnesota to work. "He said he didn't particularly want to go," Reese recounted. "I told him I thought he would be better off to stay here because he had a steady job. He said that would be satisfactory with him and he left happy."

ANOTHER RECENT case was a written request from a young family man, a farm worker making about \$250 a month. He asked to buy a new \$1,800 pickup truck. "I can't see how he could make the payments," Reese said. "I suggested he look around and buy a good used pickup if he wanted another one."

"This may sound a little arbitrary to some people, but these folks have a lot of prob-

lems, many of them financial problems. That may be why they are in trouble to start with." His experience, Reese revealed, has shown that about two-thirds of the first offenders have lived out the terms of their probation. A high percentage of these will not be in serious trouble again. The threat of the penitentiary is great enough to some to make law-abiding citizens out of them. And they posed no cost to the state as they would have if imprisoned.

MOST LAW violators have a limited education (Reese guesses about 6th grade is average), have limited earning power, come from broken homes in many cases and have little, if any, religious background.

"Very few of them ever tell me they have been to church recently," he noted.

Reese, who started out to be a counselor in the public school system, but said the time was not ripe when he finished his master's degree, has found the life of a probation officer to his liking.

He first taught school in west-central Texas for six years, was with the Texas Highway Patrol for 8½ years, and then served three terms as sheriff and tax assessor-collector here.

THEN, THOUGH 42 years old, he returned to West Texas State College to finish up a few lacked hours on his bachelor's degree and stayed to secure a master's in education. Additional work qualified him for guidance

and counseling work. But in the probation officer's role, he has found a responsible public position where he can mesh a wide variety of experience and training in helping some of life's "dropouts" make a comeback. "The probation law is a good law — I'm convinced of that," said Reese. And Judge Schultz says he is convinced that Reese is a tailor-made probation officer.

HARNESS MURCHISON FALLS? UGANDA # — Plans to harness the Murchison Falls, on the River Nile, to a power plant are being strongly opposed by Uganda's director of national parks, F. X. Katete.

In his quarterly report, Katete claims that the world-famous falls attract large numbers of overseas visitors to Uganda. Any human interference calculated to reduce their grandeur "invites hostile criticism from all over the world," he writes.

# New Tablets Help Prevent INDIGESTION, GAS, UPSET STOMACH

Because of today's fast, hectic living pace, eating too much too fast, we often suffer indigestion, gas and other uncomfortable forms of stomach upset. But now, a new digestant enzyme tablet called MIAZYME, can help prevent these conditions before they begin.

If you properly digest the food you eat, chances are you will not suffer stomach distress. This is due to the action of enzymes, manufactured in your body. MIAZYME supplements your own enzymes to help prevent stomach distress.

So why risk the distress of stomach upset? Just two MIAZYME tablets a day may help prevent the discomforts of indigestion, gas and may open the door to new vistas in food enjoyment. MIAZYME contains no narcotics! No habit forming drugs! Only digestant enzymes! No side effects to cause other problems. So safe no prescription is needed! Get MIAZYME today at any Franklin drug store. Try it on our money-back guarantee or satisfaction. Regular size, only 98c. Economy size \$2.25.

**MINKS WINNING PITCHER**

**Whitefaces Beat Bovina  
16-0 In Opening Contest**

The Hereford Whitefaces exhibited the style that made them district champions last season here Tuesday afternoon as they slaughtered Bovina 16-0.

Larry Minks was the winning pitcher for the Herd, but stayed in for only two innings as Coach Ronald Speed emptied the benches when the Herd took a 13-0 lead after the end of the second inning.

The visitors went to bat in the top of the first inning with Minks striking out the first man he faced, walking the second, and then striking out the other two, to retire the sides.

None Past Second

No player for the Bovina team ever got past second base in the six inning game.

Gene Pruitt was the losing pitcher for the Bovina team as he allowed 13 runs off of the 19 Whiteface batters facing him.

He was pulled in the third inning and replaced by Scott Rundell, who faced 12 batters and allowed only one run.

Pruitt walked eight men, while Rundell walked only one.

The Bovina boys were charged with four wild pitches, three passed balls and five men were left stranded on the bases during the game.

Moreno First Batter

Charlie Moreno was the first man to face Rundell for the Herd and clouted a triple to right field to start the slaughter for the Herd.

Four runs came across the home plate before the Bovina team was able to stop the onslaught and retire the sides.

Things got worse in the second inning as the Herd scored nine more runs to take a 13-0 lead.

Coach Speed began substitut-

ing at will after the second inning after his players had virtually cinched the game.

Minks pitched two innings, followed by Mims who pitched Ramirez for one.

Allow Two Hits

The Herd pitchers allowed only two hits and walked four men during the game.

Mims struck out four, Minks got four, Ranspot got three and Ramirez was credited with two.

None of the Herd pitchers allowed runs, facing a total of 23 batters during the event.

The Herd was not charged with any wild pitches or passed balls and had six men left on the bases during the game.

Moreno's triple was the only long hit of the day as he led the Herd at the plate, coming to bat three times, getting three hits and three runs, and two runs batted in.

**Labor Department Official Asserts  
Good Housing Brings Good Help**

(Continued from Page 1)

would be determined by the secretary of agriculture.

CHAVEZ ALSO said the project must pay union wage scales during the housing construction.

Ed Dziuk, president of the housing authority, said that the labor camp has come a long way since its inception in 1947. The Hereford resident said he has come to agree with citizens who had earlier told him they thought Hereford would not have grown so rapidly had the camp not been there.

He said it has provided a labor "pool" necessary to the area agricultural economy.

But, he stressed, that the time has come — in his opinion — for rebuilding efforts.

Chavez said, if rebuilding was their plan, it would pay for them to "make it safe, sanitary housing." Good housing attracts good labor, he asserted, and is an incentive to encourage the occupants to upgrade their health and living standards.

reporter, in answer to a query about the recent proposal of the Texas-New Mexico Sugar Beet Growers to apply for a federal loan for housing for laborers, that the plan the growers brought up at a city council meeting in late 1964 came under the urban renewal program. It was not applicable in Hereford because of a lack of a concerted plan for urban renewal," he said.

Another Labor Dept. official, Sam King of the office of manpower, automation and training, was here Monday night to outline the process for securing job training programs here for farm and domestic help.

King told a group at the night session: "One of the real problems perhaps you are confronted with is the advance of agriculture technology which has increased the skills you need on the farm."

TOLD BY TEXAS employment personnel in the audience that a scarcity of tractor drivers and farm mechanics exists in this area, King suggested that there may be a need for training schools here.

He reviewed the program which the federal government will supply in collaboration with the Texas Employment Commission and the Texas Board of Education.

No concrete plans were mentioned, however. King said he would be willing to return at any time to discuss such a program with community officials or groups who feel such a need exists.

**SLATED AT AMARILLO**

**Schools To Dismiss  
For Teachers' Meet**

Representatives of the Hereford unit of the Texas State Teachers Association will participate in the annual meeting of District 9, TSTA, tonight and Friday at Amarillo.

Public schools here will be dismissed Friday.

A LARGE delegation will attend the House of Delegates meeting tonight where policies will be formulated and the meeting dates for the 1966 sessions will be set.

The slate of incoming officers in the Hereford organization will attend and include Della Stagner, president; Mrs. Alice Christman, first vice president; Phillip Shook, second vice president;

Jerry George, treasurer; and Mrs. Sue Howell, secretary.

OTHER DELEGATES will include Don T. Martin, current president, and Miss Lucille Park, Joe Smith and Abel Losoya.

Della Stagner also will be in charge of a sectional meeting Friday for fourth, fifth and sixth grade teachers at James Bowie Junior High School. Assisting her from Hereford will be Mrs. Cawthon Bryant, Mrs. Fred Mukey, Mrs. Charles Bell and Mrs. George Warner.

In a sectional meeting for second grade teachers, Mrs. Opal Bookout will participate on a panel on pet ideas used in classrooms.

**'Spring Style Show'  
Slated In Dimmitt**

Suit styles to play clothes will be modeled for the Young Homemakers of Texas, Dimmitt chapter, "Spring Style Show" slated for March 16th, 7:30 p. m. in the South Grade Cafeteria in Dimmitt.

Mrs. Langford, reporter for the club, said the show is to be sponsored by Betty Singer's Fabric Shop and a wide variety of materials and fashions will be presented.

Approximately 30 models will participate with Mrs. Jean Campbell of Dimmitt's Fashion and Modeling School to narrate and direct the show.

Make-up will be furnished by Oleta Hance of Merle Norman cosmetics and advance tickets may be purchased from members of the Young Homemakers Club.

**Teachers Pick  
New Officers**

New officers have been elected by the Hereford Classroom Teachers Association, a group affiliated with the Texas State Teachers Association but is for actual teaching personnel only.

The new slate, elected last Monday night, are Roy Harris, president; Bennie Richardson, first vice president; Mrs. Fred Mercer, second vice president; Don Blankenship, third vice president; Paul Abalos, fourth vice president; Sue Painter, secretary; Reese Whittington, treasurer.

ar; and Jessie Mae Dodson, Historian.

The outgoing president is Mrs. Charles Bell.

The group also voted to give a scholarship to a graduating high school senior who is a member of the Future Teachers Association. This has been an annual undertaking for the past two or three years.

**ON LEGALIZED RESTAURANT LIQUOR SALES**

**Seats At Premium For Hearing**

By VERN SANFORD  
Texas Press Association

AUSTIN — If you want to sit in on the committee hearing for the bill which would legalize the sale of miniature bottles of liquor in restaurants, you better come early.

That's what Sen. Jim Bates of Edinburg, sponsor of the bill in the upper house, is saying. He expects as many as 3,000 persons will be at the Capitol to testify or to listen when the bill comes up before the Senate Committee on Jurisprudence at 2 p.m., Tuesday, March 16.

Bill would allow establishments where at least half of the monthly business is for meals to get a state license for the sale of 2-oz. bottles of liquor, enough for a single cocktail.

THERE'S ORGANIZED support on both sides. The lineup:

— In favor, the Texas Restaurant Association, which hopes the bill will permit its members to meet the competition of private clubs, which increasingly are getting the restaurant business from people who like a drink before dinner.

— Opposed, church groups which generally are against any liberalization of liquor regulations and a strange bedfellow, the Texas Package Stores Association, which contends the bill as written would prevent liquor stores from continuing to sell beer.

The Texas Package Stores Association also believes the same section it opposes would prohibit restaurants from selling beer and wine if they sold miniatures.

A hearing is yet to be scheduled on the House version of the bill by Rep. Willis Whatley of Houston.

CONGRESSIONAL RE-DISTRICTING — Texas Republicans, whose lawsuit resulted in present congressional districts being invalidated, have offered

their version of how the lines should be redrawn. Plan is embodied in a bill sponsored by Rep. Frank Cahoon of Midland, only Republican in the 59th Legislature.

The GOP product satisfies many objections raised to others introduced so far, since it disturbs fewer incumbents than any plan to date.

Only U. S. Reps. Graham Purcell of Wichita Falls and Omar Burleson of Anson would be facing each other as opponents in a newly-created Congressional District 13, and U. S. Reps. John Dowdy of Athens and Lindley Beckworth of Gladewater, in a newly-defined District 3.

Three new districts would be developed: A District 23, giving Harris County a third congressman; District 17, giving Bexar County and a group of South Texas Counties another representative; and District 7, giving Dallas County a second congressman. U. S. Rep. Joe Pool, who lives in District 7, but now is elected statewide, could thus retain a seat.

LAND PROGRAM RENEWAL PROPOSED — Voters will get another chance to say whether they want to continue the veterans land program under which thousands of Texas veterans have purchased farm property at low interest.

