

OUT AT THIRD — Hereford third baseman Steve Hodges was ready and waiting in the fourth inning to tag Kermit runner Ricky Buford. The hit and run was on, but the hit failed to materialize and Lawrence was out. Base coach Benjy Lawrence (32) gave the sign to slide in vain.

Teddy Barmore beats out a throw to first in the fifth inning as Hereford first sacker Gary Stagner makes a long stretch for the ball.

Lynn Cook reaches second safely after booming a double in the second inning — one of two Hereford hits during the game — as Kermit second baseman Randy McNally stretches for the throw.

An attempted steal failed as Hereford second baseman Gary Victor put the tag on Kermit's Jim Reynolds during the fourth inning. Shortstop Frank Cain backed up the play.

A controversial call resulted on this play as Kermit's Bill Claxton dodged Hereford catcher Lynn Cook during the fifth inning.

Game Today — Double Or Nothing

By WAIN MILLER
Staff Writer

The Hereford Whitefaces won't be hiding their desire for vengeance today when the showdown comes with Kermit to determine the Class AAA bi-district baseball championship.

Game time is 1 p.m. in Whiteface Field for the contest the 'Faces have to win in order to remain in contention for a crack at state competition.

Coach Ronald Speed's Whitefaces are more than a little unhappy with the outcome of Tuesday's initial bi-district contest in the best of three series.

Still smarting from a 10-0 sting from Kermit's Yellowjackets in that game, the 'Faces must take two wins today to earn the bi-district title.

Two games will be played today in Whiteface field if Hereford wins the 1 p.m. encounter. The second game would determine the bi-district representative.

If Hereford loses the 1 p.m. game, however, the series would end with Kermit taking the title.

Game-ending double eludes Hereford left fielder Danny Loerwald.

Admission for today's game will be \$1 for adults and 50 cents for students.

Hereford tangled with a precision-minded Yellow-jacket aggregation in Kermit Tuesday, where Coach Ken Mays' squad displayed defensive prowess propelled to a great extent by pitcher Jim Kapka.

Kapka allowed Hereford only two hits while the Whitefaces used three pitchers during the game, who granted the 'Jackets a total of six hits and 13 walks.

The game was called in the fifth inning when the Yellowjackets amassed the 10-0 lead, sufficient to win the game automatically under interscholastic league rulings.

Kermit scored six runs in the bottom of the fifth for the wide margin and the game was stopped because of the 10-run rule.

The 'Jackets, playing before a hometown crowd estimated at 1,500, tallied their first run in the second inning, then added three more in the third.

64TH YEAR — NO. 22

Published Every Thursday

HEREFORD, TEXAS 79045, THURSDAY, JUNE 3, 1965

27 NEW HOMES STARTED

Residential Unit Construction Puts May Building Permits At \$332,000

Construction of residential units, expected to decline this year, accounted for the lion's share of May building permits. City Manager Dudley Bayne said permits for May totaled \$332,900, as compared with a \$179,800 figure in the comparative period of 1964. All but \$21,000 of the May construction involved the 27 residential units authorized.

Bayne said 99 residential permits have now been applied for in 1965, two less than 101 total racked up during the first five months of last year.

The current total for 1965 is now \$2,963,760 — away out in front of the \$1,755,000 at this time last year. The city manager said the increase in commercial activity, most of which started in March and April, was expected but the residential building is "much better than had been anticipated."

City Gets 1.28

Timely Rains Boost Hopes

Prospects for a bumper year for many area farmers received a shot in the arm from widespread thundershowers which appeared to center their rainfall on the city of Hereford Sunday.

Measurable rain was reported in most sectors of the county, and those in the know about area agriculture were talking this week about "an exception-

ally good year."

RAINFALL IN Hereford measured 1.28 inches, but moisture apparently tapered off in outlying regions of the county.

The gentle and timely showers will serve to give wheat a final boost before harvest — which is expected to get underway about June 20.

Grainmen predicted a bumper wheat crop this year, although about half of the county's dryland wheat was abandoned prior to May's sizable rains.

SOME DRYLAND farmers Wednesday were talking in terms of "a very good year" on portions of their wheatland, however.

No reports of damage from Sunday's showers were received by The Brand.

Radio Station KPAN recorded 1.28 inches in its gage downtown, boosting the year's total moisture to 7.06 inches — more than five and one half inches of which fell in May.

Rains in the Westway area measured from a half to an inch, but moisture was less than three-quarters of an inch except in isolated spots in the remainder of the county.

SOME 4 OF AN inch of rainfall was gauged at Milo Center, 14 miles north of Hereford, while 4 was measured in the Dawn area and about a half inch was recorded in the Easter community to the south of Hereford.

From a quarter to a half inch of rain fell in the southwestern portion of the county, while 3 was measured four miles west of Bootleg.

Heavier rains were reported in the extreme western edge of the county, where 8 fell on the Eldred Brown farm 20 miles northwest of Bootleg.

Mrs. Brown reported that dryland wheat in that area looked "very good in places." She said harvest there would start in about three weeks.

RAINS IN THE northwestern

See MOST Page 2

Fleet Thief Darts Away, Drops Tool

Police surprised a burglar at the Joe Rader Fina Service Station on North 25-Mile-Avenue Monday night but were unable to catch the thief as he fled on foot from the scene.

Officers got a fleeting glimpse of the man who ran from the station shortly after 11 p.m., but lost sight of him as he dodged between trees and houses in the neighborhood.

A SEARCH OF the area by police and sheriff's deputies turned up nothing except a tire tool apparently dropped by the burglar as he fled.

Police said they were unable to get a good look at the man from a half block away as he darted into an alley.

Investigation revealed that a soft drink dispenser had been pried open, but money had not been taken from the machine.

POLICE THEORIZED the man was scared away by the approach of the police car before he had a chance to pocket the money.

Police continued this week to search for information concerning this and other recent break-ins.

But investigators said they had few clues from the recent rash of thefts in the city.

Firemen Douse Blaze At Episcopal Church

A small blaze did little damage to St. Thomas' Episcopal Church Sunday night. Firemen answered the call about 8 p.m.

The fire started when the neon cross on the front of the church, located on West Park Ave., was shorted out by birds' nests.

Damage was confined to the top of the cross. Smoke damage to the interior of the church was negligible although the sanctuary was filled with smoke when firemen arrived.

4-H TOUR PLANNED

A tour of Deaf Smith County 4-H Livestock projects will start at 8 a.m. Saturday at the county courthouse. Twelve stops are planned. If time does not allow a visit to each project Saturday, the tour will be resumed at 8 a.m. Monday, County Agent Justin McBride said.

OF SHAPES AND SIZES — Construction due to be completed in time for September occupancy, gave this striking shadow perspective at a recent mid-afternoon. (Staff innards of Bluebonnet Elementary School in north Hereford. The 26-classroom facility, Photo by Wain Miller)

OF HEREFORD HOTRODDERS

Screams Of Engines Are Music To Ears

By LARRY FUHRMANN
Staff Writer

The roar can be deafening, but the purrs and pops of mighty engines bringing an automobile screeching off a starting line are music to the ears of race-driving enthusiasts, a climax to long hours of work on an expensive hobby.

Hereford has its share of hot-rod enthusiasts, who can be seen relaxing little throughout the winter, as they adjust and re-adjust, test and retest to make their vehicles faster over the quarter-mile stretch.

SUCH ENTHUSIASTS are Nick Milburn, 18-year-old son of Mr. and Mrs. N. E. Milburn, and his fellow members of the "Dragmasters" club here. It is seeking to be sanctioned by the National Hot Rod Association (NHRA), Milburn said.

In his "modified production" 1955 Chevrolet he plans to participate, along with others, in contests at Amarillo Dragway and at meets in Hobbs.

The Amarillo meet is directed by the NHRA; the Hobbs meet

See LOCAL Page 2

READY TO GO — Nick Milburn is a Hereford racing enthusiast who, along with several others here, makes a trip almost every month to either watch or participate in "the drags." Drag racing is a fast-growing sport in America, with over 46 million paid admissions being racked up last year. (Staff Photo)

INSPECTIONS ARE SLATED

Arrival Of Trash Lid Enforcement Date Swamps City Hall With Calls

City hall was swamped Tuesday by telephone calls from tardy citizens seeking delivery of lids for trash cans.

Strict enforcement of a city ordinance requiring enclosed trash receptacles for health and sanitation reasons went into effect — technically — with the arrival of the first day of June.

The city commission ordered the crackdown more than a month ago.

CITY MANAGER Dudley Bayne said Tuesday residents would be given a day or two of grace before Wilson Mouser, city sanitation officer, began a systematic inspection of the city's alleys.

Bayne said the city could not make immediate deliveries of the flood of orders received Tuesday, a situation complicated by the Monday holiday. "That phone has been ringing off the wall," he said. The city has been selling lids along with private firms.

Fly and mosquito control already has been benefited by the covering of trash containers, Bayne thinks. "I don't think we have the fly problem now that we had last year," he said.

CITY CREWS were to begin the summer-long ritual of spray control Wednesday night, aiming generally at elimination of the tiny, needle-nosed mosquitoes over the city as a whole and in the western part, near irrigated fields where mosquitoes spend

See ANNUAL Page 3

4-Hers To 'Roundup'

Thirty-two 4-H club members and sponsors left Monday for the annual "Round-Up," held at College Station.

The group competed yesterday in state contests. Each entry had won first in district following competition on the local level.

Spending the first night at a camp in Brownwood, the 4-H'ers then went on to the A&M campus Tuesday, arriving before contest were to be held the next morning.

COMING BACK via Six Flags Over Texas, the group is expected to be back in Hereford late Friday afternoon.

Competing from Deaf Smith County were Maura and Kevin McAndrews, community improvement; Donald Vasek and Rodney Herr, electricity; Deborah Jesko, favorite foods; Rodney Goheen, Ann Aitchley, Charles Aitchley and Carleen Sanders, entomology; Joyce Bonner, public speaking; Nancy Mink and Mary Weaver, safety; Pam Winget, Carole Clearman, Tom

See 4-H Page 2

AT AMARILLO, HOBBS

Local Drag Enthusiasts Frequent 2-State Meets

(Continued from Page 1) is directed by the American Hot Rod Association.

EVERY FOURTH Sunday the drags are going on in Amarillo and likely to be there from Hereford are Milburn, James Keesee, Jim Culpepper, Ronnie Bell and Bill Keaster.

Not all are familiar with the letter marking to be seen on all the vehicles entered in the races, Nick's car, sponsored by Milburn Motor Co., carries "B/MP", which means B class, modified production.

In the modified production division, all vehicles must be of American make. The engine must carry the same brand name as the car, and the motor must remain in stock position (not moved back).

FOR BETTER weight balance, engines in some racing cars are moved back several inches.

The Chevy that Nick runs has been changed some-what since it came off the assembly line. Starting with a 327 cubic inch engine, he bored the cylinders out, making it a 348 cubic inch unit.

Pistons are new, too. With JE pistons he has increased his compression from a ratio of 10 to 1 to a ratio of 13 1/2 to 1.

ALSO ADDED WERE rings and bearings and a special camshaft and a "ram" manifold.

The "pride and joy" of his mean-sounding machine are the heads. Six months were spent in porting and polishing them to make a smoother gas flow.

The conventional stock car is "balanced" at 4500 rpm — the engine runs smooth at that speed; in the racing car all "bugs" are taken out at 15,000 rpm, Nick says.

Running on the drag strip requires safety measures to protect the driver not only from collision or a one-car wreck, but to protect him from his own vehicle.

SEAT BELTS and a crash helmet are standard equipment; over the bell housing is a "scatter shield". In the event the fly wheel should come up out of the housing, the scatter shield is there to hold it below the car. Without this protection, some drivers could lose their legs if

the fly wheel did come out. The shields vary in thickness, depending on the fly wheel's location. One boy who has his bell housing directly beneath his legs has a metal shield over the housing that is three-quarters of an inch thick. Others are thinner; Nick's is one-eighth inch thick as his legs are not directly over the danger spot.

