Caprock Country

Time stands still in the caprock country. The totality of this timeless embrace swallows an unwary mortal as he stands at a gaping chasm and looks into the bowels of ages past. Tensions retreat as he gazes into an indelibly blue sky and lets the awesome spectacle of infinity penetrate his wondering comprehension. There is no sound. Except when the winds blow, and then it's the wonderfully eerie symphony of nature's mournful wailings. Supple ripplings dash from crest to crevice, over hollow and hill — dissolving in

the vastness of the studded prairie beyond. The caprock country is poetic country. It inspires creativity. It makes a man want to search for the beautiful, to spy out the handiwork hidden by every outcropping. He finds in this raw, rugged countenance — worn and woven by the talented hands of time — a catharsis for a "self" contaminated by the grating demands of today's society. Deaf Smith County has just such a prized piece of this terra firma which is scattered around the periphery of the High Plains country and marks, both geographically and politically, the beginning and the end of a special people, a special land and a special heritage. R. P. (DICK) BARNARD
... seeks city post

RAY COWSERT
... to run again

DICK BARNARD FILES

Cowsert To Seek 3rd Mayor Term

With the deadline less than two weeks away, Mayor Ray Cowsert filed Monday for a third term as Hereford's chief executive, and a downtown businessman, R. P. (Dick) Barnard, served notice that he will seek one of two expiring commissioners' posts.

Activity surrounding races for the three positions — which carry two-year terms — has been notably sluggish. The filing deadline is March 5 and the election is slated for Tuesday, April 6.

NEITHER OF the two commissioners whose terms are ending, W. L. (Bill) Davis Jr. and Gid Brown, have indicated whether they will file for re-election. Sources close to the councilmen say it is doubtful that they will seek additional terms. Barnard filed for place No. 2, a designation pertinent to the ballot only since all councilmen run at-large. Cowsert, a longtime resident of the Dimmitt-Hereford area, is an attorney with the law firm of Cowsert and Bybee here. He is completing his second term of office.

BARNARD WAS born in Dimmitt but moved to Hereford as a child and graduated from Hereford High School in the early '30s. He served four years in the Marine Corps during World War II, spending his overseas duty in the Hawaiian Islands. He entered the furniture business in 1946 and is today president of E. B. Black Co. at Second and Main St.

Barnard has served on the board of the Deaf Smith County Chamber of Commerce, has been president of the Rotary Club, is a member of the First Methodist Church and has served on the boards of the United Fund, Camp Fire Girls and Boy Scouts.

He is currently chairman of the merchants planning committee for the "Variety Park" project for beautifying downtown Main St.

No Strong Opposition Is Evident

Supporters of the "Variety Park" project, still treading lightly to avoid any last-minute dissension, suggested Monday night that they favor elimination of all old sidewalks. If this is done, the remodeling job will cost about \$90,000.

Two alternatives have been proposed by the city engineer, Bill McMorries of Amarillo. A slightly cheaper route would retain existing sidewalks where possible.

A review of cost estimates was the ostensible reason for the Monday night meeting, attended by about 25 persons, most of them property owners on Main St., downtown merchants and city officials.

BUT MUCH OF the hour-plus conclave was spent rehashing topics brought up previously in discussion of the beautification project for a four-block area of Main St. Again — as has been the case in the other meetings — no one took an adamant stand against it.

All indications are that city officials, who must set up the assessment program, are moving ahead with every intention of putting the project through.

Mayor Ray Cowsert, however, told the group, using virtually the same words he has used before, "We are doing everything that we can possibly do to lower the cost of the project. If you want it, we'll do everything in our power to see that you get it. If you don't, then we can forget it."

OPPONENTS WILL have one more chance to speak out against the plan at a public hearing which will be called after notices are issued.

64TH YEAR — NO. 8

HEREFORD, TEXAS, 79045, THURSDAY, FEBRUARY 25, 1965

Mercury In Sub-Teens

Dust-Snow Mixture Batters Area, Winds Reach 50 MPH

Where?

POOR VISIBILITY WHICH DROPPED TO 50 FEET HIDES HOLLY PLANT
U.S. Hwy. 60 was closed at times Tuesday afternoon.

Amount Of Moisture Is Small

Winter, which has dealt the Hereford area an unusually mild hand so far, went through the motions of spawning a genuine Panhandle blizzard Tuesday, battering Deaf Smith County with 50-mph winds, sub-zero cold and blinding "dust-colored" snow.

Riding the crest of a powerful Arctic frontal movement, the storm blew into Hereford in the pre-dawn hours and painted the sky with dust well before sunrise. The snow, which quickly piled up in drifts, began about mid-morning. It stopped at late afternoon.

Apparently about two inches fell. It drifted as high as two feet or more as the biting winds whipped it off the open spaces. But when melted down into the official moisture total, it came to a disappointing .01 of an inch.

EMERGENCIES were nil in the Hereford area. Sheriff officers closed U. S. Hwy. 60 for about an hour shortly after noon Tuesday because of low visibility, which dropped below 50 feet at times. Schools dismissed in the early afternoon.

The temperature, which was 43 degrees at midnight Monday, continued its icy plunge during the day. It was into the mid-teens at sunrise and — as unofficially recorded on the downtown bank clock — reached six degrees by 2 p.m.

Several reports by residents early Wednesday indicated that the mercury neared the zero mark. Water pipes froze where not protected. See SCHOOLS, Page 2

Duty First

It was hard to be debonair about those cutting, snow and dust-laden winds Tuesday, but the mail did go through. Marvin Knox bundled up until only his eyes and nose were exposed. He was photographed during the height of the storm plodding on his rounds on 25 Mile Ave. (Staff Photo)

Fuel Contracts Awarded By County Commission

Contracts for petroleum products were awarded Monday by Deaf Smith County Commissioners in a procedure change expected to save several thousand dollars a year.

Six bids were received, but none covered all of the needs which the county encounters in keeping its equipment serviced and running.

Getting the largest contract was R. J. Richardson, the Tuxaco consignee here, who submitted the low bid for bulk gas-

line, diesel and lubricant business — products which will be delivered in wholesale quantities to county service locations.

TROY MOORE, Shamrock distributor here, submitted the only bid for gasoline purchased at the station and received that contract for 1965.

Both contracts expire on Feb. 28, 1966. Richardson's contract provides for purchase of approximately 125,000 gallons of fuel plus a large volume of lubricants. This

bid for regular gasoline delivered to the precinct bulk storage tanks was \$1.127 per gallon plus applicable taxes. This figure was \$.0118 per gallon lower than the nearest bid.

The Tuxaco consignee also bid \$1.126 per gallon for diesel fuel, also the low figure although none of the diesel submissions were higher than \$1.124 per gallon.

MOORE'S BID covered "pump" business, which consists See COUNTY, Page 4

GAS USERS TO MEET

Members of the Deaf Smith Gas Users Association will meet at 7:30 p.m. Friday at the Hereford State Bank. John Alkin, Hereford attorney, will be the speaker and will report on a recent trip to Austin made in behalf of interests of the gas users.

Inside

Today, virtually a full page of sports news appears in the paper.

The paper's sports section is the largest in the county.

HORIZON JUMPS A HUNDRED MILES

Cedars, Chollas Cap Caprock Country

(Continued from Page 1)
I toured this country last week. Drinking deeply of a 50 and 44/100 per cent pure air, I marveled that, after traveling more than 50 miles without seeing but one natural break in the horizon, such a scenic change can so quickly materialize.

DEAF SMITH County's caprock country follows a serpentine route. It enters the county at the state line about midway between the northern and southern boundaries. The abrupt escarpment winds a leisurely course inward and leaves the county several miles east of the New Mexico border.

Travelers entering Texas through Glenrio, a Deaf Smith gateway into the state, get a distant view of the meandering caprock as they speed on toward Amarillo on U. S. Hwy. 68.

But the effect just isn't the same when you are down looking up.

To derive the purest pleasure, you must enter from the highlands, bouncing along unpaved roads, peering over every new fence post that pops on the horizon to see if the goal is just ahead.

DON NEWMAN, a Hereford resident who is intrigued by this country, was my guide. We drove out the Harrison Highway to Bootleg and then turned north on Texas Highway 214, proceeding past the Walcott School and on to the bend in the highway where it turns back east toward the Simms community.

We went west instead, but only for a few hundred yards. Then steering the pickup back to the north we churned up dust as we drove deeper into the county's northwest quadrant.

This is lonely country. Not many houses dot here. It's a good 30 or 50 miles to Hereford and at least 60 to Amarillo. . . . More turns left my mental map in hopeless confusion.

Gates eventually blocked our way. But permission had been granted by the owners so, ignoring the "Posted — Keep Out" signs, in we went.

THE FIRST AND only view of the caprock until you get right up on it comes just after you pass the Walcott School on 214. Out on the western edge two distant ripples appear on the horizon.

FOUNDATION REMAINS? — Don Newman is that this site is an old Indian camp and of Hereford sits in a circle of rocks, one of several such designs visible on this plot of land just above the caprock in northwest Deaf Smith county. Newman says the theory

Later in the day, we walked up to the edge of the caprock near where it makes a final turn to the west and enters New Mexico. Glancing down, we discovered at about the same time they saw us, two coyotes — likely a male and his mate.

They scampered a few yards, then apparently deduced that there was little danger and turned for another look before leaping off into the undercover.

While at this point, Don called my attention to a site a mile or two to the left — between a "U"-shaped turn in the caprock — where a B-58 bomber crashed several years ago. We could not get to the site from this side. Don said the grass which was burned when the plane crashed has yet to completely grow back. Bits of metal can still be found.

THE DAY WAS swiftly passing. We took a final look at the wide panorama and then headed down. We came to the state line and went through that fence which, Don says he has been told by a ranch foreman, still contains some of the original barbed wire placed there by XIX fence builders.

We drove into Glenrio, a four-filling-station berg on busy U. S. 66. The trucks and the cars whizzed busily back and forth on the four-laned asphalt ribbon that leads into New Mexico. Drivers, in a hurry as always in this modern society, hardly gave a glance to the jagged country to the south where — modern society or not — solitude is still a virtue.

Tools, TV Are Missing At Firm

Hereford police are investigating the burglary of Terry Motor Company where a portable television and more than \$600 in tools were taken from the office Monday night or Tuesday morning.

The burglary was reported to police Tuesday morning by the owner.

Police Chief Marshall Padgett said the burglar or burglars entered the small office by breaking out the glass in the door and unlocking the door from the inside.

BORDER BETWEEN STATES — This boundary marker, sitting on a point first established in 1859, marks the Texas-New Mexico border near the northwest corner of Deaf Smith County. (Staff Photo)

RECENT VISITORS

Mr. and Mrs. Fred Sterner, former Hereford residents, were recent visitors in the home of Mrs. Nora Gillis, 803 Miles. Sterner was manager of the Jones Mercantile Store when they lived here and at the present time they are living in San Saba. They had been visiting in Phoenix and were on their way to visit their granddaughter in Lubbock.

In 1781 a California townsman bore the name El Pueblo de Nuestra Señora La Reina de Los Angeles de Porciuncula (Town of Our Lady the Queen of the Angels of Porciuncula). Over the years the name was shortened to Los Angeles.

Burglars Invade Farmer's Barn

Several tires, heaters, electric motors and a set of stock racks were stolen from a barn on the Ernest Flood farm nine miles northwest of Hereford Sunday night.

Officers of the Deaf Smith County sheriff's department were called to the scene early Monday morning and found tire tracks in the barn, which is located two miles north of the Flood residence.

Seven tires were taken from vehicles in the barn. Burglars apparently jacked the trucks up and took the tires and wheels off.

Also taken were two electric grain loader motors, three small heaters and the set of stock racks which were painted red.

Paster casts and prints were made of the tire tracks found in the barn and a copy of the prints were sent to all area law enforcement agencies.

Sand dunes, some nearly a thousand feet high, cover a sixth of the Sahara. Arabs use 10 different words to describe the various shapes and sizes. One nomadic tribe gives the treacherous, shifting dunes pet names to placate them.

Cost Of Main St. Remodeling Job Set At \$90,000

(Continued from Page 1) called on by Chairman R. P. (Dick) Barnard of the merchant planning committee to explain the cost estimates, was the first to bring up the sidewalk alternatives. "Really you're not being out much more for the full job than for going part way," he asserted.

Figures prepared by McMorries show that the cost per front foot if all new sidewalks are laid is estimated at \$26.02. The alternate route, in which 2 1/2 feet would be trimmed from present sidewalks on each side, would run an estimated \$22.47 — about \$3.50 per front foot less.