A proposed constitutional amendment to extend the program — first amendment cleared this session — was approved by the Senate and sent to the governor. Amendment will be voted on in November. Rep. Gus Mutscher of Brenham and Sen. Criss Cole of Houston are the sponsors.

SMALL LOAN HEARING — A housewife from Dallas told members of the House Committee on Banks and Banking that a \$50 loan, which she later decided she did not need in the first place, cost her \$1,500 over a three-year period by the time she went through renewals and additional loans to meet high interest rates.

She testified in a hearing on a bill by Rep. W. Reed Quilliam Jr. of Lubbock, which would reduce interest rates on loans \$100 or less by one-half to two-thirds. An association of small loan companies appeared to oppose the bill. A citizens committee from Dallas and ex-Attorney General Will Wilson favored it. The bill went to a sub-committee.

GUADALUPE PARK ASKED

— Senate adopted a resolution by Sen. W. E. Snelson of Midland urging fast action by Congress to appropriate funds for buying land to create a Guadalupe Mountain National Park.

A federal agency has recommended that the park be created, and an area man has offered to sell 72,000 acres. Area contains the only stream in Texas where mountain trout thrive and is stocked with bear, mountain lion, elk, bighorn sheep, deer, turkey and a great variety of birds.

INTEREST BILL UP AGAIN — Rep. James Nugent of Kerrville has reintroduced the amendment to the state conflict of interest statute which failed to pass during the last session.

Among the changes is addition of a section which would prohibit any member of the Legislature from introducing or causing to be introduced legislation which would directly affect any client or employer from whom the legislator receives a retainer fee or any other financial consideration during his term in the Legislature.

HORSES STALLED — Rep. V. E. (Red) Berry of San Antonio was left at the post again in his latest try to legalize race track betting on the horses.

Berry couldn't win for losing when he argued for a constitutional amendment to permit parimutuel wagering in Bexar, Dallas, Tarrant, Harris, Galveston, Hidalgo, Cameron, Midland and Webb Counties on a local option basis.

House Constitutional Amendments Committee tucked Berry's proposal away in sub-committee.

Frank Newsum, executive secretary of Texas Racing Association, said his group preferred a bill by Rep. Maurice Pipkin of Brownsville (scheduled for House State Affairs Committee hearing on March 29). That bill would permit parimutuel betting at licensed tracks in all counties, subject to local option elections.

INTEGRATION COMPLIANCE NOTED — Texas Education Agency notified federal authorities of compliance with school integration requirements of Federal Civil Rights Act.

All but 160 of 1,350 Texas school districts also have agreed to comply, according to Dr. J. W. Edgar, state education commissioner.

An agreement is necessary to continue receiving \$40,000,000 in federal school aid.

Eight Texas school segregation laws now are under court challenge, Edgar reported.

GUARD FORCES CUT — Texas National Guard forces will undergo reductions more drastic than anticipated under Guard-Army Reserve merger troop allocation plans announced by the Pentagon.

Maj. Gen. Thomas S. Bishop state adjutant general, said Texas personnel will be reduced 4,645 from the 28,233 in the Guard and Reserves. And 155 of the present 367 existing units will be dropped if the proposal — still subject to negotiation — becomes final.

"This far exceeds the 25 per cent (reduction) that we were advised to expect," Bishop commented.

SHORT SHORTS — "Equal legal rights for women" received another setback in the House, where the proposed constitutional amendment mustered only 91 of needed 100 votes.

Texas Commission on Higher Education picked three junior colleges and 11 four-year institutions to receive \$12,000,000 in federal building aid.

Bill to place game and fish regulation in all 254 counties under Parks and Wildlife Commission ran into strong opposition at House Game and Fisheries Committee hearing, was sent to sub-committee.

House amended Senate-passed bill to require imported meat to be so labeled.

Final approval has been given a bill by Sen. Bruce Reagan of Corpus Christi, which adds milo maize seed and safflower to the list of products from which oleomargarine can be made and sold in Texas without payment of the 10 cents a pound tax.

State Treasurer Jesse James reports that revenue from cigarette tax stamps in February totaled \$5,600,000 or \$1,000,000 over February, 1964.

**Look Who's New!**

Mr. and Mrs. Kenneth Carmichael of Winifred, Mont., announce the arrival of their third son March 8th. They have named him Kevin Dale. Grandparents are Mr. and Mrs. Pete Carmichael, 213 Sunset Drive, Hereford.

Mr. and Mrs. Charles Erwin Minchew are the parents of a son, David Kyle, born March 3 at 10:53 a.m. He weighed 8 lbs. 13 1/2 ozs.

**ATTENTION FARMERS!**

To those who are now drilling and planning on irrigation wells — We are the closest pump factory to you! We invite you to come see us and talk with the farmers of this area, see why most all other pump companies are not now represented in this area. See why the light cheap construction pumps have been thrown away and have been replaced by better pumps.

We repair all makes of pumps. When you need to repair your pump you can bring it here. It can usually be rebuilt in one day service at less cost. We are selling direct to the farmer at a dealers cost. You should save 20 to 25% on the pump cost. Provided all work and material is paid for with cash before it leaves the shop.

We manufacture 13 types of pump bowls. We are building a 11" OD pump with lifts of 968 GPM, 68 ft. We are building a 12" OD pump with wall thickness of 5/8" to 3/4" for bad water. We are building a 1 1/2" OD pump with 1,000 GPM, 75'.

We usually have used, rebuilt pumps at less cost to you.

Think how much money you save on parts! Other pump parts would cost you 2 to 5 times our prices.

**REP. ROGERS REPORTS**

**Doesn't Back Clamor For Arms Legislation**

By WALTER ROGERS  
U. S. Representative

Crimes are committed by criminals — not by the guns they carry. In the clamor for legislation requiring citizens to register their firearms, this is the point so often minimized. The Constitution's second amendment assures to all U.S. citizens the right "to keep and bear arms." This right, declares the second amendment, "shall not be infringed."

Over the years, I have been among those in Congress who have fought hard against repeated attempts to infringe upon this right, usually through legislation requiring registration in one form or another.

THESE PROPOSALS for firearms registration have been designed to suppress crime by making the acquisition of guns more difficult for persons bent on committing criminal acts. However, it is difficult to present a case supporting the contention that criminals would be in the slightest deterred from committing holdups or murders because the law requires that firearms be registered.

The criminal would simply refuse to register his gun, while the good citizens — the sportsmen and gun collectors — must put up with the red tape and pay supporting taxes in what would be a complex and expensive to administer government program.

NO ONE CAN BE critical of well-intentioned efforts to suppress crime. Certainly an increasing rate of crime and delinquency is one of the very serious problems facing the United States. We all should be thinking about ways and means of accomplishing the objective of crime suppression. But I am proposed Federal firearms registration laws would accomplish nothing toward this end.

A member of the Texas Delegation, Congressman Bob Casey of Houston, Texas, as recently introduced a bill providing a mandatory 25-year penitentiary sentence for anyone using or carrying firearms during any robbery, assault, murder, rape, burglary, or kidnapping.

Congressman Casey takes the position that this would aim the arrow of enforcement at the criminal rather than at the piece of steel he wields, yet would not be an infringement upon the Constitutional rights of citizens who employ firearms for legitimate purposes.

PRESIDENT JOHNSON, in his State of the Union address, called for a pane of "outstanding experts to search out answers to the national problems of crime and delinquency." The President is not asking for establishment of a national police office, having repeatedly stated that crime is basically a local problem to be combatted most effectively by local law enforcement.

But by calling for national

**Inspection Tag Deadline Slated For April 15th**

There will be no extension of the Motor Vehicle Safety Inspection deadline of April 15, 1965, announced Captain Alan Johnson of the Motor Vehicle Inspection Service, Texas Department of Public Safety, for this area.

"ONLY TWO MILLION of the five and a quarter million registered vehicles in Texas have been inspected. This leaves over three million vehicles to be inspected in five weeks," said Captain Johnson. Many thousands of vehicle owners can expect to wait in long lines in order to get their vehicles inspected by the April 15 deadline.

It is almost apparent now that many vehicle owners have waited too long for the inspection stations to safety inspect their vehicles by April 15.

ANY DRIVER OPERATING a vehicle registered in Texas that is required to be inspected, on public roads after April 15 without a valid 1965 inspection sticker, will be operating in violation of the law," stated the Captain.

The DPS supervisor said, "The purpose of the motor vehicle inspection program is to discover any maladjustment which might become a link in a cycle of events leading to an accident, and by removing the link, prevent the accident."

**IRRIGATED LAND**  
Immediate possession - wheat goes, 2 wells, 1 shop bldg., good allots. 1 mile long ditch on pavement, 1/2 mile rows. About 320 acres - \$25,000 cash down. North of Hereford.

Immediate possession, nearly 500 acres in best of water. Full allots, small house, 3 wells, good hand on place. We think \$35,000 will handle this \$209,000 deal. Northwest of Hereford.

Immediate possession, perfect 160A, good imp., 1 well, land clean. 1/2 mile ditch, 1/2 mile rows, 25 acres cotton. We frankly don't know what kind of deal can be made. Southeast.

We have half of Dallam County for sale. Level land, rough land, irrigated land, dry land. And Prudential is making good loans in that area. Call us anytime, Night or Day.

Prudential Farm Loans anywhere in the U.S. In 1964 we were able to expand our loan facilities and we can now make loans anywhere in the U.S. that Prudential is now lending. Over a million dollars in loans in Deaf Smith, Castro & Parmer counties during 1964. We get the job done!

**NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF MARJORIE T. THOMPSON**

Notice is hereby given that original Letters Testamentary upon the Estate of Marjorie T. Thompson, Deceased, were issued to me, the undersigned, on the 8th day of March, 1965, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such Letters. All persons having claims against said Estate, which is being administered, in the County below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by General Statutes of Limitations, before such Estate is closed, and within the time prescribed by law. My residence and Post Office address are 518 Avenue J, Hereford, Texas.  
DATED this 8th day of March, 1965.

W. T. Thompson, Independent Executor of the Estate of Marjorie T. Thompson, Deceased, Cause No. 1771 in the County Court of Deaf Smith County, Texas.  
T-10-1c

**Legal Notice**

**NOTICE OF HEARING ON CITY PAVING ASSESSMENTS THE CITY OF HEREFORD DEAF SMITH COUNTY, TEXAS**

NOTICE is hereby given to all abutting property owners and persons interested in the properties on the hereinafter mentioned streets that on the 1st day of March 1965, The State Highway Department engineers filed with the City of Hereford, the estimated amounts per front foot to be proposed to be assessed against the owner or owners of abutting property and such property on each street to be paved by said Highway Department and the City of Hereford, as well as the total cost of the improvements on each street or portion thereof, and that the same has been duly approved by the City Commission, and the same was ordered filed and shall remain on file with the City Clerk in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to all of such proposed improvements, and that any and all property owners and persons interested therein within the City of Hereford or elsewhere may inspect the same, and further that the City of Hereford, by resolution adopted has fixed the 22nd day of March, 1965, at 7:30 o'clock P.M. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all of such owners and persons interested in such paving and in such properties to appear and make objections thereto, if any therebe, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof, by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings, and contracts in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as is provided in Section 9 of Article 1106b of the Revised Civil Statutes of the State of Texas, in that City proposes to levy such costs against the respective properties as are shown in said proposed paving assessments as so filed by said City Engineers with the said City of Hereford.

Said streets to be paved and the cost of the improvements on such portions thereof with the amount per front foot proposed to be assessed for such improvements against abutting property and the owners thereof of each such portion is as follows, to-wit:

**UNIT NO. I:** WEST PARK AVENUE from West line of Emma Street to City Limits line at alley West of Liveoak Street of the City of Hereford, Deaf Smith County, Texas; the improvements to consist of widening the said Highway including the said curb and gutter; the amount per front foot proposed to be assessed against abutting property and owners thereof, for curb and gutter is \$1.65; the total amount per front foot proposed to be assessed against abutting property and the owners thereof, is \$1.65 per front foot; the estimated costs of the improvements is \$11,506.47.

