

'Deviated' Insurance Coverage Scuttled By County Commissioners

County commissioners took another long look at insurance for county-owned buildings and then cast a split vote which apparently settles one of the questions involved in a six-hour session Monday.

But the decisions of how much fire and casualty coverage to carry and with what local firms to write the policies were tabled until after further investigation of the county's needs.

The topic of insurance occupied more than two hours on the varied and lengthy agenda which saw commissioners taking action on several other matters.

COMMISSIONERS voted 3-1 against proposals to write the county's fire and casualty insurance with a deviating insurance company at a reduced rate.

An insurance representative had told commissioners several

months ago that the county could obtain insurance at reduced rates through writing deviating policies on some buildings meeting certain construction and use classifications.

Commissioners had pondered the proposal at various times during meetings since January, but never put the question to a vote.

Monday, Commissioner Earl Holt moved that the county rule out such a proposal. "I don't think the \$300 per year savings would be worth the risk tape involved . . . or the risk that we might not have as sound coverage as we now have," he commented.

COMMISSIONER Donald Hicks seconded the motion and — after further discussion — the vote came. Marcus Latham voted in favor of the motion along

with Holt and Hicks.

Bruce Coleman, who had commented earlier that he felt the county "should not discount the savings available with deviation," voted against the motion.

Commissioners also discussed at length the amount of insurance which should be carried for the county hospital, but decided to table the matter until after consultation with the hospital board tonight.

Also involved is the question of what local businesses should be allowed to write the policies. Commissioners for several years have had an arrangement through which the county does business with firms which have been in existence in Hereford for at least five years.

ACTION ON THIS question was also tabled.

At the same time, commis-

ers are considering improvement of group insurance offerings to county employees, although this matter did not come up in Monday's session.

In other business on Monday's lengthy agenda, the commission:

— Agreed to meet as the county Board of Tax Equalization on June 16 to hear county residents who question adjusted tax assessments.

— Accepted bids on two miles of paving and settled a question raised by two property owners who had granted easements for the road.

— Agreed to share in paying the salary for a part-time secretary for the 60th Judicial District Adult Probation Officer.

— Gave the final okay for \$30,000 worth of permanent improvement bonds to acquire the Knights of Columbus property north of the courthouse.

— AGREED TO HIRE a full-time trainee for the library (who will become assistant librarian upon the retirement of Mrs. J. J. Boydston on Jan. 1, 1966) and tabled a suggestion from Commissioner Earl Holt that a committee be formed to assist in selecting books for the library.

— Decided to rebuild a bridge on a county road near Dawn.

— And heard a letter written on behalf of the county commission to the board of directors of the Deaf Smith County Electric Cooperative, commending the co-op for its continued support of the 4-H Club and other youth activities.

H. A. Tuck, assistant county tax assessor-collector, told commissioners adjustment of the county tax rolls is completed and notices of assessment alterations are being mailed to affected county property owners.

COMMISSIONERS agreed to meet June 16 as a board of tax equalization to hear complaints from property owners. The board will convene at 10 a.m. in the commissioners' courtroom in the courthouse.

Only one firm submitted a bid for two miles of pavement on a county road, extending from the end of South Main to U. S. Hwy. 285 and a mile further west.

Louie Squier of Hereford will receive the contract on a total bid of \$9,110.78 for the paving.

Two property owners who had granted easements for the road appeared before the commission. J. D. Kelly and Merlin Weber told commissioners they had granted the easements "with the understanding that the county would build a 23-foot-wide paved road."

COMMISSIONERS explained that after the easements were received, it was found that other roads in the county — including farm-to-market roads and U. S. Hwy. 285 outside the city — are only 20 feet wide.

Therefore, commissioners said, the county decided to make the pavement 20 feet wide.

"We wanted to build a serviceable road . . . but an economical one," Commissioner Hicks said.

"This is the first time the county has attempted to build a road out of precinct money — without any state aid or bonds — and we feel that the county should not be called on to build roads in excess width of what the state apparently thinks is sufficient."

KELLY TOLD THE commission MEETING Page 2

Merchants 'Moonlight'

A moonlight sale is planned by Main St. merchants between 7 p.m. and 10 p.m. today.

Called "Downtown Hereford Days," the sale was planned by businessmen to give shoppers a chance to travel Main St. after the "Variety Park" construction crews have called it a day.

'Variety Park' Hampered Continuing Rains Ease Severe Moisture Lack

The Aerial Basket — That is where the photographer is, 40 feet above the parking lot at the Deaf Smith County Electric Co-op. The \$25,000 piece of equipment, owned about a year, is operated by the crew seen below. They are, left to right, Harold Finch, Wayne Moore and Gene George. (Staff Photo)

The Co-Op Says: 'The Co-Op Did It' Energizing The Farm

By DUDLEY LYNCH
News Editor

When it's 50 miles through the pasture — and a slight further by road — from maintenance barns to a customer tuning over an electrical outage, you can't always do things by the book.

The Deaf Smith County Electric Cooperative and its 28 employees find this anomaly of cut-and-dried business procedure axiomatic from day to day: For 20 years, they can cite, they even let the customer read his own meter.

With less than two meters to the mile, their lines weave down 2,351 miles of country lanes, ranch roads and rutted access

paths in parts of five counties. Some customers are remote. (A ranchhouse 16 miles northwest of Adrian earns the "most" remote label or, at least, it is farthest from Hereford.)

THE HEREFORD cooperative, now one of 997 in the nation, stretched about 50 miles of line, erected one feeble substation and hesitatingly threw the first switch in November of 1938. There were 128 members and 30 irrigation wells served.

Electricity crackled out over rural spaces where it had never been before. This was the intent, its sponsors asserted, of the Rural Electrification Admini-

See CO-OP Page 2

Reports Heaviest Near City

Rains measuring to 2.1 inches Monday and additional downpours Wednesday afternoon soaked into thirsty Deaf Smith County lands and lawns, easing at least temporarily the county's severe moisture shortage.

The measurement from Wednesday hours-long shower — which ranged from a drizzle to, at times, a heavy deluge — totaled .9 of an inch in Hereford. The sun broke through about 5:30 p.m. but further showers were possible.

ADDED TO THE nearly two inches recorded in town Monday, the Wednesday rains quickly boosted the up-to-now paltry 1965 moisture registry here to 4.38 inches.

The largest amounts from the pre-dawn cloudbursts Monday appeared to have fallen from the Westway community to the county line east of Dawn. Only modest reports came from the drought-hit western and west-central sections.

HEREFORD measured 1.86 inches in the early morning falls and added another .06 in intermittent showers during the day.

Another delay in the "Variety Park" downtown remodeling

MICHIO WAKAI . . . wants to become a journalist in Japan. EXCHANGE STUDENTS SPEAK THEIR MINDS

'Bonanza'—But In A Different Light

By WAIN MILLER
Staff Writer

They came to America with visions of a capitalistic society and a western way of life something like that pictured on television's "Bonanza."

After almost nine months of close contact with "the American way," two Hereford High School exchange students have a new outlook on the U.S. and its people.

They are Michio Wakai, 17, of Japan and Rene Batard, 18, of France.

The pair — who are among some 3,000 American Field Service exchange students in the United States this year — will be leaving Hereford in June on a tour of the U. S. before returning to homes on opposite sides of the globe.

In separate interviews with The Brand, the pair capsule their stay here — what it has meant to them and how the American Field Service goal of "people to people ambassadorship" has worked.

Michio, who lives in the Don T. Martin home, said that "I am fortunate to be able to see America while living in an American home . . . there I can see life better than if I were just an exchange student studying in the United States."

She plans to be a journalist after completion of high school and college.

Her year here will "give a lot of insight into the world" which she says she could not have received had it not been for the American Field Service.

RENE BATARD . . . changes definition of 'capitalist'.

SUMMERFIELD Woman Is Dead Following Fall

(Special To The Brand)

DIMMITT — An autopsy was ordered in the death of a 61-year-old Summerfield area woman who died Tuesday afternoon apparently after falling down a flight of steps.

PEACE JUSTICE T. E. Harrison Sr. ordered a pathologist's report on Miss Mable Cannon, who lived with a brother, Harry, and his wife about a half-mile southwest of Summerfield.

Mrs. Cannon told Harrison, who with a doctor pronounced the woman dead, that the victim was washing a window in a door leading to the basement stairs. Mrs. Cannon said she left the house, heard a scream and found her sister-in-law lying at the foot of the stairs.

HARRISON said the woman had lived on the farm since coming to the area in 1917. She was born in LaRue County, Ky.

The peace justice said it appeared the woman had been living in the basement.

Services will be at Gilliland Funeral Home at 2 p.m. today. Burial will be in West Park Cemetery.

TO ATTRACT TEACHERS Special Education Salaries Boosted

A salary increase aimed at improvement of special education instruction in the Hereford schools was okayed by the board of education Tuesday night.

Board members also took a look at school travel expenses, the high school athletic program and the budget.

Five teachers were hired and contracts for three others were renewed.

Acting Superintendent Don Martin reported that the Hereford schools' enrollment total as of April 9 was 3,702, about 150 more than at this time last year, but 34 short of last month's total.

THREE elementary school principals and the elementary co-ordinator reported on the group's recent trip to Houston to attend the convention of the Elementary Principals and Supervisors Association of Texas.

Board president Bill Gentry said that the board would like to know "exactly how beneficial such trips are."

Principals Charles Duvall, D. C. Martin, and Roy Hartman, and elementary school co-ordinator Della Stagner outlined their trip, describing the bene-

Traditional Service For Seniors Set

Baccalaureate and commencement exercises for the 184-member graduating class at Hereford High School will be Sunday and Friday of next week.

Baccalaureate will be at 8 p. m. Sunday in the high school auditorium and commencement Friday at Whiteface Stadium.

THE REV. EUGENE Brink, pastor of the First Christian Church, will deliver the baccalaureate address. Invocation is to be given by the Rev. V. W. Marcontell, pastor of the Assembly of God Church, and the Rev. Noah Armpriester, pastor of the Wesley Methodist Church, will give the benediction. Processional and recessional will be played by Mrs. John T. Sims. The school mixed choir will present "Ye Shall Have a Song."

The high school concert band, under direction of Ben Gollehon, will play the processional and recessional at graduation exercises Friday evening on Whiteface field. This year's class will be the first to conduct its commencement program at the stadium.

ERNEST FLOOD, president of the class, will give the invocation.

STARTED IN 1938

Co-Op Serves Customers In Parts Of 5 Counties

(Continued from Page 1) station — established by Executive Order in 1935 and celebrating its 30th anniversary this week. Initially allocated \$10 million, it was another depression measure.

Today neither the REA nor Deaf Smith County Electric Cooperative reflects those lean years.

"IF YOU HAD told me 20 years ago that we would have electricity to that ranch," mused Leo Forrest, loquacious ex-school superintendent who manages the co-op here. "I would have said 'impossible.'"

But now the Deaf Smith cooperative serves over 4,100 meters, has total assets of nearly \$5 million, has repaid \$3.1 million of \$5.3 million in loans from REA (\$1.7 million of the principal ahead of schedule) and ranks, Forrest believes, as one of the more successful rural electric cooperatives in the country.