BAYNE, WHO LATER illustrated a report on his recent Grand Junction, Colo., trip, said that the sidewalk areas of that city's beautification project were the biggest detriment in the design.

McMorries explained how color would be introduced into the Variety Park design.

"We plan to have a lot of color on the end and center canopies as well as the sidewalks," he said. The sidewalks will be composed of colored exposed aggregate and will be tinted with pastel colors, blues, browns, yellows, and oranges. The final design would be selected by the city and merchants committee, he said, after the contractor has prepared several panels for study.

THE TALL, soft-spoken engineer also revealed some of the inconveniences that merchants would have to face.

He said storm sewers will have to be put in the 100 and 400 blocks. Fire hydrants will have to be relocated. Underground conduits will have to be laid for street lights and traffic controls, some of which will necessitate tearing up the involved intersections.

McMorries said the project would take from 45 to 60 days. Each merchant should be affected about 10 days. "We'll provide dirt landings for access to each store and in case of rain we'll try to provide bridges."

"The only thing we hope for is that it rains a lot in the country but not in town when we start," he said.

MAYOR COWSERT said the city's share of the project cost, if the all new sidewalk route is chosen, would be about \$29,000 — of which about \$9,000 would be spent, regardless of new traffic controls. The property owners' share of the cost would be about \$62,500, according to the estimates.

He said the contractor will be paid in cash, a procedure which the city hopes will result in a lower bid.

Barnard was asked if a majority of the property owners have been consulted on the project. He replied that "on a front foot basis a large majority of your property owners are in favor of the project."

City Manager Bayne said only one property owner has flatly

rejected the plans, that being a Houston resident who owns property in the 300 block.

BOTH BARNARD and Bayne noted — in answer to a query about any plans to fix up some of the older store fronts — that activity has been encouraged by the announcement of the Variety Park proposals. Bayne said one building owner already has definite plans under way in the 100 block as a result of the Variety Park proposals.

Wayne Thomas, president of the Deaf Smith County Chamber of Commerce, later added that he feels the project would have a "contagious" effect on face-lifting in the four-block area.

Two persons voiced minor objections. Miss Frances Dameron, who was one of the more vocal objectors at the last public meeting, again protested mildly the placing of the assessment solely against the property owner.

"ALL OF THE expense will fall on some of us," she said. "Tenants won't help pay for a bit of it. And you can't raise the rent on a lease."

N. D. Bartlett Jr. questioned the cost of the canopies in relation to their value. He noted that, according to the estimates, the canopies will cost about as much per block as the paving, curb and gutter and sidewalks.

Fire Department Report Released

The Hereford Fire Department fought 181 fires, both in the city and outside the corporate limits, in the 12-month period ending Jan. 31, the annual report reveals.

Thirty-eight per cent, or 68, of the fires were outside of the city.

Total expenditures for fire-fighting came to \$14,591.85, of which \$5,544.00 was paid by the county. The largest items in the expense lists were salaries at

nearly \$3,000 and actual fire and drill costs of about \$3,300.

The biggest month for fires was March when 28 were reported. The lowest fire total was

recorded in February of 1964 with eight. September was close behind with only nine.

The cost of new equipment was not included in the report.

CAUGHT IN THE WIND — The Tuesday wind-driven snow caught these cattle full-force at the Hereford Feed Yards, northeast on U.S. Hwy. 60. The severe cold and uncomfortable wind caused the normally skittish animals to lose most of their inhibitions about man. Winds at the time were in the 35-40 mph range and snow was cutting visibility to less than 200 feet. (Staff Photo by Phil Duncan)

fish animals to lose most of their inhibitions about man. Winds at the time were in the 35-40 mph range and snow was cutting visibility to less than 200 feet. (Staff Photo by Phil Duncan)

NO MAJOR ACCIDENTS

Schools Dismiss Early, U. S. Hwy. 60 Is Closed

(Continued from Page 1) A SPOKESMAN for the Texas Highway department said the Texas Highway department said the stiff winds kept the area highways well swept Tuesday night and prevented a widespread icing problem. He said intersections in town were the only trouble spots. Department crews stayed active most of the night checking roadways.

Four minor traffic accidents occurred in Hereford in a 50-minute period Tuesday afternoon when visibility was at its worst.

According to Don Newman, soil conservationist here, wind erosion damage from the high wind was isolated.

"There were a few instances where irrigated farmers had

'flooded' or pulverized their land and had not had a chance to list it before the storm. This land suffered a little and there were a few dry lake beds that blew, but there were isolated incidents," Newman said.

HOWEVER, Newman explained little moisture value was received from the snow, which blew and drifted into fences and bar ditches rather than settling on the ground and melting.

"Any moisture we get is appreciated," Newman said, "but we just did not benefit from this too much."

Schools were dismissed at 2 p.m. Tuesday with parents being called and asked to pick up their children.

All of the buses ran their regular routes early Tuesday afternoon.

CLASSES WERE resumed at all schools Wednesday morning. Sgt. Bill Wells, supervisor of the Texas Highway Patrol for a six county district, was summoned to Canyon, where he assisted in untangling a multi-car pileup on the steep hill between Canyon and Amarillo.

More than a dozen vehicles piled-up after a butane truck overturned on the expressway, rupturing both storage tanks on the truck.

Schools were dismissed at 2 p.m. Tuesday with parents being called and asked to pick up their children.

Poison Victim Critically Ill

Jesse Valdez, 28, 511 Knight, remained in extremely critical condition in Northwest Texas Hospital in Amarillo Wednesday.

Valdez was taken to Amarillo Tuesday morning by ambulance and placed in the intensive care unit at the hospital.

Officials at Deaf Smith County Hospital said Valdez was admitted shortly after 6 p.m. Sunday and was being treated for poisoning.

Doctors at the hospital said Valdez consumed a quantity of rat poison which contained arsenic. His condition suddenly worsened Tuesday morning.

Valdez is single and employed at Holly as a general laborer.

City Manager Bayne said only one property owner has flatly

rejected the plans, that being a Houston resident who owns property in the 300 block.

BOTH BARNARD and Bayne noted — in answer to a query about any plans to fix up some of the older store fronts — that activity has been encouraged by the announcement of the Variety Park proposals.

DIED AT WICHITA FALLS

G. P. Owen, DS Resident Since 1912, Interred After Rites Here

Services for Gleaves Philander Owen, 77, a resident of Deaf Smith County since 1912, were held at 3 p.m. Wednesday in the First Baptist Church.

The Rev. B. L. Davis, pastor of the church, officiated. Burial was in Rest Lawn Memorial Park under the direction of Gilliland Funeral Home.

Owen, who was in the dry cleaning business here with a son for many years, died in a Wichita Falls hospital Tuesday after an illness of several months.

A native of Collins County, he came to Hereford in 1912 from Hall County. He married Donnie Stagner on June 28, 1918. He was a longtime member of the Lions Club and had received his 25-year pin for active service. He was a deacon emeritus and longtime member of the First Baptist Church where he taught a Sunday school class for over 40 years. He served on the county school board for more than 20 years.

He farmed here after moving to the county and then went into the trucking business before purchasing the dry cleaning establishment. He retired about three years ago.

Survivors include his wife of the home, eight sons, Jack of Missouri, Lawrence of St. Peter, Minn., G. P. Jr. of Fort Worth, Homer Lee of Waco, John Davis of Plainview, Warren Gwynne

Performance Set By WTSU Band

CANYON (Special) — A concert will be presented Tuesday at 9 a.m. at Hereford High School by the 67-member touring unit of the West Texas State University Symphonic Band.

The Hereford program is one of 13 to be presented on the band's annual spring tour. Other programs are scheduled in Dimmitt, Clovis, N. M., Muleshoe, Levelland, Ralls Brownfield, Odessa, Midland, and in Jal, Eunice, and Hobbs, N. M. The WTSU band will be guest March 6 at the annual band festival in Lamesa sponsored by the Lamesa High School band. Climaxing the week-long tour, the Symphonic Band, conducted by Gary Garner, will present a public concert March 7 in the Fine Arts Building at West Texas State.

Included in the band's repertoire are such selections as Barber's "Commando March", Perkins' "Fandango", and Debussy's "Fetes".

Bud To Blossom Club Hears Tips On Roses

Mrs. Ira Scott and Mrs. Lloyd Sharp were guest speakers for the Bud to Blossom Garden Club when they met Friday in the home of Mrs. Jack Allen, 117 Centre.

For the program they discussed the selection and planting of "Hybrid Tea Roses".

Mrs. Sam Long was the presiding officer and it was announced that the annual hat sale would be March 26.

Hostess for this meeting was Mrs. Jack Allen with the following members attending: Mrs. Fran Battenfield, Mrs. Al Brown, Mrs. Bruce Brown, Mrs. B. E. Cooper, Mrs. Calvin Edwards, Mrs. W. H. Gentry, Mrs. T. J. Kelly, Mrs. Sam Long, Mrs. Bill Nelson, Mrs. Lloyd Sharp, Mrs. Delmo Williams, Mrs. R. N. Yarbro, Mrs. Wayne Newsom, Mrs. Baxter London and Mrs. Ira Scott.

Mrs. Art Manjeot is scheduled to be the guest speaker for the March 5th meeting with a program of "What Are Abstracts and Why Do Them".

WEEKEND GUESTS

Mr. and Mrs. Vern Witherspoon had visitors for the weekend. Arriving from Albuquerque, N. M. was "Buddy" Witherspoon and son Neil and from Amarillo, Mr. and Mrs. Beryl Witherspoon who all spent the holiday weekend and left for home Monday afternoon.

County Changes Buying Procedure On Petroleum Products Purchases

(Continued from Page 1)

largely of the sheriff's department vehicles and the tax department pickup. The Shamrock distributor bid \$.35 1/2 cents per gallon on regular gasoline and \$.27 1/2 for Ethyl. (The county has been paying the regular retail price.)

Based on records, the estimated savings on bulk gasoline and diesel along will top the \$3,000 mark with an additional savings to the county in the other areas. Previously, the county has purchased all fuel and lubricants on a rotation basis from wholesale dealers or the current wholesale price.

OTHER DEALERS submitting bids for the gasoline and diesel business were: Allred Oil

Co., regular \$1.485, diesel \$1.194; H. A. Speer, Gulf Oil distributor, diesel \$1.1230; Mobil Oil, regular \$1.1347, diesel \$1.1147; Continental Oil Co., regular \$1.1285, diesel \$1.1185; Troy Moore, regular \$1.15, Ethyl, \$1.18, and diesel \$1.12.

Bids on oils and greases varied depending on the grade of lubricant. Commissioners voted to award the lubricant business to Richardson also, although the consignee made it clear that each bid was separate. He bid \$1 per gallon (in 55-gallon drums) for Havoline Motor Oil and \$1.17 in quart cans in case lots.

Richardson pointed out, however, that the lubricant business would help, since the entire bid

was based on a volume basis. **THE COMMISSIONERS** court also voted to purchase storage tanks for the fuel at an approximate cost of \$1,000. Storage tanks now being used belong to local distributors and consignees. These tanks will be returned just as soon as the new tanks arrive and are installed.

The court also approved the report of the City of Hereford concerning the operation of the Hereford Volunteer Fire Department, and voted unanimously to pay their proportionate share. Thirty eight per cent of the fire calls answered by the department were county fires, with the county's share of the operational expense being \$5,444.90 for 1964.

In other action, commissioners approved the opening of the Carnahan road (5 miles) located approximately 20 miles northwest of Hereford, and approved the crossing of a county road

with gas lines and water lines for R. L. Morris and Bill Roberts, both Deaf Smith County farmers.

Eleven African nations plan to join in building a modern highway across the Sahara.

Sandi Says...

By SANDI THOMAS
Brand Correspondent

First off, I'd like to commend the IHHS basketball boys on a fine season. They played hard and went a long way even though they did not win district. They did win their final game, however, which was a victory in itself — they beat Dumas. These boys received their jackets last Saturday and are really proud of them. Of course, they're really something to be proud of!

Never fear, though, sports must go on. Now baseball, track and golf have started. The golf boys had a tournament last Saturday in which the team came in second. I might mention that they were beat by the team who is picked to win state. The team score of 315 was made by Jimmy Young, Gordon Golden, Andy Channer, and Roger Owen. Bob Reinauer is also on the team, but his score was not used. Nice going, boys!

THE FIRST baseball game will be March 12 against Bovina here. Next Saturday the track team goes to Fort Stockton for its first track meet. Good luck!!

Girls have been signing up for cheerleading try-outs which are scheduled for March 29. About nine juniors have signed while there are about five sophomores in the running.