**UNIT NO. II:** WEST HIGHWAY 60 from

**EQUIPMENT DEALER HONORED** — Guy Bogle, owner of B&B Oliver Co., Hereford, was recently designated a member of the President's honor council of Oliver Corp., a farm equipment company. S.W. White Jr., left, president of the corporation, presents a plaque to Bogle at Los Angeles recently. Mrs. Bogle looks on.

**SPECIALIST CLAIMS**

**Teen-Agers Make Top Bookkeepers On Farm**

**AMARILLO (Special)** — A farm management specialist with the Texas Agricultural Extension Service here says teen-agers often make the best bookkeepers on a farm or ranch.

The specialist, James Murphrey, says many farmers prefer to work on production problems rather than records, so he suggests they get their wives, teen-age children or bookkeeping services to keep their farm records.

"TEEN-AGE CHILDREN are often overlooked for this job," Murphrey said, "yet they can do a top job and the experience will be valuable no matter what they do as adults."

Farm and ranch children learn to handle machinery and livestock and take responsibility for important chores, but Murphrey believes few are ever given the job of keeping farm records.

**HE SAID THE** experience would enable teen-agers to understand the economics of modern agricultural production, thus helping them decide whether the helping them decide whether they wanted to be farmers or ranchers when they are adults.

The farm management specialist believes it is almost impossible to have a successful farm or ranch without good records. He said a farmer's wife told him that her time spent on record-keeping was worth \$10 per hour to their farm income. The increased income came from wiser buying and selling, tax savings and better management.

"Teen-agers can do just as well," Murphrey said. "They are good at arithmetic and often learn to be better bookkeepers than their parents."

Murphrey learned to have faith in teen-agers when he served as a vocational agricultural teacher. He holds a masters degree in agricultural economics and is a widely respected farm management specialist in the Panhandle.

**RADIO CLUB PATROLS HIGHWAY** MIAMI (AP) — Members of the Communications Radio Club of the Miami suburb of Hialeah spend weekend evenings patrolling a stretch of lonely Everglades highway.

Before the service was started, a motorist who had trouble along the desolate 40-mile section of road was a long way from help. Now aid is as close as the microphone on the dashboard of a Communication Club member's car.

## Deadline Looms For Auto Tags

Sale of 1965 license plates Wednesday was moving very slowly with only 10 more days left in which to purchase the tags, according to Neil Miller, county tax assessor-collector.  
 Only 1,843 passenger vehicles and 691 trucks have been registered by the county office, which is expecting to register more than 10,000 vehicles before the March 31 deadline.

"WE HAVE ANOTHER clerk coming to work today," Mrs. Miller said, "and we hope everyone will get in now and avoid some of the rush of the last couple of days before the deadline."  
 Mrs. Miller emphasized it was too late to be early, but the wait would not be near as long during the coming week as it will be the week following this one.

The tax office is located on the west side of the second floor of the Deaf Smith County Court House.

Maryland's John Hanson, who served as national president under the Articles of Confederation, designated the last Thursday of 1781 as Thanksgiving. He said the future nation should not only offer up supplication for help in distress but give praise "for His goodness in general."

**BREAK GROUND FOR PARK** — Ground-breaking ceremonies were held this week at the Labor Camp on land donated for public use by D. W. Finlan. The lake area given will be used for a ball park and a playground, explained Bro. Chrys of St. Joseph's Mission. Shown here breaking the soil for a drainage route to the Tierra Blanca Creek are Armando Perez, Scoutmaster of Troop 145, D. W. Finlan, donor, and Bro Chrys. Looking on are boys and girls from St. Joseph's School. (Staff Photo)

## TO DISCUSS PRESERVATION

### County Historical Survey Heads Will Meet In Austin March 16

Importance of county history in Texas and how to preserve and appreciate it will be focal points at the 1965 State-wide County Historical Chairman's Meeting in Austin on March 16.

Over 100 county chairmen or their special representatives have pre-registered for the meeting, said John Ben Shepperd, president of the Texas State Historical Survey Committee, sponsor of the event.

**THE ONE-DAY SESSION** will be devoted to a morning of special instructions for county chairmen and an afternoon of airing the regions' historical problems.

A noon luncheon will feature Mrs. A. A. Forester of Texarkana discussing county committees; Mrs. Dan Lester of Jefferson, TSHSC member, speaking on regional organiza-

tions; Weldon Watson of the Parks and Wildlife Department explaining co-operating organizations; and Shepperd, Odessa attorney, telling of the purpose and work of the state survey committee.

**ALL THESE** groups co-operate for the successful fulfillment of the state committee's program of RAMPS: Recordation, Appreciation, Marking, Preservation, and Surveys of Texas history.

Crux of the RAMPS program, said Shepperd, are the local, county and regional organizations. TSHSC is there, like other state agencies, to assist in any way possible — help set up local groups, furnish materials with which to work, supply trained personnel when needed, and eventually to put final state approval upon landmarks and

## MISTAKEN IDENTITY

**BATESVILLE, Ark.** — Editor Paul Buchanan of the Batesville Guard attributes the following tale to Missouri Conservation Agent Bob Carter:  
 Carter was manning a check point when two men drove up and proudly announced they had each bagged a deer.  
 Carter opened the trunk and found two goats, each neatly tagged in compliance with the law.  
 "But I can't check these," Carter told the men. "They're goats."  
 "You're kidding," one of the men said after a stunned silence. Then the other man broke in. "But they have to be deer! We studied up on this," he said.

## Bucolic Burglars Hit Second Time

Burglars who carted away several tires, tools and other property from the Ernest Flood barn, nine miles northwest of Hereford Feb. 21, struck again Tuesday night or early Wednesday morning at the Donald Shipley farm, five miles north of Hereford.

Officers of the Deaf Smith County Sheriff's department said Wednesday tracks identical to those found at the Flood barn were found at the scene of the barn.

**DEPUTIES AT** the scene said photographs were taken at the Flood burglary and the tracks have definitely establish as the same prints found at the Shipley burglary.

Nearly \$2,000 in tools and other property were stolen from the Shipley barn.

Shipley farms land some five miles from the Flood barn, but does not live on the farm.

**ITEMS REPORTED** stolen included a two-wheel trailer, two cases of oil, an anvil, Remington rifle, two butane stoves, a welder, two extension cords, three tool boxes with tools inside, four electric drills, a power saw, a bench grinder, 120-gallon gasoline tank, a vise, several saws and squares, one air compressor, hydraulic jack, and

## High Plains Science Fair Slated At Wayland College March 19-20

**PLAINVIEW (Special)** — The Awards Luncheon of the High Plains Science Fair at Wayland Baptist College on March 20 will have Dr. Sam H. Lee, professor of chemistry at Texas Technological College as speaker.

The luncheon at 1 p.m. will be the climax of the Science Fair with exhibits being open to the public from 2:30 to 7 p.m. that day. Luncheon tickets may be purchased on March 19 between 4:30 and 8 p.m. when the exhibits are brought to the Home Life Building at Wayland, but those who wish to come in

The Hereford Brand, Hereford, Texas, Thurs., March 11, 1965

will be applicable the first semester after winner's graduation from high school to those who meet requirements for entrance to Wayland.

**IN THE ELEMENTARY** Division books of a scientific nature will be awarded to first, second and third place winners and the first place winner also receive a \$100 tuition certificate from Wayland.

Details for submitting entries in any category may be obtained by writing to or contacting Mathematics Office, Gates 218, Wayland.

Nauru, smallest of the United Nations trust territories, lies west of the Gilbert Islands just below the equator.

Washington, with two million area residents, is the fastest-growing metropolis in the top 15.

See us. We deliver: the one big car that's all big car.

Every Chrysler we sell is big. Full size. One size. The right size. With no half-pint editions to dilute your investment. Every Chrysler we sell is a mover. Even our lowest priced models have a 383 cu. in. V-8 — that runs on regular gas.

And note this point. Almost half of the 1965 Chryslers are priced only a few dollars a month more than the most popular smaller cars comparably equipped. That figure includes power steering, power brakes, automatic transmission, radio and heater. Want to make a lot of car sense? Move up to Chrysler. It's easy.

LONG NEGOTIATIONS END

# County Buys Property North Of Courthouse

The Deaf Smith County Commissioners Court voted unanimously Monday to purchase property at the corner of 4th and Sampson streets from the Hereford Chapter of the Knights of Columbus, bringing to a climax several months of negotiations with the Catholic organization.

The court voted to pay \$32,000 for the 200 ft. by 150 ft. area of city property located just north of the courthouse. The purchase price included the old St. Anthony's school building which now stands on the northwest corner of the property.

The KCs will be allowed to retain use of the structure for a six-month period, however, pending completion of new quarters.

**THE GROUP HAD** previously asked \$37,500 for the property, while the court had gone on record as offering only \$32,000, the final purchase price. The offer, which was made some sixty days earlier, was to be held open until March 8 allowing the KC's time to negotiate for another site on which to build the organization's headquarters.

Those arrangements were made, and the group officially accepted the county's offer Monday.

In other action, the court: — Approved the opening of a mile of public road, as well as the crossing of county roads with gas lines.

— Approved a petition to call an election in Precinct 3, and

— Visited with two local insurance agency managers concerning the county's present insurance program.

**PERMISSION** was granted to G. W. Simmons, the Tannahill Group Gas Line and Jack Johnson to cross county roads with gas lines at the following location.

Simmons: Northwest corner of Section 13, Block K6 to Southeast corner of Section 27;

Tannahill Group Gas Line: Beginning at the northwest corner

of Section 45, Block K8 to 1/4 mile south on west side in Section 46, Block K8;

Jack Johnson: Beginning at the southeast corner of Section 62, Block K5, Deaf Smith County, thence southeast across county road, ending at the northwest corner of Section 60, Block K5, Deaf Smith County.

The court also voted to open a mile of public road beginning approximately the center of the south side of Section 20, thence east for approximately 2640 feet, ending at the southeast corner of Section 20, Block K8.

**APPEARING BEFORE** the court in behalf of retention of the present system of awarding contracts for the county's insurance policies were W. H. (Bill) Patton, representing Plains Insurance Agency, and Don Baugous, representing Hereford Insurance Agency. Plains Insurance Agency now writes all the county insurance, while three other firms participate in the commission. Those firms are Lone Star Agency, Robinson Agency, and Hereford Insurance Agency.

The court had previously expressed a desire to place the insurance business on a bid basis, letting the low bidder take all.

"In order to bid on this business," said Patton, "we must deal with companies who 'deviate' rates. I don't like to deal with deviating companies because I don't feel that we get the service desired from them," he said.

"**BIGGER CITIES** are going back to non-deviating policies. Deviating companies take certain types of business at a lower rate, but when faced with a loss, they stick strictly to the letter of the contract.

"They won't lean either way from the terms of the contract," he told the court, "whereas other companies will give the insured the benefit of the doubt."

Baugous concurred with Patton, pointing out, however, that if it was placed on a bid basis, organization, and probably all the others, would bid for the business. (Hereford Insurance Agency, which Baugous represents, was recently awarded the contract for the Hereford Independent School District's insurance.)

**PATTON ALSO** pointed out that the county would have to pay a penalty if present insurance was cancelled now. New policies have just gone into effect, he told the court.

The court tabled action on the proposal pending further study.

The court approved a petition signed by 21 freeholders residing within Commissioners Precinct 3, asking that an election be held within the said precinct for the purpose of enabling the freeholders to determine whether horses, mules, jacks, pennets, donkeys, hogs, sheep and goats shall be permitted to run at large in the precinct; and an election for the same purpose concerning cattle.