"Most of our growth now is vertical," concedes Forrest, who celebrates 20 years with the co-op in June. "I don't know of more than a few rural homes which don't have electricity. Oh, there may be a few holdouts. There was one fellow in Parmer County that sat under that line for 17 years before he wired his house two or three years ago."

FORREST SAYS the power researchers estimate demands will double every seven years.

Leafing through records, he notes that the 703 farm homes serviced by this cooperative in 1945 used an average of 94 kilowatt hours monthly. Now the average is 512. In the last 10 years, the average monthly usage of large rural loads has increased 600 per cent.

The Hereford facility — which primarily serves Deaf Smith, Parmer and Castro counties but also has customers in Oldham and Curry counties — plans a gradual conversion of its one-phase lines to three-phase. Simply, that means they are erecting heavier lines to carry more voltage and take it further.

IT ENTAILS use of different types of transformers, insulators, breakers and heavier conductors as well as wiring. "It will be a constant thing of keeping up with the demand," says Forrest.

As the cooperative has grown, it has modernized equipment and procedures, says Forrest. In January of 1965, the "honor system" of reporting meter readings was abandoned. Two men now check the scattered 4,100 meters each month, at the same time inspecting "every mile" of co-op line. Approved for one year, the system probably will become permanent, suggests Forrest: Per meter, it is costing only about eight cents more.

Last year, the co-op purchased a \$25,000 rig with a "dog-leg" boom that pokes 50 feet skyward. Part of the versatile, hydraulically-operated boom is made of fiber glass; it can withstand frightening charges of electricity. The result: Co-op linemen can now work amid "hot" wires with out an outage of power to customers. It's safer, too, says Gene George, maintenance crew chief.

COOPERATIVES, along with the REA (which Forrest contends is only the co-ops' "banker") have encountered their

share of criticism through the years. Loans, such as the \$700,000 advance which started the co-op here and the others along the way, draw two per cent interest — a rate private power companies find irritatingly low.

Critics say the REA-backed operations' chief function — to electrify the farm — has been accomplished. They accuse some cooperatives of being tax-exempt "fat cats," of building tremendous reserves which they have been known to invest in government-insured loans drawing higher interest rates than their REA-supplied loans require, of using the low-interest loans to finance transmission and generating facilities to compete against private enterprise.

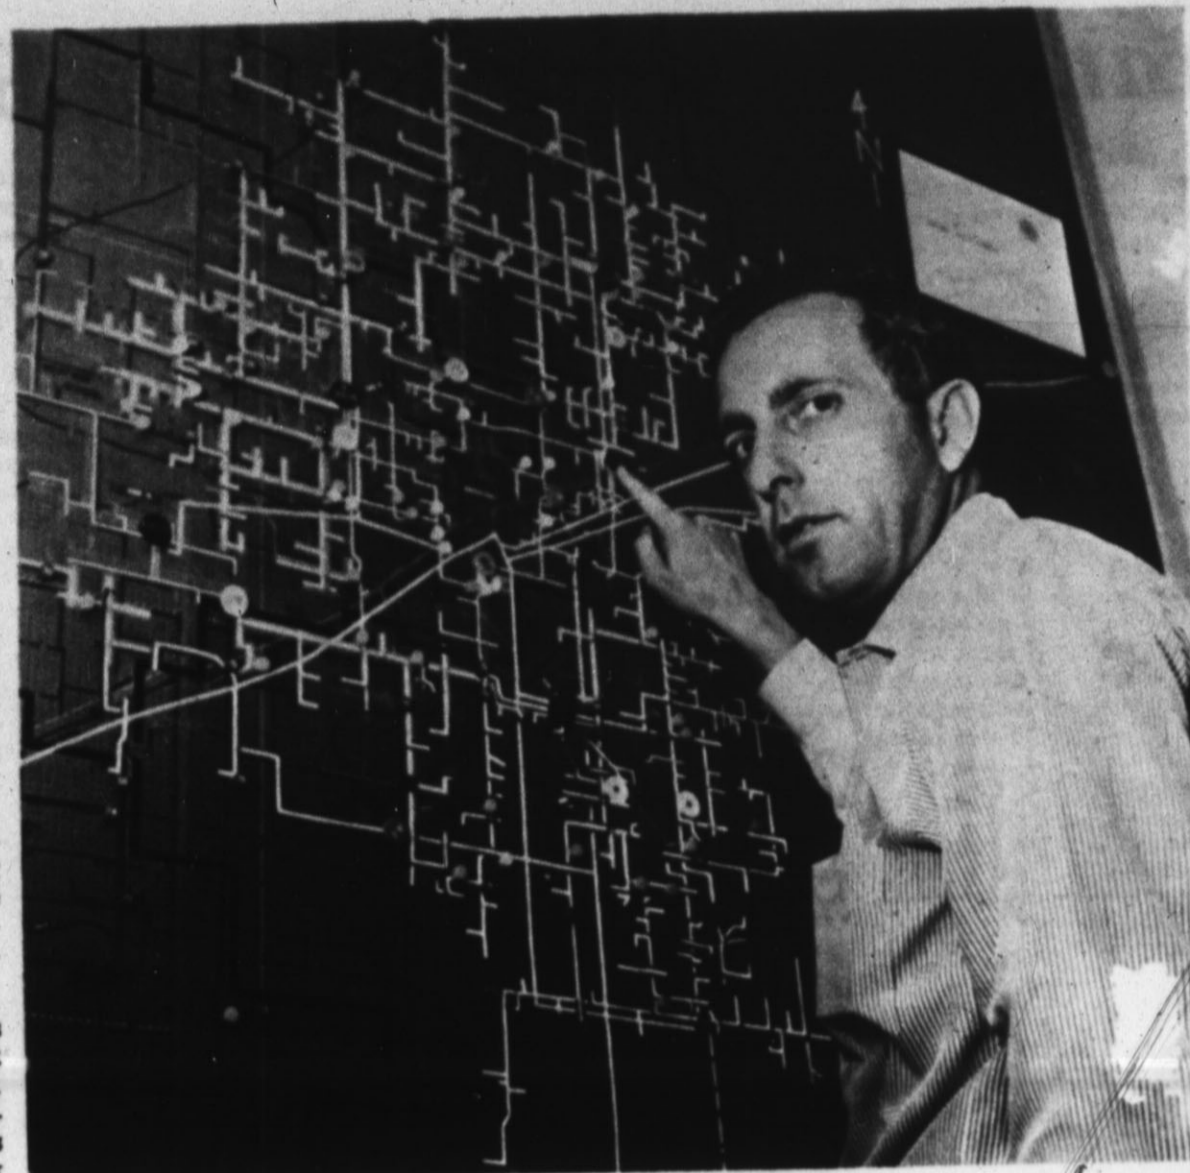

FORREST ANSWERS: "As far as I am concerned I don't think this criticism is justified. The statements come from someone who either envies success or is just misinformed. I think sometimes that our areas of disagreement, however, are much less than the areas of agreement. And if these accusations have been made locally, they are not justified, and I don't think they have been made."

He cites what he feels are some specific "local rebuttals" to the critics' claims:

— The cooperative here has worked amicably with Southwest Public Service Co., both the supplier of its power and its competitor, Forrest says. Twice the co-op has sold former rural lines, subsequently taken into the city, to SWPS "to avoid conflicts." "We don't want to come into any town or city," asserts Forrest. "We don't want to take anything away from anybody. But if something develops in our (rural) area, yes sir, we think we ought to serve it."

— THE CO-OP HAS not lost sight of its original objective, says Forrest. "We will serve any bonafide farm or ranch home in the area that we were set up to serve for a minimum of \$2.50." But he retorts, that doesn't limit the cooperative from seeking the power contracts of large users that are developing. "The law doesn't say that the private power companies can take the cream off the top and give the cooperatives what is left," he says.

— Most of the local co-op's reserves, insists Forrest, have been used to make advance payments on the REA loans. (Fig-

WHERE IT ALL STARTED — Bill Craig, line superintendent at the Deaf Smith County Electric Cooperative, points out the location of the system's first sub-station. It went into operation in November of 1938. The map is a schematic diagram of the co-op's service area and shows the location of sub-stations, breaks, regulators, capacitors and other equipment. (Staff Photo)

MANAGER — Leo Forrest has headed the Hereford co-op for nearly 20 years. (Staff Photo)

ures supplied by the REA indicate that the Deaf Smith facility is about \$2 million ahead of the average co-op repayment schedule. "All of our money at the present time will go either to pre-payment to REA or to capital credit refunds," he says. Forrest points out that the co-op does have some "emergency" funds in savings and loan associations and government bonds. The Dec. 31, 1964, balance sheet shows these investments at more than a half-million dollars. "Our board doesn't believe that we should branch off into some of these other fields," says Forrest amiably. "But we do believe that there is still a need for electric co-ops. And we do not believe that just because it has been successful that you should turn it over to somebody else."

ROLLS NOW 'ADJUSTED'

Meeting Of Tax Equalization Unit Set For June 16

(Continued from Page 1) Commissioners he could see their point, "but still, when we gave the easements, we were told (by a former commissioner) that the road would be 22 feet wide. . . I think you'll find it in the minutes."

Commissioners checked the minutes; which stated the road would be built on a 22-foot wide base, but did not list the width of paving.

Commissioners said that repairs to a bridge on a county road some four miles south of Dawn would cost about \$10,000. Repairs are needed, Holt said, in order to bring the present 10,000-pound load limit up to par.

THE COMMISSION agreed to repair the bridge.

In the past, the commission had been approached to rebuild the bridge at a cost of \$30,000 to \$40,000, it was pointed out.

A letter from District Judge Harry Shultz recommended a part-time secretary for J. C. Reese, 60th Judicial District Adult Probation Officer.

In the letter, the judge pointed out that the number of cases handled by Reese had jumped from 87 on June 1, 1959, to 190 on April 12, 1965. Reese

has been doing the office work himself.

Mrs. Lorene Newman, assistant county librarian, recommended that Mrs. Baxter London be hired as a full-time trainee for the library at a starting salary of \$285 monthly. Commissioners gave their approval.

In later discussion, Commissioner Holt suggested a library committee be formed to aid in selection of books for the county library. Commissioners voiced approval of the idea, but tabled action until after the first of the year.

Service Station Opening Is Set

Mr. and Mrs. Kelly Coplin hold the grand opening of their Chevron service station, 501 W. First, Saturday.

The U. S. Hwy. 60 station is the second to be operated here by the couple. They previously supervised another station for three years.

Both have been residents here several years. Mrs. Coplin was secretary at the First Methodist Church for six years.

They also have announced an agreement between the America Oil Company and Western Motels, Inc., which provides that Standard and American Oil credit cards may be honored for room, food and related charges at association motels effective June 1.

The Western Motel affiliate here is the Chateau Inn, 500 W. First.

Seniors Receive Diplomas May 1

(Continued from Page 1)

tion, followed by "Battle Hymn of the Republic" to be given by the concert band and the mixed choir.

Valedictorian for the class is Lawana Vines, daughter of Mr. and Mrs. Doyle Vines. Salutatorian is Phyllis Williams, daughter of Mr. and Mrs. James A. Williams. Both will speak.

Larry Minks, class secretary, will present the class gift to Principal G. W. Michael, who will then present the class to W. H. Geney, president of the board of trustees. He will award diplomas.

