

The Volunteers: From Clergyman To Carpenter, They Risk Their Necks For \$2 A Fire

CHIEF DICKERSON... carries alarm to church

ONLY PAID FIREMAN... and boys say Terry Hale is a whiz

In the dead of night, a telephone rings at the Hereford police-fire dispatcher's desk. Wally Shelton, night employe, answers to hear an excited voice report a blazing house in an Ave. A residential section.

Below the city hall's second-story police quarters, 26-year-old Terry Hale is awake with the phone's first jingle. He grabs the receiver mounted on a wall next to his bed, and listens while the caller gives the conflagration's description and location.

The caller hangs up. Shelton makes a half-swivel in his chair, reaching for a small metal box lined with push buttons and topped with a broadcasting mike. Hale — whose small, intense stature gives him a talked-about agility — has, meanwhile, slipped into a pair of overalls, his boots and he's moving toward the fire garage door.

(A veteran of four years in the U.S. Navy (nearly two of those as a fire fighter at Kodiak, Alaska, Naval Station) Terry Hale has city and fire officials shaking their heads at their good fortune. City Manager Dudley Bayne thought he had hired four fire marshals before Hale — but they all reneged on their commitments. It looked like the city hall paid fireman's apartment might stay vacate for months.

Then Hale, who was working with the Santa Fe Railroad's engineering department, mater-

ialized. He had first moved to Hereford in 1953. He knew the town, he liked the work, he'd had wide experience in battling blazes from aircraft to barrack "fire traps" to Dempster Dumpsters. The graduate of the Navy's San Francisco fire school was snatched up.

Hale carried his bride of a few days across the fire department quarters' threshold a few weeks ago and went to work. "Those trucks and equipment have never been in better shape," Fire Chief J. W. Dickerson said Monday. "He has gone over everything down here.")

Dispatcher Shelton pushes the button marked "general." The reaction in 35 homes scattered diversely over Hereford is immediate. A shrill series of tones, so raucously demanding as to "knock you out of bed" as one fireman put it, shreds the bedroom quiet. Shelton's voice comes out a radio receiver, giving the fire's location several times.

Lights flick on, seconds pass and then doors fling open and the Hereford Volunteer Fire Department, a close-knit, well-drilled firefighting brigade, is in action.

(The device Shelton used to alert the fire crews is trademarked "Plectron." All 35 members of the volunteer department have a receiving unit (but they can't converse with headquarters), a small box-like arrangement little larger than a port-

able radio — which, in effect, it is.

The dispatcher can call out two crews: a six-man detachment used on small blazes and country calls or the entire force which answers general alarms.

When he is in town, Fire Chief Dickerson, a resident here 38 years, seldom can be found more than a few feet from his "Plectron" unit. A carpenter, Dickerson, 43, has built two dozen or more portable carrying cases for his men — they can take them anywhere there is an electrical outlet, Dickerson lugs his to work, on visits, even to church. "I've received calls on it at a range of seven to eight miles when I've been working," he said.)

Blinking the last vestiges of sleep from his eyes, Hale bounds down the garage steps, starts opening the three garage doors and heads for the last truck. It is a \$30,000 Howe Defender (capable of delivering about 1,500 gallons a minute), a husky, "square-jawed" brute that Hale terms the "big baby."

Its huge six cylinders hit

on the first turn, the motor screams and Hale eases the big pumper out into Third St. Just as he clears the station two other running figures dart through the entrance and fling open the doors to two more trucks. The men are volunteers who live within a block or two of the downtown station.

Seconds later these two vehicles are running and ready to roll.

(Fire Chief Dickerson estimates the value of the department's equipment at about \$95,000. There are six vehicles, four of them actually firefighting units:

- (1) The Howe, the pride of the department and the mainstay, purchased about five years ago
- (2) The La France, a 12-cylinder, 24 spark-plugged, open-cab unit which delivers 750 gallons a minute, bought about 1960
- (3) The two-year-old Ford unit, a mobile, 500-gallon capacity, all-purpose vehicle that makes all country calls
- (4) A 1942 Ford pumper with a 500-gallon output
- (5) A pickup (due to be replaced shortly by the city) that ing apparatus, insulated coats, See FIREMAN Page 2

Five Running Here Light Activity Seen In Three School Votes

By WAIN MILLER

LABOR CAMP

15 Indiana Collegiates Due Here

Fifteen DePauw University students have volunteered, a week's assistance with the Ministry program at the labor camp here and will arrive Sunday, according to Virgil Dodson, Ministry chairman. The group from the Greencastle, Ind., institution will pay its expenses during the Easter vacation interlude. DODSON SAID they will help with the pre-school program, adult English classes, the recreation program and other activities. Frank Ford, who is recreation director, said the Ministry is "happy they are coming down. They will be a big help in the recreation program which is just now getting into full swing." THE MINISTRY officials said the students were not recruited but volunteered for the chance to study the activities of what apparently is one of the few fulltime, year-round migrant ministry programs.

Voters go to the polls Saturday to select trustees for three school districts — including the Hereford Independent District — within the county in the first of two public elections slated in a four-day period.

School and tax officials predict a relatively light turnout for the school vote, although five candidates are seeking two positions on the Hereford board.

No opposition filed against four incumbents who filed for the county and Walcott school posts.

A total of some 2,750 persons are eligible to vote in the county's elections this year — either by having paid poll taxes or through being exempt.

HEREFORD voters ballot for city commissioners in the other election Tuesday.

The deadline for absentee balloting for the city election Tuesday is at 5 p.m. Friday. Only one race is contested. Insufficiency manager Charles Bell is facing feedlot manager Joe Easley for place 1. Ballots are available from the city secretary.

Polls for the Hereford schools' trustee election will be open at 8 a.m. Boxes will be located at the school tax office in the administration building, 700 Union, and at the former Dawn school. They close at 7 p.m.

Balloting for the Walcott school board election, in which one incumbent seeks re-election, will open at 9 a.m. Saturday at

the school. The poll there is slated to close at 4 p.m.

All eligible county residents may vote in the county school board election, where three incumbents are unopposed in their bid for re-election.

ASPIRANTS for the Hereford school board election are:

Dr. A. T. Mims, 44, a surgeon and incumbent;

S. L. Garrison, 45, a farmer;

L. B. (Scat) Russell, 47, insurance agent and former high

\$400,000

Beet Growers Given Payment

Payments amounting to \$412,432 were made Tuesday to sugar beet growers in Texas and New Mexico districts served by the Merrill E. Shoup factory near Hereford.

Dexter W. Lillie, manager, said the payment is the second, or "spring", payment made to beet growers by Holly. The first payments were made soon after the 1964 harvest was completed.

THE MARCH 30 payment brings returns thus far received from the sugar beet crop to a total of \$6,911,456 in the Shoup factory district. Lillie said this amount includes the total Holly payments as well as the Government Sugar Act payment, which is in effect, restoration to the growers of a portion of their See LAST Page 3

Say That Again, Please!

Now what sophisticated young lady would ever make such a blatant statement as that, mused Linda Pulliam in mock puzzlement. Unless, of course, it happens to be a day like today: April Fool's Day, 1965. (Staff Photo by Dudley Lynch)

THOMAS TO SURGERY

Wayne Thomas, Hereford attorney and president of the Deaf Smith County Chamber of Commerce, underwent an emergency appendectomy Monday night at the county hospital here. His condition was reported satisfactory.

Disaster Tools 'Materialize'

Additional light has been thrown on Hereford's emergency capabilities because of publicity given to a meeting last week of 10 government and private organizations that might be needed in a disaster.

W. T. (Bill) Thompson, director of the county's Civil Defense setup, said Tuesday the conference's impression that only one ambulance is available was not correct.

HE SAID Gilliland Funeral Home, which provides ambulance service for this area, has notified him that two radio-

equipped, fulltime units are available around the clock with trained attendants.

"They said they also have a funeral coach which can be converted into an ambulance in five minutes," he said.

Thompson also told of an in-

Mall's Ground 'Broke'

Host Of Visitors View Ceremonies

A host of businessmen and dignitaries formally "broke ground" for Sugarland Mall — a \$1.2 million shopping center complex — during ceremonies here Wednesday morning.

A probable milestone in the development of Hereford's retail trade economy, the event took place before a backdrop of construction crews which began work on the center about two weeks ago.

Representatives of four big-name retail stores to be located there, city officials, and owners of the development participated in the ceremony.

DURING THE ceremony, speakers disclosed that businesses which would fill some 62 per cent of the total space in the complex had indicated they would move to the center, although leases on only five major firms have been signed and delivered to owners to date.

The center — which will cover some 168,000 square feet — is scheduled for completion and opening "on or about Aug. 15," said Jack Carnes, project manager.

"If you were to start at the J. C. Penney's store and walk to the Furr Foods supermarket when this center has been completed, you would have walked two complete city blocks in an enclosed, temperature and climate controlled mall," Carnes said.

FEATURED ON the program was a man described by Carnes as "Mr. Shopping Center."

He is W. B. (Dub) Rushing, head of the consortium which is constructing the complex. Rushing, who has directed the erection of a number of Lubbock's See SHOPPING Page 2

Firemen Have \$95,000 In Equipment On Hand

(Continued from Page 1)
helmets, resuscitator, power plant, dry chemicals, a saw, smoke ejectors, mops and brooms and other paraphernalia and (8) a panel wagon capable of serving as an emergency headquarters or a first aid station.)

Hale knows the Hereford streets like a farm boy knows the country paths. ("That street is faster," he told a reporter the other day. "It has only two dips and four 'bumps.'") He bounces around in the cab as the Howe lumbers up the street. His radio, turned up high to reach over the deafening roar of the engine, squawks as the department comes to life.

Behind him the other trucks can be seen in his rear-view mirror, their red lights flashing as they pull out into the street.

At the scene of the fire, a car races up and stops, its occupant speedily dismounting to size up the blaze. Ten seconds pass and another car arrives. By the time Hale and the big Howe pull into sight down the street, five volunteers are there waiting on the equipment.

"We've got some of the finest men in this department," says Hale. "They know what they are doing. I don't care what paid department it is, I think we can have our truck there just about as fast. I've never gotten to a fire yet but what there four or five men waiting on me."

Dickerson says the department's speed, combined with numerous other factors, gives Hereford the lowest fire insurance "key" rate for cities of its size in Texas. He pointed out, for comparison, the difference in Borger's (which has a 17-man paid department) rate of 39 and Hereford's 21 rate.

"Just guessing, I would imagine that could save the owner of a \$15,000 house \$35 to \$40 a year on fire insurance," Dickerson said.

The flames are flicking out around the eaves of the house. As Hale pulls up with the Howe one of the firemen grabs a "red line" — a small, rotary-mounted hose that supplies water quickly — and begins knocking the fire back. Meanwhile, other volunteers are connecting a 2½ inch line which they pulled off the truck as it went by to a fire hydrant at the corner.

Hale leaps from the cab to a control panel just behind the door on the left side and begins to manipulate and observe the 37 dials, gauges, levers and knobs which control the pressure, volume and outlets that the water will flow through.

(The training of a Hereford volunteer fireman will exceed over a five-year period that of most paid departments, Dickerson contends. "We have to learn every job because the volunteer will never hit the same job twice in a row. He may live farther from the fire. The truck he is driving will arrive in different orders. He never knows

MALL OFFICIALLY UNDERWAY — With a phalanx of local and out-of-town dignitaries looking on, four men involved in the development of the Sugarland Mall Shopping Center here spade the dirt in a ground-breaking ceremony Wednesday morning. They are (left to right) Henry Huneke of Lubbock, president of the Mall corporation; Joe J. Aguilar of Lubbock, vice president; W. B. Rushing, developer; and James Walker, contractor. See story on page 1. (Staff Photo)

which hose he'll be on." Firemen here are chosen carefully, Dickerson explained. "The attitude is primary — if he's got the desire to serve. His job is important, his place of residence. He goes through a board of review — they'll quiz him out pretty good." If accepted, he is placed on a six-month probation period, making all drills (on the first and second Tuesdays of each month and special sessions in between) and fires. "Then they are voted on by the whole department and if accepted they are equipped out and put to work somewhere."

The department now is full strength, 35 men. They range in occupations from the Rev. Joel Treadwell, an Episcopal clergyman, to Terry Hodges, a Holly Sugar Corp. employe, to H. A. Tuck, assistant county tax assessor-collector. The youngest is 26 years old; the oldest is in his 60s. They get \$2 per call per man from the city, but the small stipend goes for uniforms, a pension fund, a Christmas party and equipment (the department bought and gave to the city the pickup truck now used as an emergency vehicle.)

Other trucks are now arriving along with the main contingent of firemen. Fortunately, a passing police patrol had spotted the fire

early, and damage, though considerable, will be repairable. The late-arriving volunteers grab smoke ejectors and mops, setting up a "salvage" operation which will help keep insurance rates lower and avoid leaving a water-soaked, smoke-filled house behind.

In a few minutes, the trucks begin to depart, the cars gradually drive away, the inky black night settles back to swallow the acrid smell of burned wood.

The Hereford Volunteer Fire Department has made another run and performed well, a credit to the civic-mindedness of 35 citizens and a valuable asset to a community not yet big enough to hire a full fire-fighting staff.

Hereford Student Gets Frat Office

CANYON (Special) — Benny Dement, Hereford junior has been named vice president of Alpha Kappa Psi, professional business fraternity, at West Texas State University. Son of Mr. and Mrs. B. C. Dement, 803 E. 3rd, Dement is majoring in marketing.

UNION MEETING

Representatives of the Agricultural Stabilization and Conservation Service, the Soil Conservation Service and the Farmers Home Administration will bring the program at an 8 p.m. meeting today of the county Farmers Union. It will be a covered dish supper (meat provided) at the Community Center.

County, Walcott Boards Have No Opposition On Saturday Ballots

(Continued from Page 1)
school principal; Dr. Gale Page, 44, a chiropractor, and S. F. Clements, 44, also a farmer.

All except Garrison are in their first bid for public office. Dr. Mims, who has completed a year of the term vacated by the retirement of Dr. L. B. Barnett, is seeking his first full term on the board.