The court unanimously approved the petition and instructed the county attorney to take necessary action regarding the election.

Precinct 3, located in the south and western extremities of Deaf Smith County, is the only precinct which does not have a "herd-law" on the books.

**HOME ON LEAVE** — P.F.C. L. Frank Dutton, U.S.M.C., son of Mr. and Mrs. Woodrow P. Dutton, Route 5 has completed a course of Aviation Structural Mechanics, Class A, at the Naval Air Technical Training Center, Memphis, Tenn. Following a 30 day leave including a visit with his parents he reported to Camp Pendleton, Calif. and left March 4th for 13 months overseas duty in Japan. Dutton graduated from Hereford High School in 1961 and completed his sophomore year at West Texas State University in Canyon.

**ABSENTEE BALLOTING**  
Absentee balloting for the coming school trustee election, which will be on April 3, started Wednesday, school officials report. Ballots are available at the school tax office, 700 Union.

## Sandi Says...

By SANDI THOMAS  
Brand Correspondent

Student council and class election time is once again here. Students obtained their nomination blanks last Tuesday and have started their "vicious" campaigning. Elections will be held a week from tomorrow. Good luck to everyone in the running!

The ensemble singing groups went to a contest in Canyon last Saturday. Over 50 kids went to rake up honors for good old HHS. We're proud of you, guys!!

**ROBERT THOMPSON**, counselor, spoke at a National Honor Society meeting last Monday. The group is planning a party for the last of April.

Juniors went to the cafeteria last Tuesday for scholarship qualifying tests.

Last Tuesday the baseball boys played Bovina in their first

game of the season. Good luck throughout the season, boys!

Ten Future Teachers left today for the state convention in Houston. They are Helen Davis, Lois Bromlow, Ellen McGowan, Phyllis Richardson, Adair Melton, Dolores Kuper, Laura Higgins,

Cynthia Knox, Billy Johnson, and Sherri Marsh, accompanied by Mrs. Jimmie Howell, sponsor. The group will return Sunday night.

**THE LAST DAY** to pay for the second half of you annual is

Monday. If this is not paid, you will forfeit the first two dollars and the annual.

For once, the teachers will have to work while students take a vacation. This ironic day will take place tomorrow, and most of the kids will be going

skating with various churches. The Presbyterians and Frio Baptists are going to Red River; Methodist to Cloudcroft; and Baptists to Santa Fe.

Since there will be no school tomorrow, the Whiteface will not come out.

### WIGS — Lines By Joy Masse and Earl Crow Artistic Hair Designers

**QUESTION** — How often does a wig need cleaning?

**ANSWER** — It depends on how often you wear it. If you wear it constantly, it may need cleaning every six weeks, less often if you wear it occasionally.

Can Wearing A Wig Harm Your Own Hair And Scalp? We'll Tell You Next Week.

This column will answer your "wig" questions each week. If you have one address it to Wigs %

# 1965 Edition Of HHS Baseball Looks Good

## Speed Aiming For 2nd Championship

The 1965 edition of the Hereford Whiteface Baseball team started workouts this week, under the auspices of Coach Ronald Speed, with a definite eye set on the district championship.

The Whitefaces are the defending champions of the district winning it with ease last season and beating Seminole for bi-district honors, finally losing to Brownfield in regional playoffs.

**12 Returning Regulars**  
Coach Ronald Speed has 12 regulars returning from last year's club and seven sophomores, who are above average according to Speed.

Pitching will be no problem this year for Speed as he has four veteran pitchers returning as well as a sophomore, who is really going to be a flashy pitcher.

Alex Diaz, the sophomore pitcher, has really been impressive, according to Speed, in the early workouts and should turn into one of the better pitchers around.

"He has a real good curve," Speed emphasizes, "and we are expecting him to do us a real fine job this year."

Mike Ranspot, star pitcher for the Herd last year, who finished with 8-2 record for the season is returning and will probably see a lot of duty this season, according to Speed.

**Minks Has 3-1 Record**  
Larry Minks, who posted a 3-1 mark last year will return as will Ed Mims and Lupe Ramirez.

Frank Cain, Steve Hodges, Danny Loerwald, Gary Stagner, John Gilbert, Eugene Brink, Charlie Moreno and Lynn Cook are the other veterans returning to the team this year.

Billy Watts Jerry and Gary

Tucker, Phillip Cain, Lucas Cabrera and Billy Brown are the sophomores joining the team this year, along with Diaz.

The team had a 20-13 record for the season last year and will only have Dumas to contend with for the District Title.

**Demons, Herd Clash**  
The Demons and Whitefaces are the only teams participating in baseball this year and will play a total of eight games to decide the district championship.

Brownfield went on and won second in the state last season after defeating the Herd in regional playoffs.

The Demons failed to win a district game last season, but had one of the best pitchers in the state according to Speed.

"They just never did get off to the right start, and finished up having a real tough season," Speed said.

**Infield Strong**  
Minks and Ranspot will probably handle first base this season while Stagner and Watts will handle second base chores.

Cain and Brink will be at short stop and Danny Loerwald will hold down the third base assignment by himself.

Cain, Hodges and Cook will do the catching for the Herd. Charlie Moreno and Jerry Tucker will be in centerfield, while Billy Brown, Lynn Cook and Steve Hodges will handle left field.

John Gilbert and Gary Tucker will be in right field.

BASEBALL COACH — Ronald Speed, who is coaching his second HHS baseball team, led the Whitefaces to the bi-district crown in his initial season, losing out to Brownfield in the Regional playoffs. (Staff Photo)

## Speaking of Sports...

by PHIL DUNCAN  
BRAND SPORTS EDITOR

Everybody is preparing for one to resign — but I wonder. Coach Ronald Speed is ready to seek his second district championship this year.

Last season was his first as baseball coach for Hereford High School and he carried the Whitefaces to a district championship, bi-district championship, finally losing out in the regional playoffs to Brownfield.

Speed has 12 regulars returning from the past year's team and seven sophomores who are really coming along good according to Speed.

The Hereford Brand will present three awards at the All-Sports Banquet March 20. Mrs. Gwynne Owen, one of the ladies preparing the banquet has graciously consented to allow us time to present these sports awards.

There will be a "Hustling Whiteface" award for basketball and football, as well as a "Sportsman of the Year" See SOS Page 2

## EXHIBITED SPORTSMANSHIP

# Texas Tech Tells Own Mistake In Recording Grade

By HAROLD V. RATLIFF  
Associated Press Sports Writer

Texas Tech can sadly contemplate what might have been and feel it has been frustratingly unfortunate in having to surrender a claim to the Southwest Conference basketball championship although it had the top team.

**Can Gain Solace**  
But Tech can gain solace in knowing that it added to the lustre of college athletics by its action in forfeiting all claims to the championship because its Norman Reuther, one of the conference stars, didn't pass enough hours of class work.

Here was the first test of whether scholastics are considered more important by the colleges than the ability to pack them in at the gate by throwing an oversized ball through the hoop.

It was the first time in Southwest Conference history for a boy to be found scholastically ineligible during the season, with

his team having to forfeit the championship.

**Colleges Emphasize Education**  
The colleges, not usually given credit for it, have been emphasizing education over athletics with rules that the student must meet certain requirements in the class room before he can compete on the athletic field.

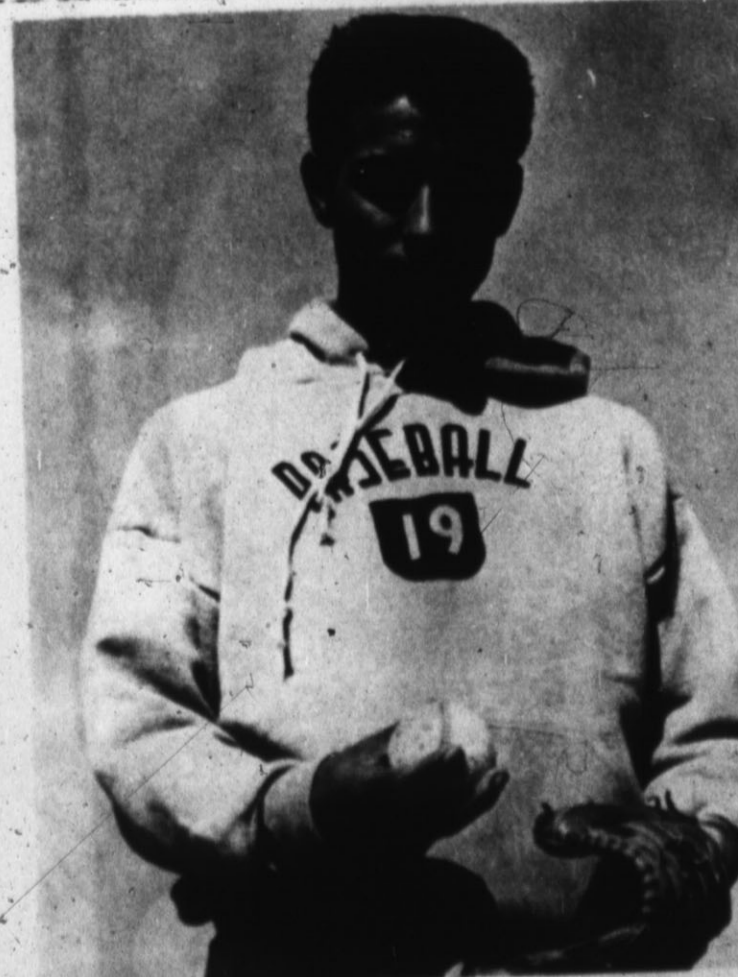

Time was when such was not the case. There have been fabulous stories told of the laxity of the educators when it came to an athlete.

Once there was a story rampant in Texas high school football of the athlete who had failed a course, making him ineligible for football. But he was given another examination in order that he might make up the course and be available against a common foe on the gridiron come Friday.

**Professor Sports Zealot**  
The professor, undoubtedly a sports zealot and also determined that his school should win all See TEXAS Page 2

PROMISING PITCHER — Alex Diaz, sophomore, who just moved to Hereford recently, promises to be one of the better pitchers for the Whitefaces this year. Diaz has an excellent curve ball according to Coach Ronald Speed. (Staff Photo)

### Annual Meet Is March 27

The Third Annual Seventh, Eighth and Ninth Grade track meet will be March 27 at the Hereford High Football Field, according to Freshman Coach Hugh Sullivan.

Only eight schools will be present this year, Sullivan said Monday, so the meet will be more orderly than in previous years.

**Eight Schools to Attend**  
Muleshoe, Estacada and Coronado of Plainview, Canyon, Dimmitt, Springlake and Tulla will be present at the meet.

Sullivan will be in charge of the meet and will handle the scheduling of all the events.

The eighth and ninth grades are the defending champions of the meet, Sullivan said, and the ninth has won their division for the past two years.

Sullivan has served as Freshman coach for the past year, having an undefeated football team, a 12-4 record in basketball and the promise of several stars on the track team.

The two 1964 World Series games in Cleveland between the Indians and Giants drew 149,887 paid fans.

### Jim Cramer Wins First In Sunday Meet

Jim Cramer walked off with top honors Sunday afternoon in a trophy shoot, sponsored by the Hereford Gun Club.

Gene Combs finished second in the shoot, with 24 members of the club participating.

**Next Meet April 4**  
The next shoot will be April 4, according to Delbert Bainum president of the newly organized club.

The shoot was held at Veteran's Park.

There are no definite plans at present for the local club participating in any out of town shoots, but the club hopes to attend some before the year is out," Bainum said.

**50 Persons Observe**  
More than 50 persons were out watching the shoot Sunday afternoon.

It was a handicap shoot and everyone was handicapped according to their previous performance.

**CAUSE FOR ALARM**  
HIALEAH, Fla. (AP) — "Is Bold Lad a good eater?" A turf writer recently asked this of trainer Bill Winfrey.