STAN SIGMAN will give the benediction.

"Pride Plus Character Equals Principles" was recently chosen by the class as their motto.

Class colors are blue and silver and the class flower is the red rose. Sponsors were Earl Keesee, Virgil Young, Don Farmer, Gerald Dingus, Don Paris, James Williams, Joe Smith, Moselle Neill and Al Smith. Mrs. Billye M. Buck was the coordinator.

The sailors aboard the Pinta, Nina and Santa Maria had one thing in common — superstition.

Band Boosters Elect Monday

Election of officers will highlight the final meeting of the year for the Band-Aides — booster organization for the Hereford bands—at 8 p.m. Monday in the high school band hall.

Band-Aides will elect officers

for the 1965-66 school year.

Members of the group are also asked to turn in any information for the Hereford High School Band's community calendar, which will be published in August.

Information listing dates of church, civic, and school events should be turned into band members or to Mrs. Glen Walker prior to May 26.

3-Act Comedy Set For Friday, Saturday Nights

"Exit the Body," a comedy in three acts, will be presented by the Thespians of Hereford High School Friday and Saturday night in the high school auditorium. Curtain time is 8 p.m.

The satire, under direction of drama instructor Tye Hillger, has 19 cast members. Assistant director is Kenneth Eastman and Rene Batard is stage manager.

In the cast are Randy Hopson, playing Lillian Seymour;

Kathy Pool, Jenny; Gerald Witkowski, Randolph; Maury McAndrews, Helen O'Toole; Barbara Langley, Kate Bixley; Rosal Bush, Crane Hammond; Steve Hoffman, Vernon Cookley; John Leatherman, Philip Smith; and Jon David Miller, Richard Hammond.

Kevin McAndrews is in charge of the set, Carmen Betzen supervised the make-up and ticket sales, and Sandy Stone was in charge of publicity and the program.

Admission is \$1 for adults and 50 cents for students.

Sharks have poor vision and depend on their well-developed sense of smell to locate food.

EXIT THE BODY — To be presented Friday and Saturday at 8 p.m. in the high school auditorium is "Exit the Body," a three-act comedy. The play is being produced by the Thespians Club at the school. Shown here are cast members Gerald Witkowski (on the floor) with Kathy Pool bending over him. Sitting are John Lesly and Randy Hopson while Barbara Langley and Gerald Leatherman look on. (Staff Photo)

Rains May Have Saved Some 'Doomed' Wheat

(Continued from Page 1)

project was caused by the moisture. This time, said City Manager Dudley Bayne, before Wednesday's showers started, construction crews will probably be set back about three days. Four blocks of Main St. are affected. Work on the Harrison Hwy. widening project in west Hereford also was dealt a soggy, water-logged blow.

A **DAWN COMMUNITY** farmer, T.J. (Buck) Parsons, registered the largest amount reported with 2.1 inches on his farm $8\frac{1}{2}$ miles northeast of Hereford. Other inch-plus recordings were reported by a Summerfield

farmer with 1.95 inches; Andrew Kershen, who lives in the Westway community, 1.5 inches; E. O. Dixon, who lives one mile north of Aikman Elementary School, 1.5 inches; and William E. (Bill) Kahlich, 12 miles southeast, 1.2 inches.

In central and western Deaf Smith County, the reports were disappointing. Eldred Brown said 2 of an inch fell at Booteleg, 26 miles west of Hereford. A Simms community report listed only 1 of an inch. George Ritter, who farms 20 miles west of town, had .75 of an inch.

NOT ALL FARMERS in the vicinity where the big measurements were taken got in on the inch-plus downpours, however. Fred Henry, for instance, who farms two miles east of Bill Kahlich, said he received .85. One farmer south of Westway gauged only .35 of an inch.

Don Newman, manager of the Soil Conservation Service here, was elated at the improved prospects.

"Even dryland wheat that looked like it wasn't going to make, I think it will go ahead and head out," said Newman.

"The only disappointment was that the farmers out west and north didn't get their share."

Newman said one irrigation farmer told him he had run his well constantly for seven

straight weeks. Now with the rains he finally felt justified in stopping and servicing the engine, Newman said.

CITY MANAGER Bayne said curb and gutter work was more than half completed in the 100 block of Main St. by week's end. Completion of that block and curb-gutter work in the 200 block were brought to a standstill. Concrete forms for curb-gutter erection were in place in the 200 block and prevented drainage in that area. City crews were called in to pump the water out.

Three motorists, a city policeman and a wrecker driver were trapped by the storm sewer excavations in the construction area. The ditches had been filled but gave in when vehicles drove over them.

THE POLICEMAN, D. A. Suter, responded to a call for assistance from three motorists mired in the excavations and buried his front wheels in a similar predicament. One wrecker was called, and that vehicle, too, slipped into a ditch.

A second wrecker was then called to untangle the confusion.

Some 7,000 Athenian prisoners of war were employed in the quarries of Syracuse in 413 B.C.

The Hereford Brand Trustees Discuss Athletic Program

(Continued from Page 1)

sympathetic to the need and that it was the board's purpose to determine "how many trips are necessary and which ones are the most important in order that we may plan for them in our budget."

"This (travel) is a thing which is spiraling each year — not just with the administrators, but throughout the system."

After discussion in connection with hiring teachers, acting supt. Martin suggested that a salary increase be effected "to induce teachers to instruct in special education."

HE EXPLAINED that the system qualifies under state standards for 12 special education instructors.

"We need six more than we have now . . . and we have no applicants for the jobs."

Following his suggestion, the board voted to increase salaries for special education teachers.

Teachers who have not completed the 18 hours required for a special education certificate will receive \$150 above regular classroom teachers' pay for instructing one year.

Then, however, teachers must receive their special education certificate before continuing, according to state rulings. After achieving the certificate, special education teachers will draw \$300 yearly above pay for regular classroom teachers in the Hereford schools.

BOARD MEMBERS discussed at length the high school athletic program after agreeing to hire a freshman coach to replace Hugh Sullivan, who has accepted a position in Brownwood; and another coach to replace Jesse Geron, who has been named assistant high school principal.

For the third time in as many board meetings, lengthy discussion arose concerning the high school athletic program.

BOARD MEMBERS appeared to be in agreement that more emphasis should be placed on each sport in season, referring especially to baseball, where the job of coaching has been left to one man until recent weeks.

The board followed recommendations of principals and the

acting superintendent, hiring five new teachers.

Mrs. Clifford Kerr, who is presently a practice teacher at Aikman, was hired to teach there next year. Miss Lois Harris, who is now teaching at Early High School in Brownwood, was hired to teach at Central School.

HIRED TO TEACH English at Stanton Junior High was Mrs. Jo Meda Masters, presently a teacher at Snyder, Okla.

Donald Ray Taylor, currently a practice teacher at the junior high, was hired as a coach and science instructor there.

Mrs. Jonna Lee Miller was hired as a speech therapist for elementary schools.

Ronald Speed, high school baseball coach, was rehired as a coach for the coming year.

The Rev. Fred Beversdorf was re-hired as a Latin instructor at high school.

ACTING SUPT. Martin then found himself in the unusual position of having to ask what his duties would be after Johnny Clark Jr. takes over the superintendent's office in June.

Martin, who has served as acting superintendent for several months, was junior high school counselor prior to being named acting superintendent.

Board members told Martin to return to his former position after helping Clark take over duties here.

In other business, the board agreed to accept bids for materials in the old bus barn in hopes that someone will agree to dispose of the building in return for lumber and metal in it.

FOLLOWING SCHOOL tax assessor-collector O r p h a Click's suggestion, a lot at 228 Ave. D will be offered for sale. The lot

Hereford's Student Visitors Will Leave On Tour Of Nation In June

(Continued from Page 1)
She explained that before coming to the U. S., "I had a picture of this country as a capitalistic nation... and also one like on 'Bonanza,' which is televised in Japan."
"Now I see it is very different."

BATARD, WHO lives with the G. E. Brown family, had similar comments.
"Everybody thinks of America as a place to come to... it is thought of as the greatest nation. But before I came, to me, every American was a capitalist."
"This I find is true — in comparison with Europeans — but now I see there is a different definition of capitalist, a definition which is much more desirable." He finds the credit services available to Americans, and the fluidity of the financial system a challenging change from home.

How does the American Field Service "ambassador" objective work?

"WHEN I AM in the United States, I talk to people about Japan... when I return to my country, I will try to tell about the America I've seen," explained Michiyo.

"Another advantage," commented Batard, "is that you can see your own country from the eyes of the world."
"When you do this you find your native country is perhaps not so nice as you had believed, but also you see some things that are much nicer about your country than you had noticed before."

"I think this would also be true of an American going abroad as well as us coming here."

BOTH TALKED OF the advantage of being able to study English and American history, geography and literature on a "first hand" basis, and described students in their home country as being more prone to serious school study than American youth.

Rene mentioned one thing which he believes would improve the benefits a community receives from the presence of an exchange student.

"Most of the American Field Service exchange students I have met in his trip to the U. S. and during his stay here) are serious scholars."

"BEFORE I CAME I prepared many talks on subjects which I thought the people here would be interested in... such as Charles De Gaulle, or our educational system, or the European Common Market."
"I was surprised that the people did not want to hear about these... they preferred me to talk about social life and tourist attractions and things like that."
"I do not say that this is wrong, but I think if an American were in France the French people would want to ask him about Goldwater and Johnson or the farms or the income tax," Batard said.

"This I think shows some of the difference between the countries and it has been interesting to compare them in this way."

Economist Lists Dour Future For Cotton In 1965

COLLEGE STATION (Special) — A Texas A&M University agricultural economist sees few encouraging signs in his spring review of the outlook for cotton.

John G. McHaney, economist for the Texas Agricultural Extension Service, says the carry-over for U. S. upland cotton on August 1, 1965, is expected to reach 13.4 million bales, up 1.3 million bales from last year. And, he adds, this is the fourth consecutive year the carryover has increased. The record carry-over of 14.4 million bales was set in 1956.

DESPITE A RISE in domestic mill consumption, the total disappearance of upland cotton for the 1964-65 year is well below the production for 1964, the economist said. Exports, which play a very important role in total disappearance of cotton, have declined sharply this year, McHaney said.

The economist listed three major factors behind the expected 21 per cent drop in exports. They are the record production of cotton in foreign free-world countries; the reduced free-world trade with Communist countries because of their near record production and the working down of cotton stocks in importing countries.

Foreign free-world consumption of cotton is expected to total a record 25 million bales. Production in these same countries also set a new record of 22.5 million bales for the 1964-65 year. The sharpest increases were in Central America and Africa, McHaney said.

IN ORDER TO make U. S. cotton available for export and at competitive world prices, the U. S. Department of Agriculture has announced that the initial rate for payment in kind for the 1965-66 crop year under the Cotton Equalization Program will be approximately 5.75 cents per pound.

Texas cotton growers should continue to strive to produce cotton at the least possible cost per pound. This means the use of the latest findings from research and demonstration farms covering all phases of cotton production, says McHaney.

The Capitol Dome of Colorado is covered with 24 carat gold totaling 250 ounces.