CANDIDATES are seeking posts now held by Dr. Mims and by board president Ivan Block, who is not seeking re-election. Candidates are selected "at-large."

In last year's Hereford school board race, four men sought two seats as 1,196 voters cast ballots.

However, this year only seven absentee ballots had been cast prior to the 5 p.m. Tuesday deadline for absentee voting. Last year there were 25.

In the Walcott election, Floyd L. Brown is unopposed. Presently secretary of the three member Walcott school board, Brown farms near the Garcia community. The term is for three years.

VOTING WILL occur at the Dawn school for the precinct 1 position on the county school board. Melvin May — who, like the other two aspirants in the county race, is a farmer — is the incumbent running unopposed.

Running again in precinct 2 is J. C. Morrison. Residents of this precinct will vote at the school tax office.

J. V. Perrin seeks another term in precinct 4, where balloting will be at the Ford school house.

TERMS ON the county board are for two years. Other members of the board, which oversees the purchase of school buses, bus routes, transfers from one district to another, and consolidations, are D. D. Zimmerman, at-large member, and Jack Weaver, precinct 3.

Candidates for the Hereford school board of trustees are vying for two-year terms.

Garrison, who has lived 11 miles south of Hereford (in Castro County) since 1958, is a native of Lubbock County, but lived at Hart for several years prior to moving here. While there, he served for four years on the Hart School board and was president for one term.

HE FARMS 1,280 acres. He is married and the father of three children, one of whom — Harvey — is a graduate of Hereford High School. Sharon is a high school sophomore, and Pamela is a fourth grader at Central School.

Garrison graduated from Texas Tech in 1940, is vice presi-

dent of building Sugarland Mall were Rushing, whose home is in Lubbock; Henry Huneke of Lubbock, president of Sugarland Mall, Inc.; Joe J. Aguilar, also of Lubbock, vice president of the corporation, and Gordon Denton, secretary-treasurer of the group.

Also participating were Oscar Schilling, Amarillo, architect for the development; and James E. Walker, Lubbock, general contractor.

Carnes quipped that a bulldozer was being used to handle Chamber of Commerce president Wayne Thomas' share of the groundbreaking since Thomas was unable to attend the ceremony because of illness.

dent of the Texas Sugar Beet Growers Assn., is chairman of the official board of the First Methodist Church, a director of the Gas Users Assn. of Castro County, and was chairman of the citizen study committee that reviewed the \$2.5 million bond issue passed last year by the school district voters.

DR. MIMS, who lives at 609 E. 5th St., has lived in Hereford since 1952. His wife, Marjorie, and he have three children — Charles, a sophomore at the University of Texas; Ed, a high school junior, and Ann, a seventh grader.

He is a graduate of the University of Texas and Southwestern Medical School, Dallas. He was in the armed services for two years and spent his four-year surgeon training at Parkland Hospital in Dallas.

Dr. Mims is a member of the Lions Club, a former director and president of the Deaf Smith County Chamber of Commerce, and a member of the First Methodist Church.

RUSSELL WAS born and raised in Hereford and graduated from Hereford High School. He attended Hardin-Simmons University, Abilene, where he received a masters degree.

He returned to Hereford in 1952 to accept a teaching assignment. He was later made principal of an elementary school and in 1962 was principal of Hereford High School.

Russell resigned the principal

position in early 1964 to enter the insurance business, where he is associated with Businessmen's Assurance, with offices at 801 S. 25 Mile Ave.

RUSSELL is a steward in the First Methodist Church and is a member of the Lions Club and the Masonic Lodge, and Hereford Whitefaces Booster Club.

He and his wife, Virginia, have four children — Mary and Martha, 21; Bill, 14; and Rene, 5.

Dr. Page has lived in Hereford for the past five years, operating Hereford Chiropractic Center, 101 Ave. E.

Page is a member of the

Church of Jesus Christ of the Latter Day Saints, where he serves as Sunday School superintendent. He is also a member of the Elks Lodge.

CLEMENTS, who resides at 208 Sunset, moved to Hereford in 1951 from Fort Worth, and is engaged in farming. He was in the implement business in Fort Worth.

He was raised in Fort Worth, where he attended public schools. He also attended Texas A&M.

He is a member of the First Presbyterian Church and serves as an officer and director of the Deaf Smith County Chapter of the Farm Bureau.

BERT C. BLANTON

Engineer Arrives To Start Survey

Bert C. Blanton, Dallas industrial engineer, visited here with Hereford chamber of commerce officials Tuesday to map out the proposed survey of Hereford expansion and industrial capacities in the future.

Blanton, who compiled a similar survey for Hereford in 1954, had requested four months to finish the new assignment, but the chamber asked that the job be completed, if possible, in a shorter time.

HE SAID HE hopes to have the job finished by the end of June at the latest.

Blanton said he expects to remain in Hereford most of the week to work on preliminary details.

BERT BOOMER, treasurer of the chamber, board, represent-

ted the chamber in talks with Blanton. James Gillentine of Southwest Offset, Inc., which will print 2,000 copies of the survey, also discussed printing details with Blanton.

Seven "subscribers" have agreed to provide \$500 each to pay for the survey, according to W. T. (Bill) Thompson, manager of the chamber. They are the First National Bank, Pioneer Natural Gas Co., Southwestern Public Service Co., Deaf Smith County Electric Cooperative, the City of Hereford, Hi-Plains Savings and Loan Association and Southwestern Bell Telephone Co.

Last Payment Comes In Fall

(Continued from Page 1) crop's value withheld until it was determined that all government regulations applying to beet production had been complied with the 1964 season.

FINAL PAYMENT for the 1964 crop beets will be made this fall after sugar production from the crop has been sold and net returns on such sales have been determined. Contracting and planting of Holly's 1965 beet acreage is progressing rapidly under the provisions of the Government's restrictive "proportionate share" program.

Lillie said Tuesday afternoon that the planting for the 1965 crop appears over 80 per cent completed, about 25,000 out of nearly 30,000 acres.

Charles Smith Rites Today In Hobbs

Last rites for Charles Smith, 10, son of Mr. and Mrs. Fred L. Smith of Hobbs, N. M., will be today at 10:30 a.m. in Hobbs. He was a grandson of C. D. Hardesty of Summerfield and a nephew of Mrs. Frank Huckert of Hereford.

He was killed Tuesday afternoon when a gun discharged. Attending the services from this area will be Mrs. Ralph Sears and Mrs. Odella Huckert of Hereford, Mr. and Mrs. Frank Huckert and family and C. D. Hardesty of Summerfield and Mr. and Mrs. Joe Frank Huckert of Canyon.

TIE-IN READY

Power Would Be Provided For Police

(Continued from Page 1) formal arrangement which Marlin Gilliland said he has had "for years" with funeral homes at Vega, Dimmitt, Friona and Canyon which could supply Hereford with four addition ambulances "in about 30 minutes."

THE CIVIL Defense chief said none of the personnel attending the meeting apparently was aware of the standby ambulance services. "Nobody challenged the statement," he said, expressing satisfaction that the community's actual emergency capabilities are becoming known.

City Manager Dudley Bayne also revealed that the city hall communications system has a built-in connection that could be immediately plugged into a fire department auxiliary power unit.

This was one of the other problems discussed at the meeting — called by the chamber's Civil Emergency Planning Committee, headed by Dr. Milton Adams. They concerned speedy emergency power alternates for communications and an auxiliary disaster headquarters for emergency personnel.

Tracksters Compiling Best Year In Recent History

Track And Field Event Slated For Saturday

They Played Ball!

Remember these former Hereford High School basketball standouts? Randy and David Dowell, Earl Jackson, Mike Ferguson, and Charley Thomas. Well, they're still playing basketball.

And that's an understatement, considering the quietest averaged about 300 points each in a fraternity cage battle staged recently at West Texas State University in Canyon.

THEY COMPRISED half of a ten-man squad which apparently has captured for itself a college basketball marathon record, for what its worth.

The former Hereford athletes are members of the Kappa Alpha social fraternity, which played 103 regulation quarters of basketball (that's 30 hours and five minutes!) to take the longest-game record away from a New York School.

BEGINNING at 2 p.m. Friday, the fraternity members and pledges battled it out — stopping only for brief rests between quarters — until 8:05 p.m. Saturday.

Final score for fraternity members was 1,695, compared to the 1,497 points for the pledges.

The previous unofficial college marathon record was for only 26 hours, 9 minutes. See THEY Page 5

Five Conference Teams Expected

Five District 1-AAA teams congregate for a first-hand comparison of talent during the Hereford Invitational Track and Field Meet here Saturday.

All but one district contender — Dumas — will compete in a full slate of track and field events, with preliminaries beginning at 2 p.m. Saturday in Whiteface Stadium. Finals get underway at 7:30 p.m.

A host of area track and field standouts afford the promise of topnotch, close-hooped competition... especially on the cinders.

Hereford's own crack relay team, plus squads from both Canyon and Perryton, — who have all posted times approaching 43 seconds—should head the pack in a nip-and-tuck clash.

Perryton's Bob Person, a Muleshoe hurdler; by the name of Short, and the Herd's Steve Perrin should tangle head on in the 120-yard high hurdles, as all have gone the distance in less than 18 seconds.

SCOOTIN' KENNY Justice of Hereford possesses the best time in the district—thus far—for the 100, but there could be quite a battle in that event too.

One of the closest races of the day is expected to come when Gary Winter of Perryton and Tommy Sanford of Canyon start hooftin' it on the 440. The two ran within half a step of each other at the Perryton Sports Festival last Saturday.

Perrin and Pearson should have a race between them again in the low hurdles, if past performances are good indication. Both have stepped the 180 yards in less than 21 seconds.

Tulia's Pat Pollard who was credited with a 4:40.2 mile at Springlake) has the best district mark for the season, but Perryton's Terry Jones could give him a neck-and-neck run for it.

In the mile relay, Perryton and Hereford have posted respectable times this season, although some eight seconds off the 3:28.0 record set by Dumas last week at Perryton.

Chris Byerly of Perryton cleared 11 feet, 6 inches on the pole at Perryton Saturday, apparently the top height achieved thus far by district contenders.

But Cox of Canyon managed an 11-0, said by coaches to be off his usual pace. A vault of 10-6 earned Hereford's Roger Suttle a fourth place tie at Springlake Saturday.

Ricky Fangman threw the discus 129 feet, 10 inches on behalf of the Whitefaces at Springlake, which brought home a second. This ranks above all other district competitors for this season.

JUDGING FROM PAST performances, Saturday's events should find Perryton, Canyon, and Hereford in close contest for team total honors.

However, Muleshoe and Tulia (See CLOSE, Page 5)

Frosh, Jr. Hi Cindermen Top Competition

Hereford freshman set four new records while making almost a clean sweep of a junior high and freshman track and field meet here Saturday.

The Whiteface frosh amassed a total of 175½ points to rank high above seven other teams from area towns.

Meanwhile, Hereford eighth graders garnered a fourth place in their bracket, while local seventh grade tracksters latched on to a third rating.

A total of 16 records fell during the day, with eight freshman marks being revamped.

Competing were delegations from Estacado and Coronado junior highs of Plainview, as well as Plainview freshman; plus squads in each division from Tulia, Springlake, and Hereford.

The local frosh all-around standout Earnier Williams (younger brother of Walter Williams of the high school squad) set one track record on his own and tied another, then participated with the 440-relay team which also set a new standard.

Hereford sprint relayers ran a 47.3 to better the mark set by Hereford in 1963. Comprising Saturday's team were Eugene Brady, Rod Henderson, Gary Goodin and Williams.

WILLIAMS REWROTE the books for the 100 with a 10.2, respectable even for high school sprinters. Previous record for the Hereford Invitational was 10.4.

Gary Goodin tied the old mark with a 10.4, which earned him second place for the Hereford (See RECORDS, Page 5)

Faces Clock Record Times At Springlake

Herd Outranks District Teams

Hereford tracksters continued to rack up points in track and field competition Saturday by earning 43 points at the Springlake Invitational Track and Field Meet.

Clocking the best showing for Hereford cindermen in the past four years — and probably one of the best in the decade, according to coaches — the Whiteface squad ranked fifth in a field of 15 schools in the AA-AAA bracket.

The Hereford total surpassed those posted by two other District 1-AAA contenders.

Coach Joe Brooks' delegation ranked in the 100, 440 relay, 100 low hurdles, pole vault, discus, and 120 high hurdles.

Although unable to take credit for a first place during the finals, Hereford runners set two all-time marks for the Springlake Invitionals in preliminary events.

The 'Faces easily outdistanced district foes Muleshoe and Tulia in total points for the day.

Tulia accumulated 18 for ninth place, while Muleshoe managed only 11, which was enough for the number 11 spot in the AA-AAA rankings.

ALL IN ALL, it was a close field in the first five positions throughout the day. Dunbar High School of Lubbock had the best total with 88. Following were Abernathy, 64; Levelland, 62; Olton, 58; and Hereford.

Others in the AA-AAA class were Friona, Floydada, Morton, Tulia, Slaton, Muleshoe, Lockney, Littlefield, Freshup, and Portales, in order of their ranking.

Kenny Justice stepped out the 100 in 9.8 to put the crowd on its feet and derrange the record books during preliminary heats. Moments later however, the 9.8 mark was tied by Danny Murphree of Friona, also in preliminary action.

(See RANKS, Page 5)

'Faces To Host Amarillo Schools, Climax Busy Slate

Hereford Whitefaces lost the first three games of a five-game slate for this week while tangling with mighty AAAA teams from Amarillo.

But the Herd — which now has a 3-3 mark for the season — has a chance to get revenge here Friday and Saturday when the Amarillo Sandies and the Palo Duro Dons come to town for a rematch.

Coach Ronald Speed's charges host the Palo Duro Dons Friday at 4 p.m. in Whiteface Stadium.

Then, come Saturday at 1 p.m., Hereford meets the Amarillo Sandies in a doubleheader here.

The games come to climax a busy slate for the Herd, which will have played eight games in eight days if Friday and Saturday's meets come off as scheduled.

Hereford was slated to play the Sandies in Amarillo Wednesday afternoon.