By the way, last week was Twirp Week at IHHS. Boys were constantly being "bugged" for dates and the girls experienced a little allowance shortage.

A girls' volleyball team, coached by Miss Collard, played a woman's team coached by

Mrs. Nicky Bryan last Friday night. The high school girls came through by winning seven out of seven games. They will play Muleshoe here on Mar. 12. Good luck to you, girls.

THE PRESBYTERIAN youth have been busy lately getting ready for skiing in March. Last Saturday they had a car wash at the Park-A Car Wash. They are still eager to wash cars any afternoon for the price of \$1.50. If anyone needs a car washed in a hurry, just call one of the group.

In case you're wondering why David Hill's levis have been looking a little tight around the knee lately, it's because he hurt his knee roping and it is a wee bit swollen. It didn't seem to bother him too much at the dance last Friday night, though.

Mike Puschel and I are in the same business of writing columns now. He's writing a column for the Whiteface called "Mike's Corner."

LAST THURSDAY night the KIXZ "Dribbling Drips" played the "IHHS Gunners" in a jolly good game to the finish. Our side won, though, by a "coincidental" shutting off of the lights. During that time the "home" on the scoreboard underwent a change of points. I'd say they were playing some really fast ball!

The FFA boys are in the midst of their annual FA week. To raise money for their senior scholarship fund, they sponsored a basketball tournament last Friday, Saturday, Monday, and Tuesday. In Friday's game, the Hi-Y beat Student Council; FA beat the choir; band defeated the Thespians; and Key Club beat the Freshman band. Saturday night Key Club defeated the band; Hi-Y beat FA; Thespians defeated Freshman band; and Student Council beat choir.

KEY CLUB furnished refreshments (with a small charge, of course) during the tournament. About 30 Presbyterian youth went to Boys' Ranch last Sunday for church services, dinner, and a tour of the ranch. We were taken through their new gym which was dedicated last October, as well as through one of their homes which was, I'll have to admit, much neater than my own room. I must say, the boys were really mannerful and

HD HOMEMAKER OF YEAR — Mrs. John Jacobson Sr., of the West Hereford Home Demonstration Club is shown receiving her \$25 check from Melvin Young, general manager of the Hereford Brand. Mrs. Jacobson received the award at a luncheon Monday in the Bull Barn. (Staff Photo)

Bonefish grow by shrinking. When the young fish reach about three inches, they actually shrink an inch or two before resuming growth to attain full length of about 36 inches.

considerate. — Last Saturday the Church of Christ youth had a party at which everyone played games and ate.

Junior high kids have been practicing for their all-school play to be presented March 18 and 19. "A Date with Judy" will star Julia London, Tom Lesly, Lois Rogers, Jim Call, Teresa McSanders, Bill McMann, Cindy Caviness, Allen Clark, Gayle Procter, Linda Champ, Martha Aikin, Jerry Russell, Vicky Gibson, and Lannie Buck. I'd made it a point to see it, if I were you.

By the way, this is the week of six weeks' tests. Only 12 more weeks of school!

THE YOUNG Democrats are planning a car wash for March 6 in order to earn money for the convention in Austin on March 19, 20, and 21. About 12 boys and girls from HHS are planning to make the trip.

The Booster Club is sponsoring a two-hour film tonight and tomorrow night on Alaska and the Northwest. It will include such attractions as a bear hunt and other wildlife scenes, and will be held in the high school auditorium. Sounds like an interesting movie.

Thespians are trying out students for several one-act plays to be presented in the near future.

THE EIGHTH grade Dogies sponsored a tournament February 11 through the 13th. They won a second-place trophy.

MRS. HAROLD LUNGER ... from Fort Worth

Speaking Series Announced Here

The wife of a Texas Christian University professor will speak four times today and Friday at the First Christian Church.

Mrs. Harold Lunger, whose husband is professor of Christian Ethics at Brite Divinity School, TCU, will deliver lectures at 10 a.m. and 7:30 p.m. All are open to the public.

She is a graduate of Yale Divinity School where she received a Bachelor of Divinity degree magna cum laude. She directs prayer retreats, schools of prayer and other inspirational type programs; has served as interim ministers for Congregational-Christian, Presbyterian and Disciple of Christ churches and was Minister for Visitation for the Hemphill Presbyterian Church of Fort Worth.

BIRTHDAY CELEBRATION — Pamela Bryant, daughter of Mr. and Mrs. F. D. Bryant, Austin Road, celebrated her ninth birthday Saturday with a badminton party. On hand to help her celebrate were Gayle Gripp, Denise Panch, Carmelia Burgess, Ginger and Roy Newton, Sharon Watson and Belinda Bryant. Favors were presented and a buffet style arrangement of cupcakes and ice cream sodas were served.

HIWAY AUTO SALES
600 W. FIRST HEREFORD, TEXAS

By MELVIN YOUNG
Skip-row planting, a system of planting two rows and fallowing two rows, has long been used in marginal water areas to better the chances of making a crop. But now skip-row inter-planting is coming to the front — and not only in the dry land areas.

The High Plains Foundation Farm at Halfway has been experimenting over the past six years with the skip-row inter-planting system and have proved beyond a doubt that it pays. In fact, records prove that you can plant two out of three acres and come up with a bigger yield than had you planted solid on the three acres. To add the topping to the pudding, farm officials estimate that only 50 percent of the water used in making a normal "solid-row" crop, will produce the skip-row crop and return a better net yield to boot.

Frank Moore, a Plainview farmer and official of the Grain Sorghum Producers Association, predicts that the system will extend the present underground water supply by at least 60 years. And in areas where underground water is fast becoming a thing of the past, this system could be very important.

Moore feels that the loss of tailwater is just a drop in the bucket compared with the increased efficiency of irrigation possible under the high-residue-moisture stretching system — skip-row inter-planting.

Up in this neck of the woods, we're a little short on cotton allotment, therefore it might not be as practical, but just a few miles to the south in Castro and Hale Counties, the percentage of cotton per farm picks up sharply and the system could be a boon to those farmers.

The ideal situation as we un-

derstand it, is to plant two rows of cotton, follow one row, plant two rows of grain sorghum, (castor beans, soy beans, etc.) and follow another row.

Not only does this system help protect the cotton from the West Texas winds, but it helps hold the moisture in the ground and makes it easy to keep the crops free of weeds. In ideal conditions, the inter-planted cotton will out-produce solid planted cotton by 50-60 percent. Under adverse weather conditions, it will out-produce the solid-planted crop by near 100 per cent according to the experiment farm officials.

In past years we have been blessed with such an abundant supply of underground water, that few people considered the skip-row system here. But with falling wells in the fringe areas, the water problem is coming home to roost, and it's always wise to check out any possible water saving method. Particularly when we can come up with equal or better yield with less seed on an equal number of acres.

We wonder too, if the system could be used with beets. We have little more beet acreage in Deaf Smith County than cotton with 12,000 of one and about 11,000 of the latter, but the amount of water used on beets is tremendous compared to cotton. This could be a real life-saver for the area if it will work with the beets.

Of course, we're lop-sided on acreage. Grain sorghum is by far the biggest, but a similar system putting soy beans in the place of the cotton might work well too. At least, soybean is supposed to be a soil building crop and requiring no nitrogen.

And speaking of cotton... A friend of ours, leaving Amarillo on a recent flight overheard two passengers from the east discussing the situation around the High Plains.

"It's a shame," said one, "that these people cut out all that timber just to plant cotton." A native set him straight, however.

Earl Phillips traveled to Canyon with us Tuesday noon to visit the Canyon Rotary Club for an attendance make-up, and we darn near didn't start back home in time.

The situation became a little sticky about half way between the two cities on the return trip, with visibility almost zero. Just goes to show how quickly a blizzard can develop in this part of the country.

We were real thankful, however, for those farmers who had plowed their fields. Whenever we paralleled a plowed field, the snow did not blow and visibility was fine, but just as soon as we came to a pasture visibility would drop to zero again.

Joel Treadwell was taking quite a bit of kidding in the City Drug Tuesday. He asked for a pair of "work gloves" and that's when the heads turned.

It developed however, that he likes the better grade of leather work gloves "just to keep his hands warm" — not for what you might think.

Don't forget the two hour color movie of Alaska and the northwest tonight and tomorrow night, 7:30 p.m. at the High School Auditorium. Sponsors are Bill Pinnell and Morris Tallison, Guides and Outfitters, Kodiak, Alaska, and the Hereford Whiteface Boosters' Club. Admission price is \$1.

Teacher: "Johnny, please tell the class where the English Channel is."

Johnny: "I'm sorry, teacher. We don't get that channel on our set."

NOTICE OF MARSHAL'S SALE
United States of America Northern District of Texas
Public notice is hereby given, that by virtue of a writ of execution, dated January 26, A. D. 1965, issued out of the District Court of the United States for the Northern District of Texas on a judgment rendered in said Court, on the 12th day of January, A. D. 1965, in favor of United States of America and against Chess Gollibar I have, on this 2nd day of February, A. D. 1965, levied upon the fol-

By BILL THOMPSON Chamber Manager
ing friends for Hereford and Deaf Smith County and therefore a definite asset of the community and does pay a dividend to the Chamber member.
"We are sure that many of you will agree with Pete on this."
"The Chamber of Commerce is often called 'The Information Center of the Community.'" Pete observed, "but this is an often misunderstood and under-rated service." While the staff was clearing the files of 1964 letters I asked them to compile a few statistics as to the types of letters received in that year.
"The files revealed that the Chamber of Commerce in 1964 replied to 53 letters from people who indicated that they intended to move here and wanted specific information about their new home town. Twenty six letters were from people indicating an interest in locating a business or professional office in Hereford and requesting precise economic information to aid in their consideration.
"DURING ALL of 1964 there were only nine tourist inquiry letters - that is letters from people who indicated that they were traveling through and wanted overnight facilities listings. The percentage of those requesting overnight facilities or trailer park camp facilities is increasing each year - perhaps an indication of a need for our area.
"Forty nine letters contained requests for various types of lists - the most frequently requested being for a list of clubs and organizations from various firms offering fund raising opportunities; but others requested lists of various types of businesses or professional offices.
"Four people were seeking missing relatives or friends. Nineteen requests came in for information as to sources of Deaf Smith County grain - mostly from food fanatics requesting organically fertilized, untreated wheat (that is wheat that had no insecticides used on it). ed information relative to our water and soil and the teeth and bone research done in this area.
"INQUIRIES RELATIVE to the Holly Sugar Refinery and/or beet farming in this area was the subject of twenty-two letters. Two letters concerned King's Manor, six were requests for historical information about the county or about Deaf Smith. Fifteen requests for brochures representing a total of 532 brochures were received - mostly, though not all, from the tourist information centers of the Texas Highway Department.
"Five requests represented publishers of encyclopedias or other books of information wanting specific economic, historical and human statistics while 36 inquiries could only be classified as miscellaneous. Of course, this represents only the letter inquiries. To this could be added numerous telephone inquiries from many parts of the country.
"TO THE MEMBER of the Chamber this might seem to be a relatively unimportant service, one that it might be hard to determine the members' return on his investment in the Chamber. However, if the Chamber did not answer these letters, who would? All letters, in so far as it is possible to do so, are answered within twenty-four hours. The Chamber considers this an important part of its service to the public. They also consider that, for instance, in the case of the school children these may be the children of a potential industry president, who, if their inquiry were ignored would reflect their critical opinion of Hereford to their parents. Nor does the Chamber know what these youngsters may grow up to be.
"In summary it could be said that the prompt and accurate handling of inquiries is an important part of the community's public relations, that it is build-

TCU Professor To Speak Here.
Professor William D. Hall of TCU will be guest speaker at the congregational covered dish dinner which will be in the Fellowship Hall of the First Christian Church at 6:30 p.m. Saturday.
This is the beginning of the series of events for their annual School of Missions program with the professor to preach the regular Sunday morning and evening services. He will also speak to the youth of the church at their Sunday afternoon meeting.
Professor and Mrs. Hall have three children and he is a native of Illinois. He spent from 1945 to 1952 as a missionary in India and since 1956 has been associate professor of missions at Texas Christian University.
He received his B.S. degree from the University of Illinois, his B. D. from Yale University Divinity School and did graduate work at Cornell University. He also writes and has had several of his writings published.