Austin Accepts Football Stipend

Robert Lee Austin, son of Mr. and Mrs. Kenneth Bates of Summerfield, has accepted a four-year football scholarship at Highland University, Las Vegas, N.M. Austin will graduate from Amistad High School in Amistad, N. M., on May 19. He will start football training at Las Vegas in July.

Five Sentenced On DWI Counts

Five persons have been sentenced by County Judge H. C. (Hank) Williams for driving while-intoxicated.

Fined \$115 and costs and sentenced to three days in jail were Mathias Paz, 57, Green Top Courts; Robert M. Richardson, 41, 1602 S. Lincoln, Amarillo; Alger Willis Baxter, 58, 9 miles east of Hereford; and Roy B. Jones, 69, Hereford Courts.

Gerald Boone Moore, 47, address unlisted, received three days in jail and \$100 fine plus costs on a similar offense. Jeff H. Gomez Jr., 24, 233 S. Second St., was given one day and costs on a charge of child desertion. He was ordered to begin contributing to the child's support.

White Elephant Sale Slated To Be In Amarillo

Amarillo Republican Women's Club will have their "White Elephant" sale May 20th through 22nd at 813 Georgia Street in Amarillo.

Nancy Vick of the publicity committee said there will be many good buys and lots of fun. She also requested any donations be brought to 813 Georgia, May 18th and 19th. This sale is open to the public.

West Hereford Club Meets At Mrs. Grimes

Mrs. Bell Grimes and Mrs. Blanche Mosley were program chairmen for the West Hereford Home Demonstration Club when they met recently in the home of Mrs. Bill Grimes.

Mrs. Arlie Frost brought the program on "Poisons that Kill" and said to not mix bleach with detergent.

Mrs. Verna Schroeder was co-hostess and others attending were Mrs. Vida Jacobsen, Mrs. Bell Grimes, Mrs. Alice Bradley, Miss Evelyn Bell, Mrs. Blanche Mosley, Mrs. Lola Manasco, Mrs. Jewell Autrey and Mrs. Wilma Nell Pierce. It was announced that the next meeting would be in the home of Mrs. Carlos Vaughn, 303 Avenue H, with Mrs. J. B. Shirley as co-hostess. This meeting will be May 25th.

RECENT VISITORS

Visitors in the Roy Botsford home for Mother's Day weekend were Mr. and Mrs. Loy Botsford and daughters, Charlotte and Brenda of Hermit, and Mr. and Mrs. Ray Neel of Amarillo. Loy Botsford and June Neel are children of the Roy Botsfords. Also visiting were Mrs. Maud Timmerman of Mason City, Iowa; a cousin of Roy, and his brothers, Lloyd and Floyd Botsford.

'PRACTICE WIDELY USED'

Cotton Growers Fume At Skip-Row Proposal

(The USDA's proposal to change skip-row planting of cotton regulation is discussed by this release from the Plains Cotton Growers, Inc., Lubbock.)

The Department of Agriculture's proposal to change its regulations on skip-row planting of cotton is bringing a storm of protest from virtually all sections of the cotton belt, including the High Plains.

Skip-row regulations in effect for the past three years have allowed producers to spread cotton allotments over more acreage by leaving blank rows, or rows planted to soil-building crops, between rows planted to cotton without having the blank rows count against their cotton allotment.

assuming production of a bale per acre. OPPONENTS OF THE new ruling point out, on the other hand, that land formerly devoted to a farmer's cotton allotment would be planted to grain sorghums or other crops, aggravating their supply situation and that no significant over all advantage would be gained.

Of the 2.5 million acres planted to skip-row in 1964, over 1.4 million were in Texas — well over half the national total. It is difficult to determine just how much of the High Plains acreage utilizes skip-row systems, but best estimates place the percentage at between 25 and 30.

representative of the area. If so, some 630,000 acres on the High Plains were in skip-row cotton for 1964.

MUCH OF THIS, if not a majority, was in areas with weak irrigation water or no irrigation at all, and instituting the new rules would amount to exactly the same thing as an acreage cut of about 20 per cent to these farmers. In such areas, skip-row planting has long been an accepted practice, and if continued under the new proposal each farmer's allotment would be planted on about 30 per cent less land.

Also, as has been pointed out, it would be just as sensible to penalize farmers who use fertilizers, irrigation water or other production aids to increase farm efficiency.

LETTER TO THE EDITOR

Tourism Industry Defended As One Which Renders A Service

Dear Editor: After reading your editorial in the Sunday Brand concerning tourists, I thought it well to give a brighter and more pleasant view on this subject.

Those who seek to attract tourists to their community have a trade talk which they themselves understand best. Such terms as "Fleece, The Tourist", "Harvest", "Tourist Trap" are not used with an evil eye set on cheating some unsuspecting sucker. These terms are used in all good faith, such as trade talk in any industry.

Vacationers are not children who are not capable of deciding for themselves what they want. But rather they are intelligent, adult Americans, who, when given a choice of different attractions as they travel are capable of deciding for themselves where they wish to spend their money.

We are told there were twelve million tourists a year or two ago. This year the number of tourists is expected to be twenty million. From this great increase in such a short length of time it is reasonable to assume that the vacationers like the various tourist attractions.

I do not appreciate false, exaggerated or misleading advertising of anything in any place, especially when we are lured to some attraction which does not come up to expectation.

As far as I am concerned in advertising to attract tourists the following things should have primary consideration. 1. Is this attraction worth the tourists time and money.

2. Let the tourist decide for himself. 3. Will they want to tell their friends back home?

4. Will they want to return? 5. Will they be glad they stopped, satisfied? 6. Does the attraction do a real selling job for our town?

When tourists go on vacation they expect to see something, be attracted to interesting and historical sights. Why else would they leave home?

If governments, federal, local and private agencies, did not develop tourist attractions and help to preserve natural beauty spots, what kind of vacation could anyone have?

Tourist trade is an industry like making and selling shoes, or the printing industry. It is a service that most people could do without, but nevertheless will not, if a tourist attraction is not to be found in one place, the vacationers will seek and find it elsewhere. Build a better "mouse trap", I mean "tourist trap" and people will be knocking at your door.

Sincerely, Gene Fooks (EDITOR'S NOTE: Mr. Fooks is chairman of the Deaf Smith County Chamber of Commerce's tourist and conventions committee.)

'Whiteface' Receives Highest State Rating

The "Whiteface," formerly published as a part of The Hereford Brand, took the top rating for community page school newspapers recently at a state meet for high school journalists held in Austin.

Mrs. Jimmie Howell, Whiteface sponsor, reported that this is the third consecutive year the newspaper had won the award. Entered in the contest were editions of "The Whiteface" which had been published in The Brand before the school began its own publishing. Approximately 25 other school papers competed with the Whiteface.

CAUSES 12 PER CENT OF BLINDNESS

Stealthy Eye Disease Can Usually Be Halted If Found In Early Stage

(A dangerous eye disease is exposed in this release from the Texas State Department of Health.)

A disease called glaucoma causes more than 12 per cent of all blindness. According to estimates, one out of every 50 persons over age 40 has the disease.

One of the worst things about glaucoma is that, like the allegorical robber in the night, it can rob you of sight — without warning, without pain.

YOU CAN WATCH for certain danger signs of chronic glaucoma — a more common form of the disease than acute glaucoma.

Frequent changes of glasses, none of which are satisfactory; inability to adjust the eyes to darkened rooms, such as theaters; loss of side vision; blurred or foggy vision; and rainbow-like halos around lights are often signs of warning.

Acute glaucoma, on the other hand, strikes suddenly, causing cloudy vision, with or without severe pain in and around the eyes.

Glaucoma's cause is not yet known. How it destroys sight is known. Mysteriously, the pres-

NEW HALFWAY BUILDING — A grant by the Moody Foundation will enable the High Plains Research Foundation to construct this Moody Education and Communication Building at Halfway. The contract was awarded to Lampe Construction Co. of Lubbock Saturday. The building, 60 feet by 75 feet, will contain facilities for newspaper, radio and television work plus an eventual agricultural library and office space.

Adrian News

By ANN BEAVERS Brand Correspondent

The Adrian School Board met last Monday and elected new officers. They are C. F. Homfeld — president, vice president — Lorin Creitz and Bob Lotspeich — secretary. A special meeting has been called for this Monday night.

Carroll Gruhlkey, Don Morgan and George Gruhlkey were fishing last week at Conchas Lake and they caught lots of fish. Cotton Johnson and Leser Gilliam were home Saturday from Windsor, Missouri.

Jim Session from O'Donnell, Texas visited the Bob Gruhlkey family and the Carroll Gruhlkey family over the weekend.

Mrs. Butch Betts and children from Mt. Pleasant, Texas are visiting the Hoarce Betts family and the Henry Scott family in Vega.

Mr. and Mrs. Buster Mosteller from Shamrock, visited over the weekend with the John Horton family, the Bob Gruhlkey family and the Manuel Loveless family.

Mrs. E. E. Mosteller from Orange Cove, California is visiting the Hortons and the Bob Gruhlkeys.

Mrs. Betty Lane from Albuquerque is visiting her mother Mrs. Bessie Spande this week. Mrs. Betty Lane, Mr. and Mrs. Labry Ballard and family from Hereford, Mr. and Mrs. Bill James and boys and Mr. and Mrs. Sam Brown honored Mrs. Bessie Spande on Mother's Day with a dinner in the dining room of Jesse Cafe Sunday.

Mr. and Mrs. Freddie Harris and children and Lavonia Gene from Amarillo and Mr. and Mrs. Everett McIntosh of Hereford visited the Hardy Harris family Sunday.

Mrs. Betty Lane from Albuquerque visited the Joe Speed family Friday night.

Mrs. Cal Jackson and Mrs. Claude Hicks and son visited in Tulsa, Oklahoma this week with Mr. and Mrs. John Carter.

Mr. and Mrs. Johnny Gamble and children from Bovina visited the Austin Gamble family and Mrs. Geneva Glass and children Sunday.

Mr. and Mrs. Elmer Weidner and Carroll and Mrs. Clifford Rich and daughter from Vega visited Mr. and Mrs. Darrell Sewell and children at Dallas last weekend. The Sewells are moving to Houston.

Mr. and Mrs. M. A. Ferguson were Saturday night visitors of Mr. and Mrs. Calvin Peters and Troy at Róihero.

Mrs. Sylvia Jackson and boys from Wellington and Mark Jackson from Amarillo, Mr. and Mrs. J. W. Tarver and Nell from Wellington and Pat Maupin and Carolyn Chester from Amarillo visited Mrs. Millie Maupin over the weekend.

Mr. and Mrs. Chubby Sasser and children from Guymon visited the Manuel Loveless family and Mr. and Mrs. Carl Melke of Endee, New Mexico.

Billie Gruhlkey from Amarillo was home over the weekend visiting her folks the R. M. Gruhlkey family.

The Adrian P. T. A. met Monday night and honored Mr. and Mrs. Paul Robertson. President Nancy Perrin installed the new officers for the coming year. They are president - Robert Jacobson, vice-president - Annie Briggs, secretary - Shirley Betts and treasurer - Mary Lane. Mr. and Mrs. Paul Robertson were honored with a gift certificate and everyone enjoyed refreshments. In the business part of the meeting it was discussed and voted on to change the name of PTA to PTO for the coming year.