Prior to that, the 'Faces did the following: —Mike Ranspot pitched a two-hitter against the Palo Duro Dons Tuesday in Amarillo, but the Herd lost by 2-0 as the Dons came up with some handy breaks.

—Lost both games of a double-header to the Tascosa Rebels last Saturday in Amarillo, by scores of 11-9 and 13-1. —Topped Caprock High School, also of Amarillo, by 6-4 here Friday.

Sportsmen Slate Exhibition Game

The Hereford Rebels and Latinos will meet at 3 p.m. Sunday in the Latino Ball Park. It will be the first action of the year for the clubs, which are sponsored by the Hereford Sportsman Club.

Sunday's exhibition event will pit the Rebels, comprised of junior high and high school-aged boys, against Coach Al "Shorty" Salinas' Latinos, the club for players over 21 years of age.

THE TEAMS will be warming up for a full season of action against nines from throughout the area, according to Joe Rodriguez, Sportsman Club president. Any team wishing to schedule games with either the Latinos or the Rebels may do so by contacting him at EM 4-2629, he said.

Julio Valdez is manager for the young Rebels, a team which played 12 games last year after organizing late in the season.

LATINOS HAVE participated in the Panhandle Irrigation League for the past four years, and will probably do so again this year, Rodriguez said, although the league does not organize until later in the year.

The Latino Ball Park, by the way, is located just south of the West Park Cemetery on Bradley St.

Top payoff during the 1964 harness racing season at Yonkers, N.Y., was \$97 for \$2. That happened last June when Tony Abbatiello drove Skeeter Brooke home first.

THE HEREFORD BRAND Sports

Top Hurler Is Found Ineligible

A sophomore pitcher who had afforded the promise of additional pitching depth for the Hereford Whitefaces won't be playing baseball this year after all.

This was the announcement from Hereford coach Ronald Speed after it was learned that Alex Diaz would be ineligible to compete in sports this semester under Interscholastic League rulings.

Diaz had transferred here recently from Lorenzo.

Speed commented that he believed the 16-year-old hurler throws the screwball (that's a curve ball which breaks the way the wrong "wrong" way) as well as most high school pitchers serve the curve.

The 'Faces coach said that Diaz had been expected to become eligible for pitching duties this week, after having waited the required 30 days following transfer here. However, it was learned that Diaz lost his eligibility while attending school in Lorenzo.

Speed said the spunky right-hander had shown exceptional promise during workouts.

The Hereford Brand, Hereford, Texas, Thursday, April 1, 1965

Close Competition Seen For Saturday's Meet

(Continued from Page 4) whose track competition has been limited thus far this season—could come up with some contenders of their own.

Dumas, the strongest track squad in the district, has not indicated it would compete in Saturday's matches here. Dumas ran away from a field of nine at the Perryton Sports Festival Saturday, amassing a total of 110 points.

This put the Demons well ahead of third place Perryton (65½) and sixth-ranked Canyon (31½). Other competitors at Perryton were Pampa (103), Borger (59), Caprock of Amarillo (56), Plainview (43), Guyman (20), and Liberal (8).

Meanwhile, Hereford was compiling 43 points at the Springlake Invitational to outdo Tullia (18) and Muleshoe (11), among the competitors at the Springlake event. (See story on this page.)

IN THE FRESHMAN division, Hereford should again prove a strong contender, if results of Saturday's track and field competition here are any indication. (See story on this page.)

Also on tap for the day are sprint and relay contests featuring fifth and sixth graders.

Coach Joe Brooks, who describes the Hereford track delegation as the best in many a year, said that fans will have the opportunity to see first hand how the Whitefaces stack up a-

gainst district foes. "Our recent emphasis on track is beginning to pay off," Brooks asserted, giving credit to Jesse Gerron, who had tutored the Whiteface tracksters until recently.

The meet is being held as a warm-up for the District 1-AAA track and field competition slate for April 10 in Amarillo.

Records Felled By Freshmen

(Continued from Page 4) frosh.

Goodin returned later to set a new standard for the 120-yard low hurdles with a time of 13.5, bettering the mark of 14.5 established in 1964.

Jimmy Childers turned in a 14.6 to earn second place. Earnie Williams tied a record set by his older brother in 1964. The younger Williams stepped the 220-yard dash in 24.6, being the time set by Walter in 1963.

JIMMY CHILDERS went 18 feet, 9½ inches to better by an inch the track record written in 1963.

David Kelly's 18 - 0 ranked third in the event on behalf of the local ninth graders, while Goodin earned fourth with a 17-9.

Other Hereford freshmen earning points were as follows: 440-yard dash: (3) Tony Malone, 57.6; (4) Lenny Petree, 58.8; and (7) Mark Golden, 59.4.

880-yard run: (1) David Kelly, 2:16.5; (2) Charles Inman, 2:18.3 and (6) Ralph Loerwald, 2:26.8.

220-yard dash: (6) Rod Henderson.

Mile relay: (2) Team comprised of Malone, Petree Inman, and Kelly, 3:54.3.

Shot put: (2) Barry Johnson,

OPPOSE 'LOCAL' REFERENCE Chamber Committee Takes Stand Against Part of LBJ 'Vote Bill'

The Government Affairs Committee of the Deaf Smith County Chamber of Commerce adopted unanimously Friday a strongly worded recommendation to the board of directors relative to House Bill 6400 entitled "Voting Rights Act of 1965".

The committee recommended that the Chamber of Commerce take whatever measures it deems necessary and appropriate to register the opposition of the Chamber to House Bill 6400 now before the Congress of the United States and to further cause the Chamber membership and the public at large to be made aware of the content and dangers inherent in this legislation.

IN DISCUSSION of the wording of the bill it was pointed out that Section 4(a) states "Whenever the Attorney General certifies . . . that in his judgment the appointment of examiners is otherwise necessary to enforce

the guarantees of the 15th Amendment, the Civil Service Commission shall appoint examiners . . . to prepare and maintain lists of persons eligible to vote in Federal, State, and local elections . . ."

In other action the committee voted to recommend to the Board that the Chamber sponsor the discussion course entitled "Action Course in Practical Politics" during the fall months. This course is a nine-week discussion course with texts prepared by the Chamber of Commerce of the United States and the contents approved by both Democratic and Republican National Committees.

Don Martin, acting superintendent of schools appeared on behalf of the Texas State Teachers Association position on the pending teacher pay legislation. Action was delayed by the committee to allow further study.

Herd Ranks 5th In Field Of 15

(Continued from Page 4) Justice suffered a fall while running the last leg of the sprint relay, which apparently slowed his pace during finals for the 100, however.

HIS TIME of 9.95 was good for third, only .05 off Murphrey's winning 9.9. Abernathy ran second.

It was the first time this year Justice came home without a win in the 100 tucked under his belt.

Spectators registered some amount of indecision over the outcome of the finals for the 440-relay as judges placed Hereford second behind Abernathy. Hereford's 440 team earlier set a new mark for the Springlake event with a sizzling 43.8 in preliminaries.

The squad is comprised of Gregg Richards, Walter Williams, Keith Henderson and Justice.

Hereford and Abernathy runners were neck and neck as Justice took the baton for the final leg. In a last-chance attempt for a win, Justice stumbled just before breaking the tape, sustaining several scratches and bruises.

Judges awarded first to Abernathy, clocking the AA team at 44.3 seconds.

The Herd's mile relay team clocked its best time of the year, 3:36.5, but managed only fifth place. Dunbar ran first in 3:28.5, beating the previous track record by a second.

STEVE PERRIN stepped to fourth in the 180-yard low hurdles in 20.5 (Selke of Abernathy won in 19.9, a new record.)

Steve Perrin tied the old track record for the 180-yard low hurdles at 20.5 seconds, but ranked fifth in a very close field. Selke of Abernathy set a new record by winning in 19.9.

Perrin had similar luck in the 120-yard high hurdles, clocking 15.9, but ranking fifth. Smith of Olton took honors with a 15.1, setting another new standard. The old mark was 15.6.

IN FIELD competition, two Hereford competitors earned points.

Ricky Fangman's toss of 129 feet 10 inches was good for second in the discus rankings. First went to Potts of Floydada, who had a 135 feet, 6 inch throw.

Roger Suttle cleared 10 feet, 6 inches to tie for fourth in the pole vault. A jump of 13-6 took first in the event.

Coach Brooks said the athletic staff is pleased with the improvement accomplished by track and field boys this year.

"Although we don't have the exact statistics, I'm sure our totals this year are better than any track squad from Hereford in many years . . . and I know they are the best since I have been here."

He emphasized the importance of Saturday's Hereford Invitational Track Meet. Five of the six District 1-AAA schools will be competing.

"It will give everybody a chance to see how things will stack up at the district meet, which is slated for April 10 in Amarillo," Brooks said.

Fraternity Post To Hereford Youth

CANYON (Special) — Bob King, Hereford sophomore, has been elected warden of Phi Mu Alpha Sinfonia, national music fraternity, at West Texas State University.

King is the son of Mr. and Mrs. J. A. King, 338 Ave. I. He is majoring in music.

They

(Continued from Page 4) David Dowell led scoring for the Hereford cagers involved in the event, with 388 points. His older brother, Randy, had 315, while Ferguson posted 312, Jackson got 280, and Thomas ended up with 218.

WHERE ARE THE 75%?

Somewhere around ¼ of the 15,000 citizens in Deaf Smith County attend all the churches combined on any given Sunday.

This in spite of the fact that approximately 96% of the families report that they believe in God and His son Jesus Christ.

We want to think of ours as a Christian Community. But where are the other 75%?

We think of ourselves as disciples of Christ, and soldiers of the cross. Some soldiers! When we don't even show up for training and inspiration, and to give praise and thanksgiving in worship to the captain of our salvation.

How can we expect to win the battle over immorality, divorce, prejudice, envy, hate and all other kinds of sin and wickedness when we are so neglectful and unfaithful!

What makes us think we will inherit eternal life by our slothful attitude? We aren't fooling anybody!

What is the answer to the decline in American morals? J. Edgar Hoover, head of the FBI advised recently, "We must return to the teachings of God if we are to cure this sickness." A better world begins with me!

We are doing ourselves and our families a gross injustice by neglecting to worship God and study His word "Which is able to build us up, and give us an inheritance among all of them that are sanctified." Acts 20:32.

"Take heed, Brethren, lest haply there shall be in any of you an evil heart of unbelief, in falling away from the living God: for we are become partakers of Christ, if we hold fast." Heb. 3:12-14.

IRRIGATED LAND
If I were buying land I'd try to buy this fully allotted, nearly perfect, 960 acres on pavement right at town at Dalhart. It has been in the soil bank 8 years. Then, I'd put 3 wells and 3 Valley Sprinklers on it... (about 350' of water strata and natural gas available). All of it can be financed except the 29% down payment on terms that rent will pay.

NOTICE OF HEARING ON CITY PAVING ASSESSMENTS THE CITY OF HEREFORD DEAF SMITH COUNTY, TEXAS

NOTICE is hereby given to all abutting property owners and persons interested in the properties on the hereinafter mentioned streets that on the 15th day of March, 1965, the City Engineer of the City of Hereford, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and such property on the street to be paved and improved by said City of Hereford, as well as the total cost of the improvements on said street or portion thereof, and that the same has been duly approved by the City Commission, and the same was ordered filed and shall remain on file with the City Clerk in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to all of such proposed improvements, and that any and all property owners and persons interested therein within the City of Hereford, or elsewhere may inspect the same, and further that the City of Hereford, by resolution adopted has fixed the 5th day of April, 1965, at 7:30 o'clock P.M. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all such owners and persons interested in such paving and in such properties to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof, by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings, and contract in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as is provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposes to levy such costs against the respective properties as are shown in said proposed paving assessments as so filed by said City Engineers with the said City of Hereford.

PROPOSITION

To determine whether or not cattle shall be permitted to run at large in said Precinct 3.

That said election shall be held at the following places in said Precinct 3:

(3) Election Precinct No. 3 in Herbert Schmidt Residence Building, in Deaf Smith County, Texas.

(8) Election Precinct No. 8 in Walcott School Building, in Deaf Smith County, Texas.

All qualified voters and freeholders wishing to vote absentee in said election shall do so at the office of the County Clerk in accordance with the terms and provisions of the Election Code.

The manner of holding said election shall be governed as near as may be by the Election Code of this State, and none but freeholders and qualified voters of said county shall be allowed to vote at said election.

A copy of this order shall serve as notice of said election, and said notice shall be published in a newspaper of general circulation published in this county, the date of the first publication being at least 30 days before the date of said election and continue in each successive issue of said newspaper for at least 30 days.

DATED this 10 day of March, 1965.

H. C. Williams County Judge, Deaf Smith County, Texas. B-8-38-1fc

Precinct 3 on the 24 day of April, 1965, and

NOW, THEREFORE, I H. C. Williams, in my capacity as County Judge of Deaf Smith County, Texas, do hereby order that an election be held in said Precinct 3 on the 24 day of April, 1965, which date is not less than 30 days from the date of this order, at which election, in accordance with said petition, the following proposition shall be submitted to the freeholders and qualified voters of said Precinct 3 for their action thereupon:

PROPOSITION

To determine whether or not cattle shall be permitted to run at large in said Precinct 3.

That said election shall be held at the following places in said Precinct 3:

(3) Election Precinct No. 3 in Herbert Schmidt Residence Building, in Deaf Smith County, Texas.

DATED this 10 day of March, 1965.

H. C. Williams County Judge, Deaf Smith County, Texas. B-8-38-1fc

Legal Notice

ORDER AND NOTICE OF ELECTION

THE STATE OF TEXAS COUNTY OF DEAF SMITH

WHEREAS on the 8 day of March, 1965, there was presented to the Commissioners' Court of Deaf Smith County, Texas, the

petition of 21 freeholders and qualified voters of said Precinct 3 requesting that an election be ordered in said Precinct 3 to determine whether or not the following classes of animals to-wit: horses, mules, jacks, jennets, donkeys, hogs, sheep and goats shall be permitted to run at large in said Precinct 3; and

WHEREAS on the 10 day of March, 1965, the Commissioners' Court of said county, ordered that said election be held in said Precinct 3 on the 24 day of April, 1965, and

NOW, THEREFORE, I H. C. Williams, in my capacity as County Judge of Deaf Smith County, Texas, do hereby order that an election be held in said Precinct 3 on the 24 day of April, 1965, which date is not less than 30 days from the date of this order, at which election, in accordance with said petition, the following proposition shall be submitted to the freeholders and qualified voters of said Precinct 3 for their action thereupon:

PROPOSITION

To determine whether or not the following classes of animals to-wit: horses, mules, jacks, jennets, donkeys, hogs, sheep and goats shall be permitted to run at large in said Precinct 3.