Joel Hodges Is Guest Speaker For Ford H. D.
"Saving for Education" was the program brought by Joel Hodges recently for members of the Ford Home Demonstration Club when they met in the home of Mrs. J. H. Jamerson.
Hodges stressed the importance of teaching very young children the art of thrift by giving them an allowance before they are in school. He said that when they start to school it is time for them to have a budget. Help them plan a week in advance for pencils, paper, lunches, Red Cross, etc., leaving enough for savings and a candy bar or two. This will help prepare them for the time they will start college.
He went on to explain several ways to save for children's college funds. He suggested savings accounts, purchasing insurance from reputable firms and to invest in blue chip stocks and bonds.
Mrs. A. L. Hollingsworth presided for the business meeting when the club voted on council committee recommendations with all motions carried. Mrs. John A. Smith was elected to serve as the vice-president.
It was announced that the next meeting will be the treatment of damaged furniture and the group will meet in the home of Mrs. Frank Brorman, Mar. 17.
Co-hostesses for this meeting were Mrs. J. H. Jamerson and Mrs. A. J. Jamerson and they served refreshments to the guests Joel Hodges and Mrs. Jim Lindeman and members Mrs. A. L. Hollingsworth, Mrs. Leroy Edwards, Mrs. F. L. Eicke, Mrs. Raymond Flores, Mrs. J. C. Gossett, Mrs. John A. Smith, Mrs. Raymond Smith and Mrs. C. R. Stokesberry.

Demons Sting Tulia; Win 1-AAA

Speaking of Sports...

by PHIL DUNCAN
BRAND SPORTS EDITOR

Well, here we are in the transition from basketball to baseball and track.

Prospects for good teams in both the latter seem very likely, although track coach Jesse Geron seems somewhat pessimistic.

Geron finally admitted he was expecting his 'mile relay team to come along all right.

He has several boys returning from last year, including Walter Williams, Wynn Buck and several other boys.

Ricky Rangman and Bill Coffin, both sophomores, are looking real good in the weight departments, with Rangman on the discus and Coffin on the shot.

The track team will go to Fort Stockton this weekend to participate in the Comanche Relays.

Coach Geron has nine meets scheduled for the season, providing he has boys entered in the regional and state meets, scheduled for April 24 and May 8 respectively.

Robert Strange and Robbie Lemons are both participating in the high jump event of the Whiteface track team.

It is easy to see why with both of these boys jumping like they did in basketball, they should turn in a fine track performance.

Congratulations to the Hereford High School Golf team, coached by Cuby Kitchens, who won second in a high school golf tourney here last Saturday. Understand they were up against some real tough teams, including Tascosa High School of Amarillo, who walked away with top honors.

Hereford High School's All Sports Banquet is scheduled for March 20 at Hereford High School.

This will be the first All Sports Banquet, with all of the department combining their events for the first year.

Featured speaker at the banquet will be Jerry Tubbs, former All-American for Oklahoma University. The Hereford Booster Club was instrumental in securing Tubbs as the speaker.

Jerry is now a linebacker for the Dallas Cowboys and turned in one of the finest performances in the NFL last season.

The Hereford Latinos will start

Dumas Winner In 3-Way Playoff

By PHIL DUNCAN
Sports Editor

CANYON — The Ding-Dong Daddies of Dumas were able to ring their bells of triumph once again Saturday evening as the Dumas Demons took a decisive 63-39 win over the Tulia Hornets and clinched the District 1-AAA title.

Ronnie Stephenson, who scored only five points against the Hereford Whitefaces the Tuesday evening before, chalked up 24 big points and made the difference in the scoring for the two teams.

Dumas seemingly stymied all of the Hornets efforts in the game, with big Hulon Kirkland and Dennis Cothorn beating the Hornets to death on the backboards.

The Demons proved to have nearly six inches height per man in the game and exhibited the true advantage of the height before the nearly 5,000 exuberant fans in West Texas University's field house.

The Demons led 37-19 at half time after posting a 17-10 first quarter margin.

By the end of the third stanza, the Demons had widened the margin to 48-26.

Kirkland was the second leading scorer for the Demons as he hit 12 points and aided the Demons superbly in his rebounding efforts of the evening.

Tulia's backcourt ace, Gene Latham, kept the game from turning into a complete rout as he exhibited his greatest defensive effort of the season, stealing the ball from the over-anxious Demons on many occasions.

Latham was also leading scorer for the Hornets as he hit 13 points for the evening.

He was the only member of the Tulia contingent to hit in the double figures in the district championship match.

Kirkland's work under the boards and Stephenson's shooting

from outside continued to spell the difference in the second half as the winners opened up a 41-21 lead early in the stanza, and a 48-28 lead at the buzzer.

With six minutes left in the final period, the Dumas reserves took over, and the Hornets, down by 24 points, cleared their bench also.

Tulia, Perryton, and Dumas had tied for the 1-AAA crown with identical 7-3 won loss marks. Dumas drew a bye, in the playoff activity, forcing Friday's Perryton-Tulia meeting.

The Demons will travel to See DUMAS, Page 2

Bill Phillips Misses Fewer Than 12 Games In 6 Years

KEEPS BOOK ON EVERY GAME

Probably the most sports-minded man in Hereford is Bill Phillips, secondary coordinator for Hereford Independent School District.

Phillips has missed less than a dozen varsity football, basketball, baseball and track events in the past six years.

When he attends an athletic event, it is not just as a spectator — he keeps the scorebook, or whatever records need to be kept at every function of the school's athletic department.

Not Part of Job This was not originally intended to be part of Phillips' job, but it has been something he just inherited and has enjoyed doing for the past several years.

It all started in 1958, when the Hereford High School basketball team reached the state finals and Phillips was asked to drive one of the station wagons taking the team to Austin.

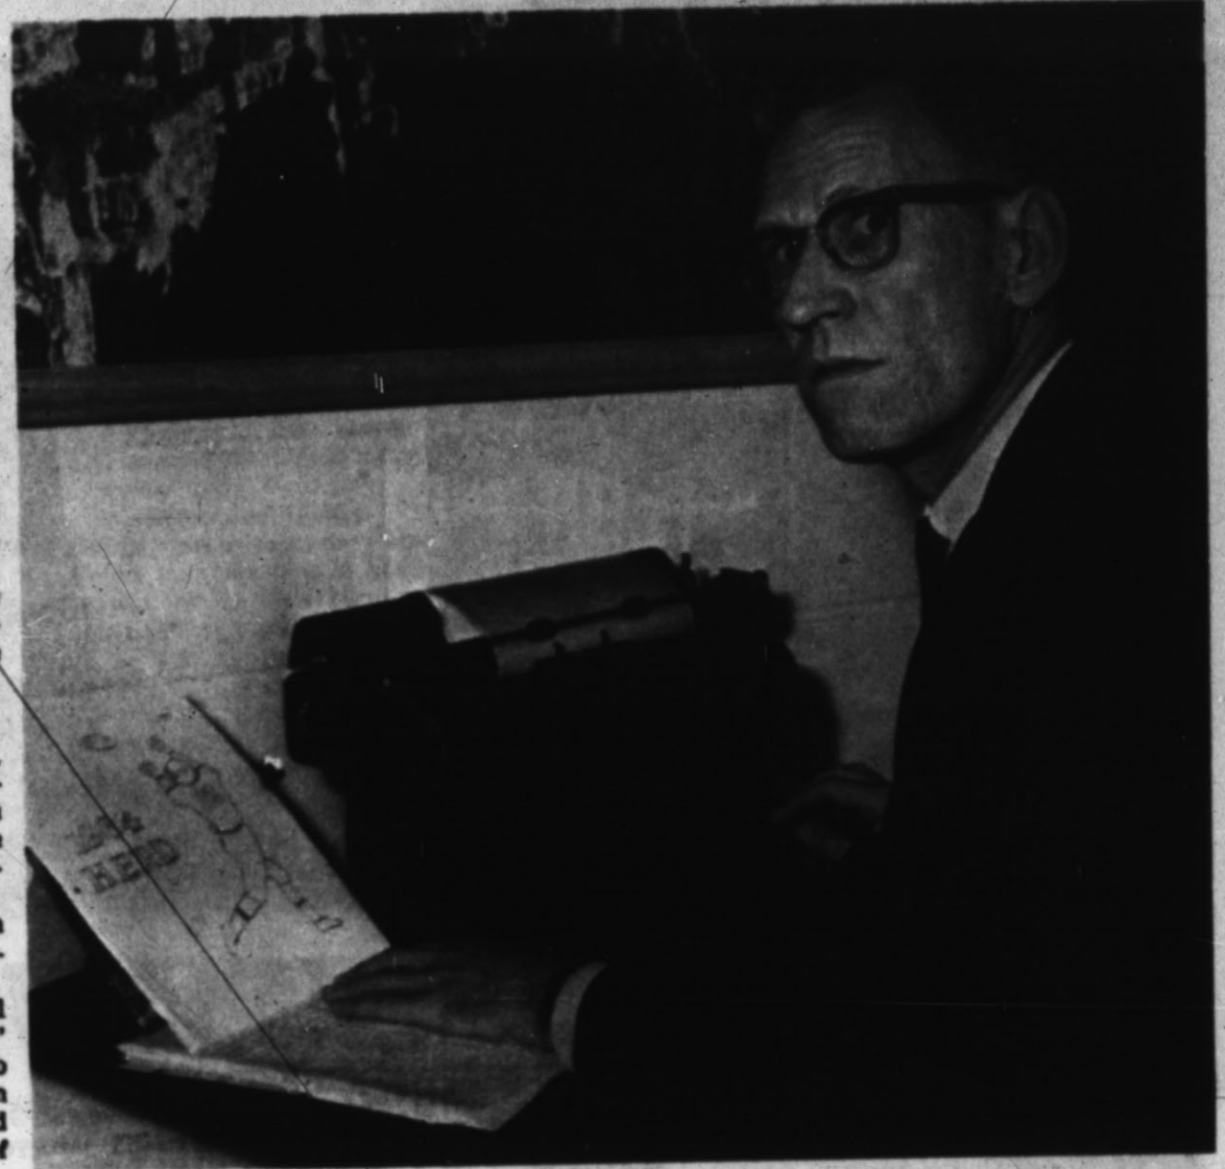

When the season was finally over, Coach Cuby Kitchens approached Phillips and asked him to keep charts on the HHS cagers for the 1959 season.

Phillips agreed to accept the job, which received no compensation, except getting into the game free.

Inherits Baseball As basketball season ended, Phillips was approached by Larry Don George, who was then baseball coach, and asked if he would keep the baseball scorebook during the season.

Phillips agreed once again and started out keeping the baseball scorebook.

Needless to say, when fall of 1960 rolled around, the football coach approached Phillips, wanting him to keep statistics on the

PREPARES BOOK — Bill Phillips, secondary coordinator for Hereford Independent School District is shown preparing a book similar to the one on the desk for the high school

is presented to every player, showing their individual efforts and team efforts.

The book is complete in every respect and contains every statistic that could possibly be desired.

At the end of the past football season, Phillips compiled a 34 page book, telling every detail of the past season.

Attends All Games Phillips does not only make it a point to attend all of the var-

sity games of the local school, but attends every junior varsity and freshman game played by the local boys.

He keeps identical records on these boys, which aids the coaches of the various sports, showing who is improving and in what capacity.

Even though he misses some of the games due to other school business, Phillips makes it a point to secure the records of See PHILLIPS, Page 3

DECIDE BI-DISTRICT

Demons To Meet Tall Brownwood In Game Friday

District 1-AAA Dumas Demons will go up against the Brownwood Lions in a bi-district clash Friday at 1 p.m. in the Texas Tech Coliseum at Lubbock.

Immediately following the Brownwood-Dumas game, the Levelland Lobos and the Seminole Indians will meet in the bi-district clash of their respective district in the same gymnasium.

Regional Saturday The winners of the two contests will meet in the regional playoffs Saturday at 4 p.m. in the Texas Tech gym.

Dumas has a 12-12 record for the season, coming through District 1-AAA with a 7-3 won-loss record.

Brownwood boasts a very admirable record as they enter bi-district playoffs with a 21-4 record.

Levelland is 20-4 for the sea-

son and Seminole is 23-4 for the season.

Dumas Fares Well Dumas, however, met nearly every team in District 3-AAAA and fared very well against the teams, losing several squeakers.

Probable starters for the Demons Friday will be Hulon Kirkland, Dennis Cothorn, Ronnie Stephenson, Bill McVicks, and Norman Bonner.

Dumas won the right to represent District 1-AAA in bi-district playoffs Saturday evening at the West Texas University field house as they thoroughly trounced the Tulia Hornets 63-39.