The 8th grade students of the Adrian Junior High and their dates held their annual banquet May 8th in the beautiful dining room of Jesse's new cafe. Their colors of white and maroon were aptly carried out in the table decorations, place cards and programs. The invocation was given by Jim Cavin, the history by Mike Perry, the will by Karen Rose, and the prophecy by Kathy Garrison. Mrs. Hazel Chilton, the speaker, emphasized the importance of direction in the development of our personalities. After a very sumptuous meal, dancing was the order of the evening.

Mr. and Mrs. Lorin Creitz and family were guests of Mrs. Hazel Chilton on Mothers Day at Jesse Cafe.

Mrs. John Proctor was made happy Mother's Day by having her children home. They are the Y. C. Garrison family of Channing, Sheldon Proctor and a friend from Channing and the Jim Proctor family of Guymon, Oklahoma.

Tuesday morning the entire school body of Adrian honored Rex Manley by assembling in the auditorium and presenting him a gift in appreciation of his efforts and success with the One-Act Play, which won second at Austin. Ricky Gruhlkey got best actor, Linda Pinnell got on the all star cast and Marsha Burns received honorable mention.

His battalion is a heavy artillery support unit of the First Marine Division, assigned to Force Troops, the support unit of the Fleet Marine Force Pacific.

INVITES SENT Pioneer Day Is May 29th

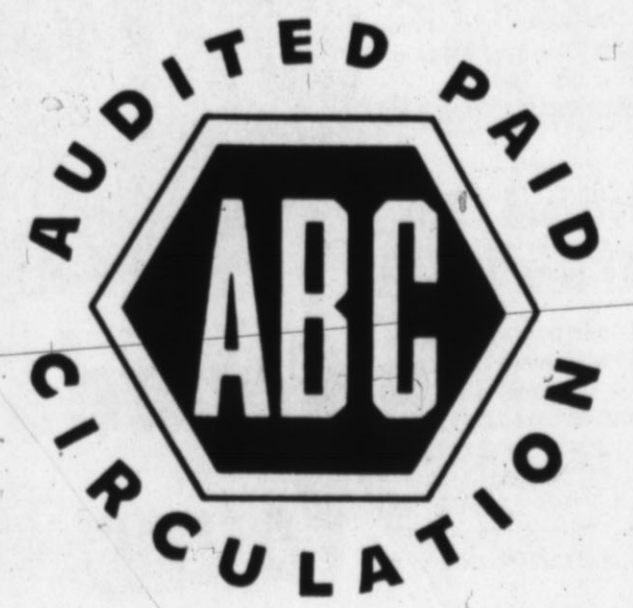

Hereford area pioneers will stage their annual Mid-Plains Pioneer Day here May 29. The annual reunion — which last year drew more than 500 persons — will get underway at 9 a.m. in the Community Center with registration, according to A. J. Schroeter, president of the sponsoring Mid-Plains Pioneers Association.

PROGRAM FOR the day-long session is centered mostly on reunion of old friends and recollection of early-day happenings in the Deaf Smith County area, Schroeter said.

Highlight of the business session will be election of officers for the coming year.

A LUNCHEON will honor out-of-town guests.

Schroeter said early indications promised "a good turnout" for the Mid-Plains Pioneers annual get-together. Special invitations have been mailed to almost 200 former residents.

The Hallmark of Circulation Integrity

In the same way that STERLING on silver signifies a standard of known value, so is this A.B.C. emblem a symbol of FACTS about the circulation of newspapers and periodicals. It is the emblem of membership in the Audit Bureau of Circulations* and is assurance to advertisers that the circulations of member publications are measured, audited and reported in accordance with the rigid standards that have been mutually approved and adopted by advertisers and publishers.

*The Audit Bureau of Circulations, of which this newspaper is a member, is a cooperative, nonprofit association of nearly 4,000 advertisers, advertising agencies and publishers. Organized in 1914, A.B.C. brought order out of advertising chaos by establishing a definition for paid circulation; rules and standards for auditing and reporting the circulations of newspapers and periodicals.

EARN FFA HONORS — These four Future Farmers of America earned honors at the Area I FFA events held Saturday in Amarillo. Shown from left are Billy Johnson, first in crop farming; Robert Higgins and George Muse, State Farmer Degree winners; and Roddy Allred, first farm electrification. See story. (Staff Photo)

Boys Approved For State Degree

George Muse and Robert Higgins, both senior members of the Future Farmers of America Chapter of Hereford High School, were approved to receive the State Farmer Degree at the Area I FFA meeting held Saturday at Palo Duro High School in Amarillo.

Billy Johnson, who has served as president of the local chapter this year, received the FFA Foundation first place award in crop farming. He received a cash award of \$25 and will represent Area I at the state meet to be held in Houston.

Roddy Allred was named winner in farm electrification and will also participate in the state meet. Monte Gripp took second in public speaking.

Allred and Johnson will be in Houston for the State FFA Meet July 14-16.

Awards Assembly Scheduled Today At High School

Scholarships and recognition of award winners during the 19-64-65 school term will be recognized at a special awards assembly to be at 2 p.m. today in the high school auditorium.

Announcement of seniors receiving scholarships will be made at this time instead of being a customary part of the commencement program, said Robert L. Thompson, school counselor.

Expected to present scholarships are the Lions Club, Kiwanis Club, Key Club, Business and Professional Women's Club, Future Teachers of America, Future Nurses of America, Hereford Texas Federal Credit Union, Hi-Y, Tri-Hi-Y, Classroom Teachers Association and the American Legion Auxiliary. Announcement will also be made of those receiving scholarships from colleges they expect to attend this fall.

Also on the program will be recognition of those receiving awards in football, basketball, baseball and track, choir and band, journalism and awards in other school functions.

Incinerator Is Fired - Belatedly

The city fired up its new trash incinerator Monday, a week later than was at first anticipated.

City Manager Dudley Bayne said some minor bugs — compounded by the wet garbage collected after Monday morning's rains — were found, but he hoped to have them corrected in a day or so.

HE EXPRESSED amazement at the fierce fire generated by the incinerator, even though the garbage was water-logged.

The water also caused a problem with the pit from which the conveyor belt originates, a pump to keep the area dry was not yet installed and water collected, further saturating the trash and making it cling to the conveyor.

It was also found that temporary outlet covers on the blowers, placed there to protect their innards during shipment, had not been removed. Still the incinerator readily consumed the garbage fed to it, despite a below-normal supply of oxygen, Bayne said.

Raid Yields 14 Cases Of Beer, Say Officers

Three officers of the Deaf Smith County Sheriff's Department said they raided a house at the end of S. Schley St. Tuesday night and confiscated 14 cases of beer.

A 34-YEAR-OLD woman, Dolores Luna Rocha, was charged with illegal possession of alcohol beverages for purpose of resale. County Judge H. C. (Hank) Williams set bond of \$1,000.

The raid was staged at 11:45 p.m.

Deputy Pete Cole, one of the officers, said the cases, containing quart bottles of beer, were hid under floors, in closets, behind cabinets and in the woman's refrigerator.

THE ROCHA woman does not speak English, officers said, and refused to go before Judge Williams for sentencing until an interpreter of her own choosing could be found.

It was the first arrest on an illegal possession charge here in about three weeks, officers said.

Outstanding Boy And Girl Named At Class Banquet

Mike Ranspot and Merle Carmichael were named "Outstanding Senior Boy and Girl" at the Junior-Senior banquet Saturday night at the high school cafeteria. More than 300 students and sponsors attended the annual event.

Selection of the outstanding students was made by members of the junior class, who acted as host for the banquet. Special recognition was extended to Mrs. Kendall Williams, coordinator for the function. Michio Wakal and Rene Batard, exchange students, were presented small gifts.

"The Cleff Dwellers," a choral group from New Mexico, furnished entertainment for the group. Theme for decorations was based on a Hawaiian luau.

The junior-senior banquet is hosted every year by the junior class in honor of the Seniors.

Look Who's New

Mr. and Mrs. Paul Weaver Bryan are parents of a daughter, Mary Catherine, born May 7 at 10:34 a.m. She weighed 4 lbs. 10 ozs.

Mrs. and Mrs. Ramiro Munoz are parents of a daughter, Della, born May 8 at 12:57 a.m. She weighed 7 lbs. 8 ozs.

Mr. and Mrs. Bobby J. Jones are the parents of a daughter, Ruth Jean, born May 8 at 11:52 a.m. She weighed 6 lbs.

Mr. and Mrs. Aristeo Cantu Alaniz are parents of a daughter, Olga Gonzalez, born May 9 at 10:45 p.m. She weighed 5 lbs. 11 1/4 ozs.

Mr. and Mrs. Ruben Trujillo Marry are parents of a daughter, Debbie, born May 9 at 10:52 a.m. She weighed 8 lbs. 3 1/2 ozs.

Mr. and Mrs. Billy Joe Broadus are parents of a daughter, Nancy May, born May 11 at 7:40 p.m. She weighed 7 lbs. 7 1/4 ozs.

In the Chesapeake Bay, one of the main crops is the blue crab.

OVER PACE-SETTING DUMAS

Hereford Batters Connect For 15 Hits, 10-9 Victory

(Special To The Brand)

DUMAS — Hereford Whitefaces employed a surge of hitting strength and a determined relief pitcher to take a 10-9 win here Tuesday.

The Whitefaces rallied from a 7-2 second inning deficit to take the win — their first in District 1-AAA loop action. Dumas had taken the first two outings in the two-team conference race.

HEREFORD hosts the Demons in a doubleheader here Saturday, beginning at 1 p.m. in Whiteface Field.

Coach Ronald Speed's batters did their best job of the year, connecting for 15 hits.

These included two three-run homers, two triples, and three doubles.

Dumas managed 11 hits, including a double, a triple, and a round-tripper.

Mike Ranspot relieved Larry Minks on the mound in the second inning and later retired the last nine Dumas batters in order after Hereford grabbed a 10-9 lead in the fifth inning.

DEMON STARTER Wayne Harkrider was replaced in the fourth with Jim Sober.

Bill Watts started for the Whitefaces in center field for the first time and was four for four at the plate. He grabbed a triple, a double and two singles.

Hereford scored one run in the top of the first with hits by Charlie Moreno and Gary Vic-

tor and a double by Lynn Cook. But Dumas surged to a 4-1 lead with two walks, a double, and a single.

WATTS, WHO HAD previously seen action only as a pinch hitter in loop action, opened the second inning with a triple. He scored on Danny Loerwald's single.

Dumas added three more runs in the bottom of the second with two singles, a triple, and a home run.

Steve Hodges singled but Hereford was retired with a double play in the third, then a Dumas hitter was stranded on base as Ranspot fanned three at the plate.

The fourth inning was the big one for Hereford.

Frank Cain flied out to center field, then Gary Stagner doubled. Watts singled and Loerwald boomed a homer over the right center field fence for three runs.

Ranspot was on with an error and Moreno and Victor singled, allowing another score.

THEN STEVE HODGES tallied his fifth home run of the year, bringing in three more runs.

Hereford scored seven on six hits in the fourth to take a 9-7 lead but Dumas rallied to tie the cause with three hits to tie things at 9-all entering the fifth inning.

Watts tagged his third hit of the day and scored on Ranspot's triple as the ball hit a light pole above the center field fence and bounced back into the field of play. Ranspot was later stranded on base.