That said election shall be held at the following places in said Precinct 3:

(3) Election Precinct No. 3 in Herbert Schmidt Residence Building, in Deaf Smith County, Texas.

All qualified voters and freeholders wishing to vote absentee in said election shall do so at the office of the County Clerk in accordance with the terms and provisions of the Election Code.

The manner of holding said election shall be governed as near as may be by the Election Code of this State, and none but freeholders and qualified voters of said county shall be allowed to vote at said election.

A copy of this order shall serve as notice of said election, and said notice shall be published in a newspaper of general circulation published in this county, the date of the first publication being at least 30 days before the date of said election and continue in each successive issue of said newspaper for at least 30 days.

DATED this 10 day of March, 1965.

H. C. Williams County Judge, Deaf Smith County, Texas. B-8-38-1fc

Legal Notice

ORDER AND NOTICE OF ELECTION

THE STATE OF TEXAS COUNTY OF DEAF SMITH

WHEREAS on the 8 day of March, 1965, there was presented to the Commissioners' Court of Deaf Smith County, Texas, the

petition of 21 freeholders and qualified voters of said Precinct 3 requesting that an election be ordered in said Precinct 3 to determine whether or not the following classes of animals to-wit: horses, mules, jacks, jennets, donkeys, hogs, sheep and goats shall be permitted to run at large in said Precinct 3; and

WHEREAS on the 10 day of March, 1965, the Commissioners' Court of said county ordered that said election be held in said Precinct 3 on the 24 day of April, 1965, and

NOW, THEREFORE, I H. C. Williams, in my capacity as County Judge of Deaf Smith County, Texas, do hereby order that an election be held in said Precinct 3 on the 24 day of April, 1965, which date is not less than 30 days from the date of this order, at which election, in accordance with said petition, the following proposition shall be submitted to the freeholders and qualified voters of said Precinct 3 for their action thereupon:

PROPOSITION

To determine whether or not the following classes of animals to-wit: horses, mules, jacks, jennets, donkeys, hogs, sheep and goats shall be permitted to run at large in said Precinct 3.

That said election shall be held at the following places in said Precinct 3:

(3) Election Precinct No. 3 in Herbert Schmidt Residence Building, in Deaf Smith County, Texas.

(8) Election Precinct No. 8 in Walcott School Building, in Deaf Smith County, Texas.

All qualified voters and freeholders wishing to vote absentee in said election shall do so at the office of the County Clerk in accordance with the terms and provisions of the Election Code.

The manner of holding said election shall be governed as near as may be by the Election Code of this State, and none but freeholders and qualified voters of said county shall be allowed to vote at said election.

A copy of this order shall serve as notice of said election, and said notice shall be published in a newspaper of general circulation published in this county, the date of the first publication being at least 30 days before the date of said election and continue in each successive issue of said newspaper for at least 30 days.

DATED this 10 day of March, 1965.

H. C. Williams County Judge, Deaf Smith County, Texas. B-8-38-1fc

petition of 21 freeholders and qualified voters of said Precinct 3 requesting that an election be ordered in said Precinct 3 to determine whether or not the following classes of animals to-wit: horses, mules, jacks, jennets, donkeys, hogs, sheep and goats shall be permitted to run at large in said Precinct 3; and

WHEREAS on the 10 day of March, 1965, the Commissioners' Court of said county, ordered that said election be held in said Precinct 3 on the 24 day of April, 1965, and

NOW, THEREFORE, I H. C. Williams, in my capacity as County Judge of Deaf Smith County, Texas, do hereby order that an election be held in said Precinct 3 on the 24 day of April, 1965, which date is not less than 30 days from the date of this order, at which election, in accordance with said petition, the following proposition shall be submitted to the freeholders and qualified voters of said Precinct 3 for their action thereupon:

PROPOSITION

To determine whether or not the following classes of animals to-wit: horses, mules, jacks, jennets, donkeys, hogs, sheep and goats shall be permitted to run at large in said Precinct 3.

That said election shall be held at the following places in said Precinct 3:

(3) Election Precinct No. 3 in Herbert Schmidt Residence Building, in Deaf Smith County, Texas.

(8) Election Precinct No. 8 in Walcott School Building, in Deaf Smith County, Texas.

All qualified voters and freeholders wishing to vote absentee in said election shall do so at the office of the County Clerk in accordance with the terms and provisions of the Election Code.

The manner of holding said election shall be governed as near as may be by the Election Code of this State, and none but freeholders and qualified voters of said county shall be allowed to vote at said election.

A copy of this order shall serve as notice of said election, and said notice shall be published in a newspaper of general circulation published in this county, the date of the first publication being at least 30 days before the date of said election and continue in each successive issue of said newspaper for at least 30 days.

Sidewalk Designs Studied

City Manager Dudley Bayne Monday viewed samples of exposed aggregate sidewalk materials for possible use in the "Variety Park" downtown remodeling project.

Bayne said a 15-day waiting period, during which any property owner may start legal proceedings against the project, is required before the contractor can begin. "I've never known that to happen but there is always that possibility," Bayne said.

The sidewalk colors will be selected by Bayne and the city engineer, Bill McMorries of Amarillo. Bayne said his initial expressions favor the use of the exposed aggregate in blue, yellow, white and brown colors.

A PUBLIC HEARING is scheduled at 7:30 p.m. Monday before the city commission for protests of the assessment program planned to finance part of the \$93,000-plus project.

FUTURE NURSE CONTESTANT — Miss Dorothy Wolser, 17, daughter of Mr. and Mrs. W. H. Wolser, Route 2, is one of the contestants in the Miss Future Nurse of 1965 contest which is sponsored by the Amarillo-Panhandle Area Health Careers Advisory Committee. She will appear on the stage of the Amarillo Municipal Auditorium April 10th. She is a member of the Future Nurse Club and the American Red Cross.

Hereford Places Third In Tulia Literary Contest

Hereford High School students totaled 72 points in the District 1-AAA, Region 1, Interscholastic League literary contest held Saturday at Tulia High School. Perryton won the contest with 146 1/2 points, with Canyon capturing second place with 89 1/2. Muleshoe trailed Hereford with 52. Tulia was fifth with 37 and Dumas took the bottom position with 36.

With only one exception, each of the six cities in the district entered one contestant in each of the 19 events. Individual first place winners from Hereford were Myra Botkin, ready writing; John Hershey, typing; Sharon John, shorthand, and Tyler Thompson, science knowledge.

In second place positions were Jerry McEachern, boys' prose reading, and Bob Tooley, number sense. Wynn Buck placed third in ready writing and Jerry Jackson placed third in slide rule proficiency. Sandi Thomas and Vickie Inman of the high school journalism staff will compete for journalism awards at the regional meet of the UIL to be held in Odessa April 22-24. The speech department's one-act plays will be judged Friday in Canyon.

Legal Notice

NOTICE OF INTENTION TO ISSUE, REFUNDING BONDS FOR THE PURPOSE OF REFUNDING \$30,000 "DEAF SMITH COUNTY, TEXAS, PERMANENT WARRANTS, SERIES 1965", DATED MARCH 15, 1965

TO THE RESIDENT QUALIFIED PROPERTY TAXPAYING VOTERS OF DEAF SMITH COUNTY, TEXAS:

TAKE NOTICE that on the 10th day of May, 1965, the Commissioners' Court of Deaf Smith County, Texas, at the regular meeting place of said Court in the Courthouse at Hereford, Texas, will pass an order authorizing the issuance of refunding bonds of said County in the principal sum of THIRTY THOUSAND DOLLARS (\$30,000), for the purpose of refunding, cancelling and in lieu of the indebtedness now outstanding against said County, represented by — \$30,000 "DEAF SMITH COUNTY, TEXAS, PERMANENT IMPROVEMENT WARRANTS, SERIES 1965", dated March 15, 1965, being warrants numbered 1 through 10 in denomination of \$3,000 each, bearing interest at the rate of 4-1/2% per annum and maturing serially on March 15th in each of the years as follows: \$3,000 1966 through 1975.

FURTHER TAKE NOTICE that the proposed refunding bonds shall bear interest at a rate of not to exceed FOUR AND ONE-HALF PER CENTUM (4-1/2%) per annum, payable annually or semi-annually, and the principal amount of said bonds shall become due and payable serially, the maximum maturity date to be no later than the 31st day of December, 1975.

AND FURTHER TAKE NOTICE that the said "DEAF SMITH COUNTY, TEXAS PERMANENT IMPROVEMENT WARRANTS, SERIES 1965", are described in that certain order of the Commissioners' Court of Deaf Smith County, Texas, passed and adopted on the 29th day of March, 1965, recorded in the Minutes of said Court, to which order reference is here made for a more detailed description of said warrants, and said order is here adopted by reference in respect of the description of said warrants and shall be considered as much a part of this notice as if incorporated herein.

WITNESS MY OFFICIAL SIGNATURE, this 29th day of March, 1965.

H. C. Williams
County Judge, Deaf Smith County, Texas

Junior, County Spelling Bees Today, Monday

Junior and county spelling bees for Deaf Smith County will be conducted today and Monday, according to Miss Della Stagner, elementary school coordinator.

Elementary pupils participating in the annual contest will compete today in the high school cafeteria, beginning at 2 p.m.

The winner in this contest will be an observer at the Amarillo Spelling Bee to be held May 1. Entrants in the contest are Chip Forby and Susie Lucero, grade 6, Northwest Elementary; Alicia Hubble, grade 6, and Kathy Ware, grade 5, Aikman Elementary; Cheryl Cole, grade 6, and Cynthia Newsom, grade

5, Central Elementary; Louis Aven, grade 5, and Dana Rush, grade 4, Shirley Elementary; Marian Betzen and Sandra Frye, grade 5, from St. Anthony's Catholic School.

Judges for the junior event will be Mrs. Edward Patzold, Miss Carma Thomas and Mrs. Thomas Braddy. Miss Della Stagner will pronounce the words.

Also to be held in the cafeteria, the county spelling bee will be Monday at 2:30 p.m. Winner in this event will be a contestant in the Amarillo bee, with the Amarillo winner going to the national finals in Washington, D. C., in June.

Entrants in the county bee are Renee Beckman and Lois Ker-shen, both eighth graders from St. Anthony's, and Renette Hubble, grade 8, and Kathie Phillips, grade 7, from Stanton Junior High School.

Harding College Chorus Coming

The Harding College (Ark.) chorus will appear in a 7:30 p.m. Friday program at the Central Church of Christ, Sunset Dr. and Plains Ave.

The 42-member group is on tour of the Southwest. They will stay in church member's homes Friday night before leaving for Oklahoma City. They will arrive from Albuquerque. The chorus performs on a regular taped broadcast here each Sunday afternoon over Radio Station KPAN.

Harding College is at Searcy, Ark., and is supported by members of the Churches of Christ. Visitors are welcome at the spelling sessions, Miss Stagner said.

Mrs. Martinez Buried Tuesday

Funeral Mass for Mrs. Otilia Martinez was read Tuesday by Father Raymond Gillis in St. Joseph's Mission. Mrs. Martinez, a resident of the Labor Camp, died Monday in Deaf Smith County Hospital

following a long illness. Born July 9, 1898, in San Benito, she married Ovidio Martinez in 1948 in La Paloma. They came to Deaf Smith County in 1959 from La Paloma. Surviving are her husband, her father, three sons and three daughters. Interment was in St. Anthony's Cemetery under direction of Gilliland Funeral Home.

Look Who's New

Mr. and Mrs. Neal Crist of Odessa announce the arrival of a baby girl born March 28th. They name her Lori Dawn. Grandparents are Mr. and Mrs. J. E. Turner of Hereford and Mr. and Mrs. F. B. Crist of Clayton, N. M.

What Lutherans Teach

By Fred Beversdorf, Pastor

"Oh, doesn't she (he) look like an angel!" is a remark often made as people view little babies. All too often, a few years later, some people will almost call them little "devils".

Are children angels? No. Angels are another set of God's creation. Are children devils? No. Devils are fallen angels.

So what are children? They are offspring of human beings, as anyone knows.

How are they born in relationship to God? Are they God's children by birth? Jesus answered that clearly when He said "That which is born of flesh is flesh."

Can a human be born saved? Hardly. Jesus answered that too when He said, "You must be born again."

So a child is simply born without God. That's really the deepest meaning of sin — "without God."

Now is a child born believing in Jesus Christ? "How can they believe in Him of whom they have not heard?" So — they must be told about Jesus Christ and how He died and rose again to save them. Thus God forgives them when they believe in Christ and they have been born again. Thus sin is provided for. Think about it!

Beulah Williams Rites Friday At First Methodist

Last rites for Mrs. Beulah Williams, 71, will be at 2 p.m. Friday in First Methodist Church with the Rev. H. L. Thurston, pastor, officiating. Burial will be in West Park Cemetery under direction of Gilliland Funeral Home.

Mrs. Williams died at 1 a.m. Wednesday in Deaf Smith County Hospital following a short illness.

She was born Oct. 27, 1893, in Sewanee, Tenn., and married Charlie Williams in June, 1921, in Santa Anna, Calif. Mr. and Mrs. Williams came to Deaf Smith County from California in 1921. He preceded her in death in 1942.

Mrs. Williams is survived by her mother, Mrs. Hunziker of Tracy City, Tenn., a daughter, Marie Cox of Brigham City, Utah, a son, James W. Worrell of New York City, four brothers, five sisters, and seven grandchildren.

Workman Active On Incinerator

A Tulia construction company began pouring concrete this week for the foundation of the building to house the city's incinerator.