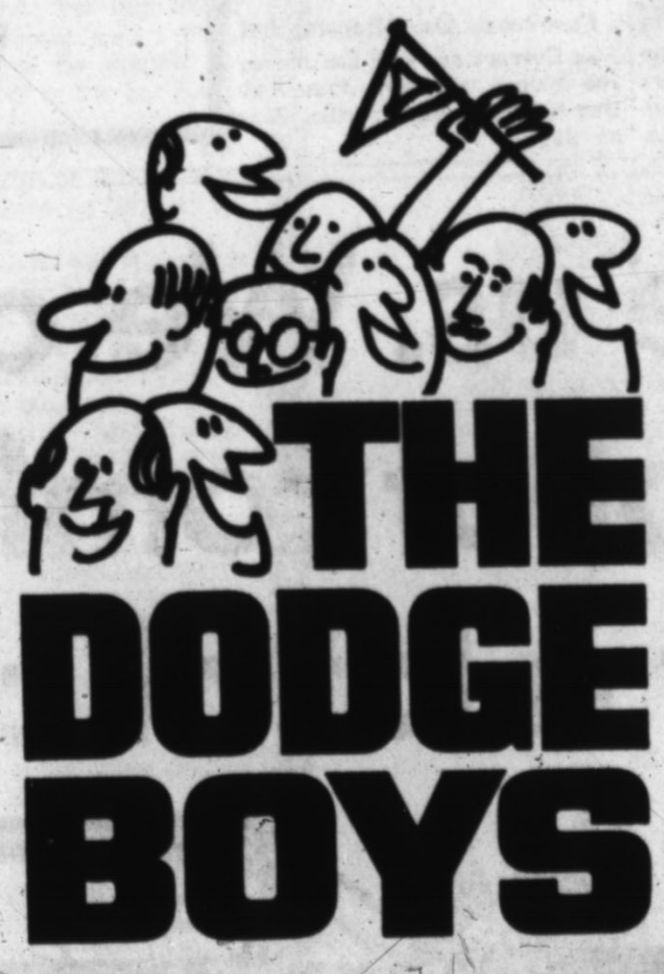

Hereford Beats Dumas After Hereford beat the Demons in the final game of the season, the district was cast into a three-way tie with Perryton, Dumas and Tulia.

The teams flipped and Tulia and Perryton were forced into a playoff with Tulia winning at Perryton last Thursday, 54-51.

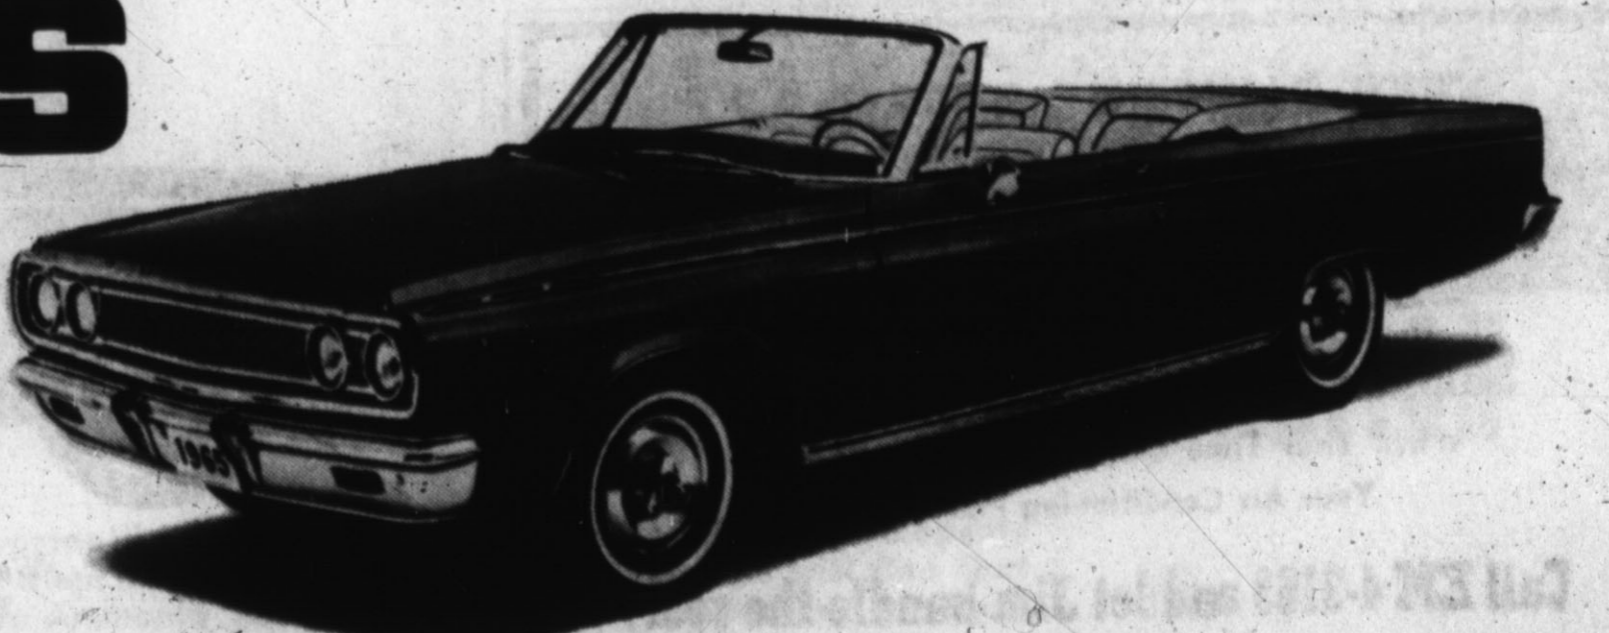

Dumas lost games to Perryton, Tulia and Hereford in the District 1-AAA action, but managed to come out with a decisive win in the playoffs.

Tulia has second place in 1-AAA, Perryton third, Hereford fourth, Canyon fifth and Muleshoe sixth.

Ronnie Stephenson hit 24 points against the Hornets in the play-off game to account for the difference in the scoring of the two teams.

Hottest new Dodge in history... CORONET!

take a look at a mover...

It's moving up the sales ladder like no other new Dodge ever. No wonder. Its clean, wiry body has everything a big-car-lover-but-smaller-car-budget-er craves. A choice of 7 engines ranging to a bristling 426-cubic-inch monster. (Talk about a mover!) Take bench or bucket seats, console, four-on-the floor,

carpeting, all-vinyl interior, padded dash... it's up to you. And you're up to the price... 'cause it's lower than you'd believe.

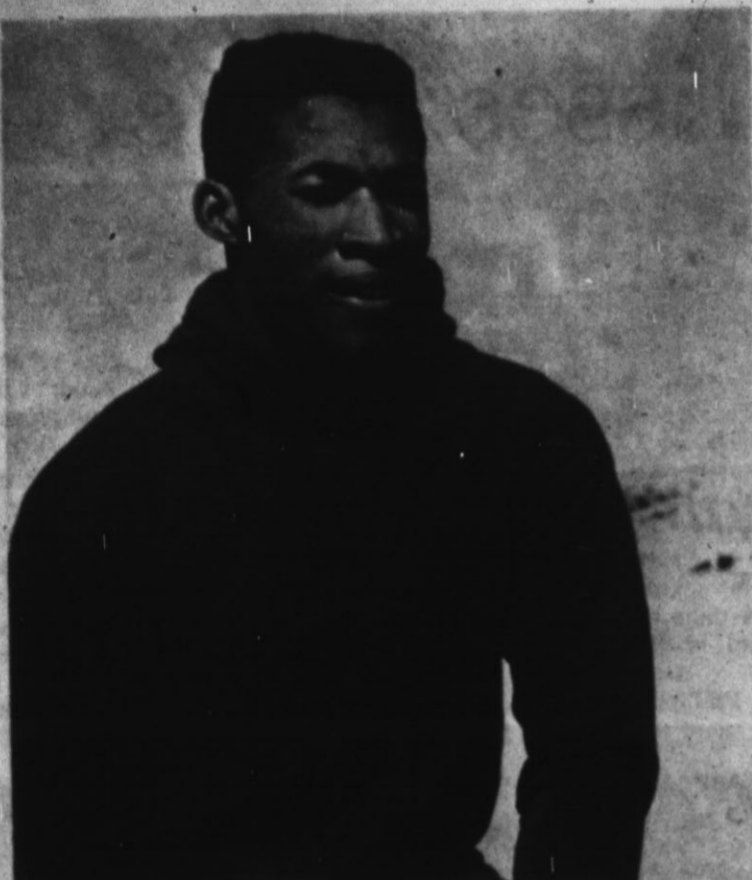

Does it sound like you? Then see the Dodge Boys about their middleweight mover for people going places... the hot new Coronet!

SEVEN BOYS WILL TRAVEL TO FORT STOCKTON MEET

Track Coach Jesse Geron Prepares For Saturday Meet

HHS SPEEDSTER — Walter Williams, one of the top speedsters on the HHS track team will carry the maroon and white colors to Fort Stockton Saturday for the Comanche Relays. Williams runs the mile relay and 220. (Staff Photo)

TOP WEIGHTMAN — Ricky Fangman, utility discus and shot putter on the HHS track team is shown here going through his paces with the discus. Fangman just started working out early this week on the discus and shot. (Staff Photo)

The track outlook for Hereford High School looked reasonably good for the Whitefaces this week as the boys reported for the first workout.

Track Coach Jesse Geron reported 21 boys out for the first day of workout, with several veterans returning from last year's team.

Lemons on High Jump
Geron has Robbie Lemons and Robert Strange out for high jump competition this year.

"We feel our mile relay team could come along and be real good this team," Geron said, but was reserved in judgment of the other speedsters.

John Perrin, Larry Champ, Walter Williams and Sammie Curtsinger compose the mile re-

lay team.

The track team will travel to Fort Stockton this Saturday to the Comanche Relays.

"This is one of the biggest track meets of the year," Geron said. "There will be more than 80 high school teams entered and we will have some real keep competition."

7 Boys To Meet
At a Monday meeting Geron said he would take the mile relay team plus George Malouf for the mile, Wynn Buck for the 100 and 220 dashes and Charles Barnard for the low hurdles.

"There could be some changes in this lineup before Friday," Geron admitted.

Geron said several of the boys were coming along.

Ricky Fangman appeared to be the strong man in the weight events as he practiced both the shot and discus.

Coffin on Shot
Bill Coffin, also a sophomore, appeared to be coming along with the shot and Bob Gentry was working out with both the shot and discus.

Walter Williams seemed to be the real speedster in the field as he was working out on the quarter mile, 220 and mile relay.

Wynn Buck, 100 yard man from last season, continued working on the 100 and 220 early this week in preparation for the Fort Stockton meet.

Geron admitted Williams was

capable of a 10-flat 100 and Buck should get down real close to that.

"So many of these large schools have boys that can run a 9.6 hundred we feel we should have these boys concentrate on a 220," Geron said.

Only seven boys will go to the Fort Stockton meet, but the entire track team will attend the other six scheduled meets.

Four Hurdlers
Hurdlers for the Whiteface

team are Charlie Barnard, Steve Perrin, Larry Champ and Robbie Lemons.

Track team members are Ricky Fangman, Bill Coffin, Ricky Garrett, Bob Gentry, Mike Harvey, Charlie Brewton, Mark Hicks, Walter Williams, Mike Davis, Sammie Curtsinger, Billy Frank, Charles Barnard, Wynn Buck, Steve Perrin, Larry Champ, Robbie Lemons, Robert Strange, George Malouf,

Dennis Sutter, Charles Dones and Greg Richards.

The next meet will be March 6 at Brownfield.

The schedule is as follows:
Feb. 27 Fort Stockton
March 6 Brownfield
March 13 Denver City
March 20 Levelland
March 27 Springlake
April 3 Hereford
April 10 Amarillo
April 24 Odessa
May 8 Austin

TRACK COACH — Jesse Geron is head his first relay for the season Saturday. He track coach for HHS this year. Geron is watching his team run sprints before the assisted by James Williams and will enter workout begins. (Staff Photo)

10 COLTS STILL PLAYING
HOUSTON OS — Six players on the roster of the Houston Colt 45s and four of their farmhands are playing winter ball.

Center fielder Jimmy Wynn is starring for LaGuaira in the Venezuelan League. Pitchers Larry Yellen and Juan Quintana and catcher Jerry Grote are

with the same team. Mike White is with Magallanes in the same league and outfielder Jim Beauchamp is with Santurce in Puerto Rico.

Farmhands Dave Roberts and Jose Herrera are with LaGuaira, Joe Baines with San Juan and Ben Kohnson with Arecibo, Venezuela.