IN THE BOTTOM of the fifth, Stephenson grounded out and then the Hereford southpaw fanned the two following batters.

Hodges was hit with a pitch to reach base, stole second, and got to third before the third out came in the top of the sixth. Ranspot made it three up, three down for Dumas, then Watts' double for Hereford in the seventh went unaided.

McVicker's was out on a swing and a miss and the two following Dumas batters were retired on called strikes to end the game.

STORIED HOUSE FOUND

BEDFORD, England (AP) — An architect and an archaeologist say they have uncovered in a children's day nursery features of a medieval building they contend is the interpreter's house of John Bunyan's "Pilgrim's Progress."

The building is believed to be the hard core of the original Hospital of St. John built here in the middle of the 14th Century. The original oak roof timbers of the main hall have been found hidden behind a ceiling — all in sound condition.

COOL FIRE

COOL, Tex. (AP) — It was really warm near Cool one day recently. A gas well near this North Texas town erupted in flames and the ground around the well became "red hot." The blaze was soon brought under control.

Art Guild Sponsors Exhibit Sunday

The Hereford Art Guild will sponsor an art exhibit in the Community Center from 2 to 5:30 p.m. Sunday.

Mrs. Vivian Majors, president of the guild, has requested that all guests register at the door as there will be a drawing for a door prize which will be a painting purchased from a local artist.

Members of the guild will have their paintings on display and any non-members may exhibit their paintings, ceramics, or other art objects for a \$1 entry fee, Mrs. Majors said.

ON DISPLAY — Members of the Hereford Art Guild will have their work on display at the Community Center from 2 to 5:30 Sunday afternoon. Non-members may also participate. Among the paintings to be exhibited are, in the background, still-life of fruits and vegetables by Susie Lipscomb. Vivian Majors (left) will show "Red Birds", Jon Harper (center) and "Grey Cat in the Cup", and Ella Higgins, "White Cat". Other art works will include china painting and ceramics. (Staff Photo)

Officers Installed At Xi-Epsilon Meet

Mrs. Howard Gore was installed as president of the Xi Epsilon Alpha Chapter X-1729 of the Beta Sigma Phi Sorority at their salad supper meeting in the Community Center.

Mrs. Harold Beauchamp, outgoing president, conducted the installation and other officers installed were Mrs. Cleo Corlis, vice-president; Mrs. Doc Carter, recording secretary; Mrs. John Schneider, treasurer; and Mrs. Hicks Roberson, civil defense.

The honorary sorority degree, the Order of the Rose, was conferred upon Mrs. Jack Bailey. This degree is presented after 15 years of active participation in Beta Sigma Phi. She was presented a pin from the club.

Mrs. Beauchamp presided for the business session when plans were discussed for those to attend the state convention in Dallas. Mrs. Gore announced the committee appointments for the coming year.

Attending were Mrs. Jack Bailey, Mrs. Delbert Bainum, Mrs. Harold Beauchamp, Mrs. Charles Bell, Mrs. Bob Brotherton, Mrs. Doc Carter, Mrs. R. J. Cramer, Mrs. Howard Gore, Mrs. Bill Kendall, Mrs. Hicks Roberson, Mrs. John Snyder, Mrs. Max Stipe and Mrs. Cleo Corlis.

Members of the out-going executive board were hostesses for this salad supper.

L'Allegra Study Elects Officers For Next Year

"Gristown, U. S. A." was the program brought by Mrs. Viola Williams for the L'Allegra Study Club when they met recently in the home of Mrs. Joe Easley. Mrs. Williams explained the needs of the girls and of the home. Gristown will be the club project for the coming year. Plans are to purchase bedding for Gristown.

Mrs. Joe Easley was the presiding officer and the group elected the officers for the coming year. They will be installed at a luncheon in the Country Club which is scheduled for 12:30, May 20th.

Elected were Mrs. Dwayne Walker, president; Mrs. Alex Schroeter, vice-president; Mrs. Cameron Gault, recording secretary; Mrs. John McNeey, corresponding secretary; Mrs. David Gibson, treasurer; Mrs. Joe Easley, parliamentarian; Mrs. Jim McDowell, historian; and Mrs. Pat Robbins, reporter.

Mrs. John McNeey and Mrs. W. C. Russell were welcomed to the club as new members and Mrs. Easley was the hostess.

Members attending were Mrs. James Higgins, Mrs. Joe Lyons, Mrs. John McNeey, Mrs. Jim Carnahan, Mrs. Alex Schroeter, Mrs. John Beasley, Mrs. W. C. Russell, Mrs. Vance Robinson, Mrs. Hilton Higgins, Mrs. Cameron Gault, Mrs. David Gibson, Mrs. Pat Robbins, Mrs. Dwayne Walker, Mrs. Bob Viegel, Mrs. Wheeler Sears, Mrs. Wes Fisher, Mrs. Dennis Lomas and Mrs. Tom Carnahan.

Ever add whole kernel corn (from a can) to a can of scalloped tomatoes? Good with pork chops, liver and bacon and other meats or poultry as well as fish or eggs.

Sharon White pupil of Mrs. Long (Personal Photo)

Students Of Piano To Be Presented In Recital May 14th

Piano pupils of Mrs. Sam Long will be presented in a recital at 8 p.m. Friday at the Walcott School.

Sharon White, one of her pupils, will be participating. Sharon has received Superior rating for three consecutive years in the Junior Festival.

Others participating are Joan Waters, Sharon Dearing, Alice Myers, Margaret Minks, Denise Melton, Paul Timberlake, Barbara Brown, Tommy Brown, Earl Brown, Cynthia Coleman, Gary Coleman and Ricky Long.

Make up a package of chocolate pudding mix and turn it into 8 sherbet glasses; chill. Make up a package of vanilla pudding mix and spoon it over the chocolate pudding. Chill again, garnish with orange sections or whipped cream topped with grated orange rind. Serve for a company dessert.

Hereford Study Has Fine Arts Program

For the "Fine Arts" program, members of the Hereford Study Club saw the musical play "Kismet" at West Texas University in Canyon recently.

This play was produced by the speech department at the University.

Mrs. Maurice Tannahill and Mrs. J. W. Witherspoon were the hostesses for this meeting and it

was announced that the upcoming meeting would be May 20th, 7:30 p.m. in the Wheel Inn.

Members present were Mrs. Labry Ballard, Mrs. N. D. Bartlett Jr., Mrs. T. E. Braddy, Mrs. S. L. Garrison, Mrs. Merla Kaul, Mrs. Marvin Knox, Miss Gladys Setliff, Mrs. Art Stoy, Mrs. Maurice Tannahill, Mrs. Ed Wilson Jr., Mrs. C. R. Winget, Mrs. Noble Howard, Mrs. Cora Gentry and Mr. and Mrs. R. P. Conway.

FAMILY DINNER

George Stringer was the host for a family barbecue dinner for Holly employees and their families in Veteran's Park Saturday.

Games of horseshoe and ball started off the noon event followed with a dinner served at 1 p.m. Assisting with the serving were Mrs. Wendell Wolf, Hank Hogg, Glenn Henderson and Terry Malone.

Piano Recital Slated Sunday At Summerfield

Piano students of Mrs. Jamie Clearman will be presented in a recital Sunday, 3 p.m. in the Summerfield Baptist Church.

Light classics and modern selections will be played by Lisa Payne, Rex Lee, David Wiggins, Alan Payne, Diana York, Kim Wilson, Valerie Christie, Mary Jo Clearman, Jenene Herrington, Hilton Jones, Darla Springer, Ross Baird, Jimmy Arnold, Beverly White, Olinda Baird, Vickie Kendall and Pam Campbell.

The public is invited to attend.

Simms Study Craft Elects Officers

Mrs. J. M. Boothe was elected president of the Simms Study Craft Club last Thursday when they met in the home of Mrs. Robert Lloyd.

With Mrs. Robert Lloyd, president, presiding, other officers elected were Mrs. E. L. Young, vice-president, Mrs. Leland Burns, secretary-treasurer; and Mrs. Bud Heaton, reporter.

Mrs. Edwin Morrison Jr. will give a salad luncheon May 18th which will be the last meeting for the club year. Meetings will resume in September.

Refreshments were served to Mrs. Roscoe Pinnell, Mrs. J. M. Boothe, Mrs. Edwin Morrison Jr., Mrs. Leland Burns, Mrs. James Cavin, Mrs. Lewis West, Mrs. Jim Perrin, Mrs. Emmett Young and Mrs. James Bulard.

The other day we saw some bottles of white Catawba grape juice in the food section of a large department store. Reminded us of what good punch you can make with the juice!

LET'S COOK SOMETHING

Presto! Hibachi Into Smoke Oven

By CECILY BROWNSTONE
Associated Press Food Editor

WHEN WE heard about a new invention—well, new to us anyway—for outdoor smoke-grilling, we straightaway tried it in our New-York backyard.

We transformed our fireplace hibachi into a smoke oven by concocting a hood for it from aluminum foil. A table hibachi may be used the same way.

The hood works beautifully. We tested it by smoke-grilling lamb chops; you might like to try it for kebabs and other skewered foods. Our tasters who watched the project from beginning to end, were enthralled.

We used sheets of super-strength aluminum foil torn from an 18-inch wide roll; this foil is a heavy-duty weight, designed for broiler and freezer use. It worked well in our fireplace-size hibachi, you might find it practical to use the 12-inch wide roll of this foil.

The inside of the hibachi, with grids removed, is used for molding the hood. Here are specific directions.

MAKING THE HOOD

First, remove the food grid and charcoal grid from the hibachi.

Line the inside of the hibachi with sheets of foil, having them crisscross and overlapping the rim by about 6 inches. Depending upon the size of the hibachi and the width of the foil, you will need from one to three sheets of foil running in one direction and the same number of sheets running in an opposite direction.

Make sure the entire inside of the hibachi is covered; press down the foil inside, molding it so it takes on the inner contour of the hibachi is covered; press down the foil inside, molding it so it takes on the inner contour of the hibachi. Tightly press together the overhang to form a rim.

Remove the foil shell you have molded.

Place the grids back in the hibachi. Place the foil shell over the top; adjust the rim, if necessary.

necessary, to make it fit tightly and completely cover the food grid.

With a scissors, make two short crisscross cuts in the top of the foil hood. Turn back the four corners to have a small square hole in the top of the hood to permit the smoke-grilled food to brown. With the door of our hibachi closed during the grilling, the smoke issued forth from the hole in the hood in a steady reassuring stream.

Our hibachi is wide and shallow, so of course our hood turned out to be this shape; but it was still high enough to go over the food. If you have a narrow deep hibachi, your smoke hood will be that shape.

USING THE HOOD

Place the charcoal on its grid. As you may know, outdoor cooks often use more charcoal than is necessary. In our hibachi—whose top food grid is a foot wide—one layer of evenly distributed charcoal briquets (24 does a fine job).

Light the charcoal and let it get to the gray, hot-coal stage. Now, if you want to follow our method, you may scatter a handful of hickory smoke meal over the coals.

Place the food to be smoke-grilled on the top grid. Place the foil smoke hood over the food. Let the food cook, turning it when it is half-done. Food will cook faster under the hood than it will during open grilling.