A belly strap is beneath the car to prevent tearing up the dragstrip in the event the clutch and fly wheel fail; the strap would hold the engine in place, keeping it from dragging. Drive shaft loops are used to keep the shaft in place if the U-joints fail.

AT THE PRESENT, Nick is working out small trouble spots in his vehicle, getting it in shape for top performance. His recent time trials in Amarillo showed him going through a quarter mile from a dead stop in 13.51 seconds; his speed was

168.43 miles per hour.

Really making a show on the strip are the "dragsters," which are little more than an engine that is kept off the ground by a frame and four wheels. With just enough room for the driver to ease into position, he places his legs over the rear axle with the rear end gears between his knees, his feet almost at shoulder level, one foot on the clutch, the other on the gas. The driver is almost lying down.

A record 285 mph from a dead stop in a quarter mile has been set by these "monsters".

Drag racing was born on the West Coast during World War II days and today is a fast-growing spectator sport. It drew over 48 million paid admissions at tracks last year; the Amarillo strip estimated 5,000 were there for its meet Sunday.

"You'll find the serious dragsters on the strips, and not on the streets," Milburn said.

SPURS TALK OF 'REAL GOOD YEAR'

Most Sectors Of County Record Measureable Rainfall On Sunday

(Continued from Page 1) portion-of-the-county were less, however.

J. V. Perrin recorded .3 at his home, 38 miles northwest of Hereford. Mrs. Perrin said rains fizzled out a few miles further north, however.

"Farmers were plowing the next day there," she said. She added that pastures in that area had begun to show signs of stress from lack of moisture.

At Dawn, slightly less than half an inch was recorded. Mrs. Carl Wimberly said a government rain gauge located one and a quarter miles northwest of Dawn showed .4 of an inch, boosting the year's total rainfall there to 3.29 inches. Almost two inches of this fell in May, she said.

PHILLIP MILLER, who farms 16 miles northwest of Hereford, said .32 of an inch fell at his farm.

In the Easter Community, a half inch fell at Community Grain, Inc., according to Bill Waldrep. He said all crops in that area looked "exceptionally good."

He said the community had received about six and a half

inches of rainfall this year, including four inches in May.

An employee at Pitman Grain Co.'s location at Milo Center said .4 was received Sunday, boosting the total there to slightly over four inches for the year.

All branches of the local Odd Fellow Lodge will hold a joint memorial service at the IOOF Hall tomorrow evening at 8 p.m. The Rebekah Lodge will be in charge of the service. The public is invited to attend.

DIVES FOR BALL — Hereford shortstop Frank Cain dived to catch a grounder during the third inning of Tuesday's bi-district contest at Kermit. Cain came up with the ball, but the throw to second baseman Gary Victor was low and runner Ricky Buford returned safely to second. See story and other photos on page one. (Staff Photo)

KERMIT WINS, 10-0

Inept Hurling Scuttles 'Faces In First Game

The fifth inning scores came on a single, three walks, a pair of fielders choices, and a sacrifice.

A play which could have made a big difference in the outcome of the game unrehearsed in the fifth inning with two away and the bases loaded.

KERMIT centerfielder Ricky Buford dropped one down the third base line. Hereford catcher Lynn Cook came up with the ball, but missed in his attempt to tag out Kermit's Bill Klaxton as he came in from third.

Claxton appeared to Hereford team members to have dodged out of the base path as Cook attempted to tag him, but officials ruled the runner had not stepped out of the three-foot lane. (See photo.)

The game ended when moments later Kermit catcher Jim Reynolds sent a line drive into left field which bounced over the fence for a ground rules double to score two more 'Jackets.

CONFUSION resulted on that play, however, when the base umpire first ruled the hit a home run.

That dispute settled, the game ended because of the 10-run rule.

Mike Ranspot started for the Whitefaces and was charged with the loss. He pitched two and two-thirds innings, facing 16, giving up three hits, four runs, and six walks. He struck out one. Relieving in the third inning

was Ed Mims, who faced nine batters during the two innings he pitched. Mims granted three runs off two hits and five walks and struck out none.

Lupe Ramirez took over the mound in the fifth inning with the bases loaded and one away. He faced six, striking out one, to give Hereford pitchers a total of two strikeouts in the game.

RAMIREZ granted one hit, one walk, and three runs. Hereford found similar lack of luck in the hitting department. Lynn Cook tagged a two-bagger in the second inning and went to third on a sacrifice but was stranded there.

In the top of the fifth, Gary Victor singled but was stranded on second when the Yellowjackets worked a double play from third to first.

Winner of today's showdown here will meet the victor of the Snyder-Wichita Falls Hirschel bi-district clash in regional play-offs either this weekend or next week.

KAPKA WILL probably start for the 'Jackets again today.

The Yellowjackets bring to town a lineup which boasts four players hitting at a .300 or better clip entering today's playoff.

Leading hitting in Tuesday's clash, however, were third-base man Bill Claxton (.272 for the season) and catcher Jim Reynolds (.277). Both had two hits

Reynolds tagged one double.

Johnny Hernandez, who boasts the 'Jackets best season average with .364, was not in the lineup for Kermit Tuesday. A relief pitcher, he also plays right field.

CENTERFIELDER Ricky Buford has a season mark of .315, but was hitless Tuesday. Shortstop Teddy Baremore (.337) had one hit, a single to deep left field.

Right fielder Benly Lawrence, hitting .300 for the season, was also hitless Tuesday.

Hereford's leading hitters had a similar fate in Tuesday's game. Only one Hereford batter came to bat more than twice in the five-inning game.

Charlie Moreno, hitting .352 prior to the game, drew a walk and was out on a fly to left field.

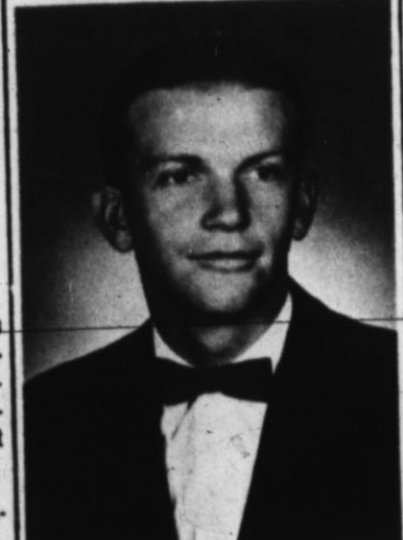

Steve Hodges, who had a .349 average prior to the game, grounded out to third and struck out. Lynn Cook, who was .338, doubled in the second inning and popped out.

GARY STAGNER, .328, was fanned twice. Frank Cain, .313, flied out to second and was fanned. Mike Watts, who belted a .361 average in district play while at right field, was not in Tuesday's lineup.

Lead-off hitter Danny Loerwald drew a walk, flied out to left field, and was out on a grounder to first.

Larry Minks, right fielder, walked and struck out.

Gary Victor, hitting .272 prior to Tuesday's game, placed a successful sacrifice bunt in the second inning to advance Cook and then singled in the fifth inning but was stranded on base.

RON COOK Tech graduate

Ex-Whiteface Is '65 Tech Grad

Ron Cook, son of Mr. and Mrs. A. H. Cook of Route 2, Hereford, received a B.S. degree in agricultural economics from Texas Tech at graduation exercises May 29 in Municipal Auditorium, Lubbock.

Cook is a 1959 graduate of Hereford High School and played on the football team.

He is married and has a daughter, Stacey. Following graduation, he will continue to farm in Hockley County. He is a brother of Lynn Cook, 1965 Hereford senior.

TO NEW MEXICO

Mrs. Fred Welch, an English teacher in Stanton Junior High School, is attending a two-week workshop in Eastern New Mexico University, Portales. The course offers instruction in methods of teaching of English through the use of audio-visual communication techniques.

TO WASHINGTON, D.C.

Area Youths Set For Eastern Trip

Two 17-year-old Hereford area students leave Friday for a 10-day tour of Washington, D.C. and in-between sights as guests of the Deaf Smith County Electric Cooperative here.

Maura McAndrews, daughter of Mr. and Mrs. James A. McAndrews, Hereford, and Tommy Sherley, son of Mr. and Mrs. T. A. Sherley, Friona, won the trips by emerging victors in a recent speech contest.

THE PAIR WILL meet in Dallas with winners of similar speaking contests — on the contributions of rural electricity to their areas — conducted by 29 other co-ops in Texas.

From Dallas they will travel by bus through Tennessee and Kentucky, arriving in Washington on Monday.

On their agenda are a breakfast with Texas Congressmen and tours of the Capitol, the Library of Congress, the Supreme Court, Department of Agriculture, Federal Bureau of Investigation, Mount Vernon, headquarters of the National Rural Electric Cooperative Association, Smithsonian Institute and many other points of interest.

Accompanying the 60 youths in addition to chaperones will be Tonda Curry of Ropesville, Texas, Miss National Rural Electrification of 1963; Charlotte Carrett, reigning Miss Texas Rural Electrification of Cisco, Texas; and Ann Howard of Moody, president of the Texas association of Future Homemakers of America.

dinner dance and a night cruise on the Potomac River.

Participants in the "Government in Action Youth Tour" will be furnished a set of colored slides for sharing with their communities upon their return.

The tour begins officially with a Get Acquainted Dinner in Dallas tomorrow and includes overnight stops in Memphis, Tennessee, and Covington, Kentucky, with arrival in Washington scheduled for 6 p.m. Monday.

The return trip will bring the group through Knoxville and Chattanooga, Tenn., where they will tour Norris Dam; Birmingham, Ala.; Shreveport, La., and Dallas.

Hereford Man Held For DWI — Second

A 46-year-old Hereford man was being held in county jail in lieu of \$3,000 bond Wednesday on charges of driving while intoxicated, second offense, and violation of parole.

Bond was set by Justice of the Peace C. B. Miles after police arrested Leroy Elton Carlton, 701 East Second, here Monday night.

McBride, county agricultural agent, and Rebecca Gaddis, Dimmitt home demonstration agent.

Larry Kaul Speaks On Weed Control For Westway Club

"Weed and Pest Control" was the topic for the program brought by Larry Kaul for the Westway Home Demonstration Club when they met last Thursday in the home of Mrs. Fred Sherman.

Kaul, who is employed with the Red Barn Chemical Company, said that a person should be familiar with the different types of weeds in order to know how to kill them.

Most common in this area, he related, are broad-leaf weeds such as bind weed, careless weed, figweed, clovers, dock weeds, and herb. Also the grass like weeds such as crabgrass, Johnsongrass, sandbur and Texas wintergrass.

In suggesting treatment for these weeds he said that Endothal kills broad-leaf weeds such as burclover; Methylarsonates controls weedy grasses; Naphtha is applied as a coarse spray to wet leaves and stems of weedy plants; and Ammonium Nitrate and 4-D are good killers for broadleaf weeds.

In using these treatments, he said, precautions should be taken with the handling and use of the sprays and label directions should be read and followed.

For this program, chairman was Mrs. Donald Douglas and presiding officer was Mrs. Paul Rudd when it was announced that the next program would be June 10th in the home of Mrs. Merlin Kaul.

With Mrs. Sherman as the hostess, others present were Mrs. W. W. Thomas, Mrs. Bess Werner, Mrs. Fred Sherman, Mrs. Paul Rudd, Mrs. Joe Landers, Mrs. Albert Lamb, Mrs. Merlin Kaul, Mrs. Bill Drake, Mrs. Donald Douglas and visitors, Karry Kaul and Carol Lamb.

Six-Month Sentence Assessed Boy Involved In Labor Camp Shooting

An 18-year-old Hereford youth was sentenced to six months in county jail by county judge H. C. (Hank) Williams on a charge resulting from a recent shooting incident.