New Tablets Help Prevent INDIGESTION, GAS, UPSET STOMACH

Because of today's fast, hectic living pace, eating too much too fast, we often suffer indigestion, gas and other uncomfortable forms of stomach upset. But now, a new digestant enzyme tablet called MIAZYME, can help prevent these conditions before they begin.

If you properly digest the food you eat, chances are you will not suffer stomach distress. This is due to the action of enzymes, manufactured in your body. MIAZYME supplements your own enzymes to help prevent stomach distress.

So why risk the distress of stomach upset? Just two MIAZYME tablets a day may help prevent the discomforts of indigestion, gas and may open the door to new vistas in food enjoyment.

MIAZYME contains no narcotics! No habit forming drugs! Only digestant enzymes! No side effects to cause other problems. So safe no prescription is needed! Get MIAZYME today at any Franklin drug store. Try it on our money-back guarantee or satisfaction. Regular size, only 98c. Economy size \$2.25.

ON WEIGHTLIFTING, SPRINT PROGRAM

Meredith Puts Football Boys In Shape For Coming Season

Head Football Coach Jack Meredith kept his prospective football players for the coming season amidst a busy weight and sprint program this week.

Meredith has been working with the boys for the past several months on a weight lifting and isometric program in preparation for the coming season.

"All of the boys who are not participating in baseball or track are remaining on the weight program as well as running sprints with the track team."

Meredith, who recently signed

another one year contract with Hereford Independent School District, readily admits Hereford should have an improved team this coming season.

Returning speedster Gene Drummond has remained at "big" 135 pounds during the weight lifting program, but Meredith emphasizes the little speedster has really trimmed up and should be a much harder runner this season.

"We wouldn't trade him for any 180 back we have seen," Meredith said.

Most of the other gridders are participating in the track program except for the few who combine their football activities

with baseball such as Steve Hodges, who also excels in basketball.

The boys have been on a stringed weight lifting routine, outlined by Meredith.

"We instituted this program nearly four years ago," Meredith said, "and we should begin to see the results of it in our football team this year."

Meredith will begin his fifth season at Hereford High School this coming fall.

He is assisted by James Williams, Jesse Geron and Joe Brooks.

Chances for a district championship next year appear excellent as several of the starters

from this year's team will return for another season.

Meredith was a bit more pessimistic, but admitted, "If we get the leadership from several kids it should be between Hereford and Tulia next year."

"I think Dumas is at the end of their string. It will very possibly be between these two teams next year — with the one wanting to win the most taking the championship."

The Herd lost only one back by graduation this year and should have the fastest, most experienced backfield in the district next fall.

"We will be three deep in the backfield with Gary Victor, Steve Hodges, Roger Owen and Phillip Cain all vying for the quarterback position."

The line will be quicker than ever according to Meredith, with several boys returning and several moving up from the B-team.

Meredith came to Hereford from Panhandle. In his initial campaign, he posted a 7-5 record, but was set back the following year to a 2-8 campaign.

Last year the Herd posted a 4-6 season and evened up this year at 5-5.

SOS

(Continued from Page 1) in March.

Recommendations on the contracts will be made by the principal and head coaches.

Everyone should stop Cuby and Jack sometime and congratulate them on the fine job they are doing.

They turn out sportsmen and fine teams and these are two combinations you very seldom find.

Hereford is fortunate to have these two men instructing their youth in athletic functions.

This has really been a week for sports news. It seems like everything is happening, but we have tried to stay on top of it, as best we can.

Closest Arkansas came to defeat in football during 1964 was the Razorbacks' 14-13 win over Texas.

Phillips Attends Most 'B' Games

(Continued from Page 1) the game to add to his final tally at the end of the season.

He is a graduate of Hereford High School and joined the Hereford School System in 1953.

Phillips graduated from Texas Tech and received his masters from West Texas State University.

Attended U of T

He has done advanced graduate work at both Texas Tech and the University of Texas.

When he was attending Hereford High School, Phillips did not participate in any sports because he was too small. After he graduated from HHS he be-

gan growing "like a weed" and stands nearly 6-2 now.

Phillips did participate in a basketball league while he was in the Army and was player-coach in a YMCA league after he returned from the Army.

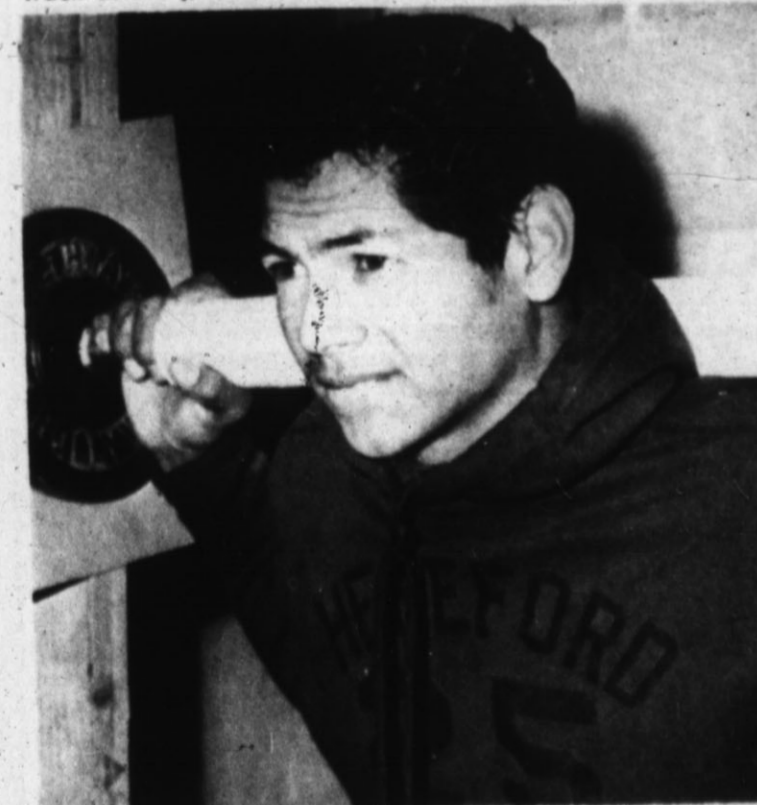

Secondary Coordinator

Phillips' job as secondary coordinator requires him to keep abreast of all the state requirements concerning various courses.

"I have always liked working with statistics and considered being an accountant at one point," Phillips said, which probably explains his interest in keeping the sports statistics.

HIGH PRESS — Charles Brewton, one of the Herd's prospective gridders for the coming fall exhibits a high press of a quantity of weights here. Brewton is working out with the other gridders who are not engaged in baseball or track at the present time. (Staff Photo)

GETTING READY — Elias Briones is getting ready to hoist this set of weights as he goes through a daily routine at the field house each day, in preparation for the coming season. (Staff Photo)

Film On Alaska Is Today

Hereford Whiteface Booster Club is sponsoring a full length color feature film on Alaska and the Northwest tonight and tomorrow evening in the Hereford High School Auditorium.

The film will last two hours and will begin at 7:30 p.m., according to Dean Herring, chairman of the Booster Club project.

The proceeds of the film will go to the Hereford Booster Club, which sponsors many activities of the Hereford Athletic department.

Herring said the film would feature a Kodiak bear hunt, showing all of the graphic detail of a hunt in the far north.

The film will be narrated by Bill Pennell and Morris Talifson, two guides of Kodiak, Alaska, who will be on hand at the special show.

Tickets will be sold at the door and can be purchased from any booster club member.

Other features of the film will include a series showing a bear catching salmon.

There will be a segment showing a Caribou migration in the Arctic and special pictures of a live harl seal.