Workmen for Stout Steelbuilders, Inc., are expected to have the building completed within two weeks, said City Manager Dudley Bayne. Work on the foundation for the incinerator, to be erected under the direction of Industrial Blow Pipe Co., Memphis, Tenn., also would start this week.

The engineer from the company who will supervise the machinery's erection can be here on two days notice, Bayne said. He will be summoned as soon as the building and incinerator foundation are ready.

The incinerator is being placed at the city dump ground, one mile east of Aikman Elementary School.

Grand Jury Meets Next On Tuesday

A 69th District Court Grand Jury will convene Tuesday morning to pass on criminal cases.

It will be the same jury impaneled in February. Grand juries normally serve for six months.

Clerk Lucille Posey said the jury will probably be needed for two days in the April term. Jury trials will begin on April 12.

City Officials To Austin For Meeting

The mayor and two city commissioners flew to Austin for a Monday breakfast meeting arranged by the Texas Municipal League with area legislators.

They returned Monday afternoon. Making the trip were Mayor Ray Cowart and Commissioners Gid Brown and Albert Maxwell.

By MELVIN YOUNG

With election day only 3 days hence (Saturday) we have heard precious little discussion concerning the outcome of the school board election.

Five candidates have filed for the board with two posts to be filled.

A. T. Mims, now serving out the unexpired term of Dr. L. B. Barnett, is the only incumbent to file. Ivan Block, president of the board did not file for reelection.

Those filing for the board other than Mims include Shirley Garrison, Steve Clements, L. B. Russel and Dr. Gale J. Page.

Garrison, a Castro Co. farmer, is also active in the Sugar Beet Growers Association and the Castro Co. Farmers Union. He has served as secretary-treasurer of the latter.

He is chairman of the official board of the First Methodist Church, a director of the Gas Users Association of Castro County and was chairman of the citizen study committee that reviewed the \$2.5 million bond issue passed last year by the school district voters.

Clements has been a resident of hereford since 1951, moving here from Ft. Worth and now farms in the Westway Community.

He graduated from high school in Ft. Worth and attended Texas A.&M. He is a member of the First Presbyterian Church and serves as an officer and director in the Deaf Smith County Farm Bureau.

Russell, now in the insurance business, has served as principal of Shirley Elementary School as well as the High School. He is a member of the Hereford Lions Club, Masonic Lodge and is now serving as secretary of the Hereford White-face Booster Club. He is a member of the First Methodist Church.

Page has lived in Hereford for the past five years, operating Hereford Chiropractic Center, 101 Ave. E.

He is a member of the Church of Jesus Christ of the Latter Day Saints, where he serves as Sunday School superintendent. He is also a member of the Elk's Lodge.

In the city election coming up Tuesday, April 6, only one post will have a contest. Mayor

Ray Cowser, incumbent, is unopposed for a third term, while R. P. (Dick) Barnard is unopposed in his first bid for public office. He is seeking a seat on the council.

Charles Bell and Joe Easley will battle it out for Place 1 on the council.

-HB-

Both city and school have faced a multitude of problems over the past two years with the record growth that Hereford has experienced. The school is now in the midst of a gigantic \$2.4 million building program which will continue for some time yet. Plans have recently been accepted for a new junior high building to be located north of the football field, one elementary school is now under construction and another in the planning stages to be built if school enrollment indicates the need.

An speaking of school enrollment, it hit an all time high this past year, and the school census taken a couple of months ago now indicates that 4330 students will enroll at the beginning of the 1945-46 school year.

That figure will probably be low. Past records indicate that actual enrollment usually exceeds the census figure. Peak enrollment for this year topped the 3900 figure.

-HB-

Meanwhile home building is continuing around Hereford, although not at the accelerated rate of one year ago. It has settled down somewhat. Business building on the other hand is just now starting to get rolling with the announcement of two shopping centers within the last month, and a recent announcement of a new Safeway store to be built in the Park Ave. center next to Gibsons. Construction on that building is underway.

Along Main Street a few of the merchants are sprucing up their stores while others are waiting for the completion of the "Variety Park" project before starting on new fronts, etc.

McDowell Drug is moving this week into their new location. McDowell has remodeled the old Hereford Brand building Main Street and is now in the process of setting fixtures on moving merchandise. He will close

Saturday noon and reopen Monday morning in the new store building. Moving only three doors north of his present location, the local druggist will add approximately 30 per cent more floor space in the new location.

Benny Womble brought us a road map, recently. Not just an ordinary road map, but a most unique map. In fact you can hardly call it a map.

It is entitled "Official Log" and was published in 1918 by Russell & Cockrell Printing Co. of Amarillo, and is a highway directory of a four state area.

A typical section of the directors guiding the traveler from Amarillo to Clovis reads as follows:

"0.0 AMARILLO, Seventh and Polk Street. Russell & Cockrell on right.

"0.5 School on right. "1.1 Off pavement. Go straight. "2.0 Turn right. "2.4 City Limits. Ignore road to left.

"4.3 Turn left. "4.5 Turn right. "10.5 Turn left."

The directions continue until the traveler enters Clovis, N.M., 108.6 miles from his point of origin.

The "Log" by the way, was published in 1918, and we presume that all the roads in this area were dirt roads at the time. We wonder what would happen to the traveler with a broken speedometer?

But then, we can become lost with today's modern road maps. We wouldn't have had a chance in 1918.

-HB-

One woman has defined retirement as "Twice as much husband on half as much income."

-HB-

Norton Ranches Join Hereford Association

KANSAS CITY, Mo. (Special) — Norton Ranches, Hereford has been named to membership in the American Hereford Association, the world's largest purebred registry organization with headquarters in Kansas City, Missouri.

Eighty-five Hereford breeders were placed on the Association's official roster during February. The Association maintains active accounts for more than 60,000 breeders of registered Herefords over the nation.

ESPECIALLY THOSE NEAR BIG CITIES

Bill Would Give Farmers Tax Break

By VERN SANFORD Texas Press Association

AUSTIN — Farmers, especially those living near large cities, would get a big tax break under a constitutional amendment now pending in a House committee.

Bill by Rep. W. T. (Bill) Dungan of McKinney, calls for farm land being used for agricultural purposes to be taxed on its productive capacity, instead of its market value.

Witness testifying before the House Constitutional Amendments Committee said that in some cases taxes exceed the dollar-yield of the land being used for farming or ranching. In those cases, pressure to sell the land for residential or commercial development virtually is impossible to resist.

TESTIFYING in favor of the resolution, Rep. Alonzo Jamison of Denton said Texas soon may get to the point when only people with city jobs will be able to afford land in the countryside.

Other supporters were representatives of the Texas Farm Bureau, the Texas Farmers Union, the South Texas Milk Producers Association and farm bureaus of Nueces and Hays counties.

Dungan said the proposal provides for land to be assessed at lower rates so long as it is in agricultural use.

At the time the land is taken out of agricultural production, it would have a lien for the difference between the agricultural tax evaluation and the market value the seven preceding years. Tax would be payable either by the farmer or the buyer.

STUDENT LOANS — Texas students from junior college to graduate school level would be able to get state-financed loans to pay for their educations under a proposed constitutional amendment due to go to voters in November.

Senate approved the measure by Rep. George Hinson of Mineola to set up a \$75,000,000 bond-supported loan fund.

State, denominational, private college and university students would be eligible to borrow sums needed for tuition and reasonable living expenses. Loans would be repayable in 10 years at four to four and a half per cent interest.

Gov. John Connally recommended the program in his message to the Legislature last January.

If voters approve the plan, Hinson estimates \$28,000,000 to \$32,000,000 will be borrowed by Texas students within the next two years.

LONGER TRUCKS — Larger trucks, twin trailer trucks and three unit combinations soon may be traveling Texas highways.

A bill passed and sent to the governor will extend maximum length of single trucks from 35 to 40 feet and tractor-trailer maximums from 50 to 55 feet.

Three-unit combinations up to 65 feet long, now not allowed, will be permitted on Texas highways.

DRINKING HOURS — Bars would stay open later and liquor stores close earlier under a House Liquor Regulations Committee recommendation.

Committee okayed a bill by Rep. Dick McKissack of Dallas to extend beer-drinking hours to 2 a.m. seven days a week and make beer available at noon instead of 1 p.m. on Sundays.

Also approved was a bill by Rep. L. DeWitt Hale of Corpus Christi to close package stores at 8 p.m. instead of 10 p.m. Exception would be hotel room service which would be permitted until 10 p.m.

Hale said his bill would help

curb liquor store burglaries by closing during hours when most holdups occur.

Committee also heard testimony on a bill regulating liquor sales to minors. It places the burden of responsibility on the purchaser rather than on the seller. Bill calls for Texas Liquor Control Board identification cards for persons age 21 and over.

Retailer could require that cards be shown before making a sale. Misuse of identification cards or misrepresentation in acquiring them would subject purchaser to fine and jail term.

ELECTION INVALIDATED — A justice of the peace and a constable elected by write-in votes in Mitchell County last November cannot hold their offices because at the time of the election the precincts for which they were elected did not exist, Atty. Gen. Waggoner Carr ruled.

An order of the commissioners court changing precinct boundaries had been entered, but it was made effective January 1.

However, Carr added that it is perfectly lawful for persons to be elected to an office which is not printed on a ballot by writing in the name of the office and the name of the persons they wish to vote for. Election in this manner is valid even if only a small number of persons participate.

APPOINTMENTS ANNOUNCED — Four University of Texas regents have been named by Governor Connally. Three of them were confirmed by the Senate a few days later.

Connally reappointed W. W. Heath of Austin. Also named were Jack S. Josey of Houston, W. H. Bauer of Port Lavaca and former Congressman Frank N. Ikard of Wichita Falls. Josey, Bauer and Heath were speedily

confirmed. Ikard, who is working in New York, has not yet been interviewed by the Senate nominations committee.

Connally also announced nine appointments to the Texas State Historical Survey Committee. Re-appointees are Patrick E. Taggart of Waco, Charles R. Woodburn of Amarillo, Edward H. Hart of Corpus Christi, and Lewis R. Timberlake of Austin. Others named are R. Don Thorne of El Paso, Thomas C. Unis of Dallas, Harold L. Kennedy of Palestine, A. M. Pate Jr. of Fort Worth and Robert L. Lowry of Houston.

PHONE SERVICE HIT — Rural citizens are open to discrimination by some telephone companies, House State Affairs Committee was told.

Witnesses from East, Central and North Texas testified at a hearing in favor of a bill to give commissioners courts or a state commission power to regulate rural area telephone rates.

Bill by Reps. Dick Cherry of Waco and James D. Cole of Greenville was sent to subcommittee.

PARK IMPROVEMENTS — Nearly 100 piney woods residents jointly presented Governor Connally the report of the Big Thicket Park Study Commission.

Included were recommendations that an additional 2,000 acres be acquired for the Alabama-Coushatta Indian Reservation; that a 200-acre camping area be set aside immediately south of the reservation; that a 10,000-acre Big Thicket State Forest be created south of the camp area; that 15,000 acres be acquired and designated as a Wildlife and Wilderness Area; and that 90 per cent of the Big Thicket country be retained for private uses, but kept in character with the park project.

Texas Highway Department meanwhile announced plans to construct improvements on FM 1915 to make Caddo Lake more accessible to Northeast Texas residents. Project is part of the department program of working with local areas in developing recreational resources.

TAX BOOSTED — Auto owners would have to show proof that they have paid their vehicle property taxes before they could get license plates under a bill approved by the House Revenue and Tax Committee.

Bill by Rep. John Traeger of Seguin, familiar to legislators from past sessions, now is on House calendar for debate.

GAMBLING CURB — Proponents of legalized race horse betting have a rival in a proposed constitutional amendment sponsored by Rep. Rayford Price of Frankston, to prohibit all forms of organized gambling.

"The unfair thing I ever saw to the little ponies," lamented Rep. V. E. (Red) Berry of San Antonio, perennial champion of horse racing.

MEDICAL AID ADVANCES — Bill to set up assistance payments for medical and hospital attention to persons over 65 who are not on the Old Age Assistance rolls is taking a speedy trip through the House.

Bill makes it possible for the state to take advantage more extensively of federal matching funds available under the Kerr-Mills program.

In the Senate, the bill probably will be held up pending action by Congress on new legislation for medical aid to the aged.

Senate may write in provisions allowing Texas to participate in the newer programs before passing the bill. If this is done, then the final details would be worked out by a conference committee of members from

both chambers.

BUILDING DOWN — Total building in Texas during February was eight per cent less than February of 1964. However, it was a five per cent increase over January.

Bureau of Business Research at University of Texas also reports that new residential construction of \$52,800,000 for the month was down 18 per cent from the same period last year. Non-residential building totalled \$47,600,000.

SHORT SNOOTS — A bill to let county commissioners enforce speeding and littering laws on public beaches passed the Senate and went to the House.

A proposed constitutional amendment by Sen. Grady Hazlewood of Amarillo which would have kept the state and local governments from interfering with discrimination in property sales died a quiet death as a Senate committee holding a hearing on it was confronted with a large group of opposing clergymen.

A Senate committee approved a bill by Sen. Jim Bates of Edinburg authorizing 18 per cent bank rates for loans up to \$12,000.

Senate approved four-year terms for governor and other statewide officials.

State government would go on smoothly if a third of the Texas Constitution were repealed, Rep. Carl Parker argued in support of bill to set up a Constitutional Revision Commission.

Proposal to change the name of East Texas College at Commerce to "East Texas State University" received final legislative clearance and was sent to the governor.

Secretary of State Crawford Martin approved articles of incorporation for Frio-La Salle-McMullen counties' Economic Opportunities Development Corporation to participate in the war on poverty program.

Soybeans Development Watched As Possible Activity For Plains

HALFWAY (Special) — Many area farmers are watching with interest the development of soybeans as an additional crop that can be grown on the Plains of Texas.

At this time Texas stands twenty-third in the nation in acres devoted to soybean production. However, at the same time the state of Texas leads the nation in average bushels yield with 28 bushels of beans per acre in 1964. About 2/3 of the total world production of soybeans is in the U.S.A.

DURING THE CROP year of 1964, Texas had only 63,000 acres of land planted to soybeans. Most of the available land is planted with either cotton or grain sorghum, but each year soybeans gain some in popularity.