Eloy Encinias, 18, charged by sheriff's deputies with aggravated assault with a deadly weapon was sentenced and ordered to pay court cost in connection with the May 15 shooting of Johnny Diaz.

WITNESSES said Encinias shot Diaz in the chest with a .22 caliber pistol during an argument at the Labor Camp.

Diaz was not seriously injured in the affray, investigators said. In other county court action, Judge Williams sentenced three men on charges of driving while intoxicated.

Able Estrade Bueno, 40, of Hereford, was sentenced to three days in jail and fined \$100 and costs for DWI. The charge was filed by Hereford police.

SUMMER'S HERE! — There has been a lot of splashing at the city pool this week as it opened its doors for the season. The pool is open daily from 2-6 p.m. and is being managed by Lloyd Payne. (Staff Photo)

ALSO FINED \$100 and costs and sentenced to three days in county jail was Eugene Melvin Roberts, 47, of Clovis, who was charged by Highway Patrolmen with DWI.

Sentenced to ten days and fined \$50 and costs was H. J. Short, 30, of Hereford, who was arrested by Highway Patrolmen and charged with DWI.

Short was also charged Tuesday with illegal possession of explosives. Highway Patrolmen said he had a dynamite blasting cap in his possession at the time of his arrest on the DWI charge. Bond was set at \$1,000 by Justice of the Peace C. B. Miles.

Fined \$25 and ordered to pay court cost was Jose A. Martinez, 19, of the Lbor Camp, who was charged by Highway Patrolmen with driving while license suspended.

Drowning Totals Increased By 18

AUSTIN (Special) — The eight-week drowning toll as reported to the Texas Parks and Wildlife Department, climbed to 67 during the last two weeks with the addition of 18 new fatalities.

Most of the deaths were connected with water recreation but one was attributed to the recent heavy rains when a Dripping Springs rancher was trapped by a flooding creek, and two were connected with traffic accidents with the victims pinned under wrecked automobiles.

SWIMMING, AS USUAL, took the heaviest toll, and four fatalities were linked to fishing.

Multiple deaths decreased, comprising two young fishermen drowning in a stock tank near Uvalde, two teen-age swimmers perishing in the Brazos river near Bryan, and two men succumbing to deep water while seining bait together in the surf near Freeport.

The current pastime of Class outings was marked by two separate drownings, one near Wimberly and one in the Gulf on South Padre Islands.

ONE VICTIM DIED heroically. He was a Pettus lad who saved two youngsters endangered by deep water, and then drowned.

A freak accident cost one man his life in Sunset Lake near Corpus Christi when he lost his hold on an inner tube.

Undertow in the Gulf was blamed for the death of another

swimmer near Corpus Christi. One water skier was lost in Lake Medina near San Antonio. And a 16-year-old Springtown boy fell into a tank and drowned while hunting frogs.

Look Who's New

Mr. and Mrs. Aubrey Wayne Rogers are parents of a daughter, Amy Wynette, born May 24 at 3:26 p.m. She weighed 7 lbs. 10 1/2 ozs.

Mr. and Mrs. Donald Ray Shaw are parents of a daughter, Valerie Lynn, born May 24 at 11:13 p.m. She weighed 8 lbs. 7 1/2 ozs.

Mr. and Mrs. Carlos Eugene Hutcheson are parents of a daughter, Kimberly, born May 26 at 7:08 a.m. She weighed 10 lbs. 3 1/2 ozs.

Mr. and Mrs. Robert Douglas Sanders are parents of a daughter, Pamela Dawn, born May 26 at 8:02 a.m. She weighed 9 lbs. 1 oz.

Mr. and Mrs. Gregory Dennis Cromer are parents of a daughter, Monica Lynn, born May 26 at 11:37 a.m. She weighed 6 lbs. 9 ozs.

Mr. and Mrs. Ricardo Amaro are parents of a son, Pedro, born May 27 at 2:05 a.m. He weighed 6 lbs. 12 1/2 ozs.

Mr. and Mrs. Fred Sarabia Gamboa are parents of a son, Ramon, born May 31 at 8:28 p.m. He weighed 7 lbs. 3 1/2 ozs.

Ezra Norton Is Pioneer Leader

More than 250 persons registered for the Mid-Plains Pioneer Day reunion here Saturday and elected Ezra Norton to serve as president of the group which stages the annual celebration.

Norton replaces A. J. (Major) Schroeter as head of the Mid-Plains Pioneer Association.

NORTON AND other officers were elected during the group's annual business to highlight the day-long get-together here.

Two other reunions were also held in conjunction with Pioneer Day — one for ex-students of the former Hereford Christian College and another for members of the Overstreet Class students who attended Herefords in 1886-1901.

Some 50 ex-students of the Hereford Christian College voted to erect a monument on the Hereford High School campus designating the site of the Christian College which was located there from 1891 to 1912.

MRS. A. O. THOMPSON, treasurer of the ex-students group, said the organization will attempt to obtain a medallion from the Texas Historical Survey Committee.

Several members of the Overstreet Class attended a reunion hosted by Norton at the Western Wheel Inn.

At the Pioneers' business session, new members of the steering committee were also named. They are George Lee Stambaugh, Mrs. Corinne Neely, Bob Wilson, Mrs. James R. Lipscomb, M. L. Simpson Sr., Mrs. S. O. Wilson and Glenn Witherpoon.

MORE BRANDY IN THE CHOCOLATES

SANTA FE, N.M. (U) — The House had fun with a liquor bill of a different type — to increase the limit of the alcoholic content in candy.

The bill would allow an Albuquerque candy manufacturer to manufacture a bourbon-flavored candy. Boxes of the candy were distributed to House members.

The bill passed on a 52-2 vote, but not before some good-humored questioning.

Rep. Ava Parker, D-Rosevelt, asked if the candy could be shipped into dry territory.

And Rep. Robert Ferguson, D-Eddy, asked if there was a minimum markup on the candy.

Friona Colonel Attends Course

FORT LEAVENWORTH, Kan. (Special) — Army National Guard Colonel Ross Ayers, son of Mrs. Linda Ayers, 11388 Burin Ave., Inglewood, Calif., attended an officer refresher course at the U.S. Army Command and General Staff College, Fort Leavenworth, Kan., May 17-22.

Colonel Ayers received instruction in applying new Army programs to his National Guard unit.

He is commanding officer of the 38th Infantry Division Artillery, an Army National Guard unit in San Antonio, Tex.

A 1933 graduate of Texas Technological College in Lubbock, he is engaged in farming in civilian life. His father, George M. Ayers, lives in Formosa, Ark. The colonel and his wife, Flora, live in Friona, Tex.

Eleven Of Clayton's 17 Measures Are Now Law

By BILL CLAYTON
State Representative

As the regular session of the 59th Legislature comes to an end I would like to take this opportunity to give you a quick look at what has happened.

In the first place at the beginning of the Session many said that it would be impossible to finish all of the business without additional sessions. The problems that faced this Legislature seemed insurmountable, but within the constitutional 140 days time we have found answers to these many problems.

A few of the things that were accomplished this session are as follows: (1) The creation of the Coordinating Board on Higher Education to help Texas obtain excellence in higher education; (2) The complete reorganization of the Hospitals and Special Schools to help facilitate better care and handling of indigent, mentally ill, blind and tubercular patients; (3) Reorganization of the Water Commission and Water Development Board that Texas may make long range plans for development and use of the future need of water; (4) Congressional Redistricting to comply with the Supreme Court edict; (5) Legislative Redistricting also to comply with the Supreme Court rulings; (6) Pass the Appropriations Bill for the operation of the State for the next two years; (7) Pass a teacher pay raise for the betterment of the public schools of this State; (8) Pass an \$80,000,000 tax measure to pay the increased cost of the State Government operations.

We could go on and on with

the list, but space will not permit. We have considered over 2,000 bills and about 1/3 of these reached final passage and are now laws. Committee work this and demanded a majority of our time. I spent an average of over twelve hours per day at the Capitol.

I have been pleased with my legislative endeavor this session, passing 11 out of 17 bills I introduced, which was far above the average. Over half of the bills recommended by the interim water committee, of which I was the Chairman, have been enacted into law:

HJR 21 — Terms of office of Directors of Conservation and Reclamation Districts — Finally passed 5-20-65

HCR 30 — Asking Congress not to repeal Section 14 (b) of the Taft-Hartley Act (right to work) — Finally passed 5-26-65 — Sent to Congress 5-31-65

H. B. 77 — Regulation of the business of drilling water wells — Finally passed 5-4-65

H. B. 83 — Relating to the labeling of imported meat — passed the companion Senate Bill No. 31 — Finally passed 1-28-65

H. B. 226 — Making it a crime to sell, buy or possess cantharidin — finally passed 5-20-65

H. B. 231 — Extending the benefits of the Texas Water Development Board to Underground Water — Finally passed 5-18-65

H. B. 232 — Changing the name of Soil Conservation District — Finally passed 5-4-65

H. B. 292 — Relating to an alternate method of filling vacancies for the mayor or alder-

man — Finally passed 5-20-65

H. B. 492 — Relating to the manner of transporting gravel or rock — Motor Traffic Committee

HJR 59 — Providing for garnishing of wages — Constitutional Amendments Committee

H. B. 492 — Relating to the garnishment of wages — Judiciary Committee

H. B. 505 — Authorizing State Hospitals and Special Schools to grant easements and rights-of-way — Finally passed 5-3-65

H. B. 915 — Keeping from jury evidence of past convictions — Committee on Criminal Jurisprudence — this was partly placed in the Criminal Code of Procedure (Hardeman and Mann Legislation)

H. B. 953 — Relating to the way to figure the economic index of the local fund assignment — failed to pass the House by a vote of 83-60

H. B. 971 — Texas Right to Work Law — Committee on Labor

H. B. 1078 — Allowing patents on certain State School Land — Finally passed 5-20-65

HCR 153 — Declaring legislative intent as to various sections of the State in appointment members of Texas Water Rights Commission

H. B. 151 — Makes it illegal to purchase liquor to give to minors

H. B. 1153 — Raises speed limit for pickups so as it is the same as the speed limit for passenger automobiles — Finally passed

H. B. 11 — Raising load limits on cotton trailer — Finally passed

of Mr. and Mrs. Bill Blackwell of Route 3.

Karen racked up 150 points, winning the barrel racing, pole bending, and girls' goat tying.

Belt buckles were given for first place in each event, and trophies were awarded for second and third places. Winners of the events are as follows:

RIBBON ROPING: 1 — Bob Clements, Dalhart; 2 — Jerry Homfeld, Adrian; 3 — Steve Clements, Hobbs, N.M.

Tiedown calf roping: 1 — David Hill, Hereford; 2 — Gary Bray, Pampa; 3 — Jerry Homfeld.

Bareback bronc riding: 1 — Billy Anderson, Anton; 2 — Tommy Wethington, Nazareth; 3 — Darryl Ball, Nazareth.

Bull riding: 1 — Lewis Akers, Portales; 2 — Ronnie Baker, Clovis; 3 — Dave Foreman, Clovis.

OFFICIAL CALLING CARDS

CLEVELAND, Tenn. — The legendary Kilroy wasn't there. It was a deputy sheriff. Sheriff Sam Cannon's men leave calling cards as they make their night rounds.

The cheery greetings say, "Good morning. This place was checked by your Bradley County Sheriff's Department last night."

HE OUGHT TO KNOW

RENO — Where does the weather man go to retire? Eugene Shepard is staying right in Reno.

Shepard retired after 17 years here. He was the chief meteorologist.

"I don't know anywhere in the world where there is a better climate," Shepard said.

Red Sox Take Lead In Pony League Action

The Red Sox moved into an early lead in Pony League here this week by clobbering the Twins and edging the Orioles.