"If he ever misses one out," said Winfrey, "three men will rush into his stall with thermometers."

# Justice Wins 100 'Faces Score 22 Points In Meet At Brownfield

By PHIL DUNCAN  
Sports Editor

**BROWNFIELD** — A hard fighting group of thinclads from Hereford traveled to this city last Saturday and made a surprisingly good showing in several events, racking up 22 points for the day.

Kenny Justice, who came out for track competition only last week, proved to be the star prize of the day as he ran a

15.8 100 yard dash into a strong wind to win first place in the event.

**Surprise Winner**  
Justice qualified for the finals in the 100, but was not considered one of the better contenders in the meet until he broke the tape first in the group.

He added 10 of the 22 points Hereford received in the meet.

"It was the best early showing any HHS track team has made in recent years," Coach Jesse Geron related proudly Monday. "We were real proud of every boy entered in the meet and thought they all did a real good job."

Walter Williams finished a strong third in the 440 in the meet as he had a 54-second flat for the run.

He contributed another six points to the total scored by the Hereford team.

**Williams Is Standout**  
Williams also appeared to be quite a standout in the sprint relay as he passed almost every man on his leg of the run.

Two other 1-AAA teams were entered in the meet, which were Canyon and Muleshoe. Muleshoe failed to score a point, but the Eagles managed to grab four points for the day.

Robert Strange finished fourth in the high jump as he cleared 5 feet 8 inches in one of his best efforts of the season. Strange added four points with his fourth place finish.

The sprint relay team had a 48.6 time for the Brownfield meet finishing sixth for the day adding the final two points.

The team was composed of Wynn Buck, Walter Williams, Greg Richards and Kenny Justice.

**D C Meet Saturday**  
The track team will travel to Denver City this weekend for the annual Denver City Relays. "We will probably try out some other boys in other pos-

itions down there," Geron said, "and we might come up with some combinations that will prove to be even better than we have already found."

Geron said he was exceptionally proud of the boys that finished in the top positions in their events and several other boys such as Ricky Fangman and Bill Coffin who had good days in their respective weight events.

Coffin threw the discus and Fangman tossed the shot in the meet.

**Miller, Davis Look Good**  
Geron also emphasized he was pleased with the efforts of Mike Davis and Wayne Miller in the 800 event. Davis had a 2:15.00 for the day for one of his better times of the year.

"Things are appearing better than they have in many seasons," Geron admitted. "And we are beginning to have a much more optimistic outlook toward the season than we did at the beginning."

## Texas

(Continued from Page 1)

the glory possible, figured out the best way for the athlete, a boy not of great acumen but with ability aplenty on the athletic field, to pass the course.

So he told him there would be only one question on his examination. It was "Do you know this course?" The athlete honestly replied "No sir, I do not." "That is the correct answer," ruled the prof and the boy gave his all for his beloved high school Friday.

But times have changed and of late it is not uncommon for a school to make it tougher on the athlete than the average student. In the Southwest Conference the athlete must meet scholastic requirements at least equal to the average student. In some instances he must do even

## FROM FOUR STATES Coaches Will Gather For 3rd Annual Clinic

CANYON — Football coaches from Texas, New Mexico, Oklahoma and Kansas will gather in Buffalo Fieldhouse this Friday and Saturday for the third annual West Texas State Coaching Clinic.

Sid Gillman, head coach of the American Football League, and

John Ray, defensive coach at the University of Notre Dame, will be the principal lecturers.

**Win Three Titles**  
Both are especially qualified in the areas on which they will talk. Gillman's Chargers have won three divisional titles and one League championship in five seasons. Gillman's topics will be "The Passing Game" and "The Charger Offense." Gillman has tutored several prominent coaches as Ara Parseghian, Paul Dietzel, Bones Taylor and Norm Van Brocklin.

Ray's defensive knowledge can be established through a quick glance at a few statistics. Before coming to Notre Dame, he was head coach at John Carroll University in Cleveland. There won his last fifteen games there and his 1962 team held its seven opponents to minus one yard per game rushing. The 1964 Fighting Irish were second nationally in that department.

In addition, two high school coaches whose teams won AAAA district titles this past season will speak. Pat Patterson of Tascosa and Gene Henderson of Nederland will discuss their de-

fense and offense, respectively. Richardson's Speakers Rounding out the speakers will be Jerry Richardson, defensive back for the Los Angeles Rams of the National Football League. Richardson played four years of varsity football under Joe Kerbel at West Texas State. He led the Bulls in pass receiving for three years and had a career total of 13 interceptions. His touchdown reception in the final quarter helped the Bulls defeat Ohio in the 1962 Sun Bowl.

Away from the lectures, movies and demonstrations, the coaches will be treated to a complimentary barbecue in the West Cafeteria on the WTSU campus on Friday night. The clinic winds up on Saturday when several door prizes will be given away and the final event will be an intra-squad game starting at 3 p.m.

The Cincinnati Reds in the last four years show a .577 winning percentage, best record in the National League for that span. They won 369, lost 271. Los Angeles is next with .575. San Francisco third with .569 and St. Louis fourth with .547.

Some skeptics averred that "Texas Tech was trying to cover up and got caught." "Which is a ridiculous statement. Tech wouldn't have turned in the boy's correct status had it been trying deliberately to keep him eligible. The Southwest Conference does not investigate the boys' records first hand, but takes the word of the college itself.

Texas Tech turned in the report as it honestly was and then when it realized it had lost because of a human error, said, "We're sorry it had to happen but there is no one to blame but ourselves and we will pay the penalty."

College athletics are heated competition and winning a championship is important. But the colleges are not going to let athletics predominate even though they put money into the treasury and bring manifold the publicity that producing scholars might accrue.

## John Ray To Speak At WT Clinic

CANYON — John Ray, who ably handled the defensive line and linebackers at the University of Notre Dame this past season, will be one of the featured lecturers at the third annual West Texas State Coaching Clinic to be held at Buffalo Fieldhouse Friday and Saturday.

Ray's main topic will be "Defending the Modern Offense," a subject on which he has a superb background. The 1964 Irish line limited 10 opponents to 68.7 yards per game, an average bested by only one other school.

Prior to coming to Notre Dame with Ara Parseghian, Ray coached five seasons at John Carroll University in Cleveland. He posted a 29-6 record there, winning the last 15 games. His 1962 squad led the nation's small colleges in total defense, rushing defense and defense against

## John Ray To Speak At WT Clinic

scoring. The Blue Streaks allowed a MINUS one yard per game rushing and only 44 yards per contest overall, both of which are all-time records.

Coach Ray played at Notre Dame in 1944 following which he saw service as a paratrooper in the Pacific. He returned to Notre Dame for the spring semester in 1947, but transferred to Olivet (Michigan) College where he both played and served as student assistant coach for the next three seasons. He was graduated from Olivet in 1950.

It was after five seasons of coaching in Michigan high schools and four years as an assistant at the University of Detroit that Ray accepted the position at John Carroll.

Ray, married and father of four children, joins San Diego Chargers' head coach, Sid Gillman, in the group of five clinicians for the WTSU Clinic which will be climaxed Saturday afternoon by an intra-squad game of the Buffaloes.

Coaches from Oklahoma, Kansas, New Mexico and, of course, Texas have already indicated they would be present at the two-day affair.

## SOS

(Continued from Page 1)

award. These awards will be presented annually.

Awards for Spring sports will be presented at the awards assembly near the end of the school year.

Congratulations are in order to Coach Jesse Geron for the fine performance turned in by his track team at Brownfield last Saturday. Canyon and Muleshoe were there and barely scratched the surface, while the Herd was scoring 22 points.

I guess these two teams will remain on bottom for the rest of the year.

Bruce Miller Jr., son of Mr. and Mrs. Bruce Miller, 311 N. Sampson St., received a varsity letter in swimming at Culver Military Academy.

The swimmers at the Culver, Indiana school finished with a 6-3 season mark. Culver is the largest independent secondary school in the nation and has 874 students.

The Hereford Gun Club is really a growing club. They now have 38 members, having been organized near the first of the year, this is really growing.

Delbert Bainum is president of the club and is really working promoting this fine organization.

Some tigers are fierce. Some tigers are ferocious. We build both.

There's the incredible GT0 with its extra helping of horsepower (360), or the way it comes (335). Or there's the LeMans with a 285-hp V-8, a 250-hp V-8, or a 140-hp six. Either way they're all tigers with bucket seats, carpeting and lots of Oh-you-kid!

ONLY FOUR IN THE STATE

# Texas Has Fewer Professional Clubs Than Ever

Texas this year will have the fewest professional baseball clubs since Abner Doubleday invented the game, to exaggerate a little in order to emphasize the point. Actually, it's the fewest in about 50 years.

Only four minor league clubs; Dallas — Fort Worth, Amarillo, Austin and El Paso — will start the drive in April. Counting Houston of the National League, Texas has only five teams. This is one fewer than last year when San Antonio was in the Texas League and Dallas and Fort Worth had separate clubs, Dallas in the Pacific Coast League, Fort Worth in the Texas.

Amarillo replaced San Antonio but there was no replacement for Dallas in the Pacific Coast League when it combined forces with Fort Worth and returned to the Texas League, of which it was a charter member.

The downfall of minor league baseball is accentuated by comparison. Fifteen years ago baseball was at its height in Texas. There were 43 clubs playing in eight leagues — the Texas, Big State, Rio Grande Valley, East Texas, Gulf Coast, Longhorn, West Texas — New Mexico and Arizona — Texas.

All wasn't smooth sailing because clubs were quitting continually. But they were the clubs that didn't win and failed to draw the crowds. Now it's all

most the opposite. The pennant winners are as likely to pull out as the last-placers. Attendance is poor even for the winners.

Which brings to mind that there is one league able to endure all the ravages and remain as a beacon of hope for the return of minor league baseball on a reasonable scale.

The Texas League, which started in 1888, has survived depressions and wars and today is probably the strongest of the minors. It had to be subsidized in order to do it but it was resourceful enough to work out such a plan.