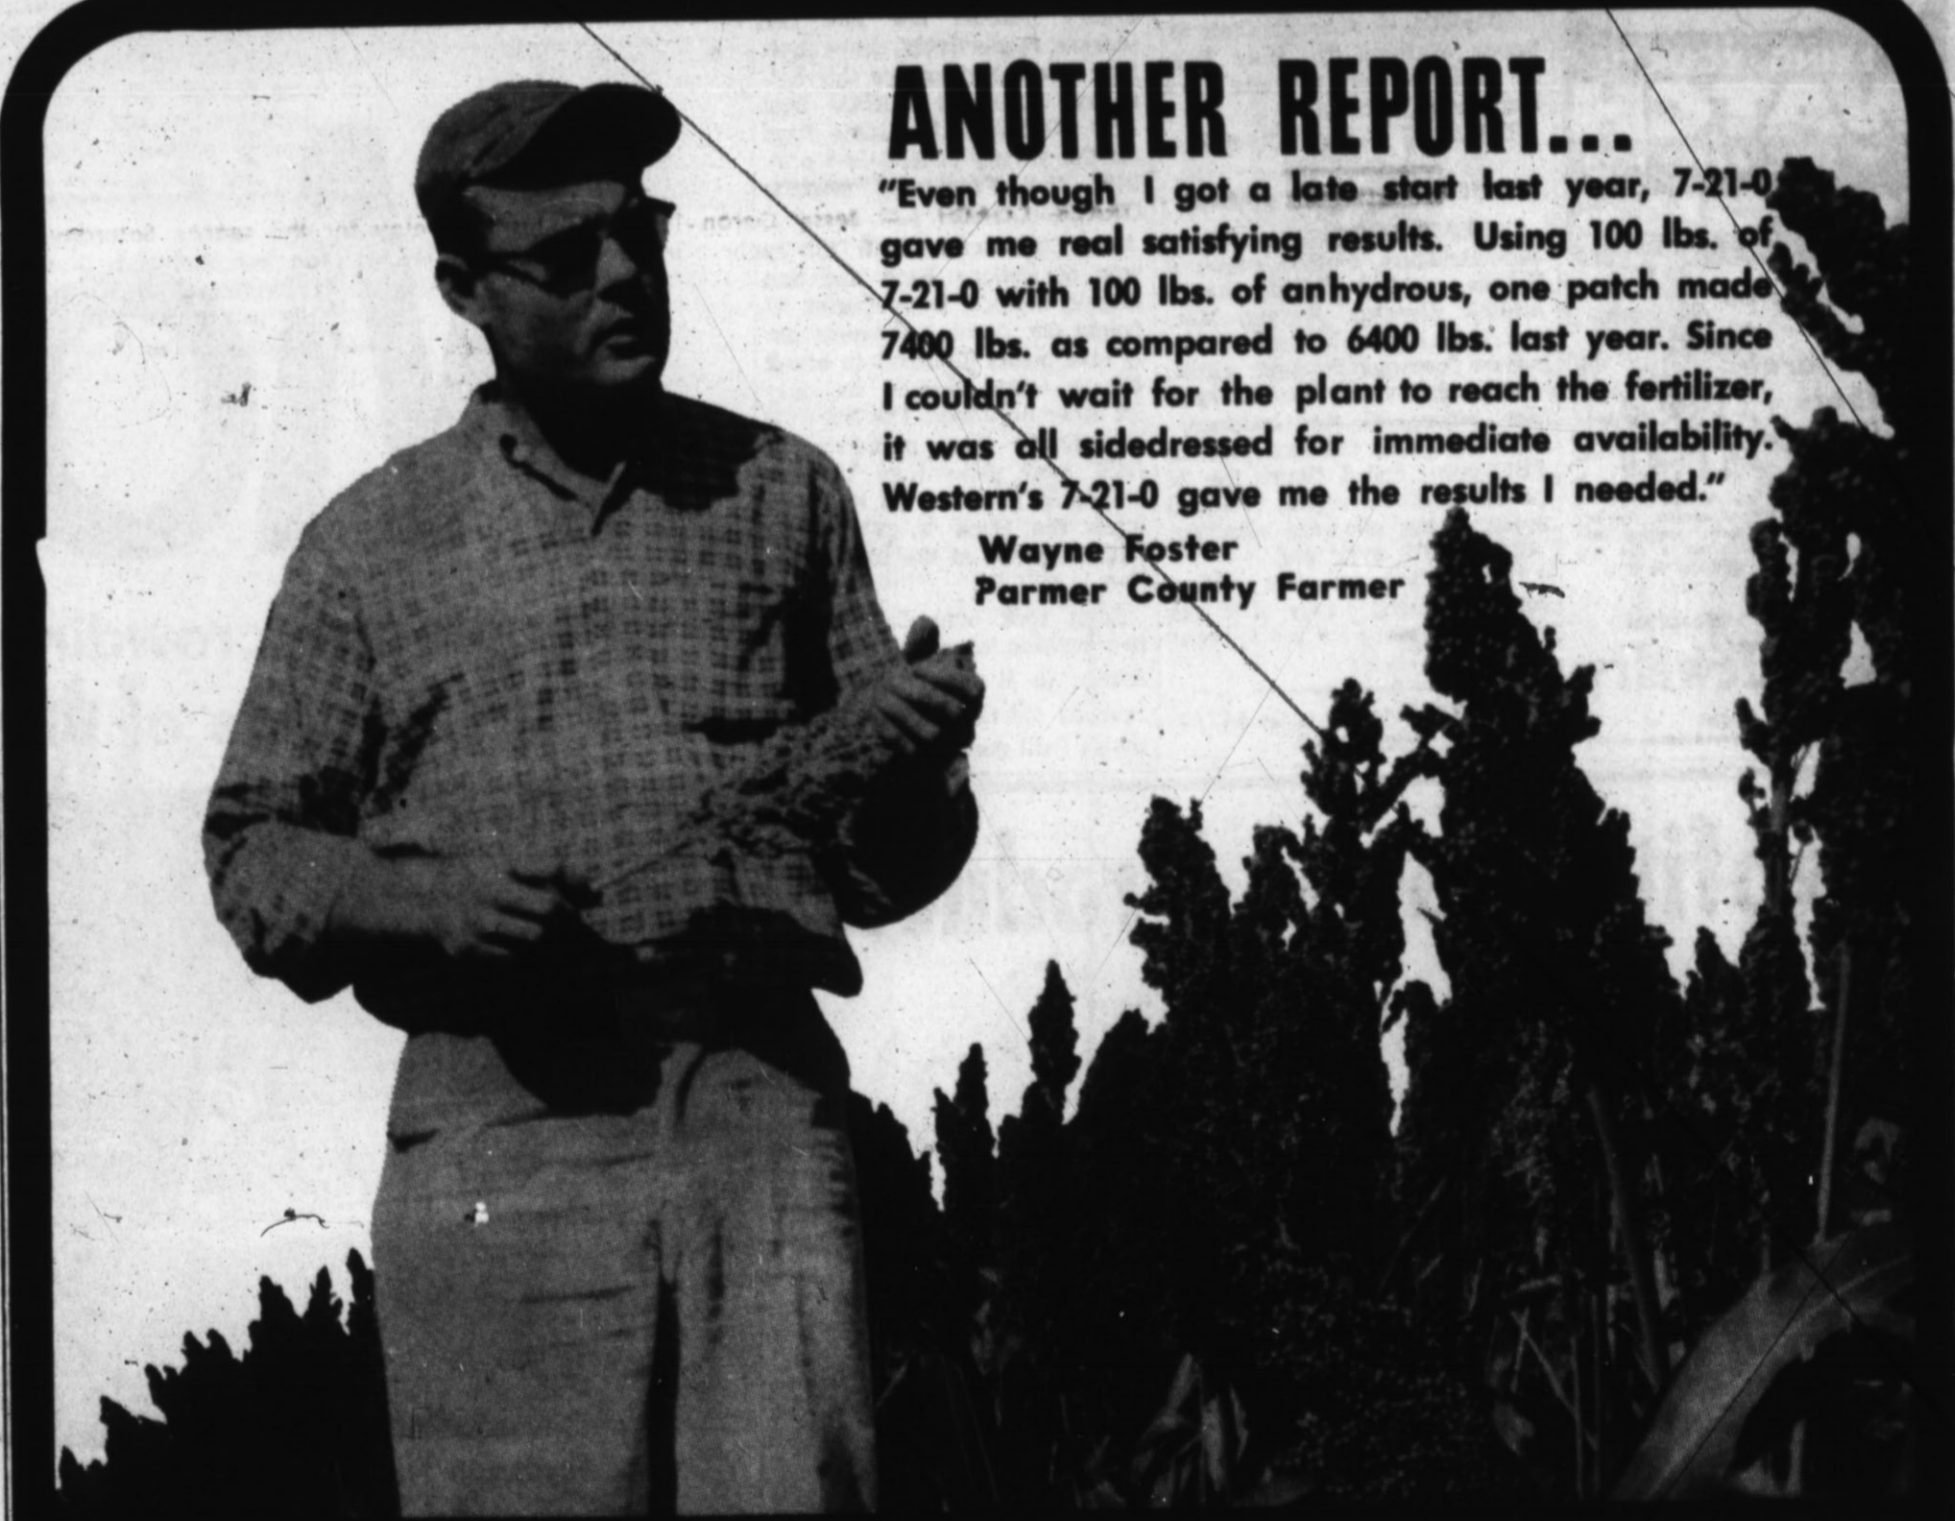

Other portions include sequences of sea lions, sea otters, fur seals, walrus on Walrus Island and a polar bear hunt in the Arctic.

"This will be a very entertaining film," Herring promised, "and we urge everyone to come out tonight or tomorrow evening to see this film."

FOUR MORE THAN METS

KANSAS CITY — The Kansas City Athletics finished 42 games behind in the American League pennant race but they won 57 games and lost 105, which was slightly better than the Mets, their National League counterparts.

The Mets, last in their league for the third straight year, won 53 and lost 109. They were 40 games back of the victorious St. Louis Cardinals.

ANOTHER REPORT...

"Even though I got a late start last year, 7-21-0 gave me real satisfying results. Using 100 lbs. of 7-21-0 with 100 lbs. of anhydrous, one patch made 7400 lbs. as compared to 6400 lbs. last year. Since I couldn't wait for the plant to reach the fertilizer, it was all sidedressed for immediate availability. Western's 7-21-0 gave me the results I needed."

Wayne Foster
Farmer County Farmer

...A REPORT OF SATISFACTION

An important by-product of any company is the man who openly admits when he's satisfied with the service. You will find that Western Ammonia has the know how, equipment and products to give the best satisfaction there is in a fertility program. Also Western is now offering the new high analysis liquid ammonium phosphate 11-37-0 and new 11-20-0-115 in place of lower analysis 7-21-0. You'll find Western has complete facilities for all your dry fertilizer needs.

Hereford High Golf Team Takes 2nd Place In Tourney

Tascosa Wins 1st Place Saturday

Hereford High School golfers were out-paced by a classy 3-AAAA Tascosa Rebel team here Saturday afternoon at John Pitman Municipal Golf Course as 11 high school teams gathered here for the first high school golf tournament.

The Hereford High team, composed of Andy Channer, Jimmy Young, Bob Reinauer, Roger Owen and Gordon Golden posted a 315 team total, some 19 strokes behind the 296 total of Tascosa High School.

Medalist of Tascosa
James Herring of Tascosa was medalist in the tourney, with a one-under-par 69, followed by team-mate Buddy Hamilton with a 72.

Third place in the tourney went to Amarillo High with a 317, 21 strokes out of first place, with Caprock High of Amarillo finishing fourth with a 319, 23 strokes out of first place.

Other teams entered in the tournament were Friona, Clovis, Tulla, Palo Duro, Muleshoe, Morton and Dimmitt.

Low four scores of the five

entries on each team counted for the team totals.

Coached by Kitchens
This was the first team competition of the Hereford High School team this year. The team is coached by Cuby Kitchens.

The results:
HEREFORD —(315) — Andy Channer 80, Jimmy Young 75, Bob Reinauer 84, Roger Owen 82 and Gordon Golden 78.
TASCOSA —(296) — James Herring 69, Buddy Hamilton 72, Tom Porter 77, Andy Anderson 78 and Terry LeGate 80.
AMARILLO HIGH —(317) — Carl Edwards 77, John Gidel 78, Steve Rutledge 81, Buddy Saunders 81, Jeff Harp 81.
CAPROCK —(319) — Ricky McLenmore 73, Gary McLenmore 80, Mike Wardlow 82, Wallace O'Rear 84, and Ken Ellis 103.
PALO DURO — Gary Madison 77, John Overstreet 79, Don Gibbins 84, Ronnie Wood 94 and Palo Duro's Bob Schlinkman withdrew because of an injury.
FRIONA — Dwight Whitaker 84, Gary Schackelford 103, Jay Beene 93, Billy Burton 104 and Ted Renner 101.
CLOVIS — Jessie Dominguez 86, Jimmy Dominguez 81, Danny Skarda 82, Johnny Krattiger 82 and David Engelking 83.
TULLA — Jack Worr 93, Mike Northcutt 92, Benny Montague 83, Tommy Evans 98 and Donald Denison 101.
MULESHOE — Bill Hart 102, Mike Bryant 85, Sam Johnson 97, Tom Gumstream 48, and Dave Watts 85.
MORTON — John St. Clair 88, Sandy Wallace 88, Mike Doss 99, Mike Erwin 121 and Dick Vanlandingham 102.
DIMMITT — Dicky Dyer 79.

HHS LINKSTERS — These HHS golfers walked away with second place honors in the High School Golf Tournament held Saturday at John Pitman Municipal Golf Course. They are left to right, Andy Channer, Gordon Golden, Jimmy Young, Roger Owen and Bob Reinauer. (Brand Photo)

ed 10 rebounds. Both totals were game highs. Senior John Whisenant chipped in with 22 points in his final home game. West Texas State featured dividing scoring as usual. Scott led with 19, Simpson had 17, Pugh 15 and Marvin Mitchell 14. Scott had five assists and Simpson four plus a pair of steals. After gaining a 48-41 halftime advantage, coach Jimmy Viramontes ordered the ball "put in the freezer" and Simpson ran the delay game throughout the second half. Both the running and slow-down games worked well for the Canyon school as more than half of their baskets in each half were layins. Following Saturday's games, Viramontes and Company close out the regular season Tuesday, March 2, against Hardin-Simmons in Abilene.

Bufs Prepare For Final Game

CANYON — Kirby Pugh and George Scott, West Texas State's number one and two scorers, respectively, make their final home appearance this Saturday when the Buffalo host New Mexico State. Game time for the varsity contest is 8 p.m. with the Freshmen meeting Clarendon in the 6 p.m. opener.

Pugh, who came to WTSU by way of Abilene High and San Angelo College, is averaging 17 points per game and needs only nine points Saturday to break 400, a total attained by only six other Buffaloes. The Big Buff held fourth place nationally in field goal percentage through games of February 13 and also leads the Herd in rebounding and is second at the free throw line.

Scott took over the number two position in scoring after the firmly to it ever since. Only recently did the McAduo Marksman's field goal percentage drop

below .500, but he still trails only Pugh and Gail Simpson in that department.

After dropping a 71-45 decision to Texas Western on Thursday, the Buffs upended New Mexico State last Saturday in Las Cruces by a 78-67 counts, hitting 60 per cent of their field goal attempts in the process.

The Buffaloes had a good deal of trouble with huge Mike Dabich, 7-0 center of the Aggies, who scored 23 points and pick-

SOME POWERFUL SENATORS ARE OPPOSED

Shoals Lie Ahead For Education Plan

By VERN SANFORD
Texas Press Association

AUSTIN — Gov. John Connally passed the first legislative test of his program for improving higher education.

House of Representatives overwhelmingly approved the bill to name an 18-member commission to decide which colleges and universities shall teach what, to assign fields of teaching, and to take over state supervision of academic work in the 32 junior colleges.

There were many amendments to the bill by Reps. Dick Cory of Victoria and Charles Wilson of Lufkin. But none diverted the bill from its original purpose as laid out by the Governor Committee on Education Beyond the High School.

Shoals lie ahead, because some strong senators are against such a delegation of powers, or oppose some phases of the bill as passed by the House. Sen. W. T. Moore of Bryan will handle the measure in the Senate. He expects to move on it within the next week or so.

Sen. Dorsey Hardeman is opposed to some of Connally's programs. This has led to talk of pressure tactics. Forces of Speaker Ben Barnes, who support Connally, may hold up action on Hardeman's bill to transfer San Angelo College to state-supported status on Sept. 1.

Hardeman, long a power in the Senate, heads the Senate Finance Committee which will make the fiscal decisions on many programs. This key position makes it vital to Connally that he have acquiescence, if not support, from Hardeman.

The San Angelo senator, who represents a West Texas region as big as some states, demonstrated his power twice recently. He blocked, at least temporarily, a rule change designed to delay or defeat the \$45 a month teacher pay raise proposed by the Texas State Teachers Association. He also amended the "equal rights for women" bill to make the measure inapplicable to present statutes. Amended bill passed with Lieut. Gov. Preston Smith breaking the 15-15 tie. Sponsor Senator Moore said this amendment ruined the legislation.

REDISTRICTING — All bills to reapportion congressional, state senatorial or legislative

districts will go to standing subcommittee in both the House and the Senate.

Rep. Gus Mutscher of Brenham decided to try for objectivity. He picked chairman from opposite sections of the State from the section subcommittees will be studying.