OPENING THE season with a 14-0 victory over the Twins, the Reds returned to action this week for an 8-7 edge over the Orioles for a two wins and no loss record.

Meanwhile, the Orioles, White Sox, Twins, and Indians collected one win and one loss each for a four way tie. The Tigers were left with two losses.

THE RED SOX meet the Tigers tonight at 7 p.m. in Pony League field at Veterans Park. Friday, the Twins and the Indians tangle.

Following are scores thus far this season.

Red Sox 14, Twins 0
Orioles 9, Tigers 3
White Sox 27, Indians 10
Red Sox 8, Orioles 7
Twins 5, White Sox 3
Indians 12, Tigers 6

Trophy Saddle To Local Teen-Ager

Barrel race: 1 — Karen Blackwell; 2 — Nancy Dines, Amarillo; 3 — Nancy Stockstill, Pampa.

BOYS' GOAT TYING: 1 — Kim Gripp, Hereford; 2 — Kenneth Bass, Friona; 3 — Leon Schulte, Nazareth.

Girls' goat tying: 1 — Karen Blackwell; 2 — Pat Cooper, Hereford; 3 — Nancy Dines.

Pole bending: 1 — Karen Blackwell; 2 — Pat Cooper; 3 — Nancy Stockstill.

Steer riding: 1 — Melvin Wethington, Nazareth; 2 — Bobby

Schulte, Nazareth; 3 — Kim Blackwell, Hereford.

Over 90 contestants were entered in the ten events.

Stock for the rodeo was furnished by Dick Ratjen of Happy. The rodeo clown was Marvin Schulte from Nazareth. Announcer was Spicer Gripp, Hereford. Judges were Ben Thomas and Corky Morris, both of Hereford.

Karen Blackwell, 18, Hereford, was the winner of the all-around trophy saddle at the Third Annual Hereford Junior Rodeo last weekend. Karen is the daughter

Dodgers Unbeaten In Little League

With the Little League season less than three weeks old, the Dodgers have taken a healthy lead in major league standings.

The Dodgers are 4 and 0 for the season, having downed the Cubs, Colts, Angels, Giants, and Braves.

Giants, Cardinals, and Angels share second place with records of three wins and two losses each.

Following are scores thus far this season:
Dodgers 13, Braves 2
Dodgers 16, Cubs 4

Dodgers 9, Giants 2
Dodgers 1, Angels 0
Dodgers 11, Colts 3
Giants 16, Cubs 2
Giants 4, Cards 1
Giants 7, Angels 0
Angels 11, Braves 2
Angels 1, Cubs 0
Angels 10, Yankees 10
Braves 12, Yankees 10
Braves 5, Colts 4
Cards 10, Braves 5
Cards 9, Cubs 3
Cards 8, Yankees 5
Yankees 2, Giants 1
Yankees 12, Colts 11
Colts 14, Cubs 7

Niels and Birthe Arp-Hansen have American brother

Miller To Denmark Home For Summer AFS Program

Jon David Miller, son of Mr. and Mrs. H. H. Miller of Dawn, will spend six to ten weeks in Denmark this summer with his "family away from home," the Leif Arp-Hansens. It will be in cooperation with the American Field Service program.

Barbara Zinser, daughter of Mr. and Mrs. Frank Zinser of Westway, also was a candidate for the trip. Although she was approved, no placement with a European family has been found.

Miller's home in Denmark will be with a farmer's family; he will have one brother and two sisters. The family has had an exchange student previously. Niels, Jon's Danish brother, has planned a 14-day fishing trip to Norway for the boys and their father.

From information sent to Miller, the family says: "We like a quiet evening reading books, listening to the radio, talking etc. We are all very interested in foreign countries, and we like to travel and contact people. We live at a farm and love the nature. We are interested in many kind of sports. We all love animals and to the family we also take the two dogs and the horse into account."

Niels listed the five words describing his family as busy, humorous, informal, noisy and tolerant.

He said, "I am very interested in mathematics, technics and especially odd motors. If I get an idea, I am very excited until I have proved it is correct or not. I am always optimistic. In the family we often quarrel, but we are always friends. Mother is pessimist, but father is such a great optimist that together we are optimists. My greatest hobby is homing pigeons. 2 1/2 month every summer we have races every Sunday, and it is very exciting, who is the best."

I combine hunting with my interest in the nature. When I take a walk with my gun, it is not only for shooting, but also because of the sounds and the peace in the nature. I want an AFS student because I like to meet young people, and are very interested in foreign countries and especially to learn English." Jon David plans to leave sometime between June 15 and 30 to his European home.

NEWS

Merry Maidens 4-H Club sewing group met Wednesday in the home of Mrs. Paul Engler with Mrs. Engler as their sewing group leader.

The girls started working on their project for sewing simple shift garments.

Members attending were Julia Urbanczyk, Anita Warren, La Nita Herr, Teresa Engler, and Wanda and Margie Paetzold.

REUNION IS PLANNED

The Hereford High School Class of 1945 is planning a twenty-year reunion to be held July 31 at the Hereford Country Club. An invitation is being extended to any person who was a member of the class at any time while it was in high school from 1941 to 1945. Lonidene Edmonson, senior class president, and Helen Rose, chairman of arrangements, have the details.

NEW SUPERINTENDENT — Johnny Clark Jr., right, took over the administration of the Hereford Independent School District Tuesday. Clark moved here from Olton. At left is former acting superintendent Don T. Martin. (Staff Photo)

MONEY RIBBON CUT — Mayor Pro Temp R. P. (Dick) Barnard and Jo Hamrick, SIC secretary, cut a money ribbon officially opening the office here in Hereford. Looking on are John Meyers, manager of the local office, and Don R. McCullough, vice-president of SIC, Amarillo. The office is on S. 25-Mile Avenue. (Staff Photo)

New Home Officially Opened Here For Southwestern Investment Co.

Officials of Southwestern Investment Co. officially opened the firm's 77th office Tuesday afternoon in ceremonies at 700 S. 25-Mile-Ave.

The 1,625-square-foot building, housing a main and two smaller offices, will be staffed by John Meyers, 36-year-old office manager who joined SIC in 1963, and three other employees.

MEYERS, A NATIVE of Kansas City, Kan., attended Kansas City Junior College and joined SIC after 11 years in the finance industry. His time with SIC has been spent in Amarillo and Plainview.

His most recent assignment was as loan manager in the Plainview office.

He lives at 231 Ave. J with his wife and four children.

Working with Meyers here will be Robert Southerland, Jo Hamrick and Dorothy Henry.

SIC WAS ORGANIZED about 25 years ago and now serves four states in the Southwest. Its services range from personal loans to large commercial loans. The company also handles insurance of varied kinds.

Attending the opening here Tuesday were Don R. McCullough, vice president; James Bowen, assistant vice-president; and Chick Murphy, district supervisor, all of Amarillo.

Mayor pro temp R. P. (Dick) Barnard led the list of local personages participating in the ribbon cutting.

Dr. and Mrs. Garnett Bryan and children from Morton, Texas, visited the Keith Kromer family Sunday evening.

Mrs. W. F. Brownlee from Borger attended the baby shower of Mrs. Donna Gudgeon Wednesday at Mrs. George Letspeich's house.

Mrs. S. P. Vick and Dale from Dumas visited Mr. and Mrs. Davis Brown and Mrs. Irene Brown.

Mrs. Tom Weaver and children from Las Vegas, N.M., visited Mrs. Nellie Davis last week.

Mr. and Mrs. Bill Gudgeon and Roxann and Joel Brownlee attended the second annual steer roping and branding at Tullia Sunday.

Donald Pinnell won third at the second annual steer roping and branding rodeo at Tullia Sunday.

Mrs. Fred Brownlee and Mrs. Joe Brownlee attended the graduating exercise in Borger Thursday night for Freddie Brownlee.

Mrs. Kenneth Loveless and children from Canyon visited the V. E. Lemke family and the M. F. Loveless family over the weekend. Kim and Bob Loveless are going to have their tonsils out.

Mr. and Mrs. O. A. Larson from Hereford visited the V. E. Lemke family this weekend.

The Rev. and Mrs. Dave Sellars and boys left Sunday after church to attend the Southern Baptist Convention at Dallas. They will return the last of the week.

Mr. and Mrs. Alford Jobe and children visited Sunday with the Roy Jobes from Marysville, Utah, in the Lewis Jobe home at Endee.

Mr. and Mrs. W. M. James and Billy and Mrs. Hardy Harris and Donna attended the Memorial Day Services and a family reunion at Claude Sunday.

Mr. and Mrs. Bud Heaton and Stanley attended the graduation of Mrs. Sandra Kay Barker at Texas Tech at Lubbock Saturday.

A. F. Roberts' daughter, Mrs. Alice Marell from Sebeta, Kan., is spending the summer with her father on the A. F. Roberts farm.

Joe Speed and Dude spent the weekend at Logan Ute Lake, enjoying fishing.

Mrs. Y. C. Garrison and children from Channing and Mr. and Mrs. Guy Killian and children from Amarillo visited Mrs. John Proctor Sunday afternoon.

The Patterson children are attending a singing school this week at the Friona Church of Christ.

Mr. and Mrs. A. D. Lewis and children spent the weekend at Logan Ute Dam boating and fishing.

Anyone who would be interested in writing the Adrian news, please contact Ann Beavers, Phone 538-4431.

STATUS FIRM IN YEMEN

SANAA, Yemen — Yemen has a caste system which makes India's look downright simple. A man's social status is determined not only by his tribal origins — some tribes being more warlike and noble than others — but by his occupation.

The most respected job in this remote country is that of shepherd, because Yemenis have a vague, if mistaken, belief that most of the prophets, like Mohammed and Moses, were shepherds.

The second is farming. Warriors, of which there are many in this rough and ready country, follow next in social esteem.

A barber, greengrocer, water carrier or blacksmith, on the other hand, is considered to be very low on the social ladder.

In the mountain tribes of the north, the system is so rigidly observed that the female members of a tribe are not allowed to marry butchers, barbers or others of similar castes.

If a tribesman marries a green grocer's daughter, for instance, the tribe kills him. His son, brother or father is the one usually selected to avenge the tribe's "honor."

Those whose jobs are considered lowly are so despised that even their teeth are believed to be inferior.

Most men who occupy these jobs are descendants of slaves or are of non-Arab origin.

Fresh pears make a delectable pie. Give the pears subtle flavor by adding grated orange and lemon rind.

Going To Travel Abroad? Doctor Is Your 1st Step

EDITOR'S NOTE: Immunizations against dangerous diseases are required for world travel, the Texas State Department of Health notes.

Going abroad? If so, you're not the only one. Americans are the world's leading travelers today.

Many diseases are known to U.S. citizens only as nightmares of history. But yellow fever, cholera, typhoid, and even the plague are very real and present dangers in some areas today.

Although no case of smallpox has originated in this country since 1949, the world death rate from smallpox doubled from 1962 to 1963.

AS PEOPLE TRAVEL more and faster, so do diseases. Many countries require visitors to show proof of immunization against various diseases, to protect the person himself and the country's citizens.

Your doctor can give any immunizations except yellow fever, which must be done in an official clinic.

You will need the World Health Organization approved form, "International Certificates of Vaccination." It has space for vaccination records, eyeglass prescription, blood type and special medical information. Your travel agency, ticket office or local health agency will help you obtain this form.

A smallpox vaccination within the previous three years is required of everyone, alien or citizen, who enters the United States — except from Canada and a few other nearby points. The smallpox vaccination certificate must have the signature of the physician who performed the vaccination and the stamp of the health officer in his area.

YELLOW FEVER, typhus, cholera or other vaccinations are required from many sections of Eastern Europe, Africa, Asia and South America.

You would be wise to include immunizations against poliomyelitis, tetanus, typhoid and paratyphoid fever, even if they are not required by the country you plan to visit.