We smoke-grill 1-inch thick loin lamb chops about 6 minutes so that they brown on the bottom side; then we remove the hood and turn the chops with tongs. We replace the hood and finish cooking and browning the chops for 6 to 8 minutes longer.

When you take off the hood for the first time to turn the meat, you may find the heat from the coals is uneven. In this case, redistribute the meat before replacing food.

Have a good time!

SATURDAY NIGHT REFRESHER

A basic butter cake!
Three-Layer Butter Cake
Beverage Pastel Mints

THREE-LAYER BUTTER CAKE

3 cups sifted cake flour
3 teaspoons baking powder
1/2 teaspoon salt
1 cup butter
2 cups sugar
1 teaspoon vanilla
1/2 teaspoon almond extract
1 cup milk

Line the bottoms of three 8-inch round layer-cake pans with wax paper; butter paper. Sift

SMOKE COOKING can be done to perfection with a homemade aluminum foil hood molded to fit a table or fireplace hibachi. Dad can smoke-grill the main course and small fry can toast marshmallow and fruit kebabs. (AP Photo)

SATURDAY BUFFET

A delightful recipe for a spread that keeps well.
Allen Matlock's Gypsy Caviar
Swedish Meatballs with Rice
Tossed Salad French Bread
Frosted Layer Cake Beverage

ALLEN MATLOCK'S GYPSY CAVIAR

2 tablespoons olive oil
1 medium onion, diced
1 medium green pepper, diced
1 large carrot; pared and coarsely grated
1 medium eggplant (about 1 1/2 pounds) unpeeled and cut into 1/2-inch cubes
1/2 teaspoon each oregano and basil
1 clove garlic, crushed
1 can (8-ounces) tomato sauce
Salt and pepper to taste

EVENING REFRESHMENT

Layer Cake with Brown Sugar Frosting
Coffee or Tea

BROWN SUGAR FROSTING

2 egg whites
1 1/2 cups firmly packed light brown sugar
Dash of salt
1/3 cup water
1 teaspoon vanilla

In the top of a double boiler, stir together the egg whites, brown sugar, salt and water. Beat with rotary beater (hand or electric) until blended—about 1 minute. Place over boiling water and beat constantly (use high speed of electric beater) until frosting stands in stiff peaks—this may take 7 minutes. Remove from heat and water. Add vanilla; beat until thick enough to spread—about 1 minute. Makes about 5 1/2 cups—enough to fill and frost 3 round 8-inch layer cakes.

REPORT

Members of Neoki Horizon Club, senior Camp Fire girls in Hereford, were honored with a progressive dinner the past Thursday evening when the Tanda Sophomore Horizon group entertained in the Flame Room of the Pioneer Natural Gas and at the home of Mr. and Mrs. O. G. Hill Jr.

Aboard the "S. S. Tanda," the dinner guests visited Mexico and Hawaii at the Flame Room. Decorations carried out the travelogue idea, with sombreros as place favors from Mexico, and leis presented from the Islands. The meal was served hula style from low tables and bouquets of iris and candelabra were arranged down the center of the tables.

At the home of Mrs. Hill, a French Riviera scene had been arranged highlighted by the ice-cream cart from which guests received their dessert.

Jean Roberson, as president of the Tanda Club, made a brief speech of "welcome and farewell" to the Neoki group.

Attending were Sharon Tinnin, Judy McCarver, Charlotte Williams, Linda London, Linda Loerwald, Nancy Gripp and Barbara Langley, Neoki Club; Gwen Cargo, Jean Roberson, Charlotte Hill, Cynthia Knox, Sharon Garrison, Ruth Davis, Carol Clearman, Carol Moore, Edith Davis, Sue LaFever, Sidney Davis, Kathy Pool, Claudia Loerwald, Pam Winget, and Mrs. Bill Cargo, of the sponsoring club. Special guests were Mr. and Mrs. Vance Crume, Rene Batard, Richard Brown, Nancy Martin and Bill Cargo.

Miss Vines Honored

At Sunday Service

The Young Woman's Auxiliary of the Avenue Baptist Church presented a white Bible to Belinda Vines in a special service Sunday evening.

Girls participating were Marilyn Tice, Alice Martin, Lynne Poarch, Jo Poarch, Lavana Vines and Phyllis Williams.

Lynne Poarch sang a solo, "Bless This House," accompanied by Phyllis Williams, Mrs. Rosie Wall, WMU president; Mrs. Betty Self, YWA counselor; and Mrs. Dorothy Barkley also participated in the service.

The White Bible Service was in honor of the approaching marriage of Miss Vines to Howard R. Godwin, Jr.

Trading Stamps To Aid Bus Purchase

Helen Cherry was installed as Conductor during the meeting Tuesday night of the Hereford Rebekah Lodge.

It was reported that all Rebekahs were asked to donate trading stamps to aid in the purchase of a bus for the use of the Children's Home in Corsicana sponsored by the Oddfellows and Rebekahs of Texas. Stamps may be taken either to Master Clean-

ers, Mae Smith or Jackie Bishop. Any kind will be accepted. It was decided to have a memorial service later this month with all branches participating. The public will be invited. Members present were: Georgia Holliman, Bell Clark, Nellie Beauford, Alyne Lominick, Ada Hollabaugh, Avis Brown, Earline Manning, Addie Stallings, Mae Smith, Jackie Bishop, Ruth Rogers, Cynthia Vines, Orpha Nickerson, Karol Rettman, Helen Cherry, Lydia Hopson and Alta Davis.

We're having a Chrysler sales success shindig! So who cares?

*For the months of Dec., Jan., & Feb. in Texas

You will ... when you check the price, looks and Chrysler's 5-year/50,000-mile warranty!

Don't miss out! Join the thousands of new Chrysler owners who have already made this discovery: 7 Chrysler models (out of a total 17) are actually priced just a few dollars a month more than the most popular smaller cars, comparably equipped. And, remember this: Chrysler still carries the longest, strongest warranty in its class—5 years or 50,000 miles of engine and drive train protection. Move up to Chrysler. It's easy.

CHRYSLER'S 5-YEAR/50,000-MILE WARRANTY WITH THIS COVERAGE: Chrysler Corporation warrants, for 5 years or 50,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of its 1965 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the carburetor air filter cleaned every 6 months and replaced every 2 years, and every 6 months furnishes to such a dealer evidence of performance of the required service, and requests the dealer to certify (1) receipt of such evidence and (2) the car's then current mileage.

REP. ROGERS REPORTS

Capital Visitors Should Heed Safety Measures

By **WALTER ROGERS**
U. S. Representative

Washington is the Capital of the greatest nation in the world. Most everyone, especially the young people, has a great desire to visit the Capital. At this time of year, high school seniors from all over the nation converge upon the Capital City in buses, trains, planes, and private cars. Many plan these graduation trips, for several years during their high school careers. They are happy-go-lucky and carefree at this time of life and look forward to a wonderful experience.

It is a fine feeling to see these young people visiting their Nation's Capital, inspired by its past history, which is so forcibly called to mind by the Capitol Building itself, the Washington Monument, the Lincoln and Jefferson Memorials, the White House, Lee's Mansion, Mount Vernon, and a thousand other points of historical value.

IT IS HARD to believe that so much danger lurks in the shadows of these great monuments — dangers brought about by a crime wave in the Nation's Capital that seems so difficult to stem. At the present time, a vigorous if not bitter controversy is in full swing between the Congress of the United States and the Commissioner of the District of Columbia.

The present battle is centered in the Senate. The District Commissioners have filed an extensive report on the subject which has prompted some of the Senators to blame Congress as a whole for permitting this to happen. There will no doubt be many harsh words and heated debates on this subject before it is finally solved.

THE NATION'S Capital does not like to be held up in scorn before the entire Nation on the subject of juvenile delinquency and crime generally. Nevertheless, the facts must be faced, whether it is Washington, New York City, Los Angeles, Dallas, Chicago, or Pumpkin Center. The root of the Evil must be found, a solution provided, and soon. The staggering cost of crime throughout this Nation is incredible. It is my feeling that since Washington is the capital the fight against crime generally should begin here.

In the meantime, it would be well for all those planning to visit Washington, whether adults or children, to realize the seriousness of the situation. There are very few nights in the District of Columbia that are not filled with robberies, burglaries, muggings, and more serious offenses. The streets of the Nation's Capital are not safe, despite diligent work of the available police.

ANYONE WHO WALKS the streets after nine o'clock in the evening is asking for trouble unless they stay within well and brightly lighted areas and are not alone. Any journey down a dimly lighted street or a little-used thoroughfare, or through a public park is an open invitation to be knocked in the head with a blackjack, yoked with a piano wire, or held up with a firearm. Women's purses are snatched in open daylight in many sections

of Washington. Old men have been beaten unmercifully and their wallets ripped out of their pants. Many of the offenders are teenagers traveling in packs like wolves. A large number, according to statistics, are school dropouts with no supervision at

home, no jobs, and nothing to do but roam the streets and prey upon law-abiding citizens. Outsiders are choice prey for these marauders.

THE CHANCE OF THE assailants being identified is less, the victim is usually carrying

money because he is traveling, and the chances are that the victim will need to return to his home before the offender is apprehended. If the victim lives a considerable distance away from Washington, the expense of his returning to identify the offender may be prohibitive, and the chances that the offender will go free are better.

The main point is that those people coming to Washington, whether as school children, as chaperones, or as single tourists, should stay off of the streets at night, stay away from places that are not well and brilliantly lighted, should not move about alone in any areas not frequented

by other people, should not carry or display large amounts of cash or other valuables, and never go out any place without letting someone else know where they are going, and when they expect to return.

Recent visitors: Leo Forrest, Hereford; Noel Gollehon, Dimmitt; J. W. Coppedge, Memphis; George Henry, Wellington; R. A. Yarbrough, Childress; R. C. Buckles, Stratford; R. L. Elliott, Dalhart; Forrest Roberson, Dalhart; John F. Robinson, Childress; Mr. and Mrs. Ronald Kottara, Panhandle; Mrs. O. G. Hill Sr., Hereford; F. M. Hall, George Pedigo, and M. E. Whit-

field, all of Amarillo.

God's Soil

...and it's time to conserve it...time to save it! It is evident, when we witness the increased destruction of timber lands, national cover crops and wide-spread erosion, *America needs a national Save-The-Soil-Week.* It is urgent that we treat Mother Earth with greater respect and appreciation. We must give back to her as much as we take away. There's no better time than during National Save-The-Soil-Week, to come to a full realization that "The earth is the Lord's, and the fullness thereof." We are stewards, appointed by God, to look after the earth He gave us. It is time to renew your faith in God and the Good Earth.

You In The Church
The Church Is You
— form a combination
for good! Every man,
woman and child needs
the influence of the
church. So, come let us
go into the house
of the Lord, let us
support his program
of service to humanity,
be a faithful member,
a daily Bible reader
and attend services
regularly.

CONSUMER'S FUEL ASS'N

FOR CHILDREN'S DAMAGES TO \$5,000

Bill Would Make Parents Liable

By VERN SANFORD
Texas Press Association

AUSTIN — Parents of rambunctious children soon may be paying more attention to the activities of their offspring.

A bill passed by both Houses of the Legislature makes parents liable up to \$5,000 for damages done by their children. Measure now is in the hands of Gov. John Connally for his signature.