He named Rep. Gene Hendryx of Alpine to the Area I subcommittee handling redistricting of East Texas; Rep. Menton J. Murray of Harlingen to the Area II subcommittee on North Texas; Rep. Red Simpson of Amarillo to the Area II subcommittee on South Texas; and Rep. James Slider of Naples to the Area IV subcommittee on West Texas.

Senate subcommittee on State Senate redistricting measures is heavy with representation from the western part of the State and the lower Gulf Coast. At the insistence of the committee at large, Sen. Louis Crump of San Saba, chairman of the Senate Redistricting Committee, appointed himself chairman of the study subcommittee.

Then he picked Sen. Dorsey Hardeman of San Angelo; Sen. Criss Cole of Houston; Sen. Bruce Reagan of Corpus Christi; and Sen. William T. Moore of Bryan to serve with him.

Senator Crump also will head the congressional redistricting subcommittee composed of Sen. Ralph Hall of Rockwall; Sen. Abraham Kazen of Laredo; Sen. Martin Dies Jr. of Lufkin; and Sen. George Parkhouse of Dallas.

HOG CHOLERA ERADICATION — Representatives of several farm organizations joined members of the Texas Animal Health Commission and the U. S. Department of Agriculture in supporting legislation to regulate hog cholera eradication measures before the Senate Agricultural Committee.

Sen. Andy Rogers of Childress is author of the bill and also chairman of the committee.

Those appearing before the committee were Charles Huff, Farm Bureau Federation; W. M. Burnett, Farmers Union; E. M. Regenbrecht of Bryan, representing swine breeders of the Animal Health Commission; and Dr. S. B. Walker, executive director of the commission.

REGULATORY AUTHORITY BILL RUNS INTO TROUBLE — A bill by Sen. Tom Creighton of

Mineral Wells to give the State Parks & Wildlife Commission complete regulatory authority over hunting and fishing in all 254 counties ran into temporary trouble in the Senate when a vote to suspend rules for its consideration failed. Vote was 18-13 for suspension, but a four-fifths majority is required.

About 150 of the State's counties now are under the Commission's jurisdiction. Governor Connally asks that all 254 be included.

ECONOMY COMMISSION — A commission study which experts testified could result in savings up to \$8,000,000 a year in state government operation has House approval and now is in the Senate.

Called the "Little Hoover Commission," the survey is aimed at achieving "economy and efficiency" in the executive branch of the government.

Rep. Dick Cory of Victoria is the author.

TB PROGRAM URGED — House and Senate committees heard convincing arguments that tuberculosis can be eradicated in Texas within a decade through new drugs and treatment methods and an intensive program of care, case-finding and follow-up.

Senate Public Health Committee immediately approved setting the program in motion in a group of south-central Texas counties around San Antonio and Mexican border counties from El Paso to Brownsville.

House committee placed the bill in a friendly subcommittee for a week's study.

Plan would call for State Department of Health to take over all hospitals and consolidate the entire program in a special division. Contract care of patients near their homes where possible is an important part of the program.

OIL — Oil production will be down a bit in March. Railroad Commission cut allowances 11,000 barrels a day after hearing discouraging forecasts of need for Texas oil during the month.

Oilmen got House committee approval of the oil and gas pooling bill backed by several oil associations. Strong opposition had been voiced by the Texas Farm Bureau, but the committee approved it with only Rep. Amando Canales of San Diego opposing the vote.

Rep. Wayne Gibbens of Breckenridge hopes to get it through the House this week. It was passed by the Senate two weeks ago.

In simple terms, the bill would allow landowners or leaseholders who do not have enough land to obtain a drilling permit from the Railroad Commission to get the Commission to order the small tract into a pool. Likewise, owners of large tracts can force the pooling of small tracts for oil and gas development.

TOURIST BOOSTERS ORGANIZE — Representatives of commercial tourist attractions have formed Texas Attractions Association to assure visitors a fair return on their dollar.

Claude Cox of Arlington is president; James T. (Happy) Shahan of Brackettville, vice president; and Raymond Cichochos, Wimberley, secretary-treasurer. Board of directors includes Don Russell of San Marcos, Tom Bolton of Dallas, and Karl O. Wylar Sr. of El Paso.

Governor Connally in a speech to the Texas Tourist Council called on Texas businessmen to help develop new attractions and boost existing ones.

COTTON — Legislation by Sen. Jim Bates of Edinburg and Rep. Menton Murray of Harlingen to restore the pink bollworm control law to full effectiveness is nearing final passage.

Agriculture Commissioner John C. White asked for the bill, changing an "and" to an "or". Cameron County court declared the present law invalid, after 40 years of enforcement.

UCRA MAY EXPAND — Rep. Forrest Harding of San Angelo will offer a bill permitting 10 West Texas counties to vote on creation of an enlarged Upper Colorado River Authority.

Counties are Tom Green, McCulloch, Menard, Schleicher, Concho, Coleman, Runnels, Irion, Coke and Sterling.

SHORT SNORTS — A 40-member delegation from the Edinburg Chamber of Commerce met with Lower Rio Grande Valley legislators and offered what its chairman called "practically unanimous" backing to legalized horse race betting and the sale of miniature bottles of liquor in restaurants. Rep. Roy Arledge of Stamford has a bill proposing that organizations of state employees, such as the Texas Public Employees Association

and the Texas State Teachers Association, be required to make financial reports to the state and to their members. . . . Jess Eryth of Austin has been named executive director of the Board for Texas State Hospitals and Special Schools to replace Raymond W. Vowell, who now is director of federal and state agency affairs for The University of Texas. . . . House of Representatives welcomed newly-elected members John Mobley of Kilgore and Neal Solomon of Mount Vernon even before election returns were officially certified. . . . Adjutant General Thomas S. Bishop will attend March 3 meeting in Washington to receive information as to type and number of National Guard units which will be offered Texas under Guard-Army Reserve merger. . . . Atty. Gen. Waggoner Carr's third annual Youth Conference on Crime has been set for August 20-22. . . . Texas Research League report says Texas has no real administrative process for determining water priorities or judging rival claims in water rights disputes. . . . Texas Water Commission has taken under advisement City of Mason's request for a 30-month extension of time for studying a reservoir site on the Llano.

ILL-REPUTED MULES

MANCHESTER, Tenn. (AP) — U. S. Dist. Judge Charles G. Neese excused Robert Amacher from jury duty after testimony had already begun in a whisky law violation case.

A treasury agent testified that the defendants were arrested on a narrow mountain road while riding in a wagon drawn by mules.

mules and wagon as evidence. He said the wagon contained some moonshine whisky and still equipment.

Amacher asked to speak to the judge in private. In chambers, he told Neese that he didn't know the defendants, but he knew the mules.

He said he couldn't give the men a fair trial because the mules had reputations of being involved in frequent moonshine

activities. "This is the first time I ever had to excuse a man because he knew some mules," the judge said.

MORE SELF-SERVICE

BELGRADE (AP) — Self-service shops are becoming more popular in Communist Yugoslavia. In 1960 there were 187 such shops. By 1964 there were 645.

DISHMAN-HALE'S
CELEBRATION SPECIAL

"I'm Bill Miller, Used Car Manager at Dishman-Hale Chrysler - Plymouth, Inc., new Chrysler-Plymouth Dealer at 345 East 1st.

We know nobody likes to shop a used-car lot with a high-pressure salesman breathing down his neck. We don't have any. We know a lot of people are leery of used cars because many of them look over-used and over-priced.

Ours are clean, bright and thoroughly reconditioned. We can sleep at night after we make a sale. What about prices? They're not rock bottom. But they're fair. Still, we know that if you can beat our deal you'll go elsewhere. We're not about to let that happen. Why not let us show you a great used-car lot in action. Take advantage today of our Celebration Special. 99

LIBERTY

In all the world no monument is more famous than Bartholdi's Statue of Liberty. Standing on an isle in New York harbor, it is the symbol of a nation that enjoys the ultimate in political and religious freedom. It is our Americanism landmark.

Since 1886, the towering statue has been the first welcoming beacon for countless thousands coming to these shores to find a better life... *The life of Liberty, of Freedom, the American way.* The inscription on its base carries a potent message of promise as significant as the monument itself:

"Give me your tired, your poor,
Your huddled masses yearning to breathe free,
The wretched refuse of your teeming shore.
Send these, the homeless, the tempest-tost, to me:
I lift my lamp beside the golden door."
Then, if we have in the past, may we never again take Liberty for granted... it wears a price tag.

REP. ROGERS REPORTS

Congressman Muses Over Weird Project

By WALTER ROGERS
U. S. Representative

It is not so incredible that the enemies of our American system would plot to destroy things symbolic of our system's strength — a statue, a bell, a marble monument.

Communists fear these symbols; they can understand them no better than they can understand the concept of freedom itself. But they know the statue, the bell, and the marble monument mean a great deal to us and thus are dangerous to them. To the Communist mind, it is ludicrous that anyone could take inspiration from a statue perched on an island in the middle of a busy harbor. But, since people obviously do take inspiration from the statue, that statue (so goes this line of thought) ought to be destroyed.

'Ails Involves Easy' It is not only an inability to understand the symbols of freedom that stirs Communist hatred for the Statue of Liberty, the Liberty Bell, and the Washington Monument, it is also envy. The Communists possess no equivalent symbols. They are jealous of ours. Our symbols appeal to the heart and mind, to human aspirations for dignity and worth and liberty. Communist symbols are reminders that in the Communist way of things the individual is subservient to, and to be dominated by, the all-powerful state.

The main symbol of Communism appears to be the mausoleum in Red Square in which is entombed the body of the original Soviet despot, Nikolai Lenin. By the hundreds, Russian citizens each day file past the case containing Lenin's body, although it is not clear what inspiration they are to take from the sight of it. For a time, Lenin's resting place was shared

by his successor, Joseph Stalin, but Stalin did not long enjoy Communist favor after his death and his body was moved to a grave and monuments praising him were razed.

Other Symbols There are other meaningful symbols of communism.

There is the wall erected across Berlin to trap a people in slavery, a monument to the bankruptcy of communism's appeal. There is the 2,000-mile armed barrier stretched across the breadth of the European Continent — the Iron Curtain — to keep the population of the Satellite states in their Red chains.

There are the concentration camps in Siberia, the grim prisons in Cuba, the unspeakable dungeons of Red China, in which the enemies and critics of communism are entombed in a living death.

There are the bitter, bleak symbols of communism and its hopelessness.

Communists deny them, but

PINK STAMPS INTO PEDAL BINS

LONDON — British housewives redeemed approximately four billion pink stamps during 1964 and acquired more than two million merchandise items.

One of the most favored articles was a kitchen pedal bin, better known in the U. S. as a step-on garbage can.

Other fast-moving articles were casseroles, fish fryers, mops and bathroom scales.

The Sperry and Hutchinson Company, distributors of green in the United States, introduced pink stamps in the United Kingdom in October 1963. The company estimates that more than one-third of British housewives save stamps.

Hereford Youth Studies 'Copter

FORT RUCKER, Ala. (Special) — Pvt. Juan D. Aguirre, son of Mr. and Mrs. Concepcion Aguirre, 323 Avenue A, Hereford, completed a helicopter maintenance course at the Army Aviation School, Fort Rucker, Ala., Feb. 19. During the five-week course Aguirre received specialized instruction in the maintenance of copters. The 19-year-old soldier entered the Army in September 1964 and completed basic combat training at Fort Polk, La. He is a 1964 graduate of Hereford High School.

CONSISTENT VOTING

CLOVIS, N. M. — Four candidates competed for two vacancies on the Clovis School Board in 1963 and 2,806 votes were cast. Voters balloted again in February 1965 and 2,896 votes were cast.

they exist — and the world knows it.

It is little wonder that the Communists would wish to destroy our symbols — the Statue of Liberty, which welcomed to this bright new land so many millions fleeing oppression and seeking opportunity; the Liberty Bell, which rang out in celebration of our Declaration of Independence; the Washington Monument, which honors the Father of Our Country and denotes the love we all share for our United States.

We are, of course, glad that the plot to destroy the symbols of our freedom was detected in time. But we can be proud that the enemies of our country find these symbols so dangerous.

Recent visitors in the Nation's Capital were Mr. and Mrs. Riley Walter and children, Amarillo; Mr. G. E. Briscoe, Perryton.

ONLY THE NAMES ARE CHANGED

NEW YORK — The comic strip characters are the same, but you might NOT recognize

their names unless you understand Spanish.

In El Diario La Prensa, Spanish language daily in New York, Mickey Mouse becomes "El Ratón Miguellito," Blandie becomes

"Pepito," Prince Valiant is "El Principe Valiente" and Popeye the Sailor is "Popeye El Marino."