And don't wait until the last minute to get your immunizations. A period of six to 12 days must pass before vaccination certificates become valid.

If you plan to travel abroad, your doctor is one of the first persons you want to see.

Urumschi, the capital and only large town of China's westernmost province, Sinkiang, looks like an American Wild West town.

Corned beef hash will brown well if you dip the slices (from a can) in flour before placing them in the skillet.

Viet Situation 'Unique' Tullia Co-op Man Finds

EDITOR'S NOTE: This article has been written by Lyle Robinson, manager of Swisher County Electric Cooperatives in Tullia, Texas. Robinson is presently working in South Vietnam as part of a six-man rural electrification team. The team is in South Vietnam as part of President Johnson's plan to economically assist the Vietnamese.

appear very promising, our studies indicated a consumer density of approximately 215 persons per mile of line. This compares with the United States co-op average of only 3.3. American consumers served by commercial companies average 33 persons per mile of line.

This Vietnamese density will result in an amazingly low investment per consumer of about \$82 (US), compared to nearly \$350 per consumer when the United States rural electric systems were being established in 1937.

DENSITY IS ALSO the key to feasibility because the average kilowatt hour usage is expected to be low for the first few years. Fluorescent tubes are the common type of lighting here for the few village homes which are fortunate enough to have some form of electricity presently. Some of these homes may also have a radio or an iron.

Good electric service will allow a tremendous agriculture potential to be reached through the use of irrigation, for 75 per cent of the proposed co-op business will be with farmers who make a living producing rice. With irrigation, the present rice production could be doubled.

Irrigation also would make possible the production of other crops which would give the Vietnamese farmers an additional source of income.

ADDITIONALLY, rural electrification would be a boon to the small industries that are now in South Vietnam. A list of 95 industries, ranging from vegetable oil production to ceramics, would be greatly benefited. Of course, rural electrification would further encourage new industry.

The actual construction of electric co-op lines could result in such a new industry. We are proposing the use of treated poles instead of the concrete poles used traditionally in South Vietnam. As there is an abundance of suitable pine in the mountain areas, a portable wood treating plant could be set up quickly and inexpensively.

THE WAR-TIME conditions now prevailing in Vietnam also contribute to the uniqueness of the proposed electric cooperatives. For the first time, these co-ops would be used as counter-insurgency weapons — part of the attempt to provide the people with incentives for resisting the Viet Cong and support the Republic of Vietnam, for the Vietnamese will not only be rural electric consumers, but the owners of the co-ops as well.

All the members of the rural electric team are confident that the proposed co-ops will be economically feasible and constitute one of the greatest possible steps forward for the Vietnamese people.

There are 14 million people in South Vietnam, and 12 million of these live outside the large urban areas. Fewer than 100 of the 3,000 villages have electricity of any kind, and few of those electrified have dependable, 24-hour service.

WE PROPOSE to provide first-class service in the pilot projects and, at the same time, develop a sound, long-range rural electrification program that can some day cover the entire rural areas of the country.

By ANN BEAVERS
Brand Correspondent

Mr. and Mrs. Jim Session and children from O'Donnell, Texas, visited in Adrian over the weekend.

Mr. and Mrs. Fred Ziemek and Steve from Roseda, Calif., visited the Brub Beavers family Saturday evening. They were on their way to Willow Springs, Missouri.

Visiting in the Charlie Pulliam home Sunday were Mr. and Mrs. J. E. Jones and children and Mr. and Mrs. Bill Goodenough and daughter from Amarillo.

Mr. and Mrs. Joe Speed visited Mr. and Mrs. J. B. Monahans at Leveland, Colo., and also visited Mrs. Ethel Bereard at Fort Collins, Colo., recently.

Mrs. John Horton and Mrs. Bob Grulhkey took their mother, Mrs. E. E. Mosteller, to Roswell Monday to visit Mrs. Irene Mosteller and Mrs. Horton. Mrs. Grulhkey went on to Ruidosa, and visited Mr. and Mrs. Austin Bryant and they came home Wednesday.

Mrs. E. E. Mosteller left for home to Orange Cove, California, Thursday after visiting here with her daughters and their families for a month.

Mrs. Hardy Harris and Donna Jo attended the graduation of Elizabeth Harris in Amarillo Friday night.

Mr. and Mrs. Alford Jobe and children visited the Lewis Jobe family at Endee Sunday.

Mrs. Kenneth Loveless and children from Canyon visited Manuel Loveless Sunday.

Those visiting with Mrs. Mae Crawford and children over the weekend were Mrs. B. E. Royal and children from Memphis, Mrs. Lowell Gibson from Amarillo, Mrs. Al Auganbright and Mrs. R. D. Higdon and daughter, all from Dumas.

Mrs. Claudia Loveless and Tommy and Arvie Reeves were in Hartshorne, Okla., over the weekend visiting relatives.

Mr. and Mrs. Wilbur Harris and boys enjoyed the weekend at Ute Dam.

Mrs. Hazel Chilton is visiting Mr. and Mrs. Mark Chilton and children in Elko, Nev., for a month.

Seniors returned from five days in Rockaway Beach, Mo. Friday and they had a ball.

Say, how about that Dean Whaley! Is he gonna get oil. Sure hope so.

The 1965 commencement program of the Vacation Bible School of the First Baptist Church in Adrian was held Friday night in the church. There were 31 children graduating. In the nursery there was Melvin Jobe and Scott Boydston; beginners, Roy Glen Brewer, Peter Brown, Rodney Ferguson, Randy Lloyd, Russell Sellars, Nancy Scott and Sandra Webb; primary — Vicki Beavers, Lou Betts, Dennis Brown, Dixie Jobe, Ricky Lloyd, Chris Sellars, Duane Webb, and Sherri Webb; junior I — Cherri Betts, Terry Jobe, Vicki Lloyd, Steve Rich and Stanley Scott; Junior II group, Scherrie Beavers, Buck Betts, Sam Betts, Beth Lloyd, Billy Lloyd, Timothy Jobe, Ralph Scott, Russell Scott, and Susan Webb. The ones that helped were Naomi Jobe, Doris Sellars, Elsie Lloyd, Virginia Pounds, Kay Brown, Elizabeth Brown, Esia Caldwell, Shirley Betts, Ninnette Boydston, Dave Sellars, Rita Speed and Gale Grulhkey.

IN CAPSULE

NEEDHAM, Mass — Electronic display instruments in electrominiscence will help Apollo astronauts to a safe landing on the moon.

The instruments will consist of five numerical digits displayed on a 2 by 4-inch flat surface. The numbers will indicate changes in the speed at which the moon craft is traveling.

Electroluminescence creates light through the excitation of electrical field. No bulbs or filaments are used in construction and, unlike electro-mechanical instruments, they are not affected by irregular gravity fields.

Sylvania, which has been a pioneer in development of electroluminescence, has been awarded a contract for the instruments by Grumman Aircraft Engineering Corp., which is developing the moon ship.

PARSONAGE OPENED — Leroy Foster, contractor, opens the door for James Martin, pastor of Westway Baptist Church, and son, as building committee chairman Gerald McCathern looks on. The house is located west of Hereford on Harrison Highway at the Westway Baptist Church. (Staff Photo)

Pre-Nuptial Courtesies Honors Miss Coffman

Miss Linda Kay Coffman, bride-elect of Donald Stephen Gilbert, was honoree at an afternoon pre-nuptial shower Friday in the home of Mrs. Clint Formby.

Yellow and white, the chosen colors of the bride-elect, were carried out in the decorations. Table appointments were in crystal and silver. A flower arrangement of yellow Dutch iris, white roses and mock orange centered the table. Cake and punch were served.

Receiving the guests were Mrs. Formby, Mrs. Charles Coffman, mother of the bride-elect; the honoree, Miss Coffman; and Mrs. Donald E. Gilbert, mother of the future bridegroom. Assisting with the serving and

alternating at the guest register were Miss Katherine Barnard, Miss Gerry Lynn Wheeler, Mrs. Joe Bob Drake, Miss LaReese Askew and Miss Ann Braddy.

Hostesses for the occasion were Mrs. Clint Formby, Mrs. Dave Hopper, Mrs. James Edmonson, Mrs. Frank Smith, Mrs. W. D. Askew, Mrs. B. A. Reddell, Mrs. Richard Barnard, Mrs. Tommy Weems, Mrs. Frank Watson, Mrs. Leslie Combs, Mrs. Cecil Boyer and Mrs. Ross Lomenick.

The couple will be married in a 5 p.m. ceremony Saturday with the Rev. B. L. Davis officiating for the wedding in the First Baptist Church.

Mrs. Huckert To Assume Post As Assistant H.D. Agent July 1st

All home demonstration clubs were represented at the recent Deaf Smith County Home Demonstration Council meeting in the Deaf Smith County Courtroom with Mrs. E. C. Hammett as presiding officer.

Eight clubs were reported 100 percent, and Mrs. Huey Lowrie of the Young Homemakers Club gave the opening exercise and read a poem entitled "Farefare for Father".

Miss Sandra Ruebush gave the 4-H report and announced that the 4-H Bake Show will be June 11th. It was also announced that the club plan of Work Sheet is to be turned in by July 1st.

Mrs. Ira Ott noted that the clubs would help with two picnics at the Veterans Hospital with June 10th to be the first meeting. Clubs furnishing pies for that time will be Ford, Cultural, Bippus, Wyche, West Hereford and Dawn.

Miss Edith Lois Wilson, district agent, was present and announced that Miss Sandra Ruebush, Assistant Agent, had resigned effective June 1st. Mrs. Joe Frank Huckert, the former Rita Sue Witkowski, will assume this position July 1st.

The THDA meeting followed the council meeting and Mrs. O. L. Williams was elected the new THDA chairman. Delegates to the state meeting were also elected.

For the state meeting those to attend are Mrs. Viola Williams, Cultural Club; Mrs. Dale Hallows, Progressive Club; Mrs. Paul Hoff, North Hereford; and alternates are Mrs. Charlie Burk, Bippus Club; Miss Mary Bradley, West Hereford; and Mrs. Orval Galley, Dawn Club.

It was voted not to meet in June, therefore the next scheduled meeting will be September 27th.

Council members present were Mrs. Jimmie D. Bradley and

Gray Ladies Meet At Western Wheel Inn

Mrs. J. C. Morrison and Mrs. R. L. Criswell were co-hostesses for the Gray Ladies of the American Red Cross when they met Thursday in the Western Wheel Inn.

Mrs. Corrine Neely was chairman for this luncheon meeting in the absence of Mrs. H. C. Williams.

Mrs. Nadine Wade reported on the recent trip to the Re-training Center at Amarillo Air Force Base and each member present reported on the number of hours volunteered.

Attending were Mrs. Neely, Mrs. T. B. Thomas, Mrs. J. C. Morrison, Mrs. R. L. Criswell, Mrs. Orville Culppepper, Mrs. Mildred Lewis, Mrs. W. J. Frost, Mrs. C. A. Saulcy, Mrs. C. Ora Cockrell, Mrs. Marie Cline, Mrs. Nadine Wade, Mrs. Louie Olson, Miss Sandra Green and Miss Linda Loerwald.

Ladies Auxiliary Welcomes New Members, Transfer

Bonnie Martin and Catherine Higgins were initiated into the Ladies Auxiliary of the VFW Club Friday with the ceremony in the Rock Club House in VA Park.

Joymarie Burke was also voted into the auxiliary by transfer at this meeting.

Ada Hollabaugh was the presiding officer and she was presented a charm from the National Headquarters for three new members and three re-initiated members.

During the business session, Alta Davis gave the report on the district meeting and it was noted that the bus fare and registration fee for Ada Hollabaugh, delegate to the department meeting in El Paso, will be paid by the auxiliary.

Announcement was made that the auxiliary will entertain at the VA Hospital in Amarillo Friday evening. It was noted that the auxiliary is selling "Favorite Recipes of Texas Cooks" and it was also reported that the auxiliary now has 38 members and three members by transfer.