IT APPLIES TO 10 to 18 year olds who damage public or privately owned property.

Sponsors of the bill are Sen. Jack Hightower of Vernon and Rep. Willis Whatley of Houston. They contend that stiffer penalties than the present \$300 maximum will curb vandalism.

Bill was prompted by the number of cases where homes and schools were being wrecked by vandals, but also it applies to such cases as false fire-alarms and other acts of vandalism.

SHOWDOWN NEARING — As the end of the current Legislative session nears, legislators rapidly are approaching decision time on legislative and congressional redistricting, teacher pay raises and new taxes.

House passed a congressional redistricting plan which almost everybody is taking for granted will be drastically changed in the Senate and will have to be worked out in a conference committee. Meanwhile, the Senate cleared the way for adoption of a senatorial districting plan keeping control in rural areas.

One of the biggest crowds of the legislative session appeared Wednesday for House and Sen-

ate committee hearings on heatedly-contested bills by Texas State Teachers Association and Governor Connally to raise teacher pay.

CONNALLY WANTS A 10-year graduated pay plan; TSTA insists on its plan for \$405 annual raises to all teachers.

Final approval of the record \$3,000,000,000 general budget bill for state government operation is expected in both houses by week's end. House Revenue and Tax Committee is looking carefully at all the serious revenue proposals in its deck.

Governor Connally has estimated there may be need for a new tax bill as high as \$100,000,000 if school teacher pay raises are approved by the Legislature.

Where to get the money is the big question.

One thing for sure — he's opposed to a hike in the sales tax rate or extension of the present two per cent levy to groceries or medicines.

Among the possibilities, however, are: restoration of the 50 cent corporation franchise surtax (back to \$2.75 per \$1,000 of capital, surplus and undivided profit) and once more boosting the seven per cent gas production tax. He already has recommended a cigarette tax increase.

WATER BILLS PASSED — Session's top water bills, recommended by the Governor and water experts, have completed the legislative circuit and are ready to be signed into law. Bills would authorize Texas Water Development Board to issue another \$100,000,000 in bonds for state purchase of storage in reservoirs and for local water projects; reorganize Texas Water Commission as water rights agency; and transfer state wide planning duties from the Commission to Texas Water Development Board.

A proposed constitutional amendment is pending to authorize issue of still another \$200,000,000 in water development bonds.

LIQUOR BILL KILLED — Earlier closing hours for liquor stores, proposed in a bill which passed the House, are out for this session. Bill was killed by a two-vote margin in a Senate committee.

Provisions of the bill would have stopped liquor sales at 8 p.m. instead of 10 p.m., except to registered hotel guests.

Liquor store owners, who were supposed to have originated the bill, split on the issue and presented conflicting testimony before the Senate Committee on Jurisprudence.

DIVORCE SLOWDOWN — A bill that would extend the waiting period from 90 to 180 days before a divorce is granted, where children under 18 years of age are involved, has been approved by the House and the Senate Jurisprudence Committee.

Bill is sponsored by Rep. Paul

B. Haring of Goliad and Sen. William N. Patman of Ganado.

Sponsors feel that the bill would provide a check on hasty, ill-conceived divorces and remarriages, thereby giving added protection to children involved. Also it would be effective in reducing juvenile delinquency and the crime rate.

Bill has strong support of many prominent jurists and clergymen.

YOUTH CORPS — Program to provide parttime jobs for needy students under the federal Economic Opportunity Act is growing fast and reaching into many areas of Texas.

Governor Connally reports that office details for handling the project require a staff larger than the crew that handles all the duties of the Governor's office.

Connally has approved nearly a dozen Neighborhood Youth Corps programs, involving Federal grants for projects in Rio Grande City; Los Fresnos; Harris County; Beaumont; Dallas County; Galveston County; Laredo; Olton; Lockhart and San Marcos.

Grants are authorized by the U. S. Department of Labor in Washington, but are subject to final approval by the Governor.

Terrell Blodgett, director of the Texas Office of Economic Opportunity, has announced appointment of two consultants to help communities organize local action programs. They are Bertrand Adams of Austin and Robert Watts of Lufkin.

BILL DOCKETED — House Criminal Jurisprudence Committee has approved a 145-page bill overhauling the Texas Code of Criminal Procedure. It is set for debate late next week.

Affecting nearly all citizens, the far-reaching measure is the number one legislative objective of the State Bar of Texas.

Revision was passed by the 58th Legislature, but was vetoed by the Governor because of errors in the proposal.

AG OPINIONS — Atty. Gen. Waggoner Carr has ruled that: A party to a civil lawsuit, summoned to court as a witness — but doesn't appear — may be cited for contempt even though he was not paid a witness fee or travel expenses.

Bill to provide \$7,500,000 in state funds for constructing and operating a Texas exhibits building at San Antonio's 1968 HemisFair is constitutional. Bill won unanimous approval of Senate Finance Committee, after appropriations conferees refused to put HemisFair funds in state's general budget.

Laws requiring a corporation

be incorporated under Texas laws in order to get a liquor license or permit are constitutional.

FIRST LADIES MEET — Former First Ladies of Texas were guests of Texas' present First Lady at the Mansion.

Attending the tea given by Mrs. John Connally were Mrs. Dan Moody, Mrs. Allan Shivers, Mrs. Price Daniel and Mrs. Joshua Morris (formerly Mrs. Beauford Jester).

SHORT SNORTS — Governor Connally has signed a bill authorizing issuance of "prestige" license plates for an extra \$18, which may bring in \$5,000,000 a year additional revenue for tourist and industrial promotion and recreation . . . After Dallas and city officials reached a compromise on the measure Legislature's approved and sent to the governor a proposed constitutional amendment authorizing counties to join in regional airport authorities . . . Bill to abolish death penalty for crime approval after a heated hearing . . . House passed proposed constitutional amendment to make old age assistance available to non-citizens who have lived in the U. S. at least 25 years . . . A bill by Rep. Dick Cory to take advantage of federal help for development of commercial fisheries cleared both houses, while another to regulate the taking and processing of shell fish was out of

GRADUATES — Tiddy Woodrow Northcutt, son of S. S. Northcutt, Rt. 4, Hereford, will receive the Bachelor of Divinity degree from Southwestern Baptist Theological Seminary, Fort Worth, on May 21.

committee and on the House calendar . . . Attorney William S. Lott of Georgetown was sworn in by Attorney General Carr as a new member of the School Land Board . . . Senate approved and sent to the governor a House bill which permits pick up trucks to go as fast as passenger cars on Texas highways . . . Governor Connally renamed P. M. Davis and J. S. Bourn, both of Winters, and appointed

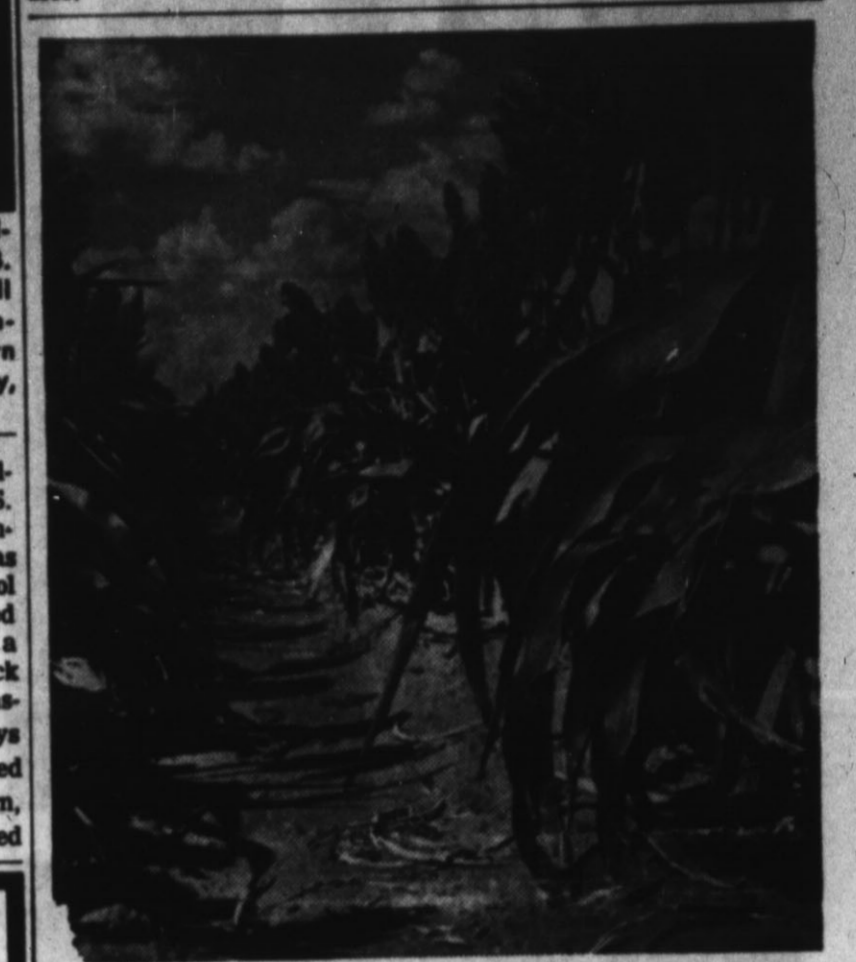

Melvin Patterson and Tom Caddle, both of Ballinger to Rumsel County Water Authority . . . Texas business activity soared to a new high in March, 19.3 per cent above March, 1964 and 5.6 per cent above February, reports UT's Bureau of Business Research.

Riders Club Meets At 8 P.M. Today

The impending junior rodeo will be discussed at 8 p.m. today by the Hereford Riding Club in a meeting at the Community Center.

The event will be on the 28th, 29th and 30th of this month. The club also will have a "play day" practice Sunday for both junior and senior riders.

Golden Gate Bridge over San Francisco Bay was begun in 1932.

Spray Propazine to control weeds and grasses in sorghum.

One spray of Propazine® 80W herbicide controls most annual broadleaf weeds and grasses in sorghum for the entire season. This can reduce or even eliminate the need for cultivating because Propazine takes care of problem weeds for you. Propazine is particularly effective on carelessly (pigweed) and annual morning glory.

Sprayed before weeds and sorghum are up and activated by moisture, Propazine gives your crop an entire season without weed competition for moisture and soil nutrients. The result? Higher yields and more profit for you.

Contact your local supplier now for Propazine. Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Ardley, New York.

handy
in the kitchen, workshop or anywhere. Wall-mounted extension telephones are great space-savers (save you time and steps, too). And they come in delightful colors to compliment any decor. Cost a lot? No. Nowadays you can have two phones for just a fraction more than one.
SOUTHWESTERN BELL

5-YEAR/50,000-MILE WARRANTY
Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings. REQUIRED MAINTENANCE: The following maintenance services are required under the warranty — change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

You'll never get burned with this famous brand!
One of the extras you get in dealing with the Dodge Boys is the longest warranty in the auto industry! Add that to the low prices, high trades and easy terms on every head of '65 Dodges on the spread . . . and you'll see why the Dodge Boys are sell-bent-for-leather on another great sales year! They've got a herd of bargains just waiting for you. Go cut out the one you like right now during **SUCCESS DRIVE '65!**