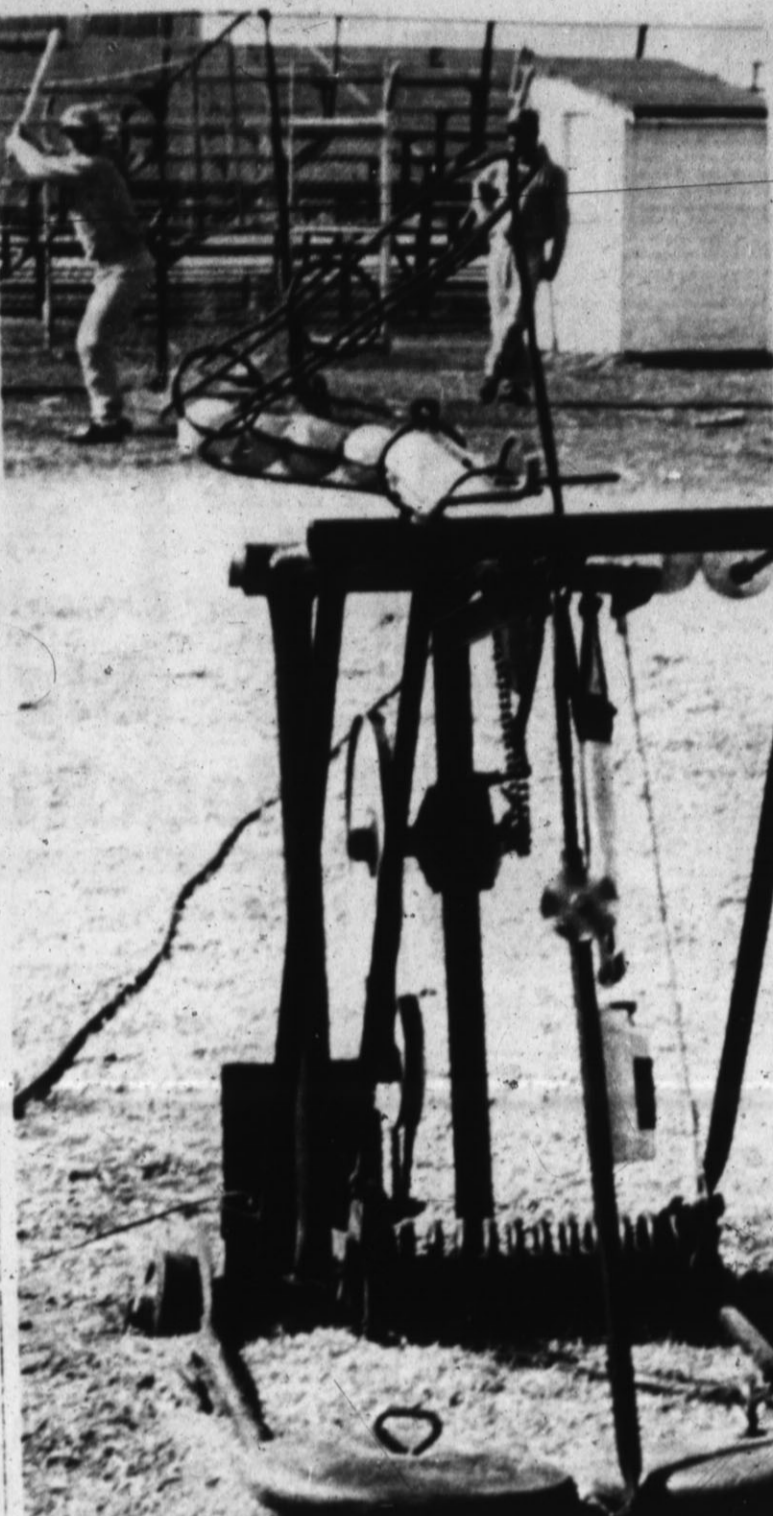

Major league clubs sponsor the league. That's why it has only six members instead of the traditional eight. There just weren't enough working agreements available. The cities could have been obtained.

Three of the clubs are owned outright by the majors — Houston operates Amarillo, Milwaukee operates Austin and the Los Angeles Angels, Tulsa with the St. Louis Cardinals and Dallas-Fort Worth with the Chicago Cubs.

These working agreements allow the clubs to make money if they can draw as much as 100,000 per season. The major league club pays most of the salaries, the salary of the manager, for spring training, even furnishes a set of uniforms.

Last year Tulsa, Albuquerque and El Paso made money; Fort Worth would have broken even on the actual operation although drawing only 92,000 (the Cats had to pay a high rent and also had to buy a ball club); San Antonio drew enough to make a little, but Austin lost some.

What are the prospects for 1965? Dallas-Fort Worth will play at Arlington, in a stadium built by county money. It will be com-

GOOD PITCHER — This machine really tosses some different balls at batter Steve Hodges in practice Monday afternoon. Hodges is a strong batter for the Whitefaces. (Staff Photo)

## LAW, REQUIREMENTS MUST BE OBSERVED

# Warm Weather Makes For Good Fishing Season

Everyone is ready to break out the old tackle box and other gear, polish up the boat and prepare everything for a weekend trip to the lake when weather comes up like the past few days.

With the oncoming spring weather, everyone will begin to think of fishing and boating, but there are many things to be remembered.

Several Laws There are several laws, requirements and limits to be observed by fishing enthusiasts.

For any fishing to be done in Deaf Smith County, wherever that would be, the daily limits and other regulations are as follows:

Black bass: Daily bag 15; possession limit 30; no size limit.

Catfish: daily bag 15; possession limit 30.

Other species: no bag or possession limits.

No more than 20 hooks in any combination of pole and line, set line, artificial lures or natural baits, rod and reel and not more than one trotline.

No Trotlines on Beach

No trotline may be placed or set in the vicinity of any public bathing beach or any public place commonly used as a swimming or bathing area. Goldfish may be taken as per general regulation for minnows, bream, perch and rough fish.

Randall county, in which Buffalo Lake lies, has the same fishing regulations as Deaf Smith County.

Travel to the new Canadian River Dam at Sanford will be heavy and officials are expecting enough water there for good fishing and boating this summer.

In general, the enforcement of safety regulations is the responsibility of peace officers; however, in some instances, game wardens also share this duty.

Boat Safety Emphasized

It is unlawful to operate a boat recklessly or carelessly

or while under the influence of intoxicating liquor.

There is no closed season on fish in Deaf Smith or Randall county and on any freshwater fish.

The District office for this area is in Amarillo at 3902 Bow-

ie. The phone number is FL 5-0821.

The Texas Fishing License costs \$2.15 and is required of any person fishing in any of the waters of Texas with the following exceptions: No license required of persons under 17

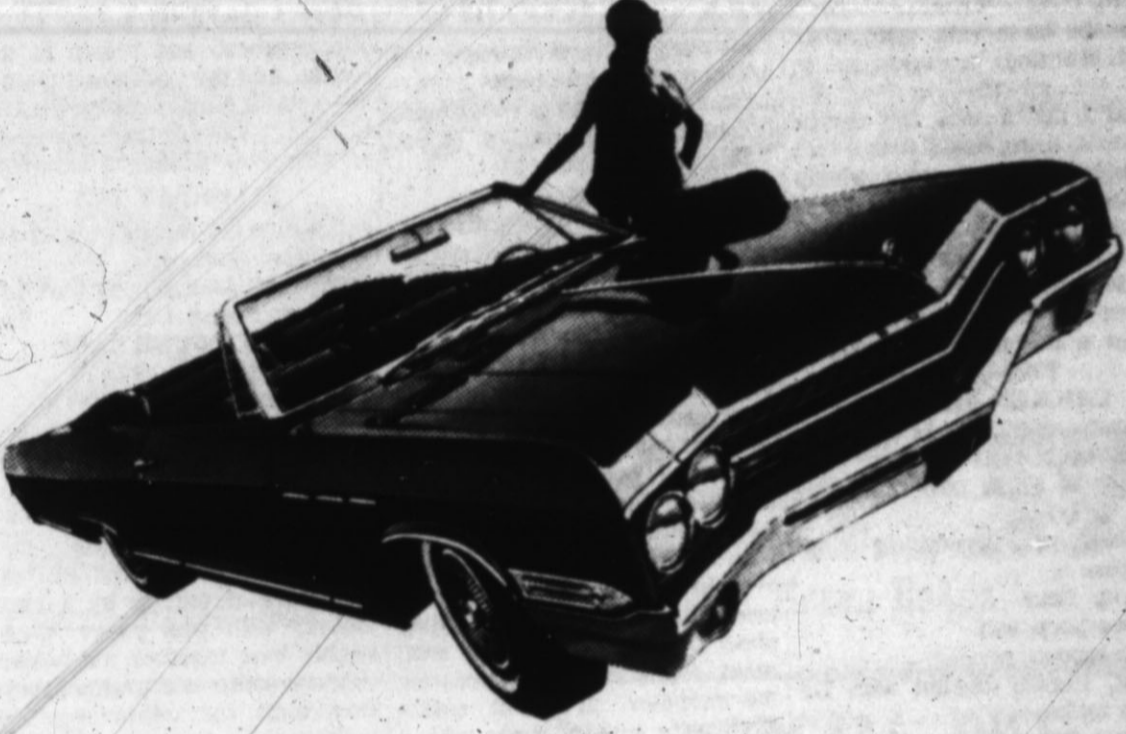

years of age or over 65 years of age.

No License Required No license is required of a person or members of such person's immediate family who is fishing upon property that he owns or upon which he resides.

No license is required of a person fishing with trotline, throw line, or ordinary pole and line having no reel or winding device attached when fishing in the county of his residence. No other fishing license is required of a person who holds a Texas Commercial Fishing License which costs \$5.

LET'S COOK SOMETHING

New Chicken Dish Rates High

By CECILY BROWNSTONE  
Associated Press Food Editor

HERE'S A delightful recipe. Why do we think it will appeal to you?

First, because it is the sort of dish a hostess enjoys serving to company. It uses chicken breasts and a combination of Swiss and Blue Cheese in an unhackneyed way, and who doesn't like to serve a delicious new dish to guests?

Second, because it can be put in the oven half an hour before it is to be offered and doesn't need watching.

Third, because if you can persuade your meatman to split, bone and skin the chicken breast for you, the preparation will not be difficult. But even if you have to prepare the chicken breasts yourself, once you get the knack of doing so, and practice a few times, you'll enjoy your own dexterity and accomplishment. Here's how we do it:

Cut a chicken breast in half; remove the skin and keel bone. With point of a slender paring knife, slit between the meat and the bone, using small strokes; as you do this, pull the meat away from the bone with your other hand. Warning: be careful not to tear the meat.

You'll notice that this recipe suggests using small metal skewers. These are widely available, inexpensive and worth having on hand. You'll find them much easier to remove than the wooden toothpicks often suggested for use in skewering to gether a stuffed chicken breast.

TWO-CHEESE

CHICKEN BREASTS

- 3 large each 12 to 14 ounces) chicken breasts
- 6 squares Swiss cheese (1 1/4 by 1 1/2-inch)
- 3 tablespoons crumbled Blue cheese
- 1/4 cup flour
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1 egg, slightly beaten with 1/3 cup milk
- 1/2 cup fine dry bread crumbs
- 1/2 cup butter

Have the chicken breasts split, boned and skinned; with a meat mallet pound the prepared chicken breasts until they are very thin. In the center of each, place a square of Swiss cheese and 1 1/2 teaspoons Blue cheese; fold over the short ends, then the long ends. Secure with

small metal skewers.

On a piece of wax paper, stir together the flour, salt and pepper. Roll each chicken breast in the flour mixture; dip in the egg-milk mixture; roll in the bread crumbs. Allow to stand for 15 to 30 minutes to set coating.

In a large skillet, melt the butter; add the chicken breasts and cook until golden brown — 5 to 7 minutes on each side. Remove the chicken from the skillet to a shallow pan into which they just fit. Pour butter in skillet over breasts, but do not add brown residue at bottom of skillet. Bake in a slow (325 degrees) oven until chicken is tender — 25 to 30 minutes. Makes 6 servings.

(Be sure to remove skewers before serving.)

GOOD DINNER

This main course, baked in one pan, is most satisfying.

ROAST PORK WITH

- Kraut and Apples
- Salad Bowl
- Bread Tray
- Coconut Custard Beverage

ROAST PORK WITH

KRAUT AND APPLES

- Center cut (3 pounds trimmed) pork loin roast
- Seasoning salt and paprika
- 1/2 cup chopped onion
- 1 pound (4 medium) red-skinned cooking-eating apples (sliced thin without paring)
- 1 can (1 pound) sauerkraut

Generously sprinkle entire surface of pork with seasoning salt. Place meat in a roasting pan (13 by 9 by 2 inches), fat side up. Roast in a moderate (350 degrees) oven for 1 1/2 hours. Sprinkle top of meat with paprika; remove from pan. Pour off fat from pan. Sprinkle onion over bottom of pan; cover with apples and peas. Drain kraut, reserving juice and place kraut over apples. Place meat, fat side up, over kraut. Return to the moderate oven and continue roasting about 1/2 hour longer or until meat registers 185 degrees on thermometer. If kraut seems dry, baste several times with a little of the reserved juice. Stir together the kraut, apple and onion before serving. Makes 4 to 6 servings.