Due to the unusually dry year in 1964, the yields on all varieties of soybeans were down. In most years, there is some supplemental rainfall to help in crop production.

1965 will see an increase for the nation of over 2 million acres of soybeans that have been planted in some other crop in years past. This demand for soybeans is brought about by the large percentage of the U. S. beans being exported to other countries. 82 per cent of Japan's total soybean imports came from the U.S.A. This ever increasing market is demanding not only more soybeans, but also a product of better quality. At this time soybeans are the leading agricultural export bringing into the U.S. more export money than any other agricultural commodity.

THE HIGH PLAINS Research Foundation at Halfway has been carrying on an accelerated breeding program on soybeans. This first new variety released by the Foundation and given the name of Hinn has proven to be a good producing

and high yielding soybean. Some of the characteristics for which the Hinn was developed are: higher yielding ability than the other varieties being grown in the area; shatter resistance; fruiting higher from the ground for better harvesting and deduction of loss at harvest; will not lodge or fall down. One important characteristic of the Hinn soybean is its ability to produce heavy branches which help compensate for skips and will also help in shading for weed control.

REPORTS FROM some of the growers who planted part of the 6,000 bushels of the Hinn soybean seed during 1964 indicated that an average yield of 33.66 bushels per acre was obtained. This is a composite of all the yields that were reported to the Foundation.

Ray Joe Riley, of Hart, raised the Hinn soybean on his farm 27 miles northwest of Hereford. He had this to say about the Hinn soybean, "From my observation in this area, the Hinn is a contribution, variety wise, to the area soybean production through its yielding ability and its better shatter resistance to weather hazards that we frequently experience out here during harvest."

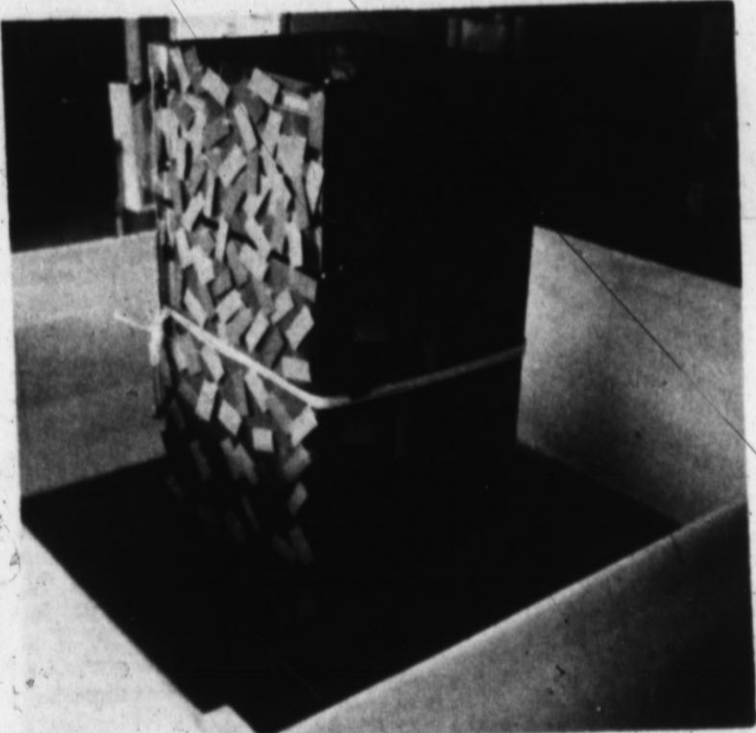

Some of the growers reported high yields of over fifty bushels per acre and yields ranged down to 16 bushels grown on dryland. In general the Hinn out produced all the standard varieties from 3 to 8 bushels per acre. During harvest time, most receiving points were paying around \$2.50 per bushel. At an increase of 3 bushels, this would mean \$7.50 per acre extra income to the farmer.

The cotton textile industry was started in Lancashire, England, about 1821 by Flemish immigrants.

LET'S COOK SOMETHING

Spanish Veal Dish Has Special Features

By CECILY BROWNSTONE
Associated Press Food Editor

Here's an economical dish, a stuffed breast of veal, that is prepared ahead and reheated at the cook's convenience.

This Spanish recipe was adapted from a cook book compiled and published in Madrid. The original directions specify the use of a pressure cooker. When we tested this method in our kitchen, we found it yielded tender meat in a short time.

STUFFED VEAL BREAST

- 2 1/2 pounds boned breast of veal (4 pounds before boning)
- 1/2 pound chopped beef chuck
- 1 1/2 teaspoons salt
- Pepper to taste
- 1 egg, slightly beaten
- 10 green olives, pitted and chopped
- 1/4 cup olive oil
- 3 cloves garlic, peeled
- 1 medium onion, quartered
- 1 small carrot, quartered
- 1 bay leaf
- 2 tablespoons tomato catchup
- 1/2 cup white wine
- 1 cup water

Lay veal flat; trim any ragged edges. Mix beef with 1/2 teaspoon of the salt, the pepper, egg and olives. Press beef mixture flat over veal to within 1/2-inch from edges. Roll up veal, tucking in edges; tie with cord. In a pressure pan, brown veal in the olive oil with the garlic; discard garlic. Add onion, carrot, bay leaf, catchup, wine, water and remaining 1/2 teaspoon salt. Cook in pressure pan at 15 pounds pressure for 20 minutes;

allow pressure to return to normal. Remove meat, cover and chill. Puree vegetables and liquid in electric blender. Slice cold meat thin and reheat in sauce. Makes 6 to 8 servings.

SUNDAY BRUNCH

- Rich coffee-cake to serve warm.
- Orange Juice
- Bacon and Eggs
- Crumb Coffee Cake

CRUMB COFFEE CAKE

- 3/4 cup sifted flour
- 3 teaspoons baking powder
- 1/2 teaspoon salt
- 1/2 cup sugar
- 3/4 cup fine dry bread crumbs
- 1/4 cup shortening
- 1 egg, beaten slightly and blended with 1/4 cup milk

Prune Filling
In a mixing bowl stir together the flour, baking powder, salt, sugar and crumbs. Cut in shortening until fine. Add egg-milk mixture and stir until dry ingredients are moistened. Spread 3/4 cup of the batter over the bottom of a greased 8-inch round ovenproof glass cake dish (2 inches deep). Drop half the Prune Filling in small blobs over batter. Cover with remaining Prune Filling over this. Bake in a hot (400 degrees) oven until cake shrinks from sides of dish — about 25 minutes. Cut in wedges and serve warm from dish.

Prune Filling — Crumble together 2 tablespoons each flour and butter with 1/2 cup firmly packed dark brown sugar, 1 teaspoon grated orange rind and 1 teaspoon cinnamon; add 1/2 cup chopped pitted unsweetened cooked prunes and 1/4 cup chopped walnuts.

COMPANY DINNER

Just a few ingredients and simple to make, but great flavor!

FROM SPANISH CUISINE — Breast of veal, boned and stuffed with ground beef. (AP Photo)

- Broiled Chicken Baked Potatoes
- Green Peas with Mushrooms
- Phyl's Apple Betty Beverage

PHYL'S APPLE BETTY

- 3 pounds McIntosh apples
 - 1 cup packaged graham cracker crumbs
 - 1/2 cup sugar
 - 1/4 pound butter
 - 1/2 cup vanilla ice cream
- Peel and core apples; halve and slice thin. In a buttered baking dish (about 11 by 7 by 2 inches) arrange a layer of the apples, sugar and crumbs; dot with butter. Repeat layers making three in all. Cover with foil. Bake in a moderate (350 degrees) oven for 1 hour; remove foil 10 minutes before end of baking time. Serve warm topped with ice cream. Makes 8 servings.

WEEKDAY SUPPER

- A New Jersey cook created this nutritious, well-liked salad.
- Hamburgers Mashed Potatoes
- Green Beans Bread Tray
- Peggy Hall's Wheat Germ Salad Cookies Beverage

PEGGY HALL'S WHEAT GERM SALAD

- 4 or 5 medium carrots
- 1/4 cup wheat germ
- 1/4 cup raisins, rinsed in hot water and drained
- Mayonnaise and salad greens
- Pare carrots; grate medium fine. Mix with wheat germ, raisins and enough mayonnaise to hold together. Serve on salad greens. Makes 4 servings.

4-H Clubs Present Programs At St. Anthony's Guild Meeting

St. Anthony's Guild met in St. Anthony's auditorium recently with Mrs. Alfred Reinart presiding for the business session. The resignation of Mrs. Bob Lamm was accepted and Mrs. Reinart was appointed to serve the unexpired term.

Hostesses for this meeting were Mrs. Joe Reinauer, Mrs. Elbert Vance, Mrs. Ed Loerwald and Mrs. Gene Loerwald. Mrs. A. J. Bezner was the program chairman and the 4-H clubs presented the program.

Happy Workers Club presented "Sweet Betsy Belt" with participating members Connie Stark, Elsie Beene, Elizabeth Gandy, Valerie Craig, Kathleen Funk, Kay Atchley, Mary Jo Clearman and Kyle Carter.

"Vegetable Product and Market" demonstration was presented by the Ford Club with Lisa Williamson and Mary Ann Hoffman giving the demonstration. "Gossip, Gossip" was given by the Willing Workers Club

Reinart, Mrs. Ozetta Wilhelm, Mrs. Frank Annen, Mrs. C. D. Drerup, Mrs. Leo Wikowski, Mrs. Ed Dzuick Sr., Mrs. George Hund, Mrs. Jimmie Jesko, Mrs. Conrad Urbanczyk, Mrs. A. J. Bezner, and Moderator Fr. Angelus Delahunt, S. A.

\$1,004 SHAVING MUG
LONDAON — A large shaving mug of 1706 sold at a Sotheby's auction recently for 680 pounds (\$1,004). The bowl, an unusual Lambeth pottery one, was painted with a surgeon barber about to lead his horse into a stable. It was dated 1706, when barbers did minor surgery.

The folks living in Mud Lick, Ky., Hominy Falls, W. Va., and Honey Grove, Pa., all have a fourth-class Post Office.

American Legion And Auxiliary Have Anniversary Dinner, Memorial Service

Pete Plank brought a program of "Association with Communism" for the 46th Anniversary Dinner of the American Legion and Auxiliary when they met in the Legion Hall recently.

The guest speaker was introduced by Grant Hanna and spoke about his life in Uruguay when he was an exchange student. Plank showed colored slides of the crops, homes and methods of farming, also pictures of the host families.

Plank showed where oxen were used to pull plows on some of the farms while others used more modern up-to-date machinery.

When speaking of some of his experiences while there he said that a hen from the farm took his bed as a nesting place to lay her daily egg. In describing the housing he related that some of the homes have wooden shutters which are closed to keep out flies.

Benny Womble, presiding officer for the dinner meeting and Commander of the local Post, conducted a memorial service for all deceased members. He

was assisted by the Chaplain, Ira Ott. As each name was called a poppy was lifted from the centerpiece and placed on the table.

Charter members honored with a poppy and award were Frank A. Gyles Sr., C. C. Acker, Cliff Estes, C. O. Wilkins, and Past Commanders were honored also with tokens of appreciation. The group joined in singing "God Bless America" at the close of the meeting.

Visitors were Mr. and Mrs. Bill Smith, Mr. and Mrs. Paul Foster and Mr. and Mrs. Rhea Smith all of Amarillo. Smith is Service Officer of the county.

Sixty members and guests attended and other special guests included Mr. and Mrs. Grant Hanna of Hereford, Mrs. Ira Ott, president of the local unit, who presented Mrs. Grant Hanna a poppy corsage in recognition of her efforts, and Mrs. F. S. Smith, a Gold Star Mother, who was also honored with a corsage. Grant Hanna is 18th District Commander and Mrs. Hanna is 18th District President.

Gum Turpentine And Linseed Oil Is For Furniture Cleaning

"Treatment of damaged furniture" was the program for the Westway Home Demonstration Club when they met last Thursday in the home of Mrs. Albert Lamb. The program was brought by Mrs. Bess Werner and J. C. Morrison.

Mrs. Werner and Mrs. Morrison gave several points on treating damaged furniture. They said to help restore the finish use 1/4 linseed oil and 1/4 turpentine, use cream polish without silicon which will not harm the furniture. To remove scratches, use some crayon of matching color and wax over it. Rub off small scratches with the nutmeat of walnuts or pecans.

To clean furniture they said to use gum turpentine and linseed oil. Mrs. Werner demonstrated using "Old Master" paints on picture frames.

Mrs. Paul Rudd was the presiding officer and Mrs. Albert Lamb was the hostess for this meeting. It was announced that the up-coming meeting would be held in the Barn Museum, April 8th, at the George Turrentine farm.

Attending this meeting were Mrs. Roland Hairgrove, Mrs. W. W. Thomas, Mrs. Arnold Fangman, Mrs. Paul Rudd, Mrs. Lamb, Mrs. Kenneth Rudd, Mrs. Morrison and Mrs. Werner. Mrs. Stanley Vinson was a visitor.

'Miladys Fantasies' Style Show Slated In Dimmitt Friday

Miladys Garden Club style show, "Miladys Fantasies" will be presented in the Dimmitt South Grade School Cafeteria tomorrow evening, 7:30 p.m.

Fashions for toddlers, boys, teens, mothers and grandmothers will be shown.

Participating merchants will be Cobbs, Mannings, Sugar N Spice Shop and K-K Western Shop.

Darlene Dowell is president of the Miladys Garden Club and Jeanne Campbell of the Jeanne Campbell School of Charm will be the fashion moderator.

General arrangements chairman for the show is Bobbi Bruegel. Other committees preparing for the show are decorations, Mae Hargrove; programs, Sue Boozer; tickets, Bobbie Dameron; publicity, Reta Welch; door prizes, Marilyn Carver; props, Judy Waggoner; leader, Carolyn Sides; checker, Reta Welch; and hair styles, Verna Fry.

Mrs. Welch has announced that tickets are available and the admission will be \$1 for adults and 50 cents for children.

Ladies Auxiliary Of VFW Have Initiation

Two new members were initiated into the Ladies Auxiliary of the V. F. W. Friday when they met in the Rock Club House in V. A. Park.