With Catherine Higgins as the hostesses, others attending were Alta Davis, Wilma Clark, Gladys Graham, Nola Ralston, Bertha Herzog, Orpha Nickerson, Bonnie Martin and Ada Hollabaugh.

The next meeting is slated for June 11th.

TO AUSTIN CONVENTION

AUSTIN (Special) — Dr. John H. Channer of Hereford is one of 600 chiropractors expected to attend the annual convention of the Texas State Chiropractic Association here June 10-12. During the three days of sessions, the 600 chiropractic practitioners expected to attend will qualify for re-licensing to practice by attending post-graduate, refresher course classes.

LET'S COOK SOMETHING

Southern Secret: Sauce Remoulade

By CECILY BROWNSTONE
Associated Press Food Editor

ALL GOOD southern cooks, we suspect, have their own pet version of Sauce Remoulade—the dressing that helps to make shrimp taste so savory.

Here's a variation of that recipe that made a big hit at our house. Our tasters liked it so much that we made up an extra quantity to keep on hand as a salad dressing.

We found this Sauce Remoulade stands up extremely well if stored in the refrigerator—we've kept it for a couple of weeks. But because the olive oil used in it will congeal during chilling, be sure to stir well before serving.

One tip: the amount of cayenne that suits your own taste should be used. We give a range from 1/4 to 1/2 teaspoon—the largest amount really gives a nip!

In the following recipe we couple the Sauce Remoulade with handy canned shrimp. We think you'll like the combination. Be sure to drain and rinse the shrimp with cold water, as the recipe directs, before using.

NEW ORLEANS SHRIMP SALAD

- 3 hard-cooked egg yolks, finely sieved
- 1/4 cup yellow horseradish mustard
- 2 tablespoons catchup
- 1-1/2 teaspoons salt
- 1/4 to 1/2 teaspoon cayenne pepper
- 1 tablespoon paprika
- 2 garlic cloves, finely chopped
- 1/2 cup finely chopped green onion (scallion) including green tops
- 1/2 cup olive oil
- 1/4 cup tarragon-flavored vinegar
- 3 cans (each 4-1/2 ounces) shrimp
- Salad greens, tomatoes, cucumbers, radishes
- French Bread

Thoroughly mix together the egg yolks, mustard, catchup, salt, cayenne, paprika and garlic. Add onion; press greens against sides of the bowl to release flavor. With a fork, gradually beat in the oil and vinegar. (Makes about 1-1/2 cups.) Drain

and rinse shrimp; mix gently with sauce; cover tightly. Refrigerate for several hours or overnight. Before serving, stir lightly to redistribute the oil that may have congealed. Serve on salad greens along with sliced tomatoes and cucumbers and with French bread. Makes 6 servings.

Note: To hard-cook the egg yolks, fill a small deep skillet three-quarters full. Bring the water to a boil; reduce heat so the water simmers. Separate two eggs, reserving the whites for some other use. Drop the egg yolks, one by one, into the simmering water. Simmer yolks until firm—spooning water over them if necessary—until they are firm, about 10 minutes. Remove with a slotted spoon, drain and cool.

FAMILY DINNER

A refreshing, nutritious dessert for summer's active children. Meat Patties Mashed Potatoes Snap Beans Sliced Tomatoes Farina Lemon Snow Beverage

FARINA LEMON SNOW

- 1/3 cup farina
- 1/2 cup sugar
- 1/2 teaspoon salt
- 2 cups boiling water
- 2 tablespoons butter or margarine
- 1 tablespoon grated lemon rind
- 1/4 cup lemon juice
- 2 egg whites

Stir together the farina, 1/4 cup of the sugar and the salt. Slowly sprinkle into boiling water in a saucepan. Cook and stir constantly over medium heat until thickened and smooth. Stir in butter, lemon rind and juice. Beat egg whites until they hold stiff straight peaks; gradually beat in remaining 1/4 cup sugar; continue to beat, if necessary, until extremely stiff; fold into farina mixture. Pour into individual molds rinsed with cold water. Chill. Makes 4 to 6 servings.

LADIES LUNCH

A variation of an old favorite. Tomato Madriene Crackers New Chef-type Salad Fruit Sherbet Cookies

NEW CHEF-TYPE SALAD

SOUTHERN SPECIALTY — Sauce Remoulade, a savory salad dressing, is combined with canned shrimp to make a fine appetizer or a luncheon or supper main course. (AP Photo)

- 2 cups each iceberg lettuce and romaine, packed down
- 1/3 cup thin celery crescents
- 6 parsley sprigs, minced
- 3 slices (6 by 4 by 1/8 inch) Swiss cheese, cut in thin strips
- 1/2 cup thin strips cooked ham, (preferably Smithfield-type)
- 1 medium orange, cut in membrane-free sections
- 1 shallot or scallion, minced
- 2 tablespoons grated Parmesan cheese

Olive oil, wine vinegar and seasoning salt.

Rub the salad bowl with a cut clove of garlic. Add all the ingredients and toss with the amount of oil, vinegar and salt desired. Makes 3 to 4 servings.

FRIDAY FARE

This salad serves as dessert. Curried Shrimp with Rice Green Peas Garlic Bread Frozen Fruit Salad

FROZEN FRUIT SALAD

- 1 orange, cut into membrane-free sections and then into small pieces
- 1 medium banana, diced
- 1/2 cup crushed pineapple, drained
- 1/4 cup diced maraschino cherries
- 1/4 cup toasted slivered almonds
- 2 tablespoons minced celery
- 1/2 cup real mayonnaise
- 1/2 cup heavy cream
- Lettuce

Gently mix together the fruit, almonds and celery. Whip cream until stiff; fold in mayonnaise; fold carefully into fruit mixture. Turn into freezing tray or metal loaf pan. Freeze until firm, about 1 1/2 hours. Cut into squares and serve on lettuce. Makes about 6 servings.

PORCH REFRESHER

An easy-to-eat sponge cake that is just right on a warm day. Nibble Tray Swedish Sponge Cake Iced Tea

SWEDISH SPONGE CAKE

- 1 1/2 cups unsifted regular flour
- 1 1/2 teaspoons baking powder
- 1/2 cup boiling water
- 1/4 cup butter
- 3 large eggs
- 1 cup sugar
- Grated rind of 1 large lemon

Grease a 2-quart fluted tube pan with 1 tablespoon butter; sprinkle with 1 tablespoon fine dry bread crumbs, shaking pan to distribute evenly. On a piece of wax paper, stir together the flour and baking powder. Pour the boiling water into a small mixing bowl; add the butter; stir until melted; cool. In a medium mixing bowl, beat in the sugar; continue to beat eggs until foamy; gradually beat, if necessary, until ivory color. Add flour mixture, water mixture and lemon rind, beat gently just until blended. Turn

Bess Werner Is Installed As Art Guild President

Vivian Major, out-going president for the Hereford Art Guild, was the installing officer when the club met in the Community Center recently with Bess Werner installed as president.

As each new officer was given charge of her duty, she was presented ribbons in the three basic colors of blue, red and yellow.

Also installed were Margaret Young, vice-president; Mary Lou Aven, secretary-treasurer; and Carrie Mae Doak, reporter.

For the business session, Vivian Major presided and reports were given on the recent art show. Mildred Guinn, Lu Bosley and Iva McWilliams were welcomed as new members.

Others attending were Mary Lou Aven, Sarah Poarch, Margaret Young, Roberta Wilson, Ella Higgins, Jan Harper, Barbara Schaffner, Frieda Conway, Bess Werner, Louella Cowart, Ruth Kerr, Vivian Major and Carrie Mae Doak.

Ever use small-curd cream-style cottage cheese for stuffing celery ribs? Sprinkle with chopped nuts or paprika.

into prepared pan. Bake in a slow (325 degrees) oven for 1 hour or until cake begins to pull away from sides of pan and tester inserted in center comes out clean. Loosen edges with a spatula; turn out on wire rack; cool.

WEEKEND GUESTS

Mr. and Mrs. R. B. Smith and family of Follett were Memorial weekend guests of his parents.

The Hereford Brand, Hereford, Texas, Thurs., June 3, 1963

423 Schley. While here they toured the city to note the changes and improvements since they were last here. Bruce started working for the Santa Fe here approximately 18 years ago and is now the agent at Follett where they have lived for the past five years.

TOWN and COUNTRY

By MRS. T. B. THOMAS
Brand Correspondent

Mr. and Mrs. Arlie Dean returned from a two weeks' tour of seven states. They visited their son and his family, Mr. and Mrs. Jack Dean, in Nampa, Ida. The group went to Hell's Canyon on the Snake River and toured some of the 40,000 acres of sugar beets around Nampa. The Deans arrived in Hereford on Friday.

Mr. and Mrs. Bill Drake and Sammy spent the weekend in Dumas visiting her parents and brother, Mr. and Mrs. Joe Wagner and Joe Bob, and to attend graduation exercises and to finish the Memorial weekend.

Mr. and Mrs. Glenn Watts and family left on Friday morning for Dallas where Melinda and David will spend two weeks with grandparents.

Mr. and Mrs. W. J. Renfro of Fredrick, Okla., arrived on Friday to visit with their daughter-in-law, Mrs. Jack Renfro. The Renfros drove on to Dalhart to visit their daughter and family, Mr. and Mrs. Fain Cesar and Jane.

Mr. and Mrs. Don Heddings and children were in Tulla Sunday to attend a steer roping.

M. E. Morrison and J. C. Morrison left Saturday morning to spend the night in Lakin, Kan., visiting their sister and family, Mr. and Mrs. Fred Burns.

Mrs. W. J. Frost, Mrs. Eli Anders and children spent the weekend in Hobbs, N.M., where they attended the installation of Rainbow Girls, Elisha Henson, daughter of Mr. and Mrs. D. F. Henson, was installed as Worthy Advisor. The group also visited with Mr. and Mrs. Fred Higgins and children, another daughter of Mrs. Frost.

Mr. and Mrs. M. C. Kaul had a supper honoring Jane Stockard on her birthday Monday night. Helping the celebration were Mr. and Mrs. J. C. Morrison, Mr. and Mrs. Jimmy Thomas and Dan, Mrs. Bess Werner, Bussy and Larry Kaul. Miss Stockard left for her home in Denton on Tuesday morning.

Mr. and Mrs. Edwin Morrison Sr. left Thursday for Stephenville where they visited with

Mr. and Mrs. Jess Frost. The Morrisons went after a truck load of cedar posts. They returned home Sunday.

Mr. and Mrs. Harrel Mays and children of Friona spent Sunday night and Monday with her parents, Mr. and Mrs. Edwin Morrison, Sr.

Mrs. Jack Renfro accompanied by Sharon Tinnin and Barbara Langley, took Jane Cesar to her home in Dalhart Sunday afternoon.

Mr. and Mrs. Jimmy Thomas and Deborah, Mrs. Hoot Poarch and girls, Mrs. Curtis Traweck and Sabre, Dan Thomas and Johnny Nix spent the weekend in McCamey attending the AJRA show held annually. Mrs. Poarch and girls drove on to Marfa to spend the week.

Bussy Kaul and Dave Hopper attended the rodeo in Carlsbad over the weekend.

The Millford Grishams and daughters, Rebecca and Rachel, are spending an 18 month furlough from their missionary duties in Argentina. The Grishams have been out of the United States for four years. They are visiting their parents, Mr. and Mrs. N. W. Culp and Mr. and Mrs. A. G. Grisham. They plan to visit their sponsoring church in Topeka, Kan., and to do some around the country traveling.

W. H. (Bill) Shields, of Tacoma, Wash., arrived in Here-

ford Monday for several days' visit with old friends. He visited on Monday afternoon and night with Mr. and Mrs. J. C. Morrison, Mr. and Mrs. Jimmy Thomas and Mr. and Mrs. Don Heddings and family.