LENTEN LUNCH

- Hearty dish for meatless fare!
- Corn Pudding
- Leaf Spinach
- Broiled Tomatoes
- Rolls
- Fruit
- Beverage

CORN PUDDING

- 2 large eggs
- 1 can (1 pound) creamstyle corn
- 1 cup undiluted evaporated milk
- 3/4 teaspoon salt
- 1/8 teaspoon pepper
- 1/2 teaspoon sugar

In a 1 1/2-quart round glass casserole (7 1/2 by 2 1/2 inches), beat the eggs enough to combine yolks and whites. Stir in the remaining ingredients. Place casserole in a baking pan; pour boiling water into pan to one-half depth of casserole. Bake in a moderate (350 degrees) oven for 45 minutes or until the tip of a knife inserted in center comes out clean. Makes 6 servings.

FRIDAY FARE

- Good way to serve a group.
- Rowena's Pasta with Clams
- Tossed-Green Salad with Marinated Artichoke Hearts
- Hot French Bread
- Fruit Compote
- Beverage

ROWENA'S PASTA WITH

- CLAMS
- 3 packages (each 8 ounces) thin spaghetti
- 3 cans (each 8 ounces) minced clams
- 1/2 pound butter
- 2 cloves garlic, crushed

In a large kettle, in a large amount of boiling salted water, boil the spaghetti just until the firm stage — 5 to 7 minutes. You

COMPANY DISH — Chicken breasts get a are coated, browned in butter and finished filling of Swiss and Blue cheese, then they in the oven. (AP Photo)

may use 1 tablespoon salt to every 3 quarts of water. Drain the spaghetti and return to the kettle. Add the undrained clams, butter and garlic; cook over low heat until most of the clam liquid is absorbed. Makes 8 servings.

SATURDAY TEA

- Bake an old-fashioned cake by a modern method.
- Egg and Anchovy Sandwiches
- Easy Pound Cake
- Tea

EASY POUND CAKE

- 1 cup butter
  - 1 cup sugar
  - 1 teaspoon vanilla
  - 1 teaspoon finely grated lemon rind
  - 4 large eggs
  - 1 2/3 cups unsifted flour
- Line the bottom of an ungreased loaf pan (9 by 5 by 3 inches) with wax paper. Thoroughly beat together the butter, sugar, vanilla and grated lemon rind until the consistency of mayonnaise. Add an egg; with electric mixer at medium speed, beat for 1 minute; add remaining eggs the same way. Add one-quarter of the flour at a time, beating gently just until smooth after each addition. Turn into prepared pan. If cake tester inserted in center comes out clean, and batter in crack at center looks done, remove cake after baking for 1 hour; if not, bake another 10 minutes. Turn out on wire rack; remove paper; turn right side up; cool. Wrap tightly in saran and store in an airtight container.

Wyche-H.D. Club Has

Beauty Demonstration

Mrs. Leroy Bodkin presented a beauty demonstration for the Wyche Home Demonstration Club when they met recently in her home.

Mrs. Bodkin gave Mrs. G. W. Duncan a facial using Merle Norman Cosmetics and explained each step in the demonstration.

Mrs. Ruth Newson presided for the meeting and the club voted to purchase two bedspreads for Girls Town.

Visitors for the demonstration were Mrs. W. P. Hedges, Olton, Tex., and Mrs. J. A. Phillips of Plainview.

Members attending were Mrs. Pete Hodges, Mrs. Ira Ott, Mrs. Louise Axe, Mrs. Novella Hewitt, Mrs. Louis Packard, Mrs. G.W. Duncan, Mrs. Ruth Newson and daughter Nancy and the hostess, Mrs. Bodkin.

Officers Elected At Summerfield Meet, Dr. Edwards To Be Speaker

Election of officer highlighted the Thursday meeting for the Summerfield Study Club when they met in the home of Mrs. Guy Walser with Mrs. George DeLazier as co-hostess.

Mrs. Walser conducted the business meeting and the following officers were elected: Mrs. R. E. Lance Jr., president; Mrs. L. H. Lookingbill, vice-president; Mrs. Thurman Atchley, recording secretary; Mrs. Earl Lance, corresponding secretary; Mrs. J. R. Euler, treasurer; Mrs. J. B. Noland, parliamentarian; Mrs. George DeLazier, historian.

Mrs. Mack Noland, Mrs. J. R. Euler and Mrs. George DeLazier were appointed by the president as the new year book committee.

For the program Mrs. J. R. Euler discussed "Woman: The Fourth Dimension" by Betty Friedan. She related that now

in the mid-20th century America, millions of women have broken through to a fourth dimension in women's existence: Woman as a person, herself, employing all her intelligence and abilities in a changing world.

She related that according to the author there are six patterns by which women in the United States today seem to be achieving a fourth dimension in life: the job, commitment to a profession, committed volunteer, creation of a fourth dimensional career, second-chance education for a late bloomer, and second or third dimension become a fourth.

It was announced that Dr. Lena Edwards would be the guest speaker for the April 1st meeting to be in the home of Mrs. Mack Noland. "These Are

Our Migrants" will be the program and also slated for this meeting will be guest day. Hostesses will be Mrs. Noland, Mrs. Lawrence and Mrs. Owens.

Refreshments were served following the meeting to: Mrs. Lee Curry, Mrs. Thurman Atchley, Mrs. J. R. Euler, Mrs. Ray Johnson, Mrs. Mack Noland, Mrs. L. H. Lookingbill, Mrs. R. E. Lance Jr., Mrs. Earl Lance, Mrs. L. B. Lookingbill, Mrs. George DeLazier and Mrs. Guy Walser.

TAP, TAP, MRS. TAPPEN TOLEDO, Ohio (AP) — When a 50-foot elm tree fell on the William F. Tappen home, all six members of the family escaped injury — and only five

of them were shaken by the crash. Mrs. Tappen slept through it.

The Hereford Brand, Hereford, Texas, Thurs., March 11, 1965

**Mrs. Robinson Gives Book Review For Garden Beautiful Club**

Garden Beautiful Club met Friday in the First National Bank for a program of a book review given by Mrs. Jess Robinson.

For her review Mrs. Robinson selected the book of Peacock Manure and Marigolds by Janet Gillespie. She said the way to keep the bugs out of the flower garden is to plant herbs in the flower beds. Also to plant some flowers that the bugs do not like such as Nasturtiums.

Mrs. Will S. Kerr was presiding officer for this meeting and Mrs. Howard Walker was hostess.

Attending were Mrs. Charlie Hood, Mrs. Ray Cowser, Mrs. Martin Gilliland, Mrs. V. O. Hemer, Mrs. Kerr, Mrs. L. H. Lookingbill, Mrs. Jess Robinson, Mrs. Roy Smith, Mrs. Howard Walker, Mrs. E. W. Young, Mrs. Don Robinson, Mrs. N. D. Bartlett, Mrs. T. E. Seigler and Mrs. Bruce Burney.

Key to beauty through the use of plant material in artistic design will be discussed for the Apr. 2nd meeting with the hostess to be Mrs. Leo Witkowski.

**Mrs. Manjoet Says Abstracts Are A 'New Frontier'**

Mrs. Art Manjoet presented a program of "What Are Abstracts and Why Do Them" for the Bud to Blossom Garden Club when they met Friday in the home of Mrs. Al Brown.

Modern Abstract Flower Arrangements by Emma Hodkinson Cyphers was the book Mrs. Manjoet used for her authority in presenting her program and she brought out the idea that abstracts are a "new frontier". She said the difference in abstract and other arranging is that abstracts must be felt and must convey one's feeling concerning the age in which we live.

Mrs. Sam Long presided for the business meeting when it was announced that the April 2nd meeting would be a trip to Palo Duro Canyon and the meeting following would be changed to Apr. 23rd.

Attending this meeting were Mrs. Jack Allen, Mrs. Fran Battenfield, Mrs. Bruce Brown, Mrs. B. C. Cooper, Mrs. R. A. Daniels, Mrs. T. J. Kelly, Mrs. Ernest Kendall, Mrs. Baxter London, Mrs. Sam Long, Mrs. Bill Nelson, Mrs. Pat Robinson, Mrs. Lloyd Sharp, Mrs. R. N. Yarbrow, Mrs. Al Brown, hostess; and guest speaker and honorary member, Mrs. Manjoet.

**Mrs. Witkowski Is Guest Speaker With 'Safety Tips'**

"Safety for Tots" was the program Mrs. Leo Witkowski presented for the North Hereford Home Demonstration Club when they met Thursday in the home of Mrs. A. A. Hare.

Assisting Mrs. Witkowski with the program was Patricia Herr and Thelma Warren of the Merry Maiden's 4-H Club. They gave a chart talk on safety for tots and Mrs. Witkowski told of the work done in 4-H. She said that the sole purpose of 4-H was to build the individual.

Mrs. Clyde Smithers was presiding officer for this business meeting and it was announced that the next program would be March 18th in the home of Mrs. Clinton Ward.

Hostess for this meeting was Mrs. Hare and Mrs. Roger Williams was a visitor. Members present were Mrs. R. A. Fullwood, Mrs. Otto Massie, Mrs. O. L. Williams, Mrs. Clyde Smithers, Mrs. Velma Salvino, Mrs. Mary Bodkin, Mrs. Paul M. Hoff, Mrs. O. C. Williams, Mrs. Otto Olson and Mrs. H. L. LaFever.

**MOST WORKING WOMEN**

VIENNA — Austria has the highest percentage of working women in Western Europe, a recent survey of the Austrian Institute for economic research showed.

About 1,300,000 women held jobs, which is 40 per cent of all working people in Austria. Austria has a population of approximately seven million.

This percentage is only surpassed by East Bloc countries — in Communist Romania 45.3 per cent of workers were women, in Czechoslovakia 44, the survey said.

The institute said the reason was the "surplus" of women in Austria, who made up 53.4 of the Austrian population. This is unequalled in all Western countries, the survey added.

## Our Symbol

One of our most treasured relics is the Liberty Bell. It is so-called because it was rung on July 8, 1776 to summons the citizenry for the terse announcement that the Declaration of Independence had been adopted. Today, it remains the greatest symbol of a nation free from tyranny in government and intolerance in religion that nation is America.

But one fact often overlooked is that when the historic bell was originally cast its makers turned to the Bible, to Leviticus, for the words inscribed around its contour: "Proclaim Liberty throughout the land unto all the inhabitants thereof." What a beginning! What a heritage! What a privilege to be a son or daughter of Freedom's Land. What a blessing to be an American.

How great is our Symbol!!!

### 'Fantasy Garden' Is Theme For Pre-Easter Style Show

Hereford Chapter of Young Homemakers of Texas are preparing their script for the April 1st style show for a pre-Easter children and adult showing to be at 7:30 p.m. in the high school auditorium.

"Fantasy Garden" will be the theme for the show and narrator will be Mrs. Clint Formby. Participating merchants will be C. R. Anthony Co., Little's, The Vogue, Helen's Shop, J. C. Penney Co., Gaston's Popular Store, May Dept. Store, Martin's Clothiers and Tannahill Fabric Mart.

Featured for the show will be the latest in spring fashions and designs with emphasis on Easter suggestions. Also highlighted will be the latest in fabrics and their content with pattern suggestions.

Style show chairman is Mrs. David Brumley, ticket chairman, Mrs. Edwin Axe; decorations, Mrs. Layton Sawyer and Mrs. Raymond Gerk.

Mrs. Axe said the tickets will be \$1 each for adults and 50 cents for children. Funds will be used towards sponsoring FHA girls.

PRE-EASTER PLANS — "Fantasy Garden" script for the April 1st showing are from the left, Mrs. David Brumley, Mrs. Edwin Axe, Mrs. Layton Sawyer and Mrs. Raymond Gerk. (Staff Photo)

### Beatnik Party, Guest Night For Sorority

Kappa Iota Chapter of the Beta Sigma Phi Sorority had a "Beatnik Party" recently with a model meeting for prospective members. They met in the Community Center.