Bertha Herzog was initiated as a new member and Gladys Graham was taken into the auxiliary by transfer from Lubbock.

Ada Hollabaugh, president, presided and named a nominating committee for the selection of new officers at an election the second meeting night in April. The committee named is Wilma Clark, Jackie Crisp and Gladys Graham.

District President announced that the next district meeting will be held in Littlefield and the State Meeting will be in El Paso.

Announcement was made that gifts should be made for the cancer booth to be taken to the State Meeting in El Paso in June.

Members attending were Ada Hollabaugh, Alta Davis, Jackie Crisp, Orpha Nickerson, Naomi Murrell, Nola Ralston, Gladys Graham and Bertha Herzog.

ANNUAL EARNINGS, '67

NEW DELHI (AP) — More than half of India's 480 million people live on less than \$5.25 a month and about a third of the populace have less than \$3.15 a month, a government study on poverty shows. Average annual individual earnings failed to rise above the low level of \$67 the past five years.

LETTER TO THE EDITOR

He Appreciates Editorials About Housing Proposals, Civil Rights

Dear Editor:

I appreciate the recent editorials which recently entered the arena of discussion on the actions of the housing project, and the recent civil rights agitation.

I am happy that you had enough courage to say the things you did.

A simple thought ought to be remembered in connection with any federal project. It is this. There is no way that money can be sent off either to Austin or to Washington and returned at interest. It will always come back in less amounts. There just is no way it can be done. The money is never returned with interest. So how can it come back in a greater amount? But some people say that Texas and other states receive more than they send off. There's only one conclusion to that matter. Some other states got short-suited. I repeat, there's no way you can send money off to Austin or Washington and have it come back in greater amounts, simply because of administration cost.

THE ONLY THING that will happen if you send some of our tax money off to Washington to come back here under the "guise" of a "welfare" program or a "proverty" program, is that some control from a "foreign" source will begin. That source can be manifold, and it isn't always the government. The real burden of a housing program for imported people who live here for a while to do our work is upon the residents of the county and area where the work is done.

It rests particularly upon those who raise the crops. That's where it rests. They want the workers. Why can not their crop produce the sufficient revenue to produce the housing? If the crop cannot produce it, there's something wrong with the crop, or the price, or those administering it. If people want to raise

lettuce or beets or other similar products, that's their business. It's also their business to find and take care of the workers. For example, Gibson's came in to town and showed us what some reasonable prices for articles are. Did they squak (sic) around that the community ought to supply housing for their employees? (They could keep their magazine racks a little cleaner, though.) Or did the dress factory people say to all of us that granddaddy Washington should fix up their housing?

I WAS GLAD to see the cautious acceptance of a speech that was supposed to sweep all opposition under the rug and let everyone stampe into a mass of hysterical laws that would take another twenty years to unwind. I have great confidence in the intelligence of the American people and the guidance of the Holy Spirit, if ONLY people are given all the facts, so an intelligent decision could be made. I could not help but be forcibly reminded of Christ's statement to his disciples in Matt. 23, 24 as the President spoke. "The scribes and Pharisees sit in Moses seat: All therefore whatsoever they bid you observe, that observe and do; but do not after their works: for they say and do not. For they bind burdens grievous to be born, and lay them on mens shoulders: but they themselves will not move them with one of their fingers."

SO THE PRESIDENT sits in "Moses seat" as far as government is concerned. We believe in obeying the government. He quotes the Bible and the Constitution. I must obey that, because it is a precious gift of God. I will obey it. I do believe in the rights guaranteed therein. But look at those rights. It is not freedom to do anything you please. It is freedom with limits. AND, it is freedom within responsibility. It is freedom within order. Nobody can kid me that

I could organize a march for any purpose I desired and secure permission from the Governor to snarl traffic for five days regardless of our cause. He would oppose it. When they sit down in Washington on the street and are hauled off in thirty minutes because they are obstructing orderly procedures, or are bodily carted out of the Justice Building because business cannot be transacted, that is proper, we are told. But when police do the same thing in Selma, Alabama, that is police brutality.

YES, I AM sure that injustices have been committed in Alabama concerning voting rights and in other areas. But if you could only hear all the facts, you might go a little slower in your judgement. I lived in Alabama for four years and know there are plenty of injustices, but there are lots of better ways of solving them than are presently employed.

To hear our President grasp glory for himself in this area was nothing short of hypocrisy to me, when he has sold an area of land restricting its sale to the very people he said he was championing, when he claimed sponsoring several bills for their advancement but also conveniently forgot to mention others he opposed, and when in 1960 he ran on two platforms completely contradicting each other on this very issue, then I say, we are being stampered into an action that is NOT taking cognizance of all the facts and will lead to deep sorrow. Yes, to borrow, his words, which he borrowed from the Bible, "Let us reason together." Let's not use the constitution when its convenient, and when it's not, call it a tool useful for those living in the age of the dinosaur. Let's not quote the Bible when its useful to pass some legislation, but conveniently forget it when an outlandish business proposal presents itself." Yes, let us reason together — under the cross — and become truly equal in sin and in righteousness and honesty. Then God-pleasing results will occur, but not before.

Sincerely,
Fred Beversdorf

DON'T STOP THE CARNIVAL BY HERMAN WOUK

Herman Wouk's new novel, perhaps the most entertaining he has written, is an ironic comedy of tropical adventures, misadventures, and love affairs:

A middle-aged New Yorker named Norman Paperman, a successful and well-know Broadway publicity agent, suddenly finds his glittering Manhattan life empty, boring, unbearable. He chucks it all to buy a hotel on the island of Amerigo, in the Caribbean Sea. To anybody who has ever dreamed of such an escape to an island-paradise — and who has not? — This book will come as a revelation, as well as a hilarious and beguiling tale; for it is written by a master novelist who lives in the West Indies, and it is utterly authentic.

Paperman's efforts to cope with the Bizarre characters and strange ways of the tropic island leads to explosive comic situations. His desperate attempt to recapture his youth, in a sunset love affair with a film actress whom he once idolized, starts as a poignant, bitter-sweet idyll, and ends in heartbreak.

This book has a cast of characters worthy to stand with Captain Queeg and so many other memorable portraits in the long Wouk gallery.

Charles T. Witt Ends Training

SAN ANTONIO (Special) — Airman Charles T. Witt, son of Mr. and Mrs. Oliver D. Grigsby of 239 Avenue E, Hereford, has completed Air Force basic military training at Lackland AFB.

Airman Witt has been selected for technical training as a communications-electronics specialist at the Air Training Command (ATC) school at Keesler AFB, Miss. His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nation's aerospace force. The airman attended Tulla High School.

In 30 years the population of the California condor has declined by one-third, from an estimated total of 66 birds to an estimated total of 46.

Country Areas Have Potential For Recreation

COLLEGE STATION (Special) — Texas farms and ranches hold a great potential in the field of recreational development, says the Texas A&M Extension Service.

Private recreational facilities have increased landowners' income from property in many states, and there is no reason why the same can't be true for Texas says Boyd Andrews, Extension resource development specialist at Texas A&M University.

SINCE THE USE of farm and ranch land for recreational purposes is a completely new venture for most landowners, careful consideration should be given to recreation requirements prior to investing cash for recreational development.

The attitude and adaptability of the individual or family is probably the most important factor to consider. A recreational enterprise can be similar to the operation of a small business. Personal characteristics are extremely important to the public.

THE AVAILABILITY of resources to be used for recreation is a second important factor. The landowner must decide what type of recreational enterprise would be best suited in his geographic area, utilizing the existing natural resources.

Distance from population centers is a third major factor. Research data shows that the most successful recreational enterprises are usually within two hours drive of at least one large population center.

If these three factors are satisfied, the particular farm or ranch possesses the basic characteristics for a recreational enterprise, says Andrews. However, additional information should be obtained concerning investment, planning, construction, unfavorable characteristics and management, since all can have great effect upon the success of the enterprise.

Silkworms were first raised in Constantinople from eggs smuggled into the country in a hollow stick.

Hereford Youth Finishes Course

FORT RUCKER, Ala. (Special) — Pvt. Juan D. Aguirre, 19, son of Mr. and Mrs. Concepcion Aguirre, 232 Avenue A, Hereford, completed a four-week light transport helicopter maintenance course at the Army Aviation School, Fort Rucker, Ala., March 19.

During the course Aguirre received instruction in the operation and maintenance of the Shawnee helicopter, a light transport used to carry cargo or troops in support of Army ground units.

Aguirre entered the Army last September and completed basic training at Fort Polk, La.

He is a 1964 graduate of Hereford High School.

Mrs. Ronnie Welty Is Honoree At Miscellaneous Shower-Tea

Mrs. Ronnie Welty (the former Beth Ballard) was honoree at a miscellaneous afternoon shower-tea in the home of Mrs. Richard Winget, 211 Avenue J, Saturday.

The serving table was laid with a white net cloth over satin, silver service, blue napkins and centered with a flower arrangement of blue carnations and white stock.

White cake squares were decorated with blue bells to carry out the chosen colors of the bride. Corsages of blue carnations were worn.

Greeting guests for the tea in the receiving line were Mrs. Richard Winget, Mrs. Welty, Mrs. Labry Ballard and Mrs. D. L. Welty.

Presiding at the guest register and assisting at the serving table were Miss Ann Braddy, Miss Penny Johnson, Miss Sharon Tinnin, Miss Susan Ballard and Miss Amy Ballard.

Hostesses for the occasion were Mrs. Art Stoy, Mrs. Bill Gentry, Mrs. Garland Solomon, Mrs. J. O. Newell, Mrs. Marshall Wilson, Mrs. A. E. Hodges, Mrs. Tommy Braddy, Mrs. Tom Robinson, Mrs. B. F. Cain, Mrs. Elmer Kimball, Mrs. Shirley Garrison, Mrs. Irving Alex-

ander, Mrs. Maurice Tannahill, Mrs. George Springer, Mrs. Earl Plank, Mrs. James Edmonson, Mrs. R. P. Coneway, Mrs. Luther Leslie, Mrs. Dale Tinnin and Mrs. Richard Winget. The wedding was officiated March 12th in Clovis and the couple are at home in Amarillo.

New York City's Emergency Ambulance Service answers about half a million calls annually manned by 122 ambulances from 14 municipal hospitals and 24 voluntary hospitals.

Electrostatic copying of information that needs to be duplicated is fast, easy and economical.

Pete Progress

speaking for the Deaf Smith County Chamber of Commerce

By BILL THOMPSON
Chamber Manager

Pete came to the office full of enthusiasm. It fairly sparkled around him. Curiosity as to the reason for the enthusiasm was satisfied as quickly as Pete could catch his breath.

"The new Sugarland Shopping Center is going to make Hereford truly an area shopping center. I firmly believe that both downtown and the businesses located in the center will see an increase in total retail sales beyond the expectations of anyone."

Hereford is the natural shopping center for one of the wealthiest and most progressive agricultural areas in the country and yet we have never been quite big enough to attract the sales from the surrounding areas that a true center should attract.

Evans, et al: A part of Lots 4, 5 & 6 and 7, Higgins Subdivision of Lot 1, Block 9, Womble Addition.

Leonard Everett, et ux, to Jimmie R. L. Cramer: All the South 70 feet of the North 321.663 feet of the East 168.2 feet of Block 21, Evants Addition.

Sally F. Parmer, et vir, to Ole T. Larson, et ux: All the East 75 feet of Lots 1 and 2 in Block 71.

Ole T. Larson, et ux, to Sally F. Parmer as her separate property: All of Lot 11 of a Subdivision of Block 43, Evants Addition.

Joe Soliz to Juan Ruiz: The East 75 feet of Lots 39 and 40 of Hough's Subdivision of Block 33, Evants Addition.

Betty B. Rice to Will Walker, et ux: The East 108.71 feet of Lot 6, Block 6, Womble Addition.

Dennis R. Carter, et ux, to E. D. Hopson, et ux: All of Lot 10 of a Subdivision of the East 155 feet of Block 46, Evants Addition.

E. D. Hopson, et ux, to Dennis R. Carter, et ux: Five acres out of the east central portion of the East 1/2 of Section 64, Block K-3.

Bluebonnet Homes, Inc., to Leroy Price and Charles W. Frye: All of Lot 8 and the South 10 feet of Lot 9, Block 8, Bluebonnet Addition, Unit II.

Marriage Licenses
Fred Ramirez Rodriguez and Emma Lupe Vera, Glen Wilson Fuller and Marilyn Kay Bishop, Gregory Thomas Jones and Zadie Carolina Manion, Pete Flack and Linda Louise Hubbard, 3-26.

"THE VARIETY Park project cannot be the end of downtown's competition for the area trade. Retailers and landowners will have to continue to work in harmony to further develop the attractiveness of downtown. Retailers will need to be even more sensitive to the shopping needs of their area customers and provide a wider selection of styles, sizes, price range and service."

"Downtown property owners who have the biggest stake of all in the future — present tenants do not any longer have to stay downtown in their buildings! — should continue to be sensitive to the needs of the retailers to present an attractive store front and interior to their customers."

"THE PROPERTY owner, too, is in competition and should accept his need to compete and enable his tenant to compete successfully for the retail dollar. The retailer cannot compete for the 1965 dollar with a 1945 store. And the loss of one store downtown reduces the selection and therefore the attractiveness to the customer of shopping downtown. The move from downtown then becomes a snowballing effect."

"With the forward looking merchants and property owners in the downtown area this need never occur here, but both must

continue to work together to enjoy the competitive advantage that all Hereford will have over its neighboring communities following the completion of the Sugarland center.

"Competition is the heart and soul of the American free enterprise system. It is the greatest stimulant to our economy that exists and the thing that sets our economy apart from the communist or socialist philosophy. The stimulation of competition from the Sugarland center can be the greatest asset

that downtown ever had if properly used."

Well, some may not agree with Pete but time will eliminate those who do not compete. We'll see how prophetic Pete is in the near years to come.

In the 1964 fiscal year, the U. S. Mint used 114 million ounces of silver. Yet the U.S. produces only 40 million ounces a year. The U. S. Treasury's entire supply of silver is 1,350,000.00 ounces.