A group of students left Tuesday for Lubbock where they will attend summer classes at Texas Tech. They are Lynton Alfred, Kathy Boston, Royce Ann Gilliland, Troy Don Moore and Joyce West. Sandra Green will attend Lubbock Christian College; Ann Braddy will attend WT in Canyon.

Mrs. R. L. Layman and girls arrived home Tuesday after spending some time in Fort Worth with her parents, Mr. and Mrs. J. W. Thomas.

Jessie and Paul Matteson of Clinton, Okla., spent the Memorial weekend here. They were guests in the Gerald Hamby and Hubert White homes. They also called on Mrs. Bess Werner and Mr. and Mrs. Merlin Kaul at Westway and O. Wilder at King's Manor.

Mr. and Mrs. Glenn H. Williams of Afton, Okla., announce the marriage of their daughter, Beverly Lynn, to Richard L. Romans, Tuesday, March 2nd. The Williams family formerly lived in the Westway Community and in Hereford. Beverly completed high school in Afton in 1964.

1200 HEAD INVOLVED

Essar Angus Herd To Be Sold At San Antonio Ranch June 7

(Special To The Brand)

SAN ANTONIO — The largest registered cattle sale ever held in the Southwest will take place at Essar Ranch, San Antonio, June 7 thru 9, according to Dr. Judd Morrow, president-director of Southwest Agricultural Institute.

Dr. Morrow stated that the entire 1200 head of the famed Essar Angus herd, founded by the late Tom Slick, will be sold at auction including 250 bulls, 650 cows most with calves, and 350 heifers.

The dispersal sale will be held at Essar Ranch, San Antonio, starting at 10 a.m., June 7 and continue for three days until the cattle are sold. The cattle will sell in range condition.

MORROW STATED that a re-orientation of the program of Southwest Agricultural Institute and Essar Ranch led to the decision by the Board of Governors to sell the Essar Angus herd, called the "most know-about herd of cattle in the world."

In commenting on the sale Dr. Morrow stated: "As most people know, our good friend and benefactor Tom Slick was killed in an airplane accident two and a half years ago, and this decision on our part has been influenced by the coming settlement of the estate."

"We realize that to disperse such a large herd on such short notice will be to the definite advantage of the buyers. This has been a reluctant decision as the Essar herd is just now at its peak of production."

Essar cattle have been ultra-sonically tested for ribeye area and fat cover for five years and have been culled for superior cut out values.

Morrow explained that Essar cattle have ten years of performance records and five years of Carcass Records behind them.

He pointed out that catalog information on each bull lot will include current weight, average daily gain on test, weight per day of age, yearling weight, adjusted 365 day weaning weight.

Each female will have P.R.I. rating, number of calves weaned average, birth weight average and average sale price of progeny.

For catalogs, reservations and further information interested parties may write the sales managers Tom Adams, Adams-Canning Cattle Co., Box 9183, San Antonio; Don Wideman, Animal Geneticist or Fred D. Coy, business manager, Essar Ranch, Route 4 Box 851, San Antonio; H. V. Bert Reyes, P. O. Box 3296, San Antonio.

FORMER RESIDENT GRADUATES

Beatrice Nishimuta of Odessa, the former Beatrice Wilhelm of Hereford, was among approximately 1300 graduating students of Texas Technological College May 29th, with a Bachelor of Science in Home Economics. Her major is in applied arts.

REP. ROGERS REPORTS

War Tax Legacy Being Removed On July 1st

By WALTER ROGERS
U. S. Representative

Congress is preparing to enact the fourth major tax-reduction program of the past five years. The House of Representatives will pass — and I'm sure passage will come by a wide margin — the "Excise Tax Reduction Bill of 1965." As you may know from press reports, the bill provides for a series of excise tax reductions and eliminations effective July 1.

In a full year, these reductions will amount to an estimated \$1.75 billion. A second series of excise tax reductions and eliminations due to take effect on Jan. 1, 1967, 1968, and 1969, the aggregate drop in excise taxes is expected to be \$4.8 billion.

FOR YEARS, I have campaigned to bring about a major revision in the tax structure. Excise taxes are a legacy of wartime, enacted in the first place to discourage the production and sale of items made

with vital war materials as much as to raise revenue. Jewelry and luggage are two such classes of products, and they are two of the four categories of items on which 10 percent retailers' excise taxes are to be repealed effective July 1. The others are furs and toilet preparations.

In addition to the retailers' taxes, manufacturers' excises of 5 and 10 percent will be repealed on a long list of items effective July 1. These items are involved: Air conditioners, business machines, cameras and film, electric and gas and oil appliances, freezers, musical instruments, pens and mechanical pencils, phonograph records, playing cards, radios and phonographs, refrigerators, sporting goods (except fishing equipment) and television sets. Also due for complete repeal July 1 are taxes on the rent of safety deposit boxes, a seemingly small item but one which has netted \$7 million annually in tax revenue.

concerning automobiles calls for reductions in the 10 percent manufacturers' tax to 7 percent on July 1 (refunds will be granted to May 31); to 6 percent on January 1, 1966; to 4 percent on January 1, 1967; to 2 percent on January 1, 1968; and total elimination as of January 1, 1969.

It is good to know that progress is being made in reducing to some extent the heavy tax burden on the citizenry. However, I am disappointed that further success has not been obtained in reducing income taxes. I have long advocated an increase in the individual and dependents' exemptions. I proposed an increase in this exemption from \$600 to \$1,000. Anyone with children knows that \$600 exemption from income taxes is completely unrealistic.

Actually, an exemption for dependents should be closer to \$2,000. If this increase in the exemptions could be accomplished the additional money available

to the low and middle income classes as a result of this income tax reduction would in my opinion provide substantial added vigor to the economy.

IT WOULD SERVE to create additional purchasing power in those segments of our economy where additional spending money is most needed. It would contribute to betterment of large families and would serve in many instances to help relieve the poverty which we are supposed to be warring against.

When I first introduced this legislation during my early years in the Congress, I had six dependents. Some of the other Members of Congress facetiously called this "a bill for the private relief of Walter Rogers."

However, my dependents have grown up and I have only two left. My desire and advocacy of this type of legislation has continued to grow stronger each year, and I hope to see it enacted.

Recent visitors: R. O. Snow, Hereford; Wales Maddox, Boone Pickens, A. R. Watson, Jack Kelley, and Mr. and Mrs. Ernie Johnston of Amarillo; Norman Strange, Silverton; B. J. Robison of Turley; Kenneth E. Moss and Forest Creamer of Paducah; Ed Crowder of Dodson; The Miami Senior Club of 1955 and their sponsors Mr. and Mrs. Ed Talbot, Mrs. Alma Sells, and Mr. and Mrs. E. L. Stramas.

By MELVIN YOUNG

The big Lake Meredith festival this weekend in Borger will officially open the lake facilities and usher in a new era for sports enthusiasts. Although the lake itself will not be open to skiers and boats, picnic facilities are available and ready to go.

The basin at the dam has been stocked with more than 2000 fish for the big fishing rodeo to begin at 2 p.m. Friday, and many other bits of entertainment await the folks who care to motor up for the big three day festival.

work was listed as among the hazards. But it won't be long. And one more good rain along the watershed will help too.

Meanwhile, vacationers are heading in every direction from Hereford.

New York and the World's Fair is still drawing quite a few from the area, as well as the ever popular Disneyland and Six Flags over Texas.

For a short vacation trip however, we believe the Harris County Domes Stadium is still the number 1 drawing card. We honestly believe the Dome has created more interest than did Disneyland when it opened some 10 years past.

Many took advantage of the Memorial Day weekend to start their trips and scores of others

just headed for one of the area lakes or to the mountains for a little fishing.

And that sounds like a mighty good deal. We stayed home however and did some work around the house. We reroofed a back porch on our home, and we're still using the liniment. This do-it-yourself craze is for the birds.

Want to try something good? We recommend the Mystic Pie, found on page 161 of the Hereford Brand Cook Book. The recipe was submitted by Mrs. Cecil Hart, 506 Star Street.

That was one of the rewards for staying home over the Memorial Day weekend. Try it. It's good.

And for the benefit of our many friends who have asked about the new Ford sitting in our drive, we must confess that it's all part of a sales promotion sponsored by one of our advertisers, Stephens-Hudson Motor Company.

We were invited to breakfast with the sales force of the local Ford dealer Tuesday morning, along with representatives of KPAN, and to the surprise of all present, we were presented with a new Ford.

But like the Cinderella story,

GRADUATES — Muriel May, son of Mrs. Robert M. Trowbridge, 841 Irving, was graduated May 21 from the Texas School for the Deaf at Austin. He was one of 17 seniors. Muriel is trained as a linotype operator.

We must return it at midnight. Or, in this case Saturday morning, according to sales manager Rex Clark at Stephens-Hudson.

But it's not a bad deal. Now if we could convince all the other dealers in Hereford that they should do the same, we could keep a new car all year without having to buy one.

Well, it sounds good anyhow.

An Iowa school administrator reports that he received the following note from a parent:

"Charlene was absent yesterday because for the first time in four years we missed the bus. It has run late ever since school started, and yesterday it was on time."

Recent Graduate's Wife Gets P.H.T. Degree

STILLWATER, Okla. (Special) — A local young lady received the P.H.T. "degree" during the annual honors dinner held recently by the Oklahoma State University College of Veterinary Medicine, Stillwater, Oklahoma.

She is Mrs. Carol Ann Edwards, whose husband Larry completed the veterinary medicine course this year and was awarded the Doctor of Veterinary Medicine degree in the university's graduation exercises.

P.H.T. stands for "Putting Hubby Through". At Oklahoma State, as at many other universities and colleges these days, it is an official recognition of the young wives who have given their husbands important encouragement and often financial help through four or more years of education.

Mrs. Edwards is the daughter of Mr. and Mrs. Gaylord Newell of Hereford. At Oklahoma State, she was active in the women's auxiliary to the student chapter of American Veterinary Medical Association and served as hostess chairman in the organization.

La Madre Mia Meets At La Cafe Hacienda For Installation

La Madre Mia Study Club members met at the La Cafe Hacienda last Thursday evening for their installation of officers with the out-going president, Mrs. W. E. Sparks, as the installing officer.

A Mexican theme was carried out for the table arrangement as well as a floor decoration consisting of a guitar, hat, blanket, and bongo drums.

Name plaques with their respective offices were printed in Spanish and placed in front of each new officer.

Presidencia is Mrs. Gerald Martin, vicio presidencia, Mrs. Joe Hacker; secretario, Mrs. Hershel Black; tesorero, Mrs. Mrs. Dean Paul; historiador, Mrs. Jesse Clark; and redactor, Mrs. W. C. Russell.

In concluding the installation ceremony, Mrs. Sparks read the poem entitled "Club Collect" by Mary Stewart.

Mrs. Gerald Martin named the new committees for the coming year and secret pal names for the summer were drawn.

Attending were Mrs. Bill Nelson, Mrs. Bill Lankford, Mrs. Dean Herring, Mrs. Charles Frye, Mrs. W. E. Sparks, Mrs. Richard Pickens, Mrs. Bobby Owen, Mrs. John E. Smith, Mrs. Jim McDowell, Mrs. Joe Whitely, Mrs. Lee Drake, Mrs. Gerald Martin, Mrs. Joe Hacker, Mrs. Hershel Black, Mrs. Dean Paul and Mrs. Jerry Detwiler.

Piano Students Presented In Sunday Recital

Students of Mrs. W. T. Thompson were presented in an all boy piano recital Sunday afternoon in the home of Mr. and Mrs. John Alkin, 216 N. Texas.

Performing for the program were Bryan Adams, James Jorde, Mike Young, Wesley Owen, James Alkin and Clifford Higgins. Musical selections included classic, romantic and modern. Mrs. Milton Adams and Mrs. Keith Jorde served the refreshments to the invited guests, friends and relatives of the students.