Guests and members dressed as beatniks and refreshments were served beatnik style. Prizes were given for the best costume and for artistic drawings.

Visitors for the program were Mrs. David Hambien, Mrs. Ted Swindle, Mrs. Sam Lesly, Mrs. Bud Snyder, Mrs. Buri Spears, Mrs. Zephyr Bingham, Mrs. Duke Powell, Mrs. Robert Kinsey, Mrs. Bobby Sims, Mrs. Tony Cahill, Mrs. George Masso and Mrs. Ronnie Walker.

Members attending were Mrs. Houston Fry, Mrs. Pat Parker, Mrs. Joe Neely, Mrs. Pat Ferguson, Mrs. Glen Wilson, Mrs. Walter Kirkland, Mrs. Harold Kidds, Miss Pat Cowell, Mrs. Bob Duncan, Mrs. Arlis Edwards, Mrs. Pat Ferguson, Mrs. Jerry Fowler, Mrs. Melvin Fowler, Mrs. C. D. Fitzgerald Jr., Mrs. John Gilliland, Mrs. Lee Hacker, Mrs. Preston Hagans, Mrs. Barbara Heck, Mrs. Harold Kidds, Mrs. Walter Kirkland, Mrs. Joe Neely, Mrs. Ronnie Osborn, Mrs. Pat Parker, Mrs. Mike Wilson, Mrs. Jack Straw and Mrs. Glenn Wilson.

### Exchange Students Present Program For S.A. Parish Council

St. Anthony's Parish Council had a program given by the exchange students for their recent meeting in St. Anthony's School.

Michiyo Wakai from Gifu, Japan and Rene Batard from Nantes, France showed and explained slides of their homes and countries.

Mrs. Johnnie Jesko presided for the business meeting and it was decided that the club would

save Tender Crust coupons.

Delegates elected for the Deanery Meeting of Plainview Diocese are Mrs. Johnnie Jesko, Mrs. Ed Prastold, Mrs. Arnold Humann and Mrs. Andrew Kersten. This meeting is scheduled for March 31st in Canyon.

Hostesses for this meeting were Mrs. Ted Dalick, Mrs. Clarence Betzen and Mrs. John Dupnick. Attending were Mrs. J. E. Pavlick, Mrs. Leander Reinart, Mrs. Norbert Skypala, Mrs. Oskar Schwertner, Mrs. W. J. Albracht, Mrs. Andrew Kersten, Mrs. Ed Loewald, Mrs. Agnes Hellmann, Mrs. Ray Wilhelm, Mrs. William Kahlick,

Mrs. Arnold Fungmann, Mrs. Gene Loerwald, Mrs. A. H. Humann, Mrs. Elmer Reinart, Mrs. John Warren, Mrs. Wern Kooler, Mrs. Jesko and Rev. Father Angulus of St. Anthony's.

### WILL WATCHDOG WORK BETTER FOR BURGLARS?

BAY CITY, Mich. — Burglars stole most of Douglas Keith's garden tools from his garage.

They also stole the big German shepherd Keith had left as a watchdog.

### District President Is Guest Speaker For V.F.W. Auxiliary

Guest speaker for the V. F. W. Auxiliary recently was Naomi Fink, District President of District No. 13, when they met in the Rock Club House in V. A. Park.

V. F. W. Auxiliary No. 4818 members were hostesses and dinner was served following a business meeting at which Ada Hollabaugh presided.

Naomi Fink of Tulsa presented her program and announced that the District Meeting would be held in Plainview March 6 and 7. Also the Department President Doris Parker of Gainsville will attend this meeting.

El Paso will be the location for the State Meeting which is slated for June 25 through 27. Attending the Plainview meet-

ing were Ada Hollabaugh, Orpha Nickerson, Alta Davis and Naomi Murrell.

The District Meeting of District No. 13 will be in Littlefield, May 22 and 23.

Assisting Post 4818 at the V. A. Hospital in Amarillo Friday evening were Ada Hollabaugh, Alta Davis and Nola Ralston.

Members on hand to hear the District President speak were Ada Hollabaugh, Alta Davis, Nola Ralston, Wilma Clark, Gladys Graham and Naomi Murrell with Bettye Starnes of Tulsa and Karrol Rettman of Dimmitt visiting.

### Former Hereford Teacher Is Wed

Miss Marsha Ann Cockrell of Houston became the bride of George Ronald Hartos of Houston recently with her father, Rev. Alby J. Cockrell, minister of the Forrest Heights Methodist Church, officiating for the double ring ceremony in the home of Rev. and Mrs. Cockrell, 3211 41st St., Houston.

Hartos is the son of Mr. and Mrs. George W. Hartos of West Mifflin, Penn. The bride was a teacher in the Hereford public schools during 1959 and 1960.

## Premium voiceways for out-of-the-way places

This year, Southwestern Bell is going the extra mile, literally, to make rural phone service even better than it is. And the difference for most customers will be immediately noticeable.

For example, in many exchanges, suburban telephone service boundaries are being extended miles farther into the countryside to make higher quality phone service available to more people. And hundreds of miles of new telephone cables will go into service replacing "open wire" lines. Airtight and impervious to moisture,

these new cables provide hi-fi clarity plus greater dependability (phone wires inside them are safer from storm damage and weathering).

Undertaken at a cost of nearly half a million dollars, these rural service improvements are part of this year's massive construction effort (our biggest ever). An intensified program to further improve the quality of the fine telephone service you now have, whether you live in town, on a farm or ranch. You might call it a communications bonus from Southwestern Bell.

Southwestern Bell  
1965. Your Bonus Year for Telephone Service.

success hasn't gone to its price!

REP. CLAYTON REPORTS

Can't Predict Effects Of Redistricting, Yet

By BILL CLAYTON  
State Representative

Two months of the legislative session have gone, and probably in no time in history has a legislative moved as rapidly as has this present one, over 750 bills have been introduced besides all the concurrent, simple and joint resolutions and the Senate Bills.

Knowing that there are a number of issues that have to be decided, and with the determination that this will be done in time that is allotted for the regular session, the members have begun diligently to get all of the necessary legislation passed.

SPEAKER BARNES, who was elected after the session had begun and Byron Tunnell had resigned, has guided the House of Representatives, and he appointed his House Committees and had them at work in a matter of days. I received excellent committee assignments.

I am Chairman of the Aeronautics Committee; a member of the important State Affairs Committee, it is in this Committee that a major portion of the controversial bills are considered; a member of the Conservation and Reclamation Committee; a member of the Public Health Committee, and a member of the Committee on Municipal and Private Corporations.

I HAVE INTRODUCED at this session, several bills, and five of these bills have been heard by the Committees to which they have been assigned, and are now ready for floor action. Twelve bills were introduced as a result of the study that the Interim Committee on Water, of which I was Chairman, made and of course water legislation is of prime interest to us in our area of the State. Some of the bills I have introduced are as follows:

- H. J. R. No. 21 — concerning terms of office of Directors of Conservation and Reclamation Districts.
- H. C. R. No. 30 — asking Congress not to repeal the "Right to Work Law".
- H. B. No. 77 — Regulating and licensing water well drillers.
- H. B. No. 83 — Requiring imported meat to be labeled.
- H. B. No. 220 — Making it a crime to buy, sell or possess cantharidin (Spanish fly).
- H. B. No. 231 — Extending the benefits of the water development board to underground water.
- H. B. No. 232 — Changing the name of Soil Conservation Districts.
- H. B. No. 233 — Relating to travel and per diem of State Soil Conservation Board members.
- H. B. No. 292 — Relating to an alternate method of filling vacancies for office of alderman or mayor.
- H. B. No. 402 — Requiring gravel trucks to prevent the loss of gravel while in route.
- H. B. No. 505 — Authorizing State Hospitals and Schools to grant easements and rights-of-way.
- I have co-authored the following bills:
- H. B. 151 — Making it unlawful to give liquor and beer to anyone under the age of 21.
- H. B. 153 — Making the speed of pick-ups the same as passenger cars.
- H. B. 256 — Requiring an ad valorem tax receipt before registering cars.
- H. B. 11 — Raising the gross

weight of cotton trailers from the present 10,000 pounds to 15,000 lbs.

I am hopeful that these bills will receive final passage early in the session. The House and Senate have finally passed the legislation that will create a Coordinating Commission to be responsible for guiding Texas to excellence in Higher Education — the Coordinating Commission replaces the Commission on Higher Education.

The House Committee has finished work on the bi-ennium appropriation bill and it has passed the House, and when the Senate has passed their version the conference committee from the two Houses can begin work on the final appropriation bill.

This bill must be finally passed before any other matters, involving appropriation of money, can be considered; so it makes it of prime importance that the bi-ennium appropriation bill be passed at as early a date as possible.

OF CONSIDERABLE interest is legislation that would make it legal to have pari-mutuel betting on horse races, and also the legislation that would liberalize the liquor laws of Texas. As many of you already know, I am unalterably opposed to both the pari-mutuel betting bill and also the bills that would make the changes in the liquor laws of Texas. I shall continue my efforts to see that this proposed legislation does not pass at this session.

One measure that must be considered and acted upon, and one which is being given many, many hours of study is the matter of redistricting the State. This must be done at this session, and with the population having shifted in so many parts of the State, the redistricting bill is going to make vast changes in the local districts.

The several proposals have not advanced far enough, as yet, for me to be able to predict what affect the redistricting legislation will have on our area, but I have conferred with the authors of the proposals, and we shall continue to work on the issue.

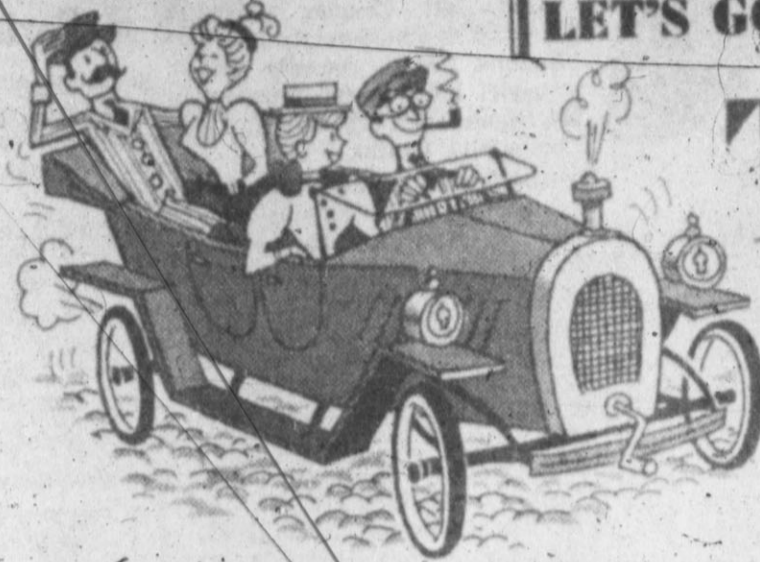

THE RISE IN the cost of living has made it necessary for us to consider pay raises in the areas such as school teachers, District Judges and District Attorneys, and other State employees. This will require the passage of a tax bill, which we will consider after the final appropriation bill is passed.

You can see that we are very busy, but as issues, in which you have a particular interest, are considered I hope that you will let me hear from you, because I can best represent District 91 if I know your thinking on the different bills that are pending.

Hereford Marine Cited For Rescue

VIET NAM (Special) — Marine Lance Corporal Elmer L. Kimball, Jr., son of Mr. and Mrs. E. L. Kimball, Sr. of 521 Star St., Hereford, has been recommended to receive the Sikorsky Winged "S" Rescue Award for his participation in medical evacuation missions in the Republic of Viet Nam.

He is serving with Marine Medium Helicopter Squadron 162 which has been flying transport helicopters to transport casualties from combat areas in the battle torn country.