Case Equipment Signs Lease For New Site

Case Power & Equipment Company has signed a long-term lease on a new building to be built in the South Park Industrial sub-division, a mile south of Hereford on U.S. Hwy. 805.

The contractor will be the A. G. May Construction Co. which will erect an all-steel building built by Pam-Tex Corp. ofampa.

The sub-division is owned by Sam Nunnally.

"I Shall Keep This Lent"

"LENT" means springtime. It is an old Latin word which means a forty day fasting period next before Easter. It begins with Ash Wednesday and continues till Easter; exclusive of Sundays.

It is a time for the conditioning of our soil... a time for our Souls to become penitent. It simply means that it is spading up time, the season for planting seeds and for setting blooming trees.

In the realm of the spirit it is a call to get ready for the season of beauty and goodness.

Who amongst us is satisfied with what he is or what he has been? Then let us qualify for the Lenten Season. Let us clear away the rubbish of last year's crop, cut under the old stalks. May we learn from our Lord to give ourselves to good conditioning during Lent. The miracle of Lent is genuine repentance which leads to Newness of Life. A Sainly Keeper of Lent said it well when he spoke the words, "I shall keep this Lent, and hope to refresh my Soul." Amen

Yes In The Church
The Church In You
Form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

JUNIOR FESTIVAL WINNERS — Achieving their three year superiors and entitled to a gold certificate are back row from the left, Sherry White, Suzanne Smith, Dale Hollingsworth, David Thomas and front row, from the left, Judy Hollingsworth, Martha Baker, Patti Turrentine, Kay Lynn Ward and Lori Hopson. Not pictured is Sharon White. (Brand Staff Photo)

Junior Festival Ratings Released

Participants numbered 147 entries for the Junior Festival of the National Federation of Music Clubs Friday which was in the First Baptist Church. Piano entries numbered 128, 16 in vocal solo and three in folk song.

Teri Beth Line, daughter of Mr. and Mrs. J. Edward Line, and Lisa Williamson, daughter of Mr. and Mrs. Leroy Williamson, made Superior rating for the fourth consecutive year.

Those making 3-year superior and entitled to a gold certificate included Dale Hollingsworth, Lori Hopson, Patti Turrentine, Kay Lynn Ward, David Thomas, Suzanne Smith, Sherry White, Martha Baker and Judy Hollingsworth, all from Hereford, and Sharon White of Walcott. These were entries in piano solo.

Two-year Superiors included Lee Line, Gary Hicks, Ricky Long, Diana Lyn Hickman, John Nelson, Nancy Fisher, Debra Slaughter, Cheryl Cole, Denny Hicks of Hereford and Rex Talley of Friona. These also were in piano solo.

One-year Superiors in piano solo were Lilli Lyons, Patricia Johnson, Mary Jane Harper, Dean Gripp, Alan Payne, Diana York, Jon Christopher White, David Wiggins, Linda Collins, James Alkin, Nancy Barrett, Kay Clearman, Cynthia Newson, Bruce Barrett, Gayle McCutchen, Robert Jay Robinson, Brent Combs, Dea Anne Caison, Linda Newson, Mary Jo Clearman, Charlotte Williams, Valerie Chisholm, Suzanne Solomon, Deborah Hodges, Vickie Kendall, Cecil T. Guseman II, Sandy Carlson, Vicki Payne, Brenda Formby, Shelly Rush, David Kelley, Kathy Fooks, Becky Long, Richard Brown, Dianne Jack and Penny Johnson of Hereford; Paul Timberlake and Margaret Minks of Walcott; and Vickie Beck and Debbie Horton of Friona.

Mary Margaret Sheehan of Friona made her second Superior in vocal solo.

Making the 1-year Superior in vocal solo included Christi Loerwald, Mona Gale Gibson, Diana Fangman, Terri Carter and Kaylynne Alexander of Hereford and Vickie Schueler and Sharon Aw-

Teri Beth Line achieves four year superior

Lisa Jean Williamson achieves fourth superior

trety of Friona. Vance McGee of Hereford made Superior in folk song. Debra Slaughter, Brenda Formby and Camille Langley entered the Junior Composition contest. Their entries in piano solo were sent in to the National Chairman. Ratings have not been received on them. This is the first year any compositions have been sent from Hereford. Judges for the festival were honored at a luncheon in the Hotel Jim Hill. Judges from Amarillo were Mrs. Gladys M. Glenn, Mrs. Kathryn Steely, Mrs. Inez Jacquot, Mrs. Lydia Grey and Mrs. Carol Lynn. Mrs. A. O. Thompson had

State Tourist Agency Aims Texas Vacations At Texans

AUSTIN (Special) — On the eve of spring and its legacy, vacation planning, steps are being taken to persuade Texans to include Texas in their plans.

A series of four 60-second spots has been sent each of the state's 245 radio stations by the Texas Tourist Development Agency. Each discusses principal vacation highlights of one of four major regions of Texas: East, South-Rio Grande Valley, West and Panhandle-Plains.

PURPOSE OF the spots is to remind Texans that there is an almost unlimited choice of vacation surroundings and pursuits — right at home. Cited are forests, coastal beaches, semi-tropic greenery, inland lakes and streams, mountains, desert, canyons and historic sites.

Stations in each region received tapes descriptive of surroundings and attractions in the other three regions.

Thus, listeners in East Texas will hear of the mountains of West Texas, just as West Texas listeners will be reminded of the East Texas forests. By the same token, Texans in the High Plains

country will be briefed on the lure of the coast and Valley while South Texans are listening to rundowns on Palo Duro Canyon and Boothill Cemetery at Old Tascosa.

RESEARCH UNDERTAKEN for TTDA emphasizes that Texans in one region of the state know relatively little about other parts of Texas. Hence, the reminders that 1965 is an ideal year to get out and "Discover Texas."

Encouraging greater travel within the state is one of the mandates given TTDA by the 58th Legislature two years ago in creating the agency.

Last summer, 39 outdoor advertising firms in Texas and Shreveport, La., posted 750 of TTDA's 1964 invitation, "Take Time To Enjoy Texas Hospitality." At the same time, scores of Texas newspapers ran ads supplied by TTDA. In both cases sole credit to the state was the printing of poster paper and rolling newspaper mats. Space itself was given.

IN THE SAME vein, the radio stations to which the current spots were sent have been asked to broadcast the tapes as a public service.

In the case of each media, the Texas vacation dollars that are persuaded to "stay at home" enrich the economy just as the out-of-state vacation dollars that are attracted to Texas through TTDA's national advertising program.

And, at the same time, Texans are enabled to discover aspects of their state they may never have known existed.

Greek war chariots held two men, the warrior who dismounted to fight, and the driver, who did not fight.

Doctors Honored On Their Day With Cake, Covered Dish Dinner

Dr. Roy Grubbs accepted a cake from Jane Messick Tuesday on behalf of all doctors from Deaf Smith County in recognition of "Doctors Day".

They were honored also with a dinner in the home of Mrs. M. W. Nobles, 111, Sunset Dr., with members of the Medical Auxiliary bringing the covered dish dinner.

This is an annual event and allows doctors and dentists of the area to be recognized by their families and honor them on their day.

IN APPRECIATION AND — In recognition of "Doctors Day", Dr. Roy Grubbs accepts a cake from Jane Messick, President of the Youth Group — Red Cross, on behalf of the doctors in Deaf Smith County. Mrs. Leroy Aven and Mrs. M. W. Nobles are chairmen of the Red Cross Youth Group. (Brand Staff Photo)

Martha McBride Gives Speech At Kiwanis And Toastmasters Meetings

Martha Ann McBride will be presenting her speech of "What it means to me to be an American" for the noon luncheon meeting of the Kiwanis Club in the Odd Fellows Temple today.

She will also present her speech for the Toastmasters Club this evening in the Country Club.

Martha is a Junior 4-H Public Speaking winner; this was her winning speech which she will be presenting for the elimination competition in Canyon.

Dameron Herds Join Performance Rolls

Area Scout Council Receives Top Award For Achievements in 1964

The Llano Estacado Council of the Boy Scouts of America has been awarded the top Award in Region Nine for its achievements during the 1964 year. Region Nine covers the states of Texas, Oklahoma and New Mexico.

The Council was awarded the Region Nine Chairmans award at the annual regional meeting held in San Antonio last weekend. Accepting the award for the council was Art Cox of Amarillo, council president for 1965.

THE COUNCIL area covers nine counties: Deaf Smith, Randall, Armstrong, Dallam, Hartly, Moore, Oldham and Sherman and the towns of Happy and Friona. The council award is based on accomplishments in 33 areas. The council placed first in seven items among the 34 council in the region, and second in three items,

and had seven third places. Among the first place items were percentage of leaders with basic training, percentage of leaders with full training, total advancements per 100 troop members, Scout troops with ten days and nights camping, percentages of Cub age boys taking part in the program of Cubbing, new units, registration of units and numbers of Troops available for boys to join.

THE LOCAL Tierra Blanca district of the council is one of the top districts in the council and one of the fastest growing according to Ed Skypala, district chairman. It has a high camping and outdoor activity record and during the past year showed a 50 per cent growth in membership.

Bruce L. Miller served as district chairman during 1964. Local members of the council executive board are Ed Skypala, John D. Pitman, Bruce Miller, Palmer Norton, Loren Critex of Adrian and Dan Ethridge of Friona. Bill Phipps is district commissioner. Louis Machuca is the district scout executive.

Plymouth sales in Texas prove it!

TEXANS LIKE TEXAS-SIZE PLYMOUTH'S

'65 Plymouth Fury

It's no surprise that Plymouth sales for the '65 model year are up over last year and still going strong. Texans like things "Texas-size" and Plymouth for '65 certainly fills the bill. The Plymouth Fury is the biggest, plushest Plymouth ever—but still solidly in the low-price field. And every Plymouth has a 5-year/50,000-mile engine and drive train warranty.*

***HERE'S HOW PLYMOUTH'S 5-YEAR/50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU:**
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

REP. ROGERS REPORTS

House Commerce Group Starts Its 171st Year

By WALTER ROGERS
U.S. Representative

Sam Rayburn once said, "Legislation should never be written to punish someone. It should always be written in a spirit of fair play, justice, and equal opportunity. This middle road — the road of reason and fair play — is a hard one to walk, but more often than not it is the path of common sense and justice."

It was in this spirit that Sam Rayburn served his Nation for 48 years as a member of the House of Representatives. For more than 26 years he presided over the House as its Speaker. The facts of this great Texan's life are well known; how he rose from modest family circumstances to the very pinnacle of this country's governmental power. The House of Representatives has produced no more illustrious figure for history to remember than the late beloved "Mr. Sam."

FOR SIX YEARS, during that depression-plagued period from 1931-1936, Sam Rayburn was chairman of the House Committee on Interstate and Foreign Commerce, the committee often referred to in the press as the "House Commerce Committee." Sam Rayburn and those who served on the committee with him forged such momentous legislative measures as the Securities Exchange Act of 1934, the Communications Act of 1934, the Public Utility Holding Company Act of 1935, and the Motor Carrier Act of 1935.

Under Sam Rayburn's leadership, the committee's work produced legislation that did much to alleviate economic distress in those troubled years. In recognition of this, I and other members of the Committee on Interstate and Foreign Commerce journeyed to Bonham, the late Speaker's home town, to present to the Sam Rayburn Memorial Library framed copies of the major public laws which had emerged from the committee while he was its chairman.

BECAUSE OF SAM Rayburn's great service on the Interstate and Foreign Commerce Committee it was only fitting that the committee he'd led should be assigned to the most prominently located committee hearing room in the new building bearing his name. The beautifully appointed room is directly opposite the South Capitol Street entrance to the Rayburn House Office Building. On March 23,

for the first time, the committee was convened in the new chamber.

Serving in the tradition of Sam Rayburn and the other great committee chairmen of the past is the Honorable Oren Harris of Arkansas, a member of the committee for 21 years and its chairman since 1967. Congressman Harris led those of us who serve with him on the committee in a brief ceremony dedicating the new hearing room when the committee came to order that Tuesday morning. The ceremony was a simple one, but it served to remind us all most forcefully of the history and significance of the committee and its accomplishments — and as an inspiration that our work in the future should be done no less well.

THE COMMITTEE on Interstate and Foreign Commerce was the third committee created by the House of Representatives, having been established in the 4th Congress on December 1, 1796, as the Committee on Commerce and Manufactures. The committee thus is beginning its 171st year of concern and action on basic matters — transportation, natural resources, public health, power transmission, communications, and finance — which affect the personal lives of every American. On the day the new hearing room was dedicated, the committee conducted a hearing on transportation with commissioners of the Interstate Commerce Commission as witnesses.

This was an appropriate subject for the first day's work in the new chamber because in the view of many the 1887 enactment of the Interstate Commerce Act which established the ICC — a law drafted by the committee — was among the most important actions ever taken by Congress.

EVERY CITIZEN is affected by the decisions made by the Interstate and Foreign Commerce Committee. Its jurisdiction encompasses interstate and foreign commerce generally; civil aeronautics; inland waterways; interstate oil compacts and petroleum and natural gas, except on the public lands; public health and quarantine; railroad labor and railroad retirement and unemployment; interstate and foreign communication; interstate and foreign transportation; securities and exchanges, and Weather Bureau activities. These are matters that affect the daily lives of every citizen of the United States.

Recent visitors: Clint Formby of Hereford; Marshall Formby of Plainview; Bill Cook and Bill Kennedy of Amarillo; and Leo Witkowski of Hereford.

Animals Fooled By Fake Spring

SAN ANGELO (Special) — Birds and animals in West Texas apparently had envisioned an early spring, but a late cold front bringing scattered snow interfered.

Texas Parks and Wildlife Department field reports of birds beginning to nest and animals courting were common. Turkey gobblers then strutting colorfully before their flocks, are now apparently more interested in keeping warm than in wooing an attractive mate.

Biologists say wildlife is equipped to adjust to such fluctuations in weather conditions.

Early green plants already dot much of the landscape in all but the North Panhandle, and creatures will enjoy a more abundant food supply while weathering the last old days of winter.