GETS DENTAL DEGREE HOUSTON (Special) — Ronald Lloyd Zimmerman of Hereford was one of nearly 100 University of Texas dental students who received Doctor of Dental Surgery degrees Monday.

Florida has 17 springs of first magnitude, largest number found in any state. A first magnitude spring is one which pours forth at least 100 cubic feet of water a second.

Graduate Studies Into Radiation Involves Baking

COLLEGE STATION (Special) — A Texas Aggie has been baking angel food cakes in modified coffee cans as part of his graduate research work on radiation effects.

Hershel Ball, a 23-year-old graduate student from Burleson, Texas, is studying the effects of gamma radiation on the physical and functional properties of egg whites.

"VERY LITTLE bacterial contamination occurs in fresh eggs," Ball explains. "However, when the egg is removed from the shell, chances for contamination increase several fold."

Eggs, either the whites, yolks, or blends, can be pasteurized by heat, similar to the process used to pasteurize milk. Scientists have recently discovered that gamma radiation can also be used effectively for pasteurization of eggs.

Gamma radiation will sterilize the exposed egg.

THE POULTRY science student is trying to determine the effects of radiation pasteurizing on egg white performance by baking miniature angel-food cakes. He has baked over 200 of the coffee-can-cakes in his studies.

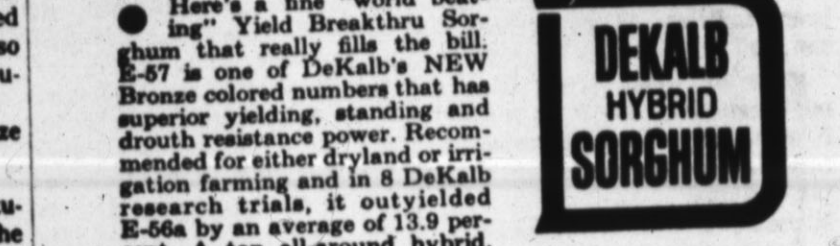

Ball checks the volume of foam when the radiated egg whites are whipped. The stability, viscosity, surface tension and other characteristics of the egg whites, radiated and non-radiated, are checked to determine the effects of radiation pasteurization on their functional ability. The volume, height, and texture of each cake baked are

measured. The graduate student feels gamma radiation has a bright future in the field of pasteurization.

DEKALB E-57 Hybrid Sorghum

Here's a fine "world beating" Yield Breakthrough Sorghum that really fills the bill. E-57 is one of DeKalb's NEW Bronze colored numbers that has superior yielding, standing and drought resistance power. Recommended for either dryland or irrigation farming and in 8 DeKalb research trials, it outyielded E-56a by an average of 13.9 percent. A top all-around hybrid.

Planted by More Farmers Than Any Other Brand

- Summerfield Fertilizer Co. (ROCKY LEE)
- Westway Fertilizer Co. (CLAUDE MELUGIN)
- Pioneer Fertilizer Co. (BOBBY OWEN)

After sorghum has emerged, spray Atrazine to control weeds and grasses.

The idea is to spray Atrazine 80W herbicide right after sorghum has emerged, but before weeds are 1 1/2 inches high. This one application, moved to the weed root zone by rainfall, will control most annual broad-leaf weeds and grasses in sorghum for the entire season.

Control of weeds and grasses in sorghum with Atrazine can greatly reduce the need for cultivating. And so your crop goes through the entire season without weed competition for moisture and soil nutrients.

The results of weed control in sorghum are higher yields and lower production costs. And you can now graze or feed forage to livestock from treated sorghum fields 60 days after Atrazine application.

Contact your local supplier now for Atrazine 80W herbicide.

Bruce Miller III To Be Graduated

CULVER, (Special) — Bruce L. Miller, III, Hereford, is one of 200 candidates for graduation during seventy-first annual commencement exercises June 8 at Culver Military Academy. He is the son of Mr. and Mrs. Bruce L. Miller, 311 North Sampson St. Miller has attended Culver for two years and has been active in many extra-curricular activities. He is a member of the chapel choir and he has participated in theater presentations. He was a member of the ski and model railroading clubs. The Hereford student held the rank of lieutenant in the military organization. He won a varsity letter in swimming and was elected a member of the all-star team in intra-mural football. Culver is the nation's largest independent secondary school with an enrollment of 874 students who attend college preparatory courses in grades eight through 12.

OUR FUTURE

This is a day of congratulations... a time for the rewarding of those who deserve it. They have finished a job. It is also their Commencement... young graduates must survey their individual and personal futures. *It is beginning time for each.* Unless they have learned well to do their duty instead of demanding their rights... unless they are qualified to take prosperity without pride, and adversity without anguish — they are unprepared for the future God has for them. This is a gladsome time, but it is also a most frightful, serious occasion. Eternal vigilance is the demand made by the world on those reaching this commencement hour. Today the pattern is formed, the die is cast. May every graduate from something-to-something in America, remember the words of St. Paul, who said: "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are lovely, whatsoever things are pure, whatsoever things are of good report, if there be any praise, think on these things. Those things which ye have both learned, and received, and heard, and seen in me, do; and the God of peace shall be with you," through Your Future.

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

59th Session's 'Highlights' Listed

By VERN SANFORD
Texas Press Association

AUSTIN. — Political and legislative history has been written in the 59th law-making session just ended.

Highlights:
A \$3,600,000,000 budget providing for expanded services in every area of state government and affecting every citizen.

Record improvements in higher education, including creation of the powerful coordinating board for Texas colleges and universities.

A \$101,000,000 salary raise for school teachers, \$70,000,000 of which will be paid by the state.

A sweeping overhaul in the entire state mental hospital and tuberculosis control administration.

Major public welfare expansions, including a proposed constitutional amendment to permit full state participation in the new federal medical care program for the aged, blind and disabled. A provision of the amendment would qualify non-citizens who have lived in the state for 25 years or more.

OVERHAUL AND extension of the state's program for water control and development.

Congressional and legislative redistricting which will change

the makeup and complexion of future legislatures, shifting the balance of power from rural to urban areas.

If voters approve proposed constitutional amendments, the Senate will be enlarged from 31 to 39 members and terms of the governor and other statewide-elected officials now limited to two years, as well as those of state representatives, will be extended to four years.

Gov. John Connally emerged as the most powerful governor in modern Texas history.

WHAT IT WILL COST — Despite its record achievements, the 59th session handed a relatively modest tax bill to Texas citizens.

Cigarette smokers will bear virtually the entire share of the cost. Tax was increased from eight to 11 cents a pack — the nation's highest state rate. This will raise \$70,000,000 to \$73,400,000 in new money during the coming biennium.

A one-time gain of \$6,000,000 will be achieved by setting of a 15 months-from-date-of-death limitation on payment of the inheritance tax.

Teacher pay raise also will require financing at the local level. Present estimate is that the owner of a \$15,000 home will pay \$2.52 more in annual property taxes to school districts.

BILLS PASSED — Among the new laws passed during the final days of the regular session of the 59th Legislature were:

Continuation of the Bay Study Committee, which is concentrating on the problems of water pollution;

Regulation of the taking and processing of oysters and other shellfish for sale;

Creation of Permian State College, if higher education coordinating board approves, at Odessa;

Asking members of Congress from Texas to vote for keeping the section of the Taft-Hartley Law which permits Texas to outlaw closed union shops;

Prohibition of the use of .22 caliber rimfire ammunition to hunt deer, elk, antelope and wild sheep in counties not regulated by the Parks and Wildlife Commission;

Prevention of city councils from making residence within the city limits a condition of employment;

Legalization of free games on pinball machines;

Requirement for testing of all babies born in Texas for phenylketonuria (PKU), and inborn error in system which, if uncorrected, causes brain damage;

Parents liability up to \$5,000

for malicious and wanton damage by their children.

MIGRANT PROGRAM — Governor Connally's Office of Economic Opportunity made application for \$5,400,000 in federal funds under Economic Opportunity Act for massive program of assistance to state's 128,000 migrants.

Program seeks \$3,200,000 to extend special six-months' intensive schools for migrant children from 10 districts to 40.

A \$1,100,000 component would start adult basic education, homemaking training and occupational training in communities with large numbers of migrants.

Texas OEO also proposes to build and staff, for \$735,050, five rest stops for migrants.

A tuberculosis screening and testing project would cost \$302,065. It calls for six regional offices in South Texas.

Texas Employment Commission and Texas Education Agency plan to retrain and relocate migrants into permanent jobs in West Texas. An application for \$205,626 will place Texas OEO in a coordination position with respect to housing requirements and allow it to work with local community officials in a program of community relations.

Day care in migrant labor camps is planned at cost of \$100,858. A \$60,110 allocation would enable Texas State Library to engage in a pilot project for services to migrants in labor camps.

Governor also announced State Department of Parks and Wildlife expects to employ 427 youths during summer in a park maintenance program under \$193,891 federal grant from Neighborhood Youth Corps.

JOB CORPS CENTER — McKinney Veterans Hospital would be used as a women's job corps center, if application of Texas Education Agency is granted.

Request was made contingent on closing of the hospital facility. However, Congressman Ray Roberts of McKinney is appealing decision to close the hospital.

Application calls for center with initial 600 enrollees and a staff of 275. A grant of \$3,500,000 is sought for program beginning August 1, with average participation of 500 enrollees per month.

Hospital has 100 acres of land and 100 buildings.

PRESS RIGHT UPHOLD — A conference committee report on the new Code of Criminal Procedure, which contained the nation's toughest restrictions on pre-trial news coverage, was rejected.

Revised information restriction states:

"It is the duty of the trial court, the attorney representing the state, the attorney representing the accused, and all peace officers to so conduct themselves as to assure to the defendant a fair trial upon the presumption of innocence and at the same time afford the public the benefits of a free press."

A legislative resolution directs a study in the area of information on pre-trial activities.

NEW COLLEGES ASKED — Petitions have been submitted to the State Board of Education for creation of new junior colleges in Scurry, Bee, Maverick, Tarrant and McLennan counties. Board has set hearings on the

petitions for June 5.

Increase in applications is believed due to more state and federal aid to junior colleges and requests by the Legislature that junior colleges undertake expanded programs in academic and technical-vocational fields.

Members of the San Antonio delegation, meanwhile, obtained adoption of a resolution which asks the new Coordinating Board, Texas State College and University System — to study the need and feasibility for a four-year institution in Bexar County and report to the next Legislature in January of 1967.

Johnson was a legislative visitor for the unveiling of his portrait on the east wall of the State Senate Chamber.

A filibuster by Sen. Bill Moore of Bryan during the critical final days of the session kept from passage a bill by Sen. Andy Ro-

gers of Children, which would have directed the Texas A & M University regents to turn down applications for admission by women, other than members of the families of faculty and students and women who want to take courses not offered elsewhere.

Killed in the Senate was the bill which would have required that county tax assessor collect or levy and collect a property tax on automobiles and prohibiting license plates from being issued until the tax was paid.

Texas Parks and Wildlife Quail Hatchery at Tyler is shipping bobwhite quail to be used by game wardens in supplying owner stocking requests.

A live fish never stops growing. Growth slows abruptly at sexual maturity, but the fish generally gets a little longer and a little thicker every year.

SALUTE TO GARDENERS

JOHANNESBURG, South Africa — Gardeners of the world, take a bow. Here's what the mayor of Vereeniging an industrial town near Johannesburg, thinks of you:

"Gardeners are such friendly people. They swap flowers, shrubs and plants freely, give each other useful tips over the

garden fence and create beauty wherever they go.

"Thus if you have a town of gardeners, you may rest assured it is also both a beautiful and friendly town."

The mayor, Henry Chatterton, was presenting prizes to citizens who scored top in keeping beautiful sidewalk gardens in and around Vereeniging.
